The Board of Directors of the West Texas Chamber of Commerce, an organization that spreads over 132 counties, recently adopted a resolution commending colleges and universities in the WTCC territory for the manner in which they have operated in recent years as demonstrations, rebellions and outright violence have appeared on campuses in some other regions of the country.

The resolution notes that "the public and private colleges of West Texas have conducted themselves in a manner generally reflecting credit upon West Texas and have not allowed themselves to be used by small groups whose only aim is violence, irresponsibility, anarchy and the total destruction of America."

The resolution also pledges continued support of the colleges by the WTCC " as long as the public and private colleges and universities of West Texas continue to maintain a climate conducive to learning and education fabricated from the teaching of the fundamental virtues of restraint, discipline, morality, constitutional government, respect for law and order and patriotism."

Copies of the resolution, signed by J. Fike Godfrey, WTCC President, and Jack C. Springer, Executive Vice President, were mailed to college administrators and members of governing boards of the colleges.

Changes in the routine but time-consuming procedure of assessing and collecting ad valorem taxes were pointed up here this week when a representative of a firm of valuation engineers made proposals for computerized service to both the new Scurry County Junior College and the Snyder Independent School District.

The tax collecting chore is being attacked from still another angle at neighboring Big Spring. The various taxing agencies there (county, city, school, etc.) are studying the possibility of combining their operations into a single office. The objective, of course, is to eliminate overlapping of procedures, thereby improving efficiency and saving money. It will be interesting to see if such a system can be established, and, if so, whether it succeeds.

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, Dec. 11, the 345th day of 1969. There are 20 days left in the year.

Today's highlight in history:

On this date in 1941, Germany and Italy declared war on the United States.

On this date in 1816, Indiana became the 19th state in the Union.

In 1848, Louis Napoleon was elected president of France.

In 1936, King Edward VIII of Britain abdicated. King George VI ascended the throne.

In 1937, Benito Mussolini announced that Italy would withdraw from the League of Nations.

In 1944, during World War II, Germany's troops were taking a heavy pounding from the American 1st Army, and the Germans retreated across the Roer River.

In 1945, Prime Minister Attlee announced that Newfoundland once more was entitled to rule its people.

In 1946, John D. Rockefeller Jr. offered to donate a six-block piece of Manhattan real estate for the United Nations headquarters.

Ten years ago— President Eisenhower opened India's agriculture fair with a plea for a worldwide effort against hunger.

Five years ago— Vietnam's Saigon regime announced an increase in U. S. military and economic aid.

One year ago— President Nixon named an all-Republican Cabinet he said would bring "an extra dimension" into efforts to solve the city problems.

AFTER TWO WEEKS OF HEATED DEBATE

Tax Reform Vote Is Due

By JOE HALL
Associated Press Writer

WASHINGTON (AP) — After nearly two weeks of heated debate, the Senate reached the final voting stage today on a far-reaching tax reform bill laden with new Social Security benefits and income tax slashes unacceptable to President Nixon.

Nixon summoned the Democratic and Republican floor managers of the bill, Sens. Russell B. Long, D-La., and John J. Williams, R-Del., to the White House this morning for a last-minute conference to spell out his objections to the bill.

The Senate cleared the way for the expected final passage Wednesday night, disposing of the last of scores of amendments and barring further floor additions.

Passage sends the measure to conference with the House almost immediately, where leaders say there is little doubt many of the Senate amendments will be stripped away.

Rep. Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee who will be chairman of the conference committee, predicted a compromise bill will be worked out by the end of next week.

As first approved in the Senate Finance Committee, the measure would have granted $9 billion in tax relief while bringing in $6.7 billion in new revenue.

But floor amendments ballooned the relief figure to more than $11 million while trimming the new revenue figure to $6 million.

Nixon said he would veto the measure if it contained the increase in the income tax exemption from $600 to $800 and the 15 per cent across-the-board boost in Social Security benefits.

Democratic leaders privately discounted the veto threat. They said the key Senate amendments will be changed in conference to make them acceptable to the President.

Senators worked more than 13 hours Wednesday to get the bill into position for passage.

The Senate adopted amendments easing restrictions on real estate businesses, small oil producers and tacked on a trade rider that would authorize the President to impose quotas when an import threatened a domestic product.

The measure contains the biggest social security increase in history and the second largest income tax cut in history.

The Social Security boost would provide a $100 minimum monthly payment for an individual, an 82 per cent increase over the present $55, and a 15 per cent increase for all of the other 25 million beneficiaries.

The House version contains no provision for boosts in Social Security benefits, although it is considering a separate bill on the matter.

Mrs. Smith Dies Today

Mrs. Kenneth Smith, 47, died at 5:50 a.m. today in Cogdell Memorial Hospital after a short illness.

She was born Aug. 24, 1922, in Fisher County. She married Kenneth Smith on Jan. 1, 1945, in Big Spring. He survives.

Funds Voted To Fight Drug Flow

By ROBERT A. HUNT
Associated Press Writer

WASHINGTON (AP) — The House Appropriations Committee voted today to give an extra $9.35 million to the Treasury Department's fight to cut off an illegal flow of marijuana and narcotics at the border.

Problems resulting from narcotics use, the panel said in a report accompanying its vote, has reached "major proportions" in the United States.

"Almost all of the marijuana, all of the heroin, all of the hashish, all of the cocaine, and all of the smoking opium used in the United States is smuggling into this country," said the report, echoing earlier testimony of Treasury officials.

The money is contained in a supplemental appropriations bill for the fiscal year which began last July 1. The measure is scheduled to be the last to be acted upon by Congress this year.

Most of the money—$175 million—is for disaster loans already made by the Small Business Administration to businessmen in areas struck by Hurricane Camille.

With the $9.35 million the Treasury Department plans to substantially increase its law enforcement effort against smuggling by adding 915 more agents by early January.

The report said Operation Intercept—the recent narcotics drive along the Mexican border —shows smuggling activities can be substantially reduced by increasing enforcement efforts.

Another $869,000 was approved to reimburse the Immigration and Naturalization Service for its intensified efforts against smuggling across the southern border.

Indictments Due In Crime Probe

NEWARK N.J. (AP) — With U.S. Atty. Gen. John Mitchell predicting "massive indictments of public officials" in a federal crime probe, Mayor Hugh J. Addonizio was under court pressure today to answer a federal prosecutor's questions before a grand jury.

In a speech in Boca Raton, Fla., Wednesday, Mitchell declared that the Cosa Nostra had gained control of a "large group" of internal revenue agents in a state later identified by an aide as New Jersey.

Mitchell said that indictments forthcoming within 10 days would crush "the largest gambling syndicate ever broken up in this country." He did not say where or by what investigative body the indictments would be issued.

The Newark grand jury investigation, which began as an Essex County operation, was taken over by federal authorities Wednesday a few hours before Mitchell addressed the Investment Bankers Association of America in the Florida resort city.

On Tuesday, Addonizio had pleaded the protection of the Fifth Amendment, a guarantee against self-incrimination, in refusing to answer 24 questions.

Appearing Wednesday before Judge Robert Shaw of U.S. District Court for a ruling on whether he had a constitutional right to refuse answers, Addonizio said he knew Anthony "Tony Boy" Boiardo, a reputed Cosa Nostra figure.

A question about his acquaintanceship with Boiardo was one of those the mayor had declined to answer previously.

Judge Shaw reserved decision on whether the mayor could still refuse to answer the other questions, but said: "I'm inclined, particularly where a major public official is involved, to order disclosure of affairs involving public office." The mayor's lawyer said Addonizio would answer if necessary to avoid contempt of court proceedings.

The Essex County grand jury had questioned 288 witnesses over a period of 19 months. Its investigation began after a commission which looked into causes of racial rioting in 1967 reported "a pervasive feeling of corruption" in Newark.

The county panel's only indictment was against Police Director Dominick Spina, on a charge of failure to enforce gambling laws. He was acquitted in a subsequent trial.

Federal indictments were returned recently against two New Jersey Internal Revenue agents on bribery charges.

Choirs Sing At Coliseum

One of the biggest pre-Christmas events on the local calendar comes off tonight when the Snyder Public Schools Choirs present their annual Christmas Music Festival in the Scurry County Coliseum.

The program will begin at 7:30 p.m.

All choirs, ensembles and special singing groups from the senior high school and from both junior high schools, along with all fifth and sixth grade pupils in the school system, will appear on the program. A special feature will also bring some 25 speech and drama students into the program as they combine with the Snyder High School Choir to present a pantomime, "'Twas The Night Before Christmas."

Mrs. Stanfield Dies Today

Mrs. M. E. (Mae) Stanfield, 3702 Avondale, died at about 10 a.m. today in the Parkview Hospital in Midland following a long illness.

She was the widow of M. E. Stanfield, former school superintendent here who died on Nov. 26.

Mrs. Stanfield was a retired teacher, having been associated with the schools here along with her husband since 1938.

Funeral arrangements will be announced by Bell-Seale Funeral Home here.

Ford Striving To Combat Pollution

By CHARLES C. CAIN
Associated Press Writer

DETROIT (AP) — Henry Ford II says his company has assigned 11,000 workers and allotted $31 million dollars to the problem of combating air pollution from automobile exhausts in 1970.

"I am publicly committing Ford Motor Co. to an intensified effort to minimize pollution from its products and plants in the shortest time possible," he told his 10th annual year-end news conference Wednesday.

Ford said that in addition to the outlay on car exhaust emissions his company will spend $30 million in 1970 on control of air pollution from its production plants.

"You must remember, though," he said "that the automobile is only a small contributor to the environmental pollution and the federal government must get fully involved in this fight. It will take not millions of dollars but billions."

Ford said his company had experimented with alternative types of car propulsion such as battery-powered electrical power packs and gas turbine engines but that the conventional piston-powered motor seemed the best bet as of now.

In his news conference, Ford also made these observations:

—"I think the economy is going to slow down some...I don't know how much."

—The year 1969 will end with about 9.6 million car sales in the U.S. market — including more than a million imports — and the final figure might top the record of 9,641,000 set last year.

—In 1970, auto sales will fall off to perhaps 9 million to 9.5 million cars.

—Ford will build an integrated urban community in the virtually all-white Ford headquarters city of Dearborn.

The complex, to be built on 2,300 acres of company-owned land near Ford headquarters, will include middle and upper income housing, retail stores, a hotel, apartment buildings and recreation and cultural facilities.

—Ford plans to cut its expenditures on racing by 75 per cent in 1970. "It is not a retrenchment, we are just turning the program back to where it was three years ago."

Xuan Thuy Boycotts Peace Talks Session

PARIS (AP) — Hanoi's chief delegate, Xuan Thuy, boycotted today's session of the Paris peace talks to protest what a North Vietnamese spokesman called official U.S. downgrading of the negotiations.

Mrs. Byers Dies Today; Rites Friday

Mrs. Myrtle Alice Byers, 90, who lived at 1608 Twenty-seventh Street, died at 3:30 a.m. today in Cogdell Memorial Hospital.

A native of Wood County, West, Va., Mrs. Byers had been a resident of Snyder for the past 20 years.

Funeral service has been set for 10 a.m. Friday at the First Baptist Church. The Rev. R. Virgil Mott, pastor of Bethel Baptist Church, will officiate.

Graveside rites and burial will be at 10 a.m. Saturday at Sapulpa, Okla. Bell-Seale Funeral Home is in charge of arrangements.

Mrs. Byers is survived by two sons, William E. Byers, formerly of Snyder who now lives in San Antonio, and Howard H. Byers of Phoenix, Ariz., six grandchildren and 10 great-grandchildren. Also surviving is a daughter-in-law, Mrs. Amelia Byers of Fort Smith, Ark.

Pallbearers will be Elmo Weyel, Harold Lacik, R. E. Patterson, Wayland Holt, James Rosser, Dr. H. P. Redwine and Cecil Boren.

Record Year For CRMWD Assured

The Colorado River Municipal Water District is assured of another record year of deliveries.

The 848,148,424 gallons delivered in November was 6.01 per cent over the same month a year ago and ran the year's total to 11,847,916,374, or an increase of 5.78 per cent, according to Paschall Odom, assistant general manager.

For the year, half of the increase will be represented in low quality water supplied to oil companies. Currently, the amount of this low quality water from the channel dam interception on the Colorado River is considerably more than the net increase.

Municipal demands were virtually even for November, showing only .01 of a per cent increase in reaching 428,983,000 gallons. Odessa used 221,750,000 gallons, an increase of 1.66 per cent; Big Spring 158,776,000, down 2.97; Snyder 45,957,000, up 2.56; Stanton 2,500,000, up 5.77.

The oil companies drew 419,165,424 gallons, or 12.93 per cent more than for November 1968. About 16 million of ths was for new customers — Walsh & Watts and American Magnesium. Of the total delivered to oil companies, 90,827,000 gallons were low quality water from the low flow of the Colorado River which is being interccpted at the channel dam near Colorado City to protect the quality of water in Lake E. V. Spence.

For the year, municipal deliveries have amounted to 7,377,811,300; for oil companies 4,450,105,074. Odom said he anticipated another 800-million month in December, which would make the 1969 deliveries around 12.6 billion gallons. Last year the total was barely over the 12-billion level.

More Clan Victims A Possibility

By LINDA DEUTSCH
Associated Press Writer

LOS ANGELES (AP) — Authorities reportedly are investigating whether 14 persons may have been killed by one or more members of a hippie-style nomadic cult.

Members of the clan already are charged in eight of the murders, including that of actress Sharon Tate.

The grim prospect of additional clan victims came to light just before today's arraignment of the Tate case's central figure, Charles M. Manson, 35, the wild-bearded clan leader whose followers call him "God" and "Satan."

Sheriff's deputies searched a movie ranch Wednesday near suburban Chatsworth, looking for signs of Donald O'Shea, 40, a stunt man and beer hall bouncer missing after a reported quarrel with Manson.

Police have been looking for connecting threads in the Los Angeles deaths of two teenage religious cultists.

The Los Angeles Times today reported police are investigating possible links between the Tate slayings and the deaths of a dope peddler, a motorcyclist in Bishop, Calif., and a member of the Manson clan in suburban Venice. No details were reported.

With a court ban on comment imposed on officials, police kept mum on developments and deputies scouring the movie ranch were tightlipped.

But the ranch's owner, George C. Spahn, 80, said Manson and O'Shea had argued before O'Shea disappeared. The cult had lived on his ranch for a time, Spahn said, against his will.

Prosecutors announced Wednesday they will seek a single trial for Manson and the five members of his desert tribe charged with murder and conspiracy in the deaths of Miss Tate and six others.

One of the defendants, Susan Atkins, also is charged in the murder of musician Gary Hinman in Malibu, Calif.

The prosecutors say they expect the defendants will seek separate trials and will try to sever the case of the August slayings of the honey-blonde actress and four others killed on her estate and from those of wealthy market owner Leno LaBianca and his wife, killed the next day.

2 Mishaps Are Logged

John Landis Dulaney was taken to Cogdell Memorial Hospital by Snyder Ambulance Service following a two-car mishap at 6:25 p.m. Wednesday in the 3700 block of Beaumont Ave.

He suffered a lip cut and possibly other injuries. He reported that he blacked out prior to the collision of the 1966 Ford Mustang he was driving with a parked 1965 Ford Mustang belonging to E. W. Schrader. Damage to the Dulaney car was estimated at $250 and to the other car $300.

A minor mishap was logged at 5:05 p.m. Tuesday on the square near the intersection of Avenue R and Twenty - fifth Street. No damage was listed for the 1967 Chevrolet driven by Jesse Beecher White, while damages of $10 were estimated for the 1965 Chevrolet driven by Julia Ann Buell.

Old-Timers Visit At 'Open House'

Old-timers greeted friends in a series of "open house" events this week at the local "Ranch Headquarters," located at 2612 Avenue S.

The Ranch Headquarters was set up here for December gatherings in connection with the project at Texas Tech to preserve ranching history by establishing a museum. This museum will include examples of various types of ranch buildings and equipment used from the beginning of the industry, and actual buildings and other items are being moved to the museum site at Lubbock.

Many ranch people, including a number from other areas, visited the ranch headquarters here during the open house events.

Otto Jones of Colorado City and Hugh Taylor of Snyder related experiences in earlier days in this area.

The ranchers of this area plan to meet in January to plan activtiies for 1970. They hope to establish an organization that not only will preserve ranching history, but enhance the industry of today. Also, it is planned to organize a ladies auxiliary to work with them.

AF Graft Uncovered

WASHINGTON (AP) — The scandal of alleged financial hanky-panky involving operation of Army service clubs has spilled over to the Air Force—accompanied with a "no coverup" pledge from the Pentagon.

The Pentagon disclosed Wednesday the Air Force has unearthed alleged irregularities, including kickbacks, in the operation of some officer and non-commissioned officer clubs.

Clubs in Thailand were singled out but with no specifics.

Secretary of the Air Force Robert C. Seamans Jr. said the alleged irregularities were uncovered in an investigation that is 18 months old.

"You may be certain that there will be no 'coverup' of any irregularities which are uncovered as a result of the Air Force investigation," Seamans said in a letter to Secretary of Defense Melvin A. Laird.

Seamans promised to pursue the matter vigorously. "Although the investigation has not yet been completed, it is quite apparent to me that we have a problem," he said.

John Glenn Announces Candidacy

By PERRY SMITH
Associated Press Writer

COLUMBUS, Ohio (AP) — Former astronaut John H. Glenn Jr. formally announced today his candidacy for the Democratic nomination for the U.S. Senate.

Glenn, 48, said he took the step because he "cared very deeply for our country and our state" and was "genuinely concerned about where we are going and how we will approach our many problems."

Glenn, who said he spent a year considering the candidacy, called the Vietnam war the most important problem facing Americans.

"That is where Americans are dying and where dreams and ambitions are so violently shattered," Glenn said.

The former Marine Corps colonel, a native of Ohio, has maintained his voting residence at New Concord during years in military service and more recently in private industry.

Glenn recently gave up a position as vice president of Royal Crown International and moved from a New York City apartment back to Columbus to prepare for the campaign.

SHAWL WRAP — The triangular fringed shawl moves into the limelight as the newest little costume wrap-up. One of the most delightful cuddlesome ones of the season is in frothy mohair souffle. It's pure joy to wear because airy-light mohair provides superb warmth yet rests around the shoulders without any confining weight, and colors fairly sing out from the luxurious mohair depths.

Strawberry Mousse

1 envelope unflavored gelatin
¼ cup sugar
Pinch of salt
1 package (16 ounces) sweetened sliced strawberries, thawed
¼ cup kirsch (clear cherry brandy)
¾ cup heavy cream

In a 1-quart saucepan stir together the gelatin, sugar and salt. Turn strawberries into a strainer set over the saucepan; allow syrup from berries to drain thoroughly into gelatin mixture. Reserve berries. Set the gelatin mixture over low heat; stir constantly with a rubber spatula, around sides as well as at bottom of saucepan, until gelatin dissolves. Stir in reserved berries, then kirsch. Chill until slightly thickened. Whip cream until stiff and fold in. Turn into a 1-quart serving bowl. Chill for several hours or longer. Serve from bowl because dessert may be too soft to unmold. Makes 6 servings.

Oyster Corn Soup

1 can (10 ¼ ounces) condensed oyster stew
1 can (8 ½ ounces) creamstyle corn
1 cup milk or light cream
¼ cup loosely packed minced parsley
Pepper to taste

Into a 1½-quart saucepan turn the oyster stew, corn and milk. Bring to a boil, stirring often. Add parsley and pepper. Serve at once. Makes 4 servings.

Cotton is strong.

North PTA Has Musical

The North Elementary School PTA held it's third meeting of the year Monday evening in the school auditorium. A business meeting was conducted by the president, Mrs. E. L. Keller. A corsage was presented to Mrs. Margaret Pilcher, music teacher, in appreciation for preparing the program.

The sixth grade students presented a variety of songs typical to countries around the world and selections of Christmas music. Each song was introduced by a student giving an interesting background of the music.

Students presenting the narrations of the music were: Belinda Willet, introduction; Tina Fuentez, Sweden; Velda Belgium; Anthony Andrews, Vaughn, Poland; Gloria Morales, Austria; Billy Proctor, Spain; Abraham Ramerez, Mexico; Steve Norris, Frane; Tim Huddleston, England; and Larry Ortiz, America.

It's easy to pack a hot and hearty lunch for noontime nourishment on a chilly day. Vegetable soup poured into a small insulated container will still be hot at lunchtime. For the hearty part provide sandwiches made with a planned leftover, extra meat from Sunday's roast.

Voting Rights Bill Faces First Congressional Test

By JOHN BECKLER
Associated Press Writer

WASHINGTON (AP) — The Nixon administration is facing its first congressional test on civil rights over a voting rights bill branded "a shame and a subterfuge" by a leading Democratic opponent.

Rep. Emanuel Celler, D-N.Y., who helped write the law the President wants replaced by his bill, told the House Wednesday the administration proposal is designed to appease Nixon Southern supporters.

But House Republican Leader Gerald R. Ford, who was expected to bring Nixon's bill up late today, said it would be "wrong and shameful" to extend the present law as most Democrats and some Republicans want.

Celler is supporting a bill that would continue for 5 more years the 1965 Voting Rights Act, which gives the federal government authority over election procedures in Southern states. The act expires next August.

Nixon has asked Congress instead for a law affecting all 50 states. The government's power to deal with discriminatory state voting laws, however, would be reduced under the administration bill.

A deep division in Republican ranks caused by Nixon's proposal was brought into sharp focus in Wednesday's debate.

Ford strongly supported the Nixon bill. But Rep. William M. McCulloch, chief House GOP spokesman on civil rights, attacked with equal vigor.

Celler said when Atty. Gen. John N. Mitchell presented the administration bill to the Judiciary Committee, he was asked what states outside the south discriminated against Negro voters.

"He could not tell us of a single complaint he had received," said Celler. "What the administration is proposing now is to build a dam in Idaho to control a flood in Mississippi."

Judge Signs Airline Order

AUSTIN (AP) — A district judge in Bell County has enjoined Central Texas Airlines, Inc., from operating as an air carrier in Texas.

Dist. Judge James K. Evetts signed the order Wednesday.

Atty. Gen. Crawford Martin brought the suit, contending the airline operated over routes entirely in Texas without a certificate from the Texas Aeronautics Commission.

The airline gave notice it would appeal to the 3rd Court of Civil Appeals here.

Evetts suspended the effect of his order on the airlines Killeen-Dallas route until Jan. 12, so the service would be available to Ft. Hood servicemen over the Christmas holidays.

Central Texas Airlines serves Dallas, Waco, Killeen and Temple.

Interesting Battles Due In Canyon Reef Tourney

Interesting battles are shaping up for the 15th annual Canyon Reef Basketball Tournament opening Friday afternoon in the spacious Scurry County Coliseum.

The four winners of team trophies all will be back, plus some new faces.

The Snyder Tigers, defending champions in the Canyon Reef meet, will be on hand, of course, and the team they nipped in the finals last year also will be very much in evidence and in fact may be rated the tournament favorite this year. The team, of course, is Lubbock Dunbar, the talented quintet which has won the District 3-AAA championship two years in a row.

Also returning this year with a stronger team than a year ago are the Brownfield Cubs, who won third place in the Canyon Reef meet last year, and the Midland Bulldogs who won last year's consolation trophy.

Lubbock Estacado and Hereford will be making their first appearances in the Canyon Reef meet. Estacado has shown surprising strength in compiling a 6-2 record so far.

A strong Seminole team and Phillips, always one of the strongest Class AA teams in the state, round out the field.

Tournament play will begin at 3:30 p.m. Friday in the coliseum, and four opening round games will be reeled off back-to-back.

Dunbar faces Phillips in the tournament opener. This will be followed by a clash between Brownfield and Midland at 5 p.m., a game matching Seminole and Estacado at 7 p.m. and the Tigers going against Hereford at 8:30 p.m. in the evening finale.

Second round play will begin at 8 a.m. Saturday. The climactic session will get going at 5 p.m. Saturday when the game for the consolation trophy will be unreeled, followed by the battle for third place at 6:30 and the championship game at 8 p.m.

The host Tigers go into the tournament with a 4-3 record, having won their last three games, including two wins in the Irving tournament.

DEFENDING CHAMPIONS — The host Snyder Tigers, shown here with their coaches are defending Canyon Reef Tournament Champions and they will face Hereford in the opening round Friday night. From left, front row, are Lee McNair, Bruce Almond, Ronal Gladson, Glenn Rambin and Bid Cooper; second row, Dennis Breedlove, Ronald Ward, Jeff Stewart, Jim Patrick, Wesley Bishop and Danny Farmer; top row, Assistant Coach Jerry McLeod, Head Coach Ned Underwood, and Mark Lambert, manager.

Landry Trying To Bolster Bomb-Riddled Secondary

By DENNE H. FREEMAN
Associated Press Sports Writer

DALLAS (AP) — Dallas coach Tom Landry is taking steps to shore up his bomb-riddled secondary.

The Dallas Cowboy pass defense has allowed 22 touchdown passes this season—one of the poorest marks in the National Football League.

Dallas meets Cleveland Dec. 28 in the Cotton Bowl and Landry wants to experiment with his shell-shocked defensive backfield before the crucial encounter.

Landry is moving rookie Otto Brown to right cornerback in place of veteran Phil Clark, who has been the target of most passers faced by Dallas. Brown will play the first half of Saturday's nationally televised game against Baltimore.

Free safety Mel Renfro will move into the cornerback slot in the second half and rookie Richmond Flowers will take over at free safety.

Landry said Dallas will be trying to win its remaining games against Baltimore and Washington but admitted "I don't view it important at all that we win the last two games. Only one game (Cleveland) really makes any difference. Everything depends upon it."

He said rookie quarterback Roger Staubach will play against both Baltimore and Washington.

Landry said rookie running back Calvin Hill will play although his sore big toe is giving him pain.

"It's like having a toothache... when it hurts it hurts like heck," Landry said. "But on the day of the game we can block it (with drugs) and he won't feel a thing."

Landry said split end Bob Hayes was battling a case of the flu.

"If it hangs on we will use Dennis Homan," Landry said.

Landry was asked if the Cowboys preferred to play Minnesota or Los Angeles if they get by the Browns.

Landry laughed and said "I don't care if the game is in Alaska if we can just beat Cleveland."

Tarkenton Back In Favor Again

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Fran Tarkenton has been criticized for not following the game plan. Grandstand experts moan because he doesn't stay in the pocket. The Yankee Stadium boo birds have serenaded him.

But that was all before last Sunday. Tarkenton brought them all to their feet, cheering the end of a seven-game losing streak and dreaming of a rosy future, when he led the New York Giants to a 49-6 rout of the St. Louis Cardinals.

For his four touchdown passes and brilliant play-calling, the Associated Press has named Tarkenton the offensive player of the week in the National Football League.

"Game plans are flexible," said Tarkenton after the game. "You have to adjust as you go along. For years the Giants went with two formations. A few weeks ago we went to a man in motion and used four different formations to put more pressure on the defense. Since then we have been averaging 300 yards or more a game."

The Giants piled up 517 yards Sunday and scored seven touchdowns, four on passes by Tarkenton who completed 19 of 31 for 252 yards and also ran two times for 18 yards.

Joe Morrison, an old pro from the Giants' glory days, also shared the spotlight with Tarkenton by scoring three touchdowns, two on passes and one on a plunge.

Atlanta also had a strong candidate in Harmon Wages who used to play second fiddle to Steve Spurrier at Florida. The Falcons picked up Wages as a free agent and converted him into a running back. When Junior Coffey was traded to the Giants in mid-season, Wages became the Atlanta fullback. Wages accounted for three TDs, one with a 66-yard run from scrimmage, one on an 88-yard pass play from Bob Berry and another on a 16-yard option pass to Paul Flatley. He ran seven times for 67 yards, caught three passes for 103 yards and threw just once for the touchdown in a 45-17 win over New Orleans.

JV Cagers To Kermit

Snyder's junior varsity basketballers will go to Kermit tomorrow to enter a tournament.

The Kittens of Coach Bill Bundy will face the Pecos JV at 6:15 p.m. Friday in the first round of the tournament. If they win their opener, the Kittens then will play the winner of the Kermit - Crane game at 12:30 p.m. Saturday. If they lose they will meet the loser of that same match at 9:30 a.m. Saturday.

Wrecks Are Victims Of Big Upset

By TED MEIER
Associated Press Sports Writer

The Rambling Wrecks from Georgia Tech got wrecked deep in the heart of Texas.

Which means the Yellow Jackets from Atlanta got whipped by Southern Methodist 77-66 at Dallas in a major upset in college basketball Wednesday night.

It was Georgia Tech's first defeat after three straight victories over Virginia, Georgia and Oklahoma City. Conversely it was SMU's first victory after three straight defeats.

The unranked Yellow Jackets, coached by John Hyder, have high hopes for a successful season after a 2-13 record a year ago. And at the start it seemed that they had their fourth straight in the bag.

Led by Rich Yunkus, who finished with 29 points, Tech hit on its nine shots from the field and took a 14-point lead at 20-6. The Mustangs rallied in the second half behind Woody Taliaferro and Gene Phillips, who combined for 38 points with 19 each. A jumper by Phillips put SMU ahead to stay at 58-57.

Unbeaten Notre Dame and Villanova, ranked No. 10 and 12 in the Associated Press poll, extended their winning streaks.

Austin Carr's 42 points led the Irish to an 111-92 victory over Northern Illinois for their fourth in a row. Villanova made its record 3-0 by routing North Dakota 107-57 behind Howard Porter's 28 points and 27 rebounds.

South Carolina, No. 8, and Colorado, No. 17, the only other teams in the AP Top Twenty to see action, also won. The Gamecocks whipped East Carolina 68-49 and Colorado downed Evansville 97-66.

Yale Faces Possibility Of Expulsion

NEW HAVEN, Conn. (AP) — Yale University faces the possibility of expulsion from the Eastern College Athletic Conference and disciplinary action by the National Collegiate Athletic Association for continuing to use an ineligible basketball player.

Knowing it might eventually have to forfeit the game, Yale used the player in question, 6-foot-8 Jack Langer, for 12 minutes Wednesday night's 75-65 Ivy League victory over Brown at Providence, R.I. He scored six points.

Earlier in the day, Yale had been censured by the ECAC for using Langer in its first two games, both defeats, against Fordham and Connecticut. The Elis next play Saturday at Holy Cross.

There apparently will be no further action against Yale until the NCAA Council, including the committee on infractions, begins a week-long meeting in Washington, D.C., Jan 9. The 190 members who make the ECAC the nation's largest conference will meet in conjunction with the NCAA Convention.

Langer was ruled ineligible by the ECAC last September for playing with the U.S. team in the Maccabiah Games in Israel in August. Seven other collegians withdrew from the U.S. team after the NCAA, in another battle with the Amateur Athletic Union, refused sanctions for collegians in the Games, the Jewish Olympics.

Three Valley Teams Win

By THE ASSOCIATED PRESS

Three Missouri Valley basketball teams played Wednesday night, and all of them won, Tulsa and Memphis State handily, and Bradley by a squeaker.

Bradley squeezed out a 74-73 victory over Indiana State on a last-minute basket by Cal Criddle, and remained undefeated in five games. Criddle and Rich Schultz each scored 18 points to lead the Braves.

Memphis State and Tulsa participated in the Liberty Bowl basketball classic at Memphis, each winning their first-round matches.

Memphis State topped Mississippi State 83-74 and Tulsa fought off a second-half Arkansas rally to win 74-66.

Tulsa and Memphis State will play for the tournament title tonight. In another game this evening, Drake plays Marquette at Milwaukee.

SWC Teams Split Even

By THE ASSOCIATED PRESS

The Southwest Conference split even in intersectional play Wednesday night, leaving the league two games under .500 in its campaign against outside foes.

Southern Methodist took its first victory of the year with a solid 77-66 thumping of the previously unbeaten Georgia Tech Yellowjackets. But Arkansas fell 74-66 to Tulsa in the Liberty Bowl Classic at Memphis, Tenn.

The split leaves the SWC with an 11-13 mark against non-conference competition.

In games tonight, Arkansas continues play at Memphis while Baylor hosts the University of Texas at Arlington; unbeaten Texas Tech is at Colorado; and unbeaten Texas is on the road against California (Santa Barbara).

SMU overcame a 20-6 deficit to ambush Georgia Tech in Dallas. The Yellowjackets connected on nine of their first 10 shots.

Woody Taliaferro and Gene Phillips rallied the Mustangs in the second half. Phillips' jumper put the Ponies ahead to stay at 58-57. Both Phillips and Taliferro finished the night with 19 points each.

Rich Yunkus was high point man for Georgia Tech with 29 points and he pulled down 14 rebounds.

SMU is now 1-3 for the year and Georgia Tech is 4-1.

LBJ Pays Visit To White House

WASHINGTON (AP) — Former President Lyndon B. Johnson returned today to the White House he vacated in January and held a two-hour breakfast meeting with President Nixon.

The two men met in the family dining room on the main floor of the Executive Mansion, which Johnson had not visited since the Jan. 20 inauguration.

White House press secretary Ronald L. Ziegler said later the two men spent most of their time discussing foreign policy, as well as such domestic matters as the budget and fiscal policy.

Paul Brown Wins Top AFL Honors

By DICK COUCH
Associated Press Sports Writer

NEW YORK (AP) — Venerable Paul Brown, whose precocious Cincinnati Bengals became giant killers while still in the cradle, has been named the American Football League's Coach of the Year.

The 61-year-old sultan of the old Cleveland Browns dynasty, who came out of retirement last year to father Cincinnati's AFL expansion club, beat out Oakland's John Madden, Kansas City's Hank Stram and Boston's Clive Rush in the annual Coach of the Year poll conducted by The Associated Press.

Brown, marking his 35th year as a coach with stunning victories over Oakland and Kansas City, the league's juggernauts, received 12 votes, to nine for runnerup Madden, first-year pilot of the powerful Raiders.

Stram, who won the award last season, drew six votes and Rush, another freshman head coach, got the remaining three in the balloting of a committee of sports writers and sportscasters—three from each AFL city.

Brown's 1968 Bengals, a collection of expansion draft castaways and untried rookies, won three games—matching the best previous first-year finish for an expansion team.

This year, with only seven of the 40 borderline players from the expansion draft still on their roster, the Bengals equalled last season's victory total in their first three starts, knocking off Miami, San Diego and Kansas City behind the hot passing hand of rookie Greg Cook.

An arm injury shelved Cook the following week, however, and Cincinnati lost four straight before the 6-foot4 signal-caller returned to engineer a 31-17 coup against the Raiders. Although the Bengals have not won since then, their early maturity in the tough Western Division has been testimony to Brown's coaching skills.

Problems In The Securities Industry Are Being Tackled

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The customers and employes are unhappy and are complaining by the thousands. The employers are unhappy too because many of them are losing money.

Employes or professionals are stealing millions of dollars in goods, and others are counterfeiting and passing the erstaz product.

The bookkeeping is snarled and orders cannot be matched with customers. Some of the older firms are having financing problems and some of the industry's insurers are threatening to pull out.

In order to escape chaos the industry must redesign its operational technology. While doing this, industry officials must contend with the Justice Department, which is disturbed about the ways the services are priced.

Yes, problems abound in the securities industry and perhaps the most hopeful thing that can be said of them is that, finally, they are all being tackled, with results ranging from one end to the other of whatever scale is used to measure them.

It took years for the securities industry to become ensnarled in the tangle of barbed wire that seems to snag and frustrate every move. It won't take as long to be cut free, but it will still take years.

Perhaps the most shocking problem is that of theft. It was almost totally unexpected by an industry that not so long ago would casually send defenseless messengers through the streets with bundles of negotiable stocks.

It is the problem also about which the securities men concede to know the least. The total of thefts and losses this year in New York's Wall Street area is estimated at $45 million, but it could be much higher.

Employes of securities firms now are being fingerprinted, which should help to eliminate a one job to another in the industype of dishonest employe who, it is suspected, wandered from one job to another in the industry looking for something to lift.

Most of the other problems should have been foreseen with more clarity.

One of the most pressing needs is for capital. Only through an infusion of funds can the seeurities industry buy the machinery and systems to extricate itself from bookkeeping and other paperwork problems.

By the end of October, member firms of the New York Stock Exchange had failed to deliver $1.8 billion of securities, down from $4.5 billion earlier this year but, ominously, higher by $400 million than one month earlier.

To properly match certificates with their buyers and sellers requires plenty of help and considerable automation. So does the handling of the multi-million-dollar orders of the big institutions such as mutual and pension funds.

Naturally, this means larger investments. The old method of raising capital was to invite a partner and his personal bank account into the firm. But, when the partner left so did the cash.

Brokerage houses now find the partnership method unsuited to modern conditions. The New York Stock Exchange favors permitting brokers to sell shares to the public now in order to tap the sources of funds that are needed.

The pricing issue is being studied thoroughly by the Big Board and the Securities and Exchange Commission. Brokers have been avoiding the small investor, claiming they lose money handling his transactions. Sometime next year the commissions for handling small orders probably will be raised.

When all these problems are straightened out, and it will take years to do so, the insurers might begin to feel a little more confident in issuing security bonds. Right now they are very unhappy.

The 1960s were a hectic decade for the securities industry. Many men were made wealthy in the frenzied expansion of selling and buying. But they utterly ignored certain nonmoney aspects of their businesses. They forgot that a big business operation demands more than telephones, salesmen, clerks and messengers.

Stars Shook Over Santa Claus Myth

By LISA CRONIN
Associated Press Writer

NEW YORK (AP) — You were 6 or 7 years old when word first reached you that there was no Santa Claus.

You were disappointed.

But at 7 you were a realist. The presents really were what mattered and all things considered Mom and Dad were just as good as Santa Klaus.

Others recall they felt differently when told Santa wasn't real.

—"It was a particularly memorable day because it coincided with my 35th birthday," recalls comedienne Phyllis Diller. "I was shook, I was counting on him."

Miss Diller, whose new book "The Complete Mother" gives advice on child rearing from "the glint in the eye to the teenager," advises parents never to tell their children about Santa Claus.

"That way you won't have to send them to a psychiatrist," she explained. "You wind up saving money."

—Television comedian Rodney Dangerfield said he learned the truth while growing up in a tough nighborhood.

"I found out one Christmas when the cops picked up Santa Claus," he said. "He was going into an apartment house and his bag was empty. When he came out his bag was full."

—"I wasn't distressed because my parents told me by asking me not to tell the truth to my sister who was 4," said John MacDonald, author of more than 60 mystery novels. "The sense of responsibility was far greater than the sense of loss. I never could identify with the old fellow anyway. I liked Peter Rabbit much better."

—Paul Krassner, editor of the Realist and a founder of the Yippie movement, said he learned that Santa Claus didn't exis, in June when Pope Paul VI took St. Nicholas off the calender of Saints.

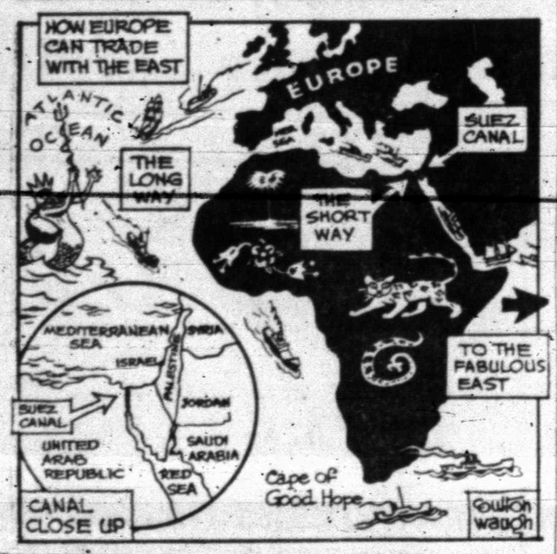

"Eventually, of course, the Santa Claus myth will be co-opted into government and we'll have the guaranteed annual wage,' he said.

—"I learned of Jesus Christ when I read His Scriptures," said Tiny Tim, pop singer and author. "There's only one reason for Christmas and that's Christ's birthday. Christ is the most beautiful thought."

—"It was one of the most terrible things that ever happened to me,' said Jacqueline Susann, author of 'Valley of the Dolls" and "The Love Machine."

"I got so shook up I didn't believe in God, and my mother had to tell me that God tells parents what to give children Christmas," recalled the writer who got the word when she was 6.

Junior Editors Quiz on SUEZ CANAL

QUESTION: *Why was the Suez canal built?*

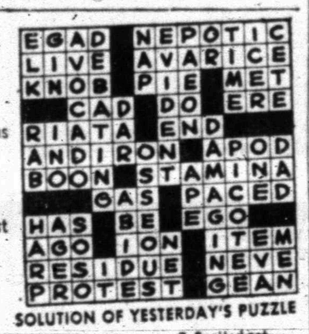

* * *

ANSWER: One of the things influencing the course of the development of our Western civilization has been our need to trade with the nations of the East. Indeed, America was discovered during Europe's efforts to find better trade routes. Ships had an enormous way to go to get from Europe to the East in the old days. As our map shows, they had to sail all the way down the African coast before they could round the Cape of Good Hope and square away for the East. But suppose ships coming from the Mediterranean Sea could get to the narrow Red Sea — they could then sail out through the Gulf of Aden right into the Indian Ocean! It was to take advantage of this short way of reaching the East that the Suez Canal was built. Because of it, the route between England and India was shortened by 6000 miles. It was the French engineer Ferdinand de Lesseps who got the canal project going. It began operation on April 25, 1859. But because of the tensions between the Arab States and Israel, the canal's recent history has been stormy. This canal is a vital link in world trade. Let's hope it will bring nations together in peace.

Santa And The Dumbbell

By LUCRECE BEALE

Synopsis: The travelers land on a mountain of snow. An avalanche sweeps them away. Booby Bobby is the first to dig his way out of the snow.

CHAPTER NINE.
THE STRANGE BEAST

"HELP! HELP!" cried Booby Bobby.

A strange beast gripped him where he sat down and locked him in its powerful jaws. He twisted and squirmed but he could not break away. The Ghost and the Princess were still working their way through the tunnels of snow. They could not hear his shouts for help.

"I'll be eaten up before they get here," thought Booby Bobby. He felt, in fact, that part of him was already gone.

For lack of anything better to do, he kept bellowing. He hoped this would frighten away whatever had hold of him.

At last Stanley the Ghost popped out of the tunnel. The Princess climbed out after him. They stared in astonishment at Booby Bobby sitting in the snow, whooping and yowling.

"What are you hollering about?" asked the Ghost crossly. His sheets had been torn away in the avalanche. He was embarrassed to be standing there in his underwear in front of the Princess.

But the Princess, who had lost her nose in the avalanche, appeared not to notice. She bent over Booby Booby and said, "Get up you silly goose. There's nothing wrong."

"I can't get up," wailed Booby Bobby. He looked fearfully over his shoulder. "Some beast has me in its jaws."

"There's no beast here," insisted the Ghost.

"I can feel its teeth," insisted Booby Bobby.

"The fall in the avalanche has jiggled your brains. You are imagining things," snapped Stanley. "Come now. Get up!"

He took one arm and the Princess took the other arm and they tried to pull Booby Bobby to his feet. They pulled and pulled and finally they yanked him out of the snow. Then they saw, to their horror, an enormous steel trap fastened tight to poor Booby Bobby.

They sat him back down in the snow and the Ghost studied the situation. He fiddled and puttered with the jaws of the trap but he could not loosen its grip on Booby Bobby's pants.

"I do not know what this trap was supposed to trap," muttered Stanley. "I have never seen its like before."

"It's a Booby Trap, I expect," said Booby Bobby forlornly. "That is what it has caught."

The Princess patted his head and murmured gently. "Hush now, Poor dear!"

The Ghost said, "We can't get him out and he can't move with it hanging on to him. We'll have to wait until whoever set the trap comes back to see what he has caught."

The Ghost and the Princess hid behind some bushes to wait and watch. Presently they heard a far away jingle, jangle, dingle, lingle of bells and the clatter and chatter of hoof beats.

The Ghost and the Princess shivered at the sound. Booby Bobby, caught in the trap, nearly fainted with fear. He clenched his hands and screwed his eyes shut and whispered, "I will be brave, I will be brave."

The tinkling and the dingling grew closer. Thw whole world seemed to be ringing and pealing and clanging with the sound of bells. When Bobby Bobby thought he would burst with terror the tintinnabulation stopped. A sharp voice cried out:

"Ha!"

Booby Bobby took a deep breath and opened one eye. Then he opened the other and his mouth dropped. There, not 10 feet in front of him, was a little red sleigh pulled by two reindeer. The reindeer were hung with bells and were driven by a crooked-legged, red-haired elf who carried a silver bell in each hand.

The elf leaped from the sleigh and shouted furiously at Booby Bobby, "We've caught you at last!"

House Approves Home Loans Bill

WASHINGTON (AP) — A bill to make available more home loans for veterans won approval Wednesday from the House Veterans Affairs Committee.

The income of the National Service Life Insurance Fund also would be increased under the bill.

There has been a dearth of money to finance home purchases generally but for veterans in particular, Rep. Olin E. Teague, D-Tex., committee chairman, said.

He said the bill would establish up to $5 billion in a revolving fund made available from the NSLI reserves, and up to 256,300 loans to GIs could be guaranteed. The NSLI fund yield would be increased from 3.9 per cent to 6 per cent.

Dallas Asks Investigation On Pageant

FORT WORTH (AP) — Miss Texas Pageant officials say the dispute is over but Dallas officials are calling for an investigation.

The chairman of the Miss Texas Pageant, Malvern Marks, said Wednesday he has notified the sponsors of local pageants at Lubbock and Marshall that their dispute is a closed matter.

Marks said he telegraphed the two groups saying that since they had withdrawn from the pageant, "and no proof has been produced of any allegations, we deem the matter closed."

However, Dallas officials of the local sponsoring organization, said they have contacted disenchanted franchise holders in Lubbock, Nacogdoches, Gladewater and Gatesville, asking if they have any concrete proof that allegations against state pageant officials are true.

If the four cities can produce proof, Dallas officials said a hearing would probably be held in Dallas. They did not say what form the hearing would take.

Charles Waters, chairman of the board of Miss Dallas, Inc., said the Dallas organization "intends to drop the matter" if no proof is forthcoming.

Another Dallas official said if the protesting franchise holders can prove their allegations, Dallas might "reconsider its decision" to participate in the 1970 pageant in Fort Worth.

The dissident sponsors had charged pageant president Don Magness with improper operation of the contest.

Police Chief To Face Civil Suit

DENTON, Tex. (AP) — Dist. Judge W. C. Boyd ruled Wednesday that former Lewisville police chief Ralph Adams and the sponsors of the three-day pop festival in Lewisville last Labor Day weekend mus face a civil suit.

Mr. and Mrs. Harold M. Schreiber, who live adjacent to the Dallas International Motor Speedway where the festival was held, have sued for $175,000 damages.

The Schreibers allege noise from the event and what they called indecent behavior was harmful to their well-being.

Adams and Showco, Inc., of Dallas asked for trial in their home counties. The former police chief now is an ambulance driver in Grapevine in Tarrant County.

Also named defendants were the speedway, Angus Wynne III of Dallas who heads Showco, and Atlantic International Pop Festival.

The Schreibers also contend that races at the speedway injure them with the noise of the engines.

Lawyer Jack Gray of Denton told Judge Boyd the speedway agreed not to hold pop festivals again pending trial of the suit on its merits. Boyd then set a hearing for Thursday on stopping the auto races.

NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A feather-stitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available

Rules For Snyder Savings
S&H Green Stamp Incentive Program

1. NOW, you receive S&H Green Stamps for saving money, not spending it.
2. Only at Snyder Savings can you get S&H Green Stamps for adding to or opening a Savings Account. You will receive one stamp for each dollar deposited in each account — up to a maximum of $800.
3. The law prohibits Savings and Loan Associations from giving more than the value of 800 stamps as an incentive for new accounts or additions to existing accounts. Hence, the maximum amount of stamps you may receive at any one time is 800. (Snyder Savings & Loan reserves the right to refuse stamps where the plan is being abused, in it's opinion.)
4. If you save by mail, S&H Green Stamps will be sent you along with your Passbook.

ASSOCIATED PRESS NEWS IN PICTURES

SETTING UP DIGS — Moshe Dayan, the Israeli defense minister and antiquarian, arranges some of his archeological finds in the garden of his home in a Tel Aviv suburb.

NONCONFORMISTS — Their swinging may be uncoordinated but the fanlike effect provides a pretty picture for camera at the Dade Christian School in Miami.

CHAMPION CLASS — Schoolgirl Joy Norman of Norton Canon and her mount, Pam, pose with some of the honors they won at show jump competitions in England. Joy started competing at eight and trained Pam herself. The sport is only a hobby for Joy.

SCROUNGER — Working hard on a "liberated" package of candy is this monkey after raid on supplies at U.S. fire support base near Tay Ninh in South Vietnam.

A HIGH STYLE — For spring evening mountain wear Elvira Gramano of Rome designed this long mantle of heavy white wool, with black checks, and a matching hood.

FROM TOP TO SHOP — A U.S. Army helicopter lifts a 105mm piece from site at Bu Prang Special Forces camp for transfer to rear and repair in South Vietnam.

TOP 'N TOPPER — Here's a possible new trend in Milady's headwear. In London a wide-brimmed japonica and white felt was worn atop a close-fitting cloche.

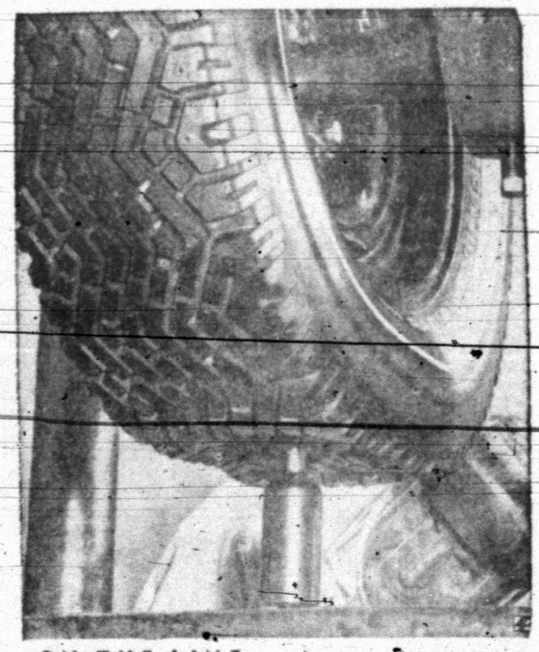

A LANDMARK — Towering over the Pittsburgh skyline is the unfinished 64-story U.S. Steel building. It'll be tallest skyscraper between New York and Chicago.

SPECIES REACTION — Two baby Indian elephants view strange-looking sight confronting them at the Windsor Safari Park in England. A visitor placed a litter bin cover on her head and moved up to the animals. After scrutiny, the elephants moved away.

TO REIGN — Pamela Dee Tedesco of Arcadia, Calif., was chosen as Queen of the Tournament of Roses. She'll preside over New Year's Day parade and Rose Bowl game.

ON THE LINE — A radial-belted winter tire is test-prodded for the amount of penetration pressure it can withstand at the Goodrich plant in Akron, Ohio.

AT SEA OF PLENTY — An early riser usually can see fishermen preparing their seines on Addington Beach south of Durban, South Africa. The plentiful catch in the offshore Indian Ocean includes barracuda, red snappers, stump-nosed bream and sharks.

SOME SMOKE — This century-old pipe is an eyecatcher at the Brunswick, Germany, museum. Bowl can accommodate three pounds of tobacco for one smoke.

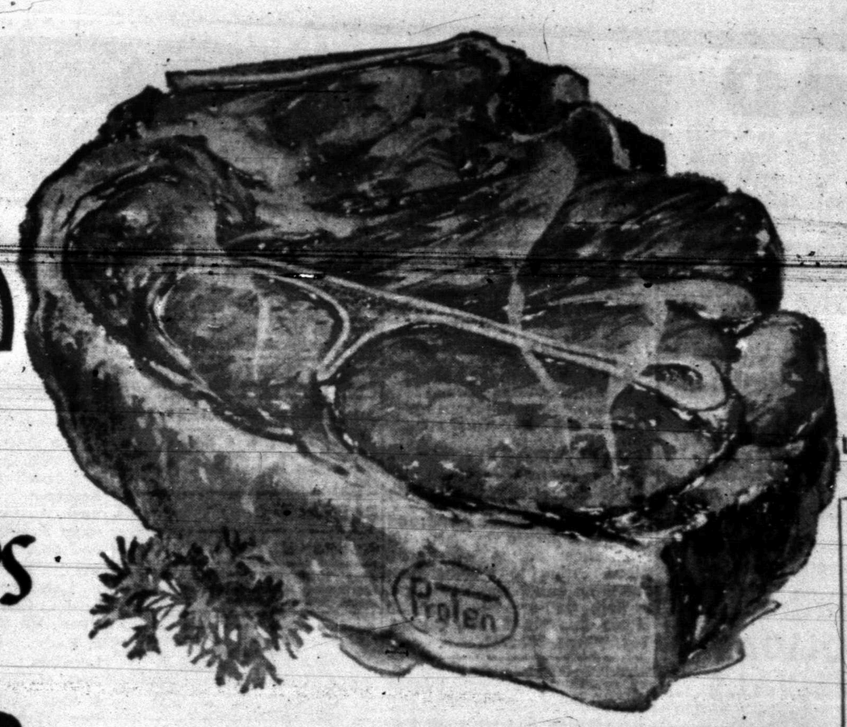

EASY TO LOOK AT — View towards the stern compensates the Williams College crew for riding backwards. Coed Anne Forrestal, 19, is the 110-pound coxswain, first girl to become a member of an athletic team officially at the Massachusetts school.

By ABIGAIL VAN BUREN

DEAR ABBY: It's easy to understand why a married man of 42 would leave his wife for a younger woman, but how about a man that age who would leave a beautiful 35-year-old wife for an old, wrinkled grandmother of 50?

That is exactly what my brother Gordy did. He must be out of his mind. Don't tell me he is looking for "mother love." Our mother is still living and if ever a man got his share of mother love, Brother Gordy did. He was the "baby" of the family, and the only boy — after five girls.

So please tell me what an intelligent, good - looking, professional man can see in a divorced 50-year-old retread? It's not money. She doesn't have any, and he has plenty. Thank you.

DISGUSTED SISTER

DEAR DIGUSTED: **There is something obviously more powerful in Brother Gordy's book than youth and beauty. One of the biggest mysteries in the world is what two people see in one another, but I suspect your brother's reasons are younger than springtime and older than the hills.**

• • •

DEAR ABBY: I am writing this on behalf of my fellow workers. There is an older woman in our office who has the habit of humming one low - pitched, monotonous note constantly from 8:30 a.m. until 4:30 p.m.

We who work with her have approached her kindly, asking her to please stop. All she says is, "I can't promise anything."

I have a sign on my desk reading, "Marion, will you PLEASE stop humming" — just in case she glances over.

Several of us have imitated her to remind her that she is humming, but that hasn't helped. We have spoken to her supervisor, but to no avail.

For seven months I've endured this constant maddening distraction, and now I even hear it when it's not there. Please, PLEASE, help us.

GOING CRAZY IN HARTFORD

DEAR GOING: Poor Marion has probably developed the humming habit over the year and now she hums unconsciously. But habits are "learned" and can be "unlearned." So UNITE! Tell her gently but emphatically that her humming is driving you bananas. And tell the boss that he'd better install background music to drown out the humming bird, or you'll all go south.

• • •

DEAR ABBY: I have been pounding it into the heads of my two sons, ages **4 and 6, that** they are NEVER to accept any kind of gift from a stranger.

My problem is that many times when we are on a bus, or shopping in some public place, some well - meaning person will admire my children and offer them candy, gum, and even money!

I just hate to hurt their feelings, but Abby, it makes it so hard for mothers to train children NOT to accept anything from strangers when strangers keep offering them goodies and money.

Can you please say something to help our cause?

ONLY ONE MOTHER

DEAR MOTHER: I'll try: Perhaps it hasn't occurred to all you generous, well-meaning people who "love children" and can't resist offering them goodies or money, that this is the technique used by child molesters who hope to gain a child's confidence in order to get him to "go for a ride," or "not to tell" after improper advances have been made.

Parents should continue to train their children to refuse ALL gifts from strangers, and should a well-intended stranger attempt to countermand the parents' order, he should be set straight in no uncertain terms.

• • •

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

The weakness of extraterrestrial radio frequency signals makes their detection, amplification, and analysis a challenging task even for the most sophisticated scientific instrumentation. Through systematic analysis of the radio signals from outer space, scientists hope to gain valuable new information on the development of the universe.

Dino Has Found Somebody New

HOLLYWOOD (AP) — Dean Martin's theme song is "Everybody Loves Somebody" — and for him, his wife says, it's somebody new.

"It is painfully difficult for me to announce the apparent end of our marriage," the former cover girl Jeanne Riegger, 47, announced Wednesday.

"My husband informed me several weeks ago that he had met and fallen in love with someone, and he asked me for a divorce. I have assured him I will comply with his wishes. Proceedings will begin immediately." She gave no name.

Martin, 52, a $5-million-a-year television and movie entertainer, could not be reached for comment. A spokesman denied knowledge of the identity of the "someone." Even the gossip columnists gave no hint of her identity.

The Martins, married 20 years, with three children—Dean has four more by a previous marriage—separated in 1955. But reconciled.

In a statement issued by a law firm, the attractive, blonde Mrs. Martin said:

"My deepest concern at the present is for our children. It is my hope that all concerned will make every effort to see that their lives are kept within as normal a pattern as the situation will permit.

"The children have always felt great love and respect for their father, and I fully intend that it remain so."

The couple's children are Dino, 18; Ricci, 16, and Gina, 13. Martin's children by the previous marriage are Craig, 27; Claudia, 25; Gail, 24, and Deana, 21.

Gail, married in 1968, is a singer, and Deana, married last June, is an actress. Dino performs with the musical group "Dino, Desi and Billy." Craig is on the production staff of his father's television show. Claudia has done some acting.

Columnists have said differences between the Martins include the fact that, contrary to his image as a hard-drinking partygoer, he is an early-to-bed type while Jeanne likes to go to an occasional party.

She was once hospitalized for several weeks, but Dean never visited her. This shocked their friends but not his wife. "Dean has a thing about hospitals," she said philosophically.

Career Corner

SALARIES for journeymen in the printing crafts who work for the federal government range from approximately $4.64 to $5.27 an hour plus good fringe benefits, and overtime rates when work exceeds normal eight - hour day or 40-hour week. Most but not all jobs are in Washington, D. C.

FOR DETAILS, write for free "Federal Careers for Journeymen in the Printing Crafts, Announcement No. WAW-903." It's available from the Interagency Board of U. S. Civil Service Examiners for Washington, 1900 E Street NW, Washington, D.C. 20415.
