PMA Program Starts Feb. 15

By HARRIS A. GREEN, Adm. Off. Titus County PMA.

The Titus County PMA Committee, in its regular meeting on Friday, Jan. 27, set Feb. 15th as the date for starting the issuance of purchase orders and prior approvals for kobe lespezeza, sericea lespezeza, 20% super phosphate, 0-14-7 fertilizer, and terraces.

April 1st was the date established for issuing prior approvals for the construction of dams and tanks for livestock purposes, while July 1, 1950, was the date set for issuing prior approvals and purchase orders for the application of agricultural limestone.

The practices that have been approved by the committee for Titus County in 1950 are dams and tanks, terraces, diversion terraces, seeding and reseeding pastures and meadows with such seed as kobe lespezeza, hop clover, white clover, etc., application of potash and 20% super phosphate, application of agricultural limestone, establishing sericea lespezeza meadow, and the seeding of winter legumes.

The soil building limit for each farm in Titus County under the 1950 ACP Program as set by the county committee, will be based upon the number acres in the farm times 70c, with a minimum allowance to any farm for carrying out good sound conservation payments being \$40.00, and the maximum for any farm, regardless of number of acres or tenants, not to exceed \$500.00.

The Titus County PMA will have \$61,305.80 to use in 1950. The original allocation for the county was \$70,000.00, but \$8,734.80 was used in the fall of 1949 in the seeding of Austrian winter peas.

DEADLINE 1950 NEW GROWER COTTON ALLOTMENTS

The Titus County PMA Committee has set March 1st as the deadline for Titus County producers to make applications for 1950 new grower cotton allotments. These allotments are those farms that did not produce any cotton in the years 1946, 1947 and 1948, and who intend to plant cotton in 1950. March 1st is the final date for making these applications, and no extension will be made in this date.

Mrs. Alice Riddle Buried Monday

Funeral services were held at Damascus Monday for Mrs. Alice B. Riddle, former resident of Mt. Pleasant, who passed away at her home in Houma, La., at 1:30 p.m. Saturday. The rites were under direction of Rev. J. D. McClung, and burial following in the Damascus cemetery.

Mrs. Riddle was the widow of the late Ed Riddle, former Titus County Judge, preacher and educator. She was 79 years of age. Surviving are two sons, Hayden Riddle, Dallas and Hugh Riddle, Greenville; three daughters, Mrs. Marie Wallace and Mrs. Vera Taylor of Dallas and Mrs. Edna Fay Burton of Houma. One sister, Mrs. Della Day, of Oklahoma, twenty-six grandchildren, also survive.

TALCO WILL POLL BIG VOTE THIS YEAR

More than 300 poll tax receipts were sold at the City Drug Store in Talco the past two weeks, according to Pharmacist P. O. Wilhite. Many were paid at the court house in Mt. Pleasant. Talco will poll a heavy vote this year.

A.G. Eberts Buried At Talco Monday

Graveside services were held for A. G. Eberts of Beaumont, Monday afternoon at 2 p. m. in Talco Cemetery by the Rev. Charles Wyatt Brown, rector of St. Marks Church in Beaumont. Services were held in St. Marks Episcopal Church in Beaumont Sunday afternoon at 4 o'clock. Pallbearers were Horatio Weston, Mr. Conklin, Mr. Hollingsworth, John Kendall, Orlin Lunsford and Herbert Kelley. Pallbearers for the Beaumont funeral Sunday were Beaumont friends who accompanied the body here.

Mr. Eberts who passed away Saturday at 3:30 p. m., was born in Litchfield, Minn., Oct. 7, 1910, son of J. W. and Alice James Eberts. He was graduated from Litchfield High School and Clarkson College of Technology in Potsdam, N. Y. in 1934. He was a member of American Association of Petroleum Geologists, American Geographical Society and a registered professional engineer. He was research computer for the Sun Oil Co. in Beaumont at the time of his death.

He is survived by his wife, formerly Miss Mattie Neugent, a son, Donald Nolan, his father, J. W. Eberts of Litchfield, Minn., a brother, Richard Eberts of Litchfield, and one sister, Mrs. Donald Duncan of Galveston.

Out of town relatives and friends who attended the services here were Mr. and Mrs. Donald Duncan of Galveston, John Kendall of Ft. Worth, Olin Lunsford of Jacksonville, Mr. and Mrs. C. T. Neugent and Mr. and Mrs. William Neugent of Mt. Pleasant. Mrs. Eberts and Don returned to Beaumont Tuesday accompanied by her mother, Mrs. W. C. Neugent.

Rogers Candidate For Re-Election

To the people of Titus County: In making my announcement for re-election to the office of county treasurer of Titus Co., I would like, first to try as best I can to express my gratitude for favors which you have bestowed upon me in the past. I do feel very thankful for the vote of confidence that you have given in every possible race I have made for public office. I have tried hard to do every thing possible for one to do to be worthy of your confidence. I have done my best to make you a public servant which you will never regret having voted for.

If you care to do so, I will be glad for you to examine my books and let them say whether or not I have rendered you honest and efficient service. Mr. and Mrs. W. F. Turner have audited my books every year that I have been in office and I would be glad for you to ask them about my work. I have tried in every way to be your friend, and to treat you with all of the courtesy the public deserves from the public servants. You know whether or not I have done this. If I have, and you feel that my services have been rendered in a way and manner that merits your vote and influence for re-election in the coming July primary, I assure you that I will appreciate it as much as is possible for any one to do.

I am your friend in office or out, and I will always feel that I owe the voters of Titus County a debt of gratitude and thankfulness.

Sincerely yours,
AD S. ROGERS
(Pol. Adv.)

Bids Are Asked on Two F. M. Roads

The Highway Department will receive bids on Feb. 15 for two farm-to-market roads in Titus County.

The proposals call for grading, structures, flexible base and one-course surfacing treatment on twelve and a half miles of highways.

One of the roads will be from Cookville to connect with Highway 49 near the Edgar Hobbs place. The other will be from the Banks store on Highway 67 and will go to Argo. Both accommodate heavy traffic and improvement will benefit many residents of the two areas.

The Commissioners Court has already let contract for setting back fences on the road to Argo and is calling for similar bids Friday for the work on the road south of Cookville.

R. J. Morgan Buried Sunday

Funeral for Richard Jackson Morgan was held Sunday afternoon at the Baptist Church at Bogata. The Rev. W. D. Thompson, pastor of the Methodist Church, had charge. Burial was in the cemetery at Bogata.

Mr. Morgan, resident of Bogata over 50 years, died at home Saturday after a year's ill health.

He leaves his wife, formerly Miss Ola Derrick, whom he married in 1903; two daughters, Mrs. Clara Miller, Tyler, and Mrs. Eva Vickers, Bogata; 11 grandchildren, one great-grandchild, and these brothers and sisters: Columbus Morgan of Bogata; Bill Morgan, living in California; Mrs. Ed Gray of Garland and Mrs. Jim Hoover, Cooper.

Rev. F. H. Ogilvie is Army Chaplain

The Rev. and Mrs. F. H. Ogilvie and children left Talco last week for McKinney. He has resigned as pastor of Calvary Baptist Church to enter the Army as a chaplain. He served the Talco church for about two years.

BUCHANANS BUILDING MODERN NEW HOME

Roy Buchanan, employee of Spencer-Harris, is building a new six-room home in the Gieger addition, near the school. Frame work is up and the job is expected to be completed within thirty days.

Two Sentenced in District Court

Two persons were given penitentiary sentences in District Court at Mt. Pleasant Monday.

In the case of Melvin C. Beckham, charged with swindling, the defendant entered a plea of guilty and was given three years in the penitentiary. He was already under sentence of two years from another county.

A jury was selected Monday to hear the case of Clarence Farrier, negro, charged with felony theft. Testimony was completed in the afternoon and a jury returned a guilty verdict. He was sentenced to two years by Judge Sam Williams, without recommendation for clemency.

JIM NEEDHAM BURIED SUNDAY NEAR CARTHAGE

Mr. and Mrs. L. B. Kaylor and R. V. Parker attended the funeral of Jim Needham at Old Center Church near Carthage Sunday afternoon. Mr. and Mrs. Needham formerly lived in Talco. He retired from active life when he left Talco and had been in ill health since. His wife and daughter, Mrs. Leon Koonce of Odessa, survive.

Miss Norma Nelson is captain and high scorer of the Blue team of the WRA at East Texas State Teachers College. The team has just won the second half of the WRA tournament by virtue of five games won and none lost. Miss Nelson's 92 points were high for the tournament.

New Highway 37 To Be Constructed

Bids will be received by the State Highway Department until Feb. 14 for constructing five miles of highway on No. 37 from Bogata north to intersect with FM 411, three miles east of Fulbright, according to an official notice to contractors, appearing in this week's edition of the Bogata News.

The road when completed will become a portion of State Highway 37. Another section of the highway, constructed last year from Fulbright to Clarksville, is standard State Highway construction. Old 37 from Bogata to Clarksville will become a farm to market road.

Plans and specifications are on file at the office of A. J. Goode, resident engineer at Clarksville, and at the State Highway Department at Austin.

Cold Rain Soaks This Area

A cold mist began falling in this section early Monday morning, growing heavier into a steady soaking rain later in the day. Rain continued to fall since then. Many creeks and streams have overflowed lowlands. The government rain gauge at Deport showed 2 1/4 inches had been recorded up until Wednesday morning at 10 o'clock and rain was still falling, continuing throughout the day. The mercury was just above freezing.

Rain totaling 6 1/2 inches has fallen during January this year as compared to 7 1/2 inches to the same date last year. Lowest temperature during January was 17 degrees as compared to the low of the night of Jan. 31, 1949, when the mercury dropped to 4 degrees below zero. Two inches of snow and ice covered this area then.

Many sections of Texas are covered with freezing rains and a number of towns are without power and communication caused by ice.

Two Arrested on Burglary Charge

Two former Deport men were placed in jail at Clarksville last week after they had made statements regarding the burglary of Britt Lassiter's hardware store at Bogata on Jan. 14.

A piece of concrete was hurled thru a plate glass show window and air rifles, knives, ammunition and other articles taken.

One of the men asked for release on bond, which was set by Justice Claiborne at \$1,000. One of the men has a prison record and was out on furlough at the time of the burglary.

Kenneth Whatley arrived the latter part of last week to spend his vacation from Naval service with his mother, Mrs. Beulah Whatley. He will be here about two months.

Trapping Season Ended Tuesday

Fur trapping season ended Tuesday, Jan. 31. It also included coon-hunting. Possession of undried pelts more than 15 days after the season closes shall be prima facie evidence that the pelt was taken during closed season.

Rabbits, wildcats, bobcats, cougars, coyotes and wolves aren't classified as furbearers. Mink, skunk, opossum, fox, muskrat, otter and badger are furbearers.

In the Farmersville school paper for December the student of the week was Perry Morris, formerly of Talco, son of Mr. and Mrs. L. L. Morris. He was especially mentioned for his musical talent. He is a member of the mixed octet and male quartet. He plays in the Trumpet Trio, a special arrangement by the band director. He is a member of the choral class, a very prominent member, a soloist. Besides all this Perry, an eighth grade student, maintains one of the highest averages in his class.

Alcorn Favors \$12,000 Income in 1999 But Wants An Advance Now

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, no doubt has misinterpreted the newspapers again, an habitual accomplishment with him, but here's what he has to say this week.

Dear Editor: I was out here yesterday doing nothing, not even pretending to be doing anything, a man ought to have some time every day when he hasn't got a blamed thing to do and he can sit down and sit and let his mind come to a halt, when I noticed a newspaper fluttering down out of a tree, must have been picked up by the wind earlier in the day and since it wasn't any trouble to watch it I watched it and remembered where it landed and when I got through loafing later in the afternoon I got up and went over and picked it up and took it home and after supper read where some Washington government experts estimate it's possible for every man to be earning \$12,000 a year by the end of the 20th century.

There ain't no argument against such a offer, I think it's reasonable and attractive enough and certainly ain't no more than a man could use if he set his mind to it, but I never did like to go hog-wild over money, there are other things in life, and in view of the fact I ain't sure I'll even be here for the end of the 20th century, I was wonderin if I could maybe draw part of mine in advance?

I want to be entirely fair about this and will be willing to settle for half, say \$6,000 a year, now, and let somebody more deserving get his 12 thousand and my extra 6 around the end of the century. Or, if the government is already over-burdened with too much bookkeeping, I'd be willing to handle this privately, and would like to know if any of your readers would be interested in buyin my \$12,000 a year income for 1999 for fifty cents on the dollar now? Seems like a awfully good rate of interest for somebody.

Will appreciate you sendin any replies you get to me out here on Sulphur, and I'm goin down to the mail box now to prop it up and get it ready.

Yours faithfully, A. A.

Catfish Smith Will Coach at ETSTC

Milburn "Catfish" Smith resigned Thursday as coach of the Mt. Vernon high school to accept the position of head basketball coach at East Texas State Teachers College at Commerce. He will also be assistant football coach.

Mr. Smith has been coach at Mt. Vernon for the past seven years, during which time his team won four district, two regional championships in football. His basketball teams won five regional and one state championship and runner-up for the state one time.

New Wildcat Well On White Oak

Location of a new wildcat oil test in Titus County has been announced by Webber Beall and A. C. Hoffmann, who have assembled a block of leases on 8,020 acres southeast of Talco. The block has been turned to W. B. Hinton for drilling with Beall and Hoffmann reserving considerable interest in the area.

The wildcat is located on the Stephenson farm just south of White Oak Creek, on what is commonly termed the Stinking Creek structure, recognized by the oil industry as having good geological possibilities for oil. Specifically, it is located 330 feet north of the south boundary line of the James A. Brooks survey and approximately 75 feet east of the Harts Bluff road. This places it just south of Jim Stephenson's home. The block runs up and down White Oak Creek, mostly on the south side. The test well will be near the center of the block.

Present plans call for the test to explore the Paluxy zone with the bottom of the hole scheduled to 5,000 feet. Spudding operations can be expected just as soon as a drilling rig can be set up, it was announced.

The biggest bobcats found in this area—a 32-pounder. It measured forty inches long and stood about twenty-six inches tall and was taken at Camp Maxey. "It's the biggest I have ever seen," Watson said.

You'll never get warm with the cash you burn.

Here's How Texas Taxpayers' Money Is Being Spent

"It is interesting to know where the State's money goes. Most people are surprised to learn that we spend approximately 90 cents of every State dollar on just three items: Education, roads, public welfare," says Gov. Allan Shivers.

If a Texas citizen paid \$100, directly and indirectly, in State taxes for this year, his donation would be spent approximately as follows:

For expenses and pay of the Legislature, six cents.

For courts and judicial expenses, 60 cents.

For state executive and administrative departments, 95 cents.

For protection of persons and property, \$1.17.

For regulation of business and industry, 81 cents.

For conservation of health and sanitation, \$1.35.

For development and conservation of natural resources, 92 cents.

For eleemosynary and correctional institutions, \$3.96.

For state parks and monuments, 10 cents.

For payment of public debts 8c.

For common school education, \$34.48.

For higher education, \$5.54.

For eleemosynary education, 16 cents.

(Total for education, \$40.18.)

For public welfare, pensions, benefits and retirements, \$23.94.

For highway construction and maintenance and payment of road debts, \$25.83.

For other miscellaneous purposes, 3 cents.

Total, \$100.

From this breakdown of the State's spending, it is easy to reach two conclusions:

1. The eleemosynary institutions, getting less than four per cent of the total, are probably not receiving their share of the money, and

2. In order to make any really large reductions in state expenditures, it would be necessary to cut the State's contribution to schools, roads and public welfare-items in which the public has consistently demanded increases.

Happiness isn't so much a matter of position as it is disposition.
