## SAN ANGELO LADY KILLED IN WRECK HERE

### Red Cross Membership Campaign To Get Under Way In County Monday

#### Mayor W. L. Marr Is County Chairman Of Drive

Plans are all complete for the annual Red Cross drive in Dawson county, which is scheduled to open next Monday morning and run throughout the entire week.

Mayor W. L. Marr, Dawson county chairman, is asking every citizen in the city and county to respond to this call.

It will be recalled that the storm last spring which struck the O K community in the northern part of Dawson county and wrecked several homes, received the prompt attention of the National Red Cross and supervisors were sent to the scene of the disaster and great aid was rendered to those who suffered as a result of the tornado. This should make the people of this area more conscious of the fact that when disaster occurs, regardless of where or when, the Red Cross may be counted on to come to the immediate rescue of suffering humanity as no other organization does.

So when you are asked to join the Red Cross next week, by all means do so. There is no way in the world you can spend your money to a better advantage.

#### NEW BUCKHORN BOWLING ALLEY TO OPEN FRIDAY

Announcement is made this week by Ernest Rhodes, of the opening of the Buckhorn Bowling Alleys in the Cleveland Building on North Second Street. The alleys will be open for the public Friday afternoon of this week, according to Mr. Rhodes.

Cash prizes are being offered to both ladies and gentlemen for high scores for Friday and Saturday of this week. The Buckhorn boasts four regulation Brunswick Alleys, regulation balls and pins. It is all factory built and is of the finest design.

"I have an investment of around \$10,000 in these alleys," said Mr. Rhodes "and I expect to run a place which will cater to both ladies and gentlemen, and I guarantee there will be no rough stuff nor anything that anyone could possibly take offense to."

Mr. Rhodes, who is well known in Lamesa, having been practically reared here, will personally operate the alleys. See their announcement elsewhere in this issue of the Courier.

#### RUBY'S BEAUTY SHOP INSTALLS NEW EQUIPMENT

Ruby's Beauty Shop, owned and operated by Miss Ruby Herndon, and only recently opened, has shown such a growth that much new equipment has been added to better serve their customers. This week a new Customer was installed in this popular shop. Look up their ad in this issue of the Courier and call around and see them.

#### CITY ADDS NEW TRAFFIC LIGHT ON SOUTH FIRST

Workmen this week completed the installation of another traffic light for Lamesa's business section. This new addition will control traffic on the corner of South First and Houston Streets.

This brings the total number of lights in the city to eleven. Much good will be done in the form of less congestion in the traffic has been the result of the installation of this system in Lamesa.

Mr. and Mrs. Carl Peterson visited in Lamesa Friday.

FRANK STANLEY

Mr. Stanley was born in Tyler county, Texas, where he lived with his parents a short time. The Stanley family moved from there to Coosa County, Alabama, where Frank attended school at Center Point.

In 1920 the family moved to Dawson county, settling east of Lamesa, where he finished his education in the McCarty school.

After graduating from school, Mr. Stanley entered business for himself. In 1924 he operated a cafe in Lamesa for a short time. He then went to California, where he spent a year.

Upon his return to Lamesa he accepted a position with the sales force of the Lamesa Motor Company, Ford Dealers. He was connected with them for four years.

He next managed a service station in Lamesa for the Magnolia Petroleum Company for a year.

He accepted a position as manager of the Shook Tire Company in Lamesa and operated the store here for them for about a year and a half, at which time he purchased the stock and business and has operated for himself since that time. Although he still maintains the name of Shook Tire Company, and operates through them, he is the sole owner of the Lamesa store.

Mr. Stanley has always been a firm believer in the future of this section. His profits have been invested back in the town and county and he is an ardent booster for all things worthwhile for the town.

He and Mrs. Stanley live on North Third Street in Lamesa. He is a member of the Masonic Lodge and is very active in that organization.

#### SHERROD BROS. REMODELING IS COMPLETE HERE

Sherrod Bros. Store in Lamesa, located just east of the Courier office, this week announces the completion of their remodeling program.

The building has been completely remodeled, both inside and out. A new front has been installed with large display windows on either side of the entrance. On the outside, under the windows, a beautiful tile in cream with black trim, lends a striking finish to the front. On the inside, new fixtures of the latest type and design have been added to give their store a pleasing atmosphere of modern beauty. All fixtures as well as the office and display windows have been finished in ritual varnish, with the grain of the wood clearly showing through. It is among the most attractive interiors in the city.

Announcement is also made this week by this ever growing firm, that (Continued on Back Page)

#### Courier Will Print Day Early

Next week is Thanksgiving week and as Thursday is Thanksgiving Day, the Courier will be published one day early so that the staff may observe the day with other business people of Lamesa.

All advertisers and contributors of news are asked to get your copy in as early as possible for this reason.

Especially should rural correspondents bear this in mind and get your copy in at least one day earlier than usual.

Remember next week the paper will be published one day earlier than usual.

### First Of Series Of Farm Meetings Is Held Wednesday

#### Schedule For Balance Of Meetings Given

A meeting of the farm leaders of Dawson county was called at the Court House in Lamesa Wednesday afternoon for the purpose of explaining to them the plan for the 1939 cotton farm program.

County Agent Joe C. Williams, opened the meeting which was attended by a large group of both women and men farm leaders, as well as several other interested persons.

Mr. Williams introduced Joe Peterson, county chairman for this program, who gave a most interesting address in which he discussed the various plans which it is hoped may be worked out.

The purpose of this meeting was to acquaint the leaders of the different precincts with the program, so that they in turn could assist the county chairman and agent in explaining it to the farmers of the county in a series of meetings which will be held over the county beginning next Tuesday at Hancock.

Others who addressed the meeting were Mrs. J. F. Thorp, Miss Phenix, home demonstration agent for Dawson county; F. L. Grissom, H. L. Spruill, and J. C. Stuart.

Dates and places for meetings to be held in the county, at which the farmers of the community are invited and urged to attend are as follows:

November 22—Hancock at 7 p. m.  
November 23—Welch at 7 p. m.

#### Among The Younger Set

PHOTOS BY ROGERS STUDIO

This week the Courier is proud to present the young man above as the representative of our Younger Set. He is Van Buren Welch, son of Mr. and Mrs. M. E. Welch, who live on Route D. He was seven years of age last April 17th. He has blonde hair and likes to play with pets, more especially cats and dogs.

EARLINE STRICKLAND

Above is pictured Miss Earline Strickland, who holds the distinction of being the only lady watch-maker in this section of Texas. She is employed with Clyde Adams Jewelry Store. She has been with this firm a little less than one year, during which time she has cleaned and done minor repair work on more than seven hundred watches.

### Estimated 33,000 Bales Are Ginned In Dawson County

#### 25,709 Bales Ginned Prior To Nov. First

The Department of Commerce Census Report shows that Dawson county has ginned prior to November 1st from the 1938 crop 25,709 bales as compared with 45,904 bales the same date last year.

It is estimated by gin and cotton men that the county has ginned approximately 8,000 bales since that date which would place the total at better than 33,000 for the season. On October 1st of this year there had been 8,125 bales ginned in the county. Thus there were 17,584 bales ginned during the month of October or about 567 bales per day average. If this daily average has been maintained throughout the first seventeen days in this month the total for the county would now stand at 35,348 bales.

Last year the county made 110,000 bales and only 45,904 bales had been ginned prior to November 1st, but a much larger percentage of the crop is gathered at this time than was the case a year ago.

The crop for '38 has been variously estimated from 30,000 to as high as forty-five thousand bales.

Since the recent freeze, cotton has opened rapidly, and with continued favorable weather, it should not be long before the gathering is completely finished. Some few farmers are already through, while many others are finishing up.

#### ABILENE LAYMAN TO FILL BAPTIST PULPIT SUNDAY

In the absence of Rev. E. F. Cole, pastor of the First Baptist church in Lamesa, Judge E. S. Cummings, Abilene attorney and prominent Baptist layman, will fill the pulpit at the local church.

Those who have heard Judge Cummings state that he is a forceful speaker and his message Sunday promises a real treat for his listeners.

### Three Others Hurt When Truck-Auto In Smash Head-On

#### Mrs. J. J. Hawkins Is Instantly Killed Sunday

In a tragic automobile accident last Sunday afternoon at 6:30, Mrs. J. J. Hawkins was instantly killed, her husband and two daughters, Oleta, 17, and Dorris Faye, 2, were seriously injured.

A truck driven by a Mr. Malone and the light coupe in which the Hawkins family were riding had a head-on collision, about six miles southeast of Lamesa on Highway Nine.

Complete details of the accident were unavailable as the Courier goes to press.

Both the truck and the car were damaged beyond repair. Mrs. Hawkins died instantly, while her husband and children were rushed to a local hospital where they are recovering as well as could be expected. It was understood that Mr. Hawkins would be able to leave the hospital today, but it was not learned whether the daughters have sufficiently recovered to be moved or not.

The Hawkins family lived in San Angelo. They also have two sons, Joel Trice, age 14, and Billy Joe, 9.

Mrs. Hawkins body was taken to San Angelo for burial Tuesday.

### BARGAIN RATE ON THE COURIER BEING OFFERED

Each week as the bargain campaign of the Courier progresses and more people are finding out about the low price the paper can now be secured for, brings an increasing number of new subscribers, as well as hundreds of renewals.

If you haven't already done so, you had better take advantage of this liberal offer of fifty cents per year and either subscribe, or renew today. This low rate is only for a limited time, and then the subscription price will again be one dollar per year.

This low rate applies to either new or renewals in Dawson and surrounding counties only. If you live in this county or any county that borders on Dawson county you are entitled to this bargain rate.

You not only get from twelve to sixteen pages of live news of county happenings each week, but the merchants of Lamesa weekly are offering the best bargains to be found in the city and you will probably save many times over the small cost of a year's subscription, by shopping the Courier way.

### GOVERNOR OF ROTARY DIST. TO VISIT HERE

Governor Linten Estes, governor of 127th District Rotary International will make his official visit to the Lamesa club Friday of this week.

There was no meeting last Friday, due to the fact that it was Armistice Day and a large number of Rotarians were out of the city.

A full attendance is expected for Friday's meeting, as Governor Estes is a very forceful speaker and should bring a message worthwhile to every member of the local club.

The meeting will be held at the regular meeting place, the Williams hotel Friday at 12 o'clock sharp.

### Pierce's Toggery Announce Big Sale

The commercial department of the Courier this week printed several thousand large circulars for Pierce's Toggery of this city, announcing the opening of a mammoth Red Tag Sale.

Mrs. J. H. Pierce, owner of the store, in announcing the sale, says that they are going to offer some rare bargains at the very beginning of the winter season.

Visit their store this weekend and see the many bargains displayed.

Shortly after nine o'clock Wednesday night the telephone in the home of Swanson Hurt rang. Mrs. Hurt answered and a pleasant voice called for Swanson. Thinking possibly some late customer wanted something from the store, he answered the phone, and was stunned by the same pleasant voice demanding that he "lay off the prosecution of Red Sutton or else, he would regret it," or words to that effect. When Mr. Hurt asked who the caller was, he hung up. Although efforts were made immediately by both Mr. Hurt and Chief of Police Jack Phinizy, to trace the call, their efforts were in vain, and no trace of where the call came from could be learned.

The case in question is a suspect in the hijacking of Hurt's Haberdashery last December and the murder of Maxie Woodroof.

"I am having no more to do with the pushing of the prosecution in this case than any other citizen in the county," Mr. Hurt said this morning. "I was not a witness to the hold-up or the murder and never saw the man who did it, consequently there is no way for me to know whether the man they have charged with the crime is innocent or guilty. That is a case for the courts to decide, and I am merely letting the courts and law take their course in the matter, it would be impossible for me to identify the burglar, as I never witnessed the hold-up, and would not know the man if I should meet him face to face. I am just as eager as any law abiding citizen, to see the guilty man punished, but aside from that I have no other interest in the case."

Local officers have been conducting an investigation in connection with the call, but at time of going to press nothing definite had been learned.

It is understood Red Sutton is being held awaiting investigation by the Dawson County Grand Jury, which convened Monday morning.

### CICERO SMITH REFINISH YARD BUILDING HERE

A large group of workmen who have been busily engaged for the past several days on the offices and show room of Cicero Smith Lumber Company of this city, this week completed their work.

The sales room has been enlarged to almost twice its former size. Hardwood floors installed, walls and woodwork refinished as well as a complete new set of display fixtures installed. Modernistic in design the latest type island fixtures lend a pleasing atmosphere to the interior. A new office for the manager has been built along the south side of the building. It is finished in knotty pine as a wainscoting, with cream colored sheet rock above. Containing outside windows on the south and west, with large plate glass openings into the show rooms, gives, not only plenty of light for the office, but a clear view of the floor at all times. The bookkeeping department was also enlarged, and is placed along the south wall of the show room and east of the managers office.

A new type floor furnace, with automatic control, gives an even heat to the building at all times, and completely eliminates sweating, which is not only very annoying but damaging as well.

Indirect lighting effect will be used in the show rooms, where the latest type of indirect lighting fixtures were installed by Ashley Electric Shop. The interior decorating was done by John Strong and his able crew, and a visit will show you how well they did the job. It is by far among the most attractive business buildings in West Texas.

Pleasterers and painters are busy this week in completely refinishing the exterior of the building. The awning over the front of the show rooms and offices has been torn away. All outside walls will be re-stuccoed in white Oriental (Continued on Back Page)

### Philathea Class Entertained With Luncheon Monday

The Philathea class of the First Baptist church entertained the members of the Gleaners class and the Associate and ex-members of the Philathea class with a luncheon at the Country club Monday at 1 o'clock.

The Thanksgiving motif was carried out in the decorations throughout the club house.

After the delicious luncheon a short program was rendered. Prayer, Mrs. J. W. McDonald, acconion solo, Mrs. W. J. Beckham, Song, Mrs. Maurice Snell and Mrs. Walter Taylor accompanied by Mrs. A. G. Barnard, reading Mrs. Guy Orr, dismissal, Mrs. Owen C. Taylor.

Hostess for the occasion were Mesdames Buster Davis, Frank Robertson, L. D. Echols, Frank Pritchett, Clay Howell, Olen York, Ben Cason, Earl Goen, Ross McDonald, Bland Taylor, E. J. Bradley, John I. Dean, J. W. McDonald, Justice Walls, Jack Walls, Elmer Cope, Ernest Barrett, Butler Magee, Clarence Nolan, J. B. Middlebrook, John Middleton, Kelly Bockman and J. W. Howell.

The guest list included Mesdames El-drid Travis, Donald Williams, Joe B. Whitlow, George Quensenberry, Carl Wiggins, Claude Wilkes, E. M. Boles, H. B. McMillan, Harley Campbell, Shelby Daimont, Guye Willimon, Lee Barron, Millard McDonald, Maurice Snell, Walter Taylor, Waller Ayres, N. B. Williams, Harmon Daffern, C. D. Spraberry, Fred Godsey, Loyd Mitchell, Raymond Bryant, Owen C. Taylor, Glenn T. Jones, A. G. Barnard, Paul Collier, Otis Lee, Wright Boyd, L. P. Stork of Midland; W. E. Cox of Seminole; M. C. Lindsey and W. J. Beckham.

### Delphian Club Has Thanksgiving Program

Delphian members used the Thanksgiving theme for their program last Tuesday evening at the club house. Roll call was answered by giving one thing each person had to be thankful for.

A trio composed of Mesdames Carl Rountree, W. W. Griffith, and E. R. Yates sang, "A Thanksgiving Prayer." Patsy Jo Rountree accompanied the group at the piano.

Miss Marguerite Flanken, leader for the evening, presented a humorous one-act play, entitled, "Mechanical Jane." Mrs. O. E. Dunlop, and Miss Pinkie Brack, cleverly played the roles of spinster, who found the hardships of housekeeping too much to bear. To solve their problems they bought the marvel of the age, a "Mechanical Jane" to do their domestic chores. Miss Valda Moore held the audience in an uproar by her interpretation of the blunders of a robot maid.

Each club member brought food to be used for distributing Thanksgiving baskets to the needy. Miss Mattie Phenix was in charge of this part of the program.

Miss Valda Moore, Mrs. A. G. Waugh and Mrs. Turner of Ackery; were new members who were present at this meeting.

**MRS. BOBBIE COX VISITS LAMESA**  
Mrs. Cox, nee Miss Della Crossitt of Los Angeles, Calif., arrived in Lamesa Wednesday, having been away for 20 years. Mrs. Cox is a native Texan and a member of a Dawson county pioneer family. She brought her son, Bob Jr., to Austin where he enrolled in the University of Texas and on her return to California, she came by Lamesa to visit with old friends.

### JUNIOR CLASS PLAY CHOSEN

The sponsors of the junior class of the Lamesa high school, announced that the play, "Parrots and Pigtales" had been chosen as their play this year. Mrs. L. M. Pratt will be the director of this play. In the past she has had charge of many school plays and they have always been successful. The cast will be chosen after try-outs have been held. All junior class members will be given an opportunity to try out for "Parrots and Pigtales". Although the date of the play has not been announced, it will probably be some time in December.—Dorothy Berry

### DEBATERS TO BEGIN WORK SOON

The debate work for the Interscholastic League work will get under way soon in the local schools. D. W. Ogletree will again be the director of this event.

The question for debate will be resolved: "That Texas should adopt a new uniform retail sales tax."

The pupils that have announced intention of trying out in this event are Christine Knox, J. D. Dyer, Charles Meyers, Bob Smith, F. M. Mitchell, Ella Mae Smith, Helen Cope, Eva Rankin, Bernice Rhodes and Betty Hurt.—Dorothy Berry

### TRIBUTE TO A SCOUTMASTER

This oral composition was given by Chuck Jacobs to Mrs. Ownby's English 4-A class and was given the best grade in the room, an A plus, because of its sincerity. The composition is as follows:

Joe Spikes came to Lamesa several years ago and was employed in the First National Bank. Joe was not known very well until he was asked to be a scoutmaster. He started out with a common bunch of boys and made real Scouts out of them. Since Joe has been Scoutmaster of Troop twenty-two, he has made a good name for himself and his boys. In all Scout contests such as field meets, swimming meets, kite tournaments, and camps, Troop Twenty-two is always among the highest ranking troops. Joe has been recognized many times as one of the best leaders of boys in his council. He uses his vacation time each summer to go on camps with the boys. I believe he has done more in training boys of Lamesa than any other man.

### FEMINE FANCIES

By Kathleen Eiland  
A steak dinner has never been considered the type of meal that the hostess may cook at the table. But there is a new broiler handsomely turned out in aluminum-like steel, which makes it just that. The broiler makes an attractive addition to the dining table and guarantees that steaks cooked thereon shall be "sizzling," just as men like them, when they're served.

The everlasting question of dust cloths—what to get, now often to get them, and what to do with them when soiled—it maybe has been settled at last.

There are now paper dust cloths on the market which polish as they dust. These are designed to be crumpled up until soft as cloth before using and after being completely soiled to be thrown away.

They come in sets of seven, and would seem to be (we haven't experimented with them ourself) particularly nice for the business girl who has little time to devote to washing and ironing dust cloths but does have to have them in her little apartment.

Progress in transportation with resultant wider travel is named by Dr. William L. Leap of Birmingham-Southern College as the second major cause of the prevalent high divorce rate in the United States. The emancipation of the American woman, he believes, is the chief cause.

At first glance one might wonder just how wider travel would mean more divorces. Dr. Leap explains that through travel both men and women meet more of the opposite sex than did men and women of the horse and buggy days. From these meetings spring friendships and sometimes courtships.

In other words, husbands and wives know more people to compare their mates with, subsequently they become more dissatisfied with them and divorce becomes more frequent.

Much as we look up to travel as one of the major goals for any person to attain, the Alabama professor may be right.

Marriages that he is against, as being apt to end in disaster, are too-young marriages, marriages where the groom has deceived the bride as to how much money he has, and hasty "night club inspired" marriages.

Queen, isn't it? How many different things can be found wrong with marriage and how many marriages go on the rocks—and yet marriage remains as securely rooted in the nature of things as ever.

## The Colon

**IS THE CHIEF WASTE RECEPTACLE OF THE BODY**

It is only about five feet long (in contrast to 24 feet of small intestine) and is capable of considerable distension. It has little power of absorption as it was not meant to take part in the digestion of food but only to quickly dispose of waste materials for which the body has no use.

The Colon has been aptly described as the garbage bin of the body and should be kept as sanitary as a good housewife keeps the garbage can in the kitchen. It is easy to conceive of what happens in this tube when waste materials accumulate for hours or even days in the presence of warmth, moisture, and bacteria. Fermentation and putrefaction follow, with the production of various offensive gases and toxins (poisons) which excite and irritate the bowel wall and become absorbed into the blood and lymph streams.

**American Home Is P.-T. A. Theme**

The regular meeting of the Lamesa Parent Teachers Association was held in the auditorium of the Lamesa elementary school Thursday, November 3. One of the most interesting programs of the year was rendered.

Room 33, one of the seventh grade groups, presented a short play, "Be Home by Midnight," presenting in a forceful way some problems and characteristics of the modern home and the youth of the modern day. The characters had their parts well learned and presented the play effectively. Two prominent members of the association then engaged in a battle of wits in the form of a debate on the subject: Resolved, that the American home of today is a stronger agency for conserving and developing child life than the American home of fifty years ago. Mrs. Nelson Cope ably defended the affirmative of the question setting forth some of the desirable qualities, advantages, and characteristics of the modern home as an agency for developing the child. Mr. J. D. Dyer, an experienced debater of the old school, represented the negative side of the question and defended and upheld the home of fifty years ago in its advantages for childhood. Both participants showed evidence of much study of the question and presented their respective sides in an entertaining and instructional manner.

Announcement was made of the meeting and action of the executive committee the week before and it was announced that the committee was offering an attendance prize to the room in school showing the highest per cent of school attendance during the month of November.

Members were urged to attend the State P.-T. A. Convention being held in Lubbock November 15-17, and it was pointed out that many of the interesting highlights of P.-T. A. work of the state would be found in this convention, which could not be found elsewhere. Official delegates were appointed to represent the local organization at the convention. They were Messrs. J. D. Dyer, D. J. Murray, R. F. Nix, W. H. Collins, Jesse Carroll, Hal Arnett, W. G. Weeks and Miss Lorraine Wilkowske. Alternates: Messrs. J. C. Powell, W. H. Meech and E. A. Conley.

Mrs. D. J. Murray presided over the meeting. The next meeting will be held December 1, and the topic for discussion will be, "The American Home as one of the Present Day Forces Affecting Childhood and Youth."

**Mrs. Baker Hostess To Pioneer Club Tuesday Afternoon**

Mrs. W. V. P. Baker was hostess to members and guests of the Happy Dozen club at her home Tuesday afternoon.

Games of eighty-four were enjoyed during the afternoon.

YOU CAN CUT *Easier* WITH A SHARP KNIFE

...and

YOU CAN SEE *Easier* WITH A *Better Sight* LAMP

Good Light Makes Print Stand Out

Light acts as a magnifier, causing the letters on a page to stand out more clearly. This means that your eyes have less work to do when reading, and that you can read longer without tiring.

You know how much easier it is to cut up a chicken or to trim a steak with a sharp knife. You don't have to work as hard, for the sharp blade saves your energy and saves your time.

A good light makes seeing easier, for you use up energy in seeing, just as surely as you use your energy in working with your hands. With a Better Sight Lamp, the effort needed to read a book, for example, is much less than if the light is poor or glaring.

Go to any store which sells Better Sight Lamps and see for yourself how much easier it is to see under the diffused, glareless light of one of these modern lamps.

We were proud to see the good crowd out at Sunday school and church Sunday. Rev. Kendell filled his regular appointment Sunday. This was his last time to be with us before conference. We are hoping he will be with us another year. Brother Kendell has helped us accomplish a lot this year. We have built a parsonage and furnished it nicely. Painted and repaired the church. We are all proud of his and our work. We are looking and hoping Brother Kendell will be with us another year.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: American Type Founders, Dallas, Texas.

Sworn to and subscribed before me this 14th day of November 1938.

JOE ALEXANDER,  
M. Q. MARTIN,  
My commission expires June 1st 1939.

Mr. and Mrs. Cecil Niblett was called to Weatherford to the bedside of his mother, who is very ill. We are hoping he will find her much improved.

Nadell Stewart of Big Spring spent several days here visiting with her grandparents. Mr. and Mrs. John Stewart.

The following were dinner guests in the J. L. W. Coleman home Sunday. Hazel and Jerry Ward and Doris Criswell.

A large crowd attended the last conference held Sunday at the Methodist church. Several here are planning to attend annual conference at Quanah, Texas.

This community was saddened last Friday by the death of Mr. Lockaby. Funeral services were held at the Church of Christ Sunday evening and was buried in the Ackerly cemetery. We extend our deepest sympathy to the loved ones.

Mr. and Mrs. J. A. Faulkenberry were called to Loraine by the death of his brother Thursday night.

The Methodist members gave a social at the church Thursday night, honoring Rev. and Mrs. Kendell. They were presented with a gift from the church, showing our appreciation for their work the past year.

Our football team went to Coahoma Friday and played their team. The pep squad went with them. The scores were 6 to 18 in favor of Ackerly.

The Flower Grove senior basketball girls played our girls Friday. Ackerly again was victorious.

Mr. and Mrs. George Rhea and children were Sunday dinner guests in the Jessie Swartz home Sunday.

Ed Criswell and Verne Coleman were business visitors at Center Point Sunday evening.

The Brown senior basketball girls came Tuesday and played our girls. The scores were 20 to 11 in favor of Ackerly.

**GRANDVIEW**

The patrons of the community met with the teachers last Wednesday night and organized a local P.-T. A. Officers were elected and committees were appointed. With all cooperating we should have a very successful school year. The P.-T. A. meets again in a call session Friday, Nov. 25.

There will be a short Thanksgiving program rendered by the student body Thanksgiving day. Dinner will be spread together at the noon hour.

C. T. Clanton made a business trip to Lubbock Saturday.

There will be a play rendered here Friday night, November 25th. The name of the play is when "Uncle Steps Out." Everybody come! Brother Whatley will preach here

the third Sunday at eleven and also at 7:30 Sunday evening.

Several from this community attended the singing at Welch last Sunday evening.

The first Sunday singing convention meets here the first Sunday in December.

The school children were divided into two groups the first of last week. One side was given the name of the Reds, the other chose the name, Blues.

These groups made a drive for P.-T. A. membership with the understanding that the defeated side should furnish entertainment and refreshments Friday evening. The Blues won, so the Reds graciously entertained. Several visitors were here and all reported a good time.

**LOYOLA**

To my many friends in and around Dawson County, I want to say that I did not realize that we had so many friends until we began to make arrangements to leave and so many kind words of appreciation when we rented an office in the Oquin Building and announced that we were staying in Lamesa.

I intend to give treatments as I have heretofore. Pay all you can and when you can't, don't feel embarrassed because you owe me. Come right on and let's be friends. Hard times overtake us all and we can't do the things that we would like to do. Many a man and woman has suffered for years because they were not able to have something done. **STATEMENT OF OWNERSHIP**  
Management, circulation, etc., required by the acts of Congress of August 24, 1912, and March 3, 1933 of the Dawson County Courier, published weekly at Lamesa, Texas, for October, 1938.

STATE OF TEXAS,  
COUNTY OF DAWSON, ss.

Before me, a Notary Public in and for the State and County, aforesaid personally appeared Joe Alexander, who having been duly sworn according to law, deposes and says that he is the owner of the Dawson County Courier and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher Joe Alexander, Lamesa, Texas; editor, Joe Alexander; Managing editor, Joe Alexander; Business manager, Joe Alexander.

**ACKERLY**

Hazel Ward, corres.

We were proud to see the good crowd out at Sunday school and church Sunday. Rev. Kendell filled his regular appointment Sunday. This was his last time to be with us before conference. We are hoping he will be with us another year. Brother Kendell has helped us accomplish a lot this year. We have built a parsonage and furnished it nicely. Painted and repaired the church. We are all proud of his and our work. We are looking and hoping Brother Kendell will be with us another year.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: American Type Founders, Dallas, Texas.

Sworn to and subscribed before me this 14th day of November 1938.

JOE ALEXANDER,  
M. Q. MARTIN,  
My commission expires June 1st 1939.

Mr. and Mrs. Cecil Niblett was called to Weatherford to the bedside of his mother, who is very ill. We are hoping he will find her much improved.

Nadell Stewart of Big Spring spent several days here visiting with her grandparents, Mr. and Mrs. John Stewart.

The following were dinner guests in the J. L. W. Coleman home Sunday. Hazel and Jerry Ward and Doris Criswell.

A large crowd attended the last conference held Sunday at the Methodist church. Several here are planning to attend annual conference at Quanah, Texas.

This community was saddened last Friday by the death of Mr. Lockaby. Funeral services were held at the Church of Christ Sunday evening and was buried in the Ackerly cemetery. We extend our deepest sympathy to the loved ones.

Mr. and Mrs. J. A. Faulkenberry were called to Lorraine by the death of his brother Thursday night.

The Methodist members gave a social at the church Thursday night, honoring Rev. and Mrs. Kendell. They were presented with a gift from the church, showing our appreciation for their work the past year.

Our football team went to Coahoma Friday and played their team. The pep squad went with them. The scores were 6 to 18 in favor of Ackerly.

The Flower Grove senior basketball girls played our girls Friday. Ackerly again was victorious.

Mr. and Mrs. George Rhea and children were Sunday dinner guests in the Jessie Swartz home Sunday.

Ed Criswell and Verne Coleman were business visitors at Center Point Sunday evening.

The Brown senior basketball girls came Tuesday and played our girls. The scores were 20 to 11 in favor of Ackerly.

**GRANDVIEW**

The patrons of the community met with the teachers last Wednesday night and organized a local P.-T. A. Officers were elected and committees were appointed. With all cooperating we should have a very successful school year. The P.-T. A. meets again in a call session Friday, Nov. 25.

There will be a short Thanksgiving program rendered by the student body Thanksgiving day. Dinner will be spread together at the noon hour.

C. T. Clanton made a business trip to Lubbock Saturday.

There will be a play rendered here Friday night, November 25th. The name of the play is when "Uncle Steps Out." Everybody come! Brother Whatley will preach here

the third Sunday at eleven and also at 7:30 Sunday evening.

Several from this community attended the singing at Welch last Sunday evening.

The first Sunday singing convention meets here the first Sunday in December.

The school children were divided into two groups the first of last week. One side was given the name of the Reds, the other chose the name, Blues. These groups made a drive for P.-T. A. membership with the understanding that the defeated side should furnish entertainment and refreshments Friday evening. The Blues won, so the Reds graciously entertained. Several visitors were here and all reported a good time.

**LOYOLA**

Mrs. H. A. Duke

Mr. J. W. Brown and family visited their daughter, Mrs. Travis Kid of Wilson Sunday.

Loyola will soon have a new store building. Mrs. Ruse of Lamesa is the owner of the new store.

C. L. Adams made a business trip to Stanton Monday.

Mr. and Mrs. Lonza Marlor and Mr. and Mrs. H. B. Duke visited in the home of Mr. and Mrs. Felix Huse Saturday night.

Mr. Otto Kunkel and family attended church at Sparenberg Sunday.

Miss Lydia Prebic, who has been visiting in the Otto Kunkel home returned to her home in East Texas this past week.

Mr. and Mrs. Guthrie Allen, Jr., of Brownfield spent the weekend here visiting his parents, Mr. and Mrs. Guthrie Allen.

Miss Gladys Wright of Abilene spent the weekend here visiting with friends and relatives.

Miss Betty Travis and Miss Mary Roach, of Wink, spent the weekend here visiting with friends.

Mrs. Bennie Hendrick and daughter, Mary Zoe of Abilene are here visiting her mother, Mrs. Holly Woods.

Miss Hattie Emma Yates of Tech, Lubbock, spent the weekend here visiting with her parents, Mr. and Mrs. W. M. Yates.

Miss Maynette Moore of Lubbock, spent the weekend here visiting her parents, Mr. and Mrs. Ben Moore.

As a part of the new program, this popular firm will stock a complete line of plumbing supplies. Although they have carried a limited stock heretofore, they will now be able to supply any sized order, according to the management.

Mr. Homer St. Clair, popular and genial manager of this company, came to Lamesa from Tahoka to take the management only a few months ago. However he is no stranger to the people of Lamesa and Dawson county, having served as bookkeeper for the Lamesa yard, prior to taking the management of the yard at Tahoka. He is very active in the civic development and the growth of the community and is a decided asset to the town.

**SEEK TO BANISH INTERFERENCE ON LAMESA RADIOS**

A move is on foot in Lamesa among the Radio Dealers and repair men of the city to try and curb some of the radio interference which has been bothering radio fans of the city during the past several months.

A fine spirit of cooperation has been shown among those who have electrical appliances which may be causing the noise, in that many of them have signified the intention of removing the cause when brought to their attention.

This is a worthwhile move, of which every owner of a radio in the city will sanction.

**Recreation Dept. To Stage Play Here**

**Hog Killing and Curing**

Hog killing time is here now and many are planning to kill and cure the farm meat supply within the next few weeks. As has been the practice of the agent in the past, demonstrations on killing hogs cutting up the meat and curing will be given in those communities who want the work. Of course, the demonstrations in this work are in line with the work of the agent. I have some butchering equipment and will be able to assist in most communities who want the work. As for the curing processes most farmers have their own special methods of curing the meats. I believe that I will be able to give some good pointers in cutting the meat and making nicer cuts that will give a better quality of meats for the farm meat boxes.

There are quite a number of men who have been cutting up hog meat the extension way for the past several years as well as curing the meat the A. and M. way. It is not my purpose to try to get farmers to quit their old

way of curing the meat according to their own pet formulas but to show you how to cut the meat and put it up in more attractive packages.

**Important Meeting of Farmers at Plainview, Texas**

There will be a very important meeting of farmers of West Texas held at Plainview Monday and Tuesday, November 21 and 22, in the city auditorium. Mr. M. L. Wilson, under secretary of Agriculture will address the meeting Monday at 2 p. m. I believe this meeting especially the first day will be well worth any man's time to drive to Plainview for the meeting on Monday.

Lamesa, Dawson County, Texas, Thursday November 17, 1938

Number 44

## Two Day Farm Meet To Be At Plainview

M. L. Wilson, under secretary of Agriculture, will be the main speaker on Monday afternoon, the first day of the two-day West Texas Agricultural Congress to be held in Plainview, on November 21 and 22, according to C. H. Day, Waco, president of the Texas Agricultural Association. This is the second meeting this fall arranged by farmers themselves in cooperation with the Texas Agricultural Association which has brought national agricultural leaders to discuss farm matters with Texas farmers, Day said.

Virgil V. Parr, Spur, manager of the Pitchfork Ranch and Cattle Co., and director for district 3, of the Texas Agricultural Association, will introduce Secretary Wilson.

The Congress, which will be held in the Plainview auditorium, opens at 10 o'clock, November 21. Speakers for the morning session include C. E. Bowles, Texas Extension Service; Senator G. H. Nelson, Lubbock; Mrs. W. G. Kennedy, Muleshoe; E. H. Grimes, White Deer; and Senator A. B. Tarwater, Conservation, agricultural legis-

lation and the responsibility of farm women to agriculture are among the subjects to be discussed.

Secretary Wilson will speak at 2:45 Monday afternoon. Dr. R. H. (Bob) Montgomery, University of Texas, is scheduled to speak on the same afternoon. Tuesday's speakers include R. A. Manire, state director, vocational agriculture teachers, Austin; J. E. Montgomery; and J. S. Sharp, Paris, president, Texas Cotton Growers Association.

The Congress is being arranged by the co-ops of West Texas in cooperation with the Texas Agricultural Association.

### BARTLETT H. D. CLUB REPORT

Save cotton which otherwise would be left in the field, by making a good mattress. Materials needed are 10 yards of ticking, 32 inches wide, 30 yard strong mattress cord and 50 pounds of cotton.

Mrs. R. L. Miller and Mrs. Tipton gave a very interesting demonstration by making a mattress at the home of Mrs. L. Thomas November 9.

The meeting was called for 10 a. m. In the morning officers were elected

for the coming year. At noon a nice dinner was served to the ten members and three visitors. In the afternoon everyone helped some on the mattress which was made for Mrs. Dameron. The next meeting will be November 23 at Mrs. T. L. Wallace's, the kitchen demonstrator.

## Movie Records Action Of Humming Bird

A humming bird built her nest in a triangular sign in Hollywood and reared a family of two. The story is told in a film recently acquired by the Visual Instruction Bureau of the Division of Extension, University of Texas. Mrs. Charles Joe Moore, director of the bureau has announced.

The film close-ups the nest, the mother on the nest the baby birds soon after they were hatched, the mother bird feeding them through regurgitation, and finally the mother bird forcing the little ones from the nest.

Another new film acquired by the bureau is "Energy and Its Transformation," which was produced in cooperation with Dr. Harvey B. Lemon and Dr. Hermann I. Schlesinger of the

University of Chicago. The principle of conservation of energy and the concepts of power and work are demonstrated in experiments.

These films and others on a variety of subjects may be obtained from the Visual Instruction Bureau of the University by schools and civic organizations.

## Texas War Records Preserved at Austin

In the archives of the University of Texas, there are filed away increasingly valuable evidences of the activities of people of the State during the time of war. More than fifty filing cabinet drawers in the library archives of the University have been filled with collections made by the Texas War Records Collection Bureau, established in October, 1918, and which functioned for several years. Instigated by the desire of several Texas historians that the war records of the State be gathered and preserved, the bureau selected Dr. Milton R. Gutsch, professor of history at the university as director of the work.

The search for material brought to the bureau books, war pamphlets, tags buttons, war music, photographs, newspapers, war maps, and countless State records.

Especially complete and valuable is the collection of war-time propaganda posters from, not only the United States, but Britain, France, Italy, Belgium, Germany, Canada and Russia. Some of these are advertising posters with war mottoes of private corporations, and are regarded as vivid illustrations of the crystallization of public opinion during war years.

Dr. Gutsch, speaking of the collection of printed material, said:

"Although much of the war literature is of an ephemeral character, it is certainly of value in the study of war propaganda and war psychology. In collecting this literature, preference has been given to memoirs and dairies."

## H. D. Council To Give Bread Demonstrations

Please pass the biscuits—the muffins—the gingerbread—the cornbread! Such requests will be heard around the

family tables of home demonstration clubs members during 1939. The reason? The home demonstration clubs will carry as a demonstration the grain products phrase of the home food supply demonstration and special emphasis will be placed on the preparation of quick breads such as biscuits, muffins, pastry, cornbread, yellow kaffir bread, waffles, brown bread, gingerbread, orange bread, prune bread, banana nut bread, and the utilization of these breads in school lunches, parties and sandwiches.

Kitchen and yard improvement will continue to be carried. Demonstrations relating to these demonstrations will be given once each month by the home demonstration agent. The programs for the second meeting or the meeting when the agent is not present will be along the lines of Music Appreciation, Art Appreciation, Outstanding Women of America, Studies in Family Life and one program based on the Bible.

For the New Year's Work, each woman will set her own goals to meet her needs and possibilities. There will be no goals set except as club members see a need for and a possibility of accomplishing them.

## S.C.S Notes

"Some of my neighbors have been asking me this year why my crops are better than theirs and why the stand and growth is so much more even over the entire field," says J. E. Johnson, whose farm is located about seven miles northeast of Littlefield on the east slope of Black Water draw.  
 "The explanation is very simple," Mr. Johnson declares. "In the fall of 1935 when the Soil Conservation Service CCC camp was established in this area, my farm was being damaged severely by both wind and water erosion. After observing results of soil and water conservation practices on other farms during the first year, I decided that my

farm might be benefited by the same methods.

"In the fall of 1936, broad-based, level terraces were constructed on my 130 acres of cultivated land. Milo maize was planted on the newly-built terraces to strengthen them, and the grain was hand headed to leave the stalk as protection against blowing during the spring. I planted the short rows in grain sorghums and left the long rows for cotton.

"My terraces cost me \$150, and more paid for themselves in increased yields the first year. In 1937, when we had good rainfall, my cotton yielded 32 bales from 42 acres, and the grain sorghums harvested a ton and a half to the acre."

This year, with rainfall considerably below that of 1937, Mr. Johnson estimates that his cotton will yield at least a half bale to the acre, and points out that farms south and east of his land, where conservation practices are not being used, will harvest only about a quarter bale to the acre.  
 Besides improving his yields and in checking erosion through the use of soil conservation practices, Mr. Johnson is using other methods to place his farm upon a more profitable basis, he reports. While his cotton as a cash crop, he is using his grain sorghums crop to feed out livestock.  
 "I find this method more profitable than selling the feed on the open market," he says. "This winter, I am marketing my feed through 50 head of beef cattle, 15 pigs and 400 chickens."  
 "Although my terraces cost me only \$150, I wouldn't take \$500 for them," he states. "Not only have they increased my crop yields, but, with other conservation practices, have served to check wind and water erosion on my land."

## Soil Conservation Increases Crop Yields

Crop yields increased from two to three times—grass production doubled—erosion checked—and the land value increased by an estimated \$10 an acre. This, briefly, has been the result of the use of soil and moisture conservation practices on his 607 acre farm, 10 miles southeast of Lamesa, reports L. B. Stuart, one of the outstanding farmers of this area.

Two hundred acres of this farm were placed in cultivation in 1917. Mr. Stuart reports, and an additional 240 acres were broken out between 1925

and 1927. Straight-row tillage of the cultivated land and excessive grazing during drought years on the 167 acres of pasture land resulted in sheet erosion and gullying, he says.

In order to combat this erosion, Mr. Stuart became one of the first operators of the Soil Conservation Service when the CCC camp was established in the Lamesa area in 1935.

Part of the cultivated land was terraced in 1935, and more in 1936 and 1937. Tillage operations have been on the contour, and sudan grass and sweet sorghums have been drilled on the terraces and truned under in the winter to reseed. Strips of erosion crops such as sorghums, have been planted between strips of non-erosion resisting crops, such as corn and cotton, in yearly rotation. The sorghums have been either headed by hand or cut with a row binder to leave at least a 10 inch stubble for protection against soil blowing during the winter.

Mr. Stuart reports that his average yields before adopting soil and moisture conservation methods were a third of a bale of cotton to the acre, and a half-ton of headed milo maize. Now, he says, his yields are from a ton and a half to three-fourths of a bale of cotton to the acre, and from a ton to a ton and a half of headed grain of headed grain. Ideal rainfall, he says, has been responsible for a part of the increase in yields, but he feels that moisture conservation contributed a great deal toward these increases.

The pasture land has been terraced and contour furrowed, the terraces being approximately 200 feet apart and the furrows at intervals of about 30 feet. Grazing has been regulated so the grass might have a chance to reseed. The result has been, Mr. Stuart reports, that the grass has been materially benefited and that the estimated carrying capacity of the range land has been doubled. Check dams have been placed in gullies with the result that this form of erosion has been checked.

"I am sure that the value of my land has been increased by at least \$10 an

acre, and I now notice that these soils and water conservation practices are being adopted by most of my neighbors who have observed how my land has been benefited," Mr. Stuart states.

"In addition to my income from cash crops such as cotton, I derive over \$1,000 a year from my dairy cows, chickens and hogs. I also feed from 50 to 100 head of range cattle every winter, using the feed from my sorghums crop.

"My higher yields and the increased value of my land have made possible more farm improvements. I have been

able to build stock water tanks, improve fences and roads, and have now planted many trees which have attained a good growth and add to the value of the farm."
