"Down With Wallace!" Cry Mexicans

Violations Of Army Rules Punishable

No Jury Trial Is Available For Trainees

(EDITOR'S NOTE: The penalties for violations of military law are described for the benefit of draftees in this story).

By MAX BOND
Associated Press Staff Writer

WASHINGTON, Nov. 29.—One of the familiar figures of ordinary criminal trials—the jury that can't reach the unanimous verdict required by law and has to be dismissed in favor of a new one—is missing in the army's tribunals.

The reason is simple: Agreement of all the members of a court martial is required only in cases involving the death penalty, and lesser numbers may convict and impose sentences for less grave offenses.

If a court martial cannot agree unanimously in a case where the death penalty would be mandatory upon conviction, and if a conviction on a secondary charge is not possible, then the defendant goes free instead of being subjected to another trial by a new "jury" of officers.

Majorities Necessary

It takes three-fourths of all attending members of a court martial to sentence a soldier to life imprisonment or to confinement for more than ten years.

Other convictions and sentences may be determined by a two-thirds vote of those members present at the time the vote is taken; and if a two-thirds vote cannot be mustered, that amounts to an acquittal.

Questions other than those concerning convictions and sentences may be decided by a majority vote.

Military law, based upon the articles of war enacted by Congress, provides severe penalties, especially in war time, when desertion or falling asleep at a sentinel post may be punished by death.

Harshness Not Advocated

However, both General George C. Marshall, the army chief of staff, and Major General Allen W. Gullion, his leval advisor, take the position that leadership and consideration—rather than harsh punishment—should be the first reliance of military justice. Commanding officers

Missing Man Is Found Alive

(By The Associated Press)

HOUSTON, Nov. 29—Ray D. Boggess, Houston finance company executive, who had been missing since Sunday morning, has been found alive and well, it was reported here tonight. The report came from R. G. Eubank, operator of a fishing camp at Eight Pass, and Douglas Kinzer, an airplane pilot, at Brownsville.

Landing at the Brownsville airport after a five hour plane search for Boggess in southern Mexico, the two said they had been told the Houston man was on his way to Victoria, Mexico.

He Staggers In

He was expected to arrive in town tonight. Victoria is between Monterrey and Mexico City, and is about 160 miles southwest of Brownsville.

Eubank said he and Kinzer landed their plane this afternoon at La Pesca, a fishing village near the mouth of the Soto La Marina river. This is about 215 miles down the Mexican coast from Brownsville.

There, Eubanks said, several Mexican fisherman told them Boggess had wandered into the village Tuesday night hungry and exhausted and he was fed and put to bed.

This morning he left the village, catching a ride with a Mexican peddler for Victoria.

Boggess was one of five members

Midland Man Killed In Auto Accident

STANTON, Nov. 29. (AP) — H. Davidson, of Midland, an employe of the Texas-New Mexico Pipeline Co., was killed here tonight as the result of a collision on the Bankhead highway and Stanton's main street.

Davidson's car, traveling fast, collided with a southbound car being driven by Dorothy Jean Barfield of Stanton. She was seriously injured. Mickey Heaton and Jesse Spinks were also injured.

Davidson's body was sent to Midland.

Brownfield Woman Dies In Automobile Collision

Mrs. Ridgway Victim; Son Is Injured

Cars Collide In Outskirts Of Terry Town

(Special To The Avalanche)

BROWNFIELD, Nov. 29.—A 61-year-old Brownfield woman was killed and her son seriously injured in a collision of two cars here early tonight.

Mrs. Mattie Ridgway died almost instantly of a head injury when the light coupe in which she and two sons were riding collided almost headon with a sedan driven by H. L. Kruger, about 24, also of Brownfield, Sheriff Ches Gore of Terry county said.

The death was the fourth in three days attributable to traffic accidents on the South Plains.

Has Head Injury

Dreco Robert Ridgway, 24, was in Treadway-Daniell hospital late tonight with a serious head injury. John Ridgway, another son; Bill Webb, a Lamesa man who is working in Brownfield, and Kruger were treated in the hospital for minor bruises and dismissed.

Sheriff Gore said the Ridgway car was almost dismantled by the crash. The engine had been hurled about 50 yards past the accident site, and the wheels were shorn from the chassis.

Kruger's car also was badly damaged.

The sheriff had not ascertained which of the Ridgway men was driving the coupe, which was going west from Brownfield. Kruger, a farmer, was driving east. Driver of the Ridgway car apparently had started a left turn from the highway.

The accident happened about 6:30 o'clock in the west edge of town.

Funerals Not Set

Mrs. Ridgway, who lived with the sons four miles west of Brownfield, had been a resident of this community about four years. She is a widow.

The body was taken to Knight Funeral home. Funeral arrangements late tonight had not been completed but a member of the family said burial probably would be in Brownfield cemetery.

Two other sons, Albert and Otis Ridgway, both of near Brownfield, and three daughters, Mrs. Iva Hutson of Brownfield, Mrs. Clyde Goldston of Tokio and Mrs. Viola Biegels of Colorado, survive.

Sheriff Gore said he would continue investigation of the mishap Friday.

He Is Alive Because Heart's On Right Side

CHICAGO, Nov. 29. (AP) — John Mosley, 19, was alive today because his heart happens to be on the right side.

Stabbed during a quarrel, Mosley was still breathing when brought to the county hospital despite a wound three inches deep in the left side where his heart should have been. Puzzled physicians put him under a fluoroscope and found that his heart was on the right instead of the left side.

Goddard And Chaplin Disclose Wedding

LOS ANGELES, Nov. 29. (AP) — Paulette Goddard of the films disclosed publicly today that she is the wife of Charles Chaplin.

Miss Goddard, who has parried questions on that score numerous times, stated she and the actor-producer are married when she answered a suit filed by her father, Joseph R. Levy, who asked that she pay him $150 a week support.

The actress stated in her answer that her father needs no more than the $25 a week she said she is paying him.

FUNDS ALLOCATED

WASHINGTON, Nov. 29. (AP)—The Works Projects administration notified Representative Thomason (D-Tex) that President Roosevelt had approved an allocation of $51,376 for general improvements to buildings and grounds at Fort Bliss, El Paso. Final disbursement of funds is subject to approval of the Texas WPA administrator.

Texas Steers Snap Aggies Streak And Bowl Hopes, 7-0

By FRANK H. McNAUGHT
Associated Press Sports Writer

AUSTIN, Nov. 29.—Mighty Texas A. and M. came to the end of it's rope today—strangled by an ancient jinx and a magnificent football team.

One fierce thrust in the first 57 seconds of play by their 46-year-old traditional rivals, University of Texas, bagged a touchdown, wrecked the Rose Bowl bound Cadets and paralyzed 45,000 fans.

Only One Threat

It was just that quick, final score: Texas 7, Texas Aggies 0.

Briefly, and shockingly, it was Texas' football game from that first bold surge engineered by Peter John Layden, today one of the finest football players the old southwest has ever put on a field.

Furthermore, these magicians of Dana Xenophon Bible, once the coach of these Aggies himself, used only 12 men to beat a team many thought was the nation's best. One reserve center and tackle trickled into the Texas lineup.

Only once did the Aggies threaten to pick up the thread of their great winning streak that had stretched to 19 consecutive games. That was on a magnificent one-man riot by John Alex Kimbrough, the all-American fullback. He went 63 yards straight downfield on nine carries but the lone Aggie scare petered out on the Texas 12.

The 228-pound Haskell hurricane halted the rock-ribbed Texas line for 101 yards on 20 carries, completed one pass for 15 yards.

Has Kanaka Loudly

The jinx they said this Aggie team could lick—the one that has prevented a Cadet eleven from winning in Austin since 1922 and only three times in 46 years, laughed its loudest tonight.

It cost the Aggies a Rose bowl invitation, may cost them an undisputed Southwest conference title. But there was a strong possibility they would move into Dallas' Cotton bowl classic on New Year's day.

Swiftly, without giving the Aggies much more than a couple of seconds to set their defense, the Texans struck on the first scrimmage play of the game after an out of bounds kick off.

Score On First Run

Leisurely floating back to his own 25, Layden, this marvelous 180-pound Texas fullback, unfurled a 33-yard pass down on the Aggie 34, that Cowboy Jack Crain gathered in just as he toppled out of bounds.

Back to the midfield stripe backed Layden on the next play, this time pegging a low liner 33 yards smack into the right hand corner of the field. There Noble Doss fielded it on the one-foot line and went crashing out of bounds with Kimbrough sprawled over him.

On the game's first running play, Layden bumped over for the touchdown and Crain added the point.

Rousing Triumph

It was the game—and most rousing triumph ever put into musty old Southwest files.

It was the first time the Aggies had trailed in a game since Tulane

Bride Of Few Hours Dies In Auto Mishap

DELTA, Colo., Nov. 29. (AP)—A Fort Worth, Texas, girl was injured fatally last night, a few hours after her marriage, when an automobile crashed into a horse.

Pat Malone of Cedaredge, Colo. the bridegroom, suffered a skull fracture and was reported in a critical condition today. Mrs. Malone, formerly Betty Thompson of Fort Worth died this morning at a Delta hospital.

State Highway Patrolman Leonard Smith said the Malones were married yesterday afternoon at Moab, Utah.

Riding with the Malones when the car crashed into the stray horse five miles south of Delta were Mr. and Mrs. La Vaughn McBride, 18, both of Delta, and Frank Hatfield, 18, of Delta, driver of the machine.

The McBrides and Hatfield escaped serious injury.

WORKER KILLED

BROWNWOOD, Nov. 28 (AP) — Waldo Swindle, 22, of Comanche, employe at Camp Bowie here, was killed today when his car and a gasoline truck were in collision 17 miles northeast of here.

ALMAZAN CALLS "POLITICAL STRIKE"—Gen. Juan Andreau Almazan, shown at right as he boarded a plane for Mexico City at Brownsville, Texas, asked his supporters to suspend all political activities "so full responsibility for the situation may fall on the men in power." Almazan, defeated Mexican presidential candidate, had been in New York for several months. (NEA Telephoto).

Aid For European Children Considered By Red Cross, Government Authorities

By J. C. STARK
Associated Press Staff Writer

WASHINGTON, Nov. 29.—Measures to alleviate suffering among European children this winter are being considered by government and Red Cross authorities, it was learned tonight after a long White House conference on the foreign relief problem.

The plan, calling for the shipment of canned milk, medicines and similar supplies to parts of Europe for the relief only of children, was described in informed quarters as still being in the tentative stage.

Unoccupied France and Spain were believed most likely to benefit at first if the plan became effective.

The undertaking was said to depend largely on whether British authorities would permit the supplies to pass through the blockade of the European continent.

It was emphasized in informed quarters that there was no present intention by authorities here to attempt a large-scale European feeding program such as Herbert Hoover and others have been advocating for the relief of inhabitants of German-occupied countries.

Given assurance that only limited supplies of canned milk and similar items would be sent and distributed to children under strict Red Cross supervision, British agreement to the plan was considered possible, especially for Spain and unoccupied France.

Conferences Held

At the White House conference with President Roosevelt today were Secretary of State Hull, Chairman Norman Davis of the American Red Cross, and Thomas W. Lamont, New York banker.

Davis said afterward that they had reviewed the whole problem of European relief but that no decisions were reached and none was imminent. They discussed, he said, "what ought to be done and what is being done."

The Red Cross authorized an allotment of $175,000 in medical and clothing relief for the Greek Red Cross today. This is in addition to $40,000 previously allotted.

At Least Seven Die In Blast

(By The Associated Press)

YAKIMA, Wash., Nov. 29.—A death-dealing explosion followed by fire ripped a large warehouse asunder at Toppenish, Wash., today, killed at least seven persons and left an untold number of others buried beneath the ruins of five stores in the plant.

The blast was believed caused by gas which had collected in the warehouse basement or by dynamite stored there.

The dead were tentatively identified as:

Catherine Jahuke.
Charles Knapp, 72.
Mr. and Mrs. Fred C. Cline, operators of a merchandise store.
Patrick R. Oldfield.
Vernon Ramsdall.
Bill Duncan.

Headless Body Found

Two other bodies, one headless, were taken from the ruins. (All identified).

About 12 persons were injured; six were taken to hospitals in serious condition.

The blast reduced the two story, 250-foot long warehouse to rubbish. Destroyed in the warehouse were a merchandise store, a real estate office, barber shop, beauty shop, produce company office, and a cafe.

The explosion apparently occurred in the center of the building. The roof collapsed and the four cement walls crumbled.

Fire broke out almost immediately and raged uncontrolled for two hours.

The explosion occurred about

Aluminum Company's Strike Is Settled

NEW KENSINGTON, Pa., Nov. 29. (AP)—CIO workers at the Aluminum company of America plant were voted tonight to end a week-long strike which stopped work on several big national defense orders and made 7,500 employes temporarily idle.

The strikers are to return to work tomorrow at 6 a. m. (CST).

Under the agreement a $27-a-week worker blamed by the union for causing the walkout because he threatened a committeeman attempting to collect $12 in back dues, will be transferred to the Logans Ferry plant of the company.

Liverpool Said Left In Flames By Nazi Airmen

Italian Seapower Suffers Blows At British Hands

(By The Associated Press)

GERMAN sources claimed early today that the Great British port of Liverpool was left "burning" by a gigantic overnight bombing attack which the British themselves acknowledged was severe.

Britain took cheer, however, from an admiralty account of having struck stern new blows at Italian seapower by damaging a new Fascist battleship, four cruisers and two destroyers in a running fight in the Mediterranean Wednesday afternoon.

Hundreds Of Planes

Coming by the hundreds, German planes were said by Berlin sources to have left the docks, warehouses and factories of Liverpool in flames.

In acknowledging a punishing raid, the British said anti-aircraft defense confined the damage chiefly to house property. A few deaths were reported.

British details of the Mediterranean clash with the Italian fleet followed Rome's claims earlier yesterday of damage to two British cruisers and a battleship in the air-sea action off Sardinia.

The versions agreed in only one respect—both credited air arms of the fleet with playing vital roles.

New Ship Said Hit

The British said an aerial torpedo hit a new battleship and the Italians asserted bombs struck a British aircraft carrier, battleship and cruiser.

Each power claimed to have forced the rival fleet to swift retirement.

In the war-beset Balkans, Greek sources claimed the reinforced Italian army was fleeing up the Albanian coast to climax a four-day battle while a communique from Rome declared that Italian troops had "set loose counter-attacks at various points which were crowned with success."

Situation Worse

Elsewhere in the Balkans the situation grew more tense. The increasing terror of the Iron Guard brought additional German troops to Bucharest, Rumania's capital.

Nazi troops came from as far as 65 miles away to patrol the capital as the Iron Guard added to the purge of more than 64 former officials of ex-King Carol's regime the assassination of former Premier Nicolai Jorga.

Greek sources acknowledged that Italian forces were counter-attacking in some sectors but said captured prisoners "disclosed the magnitude of the Italian disaster."

There was no official announcement of the fate of Argirocastro

(Turn to Page 10, Column 1, Please)

Power Plant Rocked By Two Explosions

TACOMA, Wash., Nov. 29. (AP) — Two terrific explosions of mysterious origin today destroyed the du Pont powder plant's black powder mill on the edge of the nearby Fort Lewis military camp. No one was killed or injured.

The blasts occurred when machinery to run the mill was started by remote control from an isolated building. Earthworks prevented damage to nearby structures.

The explosions were so terrific that windows were broken in a schoolhouse 14 miles away.

A company official said "we have no way of knowing what caused the explosion, but we have no reason to believe it resulted from sabotage." The du Pont plant was not working on national defense orders, officials said. A preliminary estimate of $5,000 damage was announced by officials.

SUSPECT NABBED

LOS ANGELES, Nov. 28 (AP) — James J. Morrison was arrested by postoffice inspectors here today on a Santa Fe, N. M., indictment charging mail fraud. Inspector E. D. Chance said others named in the indictment have been convicted in connection with the sale of New Mexico oil leases.

Habeas Corpus Writ Sought By Jackson

Attorneys for Kenneth Jackson, wanted in Lubbock for the Jan. 27, 1938, robbery of A. H. Maas, instituted habeas corpus proceedings Thursday to keep Sheriff Tom Abel of Lubbock county from returning the prisoner here.

Sheriff John F. Loustalot of Bakersfield, Calif., informed the sheriff department here a writ had been obtained, J. P. Posey, chief deputy sheriff, said.

A writ of extradition had been obtained Wednesday from Gov. Culbert Olson of California by Sheriff Abel. The sheriff probably will not leave California until today, the wire stated.

Newspaperman Dies At Grand Prairie

DALLAS, Nov. 28 (AP) — Funeral services will be held at Grand Prairie Saturday morning for W. A. Brundage, 68, editor of the Grand Prairie Texan who died Thursday while at work.

The veteran of more than 50 years of newspaper work had worked on papers at Waxahachie, Weatherford, and Laredo.

Almazan Followers Attempt To Storm American Embassy

(By The Associated Press)

MEXICO CITY, Nov. 28—A crowd of some 500 Mexicans, shouting "Viva-Almazan—Down with Wallace!" tried to storm the outer doors of the United States embassy tonight and then scattered before the tear gas guns of motorcycle policemen just as Henry A. Wallce, vice-president elect of the United States, arrived in the capital on an official visit.

The military and naval attaches of the embassy, Col. Gordon McCoy and Commander Wallace Dillon, reported they were cuffed about by the milling crowd but required no treatment for injuries.

No attempt was made to molest Wallace, who is here for the inauguration next Sunday of Mexico's president-elect, Manuel Avila Camacho, administration candidate who defeated General Juan Andreu Almazan last July 7.

However, it finally took the motorcycle escort which had brought Wallace here from Zimapan, to break up the demonstration.

At Zimapan, Wallace had told a large group of Mexican officials that "our being united in true understanding will contribute a powerful influence to fortify this hemisphere as a sure haven of peace and culture where democracy will always live."

Wallace and his party appeared to have escaped a serious encounter with the Almazanistas because the crowd had gathered at the embassy instead of at the residency, which is around the corner.

Wallace Honored

At the residency, Wallace was honored at a brief welcoming ceremony by girls in gay native costumes.

Entering the building at 6:46 p. m. Central Standard time, Wallace coolly gave the impression that he was scarcely aware of the noisy commotion a little distance away, although it could be heard within the residency.

Seating himself in the living room, he began reading telegrams of welcome from friends and officials of the United States and Mexico.

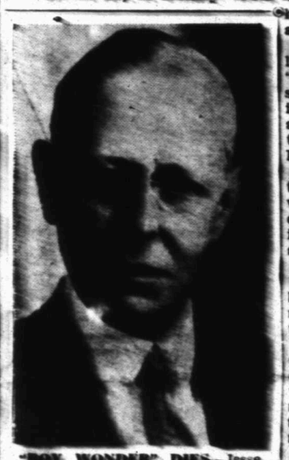

Embassy officials said they had learned that during the day leaflets were distributed throughout Mexico City, calling on Almazan followers to gather for the demonstration at the embassy.

Reason Is Given

General Almazan, in renouncing his claim on the Mexican presidency Tuesday night, said he did so because the United States had recognized his opponent, Avila Camacho, and was sending Wallace to the inaugural. Alamazan insisted that he had won the election but was withdrawing in the interests of peace and quiet.

The throng, which had been waiting outside the embassy for some time, began its demonstration as the official party, including Wallace and U. S. Ambassador Josephus Daniels, drove past on the way to the resi-

(Turn to Page 10, Column 7, Please)

"BOY WONDER" DIES—Jesse L. Livermore, 62, the one-time "boy wonder" of Wall street who parlayed $10 up to $10,000,000 and then went bankrupt four times, was found shot to death late Thursday in the Sherry-Netherland hotel and police said he had killed himself, according to an Associated Press report from New York.

Witnesses Ask New Air Lines

(By The Associated Press)

WASHINGTON, Nov. 28. — Six witnesses, appearing before a Civil Aeronautics board examiner, testified today there was a need for additional service between Texas cities and between Southern Texas and Los Angeles.

They appeared in behalf of Transcontinental & Western Air, Inc., one of four companies seeking permission to establish new routes to Texas cities.

Route Through Lubbock

TWA asks authority to fly between Houston and Amarillo, via Lubbock, and from Austin and Dallas to Abilene.

J. S. Whythe, secretary of the Southern California Floral association, said 16,000 pounds of flowers were shipped from Los Angeles and Southern California to Texas last year and direct, fast air transportation was needed to southern and eastern Texas cities.

R. R. Pinckney, Amarillo meat packer, said his firm wanted the service, particularly to Lubbock and Abilene.

Would Be Beneficial

W. D. Hamilton, executive of an Amarillo oil company, said company employes would make many trips by air that they now make by automobile.

J. Kirby McDonough, Dallas cotton gin machinery manufacturer, said employes of his company would use air service to Lubbock and Abilene.

J. E. Foster, jr., Fort Worth mortgage company head, and C. R. Pennington, who has business interests in Abilene, Amarillo and Austin, testified TWA's proposed service would be beneficial to their companies.

John Cudahy Resigns To Write A Novel

WASHINGTON, Nov. 28. (AP) — John Cudahy, of Milwaukee, resigned orally to Presiden Roosevelt today as ambassador to Belgium.

Cudahy said he intended to devote his time to writing, particularly a novel about Poland, where he served as ambassador from 1933 to 1937 when he become minister to the Irish Free state.

He took over the Belgian post January 15, 1940, and remained there for two months after the German occupation. He left July 18 when the Germans ordered diplomatic representatives out of the country.

Cudahy arrived in this country August 13. Since then he has written several articles defending King Leopold's capitulation to the Germans. He also took part in the recent presidential campaign.

TO GO TO MIAMI

NASSAU, Bahamas, Nov. 29. (AP)—An informed source said today the Duke and Duchess of Windsor probably will go to Miami next month in order that the duchess may enter a nursing home to undergo a dental operation.

Weather

WEST TEXAS—Cloudy south portion, partly cloudy north portion Friday. Saturday decreasing cloudiness. Little change in temperature.

NEW MEXICO — Partly cloudy south portion Friday. Otherwise fair Friday and Saturday. Little change in temperature.

LOCAL WEATHER

United States Weather Bureau, Texas Technological College, Station. Barometer at midnight, 26.01 inches. Temperature at midnight, 64 degrees. Wind, west-southwest, 7 miles. Clear. Ceiling, unlimited; visibility, 15 miles. Maximum temperature yesterday, 66 degrees. Minimum temperature, yesterday, 32 degrees. Sun rises, 7:32, min. 8:48, p. m.

A New Angle In Panhandling Attempted But Fails; Beggar Asks Nickel To Feed Pooch

(By The Associated Press)

DALLAS, Nov. 29—Something new in panhandling was reported Thursday by Judge John A. Rawlins and County Chairman Murrell Buckner.

A seedily-dressed individual shuffled up to the two officials.

"Now listen bud, I'm not going to give you any money, but if you're hungry I'll buy you something to eat," Mr. Buckner told him.

"Naw, I ain't hungry," the panhandler retorted. "But I'd like to bum a nickel to buy my dog a can of dog meat," he added, indicating a flesbitten pocin at his heels.

He didn't get the nickel.

Instead Of Brakes, She Must Have Stepped On Accelerator; Woman Takes Wild Ride

(By The Associated Press)

CHICAGO, Nov. 28—When Miss Hazel Olson shoved on her brakes today for a red light on a busy drive along Lake Michigan, her automobile—

Jumped the curb; slid across a sidewalk; angled over a grassy stretch; slipped through a five foot hedge opening; bounced down a flight of ten steps; skidded across another sidewalk; bumped down three more steps and dropped into the lake, coming to rest on a sunken rock.

Miss Olson was able to open the door of her submerged car and park policemen came to her rescue with a life preserver.

He Was Not Listed, So Is Minus Salary

WASHINGTON, Nov. 28. (AP) — John Snure, jr., took a job on September 1 with the selective service system at $3,200 a year.

In the middle of October, Snure wanted to know why he didn't get a pay check.

Reporting that, under the law, nothing could be done about it, Comptroller General Lindsay C. Warren disclosed today that the reason was no one had thought of entering Snure's employment on the books.

Italian Command Claims British Vessels Hit

Two Accounts Contradictory

(By The Associated Press)

ROME, Nov. 29.—The Italian high command related its own story today of the first engagement between heavy British and Italian naval forces in the Mediterranean and listed two British cruisers damaged by shells and three other British warcraft, one a battleship, bombed from the air.

The battleship was described as "stopped with a fire aboard." An aircraft carrier and a cruiser also were reported bombed.

Italy's casualties, a communique said, were: the 1,620-ton destroyer Zeno, "seriously damaged," and the Italian cruiser Fiume, 19,000 tons, struck by shell which failed to explode.

South Of Sardinia.

The Italian announcement was preceded by a British communique, evidently of a preliminary character, which said merely that a considerable Italian naval force had been engaged at extreme range and had retired "at high speed" toward home. Included in the Italian force, the British said, were two battleships. The British have claimed the crippling of three of Italy's six battleships by aerial torpedoes at Taranto on November 11, but the Italians have asserted that only one of their warships was badly damaged in this raid.

The Italian communique placed the scene of the battle as south of Sardinia, the time, yesterday afternoon.

The British squadron came out of the west, moving apparently toward Egypt, Greece or Turkey. It was described as "several battleships, an aircraft carrier and numerous cruisers."

"Engaged in combat, our ships hit and damaged for certain a cruiser of the Kent type (10,000 tons) and a cruiser of the Birmingham type (9,200 to 9,400 tons)," the communique stated.

Planes Said Downed.

"... While the enemy was speeding away toward the southeast after the firing had ceased it was overtaken about 200 milometers (120 miles) from Sardinia by formations of our S79 bombers, escorted by fighter planes. The aircraft carrier, a battleship and a cruiser were hit by heavy caliber bombs."

Seven British planes were shot down in the two engagements, the Italians said; two Italian planes were lost.

The high command had good news of the Greek campaign; reported successful counter-attacks by General Carlos Geloso's elevenths army "at various points."

Three British steamers in a strong convoy in the Red sea were reported to have been sunk two days ago by the Italian submarine Galileo Ferraris.

POLES FALL ON AMARILLO HOUSES.—Weighted by sheaths of ice, many communication and power line poles were snapped by Amarillo's great ice storm. Here's a scene in one of the residential sections where they hit housetops.

Zoning Map Will Be Studied Today

When the city commission meets in postponed session this afternoon the large city map which forms part of the long-discussed city zoning ordinance will be ready for inspection, officials said Friday.

The map, which is approximately five feet square and is framed under glass, has been hand colored in the city engineering department so as to display the zones in which all portions will fall if the ordinance is adopted as expected.

Three Readings Necessary.

Three readings at different meetings of the commission will be required to make the adoption final.

The map discloses two minor changes in the zones agreed upon by the commission after public hearings last summer.

One affects the south side of the 2400 block on Nineteenth street between Avenue X and College avenue. The original agreement was to place that portion of the block in the most highly restricted residential zone. Property owners since have asked that it be included in the retail business zones proposed for all the remainder of Nineteenth between Texas and College avenues.

The other revision from the agreement of last summer proposes to place the portion of Broadway between Avenues S and X in an apartment house-residence zone instead of the modified retail business zone contemplated. All the remainder of Broadway, including the block between Avenue X and College, is designated for business.

SWING'S THE THING AT 78.

ALLIANCE, O. (U.P.) — Who said swing music was for young people only? Philip A. Gabele, 78, thinks swing's the thing, and Gabele's been a musician for 60 years. He mastered nine instruments without instruction and played his cornet across the nation and back in the gas-lit era.

Scout Leaders To Be Honored

Eleven men who completed a leadership training course in First Methodist church recently will be awarded certificates at the monthly Boy Scout court of honor in 99th district courtroom tonight at 7:30 o'clock, according to Clarence Whiteside, training chairman.

They are E. M. Barnett, Sam Lefeste, W. Jack Lewis, E. V. Hicks, V. A. Cross, Bates Witt, W. C. Cole, Watson Wilson, J. B. Rountree, R. L. Hooten and Whiteside.

Approximately 75 Boy Scouts also are scheduled for advancement in the court of honor, over which J. B. Reynolds will preside.

The boys follow.

Boys Are Listed.

Tenderfoot—David Hester, Dick Markham, John Ed Parkinson, Randall Kearney, Elton A. Renfroe, Alvie Lee Tucker, John Koonce, Dick Mitchell, Dick Lindley, Calvin Thomas and Bradford Boyd.

Second class—Dennis Patterson, Jimmie Ray Privett, Billy Jack Hunt, Robert Colliers, Dwayne Jones, G. W. Taylor, Buddy Cammack and Charlie Graham.

First class—Mickie Sweeney, Billy Holman, Billy Taylor, Elmer Lee Hurley and Jesse Robertson.

Merit badges—Ted Forsythe, Jim Lowery, Raymond Nolen, Maury Kelisky, John Moss, James Cagle, Edwin Coxby, Gail Hudson, Maurice Hood, Gene Lanford, Howard Lanford, Berry Loffland, Amos Mills, Leslie Morrisset, Andy Murrey, Charles Neff, Kenneth Pharr, Marshall Rhea, Edwin Roberts, Douglas Roy, Charles Kelly, Jack Parks, Burl Moore, Fred Beasley, Lawrence Beich George Bragg, Charles Brown, Charles Joe Collier, Billy Crawford, Bobby Crawford, Jerry Crawford, Willard Edgett, Maurice Green, Jimmy Kennedy, Henry Klein, Fred McDonald, Joseph Patton, Howard Schmidt, John Spikes, Bob Williams, Jimmie Williams, Joe Ross Berry, Wayne Cobb, Noel Ellis, Sedley Levy, Windell Melton, C. Earnest Robertson, Donnie Sanders, J. E. Weir, W. P. Weir, Billie Bell, Roy Grimes, Pat Thurman, A. C. Griffin, Bill Griffin, Bates Witt, jr., Lee Holt, Harry Lemire, Kenneth Davidson, Q. D. Hallmark, Tommy Hood, Foy McMaster, Jesse Robertson, W. L. Rutledge, Royce Gene Hurley, Billy Frank Skipper, Billy Troy and Maurice Hood.

Star—Charles Neff, Charles Kelly, Paul Stevens, Robert C. Hurst and Paul Turpin.

Life—Edwin Lee Roberts, Kenneth Pharr and Foy McMaster.

Civic service awards—Bobby Taylor, Andy Murrey, Willard Edgett, Paul Stevens, Bates Witt, jr., and Kenneth Davidson.

Mineral Wells Trying To Absorb Increase In Population Of 28 Per Cent; Defense Program Furnishes Boom For Resort City

By ARNOLD DIBBLE,
United Press Staff Correspondent.

MINERAL WELLS, Nov. 28.—This city of normally 7,500 souls today rode the crest of a business boom and tried to absorb an overnight population increase of 28 per cent.

Mineral Wells' boom is due almost solely to the national defense program. Camp Wolters, two miles east of the city, was recently designated as a reception center in the draft program.

To Billet 12,000 Troops.

Six million dollars will be spent by the federal government on this camp which will billet 12,000 troops when complete.

Not since a west Texas pioneer of the last century nursed his ailing wife back to health with the rich mineral water lying beneath the town and brought about the settlement of the community, has Mineral Wells enjoyed such prosperity.

In a scant few weeks the population here increased from 7,500 to 10,500.

Long-vacant buildings have blossomed into bustling cafes and drug stores.

Demand For Living Quarters.

There is such a demand for living quarters that two new residential additions to the city were being planned by real estate promoters. Plans already were drawn for more than 75 new homes.

Chamber of Commerce Manager Paul Ord found—to his dismay—that even he couldn't keep up with the city's growth. He told visiting reporters that there were four new restaurants. A short time later he learned that the number had increased to six.

Laborers In Demand.

Even the chamber of commerce has felt the boom. This organization added an extra clerk to its staff. That made four.

Ord emphasized that the city would grow much more rapidly if labor was available. Camp Wolters demands most of the suitable labor. Skilled laborers work for a premium.

Old store buildings have been converted into apartment houses. Many workmen, however, still sleep in tents, cars, trailors, and makeshift shacks until they can find living quarters.

Two Cities Springing Up.

Really the growth of Mineral Wells is the "tale of two cities". Near the Army post an almost completely new city is springing up. No less that 15 buildings already comprise the community—cafes, hotels, recreation halls, miscellaneous stores. All still are under construction.

Along with the advantages of a business boom are the disadvantages—squint-eyed promoters, hot-check artists, petty thieves, party girls and the like.

Ord said most of the evils were under control.

Washermen in Malaya have established such low laundry prices that electric washing machines cannot get a toehold in the country.

Ickes Says Cyrus Eaton May Establish Paper

WASHINGTON, Nov. 29 (AP)—Secretary Ickes made public at his press conference today a letter from Cyrus S. Eaton, Cleveland financier, commenting on "your recent suggestions for a reconsideration of the role the press should play in a democracy."

The suggestions, Eaton said, "are of particular interest in the light of the election returns in Cleveland." President Roosevelt, he added, "polled 60 per cent of the Cleveland vote, although all three of the local dailies agitated constantly on behalf of the Republican nominee for months before the election."

"The feeling here is so acute," Eaton wrote, "that some action seems likely to be taken to supply the deficiency. Perhaps that is the only remedy for other parts of the country where the same problem exists, unless the newspapers have some solution of their own to offer."

Ickes said that Eaton might be in favor of buying or establishing, through his financial interests, a publication of his own in Cleveland. Eaton is connected with various steel interests and with company financings.

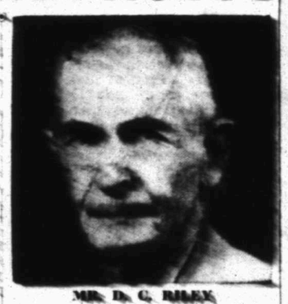

Under Japan's new system of rationing towels, newlyweds, bachelors and spinsters will get none.

ROLLED AND TUMBLED ALL NIGHT; NOW I CAN SLEEP; I THANK HOYT'S

Seventy-year-old Mr. D. C. Riley, 2001 22nd St., is another well-known Lubbock resident who has found such great relief in Hoyt's Compound that he wants to tell the world about it. Mr. Riley, like many others, called on the Hoyt Man, a special laboratory representative at the Mark Halsey Drug Store, and learned of the benefit this modern liquid extract of medicinal roots and herbs has given to thousands throughout the country. Then he, too, tried Hoyt's Compound. Following is the statement Mr. Riley voluntarily gave: "I was bothered for four years with nervousness and sleeplessness due to constipation. I couldn't get a good night's rest. I would roll and tumble all night long. I couldn't seem to find a medicine that would keep my bowels regular.

"I read about Hoyt's Compound, and tried it. Even after the first dose or two I could see results. Now my bowels are regular. I am much less nervous. I sleep well, feel 100% better. Hoyt's Compound has done a fine job for me, and I am glad to recommend it."

SUFFERERS: Try Hoyt's Compound today! Just as Mr. Riley was brought relief, we believe that you, too, may be helped. If you are nervous and run-down, if you suffer from indigestion, gas, bloating, belching, aches and pains, constipation, we suggest that you visit the Hoyt Man, now at the Mark Halsey Drug Store, and let him explain the action of this scientifically compounded liquid medicine. Hoyt's Compound is also recommended and sold by all other druggists in this area.—Adv.

MR. D. C. RILEY.

Jaysonized collars licensed under celanese patents.

Dress Up In A New Hat!

The Ten Million Dollar Stetson

It's called the "Playboy" . . . $5! Over 2,000,000 men have put more than $10,000,000 across the counter for this one hat! Why? Because here's a lightweight that can be creased and worn any way you like it . . . it goes smartly with your sport tweeds, your business worsteds, your dinner jacket! And it comes in many attractive shades. Priced lightly, too, $5.

Man Dies In Burning Truck

(Special To The Avalanche)

MATADOR, Nov. 29.—Funeral services will be conducted in Sudan today for William S. White, 35, of Muleshoe, who died in the flames of a burning gas and oil truck early this morning.

The victim was cremated shortly after midnight when the heavy six wheel trailer-truck he was driving struck highway embankment guard posts and plunged approximately 25 feet over a culvert into a canyon—a mass of tangled, burning wreckage. Highway patrolmen and citizens of the area, who went to the scene of the tragedy were unable to remove the charred remains of the driver until daylight because of the heat from the still smouldering wreckage.

Believed Asleep.

Observers surmised that White had fallen asleep, allowing the truck to skid against one of the wooden posts, thus losing control. Site of the crash was on a straight-away portion of the highway shortly after a dangerous curve had been negotiated.

Small cans of oil carried on the truck were hurtled 100 yards ahead of the scene of the crash. Investigators, who had to scramble down into the canyon-like cranny where the trailer portion of the truck had landed right side up, reconstructed the tragedy as follows:

Reloaded At Wichita Falls.

Williams had reportedly refueled and reloaded at Wichita Falls about 8 o'clock last night and started his run back to the South Plains. Shortly after passing the dangerous curve, scene of several serious accidents the past few years, he probably dozed off, allowing the wheels to "kiss" the highway banister guard thus throwing the truck out of control. The heavy vehicle skidded and crashed through about five of the posts ripping away the steel ribbon which they support, then plunged some 25 feet down an embankment catching fire.

Parts Of Skull Visible.

Douglas Meador, editor of the Matador Tribune, who rushed to the scene of the crash described the scene as one of the worst such accidents in the history of the section. Parts of the victim's skull and ribs were visible as was a portion of a broken arm, the flesh having been burned completely off those portions of the body.

Williams is survived by a wife and three children.

Capacity Was Large.

Meador said that the truck had a capacity of approximately 1,100 gallons of fuel. Soon after the accident occurred, a passing motorist brought word into Matador and the town's chemical fire truck was rushed to the scene.

Williams was employed by J. C. Holt, Muleshoe distributor for Panhandle Refining company. Holt was here early today to aid in the identification of the victim.

According to Meador, apparently half the contents of the heavy load was gas, the other half oil or coal oil—all divided into the compartments of the trailer portion of the truck. One of these either had exploded or opened to allow the liquid to run out, furnishing most of the fuel for the fire. Parts of the tires and other portions of the truck were burned crisp, it was said.

Top of a 30 foot telephone pole at scene of the accident was burning when investigators reached the scene an hour after the crash. But strangely enough, remainder of the pole was unscathed.

South Africans have surrendered 100,000 rifles to the government.

Cleveland Man Charged In Violating Draft Law By Advising Registrant To Evade The Selective Service Act; Requiring $10 Fee

(By The United Press)

CLEVELAND, Nov. 29.—Lonne D. Clippinger, 60, Cleveland, was held by federal authorities today on charges of violating the selective service law by advising a registrant to evade the draft.

Clippinger, arrested by federal bureau of investigation agents, pleaded innocent before U. S. Commissioner R. D. Nicola, and was placed in jail when he failed to raise $2,000 bond. He will be given a preliminary hearing tomorrow.

Assistant U. S. District Attorney Francis B. Kavanaugh said Clippinger advised Paul van Dusen, 33, Barea, Ohio, a registrant, that by payment of a $10 fee he could become a member of the "World Justice Foundation," and avoid the draft.

Van Dusen, according to officials, received from Clippinger a card which said:

"No member of the World Justice Foundation will ever be conscripted into the Army, Navy, Marines or air force of the U.S.A. If any member disproves the above they will be paid $5,000 by the World Justice Foundation.

Employment Problems Will Receive Study

WASHINGTON, Nov. 29. (AP)—A new committee appointed by the defense commission to study means of stabilizing employment in the nation's shipyards will hold its first meeting here next Thursday.

A similar committee soon will be set up for the aircraft industry, the defense commission said.

Membership of the shipbuilding committee, announced by Sidney Hillman, defense commissioner in charge of labor problems, included P. A. Liddell, representing Gulf Coast shipyards.

Pre-Christmas Baking Is Just As Important As Early Holiday Shopping

The Woman's Angle
By Margaret Hubert

WHO can remember the good old days when there was opposition to rural free delivery because of fears it would "break" the government.

• • •

SUGGESTED GIFT

FOR a "little" gift, meaning the kind you enclose with your Christmas card or tuck into the toe of the stocking, what's nicer than a gay handkerchief of pure Irish linen? Especially if you can plan on a color to match some other accessory—the recipient's favorite hat or scarf, gloves or bag. And you can, because there are from 35 to 40 different colors to choose from, pastel to bright, light to dark.

• • •

COOKING VERSION

LUBBOCK deer hunters are bringing home venison and many wives do not know how to properly prepare it. The results often are anything except palatable. The following recipes, served to us by the Avalanche-Journal sports department, are tested and approved by members of the Texas Game department.

Venison is a dry meat. The Fernandez family recipe, which is famous in the Rio Grande valley, overcomes the dryness. A roast, or an entire leg is prepared for roasting by making numerous deep slits in it. Into these are thrust pieces of ham or bacon which have been rolled in pepper and salt. The meat is then seared and placed in a roaster. A bay leaf or two and cloves are placed on top. The top of the roast is then well moistened with orange juice or a combination of citrus fruit juices and juice is added in quantities sufficient to keep the roast from drying out. It is simmered in a slow oven until tender. The juice imparts a decidedly different and delicious flavor to the venison.

Venison steaks are best when fried rare. The Tucker recipe calls for the steaks to be cooked in very hot fat, deep enough to cover the steaks. Too many steaks should not be cooked at once because that will cool the grease and cause the steaks to become sodden. Sear a half minute on both sides and remove to hot platter.

AID IS SOUGHT

MRS. R. W. Amick and Mrs. Lois Lively who are directing the Lubbock county war relief production, under Red Cross sponsorship, at 1712 Thirteenth street are asking for cooperation from women in cutting out garments to be sent to the needy. Knowledge of sewing is necessary; anyone who can yield a pair of scissors is welcome they say.

Sewing societies or other groups who are willing to sew the garments up may telephone either Mrs. Amick or Mrs. Lively at 3887-J or 3503-W. Cutting out hours are between 1 and 5 o'clock.

The headquarters needs several articles to make it a homelike place but first of all the women are asking the loan of a ping-pong table, since that table is just the right height for their work.

Mrs. Amick said Thursday she realizes this is the time of year when women will plead they are busy with their Christmas planning but she would remind them of the unfortunate victims of war, of floods, and of other disasters who must be clothed. She thinks one might acquire a little of the Christmas spirit were she to volunteer her services at the Red Cross workshop headquarters. We hope she gets an encouraging response.

• • •

HAS PERSIAN CAT

Mrs. Allan Hill, telephone 2455, has a little white Persian mama cat she wants to give away. She feels there is a little girl in Lubbock who will appreciated the animal. Telephone Mrs. Allan or call by if you want the cat. The gift will be to the first to arrive.

• • •

REQUESTS RECIPE

DO YOU know how to make brownies without using chocolate? The recipe calls for brown sugar. That seems as impossible to us as Amarillo without the Sandies or crooning without Bing Crosby but the caller is sure that her daughter ate some brownies recently, made without chocolate and decidedly delicious. Come to our rescue, please.

Season's Goodies Can Be Packed

By LOUISE BENNETT WEAVER
Associated Press Staff Writer

The season for goodies has rolled around again. Back with as much popularity as ever are the fruit cakes, frozen cookies and other tidbits. They're not much trouble to make, and keep a long time. And since it's time to start Christmas baking, here are some selected recipes.

Fruit Peel Loaf

Carrying out the Yuletide spirit in true style is CANDIED FRUIT PEEL LOAF, a cake superlative in flavor. Cream 2-3 cup fat with 1 1-2 cups of granulated sugar until soft and fluffy. Add 3 egg yolks, 1 tablespoon grated orange rind, 1-2 teaspoon salt, 1 teaspoon lemon extract, 1 cup strained orange juice, 2 1-2 cups pastry flour and 2 1-2 teaspoons baking powder. Beat 2 minutes and then lightly fold in 3 beaten egg whites and 1-2 cup chopped candied orange peel. Pour into a loaf pan, lined with heavy waxed paper, and bake an hour in a moderate oven (350). Cool the cake, wrap in waxed paper, and store in a covered stone jar, if available, in a cool place. This cake, ripens upon standing. Cut in thin slices. It's grand with holiday beverages.

To Keep Away

These PEANUT STRIPS keep well-flavored and moist upon standing. Cream 1-2 cup butter until soft, add a cup of dark brown sugar, teaspoon vanilla, 1-3 teaspoon salt and 2 eggs. Beat 2 minutes. Add 1-4 cup cream, 1 cup flour, 1 teaspoon baking powder, and 2-3 cup of shelled roasted peanuts. Pour into a shallow pan lined with waxed paper and bake 30 minutes in a moderate oven. While warm, cut in strips and roll in confectioner's sugar. Pack away in a covered box.

For A Big Hit

These BROWN SUGAR DROPS will make a big hit. You might make up some extras as gifts to the bachelor maid or some busy homemaker. Cream a cup of fat (part butter for fuller flavor), add 2 cups dark brown sugar, and beat well. Then add 3 eggs, 1 teaspoon vanilla, 1-2 teaspoon salt, 1-4 cup cream (sweet or sour), 1 1-2 teaspoons cinnamon, 1-4 teaspoon cloves, 1-5 cup molasses and a cup of coarse chopped nuts. Beat 2 minutes and add 5 1-2 cups flour, 1 teaspoon soda and a teaspoon of baking powder. Chill 24 hours or longer. Drop portions of dough from a spoon onto a greased baking sheets. Press nuts on top of each for decoration and bake 10 minutes in moderate oven. Cool and tuck away for holiday keeping.

Chocolate Choice

No holiday fare is complete without chocolate in some form. These CHOCOLATE COOKIES will do nicely. Cream 2-3 cup fat with 1 1-2 cups granulated sugar. Add 4 squares chocolate, melted, and 2 eggs, 2-3 cup chopped dates, 1 teaspoon vanilla, 1-3 teaspoon salt, 1-4 teaspoon cinnamon, 2 tablespoons milk, 3 cups flour and a teaspoon of soda. Chill the dough and drop portions onto greased baking sheets. Flatten and sprinkle with chopped nuts. Press well into the dough. Bake 10 minutes in a moderate oven.

FRUIT BARS keep fresh a long time. Beat 6 eggs and add a cup each of light brown and granulated sugars. Beat until frothy and well blended, then mix in 2 teaspoons vanilla, 1-2 teaspoon salt, 1 cup each chopped dates, figs and nuts, 2 cups flour and 2 teaspoons baking powder. Pour into shallow pans lined with waxed paper. The dough should not be more than 2-3 inch thick in the pans. Bake 25 minutes in a moderate oven. While warm cut into strips and roll in spiced granulated sugar. Pack away in a tightly covered box.

Deadlines Announced For Sunday Stories And Social Calendar

THE SOCIETY DEPARTMENT OF THE AVALANCHE-JOURNAL OBSERVES THE FOLLOWING DEADLINES FOR THE SUNDAY EDITION: SOCIAL CALENDAR ITEMS MUST BE CALLED OR BROUGHT IN BY NOON TODAY AND STORIES OF EVENTS HAPPENING NOT EARLIER THAN TODAY ARE TO BE BROUGHT OR CALLED IN BY NOON SATURDAY.

Luncheon Is Served To Club Members

An all-day meeting was held by the Carlisle Needle club Thursday and a covered dish luncheon was served at noon. Hostess was Mrs. R. L. Adamson. Plans were made for a Christmas party, Dec. 12 at 2 o'clock with Mrs. J. W. Randolph.

Members attending were Mesdames J. A. Bennett, Ed McCrummen, L. V. Rea, C. B. Bond of Ropesville, J. E. Hinson, C. Dean, W. F. Price, Randolph, J. W. Bush, Minnie Peazell and R. B. Bailey of O'Donnell, a guest.

Jerry Dane Gann Is Birthday Honoree

Mrs. Chester Gann, 2813 Twenty-fourth street, entertained for her son, Jerry Dane on his third birthday, Wednesday afternoon. Cake and ice cream were served and pictures taken.

Those attending were Sandra Fountain, Kay Harrison, Don Mullenix, Ann Stalhaker, Gary and Gayle Jones, Kay and Larry Robinson, Daria and Jean Gann, Lynn Stanton, Mesdames Burnie Robinson, H. V. Stanton, Claxton Mullenix, Lester Jones, Gordan Gann, Howard Stiles and Lon Gann.

Social Hour Attended By Baptist Class

First Baptist Mary-Martha class met with Mrs. O. W. Langiotz, 1915 Avenue N, Thursday afternoon. A business and social meeting was held with Mrs. W. D. Biggers in charge. A Christmas party was planned for Dec. 19 at the home of Mrs. W. H. Trice, 2304 Avenue U.

Mrs. Joe George gave the devotion. At the social hour games and contests were enjoyed and refreshments served to Mesdames Mike Fry, Ben Forbes, Carl Young, A. E. Herring, L. Bowers and Fannie Gee.

Science Fraternity Meets On Wednesday

Dr. Arthur W. Young talked to members of Sigma Xi fraternity Wednesday night at the home of Jesse Q. Sealey, 2607 Twenty-fifth street, on "Influence of Organic Matter on Soils of the High Plains."

Twenty-six members were present. The fraternity is for the promotion of research in science.

MEETING CHANGED

First Baptist Buzzilan class dinner meeting planned for 7 o'clock tonight has been changed to one o'clock at Mexican Inn because of the Argentinita concert.

Mrs. D. L. Parker and 15-month-old daughter, Brenda Sue, are visiting Mrs. Parker's mother, Mrs. G. A. Gunn of 1811 Avenue R, this week. Parker is to arrive Saturday and Mr. and Mrs. Parker and their daughter will return to Pampa Sunday.

First CMA Program To Be Presented At Senior High School Auditorium

Argentinita and her ensemble of Spanish dancers will be the first event on the current South Plains Civic Music association schedule and presentation is to be tonight at 8 o'clock at Senior High school auditorium.

In addition to the Spanish dancer, the cast includes Pilar Lopez, premiere danseuse; Federico Rey, premier danseur; Rigelo Machado, pianist, and Carlos Montoya, guitarist.

Small, raven-haired and with eloquent features, Argentinita earned her name, which means "the little Argentinian," when, as a little girl, she went to school in Madrid from the Argentine where she was born. She made her debut at the age of 7 and as a girl went from town to town, studying traditional dances. Her repertory includes the authentic dances of Spain's 47 provinces and the second part of her Lubbock program will be devoted to popular songs and dances of the provinces.

Argentinita sings while she dances and uses the castanets for accompaniment. The guitarist plays on stage in close collaboration with the dancers, reminiscent of those Spanish cafes where a line hardly can be drawn between dances, musicians and audience.

The Program

The program will include: "Sequidillas," Pilar Lopez and Federico Rey; "Dance IX," Argentinita; "Bolero," Rey; "Malaguena," Argentinita; "Segovianos," Argentinita, Pilar Lopez and Federico Rey; "Aires Espanoles," guitar solo, Carlos Montoya; five variations of "El Vito," Pilar Lopez; selections from "The Three-Cornered Hat," Argentinita and Federico Rey.

Second part, popular songs and dances of the provinces of Spain: Vasconia, group of Basque dances by Lopez and Rey; Granada, the "Zambrilla," typical gypsy dance, by Argentinita and Carlos Montoya; Madrid, scenes from old Madrid, Lopez and Rey; Mazurka from "La Verbena de la Paloma," Argentinita; Catalina, "Tumbalie," song and dance of old Catalan, Argentinita, Lopez and Rey; Lisst's "Spanish Rhapsody," piano solo by Rogelio Machado; Sevilla, "Zapateado," Argentinita and Lopez; Granada y Jerez, "Las Tres Hojas," Argentinita, and "Bulerias," Argentinita, Lopez, Rey and Montoya.

Admission to the Argentinita performance is by membership in the civic music association.

Merry Wives 42 Club To Attend Party

At a meeting of the Merry Wives Forty-Two club recentiy with Mrs. M. E. Casey, members discussed a Christmas party to be held Dec. 12 at the home of Mrs. G. P. Wright.

Guests were Mesdames S. R. Jerden, E. R. Haskins, Ray Martin, Misses Helen Keese and Virginia Tapp.

Members attending were Mesdames O. R. Copeland, H. H. Stokes, R. S. Hobgood, J. D. Brown, J. W. Keeling, Zera Dopson, Wright, G. L. Farrar, H. A. Sullivan, Oly Hitt, S. A. Durham, S. J. Oliver and T. J. Snider, a new member.

Benefit Bridge Held By Bowling League

Lubbock Ladies Bowling League gave a benefit bridge party at the Hilton hotel at 7:30 o'clock Wednesday night. Twenty-three tables were in progress. Prizes were donated by merchants for high scores and second high at each table was awarded five free bowling games.

Mrs. Alton Taylor, chairman of the entertainment, was assisted in arrangements by Mrs. T. E. Francis, Miss Mary Jarrott and Miss Pauline Talley.

Fruit punch was served.

Today's Events...

First Baptist Buzzilan class, 1 p. m., Mexican Inn, dinner.

Recreation Bridge club, 2:30 p. m., 1510-B Ave. M.

Central Ward P-TA, 3:10 p. m., school.

Open House club, 2 p. m., Mrs. H. D. Keith.

National Institute of Music, 8 p. m., J. M. Hall studio.

First Baptist Winsome class, 7:30 p. m., Mrs. G. L. Ashley, 2609 29th St., cabaret meeting.

Lloyd Croslin Is Club Speaker

Guest speaker at a dinner meeting held at Hilton hotel Wednesday night by Lubbock Business and Professional Women's club was Lloyd Croslin, former secretary to Congressman George Mahon and now instructor in government at Texas Technological college. He talked on "Government Spending."

"America is the last stronghold of democracy and to stay that way we have to foot the bill," Mr. Croslin stated in his lecture. "The ones who are responsible for the spending program can't carry the whole burden. Every American has his own responsibility."

During the discussion, Mr. Croslin dwelt on the militaristic and social welfare program, quoting statistics. He was introduced by Mrs. Clifton Cummings, chairman of the evening's program committee.

At the beginning of the dinner group singing led by Mrs. W. W. Morris preceded the club collect given by Mrs. Floe Swenson.

During a short business meeting, conducted by Miss Helen Peters, date of the annual Christmas party was set for Wednesday, Dec. 18, at the Hilton hotel. Time will be 7:30 o'clock, an hour later than the customary dinner hour.

Mrs. Verna Archer of Pampa was a guest. Members present included Mesdames H. A. Weimaker, Swenson, Morris, J. J. Smeiser, Mary Turner, J. D. Lindsey, Lena McElroy, Cummings and Dan Tarpley, Misses Ruby Lee Leary, Irma Pryor, Elsie Link, Lavenia Williams, Ann Kelly, Lucille Colthark, Clemmie Smith, Myrtle Duncan, Gladys Heaton, Katharine Walls, Elizabeth Barnes, Gertrude Brent, Clara Pratt, Hazel Neilus, Myrtle S. Hinds, Mona Keeter, Peters and Charlie Jackson.

Pythian Sisters To Have Benefit Party

Pythian Sisters Temple met at the hall Wednesday night to initiate H. E. Singley, jr. Thirty-three persons were present. A benefit forty-two party at the hall Friday, Dec. 6, at 7:30 o'clock will be open to the public. Admission will be 20 cents.

Officers will be elected at the next meeting.

Max Lee Fann, Salt Lake City, grand lodge representative in Utah, was a visitor.

Refreshments were served during a social hour.

Geology Fraternity Holds Initiation

Eighteen members were initiated into Sigma Gamma Epsilon, honorary geological fraternity at Texas Technological college, Tuesday night at Hilton hotel. These members had served a pledgeship.

Idalou Club Attends Thanksgiving Dinner

IDALOU, Nov. 28. (Special)—Idalou Civic and Culture club attended a Thanksgiving luncheon Tuesday afternoon in the recreation hall. Later in the afternoon a program on America was presented as follows: "Wanted—A More Glorious Patriotism," Mrs. J. R. Harmon; poem, "America," Mrs. R. A. Boyd; "The American Home of Yesterday and Today," Mrs. A. B. Steen. Mrs. H. R. Lankford directed the program.

Attending were Mesdames J. O. Barnhart, J. P. Bledsoe, J. T. Carlton, L. E. Countess, Bailey Guess, W. J. Grimes, Harmon, V. S. Harrington, J. A. Koger, sr., J. A. Koger, jr., G. M. Lowe, J. N. Marks, J. T. Meek, Steen, N. B. Wilkerson, Lankford, Edgar Becknel, members and the following guests: Mesdames R. M. Monk and Lucian Moore of Acuff, George Boles, Lottie Hilton and Raymond George of Lubbock and T. L. Holt, C. R. Roark, K. Keates, J. E. Stevens, J. P. Toler and Elmo Kelley of Idalou.

Bride Is Honored At Shower And Party

Showdown Between President Roosevelt And Dies Is Expected In Parley Today

FDR May Halt More Papers

(By The United Press)

WASHINGTON, Nov. 29—Administration officials expect a showdown between President Roosevelt and Chairman Martin Dies of the House Committee Investigating un-American activities when they meet tomorrow to discuss coordination of the government's anti-fifth column activities.

A few hours after the president telegraphed Dies that plans for arrest and prosecution of fifth columnists may be severely handicapped or completely destroyed by premature disclosure of facts or suppositions . . . or by hasty seizure of evidence," the Dies committee released its new 1,000-page red paper" designed to refute the U. S. Communist party's claim that it is free of Moscow domination.

Release Planned Sunday

It had been planned to release the document for publication Sunday, but the release was advanced to today because of premature disclosure of its contents.

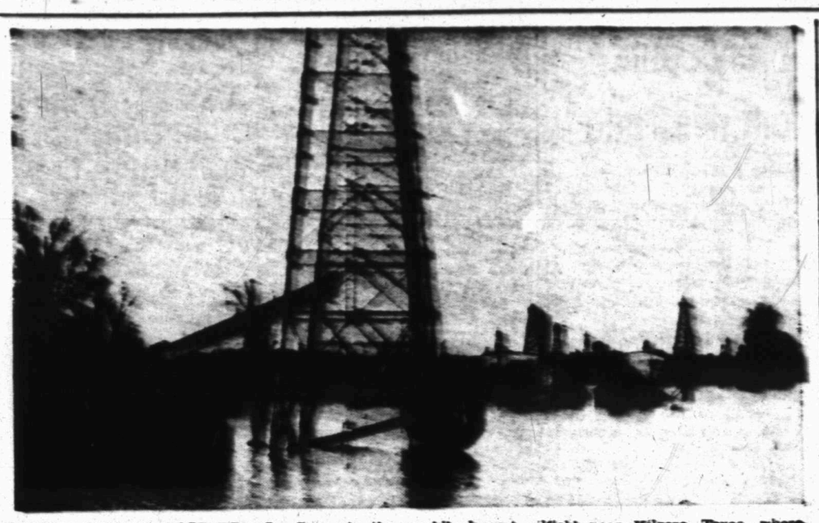

En route here from his Orange, Tex., home at the request of Mr. Roosevelt, Dies said in New Orleans last night that he has "definite plans" to recommend for coordination of all anti-subversive activities, but that he doubted the propriety of any statement on them until after the White House conference Friday.

Prepared By Former "Red"

The committee's "red paper" consists mainly of party manifestoes and pamphlets, and the speeches and writings of Joseph Stalin, Nikolai Lenin, and other Communist leaders. Most of the preparation was done by J. B. Matthews, chief committee investigator, who, according to his own testimony at the first Dies investigation two years ago, once followed the Communist party line.

The "red paper" is the second of a series of documents aimed at alleged subversive movements. A "white paper" on German propaganda activities in this country was issued a week ago. A third document, detailing the activities of Fascist organizations, has been prepared in New York and will be released soon.

Robert E. Stripling, Dies committee secretary, said that the "red paper" could serve as the basis for any future move to outlaw the communist party, as has been demanded by Dies, and as grounds for refusals of secretaries of states to grant the party a place on state ballots.

Cities' Attitude 'Short Sighted'

(By The United Press)

FORT WORTH, Nov. 28. — L. C. Elliott, regional manager of the Civil Aeronautics administration, today warned that it would be a "grave mistake" if Dallas and Fort Worth turned down the government proposal to build a super airport midway between the two cities.

Elliott said the government was prepared to spend $200,000 or $300,000 on the field at the outset. He sought further conferences with officials from the two cities.

Would Sign Agreement

He described as "short sighted" the attitude taken by the two cities in thus far opposing the move.

The agreement which officials of the two cities would be asked to sign involves no financial commitment other than to promise to acquire the land (a minimum of 640 acres) and to operate the field as a public airport after it is built.

Congress, Elliott explained, voted $40,000,000 for development of 250 airport projects. This is an average of $160,000 per project. He said that since the Fort Worth-Dallas airport would serve two important airline centers, "changes are the initial allotment for this field would be two or three times that amount."

Broadcast Will Offer Draft Program Data

AUSTIN, Nov. 28. (U.P.) — Draft board members and those who are handling selective service machinery throughout the state have been requested especially to listen in on a radio broadcast at 7:15 tomorrow night when William J. Lawson, secretary to Gov. W. Lee O'Daniel will interview Lt. Col. Herold J. Weiler of state selective service headquarters staff on procedure to be followed in inducting registrants into the United States Army.

State selective service chief, Gen. J. Watt Page, said the broadcast which will be over Texas State Network, has been planned especially for those most directly concerned.

The interview, he said, will cover the high points of a typical selectee's introduction to army life from the time he receives his notice from his local board until he is assigned to a training camp.

No Questionnaires To Be Mailed Soon

Announcement that induction of men into the army under the selective service act will be postponed until January gave both Lubbock draft boards an opportunity to catch up on clerical and filing work, officials said Thursday.

J. W. Tarlton, clerk of draft board No. 1 in the Myrick building, said that board probably will not mail any more questionnaires until Monday. "Our instructions were to mail questionnaires to 29 per cent of the registrants before January, and at the rate we were mailing them out that number would have been issued long before the allotted time," he added. "This brief pause will allow us to bring clerical work completely up to date."

No. 2 draft board officials also paused in the mailing of questionnaires Thursday. Douglas Pounds, chairman, reported the following volunteers: Eddie Holmes, 2201 East Avenue D; Vernon Thomas, 1631 Main street; Ray Snell, 1212 Avenue B; Genie Pruett, 1610 Avenue C; and Bennie Halliburton, jr., 1712 Avenue C; Genie Pruett, of 1610 Avenue C, was received as a registrant by the board.

Jewish Services Will Be Conducted Tonight

Services in Hebrew and English will be conducted at 8 o'clock tonight at the Shaareth Israel Congregation synagogue, 2420 Sixteenth street.

Rabbi I. Garsek will deliver the first of three lectures entitled "Three Great Changers of Universal Thought." Community singing will be conducted afterward.

Two Sunday school classes will meet Sunday morning at the synagogue, Rabbi Garsek announced. A regular class will meet at 8:30, and a senior class will meet at 11 o'clock.

Sunday afternoon at 3:30 o'clock the Lubbock Lodge of B'nai Brith will meet. Sam Rosenthal is lodge president. Immediately afterward members of the synagogue will convene. George Pinberg is president of that group.

The Camp Fire Girls have a membership of 250,000.

HER ONLY GUEST... AND HE COULDN'T TALK!

Gain . . . and Hold Their Admiration—AVOID Guestless Parties—Serve Admiration Coffee!

"Her only guest—and he couldn't talk." Five o'clock and her invitations had said three . . . and still no guests except faithful Scamp. And if she had only known—poor Scamp couldn't tell her—that only one thing spoiled her parties . . . poor coffee. She was often a guest but never a hostess. If *only* she had known about Admiration Coffee! *Social success*—or *failure* . . . depends on you.

So don't you chance it—ever. Don't be known as a *poor coffee maker* . . . don't expect just *any* coffee to satisfy any more than you would expect just *any* shoe to fit. Avoid disappointment . . . avoid *guestless parties*—serve Admiration Coffee! *It's foolproof.* Remember . . . more Southwestern housewives use Admiration than any other coffee. Admiration is so dependable!

SMOOTH—Admiration's *extra smooth flavor* is sure to please. It's the perfect way to bring your guests together in the natural informality that makes a party so satisfactory. Helps your reputation.

STIMULATING—Admiration provides a *quick pick-up* for tired spirits that is appreciated by housewives, shoppers, or guest. Helps your spirits.

SAVING—Because Admiration is prepared from only the richest and most full-bodied coffees, *it goes much farther* than many ordinary coffees. Helps your budget.

THERE'S HAPPINESS AHEAD . . . WITH ADMIRATION

Admiration $3000.00 IN CASH FREE WILL GIVE

A NEW CONTEST EACH WEEK!

First Prize $100.00 Third Prize 20.00
Second Prize 40.00 Next 20 Prizes 2.00

RULES:

1. Using a plain sheet of paper, tell us in about twenty-five words why you prefer Admiration Coffee.
2. Print plainly on official entry blank your name and address and *the name and address of the dealer* from whom you buy Admiration. Attach one Admiration coupon, or facsimile, and mail with your contest entry to Admiration, Department C. 59, Box 2079, Houston, Texas. Admiration coupons are packed with every can, jar, and package of Admiration Coffee.
3. Send in as many entries as you wish, provided *each* is accompanied by an Admiration coupon or facsimile.
4. Judges will award prizes to the entries which, in their opinion, give the most appropriate reasons for preferring Admiration Coffee. The decision of the judges will be final. No contest entries will be returned and all become the property of the Duncan Coffee Company.
5. Anyone may enter except employees of the Duncan Coffee Company, their advertising agency, and their families.
6. Entries are eligible from any place where Admiration Coffee is sold and prizes are subject to Federal, State, and local taxes and regulations. Inapplicable in any jurisdiction where any part of this contest plan is taxed, regulated or prohibited.
7. If your dealers name is on your winning entry blank he receives a cash award also.
8. Each week's contest closes Saturday, midnight. Entries received postmarked after that date will be entered in the following week's contest. Final contest closes Dec. 21, 1940.

WATCH NEXT WEEK FOR NAMES OF CONTEST WINNERS.

ORIGINAL ENTRY BLANK:

1. Fill in your name and address.

Name _____ Street _____

City _____ State _____

and your dealer's name and address

Dealer's Name _____

Address _____

2. Attach your entry and one Admiration coupon or facsimile and mail to:

Admiration, Dept. C. 59, Box 2079, Houston, Texas.

MAIL PROMPTLY TO ADMIRATION.

Nine South Plains Counties Plan Road Bond Elections In Next Thirty Days

More Than $4,000,000 Involved; Hockley's Election Is Saturday

Nine South Plains counties have planned road bond issue elections for the next 30 days, with a total of more than $3,000,000 involved, and with the first election for Hockley county coming Saturday.

Besides these elections, in three other counties bond elections have been held within the past year, and a former election revived in a fourth, making the total of work already started in excess of $1,100,000 for a grand total of over $4,000,000, provided all issues are approved.

Bitter Contests Waged.

In several counties bitter contests have been waged or are being waged over the elections.

Not all of the bonds to be voted will be for state highways, but some counties plan to complete a county-wide road program to connect communities with the county seat.

In the counties where some of the bonds to be voted will be used on state highways, there is a possibility that the county will be reimbursed for the bonds thus used. At the present time there is a bond assumption law on the statute books, but it expires this year. There is a surplus in the fund, and state officials have indicated that if the next session of the legislature exacts similar legislation, bonds used in state designated or state-maintained roads may be assumed by the state.

Hockley's Issue For $345,000.

Hockley county's bond issue is for $345,000. It is planned there to surface highway 51 north and south across the county, as well as to build several farm-to-market or community highways. A county-wide good road organization recently was perfected and it is sponsoring the election.

Tuesday, Castro county votes on $600,000, to complete its section of highway 51 and to pave other roads.

Other elections announced are: Floyd county, Dec. 14, for a $300,000 issue; Swisher county, Dec. 20 for a $410,000 issue to complete 19 miles on highway 86; Dec. 21, Lamb county to pave highway 278, tentatively designated, east and west across the county from Spade through Littlefield to south of Amherst and Sudan; Dawson county, Dec. 23 for $800,000 to complete paving its 127 from Lamesa to the Terry county line, and possibly other work; Hale county, Dec. 28, $400,000 to complete its share of 278 and to do other work.

Other Dates Unannounced.

Election dates have not been announced to him for a $460,000 bond issue in Parmer county and a $190,000 issue in Briscoe county, said George M. Garrett, division engineer of the highway department.

Yoakum county has held two elections to vote bonds amounting to $260,000 to pave No. 214 north and south across the county, serving Denver City, south of Plains, and other points. Terry county recently voted $290,000 for its road program.

Gaines county's program voted in two elections, was for $350,000 and most of this work has been completed. It provided for a road north from Seminole to Denver City, another road from Denver City through Seagraves to Loop, and through Loop to the Dawson county line on highway 328.

Cochran Issue Revived.

Cochran county found a former bond issue of $190,000, voted more than a decade ago, was still valid and it was revived. The money is being used to pave 214 north and south across the county from Morton, county seat, to near Bledsoe and thence south to the Yoakum line.

Besides these counties, there is reported a general disposition to talk bond issues in Crosby, Lynn and Garza counties.

In Crosby it is hoped by some to complete No. 207 from Ralls south to the Garza county line and in the latter county from the Crosby line to Post. The present road is widely used.

Lynn Enthusiasts Hopeful.

Lynn county road enthusiasts are said to be hopeful of voting bonds to build 328 from O'Donnel west to near Loop, in Gaines county. A tentative designation has been made on this highway from Denver City through Seagraves, Loop, Welch and to O'Donnell.

Dawson county has a sector of this highway and it is included in its road building program.

Highway 278 has been tentatively designated from Floydada to Petersburg, north of Abernathy at Tuco, to the Lamb line and west through Spade, Littlefield and to the Bailey county line. In Bailey county it is proposed to extend the line west to meet highway 214, from Friona to Seminole.

Portion Now Paved.

No. 214 is now paved from Muleshoe south to the Cochran county line, through Bula and Enochs and in Cochran to Morton.

North of Muleshoe the highway is tentatively designated to Friona and from Amarillo to Tucumcari.

No. 51 would be built to Tucumcari.

No. 51 would be built from Hereford, in Deaf Smith county, through Dimmitt, Spring Lake, Littlefield, Levelland and Brownfield. It is now paved from Brownfield to Seminole and south through Andrews to Odessa. Some work has been done in Lamb county, including paving near Littlefield, and also in Castro county.

Deaf Smith county is planning a bond election for between $500,000 and $600,000 to finish its road program.

Frogs Die In Experiment For Court

NEW YORK, Nov. 28. (U.P.) — Sixty tiny green leopard frogs were dead today. They will go down in history as the first of their species to give their lives for the federal government.

The 60 frogs were government witnesses in the United States district court here. They were used to show the effects of varying strengths of digitalis, a stimulant used in treating heart ailments.

The government charged that the Yates Drug and Chemical company of New York has been selling sub-standard digitalis and to prove its contention, ordered the 60 frogs inoculated with varying strengths of the stimulant.

Twenty were inoculated with full strength government digitalis, 20 with half-strength government digitalis, and 20 with the Yates product.

Dr. Lloyd Miller of Washington, senior pharmacologist of the pure food and drug administration, injected the frogs after weighing each one, with the doses of digitalis. He then dissected the frogs and examined their hearts.

The box score was he announced: 17 frogs hearts stopped beating with the injection of full strength digitalis, three did not; three frog hearts stopped beating with injection of half-strength, 17 didn't; of those inoculated with the Yates digitalis, four hearts quit beating but 16 did not.

This, said Dr. Miller, proved to him that the Yates digitalis produced the same effect as the half-strength government solution and was therefore only half as strong as the law requires.

The defense, without any frog witnesses, takes the stand tomorrow to refute the government charge. If the Yates company is found guilty, it will be liable to a $1,000 fine.

MASONS ARE TO GATHER.

WACO, Nov. 28. (AP)—Three thousand Master Masons are expected to attend the 105th annual communication of the Grand Lodge of Texas, A. F. & A. M. beginning here next Wednesday.

Answer to Previous Puzzle

John Lee Smith Is To Talk At Tech Dec. 11

John Lee Smith, senator-elect of Throckmorton, will discuss Americanism at a general convocation of students and faculty members of Texas Technological college on the morning of Dec. 11, according to announcement of President Clifford B. Jones.

Senator-Elect Smith, widely known as a speaker, has addressed local and district Knights of Pythias meetings in Lubbock several times. He will be accompanied here by Senator-Elect Marshall Formby of Dickens county.

Annual Party Will Be Staged At Brownfield

BROWNFIELD, Nov. 28. (Special) Annual Christmas party for school children will be sponsored by Brownfield Chamber of Commerce again this year, officials have announced.

All civic organizations and clubs will take part in the celebration, which calls for a parade, free candy and picture show for children of school age. School children from Yoakum and Gaines are asked each year to attend.

Switzerland has a coal shortage.

Safety Council For City Urged

A plea for service clubs to get behind a community safety council for the town to work to make Lubbock the safest city in the state, was made by C. J. Humphrey, representing the Junior Chamber of Commerce, in a talk at a Kiwanis club luncheon in Lubbock hotel Thursday noon.

C. J. Hollingsworth was chairman of the program. Dr. Carl E. Hereford, vice president, had charge of the meeting in the absence of President W. L. Stangel. Rev. H. T. Robinson, new pastor of First Methodist church and a former Kiwanian, was a guest.

Traffic Deaths Increased.

Humphrey pointed out that faster cars and better highways account for the huge increase in highway accidents and fatalities. Between 1934 and 1939, he said, traffic deaths increased from 35,000 to 39,000. Six times as many people have been killed in traffic accidents in the past ten years as were lost in battle in the A. E. F. in France in the World war," he added. "In the past 20 years twice as many people have been killed in traffic accidents as were killed in all wars in which the American army participated, including both sides in the Civil war. There were 246,000 persons killed in the wars, with 500,000 killed in traffic accidents."

At one corner in Lubbock, there have been 18 traffic crashes in the past few months. "Over a million people a year are injured in automobile accidents," he added, "pesons that needed hospital care. Since 1920 twenty million people have been injured."

Statistics Are Quoted.

Humphrey quoted statistics on the causes of accidents in traffic: 40 per cent of the accidents and 18 per cent of deaths are at street intersections; 11 per cent of the deaths are on curves and four per cen of the accidents; on open highways occur 38 per cent of the deaths in accidents; 92 per cent of the auto deaths are in fair weather.

The speaker made a plea for service club officials to select representatives to form a city-wide safety council.

DEBATE TOURNEY STARTS.

WINFIELD, Kas., Nov. 28. (AP)—Approximately 300 speakers from 28 colleges and universities in six states are expected to compete in Southwestern college's annual debate tournament tomorrow and Saturday. States to be represented are Kansas, Missouri, Texas, Oklahoma, Nebraska and Minnesota.

Athenian Professor Gets Revenge For Corfu And Salonika

ATHENS, Greece, Nov. 28. (U.P.)—A report from the Koritza sector today said an Athenian professor, whose hobby is mountain climbing, had dislodged an Italian machine gun nest at the base of "Goat" rock, dominating a Koritza pass.

He scaled rocks above the Italian position wearing a belt strung with hand grenades. He dropped nine grenades into the Italian nest, shouting: "Take this for Corfu, this for Patras, this for Salonika," until the entire crew was killed.

Two Tech Men Named On S.M.U. Institute

Dr. Clifford B. Jones and Dr. Archie J. Bahm will be sponsors for the Institute of Human Relations to be held at Southern Methodist university Dec. 5 and 6, according to announcement by Hastings Harrison of Dallas, Southwestern director of the National Conference of Christmas and Jews.

Other sponsors include Dr. Homer P. Rainey, president, University of Texas; Dr. Umphrey Lee, president, Southern Methodist university; Dr. L. H. Hubbard, president, Texas State College for Women; United States Senator Sheppard and Attorney General Gerald C. Mann.

Dr. Jones, president of Texas Technological college, did not know this morning whether he would be able to attend the institute. Dr. Bahm, chairman of the faculty committee on student religious life at Tech, will be unable to attend.

DESTROYER CRUISES NEAR.

HAVANA, Nov. 28. (U.P.)—United States destroyer No. 229 cruised outside Havana harbor today as the 5,441-ton Italian freighter Reeca got up steam, apparently preparing for a dash to sea.

The United States embassy and the naval attache said today that they knew no special reason for proximity of the destroyer to the Cuban coast.

Woman Faces Murder Charge In Shooting

CONROE, Nov. 28. (U.P.)—Deputy Sheriff H. R. Surratt said he would file a murder charge today against Mrs. W. E. Hudson in connection with the shooting of her 58-year-old husband during a family quarrel last night.

The slaying occurred at a filling station and cafe operated by the couple 10 miles south of Conroe. Hudson was wounded in the abdomen and both legs. An assault to murder charge was filed against Mrs. Hudson last night and she was placed in jail.

The Hudsons had operated their roadside place about four months, coming here from Fort Worth. They have no children. Hudson's body was sent to Granbury today for funeral services and burial.

Comanche Man Killed In Brown County

BROWNWOOD, Nov. 28. (AP)—Waldo Swindle, 22, of Comanche, was killed today when his car and a gasoline truck collided 17 miles northeast of here.

Swindle, employed at Camp Bowie here, died instantly. Two companions were uninjured.

Nazi Attempt To Destroy Oil Refineries In Dutch West Indies Is Revealed

Story Is Told By An Eyewitness

(By The Associated Press)

NEW YORK, Nov. 29 — The New York World-Telegram says a German landing party from a raider operating in the Caribbean was repulsed by British forces at Curacao, Dutch West Indies, when the Nazis attempted to destroy valuable oil refineries there.

The paper, quoting an unidentified eyewitness, says the Germans invaded Curacao the night of July 28 and that British land forces and shots from two armed tankers in the harbor killed or wounded 35 Germans.

Kept Secret By Censorship

This informant says strict censorship kept the invasion a secret.

The paper says the invaders were supposed to have come from the German raider which sank the British freighters King John and Davisian last July 19 about 240 miles northeast of the Virgin Islands.

Survivors of the British ships said the raider was disguised as a Swedish ship with the name "Narvik" painted on her sides.

Informant Is Quoted

The informant said he learned of the attack when he drove a crew member of one of the tankers to a pier. The World-Telegram quotes him as follows:

"Just after dark . . . one of the gun crew (from a tanker) said he wanted to go back to his ship. I offered to drive him down. We were about a half-mile from the dock when a Dutch officer, with a revolver strapped on his hip, stopped us, flashed a light in our faces and said he wanted to use my car.

"I looked at the revolver and told him I'd be glad to help him out. He wanted to move his family away from the gasoline tanks. It was a pretty good sign that the Nazi raider might have put a landing party on the island.

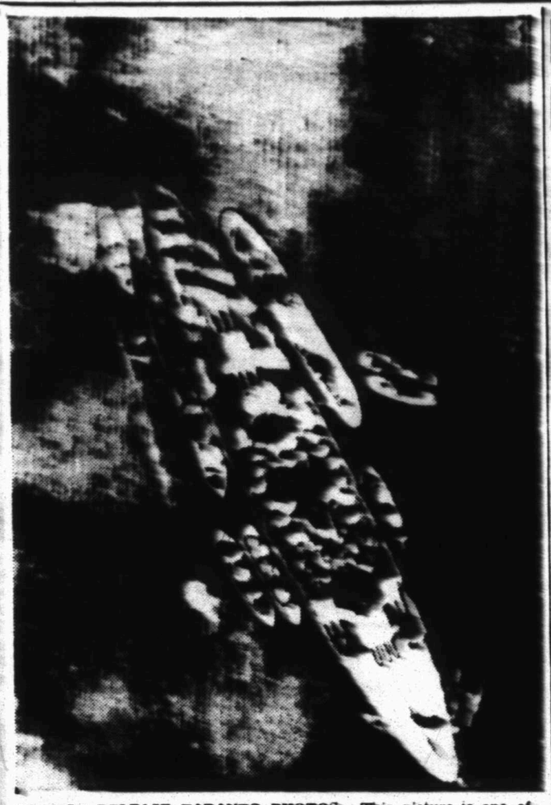

Docks Alive With Reports

"The gunner got out and hurried on to his tanker. The docks were alive with reports that a Nazi landing party already was nearing that way for an attack on the refinery.

". . . As the tanker was moving around so it could train its guns on the shore, the shooting started. There was murder going on — machine guns and hand grenades. Then the tankers began firing into the mess. I knew that it must be really serious when the tankers were firing, for every time they shot they were running the chance of blowing themselves to pieces by igniting a gas pocket that might have formed while they were taking on gasoline.

"The fighting stopped almost as suddenly as it started.

"The next day officials seemed to agree that 35 Germans had been killed or wounded."

BRITISH RELEASE TARANTO PHOTOS — This picture is one of four released by the British Air Ministry and radioed to New York from London, showing damage done to Italian warships in a British air raid on Taranto harbor, Italy. This particular picture shows a battleship of the Littorio class, badly damaged, down at her bows with oil spreading out over the surrounding water as salvage boats cluster around. The picture was made from a heighth of between six and eight thousand feet in the air. (NEA Telephoto).

Michigan GOP Leader Charged

(By The Associated Press)

DETROIT, Nov. 28. — A special federal grand jury returned a third mail fraud indictment today against Frank D. McKay, Republican national committeeman and former state treasurer.

The new true bill charged an attempt to defraud the city of Grand Rapids of approximately $300,000 by manipulating the bidding on a $2,225,000 municipal bond issue in 1938. The bond issue financed a pipe line which now serves the city with water from Lake Michigan.

Bond House Indicted

Indicted with McKay were Stranahan, Harris & Co., Toledo bond house which financed the project, and two of the firm's agents, Robert S. Mikesell and Stuart P. Blasier.

The indictment based its charge of attempted fraud upon what was described as an attempt to purchase the bond issue at a price said to be $300,000 lesst than actual value. This was to be done, the jury charged, by phrasing the advertisement of the sale so that only Stranahan, Harris & Co. could comply with its terms.

Third Indictment Planned

O. John Rogge, chief of the justice department's criminal division, had disclosed that a third McKay indictment was planned, during arraignment this morning of two of the 14 men named with McKay on mail fraud charges yesterday.

Yesterday's indictments charged that McKay, 56-year-old Grand Rapids, Mich., business man, took part in a $500,000 "shakedown" of liquor interests and defrauded Edsel Ford of $9,918.

Banker Advises His Customers To 'Bury Funds In Back Yard'

CHICAGO, Nov. 28. (U.P.)—J. W. (100 per cent) Nichols, president of the First National Bank of Englewood, today "invited" patrons to withdraw their savings deposity and bury them in their own back yards.

Nichols, in a letter to depositors, advised the action until "safe and profitable investments can be found." He said his advice was prompted by "the government's monetary policies" and that the bank would be compelled to discontinue payment of interest on savings accounts Jan. 1.

He reiterated recent advice to customers; "Go bury your money in a tomato can in your vegetable garden."

SEVEN WOLVES KILLED

DUNCAN, Okla. (U.P.)—Anyone who believes that wild animals have vanished from the Southwest should consult E. T. Thomas, government trapper. In one week he killed seven wolves near here.

Wild Gasser Is Under Control

(By The United Press)

MONAHANS, Nov. 28—Rail and highway traffic moved freely through western Ward county once more today after Magnolia No. 41 Sealy wild gasser, four miles west of Wickett, was killed this morning.

Approximately 1,000 tons of mud had been pumped into the gasser, which had been running wild since last Friday.

During the five days that the gasser was out of control, traffic along U. S. Highway 80 was routed between Monahans and Pyote via Wink.

Partial shutdown of the Cabot carbon black and other plants in the Wickett area was necessitated by the danger of fire. Railroad engines pulling Texas and Pacific trains were allowed to pass through the danger zone under a head of steam, but with all fires out.

The well blew out Friday night when the drilling crew was preparing to core for a test. Magnolia officials estimated that the well was making about 70,000,000 cubic feet of gas daily.

JUSTICES WANT DIGNITY

MONTGOMERY, Ala. (U.P.)—The Alabama Supreme Court justices donned robes this fall for the first time in Alabama's history, to "add a greater degree of dignity and respect" to administration of the law.

Naked Woman In A Hurry Disrupts Game; Detective Nabs Her

NEW YORK, Nov. 28. (U.P.)—Four men were playing cards in a Lexington avenue apartment when a naked woman stepped into the room from the fire escape.

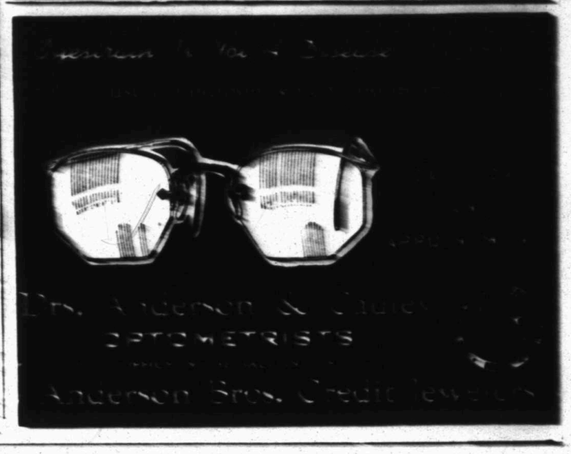

She was a red head, young and pretty. And she was in a hurry.

Right behind her came a detective. He looked her up on a morals charge.

Draft Dodger Registers In Prison; Hopes His Term May Be Lighter

NEW YORK, Nov. 28. (U.P.)—Angelo Mangiore, who refused to register for the draft, registered today in the federal detention prison here in the hope his 18-month sentence would be shortened.

Mangiore, a 22-year-old assistant janitor at the labor temple here, thus became the first registration objector in the nation to change his mind after sentence had been passed upon him.

Almazan Supporters In U. S. Object To His Criticism Of United States For Giving Recognition To President-Elect Camacho

(By The United Press)

SAN ANTONIO, Nov. 28.—Supporters of Gen. Juan Andreu Almazan's unsuccessful candidacy for the Mexican presidency today objected to their leader's criticism of the United States for its recognition of President-elect Manuel Avila Camacho.

They said that they "were not in agreement" with Almazan's Mexico City statement that the United States, as a neutral bystander, had made a serious mistake in recognizing Camacho.

Declarations Are False

"We want to declare assurance at once that the declarations and attitude of General Almazan are false, and not inspired by patriotic sentiment, but on the contrary, are the fruit of reproachable acts," the statement said.

"They are also fale in their reference to American authorities, of whose neutrality we are convinced."

The statement was signed by Eduardo Meri, director general of Almazan's campaign, Effraine Brito Rosado, president of the permanent commission of the Almazan congress, and 34 other followers, who came here immediately after the election in July.

To Reserve Further Explanation

They said they would reserve further explanation of their statement pending their return shortly to Mexico City.

Almazan has maintained that he received the majority of votes in the election but that the government of President Lazaro Cardenas deliberately miscounted the ballots to elect Camacho.

President Roosevelt sent Vice President-Elect Henry A. Wallace to Mexico with the rank of ambassador to attend Camacho's inauguration Sunday.

Jailer Finally Gets New Lock But Only After He's Locked In

EL PASO, Nov. 28. (U.P.)—For several months jailer A. C. Duchesne has had trouble with the lock on the door from police court into the jail runway, but he couldn't get an okay for a new one.

Yesterday, however, he found himself locked in and unable to get out. Today he got permission from Police Judge R. P. Langford for a new lock.

"I think the jailer should be able to come and go, even though the prisoners can't", Judge Langford said.

Willkie Is To Speak In New York Tonight

HOBE SOUND, Fla., Nov. 28. (U.P.) — Wendell L. Willkie today said he would deliver an extemporaneous speech before the National Interfraternity conference in New York Friday night.

After the speech, which will be his first since a radio address Nov. 10, the defeated Republican presidential candidate said he hoped to return to Florida to continue his vacation.

Cuba plans many new public works projects.

Slaton Junior Play Scheduled Tonight

SLATON, Nov. 29. (Special)—The annual Junior play will be presented tonight at 7:30 in the Slaton High school auditorium.

The play has a cast of ten characters and is entitled, "Professor, How Could you!"

Keats Perry—A young professor, Charlie Suit.

Vickie Randolph—The bane of his life, Betty Lou Turner.

Grandma Perry—An obliging soul, Maxine McMillin.

Grandpa Perry—An innocent bystander, Billy Lokey.

John Appleby—A helpful friend, J. D. Rankin.

Priscilla Morley—A sweet young thing, Jimmie Jean Guinn.

Tootsie Bean—A plump spinster, Donna Sanner.

Butcher Boy Bean—Her big brother, Bill Baker.

Valerie Whitman — A southern charmer, Corinne Cates.

Boggins — The sporting butler, Charles Reese.

Jack Miller and Miss Irene Armes are the Junior sponsors, and the play is directed by Mrs. W. K. Fry.

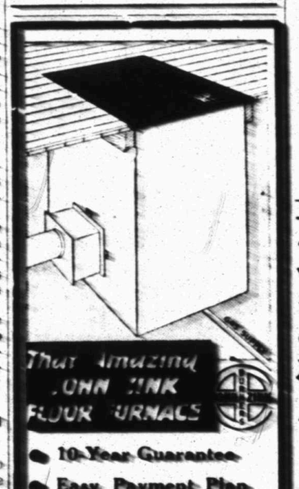

Funeral On Thursday For Mrs. E. D. Bowen

LORENZO, Nov. 28. (Special) — Funeral services for Mrs. E. D. Bowen, 53, were held at 3 o'clock yesterday afternoon in Lorenzo Baptist church. Burial was in the Lorenzo cemetery.

Mrs. Bowen died at 3 o'clock yesterday morning of a malignant ailment.

Mrs. Bowen was born Sept. 9, 1887. She was married in 1901 in Campbell.

She is survived by her husband, a carpenter; four daughters, Mrs. Virgil Riley of Morton, Mrs. Paul Keith of Lufkin, Mrs. Tom Lockwood of Lorenzo and Miss Odell Bowen of Lorenzo, and four sons, Victor of Winters, Cullen of Lorenzo, J. P. of Fort Bliss and E. D., jr., of Lubbock.

Metals Study To Be Offered For Defenses; Experts' Course Will Be Tested

Specialists To Get Training

CLEVELAND, O., Nov. 29. (U.P.)—Training of experts who will inspect the huge purchases of metals for the national defense program soon will begin without cost to the trainees in 51 American cities.

The American Society for Metals has announced an educational plan designed to provide the qualifications needed by metallurgical inspectors as a contribution to progress of the defense plan.

Special Training Stressed

"Metallurgical inspection is a technical job, for which many men lack the detailed training and experience," said James P. Gill, president of the society. "The great expansion in purchases for national defense has brought and will bring into the field large groups of inspectors who are intelligent, earnest and hard working, but who lack this training and experience."

The training plan to be followed already has been carried out experimentally in Philadelphia. Results achieved there were the basis for extending it to the 50 other cities where the ASM has chapters.

Nine Lecture Course

The Philadelphia course, which will serve as a pattern for others, included a series of nine lectures given over a three weeks period. The course was directed by Capt. Leslie S. Fletcher of the Frankford Arsenal, and lectures were outstanding metallurgists and engineers.

Local manufacturers and conditions will determine the subject matter in each of the cities.

Lecturers give their services, and there are no obligations to those attending the courses.

Rome Doubts British Reports

By KIRKE L. SIMPSON
Associated Press Staff Writer

The parliamentary storm in London over the tempo of British war efforts, the sombre discussions about cargo tonnage losses in the Atlantic, and the pleas for greater American aid have brought a curious reaction from Rome.

The suspicion there is that the London hubbub is a smoke screen for a gathering British attempt to deal Italy a knock-out blow in the East.

On Special Missions?

Italian accounts of the British-Italian naval battle in the Mediterranean bear out that view. They locate the action south of the Italian island of Sardinia in the west-central Mediterranean. They also report that the British force involved came from the west, from the Gibraltar gateway.

Rome claims of victory can be passed by until a more complete British version of the fight is available. That is important is the scene of action.

There seems no reason for either fleet to be in those waters, remote from the Italian-Greek war theater, unless engaged in special missions. Italian editorial commentators reveal what those missions probably were.

Would Explain Delay

Virginio Gayda, accepted as a highly authoritative Italian source, says Britain is moving convoys to Greece, Egypt or Turkey "to take advantage of the development of Greek events." Whether troops as well as munition ships composed the convoy was not stated but it seems likely that they did.

That also would explain London's delay in giving more detailed reports of the fight and its results. Until convoyed ships reached port or were definitely set down as missing, radio contact with them might expose them to new attack.

Fuller accounts of the parliamentary debate bring to light, also, the fact that prompt and full force attack on Italy was urged by critics headed by the former British war minister, Hore-Belisha. He insisted that the remedy for Britain's tonnage losses in the Atlantic was "to knock Italy out of the war."

"The Greeks have opened the way by a series of successes," he said. "They have disclosed the weakness of Italian morale. Now, surely, is a propitious time to sustain and supplement these Greek successes. Then we could withdraw from the Mediterranean that large portion of our fleet keeping surveillance over the Italians and concentrate it for protection of our shipping (in the Atlantic)."

Parliament clearly is seething with demands for action to capitalize in a big way on Italy's reverses in Greece.

Yet the Rome version of the latest sea fight encourages the belief that Britain already is moving to seize opportunity, perhaps transporting major military forces to Greece or Egypt for early offensive action.

RESCUE IN THE LOWLANDS—Forced into a tree when the Brazos river flooded its lowlands near Sealy, Texas, a young negro farmer, Eugene Johnson, is rescued by fireman Mike Attra as Houston City Commissioner Frank Mann directs the rescue. In the water, bringing somebody's pet dog to safety, is fireman Norman Hamilton. (NEA Telephoto).

Parole Is Denied Former Judge

By The Associated Press

WASHINGTON, Nov. 28. — The Justice department announced today that a parole had been denied Martin T. Manton, former tenth ranking judge in the United States, who is serving a two-year-sentence at the Lewisburg, Pa., federal prison for conspiracy to obstruct justice and defraud the United States.

Manton was the senior judge in the second circuit court of appeals at New York when he was indicted for receiving large sums of money from parties in litigation over which he presided.

He was convicted June 3, 1939, and after losing appeals began his sentence on March 7. He became eligible for parole on November 6. Since it was denied, he cannot now be released before October 13, 1941.

McNARY RECUPERATING

SALEM, Ore., Nov. 28. (U.P.)—Sen. Charles L. McNary was recuperating today from an attack of influenza that kept him confined to his bed for several days.

Bill Intended To Halt Strikes Is Introduced

WASHINGTON, Nov. 28. (AP) — Representative Smith (D-Va.) introduced a bill today intended to prevent strikes and stoppages of work at plants having defense contracts.

Smith said the legislation would provide heavy penalties for sabotage, would make it unlawful for employes to strike without thirty days notice, would forbid employers to conduct a lockout and would make it unlawful to coerce a prospective worker in such plants with regard to membership in a labor organization.

PLAN HOME CONSTRUCTION

DALLAS, Nov. 28. (AP) — J. H. Weisenberger, president of the Weisenberger company, real estate developers, said today 2500 homes will be built by the firm in Texas next year.

He said 1500 would be constructed in Houston, 500 in Dallas, 300 in Fort Worth and 200 in San Antonio.

H. V. ROBINSON & CO.

What's Going On In The Lone Star State:

Texas News Briefs

PAYS OFF IN PENNIES

DALLAS—Merrill Audrey's penny bank was overflowing today. He bet $5 on the Dallas championship high school football game and when Sunset won from Woodrow Wilson Lloyd Pullen paid off with a shoe box full of pennies.

NEW JAIL APPROVED

BONHAM—A "go ahead" for Bonham's new Fannin county jail was given today after approval by county commissioners of plans submitted by Austin architects. The lockup will accommodate 90 prisoners although commissioners jokingly said they did not believe this farming community would be able to "fill that quota."

AGED RESIDENT DIES

MARSHALL — Funeral services were held today for Mrs. Mattie Wood, 80, daughter of a family which settled here nearly 90 years ago.

STAB WOUNDS FATAL

FORT WORTH, — Saturday night Eliza Bullard, 35, tried to stop a fight in a tavern. Yesterday he died of stab wounds. He will be buried here today.

INSPECTS MANUFACTURING

FORT WORTH,—Major John R. Noyes, an army purchasing agent for the engineering corps, inspected manufacturing plants here today. He will ask bids on wood water tanks and certain steel products.

BROWNWOOD PHYSICIAN DIES

BROWNWOOD — Funeral arrangements were being made here today for Dr. Ned Snyder, 55, surgeon and member of a pioneer West Texas family. Dr. Snyder died suddenly of a heart attack here yesterday.

TRAINING PLANES ARRIVE

FORT WORTH — Fourteen new Steerman training planes were to arrive at Hicks Field air corps training detachment today from Tulsa, Major B. S. Graham, commandant, announced.

BLAME DRUNKENNESS

FORT WORTH, — Two men who blamed drunkness for a series of highway robberies Tuesday night, today said in jail that they "didn't remember a thing." They were held without bond. Four robbery complaints were filed against Harry F. Shaw, 47, of Wills Point, and Joseph Shawan, 38, of Tulsa, an Indian.

FUNERAL IS ARRANGED

FORT WORTH, — Funeral arrangements were made today for Norris Williams, 23, found dead last night in his automobile. An inquest verdict of accidental death by carbon monoxide gas was given.

SALARY PAYMENT QUESTIONED

AUSTIN—State Auditor Tom C. King, reporting today on $1,516,346 expenditure for the year by Texas College for Women at Denton, questioned legality of a payment of aggregate salary of $4,260 to the dean of women and associate professor. He said the appropriation act provides a salary of $3,500 and in his opinion it could be increased no more than 10 per cent under terms of the act.

HAD THEIR CHRISTMAS

AUSTIN—Two Austin youths in their teens would have had no cause to worry about Christmas if San Antonio officers had not examined a lunch bag the boys had when they hopped off a freight train there. In it was found an estimated $4,000 worth of watches, rings and other jewelry taken from the Joe Koen & Son jewelry store here.

Sirens, Traffic Lights Halted In Kansas City

KANSAS CITY, Nov. 28. (AP) — Sirens on 80 police cars and red traffic lights at all intersections called Kansas City automobiles to a halt for a full minute today.

The pause along with radio announcements from five Kansas City stations marked the opening of the second annual Safety Fair.

The city is celebrating its winning of the National Safety Council award for the best improvement in traffic control through a program which cut fatal accidents from 69 in 1938 to 32 last year. This year the city has had 29 traffic fatalities to date compared with 28 in the same time in 1939.

Nine Of Sixteen New Deal Policies Are Favored By 12,000 Business Leaders

AAA, NRA And Taxation Rapped

(By The United Press)

NEW YORK, Nov. 29. — Fortune magazine disclosed today that 12,000 business executives polled in its forum of executive opinion returned majority votes favoring nine of 16 New Deal policies.

The executives, said by the magazine to represent nearly 50 per cent of the American management group, condemned seven New Deal policies as "always having been bad ideas so far as recovery is concerned."

Ought To Be Continued

The nine policies which forum members said either ought to be continued or were "good ideas for recovery and only suffer from the way they were enacted or are being administered" were:

The drive to enforce anti-trust laws, housing and home loan acts, wages and hours act, Hull reciprocal trade treaties, PWA, Wagner labor act, WPA, low money rates, and export subsidies.

The "always bad" New Deal policies were listed as the AAA, the NRA, pump priming, taxation policies, gold devaluation and the president's gold powers, Guffey coal act, and silver subsidies.

AFL Reelect William Green

By JAMES MARLOW
Associated Press Staff Writer

NEW ORLEANS, Nov. 28.—The American Federation of Labor tonight unanimously reelected President William Green who in his acceptance speech declared he would use every effort to bring about peace in the labor movement.

George Meany, secretary-treasurer, was also unanimously reelected as were 14 of the AFL 15 vice presidents.

Just before the re-election of George E. Browne of Chicago, head of the Stage Hands union, the International Ladies' Garment Workers union announced it would abstain from voting.

The 15 vice presidents, together with Green and Meany, compose the executive council—supreme governing body—of the AFL.

Pro, In Mode

The choice of Green to serve again as head of the AFL for the 17th time followed by only a few hours a peace plea from the convention floor calling upon the CIO's John L. Lewis "to stop gambling with the lives and welfare of the American people."

Green, speaking vehemently to the delegates almost ready to adjourn for another year, declared:

"This is an historic convention with AFL having now the largest membership it has ever had. It is offered as a challenge to those who have fought our movement and threatened to destroy us.

"I will, with all charity, devote my every effort to bringing about peace in the labor movement in the coming year."

The call upon Lewis from the convention floor was made by David Dubinsky, president of the International Ladies' Garment workers who left the AFL in 1935, helped set up the CIO, deserted and was re-admitted to the original parent body last June.

European Situation

(Continued From Page One)

Italy's last big war base in southern Albania, but dispatches from the vicinity said the Greek victory was greater than first believed after 96 hours of fierce bayonet-fighting and night attacks.

Cold and snow slowed up the fighting in some regions.

Athens dispatches said beaten and retreating forces included an Italian "regiment of death," sworn to die rather than retreat.

The RAF also renewed forays against the Nazi "invasion" ports of Le Havre, Boulogne and Antwerp, British said.

Censors permitted the news that recent raids had caused damage to two of London's most famous hotels—the Savoy, near Charing Cross in the Strand, and the Carlton.

Man Found Alive

(Continued from Page One)

of an ill-fated fishing expedition in waters off the Mexican coast.

Three others, Carleton Boggess, 18, son of the finance company executive, Denzil Hollis, 17, Houston school boy, and George Erickson, 21, Galveston sailor, stumbled into Matamoros, Mexico, across from Brownsville, Texas, last night after 72 hours in the desolate Mexican interior.

The fifth, W. B. Nolan of Houston, was picked up by a United States destroyer after a high wind whipped their yacht out to sea last Sunday.

Ex-Senator Faces Big Fine In Louisiana

NEW ORLEANS, Nov. 29. (U.P.)—Former State Senator Clarence A. Lorio today faced a $1,000 fine, a suspended prison term of 24 months and a five-year probation period to rusing the mails to defraud Louisiana State university.

Lorio, former physician at L.S.U. and one-time political leader in East Baton Rouge parish, was sentenced by Federal District Judge Adrian J. Caillouet yesterday. The probation period is conditioned on Lorio's refund to the school of $12,650.96.

Lorio was found guilty in Baton Rouge recently of defrauding the school through the use of the mails of $25,319.92 on three electrical contracts.

Defense attorneys said Lorio would not appeal.

Keys To Happy Marriages Discussed By 3 Couples

"Marriage is a business you have to work at all the time, but it is worth it and the satisfaction and happiness derived increases with every year," three married couples of varying ages told an audience which heard them discuss the problems of marriage concluded Thursday night at the regular meeting of the Texas Technological college YMCA.

Dean J. M. Gordon, dean of arts and sciences at Tech, Dr. and Mrs. D. D. Jackson and Mr. and Mrs. Eugene Whitt answered questions and gave pointers on the art of staying happily married and getting the most out of it. Dr. Jackson is professor of educ ion at Tech and Mr. and Mrs. Wh. are senior journalism students.

All five admitted they had to make concessions and compromises at all times but that these were worth the giving in each had to make. The statement was made that one took on more than he gave up in marriage.

All said they had had to make an adjustment on the religious question and all agreed that it was important that such an agreement be made by all couples with differing religious views.

Finance Biggest No. 1 Problem

Finance was probably problem No. 1. Again all five agreed that they lived within their incomes and if they could not afford something they just did without it. Whitt said that he found he spent less than before marriage. All said they had discussed the problem before marriage and believed that everyone should.

Earl Camp led the program by asking each couple in turn about how they met each other, how long they were engaged, what type of wedding they had, where they lived after marriage and other general questions about circumstances surrounding their married life.

Most interesting point brought out was the manner in which engagements have changed during the years. Dean Gordon said he was engaged three years, the Jacksons one year and the Whitts six months. Dean Gordon said he did not remember discussing any problems before marriage, the Jacksons stated that they talked about finances and the Whitts replied that they talked about every angle of every problem they could conceive which might arise.

The Real Thing

Another reflection on changing times was made in the manner in which each couple met and carried on their courtship. The Gordons lived in adjoining communities and met through their families. Church and neighborhood parties were the places where they carried on their friendship.

Dr. and Mrs. Jackson met when both went to Marfa, to teach school. Their contacts were mostly in the community affairs and church choir. And they had progressed from the buggy used by the Gordons to a model T Ford.

The Whitts started their acquaintance in the office of the Toreador, school newspaper, when she loaned him 15 cents to go to attend a show. They studied and worked together and went to movies.

The elements necessary for a long, successful marriage the three couples agreed on were for both to like the same things, to talk things through thoroughly before marriage, determine to make a life-long relation and be thoughtful and considerate of the other. They also agreed that there is such a thing as love and that people can be sensible and sane when they are in love.

News Briefs

Invitations to Lubbock residents to attend the world premier of the motion picture, "Santa Fe Trial," in Santa Fe, N. M., Dec. 13, 14, and 15 was received at the chamber of commerce yesterday morning. A special celebration starting the night of Dec. 12 in connection with the event is being arranged by the Santa Fe Chamber according to the letter.

C. T. Wasson, administrative officer of the Agricultural Adjustment administration, reported yesterday morning that additional cotton parity checks and soil conservations checks have been received to bring the total to $539,270.10 for cotton parity and $152,088.26 for soil conservation. So far 4,103 cotton parity checks and 733 soil conservation checks have been received.

Plans for holding community and county elections to name committees for the Agricultural Adjustment administration for 1941 will be made today at a meeting of the county committee at 1329 Avenue Q, said C. T. Wasson, secretary. It is a regular meeting of the committee. Community committees will be elected by farmers Dec. 13 and degelates to a county meeting on Dec. 14 will pick the county committee. C. E. Lilley, Slaton, is chairman of the county group with John R. Murrell, Shallowater and R. A. Powell, Becton.

Leave of absence to attend a symposium on mold mycelia in butter in Chicago Monday through Friday was granted at Texas Technological college Thursday to K. M. Renner, head professor of dairy manufactures. Representatives of various dairy departments throughout the country are to attend the meeting, sponsored by the American Butter institute. Mold mycelia is a new method developed by the federal food and drug commission to determine quality of butter.

Recessed since Wednesday, U. S. district court will be resumed this morning at 10 o'clock with Judge T. Whitfield Davidson, presiding. Seven or eight cases have been docketed for hearing, including motions.

First residence permit for the week was issued Thursday at the office of J. E. Reid, city building inspector, bringing the week's total to $3,-900. Bad weather may have been responsible for the sudden drop in issuance, it was said. Permits were issued Thursday to J. E. Leflar, owner, and Guy H. Gilstrap, contractor, residence at 2212 Twenty-first street, $2,300; and W. L. Patillo, owner, to repair residence at 1419 Tenth street, $200.

R. L. Sheazer of Dallas, district manager of National Oats company is in Lubbock this week in connection with an advertising campaign being conducted by his firm. "We are finding our business in Lubbock much better than last year," he said. A fleet of six red trucks was in Lubbock Thursday and several of them will remain here through Saturday, Shearer said.

Mr. and Mrs. Z. B. Lee, of route 3 are parents of a daughter weighing 7 pounds 1 ounce born at 8:29 o'clock Thursday morning in Lubbock sanitarium.

Third meeting of Lubbock Chess club will be at 7:30 o'clock tonight in the home of Dr. R. S. Underwood, 2220 1-2 Broadway. "All persons interested in playing chess are cordially invited to attend," said Dr. Alan L. Stroud, a member. "There are no membership requirements, our main purpose is to play chess for the fun of it."

A son weighing 7 pounds 14 ounces was born to Mr. and Mrs. William M. Pearce of 2305 Seventeenth street at 7:55 o'clock Thursday morning in St. Mary's hospital. Pearce is a history instructor at Texas Technological college.

R. C. Rach, a Lubbock negro, was held in county jail Thursday night on a charge of forgery filed in justice court of Horace Smith at Slaton. The negro was arrested by Charles D. Yates, Slaton constable, and Austin Yeats, Slaton police chief, after he allegedly attempted to pass to Garron Grocery store a $15 check forged on J. S. Edwards, Slaton banker.

Only passing notice was given the traditional Thanksgiving Thursday in Lubbock, since the Nov. 21 date was observed throughout Texas. Most offices in the courthouse were closed during the afternoon, but stores remained open all day for business.

Eugene Wilson, of 2102 Twentyseventh street, buyer for the Lubbock Hog and Cattle company, has double pneumonia at his home, friends said Thursday night. His condition is serious, it was said.

Billy Joe Price, about 15, son of Mrs. Beulah Price of Ninth street and Avenue, O, was resting well Thursday night in West Texas hospital, where he was being treated for injuries suffered when a car in which he was riding overturned. The car rested on the boy's chest about 10 minutes before help could be obtained by two other boys to raise it. His chest was injured. The car overturned after striking a sand bank about four miles west of Lubbock on the road continuing from Fourth street.

DRUG STORE IS ROBBED

COMANCHE, Nov. 28. (U.P.)—A drug store safe was opened and robbed of $200 early today.

Sutton Dudley, store owner, said the burglars pried open the front door and knocked the knob from the safe.

Entrance to a second drug store was frustrated by a burglar alarm.

Severe Penalties

(Continued from Page One)

generally have been advised to give trainees every opportunity to learn what is expected of them.

Maximum limits of punishment which courts martial may impose in cases where they have discretion are prescribed by the president. At present these limits include:

Fraudulent enlistment—dishonorable discharge, forfeiture of all pay and allowances and confinement at hard labor for not more than one year.

Penalties Severe.

Attempting to desert—if after not more than six months in service, dishonorable discharge, forfeiture of pay and confinement at hard labor for not more than six months; if after more than six months in service, dishonorable discharge, forfeiture of pay and up to nine months' confinement at hard labor.

Peacetime desertion—dishonorable discharge, forfeiture of pay.

Behaving with discretion toward a superior officer—confinement at hard labor for not more than six months and forfeiture of two-thirds of pay for not more than six months.

Willful disobedience, except in time of war or grave public emergency, of the lawful order of a commissioned officer in the execution of his office—dishonorable discharge, confinement at hard labor for not more than five years and forfeiture of pay.

Among the mandatory penalties are death for spies, dismissal for conduct unbecoming an officer and a gentleman, and either death or life imprisonment for murder.

SUIT IS DISCONTINUED

SYRACUSE, N. Y., Nov. 28. (AP)—Joseph R. Levy, former film salesman of Rochester, N. Y., discontinued his $150,000 libel action against the Crowell-Collier publishing company today, as the defendants formally retreated part of a published interview with Screen Actress Paulette Goddard that denied Levy was her father.

Greek War Fund Is Increasing

Lubbock's Greek War fund continued to swell Thursday when 14 additional gifts raised the total to $374, George Zarafonetis, campaign chairman, announced.

Indicative of the enthusiasm with which Lubbock citizens were responding, Zarafonetis said, was this letter received Thursday from a salesman with headquarters here: "Am enclosing a check for $5.95, $4.95 to Mr. Hilton (Zarafonetis is coffee shop manager at the Hilton hotel) to square my account and $1 to George for our Greeks. Give the buck to George. I detest Greek sauce and gravy but I'm nuts about their guts. P. S. I'm including the donation in my bill because nobody can spell Greek names."

Additional gifts to the fund Thursday were: Jewish Ladies' auxiliary, $5; Ray McIlroy, $1; Walter Grapberry, $5; A. D. Pratas, $5; Hilton employe, $1; R. L. Goodei, 9.50; Sam C. Arnett, $2; Alex McDonald, $5; Tony Vaughn, $1; C. C. Cox, $1; Star hotel, $2; L. Bacon, $1; a friend, $1, and C. S. Ameen, $5.

No canvass is being conducted, Zarafonetis explained, but offerings may be made to him at the Hilton hotel.

Hundred Hurt As Bleachers Fall

NOWATA, Okla., Nov. 28. (AP)—More than 100 persons were injured today when bleachers on both sides of the Nowata high school football field collapsed, dumping 1,750 spectators to the ground.

Two minutes before the start of the Verdigris valley championship game between Nowata and Claremore, the west bleachers gave way under the weight of 1,000 persons, sending almost 100 of them to local doctors with broken bones, bruises and scratches.

Order was maintained despite the accident and the game went ahead on schedule. In the fourth quarter, the east bleachers collapsed under 750 spectators and about 25 were injured.

After the west section fell, the fans were advised by school officials to evacuate the east bleachers but did not heed the warning.

Broke In Started

"It has been raining here for a week," said School Superintendent B. B. Nichols, "and the bleacher supports evidently were weakened by the excess amount of moisture in the ground."

"It's a miracle that nobody was killed," one school official exclaimed. An immediate investigation was started.

Most seriously injured were:

O. A. Mitchell, Nowata, sprained back.

Fred Crum, Nowata, broken ankle.

Raymond Minniear, 13, Alluwe, broken leg.

Mrs. Pearl Walton, Childers, broken toe.

Dr. W. L. Stevick, Nowata, wrenched back.

Mrs. J. W. Hendrickson, Nowata, leg sprain.

Former Rice Coach Is Taken By Death

HOUSTON, Nov. 28. (AP)—John H. (Jack) Rafferty, a vice president of the A. A. U. and a Harris county drainage engineer, died here tonight.

Rafferty was born May 18, 1896, at Everett, Mass. He was graduated from Tufts college with a bachelors degree in civil engineering. He became an instructor in civil engineering at Rice institute in 1920. He was an instructor there until 1925.

At Rice institute he was also for a time freshman football coach and assistant varsity coach. His first freshman team was undefeated. He also was a former Rice track coach.

He is survived by his widow and five children.

Funds For Airport At Brady Are Approved

WASHINGTON, Nov. 28. (AP)—Representative South (D-Tex) was notified by the Work Project administration that President Roosevelt had approved an allocation of $141,-631 for improvements at the Brady, Texas, airport, which had been designated as a national defense project. Final disbursement of funds is subject to approval of the state WPA administrator.

Elaine Barrie Keeps The Records Straight

LOS ANGELES, Nov. 28. (AP)—Just for the records and not to settle a question, Elaine Barrie filed an affidavit in court today stating John Barrymore is not in the army, navy or marines, nor is he being prepared for induction into military service.

Miss Barrie obtained a divorce from the actor Tuesday, but the court required this affidavit before completing its decree, in accordance with a recently established rule to protect men in service who may be sued for divorce.

Abilene Business Man Is Victim Of Death

ABILENE, Nov. 28. (AP)—J. Soule McDaniel, 69, treasurer of the Texas Bottlers association and a lay leader in the Methodist church, died early today after suffering a heart attack at his office yesterday.

He was president of the Texas Coca Cola Bottling company of Abilene and for 20 years had been a leading business figure here.

Funeral services will be conducted here at 10 a. m. Saturday.

Romford, England, has only one member in the House of Parliament, although it has 230,802 inhabitants.

Now You Tell One

What The—?

GREENVILLE, S. C.—Sam Hill says he's right proud of "Singin' Sally."

Sally is one of the 35 hens in the Hill hen house. She sings.

When Hill goes into the hen house he can't pick out Sally by sight, but, he says, she starts singing and he picks her up and she keeps right on singing.

Snakes Safer

HYANNIS, Neb.—Rattlesnakes in this western Nebraska ranch country are increasing and the old-timers give this reason:

When the boys rode the range on horseback, they always

stopped to kill every rattler they spied. Now, in high speed cars, they don't bother to stop.

One rancher, Bill Manning, brought in 50 live snakes and put them on display.

Duck Fisher

OKLAHOMA CITY, Okla.—Richard H. Kyle, duck hunter, banged away at a flock that flew over his head. Three mallards fell into the water.

Kyle had neither boat nor dog and so he sped homeward in his car.

Soon he returned with a fisherman's fly casting outfit and made three perfect casts, each time hooking and retrieving one mallard.

Chesty

HELENA, Mont.—"Have you any physical characteristics that will aid in identification?"

the conscription enrollee was asked.

"You bet I have," he said as he unbuttoned his shirt. "This!"

And he proudly pointed to letters, tattooed across his chest in red ink: "What a Man!"

Got Robbed

GOLDSBORO, N. C.—When a sympathetic friend asked to ride in the ambulance with Solomon Emmanuel, 83, and his wife, 78, attendants thought he might cheer up the couple. En route to the hospital the "friend" robbed the pair.

Peek-A-Boo

CHEYENNE, Wyo. — Have you looked under the hood of your car recently? Maybe it's advisable. Dr. H. D. Fort, state veterinarian, peered under the one on his automobile recently and discovered a rat had built a nest on top of the battery.

Hobby Grows

ABERDEEN, Md.—It started with two tunic buttons, but now Lieut. G. Bruling Jarrett's collection weighs 75 tons.

He collects war materials, has 7,500 souvenirs, including uniforms, bullets and pieces of ar-

tillery, field kitchens and 10 airplanes—all once used by different armies. Many articles come from the present conflict.

He wants a Messerschmitt plane but reports "the last price I had quoted was $100,000. I'll wait awhile for mine."

On The Nose

CINCINNATI, Ohio — A mortician's calendar issued late in 1939 bears these words for Oct. 16, registration day: "Many are called, but few are chosen."

ANNOUNCE CHRISTMAS BONUS

MILWAUKEE, Nov. 28. (AP)—Allis Chalmers Manufacturing company, announced a Christmas bonus of approximately $500,000 to be paid to employes Dec. 20.

Britain's Ministry of Pensions paid pensions last year to 800,000 persons in connection with World war I.

Man 'With Gab' Is Released

Police Thursday released from custody a young Lubbock man, who's own gift for gab placed him under suspcion of committing a series of crimes in Lubbock.

Law enforcement officers said the man had boasted of some of his escapades in crime and was questioned "as a matter of routine." He previously has had run-ins with the law, they said.

Posting of a $250 reward for apprehension and conviction of the person who smashed a window glass and escaped with jewelry from Lester's Credit jewelers intensified the search for suspects in that crime.

Reward Posted

The store announced its posting of the reward Thursday.

Another development was indicated as disappointing of authorities—that of arrests in the Wednesday morning robbery of John Bush, 23, at the Onyx service station at 625 College avenue. The car believed used in the holdup was recovered in 800-block between Avenue F and G.

The car, belonging to Ralph Trolinger, traveling freight and passenger agent of the Panhandle & Santa Fe railroad, was discovered by John Porter, switchman of the Santa Fe.

Police were attempting to get fingerprints from the car. The machine had been driven approximately 100 miles.

Three men, in a car fitting description of the Trolinger car, stopped at the service station, two of them forcing Bush into the station and taking between $20 and $30.

Two men, 19 and 45, were being held in county jail for authorities at Seminole, as suspects in forgery charges there. The older man was understood to be wanted at Tahoka also, officials said.

A man, about 25, was held by the sheriff's department for Gainesville, where, officials said, there was a drunk driving indictment naming him.

Mrs. Barbara Schallert of 2108 Twenty-third street reported theft of a tea kettle, a small bath tub, a wash tub and wash board from servants' quarters at the rear of the residence. A coin purse, containing $2.40, and a skirt were taken from the residence of Mrs. Garrett Hawkins, at 1942 Fourteenth street, she reported.

Seven Die In Blast

(Continued From Page One)

noon and shattered windows in a six-block area.

Earl Hanson, one of the injured, fought his way through the flames to rescue Mrs. Ralph Wheeler who was trapped in the debris of the beauty shop. Both were severely burned.

Mrs. Wheeler said she smelled gas two hours before the blast. A repair man, Ray Snyder, was called. The explosion came just as he turned on his flashlight to investigate the leak, he said.

Alfred Bollin, a witness, said the explosion seemed to "roll out of the basement."

Another witness, Ken Goetz, said debris was hurled 40 to 50 feet into the air and "I saw chunks of masonry fall 150 feet away."

The structure was known as the Richey-Gilbert warehouse, which at one time was used to pack and store apples.

Community Meetings Are Being Conducted

Second of a series of seven community meetings at which two important matters of interest to farmers will be discussed, is scheduled for tonight in the Becton school house at 7:30 o'clock tonight.

State extension service agents and Agricultural Adjustment administration officials will discuss the coming cotton marketing program election on Dec. 7 and the district soil conservation election the following Saturday, said C. T. Wasson, AAA administrator.

Thursday night a similar meeting was held at Monroe in the New Deal school auditorium. Others are planned for next week at Idalou, Cooper, Shallowater, Slaton and Wolfforth.

Speakers will include C. C. Jobson, county farm agent; Miss Clara Pratt, home demonstration agent; Lee H. McElroy, assistant farm agent and Wasson. Members of the county AAA committee plan to attend and R. A. Powell, of Becton, a member, may preside.

The federal soil conservation office here is expected to be represented, C. T. Williams is area conservationist in charge.

Additional Control Of Foods In Britain Seen

LONDON, Nov. 28. (AP)—Additional government control of food through a wage-price-marketing policy was forecast today by informed sources.

The government is confident is can "weather the months ahead" without difficulty or hardship, these persons said, but extension of rationing and expansion of communal feeding system are likely.

Food Minister Lord Woolton, speaking before a British Refrigeration Council Luncheon, warned that Britons' meat importation might be reduced to conserve shipping.

He added that apples, apricots, grapes and bananas "must disappear for at time from our tables."

BANKRUPTCY PETITION FILED

DALLAS, Nov. 28. (AP)—Time Brewing, Inc., Dallas beer manufacturing company, filed a voluntary petition in bankruptcy in federal court today.

Julius Schepps, secretary of the company, listed liabilities at $122,-198 and assets at $208,194, most of which are machinery.

Rivers Spreading Over More Acres

HOUSTON, Nov. 28. (AP)—Fat and sluggish with flood waters, the lower Brazos and the Trinity river near Liberty continued today to spread over many more acres of lowlands.

The San Jacinto river in Harris county was receding and other areas in East and Central Texas were emerging from flooded conditions and struggling back to normal.

Many homes still were under water in the lowlands of east Harris county and the Red Cross continued to direct relief work among the refugees.

The United States Weather bureau said the Brazos river will continue a slow rise from old Washington to the gulf.

The Trinity river, although it rose half an inch more at Liberty today, continued to inundate many more acres of Liberty county lowlands. The level late today was 26 feet 7 1-2 inches.

Lowland families have been moved out without casualties and only a few head of livestock have been lost in Liberty county.

Bombing Italian Cities Is Urged

(By The United Press)

LONDON, Nov. 28. — Former Secretary of War Leslie Hore-Belisha said in a speech tonight that the war would reach a turning point if the British air force would follow up Greek victories with aerial bombardment of Italian cities.

"We should let a proportion of those bombers which for months past have been shattering Hamm, Hamburg, Leuna and Gelsenkirchen (all in Germany) be concentrated against cities and communications in Italy," Hore-Belisha told the Oxford union.

Same Treatment Advocated

"Let Fiume and Trieste as well as Valona and Durazzo have the same treatment as has been meted out to Birmingham and Coventry.

"Only when Italy has been out of the war will Britain be able to measure herself against the real enemy—Germany."

He urged that the British launch an offensive against Italy in Africa and thus accord the Ethoipians "the same opportunity to throw off the yoke of oppression that the Greeks have given the Albanians."

'Jolly Irene' Dies In New York; Age Of 60

NEW YORK, Nov. 28. (U.P.)—Mrs. Amanda Siebert, who as "Jolly Irene" became known as one of the world's jolliest and fattest women, died of a heart attack last night in her home at Coney Island where she had been an attraction on the boardwalk for years. She was 60.

Ailing for the past few years, she had lost 150 of the 650 pounds that had made her famous. For years she appeared with the Ringling Brothers, Barnum & Bailey circus in New York but she always refused to accompany the big top on the road because it would mean traveling in a freight car. They never could get her through a coach door.

She fell out of bed several months ago and her husband, a hotel clerk who also acted as her barker, had to call an emergency police squad to get her hoisted back.

She is survived by a daughter by an earlier marriage, two grandchildren and a great-grandchild.

She will be buried Saturday in a double-sized grave at Coney Island.

"Down With Wallace"

(Continued From Page One)

dency. No members of the party were molested.

Cries of, "Down with the United States—Viva, Alamazan—the United States betrayed Almazan—down with Wallace!" rang out as the automobiles of the Wallace party arrived.

Stones clanged against the steel-shuttered windows of the embassy.

No Arrests Made

The special detail of police guarding the embassy struggled with the crowd while it tried, without success, to storm the building's outer doors, bearing the great seal of the United States. Apparently the crowd mistook the embassy for the presidency.

Then the motorcycle squads which had escorted Wallace to the residency opened up with their tear gas guns, riding into the crowd and breaking it up.

A few minor injuries were reported, including two policemen struck by rocks. None required hospital aid, however.

Within a few minutes after the demonstration began, police patrol cars—part of a fleet of 20 recently purchased in the United States and put into service only yesterday—blocked off all streets leading to the embassy.

About 10 tear gas bombs were used in dispersing the crowd.

Farm Youth Subdues Convicts With Rifle

LAKELAND, Ga., Nov. 28. (AP)—Freeman Carter, 21-year-old farm youth, met an emergency at his home yesterday by wounding two convicts with a single shot and capturing them single handed.

Warden A. F. Hood of the state prison camp near here gave this account today of Freeman's feat:

Two escapes from the Lakeland camp forced their way into the home of Mr. and Mrs. Ike Carter early yesterday and forced the Carters to prepare food for them.

While they were eating Freeman appeared with his 22 calibre rifle, fired once and inflicted flesh wounds on both men. The convicts jumped through a window but young Carter pursued, caught, subdued and turned them over to the warden.

Walter-Logan Bill Attacked

WASHINGTON, Nov. 28. (AP)—Secretary Ickes said today that the Walter-Logan bill to subject executive boards and agencies to a closer judicial curb was intended to "hamstring the New Deal."

While the interior department chief was attacking the bill at a press conference, its proponents failed in an attempt to have the House take final action on it immediately and send it to President Roosevelt.

Changes Asked

The measure, empowering the federal court of appeals here to review rules and regulations of agencies and to determine whether their final decisions are based on correct findings of facts, has been passed by both House and Senate, but in somewhat different form.

Chairman Sumners (D-Tex) asked the House today to agree unanimously to the Senate changes, so the measure could be sent to the White House immediately. Rep. Cochran (D-Mo) objected, however, describing the bill as an anti-administration measure.

Would Hurt, All

Advocates of the measure served notice that they would press for House approval next Monday.

Its opponents have predicted that President Roosevelt would veto it, but the president said yesterday that he would study the measure before making his decision.

Ickes declared:

"If the bill becomes law it would do a permanent injury merely for the satisfaction of some people who are now dissatisfied. It is aimed to hamstring the New Deal, but it would do the same thing to any administration which followed it."

Front Line Is Moving Inward

By PETER TOMPKINS
Associated Press Staff Writer

KORITZA, Albania, Nov. 28. — I have just driven over the shell-pitted road almost the entire length of the Greek-Italian front to this former Italian base which the Greeks captured six days ago.

Up until two weeks back, the territory through which I traveled was in Italian hands and at least half my journey was on Albanian soil.

The road to Koritza, which parallels the frontier a few miles inside Albania, now is well behind the front line.

I drove without any more difficulty than I had in Greece and the appearance of the road and the countryside was much the same on both sides of the border; many bombed bridges temporarily replaced; much war material scattered about, but the road otherwise peaceful.

Childish Mind With Adult Body Handicap

NEW WILMINGTON, Del., Nov. 28. (U.P.)—Combination of a mature body and a childish and immature mind is "one of the worst handicaps to a successful marriage," according to Dr. R. F. Galbreath, president of Westminister College.

Dr. Galbreath listed seven qualities pointing to childishness; uncontrollable temper, uncompromising stubbornness, thoughtlessness in speech, being "thin-skinned" and easily hurt; indecision in making judgments, irresponsibility, and fears.

"To be mature," he said, "a people must replace highly emotional tempers with reasoning; stubbornness with a compromising attitudes; thoughtlessness in speech with consideration for others' feelings; irresponsibility with thoroughness and accuracy, especially in one's vocation, and fears with courage to follow one's conviction."

More persons lose their jobs and married happiness through irresponsibility and inability to get along with others than for any other reason, Dr. Galbreath asserted.

Stern Tennessee Code Favored By Texan

FORT WORTH, Nov. 28. (U.P.)—A Tennessee plan to curb irresponsible motorists will be proposed to the Texas Legislature next January by Fort Worth's senator and four state representatives.

Jesse Martin, state senator, said that he had written for a copy of the Tennessee law which provides for revoking the driver's license of anyone who cannot satisfy court judgments against him.

"If drivers are made responsible for the damage caused by their own carelessness," said Martin, "they will think twice before breaking traffic laws. Injuries and deaths will decline accordingly."

Housing Contract Is Awarded Houston Firm

WASHINGTON, Nov. 28. (U.P.)—The navy announced today the award of a contract to Thomas Bate and sons, Houston, for construction of 400 housing units for civilian employes at the naval air station, Corpus Christi, Tex., at an estimated cost of $1,173,000.

The contract was awarded on a cost-plus-fixed-fee basis. The time allowed for completion was not disclosed.

BI-FOCALS OR BAST ODD

SUNSET POINT, O. (AP)—Mrs. C. E. Miller owns what is probably the "granddaddy" of modern bi-focal spectacles. The odd glasses have an extra set of lenses, hinged at the side, which are swung in front of the normal lens for close work. They were originally used by Mrs. Miller's great-grandmother, in Scotland and are at least 150 years old.

Plainview Crushes Westerners, 20-0, In "Consolation"

Bulldogs Finish Job Of Routing The Champions

By COLLIER PARRIS
Avalanche Sports Editor

PLAINVIEW celebrated the old-fashioned Thanksgiving yesterday in an old-fashioned way, and the main dish couldn't have been more delectable to Plainview's palate if it had been served on silver platters.

In a way, it was!

Coach Vernon Hilliard's bully Bulldogs finished the job that the Amarillo Sandies started a week earlier—completely and positively annihilating the devitalized and deflated Lubbock Westerners in the "consolation" game of District 1.

The Masons Of Plainview

The score was 20 to 0, but Plainview's superiority for the day is not reflected in the final score. More in line would have been a 40-0 score, because that's how good the Bulldogs were yesterday.

Some say the "Masons" are a pretty fair country ball team located in the outskirts of Fort Worth, but 2,500 fans at Tech Stadium yesterday will tell you the Masons live in and work out of Plainview. At least three of them do!

Mick, Wick and Johnny! Their last name is Mason, and they play a lot of ball for Plainview—mostly in Lubbock's backfield.

The Masons didn't beat Lubbock by themselves, but they turned in their part of it. They had a lot of help from a scatting back named F. G. Hoefer, who could also toss that onion. And they had some fine interferers and blockers in J. E. Vicker, a guard, and Wayne McClain, another guard, and E. C. Barry, center; and Austin Blakemore, end. Wick Mason played end, too, when he wasn't backing up the line or playing defensive halfback.

You Could A' Fooled Us!

The sadly dehydrated shell that was once a blossoming, blooming, bear-cat of a Westerner machine—before it was wrecked and demoralized by the Amarillo Sandies, the district champions—had absolutely nothing yesterday except eleven uniforms on the field. From the opening kickoff until final whistle, the woeful Westerners were whipped, outclassed, outfought and generally outdone more ways than you can skin a cat.

Early cheers for Plainview turned into moans of pity for an already beaten Lubbock team that lost half as much ground as it gained. Nothing the Westerners could do would work, and they were pushed back on their haunches by a bustling Bulldog team that had just reached the peak of its seasonal form.

For Lubbock, the season had ended a week earlier at the hands of Amarillo's wrecking crew, but for Plainview it was the climax game of the year. The Bulldogs were ready, the Westerners were through.

Passes Are Boomerangs

Unable to make advances on the ground, the Lubbock tried the airlanes—and completed passes to Plainview players. The Bulldogs swarmed over the Tech gridiron like sea gulls over Utah, and grew fat on the slow-pokey Westerner crickets.

Whereas they played a passive game here last year, sympathizing with the Lubbock tragedy of that day, the Bulldogs struck fiercely and hung on with true Bulldog tenacity, stopping the Westerners dead and holding them that way.

Lubbock made but three first downs all day long, two of them in the first quarter, and the third in the fourth quarter, and made only 53 yards running, managed to complete one pass for 18 yards. But they lost 23 yards trying to run and except for a kindly official might have lost more than that, an incompleted pass being ruled once when the would-be passer was knocked on his hip pockets. He had let go the ball, but not very far.

On the other hand, Plainview mopped up fourteen first downs, gained 215 yards running and 34 passing. They gained 34 yards passing, that is, on their own passes, the statistical department losing out on the yards Plainview gained on Lubbock passes.

Lubbock Threatens Once

Plainview yesterday was one of the better teams of the state. It could have beaten almost anybody with the exception of Amarillo, and would have given the Sandies a scare.

Lubbock made only one serious threat all afternoon, and that as result of a "break," in the third period.

The Westerners were back in their own territory, where they played most of the afternoon, and Bob McKinnon, Lubbock's fullback disappointment, booted to the Plainview 23. It was fumbled by a Plainview receiver, juggled around a bit and finally recovered by Lubbock's Franklin Butler, nifty little guard who shared line honors with Roland Nabors.

The Westerners turned on the steam—and gained 5 yards in four downs, reaching the Bulldog 18-yard line on fourth down and giving up the ball again.

From that point, the Bulldogs drove for touchdown without giving up the ball. Mick Mason made 4 yards, then Hoefer took off on one of his familiar twisting sprints for a 33-yard jaunt. Little Johnny Mason, sophomore brother of Mick and Wick, and Mick himself, took turns carrying the ball down to Lubbock's 22-yard line, from where Hoefer flung a forward to Mick Mason who was overhauled on the Lubbock 1-yard line by Leete Jackson.

That was the final play of the

(Continued On Page 13)

THE THEME OF THE GAME.—A typical camera shot of action in the Plainview-Lubbock game at Texas Tech stadium yesterday shows F. G. Hoefer, ball-bearing quarterback, finding an opening for one of his long gains that led to a 20-0 victory and second place in District 1. Nearly every time you looked up, Hoefer or Mick Mason were making long gains. This particular one was for eight yards, coming off a long reverse to Lubbock's left. Typical of the tackling the Wseterners did yesterday is shown by the unidentified Westerner at extreme right. No. 10, Hoefer, had evaded Lubbock's No. 32, Milner Thorne and No. 29, Max Walthall. Leete Jackson, whose head is hidden by Hoefer, finally hauled him down, with the help of Carl Smith, No. 25, coming in from the right. Back of Smith, on his knees, is Mick Mason, No. 27, and just behind him, Wayne McClain, No. 20, a fine guard, No. 23, in the black jersey, tearing up from the right, is Carl Sanders, Lubbock guard. Hoefer was stepping high and handsome in this second quarter spurt that immediately preceded Plainview's second touchdown, the touchdown coming some 70 yards later when Hoefer passed over the line to Wick Mason. Also typical of yesterday's game are the rows and rows of empty or partly filled grandstand seats, shown plainly in the picture. Less than 2,500 fans saw the game, 600 or more of them from Plainview.

Sandies Capture Title With 27-0 Win Over Pampa

Special To The Avalanche

AMARILLO, Nov. 28.—Surging over a spirited but helpless Pampa Harvester eleven, the Golden Sandstorm of Amarillo High roared back to the District One throne room with a 27 to 0 victory fashioned before 4,500 spectators here this afternoon.

Only a wet streak down the middle of the gridiron was left from the ice-storm which only two days ago had this city isolated.

The victory gave Amarillo its first district title since 1937. It was accomplished just about as expected although the margin of four touchdowns marked the first time in history that the Sandies have beaten the Harvesters by more than 14 points.

Harlow Returns Kickoff

Harold Harlow, reserve fullback, started the game off on a thrilling 96-yard kickoff return to score the first touchdown. Boone Baker missed the point.

The Sandies marched 72 yards for their second counte which started at the close of the first period and ended in the second with Johnson skirting his right end for four yards. Baker added the extra point. After this score, the Amarillo regulars never played as a unit.

Johnson Covers Fumble

Near the close of the half, the Sandies scored on a freak fumble recovery. Payne was tackled on the Pampa 13, the ball rolled crazily first one way, then the other, with players diving frantically to retrieve it. Finally Johnson covered it in the end zone for the touchdown.

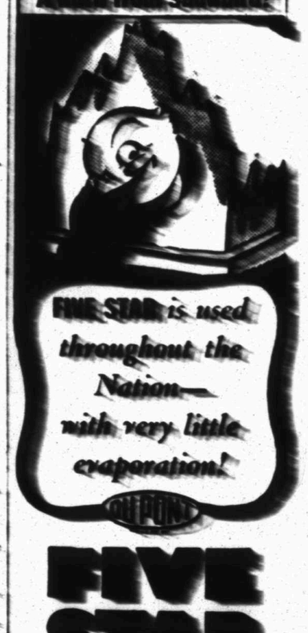

After a scoreless third quarter, Amarillo drove 54 yards for the final score, with Payne plunging across from the one.

So tight was the Sandies defense the Harvesters never passed the Amarillo 35-yard line.

SYRACUSE IRON MAN

SYRACUSE.—Dick Weber, sophomore guard for Syracuse, played 237 out of 240 minutes in games with Cornell, Columbia, Georgetown and Penn State.

LUBBOCK	0	0	0	0	0

Possibly having taken a lesson from yesterday's upsets featuring the Texas Aggies and the Lubbock Westerners, Texas Tech football Red Raiders are off this afternoon for Albuquerque where they met a threatening Lobo team of New Mexico university.

Texas Tech is favored by from 10 to 25 points, according to the various rating systems, concensus of opinion, etc., over the Loboes, and New Mexico has never defeated a Texas Tech team.

Possibility Of Upset

But there's a chance of another upset if the Red Raiders aren't on their toes and "pointed" for the game.

Maybe they got their lesson last week in St. Louis when they were unable to score more than one touchdown and a one-point victory over a supposedly inferno St. Louis university team.

With only three days of practice since then, the Tech players aren't in the very pink of playing condition. They drilled stiffly yesterday, will ride the train add afternoon and into the evening.

Large Traveling Squad

Coach Pete Cawthon and Dutchy Smith are taking 33 players, virtually the entire squad, a manager, trainer and public relations man to Albuquerque. The traveling squad, besides the coaches:

Glenn Lowe, Wayne Pipes, Bill Brown, Ed Irons, Ty Bain, Charlie Dvoracek, Robert Duncan, Prince Scott, Loyce Baillio, Tom Douglas, Walter Webster, Warren Cudd, Lonnie McCurry, Roger Smith, Clarence Tillery, Newman Ledbetter, Rafe Nabors, Bill Posey, Will Allbright, Thayne "Red" Amonett, Peter Blandia, E. J. McKnight, Marvin Shields, Doyle Caraway, Don Austin, Bob O'Conner, Jack Shanks, Charlie Henderson, Milton Hill, Charlie Daniel, Bing Bingham and C. L. Storrs, with Manager Art Weber, Trainer Lewis Spears and Sports Publicist Bill Parker.

The squad will leave at 1 o'clock this afternoon, and is due to arrive in Albuquerque about 9:30 tonight.

Attached to the rear of the Santa Fe train carrying the Red Raiders into New Mexico will be a five-car "special party" division carrying fans to the game. A student special train is to leave tonight about 11 o'clock.

Bob Walker, one of the Junior Chamber of Commerce men in charge of arrangements for the "special party" group, said last night everything was "all set," and that a big time was in store for all who rode the five-car special division. Those who ride it will have an option of waiting in Albuquerque until Sunday morning, returning to Lubbock about 4 o'clock that afternoon, instead of coming home late Saturday night.

A few spaces were still available last night, but a "sell out" was in prospect, Walker said.

Conn, Savold Box Tonight

By SID FEDER
Associated Press Sports Writer

NEW YORK, Nov. 28.—Looking ahead to the one "big shot" against Joe Louis next summer, Billy Conn, the ambitious Pittsburgher, and Biond Lee Savold from the Nebraska corn country tangle tomorrow night in Madison Square Garden for 12 rounds or less.

With the supply of available heavyweight challenging material rapidly dwindling to the point where there doesn't seem to be enough around to meet Louis' demands through 1941, the winner tomorrow is almost a cinch to meet up with the Brown Bomber in some big ball park next year.

Promoter Mike Jacobs has long had a desire to put the Pittsburgh pretty boy in there with the Bomber when he grows up to that size. Conn still is able to make the light-heavyweight limit, but in recent months he has put on a pound here and another there so that he may conceivably be of aheft to toss in with the big fellow next summer without the authorities intervening.

Like Conn, Savold is a "picture" fighter who attracts the cash cus-

Championship 6-Man Game Slated Today

The twice-postponed South Plains championship six-man football game, matching New Home's Leopards and McAdoo's Eagles, will be played in Tech Stadium at 2:30 o'clock today, unless weather forces a third postponement.

The game was originally scheduled for last Saturday, then re-scheduled for Monday.

New Home is undefeated and untied; McAdoo has only a 7-6 loss to Roosevelt to mar the season. The Eagles, after losing one game to Roosevelt, dusted them off, 30 to 6.

New Home is champion of the Lynn county district, McAdoo of the Dickens county circuit.

Today's game is advertised as the first six-man game ever to be played in Lubbock.

Cubs, Colorado Play For Title

BROWNFIELD, Nov. 28.—Brownfield's Cubs, often a district winner but never a bi-district champion, seek to break that jinx and advance to the regional playoff here Friday when they meet the Colorado City Wolves for the championship of Class A District 5 and 6.

Colorado City has been established as favorite for the game by virtue of a high scoring-offensive that has recorded 259 points this season while allowing 18 to opposition. Brownfield's record shows 163 points scored to 37 allowed.

Ripan May Be Ready

Colorado City has been beaten once, 6 to 0 by Monahans, a team the Cubs defeated 29 to 13. Brownfield has only a 6-all tie with Levelland, second place team in District 5-A, to mar an otherwise perfect record. Brownfield was awarded the game and title because of a 9-7 lead in first downs.

Harried by injuries in their last four games, the Cubs have nevertheless continued their phenomenal winning pace. Coach Aubra Noncaster of the Cubs hopes to have his star punter and passer, Jim Bryan, back in the lineup for the first time since midseason.

The season records: Colorado City—44 Stanton 6; 27 Loraine 0; 0 Monahans 6, 32 Roby 0; 13 Merkel 0; 33 Ranger 0; 27 Post 0; 13 Rotan 12; 40 Snyder 7.

Brownfield—26 Kermit 6; 29 Crane 0; 20 Monahans 13; 6 Levelland 6; 14 Littlefield 0; 14 Tahoka 0; 12 Post 0; 27 Stanton 6; 25 O'Donnell 6.

Probable starters: Colorado City—Wade and Woods, ends; Caffey and Webber, tackles; Cooper and Beaster, guards; Coker, center; Grimes, McCrady, Allen and Smith, backs.

Brownfield—Billy Moore and Monroe Rowden, ends; M. J. Akers and Lewis Waters, tackles; Paul Bagle and Floyd Perry, guards; James Mullins, center; Gene Hill, Spencer Murphy, Jiggs Tankersley and W. D. Warren, backs.

Porker Aerial Circus Downs Tulsa, 27-21

TULSA, Okla., Nov. 28. (AP)—Air-minded Arkansas stunned Tulsa with four quick touchdowns today and survived a vicious last half uprising by the Golden Hurricane to triumph, 27-21, in the traditional Thanksgiving Day game at Skelly field.

Pint-sized Haroid Hamberg, sharpshooting Arkansas tailback led the Razorbacks to a 27-7 lead early in the third period, passing for three touchdowns and setting the stage for another with a 21-yard fling that carried to the one-yard stripe.

LASH WINS AGAIN

DETROIT, Nov. 28. (AP)—Don Lash, the former Indiana university trackman who confesses that his running seems to improve with his age, accomplished the expected today as he ran away with his seventh straight national senior Amateur Athletic union cross-country championship.

Don't Believe Him—He Picked The Aggies!

Litkenhous Rates Gophers Tops, But Season Not Over

By DR. E. E. LITKENHOUS

The college football season is just about over, but the National championship still cannot be awarded.

Although the Golden Gophers—and they've been 24 karat this year—have a rating in the Litkenhous Difference by Score system of 100.1 and have closed their season, they cannot be handed the title of the best in the Nation because Tennessee still has a game to play with Vanderbilt. Michigan, the second place team at 90.8, also is through for the year, but the Volunteers could pick up enough by their game with Vandy to climb into first place from their third position at 99.7. Since every game played in the United States has its effect on the rating of every team, the championship cannot be given until all the returns are in.

Midwest In Tops

From here, however, it doesn't look as though the standing of the Midwest, as a section of strong football teams, can be challenged. Among the top ten teams now, three of them, Minnesota, Michigan and Northwestern, are from the section and they hold first, second and fourth places.

The South stands second with Tennessee in third, Duke in seventh and Georgetown University in tenth.

Boston College, No. 5; Pennsylvania, No. 8, and Cornell, No. 9 put the East in third place. The Southwest has only one representative in the select group, Texas A. and M., in the sixth spot. Stanford comes the nearest of the Coast teams with a rating for 12th place.

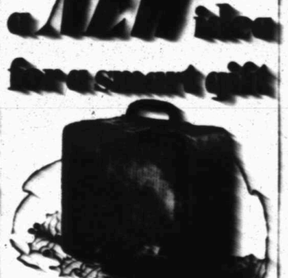

Probable winners are set in black face type. The ratings are used thus: Tennessee, the rating of which is 99.7, plays Vanderbilt, 74.6. If Tennessee isn't hampered by injuries and other misfortunes and Vandy isn't playing better ball than its average type of football, Tennessee will win by from three to five touchdowns, the difference being 25.1 points.

Home Team	Rank	Rating	Opponent	Rank	Rating	Difference
Minnesota	1	100.1	Not scheduled			
Michigan	2	90.8	Not scheduled			
Vanderbilt		74.6	**Tennessee**	3	99.7	25.1

Layden's Aerial Magic Brings Score In First

(Continued From Page One)

held a brief, 13-7 lead in the third period of the Sugar bowl game on Jan. 1.

Wild Bill Conatser's fine kicking—out of bounds boots away from the dread Crain boy—kept the Texans quiet for a few minutes but they

"NAME YOUR GUESS"

PALO ALTO, Calif., Nov. 28. (AP)—Angelo Lotop of the coast football writing corps, sent Tom Lieb, and X. Alfred B. Masters, Stanford athletic director who will pick the Rose Bowl opponent if his team gets the Western nomination, an expected, each "Name your guess."

The Texas Aggies undoubtedly were Stanford's first choice but their defeat knocked them out of the running.

The University of Tennessee and Boston college, both expected to finish unbeaten, remained as the top eligibles.

broke out again in the second period when Crain intercepted Marland Jeffrey's pass on the Texas 46 and skittered back 18 yards.

Finally Get First Down.

Finally Texas pushed to a first down on the Aggie eight on Layden's spot pass to end Malcolm Kutner.

But Bill Buchanan roared in from end to recover Layden's fumble of a low snap back and the Aggies took over on their ten.

First Conatser got five and 15 more on a roughing penalty. Then Kimbrough started the demonstration that proved his all-America worth.

Over the tackles, around the ends, smack through the middle the 222-pound giant crunched, tossing in runs of 18, 13 and 12 yards to finally accumulate 63 yards on a nine-run jaunt. Weary, he finally arrived at the Texas nine and then, on fourth down, tried to befuddle Texas by passing.

Pass Intercepted.

It was intercepted in the end zone by Noble Doss—the man who botched the Aggie passing game all day long.

The Aggies were hurt, badly, by the loss of Quarterback Marion Pugh, their top passer and runner and "brains." Once he hobbled out on his badly injured leg and tried a dying man's 35-yard pass—but the man Doss was there to intercept on the Texas eight.

The famed Aggie passing attack sputtered and failed, only five completions being registered out of 18 attempts. Texas was quite a football team today—A better team than the seemingly stunned Aggies. They rushed the Aggie line with Layden and Crain working beautifully; they stopped Aggie passes and they hurled some of their own that A. and M. couldn't handle.

Lineups and summary:

A. AND M.	Pos.	TEXAS
Sterling	LE	Flanagan
Pannell	LT	Williams
Bobbett	LG	T. Dawson
Vaughn	C	Jackson
Hanks	RG	Daniel
Routt	RT	Garrett
W. Dawson	RE	Kutner
Jeffrey	QB	Martin
Conatser	LH	Crain
Thomason	RH	Doss
Kimbrough	FB	Layden

Score by periods:

TEXAS A. AND M.	0	0	0	0	—0
TEXAS UNIVERSITY	7	0	0	0	—7

Texas university scoring: Touchdown, Layden; point after touchdown, Crain (from placement).

Substitutions: Texas A. and M.—Ends, Smith, Henderson, Buchanan, Cowley; tackles, Wesson, Ruby; center, Herman; backs, Spivey, Pugh, Moser, Bando.

Texas—Tackle, Mauldin; center, Goodwin.

Referee, Jeff Farris (Tulsa); umpire, Irl Jones (Tulsa); head linesman, Jack Roach (Baylor); field judge, A. Y. Swartz (Rice).

DISTRICT 5-B WINNERS.—New Deal's Lions, pictured above, will play the Seminole Indians, District 6-B champions, for the bi-district championship in Seminole today. In the picture are: Seated, left to right, R. Kinslow, T. Oldham, R. Pearce, W. Jones. Second row, Coach R. E. Horsley, L. Stokes, M. Looney, L. Lennie, A. Anderson, W. Edwards, J. Oldham, C. Dickey, Manager J. Whittle. Back row, G. Lyda, M. Galbraith, B. Campbell, M. Wardroup, G. Anderson, J. Beaty. See story below.

Bulldog Triumph

(Continued from Page 12)

third period, and on the second play of the fourth, Mick Mason plunged through with room to spare for touchdown, the third and last. Mick's try for extra point failed.

Plainview had taken the lead in the first period, Lubbock received the opening kick-off, and McKinnon made first down on a 7-yard plunge after Jackson had made 7 on the preceding play, but three more plays netted only four yards and McKinnon kicked from the Lubbock 36. The Plainview boys started their swirling and swooping on reception of the kick, lateralling three times before returning it 28 yards. They worked down to the Lubbock 30, then Mick Mason kicked out of bounds on the Lubbock 2-yard line.

McKinnon kicked out from behind the goal posts to the 36, and Mick returned to the 26. Hoefer and Mick Mason took turn about carrying the mail and finally Mick went over for touchdown, and the same Mick kicked goal. It was that simple.

A fifteen yard penalty for "piling on" after Leete Jackson had made 5 yards gave Lubbock the ball in Plainview territory, but only for ten yards, late in the period. As the quarter ended, Plainview was going north again, had made first down on the 30.

Touchdown Called Back.

They kept up the drive in the second period, lost the ball once but made it up by intercepting a Lubbock pass. Mick Mason intercepted a Walthall heave on the Lubbock 40, ran it back all the way, 60 yards, for a touchdown. But a clipping penalty was imposed on Plainview during the run, and the Bulldogs started back from the Lubbock 40. Hoefer picked up 6 yards in two tries, then got away for nearly 20 yards. He and Mick went to the 9-yard line and an off-side penalty gave Plainview first down on the Lubbock 4. A line play gained two yards, then as calm as ice, Hoefer flipped a pass to Wick Mason over the goal line for touchdown, and Mick kicked the extra point.

Oh, it was very simple, also very pathetic, the way the Plainviews had their way with the Lubbock.

As the first half ended, Hoefer had intercepted another Lubbock pass, had made a 14-yard run to the Lubbock 38, and Mick had made five through the line.

It wasn't long then until the Plainviews marched 82 yards for their final touchdown.

Ah, A Completed Pass.

Lubbock made only one first down in the last half.

As the game ended, deep in Lubbock territory, Johnny Mason had wiggled his way for 8 yards to the Lubbock 20, and only the abbreviated quarters, as they are timed in high school football, prevented another Plainview touchdown, as it had done in the first half.

Jackson took a punt on the Lubbock 12-yard line late in the game, returned it two yards, fumbled and dropped it, fell on it. McKinnon faded back and shot a long pass, off a lateral, to Lyonal Lindsey, reserve end. It was the only pass Lubbock completed in eight tries, and it brought Lubbock's only first down of the second half, the third of the game.

Two passes in a row were incomplete, McKinnon was smeared for a 5-yard loss on third down, and he tried to pass on fourth down—from his own 27-yard line. It was incomplete, and Plainview took over. The clock mercifully stopped the slaughter.

Roland Nabors and Franklin Butler played good games in the Lubbock line, and Leete Jackson tried hard in the backfield. It seemed But the Westerner machine had quit clicking.

Seminole Meets New Deal Today

(Special To The Avalanche)

SEMINOLE, Nov. 28.—The Seminole Indians and the New Deal Lions, Class B champions of Districts 5 and 6 respectively, will meet here Friday afternoon for the bi-district championship, highest honor awarded in Class B football. The game will start at 2 o'clock.

Seminole has been beaten once and has played two scoreless ties; New Deal has lost one game, to Cooper, a team the Lions later beat for the district championship.

The season records: Seminole—25 Denver City 0; 0 Stanton 0; 13 Denver City 6; 24 Seagraves 0; 0 Andrews 13; 0 Stanton 0; 48 O'Donnell 0; 14 Plains 12; 0 Andrews 0; 25 Seagraves 13.

New Deal—6 Cooper 13; 19 Petersburg 0; 53 Frenship 0; 12 Lubbock Cowhands 6; 20 Southland 12; 21 Hale Center 0; 18 Cooper 12; 40 Abernathy 13.

Probable starters: Seminole—Stanley and Richardson ends, Blackman and Finn, tackles, Stovall and Smith, guards; Trammel, center, W. Dearing, S. Dearing, Pippin and Hargraves, backs.

New Deal—Dickey and Looney, ends; Galbraith and Wardroup, tackles; Lyda and Oldham, guards; Beaty, center, A. Anderson, G. Anderson, Exum and Edwards, backs.

Conn Fights Tonight

(Continued from Page 12)

tomers. This is evidenced by the fact Promoter Mike expects some 14,000 to 15,000 fans on hand tomorrow night, compiling a gross gate of about $35,000.

This corner, however, likes Billy Boy this time. Although only 175, Conn has proved he can handle heavyweights of Savoid's size—about 185 pounds. He knocked out Bob Pastor and he trounced Al McCoy in his most recent outings. Another thing—his manager, Johnny Ray, has brought Billy along too carefully to dive off the deep end now.

Frats And Sororities Said Undemocratic

VICTORIA, B. C., Nov. 28. (AP)—Greek letter societies stifle democracy and breed snobbery and should be abolished at the University of British Columbia, the legislature was told today.

Mrs. Laura Jamieson, cooperative commonwealth federation member, said that fraternities and sororities are both "un-British and un-democratic." They stifle democracy on the campus by controlling student elections," she added.

MUST LENGTHEN WEEK

OTTAWA, Ont., Nov. 28. (AP)—Norman McLarty, labor minister, told the House of Commons today that Canada must consider lengthening the standard work week from 44 to 48 hours "or even longer" because of the demands of wartime production.

Loboes End Unbeaten Year With 33-6 Win

LITTLEFIELD, Nov. 28. (Special)—Levelland's high school Loboes concluded an unbeaten season here today with a terrific demonstration of power that brought them a 33 to 6 victory over the Littlefield Wildcats.

From the first there wasn't a doubt as to the outcome of the game. Littlefield repulsed all Levelland threats in the first period, but in the second the Loboes started rolling. Weldon Wiley chased across for the first counter, took a pass from Billie Green for the second.

In the third, Green pitched to Schoenrock for another counter and McDermitt intercepted a Littlefield pass and ran it back across for the fourth.

After a 15-yard pass, Babe Hammonds to Roy Hutson, had accounted for Littlefield's only score early in the fourth, Green plunged over from the one-yard line to conclude the scoring. P. I. Arrington kicked points after the first, second and last Levelland markers.

Only black mark on the Levelland season record was a 6-all tie with the district champion Brownfield Cubs in a game the Cubs won by a margin of two first downs.

There was universal conscription for the army in the Golden Age of Greece.

Mexican Cabinet To Be Selected

(By The United Press)

MEXICO CITY, Nov. 28. — Personnel of the new Mexican cabinet will be announced Saturday, a few hours before President-Elect Manuel Avila Camacho is inaugurated, it was said today.

The newspaper Grafico listed probable personnel of the cabinet as follows:

Interior—Miguel Aleman; national defense—Gen. Pablo Macias; finance—Eduardo Suarez; communications—Maximo Avila Camacho; foreign affairs—Ezequiel Padilla; national economy—Francisco J. Gaxiola; agriculture—Marte R. Gomez; education—Antonio Castro Leal; public assistance—Gustavo Baz; health—Dr. Fernandez Manero; Indian affairs—Genaro Vasquez, and Marine—Gen. Heriberto Jara.

Javier Rojo Gomez was said to have been selected for mayor of Mexico City, and the following for governorships:

Southern California—Col. Miguel Flores Villar; southern territory of southern California—Antonio Villalobos, and Quintana Roo—Gonzalo N. Santos.

Outbreak Of Epidemic Reported In San Diego

SAN DIEGO, Calif., Nov. 28. (AP)—An outbreak of acute respiratory infection, affecting hundreds of public school students, teachers, office and factory workers and nurses, was reported here today.

Approximately 650 pupils of the total enrollment of 3,250 were absent at San Diego High school because of ailments ranging from colds to influenza.

Consolidated Aircraft corp. reported 746 of the 14,000 employes were absent yesterday. W. C. Gilchrist, welfare director, said the total was 50 per cent more than usual.

Virtually every bed in the city's two principal hospitals was occupied, the institutions said—a situation they ascribed in part to the upswing of influenza cases.

Dr. Burton A. Adams, county hospital superintendent, said that ordinary operative cases for children were not being accepted until the "emergency" was over.

Real Thanksgiving Observed By Prisoners In Louisiana

By NORMAN WALKER
Associated Press Staff Writer

ANGOLA, La., Nov. 28. — Convicts at Louisiana penitentiary today gratefully chewed turkey for the first time in the prison's history as they celebrated a real Thanksgiving for humane treatment symbolic of the new political order in the state.

Thieves, embezzlers, and murderers alike, nearly 3,000, sat down to a turkey feast with all the trimmings. But before they began eating, many with tears in their eyes gave thanks to prison officials for the new era at Angola.

They Give Thanks.

Prisoners gave thanks too for their new prison newspaper, "the Angolite," and new prison band.

"They're an entirely different bunch now that we've done away with bodily punishment," Warden D. D. Bazer said. "When I came here the prisoners cowered in fear of whippings. Now they're changed and glad to do a day's work."

Bazer was one of the first appointees of Governor Sam H. Jones when he took office last May after defeating Earl K. Long in a turbulent winter political campaign that broke the hold of the Long political machine.

Holiday Postponed.

Turkeys have been grown on the 18,000 acre prison plantation, one of the state's largest, for years but Henry W. Frith, new prison general manager, explained what it was that prisoners never were fed the birds they raised themselves.

"The turkeys went always given away to politicians," Frith declared, "and it was a shame. They seined all the fish from the lakes on the place, too, and gave them away."

Although Louisiana generally celebrated Thanksgiving day a week ago prisoners postponed their holiday until today to finish harvesting and grinding the sugar cane crop grown on the broad prison farm, nestled in a fertile crescent formed by the Mississippi river.

Brownwood Man Held For Failure To Register

BROWNWOOD, Nov. 28. (AP)—John Marvin Badders, 24, Independence, Iowa, was held today at San Angelo, Texas, after arraignment before U. S. Commissioner Jesse Couch on a charge of failure to register for the draft. Bail was set at $2,500.

Badders was arrested in the Brownwood courthouse here by Deputy Sheriff Chester Avinger who said fingerprints showed Badders recently completed a four-year grand larceny sentence at the St. Cloud, Minn., reformatory.

Badders has sought employment at Camp Bowie, near Brownwood, and had been unable to produce a registration card, Avinger said.

The reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rates.

The publishers are not responsible for copy omissions, typographical errors or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

The Avalanche-Journal can not be responsible for more than one incorrect insertion of a classified ad. Advertisers should check their ads on first day of publication and immediately notify the Classified Department if any mistakes occur. Classified Advertising accepted until 4:30 p. m. on week days and Saturdays.

For rates display advertising information.

PHONE 19, 14, 18 OR 10
TO DISCONTINUE AN AD

Notice to Discontinue an Ad must be given after 9 a. m. and before 6 p. m. to insure Classified Advertising Department. We cannot be responsible for notice given before or after these hours, and to members of some other department.

Notice To The Public

The Avalanche-Journal is a member of the Association of Newspaper Classified Advertising Managers, which includes leading Newspapers throughout the country and has as its aim the elimination of fraudulent and misleading Classified Advertising.

38—Legal Notice

NOTICE TO THE CREDITORS OF WILLIAM ANDREW MAUDLIN, DECEASED

Notice is hereby given that original letters of administration upon the estate of William Andrew Maudlin, Deceased, were granted to me on the 22nd day of October, 1940, by the County Court of Lubbock county, Texas. All persons having claims against said estate are required to present same to me within the time prescribed by law. My postoffice box is 182, Lubbock, Texas, and my residence address is 608 Avenue R, Lubbock, Texas.

JOE B. MAUDLIN,
Administrator of the Estate of William Andrew Maudlin, Deceased.

At A Glance . .

NEW YORK, Nov. 29 (AP)—

STOCKS: Mixed; steels lead selective recovery.

BONDS: Irregular; governments tend lower.

COTTON: Irregular; liquidation and hedging; Bombay support.

SUGAR: Mixed; replacement buying offsets liquidation.

METALS: Uneven; lead price reduced $2 a ton.

WOOL TOPS: Closed.

CHICAGO:

WHEAT: Higher; demand centered on December contracts.

CORN: Firm; spot market premiums strengthen futures.

CATTLE: Steady; moderate receipts.

HOGS: 10-15 lower; increased receipts.

Wall Street . .

BEAR ON STAMPEDE RECLAIMED

NEW YORK, Nov. 29 (AP)—Selling tendencies displayed by steels and scattered industrials aided the stock market to regain a portion of its stamina today although many leaders refused to participate.

Prices slipped at the start but soon steadied when bids for the metals were raised moderately.

The Associated Press average of 60 stocks was up 1 of a point at 42.8 in fairly disheartening fashion, however, was the sluggishness of dealings on the comeback. Transfers totalled 472,440 shares against 840,700 yesterday when quotations were tumbling.

Among constructive items were a less than seasonal decline in last week's freight loadings, a jump in heavy construction awards for the week ended Tuesday, and reports the British were stepping up steel purchases here after a substantial let-down in September and October.

Stocks on the upside soon ended well under the best included U. S. Steel, Bethlehem, Youngstown Sheet, Chrysler, Montgomery Ward, Air Reduction, American Can, Westinghouse, Zenith Radio, Western Union, American Smelting, Anaconda, Kennecott, Great Northern and Pennsylvania.

A trifle in arrears were General Motors, Consolidated Edison, Woolworth, J. I. Case, United Aircraft, General Electric, Texas Corp., Eastman Kodak, and du Pont.

Fractional advances in the curb were sustained by American Cyanamid "B" Aviation and Transportation. Bath Iron Works and N. J. Zinc. Volume here was around 120,000 shares versus 190,000 in the preceding session.

Cotton . .

NEW ORLEANS SPOTS

NEW ORLEANS, Nov. 29 (AP)—Hedge selling and long liquidation caused easiness in cotton futures here today. Closing prices were steady 4 to 6 points lower.

British Armament Output Shadowed By Possible Strike

With New Gadget Invalids Need Just One Long, Easy Breath To Do Their Work

By HOWARD W. BLAKESLEE
Associated Press Science Editor

NEW YORK, Nov. 29.—Just a long easy breath is all a helpless person needs to get the newest gadget of science, a special electric eye, to turn on the radio, call help or give other aid.

The device, in the form of a small box, was designed at the request of the Reconstruction hospital here for the use of the armless, the badly injured, the paralyzed, those who live in iron lungs, particularly for child victims of infantile paralysis, and others suffering from troubles which stretch them out helpless for weeks at a time.

For Entertainment

The first purpose is entertainment, to enable these persons to operate radios, moving pictures or turn on lights—in short to relieve the monotony which is a serious bar to recovery in many such cases.

Physicians said its uses could be extended indefinitely, to suit individual patients.

Anyone who can move head, arm, hand or knee to push a button or gently squeeze a bulb can control the electric eye of the box. Or if a person is completely helpless, two slight hearths into a rubber tube will set the eye to work.

Anonymous Recorder

Any of these mechanical operations moves a selective pneumatic valve in the box. The motion of the valve casts shadows on one or more photo-electric tubes. The shadows, controlled by the number of breaths, or squeezes of bulb or button, cause the tubes to select and operate an electric circuit doing the thing the patient wishes.

The device was the idea of a doctor who wants to remain anonymous. The builders, who made the idea work, are Roscoe Conklin of the National Pneumatic company and C. A. Koenig.

Peru will spend over $2,000,000 in reconstructing the earthquake area.

Fierce Indian Tribe Is Found Singing Loch Lomond

NEW YORK, Nov. 29. (U.P.)—Through 800 miles of trackless jungle, the expedition forced its way and when it came at last to the land of the fierce Tapirapes Indians of Brazil it found them singing—Loch Lomond—in the original, not the swing version.

Charles Wragley of Columbia university told about it today. He said his expedition found that the Tapirapes were not as cannibalistic as reputed and that a Scotch missionary had been able to teach them Loch Lomond—burr and all.

Wragley said that when he left, the savage repertoire also included "Mademoiselle From Armentiers."

Man Is Found Fatally Stabbed; Had Brooded Over Son's Draft

HANOVER, Pa., Nov. 29. (AP)—A prominent Hanover man who neighbors said had brooded over the possibility his son might be called for the draft was found fatally stabbed today. Coroner L. U. Zech said he had killed himself after wounding his wife and daughter.

Cleveland H. Bish, 56, superintendent of the Hanover Wire Cloth company for 25 years, lay dead in an attic corner of the Bish home when police arrived.

His wife, Golda, 52, was taken to a hospital with a fractured skull, broken neck and back. Ruth, their 15-year-old daughter, was treated for three slashes across the face.

A son, James, 25, was at work at the time.

THESE NAZIS RIDDEN MISS THE BUS—German soldiers are getting pretty used to bus travel. In busses commandeered by the German army, thousands of them have taken on "strength-through-joy" tours of Paris and other Nazi-occupied areas of Europe. But (above) in London, the Nazis get another kind of bus ride. German aviators are seen en route to concentration camp after their capture by the British.

Grim Story Of Storm And Starvation At Sea Revealed In Crude Log Of Yacht On Which Three Americans Died; One Grave

(By The Associated Press)

SUVA, Fiji Islands, Nov. 29.—A grim story of storm and starvation at sea that brought deaths to three Americans who left the United States last August on a South Seas adventure was revealed today by notations in the crude log of the gig Wing On, wrecked on a coral reef off Vanua-Levu.

Details from the log and various papers found in the boat revealed the victims were:

Dalton Arthur Conly, Los Angeles.

Eve R. Larson, or Conly, presumably Conly's wife.

Chester A. Thompson, Los Angeles.

The only survivor was Fern Thompson, wife of Chester Thompson, who was found in an emaciated condition aboard the yacht and brought to the hospital here. Her condition was pronounced grave.

Thompson died at sea on November 7, the log indicated, Conly on November 12 or 13 and Mrs. Conly about November 23.

Kept in amateurish manner, the boat's record read grimly after an entry telling of striking a "cyclone."

"Discovered Chet had died. What next? Help us, oh God," was the entry on November 7.

"Buried Chester Thompson, 29, died starvation; too far gone at any rate stand any more remaining can apricots," was the notation the next day.

The last entry, on November 12, was merely, "D. A. Conly, master yacht Wing On."

Organization Meet Planned By Cub Pack

Organization meeting of new Boy Scout cub pack 4 is scheduled in First Presbyterian church tonight at 7 o'clock, according to F. Parker, chairman of the pack committee.

Jiggs Chaney is cubmaster, Mrs. R. J. Cheatham is den mother, and Jack Randal, C. A. Watson, H. H. Van Aken and Charles Galbraith are members of the pack committee.

Also scheduled tonight at 7 o'clock is a meeting of pack 10 in Junior High school, according to Dr. Marshall Harvey, pack chairman.

Another announcement Thursday was that of Dr. C. C. Schmidt, council cub commissioner, that 15 persons qualified for certificates in a recent cub leadership training course.

They are W. R. Kelly, Milton C. Adams, Mrs. L. C. Christianson, Edward B. Finch, Warren W. Yocum, M. H. Dudley, Cleo Golden, Chester C. Hinsley, Clint Golleher, Mrs. T. D. Stuart, Ray Simmons, Mrs. P. H. Laverty, K. T. Miller and Dr. and Mrs. Schmidt.

Vote Planned For Dec. 14

(By The Associated Press)

LONDON, Nov. 29.—The hint that a strike of the 400,000 members of the Amalgamated Engineering union, who hold key positions in armament work, is possible sometime in the future cast a shadow over Britain's hard-pressed war effort tonight.

The national committee of the union, which is its governing body, met at Southport and authorized a half-day stoppage of work on Dec. 14 to determine by vote the numerical strength of those workers, who are demanding a threepence (5 cents) per hour wage increase.

The committee also voted, 25 to 11, to refer the wage dispute to the National Arbitration tribunal. No vote was taken on another resolution, which carried a broad hint of strike action in these words: "To enforce these demands we are prepared to withdraw our labor."

Vital To Production

The powerful engineering union is perhaps the most vital to production of the airplanes and other material which Britain needs so badly.

The union committee's action was taken against this background on Britain's home front:

The cost of living index rose to 92 per cent, as of Nov. 1, over the level of July, 1914. Food prices were 72 per cent above the 1914 scale.

Informed sources forecast additional control of the food supply through action involving wages, prices and marketing policy. The food minister, Lord Woolton, warned Britons that meat importations might be reduced to conserve shipping space for war material, and that apples, apricots, grapes and bananas "must disappear for a time from our tables."

Short Of Ships

Milk available for the general public was restricted effective Dec. 1 to 90 per cent of requirements for the first week of November. Children, hospitals and invalids will get normal supplies.

Britain, admittedly short of ships, got authorization to requisition all Greek shipping outside the eastern Mediterranean for the British war effort. (Before the war Greece had 607 ships of 1,780,666 tons, most of them tramp freighters, but known losses are 56 ships of about 250,000 tons. Some of these losses have been replaced.)

Loss Acknowledged

The admiralty acknowledged the loss of two more naval trawlers.

Leaders of the engineers' union took strong exception to the employers' contention that a wage increase would hurt the government, since it would be reflected in higher armaments prices or in reduced excess profits taxes.

President J. Tanner said: "We have raised no objection to conscription of labor . . . providing wealth also is conscripted. We say: Take profit out of industry and have a common pool of all assets and resources of the nation, the employers to be on the same footing as the rest. We have relaxed our rules and practices in order to defeat Nazism. We are not asking for charity."

Woman Lops Hand; Says 'I Had To Do It'

SAN ANTONIO, Nov. 29. (U.P.)—Mrs. R. Spicer, 24, mother of three children, laid her hand on a chopping block and cut it off with a hatchet, her husband, a Fort Sam Houston construction worker was notified today.

Spicer said he was informed that his wife then walked half a mile to her mother's home near Lytle, Texas, near San Antonio, and a neighbor, Mrs. Francisco Hernandez, gave first aid. Mrs. Spicer will recover.

Asked for a reason, Mrs. Spicer replied: "I had to do it."
