Lights and Faces Seen

PLAYING KIDS: Claude Rea, dressed in white rompers, and Buster Bradly clad in a very brief play suit, stole the show when the seniors of Hereford High School observed "Kid Day."

A lot of new trees are being set out in the Frio community along with numerous other improvements.

REMEMBER WHEN? Says Mrs. Carl Frye of the Easter community: "The 'April Fool' weather last Friday reminded us of the 'April Fool' we saw 13 years ago. Castro County, aided by surrounding counties, attempted to drive all rabbits in the area into a pen at Dimmitt. Results—one lone rabbit. Especially well do I remember Cliff Estes and Homer Wilson having walked all the way from Summerfield and stopping at out house, where they ate a whole loaf of bread and a pound of butter."

Mrs. L. B. Hooten arrived last Tuesday from Phoenix, to visit her daughter, Mrs. T. B. Cox in the Westway Community, after having spent the winter with her son in Phoenix. She says it is a fine place to live during the winter months; she brought home some fine oranges and grapefruit, which she says stayed on the trees all winter—and a 48-pound box of grapefruit sells for 49 cents.

And speaking of animals, Albert Ferris would like to see enough people get interested to secure a city zoo. Albert figures that a caretaker could be employed and that the animals can be fed for around $100 a month. He says the lions and bears would eat horse meat—

School Census Totals 826 For Ensuing Terms

The Hereford School census, which was completed last week, showed a total of 826 scholastics, according to C. H. Dillehay, superintendent, who said that the census this year showed a gain of 56 scholastics over last year, but a loss of 60 under the 1936 census.

The school year 1936-37 was the first in which the state apportionment has been $22 per student. Mr. Dillehay stated that with even a slight increase in enrollment more teachers will be necessary, since there is an average of 37 1-2 children to each room at the present time.

During the depression the number of teachers in both the high school and Central schools were decreased.

Westway Women Organize Club

By Mrs. Merlin Kaul

A home demonstration club was organized in the Westway community at a meeting held in the school Thursday afternoon, March 31. Meeting dates were set for the first and third Thursdays of each month, at 3 o'clock. Study for the first half of the year will be concerned with lawns and yards.

The following officers were elected: Mrs. G. C. Hartman, president; Mrs. Joe Landers, vice-president; Mrs. Paul Rudd, secretary-treasurer; Mrs. Al Werner, parliamentarian; Mrs. E. B. Osburn, council member.

Holds Revival

Rev. Ernest Witham of McPherson, Kansas, is demanding wide interest at the Revival Meeting now in progress at the First Baptist Church.

Baptist Meet To Close Here Sunday Night

RECORD ATTENDANCE IS REPORTED AT MEET SUNDAY NIGHT

Attendance records for the revival meeting now in progress at the Baptist Church were shattered last Sunday, when the main auditorium was filled to overflowing. Conflicts, however, held down attendance during last week, and larger crowds are being reported at the daily meets this week.

"Rev. Ernest Witham, evangelist, is bringing splendid messages and H. W. Minor is proving an unusually good choir director and soloist," said Rev. W. E. Barnes, pastor. "We invite you to hear the rest of their messages; morning services at 10 o'clock and evening prayer services at 7:40 o'clock; evening services at 8 o'clock."

Ralph Packard Funeral Held At Plainview

Funeral services for Ralph Packard were held Thursday from the Old Spring Lake Church and interment was made in Plainview.

Mr. Packard died Tuesday, April 5, in Dimmitt, following a pneumonia attack. He was sick only eight days before his death. Although he lived in Spring Lake, Mr. Packard was well known over this area and had many friends in this section. As one of the owners in the Packard Milling Company of this city he came here often.

He was born Oct. 29, 1897, in Missouri; he came to Texas on Nov. 30, 1908, from Kenonia, Mo., and settled in Lamb County, where he has since made his home. He married Leona Troxell on Dec. 6, 1919.

Pall bearers were: Ray Axtell, Norman Clevenger, Jack Henson, T. S. Alair, Milton Ott and Arthur Boles.

In addition to his widow, he is survived by one daughter, Edna; five sons, R. A., Chas., James, Donald, LeRoy, and by his father, H. M. Packard.

County, City And Rural Trustees Elected Saturday

Irrigation And Balanced Farms Headline Talks

WILSON TELLS VALUE OF TERRACING IN WEST TEXAS AREA

Irrigation, balanced farming, terracing and stock farming composed outstanding topics discussed over station KGNC, Amarillo, Saturday afternoon in a special Hereford broadcast. The program began at 1 o'clock and ran through 1:30; it was sponsored as a Farm and Home feature, and was arranged by A. R. Batman, county agent. Transcribed music was also played at intervals.

By Alex O. Thompson

"I wish to give you some information you probably do not have. Deaf Smith County has more land in cultivation than any County in Texas. It is 16 miles west of Amarillo to the northeast corner of the County. The county is 50 miles long, east and west, and is 30 miles wide, north and south; it comprises 969,000 acres, of which 80 per cent is tillable and 625,000 acres are now in cultivation. The farms in Deaf Smith County average 760 acres to the farm, and the population averages 4 persons to the square mile.

"In one year this county produced 9,000,000 bushels of wheat. The principal crops are wheat, other small grain, grain sorghums and forage crops. It is the home of many herds of the finest registered Hereford cattle of the Nation, and thousands of high grade cattle are pastured and fed in the feed lots and sold as feeders or to the butchers.

"Hereford is the capital of Deaf Smith County and is situated on the main line of the Santa Fe, on Highway 60, which is paved through the County, and will soon be a completed paved highway from coast to coast. Taxes in Deaf Smith County will average about ten cents per acre per annum on the land, which is about as low if not lower, than any County in the State for like quality of land.

"Crop insurance is a topic that is being discussed throughout our Nation. The shallow water area in Deaf Smith County is being developed by irrigation from wells and will soon transform this area into a veritable wilderness of growing crops. The irrigation is being used to supplement the rainfall and wonderful crops are being produced. This is truly crop insurance and will insure a bountiful yield in time of drought.

"Cheap power is essential to economical pumping of the water, and a Rural Electrification project known as the Deaf Smith County Electric Cooperative, Inc., has been instituted and 80 miles of electric lines have been constructed in Deaf Smith county and the northern part of Castro County; a contract has been let for the building of 96 additional miles of lines and a sub-station. This will make a total of 176 miles of lines which will serve 250 or more customers with lights for their homes and power for their appliances and more than 150 irrigation wells. This is the only project for power pumping that has been approved by the Rural Electrification Administration. A total of $254,000 has been allotted for this project and a limit of $700,000 for the completion of this and all extensions approved. The directors of the Cooperative have been keeping the cost well below the estimates. The rate for pumping will be on cent per kilowatt hour per month, plus a demand charge sufficient to pay the debt over a period of 20 years at less than 3 per cent per annum. It is estimated that the rate will be 1 1-4 to 1 1-3 cents per KWH. The customer will get credit for any amount paid to the Cooperative above the 1 cent per KWH and when the debt is paid the system will be owned by the customers.

"The Texas-New Mexico Utilities Company will furnish the electricity at the Cooperative's sub-station, which is to be located 3 miles northeast of Hereford.

Severe Injuries Result In Auto Accident Sunday

TWO HEREFORD BOYS AND THREE CANYON GIRLS ARE INJURED

Two Hereford boys and three Canyon girls sustained serious injuries when their automobile overturned eight miles east of here on Highway 60 Sunday afternoon. The car was said to have overturned five or six times after it struck a yearling, which was in the road.

Jarrell Rutherford, son of Mrs. Effa Rutherford, was today reported to be improving, but is still unable to be out. His right arm has a compound fracture between the elbow and shoulder, and he suffered a scalp wound.

Leonard Ralston, son of Mr. and Mrs. A. J. Ralston had his right wrist broken; he is also reported to be improving.

Three Canyon girls were in the car. Miss Lula Ellison, who was driving escaped with less injury than any of the other occupants. The extent of her injuries was a scalp wound and severe scratches and bruises. She returned to Canyon Sunday night.

Natalie Fletcher was returned Monday morning to Canyon; her left arm was broken in two places and she suffered a bad cut below her lip.

If You Want To Get Married, Teach At Dawn

"If you want to get married, just teach school at Dawn."

Thta's what the people say in that community, and they can back up their statements, for only three unmarried teachers in the school have escaped matrimony during the past 18 years.

At the present time there are 14 former "school 'marms" living in the Dawn community; they represent attendance in 16 colleges and universities in Texas, Colorado, Oklahoma, Kentucky and Tennessee—and their total number of teaching years 75.

Re-Elected

Mayor C. J. Paddock was unanimously returned to office as a result of the city election here, Tuesday, along with Vern Witherspoon and Nestor Gass, city commissioners. Out of the 53 ballots cast, each of the officers received 53 votes.

Fire Fans Are Warned To Obey City Ordinances

FINES TO BE EXACTED FROM VIOLATORS AT FUTURE FIRES

Stressing the fact that the Hereford Fire Department is being seriously handicapped by spectators who rush to fires, E. W. Curtsinger, city marshal, today said that continued violation of fire ordinances will result in fines.

Crowds of spectators, who rush to fires with the city trucks, so blocked the road at the Jim Brown fire, were said to have resulted in the house burning because the trucks, returning for chemicals were unable to get through the lane of cars parked in the middle of the road, he said. In many instances cars have darted in between the two fire trucks, and often cross fire hose and block the way to fire plugs.

He points out that ordinances

Pre-Easter Meet Announced For Christian Church

Special pre-Easter services will be conducted at the First Christian Church on Wednesday, Thursday and Friday nights, preceding Easter Sunday, April 17, it was today announced by Rev. H. M. Redford, pastor.

"These special services will begin promptly at 8 o'clock each evening," Rev. Redford stated. "On Thursday night a candle-light communion service will be the special feature. The experience of the Passion Week will be the theme of the other two nights."

Bennett Showing New Combines By Gleaner-Baldwin

Announcing the greatest combine in 11 years of Gleaner-Baldwin history, C. W. Bennett, local dealer, today said that he now has the new line on display in Hereford.

"The new Gleaner-Baldwin with its spiral conveyor harvesting unit and other features is heralded as the greatest improvement ever made in harvesting and threshing history," Mr. Bennett said. "We are anxious for you to visit us and to see this new combine. We are now showing a number of 12-foot Gleaner-Baldwins and plenty of 6-foot models."

He also reported that a new V-belt has replaced the high speed chains as optional equipment and cited the following economy features: all-steel harvester unit, rasp bar cylinder, safety clutch, improved grain elevator, balancing device, all-steel frame, adjustable slip clutch, sturdy wheels, longer cleaner shoe, special transport truck, power engine and simple separation device.

League Meet Holds Wide Interest For Students Of Area

Rural Women To Organize H. D. Clubs

Following a definite announcement that the new Home Demonstration Agent for Deaf Smith County will assume her duties here May 1, 1938, a wide interest in organizing clubs has been seen over the area.

Several preliminary organizations have already been made, and general meeting of all interested women has been called in the court house here, at 2:30 o'clock, Saturday afternoon, April 16. Miss Ruby Mashburn, district extension agent, will come to Hereford for the meeting.

"It is highly important that all women who expect to take part in the work attend this meeting April 16," Miss Mashburn declared, "for at this meeting plans will be made for work during the ensuing year and the year book will be outlined. All rural women are especially invited to attend."

Although this county has not had home demonstration work for several years, many women over the area are experienced in the work and the Deaf Smith Clubs are expected to take the leadership of this section of the Panhandle when the organization is perfected and the new agent arrives.

Phillips Named Clerk In First State Bank Here

Billy Ross Phillips last week began working in the First State Bank, succeeding Edgar Ireland, Jr., who has accepted a position in Dallas.

Mr. Phillips is the son of Mr. and Mrs. Wirt Phillips of this city and is well known over this section. After he graduated from Hereford High School, he attended Texas Technological College, Lubbock, where he gradnated last spring. While in Tech he studied business administration and specialized in accounting. During both his high school and college career, Mr. Phillips established enviable records.

Davis-McCracken Demonstration Is Set April 12-13

Due to cold weather today, the Minneapolis-Moline field demonstration has been postponed until Tuesday and Wednesday, April 12-13, it was today announced by Davis-McCracken, local dealers.

The demonstration will be held on the old J. F. Ward place, and will feature all types of M-M machinery including the new "Vision-Lined" Z Tractor. The public was invited to attend the two-day demonstration.

WESTWAY WINS RURAL, SUMMERFIELD WARD DIVISIONS HERE

After being twice delayed, the athletic division of the Deaf Smith Interscholastic League meet was completed here, Tuesday afternoon, under the direction of F. W. Dodson, athletic director.

Westway Continues Record

In the Rural School division of the League meet this year Westway won all three cups for the fifth consecutive year, with a total of 269 1-2 points, representing 169 in the literary division and 100 1-2 in the athletic division; Dawn was second with 120 1-2 points, 89 literary and 31 1-2 athletic Messenger was third with 82 points, 49 literary and 33 athletic. Ward was fourth with 14 points, 14 literary and none in athletics.

Summerfield Leads

In the Ward School division Summerfield won athletic and all-round cups; Wyche won the literary cups. Some tennis matches in the Ward division was incomplete, but will have no bearing on the final awards. Summerfield was first with 104 points, 59 literary and 45 athletic; Wyche was second with 94 points, all from literary competition; Walcott was third, with 52 points, 37 literary and 15 athletic; Heiselman scored 20, Ford 19, and Daniel 10.

The meet this year featured two divisions, rural and ward, for most literary and athletic contests.

Results of the athletic division follow: Rural Senior track—Westway first, with 66 points; Ward second, with 25 points. Rural Junior track—Wesway first, with 38 points, Dawn second, with 17 points, and Ward third, with 6 points. Ward Junior track—Summerfield first, with 39 points; Walcott second, with 3 points.

Easter Egg Hunt and Free Movie For Kiddies Scheduled April 16th

Kiddies over the entire Hereford area will again be special guests of Hereford Merchants this year in a gigantic Community Easter Egg Hunt, it was announced today. The hunt is scheduled for Saturday, April 16, and hundreds of boys and girls are expected to throng Mother's Park and Lake Park for the event this year.

The Easter Egg Hunt will again be sponsored by the Hereford Lion's Club in co-operation with the Star Theatre and various merchants of Hereford. It will be conducted along similar lines as last year, when hundreds of kiddies lined up and awaited the starting signal before they literally combed the two parks. Prize eggs will be intermingled in the various nooks in the park, and finders will redeem them at local stores as they did last year.

Free Picture Show

The special Kiddies' show is scheduled to begin at 10 o'clock Saturday morning, according to John Roberts, manager, who said that three hard-boiled colored

Brand Wants Stories and Pictures of Pioneers and Historical Events

The Hereford Brand is interested in securing information and old pictures for the Pioneer Edition, May 5. An effort will be made this year to publish accounts from more old timers than ever before presented.

Special blanks have been prepared for interviews. If you have an old timer in your family or a close friend who was an early settler, please notify The Brand.

Several early picturse have already been brought to the office, and The Brand is interested in securing more pictures of early days in this section. Since pictures have to be sent away for engravings, they should be brought to the office as soon as possible. All pictures will be returned in the same condition which they were received.

Because of the time required in preparing the edition and securing engravings the co-operation of all persons in this section is asked in making the edition replete in content of historical of this area.

GAMES PARTY GIVEN

Miss Edith Jackson entertained with a games party at the home of her parents, Mr. and Mrs. R. R. Jackson, Friday night. Ping Pong and other types of games were enjoyed.

Refreshments were served to the following: Clifford Estes, Ann Cockrell, Jack Boydston, Virginia Erle Reed, Dean Dunlap, Virginia East, Floyd Ross, Jean Williams, Paul Lyons, Virginia Newell, Johnny Willett of Lamesa, Joyce Cress, Merlin Conklin, Mary Tiefel, Geo. McLean and the hostess.

MISS LUETA BORDEN LEADS JUNIOR BAYVIEW PROGRAM

The Junior Bayview Club met at the home of Miss Elizabeth Stanford, Thursday evening.

The lesson subject dealt with "The United States Navy," with Miss Lueta Borden as leader.

After a short business session Miss Borden discussed "The Big Navy," an article found in a recent issue of Fortune Magazine. She said in part, "Nations must maintain a navy for protection in time of war, yet in this country it costs each person four dollars a year to do this. Battleships cost about seventy million dollars each and it takes four years to build them. Cruisers are somewhat smaller. Besides these there must be the light cruisers, destroyers, submarines and airplanes. The tankers and the merchant ships can be converted into war vessels if the need arises. The only way to do without warships and war equipment is to have no more wars. Several attempts have been made to reach an agreement between countries, but as yet none have been successful, consequently more battleships are being built all of the time. At the present time Germany and Italy are not allowing the number being built to be known."

After a general discussion of the subject refreshments were served to Edna Daughetee, Ruth Conkwright, Katherine Kirby, Lueta Borden, Mrs. Alton Fraser, Mrs. O. C. Holt, Mrs. J. T. Gilbreath, Jr., Mrs. Jimmy Gillentine, Mrs. Marlin Gilliland and the hostess.

SHORT STORY WRITERS ARE DISCUSSED FOR BAYVIEW CLUB

The life and achievements of three short story writers were discussed for members of the Bayview Club at the meeting held Thursday afternoon in the club rooms at the court house.

Mrs. Travis Dameron was leader of the program, and discussed Manuel Komroff, a Russian writer. She reviewed "The Coronet," a short story written by Komroff. The story has a historical background, dating from the sixteenth century to 1919. Woven into its chpaters is the history of a coronet made by an Italian Master in Italy.

Mrs. W. M. Emmons gave the life and works of William March and read descriptive excerpts from several of his short stories. The style and character of William Saroyan's stories were described by Mrs. J. W. Spradley, who also told of the author's life and literary background.

During the business session further plans were discussed for the Junior Bayview entertainment, which is scheduled for tonight at the clubhouse. Mrs. J. P. Slaton and Mrs. E. W. Harrison are in charge of arrangements for the affair. Members of the Junior Bayview Club and their escorts and husbands of Bayview Club members will be guests of honor.

The next regular meeting will be held April 21, at the clubrooms. Members present, were Mesdames C. R. Barber, H. L. Broadwell, T. M. Dameron, W. M. Emmons, E. W. Harrison, G. W. Heard, Paul Mathers, J. H. Olson, John Roberts, F. T. Roloson, J. P. Slaton, J. W. Spradley, J. B. Stoker, G. A. F. Parker and Miss Lillie Hostetler.

MRS. J. T. GILBREATH, JR. IS HOSTESS AT CLUB LUNCHEON

Easter decorations were featured at the luncheon given for members of the Knitting Club at the home of Mrs. J. T. Gilbreath, Jr. The luncheon was given on Wednesday of last week. Cut flowers in variegated spring colors were used throughout the house. A decorative basket of tinted Easter eggs centered the table where places were laid for eight. Mrs. W. M. Emmons' mother, Mrs. J. E. Walker Jr., of Gorman, who has been visiting her daughter here, was a special guest.

Members of the club present, were Mesdames Tom McCollum, W. M. Emmons, Ernest Medkief, Travis Dameron, Woodrow Ireland, W. J. Stanford, O. C. Holt, Meade Halle and the hostess.

LONE STAR STUDY CLUB MEETS WITH MRS. THOMPSON

One of the most interesting programs of the year for the Lone Star Study Club was held Monday afternoon at the home of Mrs. Robert Thompson, with Mrs. Elmo ert Thompson, with Mrs. Elmo

Mrs. Ralph White was leader of the program on "American Painters and Sculptors." In discussing Colonial Painters and Silhouette, Mrs. White said, "Early Art in America was in the most part commercial, for there was not much time for art for arts sake. She listed Benjamin West, child prodigy, famous for "The Crucifixion" and "Moses Smiting the Rock." Golbert Stewart, painter of presidents, John LeForge, outstanding for his American Murals, and John S. Sargeant, portrait painter as examples of American art. Mrs. White described the silhouette as being the oldest art known and cited instances of representations being found in the ancient tombs of Asia and Africa.

Mrs. Jack Grady discussed "Modern Painters and Sculptors." She brought out the fact that in America art is considered a human activity which begins in the home. She told about Julian Onerdonk and Mary Bonner, outstanding woman painter. She said that Sculpture is a slow and tedious art as well as expensive, hence the few modern sculptors. Outstanding sculptors mentiond were Melvina Hoffman, Elizabeth Phillips and William Rush.

The next meeting will be held April 18, at the home of Mrs. C. F. Moore. Mrs. Robert Thompson will have charge of the program which will deal with "Handcraft of America."

Those present, were Mesdames Charles Sowell, Owen Stagner, E. W. Young, Ralph White, A. R. Posey, Earl Phillips, C. F. Moore, Joe Kendall, Jim Higgins, Jack Grady, J. W. Alldredge, R. G. Blue, H. A. Close, Louie LeGrand, Ione Green, a new member, and the hostess.

YOUNG PEOPLE'S CHRISTIAN ENDEAVOR

Members of the Christian Endeavor of the First Christian Church met last Sunday to discuss the topic "Christianity In Democracy." The program was led by Robert Peterson who also led the round table discussion. Rev. Redford presented an interesting talk on the subject. The committee appointed to arrange a sunrise service for Easter, reported that a vesper service on Easter would be held at the Christian church for the young people of all churches, instead of the sunrise service. The Palo Duro League will meet here April 12.

EPWORTH LEAGUE HAS FELLOWSHIP PROGRAM

"Making th Church Our Fellowship," was the subject of the program for the Epworth League meeting held at the church Sunday night. Mary Beth Hicks was leader. Taks were made by Margaret Allen, R. L. Dowell, and the leader. Plans were made for a social hour to precede the program for next Sunday evening.

A poem, "Fellowship," was read by Helen Ann Snyder. The closing prayer was led by Rev. M. M. Beavers.

LAMESA VISITOR IS HONORED

Mrs. Dorothy Ross and son, Floyd, entrtained with a lovely dinner party at their home, Friday night.

The occasion honored John R. Willett of Lamesa, who was a guest in the Ross home. Rose-pink cyclamens centered the table, where places were marked by Easter suggestions accenting a blend of color matching the floral decorations.

Those attending the dinner were Virginia Newell, Paul Lyons, Geo. McLean, Edith Jackson, John R. Willett, Joyce Cress, Jean Williams and the host.

After the dinner the group were entertained with a games party at the home of Miss Edith Jackson.

INTERMEDIATE GROUP HAS LESSON ON "GIFTS"

The theme for the Intermediate Christian Endeavor program at the Christian Church Sunday evening, was "Jesus' Gift to Us." "Just when I need Him Most," a poem, was read by Eleanor Wilson. Prayers were given by Margaret Higgins, Clifford Vaughn, Billy Dameron and Rue Wilson.

The following talks were made: Useful Living, June Dameron; Joyful Living, Katherine Henderson; Successful Living, Daniel Russell; Powerful Living, Larry Trimble.

Mary Ellen Henslee was leader. The general discussion was led by A. Petersen, sponsor.

Gleaner Baldwin

The Greatest Advancement In Combine History!

Since it's introduction over eleven years ago, the Gleaner-Baldwin Combine with its spiral conveyor Harvester unit and other advantageous features has been heralded as the greatest improvement ever made in harvesting and threshing machinery. Through the years the fundamental principles in cutting, conveying, threshing, cleaning and separating mechanisms have made Gleaner-Baldwin Combines the Universal favorite with farmers. The improvements which have been added do not affect these fundameltal principles.

Economy Features

1—ALL-STEEL HARVESTER UNIT!
2—BALDWIN RASP BAR CYLINDER!
3—DEPENDABLE SAFETY CLUTCH!
4—IMPROVED GRAIN ELEVATOR!
5—EXCLUSIVE BALANCING DEVICE!
6—ALL-STEEL FRAME!
7—ADJUSTABLE SLIP CLUTCH!
8—STURDY WHEELS!
9—LONGER CLEANER SHOE!
10—SPECIAL TRANSPORT TRUCK!
11—MODEL A ENGINE POWER!
12—SIMPLE SEPARATION DEVICES!

BALDWIN more modern, more compact, lighter, stronger

The separation in the Gleaner-Baldwin Combine starts directly behind the cylinder, where the bulk of the threshed grain falls immediately onto the first or thresher raddle bottom and rides between the raddle slats through the separator to the cleaner shoe, and grain and straw are not again mixed.

The straw is thrown back into the separator by the rapidly revolving cylinder, which is augmented by a three-wing beater —the threshing does not chop or pulverize the straw.

After the straw has been worked through three different processes of separation, few kernels have escaped, but as a last precaution the straw is deflected downward to the last raddle for final separation.

The Gleaner-Baldwin has 13 feet of separation and you will note the simplicity of the entire machine after you have seen it. The Gleaner-Baldwin separators are as nearly all-steel as possible to make them. With proper care in handling, Gleaner-Baldwin Combines will last indefinitely. No expense has been spared in building them.

— NOW ON DISPLAY —

12 Ft. Gleaner Baldwin Combines

We have a number of 12-foot Gleaner-Baldwin Combines on the lot and also 6-foot Gleaner-Baldwin Combines are available. In the 6-foot machine the same principle is used as in the larger 12-foot machine. The 12-foot machine comes equipped with Model A and Model B Ford Motors, and the 6-foot machine comes equipped with Waukeshau motors, which is proving one of the most efficient motors for the smaller type machines. If you are planning on buying a new combine this year . . . you should investigate the new Gleaner-Baldwin Combines before you buy. Owners from all parts of the country report that Gleaner-Baldwin is one of the most modern, most dependable, most efficient and most economical combines ever offered.

New V-BELT DRIVE for the BALDWIN GLEANER COMBINE Replaces the High Speed Chains

Now, for the first time, a V-Belt drive has been designed to replace the four high-speed chains on the Gleaner-Baldwin Combine. This V-belt drive was actually perfected over two years ago but is now being offered for the first time. Of course V-belt drives are optional equipment and the Gleaner-Baldwin can be bought with either V-belt drive or chain drive. The V-belt drive can be installed in a few minutes and have proven to be very efficient in the lessening of repair costs.

Museum-Exhibit Committee Plans For Pioneer Day

A majority of the committee members were present Tuesday morning at the Star Theatre to discuss plans for the big museum exhibit display for Pioneer Day, May 11.

To complete plans, another meeting is being called for 3:30 Saturday afternoon, April 16, in the District Court Room. All members are urged to be there.

"Arrangements were made whereby everyone contributing exhibits can be assured that it will be safe to leave them on display," Mrs. Dyalda Bradly said. "Special police will guard the precious keepsakes, relics and collections. Everyone is urged to help make this a very interesting museum by offering relics for the day. Guns, dishes, silverware, cooking utensils, quilts, spurs, branding irons and many other things are listed and will be labeled and carded with history as they are collected.

SANTA FE RUNS, RAIN OR SHINE

Did you ever give just one moment's thought to, what a railroad means toyour town and community? Las year the Santa Fe paid $7,100 in taxes in Deaf Smith County, $2,100 of which was school taxes. One year there wasn't sufficient money on hand to pay the school teachers before going on their Christmas vacation and the Santa Fe was asked if they would send their check ahead of time so the teachers could be paid, which they did, sending them on their vacations happy and rejoicing. The wages of labor at stations and track in Hereford amount to $2,000 yearly, most of which is spent in Hereford, helping the business men and educating the children.

Think about this. We help you. Why not return the compliment.

Irrigation And Balanced Farms Headline Talks

WILSON TELLS VALUE OF TERRACING IN WEST TEXAS AREA

(Continued from Page 1)

"A sugar beet refinery, canning factory, and other industries are being proposed at this time for this area.

"The 25,000 acre Soil Conservation Project of the Department of Agriculture just west of Hereford, has made a wonderful demonstration of the benefits of proper handling of the soil. It has proved that if our land is properly handled that it will protect the land and increase the yields.

"In connection with the agricultural program there are 1164 work sheets, covering 598,000 acres; of these 98 per cent participated in the program. In complying for the government money, the forms here followed some of the prescribed practices which have proven both practical and satisfactory to the farmer. He has border planted with sorghum and sudan grass. In some instances he has wide-row planted and planted alternate strips in sudan or has summer-fallowed.

"Approximately 100 per cent of the farmers that have followed some of these practices, cut wheat in 1936-37 and have good prospects for this year. They will receive approximately $600,000 in government payments."

County Judge Earl W. Wilson, who wheat farms on an extensive scale in the Garcia Lake area, was the second speaker on the program. He spoke on soil conservation, stressing terracing and contour planting.

By Earl W. Wilson

"The subject of my talk is terracing. It does not make any difference whether you call yourself a farmer or an agriculturist, you are dealing in the soil for the purpose of raising crops to make money. To raise crops in this country the greatest contributing factor that is lacking most of the time is MOISTURE. Enough water that falls on land in this country sometime during each and every year, that if held on the land where it falls, would make some crops, and most of the time abundant crops. The problem then with us farmers, is to hold the water where it falls. This can be done by contour operations. Every furrow that is made by any kind of plow should be as near on level from one end to the other as is possible to make. There are times during the year when excessive showers will cause the water to break over the contour furrows and not only lost the needed water on the land but in addition, the land will be damaged by water erosion. So to back up and support the contour practices I recommend terraces. Terraces are recommended for the following good reasons::

"1. Terraces will hold excessive rain on land where the contour furrows are not sufficient to hold all the water. The terrace will back the water up to the next terrace just above if the ends are closed, and I recommend that terrace ends be closed.

"2. Terraces will distribute the water evenly over the land if the terraces are properly spaced, and I recommend that the terraces be properly spaced.

"3. Terraces are a permanent marking for your contour lines.

"4. Terraces from a scientific point of view tend to break up wind currents and thereby protect the land from wind erosion.

"It has been definitely proven during the last two or three years that Wind Erosion can be stopped by vegetation growing on the soil. Vegetation will not grow without moisture, moisture cannot be held on the land unless some means is provided to hold it long enough for it to soak into the soil. Our soil in this country is made up of a peculiar structure that soaks water very very slowly. It has been proven that a three-inch rain in one hour on land that has a 1 percent slope will loose 40 per cent by run-off. This run-off can be prevented by terraces. It has been proven by experiments that this soil in this country will soak up water only one inch in the first hour, only 3-8 of an inch in the next hour and the soaking process gets less and less deeper down in the soil. Water should never be allowed to get in motion when it falls on land, it is very hard to stop and becomes very destructive to land as it gathers in large bodies. So from the standpoint of water erosion and prevention of wind erosion by growing crops, and from the standpoint of making money farming, it seems to me that terracing of land is the solution of all the main problems of farming. The cost of terracing will vary. I suggest that you investigate what it will cost to terrace your farm and then figure just how much extra crops you will have to raise the first year to pay for them. Terraces are permanent and will give you service for all time to come if you will take ordinary care of them. When once you realize the value of holding every drop of water on your land, and when once you realize just how much water you are losing every year from run-off, you will soon see that you are paying for terraces every year and yet you do not have them. I admonish you to investigate building terraces on your land. Build them, make more money, whip the wind erosion, save your land for yourself and your posterity and be a happy farmer. Personally I am carrying out all these practices that I have recommended above, and am well pleased."

The program was concluded with an interview of Lester Galley, prominent farmer who resides 12 miles northeast of Hereford. Mr. Thompson asked the questions; the interview follows in question and answer form:

Balanced Farming

Mr. Thompson: Mr. Galley, are you farming in Deaf Smith County?

Mr. Galley: Yes, for the past 24 years.

Mr. Thompson: How many acres do you operate.

Mr. Galley: One-half section.

Mr. Thompson: What type of farming do you follow?

Mr. Galley: Diversified.

Mr. Thompson: Please explain what you mean.

Mr. Galley: By growing different kinds of crops. I grow alfalfa for hay, wheat for winter pasture and grain, oats and barley for grain, sweet sorghums, grain sorghums and field corn for my trench silo and for grain. I plant pure seed.

Mr. Thompson: Tell me about this silo business.

Mr. Galley: I have a trench silo that will hold 125 tons of silage that I consider a very valuable part of my farm. I graze my cows on wheat until about the first of April, then I take them off and put them on ensilage—in this way the cows do not fall off in production.

Mr. Thompson: What does your livstock consist of?

Mr. Gally: Dairy cows, brood sows and poultry. We milk on an average of 16 cows, keep an average of 5 brood sows that produce two litters of pigs per year. We market 2500 pounds of cream per year and 15,000 pounds of pork. We keep 200 laying hens.

Mr. Thompson: You must need a great deal of equipment and labor to do the work on a place like you have.

Mr. Galley: Not so much, our equipment consists of one tractor, plows, field mower and a manure spreader, the latter I consider the most valuable piece of machinery I have. By spreading the accumulated manure on the fields they yield at least three times more than those that do not receive it.

Mr. Thompson: I have heard it said that fertilizer will burn a crop up.

Mr. Galley: There are possibly more crops that burn up from lack of fertilization than do from it.

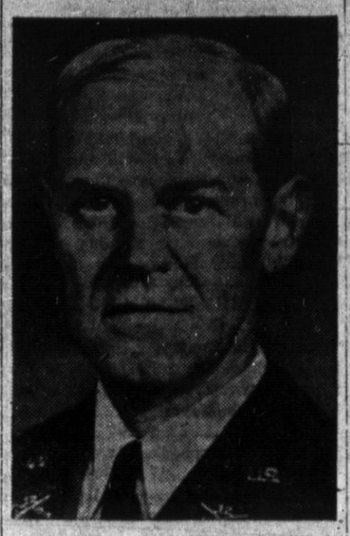

Mr. Thompson: I believe you have told me everything but about the labor.

Mr. Galley: There are four of us in our family. Mrs. Galley does the house work, the two boys, whose ages are 14 and 16, and I, do all the work. Before and after school the boys do the milking and feeding and I do th plowing and planting. Of course during the vacation period the boys spend 100 per cent of their time. We play around some besides.

Mr. Thompson: What is your idea of marketing your crops through livestock?

Mr. Galley: Wheat farming in Deaf Smith County has been, and always will remain a gamble. There has been on th average, only about one wheat crop harvested every 5 years. No farmer can long operate under those conditions. He must devote his land to more reliable crops, as grain sorghums, corn, and crops for pasture and feed these crops to his livestock and poultry. If the Deaf Smith County farmers will do this he may devote a part of his land to wheat each year, for winter pasture and enjoy a profitable return from the remainder of his land by feeding its grain and roughage to his livestock. This method will readily solve his marketing problems for both his livestock and crops. The demand for his feed crop grows from year to year as his livestock increase in numbers. He does not have to look for a market for his feed. He will top the market with his cattle. This practice will enable him to meet his land payments on his fertile soil in Deaf Smith County and become a successful farmer on land that will cost him less than one-fourth the price of land in Illinois and many of the other states, where such practices have made practical farming a success for many years.

WEST POINT HEAD

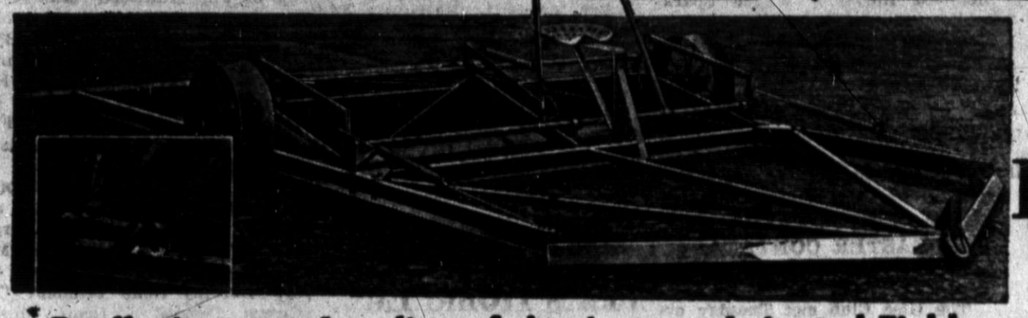

Col. Jay L. Benedict of the infantry, shown above, has been promoted to the rank of brigadier general and appointed by Secretary of War Woodring to become superintendent of the United States Military academy at West Point. He will succeed Maj. Gen. William D. Conner.

Eversman Automatic LAND LEVELER

Really Accurate Leveling of the Average Irrigated Field Should Double Its Yearly Profit by Increasing Its Yield and by Saving Water and Time

Irrigating over high spots requires excessive water. Low spots will become sour, water-logged, and often alkali-encrusted. High spots are washed. The EVERSMAN Leveler will help you to build up your land, improving its productivity and value from year to year.

Bigger Crops

The EVERSMAN eliminates the low spots that drown out and the high spots that burn out. The gain in crops is often as much as 20%.

Every Irrigated Farm Needs An EVERSMAN Land Leveler

YOUR RADIATOR FILLED BY ?
YOUR TIRES INFLATED BY ?
YOUR ENGINE OIL-PLATED BY Your Mileage Merchant

That last one is all filled in for you because the only answer on OIL-PLATING your engine is Your Mileage Merchant. He does all the other things, too—and folks say he does them better—but there isn't even a comparison with his patented Conoco Germ Processed oil that gives you exclusive OIL-PLATING.

OIL-PLATING actually unites with all working surfaces. They remain continuously OIL-PLATED. Though you park your car for long stretches, this rich slippy OIL-PLATING remains all prepared for every start. Then what's so-called "starting wear" to your OIL-PLATED engine?

Or when your car hustles, how can *implanted* OIL-PLATING keep flying off to get burned right up? There's where OIL-PLATING gives you a sane explanation of why you can count on more mileage. You add mighty little Germ Processed oil after Your Mileage Merchant puts in just your correct Summer grade today.

REVIVAL LEADERS GIVE ASSEMBLY PROGRAM

Students of Hereford High School were well entertained last Tuesday morning during the assembly hour by Reverend Ernest Witham of McPherson, Kansas, and Mr. Harry Minor, of Pampa, Texas. Both gentlemen are visiting workers in the Baptist revival meeting.

Mr. Minor asked the student body to sing "The Eyes of Texas," "Let Me Call You Sweetheart" (a very popular number among certain students), and "Let the Beauty of Jesus Be Seen in Me." To conclude his part of the program, Mr. Minor sang, accompanied by Mrs. Schroter, of Hereford.

Reverend Witham, in a most inspiring way, told the story of how three princes chose to rule their fellowman. The first prince chose a gilded sword; the second chose a gold nugget; and the third chose the Holy Grail. Only the prince who chose the Holy Grail was a successful and well loved king.

Two other visitors in the services were Reverend and Mrs. W. E. Ware of Dimmitt, Texas.

The students of H. H. S. cordially invite Mr. Minor, Mr. Witham and Mr. and Mrs. Ware to visit in the school again.

Mr. Hudson says that if Genece S. were to become a professor, she would already have the absent-minded part worked up.

GLEE CLUB PREPARES FOR EASTER CONTATA

GLEE CLUB——10—

The Glee Club met Tuesday evening in the regular meeting place, and practiced the songs for their Easter Cantata that is to be presented in the high school auditorium. Miss Thelma McMinn, the director of the Glee Club, introduced two new songs to be learned for the program. Some of those who have special parts were asked to practice their songs after the dismissal of the club.

HI-Y DISCUSSES CONFERENCE THEME

At the regular meeting time on Tuesday, March 29, the boys Hi-Y met and had a general round table discussion on their conference theme, "I'm Third." This means that God is first, the other person second, and yourself third. This subject will be taken up by the Hi-Y at the conference in Amarillo, which will be some time in April.

EX-STUDENTS VISIT HEREFORD HIGH SCHOOL

Old friends meet again as some of Hereford's ex-students visit the classes and walk around in the halls.

Among those visiting are: Howard West of Portales, N. M., Johnny Willett of Lamesa, LaNelle and Ernest Scheihagen of Canyon, Francse Borden and Virginia Carlyle of Hereford, and Norma Jean Foster of Clovis, N. M.

Miss Armstrong Visits Home Ec Department

Miss Armstrong, who is the assistant district supervisor of Home Economics, visited the Home Economics Department of Hereford High School, Monday, March 28.

She stated that the work done in the boys' class was about average and that as far as she knew, there was nothing to stand in the way of affiliation being granted from the State Department in Austin.

Seventh Graders Demonstrate True Art

Gee, don't we all wish we could draw or paint? Or am I mistaken? But now for the subject: The seventh grade has a project of interest. They are drawing their so-called masterpieces. These drawings are being made with charcoal. There are some very good drawings so far. Miss Harris has given two subjects to draw, which are: "On the Way to the Village," and "Three People at a Table." There are, of course, a few, but very few, that look like the "Last Rose of Summer." But as a whole, they are fine drawings. The best of these will be kept for the spring exhibit.

MADE-TO-ORDER CIRCUS FURNISHES THEME FOR ENTERTAINMENT

Colorful, instructive, riotious, convulsive, unparalled, super-colossal!

As "the merry-go-round broke down" the Juniors and Seniors marched into the circus rings with Mr. J. I. Willoughby as ringmaster. After the invocation by Mr. Dillehay, Kenneth Potter delivered a welcome to the friends of the sawdust ring. Eyse Wilkins responded to this speech for the Seniors with "Four years of Training."

Eating followd, interspersed with remarks from Mr. Willoughby.

The program consisted of: Junior-Senior Accordion Band, made up of Jim Fullwood, Minnie Dea Smith, Viola Phillips, Virginia Newell, Jean Williams and Mrs. B. Y. Crosthwait; the famous Freshman Clowns, F. L. Lucas, Delbert Kassahn and Calvin Brumley; two Hillbillies at the Circus," Faye Crosthwait and Edith Jackson; "The Animal Trainer," Miss Neville Wrenn; "Circus Harmony," Elizabeth Rice, Mary Tiefel and Dorothy Thompson; "The Organ Pusher," Jean Williams and Mrs. B. Y. Crosthwait; "The Circus Sissy," Dorothy Nelle Trimble; "The Circus Discard," Dean Dunlap, Chilton Foster, Karl Shirley; "Pete Play the Piano," Troy Womble; an appreciation speech, "Thanks to Animal Keepers," by Helen Ruth Barber, and "Singin' in the Rain," by all under the Big Top, with Minnie Dea Smth as leader.

Lots of amusement was furnished by collecting souvenirs from the "Circus." The tables were decorated with miniature circus rings, in which were: clowns, ponies, elephants, circus performers and everything that is seen at a circus. Balloons were strung from the ceiling and crepe paper was draped beautifully around the walls, but after the souvenir collectors had visited every ring, there was not much left of the "old circus."

The clown waitresss, Sophomore girls, added much to the circus atmosphere.

The menu was very tasty:

Floating Dice, Lion's Ration, Spookums and Yams, Big Top, Thin Man Beans, Fat Lady Rolls, Jumbo Ice Cream, Sawdust Paddies, and Black Lemonade.

Everyone enjoyed the banquet and it will live long in the memories of those who attended.

Mr. Muller (visiting the farm for the first time): "Mr. Hired Hand, please get me a pound of butter from the cow who molds the daisies on top."

AGRICULTURAL PROBLEMS ARE STUDIED BY L.A.E. CLUB

Problems of Agriculture were discussed for members of the L. A. E. Club, Tuesday afternoon at the meeting held at the home of Mrs. T. W. Roberson.

In keeping with a national theme "Safety" was the subject for roll call discussions. Mrs. T. P. McCollister talked on "The Social Significance of Increasing Tenancy."

Mrs. Jim Higgins spoke on "The Outlook for Farm Group in America." She discussed the share cropper plan and the outlook twenty-five years from now.

A postponed program, dealing with farm problems was enjoyd. Mrs. Jack Hutson discussed "The Reasons for Decline in Importance of Agriculture."

The play, "Tobacco Road," by Kirkland, was reviewed by Mrs. Robert Veigel.

An Easter theme was emphasized in refreshments, with green and gold accents predominating. Favors were candy baby chicks and rabbits.

Members present, were Mesdames Jim Lipscomb, T. P. McCollister, George Suggs, Robert Veigel, Arlie Dean, Bob Higgins, Jim Higgins, Bill Hutson, Jack Hutson and the hostess.

CHILD PSYCHOLOGY CLUB TO BE NAME FOR NEW CLUB

Child Psychology Club is the new name chosen for the Child Study Club, which is being sponsored by the Junior Pioneer Club.

A meetin was held at the Pesbyterian Church, Tuesday afternoon when the name was chosen and the constitution and by-laws adopted. Plans were made for the completion of the organization and the election of officers at the next meeting, which will be held on April 26. Mrs. S. S. Williams was in charge of the program for the afternoon. Mrs. Buddy Witherspoon reviewed an article written by Dr. John Holland, on "Children's Rihts." She quoted Dr. Holland as saying "I believe that this is our goal; The production of a batter race, training of a better race, leadership of a better raceñ through the children whom the wise Creator has put into our hands, homes and hearts."

Mrs. M. H. Wiseman read an article written by President Roosevelt on "A Bill of Rights for Children."

The meeting was well attended and a great deal of interest is being shown in the programs for the club meetings, which deal with topics of interest to young mothers.

METHODIST W. M. S. ZONE MEETING IS HELD IN FRIONA

The quarterly meeting of the Woman's Missionary Society, Zone No. 2, of the Amarillo District, was held in Friona, last Thursday.

The program of music and speeches began in the morning with the various pastors making talks.

Aldersgate Evangelism was the theme on which the program was built with the opening devotional given by Rev. Butler of Dimmitt. Rev. J. O. Haymes, presiding elder, led the prayer and The Story of John Wesley was told by Rev. Biggs of Bovina. A special musical number was presented by Rev. Hardy of Friona, and Rev. Norwood of Littlefield discussed "The Spiritual Meaning of Aldersgate."

A consecration service was conducted by Rev. Haymes. Luncheon was served at the noon hour.

The afternoon session began at one o'clock and the program was given over to the Women's work.

Mrs. Billingsley of Oklahoma Lane, gave the devotional. The Women's annual conference was announced for April 19-21. The conference will be held in Snyder.

An appropriate reading was given by Mrs. Jackson of Bovina. After reports were made a Memorial Service was conducted by Mrs. J. F. Ward. The service honored Mrs. W. O. Fox in commemoration of her years of active service in the Hereford Society. Several talks were made and Mrs. Fox's favorite songs and scripture readings were sung and read.

Mesdames J. F. Ward, Howard Hershey, J. E. Beyer, John Cummings and Cawthon Bryant of the Hereford group, presented a missionary playlet. Those attending from Hereford were Mesdames Howard Hershey, Cawthon Bryant, J. F. Ward, Ralph White, O. C. Cox, Henry Williamson, J. E. Beyer, T. M. Coursey, John Cummings, H. H. Hawkins, Wm. McGehee, S. L. Easley and Rev. and Mrs. M. M. Beavers.

CLASS IS ENTERTAINED

Good food and a good time were featured at the Business and Professional Young People's Class dinner held at the Methodist Church, Friday night. Scheduled on the program was a vocal duet sung by J. E. Beyer and Mrs. A. C. Thompson, with Mrs. W. J. Stanford at the piano, and a talk made by the Rev. M. M. Beavers.

The dinner was served at small tables centered by attractive bowls filled with vari-colored sweet peas.

Members of the class present, were: John Willoughby, L. W. Carlyle, Paul Parr, Oressa Hastings, Arnold Hershey, Mr. and Mrs. Jack Dean, Marjorie Alderson, Elaine Newell, Mr. and Mrs. Woodrow Watkins, Anna Belle Roberson, Mary Elizabeth Stanford, Ursalee Fridley, Chris Jacobsen, John Jacobsen, Marvin Thomas and Mrs. C. F. Moore, teacher of the class.

Special guests were members of the choir, who included Mrs. W. J. Stanford, Mrs. J. C. McCracken, Mrs. A. C. Thompson, Mr. and Mrs. J. E. Beyer and Mrs. E. E. Fridley. Rev. M. M. Beavers was also a guest.

MUSICAL PROGRAM WILL BE GIVEN PALM SUNDAY

The Hereford Voco Club and advanced students of Miss Mattie Mae Swisher, will present a varied musical program at Miss Swisher's Studio, on Palm Sunday (April 10) at 3:30 o'clock. Those who will take part in the program, are:

Mary Frances Holder, Sarah Agnes Bryant, Nancy Willard, Betty Jane Roloson, Mrs. Ralph White, Nadyne Newell, Bobby Jennings, Tom Wilson, Barbara Ann Burney, Patsy Ann Slagle, Norma Jean McCullough, Nona Dean Rose, Jacqueline Newell, Bess Frances Caraway, Idabelle Hicks; Mrs. D. W. M. S. BEGINS BIBLE STUDY PROGRAMS

A Study of the Bible, following plans in the book "The Way of the Witness," by Edward Shillotti, was begun at the meeting held by the W. M. S. of the Methodist Church, Wednesday afternoon. The meeting was hled at the church and Mrs. E. W. Harrison was leader. She discussed the first chapter of the book, which dealt with the first impressions of a pagan.

The second chapter will be taken up next week, with Mrs. Frank Terrell as leader.

Special prayers for the sick were made by Mrs. J. E. Beyer and Mrs. Howard Hershey. A short business meeting was conducted by Mrs. J. F. Ward, president. Reports from the Zone Meeting held last week in Friona, were given by Mrs. Cawthon Bryant. A report was given by the ways and means committee and plans were discussed.

DONALD ROBERSON IS HONORED WITH BIRTHDAY PARTY

Donald Roberson was honored with a birthday party at the home of his parents, Mr. and Mrs. T. W. Roberson, Tuesday afternoon.

A variety of out-door games were enjoyed and Easter decorations were featured in the refreshments. A large birthday cake topped by twelve birthday candles, which centered the lace covered table, was a feature of interest as the candles were blown and wishes made. Place cards decorated with the Easter motif, marked places for guests at small tables, where pink and white refreshments were served. Those enjoying the occasion with Donald, were Billie Louise Lance, Bruce Beene, Nona Dean Rose, George LeGrand, Billie Louise Crawford, Billie Gene Massie, James Barnard Hicks, C. J. Lance, Margaret Olson, Jack Thorns, Venadene Wright, Geraldine Kendall, Phyllis Jean Radovich, David Neal Beavers, Wanda Jean Whitaker and Thurman Williamson.

TUESDAY AFTERNOON BRIDGE CLUB IS ENTERTAINED AT DAMERON HOME

Fragrant old-fashioned lilacs and bush honeysuckle predominated in the floral decorations when Mrs. Travis Dameron entertained members of the Tuesday Afternoon Bridge Club at her home, Tuesday.

Easter tallies and prize wrappings carried out the pastel shades suggested by the flowers. High score award went to Mrs. Gaston Baer.

A salad course, repeating the color theme, was served to Mesdames W. L. Davis, W. J. Stanford, Gaston Baer, C. H. Dyar, John Coffee, Tom McCollum, Woodrow Ireland, Glenn Snyder and the hostess.

DAWN COUPLE ARE PARTY HOSTS

Mr. and Mrs. H. E. Miller were hosts at a bridge party given at their home in Dawn, Saturday evening.

An all-fools day theme was carried out in appointments. Guests made paper clowns' hats which were worn during the evening. Favors and other accessories reflected the spirit of the party. High score award in the bridge games went to Norman Miller, and low to C. A. Wimberley.

Guests includes Messrs; and Mesdames Pearl Singleterry of Hereford, Cecil Walker, N. R. Miller, C. A. Wimberley, C. C. Gammill, A. A. O'Neal, A. T. Frye, Ivan Leake, Miss George of Hereford, Misses Inez Miller and Alma Miller, H. H. Miller and Raymond Miller.

JUNIOR PIONEER STUDY CLUB PLANS ANNUAL ENTERTAINMENT

The annual entertainment honoring the Pioneer Study Club, was planned Tuesday night at the meeting of the Junior Pioneer Study Club at the home of Mrs. Lynn Kester. Miss Edna Daughetee was assistant hostess. A health program will be given and Dr. R. R. Wills will be guest speaker. The meeting will be held at the home of Miss Lueta Borden, April 19.

Continuing the series of Radio Programs as outlined by year books, Mrs. Homer Brumley outlined an article, "To Serve the People," in which reports were given on the school which was conducted over the radio during the Infantile Paralysis epidemic in Chicago the past winter. Mrs. Brumley brought out the fact that over 400,000 children went to school "over the radio," and that the plan was so successful that several other cities have used the plan. Mrs. Lynn Kester discussed "Plastic Surgery." She quoted from a recent magazine article, describing how radio stars are enabled to change their features.

The Easter motif was carried out in appointments for refreshments. Those attending, were Mesdames Alton Miller, Elmer Patterson, Buford Crosthwait, Ralph Roden, Homer Brumley, O. H. Culpepper, Louis Woodford, R. S. Scott, Hubert Freeman, Meade Haile, the hostesses and Mrs. Luther Vaughn of Sunray, a guest.

Social Security Head Says Work Federal In Scope

AMARILLO—No deductions are made from a worker's Social Security account, established in connection with the old-age insurance program, for payments to the individual under a State unemployment compensation law, Dewey Reed, manager of the Amarillo office of the Social Security Board, announced today. Reed said he has been correcting this mistaken impression among some workers who have visited his office recently.

"It should be clearly understood," Reed explained, "that out-of-work benefits from the State unemployment compensation agency come from a fund established by contributions from employers covered by the State unemployment compensation law."

"On the other hand, old-age insurance is a program administered by the Federal Government, and benefits to a worker accrue on the basis of wages from covered employment credited to his social security accocnt. The fact that he receives unemployment compensation under a State law in no way affects his Federal social security account. The worker's wage credits remain on government books until his account is finally closed by death," Reed said.

Sh-h-h-h! Keep it Quiet

Can folks sitting in your car hear your motor when it is idling? Yes? *No good!*

Chances are the noise means wear. Wear means that you haven't been getting *all* the lubrication you have been paying for. What every motor needs, right from its first day of operation, is *quality* oil. The word is overworked, but *quality* is still the only single word to describe Phillips 66 Motor Oil, Phillips *finest*.

It is noted for its *clean* quality . . . for its minimum of carbon-forming residue . . . for its richer, long-lasting body with *high-degree oiliness*. So it keeps the innards of your motor much cleaner.

Next time, drain and refill with Phillips 66 Motor Oil, the economy champion. *It's concentrated!* . . . This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

Pedigreed Seed Grown Here By J. P. Roberson

GROWING QUALITY SEED DEMANDS HARD WORK SAYS LOCAL MAN

Much talk during recent months has centered around the Hereford area as a land for the production of quality seed.

J. P. Roberson, affectionately known over this section, as "Uncle Jess," is the man who really started the growth of pedigreed kafir and hegari seed in this area.

"By using pedigreed seed and by planting on the contour, I have more than doubled my yield," he stated —and he usually harvests around twice the seed to be taken from neighboring fields in the same section as his little farm west of town.

When he first started growing pedigreed seed, "Uncle Jess" sent to the experiment station in Lubbock; since that time he has carefully hand-picked the best heads and bagged them while in the boot, saving these seeds for planting. He has been growing quality seed for the past 12 years, and during the period has gained an extensive reputation along this line. He is now assisted by his son, O. B. Roberson of Summerfield.

"The yield on pedigreed seed of course varies with the amount of rainfall and conditions," he says; "last year I made around 30 bushels of seed to the acre, while in past years my yields have been as high as 60 and 65 bushels to the acre; the yields vary with moisture."

He attributed the growing of pedigreed seed more than to hard work than any other factor. On his 27-acre farm he is able to seed the entire crop with around 54 pounds. First he flat-breaks his land; he plants with an ordinary two-row planter, and cultivates two or three times. However, when he gets his crop up to the point where the average farmer quits—that is where he really begins. Most of his work is done with a hoe, and weeds almost come at a premium during the growing season.

Through years of experience, Mr. Roberson can tell almost at a glance when a head of poor grain appears in his crop—and when he finds one of these heads, he immediately cuts the stalk out.

Equally important with the factor of quality, Mr. Roberson places the factor of uniformity. When he finds a head of grain standing several inches above the others, he cuts it off—even if it is a perfect head.

"You reap in accordance with what you sow," is the theory upon which Mr. Roberson operates—and for that reason he is most careful about his own seed.

After he has selected fine, uniform heads from all others, Mr. Roberson then puts them through a "fan and screen" process and cleans them in order to insure the buyer of highest quality seed. The seed which do not come up to standards are fed to his flock of 50 chickens, from which he realizes a nice annual income.

While most of his pedigreed seed is sold in this section, he also has orders from many other points—and reports that some years he is not able to take care of the demand.

BY MRS. CARL WIMBERLEY

Several inches of snow fell here Friday, approximately one-half inch of moisture or more.

Mr. and Mrs. Lee Kendall and son of Summerfield, spent Monday in the home of Mr. and Mrs. Jess Caldwell. Mrs. Kendall is an aunt of Mr. Caldwell.

Community Night, which was not held because of the snow, will be next Friday night, April 8. The same program will be given which was to have been given last Friday night. Bridge and 42 will complete the evening's entertainment.

Mr. and Mrs. H. E. Miller were in Amarillo, last Monday.

Mrs. C. V. Griggs and son, Henry, of Bippus, visited Mr. and Mrs. Emery Burke, Thursday. Little Billy and Jerry Burke returned home with their grandmother for a few days visit.

Mr. and Mrs. Paul J. Frye and family of Amarillo, visited Mr. and Mrs. Dick Frye, Thursday afternoon.

Students attending WTSC enjoyed a spring vacation, Friday, Saturday and Monday. Misses Inez and Alma Miller spent the holidays with their father, Mr. H. H. Miller. The students driving in daily report that they had a nice vacation, just "resting."

Mr. Louis Underwood, who has been ill for several months, is back at his work now. Mr. Underwood is the section foreman for the Santa Fe Railroad at Dawn.

Mr. and Mrs. Arch Conklin of Hereford, visited Mr. and Mrs. L. A. Smith, Sunday.

Mrs. A. T. Frye was in Amarillo this week doing her spring shopping.

Mr. Pete Caldwell of Progressive is working for Mr. H. E. Miller. Mr. Miller is busy writing hail insurance.

Singing was reported as being especially good Sunday night. A number of vistors from Clovis were present.

Mrs. L. M. Harris and daughter, Miss Bernice, and Mr. and Mrs. Clifford Stewart were in Amarillo, Saturday. Mrs. Harris had her eye treated.

Mrs. W. P. Caraway, Mrs. Allene Leake and Mrs. Mary O'Neal shopped in Amarillo, Saturday.

Mrs. Wilda Womble visited her sister, Mrs. Mitchell Lassiter and daughter in the Hereford hospital, Thursday.

Mrs. L. A. Morrow of Santa Monica, Calif., daughter of Mr. and Mrs. Louis Underwood, writes that they will be able to move back to their home in a few days. Mrs. Morrow and two children barely escaped with their lives during the recent floods there. Water got up to the ceilings in the house. Mrs. Morrow lived here before her marriage.

Mrs. L. A. Smith and C. A. Wimberley were the only candidates in the trustee election, Saturday. Mr. Dick Frye did not run for re-election. Mr. Wimberley was elected. Although a young man, he should be well acquainted with school affairs, having taught a number of years, including three years as principal of the Newlin school.

Mr. and Mrs. H. E. Barnes and family, spent Sunday in Amarillo.

Mrs. Durwood Savage spent last week end in Canyon and Amarillo.

The pupils of Mr. C. C. Gammill had an April Fool party during the noon hour, Friday. Wilma Jean Miller had charge of the arrangements. Mrs. Gammill read a group of stories.

THE BENEFITS OF CRAMMING

As the time draws near for last six-weeks examinations one person was heard to say, "Gee, I have just skimmed the work this six weeks, and I don't know a thing about any of it. I surely will have to cram for the examinations day after tomorrow.

His companion remarked, "I haven't studied either, but I am not going to cram because it doesn't help."

The latter was correct because of the results that particular exam was that he beat the other student by several points.

The benefits of cramming are that you get so many ideas in your head about each subject and, as most students take at least four subjects, the student gets the ideas of one subject confused with another. Then, too, one will stay up burning "midnight oil" to cram for his examinations and then the day of the examination he is so sleepy that he is not alert and cannot concentrate. When one crams for an examination the facts are learned so hastily that the student forgets them soon after taking the examination. This is bad practice, because later on when he takes his final examination, he still doesn't know them. Also, when one is trying to think after cramming the night before, he gets nervous and will probably "beat around the bush," never getting to the point.

Are there any benefits of cramming?

Freshmen Plan Picnic

Th Freshman class meeting was opened by reports given from various committes. Charls Hill and Hicks Roberson were elected "jarkeepers" for the Freshman candidats in the contest which the staff is sponsoring.

Picnics and parties were discussed and it is probable that a picnic will be the outcome, if the sandstorms take a rest.

John R. Willett, ex-assistant editor of the Whiteface Round-Up, arrived here Thursday afternoon on a week end visit. Johnny is in school at Lamesa, and from what is heard Lamesa must be a pretty swell town. At least, Johnny seems to think so.

Johnny received a special invitation from the Junior class to attend the Junior-Senior Banquet and he reports to have had a lovely time. Johnny was also honored by Floyd Ross and Edith Jackson; Floyd giving him a dinner and Edith furnishing entertainment with a party at her home.

Lamesa seems to have had its good effects of Johnny. Through some strange philanthropic idea Johnny was prompted to share his car space with several persons early Friday morning and take them to orchestra practice. Well, anyway, it is quite evident that his services were appreciated.

Johnny's visit was enjoyed by all his friends, and everyone hopes that he will make another visit in the near future.

W. P. A. WORKERS GIVE DEMONSTRATIONS TO F. H. A. GIRLS

The F. H. A. Girls were honored at their meeting on March 23, with the presence of Mrs. Gilliland, Mrs. Standifer and Mrs. Sanders. Mrs. Gilliland demonstrated the making of braided rugs; Mrs. Standifer demonstrated the making of dish mats, and Mrs. Sanders demonstrated the hooked rug. These demonstrations were appreciated. They proved to be very helpful to the girls and Miss Sullivan, their leader.

June Dameron, Doris Elaine Dillehay, Margaret Higgins and Billie Davis sang "Ten Pretty Girls," with Troyce Stambaugh at the piano. All the girls sang "Sing, Your Way Home," and the meeting adjourned.

You'd Hide Your Face, Too!

I'm just a clock in the hall, but I see more than anyone. I keep my hands before my face to hide some of the incidents in the hall, but of course, I'm always peeking as any clock would.

"Oh, hurry up and move, you gossipers! Don't you see that teacher coming to clear the halls? You are sure to get an hour for not going on to your class rooms."

"I wonder what that group of seniors is discussing. Oh, the Senior play of course! The characters are to be chosen this afternoon. I wonder who will get the part of the butler. That slender girl with blonde hair would make an excellent society matron. The dark complexioned boy standing next to the blonde girl, will surely get the part of the bad man of the slums."

"Whew! He almost got caught passing that note. Watch his girl friend's expression change. Don't worry Miss, he'll be sorry he broke that date for the Junior-Senior Banquet. He's not the only boy in school."

"Poor teachers. Why don't mothers let teachers handle their children? That mother who just entered the office seemed slightly angry."

"Don't get impatient, mister. Here comes your sweetheart. I'm certainly glad I don't escort a girl home from school every day."

"Only time will tell the outcome of these incidents. I'm going to hide my face until I peek out for more, tomorrow."

KIDS WILL BE KIDS!

Ah, Ha! Nature played the best April Fool joke of anyone. In spite of the snow and cold weather all of the Seniors attended with short dresses, socks, all-day suckers, dolls, short trousers and everything else small children should possess. Kids will be Kids!

For such young children, the Senior babies presented a very clever assembly program. For their first number Kirl Shirley, Chilton Foster and Dean Dunlap sang "You Can't Marry Ten Pretty Girls." These boys picked four brunettes, five blondes and a saucey little red-head from the group of seniors and they know charming little girls when they see them. Troy Womble presented a piano solo learned during the first three months he took piano lessons. The class tom-boy, Mildred Rutherford, decited a poem entitled "Tom Boy." Helen Ann Saydr and Anna Kuper were supposed to play a reed duet, but after Helen worked on her clarinet it just wouldn't work and Anna Marie played a saxophone solo.

The day continued with childish arguments among those seniors. Many tired, cold children left for home at four o'cock Friday afternoon.

BAND DELIVERS ANNUAL CONCERT

The band played their annual spring concert, Tuesday night, March 29, at the high school auditorium. The program started at eight o'clock and featured the following numbers:

"Gaiety Polka," cornet solo, Hartley, Virginia Newell; "My Tuba Solo," Tuba solo, Southwell, John Estes; "Shadowland," Lawrnce B. Gilbert, Band; "My Buddies," cornet trio, R. Ireland, Donald R. McCullough and Walter London; "Spiritual Rivers," George Gault, Band; "Old Home Down on the Farm," baritone solo, Harlow, Donald Hensles; "American Legion March," Chas. Parker, Band; "The Glorious South March," F. E. Noel, Band.

Announcements were made concerning the city directories, which are now on sale for one dollar. These directories may be obtained from Mr. Harold Close or band director, Ralph Smith. The proceeds of these directories will finance the band's trip to Las Vegas, next summer.

MR. WILLOUGHBY SPEAKS TO GIRLS' HI-Y

An interesting discussion on "World Friendship" was held at the meeting of the Girls' Hi-Y, Tuesday, March 29. Mr. Willoughby was the main speaker of the evening.

ORCHESTRA PLANS ANNUAL CONCERT

The orchestra has been quite busy practicing a numbr of pieces to present in a concert Friday, April 15. The concert is free and everyone is invited to attend. Classical numbers to be given in the program, are: opening piece, "Vienna Forever," followed by a bass solo by Troy Womble. Other numbers to be given are "The Melody Land," "Gospel Hymns," "In Arcadian Days," "Operetic Strains," a violin duet by Elizabeth Rice and Mr. Smith and also a saxophone solo by Helen Francis Streu.

Thousands of visitors flocked to see the furry creature which is the second giant panda ever to be brought back alive to a zoo. The other one, Su-Lin, is also quartered at the Brookfield zoo.

FIRST ACT OF CONGRESS

Owing to the lack of a quorum and the delay in organizing the new federal government, no bills were passed by the house and senate for nearly three months. The first law enacted was "an act to regulate the time and manner of administering certain oaths," and it was approved by President Washington on June 1, 1789. The second bill passed by both houses was "an act for laying a duty on goods, ware, and merchandise imported into the United States." This bill was approved by Washington on July 4 of the same year.

DRUMS LONG IN USE

In some form or other the drum was known to the earliest civilizations and to almost every nation. Excavations at Thebes disclosed an ancient Egyptian drum while early sculptures show the drum's use for martiall purposes.

Mr. McClellan died at Enid, Wednesday morning as the result of a pneumonia attack. His widow will be remembered as the former Miss Glenola Powelson of this city.

PRESBYTERIAN AUXILIARY MEETS FOR LUNCHEON

Members of the Woman's Auxiliary of the Presbyterian Church, met at the home of Mrs. J. W. Alexander, Tuesday at one o'clock for a covered dish luncheon.

During the business session after the luncheon yearly reports were made and reports from the Presbyterial held recently in Canadian were given by Mesdames John Olson, Paul Mathers and E. S. Ireland. This meeting marked the beginning of a new year in the Auxiliary work and the beginning of duties for new officers. Mrs. John Olson who has been president for the past year, and who was elected to the same office for another year, was presented with a lovely gift in appreciation of her untiring efforts in behalf of the organization.

The next meeting will be held at the home of Mrs. Arch Conklin, Tuesday afternoon, April 19. Mrs. H. L. Broadwell will be leader.

Wes Anthony who has been seriousy ill for the past two weeks, following an operation in St. Anthony's Hospital in Amarillo, was moved Monday to the home of his parents, Mr. and Mrs. W. B. Anthony here.

Mr. and Mrs. Erlin Streu and small son, Raymond Oliver, left Tuesday morning for their home in Alamosa, Colo., after a brief visit here in the home of his parents, Mr. and Mrs. A. H. Streu.

Around Town

(Continued from Page 1)

and that it would be simple to feed most of the other animals vegetables.

With the falling of .45 inches of moisture in the form of snow and rain last week, Bill Kerr predicted Saturday that trucks will be more numerous than flies here this summer when wheat harvest starts.

Meade Hadie has a heart of gold. He waited until press day, when everyone around The Brand was fagged out, and came walking in with frozen malts for the whole crew.

If things may have seemed quiet around town to you, the reason is due to the illness and absence of John McLean, who has been "under the weather" since last Friday.

Cliff Estes is thoroughly convinced that beaver inhabit Tierra Blanca Creek in State Park, adjoining Hereford. He says he has seen signs of beaver several times on the creek. If you have seen any beaver on the creek, let Cliff know. He is sure interested.

Fire Fans

(Continued from Page 1)

forbid private cars getting closer than 600 feet in the rear of the trucks—also that cars be parked at least 600 feet away from fires, from which point spectators may walk to the scene of the fire.

"We will have to exact fines on those who continue to violate the ordinance," he said. "We hate to take this step, but it is in the interest of the public that the fire department be able to function to the best of its ability."

League Meet

(Continued from Page 1)

entire meet was the Rural Pentathalon contests. Fangman of Messenger, took first place with 21 points; Skypala of Westway was second, with 20 points, and Harris of Dawn was third, with 19 points. A 31-foot, six inch shot put by Fangman and a five feet, five high jump by Skypala, were outstanding in this competition.

Due to late completion of the meat, winners in all divisions will be published by The Brand in the next edition.

Baptist Revival

(Continued from Page 1)

Mr. Minor meets with the young people and their local leaders, Mrs. A. O. Thompson and Mrs. Matt Gilliland; Rev. Witham and Rev. Barnes meet with the adults.

"The meeting will continue through next Sunday night," Rev. Barnes stated. "So far there have been several additions by letter and on profession of faith. If you are a Baptist we would like for you to place your membership here; if you have never made a decision for Christ and we can be of help to you, let us know. Let's put aside everything possible and make these days of sacrificial worship."

Easter Egg

eggs will be required as admission price to the show. He has booked a special program of cartoons and comedies for the show, and said that it is to be directed specifically for the purpose of entertaining smaller boys and girls.

The big community hunt will begin promptly at 3 o'clock Saturday afternoon under direction of Lions Club members. As last year, the prize eggs will be hidden along with other eggs; prize eggs will be marked with numbers, and when the finders locate the corresponding numbers at stores, they will be awarded prizes which will be announced next week.

In addition to eggs which will be collected at the special show, the Lion's Club will furnish eggs, and The Hereford Brand will contribute eggs for the hunt. Around 5,000 eggs will be hidden in the two parks, according to present plans.

Larger children will hunt eggs in Lake Park and the small tots will find their eggs in Mother's Park—an arrangement similar to that seen last year.

The 1937 Easter Egg Hunt proved a tremendous success, and the event is expected to hold even greater interest this year. More complete details of the hunt will be announced in The Brand next week.

Severe Injuries

(Continued from Page 1)

Betty Jo Black underwent more serious injury than any other occupant of the car; she returned to Canyon, Sunday night, but is still in the hospital there. She suffered a slight concussion of the brain, a broken collar bone and severe cuts and bruises; she is expected to remain in the hospital at least a month.

All occupants of the car were badly bruised, cut and scratched, and the automobile was demolished.
