C. of C. Work For The Year Outlined

THE FALL SHOW BEING PLANNED

Joint Better Co-operation With Local Communities, Farm Agent Advocated

A business held by the board of directors of the Tahoka Chamber of Commerce Tuesday night, a program of work for the year was adopted. It was not stated that the work of the chamber will be confined to the chamber exclusively but that the chamber will be a medium for the dissemination of the best of the county.

One of the matters decided upon was to have a poultry, dairy, cow, and feed show here some time in the fall. It will be remembered that a poultry show was held here a few months ago, and it was a very successful and profitable affair. The show was held at the county fair grounds and was a success in every way.

It was also planned to sponsor a fall show, and it was decided to have a poultry, dairy, cow, and feed show here some time in the fall. It will be remembered that a poultry show was held here a few months ago, and it was a very successful and profitable affair. The show was held at the county fair grounds and was a success in every way.

C. of C. Board Of Directors Enlarged

At a meeting of the Board of Directors of the Chamber of Commerce held in the office of the Secretary on Friday night, it was decided to increase the number of directors. President J. A. Reuther thereupon announced that the names of the following gentlemen would be added to the list: Fountain, W. H. L. Stewart, R. H. O'Neal, A. L. Lockwood, O. E. Adams, I. S. Dusk, and Chester Connolly. The other members of the board are: Raymond Weather, E. I. Hill, J. C. Welch, E. H. Sullivan, T. H. Speight, W. E. Smith, L. F. Craft, C. R. Towner, J. R. Applewhite and Claude Wells.

FARM BUREAU HOLDS MEETING

To Seek More Interest In Organization In Lynn County; 25 Members At Meet

About twenty-five members of the Lynn County Farm Bureau met in the county court room here Saturday afternoon, attended to routine business, and elected delegates to the district meeting which will be held in Lubbock next Saturday.

L. H. Moore and M. A. Dorman were elected as regular delegates, while R. E. Towner and J. R. Thomas were elected as alternates. L. H. Moore presiding, addressed the body, stressing the importance of getting information as to the work of the Bureau before the farmers and the business men of the county. He suggested that the board of directors give attention to the matter of getting subscribers for the Farm Bureau News and suggested that it be sent by the body free of charge to all prospective members.

Only two of the board of directors being present, two others were appointed as temporary members. J. L. Schuler of O'Donnell and W. E. Florence of Draw were the regular members present and E. W. Coates of T-Bar and W. M. McAllister of Draw were appointed as temporary members.

This board also had a meeting and had plans for launching a publicity and advertising campaign for the Bureau. A canvass of the business men of the county will be made with a view to getting them more deeply interested in the organization.

The members present Saturday expressed great satisfaction with the results obtained through the Bureau and some of them stated that the recent distribution of funds had brought much favorable comment from business men also.

J. R. Thomas explained, for the benefit of some who were not members, how credit is obtainable from the organization, and answered a number of questions propounded to him.

Since there are only two delegates to the district meet at Lubbock it was suggested that if possible every member of the organization in this county should attend. From the discussion made by these present, it is probable that there will be a large delegation at Lubbock next Saturday from Lynn county.

School Board Members Re-elected Saturday

All four of the present members of the school board whose terms expire next were re-elected in the election held last Saturday. Only one other name appeared on the ballot, and a comparatively small vote was polled, the total being 187 against 328 votes in the recent city election. W. R. Edwards was the fifth man whose name appeared on the ballot. He is one of the best men in all this country and no doubt would have made an excellent school trustee, but there seemed to be a general feeling that the present board should be permitted to finish the building project now under way. Besides, there was little disposition to disturb present conditions.

The results of the election shown by official returns were as follows:
C. A. Thomas 188
E. I. Hill 90
S. W. Sanford 87
W. C. Wells 87
W. B. Edwards 328
Total vote cast 187

EDWARD AND LOCKHART TURNED OUT 2,988 BALES

In giving the number of bales of cotton ginned in Tahoka during the past season in our issue last week, we stated that the Edwards & Lockhart Gin had ginned 2,988 bales. This should have been 2,988, being the largest number turned out by any gin in Tahoka.

SCHOOL CLOSURES ON MAY 19TH

Shepherd To Preach Baccalaureate Service; Bowser of A. C. C. To Deliver Address

(By Sept. M. L. E. Bann)
The high schools will close Friday, May 19. Programs will begin on Wednesday, May 18. This will be Senior Class Night. On Thursday, May 19 the Senior Play will be given, or rather a series of one-act plays. On Friday night the class address will be given for the High School graduates. On Saturday night the baccalaureate service will be held. On Sunday morning the baccalaureate service will be held at the high school building with the possible exception of the baccalaureate service. This will be held at the Methodist Church unless otherwise arranged before the date.

Some interesting numbers will be in the program in the exercises. The baccalaureate service will be preached by Rev. R. N. Shepherd of the Baptist Church, Charles E. Bowser, head of the Speech Arts Department of Abilene Christian College, has been selected to give the class address on Friday night. Rev. Shepherd always has a great message for his audience, and no doubt will give the best that he has on this occasion. Mr. Bowser is one of the most artistic speakers of the day and will bring a message well worth remembering. The class plays this year will be of the very highest type. "The Valiant" is one of the best plays that exists to-day. The other selections are also of the highest class and promise a treat to all. They will require a great deal of careful preparation for proper interpretation. The music for the exercises will be a feature this year. Mrs. Sudarth has in charge the music for the Saturday service. Mrs. Jackson is working with the seniors for their class night program.

Below are given two of the programs as arranged now:

- Senior Class night, May 18, 1927, at 8:30 P. M.
1. Song.
2. Class History—Charlotte Barr.
3. Class Poem—Muriel Powell.
4. Class Solo—Juana Jackson.
5. Class Prophecy—Edna Lee Maddox.
6. Class Will—Lillian Mae Reid.
7. New Solo—Mr. Bean.
8. Awarding Key of Knowledge—Orville Weather.
9. Class Greeting—Leta Tarrance.
10. Presentation of Pictures—Burt Hackney.
11. Song.
Senior Play—May 19, 9:00 P. M.
1. "The Valiant"
2. "Trying Place"
In another section of the paper will be found the grammar school program.

Announce Prizes In Yard Contest

Individual County Wide
First Prize—Trove
Second Prize—Yard or Pouch Trail
Contributed by G. M. Stewart, Manager Higginbotham Barbecue Lumber Company.
Third Prize—Subscription to Magazine, "House and Garden."
Also one year subscription to Lynn County News, contributed by Editor E. I. Hill.

Individual Community
First Prize—Shirley.
Second Prize—Two year subscription to "Better House and Garden."
Third Prize—Garden seed or bulbs.
Community
First Prize—Dictionary and stand for school house.
Second Prize—Shirley for School grounds.
Third Prize—Subscription to country paper for school, contributed by Editor E. I. Hill.
These prizes will be presented at the Flower Show which will be held at the close of the contest in October. MRS. GLADYS M. STOKES, Chairman Prize Committee.

Piggly Wiggly Is To Enter Tahoka

W. L. Knight & Son have made arrangements to convert their grocery store into a Piggly Wiggly. They bought the "exclusive right" for Lynn county a few weeks ago, and they have already bought the necessary fixtures and fixtures. These are expected at an early date and upon their arrival the work on installing them will immediately begin. Messrs. Knight & Son have been conducting their present grocery business about two years and they have done a successful business. They feel that the time has arrived when the demand will justify the expense of converting their business into a Piggly Wiggly and that as the country develops and the town grows, the business will grow with it. "I figure that Tahoka is going to grow a lot in the next few years," Mr. Knight stated in a representative of the News. No doubt he is right. There is no fourth among the stores in the value of mineral products.

Highways Through County To Be Improved Immediately

KIWANIS HEARS HIGHWAY TALK

Brownfield Man Speaks On Road Problems In This Section; Quartet Sings

J. E. Shelton, secretary of the Brownfield Chamber of Commerce, and Jay Barnett, county clerk of Terry county, were guests of the Kiwanis Club at their luncheon Wednesday, and upon invitation Mr. Shelton gave some information as to the status of the work on Highway No. 84 which passes east and west through Lynn and Terry counties.

There has long been a gap in this highway in Kent county. Mr. Shelton reported that he had attended a meeting recently held at Rotan at which the matter of filling this gap was discussed, and he learned that Kent county had voted bonds to the sum of \$200,000 with which to build the highway from the county line on the west through Claymont to the Fisher county line, near Rotan. Fisher county authorities gave assurance that the highway would be placed in splendid condition through that county. The only other danger point lies in Terry county, west of Brownfield, where there is a creek in the highway concerning which the State Highway Commission has made demand that it be straightened, under a vested threat to withdraw its designation as a state highway unless this defect is corrected.

Following Mr. Shelton's address, Judge Cain was called upon and he explained the highway situation in this county such as the same appears in another column on this page of the public school furnished the music for the occasion. This quartet consists of Junior Bass, Bob Cavens, Keith Kamm, and James Edwards. They sang a number of selections accompanied by Miss Jackson on the piano, and the program was much enjoyed.

Dr. C. E. Towner, Rev. R. N. Shepherd, Chester Connolly, and W. O. Henderson were visitors in Tahoka Monday. They were accompanied by Mr. E. E. White, pastor of the Methodist Church of Lubbock, Dr. Lewis, Presbyterian minister of Lubbock, Dr. Clark and Mr. Holland also of that city.

J. W. Small of Lamesa was a business visitor here Tuesday.

Tahoka Girl Wins Collegiate Debate

S. D. Goodrich called at the News office Tuesday to state that he had received a letter from his daughter, Miss Lois, who is attending the State Teachers College at Champaign and who was a place on the Intercollegiate Debating Team of that institution this year, informing him that she and her team-mate had recently won the debate between Champaign and College. She only in Mr. Goodrich's proud of the achievement of his daughter but all Tahoka is proud of them.

COLLEGE ENTRANCE EXAMS BEING HELD THIS WEEK

County Superintendent E. P. Conner is holding college entrance examinations here this week. Three applicants, all from Edith, are taking the examinations. Like examinations are also being held at Morgan and Lubbock.

PLEDGE OF ALLEGIANCE REQUIRED OF GRADUATES

The public school is the backbone of the American nation. I acknowledge the obligation that I owe to the State and to this community for the training which I have received; and as an expression of my gratitude, I now and now, in the presence of these assembled witnesses, cheerfully and unreservedly pledge myself ever to give such support to the public school as my financial ability will permit and always to exert my influence as a citizen of Texas to uphold their ideals and to promote their usefulness in the preparation of the boys and girls of today to be the men and women of tomorrow.

E. D. Kemp, real estate salesman of Post, was here Wednesday on business and visiting relatives, being a brother of Mrs. S. E. Kemp and an uncle of Mrs. Jack Applewhite. While here he also met the editor, the two time in more than 30 years, the two having been school-mates at Tahoka in the early years.

A. E. White, vice president of the South Plains area, was a visitor in Tahoka Monday. He is the interest of this organization.

'The Limit' Bought By Clyde Briley

A deal was perfected last week whereby Clyde Briley became the owner of 'The Limit,' taking charge of the business Thursday. This popular defunct and sundries store was operated by Russ Ketter for a number of years. He sold the business to Briley. During several months ago and Mr. Briley purchased the same from Mr. Davis. Mr. Briley has resided here a number of years and is one of Tahoka's most popular young business men. He is a live wire and no doubt will make a success of his new adventure. Mr. Davis will remain in Tahoka.

FIRE DESTROYS OLD LANDMARK

Second Hand Store Goes Up In Mid-Night Blaze; Building Erected In 1906

When fire destroyed the frame building at the southwest corner of the square, occupied by Mr. and Mrs. Murphy as a second hand store, on Monday night another of Tahoka's old landmarks was extinguished. The origin of the fire is unknown. It was discovered about one o'clock by Mr. and Mrs. E. M. Larkin, who occupy rooms in the Larkin House just across the street, west. Owing to the fact that the fire station was in the process of being moved, the fire was not sounded but the alarm of fire was spread as rapidly as possible and the fire boys promptly headed the call. The building was aflame all over about when the fire was discovered, and it was utterly impossible to save it. There was just a light breeze from the west and at one time the roof of the Franklin House caught fire from flying embers. It was promptly extinguished, however, without having done any material damage. The place was in the east front of the Larkin building across the street to the west was cranked by the head of the flames. Insurance on the stock of goods was carried by Mr. Murphy in the sum of \$2,000.00. Mrs. N. A. Jones was owner of the building, and she carried insurance in the amount of \$2,000.00.

This was one of the oldest buildings in Tahoka, having been constructed by H. M. Larkin in 1906. Originally it was 20 x 20 feet in size, but additions had been built twice, extending its length to 40 feet. "I had the lumber for this building hauled from Big Spring," Mr. Larkin stated to the News in discussing the matter. It had been used for various types of business stores that time has been occupied by Mr. Murphy the past several years. It was not an attractive structure, and while everybody regrets the loss suffered by reason of the fire, yet there are no regrets that the way is now clear for the construction some time in the future a more attractive and serviceable building on this corner.

New Lynn Boy Dies In Lubbock

E. W. Cashion, 16, son of C. A. Cashion of New Lynn died very suddenly and unexpectedly at 12:30 p. m. Tuesday at the West Texas Hospital at Lubbock, where he had undergone an operation for appendicitis last Friday. His condition was apparently satisfactory and it was thought that he was recovering nicely when, without warning, death came in almost a moment's time.

The remains were removed from the hospital to the Cashion home at New Lynn Tuesday afternoon by Harris & Applewhite of Tahoka and interment is to take place here today or tomorrow. Funeral services will be conducted by Rev. R. N. Shepherd and Rev. Graves Durby of Wilson. The family have the deepest sympathy of numerous friends.

SEVENTH GRADE GRADUATION EXERCISES MAY 21ST

The following program will be considered by the pupils completing the work of the seventh grade at the High School Auditorium on Saturday, May 21, at 2:30 P. M.
Song—"School Day Sweethearts"
Salamatina—Hazel Anglin.
Vocal Solo—Lillian Stiles.
Piano—Mary Sue Clinton.
Prophecy—Gladys Maddox.
Vocal Solo—Edna Lela Colwell.
Class Will—J. D. Donaldson Jr.
Valedictorian—Mary Fenton.
Address and Presentation of Diplomas—Mr. Bean.
Response—Jack Minor.
Parting Song—Class.

J. W. Simpson, shortly returned Monday night from Dallas, bringing back a new car with him.

STATE WOULD WIDEN ROADS

Immediate Action Called For By State In Securing Right Of Way On Highways

Division Engineers, Major Petrus Hemphill and Maintenance Superintendent, E. B. Donaldson, of Lubbock, were here Wednesday conferring with Judge Cain and the commissioners, court regarding the widening of highways Nos. 9 and 84 through Lynn county to a width of 80 feet. These highways are now sixty feet wide.

Major Hemphill stated that it is the purpose of the Highway Department to go over both of these highways at an early date, placing them in the very best condition possible for their highways. The commissioners court of DeWitt county together with citizens of the county are now busy procuring the needed right-of-way and having the fences set back along Highway No. 9 in that county. They expect to reach the south line of Lynn county about the first of June, and it is imperative that right-of-way be procured and the work of setting back the fences be begun in Lynn county by that date, so that the Department will not be delayed on this account. "Our fence and equipment are costing us right around \$1,000 per day," Major Hemphill stated, "and we can not afford to be idle."

Major Hemphill and Mr. Donaldson explained to the court why an 80-foot right of way is being demanded in the first place. Highway No. 9 has been designated as a Federal highway but the Federal Government will not spend a cent on any highway until a right-of-way 80 feet wide has been procured. No. 84 has not been designated as a Federal highway but there is a possibility that it may be so designated in the future, being nearly midway between the Rockwell on the north and the Lee on the south. But whether it is ever so designated or not, the State can maintain a much better highway on an 80-foot right-of-way than on a 60-foot right-of-way. "On a 60-foot right-of-way only a V-type highway can be built and maintained," Major Hemphill explained. "As a result, the top of the highway is nearly always in lower than the sides, and the wheels fill up the ditch with sand and leave a situation of sand upon and across the top of the highway. With an 80-foot highway a ditch with a wide flat bottom is left on either side of the roadbed and the roadbed itself can be built up higher than the adjacent territory, so that no loose sand will collect on top of it and the ditches will not fill with sand so easily. Then, when dirt is wanted to build up the highway at any particular point it can be easily obtained from the roadbed itself. For these reasons the State is demanding an 80-foot right of way."

If counties along the designated highways will not procure the required right-of-way, there is danger of the designation being cancelled and all state aid withdrawn from such highways. This is particularly true of Highway No. 84 running east and west through Lynn county. It is very important, therefore, that these rights of way be procured and the fences moved back, so that the highway through Lynn county may speedily be made among the best dirt roads in the State.

Judge Cain and the commissioners' court immediately recognized the necessity for prompt action. They also stated that they recognized the fact that it was the business and duty of the county to furnish the right of way. But, they explained, the county has practically no funds with which to pay for additional rights of way. They are therefore calling upon the patriotic and liberal citizenship of Lynn to assist them in the very limit in procuring the needed right of way at as little expense to the county as possible. They have laid the situation before the chambers of commerce at Tahoka and O'Donnell, the Tahoka Kiwanis Club, and other citizens with a view to getting the matter adjusted at the earliest date possible at as little expense as possible. If Lynn county should fail in this emergency, we do not know what the results would be, but we can easily see that the consequences might be very harmful to our county. It would be a calamity if Lynn county should lose either one of the highways now traversing the county. On the other hand, it is highly important that every effort be made and every encouragement given to the end that these highways be made the very best of their type in the State.

J. A. Steiner, President of the Chamber of Commerce, has appointed a committee to work in connection with the commissioners' court.

(Continued on back page)

Gales, Tornadoes And Floods Wreck havoc Over Many States

One of the most sweeping and stormy of the year raged across the South Plains Saturday night and Sunday. It swept everything before it. It spread down a bit Sunday night in order to catch its breath but it took a new start Monday morning. It failed to develop the magnificent speed Monday, however, that it showed Saturday night and Sunday, perhaps from sheer exhaustion.

This migration of wind and storm clouds was in fact a grand performance. The wind pulled at twister speeds. It didn't take time to stop and whirl round and round as it sometimes does in other parts of the world. It was headed straight for the northeast, and it was in a hurry. It came from somewhere away over in the southwest, but at just what place it started and just why it was in such a hurry to leave, we have not yet been able to figure out. But wherever it came from and wherever it was going, it found the South Plains in its way and seemingly tried to take most of the surface along with it. It whipped young vegetation to death. It stripped many of the leaves from trees and moved them. It took much loss from the fields, depositing some of it in the pastures and sweeping the remainder before it to an unknown destination. As for this it did little damage, but it was most terrifying.

But, when such a gale sweeps the plains, we have learned to listen for reports of tornadoes and terrific rain and hailstorms in other parts of the country. That is exactly what happened. North Texas, Arkansas, Kansas, Missouri and Illinois were all visited by tornadoes that took their toll of many lives and did damage to property that ran into the millions.

One of these twisters struck at Garland, Dallas county, tore its way on through Nevada in Collin county, swept by Kellogg in Hunt county, crashed a few houses in Hensley Grove, Fannin county, and finally spent its force somewhere over in Louisiana. In its path thirty-two persons lay dead, more than a hundred others seriously wounded, business houses and residences demolished, fields and orchards devastated.

In Kansas, Oklahoma, Arkansas, Missouri, and Illinois other tornadoes left trails of death and horror. A dozen states were storm-swept, some of them drenched with rain. In the meantime, the raging Mississippi continues to sweep over other areas along its lower course and during the past three weeks a third of a million people have been compelled to flee from their homes along its course.

While the scoundrels on the South Plains have been devastating, instead of being fearful and blue, we people have ought to be thankful. Honey Toast Bread baked every day.

The Elizabeth Hughes society met with Mrs. C. L. Dickson Monday afternoon for their second lesson in the study course. A very interesting lesson was taught by Mrs. Harley Henderson.

The hostess assisted by Miss Eugene Flanagan, served delicious refreshments of meat, sandwiches, olives, potato chips and ice tea. Plans for future meetings of the society are being made.

Sheriff and Mrs. J. W. Simpson went to Robert Lee Tuesday to visit a day or two and the sheriff also had some official business to attend to.

CONSTIPATION

And Attendant Ill Relieved By Taking Black-Draught.

The Rev. Granville Edwards, who lives at Schoolfield, near Danville, Va., was troubled for a long time with constipation and its attendant ill, which kept him from doing his work. He writes:

"Lately I feel, which was about twenty years ago, I had about Black-Draught and began to take it. After taking Black-Draught for a little while I noticed that my troubles began to disappear. The problem, which had seemed insurmountable, was eliminated, and I felt a hundred per cent better. The daily feeling, which I had felt almost every morning before, was gone."

"Black-Draught is a household article with us. We always keep it on hand."

Try Cabott's Black-Draught for constipation. Sold everywhere. See

Thacker's

BLACK-DRAUGHT

Purely Vegetable

Chocolate Is The Most Popular Flavor

The formula for Liggett's Chocolate syrup represents the culmination of several years' intensive investigation.

No product more quickly establishes the reputation of a soda fountain, than does a good chocolate syrup.

We are proud of the smooth, uniform syrup made in our own factory—LIGGETT'S Chocolate syrup is of full flavor.

FIRST NATIONAL BANK

To The Graduates

Four high school days are over. Many of you are ready for the higher institutions of learning. Others will not be able to go to college.

Wherever you go and whatever you do you will meet up with the question of finances.

Remember this: The habit of economizing, or of spending, is usually formed in youth. NOW is the time to learn to use what money you have to the best advantage. Let your living expenses be low, save what you can, practice economy in everything, and when you reach middle age a majority of you will have money in the bank.

Economy and education go hand in hand to achieve success.

Dixie High School News

And Local News of the Community

LEE KING

Acting Editor-in-Chief

Hattie Harper, J. R. Zimmerman, Jr., Sterling Alderman, J. D. Harper, Elgin Harper, Otis Mayberry, Elsie Murrah, and Verdie Mae Warren reported.

Curtain For Auditorium

This beautiful curtain was installed Saturday and we think it is the most beautiful artistic curtain in Lynn county. The color scheme is very beautiful. It matches our auditorium colors very pleasingly. This curtain was very generously secured from the business men of Tahoka, Wilton and Lubbock. We are very grateful to these gentlemen. Many hours of patient labor were spent by Mr. G. M. Murrah and Mr. J. R. Zimmerman to present this proposition to the business men. All who gave us advertisements are invited to attend a play Friday night, May 20. They will be given complimentary tickets.

Everyone is working hard on the negro minstrel which is going to be shown soon. Mr. Franklin is trying diligently to make the play the best negro comedy ever shown here. We practice after school hours and sometimes we are practicing until about sundown.

We are getting down to real practice on our big play. Every character has his or her share of studying and hard work to make this the best play ever put on at Dixie. This play will depict scenes, costumes and dances of the old south and you should not miss it. Further announcements next week will be made.

Need of a Lighting System
As we have received our curtain, it would improve the look, and build up the school work to have an electric lighting system. In order to have interesting programs and entertainments, we must have good lights. As we will soon have our plays learned, it is very necessary to have some kind of electric lights so these plays can be presented properly.

If the building is poorly lighted we cannot hope to have a good crowd and make a success of our entertainments. It will be appreciated very much if the people will get a lighting system and help to make our community programs a success.

Ball Games
Wednesday afternoon our school, both boys and girls played a game of baseball with New Home. New Home was successful in both games.

Friday afternoon, the "dads" of the community, led by Mr. J. D. Sommers and assisted by some young men, challenged us girls to a game of basketball. The men were very gallant in letting us girls pile up a score of 25 to 26 in our favor. This game was enjoyed very much by all present.

An Appreciation
We sent copies of The Lynn County News containing the article about Dixie's visit to Tech, and we had a letter from Dr. P. W. Hira, President, thanking us for the copy of The News.

Local News
Mrs. Bowman and children of Amarillo are visiting her mother, Mrs. J. W. Jones.

Mrs. J. W. Jones spent Saturday and Sunday with a friend in Bu Spring.

Miss Ellen King is on the sick list again.

Master Clifton Kirkpatrick, son of Mr. and Mrs. Mansel Kirkpatrick, has been suffering with pneumonia. It is reported that he is improving.

James Perry, who was operated for appendicitis is improving nicely.

Mr. Homer Franklin spent the week end with his sister, Mrs. Godberry in Tahoka.

Sunday School

The weather was so inclement Sunday morning that we couldn't have Sunday School. The Mother's Day Program, that was to be rendered Sunday night was not given because of the bad storm. About twenty-five came and sang for an hour.

South Ward Items

My! but we surely have been having some brisk business! But we guess it takes a sandstorm once in awhile to make us appreciate pretty days.

Mr. Blankenship and son and daughter of Stephenville were visitors with Mr. and Mrs. Griggs last Saturday afternoon. Mr. Blankenship was very much impressed with this part of the plains. He said that this seems to be as fine a farming country as he had ever seen.

The teachers and children had prepared a beautiful Mothers Day program for last Sunday, but owing to the sandstorm there were only a few present at Sunday school. But we believe that it is not too late to pay a tribute to Mother, so the program will probably be given next Sunday. Sunday is singing day again, so come be with us.

Although it has not rained here for four months, some of the farmers are planting cotton. There is enough moisture to bring a part of it up, some say.

Mr. H. C. Reed, who has been in business at Burget, the last few months is home with his family this week.

The teachers and children are looking forward to the close of school with feelings of both joy and sorrow. But they are all trying to make the last few weeks the best ones.

Every leaf of Honey Toast guaranteed.

T-Bar

The school play was a great success, and due credit is to be given our teachers who worked so untiringly for the community's benefit. We were disappointed in our music, however, we had some good music and a real good play. The house was filled to overflowing and then some.

Weston Townson, Henderson and Johnson went to O'Donnell last Thursday to the Federated Club. They reported a good time.

Pauline, the six-year old daughter of W. P. and Mrs. Cloud, who got her leg broken about two weeks ago, is improving nicely at present.

Well, no rain yet. Those who planted maize are not satisfied with the results. Some has come up and some has not, and no stand in the result. Some corn up.

Mrs. Carl Ballard returned home the past week, where she has been with her father, Mr. Warren, near O'Donnell, who has been ill for some time. We have not heard his condition, however it is hoped he is improved.

Master D. Waldrup is well and out and attended the last few days of school.

Mr. and Mrs. Alexander have moved to their home at Littlefield. We regret to lose these estimable people and hope their new adventure will be both pleasant and profitable.

Miss Jessie Gary, who has been with us the past school term, returned to her home in O'Donnell and is greatly missed and very much loved by all who know her, her work in the school being very commendable.

Mr. and Mrs. O. A. Crowell of Pampa visited her parents, Mr. and Mrs. John Johnson, from Saturday until Tuesday. They report about fine in that territory but business a little dull.

The young people organized a R. Y. P. U. at the school house last Sunday afternoon. The first program will be Wednesday night, May 11.

Mr. and Mrs. John M. Johnson entertained the young people last Saturday night in honor of Orville and Cora Crowell of Pampa.

Grandpa Townson is visiting his son, Robert Townson, and family at present.

Jim Ward left the past week for Big Spring to get work. If this high wind and no rain keeps up more of us may be looking for occupation elsewhere. Many of us are facing a proposition now, and so one can tell us even guess what we may be doing or facing six months from now.

Mr. and Mrs. Harvey Benson of Dixie were visitors at her parents, Mr. and Mrs. M. A. Dorman, Saturday night and Sunday. Also Chester Dorman and wife of Tahoka visited out here Saturday night and Sunday. Raymond Moore came in from Big Spring Tuesday eve, and his cousin, Miss Eunice Sanders, came with him for a short visit with relatives.

A CORER.

J. M. Imkeburger of Grassland was this week appointed Justice of the Peace of Precinct No. 3, and A. J. Hilton was appointed to serve in the same capacity at New Home. There are no constables in these districts but local deputy sheriffs will serve these courts.

Miss Charles Reeves, who has been attending the O'Donnell Business College conducted by Mrs. C. E. Brock, formerly of Tahoka, has accepted a position as stenographer with the South Plains Writing Company of Lubbock. Miss Reeves returned to Tahoka Saturday and after spending a few days with relatives, she will take up her duties at Lubbock.

Mr. and Mrs. A. H. Howell and children of Florida visited Mrs. George Knight Tuesday and Wednesday. O. O. Gray and family of Southland were also visitors in the Knight home Wednesday, and Mrs. A. A. Gray, who has been visiting her daughter Mrs. Knight for some time returned home with her son, O. O. Gray and family for a few days visit.

Supt. M. L. H. Baze, J. E. Kester Jr., and Burton Hickney, spent Monday in Canyon on business connected with the publication of the "Skyline" the annual of the Tahoka High School.

Judge L. C. Heath, G. H. Nelson, George Hart, and Van Bates have gone fishing down on the Concho.

POULTRY RAISERS OF COUNTY PERFECT ASSOCIATION

A permanent organization for the Dawson County Poultry Association was formed at a meeting of chicken fanciers who packed the county court-room Saturday afternoon, officers elected and plans outlined for marketing on a statewide carrying on the work of the association.

Key Meyers was elected president; Mrs. Hardy of Ballard, first vice president; Joe M. Patterson of McCarty, second vice president; Mrs. Victor Crowley, recording secretary, and Mrs. Ibb Moore corresponding secretary.

At the session the form of agreement which each member obligates himself to, was read and approved. The committee on the marketing and handling eggs made their reports. It is believed that the association has located in a corner in El Paso the proper channel through which the association will market its products, according to Chas. B. Martin, county agent.

"It was a very enthusiastic meeting," Roy Meyers, president, declared. "It was just what we desired." Charles B. Martin, county agent declared after the session. The next meeting will be held in the court house May 14. All members are urged to be present.—Dawson County Journal.

Everything to Build Anything

Three Lakes

The sandstorm approaching Saturday prevented the service Sunday morning, also Sunday afternoon.

Saturday evening Rev. B. N. Shepherd, pastor of the Taboka Baptist Church, preached a splendid sermon here.

Mr. and Mrs. E. D. Robinson and two children were in the home of Mr. and Mrs. G. M. Dockett Saturday and Sunday.

Mr. G. W. Hickerson left Sunday for Wichita Falls, where he will secure a position.

Miss Thelma Hickerson spent the week-end at the home of her parents. She reports that her school is doing nicely but will close in two weeks.

Our school will be closed in a week or two.

Misses Irma Sikes and Gladys Hensby spent Sunday with Miss Lorraine Smith.

Mr. and Mrs. Joe Hickerson were in the home of their parents Saturday and Sunday. Their home is in Abilene.

Mr. Cyril Edwards is going to take his Sunday School class on a picnic Friday evening. All of the Seniors are invited, who live in this community.

Mr. Carl Alexander carried his brother and family to Littlefield Saturday, returning Sunday afternoon.

NINTH GRADE

Officers Named For Highway No. 83

ANSON, May 8.—At the highway meeting here delegates attended from all towns along Highway 83 route from Breckenridge to Lovington. The purpose of the meeting was to elect officers, make plans for developing the route and promote an advertisement for the advantages to tourists of this highway.

The following officers were elected for the first fiscal year of the association: Judge Dixie Kilgore of Lamona, president; Judge Richard Dye of Albany, first vice president; Judge Owen T. was of Anson, second vice president, and William A. Wilson, secretary of Lamona Chamber of Commerce, secretary-treasurer.

Luncheon was served in the officers and delegates by the Lions Club, about 60 persons being present. Judge W. R. Ely, State Highway Commissioner, made the principal address. Among other things, Ely said that the State was interested first in cardinal highways and the building of a complete and connected highway system in the State. He said that the Federal highways of Texas, Judge Ely said that the commission realized the importance of Highway 83 project and would grant State aid and designation from Lamona west to the State line, 75 miles, when the counties of Dawson and Gaines could grade the road according to State requirement of roadbed and drainage.

Judge Ely was assured by the Commissioners' Court of these counties that the road would be put up in the best condition possible and that all requirements would be met.

Other conferences were had with Judge Ely, one in particular in connection with the filling of the gap between Highways 18 and 83 with paved surfacing. It is believed that this will be taken care of without delay, according to the statements given out by the delegation from Albany.

The association appointed 11 committees necessary to cause the organization to function, and set the next place of meeting at Snyder, June 7, at which time all committees will make reports for the approval of the directors.

The association is not yet named. The directors thought best to hold this matter up until the next meeting. A prize of \$25 will be given to the person suggesting the name to be accepted by the directors at the next meeting. Any one may suggest a name, and as many names as they like it is understood that incase two or more people suggest the same name, the prize money will be divided equally. All names suggested may be sent to either Knox Pittard at Anson, E. P. Moore, Snyder, or William A. Wilson, at Lamona, not later than June 7.

It is said that this route makes the distance between Dallas and Fort Worth and El Paso 103 miles shorter than any other route. In the many discussion the way was often referred to as the "Straightest Path Between Two Points."

Jack Alley Prop. Tahoka, Texas

OVER THE COUNTY WITH THE CLUBS

It seems that the cold weather is about over, and with new things springing to life all about us, the clubs, too, are taking on renewed interest and the attendance is growing at every meeting.

Edith Club held its April meeting in Tahoka with Mrs. Claude Wells as guest.

They were among the nine clubs that secured two rag rugs each during April. Edith Club has its A. & M. still, they are helping the club girls raise one. The teachers too, are assisting the girls in every way, and more than half of the money has been raised. Another thing the 100 per cent have the Club Year Books.

Lakeview women attend Club meetings in spite of sandstorms and threats of rain. Miss Myrtle Murray, District Home Demonstration Agent visited this club at their April meeting. Lakeview is also working on rag rugs. They are encouraging the girls in their Club work, too.

Lynn Club women are going strong on chickens and turkeys this year, according to their reports. And this interest not stop with the women. Practically every boy and girl of Club age in that school is enrolled and doing good club work. Most of them have poultry as their productive project. They are being encouraged and assisted by the principal, Mr. L. V. Price, and other teachers. Doubtless one or more of these boys and girls will go to A. & M. Short Course this year.

Midway Club is only 13 months old, but has shown a progressive spirit from the first. They belong to the County Federation and they are about 100 per cent on Club Year Books. They expect to send at least one member to the A. & M. Short Course.

New Home women got off to a fine lead over the other Clubs with their rag making in April. They had two rag rugs well under way. They too, expect to send one of their members to the A. & M. Short Course. They have helped the girls start their Scholarship Fund already, and the girls are working harder since they know there is a chance to win a trip.

O'Donnell women did themselves proud when the H. D. Clubs and the P. T. A. entertained the County Federation in their splendid new High School Building May 5. We will long remember O'Donnell for her generous hospitality. We greatly appreciate the co-operation of Superintendent, Miss House, and the girls for their part in making our program a success, as well as to the other members of their faculty who helped in any way. The majority of O'Donnell members have Club Year Books. They have had one entertainment this year to help buy equipment for their Home Economics Laboratory. They are working on plans to send a member to the Short Course, also.

Slash L. Women are few in number but very faithful to their Club work. 100 per cent have Year Books and they belong to the County Federation, too. Slash L. women are encouraging the boys and girls to work hard on their home projects. When you go to a Club meeting at Tee Bar you want to call it a Community Meeting instead. They are going to have to have a Club House to hold the crowd if their Club keeps growing as it has been. Tee Bar belongs to the County Federation. They are always represented at County Council, and they all have Year Books. They have a part of the money for their A. & M. Scholarship but are planning to have a play and raise more money. Tee Bar women keep their Club in good financial conditions at all times.

Not only the Tee Bar Club women, but the teachers and all of the people of the community are helping the girls raise their Scholarship Fund, and they have almost enough money to send 2 girls to the A. & M. Short Course.

Wilson Club meets twice each month. On their social day in April Miss Myrtle Murray, District Home Demonstration Agent of the A. & M. Extension Service was among the visitors. She reported a fine meeting and much interest in the rag making. Wilson is to entertain the County Federation in October. Let's all go. Wilson's May meeting was the best ever. Seventeen women enjoyed the hospitality of Mrs. D. C. Monroe on this occasion. Mrs. L. Lomaden was the leader on the subject, "Poultry for Profit," and everyone present took part in the discussion. Some splendid poultry records are being made at Wilson. It was brought out that more than one family was making living expenses from their flock. \$100 per month from a farm flock is a mark worth aiming at. Let's watch Wilson Club women! The Wilson women are also standing by the girls' club.

Mrs. A. L. Fashien is local leader for the girls' club and with her counsel and help they are working hard to raise money for an A. & M. Scholarship by the time school closes.

The Draw Redwine Club women never stop canning. They have regular canning bees, going around helping each other, so that every woman may have a well filled pantry and serve balanced meals the year round.

This year they had two entries in the State Kitchen Contest and both completed their work and will have their kitchens judged by the District Agent in May.

But that is not all Draw-Redwine Club women have done. They are encouraging one of the best girls' clubs in the county this year. Those 25 girls under the direction and with the help of their local leader, Mrs. John Berry, have given one play and cleared almost enough for one scholarship. They got up another play and gave it free to their home community and were greeted with a pack-house.

The County Council of Home Demonstration Clubs, which is composed of the officers of all the Women's Clubs in the County hold their regularly monthly meetings in the Home Demonstration office. But for the May meeting a number of visitors were invited, so the meeting was held in the District Court Room. It was one of the most interesting meetings the Council has had, and this article was written as a result.

Miss Myrtle Murray, District Home Demonstration Agent, who was present, said the reports were the best she had heard in any County in her District, and that it was one of the most enjoyable meetings that she had ever attended.

Wilson, O'Donnell, Lynn, Draw-Redwine, Midway, T-Bar, New Home and Edith were represented. Let's make it 100 per cent next time. Look in your Year Book and keep the date in mind.

Let's make all our Club meetings for May and June 100 per cent in both attendance and reports.

Yours sincerely,
MILIE M. HALSEY,
County Home Demonstration Agent

CONSTITUTIONAL AMENDMENT

A JOINT RESOLUTION

S. J. R. No. 33.
Proposing an amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the pension and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by inserting therein a new section to be numbered Section 30a which shall read as follows:

Section 30a. All provisions of the present Constitution of Texas fixing or limiting the amount of salary or compensation of officers and members of the Legislature are hereby repealed and hereafter said officers and members of the Legislature shall receive such salary or compensation and expenses as now provided until otherwise provided by law. The salary of the Governor shall be Ten Thousand Dollars (\$10,000.00) per year, and no more, payable monthly, and he shall have the occupancy and use of the Governor's mansion, fixtures and furniture.

The salary or compensation of any member of the Legislature shall not exceed fifteen hundred dollars per year, and actual traveling expenses from the place of residence to the capitol and returning for each session of the Legislature, as shall hereafter be provided by law, and provided that no change of salary or compensation from that now provided by the Constitution shall become effective until the first day of January following the first general election held after adoption of this amendment.

Sec. 2: Said proposed amendment shall be submitted to a vote of the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon:

"For the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the pension and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1927, and not sooner;" and each voter favoring said amendment shall scratch off of the ballot in the same manner, the following words printed thereon:

"Against the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the pension and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1927, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution, and the Constitution and laws of this State, and returns shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 23, 1927.

JANE Y. McCALLUM,
Secretary of State

GO-DEVIL RECOVERED WHEN THIEF RUNS INTO OFFICER

An unidentified man almost got away with a go-devil on last Thursday night. Had it not been for E. L. Farber, nightwatchman, he would have been successful. The thief evidently was badly in need of such an implement as was proven by the effort put forth in trying to make away with it. The go-devil belonged to E. E. Goodloe, implement dealer of O'Donnell, and was stored among hundreds of dollars worth of other machinery in the yard back of the store.

The thief had shouldered the piece of machinery which weighed probably three hundred and fifty pounds and had carried it as far as the rear of Clegg-Smith Lumber Company, when nightwatchman Farber appeared on the scene making his nightly rounds. The would be thief evidently recognized Farber and realized his danger as the go-devil was dropped like it was a hot brick and the gent took to the tall timber. He was a good sprinter and was soon lost in the darkness of the night.

The go-devil was returned to its rightful owner.—O'Donnell Index

TO ALL HOLDERS OF
SECOND LIBERTY LOAN BONDS

NOTICE OF REDEMPTION

All outstanding Second Liberty Loan 4 1/2% bonds of 1927-42 (Second 4's) and all outstanding Second Liberty Loan 4 1/2% bonds of 1927-42 (Second 4's) are called for redemption on November 15, 1927, pursuant to the terms of their issue. Interest on all bonds of this issue will cease on the redemption date, November 15, 1927.

Holders of Second 4's and Second 4 1/2's will be entitled to have the bonds redeemed and paid at par on November 15, 1927. Each holder may, however, exercise the privilege of exchanging all or part of the bonds for other interest-bearing obligations of the United States. Holders who desire to avail themselves of this privilege, if and when it is exercised, should request their bank or postmaster to notify them when redemption is made.

Further information may be obtained from the Federal Reserve Bank or branch, or from the Commissioner of the Public Debt, Treasury Department, Washington.

Three Lakes

The sandstorm approaching Saturday prevented the services Sunday morning, also Sunday afternoon.

Saturday evening Rev. B. N. Shepherd, pastor of the Tahoma Baptist Church, preached a splendid sermon here.

Mr. and Mrs. E. D. Robinson and two children were in the home of Mr. and Mrs. G. M. Duckett Saturday and Sunday.

Mr. G. W. Hickerson left Sunday for Wichita Falls, where he will secure a position.

Miss Thelma Hickerson spent the week end at the home of her parents. She reports that her school is doing nicely but will close out in two weeks.

Our school will be closed in a week or two.

Misses Irma Sikes and Gladys Hemy spent Sunday with Miss Lorraine Smith.

Mr. and Mrs. Joe Hickerson were in the home of their parents Saturday and Sunday. Their home is in Abilene.

Mr. Carrol Edwards is going to take his Sunday School class on a picnic Friday evening. All of the Seniors are invited, who live in this community.

Mr. Carl Alexander carried his butter and family to Littlefield Saturday, returning Sunday afternoon.

NINTH GRADE

Officers Named For Highway No. 83

ANSON, May 8.—At the highway meeting here delegates attended from all towns along Highway 83 route from Breckenridge to Lovington. The purpose of the meeting was to elect officers, make plans for developing the route and promote an advertisement of the advantages to tourists of this highway.

The following officers were elected for the first fiscal year of the association: Judge Dixie Kilgore of Lamesa, president; Judge Richard Dyess of Albany, first vice president; Judge Owen T. W. of Anson, second vice president; and William A. Wilson, secretary of Lamesa Chamber of Commerce, secretary-treasurer.

Luncheon was served to the officers and delegates by the Lions Club, about 60 persons being present. Judge W. R. Ely, State Highway Commissioner, made the principal address. Among other things, Ely said that the State was interested first in cardinal highways and the building of a complete and connected highway system in the State. He said that attention should be given also to the Federal highways of Texas. Judge Ely said that the commission realized the importance of Highway 83 project and would grant State aid and designation from Lamesa west to the State line, 75 miles, when the counties of Dawson and Gaines could grade the road according to State requirement of roadbed and drainage.

Judge Ely was assured by the Commissioners' Court of these counties that the road would be put up in the best condition possible and that all requirements would be met.

Other conferences were had with Judge Ely, one in particular in connection with the filling of the gap between Highways 18 and 83 with paved surfacing. It is believed that this will be taken care of without delay, according to the statements given out by the delegation from Albany.

The association appointed 11 committees necessary to cause the organization to function, and set the next place of meeting at Snyder, June 7, at which time all committees will make reports for the approval of the directors.

The association is not yet named. The directors thought best to hold this matter up until the next meeting. A prize of \$25 will be given to the person suggesting the name to be accepted by the directors at the next meeting. Any one may suggest a name, and as many names as they like. It is understood that incase two or more people suggest the same name, the prize money will be divided equally.

All names suggested may be sent to either Knox Pittard at Anson, E. P. Moore, Snyder, or William A. Wilson, at Lamesa, not later than June 7.

It is said that this route makes the distance between Dallas and Fort Worth and El Paso 103 miles shorter than any other route. In the many discussions the way was often referred to as the "Straightest Path Between Two Points."

When ordering bread, call for Honey Toast.

34-41c

OVER THE COUNTY WITH THE CLUBS

It seems that the cold weather is about over, and with new things springing to life all about us, the clubs, too, are taking on renewed interest and the attendance is growing at every meeting.

Edith Club held its April meeting in Tahoma with Mrs. Claude Wells. They were among the nine clubs that started two rag rugs each during April. Edith Club has its A. & M. Scholarship Fund ready. But, better still, they are helping the club girls raise one.

The teachers too, are assisting the girls in every way, and more than half of the money has been raised. Another thing the 100 per cent have the Club Year Books.

Lakeview women attend Club meetings in spite of sandstorms and threats of rain. Miss Myrtle Murray, District Home Demonstration Agent visited this club at their April meeting. Lakeview is also working on rugs. They are encouraging the girls in their Club work, too.

Lynn Club women are going strong according to their reports. And this interest is spreading to every boy and girl of Club age in that school is enrolled and doing good club work. Most of them have poultry as their productive project.

They are being encouraged and assisted by the principal, Mr. L. V. Price, and other teachers. Doubtless one or more of these boys and girls will go to A. & M. Short Course this year.

Midway Club is only 13 months old, but has shown a progressive spirit from the first. They belong to the County Federation and they are about 100 per cent on Club Year Books. They expect to send at least one member to the A. & M. Short Course.

New Home women got off to a fine lead over the other Clubs with their rug making in April. They had two rugs well under way. They expect to send one of their members to the A. & M. Short Course. They have helped the girls start their Scholarship Fund already, and the girls are working harder since they know there is a chance to win a trip.

O'Donnell women did themselves proud when the H. D. Clubs and the P. T. A. entertained the County Federation in their splendid new High School Building May 5. We will long remember O'Donnell for her generous hospitality. We greatly appreciate the co-operation of Supt. Richard, Miss House and Mr. King for their part in making our program a success, as well as to the members of their faculty who helped in any way. The majority of O'Donnell members have Club Year Books. They have had one entertainment this year to help buy equipment for their Home Economics Laboratory. They are working on plans to send a member to the Short Course, also.

Slash L. Women are few in number but very faithful to their Club work. 100 per cent have Year Books and they belong to the County Federation, too. Slash L. women are encouraging the boys and girls to work hard on their home projects. When you go to a Club meeting at Tee Bar you want to call it a Community Meeting instead. They are going to have to have a Club House to hold the crowd if their Club keeps growing as it has been. Tee Bar belongs to the County Federation. They are always represented at County Council, and they all have Year Books. They have a part of the money for their A. & M. Scholarship but are planning to have a play and raise more money. Tee Bar women keep their Club in good financial conditions at all times.

Not only the Tee Bar Club women, but the teachers and all of the people of the community are helping the girls raise their Scholarship Fund, and they have almost enough money to send 2 girls to the A. & M. Short Course.

Wilson Club meets twice each month. On their social day in April Miss Myrtle Murray, District Home Demonstration Agent of the A. & M. Extension Service was among the visitors. She reported a fine meeting and much interest in the rug making. Wilson is to entertain the County Federation in October. Let's all go.

Wilson's May meeting was the best ever. Seventeen women enjoyed the hospitality of Mrs. D. C. Monroe on this occasion. Mrs. L. Lumsden was the leader on the subject, "Poultry for Profit," and everyone present took part in the discussion. Some splendid poultry records are being made at Wilson. It was brought out that more than one family was making living expenses from their flock. \$100 per month from a farm flock is a mark worth aiming at. Let's watch Wilson Club women! The Wilson women are also standing by the girls' club.

Mrs. A. L. Faubion is local leader for the girls' club and with her counsel and help they are working hard to raise money for an A. & M. Scholarship by the time school closes.

The Draw Redwine Club women never stop canning. They have regular canning bees, going around helping each other, so that every woman may have a well filled pantry and serve balanced meals the year round. This year they have two entries in the State Kitchen Contest and both completed their work and will have their kitchens judged by the District Agent in May.

But that is not all Draw-Redwine Club women have done. They are encouraging one of the best girls in the county this year. Those clubs in the direction and with the help of their local leader, Mrs. John Berry, have given one play and cleared almost enough for one scholarship. They got up another play and gave it free to their home community and were greeted with a pack-house.

The County Council of Home Demonstration Clubs, which is composed of officers of all the Women's Clubs in the County hold their regular monthly meetings in the Home Demonstration office. But for the May meeting a number of visitors were invited, so the meeting was held in the District Court Room. It was one of the most interesting meetings the Council has had, and this article was written as a result.

Miss Myrtle Murray, District Home Demonstration Agent, who was present, said the reports were the best she had heard in any County in her District, and that it was one of the most enjoyable meetings that she had ever attended.

Wilma O'Donnell, Lynn, Draw-Redwine, Midway, T-Bar New Home and Edith were represented. Let's make it 100 per cent next time. Look in your Year Book and keep the date in mind.

Let's make all our Club meetings for May and June 100 per cent in both attendance and reports.

Yours sincerely,
MILIE M. HALSEY,
County Home Demonstration Agent

CONSTITUTIONAL AMENDMENT

A JOINT RESOLUTION

S. J. R. No. 33.
Proposing an amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner.

Be it Resolved by the Legislature of the State of Texas:
Section 1. That Article XVI of the Constitution of the State of Texas be amended by inserting therein a new section to be numbered Section 30a which shall read as follows:

Section 30a. All provisions of the present Constitution of Texas fixing or limiting the amount of salary or compensation of officers and members of the Legislature are hereby repealed and hereafter said officers and members of the Legislature shall receive such salary or compensation and expenses as now provided by law otherwise provided by law. The salary of the Governor shall be Ten Thousand Dollars (\$10,000.00) per year, and no more, payable monthly, and he shall have the occupancy and use of the Governor's mansion, fixtures and furniture.

The salary or compensation of any member of the Legislature shall not exceed fifteen hundred dollars per year, and actual traveling expenses from the place of residence to the capitol and returning for each session of the Legislature, as shall hereafter be provided by law, and provided that no change of salary or compensation from that now provided by the Constitution shall become effective until the first day of January following the first general election held after adoption of this amendment.

Sec. 2: Said proposed amendment shall be submitted to a vote of the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon: "For the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1927, and not sooner;" and each voter favoring said amendment shall scratch off of the ballot in the same manner, the following words printed thereon:

"Against the amendment to the Constitution of the State of Texas removing from the Constitution all limitation as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1927, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State, and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 29, 1927.

GO-DEVIL RECOVERED WHEN
THIEF RUNS INTO OFFICER

An unidentified man almost got away with a go-devil on last Thursday night. Had it not been for B. L. Parker, nightwatchman, he would have been successful. The thief evidently was badly in need of such an implement as was proven by the effort put forth in trying to make away with it. The go-devil belonged to H. E. Goodloe, implement dealer of O'Donnell, and was stored among hundreds of dollars worth of other machinery in the yard back of the store.

The thief had shouldered the piece of machinery which weighed probably three hundred and fifty pounds and had carried it as far as the rear of Cicero-Smith Lumber Company, when nightwatchman Parker appeared on the scene making his nightly rounds. The would be thief evidently recognized Parker and realized his danger as the go-devil was dropped like it was a hot brick and the thief took to the tall timber. He was a good sprinter and was soon lost in the darkness of the night.

The go-devil was returned to its rightful owner.—O'Donnell Index

IT DRIVES OUT WORMS

The surest sign of worms in children is pale skin, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by THOMAS BROS DRUG CO.

SENIORS WILL PRESENT PLAYS

Three One-Act Plays To Be Given At High School Auditorium Thursday, May 19

The Seniors of '27 will present three one-act plays in the High School Auditorium Thursday, May 19, of Commencement week.

Each of these plays is a highly artistic production, having been successfully used in the one act play tournament held at Austin, as well as in the many Little Theatres in the large cities over the state.

The first of the plays to be presented during the evening will be "The Valiant," written by Holworthy and Robert Middlemass. The scene is the warden's room in a Connecticut prison, Dyke, a young man about to be hanged for murder refuses for reasons of his own to reveal his identity to even his own sister.

It is an unusually powerful play which has a heart string but has an "elevation" which lifts it far above the ordinary tragedy. It is generally acknowledged to be the finest one-act play of its kind ever written. In fact that it won six first prizes in Little Theatre tournaments throughout the country in one season speaks volumes.

The third play to be presented will be "The Trysting Place," a one-act comedy by Booth Tarkington. The scene is laid in a fashionable hotel. It is a story in which lovers meet at a secret place to do their courting, only to find when lovers are there that there are numerous situations throughout the course of the play.

The Seniors, under the direction of Miss Janice Jernigan, are endeavoring to give the public one of the best dramatic programs ever presented in Tahoka High School. Each play is of an entirely different nature and should appeal to any type of individual present.

You cannot afford to miss it!

TO IMPROVE HIGHWAY THROUGH LYNN COUNTY

(Continued From First Page)

In interviewing land owners and procuring their consent to have their fences moved back. It will be necessary that the fences be moved back 10 feet on each side of the highway throughout practically their entire length through the county. Some of the land-owners along Highway No. 84 west of Tahoka consented several weeks ago that their fences might be so set back and the work of getting them back along this highway has been in progress for some time.

It is understood that Highway No. 9 is now being widened to 80 feet in Dawson county, or that at least the widened right-of-way is being procured. North of Lynn county, Highway No. 9 already has a highway 80 feet wide or more throughout its entire length.

It is imperative that Lynn county act favorably and act at once!

It would be the height of folly to fail, for when the 80-foot right of way is once procured, the State proposes to maintain the better type of roads that may be built thereon for all time to come.

Let no man stand in the way of progress.

TEE-BAR LADIES CLUB MAKES REPORT

Mrs. Beasley and Mrs. Johnson were at the County Council Saturday and much work and more interest is in evidence in all the clubs throughout the county, but we do not want any of them to be ahead of us and we made a favorable showing at the county council.

We are planning to send a representative to the A. & M. Short Course; also the girls are planning to send two girls. But we have been taught many things that few had a chance to learn before the H. D. C. work was taught in our county. Besides knowing how to do these things we are helping solve the problem "to live at home" by keeping a record of everything, how many eggs, butter and cream sold or used, also chickens, even work of any nature and produce, garden truck, flowers sold. "Keep a record" and thereby add interest to your work. Since we have H. D. C. work many of these that can not be in our club have a chance to learn new methods of canning, sewing, renovating, and doing other worth-while things in the home.

The Federated Clubs meet at Wilcox in October. The County Council meets in Tahoka every second Saturday in each month. We get many worth-while views at these C. C. meetings and every one is invited to attend them.

Corresponding Secretary.

Sweetwater—The Board of City Development and city officials have already established their offices in the new \$200,000 Municipal Building of Sweetwater which is a combination auditorium of 2,000 seating capacity and a city hall. The latter part is already completed, while construction is still under way on the former portion of the structure.

Cross Plains—Excavation work on the foundation for two new school buildings has been completed here and construction work proper is underway. The grade and high school structures, costing over \$60,000 will be ready for occupancy this fall.

CONSTITUTIONAL AMENDMENT

H. J. R. No. 25. Proposing an amendment to the Constitution of the State of Texas amending Article VIII by the insertion of Section 1-a therein, authorizing the Legislature to provide for the separation of the objects of taxation for State purposes and for the support of the counties, districts and political subdivisions of the State and Counties, and authorizing the Legislature to provide for the levy of an ad valorem tax or other form of tax for State purposes only, and for local purposes only; authorizing the Legislature to provide for the classification of objects of taxation and providing that rates shall be equal on the same class of property, and fixing limitations upon taxation.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Article 8 of the Constitution of the State of Texas be amended by inserting therein Section 1-a, as follows:

Section 1-a. The Legislature may separate the objects of taxation for State purposes from the objects of taxation for the support of the counties, districts and political subdivisions of the State and counties; and may provide for the levy of an ad valorem tax, or other form of tax, on certain classes of taxable property, or on other objects of taxation purposes only (including school purposes); or upon certain classes of property, or other objects, for county or local purposes only (including school purposes). In no event shall the rate of such taxes exceed the sum of the limits of such taxes fixed by this Constitution for State, county and other local purposes. The Legislature may provide for the classification of objects of taxation. Taxation shall be equal and uniform.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held the first Monday in August, A. D. 1927, at which all ballots shall have printed thereon the following:

"For the Amendment to Article 8, inserting Section 1-A, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

Against the amendment to Article 8, inserting Section 1-A, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendment set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby ap-

propriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

Approved March 11, 1927.

TO THE PUBLIC:

I was in a run down condition, nervous; could not sleep at night, felt as tired when I got up as when I went to bed. I had worked all day, no life, no pep - irritable. I knew something was wrong but I did not know what to do. A friend recommended Dr. Leach's Lemon Lixatone, and I sincerely say that before I had finished taking the first bottle I began feeling better than I had in years, and now I am enjoying good health.

Yours truly,

M. L. KUYKENDALL
