TO SPAN BULL CREEK CHANNEL

Steel girders for a bridge across the diversion channel from Bull Creek to Lake J. B. Thomas are shown above. Workmen on the project said that about two more months will be required to complete the structure. The bridge is on a road from Knapp to Murphy which is being paved under Scurry County's farm to market road program. (Lee Watson photograph)

Eden's Plea For Asian Pact Given Cold Shoulder In U. S.

No Big Battle Comes After Week Of War

TEGUCIGALPA, Honduras (AP)—The Guatemalan War entered its seventh day today with most of the fighting still apparently raging over the propaganda airwaves and in the diplomatic arena. There was no indication of a major battle shaping up anywhere.

The anti-Communist "liberation army" seemingly was bogged down by lack of transport just north of the Honduran border. The army of Red-backed President Jacobo Arbenz Guzman still had not made an appearance in force in the field.

There were these developments:

1. Seven persons were reported wounded, three gravely, when Honduran police fired on a Tegucigalpa crowd watching a pro-Arbenz, anti-U.S. demonstration by students in the Honduran capital last night. Later thousands of the students and townspeople gathered to parade through the city.

2. Honduras charged a Guatemalan airplane bombed a Honduran airfield Tuesday. The Tegucigalpa government said it is protesting to the United Nations and to the Organization of American States. U. N. sources in New York said last night the international organization had not yet received the protest, the third filed in connection with the fighting. Guatemala has entered two, one of which still is pending.

3. Guatemala promptly denied the bombing charge. Guatemalan Foreign Minister Guillermo Toriello said in a statement "not a single Guatemalan plane has flown toward the Honduran frontier."

4. The OAS's Inter-American Peace Commission, meeting in Washington, referred to Guatemala a proposal by Honduras and Nicaragua that the five-nation body make an on-the-spot investigation of charges by the Arbenz government that the two neighboring republics supported "aggression" against Guatemala. Commission Chairman Luis Quintanilla of Mexico said he hoped the Guatemalan government would accept this "generous offer" promptly.

5. Nicaragua formally denied it was guilty of any aggression. In a cable to the U. N., Nicaraguan Foreign Minister Oscar Sevilla Sacasa said the charges were intended to conceal the Communist affiliations of the Arbenz government.

6. A Guatemalan broadcast said President Arbenz has assured U.S. Ambassador John Peurifoy in Guatemala City the safety of U. S. citizens living in that country would be assured. There had been reports earlier that the embassy was planning to airlift out the nearly 1,200 Americans there.

The progress of the rival armies was clouded by a welter of conflicting reports, many of them obvious propaganda claim. One rebel broadcast claimed the insurgent forces led by Col. Carlos Castillo Armas were moving on Guatemala City from three sides. A government broadcast said the rebels had been repulsed and were fleeing toward Honduras.

Nolan Wildcat Records Show From Samples

Sun Oil Co. No. 1-A Stone, west Nolan County wildcat 12 miles southwest of Sweetwater, logged good shows in samples from 6,582-886 feet in Pennsylvanian lime.

Operator is going ahead from 6,886 feet to the projected depth of 7,700. The project was to test the Cambrian. This section is possibly Strawn.

Location is 810 feet from north and 660 feet from east lines of section 27-X-T&P.

A 6,500-foot wildcat is projected in northeast Nolan County, nine miles southeast of Sweetwater. It will be the T. C. Huttle and Imperial Production Co. of San Antonio No. 1 G. W. Boyd.

Location is 467 feet from north and east lines of section 85-21-T&P. It is four miles southwest of the Dora North Cambrian field and one and three-fourths miles northwest of a 6,892-foot Cambrian failure.

BORDEN COMPLETION

J. E. (Sam) Jones Drilling Co. of Midland (formerly Blanco Oil Co. and Newman Brothers Drilling Co.) No. 3 W. L. Miller has been completed as a one-mile extension to the Jo-Mill Spraberry.

The second well to be completed in the field, it is located 600 feet from north and 3,715.6 from east lines of section 12-33-tln-T&P. It is 14 miles southwest of Gail.

TEST REPORTS

The Sun No. 1 Beaver in Nolan County ran a drillstem test from 6,567-617 feet with tool open two hours. There was a good blow

See OIL, Page 2

Rodeo Parade Entries Asked

Entries are being sought for floats in the parade which will mark the opening of the annual Scurry County Rodeo here July 14.

Carl Herod, head of a committee of the Optimist Club, which is heading parade arrangements, urged those who will enter floats to make their entries early at the Chamber of Commerce office.

Prizes of $100, $65 and $35 will be awarded the best three floats in the parade by the Scurry County Rodeo Association and the chamber.

Herod said merchants here will be welcome to put any kind of display they desire into the parade. There will be no prizes for that type float, however.

Bid Is Rejected For South American Line

WASHINGTON (AP)—A 5 million dollar bid from Pan American-Grace Airways (Panagra) for Braniff Airways' South American routes has been rejected by Braniff.

Combination of Braniff and Panagra routes in Latin America has been recommended by the Civil Aeronautics Board.

French Start Secret Talks On Indochina

GENEVA (AP)—The French have started secret talks with Vietminh Foreign Minister Pham Van Dong. An informed source said today chances of settling the Indochina war now seem "reasonably good."

The direct talks between the two warring elements were arranged at Geneva by a third party, this source said. He made the hopeful estimate on the basis, also, of yesterday's parley between French Premier Pierre Mendes-France and Red China's Premier Chou En-lai in Bern.

Chou took off this morning for New Delhi and a meeting with Indian Prime Minister Nehru. He intimated he would return to Geneva to complete the Indochinese peace talks. Chou and Mendes-France expressed belief jointly yesterday that their meeting will permit the Geneva conference "to make progress."

Jean Chauvel, French ambassador to Bern and now head of his country's delegation to the Geneva parley, met with Dong on instructions from Mendes-France.

The rebel politician's reaction to what Chauvel had to tell him, it was reported, was less encouraging than Chou's attitude at the meeting with Mendes-France. The information here was:

Chauvel told Dong that, while France is anxious to end the war, there are limits beyond which she cannot go in arranging a settlement with the Communists. Dong gave the French the impression they might have to make considerable concessions before the fighting would be ended. Britain and the United States were furnished accounts of the talks.

Land Office Work Shifts To Santa Fe

WASHINGTON (AP) — Effective July 30, land office functions in Texas will be handled in the land office at Santa Fe, N.M., Secretary of the Interior McKay has announced.

Transfer of the functions to Santa Fe from Washington will make land office business more convenient for the public and more economical, Bureau Director Edward Woozley said.

Foreign Aid Program Faces Rough Course

WASHINGTON (AP)—Some Republican congressmen today foresaw heavy sailing ahead for President Eisenhower's 3½ billion dollar foreign aid program despite its approval virtually intact by the House Foreign Affairs Committee.

The committee scissored only seven million dollars from administration requests in approving yesterday a $3,470,608,000 ceiling for global assistance during the year beginning July 1.

Rep. Vorys (R-Ohio), a ranking member, termed the committee action a "vote of confidence in the President." He added this is the first time in his 16 years' congressional service that a committee has avoided heavy slashes in foreign aid.

The measure now goes to the House floor, probably Monday, and Vorys predicted that several members, including some committeemen, would try to cut it. The Senate has not yet acted.

Appropriations will be voted later to carry out the authorized program. Rep. Ford (R-Mich), a member of the Appropriations Committee, predicted that group would make "some cuts" when it starts considering the actual money bill in July.

The President, in a special message to Congress yesterday, called the program "essential" and said that, in the face of world tension, any cuts in it "would be unjustified and unsafe."

A few hours later the House Foreign Policy Committee announced that it had approved untouched these major items:

1. Global military assistance totaling $1,778,300,000.

2. Military - supporting aid to Southeast Asia and the Western Pacific, 945 million dollars. This includes authority to use anywhere in Southeast Asia 800 million earmarked for Indochina.

3. Global defense support, backing up the military buildup, $223,280,000.

4. Development assistance and point four aid to underdeveloped areas, 224 million, including 85 million for India.

5. Korean rehabilitation, $241,300,000, including the American share of United Nations programs.

The rest of the authorized funds would be spent on various types of international relief programs.

The committee sliced 7½ million dollars from defense support funds for Europe, but added $500,000 to the U.N. emergency relief total. Last year the group cut Eisenhower's first aid budget by 750 million dollars before sending it to the House.

Says Nation Is Swindled

WASHINGTON (AP)—The chairman of the House Armed Services Committee, Rep. Short (R-Mo), said today that American taxpayers have been swindled out of millions of dollars by servicemen fraudently claiming benefits for parents.

Disclosing what he said were early findings in a broad Army investigation, Short told offenders "to take cover because the full force of justice is coming their way."

The benefits under scrutiny, known as secondary allotments, are paid to parents of armed services enlisted personnel upon affidavit by servicemen and parent than one-half of the parent's support. Part of the money comes from the serviceman's pay check and part from the federal treasury. The government's share ranges from $21.30 to $96.90 a month.

Short's statement went into the Congressional Record in what he called a report on "Project Big," an investigation first instituted 18 months ago in Puerto Rico. As a result of what was found in the Puerto Rican cases, he said, the inquiry was broadened to cover claims in the entire United States.

Russians May Face Dilemma

ANN ARBOR, Mich. (AP)—Rep. W. Sterling Cole (R-NY) said today tactical atomic weapons may confront Russia "with an operational dilemma" that could bar any drive across Europe.

Cole, chairman of the Senate-House Atomic Energy Committee, also called for an immediate "peacetime atomic crusade" by the United States and her allies—without Russia if she continued to balk—to develop civilian uses of atomic energy.

His remarks were in a speech prepared for an international conference on nuclear engineering sponsored by the American Institute of Chemical Engineers. Cole was unable to be present and he arranged for the speech to be read by Kenneth Matthews, a member of the Atomic Energy Committee staff.

LUNCH TIME FOR SCAMPER

Visiting the Museum of Science and Industry in Chicago, three-year-old Donna Hois tries her hand at feeding "Scamper," a week-old Columbian lamb which is among animals in a special "Food for Life" nutrition exhibit. The exhibit tells the story of nutrition in plants, animals and human beings.

Committee Rejects Flexible Supports

WASHINGTON (AP)—The Senate Agriculture Committee today rejected the administration's flexible farm price support program by voting 8-7 to extend rigid supports for another year.

The action came after the group turned down 9-6 a proposed two-year extension of the mandatory supports on the basic crops: wheat, cotton, corn, rice, tobacco and peanuts.

Chairman Aiken (R-Vt) predicted after the closed door session that the Senate would reverse the narrow committee decision in favor of the administration's flexible price support plan.

Sen. Young (R-ND) offered the motion for a one-year extension of the high-level supports due to expire with this year's crops.

Three Republicans and five Democrats supported it. They were Sens. Young, Thye (R-Minn), Mundt (R-SD), Ellender (D-La), Humphrey (D-Minn), Johnston (D-SC), Eastland (D-Miss) and Clements (D-Ky).

Opposing the extension were Sens. Aiken, Hickenlooper (Rla), Williams (R-Del), Schoeppel (R-Kan), Welker (R-Idaho), Holland (D-Fla) and Anderson (D-NM).

Schoeppel said he first voted for the one-year extension with an understanding that other major provisions of a general farm bill, previously approved by the committee, would be sent on to the Senate.

"When this was not agreed to I voted against the extension," he said.

Humphrey offered the proposed two-year extension but Young and Thye voted against that along with others who opposed the one-year motion later.

"I think a two-year extension would face a certain presidential veto," Young told reporters.

He said he believes a one-year extension "has a 50-50 chance for Senate approval and about the same for escaping a veto."

Flood Dikes Hold Fast At Des Moines

DES MOINES (AP)—The raging Des Moines River roared through this city today at a historic crest of just over 30 feet—18 feet higher than its normal flow. But flood defense officials said "we think we've got it whipped."

A three-day battle, first to raise the levees and then to hold them against the pounding waters, was in its climactic hours. All major dikes were holding. No lives had been lost.

The crest was 3½ feet higher than the official peak reached in the disastrous 1947 Des Moines flood when a major levee gave way and flooded a residential area.

Levee workers continued to be hampered by sight-seers almost as much as by the rushing waters. Last night National Guardsmen with bayonets shooed back zealous visitors who swarmed into a critical levee area.

But guard officials stressed there was no clash with the sight-seers.

Downstream from Des Moines, the city of Ottumwa prepared for a crest of 16½ to 17 feet due there over the weekend. Ottumwa was ravaged by a 20.2 crest in 1947 but this year lack of rain in the valley below Des Moines has created an easier situation. Officials said they were ready for water up to 18 feet.

Upstream from Des Moines the river had fallen about three feet from its crest near Boone and U.S. 30 there was reopened to one-way traffic. U.S. 6 at Des Moines still required rerouting due to a flooded bridge.

Using Helicopters

NORTH FORT HOOD, Tex. (AP)—The 36th (Texas) Infantry Division military police have started using helicopters to nab speeders here. The move is part of a general safety program run by the 36th, here for two weeks for annual field training.

No Value Seen In Treaty With Reds

WASHINGTON (AP)—The United States today coldshouldered the Churchill government's proposal, on the eve of Churchill-Eisenhower talks here, for a Locarno-type system of security guarantees for re-threatened Southeast Asia.

Under such a system the United States and Communist China presumably would be among the powers guaranteeing some kind of Southeast Asian settlement. War-torn Indochina, according to the view of officials here, probably would be "neutralized."

In response to a request for comment on the proposal and other aspects of a foreign policy speech to Parliament yesterday by Foreign Secretary Eden, a State Department spokesman said:

"We were not informed of the content of Mr. Eden's speech in advance of its delivery. We have not received a text of his remarks and therefore have no comment."

The emphasis on not being informed and the failure to make any softening comment gave a strong indication of official United States reaction, which authorities would amplify only in private comment.

In fact, the idea of nonaggression, security treaties of the type worked out at Locarno between the two world wars is regarded by American officials as having no value whatever as applied to Southeast Asia.

Secretary of State Dulles and President Eisenhower have repeatedly made clear that they do not think Communist governments can ever be counted on to maintain such guarantees and that there is danger of a false sense of security on the part of the West.

In addition, aides of Dulles were reported angry that Eden had given no preliminary hint of his proposal and that he had in their view interposed a new condition in the way of British agreement to what Dulles has been working for—an anti-Communist security pact in which Britain, the United States, France and Asian and Pacific nations would join to secure as much as possible of Indochina against Red conquest.

Today's Washington reaction added one more evidence that the talks which open at the White House tomorrow among President Eisenhower, Prime Minister Churchill, Eden and Dulles will be held against a background of personal indignation, even elements of hostility, as well as differences over fundamental policy questions.

For the moment, at least, hope of any substantial agreement on major issues has receded. The enthusiastic belief of American officials a few days ago that Churchill and Eden would be prepared to join in the Southeast Asia defense pact in the near future has given way to resentment at Eden's new position.

Diplomats are beginning to wonder whether the talks here through the weekend will produce any real reconciliation of basic differences.

The ostensible purpose is to seek a closing of the gap in British-American relations. The result may be agreement on impending diplomatic moves coupled with an understanding of basic disagreements.

Here are some of the steadily developing differences:

1. Indochina — Eden told Commons yesterday he hoped it would be possible to agree to the Southeast as a defense system against aggression encompassing a general non-aggression pact in which Communist and free nations would join, unless a straight-out free nation defensive alliance. Eden put Britain on the side of moving slowly toward an Asian alliance as a long-range means of protection.

U.S. officials have hoped that Churchill and Eden would agree to move quickly toward formation of a Southeast Asian pact. Furthermore, there appeared to be little enthusiasm for making non-aggression treaties with the Communists on the ground that such treaties generally have no meaning.

2. European Defense Community—The United States has been talking about a revision of its policies. Based for years on creation of an international army including French and German forces. Because of French inaction, American officials have thought the talks this weekend should consider alternative ways of arming West Germany outside the proposed EDC.

Word is now circulating, however, that the British—never too keen about EDC—have more interest in alternatives than the United States is ready for. American officials fear that any pressing for alternatives might endanger whatever chance still exists of getting EDC ratified by France.

Dulles did assure West Germany yesterday that some consideration must be given soon to restoring her sovereignty, provided for in a peace contract which cannot become effective unless France and Italy ratify EDC.

German Ambassador Heinz L. Krekeler called on Dulles, and the State Department later announced that the secretary, while saying there is "a good prospect" for EDC approval, told Krekeler that if it does not come about, "there should be prompt consideration" of restoration of West Germany's sovereignty.

3. Colonialism — Reports have circulated for several days that Dulles intends to make clear to the British that the United States would not hereafter feel bound to follow their lead in colonial areas of the world. Dulles is said to feel this government must appear to the world as a champion of freedom and independence.

Negro Doctors Use Hospital

DALLAS (AP)—Facilities in the St. Paul Hospital in Dallas today were open to Negro physicians.

The hospital's medical staff recently approved the decision to extend hospital privileges to Negro doctors.

Yesterday the details for the set-up were worked out by Sister Mary Helen, St. Paul administrator; Dr. John L. Goforth, medical staff chief, and the five Negro doctors chosen as the initial group to admit Negro patients to St. Paul.

The doctors will have full access to all hospital facilities except obstetrics. Sister Mary Helen said obstetrical service cannot be extended to the Negroes because the division is so crowded.

The Negro doctors may attend staff and scientific meetings.

Dr. Goforth said, "We have felt for a long time that the colored physicians of our area should have the privileges available here."

St. Paul was the first hospital in Dallas to open its facilities to Negro doctors.

Mercury Hits 101

People who thought it was hot in Snyder yesterday were right. The high was 101 degrees, according to Mrs. D. P. Strayhorn, weather observer. Low last night was 70 and the temperature at 7:30 o'clock this morning was 77 degrees.

Parr Hearing Goes On Friday

SAN DIEGO, Tex. (AP)—A hearing on George Parr's plea of double jeopardy in an assault to murder case is set for tomorrow. But there was still no prosecutor today to take the place of disqualified Dist. Atty. Raeburn Norris.

Judge Maxwell Welch, who has disqualified Norris and his assistant because they were too closely associated with Parr, refused a Parr request yesterday to postpone the hearing.

Atty. Luther Jones of Corpus Christi, Parr's counsel, asked for a two or three weeks "cooling off period." He reminded the court that Judge Manuel Raymond of Laredo, Parr's chief counsel, was sick.

Parr, long dominant in the 79th Judicial District's political wars, was indicted on a charge of assault to murder Cristobal Ybanez, a member of the Freedom Party, organized to oppose Parr candidates and policies.

Parr claimed the indictment placed him in double jeopardy because he already had paid a $150 fine for striking Ybanez with a rifle barrel last August.

WEATHER

NORTH CENTRAL and WEST TEXAS: Generally fair and hot through Friday.

EAST and SOUTH CENTRAL TEXAS: Clear to partly cloudy and warm through Friday with widely scattered thundershowers mostly near the coast. Moderate southeast and south winds on the coast.

Labor Unions Score Attacks By Shivers

By The Associated Press

Organized labor had joined the campaign Thursday to defeat Gov. Allan Shivers' bid for a third elective term and called the governor "biased and obnoxious."

At the same time, Ralph Yarborough, regarded by most political observers as Shivers' most formidable opponent, accused him of conducting a hate war against labor.

Shivers was in Big Spring Thursday on a West Texas swing that already had taken him to Midland, Odessa and San Angelo. As he promised a fortnight ago, he apparently was "running scared," making a hard campaign.

Yarborough, in a drive through East Central Texas told Longview radio listeners Wednesday that Shivers may not be afraid of words "like CIO-PAC or ADA" but that the governor was scared of a six-letter word spelling "voters."

Yarborough carried his campaign Thursday to Palestine, Fairfield, Mexia, Groesbeck, Marlin and Temple.

In Corpus Christi, where Shivers has been the daily target of speakers at a four-day State Federation of Labor (AFL) convention, a resolution passed calling the governor "biased and obnoxious" and urging his defeat.

Shivers took another tack, however, at Midland where he spoke before a joint meeting of service clubs. He said Texas must continue what he called the "remarkable progress" made during recent years in public schools, the highway system, state hospitals and other services of the state government.

"Such improvements must be continued," he said, "and certainly will be continued as long as I am governor." He added that the average salary of public school teachers had been raised more than $1,100 per year during his administration.

During the same period, he said, records have been set in adding farm-to-market roads and state highways.

The governor said proposals had been made to complete the job of making Texas' state hospitals the best in the country. "That is my goal," he added, "and I feel confident we can achieve it."

J. J. Holmes, another candidate for governor, told Longview radio listeners he would not wait four or five years to remedy the situation. Holmes, who has described himself as a "dark horse with a bright horizon", called conditions "shameful" at the state tuberculosis sanitarium at Tyler.

Caution Urged As Polio Cases Show Heavy Increase In State

AUSTIN (AP)—Texas suffered its heaviest increase in polio cases of the year last week as 90 new cases were reported to the State Health Department.

State Health Officer Henry A. Holle said this is the season of the year when an increase in polio can be expected. He urged the public to cooperate in helping prevent the spread of this crippling disease.

The health department also reported that three of the second-grade school children who participated in the experimental polio program have suffered mild, non-paralytic polio. All three cases occurred before the third in a series of three shots was given. Two of the cases were in Tarrant County, the other in Nueces.

The 90 new cases—19 of them in Harris County (Houston)—ran the year's total to 641, nearly 200 ahead of the year-ago figure of 448.

Polio deaths, for which figures were available only through April, were also ahead of last year's total for the comparable period. There were 19 deaths from polio in the first four months of 1954; 14 in the same time last year.

Past experience in Texas indicates approximately one-fourth of the year's polio cases occur by the end of June. State health officials said that if this year's case load follows the typical line, Texas polio cases will approach the 3,000 mark for 1954.

The all-time Texas record was 3,984 cases in 1952. There was a sharp drop last year, when only 1,751 persons were struck by the disease.

"Children should not visit homes where poliomyelitis or symptoms of this disease are present," Holle cautioned in a prepared press statement.

"Promptness in diagnosing poliomyelitis is one of the most important factors in its control.

"Direct contact between persons is the chief factor in the spread of infantile paralysis, and since carriers are difficult to determine, it is advisable to reduce to a minimum all human contacts during any outbreaks of this disease."

Holle also recommended strict sanitation because it is suspected that flies and other seasonal insects may convey the virus or germ of polio.

Early symptons of infantile paralysis are headache, fever, vomiting, unusual drowsiness, and irritability, followed by stiffness in the neck and back.

Children under 5 are most susceptible, and all children under 12 should be watched for suspicious symptoms, said Holle. He urged that a doctor be called immediately if polio is suspected.

The 90 cases for the week ending June 19 exceeded the previous week's total by 10. There were 65 cases the corresponding week last year.

Eleven of the 19 polio deaths through April involved children 9 or younger. Ten of the 11 were boys.

In addition to the 19 new cases in Harris County last week, Dallas County reported 10; Nueces (Corpus Christi), 9; Tarrant (Fort Worth), 6; Brazoria, Comal, Ellis, Fort Bend, Orange, Travis and Wichita, 3 each; Bexar, Collin, Garza, Kleberg, Lubbock, and McLennan, 2 each; and Brown, Cameron, Coleman, Duval, Galveston, Gillespie, Karnes, Lavaca, Matagorda, Maverick, Menard, Potter and Wood, 1 each.

MANY INFLUENCES INVOLVED

Unwed Mothers Increase Among Upper Class Girls

By ALTON L. BLAKESLEE
Associated Press Science Writer

SAN FRANCISCO (AP)—The number of unwed mothers is increasing—especially among teen-agers or upper class girls—and a "sex hysteria" in American society is partly to blame, a physician said yesterday.

Many influences are at work producing "an emotional shambles which fosters many of the deviations and denatured biological trends which are common among our young folks," Dr. Goodrich C. Schauffler of Portland, Ore., told the American Medical Assn.

He urged physicians to go beyond the ordinary call" of duty to help these girls.

He said he had seen "too many impressively happy endings" to think these matters cannot be "decently handled—many of them by the physician."

Having their babies may "turn out to be a maturing experience—often a distinct psychological advantage as compared to an abortion."

Dr. Schauffler said there were 88,000 illegitimate live births in 1938, and 142,000 in 1950. Nearly half these mothers in 1950 were under 20, and 32,000 were girls under 17.

"A much higher percentage of unmarried mothers nowadays comes from comparatively privileged groups — high school students, college students, young women with good jobs, as compared with the 'poor working girl' or 'penniless domestic' of the beginning of the century."

Modern customs which "precipitate precocious sex activity of young people" are one cause, Dr. Schauffler said.

Young people are more aware of sex. "stimulated and maintained by the sex hysteria which is a calculated instrument of modern journalism and so-called entertainment trends."

"Beyond this, there are loose practices, bad examples and lack of supervision in parental and home influences; liquor, narcotics, automobiles, auto courts, and finally, gang influences which combine the above elements and tend, in certain groups, almost to enforce premarital sex practices."

Pleads Guilty Before Court

Jack Weldon Horton, 26, of 711 Thirty-second Street, pleaded guilty yesterday afternoon to a county court charge of embezzlement of money from Homer Goode.

Judge Edgar Taylor accepted the plea but withheld sentence pending possible repayment of the money. The amount of the money was not definitely known but was thought to be about $50, although $36 was known to have been involved.

Horton was arrested at San Angelo yesterday and returned here by Bill Love, deputy sheriff.

In July, 1951, Horton was convicted here of swindling by worthless check and was sentenced to 15 days in jail. He told the court yesterday that he was presently wanted by the FBI concerning registration for military service.

He is married and has a family.

More Gains Made By Stock Market Today

NEW YORK (AP)—The stock market was slightly higher today at the opening, piling its gains on top of the record high level reached yesterday.

The advance carried several key stocks up around a point while losses were fractional.

Good gains were shown by radio-televisions, electrical equipments, railroads, oils, motion pictures, utilities, and aircrafts.

In the mixed class were motors, rubbers, coppers, and chemicals. Otherwise the market was steady.

Some dinosaurs were no larger than a chicken.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD HOSPITAL

Admissions — Mrs. Gid Chambers, Snyder; Truman Franks, 601 Twenty - ninth Street; Jimmy Brooks, 3200 Avenue A.

Dismissals — John Hamlin, Snyder; Mrs. C. L. Banks, 1001 Twenty-sixth Street.

COGDELL HOSPITAL

Admissions — Judy Gilbreth, Snyder, medical; Mrs. A. G. Morehead, 3101 Avenue K, medical; Mrs. Maurine McCurdy, 3104½ Avenue W, surgical; Mrs. W. E. Patrick, 2903 Avenue T, medical.

Dismissals — Mrs. Troy Greenlee, Snyder, obstetric; Mrs. Bobby Williams 804 Twenty-third Street, obstetric; Mrs. Paul Lewis, Route 3, obstetric.

WELDON BIRDWELL

Snyder Man Produces A Negro Rodeo

Some men can promote almost anything and make it a success, and it seems that Weldon Birdwell, former Snyder man and now of Miles City, Mont., is one of them.

Birdwell, a partner with Hugh Boren, Jr., of Snyder in the Birdwell & Boren Oil Brokerage Co. in Montana, had never before promoted a rodeo. Last week he decided he would promote one.

Few all-Negro rodeos are held in the country, and Birdwell decided he would make up one of those few. He decided to hold one on "Juneteenth" in the Fort Worth-Dallas area so he went to Denton and began to set up. Boren, a little more conservative than Birdwell, was not worried but was concerned about the latest doings of Birdwell. On the night the rodeo opened, last Saturday, Boren was in Denton to help his partner in the new enterprise. Much to Boren's surprise, there were 3,000 attendants at the show.

In promoting the rodeo, Birdwell was aided by "Gold Dollar" Rose, a Montana Negro man who dabbles in many types of businesses. Boren said that Rose's name indicates that he, like Birdwell, can be successful in many operations. For the world champion show, Birdwell and Rose had invited numbers of nationally-known Negro rodeo hands, and most of them accepted the invitation.

The nearest Birdwell had ever been to the rodeo business before that time, Boren said, was riding in amateur rodeos in this area.

Birdwell, about 35, is the son of Mrs. Henry Birdwell of Snyder. He has been in Montana in the oil and cattle business for about three years.

All Candidates In District File Lists Ahead Of Deadline

Each of the four district and state officials to be voted on in this county in the Democratic primary election has filed his two required sworn statements of campaign expenditures, and each statement was filed on time, according to the secretary of state.

The first statements were due May 24, the second June 14.

Whereas candidates for county offices file statements with their county clerks, candidates for district and state offices file with the secretary of state.

The candidates filing with the state office were Renal B. Rosson, district attorney; Robert R. Patterson, for state representative, and C. F. Sentell, incumbent representative; and Harley Sadler, state senator.

The amounts of expenditures are furnished as public record but only by photostatic copy at the expense of those seeking the information.

Fine Is Paid Off In County Court

A fine of $33.50, including the usual $23.50 court cost, was paid in county court yesterday afternoon for Otis Mitchell of Clarksville, formerly of Snyder, when an attorney entered a plea of guilty for him to a charge of fraudulent conversion.

The plea was entered for Mitchell by Robert R. Patterson, Snyder attorney. Mitchell was charged Feb. 1 with converting $48 from the West Texas Coon Hunters Association to his personal use.

Mitchell was secretary-treasurer of the association when he lived [illegible] Wayland Holt, county attorney, said Mitchell also paid the association back its money.

Scientists believe men would die after taking a few breaths of the atmosphere on Mars.

30-Day Term Is Levied In Assault Cases

William Taylor (Bull) McMorris, 31, who lives near the Santa Fe railroad about two blocks northwest of the intersection of Avenue E and Twenty-fourth Street, was sentenced to 30 days in jail yesterday for assaulting his children.

Edgar Taylor, county judge, sentenced McMorris to 30 days in each of three similar charges to which he pleaded guilty yesterday afternoon, and the court specified all sentences to be fulfilled concurrently. In addition, McMorris was also assessed court costs totaling $70.50, which is $23.50 in each case.

McMorris was charged with aggravated assault upon his three daughters: Anita Kay, who will be four years old in August; Debra Fay, two and a half years old; and Caroline Yvonne, five months old. Although he pleaded guilty to each charge, he told the court he did not assault the baby but dropped her on the floor accidentally, causing her cheek to be bruised.

McMorris said he did not realize he whipped the two older girls as hard as he did. He said he was only spanking them and that he probably failed to realize he was spanking them too severely because he had suddenly been frightened.

The father said he whipped the two girls for ducking each other in a wash tub of water and that the incident frightened him.

The complaints against McMorris were filed by Wayland G. Holt on the affidavits of the defendant's wife, who reported the assaults and demanded his arrest Tuesday afternoon.

Holt and Homer Whisnand, sheriff, said the children bore evidence of severe beatings. Holt recommended the 30-day sentence after McMorris entered his pleas. The range of punishment provided by law is from one month to two years in jail or a fine of $25 to $1,000 or both such fine and imprisonment.

OIL

Continued from Page 1

throughout. Recovery was 100 feet of rathole mud and 1,170 feet of salt water. The project is now drilling at 6,755 feet in lime.

In Dawson County, the Magnolia No. 1 Foster recovered 10 feet of slightly gas cut mud on a drillstem test from 11,110-186 feet. There were no shows. Tool was open one hour. Flow pressure was 60 and 15-minute shutin pressure was 360.

Oceanic No. 1 McAdam in Borden County has been plugged and abandoned after a drillstem test at 7,898-935 feet. In three hours, with a five-eighths by one-inch choke, there was a weak to good air blow. Recovery was 250 feet of gas cut mud and 1,910 feet of salt water. Perforations were from 0-1,025 feet. Fifteen-minute shutin pressure was 3,215.

Goldston No. 1 Martin Atlas in Howard County flowed 12 barrels of oil an hour through a 10-64th inch choke. Flow was through perforations at 9,822-832 feet, fractured with 1,000 gallons of acid.

DRILLING PROGRESS

In Scurry County, the Superior No. 8-536 Lanham is shut down for repairs at a total depth of 8,227 feet. Woodson No.3 Marly is drilling 4,788 feet in dolomite. Woodson No. 1-B Lanham is drilling 6,806 feet in shale. Lario No. 4 Arnett is at 5,438 feet in lime and shale. Sunray No. 1 Criswell is waiting on rotary.

The following reports are from Howard County: Harper and Huffman No. 1 Oldham, 2,730 feet in anhydrite and gypsum; Skelly No. 1 Shaffer, 6,992 feet in lime; Hunt No. 1 Nixon, 523 feet in sand; Southern Minerals No. 1 Homan, trying to regain circulation at a total depth of 9,688 feet in sand and shale; Lone Star No. 2 Walters, 2,753 feet in anhydrite, gypsum and sand; Lone Star No. 3 Walters, 1,140 feet in shale and shells; Texas and Pacific No. 2 Haney, 9,534 feet in lime; TP No. 1 Underwood, 9,351 feet in lime; TP No. 1 Huden, waiting on casing; TP 1-B Pheppe, draining off water after swabbing 165 barrels of fluid.

The following depths have been reported from Borden County projects: Kimbell No. 1 Beall, 4,533 feet in lime and shale; Hanley No. 1-B Beal, 3,100 feet in lime; Republic Natural No. 1 McDowell, 6,137 feet in lime; Phillips No. 1 Quartz, 5,401 feet in lime and shale; Pan American No. 1 Good, 8,535 feet in shale; Transtex and others No. 1 McKee, 8,284 feet.

Lion No. 1 Rogers in Nolan County is drilling 4,602 feet in lime. Choya No. 1 Wimberley is at 4,530 feet in lime and shale.

Mizell No. 1 Willingham in Fisher County is at 5,405 feet in lime. Sojourner No. 1 Deere is drilling 4,939 feet in shale. Mid-continent No. 1 Gilbert is drilling 5,860 feet in lime and sand.

Honolulu No. 1 Newman in Kent County is swabbing, with no gauges reported. Continental No. 1-A Swenson in Garza County is drilling 4,212 feet in sandy lime.

Burglars Come On Two Nights In Row

A break-in at the Snyder Steam Laundry and Dry Cleaners, Twenty-sixth Street and Avenue N, was the second burglary of the firm in the past two nights, police said.

Apparently the same vandals, believed by police to be juveniles, made both break-ins at the firm.

About $2 in pennies was stolen from the firm in last night's burigary. In the burglary of the previous night about the same amount of money was taken, and some S&H Green Stamps were taken in the Tuesday night break in.

No suspects have been arrested.

Two Fines Assessed On Fighting Counts

Two Snyder Latin - American women pleaded guilty this morning to justice court charges of fighting and were fined $14 each, including court costs.

They were arrested on the complaint of one of them who said she was the victim of the assault of the other but fought back.

They were said to have been fighting across a fence because of an argument that concerned allegations that one of them was honking the horn of a car nearby.

Pvt. Knight Serves At Ft. Campbell

Pvt. Ray G. Knight, son of Mr. and Mrs. T. B. Knight, route No. 3, has been assigned to the 11th Airborne Division at Fort Campbell, Ky.

Knight, who attended Snyder High School before entering the Army, finished 16 weeks of basic training at Fort Leonard Wood, Mo., before volunteering for the paratroopers.

Talks To Resume On Bus Drivers' Strike

DALLAS (AP)—Informal talks on the 23-day-old strike of Continental Dixie bus drivers were to resume today.

Talks aimed at settling the strike were held yesterday, but neither side would divulge details of the negotiations between the company and the Brotherhood of Railroad Trainmen.

Police, Firemen Ask Wage Hike In Houston

HOUSTON (AP)—Firemen and policemen here today were standing pat on a demand for a $45 per month pay increase.

A base minimum of $350 per month is the lowest salary which can be justified under present economic conditions, Detective B. M. Squyres, spokesman for both groups, told city council.

Yesterday Mayor Roy Hofheinz offered $25 a month pay hike, but it was turned down.

IN COUNTY COURT

Jury Reaches A Verdict In Only Eight Minutes

A six-man county court jury took only eight minutes from the time it left the jury box yesterday afternoon until it returned to the courtroom with a verdict of guilty in the case of an Odessa man charged with drunken driving.

Alfred Joe Henson, about 50, was fined by the jury $50 plus court cost of $28.50, and the jury recommended probation of a mandatory three-day jail sentence for six months. The conviction also carries with it the automatic suspension of drivers license for six months.

Pat Beene, attorney for the defendant, said after the trial he would appeal the court's decision.

During Beene's argument to the jury, he made reference to Henson's arrest and the charge against him in view of "overzealous officers."

In answering Beene's argument, Wayland G. Holt, county attorney, told the jury that if there was any officer he did not believe was overzealous it was Bill Zimmerman, highway patrolman who arrested Henson.

To this, Beene objected and made an oral motion to the court that a mistrial be declared on grounds that Holt had mentioned something not offered in evidence in the case.

Before the selection of a jury, both the state and defense stipulated the defense's entering of objections to the use of the jury panel on grounds that the commission which selected it was not appointed by the court in January or July as provided by law.

The stipulation amounted to testimony used in another case the day before concerning the jury commission. The state's contention was that the law provided also that a commission might be appointed at other times if necessary because of expenditure of panels chosen or the inability of commission members to continue to serve.

Zimmerman was the only witness called by the state until after the defense used F. J. (Jones) Chapman, former county commissioner as a witness. Then the state later called two other witnesses for the purpose of impeaching the testimony of Chapman.

Chapman testified that he was a prisoner in the county jail the night Henson was arrested and that Henson was sober and was denied the use of a telephone.

Zimmerman had testified that he denied the defendant the use of a phone but that he (Zimmerman) telephoned the defendant's son-in-law for the defendant at his request.

The state called J. D. Frith, who was a deputy sheriff at the time of Henson's arrest, and E. E. Norris, deputy sheriff. Both testified they arrested Chapman shortly before Henson was arrested and that Chapman was intoxicated that night and could not determine Henson's condition.

Beene objected to the testimony of the deputies on ground that such was a direct attack on the witness and did not concern the man being tried. The objection was overruled.

Other witnesses were the defendant, his wife, his step-son, and the latter's wife, Mr. and Mrs. George Wild of Snyder. All testified that Henson had drunk only two cans of beer before leaving the Wild residence alone for Odessa about midnight. Zimmerman testified Henson was arrested about 1:30 o'clock the morning of Nov. 1 on Avenue S between Thirty-first Street and Thirty-seventh Street.

Jurors were C. E. Ray, E. L. Kubala, Bill Boyd, E. J. Hardin, Marvin Key, and Roswell Rigsby.

The jury panel was dismissed, and another panel is not anticipated until a new commission is appointed in the first week of next month.

WORK TO STEM FLOOD

Men and bulldozers worked through the night in Des Moines, Iowa, to build a sandbag levee along the east bank of the Des Moines River in the heart of Iowa's capital city. Some 200 volunteers, including some women and children, filled; tied, loaded and piled the bags as the river rose to 26.7 feet—two tenths of a foot past the high set in 1947's disastrous flood in Des Moines. The weather bureau said the river would rise another two feet or more.

Scientists Believe Sea Covers Venus

ANN ARBOR, Mich. (AP)—If and when any space navigators ever reach the planet Venus, they'd better be equipped with rowboats — because two Harvard astronomers today offered a new theory that "an ocean of water completely covers the planet."

And, presumably, the spaceship itself would have to be equipped with parking pontoons—or at least an outboard motor.

But take heart, you would-be spacemen. The astornomers said it may be an ocean of "carbonated" water — not too bad for a sociable Scotch and soda as you pull on the oars.

"Because of the large amount of carbon dioxide in the Venusian atmosphere, the ocean would probably consist of seltzer water, although I daresay it would be rather flat," Dr. Donald Menzel smilingly told a reporter.

He and Dr. Fred Whipple presented a joint report on the subject to the annual meeting of the American Astronomical Society, convened at the University of Michigan.

Their concept differs sharply from a common one that Venus is an arid desert with little or no water, and where the temperature may be more than hot enough to boil water anyway.

The scientists offered a series of arguments against a common concept that the thick bank of clouds that entirely envelopes the planet consists of dust — not of water as do the earth's clouds. Bulwark of the older concept was that there is no evidence of water in the spectrum of Venus' light as studied on Earth.

But Menzel and Whipple said another astronomer has recently found that the atmosphere above the Venusian clouds is too cold to hold any appreciable water vapor and this fact, they added, may explain the failure to find water in the Venus spectrum — without ruling out the possibility of there being water in the clouds themselves.

Saying that this satisfies them that the Venusian clouds are waterlogged, the astronomers declared it must follow that the planet itself has a lot of water.

Infantry Commander To Appear In Court

CAIRO, Egypt (AP)—Col. Ahmed Shawky, former officer commanding the Egyptian Infantry Corps, will appear before the Revolution Court Saturday on charges of conspiring to foment sedition in the Egyptian Army and to arouse discontent among the military against the present regime.

The prosecutor's office issued an indictment against Shawky yesterday 24 hours after a special military court had announced sentences up to 15 years against 16 army officers accused of attempting a coup d'etat.

The indictment said Shawky also had established contact with certain circles "endangering state security."

It would cost $100,000 to fire all the guns on the battleship Missouri for one minute.

McCarthy Is Upheld In Poll

CHICAGO (AP) — The Chicago Tribune's poll on the McCarthy-Army hearings ended last night with 70,036 persons casting ballots and 91.2 per cent voting in favor of the Wisconsin senator.

The poll, by mail and telephone, was held for six days and followed the 36 days of hearings in the McCarthy-Army controversy.

Those voting in the poll were asked to vote yes or no on two questions:

1. Do you believe Secretary Stevens and Army Counselor Adams and their advisers proved their charges that Sen. McCarthy and his staff exerted improper pressure to secure favored treatment for Pvt. G. David Schine, former committee aid?

2. Do you believe Sen. McCarthy and his staff proved their charges that Stevens, Adams, and their advisers sought to end the inquiry into communism in the Army by threats to circulate an unfounded report about undue favors sought for Schine.

The Tribune reported today that of the mail ballots, 51,824 voted for McCarthy; 4,816 for Pentagon (Army) and 602 were undecided. In voting by telephone, 12,026 were listed for McCarthy; 716 for the Pentagon and 53 were undecided. The total vote was 63,850 for McCarthy; 5,531 for the Pentagon and 655 undecided.

The Tribune said ballots were counted as "undecided" when the voter marked to show that he believed both sides had proved their charges or that neither side had proved its charges.

Although Easter is scheduled for the first full moon after the vernal equinox, the date is set not by observation of the real moon but by rules established before astronomers knew as much as they now do about the movements of the moon.

Delegates To Seek Union Liquidation

AMSTERDAM, Netherlands, (AP)—An Indonesian delegation headed by Foreign Minister Soenarjo arrived here last night to start discussing the liquidation of the five-year-old Dutch-Indonesian Union. The talks begin next Monday.

The Foreign Minister said Indonesia wants to replace the union by ordinary diplomatic relations.

Posing at the White House door in Washington before a briefing with President Eisenhower, Secretary of State John Foster Dulles and Under-secretary of State Walter Bedell Smith on the world situation are, from left, Senators Clements (D-Ky), George (D-Ga), Johnson (D-Tex), Russell (D-Ga), Ferguson (R-Mich) and Wiley (R-Wis).

Russian Chess Team Clinches A Victory

NEW YORK (AP)—Russia's vaunted chess team, as expected, has conquered the best players America could muster.

The Russians clinched their victory last night in the fourth and final round of a 32-game tournament that stretched over eight days.

The score stood at 18½ to 9½ for the visitors, playing here for the first time. Four more games will be completed today, but they can't change the result.

Samuel Reshevsky, America's only player of grand master rank, broke even against Vassily Smhslov, head man on the Russian squad. They drew all four of their games.

And 23-year-old Larry Evans, youngest U. S. player, came out ahead of Mark Taimonov. Evans won two of his games, lost one and drew one, to outscore Taimonov 2½ to 1½.

A win scores a point, a draw a half point. Each player played the same man four times.

Evans won last night with a strong attack on the King's side. "It was the best game I have played so far," he said happily. Prolonged applause greeted the announcement that Taimonov had resigned in defeat.

The No. 2 Russian, David Bronstein, swept all four of his games against Arnold Denker and alternate Arthur Dake. The Soviet's third-ranking man, Paul Keres, won three and seemed on his way to a fourth against Max Pavey when time ran out and it was adjourned to this afternoon.

In other results last night Russian Tigran Petrosyan defeated Arthur Bisguier and American Robert Byrne drew his game with Alexander Kotov.

Byrne's younger brother, Donald, 24, still was struggling against Yuri Auerbach, champion of Russia, when the five-hour session ended. Byrne won two of his previous games and lost one.

The matches, played at the Hotel Roosevelt, drew large crowds.

Hoover To Speak At Chicago Dinner Meet

CHICAGO (AP)—Former President Herbert Hoover will be principal speaker tonight at the annual Merchandise Mart hall of fame dinner.

Before the dinner, Hoover will observe ceremonies in which four bronze busts will be unveiled in the Merchandise Mart Plaza overlooking the Chicago River.

The four busts represent the four merchants who were elected to the mart's hall of fame last year. They were Marshall Field I, founder of Marshall Field & Co., Chicago; F. W. Woolworth and John Wanamaker, New York merchants; and George H. Hartford, first president of the Great Atlantic & Pacific food stores.

Dismal Ad Brings In Quick Results

HARTFORD, Conn. (AP) — John Holmes, 31, placed this classified ad in the Hartford Courant:

"Ramshackle farm, for direct sale from owner; realtors just laugh'n at fancy price, forty acres of pin oaks and black snakes. Old world charm includes sagging floors, tortuous stairway and draughty fireplaces. Located in Higganum (ugh). Conn. Dandy opportunity to toughen up wife and kiddies for future. If you think this ad is funny, wait until you see this farm. Telephone. If a hollow laugh answers, don't hang up — that will be the owner."

Holmes, a salesman who has been living on the 100-year-old farm for three years, said he had several calls last night from people who want to look the farm over.

Boy Outcooks Girls, Takes Contest Prize

GEORGETOWN, Del. (AP)—Competing against 42 girls, plus four members of his own sex, 15-year-old Charles Voorhees Jr., of West Trenton, N. J., scored an upset yesterday at the National Junior Cooking Contest at the Delmarva Chicken Festival and won top honors.

Young Voorhees accepted the bouquet of roses reserved for the cooking "queen."

It was the first time a boy has won first prize in the six years the contest has been held.

Texas Delegation's Resolution Passed

SAN FRANCISCO (AP)—Led by the Texas delegation at the convention, the American Medical Assn., urged voluntary health organizations to consult with it before starting any treatment involving new drugs or new methods.

The action was taken as a dig at the Salk polio vaccine project of the National Foundation for Infantile Paralysis.

The Texans offered a resolution critical of some phases of the project, saying the medical profession was "surprised and put into a difficult situation so far as public relations were concerned" because the AMA had not been consulted.

Money Is Released To Aid West Berlin

BONN, Germany (AP)—The United States has released 58 million marks ($13,804,000) to help relieve unemployment in isolated West Berlin.

Most of this will be used for public works projects, the Federal Economics Ministry said yesterday in announcing the grant.

Over 20,000 Berliners who are unable to find private employment are now working on such projects, financed jointly by American and German funds, the ministry said.

The money released yesterday came from counterpart funds which are put up by the Bonn government to match American dollar aid to West Germany.

Three-Day Rest Is Ordered For Marilyn

HOLLYWOOD (AP) — A three-day rest in bed has been ordered for Marilyn Monroe, who collapsed three times since the start of her current picture four weeks ago.

Dr. S. R. Kennamer sent her home yesterday after her latest collapse. He said she was run down as a result of a flu attack 10 days ago, but probably would be able to resume her work Saturday at Twentieth Century-Fox Studios.

Third Mishap In Row Puts Man in Hospital

PASADENA, Calif. (AP) — Three accidents in three days put Toil Dickerson in the hospital.

Monday his car and another collided but damage was minor.

Tuesday his car was struck again and had to be towed away.

Wednesday, riding a borrowed motorcycle, Dickerson, 20, figured in another collision with an automobile and suffered a fractured pelvis.

Foes Of Army Treaty Punished By Party

PARIS (AP)—The Directing Committee of the French Socialist Party early today decided to punish five leaders who voted against the proposed six-nation European Army.

The committee denied the five the right to represent the party in parliamentary committees until the next general elections in 1956.

Committee members of the French Assembly are designated by political parties and the five Socialists will probably be required to resign from the Foreign Affairs Committee where they recently voted against approval of the European Army Treaty. The balloting was a technical preliminary test.

Housewife Is Best At Chicken Cooking

GEORGETOWN, Del. (AP)—A 43-year-old housewife and mother of three today wore the crown of National Chicken Cooking Queen.

Mrs. Steven J. Barczewski, who lives on a 240-acre farm near Newark, Del., won the title, $500 and other prizes yesterday at the 7th annual Delmarva Chicken Festival.

Her recipe: Broiled chicken basted with white wine and crab apple jelly and served with tea biscuits. It won over 99 other entries.

Demos Keep String Going

By HERB ALTSCHULL

WASHINGTON (AP)—Congressional Democrats boasted the first no-hitter in Capitol Hill's "World Series" history today — but even so they were hard pressed to maintain their unbroken victory string over a fighting Republican nine.

The annual congressional baseball game went into its fifth and final inning last night with the GOP stalwarts out in front, 1-0, two out and nobody on base. Then came a Democratic deluge:

Rep. Harlan Hagen of California walked and stole second. Rep. Seiminski of New Jersey tied up the game with a double. Rep. Eugene McCarthy of Wisconsin fouled off one pitch, took a ball, then walloped the third offering into the left field recesses of Griffith Stadium for a triple.

Final score: 2-1, in favor of the Democrats who have yet to lose since the charity series started seven years ago.

Rep. Don (Fireball) Wheeler of Georgia was the hurling pride of the Democrats with a no-hit stint. The only run off him was unearned.

For the Republicans it was Rep. Glenn Davis of Wisconsin on the mound — and pitching steady 3-hit ball until the roof fell in on him in the fifth frame.

Getting It In Hand Is More Important

KANSAS CITY (AP) — Mrs. Ivy Baker Priest, U.S. treasurer, speaking last night on the role of women in the world, said:

"American women control 80 per cent of the wealth, directly or indirectly, and 86 percent of the purchases are made by women."

Mrs. Priest, whose signature appears on all paper money issued since January, 1953, then said that a senator once suggested that her signature be taken off the U.S. money and her picture put on.

"I told the senator," she said with a smile, "that we women don't care too much about not getting our pictures on money as long as we can get our hands on it."

WOMEN

Mrs. Ben Turner, sitting on the couch with her husband, and Mrs. R. L. Mobley are wearing the skirts and blouses that they bought in Mexico City. These costumes are among the prized souvenirs the Turners and the Mobleys brought back from their trip. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Two Snyder Couples Find Trip To Mexico Exciting

By JANE GILMORE

Two Snyder couples have just returned from an eight-day vacation crammed with more different happenings than any ordinary month of traveling.

Mr. and Mrs. BEN TURNER, 307 Thirty-second Street, and Mr. and Mrs. R. L. MOBLEY, 110 Elm, had been planning to drive to Mexico City ever since the Mobleys came back from Monterrey last year with such glowing accounts of their Mexico trip.

So when the men of the families got their vacations this year the two couples climbed into the Mobleys' car and started out on their long drive.

Mrs. Turner, reporting on the trip, was still rather breathless with enthusiasm. "It was the first time I had ever been out of the United States," she said, "and I had a wonderful time."

They all had a wonderful time. In spite of a few minor irritations like having to have their car towed 20 miles across the tops of rugged Mexico mountains. And like the malady that beset some of the party — perhaps' from lack of care in eating fresh fruits and vegetables. And then of course they all had to get small pox vaccinations before they could get back across the border.

Those were just routine events that they could take in their stride. Something that gave them some anxiety at the time but that is just a thrilling part of the trip now was encountering a group of striking students in Mexico City.

"They told us not to go down town while the strike was on," Mrs. Turner explained, "since strikers are protected by the government and pretty much have things their own way."

Even though they didn't get into the thick of the strike, they got close enough to have their car hit by a water bomb thrown from a building.

Just plain sight-seeing was the most fun of anything they did. They visited the pyramids, Chapultepec Park, Maximilian's castle, various cathedrals, and silver and leather factories.

One night Mr. and Mrs. Turner just happened to stroll past the Palace of Fine Arts when a ballet recital was going on. They were invited in and watched the teen-age group in some excellent ballet. A typically Mexican touch, Mrs. Turner felt, was the huge bouquet given each girl after she performed.

Sights that they saw over and over, unforgettable to Mrs. Turner, include the women who with incomparable pose carry baskets of fruit on their heads and their babies in their arms.

"Another thing that struck us," Mrs. Turner said, "was the way the men rode their donkeys while the women walked along beside and carried the bundles."

Though the mountainous roads slowed them down to 40 miles an hour, the group found traveling suprisingly easy in Mexico. There were plenty of service stations, and a touring guide prepared by an oil company suggested hotels and motels where they found lodging.

On the way back they stopped in San Antonio to visit Mr. Turner's twin brother, Dan Turner, and family.

ANYTIME, ANYWHERE!

Note the very full and luxurious skirt on this sundress also styled for neckline flattery; fabrics range from cottons to summer faille.

PERSONALS

Visiting Cheryle Rutledge, daughter of Mr. and Mrs. C. E. Rutledge, 3110 Avenue V, are her cousins, Wanda Louise Appling of Dumas, Betty Shelton and Peggy Appling of Rotan.

Mrs. Cora Greenfield, 3103 Avenue U, has returned from Seminole, where she visited her daughter, Mrs. H. B. Patterson, and granddaughters Connie, Donna and Toni.

Delois Greenfield of Clovis, N. M., is visiting her brother, Jack Greenfield, and Mrs. Greenfield, 3101 Avenue U.

Mr. and Mrs. H. B. Caldwell and Mr. and Mrs. R. B. Caldwell, Gilmore Avenue, had as guests Mr. and Mrs. Gene Smith, their son Jimmy and Mrs. Verna Hicks, all of Lubbock, and Mrs. J. C. Washam and son, Billy Mack, of Sweetwater.

Visiting Mr. and Mrs. Fred Overman and sons were Helen Nixon of Fort Worth, Mr. and Mrs. J. B. Nixon of Whiteface and Mr. and Mrs. R. B. Nixon and Carolyn of Slaton. Miss Nixon, a returned missionary, showed slides of Argentina at Greenhill Baptist Church while she was here.

Mrs. George Etheredge, 700 Twenty-sixth Street, returned Tuesday evening from Brownwood where she visited Mr. and Mrs. D. F. Frix and Mrs. David Twiford.

Mrs. T. R. Fleeman and daughters, 2803 Thirty-eighth Street, returned home Tuesday from Coahoma where she visited Mrs. E. T. O'Daniels.

Mr. and Mrs. B. M. DeLoach, 1101 Seventeenth Street, had the following members of their family present for a reunion: B. M. DeLoach and Ruth DeLoach of El Paso, Mr. and Mrs. L. M. Chapman and daughters, Cynthia and Jeanne Anne, of Tulsa; Mr. and Mrs. Paul Munden and son, Steve, and Bill and Garland DeLoach of Snyder.

Gary and Beverly Roddy of Dallas are here visiting their grandparents, Mr. and Mrs. J. L. Roddy, 2211 Avenue O.

Mrs. Deb Kennedy, 2901 Avenue Y, and Mrs. Mark Kennedy, Route 3, have returned from Oklahoma City, where they went to observe Father's Day and the 60th wedding anniversary of their parents, Mr. and Mrs. M. T. Staring.

Mrs. Frank O. Pinkerton, 708 Twenty-seventh Street, underwent surgery at a Sweetwater hospital Tuesday morning.

Mrs. George Killam, 3766 Dalton Drive, just returned from Appleton, Wis., where she visited Mr. and Mrs. Donald Himebaugh.

Mrs. Ann Tawwater of Dallas is visiting in the home of Mr. and Mrs. James V. Smith, 409 Twenty-ninth Street.

Mary Jim Stinson, 3011 Avenue U, returned Tuesday from Clovis, N.M., where she visited Mr. and Mrs. Forrest Wade and family.

Mr. and Mrs. Charles Duran and children, 202 Thirty-first Street, have just returned from a two-week vacation trip to Henderson, New Orleans, La., and Natchez, Miss.

Ann Neill of Henderson is visiting in the home of her sister and brother - in - law, Mr. and Mrs. Charles Duran, 202 Thirty-first Street.

Delbert Lloyd, son of Mr. and Mrs. G.H. Lloyd, 2400 Avenue I, is visiting Mr. and Mrs. E. J. Bradbury and family in San Antonio.

Mr. and Mrs. D. V. Prichard and family, 2434 Sunset, spent the week end near Leaky.

Iris and Ronny Taylor and Karen Williams of Dallas are visiting their grandparents, Mr. and Mrs. W. L. Henkell, 2205 Merrill Avenue.

Lt. and Mrs. Jack S. Gorman and their five-months-old son, Jack II, were here during the week end visiting Mrs. Gorman's parents, Mr. and Mrs. Roy Stokes, 2912 Avenue N.

Mr. and Mrs. Dillard Pope and daughter Peggy, 3782 Avenue V, have returned from a vacation trip through Oklahoma, Kansas, Nebraska, Iowa, South Dakota, Wyoming and Colorado. They visited Mrs. Pope's mother, Mrs. Mae Hempfling of Perry, Okla.; Mr. Pope's mother, Mrs. Anna Pope of Guthrie, Okla.; and Jack Emel, former Snyder resident, in Eldorado, Kans.

Party At Towle Park Honors Judy Thomas

CANYON—Judy Thomas, daughter of Mr. and Mrs. Clifton Thomas, was honored on her tenth birthday with a picnic and swimming party at Towle Park in Snyder.

Guests were Dianne Kerley, Karen Kerley, Kay Ford, Anita Thomas, Herby Thomas, Bob Field, Roger Field and Betty Field.

Cook calve's liver in butter in a skillet; sprinkle with chopped parsley and chives and serve with mashed potatoes and fresh green peas for a summer supper.

Hermleigh Resident Honored At Dinner

B. Y. Rea of Hermleigh was honored at a dinner given by his daughter, Mrs. A. B. Conner of Ropesville.

All of Mr. Rea's children were present for the celebration. Besides the hostess, they are Mrs. N. J. Sealy of Snyder, L. B. Rea of Inadale, Bill and Hallie Rea of Hermleigh, J. C. Rea of Levelland, Boyd Rea of Anton and Mrs. A. L. Pankey of Covis, N.M.

A pioneer resident of Scurry County, Mr. Rea has lived here since 1888. He was born in Campbellsville, Tenn., on Nov. 6, 1861.

Others from this area attending the dinner were Mr. and Mrs. Don Sealy and children of Snyder, Mr. and Mrs. O. B. Jackson and children of Hermleigh and Mrs. L. B. Rea of Inadale.

Eve Arden Is Not Like Miss Brooks When She Is Off Air

By BOB THOMAS

HOLLYWOOD (AP)—Is Eve Arden really Our Miss Brooks and vice versa?

Now that may sound like an odd question to you, but it's an issue that has fascinated me. I'm always interested in measuring the disparity, if any, between real-life actors and roles they play.

Some stars fit their movie characters like a glove. Bob Hope is the same fun-loving, wisecracking guy on or off the screen, although he may have more serious moments off. Katharine Hepburn has the same brittle, unattainable quality in real life. Errol Flynn, at least in his younger days, was a gay blade whether or not he was before the camera.

But many others are far removed from the public's conception of them. Jack Benny is not tight-fisted, as witness his outlay for his daughter's wedding. Jane Russell is no slinky siren, but a wholesome girl with a strong religious inclination. Reporters have found Danny Kaye is not the gay buffoon; he can be cold and cutting.

The issue is complicated in Eve Arden's case because she has two identities with the public. In one, she is the Eve Arden of films, the friend of the heroine who can always be counted on for a caustic remark at the end of the scene. In the other, she is the more gentle Miss Brooks, a much-harassed schoolteacher on the prowl for Mr. Boynton, another faculty member.

I discussed all about Eve's alter egos with the real Miss Arden, the one who is pregnant. We sat in her car in a drive-in restaurant on the Sunset Strip while she munched a late-afternoon hamburger—"I'm always hungry."

"I can't tell you much about the movie roles I played, because I've never cared for the character I generally played in films.

"I certainly don't think it was me. I really think I'm kinder than that. My friends will tell you that I'm a very mild person."

"And I don't think Our Miss Brooks is me either. I don't believe I'm that harassed. At least it's a different kind of harassment. In Miss Brooks, I'm harassed by people above me—the principal, for example. In real life, my trouble comes from people under me—the housekeeper, the dressmaker, and so forth."

"And though Miss Brooks is no dope, I like to think that I am a little more hep than she is."

Mrs. Jack Bowden Is Honored At Party

Mr. and Mrs. Gene Dulaney, 3717 Highland Drive, gave a birthday party for Mrs. Jack Bowden last night.

Those present, besides the hosts and Mr. and Mrs. Bowden, were Mr. and Mrs. Houston Harte, Mr. and Mrs. John Casebier, Dr. and Mrs. Carl Dillaha and Mr. and Mrs. Joe Luther.

Veal chops are delicious when dipped in beaten egg and then in seasoned fine dry bread crumbs. Use salt, pepper, celery salt and paprika for seasoning the crumbs.

If you're always looking for a good refrigerator dessert these summer days, here is one you might try.

This is a glamorous looking dessert that's old-fashioned at the same time, for it is all tricked out with crisp, spicy oatmeal ginger cookies.

Ingredients for this refrigerator ginger dessert are as follows: 2 envelopes gelatin, ½ cup cold water, 1½ cups milk, 1 cup sugar, 1 teaspoon salt, 1½ teaspoons ginger, 3 eggs (separated), 1 cup cream, 1 teaspoon vanilla, ¼ teaspoon cream of tartar, oatmeal ginger cookies.

Sprinkle gelatin over water to soften. Heat milk, ½ cup sugar, salt and ginger in double boiler over simmering water. Beat egg yolks well; stir a little of the hot milk mixture into the beaten egg yolks; return to milk mixture, stirring constantly. Cook and stir constantly over simmering water until thickened. Remove from heat and stir in softened gelatin until dissolved. Chill until custard starts to set; beat with rotary beater until smooth. Whip cream and fold into custard with vanilla. Beat egg whites with cream of tartar until foamy; beat in ½ cup sugar, a tablespoon at a time, until stiff and glossy; fold into whipped cream and custard mixture. Place large oatmeal ginger cookie on bottom of a 7-inch spring form pan. Line sides with some of the rectangular cookies, facing the top-side of cookies toward the outside. Pour custard mixture into pan. Crush a few extra cookies and sprinkle crumbs over top of dessert. Refrigerate until set — four hours or longer.

For the cookies, take 2 cups sifted flour, 1 teaspoon salt, 1 teaspoon baking soda, ½ teaspoon cinnamon, ½ teaspoon ginger, ¼ teaspoon nutmeg, ½ cup shortening (soft), ¾ cup firmly-packed brown sugar, ½ cup molasses, 1 egg, 1 cup uncooked rolled oats.

Sift together flour, salt, baking soda, cinnamon, ginger and nutmeg into bowl. Add shortening, sugar, molasses and egg; beat until smooth, about 2 minutes. Stir in rolled oats. Chill if desired before rolling. Roll dough out on lightly floured board to about ⅛ inch thickness. Cut one large round cookie slightly smaller than bottom of 7-inch pan. Cut remaining dough into rectangles about one by three inches. Place on greased cookie sheets. Bake in a moderate (350F) oven 10 to 12 minutes.

WOMEN'S CALENDAR

THURSDAY

Tacky party for Camille Cloud and Sittie Harrell, rodeo queen candidates, 7:30 p.m., Country Club.

FRIDAY

Ladies Day, 9:45 a.m., Snyder country club.

SATURDAY

Bake sale for Doris Sterling, rodeo queen candidate, 9 a.m., Everbody's.

Benefit coffee for Camille Cloud and Mary Ann Doak, rodeo queen candidates, 9 a.m., with Mrs. G. B. Clark Jr., 3012 Avenue X.

Westers At Home Here After Rites

Mr. and Mrs. Don Wester are living at 1905 Avenue G, following a wedding trip to Lake Texhoma.

They were married June 12 at the home of the bride's parents, Mr. and Mrs. Pete White.

The bride, a graduate of Snyder High School, was Loeitta White before her marriage. The bridegroom is the son of Mr. and Mrs. S. T. Wester of Sherman.

Carrying a white Bible topped with white carnations, the bride wore a street length dress of white nylon and a shoulder length veil.

Carolyn Smith was maid of honor and best man was Odell Cox. Charlene Johnston and Glenda White, sister of the bride, were candlelighters.

Rita Johnston, pianist, played wedding music and Mrs. C. J. Smith sang "Always."

The Rev. C. J. Smith read the ceremony.

At a reception following the ceremony the wedding cake was served from a table appointed in silver and crystal.

Serving iced tea? Accompany with slices of lime and sprigs of fresh mint for a delightful flavor change.

ON PACIFIC ODYSSEY

William Willis, 61-year-old Texan, and the balsa wood raft aboard which he sailed from Callao, Peru, are shown during recent last minute preparations for the 11,000-mile scheduled trip across the Pacific. Determined to outdo the historic "Kon Tiki" expedition, Willis hopes to float on ocean currents to Samoa. His only campanions are a parrot and a cat. The 35 by 158-foot raft has a tin cabin and nylon sails.

REALLY HOOKED

Roman Trzcinski, 12, of Milwaukee, Wis., looks over the plug he used on a birthday fishing trip. A fish slipped off the hook and the plug snapped back. One of the hooks lodged in his eye. Surgeons closed the eye to stop the lid from scraping on the exposed barb before an operation to remove the hook. An attempt to remove the hook with a magnet failed. Tape from a temporary bandage was not removed. Doctors said no new attempt would be made to remove the hook for several months.

Truman Continues To Make Progress

KANSAS CITY (AP) — Harry S. Truman continued to show progress in recovering from an emergency operation but his doctor declined to estimate how much longer the 70-year-old former President will remain in the hospital.

Dr. Wallace Graham said last night that normally a post-operative patient would be in the hospital 10 days. Truman's gall bladder and appendix were removed last Sunday.

Graham said his patient "just couldn't be doing any better."

Truman was able to walk about his room at Research Hospital.

Mrs. Truman spent most of the day with her husband and visited him again in the evening.

Brooks Is Unopposed

BEAUMONT (AP)—U.S. Rep. Jack Brooks was unopposed for re-election after Jack Neil, radio executive, withdrew from the race for congressman from the Second Texas District yesterday.

He was quitting the race for "personal reasons," Neil said.

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Labor Group Raps Hunt's Radio Show

CORPUS CHRISTI (AP)—The Texas State Federation of Labor (AFL) has condemned Dallas oilman H. L. Hunt's Facts Forum radio and television program and has asked stations to allot equal time for rebuttal programs.

The Texas locals affiliated with the American Federation of Labor also passed resolutions yesterday:

Opposing Atty. Gen. Herbert Brownell's proposed legalization of wire-tapping.

Asking that any action against Communism be made to apply equally to unions and management.

Calling Gov. Allan Shivers of Texas "biased and obnoxious" and urging his defeat in his current bid for a third elective term.

The Communist resolution stated that recent hearings of state investigating commissions in Texas have found no known communists.

The slap at Shivers came in a resolution urging all union members to vote for candidates endorsed by the group's League for Political Education (LPE).

Most union leaders who spoke during the four-day convention, scheduled to end with election of officers today, have criticized Shivers and urged his defeat. The governor has answered that "foreign agitators and out-of-state union bosses" are trying to tell Texans how to vote.

Only two contested races were at hand as the delegates voted on new officers today.

Two members of the International Typographical Union vied for state president: Wallace C. Reilly of Dallas and Leroy M. Williams of Houston.

For Sixth District vice president, Jack Bostick of Fort Worth was opposed by Virgil Hibbs of Wichita Falls.

Caucus meetings of the districts nominated the following district president:

District 1, Perry Legion of Austin; 2. F. E. Swales of San Antonio; 3. Alfred Goodson of Big Spring; 4. Joe Roberts of El Paso; District 7, Al Spraig of Fort Worth; 8. Ernest Gault of Port Arthur; 9. N. E. Coward of Houston; 10. L. A. Townsend of Galveston; 11. D. C. Craig of Corpus Christi; 12. A. Ray Johnson of Longview, and 13. Bill Cullen of Harlingen.

Mrs. Doris Baker of San Antonio was nominated for re-election as vice president, woman at large. Fred Lucas of Houston was nominated to the office of reading clerk, and Frank Booth, El Paso, sergeant at arms.

The people of the United States had 26 per cent of the income of the world in 1938 and 40.7 per cent in 1948 says the Twentieth Century Fund.

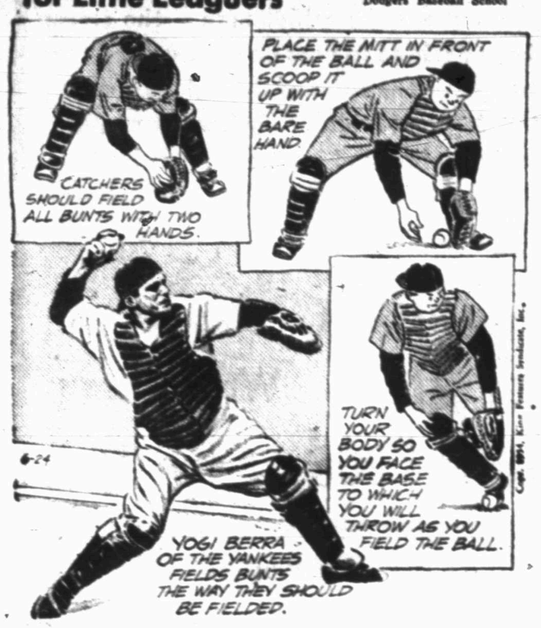
SPORTS

INSIDE BASEBALL for Little Leaguers

By MICKEY McCONNELL
Director of the Brooklyn Dodgers Baseball School



Being in position to field a bunt and throw immediately to the right base can mean the difference between victory and defeat. In the 1953 World Series, Yogi Berra fielded bunts and made throws to third base to retire runners on consecutive plays and thus snuffed out a Dodger rally. Berra's knowledge of the fundamentals and his ability to execute them was the turning point in this key game.

Arthur Dede, former Dodger catcher and present coach of rookie players, tells young catchers to imagine that their mitt is a dust-pan held vertically and their throwing hand is a whisk broom. The action in fielding a bunt is that of sweeping the ball into the dustpan, getting a good grip on it, and throwing in a continuous motion.

There's No Doubt That Jolly's Good

By BEN PHLEGAR
Associated Press Sports Writer

Depending on where you hail from, "jolly good" may sound like English slang or phoney Indian talk. But around the tribal councils of the Milwaukee Braves it means it's a good thing Jolly's good.

Dave Jolly is the Braves' "saver", the pitcher who gets the call when the going is the toughest. He has the special job of protecting leads in late inning or stopping the opposition while his own team still has a chance to win.

The lean righthander from Stony Point, N.C., has been delivering in brilliant style. He's in his second full term in the majors, after seven years' seasoning in the minors, and so far he has been in 23 games, more than a third of the Milwaukee total.

In 36 innings Jolly has given up only 23 hits and 4 earned runs for a sparkling earned run average of 1.00. His personal record shows four victories and two defeats. One of his most spectacular performances came yesterday in Milwaukee's 5-2 triumph over the fast moving New York Giants.

Jim (No-Hit) Wilson sailed into the last of the ninth with a three run edge en route ot his fourth straight victory. But the Giants, who think they own the copyright on Frank Merriwell finishes, got rid of Wilson with successive singles by Monte Irvin and Don Mueller.

With the dangerous Willie Mays at bat, Jolly strolled to the rescue. He worked the count to 2-2 on Mays, who had homered earlier, before hitting him in the back to fill the bases.

Then Jolly applied the pressure. Pinch hitter Hank Thompson lofted a short fly. Wes Westrum fouled out. And Bobby Hofman, who has hit three pinch hit home runs this season, popped up in front of the plate to end the threat.

Brooklyn took advantage of Milwaukee's success and cut the Giants' first place margin to a single game by beating Cincinnati 6-3. St. Louis defeated Pittsburgh 7-1 as Harvey Haddix won his 12th game. Philadelphia whipped Chicago 5-3.

In the American League Cleveland tripped Philadelphia 5-2, Chicago outlasted Washington 9-8, New York defeated Detroit 9-4 and Baltimore broke its nine-game losing streak, shading Boston 8-7 in a 17-inning marathon that ran 4 hours 58 minutes, the longest game ever played in the American League and one minute short of the longest night game in major league history.

Four Boston runs in the ninth sent the game into overtime and the Orioles finally won in the 17th on a single, a fluke double, a walk and a successful dash for home by Jim Brideweser on a grounder in the infied. Boston executed the season's second triple play in the first inning.

Hubbers Beat Albuquerque On An Error

By The Associated Press

Johnny Walker of the Albuquerque Dukes missed an easy grounder, and the Lubbock Hubbers won a 10th inning West Texas-New Mexico League game Wednesday night 4-3 when Bobby Fernandez scored from second.

In the other games, Clovis edged Plainview 11-10, Borger tripped Abilene 15-4, and Amarillo beat Pampa 8-5.

Reagan popped the grounder with two out. As Walker bobbled the catch, Fernandez pounded around third and slid into the plate head-first. The winner was Milt Ardrey, and George Socha absorbed the loss, even after helping his own cause with his first homer of the year.

At Plainview, it was in the top of the eighth that the Clovis Pioneers pushed across an unearned run for their decision. The winners collected only four hits, but Plainview handed them eight straight bases on balls. Red Dial held the distance for the winners despite giving up 16 hits. Outfielder Frank Green, who pitched seven innings for Plainview, took the loss.

Amarillo's tight defense earned its victory over Pampa, which matched the winners hit for hit. Each team banged 12. Eddie Locke took the mound in the ninth when Pampa had one on third and another on first to ward off a last-inning rally.

Rookie John Coddington hurled a seven-hit game at Abilene to steer Borger to victory. Coddington's teammates, meanwhile, blasted five Abilene hurlers for 18 hits. The winners scored in all but the top of the ninth, racking up three runs in each of the second, sixth and seventh frames.

NCAA Golf Is Down To 8 Players

By MAX B. SKELTON

HOUSTON (AP)—With the defending champion already on the sidelines, two double rounds of match play today cut the NCAA Golf Tournament field to eight players.

Top billing in the morning round went to a match between medalist Don Albert of Purdue and Ed Wallace, the Eastern Intercollegiate champion from Pennsylvania.

Albert, who was eight under par in 36 holes of qualifying play, was three over yesterday while being forced into overtime before defeating Bryan Honts of Southern Methodist, 1-up in 19 holes.

Wallace was one under while eliminating Don Krieger, Oregon, 2 and 1. It was the Pennsylvanian's second straight round of sub par golf. He posted a 76 Monday on the 6,840-yard, par 72 Brae Burn Country Club course, but came back for a 69 in the second round of qualifying play.

Stewart Carrell of Southern Methodist was the first round giant-killer. Despite being three over par, Carrell took a fairly easy 3 and 2 victory from Earl Moeller, the defending champion from Oklahoma A&M.

Moeller had his troubles, as have most previous NCAA defending titlists. Only three players in 57 years have won the national title twice.

Moeller won the first hole with a par, and then three-putted the next three holes. A trap cost him the seventh hole and a bad drive lost the 8th.

This left Carrell with a five-up lead after the front nine. After taking a bogie on No. 1, Carrell played even par until he three-putted the 12th green. He lost 13 after a bad drive but still held a three-up advantage.

The next two holes were halved with birdies and pars and a pair of bogies on 16 ended the match. Moeller was six over par.

Albert won his match with Honts with a par 4 on the 425-yard 19th.

Two other overtime matches saw Allen Mundle of Oregon defeat Tommy Morrow, Louisiana State's No. 1 player, 1-up in 19, and Davis Love of Texas win 1-up in 21 from Garth Spaeth of Stanford.

Antonelli And Mays Live Up To Highest Hopes Giants Had

By GAYLE TALBOT

NEW YORK (AP) — Three months ago, when the official odds were 6-1 that the New York Giants would not win the National League pennant, several big questions remained to be answered about Leo Durocher's club, which had finished a dismal fifth last year.

Would Johnny Antonelli, obtained from Milwaukee, give the Giants the lefthanded ace they so badly needed and generally bolster a veteran pitching staff which was showing serious signs of wear?

Would Willie Mays, after nearly two years of Army food and second class baseball, came back to play as brilliantly as he did in sparking the Giants '51 "miracle team" to a flag?

Those were the two main questions, though there also was some doubt that Davey Williams' chronic back trouble would permit him to play a steady second base, and Durocher would have liked to go into the race with some regular rightfielder other than Don Mueller. 'Added up, they caused a vast majority of Giant fans to keep their betting money in their pockets.

Now that the answers are in and their team is tearing along at the head of the parade after a sensational three-week spurt, the Polo Grounds faithful can only kick themselves for not having foreseen the turn of events. It would be difficult to get better than even money bets now.

Antonelli, with his 9-2 record, finally is living up to the $75,000 bonus that the Boston Braves paid him to sign when he was fresh out of a Rochester, N.Y., high school. He's just turned 24, and catcher Wes Westrum declares he gets better each time out. He's "made" the Giants' staff.

As for Mays, the 23-year-old Negro from Alabama looks as though he had never been away. He is bigger and better in every way. He is hitting a longer ball than he did in '51 and his batting average is much higher. He is terrific afield and on the bases, and the uplift he has given his teammates is a real and tangible thing.

Williams' back is vastly improved and he is teaming solidly with Al Dark around second. Mueller is enjoying the best season of his career and has been up among the league's batting leaders ever since the race began. Leo no longer is looking for a right fielder. The only thing the Giants obviously lack is a hitting catcher, and Westrum didn't exactly hold them back in '51.

Brooklyn fans rabidly resent the publicity Willie's more amazing feats have received and contend that in Duke Snider they have a centerfielder who can do everything Willie does, only better.

"Which," the always demand to know at a certain point, "would you take if you had a choice — a guy who's been hitting up around .370 all year (Snider) or a kid who only just got his average above .300? And don't try to tell me anybody can go get balls that Snider can't."

This is a difficult one to answer. But we would take Willie, and so, we have a strong feeling, would a majority of big league managers who have played against the two clubs this year. We feel that Willie provides a greater inspirational force for his club than does Snider.

Roswell Takes First Alone

By The Associated Press

Roswell's Rockets finally broke the tie for first place in the Longhorn League last night, blasting Odessa 19-12 while Artesia was falling before Midland 5-4.

Roswell now is a game and a half ahead of Artesia.

Roswell lashed 14 runs across in the last three innings in its triumph over Odessa. There were 41 hits in the free-wheeling game with Roswell getting 22 of them. Six home runs were hit for the night with Weldon Day getting two for Roswell. Joe Bauman of Roswell slashed his 31st homer of the season.

San Angelo ended a 12-game losing streak by beating fourth-place Carlsbad 9-2. Bill Ewen pitched six-hit battle to tame the Potashers.

Big Spring blasted Sweetwater 15-11 for the latter's seventh straight loss. There were 37 hits in the game with 19 by Big Spring.

Seminole Is Halting Operations Until It's Future Is Decided

By The Associated Press

Seminole's financial difficulties reached a climax Wednesday night with the Oilers postponing their scheduled Sooner State League baseball game with Lawton.

The club, which owner Arthur Willingham said he was trying to move to Paris, Tex., decided to suspend operations until its future is resolved.

Willingham said Ucal Clanton, league president, was polling members on the possible transfer to Paris while Seminole businessmen reportedly had raised $4,000 in the drive to keep the team in Seminole.

It was baseball as usual over the rest of the circuit as Gainesville grabbed a 9-0 lead in the first inning and downed Shawnee 10-7, pulling to within 4½ games of the league-leaders. The Owls have another chance tonight to narrow the gap further.

McAlester took advantage of eight errors by the Ardmore Cardinals for an 11-3 victory while Ada outscored Pauls Valley 12-5. Dick Lubinski led the Ada attack with a two-run homer in the seven-run fourth inning.

The teams complete the series tonight.

Net Ladder Is Begun By Players Here

With interest gradually picking up among Snyder tennis enthusiasts, several of them are organizing a tennis ladder, a system of perpetual competition on the courts.

A tennis ladder works this way: all persons interested in playing are placed on a list. There will be one list for men and boys, another for women and girls. Those on the lists will be placed according to their known ability on the courts.

After the list is set up, a person placed No. 3 might want to challenge No. 1. The two then play a best-two-out-of-three series of sets. If No. 3 beats No. 1, they trade places on the ladder. Any person can challenge players three places higher on the ladder.

Bill Ballard and M. R. Estes are organizing the ladder. Ballard said actual play on the ladder will probably start next week, when a bulletin board with the information is posted at the tennis courts in Towle Park.

After the ladder has already begun, a new person wanting on the ladder will be placed according to his ability on recommendation of one of the top players on the ladder, Ballard said.

Those on the ladder will make their own matches, Ballard said. So far, there are seven men and boys and three women on the ladder, not yet placed by number. The men and boys are Estes, Ballard, Royce Burrows, Ronald Smith, Robert Dabbs, Robert Childress, and Britton Woods. Women are Lucille Sterling, Carla Clark, and Jackie Hughs.

Ballard said he and Estes have tentative plans for the starting of a tennis clinic for those who already play and wish to improve their game. Estes would head the clinic, he said. Another clinic, one for beginners, may also be started sometime this summer, Ballard said.

Bruton Biggest Thief

NEW YORK (AP)—Bill Bruton continues to run away with major league stolen base honors. The Milwaukee speedster swiped his 14th base of the season—tops in both leagues—as the Braves turned back the Giants 5-2 yesterday.

Lemon Beats Phillies

CLEVELAND (AP) — Cleveland's Bob Lemon has the Indian sign on the Philadelphia Athletics. The veteran hurler beat the A's 5-2 yesterday for his 22nd lifetime victory over Philadelphia as against only six setbacks.

Play Scheduled In Two Loops Tonight

A struggle to break a tie for first place is already underway in second half of the Little League, and that will be settled at 9 o'clock tonight when the American Legion Yankees and Holder Indians meet to break the tie.

Playing in the league's first game will be the Quarterback Giants and Kiwanis Braves, both just starting the second half. In the Pony League, second-half play will be started when the Scurry Butane Dodgers meet the Courthouse Tigers in the 7 o'clock game and the Von Roeder Red Sox will take the field against the Lions Club Phillies at 9 o'clock.

Both the Yanks and Indians have 1-0 records for this half. The Yanks hold a season record of 10-0, while that of the Indians is 8-3. In their previous games this season, the Yanks beat the Indians 1-0 and 13-0.

The Giants have lost all their 10 games this season, and the Braves have a record of 7-3. The Braves have defeated the Giants 15-2 and 15-1 so far.

The Dodgers, holding a record of 5-4, have beat the Tigers 5-0 and lost to them 12-1 and 8-4. The Tigers have a record of 4-5. The Red Sox, with an 8-1 record, have downed the Phillies 9-0 and 7-2 and lost to them 11-7. The Phillies' record is 1-8.

Spencer Dyer leads Yankee hitting with .666, while the Indians are led by Larry Patterson with .393, the Giants are topped by Butch Niedecken's .393, and the Braves are paced by Phillip Johnson's .500.

In the Pony League, Jimmy Allen heads the Tigers with .400, Ronnie Baker is atop the Dodgers with .375, Maxey Carey is ahead of the Phillies with .318, and A. L. Minica leads the Red Sox with .416.

The Yank pitching roster includes Norman Gladson, whose record is 7-0, Richard Mahan (2-0), Richard Samuelson (1-0), John Weaver, and Steve Free. Those for the Indians are Ronnie Jones (4-1), Tom Roberts (3-2), and Charles O'Neal (1-0). The Giants have Doug Brunson (0-4), Barry Walker (0-3), Roland Key (0-3), and Gilbert Merritt. For the Braves are Billy Foree (3-2) and Phillip Johnson (4-1).

Pitchers for the Tigers are Dean Staton (3-2), James Patterson (1-2), Jimmy Allen (0-1), and Gale Courtney. On the Dodgers' list are Johnny Griggs (2-1), Ronnie Baker (3-3), and Mickey McGrew. For the Phillies are Mickey Craig (1-2), Jackie Tucker (0-3, Carol Wylie (0-2), John Ward (0-1, Roger Kerbow, Stanley Elliott, and Jerry Springer. Red Sox hurlers include J. T. Myers (2-1), Dick Hayes (3-0), Bud Morgan (2-0), Kenneth Kaizer (1-0), and Earl Burleson.

Big Yacht Race

HAMILTON, Bermuda (AP)—The Bolero, became the first boat to finish the 635-mile Newport, R.I. to Bermuda yacht race today.

The sleek black-hulled 73-foot yawl, skippered by John Nicholas Brown, crossed the finish line at St. Davids Head at approximately 12:54 a.m. (CST) after signalling her sail number, 134, in Morse code to the Royal Naval Frigate, Cygnet.

Sooter Isn't Popular With Fort Worth

By The Associated Press

If Fort Worth's Cats never see Hugh Sooter again it will be two years too soon.

Sooter almost pitched Houston into the first division of the Texas League last night and it was the fourth straight time for the adept Buff hurler to lick the Cats, who have lost five of their last six games and are just six percentage points out of the second division.

Houston, which now has won four in a row, is in fifth place and breathing on the Cats' necks. The Buffs beat Fort Worth 4-2 last night.

Front-running Shreveport was jarred out of its complacency by Oklahoma City as the Sports fell to the Indians 6-4 and San Antonio moved back just one game behind the league leaders.

San Antonio was whipping Dallas 4-3 when all the new blood the Eagles have brought in in the past three days failed to give the cellar dwellers a lift. Dallas used Les Fleming, the league's leading hitter, which it obtained in a trade with Beaumont but he got only a measley single. Dallas left 15 men stranded on base although getting 10 hits to San Antonio's seven.

Oklahoma City rallied for four runs in the eighth to beat Shreveport. The Indians batted around and used three hits, two walks and an error for the deciding tallies.

Sooter held Fort Worth to six hits in elbowing Houston to its triumph. Houston gathered only eight hits itself but used them better.

Beaumont beat Tulsa 5-2 to move into sixth place and drop Tulsa to seventh.

Decrease Noted In Drilling Activitv Over West Texas

A slight decline was noted in West Texas drilling activity during the 23rd week of 1954. A total of 84 applications to drill, including 20 wildcats, were filed in Railroad Commission Districts 7-C and 8.

The number compares to 89 applications, including 31 wildcats, filed the preceding week.

Totals for the year now stand at 1,610 field tests and 477 wildcats for a grand total of 2,087 tests for oil and a weekly average of 90.7.

Seven counties in District 7-C shared 16 applications to drill, including eight wildcats.

District 7-G wildcats were: Tom Green, four; Runnels, two; and Coke and Crockett, one each.

District 7-C field tests were: Runnels, three; Crockett, two; Keagan, McCulloch, and Schleicher, one each.

Eighteen counties in District 8 shared 69 applications to drill, including 12 wildcats.

District 8 wildcats were: Reeves, three; Pecos and Winkler, two each; Borden, Dawson, Ector, Gaines, and Hockley, one each.

District 8 field tests were: Andrews and Pecos, nine each; Winkler, six; Crane, five; Gaines, four; Dawson, Ector, Mitchell, and Yoakum, three each; Borden, Cochran, Midland, and Ward, two each; Garza, Hale, and Howard, one each.

Texan Takes Raft Voyage

LIMA, Peru (AP)—A 52-year-old Texan, who hopes to reach Samoa on a 35-foot raft, wafted along on his 11,000 mile odyssey today, accompanied only by a parrot and a cat.

Determined to outdo Norwegian Thor Heyerdahl's transpacific "Kon Tiki" expedition, William Willis set out from Callao last night on his 35 by 158-foot balsa wood raft "Seven Little Sisters."

Mrs. Bess Willis, who saw her husband off, will live in New York until he winds up his lonely voyage. He thinks it will take eight months.

Heyerdahl had five companions on his 1947 voyage. Willis has only his parrot, Eeckie, and cat, Meeckie.

Willis said his aim is to prove that the human will can conquer the elements.

The raft carried food stores, navigation instruments and a radio. It has a tin cabin and nylon sails.

U. S. mills processesed 9¼ million bales of cotton in the 1952-53 season.

JELLIED SPICED FRUIT SALAD
... Will Perk Up Lagging Appetites

Congealed Salad Furnishes Cool Note In Summer Meals

Ideal foods for summer meals must meet certain specifications set up by both the cook and consumer.

For the cook, food should be simply prepared, taking little effort and keeping oven and stove time to a minimum. As appetites are at an extreme low during the summer it is more important than ever that food is attractive and appealing. Heavy rich food is definitely to be avoided.

Congealed salads are one answer to the peremial summer problem. In addition to being easy to make, they may be made ahead of time in the mornings when it is cool. They provide a tempting and refreshing note to any meal, either as an appetizer, main course, salad to accompany the meal or as a dessert.

Many unusual shaped molds are available for these salads. However, many standard kitchen utensils may double for salad molds. A salad to be sliced may be molded in a loaf pan. Or a salad prepared in a layer cake pan may be unmolded into a pretty plate when firm, garnished with swirls of whipped cream and served in pre-shaped pieces for dessert. Individual salads might be made in paper cups used to line muffin pans for cupcakes. The salad may be served in these same cups.

It is easily possible to build a meal around a ring mold salad of pineapple and cucumber with cream cheese and lime gelatin. Tangy turkey, chicken or tuna salad will fill the center of the ring at serving time.

SALAD WREATH
1 tablespoon unflavored gelatin
¼ cup cold water
1 3-ounce package lime-flavored gelatin
1 cup boiling water
1 8-ounce package cream cheese, softened
1 cup pineapple juice
1 cup finely diced cucumber
1 cup crushed pineapple, drained
½ cup chopped maraschino cherries; well drained
Crisp salad greens

Soften unflavored gelatin in one-quarter cup water five minutes. Dissolve unflavored and lime-flavored gelatin in one cup boiling water, stir until gelatin is dissolved. Beat cream cheese and one-quarter cup pineapple juice until light and fluffy; add remaining pineapple juice, gelatin mixture, cucumber and pineapple. Chill until mixture is slightly thickened. Fold in cherries and turn into greased two-quart ring mold. Chill until firm. Unmold and surround with crisp salad greens. Fill center with cold meat salad.

Anyone who likes chicken salad will also like jellied chicken salad.

CHICKEN JELLIED SALAD
2 envelopes unflavored gelatin
2½ cups chicken stock, bouillon
1 cup cooked peas
3 hard-cooked eggs, chopped
2 Cups diced cooked boned chicken
1 cup diced celery
1 cup chopped sweet fresh cucumber pickles
2 tablespoons chili sauce or catsup
1 teaspoon Worcestershire sauce
Freshly ground pepper

Soften gelatin in one-half cup cold chicken stock. Remove from heat and stir in softened gelatin until dissolved. Chill until sirupy. Fold in remaining ingredients. Pour into six or eight individual molds. Chill in refrigerator until firm. Unmold and serve with mayonnaise. Garnish with pickle slices.

Or, if the family favorite is shrimp, prepare this tomato shrimp aspic.

TOMATO SHRIMP ASPIC
1 envelope unflavored gelatin
2 tablespoons cold water
1 No. 2 can tomato juice
1 tablespoon grated onion
1 teaspoon sugar
1 teaspoon lemon juice or vinegar
¼ teaspoon Worcestershire sauce
Dash of pepper
1 cup cooked or canned shrimp

Soften gelatin in cold water. Combine tomato juice, onion, sugar, lemon juice or vinegar, Worcestershire sauce and pepper in medium-sized saucepan; simmer five minutes; add softened gelatin and stir until dissolved. Chill until syrupy. Place five or six shrimps in bottom of lightly oiled quart ring mold spoon tomato mixture over shrimps. Chill several hours, or until aspic is firm. At serving time unmold on bed of fresh greens; serve with mayonnaise or salad dressing and rest of canned shrimps.

Tuna goes well in most any salad and a souffle salad is no exception.

TUNA SOUFFLE SALAD
1 package lemon flavored gelatin
1 cup hot water
½ cup cold water
½ cup mayonnaise
1 tablespoon lemon juice
½ teaspoon salt
Dash of pepper
½ cup falked tunafish
½ medium cucumber, diced
Hard-cooked egg, diced
1 tablespoon chopped onion

Dissolve gelatin in hot water. Mix in cold water, mayonnaise, lemon juice, salt and pepper. Pour into refrigerator tray. Quick chill in freezing until 15 to 20 minutes, or until firm about one inch from edge but soft in center. Turn into bowl and whip with rotary egg beater. Fold in remaining ingredients; pour into one-quart mold. Chill in refrigerator until firm (about 60 minutes). Unmold onto a bed of chicory; garnish with cucumber slices. Serve with crackers. Makes four to six servings.

Whether you grow your own vegetables or buy them at the grocery market this salad using cucumber, radishes and scallions will look and taste good on your table.

GARDEN SALAD
1 package lemon-flavored gelatin
2 cups water
1 teaspoon salt
1 teaspoon vinegar
1 cup diced cucumber
1 cup sliced radishes
½ cup sliced scallions
Garden lettuce
Mayonnaise

Dissolve gelatin in water as directed on package. Add salt and vinegar. Chill until consistency of unbeaten egg white. Fold in cucumber, radishes and scallions. Turn into mold; chill until set. Serve on lettuce bed with mayonnaise. Yield six servings.

Another variation of the jellied vegetable salads is made with ginger ale.

JELLIED VEGETABLE SALAD
1 package orange gelatin
2 cups hot ginger ale
¼ cup lemon juice
½ teaspoon salt
1 cup chopped cabbage
½ cup chopped celery
½ cup chopped raw carrot
2 tablespoons chopped sweet pickle

Dissolve gelatin in pale dry ginger ale. Add lemon juice and salt. Chill until consistency of unbeaten egg white. Fold in vegetables and pickle. Spoon into individual molds. Chill until set. Unmold on lettuce. Makes six servings.

Fruits may also be combined to make cool, tempting salads for hot summer days. Spiced jellied fruit salad set in a bed of tender, crisp lettuce and fresh, green watercress furnishes the eye appeal to perk up lagging appetites during the summer.

SPICED FRUIT SALAD
1 envelope unflavored gelatin
¼ cup cold water
½ cup hot spiced fruit juice
1 cup gingerale
Fruit drained from No. 2½ can

Soften gelatin in cold water. Add hot, spiced fruit syrup; mix well. Add gingerale and drained fruit. Pour into molds that have been rinsed in cold water. Chill until firm. Unmold and serve on lettuce and watercress. Yields six to eight servings.

SPICED FRUIT
No. 2½ can fruit in heavy syrup
¼ cup sugar
¼ cup molasses
½ cup cidar vinegar
½ teaspoon salt
1 stick cinnamon
¼ teaspoon whole cloves
¼ teaspoon whole allspice

Drain fruit. Mix fruit syrup with remaining ingredients in saucepan (tie whole cloves and allspice in a bag). Boil 2 minutes. Add fruit; simmer about 15 minutes. Remove spice bag. Drain fruit and use with ½ cup of syrup for making the salad.

A dessert salad using fruit is this one with layers of peaches and cottage cheese.

LAYERED PEACH-CHEESE SALAD
1 package cherry-flavored gelatin
Dash of salt
1 cup hot water
¾ cup cold water
2 tablespoons sugar
2 tablespoons cold water
1¼ cups sliced fresh peaches
1½ cups cottage cheese, finely sieved

Dissolve gelatin and salt in hot water. Add cup cold water. Add sugar and two tablespoons cold water to peaches. Let stand about 15 minutes. Then add to one cup of the gelatin mixture. Pour into 1½ quart ring mold. Chill until firm.

Meanwhile, chill remaining gelatin until slightly thickened. Place in bowl of ice and water and whip until fluffy and thick like whipped cream. Fold in cottage cheese. Pour over firm peach gelatin in mold. Chill until firm. Unmold. Garnish with salad greens. If desired, fill center with cottage cheese and sliced peaches and garnish with slivered blanched almonds.

A dessert which is truly pretty as a picture is fruit gelatin molded on top of cake.

FRUIT GELATIN DESSERT
¾ cup butter
1 cup sugar
1 egg
2 cups sifted cake flour
3 teaspoons baking powder
1 teaspoon salt
1 teaspoon vanilla
¾ cup milk
1 package strawberry flavored gelatin
4 halves canned or cooked pears
Green grapes or cherries
Whipped cream

Cream the butter; add sugar gradually and beat well. Add egg and beat until light and fluffy. Sift together the dry ingredients. Add vanilla to the milk; add these alternately to the butter, sugar and egg mixture, about one-third of each at a time. Bake in nine-inch square cake pan, greased and paper-lined. Bake in moderate oven (350 degrees F.) 50 minutes until well baked and a golden brown. Remove from pan and cool. Make a paper collar standing about four inches high, all around the cake. Fasten securely.

Dissolve the package of strawberry flavored gelatin in one cup of boiling water. Add three-fourths cup of cold water and set aside to cool. When jelly beings to thicken, pour a thin covering of it over top of cake inside the collar. Arrange fruit in decorative pattern on this jelly. Place in refrigerator to chill and set. Pour remaining gelatin (chilled to thickening stage) over the fruit. Set in refrigerator to chill and set to firmness.

So serve, warm a sharp knife in hot water and loosen jelly from the paper collar. Remove the collar. Whip cream, sweeten to taste. Spread around the cake. Slice and serve.

CAKE TOPPED WITH GELATIN
... Fruit Provides Attractive Pattern

A slighty richer salad which makes a cool dessert to serve with summer meals is blueberry souffle salad.

BLUEBERRY SOUFFLE SALAD
1 package orange flavored gelatin
1 cup hot water
½ cup orange juice
2 teaspoons orange rind
¼ teaspoon salt
⅞ cup mayonnaise
3 ounce package cream cheese
2 tablespoons mayonnaise
? cup blueberries
Salad greens

Dissolve gelatin in hot water. Add orange juice, orange rind, salt and ⅛ cup mayonnaise. Blend well with rotary beater. Pour into refrigerator freezing tray. Chill in freezing unit 15 to 20 minutes, or until firm about one inch from edge but soft in the center. Turn mixture into bowl and whip with rotary beater until fluffy. Blend cream cheese and two tablespoons mayonnaise. Fold in blueberries. Fold cream cheese blueberry mixture into whipped gelatin mixture. Pour into quart mold. Chill until firm in refrigerator 30 to 60 minutes. Unmold, garnish with salad greens. Serve with a semi-sweet cracker for dessert. Makes four to six servings.

That Woman Isn't Crazy

DETROIT (AP) —Miss Mary W. Speers, 74, wants more than a million dollars for each of the nearly 16 years she spent in Michigan mental institutions.

Her attorney, Eugene Krasicky, filed suit for $18,500,000 yesterday in Circuit Court. The city of Detroit, Wayne County, the state of Michigan, four doctors and officials of the various institutions were named defendant.

Miss Speers, a dignified, stately woman, was committed as a mental patient in 1936 while held in jail on a bad check charge. She was released in 1952 on orders of Circuit Judge Lila M. Neuenfelt, who ruled her commitment had been illegal.

WONDER BUILDING — Galvanized steel panels fastened with nuts and bolts form trussless building of many uses. Over it is test span to determine wind and snow loads.

Six Months Period Produces Change In Cold War Picture

WASHINGTON (AP) — President Eisenhower, in his State of the Union message last Jan. 7, proudly proclaimed this country had seized the initiative in the cold war with communism.

Whatever happened to that initiative?

Here, six months later, instead of having the Communists on the defensive, this country has been baffled on two fronts: Diplomatically, at the Geneva conference and militarily, in Indochina.

The Eisenhower administration had 16 months—between the time it took office in January 1953 and last April, when the Indochina War between the French and the Communist-led Vietminh reached a crisis—to work out a plan if crisis came.

In that time the President and members of his administration repeatedly had talked of the importance of keeping Indochina out of Communist hands, saying if it fell all Southeast Asia might go like so many dominoes.

But when the showdown came—the crisis in Indochina began to develop just before the foreign ministers' conference opened in Geneva April 26—it turned out the administration had no plan at all.

Instead, it scurried around trying to find a way to save Indochina. It urged the French and British to join it in united action in Indochina. The British wouldn't buy.

The administration has never publicly stated what form this united action would take. It may not know. Eisenhower's advisers were divided on what kind of action—and whether any action—should be taken.

It was Secretary of State Dulles who was the big talker. He spoke ominously of the "massive retaliation" this country would invoke if the Chinese Communists invaded Indochina to help the Vietminh.

This startled America's European allies, who could envision themselves engulfed in an atomic war. But, instead of startling the Chinese, it may have amused them.

They didn't have to send troops into Indochina to help the Vietminh. The Vietminh had manpower. What it needed was supplies, equipment, and Chinese advisers and technicians. China sent them.

The net result: The Vietminh crushed the French at Dien Bien Phu and have been pushing them back since; rising Vietminh prestige probably won them new Indochinese recruits by the thousands, and the will of the French to win in Indochina was mauled.

Meanwhile, the administration set out to deal with the Communists diplomatically at Geneva where the foreign ministers of the United States (Dulles), Britain (Eden), France (Bidault), Russia (Molotov) and China (Chou En-lai) began their conference April 26.

Dulles opened with a disaster. This was his publicly known failure, on the very eve of the conference, to get the British and French to join in united action in Indochina.

The French, according to reports, sought American intervention but Dulles balked without British help. The British didn't want to get into a shooting war before they had a chance to see whether the Indochina problem could be settled at Geneva.

Thus the conference opened with a split between the United States and its Allies. Dulles endured this setback just one week and came home. In his place he left Undersecretary Walter Bedell Smith. Smith came home this week in low spirits.

When the Vietminh crushed the French at Dien Bien Phu, the French threw out Premier Joseph Laniel and his Cabinet, including Bidault. They picked as the new Premier Pierre Mendes-France.

He took office in the midst of a rising French demand for peace in Indochina. He promised to get it in 30 days or quit. He journeyed yesterday to Bern to see Chou En-lai. Afterwards he said he hoped for "happy progress." What this meant was not known.

It might mean an armistice giving the Vietminh most of Viet Nam, the biggest of Indochina's three states. That might soon lead to Communist absorption of all Viet Nam and the other two states.

Indians Open Fight For California Land

BERKELEY, Calif. (AP) — California Indians yesterday opened a legal fight for 93 million dollars for 75 million acres of California land. Their attorney said the land was taken from them "in a more cruel and inhuman manner than any other people on the face of the earth."

The 33,000 Indians, under a new law, are suing the federal government for payment for land their ancestors lost to the white man during the gold rush days.

Attorneys for the Indians seek to prove the Indians' ancesters formerly occupied about three fourths of California's area.

Fishhook Lodges In Eyeball Of Youth

MILWAUKEE (AP)—The fishhook lodged next to Roman Trzcinski's right eyeball will be left undisturbed for a while to see if nature will help in getting it out.

The 12-year old boy's physician decided yesterday that the hook was too deeply imbedded in soft and delicate tissue in the eye socket next to the eyeball to be removed by a giant electromagnet at St. Luke's hospital.

The hook caught in Roman's eye Sunday when a fishing plug, cast by a friend, struck him in the face.

Doctors said the hook will be watched to see if it works out where it can be more easily removed.

Physicians said Roman is in no present danger of losing the sight of the eye.

Undimmed Lights Lead To Capture

ORANGE, Va. (AP)—When the approaching car didn't dim its lights as required by state law, State Trooper James W. Chambers turned around and overtook the vehicle.

Two youths in the car, Jackson Libert, 18, and Aubrey Caldwell, 21, both of Pulaski, turned out to be escapees from a state prison camp. The car had been stolen several hours earlier in Roanoke.

Chicks Hatch From Eggs At Town Dump

STANDISH, Maine (AP)—A batch of eggs discarded at the town dump hatched out 41 chicks after baking in hot sunshine, caretaker Bert Chaplin reported.

Chaplin said last night the chicks appeared to be flourishing despite their unceremonious entry into the world.

SPRING FEVER — The Baron, a gorilla seven years old and growing in strength, raises voice in temporary cage while regular one is fitted with stronger bars at Columbus, O., Zoo.

Haver, MacMurray Date Is Rumored

HOLLYWOOD (AP)—A close friend says actress June Haver and actor Fred MacMurray may be married "close to July 6."

Neither is willing to talk about the time or place, but it was understood that MacMurray wanted to wait until after the anniversary of the death of his first wife. She died a year ago Tuesday.

Miss Haver is the former wife of musician Jimmy Zito, whom she divorced. If she goes through with plans for a civil marriage to MacMurray, a priest friend says she will be "out of the fold," and deprived of the sacraments of the Roman Catholic church.

The actress spent a brief time in a convent about two years ago.

Easy Money Due To Perk Up Business

By SAM DAWSON

NEW YORK (AP)—Easy money is on the way today to nourish the hoped-for upturn in business.

Easy money is being offered to keep new homes going up, to encourage industry to produce goods for the fall and winter markets, to help move the crops to market.

Easy money will also ease the pains of the U. S. Treasury, which will need about five billion dollars of extra funds by the first part of August—and altogether must borrow around 10 billion dollars by the end of the year. The Treasury wants the money to be available for borrowing—and it would appreciate interest rates being kept low.

The Federal Reserve Board is offering the easy money through its lowering of the reserve requirements for its 6,700 members banks throughout the country. Together they hold about 90 per cent of all the bank deposits in the nation.

Henceforth, they won't have to keep quite so much of these deposits in reserve, and will have a little more to lend to business and agriculture.

At the moment most of these banks have plenty of money to lend. Their trouble has been mostly the other way—too few good risks eager to borrow from them. Many of the banks have been actively looking for ways to put idle money to work and have been competing for borrowers—always with the emphasis on the soundness of the risk, in this period of business uncertainty.

But the federal reserve is looking ahead to the August demands of the Treasury and to the fall demands of business and agriculture.

It wants to make sure that if there is a business upturn this fall it won't be cramped by tight money.

Federal reserve officials insist their move toward easier money and credit doesn't spring from nervousness over the outlook for business this fall—they just want to be sure that business will find it easy to expand, if an upturn is a-borning.

For the banks themselves the first pressure will probably be on their interest rates. These rates are tied to the "prime rate" which they set for lending money to corporations with the highest credit rating. In March they lowered this prime rate to 3 per cent from 3¼ per cent.

But now businessmen can shop around and borrow more cheaply than that. Nonbank lenders are making short-term loans to companies with the highest credit ratings at anywhere from 1½ to 2 per cent.

The U. S. Treasury just a year ago was paying around 2 per cent for 91-day borrowing. But now it is borrowing this short-term money at 0.635 per cent.

Delinquent Juveniles

CHICAGO (AP) — Sixteen youngsters from the crowded stockyard district went for a swim last night. And it took 10 squads of police to round them up out of the water.

The trouble was the youngsters broke into a high school and took over the swimming pool. All were referred to juvenile authorities.

SOMETHING FOR HARRY

Mrs. Harry Truman stands outside the doorway to her husband's Research Hospital room at Kansas City, Mo., as she views an Associated Press Wirephoto of her daughter Margaret's stage debut at Mountainhome, Pa. She took the photograph in to the former president, who is reportedly feeling much better after a gall bladder operation and appendectomy last Sunday. A "no visitors" sign on the screen behind Mrs. Truman bars all but the immediate family and a few close friends from the room.

Visitor To Statue Never Gets Inside

By HAL BOYLE

NEW YORK (AP)—Capt. George Clancy has made 16,200 visits to the Statue of Liberty—and never yet been inside it.

"Too busy," he says crisply. "Never get the time."

For 6 years he has piloted a ferry boat from the Battery to Bedloe's Island, bringing literally millions of visitors to America's greatest national shrine. The round trip is only about 3 miles, but in those years Clancy has journeyed almost twice the distance around the earth.

Today gave Clancy the proudest moment in his 46 years of living. He was at the helm of the "Miss Liberty," a new 460-ton excursion steamer, as she made her maiden trip through New York harbor. The three-deck vessel, which will carry 750 passengers, was added to its fleet by the Circle Line company because of the growing popularity of the Statue of Liberty as a tourist mecca.

Francis J. Barry, general manager of the Circle Line, said the $400,000 "Miss Liberty" is the first excursion steamer of its type designed and built in the United States in the last 25 years.

"I can't see how they could improve on her," said Clancy, patting the wheel as if it were a living thing.

Clancy, a chipper little blue-eyed skipper (5-feet-5, weight 140), may be harbor-bound now, but he has quite a career to look back on. He was born in Fitchburg, Mass., and went to sea at 16.

"I've had 11 years of deep water experience," he recalled. "I've been around the world three times, and hit about every country on the globe. I've sailed under four flags —American, Norwegian, British and Honduran."

Captain Clancy says his nine daily trips never get monotonous, and he doesn't feel rut-bound.

"You're too busy," he said. "This is the busiest harbor in the world, and you're crossing all the big liners going in and out. You don't have time to think of anything else."

No impish Irish impulse to bypass the Statue of Liberty and chug his boatload of sighteers on down to Florida ever tempts the stout stern mind of Clancy. Or if it does, he won't admit it.

"Anyway," he said firmly, "I've already seen Florida."

Could Turn Into A Vicious Circle

ST. LOUIS (AP) — Patrolman John Cantillon had a summons to serve yesterday on a person charged with letting a vicious dog run at large.

He checked the address. That was right. He checked the dog owner's name. That was right.

The dog, part collie and part shepherd, provided the final proof. It bit Cantillon on the leg.

He said he won't press the matter — he might have to serve another summons and start a vicious circle.

North Korean Warns Against Rhee Ideas

BERLIN (AP) — North Korean Foreign Minister Nam Il warned today against a "new march northward" in his country, for which he said "the Syngman Rhee clique is continuously crying."

In an interview with the official East zone news agency ADN, Nam Il said the South Korean demands "incite the anger of the Korean people in ever increasing measure."

Nam Il and the North Korean government delegation to the Geneva conference are staying in Communist East Berlin as guests of the Soviet zone government.

Texas Solons In Agreement On Extension Of Trade Plan

By TEX EASLEY

WASHINGTON (AP) — Conflicting views of Texas industry on extension of the reciprocal trades agreement act weren't reflected in votes of the state's congressmen.

Of the 22 Texas congressmen 19 joined with the majority of House members in the 281-53 approval of a bill to extend the act for one year. Reps. Bentsen, Lucas and Wilson were listed as not voting.

The voting, said Rep. Ken Regan of Midland, is explained by the fact that the bill merely postpones settlement of the basic issue of a general extension of the act until the next Congress. The Senate still must act.

Texas economic interests, generally speaking, are divided along these lines: Cotton farmers, ginners and handlers favor continuation of the foreign trade policies. Independent oil producers and sheep growers feel these policies have let in such quantities of foreign oils and wool as to affect adversely their own welfare.

Concerning his own vote, Regan said:

"I voted for it with a lot of mental reservations. It might help some farm products, particularly cotton, I do feel it also is doing harm, especially through oil imports. It also continues a policy of letting in such items as big electric motors, watches, glassware and other items made with cheap labor and offered in competition to goods made at higher cost under our much higher living standards.

"Recently, out in Midland I saw a good example of how these imported goods are finding their way throughout our country. There near the high school, 2,000 miles inland from the Atlantic Coast, I saw three motor scooters made in Italy."

Regan said he hopes President Eisenhower will come up with some recommended changes in the law or in administration policies and procedures which will curtail oil imports.

Three Texans have been here in non-governmental roles working on the trade agreements issue.

Burris Jackson of Hillsboro, representing the Texas State Wide Cotton Committee, plugged for a three-year extension of the trade act.

Jack Woodward, president of the Texas Independent Producers and Royalty Owners Assn., talked with congressmen, opposing renewal of the trades act.

O. R. Strackbein, formerly of Kerrville, has headquarters here as chairman of the "Nation-wide Committee of Industry, Agriculture and Labor," a 60-organization group dedicated to fighting shipment into this country of foreign commodities which undersell American goods.

"We would have liked it much better if the reciprocal trade act had been allowed to expire," he commented. "But, in view of the fact that the President had originally sought a three-year extension, we feel we have accomplished results."

Strackbein, born near Fredericksburg 54 years ago, graduated at the University of Texas in 1920. He was with the Commerce Department from 1924 to 1930, and from then to 1933 with the tariff commission, New York. His sister, Lena, is his secretary. Until recently she was on the staff of Sen. Price Daniel.

Texas Sens. Lyndon Johnson and Daniel both have expressed their support of the one-year extension legislation.

Pilot Thought Dead Is Reported Alive

LEWISBURG, Pa (AP) — Mrs. H. L. Baumer has received word that her son, an Air Force bomber pilot shot down over North Korea 16 months ago, is alive, although a prisoner of the Reds.

Mrs. Baumer said she received a telegram from the Air Force in Washington last night saying her son, Maj. William H. Baumer, was reported alive and a prisoner of war in the Far East.

Baumer, 32, was reported missing on a bombing mission over North Korea on Jan. 12, 1953.

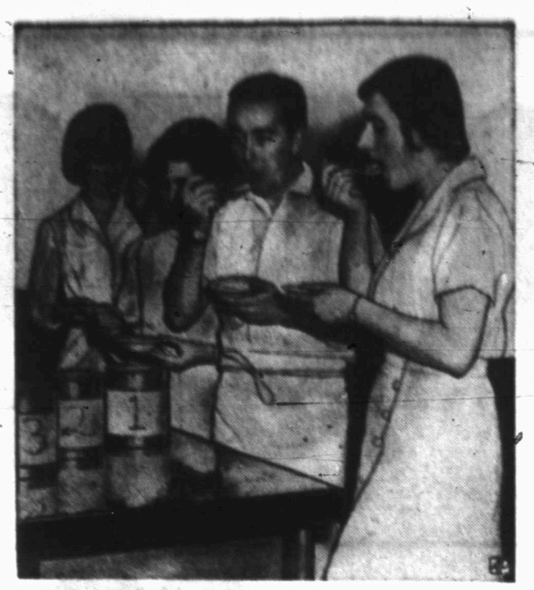
The major's mother told newsmen, "I am so happy that my son is alive that I hardly know what to do or say. Ever since William was reported shot down on a mission, I have been contacting all sorts of military people to find out what happened to him. Now I finally got the news and it's good news."

Demonstrations Are Set In South Korea

SEOUL (AP) — South Korea plans huge parades and demonstrations Friday on the fourth anniversary of the beginning of the Korean War.

A government official said President Syngman Rhee, U.S. Ambassador Ellis O. Briggs, U.S. presidential envoy James A. Van Fleet and Lt. Gen. Bruce Clarke, 8th Army commander, would attend a huge demonstration and parade.

This seemed to be the extent of American participation.



MAN IN THE KITCHEN — Bill Chappell, only male in home economics course at University of Rhode Island, tastes canned pears with girl classmates in test of preserves.

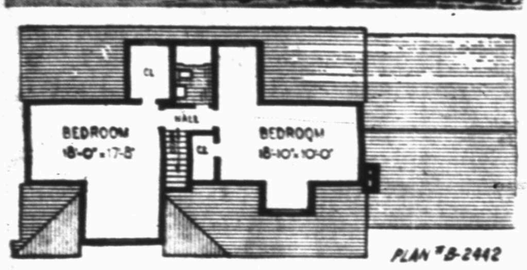
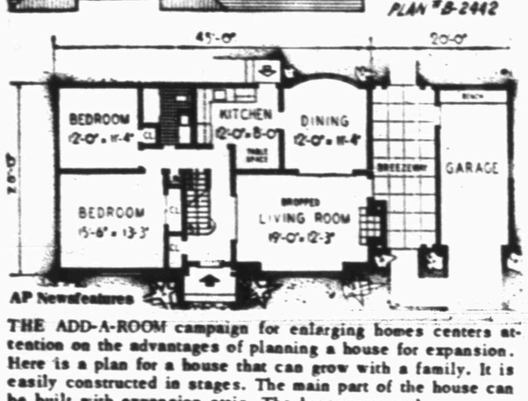
HOMES FOR AMERICANS





AP Newsfeatures

THE ADD-A-ROOM campaign for enlarging homes centers attention on the advantages of planning a house for expansion. Here is a plan for a house that can grow with a family. It is easily constructed in stages. The main part of the house can be built with expansion attic. The breezeway and garage can be added when desired. The extra bedrooms and second bathroom upstairs can be finished when needed. If in the future more house is required, the breezeway and garage are readily convertible into rooms. This is Plan B-2442 by Alwin Cassens Jr., architect, 145 So. Franklin Ave., Valley Stream, N.Y. Building estimates can be based on the main part of the house covering 1,170 square feet.
