Strikers Fast To No Avail

FRANKFORT, Ky. (AP)—The Kentucky Legislature ends the regular session today, without passing a civil rights bill and 33 hunger strikers in the House gallery supporting the measure also reach a crossroads.

Despite a vow to starve unless the Legislature acts, the integrationists—most of them beginning the fifth day of fasting—appear weary, discouraged and uncertain whether to continue.

"We'll stay as long as we feel we are serving a useful purpose," said Frank Stanley Jr., 27, a Negro newspaper editor of Louisville, who heads the contingent.

The bill to grant Negroes equal access to public businesses is technically dead for this session.

While the hunger strikers watched in anguish, one procedural nail after another was driven into the bill's coffin. It never emerged from committee in House or Senate

The Rev. Grayson Tucker, white minister of a Louisville Negro church, said fatigue and dizziness have enveloped the original 20 in the group.

Stanley reports the average weight loss in four days has been five pounds per hunger striker—ranging as high as 14 pounds for some strikers.

The strikers sleep on the floor or in seats on bedding furnished by friends. They are guarded at night by regular custodians and at least one state police detective in plainclothes.

Spring's First Day Brings Texas Snow

By The Associated Press

Winter said an icy goodbye to Texas today in the form of a blinding snowstorm in the northeast Panhandle.

Three hours before spring officially arrived, the snowstorm struck Perryton, in the upper Panhandle.

At least one school, in the Waka community 16 miles southwest of Perryton, remained closed as blinding snow and 50-mile-an-hour winds made highway travel hazardous.

Dr. John Needham of Perryton, who had started for Dumas during the early morning, said he was forced to turn back 12 miles from Perryton because of the snow.

Temperatures in the Perryton area were in the low 20s at mid-morning.

The Panhandle storm was the edge of a blizzard which swept across Kansas.

The Midwest storm followed destructive winds and tornadoes in the Texas coastal strip, and heavy rains in the Gulf and southeastern states Thursday and Thursday night.

Blizzard conditions developed in western Kansas, eastern Nebraska, Iowa and northwestern Missouri. Heavy snow — probably about four inches—dropped visibility to zero in western Kansas and whipped through the blizzard area and northeast into northwestern Illinois, Wisconsin and Upper Michigan.

South of the snow belt, sleet, rain, and wet snow fell from northeastern Missouri into northern Indiana. Dropping temperatures froze the new snow on pavements.

In many places, the snow, sleet or rain were whipped by winds of 40 to 50-mile force.

A surprise snowstorm whitened the Texas Panhandle area around Perryton where the temperature was 22. Texas was the scene Thursday of slashing wind damage estimated at $500,000, and 12 persons were injured in Nederland, Tex.

Oklahoma had 50-mile winds and snow in the northwest, where roads turned slick. The state had general rains Thursday.

Elsewhere in Texas, winds kicked up dust in areas of West Texas and chilled most of the northern half of the state.

Spring officially sprang into the state at 8:10 a.m., but by that time the weather was cold in some places and uncomfortably cool in others.

The snow blanketed the ground at Perryton, high in the Panhandle. "it was a real shock," said one man who apparently still held illusions about spring always being spring-like in Texas.

The Perryton snow began about 5:45 a.m. with the temperature at 22 degrees. The snow continued to fall in heavy amounts for some time. Winds whipped it along in gusts of up to 50 miles per hour, which created localized blizzard-like conditions.

Temperatures generally in the Panhandle were in the 20s, while sub-freezing readings were recorded as far south as Lubbock.

The cold weather varied considerably from the Texas image yesterday, when the state recorded the nation's highest temperature—90 degrees at Brownsville.

The forecast for the weekend was for continued cool weather with no precipitation expected until early in the week.

Salinger Eyes Calif. Race

SAN FRANCISCO (AP) — Pierre Salinger flew into his home town today after resigning as President Johnson's press secretary. He apparently will run for the U.S. Senate.

Salinger would not say what his plans are, but said he would hold a news conference later today to announce whether he will seek the Senate seat of ailing California Democrat Clair Engle.

Salinger's candidacy could further complicate the controversial Senate race which has already split the party. But, the big question was whether he's eligible to enter the June 2 California primary.

Salinger apparently was warmed with legal advice that he could seek the nomination.

Engle underwent brain surgery last August, but he has filed for re-election in the face of assertions by state Democratic leaders that he's too ill to campaign.

The U.S. Constitution requires only that a senator be 30 years of age and an inhabitant of the state.

Some election experts seemed to think that Salinger, 38, former San Francisco newspaper reporter, could qualify if he's primed to get his nomination papers in on time. The deadline is 5 p.m. today.

Others weren't so sure because he let his California residence lapse when he left for jobs that led to his post as press advisor to the late President John F. Kennedy and then President Johnson.

Democratic leaders expressed surprise over reports of Salinger's decision to jump into a political contest in a state where he once worked the hinterlands for other candidates.

Most of them, from Gov. Edmund G. Brown, on down, already have committed themselves for Engle or his chief opponent, State Controller Alan Cranston.

Brown, who has endorsed Cranston, remained silent on the possible entry of Salinger, who helped out in one of the governor's earlier campaigns. His office said he'll wait until Salinger formally indicates his plans.

'Not Bitter' Says Belli

SAN FRANCISCO (AP)—Attorney Melvin M. Belli, fired as Jack Ruby's counsel and denounced by the American Bar Association, says he is not bitter at anybody.

The fiery lawyer, fresh from Thursday night's flight to San Francisco from Mexico City via Tia Juana and San Diego, said he was "steamed up and raring to go" with a news conference scheduled for today.

Belli told newsmen during his stopover at San Diego, "We knew we couldn't win, that the jury would jam a verdict of guilty down our throats, and Ruby and his family were apprised of this through the trial."

Ruby received the death penalty Saturday in Dallas for murdering Lee Harvey Oswald, the accused assassin of President John F. Kennedy.

On Wednesday night, Ruby's sister, Eva Grant, sent a letter to Belli's San Francisco office saying his services were no longer wanted. She said the family was "dissatisfied with the defense" Belli offered.

The American Bar Association president, Walt C. Craig, told a meeting Wednesday of the San Francisco Bar Association that Belli had shown flagrant disregard for the code of professional ethics and Belli's oath as an attorney.

Says Peak Of Economy In Future

DALLAS (AP) — As of the first quarter of 1964, the peak of the country's economic recovery is not yet in sight, says the chief economist of the National Industrial Conference Board.

Martin Gainesbrugh spoke at the 440th meeting of the board. He named several major economic problems — "sticky unemployment," unfavorable balance of trade, automation, and defense cutbacks and dislocations.

But he said the economy was doing well and still 'recovering "primarily because nobody has taken it for granted."

He avoided the word "boom" but noted that the recovery began in February of 1961 and business economists are currently revising their 1964 forecasts upward.

Another speaker, foreign aid director David Bell, said the United States would be guilty of the "rankest cowardice" if it cut military and economic assistance to south viet nam."

Bell also called President Johnson's $3.4 billion foreign aid program was a "bare bones" minimum and that any cuts would seriously affect this country's interest overseas.

Army Says Clay Failed

WASHINGTON (AP) — The Army said today heavyweight champion Cassius Clay failed his second pre-induction examination and is "not qualified for induction into the Army under applicable standards."

The Army made no mention of which examination Clay failed, although it is presumed it was his mental aptitude test. Rumors have been heard for several days that he failed the mathematics portion of the test.

The Army said only: "Tests given Clay included measurement of aptitudes for various skills needed in military service."

Clay was given a second test after it was determined that the results of his first pre-induction examination were inconclusive, the Army said.

"Interviews conducted by experts in the field of testing and analysis of results of the two tests indicate that Clay put forth his best efforts on both occasions," the Army added.

Clay won the heavyweight championship earlier this year from Sonny Liston.

RUBY'S NEW LAWYER

Foreman Ready To Take Case To Supreme Court

HOUSTON, Tex. (AP) — Jack Ruby's new attorney is confident his client will be granted a new trial and will escape death in Texas' electric chair.

Percy Foreman, president of the National Association of Defense Attorneys and probably the best known criminal lawyer in Texas, agreed Thursday to succeed Melvin M. Belli as Ruby's chief counsel.

A Dallas jury sentenced Ruby to death Saturday for slaying Lee Harvey Oswald, the accused assassin of President John F. Kennedy, last Nov. 22.

Foreman, who has handled more than 700 capital offense cases and lost only one defendant to the electric chair, was hired by three brothers and a sister of Ruby hours after they fired Belli, a famous California attorney.

One of the remaining Ruby attorneys, Joe Tonahill of Jasper, Tex., said he would file a motion for a new trial in Judge Joe B. Brown's court today although Foreman has not said who his assistants will be.

Foreman said he signed a contract with Eileen Kaminsky, a sister of Ruby, and with three of Ruby's brothers, Hyman Rubenstein, Chicago, Earl Ruby, Southfield, Mich., and Sam Ruby, Dallas. The four drove from Dallas to Houston to see Foreman.

The family said Belli was fired by special delivery letter, signed by Jack Ruby and another sister, Eva Grant of Dallas, and mailed Wednesday night.

Belli arriving at his San Francisco home Thursday night, said he will meet newsmen at his office at 10 a.m. today to make a statement.

"If we are successful in getting a reversal of this case and a new trial, I don't think Mr. Ruby will ever be executed," Foreman, 61, told newsmen.

The family said Foreman, a 210-pounder who stands 6-4, was their choice as chief attorney all along. They said they hired Belli after a go-between who approached Foreman crossed them up.

Foreman said he believes Dist. Judge Joe B. Brown of Dallas committed at least two reversible errors in the trial.

"He should have not seated any jurors who witnessed the crime on television," Foreman said, "and he should not have admitted the statements Ruby made after he was in jail.

"No statutory warning was given him, and the statements were not reduced to writing."

Foreman said he was confident of a reversal but he added he did not expect Ruby to go on trial again for a year or two.

"We will go to the Supreme Court if we have to," he said. "But I don't think we'll have to go that far."

He said conditions at the time of a new trial will determine whether he will seek a change of venue out of Dallas as Belli did.

Gromyko Has Pat Answer

STOCKHOLM (AP) — Soviet Foreign Minister Andrei A. Gromyko said today that the fate of three U.S. fliers shot down in East Germany is "a matter for the East German Democratic Republic."

At the same time, Gromyko expressed Soviet concern about border violations and said Moscow still wants better relations with the United States.

Gromyko is winding up an official visit to Sweden. He spoke at a news conference.

Gromyko's comment that the fliers were a matter for the East German government was a standard Soviet reaction. The Soviets never miss a chance to assert the East German regime is a sovereign government.

The United States and its North Atlantic allies in turn refuse to deal with the East German government, contending the Soviet Union is still the occupation authority in East Germany.

Reuther Outlines Contract Goals

By A.F. MAHAN

ATLANTIC CITY, N.J. (AP) —President Walter P. Reuther told his United Auto Workers Union today it must find ways in 1964 bargaining to tie pensions to the cost of living, as wages now are.

This was among a broad scope of goals Reuther outlined in a report prepared for 2,906 delegates to a demand-setting convention of the UAW.

Reuther also called for a program that would require the automakers to pay the full cost of hospital-medical insurance for retirees instead of half, and for a uniform pension rate for past and future retirees.

For those on the job and those unemployed, Reuther said:

"In the 1964 negotiations, we shall give attention to the need to create more jobs through earlier retirement, longer paid vacations, more paid holidays, a shorter work week, paid leaves of absence and cuts in excessive and unnecessary overtime."

Reuther told a pre-convention news conference that the UAW will seek a minimum gain of 4.9 per cent in economic benefits in contracts that will replace three-year pacts expiring Aug. 31.

The UAW chieftain also disclosed that his union will carry to the bargaining table a request for bonus pay while workers are on vacation "to cover the extra cost of travel and spending time away from home." Another goal he outlined is a daily production break that would in his view approximate "the coffee break executives enjoy."

Every time the cost of living advances .5 of a point over a three-month period auto workers get a penny an hour more in pay Reuther told delegates retirees should get a corresponding advance in pensions.

FROM EMBASSY

Soviet Police Evict Students

MOSCOW (AP) — Soviet police hauled protesting Moroccan students out of Morocco's Embassy in Moscow during the night after pleading failed to budge them.

The students, about 50 strong, were taken back to their dormitories in buses about eight hours short of their goal of a 24-hour sit-in.

The students occupied the embassy at 10 a.m. Thursday to protest against death sentences ordered in Rabat for 11 persons convicted of plotting to assassinate Morocco's King Hassan II.

There was no violence as the demonstrators streamed into the embassy offices, seated themselves on the floor with arms linked and announced they would resist any attempt to oust them.

Soviet authorities did not intervene at first, since by diplomatic tradition the embassy of a country is its own soil.

There the students sat as the hours passed, refusing to eat, singing Arabic songs occasionally and posing for news photographers.

They turned a deaf ear to harried junior embassy officers who urged them to leave. The ambassador was out of town.

Shortly after dark, three officials of the Soviet Ministry of Education arrived and appealed to the demonstrators to leave. The students refused. The Soviets threatened further measures.

A student leader said the Soviet officials told them the Moroccan government had asked the Soviet ambassador in Rabat to have something done.

Three buses loaded with police wheeled up outside the embassy about 1:30 a.m. and cordoned off nearby streets. When several ranking officers had no better luck with the students than the others, police moved in and carried the Moroccans away.

An embassy spokesman said they went voluntarily. One student said they put up some physical resistance.

Lady Envoy To Denmark

COPENHAGEN, Denmark (AP)—U.S. diplomacy in Denmark is going to have a feminine touch again.

For the third time, the United States has named a woman as envoy to Copenhagen. Katharine E. White of New Jersey, the new U.S. ambassador, succeeds William McCormick Blair Jr., whose resignation was announced Thursday.

Blair refused to comment on Danish newspaper reports that he will return to the United States to run President Johnson's election campaign.

President Kennedy named Blair ambassador three years ago, and for 11 years before that he was one of Adlai E. Stevenson's closest associates.

No date was announced for Mrs. White to take over the Copenhagen post.

Mrs. White, 58, a grandmother and former mayor of Red Bank, N.J., is among the first of 50 women Johnson hopes to name to top posts.

Mrs. White and her husband, Arthur J. White, a New York broker are on vacation in Spain. They are due home March 24.

Reedy Takes On LBJ's Press Job

By DOUGLAS B. CORNELL

WASHINGTON (AP)—George Reedy is a friendly, pipe puffing giant of a man who is taking on the almost impossible task of trying to keep both the press and President happy about public relations.

Sunny, cigar-smoking Pierre Salinger suddenly quit this job of White House press secretary Thursday to try for the Democratic nomination for the Senate in California.

With him went Andrew T. Hatcher, the assistant press secretary to the President and one of the highest ranking Negroes in government.

For Reedy there is nothing like the break with the past that there is for Salinger. Reedy has been at President Johnson's elbow as a sort of press attache the better part of 13 years.

Around the White House he has been one of the Johnson handy men with no clear-cut title. Now he has a title and one of the roughest, most responsible publicity jobs on earth. At times his voice will be the voice of the nation on foreign and domestic policy.

But since he has been so close to Johnson so long, Reedy at times may find that the boss is going to be his own press secretary.

Like Salinger, Reedy is a former newspaperman. At 46, he is eight years older.

Like Salinger, Reedy enjoys good food and, like Salinger, he is on the rotund side but on a more massive scale.

On orders of Johnson and the doctor, Reedy is scaling down calories and poundage. From 265 or 270 pounds he is about a third of the way to the 200 the doctor recommends.

Reedy still was in a hospital Thursday, recovering from gall bladder trouble and doing some supervised dieting, when he got word of the forthcoming change. He went to the White House for a joint appearance at his first press briefing and Salinger's last.

Salinger announced his own resignation and the appointment of Reedy.

Beatles Have Another Hit

By RICHARD R. KASISCHKE

LONDON (AP)—Pity the poor Beatles. They're making money so fast they don't have time to count it.

And today another golden flood begins. It's the release date for a new record of theirs.

A million copies have been sold in advance in Britain alone —a mark achieved only once before by the Beatles.

"We think the Beatles are the biggest thing in show business —anywhere, anytime," said an official of the recording company.

The long - maned quartet is spinning about as busily as its records.

Until May, that is. Then they plan to take a month off—to rest for a summer schedule that includes a coast-to-coast tour of the United States, starting in August.

The boys are making their first movie. The film, still untitled, is being shot at studios near London and on location in the west of England.

The boys expect to finish the film late next month, when they have two concerts scheduled in Scotland.

Then for that rest—for which they'll probably split up and seek seclusion from the hordes of screaming teen-agers who follow them continually.

On May 31 the Beatles return to action with a concert in London. In June they will tour West Germany, Holland, Belgium, Australia and New Zealand. July's schedule is being booked.

Then it's "Beatlemania" time again for the United States.

But it isn't only the teen-agers who cuddle close as they can to the Beatles.

Prime Minister Sir Alec Douglas-Home claimed them as "my secret weapon" for helping boost Britain's foreign exchange.

The Beatles are George Harrison, 21 last month; Paul McCartney, 22 in June; and Ringo Starr and John Lennon, each 23.

Lennon is married. McCartney and British actress Jane Asher are going steady, but both have denied rumors they plan to wed. Ringo and Harrison remain unattached.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 15-year-old girl who is being severely punished for something I did that I don't think was so terrible. I got permission to go to a party at a girl friend's house. My boy friend picked me up at 7:30 and I told my mother I would be home at 11:30. When I got in the car, this other couple suggested driving downtown first. We noticed that a movie we all wanted to see was playing, so we went to the movie instead. We had a snack afterwards and I got home at exactly 11:30 like I said I would. Well, my mother was standing in the doorway waiting for me. She looked at me like I had killed somebody. It seemed she wanted to tell me something, so she telephoned the girl's house where the party was, and I wasn't there. She said she'd been pacing the floor for three hours. I got home when I said I would, and I didn't do anything wrong. Mother grounded me for a month. Was this fair?

Just the look on her face when I got home was punishment enough for me.

PUNISHED ENOUGH

DEAR PUNISHED: A month of staying home is bound to make a more lasting impression than the "look" on your mother's face. You should have called home when you decided to change your plans.

DEAR ABBY: My husband is a great one for attacking the female intelligence. Whenever he sees a driver do something stupid, he will say, "Must be a woman driver."

He claims that the reason there are fewer women than men in the professions is because a woman's learning capacity is inferior to a man's. He knocks women every chance he gets. I am tired of listening to him blame every misfortune from the Chicago fire to the San Francisco earthquake on women. I'd like to give him a real snappy answer that would shut him up once and for all. Any ideas?

MERE WOMAN

DEAR MERE: Ask him how come he didn't remain a bachelor. Like his father!

• • •

DEAR ABBY: For several years our brother has asked us (his sisters) to select gifts for him to give his wife on special occasions. He tells us what to buy and we do the best we can for the price he wants to pay. For her birthday this year we selected a lovely tapestry purse. A month later she decided it was "homely" and asked us to exchange it for another one, or to keep it ourselves. She has never thanked us for the time and effort of shopping for these gifts. She only raps everything we select. We shop in the best stores and buy only what we would want for ourselves. What should we do the next time our brother asks us to pick out a gift for his wife?

TIME WASTED

DEAR TIME: Decline the assignment, and tell him why.

THE "Write" WAY

By RUTH FOWLER BROWN

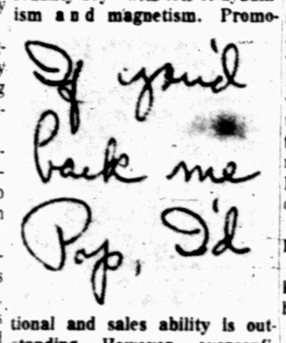

Dear Ruth:

For several years my son-in-law has worked for an auto parts firm in sales, both inside and outside. He wants me to back him in opening a parts business of his own. He has the "gift of gab" and people like him, but I've been telling him it takes more than selling to bring in a profit. He's got to know how to buy and how to manage. Does his handwriting show the necessary qualities for success?

Concerned Pop

Dear Pop:

If you back him, he'll put up a good front. He's a "personality boy" with lots of dynamism and magnetism. Promotional and sales ability is outstanding. However, overconfidence, lack of caution and stubbornness could be fault hindrances. You have prudence and judgment which would be helpful in the business. Have you considered an active partnership?

• • •

Dear Ruth:

The other day I was cleaning out closets and came across some old love letters. One boy in particular I wrote quite passionately, couldn't live without him, etc., and he felt the same way. We were both 20. He moved to another state and I got married the next year, but not to this boy. I've been happily married for 18 years, but sometimes I wonder — should I have married the first boy?

Bess

Dear Bess:

If you've been happily married for 18 years — you married the right boy!

Dear Ruth:

My boy friend almost broke my heart last week. We were dancing at The Hut when about midnight he decided he wanted to see a show. I thought he meant a late movie, but he took me to a burlesque place where we sat at a table and drank while watching the girls dance. I was embarrassed and he made me drink so much I began to get dizzy, and I told him I thought I was getting drunk. He laughed and said it was time I learned how to live. When we started home he parked at Lookout Point and started making passes I didn't like, and I got mad and hit him hard with my compact. He got furious and said I didn't know what it was all about, and he was through with me. I am truly grieving, Ruth, and here is a note he wrote me a while ago. Do you think his handwriting shows that it is just the drinks that made him so cruel last week? I haven't heard from him in 6 days.

Grieving

Dear Grieving:

Too bad your compact didn't knock some of the vanity out of him. His handwriting has a lot of ostentatious flourishes which combined with other signs mean he's a conceited young man, selfish, thoughtless and arrogant. Domineering, too — which you probably mistake for being "dominant and masterful," those male appeals women always fall for. The amount of liquor he consumed probably had something to do with his actions, but if you're thinking you can "reform" this character, don't waste your time. Any girl with the charm and appeal your writing shows can quickly find nicer boy friends.

Roadblocks Torn Down

NICOSIA, Cyprus (AP)—Roadblocks erected by Turkish Cypriots in a village west of Nicosia were pulled down today easing the possibility of another flareup in the area.

Only a few miles away, however, Greek and Turkish Cypriots were reported entrenched in opposing positions.

The roadblocks went down in the Turkish Cypriot village of Ghaziveran, and attacking Greek Cypriots withdrew after the arrival of a British peacekeeping contingent. Five Turkish Cypriots and one Greek Cypriot were killed in a daylong battle Thursday.

Pier Spinelli of Italy, U.N. Secretary - General U Thant's representative, flew to the scene with the British force and arranged a cease-fire.

Fighting also occurred Thursday at the mixed village of Kalokhorio, 4 miles southwest of Ghaziveran. Each side suffered one dead. Greek and Turkish Cypriot fighters continued to glare at each other from dug-in positions today.

Young Moderns Want To Marry For Money

By VIVIAN BROWN
AP Newsfeatures Writer

A 17-year old wants to know where to look for a rich man.

"My grandfather always said it is just as easy to marry a rich man as a poor man. All you have to do is find him," she says. "I go out with a nice boy, 19, but he doesn't seem to have any push. He'll never make a killing. I am not serious about him because I am determined to find someone with plenty of money. But I don't know how to go about meeting him. Any suggestions?"

If there were such an oasis of millionaires, you can be sure that it would be overrun with eager girls. Rich boys are likely to be found where you'd least suspect, working their way up the ladder, often incognito to escape fortune hunters who'd marry them for their money. The road to happiness is not paved with dollar signs, as many wealthy people could tell you. The danger in the marry-for-money hunt is that you don't recognize real love when it comes along.

Mother Nags

Marriage doesn't interest this 20-year-old right now:

"My mother is trying to push me into a marriage, and nags me constantly about it. I am only 20, but she acts as if I am never going to find a husband. I don't date often and that irks my mother, who says I should go out with many boys so that I can learn about different types. She thinks that I'm not giving myself a chance go meet the right boy. The truth is the boys I know are jerks, and she should be able to see it. Don't you think my mother should tend to her knitting and let me alone until I'm ready to date more seriously?"

Some mothers do worry that if their daughters do not date they will not recognize the right boy when he comes along. You may have more perception than your mother realizes, and perhaps it will take you a long while to meet the boy you'll eventually marry. Some girls are too scrupulous and wait too long, then don't marry when they'd like to.

Problem Mother

Here's another "problem mother."

"What do you think of a mother who embarrasses you in the presence of your friends? I go along not having anyone to the house and then when I again ask a few people in for fun, the same thing happens: she's like an inspector, 'I smell smoke,' she's likely to say, sniffing around the upholstery, indicating that someone is smoking on the sly. She lights every lamp, and when one boy lowered the lights for a little atmosphere, she really blew her top, putting one light on with such force that she pulled off the light chain. Everyone was so chagrined, they were speechless. So they finally took off. What can you do in a situation like this?"

It would be best not to have any company in your house until you come to some kind of understanding with your mother. If other mothers in your set act differently when they are chaperoning, expose your mother to it. Invite her to a friend's home while a party is in progress so that she can observe how young people may be chaperoned without being overwhelmed. Someone's mother might cooperate by inviting your mother.

House too Small

Another party query is this one:

"If you have a lot of good friends and live in a small house what should you do when you have a party and can't accomodate all your friends? Should you pledge those you invite to secrecy or not have parties?"

Plan parties in relays and tell your friends what you are doing. Then they won't be offended when they are not asked to one of the parties.

Seafood Newburg With Wild Rice

½ cup wild rice
1 package (11½ ounces) frozen lobster newburg
1 package (6 ounces) frozen king crab meat, thawed and drained

Cook the wild rice according to package directions or your own favorite method. Heat the lobster newburg according to package directions for double-boiler heating; about 10 minutes before the lobster is ready, add hot cooked drained wild rice. Makes 4 servings.

Dice any small amount of leftover corned beef and add to scrambled eggs for an excellent brunch dish. Corned - beef hash may be added in the same way.

The ice cube section of the refrigerator should not be used for freezing meats because it is not cold enough for the fast freezing necessary.

20th Century Hears PC Program

Twentieth Century Club met March 17 at Martha Ann Womans Club with Mrs. Joe Strayhorn as hostess.

Mrs. B. J. Bartels and Mrs. Dave Shaeffer brought a program on the Peace Corps. Mrs. Bartels gave a most enlightening discussion on the early organization and purpose of the Peace Corps. "The Peace Corps was organized to help developing nations by providing a pool of skills in teaching, farming, carpentry, nursing, engineering and to promote world peace and friendship. Requirements are: You must be at least 18-years-old with the equivalent of a high school education. Married couples are eligible if both qualify and have no dependents under 18. First concrete development of PC began early in 1960, and in March 1961, President Kennedy created the PC on a temporary basis with Sargent Shriver as the Corp's director and $30 million was the first years appropriation."

Mrs. Shaeffer continued the discussion with where and what the volunteers were doing. "Their work is challenging and rewarding where ever they go they always emphasize that they do not come to do the work for the people but to help them do it themselves. The PC is paying off and cheers are in order for these young volunteers. These young people represent something many have thought had disappeared from America — The Old Frontier Spirit. They are skilled, resourceful nonmaterialistic and definitely socially oriented. They love working with people and so without sloppy sentiment. They take an intensive 12 week PC training course before going to their assignment. Teachers are needed at all levels, in addition to agriculture, community development, construction, engineering and geology programs. One head of the United Nations Mission of one of our firm West European Allies, said after seeing what a young woman in her mid-twenties was doing in an African jungle, "If there were 2,000,000 persons in the Corps, all practicing democracy as naturally as they breathe democracy would sweep the world."

The business meeting was conducted by Mrs. Bartels, Mrs. H. J. Brice gave the thought for the day.

Garden Tool Set Just Junior's Size

Junior's overabundant energy, usually bubbling over in balmy Spring weather, can now be directed into healthful gardening activity. A new and smaller-sized set of garden tools designed to match the youngster's size has just been introduced which will enable him to let off steam constructively.

Called the Junior Green Thumb Garden Tool Set, it includes the 3 basic garden tools, a floral rake and a shovel each of which are 36½" long, and a hoe 39" in length. Like the handles, the heads of these tools, too, are smaller, but each has the same sturdy construction for maximum efficiency as garden tools.

The well balanced, lightweight tools have long lasting solid one-piece metal forgings and extra select tree - hard ash handles, weather - protected with a clear lacquer finish.

Beginners, as well as experienced gardeners will find the set ideal for use in home gardening. It is available at most hardware stores and garden centers as well as department stores throughout the United States.

AT THE MERCY OF THE CURRENTS

Witty Pierre Will Now Extoll His Own Virtues

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — "My shape is not good. I may be plucky, but I'm not stupid." So said Pierre Salinger, a round-ish type. It could have been his epitaph.

But it was just his way of declining to lead newsmen on a 50-mile hike in 1963 when President Kennedy was pushing a physical fitness program.

Atty. Gen. Robert F. Kennedy had already done the 50 to show how fit the Kennedy administration was.

Therefore, Salinger concluded: "A further demonstration on my part would be superfluous and possibly disastrous."

Thursday he took what may be the longest walk of his life.

He resigned as President Johnson's press secretary to try to run for the Senate from California.

At the same time Dean Rusk, secretary of state, was reported planning to quit Johnson's administration after next November's elections.

Rusk, a tallish type with a tall forehead and few giggles, not only denied he would quit next November but said he had no plans to quit at all.

Two more different men than the decorous Dean and the pixie Pierre would be hard to find; there's been nothing like them in years.

Rusk's three years as secretary of state have been fantastic in the sense he has been almost totally free of criticism. This is almost unbelievable for anyone who saw the batting his two predecessors got: Dean Acheson under President Truman and John Foster Dulles under President Eisenhower.

The dark-haired, informal, cigar-chomping, witty, piano-playing Salinger got along delightfully with the press.

And he adored the food of his French ancestors, tons of it.

One of his jobs, of course, was to help Kennedy and later Johnson look good. Neither needed much help.

Kennedy was an expert at public relations and Johnson, judging from the glowing public opinion polls, is his own Madison Avenue.

Rusk, who seems to consider himself strictly a foreign affairs technician and not a public opinion molder, stays in the background.

This worked fine with Kennedy and Johnson since they made sure that they, and not the secretary of state, made the big pronouncements in foreign affairs.

It was different in the Truman-Acheson and Eisenhower-Dulles days. The secretaries talked up, sometimes too much, and got splattered for it.

How long Rusk stays with Johnson will probably depend on how much Johnson listens to his modest secretary.

Johnson already has said a few things about foreign relations which must have made the studious, careful Rusk wince.

While the merry, breezy Salinger was the White House minister of information, he also presided over some misinformation on small things.

That's when he gave answers off the top of his head and got some details wrong.

As Kennedy's press secretary, he succeeded a formidable man: the tense, driving James Hagerty, who did amazingly at making his boss, President Eisenhower, look good.

Salinger did extremely well, but in a far more relaxed way. You'll have a tough time remembering once when Kennedy goofed in press relations.

But Salinger had more going for him than Hagerty.

Eisenhower, no intellectual, admitted once he was desultory in reading newspapers. Kennedy ate them.

Eisenhower was courteous with newsmen, but it was a distant courtesy. Kennedy embraced them. Newsmen waiting to see him looked like a headline.

Junior Editors Quiz on HORSES

QUESTION: Why are all horses' birthdays on January 1?

• • •

ANSWER: Our questioner has a wrong impression—the rule about January 1 "birthdays" applies only to race horses, of the breed called Thoroughbred. To understand the reason for this rule, think of a Thoroughbred colt born in May, 1964. Supposing there is a race for two-year olds held in April, of 1967. By that time, our colt will be two years and eleven months old. But there might be another colt racing against him born in March, 1965, and this, although also called a two year old, will be 10 months younger than the first horse, giving the first one a tremendous and unfair advantage of added growth and speed. The whole point about horse racing is to have the animals as evenly matched as possible.

Most race horses are bred so their colts are born between February and June. If you take such a group of colts, according to the present rule, and say their birthdays were all January 1, of the year in which they were born they will be able to race together with only a few months of actual age difference, and this will make for an exciting race.

• • •

FOR YOU TO DO: To get this idea firmly in your mind, think of other popular sports where the fun of looking on is increased if the contestants are evenly matched. This is the reason for "one-design" yacht racing, with all boats made alike. Think of other examples. 3-20

Odd Things Collect In Memories

By HAL BOYLE

NEW YORK (AP)—Memory is a strange miser. It hoards the oddest things, and in moments of reverie parades them before your inner eye in a seemingly haphazard fashion.

You've been through life's mill yourself, if you can look back and remember when—

You could be the life of any party by imitating Charlie Chaplin's duck-footed waddle.

Ladies were so delicate and fainted so often that every well-run household kept a bottle of smelling salts handy to revive them.

A wife who held a job outside the home tried to keep that fact from her relatives — as if it were a kind of disgrace.

One of the biggest thrills of boyhood was to get to wear the wool wrap-around leggings your soldier uncle brought home from World War I.

It was widely believed that business depressions were caused by sun spots and that, anyway, there wasn't much that man could do to prevent them or keep them from running their course.

Every small town had a champion whittler and a champion spitter and a champion liar—and sometimes these distinctions were all held by the same man, in which case he was certain also to be the champion idler.

A boy's dream of getting rich started by trying to sell homemade lemonade from an orange crate stand in front of his home at a penny a glass.

The first man to buy an electric fan was the envy of the neighborhood.

Every tobacco store had a wooden Indian at the entrance, and harness and hardware stores often put outside a statue of a white horse.

If your best girl held a spring dandelion under your chin and it reflected a yellow tint, this proved you were fond of butter—and she was fond of you.

Anyone who didn't think Edgar Guest the greatest American poet since Henry Wadsworth Longfellow was suspected of being either a radical or an intellectual, or both.

The richest man in the community lived in the house that had the widest front porch.

If you couldn't afford to pay spot cash for it, you didn't buy it.

Hand-Fishing Is Decreed Legal

MONTGOMERY, Ala. (AP)—The Alabama Supreme Court has agreed that it was perfectly all right for a man to catch fish with his bare hands.

T. H. Scott of Phil Campbell was convicted and fined $25 after state conservation officers said he was plunging his hands into Big Bear Creek and grabbing the fish.

The conviction was thrown out by the Court of Appeals. In upholding this ruling Thursday, the Supreme Court gave no opinion but a similar case was dismissed recently on grounds the court called "frivolous prosecution."

4 NCAA Coaches Remain Optimistic

By BOB GREEN
Associated Press Sports Writer

KANSAS CITY (AP)—Cazzie Russell has a tender ankle, Duke had a minor plane mishap, UCLA is fighting the doldrums and Kansas State is a longshot. All of which, the various coaches say, means practically nothing.

The four coaches with teams in tonight's NCAA basketball championship semifinals outlined their troubles after brief workouts Thursday, then confidently repeated their vows of optimism.

Each of the quartet — John Wooden of UCLA, Dave Strack of Michigan, Vic Bubas of Duke and Tex Winter of Kansas State —said he felt his team had a legitimate shot at the championship none of them has ever won before.

The line-up has Atlantic Coast Conference champion Duke, 25-4, playing Big Ten co-champion Michigan, 22-4, in the opener. Top-ranked UCLA, 28-0, takes on Big Eight champion Kansas State, 22-5, in the second game. The winners meet Saturday for the title.

UCLA finished the regular season with the ranking of the nation's No. 1 college basketball team. Michigan was second and Duke third. Kansas State, which had to upset Wichita in the Midwest regionals to gain the semifinals, was unranked.

"Since we're playing in our area, it figures that we're going to have a lot of Kansas State supporters on hand," Winter observed. "And there may be an advantage in playing here. We play here three times each year and our boys like to play in Kansas City. Maybe those are advantages. If they are, we'll take 'em. We need all the help we can get."

Kansas State, beaten 78-75 by semifinal opponent UCLA in the regular season, has won 13 straight. It features a zone defense, built around 7-foot Roger Suttner, and the scoring and rebounding of Willie Murrell.

Wooden discounted any pressures that may have been built up in an undefeated season and the No. 1 ranking, but admitted "we were fortunate to get through the regionals. There was a letdown after finishing the regular season. I don't think it will happen here, but it's possible."

The mighty Bruins have a blistering running attack, featuring the backcourt pair of Walt Hazzard and Gail Goodrich and a disturbing zone press. They're the shortest team in the tourney, with no starter over 6-foot-5.

Duke was shaken up a bit when its charter plane skidded off a rain-slick runway just after landing at the Kansas City Airport. There were no injuries and less than an hour later the team was taking part in a closed workout at Municipal Auditorium.

"There's no reason it should have any effect," Bubas said. "No one was hurt. We just skidded off the runway.

The ACC champs, like UCLA, offer a fast-break offense and have good rebounding in a couple of 6-foot-10 operatives, Jay Buckley and Hack Tison. Backcourt ace Jeff Mullins is the team quarterback and top scorer with a 24.4 average.

Russell, Michigan's sophomore backcourt sensation, still is nursing his right ankle, injured in Big Ten play, Strack said.

"He limps on it until he's caught up in the game," Strack said. "It's a handicap, but he will be able to go at near full capacity. Let's say he'll start."

Physically, Michigan is the strongest team in the tourney, has excellent rebounding from two husky 6-foot-7 front line men, Bill Buntin and Oliver Darden.

Track Team Off To Weatherford

Snyder High School's track squad was scheduled to depart at 4 p.m. today for Weatherford where they will compete Saturday in the Kangaroo Relays.

A strong field of AAA teams, plus a couple of AAAA teams are entered in the Weatherford meet, and Coach Jim Stehley said tough competition is expected in all events.

Brownwood will rule as favorite to win the meet title. It will be challenged by such aggregations as Graham, Mineral Wells, Stephenville, Haltom, Richardson, Breckenridge, Snyder and the host Weatherford team.

The Snyder team will have entries in all events, except the 880-yard run. J. B. Murphy, the Tigers' half-miler, is attending a student council meeting in Houston this weekend. Murphy also is a member of the top Snyder mile relay team, but Snyder will have a mile relay quartet in competition at Weatherford.

Snyder, Sweetwater and Colorado City ran off several practice events in Tiger Stadium yesterday afternoon. It was purely a practice session and no point totals were tabulated.

One particularly bright spot in the practice session was a 6-1½ leap by Phillip Floyd in the high jump. That surpasses anything a Snyder performer has done before in a meet, but it won't go into the record books, because Thursday's event was not a regular meet.

Coaches Stehley, V. V. Shearburn and manager Jim Sullenger will accompany the squad to Weatherford. Field events will begin at 10 a.m. while preliminaries in track events are set for 12:45 p.m. and finals in the running events will begin at 7 p.m. under the lights. The last event, the mile relay, is scheduled for 9 p.m.

By events, here's how the Snyder squad will line up at Weatherford: 440-relay, Charlie Park, Tom Kincaid, John Finke or Leslie Anderson, and Harley Bynum; 120-yard high hurdles, Bynum and Anderson; 100-yard dash, Kincaid, Park and Finke; 440-yard dash, Phil Moore, Leon Smith and Jimmy Townsend; 180-yard low hurdles, Bynum and Anderson; 220-yard dash, Kincaid, Park and Finke; mile run, Jerry Smith; mile relay, Phil Moore, Anderson, Townsend and Leon Smith; high jump, Phillip Floyd; broad jump, Craig Stokes; pole vault, Jackie Rice and Jeff Graham; shot put and discus, Stokes, Danny Aycock and Roy Taylor.

Houston Leading In Golf Tourney

LAKE CHARLES, La. (AP)—University of Houston led the Lake Charles Intercollegiate Golf tournament going into the final rounds today and the margin was so wide there seemed little chance of the Cougars being overtaken.

Rain cut the first day's play to 18 holes with Houston shooting 288 and Tulane second with 301. Defending champion Lamar Tech was fourth with 308.

The tournament ends with 27 holes today.

Jim Grant of Houston shot a one-under-par 71 to take the individual lead. Teammates Mark Hopkins and Randy Petri had 72s.

Snead Takes Lead In Doral Tourney

By BEN FUNK

MIAMI, Fla. (AP) — Sam Snead, still booming his shots off the tees at the age of 51, led the year's strongest golf field into the second round of the $50,000 Doral Open Tournament today.

Racking up a four-under-par 68 in the opening round despite his usual putting difficulties, Slammin' Sam staked a first-round claim on the $7,500 first prize awaiting the winner Sunday.

One stroke behind were Mike Souchak, Dave Hill, Bob Shave Jr., Bert Yancey, Joe Lopez Sr. and Ken Venturi. Ten others were only two strokes off the pace.

Snead, who plays in only a few tournaments but continues to add substantially each year to one of golf's biggest bank rolls, complained that he missed five birdie putts.

This is his first start on the tour this year. The West Virginian started in only 12 out of 43 tournaments in 1963, but still collected more than $28,000.

The 7,028-yard Doral Country Club "Blue Course," called the "Blue Monster" by some pros, gobbled up two of golf's Big Three, Arnold Palmer and Gary Player.

Palmer, still looking for his first victory of 1964, finished in a tie for 30th place after scrambling to a par 72 in a round that included a double-bogey.

Player, complaining that the Doral course "is too exacting," did even worse with a 73 after hitting into a water trap to take a double-bogey seven on the eighth hole.

Jack Nicklaus shot a 70, although he said, "I didn't drive well, my iron shots were only fair, and my putting was terrible." He three-putted four greens.

JC Cagers Advance To Semifinals

HUTCHINSON, Kan. (AP) — Dodge City, Kan., will play Trenton, N.J., and Casper, Wyo., meets Bacone of Muskogee, Okla., tonight in the semifinals of the National Junior College Basketball Tournament.

Casper, with a 23-5 record, is the only team with tournament experience. Ed Samelton, a tourney all-star, Mickey Hartsburg and Sam Williams helped Casper take third place last year and they are pushing a drive to take all the marbles this time.

Dodge City, pre-meet favorite, has a 27-2 record, Trenton 31 and Bacone 28-3.

Hartsburg scored 22 points in the last half Thursday night as Casper whipped Lon Morris of Texas 76-59, after leading only 35-32 at halftime. Hartsburg finished with 26 points and Williams 19.

In the other quarter-final game, Bacone breezed past Brevard, N.C., 82-69 with Dale Dishman making 22 points and Tom Davis 20 in a balanced attack.

In losers' bracket games, Chipola of Florida defeated Wahpeton, N.D., 89-80; Burlington, Iowa, edged Eastern Arizona 91-88; Leicester, Mass., defeated Walker of Alabama 66-63, and San Angelo, Tex., beat Southwest Baptist of Missouri 98-95.

Trinity Has 4 Leaders

HOUSTON (AP)—Trinity, Pan American and Lamar Tech dominated the 16-man championship bracket as the sixth annual invitation college tennis tournament entered its third round today.

Trinity had four players, including Frank Froehling, ranked third nationally, in the running. They also are the top four seeded players — No. 1 Froehling, No. 2 Cliff Buchholz, No. 3 Andy Lloyd and No. 4 Butch Newman.

Pan AM and Lamar Tech each had three players in the championship bracket. Rice, Southern Illinois and Corpus Christi each landed two.

Froehling drew a bye in the first round and beat Thad Ferguson of Southern Illinois 6-0, 6-1 in the second round.

Cardinal Pennant Hopes May Depend On Washburn

By JIM BECKER
Associated Press Sports Writer

"If Ray Washburn is sound," old Branch Rickey has said, "the Cardinals will win the pennant."

Washburn is the big, young right-hander who won his first five games for St. Louis last season, and then came down with arm trouble. He never won another and spent most of the season in the minors.

He tested the arm for the first time Thursday against the Cincinnati Reds, and for a while the Cardinals looked like they were going to give the Mets a run for the cellar. Washburn walked the first batter and then gave up three straight hits and two runs.

Then he settled down, and the Cardinals' hopes began to look up. Washburn struck out four in a three-inning stint and St. Louis went on to a 3-2 victory.

That gave the Cardinals a 5-1 record for the spring exhibition season. Two other teams have better records, the Los Angeles Dodgers and the San Francisco Giants, who rank with the Cards as preseason favorites for the National League pennant.

The Dodgers, yet to lose, won their third game, 5-4 against the Milwaukee Braves. The loss ended a four-game winning streak for the Braves.

Willie Davis hit a double and a triple and Lee Walls had three straight singles for the Dodgers, who made 14 hits off Warren Spahn, Tony Cloninger and Phil Niekro.

The Giants made their record 10-1, as they made 15 runs for the second straight day. This time they trimmed the Los Angeles Angels 15-12 and collected 19 hits. Willie McCovey got three and ran his hitting streak to 10 straight. He is batting .520.

Bob Bailey, the expensive young third baseman of the Pittsburgh Pirates, went four-for-four against the New York Yankees, and made it 10 straight hits, too. The big bonus youngster is batting .786. But the Yankees won 2-0, on two first inning runs. Roger Maris drove in one and scored the other on a passed ball.

Nellie Fox made his first appearance for Houston against his longtime Chicago White Sox mates, contributed a double and a fielding gem, and the Colts finally won it in the 12th inning, 1-0. Eddie Kasko drove the winning run across.

The New York Mets and the Philadelphia Phils received good pitching in victories.

Carl Willey, Craig Anderson and Ron Locke held the Detroit Tigers to three hits, and rookie first baseman Billy Haas hit a two-run homer in a 5-0 Mets victory.

Art Mahaffey and Gary Kroll each struck out seven Washington batters, and Richie Allen and Bobby Wine homered in a 3-1 Philadelphia triumph.

Baltimore got homers by Dick Brown, John Powell and Willie Kirkland in a 6-2 verdict over Minnesota, and Cleveland scored eight runs in the first inning and went on to a 17-10 success over the Boston Red Sox.

Harge Is Barrier To Bradley Team

By MURRAY CHASS
Associated Press Sports Writer

NEW YORK (AP)—New Mexico's Ira Harge, at 6-foot-8 and 203 pounds, presents a formidable barrier between Bradley and its third National Invitation Tournament basketball championship.

To hear Bradley personnel talk, removing Harge is tougher than getting rid of dandruff.

The New Mexico senior was the object of everyone's admiration following the NIT semifinals Thursday night in which the Lobos pressed their way past NYU 72-65 and Bradley rambled over Army 67-52. Fourth-seeded New Mexico and second-seeded Bradley clash Saturday afternoon for the title.

"I don't think anyone can handle Harge," Bradley Coach Chuck Orsborn said flatly. "At least I haven't seen anyone handle him."

Levern Tart, the Braves' top scorer, called the Detroit resident "a whale of a player," adding:

"He jumps out of the gym. He's a demon on defense. You don't make many lay ups against him."

Joe Strawder, at 6-foot-9 the only Bradley player of comparable height, said Harge is "one of the greatest I've seen in college." It will be Strawder's job to guard Harge, but he's not sure how he'll do it.

"I guess the best thing to try and do is keep him from getting the ball," he commented.

Harge's 17 points weren't high for New Mexico, but he missed seven minutes of the first half and had to play cautiously in the second half because of personal fouls. On defense, he blocked a number of shots and generally got in NYU's way.

Frisco Pair Takes Lead

HOUSTON (AP)—Jim Asbell and Ron Cerrudo of San Francisco led the Champions Cup matches, an amateur tournament, going into the second round today.

Their 3-under-par 68 Thursday over the Champions Course gave them a two-stroke lead in the partnership best ball event.

George Seaholm and William Penn of Austin were second with a 70.

Posting 71s were David Goldman and John Smith of Dallas, Roane Puett and George McCall of Austin, John Paul Cain and Dr. Les Lemak of Houston and Juan Estrada and Augustin Silveyra of Mexico.

The Champions course is owned by professionals Jimmy Demaret and Jack Burke Jr., who put on the tournament to stimulate interest in amateur golf.

Hunger-Strikers Ask Chicken Be Removed

FRANKFORT, Ky. (AP) — About 50 waitresses, eating fried chicken while sitting in the Kentucky House gallery Wednesday, reacted promptly when asked to move.

They had not realized they were seated next to about 30 Negroes and whites engaged in a hunger strike to dramatize a plea for a public accommodations bill. The hunger strike was in its fourth day.

The waitresses were on hand to lobby against a measure which would allow employers to deduct 25 cents an hour from their salaries if they received tips.

Bitter Bond Says He Is 'Liberated'

By JOE REICHLER
Associated Press Sports Writer

COCOA, Fla. (AP)—As Walter Bond tells it, the Houston Colts liberated him from an enemy camp when they purchased his contract from the Cleveland Indians last winter.

Eyes flashing in anger, lips dripping with words of bitterness, Bond recounted what he called his seven years of captivity as an Indian farmhand.

"They never gave me a chance," he related, at a breakfast conversation. "They just kept me in the minors. I hit .300 every year but they kept sending me back. Other guys hit .270 and .280 and were brought up but me, I just sat in the minors. They figured a big guy like me should hit 40 to 50 homers to deserve a shot in the majors."

The record book shows that Bond topped the .300 mark only three times and that the Indians did bring him up as many times. But when a man is 6-feet-6, weighs 240 pounds and is angry, to boot, you just listen.

"They brought me up to Cleveland for 12 games in September of 1962," Bond recalled. "I hit .380 with six homers and 17 runs batted in. Everybody's happy. The manager tells me I'm their right fielder for 1963. They keep telling me that all winter.

"Comes spring training, they got another guy in right field. 'We just want to give everybody a chance,' they tell me. A week before opening day, they buy another guy and put him in right field. 'Don't worry,' they tell me, 'you're still the right fielder. We just want to see what this fellow has.'

"Three weeks later I'm in Jacksonville. Never even got to bat once. Other clubs wanted to buy me but they refused. They want me to play for them in the minors."

Bond batted .276 at Jacksonville but hammered 25 homers. He hit .352 in Puerto Rico and led the winter league with 12 homers. These totals looked good to Houston General Manager Paul Richards and the Colts purchased the 26-year-old Tennesseean conditionally.

Cowboys Eye Cage Star

DALLAS (AP) — The Dallas Cowboys of the National Football League were talking Thursday with Lucius Jackson, the basketball star of Pan American College.

The 6-9 Jackson, who hasn't played football since high school at Bastrop, La., said the Cowboys want him as an offensive end or defensive halfback.

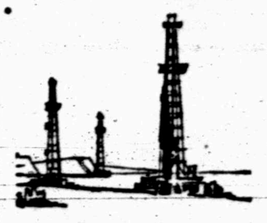

But he's due to be a first-round draft choice in the National Basketball Association, and Jackson said he was undecided which sport he would follow as a professional.

Regardless, he won't sign with anyone until after the Olympic basketball tryouts.

Meanwhile the Cowboys heard that defensive back Jerry Overton broke his leg in a skiing accident Thursday at Casper, Wyo., and won't remove the cast until shortly before the Cowboys start training in July.

Coach Tom Landry said he expected Overton to be ready to play by the time camp opens.

Columbia University's winter sports program features basketball, fencing, swimming, track and wrestling.

Moonlighting On Increase

WASHINGTON (AP) — More people are "moonlighting" than ever before, the government says.

And, declares the AFL-CIO, "Moonlighting is bad and we try to discourage it."

"Moonlighting" is the term applied to the practice of one person holding two jobs.

The Bureau of Labor statistics reported a sharp increase in double job-holding in a recent survey.

The figures showed that 3.9 million Americans held an extra job, a rise of 600,000 in a year and "the first significant increase in extra job-holding" since 1956.

The number of moonlighters added up to 5.7 per cent of American workers.

The figure is almost as high as the nation's unemployment rate.

The AFL-CIO deplored moonlighting on grounds that it is one of the factors contributing heavily to the nation's high number of unemployed, now 4.5 million persons.

Krush Will Visit Egypt In May

CAIRO (AP)—The Egyptian government annouced today that Soviet Premier Khrushchev will be present in May for the historic diversion of the Nile River into a new channel created by the Aswan Dam. The Soviets have provided much aid for the project.

On May 15 the Nile will be diverted into the channel which will house the Aswan Dam's giant electric generators wh n the project is completed. The main river itself is now being spanned by rock-fi'ling operations forming the base of the dam itself. This operation will completely cross the river by May 15.

CHURCH NEWS

First Baptist

The choir of First Baptist Church will have as its special music Sunday morning, "His Eye Is on the Sparrow," with Mrs. Eddie Don Floyd as soloist. At the evening service, the girls trio composed of Anita Holt, Rose Ann Lemons and Beth McCloskey, will sing.

The First Baptist Anniversary Revival will begin Sunday. The Sunday services will be held at the regular hours, but during the coming week the night services will be at 7:30 p.m. The choir will meet 30 minutes early each evening for rehearsal.

Dr. A. B. Lightfoot, pastor, will preach Sunday at 11 a.m. on the subject, "The High Cost of Low Living." His subject Sunday night will be, "If I Were the Devil." Monday night's message will be, "The Mark of the Pharisees," and Tuesday night the subject will be "Home — Combatible or Compatible."

Eddy Nicholson will be here in time to direct music for the Monday night service.

The adults and Young People will "pack the pews" Monday and Tuesday nights. Mrs. Kenneth Cole, Mrs. Jerry Rice and Mrs. D. D. Shelburne have been named pew generals for these two nights. Mrs. Bill Emerson will lead the Juniors to pack the pews on Friday night.

Tuesday night will be "Family Night," and a Bible will be given to the largest family present. A Bible will be given Friday night to the Junior who brings the largest number of prospects. Friday night will be called "Old Fashioned Night." Mr. Nicholson will sing selections of old favorite hymns.

A prospect supper for ladies and girls will be held Tuesday at 6 p.m. Mrs. Bill Emerson and the WMU are in charge. A men and boys prospect supper will be held Thursday at 6 p.m. The Brotherhood, under direction of Roy Carter, has charge of the supper. Mrs. Don Sealy, church hostess, is in charge of preparing the meals.

There will be no service Saturday night, but an "around-the-clock" prayer service for the Easter Sunday service will be conducted. The prayer time will begin at 6 a.m. Saturday and continue until 6 a.m. Easter Sunday.

The Junior Choir, under direction of Sharon Loveless, will sing a special number Wednesday night.

37th Church of Christ

A total of 360 persons attended Bible classes last Sunday morning at Thirty - seventh Street Church of Christ. Goal for this Sunday is 425. Everyone is invited to attend Bible study classes, and there are classes for all ages, with qualified teachers.

A Gospel Meeting will be in progress at East Side Church of Christ next week and Wednesday evening services at Thirty-seventh Street will be dismissed so that members can attend the meeting at East Side. Don Browning of Tahoka will be the preacher.

Plans for the appearance of the Lubbock Christian College Chorus here have been changed. The chorus had been scheduled to sing Friday night, March 27, at the Thirty-seventy Street building. Plans now call for them to sing at the East Side building immediately following the 7:30 p.m. preaching service of the meeting that night. The public is invited to attend the meeting and to hear the chorus.

The Sunday morning sermon topic at Thirty-seventh Street will be, "Worldliness in the Church." The subject at 6 p.m. will be, "Take It to the Light." Maxie B. Boren, regular preacher, will speak at both services. "Five Minutes with the Master" is a five-day-a-week radio program over KSNY at 8:15 a.m. Mr. Boren is speaker on the program and the public is invited to listen.

East Side C-C

Richard Williams will preach at all services Sunday at East Side Church of Christ.

His subject for the 8:15 a.m. radio program will be, "For Whosoever Shall Save His Life Shall Lose It," Matt., 16:24-26.

For the 10:25 a.m. service, Mr. Williams' subject will be "The Straight Way Forgiveth," James 1:22-27, and for the 6 p.m. service, the subject will be, "The Lord Is," Sam, II 22:1-3.

Bible classes wil meet at 9:30 a.m.

A Gospel Meeting will begin on March 23 and continue through March 29. Don Browning of Tahoka will preach. Services will be held at 7 a.m. and 7:30 p.m. during the meeting.

Formerly landlocked, Ethiopia acquired a seacoast when it federated with Eritrea under the auspices of the United Nations

St. John's Episcopal

Palm Sunday will be observed with the celebration of The Holy Eucharist at 10:30 a.m. The Rev. Truman E. Bennett, Vicar, will be the celebrant and preacher. Wayne Alexander will be the Server and Eddie Byers will be the Crucifer. Jim Caddell will serve as usher. Mrs. E. L. Kubala will be organist.

With Palm Sunday we enter Holy Week, when the liturgy sets before us the moving events of our Lord's death and their inner significance. The Palm Sunday Eucharist is strictly concerned with the Passion itself, and it is only in the ceremonies preceding the Holy Eucharist that we have the commemoration of the entry of our Lord into Jerusalem. There will be the traditional blessing and distribution of the Palm Crosses.

Maundy Thursday service will be at 7:30 p.m. when the Holy Communion will be celebrated with thanksgiving for the institution of the Blessed Sacrament by our Lord Jesus Christ. After the Communion the altar will be stripped of all its ornaments except the cross, and the crosses will be veiled in black for Good Friday, the Christian day of mourning.

There will be a Three Hour Meditation on the Seven Last Words from the Cross on Good Friday from 12:00 noon to 3:00 p.m. For those who can not remain for the full three hours, there will be appropriate pauses to permit one to leave when necessary.

The theme of Holy Week is triumph, not tragedy. In all our meditations on the death of Christ we should do what the liturgy does, look forward to the exaltation that followed the humiliation, and on the glory that shone through the shame that glorious first Easter Morn.

Northside Baptist

The "March to Sunday School in March" Attendance Contest is in its 4th week at the Northside Baptist Church. Sunday School attendance was 398 last Sunday and the average so far in the contest is 384.

An attendance goal of 450 has been set for this Sunday and Rev. Jack Dean, pastor, and Marvin Smith, Sunday School superintendent, are calling upon every member of the Church and Sunday School to help in reaching this goal.

The Auditorium Bible Class reached a record attendance of 81 last Sunday. Their Goal for Sunday is 90. Rev. Dean is teacher of this class.

"God's First Move" will be the subject of a message to be delivered at the 11 a.m. worship service by Rev. Dean. Youth Choir meets at the Church Sunday evening at 5:30. The Baptist Training course is at 6:30, and the evening worship service will begin at 7:30. Rev. Dean will speak from the book of Revelation on the subject, "The Tribulation, When will it be, What will it be like, and Who will be in it?"

First Presbyterian

In the fourth century when the Church obtained her freedom to worship, the faithful in Jerusalem re-enacted the entry of Christ into their city on the Sunday before Easter.

This coming Sunday is "Palm Sunday" and in our church we re-enacted this scene, as we pause during this Lenten season, to share in Jesus' triumphal entry into Jerusalem.

The message, "The Curious Crowd," is taken from Matt. 21:1-11, with the text taken from the 11th verse as the answer to the question asked by the curious crowd that had gathered for the Feast of the Passover.

A called Congregational meeting will be held following the Worship Service. Notice will be read from the pulpit.

All who are interested in joining this church during the Easter season are invited to make their desires known to the Pastor or one of the members of the Session.

"A word fitly spoken is like apples of gold in pictures of silver." Proverbs 25:11.
Oh Lord, help us not to say
Anything in a bitter way.
A word can be a poisoned dart
That mortally wounds another heart;
While a simple act of being kind
Can mend that soul and heal that mind.

McNamara, Rusk Won't Campaign

WASHINGTON (AP) — President Johnson has told Secretary of Defense Robert S. McNamara he wants him to stay out of the 1964 political campaign, it was learned today.

Johnson has given similar word to Secretary of State Dean Rusk.

In all probability, sources said McNamara would have kept clear of any political campaigning even if Johnson had not expressly ordered it that way.

Cabinet officers in less sensitive fields often are expected to pitch in and help win votes for the man in the White House. But the heads of the State and Defense departments traditionally have tried to remain above the battle.

Cuban Guards Forbid Shooing Of Flies

MIAMI, Fla. (AP) — If you shoo a fly in a Cuban concentration camp, you get swatted, a refugee said today.

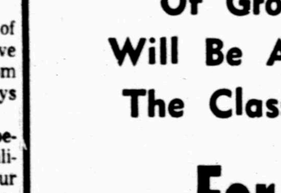

Alejandro Aguero, 25, one of 54 exiles who arrived in five small boats Thursday from Cuba, said he served 10 days in such a camp.

"Flies were thick there because of lack of sanitary facilities, and they would get in our food and on our person," Aguero said. "But we were supposed to let them bite us. Part of our punishment, I guess. If we shooed them, guards would hit us with sticks."

Income Of Moscow Falls Short Of Plan

MOSCOW (AP) — The City Council reported Thursday it received more than 5,000 complaints from Muscovites about dry cleaning, laundry, shoe repair and auto service last year.

Because of these and other falldowns, the capital achieved only 97.7 per cent of its planned income for 1963. The council taxi income fell $4.99 million short of the assigned goal. This was no surprise to Muscovites, who find it almost impossible to get a taxi at night.

To VICTORY

...that is the cry of the multitude. Today we join the happy throngs around the earth as we shout together, "Hosanna"! Whatever the morrow may hold of suffering, today we declare to the world..."*Christ has come.*" Because we are in His company, we know that God ultimately will be sovereign over all the world. We are confident that goodness is stronger than evil. We are sure love will triumph over hate. Whatever a Friday of crucifixion may bring of temporary defeat, we know life will triumph over death, and the Christian way will resolve itself supremely in the final destiny. Then Palm Sunday is a day to celebrate and set up our banner of hope. "For right is right as God is and right the day must win." *This hope will convert, for us, spiritual defeat into eternal victory.*
