Everything From Turkey To Football

Children Reflect On Thanksgiving

By PEGGY WILLIAMS

Thanksgiving means something different to everyone.

To some, Thanksgiving means turkey and all the trimmings, to others it's a time for family gatherings and to most it's a special day to give thanks.

To Mitchell County school children, Thanksgiving means everything from turkey to football games.

According to Hadly Weaver, first grader at Kelley Elementary, Thanksgiving "is something you eat turkeys for."

Students in Mrs. Easterwood's fifth grade class at Hutchinson had some interesting thoughts on what Thanksgiving means:

"Thanksgiving is a very special day and you can have a feast and Thanksgiving means freedom and having a school," said Cheryle Ann Barton. "Thanksgiving means America and thanking God for church and our home."

According to Staci Wood, Thanksgiving means "freedom, life and bravery."

Lisa Martinez said, "To me Thanksgiving means alots of food and whole lots of fun because all your family is there. It means your whole family is sitting down with their heacs down low ready to pray..."

"I like to see all my family and eat turkey and all the goods and eat pucken pie and cookies and look and T.V. and play," said Carmen Reyes.

To Adam Alvarez, Thanksgiving means "having a feast and praying for God and having fun playing and making friends with other people and inviting the people and the old days of the United States of America. It means school is coming soon with all kinds of seasons!"

Andrew Pineda had somewhat of a different idea of what Thanksgiving means..."it means the opening kick-off of the game, but it also means a feast, a family, happiness and freedom."

"Thanksgiving means to me a bunch of food and thanking God and that you thank God for what He does to help and love us. It also means to me that the Mayflower made it over to the new world for freedom," said Connie Ward.

Milton Braun said, "Thanksgiving means to me a good joyful time when everybody gets together and has a big feast. It makes me feal very, very good and hungry, too. I like to have Thanksgiving because they have pumpkin pie and other good food."

Besides telling what Thanksgiving means, Mitchell County students also related what they were thankful for.

Students in Mrs. Roenfeldt's fourth grade class at Hutchinson said the following:

"I'm thankful for all that God has done for us and what the pilgrims had done for us to. I hope we will stay like that until we die and I like all the food that the pilgrims gave like turkey, corn and the vegetables that they left for us in the United States," said Marty Davila.

Natalie Abbott said, "I'm thankful for freedom, schools, my body and that I can move, shelter, food, clothes, parents, Bibles, each other, God, pilgrims, Thanksgiving, churchs and that we can pray, sun, world, sea and the Indians."

"I am thankful for my family and my church and this world and for our food," said Reggie Gardner. "And, I am thankful for rain and the pilgrims and I'm thankful that I can hear and walk.. I'm thankful for the Indians. Most of all I'm thankful for me."

Danny Hogue noted, "I am thankful for the people all around us because if it wouldn't for Coumbus or the pilgrims we might not be here today. I am thankful for my face, nose, and mouth because if we didn't have a nose or mouth we couldn't smell or eat. And I'm thankful for the world."

Daphne Fowler said, "I am thankful for freedom, food, and the freedom to pray as we pleas...I am also glad to live in America instead of Hollond or Englond because of the freedom we have here."

Miss Lynn's third grade class at Hutchinson expressed some interesting thoughts about what they were thankful for:

"We are thankful for all animals and the woods and the birds and the trees and the sky and the raoons and the squirrels and the best of all is God," said Edward Garcia.

Anjenette Dominquez noted, "We are thankful for money, presidents, dogs, cats, farmers, firemen, holidays, Christmas, people, schools, Thanksgiving, houses, holiday, churches, God."

According to Christina Martinez, "We are thankful for God and the flowers on or backyard and frontyard and or mother and father and the days and weeks and sky the pond the birds and moon and sun and the stars and rain."

"We are thankful for the big turkey dinner and the dressing and the fish in the brook," said Manuel Martinez.

Kendell McGuire is thankful for "food, and the clothes and God and the beauty and the water and our mother and father and our eyes and the school and the sun and the moon and the stars and the rain and clouds and Thanksgiving."

"We are thankful for mother and father and grandfather and grandmother and teachers and water and food and Thanksgiving and big turkey and dinner and pilgrims and presidents and money and dog and cat and the farmers and firemen and God," said Patrick Tillis.

Mrs. Rose's fourth grade students at Hutchinson told what they were thankful for:

Sara M. Salazar said, "I am thankful for a mother, father, sisters, brother and I am thankful for having a very pretty teacher. And I am also thankful for having turkey, mashed potatoes, pudding, green beans and other goody's on Thanksgiving Day."

Bruce Gonzales is "thankful for my hole family and my friends and I am thankful for my teachers. I am thankful for everybody in the world and I care about the girls to. And I am thankful for the turkey and for God."

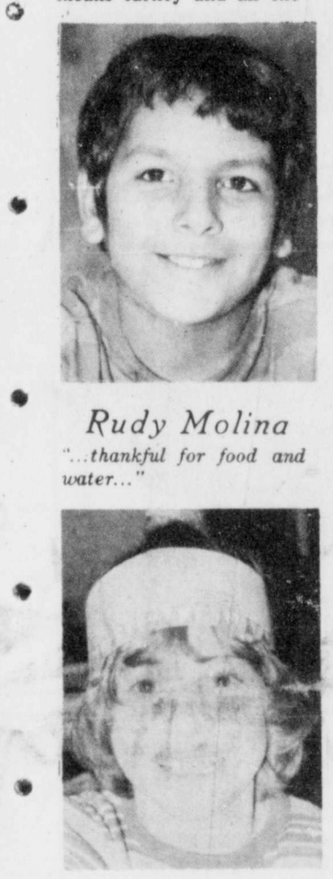

"I am thankful for the friends that I have to play with and to talk with...and I am thankful for everything that God wants us to be thankful for and I think He wants us to be thankful for everything. And I am especially thankful for Jesus Christ," said Holly Hicklin.

Donna Davila noted, "I am thankful for food to eat, clothes to wer, coats in rain, birds that fly, for my mother and father, for friand because they are nise, flowers because they are pretty and for my cat to walk."

"I am thankful for my parents and I am thankful for food and for my friends they are Scott, Robert, Marty, Paul," said David Birmingham. "I am thankful for air country, our flag, and for or things."

LeAnne Parker is thankful for "my family and all the good things that they give me. And I am thankful

Chamber Plans For Christmas

After the Thanksgiving feast is over, sit back and begin to think about Christmas...

Does it seem to be too soon for Christmas?

Not according to Colorado City's Chamber of Commerce.

Plans and preparations are already being made to celebrate Christmas in style in Colorado City.

Dec. 7 will be the day for Christmas promotion with many of the businesses planning to remain open late.

Traditionally, a Christmas parade will be held through downtown but this year it will be at 7 p.m.

Joe Kirschbaum, co-chairman of the Christmas promotion committee of the Chamber of Commerce, said that although the parade will be about two hours later than it usually is, it "won't be any colder at 7 p.m. than it will be at 5 p.m."

Deadline for entering the parade is 6 p.m. Dec. 7. Kirschbaum noted that churches, schools and various organizations have begun to contact him about entering the parade. He said that "we're hoping for at least 12 floats."

Prizes will be awarded to the first, second and third place winners in the parade. First place will receive $75, second place $50 and third place $25.

Those interested in entering the Christmas parade should contact Kirschbaum, the Chamber office or Brad Rose, co-chairman of the committee.

Kirschbaum explained that everyone is invited to enter the parade regardless of age and that go-carts and other vehicles are welcome.

Before the parade gets underway, a $100 "stocking stuffer" will be given away at about 6:30 p.m. Tickets to register for the prize will be given away at participating merchants beginning Monday.

Highlighting the Christmas promotion Dec. 7 will be an appearance by Santa Claus who will be visiting with children to check Christmas lists.

This year, the Chamber of Commerce is building a house for Santa which will be located beside Sparks Hardware. Santa will be available at various hours to talk to children and adults.

In an exclusive interview, Santa informed the *Record* that the children of Mitchell County have been especially good this year.

Santa said that he and the elves have worked especially hard this year to fill orders.

"The stores in Mitchell County are stocked with what the boys and girls want this year," said Santa.

Last year, Santa said it was an unusual Christmas because there was not a special item that the youngsters asked for.

Besides visiting with children and adults on the streets, Santa also visits Mitchell County nursing homes and schools.

"I really like to go to Loraine to the Lion's Club," said Santa. "But the best thing of all is visiting in the nursing homes and with all the little children."

Regarding the Christmas promotion, Chamber of Commerce Manager Larry Winders said, "This is the business community's way of returning Christmas to the people it belongs to--the children."

Merchants participating in the Christmas promotion are Ideal Exteriors, Eddie's Pharmacy, Penton & Son Floor Coverings, Inc., Kirschbaum's Clothiers, Sparks Hardware, Glenda Stinson, Little Critters, Creations By You, Free's Friendly Shop, The Occasion, Fuller Foods, Corner Drug, Lazy Day Drive-In, Bowers Z-Bar-B Western Wear, E-Z Way Superette, Danborah Studio, Penny Lane, Western Auto and Donut Alley.

Others participating are Truck Town Restaurant, Perry's, *Colorado City Record*, Safeway, Ben Franklin, Britton's Furniture and Accessories, Sanderson Jewelry, Landau's, Colorado Drug, Colonial Food, Myer's Auto, Colorado Floral, Better Cleaners, Kiker-Seale Funeral Home, Mary's Beauty Nook, Nancy's Beauty Shop, C. R. Anthony Company, Stereo Corral, Montgomery Ward & Company and Colorado Lumber and Supply.

Dec. 21 the Chamber of Commerce will sponsor a house lighting contest.

Deadline for entering is Dec. 20 and persons wishing to have their houses judged should contact the Chamber and submit names and addresses.

A team of three women will be judging the houses, said Kirschbaum.

There is no entry fee for the house lighting contest and a prize of $50 will be awarded to the first place winner.

Wolves Pep Rally Saturday

This week's pep rally for the bi-district game between Colorado City and Slaton will be held at 10 a.m. Saturday at the Colorado High School auditorium.

Everyone is urged to attend and back the Wolves, according to school officials.

Tickets for the Saturday night game in Snyder will be available at the high school office till 4 p.m. Friday and from 9 a.m. to noon Saturday.

Tickets are $3 for adults and $1.50 for students. Colorado City is the visiting team for the play-off contest and will sit on the east side of the Snyder stadium.

Food Stamp Act Sets Provisions

The Department of Human Resources will begin implementing some provisions of the federal Food Stamp Act of 1977 on Dec. 1.

According to Jerome Chapman of the Texas Department of Human Resources, the most significant portion of the Act is the elimination of the purchase requirement.

"This means that participants in the food stamp program no longer will be required to spend any of their own money for the food coupons," noted Chapman. "It is this part of the Act which the department will begin on Dec. 1."

Under present regulations, participants in the food stamp program use some of their own money to purchase the stamps, with the amount depending on their net family income.

Besides the stamps purchased by the participants' money, they also get additional stamps known as bonus value coupons.

For example, a low-income family of four may pay $58 for which it receives $182 in food stamps. The difference between what this family pays and what it gets in stamps is $124, marking the bonus value.

Under the new federal regulations to begin Dec. 1, participants will receive only the bonus value of the stamps.

"Since participants will be receiving fewer stamps, they will be encouraged to spend at the grocery stores their own money that formerly went for stamps so that they can maintain an adequate diet," said Chapman. "Sufficient nutrition is the goal of the food stamp program. Disadvantaged citizens who suffer inadequate nutrition tend to have higher than average illnesses, frequently receive inadequate medical care and their ability to cope is diminished."

Chapman noted that eliminating the purchase requirement is expected to be especially beneficial to elderly Texans.

"Many of these elderly people exist on limited, fixed incomes which do not contain enough dollars for them to participate in the food program as it exists now," Chapman explained. "After Dec. 1, they can participate at no cost to them."

Because food stamps are part of a nutrition effort of the United States Department of Agriculture, the Department of Human Resources is bound by federal regulations in administering the program in Texas.

About 750,000 Texans are certified to participate in the food stamp program, Chapman noted. However, only about 30 per cent of potentially eligible Texans apply for stamps, since more than two million of the state's citizens live below poverty level.

The average monthly income of food stamp households in Texas is $330. By eliminating the purchase requirement, more than 102,000 Texans are expected to be added to the food stamp rolls.

"Most of these persons already are certified for the program but have not been participating," said Chapman, adding that the reason for many is the lack of money to pay the recipient's share.

The food stamp program places about $31 million monthly into the Texas economy.

Additional changes in the food stamp program will occur March 1, 1979, noted Chapman.

"These changes involve new guidelines for determining eligibility of applicants for the program," said Chapman. "The changes will eliminate some participants with the highest incomes, but will make the program more accessible to poor people not now participating -- especially the elderly and working poor."

Chapman explained that there are work requirements in the new regulations. People who can work, if they are 18-60 years of age and not already working, must register for work, must look for work and may not turn down or quit a job without good cause.

Exceptions regarding the work requirements involve people who are already working, people caring for someone at home, people in drug and alcoholic treatment centers and SSI recipients. Students must register to work at least 20 hours per week.

A statewide toll-free food stamp hotline has been established to answer questions and take complaints about the program. The hotline number is 800-252-9330 and will be operational by Dec. 1.

Every Michelin 'X' tire is backed by a 40,000 mile warranty for tread wear on domestic cars. That's just about twice the mileage you'd expect from a conventional tire under the same driving conditions. Also, because of its radial design the Michelin 'X' rolls with less road resistance than conventional tires, and that means you can save up to 10% on your present gas consumption (pretty good considering today's fuel crisis.) Plus, every Michelin 'X' tire gives you all the distinctive radial tire advantages over conventional bias-ply tires; smoother ride, easier handling, better traction and firmer road holding. And, they add up to a lot of comfort and safety. Invest in better driving. Stop in and have a set of Michelin 'X' radials installed today.

COLORADO MIDDLE SCHOOL CHATTER

Popcorn sale!! Great for Christmas!!

The Fellowship of Christian Athletes of Colorado Middle School began selling pop corn in beautiful glass containers Tuesday and through Sunday. The money collected from sales will be used for a trip at the end of the year.

Remember...you do not pay for the popcorn yet. You sign your name stating you want to buy it. When we get the pop corn in, we will get it to you and you can pay then. The cost of the jar and popcorn is only $2.75.

Social Studies sixth period did reports on different countries. We got to go to the library and read up on a country. It took us about a week to finish. We had to put our reports in a folder. It took Mr. Hargrove about two or three days to grade all the reports.

Over this past weekend, social studies students had to prepare for a test given by Mr. Hargrove. The test was about Europe and we took it on Tuesday. We got to use our notes.

Also, we got to bring coins, dollars and other things this week. Mr. Hargrove picked the best reports and other things brought by the students and put them on display.

Kids from all over the school came to see the things on display Monday and Tuesday. On Tuesday parents were welcome to come and look.

The FCA girls had a meeting last week to decide on what to do for Christmas. The decision was to have a Christmas party and go caroling. The party is to be held at one of the members houses on December 19.

The next church that will be attended will be the Episcopal Church on January 14. The girls will not go to a church in December because of other Christmas activities.

Also, at our last meeting, a few of the girls gave a skit about the "Good Samaritan." The moral of the story was to always help those in need.

A dance was held last Thursday in honor of the football boys. The football boys asked a girl to go (if they weren't too shy).

The dance was held in the Civic Center. The room was decorated in the colors of our team. The lights and music were really good. They even had their own disc jockey, the one and only Lisa Blankenship. If you're wondering what kind of music was played, you name it--they played it. For the hungry people, there was lots and lots to eat. The remaining part of the food will be kept and donated to the school Christmas dance.

There were three boys that showed their appreciation to the coaches by giving them a little gift. James Blackwell gave Coach Robinson a little football. Coach Gierhart was given a football by Rodney Blankenship and Tony Nobles presented one to Coach Zamarippa.

The dance was held from 7 to 11 p.m. Everyone would like to thank the Blankenships and the Blackwells.

Wolves To Battle With Slaton Again

For the second time in two years, Colorado City's Wolves will enter post-season football competition, this time against the Slaton Tigers, the only team to have defeated the Wolves this year.

It's rare for a team to get a second chance at a team in the same year, said Wolves Coach Mike Farda.

The game between the Wolves, champion of District 6-AA, and Slaton, champion of District 5-AA, will take place in Snyder Saturday with the kick-off set for 7:30 p.m.

The Wolves had six fumbles in the first game of the season against Slaton, won by the Tigers 20-13. Two of those fumbles led to scores in the second half by Slaton. Slaton is the only team to have scored more than one touchdown in a game against the Wolves this year.

Since that time, Colorado City has won nine straight games and have shutout the opponents in the last 31 quarters of competition. The Wolves has scored 237 points this season as compared to 32 for opponents. They were unscored on in district competition.

Slaton has scored 215 points this season while giving up 118 points to the opposition. They have won seven games and lost three, ending up in a four-way tie with Seminole, Frenship and Tahoka for the district championship and then won the draw to represent the district.

In addition to winning 20-13 over the Wolves, Slaton won over Dimmitt 26-21; lost to Littlefield 8-7; lost to Frenship 19-6; won over Post 21-14; won over Denver City 29-7; won over Lubbock Cooper 48-0; won over Lubbock Roosevelt 28-14; won over Seminole 27-15 and lost to Tahoka 7-3.

District 6-AA, which Colorado City will represent, has not fared well in recent years in bi-district competition with District 5-AA. Three years ago, Slaton defeated Anson; two years ago Post won over Stamford and last year Tahoka won over Colorado City.

The Wolves have had trouble with District 5-AA including losses to Denver City three times and Seminole once in volleyball, losing to Tahoka in football and losing to Denver City in bi-district basketball.

Farda pointed out that in the last three years, the Wolves has lost eight games and three of those have been losses to Slaton.

"Our kids are not going to be content with being district champions for two years in a row--they want to win as many play-off games as humanly possible," said Wolves Coach Mike Farda.

Both teams have im- the season opener, Farda

Westbrook led by a said.

About Slaton, Farda said they run the I-formation on offense and a six with stacked linebackers at times on defense. They run a lot of sweeps and they veer off the I-formation and their quarterback, Ricky Davis, is the best quarterback Colorado City has seen this year Farda noted. He made the longest run from scrimmage, 25 yards, made against the Wolves this year.

In addition to being a good ball handler, Davis also is a good passer and has good receivers. Against Seminole, Davis had three passes for touchdowns, the shortest of which covered 40 yards.

All of the Slaton backs are quick and fast, Farda noted. Slaton has a real aggressive team and all of their players are in good health.

All of the Wolves are also healthy, Farda noted. He added that there have been good workouts this week and everyone is excited about the game.

Junior Varsity players who have been added to the varsity for the playoffs include Squeaky Hanks, Doug Neff, Jay Green, Clay Burt, J. D. Lewis and Clay Hammond.

Seniors playing for the Wolves include Gene Carter, DaWayne Iglehart, Ricky Sanchez, Tony Truelove, David Rivera, Ruben Rivera, Johnny Garcia, Joe Franco, Gary Hulme, Mike Womack, Stephen Walker, Tommy DeLoera, Andy Swinney, Joey Landeros, Jim Shoemaker, Donnie Lowrance, Ernest Aguilar, Martin Molina, Sam Gomez, Mitch Hamer, John Alvidrez, Dwayne Staats, Rodney Wheeler and Jay Feaster.

There are two juniors on the squad, Russell Noel and Britt Chaney, and two sophomores, Doug Johnson and Mark Piland.

In the Winters game, those receiving helmet awards on defense were Britt Chaney, Andy Swinney, Ernest Aguilar, Mark Piland, Mitch Hamer, Rodney Wheeler, Ruben Garcia, Joe Landeros, Tony Truelove, David Rivera and Gene Carter.

Receiving helmet awards on offense were Gene Carter, Joe Franco, Gary Hulme, Tony Truelove, Ricky Sanchez, Jim Shoemaker, Tommy DeLoera, Martin Molina, DaWayne Iglehart, Donnie Lowrance, Ruben Garcia, John Alvidrez, Sam Gomez, Dwayne Staats, Russell Noel, Joey Landeros and Stephen Walker.

Seminole Defeats Wolves

Colorado City's volleyball squad was overwhelmed Tuesday in bi-district by Seminole in two straight games, 15-3 and 15-2. The two teams met in Snyder.

In the first game, Seminole led 14-0 before Colorado City could score. Seminole won with 4:36 left in the game.

In the second game, the local girls were behind 3-0 when they scored their first point and behind 6-1 when they scored their second and final point. When the final game was over, there was 3:23 left on the clock for that game.

Seminole will advance to the regional tournament in Lubbock next weekend.

Coach's Corner

By MIKE FARDA

This week the Colorado City Wolves enter into the state playoffs against the Slaton Tigers. The game will be played at Snyder on Saturday, 7:30 p.m.

Last year was the first time Colorado City had been in the playoffs since 1954. We were all excited about winning district and just being there. Our kids played a fine ballgame against a very good Tahoka football team. We lost, 20-14 and were very disappointed but we still had the feeling of satisfaction about winning the first district championship in 23 years.

This year things are a little different, our kids are not going to be content with being district champions for two years in a row. They want to win as many playoff games as humanly possible.

There are no easy games or poor teams left to play. Each game from here on out gets tougher and tougher until there is only one left and that is what a state championship is all about.

We have an opportunity not many teams ever have this year in playing Slaton in the bi-district. We have a chance to play a team who has already beaten us once this year. This time around the game means much more than a season opener. This time the bi-district championship and a chance to advance to regional is on the line.

There is no comparison between either football team now and back on September 8. Both teams have improved tremendously both offensively and defensively. Slaton comes in with a 7-3 record with two losses coming in District 5-AA competition against Frenship and Tahoka.

The key now, as back in September, is their quarterback, #10 Ricky Davis. Davis is the best quarterback we have seen all year and he has improved very much since the first ballgame.

Slaton does basically the same thing now they did early in the season. They run from an I-formation--sweeps, sprint-outs, and power off tackle. They also run two or three different types of option plays with Davis carrying the ball.

Our defense has improved very much the first game also, we have not been scored on in seven straight games and 31 consecutive quarters. Our defense will get the test Saturday night.

Offensively we will have to throw the ball more than we have in the last three or four games. It should be a real head knocker Saturday night. In the state playoffs, the team that makes the fewest mistakes and breakdowns and maintains the greatest amount of poise will win.

Good Luck Wolves.

Saturday Night Fever!

For the first time in many years, if not the first time ever, our Colorado City Wolves will be playing a game on Saturday night -- this Saturday night -- and it is a big game, for the bi-district championship.

The game will have our Wolves facing Slaton's Tigers. The Tigers are the only team that has defeated the Wolves this year and the only team to score more than one touch down against our team. The score of that game, the first contest of the year, was 20-13 with Slaton owning the big end.

Our team will get a chance to replay that game Saturday night and this time we feel the results will be different with our team coming out on top.

This will be the last game of the season for the team that loses and we believe our team will give Slaton a case of Saturday night fever that will be fatal to the Tigers' season.

Let's all go to Snyder Saturday and back our Wolves. They've done a super job this year and we're proud of them. We're with you Wolves. Let's get another victory and another shut-out.

Putnam Market To Open

The Flea Market at Putnam, has been closed for several months and will open its doors Thanksgiving weekend, Friday, Saturday and Sunday, to observe its Eighth Anniversary. The hours will be 10 a.m. to 5 p.m.

Eight years ago, R. W. Reynolds, then superintendent of the Putnam Schools, along with some of the neighbors, had a garage sale in an old abandoned 70,000-barrel oil tank. It was so successful that others joined in and it became an every weekend affair.

The uniqueness of the facility proved to make the place popular with a great many people from all walks of life. Reynolds says that the most exciting thing about operating the Flea Market is the opportunity it affords to meet interesting people.

The Flea Market has been featured by all kinds of media on a local, regional and national level.

Reynolds moved with his family from Putnam in May and the business has been closed since then. He is hoping to see a lot of the "old timers" along with people brand new to the flea market business.

Traders and dealers are invited to bring their wares and set up free on the premises.

If any of you need a froe, foot adz, old juke box, anvil, genuine woodpecker hole or other useful items, be sure to go over to the Flea Market and look around.

"A setting of 68° during the winter is the one Texas Electric recommends for both comfort and energy efficiency.

For each degree above 68° the energy used for heating your house is increased by approximately 4% per degree.

As shown by the chart the difference between the recommended thermostat setting and 74° is 24%. At 78° the increase in energy usage is 40% or more.

Lucy Dubuis
TESCO Information Dept.

Clearly, the lower you set your thermostat the lower your heating bill is going to be. And after last winter, one of the coldest on record, we think a lot of people are going to be trying their best to use less energy.

Remember to change the filter in your heating system regularly, too. A dirty filter causes your heating system to work longer and that costs you more. Check the filter at least once each month.

All forms of energy are costing more these days. If you're serious about saving energy and money, request a copy of our energy efficiency tips booklet on the comment portion of your electric service bill."

MIKE BURT (right) was presented a plaque on behalf of the American Cancer Society for "outstanding service to the cause of cancer control." Burt served as Mitchell County chairman for the Cancer Crusade for 1978. Mitchell County raised $4,900, which was 48c per capita which was the division goal for Texas. Mitchell County was one of two units in the 16 unit division to reach the goal. Burt has been selected to serve as Cancer Crusade chairman for Mitchell County for 1979. Bart Jones, district executive director for the American Cancer Society from Abilene, is pictured presenting the award.

for all my friends and I am thankful for my school and my teacher who teaches me to learn about Thanksgiving."

According to Rudy Molina, "I am thankful for my teacher because my teacher is very nice. I am thankful for my father and mother because they let me go to my friend's house his name is Tony. We are thankful for our food and water and our uncles and aunts because they are very nice and let us play inside their house. We are thankful for our house because it keeps us warm."

Andra McKinney is thankful for "many things but the one I'm most thankful for is my family. I'm also thankful for my friends and what they do and don't do. I am thankful for my theacher and my school, even though sometimes I think I hate school really it's great. I am thankful for the food my parents provide for me and my pecan trees."

Kelly Abbott, a second grader in Mrs. Reynold's class at Kelley Elementary, said she was thankful for her new sister, school and her teacher.

Ricky Mendoza, also in Mrs. Reynolds' class, said he was thankful for "food, homes, school, churches, mothers, fathers, brothers and sisters."

First grade students in Mrs. Anderson's class at Westbrook School were asked what they were going to do on Thanksgiving.

"I'm staying home for Thanksgiving and eat turkey," said Jason Morris.

Jeanie McCartney is "going to have turkey and chocolate pie for Thanksgiving."

"Me and my brother and sister are going to eat peanut butter sandwiches and turkey for Thanksgiving," said Glen Gerhardt.

Amy Chitsey is going to "have chicken and "I'm going to watch the Cowboys play."

Linda Dockrey isn't going to do anything on Thanksgiving Day "except eat turkey and dressing."

Burglary Remains Unsolved

Colorado City Assistant Police Chief Jerry Cowin said Tuesday that there had been no new developments in the burglary of the Arclight Emporium, 140 E. 3rd Street, which occurred on November 12.

Twenty-eight firearms, including nine shotguns, 13 rifles and six pistols valued at around $3,000 were taken which occurred sometime after 2 a.m.

According to Buddy Crabtree, owner of the business, 13 of the firearms were merchandise items up for sale and the remainder had been left in the shop by their owners for repairs.

Cowin stated that the incident is still under investigation.
