MORAN NEWS

At the weekly meeting of the Moran Luncheon Club Wednesday plans were laid for the annual Thanksgiving turkey dinner, which will be held Nov. 25. A good crowd was present to eat the excellent cooking of the Deep Creek ladies. Mrs. Albert Morris and Mrs. Estella Parrish are the chairman of this group; they were assisted by Mrs. E. E. Harris, E. Durham, Ida Ballard, O. D. Parrish, Floyd Parrish, Chester Allen, Miles Benda, Emma Cottle, and Max Anderson.

Out-of-town guests included Mrs. Maceo, Judge Ike Chism, Mr. Blanton, Parker Sears, and Mrs. Long, welfare field worker, of Albany. Local guests were Major James Matthews, Mr. and Mrs. Harrell, Mrs. Warlic Jones, Miles Benda, and Chester Allen. Flowers were sent by the club to Mrs. Pitt, ill in Cisco.

Robert Page, who graduates in January from TCU, Fort Worth, was the pulpit at the Christian Church Sunday, and will return next Sunday. Rev. Page lives in Colorado. Sunday School service was at 10 a. m., with preaching at 11 a. m. and 8 p. m.

Mr. and Mrs. A. C. Burg took advantage of the rainy weather to take four days vacation in the Big Mountains of West Texas last week. They returned and mended their laundry Monday.

Mrs. Lala Snyder arrived Saturday evening after visiting her daughter Laura in Amarillo. Mrs. Snyder visited several months in the home of her daughter, Mrs. Snyder, and family. She is recovering nicely from the automobile accident in which she was injured early in the spring.

Mr. and Mrs. Eddie Smith had guests last Sunday their relatives, Mr. and Mrs. B. E. Smith, and Jimmy of Munday. Mr. and Mrs. Smith accompanied their guests to Waco, where Jimmy is a sophomore pre-medical student at Baylor University.

Attend Graduation
Mr. and Mrs. J. W. Booth attended the graduation in Abilene Sunday night of their youngest daughter, Evangeline, from the Strickland School of Nursing. Included in the party were M/Sgt. Dan J. Booth and family of Carswell Air Force Base, Fort Worth; Mr. and Mrs. Charles Gardner of Little Rock, Ark.; Bert Evans of Mission, and Mr. J. H. Evans, Evangeline's grandfather.

Mr. and Mrs. F. J. Celani — the former Juanita Gardner — and son Dell of Fort Worth visited with Mrs. C. A. Gardner last weekend.

Guests in the home of Mr. and Mrs. Charlie McCollum last Friday were Mr. and Mrs. Kell Green of Kilgore. They visited the Eugene Greens Saturday night.

Relatives in Moran and neighboring communities left Saturday for Centralia, Ill., to attend the funeral of Mrs. R. D. Griffin, who died suddenly Saturday morning. Attending from Moran were Charles B. Chaney, Carl Chamusca, Mr. and Mrs. W. D. Chamusca, and Mrs. B. L. Chaney. With them were Mrs. Gerlie Brewer of Kermit; Mrs. L. J. Hazlewood of Comanche; C. E. The Gay Philosopher

By J. W. S.

WE'D LIKE TO urge the whole community to call at the reception tonight in honor of Mrs. H. N. Lyle, the newly elected state president of the American Legion Auxiliary. The reception will be held at the Victor Hotel Roof Garden instead of the Legion Hall as originally planned.

Mrs. Lyle's election to the state office is a very high honor for her and for our town. Let's show our appreciation by calling at the reception tonight.

WE MADE AN awful mistake yesterday. We mentioned that the annual Policeman and Fireman's Ball would be held Saturday night. This is very definitely wrong. It takes place FRIDAY night at the Cisco Country Club. And it's always an enjoyable affair. So let's all go out after the football game.

TEXAS — THE largest state — now has the largest western-type horse magazine. Evidence of this fact is the September issue of Back In The Saddle magazine, published in Cisco. The new issue has more pages, more horse news and more articles about horsemen than any other horse magazine in the nation. There are 143 pictures of horses, horsemen and rodeo performers representing areas all over the United States.

The September issue features Cutting Horses and the National Cutting Horse Association, along with popular authentic articles on horse training, horse care, horse management and rodeos.

The new issue carries ads from 23 states.

TEXAS, which has the largest number of horses, did not have a general, all-breed horse magazine until three years ago. Roy Davis, a West Texas horseman, cowboy and rancher, could see no reason why Texas had to depend on other states to furnish its horsemen their reading matter, and decided to do something about it. He selected Cisco as headquarters because of its central location and excellent mail service. He published the first issue of Back In The Saddle in November, 1947. The magazine is now mailed monthly to every state and 23 foreign countries.

RANDY STEFFEN, one of the best all-around western and horse artists of modern times, became associated with Back In The Saddle as managing editor early this year. A life-long horseman, he moved his family to Cisco and has been working hard. He's a Naval veteran and a graduate of the U. S. Naval Academy.

BEING HORSEMEN themselves, Davis and Steffen try to publish what they would like to read in a horse magazine if they were subscribers. They visit horsemen and ranches far and wide in the course of preparing the copy for each edition. They attend sales, shows, rodeos and club meetings to keep in close touch with horsemen. Davis is in considerable demand as a horse show judge.

THAT DAVIS and Steffen are succeeding in their purpose of printing a general horse magazine — not for any one breed or any one state — is pretty evident by the magazine's continuous growth in size and circulation. This growth is due in no small part to their diligence in preparing readable, interesting stories and to the fact that they write and talk a horseman's language.

ALL CISCO IS justly proud of the splendid success Back In The Saddle has made.

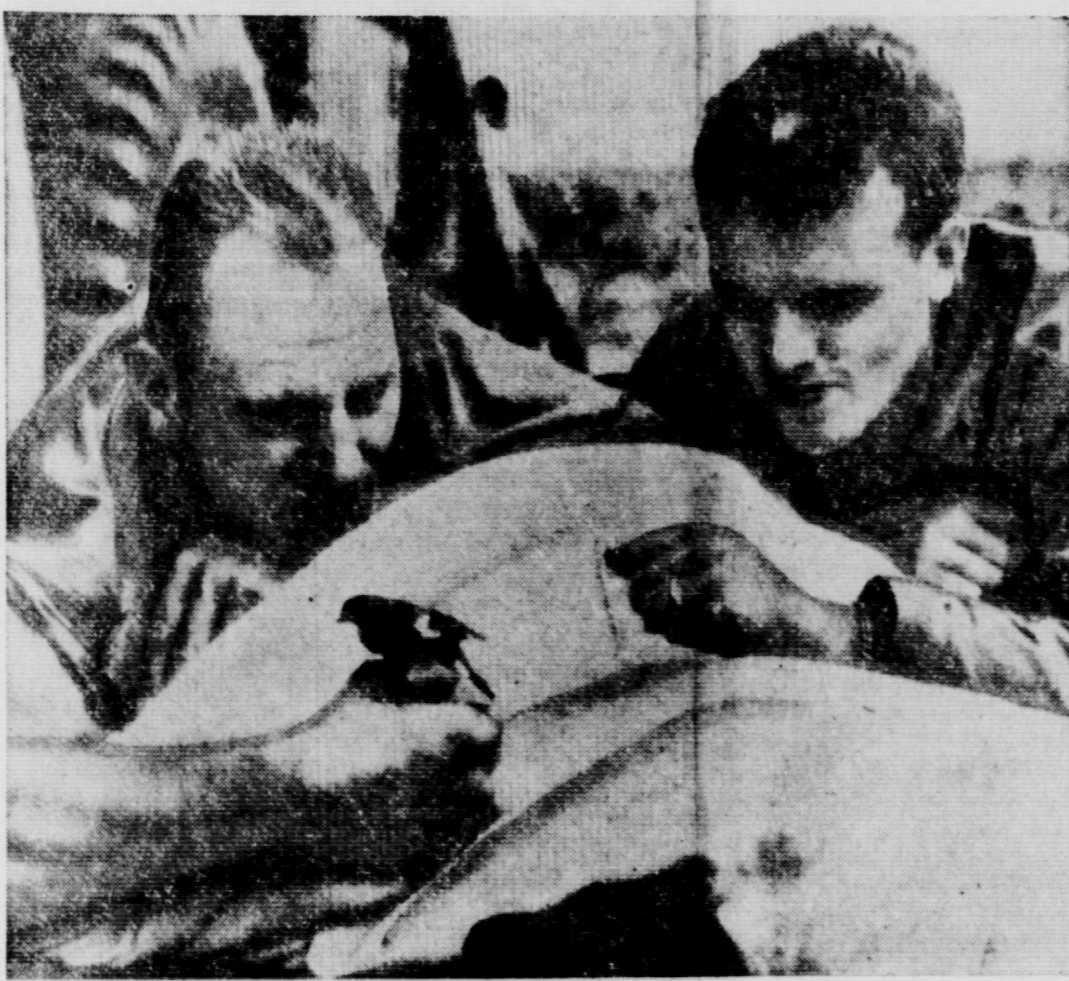

Dr. and Mrs. C. C. Deen and daughter, Miss Mary Jo and George Deen of Wichita Falls spent the weekend in Cisco guests in the home of Dr. and Mrs. N. A. Brown. Mrs. Brown, who had been visiting them for several days returned to Cisco with them.

SCOTLAND

BY MINNIE L. HILL

The first village visited in Scotland was Kirkpatrick where the living family had King Robert the Bruce in the cave where he met the spider that so influenced his life.

Crossing the Tweed country, that portion drained by the Tweed River, and especially the Shropshire portion, we found the land rolling, well covered with green grass, sectioned off by low stone fences, and grazed by large flocks of sheep. The government pays a bounty on ewes with lambs to stimulate cultivation of the flocks.

We arrived in Edinburgh late in the afternoon, found the climate cold and wet, the food good, the people hospitable and the city both beautiful and interesting. The season of long days was on and we found it possible to read a newspaper, without lights, at 11 o'clock at night, and the sun rose before four o'clock the next morning.

On the morning of June 15, we shopped for Scotch plaids and linens, and I bought two antique plates for my collection. In the afternoon we visited Holyrood and Edinburgh castles, the homes of Bell, Stevenson, Haig, and other noted Scotsmen, saw the church where John Knox preached, the house where the First Parliament met, and traveled the route from Holyrood to Edinburgh Castle called "The Bloody Mile." This route is the one that was traveled by Mary Queen of Scots and other Scottish nobility in the flight from political enemies, mainly English, and is so called because of the many who were slain during the flight. Houses along this route bear plaques indicating which one died at that particular place in the street.

Holyrood was both a church and a royal residence. It was burned and rebuilt and again partially destroyed. Many fine paintings and richly decorated rooms remain to be shown at Holyrood, but it is Edinburgh Castle that rises out of high rock cliffs in all its majesty and grandeur to dominate the country as far as eye can see. In it are housed the crown jewels of Scotland, to Scotland's war dead, the personal adornments that Mary Queen of Scots wore to her execution, and many other things of sentimental and historical interest to the Scots.

At Edinburgh Castle, we saw the changing of the guard and went through the park that has been made in the old moat of the castle. Here is the famous floral clock with the name of Robert Louis Stevenson growing in blossoming flowers around the dial. Near it is a floral banner carrying a living "Welcome to Edinburgh."

In the park in the evening we heard a bagpipe concert, watched a Royal Highland drill team, and saw a basketball game.

Our Scotland guide, Mr. Watson, told us that there was "grave dispeace" in the coal fields around

Edinburgh, and that the Scots had asked for a separate parliament. Some of the discontent was, he said, an outgrowth of England's system of taxation, the fact that King George VI had not been in Scotland in three years when he was supposed to come every year, and because Scotland had suffered much in World War II without any recompense. The first bomb dropped by the Germans on the British Isles was on a bridge called Queen's Ferry in Scotland, where they hoped to bottle up a part of the British fleet.

Out of Edinburgh, we traveled through shady lanes where vines and blooming oleanders hid the fences, past Sterling Castle and the Wallace Tower to the beautiful Lion Inn where he had tea

Ed Stewart Will Head March Of Dimes Campaign

Ed S. Stewart, prominent Abilene business man, has been appointed Texas state chairman for the 1951 March of Dimes, it was disclosed today by Basil O'Connor, president of the National Foundation for Infantile Paralysis. This marks Mr. Stewart's third year as head of the National Foundation's fund-raising appeal in Texas.

As Texas state March of Dimes chairman, Mr. Stewart will coordinate the work of campaign directors in cities and counties throughout the Lone Star State. A native of Waco, he has long been active in civic, fraternal and humanitarian work. For 17 years he was a West Texas food broker and now owns the Abilene Candy Manufacturing Company.

During World War I he served overseas with the Army Engineer Corps. Mr. Stewart is a past president of the Abilene Chamber of Commerce and the Rotary Club, and is a member of the Board of Directors and treasurer of the West Texas Chamber of Commerce. He was Taylor County director of the American Red Cross War Fund in 1943-44.

Commenting on Mr. Stewart's appointment, Mr. O'Connor said, "Upon the success of the 1951 March of Dimes depends the future of many a youngster. The costs of patient care are still tremendously high, and many a boy and girl will require hospitalization for a long period of time."

"I feel certain that Mr. Stewart's efforts, with the cooperation of the citizens of Texas, will go far to help us achieve the results we must have on behalf of those for whom we work."

Mr. Stewart resides at Lytle Lake.

Presbyterians Holding Meeting This Week

The public was invited to attend a series of meetings being held at the First Presbyterian Church this week with Dr. J. Stuart Pierce, former local minister, holding the services.

Dr. Pierce is delivering a series of talks on "The Fundamentals of Christian Religion." The services begin at 8 p. m. and will continue through Sunday.

Federation Prexy To Speak Here

Mrs. Howard Hodge of Midland, state president of the Federation of Women's Clubs, will be the guest speaker at a luncheon planned by the Cisco Twenty-first Century Club at the Hotel Victor Friday, Sept. 22.

All members of the local Federated Clubs were invited to attend the luncheon and those who plan to do so were asked to phone in reservations by Tuesday of next week. The price of the luncheon has been set at \$1.25 per plate. Members of the Club stated that Cisco was fortunate in obtaining Mrs. Hodge for the luncheon and they urged all club members to avail themselves of the opportunity to hear her.

Meeting Called To Form Ladies League

A meeting will be held at 7:30 p. m. Thursday at the White Bowling Lanes to organize and elect officers for the Ladies Bowling League for the 1950-51 season.

WRANGLERS END HEAVY WORK PROGRAM FOR FIRST CONTEST

Cisco Junior College's Wranglers concluded their heavy work program Wednesday prior to opening their 1950 season at Stephenville at 8 p. m. Saturday against the John Tarleton Plowboys.

And Coach Scot Russell appeared pretty well satisfied with the general outlook and condition of his 35-man squad. The Wranglers engaged in a rough and tumble scrimmage session under the lights at Chesley Field last Tuesday night, and were at it again Wednesday afternoon.

Today and Friday sessions were to be devoted to polishing work and perfecting plays. Only one man was bruised in the week's heavy work program. Tackle Breazeale, 230 pounder from Kama, received a sprained ankle that will probably keep him on the bench.

The Wranglers had a new man in camp this week. He is A. V. Jones of Albany, candidate for fullback or tailback. He's highly regarded prospect, too. He had planned to enter the University of Oklahoma. But marriage recently altered his plans. Now, he expects to attend CJC for two years before going to OU.

Allen Cavitt, 190 pound back from Rotan, was away Tuesday and Wednesday on orders of his draft board to take a pre-induction physical. He was expected however, to receive a deferment because he was in school by Sept. 1. He was back in school today.

Coach Russell's team will operate from the single wing T formation. And his starting backfield probably will be composed of Jimmy Payne, Breckenridge, a top ball handler and passer, at quarterback. Bobby Huffmyer of Hobbs is due to start at left halfback with Cavitt at fullback and either Wayne McLean of Merkel or Leonard Grigsby of Floydada at tailback.

Grigsby, who has been ill, be-

Piggly-Wiggly Store Undergoing Changes

Workmen began work Thursday on remodeling the front of the building occupied by the Piggly-Wiggly store in the 600 block of Avenue D.

Plans call for chipping off the stone front and the application of stucco or plaster over the stone surface.

The building is owned by O. J. Tillinghast who operates the grocery.

Mrs. Wendell Russell was expected to arrive this evening from Alabama for a visit with her mother, Mrs. J. E. Shelton and other relatives here. Mr. Russell is being transferred from Alabama to Snyder, Tex. by the Baroid Company.

Mrs. W. Z. Latch, Mrs. W. W. Fewell, Mrs. I. D. Strawn, Mrs. I. D. Graves and Mrs. M. P. Farnsworth attended the County Council of Home Demonstration Clubs which convened Wednesday, Sept. 13 in Eastland.

Mr. and Mrs. E. G. Damron were in Dalhart this week to visit relatives and enjoy a few days' vacation.

Mrs. Jack Hailey has returned from Fort Worth where she underwent medical treatment at a hospital for several days. Her condition was described as good.

Federated Clubs To Meet Sept. 16

The Eastland County Home Demonstration Council members will be hostesses to the Eastland County Federation Saturday, Sept. 16, at 2 p. m. in the Women's Club house in Eastland.

Mrs. Eloise Trigg Johnson, the county's first home demonstration agent, now Family Life Education specialist for the Extension Service, will be the speaker for the program. Mrs. Louise Weber, Rising Star, County Federation president, will be in charge of the business session and Mrs. D. Ball of Cisco will give a demonstration on decoration aluminum trays.

Mrs. Bill Tucker and Mrs. W. C. Clements will direct the recreation.

Refreshments will be served and all Federated Club members were urged to attend.

gan working out Monday and he was coming along nicely.

Scrimmage sessions indicated that the starting forward wall will probably be composed of Gerald Watson, center; Wayne Hayes and James Allen, guards; Fred Hobbs and Alton Kite, tackles; and Ken Maves and Top Rylice, ends.

The defensive team likely will include five or six of the offensive starters.

Scrimmage sessions indicated that the Wrangler coach will have a pretty good supply of reserve material, and every able-bodied player is expected to get into the first game.

Russell is expecting the Plowboys to be a strong team. They have a large squad of men, and Saturday night's game will also be their season's opener.

Rheumatic Fever Is Serious, May Affect Heart

AUSTIN, Sept. 14 — While the specific cause of rheumatic fever has not been discovered, several factors associated with it and its onset and recurrence are now generally recognized, said Dr. G. W. Cox, state health officer.

Rheumatic fever is serious because it may affect the heart. Age is important. Rheumatic fever usually begins in childhood, at about five or six years of age, although adults may have it. There is a susceptibility to the disease which causes rheumatic fever to be more common in some families than in others. The other factors which may favor its onset, combined with an individual's susceptibility, are frequent chilling, damp or overcrowded living quarters, and a poor diet.

The early signs and symptoms may be slight. Some of them, which occur singly or in combinations, are: failure to gain weight, poor appetite, pallor, repeated nosebleeds, low persistent fever, and frequent complaints of pain in the arms, legs, or abdomen.

These symptoms do not necessarily mean that a child has rheumatic fever, but they do indicate that he is below par, and should be examined by a physician and his advice followed.

The more characteristic signs include painful, inflamed joints. The child may be irritable without good reason, cry easily, or develop other nervous habits.

It is vitally important to spare the heart unnecessary work for as long as the disease is active and for a period of convalescence afterwards. A child with rheumatic fever should remain in bed until, in the physician's opinion, it is safe for him to get up.

Some children recover from rheumatic fever without developing heart trouble or the damage to the heart may be so slight that the child can live a normal life. In other cases, the child recovers from the acute attack but is left with an impaired heart.

Federated Clubs To Meet Sept. 16

The Eastland County Home Demonstration Council members will be hostesses to the Eastland County Federation Saturday, Sept. 16, at 2 p. m. in the Women's Club house in Eastland.

Cisco Woman To Receive Honors

Mrs. H. N. Lyle of Cisco, newly elected state president of the American Legion Auxiliary, will be honored at a reception from 8 to 10 o'clock tonight at the Hotel Victor Roof Garden. The affair is being sponsored by the Cisco Legion Post and Auxiliary and the general public has been invited to call.

Telegrams, letters, cards and personal congratulations have been stacked high the Hotel Victor residence of Mrs. Lyle this week, following her election last Sunday at the annual convention in Galveston. She returned to Cisco Monday after being installed in the state's highest Auxiliary office.

The reception was planned to celebrate the honor that has come to Cisco and the local post and auxiliary. Originally planned for the Legion Hall, the reception was moved to the hotel on invitation of Manager Ken Rus to hold it there.

Members of the 26 Legion and Auxiliary units of the 17th district have been invited as special guests, in addition to all Cisco citizens. In the receiving line will be the honoree and Mr. Lyle, Local Post Commander J. W. Sitton and Mrs. Sitton, Mr. and Mrs. Louis Jordan of Abilene, 17th district commander and auxiliary presidents, Mr. and Mrs. Russ Carter of Breckenridge, Mrs. Carl Pratt of Sweetwater, daughter of Mr. and Mrs. Lyle; Mrs. Gorum Pellard local Auxiliary president, and Mrs. D. E. Lucey, national executive committee woman, and Mr. Ducey of Graham.

Other members of the house party will be officers and members of the Cisco Auxiliary.

The reception will be, as nearly as possible, a replica of the one given Mrs. Lyle at the state convention last Saturday evening at the Galveston Hotel. Picnics, pennants, favors, sashes, and the same color scheme will be used. A scrap book of the activities of the Cisco Auxiliary kept by Mrs. Fleming Waters will be on display. Dolls made by local members and the Abilene unit with the picture of Mrs. Lyle on the face will be used as a favor.

Telegrams and letters of congratulation sent to Mrs. Lyle in Cisco will be on display.

Legion and Auxiliary officials emphasized that the general public is invited to attend.

Loboes Making Final Plans For Friday Contest

Coaches Jack Everett and Buck Overall will make final preparations in a light workout today for the first home game for their Cisco High School Loboes here Friday night at 8 o'clock against the Brady High School Bulldogs.

The Lobo "A" team engaged the "B" team in a scrimmage session Wednesday with most of the workout being devoted to setting up a defense for the powerful Brady eleven. One "B" team player, LeRoy Broadus, an end, received a leg injury in the play.

Broadus is a transfer from the Hearne High School and won't be eligible until next season. He entered Cisco High at mid-term and will be eligible for basketball this season. He is a sophomore.

The Lobo starters will look something like last week's team, with Robert Jackson at quarterback, Doug Johnson and Reo Evans at halfbacks and Bobby Black at tailback. Dave Phippen and Ervin Brunkhoefer will be at the starting end posts, with Farmer and Voss at tackles, Suggs and Dawson at guards and Watts at center.

The Loboes will suit out only 18 men for the game, Everett said, and this indicates the shortage of reserve material. The comparatively large squad is composed mostly of freshmen and first year sophomores. The coaches are hopeful that the large group of youngsters will develop some good reserve material as the season moves along.

Editor: Most Misunderstood Parable

At Matthew 20: 1-16, we have recorded the parable of the Vineyard. Many of the parables given by Jesus are NOT understood, but this parable of the Vineyard is the most MISUNDERSTOOD of any of the parables.

Notice the difference in the phraseology - The first time he went out, "He agreed with the laborers for a penny a day." The next three times - the third, the sixth, and the ninth hours, he told them - "Go ye also into the vineyard, and whatsoever is right I will give you." Now, the fifth time He went out, the eleventh hour, and found others standing idle, and saith unto them, Why stand ye here all the day idle? "They say unto him, Because no man hath hired us."

The above phraseology proves that this eleventh hour bunch was there and waiting to be hired the very FIRST time he went out. It was no fault of theirs that they did not go in at six o'clock in the morning, so, when it came time to pay off, they received pay as if they had gone in the first time he went out. Why? Because it was no fault of theirs that they did not go in the first time. Now, let's suppose that the householder had told them to go in earlier in the day, and they had refused, does anyone doubt that the verdict would have been different? Only those who refuse to use their reason would. This parable represents only that infinitesimal num-

ber of the human family who go in the vineyard at their very FIRST opportunity. What do we understand "going into the vineyard" to mean? Receiving Christ in the Spiritual Regeneration - the New Birth. It applies ONLY to those who take advantage of their First opportunity to go in. When we make it apply to the whole human family regardless of the opportunities they have passed up before they go in, we are teaching a lie.

There is an old story about "Pegleg Pete, the Sailor Man," which has been making the rounds in a certain denomination for the last forty or fifty years, which teaches a LIE of the deepest dye. However, let us not find too much fault with this particular denomination for teaching this lie, because, there is not a denomination claiming to be a Christian, on the face of God's green earth, that is not teaching some "lies, vanity, and things wherein there is no profit."

I have been begging the people of Cisco for several years to lay aside their Church Prejudices and listen with honest hearts and sane minds to some things GOD HAS SHOWN ME. When they are willing to do it, they will all come into ONE HARMONIOUS BODY.

I challenge ALL CHRISTIANS of whatever name or number, to give me a chance to prove that they are teaching "lies, vanity, and things wherein there is no profit."

Respectfully submitted, Dr. W. I. Ghormley

Mrs. Hayes Hostess To W. S. C. S. Circle Three Tuesday P. M.

Circle Three of the Women's Society of Christian Service of the First Methodist Church met at 3 p. m. Wednesday in the home of Mrs. Fred Hayes for a postponed meeting. Due to the absence of the chairman, Mrs. O. C. Lomax, and also

of the vice chairman, the meeting was presided over by Mrs. Leslie W. Seymour. An article from the Methodist Woman, entitled "Our Faith in Building a Christian Community," was read by Mrs. Seymour, after which Mrs. R. L. Williams read the hymn, "My Faith Looks Up to Thee." Mrs. John Shertzer gave the scripture reading from the 58th chapter of the Book of Isaiah, which closed the program.

The 10th birthday of the Society to be observed on September 26, was mentioned. The district seminar was announced to meet in the First Methodist Church of Cisco September 20; cards were sent to Miss Betty Gorman and others who are ill. The next meeting in the homes of members will be in the home of Mrs. M. E. Fry on the second Tuesday of October which will be October 10. SCOTLAND (From Page 1) with Scottish shortbread. We saw the castle on a small island where Mary Stuart was imprisoned for a year and a half when she was a young girl, and from which she escaped to France to marry the Dauphin. On this road, we passed through Falkirk, the village with the unique chimney. The story, as told by Mr. Watson, is that the old Scot who built the chimney had a wife who would not let him smoke in the house; so, no matter what the weather, he had to go outside to smoke. When the wife died, the old Scot built an effigy of his wife as a chimney on his house and upon its completion said, "Now, I'll make you smoke the rest of my

life." Passing through the Rob Roy country, we were shown the poker which Baile Nicol Jarvis grabbed red hot from the fire of an inn and ran three McGregors away, and nearly broke the heart of Rob Roy, a McGregor, who boasted that no McGregor ever knew what defeat was. Remnants of the inn are near the tree where the poker hangs.

Slate quarries abound in this section and many houses are built of the gray slate. We got our first view of the moors and

gathered heather and broom along the highway. The heather was not in bloom, but the broom was a solid mass of yellow flowers. The moors are gently rolling country of sparse vegetation, with ranges of mountains in the background. The day we saw them, the sky was gray with mist falling, giving a weird, wild, lonely look to them, and one could easily imagine a person getting lost there. As we approached the "Lady of the Lake" country we saw Ben Lomond and Ben Leddy, high

It Was Just An Accident — that Columbus discovered America, or was it luck? He himself said that his journey would be hazardous and he didn't know where he was going. But he had faith that he would discover a great land, and he did. Likewise, the person who buys land without an abstract is embarking on a dangerous course. Like Columbus he must have faith that he won't lose his all and plenty of luck to avoid disaster. **Earl Bender & Company** (Abstracting since 1923) Texas Eastland,
