DELUGE OF MESSAGES

Stronger Bill Urged

WASHINGTON (AP)—A deluge of letters, telegrams and telephone calls urging stronger federal gun-control laws has descended on Congress since the assassination of Sen. Robert F. Kennedy.

The tide of messages is heaviest from urban areas, according to an Associated Press survey of 90 Congress members from representative districts. But mail from rural areas, especially in the East and Midwest, is also registering a shift in favor of stronger gun curbs.

The rural South and Southwest are generating more demands for fire-arms control, as is the hunting country of the Rocky Mountain states.

Congress has passed legislation curbing the mail-order sale of handguns. President Johnson, who wants the ban extended to rifles and shotguns, has not signed it.

Varying bills for stronger gun legislation have been proposed since the assassination. They include Johnson's request for extension of the mail-order curbs to rifles and shotguns and compulsory registration and licensing of

all firearms.

Sen. Harrison A. Williams Jr., D-N.J., has received over 6,000 letters since Monday favoring tougher gun measures. Half enclose a newspaper advertisement placed by a Newark jeweler and addressed to Williams.

"We beg you to pass strong interstate gun laws now," the ad says.

Several congressional aides sounded cautionary notes on the flood of gun control mail.

"The question in my mind is how long this is going to keep up and will people forget as soon as the Kennedy assassination is out of the headlines," said one.

"Just wait for the inflow of mail opposed to gun laws once the sportsmen's and hunters' groups have a chance to meet," said another.

The mail from some rural areas indicate a turnabout from strong opposition to gun curbs to at least mild approval.

Reps. Robert T. Stafford, R-Vt., and William D. Hathway, D-Maine, say the shift is marked in northern New England.

Mail Urges Stronger Laws

Sen. Harrison A. Williams Jr., D-N.J., peers over a mountain of mail received in his Washington office since the assassination of Sen.

Robert F. Kennedy. Congressmen report a deluge of letters, telegrams and telephone calls urging stronger federal gun-control measures.

Twister Kills 10

TRACY, Minn. (AP)—A tornado roared through Tracy with death and destruction Thursday evening, killing at least 10 persons and wrecking up to 300 homes.

More than a dozen persons were missing, and more than 20 were hospitalized.

RECOVERED

Seven bodies were recovered in the dark hours following the powerful twister, and three were discovered this morning as National Guardsmen and civil defense workers began search and cleanup operations.

The bodies found after daybreak included that of a man found near town in an open field, near his car, and two persons in another vehicle.

Some of the demolished homes, nearly half the dwellings in the community, had vanished except for their concrete front steps and foundations. Some homes had plumbing intact, but little else. Two boxcars lifted from railroad tracks had blown over rooftops and smashed down three blocks away in the area of destruction, so cluttered it resembled a large junkyard.

Streets were bulldozed to debris, to permit workmen to get through. Tracy's mayor ordered

the town sealed off from sightseers, with entry permits granted to persons with valid reason to be in Tracy.

The Tracy hospital said 72 persons were admitted and 22 remained overnight. Eleven were listed in critical condition.

The twister, powered two miles through this town of 2,800 in Minnesota's southwestern farmland. It ravaged a block and a half wide path, then skirted into the countryside, clawing an occasional farm building before it dissipated five miles out of town.

Tracy was without electric power, water and phone service for several hours. The hospital was operating on emergency generators.

Water was brought by tank trucks from nearby Marshall and Slayton.

The death toll would probably have gone much higher if the town hadn't been warned by a farmer, who telephoned the volunteer fire department as the twister approached eight miles to the southwest. The town siren wailed in the early, eerie dusk.

Fire Chief Bernard Holm said, "This saved many, many lives." The farmer had phoned his alert at 6:55 p.m., seven minutes before the hospital clocks stopped, denoting power circuits were broken.

Holm saw his greenhouse across the street collapse at the twister's edge, then he ducked into his basement. His house had very little damage.

Gov. Harold LeVander ordered 150 National Guard troops from Tracy and Marshall to assist and secure the area. He also directed the state Highway Department to bring in portable electric generators.

The municipal building and armory suffered slight damage, newsmen at the scene said. An elementary school was hit hard.

SGT. HASDORFF Former Webb Sergeant Dies In Vietnam

The dispatches said that only one American was killed in the shelling of Tahnson Nui air base near Saigon Wednesday.

But the casualty was the fiancée of a Big Spring woman, Helen Heckler, 2504 Broadway. He was Sgt. Denton Joseph Hasdorff, formerly stationed at Webb AFB.

Sgt. Hasdorff, 21, was born Sept. 3, 1946, and was the son of Mr. and Mrs. Lincoln Hasdorff, 6011 Fiat Drive, San Antonio.

While at Webb, Sgt. Hasdorff was with the OMS for 15 months, leaving here Dec. 5 for his Vietnam assignment.

Aboard Lost Scorpion

Word has been received here that Lt. (jg.) James Walter Forrester, 29, son of Mr. and Mrs. J. W. Forrester, former Big Spring residents, was a member of the ill-fated crew of the Navy's sub Scorpion, which disappeared in the Atlantic several weeks ago.

Lt. Forrester, who was the grandson of Mr. and Mrs. J. A. Magee of Big Spring, was a nuclear physicist. His parents, who now reside in Fort Worth, were planning to leave for Virginia Beach, Va., on a vacation trip when word came that the Scorpion was missing. Mr. and Mrs. Forrester continued to Virginia, where they have been in contact with Navy officials.

Lt. Forrester graduated from Big Spring High School and attended Texas Technological College before joining the Navy. He was married to the former Wilma Scott of Tahoka, who survives him, as do two children, a son and a daughter; and his maternal grandmother, Mrs. G. A. Hartman, San Angelo.

Memorial services are to be held Sunday at 3 p.m. in Fort Worth.

UNIQUE POINT

New 'Big Spring'

Have you seen the "big spring" in its new dress? Water is "flowing" again at this historic watering place; new walkways and scenic overlooks have been constructed; there's a new approach, through the city park and via a lovely shaded road; there are special signs—marked by a buffalo head—pointing the way to the spring.

Local citizens would be pleased to see the renovation of this memorable beauty spot. Then they would want to tell visitors to have a look.

A special feature page on the improvements to the spring is in today's Herald on Page 7-A. Make a point of reading it, and saving it, to help promote one of the unique points of interest in your home town.

Icarus Squeezes By

NEW YORK (AP)—Scientists say that asteroid Icarus will pass within about 3.98 million miles of the earth today.

Icarus is a hunk of celestial debris about a half-mile in diameter which orbits the sun every 409 days. Once every 19 years it passes near the earth.

In Today's HERALD GI Death Spiral

The American dead and wounded in Vietnam, mounting relentlessly during the Paris talks, could top a quarter of a million by the end of the year unless there is a truce or peace. See Page 9-A.

HOT, WINDY

Hot and windy with a few widely scattered thunderstorms. High today 100. Low tonight 68. High tomorrow 98. Soil temperature 80 degrees.

Allies Uncover 32 Enemy Missiles

SAIGON (AP)—U.S. soldiers scouring Saigon's rocket belt Thursday found 32 enemy missiles and killed 26 guerrillas. But despite the 12,000 allied troops combing the area, the Viet Cong fired four rockets into Tan Son Nhut airbase, killing one American, a former Webb AFB man, and damaging a plane.

Saigon itself escaped attack for the third straight day.

BIGGEST CACHE
The biggest cache of rockets

was found by men of the U.S. 1st Infantry Division six miles northeast of the capital. They uncovered and destroyed 22 rounds of 107mm Chinese rockets, which made their first appearance in the Vietnam war last February.

Troops of the U.S. 25th Infantry Division accounted for 10 of the big 122mm Soviet rockets with which the Viet Cong has been blasting at Saigon since May 5. Nine were found in four sampans submerged in a canal

nine miles northwest of Saigon, and the 10th was located at a firing site five miles northwest of the capital.

The 26 guerrillas were killed in two clashes, and six U.S. soldiers were wounded.

In addition to the thousands of allied troops searching in a radius of seven miles around the capital, the distance from which the big enemy rockets can hit the city, more radar equipment reportedly has been installed to pinpoint the enemy launching sites for counterfire.

While U.S. military officials believe they can reduce the rocket attacks on Saigon, they say there is no way to eliminate them. The Viet Cong always will be able to sneak a few men and rockets through the allied patrols, they say.

MONDAY THRUST

Although Saigon has gone three days without being hit by either mortars or rockets, the Viet Cong has threatened to launch a new attack Monday. Broadcasts from the Viet Cong's Liberation Radio have said Saigon will be hit with 100-round barrages for 100 straight days.

Captured Viet Cong also have reported that the ground attack on the city will be renewed Saturday.

Elsewhere in South Vietnam, a lull in ground fighting continued.

In the air war against North Vietnam, U.S. pilots flew 136

missions Thursday against targets in the southern panhandle. Air Force pilots said they destroyed or damaged 11 sampans, nine trucks, seven anti-aircraft batteries, a locomotive and four rail cars. Navy fliers claimed they knocked out or damaged three bridges, three storage areas, four barges and a radar site.

B-52 bombers returned Thursday to targets they had hit the day before, with five strikes against suspected enemy troop concentrations in the central highlands north of Kontum and the southern section of the demilitarized zone near Gio Linh.

GOP Governors Work On Platform

TULSA, Okla. (AP)—Republican governors, cautious as always about presidential politics, concentrated on the party's platform instead of its candidates today as they worked to build their political influence in advance of the GOP National Convention.

One candidate, Gov. Nelson A. Rockefeller of New York, and one potential contender, Gov. Ronald Reagan of California, were among the 20 state executives gathered in Tulsa for the final pre-convention conference of the Republican Governors Association.

Richard M. Nixon was not on hand, but there was ample evidence that his current lead in the race for the nomination was a major concern of the men who were.

Rockefeller supporters, who once looked upon the 26 Republican governors as a party constituency likely to help their candidate, said they would not press for public commitments to the New York governor at the Tulsa session.

An Associated Press survey indicated that two governors who had once championed Rockefeller have dropped that position and pronounced themselves uncommitted.

Gov. Spiro T. Agnew of Maryland said he was "still very independent" about prospective nominees. Agnew once headed a short-lived movement to draft Rockefeller for the nomination.

That was before Rockefeller shunned the race, then reconsidered and announced he was running. Agnew said he could support Nixon, Rockefeller, and I could also support Reagan without any difficulty. The Maryland governor praised Nixon's position on the problems of the cities.

Gov. David F. Cargo of New Mexico, who once had talked warmly of Rockefeller, declined to state a preference for the nomination, but said he believes Nixon will emerge from the convention as the nominee.

Reagan, who will take California's 56 delegates to the convention Aug. 5 as a favorite-son candidate, said "it's too early yet" to support anyone.

French Students Leave Theatre In Face Of Force

PARIS (AP)—Police today surrounded the state-owned Odeon Theater, and rebellious students who had occupied it for a month departed peacefully.

Earlier, at dawn, other students occupying the Sorbonne—the main building of the University of Paris—expelled about 20 ultrarightists after a short fight in which a few Molotov cocktails and tear gas grenades were thrown.

KATANGESE

Those expelled from the Sorbonne, known as Katangese, opposed plans of the majority to give the ancient university building a thorough cleaning. After the battle, the students went into action against the filth that had accumulated during the nearly five weeks of student occupation.

There was no indication that the police might try to clear out the Sorbonne, which traditionally is off limits to the gendarmes. The Odeon is not considered a sanctuary, however.

The brief battle erupted at the Sorbonne after students unsuccessfully appealed to the ultrarightists to evacuate the basement and dank corridors so they could clean up.

About 50 students armed with clubs, iron bars, chains, axes and garbage can lids attacked about 20 Katangese armed with an old war rifle, two air rifles, chains and fire extinguishers.

After a few minutes of fighting, the Katangese retreated shouting, "You'll pay for it!" They later said they had pulled out to "avoid a slaughter." No

injuries were reported. The ultrarightists are called Katangese because of rumors that some members are former mercenaries in Katanga. However, they are mostly out-of-work youths who have taken the lead in the clashes with the police during the student rioting.

Money Appropriated To Study Moving Water To West Texas

WASHINGTON (AP)—An appropriation to determine whether the lower Mississippi River can spare enough water for diversion to the arid plains of West Texas and New Mexico was included today in a congressional committee's survey list.

SURVEY

The House Appropriations Committee included the \$425,000 appropriation in its survey list for the Mississippi River system.

The Reclamation Bureau concluded last month it would be feasible from an engineering standpoint to import 16.5 million acre-feet of water annually from the Mississippi to West Texas. The end point would be Bull Lake, northwest of Lubbock.

West Texas farmers have

become dependent in the last several decades upon irrigation to raise crops where once there was dry land. West Texas' underground sources of water will be exhausted by the year 2000, some engineers have calculated.

Rep. Richard White, D-Tex., said last month that the predicted cost of any water imported to West Texas would be higher than farm irrigators could afford, but the Reclamation Bureau suggested that the water would be so valuable that cities and industries might be willing to make supplemental payments.

East Texas water sources were said by the Reclamation Bureau to be insufficient to help in the West Texas-New Mexico region.

The House Appropriations

Committee sent to the House for consideration next Wednesday a bill to finance the Army Engineers and the Bureau of Reclamation at their lowest levels since 1962 and 1958 respectively.

Between them, the two agencies build and operate projects in just about every congressional district.

For the Engineers, the committee recommended \$1.15 billion, a reduction of \$145 million from last year and \$122 million less than the administration sought.

ALLOTTED
The Bureau of Reclamation was allotted \$272.5 million of the \$384 million it requested, a reduction of \$40.5 million from 1967.

Among the Texas projects approved was \$25,000 for a survey of the Colorado River and its tributaries.

Rockets Could Wreck Talks

PARIS (AP) — A sustained Viet Cong rocket offensive against the heart of Saigon could wreck the Paris peace talks in short order, Western diplomats believe.

For that reason they think the Communists may not bombard the city as they have threatened to do.

WARNING

U.S. officials said they hoped the North Vietnamese would give careful consideration to the warning issued by U.S. Ambassador W. Averell Harriman to Ambassador Xuan Thuy of North Vietnam.

Harriman declared at the Wednesday session of the Paris talks with Thuy that terror attacks on Saigon "could have the most serious consequences for these talks."

U.S. officials declined to spell out exactly what Harriman meant because only President Johnson could decide to make a major change in U.S. military-diplomatic strategy.

But knowledgeable diplomats familiar with the U.S. view of the situation said many more rocket assaults like those earlier this week, when explosives rained on the center of the city, would force Johnson to consider retaliatory action against the North and suspension of the talks. Expanded bombing of the North by itself could provoke a North Vietnamese decision to suspend the talks.

American officials were reported uncertain about what action to expect from the North Vietnamese and Viet Cong forces in South Vietnam. Their heavy bombardment of the city early this week was not immediately followed by more massive blows, but the clandestine Communist radio in South Vietnam threatened that a 100-day bombardment would be started Monday.

WAR SCARRED
U.S. officials in Saigon doubted that the Communists could maintain a heavy bombardment of the city over many days. But in the war-scarred city of three

million people, thousands were packing sandbags to give themselves some protection.

In Washington, South Vietnamese Ambassador Bui Diem said the Communists have been trying to shake the confidence of the Saigonese in their government. To well informed diplomats here it appeared they have been trying to win some spectacular victory, military or political, which would reinforce their bargaining position with the United States in Paris.

Sheriff's Badge Family Affair

LORDSBURG, N.M. (AP) — Sheriff Doris McCarty says she's ready to return her badge to her husband this fall, if he's elected.

Mrs. McCarty ran for sheriff in 1966 because her husband, Leroy, had served two consecutive terms and was ineligible for re-election. Her husband served as her deputy.

"I keep away from violence quicker than anything," she said Thursday. "I've never had to make an arrest. But I have put people in jail—mostly drunks."

She said her husband does most of the heavy work and she assists him.

Webb Dining-In Speaker Named

Col. Daniel (Chappie) James Jr. makes his second appearance as guest speaker at a Webb Dining-In when he addresses the graduating members of UPT Class 66-H this evening.

Prior to his most recent tour in Southeast Asia, Col. James was here to speak to graduates of Class 66-G, May 6, 1966.

In December, 1966, Col. James was assigned to the Ubon Royal Thai Air Base, as deputy commander for Operations of the 8th Tactical Fighter Wing. He was named by Wing Commander Robin Olds as vice commander of the 8th, June 4, 1967. While in Thailand, Col. James flew 78 combat missions into North Vietnam as a member of the famous Wolfpack.

Early in January, 1967, he personally led a flight in the Bolo MIG-sweep in which seven MIGs were destroyed — the highest total kill for a single unit on any day of the war.

Upon his return from Southeast Asia in December, 1967, Col. James was debriefed by President Lyndon B. Johnson. A dedicated patriot, Col. James has been widely editorialized in major international news media for his speeches on Americanism. One of his speeches on this subject was read into

Four Wrecks

Four minor accidents were reported Thursday.

At Northeast Second and North Goliad, Charles Lester Bogart, 807 Runnels, and Nelson Wiley Smith, Colorado City, were involved in a mishap; near Poncho's News Stand, 306 Runnels, cars driven by Sherri Lynn Franklin, 1610 Johnson, and Aubrey Pat Lucas, 1315 Wood, ran together; the vehicles of Carl Jackson Naten, California, and Jimmie Cockerell, Lubbock, ran together at the Phillips 66 Truck Terminal; and at US 80 west and Airbase Road, cars driven by Larheta Hicks Warner, 91-A Ent, and William E. Parker, 108 Mesquite, collided.

New Squadron At Dyess Due

WASHINGTON (AP) — The Air Force will activate a new squadron at Dyess Air Force Base near Abilene, the office of Sen. Ralph Yarborough said Thursday.

Sixteen C130 planes and 857 men will be sent to Dyess to help form the 348th Tactical Airlift Squadron.

The air force said the troops will act as backup squadrons for the tactical airlift forces supporting the European and Pacific forces.

Attend Workshop For Principals

Three Big Spring High School principals are in Austin this week attending a workshop for secondary school principals. They are John Smith, principal; and John Talmadge and Harold Bentley, assistant principals. The workshop is sponsored jointly by the state association of secondary school principals and the Texas Education Agency.

The bidding:
South West North East
1NT Pass 3NT Pass
Pass Pass

Opening lead: Jack of ♠.
West decided that, with a virtually worthless holding, there was little future in attempting to establish one of his own suits in defense against South's three no trump contract. In an effort to make a play for his partner he opened the jack of hearts. Declarer ducked the trick in both hands and West continued with the 10. North was in with the ace of hearts.

South had seven top tricks—two spades, two hearts, and three clubs. The best hope for developing additional tricks appeared to rest with the diamond suit. Declarer, therefore, crossed over to his hand with the king of clubs and led a small diamond. West followed with the nine and the king was played from dummy.

East had been doing some thinking by this time, and he realized that, if his ace of diamonds was dislodged too soon, he would be unable to regain the lead when his heart suit became established. It was essential to get his partner in time to drive out declarer's remaining heart stopper.

When the king of diamonds was played, East followed smoothly with the five. A diamond was returned; and, when East played low once more, declarer put in the eight, hoping to dislodge the ace. West won the trick with the jack and returned the eight of hearts to clear that suit.

South was unable to develop a ninth trick without driving out the ace of diamonds and East proceeded to cash the setting tricks with his established hearts as soon as he got in.

While declarer could have made the contract by going up with the queen of diamonds when that suit was led from dummy, a peek would have been necessary to alert him to the actual distribution, and he can hardly be criticized for his choice.

If East covers North's king of diamonds with his ace, declarer can develop two diamond tricks with impunity even if he misguesses the location of the jack of diamonds, by the time West gets in, he has no more hearts and is unable to reach his partner.

Horoscope Forecast

TOMORROW
—CARROLL RIGHTER

GENERAL TENDENCIES: The morning is excellent for winding up what ever you began in the former days and especially where the new, the modern and the progressive is concerned. However, this Saturday afternoon and evening finds most everyone with a chip on the shoulder and looking for an argument but this could cause much trouble. Be kind.

ARIES (March 21 to April 19) Complete that business with bills in a.m. that is vital right now. But take care you do not become uneasy about something tonight. Sit down in a friendly fashion with an expert. Get the information you need.

TAURUS (April 20 to May 20) Bid yourself early of that business deal in the morning and don't get into any argument with a pal just because you feel in the mood to fight. Avoid the social. Get right down to whatever is really important to you.

GEMINI (May 21 to June 21) Get busy doing whatever is important so that you better your career. But avoid frivolous tonight as you could spoil your reputation. Study that plan you have further. Don't put in operation just yet.

MOON CHILDREN (June 22 to July 21) You have some excellent ideas but you must study them intelligently before you go ahead with them. Avoid being so proud where you are concerned. Have faith and all is fine.

LEO (July 22 to Aug. 21) Cooperating in a.m. with partners is your best bet. You can get right at that work with confidence. Later you had better change your attitude. One you love does not understand what you are doing. Now show you have a sense of humor.

LIBRA (Sept. 23 to Oct. 23) Better forget about going out during the day and get all that work at home taken care of. Be patient. Don't rely on others to give you much of a hand. Besides, they probably would cramp your style anyway.

SCORPIO (Oct. 23 to Nov. 21) It's OK to go out for that recreation you desire. But don't be so demanding on others. They think you are a pain in the neck, and your pleasure is spoiled. Be so much a sport as to let them. This could embarrass others.

SAGITTARIUS (Nov. 22 to Dec. 21) Get out of the habit of starting an argument over every little thing and you find that you can be very harmonious at home. Or others could be the culprits. Find out where the trouble lies.

CAPRICORN (Dec. 22 to Jan. 20) As you have not been acting as you should, try to fix to get of the cause of it. If you are the cause, be quick to remove your eyes. Stop getting so nervous while out driving. Check your car.

AQUARIUS (Jan. 21 to Feb. 19) All these bills staring you in the face, how could you possibly be thinking of buying more things you don't really need? Get rid of all those add-ons. They could bring in a pretty penny too.

More Animal Swaps Hinted

HOUSTON, Tex. (AP) — A St. Luke's Episcopal Hospital spokesman said today the procedure of temporarily transplanting an animal's heart into a human being probably will be attempted again if circumstances indicate it.

A 48-year-old insurance executive died in the hospital Thursday as surgeons inserted the heart of a sheep into his chest.

HEART OF RAM

The patient was identified by his widow as Sam Willoughby of Waterloo, Iowa. The hospital did not identify him.

Hospital authorities said the insertion of the heart of a 125-pound ram was a last resort effort to keep the patient alive until a suitable human donor became available.

The operation was performed by a surgical team headed by Dr. Denton A. Cooley. The team performed four human heart transplants last month. Two of the patients survived and are reported progressing well.

Willoughby, a life insurance executive, suffered a heart attack about six weeks ago and returned home from a Waterloo hospital about a week ago.

St. Luke's Hospital said he suffered cardiac arrest Wednesday and was resuscitated with great difficulty.

A hospital statement said no donor was available.

"As a last resort the insertion

Four Texans War Victims

WASHINGTON (AP) — Twenty-four servicemen killed in action in the Vietnam war were named Thursday in a Defense Department casualty list. They included three Texans.

Marine Corps
Sgt. Thomas R. Cores II, son of Mr. and Mrs. Homer P. Cores, 909-A Lawhon, Laughlin AFB, Del Rio.

Lance Cpl. Robert L. Polk, son of Mrs. Fannie Polk, 407 E. Park, Sherman.

Air Force
Airman Denton J. Hasdorff, son of Mr. and Mrs. Lincoln Hasdorff, 6011 Flat Drive, San Antonio.

Army
Spec. 4 Reynaldo I. Torres Jr., son of Mr. and Mrs. Reynaldo S. Torres Sr., 1103 Stewart St., Laredo.

Well, Why Not?

CARSON CITY, Nev. (AP) — The editor of the Nevada Boys State newspaper says 160 high school delegates studying government should be allowed to gamble in this state where gambling by adults is legal.

"Everyone is doing it anyway," said editor Dale Wilson of Reno. He said the boys are playing penny-ante poker, but counselors keep confiscating their pots.

Another Sizzling Day In Store For Texans

By The Associated Press

Texas has another hot one going for it today as the thermometer is scheduled to hit the 100-degree mark in Southwest Texas.

Temperatures in the 90's will be common across the state this afternoon. Widely scattered showers and thundershowers are expected to bring some relief from the heat this afternoon.

Early Thursday night thundershowers hit Lubbock dropping an inch of rain and three-quarters of an inch of hail on the city.

The storm packed winds up to 40 west and West Texas and portions of South Texas. Earlier, severe storms struck morning temperatures ranged the Panhandle from south of

Pampa to near Turkey and north Houston, across Beaumont, into of Denver City and southeast of Louisiana.

A five day forecast called for temperatures, Saturday through Wednesday, averaging six degrees below normal in North row band from El Campo to Texas and about four degrees Beeville and from northeast of below normal in South Texas.

Needs Heart

Doctors say Becky Howland's life depends on a heart transplant, but the donor must be another child.

'Becky' Needs Child's Heart

HERMISTON, Ore. (AP) — The life of 7-year-old Rebecca "Becky" Howland is in some other child's chest.

Becky needs a heart transplant to stay alive.

She returned to this northeastern Oregon community Tuesday from an examination by Dr. Norman Shumway at Stanford University in Palo Alto, Calif.

Shumway said after the examination if a suitable donor is found Becky will be considered for a heart transplant. Shumway has performed two transplants. The patients died from other complications.

He said the search for a suitable heart for Becky would be difficult because she is a young child requiring a smaller heart than adults.

Dr. John Bussman, a Portland, Ore., heart specialist, says the girl has a left heart ventricle which doesn't function properly.

Bussman, a classmate of Shumway at the University of Minnesota Medical School, said Becky might have a growth in that part of the heart chamber or might have a large blood clot.

Robertsons Open Eastland Cafe

EASTLAND — Charles and Ernest Robertson, formerly of Big Spring and Colorado City, have opened the newly renovated and redecorated White Elephant restaurant in Eastland. The restaurant on US 80 was opened 13 years ago and has been a landmark for travelers. For the six months prior to the recent opening, the place had been closed. Don Pierson and Mike Collins, Eastland investors, bought the property and renovated and refurbished the entire building before it was leased to the Robertson brothers. Their wives are assisting in the operations.

HINTS FROM HELOISE

Unsalted Diet Made Easier

Dear Heloise:

For the family cooks who are faced with the dilemma of a person on a salt-free diet to cook for, try this:

Take your portion of unsalted, uncooked food and place in aluminum foil. Seal tightly.

Put this packet on top of the rest of the food to be cooked.

You can season the rest of the family's food and your packet is cooked at the same time without seasoning.

It is also easy to place several of the aluminum packets in a large boiler with an inch or two of water in the bottom and steam them at the same time.

This always seems to delight small children. The unopened packets placed on their tray give them "surprise" meals.

Mother did this for 18 months for my sister and it worked just wonderfully. . . . Miriam Jenkins

Dear Heloise:

We live in an apartment area with no place to hide an extra key, and have to go to the main office to have someone let us in if we lose or forget our key.

So to be on the safe side, I put an extra key on a small key chain and hook it over my garter supporter before fastening it.

Dear Heloise:

It slips under the top of my hose and I never know it is there.

What a comfortable feeling not to be "locked out!"

Now, that's what I call using your noggin! Thanks for "keying" us in. . . . Heloise

Dear Heloise:

I read the hint recently about how the lady kept her copper-top appliances clean with vinegar. Her hint is good, but I would like to tell you how I care for mine.

My granny always told me there were good ways to do everything.

One day while waxing my car, the light flashed! I waxed my copper-top refrigerator with the same car wax. (The kind that cleans and waxes at the same time.) Great!

Now all it takes to clean and shine them is a paper towel and a quick wipe and they gleam. The wax job lasts for several months, too. . . . Aurelia

Dear Heloise:

My lawnmower starts with a quick jerk of a nylon rope. But since we just don't have enough power in one arm, I have found a new way to crank the thing without being all in before I start mowing.

I drove a stake deep into the ground. Now I hook the mower on it just behind the front wheel and give a quick pull with BOTH hands. It doesn't slide when I pull the starting rope.

Try it if you don't have a self-starting mower and have to run that noisy thing around the yard. . . . Nina Acker

Dear Heloise:

Here's a suggestion for those whose parents are retired and, for one reason or another, can no longer drive a car.

An acquaintance of mine received from her son and wife a gift certificate from a taxi company to be used at will during the year.

For parents who still drive but are on a limited budget, a certificate for oil and gasoline would also be a useful gift. . . . E.K.W.

(Write Heloise in care of The Big Spring Herald.)

Koffee Kup Club Plans Float Entry

STANTON (SC) — The Koffee Kup Home Demonstration Club met Thursday morning to plan a float for the Old Settlers' Day parade slated July 13.

The group met in the home of Mrs. Ernest Haner, who was appointed float chairman. Mrs. R. P. Odum presided and announced a family night party scheduled Aug. 17 in the Haner home.

Ice Cream Supper Is OES Event

Mrs. Floy McNaughton, worthy matron of the Laura B. Hart Chapter, No. 1019, Order of the Eastern Star, presided for her final meeting Thursday in the Masonic Temple.

Following the meeting, she hosted an ice cream supper for the chapter officers at her home, 1723 Purdue. The refreshment table was laid with an ecrú lace cloth and centered with an arrangement of blue and white flowers.

The next meeting will be an open installation Saturday evening at the Masonic Hall. The public is invited to attend.

By MARY SUE MILLER

A lovely writes: I am to be married in the early summer. My wedding will be small, about 25 guests, at my home in the late afternoon. I have my heart set on a traditional gown. Would it be appropriate? Will you please advise me on procedures in general.

The Answer: A wedding, however small, can be a memorable occasion. The bride may indeed wear a traditional gown. Because in a home the space is usually limited, a gown is prettiest when its skirts the floor without trailing and is veiled to the shoulder or waist. There will be a lovely bouquet, of course.

It is a wise plan to limit the bridal party to one or two bridesmaids and a best man. A flower girl might be the bride's only attendant. For brevity's sake, procedures are charted:

Bridesmaids' Attire: Dresses short or to the floor; simple headresses and small bouquets. Mothers of Bride and Groom: Short afternoon dresses and corsages; for groom's mother a hat and gloves. Gentlemen of the Wedding Party: Navy blue suits, white shirts, light gray silk ties, black shoes and socks. Or white linen jackets with gray trousers.

Color Theme: Bridesmaids' dresses and bouquets, and floral decorations keyed to one color — pale pink dresses, deep pink roses for bouquets and room decor.

Setting: Arrange a focal point in the living room for the ceremony and seating for the guests.

Wedding Breakfast: Buffet table with tea sandwiches, bride's cake and tea for champagne tray. Finis: A picture wedding!

A LOVELIER YOU

Plan Home Wedding In Lovely Setting

By MARY SUE MILLER

A lovely writes: I am to be married in the early summer. My wedding will be small, about 25 guests, at my home in the late afternoon. I have my heart set on a traditional gown. Would it be appropriate? Will you please advise me on procedures in general.

The Answer: A wedding, however small, can be a memorable occasion. The bride may indeed wear a traditional gown. Because in a home the space is usually limited, a gown is prettiest when its skirts the floor without trailing and is veiled to the shoulder or waist. There will be a lovely bouquet, of course.

It is a wise plan to limit the bridal party to one or two bridesmaids and a best man. A flower girl might be the bride's only attendant. For brevity's sake, procedures are charted:

Bridesmaids' Attire: Dresses short or to the floor; simple headresses and small bouquets. Mothers of Bride and Groom: Short afternoon dresses and corsages; for groom's mother a hat and gloves. Gentlemen of the Wedding Party: Navy blue suits, white shirts, light gray silk ties, black shoes and socks. Or white linen jackets with gray trousers.

Color Theme: Bridesmaids' dresses and bouquets, and floral decorations keyed to one color — pale pink dresses, deep pink roses for bouquets and room decor.

Now, however, as interpreted by the courts, 1269M has become a barrier

The 11st Texas Legislature's expected contribution to better crime control in this state should include extensive and intelligent revision of 1269M. It should restore home rule cities the ability to improve their own police forces.

The maintenance of law and order is without question basic in a civilized

The hallmark of democracy as we know it is that law and order must be tempered by justice.

6-A Big Spring (Texas) Herald, Friday, June 14, 1968

INEVITABLY, the hospital reporting on a man who has been run over by a treshing machine: "The patient is doing as well as expected."

Finally, woe to the half-asleep reporter who copies and quotes verbatim from the policeman's case report on an accident: "The woman occupant of the vehicle said she had been going with the dead man eight months . . ."

—WALT FINLEY

Much heart trouble is preventable. Write to Dr. Molner in care of The Herald for your copy of his booklet, "How To Take Care of Your Heart," enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Dear Dr. Molner: Our son has albumin in the urine. What does it mean, and does it indicate any other disease? Is there a cure for it? Or perhaps a diet would help? — Mrs. A.F. The presence of albumin could be an indication of infection, some form of kidney disease.

Much heart trouble is preventable. Write to Dr. Molner in care of The Herald for your copy of his booklet, "How To Take Care of Your Heart," enclosing a long, self-addressed stamped envelope and 25 cents in coin to cover cost of printing and handling.

isn't worth living with this brow-beating from him. — A. McD.

A distinction has to be made here. If your clergyman is one of these self-appointed preachers, or some sort of a "faith healer," you don't need a doctor's help. What you need is just to refuse to answer the door if he calls. He has no busi-

HISTORICAL MARKER
Capt. Marcy exploded theory

CATCH-BASIN FOR SPRING
Dam in background may be closed at future date

SHADED, ALL-WEATHER ROAD LEADS THROUGH CITY PARK
Convenient access to spring site open every day of the year

PRIVATE HANDS

"Until recently the spring was in private hands and out of the city limits," Larry Crow, city manager, said, "and development has been at a minimum."

The spring was deeded to the city Sept. 20, 1967, and since that time plans have been growing steadily.

"Immediate goals are to put this historical site in a position to be appreciated for its natural beauty and important place in our natural heritage," Crow said.

Rigging the spring to run again is only one of many improvements that have been made in the past few months since the city took over ownership of the site.

A six-foot-wide, winding walkway has been constructed leading from the parking area to the spring, the roadway between the city park and the spring site has been improved and paved, and trees and shrubs in the immediate vicinity of the spring have been pruned and dead shrubs removed.

SIGNS

A sign program has been initiated by the city to call attention to the spring. A total of 62 signs in three different sizes have been purchased to be placed in and around the city.

The signs are lettered "Texas-Big Spring Trail" and each has a picture of a buffalo head.

"We have been unable to get permission from the state highway department to place signs

on right of ways," Roy Anderson, assistant city manager, said. Around 40 of the signs have been erected.

The spring is mentioned on billboards east, west and north of the city, Crow said, and plans are being made for a billboard south of town.

A "big spring" development committee has been established to study the use and develop long range plans. The committee set up a priority for putting in steps and a safety rail, closing off the dam and putting in a footpath leading across the dam and circling the spring, adding footpaths and groundlighting, labeling plant life with their common and scientific names, and installing a marker commemorating the site of the old T&P pump house.

"The site eventually will be in suitable condition for a tourist attraction, as well as local use," Crow said.

NO PLANS

The committee has made no specific long range plans, Crow said, "but many feel that the type of development and improvement being done — maintaining the natural beauty — should be continued with the possible addition of landscaping and a shelter of some type with additional historic markers."

Adverse weather has slowed the project activity, according to Anderson, but as soon as regular city operations will permit, attention will be given to the "big spring" improvements.

The parks department has established a regular clean up schedule at the spring and the old barbed wire fences have been replaced with a four foot chain link fence along the boundary lines.

Crow estimated the amount of money spent on the spring so far at \$2,500, but stressed that the work had been done by city forces under their regular budget for this year.

No additional money has been appropriated.

The spring is now part of the City Park and is closed from 12 midnight to 6 a.m. along with the rest of the park. This is to reduce vandalism.

"We are proud of the reception and are hoping to establish some sort of program so our local people will get out to see it," Crow said.

UNINFORMED

"Local interest has been good, but there are still many uninformed as to where it is and what is there," Crow said.

"The only major problem we have had," Crow said, "is with visitors littering the area with paper cups, soda straws, film wrappers, etc, but that is expected." The city has placed several trash barrels at the site.

There seems to be a tremendous number of visitors to the spring," Crow said, although

there is no way to calculate the exact number actually visiting the spring.

Color slides are being made to organize a program on the history of the "big spring" for presentation to local clubs and schools.

The spring dried up in the early 1900's. "We know the old T&P pump house was in operation in 1910, so I would guess that the spring dried up between 1910 and 1920," Anderson said.

AUTHENTIC

"The spring is about as authentic as we can artificially make it," Ernest Lillard, director of public works, said.

When the dam is extended, pipes will be placed through the dam so that the spring can be kept clean and the water level controlled to some extent.

Reagan Says Constitution Eroded By Court Decisions

INDIANAPOLIS (AP) — The Constitution has been "eroded" by court decisions pretending to extend freedom to all when in reality they give license to a few," Gov. Ronald Reagan of California told a Republican dinner Thursday night.

CRADLE TO CRIME
Reagan said that rightfully "in our humanitarian society we have safeguarded the rights of the accused, but we have carried this to an excessive con-

cern for the guilty." "Permissiveness from cradle to crime is our philosophy. What were once considered privileges are now recognized as rights, and first and foremost is the right to adjust any personal grievance by the nearest means at hand, be it rock, club or fire bomb," Reagan said.

Reagan, California favorite candidate for the Republican presidential nomination, has said he is not a candidate. He left

after his speech here to attend the GOP governors conference at Tulsa.

"Our minds are still on the senseless tragedy of a week ago, asking the why of such things," Reagan said, referring to the slaying of Sen. Robert Kennedy in California. "We have been given some answers already, but I find it unacceptable and worse than no answer at all to be told that all of us collectively are to blame and

that ours is a sick society." Reagan received standing ovations before and after his address and applause interrupted his speech frequently. One of the loudest rounds of applause came when Reagan said, "It is time to tell friend and foe alike we are in Vietnam because it is in our national interest to be there and whether it offends friend or foe we are going to do what has to be done beginning now."

Workrama To Pay Off

Texas Employment Commission has placed 78 youths in non-agricultural jobs and seven in agricultural jobs during the two-week period ending June 9.

"Workrama is going to pay off," Leon Kinney, director, said. "We're not going to get everybody jobs, but we will get jobs for more than we did last summer."

Kinney estimated that the commission will place 450-500 youths in jobs before the summer ended.

He also said that the commission is currently looking for an employment interviewer for the local office. Applicants must have a college education or two years of college and two years of personnel work.

Gen. Owens Will Speak

Brig. Gen. Robert G. Owens Jr., U.S. Marine Corps, will be special guest speaker at the Commander's Coffee honoring graduating pilot training class 68-H and guests, June 22.

Gen. Owens' appearance at Webb is in recognition of the first three Marine officers to complete undergraduate pilot training here. Marine First Lieutenants James R. Bohlig, Patrick C. Blackman and Richard J. Tipton are scheduled to receive jet pilot wings in graduation ceremonies earlier that morning.

A combat navigator who earned the Navy Cross and who was designated a Marine Corps ace after shooting down seven enemy planes during World War II, Gen. Owens is currently serving as Assistant Chief of Staff, Headquarters, Marine Corps. He assumed his present position following a tour of duty as Chief of Staff, II Marine Amphibious Force in Vietnam, from April through December 1967.

Two Teen Girls Linked To Robbery Due Time

The two teenaged girls who were apprehended by police shortly after the holdup a week ago of the Pay 'N Take II grocery, in which the proprietor was shot, have been ordered committed to the training school

Powell Visits With Employees

Jack Powell, newly appointed director of the Veterans Administration Hospital, is in Big Spring today on a visit with employees at the facility.

Powell, who has headed the VA center in Bonham, expects to return to formally take over the helm of the local VA about the first of July. His family is expected to move here in mid-July.

Powell succeeded the late Donald D. Van Meter, who died unexpectedly May 9 of a heart attack. He had been with the local VA for four years.

Asks \$79,650

An accident of a week ago is the basis for a damage action filed Friday in 118th District Court.

The plaintiff is Harold Danford who sues on his own behalf and for others involved. The defendants are Judith Shoultz Grigg and others.

The suit asks that the plaintiff be awarded \$79,650 damages as result of a pickup-car collision at FM 700 and US 87. The accident allegedly occurred on June 7.

Suspect Jailed

James Spurlock, wanted here on a charge of worthless checks, has been arrested in Plains and is being held there for Howard County. Lindy Oldfield, chief deputy sheriff, said that the prisoner will be returned here to face trial.

12-Man Jury Receives Spock Antidraft Case

BOSTON (AP)—The jury in the antidraft conspiracy trial of Dr. Benjamin Spock and four other men received the case today after the judge told them: "Conspiracy is the crucial issue here."

NO EXCUSE
In his closing remarks, U.S. District Judge Francis J.W.

Webb Students, Kiwanians Enjoy Summer Picnic

A dozen foreign students from Webb AFB were guests of Big Spring Kiwanians at the club's summer picnic Thursday night in City Park.

The students are mostly from Morocco and the Middle East. More than 100 Kiwanians, their wives and members of their families took part in the chicken dinner which was the feature of the evening.

No program was offered. Before the meal and after it had been served the Kiwanians devoted their time to visiting.

In addition to the Kiwanians and their special guests a number of Key Club members were present.

Next week, the club will meet at noon at the Settles Hotel.

This meeting will follow the big Rodeo Barbecue which the club prepares and serves on the opening day of the annual Howard County Cowboy reunion rodeo. Ticket sales are under way with Kiwanians dispensing the tickets at \$1.25 each. The barbecue is from 5 to 8 p.m. on next Wednesday.

The dinner will be served at the city park for the public and at the Rodeo Bowl for the special guests of the Howard County Rodeo association.

FCC To Probe TV Violence

WASHINGTON (AP) — The Federal Communications Commission says it will help President Johnson's violence commission determine the relationship between violence in America and the content of mass media.

"We believe it highly appropriate to bring to your attention, as has the President, this matter of a thorough study of possible causal connections between the mass media and the 'kinds of violent aberrations' to which the President referred," the FCC said Thursday in a letter to Dr. Milton S. Eisenhower, head of the violence panel.

Johnson set up the 10-member National Commission on the Cause and Prevention of Violence after Sen. Robert F. Kennedy was shot last week.

The President told the group at a White House meeting that among other things, it should probe the content of television, movies, newspapers and magazines.

Jury Slaps Wrist Of Teen Killer

FORT WORTH, Tex. (AP) — Roy Dale Green, found guilty of murder without malice in the slaying of a teenage boy, was sentenced Thursday to a maximum five year prison sentence.

The state had sought the death penalty in the case. Defense requests that Green be given a probation sentence and credit for two years spent in jail were denied.

Green, 21, was tried in the death of Johnny Marcus Dunham, 16, one of three teenagers killed near here in August 1966.

SBA To Close Midland Office

The Small Business Administration disaster loan office opened in Midland after the flood brought widespread damage to the area, will be closed Friday, June 21.

Gerald S. Rutland, SBA disaster office manager from Dallas and who heads SBA's office in Midland, said that loan applications had fallen off sharply in the last few days.

Will Host Posse Following Parade

Members of the Howard County Sheriff's Posse and their families will be guests of the Downtown Tea Room at a dinner Wednesday, June 19, after the opening of the 35th annual Big Spring Cowboy Reunion and Rodeo. The dinner is to begin at 5:30 p.m., shortly after a parade downtown.

Visiting posesses will be hosted by the Rodeo Association at a barbecue at the rodeo grounds the same day.

I Didn't Get Name

BOISE, Idaho (AP) — There's no confusing who is the city of Caldwell's entry in the Miss Idaho pageant Saturday. It's Miss Caldwell—Miss Rhonda Caldwell, that is.

She is from Walnut Creek, Calif., a student at the College of Idaho.

Crews Clean City Alleys

City crews were kept busy during the past month, according to the May report issued by the Public Works Department.

School crosswalks and parking lines at the swimming pool were repainted, 31 street name signs were repaired, 25 sign posts of various kinds were repaired and painted and 17 signs were prepared for installation.

Signs denoting the "Texas-Big Spring Trail" were placed at various points around the city and the cable fence at the City Park by the new road leading to the "big spring" was replaced.

The city was sprayed three times during the month in an effort to control the mosquitoes.

Crews cleaned 423 blocks of alleys, hauling away a total of 165 truck loads of trash. A total of 393 blocks of dirt streets were maintained.

City Landfill To Open Sunday

The sanitary landfill will be open 3-5 p.m. Sunday for the convenience of city residents who have trash they wish to dump there, according to Ernest Lillard, director of public works.

The landfill has been closed on Sundays for about six weeks but is going to be opened on a trial basis "due to public demand," Lillard said.

The sanitary landfill is located immediately south of Cosden on the south frontage road. It is open 7 a.m.-6 p.m. Monday through Saturday.

Wallace Smells Win; Whacks Critics, GOP

ATLANTA (AP) — George Wallace says he is going to win the presidential campaign and that "every citizen regardless of race or color" will benefit.

CHEERS

The third party candidate, interrupted by one standing ovation after another, told a crowd of Georgia followers Thursday night.

Suez Canal Duel Staged

TEL AVIV (AP) — Israeli and Egyptian forces fought an artillery, mortar and machine gun duel across the Suez Canal for 2 hours and 20 minutes today—the first clash in the area in three weeks.

An Israeli military spokesman said one Israeli was wounded in the fighting.

According to Tel Aviv's version, the Egyptians opened up with light arms at 10:30 a.m. and then brought up artillery an hour later to bombard Israeli troops at Port Taufiq, at the southern end of the canal.

The canal, blocked and deserted since the Middle East war a year ago, has been relatively calm since last October. That month Port Taufiq, occupied by Israeli troops, and Port Suez across the 120-yard wide waterway in Egypt, exploded in a daylong battle which ended with a major raid that destroyed much of Egypt's oil installations in Port Suez.

"We are going to win because millions of people are looking to us for a change."

Wallace, stumping the South, headed back to Tennessee today.

"Millions of people are going to show the bureaucrats, some judges, some preachers, some professors and some newspaper editors that they don't need guidelines to tell them everything to do," Wallace declared.

The former Alabama governor spoke scornfully of critics, who he said, "have called us racists and hate-mongers because they don't like what we say."

NO DIFFERENCE
He denied, as he has many times before, that he has ever said anything disrespectful about anything because of race. "What we propose now is in

PLEASE COME BACK, 'SISSY'

Betty Follis has no children, no family — and now no poodle. Someone must have removed or let her white toy poodle, "Sissy," out of her car Wednesday at 800 W. 4th, where she works at the Pink Door.

The puppy is 18 months old, had a blue rhinestone collar and did not have the conventional poodle trim. Someone could make Betty Follis a happy woman by letting her know about Sissy's whereabouts.

GEORGE WALLACE

the interest of every citizen regardless of race or color," he said. "I welcome the support of every Georgian."

Wallace scoffed at complaints from Republicans that his third party campaign will take votes away from the GOP.

"What difference does it make," he asked, "if you replace the present administration with a liberal Republican? There's not a bit of difference in the leadership of the two national parties ...

"If you elect any one of those who aspire to the Republican nomination, you'll want to throw them out of office on week after the inauguration."

Marion Death Appeal Stated

LUBBOCK, Tex. (AP) — The lawyer of convicted killer James Lee Marion said he will appeal the death sentence of his client in light of a recent decision handed down by the U.S. Supreme Court.

Marion, found guilty in the bludgeoning death of Mrs. Fred Turner of Midland in 1963, was sentenced Thursday to be executed at Huntsville State Prison Sept. 30.

A Lubbock jury sentenced Marion to death in 1964 for the killing of Mrs. Turner in her 15-room mansion. But stays of executive have delayed trips to the electric chair on two previous occasions.

Marion's defense attorney, Warren Burnett of Odessa, said Wednesday he would bring up a recent U.S. Supreme Court decision which holds that opponents of capital punishment may not be automatically excluded from juries qualified for the death sentence.

Dist. Judge William Shaver of the 77th District Court in Lubbock set the execution date Thursday during a ten minute hearing.

Waiting It Out

An unidentified member of the hippy movement sits contentedly outside his plastic tent in the forest area of Sugarloaf, Colo., about 10 miles west of Boulder, Colo. The area is dotted with hippy groups who have set up camping grounds on U.S. Forest Service land and claim they are waiting the doom of the world out in the safety of the Rocky Mountains. Many of the hippy visitors have been greeted with something less than enthusiasm by area residents.

Hippies Flock To Rockies; Some Fear Asteroid Crash

SUGAR LOAF, Colo. (AP) — Icarus will crash into the earth and the mountains offer refuge. There could be tidal waves and earthquakes, California could vanish into the ocean, and even said "let's pray to God" that California doesn't slide into the sea.

He gave himself the name and it was the only one he used. Last names aren't heard much among the hippies who have flocked to Sugar Loaf Mountain.

PRAY FOR PEACE

Some say they came to pray for peace.

Some say they came to get close to nature.

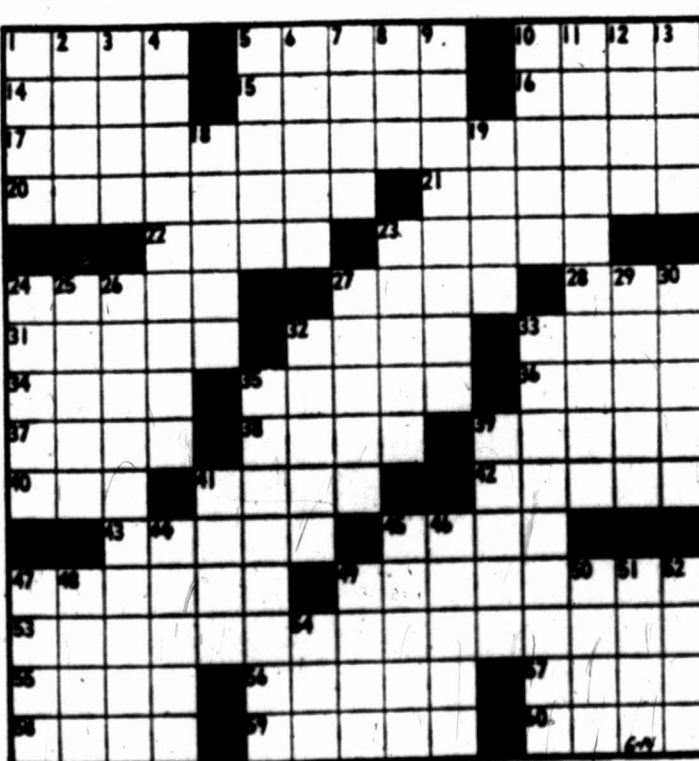

Several say they came because they believe the asteroid thing," he said, and kept on stirring the mixture for their evening meal—pancake batter, water and powdered milk from a gallon wine jar and some molasses.

A little farther along a rocky, primitive trail, about 20 others, all hospitable, were camped with plastic and branch covered lean-tos, tents and sleeping bags.

No one can say for sure how many hippies have taken to the mountains. Their numbers—estimates ranged from fewer than 100 to thousands—have increased noticeably in the nearby city of Boulder, home of the University of Colorado. Drug arrests have more than doubled in Boulder County since the influx began last year.

Vive La Difference?

NEW YORK (AP) — Vive la difference? That's old fashioned. At least among the avant garde this is the year of unisex.

That age-old battle of the sexes over who in the household wears the pants has come to a draw. Both do, the same style, interchangeably.

Moreover, the really togetherness couple have a common supply of shirts, jackets, jewelry, neckties and hats. They share the same hairdresser and, while party-hopping, carry their combs and cigarettes in the same handbag. A divorce would leave one or the other without a thing to wear.

"Why should they try to separate us so?" pondered Cary Grant whose screen image has made millions of women happy that men were men. "We should all just smell well and enjoy ourselves."

Cosmetics is a means of unifying the sexes, said the actor in announcing that he had become a board member of a cosmetics firm.

Just a few days earlier designer Rudi Gernreich told buyers at his fall knitwear collection that the skirt was dead. Despite efforts of others to resurrect the romantic midi, the Californian insisted that clothes for men and women were now converging.

"It is the only practical thing for our contemporary way of life," said Gernreich, dressed in a belted tunic and belted trousers like those on his manikins. Still the knitted costumes spelled out the difference in girls as significantly as a shrunken sweater.

Gernreich, lest it be forgotten, pioneered unisex fashions by introducing bathing trunks for women five years ago.

Smokey The Snake?

JACKSONVILLE, Fla. (AP) — A cigarette machine at a bar hadn't been working properly for several days. Service man Cecil Phillips quickly found the cause of the trouble when he opened the machine. A three-foot bull snake was coiled inside.

American Combat Deaths May Top Korean War Toll

WASHINGTON (AP) — Total U.S. Vietnam casualties, mounting relentlessly during the Paris talks, could top a quarter of a million by year's end unless there is a truce or peace.

American combat deaths and wounds serious enough to require hospital treatment could surge beyond the Korean War toll.

Assuming the 2,692 weekly average, or something close to it, prevails over the rest of the year, the over-all war total could hit 255,769 casualties by the end of 1968.

The count of Americans killed in combat has averaged 379 a week this year, dropping as low as 184 at the start and soaring as high as 562 in early May.

Projecting the 379 a week average over the entire year of the combat dead, would bring the total to 35,730—more than 2,000 above the Korean War's 33,629 killed in combat.

The cost in hospitalized wounded has averaged out to 1,198 U.S. servicemen a week so far this year. Extending this over the full year, as in the case of the combat dead, would bring the total to 62,296. That would be 12,000 more than the 50,296 in the Korean War.

certainly will eclipse the most even half finished. By any measure, the Vietnam War, 1951, when 11,358 Americans were killed and 43,376 wounded. The toll this year already is \$722 killed in combat and 27,553 wounded. Nonbattle deaths totaled 113,842.

"THAR'S GOLD IN THEM THAR BIG SPRING HERALD CLASSIFIED ADS"

You bet there is . . . and even though the "gold" you get with amazing Big Spring Herald Classifieds is a lot easier to have than the kind the old timers went after, it still means the same thing—an easier, happier, better way of life.

Go prospecting through your home today and look for all the worthwhile things you aren't using any more. Outgrown swing sets and tricycles, fishing equipment, yard and porch furniture, appliances, screens, garden tools. These articles and the others you find are worth cash to the families just like yours who read Classified Ads every day.

Take your list and dial 263-7331 for a friendly, helpful Ad Writer any time between 8 a.m. and 5 p.m. You'll find it's a lot less expensive to strike gold these days too. A 15 word ad costs only \$3.90 per week.

Why wait. The sooner you put fast-action Big Spring Herald Classified Ads to work for you—the sooner you hit "pay dirt" . . . that welcome extra cash that means you'll have more and do more!

TRIP OVER FURNITURE INJURED WORKERS

Texas Ranger Captain Testifies

BROWNSVILLE, Tex. (AP) — A Texas Ranger captain testified Thursday two farm labor union members sustained most of their injuries when they tripped over some furniture and each other following their arrest June 1, 1967.

Capt. A. Y. Allee, who commanded a detachment of Rangers sent to Starr County during the melon harvest last summer, presented his testimony before a special three-judge federal court. The judges were hearing testimony on a suit filed by the United Farm Workers Organizing Committee, AFL-CIO.

The suit alleges that the Rangers, Starr County officers and officials conspired to break up the union's attempt to organize the mostly Mexican-American field hands in the Lower Rio Grande Valley County.

Testimony in the suit wound up Thursday, with the judges accepting the suit as submitted. U. S. Judge John R. Brown of Houston, who presided, said he was giving lawyers an unspecified, but reasonable time to submit

briefs. Oral arguments are also to be heard in Brownsville at a later date, Judge Brown said.

Lawyers are also submitting briefs in connection with the union's claim that six Texas laws frequently used and enforced during labor disputes are unconstitutional.

Ranger Capt. Allee, who deposed much of his testimony to incidents involving a minister employed by the Texas Council of Churches and the much-publicized "Dimas incident," testified that he was not partial in enforcing the law during the labor dispute.

NOT PREJUDICED
"As far as the union is concerned, I am not prejudiced," the veteran Ranger said.

"They can strike until doomsday as far as I am concerned so long as they obey the law," he added.

The "Dimas incident" concerns the arrest of union member Magdalena Dimas June 1, 1967, on a misdemeanor charge of disturbing the peace.

The union alleges that Dimas, now serving a prison term in

Mexico for a marijuana violation, was beaten by Rangers and Starr County officers.

Capt. Allee testified that he considered Dimas "dangerous" because he had killed a man at Floresville.

GUN PLAY

The veteran Ranger said he located Dimas at the home of union volunteer Kathy Baker in Rio Grande City after he was told that Dimas pointed a rifle at La Casita farms foreman Jim Rochester. He said Rochester told him that Dimas and union member Benito Rodriguez drove to the farm's packing shed, Dimas pointed the rifle at Rochester and the two men then drove away after Rochester shot at them with a pistol.

Capt. Allee said he entered the home in search of Dimas after Justice of the Peace B.S. Lopez signed a search warrant. The Ranger said he and other guests were seated at the kitchen table with their hands beneath the table.

"The ranger said he struck Dimas on the head with a shotgun after the two men refused

to raise their hands above the table. He said he feared they might have a gun under the table.

Union lawyers contend Dimas suffered multiple injuries at the hands of the Rangers and other officers, but Capt. Allee testified the men apparently suffered most of their injuries when they tripped over some furniture and each other as they hurriedly left the room.

Capt. Allee pointed out that he had earlier seen Dimas with a rifle in his hands and said "I could have killed him (Dimas) if I had wanted to."

The ranger also testified that the Rev. Ed Krueger, a United Church of Christ minister employed by the Texas Council of Churches, was apparently "ramrodding" much of the union's picketing.

'NEARLY' SLAPPED
"I never heard him preach a sermon, but I saw him picketing," the ranger testified.

Capt. Allee testified he arrested the minister at Mission May 26, 1967, on a mass picketing charge after the Rev. Krueger "asked" for the second time to

be arrested.
"This is the second time you have asked me to arrest you and I am sure as hell going to accommodate you," Capt. Allee testified he told the minister.

Ranger Jack Van Cleve, who testified he arrested the minister's wife, said he "nearly" slapped Rev. Krueger after the minister got too close to the Ranger because the minister had "bad breath."

Van Cleve testified he arrested Mrs. Krueger because she raised her arm and appeared to be preparing to strike Capt. Allee with a camera she was holding in her hand.

CAMERA SEIZED

Mrs. Krueger earlier testified she was arrested after she attempted to take a picture of her husband being arrested. She said the camera was taken from her and she found that the film had been exposed and ruined.

Ranger T. H. Dawson testified that he opened a movie camera "to determine if it was a camera or a weapon" after taking the camera from a United Auto Workers Union official.

HHH Favored In Michigan

LANSING, Mich. (AP) — Most Michigan Democratic delegates who say they have made up their minds favor Vice President Hubert H. Humphrey as the party's presidential nominee, an Associated Press poll reveals.

But delegates are undecided as to what—if any—role Sen. Edward M. Kennedy should play at the August national convention in Chicago. Several delegates expressed hope that Kennedy would be the vice presidential nominee.

A total of 39 Michigan delegates said they would vote for Humphrey. Three said they supported Sen. Eugene J. McCarthy of Minnesota.

However, 36 delegates said they were undecided as to which candidate they would support. Some added that it was possible a man not currently viewed as a candidate could capture the nomination.

More than three-fourths of Michigan's 102-member delegation was contacted during the poll. The remainder could not be reached for comment.

Public Hearing On Budget Called

Howard County Junior College trustees have set 5 p.m. Aug. 15 as the time for a public hearing on the proposed budget for the fiscal year beginning Sept. 1.

The \$1,341,955 outlay was approved at a meeting Thursday noon and is up substantially from this year's budget, partly due to increased salary requirements but mostly to the new vocational and technical division. The budget figure includes \$28,088 interfund transfers and should be regarded as that much less.

Of the total, \$1,341,619 relates to the regular budget and \$100,336 to the student housing system. The latter category operates strictly out of revenues it generates.

A more comprehensive explanation of the proposed budget will be carried in the Sunday issue of The Herald.

Trustees approved a summer conditioning program for the plant, which will consist of painting and repairs to be done by the maintenance staff. A claim

settlement of \$6,544 for hail damage to the plant was accepted.

In another important step, the board voted to do away with the three per cent discount it has offered since it was founded for October payment of taxes. Based on the estimated collections this year, this would mean about \$10,000 more tax yield.

The addition of a secretary in the business office to handle data processing was approved. Part of the funds will come out of savings by assigning the NDEA loan fund audit and collections to her.

The replacement of a maintenance man also was authorized.

Shaggy Vote Yarn

VANCOUVER, B.C. (AP) — Florence Pyper says she has no idea how the name of her 10-month-old sheltie pup, Scarra-mouche Hope, got on the voter registration list for the Vancouver-Quadra district nor does she know how he'd vote.

ACCUSED SEEN PRACTICING, GIRL MISSING

Witnesses Describe Shooting

LOS ANGELES (AP) — Twelve hours before Sen. Robert F. Kennedy's assassination, witnesses say, the accused man was rapid-firing the death weapon on a target range.

Other witnesses say three bullets hit Kennedy—not two, as previously reported—and that the killer stepped from beside a smiling, shapely mystery girl and fired his revolver with "a very sick-looking smile on his face."

These were highlights of testimony made public Thursday by the county grand jury which last Friday indicted Sirhan Bishara Sirhan, a 24-year-old Jordanian immigrant, for the murder. The transcript—258 double-spaced typewritten pages—became public when filed with the county clerk.

WITNESSES

Twenty-two witnesses—Sirhan not among them—pictured the slaying scene of terror and hysteria and its aftermath. Testimony from hotel employees, police and medical men gave this picture:

A half hour before the shooting, Sirhan had been waiting in the hotel kitchen, asking a porter three or four times if the senator was expected to pass through.

From the Embassy Room stage where he had proclaimed victory, Kennedy was led by the hand by a hotel employee to the place where Sirhan was standing.

Henry Adrian Carreon, an elementary school playground director and police science major at East Los Angeles College, testified he and a friend, David Montellano, were target shooting about noon June 4 on the San Gabriel Valley Gun Club's pistol range.

"To the left of us there was an individual around five feet away, shooting very rapidly on

(AP WIREPHOTO)

Testify In Death Probe

Grand Jury testimony about the death of Sen. Robert Kennedy, made public yesterday, featured statements by Henry Adrian Carreon (left); Vincent Thomas Di Piero (center); and County Coroner Dr. Thomas T. Noguchi (right).

Carreon identified the individual from photos as Sirhan. Asked twice, Sirhan identified his revolver as an Iver Johnson, Carreon said.

Carreon said Montellano noticed that Sirhan had one box of bullets set aside from his others and asked Sirhan, "Isn't that a special type of bullet?" The bullet, said Carreon, is

called "the mini-magnum; and this type of bullet, when it penetrates on an object, usually tears and splits out into different directions where the regular bullet of a .22 caliber goes in a hole and... it will come out the same size."

Carreon said Sirhan was non-committal about the bullets. Shown a gun while before the grand jury, Carreon identified it as the one he saw on the practice range.

Dr. Thomas T. Noguchi, chief medical examiner who performed a six-hour autopsy on Kennedy's body, told newsmen just after the postmortem that he found two bullets and two wounds.

But the transcript quoted him as telling the grand jury he found three wounds and two bullets, indicating Kennedy was hit three times.

Noguchi said the fatal bullet entered the right mastoid, behind the right ear, penetrating the brain, and two others about two inches apart entered the right arm pit.

NEITHER FATAL. He said one of the latter was found in the neck and the other exited in the front of the right shoulder. Neither, he said, would have been fatal.

Noguchi said the revolver entered the right mastoid, behind the right ear, penetrating the brain, and two others about two inches apart entered the right arm pit.

NEITHER FATAL. He said one of the latter was found in the neck and the other exited in the front of the right shoulder. Neither, he said, would have been fatal.

Penn Voters Prefer Rocky

PHILADELPHIA (AP) — Pennsylvania may soon give Gov. Nelson A. Rockefeller of New York the major thrust he needs to get his drive moving faster for the Republican presidential nomination. It could occur in the next 48 hours.

Gov. Raymond P. Shafer, standing firm in what he regarded as a unifying role of favorite son, now is 100 per cent for Rockefeller, it was learned today—and so is four-fifths of Pennsylvania's 64-member delegation, third largest at the GOP National Convention this August.

An Associated Press Poll of the delegation shows Rockefeller with 50 votes, former Vice President Richard M. Nixon with 9, Gov. Ronald Reagan of California with one, and four uncommitted.

Officially, Shafer still is withholding endorsement of the New York governor—a boost which Rockefeller reportedly feels can quickly attract most of Ohio and Michigan to his team behind Govs. James Rhodes and George A. Romney, both still uncommitted.

Shafer's pro-Rockefeller position was confirmed by a source Sunday on NBC's "Meet the Press" if Shafer—still working the Pennsylvania is "just waiting for the right moment that as possible behind him—can will provide the most national reach, and discuss the pros and attention."

That moment may come every delegate

Keep It Beautiful

If America hired people for the job, it would take the largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we can do for ourselves. All of us. Every family that spreads a picnic lunch. Every boatman who cruises the lakes and waterways. Every motorist who uses our roads and highways.

It is the pleasure of the U. S. Brewers Association each year to give its fullest support to the Keep America Beautiful Campaign. Remember. Every Litter Bit Hurts. This is our land. Let's treat it right.

Debate Starts Monday On Liquor, Spending Bills

AUSTIN (AP) — Texas House committees fired twin blasts Thursday shooting liquor and spending bills to the floor for debate.

Then they quit until Monday, the special 30-day legislative session.

Speaker Ben Barnes told House members they had better use the three-day weekend to do their homework because, on Monday, they will be looking at the small bottle liquor proposal and the \$2.5 billion general appropriations bill, costing \$133.8 million in new taxes.

First up, at 10 a.m., will be the liquor measure proposed by Gov. John Connally, Barnes said. If debate stretches out, as expected, it would be Tuesday before lawmakers get around to the giant spending bill.

That means the Senate, which has been biding its time waiting on House action, should have another couple of slow days.

The mini-bottle bill cleared the House State Affairs Committee on a 11-9 vote after Reps. Jim Clark, Dallas, and Jake Johnson, San Antonio, switched their votes overnight after they were told they would be given a fair

chance on the floor to make some changes.

"It's still bad legislation," said Clark of the measure which combines Connally's miniature bottle proposal with a liquor law revision bill.

The House Appropriations Committee's one-year spending proved on voice vote, reflected lawmakers are worried about student unrest.

But, despite committee members expressed concern for more law enforcement, recommended funds for the Department of Public Safety were reduced from amount suggested by the Legislative Budget Board. Barnes' request for 200 more highway patrolmen was ignored.

The committee's bill would require \$475.2 million from general revenue, compared to the budget board's \$471 million and Connally's \$465.2 million proposals.

The Senate Finance Committee is still working on its version of the spending bill, and the final appropriation measure most likely will be written by a 10-man Senate-House conference committee. The conference committee's work must be accepted, or rejected, in full. It cannot be amended.

Deer Go To Bed With The Chicks

COLLEGE STATION, Tex. (AP)—White-tailed deer in Texas "go to bed with the chicks."

Texas A&M wildlife science researcher Jack Inglis and graduate student Ron Hood of Baytown made the observation after poring over data collected in extensive radio tracking studies.

"Our research indicates deer bounce out of bed at daybreak, become most active about noon, active again just before dusk, and finally at midnight," Hood said. "All deer undoubtedly take a 'coffee break' from 9 to 11 p.m. the year round."

EPISCOPAL PASTOR LIVES AND WORKS IN TWO WORLDS

Negro Minister Bridges Race Barrier

By STERLING F. GREEN
Associated Press Writer

WASHINGTON (AP) — He lives and works in two worlds, and tries to bring them closer together.

On Sundays he is the Rev. Jesse F. Anderson Jr., a minister in an all-white Episcopal church in an all-white neighborhood.

On weekdays he is "Jesse" to hundreds of poor kids in a predominantly Negro neighborhood of Washington, where he runs a storefront mission called the Southeast Enrichment Center.

NEGRO

He is a Negro. His center, shabby outside but bright and spotless inside, will find you a

part-time job to keep you in school, lend you books, give you a place to study, provide a game of pool or table tennis, help out if you get pregnant, or get in trouble with the police.

There are likely to be 75 kids there any night.

Father Anderson—the kids call him that too, if he happens to have his clerical collar on—30. He looks younger when bicycling to work or, clad in a sweatshirt, tossing a football with the teenagers. He recently grew a hippie-style beard.

He heads the Neighborhood Advisory Council, directs the summer day camp program, fights for federal and city funds for his Teen Center, Odd Job

Center and other causes, and teaches night classes in sociology at Southeastern University.

At the mission he assembles Negroes and whites from the opposite sides of the city for "dialogues" that run through dinner-time and evening, once a week for 15 weeks. Then a new series is begun, bringing together more strangers from his two worlds.

PASTOR IS ANSWER

For St. Patrick's Episcopal church, miles away in a setting of handsome homes and shade trees, the Rev. Mr. Anderson is an answer to questions that bother many an all-white congregation: How can we help out? How do we get involved?

St. Patrick's raised \$45,000 to launch and support for three years a one-man inner city mission.

It interviewed eight young white and Negro priests in 1966, then invited the Rev. Mr. Anderson to come from Philadelphia to man the mission, and to take his turn regularly in St. Patrick's pulpit.

WALKED OUT

One or two parishioners walked out the first time he appeared in the chancel. A few families canceled their pledges and left St. Patrick's. Now, says the Rev. Thomas D. Bow, rector, some have come back, and

pledging have risen.

St. Patrick's members work with the Rev. Mr. Anderson, but he relies mainly on cooperation with other neighborhood agencies, including a Catholic mission.

His hardest job, the Rev. Mr. Anderson says, is explaining to well-to-do whites why the poor think and behave as they do.

He says "It's hard to understand, for instance, why it makes sense to some girls to have babies—and several of them—out of wedlock."

"It isn't just for the extra welfare money but almost from a sense of loneliness—of wanting to have someone or something to care for and be loved by."

Dallas First Baptist Pastor Talks About His Ministry

By GEORGE W. CORNELL
Associated Press Religion Writer

DALLAS, Tex. (AP) — Outside, it looks like a sturdy, blocky complex of red brick business buildings in downtown Dallas. Inside, it's a Baptist bazaar on the grand scale, led by

a fiery, silver-haired orator, the Rev. Dr. W. Amos Criswell.

"I'm glad I was here when God made it happen," he said of the massively thriving, multi-million-dollar institution which he has headed for a quarter of a century, the First Baptist Church of Dallas.

With more than 15,000 members and an annual budget of \$1.9 million, it's the biggest, richest Southern Baptist church in the world, its facilities spreading across three city blocks and ranging from a five-story parking garage to a skating rink.

Its pastor is being boosted for the presidency of the denominational convention, which meets next week in Houston, representing the country's 11 million Southern Baptists.

Dr. Criswell, 58, a mellowing, handsome man with wavy hair and flashing blue eyes, has raised some pulpits in his time, but some of his views have softened.

VIEWS CHANGING

Once a defender of racial segregation and an outspoken foe of Roman Catholicism, he said in a recent interview that integration "ultimately must come," and that "I don't know what to think of Rome anymore."

"It gives the impression of changing," he said. "If it changed, that's wonderful." In a widely circulated sermon in 1960, he had said the election of John F. Kennedy as president would lead to "recognition of the Roman church above all others" and sound the death knell of religious liberty in America.

"There were a lot of qualifying phrases in there that didn't get reported," he said, although adding that his estimate has changed. He said he still opposes views of some Catholics that "tax money ought to support church schools."

As for racial integration, he said, "it may not come soon, but it will come in God's time." He noted that his huge congregation now includes three Negro members.

"My mother died an unrepentant Southern rebel," he went on. "I used to say to her, 'Mother, you're mistaken about these things.'"

The Rev. and Mrs. Richard Deats left Thursday for the general conference of the United Methodist Church for missionaries home on furlough.

They will be in Newcastle, Ind., for about a week at attending the sessions at DePauw University. Their four children are remaining here with their grandparents, Mr. and Mrs. Rex Baggett. The Deatses, who are home on their second furlough as missionaries to the Philippines, will spend the year at SMU where he will instruct in the Perkins School of Theology. He will go to Dallas the first week in July and Mrs. Deats and the children will join him in August.

Named Elder Statesman

INDEPENDENCE — W. R. White, president emeritus of Baylor University and a leader in Texas Baptist life for almost 40 years, has been named the Texas Baptist Elder Statesman for 1968.

The 75-year-old educator was honored in ceremonies Sunday at the annual meeting of the Independence Association at historic Independence Church here. White is the 10th recipient of the award, given annually by the association and the Baptist General Convention of Texas to recognize long and devoted service to Texas Baptists.

An East Texas orphan farm boy who was reared by his grandmother, White rose to become president and chancellor of Baylor University and a leading spokesman for Southern Baptists. During his 13-year administration, 11 new buildings were constructed and more than 15,000 degrees were granted by the various branches of the university.

Since retiring as chancellor in 1963, White has continued to live in Waco and been active as a teacher, preacher and a writer. His books include "The Royal Road to Life," "Baptist Distinctives," "The Manifesto of Faith," and the Broadman Comments Sunday School commentary which he originated while serving as editorial secretary of the Sunday School Board in Nashville and wrote personally for four years.

White has been pastor at some of Southern Baptists' leading churches, including Broadway in Fort Worth and First Baptist, Oklahoma City, and helped to pull the Texas Baptist program through a financial crisis as executive secretary from 1929-31.

A graduate of Howard Payne College and Southwestern Seminary, White also served from 1940-43 as president of Hardin-Simmons University.

Gordon G. Singleton of Waco, president of the Independence Association, will preside over the homecoming services at this Washington County site 70 miles northwest of Houston. The church, called Texas' oldest Baptist church, was organized in 1839. Baylor was chartered less than a mile away only six years later, and Sam Houston was baptized in nearby Rocky Creek in 1854.

Urge End To Racial Tension

Texas Baptist Student Union leaders have gone on record to wage efforts to ease racial tension in the state.

The action was taken at final sessions recently of the three day annual Texas Baptist Student Union Leadership training conference on the campus of Hardin-Simmons University in Abilene.

Besides calling upon Baptists throughout the state to join them in contributing to racial harmony, other highlights of the statement included a determination to provide avenues for understanding and communication, to conduct inter-racial projects of ministry, worship and study; and a desire to take an active role in the Crusade of Americas, a hemispheric evangelistic campaign in 1969.

Seminar On Government Planned By Baptists

AUSTIN — A "government-in-action" seminar designed to challenge Texas Baptists to become involved in political action and to inform themselves of the issues in Texas will be held here June 17-18 at the Downtown Hotel.

The two-day legislative briefing is sponsored by the Christian Life Commission of the Baptist General Convention of Texas (BGCT). James M. Dunn is commission secretary.

The seminar will feature top state officials and civic leaders discussing current problems.

The first session, set for 3 p.m. after a two-hour registration period, will present Sen. Jack Hightower of Vernon, Rep. Don Cavness of Austin and Morris Cobb of Amarillo, discussing "Problems of a Growing State."

Rep. Neal Solomon of Mount Vernon and Dave Cheavens, formerly of Associated Press and now chairman of the School of Journalism at Baylor University, will interview McGrew following his address.

The second morning topic is "Dealing with Crime." A three-member team will hit highlights of this problem.

Dr. George Beto, director of the Department of Corrections at Huntsville, and Jack Turman, director of the Texas Youth Council, along with Will Wilson, former state attorney general, will be speakers.

BELIEVING IN CHRIST IS THE WAY TO SALVATION

The matter of what kind of belief equals salvation is debated often. In a Christian land, many people feel certain that their relationship to God is certain because they go to church or give mental assent to many doctrines. Though their lives may show no evidence of newness in Christ, they see no need for more than they now have.

The Bible says: "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31). But it also says that belief is "with the heart unto righteousness" (Romans 10:10). This is more than acknowledging that certain facts are true. When the early Christians of the first centuries acknowledged that Jesus was the Christ who died for their sins and rose from the dead, they were saying that they were ready to die for His cause. To believe was a serious matter.

The way of salvation makes it clear that repentance for sin and commitment of the life are involved in true belief in Christ. It is a matter of the will and of the heart, to accept Christ as personal Saviour and Lord and is vital to a living, saving relationship to Him.

The Scripture for this Sunday's International Uniform Lesson series comes from James 1, 2.

EVERY JOURNEY...

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

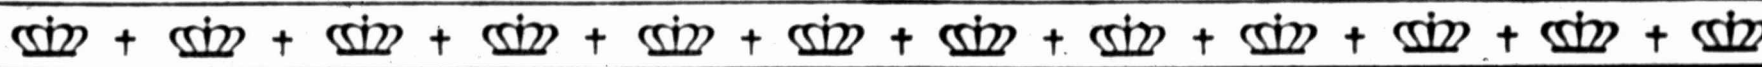

The caravan has travelled through the desert for many days . . . and the men are glad to see the tall date palms of the oasis in the distance. Here they will rest and refresh themselves beside the cool spring before continuing on their way.

Every journey is made easier if it is broken by intervals of restoration and renewal. Even life itself can be a weary road if it does not contain times and places where we can pause to gather new strength. Where can modern men and women regain the equilibrium and peace of mind that they need so badly?

Fortunately, we too have an oasis . . . the Christian Church. The teachings of Jesus offer deep wells of comfort for the spirit, and springs of joy to revitalize any life that lacks goal or purpose.

Unknown John Felus Has Limelight At U. S. Open

ROCHESTER, N.Y. (AP) — Bert Yancey had the lead and Lee Trevino had the lines. But it was an unknown little guy named John Felus who had the limelight in the U.S. Open Golf Championship.

The glamor names of the game, Arnold Palmer, Jack Nicklaus, Bill Casper—particularly Billy Casper—and Gary Player, were limited to lamentations.

The handsome, husky Yancey, former West Point cadet, tamed the demanding, acres of Oak Hill's tree-studded course for a three-under-par 67 in the first round Thursday and a two-stroke lead over Trevino, the happy hombr from El Paso, Tex., and big Charles Coody.

But it was the 5-foot-3 Felus, a notably unsuccessful, unattached and obscure touring pro who had the gallery of 13,749 gaping, gawking and wondering aloud: "Who's he?"

He's a 32-year-old pint-sized

guy from Pennsylvania's soft coal country, describes his home town of Gallitzin, Pa., as being "near Altoona," and in three years on the tour has made less than tip money.

But, for a few moments in the early going Thursday, he was leading this most prestigious of all the world's golf tournaments with a par 70 for the 6,962-yard layout and still remains tied for fourth going into today's second round.

Also in with 70s are Billy Farrell, son of the man who won the Open in 1928, Canadian Al Balding, Dave Marr, Don Bies and Labron Harris.

Casper, winner of four tournaments this season and almost \$125,000 and the pre-tournament favorite, wrenched his back when he slipped in a sand trap, finished with a 75 and is a questionable performer in the second round.

Nicklaus, the defending champion, had a 72. Palmer came in with a 73 and Player stumbled in with a 76 and could be in danger of not making the cut.

The final two rounds Saturday and Sunday will be televised nationally by ABC-TV.

Sam Snead, at 56 still looking for his first Open title, had a 73.

(AP WIREPHOTO)

Jet Deck Jr. Is Favorite

RUIDOSO DOWNS, N.M. — Headed by Max and Charles H. Murphy's Jet Deck Junior, a field of 10 of the nation's finest two-year-old quarter horses are primed for Sunday's 18th running of the \$125,000 Kansas Quarter Horse Futurity at 350 yards.

From the 100 who entered last week's trials, the fastest 10 qualifiers made it into Sunday's final. The second and third fastest 10 qualifiers will compete in consolation divisions the following Saturday and Sunday.

For the second year in a row, a son of the brilliant sire, Jet Deck, is expected to be favored at post time. Last year, Jet Smooth raced to victory, while this year, aptly named Jet Deck Junior will be out to duplicate that feat. Jet Deck Junior, who will be ridden by Dave Morris, posted the fastest qualifying time for the Kansas, running the 350 yards in 17.96 seconds.

Lady Bug's Moon, a half brother to the sensational Top Ladybug, followed closely behind Jet Deck Junior in the trials with a qualifying time of 18.08 seconds. Parr's Request, owned by the Angelina Cattle Company, of Laredo, Tex., should figure heavily in public support. He qualified with a time of 18.13 seconds.

Parr's Request, owned by the Angelina Cattle Company, of Laredo, Tex., should figure heavily in public support. He qualified with a time of 18.13 seconds.

Lucius Allen, the UCLA basketball player who played second fiddle to towering Lew Alcindor, although considered by many coaches as being more valuable to the Bruins' continued success, had already quit school due to academic problems before he got tagged the second time for marijuana addiction.

Texas Tech's griddler Roger Freeman is not the fellow anyone should tangle with — either on or off the field. The Red Raider halfback recently repeated as the heavyweight boxing champion in the intramural program at the Lubbock school.

Tennis amateur Nancy Richey of San Angelo pulled off a big upset at the French Tennis Championships last Sunday in Paris when she defeated pro netter Ann Haydon Jones. Miss Richey downed the top seeded Briton, 5-6, 6-4, 6-1 for the women's singles crown.

Things looked bad for the American when Mrs. Jones whipped her in the first set and had her 4-2 in the second, but Nancy rallied for 15 straight points for the coveted win. Earlier, the Anglo netter had turned back Mrs. Billie Jean King in the semi-finals.

Number 82, virtually immortalized by the near-sighted, lanky Raymond Berry of the Baltimore Colts pro football team, has been retired by the club. No doubt there'll be a place right beside it for No. 19, when Johnny Unitas turns in his cleats one of these days.

Some sports editors and columnist are saying that Commissioner William D. Eckert will not last out the remaining four years of his seven-year contract as head of the league. Eckert has been strongly criticized for not calling off one day game during the weekend of mourning for the late Sen. Robert F. Kennedy.

In the golf tournament in Odessa this week, Mrs. Tommy Jordan was presented with a wrist watch when her shot landed nearest the cup on a pre-determined hole.

Jim Breazeale, the "Houston Hurricane," has often been compared with the Houston Astros' Rusty Staub. He was Atlanta's No. One draft choice in last January's free agent draft, and is now a favorite of the Greenwood, N. C. (Western Carolinas) baseball fans.

In his first 31 games with that minor league club, Jim smashed nine roundtrippers and had 34 runs batted in, while hitting a robust .339.

Sitting Atop The Field

Bert Yancey, first day leader in the 68th U.S. Open Golf tournament with a three-under-par 67, sat on the edge of his bag on the 18th green yesterday awaiting his turn to putt. He bagged a birdie on the hole to give him the 72. Competition is being held at the Oak Hill Country Club in Rochester.

Parker Holds Lead In Tennis Open

HOUSTON (AP) — First seeded Jim Parker of Austin led five other seeded players today in the quarterfinals of the Texas Open Tennis Championships.

Parker won two rounds Thursday, defeating Laurence Becker of Austin, 6-3, 6-1, and then besting Mike Sprengelmeyer of Dubuque, Iowa, 6-2, 6-1.

In other action, second seeded Ronnie Fisher of Houston de-

LOOKING 'EM OVER

With Tommy Hart

(With Nate Mitchell pinch-hitting for Tommy Hart) Baltimore back Tony Lorick lauds linebacker Tommy Nobis as the toughest pro grinder in the business at his position. Says Lorick, "He (Nobis) treats every play like it's the big one of the game. He's the best."

Lucius Allen, the UCLA basketball player who played second fiddle to towering Lew Alcindor, although considered by many coaches as being more valuable to the Bruins' continued success, had already quit school due to academic problems before he got tagged the second time for marijuana addiction.

Texas Tech's griddler Roger Freeman is not the fellow anyone should tangle with — either on or off the field. The Red Raider halfback recently repeated as the heavyweight boxing champion in the intramural program at the Lubbock school.

Tennis amateur Nancy Richey of San Angelo pulled off a big upset at the French Tennis Championships last Sunday in Paris when she defeated pro netter Ann Haydon Jones. Miss Richey downed the top seeded Briton, 5-6, 6-4, 6-1 for the women's singles crown.

Things looked bad for the American when Mrs. Jones whipped her in the first set and had her 4-2 in the second, but Nancy rallied for 15 straight points for the coveted win. Earlier, the Anglo netter had turned back Mrs. Billie Jean King in the semi-finals.

First 100 Is The Hardest

PHILADELPHIA (AP)—Chris Short says the first hundred victories are the toughest.

"I thought I'd never get No. 99," Short said Thursday night after pitching the Philadelphia Phillies over the Houston Astros for his 100th major league lifetime win, 3-2.

Short, a stylish southpaw who won 20 games two years ago for the Phillies, ran into hard luck early this season.

The Astros would've sworn Short was throwing aspirins. He yielded six hits in 8 1/3 innings before needing ninth-inning relief help from Dick Farrell.

Watson hit his first home run of the season in the fourth, but Clay Dalrymple of the Phillies matched in the sixth with his first.

Sterling Breaks Into Win Column

Sterling City broke into the win column of the City Softball League here Thursday evening at Skateland's expense, 6-5, but it took an extra inning to do it.

It was no fluke score, however, for Myrick led off with Peel's double, then scored on Balaban's roller. This was Peel's second double of the game, and Balir and Stewart also contributed two-ply knocks. Don Ritchey and Roland Fryar each doubled for Skateland, but to

avail. Myrick, the winning pitcher, struck out, as did Gene Simpkins, charged with the loss.

In the first game, Austin's Enco protected its league lead with a 8-0 victory over Sterling City. This ran Austin's string to 7-0 for the season. Thebert Camp scattered Sterling City's five hits well, allowing no more than four men to bat in an inning except the first when five got aboard. Frank Stewart doubled for Sterling City and Tommy Young doubled for Austin. Roy New and Bernard McMahon settled the issue with a couple of homers.

Big Inning Is Enough For Devils

The Devils scored all their runs in one inning, but it was enough to tag the Yankees 7-4 in the National Little League Thursday.

Hundley led the hitting for the Devils, going three for three, while Gary Hooser was holding the Yankees to five hits, two of them by Mims. Bradshaw was charged with the loss. The Yankees are now 4-11, the Devils 6-8. The box score:

Pirates Blank Jets In American

The Pirates laid it on the Jets, 8-0 in the American Little League Thursday evening. For all practical purposes the Corsairs settled the issue in the first inning with two runs on Ronald McKee's homer, Earl Reynolds allowed the Jets only two hits striking out 15 of them while applying the old white-wash. Ducky Robertson pitched good enough ball ordinarily to win, allowing but four hits to the Pirates. The box score:

(FIRST GAME)

Texas Out Of It

North Carolina State's Francis Combs heads for home in third inning of College World Series last night in Omaha. Combs scored on a sacrifice fly to right. Waiting for throw is Texas catcher Tommy Harmon. North Carolina State won 6-3 and eliminated Texas from the tournament.

Salmon Steps In A Hole, Giving Oakland A Win

By The Associated Press

Sudden Sam McDowell had Oakland batters in a hole most of the day but when Chico Salmon found a divot of his own, it was the Indians who fell in it. McDowell's superb pitching performance was spoiled when Salmon stepped into a hole and fell down chasing Sal Bando's hit in the 11th inning, allowing Danny Cater to score the only run in Oakland's 1-0 victory over Cleveland Thursday.

In the only other American League games played, Detroit topped Minnesota 3-1 and California took Boston 4-3. The Angels and Red Sox were tied 1-1 in the sixth inning when the second game of their doubleheader was suspended so California could catch a plane.

HARD LUCK McDowell had allowed just two hits through the first 10 innings—none until the seventh. Bert Campaneris opened the 11th with a single but was cut down stealing. Then, with two out, Cater beat out an infield hit.

Next Bando looped a hit to left field. As Salmon started after the ball, his knee appeared to lock and he fell down. Cater scored on the play and Bando was credited with a double.

"I must have stepped in a hole or something," said Salmon. "All I know is I stepped and (his left knee) twisted over. I couldn't get up."

California rallied for three runs in the eighth inning, with Bubba Morton's pinch single the key blow, and defeated Boston in the opener of their doubleheader.

The second game will be completed on California's next visit to Boston.

Make Way For Sluggers

By The Associated Press

Ernie Banks, Willie McCovey, Ron Santo, take your 908 career home runs and make way for Dearly Dick Schofield. Slugging Steve Carlton, Clouting Clay Watson.

Those last four bombers boast 68 career homers among them today, which is four more than they had a day ago.

They all cracked their first 1968 homers Wednesday night, while McCovey, Banks and Santo, respectively, in afternoon contests.

Schofield and Carlton connected as St. Louis tripped Atlanta 3-1 in 13 innings. Dalrymple unloaded to help Philadelphia nip Houston 3-2, while Watson socked his for the Astros in a losing cause.

Banks and Santo got theirs as the Chicago Cubs whipped Cincinnati 8-4 while McCovey's failed to prevent San Francisco's 8-7 loss to Pittsburgh. The New York Mets and Los Angeles were not scheduled.

St. Louis and Atlanta were locked in a 1-1 battle through 11 innings with pitcher Carlton's first major league homer the only Cardinal run.

Schofield and Carlton connected as St. Louis tripped Atlanta 3-1 in 13 innings. Dalrymple unloaded to help Philadelphia nip Houston 3-2, while Watson socked his for the Astros in a losing cause.

SHELL wants an outstanding man to wear this hat in Midland

Shell wants an outstanding man to run a really successful station. Qualifications are tough, rewards high. Read details below.

Shell Oil Company is looking for a man who is ready for a CAREER as a Shell dealer, running one of the most successful Shell stations in this area.

You'll be your own boss. Make the decisions, hire your own staff. But you'll have help, too. Shell experts can advise you on bookkeeping, finances, taxes.

You will be backed by Shell's multimillion dollar advertising campaign. And Shell will send you to their Retail Training School—show you the in's and out's of running a PROFITABLE station.

If this job sounds like the chance you've been waiting for, we'll want to talk to you in person and ask you a number of questions. These two are the most important:

- Do you agree that customer service is the most important factor in running a service station?
- Are you a good businessman and a good boss?

If you can answer "yes" to both these questions, we'd like to ask you some more questions. Call collect.

Are you willing to go as low as \$1797 for a new VW?

We don't sell status. Just a car. One that gets about 27 mpg, averages 40,000 miles on a set of tires, and hardly uses oil between changes.

Of course, the fact that it's practical is no secret. And everybody is going to know that you're saving money. But that's the price you pay for Volkswagen.

Barney Toland VOLKSWAGEN

CLARIFIES STATEMENT

In clarifying remarks made by Mrs. Mary Thomas at the Tuesday meeting of the Big Spring City Commission, The Herald erred in not stating that she said a man was beaten up by police and that she said gambling was enforced only on the Northside, whereas it is conducted in other parts of the city as well.

Trio Ready To 'Orbit'

SPACE CENTER, Houston (AP) — Three astronauts said Thursday they're ready to go into "orbit" for a week 58 feet above sea level in a spacecraft they call "the proud bird with the heavy tail."

The trio, Joseph Kerwin, Vance Brand and Joe Engle, joked their way through a press conference Thursday after final plans for their space simulation test were announced. The test is scheduled to begin its seven and one-half day run on Saturday at the Manned Spacecraft Center. The astronauts will climb aboard a model of the Apollo command and service spacecraft bolted down inside a steel space simulation chamber. The air in the chamber will then be pumped out to create a near-vacuum closely resembling outer space and the crew will live inside the pressurized space cabin just as they would in actual space.

Newsmen were shown a decal put together by the crew as the mission's emblem. It shows a roadrunner—a non-flying bird—and bears Latin words which roughly translate "The proud bird with the heavy tail."

"We'll have the world's first constant latitude... orbit with a period of 24 hours and an apogee (high point) and a perigee (low point) of 58 feet," Kerwin cracked. He also said the crew will be the first to try out some special space age playing cards. The cards are made of aluminum as a fireproofing measure. "We'll probably play hearts," said Kerwin, the test command pilot who did most of the talking. "We desperately need a fourth (for bridge), but they didn't see fit to give us one."

Although not designed to fly, the test craft, called the ZTV-1, is a near duplicate of the Apollo 101 command and service module which will fly on a manned space mission in September or October.

Officials told newsmen the main purpose of the test is to verify the design integrity of the structure and systems of the spacecraft design. The test will be the final design verification before Apollo 101 flies.

Hey Look! No Cavities!

Lupa is one killer whale that's not in danger of developing bad breath. Pedro Ponciano, her keeper at the Coney Island Aquarium in New York City, regularly lures her to the edge of the pool with a fish and when she opens her mouth to

grab the tasty tidbit—sounds, in goes the toothbrush. The 18-foot whale has learned if she puts up with the brushing, eventually she will get the fish.

Security Men Stay Busy Shielding Top Candidates

By The Associated Press

Hovering conspicuously wherever the candidates appear, security men have given a new, grimmer look to the chase for the presidential nominations.

Country music was part of the come-on in Atlanta Thursday at a George Wallace rally, but no one got into the auditorium without passing Secret Service agents and other security men at the doors.

And anyone carrying anything larger than an ordinary-sized purse was searched.

In other parts of the country there were these other touches of the new look:

BLANKET
 A 27-man security detail blanketed Sen. Eugene J. McCarthy, D-Minn., as he left a New York hotel.

—Secret Service men were on each floor of the Tulsa, Okla., hotel for a gathering of most of the nation's Republican governors. State troopers by the dozen also were on hand, as were Tulsa policemen.

—Gov. Ronald Reagan of California was heavily shielded by police as he left a \$100-a-plate dinner in Indianapolis. All of the auditorium's doors were locked during his address.

McCarthy, campaigning for

the first time since the Kennedy slaying, urged the nation to look deep for the ills that need healing.

"Americans in these days are concerned with the wave of violence, of which the assassinations of political leaders is the most striking symptom," he said in a speech before the Fellowship of Reconciliation in New York.

CLOSE TO CHEST
 With the death of Kennedy, McCarthy's only rival for the Democratic nomination is Vice President Hubert H. Humphrey, who has not yet resumed campaigning.

In the Republican race, Gov. Nelson A. Rockefeller of New York was at the Tulsa governors' meeting today, looking for support. His aides said they would not press for public commitments.

Twenty of the nation's 26 GOP governors were at the gathering but many were playing it close to the chest when it came to speaking for either Rockefeller or his principal opponent, former Vice President Richard M. Nixon.

Some governors said they wanted to use the meeting to promote the idea of a ticket headed by Rockefeller with Reagan as the vice presidential

candidate. Reagan is also present at the conference.

In Indianapolis Thursday night the Californian, a hard-liner on the war, said: "It is time to tell friend and foe alike we are in Vietnam because it is in our national interest to be there—and whether it offends friend or foe we are going to do what has to be done, beginning now."

VICTORY?

Nixon planned to be the commencement speaker today for daughter Tricia's graduating class at Finch College in New York City. Tricia has a job waiting as soon as she gets her degree. She'll join her father's campaign team.

Moving to Tennessee today, Wallace continues a fund-raising tour of the South. The American Independent party candidate promised victory to

Or Grow A Beard

MIAMI, Fla. (AP) — A Miami judge ordered probation Tuesday for a woman charged with putting an eight-inch gash across her husband's chest with a single-edge razor blade. The judge advised the husband: "You had better get an electric razor."

Kasch Named Low Bidder

AUSTIN—Kasch Bros. Construction Co., Big Spring, was low bidder of \$1,430,000 on an over-all construction for the state school and reception center for girls at Brownwood. The bids were released Thursday by the state building commission.

Bids also were taken, the commission said, on separate construction items. Low bidders were J. W. Cooper Construction Co., Odessa, for general construction, \$561,000; Brooks Electric Inc., Amarillo, electrical work, \$102,619; and McHorse Plumbing and Heating Co., Brownwood, \$389,925.

The commission may award one single contract for over-all construction or award separate contracts for each separate construction item.

A spokesman said the commission would talk to officials of the Texas youth council before awarding the contracts, probably next week.

Sorry About That

GAYLORD, Mich. (AP) — Radio newsmen Bob Brooks of WATC Wednesday walked into the local police station to interview the city's new parking meter reader, Larry Reichert. But Reichert was outside slapping a parking ticket on Brooks' car.

HIGHLAND CENTER
 Serving Hours 11 A.M. To 2 P.M.—5 P.M. To 8 P.M.

Pineapple Lime Delight	22¢
Surprise Pecan Pie	25¢
Hot Spicy Apple Dumplings	19¢

Dear Abby

A Surgeon's Fair Fee

DEAR ABBY: My husband went to the hospital for an operation which we knew would be serious, but we didn't know HOW serious. To make a long story short, he died on the operating table after nearly three hours of surgery.

As you can imagine, I was pretty well broken up. Just as I was getting over the shock here comes a bill from the surgeon for my poor deceased husband's operation! How money-hungry can a doctor be, anyway?

Anyone with half a brain knows that if the operation had been a success my husband would be alive today, so we can assume that the operation was a failure, right?

Please tell me, Dear Abby, is it considered ethical for a surgeon to send the widow a bill for an operation which failed?

THE WIDOW
 DEAR WIDOW: A surgeon invests the same amount of time, knowledge and skill in an operation which fails as in one which succeeds. There are no guarantees in surgery. If the patient dies, some surgeons will

reduce the bill, which may or may not reduce the resentment on the part of the family. But it is indeed "ethical" to send a bill, regardless of the outcome.

DEAR ABBY: Here is my story: Two years ago I became involved with a married woman. (I'll call her June.) I was also married and I left my wife and children to live with June, who left her husband to live with me. I realized after three months that I had made a terrible mistake, so I went back to my wife who was big enough to forgive me and take me back.

Soon after I left June, she called me at work and told me she was having MY baby. (It could be.) I didn't have the heart to tell my wife about it, but I have been giving June money to keep her quiet, and to support the child. She keeps asking for more, and I can't afford it. I have been so nervous and preoccupied lately that my wife suspects something is wrong, but I've already hurt her so much that I can't tell her. What should I do? IN DEEP
 DEAR IN: First tell your wife. She shouldn't be shocked because she knew you left her to live with another woman. Get yourself a lawyer and let the law decide how much (if anything) this woman is entitled to. And pay up like a man.

DEAR ABBY: I am a widow and I go out very often so my neighbor (an elderly lady) babysits with my two children, a girl, 7 and a boy, 4. Here's my problem:

Every time this lady comes to my home to sit, she brings a little gift for my daughter, but never anything for my son. Sometimes it's candy, a toy, or something of that order. Naturally, it makes the little boy jealous and causes trouble.

I have told her in as nice and subtle a way as I could to bring for both or neither one, but it's like she doesn't hear me. A good sitter is hard to find and I don't want to have to look for another one, so tell me how can I make her understand the trouble she's causing me?

NEEDS HELP
 DEAR NEEDS: You may not be able to, in which case you would be ahead to start looking for another sitter. Perhaps if you skipped the "subtle" approach and simply TOLD her, "either-or," you'd accomplish more.

THE WAIST WATCHER

by Formfit Rogers

Belts are back and so is the need for a middle minded girdle. The Lovelace waist watcher of nylon and Lycra® spandex is a real problem solver. The high riser cuffed top is smoothed over with powernet and won't roll down. Complete the picture with the Lovelace bandeau bra with powerneted sides, back and undercup.

Average length pantie girdle...\$12.50
 Long leg pantie girdle...\$13.50
 Girdle...\$11.00
 Lovelace bandeau bra...\$4.50
