400 Argentine Crewmen Rescued...

Planes Attack Airstrip

By The Associated Press

Britain said its planes bombed the airfield on the Falkland Islands capital of Stanley again today. Argentina had no immediate comment on the report, but said it rescued 400 survivors from the General Belgrano, the cruiser torpedoed and sunk by a British submarine.

That left 642 crewmen officially listed as missing in the icy South Atlantic. The privately owned Argentine news agency DYN quoted naval sources as saying the majority of the 1,042 crew were rescued, but gave no figures.

Ireland, dropping its support for Britain in favor of neutrality, called for an urgent U.N. Security Council session to demand an immediate end to the Falklands fighting and a search for a diplomatic solution.

In Washington, Secretary of State Alexander M. Haig Jr. said heavy casualties in the sinking of the General Belgrano may cause Argentina to stiffen its resistance to any compromise settlement of the Falklands crisis.

British Defense Minister John Nott told the House of Commons in London "a further sortie was made today to render the (Stanley) airstrip unusable for light supply, communications and ground attack aircraft operating within the Falkland Islands themselves."

Nott gave no other details. Britain said its first raids on the airport, Saturday, left the 4,000-foot main runway, unusable for jet fighters.

Prime Minister Margaret Thatcher, speaking in Parliament before Nott, defended Britain's sinking of the General Belgrano. A British submarine torpedoed the cruiser outside the 200-mile war zone Britain imposed around the disputed islands.

British Defense Ministry spokesman Ian MacDonald was asked earlier if the latest clashes involved rescue vessels searching for survivors of the General Belgrano. "If Argentine ships are engaged in picking up survivors, we would not interfere with them," he said.

McDonald said the British armada "is continuing by air and by sea both by day and by night to enforce the total exclusion zone around the Falklands." The 200-mile zone was imposed last Friday.

The General Belgrano was sunk outside the war zone Sunday, and Argentina's Joint Chiefs of Staff announced in Buenos Aires today that 400 survivors have been picked up. It said those rescued were en route to Ushuaia, at the tip of the South American continent.

The Argentine Joint Chiefs of Staff said rescue work was continuing in the area where the General Belgrano — Argentina's only cruiser — went down, and that 15 rescue vessels were involved. The cruiser was hit 36 miles outside Britain's 200-mile war zone.

An earlier communique from the Argentine military said a search plane spotted "various" lifeboats.

INDIVIDUAL AWARDS—These cast members of the Snyder High School production of Eugene O'Neill's "Ah Wilderness" were singled out for high honors at the state finals of the UIL one-act play contests last weekend in Austin. Shown displaying their awards are (from left) Jack O'Banion, best actor, Kim Lunsford, all-star cast, Joey Forbes, Jennifer Cole, Ramona Murphy, all honorable mention performers, and John Wilson, winner of this year's Samuel French award for outstanding performance in the state meet. This year's title set a new statewide record for tota number of state championships for on school. The SHS drama department ha now won eight titles. The previous recor belonged to Meadow High Scho students who won six titles under th direction of the late Norris Burleson. Ac cording to SHS director Jerry Worshan plans are being made for a public perfo mance of the award winning show fo local residents as soon as conflicts in th school calender can be worked out. (SD Staff Photo)

Since Martial Law...

Worst Warsaw Violence Seen

WARSAW, Poland (AP) — The worst violence in Warsaw since the start of martial law bloodied the Polish capital as thousands of Solidarity supporters demonstrated in Polish cities for the second time in three days.

"They think they can still warm up the political climate as if they had not had enough," Deputy Premier Mieczyslaw Rakowski told Parliament. "But if they think they'll achieve their aims, they are making a tragic mistake."

Police armed with rifles and clubs charged 25,000 people massed in Warsaw's historic Castle Square Monday for a rally called by underground Solidarity leaders.

The crowd screamed "Gestapo! Gestapo!" at more than 400 helmeted police and ignored their warnings to disperse, witnesses said. Water-cannon trucks pelted the crowd, and the police charged, firing tear-gas grenades.

Ambulances sped bleeding, beaten demonstrators to hospitals, but medical officials refused to say how many people were injured.

The government television service said the crowd attacked public buildings, smashed windows and burned vehicles. Witnesses said the rioters threw up barricades and fired sticks and stones at the police near the Parliament building and Communist Panty headquarters.

The police chased the crowd down the cobblestone streets of the Old Town, but hundreds regrouped and returned to the fray. Witnesses said the clashes continued into the night, and police reinforcements were sent in.

It was the most serious violence since security forces killed nine miners in southern Poland shortly after martial law was imposed Dec. 13.

The government threatened to reimpose the nightly curfew lifted Sunday, Warsaw TV reported. It said there were "demonstrations and incidents...in some other cities" but gave no details.

"People who do not want to understand anything, who have learned nothing, have dragged the youth into the streets to oppose the idea of reconciliation," said Warsaw TV.

The rally was called to mark the anniversary of the liberal 1791 constitution, which was annulled two years later by the partition of Poland between Prussia and Russia.

Ask Us

Q.—Is there a dermatologist here in Snyder and if not, where is the closest one?

A.—There is no dermatologist here. Both Abilene and Lubbock have them, and they are about the same distance from Snyder.

The SDN Column

There used to be a standing prediction here that it would rain during the Scurry County Rodeo. That was back during the days when the one and only rodeo here was outside. Now, there are several rodeos each year (there have already been two in 1982) and all have moved inside, which means the weather isn't a factor.

So, the rain prediction seems to have shifted to the opening of the Little League baseball season. Anyway, it happened this year.

★ ★ ★

Several have asked if we were surprised over some of last Saturday's election results and our answer was, "Surprised a bit, perhaps, but not shocked." We learned years ago never to try to second-guess voters at the polls or a jury in a courtroom.

Reflecting on the recent campaign, Sarah Greene, co-publisher of the Gilmer Mirror down in our old home town, called attention to something that we had subconsciously filed away without attaching any significance to it. She says wives of candidates have taken on more responsibility in campaigns that have become somewhat structured. The candidates themselves spend most of their time in the heavily populated, metropolitan areas, while the wives do most of the campaigning in the smaller cities and towns.

She refused to use the word "relegated" in referring to the role of the wives, and we agree. We have noticed in recent years that many of the wives do a better job of campaigning than their husbands, and it certainly is more pleasant to talk with them.

★ ★ ★

Perhaps there are still some traditional cycles left. We read the other day that co-ed dorms are no longer "in" on the University of Iowa campus. Officials decided to phase out some of their boy-girl dorms because of a lack of interest. More and more women students were requesting rooms in women-only dorms.

The cactus patch philosopher says you know middle-age has set in when you have that morning-after feeling and there wasn't any "night before."—WACIL McNAIR

Thrift Is Mayor Pro Tem...

Developer's Ordinance Gets Council Attention

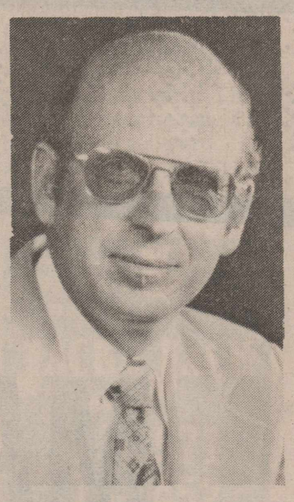

The Snyder City Council last night elected Ed Thrift to serve as mayor pro tem and reappointed two Colorado Municipal Water District board members, but spent most of a 3½-hour session wrestling with requests for special exceptions from the city developer's ordinance, which now is in the process of revision.

James Rosser and H. W. Cargile were reappointed to represent Snyder on the CRMWD board.

Requests by David Hines and Jessie Carrisalez for exceptions to curb and gutter and-or paving requirements led to the discussion of the developer's ordinance. Both sought building permits for dwellings in areas where there is no curb and gutter. The ordinance requires the developer to install curb and gutter and paving when there is construction on undeveloped property.

Ultimately, the request by Carrisalez was rejected and Hines' request was referred to the city attorney and city engineer to determine whether his project would be covered by a clause specifying "private use." Hines is seeking permits to move three houses to the west side of his industrial property in the 100 block of Ave. U. They would be used exclusively for housing his employees, he told the council and would be owned by his construction company rather than himself as an individual. If the houses are not available to rent to the general public, there is a possibility that they might be classified as "private use" property under the ordinance and not be subject to the curb, gutter and paving requirements of the ordinance, said Ernie Armstrong, city attorney.

Hines said he needed the houses for employees because he had been unable to hire some key personnel from out of town because of the housing situation here.

ED THRIFT

Armstrong and City Engineer Mike Smith were instructed to study the odinance further to determine the status of Hines' request. Meanwhile, the council agreed not to consider any more requests for exceptions to the developer's ordinance until the revised ordinance now being prepared is adopted.

A request for a septic tank at 1905 Ave. K submitted by Lynn Walker was approved. Sanitary sewer service is not availble within 200 feet of the property and a grade problem precludes service to that area, the council was advised.

A request for no parking zones on Ave. R. adjacent to Grimmett Bros. was tabled for study, and the city manager was authorized to seek bids for painting three overhead water storage towers. Bids also were authorized for installing key-card gasoline pumps at the city's municipal garage.

The council approved plats of three additions in residential areas. These included the Mary Trojcak Addition at El Paso Ave. and 28th St., the Smith-Norris Addition, fronting 24th and 25th Sts. between Ave. A and Ave. C, and the Colonial Hill North Addition.

Passed on second and final readings were an ordinance providing for a pentaly to defray costs of collecting delinquent taxes and an ordinance changing the zone of Block 18, Gross Subdivision, from a light manufacturing to a two-family residential zone.

A request by Texas Electric Service Co. for revision of its tariff to establish procedure for payments to affiliates in connection with its fuel cost factor was granted, subject to issuance of an order by the Public Utilities Commission.

A bid of $2,004, by Texas Lime, was accepted for the purchase of 20 tons of lime for the water treatment plant. The city engineer made a brief report on preliminary plans for upgrading the water treatment plant. Parkhill, Smith and Cooper, consulting engineers, are working on plans for the project, which will increase the capacity of the plant to some 8.3 million gallons per day. The rated capacity now is four million gallons per day, but during peaking periods the demand now exceeds six million gallons per day.

Councilman Don Osborn was appointed to serve as the mayor's proxy for attending board meetings of the West Central Texas Council of Governments.

Consideration of a letter of complaint from Don Light was tabled after he advised he would be unble to attend the meeting.

The council has scheduled a special work session for noon Thursday at K-Bob's to discuss appointments to the planning and zoning commission and the board of adjustment.

Mayor Rod Waller presided over the session last night. Other councilmen attending were Gale McPherson, Ed Thrift, John Wilson, Don Gressett and David Holt. Councilman Don Osborn was absent.

Tuesday update

Hostage Comments

HOUSTON (AP) — A man held hostage on a Honduran airliner says he worried most that authorities would try to rescue him, a move he says would have ensured his death.

The four leftist guerrillas had wired windows and entrances with dynamite which one touch would have set off, Jack Simpson said Monday.

"It's not boring," said Simpson, 57, recalling the four days he spent aboard the plane as it sat in stifling heat on a runway in Tegucigalpa, Honduras. "You spend 24 hours a day looking out the window and wondering if they're going to try to strike the plane from outside."

Simpson was the last of a group of 11 North Americans who escaped through windows and a rear door of the plane as their captors slept Saturday. He said he was certain at the time that the discouraged guerrillas were going to blow up the plane within 30 minutes

Woman Returns From Iran

AUSTIN, Texas (AP) — An Austin woman who tried for two years to leave Iran finally was reunited with her family here, but said she was concerned about her Iranian husband's safety.

Josephine Mansouri, 22, was greeted by about two dozen relatives when she arrived here Monday. She said she did not want to discuss her stay in Iran.

Mrs. Mansouri, her husband, Ali Sharif Mansouri, 27, and their baby went to Iran on Mother's Day 1980 for what was to have been a brief visit with Mansouri's family. But political strife in Iran and bureaucratic roadblocks prevented their return to the United States.

"She's scared because her husband is still there," said her mother, Mirna Fernandez, who has spent the last year trying to raise the airfare for her daughter and two children, one of whom was born in Iran a year ago.

State Block Arrests

FORREST CITY, Ark. (AP) — A 24-hour state police roadblock on Interstate 40 near this northeast Arkansas city resulted in the arrests of 65 to 75 people during the first 12 hours.

The roadblock was set up at 6 p.m. Monday to check for violations and contraband vehicles traveling the busy cross-country superhighway.

Authorities said that, after the first five hours, 14 drivers were charged with driving while intoxicated. Others arrested included a man charged for illegally having two pistols in his car, three men charged with misdemeanor possession of marijuana and some truckers charged with carrying loads exceeding the state's 73,280-pound weight limit. Also arrested were four Mexicans for being in the United States illegally.

SNYDER TEMPERATURES: High Monday, 78 degrees; low, 57 degrees; reading at 7 a. m. today, 61 degrees; precipitation, none; total precipitation for 1982 to date, 4.10.

WEST TEXAS: Partly cloudy and warm today with widely scattered thunderstorms southwest and Panhandle. Increasing cloudiness north tonight with scattered thunderstorms most sections. Cloudy and cooler Wednesday with scattered showers and thunderstorms, more numerous north. Highs mid 80s to low 90s. Lows tonight mid 50s north to mid 60s south. Highs Wednesday lower 60s Panhandle to lower 80s south and mid 80s Big Bend.

Grand Jury Returns 8 Indictments

Scurry County gra jurors returned felony dictments against eig men in a short sessi Monday.

Scheduled for trial in t 132nd District court a three felony theft cas and five cases of drivi while intoxicate subsequent offense.

Bond for Patrick McN ly was set at $3500 after jury indicted him on felo theft charges. McNally accused of attempting steal money from C. Birdwell, owner of Kwik-Kar-Wash, misrepresenting pavi work done at the busines

Hollis M. Bostick a faces felony theft charg after the jury returned indictment against him purchasing airline tick from Snyder Travel Ag cy with a worthless che Bond for Bostick was se $2500.

The third theft indi ment was returned agai Glendon Ray Treat. He accused of stealing a co television set fr Howard Murphree April 7. Bond for Treat v set at $1500.

Roy Garza Jasso, C O'Neal Cofflet, Gerardo Luna, Paul Rome Villanueva and Richa Castillo were named felony indictments cha ing each with DW subsequent offense. Be for each of these men v set at $1500.

David Holt served foreman for the May s sion of the grand jury.

Hinckley Tri To Begin

WASHINGTON (AP) John W. Hinckley "planned, thought out a calculated" his attack President Reagan thoroughly that he fired the president from shooter's crouch and h earlier practiced at a ri range in Colorado, a p secutor said today.

"This was not a rand or thoughtless act," ass tant U.S. attorney Ro M. Adelman told jurors his opening statement Hinckley's trial.

Adelman said Hinck practiced at the rifle ran with .22-caliber and caliber handguns and, i desperate act to impr teenage actress Jo Foster, wrote in an mailed letter that he wo shoot Reagan to gain h attention.

Ann Landers Says...

No More Recycled Columns

CHICAGO (AP) — Ann anders says she has ecycled 15-year-old ers in her advice column ver the past 18 months, ut will stop because the ractice was questioned nd "my credibility is all I ave."

Miss Landers had said ublicly in the past that ne letters in her column ere authentic. In print, ne often chided Yale University students for trying to sneak phony letters past her.

A joint investigation by The Associated Press and the Pontiac (Ill.) Daily Leader found that from April 1981 to April 1982 there were 33 clearly identifiable examples of items that had appeared in Miss Landers' daily column in late 1966 and early 1967.

Editors of the more than 1,000 newspapers worldwide who buy her column and her estimated 70 million readers were not told she was recycling previously published letters, sometimes using only slight changes in wording and details like names and ages.

For example, in a Feb. 22, 1976, letter from "Irving's Wife" a woman said her husband was too attached to his mother, stopping at her home each morning for "coffee and a bagel" and each night for "some chicken soup or some chopped herring." His mother telephoned every night to ask: "Is Irving all right?"

On Feb. 22, 1982, a letter came from "Millie in The Bronx" and the man's name was Sam. He stopped for "a cup of cocoa and some homemade coffee cake" and later for "a bowl of soup or chopped herring." Sam also got a nightly call from his mother.

In an interview Monday with an AP reporter and assistant publisher James Pearre of the Daily Leader, Miss Landers was shown 12 examples and acknowledged letters had been recycled. She said the practice was rare in her column and that she didn't think it "extraordinary or unsual."

"I think people read my column for advice, guidance, amusement...I don't think the reader cares. The important thing is to get the information out," she said.

"I feel if I get the advice out in a way that is useful or powerful, then I think the technique doesn't matter."

In a statement issued later Monday, she said it had not occurred to her that using recycled material would be considered deceptive. She said she would stop reusing old letters immediately.

"My credibility is all I have and I would never knowingly do anything to damage it," said Miss Landers, whose sympathetic personal advice column has been syndicated for 26 years.

Steve Jehorek, president and chief executive officer of Field Newspaper Syndicate, distributor of the column, said Monday columns in the hands of subscribing newspapers would be reviewed for recycled material and substitute columns provided if necessary.

Don't Nuke Garrett Park

GARRETT PARK, Md. (AP) — Residents of this Washington suburb say they don't want anything to do with nuclear weapons so they've voted to make their town a "nuclear free-zone."

By a 245-46 margin Monday, residents passed an ordinance that bans the use of nuclear weapons in or over the city.

The ordinance states, in part: "The people of this town hereby declare the town of Garrett Park to be a nuclear free-zone. No nuclear weapon shall be produced, transported, stored, processed, disposed of nor used within Garrett Park."

HEALTH — Bothered by body odor

Lawrence E. Lamb,M.D.

By Lawrence Lamb, M.D.

DEAR DR. LAMB — I was wondering if you could help me. It is about body odor. I shower twice a day: in the morning before going to work and again before going to bed. I have tried all the deodorants on the market. None seem to help. I also changed my diet, trying to avoid foods with garlic, onions and pepper.

Because of my problem I stay away from people. I have developed an inferiority complex. I really want to socialize and meet people, hoping that someday I'll meet someone, settle down and have a family of my own.

I smoke one cigarette only after supper. I'm in good health otherwise. My only problem is that awful odor coming from my pores. My hands and feet perspire a lot, and if I am nervous, my forehead.

DEAR READER — You would be surprised how many people have trouble with excess perspiration, body odor or both. It is one of my largest files of letters.

While some odor comes from normal secretions from specialized sweat glands, much of the problem is created by bacteria. And just good personal hygiene may not solve the problem. Often the bacteria that act on perspiration to cause the odor are just under the surface of the skin. Ordinary soap will not remove them.

In this case your doctor can prescribe pHisoHex (hexachlorophene) that you can use as a soap. It will penetrate the skin and after a few days will eliminate those bacteria. It is a prescription item because it should not be used for infants or by pregnant women. And you shouldn't take a whole bath with it but you can work on part of your body at a time until you are over the problem.

Sweating often occurs without causing odors. The sweating may be so profuse that the hands literally drip with perspiration. Medicines and sometimes even surgery may be helpful in these cases.

I am sending you The Health Letter number 18-2, Sweating, Antiperspirants and Deodorants, to help you. Others who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB — Our son is 38. He was very active and in good health, then he collapsed while jogging. After much testing a growth was discovered in his chest. At surgery it was at least the size of a tennis ball. We were afraid it was malignant but the report said it was not. They called it a thymoma and said it was rare. Could you please tell us anything about it?

DEAR READER — The ending "oma" indicates that it is a tumor, in this case a tumor of the thymus gland. The "oma" ending is used in carcinoma, adenoma, hepatoma and other tumors.

The thymus gland is in the center of the chest and a tumor in that area can press upon the veins to the heart and could be a factor in your son collapsing while jogging. Or the event may have been unrelated to the tumor.

Since the tumor was benign there should be no problems as you might expect if it had been malignant. Sometimes individuals who have tumors of the thymus gland develop myasthenia gravis, so he should be checked periodically for any sign of this. It is usually associated with periodic fatigue and sometimes loss of ability to hold the eyelids open.

(NEWSPAPER ENTERPRISE ASSN.)

China Eliminates 13 Premiers

TOKYO (AP) — China carried out a major government reshuffle today that included elimination of 11 of the nation's 13 vice premiers, the official Xinhua news agency reported.

In a dispatch monitored here, Xinhua said Wan Li and Yao Yilin were the only two to retain their posts as vice premiers in the streamlining move approved by the Standing Committee of the National People's Congress, or Parliament.

Most of the former vice premiers will retain their government posts, among them Foreign Minister Huang Hua; Defense Minister Geng Biao, and Chen Muhau, minister of Foreign Economic Relations and Trade.

Zhao Zhiyang will remain as premier, Xinhua said.

The reshuffle, predicted for weeks, was the second stage of a major drive by Party Vice Chairman Deng Xiaoping to trim the nation's unwieldy bureaucracy.

PLACED HIGH AT STATE—Stocky Roberts (center), Wendy Hodge (left) and Jack O'Banion (right) all finished high in individual competition at last weekend's state UIL literary competition in Austin. Stocky captured the second place medal for his efforts in the shorthand contest while Wendy logged a fifth place finish in the headline writing phase of the journalism competition. Jack made it into the final round of the poetry interpretation competition and was listed among the top six in that event. (SDN Staff Photo)

Flatback turtles, named for their flat shells, are found only in Australian waters. They commonly weigh between 150 and 180 pounds.

Committee Takes Look At Program

The possibility of converting the Western Texas College residential construction program into a two-year building trades course are under study by the college and a building trades advisory committee.

The new program would be a traditional credit program and students could earn the associate in applied science degree by completing the prescribed curriculum.

Members of the advisory committee have expressed the feeling that there is a definite need for a building trades course in this area and pointed out that carpenters are in demand here.

Serving on the advisory committee are John Bailey, H. L. Bradley, Dale Hoyle, Bobby Jones, Vernon Rannefeld, D. D. Shelburne and Jim Wadleigh. All are in close contact with the building situation in the Snyder area.

The new curriculum, which has been submitted for the required Texas Education Association approval, would call for courses in introduction to carpentry, blueprint reading and surveying, applied physics, industrial math, principles of design, basic electrical and plumbing skills, and foundations for the first year. In the second year, students would study construction materials, building inspection and codes, framing, interior and exterior trim, cabinetry and millwork, estimating, technical writing and a management seminar.

Related work experience would be scheduled in the summer between the freshman and sophomore years.

Persons interested in the building trades program are invited to contact the office of Dr. Gene McClurg, dean of occupational technology, or Abel Garza, who has served as instructor for the residential contruction program.

W. Hughes Wins Drawing

Wayne Hughes, P. O. Box 154 in Hermleigh, was winner of the drawing for a year's free subscription to the Snyder Daily News.

Hughes' name was chosen from among those who renewed their subscription for six months or more during April. A drawing will be held again in May for persons renewing for six months or more during that month.

Obituaries

Mrs. Rylant

Funeral service has been set for 3 p. m. Wednesday at the Clement Wilcox Funeral Home in Burnet for Mrs. Rose Rylant, 58, who died at 1 p. m. Sunday at Kingsland.

Burial will be in Lakeland Hills Memorial Park.

Mrs. Rylant was the mother of Dennis Rylant of Snyder.

Other survivors include her husband, Jack Rylant Sr.; two other sons, Arvis Rylant of Virginia Beach, Va., and Jack Rylant Jr. of Kingsland; a daughter, Becky Belcher of Tulia; three brothers, Frank and Ernest Patterson of Newport, Va., and Arvis P. Patterson of Atlanta, Ga.; and 13 grandchildren.

Arrest Man For Theft

Snyder police arrested one man on felony theft charges and began investigations into two more thefts reported Monday.

A 20 year old man was arrested around 3:20 p.m. at Western Texas College following a reported theft at Cogdell Memorial Hospital. According to reports, the suspect is alleged to have stolen uniforms, cassette computer tapes, a stethoscope and a blood pressure cuff from the hospital.

Most of the missing items were reported recovered after the arrest of the suspect.

C. M. Taylor called police around 5:15 p.m. and reported the theft of a Remington shotgun from his residence at 37th St. and College Avenue sometime between 1 p.m. and 5 p.m. Monday. Value of the missing gun was placed at $175.

Jerry Beatty of 1601 Avenue I told police that someone had stolen a tool box and tools valued at $100 from his residence. This theft is thought to have occurred sometime between 10 p.m. May 1 and 3 p.m. May 2.

Investigation is continuing into both of these thefts.

Local police also investigated four minor traffic mishaps reported Monday.

The day's first accident was reported around 12:15 p.m. in the 3700 block of College Aveune. Involved in the mishap was a 1977 Chevrolet driven by Mary Nell Stewart of 2803 Avenue M and a second unidentified vehicle. According to reports, both drivers left the scene of the accident thinking that no damage had occurred and minor damages were later discovered to the Stewart vehicle.

The 3900 block of Austin Ave. was the scene of a second minor collision around 1 p.m. Involved in this accident were a 1981 Chevrolet driven by Jerry Dennis of 3505 Kerrville and a 1981 Oldsmobile driven by Duard Leroy Jones of the Oasis Trailer Park. Only minor damages were reported to both vehicles in this accident.

Randy Gressett of 3104 37th St. called police around 5:43 p.m. and told officers that an unidentified vehicle had struck his 1977 Ford and then fled the scene. Location and time of the accident were undetermined. Only minor damages were listed for the Gressett vehicle.

The 3700 block of Avondale was the scene of Monday's last accident around 8 p.m. Involved in the mishap were a 1977 GMC driven by Jeffery Lee Comstock of 2300 32nd St. and a parked 1981 Cadillac owned by Mike Line of 823 25th St. Only minor damages were reported in this accident.

Asia's Gobi Desert is larger than France, Germany and Italy combined.

CHICAGO (AP) — Wheat No.2 Tuesday hard red winter 3.62¾n; No. 2 soft red winter 3.62¾n. Corn No. 2 yellow 2.78½n; Oats No. 2 heavy 2.17½n. Soybeans No. 1 yellow 6.51½n.

No 2 yellow corn Monday was quoted at 2.78½n (hopper) and 3.44¼n (box).

Association Sets VBS

The Mitchell-Scurry Baptist Association will hold Vacation Bible School clinic this evening at Colonial Hill Baptist Church.

The evening meal will be served by the host church at 6:30 p. m. and those attending will assemble in the sanctuary at 7 p. m. Conference groups will hold sessions until 9:30 p. m.

Jr. High Choirs To Sing Tonight

The Snyder Junior High School choirs will be presenting their pops concert at 7:30 p.m. tonight in the junior high school auditorium.

The choirs include the 7th and 8th grade girls choirs, the 7th and 8th grade boys choirs and the junior ensemble.

In addition there will be several soloists, duets and other speciality groups performing.

The public is invited. There will be a reception for choir students and their parents following the concert in the choir room.

Barbara Perkins directs the junior high choirs.

Correction

In a cutline in Monday's issue headed National Library Week Winner, the Hermleigh School librarian was incorrectly identified as Ruth Davis. Her name is Frances Thomason.

HOSPITAL NOTES

DISMISSALS: Karen Lawson, Murray Boyd Glenn Bohanna, Richard Groves, Shanda Bowlin Vickie Hughes and baby boy, James Tucker, and Paul Martinez.

If you're searching for someone who just ripped off a supermarket, you're looking for someone wearing new hose, lipstick, underwear and gloves, who smells nice, coughs a lot and has a steak, ham, pork roast or lamb chop tucked in their shirt.

According to a recent survey in Security World magazine these are the top ten items being lifted these days from supermarkets and convenience stores. Hose is No. 1.

As a woman who has been known to kill off an entire afternoon in front of a pantyhose rack figuring out if I'm an A, B, C, D, XX, or Wide Load, I say these sleazy, swifty shoppers get what they deserve.

Everyone knows shopping for hose is an art form. It was elevated to that position 20 years ago when pantyhose were born. You cannot hurry the buying process. No egg will hatch before its time.

If you buy them for your height, the waistband will bind your knees together. If you buy them for the right weight, the waistband will make you flat-chested.

Do you want fanny control? Tummy control? Entire body control? Industrial strength for those special occasions when breathing is secondary? Or a spot tourniquet for your cellulite?

What do you want to do in them? Cough? Massage your legs? Jump Higher? Or make America beautiful by concealing them under your slacks so it looks like you're wearing "nothin'."

Do you want knee-hi's, thigh'hi's, bare, nearly nude, with seams, bikini reinforced toe, heel, or extra room at the waistband?

The options go on. Do you want a new shade like Sins of the Flesh Beige or Scraped Knee Chestnut? Or do you want the basic Don't Tell Your Mother Black or Varicose Plum?

Frankly, all these dishonest people who pilfer hose off the shelves without paying really tick me off. They not only take the human race down a notch, they give pantyhose shoppers everywhere a bad name.

Just in case you're curious as to what they steal the least of, it's peanuts and batteries.

Neither of them get runs.

The Blue Ridge Mountains, which are included in Virginia's Shenandoah National Park, were once at the bottom of the sea — some 450 million years ago. Today, according to the 1982 Mobil Travel Guide, they are 2,000 feet above sea level. About 300 square miles of them sit within the park.

Bennett Office Supply Offers Smith-Corona Typetronics

GIFTS FOR MOM OR THE GRADUATE From left, Mary Castillo, Kathy Hunter and Barbara Pierce are shown here with the fine selection of pens and pencils just right for mom or the graduate.(SDN Staff Photo)

For many years, Bennett Office Supply has been known to carry the very latest products in the home, school and office supply line. And now Bennett has the very latest breakthrough in typewriters—the Smith-Corona Typetronic.

The Typetronic typewriter is a superior yet economical electronic alternative to the conventional office typewriter.

The Electronic Intelligence Center is the brain of Typetronic. An exclusive LSI chip contains the equivalent of over 30,000 transistors which react in thousandths of a second.

The Memory Correction feature lets you remove any or all of the last ten characters automatically.

The Typetronic uses a patented ultrasonic system which identifies and types the letters you touch by analyzing sound waves.

The Typetronic offers many more amazing features at an amazingly low price compared to comparable office typewriters. Go by Bennett Office Supply on the North Side of the Square and let them demonstrate it for you.

Manager Fred Castilio said to be sure and mention the information processing supplies now available from Bennett's. This includes ribbons, printwheels, typing elements, diskettes, storage files and related equipment for information processing computers.

Of course, when you think of Bennett Office Supply you automatically think of the fine selection of office furniture, desk accessories, calculators and office machines available there. As always, they either have what you need or can get it quickly.

Finally, with graduation just around the corner, the staff at Bennett's wants to remind you of the fine selection of gift items available. Cross Pens, calculators, brief cases and photo albums are just a few of the many items to select from.

Friendly Flower Shop Carries Big Hug Bouquet For Mom's Day

JANIE PRINCE AND TERRI FUQUA take a minute out of their busy routine to say "Happy Mother's Day" and let you know they will be happy to fix a bouquet or live plant for your mother.

Mother's Day is Sunday, May 9 and what could be a better gift than a Big Hug Bouquet from The Friendly Flower Shop. The Big Hug Bouquet features a hand-decorated ceramic bowl filled with beautiful fresh flowers. Order now for delivery on Thursday.

If you are looking for something other than a bouquet, the Friendly Flower Shop offers large selections of plants and flowers. Some of the blooming plants to choose from are Persian Violets, Kalanchoe's, Chrysanthemums and Hydrangeas. Or choose from a wide selection of roses, they're always a beautiful gift.

The Friendly Flower Shop also has a fine selection of gift items for the home. Select from a wide variety of dried arrangements or make your own. They make beautiful table ornaments. Choose from a large selection of pots and vases. Each is unique.

Lenox scented candles are also one of the specialties at the Friendly Flower Shop. Choose from a vast selection of candles in many different scents and colors from folding candles to sculptured column candles.

The Friendly Flower Shop is also a FTD Florist. If you need to send a gift of flowers or a plant out of town, the Friendly Flower Shop will be glad to order it for you.

No matter what you have in mind for Mom, the Friendly Flower Shop, located at 3001 College Avenue, can help you with your selection.

Remember, it is also time to start thinking about gifts for your graduates.

Disturbance Under Study At Prison

YPSILANTI, Mich. (AP) — A disturbance at Michigan's toughest prison is causing a second look at security, including whether to add more guards, reduce the number of inmates allowed out of their cells at once and provide prisoners a different type of shoe.

Huron Valley Correctional Facility officials want to prevent a recurrence of a brief cell-block takeover, broken up by police in riot gear Friday, Deputy Warden Luella Burke said Sunday.

Inmates tore metal shanks from the soles of their prison-issued shoes to use as knives, prison officials said. The new top security prison houses 400 inmates, including the state's most violent.

In 1935, Adolf Hitler renounced the Treaty of Versailles and ordered Germany's militarization.

OFFICERS AND DIRECTORS— Pictured above are Elree Baremore, Ena Carroll, and Carol Davis, Hospital Auxiliary directors for 1982-83. Below are auxiliary officers, Phil Kelley, recording secretary; Diane Aycock, president-elect; and Wilma Dillard, president. (SDN Staff Photos)

At 24th Annual Awards Banquet...

Hospital Auxiliary Recognizes Service

The 24th Annual Awards Banquet for the Cogdell Memorial Hospital Auxiliary was held Apr. 26 at the Shack.

Carol Davis, president, was mistress of ceremonies. Recognition was given to special guests who were present. This included the hospital board of directors, the commissioners court, doctors and nurses present, and the paid workers of the auxiliary. Ruby Hart, employe at the Snack Bar, was awarded a pin for ten years of service to the auxiliary.

The annual president's report was given. The auxiliary workers and the candystripers volunteered 15,785 hours to the hospital. During the 1981-82 year, cash donations by the auxiliary to the hospital, auxiliary work, and nurses and doctors scholarships amounted to $23,389.67.

Along with the areas of work that have been done in the past, a new area was begun during the past year. A surgery reception desk was estabished. This has been well received by both families of surgical patients and the nurses in surgery and on the floor.

Wilma Dillard was presented the president's pin as she begins a new year as leader of the auxiliary. Other officers were presented by Mrs. Dillard as follows: president-elect, Diane Aycock; second vice president, Lounette Null; recording secretary, Phil Kelley; and corresponding secretary, Marjorie Brown. Board members of the coming year are Ena Carroll, Elree Baremore, and Carol Davis.

Cy Miller awarded hours pins and bars to the workers who had accumulated a total of 100 or a multiple of 500 during the 1981-82 year. The awards were as follows:

AUXILIARY MEMBERS: 100 hours, Diane Aycock, Jean Baze, Vera Baize, Jane Browning, Elree Baremore, Linda Franklin, Georgene Gallaway, Betty House, Phil Kelley, Pat Moffett, Babe Miller, Bonnie McClurg, Joann Nunley, Terri Patterson, Velma Smith, and Betty Youngkin.

500 hours, Ouida Brunner, Sallie Tate, and Maxine Thompson; 1,000 hours, Carol Davis, Mary Davenport, Millie Givens, Joycelyn Holder, and Jim Logan; 1,500 hours, Nelda Huddleston; 2,000 hours, Sue Mize, Lounette Null, Verdi Kimbro, and Alfreida Moss; 3,500 hours, Louetta Voss; 4,500 hours, Ena Carroll and Flo Joyce; 7,000 hours, Ruby Anderson; 7,500 hours, Ruby Anderson; 9,000 hours, Lucille Joyce; and 9,500 hours, Lucille Joyce.

CANDYSTRIPERS: 100 hours, Kim Burton, Lee Ann Scarberry, Shirley Raschke, Mary Eubank, Gina Green, Athena Clamon, and Xalyn Harris; 200 hours, Denise Merritt and Cherrise Reeves; and 700 hours, Keisha Chapman.

Use a candle for a pincushion when sewing as the pins slip through fabric easier when waxed.

ASTRO-GRAPH

Bernice Bede Osol

Your Birthday

May 5, 1982

This coming year your opportunities are likely to come from situations in which you are already involved, rather than from new areas. Make the most of where your are.

TAURUS (April 20-May 20) If you are contemplating a job change, don't act too hastily. Know what you are getting into before making a move and be sure it's a step up. Find out more of what lies ahead for you in each of the seasons following your birthday by sending for your copy of Astro-Graph. Mail for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

GEMINI (May 21-June 20) It's possible that, lately, your social life hasn't been all you hoped it would be. Beginning now, rectify this by meeting and mingling with new groups.

CANCER (June 21-July 22) Before moving ahead with any new projects or ventures today, bring to a conclusion ones in which you're already involved. Let nothing overlap.

LEO (July 23-Aug. 22) Take affirmative action today regarding ideas or concepts you now have which you think could better your lot in life. Nothing ventured, nothing gained.

VIRGO (Aug. 23-Sept. 22) There is a possibility you haven't fully explored or developed two channels which could add to your income or enhance your security. Do so now.

LIBRA (Sept. 23-Oct. 23) Ventures or enterprises you originate or personally direct have better-than-usual chances for success at this time, so don't wait on others to get the ball rolling.

SCORPIO (Oct. 24-Nov. 22) You are blessed with keen intuition and perception, and often arrive at accurate conclusions through other than deductive methods. This could be true today.

SAGITTARIUS (Nov. 23-Dec. 21) You have a far greater influence over your peer group at this time than you may realize, so take care your input is positive rather than negative.

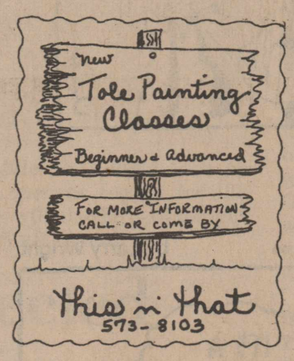

CAPRICORN (Dec. 22-Jan. 19) Much can be done at this time to bring you closer to victory concerning two important goals. Proceed with vigor. Keep your targets in sight.

AQUARIUS (Jan. 20-Feb. 19) Over the years you have acquired some valuable knowledge and skills. Perhaps you're not using them to maximum advantage. Look for better uses.

PISCES (Feb. 20-March 20) Don't be resistant to change at this time. Altering conditions which may appear to have no promise could be laden with hidden benefits.

ARIES (March 21-April 19) Decisions you make today that could affect others as well as yourself must be carefully considered. They could have far-reaching effects.

Opening lead: ♦9

Successful rubber bridge players have to be good at dummy play because they get to so many bad contracts. South has 12 top tricks at no-trump and a mighty good play for seven. His two club opening was artificial and forcing. North's two diamond response was a catch-all that merely asked South to describe his hand further.

In duplicate, where honors don't count, South would have rebid two no-trump to show 22 or 23 balanced points, but South tried two spades to try to score honors.

The less said about the further bidding the better, except that South was put in a spade slam.

He won the diamond in dummy, cashed two spades and noted that East had chucked a small club. South was in trouble, but he found a way out.

He cashed two diamonds and noted the 3-3 break. Then he played a club to dummy's ace and a second one back to his queen. It now appeared that East had started with five clubs so South counted West for 5-3-3-2 distribution. So, South led his last high diamond.

West could do no better than discard a heart. South was now able to play three rounds of hearts. On the third round West had to trump his partner's queen and lead up to South's tenace.

(NEWSPAPER ENTERPRISE ASSN.)

Replacement Window Frames

NEW YORK (AP) — Replacement windows frames include traditional wood and aluminum, but the newest type of replacement frame is vinyl.

In West Germany, 4 percent of the new windows being installed are vinyl. This type of window frame has been in use in Europe since the 1940s and only recently become readily available in the United States.

In the United States most of the vinyl windows are being installed in the Northeast and Central states where the climate is cold, although the windows are available nationwide.

Add lemon or lime juice to rice to give it extra flavor.

BEDWETTER
LET THEM HAVE A DRY BED

The greatest gift you can give a bedwetter and the rest of family, too, is an end to this serious problem, and make mistake, bedwetting is serious. It can cause complicated p chological problems that last a lifetime. It's so needless cause bedwetting, when not caused by organic defect disease, can be ended. Send for our free brochure, "Bedwetti —What It's All About and How To End It", a report by medical doctors. No obligation.

OUR BOARDING HOUSE with Major Hoople

American League...

Orioles Sink Mariners

by The Associated Press

Mike Flanagan was just too strong in the early going this season.

On Monday night, he was just too good.

"The last four times I've pitched, I've felt too strong," Flanagan said after facing the minimum number of batters in firing a three-hit shutout for his first victory in four decisions as the Baltimore Orioles whipped the Seattle Mariners 6-0.

Elsewhere in the American League, the Boston Red Sox trimmed the Minnesota Twins 6-2, the California Angels nipped the Cleveland Indians 5-4, the Oakland A's downed the New York Yankees 5-4 and the Kansas City Royals edged the Milwaukee Brewers 3-2.

Rich Dauer and Gary Roenicke backed Flanagan's pitching with home runs. Dauer hit a two-run homer off rookie Mike Moore in the first inning and singled a run across in the fifth, while Roenicke connected for a three-run homer off Larry Andersen in the eighth.

Red Sox 6, Twins 2

Two-run homers by Dave Stapleton and Rick Miller powered red-hot Boston to its fourth consecutive triumph and 12th in the last 13 games, while Chuck Rainey and Bob Stanley combined on a five-hitter. Stapleton's inside-the-park homer capped a four-run first inning after Carl Yastrzemski's two-run double erased a 2-0 Minnesota lead. Miller's homer followed Rich Gedman's double in the fifth.

Angels 5, Indians 4

Don Baylor drove in the tying run with a seventh-inning double and then hit a ninth-inning sacrifice fly for the winning run, while Andy Hassler and Don Aase combined for 71-3 innings of sparkling relief. Rod Carew led off the ninth with a single off Dan Spillner and Fred Lynn walked. Carew went to third on Reggie Jackson's fly ball and scored on Baylor's drive to deep center.

Hassler relieved starter Mike Witt in the second and pitched five scoreless innings - he is unscored upon in 13 innings this season - before Aase retired the final seven batters, striking out five. The Angels trailed 4-0 but scored twice in the fourth inning off Len Barker on two walks, an error and a sacrifice fly. Consecutive singles by Carew, Lynn and Jackson made it 4-3 in the seventh.

A's 5, Yankees 2

Singles by Dwayne Murphy and Tony Armas drove in the tying and lead runs as Oakland rallied for four runs against Tommy John and Rich Gossage in the eighth inning and went on to its fifth consecutive victory. The A's had managed six hits and one run until pinch hitter Jeff Burroughs opened the eighth with an infield hit.

AROUND THE CORNER -- Dirty Damsel's Kelly Dryden takes off around the left end and looks for running room with Joy Barnes (68) of the Ruckus Raisers in pursuit during last night's Powder Puff Football Game, held at Tiger Stadium. Also shown above are Kathy Northcott (44) and Sherri Rich. Funds from the game will go towards senior class projects. (SDN Staff Photo)

Cats Home Tonight; Try Ector At 7:30

Snyder baseball fans can see their Tigers at home for the second time since April 3 tonight as Coach Albert Lewis' bunch take on Odessa Ector at 7:30.

The Tigers, 19-5, are off to their best start in a number of years, just five victories away from another District 2-AAAA championship. Four of those games are at Moffett Field.

Snyder won the first half of 2-AAAA play with a 6-0 record and is 1-0 in round two play. Odessa Ector is 8-14 for the season and 0-2 in the second round.

Odessa's most recent loss was a 6-3 count to Monahans last Thursday.

In a makeup game played last evening, Pecos popped Lamesa 7-3 to drop the Golden Tornadoes to 0-2 for the second half of district play. Andrews and Fort Stockton still have a game to be made up, but that date has yet to be determined.

In other 2-AAAA games today, Andrews (1-0, 8-13) is at Monahans (1-1, 10-12) and Pecos (1-0, 11-9) is at Fort Stockton (1-0, 7-10). Lamesa (0-2 and 7-12) is idle.

Snyder hosts Andrews at 4 on Friday and Pecos at 7:30 on May 11. To close out the regular season, the Tigers play at Lamesa, 4 p.m. May 14 and here against Fort Stockton 7:30 p.m. May 18.

SECOND HALF

Team	District W	District L	Season W	Season L
Snyder*	1	0	19	5
Ft.Stockton	1	0	7	10
Andrews	1	0	8	13
Pecos	1	0	11	9
Monahans	1	1	10	12
Lamesa	0	2	7	12
Ector	0	2	8	14

* won first half

MONDAY'S GAME -- Pecos 7, Lamesa 3.

TUESDAY'S GAMES -- Ector at Snyder, Pecos at Fort Stockton, Andrews at Monahans, Lamesa idle.

MAKEUP -- Fort Stockton at Andrews, date undetermined.

Snyder Leagues

FARM LEAGUE

White Sox 15, Athletics 0

Dan Scannicchio opened the 1982 Farm League season with a no-hitter here last night as the White Sox blanked the Athletics 15-0. Scannicchio, who graced the performance with seven strikeouts, also got three hits from the batter's box.

Cory Pace cracked two triples and a double and Marc McQueen and Wes Dixon rapped a double and two singles each to aid the Sox's cause, while Rusty Mize and Perry Greathouse slugged a double and a single apiece. B.J. Claxton also added a single, rounding out the 17-hit game.

Glen Bailey took the loss for the A's.

No other games were reported.

LITTLE LEAGUE

Braves 7, Indians 5

Roy Gutierrez went the distance, giving up only five hits as the Braves edged the Indians last evening. The Braves came up with only five hits themselves, but held off an Indians sixth-inning rally to take the victory.

Gutierrez and Bobby Rico powered two singles apiece and Devin Dollins added one single for the winners.

Johnny Ward took the loss, despite good pitching and belting one of two doubles for the Indians. Tony Ferrard added the other, in addition to a single, and Trey Tippens clouted a home run. Darren McCowan also hit a single.

Two scorekeepers had different ideas on this game. In another report, the Braves' Randy Morris also had two singles, Gutierrez added another single and Brad Newmon hit a single. For the Indians, Van Echols was and Tony Ferrard were given an extra single, and Randy Mallory a triple.

No other games were reported.

PLAY BALL! -- Snyder Little League and Farm League opened their seasons here last night after being rained out over the weekend. Above, Jason Polk of the White Sox slides into third base as shortstop Wade Spencer covers for the Athletics. Games will also be held tonight at 5 and 7. (SDN Staff Photo)

SWC Foursome Selected For Conference Tourney

COLLEGE STATION, Texas (AP) - The four top baseball teams in the Southwest Conference will clash in the post-season tournament, which starts May 14 at Pat Olsen Field in College Station.

The tournament - featuring the University of Texas, Houston, Arkansas and Texas A&M - will run through May 16 with two games each of the three days. A seventh game, if needed, will be played May 17.

Texas, which wrapped up its 55th SWC title with its 9-7 victory over Texas Tech in Lubbock last weekend, is the tournament's defending champion.

The Tech-Texas series was shortened by rain and the loss dropped the Red Raiders from their fourth-place tie with Texas A&M.

Had Tech won Sunday, the Raiders would have taken the fourth tournament position and Arkansas would have been host for the tournament in Little Rock.

Arkansas and Houston will open the tournament Friday afternoon and the Aggies will meet Texas, which is looking for its fourth straight tournament championship. The Longhorns swept the Aggies in their three-game regular season series.

In 1980, Texas won at Olsen Field with victories over Texas Tech and two wins over Arkansas. Texas and Arkansas have met in the final game of the double-elimination format tournament for the last three years.

This will be the second time Olsen Field has been the site of the tournament.

National League...

Phillies Squeeze Giants

by The Associated Press

A little knowledge can be a dangerous thing, and Philadelphia rookie Bob Dernier is getting smarter with every game.

Dernier stole his sixth and seventh bases of the season in the first inning, then doubled home the go-ahead run in the fourth as the Phillies defeated the San Francisco Giants 5-3 Monday night.

The victory was Philadelphia's second straight, representing the first time the Phillies had won games consecutively this season. Dernier's second stolen base came on the front end of a double steal with Pete Rose, and he and Rose scored the first two runs of the game on Gary Matthews' single.

The Phillies scored a third run in the first inning on George Vuckovich's single, but San Francisco tied it with two runs in the second - one on Darrell Evans' homer - and another run in the third on Jack Clark's RBI single.

The winner was Sid Monge, who worked five innings, giving up three hits in relief of Dick Ruthven. Ed Farmer preserved Monge's first National League victory.

In the rest of the National League, the New York Mets got by Los Angeles 6-3 in 12 innings, Montreal beat San Diego 8-2, Atlanta downed Pittsburgh 10-4 and St. Louis defeated Chicago 9-4.

Mets 6, Dodgers 3

Hubie Brooks drove in two runs with a bases-loaded single in the 12th inning as New York ended a six-game losing streak at Dodger Stadium. Brooks' line single scored George Foster and Joel Youngblood to snap a 3-3 tie. Another run scored on Ron Gardenhire's fielder's choice.

Ed Lynch, 1-1, the fifth Mets pitcher, picked up the win with two scoreless innings of relief.

Expos 8, Padres 2

Gary Carter and Chris Speier eached homered, and Bill Gullickson hurled his first complete game of the season for Montreal. Gullickson struck out 10 and scattered seven hits, waiting out a rare 22-minute rain delay at San Diego in the top of the seventh.

Speier's third-inning homer, his second this season, snapped a 1-1 tie, and Carter had a two-run shot in the eighth inning. Al Oliver also drove in a pair of runs with two singles.

Lou Brock's 938 stolen bases is the most for any major league ballplayer.

Ira Slates Fem Tourney

IRA -- The Women of the Church of God, an organization affiliated with the Ira Church of God, is sponsoring a women's softball tournament here June 4, 5 and 6, it has been announced.

Entry fee is $85 for the first 12 teams to enter. Teams are urged to enter the tournament as soon as possible. The deadline to get in an entry is May 26.

Trophies will be awarded to the first, second and third place teams, to the most valuable player, top home run hitter, and for sportsmanship. Windbreakers will be presented to an all-tournament team.

Dear Abby

By Abigail Van Buren

© 1982 by Universal Press Syndicate

DEAR ABBY: I am a young woman who recently became friendly with another young woman who is a flight attendant with an airline. She is a very together gal with a warm and winning personality — friendly, charming, vivacious. She has it all.

She asked me over last Saturday so we could have lunch and take in a movie. When I got to her apartment, she was making the last of 14 telephone calls — mostly to married men.

She told me that she had just discovered that she had contracted a venereal disease, and she was calling every man she had been with for the last three or four months so he could be examined immediately and not risk infecting his wife or any other woman. I admired her concern and sense of "honor," if you can call it that, but I must admit that I was badly shaken.

Why am I writing this? To ask you to please warn every sexually active man, woman, girl and boy that no matter how "clean" a person looks, it's foolish to take a chance with a stranger.

This girl looks like the most immaculate, ladylike, discriminating, cautious person you would ever want to see. Please, Abby, print this. All it takes is one wrong guess.

SHOOK

DEAR SHOOK: I'm printing your letter. A word to the wise is sufficient. And it may even help the foolish.

* * *

DEAR ABBY: I'm 18, and my high-school graduation is coming up soon. I want my father to attend, but I don't want Linda. She's his second wife. I'm afraid if I don't invite Linda, Dad won't come.

He left Mom eight years ago to marry this no-good barfly. Mom makes us kids visit Dad on weekends. We hate going there because Linda is so hateful toward us when Dad is not around.

Mom never remarried. She says she's waiting until she has us five kids raised, but we think she's still in love with Dad. She's so much nicer than Linda. We don't know what he saw in her. We'd like to get Mom and Dad back together again. I think he still cares, but he's too bullheaded to admit that he made a mistake.

How can I get Dad to attend my graduation without his wife?

WANTS DAD

DEAR WANTS: If your dad is aware of your dislike for Linda, ask him to attend your graduation alone. (He may surprise you and accept.) If he's not aware, then the invitation should be sent to Mr. and Mrs., and it's up to Linda to accept or decline.

About getting your mom and dad together again: If your father "made a mistake but is too bullheaded to admit it," he will have to live with the consequences.

* * *

DEAR ABBY: I'd like to comment on the letter from "Going Crazy," whose 7-year-old son still sucks his thumb.

I'm 27, and I still suck my thumb. My teeth are perfect and I've never had braces.

I have never felt the need to suck my thumb during the daytime. I am a sheriff's deputy and I'm very well adjusted. I find sucking my thumb at bedtime very comforting. It helps me to relax. You can lose a teddy bear, but you can't lose a thumb. Sign me . . .

SHERIFF'S DEPUTY IN INDY

Kemp's Ridleys are the smallest turtle species and the rarest. Their only known major nesting beach, according to National Geographic, is at Rancho Nuevo, Mexico. The turtles nest en masse, but the number of nesting females has sharply declined because the eggs are snatched to be sold as food or as an aphrodisiac.

Spokesman Rules Out U.N. Summitt

MOSCOW (AP) — A senior Soviet spokesman today ruled out a U.N. meeting next month between Soviet leader Leonid Brezhnev and President Reagan and said the Kremlin was holding out for a "prepared" summit in Europe this fall.

"We are waiting for a clear and accurate reply from the American president" on Brezhnev's summit proposal, Yuri Zhukov, the leading commentator of the Communist Party newspaper Pravda, told a news conference.

Zhukov said Soviet officials heard that Reagan was considering Brezhnev's proposal to meet in Finland or Switzerland in October but that there had been no official acceptance from Washington.

He accused the Reagan administration of failing to respond to Brezhnev's various proposals since 1981 for "limiting the arms race and disarmament."

Asked by The Associated Press whether Reagan's offer for a U.N. meeting was not a response to Brezhnev, Zhukov angrily replied:

"Are the AP correspondents so naive as to think that they could meet somewhere for a half-hour in a bar between sessions?"

He said Reagan's offer to meet Brezhnev for a "chat" on East-West issues was unacceptable, declaring "this is too serious a matter to be treated in this way."

Zhukov said a Brezhnev-Reagan summit must be "carefully prepared," and he cited the Soviet leader's summits with former presidents Richard Nixon in Moscow in 1972 and Gerald Ford at Vladivostok in 1974 as examples of meetings with careful groundwork.

Asked by The AP whether Brezhnev was in good enough health to hold summit talks with Reagan, Zhukov retorted, "You better not ask this question again because you have already covered yourself with shame. I have read too often in American newspapers that Brezhnev had died."

He did not specify in which American newspapers he had read such reports.

The 75-year-old Soviet leader dropped out of sight for nearly a month in late March and April, prompting considerable speculation about his health. Unofficial Soviet sources claimed he had been hospitalized but the government insisted Brezhnev was on a "regular rest."

Brezhnev reappeared April 12 at a Kremlin ceremony but looked frail. He also attended the annual May Day parade last Saturday in Red Square walking slowly to the reviewing stand with the help of aides and waving feebly at Soviet workers parading past.

The Soviet leader first proposed a summit meeting with Reagan on Feb. 23, 1981, in a major address to the 26th Communist Party Congress.

New Items Added To Sale List

Varied items from the past and present will be offered for new ownership at a jumble sale planned Friday in the Towle Park Barn under sponsorship of Historic Scurry County, Inc.

The sale will begin at 8 a.m. and continue until 5 p.m., with proceeds going toward restoration of the Dodson House.

There will also be a bake sale and a refreshment booth offering coffee and cake by the slice.

Among the newer items in the sale will be two hanging lamps, a gas cook top, a wrought iron hanging chair and coverlets for twin beds. Items for the sale are being collected by members of the Scurry County Historical Commission and Historic Scurry County.

Pension Is Reinstated

CLEVELAND (AP) — A cerebral palsy victim who was a subject of a recent CBS documentary has had his Social Security disability pension reinstated, according to a congresswoman.

Rep. Mary Rose Oakar, D-Ohio, said she was told Friday of the reinstatement for Larry Ham of Brook Park. He will receive back checks to aid himself, his wife and four children, she said.

Ham was deemed employable and his benefits were cut off in December.

Start average billing before you start your air conditioner.

Electricity is costing more this year mainly because the fuels to make it cost more.

Our Average Billing Plan can help, because it "averages out" your electric bills. You still pay for all the electricity you use, and your payments will still vary from month to month. But in high-use months you pay for less electricity than you use, and in low-use months you pay for more than you use.

Many customers find this helps ease the impact of high summer air conditioning bills. Our average billing plan is available to both residential customers and churches.

If you'd like to know more, give us a call at Texas Electric.

Texas Electric Service Company

Won't Shoot Dogs On Sight...

Police Balk At Kill Order

GRANBY, Mass. (AP) - Never mind that town selectmen have ordered all unrestrained dogs shot on sight. Never mind that Dog Officer George Fortier was named a special constable when police balked at enforcing the order.

"I've never shot a dog and don't intend to," says Fortier, who patrols this town of 5,400 with a shotgun in the back seat of his aging compact car.

"This is scare tactics," he said, waving the shotgun, after he picked up a spaniel named Danny from along a road and turned her over to a neighbor for safekeeping until her owners got home.

"I could have shot five this morning, but I didn't. I took them home," said Fortier, a retired warehouse manager. "The local humane society was delighted when they learned I was the one named to shoot dogs, because they know I won't."

The town won national attention when selectmen, acting to halt dog attacks on livestock, tacked the shoot-to-kill proclamation to the door of town hall.

The proclamation invoked a centuries-old state law requiring the town to appoint someone to do the shooting; farmers have always been allowed to shoot attacking dogs.

So far, town officials haven't killed a single dog. Nine dogs have been shot by farmers who caught them in their sheep pens and henhouses, Fortier said.

Police Chief John Kirchhof says his officers will kill a dog "only if we see it in the act of attacking livestock." And board of selectment chairman Robert Farr isn't bothered by Fortier's reluctance to shoot.

"The proclamation sounded quite ominous, but it really hasn't changed anything materially," said Farr, a dairy farmer. "The one thing it did was convince town residents they better keep their dogs home.

"That's all we were trying to do orginally in preparing the sternest type of statement we could within the law," he said. Granby, within 20 minutes from Springfield, is "no longer primarily a farming town."

Fortier estimated the value of livestock lost to dogs in the past several weeks as well in excess of $2,000.

Farmer Zefryn Juras has lost 30 animals to dogs. Both he and Fortier blame pets, not strays.

"We'd take them home to their owners, who'd say 'My Poochie wouldn't do that.' Well, what's it doing there then?" Juras said of the steps he took against marauding dogs before pumping buckshot into Harpo, a mutt owned by Edward Bagg, in his sheep pen Tuesday night.

"I guess my poor little bugger just got in with the wrong pack," said Bagg, who called Harpo a "gentle dog. As far as I know he had no nasty ways."

Veteran Cop Chosen Dallas Police Chief

DALLAS (AP) — A 17-year veteran of the Dallas Police Department takes control of the 1,968-person force today.

Assistant Police Chief Billy Prince was appointed Monday to the department's top spot, succeeding Glen King, who resigned March 17 after suffering a heart attack.

"Prince is our first choice," City Manager Charles Anderson said. "He is a top police professional and top flight manager who understands productivity and has a commitment to affirmative action."

Prince, 39, joined the department in 1964 and served as lieutenant, captain and deputy chief before being appointed assistant chief in 1979.

The Duncan, Okla., native said the new job would be "a great challenge for me. I'm looking forward to it. We've got a few problems, as any large organization does, but I view problems as an opportunity."

He said his top priorities in office will be correcting morale problems and easing the high turnover rate of officers. Prince said he believes that his experience in the department will help him in dealing with any problems.

"I intend to represent the police officers when they need my support," he said. "But I'll do my best to represent the entire city as well. It is extremely important to have the confidence of the whole community."

The new chief has received a master's degree from North Texas State University and a bachelor's degree from Sam Houston State University.

Dick Hickman, president of the Dallas Police Association, said he thought Price would have the backing of the men in uniform.

"Academically, he is the best qualified in the department for this job and I'm sure the troops will support him," Hickman said.

The largest and fastest-growing age group in the nation in the 1980s will be the 35- to 44-year-olds, who will gain more than a million members each year. By 1990, some 32 percent of the population will be 25 to 44 years old.

Foreign Minister Is Killed In Crash In Iran

NICOSIA, Cyprus (AP) — Algerian Foreign Minister Mohammed Benyahia, who mediated the release of the American hostages in Iran, was killed in a plane crash in northwest Iran, and Iran accused Iraq of shooting his plane down.

The official Iranian news agency, IRNA, said everyone aboard the Algerian government plane was killed. APS, the Algerian news agency, said they included eight other high-ranking Algerian officials en route with Benyahia to Tehran for an official visit, an Algerian journalist from APS and the executive jet's four crew members.

Among the delegation members were Saadeddine Benouniche, Benyahia's chief aide in the hostage negotiations, the deputy director of the Central Bank of Algeria, and the directors general of the ministries of foreign trade, energy and petrochemicals, and transport and fishing, APS said.

IRNA said the Grumman G-2 crashed Monday 4½ miles inside Iran at Qotur, a small town 94 miles south of the juncture of the Iranian, Soviet and Turkish borders.

There was no immediate comment from Iraq.

AMENDED DEED RESTRICTIONS

1. All lots in Round Top Acres shall be used for residential purposes only, and no business or commercial enterprises of any kind shall be conducted or permitted on such lots.

2. No structure of any kind shall be erected, placed, or permitted to remain on any of the said tracts other than one detached, single family dwelling, together with a garage, and any necessary servants' quarters or other outbuildings for private usage only.

3. All property line fencing shall be constructed of wood, masonry, pipe, or rock. The minimum acceptable property line fencing shall be constructed utilizing steel drive-down posts with two (2) inch metal corner posts, and two strand barbed wire top, with the remainder of wire fencing consisting of 6"x6" net mesh.

4. No part of any dwelling or garage shall extend closer than twenty-five (25) feet to the front property line on each lot.

5. No part of any stable, corral or other outbuilding shall extend closer than two hundred (200) feet to the front property line on each lot.

6. No part of any dwelling, garage, or other building shall extend closer than one hundred (100) feet to the side property lines of each lot.

7. No part of any dwelling, garage, or other buildings shall extend closer than one hundred (100) feet to the rear tract lines of each lot.

8. No mobile home, recreational vehicle, boat and, or trailer or any such like or similar item shall be parked or stored in any instance closer to the front property line of any tract than the rear building line of the principal residential structure.

9. All dwellings shall contain at least seventeen hundred (1700) square feet of living area, exclusive of garages, breeze-ways, porches, and any outbuildings.

10. All dwellings, garages, and other private outbuildings shall be constructed of brick, stone, wood siding, adobe or stucco on all outside walls and no asbestos siding shall be used, unless approval to the contrary is obtained as described in Section 12 below. Corrugated metal shall be permitted on livestock related structures, workshops, and well houses so long as such metal is of a color other than natural zinc coating.

11. The roof of any dwelling, garage, or other private outbuilding shall be wood shingles, clay tile, asbestos shingles, or flexible brown compsition shingles not below a grade of 340 pounds per square. This section shall not be construed to mean that the use of solar collective panels or other energy conservation devices is prohibited when used in conjunction with the building of the principal residential structure on an individual lot.

12. No dwelling, buildings or other improvements, shall be erected or altered on any lot until the building plans, specifications, and plat plan showing the location of all such improvements have been approved in writing as to the locations, conformity and harmony of external design by the Architectural Committee appointed by the developer of the said Round Top Acres Addition. Such approval shall be indicated by the signature of the Architectural Committee chairman on the plans and specifications or in his absence any other duly appointed member of the Architectural Committee.

13. All power and utility lines, TV cables, and other wires shall be brought underground from the alley or easement or other public R-O-W serving each lot to the dwelling, garage, or other building on such lot.

14. Detached garages or other accessory buildings shall not exceed the height of the primary residential unit unless approval to the contrary is granted by the Architectural Control Committee.

15. No trailer, mobile home, tent shack, garage, shed or other outbuilding shall ever be used as a residence, temporarily or permanently, nor shall any structure of a temporary character be used as a residence.

16. It is expressly forbidden by these restrictions to mine surface or subsurface minerals for resale for any lot within subdivision. This restriction is inclusive of caliche or other similarly known soil materials. This restrictions does not prohibit the pumping of ground water for consumption upon the lot wherein the well is located.

17. Upon completion of the initial sale of each and every lot within Round Top Acres Addition, further subdividing of the original lots by the owners of record at such time shall be permitted. However, subdividing into individual parcel of less than five (5) acres in size is prohibited. Further, no lot created by such subdivision which does not adjoin public right of way shall be permitted. This restriction shall not prohibit the assembling of a lot or parts of lots into any lot which would be larger than those originally platted into any block. This restriction shall not prohibit the original property owners, under whose name these restrictions have been impressed, and their heirs, successors and assigns from further subdivision at any time prior to the sale of all lots within the addition so long as adherence to the precepts of this item is maintained.

18. Since it is the established intent of Round Top Acres to provide quality residential development sites, neither the construction of any livestock related facility nor the keeping of any livestock will be permitted on any individual lot prior to the commencement of construction upon the principal residential structure of said lot. In no instance will completion and occupancy of a livestock related facility be permitted before substantial completion on the residential structure. Discretionary control shall reside with the Architectural Committee.

19. Care shall be taken in the design and lot location of each structure to insure that existing surface drainage patterns in the subdivision are not adversely affected. If required by the Architectural Committee, the builder or owner of any structure in question shall submit for review and approval an improvement survey of the subject lot which shall delineate the proposed changes in grade so that the Committee may ascertain compliance with the intention of this item. Enforcement of this item shall include any and all surface water storage facilities; the intent being not to allow the construction of any earthen tank or similar impoundment which would alter the existing surface drainage patterns to the detriment of existing ponds or tanks.

20. Livestock including but not necessarily limited to horses, cows, sheep, goats, chickens and hogs shall be permitted. In no instance will the keeping of livestock in a commercial posture be permitted. Discretionary control for the enforcement of this item shall reside with the Architectural Control Committee, whose decision shall be final.

21. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or become a nuisance or annoyance to other property owners in the addition. No lot shall be used as dumping ground for rubbish, trash, garbage or other waste. All waste shall be kept in sanitary containers, incinerators or other equipment for the storage of such waste. All waste storage facilities shall be kept in a clear, sanitary condition and shall meet sanitary regulations of the State of Texas, and County of Scurry.

22. In the event a water well is drilled on any lot, the size of the pump shall not exceed two (2) inches in capacity and such well shall be of standard construction and shall be cased in a workmanlike manner from the surface of the ground to the producing strata. Such well shall be installed in a manner so as to prevent contamination of the underground water supply. Any such well shall be located not less than fifty (50) feet from the rear line of the lot. The septic system on each lot shall be located at lease one hundred fifty (150) linear feet away from the site of any water well on such lot.

23. Strict adherence to the regulations governing the installation of sewage septic systems, as promulgated by the State of Texas and the County of Scurry, shall be required of all individual lot owners. The septic system on any lot shall be located in a manner that the nearest point of any portion of the system, including the absorption field, shall not be not less than one hundred fifty (150) feet, measured in a straight line, from the water well on said lot. The same separation provision shall apply to adjoining lots.
