

The Goldthwaite Eagle

VOLUME FIFTY-FOUR

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, MAY 28, 1948

NUMBER FORTY-ONE

DONKEY SOFTBALL GAME SUN., SPONSORED BY LIONS CLUB

Sponsored by the Goldthwaite Lions Club to help pay for Rodeo advertising. Sunday afternoon, May 30, at 2:30 o'clock at the new Municipal Baseball Park here, two softball clubs of Goldthwaite and Mills County will settle the big question of which one remains in the undefeated bracket by playing a ball game while mounted on donkeys. The team which is most successful in remaining on top of their respective donkeys will in all probability emerge victorious. The managers of both teams have made loud and vociferous claims to the effect that "We'll knock the stuffing out of that ball. A bunch of burros can play ball better than that other team."

Whether the burros are better than the players will be decided Sunday afternoon at the baseball park. Both teams will be riding a bunch of stubborn, cantankerous, trained donkeys furnished by Womack's Donkey Circus Company. Mr. Womack claims the donkeys know more about baseball than most of the players. They he-haw at the umpire, sometimes go to third base instead of first and generally behave in the manner expected of the little "desert canaries."

The players will participate in a donkey polo game, a donkey baseball game. An afternoon of hilarious fun is assured for everyone. The first event begins at 2:30 p. m.

One-Half To Two Inches Rainfall Over Mills County Wednesday

Rainfall over Mills County Wednesday and Wednesday night varied from one-half inch to over two inches, as reported from citizens who have rain gauges in various sections of the county. The moisture was badly needed on grain and other crops.

Harry Allen's government gauge here in town registered .62 of an inch, bringing rainfall total here for May to 1.69 inches and for the year to date to 9.47 inches. Prospects looked good yesterday afternoon for more rainfall.

J. H. Priddy, west of Priddy, reported 1.25 inches of moisture; Roy Dells on Dr. T. C. Graves ranch at Mt. Olive reported 2.2; Wilkey Shady Oak Ranch 7 miles southwest of town, 1.31; Harry Welch 4 miles south of Center City, .92; J. T. Fallon, 4 miles northwest, half inch; Center City, about one inch.

The rainfall Wednesday was the first since May 19 and 11.62 of an inch, bringing rainfall total here for May to 1.69 inches and for the year to date to 9.47 inches. Prospects looked good yesterday afternoon for more rainfall.

RED CROSS MEETING SATURDAY, JUNE 4

The Annual Meeting of the Mills County Chapter of American Red Cross will be held at 10 a. m. Saturday, June 4, in Commissioners Court Room in Goldthwaite, for the consideration of reports, the election of officers, and for the transaction of such other business as may properly come before the meeting. All members of Mills County Chapter are expected to attend.

Brian Smith, Ex-Sec., Mills County Chapter.

FLOWER SHOW HERE JUNE 12

The Goldthwaite Garden Club's annual flower show will be held here June 12. The public has a cordial invitation to attend.

Fifth Sunday Fellowship Meeting At North Bennett Began Last Night

Every possible preparation is being made for the comfort and entertainment of those who attend our 5th Sunday Fellowship at North Bennett, beginning Thursday night, May 27. Grounds have been cleaned, well repaired, and the auditorium is finished on the inside. We shall install venetian blinds Thursday of this week. Our auditorium will be one of the most beautiful auditoriums in this section. We invite the entire public to meet with us during this series of meetings. You can't afford to miss it; the fellowship of friends, neighbors, and brethren.

Rev. R. R. Cumble, whose picture accompanies this article, will be one of the guest speakers. You may hear him Friday evening at eight o'clock and Sunday at eleven. Brother Cumble is well known and greatly loved by every church group in this county, having been county missionary of Mills County. He has a host of friends, and he writes that he hopes to see all his friends at the fellowship.

Bro. Leslie Bell of Fort Worth will preach Thursday evening the 27th. Bro. Bell was our evangelist last year. We baptised eleven with fifteen additions to the church. He is a mighty

preacher. Rev. Ryer of Brownwood will preach Saturday night of the Fellowship. Bro. Dyer may be heard on the air from KBWD Brownwood each Sunday at 2:00 p. m.

We believe such Christian fellowship as we have in these Fellowship meetings is the answer to every ism and a check to sin and all forms of unbelief which result in religious slumber and carelessness.

Get that old lunch basket out, put in a sandwich or two, and come be with us; it will be one of the greatest experiences of your Christian experience.

PASTOR'S PARAGRAPH:

Are you as good a husband or wife as you ought to be? If not you should be growing each day in grace and in righteousness. But unless you have some contact with a source other than yourself making for good, the chances are that you will not grow. Consider the aid that you may secure from the Sunday School of your church. Countless thousands have found the religious help in their Sunday School which helped to make them equal to the temptations of the world, and given them sufficient grace to help others to be strong. Mrs. R. B. Scott of Louisville, Kentucky, says, "In this institution of the church I have the opportunity of growing in grace and in knowledge of my Lord and Saviour, more than in any other organization in the world; for there I get help by the study of the lessons, the reading of the Bible and from the discussions that are entered into the class. Old Fashioned Revival Meeting By Rev. Charles Mahan Here

An old fashioned revival meeting will begin Sunday, May 30 at 8:00 p. m. in the big gospel tent located on the old McGirk lot and will continue indefinitely at the same time each evening.

Services will be conducted by Rev. Chas. Mahan of Laverne, Oklahoma, assisted by his talented family. There will be special singing in each service.

Everyone is invited to attend and hear the same, sound, and scriptural messages. Sponsored by W. B. Wooster.

ONE LADY KILLED, ANOTHER SERIOUSLY INJURED IN AUTO ACCIDENT NEAR BOZAR

One lady was killed almost instantly and another lady was in Medical Arts Hospital at Brownwood seriously injured and not expected to live as a result of their Buick automobile leaving the highway and wrapping around a tree at the bridge just this side of Bozar, four miles from Goldthwaite, Wednesday afternoon about 5:15. Excessive speed on slick pavement is thought to have caused the accident.

Mrs. W. J. Cox, about 42, of Hope, Ark., the driver of the car was dead when taken from the car, which was badly demolished when it struck the tree and stopped suddenly. Her friend, Miss Ida Carlton of Fulton, Ark., and her son, W. J. Cox, Jr., were rushed to a Brownwood hospital in a Fairman-Wilkins ambulance, while the body of Mrs. Cox was brought to the funeral home

here. Miss Carlton was in serious condition Thursday morning, but was still alive. Young Cox was not badly injured and was released from the hospital yesterday.

W. J. Cox, the husband and father, arrived here Thursday morning from Cullum, Ark., where he is a druggist, to make funeral arrangements for Mrs. Cox. The body was taken to Arkadelphia, Ark., last night by Fairman-Wilkins ambulance for burial there today.

Mrs. Cox was driving the car when it left the highway, while Miss Carlton was sitting beside her in the front seat. Young Cox was asleep in the back seat, and narrowly escaped death. The ladies had gone to Waco to pick up the young man, who is a student at Baylor, and they all were on their way to Cisco to visit.

J. R. EANES OF COMANCHE ANNOUNCES FOR REP

I am this week asking the honor of representing the people of Mills and Comanche counties in the Texas Legislature. Many problems of vital interest to the people of this section will be before the next session. I will not be able to make a personal campaign; but will attempt from time to time to give you, through the press, my views on these questions. I give you as reference the people of Comanche and Comanche County where I have lived, and in some instances served, for fifty years. Fundamentally I am opposed to greed, organized or otherwise—be it capital, labor, farmer or stockman. All men and all interest must stand equal before the law.

I like people, I like to serve people, I like to talk to people, I like to hear people talk, and extend to all of you a cordial invitation to visit me when in Comanche. You want to know what I think; I would like to know what you think.

HAIR-STYLING SHOW BIG HIT LAST FRIDAY NIGHT

One of the highlights of the season was last Friday night at the Grammar School Auditorium when Mrs. Wilford Sheldon of Star Beauty Shop, Star; Mrs. Myrtle Stewart of Mrs. Stewart's Beauty Shop, Mrs. Margaret Bauman of Margaret's Beauty Shop, and Mrs. Alberta Burns as operator, Leta Rudd and Reva Mae Horton, owners and operators, Cornette Beauty Shop, Alta Cook, Ola Mae Wilkey, owners and operators, Rosalind Beauty Shop; Ima Faye Laughlin and Marjorie Woodard, owners and operators, Zema's Beauty Shop, presented fifty models in a hair styling revue to a very appreciative audience.

The operators and models are due a lot of praise for a job well done.

The show was sponsored by the local P. T. A. play ground committee, and all proceeds will be used to buy play equipment for the local schools.

BRO. M. D. LOWRY RETURNED FOR ANOTHER YEAR

At the recent session of the Methodist Annual Conference in San Antonio the Rev. M. D. Lowry was re-appointed to the Pastorate of the Goldthwaite Methodist Church.

Mr. Lowry has taken this opportunity to express his joy at being returned for another year to a Pastorate which has brought much pleasure in the Conference year just passed. He expresses his gratefulness to the members of the Methodist Church for the progress that marked the past year, and pledges his leadership and cooperation in helping to make this year one of the best we have known.

ROG'S CORNER

LITTLE GIRLIES

Poor little girlies with legs so bare
With no protection from the wintry air
I wonder what the blue northers will say
Finding little girlies dressing this way.
I also wonder how their mothers would feel
If, from their legs, they clothing they'd peel
Then venture forth against the northers so bold
I'll bet you a horse their legs would get cold.— ROG—

"LITTLE GIRLIES"—

(Pete's Version)

In my childhood days,
Mothers gave more care—
We weren't sent abroad
With our legs bare.
The chance on-lookers received
No such shockings.
We wore "Union Suits" stuffed
Into black silk stockings.
The cold north breezes
Hada't a chance
As we were further insulated
With black sixteen pants.
EUT, if I had a Lizzie
Instead of a Len,
I, like other mothers,
Would be just as bad—
In short-fisted dresses—
The kiddies look so cute
And we looked awful "lumpy"
In an old union suit.
MRS. R. W. (Pete) HESTER

The above poem was inspired by the ditty, "Little Girls," which appeared in this column recently, and reprinted above.— ROG—

Our WASHINGTON Letter

By Congressman **O. C. FISHER**

Since Mr. Fisher has to be out of town for a few days, he asked me to write the news letter this week.

My home is in Ballinger, and I made my first trip to our Nation's capital over a year ago to become one of Mr. Fisher's secretaries. Each day has been a busy one and thoroughly enjoyable. Perhaps some of the observations of a secretary would be of interest.

Few newcomers escape the housing problem, about which you hear so many stories. I am told that the population in the city of Washington and its environs has practically doubled since just before the war. This is hard to understand when you think that the total number of federal employees has been cut in half since the war ended and vast numbers of military and naval personnel stationed here during the war has returned to civilian life. No factories of any size are allowed in the District of Columbia, and no skyscrapers can be built here. Of all the many beautiful buildings, in Washington, the tallest is only about twelve stories high.

One of the least publicized buildings, but one of the most outstanding, is the Library of Congress. The main building, completed in 1896, with its frescoes, mosaics in the ceilings and floors, grand staircase with marble balustrades, murals and sculptures, was considered at the time to be one of the architectural wonders of the world. The annex, completed in 1939, is in direct contrast, being completely modern in style and design. The library houses more than 29 million pieces, including books, pamphlets, newspapers, manuscripts, maps and views, microfilms, motion pictures, music, recordings, photographs and slides, posters, photostats and magazines, and is the information center of the governmental agencies and Congress.

We often make use of its enormous collection of information in connection with our work.

The work in a congressional office follows a certain routine, just as does the work in any office; however, every day has its own interesting variations. There are four of us now working in this office. Each day, as the mail is opened, we are assigned particular responsibilities, often requiring telephone contacts with the various governmental agencies and departments. We are frequently requested to find out the status of bills and to obtain copies of public laws, etc. Mr. Fisher usually dictates answers to correspondence in the mornings. He also attends committee meetings in the mornings, and frequently goes to the Veteran Administration, the Pentagon or elsewhere for conferences in behalf of his constituents, and at noon, when the House meets, he goes to the floor of the proceedings there.

I think a lot of people hesitate to write their congressman because they fear it will take too much of his time. I have read some magazine articles about the volume of congressional mail and the time consumed on incidental matters. Most of these stories contain exaggerations. We have no difficulty in handling our mail, and the more we get the better we like it. We send out about fifty to one hundred letters a day.

And we like to have company, too. By all means, don't ever come to Washington without coming by to see us! We like to see folks from home. This always brightens the day for us and we get some first-hand news from Texas. Recent visitors were Mr. and Mrs. R. M. Lowry of Ballinger, and Lt. and Mrs. R. M. Lowry, Jr. Lt. Lowry was a 1946 West Point graduate, and is now flying jet planes at Langley Field, Virginia.

Of particular interest to visitors in Washington is a visit to the White House. Although we are often asked to arrange for White House passes, it was only last week that I went to the White House for the first time. The occasion for this was a reception given by Mrs. Truman for women federal employees and congressional secretaries. Wearing an attractive navy blue dress topped with an orchid corsage, Mrs. Truman received over a thousand guests in the green room, where she was assisted by Mrs. George Marshall, wife of the Secretary of State, and Mrs. Tom Clark, wife of the Attorney General. Next in line were Mrs. Jesse Donaldson, Mrs. Julius A. Krug, and Mrs. Clinton P. Anderson, completing the cabinet circle. A long buffet table stretched the full length of the state dining room where fruit punch and cakes were served. The doors were open and some of the guests sat on the south portico enjoying the view overlooking the Jefferson Memorial, others walked down into the gardens, while still others were more interested in seeing the new balcony.

Mother

(In Memory of Mrs. Lenna Thompson)

First a pretty, dark haired mother, kind and gentle, always sweet, Singing lullabies to babies, training little hands and feet. Bright her eyes and gay her laughter, dim I see her through my tears, But the memory is precious of those happy, priceless years. Through the years she walked with Jesus, ever faithful, prayerful, true— Loving comforting her children, just as mothers always do. Then her tired, little shoulders drooped beneath the hand of time, Pain and suffering were her portion yet her faith remained sublime. Now her precious hands are folded and her voice we'll hear no more Until we join her over yonder on that peaceful, happy shore. Good bye, sweet and gentle mother in that Home in Heaven above, We will meet you, mother darling where all is rent and peace and love.

OAKLAND—

By MRS. E. T. CROWDER

(Written for last week)

Mr. and Mrs. Jake McMullen and daughter, Cindy, are leaving our community to make their home in San Angelo where Jake will attend school. We hate to lose them as we enjoyed their stay here so much, but we wish them success and happiness in their new home.

Commencement exercises were held in the Brooksmith School Auditorium Friday night. Among the nine senior graduates were: June Hanna and Ruby Ruth Hinesly of Oakland. June was Valedictorian of her class with an average of 94.10.

Among the thirteen eighth grade graduates were: Lester Whalley and Miss Bobbie Jo Hanesly of Oakland, and Bobby Moore of Indian Creek. Bobby was Valedictorian of his class with an average of 90. Former Brooksmith School Superintendent J. B. Shannan spoke to the graduating class. Supt. Ralph Wilmett gave the seniors their diplomas. Principal Wilhelm gave eighth grade diplomas. Rev. Byron Adams offered the closing prayer.

Among those attending the Commencement Exercises were: Mr. and Mrs. Marvin Hinesly and family, Miss Betty Hinesly, Mr. and Mrs. Truman Crowder and family, Mr. and Mrs. A. W. Hanna, Mrs. Hubert McMullen, Mrs. Jake McMullen and daughter, Cindy.

Harold Sikes spent Sunday night with Clayton and Lester Whalley.

Miss June Hanna made a flying trip to Lubbock Sunday with her aunt and uncle, Mr. and Mrs. R. P. Egger of Brownwood, to bring back Granny McMullen who has been visiting there several weeks.

Mrs. Carrie McMullen's sister, Mrs. Carl Lewis, and husband and family of Rushville, Indiana, who have been visiting here, enjoyed our Texas weather and scenery so much that they have purchased a home in Odessa. They have gone back to Indiana only to pack their belongings and return to their new home.

'GONE WITH THE WIND' PROVED ELIXIR TO FILM INDUSTRY

"Gone With the Wind", to be
shown Sunday and Monday on
the Melba screen as an M-G-M
masterpiece, release has gone
down in history as the film
which started the whole new
trend in motion pictures.

A Technicolor production, its
magnitude perhaps has never
been equalled in artistry, bril-
liant performance of sheer bulk.
In 1940 it won most of the Acad-
emy Awards. Directed by Victor
Fleming and produced by David
O. Selznick, the picture is an
all-time box-office hit.

As to the bulk of statistics
totaled up during its production,
staggering is the only word ade-
quate to describe them. For ex-
ample, 3,000 sketches had to be
approved before the art, ward-
robe and costume heads could
start work and once the cameras
started shooting approximately
449,512 feet of film were used
before the picture ended. Seven
Technicolor cameras were em-
ployed just to film the first
scenes in Atlanta during Sher-
man's historic march to the
sea. Finally, 100,000,000 persons
have seen the picture since its
premiere in Atlanta, Ga., De-
cember 13, 1939.

The cast is probably the most
impressive in the history of
the screen. Fifty-nine principal
players, plus an army of extras
for the battle scenes were used,
while the technical staff em-
ployed a list of names a column
long. Heading the cast are
Clark Gable, Vivien Leigh,
Olivia de Havilland and the
late Leslie Howard. In support-
ing roles are Thomas Mitchell,
Evelyn Keyes, Ann Rutherford
and Victor Lory, among many
other distinguished movie play-
ers.

No soothsayer is needed to
observe that "Gone With the
Wind" proved a spring board to
launch most of these on their
meteoric careers.

Gable, who played Rhett But-
ler, the romantic ideal of the day,
is currently Hollywood's No. 1
male star. Miss Leigh, who
achieved overnight fame as
Scarlett O'Hara, has since main-
tained it in starring roles which
include the recent "Cleopatra."

'GOOD NEWS'

campus days of the '20's, when
students wore raccoon coats in-
stead of worried expressions,
carried ukuleles instead of the
burdens of a family, and met
at the college malt shop in-
stead of a quonset hut, are
happily revived in M-G-M's
Technicolor musical jamboree,
"Good News", which is bringing
good entertainment news to the
Melba screen Tuesday and Wed-
nesday.

Big Valley H. D. Club

Big Valley H. D. Club met
with Mrs. E. D. Roberson Thurs-
day evening. Meeting was called
to order by Mrs. Knowles. After
the roll call, meeting was turned
over to Mrs. Haerlich who gave
a demonstration on dying ma-
terials, emphasizing that we al-
ways use all purpose dye when
dying a variety of material.

This was very useful as well
as beneficial to all members.

Recreation was led by Wilma
Johnson after which refresh-
ments were served to 10 mem-
bers, one visitor and our agent.

MESSAGES of HOPE by Dr. T. A. Williams

ACCURACY
and
EFFICIENCY

With an accurate and scientific
knowledge of the location and
position of the vertebral subluxa-
tion, a Chiropractic Adjustment is
given to replace the vertebra to a
correct position at the location of
the interference. Given time, the
restored mental impulse flow will
return the quality of function to
the diseased bodily condition, and
normal health is the natural re-
sult.

The Neurocalometer, an instrument that locates the
place of nerve interference, and the X-Ray to show the
physical nature of the interference is used on ALL
cases at the WILLIAMS CHIROPRACTIC OFFICE. It
is only through the medium of this scientific equipment
that we are able to render a SPECIFIC SERVICE.

Case report: RHEUMATISM—Young lady began suffering with
pains in ankles and legs at age of 16. Later in life the condition
became so bad that she was helpless and the name of her con-
dition was changed to ARTHRITIS. She was told by her phy-
sicians that she was subject to spend the rest of her life in
bed.

With this prospect, she decided to see a Chiropractor. After a
careful analysis using scientific equipment, adjustments were
administered.

Now, at age 60, she works hard, takes long walks in all kinds of
weather and gets a thrill out of her girlhood friends asking the
secret of her "Healthy and youthful appearance."

NOTICE

Attention is hereby called to the public as to the laws governing fires whereby the alarm is given and the Fire Department is called for the purpose of controlling said fires.

It is now a State Law for any person or persons not a member of fire Department to hinder in any way the action of the firemen in their effort to control fires either at the fire or going to said fire or by running over fire hose.

It has been more or less a hazard in the past that when an alarm is sounded the general public rushes to the fire regardless of the thought of the Department of the fire apparatus and have and do get in firemen's and equipment's way to such an extent that firemen are hindered in their efforts to do their duty.

Please in the future if you are not on fire Department wait long enough after an alarm to allow the firemen to get there and then stay out of their way in their course of fighting fire.

The disregarding of these rules is punishable by a fine of \$10 and is supported by state laws, and will be enforced if the general public does not abide by same.

Each and every fireman has the authority at a fire that any law enforcement officer would have and will act accordingly—please co-operate with us.

SAN SABA PEAK

By MRS. DUTCH SMITH

There has been so much to do that I didn't get my letter written for last week.

Mr. and Mrs. Ward Carlile visited his parents in Lampasas Saturday.

Mr. and Mrs. Raymond Cox's daughters have been visiting them.

Mr. and Mrs. Dutch went with the seniors and juniors on their picnic to Lampasas Tuesday night.

Mr. and Mrs. Fate Eckert and Altha Mae visited over the week-end but we failed to learn who they visited.

Mr. and Mrs. Dutch Smith, Mr. and Mrs. Ward Carlile, Mr. and Mrs. Fate Eckert attended the funeral of Fred Junior Laughlin last Wednesday. We sympathize with his family.

Mrs. Dutch Smith had a message that her brother, Jack, had been hurt. The Smiths, with her father, Mr. and Mrs. Bud Conrad, went up there Wednesday. They found him doing as well as could be expected under the circumstances. They have a brace on him and if that doesn't help, he will have to have an operation.

Mrs. John Harris and Bro. Jim Hunt was in the Dutch Smith home last Tuesday.

Mr. and Mrs. Bill Junior Hightower and daughter of Austin visited home folks.

Mrs. Dutch Smith visited Mrs. Fred Laughlin Monday.

Mr. and Mrs. Jack Hightower and father, Bill Hightower, were in Abilene Saturday on business.

Mr. and Mrs. Verner Gage of Priddy spent Sunday with Mr. and Mrs. Dutch Smith and Johnnie.

Collier - Head

Miss Edna Collier and Darrell Head were united in marriage at Methodist parsonage Sunday, May 23, at 4:00 o'clock. The Rev. M. D. Lowry was in charge of the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Hardy Collier of Center City and the groom is the son of Mrs. Rosa Head, also of Center City.

The bride wore a beautiful aqua dress with white accessories. Her corsage was pink carnations. The groom wore a blue suit.

The only attendants were the matron of honor, Gwendolyn Wright, of Center City and the best man, Charles Griffin, of Grand Prairie.

Mrs. Head is a graduate of Star High School and is employed by the telephone company at Goldthwaite.

Mr. Head also attended Star High School. He is now owner of Head Grocery and Station at

Center City.

TE GIRL COUNCIL TO DAY CAMP

ate Girl Scout
for a Day Camp
June 10 at Lake
Camp is for all
and Brownies. At
there are 71

Scouts and Brownies in Goldthwaite. It is the Council's sincere wish that all of these girls can participate in Camp because Camp can be fun, fellowship, and above all it is one of the highlights of Girl Scouting. Girl Scouting is the sort of fun that will last because it can help the girl to be an interesting and useful person, with ideals and a code that girls the world over try to follow.

Those working directly with

campers are as follows:

Camp Director—Mrs. Charley McLean.

Leaders: Mrs. Hollis Blackwell, Mrs. Leonard Archer, Mrs. M. E. Blake, Mrs. Ector Greathouse, Mrs. Dale Reid, Mrs. R. G. Blackburn, Mrs. D. B. McCombs, Mrs. Y. B. Johnson.

COMMITTEES:

1. Folk Dance: Mrs. Al T. Langford and Mrs. Joe S. Langford.

2. Crafts: Mrs. H. E. Patton,

Mrs. Tolbert Leitbetter.

3. Swimming (If possible): Mrs. O. O. Smith and Mrs. Millard Cockrum.

4. Food Planning and Buying: Mrs. Bain and Mrs. Farris Jones. Others will be added before Camp.

The girls are paying a one-dollar fee, which will provide for all program supplies, crafts, and incidentals.

Each unit will have their own unit home which they will name. Each day a flag will be raised in front of the neatest and best organized unit home.

The camp schedule will run as follows:

9:30-10:00—"Colors" and Assembly "Sing-song."

10:00-12:00—Activities.

12:00-1:00 p. m.—Lunch.

1:00-1:30—Rest Period.

1:30-2:30—Activities.

2:30-3:00—Close Camp.

If swimming is possible the camp will not close until 4:00.

of such things as:

Activities at camp will consist of Crafts, folk dance, singing, cook-outs, dramatics, hikes, nature study, photography, swimming, and most of all, FUN!

On the last day of camp there will be a picnic for all parents of the girls, at which time the girls will present a program and officially close camp.

LOCAL BOY WINS FELLOWSHIP AWARD

According to an item in "The Battalion," A. and M. College newspaper published at College Station, John Oglesby, son of Mr. and Mrs. Mohler Oglesby, has won the Danforth Fellowship Award there for being an outstanding freshman.

This award is presented each year to the outstanding junior and freshman majoring in agriculture. It is sponsored by the Danforth Foundation and the Ralston Purina Company. Truman G. Matin of Millsbee, Texas, was winner of the junior award.

An interesting tour has been planned for both winners. Young Oglesby will leave the latter part of August to join a group of 21 representatives from similar colleges at Shelby, Michigan. This group will have a two-week study program of the problems of leadership, in addition to a vacation on Lake Michigan.

The awards were given on the basis of scholarship, leadership, and extra curricular activities. Applicants prepared a 200-word theme on the subject, "The Importance of Well-Balanced Development in Attaining Leadership."

Agriculture classes at the vocational school are all studying pest control, more specifically the small type of insects such as grasshoppers and other types that destroy growing crops and vegetables at this time of year. The different classes are doing some experimental poisoning with spray for eradication of grasshoppers instead of the ordinary poisoned bait which has generally been used in this section. We shall try to get something definite within the next few days as to the success of this treatment.

WILLIAM RICHARDS HENDRY
IN WINCHETER, KENTUCKY

Arlyn Woodward Gravett, of Mr. and Mrs. Gravett, Sr., of Winchester, Ky., became the

a double ring ceremony solemnized at 3:00 o'clock Sunday afternoon at the home of the bride's parents on West Hickman Street in Winchester, Ky. The Rev. W. L. Shearer of Lexington, Ky., great-uncle of the bride, officiated.

The vows were exchanged before an improvised altar of palms, ferns, and cathedral tapers in candelabra. The house was decorated throughout with arrangements of white gladioli, delphinium, stocks and daisies.

A program of nuptial selections including, "Because," "I Love Thee," "The Wedding Prayer" and Lohengrin "Wedding March" was presented by Mrs. Henley M. McCready, pianist and Mr. McCready, soloist, of Winchester, Ky.

Given in marriage by her father, the bride wore a classic gown of bridal satin designed with fitted bodice and full skirt gathered below the waist and ending in a full chapel train. The long sleeves ended in points over the hands. The Mary Stuart neckline was trimmed with a design of seed pearls, and the fingertip veil of illusion was attached to a matching seed pearl coronet. She carried a shower bouquet of brides roses centered with a white gardenia.

The matron-of-honor, Mrs. Everett Gravett, Jr. of Winchester, Ky., and sister-in-law of the bride, wore a bouffant period dress of aqua marquisette fashioned with hoop skirt and a wide ruffle forming a bustle in the back. She wore short white gloves and carried a bouquet of sweet peas and delphinium tied with yellow ribbon. Her head-dress was of matching flowers.

Miss Juanita Jean Hefflin of Winchester, Ky., and cousin of the bride, was bridesmaid. She wore a mimosa marquisette gown and short white gloves, similar in design to that of the matron-of-honor. She carried a bouquet of delphinium and sweet peas tied with aqua ribbon and her head-dress was of matching flowers.

Master Everett Carl Gravett, nephew of the bride, wore a white suit, was train bearer.

Sgt. Lester Goetzinger of Eglin Field, Florida, served as best man. Ushers were Cloren Lee Gravett, uncle of the bride, and Everett Gravett, Jr., brother of the bride, both of Winchester, Ky.

For her daughter's wedding, Mrs. Gravett chose a navy blue dress with matching accessories and a corsage of yellow roses.

After the wedding, a reception was held. The bride's table, covered with a lace cloth, was centered with a three-tiered wedding cake topped with a miniature bride and groom. Assisting at the reception were Miss Ruth Adelaide Haggard and Mrs. B. M. Shearer, Jr., both of Winchester, Ky.

For going away, the bride wore a navy blue dress with white top-coat and harmonizing accessories and a corsage of red roses.

After a short wedding trip, the couple will make their home, temporarily, in Crestview, Florida.

The bride is a graduate of Kentucky Wesleyan College at Winchester, Ky., where she is a member of the Pi Sigma Sorority. She was formerly employed as bookkeeper in the Gravett and Hogan Electrical

Appliance Office in Winchester, Ky.

The bridegroom attended John Tarleton College at Stephenville. He is now serving as airplane and engine mechanic in the Army Air Corps, stationed at Eglin Field, Florida.

CITY ELECTION MON.
CARRIES 62 TO 1

In the special city election held here Monday the vote unofficially was 62 for selling the city's transmission line from Goldthwaite to Lometa to the Lower Colorado River Authority for \$1 and other considerations to one vote against.

The Authority is to rebuild and maintain the line, and the city will buy its juice at the city limits instead of at the city limits of Lometa.

GRADUATES OF
DALLAS INSTITUTE OF
MORTUARY SCIENCE

On Friday night, May 21, Jack Hightower and Lee Roy Stacy graduated from the Dallas Institute of Mortuary Science.

While attending school both boys were employed with Lamar and Smith Funeral Home of Dallas where they received much experience in their chosen profession.

Both boys also took a special course which will enable them to be first aid instructors.

The Faculty of the school wishes them much success in their profession.

Semper Fideles is the motto of the U. S. Marine Corps.

HAMILTON RODEO
THIS WEEK-END

Monday at noon the Hamilton rodeo caravan came through Goldthwaite and presented quite a show, advertising their annual rodeo which is being staged May 27, 28 and 29. The purse contains \$1575.00. On the entertainment part of the show is Homer and his Rythm Boys from Hico, with "Governor" doing the fiddling. Also in the act are three clowns of Hamilton.

For the events there will be bareback riding, calf roping, bronc riding, steer wrestling, bull riding and ladies events. The show is an RCA approved show, produced by the Lone Star Ranch Rodeo, Bob Estes, Baird, Texas. Don Franklin's Shows Carnival Mid-Way Entire Week will be in Hamilton and also a Quarter Horse Show, sponsored by the Lions Club.

YOUNG PEOPLE'S
WEINER ROAST

The young folks of the church of Christ and a few of their friends met at the church building Monday at 7:30 p. m. and loaded their "eats" and themselves on Mr. Walter Boones' truck and off they went to the country for a very enjoyable evening. A camp fire was made over which weiners and marshmallows were roasted. Games were played and much fun was had by all who attended. The record player was the most popular entertainment after every one had filled their tummies. . .

The purpose for the occasion was to honor Miss Georgie Mae Simpson who is moving to Dallas this week. Miss Simpson was presented with a beautiful over-the-shoulder bag as a going away gift. Georgie Mae, your many friends will miss you and we wish you the best of everything in your new home and in life. May God bless and keep you.

SANTA FE INCOME

Santa Fe's net railway operating income for April, 1948 was \$3,280,730, according to a statement released by President F. G. Gurley today. This is a decrease of \$571,432 compared with April, 1947. Net income for the first four months of 1948 was \$13,723,241 compared with \$12,983,133 in the first four months of 1947.

The Gulf, Colorado & Santa Fe, which celebrates its 75th anniversary in Galveston June 5, had to hire sea-faring men as dining car waiters back in '83 because "the tracks at that time was very rough, so that the train rolled and pitched."

Mrs. F. E. Linneweber and Mrs. Agilee Linneweber and sons went to Temple Sunday to visit F. E. Linneweber, who is in the Santa Fe Hospital for treatment.

Raymond Little, Grace Woodman and Mrs. Wm. Parsons of Waco attended market in Dallas the first of the week, where they bought dry goods for Little's. Mrs. Grace Woodman and daughter went on to Washington, D. C. where they will visit for about three weeks.

RESTRAINT IN FEDERAL SPENDING

U. S. expenditures for the fiscal year beginning July 1 amount to \$1,100 for every family of four in the United States. The total is ten times the amount spent twenty years ago.

Civil Service Commission figures indicate that civilian employment in Federal agencies has increased from 681,413 to 1,726,531 in the last decade—a rise of 153 per cent.

There must be restraint in the growth of government in order to lighten the tax burden and curb dangers from within. Government costs must be brought into line with America's real needs today.

DON'T LOOK FOR A MIRACLE

Current forecasts as to future price trends are very cautious in tone—the experts have been burned in the past, and they're naturally trying to keep from going too far out on a limb. However, the general consensus is that there will be relatively little change, either up or down, in the foreseeable future.

This may be bad news to those who have been anxiously awaiting a return to "normal" prices. But it is as absurd to expect a return to 1941 prices, for instance, as, in 1941, it would have been to expect a return to the level prevailing in 1900 or any other year. The factors which have made inflation inevitable are as strong as ever.

As a matter of fact, we're lucky that prices aren't even higher than they are. And a large part of the credit for that must go to those thousands of retail merchants, who have been the innocent targets of much consumer resentment. The typical merchant has voluntarily cut his margin of profit on each dollar of sales to a point smaller than that which existed in OPA days. He acts as the consumer's champion in dealing with producers, as ways and means are tried to get the most for each dollar spent. He keeps a sharp eye out for items which he believes overpriced in relation to competitive items, and doesn't stock them. And, to the limit of his ability, he keeps his shelves loaded with goods in all price brackets of the best available quality.

Whether prices go up or down in the days ahead, your merchant will be working to give you the best break possible because it is sound business practice.

GIVE THE KIDS A CHANCE

Every parent whose child rides a bike will want to take a long look at the statistics on bicycle accidents recently totaled up by traffic authorities. Unless something is done about it, the coming year will again see more than 25,000 bicyclists—most of them children—killed or injured in street and highway accidents.

Ever since the coming of automobiles, bicycles have been tolerated somewhat grudgingly as hybrids in the vehicle family—a sort of cross between a pedestrian and a motor vehicle—with neither willing to accept them. Pedestrians don't want them on the sidewalks; motorists call them a nuisance and a danger on the streets. Where there are no proper regulations for their operation, cyclists ride to the right, to the left, through red lights, in and out between moving cars, and sometimes even travel afoot beside their bikes in crowded traffic.

Such a state of affairs is hair-raisingly dangerous. It is unfair to cyclists, motorists and pedestrians alike; for accidents are often caused by cyclists even though the bicycle itself may not be hit in the crash. But perhaps the worse damage of all is to character. Young people are encouraged in habits of recklessness and lack of respect for traffic laws, and this is the worst possible preparation for them as future citizens and car-owners.

Cure for this situation would seem to lie not in outlawing bicycles, but in giving them a respectable place in the traffic family. Every community should welcome a constructive program providing for enforcement of such traffic regulations as apply to bicycles—and for their registration, licensing and inspection.

Let's give the kids a chance!

LOOKING BACKWARD

THROUGH EAGLE FILES

TEN YEARS AGO

(Taken from Eagle files of May 27, 1938)

Claude Eacott sheared 106 pounds of wool from five sheep Monday. The ram sheared 26 pounds and four ewes produced 17, 19, 20 and 24 pounds of wool each.

An oat chop, which many sections of the county is said to be second only to the record crop in 1919, is now being harvested.

While other post offices in this section will more or less be patiently waiting for a new federal building to be erected, Goldthwaite will step out this summer with a complete set of new steel furniture and fixtures.

An electrical storm visited this section at 11 p. m. Sunday and sent a good many scurrying to storm cellars. While the wind did not get very high, the electrical display and thunder was terrifying.

Lucille Wilmeth, daughter of Mr. and Mrs. J. W. Wilmeth of Ebony was among the seventy-three seniors of Abilene Christian College in Abilene graduating May 30 with a Bachelor of Arts Degree.

Mrs. John Jackson, who was carried to Austin last Saturday and was operated on Monday, is getting along fine.

Miss Loraine Dewey, who is a senior in the Baylor University School of Nursing, Dallas, is spending her annual vacation with her parents, Mr. and Mrs. N. A. Dewey.

Mrs. Pearl May Varnell, wife of R. Varnell, died at her home at midnight Sunday, and was buried at Pleasant Grove Monday. She leaves her husband and six daughters to mourn her passing.

25 YEARS AGO

Chamber of Commerce meeting Monday night. Reports of the action taken by the Board of Directors were accepted by the body.

Eight bootlegging cases tried up to Wednesday. Six resulted in convictions and two in mistrials. Special credit should be given Sheriff A. D. Karnes, Deputy Sheriff H. C. Ezzell, Constable Lawrence Jones, and other members of that department, as well as to Mayor R. V. Littlepage and others, for the efforts to put a stop to the illicit manufacture and sale of liquor.

The revival meeting, which has been running for the last two weeks, at the Baptist tabernacle, is attracting huge crowds.

The third Annual Convention of the Texas Pecan Growers will be held in Brownwood, May 28, 29 and 30.

\$100.00—47 prizes to be given away Ford's Day, June 4. Call for and save your tickets. J. H. Bowden.

Carter Rahl dies of injuries in Wichita Falls.

Special: We are giving a good spray with each gallon of Kereso Dip at regular price.—Hudson Bros.

A J. Harrison will take over the duties of Post Master at Goldthwaite June 1. R. F. McDermott having sent in his resignation some time ago.

Lost Friday night, May 18, D. E. Hopkins, one of Mills County's oldest pioneer citizens passed away. "Dad" Hopkins was at Goldthwaite when there was only one store and three residences.

Last Saturday evening Don York and Miss Annie Laurie Karnes were married at the Baptist parsonage.

Dr. J. M. Campbell and S. P. Rahl spent the week in Wichita Falls.

Mr. and Mrs. Jack Reid and little daughter visited Sunday with Mr. and Mrs. C. T. Karnes. J. W. Kennedy spent Sunday night at T. C. Wrinkle's.

50 YEARS AGO

(Taken from Eagle files of May 28, 1898)

In the B. A. Harris ad this week he says, "It is very seldom I make a mistake in business, but this year I have made the mistake of buying too many goods—more than I can possibly sell, even at the popular prices I have put upon them—my two buildings are still crowded."

Parasols—25 cents to \$3.50. Boys, don't let this rare opportunity pass, keep your girl in the shade. Straw hats, 10 cents up to \$1. Just the thing for picnickers.

From Star—Mrs. E. A. Street has almost recovered from her recent serious illness.

J. L. Fowler and J. C. Street went to Lometa Wednesday with a nice lot of saddle horses to sell to the government agent, who is there buying horses to be used in Cuba.

We have moved into the new building on the west side of the square, and have a bigger stock than we had before the fire. Not only is our store larger, but all of our goods are new and up to date.—Henry Martin.

Drs. Sharp and Logan passed through Big Valley this week en route to San Saba.

The job printing executed at the Eagle office is first class.

There were four picnics yesterday. They were at Center City, Williams Ranch, Blue Hole and Flat Rock. They all attracted good crowds.

The big barbecue and picnic at Bull's Springs was greatly enjoyed.

Wednesday's picnic resulted quite happily for at least two young people who went for a buggy ride and got married.

The I. C. Everly Co., Goldthwaite—Men's patent leather oxfords, \$1.75; 1 lot men's fine fur hats, \$2.50 and \$3 grade, choice \$1.50; fancy 50 cents and 75 cents suspenders, 25 and 35 cents.

Some bargains in real estate for sale by P. H. Clements.—1855 acres on the head of north Bennett. Several hundred acres of good farm land, price \$1.25 per acre, an eight payments with 8 per cent interest. 1000 acres two miles south east of Goldthwaite for sale or lease, price \$1.00 per acre. 6 acre lot in Goldthwaite, good house, crib, well and windmill, price \$500, easy payments.

Misses Belle Hester, Kate and Ora Blackburn and Tessie Humphries made the Eagle Office a thing of beauty for a few moments Saturday afternoon by their presence.

Now for a look at the war news.—Events of Great interest are expected to develop at Key West shortly, but the censor will permit no news of it to go out. It is believed the Navy fleet is at Santiago. Orders for 203,000 pairs of soldier's shoes have been placed.

There is to be a school picnic at the Hurst Ranch on Saturday, June 4. This day will be spent in examinations of pupils, drills, marches and songs, also some eloquent speakers are expected.

Garden Club Meets

The Goldthwaite Garden Club closed the 1947-48 year with a delightful meeting in the lovely home of Mrs. O. H. Yarborough, with Mmes. Marsh Johnson, J. A. Hester, and John Patterson as co-hostesses.

Mrs. Jim Weatherby had charge of the business meeting and good reports were given by chairman.

Misses Joyce Harrell and Lorain Burdett, accompanied by Mrs. S. P. Sullivan, favored us with four vocal numbers, to the delight of all.

Mrs. E. T. Fairman, in her gracious manner, installed the following officers for the following year:

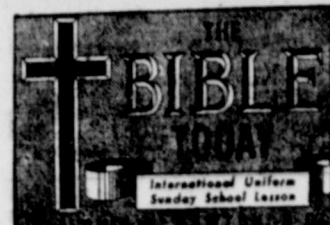

Mrs. Jim Weatherby, President; Mrs. E. D. Robinson, 1st Vice-President; Miss Ruth Ervin, 2nd Vice-President; Mrs. O. H. Yarborough, 3rd Vice-President; Mrs. John Patterson, Secretary; Mrs. E. T. Fairman, Corresponding Secretary; Mrs. Marsh Johnson, Treasurer; Miss Abbie Ervin, Reporter; Mrs. C. T. Wilson, Assistant Reporter; Miss Mayne Winsor, Parliamentarian.

Mrs. Jim Weatherby gave a very informative resume of the work accomplished by the club, and urged each member to continue the unselfish service rendered in the past.

The club as a whole want to extend their thanks to the public for the support that has been given to the Trading Post.

All revenue derived from the Post and Pie Sales is used for beautifying and upkeep of the Goldthwaite Memorial Cemetery, which is one of the club's projects. The club is justly proud of the accomplishment so far.

A lovely refreshment was served by the hostess.

The Temple in the Nation's Life

Lesson for May 23, 1948

OUR golden text is "O come, let us worship and bow down; let us kneel before the Lord our maker." Psalms 95:6.

Dr. Newton

The Jewish temple was a national sanctuary, whether we think in terms of the altars of Abel, Noah or Abraham, the tabernacle at Sinai, or the great temples at Mount Moriah, of Zerubbabel, or any of the other appointed places of meeting with God. The welfare of mankind, in every age, requires the faithful and frequent worship of God.

From the days when they sang the hymns of David, the Jews were prosperous to the degree that they were true to God in their worship and in their reverence for all things holy. This lesson traces the story, leaving no doubt in any pupil's mind about the solemn truth of the golden text.

A HOUSE OF WORSHIP

IN Ezra 3:10-13, we see the picture of priests leading the people to sing unto the Lord, "Because he is good, for his mercy endureth forever toward Israel."

Wherever you live, whether in the city or in some quiet rural community, remember this, the sanctuary measures the attitude of the people of such community toward God to a degree that no other gauge of public opinion can offer. We have our various polls of public opinion, but none of them are so prophetic of a people's ultimate hope as their attitude toward God's house.

Boys and girls who regularly attend Sunday school and public worship will be watched by the men who are looking for trustworthy leaders tomorrow.

HONORING GOD'S HOUSE

"SERVE the Lord with gladness, come before his presence with singing." Psalms 100:2.

We read how the people in the long ago brought their best gifts to make God's house beautiful. What are we doing with our best gifts? I think of boys and girls today who are helping with their small gifts to erect and equip beautiful houses of worship. Tomorrow they will point with gratitude and thanksgiving to the part they had in making God's house the best house in the community. Thus do we honor God as we honor his house.

WHY WE GO TO CHURCH

M. R. WANNAMAKER, the merchant prince, was once asked why he went so regularly to church. He replied:

"I go to church for two main reasons. First, because God commands it; second, because it enriches life."

The Jews teach us, in the long record of their faithfulness or unfaithfulness, that the people who go regularly to church are the most dependable people in any community. And we can bring it right down to our day and generation, and get the same answer.

A business man told me recently that he had a check made of the several hundred young people in his employ, and he found that more than ninety per cent of the regular church-goers were advancing in their work with his company. He further discovered that almost without exception, the people who were giving trouble were the people who never entered a church.

OUR NEED OF PUBLIC WORSHIP

OUR bodies require regular nourishment. And our souls are just as dependent upon regular nourishment. I would not say that it is absolutely necessary for one to attend public worship to grow spiritually, but the odds are entirely against those who claim that they can grow spiritually without attending public worship.

There is a place of worship within the reach of well-nigh every person in the United States. We are responsible before God if we neglect to claim the advantages and blessing of public worship.

The place of the temple in the life of Israel is a symbol which teaches us today that we dare not forsake the assembling of ourselves on the Lord's Day in his house. The fellowship of worship is the sweetest fellowship on earth. It is our surest road to peace here and hereafter.

SUMMER'S DRESS

If you thought too summer may be still the current style, the ways of making it more stylish, too. Styles in newspaper fashion magazines to materials are combined and you'll be surprised how many ways make last summer's like new.

Eyelets embroidered in many ways. A lengthened from 2 by using one or of the pique. Contrasting color, or striped material lengthen the skirt, and color to a disk. A yoke added to a skirt is a good way "new look" in the hip styles too.

Old or a "petticoat" led to the bottom of can add inches and the current styles as

all dresses made this summer have a good hem, and new clothing bought or made has a generous hem in addition to being the proper length. This proper length depends upon the woman and her height for there is definite number of inches on the floor for all women to wear. Many stylists say from 11 to 13 inches is within the fashion, but the very tall, slender woman might wear her skirt 13 to 15 inches while 10 and 1-2 inches from the floor might be better for the very short woman and yet both are fashionable.

BAG THE BAG WORM

During the month of May arborvitae, Italian cypress, and similar plants should be examined every few days for cedar bag worms. When the bag worms are young, they are so small and so well covered that they are hard to see. Camouflaging is a fine art these little worms practice right along.

They spin a cone-shaped, water-proof silk protector, which they cover with bits of bark and leaves. As they grow larger, they add to their tent-like home. They never leave it, only sticking their heads outside to feed on the tender tips of the plants.

The cone-shaped cover grows with the insects, and may be as large as three or more inches by August. Don't let them get that big. If sprayed once a week with lead arsenate, they can be killed before they destroy or seriously damage a plant.

Mix three teaspoonsful of lead arsenate in one gallon of water, and spray once a week and after every rain, because a rain will wash the poison off.

If you let the trees go until the worms are full grown, many of them can be pulled off by hand and burned. But that's more tedious, and it's easier to kill with the spray when they are young before they can do any injury to the plants.

Emogene Haenisch,
H. D. Agent

Mr. and Mrs. Edward Eugene Palmer and son, Tommie Joe, of Ballinger came through Goldthwaite Thursday night of last week, enroute to Houston on a business trip. They stopped for a visit with his parents, Mr. and Mrs. Joe Palmer. Tom-

Offices asking how to qualify for increased subsistence benefits due to recent changes authorized by Congress in rates, ceilings and number of dependents.

The higher rates will be paid automatically to those GI Bill Trainees whose existing ap-

plications with VA contain the information needed to certify them for increases, VA said. Adjustments for disabled veterans training under the Vocational Rehabilitation Act (Public Law 16) and qualified to receive additional benefits also will be automatic.

When additional information is needed from veterans training under the GI Bill, the veteran will receive a form from VA asking for the necessary data. The first of these forms are already in the mail, VA said.

Veteran-trainees are urged to fill in the forms completely and return them promptly to VA. Adjustment will be made on the basis of the completed form.

The first adjustments that possibly can be made will be payable on or shortly after July. It is more likely that most of the initial payments at the higher rates will not be made before the July subsistence checks are sent out about August 1, VA said. The increased benefits are retroactive to April 1 in most cases.

More than half of the 14,870, 000 World War II veterans have applied for some form of training since the inception of the vocational rehabilitation and education and training programs administered by the Veterans Administration.

By April 1, 1948, almost 8,100, 000 applications were received by VA. Most of them, 7,200, 000, were from veterans seeking education or training under the GI Bill. Almost 880,000 disabled veterans asked for training under the Vocational Rehabilitation Act (Public Law 16).

FARMERS LARGEST KAISER-FRAZER CAR OWNERSHIP GROUP

Willow Run, Mich.—More farmers own Kaiser and Frazer automobiles than any other occupational group, a survey by the Kaiser-Frazer Corp. market research and analysis department disclosed this week.

The survey, which the retail delivery of more than 100,000 K-F cars during 1947, shows that 14 per cent were delivered to farmers. It also disclosed that the farmer buyers purchased 15 per cent of the Frazer Manhattan—most expensive models in the K-F line—Marketed by the company during the year.

Operators of small dairy farms, who report they carry large milk cans or 500 pounds of feed in the 27-cubic foot Kaiser or Frazer trunk, comprise a large division of the farmer-owners, the study shows. Salesmen, many of whom cover more than 25,000 cross-country miles a year, make up six per cent of K-F car ownership, according to the report.

The next largest buyer groups, in order, were laborers, 4.7 per cent; factory workers, 4.2 per cent; housewives, 4.1 per cent; Army personnel, 2.7 per cent; factory supervisors, 2.7 per cent; retired persons, 2.6 per cent, and contractors, 2.2 per cent.

CHEVROLET TO PACE 500-MILE AUTO RACE

Detroit—A Chevrolet will pace the Indianapolis 500-mile auto race on Monday, May 31.

It will be driven by Wilbur Shaw, a three-time winner of the classic who is now president of the Indianapolis Motor Speedway.

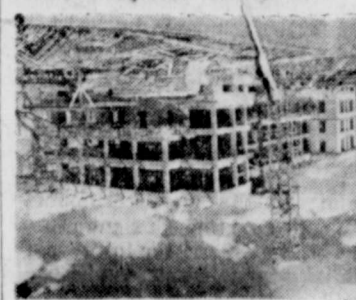

This will be Chevrolet's first official appearance on the track and the choice was influenced by the company's top-ranking position in the industry.

In making the announcement, T. H. Keating, general sales manager of Chevrolet, also disclosed two added first place race awards. The winner will be given the pace car, a dove grey Chevrolet cabriolet, and an especially designed, 40-inch high Chevrolet trophy.

Keating said that the car which leads the field of 33 drivers across the starting line will be strictly stock.

McMURRY COLLEGE GOLD STAR DORM.

Abilene, May 19—Bricklaying of the \$300,000 Gold Star Memorial Dormitory, shown in accompanying picture, will be completed by June 1, according to Dr. Harold G. Cooke, president of McMurry College.

The structure, built in memory of Methodist youth from Northwest Texas and New Mexico who died in World War II, will house 275 young men. Another building—President Hall—is of similar size and almost exactly like it and houses 150 young women at McMurry. Between the two dormitories is located the \$135,000 Iris Graham Memorial Dining Hall, completed last year.

Work on the interior of the Gold Star dormitory will begin within a few days and should be completed some time before the opening of the fall term next September. It will provide adequate accommodations for men students of the college, Dr. Cooke added.

SANTA FE CARLOADINGS

Santa Fe carloadings for the week ending May 15, 1948, were 26,276 compared with 23,905 for the same week in 1947. Cars received from connections totaled 10,246 compared with 10,127 for the same week in 1947. Total cars moved were 36,522 compared with 34,032 for the same week in 1947. Santa Fe handled a total of 39,706 cars in the preceding week of this year.

TRUE FUNCTIONAL DESIGN

True Functional Design is beauty with a purpose. For example, the STREAM-THRU fenders of the Kaiser or the Frazer are a style feature others have attempted to copy. But the real reason for the design has been overlooked. The true function is to provide more usable space without increasing over-all width. Only

the Kaiser and the Frazer have more usable space. MORE SEAT WIDTH! . . . MORE HEAD ROOM! . . . MORE LUGGAGE SPACE! The Kaiser and the Frazer aren't the same old girls in a new dress—they're new from the road up! Best of all these modern cars from Willow Run are yours at no increase in price!

PLEASANT GROVE CEMETERY WORKING

Pleasant Grove Cemetery working June 3rd. Everyone invited! Come and let's improve the looks of our Cemetery.

MR. STOKES TO DISCUSS THE PALESTINE QUESTION

This Sunday morning at the Sunday school hour, 9:45 to 10:35, Mr. Stokes, the teacher of the Fidelity Class in the Methodist Church School, will talk on one of today's perplexing problems, Palestine. The Fidelity Class is composed of young adults and is one of the most active classes in the entire church. The class is proud of their teacher and realize that they miss an excellent lesson every time they absent themselves from the class.

DEMONSTRATION AT MARGARET'S SHOP

Mr. and Mrs. Max S. Burkett, make-up artists and demonstrators for The Du Belle Cosmetic Co. will be in Margaret's Beauty Shoppe the week starting May 31st through June 5th. They work by appointment only so make your appointment today for a Free Facial and Skin Analysis by these two artists.

The models from Margaret's Beauty Shop in the recent hair style show were made up prepared especially for them by Mr. Burkett.

During the first of the week guests in the home of Mr. and Mrs. Ira Harvey were her sister and brothers, Mrs. E. E. Yates of Stamford, O. D. Biddy of Dublin and A. H. Biddy of Gorman. Lucifer was the chief rebel angel, Satan.

HURST RANCH CEMETERY WORKING

Those who are interested in the Hurst Ranch Cemetery please be present for an all-day working next Monday, May 31. Much work is needed to be done, as those graves that were not worked on last working day are getting in bad shape.

There will be a short business meeting in the morning about 10:30. Please be present for meeting that plans for improvement in the Cemetery may be planned and discussed.

There is to be a man who does curbing present at the meeting. You who are interested in this special work may be able to see contractor to do your work on this day.

As Memorial Day is being observed on Monday as a holiday, there should be several, who live away, present for the day.

Hope you will remember the day and tell your friends about the working. Remember that on this day the Hurst Ranch Cemetery Association has its third birthday. May it be celebrated by a good crowd working the entire yard.

Thanks, I am

FORMER OFFICE BOY GETS 50-YEAR AWARD

Ponca City, Okla., May 18—Office boy makes good!

Completing a 50-year span with Continental Oil Company that matches the pattern of the American success story, W. H. "Billy" Potter, at left, receives a diamond-studded gold pin of recognition from President L. F. McCollum. Accompanying the award was a substantial increase in salary.

With a job as office boy as his stepping stone, at the age of 13, Potter moved up through various promotions, married his boss' secretary, once went 39 years without missing work due to illness and today is the company's assistant director of marketing administration.

After receiving the award at a dinner honoring his service record Potter returned to work because he's going to continue "on the job" for another 18 months before retiring.

The Goldthwaite H. D. Club

The Goldthwaite H. D. Club met in the home of Mrs. Claude Eacott May 18, in regular meeting with the president presiding. We opened our meeting by singing "Let Me Call You Sweetheart" and "My Wild Irish Rose" led by Mrs. Floyd Sansom. Roll call was answered with some giving "Where I Do My Pressing" and others "One Recommended Book I Have Read."

Mrs. Haenisch gave yearbook report asking us to choose our subject for demonstration and two programs that we would like for the following year. We chose landscaping first, with bedroom second place.

Mrs. Fambrough gave Council Report. Mrs. Chadwick was appointed Finance Chairman to replace Mrs. Hart. A committee was appointed to help our recreation chairman with a social for our families which is to be had sometime in June.

Mrs. Loyd Reynolds was leader for the following program:

1. Home Dyeing and 2. Press as we go by Mrs. Haenisch.
3. Report of District T. H. D. A. by Mrs. C. P. Fambrough.

The hostess and co-hostess, Mrs. Eula Nickols served delicious punch and angel food cake to ten members, and one visitor, little Miss Ann Leverett of Brownwood.

We will meet June 22 with Mrs. Allen Ross with Mrs. Sansom as co-hostess.

WINNERS IN A&M CROP CONTEST

College Station, May 19 (Sp)—By making 990 out of a possible 1000, Fred R. Fields, Goose Creek, won the Texas A&M College freshman crops contest Friday. Running a close second was Walter R. Ranamachi, San Benito, with a score of 984.

The contest was held in the Agronomy Department laboratory with Professors T. E. McAfee, Eli Whiteley and F. G. Colliard in charge. The identification of plants and seeds of some 150 varieties of field crops, pasture plants, and weeds important in Texas agriculture made up the major part of the examination. Judging the value of different seeds of different crops was included in the contest.

Ken Kennerly, San Antonio, was third, Rex P. Kennedy, Grady, N. M., fourth and John M. Oglesby, Goldthwaite, was fifth.

GOLDTHWAITE RED SOX GO TO BROWNWOOD THURSDAY NIGHT

The Goldthwaite Red Sox go to Brownwood next Thursday to play the Browns there at 8 o'clock that night to initiate Brownwood's new lighted baseball park which has just been completed.

This will be the second game with the Browns, the Red Sox having beat them here 7 to 0 at the opening game of the season on the new field here.

The game scheduled with De Leon here Wednesday night of this week was postponed on account of rain, and will be played off later.

The Goldthwaite team defeated the strong Fredericksburg team there last Sunday afternoon 3 to 0, after having lost two games to that team this season. The games with Fredericksburg are matched games and do not count in Heart of Texas League standings.

The Mills County Softball League games scheduled to be played next Tuesday night have been postponed until Thursday night of next week on account of the Rodeo. After next week they will be played as announced on Tuesday and Friday nights of each week.

SCHOOL CHILDREN NEED SS CARD IF EMPLOYED

"Vacation time for school children is almost here and no doubt many of them contemplating working during the summer months," said David S. Pruitt, manager of the Austin Social Security Administration field office this week in calling attention to the fact that each worker in covered employment must obtain a social security account card before entering upon a job.

"Not only is it important that a worker secure a card," Pruitt continued, "but he must give his employer the number on the card in order to make certain that the worker gets credit for all wages received while employed."

The manager emphasized another important matter in this connection when he pointed out that each worker should hold on to his social security card. "Too many people," he said, "are losing them and it is costing the Government considerable sums in money to replace them with duplicates which increases the cost of administration."

It was also pointed out in the statement that unless the person has a job or one in sight there is no need for getting a social security card. It is good only for keeping the records of the worker and to insure that he will receive all benefits due him when the time comes for him to file an application for same under the old age and survivors insurance program.

Crops are needing rain badly and stock water tanks are drying up fast.

Mrs. Crestor Covington and Mrs. Earnie Halston of Grand Prairie spent two days with relatives and canned beans.

Mrs. Wilkey, Sr., who is spending some time in her son's home, was taken to the doctor for treatment on day last week.

Mr. and Mrs. O. Z. Berry and David Watters and family attended church at Big Valley and visited in the Weldon Lucas home Sunday.

Cecil Virden and L. B. Covington were home from Grand Prairie Saturday night.

Mr. and Mrs. C. N. Berry spent Sunday at Nix, and attended part of the graduation exercises of the Lampasas school where their grandson is a graduate.

Lola B. Wilkey and Melba Miller visited school at town last Friday.

Ada Ruth Carson has been visiting her grandparents, Mr. and Mrs. L. B. Wilkey home.

Mr. and Mrs. L. B. Covington visited with his mother Sunday.

W. F. Virden and wife called in the Will Berry home Sunday afternoon.

Miss Soules visited her cousin, Lola B. Wilkey, Saturday and Sunday.

Mrs. Patterson and Mrs. Tom Collier spent Wednesday with their brother and wife, W. F. Virden.

L. C. Covington visited Chas. Hall Sunday.

Having won all their games played to date in the Mills County Softball League, Western Auto, Mullin and Priddy are tied for high place in league standings.

Tonight at 8, at Municipal Baseball Park here, play will be resumed with Western Auto taking on Frazier Bros. In the first game, and in the second game at 9:15, Big Valley will play Pleasant Grove.

The games scheduled for next Tuesday night will be postponed until Thursday night for that week only on account of the Rodeo. Tuesday night, Thursday night will see Star and Mills County Voc. School in the first game and Priddy vs. Mullin in the second game.

Results from last Friday's play:
Western Auto 18; Star 8.
Priddy 14; Pleasant Grove 4.
Tuesday night results:
Mullin 19; Big Valley 1.
Mills Co. Voc. School 19; Frazier Bros 7.

LADIES' SOFTBALL

Yarborough and Duren Ladies Softball team won over Mullin ladies there Monday, and lost to Lometa ladies Tuesday afternoon there in the last half of the seventh, the final score being 9 to 3.

ORPHANS' CLUB

The "Orphans' Club" met last Saturday afternoon in my home and though they were small in number—they were enthusiastic and ready for action, responding to the different parts of the program prepared for them.

We are to meet again here next Sunday at 2:00 p. m., May 30.

We're hoping that the news will spread relative to these gatherings, that each who were here before can bring or cause others to be present this weekend and pray each may be benefited as they should!

We pray that each church in this town, as to its members—will cooperate in this move for God—that the Christians will see the need and feel it their duty to help me obtain audiences!

Let us go out into the highways, the byways, etc., urging and persuading attendance to this needed cause!

It will help the churches—strengthen them and communities at large.

Please think seriously on these things!

I thank you!

THE GOLDTHWAITE EAGLE

RODEO
SECTION

FIFTY-FOUR

GOLDTHWAITE, MILLS COUNTY, TEXAS FRIDAY, MAY 28, 1948

NUMBER FORTY-ONE

Third Annual Rodeo Starts Here Mon.

CARAVANS AND AIR-PLANES ADVERTISE RODEO

Goldthwaite's Third Annual World Championship Rodeo which will stage its first performance at the Arena two miles east on the Waco Highway Friday night at 8 o'clock, is being extensively advertised all over this section of Texas.

Citizens are asked to read all the ads in this Special Edition this week, and then send the paper on to out-of-county friend who you think might come here for the Rodeo Performances next Tuesday and Wednesday nights.

Goldthwaite town has taken on a Rodeo atmosphere, and streamers, individual decorations on the town, as well as Rodeo signs. On cars can be seen bumper cards and windshield stickers—airplanes will take off today and tomorrow to carry window cards advertising the Goldthwaite Rodeo. Airplanes will take off today and tomorrow to carry circulars over towns that cannot be reached by automobile Caravans.

Monday morning a large number of automobiles will be around the courthouse here to be decorated in line for the day's Automobile Caravan. The caravan will go south and west and cover the following places: Lometa, Lampasas, Burnet, Llano, Mason, Rochelle, Richland Springs, San Saba, and Goldthwaite.

Monday morning (Friday) the cars are asked to again go around the square at 8 o'clock for a second time to the east and north, with stops at the following places: Star Evant, Hamilton, Hico, Stephenville, Dublin, Comanche, Brownwood, Zephyr, Mulvane, back to Goldthwaite. The Caravan is expected to arrive in Brownwood at about 3:30 p. m., and will be escorted by the Rotary Club Band and will be escorted through the city by 76 mounted horseback riders from the Pecan Valley Riders Club. These riders will also be here Monday afternoon for the parade and will ride in the Grand Entry at the Rodeo Friday night.

Goldthwaite is decorated for the Rodeo as never before. Citizens are asked to don Rodeo togs tomorrow morning and wear them throughout the Rodeo. Rodeo hat bands can be had for the asking at the Coffee Shop, as well as bumper tags and windshield stickers.

The parade time Monday afternoon at 3:30, the Goldthwaite Lions Club Advertising Committee will have a wonderful job advertising Goldthwaite's Third Annual Rodeo. Mr. Jernigan has turned over concessions at the Rodeo grounds to the Lions Club and profits will go to pay for Rodeo advertising. Sunday afternoon the Lions Club is sponsoring a Key Softball game here at Municipal Park, and profits to go to the advertising fund.

The Lions Club advertising Committee is composed of Dan H. Holland, chairman, Minister M. E. Boyd, John L. Gwin, D. D. Tate, Mrs. William G. Harrell, and Mrs. J. H. Harrell. You are asked to Please Go Rodeo.

Area And County Cotton Statistics Given By A & M College

A recent bulletin released by the Agricultural and Mechanical College entitled "Cotton Statistics for Texas" shows an increase of cotton production in Mills County for the years from 1928 to 1946. The figures show that the county has gradually dropped from being a cotton producing county with very little acreage being planted during the past years:

Acres Planted	Lbs. per Acre	Total Bales Produced
35,200	127	9,310
33,000	81	5,570
32,200	49	3,320
19,900	104	4,340
18,600	135	5,240
33,000	121	6,210
24,700	85	4,390
22,200	114	5,270
23,400	80	3,970
17,500	86	3,140
10,800	31	670
7,830	84	1,360
5,710	129	1,530
4,700	120	1,180
10,500	111	2,415
8,800	98	1,800
4,300	115	1,030

For the years 1945 and 1946, statistics were listed for the two counties in Area 13c, Lampasas and Mills, and both counties produced: 1945, 706 bales; 1946, 448 bales.

4-R CLUB ENCAMP.

All County 4-H Club boys and leaders, don't forget our County 4-H Club encampment to be held at Kemp lake on June 3-4. All boys are urged to attend and we will make it one of the best county encampments we have ever had.

All boys bring bedding to sleep on and knife, fork, spoon, plate, cup and bathing trunks. We will meet here at court house at 1:00 p. m., Thursday, June 3rd and transportation will be furnished, and the camp will be over immediately after dinner on Friday, June 4th.

We will play ball, swim and have a picture show at night. Don't forget the date boys and let's all be there.

BIG PARADE MONDAY P.M. TO START THIRD ANNUAL RODEO

The largest parade ever witnessed in Mills County is expected to be the one that will assemble next Monday afternoon at 3:30 o'clock to parade through the business district and other sections of the town.

Parade marshals W. L. Mahan and Dan Holland will head the parade, followed by 76 mounted riders of the Pecan Valley Riders Club from Brownwood in uniform, the Goldthwaite High School Band, all the rodeo performers and contestants, and as many local horseback riders and automobiles as will join the parade to officially inaugurate Goldthwaite's Third Annual World Championship Rodeo Cowboys Association-approved Rodeo.

Everyone who will is asked to ride in the parade.

First performance will be next Monday night, May 31, beginning at eight o'clock. Two other performances will be given beginning at 8 on Tuesday and Wednesday nights, June 1 and 2.

There will be many more seats this year than last, and Malcolm Jernigan announces there will be plenty of seats for everybody. Reserve seat tickets for all three nights are on sale at Rodeo Headquarters at the Coffee Shop. There will be 350 or more reserved seats. General admission tickets can be secured at the gate each night, the box office opening at 7 p. m.

Stock for Goldthwaite's Third Annual Rodeo will be furnished by the Sprott and Spence Ranch, Killean, Texas, who are among the best Rodeo Producers in the country. There will be five main events each night, and \$1,000 in cash prizes has been added this year.

The main events are Bareback Bronc Riding, Saddle Bronc Riding, Bull Riding, Steer Wrestling, and Calf Roping. Besides these, there will be Ladies Events and Girl's Flag Races. The entrance fee to the Ladies' Events is \$10, and \$100 has been added.

As a special attraction, on the last night of the Rodeo, Wednesday night, June 2, the famous Gatesville Quadrelle, a horseback Square Dance, will perform for that one night only.

Rodeo Producer Darrell B. Sprott will stage the Rodeos and Rodeo Clown Charlie Schultz will clown the shows.

Huge crowds are expected to attend all three performances if the weather is good.

GRASS HOPPERS

The grass-hoppers continue to hatch and a big crop is coming forth in some localities. Let's kill them while they are young

and it is then the most economical and the easiest. The hoppers can be killed by using a spray of a poison bait. The spray seems to be far more effective if used when the hopper is small. Chemicals used in sprays is Benzene Hexachloride 2 and 1-2 pounds per 100 gallons of water, or a spray consisting of Chloridane 1 pt. of 74 percent concentrate to 50 gallons of water. The latter has not been used in this county and we don't know whether it is poison to live stock or not. The Chemical Companies says that it is not. The B. H. C. has been used and is getting good control of small hoppers when sprayed at the normal small dosage of 2 and 1-2 pounds per 100 gallons.

Poison bran bait can be used but it does not get the kill that our sprays will get. We can get the poison bran bait for you from Waco Mixing Station. For further advice see your County Agent on Mondays and Saturdays in the office the rest of the week he is out in the field.

D. B. McCOMBS,
County Agent

BAG WORMS

Well, folks, our old annual pest of the arborvita's threes is here again. He is none other than the bag worm. On investigation, we have found on some trees a very heavy infestation while on others not so many.

Take a good look and if you find any, now is the time to get him while he is young and his cocoon is tender. The bag worm can be controlled by spraying with Benzene Hexachloride (BHC) using about 1 pound to gallons of water.

D. B. McCOMBS,
County Agent

Skunks are also called wood pussies.

Over the hills and plains of Texas came covered wagons to make Texas history. Reminiscence of those days will be colorfully brought to life at the Goldthwaite Rodeo.
