Housewives Join To Make Plan More Effective

Peddlers Of All Sorts Will Come Under New Plan Of Operation It Is Said

In an effort to carry further its policy on Solicitations-Investigation work, the Lamesa Chamber of Commerce this week announced enlargement of plans contained in its far-flung program instituted recently to rid Lamesa's business and professional residents of fly-by-night solicitations of all forms. The addition to the project would add the housewife in the residential districts of the city in coping more easily with door-to-door solicitors, most of whom the organization's investigation work thus far has found unworthy.

A warning statement issued this week by Chamber of Commerce President Homer St. Clair, follows: "According to investigations this week we have found that out-of-town peddlers and local residents representing out-of-town firms are said to have been claiming to have permits from the Lamesa Chamber of Commerce. This is a misrepresentation of facts if such has been the Chamber of Commerce's policy. The Chamber of Commerce grants written permits to worthy applicants only. The purpose of having such a program in the first place was to help protect local merchants who make Lamesa their home and who support their home town and home institutions."

City and Chamber of Commerce officials have jointly selected 50 housewives throughout the residential districts of the city to serve on what has been named a Residential Vigilance Committee to require of all door-to-door solicitors, a permit signed by Chamber of Commerce authorities and bearing

Lessons In Square Dances Be Given

The Recreation Department will have Mr. Jim Clossin here again Friday and Saturday, May 2 and 3. Mr. Clossin is remembered in Lamesa by many who enjoyed the square dance instructions given by him February 11-12 of this year. The department will practice the dances learned during Mr. Clossin's previous visit and there will be a number of new dances taught. The public is cordially invited to attend the dance instruction both nights. Beginning groups will receive instructions from 7:30 to 9:00 and advanced groups from 9:00 to 10:30. The square dancing will be held at the Recreation Hall.

Classified Ads Bring Showers Of Results

As true as the old adage that "April showers bring May flowers", is the fact that a classified ad in the Courier brings results. Scores of users will testify to that fact; that they have gotten almost unbelievable results from these little wonder workers. Usually it costs you only 25c to insert a classified, and remember, at that price it runs not in one paper, but in two—the Monday issue and the Thursday issue of the Courier. For the price you would pay for only one insertion around your place, you will probably find something which you would like to dispose. The easiest, the most economical way, is to use a Courier Classified. Smart buyers and sellers use and read the Courier Classified section for profit.

Courier Cooking School Is Expected To Attract Huge Crowds At 3-Day Meeting

If the Courier published a notice today that all women in this area would receive a profit sharing dividend at no cost to you, would you take advantage of it? We are sure the answer would be yes. And that is exactly what we are doing. This is the written notice of your profit sharing dividend and at no cost to you it will be possible for you to collect your profits at the Happy Kitchen Cooking School starting May 19 which will be free to all.

At a substantial expenditure we are bringing Miss Jesse Hogue to the women and men, too, of this area. The entertaining and informative series of free lectures and cooking demonstrations, will impart to the homemaker a wealth of knowledge that can be used in the kitchen; a wealth of knowledge that will pay big dividends in the coming year.

There will be tips on scientific marketing and budgeting the family expense. These facts, if put to use, will save many worries and dollars. There will be helpful suggestions on labor saving devices that can be employed to lessen the tasks in the kitchen. There will be prepared before your very eyes numerous new dishes that will add to the pleasure of your family.

Don't fail to attend these sessions of the Happy Kitchen Cooking

MISS JESSE HOGUE

School. Miss Hogue, who has spent many years of preparation and study in the field of culinary art, will be ready to answer the questions that have proved problems to you in your kitchen. This is your chance to gain a big profit, so mark the dates on your "must list" . . . May 19-20-21. Be at every session to collect your dividends. The Happy Kitchen Cooking School will be held at the Majestic Theatre.

Many Teachers Of County Have Been Selected For Term; Others Come Later

County Superintendent Norris Reports That Some Schools Have All Of Faculty Already Hired

He stated that there might possibly be others who have been chosen who have not been reported to his office. The list as reported is given below, with the principal or superintendent named first: Mt. Olive District No. 3: J. D. Rallsback Jr., Viola Stovall. Mullins, District No. 7: H. P. Bullion, Mrs. H. P. Bullion and Mrs. Naomi Dement.

Three Enter "My Home Town" Speaking Contest

Three entries have been received by the Lamesa Chamber of Commerce by Dawson County youths competing for the right to represent Lamesa at the West Texas Chamber of Commerce gathering in "My Home Town" contest. Those who have entered thus far are Miss Mary Jo Priddy of Union, Wright Grant Boyd and Miss Betty Hurt of Lamesa. Other entries are expected, according to Raymond Lee Johns, manager of the local organization.

Lamesa Rodeo Association Secures Stock For Big Two Day Show To Be Held In Lamesa Opening June 10th

The Lamesa Rodeo Association has made all the preliminary arrangements for the big Annual Rodeo to be held in Lamesa on June 10 and 11, according to Bill Boyd, president of the association. "We have made arrangements for the stock which will be used in the rodeo, and we believe the people of this territory will agree with us, when they see the performances, that it is about the finest rodeo stock in the country," he said. There will be two performances

SEERGEANT TUNE HERE Sergeant Carlton Tune, who formerly worked in Lamesa for Hurt's and the Courier, arrived in Lamesa Tuesday from Fort Bliss, for a visit with home folks. Carlton has been in the service slightly more than two years, and only recently received his advancement to a Sergeant's rank.

daily, he said, one in the afternoon and the other at night. This association was organized two years ago, following the holding of rodeos since 1938, under the sponsorship of the Tornado Club. This club was disbanded, and a group of Lamesa citizens got together and decided to continue the rodeo each summer. Since its inception, it has grown in public interest, as well as the class of the performers. It is expected that some of the top-notch rodeo performers in the Southwest

Get Return Visit From Dawson's First Woman

Mrs. C. C. Perry, of Andarko, Oklahoma, spent Monday in Lamesa visiting with friends and attending to business. Mrs. Perry was the first white woman ever to live in Dawson County having moved here with her father, Nathan Eldridge from Colorado City in 1888. At that time they lived on the Bar Oto Ranch, owned by Bishop and Fletcher, which is now known as the Weaver ranch.

She was married in 1889 to Clifton Perry, in Johnson County, and came from Big Spring to Lamesa in a wagon on their honeymoon trip. Mr. Perry was the first postmaster at Chicago, which was located close to Mulberry Wells, just northeast of the present location of Lamesa.

Mrs. Perry is now living in Andarko, Oklahoma, where she is the owner and manager of the Perry Blue Ribbon Dairy. Mrs. Perry is known over the state of Oklahoma as the "Red Hog" woman, having entered her hogs in all the fairs and livestock shows in that state for the past eight years, and winning first place prizes most of the time. Accompanying Mrs. Perry to Lamesa were Mrs. H. H. Telford, also of Andarko, and V. B. Watson, Supervisor of Vocational Rehabilitation, State Department of Education, of Lubbock.

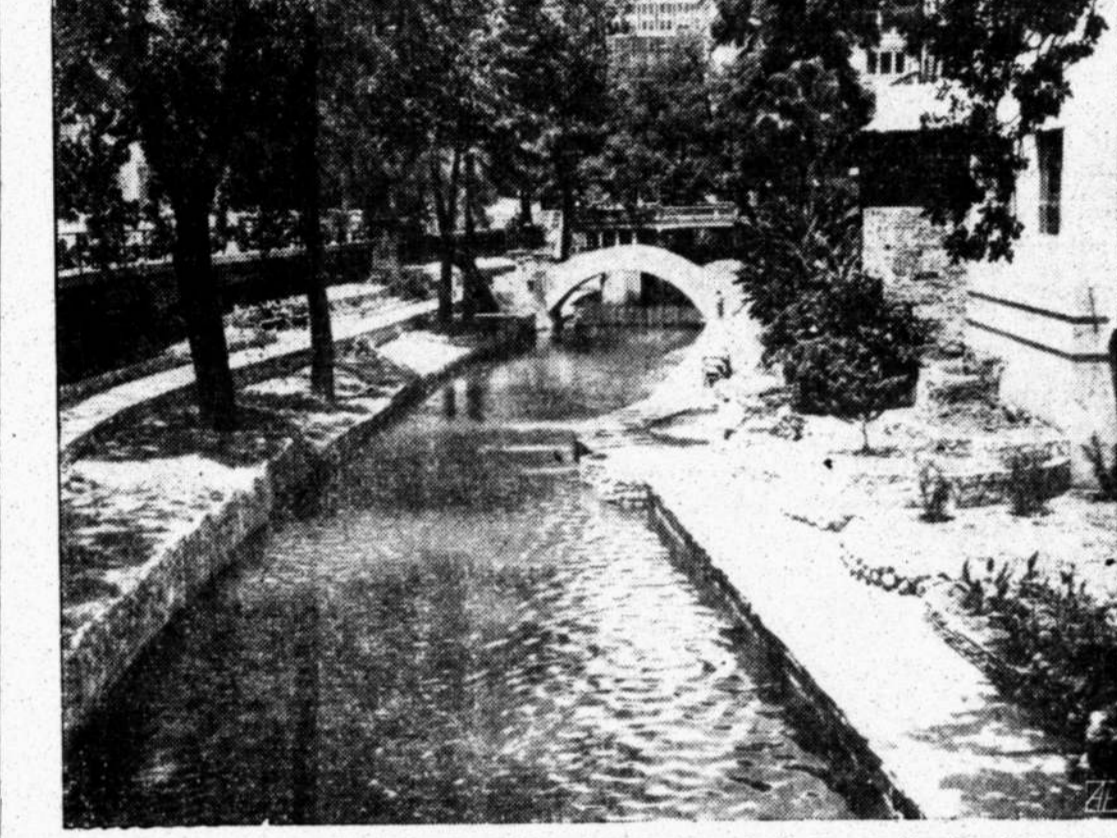

Elizabeth Arnett Signs Paramount Movie Contract

Miss Elizabeth Arnett, daughter of Mr. and Mrs. W. D. Arnett, who is in Charleston, South Carolina, signed a contract Monday with Paramount Pictures, doubling for Paulette Goddard in "Reap the Wild Wind," which is now on location in South Carolina. Miss Arnett is a graduate of the Lamesa High School, and studied with the Little Theatre in Dallas, where she played in "Stage Door." Elizabeth was cast in the leading role, as Terry Randall, the girl to whom the theatre meant everything. From this Miss Arnett has directed several plays at Charleston for the College of Charleston and has directed one play for the Dock Street theatre this season. Miss Arnett also played a most important role in the Coronado Celebration last summer. She was the voice behind the scenes for many of the characters. Miss Arnett has spent the winter in Charleston, where she has just finished playing the leading role in the play "Museum Piece," written by Mrs. Peggy Lamson. This play was awarded the DuBois Hayard Award for excellence.

Highway Meeting To Be Held Here

Announcement is made this week that the East-West Highway Association will hold their annual meeting in Lamesa on May 29th. Towns east of Lamesa on Highway Fifteen have been invited and are each expected to send delegates to the gathering here. Also up for discussion will be the paving of Highway 83 west from Hobbs to Lovington, Artesia, Alamogordo, and Las Cruces, New Mexico. (Continued on Back Page)

"The Venice Of America"

A focal point in San Antonio's famed "Battle of Flowers" on April 21 was the San Antonio river, transformed from a sluggish little stream twisting through the city's business section into a water parkway lined with semi-tropical flowers and plants. This scene of the beautiful stream shows one of a number of walk bridges that arch it and the South St. Mary's scenic bridge in the background. The Lamesa High School Band won first place in the marching contest at the annual "Battle of Flowers."

Amarillo Gold Sox Will Invade City For Three Game Series With Loboes Beginning Friday, Ending On Sunday

The Amarillo Gold Sox will make their first appearance of the season in Lamesa Friday, for a three game series. This will wind up the Loboes home stand, and they will not be back until Thursday, May 15, when they will open a give game home stand. The game Sunday afternoon with the Gold Sox will be called at 3:00 o'clock and officials are hoping for a bright sunny day, with plenty of fans. Due to the postponement of games and the cold weather since the season opened, attendance has been off considerably. It has placed the club in a slightly embarrassing position, it is reported, and they are urging the fans to come out for these last home games. The Gold Sox have a colorful team and fans are promised some interesting contests. The Loboes, under Skipper Scaling's careful tutorage, continue to show improvement with each game played. Additional players are being brought in to strengthen weak spots on the team. Even the wolves

Old Timers Association Is Making Arrangements For Big Crowd At Annual Meet

Annual Gathering Will Be Held At City Park In Lamesa On Tuesday, May 20th, Beginning At 10 A. M. With all committees named and most of them functioning, the Dawson County Old Timers Association is looking forward to a most successful gathering in Lamesa May 20 according to W. K. Crawley, president of the group. The gathering is an annual affair and people who have lived in the county for twenty years or more are eligible to participate. There will be a band concert in the morning with an old fashioned basket picnic spread at noon. The meeting will be held in the City Park. Visitors from over a wide section of the United States, and who were former citizens of Dawson County, annually make the trek back to this city for this event, to mix and mingle with old friends and acquaintances. Indications are that a large number of these former citizens will be present this year. Invitations will be sent to them by the invitation committee, and if you know of some citizen who lived here more than twenty years ago, and you know his address, turn it in to V. O. Key, who is chairman of the invitation committee and they will be invited to attend the gathering.

County Land Use Committee Meets On April 23rd

The Dawson County Land Use Planning Committee met in the office of the County Agent at 10:00 o'clock, Wednesday, April 23, to discuss ways and means of developing the "Food, Feed and National Defense Program" for Dawson County. Food and feed requirements for the average family in the county were discussed, and much time was spent on the "Food Habits" of the average individual, inasmuch as most of the diet deficiencies are caused by failures to eat the proper foods rather than by the inability to produce or secure such food. A committee was appointed to draw up a recommended procedure for the Land Use Planning Committee to follow in the developing of the "Food and Feed Program." This committee, composed of J. Logan Green, F. A. Youngblood, Mrs. Virgil Phipps, and Mrs. J. S. Allen, is to draw up a suggested plan of (Continued on Back Page)

Merchants Join To Bring Bargains To Area Shoppers

This Issue Of Courier Has Many Special Values Listed For This One Day Only

Next Monday marks another Monthly Dollar Day in Lamesa, and from the number of merchants who are participating this month, it now looks as if it will be the biggest day of this kind ever held in Lamesa. Many stores of the town have added in this issue of the Courier in which they are offering some unusual values for this one day only. They are out to make this the banner Dollar Day of them all. Citizens of Dawson County and the Lamesa trade territory are very fortunate in that they have such a wide and varied selection of merchandise from which to choose in the stores of Lamesa. It is not often that a town the size of this, will have the number of better grade stores that Lamesa can boast of. As far as the prices are concerned, Lamesa merchants challenge any other town in this section of the country to offer better values than they do. To prove this, they are quoting some extra bargains for Monday. From past experiences, it is felt sure that Lamesa will be filled with shoppers next Monday from all over the trade territory, taking advantage of the many values which will be here for them. Look over the ads in this issue of the paper and make your plans now to visit Lamesa Monday, to take advantage of the special values, and at the same time to meet your friends who will be here that day.

Hatch Food Store To Stage Grand Opening Saturday

Saturday marks the Grand Opening of Hatch Food Market in their new building recently completed at the corner of North Second and Main Street. The new structure, which was especially designed and built for their store, is the last word in food market convenience. Facing the west, plate glass windows run along the front and down the north side for some thirty or forty feet. Blue glass tile was used under the windows and up the pilasters, with the balance of the building finished in white stucco. The interior is finished in a light color, and fluorescent lighting gives a daylight appearance to the store. New fixtures of the very latest type were installed. "We invite the people of this section to visit us Saturday and see our new store," Raymond Hatch, owner and manager stated this week. "We will have free balloons for the kiddies as well as souvenirs for the grown-ups." Your attention is called to their large ad in this issue.

Wilkes Building Being Finished

The finishing touches on the Wilkes Grocery building were being put on this week. The building, recently remodeled for this new store, is trimmed in brilliant blue glass tile along the pilasters and below the show windows with a trim along the top of the building. The balance of the wall along the front and down the side, is of white oriental stucco. The front is checked off in squares to give it a more modernistic effect. The building is located at the corner of North First and Houston, across the street northeast from the post office. HAPPY WHERE HE WAS HUTCHINSON, Kas. (AP) — A Hutchinson reformatory parole violator says he was motivated by a report that his wife was planning to take him back. That was the leastest thing he wanted. So he got drunk, robbed a store and surrendered.

Five Volunteers Fill County Draft Quota For Call

The Dawson County Local Draft Board issued Call No. 12 Tuesday for five men, to be inducted into military service on Wednesday, May 7.

More Rain Monday Night To Break All Records For March And April Moisture

45 Inches Recorded In Lamesa To Bring Total For March And April To More Than Seven Inches Dawson County continues to be in a favored spot with the weather man in so far as spring rains are concerned. The section was visited Monday night by a regular downpour, which amounted to 45 inches at the local weather station. It is reported that some sections of the county received a much heavier fall. It is understood that the rain was also much heavier than the northwest of Lamesa. Further north, heavy hail was reported in some sections around Lubbock. No hail of any consequence has fallen in this section this year. This brings the total for April to 3.95 inches. Added to the 3.13 which fell in March, the grand total for the two months is 7.03 inches. This is by far the wettest March and April in history of this county. Even the old timers who have lived here the longest, fail to recall anything that near approaches this total. Farmers of this section are only waiting until the ground dries sufficiently to get planting under way.

Mr. and Mrs. O. C. Taylor, Mr. and Mrs. A. J. McDaniel, Mr. and Mrs. Tom Barron and son, Misses Artie and Myrna Moore spent the week end at Clovis, N. M., visiting with Mr. and Mrs. Essie Moore.

Forty Grandmothers Attend Annual Party Given By Woman's Study Club Friday Afternoon At Country Club

It was truly "Grandmother's Day off" when the Woman's Study Club held its annual party for the grandmothers of the community Friday, April 25, at the Lamesa Country Club.

Beautiful blossoms of iris, poppies, spirea and hydrangeas made a springtime setting for this cherished event and a corner of treasured antiques brought by grandmothers and friends added an appropriate touch of interest.

MRS. E. T. BAILEY, FAMILIARLY HONORED WITH FAREWELL PARTY

Mrs. Wilburn Lambert was hostess at a farewell party given Monday afternoon at her home honoring Mrs. A. C. Boren, who will leave this week for Lubbock where she will make her home.

The receiving rooms were attractively decorated with iris, honeysuckle, and verbenas. After an enjoyable afternoon the honoree was presented with a set of crystal tea glasses. At the conclusion of the afternoon a delicious refreshment plate was enjoyed.

Guests attending were Mesdames A. C. Boren, Ray Hastings, George Norman, R. S. Van Wile, J. D. McAnnus, Clyde Branon, Misses Helen White, Sally Branon, and the hostess.

known and beloved by all the grandmothers, was general chairman in charge of arrangements for the party.

As mistress of ceremony Mrs. W. K. Crawley called the roll and then gave a short history of this traditional festivity. It was away back in 1924 that the members of the Woman's Study Club conceived the idea of a party for grandmothers, and now for seventeen consecutive years, the party has had its place in the program of the club. It is an event that is eagerly awaited both by the club members and their guests.

Following their custom, the group opened the meeting with the singing of "Come Thy Point."

Mrs. J. H. Andrews in an original poem paid tribute to five grandmothers, who had passed away since last year's roll call. They were Grandmothers Adams, Coffee, Lee, Privity and Culley.

A group of six girls under the direction of Mrs. E. J. Yates delightfully entertained the party with a playlet, "The Bird on Nellie's Hat." Recollections of by-gone days and visiting with each other furnished a happy pastime for these old friends during the refreshment hour.

Favors were little colonial ladies, fashioned of paper with dainty nosegays of lace and flowers. Mrs. J. E. Barron and her group of

school children graciously made them for the occasion.

These Grandmothers were present: Mesdames Banta, Bailey, Carroll, Brown, Cleveland, Camp, Christopher, Clayton, Cowger, Davis, Anna Davis, Frith, Gaines, Humphrey, Harrison, Ham, Henry, Henderson, Houston, Jones, S. L. Jones, Key, Little, McQueen, Minor, Mitchell, McDonald, Merrick, Matthis, Moore, Porterfield, Price, Serface, Sasser, Scott, Stone, Spert, Smith, Taylor, Wilson, Wooten.

ATTENDS DISTRICT MEETING IN AMARILLO

Mrs. W. K. Crawley, Mrs. M. C. Lindsey, Mrs. Cecil Bryant and Mrs. Robert Wade attended the Seventh District, Texas Federation of Women's Clubs, in Amarillo, on Tuesday, Wednesday and Thursday of this week. This was the twentieth Annual Spring convention of the district.

Mrs. Dewitt Knox and daughter, Patsy, of Seminole, spent Saturday in Lamesa visiting with friends.

WOODMAN CIRCLE CONVENTION WELL ATTENDED LAST WEEK

The Woodman Circle Grove of Lamesa was hostess to the Katie Kidwell District meeting held on Friday, April 25 at Ten o'clock.

Groves represented were Big Spring, Tahoka, Lubbock, Plainview and Brownfield.

Pauline Hastings, Guardian, presided. Presentation of the flag was given by the Big Spring team in a meaningful manner.

Guests were introduced and invocation was given by Rev. Murray. Welcome address was given by D. Clements, city attorney. A vocal solo was rendered by Mrs. A. G. Barnard. Response to the welcome address was made by Mrs. Laura E. Krebs of Austin, State Manager. Welcome to Woodman Circle members was given in a beautiful way by Mrs. Ida Gray, Carnation corsages were presented to Mesdames Krebs and Kidwell from Lamesa Grove by Mrs. Will Norris. A beautiful gift was presented to Mrs. Krebs by Mrs. Willie Dean Watson of Lubbock in her own charming way.

At the noon hour, a delicious chicken dinner was served to about 45 guests and members who attended.

The afternoon was spent in business session with Mrs. Krebs acting as guardian. The Brownfield team led in the initiation of two members and the installation of newly elected officers.

A rising vote of thanks was extended to the Lamesa Grove for the hospitality extended to the visitors while in Lamesa.

MRS. GUS WHITE HOSTESS TO OFFICERS OF THE EASTERN STAR

Mrs. Gus White entertained the officers and guests of the Order of the Eastern Star, Tuesday afternoon at the Lamesa Country Club.

The club house was beautifully decorated with spring cut flowers and pot plants. During the afternoon games of 42 were enjoyed after which Mrs. Maurice Snell was presented with a gift. Mrs. Snell is moving to Lubbock to make her home.

At the conclusion of the afternoon a delicious refreshment plate was served to Mesdames Dell Barron, Oliver Cates, Roy Smith, Roy Hoback, M. E. Boren, Elmer Iretton, J. R. Leuenberger, C. Jobe, G. Esmond, Maurice Snell, J. Fred Smith, Walter Jones, R. M. Miller, Miss Ethel Barron and the hostess Mrs. White.

MARIE LAMBRIGHT BECOMES BRIDE OF H. J. LAND

Miss Marie Lambright became the bride of H. J. Land, son of Mr. and Mrs. W. C. Land, Sunday afternoon at Carlsbad, New Mexico, in an impressive single ring ceremony.

The bride was attractively attired in a blue dress with black accessories and she wore a Gardenia Corsage.

After a short wedding trip, the couple will make their home in Lamesa where Mr. Land is employed at Campbell Grocery.

MRS. W. A. WALLACE HOSTESS TO TUESDAY BRIDGE CLUB

Mrs. Gilbert Watson made high score Tuesday afternoon when Mrs. W. A. Wallace entertained the members and guests of the Tuesday Bridge Club. Others scoring were Mrs. J. L. Spert and Mrs. Gordon B. McGuire Jr.

At the conclusion of the games a delicious salad course was served to Mesdames W. D. Arnett, J. E. Garland, Procter, Tom Burnside, Gilbert Watson, Gordon B. McGuire, Jr., J. L. Spert, Elzie Burleson.

MRS. F. T. MCCOLLUM HOSTESS TO BRIDGE CLUB WEDNESDAY

Mrs. F. T. McCollum was hostess to members and guests of the Wednesday Bridge Club Wednesday afternoon at her home.

The entertaining rooms were attractive with bouquets of iris and other spring flowers. The guests enjoyed a pleasant afternoon playing bridge, with Mrs. Tom Burnside scoring high and Mrs. M. Q. Martin winning little slam.

A delicious salad plate was served to Mesdames M. Q. Martin, Vernon Strahan, Procter, C. A. Hollingsworth, A. G. Barnard, Jap Randle, Lou Randsals, Tom Burnside.

MISS VALERIA SHARP PRATT PRESENTS PUPILS IN RECITAL

A group of elementary girls, under the direction of Mrs. Valeria Sharp Pratt, entertained their parents and friends in a varied program Monday evening, April 28, at the Lamesa Country Club.

Readings, dances and plays made up the program for the evening. Two Spanish dances given in native costume delighted the audience as did the tap number "Stars and Stripes Forever."

A one-act play read in its entirety by Ann McGuire was a clever feature of the program.

The concluding number, a one-act play entitled "Alice Blue Gown" was pronounced by the audience a very effective little playlet, featuring ten girls.

Dorothy Ross Gibson, Johnnie Marie Smith, Dorothy Nelson and Maurine Sharp were the girls of the original group presenting the program, and they were assisted by Marjorie Green, Anne McGuire, Carolyn Lou Tillman, Martha Bess Taylor, Roy Nelle Kayal and Rita Nell Bearden.

Miss Ada Lykes of Lubbock is visiting in the home of her sister, Mrs. Roy Smith and Mr. Smith this week.

Proclamation

WHEREAS the week of May 4th to 11th has been officially designated as National Music Week.

AND, whereas this week will be celebrated throughout the nation as such.

THEREFORE, I, W. L. Marr, Mayor of the City of Lamesa, do hereby proclaim that this week shall also be observed as Music Week in the City of Lamesa, and I commend the movement as most worthy and urge the people of this city to co-operate in every way possible to make the program in Lamesa a success.

Given under my hand and the official seal of said City of Lamesa, this first day of May, A. D. 1941.

W. L. MARR, Mayor
City of Lamesa.

MUSIC WEEK TO BE OBSERVED WITH TEAS AND PROGRAMS

National Music Week which is May 4 to May 11 will be observed in Lamesa by several musical programs and teas.

Sunday special music will be given in all the churches of Lamesa. Monday Mrs. A. G. Barnard will present several of her grammar school pupils in a musical recital at the home of Mrs. Victor Crawley on North First Street. Tuesday afternoon the Melodians will be hostesses at a musical tea at the Lamesa Country Club. Tuesday evening Miss Tennie Marie Dyer will be presented in a musical recital at the High School at 8:00 o'clock by Miss Dunn. Miss Charlene Jordan will assist Miss Dyer.

Wednesday at the Lamesa Lions Club special music will be given. Thursday afternoon the Lamesa Music Club will have a special musical program at the home of Mrs. Carl Rountree. Friday at noon the Rotary Club will have a special musical program and Friday evening a musical tea will be held at the Lamesa Country Club.

Mrs. J. C. Billingsley and Mrs. Katie Thewatt have returned from El Paso after spending several days there. Edgar H. Miller returned to Lamesa with them, where he spent several days visiting with friends and relatives.

W. M. U. SCHOOL OF INSTRUCTION WELL ATTENDED

The W. M. U. of the First Baptist Church held a school of instruction here Wednesday, April 30, with Mrs. E. F. Lyons of Dallas in charge of the meeting.

MISS GLADYS GRAVES BECOMES BRIDE OF CECIL H. MEDLIN

Miss Gladys Graves, daughter of Mrs. Mary Graves of McKinney, became the bride of Cecil Halley Medlin, Grandson of Mrs. Isaac Medlin, April 7, at Sweetwater with Rev. Bedford Smith, pastor of the First Christian Church reading the impressive ceremony.

The bride was attractive in a blue suit with saddle tan accessories. Mrs. Medlin is a graduate nurse, graduating from the City Hospital at McKinney Hospital. She will remain with the Price Hospital where she has been employed as Surgical Nurse for the past six months.

Mr. and Mrs. Medlin are making their home in the King Apartment on North Main Street.

MRS. M. C. LINDSEY GUEST SPEAKER FOR EETA SIGMA PHI

Members and Rushes of the Beta Sigma Phi Sorority were entertained Monday evening at the home of Miss Tammy McCarty on North First Street.

A short business session was held at which time Miss Myrtle Henderson presided. Miss Jesse Norris gave the opening ritual. Mrs. M. C. Lindsey, guest speaker, made a very interesting and educational talk on "Texas." After Mrs. Lindsey's talk, Miss Edna Bedwell gave the closing ritual.

At the conclusion of the program a dessert course was served to Miss Katherine Hastings, Miss Van Clark and Miss Thelma Carter, who are the rushers. Mrs. M. C. Lindsey, and members, Misses Myrtle Henderson, Jesse Norris, Edna Bedwell, Mesdames Connally Baldwin, Rupert Austin, and Herbert Caudle.

MRS. ELMER COPE HOSTESS TO CLUB WEDNESDAY

Mrs. Elmer Cope was hostess to members and guests of the Wednesday 42 Club at her home Wednesday afternoon.

During the afternoon games of 42 were enjoyed after which a delicious salad course was served.

Guests attending were Mesdames Joe Whitlow, Nelson Williams, Durwin Echols, Joe English, Jap Baldwin, Blaine Wiggins, Olen York, Carl Peterson, Barney McKinney, E. Clement and the hostess, Mrs. Cope.

BEDROOM DEMONSTRATOR ADDS CLOTHES CLOSET TO BOYS' ROOM

Mrs. J. S. Allen, bedroom demonstrator in the women's home demonstration club at Key, states that they have built the clothes closets and are refinishing the wood work in the boys' room.

She also plans to refinish the floors and repaper the walls. A study center for the boys will be added and the two beds equipped with spring covers, mattress covers, mattress pads and appropriate spreads for the boys. The room being improved is on the "sunny" side of the house and will be done in blue.

Winners Are Announced In Sentence Writing Contest

In possibly the hottest contest of the entire series, the judges arrived at the winners in the sentence writing contest on Thursday morning. They stated that there were so many good entries received that it was hard to arrive at the winners.

Selected as the best, was the entry of B. B. Bullard, who lives on Star Rt. 2. He has been mailed a check for \$6.00 as the winner of First Prize.

Second place goes to Mrs. Hazel Hancock, Motor Rt. D, and Third place was won by Miss Jerry Ward, Ackeryly. They have been sent certificates for merchandise awards.

The following are the winning sentences in the order which they were chosen by the judges:

"I buy Dry Cleaning in Lamesa because it is poor economy to drive sixty-five miles and get cleaning half done for a quarter."

"I buy Lumber in Lamesa because quality merchandise for less is more desired than some highly advertised product from a distant town or catalog."

"I buy Dairy Products in Lamesa because I get good quality clean, delicious and fresh products which insures good health and prices are right."

The following in merchandise prizes will be awarded, given by these Lamesa stores: A Wash and Grease Job, by Olin Nix Motor Company, and a Beautiful Mixing Bowl, given by E. R. Yates Hardware.

Ackerly Youth To Get Award

DALLAS, April 30—Winners in the three Texas Districts of the National Farm Youth foundation scholarship awards contests were announced today by foundation directors.

The winners, Andres Casarez, of Plesasant, Norris H. Henze, of Yorktown, and Henry C. Mayfield of Ackeryly, will receive a year's training in the operation and maintenance of power farm equipment at Dearborn, Mich., at a salary of \$150 per month. The awards were made at the conclusion of the first year of the foundation.

More than 10,000 farm youths throughout the nation took part in the contest, receiving courses in farm operation and management.

Texas, because of its size, was divided into three districts and first award scholarships were provided for each district. There also were three second awards for the state and a state honor roll of 25 other youths.

Second award winners, who will receive a year's training in operation and maintenance of power farm equipment with local equipment distributors at a salary of \$125 a month, were Foreman Nix of Munday, Victor V. Wagner of Yorktown and Elton Krebs of Floresville.

The foundation announced that winners next year would receive a \$1,000 scholarship at any state agricultural college he might choose and that second place awards would be \$500 scholarships to be conferred on as many as four youths. These prizes would replace present awards.

Harry Ferguson, president of the Ferguson-Sherman Manufacturing company and sponsor of the foundation, said it aims were to develop greater opportunity for farm youths and to educate and train participants young men of the farm or leadership in the civic and agricultural life of their home communities.

gauges, which have been used for several years may not be accurate and in such case, it is not safe to use the food canned in them.

Mrs. Elmer Miller of Key, read the budget for 1941. The budget, based upon \$100.00, includes \$30.00 for girl's work; expenses for the chairman's trip to the state convention; delegates expense to District meeting; expense for cake and flower show; girl's rally day and awards to honor roll women, who will be selected at the close of the year.

It was announced that the Dairy Day would be held June 6. Cattle and dairy products will be brought in as in the past. The Home Demonstration Council will have charge of the lunch. Those on the menu committee are Mrs. T. E. Temple of Bartlett, Mrs. C. W. Shaffer of Midway, Mrs. L. C. Pyle of Welch, and Mrs. J. H. Adkins of the Central Club. Part of the program for the Dairy Day will be planned around uses and the value of dairy products in the diet.

A report on the meeting of the Land Use Committee was given by Mrs. J. S. Allen. This committee is making plans whereby more interest can be stimulated in the production and preservation of food and feed during 1941.

Council adjourned by limitation of time.

HOME DEMONSTRATION COUNCIL REPORT

At the regular meeting of the Home Demonstration Council, Saturday, April 26, at the County Home Demonstration Agent's office, fifteen women were present, representing nine clubs. Delegates gave reports of club meetings, each having had its two regular meetings, with an increase in membership and a good attendance of visitors.

Mrs. V. B. Hohn of O. K., chairman of the Expansion Committee, read the Expansion plan. This plan includes ways of reaching non-club members with the programs included in the work this year.

The clubs plan to check pressure cooker gauges. Pressure cooker

Millions For Morale; Army Builds Spirit

By Jack Stinnett
 AP Feature Service

Washington — Morale is vital in any fighting force. Volumes have been written about it. There's no military man worth his salt who doesn't think about it constantly. A great many civilians have a confused idea about morale. Many think it is the army's concern with morals. Morals are only a phase of it.

One definition that I got of morale: That mental quality and firmness, which in a body of troops, continues to function after everything else has broken. . . . a quality which presses on to its goal in the face of the most discouraging circumstances, and refuses to recognize that everything save success can result from correct efforts. In combat service, it is a quality which will survive disaster and sustain the mass or the individual to "take it" again and again until an opponent of lesser morale yields.

Almost Everything
 So you see, morale is almost

Teaches Men

Florine Miller, who loves aerobic flying, is ground instructor at the Odessa CAA-approved advanced flying school. Engineers, physicists, drilling contractors and geologists are among her students. The 20-year-old aviatrix also is teaching her parents, Mr. and Mrs. T. L. Miller, and her brother to fly.

everything and is affected by almost everything. If a soldier feels that the army is dishing out slum instead of a satisfying and appetizing meal; if his uniform

doesn't fit and isn't something he can take pride in; if he feels the rifle he carries, the machine gun he mans, the plane he flies isn't just as good as the other fellow's then he may not be worth a hoot when the attack comes.

These contributing factors are basic so much so that we don't need to consider them here. What we can consider, is that sifting the lessons, particularly of the first World War, the military powers that be now have launched on a morale program the like of which the American army and navy never dreamed of.

In the first place Congress appropriated about \$3,700,000 for that alone. In the second the army set up, under direction of the adjutant general, Maj. Gen. Emory S. Adams, its new morale division. This division acts almost entirely in an advisory capacity and as a clearing house, because the responsibility for the morale of the men in each camp rests solely with the commanding officer. In the last analysis, it is his problem, and his success or failure, but it is up to the morale division to help in every way possible.

Nine Sections

Probably the best way to explain it is to list the nine sections which make up the division—and their duties, as follows:

1. Administrative section — General supervision of the whole program.
2. Welfare section — Liaison with civilian welfare agencies, civilian communities and the Red Cross. Operation and maintenance of guest houses on the posts, the service clubs (with their hostesses) and all matters pertaining to scholarships to army children, epidemics, government insurance, and the Soldiers and Sailors Civil Relief Act.
3. Recreation section — All recreational facilities, athletic, amateur theatricals, music and dances.
4. Library section — Post and camp libraries.
5. Budget and estimate section — distribution of funds.
6. Miscellaneous section — Operation and maintenance of post exchanges, awarding of trophies, insignia and heraldry; and handling of all war department exhibitors at fairs, expositions and so forth.
7. The motion picture service — Booking and distribution of all movies that go to army posts and camps.
8. Decorations and awards sections — handling all decorations.
9. Civilian contact section — Handling press relations, civilian interviews, camp newspapers and publications and preparation of the morale material.

Is that a pretty big order or isn't it? In another article we shall discuss what this means to the camps and to the boys "on the reservation."

Meet The Man Who Couldn't Hear . . .

By JACK STINNET
 AP Feature Service Writer

WASHINGTON — I want you to meet the man who couldn't hear. He is tall, handsome, friendly, Henrik de Kauffmann, Danish minister to the United States. There isn't a thing wrong with Mr. de Kauffmann's auricular powers ordinarily, but he certainly went stone deaf when the "Danish government" ordered him to protest

Young Pianist

Marion Roberts is only 19, but he already is widely known in his native Texas as a pianist. He studied in Fort Worth and has won several awards, one of which was sought by 150 of Texas' most promising pianists.

the seizure of those 58 Danish ships in American ports. He couldn't hear again when Copenhagen denounced and ordered him to void the pact he had signed with the United States authorizing this country to take over the defense of Greenland. For the third time, his ear drums refused to respond when he was recalled as envoy extraordinary and minister plenipotentiary to the United States. When finally a long cable came from Copenhagen with a list of charges involving "treasonable acts," Mr. de Kauffmann didn't even bother to have them read to him.

Speaking of those charges now, he smiles a big warm Danish smile and says: "Any lawyer can go thru the statutes and find laws which he can charge a man with having

broken. I am too busy to be curious about how this lawyer has done his job."

Despite the quiet intensity with which de Kauffmann is working day and night for his nation, his inherent Scandinavian sense of humor is forever slipping out. When fascist papers in Rome denounced the Greenland treaty with an observation that de Kauffmann was merely "an adventurer, whose only claim to diplomatic fame is that he happened to be born in Denmark," the minister stopped chuckling long enough to explain: "As a matter of fact, you know, I was born in Germany."

He was, too — at Frankfort-a-Main in 1888. His father, an internationally known Danish architect as well as chamberlain to the King of Denmark, and his mother were on one of the many trips they had to take in pursuit of his father's profession. When Henrik was of school age, the family returned to Copenhagen and Henrik went to the schools and the university there and to Oxford, where he studied law.

He turned to the diplomatic service and has been in it constantly for 28 years. Looking back, he observes that almost everywhere he has been, there has been something happening. He was vice-consul at New York when the World War broke out. He saw the end of it as a member of the legation in Berlin. As minister to Italy when only 32 years old, he watched the rise of Mussolini and the march on Rome. The eight years he spent as minister to China and Japan were filled with the turbulent events leading up to war there.

In China, he met the young woman who was to become his wife, Charlotte McDougall, daughter of Admiral William McDougall of the U. S. Navy.

Even in the happy and comparatively quiet eight years that followed when he was minister to Norway, de Kauffmann had his hands full. It was during that period that the World Court at The Hague re-

fused Norway's claims to a part of Greenland and awarded the whole of that island to Denmark. It was de Kauffmann's duty to smooth the troubled waters. He has worked always for close cooperation of the Scandinavian countries and is convinced the day will come when there will be a United States of Scandinavia.

In the months that he has been in Washington, his only recreation has been occasional hours of simple pleasure with his family — his wife and two very attractive daughters, Tilda 13, and Lisa, 10. His real hobbies are travel, mountain climbing (he has scaled peaks in Europe, Scandinavia, Japan and China) and skiing.

De Kauffmann presented his credentials to President Roosevelt only a few days before the Nazis marched into his country. Both de Kauffmann and the state department recognize Denmark as a government "under duress." De Kauffmann's position as a result is rather unique. Nearly all other countries over-run by Germany have governments in exile which are recognized by the United States. De Kauffmann has no such superiors.

Thus, as far as the United States is concerned, de Kauffmann is Denmark. Which explains why he can sign treaties without consulting Copenhagen and can turn a deaf ear to protests that come from there.

SWASTIKA DISAPPEARS

RATON, N. M. (AP)—The swastika is an ancient Indian symbol and in the southwest once was common. In Raton the last trace of swastikas, used in firm names, has been erased. The Swastika hotel changed its name to the Yucca; the coal camp to Brilliant and the trade name for a coal likewise was changed. The city council has changed Swastika avenue to Brilliant avenue.

Dawson People Attend Feeders Day At Tech

Seven Dawson County people attended the 3rd Annual Feeders Day held at Texas Tech on Friday, April 25. The Feeder Day was held for the purpose of discussing the results of the 140 day feeding experiment recently completed.

This feeding test was made to (1) compare the relative feeding values of cottonseed hulls and sweet sorghums, and (2) the relative value of feeding different amounts of cottonseed meal. The steers fed averaged from 773 to 791 pounds, and finished out at from 1063 to 1119 pounds. All steers were fed on an average of 9 pounds of milo head chops, 2 pounds of alfalfa and 1-10 pound limestone flour per head per day.

Lots 1 and 2 varied in that Lot 1 received all the silage it could consume, and Lot 2 had all the cottonseed hulls it would consume. Lot 1 made a higher gain and at a lower cost than Lot 2. Lots 3 and 4 were fed only 3 pounds of meal as compared to 4 pounds in Lots 1 and 2. Lots 3 and 4 did not make as high gains as Lots 1 and 2, but Lot 3 gained 100 pounds at a lower cost than either 1 or 2. On the other hand Lot 4 made the lowest gain, and this gain was at the highest cost per 100 pounds gained. Lot 3 was fed all the silage it would consume, and Lot 4 was fed all the hulls it would consume. Lot 5 was fed only 2 pounds of cottonseed meal, and all the silage it wanted. It made a very satisfactory gain, and at the lowest cost per 100 pounds gain of the entire test. But these cattle did not have the finish the other Lots had.

During the morning talks were made on feeding trials at other stations by J. M. Jones, Texas Agr. Expt. Station; Fred Keating, Big Spring Station; Ray Mowery, Texas Tech Agr. Dept., and others. Dinner was served by the Block and Bridle Club, a student organization of livestock students. A tour of the agricultural plant followed the dinner, and then everyone went to the feed pens.

Dawson County was represented by Mr. and Mrs. Carson Echols, Ross, Edward Jones, F. A. Youngblood, J. J. Handley, D. L. Adcock Jr., and B. J. Baskin, County Agent.

Blaine Taylor of Waco is visiting with relatives and friends here this week.

Nearly 300,000 Mattresses Have Been Delivered

Nearly 300,000 mattresses—292,958 to be exact—have been delivered to 100,000 farm families under the Department of Agriculture's cotton mattress demonstration program. Of this number, 47,977 mattresses were delivered in March, according to reports compiled by Mildred Horton, vice director and state home demonstration agent of the Extension Service, and R. T. Trice, state administrative assistant for the Triple-A. With the cotton comfort program just getting under way, 2,784 comforts were made in Texas during March.

REA Lines Spread Over Great Part Of State Of Texas

Allotment of \$500,000 for construction of two transmission lines in Texas has been granted recently by the Rural Electrification Administration. The Brazos River Transmission Electric Cooperative of Itasca and the Farmers Electric Generating Cooperative of Glauco each received \$250,000. This benefit was made by the REA since it was established in 1935 to \$302,656,621.22, or which \$93,274,500 represents operations of the current fiscal year.

POLICEMEN FOR RENT AT BARGAIN PRICES ON '41 BARBARY COAST

SHANGHAI (AP)—With at least 14 kidnap gangs operating in the city, and terrorists and political killings almost daily occurrences, many Chinese and foreign residents of Shanghai have hired municipal officers as bodyguards.

Foreign sergeants supposedly to be quicker on the draw and better shots, get the best pay, amounting to \$2.10 per day. Indian Sikhs, rated second best, get one-third that top price.

Big deductions are offered those taking the monthly rates. A Chinese sergeant or constable may be hired for private bodyguard duty for \$10 per month.

TOO MANY KITTENS

WICHITA, Kas. (AP)—Petunia, a cat belonging to Dr. Robert G. Wood of Wichita University, is the mother of 72 kittens born in a seven year period. Dr. Wood started naming the kittens after Confederate generals, but when the count stood at 60 he had to turn to Yankees.

With the recent announcement that the CCC Camp in Lamesa is to be discontinued on July 1st, interested landowners, are seeking to get another election in this district for the purpose of setting up a Soil Conservation District here.
This plan was rejected by the landowners of this area about a year ago, and following this, the government decided to discontinue the Lamesa Camp.
It is understood that a petition is being circulated for the election to determine whether the majority of the landowners want the project or not. The signing of the petition calling for the election, it is pointed out, does not obligate the signor to support the movement, neither does it mean that he is against it, but it will give the landowner an opportunity to express his wishes, after the proposition has been fully explained.
It is understood that the petition must have fifty names of resident landowners before the election will be called.

McCARTY

Mrs. B. B. Bullard
Mr. and Mrs. Cliff Martin, Mr. and Mrs. Arthur Moss, Mr. and Mrs. J. M. Peterson and Miss Geneva Baze carried a group of girls from the McCarty School to the Carlsbad Cavern last Saturday. They report a wonderful trip, but like the thousands that have been there before them, they say there are no words in the English language that can justly describe this great work of nature.
The McCarty school will close this coming Friday, May 2, after a successful nine months term.
Dwight Woodul and family attended the birthday dinner of Bobbie Hawkins at Key Sunday.
M. C. Fenell and family were dinner guests of Mr. and Mrs. N. Mr. and Mrs. Kenneth Cox and daughters visited in Garden City over the week end.
Mr. and Mrs. A. L. Moss and Jo Ann visited relatives in Carlsbad, New Mexico, Saturday.
J. E. Ray visited J. H. Middleton Sunday.
Mr. and Mrs. Welton Blair and daughters spent Saturday night with Mr. and Mrs. H. E. Blair.
Mrs. Abe Furlow was visiting in the home of her daughter, Mrs. Welton Blair last week.
Ivan Bullard visited Raymond Peterson Sunday.

KEY CLUB TO MEET ON MAY 9TH

The next meeting of the Key Home Demonstration Club will be held in the home of Mrs. J. S. Allen Friday afternoon, May 9, at 2:30. Miss Pharis will be present to give a demonstration of "Cakes for Special Occasions."

Improved Soil Aids Child Health

Observance of Child Health Day every May 1 indicates the nation's interest in the welfare of its future citizens such as this radiant child. This interest is shared by the 6 million farmers cooperating in the AAA farm program. As a contribution to proper nutrition for growing children, these farmers are creating soil conditions which assure an abundance of healthful foods both now and in the future. Application to the land of liming materials and superphosphate, shown in the top picture, is one means of doing this. Such practices mean better pastures, more and better milk from dairy cows, and healthier American children.

KEY HOME DEMONSTRATION CLUB REPORT

"May Day is said to be a survival of an ancient festival observed by the Romans in honor of Flora, the goddess of flowers," said Mrs. J. S. Allen at the meeting of the Key Home Demonstration Club held in the home of Mrs. Roy Weeks, Tuesday afternoon, April 29th. "In medieval England, lads and lassies sallied forth on May Day morning to gather the hawthorn or 'May' along the country lanes. With it they crowned the fairest of them all and proclaimed her 'Queen of the May.' But here in the United States, May Day has become Child's Health Day. On May first our country is asked to honor the children of our nation. We owe childhood its own health centers and all things science has given us for prevention of diseases."
"The home is the threshold of democracy," said Mrs. Elmer Miller on her talk on "Democracy in Daily Living." Mrs. Earl Calhoun gave an interesting talk on "The Influence of the Home on Success of Children," followed by Mrs. J. C. Langham on "Aid to Dependent Children and Menaces to America's Health."
Mrs. Miller gave a report of the meeting of the Council held Saturday afternoon and Mrs. Allen reported the meeting of the Land Use Planning Committee. Mrs. Weeks followed with a report of the District Meeting held at Plainview.
Mrs. Weeks served refreshments to Misses J. C. Langham, Earl Calhoun, F. E. Townes, J. A. Lynch, J. S. Allen Elmer Miller.

Mr. and Mrs. J. C. Harris of Akron, Ohio, spent several days this past week in Lamesa transacting business.

Mrs. Homer Beal returned this week from Waco after spending several weeks visiting with relatives and friends there.

NOTICE OF INTENTION TO ISSUE WARRANTS

NOTICE IS HEREBY GIVEN that the Commissioners' Court of Dawson County, Texas, will construct certain lateral roads and highways in Dawson County, Texas, under the immediate supervision of the Commissioner's Court, and to be paid for by the day as such work progresses, it being the intention of the Commissioners' Court to issue warrants of said County in payment of the claims, approved by the County Judge and audited and allowed by the Commissioners' Court, to be incurred by said County in the construction of said lateral roads and highways and the total aggregate amount of such warrants is not to exceed the sum of \$15,000.00.

NOTICE IS HEREBY FURTHER GIVEN that on the 17th day of May, A. D. 1941, the same being one of the days of the regular May, A. D. 1941, term of said Court, at ten o'clock A. M. at the Court Room of the Commissioners' Court of said County, at the Courthouse in Lamesa, Texas, the Commissioners' Court of Dawson County, Texas, will pass an order authorizing the issuance of the interest bearing time warrants of said County, in the maximum amount of \$15,000.00, bearing a maximum rate of interest of 5 per cent per annum, and maturing serially for the period of time from 1942 to 1956 inclusive, such warrants to be issued in payment of claims approved by the County Judge, audited and allowed by the Commissioners' Court, to be incurred by said County for the construction of the lateral roads and highways above mentioned, and are to be a charge against and payable from special tax levied by said Court at said time out of and from the Constitutional Road and Bridge Fund of said County.

This notice is given in accordance with and in strict compliance with the provisions of Chapter 163, Acts of the Regular Session of the Forty-second Legislature of Texas, and all amendments thereto.

Martin Wildcat Being Watched With Oil Show

North Permian basin attention Wednesday was focused on a prospective deep pool opener in northern Martin county, Magnolia Petroleum company No. 1 N. M. Teague, as it showed a slight amount of free oil on pits and some gas while swabbing wash-water through two and a half-inch tubing.
At last reports the fluid had been swabbed down 2,000 feet from the surface. Packer on the tubing is set at 6,700 feet. Oil and gas shows are given from the clear fork lime through 60-gun perforations in 5 1/2-inch casing from 8,723 to 8,753 feet. No. 1 Teague is bottomed at 7,701 feet probably in Wichita Albany lime and casing is cemented at 6,849 feet. The plug has not been drilled from the casing. The well is located 467 feet out of the northwest corner of labor 10, league 260 Borden county school land. It is credited with having topped the clear fork formation at 6,190 feet.

To Open School For Clerks Of City Wednesday

The State Board of Vocational Education University of Texas, Division of Extension, will conduct another school in Lamesa, it was announced today.

It will be recalled that Miss Laura Wilson conducted a school for retail sales clerks in this city a few weeks ago.

Plasco G. Moore will have charge of the school which is scheduled to open here next Wednesday. Classes will be conducted in Show Card Lettering, Merchandise Display and Credits and Collection.

A meeting of all clerks and proprietors of Lamesa stores who are interested has been called for next Wednesday evening in the District Court Room to hear the plan explained and to make arrangements as to the best time suited for the classes to be held. As in the previous school, there will be no charge for the instruction given.

BETTY MCKINNEY, KLONDIKE HAS FRAME GARDEN "We have been having greens, radishes, and onions from the frame garden for three weeks," remarked Betty McKinney, garden demonstrator in the Klondike girls' 4-H club.

Her frame garden was planted at a meeting of the girls' club the first of March. In size it measures five by 25 feet. It has a twelve inch board all the way around it and is covered with light weight muslin.

It is planted to mustard, lettuce, spinach, onions, radishes, carrots, and tomatoes for plants. While this little garden will furnish leafy vegetables the year round Betty and her mother plan to plant such vegetables as string beans, okra, peas, squash, melons and cucumbers in the field.

NORMA JEWELL TUNNELL, WOODY IMPROVES BEDROOM Norma Jewell Tunnell, bedroom demonstrator in the Woody girls' 4-H club is making progress in her work as bedroom demonstrator.

The walls of her bedroom have been papered with a soft pink paper, a new rug purchased for the floor, and an old wash stand secured to be used for her bathing center.

Other improvements to be made are refinishing the woodwork, the floor and the closet; repairing two chairs; adding curtains and window shades; and supplying more linen and bedding. She will make a spring cover, a mattress cover, and a mattress pad in order that her bed may be well protected.

Lamesan's Father Dies Thursday In Missouri

E. T. Furnish, 55, passed away at his home in Greentop, Mo., Thursday morning at 2 a. m., following an illness since January, according to word received here by Dr. J. R. Cunningham, from his wife.

Mr. Furnish was the father of Mrs. Cunningham, of this city. She has been at Greentop since he became ill, several months ago.

Funeral services will be held in that city Friday.

Pioneers Shut Out Lobos 6-0 Here Wednesday

For the first time this season, the Lobos failed to tally Wednesday afternoon, and were whitewashed by Jim Rollins, large right handed Pioneer hurler, had the Lobos all but handcuffed, and only three hits were chalked up against him.

His mates played errorless baseball to assist him in the shutout.

On the other hand, Dude Walters was banged for eleven hits in the eight innings he worked, and his teammates made a total of three miscues, and he made one for a grand total of four.

The win showed the Pioneers a notch ahead of the Lobos in the standing, to third place behind Borger and Big Spring. The Lobos before the Thursday afternoon game with the Pioneers is in fourth place, four games behind the top place Borger Cassers, who have won all five of their starts this season.

The Pioneers will conclude their Lamesa stay Thursday afternoon.

Food Stamp Plan Extended In Texas

Twenty-two Texas counties will benefit from the food stamp plan for distributing surplus agricultural commodities, following an announcement of the USDA's Surplus Marketing Administration.

Counties to which the program has been extended are Willacy, Cameron, Coleman, Jones, Briscoe, Wheeler, Howard, Baylor, Jefferson, Caldwell, Bastrop, Navarro, Coryell, Grayson, Denton, Kaufman, Johnson and Henderson.

Population of these 22 counties, according to the 1940 census is 730,343. It is estimated that there are approximately 41,690 families, representing 147,940 persons, receiving public assistance in the area. Actual operation of the plan is expected to begin about May 15.

Other good news for farmers of Texas and the remainder of the nation came with the announcement of the Department's purchase of food supplies during the first two weeks of April. These foods include 9,160,000 pounds of dried beans, 175,000 cases of canned grapefruit, 528,335 cases of canned grapefruit juice, 1,109 tons fresh grapefruit, 33,264 boxes oranges, 150,529 bushels of fresh apples, 272,998 bushels of white potatoes, 15,000 tons raisins, 696,000 pounds cheese, 75,444 cases eggs, 1,760,000 pounds of dry skim milk, 75,000 cases evapor-

ated milk, 9,540,000 pounds of lard, 6,045,000 pounds of pork products, 153,000 barrels of white flour, 178,000 bushels oats.

These foods can be used for domestic distribution to public aid families and for free school lunches, to meet requests from the Red Cross for shipment to war refugee areas, for transfer to other countries under provisions of the Lease-Lend Act, or for release upon the market when this is desirable.

BETTY SUE PETERSON, UNION ENJOYS VEGETABLES FROM FRAME GARDEN Betty Sue Peterson, garden demonstrator in the Union Girls' 4-H club reports that her family is enjoying the vegetables from the frame garden. It was a cold day during the first week in March when the girls of the Union Club went to the home of Mr. and Mrs. Ottis Peterson to see and help with the planting of Betty's garden.

The garden is five feet wide and 29 feet long. A pipe in which holes were drilled, was used for sub-irrigation. The soil was spaded and well fertilized. The rows in the garden run across and were planted to small growing vegetables. In spite of the cold wind on the day of the demonstration, the girls enjoyed having a hand in its planting. There are twelve other gardens among the members of the girls' club.

Selective Service Creates Many Odd Happenings

By JACK STINNETT AP Feature Service Writer WASHINGTON - Defense does:

Selective service headquarters has just received one of its most irate letters. It's from a Class 1-A selectee who is due for the hop to camp any minute now. He is fuming because his draft board refuses to consider his collie dog a dependent.

"There is no man with whom he can leave the dog, he says, and he can't take him along."

Washington newspapermen are confirmed pessimists, but it nearly always is just verbal... which is no explanation why several in the better bracket salary range in recent weeks have obtained reserve commissions in the Army or Navy and any day now may be shifting over to jobs which pay only half to a fifth of their present remuneration.

The new army has everything. On the dossier of Glenn E. Robbins, who is in the air corps in California, is written opposite profession: "Circus owner." Glenn inherited the three-ring circus which was built up years and years ago by his grandfather. The inheritance came after his induction into the air corps. Now he asks: "Just what does one do with a circus?"

Loboes Drop Bombers Of Big Spring From Undeclared List With 5 To 2 Victory

Bob Cowzar Allows Bombing Bats Of Bombers Only Four Safeties, But Walks Self Into Trouble

Tuesday afternoon, the Lamesa Loboes, behind the 4-hit pitching of Bob Cowzar, dropped the Big Spring Bombers from the list of undefeated teams, by taking a thrilling 5-2 contest.

Although Cowzar allowed the Bombers only four hits, he walked himself into trouble in the ninth, when with none out, he issued passes to the first two batters to face him. This was the signal for little Hector Arroyo, fast ball ar-

tist, who had worked throughout the game in the bull pen.

The first man to face him hit a slow roller to the pitcher, and was thrown out at first, the runners advancing on the play. He promptly settled down and struck out the next two men to retire the side and save the ball game.

Bob Kahout, Big Spring hurler, allowed the Loboes only six safeties, but his teammates committed four errors which contributed heavily to his defeat. The Loboes played errorless baseball.

Land Use—

(Continued from Front Page)

The County Land Use Planning Committee has set the goal of "a frame garden and trench silo on every farm, and a Lunch Room in every school." These goals are set to properly feed our people, especially the children, and to create a properly stored surplus for use on the farm during the emergency created by the National Defense Program. Such program, if effected will not only feed the individual farm family properly, but will lower the needs of purchasing food and feed crops, which will be needed by the Nation.

The following were present at the meeting:

F. A. Youngblood, R. E. Cowart, Carl Williams, Cecil Cole, Vernon Martin, Dawson Co. ACA, J. R. Payne, FSA; Mrs. Sammie Pitman, Mrs. C. W. Shafer, Mrs. J. H. Adkins, Mrs. J. S. Allen, Mrs. T. A. Numerous applications for permits to solicit advertising and various forms of subscription donations have been investigated by the Chamber of Commerce since the beginning of 1941, most of which have been turned down by secret investigating committees of three men each. It is estimated that a potential saving of near \$10,000 for the entire year 1941, has already been saved through the efforts of this set-up. A survey made among business firms of the city has shown that there are fewer solicitations being made upon merchants now than during last year when there was no such plan in operation.

Mr. and Mrs. Jack Miller of Plainview spent the week end here visiting in the home of Mr. and Mrs. Roscoe Holton.

Lamesa Schools Close For Summer In Two Weeks

Students of Lamesa's school system are counting the days until the vacation period gets started, which has been announced as May 16.

With the first warm days, the opening of the baseball season, and only two weeks remaining for class work, it has indeed been a hard task for the youngsters to keep their minds on their studies.

An announcement concerning the commencement program is expected to be forthcoming within a few days, as well as a list of the graduates.

Farmers Urged To Help National Defense Move

Texas farm and ranch families can profit materially and also contribute to national defense by co-operating in several movements announced recently by the Department of Agriculture, says Director H. H. Williamson of the Texas A. and M. College Extension Service, who advises farmers to keep posted on fast-moving plans for converting ever-normal granary supplies into ever-normal food supplies.

Among the defense programs announced recently by the Secretary of Agriculture are: A plan for making purchases in the open market to support long-term prices of hogs, dairy products, chickens and eggs.

Program to expand the production of tomatoes for canning, and a nation-wide drive to increase egg production this spring and summer from present laying flocks.

Director Williamson points out that the ever-normal food supply program is intended to stimulate sufficient increases in production to insure adequate food supplies for all needs here and abroad. Should unwarranted speculation drive prices up to unduly high levels at any time, the supplies in the hands of the government will be released to stabilize prices and maintain them at reasonable levels. This means consumers will be protected and farmers will benefit by selling more products at fairer prices than those which have prevailed in the past few years.

To Observe Texas Home Building Week

Local Observance of Texas Home Building Week June 1 to 7 was assured here this week as Higginbotham-Bartlett Co. announced construction of a "Texan" home already under way.

The "Texan-The Home Built For Texans" is the typical home which builders all over the state are building in time for formal showing beginning Sunday, June 1, as a part of the activities during Texas Home Building Week.

Here, as in more than 140 cities and towns in the state, such a home will be exhibited to prospective home buyers and will be purchasable under the Federal Housing Administration's insured mortgage system with a modest down pay-

Who Said Man Past 65 Doesn't Have A Chance?

Who said the man past age 65 doesn't have a chance? Well, here's one chance he is getting—and it's a break that may mean a monthly old-age insurance check later on, according to Robert M. Mayne, manager of the Big Spring office of the Social Security Board.

There are many men in this country of all ages, heretofore unemployed, who are now working in emergency jobs under the national defense program. These include men over the age of 65 who have not qualified for old-age insurance benefits because they lacked sufficient wage credits under covered employment. They are now having an opportunity to add to such wage credits, which may enable them to become fully insured under the old-age and survivors insurance program at some future date, Mayne said.

ment and the balance at less than a dollar a day, Mr. Geo. Norman, manager of Higginbotham-Bartlett said.

"Our 'Texan Home' will be of modern design and will be typical of the community and this particular section of the state. The Federal Housing Administration has already issued a commitment to insure the mortgage upon completion and FHA inspectors will be on hand to inspect construction as it proceeds. Our 'Texan' will be located at 612 North Sixth Street.

"This community," Mr. Norman continued, "has long demonstrated its interest in home building and home owning and it is our desire to produce the type of home for which there is the greatest need here. Most important, of course, is the fact that this home will involve only a small down payment and small monthly all-inclusive payments. Briefly it will be the type of home which most of our citizens can well afford.

"Because it is in a sense to be a demonstration of our own local skill and craftsmanship in producing good housing I know that our local prospective home owners will find it attractive in design, thoroughly livable, and fully in accord with the FHA's standards of construction.

Our local "Texan" will be completed in time for formal June 1 and throughout the construction is right on the moment."

It was further pointed out that "a worker in order to qualify for old age insurance payments, must have sufficient quarters of coverage—that is, his wage credits must cover half the number of calendar quarters from January 1, 1937, to the date of the worker's retirement after he reached age 65."

The Social Security Act, as amended in 1939, permits wage earners to participate in the old-age and survivors insurance program, regardless of age, and the longer they work, the more insurance benefits they will receive when they retire. Many workers in the age 65-and-over class already have some wages to their credit while others who have not worked since the law became operative, have none. Under either conditions, Mr. Mayne said, these workers have an opportunity to share in the program.

Italy began in 1870 to build its present colonial empire.

THAT LAY Early!

By growing and developing your pullets properly, you can get them into production sooner and have them laying big eggs when egg prices are high. Purina Chick Growers (complete feed) or Purina Growing Chow to be fed with your grain is built to help get your pullets to lay lots of big eggs in the shortest possible time. See us for the poultry feed that fits your own particular needs.

Dates For Dairy Show Are Set For May 6-10

Plainview, April 28 (Special) — With the dates for the fourteenth annual Panhandle-Plains Dairy Show set for May 6-10, only a few days away, the tempo of interest in the big event is speeding up as preparations get under way.

Entries are already being received at the office of the manager, Pete Smith, Plainview, and I. C. Sprague, Tulla, president of the 1941 show, states that officials expect an exposition that will uphold the fine quality and number of animals of past years.

Pasture and general feed conditions over the territory as a whole have been fairly good, dairymen say, and opening day of the show should find stock in good shape for the judging ring.

The usual judging program will again be followed this year, show officials feeling that interest in this show depends not upon any new or novel feature that might be introduced into the program from year to year, but rather in the steady improvement in the quality of the animals entered and in consistent progress of the dairying industry

the area over.

Entries will be made in the usual four classes: Jersey, Milking Shorthorn, Guernsey, and Holstein-Friesian. Judging will begin in the Jersey classes on Wednesday, May 7, continue in Holsteins and Guernseys on Tuesday, and finish up with Milking Shorthorns on Friday. Milking Shorthorn breeders will again climax their show with an auction of some of their finest stock, the sale to be held Friday afternoon at the conclusion of the judging in that department.

Opening day of the show has been designated as Future Farmers' of America Day, with the vocational agriculture and 4-H boys and girls taking part in the dairy cattle judging and dairy products judging contests. Tests in the annual milk production contest will begin on Monday, and E. W. Thomas, Ferrington, Ochikree County farm agent, is superintendent of this department of the show.

In connection with the various educational features of the exposition, entertainment attractions will also have a prominent place on the program. The annual pageant and coronation of the queen will be held on Tuesday evening at the Plainview City Auditorium, and more than fifty princesses, their maids of honor and their escorts have already indicated that they will be on hand to participate in this colorful spectacle.

Dances, with Joe Buzze's Orchestra playing, are scheduled for Tuesday, Thursday and Friday nights at the Hilton Ballroom, and one-act plays, put on by home demonstration groups, will be presented on Wednesday night at the judging arena. The Alamo Exposition Shows will be the carnival attraction for this year, and the Midway is expected to attract many visitors during the five-day show. Friday has been put aside as School Childrens Day, and children from the entire dairy show area are expected to come to town to take advantage of the 5 cent price that has been put on all carnival rides for their special benefit.

The members of the Dairy Show Association will hold their annual banquet and business meeting on Wednesday, at 6:30 o'clock, and Milking Shorthorn breeders have scheduled their annual meeting for Friday evening, at 6 o'clock.

COLUMBIA, S. C. (AP) — It's no longer dogs, but roosters, that poster boys. The current issue of the Columbia Postal Employee reports that B. F. Clift was "assailed" by a bantam rooster with the idea that the mail would not go through. Clift experienced difficulty, the item said, in putting the "foul fowl" to flight.

MAKEUP MAKES A DIFFERENCE

OGDEN, Utah. (AP)—An Ogden employer telephoned Weber College's business department: "I need a good office girl but no sex appeal," he advised.

Ira K. Markham of the college strove to meet specifications implicitly. He called in one of his best students and sent her down-town in school-day garb — loose sweater, low-heels, ankle socks.

Soon she was back; no job.

Next day Markham had the girl don her most attractive ensemble and top it off with proper amounts of makeup. Then he dispatched her once more to the businessman's office.

The inevitable p. s. seems hardly needed. She got the job.

FOR PROOF OF A POINT A SHOE IS LOST

MANHATTAN, Kas. (AP) — A couple of Manhattan men, walking home one early morning, argued whether a dark cluster in a tree was an accumulation of old leaves or sleeping birds. The fellow who argued for the birds took his shoe and heaved it. The birds flew. But his shoe stuck in the tree.

NOTICE TO THE PUBLIC:
On this the 16th day of April A. D. 1941, C. A. Hollingsworth et al presented a petition to the Commissioner of the State of Texas, Texas, as follows:

"We, the undersigned landowners, being the only owners directly affected, and being the owners of all lands in the hereinafter set out Block, respectfully petition and request your Honorable Body to close the alley and return to acreage in Block No. 7 of the El Wanda Heights Addition to the town of Lamesa, Dawson County, Texas. This property is not within the city limits of Lamesa. Said closing would be subject to any rights of utility companies in said alley.

Respectfully

Special Helpful Facts, that Conoco experts know

You simply drive to Your Mileage Merchant's Conoco station nearby. Today is best, for your strictly custom-made Conoco Touraide. Beats anything sold, though it's FREE without obligation. However, you cannot hope for Conoco Bronz-z-z mileage savings except with Conoco Bronz-z-z gasoline. And it takes patented Conoco Germ Processed oil to give your engine OIL-PLATING—the lubrication that stays on, because it plates on! All your thousands of starts and thousands of miles can't "rub out" OIL-PLATING—not while you use Germ Processed oil. That's why it cuts out a lot of wear and a lot of stops for oil. So that's another great help, in addition to your custom-made Conoco Touraide—FREE from Your Mileage Merchant. See him today.

ON SERVELS

MORE FOR YOUR OLD REFRIGERATOR

ON THE NEW 1941

ELECTROLUX

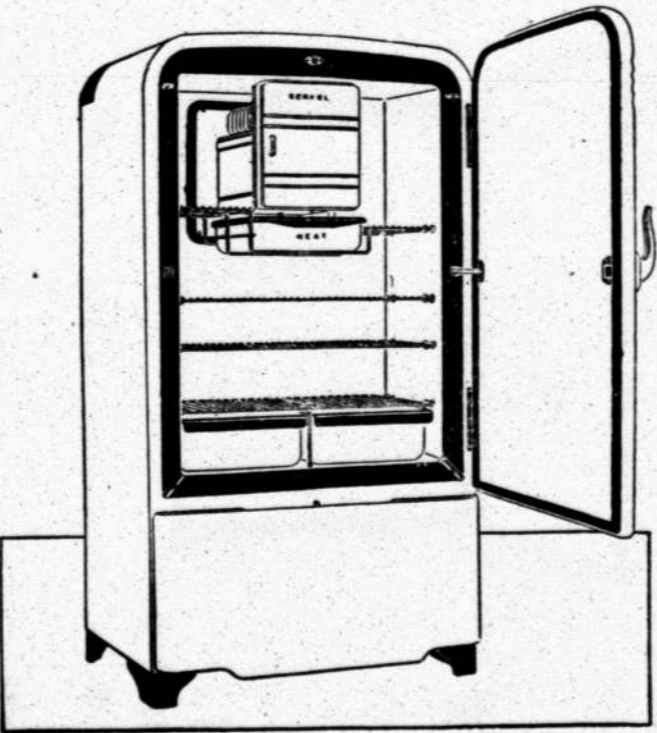

We know, and thousands of other people in this section know, that only with Servel do you get permanent silence in your refrigeration... and only in Servel Electrolux do you get a refrigerator that is guaranteed for ten years... We believe if all the people were really acquainted with the facts about Servel Electrolux, the increase in sales would be even more sensational than we have enjoyed — although we have sold more of these wonderful refrigerators than we ever expected possible.

During this week we are going to offer special liberal trade-ins — even greater trade-ins than those for which we have been famous — in order to acquaint more people with the Servel Electrolux. In doing this, we know that every new customer which we get in this way, will bring us additional customers later on. For the biggest advertisement the Electrolux has, is among the people who use them and are acquainted with the facts.

Hot weather will soon be here when a Servel Electrolux really comes into its own... the economy which users report every day... the permanent silence, because of no moving parts... the fact that Servel maintains its value for years longer than most mechanical refrigerators, because there is nothing to wear.

By all means, get our deal during this week, when you can get more for that old refrigerator or ice box. Look at all the rest—then look at Servel — you'll note the difference immediately.
