THE SCURRY COUNTY TIMES

VOL. 71. NO. 47 | SNYDER, TEXAS, FRIDAY, FEBRUARY 8, 1957 | EIGHT PAGES—PRICE 5c

FULL BENEFIT of moisture falling here during the past two days was received by land on the Claude McCormick farm west of Snyder, which has a sirup pan terrace system. A graduated system of terraces, one spills water over into another when it fills, giving the water more time to soak. At top, the photograph shows one terrace in the foreground closed at the end, then the next one open at that end. The open and closed ends alternate in such a system. The bottom photograph shows the amount of water between two terraces yesterday afternoon, several hours after the rain stopped. (Lee Watson photographs)

Women Terrorized By Sniper

DETROIT (AP)—A phantom gunman whose nighttime sniping terrorized women in suburban north Detroit since Christmas broke out in a wild shooting spree last night, blazing a trail through four communities.

Prowling the area in a car, the trigger-happy sniper wounded two girls, fired on women standing in bus stops and peppered cars and homes with .22-caliber rifle shots.

Two hours after the first shot was fired, police nabbed Gary Addison Taylor, 20, of suburban Southfield Township. He was cornered after a wild hide-and-seek police car chase that led down side streets and alleys.

Oakland County Asst. Prosecutor William Lang said Taylor told him he was the phantom sniper.

Lang quoted Taylor as saying, "I just had an urge to shoot at women."

Lang said Taylor, a factory worker, appeared to be a mild-mannered, shy youth.

He was held without charge.

Last night's outbreak began when Shirley Eland, 19, was shot in the shoulder as she stepped on to the porch of her home in Bloomfield Hills about 20 miles north of Dertoit. She was not seriously hurt.

Then the gunman headed through southern Oakland County toward Detroit.

A bullet was fired from a passing car at two women standing in a Royal Oak bus stop. The shot went between them, piercing the cloth of both their coats.

Five minutes later a shot zinged through the rear of a station wagon about three blocks south of the bus stop.

In the next 30 minutes shots were reported by an 18-year-old girl who was fired on but not hit, by four home owners whose windows were shattered, and by Vincent McCarthy, whose 11-year-old daughter Carol Ann was hit. The bullet grazed her cheek as she sat on a sofa in the living room of her home.

The sniper first struck the night of Dec. 22 when he shot a girl in the back. She was not serously injured.

The sniping was sporadic after that. Most of the targets were women.

Lake Rises, Flood Begins To Subside

A rise of about 10 inches or more had been recorded at Lake J. B. Thomas near here by just before noon today as a result of one to three inches of rainfall in the lake's watershed.

Both the Colorado River, on which the lake's dam is built, and Bull Creek, which is also dammed and channelled into the lake, were still running at noon, and a little more rise in the lake was expected.

The lake was rising this morning at the rate of about .02 of a foot every two hours.

So far, the lake's increase from the rain has been from an elevation of 2,248.24 to 2,249.10.

There was some damage to terraces on farms in this area from rains, but for the most part farms reaped only benefit in storing moisture in the soil, both from Wednesday night's rain and the moisture the day before.

There was still some cloudiness here at noon, and the weather forecast called for possible thundershowers.

By The Associated Press

The Clear Fork of the Brazos River was receding rapidly at Sylvester in Fisher County Friday after rains up to 6 inches sent its floodwaters over farm lands of that drought area.

Two families that were evacuated at Sylvester were expected to return to their homes during the day.

The crest of the flooding river was due at Hawley, 12 miles north of Abilene, and later in the night at Lueders. No damage was expected at either place, the Highway Patrol at Abilene said.

Part of the Lueders Baptist Encampment grounds were flooded Thursday.

Farm Road 57, northeast of Sylvester, was washed out in one place, almost washed out in a second and closed to traffic.

The river crest passed Sylvester early Friday after spreading several hundred yards out of its banks east of the city.

Sheriff A. Rollans of Roby said U.S. 180 between Anson and Roby was closed to traffic from 9 p.m. until last midnight.

Mr. and Mrs. L. W. Moore, who live 20 miles north of Sweetwater, said their car was washed into a nearby creek after it became stuck Thursday in a ravine following heavy rains.

The river, just east of Sylvester, spread several hundred yards out of its banks near the city. The water was expected to recede slowly. Rains in the area ceased during the night.

Only one family was reported evacuated.

U.S. 180 between Roby and Anson was closed from 9 p.m. until last midnight, Rollans said.

The high water washed out some terraced farmlands, but the sheriff said he didn't expect it to reach farm homes.

The heaviest rain reported was at the Harold Fomby ranch, in southwest Fisher County, where 6 inches was recorded and where a deluge washed out a stock tank dam Thursday.

The rains filled stock tanks and provided pasture reviving moisture over the entire area.

Fog and clouds blanketed much of Texas except the extreme west, where skies were clear.

Light drizzles fell at Childress, Fort Worth, Dallas and Galveston.

Overnight low temperatures ranged from 34 degrees at Dalhart to 71 at Corpus Christi.

Rainfall reports for 24 hours

See WEATHER, Page 2

WEATHER

SNYDER TEMPERATURES: Yesterday's high 65; low 55; with a 58 degree reading at 7:30 a.m. today.

West Texas—Partly cloudy through Saturday widely scattered thundershowers east of the Pecos and in east part of South Plains this afternoon. No important temperature changes.

School Insurance Policy Approved

The Snyder school board last night voted to establish a new policy in handling insurance on school property.

The change was adopted upon recommendation of a three-man committee of board members who had been studying school insurance policies and who had met with various insurance agents here and heard their recommendations.

The committee was composed of Ross Hemphill, Gene Best, and Bill Grimmett.

The new policy adopted, basically, provides that there will be three servicing agents instead of one, beginning immediately, with their terms to be set so that one will be succeeded by another agent each year, with all future agents to serve three-year terms; that the servicing agents share 60 per cent of the premiums on school insurance and other agents participating in the program share 40 per cent; that an insurance agent, to qualify as a servicing agent, must be a full participant in the school insurance program and have been in the program at least five years, and that servicing agents must further qualify by being approved by the board.

Future applicants for participation in the school insurance program must meet these standards: they must be in the insurance business, earnestly soliciting business from the general public; they must be solvent; they must represent at least five capital stock insurance companies; they must have been in the insurance business in Snyder at least one year.

Servicing agents starting under the new program will be Snyder Insurance Agency, the Deffebach Agency, and Hugh Boren & Son Insurance Agency. Their terms

See POLICY, Page 2

Courthouse Survey Set

The county commissioners court has employed the firm of Brasher & Associates of Lubbock to survey present needs of county and district offices in the courthouse and to report its findings to the court.

The action came because most of the offices in the courthouse are crowded, with no room to expand.

Among the most hard-pressed offices are those of the county clerk and county tax assessor-collector, both offices running out of records space.

The firm is now checking all offices in the courthouse and is expected to report back to the commissioners in a week or so.

Plans Made By Chamber

The Snyder Chamber of Commerce recreation committee took initial steps toward mapping its program of work last night.

The committee, which is headed by Victor Baze, plans to concentrate much of its effort toward promoting Lake J. B. Thomas as a regional recreation center and in promoting Snyder as the headquarters city for a vast recreational center.

At the same time, the committee will continue other seasonal projects, such as bringing in area and regional athletic contests.

The committee hopes to be instrumental in distributing regular reports on recreational activities at Lake J. B. Thomas, with emphasis on fishing conditions and results of fishing operations at the lake. The organization plans to make wide distribution of such material, and focus attention upon Snyder as the closest city to the lake.

Local Students Give Rotary Program Here

A group of students of Mrs. Jane Casebier, high school speech-drama teacher, presented a program yesterday at the weekly meeting of the Snyder Rotary Clyb.

Three pantomime numbers were done by Fred McFarland and Clinta Blackard.

A one-act play, "Men Play Cards As Women Do," was presented by Davie Floyd, Jimmy Pior, Bill Smallwood, and McFarland.

Indian Plane Crashes

NEW DELHI (AP)—An Indian Air Force plane with eight aboard crashed today in East India.

EDITOR CLAIMS:

State To Boost Oil If Needed

HOUSTON (AP)—Tom Lester, oil editor of the Houston Chronicle, wrote in the newspaper today that Texas can and will increase its oil production when a definite need is indicated.

Lester said his information came from "people in a position to know."

The writer added, however, that the state allowable is not likely to be raised until the oil can be moved to market without waste.

Continuing, he said:

This fact emerged out of charges from Washington implying Texas is wilfully holding oil production below levels of demand.

Texas oil production could probably be raised more than one million barrels a day for six months or longer without damaging the wells.

A survey last fall showed that something over that production was shut in. Since then, production has been raised about 75,000 barrels daily. Also, there have been new discoveries. Petroleum engineers say, therefore, that the maximum efficient ratio would permit about the same increase today of one million barrels daily.

The report of the survey was printed in newspapers and trade magazines then and read by many people in the East and in Europe.

Apparently, they do not understand why Texas wells aren't just opened up, so that more oil will flow to Europe.

It's not that simple. Transportation and storage facilities are the limiting factors.

West Texas produces 40 per cent of the oil in Texas. Could produce a lot more. But if those wells were opened up, pipeline congestion would block the flow of oil to shipside.

Actually, the pipelines are carrying just about every barrel of oil they could move from West Texas, New Mexico and Oklahoma to the Gulf Coast ports.

They are even using slack sections and moving oil from West Texas to Oklahoma and down to the Gulf; they are sending it to St. Louis and barging it down the Mississippi River.

13 Vote Here By Absentee

A total of 13 persons have voted absentee in the Feb. 16 bond election which will be held here.

The $750,000 right-of-way bond election was called in connection with the freeway proposed by the State Highway Department. The freeway would connect U. S. Highway 84 southeast of town with the same highway north of town and would connect that part of the freeway with U. S. Highway 180 west of town by a leg of the freeway running from north Snyder to the Lamesa highway.

Deadline for absentee voting is midnigh' Tuesday. Voting is done at the office of the county clerk.

Those voting absentee must be planning to be out of town on the day of the election or be ill. Those who are ill must have a physician's certificate before voting absentee.

Five Injured By Trouble On Airliner

CHICAGO (AP)—A big four-engined airliner dropped sharply today in a massive downdraft, injuring two crew members and three passengers.

The unexpected plunge jolted the Eastern Air Lines Super constellation into a drop of some 200 feet as it neared the end of a flight from Miami, Fla., to Chicago.

A spokesman for the air line said the drop probably was made more severe than the usual sinking "bump" such downdrafts usually cause, because the plane's power and momentum had been reduced for a letdown preliminary to landing.

The plane's purser told of "hitting the ceiling" in a "flip" as he sought to aid the stewardess who was tossed to the top of the plane compartment.

The pilot, Capt. Harold Riker, said the incident occurred about 100 miles south of Chicago just after he had trimmed the plane, carrying 23 passengers, for a descending approach to the city.

The U. S. Weather Bureau said there were scattered thunderstorms in the area where the mishap occurred. Such storms cause an unusual turbulence in the air, sometime with gigantic columns of rising warm air, surrounded by corresponding down rushes of colder air.

Refugees Arrive

BELGRADE (AP) — The government said today 16,912 Hungarian refugees have arrived in Yugoslavia—1,885 of them in the last week.

No Shooting, Just Rumor

Police investigated what was rumored to have been a shooting here last night, but thorough investigation disclosed that it was only rumor—no shooting.

Travis L. Steele, police chief, said that an argument between two women in the 2500 block of Avenue V about 7:30 or 8 o'clock last night apparently resulted in the rumor there had been a shooting.

Minute inspection of the yard where the argument took place and the residence of one of the women showed no signs of blood, and the rumored victim of the shooting had left town this morning.

Checks made with ambulance companies and both hospitals here disclosed that they had not handled any shooting victim, also, Steele said.

Deep Creek Flood Problem Discussed

A local group heard a discussion this morning on a possible method for preventing flooding of Deep Creek.

Here to explain amendments to Public Law 566, which deals with preventing floods on small watersheds, was W. T. Moon of Temple assistant state conservationist in charge of flood control planning.

Moon said that amendments to Public Law 566 enabled the Federal Government to pay all costs of construction of dams for detaining floodwaters on watersheds where such projects are declared to be feasible. Such dams cannot impound more than 200 acre feet of water permanently, but merely hold back the floodwaters and let them escape over a period of days thereby preventing sudden floods downstream.

Local funds are required to provide necessary easements, to award contracts for construction and to provide for maintenance. Normally, such funds would amount to about $1,200 per structure, Moon said, with exact amount dependent upon local conditions. He said there would be no way of determining the number of structures need on the Deep Creek watershed without preliminary surveys. However, based on the number of acres involved, he said it probably would be eight or ten dams in the case of Deep Creek.

To implement the program, a local official body must make formal application. This could be the Soil Conservation District board of supervisors, county commissioners or the city government. Initial surveys would be made at no cost to local agencies to determine feasibility of the project. If justified, a project plan would then be developed.

Moon said the biggest bottle neck to the program now was in developing the project plans. Only one crew is available for this work, and there is a heavy backlog of applications. He said some local organizations were hiring qualified planning crews at their own expense to speed up their projects. This procedure, of course, would boost the financial requirements on the local communities.

In some cases, special purpose districts have been organized to handle the local aspects of the projects. In such cases the districts have authority to levy taxes to provide funds for the local requirements.

Moon came here at the invitation of the Board of Supervisors of the Upper Colorado Soil Conservation District. Representatives of that group, the county commissioners court, the city council, the Snyder Chamber of Commerce and various agricultural and conservation agencies attended the meeting.

Firemen Called To Melody Club

A short circuit in an air conditioner yesterday afternoon filled the Melody Club building west of here on the Lamesa highway with smoke, but there was little damage.

D. A. Porter, fire chief, said that wet weather apparently caused the switch on the air conditioner pump motor to short out, and the motor was damaged.

British Royal Rift Is Reported

BALTIMORE (AP) — The Baltimore Sun says London's cafe society is "talking openly of a rift between Queen Elizabeth and the Duke of Edinburgh."

A London dispatch by Sun correspondent Joan Graham reports:

"The whisper started last summer. It was then hinted by the know-it-alls that the Duke of Edinburgh had more than a passing interest in an unnamed woman and was meeting her regularly in the private apartment of Baron, the court photographer who died of heart trouble at the age of 46 last fall."

The dispatch said the gossip gained ground that the Queen's husband was "being got out of the country to cool off," when it was announced that he was to make a four-month round-the-world tour.

The Duke is now at Gibraltar on the last stages of his tour on the royal yacht Britannia. The Sun said it originally had been planned for him to return to London to spend a week with the Queen before she sets out for a state visit to Portugal, Feb. 18-21.

But these plans were dropped unaccountably, and the Duke was whiling away the time at Gibraltar until Feb. 15, when he will sail to meet the Queen at Lisbon. The Queen evidently will spend a couple of days with him on board the Britannia before starting the state visit to Portugal.

The paper added that those who believe there is a rift think the Duke's tour was drawn out unnecessarily.

The Sun said the rumors that all is not well in the royal family had been going on for some months and "are now percolating down to the British masses who only know about the royal family what is printed in the British press."

No hint of a rift has appeared in British newspapers.

The Duke was on his tour at Christmas time. The Queen and her husband exchanged radio greetings.

"We pray, in words used thousands of years ago, that the Lord watch between me and thee when we are absent, one from another," the Duke's message said.

The Queen, in her Christmas broadcast to the British Commonwealth and colonies, said "You will understand me when I tell you that, of all the voices which we have heard this afternoon, none has given my children and myself greater joy than that of my husband."

The royal couple married Nov. 20, 1947. They have two children, Prince Charles, 8, the heir apparent; and Princess Anne, 6.

Couple Plunges To Death In Brooklyn

NEW YORK (AP) — A Brooklyn couple, plagued for years by illness and financial woes, plunged to death today, apparently after their 5-year-old daughter died.

Police said they did not know whether the child died of illness or was slain.

Bloodstains in the family's apartment, in a quiet and reasonably well-to-do neighborhood, added to the mystery.

Police, noting the proximity of the parents' bodies in the courtyard, said it appeared they "went down holding hands together" in their plunge from the roof of the 15-story apartment house.

The dead are Joseph T. Kennedy, 46; his wife, Nan, 42, and the daughter Valerie.

Police Inspector James Lockhart said there was no mark of violence on the child.

Police said there were bloodstains on a shirt belonging to the father, which was found lying on a television set, and blood on a divan pillow in the living room.

Valerie was found dead in bed. She was dressed in blue jeans, brown jersey and shoes and socks. Police said she apparently had been dead since about midnight—three hours before the parents' death plunge.

Police said the parents had been ill for years—the father of a stomach ailment and the mother of asthma—but neither had been in critical condition.

Kennedy had been out of work for years and had been living on funds from relatives.

POLICY

Continued From Page One

will be arranged so that one agent will serve three years, one two, and one for one year so that one agent will go off the committee and one new agent will begin each year. After the original committee, all new service agents will serve three-year terms, but the terms will remain staggered so there will be one change annually.

In the past, there has been only one service agent, and that agent got 10 per cent of the premiums for the service.

During the board's meeting last night, some discussion was held on a water runoff problem at the south side of the football practice field on Forty-second Street. E. H. (Ab) Williamson, president of the board, appointed a committee of Best, Grimmett, and Hamphill to inspect the area with Skipper Joyce, school director of maintenance and transportation, and make a report to the board later.

The salary of John Conley, school athletic director and head football coach, has been raised from $7,500 to $8,000.

Upon request of Mrs. Harold Brown and Mrs. Myron Roe, representing the council of Snyder Parent-Teacher Association units, the board voted to host a dinner for the District 18 board of the Texas Congress of Parents and Teachers during a district conference to be held here March 26-27. The two representatives said it is customary for the school board to do so in the host city of the annual conference.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS: Mrs. Lillie Archer, 1010 Thirty-third; Richard Mason, Box 706; Mrs. Herman Blakely, Route 2, Hermleigh; Mr. L. T. Fletcher, Box 1214; Mr. L. A. Melton, Route 3; Ronald W. Dorman, Box 615; and Jerry Lankford, 116 Canyon Avenue.

DISMISSALS: Mr. H. L. Martin, 2811 Avenue O; and Pamela Hicks transfered to a Dallas hospital.

COGDELL MEMORIAL

ADMISSIONS: Edna Love, Box 433; Gale White, Star Route Ira; Gayle Hilborn, Box 1372; and Betty Frances Cawyer, 2257 Sunset Avenue.

DISMISSALS: Wanda Rhinehart and baby, Route 3, Box 221; Ila Mae Wills, Fluvanna; Jack Lawhon, Box 1412 Clairemont Route; William Leon Reed, 2409 Thirtieth; Mary Evelyn Morris and baby, General Delivery; and Naham Tate, 2405 Avenue L.

Patient Transferred

Pamela Hicks, three month old daughter of Mrs. Verna Caldwell Hicks of the Bootheland Addition was transfered to Baylor Hospital in Dallas Thursday evening from the Battenfield-Jones Hospital by a Bolger Funeral Home ambulance.

Couple Face Prison Terms For Robbery

JASPER, Tex. (AP)—Jerry Fairris, 20, of Fort Worth pleaded guilty today to robbing a filling station and was sentenced to seven years in prison shortly after a jury convicted his wife and sentenced her to five years on the same charge.

In passing sentence on Fairris, Judge Joe Fisher noted that he was the gunman in the robbery. Mrs. Fairris, 28, drove the getaway car. Robert Burns also was sentenced to five years in the robbery.

Mrs. Fairris showed no emotion at the verdict.

The jury deliberated four hours without reaching a verdict after the case was presented to them last night.

Burns has been sentenced to five years imprisonment for his part in the alleged robbery. Trial date for Fairris has not been set.

J. C. Holton, owner of the tourist court that was robbed, identified the pistols he said were used in the holdup. He also said the automobile in which the woman was apprehended was the one used by the persons who robbed him.

Officers arrested Mrs. Fairris at a service station after her car ran out of gas.

Her husband and Burns were arrested a few hours later with more than $300 in their possession, officers testified.

Mrs. Fairris told the jury she and the two men drank vodka in Orange on the morning of Nov. 5 and she remembered driving to Beaumont, but could not recall anything after that until she was awakened by the men and was told to drive to a service station for gas.

Workers Ask Less Taxes For Boss

MORTARA, Italy (AP) — Textile mill employers here marched on city hall yesterday to demand that their boss' taxes be reduced.

Mill operator Giuseppe Barani had called in his 30 women workers and showed them his books. His taxes were skyrocketing. His profits weren't.

"I'll be forced to close down if my taxes aren't reduced," he told them.

The ladies marched on the City Hall at nearby Pieve del Cairo, where the mayor supervises the local taxes.

The mayor refused to see them. The women left their demands and said they'd be back unless something was done.

Fog Closes Drive-In Theaters At Denton

DENTON (AP)—Fog closed two drive-in theatres during the middle of pictures last night.

The Rancho was showing "Many Rivers to Cross" and the Co-ed "The Best Things in Life Are Free."

Patrons got their money back or passes to the next shows.

About 65 percent of all upholstery leather produced in the United States is used in automobiles.

BOY IS MISSING, SO IS HER CAKE

SUNLAND, Calif. (AP) — "Nice day," said the little boy who was sitting on the doorstep, eating a piece of cake, when Mrs. Evelyn Way came home.

"Nice day," Mrs. Way agreed.

Then she went inside. She found: Eighty-eight dollars was missing from her purse.

A freshly baked cake was missing from her kitchen.

Her dog was locked in the bathroom, eating a piece of cake with which he evidently had been lured there yesterday afternoon.

Too late Mrs. Way remembered the doorstep.

The little boy was gone.

Information Need Cited

BISMARCK, N.D. (AP) — Mason Walsh, managing editor of the Dallas Times Herald, said yesterday that it is the people's "right to know" about which newsmen are concerned when they speak of freedom of information.

The managing editor addressed a joint session of the North Dakota Legislature and North Dakota editors.

Walsh spoke on the public's right to know what is going on in government. He is chairman of the committee on freedom of information of the National Associated Press Managing Editors Assn.

"Corruption wilts and withers in the bright light of public knowledge," Walsh said.

"Dishonesty of any sort, in any field of activity, breeds and thrives in hidden places."

Man Sees His Son First Time On TV

HOLLYWOOD (AP)—George Kilgore, 57, saw his son yesterday for the first time on a TV show. The son is Jack Dean, 34, of Pasadena, Tex.

Kilgore, a surveyor, said he and Dean's mother were divorced in Louisiana in 1922 when the son was born and that he believed both of them had died. Dean said he believed his father was dead until a few weeks ago when his grandmother told him his father might be alive. He wrote to a number of towns where his father lived and a postmaster at Hartshoren, Okla., gave Dean the father's address in Oxnard, Calif.

WEATHER

Continued From Page 1

ending at 6:30 a.m. included Sherman .35 inch, Wichita Falls .24, Mineral Wells .16, Lubbock and Childress .03, Fort Worth and Big Spring .01.

Heavy fog with visibility of zero was reported at Wichita Falls and Childress. Fog also was reported at Mineral Wells, Lufkin, Alice, Palacios, Galveston, Brownsville, Corpus Christi and Dallas.

More scattered rainshowers were predicted Friday following the heavy rains that drenched West Texas Thursday.

Houston's 81 degrees Thursday set a heat record for the fourth straight day. Other high readings ranged from 88 degrees at Laredo to 58 at Wichita Falls and Childress.

Other low readings early Friday included: El Paso 43, Amarillo 48, Lubbock 50, Texarkana 54, Brownsville 62, Beaumont 63, and San Antonio 64.

The State Highway Department in Austin said the washout on Farm Road 57, between U.S. 180 and Sylvester at a culvert, would be reopened some time next week.

In Jones County the Clear Fork of the Brazos was expected to close Farm 126 and other Farm roads in the area for a short time Friday.

U.S. engineers said 2,684,000,000 gallons of water seeped into the four lakes serving Dallas since Tuesday.

The long-range forecast called for continued mild weather over most of the state for the next five days with widely scattered showers through Wednesday over much of the state. There may be locally moderate moisture in West Texas mainly from the Pecos Valley eastward and northward through Wednesday.

WOMEN

New Officers Elected In Gail Meeting

GAIL — The Sheriff's Posse and Auxiliary had their first meeting in the new recreation community center Monday night, Feb. 4, at 7:30 o'clock.

New officers for the auxiliary elected were Mrs. Allen Stephens, president; Mrs. Mert Jones, vice-president; Mrs. John Whitmire, secretary-treasurer; Mrs. V. L. Clark, corresponding secretary and reporter.

New directors for the ensuing year are Mrs. John Anderson, Mrs. Ben Weathers, Mrs. James Smith, Mrs. Frank Miller, Mrs. Mardes Clayton, Mrs. Bert Dennis and Mrs. C. C. Nunnally.

A committee composed of Mardes Clayton, Sid Reeder, James Smith, John Whitmire, Mrs. Allen Stephens, and Mrs. Ben Weathers had recently met in the home of Mr. and Mrs. Mert Jones and drew up a set of rules and regulation for the center. These were discussed and some changes made.

Mr. and Mrs. Ben Weathers showed the group pictures taken in Alaska, Canada and different states.

Hostesses Mrs. S. P. Stewart, Mrs. V. L. Clark and Mrs. Lester Hollis served coffee, punch and doughnuts to Mr. and Mrs. John Anderson, Mr. and Mrs. J. H. Beal, Mr. and Mrs. Burl Belew, Mr. and Mrs. Mardes Clayton, Mr. and Mrs. Dick Jones, Mr. and Mrs. Mert Jones, Mr. and Mrs. Frank Miller, Mr. and Mrs. Alton Milliken, Mr. and Mrs. C. C. Nunnally, Mr. and Mrs. James Smith, Mr. and Mrs. Oscar Telchik, Mr. and Mrs. John Whitmire, Mr. and Mrs. Ben Weathers, Mr. and Mrs. W. L. Wilson Jr., Mr. and Mrs. Jack Minter, Bob Beal, V. L. Clark, Sid Reeder and S. P. Stewart.

Some plans were made on the "Womanless Style Show" to be presented Feb. 25 in the Borden High School auditorium.

WHAT'S GOING ON

MISS HUANNA BIRHWELL daughter of MR. AND MRS. HUGH BIRDWELL, 2611 Thirty-second Street has enrolled at Texas Tech after graduating from Snyder High School at mid-term. She will live in Knapp dormitory on the campus.

Skating Party Held Here By '53 Club'

A skating party held by the "53 Club" this week proved to be one of their most successful socials.

Those attending were Mr. and Mrs. Joe Brown, Mr. and Mrs. C. W. Dorman, Mr. and Mrs. Jackie Grimmett, Mr. and Mrs. Jerry Groves, Mr. and Mrs. Billy Bob Keen, Mr. and Mrs. Marvin Dorman, Betty and Sammy, Mr. and Mrs. Charlie Kemp, Shirley Nobles, Mr. and Mrs. Jack Norris, Mr. and Mrs. Billy Don Snider, Mr. and Mrs. Donald Kile and Joe Boyd Groves.

VALENTINE SHIRTS—Make his-and-her shirts in matching colored broadcloth to wear on Valentine Day.

SHIRTS GOING STEADY

By DOROTHY ROE

THE GOING-STEADY CROWD has a new way to tell the world they are meant for each other. They wear matching shirts, made from colored cotton broadcloth in unusual tones such as gold, pale green or olive.

Her skirt may be dressed up with some feminine frills such as rows of narrow ruffles stitched on either side of the front closing and a single row of ruffling around the French cuffs. His shirt is a standard male style.

Local sewing center experts suggest that you whip up a couple of "go-together" shirts in time for Valentine's Day. Less than five yards of fabric will do for both shirts. For his shirt you'll need some interfacing to stiffen the collar and cuffs. For hers ruffling — be sure to get the kind that's already ruffled.

For a young seamstress who thinks a man's shirt requires some pretty expert tailoring, the experts have some reassuring advice. Follow pattern directions exactly, and you'll have little trouble. Those flat felled seams aren't as hard as they sound. Just remember to press the seams as you go, trim carefully and stitch slowly.

The buttonholes come out looking tailored and professional if you use the buttonholer attachment on your sewing machine. Remember, incidentally, that buttonholes on men's shirts always go up and down, not sideways.

The beauty of making a man's shirt is that you don't have to worry about alterations. Get the pattern in the right size — 15½ collar and 34 sleeve, for instance — and the shirt will fit.

For an added fillip, you might make matching neckties, a narrow one for her and a regular one for him. Plan to make hers on an elastic band to snap under the collar.

Matching cuff links? Well, naturally.

Minnie Ellen Cox Becomes Bride Of Donald Lee Reddell

GAIL — Miss Minnie Ellen Cox, daughter of Mr. and Mrs. A. M. Cox of Lamesa, became the bride of Donald Lee Reddell, son of Mr. and Mrs. K. T. Reddell of Gail on Jan. 20. The ceremony was read at 5:30 p.m. in the parsonage of the Key Baptist Church with only a few relatives and friends attending.

Rev. C. R. Kennaird read the double ring ceremony before an archway entwined with blue satin streamers flanked by two large baskets of white mums.

Miss Jo Ann Howard, maid of honor wore a dress of blue satin, trimmed with rhinestones. She wore a shoulder corsage of blue carnations. The bridegroom's brother, Jerry Reddell of Gail served as best man.

The bride wore a street length dress of ice blue brocade, flowers embroidered with pearls, enhanced the sweetheart neckline. She carried a white rosebud atop a white Bible.

The reception was in the church parsonage. Mrs. C. R. Kenniard, Miss Linda Jeter, Martha Kenniard and Doris Kenniard served punch and cake squares from a table laid with a crocheted cloth.

For traveling the bride chose a two piece dress of white wool jersey.

The bride is a graduate of Lamesa High School, where she was a member of the Girl's Athletic Assn., Future Homemakers and National Honor Society. She is employed by Doyle's Floral Shop in Lubbock.

The groom is a graduate of Borden High School. He was vice president of FFA, a football star, and active in other school organizations. He is now attending Texas Tech and is employed at Luby's Cafeteria in Lubbock.

Bedside Gardening Can Help Keep Child Happy

AP Newsfeatures

AS EVERY MOTHER KNOWS, it's hard to keep a child entertained while he's convalescing from chickenpox or measles and has to stay in bed.

One solution is a bedside garden. Almost every child loves to stick seeds in the earth and then watch with wonder as the tiny green sprouts come up and grow into living plants.

You can make a garden for your sick-abed youngster simply and inexpensively. All you need are a few packets of flower or vegetable seeds, some containers and a small bag of potting soil or vermiculite. The latter is an inexpensive, clean, light substance in which seeds sprout easily.

You can use empty coffee cans for flower pots. Punch holes in the bottom, put a layer of pebbles in first for drainage, then fill with the potting soil or vermiculite. The cans may be painted a gay color or merely covered with foil or colored paper. Set each can in a saucer, dampen the soil and let your gardener sow the seeds. Use only one kind of seeds in each container, and label them. Tamp down the seeds, and cover with a little more soil — then wait for results.

Seeds do not need light — only moisture and warmth — to sprout. Cover the containers with a paper and place in a warm spot — a table by the bedside is a good place. Uncover them every day, and add water as needed. In four or five days the first sprouts should appear. From then on, the pots should be placed in the sun. Add a little plant food, keep them watered and watch the seedlings grow.

Junior will have a useful lesson in gardening, in addition to hours of entertainment while he is getting well.

Vinegar For Pans

When washing pans used to cook strong-flavor foods, add a little vinegar to the hot sudsy water. Rinse with hot water, wipe dry, and let air before storing.

Bisquits 'N Ham

A party item that's popular: Take thin slices of freshly baked ham, spread with prepared mustard and sandwich them into hot, split, buttered baking-powder biscuits that are golden brown. Serve with cucumber pickles or relish.

Kenyon-Clark Double Ring Wedding Vows Solemnized

GAIL — Miss Dorothy Marie Kenyon became the bride of Weldon Bennett Clark, at the First Methodist Church in Kingsville, Saturday, Feb. 2, at 7 p.m.

The bride is the daughter of Mr. and Mrs. True Kenyon of Kingsville. The groom is the son of Mr. and Mrs. V. R. Clark of Imperial, Cal. formerly of Kingsville and Gail.

The Rev. Wood H. Patrick officiated at the double ring ceremony in a setting of floor baskets of white stock and gladiolus, flanked by cathedral tapers in branched candelabra.

The bride given in marriage by her father wore a floor length dress of white satin in princess lines, with back fullness flowing into a cathedral train. The fitted bodice was fashioned with a net insert, round neck and cap sleeves.

Her fingertip veil of illusion was caught to a sequin and seed pearl crown. She carried a white prayer book topped with a white orchid.

Mrs. Norman Clark was matron of honor and Miss Manon Ray served as bridesmaid. Candlelighters were Awanda Sue Moon and Toni Leslie. Their dresses were red velveteen, and they carried heart-shaped bouquts of white carnations.

Norman Clark, the brother of the groom, was best man. James Kenyon, brother of the bride, was groomsman. Ushers included Sammy Ramsdale and Jack Flowler. Ricky Clark was ring bearer, their suits were navy blue.

The reception was held in the parlor. The table was laid with a white linen cloth trimmed with lace insertion and centered with the attendant's bouquets. The three tiered cake was decorated with tiny red flowers and topped with a miniature bride and groom.

After a wedding trip through the central states, the couple will live in Parkville, Mo., where the groom is an electrical engineer with Trans-World Airlines.

The couple are graduates of Kingsville High School and Texas A&I College.

Out of town guests were Mr. and Mrs. F. M. Kenyon and Capt. Gary Kenyon of Houston, Mr. and Mrs. Flynn Dennis of Robston, Mr. and Mrs. V. R. Clark of Imperial, Cal., and Mrs. Belle Clark of Big Spring.

Canasta Club At Hermleigh Meets

Ther Hermleigh Canasta Club met in the home of Mrs. James Davidson Wednesday. The Valentine theme was carried out in the decor.

High score prize was by Mrs. Otis Bell and second high by Mrs. Orval Hess.

SUNDAY

Sunday buffet 12 to 2 p.m. at Martha Ann Women's Club. Reservations must be made by 5 p.m. Saturday. For members and their guests.

A little instant coffee added to cocoa or hot chocolate gives interesting flavor.

Sweetheart Banquet Held At Ira Church

The Ira Baptist Church will hold a Sweetheart Banquet Thursday, Feb. 14, at the church for the young people of Ira community. The Rev. W. C. Allen and wife from Abilene will be guests of the banquet. Rev. Allen will be the speaker, and his wife will render vocal selections. He is educational director for the Immannuel Baptist Church in Abilene. Attendance is expected to range around 60.

Moths, Not Myths

Did you store any clothing in a cedar chest or cedar closet before you sent it to the dry cleaner? If so, beware. Moth larvae continue to develop unless killed by cleaning. Keep your cedar closet cool, too. Moths like warm places.

SEEK TOURNEY TITLE—The Snyder Junior High 8th grade basketball team, above, will be gunning to capture their own invitational tournament title here tomorrow. The Blue Devils will meet Lamesa at 3 p.m. tomorrow in the semi-finals. From left to right, the 8th grade members are: FRONT ROW—Mike Moffett, Reginald Scarborough, Larry Patterson, Bubba Fleming and Roger McMennamy. MIDDLE ROW—Jimmy Don Koonsman. Tommy Galyean, Frank Moore, Stanley Kruse and John Billy Koonsmtn. BACK ROW—Coach Ace Amos, Tommy Minton, Eddie Lloyd, Ronnie Eades, G. D. Reep, John Weaver and student manager Graydon Hicks. (Lee Watson Photograph).

Junior Hi Tourney To Be Concluded Here Tomorrow

The 1st annual Snyder Junior High Invitational Tournament will be completed tomorrow at the Junior High Gym.

Originally slated for Jan. 25-26, the tournament was interrupted by bad weather after the first day. Icy road conditions made it impractical for most of the visiting teams to return for the second day.

Before play was halted, one team, Sweetwater, had already gained the championship finals.

Sweetwater will meet the winner of the Snyder-Lamesa game for the tournament title tomorrow night.

Snyder and Lamesa will kick off festivities tomorrow at 3 p.m. when they clash in a semi-final game.

The remainder of the tournament will be played tomorrow night, starting at 6. Andrews and Stamford will meet for consolation title in the opening game of the night card.

At 7, Big Spring will meet the loser of the Snyder-Lamesa game for third place.

Sweetwater will then meet the Snyder-Lamesa winner for the tournament championship at 8.

Trophies will be awarded immediately following the championship game. Team trophies will go to the first, second and third place teams and consolation while each member of the all-tournament team will receive a minature trophy.

The trournament, which included only 8th grade teams, attracted eight teams.

Ace Amos, Snyder 8th grade coach, is the tournament director.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

SWEETWATER'S FINE showing against the Tigers Tuesday night still wasn't enough for a certain sports scribe in the Nolan County seat.

Since the story appearing in the Sweetwater Reporter Wednesday about the game didn't have a "by line," we can't point an accusing finger at any one person but the author of the story stretched the truth more than somewhat.

Here is a paragraph taken from the game story in Wednesday's Sweetwater paper:

"As late as six minutes deep in the fourth quarter, the Mustangs held a four-point lead, chiefly on the red-hot shooting of John Craft, playing his outstanding game of the season."

Truth of the matter is that Sweetwater was never in the lead in the final quarter. We're sure the author of the story took no notes on the game and was writing from "memory."

When Israel Hinojos hit a field goal in the first 10 seconds of the fourth quarter it put the Tigers ahead, 52-50, and the Bengals never trailed after that.

Sweetwater did tie the count twice at 59-59 and 61-61 before the Tigers closed with a rush for a 65-61 victory.

We'll be first to admit Sweetwater turned in a noble performance against the Tigers Tuesday but we see no since in "pulling the wool over readers' eyes" in making it sound better than it really was.

A re-check of figures showed Sweetwater shot at a 41-percent clip on her field goal attempts instead of the 37 percent originally stated.

Craft was the "hottest" Mustang shooter with 9 of 20 for 45 percent. Most of Craft's buckets were from beyond the free throw circle and were made on the dead run.

Ex-1-AAA Stars Top Picadors

The Tigers' Milton Ham, using a variety of shots, hit 8 of 20 for 40 percent, a good night's work for anyone.

Four members of the Texas Tech freshman basketeers are currently scoring in double figures for the season and three of them were members of District 1-AAA last season of which the Tigers were a member.

Robert Echols of Amarillo Palo Duro is the top Picador scorer with an average of 15.9. Gene Arrington, also of Palo Duro, is averaging 13.4 and Dale McKeehan of Sweetwater is sporting a 13-point scoring average.

The fourth Tech frosh hitting better than 10 points per game is Pat Noakes, 6-10 center from Fort Worth Poly who has a 15.1 average.

Another 1-AAA alumnus, James Wiley of Lubbock Monterey, is just under 10-per game with a 9.4 average. These five fellows, four of them 1-AAA graduates, comprises the Picador starting lineup.

The Tech freshmen, coached by ex-Tiger mentor Gene Gibson, have lost only one game in nine starts this season.

Lamesa Fans High

Lamesa certainly has her hopes high of upsetting the Tigers tonight. As a sample, here is a portion of a story appearing in the Lamesa paper yesterday:

"The majority of Tornado cage fans are optimistic about their team's chances here Friday night. Most of the optimism can be based solely on the improvement of the club since that dismal opening week, early in December.

"Since that time the club has improved with a resounding ring heard up and down the district. A Lamesa team that was rated slightly better than one of the also rans, now finds itself firmly entrenched in the role of a giant-killer.

"Lamesa fans are also basing their optimism on Coach O. W. Follis and his uncanny ability to come up with a cage team when things look darkest.

"He has always had the uncanny ability to produce the upsets by winning the games that the Tornadoes aren't figured to win. This could be another such game."

Well, Follis didn't pull the trick in football. Here's hoping the Tiger cagers will break a long Tornado Gym "jinx" tonight and bring the Bengals their first undisputed Triple-A district cage title.

After a glance at our Crystal Ball, we came out with this conclusion:

Snyder 64, Lamesa 59.

Brackenridge Course Is Toughened Up

SAN ANTONIO (AP)—The touring golfers will find Brackenridge Park course tougher than ever before when they play in the $20,000 Texas Open here next week, tournament director Leroy Brannen said today.

Noting the statement at Tucson that the Texas Open course was easier than the one there, Brannen declared:

"These fellows won't be shooting 60s on Brackenridge this year. We have added 300 yards to it, put in new tees and the par 36-35—71 6,490-yard course will be a good test of golf."

Some of the top players had shunned the Tucson Open because PGA Tournament Supervisor Harvey Raynor said they didn't want to play on the course.

In the past Brackenridge has been the butt of jokes because it has proven so easy for the touring pros. Several 60s have been shot there and Mike Souchak set all-time record when he won the 1955 tournament with 257 for 72 holes.

Last year the Texas Open was moved to the tougher Ft. Sam Houston course, where Gene Littler won it with 276. But it was moved back to Brackenridge this year on popular demand and because the course was improved and toughened up.

SMU Drills Moved Up

DALLAS (AP) — The opening of spring football practice at Southern Methodist University has been advanced one day to Tuesday, Coach Bill Meek said yesterday.

Meek said the opening day was advanced to avoid conflict with classes of squad members.

Title Tilt At Lamesa Tonite

The "game of the year" in the District 3-AAA basketball race will be unreeled tonight when the unbeaten Tigers go against the challenging Lamesa Tornadoes at Lamesa.

Tipoff time will be at 8 p.m.

The Tigers can nail down the pennant by winning tonight while the Tornadoes can throw the race into a two-way deadlock with a victory.

Snyder currently is leading the race with a 6-0 record. Lamesa is one game behind with a 5-1 mark. Lamesa, thus, could tie the Tigers for the lead by emerging victorious tonight.

Snyder dealt a 64-45 licking to the Tornadoes when the two teams met in the first round at Tiger Gym.

But Lamesa is doubly dangerous on her home court and the Tigers will perhaps have to go all out to win tonight.

One of the largest crowds in Lamesa history is expected to jam Tornado Gym tonight. Much of tonight's crowd is expected to be Tiger fandom.

On the season, the Tigers have a 12-5 record as compared to Lamesa's 10-18. Most of Lamesa's losses, however, came in the first month of the season.

Milton Ham, the Tigers' leading scorer, and reserve Israel Hinojos returned to the Tiger camp yesterday after missing Wednesday's drill with a cold.

Two other Tigers, forward Robert Dabbs and guard Ronnie Smith are nursing colds but both are expected to be fit to start tonight's game.

The Tiger starting lineup will consist of Ham and Dabbs at forwards. Prince at center and Smith and Powell Berry at guards.

Lamesa starters are expected to be Web Corbin and Doyle Goolsby at forwards, Wayland Holladay at center, and Ewell Prather and Jim Barr at guards.

Prather was the big gun for the Tornadoes in the first game with the Tigers with 20 points, one more than Ham, the Tigers' high man, garnered.

Tonight's game will be preceded by a B game at 6:30.

Big State Loop To Go With Six Clubs

ABILENE (AP)—The Big State League is set to go with six clubs this year, President Hal Sayles said today.

Waco and Texas City dropped out, will not be replaced and the Class B league will open a 150-game campaign April 17.

Making the race this season will be Wichita Falls, Abilene, Port Arthur, Victoria, Beaumont and Corpus Christi. Five of them have tieups with Big League clubs—Abilene with Kansas City, Beaumont with Pittsburgh, Corpus Chrispi with Milwaukee, Port Arthur with Cincinnati and Victoria with Brooklyn. Wichita Falls will be an independent by choice.

Shiner High Draws One-Year Suspension

AUSTIN (AP)—A one-year ban for mistreating officials has been placed on Shiner High School by the Interscholastic League.

The ban means that Shiner will be ineligible to participate in the League football program during 1957, according to Dean James R. D. Eddy, executive committee chairman of the League.

The League said the suspension resulted from a protest registered by D. R. Voelkel of Victoria, secretary of the Victoria Chapter, Southwest Football Officials Assn. Voilkel made the charge for an incident during the Shiner-Flatonia game at Shiner last November.

Tech Maps 16-Game Baseball Schedule

LUBBOCK (AP)—Texas Tech has mapped a 16-game baseball season with three Southwest Conference teams included.

Tech is a member of the conference but isn't yet eligible to compete for the championship.

The Red Raiders open the season with Texas A&M at College Station March 11, play Rice at Houston March 12 and Texas Christian at Fort Worth March 18-19.

Hardin-Simmons, West Texas State and Sheppard Air Force Base make up the remainder of the schedule.

Coach 'Quits'

CARLISLE, Pa. (AP)—Brinton C. Piez, varsity football coach at Dickinson College, said today he had resigned at the request of the college.

SNYDER AREA CHURCH NOTES

Trinity Methodist Sets Groundbreaking Ceremony

Groundbreaking ceremonies for a parsonage to be built for the Trinity Methodist Church will be held at 2 p.m. Sunday.

The new parsonage, which will be located just east of the church, will be of brick construction and will have 1,825 feet of floor space, including three bedrooms, two baths, a den, a combination living-dining room, and a double garage. Jay Tate is contractor.

A basket lunch will be held at the church at noon Sunday. At the 10:55 a.m. service, the pastor, the Rev. Elton Wyatt, will speak on "The Decision We Make Concerning Christ," and the choir's anthem will be "All Hail the Power." The evening service time has been changed to 7:30 p.m., and the youth service will be at 6 p.m.

* * *

The Rev. Paul Janson, pastor of the Grace Lutheran Church, will conduct his final service as pastor there Sunday. He will be succeeded next week by the Rev. Walter Lentz of Corpus Christi. Rev. Janson's subject at the Sunday 10:45 a.m. service will be "The Tares Among the Wheat." The Jansons will leave here next Friday, visiting in Nebraska and Ohio before living in Pennsylvania.

* * *

The Rev. Ellis Todd, West Texas supervisor of the Christian Rural Overseas Program of the Methodist Church, will be speaker at the Sunday 10:55 a.m. service at the First Methodist Church. The choir will sing "Children of the Heavenly Father." At the 7 p.m. service, Rev. Todd will show films recently made while he was in Haiti. The men's choir will sing.

* * *

Guest speaker at the First Baptist Church at the Sunday 11 a.m. service will be Dr. J. B. Adair of Hardin-Simmons University, Abilene. The choir's special music will be "The Lord Is My Light and My Salvation." At the evening service, the Rev. G. M. Cole, pastor, will be back from conducting a revival meeting at Lueders and will speak on "Heaven." The choir will sing "The Pearly White City."

* * *

The Rev. John Reaves, pastor of the First Christian Church, will speak on "The Prisoner Converts His Officer" at the Sunday morning service.

* * *

"Beatitude By Paraphrase: Blessed Are the Frustrated!" will be the subject of the Rev. Julian Hendren, pastor of the First Presbyterian Church, at the Sunday 10:55 a.m. service. The anthem will be "Lord Jesus, I Love Thee."

* * *

At the Avenue D Baptist Church, the Rev. A. J. Martin, pastor, will speak on "Can Religion Save the World?" at the Sunday 11 a.m. service. His subject at the 7:30 p.m. service will be "Will God Spare?" On the 7:45 a.m. Good News broadcast on KSNY, he will speak on "What the Cross Reveals."

* * *

The Rev. Donald Hungerford, vicar at the St. John's Episcopal Church, will speak on "What Is the Kingdom of God?" at the Sunday 11 a.m. service.

* * *

Subjects of the Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, for Sunday include "Thou Shalt Not Kill" on the 8:30 a.m. Calvary Baptist Hour on KSNY, second in a series on the Ten Commandments; the adult Sunday school lesson at 10 a.m. on Acts 23; "The Purpose of Gospel Preaching" at the 11 a.m. service; and "Worthy Is the Lamb That Was Slain," eleventh in a series on The Revelation, at the 7:30 p.m. service.

* * *

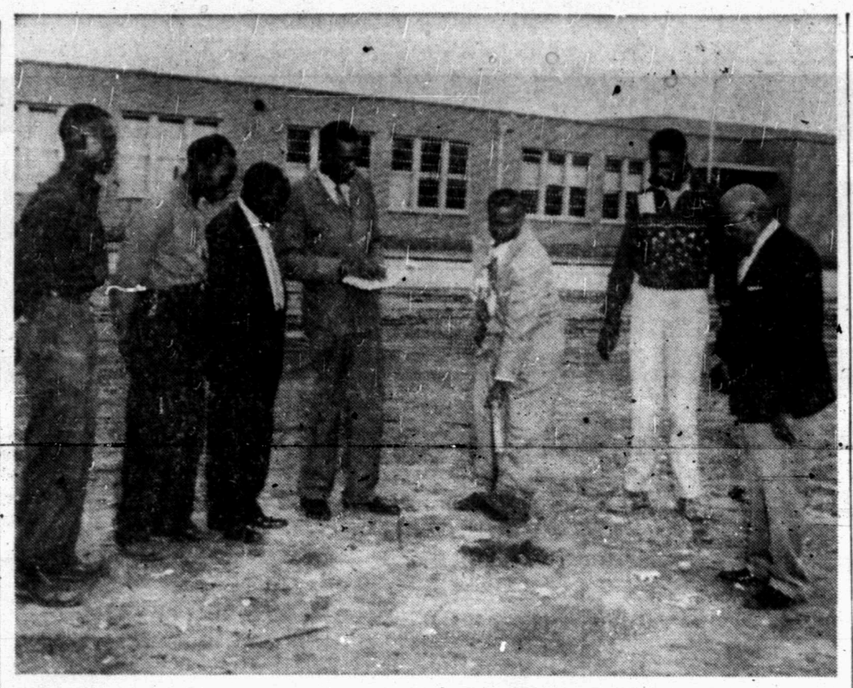

The Rev. P. D. Sullivan, missionary to Latin-Americans here, will be guest speaker at the Ira Baptist Church Sunday. His subject will be "Our Greatest Mission Opportunity."

JW Assembly Set

The first semi-annual assembly of Jehovah's Witnesses this year will be held at Pecos March 8-10.

The last such meeting was at San Angelo last September with 700 attending.

J. D. Cook, presiding minister, will head a delegation of 20 from Snyder. Some will go to Pecos this week to help with preparations for the meeting and join in a house-to-house canvass of the city to find rooms for visiting delegates.

CONSTRUCTION will begin within the next few days on the new building of the Friendly Will Baptist Church which held groundbreaking ceremonies yesterday afternoon. Shown at the groundbreaking, left to right, are Josie Johnson, deacon; W. Daniels, deacon; the Rev. R. L. Washington, pastor of the Weeping Mary Baptist Church at Anson; the Rev. A. Todd, pastor of the St. James Baptist Church at Colorado City; the Rev. F. K. Williams, pastor of the Mount Rose Baptist Church of Sweetwater, turning the first spade of soil; Otis Archie, deacon; H. Y. Benjamin. Rev. Williams officiated in the absence of the Rev. C. Crayton, who was out of town. (Lee Watson photograph)

Day School Scheduled By Episcopal

A day school for children of nursery and kindergarten ages will be opened March 1 by St. John's Episcopal Church.

Principal of the school will be the Rev. Donald Hungerford, vicar, and the teaching staff will be Mrs. Russell H. Perine, assisted by Mrs. Dan Warren.

The school will be chartered by the state.

Operated under auspices of the Episcopal Church, the school will be patterned after Episcopal schools in Texas and will work in cooperation with the Snyder school system.

A daily chapel service will be held, and a definite amount of Christian education will be tied in with the program of teacher-directed activities in art, music, conversation, social studies, games and rhythms, science and nature study, stories, and dramatizations.

The school is being originated to help meet a need in Snyder for an institution to prepare an emotional, physical, social, and spiritual readiness in children to enter public school, Rev. Hungerford said. There will be a limited enrollment but there will be room for several children beyond the parish membership in the spring term. Brochures and information are available from the vicar or from Mrs. Thomas F. Hartley.

Members of the parochial school committee include Mrs. Hartley, Harland Birdwell, Scott Patterson, Mrs. Perine, and the vicar.

First Christian Is Planning Revival

Plans are being made for a revival meeting at the First Christian Church Feb. 17-March 1.

The Rev. Amos Myers of the Magnolia Avenue Christian Church in Fort Worth will lead the revival.

Committee chairmen for the revival include Bill Seeker, spiritual life; Mrs. Pat Carnes, discovery; Mrs. Ann LaRue, cultivation; Mrs. R. B. Huestis, membership and culture; Mrs. Robert von Roeder, visitations; and Mrs. David McIntosh, food.

Seals are not fur-bearing. Those "seal-skin" coats come from fur-bearing sea lions.

TRAVEL NOTES

Inez Baffled By Some Questions

BY INEZ ROBB

As any reader knows, infallibility is the hallmark of columnists. But the customers have been asking me some questions that don't register in the crystal ball, and I might as well say so in public.

For the life of me I can't tell — much less guarantee — that all the correspondents who are hesitantly planning a European tour this summer will be happy, once they get there. (Are they always happy at home?)

With the world situation (meaning the Suez mess) such as it is, a bushell basket of letters ask me (just back from Europe) to give hard and fast answers to questions in three main categories, to wit:

(1) Is everyone in Europe so mad at Americans that he or she will be snippy and rude and so ruin my trip?

(2) Will shortages (mainly fuel oil and gasoline) caused by the Suez crisis make my trip difficult and dreary?

(3) All things considered, will I be happy in Europe next spring, summer and autumn, and have a good time?

A short, snappy answer to all these is, "Darned if I know!" The success of no other undertaking in life is more dependent than travel upon the individual, his disposition and his general attitude toward other peoples and other places.

But to answer the questions, one by one:

Is everybody mad at us? Well, of course not! When I reached England, the first question everyone asked me was, "Are all Americans furious with us?" How absurd! We ain't mad at them; they ain't mad at us. Don't confuse people, per se, with their governments!

At no time in 20 years of constant travel have people ever been more kind and the hospitality more warm and genuine than in England and Austria, where I traveled last month.

As for other European countries, I have heard no reports of any fellow-countryman being tarred and feather in Helsinki, Paris, Rome or Lisbon. And I don't expect to, if for no other reason than that no one ever roughs up Santa Claus, as Al Smith first observed. And in Europe, the American tourists is Santa, if not king. Furthermore, if the American is polite, certainly the Europeans he meets will be, too.

Second, how will shortages affect a European vacation in 1957? I can't even make a stab at answering that one. It is possible that the Suez Canal will be reopened in the spring and that Nasser, if he is in a good mood and enough people are licking his boots, will permit oil and supplies to reach Europe. The situation could be considerably eased by summer.

But even if the oil situation is still crucial, European countries have already announced that the tourist will receive as much gasoline as he needs, always within reason. The European nations, in desperate need of dollars, will continue to ration petrol fro their own people to make it available for the tourist. And no tourist will go hungry and-or thirsty.

Third, will the tourist be happy and have a good time? That depends at least 90 percent on the tourist himself.

Are you an easy traveler who likes new food, new faces, new places? Or are you an old grump who complains about everything and thinks anything beyond the city limits of your own home town alien, suspicious and inferior?

If you are an old grump, for goodness' sake, STAY HOME! You wouldn't even be happy in Paradise!

(Copyright, 1957, by United Feature Syndicate, Inc.)

Hidalgo Road Route Okayed By Committee

MCALLEN (AP) — The Hidalgo County Expressway 83 steering committee has approved a generally southern route for the expressway, despite a warning that it would serve less traffic than another route.

The steering committee met last night and announced they would recommend the southern route to the State Highway Commission in Austin Feb. 27.

Representatives of virtually every city in the county were present and most gave vocal approval of the route.

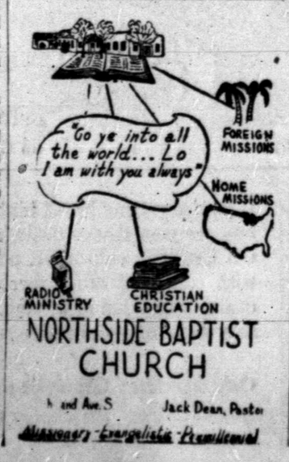

The route north of the present U.S. Highway 83, proposed earlier, was opposed by six of the larger cities. The route approved last night would run south of the highway from Mission through Donna and then north of Weslaco and Mercedes. The expressway will connect with Expressway 77 in Cameron County.

Dist. Highway Engineer Jim Snyder told the group the northern route would serve between 70 and 80 per cent of the traffic now on Highway 83, but the southern route would serve only about 50 to 60 per cent.

City Commissioner H. W. Wallace of Weslaco cast the only vote opposing the southern route.

Well Completed

NEW YORK (AP)—Cities Service Oil Co. said today its Wilson J. 1 well in Cochran County, Tex., has been completed for a daily potential of 403 barrels of oil. The well was drilled 5,033 feet deep.

SUNDAY SCHOOL BOYS WIN GLIDER CONTEST

The Public Spirited Firms and Individuals On This Page Bring You This Weekly Message In The Hope That It Will Point To A Better Way Of Life And Be An Inspiration To Everyone.

FATHER, MOTHER — if your youngster is missing Sunday School, well, he is losing his greatest opportunity to learn the art of better living by precept and example. He may win all the contests, he may be champion in the field of sports, but he must learn how to play on God's team if he wins eternal life. The tried values of religion gained through the glorious company of faithful teachers fortifies him for better living and makes of him a finer citizen. *In Sunday School, principles of chemistry and mathematics give way to teachings of the Holy Bible... the world's best seller.*

Help the youngster win all the clean contests in the community, but be sure you help him win a high mark in being a good neighbor, a brave soldier and a faithful citizen. Help him win all the Church School attendance records, too. *But help him win the final journey from earth to Heaven.* Does your youngster go to Sunday School?

Charge On Water Issue Is Disputed

AUSTIN (AP)—A U.S. Geological Survey official denied today that the government had taken advantage of the state in working on water problems.

"It isn't true," said Trigg Twichell, district engineer for surface water.

State Auditor C. H. Cavness said yesterday the State Board of Water Engineers "over the years, has abdicated in favor of the water resources division of the USGS some of its rights by lack of exercising them."

Not calling him by name, Cavness said Board Chairman R. M. Dixon has not improved conditions at the Water Board since his appointment in July, 1955. Dixon has yet to be confirmed by the Senate. He faces strong opposition.

Cavness also suggested the board be reorganized creating a larger part-time board with an executive director as administrator. He said attentions should be given "to the disparity and even contrariness" of present water laws and need for a state master water plan.

Twichell said, "It has been, and now is the policy of the U.S. Geological Survey fully to coordinate water resources investigation with the state, and in such a manner as to meet the need of Texas."

He said cooperative programs with other state agencies are necessary "at time to conform with state laws."

Cavness suggested reorganization of the Water Board has been recommended by Gov. Price Daniel. Senators and representatives on the water committees in the Legislature said a bill to reorganize the agencies "is coming up."

Code Of Teenage Ethics Proposed

CEDAR GROVE, N. J. (AP) — Seventh and eighth graders at the grammar school here have proposed a "code of teenage behavior" in hopes of avoiding "obvious supervision" by parents.

The code bans dungarees, except on gym dates, ends dances by 10:30 p.m. and advises teenagers to avoid single dating.

The youngsters also agreed to limit phone calls to a "reasonable" 15 to 20 minutes, return at an agreed time from dates and sleep 10 hours a night if they are seventh graders, 9½ hours if in the eighth grade.

Conference By Bar

AUSTIN (AP) — Representatives from 160 local bar associations are expected to attend Feb. 16 the State Bar annual public information conference here.

Death Comes For Old Indian Chief

By JOE DEMIC
El Paso Times
(Written for The AP)

YSLETA, Tex. (AP) — Aniceto Granillo, cacique (chief) of the Tigua Indians, slept in the far country of the Great Spirit today.

Death came with Tuesday morning's sun for the aged chief, near 90.

Over his body an honor guard kept watch.

Then to the great mission his people helped build nearly three centuries ago the old chief was borne. In Requiem Mass the tribe of the Tigua, prayed.

The hour was one for solemn remembrance.

For this church, which since the year 1683 has sheltered the Tigua people, is the third home they have known.

The Tiguas had been the first of the tribes to embrace Christianity in the land beyond Paso del Norte. When the Spaniards came in 1580, they found this civilized people tilling the earth beside the great river and holding a belief in immortality and one god.

When the wild tribes of the mountains and nomads of the plains descended on the peaceful settlements a century later, the Tiguas and priests and Gov. Antonio de Otermino fled southward from Isleta Pueblo, south of present-day Albuquerque, N.M.

In this new and quiet place beneath Franklin Mountain the tribe halted and built the mission of Corpus Christi de la Ysleta del Sur.

From the ancient house of worship the chief came to enter the earth. Beside him the war captain bore his great drum, and when they laid the cacique down there were placed above him the staffs of the cacique and the alguicil, his insignia of office.

To his side stepped his eldest son, who called aloud to his father. There was silence and then again the call.

Failing to hear an answer, the son called out once more.

Then he asked that the lid of the casket be opened and he knelt.

Slowly he touched the forehead of the chief and then his lips and his hand. For a second he bowed and then stood again straight and tall.

A younger son stepped forward and likewise took leave of the cacique.

There came then other kinsmen, black-shawled and tearful, humble but ramrod straight. The leaders of the tribe and friends and toddlers all bade their leader goodby.

Upon the lowered casket each one cast a handful of earth. Then, to the head of the grave the war captain stepped again. In his arms he held the great drum, and under his hands, the drum boomed out a final farewell.

In silence, the Tiguas filed away.

Network In Mars Is Seen

By RENNIE TAYLOR
AP Science Reporter

SAN FRANCISCO (AP) — Something new on Mars—a network of irregular blue lines running through the bright red desert areas of the planet — is reported by a California astronomer.

They were seen fleetingly by Dr. Robert S. Richardson through the Mt. Wilson 60-inch telescope June 3, 1956.

Dr. Richardson noted several other details as the planet approached the earth but never saw the intriguing blue lines again. His report, one of the first to come from the 1956 observations, was published today by the Astronomical Society of the Pacific.

Mars then was 74 million miles away. It was coming toward the earth but did not reach its closest point until Sept. 7, when it was only 35,131,000 miles away.

The crooked blue lines probably are canals, Dr. Richardson said. But they are different from the long, straight lines heretofore seen by astronomers. The straight lines also have been called canals but they are a matter of much speculation. They appear during the Martian spring and fade out before autumn. They can be seen only occasionally and never have been photographed clearly.

Another difference noted by Dr. Richardson was that the desert canals were "distinctly blue" and looked something like veins running through a chunk of mineral. Other observers have described the better known straight lines as merely dark or gray.

Crude Cuts Are Ordered

HOUSTON (AP)—Five more major refining companies yesterday announced crude run cutbacks to make more oil available for shipment to Europe and to reduce excessive domestic gasoline stocks.

The Texas Co. said it is reducing operations 20,000 barrels a day at its refinery at Port Arthur. Continental Oil Co. announced reductions of five per cent in operations at its Rocky Mountain and Mid-Continent plants.

Other companies announcing crude run cutbacks were Cities Service Co., Shell and Standard of Ohio. Standard said it is cutting 500,000 barrels off its production for the first quarter of 1957.

Earlier, cutbacks were announced by Humble, Esso Standard, Socony Mobil and Skelly.

Pilot Is Killed In Jet Airplane Crash

KINGSVILLE (AP)—An F9F Navy Panther jet plane crashed and exploded north of here last night, killing the pilot.

The crash occurred on a routine night training mission, said a Navy spokesman at the Kingsville Auxiliary Air Station. The victim's name was withheld pending notification of next of kin.

ROUGH COMPETITION for grass judging teams around the state are members of the Snyder High School judging teams. One of the teammembers, Robert Nail, is shown here receiving an award as high-ranking individual in judging at Fort Worth last week. Rollans Hill of Antelope, superintendent of the contest, makes the award.

JUDGERS PLACE HIGH

Local Team Will Compete In Show

Snyder High School's two grass judging teams of the agriculture department were to leave today for San Antonio and their third big contest of the school year.

Teams from Snyder have already placed high in two statewide contests, third in one held at the Dallas Fair last fall and second in that held in connection with the Southwestern Exposition and Fat Stock Show at Fort Worth last week.

Two teams will enter competition tomorrow at the San Antonio Exposition and Fat Stock Show. Accompanying them will be Billy Bob McMullan, agriculture instructor.

Last week at Fort Worth, the Snyder team placing second scored 1,130 points, compared to 1,150 for first place Gatesville. Robert Nail of the Snyder team was high individual in the contest with a perfect score of 400 points. Steve Nail had 370 points and Richard Miller 360. Another Snyder team placed 13th in the contest.

Those three will be on one team at San Antonio. The other team going to San Antonio will be composed of Jerry Cotton, Skeet Dunn, Billy Ray Browning, and Doyle Farmer. Cotton, Dunn, Browning, and Doug Forbes were on the team placing 13th at Fort Worth.

The San Antonio contest will begin at 8 a.m. tomorrow.

Later this school year, the teams will enter district and area contests of the Future Farmers of America. Teams from Snyder took firsts in district and area last year.

Seagraves Is Facing Suit

HOUSTON (AP)—A civil suit was filed here yesterday against Col. Odie R. Seagraves, 70, one of four men indicted in Pittsburgh, Pa., in the case of the missing Gulf Oil Corp. exploration maps.

A request for a bill of discovery to force Seagraves to give an account of what he owns was filed by H. R. Aldredge Jr., Santa Monica, Calif.

Seagraves, a former resident of Houston, was treated at a local hospital during an illness last month. Business associates said he returned to New York 10 days ago.

Aldredge's petition claims that on Dec. 18, 1953, he obtained a judgment for $27,654.22 against Seagraves in Dallas but has been unable to recover the money. Aldredge said he has information that Seagraves has "ample property and assets in Harris County.

A hearing on the petition was set for Feb. 26.

The first sky writing is attributed to a group at Amherst College in 1909.

Backing Is Withdrawn

DALLAS (AP)—The pastor of the Second Avenue Gospel Church here says his church has withdrawn its backing of complaints charging three grocery chains with violating Texas' "Sunday Blue Laws."

"I met with the church..." said the Rev. Houston Brumit, "we want our name withdrawn completely." I never wanted to file charges. We wanted to work with the grocers on a cooperative basis," he said.

A butcher, John W. Arcore, signed the complaints Wednesday, under the ancient statutes that prohibit operation of certain businesses on Sunday. The law was passed well before the turn of the century.

Insurance Firm Is Put Out Of Business

AUSTIN (AP)—The ICT Insurance Co. of Dallas today was temporarily out of business while awaiting receivership proceedings on a charge of being "hopelessly insolvent" by the State Insurance Commission.

Dist. Judge Charles O. Betts yesterday issued a 10-day temporary restraining order against the company on charges that it was $4,460,243.17 in the red and owed its policy holders $2,960,243.17.

Atty. Gen. Will Wilson said he asked for the temporary order independently of the commission's receivership proceedings on the Stock Fire and Casualty Insurance Co. The order also affects the company's officials and eleven banks in Texas, Arkansas and California.

The banks were ordered not to allow any transactions involving ICT Insurance Co. assets, except for paying employes salaries or current office expenses which may come due during the period.

The company was ordered by the Insurance Commission to show cause Feb. 19 why its authority to operate should not be lifted and the company put into receivership.

Wilson said the temporary restraining order does not affect an ICT subsidiary, the ICT Life Insurance Co. of Dallas.

The commission alleged that the company "is not possessed of sufficient assets to enable it to pay such claims as they become due in the usual course of business."

Wilson's petition for the court order included the Insurance Commission's meeting minutes.

The commission alleged that the firm has "engaged in pledging valuable assets for the purpose of borrowing money to pay certain of its creditors and policy holders, thus rendering such pledged assets unavailable for the protection of those general creditors and policy holders whose claims remain unpaid."

The restraining order named officers of ICT Insurance Co. as James Cage, president and E. A. McSpadden, secretary, "or such other officers as may be found at the home office address."

Depositories included Republic National Bank and Mercantile National Bank, both of Dallas; First National Bank, McGregor; First National Bank, Dallas, and City National Bank, Wichita Falls.
