

## Eleven Seniors To Graduate At Dodson May 22

Graduation activities for Dodson seniors will open with the baccalaureate service Sunday evening, May 19, to be followed by the commencement on Wednesday evening, May 22. Eleven boys and girls will be graduated from Dodson high school this year.

Commencement speaker will be T. C. Root, administrative assistant, Texas Technological College Lubbock. Rev. Hugh Blaylock, pastor of the Methodist church, will preach the baccalaureate service. These services will be at Nazarene Church while the commencement program will be at school auditorium. Both will begin at 8:30 p. m.

Miss Betty Sue Malone, daughter of Mr. and Mrs. Dewey Malone, is valedictorian of this year's class, and Miss Joyce Burge, daughter of Mr. and Mrs. Noel Burge, is salutatorian.

The program for the baccalaureate service includes the processionals, Mrs. George Beavers; invocation, Minister Van Bonneau; "Holy, Holy, Holy," sung by the audience; a vocal trio "Hold Thou My Hand," Betty Nell Patterson, La Verne McWhorter and Ruby Cornelius; the sermon, Rev. Blaylock; "To a Wild Rose," Betty Sue Malone; the benediction, Rev. V. S. Wheeler; and the recessional, Mrs. Beavers.

The commencement program includes the processionals, Mrs. Beavers; the invocation, Rev. Wheeler; the salutatory address, Miss Burge; vocal trio, "When Day Is Done," Miss Patterson, Miss McWhorter and Miss Cornelius; the valedictory address, Miss Malone; "Simple Aveu," Jo Ann Darby; the address, Mr. Root; presentation of diplomas, Gilbert Hunt, president of the school board; benediction, Minister Bonneau; and recessional, Mrs. Beavers.

The eleven seniors who graduate this year are Gloria Boyd, Joyce Burge, Elsie Mae Cain, Jimmie Crowder, Betty Sue Malone, Betty Nell Patterson, La Verne McWhorter, Joyce Wynn, Lawrence Stewart, Ralph Carter and J. E. Dawnell.

Mr. Risinger has announced that final examinations will be given May 21 and 22. School will close Friday, May 24.

## California Family, Formerly Of Quail, Return For Visit

Mr. and Mrs. Dates Long and daughter, Lawanda, former residents of the Quail community, stopped here for a short time this week en route to their home at Merced, Calif., from Broken Bow, Okla., where they were called by the serious illness of his father, R. D. Long.

The latter is also a former Quail resident. He had suffered a stroke and was for a time very ill, but his son reported him now much improved.

While here Mr. and Mrs. Long and daughter visited with his sisters, Mrs. R. L. Savage, Mrs. G. B. Reeves and Mrs. A. C. Pendergrass of Quail, and with relatives of Mrs. Long, Wayne Patchell and family of Quail. They also visited with another of his sisters, Mrs. J. E. Funderburg of Sweetwater.

The Long family has been away from this county eleven years.

## Cpl. Flown From Japan To His Mother's Bedside

Cpl. Robert H. Conway, young Samnorwood soldier, was flown home from Japan to be at the bedside of his mother, Mrs. H. E. Conway, who is gravely ill. He reached here the middle of last week.

Cpl. Conway was stationed in Arkansas before being sent overseas.

## Central Baptists To Dismiss Evening Service May 19

Rev. O. B. Hutson, pastor of Central Baptist Church, has announced there will be no evening services at his church Sunday, May 19. These are being dismissed in order that members of the congregation may attend the baccalaureate service to be held that evening.

Other services of the day will be held as usual.

## ONE OF CITY'S NEW BUSINESS HOUSES

One of Wellington's recently completed business buildings is the Kersten and Son Garage, above, owned by Fred Kersten, and located one block east of the square. Others in completion are the Modern Market, owned by J. C. Ward; a locker plant and plant owned by L. A. Gilmore, and a garage belonging to Matt Johnson.

## Dodson Eighth Grade Graduates

Graduation exercises for Dodson eighth grade students were held Friday evening, May 10, with B. W. Beard, county superintendent, as the guest speaker.

Mr. Beard urged the students to learn to do something and do that something well. As examples he spoke of several Americans of the present who have succeeded in life because they had the ambition to do something and did it expertly.

As an entertainment feature, the students presented a one-act play, "Getting Gracie Graduated."

Diplomas were presented by Supt. H. H. Risinger.

Graduating from the eighth grade were Jo Ann Birchfield, Elva Bogle, Voncille Bonneau, Wendell Burge, Virginia Cain, Charles Casey, Garland Covey, Joann Darby, David Fillpot, Wanda Hightower, Wilma Hightower, Edna Miller, Dorothy Milner, Kenneth Rippetoe, Bob Smart, A. B. Smith, Sammy Tabor, and Lester Ray Watts.

## Kiwanians Hold Annual Barbecue

Honoring wives and mothers of Wellington Kiwanians, that club entertained with its annual chicken barbecue Thursday evening, May 9 at Ellison Park.

A brief program preceded the barbecue, including group singing, with Miss Lennie Lou Coleman as accompanist, a prayer by Rev. Austin Moore, and a welcome to the mothers by Judge Howard Riggs.

Red carnations were presented to the wives and mothers attending.

Approximately 125 Kiwanians and their guests were present.

## Big Altus Rodeo This Week End

ALTUS, Okla.—With the city of Altus decorated in gala rodeo attire, and every citizen wearing typically western cowboy togs, plans are rapidly being brought to a climax for this city's first rodeo to be staged May 16-17-18 by the Jackson County Roundup club.

Indications are that the largest crowd of visitors ever to come to this southwestern Oklahoma point will be here for the three day celebration, an event which is expected to become an annual affair.

With Lynn Buetler, whose rodeo business has made him famous from Madison Square Garden to the west coast, having been secured to give the three professional performances, the Hightower Memorial stadium is expected to be packed to its seating capacity of 5,000 persons for each performance.

Bucking horses which are reputed to be the most difficult to ride and some of the most vicious bulls of the entire nation will appear in the show which will be started promptly at 8:15 p. m. daily.

At least one thousand horses are expected for the leadoff parade to be staged in downtown Altus at 4 p. m. Thursday.

The grand parade opening the rodeo Thursday afternoon will include an honor spot for Miss Barbara Meeks, Altus, who has been designated rodeo queen and for her attendants, Miss France McMahan and Miss Margynel Stipes. The parade will proceed to the rodeo grounds where H. D. Snell, president of the Roundup club, will officiate at the queens coronation ceremonies preceding the horse show and opening rodeo performance.

One hour prior to the rodeo performance each evening there will be a horse show, with outstanding

## Shower And Hail Give City .15 Inch Moisture

Hail and rain measuring .15 inch fell in Wellington and the area immediately adjacent Tuesday afternoon, May 14.

Large hailstones almost covered the ground during the few minutes that the fall lasted, and within a short time the rain, too, had stopped.

The shower did not extend beyond the southeast corner of the town section, although considerable hail was reported for several miles east of town.

Scattered showers fell at various points over the county.

## Give Womanless Wedding May 16

The "Womanless Wedding," so enthusiastically received in Wellington on May 2, will be presented at Samnorwood Thursday night, May 16, with the same cast and same script.

Sponsoring the wedding are the Glenn Moore Post of the Veterans of Foreign Wars, the Wellington Odd Fellows and Rebekahs. It will be given in the high school auditorium beginning at 8:00 p. m.

"We have had so many requests to give this entertainment a second time," Mrs. Teresa Lowe, who is helping with plans, has announced. "This will not only give the people of that section an opportunity to see it, but also a chance to those who missed it at Wellington."

Taking part in the "Womanless Wedding" are Wayne Cudd, Fred Kersten, Sam Lindsey, Dan Jones, Junior Young, Rod Stafford, Tom Bryant, Hiram Cudd, Harold Drummond, B. A. Vandivere, Mike Burkhalter, R. B. Johnson, Curtis Savage, Dale Watson, Byron Duncan, Virrel Robertson, Gary Price, Alex Flint, Mr. Matney, Mr. Tinney, Grady Phillips, Sid Hughs, Hamp Trimble, Alvis Cristy, John Shadid, Hezze Jones and Eli Wolfe.

Proceeds from this entertainment will go into the building funds of the VFW and the IOOF.

## Chas. Dameron Will Address Seniors At Quail On May 31

Chas. Dameron, superintendent of the Childrens Schools, will deliver the commencement address at Quail High School Friday morning, May 31, at 11:00 a. m.

The baccalaureate services will be held on the preceding Sunday afternoon, May 26, at 3:00 p. m.

## All-District Football Teams Honored At Banquet Tuesday

Twenty-two young athletes of football district 3-A were honored by the Wellington Rotary and Kiwanis Clubs at the Skyrocket annual banquet for all-district players Tuesday evening, May 14.

Guest speaker for the event was W. W. Nichalus, head coach at West Texas State College, Canyon, while football pictures were shown by Howard Lynch, coach of the Amarillo Sandies.

Master of ceremonies was Cameron Beam. The invocation was given by Tommy Austin, assistant coach. Vocal solos were given by Miss Helen Holder; a cornet solo by V. C. Saied; and songs by the girls sextet, composed of Tommie Ann Campbell, Lennie Lou Coleman, Miss Holder, Sue Anderson, Hattie Mae Kersten and Sterlene Pittman.

Special out-of-town guests introduced by Supt. Logan Cummings

## Hankins Fund Totals \$1,549

Members of the First Baptist Church contributed \$1,549.65 to the missionary work being done by Rev. Clyde Hankins in the regular Hankins Day service May 5. Rev. Hankins preached at the church on that day, telling of the work he is doing in his mission field at Ponta Pora, Brazil.

Announcement of the funds received was made this week by Rev. H. H. Kinkeade, pastor, after all collections had been received.

Part of this money will be used to purchase an equipped truck in order that Rev. Hankins may extend his field of work upon returning from the year's leave of absence which he and his family are spending in the United States.

Rev. Hankins formerly was pastor of the local church.

## W. G. Hite Seeks Precinct Office

W. G. Hite this week authorized The Wellington Leader to announce his candidacy for the office of Justice of the Peace of Precinct 1, subject to the Democratic primary.

"To the voters of Precinct No. 1: "In announcing my candidacy for re-election to the office of Justice of the Peace in Precinct No. 1, I wish to thank my many friends for the splendid support that you have given me during the past.

I have tried to be fair and just with every citizen in carrying out the duties of my office, and it will continue to be my policy to strive to render the same type of service in the future.

"Your continued good will and support will be deeply appreciated.

"Sincerely,  
"W. G. Hite."

## Mother Of Coach Al Duncan Dies

Friends here learned late Tuesday of the death of the mother of Coach Al Duncan, which occurred in Pampa earlier in the day. Mrs. Duncan became critically ill earlier in the week and Coach and Mrs. Duncan and son, Arnie, had been at her bedside since Monday.

She had suffered a stroke of paralysis approximately a month and a half ago.

Funeral services were to be held Wednesday afternoon at 3 o'clock, at Pampa, and burial was to be in the Mobeetie cemetery.

## Filling Station And Grocery At Quail Sold To Jim Martin

Jim Martin of Quail announced late last week that he has bought the Neeley's Filling Station and Grocery at Quail and has taken over the active management of the business.

It will operate in the future as Martin's Conoco Service and Grocery.

A full line of groceries will be carried, Mr. Martin said, and in addition to gas and oil, washing and greasing will be offered.

"We invite the continued patronage of all former customers, and extend a further invitation to all others to come by and get acquainted," the owner said.

Members of the all-district football teams attending the banquet were Bob Turner, Robert Vanderlinden, Doyle Guthrie, Wade Stracner and Noel Clemmons of Lefors; Jerry Anderson, Taylor Douglas, Bobby Close and Billy Clark of Shamrock, E. D. Poyner of Lakeview, and Ted O'Neil, Kenneth Winter, Robert Fulton, I. D. Russell, Gerald Copeland, Tim Hatch and Jack Covey of Wellington.

Approximately 150 Wellington Rotarians, Kiwanians and their wives were present for the banquet.

## Sunday Marks Opening Of City Graduation Program

## Matched Roping To Open Rodeo Events For Year

The Wellington Rodeo Association will open its summer activities Sunday, May 26, with a matched roping between Bill Bomar of Clovis, N. M., and Bill Towns of Wellington, an event which will rate tops on any rodeo program, Cameron Beam, president of the Association, has announced.

This will also be the first event in the new rodeo grounds at the old Fair Park location in the northeast part of Wellington.

Ten calves will be roped by the two opponents. A jackpot roping is scheduled to follow the matched roping, with a number of ropers of this area taking part.

"Mr. Bomar has built up quite a reputation roping," Mr. Beam declared. "He makes the big rodeos and ropes with the best. Ed Smith of Wellington says he's good and that's enough endorsement for the Rodeo Association."

Although he has lived at Clovis for many years, Mr. Bomar is a member of a former Wellington family.

"This is the first matched roping at Wellington pens in five or six years and we feel it will be one of the best ever held here," Mr. Beam continued.

Mr. Towns lives here, and much of his skill as a roper has been developed in the Wellington Rodeo Association pens. He has taken part in many of the major rodeos of this section and is generally regarded as one of the area's best ropers.

"If the people like this sort of entertainment, we will have some more of it," Mr. Beam said in announcing the Association's summer plans. "We now have some of our good ropers back from the armed forces and this season should be one of the best in the history of the Rodeo Association."

The association is getting new Brahma calves from South Texas to use this season and the regular roping schedule will be announced within a short time.

"We don't have the biggest rodeo pens in the world, but we think we have the best," the president said, adding that the new pens can accommodate any number of ropers and any kind of stock.

## Drilling Begins On Test Well

Preliminary work on the Mill Iron test well being put down by the Hughes Estate was completed during the week end, and drilling was begun Monday morning, it was reported by the local office.

Work was closed all day Tuesday, however, in respect to the memory of F. H. Hollow of Wichita, Kans., president of the Bridgeport Oil Co., who is drilling the well. Mr. Hollow died unexpectedly Saturday.

The test is located near the southeast corner of section 78, block 11, near Coon Creek. This well is the first of more than one to be drilled by the Hughes Estate in this county.

Walter Hollow, head of the drilling operations of the Bridgeport Oil Company, has been in Wellington supervising the work.

## Singers To Elect Officers Sunday

County singers will elect officers for the coming year at the regular Third Sunday Singing Convention Sunday, May 19. This singing will be held at Calvary Baptist Church, located at the corner of Floydada and Ninth Streets, beginning at 2:30 p. m.

Everyone is cordially invited to attend, since this is one of the most important meetings of the year for county singers.

Present officers are W. S. Brewer, president; Ollie Wilson, vice-president; Fred Null, secretary; and Mrs. Iva Joyce Parsons, reporter.

The regular weekly singing will be held Thursday evening, at the Hotel Wellington.

## SPEAKER

Rev. Henry H. Kinkeade will preach the baccalaureate sermon for seniors of Wellington High School on Sunday evening, May 19. This will be his final sermon in Wellington, as he and his family are leaving the following day for New Orleans, La., to make their home.

## Quail Seniors To Carlsbad

Twenty-two Quail seniors, with their sponsors and class mothers, will leave Thursday morning on their annual class trip, which this year takes them to Carlsbad Caverns, N. M.

The group will reach Carlsbad Thursday night, visit at Carlsbad Friday and go through the Caverns Saturday. They will return home Sunday. Part of their meals will be cooked out-of-doors, camp style.

Making the trip will be Willa Jean Cummings, Barbara Wilson, Louise Squyres, Nelda Mae Messer, Alvie Clay, Loyd Langley, Mildred Clay, Billie Glenn Ivy, Winifred Pitts, Weldon Sullivan, Dorothy Marie Boyett, Clifton Allred, Viola Morris, Alline Boyles, Connie DeBord, Dorothy Jean Morgan, Josephine Riley, Glenna Shields, Bobbie Harris, Ruby Dell Souder, Don Manuel, Melvin Breeden, Fae Jones, Supt. and Mrs. Noah Cunningham, Miss Frances Smith, Mr. and Mrs. W. C. Risinger, Mrs. Ira Morgan, Mrs. Vernon Jones, and Mrs. J. P. Cummings.

Numbers given by the band were "Alma Mater," "The National Emblem," "Old Vienna Overture," "Anchors Aweigh," "El Capitan," "American Patrol Overture," "Colonel Minor's March," "King Cotton," a medley of Southern tunes, "Footlifter," "Stars and Stripes," and "The Star-Spangled Banner."

## Youth Recovering From Head Injury Received In Fall

Kelsie Gosnell, 17-year-old Lillie youth, is recovering from a head injury which he received recently when he fell from a moving car in Wellington.

He was rushed to St. Joseph's Hospital where he was treated for more than a week, and at present he is at his home.

The accident occurred, friends reported, when the youth, who was riding on one fender of the car, slipped and fell.

Gosnell is president of the graduating class of Quail high school and an outstanding student. It is believed that he will have recovered sufficiently by the end of the month to take part in the graduating activities.

## Teddy Wayne Brock Arrives Monday With Discharge

After 16 months service in the Navy, Ted W. Brock, S 1-c, has received his discharge and he and Mrs. Brock returned here Monday, May 6, from San Diego.

Brock received his boot training at Great Lakes Naval Training Station and then was transferred to Oxnard, California, for sea duty. He was assigned to do office work. His last station was in San Diego.

He is now employed by the Greenbelt REA, and he and Mrs. Brock will make their home in Wellington.

\* Wellington seniors will hear Rev. Henry H. Kinkeade, pastor of the First Baptist Church here for the last four years, as their baccalaureate speaker Sunday evening, May 19, at the Methodist Church.

Forty-seven seniors will take part in this service, and in the commencement which will follow on Thursday evening, May 23.

The baccalaureate service will be Rev. Kinkeade's last sermon in Wellington, as he and his family will leave the following day for New Orleans, La., to make their home.

Program for the baccalaureate service, which will begin at 8:00 p. m., includes:

Processional, Mrs. B. O. Wilson. Invocation, Rev. C. C. Armstrong.

"Hark, Hark My Soul," Choral Club.

Sermon, Rev. Kinkeade. Benediction, Rev. J. F. Mathews. Recessional, Mrs. Wilson.

A majority of Wellington churches plan to dismiss evening services Sunday in order that members may attend the baccalaureate sermon.

Graduates include: Bethine Adkins, Betty Alexander, Barbara Baumgardner, Edna Mae Bennett, Naomi Blasingame, Kathleen Carter, Clifton Clark, Naomi Coleman, Gene Cook, Mary Crouch, Emma Jane Culp, Betty Curry, Louise Fulcher, Nettie Beth Gulley, Tim Hatch, Billye Hunt, Bettye Hunt, Clifton Hunter, Teresa Hunsaker, Ruth Jesse, Hattie Mae Kersten, Patricia Koen, Don Kutch, Geraldine Langford, Wynona Light, Jackie McPherson, Richard Morton, Marie Nation, Ted O'Neil, Marshall Peters, Sterlene Pittman, Gay Reeves, I. **FIRST CONSIGNMENT OF SEED POTATOES**  
 Unloading UNRRA's first consignment of seed potatoes from the "Arnhem" at the docks at Naples, Italy. These potatoes come from the United Kingdom, which supplied a total of 10,000 tons during January. UNRRA will spend a total of nearly 10 million dollars on agricultural supplies to Italy during 1946 to help to reestablish Italian food production.

## Senior Series

Barbara Baumgardner      Eva Mae Wilkins  
 Gerald Squyres

**Gerald Weyman Squyres**  
 March 26, 1928 was a great day in the home of Chaplain and Mrs. W. A. Squyres because it was on that day that Gerald first made his appearance.

Four years of his schooling have been spent here. The other years were spent at Mangum, Altus, Apache, Fort Worth, and Dallas. Of all his studies at these different schools, Gerald says that science and English are his favorites. He finds that his hobbies, photography, chemistry, and handicraft furnish him with many busy and entertaining hours. During his four years in high school Gerald played football one year and was a member of the annual staff and senior play.

Gerald is undecided as to his choice of college, but he plans to major in psychology, thereafter taking up the profession of neuropsychiatry. But before Gerald can definitely make his plans, he will have to find out what Uncle Sam has in store for him. Whatever he does we know he will be one of the best.

**Bettye Evelyn Curry**  
 Bettye Evelyn Curry made her debut into the home of Mr. and Mrs. Fletcher Curry February 24, 1928 at Shamrock, Texas.

All of Bettye Evelyn's education has been received here in Wellington. During her years in high school she has found that sociology and bookkeeping are her favorite subjects. She was a member of the twirling corps for one year, the office staff for one year, glee club for one-half year, and the pep squad for one year.

Her future career was decided last summer when she became Mrs. Eddie McClaskey. We all know that Bettye will be successful in her chosen career—that of a housewife.

**Gene Cook**  
 Gene was born July 16, 1928, here in Wellington. His parents, Mr. and Mrs. J. C. Cook, live at 707 Childress Street at the present. They moved back to Wellington after living in Amarillo for three years, where Gene attended Amarillo High School during that time. When Gene was asked about his hobby he said laughingly that it

was collecting pigeons. But when he was asked about his favorite subject, he frowned, as if making a hard decision, and after some minutes replied that it was mathematics.

Gene plans to attend Texas Tech and major in some engineering course. He plans to make his profession engineering. With that sense of humor, he will have friends wherever he goes so we know that he will make good.

**Clifton Clark**  
 Mr. and Mrs. George Clark of 1108 Dalhart were overjoyed on April 17, 1929, when they received into their home a yelping bit of humanity, whom they named Clifton.

Clifton has never attended any other school except Wellington's, in fact, Wellington is the only place that he has ever lived.

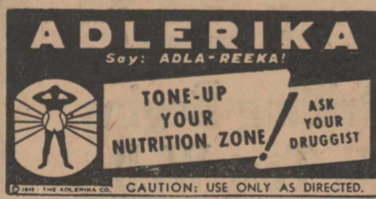

Clifton, whose hobby is hunting, tells me that his favorite subject is History. As yet, he has not decided about his future schooling, nor has he decided about his profession, but we wish him the best of everything in whatever he does.

**Clifton Earl Hunter**  
 Clifton Earl discovered this fair land on March 16, 1929, to the joy of Mr. and Mrs. E. M. Hunter, his parents. The Hunters now live in Wellington.

Clifton has spent his entire life in Wellington. He has never attended any other school. During his eleven years here, Clifton Earl has had 2 years of basketball, 1 year of track, and he has been football manager for 2 years.

Clifton Earl is undecided about his future, but you may be sure that he will be quite all right in whatever he does undertake.

### Former Resident Dies In Missouri

Word reached here early this week of the death of Mrs. Albert V. Skelton, an early resident of this city, in Republic, Mo., on May 3. She was 70 years and four months of age.

Mrs. Skelton and her family left here more than 20 years ago, after making their home for a number of years. She was one of the Baptist Church's most active members and served as one of the first presidents of the Parent-Teachers Association here. She also took part in many other phases of community life.

Mrs. Skelton, who was before her marriage Miss Florence Bryan, was born in Missouri. She and Mr. Skelton were married March 4, 1896, and began housekeeping only one-half mile from the present family home. After leaving Missouri, they lived in the Indian Territory before coming here.

Surviving are her husband and seven children, Miss Ona Bryan Skelton of Republic, Mo., Miss Clara E. Skelton of Flandreau, S. D.; Mrs. Lois L. Binkley of Alva, Oklahoma; George V. Skelton and Robert E. Skelton of St. Louis, Mo.; Mrs. Frances Catherine Carroll of Oklahoma City; and Mrs. Alberta Florance Wharry of Medford, Oklahoma. Two daughters preceded her in death, Hazel, who died in infancy, and Stella, who died in 1941.

### Questions On Veterans Aid

Q. How is a loan, guaranteed by the Veterans Administration made?

A. The veteran selects the property upon which he desires the loan, negotiates the deal with the owner until a fixed price and terms are agreed upon. He then consults a bank or other lending institution that will in turn seek guaranty by the Veterans Administration of the loan.

Q. May a veteran secure a loan guaranty in order to purchase property with a non-veteran?

A. Yes. The guaranty in this case would apply only to the interest of the veteran in the loan, and may not exceed 50 per cent of his interest. Under no circumstances could it cover any part of the interest of the non-veteran.

Q. Is a veteran eligible for education or training who was discharged with other than an honorable discharge?

A. The law provides that the veteran shall have been released from active service under any conditions other than dishonorable. Only a dishonorable discharge bars him from such benefits.

Q. If a dependent or relative receives a government check after a veteran's death, should he cash it?

A. No. He will have to refund it and may be prosecuted. Send it back to the issuing authority with a request for information as to how it may be properly reissued.

Q. May widows or children of deceased veterans secure a guaranty of loan from the Veterans Administration?

A. No. This privilege is limited to veterans themselves, but a loan guaranteed for a veteran may continue after his death.

Q. May a veteran discharged from the service by reason of the dependency of his mother be entered in a course of education?

A. Yes. If the veteran is otherwise entitled, the fact that he was discharged for this reason would not matter.

This is how men designated to board atom bombed ships in Bikini Atoll look garbed for duty: helmet of light-weight bakelite plastic, Navy-type rescue breathing apparatus. Boarding crews must extinguish fires, rescue instruments, and salvage material for examination.

### Rose Growing Hints Given

According to J. C. Ratsek, Horticulturist Texas Agricultural Experiment Station at Tyler, roses grow best in a soil that has a pH (potential hydrogen) range of from 5.5 to 6.5. The soils in Collingsworth county generally range from 7 to 8 pH, which is alkaline, while roses do best in an acid soil.

To bring an alkaline or neutral soil down to an acid soil two pounds of sulphur per 100 square feet of soil is needed for each pH which is desired to reduce the soil in potential hydrogen ions.

"A good method of starting roses is to dig a hole two and a half feet deep and fill one foot with barnyard manure. This manure should be thoroughly decomposed or it will burn up the tiny white roots when they grow down to the manure. Because of the organic acids given off by manure, which have an acid effect on the soil, roses can be grown on alkaline

## Oklahoma Strip Pioneer Dies Here Sunday

W. T. Epps, who was one of the first men to settle in the Oklahoma Strip country south of Erick, Oklahoma, died at Wellington Saturday morning, May 11. He was 87 years of age. For the last year he had made his home here with his daughter, Mrs. H. E. Lee.

Funeral services were held in Erick Sunday, and burial was in the North Elm cemetery, the community where he made his home for many years.

Mr. Epps was born in Mississippi in 1859 and grew up there. He moved to Grayson County, Texas, before 1900, and to Oklahoma, then the Indian Territory, in 1904.

He was married to Miss Lucy Mae Goff in 1879, and to this union seven children were born, two of whom survive. Mrs. Epps preceded him in death several years ago.

Surviving Mr. Epps are his daughter, Mrs. Lee and son, Jesse Epps of San Bernardino, Calif., a large number of grandchildren, and 33 great-grandchildren.

## Naval Reserve Sets Up Program

**NEW ORLEANS**—The Organized Naval Reserve is now setting up its recruiting program. Captain Arthur A. Azeton, USN, Director of Naval Reserve for the Eighth Naval District, announced.

While Navy recruiting activities now in operation will be of some assistance in reserve manpower procurement, most men will be enlisted through agencies directed by local battalion and division officers appointed by the Commandant, Eighth Naval District, Captain Azeton said.

Until the termination of selective service or a change in present legislation, only ex-navy men will be eligible for membership in Naval Reserve activities. However, young men may, before induction, participate in weekly drills of the Organized units on a volunteer, non-member basis.

Maintenance of large ships, patrol craft, and other vessels for use in training Organized reservists will require a number of "shipkeepers" for routine up-keep during idle periods. Captain Azeton stated that men for these duties will be drawn from the ranks of Fleet Reservists until July 1, 1946, and after that date from members of Reserve divisions who request such duty on a full-time active duty basis.

Age limits for Navy newcomers will be 17 to 35. Ex-Navy men may

## Oldsmobile Owner Is 'Happiest Man'

One of the leading candidates for the title of "Happiest Man in Town" is Chester Fires whose home is at Wellington, Texas. The reason for his elation is that he, last week, received his new Oldsmobile, first car of that series to be delivered in Wellington.

Equally pleased at being able to make the delivery is Mickey Kendrick local Oldsmobile dealer.

"Naturally it is a great pleasure to us to be able to make this car available," the dealer stated. "All of our customers have waited patiently and it is our hope that we can shortly satisfy each of them,"

he said. "This first car was delivered to Mr. Fires because he was the first to place his order. Our deliveries are being made in exactly the sequence that orders were placed by our customers."

"The new Oldsmobile for 1946 is the finest car we have ever been privileged to represent," the dealer stated. "It is entirely new in every respect and incorporates the most modern developments known to automotive engineers. Among these is the General Motors Hydra-Matic Drive — the transmission that "shifts for itself" and completely eliminates the clutch pedal. It is available in all 1946 Oldsmobiles."

Gov. Ellis G. Arnall, of Georgia, says: "Texas is the Dynamo of Dixie."

# Deck's DIDACTICS

—By Deskins Wells

One of my numerous cousins, Bill Bomar, is going to compete in a matched calf roping contest with Bill Towns here May 26.

My mother has stayed at home more than almost any woman in Collingsworth County. But on learning that Bill Bomar was going to rope here, she said: "I would like for you to take me to see Willie Wells rope." Actually that is his given and lawful name; but don't any of you cowpokes call him Willie—he prefers the name he earned at the rodeos which is Bill.

I was telling this to some Wellington ropers and they seemed surprised; so I will publish it so all the readers may know. He does own a modest sized ranch; but by trade Bill Bomar is not a rancher. He is a highly successful manager of the J. C. Penney store in Clovis, N. M. Bill Towns will be roping against about a 40-year-old dry goods clerk.

When he was in his teens, Bill Bomar's father and mother were not in too prosperous circumstances. He took a job as office boy in the J. C. Penney store in Clovis. From that position he rose steadily to become assistant manager. Then it became time for him to be the manager of a store himself. J. C. Penney had a rule that a man could not be manager of a store in his home town. (Perhaps they thought he knew too many people or would be influenced by too many old friends.) But Bill, who married the daughter of the man who was then the publisher of the Clovis newspaper, wanted to stay in Clovis. So the J. C. Penney Co. made an exception of their rule for the first time in the history of the business and allowed him to stay on as manager there. This is where he has been ever since with the exception of some trips to some rodeos. He started out as a bronc rider; but in later years he has confined his activities to roping.

Because of his youth and his remarkable speed in tying after he catches the calf, the odds favor Bill Towns; but if I bet I will be forced to put a modest sum on my relative.

George Richards says that he recently shot a jackrabbit that was covered with ticks. He said they looked exactly like cow ticks. Can this be possible? Is this the reason there has been such a decline in their numbers in the last few years? Some attributed it to the heavy coyote population; but others said that coyotes were too lazy to chase full grown jackrabbits even though they did eat the young. If these are ticks, will they get on cattle? I would like to know more about this.

Jimmie Jefferies of radio fame recently said: Thank heaven we live in a free country where a man can say exactly what he thinks if he is not afraid of his wife, his boss, his neighbors, and the effect it will have on his business standing.

Give the city fathers a little time. They are actually working on the proposed bond issue; but they have run into some snags as to how certain bonds can be voted in an incorporated town operating under the general laws of the state of Texas. Cities over 5,000 population who have a separate charter can do a number of things that a city operating

under the general laws of the state cannot do. Right now the City Council is in quest of information as to how to do certain things legally. They are correct in wanting to do it right; for it would mean nothing if some of the bond issues were voted in such a manner that they would not receive the approval of the attorney general.

Here is something that startled me. Pink Sullivan says that the increase in the number of water meters leads the Council to believe that the population is now 4,500. This is 800 more people than the highest census ever showed. But when you get to thinking about the new houses that have been built and the many that have been brought in from the country and remodeled, it is possible that our present population is 4,500.

## Shamrock Pool Opens May 25

Opening of the Shamrock City Swimming Pool was announced this week by Bob Clark, manager. As an early-season feature to acquaint people of the section with the pool and its recreational possibilities, Mr. Clark is offering free swimming all day Saturday, May 25, and a cordial invitation has been extended the people of Wellington to attend.

The pool will be open from 9:00 a. m. to 8:00 p. m. from Monday through Friday, and until 10:00 p. m. on Tuesday and Thursday nights. It will be open from 1:00 p. m. until 8:00 p. m. on Sunday, but will be closed each Saturday except May 25.

Swimming instruction and life-saving courses will be offered under competent instructors. Suits may be rented at the pool.

"Come out and swim in the clear, cool spring water. It's a grand, healthful sport, and one that will give you lots of pleasure during the long hot summer ahead," Mr. Clark said.

Mr. and Mrs. J. B. Castleberry are spending several days this week visiting in Mineral Wells.

# Rain Is News— And All West Texas Wants It

Rains over the last fortnight brought joy to many farmers, but the greenest result was the envy of many others who missed the needed precipitation during rains, showers and downpours which were spotty and scattered. Consensus was that though some crops benefitted, more rain is needed everywhere.

Over at Turkey and Quitaque, in Hall and Briscoe counties, they seemed to have the right word for it: "Dominecker." Those sections received as much as one and one-half inches in some spots, though others missed entirely. Motley County got about .55 and Lockney reported from .22 to .50. Crosby County's rains ran from .15 to one inch, while Harmon County, Okla., got as much as five inches in one or two places, down to 1.60, which would look plenty good elsewhere.

Hail, as well as about .71 of rain, brought mixed blessings to Jones County, though damage from hailstones was not considered extensive. Around Sweetwater only .22 inch fell in spots, but Blackwell got about an inch, and Fisher County's rains were reported as ample.

Colorado City reports that .22 was about their speed, while Moore County's precipitation ran from .36 up to as much as 1 1-4 inch. About .50 fell in Potter County, and Lamasa reported Dawson County received around .90. Way down in Sonora had as much as four inches, the sheep country, ranches around and 2.3 was the average estimate.

Adequate rains fell in Haskell County, and Carson County got over an inch. Silvertown and vicinity had .63, scattered, and Tulia, over in Swisher, came off badly with .19. Hale Center figured about .25, and Friona had some showers. Curry County, N. M., saw downpours in spots, with kids wading in the streets, but the average was only about .62 inches. Armstrong County had .40, while Cross Plains, down in Callahan County, added up recent showers to .83. Merkel reports about .16 with a few spots getting a little more, but Albany and Shackelford County rains went as high as 1 1-2 inches.

Way down south, Atascosa County got 2.86, while up north around Rotan about .62 was recorded. Eight inches fell at one point in Crockett County, but the fall there ranged around 1 inch or a little over.

Howard County moisture ranged as high as 1 3-4 inches. Anson reported very light rains. Canadian received only a trace. Stamford received about .35, and ranchers in Edwards County got 3.01 inches during the past weeks. In Lynn County the fall was so spotted it varied from 4 inches to the merest sprinkle.

Melvin reports that McCulloch County got from 1-2 to 1 inch; Loving, N. M., had some showers, as did Plains in Yoakum County.

### SUFFERS FROM MALNUTRITION

UNRRA pediatrician at Naples, Italy, examines a 28 months' old baby suffering from severe malnutrition. Over one hundred similar cases are being cared for in this hospital in Naples where UNRRA milk, food and vitamins are saving countless infant lives.

Plainview had little to say about rain, and why not?—they should worry, with all that irrigation water, flowing in the ditches.

Upton County got 2 inches, and from Roscoe the story goes that as much as 3 inches fell there, but most farmers received only about .53. Ropesville got from .25 to .75, as did Meadow, but Levelland managed only a sprinkle. Happy was pleased with .50, and Stanton, over in Martin County, reported .75 to 2 inches.

Scurry County lucked out in a place or two with an inch, but mostly just got .25. Sayre, Okla., reports scattered showers in Western Oklahoma, with .80 for Wynoka, .06 for Beaver, and .15 for Elk City. Hereford got .63, and Bailey County received from .01 up to .75. Brownfield was disappointed with its .39, as was Booker with one .30 inch fall, although some spots got .50. From Dimmitt comes word that Castro County's moisture ran from .50 to 1 inch, and Farwell in Parmer County, reported .50 late in April. Collingsworth County has seen as much as 3 inches recently, but most of the rains totalled around 1 1-2 inches.

Scattered showers and cooler weather brought .36 to Dumas and some relief to wheat. Littlefield received .25, while the Aspermont section got from .63 to 1 1-2 inches to alleviate some of Stonehall County's drought. Wind and hail caused some damage in Kiowa County, Okla., but crops not destroyed benefitted from 2 to 5 inches of rain.

Hail also caused damage in Eastland County, especially to the fruit crop, but 1.41 inches of rain fell. Washita County, Okla., received 1.12 inches. Baylor County did not fare as well, although over an inch fell in one community, and Seymour received .20. Southern and eastern sections of Haskell County got from .50 to 1 1-2 inches, too late for the wheat but good for planting of row crops.

Strong winds accompanied rains of .36 in Mills County, and during the past week, rainfall measured around .42 near Sayre, Okla. A gully-washer hit Kent County, west of Jayton, along with a little hail, amounting to from 1.25 to 4 inches of moisture. Miami got .50, but most of Roberts County received much less. Pampa reported .31, and beneficial showers fell around Clarendon with Donley County getting from .81 up to one inch, and down to nothing. Canyon received light rains, up to more than half an inch over Randall County.

Union County, N. M., got 3 inches in less than an hour near Clayton, and rains were general over the county. Rainfall in the west

part of Hansford County was over 2 1-2 inches, going as high as 3 inches in some places. The Shamrock area got .24, while Sanderson and Terrell County got a total of 2.25 inches. Putnam's rains totalled about an inch, which will be temporary relief for wheat growers and enable farmers to plant feed.

Around an inch fell in parts of Texas County, Okla., while some sections got no rains and others only a sprinkle. Floydada got rains from sprinkles up to half an inch, with dry farmers still waiting for a "plantin' rain." Thunder-showers and light hail hit Cottle

County, leaving .31 up to an inch of moisture.

Tyler Electric can transform the misery you suffer from summer heat into a pleasant temperature—one in which you can work with greater efficiency and comfort. Actually a cooling system saves your firm money in the long run.

We do not install any cooling system by hit or miss methods. First we make a careful check of the floor space and the entire cubic area from floor to ceiling and from front to back.

Next we advise with potential clients on the type of machine they should have. After this is done we take every precaution to see that the equipment is installed properly.

By DOUGLAS MEADOR

Slave of many obsessions, my spirit rattles its chains from the lashing thought that the larger the home, the more time is spent away from it.

Tradition perishes in fires of its own kindling. A saddle-maker has now abused the trust of his craft by producing a saddle of plastic, which he probably truthfully claims to be superior to leather. He will, of course, think of making chaps of the new material to match his boots and spurs. A more durable, and perhaps beautiful, flower can be made of paper; man can be and still deny his soul. Thus another ember becomes ash in the fading fire of a nation's most colorful era. It is better that the wild, free spirit of old cowboys are spared the pain. The music of creaking saddle leather and the smell of salty leather in the sweatbands of their hats will seek no substitutes in paradise. Any rider knows that his horse is under his saddle without looking through transparent plastic.

Broom of light sweeping the lonely plains, the airplane beacon pulled night's black sheets from distance with a circling, unresting hand. A remote windmill was like a timid lady sheeking her gown, then quickly hidden again in the darkness. Grazing cattle continued with their heads buried in the pursuit of tender grass, as the tongue of light licked their hides. The revolving blaze reflected on the little windows of an unpainted house, and for an instant they were massive diamonds left on the bureau of a careless king. Somewhere beyond the border of vision it is probably the jeweled eyes of coyotes watched the twirling lantern with the uncertainty of a soul advancing step at a time into eternity.

Unseen strength of the wind was pushing the speeding passenger train in its ware. Smoke from the engine hid half of its front view, like a dark woman with her hair blown over her face.

going is half way to his destination.

Darting out from the shore of darkness into the yellow river of light, a confused jack rabbit set four paws flat and skidded on the gravel to a few inches of the wheel's path. Frozen with fear, the animal was motionless for an instant as if debating the advantages of life and eternity while standing in one and looking at the other.

Fragrance of laughing leaves, like children freshly-washed and smelling of soap, rises from the narrow forest. Once barren, the landscape bears a dreamy enchantment since the trees reared their slender fingers skyward. Birds are singing in the swaying branches that filter sunlight across a plowed field. Sheltering the world from ugliness and the soil from abuse, the trees whisper to the heavens. They are the living dream of a man whose love for mankind remained after he is gone to conceive more sublime dreams in Valhalla. His monument is more enduring than cold stone; it is a part of men's hearts.

Blood runs from the fresh brand on the young calf's flank and there is a crimson stain across the snow-white face from the wound left by an iron spoon that gouged out the small horns. Two wide and innocent eyes stare at swinging sagebrush, teased by the wind. The huddled form shakes with pain; two deltas of dustcaked tears have dried in their course. The smoke of branding fire has vanished and irons are cold.

There are no doors to yesterday; the river does not flow back to its source.

## Our dealers join us in making this frank report to THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

### Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

### Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry.

Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

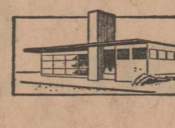

### No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market.

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

### What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

### No cutting corners on quality

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

## Emmert Asks Food Saving Program For County

J. C. Emmert, County Food Program Manager, has asked all Collingsworth County housewives to join the restaurants of the county in the food saving program by serving only one slice of bread at meals and by using less salad oils and dressings.

"Think of the starving children of Europe and Asia before you ask for that second slice of bread and then forego that extra slice. One slice of bread per day goes a long way toward feeding the hungry people of the world when you remember that millions of our Americans are joining you in your contribution," Mr. Emmert explained. "The saving in Collingsworth County alone will be enough to provide hundreds of people with life giving wheat during the emergency."

"If the average American would save two slices of bread each day, the total saving would provide a day's bread ration for 20 million hungry people abroad. Here are the calculations behind this statement: A one pound loaf cuts into 20 slices, including the end crusts, two slices weigh 1.6 ounces. Since our population is estimated at 140,000,000, a two-slice saving per person would total 224,000,000 ounces of bread saved daily. Of course it is not possible for a child in Europe to eat the two slices you don't take from your bread box. What actually happens, you and your family eat less bread, you buy less from the store, the store doesn't have to order so much from the baker, the baker cuts down his order to the miller, and the miller uses less wheat. The wheat saved by the mills is thus available to be shipped abroad.

"This same illustration will apply to the savings in fats and oils. As a good neighbor, let's lend a helping hand by conserving more food in order that suffering humanity abroad may be saved from starvation. Let charity begin in your home."

## Govt. Takes Wheat Donations

COLLEGE STATION — Donations of wheat now will be accepted by the U. S. D. A. for transfer to U. N. R. R. A. to use in relief feeding abroad, according to an announcement from Director Ide P. Trotter of the Texas A&M College Extension Service. The only condition set up is that donations must be in not less than carload lots. The range is from 1,350 bushels to about 2,000 bushels to the carlot.

The Government does not intend to take title to such donated relief wheat and it will receive it either on the basis of freight collect or prepaid. In cases where the freight is not advanced by the donors, arrangements will be made for such expense to be met out of U. N. R. R. A. funds.

Secretary of Agriculture Clinton P. Anderson has wired explanations of the wheat donations program to a number of leading farm organization and farmers' marketing association heads. Churches and organizations as well as individuals, may arrange to donate wheat in carloads by making direct contact with their area director of the Grain Branch of PMA. Texas donors may contact their area director at Dwight Building, 1004 Baltimore Avenue, Kansas City 13, Missouri.

211 Texas armers and 94 counties have been approved as breeders and growers of certified seed.

### NO CARES

Aliko was a very under-nourished little Greek boy when he went to camp at Pendeli on the outskirts of Athens. After three weeks of special UNRRA rations, rest and camp activities he doesn't seem to have a care left in the world.

## Flying Farmers Are Organized

A Texas chapter of the Flying Farmers was organized at Texas A. and M. College April 30th with 61 of the estimated eligible members in the state present. Affiliation will be sought with the National Flying Flying Farmers' Association.

The purpose of the organization, as set forth in the by-laws adopted at the meeting, is to "promote the educational and scientific development and advancement of the use of the airplane in Texas, and to express the ideas, hopes and wishes of those engaged in rural aviation."

A Flying Farmer, as defined in the by-laws, must hold some type of flying license and have 51 per cent of his or her capital invested in some type of farming operation. Associate membership, without voting or office holding privileges, may be granted by the executive committee on the basis of interest in aviation and agriculture.

Officers elected were Clayton Beard, Tahoka, president; R. L. Fields, Wharton, vice-president; and Miss Ama Lee Jameson, secretary-treasurer. The Board of Directors is made up of Ralph Brown, Plainview; H. B. Horn, Del Rio; W. N. Parr, Robston; E. W. Gill, Jr., Whon; and C. J. Gerlach, Livingston.

The first action of the newly elected officers was to issue a call for organization of Flying Farmers on a county or regional basis. Inquiries as to organization procedure should be addressed to the secretary-treasurer.

### Wellington Glee Club To Be Presented In Recital Thursday

Mrs. B. O. Wilson will present the glee club of Wellington High School and several soloists in a recital Thursday night, May 16, at 8:15 at the Baptist Church.

Soloists for the recital will be Helen Jo Holder, Peggy Riggs, Sterlene Pittman, and Mrs. Guy Killian. There will also be two special numbers by the sextet. The remainder of the program will be furnished by the glee club.

Also on Tuesday night, May 21, at the Nazarene Church, Mrs. Wilson will present her piano students in a recital. Both advanced and beginners will take part.

The public is cordially invited to attend both of these recitals.

### Miss Ruth Anderson Attends National Assembly At Columbus, Ohio

Miss Ruth Anderson attended the Second National Assembly of the Women's Society of Christian Service of the Methodist Church at Columbus, Ohio from April 29 through May 2 as one of the representatives from the Brazil field.

The theme of the assembly was "He Is Our Peace," and many outstanding leaders spoke on the problems facing Christians throughout the world. All mission fields, races, and nationalities of the Methodist Church were represented. In all there were 967 delegates present from every part of the United States, of which there were 144 deaconesses and missionaries. Two thousand visitors attended the meeting.

At the close of the session a sacrificial offering was made for the famine sufferers of Europe.

Miss Anderson returned to Wellington last Friday.

Sgt. Dan M. Austin, son of Mr. and Mrs. G. T. Austin, was promoted to that rating on May 1. Sgt. Austin is stationed at Okayama, Honshu, Japan, as head postal clerk.

He expects to get back home by July and to enter Texas Tech this fall.

Matney, Lewis Tingle, Raymond Campbell, Royce Campbell, David Killough, J. L. Branch, James, Billy and Donald Lee; Miss Faye Hunt, Messrs. Presley Edwards, Ray Boykin, Paul Little, Billie Bishop and hostesses.

Gifts were sent by a number of friends who were unable to attend.

### Slumber Party Entertains Girl Scouts

Mrs. Darvin Nix, scout leader for Girl Scout Troop No. 4, entertained her troop with a slumber party in her home on Friday night, May 10. Games were played by the girls for entertainment during the evening. This party had originally been planned for a camping party on the front lawn, but weather conditions did not make this possible.

Members of the scout troop who were present were Joanne Lowe, Iowan Weaver, Joyce Rapp, Betty Wood, Maricarol Black, Patricia Starr, Griselle Scott, Miss Wilma Lee, assistant scout leader, and hostess, Mrs. Nix.

### Dragonettes Welcome New Members At Recent Meeting

The Dragonettes Club met in the home of Lennie Lou Coleman on Monday evening, May 6, to welcome three new members and conduct a short business meeting. New members who were initiated prior to this meeting were Barbara Wilkins, Jeanne Way and Diane Wells.

Refreshments were served to Wanda Estes, Jeanelle Love, Sue Anderson, Tommie Ann Campbell, Helen Jo Holder, Barbara Wilkins, Jeanne Way, Ethra Norman, Neeta Ball, Lynn Moore, Diane Wells, Peggy Riggs and hostess, Lennie Lou Coleman.

Miss Jo Owens, daughter of Mr. and Mrs. C. F. Owens of Dodson, became the bride of Charles Grimes, brother of Mrs. Unie Wright, in a double ring ceremony, Sunday, May 5, at 2:30 p. m. in the Nazarene parsonage at Dodson, with Rev. Van Wheeler officiating.

The bride wore a white suit with light blue accessories. On her shoulder two silver and blue love birds were chained together with a tiny silver chain. Her corsage was of pink rosebuds tied with blue.

The traditional "something old, something new, something borrowed and something blue" was carried out.

Maid of honor was Miss Lo Rhoe McWhorter. She wore a navy blue suit with white accessories. Her corsage was of white carnations.

Fred Lee Patterson, Wellington, was best man for the groom.

The bride is a graduate of Arnett High School with the class of 1943.

The groom went to school in Altus before entering the service in March 1941. He served four and one-half years in the army. He was a Corporal in the Thirty-sixth Division. He served in the infantry spending 25 months overseas. He helped to invade South Africa, Italy, and Sicily, and was in six invasion campaigns. He received several campaign stars, also a purple heart, having been wounded twice.

The reception was held at the bride's home immediately following the wedding. A tiered wedding cake, topped with a tiny bride and groom, centered the lace covered dining table which was decorated with pink and white candles in crystal holders.

Mrs. Frank Luck, aunt of the bride and Miss Ruby Cornelius, served the cake. Mrs. Mid Lewis and Mrs. Chester Wadley were at the punch bowl.

Mrs. Duard Luck presided at the bride's book.

Following the reception the bride and groom left for a short wedding trip. The bride wore black and chartreuse for her going away costume. They plan to make their home in Hollis, Oklahoma.

### Mrs. A. B. Hicks Hostess To Good Neighbors Club

Mrs. A. B. Hicks was hostess to the Good Neighbors Club on Friday, May 10, when members finished two quilts for Mrs. Hicks. At noon a covered dish luncheon was served.

Arrangements were made for the next meeting on Friday, May 17, with Mrs. W. A. Morrow.

Attending the meeting were Mmes. H. E. Wynn, W. A. Morrow, P. E. Lowrie, L. O. Tyson, C. A. Kesler, Green Hodges, H. B. Lowrie, Earl Reynolds and hostess.

### Children's Clothes Studied By N. Wellington Club

Mrs. Walter McClure was hostess to the North Wellington Club when members met in a recent meeting to hear reports from the county council meeting and the district meeting at Childress. Mrs. W. M. Tucker gave the council meeting report and Mrs. Lawrence Warrick gave the district report. Mrs. Bruce Hite, president, was in charge of the business meeting.

Miss Joy Riley, demonstration agent, had charge of the program on sewing centers and their benefits. She also gave a valuable talk on the correct foods and clothing for children.

Attending were Mmes. W. G. Hite, Joe West, Walter McClure, W. M. Tucker, Lawrence Warrick, Walter Franks, Bruce Hite, A. B. Cooper and visitors, J. A. Gordon, Eunice Bronaugh, Porter McAmis of Ontario, Calif., and C. A. Rudy.

### Mrs. Beryl Faulkner Hostess To Reaper's S. S. Class

Friday evening, May 3, the Reaper's Sunday School class of the Baptist Church met in the home of Mrs. Beryl Faulkner with Mrs. Albert Thompson as co-hostess.

Mrs. L. V. Moore, class president, brought the devotional and presided over a brief business session. Sunshine friends were revealed for the past quarter as gifts were distributed by Sandra Joyce Faulkner.

Mrs. H. H. Kinkeade was presented a going-away gift from the class, and the hostess also presented her with a gift. Names were again drawn for sunshine friends for the next quarter.

Refreshments were served to Mmes. Raymond Patton, Ringgold, L. V. Moore, Cicero Gully, Claude Groves, Frank Eikenburg, Bill James, Cecil Leggett, M. S. Crouch, C. A. Bradford, Orval Couch, R. L. ## Miss Mary Cook And Jess Young, Jr. Marry In Church Wedding Thursday Morning

Guaranteed

This classic white rayon blouse is easy to launder and comes with a guarantee for a year. A black velvet bow at the neck for a Spring—1946 look. Inexpensive and useful, the blouse is called Stardust, has full back and shoulder yoke.

Miss Mary Cook of Wellington, daughter of Mr. and Mrs. E. W. Cook of Marlow, Oklahoma, and Jess Young, Jr., son of Mr. and Mrs. Jess Young of Wellington were married on Thursday morning, May 9, in a quiet church ceremony. Rev. H. H. Kinkeade read the vows at 10 o'clock in the presence of the families and a few close friends.

The bride wore a gray crepe dress with black lace trim and used black accessories. She carried out the traditional custom of "something old, new, borrowed and blue." Her shoulder corsage was of blue iris and pink rosebuds.

Mrs. J. E. Cooper, sister of the bride, was matron of honor. Evnyl Wallace attended the groom as best man.

The bride has made her home in Wellington for the past two years with her sister, Mrs. J. E. Cooper. She graduated from high school at Marlow in the class of 1944. While in school she was a member of B. and W. Social Club.

The groom who is now associated with his father in business, served three years with the U. S. Navy. He was on duty in the Pacific and returned to Wellington in January after receiving his discharge. He graduated from Wellington High School in 1942 before going into the Navy.

### RECEPTION

Immediately following the wedding a reception was held in the home of the bride's sister, Mrs. J. E. Cooper and Mr. Cooper. Guests attending the wedding and members of the wedding party were present.

A large three-tiered wedding cake topped with a miniature bride and groom was served with punch. The lace covered table was appointed with crystal and centered with an arrangement of mock orange blossoms.

After the reception the couple left for a wedding trip to Fort Worth. For her going-away costume the bride wore a light pink wool suit trimmed with gold buttons.

Wedding guests were Mrs. Jess Young, J. E. Cooper, Helen Langford, Yvonne Shields, Cara Beth Ball, Forest Ryan, Jimmie Bowen and Edd Riley.

Mr. and Mrs. Young are at home in Wellington.

### Irene Johnson And George Wheeler Jr. Marry May 8

Miss Irene Johnson, Wellington, daughter of Mr. and Mrs. T. C. Raper of Kirkland, and George Wheeler, Jr., son of Mrs. George W. Wheeler of Texico, New Mexico, were married in Wellington Wednesday, May 8, at the home of Mr. and Mrs. Frank Barker. Rev. C. C. Armstrong read the wedding vows at 4 o'clock p. m.

The bride wore a white dress and used black and white accessories. She attended the Samnorwood High School and her parents are former county residents.

The groom was reared in this county and left the Needwood community in 1938 when he moved to Texico, New Mexico.

Attending the wedding were the bride's parents, Mr. and Mrs. T. C. Raper; a sister, Mrs. Dorothy Benton, and the groom's sister, Mrs. Frank Barker and Mr. Barker.

The couple will make their home in Texico, New Mexico where Mr. Wheeler is engaged in farming.

### Excelsior Club Meets In Club Room For Picnic Supper

Members of the Excelsior Club were entertained Thursday evening of last week at the Community Club Room at a picnic supper and program.

The following program was given: "The Little Dutch Kindergarten," vocal duet by Tommie Ann Campbell and Helen Jo Holder; readings, "Mr. Brown Had a Haircut," and "Some Morning in Church" by Mrs. T. J. Way; piano solo, "Skylark," Mrs. Loula Daniels.

Attending were Nell Davis, Lota Dickson, Inez Leach, Gladys Leggett, Hattie D. Wells, Bonnie Willis, Floy Rapp, Loula Daniels and the hostesses.

Dodson Seniors

Shown here are ten of this year's graduating class from Dodson High School, who will receive their diplomas Wednesday evening, May 22, at the commencement exercise. Their baccalaureate services will be held Sunday evening, May 19. In the top row, from left to right, are La Verne McWhorter, Elsie Mae Cain, and Betty Nell Patterson. Middle row, Lawrence Stewart, Joyce Wynn and Ralph D. Carter. Bottom row, Jimmie Mae Crowder, Betty Sue Malone and Joyce Burge. At left, Gloria Boyd.

# Early May Brings More Veterans Back Home

**L. E. Gribble**  
Having served as a Chemical Laboratory Assistant with the 249th Chemical Processing Company in the 10th Division for the past twelve months on Saipan and in the Marianas, Staff Sergeant L. E. Gribble seems to be very happy to once again be in the city limits of Wellington after having received his honorable discharge at Ft. Sam Houston on April 28.

On April 18, 1944 Gribble was inducted and sent to Ft. Sill, Okla., for training with the 7th Chemical Warfare Service Laboratory. He shipped overseas on April 16, 1945 for the Marianas, landing there on May 12. After serving overseas for a year, Gribble was processed for his return to the U. S. on April 8 of this year and landed in San Francisco, California on Monday, April 22. He is authorized to wear the American Theater Campaign Ribbon, Good Conduct Medal, Asiatic-Pacific Campaign Ribbon, and two overseas service bars.

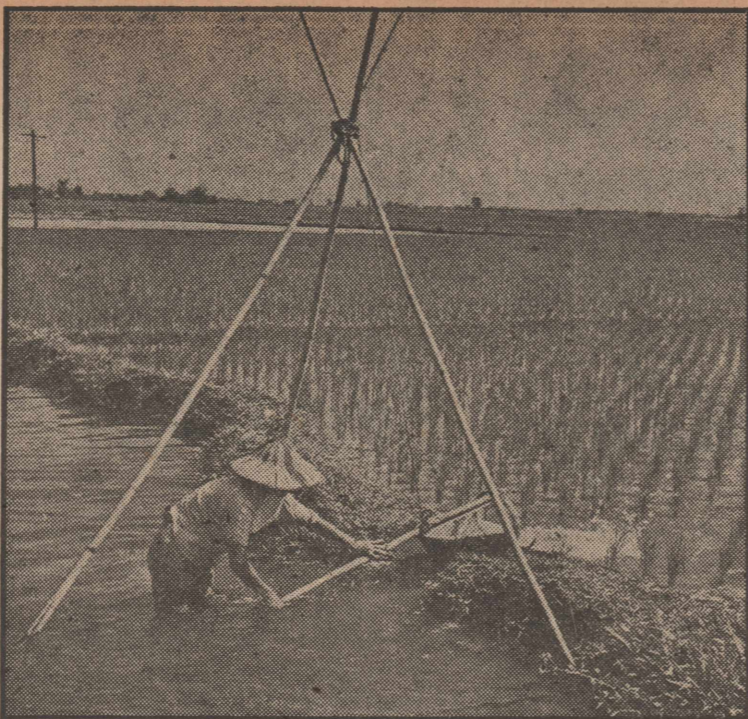

He plans to resume his college education at the University of Texas within a short time. He is the son of Judge and Mrs. Luther Gribble.

His parents, Mr. and Mrs. Jack Brewer, reside on Route 2, Wellington.

**Billy Mac Sims**  
At the United States Naval Personnel Separation Center on Terminal Island at San Pedro, Calif., Seaman 1-c Billy Mac Sims received his honorable discharge on April 23, and arrived in Wellington last week.

On January 1, 1945, Sims was inducted into the USNR at Oklahoma City, Oklahoma, and assigned to Port Huene, California, for his basic training. On April 1, of that year, Sims began sea duty on the USNA Navy 3245 where he served for about a year in the Asiatic-Pacific Area. For several months, Sims was on Saipan and Manila Island. He has been authorized to wear the American Campaign Ribbon, Asiatic-Pacific Theater Ribbon, and World War II Victory Medal.

Sims has decided to return to his former occupation of farming and ranching, and is at home now with his parents, Mr. and Mrs. William S. Sims, Rt. 5, Wellington.

**FARMING IN FORMOSA**  
Formosa's farming methods are still primitive. Here a Formosan woman performs the back-breaking task of hand-pumping water from an irrigation ditch to a rice paddy. The scoop is made of bamboo, so is the tripod. She does this all day long, day after day, to keep that big field watered.

**Howard D. Sanders and Edwin L. Sanders**  
Howard D. Sanders, S 1-c, received his discharge from the U. S. Navy on April 28 and returned to his home in McLean. He is the son of Mr. and Mrs. H. H. Sanders, former county residents. Another son, Sgt. Edwin L. Sanders, received his discharge from the army on November 30, and is now working for the Carl-Texo Company at Lefors.

Howard served two years and 4 1-2 months in the navy with most of that time spent in the Pacific where he worked in a warehouse. Mr. and Mrs. Sanders and Howard were in Wellington last Wednesday to visit friends and file his discharge papers.

Edwin spent two years in the Pacific with the anti-aircraft. He participated in bringing down several Jap planes on Guadalcanal. He served as an M. P. in the Philippines and later in Yokohama, Japan. His discharge came after four years of service.

**John Maurice Smith**  
After serving for eleven months sea duty in the Asiatic-Pacific Theater, Seaman 1-c John Maurice Smith received his honorable discharge at the United States Naval Personnel Separation Center at Camp Wallace, Texas on March 15.

Smith was inducted into service on December 4, 1944 in Oklahoma City, Okla., and was then sent to the Naval Training Center at San Diego, California. Upon completing his training there, Smith was assigned aboard the U. S. S. Vestal as a storekeeper, and served on it for the next 9 1-2 months.

Smith arrived in Wellington several weeks ago, and is resuming his former occupation of farming. His wife, Mrs. Jeanette Smith and two sons continued to make their home here while he was overseas. He is the son of Mr. and Mrs. Bill Smith.

# No Danger Of Cotton Surplus

DALLAS, TEXAS—Fear of a cotton surplus, which has so long haunted Cotton Belt farmers, is vanishing as the so-called surplus rapidly disappears, with many better grades of lint already scarce, according to A. L. Ward, Educational Director, National Cottonseed Products Association.

"Combined with the highest prices in two decades, the American cotton supply situation offers farmers in 1946 the strongest encouragement for increased production that they have had in many years," he pointed out. "Farmers, who recall the way in which so-called surplus of corn, wheat and other crops became shortages, can easily foresee the possibility that cotton supplies may soon be insufficient to meet the demand."

"Cottonseed products, especially oil and feed products, are critically scarce and have been for a number of years; and the need is acute for increased production to meet American and foreign requirements for feeds and fats."

Ward stated that value per acre of cotton was far above the average for other crops in most Cotton States last season, when yields were very low and prices less favorable than today; and that, on the average, cotton is both the most dependable and valuable crop that most farmers can grow. From the standpoint of both income and the need for its products, the outlook for cotton is very favorable this season where farmers make it the keystone of a balanced farming and livestock program, and follow practices that will increase yields and lower production costs, he added.

**Windel C. Brewer**  
On April 18 at the United States Army Separation Center at Fort Lewis, Washington, Private Windel C. Brewer received his honorable discharge after almost three years of Army service.

Inducted on June 10, 1943 at Lubbock, he received training at Ft. Sill, Okla.; San Antonio, Texas; Indianapolis, Ind.; Amarillo, Texas; Miami Beach, Fla.; Fort Lewis, Wash.; Sheppard Field, Texas, and Spokane, Wash. While in Miami Beach, Basic Training Center No. 9 of the U. S. Army Air Corps, Brewer was stationed with the 912th Training Group, and was in Flight 123-D. Later, he was assigned to the airplane and mechanic school in Amarillo, but at the time of his discharge, Brewer was with the 463rd AAF Base Unit at Ft. Lewis, Washington.

He has been authorized to wear the American Theater Service Ribbon and the World War II Victory Medal.

Remember the story of Aladdin, his lamp, and the corny genie? That goon doesn't even belong in the same league with me. Why I could give him cards and spades and still come up with more miracles per kilowatt hour that he could perform in a thousand and one nights.

My trouble is that you folks take me for granted. When I heat your electric iron, or chill your refrigerator, or clean your rugs, you expect it of me. But let that dopey genie do anything and right away somebody writes a book!

But don't think I'm going to sulk. I'm used to being taken for granted. I'll go right on being at your service, day and night. But I just had to get this gripe off my chest. Gosh, all that fuss over some old genie!

### Vivian Vandivere

The little curly haired blonde in our class is Vivian Vandivere. She first became known to this world on March 4, 1929 at Wellington. She is the daughter of Mr. and Mrs. B. A. Vandivere.

Vivian has attended school here for eleven years. While in high school she has been a member of the F. H. A. for one year, and the glee club for one year. Reading, writing, and kodaking, which she finds to be very fascinating hobbies, fill many of her leisure hours. She has found home economics and shorthand to be her favorite subjects.

Vivian is undecided about her future plans, but if she finally decides to go to college, she will take a business course at Draughon's Business College.

I am sure she will find success and happiness in any profession she chooses.

### Dottie Sue Sisk

One of two of the married girls to graduate this year is Dottie Sue Bettis. Dottie Sue made her appearance into the home of Mr. and Mrs. A. G. Sisk on October 26, 1928 at Wellington.

During her very busy school years, all of which have been spent here at Wellington, Dottie Sue was a member of the twirling corps for three years, the F. H. A. for two years, and office staff for one and one-half years. Dottie Sue finds that bookkeeping and typing are her most interesting subjects.

Dottie Sue's future has already been settled—as Mrs. Albert Bettis. Knowing Dottie Sue as we do, we know she will make her home a happy and cheerful one.

### Mary Alice Terry

A very studious member of the senior class is Mary Alice Terry. Mary Alice, daughter of Mrs. Nettie Terry, was born October 3, 1928 at Erick, Oklahoma.

Bible, English and history are her favorite subjects. You can understand why after finding out that her hobby is reading.

During her eleven years of school at Wellington Mary Alice has been a member of the Spanish Club for two years, F. H. A. for one year, and library club for one year.

If Mary Alice continues her education she will attend George Pe-

perdine College in Los Angeles, where she will major in Bible. She will then take up teaching as her profession.

Wellington wishes you much success in whatever you do, Mary Alice.

### Barbara Jo Baumgardner

Remember the intelligent Aunt of the senior play? Under that was one of our most outstanding seniors, Barbara Jo Baumgardner.

October 19, 1928 was the day Barbara Jo entered the lives of Mr. and Mrs. J. B. Baumgardner of Wellington.

For eleven delightful years Wellington schools have profited from Barbara's sweet personality and friendliness.

Being one of the executive members of our class, Barbara served as vice president of the freshman class, and she has very capably served as president of her junior and senior classes.

For some very interesting hobbies Barbara chooses reading and collecting pictures of house interiors.

Though she enjoys all subjects, Barbara especially enjoys history, algebra, and English.

Barbara has participated in practically all social functions of the school. Being rather musically inclined, she has been a piano student, member of the chorus and a member of the sextet. She participated in the F. H. A. Club. She was a member of the annual staff. Certainly, everyone remembers her good work as pep squad leader.

After graduation Barbara has chosen Texas Tech as her home of higher learning, where she will major in home economics prior to becoming an interior decorator or airline hostess. Barbara, we at W. H. S. know that you will attain much success.

### Clogene Young

Clogene Young, the daughter of Mr. and Mrs. Oliver Young, was born right here in "good ole Wellington" on December 28, 1928.

Wellington schools have been her home of knowledge for eleven of the brightest years of her life.

Clogene is another of our class who enjoys skating as her hobby. She also gains great pleasure from taking pictures.

Bible and safety gain Clogene's greatest interest in school.

For two years she was a member of the F. H. T. Club. She participated in the Spanish Club for one year.

Next year Clogene plans to enter Draughon's Business College, where she will major in business administration. From what we at W. H. S. have seen of her great capabilities, we feel certain that she will make a most efficient bookkeeper. Keep climbing, Clogene, you'll find much success in the business world.

### James Marshal Peters

Marshal was born April 3, 1929, here in Wellington. He is the son of Mr. and Mrs. A. J. Peters of Route 1, Wellington.

Marshal has attended school here four years, that is, all of his high school. The other seven years of Marshal's schooling were spent at Bean Hill. His favorite subject seems to be vocational agriculture. Marshal's hobby is hunting, as is nearly all the Senior boys' this year.

Marshal, too, is undecided about his future, except that he does intend to become a farmer.

### Don Leon Kutch

Don was born August 5, 1929, here in Wellington. He is the son of Mr. and Mrs. W. H. Kutch, whose present address is Route 1, Wellington.

Don has spent only four years in the high school of Wellington. He attended Kelly 4 years, Dodson 1 year, and Ricetown, Missouri, 2 years.

During his four years here, Don, who is a member of the F. F. A., served as sentinel 1 year, treasurer 1 year, and district vice-president 1 year for that organization. If you attended any of the boxing matches during the past two years, you probably remember Don. He has had some very outstanding fights in the ring for Wellington.

Don is undecided about his future schooling and his profession, but he may be sure that he has the best wishes of Wellington High in whatever he does.

### Wayne McClendon

Wayne was born at Arlie on December 22, 1929. He is the son of Mr. and Mrs. E. V. McClendon of Loco, Texas. Wayne attended school for seven years at Loco before he came to Wellington to get his high school education.

During Wayne's four years here, he has had one year of football, one year of boxing, and he helped with the school paper last year.

He has picked as his favorite subject typing. Wayne was a historian for the local F. F. A. chapter last year. This is Wayne's second year in the F. F. A.

Wayne isn't too certain about his future, but if he attends college, it will be Texas Tech, and he will

# Wellington Nine Loses Game To Childress 9-2

The Wellington baseball nine, playing on the Childress diamond, took a 9 to 2 defeat from that team Sunday afternoon in their third game of the season.

Wayne Butler, on the mound for Childress, mowed down the visitors with his precision pitching. He struck out 12 men and allowed but five scattered hits.

Darwin Crisco, 16-year-old Wellington pitcher, displayed all the earmarks of becoming a real hurler. At times he had the opposition swinging at fast-breaking curve balls.

The game was scoreless until the third inning. With two men down, Childress scored five runs on Griffin's walk, Sullivan's error, T. O'Neil's error and hits by Fischer, Butler and James.

Childress scored again in the fifth when Butler doubled to bring home Redwine who had tripled to left.

Redwine scored again in the seventh when he singled to left field and Fischer doubled to center.

In the eighth inning Griffin was on when Nelson made a bad throw to first. Harris tripled and Moore doubled to score Griffin and Harris.

Both Wellington's runs came in the sixth inning when Crisco singled, A. O'Neil struck out, Thomas was safe on a fielder's choice. Strong tripled, Thaxton was safe on an error by West and Barton doubled. Butler struck out Nelson to end the threat.

Mrs. Lela Armstrong returned to her home in Nocona last week after visiting here with Mr. and

Mrs. Green Hodges and family, and Mr. and Mrs. Jim Martin. Mrs. Armstrong is a sister of Mrs. Hodges and Mr. Martin.

Mr. and Clyde Pritchard and children of Cee Vee Ranch were visitors here last week in the home of Mr. and Mrs. L. A. Cartright. James Crane of Lubbock spent the week end with his parents, Mr. and Mrs. R. H. Crane.

Last Sunday morning, there was a special "Mothers Day" program at the Baptist Church.

Fifty-one per cent of the University of Texas ex-servicemen want to be engineers, Dr. H. T. Manuel, head of the University's testing and guidance program, announced after statistics on occupational choices of ex-servicemen had been compiled. The survey shows that 9.4 per cent want to be doctors, 6.3 per cent farmers or ranchers, 6.3 per cent businessmen, 3.1 per cent lawyers, 3.1 per cent journalists and 3.1 per cent teachers. Only 1.6 per cent are seeking careers in fine arts, and 7.9 per cent are indefinite as to their choices.

## Town Passes Crimeless Week End

Everyone was strictly good during the week end.

County Attorney W. M. Tucker reported Monday that for the first time in at least two years he had no complaints to file as a result of week-end misdemeanors.

"I can't remember accurately when a week end has passed that at least one complaint wasn't made, but we'd be safe in saying it's been at least two years," he commented.

Tested at Majors Field, Greenville, built at Garland, the "Flying Auto," with wing and tail structure can be driven as a car.

Miss Sue Nickerson, ex-Dallasite, is the only woman ever to receive the Medal of Merit, from Guatemala.

## Dodson Senior Series

### Ralph D. Carter

Ralph D. Carter was born May 4, 1929, to Mr. and Mrs. Mike Carter in Hollis, Okla. The Carters lived south of Dodson at this time and Ralph attended his first eight years of school at Arlie. After he graduated from the eighth grade there, he came to Dodson to finish his high school work.

Ralph is known around Dodson for his ability to be heard, but he can't help that because his father owns the Livestock Company here in Dodson and he has been used to yelling to the cows.

Ralph was the vice-president of his Junior class—45; he is very active and popular here in high school. He is an excellent baseball player and good in any other sport he enters.

His favorite subject is typing and his hobby is playing baseball. Ralph is not sure he is going to college, but if he does decide to go he said he will go to Texas Technological College, at Lubbock, where he will major in agriculture. After he finishes his education he plans to do a little ranching.

We are sure you will be a success in life, Ralph, so good luck to you.

### Elsie Mae Cain

Elsie Mae is a very likable student who will be missed by everyone with whom she has been associated. Elsie is very quiet, lovable, good natured, and always considerate of others.

She is the daughter of Mr. and Mrs. L. R. Cain. She was born at Hay Worth, Okla., on the 27th of May, 1928.

Elsie Mae attended school at Cob, Okla., for three years; O. M. in Harmon County for one year; and at Arnett for four years. All her high school work has been done at Dodson. We feel that the school has profited in having had Elsie here these four years. Her favorite subjects are Math and typing.

Elsie has been very active in the school sports; she has participated in volleyball, ping pong, and soft ball. She has also taken much interest in the glee club.

Elsie has two very interesting hobbies. She collects post cards and salt and pepper shakers.

Everyone that remembers the senior play will never forget the excellent job she did in playing the part of the old maid school teacher.

Elsie is planning to become a housewife after the first of August. We predict Elsie will be a success in anything she may choose to do. Best of luck, Elsie.

### Nola Joyce Wynn

Nola Joyce Wynn was brought into this world April 15, 1929, in Dodson, Texas. She is the daughter of Mr. and Mrs. L. F. Wynn.

Joyce attended school four years at Dodson and two years at Community Center. Then she returned to Dodson to complete her high schooling. We have found that her favorite subjects are civics and bookkeeping.

The collections of snapshots and post cards have added much interest and pleasure to Joyce's pastime.

Joyce has served three years on the soft ball team, one year in tennis, one year in ping pong, and four years on the volley ball team of which she is now captain.

Joyce is undecided about what college she will attend, but she plans to major in Business Administration and thus choose her profession in the commercial work of business. We of D. H. S. know that she will make good because of her determination and innate abilities.

### Betty Nell Patterson

Betty Nell, to the delight of the senior class and Mr. and Mrs. Fred Patterson, came into the world February 8, 1929. She was born near Dodson.

She has attended Dodson Schools all of her eleven years of schooling. She has been very active in sports and games during all of her

years of school, from jacks and marbles, to volley ball and baseball.

Her hobby is music, and her favorite subjects are typing and bookkeeping; so by this we know she has soft hands, and good control over them. She also has been a member of the high school trio three years, and before that, she was a member of the glee club.

We all know Betty Nell is a nice looking girl with a positive personality, because she was our High School Queen this year.

Although Betty Nell hasn't completely made up her mind about what profession she will enter on graduation, we know she will be a success in anything she attempts.

### Gloria Yvonne Boyd

Mr. and Mrs. Fred Boyd received a bundle of joy on December 5, 1929; they named it Gloria Yvonne. Gloria has attended all of her eleven years of school at Dodson. We think we have been very fortunate to have her with us and we know she will be missed next year.

She has been vice-president of our Senior class this year. Her hobbies are horseback riding, swimming, and collecting souvenir elephants. Gloria says that her favorite subject is typing and we might add that she is a very good typist too.

During her years of school she has engaged in sports, such as volleyball, soft ball, and ping pong. She also has become a member of the glee club.

Gloria plans to attend John Tarleton College, at Stephenville, Texas, where she will major in interior decorating.

Gloria has a pleasing personality and is one of the sweetest girls in the senior class. We are sure she will be a success in her chosen profession because of her natural tastes for color scheming and designing.

It is said that she will be a good housewife, because when she and Jimmie Crowder were freshmen they made the best biscuits of anyone in the Home Economics class.

### Jimmie Crowder

The petite but loud Jimmie Crowder is very popular with all her classmates as well as everyone with whom she associates. Jimmie will be remembered as the girl of the senior class who greets everyone with a smile.

Jimmie is the daughter of Mr. and Mrs. Edwin Crowder. She was born at Hollis, Okla., on June 27, 1929.

She has been very active throughout her eleven years of school. She was vice-president of the Freshman class, and president of both her junior and senior years. She is also active in many sports such as baseball, ping pong, and is now "mascot" of the volley ball team.

Jimmie's favorite subject is Homemaking. Her hobby is reading good books.

Jimmie has been a success in both the junior and senior plays. The most outstanding part she played was "Sunbonnet Jane" in the senior play of this year.

Jimmie is planning to become a housewife the 23rd of May. The senior class wants to wish her the best of luck and the greatest of success.

### Lawrence Stewart

Lawrence is a very dignified boy of seventeen, who came to the Stewart family April 19, 1929. He was the fifth child in the family. He has attended school at Dodson for 12 years and has been very active on the baseball team as first baseman, catcher and any other position he wishes to play. He has participated in baseball for the past four years in high school and in his early high school days he played some tennis. When Lawrence finishes school he plans to go to Brownfield, Texas, to be with his parents again who moved there recently. He is undecided about attending college; if he decides not to

### UNRRA FEEDS YUGOSLAV CHILDREN

Yugoslav farm woman, clad in Sunday best, hands her child food from an UNRRA-supplied K-ration packet. Note cautious approach of child to new type of food. 90,000 tons of surplus U. S. Army rations were purchased by UNRRA for distribution in Yugoslavia. 25,000 tons have already been delivered, the balance is on the way.

attend this fall, he will farm with his father.

He is very popular among the boys at school, to say nothing of how he flatters the girls. His hobbies are swimming and baseball, and his favorite subjects are math and typing. I am sure if Lawrence works hard enough he will be a success in life. The best of luck to you, Lawrence.

### Betty Sue Malone

On March 7, 1929, Betty Sue was born to Mr. and Mrs. Dewey Malone at Dodson, Texas. She has had her entire school career at Dodson. She was secretary and treasurer of the class her Junior year.

Betty Sue has taken a very active part in sports such as volleyball, soft ball and ping pong.

Her hobbies are music, collecting foreign coins and post cards.

She entered the National Oratorical Contest on the Constitution, sponsored by the American Legion, her Junior and Senior years. She won second place last year in the local elimination contest. This year she won first in the county and third in the district meet at Borger.

Betty Sue is the ranking student of the graduating class and will give the valedictory address the night of graduation. She has a straight "A" record throughout her eleven years of schooling.

She plans to enter John Tarleton College, Stephenville, next fall. Her ambition is to be a dietitian

which will require a major in Home Economics.

With her unwavering determination and strong personality, we know Betty Sue will succeed in any walk of life.

We will miss you here, Betty, but wherever you go we know that they will be fortunate to have you. We wish the best of luck to you, Betty.

### Joyce Jeanette Burge

The quiet dignified girl of our class is no other than Joyce Burge. Joyce was born July 8, 1929 at Dodson. She is the daughter of Mr. and Mrs. Noel Burge. She has attended Dodson school altogether, except two years at Kelley.

Joyce has chosen history and math as her favorite subjects. She plans to attend Southwestern Institute of Technology, Weatherford, Okla., and major in history and minor in math.

She has taken part in volley ball and ping pong and is a great over her music classes. For long practiced hobbies are horseback riding and music.

She has been on the Honor Roll the four years in high school, and will always be remembered for her studiousness. She is the salutatorian of the class.

For two years Joyce has participated in the Oratorical Contest on the Constitution, and both years she has won third place in the local elimination.

Keep the good work going, Joyce,

and we are sure you will be a great success.

### La Verne McWhorter

La Verne McWhorter has been a lively person around this school for many years. She has attended school here in Dodson for the past 7 years. The first 4 years of her school life were spent at Kelly. La Verne has the honor of being the secretary-treasurer of the Senior class.

Her hobby is collecting china cats.

La Verne has been a member of the high school trio since she was a Sophomore.

She has been a very active participant in sports for many years. She has played volley ball, soft ball, tennis, and ping pong.

La Verne has not decided definitely where to attend school next year but she does plan to major in music. She intends to become a music teacher after finishing college.

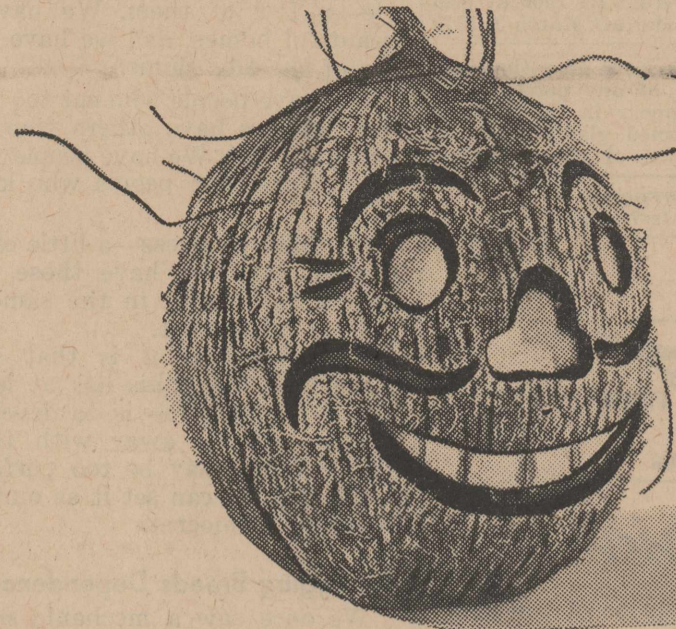

La Verne has been a very popu-

lar girl in school and we know she will continue in her popularity.

If the earth were a square or triangle, the horizon would be square or triangular too.

The goal of one million home gardens in Texas for 1946 is the same as during the war years.

World sugar production in 1945 was 18 per cent below pre-war figures.

Maybe you aren't this big a nut about cars

Maybe you're able to resist taking your engine apart—as long as it runs well. That's generally enough for most anybody—no matter how curious he is to see Conoco N<sup>th</sup> motor oil in the act of OIL-PLATING the engine's insides.

OIL-PLATED engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner sur-

faces. This is accomplished by the magnet-like action of an added material in Conoco N<sup>th</sup> oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. This time, with this new car, they want to start out right! . . . And should an older car logically have anything less than the safeguard of OIL-PLATING! ## Editorial

The initiative and enterprise of soil conservation supporters in the Cisco region in rejuvenating depleted soil by the planting of hairy vetch calls for commendation, and emulation by less provident sections of the state. The initial phase of the extensive program is the planting of 12,000 acres of the vetch with an ultimate goal of 120,000 acres.

Hairy vetch has been found to grow luxuriantly and to afford fine feed for cattle. It holds the sandy soil in the Cisco area from wind and water erosion, and has the further value of restoring fertility to the land lost from peanut cultivation. Utilization of the soil building crop was not successful until after experimentation of several years with the application of a special inoculant and phosphate fertilizer.

Cotton and other soil depleting crops, uncontrolled erosion and other neglect have taken a heavy toll of the productivity of once fertile Texas land, and uneconomic farming has adverse effects upon the business of the state. The processes of saving the remaining soil by conservation measures, including food control, and of putting life back into wornout land are essential steps for the future of Texas. The work of farmers in the Cisco region is a step in the right direction. — Fort Worth Star-Telegram.

## Other Editors Say

### • A Little Of Everything

A resident of our city was overheard to say recently that no matter what it is that some place else has, "Memphis has at least a little bit of it."

If you will think that statement over briefly, no doubt you will agree with the man who said it.

We have wealthy people, yes—a few of them. And we have poverty-stricken people—a few of them. We have nice and beautiful homes, and we have small replicas of the city slums.

We have people who eat too much every day, and we have others who do not get enough to eat. We have people who know a lot and we have people who know only a little.

We have progress—a little of it right at present; and we have those people who believe in staying in the same old rut—quite a bit of that.

Yes, whatever it is that some other place has, "Memphis has at least a little bit of it." Our job is to develop the desirable, and do away with the undesirable. Utopia may be too perfect to ever reach, but we can set it as our goal.—The Memphis Democrat.

### • Begging Breeds Dependence

We once saw a mechanic squat on his heels for what seemed an hour studying a piece of equipment before him. At long last he reached for his tools and in a few moments he had eliminated the trouble.

Today, we need to squat on our heels and think before we begin to shout. Never have we lived in a more complex and bewildering situation and never has plain truth been more elusive. Yet we go day after day, blaming someone else, expecting someone else to bear our burdens, yelling and shouting our hastily formed, ill considered opinions to the skies and doing so little thinking.

Most of us blame the government for our troubles or our neighbor or someone, anyone to whom we can transfer blame and evade a showdown with ourselves.

Most of us have sold our independence for an allotment check, soil practice benefit, a war plant that would boom business in our town, federal money for our schools, municipal grants and what have you, when we should have known that the price of federal subsidy, is federal ownership and control.

Even now, our sole hope of becoming again independent is dependent upon our being willing to pay the price of independence, by accepting responsibility for our own welfare.—W. R. Rutherford in The Moore County News.

# WTCC Opposes Increase In Freight Rates

ABILENE — The West Texas Chamber of Commerce and its Freight Rate Equality Federation, long campaigners for national parity in freight rates, are going before the Interstate Commerce Commission to oppose a 25 per cent increase asked for by the nation's rail carriers.

The position of the WTCC and FREF was set forth by their presidents, H. Y. Overstreet of Farwell and J. M. Willson of Floydada and D. A. Bandeen, general manager of both organizations. It is that no freight rate increases should be granted the railroads without a full investigation and until their need for greater revenue is proved "beyond a shadow of a doubt." The carriers had asked for the 25 per cent hike without hearing on one day's notice. The ICC responded by ordering a hearing on the petition, to start May 6.

The WTCC-FREF announcement said they have never opposed rate schedules high enough to provide the railroads with sufficient revenue to pay reasonable operating costs and dividends. They said, however, that should need for more revenue be established after full hearing, "we are unalterably opposed to the form of increase proposed, namely a 25 per cent increase, which on the basis of our present 160 per cent level of rates in Texas and the Southwest against the 100 per cent level in the Official Zone, means a 40-cent increase for us against a 25-cent increase in the North and East. We adhere to our long established position that any rates and rate increases granted should be applied equally and uniformly in dollars and cents rather than in percentages to all territories of the United States."

The WTCC contends further that the proposed increase could have disastrous economic consequences in West Texas, in stagnating housing and other building needs; reducing receipts of oil producers by around \$55,000,000 annually; costing farmers and stockmen an additional \$25,000,000; and taking a yearly \$75,000,000 toll from consumers. Already on present levels, said WTCC, 30 per cent plus of the total cost of goods moving in transportation is absorbed in freight rates.

### LIBERATION IS BITTER TEA IN FORMOSA

Still loyal to China after 51 years of Jap rule, Formosans view with bewilderment their new freedom—for it is bringing worse hardships than war! But they're rebuilding, as the picture above, of Kiirun, shows. It's one of the first pictures taken in Formosa by an Occidental since the western world was barred by the Japs in 1936. It shows rubble being cleared away from buildings blasted by our bombers. Oxen and elbow grease supply the power. But while rebuilding, Formosans, descendants of ancient Chinese pioneers, are bitter about the way things are going under the new Chinese rule: the island's rice, sugar, coal carted away, black markets and a crime wave flourishing, famine and unemployment. So Formosans don't look on liberation as a blessing—they resent it, and blame the United Nations for letting such conditions exist.

Utopia of Progress—minus all politicians and politics.

Just as my enthusiasm for Iraan was cooling down a little, lo and behold I hit another unincorporated town.

It was Ozona, whose slogan is "The Biggest Little Town in the World." It is also frequently referred to as the "Town of Millionaires." This is probably a pretty accurate description, for it's supposed to be fixed better financially than any other town its size in the United States. Ozona's population is around 4,500. It is a most attractive town of modern brick and stone buildings, and looks the part of "the million dollar town." But it hasn't had a city administration in its half century of existence, and doesn't want one.

Why in heck do towns incorporate, anyway?

There's an old outlaw, about 90 years old, who lives up in Oklahoma. He knew all the gun-totin' boys of the "good old days," from the James and the Daltons to Al Jennings. In fact, Jennings once defended this man on a charge of murder. Attorney Jennings got him acquitted of the murder charge, but for some reason the old outlaw doesn't like Jennings to this day. Nobody knows why, because he won't talk except to a very close friend or two.

The old boy claims to have committed every crime in the books. He says he wasn't arrested on any charge until he was 70 some years old.

That's what made him madder

than heck. He claims to have committed murder, train robbery, burglaries, and stick ups of all sorts. There's a story told of how he once needed something to use as a barricade to stop a train for a stick up. He didn't see anything handy, so he shot some guy who happened to come along and laid the body across the tracks.

Now the old pioneer of the badlands wouldn't have minded so much to have been arrested on any of these red-blooded charges. But what made him raving mad was being arrested, convicted and serving several years in a Federal penitentiary for a crime he says he didn't commit.

He bought a car from a man. It was an honest transaction and he swears to this day it was such. But it turned out the vehicle was "hot," he was found in the stolen car, and thus accused of violation of the Dyer Act.

The elderly outlaw, who still wears an old Kit Carson type buckskin suit, will never completely recover from this blow to his reputation.

## Tri-State Tattler

By BILL COX

As long as I can remember I have never known anything but incorporated towns. I was born in one, have always lived in one and am still living in one. So naturally it arouses my curiosity whenever I run into one that is not incorporated—which is getting to be quite often.

Iraan is such a town, a community of nearly 4,000 people with lots of oil wells and oil camps but no city administration. (For the benefit of those persons who didn't complete the fourth grade and who are having this column read to them, city administration means a mayor, city secretary, city councilmen or commissioners. I know, because I just had it explained to me.)

Anyway, Iraan was established about 20 years ago, and it still doesn't exist as a "real town." It's just a community with a name. And the people who live there do not care to incorporate their town, thank you.

The citizens tell me anything they need they get, because (1) they've got the money, and (2) they've got the will and the spirit to pull together. There are no bonds to be approved, no issues to be argued, no nothing that might result in a twisted tangle of red tape.

Just recently the residents of Iraan decided they wanted a recreation center for their youth. They okayed it "just like that," which is typical of the community spirit existing in Iraan.

# Funeral Rites For Mrs. Minerva Lowry Held Mon.

Mrs. Minerva Cathryn Lowry, who made Wellington her home for 26 years before going to Amarillo six years ago, died in that city Sunday, May 12, at the age of 78 years, two months and 19 days of age. At the time of her death she was making her home with a son, Howard Lowry.

Funeral services were held at the First Baptist Church in Wellington Monday afternoon with Rev. H. H. Kinkeade, pastor, in charge. Pall bearers were grandsons, Cecil Franks, O. C. Jones, Wayne Lowry, Earl Lowry, C. R. Higgins, and Glynn Franks. Flower bearers, who were granddaughters, were Doris White, Juanita Greer, Leona Higgins, Louise Wren, Sue Berryman and Nelda Lowry.

Interment was in the Wellington cemetery with the Kelso Funeral Home in charge.

A native Texan, Mrs. Lowry was born in Rockwall County. More than 30 years ago she moved to Wellington, and completed the rearing of her children here. The friends who had known her throughout the years paid tribute to her as a good, old-fashioned mother, who reared her children to be worthwhile citizens, a woman who loved her neighbors and spent her life as a staunch member of her church.

In 1940, Mrs. Lowry moved to Amarillo to make her home with children there.

She had been a member of the Baptist Church since childhood.

Eight children survive: Mrs. John Stewart and E. W. Lowry of Hammon, Okla.; Mrs. G. E. Jones, Lowry of Amarillo; Mrs. Jesse Mrs. Audra Franks and Howard White of Wellington; Mrs. E. B. Berryman and W. C. Lowry of Hereford. Thirty-seven grandchildren and 48 great-grandchildren survive, as do four brothers: C. R. Higgins of Amarillo, Ernest Higgins of Dallas and B. A. Higgins of Fort Worth. Her husband preceded her in death many years ago.

## Gospel Of Christ

(Rom. 1:16)

"Worship In Spirit And Truth"

"God is a Spirit: and they that worship him must worship in spirit and truth." John 4:24. "Thy word is truth," saith Jesus of the word of God. John 17:17. Therefore we can easily see that our worship must be according to the word of God.

Christ is the authority for our worship and the New Testament is our only guide. This guide-book teaches us that the early church "continued steadfastly in the apostles teaching and fellowship, in the breaking of bread and prayers." Acts 2:42. This book also tells us to "let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord." Col. 3:16.

These things constitute a worship of God that is "in truth" (according to His word) and when performed in the proper spirit is an acceptable worship.

God surely must have a right to say what shall be offered to Him as worship. Therefore, man is guilty of a presumptuous sin when he attempts to force upon God as worship the sound of his instruments of music or any other act unauthorized in the word which God has given to guide us.
