"YOUR HOME COUNTY PAPER"

VOLUME NUMBER 55 — SNYDER, TEXAS, THURSDAY, SEPTEMBER 24 NINETEEN HUNDRED AND FORTY-TWO — ISSUE NUMBER 17

HOBBS AREA PLANS JERSEY CATTLE GROUP

Consolidated School Making Plans for Dairying Center

Supervised by Cleveland Littlepage, Hobbs School vocational agriculture instructor, agriculture students and farmers of the Hobbs community are getting well underway with a community-wide project for making Hobbs a Jersey cattle raising center.

Under encouragement of Littlepage, the following members of the Hobbs Future Farmers of America chapter now own one or more registered Jerseys: Donald Robertson, Marcos Medrano, Jimmie Brown, Andrew Williams, Welborn Willingham, Andrew Willingham, Barton Willingham, Carl Wiley, Tony Maldanado, Leo Moffett, A. J. Kunkel, J. T. Denton, Lonnie B. Foster and Joe Shipp.

Littlepage says: "Of the several boys who have graduated from Hobbs High School with good supervised farming programs, the following are Jersey breeders in their own stead now: Carrol Hodges, U. S. Army, somewhere in the Pacific, two head; Preston Morton, U. S. Marine Corps, San Diego, Caalifornia, two head; Clay Garrison, U. S. Army Air Corps, Fort Sill, Oklahoma, two head; Pariss Ware, defense work, Seattle, Washington, two head; Clarence Anderson, farmer at Rotan, three head; Bob Etheredge, Tarleton Agricultural College, Stephenville, five head; and Henry Schwarz, Texas Tech College, Lubbock, three head. These young men are to be congratulated on the confidence they have in the future and the good cattle they were forced to leave at home!

"Adults and farmers who have become interested in the activities of the Hobbs Jersey Cattle Club are: Clifford Horton, owner of six registered Jerseys; Henry Williams, with three head; N. J. Guillet, with one head, and C. Littlepage, with four head. Remembering that a good bull is half of the herd, the idea of scattering purebred bulls over the community finds bulls being kept on the farms of Clifford Horton, W. S. Etheredge, Marcos Medrano and Nash Miers.

"The Miers herd contains several head well bred along lines of the Shelton Dairy at Brownwood, long famous for high production. The total number under immediate supervision of the agriculture department is 56 and the approximate number of Jerseys in the community is 72 head. Other persons owning purebred Jerseys in the community are Wanda and Odessa Weems, Ocie and George Polnack, S. A. J. Willingham and his grandson, Ralph. The former are students who recently purchased their heifers from the famous Brampton herd in Canada.

"Realizing that good cattle deserve good barns and that clean milk can not be produced without ample facilities, Rush Callan has just completed a tile and stucco dairy barn which would be a credit to any city dairy and easily meet Grade A requirements. Emmery Scott added a Hobbs bred bull to his herd of good grade cattle. These farmers and Future Farmers are truly saying 'if it's Jerseys you want, we have them,' Littlepage concludes.

Tigers Go to Anson For Friday Night Tilt

Second of Snyder High School Tigers' non-conference games will be played with the Anson Tigers at Anson Friday night.

Probable Snyder line-up, Coach Frank Weaver states, will be: Dorman and McMullen, ends; Early and Blanchard, tackles; Bruton and Randals, guards; Majors, center; Rollins, Richardson, Thompson and Hicks, backfield.

Who's New In Scurry County

Mr. and Mrs. Donald Ray Scott of Johnstown, Pennsylvania, are announcing the arrival of a seven pound, seven and one-half ounce baby girl, Donna Jean, born September 16. Paternal grandparents are Mr. and Mrs. J. W. (Watt) Scott of Snyder.

Mr. and Mrs. Marcel Josephson announce arrival of a girl, Barbara Jene, born September 20, and weighing eight pounds, five ounces.

Mr. and Mrs. A. A. Bates announce the arrival of a boy, Ralph Aron, born September 17; weight, nine pounds, four ounces.

Mr. and Mrs. R. H. Woody have a baby boy, Douglas, who arrived September 17.

A five pound, eight ounce boy, B. B., born September 18, for Mr. and Mrs. G. B. Blair.

Snyder Has Taste Of Meatless Days As Bacon Sold Out

Imagine a baconless Snyder! Well, that type of situation might [illegible] dream or nightmare before Pearl Harbor, but it became a reality here Monday, when Snyder merchants were unable to get hog bosom of any kind—either with or without buttons.

No bacon for sale Monday reminded Snyder and Scurry County residents alike that we are actually in one of the most destructive wars this nation has ever known, a war that will see bacopless days roll around every now and then.

The situation of no bacon in meat markets was remedied Tuesday, when wholesale houses got their trucks rolling into the beleagured town—breakfast bacon, salt pork and even some good old salty, juicy hog jowls.

The Office of Price Administration warned several days ago that available supplies of meat, including pork and beef, were getting low, and that civilians might look forward, in the near future, to meatless days periodically.

Class in Surgical Dressing Course Begins Tuesday

Mrs. Gerald G. Gordon, chairman of the surgical dressing program for Scurry County's Red Cross chapter, reports 16 women were present Tuesday for the first day's work at the Red Cross center in making surgical dressings.

The 16 women made a total of 625 dressings—only 25 short of the quota for 24 workers in one day. Mrs. Gordon advises ladies of Snyder and nearby communities that materials for the surgical dressing program have arrived at the local center. The survical dressing work room, located in the back of the Red Cross center, east side of the square, is now open Monday through Friday from 2:00 to 5:00 p. m.

Mrs. Gordon hopes to have at least 25 women working daily. Those employed must wear hair nets, cotton dresses, leave nail polish off, have no rash of any type on their hands and have no colds.

Trained supervisors who have designated days are urged to call women who promised to work on certain days. All women are invited and urged to attend, whether called or not. Plans are being made for a "Victory Day" at the center, full details of which will be announced later.

Total of 16 ladies who worked Tuesday were: Mmes. Pat Bownds, W. D. Harral, Edgar Taylor, L. A. Crenshaw, Lora Miller, Ben F. Wilson, John Blum, Roy Porter, Clyde Boren, R. J. Randals, Ross Blanchard, Dewey Everett, Bryan Jordan, W. B. Lee and Gerald G. Gordon, and Nan Blakey.

German Helmet Put In Scrap Drive Here

A German helmet, souvenir from World War I, was turned up this week in Scurry County's scrap salvage drive—a helmet that can be remelted and fired back at the Nazis.

So announce members of the county scrap salvage committee, who report the helmet was donated by Herman T. Wood, a member of the 90th Division.

Wood is a brother of Mrs. Earl Fish of Snyder, and recently attended the 90th Division reunion at Camp Barkeley.

Previous to being remelted, the German headpiece is being displayed at the Chamber of Commerce office.

Machinery Rationing Group to Be Named

Attaches of the county AAA office announced Wednesday that a county farm machinery rationing committee would be formed in the next few days to administer rationing of farm machinery in Scurry County.

The committee will be composed of the county AAA committee chairman, plus two farmers appointed by the Scurry County U. S. Department of Agriculture War Board. The war board also will name two alternates, who will replace any members who may resign later.

The Scurry County farm machinery rationing committee will deal only with rationed farm machinery, a list of which will be published at an early date.

Five Boys of County Enlist in Air Corps

W. W. McCollom, major, infantry, public relations officer at the U. S. Army induction center, Lubbock, announces this week the enlistment in the U. S. Army, air corps specialists, of five Scurry County boys.

The group includes: J. A. McKinney, Charles A. Lobban, Glenn E. Foster, Norris N. Scott and William H. Strickland.

LOANS BY FCA TO HELP PLANT COVER CROPS

Field Supervisor Will Spend Two Days of Each Week in Snyder For Making Loans

Ed F. Jay of Sweetwater, field supervisor for the Farm Credit Administration, announced Monday that Scurry County farmers who wish to plant fall cover crops of hairy vetch or similar legumes as a soil building practice, may secure funds from the emergency crop loan section of the FCA for such purposes.

Jay can be contacted in Snyder each Tuesday and Friday about the loans, and will furnish complete information to those interested.

"Because of the war there is a serious shortage of commercial fertilizers," Jay says. "All nitrates are being diverted to the vital manufacture of munitions and farmers are being urged by the Department of Agriculture to grow their own nitrogen by planting and turning under cover crops. Not only is this element replaced in the soil economically by this method but farmers who comply with instructions of the AAA may also earn an additional benefit payment in 1942 and another in 1943 by carrying out the practice.

"To assist in this program, emergency crop loans to produce 1943 crops are being offered and an early installment may be advanced at once to cover the cost of planting the cover crop. The remainder of the loan will be disbursed when needed by the borrower for planting his normal 1943 crops," the field supervisor states.

"The first installment of the loan will cover the cost of preparing the land, purchasing feed for work stock or fuel oil, purchasing cover crop seed, purchasing phosphate and other incidental expense. Methods recommended by the county agent will be followed and instructions of the ACA secretary must be complied with if the borrower wishes to earn additional soil conservation payments.

These loans, usually known as "seed loans," have been made in this county for many years and, as in the past, will not be made to those who, it is shown, have credit elsewhere. Eligibility rules are the same now as in former years."

Ginnings Pass 1,250 Mark as Cotton Dry Days Help Picking

Figures gathered by The Times Wednesday indicates Scurry County cotton ginnings, unofficial, through noon Wednesday totaled 1,250 bales.

Pretty weather, plus arrival in the county of hundreds of cotton pickers, has brightened the cotton picture considerably in the past 10 days.

County ginners are making a plea this week, as will be noted elsewhere in The Times, for cotton producers to bring all cotton possible to the gins during daylight hours.

Should sunny weather continue, cotton is expected to move to the gins at the rate of around 1,000 bales weekly until county producers "get over" the first time.

Agricultural picture of Scurry County also is brightening with considerable planting of small grains for winter pasturage.

Fluvanna Buffaloes Bow to Loraine, 13-0

Fluvanna's Buffaloes, who clashed Friday evening at Loraine against the Loraine Bulldogs, were defeated 13 to 0, reports reaching The Times indicate.

The Fluvanna boys rallied strongly in the second and third stanzas of the Loraine melee, but were unable to break up the strong offensive plays hammered home by the Bulldogs.

Starting line-up for the Buffaloes was as follows: Turner, left end; McKnight, left tackle; Sullenger, left guard; Ainsworth, center; Ball, right guard; Moore, right tackle; Freeman, right end; Stavely, quarterback; C. Sullenger, fullback; Maples, left halfback, and Green, right halfback.

Bud Merritt Gets Air Corps Advancement

Promotion of W. W. (Bud) Merritt, son of Mr. and Mrs. J. A. Merritt of the Pleasant Hill community, from the rank of staff to technical sergeant was announced this week by the U. S. Air Corps basic flying school at Pecos.

"Bud," as he is known in Scurry County, is a graduate of Snyder Schools and has been in the air corps two years. He was formerly stationed at Taft Field, California. Promotion from staff to technical sergeant is considered a rapid advancement for the county youth. As a special service officer, he will be in charge of office and recreation details, such as USO shows. He is chief cashier at a theatre at night.

Got a Car Tag?

Are you, as the average Scurry County motorist, displaying your $5 federal motor vehicle tax (red) stamp prominently on your auto-

like many others, put the stamp away in a billfold, or in personal papers at home?

If you are not displaying your federal motor vehicle stamp prominently, you'd better attend to this matter right now. The Internal Revenue Department has warned that stamp violators will not only be rounded up, but subject to stiff fines. Attend to your red car stamp, today!

Nine Selectees in County Awaiting Physical Exams

Scurry County's Selective Service Draft Board, at the organization's regular weekly meeting Monday evening, placed nine registrants in the list awaiting army physical examinations, three in Class 1-A and 11 in Class 1-C—due to being in military service.

Classifications follow:

Pending army physical examinations—Marvin E. Hanback, order No. 24; Layton Hardrick, 36; Garland Jacobs, 290; Henry L. Drennan, 319; Guss R. Kelley, 661; Elmer J. Welch, 833; Ray H. Davis, 643; Sam L. Landen, 861; and Edward Martin, 10,732.

Raul L. Salas, order No. 10,603; James H. Wells, 10,688; and John E. Pierce order No. 10,720, were placed in Class 1-A.

Draftees placed in Class 1-C—Charles A. Lobban, order No. 21; Lester C. Bryce, 154; John F. Blum, 219; Berry B. Cribbs, S-869; Gaylon N. Cummings, 893; Fred W. Boren, 10,490; Norris N. Scott, 10,672; Guin A. Tate, 10,686; Weldon L. Spykes, 10,700; J. A. McKinney Jr., 10,768; and Robert J. Boren, 10,822.

One Guesser Risks 25,000-Bale Cotton Estimation of Crop

Despite the fact cotton for the 1942 season is beginning to move to county gins in an increasingly steady stream, it's difficult to get anyone to make a definite guess on how much cotton the county will make in 1942.

One farmer, who has guessed mighty close at cotton crops the past 10 years, predicts that Scurry County will drag out 25,000 bales of cotton for the 1942 season.

Scurry County producers and ginners alike are hoping that the county will mark up around 30,000 bales this season—in view of the firm price cotton is bringing and in view of the good price prevailing for cottonseed.

Salesmanship Classes Drawing Big Crowds

Laura J. Wilson, representing the University of Texas, is attracting considerable attendance to the classes she is conducting this week in the Commissioners' Court room on modern salesmanship methods for Snyder store employees. Miss Wilson is conducting daily classes at 9:30 a. m. and at 2:00 p. m. She announces special meeting will be arranged for store employees who cannot attend these meetings.

The University of Texas representative has arranged special hours for attaches of Perry Brothers, and can arrange special class hours for others.

With Coming of Cotton Pickers To Area, Merchants Are Busy

The cotton fields of West Texas are becoming ripe unto the harvest this week, and from all parts of Southern Texas and Old Mexico, hundreds of Mexicans are pouring into this area this week, as the annual influx of harvest hands gets underway. By truck, automobile, pickup—and anything else with tires—the hands are infiltering into West Texas Counties, and right welcome they are, too.

Not only Mexicans, but what available white people are loose, and hundreds of negroes are coming into this part of the state to help harvest what promises to become abundant crops in this part of Texas.

The coming of cotton pickers is getting underway this season earlier than last year. Insect damage in the Rio Grande Valley, plus damages to crop in East Texas is getting the hands here about three weeks earlier than usual.

A count made over the week-end reveals that approximately 3,000 harvest hands passed through Snyder—headed for the spots which need help the "worstest."

Merchants and business men in Snyder and elsewhere are particularly anxious to welcome the hands, for with bolling prices going from 75 cents to $1 per 100 pounds, cotton pickers are going to bring hundreds of dollars in new money to Snyder and Scurry County.

Majority of the harvest hands passing through Scurry County, en route to the Plains, say they want to get their part of crop gathering through with as soon as possible, and "head back towards the tall timber before snow and sleet hit the 'baldies'."

One white man, who had his family and earthly possessions in a delapidated "jalopy," said: "I couldn't get into defense work, and my children are too young for plant work. But we can do our bit for victory by gathering every bale of cotton we're able to before frost."

Doing their part, and helping the farmers save this year's important cotton crop seems to be the theme of all the harvest hands, who want to see the cotton ginned and be on their way back to South Texas when autumn leaves begin to fall and wild geese start calling their broods southward.

COUNTY'S TAX BILL UPPED BY BIG RENDITION

Rolls Completed and Approved by State, Ready for Collection Beginning October 1

Scurry County will have a gross 1942 tax bill of $120,218.60—believe it or not.

So announces the county tax assessor-collector's office, attaches of which point out increased property valuations for the 1942 calendar year.

Based on figures obtained this week, Scurry County property for 1942 has an assessed valuation of $5,924,393—an increase of $165,666 over the 1941 property valuation for the county of $5,758,727.

Based on the state advalorem tax rate of 75 cents on the $100 property valuation, Scurry County has advalorem assessments of $34,983.68—compared with assessment of $26,-169.22 in 1941 on the basis of a 62 cent state advalorem tax. This is an increase this year of $8,169.22.

County taxes for 1942, based on the $1.04 rate per $100 valuation, have been assessed at $61,613.37, an increase of $1,722.70 over the 1941 level—which was also based on the $1.04 county rate.

Based on the same rates as in 1941, the county tax assessor-collector's office points out that common school district taxes will be $18,-925.31 for 1942. They totaled $18,-316.38 in 1941.

Addition of poll taxes, as charged on tax rolls, amount to $4,696.25 for 1942.

Herman Darby, county tax assessor-collector, states the 1942 tax rolls have been approved, and that everything is in readiness to start collecting 1942 taxes October 1—the first day 1942 taxes ean be paid. Tax paying time will last until January 1, but those who pay taxes early will avoid penalties.

Autry Urges Folks to Hear Radio Sunday

N. W. Autry, Snyder volunteer fire department chief, issued an appeal this week to Snyder and Scurry County radio listeners to tune in Sunday afternoon, 2:00 o'clock, over Texas Quality Network radio stations for a program dramatizing the work of auxiliary firemen in civilian defense.

The program will be one of the series in "Texans on the Alert," prepared by the National Defense committee for Texas, and features civilian defense activities.

Chief Autry reminds county radio fans that Sunday's afternoon's radio broadcast is strongly endorsed by Marvin Hall, state fire insurance commissioner for Texas.

Dr. Redwine Reports For Service in Army

Dr. Harry P. Redwine, Snyder physician the past six and a half years, will report for duty Friday at Fort Sam Houston, San Antonio, with the U. S. Army, The Times is informed. Dr. Redwine will go into army service with a captain's commission, army officials announced Wednesday.

Previous to opening medical practice here, Dr. Redwine practiced medicine in Butler, Oklahoma, for two years. He attended Rice Institute, Houston, and the University of Texas at Austin. He interned at the John Sealy Hospital, Galveston, and the City-County Hospital in Fort Worth.

Mrs. Redwine and their two children, four-year-old Harriett and year-old Danny, will remain in Snyder.

Interest in Synthetic Rubber Plan Shown

Scurry County's Chamber of Commerce has received plenty of inquiries since it endorsed last week West Texas Chamber of Commerce efforts to give grain sorghum crops prior consideration in helping make synthetic rubber.

The Scurry County grain sorghum crop, approximating 55,000 acres, could become a highly profitable cash crop if the federal government decided to locate a mill in West Texas for making ethyl grain alcohol from grain sorghums. Such alcohol is a source of butadiene, the much talked of rubber synthetic.

Scurry County's Chamber of Commerce was advised this week that the regional organization is awaiting developments before taking additional action.

Typing Classes Will Be Offered to Public

Mrs. J. P. Strayhorn, faculty member of Snyder Schools, announces she will start typing classes for civilians Monday evening at the school.

Civilians interested in taking a typing course are advised that the cost of the entire course will be $15. Classes will be held Monday, Wednesday and Friday evenings, 8:00 to 9:00 o'clock. Those wishing a reservation in the class are asked to contact Mrs. Strayhorn by phoning No. 194-W.

Educational Encampment to Attract County Farm Folks

FSA BEING PUT ON FULL TIME WAR FOOTING

Part Local Government Lending Agency Will Play in Crisis Is Told by Supervisor

Placing of the Scurry County Farm Security Administration on a full war-time footing was announced Friday afternoon by Gerald G. Gordon, Scurry County FSA supervisor, following his return from Big Spring, where he attended a district FSA gathering.

"Every activity of the Farm Security program will henceforth be considered on the basis of the agency's contribution to the nation's war needs," Gordon says. "This means food production will come first and nothing will be undertaken which does not contribute directly to the "Food-for-Freedom program."

Of special interest to Scurry County farmers is Gordon's announcement that loan funds are immediately available for food and feed preservation needs this fall and for food and feed production operations next spring.

"Farm Security," says Gordon, "has the responsibility for giving the needy, low income farmer a chance to participate effectively in the nation's war effort. With our help, he can make a valuable contribution to America's food production program. Without our help, his strength and power will be wasted. We have instructions to begin making loans immediately and to dig deeper than ever before in order to help the greatest number of farm families.

"With the prospect of serious shortages in certain foods, the nation must depend upon the small farm operators to utilize their full labor and skills if the United States and the other United Nations are to pull through the present crisis to victory."

Scurry County farmers can obtain complete details about the FSA's wartime lending program by contacting Gordon at his office in the basement of the Fair Store building.

Short Course Slated In Snyder October 6

Estella Rabel, county home demonstration agent, announced Wednesday that a one-day short course would be held here Tuesday, October 6, with a number of specialists from Texas A. & M. College Extension Service on hand to give demonstrations.

It was incorrectly stated last week the specialists would be here Saturday for the one-day educational encampment.

Specialists who will be here October 6 will include: Kate Adele Hill, district agent; Mrs. Dora Barnes, clothing specialist; Miss Winifred Smith, food preservation specialist; E. R. Eudaly, dairy specialist; and A. L. Smith, beef cattle specialist with A. & M. College Extension Service.

Additional announcement on the short course will be carried in next week's Times.

Flag Raising

Have you noticed recently how prompt Gail Smith, courthouse janitor, is each morning on raising the U. S. flag, and how efficiently he lowers the flag each evening?

Smith, elected official flag man with the dedication recently of the new flag pole, is performing a daily service that hundreds of Scurry County people, with sons in military service, won't forget for many years.

Yes, Old Glory means a lot to Scurry County folks, and they appreciate Smith's keeping the flag waving each day.

320 Tons of Iron Raised in County Scrap Campaign

Scurry County's scrap salvage campaign, which has been in progress the past several weeks, hit a new high this week when collection of scrap iron and steel reached the 320 ton mark. This makes 640,000 pounds of scrap metals Uncle Sam can use against he Axis satellites.

Personnel of the Scurry County scrap salvage committee report results of the county-wide drive, to date, have been highly satisfactory, and that response of the public is worthy of commendation.

President Roosevelt has urged the people of Scurry and adjacent counties to come forth with all scrap metals possible, lest the government have to adopt a "seizure" plan on scrap needed for war plant smelters.

The Chamber of Commerce urges county residents who have large quantities of scrap iron and steel on hand, and who do not have transportation facilities available to contact the CC office immediately.

Ginners Ask Cotton Be Brought to Gins During Day Shift

Snyder and Scurry County ginners issued an appeal Wednesday to the county's 1,500 cotton producers to bring all cotton possible to gins during daylight hours. Due to the labor shortage among skilled gin hands, ginners declare they can render much better service to farmers if seed cotton is brought in during the daytime.

Gins over the county will, of course, be glad to handle cotton day or night, but plead with farmers, where it is at all possible, to bring the fleecy staple in when the day crews are on the job, and can render the best service.

Producers who have hired truckers to haul their cotton to the gins, or made arrangements to have cotton hauled in trailers, are urged, where feasible, to arrange for cotton movement to the gins during the daytime.

Teachers of County Will Meet Saturday

First county-wide meeting of Scurry County school teachers, canceled Saturday afternoon because of intermittent rainfall, will be held Saturday afternoon of this week, 3:00 o'clock, in the county court room, Pat Bullock, acting county superintendent, announces.

All faculty members of county schools are requested to attend the gathering, at which time matters of vital importance to county schools will be discussed.

"Evaluative Criteria" for elementary schools of the county will be up for discussion, as will means of school students helping in the county-wide scrap salvage campaign.

Bullock, who will preside at the teachers' meet, also stresses the importance of county schools deciding on which school days they will stage defense stamp sales.

Lions to Go to Zone Meeting at Lamesa

Announcement was made at Tuesday's regular weekly Lions Club luncheon in the Manhattan Hotel that three cars of Snyder Lions and ladies will be in Lamesa this (Thursday) evening for a zone Lions Club gathering.

The Lamesa Lions Club, host organization for the gathering, reports a chicken barbecue will be staged at the Lamesa Country Club.

Mrs. L. A. Chapman gave several piano selections at Tuesday's gathering, and Mrs. Charles A. Manning gave a laugh drawing story. She has the reputation of being one of the state's champion story tellers.

Club guest Tuesday was Sam Williams.

PART OF CLUB WOMEN IN WAR TO BE THEME

Practical Demonstrations by Agents Will Climax All-Day Gathering At Snyder NYA Building

Hundreds of people from all sections of this trade zone are expected to gather in Snyder Saturday for the one-day educational encampment sponsored by the Scurry County Home Demonstration Clubs.

The encampment will be staged in Snyder's National Youth Administration building, and the encampment proper will be held from 10:30 a. m. to 3:00 p. m.

Following group sangs Saturday morning, 10:00 o'clock, and a prayer, Mrs. Paris McPherson will give the welcome of the encampment. Mrs. Stanley Merket of China Grove will give state convention remarks.

From 11:00 to 11:30 a. m., demonstrations on "How We Help Meet the Present Situation" will be given by Dermott, Tri-Community, Fluvanna, Bison, Lloyd Mountain and Turner Home Demonstration Clubs.

From 11:45 to 12:15 a. m., poultry preparation demonstrations will be featured by Estella Rabel, county home demonstration agent with Texas A. & M. College Extension Service.

The 45-minute period, 12:15 a. m. to 1:00 p. m., will be marked by luncheon, with attendants due to bring covered dishes.

During the 30-minute period, 1:00 to 1:30 p. m., demonstrations on "We Will Do Our Part to Win This War" will be given by Pyron, Camp Springs, Plainview, Union, China Grove and Independence clubs.

A poultry demonstration of vital interest to every Scurry County farmer will be given Saturday afternoon, 1:30 to 2:15 p. m. by Edward S. Hyman, county agricultural agent with Texas A. & M. College Extension Service.

Games, stunts and songs will be the chief drawing card from 2:15 o'clock Saturday afternoon until the encampment officially closes at 3:00 o'clock.

Hyman, Miss Rabel and officers of the Scurry County Home Demonstration Council extend the public a cordial invitation to attend Saturday's encampment.

Echols Resigning As Member of Triple A

Effective Saturday of this week, Perry Echols of Ira is resigning as a member of Scurry County's AAA committee, the county Triple A office announces. Ross Williams, who has been a member of the committee, tendered his resignation several days ago, and is being replaced by S. L. Terry of Ennis Creek.

W. M. Hairston of China Grove, remaining county Triple A member, will be automatically elevated to the chairmanship of the committee after Saturday.

Officials of the county Agricultural Adjustment Administration feel a meeting of delegates to the county convention will be called in the near future, and a committeeman named to succeed Echols.

Schools to Observe Special Bond Days

The county superintendent's office reported Tuesday that considerable interest is being shown by Scurry County schools in setting aside special days each week to push the sales of defense stamps.

"We are finding," Pat Bullock, acting county superintendent, says, "that school students are enthusiastic over the proposed Victory Day stamp sales periods, and want to contribute their dimes and nickels to help keep American soldiers supplied with bullets and other war arms."

Virtually all county schools, in setting aside special defense stamp sales days last year, reported marked success. This plan for the 1942-1943 school year will be discussed Saturday afternoon, at a county-wide teachers' meeting.

Borden Scrap Drive Will Gather 30 Tons

Frank W. Medley, county agricultural agent, reported while here Friday that Borden County's scrap salvage drive would net at least 30 tons of scrap iron and steel, and in excess of a ton of scrap rubber.

Medley, who says the cooperation of Borden County residents in the campaign has been "great," reports Work Project Administration trucks from Lubbock are expected late this week to pick up the scrap in Borden County communities.

The WOMAN'S Page

Ensign William H. Miller Marries Coleman Girl in Sunday Ceremony

Billy Marie Miller became the bride of Ensign William H. Miller of Corpus Christi Sunday night at the ranch home of the bride's parents, Mr. and Mrs. J. P. Miller, near Coleman. The double ring ceremony was read by Rev. Floyd Dunlap before an altar of white gladioli and plumosus fern banked before the fireplace. Tall white candles were lighted by Weldon Miller, brother of the bridegroom.

Mrs. John Warren played piano selections before the ceremony, accompanied by vocal solos by Doris Miller and Hazel Scott, aunts of the bride, and the traditional wedding march.

Given in marriage by her father, the bride wore a white satin wedding gown with a sweetheart neckline. Her fingertip veil of illusion was held to her head by white orchids. She carried a white prayer book belonging to a cousin, Mrs. Zeno Hemphill of College Station. For something old, she carried a bouquet of waxed orange blossoms carried by her grandmother, Mrs. J. A. B. Miller, at her marriage 43 years ago. The bouquet was showered with stephanotis.

Patsy Jamison was maid of honor, and Ann Miller, the bride's sister, was junior bridesmaid. Miss Jamison was dressed in blue and Miss Miller in peach, each carrying a colonial bouquet tied with satin ribbon. J. P. Miller Jr., the bride's brother, was best man.

Both Ensign Miller and his bride are members of ranching families. Mrs. Miller is a graduate of Coleman High School and attended Stephens College, Columbia, Missouri, and Texas Technological College, Lubbock.

Miller is a graduate of Snyder High School and Texas Tech. He received his wings and commission at the naval air station in Corpus Christi and will return there for a three-week instructor's training course.

The couple left following the reception for a two-week trip to Colorado, before returning to Corpus Christi, where they will be at home at the Driskill Hotel.

Out-of-town wedding guests from Snyder were the bridegroom's parents, Mr. and Mrs. W. C. (Bill) Miller, Mr. and Mrs. R. C. Miller Jr., Mrs. Lora Miller and Mrs. R. Clyde Miller.

Sunday Bride

Millie Marie Miller, pictured, became the bride of Ensign William H. (Bill) Miller of Corpus Christi in a double ring ceremony September 20. The couple, after a two-week wedding trip in Colorado state, will be at home at the Driskill Hotel in Corpus Christi.

Mother Middleton Celebrates Birthday

"Mother" Middleton, who lives in West Snyder, recently celebrated her 95th birthday, she says, by spending a quiet day at home. Mrs. Middleton, mother of Mrs. J. W. Leftwich, has resided in Snyder many years.

In addition to relatives who called September 11, the occasion of Mrs. Middleton's birthday, a number of friends, including Alex O. Murphy of Knapp, called for brief visits.

Gift Tea Honors Mrs. J. F. Collings

Daurice Worley was joined by her Sunday School Class of the First Baptist Church and assisted in entertaining by Mrs. J. M. Doak at her home last Friday evening in a gift tea for Mrs. J. F. Collings, the former Lola Mae Littlepage.

Fall flowers decorated the entertaining [illegible] program [illegible] Song," and readings were given by Miss Worley, Mrs. W. R. Bell, Mrs. A. E. Duff Jr., Mrs. Joe Graham and Mrs. Fred Jones. Miss Holmes then sang "A Boy in Khaki and a Girl in Lace."

Following the program the bride opened many lovely gifts.

A refreshment plate was served to the following: The honoree, Mmes. J. P. DeShazo, Willard Jones, Fred Jones, Joe Graham, Jim Littlepage, A. C. Alexander, Edgar Taylor, Doak, T. S. Worley, Duff and Bell, Frances Veale and Ruth Letcher.

Mrs. Collings arrived by bus a few moments before the tea. She is a teacher in the Lamesa Schools.

Mrs. Smith Hosts Methodist Class

Victory Bible Class of the Methodist Church met last Wednesday at the parsonage for an all-day meeting, with Mrs. I. A. Smith as hostess.

A covered dish luncheon was enjoyed at noon by 16 members and one guest. Members pieced quilts for the Red Cross. Two quilts will be pieced at the next meeting, to be held at the church.

Methodist WSCS Meets at Brown Home

Woman's Society of Christian Service of the Methodist Church met at the home of Mrs. H. P. Brown Monday for a business, yearbook and social meeting. Several assisted the hostess.

Mrs. A. M. Curry presided during the business hour, and worship service was conducted by Mrs. J. O. Littlepage. Theme for worship was "Give Substance to the Dreams of Better Things for You."

Mrs. T. M. Howle was at the piano and Mrs. I. A. Smith led the discussion, assisted by Mmes. Lyda M. Hardy, E. L. Farr, W. A. Wells, R. M. Stokes, Warren Dodson and Howle. Twenty members were present.

Next meeting will be September 28, in the form of a covered dish affair, with each member to bring a dish. Mrs. C. R. Bickley of Abilene, president of the WSCS of the Northwest Texas Conference, will be guest speaker. An offering to be applied on the emergency fund will be taken. All members and other women of the church are invited to attend.

Navy Nurse

Leota Glen, a graduate of Snyder Schools and daughter of Mr. and Mrs. C. T. Glen, has been commissioned in the Navy Nurses Corps Reserves at U. S. Navy Hospital, San Diego, California, navy officials announced this week. Leota completed her training as a nurse at Hendrick Memorial Hospital, Abilene.

Leota Glen Gets Navy Nurse Rank

Commissioned in the Navy Nurses Corps Reserves, Leota Glen, daughter of Mr. and Mrs. C. T. Glen of Snyder, is stationed at the U. S. Navy Hospital in San Diego, California.

Ensign Glen was graduated from Snyder Schools in 1939, and completed her training as a nurse at Hendrick Memorial Hospital, Abilene, September 14, 1933. She was in the Ozona Hospital first after her graduation, and later worked in Snyder General Hospital. From Snyder, she went to the Veterans' Hospital in San Francisco, California, and received transfer back to Texas at the Veterans' Hospital, Amarillo.

Miss Glen was in Amarillo when she was accepted by the navy and commissioned. She is in surgery on her navy assignment in San Diego.

Juanita Sentell's Engagement Told

Mr. and Mrs. C. P. Sentell, 2903 Avenue W, announce the engagement and approaching marriage of their daughter, Juanita, to David J. Morris, ensign in the United States Navy, and son of Mr. and Mrs. Roy H. Harris of Brownwood.

The ceremony will be performed October 24 at the First Baptist Church in Snyder.

Miss Sentell is a graduate of Snyder High School and Texas Technological College, Lubbock. She taught school in Coleman last year.

Ensign Morris is a graduate of Howard Payne College, Brownwood, and of the University of Texas, Austin, where he received his law degree. He was serving as county attorney of Brown County when he volunteered into the service, and was called to Columbia University, New York, for training.

Further plans for the wedding will be announced in The Times at a later date.

Effie McLeod Hosts First Guild Meeting

First meeting of the club year for Art Guild met with Effie McLeod in the home of Mrs. T. J. Weaver Tuesday evening.

Miss McLeod directed the following program: "Pan American Folklore," a story, by Vivian Hill; "La Paloma" and "La Golondrina" in story and music by Alice Montgomery. Pan American art is being studied by the club.

A refreshment plate was passed to the following members: Frances Boren, Hattie Gatlin, Vivian Hill, Maude Holcomb, Alice Montgomery, Madge Popnoe and Mae Stanfield.

Next meeting will be October 6, in the home of Mrs. Stanfield.

First Ingleside Meet Held Tuesday

Ingleside Study Club had its first meeting of the club year Tuesday, and discussed and made plans for the year's work. Principal discussions centered around "American Citizenship."

Mmes. Ross Blanchard and J. M. Bird were hostesses at the home of Mrs. Charles J. Lewis at the club's re-assembly meeting Tuesday afternoon.

Members answered roll call with various things that happened during the summer.

New officers are: Mrs. C. M. Boren, president; Mrs. John Cox, vice president; Mrs. Blanchard, secretary; Mrs. Charlie Noble, treasurer, and Mrs. Tom Boren, reporter.

The club meeting will be held on the third Thursday of each month and will meet every other week to work at the Scurry County Red Cross center, east side of the square.

A delicious refreshment plate was passed at the close of the program.

China Grove Women Organize Society

The Woman's Missionary Society of the First Baptist Church, China Grove, was organized last week with a group of women meeting to elect officers and chairmen. The meeting was held at the church.

Officers and chairmen named are as follows: Mrs. W. A. White, president; Mrs. Stanley Merket, vice-president; Mrs. A. M. Merket, Bible teacher; Mrs. Floyd Merket, assistant teacher; Mrs. O. N. Laster Jr., program chairman; Mrs. Frank Wilson, finance chairman; and Mrs. Bill Hairston, social chairman. A love offering was put into the treasury.

First and third Mondays were set for Bible study, second Monday for program day and fourth Monday for industrial day. For roll call, members will answer with a verse from the Bible at each meeting.

All women of the Baptist Church of the community are urged to be present for the meetings, which will be held at 3:00 o'clock each Monday.

Elva Lemmons Weds Denver Army Man

Elva Lemmons, daughter of Mrs. W. B. Lemmons of Snyder, became the bride of Sergeant John H. Germaine in a simple ring ceremony read at the 8:00 o'clock Saturday evening, at the field chapel, Denver, Colorado.

The bride wore a two-piece woolen suit of soft green with brown accessories. Her corsage was white orchids. The bride's only attendant was Irene Sutton of Salt Lake City, Utah, and best man was Sam Miller of Camp Barkeley, Abilene.

A graduate of Snyder High School, Mrs. Germaine received her A. B. degree from West Texas State Teachers College at Canyon. She was instructor at the Barnes School of Commerce, and now is secretary to the general passenger agent of the Colorado & Great Southern Railway. She will continue with her work.

Germaine is a son of Mr. and Mrs. John C. Germaine of Denver and is a graduate of North High in Denver and of Barnes School of Commerce. Enlisting in the army, he was assistant staff tarrif compiler at the Denver & Salt Lake Railway Company.

Spending their honeymoon in Colorado Springs, the couple will be at home at 2010 East 20th Avenue, in Denver.

Woman's Culture Club Meets Friday

Members and a guest of Woman's Culture Club met in the home of Mrs. W. R. Cunningham for a business and social gathering Friday.

Mrs. A. C. Alexander lead the program, and was assisted by Mmes. A. P. Morris and E. J. Richardson in giving "The Unconquerable People of Europe."

An interesting topic from Readers' Digest was discussed, and instead of serving refreshments the amount of refreshments, in cash, will go into the treasurer's fund for Red Cross work.

YWA Meets at Church Monday

Young Woman's Auxiliary of the First Baptist Church met Monday evening, 8:30 o'clock, at the church. Daurice Worley and Nell Curtis were hostesses and Evelyn Clark was in charge of games.

Iced tea and sandwiches were served to the following: Helen Joy Taylor, Faydene Norred, Nell Curtis, Maxine Jones, Daurice Worley, Mrs. Alice Montgomery and Mrs. Fred Jones, sponsor.

Sixteen Attend Baptist WMU Meet

Woman's Missionary Union of the First Baptist Church met Monday afternoon at the church for a business and social gathering. Mrs. Vernon Shaw was leader for the program, and Mrs. A. P. Morris gave the opening prayer. Sixteen members were present, with three new members taking part on program. New members were Mmes. Cox, Baucom and Guyton.

Following the program, refreshments were served to the group.

New Girl at Draft Board Office.

Members of the Scurry County Selective Service Draft Board announce that LaVerne Edmonson, daughter of Mr. and Mrs. A. M. Edmonson of Dermott, is now working at the draft board office as clerical assistant. Miss Edmonson has been employed to help Ida V. Ellis, clerk, and Mrs. Cyrella Lynch, assistant, with a considerable volume of clerical duties during the next few weeks.

FSA Loans to Be Made for Foods Program of War

Funds, available immediately, for low income Scurry County farm families, were indicated Wednesday in announcement by Scurry County's Farm Security Administration that money has been allocated for food-for-freedom loans.

Low income families, sharecroppers and farm laborers who have available labor resources and have, or can obtain, land resources that can be used to grow the things needed and cannot obtain credit elsewhere can obtain food-for-freedom loans, if:

The family shows evidence of industry and ability to [illegible] war needs, and has a desire to make such contribution; the land and labor resources available to the family will make it produce family needs and enough for marketable surpluses; and the family's health can be maintained or improved.

Food-for-freedom loans may be made, FSA attaches declare, to any person eligible as above stated for feed purchases, livestock such as dairy cows, hogs and chickens, repair of farm buildings and construction of trench silos.

Food-for-freedom loans cannot exceed $500, but in addition to things already listed, may be utilized to participate in group enterprises, purchase of equipment for feed stuff and equipment for such storage.

Applications for the loans may be secured at the Farm Security Administration offices, basement of the Fair Store.

Puffing High

Information received this week indicates Snyder and Scurry County men who have been enjoying "two-fer" cigars may soon find no more of the "smokes" in the two-for-a-nickel bracket.

Cigar makers say two "smokes" for a nickel soon will be another war casualty, and in a few weeks all nickel cigars likely will have a two-cent federal stamp affixed. In other words, cigars may soon be so expensive, only poor folks can afford to smoke them.

Lyle Alexander, son of Mr. and Mrs. A. C. Alexander, has been selected for aviation cadet training at Kelley Field, San Antonio, it was announced Tuesday. Lyle, former student in Snyder Schools, has been at Sheppard Field, Wichita Falls, for his preliminary mechanic's training.

Mrs. Lillie Horton of East Snyder is in Carlsbad, New Mexico, this week visiting her daughter, Mrs. Jim Jones.

Tiger Squad Puts Up Fight Against Class AA Lamesa

Lamesa's Golden Tornadoes, who trampled the Tahoka football squad week before last, got a serious setback Friday evening when Snyder's fighting Tigers, coached by Frank Weaver, held Lamesa to a 6-0 victory, at Lamesa.

A large number of Snyder football fans accompanied the Tigers to Lamesa to witness the game—first of the season for Snyder. Following a tally early in the first quarter, the Tornadoes were unable to touch pay dirt again.

Out of four passes attempted by the Tigers, two were completed. Forrest Ray was shaded out as Snyder's star of the evening, although all the boys turned in good playing.

The Tigers rallied strongly in the third stanza, but were unable to penetrate the defense lineup of the Lamesans for a score.

Football fans who witnessed the game declared the Tigers outplayed and outfought the Tornadoes much of the way—good work for a Class A team fighting a Class AA squad.

Snyder's starting lineup: Dorman and McMullen, ends; Blanchard and Early, tackles; Randals and Bruton, guards; Majors, center; Hicks, Rollins, Thompson and Richardson, backs.

Starting aline-up for the Tornadoes: Hawkins and W. Roberts, ends; J. P. Aslin and Drennan, tackles; Dunn and Beck, guards; Pruitt, center; Burnett, Eudy, Reeves and Taylor, backs.

Officials were: Schuele, Rice; Hayhurst, Texas Tech; and Etheredge, Central College.

The number of Angora goats and the mohair production in Texas in 1940 was the greatest in the history of the state.

There are known to exist under the surface of Texas some 60 or 75 minerals that are of commercial value.

Limestone is found in practically all parts of Texas except the coastal plain.

ABOUT FOLKS YOU KNOW

William Leftwich [illegible] of Mr. and Mrs. J. W. Leftwich left Sunday for McMurry College, Abilene, where he will attend school as a freshman. A 1941 graduate of Snyder Schools, William ranked high scholastically and was popular with the town's younger set.

Miliam Fowler, son of Mr. and Mrs. J. A. (Cap) Fowler, Gene S. [illegible] and Jonnie Jones, son of Mr. and Mrs. R. L. Jones of Bethel, went to Lubbock Monday to enroll as mechanic specialists in the U. S. Air Corps.

Roland B. von Roeder, son of Mr. and Mrs. C. N. von Roeder of Knapp, who is attending Texas A. & M. College, was a week-end guest of his parents. Roland, who [illegible] junior, [illegible] agricultural College, Stephenville, is enrolled at Texas A. & M. as a senior. He is majoring in agriculture.

Sunday guests of Mr. and Mrs. L. S. Blythe and Mr. and Mrs. S. V. Clinton and children were Mrs. Corbett Clinton and Mr. and Mrs. W. A. Clinton, all of Big Spring, and Walter Sellers and family of the Whatley community.

Mr. and Mrs. Ralph Johnston were accompanied by Mrs. Johnston's sister, Mrs. W. H. McCollum, and family to Littlefield to visit a brother, B. G. Hartley, and family Sunday.

Mr. and Mrs. Little Westbrook and daughter, Lyndal, visited with Mrs. Westbrook's brother, Grover Shaffer, and family at Tahoka last week-end.

Wylie Brice of Houston visited the first part of this week with his parents, Mr. and Mrs. H. J. Brice. Brice, who has been working the past several months in Houston, is to enlist in the army air corps today (Thursday). He will be stationed at Ellington Field.

Benny Sims of Snyder, who underwent a tonsillectomy at the Callan Hospital, Rotan, early this week, was reported Wednesday to be resting well. Charles Gable, a Fisher County boy who was treated for snake bite, is said to be improving steadily.

Mr. and Mrs. Garth Austin were Sunday guests of Mrs. Austin's grandparents, Mr. and Mrs. R. E. Franklin, near Abilene.

Mrs. Kenneth Eatmon left Wednesday for Dallas, where she will stay with her daughter, Mrs. C. A. Roten, and family this winter.

Staff Sergeant Lewis (Woody) Hairston of Enid, Oklahoma, spent a few days this week with his parents, Mr. and Mrs. F. C. Hairston. He is with the army air corps. A brother, Staff Sergeant Robert (Bony) Hairston of Hobbs, New Mexico, also visited in the Hairston home the past week-end.

Mrs. W. E. Holcomb was a guest Friday and Saturday of Mr. and Mrs. Fred Merrick in Abilene. Mrs. Merrick, the former Edith Grantham, visited with her parents, Mr. and Mrs. R. C. Grantham, here last week and Mrs. Holcomb accompanied her home.

Mrs. Joe Nipper and children, Jo Boren and Anna Ruth, of Levelland are visiting their mother and grandmother, Mrs. I. W. Boren, this week.

Addie Williams left Wednesday for San Antonio for a three-week visit with a sister, Mrs. Frank J. Teagarden. She will return by way of Dallas and visit with relatives and friends there.

Bryan Jordan of John Tarleton College, Stephenville, is visiting with his parents, Mr. and Mrs. Bryan Jordan of Ira. He is to return to school Sunday.

Mary Helen Bolin of Lubbock visited Tuesday with homefolks, the R. L. Martins. Miss Bolin is employed by Western Union.

O. F. Harris of Carlsbad, New Mexico, spent the past week-end in Snyder with his wife and other relatives. He is in defense work there.

Mrs. Loy Crenshaw received word last week of the promotion of her son, First Sergeant L. A. Crenshaw, to the rank of master sergeant. Young Crenshaw is stationed with Company G at Camp Edwards, Massachusetts.

Melba Kennedy, daughter of Mr. and Mrs. Mack Kennedy, left Monday to do defense work in Los Angeles, California. She has recently been working at Port Arthur. The Kennedys are residents of Ira.

Staff Sergeant Julias Kubena of Camp Bowie, Brownwood, arrived last week on a nine-day furlough. He is visiting his parents, Mr. and Mrs. Willie Kubena of Hermleigh, and a sister, Mrs. Frank Cochran of Snyder.

Allene Curry of Abilene attended the Snyder-sponsored USO program in Sweetwater Saturday night and accompanied the Snyder group here and spent the week-end with her mother, Mrs. A. M. Curry.

Mrs and Mrs. A. A. (Pat) Bullock were in Fort Worth on business [illegible] week. On their return journey they stopped in Ranger to visit with a brother of the local representative, A. V. Bullock, and family.

Kenneth Wilson, son of Mr. and Mrs. Edgar Wilson, enlisted this week with the U. S. Marine Corps at San Antonio, and has left for San Diego, California, marine officers announced Wednesday. [illegible] graduate of Snyder Schools, and was reared in Scurry County.

A. Parker's Celebrates His 94th Birthday

Tuesday, September 15, was the annual date on which A. Parker of the German community usually has a birthday celebration, but due to the tire situation and sugar rationing it had been decided not to have it this year. Instead he was to spend the day with a daughter, Mrs. C. L. Rea of Fluvanna.

Mr. Parker had celebrated this occasion at his home the past 17 years, so still wanted to remain at home, therefore relatives who called to see him Sunday promised they would grant his desires by preparing foods and believed there were others who would do the same, and they did prepare a bountiful dinner, thus making Mr. Parker very happy on his 94th birthday.

Turkey with all the trimmings and plenty of other fine foods were enjoyed and no one could feature sugar rationing after all the nice cakes and pies graced the table.

The following relatives and friends were present for the festivity: The honoree, his wife and her brother, Odis Casey of the German community; Mrs. C. L. Rea, Fluvanna; Mr. and Mrs. Claude Rea and two children of Hereford; Claude Rea Jr., wife and son, Amarillo; Mrs. Wills, Fluvanna; Mr. and Mrs. Fain Jackson and baby, Mr. and Mrs. Noah Brown and son, all of German; Mr. and Mrs. W. A. Cross, Hermleigh; Mr. and Mrs. H. M. Murphy, China Grove; Mr. and Mrs. Raymond McNight, German. Mr. and Mrs. B. Y. Rea and daughter, Hallie, Hermleigh, and Ruby Nell McNight called in the afternoon.

The honoree received several gifts. Many faces were greatly missed but all are invited back another year to come and help "Uncle Alex" celebrate his 95th birthday. He is very active for one of his advanced age.

Mrs. Novis Wren, Former Resident, Buried at Snyder

Mrs. Novis (Wren) Eden, 24, cousin of H. L. and Leon Wren of Snyder, succumbed Friday in Corpus Christi following a brief illness. Mrs. Eden was born September 16, 1914, in Snyder.

Novis Mae Wren was married December 6, 1935, to Mack Eden, and the past several years had resided in the coastal city. She was well known to several Scurry County people.

Funeral services were held Monday afternoon, 4:00 o'clock, at the First Baptist Church. Rev. Vernon F. Shaw, pastor, officiated. Pallbearers were Byron Wren, Wray Hucka[illegible], [illegible] D. Huckabee and Elmer Evans. Flower bearers were Mmes. Hazel Bond, Lucille Huckabee, Minnie Young and Chancy Moore.

Surviving are the husband and a son, Sherman Wayne, of Corpus Christi; the father and stepmother, Mr. and Mrs. Carl Wren of Rio Vista, the grandparents, Mr. and Mrs. J. B. Huckabee of Brownfield; two brothers, Dale Wren of Amarillo and Wayne Wren of Blythe Air Base, California; a half brother, C. J. Wren of Rio Vista, a step sister, Alma Jean Cross of Rio Vista; seven uncles, W. O. Wren of Albany, W. E. Wren of Crosbyton, Lazelle Huckabee of Hagerman, New Mexico, Curtis Huckabee of Amarillo, J. B., Lewis and O. D. Huckabee, all of Brownfield; and four aunts, Mmes. Criss Quanta, Clyde Bond and E. N. Eicke, all of Brownfield, and Mrs. John Hanby of Hereford.

Odom Funeral Home had charge of funeral arrangements, with interment in Snyder Cemetery.

The town pessimist says that some people think it is bad luck to postpone a wedding, but he thinks it is quite lucky if you can keep on postponing it.

Having a good aim in life is all right, but you must know when to pull the trigger to get the best results.

NOTICE!

I am this week going into Army Service, and my office in Snyder will be closed after this week for the duration.

Accounts of patients will be in charge of Mrs. Carrie Line, two doors north of my office in the Towle Building. Would appreciate your caring for them.

Dr. H. P. Redwine

Demonstration Club Notes

Estella Rabel, County Agent

Scurry County victory demonstrators who have pledged to fight waste can live up to their pledge by making good use of stale bread.

Estella Rabel, A. & M. Extension Service agent in food preparation, suggests that left-over bread be made into Melba toast—an oven-dried toast, delicately browned, thin, crisp, and brittle. Bread which comes ready-sliced is a little too thick for Melba toast unless it's cut into sticks or the slice is cut in half horizontally with an extremely sharp knife.

"Don't have the oven very hot in making it," Miss Rabel warns. If stored in a tin with a tight lid, toast will keep crisp for some time, just like crackers. For later use it can be re-heated a few minutes. Oven-dried toast can be used in place of ordinary toast under creamed chicken, fish, chipped beef, Welsh rabbit, or asparagus.

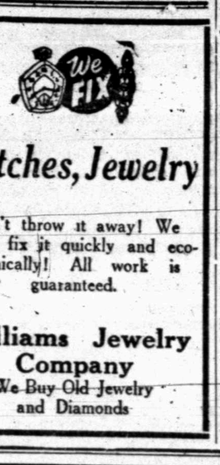

Broken pieces of bread, oven-dried if not too dark can be rolled out for fine dry crumbs, Miss Rabel says. She suggests storing them in a glass jar covered with cheesecloth. Then they will be ready to sprinkle on scalloped or "au gratin" dishes.

In addition, stale bread goes into stuffings, scalloped dishes, and bread puddings. It makes very good French toast . . . dipped in an egg-milk mixture and fried delicately in a little fat. Stale bread combined with apples can be made into a tempting apple betty.

Nutritionally speaking, whole wheat bread offers the most food value, and enriched bread is to be preferred over plain bread.

SNYDER IS ZONED BY CIVILIAN DEFENSE GROUP FOR QUICK ACTION IN CASE OF EMERGENCY BROUGHT ON BY WAR

War-time reality is brought home to Snyder people this week with zoning of the town for air raid warden services, with Collie Fish at the helm as chief air raid warden in the city. In time of emergency, Snyder people should contact their zone air raid warden, and are urged to become familiar with air raid wardens in each zone. Air raid wardens for the town's 13 zones have been named by the Scurry County Office of Civilian Defense as follows: C. C. Moseley, Zone 1; Hugh Boren, Zone 2; F. G. Sears, Zone 3; Dr. J. G. Hicks, Zone 4; Edward S. Hyman, Zone 5; Joe Caton, Zone 6; Jim Cloud, Zone 7; T. W. Pollard, Zone 8; Sidney Galyean, Zone 9; Charles Westbrook, Zone 10; H. L. Wren, Zone 11; Dr. C. E. Helms, Zone 12; and Bill Miles, Zone 13 (colored section). In the event of a possible air raid, the Office of Civilian Defense's air raid wardens are specially trained to get Snyder people in basements, storm cellars and other underground shelters. The town, it will be recalled, was divided into 13 zones sometime back, and bomb shelter committees appointed, with Mrs. J. C. Dorward in charge as bomb shelter chairman. The zones for air raid shelters and bomb shelters are identical. Fish, as chief air raid warden for Snyder, asks that people in each zone study this map carefully, to determine which zone they are in. Working under the senior air raid wardens will be junior air raid wardens, who will have charge of detailed operations. A complete list of junior air raid wardens will be announced later by Fish. Not only Snyder people, but every Times reader is urged to clip this entire map and keep it in a convenient place for future reference. This map will become increasingly important, as the war goes on, OCD Council officials state.

Dehydration of Foods Will Save Supplies of Cans

Lon R. Adams, superintendent of Midwest Electric Cooperative, the coop serving Scurry, Fisher and nearby counties, predicted Tuesday that food dehydration will be widely employed in this trade zone during the coming months.

Adams and other Midwest officials declare $100,000 worth of foods could be dehydrated annually in the area served by Midwest Electric Cooperative—at marked savings to rural families. Too, dehydrated foods require a smaller number of containers than foods preserved the conventional way.

Adams is joined by officials of the Rural Electrification Administration, Washington, D. C., in urging farmers of Jones, Stonewall, Taylor and other counties to employ food dehydration as a means of preserving foods—and in saving foods for home consumption.

Dehydrated fruits and vegetables, Adams declares, if properly prepared for drying, retain large amounts of vitamins and minerals and possess color and flavor comparing with foods preserved by other means. Glass, tin or paper containers are used to store dehydrated products—with considerable saving in the number of containers required.

County Tax Rate Broken Down by Commissioners

Now that cotton is beginning to move to county gins in a steadily increasing volume, Scurry County property owners are becoming interested in paying taxes—and, in fact, are interested in how the county's 1942 tax rate of $1.04 is broken down.

The county tax rate for 1942, plus a state advalorem rate of 75 cents, makes $1.79 on the $100 property valuation owners of real estate will pay in county and state taxes.

Figures obtained from the minutes of the Commissioners' Court reveal the rate is broken down as follows: Jury fund, 15 cents; general fund, available 14 cents; general funding warrants, I & S, 11 cents; permanent improvement courthouse and jail refunding bonds, I & S, Series 1937, 12 cents; road and bridge constitutional limited fund, pledged for road and bridge bonds, Series 1941, and road and bridge warrants, Series 1937 and road and bridge machinery warrants, Series 1941, 15 cents;

Road and bridge special fund available, 15 cents; special road bonds, 1918, I & S, four cents; and special road bonds, 1939, I & S, five cents; making a total of $1.04 on the $100 property valuation.

Small Grains To Offset Head Feed Crops at Pyron

Dale McWhirter, Pyron School vocational agriculture instructor, reported Tuesday that the less than normal feed crop in the southeast Scurry County community will be partially offset by the wide-scale planting of small grain crops for winter grazing.

Practically every farmer in the Pyron community, McWhirter reports, is devoting a few acres to oats, barley or wheat, and on most farms the winter grains are up and off to an early start. With the abundance of moisture, McWhirter declares that plenty of winter pastare should be on hand within the next few weeks.

In addition to replacing approximately 75 per cent of the roughage requirements for dairy cows, the vocational agriculture teacher reports green winter pasture will reduce the concentrate requirements by at least 25 per cent, and replace a large amount of protein required in a good dairy ration.

McWhirter urges other farmers of the county to plant plenty of small grains for winter pasture, since such pasturage is an excellent source of vitamin A and other essential minerals. Winter pasture on the average farm in Scurry County will increase the flow of milk, and help farmers approach their goals in the Food-for-Freedom fight, McWhirter concludes.

Do Your Part—Buy Victory Bonds

Soil District News Notes

District personnel of the Soil Conservation Service assisted Dee Pylant last week in developing a farm plan on his 408-acre farm five miles south of Fluvanna. One of the interesting features about Pylant's plan is the fact that he is retiring some 15 to 18 acres from cultivation to permanent pasture in order to make the best permanent use of it.

A part of this retired acreage is a natural draw over which several acres of his neighbors' land drains when heavy rains fall. The remaining acreage consists of rough land difficult to fit into his field arrangements.

Another interesting feature about this farm plan is that beef calves, cream and eggs are to be the principal cash crop. With this in mind, Pylant plans to summer fallow at least 20 acres each summer which he will seed to small grain early in the fall for winter pasture. As a means of improving his soil, Pylant will inter-plant cowpeas with his sudan grass.

Other landowners adopting similar conservation plans recently include Mrs. Cecil Sears and Mrs. Anne Harding.

District SCS personnel has run a total of three miles of terrace lines on the D. Z. Hess and Cecil Sears farms.

Texas has more than 15 per cent of the total value of mineral wealth of the United States.

FSA Plans Will Be Explained In Meeting Oct. 1

Gerald G. Gordon, rural rehabilitation supervisor for Scurry County's Farm Security Administration, announced Tuesday that a special meeting, to explain FSA's program to the general public, will be held Thursday evening, October 1, in the FSA auditorium, basement of the Fair Store. People high in administrative affairs of FSA will be principal speakers for the meeting.

Garford L. Wilkirson, regional information advisor for the FSA, Amarillo, will bring his projector and show Snyder and Scurry County people achievements of the FSA program in helping low income farmers of this area.

Marvin C. Wilson, district FSA rural rehabilitation supervisor, and Roberta Martin, district FSA home management supervisor, will also appear on the program. It is anticipated that Henry Wilkerson, state director of FSA, will be an honored guest.

Gordon points out the urgency of the October 1 meeting, in view of the fact agriculture is being called upon to produce food and feed for Allied Nations of the world. Speakers on the program have studied the current situation closely, and will have information of value to everyone in Scurry County.

Texas produces more than 6,000,000 pounds of honey annually.

Local Entertainers Present Program at Sweetwater's USO

Accompanied by approximately 30 Snyder people, E. O. Wedgeworth and a group of entertainers presented a return USO program Saturday evening at Sweetwater's USO Club for soldiers of Camp Barkeley, Abilene, and Sweetwater soldiers at Avenger Field.

Following the show presented under Wedgeworth's direction, refreshments were served to the Snyder guests and all soldiers present for the occasion. Refreshments were served by Mrs. Wedgeworth and Mrs. Ernest Taylor. Other chaperons for Snyder girls who were at the USO center for the evening were Mr. and Mrs. J. D. Pigman and Mrs. H. F. Clark.

On behalf of the Chamber of Commerce, Wedgeworth wishes to express thanks to Snyder people who accompanied the entertainers, and to those who participated in the program.

Snyder's USO program Saturday evening consisted of orchestra numbers, instrumental music and numbers by individual singers.

Those who participated in the program were: Lavelle Brown of Dunn, Jack Price of Ira, Jettie D. and Juanita Elkins of Dermott, Lloyd Clark of Snyder, C. A. Baccus, also of Snyder, and Charles Kuss of Hermleigh.

An angler said to a friend: "Yes, the fish I caught was too small to fool with, so I got a couple of men to help me throw it back into the water."

4,000,000 Men Now In US Armed Forces

Since approximately 548 Scurry County boys are now in some branch of military service, according to unofficial figures, Times readers will be interested to learn 4,000,000 men are now in the U. S. Army alone.

Announcement of the army total was made Tuesday by Major General James A. Ulio, adjutant general, in a report on methods used for soldier assignments. Major General Lewis B. Hershey of the Selective Service System declares that army strength will exceed 4,500,000 men by January 1, 1943.

Firemen and Visitors To Hear Field Man

N. W. Autry, chief of Snyder's volunteer fire department, announces that Frank Williams, state field instructor for the Fireman's and Fire Marshal's Association, will hold a meeting Tuesday evening, 8:00 o'clock, in the district court room of vital interest to every man, woman and child in Scurry County.

Williams, who has appeared here previously, will discuss the why and wherefore of civilian defense work. It is urgently requested that the general public attend the meeting.

Salt deposits are widely distributed in Texas but occur chiefly in the salt stocks or domes of the coast region.

More than 50 per cent of the United States' oil is produced by Texas and surrounding states, Louisiana, Oklahoma, Arkansas and New Mexico. Texas alone produces 36 per cent of the nation's oil.

Revenue Official Warns Car Tags Must Be on Cars

Will H. Talbot of Abilene, deputy collector of internal revenue, announces that a checkup of cars and trucks in Snyder is being made to determine whether the federal motor vehicle tax stamps (red) are being properly displayed.

The stamps, as motorists are aware, are the ones costing $5, and are to be utilized for the period which ends June 30, 1943.

Talbot, as representative for the Internal Revenue Department, has been conducting investigations here the past several days. The law, he says, requires that the red federal car stamps be prominently displayed on each vehicle at all times. Failure to comply with this request is punishable by a fine of $25 and 30 days in jail—or both.

Talbot urges every Scurry County car and truck owner to comply with provisions of the law regarding the $5 car stamps, since the revenue department has given ample warning that "the screws" will really be applied to non-cooperators.

If you, as a county motorist, are not displaying your red federal stamp prominently, or have failed to buy one, you are urged to attend to the matter immediately.

6-A Teams Do Fair In Week-End Games

Scores for the first week of football games involving teams from District 6-A, which includes Snyder's Tigers, follow: Merkel Badgers won over the Anson Tigers, 19-0. The Hamlin Pied Pipers won a 13-0 victory over the Rotan Yellowhammers. Cross Plains Buffaloes beat the Baird Bears, 13-6. Lamesa's Class AA Golden Tornadoes won from the Snyder Tigers, 6-0. None of these games were conference.

Games for this week include: Ranger at Merkel, Snyder at Anson, Baird at Albany, and Roby at Rotan.

G. B. Clark Sr. Dies After Long Residence Here

G. B. Clark Sr., long-time Snyder resident, pioneer lumberman and prominent civic leader, was called from the walks of men last Thursday morning, 12:20 a. m., following a four-year period of declining health.

Born March 7, 1866, in Sevier County, Tennessee, Mr. Clark had been in the lumber business here 35 years, and had been in Texas 56 years. He had been manager of the O. L. Wilkirson Lumber Company Snyder yard many years, until declining health forced him to retire from active business [illegible] of his [illegible] a member of the Baptist Church since an early day, and was a partner in the O. L. Wilkirson Lumber Company.

An early-day school teacher in Tennessee, Mr. Clark also taught school at Plainview, Hill County, and served as postmaster, two terms, at Itasca, Hill County.

Funeral services were held Friday afternoon, 5:00 o'clock, at the First Baptist Church. Rev. Ira Harrison, Abilene Baptist minister, assisted by Rev. Vernon F. Shaw, Snyder pastor, officiated.

Surviving are the widow; one son, G. B. Clark Jr.; five daughters, Mmes. A. M. Belsher and W. A. McGlaun of Snyder, Mrs. R. T. Anglin of Bakersfield, California, Mrs. Fred F. Wagner of Amarillo, Mrs. T. M. Rylander of San Antonio; a brother, Langston Clark of Maryville, Tennessee, and five sisters, Mmes. John Vaughn, D. R. Kagley, Sam Tullock and Alice Stout, all of Maryville, and Mrs. John Martin of Fountain City, Tennessee.

Active pallbearers were Wayne Williams, Amos Joyce, Forrest Sears, Morris Cox, Maurice Brownfield, George Oldham of Big Spring, Jack Gorman and J. D. Scott. Flower bearers were Barbara Joe Cox, Mmes. Woodie Scarborough, Earl Strawn and Gaither Bell.

Honorary pallbearers were named by the Clark family as follows: Jim Lockhart, R. E. Cox of Post, O. L. Wilkirson of Dallas, J. M. Boothe, A. M. Armstrong, Joe Perkins of Dallas, J. D. Frye of Lubbock, Bill Jenkins, J. R. Joyce, H. J. Brice, L. E. Howell, Fred Wilhelm, W. G. Williams, Gay McGlaun, A. C. Preuitt, A. P. Morris, A. M. McPherson, Cornelius Davis, Forest Jones, B. H. Moffett, H. F. Rogers, Lee T. Stinson, Little Westbrook, J. C. Stinson, Henry Rosenberg, Hugh Boren, J. C. Dawson, N. M. Harpole, D. M. Cogdell, R. J. Randals, W. D. Harral, Howell Harpole, P. W. Cloud, Dr. J. G. Hicks, Ixon Joyce, J. P. Strayhorn, Lewis Blackard, Melvin Blackard, Wayne Boren, H. H. Eiland, R. C. Miller Jr., Percy Wilkirson and Cad T. Wilkirson.

Odom Funeral Home directed arrangements, with interment in Snyder Cemetery.

Business Men Show Interest in Sales Idea

Considerable interest was manifest by Snyder merchants and business managers last Thursday evening, at a special meeting held in the Commissioners' Court room by Laura J. Wilson, University of Texas, on modern salesmanship methods to fit the war-time program.

E. O. Wedgeworth, representing the Scurry County Chamber of Commerce, and E. L. Farr, superintendent of Snyder Schools, opened the gathering.

Training program that Miss Wilson outlined was received with considerable enthusiasm.

Hart Advances at Key Field.

Promotion of Geral S. Hart, son of Mr. and Mrs. Pete Hart of Route 3, to the grade of sergeant at Key Field, Mississippi, was announced this week by Key Field officers. Hart, who was inducted into the U. S. Air Corps in December, 1941, is attached to the ordnance department.

Snyder Youth in Marines Writes to Folks from Island

Mr. and Mrs. J. B. Adams of Route 1 received this week a letter from their son, Private First Class Othello Adams, U. S. Marine Corps, which was the first word they had received from their boy in a number of weeks. Othello's letter relieved the state of anxiety Mr. and Mrs. Adams had felt for several days.

The letter:

"I'm sure you have been wondering why I haven't written, but this is the first chance I've had to write you in a month.

"We were at the Solomon Islands when everything started there. I saw some things that were not pleasant to even think of—much less try [illegible]

"I'm now on an island, but I can't tell you where. It feels good to be on land again. We were on board ship for 70 days and that gets a little tiresome. You have very little room to move around.

"It rains quite a bit where we are now, and the rainy season hasn't started yet. I suppose it will be very uncomfortable when it does.

"You probably know more about what's going on than I do. . . . I'd like to know what the report was on the battle there.

"I'd like to know if Don is still in the States. We, of course, don't know a lot of things going on back in the United States.

Love,
Pat."

Private First Class Adams is attached to U. S. Marine Corps Unit No. 245.

Record Drive Being Wound Up by Legion

Word received late Tuesday reveals that the Will Layne American Legion Post will have through Tuesday of next week to complete county-wide collection of old phonograph records for men in military service.

The Legion recently shipped a large number of old, broken records to national headquarters for remaking into new records. These records will be supplied men in service everywhere.

Not only whole phonograph records, but small bits, can be left either at the Chamber of Commerce office, or at Economy Dry Goods Company.

American Legion officials urge Scurry County people to bring their old phonograph records over the week-end, and help this county finish its county-wide drive.

Mahon for Soldiers' Vote.

The Times, in an article last week, stated Congressman George Mahon of the 19th District, voted against a bill giving soldiers the right to vote, when in reality Mahon voted for the bill. Ambigious wording in an Associated Press article was responsible for the error, and The Times offers a sincere apology to Congressman Mahon, who voted against an amendment to recommit the measure.

The 80,352,000 pounds of wool produced in Texas in 1940 was the largest wool production in the history of the state.

Texas produces around 20 per cent of the wool produced in America.

In 1940, Texas had 85 per cent of the Angora goats in the United States and produced 86 per cent of the nation's mohair.

Good Health for War Industries Is Vital, Says Cox

With the nation facing a loss of more than six million man days per month in defense industries alone from accidents and illnesses, Dr. George W. Cox, state health officer, is [illegible] Health Department's effort to cut down the total days lost in this state.

"The number of man days lost from accidents alone each month reaches an alarming total. But when we consider that there are nine times more absentees from communicable and other diseases it becomes apparent," Dr. Cox asserted, "why it is necessary to [illegible] that each individual protect his own health to the best of his ability."

Communicable diseases and even mild epidemics can seriously handicap the nation's war effort by slowing down the production of the necessary ships, planes, guns and tanks. Careful attention to personal cleanliness, proper nutrition, sufficient rest, fresh air and sunshine is the personal responsibility of every individual at this time.

"It is our job," Dr. Cox said, "to fight sickness and accidents. Production can be boosted and lives can be saved by strict adherence to community and industrial hygiene standards and full cooperation in such community projects as mosquito contral and rat extermination for preventing the spread of malaria, dengue and typhus fever. Loss of time renders aid to the enemy and this country must be able to depend on peak production from all of its industrial army."

Dr. Cox pointed out that the armed forces have called a great per cent of our doctors and nurses into active service and the war has made unattainable many of the drugs and chemicals which have heretofore been used as ordinary household remedies. This shortage of doctors and nurses, together with out inability to obtain many needed drugs, makes the conservation of good health a definite war project and the patriotic duty of every man, woman and child.

William Miller Gets Naval Reserve Wings

Public relations officials at the U. S. Naval air station, Corpus Christi, announced Tuesday that William H. Miller, son of Mr. and Mrs. William C. Miller, received his wings and has been commissioned an ensign in the U. S. Naval Reserve.

Ensign Miller, who volunteered for flight training in October of 1941, received his preliminary training at the U. S. Naval Reserve air base, Dallas. He attended Texas A. & M. College and Texas Tech, Lubbock. He was active in athletic events, such as baseball and tennis.

Texas annually manufactures more than 11,000,000 gallons of ice cream.

Texas' annual cheese production of over 20,000,000 pounds is valued at more than $2,000,000.

Snyder General Hospital

Two have entered the hospital for surgery this week—Mrs. Lee Stinson and Bobbie Warren.

Mrs. Emma Evans and Jesse Koonsman have been medical patients.

County Agent Gives Pointers on Laying Hens for Egg Goals

A large part of the chickens hatched last spring will come into production during September, Edward S. Hyman, county agricultural agent, declared Tuesday.

The eggs these young layers produce during the fall and winter will count heavily in maintaining Texas' quota of the 1942 food goals. Accordingly, hens should be provided with the most favorable surroundings in order to assure as nearly maximum output as is possible.

To provide comfortable housing and safeguard the health of the poultry, Hyman suggests that poultrymen do the following things during September:

Clean and disinfect laying houses before pullets are moved in.

Repair roofs, walls, windows, ventilators and floors before cold weather.

Check all lighting equipment.

Lay in a supply of good litter.

Provide at least one foot of feeding space for each five hens.

If pullets haven't been vaccinated for pox, do it now.

Provide plenty of ventilation in the house until cold weather.

Cull old hens and pullets closely. September is a good time to start fall chicks.

Burlesons at Funeral Of Relative at Cisco

Mr. and Mrs. Jeff W. Burleson and children attended funeral services last Monday afternoon of Burleson's father, J. E. Burleson, 67, retired butcher of Cisco.

The elder Burleson died of a heart attack, 7:30 o'clock, last Saturday morning. He is survived by three children and seven grandchildren. Services were held at San Angelo, where he had been living, and interntment was at Cisco.

EARN TUITION

One young man and two young women may earn attractive part of tuition by working in the college office. Big demand for graduates assures prompt placement. Call, phone or write at once.—Draughon's Business College, Abilene, Texas. 17-2p

High Car Speeds Cut Life of Tires As Chart Reveals

Giles Bowers, chairman of the Scurry County War Price and Ration Board, urges Snyder and county motorists to cut their driving speeds to safe levels, in order that their tires will last as long as possible.

Based on a chart released by President Roosevelt, Bowers says driving a car at 20 miles per hour will increase tire life up to 200 per cent of normal, if the figure 100 be taken as normal tire life.

If a car, or truck, is driven at 30 miles per hour, 140 per cent of normal life results, with the following decreasing tire [illegible] increasing speeds:

50 m.p.h.	about 70 per cent
60 m.p.h.	about 50 per cent
70 m.p.h.	about 30 per cent
80 m.p.h.	about 18 per cent

Each and every vehicle owner in the county is urged to study the above chart, and drive at such speed that tires will last for as many miles as can be put into them—with proper care and frequent checking.

More Rains Fall in Area on Week-End

Intermittent rainfall that fell throughout most of the day Saturday gave Snyder 1.52 inches of moisture, and brought the September rainfall to date to the 3.40 inch level.

Saturday's precipitation was reported general over the county, with two inches marked up at Lloyd Mountain and Ennis Creek, 1.78 inches at Camp Springs and two inches around Arah and Bethel. The Fluvanna community received 1.67 inches, and Dunn reported in excess of one inch.

Former Cafe Owner Located at San Diego

Mrs. W. L. "Mother" Gross, West Snyder resident, received a letter this week from her daughter, Mrs. Lois Wilsford, former Snyder cafe operator, advising Mrs. Gross of the Wilsford's location in San Diego, California.

Mrs. Wilsford [illegible] Private First Class Jack Wilsford, U. S. [illegible] at San Diego. Mrs. Wilsford is visiting her on furlough. Mrs. Wilsford's three daughters are at San Diego—Louise, Billy Jean and Vivian Nell.

Former Borden Man In Navy Radio Corps

W. W. Berzett [illegible] dent of Gail School, Borden County, who is well known in Scurry County, is now stationed at Hensley Field, Dallas, with the U. S. Navy in the radio communications branch, it was announced this week.

Berzett enlisted sometime back with the U. S. Navy for naval service. He gained a wide reputation for announcing Borden County's annual 4-H Club livestock shows, and other gatherings. Mrs. Berzett is also in Dallas, where she is working for a construction concern.

Graham & Martin Helps a Nation Put Up a Good Front!

We've enlisted our services to help win the war by preaching about Appearance—and how it affects the morale of a nation. And we practice what we preach by offering the best cleaning service obtainable for anything from a soldier's uniform to a woman's chiffon blouse. Ask the boys in the Army who come back again and again—they like the thorough, detailed work we do. And so will you.

Plainview News

Emma Woodard, Correspondent

This part of the county received another heavy rain Saturday.

Mr. and Mrs. Autry Light and children visited with another Mrs. Betty Light of German, Sunday.

Mr. and Mrs. Gerald Walton went to O'Donnell Monday to make their new home where he will be employed in a grocery store.

Mrs. Charlie Jones is visiting her sister, Mrs. Ina Crenshaw of Snyder.

Mr. and Mrs. Dock Morton and Larry and Sammie visited her mother, Mrs. Ed Minor of Camp Springs, Sunday.

Mrs. Ted Arnold and children spent the week-end with Mr. and Mrs. Henry Arnold of Bethel. Mr. and Mrs. Dan Arnold and children also were guests Sunday.

Mr. and Mrs. Fred Popejoy and Kay Nelle spent Sunday in the C. H. Jones home. Jeanne returned home with them after an extended visit with her grandparents.

Colleen Smith spent the week-end with her aunt, Mrs. Jim Hassell of Snyder.

Mrs. Jim Boothe left for California Tuesday, for a visit with her son, Vestal, and other relatives. Katherine Reeves of Hermleigh accompanied Mrs. Boothe.

Singing will be at Plainview Sunday night.

James Rex Woodard of the U. S. Navy, San Diego, California, writes that he likes the navy fine and that his company is made up of the swellest boys he ever met.

Murphy News

Mrs. Alvis Minton, Correspondent

Rev. J. F. Fields filled his regular appointment here over the week-end.

Mrs. H. von Roeder of Bison visited in the C. N. and Nolan von Roeder homes several days.

Mr. and Mrs. J. G. Davis left for Marlin Sunday, where Mrs. Davis will receive treatment.

Mr. Barrett of Canyon visited his niece, Mrs. Ben Weathers, and husband over the week-end.

Mr. and Mrs. Melton Davis spent Sunday visiting relatives at Snyder.

Mrs. Alvis Minton and children spent Monday night in the Loyd Merritt home at Snyder.

Mr. and Mrs. Montgomery went Friday to Dallas after their small son, who has been visiting his grandparents there.

Rev. J. F. Fields of Snyder was a Sunday dinner guest in the Loyd Murphy home.

L. T. Nelson's nephew of near Big Spring spent Friday night in the Nelson home.

Ed Murphy and Floyd Hodges were in Big Spring on business Wednesday.

Martin News

Carolyn Ann Riley, Correspondent

Nancy Jo Richardson of Snyder spent Sunday with Mildred Glenn.

Mrs. Harold Williams has returned from a visit at Midland.

Mrs. Marvin Lemons visited relatives in Fort Worth last week.

Private Hay Hamilton returned to Camp Bowie Monday, after a visit with homefolks.

The Martin Community Club met at the school house Thursday, September 17. A short program was rendered by Mrs. Guinn's room. Mrs. Marvin Lemons was elected president, Mrs. D. L. Powell secretary and Mrs. Raymond Hill treasurer. Regular meeting date is to be the first Thursday in each month at 4:00 o'clock. People of the community are invited to attend the meetings. The window boxes, which were painted and cared for during the summer by members of the club add to the attractiveness of the school.

Billy and Dannie Henley are new pupils in school.

J. B. Henley and son, Jimmie, spent the week-end at Klondike with Mrs. Henley and children. Mrs. Henley is employed as a teacher in the Klondike school.

Guests in the Ira Riley home this week are: Mr. and Mrs. C. B. Whatley of Monahans, Mr. and Mrs. Frank Lanham and children, Frank Jr. and Mrs. Ralph C. Pinion, all of Fort Worth, and Lanham Riley. Mr. Lanham is an uncle of the Riley children.

Generally accepted as the largest ranch in Texas, the historic King Ranch includes more than 1,000,000 acres which lie in eight counties—Nueces, Kleberg, Jim Wells, Brooks, Kenedy, Hidalgo, Willacy and Cameron.

Hermleigh News

Minnie Lee Williams, Correspondent

Nell Bowlin is quite worried over the loss of a fountain pen, and would surely appreciate its return.

Mr. and Mrs. Morgan of Copeville arrived Sunday to make their home with her mother, Mrs. Laura Patterson.

Another nice rain fell Saturday, which the farmers regretted seeing, as some had maize on the ground and cotton which needed pulling.

Kenneth Bowlin was operated in the Young Hospital, Roscoe, last Thursday.

Elder John Shipman and Mrs. Shipman of near Lubbock spent Thursday night with his sister, Laura Shipman, en route to Dublin to attend a meeting. They also spent Monday night with her on their return trip home.

Mrs. Elzey Vanderburg and young daughter, Davida Zoe, have returned to their home at Spearman from a visit with their parents and grandparents, Mr. and Mrs. A. W. Mobley, and the babies' great grandmother, Mrs. Breeden.

Mr. and Mrs. Clyde Curry of Kress spent the week-end with her aunt, Mrs. W. A. Cross, and husband. Mrs. Curry is the former Wanda Carruth, who stayed with her aunt and attended school and graduated here in 1941. Due to inclement weather she was unable to visit some of her former classmates as she planned.

The infant son of Mr. and Mrs. Bernard Gleastine, born in the Roscoe hospital Wednesday, September 16, lived only three hours. Interment was in the Hermleigh Cemetery. The mother is doing nicely. We extend sympathy to the bereaved parents.

Lloyd Mountain

Erdice L. Reynolds, Correspondent

We are sorry to report that Jesse Koonsman is in the hospital for medical treatment.

Jesse and Alvin Koonsman made a business trip to Fort Worth Monday.

Mrs. Bird Rodman is visiting relatives in California.

We received a heavy rain Saturday morning.

Several in this community have started pulling bolls.

Mrs. Agnes Evans spent the week-end with her sister, Mrs. Fritz W. Mogford of Snyder.

Wanda Koonsman spent Sunday night with Eltine Lloyd of Snyder.

Turner News

Nell Morrow, Correspondent

Mr. and Mrs. W. H. Flippin and children visited their daughter in Sweetwater Sunday.

Mr. and Mrs. T. B. Bownds of Pleasant Hill visited Mr. and Mrs. A. R. Turner Sunday.

Joe Rylander and family of Snyder spent Supday in the Idis Allen home.

Corporal and Mrs. Garth Berryhill of Lubbock are visiting their parents, Mr. and Mrs. T. C. Morrow and Mr. and Mrs. M. O. Berryhill.

Oscar Hooper and family have as their guests his brother and wife.

Fluvanna News

Rita Dowdy, Correspondent

Mr. and Mrs. C. D. Cribbs and Mrs. Berry Cribbs and son, Allen, made a business trip to Lubbock last Friday.

Mr. and Mrs. Clarence Bley and children of Olton were guests last week of his mother, Mrs. J. B. Bley.

Mrs. Eunice Nisbett is visiting her son, Private H. M. Nisbett, who is in the hospital at Sheppard Field.

Bobby Turner, son of Mr. and Mrs. Robert Warren, was operated at Snyder General Hospital for appendicitis last week.

Mrs. V. L. Patterson is in the Young Hospital at Roscoe for medical treatment.

Mrs. J. E. Steele of Andrews is a guest of her sister, Mrs. J. C. Dowdy.

Allan Leach of Dallas visited with friends here last week.

We extend our deepest sympathy to the bereaved loved ones and friends of A. Q. Flournoy, who passed away last week after a six-week illness.

Private Burl Belew, who is in the technical air corps at Lubbock, spent Sunday with his parents, Mr. and Mrs. J. J. Belew.

Please leave your news with Mrs. Ola Stavely or the drug store each week. Thanks to all who have been so helpful in getting news for me. I would appreciate more news, especially from families who have sons in service.

Ennis Creek News

Mrs. J. F. Panter, Correspondent

Mr. and Mrs. Raymond Nobles and children, Mr. and Mrs. Nobles and son of Dickens visited relatives here during the week-end.

Helen Watkins, Correspondent

Private Delbert Jones' of Camp Claiborne, Louisiana, is home on an eight-day furlough.

Johnny Jones left Monday for Lubbock to join the air corps as a ground mechanic.

Privates Harmon Watkins and Andy Thompson were week-end guests of Mr. and Mrs. N. A. Watkins.

This community received a nice rain Friday night.

Colored Methodists Raise Fund to Build Build New Church

The Snyder Colored Methodist Church, under leadership of the pastor, Rev. J. H. Finch, put on a financial drive Sunday that netted $129.87, Mrs. Daisy Gaston, reporter, states.

Funds raised Sunday, and money raised in the financial campaign by the church will be utilized to erect a new church building in the oil mill section of Snyder.

John Gaston, who collected $63.05 from the white friends of the Colored Methodist Church, wishes to publicly express his thanks for the contributions, and says the "help of the white people will be remembered by our congregation for years to come."

Mrs. Gaston reports $12.22 was in the treasury when the financial campaign got underway Sunday. In addition to Gaston's raising of $63.05 from white friends to the church, other donations included: Wattie Jenkins, $18; Emma Allen, $14; Mary Flanagan, $12; and Johnnie James, $10.17.

Contributions of any denomination will be warmly appreciated by the colored people, who want to erect a new church building at the earliest possible date.

About the most discouraged person we've seen was the one who had written a long overdue letter, and then lost it before getting it mailed.

Humble Test Drills Past 5,450-Foot Line

Still headed for the Ordovician horizon, Humble Oil & Refining Company's No. 1 W. T. Newman wildcat test, 10 miles west of Snyder, was drilling late Wednesday at 5,450 feet, in shale and lime.

The wildcat is located in the west one-half of Section 258, Block 97, Houston & Texas Central Railroad Company Survey.

Let Your Answer to Bombs Be—BONDS!

CLEAN FIXTURES GIVE MORE LIGHT!

Here are three easy and economical ways to get more light from your present electric lighting fixtures without using vital war materials. They apply in the home, the store, office or factory.

1. **Keep Bulbs and Shades Clean.** Lamp bulbs, glass diffusing bowls and lamp shades collect a film of dust that greatly decreases the amount of light you receive. Use a damp cloth to keep bulbs and glass shades clean, and dust cloth and parchment shades frequently. You'll get as much as 20 per cent more light!
2. **Use Light-Colored Shades.** Lamp shades that are dark on the under side absorb light, while light-colored and white shade linings reflect light. Use shades on all lights, for they help direct more light on the book or newspaper you are reading.
3. **Place the Light Near the Place it is Needed.** The intensity of illumination decreases rapidly as the distance between the light and the object increases. Keep your lamp as close as practical for maximum illumination.

Now It's
Vitamin Time...

Reports to the Committee on Food and Nutrition of the National Research Council show that food habits in the United States are worse now than at any time in the past 60 years.

It is believed that such faulty habits are due mainly to the high degree of refinements in the preparation of foods. Consequently, supplementary Vitamins in the form of single or multiple Vitamins are invaluable in maintaing health and resistance.

Do not delay—protect your health!

Six Months, in advance $1.25
Elsewhere:
One Year, in advance $2.50
Six Months, in advance $1.50

Back Those Tigers!

People of the Snyder community, despite the pinches of our war-period economy, owe it to Snyder Schools and the community at large to back Snyder's football team this season to the limit, especially after the fine showing the Tigers made against the highly-touted Lamesa Golden Tornadoes Friday evening.

We have in Frank Weaver a football coach with unusual ability, and in this year's Tiger squad one of the gamest, fightingest groups of boys suited out in several years. Let's back those Tigers to the limit, for with the proper backing from Snyder people they'll knock the daylights out of some pretty nice Class A football myths in this section, and could upset the district dope sheet if they have backing to follow through in conference games!

A New Future for Foods

Government officials are urging, since the clouds of war have blanketed the entire globe, that farmers of this trade zone and elsewhere utilize food dehydration as a means of preserving foods needed for home consumption during the coming months. Food dehydration is by no means a new process, but one that has not heretofore received stout backing from the federal government.

The U. S. Department of Agriculture, in fact, came out openly this week in favor of food dehydration as a means of keeping foods preserved with a minimum number of containers. Dehydrated "groceries," naturally, require considerably less storage space, which is another factor that enters the picture. Study the matter any way you like, food dehydration, hastened along by the war, will be one of the coming industries for West Texas.

Snyder's Labor Camp

Groups representative of Scurry County's 1,500 farmers state this week plenty of credit is due the Scurry County Chamber of Commerce and other civic organizations for getting Snyder a migratory labor camp. J. T. Burnett, representing the U. S. Employment Service, arrived this week to direct activities of the camp, which will mean thousands of dollars to farmers needing harvest hands.

As a community and county, let's not only give full support to the migrant labor camp, but urge farmers and ranchers of the county needing hands to make full use of the camp. It has been established for the benefit of county farmers, and while pretty weather continues, they should get sufficient help to get all cotton and feed in from the elements. Let's show the U. S. Employment Service that we want such a camp established here each fall.

Editorial of the Week

GIVING WHAT IT TAKES

A few things like the scrap drive and the effort to save rubber have brought out something of the kind of measures that will be needed to win this war. In his Labor Day speech, Donald M. Nelson put the matter up to us rather bluntly when he said the Axis powers have put winning the war ahead of everything else; and they will give up everything else on earth if only they can beat us into complete and everlasting helplessness. Mr. Nelson says our country is going to have to adopt the same kind of attitude if we win.

Regretfully, it must be admitted that a great many in this country have not adopted such an attitude. In a good many ways this is seen, one of which is the collection of scrap metals. The authorities in charge of this campaign are firm in their belief that no all-out effort has been made to collect the scrap. In fact, the government is frank to say that more of this metal must come in, else the government will do the collecting forcibly, and without recompense to the owners. Another try is going to be made—and you will hear more about it.

Another instance is the waste of rubber. The average citizen is inclined to consider his tires to be his own property, to conserve or to waste, as he sees fit. The government is trying to give us a different attitude there. The nation has a limited amount of rubber—not enough. Most of us are custodians of a small portion of the stock pile; and our right use of it will either contribute to winning the war or losing it. There ought to be such a feeling developed in this matter that whenever a motorist uselessly drives his car, or when he drags his wheels with needless application of the brakes; that whenever anything like this happens, then the party is guilty of an unpatriotic act.—The Baylor County Banner.

Why then, if business needs silver for small change, and jewelers are crying for the metal, must it be stored in holes in the ground? . . . From all available accounts, the silver shortage has been brought about by the notorious Silver Bloc, which back in 1924 got the government to promise abnormally high prices for the metal to keep the votes from Rocky Mountain states. . . . The Silver Purchase Laws have so hamstrung the U. S. Treasury that little can be done about releasing silver manufacturers until the price is reduced from $1.29 per ounce—the lowest price at which silver can be sold. . . . Some unpledged treasury silver is being loaned for non-consumption war purposes to the Defense Plant Corporation, but this silver will be returned to the Treasury at the end of the war.

Current Comment

By LEON GUINN

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column.

You can rest assured that the Federal Bureau of Investigation is getting the job done these days, because it is coming in for plenty of commendation on preventing big-time sabotage work from being accomplished in the United States. . . . The FBI has a big job on hand now, and has greatly increased personnel during the past six months to deal with those engaged in espionage work, sabotage of any type and in tracking down spies. . . . In the files of the FBI are thousands upon thousands of criminal case histories, plus thousands of sets of fingerprints that aid greatly in getting the guilty parties to crimes that fall within FBI jurisdiction.

☆

The FBI, naturally, is backed by police departments, sheriffs' departments and other law enforcement agencies throughout the country in keeping up with the crime front, and in fighting against enemy agents of every stripe—enemy agents who would not hesitate one brief moment to wreck this nation's economic setup—if they could. . . . FBI chemists and researchers are constantly studying changing tendencies in sabotage work, and can tell from small parts of machinery and equipment whether sabotage entered the picture. . . . The FBI is due plenty of credit for getting a tough job done with honors.

☆

The drastic prohibition, it was announced this week, upon the use of silver in the United States, threatens the existence of thousands of businesses—livelihood for many thousands of workers in various parts of the country. . . . It is difficult to realize, on one hand, that two and a half billion ounces of silver lies idle in government vaults, and that we face, on the other hand, a virtual "drouth" of the precious metal. . . . Silver, the U. S. Treasury states, is one metal on which we are over-supplied, and one that has not been enlisted in the war effort, so it is being hoarded in government vaults, while business must get along as best it can with other means of legal tender.

☆

It was rumored in Washington this week, on reliable authority, that curtailment of war production plants is in the making, since some of the plant facilities now under construction may not be finished. . . . Raw materials on hand will be processed, just as soon as possible, to throw at the enemy, and plants that may not be completed for two or three years may well get the "stop work" order in the immediate future. . . . So many civilian plants have been converted to making war materials that the government feels the war effort may be helped more by concentrating on getting what raw materials we already have on hand turned into war weapons.

☆

Say what you will, American Flying Fortresses have blazed a path of glory across European skies that will become one of the bright spots of the war, when the smoke of battle clears away sufficiently, and some of the spilled blood returns to the bosom of Mother Earth. . . . Our Fortresses, it must be admitted, were too slow, at first, and undergunned to cope with fighter plans of the Nazis and Japs, but all that has been changed now and American Flying Fortresses can slug it out with almost any European models. . . . Incidentally, the splendid bombing records marked up by Fortress planes will probably be changed during the winter months in Europe, because "soupy" weather will force ships to fly at levels within range of German anti-aircraft fire, and losses may be expected to be heavier.

☆

One shouldn't be surprised if there is shortly a sincere attempt by Congress to overhaul the entire Selective Service System. . . . The draft, as you probably have guessed, is Congress' biggest headache, and almost every mail brings Representatives and Senators stiff complaints from the folks back home over differences in local boards, and unequal treatment of registrants. . . . Attempted legislation will be in the mill shortly to conscript 18 and 19 year-old youths. . . . Any time such a move is attempted, Congress will have an exceptionally bitter fight on hand—especially in view of the fact such tactics will sound familiar to German, Italian and Spanish conscription systems.

☆

The U. S. Department of Agriculture, it was officially announced this week, is becoming intensely interested in giving farm cooperatives a larger place in the war production picture. . . . For instance, we may look for at least one grain alcohol plant in the rubber program to be operated by a cooperative as a check on other producers. . . . Cooperative movements, if wisely handled, prove profitable in almost any section of the country—a fact that is inspiring the government to encourage the movement more widely.

☆

In the raw materials filed this week, lead took the lead as the bright spot of the picture. . . . The War Production Board reported lead is being mined faster than it is being used, but it is unlikely that restrictions will be relaxed because WPB experts want the metal stockpiled against the day when the production rate will drop off sharply—due to depletion of lead mines . . . Most critical raw material at the moment is mica, which is even being flown here from India. . . . Needs for various raw materials change, of course, from month to month, but the WPB is finding that American engineers are responding splendidly with supplying such raw materials as we have available.

Young Farmer of Dunn Dies After Illness of Week

C. L. Johnston, 26, young Dunn community farmer and native of Scurry County, succumbed Tuesday afternoon, 4:00 o'clock, in a Roscoe hospital following a week's illness.

Born in this county on February 4, 1916, was reared in this county, and was [illegible] county residents.

Funeral services were held Wednesday afternoon, 5:00 o'clock, at the Dunn Baptist Church. Rev. W. A. Strickland, assisted by Rev. A. B. Cockrell, conducted final rites.

Pallbearers were Hugh Billingsley, Burton Echols, M. D. Smith, Leonard Morris, Martin Murphy, Ollie Richardson, Homer Harrison and Willie Lay. Mary Lou Cotton, Frances Ashley, Irene Turner and Betty May were in charge of floral offerings.

Surviving are the widow, two children, Charlene, four and one-half months old, Rita June, five; the parents, Mr. and Mrs. W. A. Johnston, prominent Dunn community couple; three brothers, Marcus Johnston, U. S. Navy, Francis Johnston of Dunn and Albert Johnston of Big Spring; and four sisters, Mrs. Bill Hunter of Coahoma, Mrs. Fred Cotton of Dunn; Mrs. Curtis Robbins of Roswell, New Mexico, and Mrs. Jimmie Wright of Little Rock, Arkansas.

Odom Funeral Home directed arrangements, with interment in Dunn Cemetery.

County Agents Are Back from Sessions At College Station

Edward S. Hyman, county agricultural agent with the Texas A. & M. College Extension Service, and Estella Rabel, county home demonstration agent with the service, returned Sunday morning from College Station, where they attended a five-day conference, last Tuesday through Friday, of county and home demonstration agents.

Purpose of the five-day conference, which attracted every county agent and every home demonstration agent in Texas, was to ascertain ways and means of more closely coordinating extension service work and cooperating with all other federal agencies.

County Agent Frank W. Medley of Gail, Borden County, returned Sunday from the conclave, as did T. H. Roensch, Fisher County agent, and the Fisher County home demonstration agent.

Due to the fact a number of the state's county agents have been called to military service in the past few weeks, special sessions were devoted to acquainting new agents with the work program ahead for the Texas Extension Service.

Figures Don't Lie

(Editor's Note: The following squib was furnished The Times by L. B. (Bill) Minyard, former Snyder resident who is now engaged in defense work at San Diego, California.)

Hitler was born in 1889,
Came to power in 1933,
Spent 9 years in power,
Attained the age of 53 this year.
Add these figures and the total is 3884.

Mussolini was born in 1883,
Came to power in 1922,
Spent 20 years in power,
And this year is 59 years old.
Again these figures total 3884.

Stalin was born in 1879,
Came to power in 1924,
Has ruled for 18 years,
And is 63 years old.
Which works out to 3884.

Churchill was born in 1873,
Came to power in 1940,
Has remained in power 2 years,
And is 69 years old.
Which adds up to 3884.

Roosevelt was born in 1882,
Came to power in 1933,
Has been there for 9 years,
And is now 60,
Which totals 3884.

To wage war,
There must be 2 opposing factions,
So divide 3884 by 2
And the result is 1942,
Which is the year the war will end,
According to those who know.

Civil Service Places Open.

J. P. Nelson, secretary of the Snyder board, U. S. Civil Service examiners, announced Tuesday that Uncle Sam is looking for men and women—but especially the girls—to go to work in the weather bureau department. Applicants should be at least 17 years of age, and possess a high school education.

Cotton Makes Small Gain During Week To Reach 18.74c

"The 10-market average price of 18.74 cents per pound for middling, fifteen-sixteenths inch staple, on Friday was three points higher than a week earlier and compared brightly with 17.13 cents per pound a year ago," the weekly cotton market review of the U. S. Department of Agriculture reports.

"Domestic mill consumption totaled 925,000 bales during August, against 995,000 bales in July. The daily rate during August was 44,000 bales per day—a rate that is helping cotton prices keep firm through the current season to date.

"According to trade reports," the bulletin points out, "farmers are holding their cotton from the market to see what Congress will do about the president's request for farm price legislation. Warm, dry weather is needed in Texas and Oklahoma to allow harvesting and insure good staple grades."

Business Firms Sign For 10 per Cent Goal

Chamber of Commerce officials pointed out Wednesday that Snyder business firms and merchants are cooperating splendidly in the 10 Per Cent Club for buying U. S. war bonds and defense stamps, and that more emphasis will be placed on the 10 Per Cent Club as the war progresses.

Snyder business firms who desire more 10 Per Cent buttons and cards will find plenty at the Chamber of Commerce office, and are urged to call for them, as needed.

New Front Added to Keller's Furniture

John Keller Furniture Store, located six doors north of Snyder National Bank on Avenue S, is undergoing repairs this week that will give the store an entirely new front.

John Keller, operator, says the modernistic front, when completed, will be highlighted by a double door entrance for the firm. The new front, with plate glass windows, is expected to be finished next week.

Officers Named by Snyder School Band As New Year Starts

A. M. Martin, director of Snyder's Tiger Band, reports the Snyder High School Choral Club is getting off to a fine start for the 1942-1943 school term, with election of officers.

The club met last Wednesday and named officers as follows: Estella Wellborn, president; Forrest Bruton, vice president; Celia Haney, secretary-treasurer; Norma Lee Collins, reporter; Carolyn Ann Riley, librarian, and Charlene Headstream, pianist.

The club is made up of boys and girls from both the high and junior departments. Choral Club members are: D. P. Connally, Tommie Todd, Celia Haney, Norma Lee Collins, Estella Wellborn, Nanelle Patterson, Carolyn Ann Riley, Mildred Glenn, Orval Rollins, Forrest Bruton, Douglas Witherspoon, Mary Ann Webb, Maxine Reynolds, Bobby Joyce Wilson, Lois Walton, Lena Faye Fields, Avanell Haney, Helen Beth Underwood, Estella Wilson, Jo Nell Garrard, Lelda Lee Wilson, Josephine Weems, Dorothy Barron, Dorothy Holland, Bena Higgins, Betty Sue Hicks, Frances Arnett, Marie Hendrick, Johnye Faye Horton, Dorothy Lockhart and Jonnie Tatum.

Mail Service to Gail Being Talked Again

Information obtained Tuesday from a reliable source, indicates that steps are being taken this week to obtain that long sought daily mail between Snyder, Gail and Lamesa. The line has been advocated for several years, and during the war-time emergency would prove a blessing to people and merchants of this immediate trade zone.

For a number of years, mail between Snyder and Lamesa has been routed from Snyder to Sweetwater, Big Spring, and thence to Gail.

Three Navy Recruits Assigned.

John DeShazo, chairman of the Will Layne American Legion Post's navy recruiting committee, reported Tuesday that Scurry County has furnished three navy recruits for September to date, against a quota of 12 assigned the county for the current month.

Exams for More Teachers Will Be Given in Snyder

As a means of relieving the acute teacher shortage in this area and elsewhere, Pat Bullock, acting county superintendent, announces examinations for second class teaching certificates have been authorized here for October 16 and 17.

The state examinations were authorized early this week by C. L. Kuykendall, chairman, Board of Examiners, State Department of Education, Austin, who declares that something must be done immediately to relieve the shortage.

Bullock urges all who wish to take the examinations to register as soon as possible in the county superintendent's office. Those who register must do so by Thursday, October 1.

Examination fee for the examinations will be $4, plus the cost of paper. Examinations will be given in the county superintendent's office, Bullock reports.

Kuykendall's message to Bullock follows:

"In an attempt to relieve the serious teacher shortage situation that has become acute, State Superintendent L. A. Woods has authorized a special examination for second-class certificates to be given October 16-17.

"Please advise everyone in your county of the forthcoming examinations. These examinations should be especially interesting to high school graduates and other qualified people who are at least 18 years of age. All applicants, as noted previously, must register with you by October 1."

Riley and Edwards Slate Sunday Roping

Hundreds of rodeo fans from Scurry and Mitchell Counties are due to assemble Sunday afternoon, 2:00 o'clock, in Colorado City, to witness a matched roping contest between Lanham Riley, well known Snyder rodeo performer, and Sonny Edwards of Big Spring.

Sunday afternoon's contest likely will be one of the few remaining contests of the 1942 rodeo season. Riley and Edwards will fight it out with 10 calves each and other roping events.

Labor Camp Places Cotton Pickers with Farmers of County

Effective Monday, J. T. Burnett, with the U. S. Employment Service, Sweetwater, took over Snyder's migratory labor camp one block north of the square, and will be in active charge of registering laborers throughout the harvest season.

Burnett is joined by Scurry County Chamber of Commerce officials in urging farmers of the county who [illegible] contact him at the labor camp.

Dozens of Mexicans, negroes and a number of whites have registered with Burnett, and others are due to register upon arrival. Chamber of Commerce officials announced Tuesday the hiring of Rev. E. P. Gonzalez, Mexican missionary, to assist with handling Mexican laborers who [illegible] the labor camp.

Numerous calls have been received by the employment service at the camp for cotton boilers, feed headers and hands to assist in shocking feed. Farmers who need help of any kind are asked to make full use of the camp.

Community Singing At Plainview Sunday

Leaders of the Plainview community announced Wednesday that a community-wide singing will be staged Sunday evening at Plainview in an effort to revive regular bi-monthly singings.

Singing in the Plainview community has temporarily died down, but community leaders ask classes of nearby communities to attend Sunday evening, 8:00 o'clock, and help revitalize the twice-a-month songfests.

Berry Benton Cribbs Volunteers.

Berry Benton Cribbs, son of Mr. and Mrs. C. D. Cribbs of Fluvanna, has volunteered in the Army of the United States as an air corps specialist (aircraft mechanic). Reports indicate that young Cribbs is passing his tests with flying colors.
