ABERNATHY WEEKLY REVIEW

TALK IN PRINT

Mrs. E. M. Jones' son, Lloyd, asked if he could put his rabbits in her building to protect them from the weather. That was some time ago. Now she is counting a big increase, and next month the rabbit population will reach the explosion point, she said. They are raising them for Easter Bunnies and the larger ones for market. Abernathy's new rabbit business is in the building on Ave. D at 15th St. across from the supermarket.

-tip-
Joe Blair, local member of the Rabbit Raisers group sponsoring a Rabbit Show in the Harp Building here March 9-10, says the event may be bigger than first expected. Original estimate was 100 exhibitors showing 600 rabbits. Entries have come in from as far away as Phoenix.

-tip-
To boost local industry, Abernathy cafes and drive-ins should feature sausage burgers, using Lee's Sausage. Mom, you might do the same next time your family wants burgers.

-tip-
H. E. Richter, who was on the City Council in the early days, said in one stormy session, a motion was made to hold the city tax rate forever at 25¢ per \$100 valuation. This was voted down and another motion to increase the rate to 40¢ carried. Current city tax rate is \$1.38 per \$100. Judging from services available when the rate was 25¢ then raised to 40¢ and what we get for our tax dollar today, the \$1.38 rate is a bargain.

I had rather raise the tax rate than vote a city sales tax, **-tip-**
The change in city voting date, holding the election the same day as the school trustee balloting, will bring out more voters for both. The elections will be held April 6th.

Terms of School Trustees Buford Conn and Billie Harrison expire this year. City voters will name three aldermen. Terms of L. G. Deering, Royce Henson and Ralph Wolf expire.

-tip-
Lubbock County residents who vote in the Abernathy box had better start turning out to vote at every election. If we don't, the poll here will be discontinued and we'll have to go to New Deal to vote, as was the case several years ago. A considerable amount of work was put forth to get a Lubbock County voting box in Abernathy. Keep it by voting here in every election.

An advertisement by a Petersburg firm in The Petersburg Post last week said: "We are discontinuing the domino playing portion of our business and wish to thank these customers for their loyal patronage in the past."

-tip-
Hale Center players defeated Abernathy in a recent two-week domino tourney. Players took turn about playing here and in Hale Center during the meet.

-tip-
The seven months of inaction recently terminated is as near as I'll ever get to retiring. If that's what retirement life is like, no thanks.

-tip-
Today's students probably get bored with their elders' "I walked x-number of miles to school when I was your age." My bragging that I walked two miles to school came back to haunt me last year when the doctor said "I'll have you walking two miles a day." I started by having Mrs. BFD take me a few blocks and letting me walk back home. I could imagine someone saying: "Look, she's making him get out and walk." The town's ordinance about keeping dogs fenced or on a leash is not enforced. Barking dogs followed me for blocks. C. F. Hunt, who lives in Northwest Abernathy, recently was walking to town and encountered dog problems. "I had to pick up a stick to keep them away," Mr. Hunt said.

-tip-
Another walking problem is the inconvenience to the nice people who stop to give you a ride in town or on rural roads. Walking across cotton or grain fields is dangerous. There may be rabbit hunters with long-range ammunition.

Only solution I could find was a combination of riding and walking. By driving to a number of places a day, walking to and from the car would help log the miles.

TALK IN PRINT (Continued)

Game wardens have found an estimated 7,000 ducks, mostly pintails and a few baldpates, dead in playa lakes in Panhandle-South Plains counties, including Hale County. Speculation on cause of death of the ducks ranged from avian botulism and insecticides to fowl cholera.

Current issue of NATION'S BUSINESS magazine says Congressman George H. Mahon of the 19th District in Texas and Congressman Wilbur Mills of Arkansas are the two most powerful men in Washington. Mr. Mahon is Chairman of the Appropriations Committee and Mr. Mills heads the House Ways and Means Committee.

-tip-
Jimmy Ray of Plainview, formerly of Abernathy, is an unopposed candidate for County Democratic Chairman. Current Chairman C. P. Elliott will not seek re-election. Ray is a government instructor at Texas Tech. An AHS graduate, Jimmy is a son of Mr. and Mrs. Wade Ray of Abernathy.

-tip-
Open House Feb. 6 at Southwest Textiles, Inc., of Abernathy drew a large crowd of visitors, who enjoyed the escorted tours through the mill. It's a much larger operation than most of the people imagined.

L. K. BRADLEY, JR.
L. K. Bradley, Jr., turned six years old Feb. 6. He may be a budding genius or a child prodigy. I would like to see him interviewed by an expert in the field of determining the IQ of a person. L. K. is next to the youngest of the 11 children of Mr. and Mrs. L. K. Bradley, who reside on the A. E. Goebel farm seven miles east of Abernathy. The Bradleys have been employed by the Goebels since moving here in 1952 from Longview.

Mr. Goebel was in The Review office Thursday, and in the course of conversation he mentioned L. K., Jr., and his ability to read and count. I made arrangements to see L. K., Jr., Friday afternoon. Mr. Goebel told me that L. K. reads newspapers. I took along a copy of NATION'S BUSINESS magazine, which was not a familiar bit of reading material for him. In addition to pronouncing words in a newspaper, L. K. handled words and read sentences in the magazine. Some of the harder words threw him, but he did pronounce words as long as "wonderful", "Washington", "Goodyear", etc.

The boy can start at 100 and count back to 1.

Mrs. Bradley first noticed his ability with words and numbers when he was four years old. He has not attended kindergarten or had special lessons. His older brothers and sisters at times get help from L. K. on their school homework.

It is not known whether he has unusual abilities beyond reading and counting. They do not have an instrument to test his potential in music.

William R. (Bill) Shaver Seeking Elected Term As District Judge

WILLIAM R. (BILL) SHAVER

William R. (Bill) Shaver, Judge of the 72nd District Courts of Lubbock and Crosby Counties, has announced his candidacy for election as Judge of the 72nd District Court. Judge Shaver was appointed by Governor Connally on April 26, 1967, to fill the unexpired term of the late Victor H. Lindsey. Judge Shaver is seeking his first elective term as Judge of the 72nd District Court. He was born in Lubbock County, in 1925, and lived in the Shallowater area until 1930. He graduated from Rochester High School in 1943. He is a veteran of the U. S. Army Air Corps, having served as aerial gunner on a B-29 Bomber in the Pacific Theater, and was awarded the Air Medal and one Oak Leaf Cluster.

Judge Shaver received a Bachelor of Business Administration degree, and his law degree from Southern Methodist University. He began the practice

of law in Lubbock in August, 1951.

Judge Shaver engaged in the practice of law in Lubbock until his appointment as District Judge, except for three and one half years as Assistant District Attorney for the 72nd Judicial District from 1952 to 1955, and ten months as County Judge of Lubbock County in 1964. He also was an instructor in Government at Texas Tech.

Judge Shaver is a trustee on the Official Board of the Oakwood Methodist Church, a member of the Lubbock Lions Club, Committeeman of Boy Scout Troop 157, Past Director and past Secretary-Treasurer of the Lubbock County Bar Association.

Judge Shaver, with wife Virginia and their children reside at 2116-57th St. Mrs. Shaver has been a teacher in the Lubbock Public School system since 1958.

Heart Fund Drive Is Underway Here

A special appeal for Heart Fund volunteers, each of whom will be asked to call on neighbors to advance the fight against heart and blood vessel diseases, which are responsible for more than half of all deaths here, was issued today by Mona Toler, Heart Sunday Chairman in this community.

Mrs. Toler explained that many workers are needed to call on their neighbors during the 3-day period ending on Heart Sunday, February 25th. They will distribute literature telling parents how to help their children form good health habits early, and reduce their risk of heart attack later. The

volunteers also will receive contributions to the 1968 Heart Fund.

It was announced that applicants may contact Mrs. Toler or Mrs. Vernon Pettit, vice chairman, by telephone, 298-2397 or 298-2759 to volunteer. Each volunteer will visit about 25 homes in his or her immediate vicinity.

Expectations are that the Heart Sunday effort will realize about \$500.00.

The following will serve as key committee chairmen in the month-long campaign to underwrite research, educational and community service activities: Mrs. Jody Yeager and Mrs. Dennis Rhodes.

The weighing in of animals will begin at 3:00 p.m. Monday the 11th. Judging will begin at 5:00 p.m. the twelfth of March.

The Abernathy FFA and 4-H Stock Show will be dedicated this year to Mr. J. L. Irish, for his dedication, interest and support to the stock show over the past years.

Judge Bean Seeks Re-election To 140th District Post

JUDGE ROBERT H. BEAN

JUDGE ROBERT H. BEAN has announced for re-election as Judge of the 140th District Court of Lubbock County, Texas, subject to the Democratic primary on May 4, 1968.

Judge Bean has served as Judge of the 140th District Court since its creation in 1955. During the more than twelve years that he has been on the bench he has tried approximately 100 criminal felony cases. In addition he has tried thousands of non-jury cases, including hundreds of pleas of guilty in criminal cases, thousands of divorce cases, and during the last several years has heard practically all of the

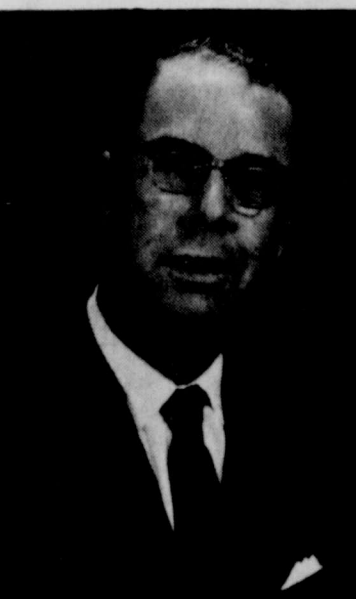

dependency and neglect cases involving dependent or neglected children in Lubbock County. An average of about 75 cases of this type are filed each year, involving custody of an average of 125 or more children each year. His experience during the more than 12 years in this Court has covered practically every type of lawsuit of which the District Court has jurisdiction. Before becoming District Judge he had practiced law in Lubbock for 31 years.

Judge Bean believes that this experience can be used beneficially in the operation of the Courts in this County if he is re-elected.

3 NAMES ARE ON TRUSTEE BALLOT

Early this week, three names had been filed for places on the Abernathy School trustee ballot. Names on the ballot to that time were those of Billie Harrison and Buford Conn, both incumbents, and James R. (Jim Bob) Smith. Friends of Smith filed his name for the ballot. The trustee election will be held April 6.

Leland Phillips, manager of Abernathy Farmers Co-op Gins, Feb. 6 was elected President of the Texas Cooperative Ginners Association. He was named to the post at the close of the 16th Joint Annual Cooperative Meeting of the Texas Federation of Cooperatives at the Shamrock Hilton in Houston.

The Texas Cooperative Ginners Association which elected Phillips president is composed of some 300-member cotton gins in the state.

About 1,250 persons attended the joint co-op meet in Houston. It began Feb. 4 and closed Feb. 6.

Representing Abernathy Farmers Co-op Gins at the Houston meet were Messrs and Mmes. Lee Roy Waters, J. F. Buske, Clyde Benn, Verbal Peeples, and Leland Phillips.

County Line Co-op Gins had the following representatives at the meet: Manager and Mrs. J. M. Johnston and Messrs and Mmes. H. F. Gregg, G. W. Gates, Lindell Myatt and E. M. Crow.

Representing Abernathy Consumers Fuel Association were Messrs and Mmes. W. R. Flinn, Hilburn Barrick, Rupert Allen and R. A. DuBose. S. W. Royal, manager, was unable to attend.

Going to Houston meet to represent Co-op Grain Company were Messrs and Mmes. Vernon McDoug, Fred Crenshaw, Willie V. Dunn and W. T. Settle, and Manager Glen M. Hammond.

Was Ginner of Year
This is the second honor which Phillips has brought home from the annual co-op meeting. At the convention in February, 1964, Phillips was named Texas Co-op Ginner of the Year for performance during 1963.

Phillips and his family came here from Vernon in 1951. He began his duties as manager of Abernathy Farmers Co-op Gins March 1, that year.

STITES LIND FOR ISAAC HOLMES

Isaac Holmes, 76, long time area resident, died at his farm home northwest of Abernathy about 10:30 a.m. Monday after an apparent heart attack.

Funeral rites were held Tuesday afternoon at Abernathy First Methodist Church, with Pastor Conrad M. Ryan officiating. He was assisted by the Rev. Gene Sorley, pastor of the Wesley Foundation Methodist Church at Texas Tech.

Burial was in Abernathy Cemetery under direction of Chambers Funeral Home.

A native of Nash, Texas, he moved to Lorenzo in 1919. He had resided in the Abernathy area 45 years. Mr. Holmes was a longtime member of the local Methodist Church.

Survivors include his wife; a son, I. G. Holmes, Lubbock; a daughter, Mrs. Gene Sorley, Lubbock; a brother, Morris Holmes, Texarkana, and seven grandchildren.

Sign-Up Period Extension Urged By Farm Bureau

Texas Farm Bureau has requested that the Agricultural Stabilization and Conservation Service give cotton producers more time to declare their final planting intentions.

In a letter to H. D. Godfrey, ASCS administrator, Texas Farm Bureau President Sidney Dean asked that "the deadline date be extended to June 1, 1968."

Under current regulations, cotton producers have from Feb. 1 until March 15 to declare their final planting intentions.

Dean explained that "cotton planting in Texas begins in February and extends through June."

15." He said "cotton producers in the northern portions of the state are severely handicapped in making necessary management decisions if they are required to declare their final planting intentions prior to March 15."

The letter also explained that "widely varying weather conditions are the rule rather than the exception in the plains country of north and west Texas."

It continued "other factors to be determined are the availability and cost of production items, and cotton market quotations after March 15 and prior to June 1."

"We believe that this suggested change in dates will benefit producers in other states throughout the cotton belt as well as Texas producers, and result in a more stable and profitable cotton industry," Dean concluded.

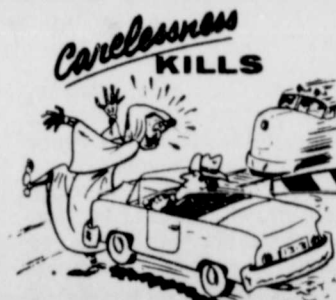

ANNUAL AJHS CAGE TOURNAMENT THIS WEEK

By Claudy Williams, Jr., School Correspondent
With a total of 130 students participating, the sixth annual Abernathy Junior High School Intramural Basketball Tournament will be held this Thursday, Friday, and Saturday, Feb. 15, 16, and 17. The action will take place in the junior high and high school gymnasiums.

Launching the tournament at 2:00 p. m. Thursday will be a bout between "The Eight Happenings" and the "Psychedelic Shingalings", two of the girls' teams. The first game in the boys' bracket will be fought Thursday at 3:00 p. m. when the "Ambushers" challenge the "Silencers".

All together there will be 16 teams—eight in both the boys' and girls' divisions—doing battle in the three-day tourney. Thirty-four AJHS students will serve as coaches for the teams.

The championship matches will be played in the high school gym Saturday evening with the girls squaring off at 6:30 and the boys at 7:30. Consolation matches will also be played Saturday. Tip-off in the girls' consolation contest is set for 4:30; the boys will play immediately thereafter at 5:30.

Government investigations disclose that practically every railroad grade crossing accident is caused by carelessness. The flasher lights are flashing; the gates are coming down. You can beat the train if you hurry, but what does it profit a man to beat a train one or a hundred times if he ultimately loses once?

Keyed To Local Farm Needs

It stands to reason that our bank, part and parcel of the community and dependent for its success on the success of local people, would know local farm problems better than any outside lending agency. It also is good horse sense that a lender who knows your problems is in a good position to help you solve them. So we invite you to do your borrowing here, because it's for your own best interest.

Car Inspection Deadline Coming

The Texas Department of Public Safety reported Saturday that more than 4,250,000 vehicles still remain to be inspected for the 1968 sticker before the April 15 deadline.

Colonel Homer Garrison Jr., DPS Director, said that only 1,574,397 cars had been inspected so far this year. The total number of vehicles inspected during 1967 was 5,702,862.

Garrison urged motorists to have their cars inspected as soon as possible in order to avoid the long lines which will undoubtedly develop as the inspection period draws to a close.

Garrison reminded car owners that under new provisions of the law the inspection will include front seat belts in cars where anchorages are part of the manufacturer's original equipment, steering, and wheels and rims.

"Those motorists who wait until the last weeks of the inspection period to have their cars inspected may find that they will need to install seat belts," Garrison said, "and with the last minute rush, there may not be enough seat belt kits in supply to take care of the demand. Dealers will have no way of knowing how many sets to have on hand, so to be on the safe side we urge all owners to have the work done as soon as possible."

Speakers, Topics For Soil Meeting Outlined

The 21st annual Hale County Soil Fertility Meeting will be held Feb. 19 in the Hale County Agriculture Center beginning at 9:45 a.m.

County Agent Ollie Limer, general chairman of the program, stated there would be nine different speakers discussing sub-

Hale County cotton producers and businessmen will elect a producer director to Plains Cotton Growers, Inc. for the coming two-year period at 1 p. m., according to a joint announcement from John G. Smith, businessman director and Glenn Curtis, current producer director from Hale County.

Producers and businessmen present will be eligible to participate in the election, it was reported.

Subjects that would be of interest to all farmers and businessmen. Discussing agricultural outlook information will be John G. McHane, Economist, Texas Agricultural Extension Service, College Station. Dr. Allen Wiese, USDA Southwestern Great Plains Research Center, Bushland, will discuss weed control. From the South Plains Research and Extension Center in Lubbock will be Dr. Charles Wendt who will talk on water pollution in Hale County and on the High Plains and Dr. Le-

von Ray, talking on cotton quality.

Weather Modification will be discussed by John T. Carr, Jr., Hydrologist, Division Director Planning Hydrology and Special Studies, Austin.

Liquid Feed
Dr. Douglas Owen, Senior Agronomist, High Plains Research Foundation, will talk on soybean production. The use of liquid feeds will be discussed by Dr. Lowell Schake, area Livestock Specialist, Texas Agricul-

tural Extension Service, Lubbock.

A report on the Texas Soybean Association will be given by Berwin Tilson, president of the organization.

To complete the program, Lee Dent, manager, Hale Center Chamber of Commerce, will give a report on the trip he made to California in connection with Water, Inc.

The Plainview Chamber of Commerce will serve lunch at noon for those present. Limer stated that this should be one of the best days a farmer could spend during the year in preparing himself for the year's crop. The program is sponsored by the Hale County Extension Service, the Plainview Chamber of Commerce and the Burlington Railroad.

IOOF, Rebekahs Host Area Meeting

Eighty five guest registered at I.O.O.F. Hall for the Plains Secretaries, Clerks, and Scribes association Sunday. After a short business session our guest went to various churches. They all came back with words of praise for our beautiful churches and friendly people and wonderful sermons.

Present were Margaret Cummings Past President of Rebekah Assembly of Pennsylvania, Thelma Gazd, Past President and Representative of Rebekah Assembly of Texas, Past Grand Master Raymond Gzae and Grand Representative of Rebekah Assembly and Grand Lodge of Texas, Past Grand Master E. O. Riley of Brownfield and Trustee to I.O.O.F. home at Ennis, H. O. Trent, President of Plains, Sec. and Scribe, and Trustee to home, Jessie Blaknez, Odessa President of State Secretaries and Scribe and Clerk Ass. Connie McIntyre Odes - sa President of Secretaries, Grace Grundy, Floydada, Deputy President Hazel Toler, Abernathy; Lola Bruce, Alene Curtes, Seagraves, Dimple McGovock, Lockey; Fannie Green, Fern Shields and Lois Bishop of Plainview.

A valentine tea was held for the incoming president.

The Association will meet in 1969 with Hub City Rebekah Lodge at Lubbock with Hazel Toler as President; Robert Bowen, Lubbock, vice-president.

The Association voted to send \$50 to home.

Register Autos, Vehicles Now To Avoid Lines

Motor vehicle owners can avoid long lines by registering during the month of February, rather than waiting until the March rush.

Owners should bring four items to the Tax Collector's office when registering vehicles: certificate of title, 1967 license receipt, current resident address, and zip code.

State law requires each owner to register his vehicle in the county in which he resides and to present his certificate of title as evidence of ownership.

During the 1967 session the Texas Registration Law by changing passenger car license fees and establishing a minimum fee of \$5.30 for all vehicles, including boat trailers.

The new rates for passenger cars are as follows: Up to 3,500 pounds... \$12.30; 3,501-4,500 pounds... \$22.30; 4,501-6,000 pounds... \$30.30; More than 6,000 pounds... \$54 per 100 pounds.

Farmers Taking Maximum Limit At Sign Up

Approximately 75 per cent of signing up in the 1968 cotton program this week have chosen to divert 35 per cent of their cotton allotments according to John Marton of the Hale County Agricultural Stabilization and Conservation Service.

In a spot check of four other county ASCS offices indicated 72 per cent of the farmers signing up since the sign up period began Monday would divert 35 per cent of their cotton allotments.

However office personnel said this could not be taken as an indication of final planting percentages. It was estimated that 10 per cent of area cotton farmers had signed up this week.

According to the Plains Cotton Growers, farmers who are planning to divert the maximum amount are the first to sign up. One reason is because farmers can get half of their acreage diversion payments in advance if they so request at sign up time and these advance payments are larger for those who elect the highest diversion percentage.

Listing some reasons for the maximum diversion, Marton said the price of cotton is too low to encourage increased cotton plantings. He said this year Hale County farmers had put 18,000 to 20,000 bales of cotton in the loan.

Marton said poor microclimate readings and low prices accompanying these readings on cotton produced in the area is another reason for farmers diverting the maximum. Also the government provision allowing farmers to plant six-cent castors on diverted cotton acreage has helped reduce the number of farmers planting cotton on the mandatory five per cent cotton acreage allotment diversion.

March 15 is deadline for sign ups.

1968 AJH Intramural Tournament

**Sign-Up Period
Extension Urged
By Farm Bureau**

Texas Farm Bureau has requested that the Agricultural Stabilization and Conservation Service give cotton producers more time to declare their final planting intentions.

In a letter to H. D. Godfrey, ASCS administrator, Texas Farm Bureau President Sidney Dean asked that "the deadline date be extended to June 1, 1968."

Under current regulations, cotton producers have from Feb. 1 until March 15 to declare their final planting intentions.

Dean explained that "cotton planting in Texas begins in February and extends through June 15."

He said "cotton producers in the northern portions of the state are severely handicapped in making necessary management decisions if they are required to declare their final planting intentions prior to March 15."

The letter also explained that "widely varying weather conditions are the rule rather than the exception in the plains country of north and west Texas."

It continued "other factors to be determined are the availability and cost of labor, the availability and cost of production items, and cotton market quotations after March 15 and prior to June 1."

"We believe that this suggested change in dates will benefit producers in other states throughout the cotton belt as well as Texas producers, and result in a more stable and profitable cotton industry," Dean concluded.

**ANNUAL AJHS CAGE
TOURNAMENT THIS WEEK**

By Claudy Williams, Jr.,
School Correspondent

With a total of 130 students participating, the sixth annual Abernathy Junior High School Intramural Basketball Tournament will be held this Thursday, Friday, and Saturday, Feb. 15, 16, and 17. The action will take place in the junior high and high school gymnasiums.

Launching the tournament at 2:00 p.m. Thursday will be a bout between "The Eight Happenings" and the "Psychedelic Shingalings," two of the girls' teams. The first game in the boys' bracket will be fought Thursday at 3:00 p.m. when the "Ambushers" challenge the "Silencers."

All together there will be 16 teams--eight in both the boys' and girls' divisions--doing battle in the three-day tourney. Thirty-four AJHS students will serve as coaches for the teams.

The championship matches will be played in the high school gym Saturday evening with the girls squaring off at 6:30 and the boys at 7:30. Consolation matches will also be played Saturday. Tip-off in the girls' consolation contest is set for 4:30; the boys will play immediately thereafter at 5:30.

**Car Inspection
Deadline Coming**

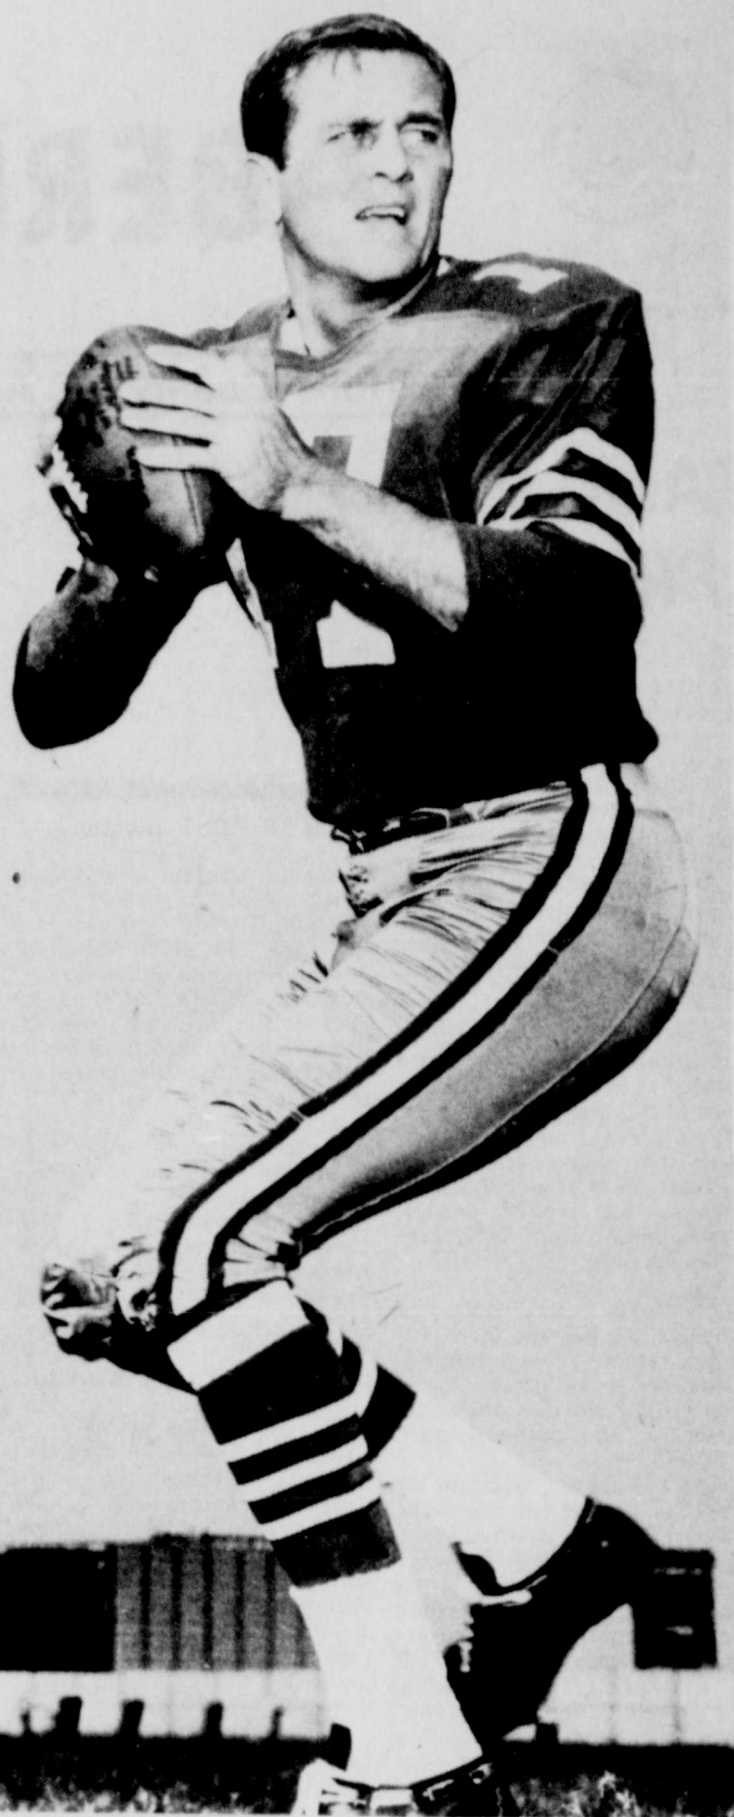

The Texas Department of Public Safety reported Saturday that more than 4,250,000 vehicles still remain to be inspected for the 1968 sticker before the April 15 deadline.

Colonel Homer Garrison Jr., DPS Director, said that only 1,574,397 cars had been inspected so far this year. The total number of vehicles inspected during 1967 was 5,702,862.

Garrison urged motorists to have their cars inspected as soon as possible in order to avoid the long lines which will undoubtedly develop as the inspection period draws to a close.

Garrison reminded car owners that under new provisions of the law the inspection will include front seat belts in cars where anchorages are part of the manufacturer's original equipment, steering, and wheels and rims.

"Those motorists who wait until the last weeks of the inspection period to have their cars inspected may find that they will need to install seat belts," Garrison said, "and with the last minute rush, there may not be enough seat belt kits in supply to take care of the demand. Dealers will have no way of knowing how many sets to have on hand, so to be on the safe side we urge all owners to have the work done as soon as possible."

DON MEREDITH, above, quarterback for the Dallas Cowboys, is to speak at Abernathy Chamber of Commerce Annual Banquet at 7:30 p. m., April 4, in Abernathy School cafeteria. The program will include the announcement and recognition of a local man as the community's Outstanding Citizen. Tickets for the banquet will be on sale soon.

It stands to reason that our bank, part and parcel of the community and dependent for its success on the success of local people, would know local farm problems better than any outside lending agency. Speakers, Topics For Soil Meeting Outlined

The 21st annual Hale County Soil Fertility Meeting will be held Feb. 19 in the Hale County Agriculture Center beginning at 9:45 a.m.

County Agent Ollie Liner, general chairman of the program, stated there would be nine different speakers discussing sub-

Hale County cotton producers and businessmen will elect a producer director to Plains Cotton Growers, Inc. for the coming two-year period at 1 p. m., according to a joint announcement from John G. Smith, businessman director and Glenn Curtis, current producer director from Hale County.

Producers and businessmen present will be eligible to participate in the election, it was reported.

jects that would be of interest to all farmers and businessmen. Discussing agricultural outlook information will be John G. McHaney, Economist, Texas Agricultural Extension Service, College Station. Dr. Allen Wiese, USDA Southwestern Great Plains Research Center, Bushland, will discuss weed control.

From the South Plains Research and Extension Center in Lubbock will be Dr. Charles Wendt who will talk on water pollution in Hale County and on the High Plains and Dr. Le-

von Ray, talking on cotton quality.

Weather Modification will be discussed by John T. Carr, Jr., Hydrologist, Division Director Planning Hydrology and Special Studies, Austin.

Liquid Feed
Dr. Douglas Owen, Senior Agronomist, High Plains Research Foundation, will talk on soybean production. The use of liquid feeds will be discussed by Dr. Lowell Schake, area Livestock Specialist, Texas Agricul-

tural Extension Service, Lubbock.

A report on the Texas Soybean Association will be given by Berwin Tilson, president of the organization.

To complete the program, Lee Dent, manager, Hale Center Chamber of Commerce, will give a report on the trip he made to California in connection with Water, Inc.

The Plainview Chamber of Commerce will serve lunch at noon for those present. Liner stated that this should be one of the best days a farmer could spend during the year in preparing himself for the year's crop. The program is sponsored by the Hale County Extension Service, the Plainview Chamber of Commerce and the Burlington Railroad.

IOOF, Rebekahs Host Area Meeting

The Association voted to send \$50 to home.

Register Autos, Vehicles Now To Avoid Lines

Motor vehicle owners can avoid long lines by registering during the month of February, rather than waiting until the March rush.

Owners should bring four items to the Tax Collector's office when registering vehicles: certificate of title, 1967 license receipt, current resident address, and zip code.

State law requires each owner to register his vehicle in the county in which he resides and to present his certificate of title as evidence of ownership.

During the 1967 session the Texas Registration Law by changing passenger car license fees and establishing a minimum fee of \$5.30 for all vehicles, including boat trailers.

The new rates for passenger cars are as follows: Up to 3,500 pounds... \$12.30; 3,501-4,500 pounds... \$22.30; 4,501-6,000 pounds... \$30.30; More than 6,000 pounds... \$54 per 100 pounds.

Farmers Taking Maximum Limit At Sign Up

Approximately 75 per cent of signing up in the 1968 cotton program this week have chosen to divert 35 per cent of their cotton allotments according to John Martion of the Hale County Agricultural Stabilization and Conservation Service.

In a spot check of four other county ASCS offices indicated 72 per cent of the farmers signing up since the sign up period began Monday would divert 35 per cent of their cotton allotments.

However office personnel said this could not be taken as an indication of final planting percentages. It was estimated that 10 per cent of area cotton farmers had signed up this week.

According to the Plains Cotton Growers, farmers who are planning to divert the maximum amount are the first to sign up. One reason is because farmers can get half of their acreage diversion payments in advance if they so request at sign up time and these advance payments are larger for those who elect the highest diversion percentage.

Listing some reasons for the maximum diversion, Martion said the price of cotton is too low to encourage increased cotton plantings. He said this year Hale County farmers had put 18,000 to 20,000 bales of cotton in the loan.

Martion said poor micronaire readings and low prices accompanying these readings on cotton produced in the area is another reason for farmers diverting the maximum. Also the government provision allowing farmers to plant six-cent castors on diverted cotton acreage has helped reduce the number of farmers planting cotton on the mandatory five per cent cotton acreage allotment diversion.

March 15 is deadline for sign ups.

LETTERS TO THE EDITOR

Blanco, Texas
Feb. 6, 1968

Abernathy Weekly Review
Dear Buford,

Thanks for sending me the three papers of the last three weeks.

It made me realize how much I still miss the paper, when I don't get it.

Everything is beautiful around here. Have had about 12 inches of rain since the first of the year. And grass, weeds, oats and so on, are so pretty and green. Even have had to mow the lawn. But we expect a lot of cold weather this month and next. As it's been so warm for the last two or three weeks.

My daughter Julia lives in San Antonio now. Sure good to have her and her family so close to me. Eddie is a Tac. Sergeant at Brooks A.F.B.

Edgar and I are both fine. My health is better than it has been in years. But don't work any more. Edgar had a severe stroke last year in July and he is slowly getting stronger.

Hope you keep on improving and all your family are well.

Thanks again. As ever and Old Abernathy Friend,
Erna Weinstrom

(Editor's Note: Mrs. Weinstrom formerly lived here. Her maiden name was Erna Goeth. She is the sister of Mrs. Dennis Barker of Tucco.)

Born To:

Mr. and Mrs. Dennis Allen, a daughter, Lucracia Ann, weighing 6 pounds 13 ounces, Feb. 8.

Mr. and Mrs. A. C. Harris, Jr., a son, Jason Lee, weighing 7 pounds 9 ounces, Feb. 11.

Farmers Are Ready for Plantings

With approximately 15 to 20 per cent of Hale County farm land ready for spring plantings, most area farmers are in the process of readying their land for a crop year in which "prospects for a good year look good" according to Hale County Agent Ollie Liner.

Land preparation underway includes stalk cutting, tandem diskings, sweeping, breaking and listing. Liner said more croplands in the southern portion of the county are ready for spring plantings with some of these farms being pre-watered.

Some fertilizer application is underway but most farmers are waiting until nearer planting time to apply herbicides to protect their crops longer during

the season Liner said. County wheat crops "look read good," Liner said. He said greenbug infestation in wheat crops vary from field to field he said some farmers have greenbug problems while others have only slight problems.

Liner warned that wheat sprayed with Di-Syston for greenbugs should not be grazed after application.

He said the January rains helped the wheat crops enormously and estimated that the 55,000 acres of wheat in the county should be ready for harvest about June 10 in time for some farmers to take advantage of a double crop with soybeans.

Plantings of cotton and grain sorghum should get into full swing around May 1 with some early plantings in April, Liner said.

Abernathy Public Schools Lunchroom Menu

February 19-23, 1968

Monday
Baked ham, pinto beans, potato salad, cornbread squares, butter, orange juice, apple goodie, 1/2 pt. milk.

Tuesday
Hot dogs with chili and mustard, french fries, deviled cabbage, buttered green beans, fruit kuchen, 1/2 pt. milk.

Wednesday
Steak, catsup, whipped potatoes, mixed greens, cornbread, butter, apricot cobbler, 1/2 pt. milk.

3500 Acres Grass Planted in Lubbock County Soil Project

Over 3500 acres of permanent grass have been planted in the Lubbock County Soil and Water Conservation District during the past ten years. Over 600 acres are scheduled to be planted this year.

Several farmers will be planting grass this year through the Great Plains Conservation Program. Pete Thompson, L. J. West and Mrs. W. A. Goeth whose farms are located west of Abernathy, will be planting a large acreage this year.

Almost all of our soils are adapted to a wide range of different kinds of grasses. Grass has many and varied uses. It fits in well with a diversified farming operation. It is used efficiently in erosion control and as a cover for wildlife.

If you plan to plant grass it is time to do so now. For best results the grass should be planted in a dead litter cover. A grass drill should be used whenever possible and especially on large acreages.

The kind of grass to be planted is left up to the land owner. Technicians of the local Soil Conservation Service are available to discuss your grass needs with you.
