Local Sales Tax Shows Improvement

State Comptroller Bob Bullock Friday sent checks totaling $53.2 million in local tax payments to the 1,017 cities that levy the one-percent sales tax.

Houstons' check for $8.4 million was the largest, cown three percent form last year's payment of $8.6 million.

"Statewide payments are up three percent over last January's checks. However, a short holiday shopping period since Thanksgiving and an early cutoff in processing tax returns may account for some cities showing lower payments," Bullock said.

Locally, Talco received $1,099.18 for this period, a 47.19% increase from last year's payment of $746.76. Talco's payments to date total the first period figure.

Bogata received $1,161.35 for this period, a 25.97% increase over the payment for the same period last year of $921.96.

Clarksvilel received $11,177.61 for their payment this period, for a 8.29% decrease over the 1985 payment for the same period.

Detroit received $733.78 for a 26.52% increase over the 1985 period of $579.96.

Blossom received $703.02 as net payment this period showing a 28.50% increase over the 1985 payment of $547.10 for the same period.

Deport received $563.65 for the period, marking a 10.04% increase over the 1985 payment of $512.24.

Paris received $115,481.65 for the period, showing a 5.84% increase over the 1985 payment of $109,105.01.

January checks represent taxes collected on sales made in November and reported to Bullock by December 20.

NICHOLS' WORTH

By: Nanalee Nichols

We saw Halley's Comet the other night. It wasn't terribly impressive, except for the knowledge that it won't be back around again after this spring for about 75 years!

We drove out on a hill south of town, where there are no lights. The thin slice of new moon had already vanished. The only lights were a few miles off yard lights.

It took a while to find. The process of turning on a light, trying to memorize the star patterns of the constellation just above the comet's location, then turning off the light and letting eyes adjust took awhile.

But, eventually, we found it, low to the horizon, and burning with an orange light that was very different from a star.

The description of it as a "fuzzy star" was correct. We watched it through binoculars long enough to note the slow movement across the heaven.

Okay, Halley's Comet has been duly noted. But the side benefit fromm teh comet watching was unexpected. For the first time in a while, we noticed the stars.

These nights the sky is so full of crystal clear light points it is incredible.

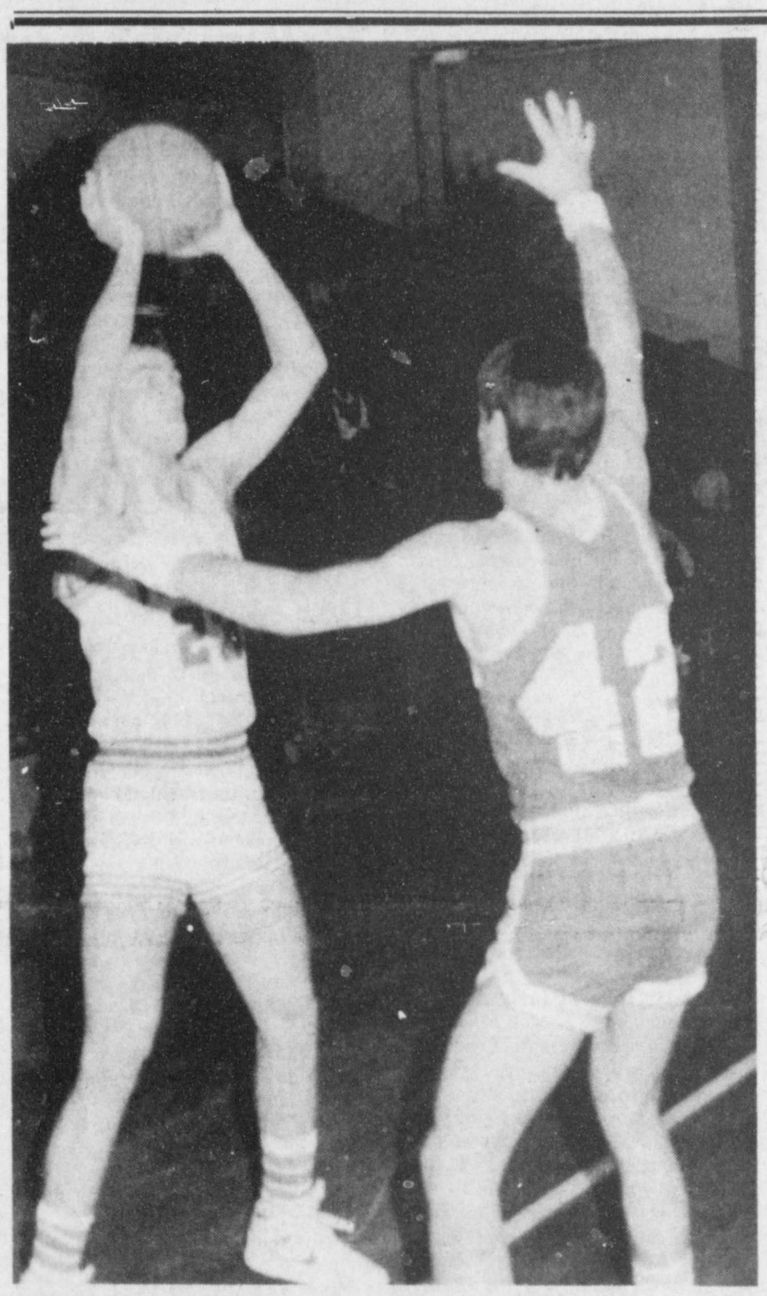

The nights aren't too cold, a coat takes care of it. The skies are so clear, the Milky Way practically jumps out of the sky. Jupiter glistens like a jewel, and the big and little dipper are easy to pick out.

Those with more knowledge can pick out the bear, Aquarius or Pegasus with ease. But science isn't important....simply getting in touch with the heavens is peaceful.

The stars are beautiful, mysterious, unreachable to mankind right now, as they have been for centuries.

But they are, to me at least, so friendly. Without a moon right now to detract from them, they are more special than ever.

Take a moment, step away from our ever-present artificial lights and look up....it's worth it!

Lady Patriots End 1st Half District 5-2

By James VanDeaver

The Prairiland Lady Pats ended their first half of district play Friday night at Prairiland with a record of 5-2 after winning a lopsided 40-26 game with North Lamar.

Although Prairiland-North Lamar games are considered to be some of the most intense high school games in the state, Friday night's game was one of the few exceptions. The only close part of the game was the first quarter. With both teams having a cold shooting quarter, it was bound to be close. Point guard Jana Pomroy first put Prairiland on the scoreboard with 5:25 left in the quarter to give the Patriots a 2-1 lead. The only other scoring in the quarter came on a jumper by Deana Watson to give Prairiland a 4-1 lead at the end of the first quarter.

In the second quarter, luckily, the Prairiland offense began to perk up. Mixing in crisp patterns along with some Klarissa Keys string music, the Patriots slowly began to pull away from North Lamar. THe Patriots took advantage of every opportunity in the quarter and led at the half 18-9 with the aid of a 20 footer at the buzzer by Watson.

The second half also belonged to the Patriots. Although North Lamar kept Jenissa Baker at bay in the first half, she erupted for eight points in the second half. Also scoring big in the half was the predictably-exciting Deana Watson. Scoring from all over the court, Watson rang up 10 of her game high 16 points in the half as Prairiland took no prisoners with North Lamar. Although many fans envisioned a traditionally close game, Prairiland went on to defeat North Lamar 40-26.

Patriots Destroy North Lamar

By James VanDeaver

Like the Lady Patriots, the Patriots had an easy time defeating the North Lamar Panthers 70-48 to improve their district record to 5-0.

The first quarter was characteristic of the entire ball game. Playing good fundamental basketball, the Patriots quickly jumped out to a 11-0 lead. Joel Ballard shot unconsciously from the field as he has all year and made eight points in the quarter as Prairiland led at the end of the quarter 19-3.

In the second quarter, Prairiland thoroughly thrashed the Panthers. Prairiland fast breaked when given a chance, and also, canned 20 footers. The hot Patriot of the quarter was Scott Scudder who made ten points from long range. With Prairiland's offense clicking, the Patriots led at the half 41-19.

In the second half, Prairiland again outscored North Lamar by 22 points. Also, Mike Connot and Craig Burns dominated the boards and the inside game. Scott Scudder scored 13 of his game high 28 points in the half and Joel Ballard scored 8 of his 20. Because Prairiland outplayed North Lamar in every phase of the game, the Patriots went on to win 70-48.

Patterson Seeking Re-Election

State Representative L.P. (Pete) Patterson, D-Brookston, announced today that he will seek re-election for State Representative, District 2 which is comprised of Lamar, Delta, Fannin and Hopkins Counties.

Representative Patterson is presently serving his fifth term in the Texas House of Repressentatives. During his tenure, he has served on various committees and is currently serving on the Agriculture and Livestock Committee and the County Affairs Committee.

Representative Patterson most recently passed through the legislature the Farm and Ranch Finance Program which will provide low-interest loans to farmers and ranchers to purchase agricultural land. The program received the support of Texas voters last November who approved a constitutional amendment to authorize the issuance of general obligation bonds to finance the program.

In announcing for re-election, Representative Patterson forsees tremendous problems facing the next session of the Texas legislature because of budget restraints, and vows to continue his efforts to be a voice for the working taxpayer of this state.

School Board Okays Cafeteria Use

The Prairiland School Board met in regular session Monday night, and made the decision that groups or organizations within the school district could use the cafeteria for suppers and meetings.

Before the new, separate cafeteria was built, the cafeteria could not be used without opening up the entire school, leaving classrooms, gym and offices accessible.

Leslie H. Taylor's contract was extended until July 1, 1989, Dr. Richard Nash's extended until July 1, 1988, and Max Ballard's until July 1, 1988.

The secretaries to the administrative staff were also extended for one year.

Kenny Gifford of Deort was sworn in to fill the unexpired term of Johnny Dawson.

Rufus Merritt was appointed by the board to serve on the TASB Legislative Network Board. He will attend meetings pertaining to school activity legislation throughout the year.

The use of the Prairiland Gym was authorized for the Rural-Urban Dinner in March.

Bond for Tax Collector was set at $40,000.00.

The minutes, financial report and payment of bills were approved.

Deport To Join Crime Watch

The Deport City Council met Monday night. One of the first things they did was to approve Deport's becoming part of the Neighborhood Crime Watch Program, which is currently in operation in other parts of the county.

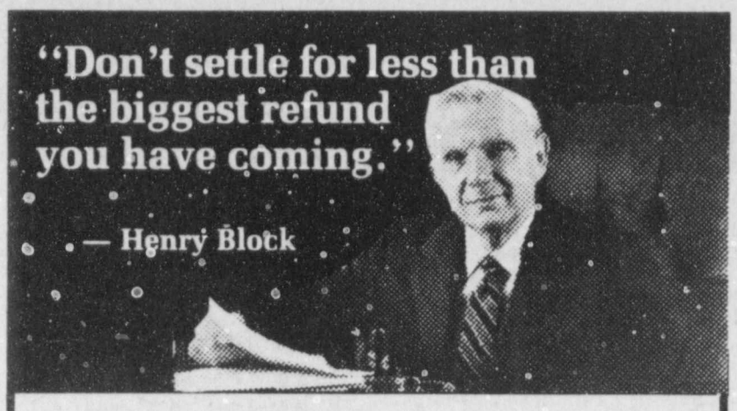

The decision was made to repair the bridge at the north end of town, with the cost being $10,000 to the city. This was approved with the provision that the city would have the final say on the structure of the bridge.

The next city election is slated for April 5, 1986, with the mayor and two aldermen coming up for election.

Audits are to be done by McClanahan and Holmes in Paris.

Mayor Charles Foster is to go to Washington, DC for a federal briefing on grants, and the council approved paying him for the days he will have to be off work from his regular job.

The bills were paid, financial report approved and minutes approved.

RRV Deaf And Hearing Presenting Music Show

The Red River Valley Deaf and Hearing Association is proud to present the Braschler Quartet music show of Branson, MO in concert January 18 at Paris High School at 7:30 p.m.

The Braschler Quartet has become one of the sensational new shows to open in Branson in many years. Acclaimed by many, such as Presley Tours International, to be one of the top two or three shows in the area, the all male group sings a wide range of old time and modern quartet music. Their repertoire includes barbershop, Sons of the Pioneers, Tennessee Ernie Ford, Eddie Arnold, Statler Brothers, Oak Ridge Boys, old time and modern gospel and many other styles of quartet music.

Both music and comedy are woven into a blend, which will not only entertain, but uplift you as well. The content of the show is clean, exciting and fast moving and is guaranteed to make you glad you came.

The Red River Valley Deaf and Hearing Association is a non-profit non-religious, non-political, non-racial organization serving all deaf and hearing impaired persons without regard to race, color or religion, sex or nationality.

4-H Pigs Arriving

By John R. Senter

If you were one of the 4-H'ers that ordered a barrow for the April Junior Show, this will be good news.

The pigs are ready to pick up and I will be going after them Monday of this week. We will have the selection this Saturday, January 11 at the Fairbarn beginning at 10 a.m.

This will give you plenty of time to finish any repairs, additions or changes you need to make in your pig pens.

It is very important to the success and health of these pigs that they have as close to idea conditions as possible waiting for them when you get them home.

The pigs must have a lot of clean water and a good starting feed waiting for them. It will also be a very big plus for you and your pig if you will have some type of shelter with some deep, warm, dry bedding ready and waiting. It is important that the house be closed as much as possible to keep it warm an draft free.

Often times the success of an animal project is direclty related to the care and attention that animal gets at the start.

In short, for the best results, keep your pigs full of feed and water, keep them dry, warm and happy and they will get off to a super start. See you Saturday.

Pattonville Homemakers Meet

The Pattonville Extension Homemaker Club met with Carmen Eudy, with chairman Juanita Russell, opening the meeting with Mrs. Eudy giving the devotional entitled "Hurting and Hungering". Virgie Hoover voiced the prayer.

Mrs. Russell had charge of the recreation program, "Goals for the New Year", "There's a Reason" and "Biblical Nicknames."

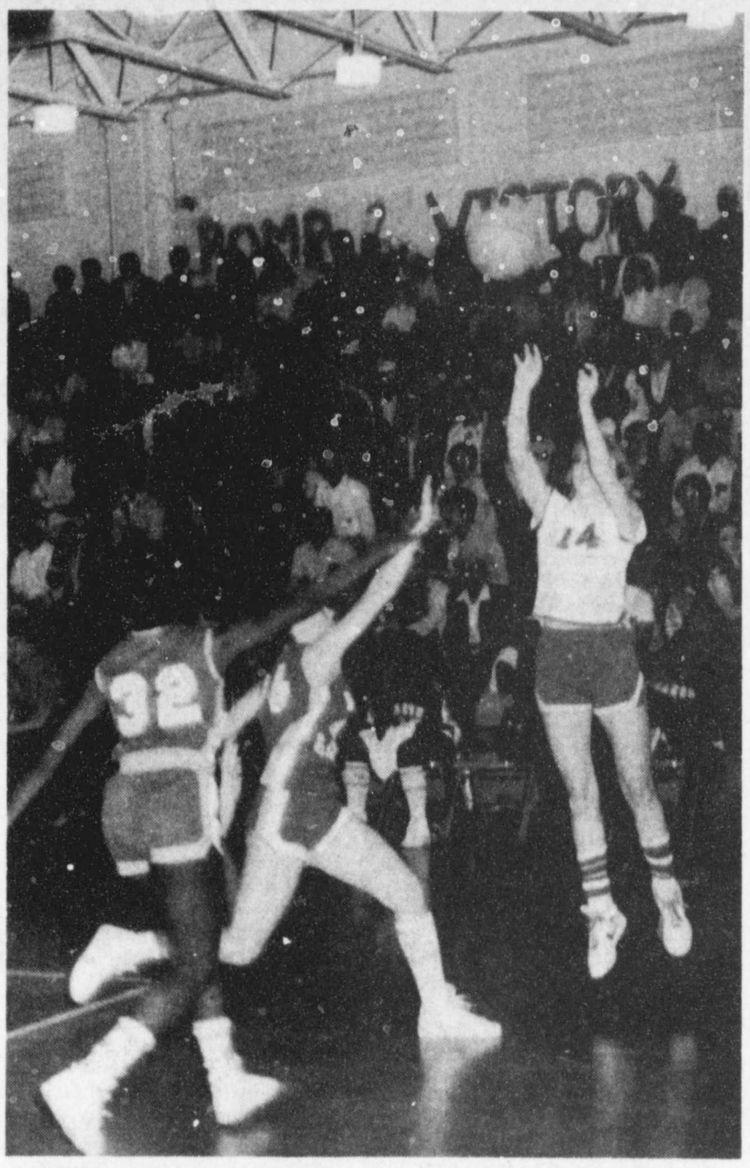

Roll call was answered with one New Year's resolution. Mrs. Eudy had the program on old year books as far back as 1949 at that time council had 25 clubs and over 300 members. AT that time Mrs. Eula Newman was the agent.

The Pattonville Club officers for 1949 were: president, Mrs. O.V. Salters; vice-president, Mrs. Earl Floyd; secretary-treasurer, Mrs. Albert Woodson; council delegate, Mrs. Austin Eudy; reporter, Mrs. Cecil McDowra; Parliamentarian, Mrs. Guy Shelton. The club at that time had 11 members. It was very interesting to review 37 years of club work and programs they had and projects carried out during those years.

During the social hour, the hostess served refreshments to four members.

Margaret Smyers won the hostess gift.

The next meeting will be in February in the home of Virgie Hoover in Pattonville.

Fruit Tree Information

By Herb Brevard

Many people in East Texas will soon be purchasing and setting out fruit and pecan trees. According to Dr. George Philley, plant pathologist, purchasing or ordering trees early assures the producer that the desired varieties can be obtained. If purchases are delayed, the producer may have to settle for less desirable varieties or wait another year to plant. It is better to wait than plant a tree that will not produce quality fruit or be weakened by disease.

The Texas Agricultural Extension Service has lists of recommended varieties based on disease resistance, yield, quality and other factors. These lists are available from local county Extension agents throughout the state.

Philley says to select pecan varieties that have good resistance to scab disease. Choctaw, Cheyenne, Shawnee, Kiowa and Desirable have good scab resistance and are on the recommended list. Melrose, a new variety from Louisiana, also appears to have good scab resistance.

In selecting pear varieties, resistance to fire blight is important. Two varieties, Orient and Kieffer have the best blight resistance. Garber and Pineapple are somewhat tolerant to the disease. Moonglow and Magness are moderately susceptible, while Bartlett and LeConte are highly susceptible.

There are no peach varieties resistant to brown rot, the most destructive peach disease. Basically, peach varieties are recommended on fruit quality and ripening time rather than disease resistance.

"Management For Survival" Area Farm Meeting Theme

By Paul D. Payne

"Management For Survival" will be the theme of the area farm meeting to be held in Paris on January 16. Agricultural producers in this area as well as throughout the nation are facing critical economic hardships. This day long meeting has been designed to provide some answers and ideas to meet the present farm challenge.

The meeting will be held in the Community Exhibit Building located on the county Fairgrounds in Paris. Registration begins at 9 a.m. and the first presentation by DeKalb Banker, Fred Gilliam, is scheduled for 9:30 a.m. His presentation will delve into the strategy which prodcuers must use to survive. He will emphasize the financial planning and requirements to maintain a sound production unit,.

John Morehead, executive director, MO Farms, Columbia, MO has the topic "Deciding Your Future". This program counsels with farmers who are in financial trouble and his remarks should be helpful to area farmers and ranchers facing similar situations.

The last two morning presentations will deal with leaving agriculture. One will concentrate on leaving agriculture to preserve wealth and assumes that the producer can get out without going bankrupt. The second phase will be a discussion of bankruptcy and the consequences. Dr. Danny Klinefetter, Extension Economist from College Station and Paris Attorney, Bill Payne, will be the speakers.

The afternoon session will focus on direct marketing alternatives and possible alternative crop possibilities. The first panel discussion on marketing alternatives will include the director of commodity purchasing for Pilgrim Industries, the manager of Farmer's Co-op in Sulphur Springs, a Hopkins County dairyman and Bowie County quarterhorse breeder.

Alfalfa production prospects will be discussed by John Srodes of Texas Power and Light while Bob Cartwright, President, Ran-Pro Farms, Inc., Tyler, will discuss greenhouse grown landscape ornamental production. Bob German, president, 5-M Nurseries, Lindale, will discuss the potential for field grown landscape ornamental production and blueberry production will be covered by Brent Ramage of Hooks. Jewel Ramage also of Hooks will look at some of the potentials and hazards of bermudagrass hay production.

All interested individuals are encouraged to attend and participate. There is a $10 registration fee which is needed to pay for speaker expense, building rent and the noon meal. Individuals planning to attend are requested to call their County Extension Agent by noon on the 15th. This will help with meal preparation plans.

The Lamar County Farm Bureau and the County Extension Office is teaming up to provide an update on Estate planning. Several changes have taken place in the state and fidual estate laws since the last seminar was held in the county, and it is felt that individuals should be made aware of those.

The seminar will be Tuesday, January 21 at 1:15 p.m. in the Exhibit Building. All areas of estate planning will be covered by a panel of knowledgeable speakers including Mary Clark, Paris attorney and Gary Annis, CPA.

Local Cities, Schools Receive Allocation Of Franchise Tax

State Comptroller Bob Bullock said Friday checks totaling $1.1 million were sent in a special allocation of the state franchise tax on banks to 245 cities, school districts and other special districts.

Bullock said the special allocation reflected final adjustments of the new tax that involved some 1,976 banks and 2,119 local taxing jurisdictions.

The first allocation from the new tax on banks was made in August, and checks totaling $61.6 million were sent to 1,996 local taxing units.

Most of the taxing units, 1,715, were unaffected by the special allocation. Of the remaining jurisdictions affected, money was shifted from some taxing units and reallocated to others.

The Legislature in 1984 brought banks under the franchise tax for the first time and allocated receipts from the tax to cities, counties, school districts and other local taxing units where the banks are located.

Banks are taxed at the same rate as other Texas corporations. Previously, bank stocks were subject to local property taxes. The Legislature exempted the stocks from property taxes substituting the new bank franchise tax. Collections are prorated among local taxin gunits based on their tax rates.

Prairiland CISD received $1,623.15 for the period ending December 18, 1985 while Talco-Bogata CISD received $5,278.43.

The City of Bogata received $1,496.60 for the period and the City of Deport received $1,211.32.

In Hammerfest, the northernmost town in Norway, the sun does not set between May and July. This brings many visitors to the town to see the "Midnight Sun."

4-H News On Projects

By John R. Senter

All 4-H'ers that have poultry projects for the April Junior Show are, or should be, participating in the poultry project group.

There has been one meeting of this group late last year. The next meeting is Thursday, January 16 at 7 p.m. at the Chamber of Commerce. Pat Gaylon is in charge of the group and the material she presented at the last meeting was great and this meeting should be better. Pat has asked that all 4-H'ers that plan to have county show broilers make sure and come to this meeting to help get your county show birds off to a good start.

In the past year or two there has been a big increase in 4-H enrollment just before the April Junior Livestock Show. It seems as though some folks forget to join 4-H until just before show time.

To help solve this problem, the county 4-H Parents and Leaders Association adopted a new rule at their January 6 meeting.

The rule states that : "In order to be eligible to show a project in the County Junior Livestock Show, a 4-H'ers must be enrolled before March 1,, 1986. After this year the date will change to January 1 of the year of the show as the deadline."

The new rule is not meant to keep 4-H'ers from participating in the county show, it is meant merely to encourage members that are only "part time 4-H'ers" to become more active.

The rule applies to all 4-H projects and if you have not filled out an enrollment form since September 1, I encourage you to do so before March 1 of this year.

It is no secret about the rule concerning "No Pass-No Play" that came about early last year.

However, I feel like you might want to be reassured of exactly what the rule means for 1986.

Please be aware that if you fail a class in the six week period before the Junior Show you and your project will not be able to show or sell in the case of market animals.

This includes every type of project! This is also the ruling of both the County Leaders Association and the Junior Livestock Show Association. Please note that last year there were some exceptions to the rule. This year not even the Lone Ranger will be able to save us, so make sure you pass.

The 4-H'ers at Red Oak 4-H have become lonely to get together with the rest of the county 4-H'ers. To help solve their loneliness, they have scheduled a county-wide skating party for all county 4-H'ers. The event is set for this Thursday, January 16 at Skate Land from 6:30 to 8:30 p.m.

The cost will only be $1.00 per persona nd this will entitle you to all the fun, friends, skating and refreshments you can stand in two hours. Show your county support, come to the party.

CLARDY FIRE-This grass fire was only one of many which volunteer firemen have had to put out recently. Extremely dry grass has provided the perfect tinder, which ignites at a dropped cigarette or match. Fire departments are urging caution. (Staff Photo)

An attempt to break in to Roach Oil Company was unsuccessful, while prowlers were run off from a residence south of Deport.

Deport's Name Underwent Some Changes

Editor's Note: Roy Wright brought in the following clipping from the Dallas Morning News, in Tolbert's Texas. There is no date availale, but from the age of the paper, it was printed quite a while ago.

As it happens, I was visiting the other day in two towns in the northeastern reaches of this province whose names were changed for what might be called religious reasons. These were Deport, Lamar County, formerly called "Devil, Texas", or that's how it was pronounced, and Redwater, Bowie County, once named Ingersoll in honor of the No. 1 agnostic in 19th century United States, Robert Green Ingersoll.

Deport (pronounced "DEE-port") is a neat village of 639 just southeast of Paris. It's first settlers, around 1874, were John L. Thompson and his son, Dee Thompson.

The first post office was called Deeville for Col. Dee Thompson. Only the inhabitants persisted in pronouncing Deeville as if it were "devil". In exasperation, the Thompsons changed the title of the post office to Deport.

Mrs. Arthur L. Stalls, aged a lively 86, is a daughter of Dee Thompson and she has lived in Deport all her life. (She told me that "I'll never get old enough to enjoy being called Grandma," although she is a grandmother many times). Mrs. Stalls said that her grandfather and father wanted to change the name to "Deeport" only the stubborn folks in the postal department would not allow the extra "e".

There were evidently a number of free-thinkers in what is now Redwater when the town started on a new railroad line in 1889. And they titled the village in a pine forest west of Texarkana for the great orator and critic of the Bible, Bob Ingersoll.

A little later a deeply religious fellow from England, E.T. (East Texas) Page became the town's leader and biggest booster.

East Texas Page said it would never do for the village's name to memorialize an agnostic. (It is said that Bob Ingersoll's adverse criticism of the Bible cost him a post in the U.S. Cabinet). So Mr. Page changed the post office to Redwater for some sulphurous springs in the vicinity which spout Coca-Cola-colored waters.

The words of the song which go "down in Louisiana, a little bit south of Texarkana, in those old cottonfields, etc." might describe at least a third of the City of Three States which I visited on this current journey.

Odis Watson Recovering After Tractor Accident

Odis Watson of Cunningham is in St. Joseph's Hospital in Paris after being run over by a tractor on Saturday.

Watson, who is 76 years old, got down from the tractor he was plowing with when it died, and used a screwdriver to "hot shot" the machine. The tractor was still in gear, and jumped forward, knocking Watson down.

He has a fractured skull, broken collar bone and ribs, broken jaw and internal injuries, and is listed in stable condition in the intensive care unit. Further, tests are expected to show whether he needs to be moved to a Dallas hospital for further treatment.

A neighbor apparently saw the driverless tractor circling in the field and called help. Several people stayed with Watson and rendered aid until an ambulance could arrive to help him.
