

PLAINS LAKE PROGRAM ASSURED, HINTON SAYS

KIWANIS TO HOLD LADIES NIGHT PROGRAM

Pampa's Kiwanis club, eight years old this year, will celebrate the national anniversary week of Kiwanis International at a ladies' night program at 8 o'clock, Friday night, Jan. 21, at the Schneider hotel.

There will be no installation of officers, as this occurred Jan. 8. James B. Massa is president of the Pampa club for 1938.

Guy E. McTaggart will be toastmaster. A floor show will be presented by Kathryn Duffy and her group. Principal speaker will be Rev. Robert Boshen, minister of the Presbyterian church.

Rev. Joseph Wonderly, pastor of Holy Souls church, will deliver the invocation. Visitors will be introduced by Toastmaster McTaggart, and a dinner menu will be presented by Winston Savage.

The floor show consists of a revue "Hot and Happy" and "Magical Moments" and a beauty parade, with the girls to be judged by the audience.

In the Duffy group are Sheri Mann, Gayle Robins, Dorris and Dale, and Reggie Roth. Sheri Mann is listed on the program as a Broadway rhythm tap specialist; Gayle Robins, singer of sophisticated songs; Dorris and Dale, swinging sweeties; Reggie Roth, swinging clyde girl; Sheri Mann will give her version of the St. Louis blues, and is also in an act called "The Gaucho."

TERRELL CITES RULES FOR SAFETY IN HOME

AUSTIN, Jan. 14 (AP)—While "stench" flows through Texas' thousands of miles of gas mains this winter for the first time, the public should not be lulled into a false sense of security against explosions.

The warning was issued today by Chairman C. V. Terrell of the railroad commission, which enforces the law requiring natural gas to be odorized before use in Texas homes and factories to permit easy detection of leakage. The pure gas has no odor.

The regulation was passed by the legislature after the disastrous New London school explosion.

Commissioner Terrell suggested the following rules to householders: Never go to sleep with a gas stove burning. You might die of asphyxiation if a gust of air or temporary halt in the flow kills the flame.

Never hunt for a leak with a match.

Always strike the match first when lighting an appliance.

Washington, Jan. 14 (AP)—The State Department announced today that the American embassy in Nanking has made a new protest to Japanese authorities over continued looting of American property there by Japanese soldiers.

BRUCE BARTON WANTS FOUR LAWS REPEALED

WASHINGTON, Jan. 14 (AP)—Rep. Bruce Barton (R., N. Y.), who campaigned for Congress last fall on the pledge he would seek repeal of one law a week, reported progress today.

"I have introduced four repealers to date," he said, "there are 20 more in the bag."

The four laws thus far he wants repealed are the emergency banking act of 1933, the Thomas "inflation amendment," and those setting up the commodity credit corporation and the war finance corporation.

I HEARD - - -

That after Esther Johnson gave her concert Wednesday, she was deluged on the stage when scores of children sought her autograph. Soon, Miss Helen Martin began rehearsing her A Cappella choir on the stage and Miss Johnson stopped everything and listened intently. She then highly complimented the singers and Miss Martin.

President Favors Elimination Of All Holding Companies

3 Pledges Drafted In Syphilis War

The syphilis committee of the American Legion last night drafted three pledges which would be signed by Pampa firms and individuals. These pledges are the first moves of the Legion in its war on syphilis which afflicts one out of every 10 Pampans.

The Legion syphilis committee also issued this statement: "It has come to the attention of the Legion that there are numerous women who are working part time in legitimate employment who are violating the moral statutes of our city and county and we earnestly solicit the cooperation of the law enforcement bodies of the city and county to see that these people have gainful occupation."

Law enforcement bodies of the counties will be asked to sign this pledge:

"We the following law enforcement bodies will enforce the policies of the American Legion in their plan to eradicate syphilis."

The two other pledges which the Legion will ask merchants and physicians to sign and display prominently and release for publication are as follows:

"We the following merchants wherein any of our employees during the process of their labor are required to handle foods, drinks, tonorial work, domestic help will require of them to have a blood test for syphilis made. A 100 per cent cooperation by any firm entitles them to a certificate of merit issued by the American Legion and County Medical society."

The other pledge:

"We the following physicians of Gray county agree that we will not issue certificates of health to any individual whose employment or circumstances necessitate a blood test for absolute certainty of being free from syphilis. This includes all food handlers, barbers, dairymen, marriage license, domestic help, beauty operators, drug store employees."

WASHINGTON, Jan. 14 (AP)—Senator Bailey (D., N. C.) called Secretary Ickes a "renegade Republican" today in the southern filibuster against the anti-lynching bill.

Bailey gained the Senate floor to discuss Ferdinand Lundberg's book, "America's 60 Families," which he asserted had been "the inspiration" for Ickes' recent attacks on "big business."

"There is one paragraph in this book," Bailey said, "that says frequent washing of hands has always been a mark of a subconscious feeling of guilt and that by the same token frequent bathing indicates a subconscious feeling of guilt."

Bailey quoted the book as saying wealthy families spent much time in bathing, and shouted:

"Now if you wash your hands you are guilty and if you get in the bathtub you are condemned."

"And," Bailey continued in a tone of derision, "this book is handed out by a member of the cabinet—a renegade Republican."

Interrupting, Senator Smith (D., S. C.), asked Bailey if it were not true that the new interior department building "is honeycombed with batrooms."

Replying affirmatively, the North Carolina Senator said he understood Ickes had a private bathroom in the building that makes the glories of Nero and of Rome fade into insignificance.

Drilling goes ahead in Sherman county. Drilling ahead of the Indian Territory illuminating oil company's wildcat test in West Sherman county began yesterday after a plug had been drilled out with neither show of oil or gas. The hole was bottomed at 2,677 feet last night. It was reported.

Various formations were found at freak depths according to logs of other Panhandle wells and pay could be encountered at any depth as a result.

The wildcat is located about 20 miles north of Dumas in the direction of Stratford. The well is being watched with great interest. It is estimated that 40,000 acres of leases have changed hands.

Just arrived—a new line of seat covers for 1938 cars. Motor Inn.

340,000,000 Years May Be Ocean's Age

WASHINGTON, Jan. 14 (AP)—President Roosevelt said today he favored the elimination of all holding companies.

The President made the statement at a press conference, expressing unalterable opposition to the modification of the "death sentence" in the utility holding company act which had been proposed by Wendell L. Wilkie, head of the Commonwealth and Southern corporation, as one condition to an "understanding" with the administration.

The President did not indicate how he would terminate the holding company practice, but said remote control of local community banking should be ended as well as similar practices in the utility and other fields.

Asked if bankruptcy was the way out, the President replied in the negative and said there were various other ways.

He also was asked if the taxing powers was to be utilized, answering that he had not reached that yet. Mr. Roosevelt told a large gathering of reporters that holding companies should be wiped out even down to those of the first degree. Why have any at all, he asked.

He replied with an emphatic affirmative when asked if he would extend his principle to all holding companies.

He then gave his illustration of the community bank which was controlled in a large financial center. He said the little banker was going and that was a bad thing.

Why, he asked, can't a small bank support itself, especially nowadays with federal supervision and deposit insurance.

He referred to his Jackson day dinner speech and reiterated that owners of \$600,000,000 of private power securities were controlling a total of \$13,000,000,000 of utility capital. That just can't go on, he said.

He likened this to a 96-inch dog being weighed by a 4-inch tail and when asked if his idea was to dock the dog's tail he said he preferred to say it was cutting the muscle of the tail.

The President made his observations on holding companies in analyzing in detail, at the request of reporters, a memorandum left with him November 23 by Wilkie. The document gave the utility executive's position on what he believed the industry was willing to do if the government in turn did certain things.

Turning to Wilkie's expressed willingness to utilize, for rate making, the prudent investment valuation on properties built hereafter, the President said that was impossible.

If the reproduction cost theory, now in general use, is wrong now, he declared, it also was wrong in the past and no moral right exists.

People's Government Falls As French Premier Resigns Post

By The Associated Press
The people's front government of France collapsed in a factional struggle today, tired infantrymen at Teruel, Spain, rested in slush and mud for battles to come, and in the Orient a half-million Chinese and Japanese and Chinese soldiers were locked in a see-saw battle to determine the fate of central China.

Insurgent warplanes bombed government communications near Teruel, the principal theater of the Spanish war, while rain, melting recent heavy snows, turned lowlands into swamps, forcing a halt

in movement of infantry and heavy equipment.

Chinese forces were spurred by the presence of Generalissimo Chiang Kai-shek and a shakeup in parts of the army's command. They counter-attacked across the frozen grand canal in southwestern Shantung province in an attempt to recapture the town of Tsinling.

Essentially, this and other combat on the central front was a struggle for China's "lifeline" Lung-hai railway.

PARIS, Jan. 14 (AP)—France's wave of strikes spread today as

President Albert Lebrun sought a new premier to grapple with the grave social and monetary problems which forced the resignation of Camille Chautemps and his people's front government.

Chautemps having declined the president's first invitation to form a new cabinet, the president summoned Leon Blum, socialist leader and former premier, to the Elysee palace.

Whether Blum was offered the premiership or merely called for consultation was not disclosed.

DODD SPEECH PROTESTED BY GERMAN ENVOY

WASHINGTON, Jan. 13 (AP)—German Ambassador Hans Dieckhoff protested to Secretary Hull today against William E. Dodd's address in New York last night in which the former American envoy to Berlin attacked the Hitler regime.

In vigorous oral representations Dieckhoff characterized Dodd's speech as an "unheard of insult" to a friendly nation.

Dodd, who recently resigned as American ambassador, was quoted as assailing Chancellor Adolf Hitler as a ruler responsible for the killing of more personal enemies in five years than Charles II of England slew in 30.

He spoke at a testimonial dinner tendered him by about 200 personal friends at the Waldorf Astoria hotel.

The bulk of the address was devoted to a scathing denunciation of the national Socialist regime in Germany under Hitler.

Dodd resigned last month from the post he had held in Berlin since 1933 because of his disagreement with Hitler's policies.

President Roosevelt has appointed Hugh Wilson, now assistant secretary of state to succeed him.

FAITHFUL FLORIST OF GAINESVILLE PASSES

GAINESVILLE, Jan. 14 (AP)—Each Sunday for 32 years fresh flowers have graced the grave of Mrs. Owen Saunders.

But a new florist will deliver the flowers hereafter to the man who has maintained that gesture for his wife. Owen Saunders, business man revealed that Herman Kaden, 77, had delivered to him each Saturday afternoon for more than three decades a bouquet for the grave.

Kaden died this week.

"He was never late," Saunders said.

MONTANA HANGS MAN FOR KILLING COUPLE

BILLINGS, Mont., Jan. 14 (AP)—"If you're born to be hung," said Frank Robideau, scheduled for execution on the gallows tomorrow, "you'll never die in a feather bed, and if you're born to die in a feather bed you'll never be hung."

Robideau, one-time prison cook who confessed killing Mr. and Mrs. Mike Kuntz, then ordered fried chicken, cold mince pie and a watermelon—if it could be found—for his last meal tonight.

7 FINANCE LEADERS CALLED BY PRESIDENT

WASHINGTON, Jan. 14 (AP)—Seven leaders in industry, finance and labor were called to the White House for a conference with President Roosevelt today on cooperative means of attacking the business slump.

They were Owen D. Young, chairman of the General Electric company; Thomas W. Lamont, partner of J. P. Morgan; John L. Lewis, head of the Committee for Industrial Organization; Charles W. Taussig, Rexford G. Tugwell, A. A. Berle, and Philip Murray, vice president of the United Mine Workers.

The latter two formerly were connected with the administration. The meeting follows one earlier in the week between the President and captains of the motors, steel, railroad, foods, and building materials industries.

Asked at his press conference about the today's meeting, the President said he planned further conferences on business.

The Pilot Plane That Crashed Killing All Aboard Among Victims

Crashing into a Montana mountainside during a snowstorm, a Northwest Airlines "Sky Zenith" of the type pictured above, carried 10 persons to a flaming death as it exploded and burned in a desolate snow-bound area northeast of Bozeman, Mont. None of the six passengers or four airline employees aboard had any chance to escape, witnesses of the accident declared, as the low-flying airplane, apparently seeking a landing, burst into flames as it struck the ground. At the controls was N. V. "Nick" Mamer, veteran of 21 years flying, and partner in the first non-stop round-trip flight across the continent. Authorities, notified of the accident, reported A. L. Croonquist, Billings, Mont., traffic manager for the line, was aboard. He was a personal friend of President Roosevelt's family.

New Scout Council Head

The new president of the Adobe Walls Boy Scout council is C. R. Stahl of Borger, pictured left. Mr. Stahl has been a leader in Boy Scout work in this area for several years. He was elected president for 1938 at the annual meeting in Borger Tuesday afternoon, succeeding C. H. Walker of Pampa.

In an acceptance talk, Mr. Stahl declared that "forward" would be the slogan of the council this year. He declared that the council would come "out of the red" financially or he would advocate "folding up" of the movement.

"I want cooperation and work from you fellows who have put me in this position," said the popular scout leader.

C. R. "JAKE" STAHL

Amateur Sports To Be Advanced By Tourney

Who wants to help the young people of Pampa have something to do or some place to go where supervised athletic games are possible?

Purchase of Patron's Tickets to the Pampa Golden Gloves Boxing tournament Feb. 2, 3 and 4 will help make this possible. Tickets are \$5, tax included, and include general admission and a ringside seat for the three nights of boxing.

All proceeds from the tournament, after actual expenses have been deducted, will be used for the advancement of amateur sports. The Pampa Daily NEWS, given membership in the Southwestern branch of the A. A. U. and permission by the state to conduct the tournament, will receive no profit from the tournament. All proceeds will be handled by a committee of representatives of civic and veterans' clubs.

The season tickets may be secured at the Pampa Daily NEWS or from Dan McGrew, Howard Neath, Paul Hill, Odus Mitchell, James E. Lyons, Tex DeWesse, Cliff Braly, Harry E. Hoare or Cliff Chambers.

First ticket was purchased by Frank Culbertson with the second going to Mayor W. A. Bratton. Others who bought tickets yesterday included R. G. Hughes, Claude Motley, Claude Roberts, Dr. C. H. Schaefer, F. E. Leech, Jim Collins, Jack Cunningham of Amarillo, Jake Garman Jr., Fred Cullum, J. B. Massa, Joe Gordon, Bob Watson.

LIQUOR FINES DOUBLE HERE IN LAST YEAR

The total of fines and cost assessed for violations of the liquor control act in Gray county was doubled for 1937 over 1936, a recent checkup by County Attorney Joe Gordon reveals.

The 1937 total was \$1,009.15; 1936, \$554.55. Of the total for 1937, all except \$50 was collected.

Earl S. Carter, agent for the Texas Liquor Control commission, has cooperated with local officers in curbing liquor law violations. Three of the places called most obnoxious in the matter of violations by local officers have been forced to cease business during the past year, and enforcement conditions are greatly improved over a year ago, the county attorney said.

'RAIN BUNDLE' GIVEN BACK TO GROS VENTRES

NEW YORK, Jan. 14 (AP)—The Gros Ventres Indians ended successfully today their quest for a sacred "rain bundle" upon whose 31 years absence they blamed prolonged drought on the tribe's North Dakota reservation.

Three tribal representatives consummated an exchange of relics with the Heye foundation's museum of the American Indian by which the bundle will be returned to their western home.

MUD WRESTLING CALLED 'OBNOXIOUS' IN DALLAS

DALLAS, Jan. 14 (AP)—Announcement of a "mud" wrestling match here next Tuesday night today provoked the following story in the Dallas Morning News:

"Barring interference by the state, Dallas next week will stoop to tolerance of one of the most obnoxious forms of entertainment ever perpetrated for the public in the guise of sport when Promoter Bert Willoughby introduces mud wrestling."

"Playing the principal roles in his case will be Chief Little Beaver, the North Carolina Indian, and Opugar Toosa, who is billed by the impresario as India's champion mud grappler."

"They are slated for a finish joust to be carried out on a mat covered six inches in depth with slime. (Section 8, chapter 4 of the Texas rules and regulations governing wrestling reads in part: "... The mat and covering shall be clean and free from disagreeable odors at all times.")

"The so-called sport of mud wrestling was introduced recently in Los Angeles, which, like New York, will go for almost anything."

'No Treat At All' Alleges Gerhard Suit

A suit asking for damages and a suit seeking a writ of sequestration were the first two cases to be filed this year in county court.

Under an order passed by the county commissioners Monday, only four terms of county court will be held during the year. The next term will start the second Monday in March, and continue for the remainder of that month. Other sessions will be held in May, August, and November.

Henry Gerhard in a suit against King Candy company, a corporation, is asking \$200 damages, alleging that the company sold an article known as "King's Treat," which was "no treat at all," which spoiled and ruined milk, soured, had worms in it, and was "wholly unfit for human consumption," according to plaintiff's allegation. The case was heard in justice of the peace court on December 27; filed in county court January 4.

Willis and Via are attorneys for the plaintiff, John F. Sturgeon for the defendant.

Plaintiff claims that \$306.25 is due him for a promissory note for \$387.36 made June 19, 1937, payable to General Motors Acceptance corporation, in a suit styled F. M. Culbertson et al vs. Bill Scott. A used 1936 model six-cylinder Plymouth coach is involved. John F. Sturgeon is attorney for the plaintiff. The case was filed Thursday.

PAMPA GROUP PLEASED WITH DEVELOPMENTS

WASHINGTON, Jan. 14 (AP)—Texas Panhandle water conservationists expressed "complete satisfaction" today with a pond and lake construction program for their section outlined by Works Progress administration officials.

Carl Hinton, manager of the Amarillo, Texas, chamber of commerce, said WPA officials had committed themselves to carry out a program to construct several large size lakes and numerous ponds and reservoirs. He said they agreed to put up 60 per cent of the cost of the lake projects, with the remainder to be furnished by the Farm Security administration.

"The entire cost of the small pond and reservoir construction program would be met by the WPA," said Hinton. "These projects would be carried on in all of the counties in Panhandle water conservation district, which includes four counties in New Mexico."

Hinton said the administration declined to estimate the sum to be spent in Texas, but assured the delegation, which included Representative Jones of Amarillo, chairman of the house agriculture committee, it would start work at once.

"I think the ultimate outcome of the program will be much more beneficial to the Panhandle than if we had gotten the administration to allot us a specific sum," Hinton continued. "They committed themselves to carry on all the work we sought and even more. The meeting was harmonious and we are completely satisfied with the agreement."

Hinton said the group was told FSA engineers from the Amarillo office immediately would begin surveys to determine the suitable sites. He said he would stay here several days to aid in expediting the work.

After two joint and several individual conferences with the Works Progress administration and Farm Security administration officials, Pampans in Washington today were hopeful that the McClellan creek dam will be built.

This morning, the NEWS received a message signed by Garnet Reeves, C. H. Walker and Sherman White regarding the dam. It was the first word Pampans have received from the trio since they went to Washington a week ago to demand action.

MUD WRESTLING CALLED 'OBNOXIOUS' IN DALLAS

DALLAS, Jan. 14 (AP)—Announcement of a "mud" wrestling match here next Tuesday night today provoked the following story in the Dallas Morning News:</

CHURCH BODY CAN'T AGREE ON DOCTRINE

LONDON, Jan. 14 (AP)—Controversy swirled today over an Anglican church commission's 292-page report on religious doctrine, which sets forth that one may reconcile the Bible with evolutionary theories, and that the Bible need not be taken as the judge of historical or scientific investigation in any field.

Twenty prominent leaders of the church of England took 15 years to complete the report dealing with the biblical account of the virgin birth, angels, demons, evolution and the resurrection.

Speedy reaction came first from the church association, through its secretary, the Rev. E. C. Bowring who said today:

"The commission has incubated a report which is merely an added weight to the confusion of the idea of defining what doctrine is permissible in the church of England. According to the Archbishop's commission, you can think what you like and still be Christian."

The church association was founded by evangelical churches who favor simplified forms of worship and oppose ritual of the high church section.

Here are some of the findings by the commission:

Miracles—the commission was divided on whether they occur, but agreed that God "could do" them if he "would." Some held he would not wish to perform them.

Angels and demons—"it is legitimate to suspend judgment" or treat them "symbolically."

Resurrection—Jesus' rising from the dead "however explained" is to be understood to have been an event as real and concrete as the crucifixion itself and an "act by God wholly unique in human history."

The future—"we shall have means of recognizing each other in future life."

The Bible—"its authority must not be taken as prejudicing conclusions of historical, critical or scientific investigation in any field."

Virgin birth—historical evidence is "inconclusive," but this was one of the many things the members split on with the Archbishop of York, who headed the commission, reporting that he accepted as historical fact the Lord's birth from a virgin mother and his physical resurrection from the tomb.

BRITAIN AND AMERICA WILL SHOW OFF NAVY

WASHINGTON, Jan. 14 (AP)—Diplomatic officials discussed the possibility today the dispatch of three United States cruisers to Singapore next month is intended to give Japan a demonstration of the sea-power Great Britain and America could combine in the Far East.

Officially, the reason for the trip is to have the American navy represented at the opening of new docks—marking the virtual completion of Britain's formidable Singapore base.

Informed persons said, however, the cruisers' visit would provide also a striking example of how the British and American fleets might cooperate should protection of their interests in the Orient ever call for joint action.

Outlines of President Roosevelt's naval expansion program took form, meanwhile, in disclosure the navy has recommended a modification of the Vinson-Trammell act to revise present construction limits upward.

Admiral Leahy announced the navy wants Congress to authorize a speeding up of warship building on a long range basis.

TEXAN DIES IN LETHAL GAS CELL IN ARIZONA

STATE PRISON, Florence, Ariz., Jan. 14 (AP)—Elvin Jack Odum, 28-year old, of Corsicana, Tex., confessed murderer of a fellow-farm worker, died in the Arizona lethal gas chamber before dawn today after a matter of minutes.

The justice that decreed his fate, Odum, who killed Charles E. Goode, 55, last Oct. 13 during a robbery which netted him only 54 cents, showed no emotion as he entered the chamber and breathed the deadly fumes.

"I'm going, but I didn't get justice from the court or before the state board of pardons and paroles," he said as guards strapped his arms and legs to a straight-back chair in the chamber.

Goode's body, his skull split by a blow with a blunt instrument, was found in his cotton wagon. He had been shot, fellow-cotton pickers told officers, of having \$1,500 and Odum confessed he committed murder while attempting to rob him. He insisted, however, he obtained only 54 cents.

More than 40 days are required to hatch ostrich eggs.

In the CHURCHES

First Methodist Church
W. M. Pearce, pastor
9:45 a. m. Sunday school. F. L. Stallings, superintendent.
10:55 a. m. Sermon by the pastor with special music by the choir.
6:45 p. m. Epworth League for intermediates, seniors, and young people.
7:30 p. m. Evening worship. Mrs. Lloyd Roberts will sing a solo and the pastor will deliver the evening message.

St. Matthews Mission Episcopal
R. J. Snell, minister
9:45 a. m. Church school.
11 a. m. Morning prayer and sermon.

Central Church of Christ
500 North Somerville St.
Radio program, song and sermon, 8:30 to 9:00 a. m.
Bible study at church, classes for all, 9:45 to 10:00 a. m.
Preaching and communion, 11:00 to 12:00 a. m.
Young folks' class, 6:30 to 7:15 p. m.
Preaching and communion again, 7:30 to 8:30 p. m.
Brother Foy E. Wallace Jr. will conduct all services for the church and will remain indefinitely with the church as its minister. He has now moved to Amarillo and will work in the Panhandle as far as is possible in his field of labor.

Brother Wallace will preach at Wheeler Sunday evening at 8 o'clock. Subject for the evening will be "Things that Hinder the Growth and Development of the Church." You will hear all announcements of the church over K P D N at 8:30 to 9:00 a. m.

First Baptist Church
C. Gordon Bayless, pastor
9:45 a. m. Sunday school.
10 a. m. Men's Bible class in the city hall.
10:50 a. m. Morning worship with the pastor preaching on "Baptists do not Practice Close Communion." The pastor urges all of his members to hear this subject around which so much discussion has centered through the years.
2 p. m. Radio program with special music. H. W. Miner Jr. will speak on "Christian Living."
6:30 p. m. Baptist Training union.
The Junior Adult group will have charge of the general assembly program.
7:30 p. m. Evening worship with the song service followed by the sermon on "The Walls are Broken Down," an evangelistic message by the pastor.

Christian Science Services
901 North Front Street
"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 16.
The Golden Text is: "In the beginning was the Word, and the Word was with God, and the Word was God. . . In him was life; and the life was the light of men" (John 1:1-9).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "How excellent is thy loving kindness, O God; therefore the children of men put their trust under the shadow of thy wings. For with thee is the fountain of life: in thy light shall we see light" (Psalms 36:7, 9).
The Lesson-Sermon also includes

LOCAL MAYTAG AGENCY WINS SALES AWARD

Personnel of the Pampa agency of the Maytag company was honored with a banquet at Perryton Wednesday night, as an award for highest accomplishments in a sales program among Maytag employees in the period November 15-December 31.

Grover Durham and H. Cain of Pampa received individual awards. The Pampa branch sold more Maytag washing machines than any other in the district.

Arrangements for the banquet, held in the Perryton hotel, were by Sam Herget, Perryton Maytag sales manager. B. B. Kent, of the Plainview Hardware and Implement company, Perryton, was the host.

Attendance at the banquet totaled 20. Those present from Pampa were Mr. and Mrs. L. W. Scott, Grover Durham, H. Cain, Joe Freeman, and Wayne Phelps, a guest; from Perryton, Ray Bowen, Charles Kent, B. B. Kent, Wink Bales, Sam Herget, W. H. Scott, and Luke Patton; from Amarillo, Warren E. L. Pratt, W. R. Brower, regional manager, and W. V. Nussbarn; from Canadian, J. E. Gilbert, Higgins, E. S. Rakes.

There was a special display of new Maytag models. The program included talks by regional manager W. R. Brower, Amarillo; B. B. Kent, owner of the Plainview Hardware and Implement company, Perryton, and of the Plains Maytag company, Pampa; Joe Freeman, service department, Pampa; E. L. Pratt, Amarillo, and others.

WHAT CONGRESS IS DOING

(By The Associated Press)
Today
Anti-lynching bill—southern senators continue opposition.
Appropriations—House continues debate on treasury-postoffice funds.
Unemployment—Senate committee hears representatives of coal industry.
Farm bill—conference consider cotton provisions.
Taxes—House subcommittee to make public formal recommendations.
Yesterday
Senate debated anti-lynching bill. House began debate on treasury-postoffice appropriation bill.

Meat Advertising Campaign Planned

CHEYENNE, Wyo., Jan. 14 (AP)—A million-dollar advertising fund to bolster America's declining taste for meat was recommended today to the American National Live Stock Association by Thomas E. Wilson of Chicago, chairman of the board of Wilson & Company.

Wilson told the association's forty-first annual convention the average American now eats only 120 pounds of meat a year, compared to an average of 137 pounds during the past 35 years. The average consumption from 1901 to 1910, he said, was 146 pounds.

Wilson said the difference in consumption for 1937 and the 10-year period is equivalent to 5,600,000 head of cattle with a dressed weight of 600 pounds a head.

Geo. E. Farrell, western division director of the Agricultural Adjustment Administration, said livestock men and other farm producers should maintain a solid front against attacks on national conservation programs.

FLAX AS COMMERCIAL TEXAS CROP PLANNED

HOUSTON, Jan. 14 (AP)—Flax as a commercial crop in Texas was proposed today by Dr. A. E. Connor at the eleventh annual convention of the Texas Agricultural Workers Association.

Twice as much flax an acre can be grown in Texas as in any other state now producing it, Dr. Connor said. His was one of the main speeches at the opening session of the convention, which drew farm experts and workers from all sections of Texas.

He pointed out \$20,000,000 worth of flax is imported annually by the United States.

"There is not nearly enough flax grown in this country to meet its needs," he said. "This would mean a new crop for Texas. What is better, it could be handled as a fall crop in this state, assuring producers of a good market."

Flax crops would also be a boon to the cottonseed oil mill industry," he said. "The mills could be kept running twice as long."

Important phases of farming, soil and water conservation, horticulture and animal industry will be discussed by speakers during the two-day convention, which will close tomorrow.

TEXAS DENTAL AD LAW CHALLENGED IN SUIT

SAN ANTONIO, Jan. 14 (AP)—Basing their case on an opinion by Chief Justice Hughes of the United States Supreme Court, attorneys for the State Board of Dental Examiners argued validity of Texas' new law governing dental advertising before District Judge John F. O'Neil here today.

The law was attacked in a suit filed by five San Antonio dentists who claimed it deprived them of a property right which was vested in them by the constitution, without due process of law.

Arguments of attorneys for the dentists were scheduled this afternoon.

An opinion of Chief Justice Hughes, handed down in an attack on the constitutionality of a similar law in Oregon, in which the law was held valid, was read to the court. Twenty-six states have laws similar to that which was passed by the last session of the Texas Legislature, dental board attorneys argued.

A large exhibit of advertisements, as used by Texas dentists, was on display in the courtroom.

DEAN SHOWS NO SIGN OF PHYSICAL WEAKNESS

MEMPHIS, Tenn., Jan. 14 (AP)—The Very Rev. Israel Harding Roe's display of vigor in spite of continued abstinence from food and water worried physicians and churchmen today, the thirteenth day of his fast.

Whatever may be his condition in the privacy of his home, the pale and thin dean of fashionable St. Mary's Episcopal cathedral has shown no public sign of the weakness medical friends fear will result in an inevitable collapse.

One physician said the 46-year-old clergyman could "last only a few days."

The dean subsisted last year on oranges alone, giving up water last February. He says he has had neither oranges nor water since Jan. 2.

Grown in Massachusetts, a squash measured 4 1/2 feet in length and 22 inches in diameter, weighing 105 pounds.

ENGLAND AND IRELAND MAY SHAKE HANDS

By DEWITT MACKENZIE, Associated Press Foreign Affairs Writer.

NEW YORK, Jan. 14 (AP)—If the unexpected Anglo-Irish peace conference opening in London Monday does anything towards wiping out ancient hatreds and produces friendship, then it will be a good deed for which Messrs. Hitler and Mussolini can take much credit, strange though it may seem.

Little short of stern necessity could provide a basis for a meeting between the Southern Irish and England. Though it isn't being advertised, the real spur which is putting the horse over the pear hurdles is the need of solidarity between the two old enemies for defense purposes, in view of the military outlook of Germany and Italy.

The British government wants to be able to present a united front to the world. Moreover, the northern and western coasts of Ireland are vulnerable. Britain isn't likely to forget soon that German submarines played about those shores during the great war, or that Ger-

many helped start the bloody Easter week rebellion in Southern Ireland in 1916.

It was a German munitions ship that landed Sir Roger Casement, one of the rebel leaders, on the west coast after his "trip to the fatherland for air. Apropos of this revolt, Eamon de Valera was another of the revolutionary chiefs.

De Valera, as president of Eire (Southern Ireland), will be the chief Irish delegate at the peace conference. Casement died with a hangman's noose about his famous neck.

BORGER SCOURGED BY 2ND DUSTER IN 2 DAYS

BORGER, Jan. 14 (AP)—A second dust storm in two days whipped into the Panhandle today, limiting visibility here to four blocks. Meanwhile fine silt hung high in the air over Lubbock, thinning somewhat from yesterday's haze. Wichita Falls reported a slight dust haze and particles dimmed the sun at Dallas.

"QUAKER OATS" has the stuff it takes!

says 500-Mile Speedway's 1937 Winner, WILBUR SHAW, famed as a Great American Car Designer!

• You'll get a friendly lift from this warm, tasty breakfast! It's rich in food energy, rich in flavor, yet costs only 1/2 cent per serving! Everyone, young and old, needs a daily supply of the precious Vitamin B, so rich in Quaker Oats, to combat nervousness, constipation and poor appetite!... Order either 2 1/2 minute quick-cooking or regular Quaker Oats.

GUESS WHICH IS FASTER!

CORRECT ANSWER
appears below in upside-down type. Play fair! Don't look until you have guessed.

TURKEY OR DEER?

**BUT—
YOU DON'T HAVE TO GUESS WHICH
GASOLINE STARTS FASTER!**

Your best buy in cold-weather gasoline is Phillips 66 Poly Gas... the highest test motor fuel which costs nothing extra... because Phillips is WORLD'S LARGEST PRODUCER of Natural High Test gasoline. It starts even icy motors with split-second speed. Delivers more pep and power. Increases mileage by warming up faster with less choking. Try a tankful. You'll feel that difference!

TODAY'S SERMONETTE

Christ calls men to service just as surely today as when walking among men on earth. He calls upon them to show forth His righteousness in their daily life, in their speech. "Ye are the light of the world. A city that is set upon a hill cannot be hid."—Chivers.

FACING MUSIC WILL CURE HIT-RUN EVIL

A prime example of the manner in which a man may make a snap decision, influenced by fear, and regret it the rest of his life, occurred recently in Cleveland, O.

About 8:30 one evening, the unconscious form of a 24-year-old woman was found lying in the middle of a residential street. The motorist who struck her apparently had stopped to investigate, then, in sudden panic, had fled the scene.

Next morning, a local newspaper received a postcard, on which had been printed these crude letters:

"DEAR SIR: PLEASE PRINT IN YOUR LETTER COLUMN AND TELL ME WHAT WILL HAPPEN TO ME. LAST NITE I ACCIDENTLY RUN DOWN A LADY IT WASN'T MY FAULT OFF OF TAYLOR ROAD. I GOT A FAMILY TO FEED AND GOT A JOB LAST WEEK. I CAN'T LOSE IT. I GOT TO KNOW WHAT HAPPENED. SHE SCREAMED AWFUL. I BEEN WANDERING THREE HOURS."

The man who wrote that letter could have picked up the limp body of that girl, taken her to the hospital and reported to police with his explanation.

But he didn't. He had only a few seconds in which to decide a course of action. Blinded by panic, he ran away.

Now he is a fugitive criminal. Unless he surrenders he will be haunted by aching fear to the end of his life. The fact that the accident may have been unavoidable means nothing to him now. He broke the law by leaving the scene.

The newspaper and police officials published appeals to the driver to "step forward and be a man." They pointed out that the girl would recover and said they would listen sympathetically to his story. But up to the time this is written he had not made known his identity.

The lesson to be learned is, of course, that every person should prepare himself for just such an emergency by determining in advance to do the manly and decent thing in case of accident. Humans cannot always trust themselves to make correct decisions on a split second's notice.

How much better for this man if he had decided long ago that if he ever became involved in such an accident, he would scorn flight, render all possible assistance, and keep his conscience clear by facing the music like a man.

Americans have been all too prone, in the last couple of decades, to try to "beat the rap" every time they get into trouble, whether it be a parking violation or murder. Isn't it about time citizens took on another cargo of common decency and honesty?

Washington Letter

By Rodney Dutcher

WASHINGTON, Jan. 14.—The President's suggestion that industry sit down with government to chart probable demand and production for a year ahead still doesn't seem to make sense to anyone in Washington who doesn't believe in the old NRA.

Or perhaps it is more accurate to say, as does one of the administration's economists, that the more it means the less sense it makes, and vice versa.

It seems likely that nothing more will be heard of the idea. Advisers associated with the administration's recent policy of attack on monopolies and concentrations of economic power were taken completely by surprise. They were forced to admit that if Roosevelt were taken too seriously his press conference remarks would necessarily indicate a sudden, inexplicable about-face.

Experience to date has shown that when the high powered lobbyists and lawyers of large corporations sit down with government representatives to map out market conditions, the inevitable result is restraint of production and price fixing.

"Any such course as that would be likely to make all business monopolistic instead of only 40 or 50 per cent of it as now," exploded one prominent Roosevelt adviser.

Others jumped promptly to the conclusion that Donald Richberg, former NRA chief who clings to some Blue Eagle theories, had been seeing the President. As a matter of fact, he had. Subsequently Richberg became the only important administration adviser to endorse the presidential proposal. But thus far no one

Tex's Topics

Claude Roberts, the hat man (adv.), hit on an idea some time ago to paste a warning inside men's hats so somebody else wouldn't walk off with your chapeau. . . The message, on a piece of cardboard which fits the inside band, goes something like this: "Like H--- It's Yours. Put It Back!"—the idea being that this will frighten the "taker" into putting it back on the rack. . . Mr. Roberts now finds his idea bobbing up in Washington, as a picture goes out over the nation's news photo services of a hat belonging to Vice President Garner—with one of Claude's warnings on the inside.

T. E. Johnson, of the Amarillo Times, won't like this, but Mr. Johnson notwithstanding, we're now turning the column over to the ladies, and with the aid of Adelaide Kerr, the expert, we merely wish to prove that we know what's going on inside and outside milady's boudoir—tak, tak, tak! . . . So here goes. . . It is now "Ladies' Day" in the column:

There is an old-fashioned slant to the new-fashioned lingerie of the girl of 1938. . . Next to the skin, Judy O'Grady and the Colonel's lady, sisters in modernity, are using costume tricks that grandmother used to know. . . They go skiing in woolen underwear, sleep in long-sleeved nightdresses, dance in cotton petticoats, wear girdles that give them a laced-in look—and the most modern of them are threading ribbons into their lingerie again.

It all began with two things—the trend back toward feminine curves and the modern girl's determination to cling to her sports as well as to her femininity—and to be comfortable while she played. . . That vogue for curves, that waited so long to be pulled back into fashion, brought girdles back to the picture, in marked contrast to the turbulent twenties when the flapper left her girdle—if any—in the checkroom and sailed onto the dance floor without it.

The girl of 1938 pays more attention to the selection of her girdle than to picking any other part of her costume—and she keeps it on. She has to if she wants to retain that seductive combination of a slender, tapering waist and curves reminiscent of Lillian Russell's. Her 1938 model is cut, fit, elasticized, and occasionally even boned—to mold her rather than lace her—but it is figure discipline just the same. . . How'm I doin'? . . Lingerie, too, harks back to grandmother. Cotton petticoats and slips are here, designed with embroidered ruffles to wear under spring and summer dance frocks. And from Paris comes word of frivolous lingerie finished with old-fashioned beading and threaded with shining satin ribbons.

High-necked long-sleeved nightdresses, of sheer lace-trimmed georgette appear in modern steam-heated bedrooms—reminders of the nights when flannel nightrobes crept into feather beds. . . Even the most modern of sports has a fashion touch from the nineties. The girl of 1938 zips down a snow-covered ski slope wearing long woolen underwear under her smart suit. It may not be red flannel, but it is long—and it's warm. . . There may be no skiing out here on the plains—but, don't tell me I don't know what's going on "under the surface."

Yesteryear In Pampa

TEN YEARS AGO TODAY

Committees were appointed and plans for the Pampa Automobile show were more fully discussed at a meeting of the Pampa Automobile Dealers association and representatives of the Pampa Daily News, who were sponsoring the show.

A number of special built air-cushion seats were installed in the Crescent theater and new aisle runners were being laid.

FIVE YEARS AGO TODAY

Inter-community organization such as this area had never had was being planned by Roy Bourland, director of the Board of City Development and chairman of the organization's good will committee.

A check for \$11,450 for federal relief work in Gray county was brought here by the county committee.

has explained how the plan could be effective without having more government control of business than business wants, or more monopolistic practices than anyone else wants.

Scotland and the United States are at war on the whiskey front.

During prohibition the manufacturers of Scotch whisky dug themselves in all around the world market and there is as yet no great demand for American rye or bourbon outside our own shores. American distillers are telling each other that something ought to be done about the foreign market.

Only 45,000 gallons of American whisky were exported in 1937, as compared with 230,000 gallons in one pre-prohibition year.

On the other hand, Scotch whisky is finding an increasingly large market in the United States as a result of price competition which brings some brands of it up against our own higher-priced brands. Although major domestic producers have been proceeding against price-cutting retailers under state laws, importers have shown no great desire to do so, with the result that more and more Americans are learning about Scotch.

Gossip as to the next Supreme Court resignations centers on liberal Justices Brandeis and Cardozo, because of reports about their health, and on conservative Justice McReynolds, who is unhappy now that he's a minority member.

BUSINESS CONFERENCE

Man About Manhattan

—By GEORGE TUCKER

NEW YORK.—The real terror of little boys who live in the nearby suburbs are the dog-catchers who drive around the streets in old trucks, armed with nets the size of bedspreads and stout clubs. I suppose this action is justified. Still, it was a thrill of exultation that I witnessed a group of outraged kids win a fine victory over a most impudent dog-catcher the other day.

There had been snow, one of the few light falls of a disappointing (to the kids) season. At their heels, as they wallowed in the slush and rubbed each other's faces in it, frolicked a dog, pride of one of the little boys.

Unnoticed by all a truck zoomed up quite close and a fellow with a big net got out.

"This dog has no business being on the street," he growled, "and I'm going to take him in." With that he dropped the net over the dog and began gathering him in. You never heard such a howl of angry young brats. And such words! The little boy who owned the dog was sobbing. Suddenly one fellow, about 14, gave a flying tackle and grabbed the dog-catcher about the knees. That acted as a signal and the mob of kids leaped on the dog-catcher. They took him back into the snow and stamped his face. He lunged, enraged, at one of the kids and cuffed him a nasty clip on the head. The kids gave him a few hearty kicks and suddenly scattered like magic. Within the twinkling of an eye the street was deserted with the exception of the dog-catcher. He was howling in his rage. And his lip had been cut, for he was bleeding. That was too bad—too bad. I mean they didn't succeed in kicking all his teeth out.

Naturally the SPCA has to guard against such things as streets being lined with dogs vicious enough to harm people. I don't even know whether the dog-catchers in these small towns in the metropolitan area are controlled by the SPCA. But if they are, they certainly could improve on the current idea who seem to use little judgment in carrying out their tasks.

The incident with which this column is concerned is a case in point. The dog was a pup, maybe a year old. It was properly licensed and wore a collar. It was romping with its master and half a dozen of his friends. What harm was there in this? Nevertheless, the dog-catcher drove up, got out his "landing net" and most certainly would have taken that harmless pup to the pound, leaving a heartbroken kid sobbing in the street. If it hadn't happened that a gang of his pals were on hand and were of a mind to teach that instrument of the law a lesson.

Cranium Crackers

1. Jones was 13 miles from Northgate bridge when his radio warned him that a flood threatened to sweep the 440-yard bridge away within 15 minutes. The fastest he could make his car go was 55 miles an hour. Did he make it safely across the bridge?

2. If the members of the cattle family are designated as father-bull, mother-cow, and child-calf, what are the members of the lion family called? the deer family? the mule family?

3. Can you name three types of governments in the world today? 4. To what island was Napoleon exiled? Where did he die?

5. How can one tell an African

People You Know

By ARCHER FULLINGIM

People were talking about the fine attention given by the children at the concert Wednesday when Mrs. J. W. Howze, who has the reputation of being a talented pianist said to Esther Johnson, "the biggest compliment children can pay you is to listen to you. They may be brutally frank but they are truthful." . . . It was after the concert, and all around Miss Johnson were children. "Many sought her autograph. Others came just to see her up close or to speak to her. Said one little boy, 'I wish you were my mother.' A little girl asked in all seriousness, 'are you Mozart's mother?' . . . Some people thought the children in the audience were too noisy, but said Miss Johnson, "Children can't listen to music quietly; they've got to move around; they can't control their muscles as you can. . . Did you ever notice that a child, although he may be standing on his head, and seemingly paying no heed at all, can always quote your exact words when he's asked?" Miss Johnson had a way with the children. She came to town town the afternoon before the concert and walked across the high school campus several times on her way from the Schneider to the auditorium where she practiced on the piano, and the boys who sponsored her concert would yell, "Esther!" and walk to the auditorium with her. She liked that. Once she was practicing on the piano whose tone she said was "celestial" and three boys with her on the stage began what they called "ballet-dancing," and she said, "this music is supposed to make you want to dance!"

Many Europeans Waiting
Still, the American-born would-be star, if overlooked as an American, might try the Lindberghs, Cummings route to movie attention. Hollywood's curiosity is invariably aroused by a name that smacks of distant lands. Curiosity often leads to a contract, and a contract—often but not always—to a chance to let the public decide.

Metro has a dozen Europeans here waiting for their first screen opportunity in Hollywood. This studio because Mr. Louis B. Mayer took a trip abroad—leads in the number of new foreigners on its lists. The Italian Elena Quirici, Anthony Novaty of Czechoslovakia, Konstantin Gorian of Yugoslavia, the Hungarian Steven Bekassy, the Viennese Hedy LaMarr (who was Hedy Kessler of "Ecstasy") are among the reserves.

From France have come Ariane Borg, Mireille Balin, Jacqueline Laurant, Viennese Della Lind is cast in "Swiss Miss" with Laurel and Hardy, Hungarian Ilona Massey already has scored in "Rosalia," and Viennese Rose Stradner aroused studio enthusiasm in "The Last Gangster." From England there are Peter Bull and Don Stanard. Miliza Korjus, Hungarian singer, has been here many months, still has not appeared in a picture.

"No, Thank You" to Some
Paramount has hopes for Franciska Gaal, already studio-approved in "The Buccaneer," and for Olympe Bradna and Rigand and Isa Miranda. New Warner importations are chiefly English—Isabel Jeans, Melville Cooper, Bruce Lester and James Stephenson. Universal has it French Danielle Darrieux (proved in foreign films) and 20th Century-Fox its equally approved Annabella, with Scandinavian Osa Massen newly added to the roster. This studio, with Sonja Henie and a singing Simone freshly triumphant, probably has more reason than others to look abroad for "discoveries," although Hollywood's records prove that the public always has picked its favorites, not by nationalities, but by individual personality appeal.

With the fans, it hasn't seemed to matter where a star came from. For every Garbo, Laine Rainer, or Charles Boyer that the moviegoers have welcomed there is a Lillian Harvey, a Henri Garat, or a Lil Dagover to whom the American box-office has said, in its forceful, direct and uncompromising language, "No, thank you."

BABY DROWNS
TOLEDO, O., Jan. 14 (AP)—An unusually large hole in the nipple of a nursing bottle caused the death early today of Glenda Sut, Boeker, three-month daughter of Mr. and Mrs. Glen Boeker.

Coroner H. E. Whitacre said death was due to asphyxiation by drowning.

CANTOR ILL
LOS ANGELES, Jan. 14 (AP)—Eddie Cantor rested in a hospital here today with a streptococcus sore throat.

elephant from an Indian elephant? (Answers on classified page.)

The Capitol Jigsaw

By HOWARD C. MARSHALL

AUSTIN, Jan. 14 (AP)—The oldest member of the House of Representatives, W. E. Pope of Corpus Christi, as usual is out for re-election.

There had been talk in Austin that "Uncle Elmer," as he is known in the House, would lock horns with Senator Jim Neal of Miranda City, who must face the voters again this year, but it seems that speculation was all wrong.

"There are one or two matters I want to finish up in the House and then I'll be ready to quit," he said recently.

One of these matters is conservation of waters of the Nueces river.

Pope is serving his eighth term. He was first elected in 1917 and was a member of three successive legislatures. Then he dropped out for six years.

Returning again with the 41st legislature, he has been elected since without intermission.

More than ordinary interest attaches to Senator Neal's race because he is a typical cowman and because he is the man who ousted the veteran southwest Texas political leader, Archie Parr, from the upper legislative chamber.

Neal probably is the most picturesque person in the legislature. He is much more than six feet tall and wears boots.

His district, the 27, is composed of Webb, Brooks, Cameron, Dimmitt, Duval, Rio Hondo, Jim Hogg, Jim Wells, Kenedy, Kleberg, a Salle, McMullen, Nueces, Starr, Willacy, Zapata and Zavalla counties.

Mentioned most frequently as likely opponents of Neal are Rep. Augustine Celaya of Brownsville, District Attorney Rogers Kelly of Edinburg and Lori Messer of Robstown.

Word here is that Rep. Homer Leonard of McAllen has decided not to try for the Senate.

Fifteen Senators' terms expire this year and reports are all will seek re-election.

The 15 are Neal, Clay Cotten of Palestine, E. P. Davis of Brownwood, Joe Hill of Henderson, T. J. Holbrook of Galesburg, Claude Isbell of Rockwall, Weaver Moore of Houston, Ben G. O'Neal of Wichita Falls, Frank Rawlings of Fort Worth, Allan Shivers of Port Arthur, Olan Van Zandt of Toga, J. J. Sulak of LaGrange, Claude Westfield of Dallas, Gray Woodruff of Decatur and Rudolph Weinert of Seguin.

Terms of Senators are four years, 15 expiring one biennium and 16 the next.

The 150 members of the House are elected each two years.

Since the Christmas holidays, the capitol has been deluged with legislators, in Austin on personal or public business.

Among those seen were Senators Holbrook, Albert Stone of Brenham, J. Franklin Spears of San Antonio and Joe Hill of Henderson, as well as Reps. Harry McKee of Port Arthur, Ross Hardin of Prairie Hill, LeLand Johnson of Waxahachie, John Dollins of Waco, Ben E. Cathey of Quitman, Travis B. Dean of Hamlin, C. L. Harris of Spur, Dave M. Harris of Archer City, Cecil T. Rhodes of Hearne, Bowen, Bord of Fairfield, Conde Hoskins of Gonzales and Raglin Jones of Eddy.

It is a little early for lines to be forming definitely in the legislative races, but some contests appear to be shaping up.

Rep. McKee said here his hat was in the ring for the senatorial seat of Allan Shivers of Port Arthur.

It is understood Rep. George Moffett of Chillicothe is out to unseat Senator O'Neal and Rep. Charles Tennyson of Wichita Falls also may plunge into the same contest.

SHINE LEFT \$5,000

PHILADELPHIA, Jan. 14 (AP)—The will of manufacturer Frederick McCowen left \$5,000 to Joseph Gonnelli, the Bootblack who had shined McCowen's shoes every day for nearly 50 years.

How's Your Health?

By IAGO GALSTON, M.D.

Pneumonia—exacts an annual American toll of approximately 100,000 deaths. The average annual death rate of this plague exceeds that of tuberculosis. Among the principal causes of death, pneumonia ranks fifth.

Add to the pneumonia deaths those that are charged against influenza (a warranted combination), and the average annual death rate per 100,000 population is 100. Influenza-pneumonia deaths then come close to second place among the leading causes of mortality.

Pneumonia is most destructive among the young and very old. The death rate is higher among males than among females; among negroes than among whites. Certain cities and locations have exceptionally high pneumonia death rates. The southwestern and northwestern parts of the country are thus afflicted.

During the last six years it has been found that "the chance of a given death being due to pneumonia is approximately 1 in 14."

Obviously pneumonia is indeed a major plague. But death rates alone don't tell the full story. It is estimated that there is a total of 589,000 pneumonia cases a year.

The plague of pneumonia can be stemmed by the cooperative efforts of the public, the physicians and the health departments. The public must learn to appreciate the import of the pneumonia plague. Above all they must know that the frequent forerunner of pneumonia is the common cold and that neglect of the common cold in many instances leads to the development of pneumonia.

The public must also appreciate that the earlier pneumonia is diagnosed and the sooner appropriate treatment is started, the better is the chance for recovery. Physicians are contributing to the battle by prompt diagnosis and early use of the available remedies.

Health departments are contributing my making available laboratory facilities for the typing of pneumococci (to determine which of the different types of pneumonia germs is responsible for a given case of pneumonia) and by making available serum for the treatment of those who cannot afford to pay for this necessary item.

What can be accomplished by such allied efforts has been shown in Massachusetts and New York.

ANOTHER 'FOLSOM MAN' LOCATED AT PORTALES

PORTALES, N. M., Jan. 14 (AP)—Interest of anthropologists in the "Folsom man" was quickened by a sand-hauler's discovery in a pit near an apparent ancient river bed.

A skeleton of a huge-jawed person dug from a sandpit near here, apparently antedated the prehistoric Indian culture and may prove of "tremendous importance," said Dr. William C. Holden, head of the Texas Technological college department of archaeology.

Although disarranged, the bones were well-preserved and the teeth were intact. The distance between the two cheekbones measured five and a half inches and that between the two rear molars, two and three-fourths inches.

Anthropologists have demonstrated by discovery of "Folsom points" tools the existence of Folsom man in this region during the pleistocene period, some 10,000 to 50,000 years ago. No skeleton of such a man has been discovered.

NOT DEAD YET

PHOENIX, Ariz.—Please send us copies of the certificate of birth and the certificate of death of Arizona. Write a Los Angeles moving picture studio (Warner Brothers) to the state superintendent of public health.

Dr. Coit I. Hughes, the superintendent, remarked: "Arizona was born in 1912, all right, but we can't find any suggestion that the state is dead."

Side Glances

By George Clark

"That's the trouble. I write such swell love letters I can't mail them—she might take me seriously."

B-PW Club Initiates Ten Members

Plans for a dance to be held Tuesday evening at the Southern club and a club dinner for January 25 in the city club rooms were announced at the regular business meeting and program of the Business and Professional Women's club Tuesday evening at the city club rooms.

The corresponding secretary was instructed to write the Honorable Marvin Jones asking that he back the proposed amendment requiring popular vote before a declaration of war.

New members voted into the club were Laverne Coston, Louise Warren, Hazel Wilson, Evelyn Gregory, and Kathryn Chesnut.

An interesting program was presented under the direction of the publicity chairman, Betty Dunbar, gave a list of buildings in the local community and named the cost of each. Pictures of these structures were shown. Need of recreation places in the town for both young and older people was brought by Eugene Johnson. One Pool and an article regarding the growth of oil in the Panhandle and pointed out that the town would be better off if more independent and home owned companies were located here.

Members who were initiated into the club at this meeting are Patricia Morgan, Madeline Murry, Odell Hoy, Myrtle Simmons, Maurice Jones, Charlie Jackson, Mildred Lafferty, Catherine Ward, Helen Lambrecht, and Oia Nellis.

In addition to the new members and speakers on the program the following members were present:

Christine Cecil, Audrey Fowler, Clara Lee Shewmaker, Laura Bell, Cornelia, Vera, L. G. Egan, Leora Kinard, Mable Geo. Johnnie Griffin, Gladys Robinson, Leah Behrman, Pat Austin, Sophia Behrman, Lucille Douglass, Julia Kelly, Ruth Walstad, Lillian Jordan, Mildred Overall, Evelyn Hamilton, Oree Brock, Gertrude Arnold.

Anger and Etiquette Discussed at Horace Mann Study Club

"Anger in Younger Children" was the topic discussed by Mrs. George Alden at the meeting of the Horace Mann Study club which was held Wednesday afternoon.

Mrs. Alden told that a child reacts to the home atmosphere and that good health is necessary to keep down anger. The speaker pointed out that a child is not so nervous when he or she is given the proper food at the proper time. Parents should meet their own child's outburst of anger with diplomacy, she added.

"Etiquette for Juniors," a topic by Beatrice Pierce taken from the Parents' Magazine, was given by Mrs. H. E. Stephens.

"Helping boys and girls of the teen age in etiquette is not different or harassing and the youngsters will listen and understand if you tell them," Mrs. Stephens said.

Girls are most interested in etiquette and boys want to know how to escort a girl out of a door. The proper form of introduction and table manners were also discussed.

Miss Josephine Thomas, principal of the school, spoke on "Personality Adjustments of the Elementary School Child," taken from the "National Elementary Principal."

"All else being equal, that home is best for cultivating wholesome personality in the child which affords proper physical care, protection, and promotes good mental health," Miss Thomas said.

Young People's Class Formed

SKELLYTOWN, Jan. 14. — The young people's Sunday school class of the Community church, met at the school auditorium for a business and social meeting.

A young people's Sunday evening class was organized. A name has not been decided upon as yet. The following officers were elected: Bill Hawkins, president; Miss May Belle Tomlin, vice president; and Miss Lorene Pike, reporter.

Special guests for the evening were: Misses Geneva and Janette Moore, and Rusty White, of White Deer.

Games and contests were enjoyed until a late hour when refreshments were served to the following: Bryce Milligan, Virginia Wedge, Lorene Pike, Vanice Wedge, Anna Laura Pike, Rosalie Snider, Irene Pike, Marjory Crawford, Geneva Moore, Donna Newton, L. G. Egan, Rusty White, Harold Bill Hawkins, Bill Hinkley, Warren Paul New, Dennis Fiegenspan, Maxine Thurlow, Warren Owens, Orvil Roe, May Belle Tomlin, Mrs. J. C. Jarvis and Rev. Lee C. Emory.

Mrs. Landers Heads Missionary Society

HIGGINS, Jan. 14. — Mrs. Roy Landers was recently installed president of the Women's Home Missionary society at an installation ceremony held at the Methodist church here with Mrs. H. H. Hale as vice-president and Mrs. Walter Berry secretary.

Other officers installed were: Mesdames J. T. Patton, corresponding secretary; Sam Manning, pledge superintendent; Elvie Dearing, superintendent of supplies; J. E. Barnes, world outlook superintendent; and Beth Henwood, studies superintendent.

Mainly About People

Phone Items for this Column to The News Editorial Rooms, at 698

Mrs. C. C. Howard and baby were dismissed from Pampa-Jarratt hospital this morning.

Mr. and Mrs. E. R. Urbanczyk of White Deer are the parents of a daughter, born yesterday at Worley hospital.

Mrs. Harvey Hill was taken to her home from Pampa-Jarratt hospital this afternoon.

Mr. and Mrs. Eril McQuerry of Dumas are the parents of a son, born at Worley hospital.

L. A. Moyer was admitted to Pampa-Jarratt hospital yesterday afternoon.

Ethel Gilbert underwent a tonsillectomy at Worley hospital this morning.

Kermit Butler was taken to his home from Worley hospital yesterday.

Mrs. Roy Hoffman is convalescing at her home after an illness of three weeks.

Mrs. F. G. Arney, who for the past three weeks has been visiting in the homes of her sisters, Mrs. O. V. Hunt, 1101 South Wilcox street, and Mrs. W. L. Cacy of the Phillips camp, will leave today for her home in Albuquerque, New Mexico. Mrs. Hunt accompanied Mrs. Arney to Amarillo.

Mr. and Mrs. Clyde Ives and son, Jack, returned Wednesday from Los Angeles where they have spent the last month. Mr. and Mrs. J. W. Anglin of Wheeler accompanied the couple.

Presbyterians Have Monthly Fellowship Supper at Church

A group of about 120 members and friends of the First Presbyterian church attended the regular monthly supper at the church Wednesday evening.

The Rev. Robert Boschen presided as master of ceremonies at the program which was given. Numbers included a saxophone solo, Wesley Geiger; piano selection, Bobbie Jack Davis; and a piano solo, Warren Fathere.

Games also provided entertainment during the evening.

Old-Time Dance Will Be Given

The second in a series of old-time dances, being sponsored by the Junior Chamber of Commerce for the benefit of the boy scouts will be held Saturday evening at 7:30 o'clock in the red school building.

Members of the committee in charge of arrangements other than those in the chamber of commerce are Mmes. E. A. Shackleton, H. H. Heiskell; Miss Lillian Treece; Messrs. A. A. Tieman, Dave Turcott, and Mack Harmon.

Callers for the evening will include Mack Harmon, Bob Hollis, Jack Brewster, and others.

Local hosts and hostesses for the occasion include Messrs. and Mmes. Bill Foreman, Fred Sloan, Billy Taylor, Dick Hughes, Garnet Reeves, A. C. Crawford, J. M. Saunders, Joe Lewis of Pampa.

Out-of-town hosts and hostesses will be Messrs. and Mmes. Clayton Mathis, Skellytown; H. L. Powell, Panhandle; Clyde Carruth, Skellytown; Ralph Forrest, Pringle; Cliff Vincent, LeFors; Ray Mathis, Miami; Bill Lard, Miami; C. C. Stockstill, Miami; N. A. Cooper, Amarillo; George Hodges, Canadian; Frank Briggs, Canadian; Tony Chevalaux, Claude; Ed Clifton, Alameda; Elmer Rorax, Panhandle; Leo Parish, Miami; Dave Turner, Alameda; J. K. Carroll, Wellington; Marvin Daugherty, Hoover Lewis, Meers, Pertyton.

Mmes. Maggie Hopkins, Sy Johnson, Clarendon; Hill, Clarendon; Katie Vincent, Pampa; Misses Donnie Lee Stroup, Miami; Addie Marie Schaefer, Groom; Messrs. Roy Fitzgerald, Pampa; Fred Drum, Miami; William Harris, Groom; Will Lewis, Canadian.

Miss Lois Foster Entertains Friends At Slumber Party

Entertaining a group of friends, Miss Lois Foster was hostess at a slumber party in her home recently.

After going to the show, the girls returned to the home of the hostess where nut waffles were served to Betty Shyrock, Martha Price, Dona Gray, Watson, Edwina, Gilbert, Elizabeth Mullinax, Jeanette Cole, Yvonne Hendrix, Donna Jo Berry, Betty Rains, Annie Johnson, Doris Gee, Martha Ann Martin, Dorothy Jarvis, Naoma Meador, Dorothy Eurlon, Helen Jean Shellabarger, Betty Bell, Frankie Foster.

Horace Mann P-TA Hears Talk on Trends In Modern Education

A talk on "Modern Trends in Education" by Superintendent R. B. Fisher was the feature of the Horace Mann Parent-Teacher association meeting yesterday afternoon in the school auditorium.

"The activity in the modern trend in education. This gives the child something to do worth while so that he may enjoy living at the present time and likewise prepare him for the future. The organization of the P-T. A. is a step in the modern trend and the modern trend is to give to the masses and not to the few," Mr. Fisher pointed out.

Group singing led by Miss Tabitha Adkisson opened the meeting. This was followed with the invocation by the Rev. W. M. Pearce, pastor of the First Methodist church.

After an interesting discussion was presented by Carol Killebrew, who spoke on "The Educational Value of Puppets," a rising vote of thanks was given to Mrs. V. E. Fathere for her gifts to the school library.

Miss Tabitha Adkisson's room was presented the prize for having the most parents at the meeting and the second award was given to Miss Alma Spauld's room.

Red Cross Chapter Elects Officers

HIGGINS, Jan. 14. — W. H. Sewell, Follett, was reelected chairman of the Lipscomb county Red Cross chapter at a meeting recently held at Lipscomb and J. F. Latimer was named vice chairman.

Mrs. A. Bissant, Higgins, was chosen secretary and Mrs. A. H. Montgomery, Darrouzett, treasurer. Named on the executive committee representing the various parts of the county were Mrs. Otis Brown, Lipscomb; Mrs. L. W. Waincoat, Higgins; Mrs. A. C. Teter, Follett; Mr. Carter, Darrouzett; Mrs. A. R. Turner, Booker; Mrs. J. T. Payton, Locust Grove; Everett Tarbox, Lipscomb; named home service committeemen and Lewis Hill, Follett, was reelected chairman for home and farm accident prevention. Mrs. H. R. Laubhan, Follett was named roll call chairman.

During the session an honor certificate, due the Lipscomb county Red Cross chapter for having reached more than its quota in the recent Red Cross drive, was presented by Mrs. Laubhan.

Removing Sticky Spots To remove gum or sticky fly paper from materials, take as much as possible off by scraping, then gasoline, carbon tetrachloride, or alcohol will remove the rest. Rain spots will come off if you sponge with clear, cool water or press the material under a cloth wrung out of hot water.

Bake escalloped mixtures in a shallow, wide dish to save time and fuel.

International Sunday School Lesson

JESUS' LIFE OF SERVICE Text: Mark 1:14-28. By WM. E. GILROY, D. D., Editor of Advance.

"Jesus came into Galilee, preaching the gospel of God." What intensity of life and movement are bound up in spiritual and world history with that simple announcement in our lesson!

The ministry of Jesus began when John the Baptist had been delivered up, and was awaiting his martyrdom.

That is the way that the gospel of God and of His truth has progressed in life. The saints and prophets have been persecuted and killed, but the proclamation of the good news of truth and righteousness and love has gone on. John had done his work of preparation. He had said concerning Jesus, "I must decrease, but He must increase"; and these words were now fulfilled.

The ministry of Jesus was something more than preaching in words. The Christian movement did not begin simply in devotion and in worship. The Christian movement began with the preaching of the truth, the telling of the good news concerning God, and the Kingdom of Heaven that was at hand. But the ministry of Jesus was one of contacts as well as of preaching.

When He found men who were capable of responding to the truth, He called them to Him and invited them to become His disciples.

In the calling of Simon and Andrew, his brother, there is symbolism as well as fact. These men were fishers, and Jesus would make them fishers of men. We do not know what may have preceded the call of Jesus to Andrew and Simon, but we are told that "straightway they left their nets, and followed Him."

Then He found two other brothers, James and John, who also were fishermen. They were evidently men of some prosperity, because they were with their father in the boat, and there is reference to hired servants. Nevertheless, they left their father and their nets and their business, and joined themselves to the Master's company.

While we have no record of what the Master said in His preaching except in parables, simple stories, and in the Sermon on the Mount, we have some indication of the effect of His presence and His teaching.

When He came to Capernaum and went into the synagogue on the Sabbath Day, and taught, the people were astonished. We are told that He taught them as "having authority."

That is a strange saying, for the scribes were supposed to be the people with authority. Jesus spoke out of the great authority of truth. He did not stand upon some official status, but His power and authority were in His words.

The scene at Capernaum was made even more dramatic by the outburst of a man who was evidently nervously unbalanced or insane. He cried out against Jesus, but Jesus was presented with handkerchiefs from each member.

Present were Mmes. Herman Lambrecht, E. H. Johnson, M. L. Jenkins, Rex Elliott, Tom Southard, D. B. Love, William O. Jackson, H. L. Bybee, B. J. Ironmonger, and the honoree.

Mrs. Sherman White was hostess to the members of the Child Study club which met in her home this week to discuss "Texas Government."

After those present answered the roll call with some products of Texas, other than that of the Panhandle, Mrs. J. L. Vollmert led the program and discussed "State Government."

Club members present were Mmes. George B. Cree, Tom Darby, W. J. Foster, H. T. Hampton, Lee Harrah, John Hessey, W. C. Hutchinson, Herman Jones, R. W. Lane, T. C. Lively, Frank McAfee, Horace McBee, T. B. Parker, Luther Pierson, Roy Tinsley, J. C. Vollmert, H. A. Yoder, Joe Eodge, T. B. Rogers, M. O. Pickett, and the hostess.

Many Attend Gay Dinner and Dance

Loyal Women to Assist in Equipping Kitchen at Church

Five members of the Loyal Women's class of the First Christian church were hostesses at the regular monthly meeting of the class which was held at the church Wednesday afternoon.

Singing by the group and a prayer by Mrs. H. C. Coffee opened the meeting at which Mrs. C. F. Easton presided during the business session. Reports on the Christmas baskets given by the class and the number of Christmas cards sold were made.

An open discussion on equipping the kitchen of the church was held, and a calling committee composed of Mmes. De Lea Vicens, C. P. Bastion, and O. N. Frashier was appointed. Other business included the voting of the group to send \$10 to the Juliette Fowler orphan home at Dallas.

"New Year's Living" was the subject of the devotional given by Mrs. Vicens.

Members of LHL Complimented With Birthday Luncheon

Members of the Ladies' Home League of the Salvation Army entertained with a covered dish luncheon at the home of Mrs. Vande Vanter Wednesday afternoon honoring her on her 66th birthday. She was presented with handkerchiefs from each member.

Present were Mmes. Herman Lambrecht, E. H. Johnson, M. L. Jenkins, Rex Elliott, Tom Southard, D. B. Love, William O. Jackson, H. L. Bybee, B. J. Ironmonger, and the honoree.

The next meeting will be in the home of Mrs. H. B. Knapp on January 26 at 2 o'clock.

Club Members Have Program on Home Life and Citizenship

The home is the foundation of the world and when the family life contains tolerance, cooperation, and sympathy, it resembles a harmonious home," Mrs. Julia E. Kelley, Gray county home demonstration agent, told women of the Merten Home Demonstration club at their meeting Wednesday afternoon in the home of Mrs. E. M. Hope.

In order to carry out some of the qualities in the home, a scrap book to be made by the entire family, dealing with subjects of interest to each member, was planned by the club.

Mrs. Kelley reminded members that they should be thinking about their gardens and the selection of seeds for planting spring gardens.

New members taken into the club were Mmes. W. S. Kiser, William Wilkerson, and C. L. Hulsey. Mrs. Hope resigned as reporter and Mrs. C. L. Hulsey was elected to fill this vacancy.

Refreshments were served to ten members and one visitor, Mrs. C. S. Hulsey, mother of Mrs. J. C. Brownning of Northeast, Oklahoma, by Mrs. Kelley.

The next meeting will be in the home of Mrs. H. B. Knapp on January 26 at 2 o'clock.

I am an

advertising man

For over thirty years I have been writing advertisements for national advertisers—shoes, soap, cereals, automobiles, radios, tobacco, blankets, tooth-powder.

To me it is the most fascinating work in the world—learning about the merits of merchandise and then telling people about them—bringing greater comfort, and enjoyment, into people's lives—introducing people to new pleasures, helping them to get the most for their money.

Besides being fascinating, it is satisfying. My intimate experience with advertisers has shown me that, except for rare exceptions, the manufacturers and merchants of this nation lean over backwards to be sincere and honest.

The law of advertising is simple once one understands its working—the more people know about the merit of a product, the more people buy it. The greater the volume of sales, the less the cost to manufacture. Savings in making mean either lower prices to the consumer or greater value put back into the merchandise.

As an advertising man I can sincerely affirm that it pays to read the advertisements in the newspapers—for news of new things, for news of bargains and savings.

There are thousands of other men—and women—devoting their lives to advertising writing, who will tell you the same thing. They know!

PAMPA AND FOES RANKED ABOUT EQUAL IN BASKETBALL BATTLE TONIGHT

GAME LIKELY WILL DECIDE LEAGUE TITLE

If the Harvesters can pull a win out of the game with Plainview's tall, heavy Bulldogs here tonight, they will have hurdled the biggest basketball obstacle of the season. The game will start at 7:30 o'clock in the local gym. The second game of the series will be played tomorrow night between the two teams.

It was fairly apparent last night that the Bulldogs have what it takes. They again whipped the Borger team to capture the second game of the series. Last night Plainview won 30 to 21 with Sigmon, center, leading the scoring for the Bulldogs.

The Harvesters, after practicing tactics designed to foil Plainview's zone defense, believed they would be able to trounce the visitors tonight and several close followers of the team were of the same opinion.

Large Crowd Expected.
The game has attained such a high peak of importance in the eyes of fans that a record crowd is expected to pack the gym. Undoubtedly, the game will be among the most important of the season. At the present time, Plainview has the best team in the Lubbock district; all quintets in that area concede that fact, and the Bulldogs are favored to win the tournament in February, if they don't weaken before then. In the past, Plainview has always had a strong team early in the season, but has been unable to win the district tournament.

In fact Plainview has never won the Lubbock district tournament, but the Bulldogs fans say that this is Plainview's year.

The Lineups.
The starting lineups tonight will be as follows:

PAMPA	PLAINVIEW
Heiskell, F.	Miller
Andis, F.	Lovorn
Cox, C.	Sigmon
Reynolds, G.	Hutson
Dunaway, G.	Wylie

It is likely that several other Harvesters will play in the game before it is over. Foster and Cunningham, guard and center, respectively, usually see their share of service.

On the basis of comparative scores, Pampa and Plainview are ranked about equal. Pampa beat Amarillo twice as much as Borger did, or just about as much as Plainview beat Borger. The Pampa-Amarillo and Borger-Amarillo scores afford the only means of comparing the Plainview boys and the Harvesters because Pampa and Borger have not met this year.

The Harvesters won't go into the game tonight with an inferiority complex, but neither will they face the Bulldogs as prime favorites.

Title at Stake.
The game will likely decide the trend of the Big Five league. Amarillo with too many defeats is already out of the running. Lubbock's Westerners admit that Plainview "is far better than we are," and Borger is smarting under two defeats. The winner of the games tonight and tomorrow night will probably be the champions when the season is over.

Sox Refuse to Pay 'Excursion Trip' Expenses

CHICAGO, Jan. 14 (AP)—Lou Comisky, owner of the Chicago White Sox, hung the "no Chicago excursions" sign out today.

Emphatically, the Sox magnate stated catcher Luke Sewell and first baseman Zeke Bonura, two of the club's more persistent salary-hagglers, have been informed the club will not pay their expenses here for a contract conference.

"If I started having players in for financial tete-a-tetes, every fellow on the club would start arguing until they got a trip which would vary the monotony of winter."

HOT STOVE LEAGUE REPORTS

By SID FEDER
NEW YORK, Jan. 14 (AP)—The hot stove league reports:

The Cincinnati Reds may try to come up with a ball-player or two in trade for one of their catchers.

Will McKenchie has Spud Davis and Ernie Lombardi as holdovers, and a fine looking rookie in Will Hershberger from Newark's "wonder team."

Wes Ferrell says he pitched good ball last season—and "lost a lot of games by one run." Here's a reminder that the Yanks only beat him 7-0 and 12-2 on two occasions; the Indians felled him 11-5 and 6-3; the White Sox did it 2-0, the Red Sox 6-2 and the Athletics 5-3. Then there were a couple of "close" ones he won over the St. Louis Browns—16-10 and 9-6.

From all the press notices, that Joe Dimaggio-Col. Jake Ruppert salary huddle, coming up in a couple of days, looks like the Premier for a Broadway show. The odds are six, two and even that Dimaggio signs on the dotted line for \$25,000.

The last couple of years, Charley Gehring has been known far and wide as Detroit's "strong, silent man." Now it comes out that Char-

Three Basketball Games Will Clarify Southwest

NEW CAGE CHAMPIONS DUE TO REPLACE CAREY CARDINALS

PAMPA CAGERS WILL COMPETE AT SHAMROCK

SHAMROCK, Jan. 14 (AP)—Gold trophies and awards valued at \$200 will be presented winners in Shamrock's first annual invitation basketball tournament to be held in the new school gymnasium January 20, 21 and 22, according to Coach John Walker, who is in charge of the event.

Some of the fastest boys' and girls' cage teams in the Panhandle will be seen in action during the big three-day event, including the Carey team of Childress county, last year's state champions. Dozens of other entries have been received by Coach Walker, including boys' and girls' teams from Samnorwood, Quail, LeFors, Mobeetie, McLean, Wheeler, Perryton, Groom, Childress, Higgins, Pampa, Hollis, Okla., Lakeview and Kelton.

First and second place and consolation trophies will be awarded the winning boys and girls teams; another will be awarded the most attractive girl participating in the tournament and still another for the best sport among the boys.

Eleven gold basketballs will be presented the all-tournament boys and girls teams, and 22 individual medals will be awarded.

Play will begin at 7 o'clock Thursday night, January 20, in the commodious new gymnasium, located on the high school campus. The first round will continue through the day session Friday. Quarter-finals, semi-finals and finals will be played Friday night and Saturday.

ley's pay check was for \$25,000 in 1936. At that figure it's no wonder he was quiet.

This is the day Dizzy Dean is scheduled to take out the family bus and run into town to pick up the mail. His St. Louis Cardinal contract (calling for a neat pay slice from \$23,500 to \$13,000) should be in one of the envelopes. When Dizzy takes one look at it, the holdout and howl society will officially be in session.

Renaissance In Tennis Should Last This Year
By HOLCOMBE WARD
President U. S. Lawn Tennis Association
NEW YORK, Jan. 14 (AP)—The past year marked a renaissance in tennis which should continue throughout 1938. The winning of the Davis cup, emblematic of the international team championship, proved a stimulus which should have far reaching effects upon the game for several years to come. The number of tournaments as

By FELIX R. MCKNIGHT
Associated Press Sports Writer
Basketball titles aren't salted away in the first week's play, but Southwest Conference railbirds will have an idea who to look for in the home stretch in March after three games this weekend.

Two questions can be answered after the University of Texas meets Southern Methodist at Dallas Friday night and moves to Fort Worth for a Saturday night date with Texas Christian.

One concerns the Methodists, who are already stumbling in their defense of a title won hands down last year. The other has to do with the Texans, a crew regarded lightly that has pushed itself forward with pre-conference triumphs and an opening victory over T. C. U.

After an eastern tour produced lusty efforts, S. M. U. came back and dropped its conference opener to Baylor, 23-26. The Mustangs' prize sealer, J. D. (Sniper) Norton, was stopped cold by Baylor.

Coach Forrest (Honest John) Baccus, however, believes the Baylor game was just "another one of those things."

Baccus admits the potency of all Texas Longhorns but believes his charges will show new life against Texas. He will count on Norton to regain scoring form that made him a sensation in the east.

A loss for either team would hamper them in a scramble to overtake a powerful University of Arkansas five that whipped the Texas Aggies twice last week. Coaches Gray and Baccus admit Arkansas is the team to head and with its next six games booked on its home court, up in Fayetteville, will be hard to handle.

Texas Christian may surprise when it faces the Longhorns again. Sophomore Ben Abney, the Christians' scoring leader, who played a one-handed game against the Longhorns due to an arm injury, has rounded into condition.

The Texas Aggies, drilled long on making their shots count, meet a Rice team at College Station Saturday night that has shown all types of basketball in several losses and wins. The Owls, hampered by late football arrivals, have worked hard to perfect a combination and will rate on even terms with the Aggies, despite the temporary loss of injured Capt. Ike Klindworth, a high scorer.

County and city championships will be determined by Feb. 12, district champions by Feb. 19 and regional titles by Feb. 26. The eight regional champions meet in the state tournament March 4 and 5.

Regional centers are:
1—Canyon; takes in Amarillo, Pampa, Lubbock and Childress districts.
2—Abilene; takes in Sweetwater, Breckenridge, San Angelo, and Brownwood districts.
3—Denton; takes in Wichita Falls, Fort Worth, Dallas, and Waco districts.
4—Longview; takes in Commerce, Texarkana, Tyler, and Nacogdoches districts.
5—Huntsville; takes in Bryan, Livingston, Houston and Beaumont districts.
6—San Marcos; takes in Uvalde, San Antonio, Georgetown and Lagrange districts.
7—Kingsville; takes in Victoria, Robstown, Laredo and McAllen districts.
8—Alpine; takes in El Paso, Fort Stockton, Midland and Van Horn districts.

well as the number of competitors and spectators reached a new high for the past decade. There is every evidence this record will be surpassed in 1938.

The U. S. L. T. A. will continue to keep step with the increasing popular interest in the game. Arrangements already are underway to broaden our promotional activities in many ways.

Junior and Boy, Junior Davis cup, interscholastic and intercollegiate development work will be continued upon a larger scale than ever before.

The U. S. L. T. A. will continue its efforts to develop tennis in schools, clubs, colleges and public parks, and to maintain the fine traditions, lofty ideals and high standards of sportsmanship associated with the game.

CLINGMAN HAS BEEN ABSENT COUPLE YEARS

Wrestling fans all over this section of the Panhandle and even non-addicts are talking nothing but the Monday night card Promoter Cliff Chambers will present at the Pampa Athletic arena, beginning at 8 o'clock. No hike in admission will be made for the big card.

Chief interest is being worked up over the return of Sailor Otis Clingman who will be home after an absence of two years. "Squeek" has been given a semi-final battle with Jack Mandell for his initial appearance. He will probably rate a main event the following week.

The non-addicts are principally interested in seeing a match in "kimono" which is the Japanese style of wrestling. That will be the main event between Professor Tsutao Higami and Otto Von Ludwig.

The two will battle all the way in the jackets. At first it was agreed the two would wrestle a fall each way—Jacket and catch-as-catch-can—with the one winning in the shortest time having choice of style for the third fall if a third fall was necessary.

Ludwig, who thinks he's good, decided that he'd rather take the "professor" at his own game so the change was made.

Opening the evening, Bill Venable, newcomer, will tangle with Cyclone Mackie.

AMARILLOANS BEAT PAMPANS

Amarillo Junior high basketball teams won a pair of games from Pampa entries in the Junior high-Sophomore league, recently organized. Wednesday evening in Amarillo, The Sophomores of Coach Bob Curry lost to Central, 28 to 21, while Sam Houston of Amarillo swamped the Reapers of Coach W. E. Huckleba, 45 to 9 in a wild game.

The Sophomores made a strong finish but were unable to overhaul the Central lead of 21 to 10 at the half. Central featured an attack built around three six-footers who were allowed to stand unmolested in the three-second zone during the first half, Coach Curry reported.

L. Feltner was high point scorer for the Sophomores with nine. R. Clemmons and Ed Terrell were starting forwards with H. Mitchell and Hugh Stennis. Feltner was at center. Seth Cox and Leonard Ramon were sub.

The Reapers held Sam Houston to an 11 to 8 score at the half but in the second stanza the Amarilloans pulled away from the Reaper second string, substituted when the going became too rough to suit the Pampa coach. He left his reserves in the east of the game.

Starters for the Reapers were L. B. Allison and Ken Kyle, forwards, Bilton Beardon, center, Jim Carlisle and Ken Mullings, guards. Reserves lined up with Eugene Franks and Billy Mounts, James Van Houton, Jimmie Shoffner, Jack Termin.

This afternoon at 4 o'clock the Pampa Sophomores and Sam Houston of Amarillo will meet in the local gym.

TECH ON SCHEDULE
NEW ORLEANS, Jan. 14 (AP)—Eight gridiron foes encountered by Loyola University last fall appear on the 1938 schedule announced last, together with Creighton University of Omaha, which replaced St. Edwards of Texas.

The schedule includes a game with Texas Tech at Lubbock on Nov. 13.

I hereby consent that the above
named participate in said boxing tournament, and join with him in the above waiver and release.
(Parent or Guardian.)
Each competitor must fill out a blank and in signing same he certifies that he is an amateur according to the laws of the A. A. U. of the United States. The right to reject any entry is reserved.
IMPORTANT—do not fail to give correct address. Amateur boxers must apply at the Pampa Daily News.

94 'PERFECT' FISHING DAYS ON CALENDAR

By DAVE CHEAVENS.
DALLAS, Jan. 14 (AP)—Favorable fishing calendar breeds hope for you mystic anglers who plan in 1938 to fish under zodiacal guidance.

Last year the signs said May 1, the opening of the bass and crappie season in Texas after the annual March-April layoff, would be a lean day. The signs did not lie.

This year the calendar says May 1 will be a very fine day for fishing. The seers believe it will be just a shade under perfect, but good enough for most cane pole artists and almost good enough to satisfy finicky rod and reel anglers.

The sun, moon and stars did not advise just what time of the day the

fish would start biting May 1, but old-timers suggested the best plan would be to start soon after midnight and keep at it until the limit has been taken.

Further celestial tips for 1938 fishing:

There should be 94 "perfect" fishing days. The first of the year was today, unless it rained, or the wind blew, or a norther howled, or there wasn't any bait, or the fish weren't hungry. Naturally, our calendar maker explains, he has no influence on those things.

There will be 224 days when fish-bite-hook ratio will be anywhere from fair to good. In this category comes July 4, which should be about like May 1.

There will be 141 days when you might as well stay home and weed the garden. The calendar says "no fish no matter how clever you are. Labor Day falls in this group.

So will all the week-ends. No matter what the signs say.

SWEAR ALLEGIANCE
CAIRO, Egypt, Jan. 14 (AP)—Troops in every Egyptian garrison swore allegiance on the koran today to their young commander-in-chief, King Farouk.

The committee in charge of the Golden Gloves Amateur Boxing tournament to be staged here on Feb. 2, 3 and 4 is asking anyone who knows of a flyweight, 112 pounds, or a heavyweight, over 175 pounds, to call the Golden Gloves Editor at the Pampa Daily News. Those two divisions of the tournament need filling out particularly.

There is still time for boys to enter. It is permissible for a company, firm or store to enter a boy to represent their organization in the tournament. Two or three companies have already placed boys in the tourney which is open to amateurs 16 years or over.

The winner in each of the eight divisions will be given a free trip to Fort Worth to participate in the state tournament, sponsored by the Fort Worth Star-Telegram. All out-of-town boxers participating in the Pampa Daily News tournament will be given free hotel accommodations and meals as long as they are in the tourney.

Ten new boys reported on Wednesday and six more were out yesterday afternoon.

Coach Bill Allen of McLean announced yesterday that he would bring a strong team to Pampa for the tournament. Coach Coy Palmer of Alameda will send two milt artists who are expected to be the class of the tourney. From Canadian came a pair of entries to swell the list of contestants past the 40 mark.

The local entrants work out each evening from 5 to 7 o'clock at the Pampa Athletic arena and fans are invited to watch them train for the tournament.

Fairfax tickets, being sold at \$5 for advancement of athletics in Pampa are going fast.

Shreveport May Return to Loop

DALLAS, Jan. 14 (AP)—Alvin Gardner, president of the Texas Baseball league, was in Shreveport today for a meeting with a group of business men interested in bringing the Louisiana city back into the league.

Shreveport, league member until six years ago, would replace Galveston and would be in the southern division—with Houston, Beaumont and San Antonio. An option on the Galveston franchise, at a price of \$23,000, including a full roster of players, expires at midnight Monday.

A group of Wichita Falls business men also were reported angling for the Galveston franchise.

GETTING DOWN TO EARTH, Corp. Berry W. Russell (right) and Machine Gunner Tom M. Newberry manned the U. S. army's new low-slung Howie machine gun carrier during a demonstration at Fort Benning in Georgia. Steered by a handle, the iron raft is accelerated by foot pedals. Its advantage rests in the prone position of the two men, offering a poor target. The carrier, which easily worked its way over rough ground during the demonstration, weighs a little more than half a ton and can scoot along at better than 28 miles an hour. Its inventor is Capt. Robert G. Howie.

'CAN YOU TIE THAT?' asks "slammin'" Sam Snead who shot two 66's to win the \$2,500 Miami open golf tourney, with an aggregate of 267, which is 13 under par.

PRISONER OF THE ENEMY, this gigantic field piece—once the property of Chinese soldiers—no longer thunders in defense of China. It was taken, along with other artillery pieces, by Japanese troops capturing the Kiangyin forts below Nanking.

TO THE NEWLYWEDS drank Thomas Elwes and Rachel Dawnay, toasting in lemonade the young English couple for whom they were wedding attendants. They are dressed in the best of fashion for the ceremony, which united the Hon. Ruth Dawnay, sister of the present Viscount Downe, and Arthur C. Scott. The wedding took place at the village church in Hillington, Norfolk.

BRIDE of Japan's "handsomest" wrestler, Shachinosato, is pretty Aiko Matsuzaki.

CLASSIC is LeLong's silver-gray jersey with draped folds crossed by link chain.

LOFTY HOPES of challenging Bronko Nagurski has "Lofty" Blomfield (above), wrestler in Auckland, New Zealand, recent tournament winner.

HOON FOR BURNED BODIES is new chemical, made from bruised yeast cells, and used successfully on Regina Funk, 6, in a Cincinnati hospital. The compound, reported to the medical association, is said to heal severe burns quickly and to grow fresh, normal skin without disfiguring scars.

OUT OF THE SOUTH came Stanley F. Starter (right) to win over Edward R. Squibb in the boys' division of the national junior and boys' indoor tennis championships at New York. They played in an early round. Squibb's home is in Milton, Mass., while Starter comes from Memphis, Tenn.

BOYS WILL BE BOYS when occasion is babies' relief fund "kid" party at New York's Stork club. "Boys" having it out are Bayard Walker (left) and Kip Soldwedel.

THINGS REALLY HAPPENED after a Los Angeles motorist bumped light standard. Light fell, shattering fire hydrant which flooded street. No one was injured seriously, say police.

MEMORIES OF THE HINDENBURG are revived in the sight of these helium tanks being loaded at Frankfurt-on-Main, Germany, for shipment to U. S., where they'll be filled with non-inflammable helium and returned to Germany, for use in a new dirigible. Inflammable gas was blamed for the explosion which crashed the Hindenburg to earth last March, a blazing funeral pyre for some 49 victims. One of nation's helium-producing centers is in Texas.

NOT PUBLIC ARE PUBLIC SCHOOLS in England, of which exclusive 385-year-old Shrewsbury is among the first. Founded about 1587 by King Edward VI, its pupils include the sons of nobility. Here is a lesson in saluting. Boys wear their week-day flannels; on Sunday tailcoats are worn.

SIMPLE IS THE STORY OF THE SHOES, lined up in the New York postoffice where the state unemployment insurance applications are being taken for benefit payments that start in January. At the left are shoes dulled in the constant search for work. Alongside the sensible low-heeled black pair that put up a "shining" good front are the worker's scuffed high boots. Anxious as their humbler neighbor are the patterned suede oxfords and "spatted" shoes on the right.

COLLECTING OF TAXES PROVES TO BE COSTLY

WASHINGTON, Jan. 14 (AP)—Records of a congressional committee disclosed today that two administration activities—selling "baby bonds" and collective social security taxes—are proving unusually expensive.

Edwin L. Kilby, assistant commissioner of the treasury's public debt service, told the House appropriations committee the small demonstration bond program has cost about \$3,606,870 from 1935 to 1937 and that it would cost approximately \$6,095,000 during the next two years.

"It is true that they are an expensive security to market," Kilby said, "but I do not believe any security has been better marketed or more widely spread among the population of our country. They create an interest in government, I believe."

Later in the hearings, Frederick I. Evans, budget officer of the internal revenue bureau, told the committee, in response to a question by Rep. Ludlow (D., Ind.) as to whether the social security taxes cost more to collect than other taxes, that the bureau spent \$1.44 to collect each \$100 in social security and railroad retirement taxes.

The committee learned, however, the bureau hoped to save about \$4,000,000 annually by having the social security tax returns filed on a quarterly basis instead of monthly. Secretary Morgenthau offered a bristling defense of the use of funds derived from the social security tax.

"We are not only complying with the letter of the law but with the spirit of the social security act," he said.

"As those funds come in, they go into the general fund and we issue special interest-bearing treasury obligations as evidence of the investment of the funds. In this fiscal year it is estimated that there will be available for investment somewhere in the neighborhood of \$1,000,000,000 of social security funds."

Morgenthau said the fund is handled just like all retirement funds for government employees.

In another section of the committee testimony was a report that the treasury had received about \$2 for every \$1 spent in an emergency income tax survey and \$4 for every dollar used to check up on miscellaneous tax evaders from Sept. 3, 1935, to October 31, 1937.

JERSEY MAYOR STATES CIO WELCOME TO CITY

JERSEY CITY, N. J., Jan. 14 (AP)—The C. I. O. says Mayor Frank Hague is "welcome" in Jersey City "as long as they are peaceful."

If, however, he had "permitted the 'red' C. I. O. invasion" of the city "our industries would have been destroyed," he declares.

Asserting that, although there was a "lie-up of the C. I. O. with the Communist leaders," he had "no feeling against the honest working man who joins the C. I. O.," Hague promised in a broadcast speech at a chamber of commerce banquet last night that as long as he was mayor "industries of Jersey City will never be invaded."

REWARD FOR MOTORIST
BALA-CYNWYD, Pa., Jan. 14.—(AP)—Irate dog lovers have offered rewards totalling \$65 for the arrest of a motorist who hit a cocker spaniel recently and threw the seriously-injured animal into a sewer.

SCIENTIST SAYS SUSPENDING LIFE 1,000 YEARS IN FROZEN MATTER IS TRUE IN THEORY

By STEPHEN J. McDONOUGH.

INDIANAPOLIS, Jan. 14 (AP)—Creation of an ultra-frozen state of matter in which life is suspended indefinitely but can be revived again was announced today before the American Association for the Advancement of Science.

Dr. B. J. Luyet of St. Louis university declared he had been able to produce suspended animation—a favorite theme of fiction writers—for many years—in plants and some small animals by taking them from room temperature to several hundred degrees below zero within the fraction of a second. Both the plants and animals were brought back to life after their life processes had been stopped by cooling.

These plants and animals were not frozen, Luyet declared, since freezing destroys living cells. Instead, they were put into a vitreous state by the rapid cooling.

A vitreous substance is something like glass, which cools without the formation of crystals.

Discussing the dreams of fiction writers who have suggested the possibility of suspending life in a human being and reviving him a thousand years later, Luyet declared such a thing is "theoretically possible," but highly impractical.

In all the St. Louis university experiments the substances frozen were only a tiny fraction of an inch thick, he said. The glassy state of matter was attained with a combination of water and gelatin. If anything, such as a human being, could be preserved in ultra-ice, the process would have to be performed in about one-thousandth of a second by dropping the temperature almost 300 degrees.

Suspension of life can be attained

with nematode worms, which contain less than 50 per cent of water, with some bacteria and yeast cells and with thin plant leaves, all of which can be converted into the glass state readily, Luyet added. Other higher forms of life are being experimented with now to give them what approximates immortality on earth in their living state.

In order to revive plants and animals preserved in the ultra-ice, it is necessary to bring them back to room temperature at almost the same speed they were put into suspended animation—a difficult problem only solved at present in the lower forms of animals.

WIRE TAPPING WILL BE PROBED IN COMMITTEE

WASHINGTON, Jan. 13 (AP)—A senate committee decided today to inquire into "wire tapping" at the interior department.

The decision was made in connection with the committee's consideration of the nomination of E. K. Burell to be first assistant secretary of the department.

At the insistence of Senator Steiwer (R., Ore.) the public lands committee agreed to call Louis R. Glavis, former chief interior department investigator, to testify about the wire tapping.

"I insist," Steiwer said, "that we get full light on whether Mr. Burell had any connection with wire tapping and other spying in the department, such as he has testified went on."

Beavers do not work together in felling a tree. Only one animal works at a time.

AP VOTES MEMORIAL TO E. J. NEIL, JR.

NEW YORK, Jan. 14 (AP)—The board of directors of the Associated Press adopted the following resolution by a rising vote respecting the late Edward J. Neil, Jr., foreign correspondent of the Associated Press:

"The board of directors of the Associated Press, as representatives of the entire membership, by this means enters into the permanent records of the institution this memorial to Edward J. Neil, Jr., gallant reporter, who died in the Associated Press service at Zaragoza, Spain, as the result of wounds he suffered while reporting the encounter on the Teruel front.

"If Democratic institutions are to prevail, as we all believe they will, the public must be fully informed as to what is happening in the world. We must recognize that the good reporter is the keystone of our journalistic edifice. Believing this, we also believe that Edward J. Neil's death was not in vain. He undertook a perilous assignment at our behest and he carried it out gloriously.

"As chroniclers of the day's events, we are proud to pay tribute to his memory. In him we find a justification of our faith. He accepted and fulfilled that ultimate measure of devotion which is so rarely found but which when we find it helps us all to go on."

South Carolina used whisky as a measure of value in the barter system which sprung up after the collapse of the continental currency in 1780.

MANY BUYERS ATTEND SALES

HIGGINS, Jan. 14.—A good supply of cattle and hogs in the Higgins livestock sales yards Tuesday moved at sharply higher prices. Small packer buyers bought several head in the alleys before the sale started. Most canners and cutters were strong to 25 cents higher. Butcher heifers sold up to 7 cents and anything carrying any flesh sold as high or higher than Oklahoma City or Wichita. There was a larger number of out-of-town buyers than has been here for several weeks.

In the hog alley a good consignment in all classes were sold. Peary Garringer, local baker, sold some light pigs of plain quality at 5.50 a head. J. W. Horwell, Higgins, sold a load of pigs at \$11 a head. These were extra nice shoats.

In the horse yards a three-year-old colt consigned by Roy New brought \$60. A five-year-old grade stallion sold by a buyer from St. Louis brought \$85, and a suckling mule sold at \$38.

Col. J. R. Davis, auctioneer from Ashland, Kas., started the cattle sales off with a bang. Total sales were 150. A truckload of whiteface

cutters cows were sold by a local trader at \$42.50 a head.

A large run of miscellaneous goods was sold at good prices. Used barbed wire sold at 3 cents a pound. Several bushels of apples sold at 80¢ a bushel. After the sale a fish fry sponsored by Fletcher Jones, Higgins, was served to 100 buyers and consigners of the sale.

Pampa's Youngest Retail Merchants

Carrier boys serving the Pampa Daily NEWS have been selected because of good training in their homes, their excellence in school work and because of their conduct as young gentlemen. Their contact with the public is expected to reflect these qualities. However, any breach of courtesy or good service should be reported to the Circulation Department at once.

Carrier boys for the Pampa Daily NEWS operate on THE LITTLE MERCHANT PLAN. They purchase their papers at a wholesale price and then sell the papers to their subscribers at a retail price—the difference between the wholesale and retail price being their profit. In order that the carrier boys may realize full profit from the sale of their papers, it is essential that their subscribers pay regularly and in advance. But upon payment, the carrier boys will cheerfully present each subscriber a complete RECEIPT.

If you have not received your daily paper by 6 p. m., telephone 666 before 7:00 o'clock and the Circulation Department will send your paper by special messenger. If your Sunday paper has not arrived by 8 a. m. call 666 before 10 a. m. for the same service.
