Jap Torches Sear Manila

Desperate Nip Remnants Are Being Destroyed In Three-Way Yank Drive

By C. YATES McDANIEL
Associated Press Staff Writer

MANILA, Wednesday, Feb. 7—Liberated Manila's business district was ablaze Monday from Japanese torches, Gen. Douglas MacArthur announced today, but three American columns still were liquidating the desperate enemy in a tightening three-way trap.

(CBS radio correspondent William Dunn reported today the fires had been burning 36 hours.)

Arthur Feldman of the Blue network said earth-shaking explosions were followed by sheets of flame Monday at sundown, and the business area was soon a raging inferno.

Many Burned Alive

(He quoted a disappointed American doughboy as saying, "Well, there goes our good time in Manila!"

(Feldman said the number of persons who died in the burning of Manila probably will never be known, but "undoubtedly many Filipinos were burned alive.")

By yesterday morning the flames began to die down, but it still was impossible to assess the actual damage.

House to house fighting was in progress in some sectors as the Yanks of the First Cavalry, 37th Infantry and Eleventh Airborne divisions closed in for the final mop-up.

Wanton Destruction

"The trapped and frustrated Japanese garrison has wantonly set fire to the downtown business district along the Escolta and is practicing general sabotage destruction which has no relation to the military operations," MacArthur announced.

Flames soared from building to building in the business section and spread toward ancient Bilibid prison, from which 800 prisoners of war and 500 civilian internees were freed by American troops Sunday.

Water mains were empty and the manila fire department was helpless. The enemy blew up water pumping stations several days ago.

Pledge Redeemed

MacArthur told his men in a general order that "you have inflicted the greatest military defeat in its history on your enemy."

"You have redeemed a country's pledge to recapture its lost land," he said. "You are restoring to the East its destiny. You have fulfilled the sacred mission for our hallowed dead.

"For this we thank God."

MacArthur requested that divine services be held throughout the sea, land and air command.

The Eleventh Airbonre spearhead pushing into Manila along two routes met stiff resistance around Nichols field, at the extreme southern edge of the municipiality.

The enemy is isolated on Bataan and in northeastern Luzon,

RUSSIANS VISIT IN AREA—Three agricultural engineers of the Soviet Government Purchasing commission from Washington, D. C., spent Tuesday in the Lubbock area making a study of mechanical harvesting of cotton. Don L. Jones, superintendent of the Texas Experiment sub-station east of Lubbock, was their official host and conducted them on the day's tour of operations of various types of machines. Last night J. P. York of the Farmer's Supply company was host at a dinner for the group at the company's offices here where they were shown motion pictures of mechanical harvesting. The picture above was taken as they were viewing the films. In the picture, left to right, back row: Jones, M. A. Pustygin; front row: A. S. Mayat and A. L. Zakharchenko. The officials have been in the United States six months. They returned to Dallas last night.

Reds Storm Across Oder On Wide Front

Troops Plunge On Near Breslau And Nazis Report Other Crossings Made

By W. W. HERCHER
Associated Press Staff Writer

LONDON, Wednesday, Feb. 7.—The Red Army has stormed across the Oder southeast of Breslau and penetrated 12½ miles beyond its west bank on a 50-mile front, Moscow announced last night, while German reports said the water barrier protecting Berlin and the heart of the Reich had been crossed by the Russians in two other sectors as well.

Broadcasts from Berlin, again reporting Soviet successes long before their confirmation by Moscow, placed Red Army units west of the Oder northeast of Berlin, perhaps less than 30 miles from the battered capital, and northwest of Breslau in the area of Steinau, a Silesian city which the Germans said they had evacuated.

Reds Break Silence

The announcement of the Silesian crossing, made first in an order of the day by Marshal Stalin and repeated in the nightly communique broadcast from Moscow, broke the silence that had blanketed operations of Marshal Ivan S. Konev's First Ukraine Army for several days.

But as the spotlight returned to Konev's forces, Moscow fell silent regarding Marshal Gregory K. Zhukov's First White Russian Army deployed along the river farther north.

Aside from reporting minor gains in East Prussia and Budapest, the Moscow bulletin ignored all the Eastern front except the Silesian sector.

West Bank Towns Taken

Konev's drive across the Oder, it said, captured Brieg, 24 miles southeast of Breslau; Ohlau, nine miles northwest of Brieg and on the Oder's west bank; Grottkau, south of Brieg and 10 miles west of the Oder, and Thomaskirch, southwest of Ohlau and seven and one-half miles southwest of the river.

Konev's front west of the Oder extended from captured Oppeln, capital of upper southern Silesia, northwest to Breslau.

His offensive had been reported earlier by Berlin commentators, who said it might indicate a drive on Dresden, 160 miles to the west, as well as a move to outflank Breslau.

Forded At Six Places

Broadcasts from Berli.. said the river had been forced at six or more places in the Kustrin-Frankfurt sector, northeast and directly east of Berlin. Moscow has not yet announced any bridgeheads in that sector, but a Soviet broadcast declared:

"Kustrin and Frankfurt are being outflanked. No miracle can save Berlin. Its fall can be delayed only for a few weeks at the most."

Furious struggles of the west bank of the Oder northwest of Kustrin, reported from Berlin, probably have brought the Soviet forces within 30 miles, perhaps less, of the Nazi capital. Official announcements from Moscow place Marshal Gregory K. Zhukov's First White Russian Army 32 miles from Berlin at Zellin, on the Oder's east bank.

On Edge Of Frankfurt

Zhukov has broken in to the outer defenses of Frankfurt itself, said Lt. Col. Fred Von Olberg, German military commentator, but he claimed that Russian efforts

Big Three Ties Into Problems

By JOHN A. PARRIS, JR.
Associated Press Staff Writer

LONDON, Feb. 6—It was disclosed definitely today that the Big Three actually are in conference, and the expectation was expressed in informed quarters in London that President Roosevelt, Prime Minister Churchill and Premier Stalin might already have tackled the thorny problem of halting future aggression.

Sir Walter Citrine, British trade union leader, explaining why Prime Minister Churchill was not present to address today's opening of the Trades Union congress, announced that the British, American and Russian leaders were meeting "at this very moment."

Location Not Hinted

Citrine did not hint as to the location. The German radio said the meeting was being held either aboard a ship in the Black Sea or at a Black Sea port, while the French telegraph agency said it was being held at Sochi, on the Black Sea's eastern shore at the foot of the Caucasus mountains.

With indications that the conference had been in progress for some days, it seemed that the more urgent problems of defeating Germany and controlling that nation might have been settled.

This would clear the ground for discussion of a future world organization and the unanswered question of Dumbarton Oaks, whether a majority or unanimity would be required to determine an aggressor.

Differences of opinion arose at the Dumbarton Oaks conference between Russia and the United States on voting arrangements of a proposed security council, the Russians favoring unanimity while the Americans preferred decisions by a majority vote.

Nazis Greatly Interested

Indicating German interest in the conference, the German press and radio carried thousands of words seeking to bolster the home front against an expected demand for German capitulation.

Foremost problem on the meeting's agenda undoubtedly was the military finish of Germany, then the political and economic aspects of reshaping Germany, Europe and the world.

The British press association said no official announcements could be expected until the leaders had returned home, when simultaneous statements would be made in Washington, London and Moscow.

Manila Inferno Mournful Sight

SAN FRANCISCO, Feb. 6. (AP)—The removal to a hospital of the last liberated internees to leave Bilibid prison—one a little boy holding a teddy bear and excited over getting a ride in a truck—while embers of burning Manila fell about them, was described today in a broadcast.

Arthur Feldman, blue network war correspondent, went with the evacuation convoy from Santo Tomas after watching Manila's business district ablaze Monday night while standing atop a tower at the university.

Explosions Rock City

"The buildings of the university, which had been a prison for thousands of Americans and Allied internees for over three years, shivered and shook from twilight on Monday through most of the night," Feldman said, "and when I looked at Manila in the gray light of Tuesday morning (after the Bilibid evacuation) there were still occasional explosions."

"Just about sundown Monday, the area north of the Pasig river began to mushroom into flames," Feldman said.

"As dusk fell, the flames spread and I went on up into the tower of the main building of Santo Tomas to watch Manila's business section turn into one great sheet of flame. I would be looking at a building and then suddenly there would be an explosion and there would be nothing but a great sheet of fire where the building was that would hide everything for a moment and then it would die down. Then I'd see the building again.

GI Good Times Fade

"This time it would be burning steadily. A GI standing next to me up in the tower during the early evening hours was looking at the blaze and shaking his head; and then he turned to me and said sadly, 'Well, boys, there goes our good time in Manila.'"

(Feldman said in a later broadcast it was certain that many persons perished in the downtown district).

"Just before 10 o'clock, Brig. Gen. William C. Chase of our First Cavalry told me he was sending a convoy of ambulances and trucks from Santo Tomas to Bilibid prison. The fire at that time seemed to be sweeping dangerously close to Bilibid where over

Yanks Push On Beyond Main Emplacements In Siegfried

By AUSTIN BEALMEAR
Associated Press Staff Writer

PARIS, Wednesday, Feb. 7—American troops fighting in or beyond the Siegfried line's main emplacements along a broad front in western Germany extended their operations northward yesterday with a two-direction attack against the last enemy positions west of the Roer guarding the river's important dams.

(German commentators predicted last night that an imminent Allied offensive on the Western front would come at a point not now active.

The U. S. Third Army advanced up to a mile and one-half on an eight-mile front, while the American First Army pushed within a half-mile of clearing the Siegfried line's permanent fortifications.

On Alsatian Front

On the Alsation front French First Army troops with American aid continued cleaning out the halved Colmar pocket of Germans while the Americans placed the fortress city of Neufbreisach under siege.

The British, Canadian and U. S. Ninth and Seventh Army fronts remained comparatively quiet.

At the extreme northern end of the active American front inside Germany, the First Army's 78th division was squeezing the last Germans from the west bank of the Roer. This division advanced with 1,500 yards of the town of Schmidt, north of the dam network that controls the Roer's headquarters.

Ninth Takes Village

The village of Scheuren, a half-mile northwest of Schleiden, fell to the Ninth division. Schleiden is one of the last anchor points of the Siegfried line's deep defenses, but it is not known what works the Germans have been able to erect hastily farther east.

Two and one-half miles southwest of Schleiden the Second division ran into stubborn German tank and infantry forces. Heavy fighting was in progress there in thawing weather which flooded some creeks. Resistance generally was spotty, however.

U. S. Third Army men took a string of Siegfried zone towns and pressed within three miles northwest of Prum.

The Third Army's 90th Infantry division captured Habscheid, six and a half miles southwest of Prum, in a mile and a quarter gain and also took Lutzkampen, 11 miles southwest of Prum, in an advance of a mile and a half. Berg and Grosskampenberg, 10 miles southwest of Prum, fell in the same push.

Schlausenbach, six miles northwest of Prum, also was taken in the Third Army's advance against light artillery fire.

While opposition generally was not strong, there was no indication that the Germans had made any wholesale evacuation.

American and French First Army troops in Alsace meanwhile tightened the Vosges pocket to seven by ten miles in area, and cut off its western end, capturing the towns of Munster, Southzeren, Stosswihr, Gieshouse and others.

The Germans were fighting stubbornly on the shoulders of their now-blunted salient in Alsace but one of their most savagely-held spots, Neufbreisach, was placed under sieze by Americans who crossed the old city's moats during the night and closed in from three sides. One thousand Germans there were reported under orders to fight to the death.

In improved weather, the Allied tactical air forces were busy directly behind all the fronts, from Holland to the upper Rhine.

Surplus Property Probe 'Explodes'

By ERNEST B. VACCARO
Associated Press Staff Writer

WASHINGTON, Feb. 6. — A Senate investigation of surplus property sales exploded today in a search for $5,000, denials of previous testimony and a complaint that big names were being injected for "smear" purposes.

The Mead committee inquiring into an auction of government articles by Jacob Goldberg at Maspeth, L. I. heard:

1—Testimony by Don Brown, Defense Plant corporation official, that the goods were knocked down for $168,000 but only $163,000 was banked. Senator Ferguson (R-Mich) demanded that the "discrepancy" be explained by tomorrow.

Says Not Offered Job

2—An assertion by Leroy H. Harris, senior engineer for the DPC, that he never was offered a job by Goldberg. This contradicted earlier testimony by his superiors.

3—A complaint by Senator Connally (D-Tex) that there were attempts to "smear" Herbert Bayard Swope and Bernard Baruch—two nationally known figures—during the inquiry.

Ferguson wanted to know why Brown had joined in a report commending Goldberg's work as an autcioneer in the face of "these apparent irregularities."

Senator Connally voiced his complaint as a member of the Senate War Investigating committee inquiring into Goldberg's activities. It has heard testimony that Swope, former chairman of the New York State Racing commission, wrote to Jesse Jones, former RFC head, and other officials recommending Goldberg's firm.

The name of Baruch, financier and White House adviser, also was used by an official of the firm in efforts to promote business, but the official testified today that he per-

Williams Denies He's Communist

WASHINGTON, Feb. 6 (AP) — Introduction of Dies committee records saying Aubrey Williams belonged to three "Communist Front" organizations brought a sharp clash between senators today at hearings on his nomination to head REA.

Williams had denied any communistic beliefs or connections and declared he would keep politics out of the Rural Electrification administration when Senator Bushfield (R-SD) read from the reports of the House investigating committee formerly headed by Rep. Dies (D-Tex).

Organizations Involved

The organizations which the Dies committee said were "Communist Fronts" and to which it said Williams belonged were the Workers Alliance, the Youth Congress and the Washington Committee for Democratic action.

Williams, denying he had belonged to any of the three, said the only organizations with which he had been affiliated were the Presbyterian church, the American Legion, the Citizens Political Action committee, and "a Jewish group which was raising money for Palestine refugees."

Searching Questions

Williams came in for searching questioning concerning his political and economic philosophy.

Williams declared he would show no favoritism to any farm groups when Senator Lucas (D-Ill) observed that the National Grange, the American Farm Bureau federation, and the National Cooperative Milk Producers federation were opposing confirmation.

Williams picked up an unexpected advocate in the committee in Senator Wheeler (D-Mont) who told reporters he intended to vote for confirmation.

Raid Fires Still Rage In Berlin

LONDON, Feb. 6. (AP)—Berlin was described tonight by a Transocean news agency reporter as still burning from last Saturday's 1,000-plane raid by American Flying Fortresses.

"I dictate by dispatch in the cellar of a house which on Saturday stood like a rock in a sea of flames," the reporter said. "Bombs dropped all around the house. My typist-secretary is wearing her air raid precaution dress.

Pass Victims Of Attack

"When entering our cellar to work," the German reporter continued, "we pass victims of the terror attack. They are covered with blankets. Some kind souls put some flowers or pine branches on them.

"Today I had lunch with Swedish and Spanish journalists in the center of Berlin. We sat between cracked and sloping walls, beside shattered windows, but the table was covered with a white tablecloth.

"German talent for organization cannot be beaten, my foreign friends remarked. Where shambles was on Saturday, people are selling food today. They were more than surprised that the Berlin subway was in operation twenty-four hours after the attack, that papers were appearing and that hundreds of thousands went to work, had their supper in restaurants at night or lived in hotels.

Most of Rubble Cleared

"Most of the rubble has been cleared from the roads," the German writer said. "Burnt-out street cars have been removed and bomb craters have been more or less filled in. Fire-fighting still is in progress at some points. First aid and salvage squads are working continuously to extricate wounded and trapped persons from crushed buildings. Skilled workers repair the water pipes. Electric wires are being laid. Berliners can be seen walking through the streets carrying paper and cardboard for their former windows. As long as I live I will remember Sunday, the day after the attack. Tens of thousands came from the suburbs to lend a hand wherever necessary. Now, today, Berlin again is living and working."

Three Key Nazi Centers Pounded

LONDON, Feb. 6 (AP)—The Allies hurled nearly 4,000 warplanes into the battle of Germany in clearing weather today, even as Berlin still shuddered from explosion of delayed action bombs dropped in last Saturday's raid.

More than 1,300 American Flying Fortresses and Liberator bombers hammered the key communications centers of Magdeburg, Leipzig and Chemitz southeast of Berlin, while fighter-bombers, also concentrating chiefly on railroads, ranged over Germany to within 29 miles of Schweinfurt and 100 miles of Berlin.

Split Into Three Groups

The American heavy bombers split into three groups as they roared over Germany from Holland in an aerial procession 300 miles long.

One of the groups attacked Magdeburg, center of Germany's synthetic oil belt and only 65 miles from Berlin; a second struck Leipzig, Germany's fifth largest city with a population of 750,000 and site of large aircraft, tool and textile industries; the third jarred Chemnitz, rail center and truck and tank factory zone 30 miles from the border of Czechoslovakia and 120 from Berlin. Chemnitz had been attacked only once previously, on Sept. 11, 1944, on a shuttle mission to Russia.

The air fleets encountered no enemy aerial opposition.

RAILWAY HEAD NAMED

MEXICO CITY, Feb. 6 (AP) — Pablo N. Hernandez, assistant manager of the National Railways, was appointed general manager today, succeeding the late Andres Ortiz.

Central Airlines Proposal Heard

FORT WORTH, Feb. 6 (AP) — Trial Examiner Thomas L. Wrenn of the Civil Aeronautics board today heard the suit of Central Airlines, Inc., which proposed 10 feeder lines out of Oklahoma City and Tulsa, three of which would extend to Fort Worth and Dallas.

Two of the routes would connect Fort Worth and Dallas with Oklahoma City, one via Mineral Wells, Ranger, Graham, Wichita Falls, Frederick, Okla., Lawton, Duncan, and Chickasha, and the other via Denton, Gainesville, Ardmore, Okla., Pauls Valley, Okla., Purcell, Okla., and Norman, Okla.

Fort Worth-Dallas

The route connecting Fort Worth and Tulsa would be via the intermediate points of McKinney, Sherman, Denison, Durant, Okla.; Atoka, Okla., McAlester, and Muskogee.

Keith Kahle of Oklahoma City, vice president and general manager of Central, testified that the proposed operation is designed to give each point two daily round trip schedules, generally morning and afternoon. Eight passenger planes, manned by a pilot and co-pilot, would be used. All of the operations would be during daylight hours.

President of Central is Guy O. Marchant, Oklahoma City mil-

(Turn to Page 13, Column 6, Please)

Nazi Airmen Try To Save Brenner Pass

ROME, Feb. 6 (AP)—The German air force was sent into action today in a desperate effort to prevent any further destruction to the vital Brenner pass rail line which had been cut by American bombers, leaving Marshal Albert Kesselring's Italian armies virtually isolated from the fatherland.

Mediterranean Allied air force headquarters announced that three German fighters were shot down when a force of 30—the largest met in Italy in many weeks—tried to intercept Twelfth Air force Mitchell bombers headed for the pass. The battle took place between Lake Garda and Brenner pass.

Fifth Army troops moving up to regain ground in the Serchio valley north of Luica lost last December ran into only light opposition.

However, patrols in other Fifth army sectors found slightly increased enemy resistance. The Eighth army front was quiet except for patrolling.

New Cold Wave Is Moving On Midwest

(By The Associated Press)

Thawing weather reducing the snowdrifts in northeastern states yesterday overshadowed development of a new cold wave moving down from the Canadian border into the Midwest.

However, the experts said, the northeast will find itself in a race today, between the melting weather and arrival of new cold from Midwest, probably tomorrow.

In the Midwest the mercury dropped yesterday to around zero in North Dakota and the weather bureau warned of these minimums expected early today: northern Minnesota, 10 to 15 below zero; southern Minnesota, northwest Wisconsin and northwest Iowa, zero to 5 below.

Grand Jury Delays Wheeler Case Action

CROSBYTON, Feb. 6. (Special) —Declining to take any action in the Eric Wheeler case, a 72nd district grand jury this afternoon recommended that the three prsons under charges in the case be bound over pending further investigation.

It suggested that they be held under the same bond of $5,000 each.

Charged are the farmer's 51-year-old widow; his son, E. C., 28, and Mrs. E. C. Wheeler, 24.

All three posted bail soon after they were taken into custody following Wheeler's death last December.

The farmer died in his bed of a slashed throat, apparently effected with a razor.

He lived in the Farmer community in northwest Crosby county.

House Congratulates General MacArthur

WASHINGTON, Feb. 6 (AP) — Speaker Rayburn (D-Tex) today sent his congratulatory message to Gen. Douglas MacArthur:

"At the suggestion of the House of Representatives, unanimously expressed, I send to you and the valiant officers and men who serve with you our grateful thanks for the courage and effectiveness in bringing freedom to the Philippines and further glory to American arms."

The message was ordered by the House yesterday when it received word of the liberation of Manila."

ITALIAN DRIVE REPORTED

STOCKHOLM, Feb. 6 (AP) — A Berlin military spokesman said today that the Allies, mainly the British, opened a major offensive in Italy on Monday from Bologna to Faenza, the Dagens Nyheter Berlin correspondent reported. According to his dispatch, the Germans suggested that Bologna was the Allies' immediate objective.

Legislation Drafted Against "Tax Racket"

WASHINGTON, Feb. 6 (AP) — Rep. Carlson (R-Kans) drafted legislation today designed to break up what he described as a "giant tax evasion racket."

Aimed at issuance of tax-free utility bonds under the guise of public ownership, Carlson said his measure proposes that there shall be no federal tax exemption on interest from bonds issued to finance a utility where the city pledges only the utility revenues instead of its own treasury as security.

DRAFT BOARD RESIGNS

MONTGOMERY, Ala., Feb. 6 (AP)—State Selective Service Director James T. Johnson, jr., said today that local board No. 3 in rural Houston county had resigned rather than induct 40 young farmers into the armed services.

Shop King's often there's always something new.—(Adv.)

Heart Attack Fatal To Guy Housouer

Guy Housouer, 55, of 1617 Seventh, a carpenter, died of a heart attack at 7:40 o'clock Tuesday night at Lubbock General hospital.

Housouer suffered the attack about 7 o'clock while he was in Clark's Drug store, it was reported, and was rushed by a Plains Funeral home ambulance to the hospital, where he died almost immediately.

Survivors include his widow; a son, Sgt. Jimmie Housouer of Ft. Bliss, Tex.; his mother, Mrs. J. M. Housouer of Whitesboro; five sisters, Mrs. Lee Black of Crowell, Mrs. W. P. Franks of Bryan, Mrs. D. G. Swift of Whitesboro, Mrs. H. D. Poland of Crowell, and Mrs. A. J. Coffee of Dallas; and two brothers, Roy Housouer of Tulsa, Okla., and Mel Housouer of Lubbock.

Funeral arrangements are pending word from the son, Plains Funeral home reported.

Hearing Set On Texas Insurance Legislation

AUSTIN, Feb. 6 (AP)—The House insurance committee today tentatively set a hearing for Feb. 13 on legislation resulting from a recent decision of the U. S. Supreme court that insurance is commerce.

Since the high court ruled insurance was commerce it was considered by sponsors of the new legislation that the present unequal rates of premium taxes as between the two types of companies would be considered an interstate commerce barrier and therefore unconstitutional.

The bills on which the committee ordered hearings have the effect of increasing the premium tax on Texas life and fire companies and reducing it on out of state companies.

NOTED NEGRO DIES

CHICAGO, Feb. 6 (AP)—Booker T. Washington, jr., 57, son of the famed negro scientist and educator, died yesterday. He had served as first field agent for the Rosenwald foundation in Alabama and as assistant to the superintendent of public schools in Los Angeles, Calif.

Gift Of $1,320,000 Made To School Of Theology At SMU

DALLAS, Feb. 6 (AP) — Mr. and Mrs. Joe J. Perkins of Wichita Falls, patrons of Southern Methodist university for two decades, made a gift of $1,320,000 to the university tonight for the advancement of theology.

The gift was announced by Bishop A. Frank Smith, chairman of the board of trustees, who said it was the largest ever made to the school.

Mr. and Mrs. Perkins were present as the announcement was made at a special convocation of the Southern Methodist university school of theology and responded briefly to the convocation audience in McFarlin Memorial auditorium.

Bishop Smith said $550,000 of the gift will be used in the construction of dormitories for married and theological students, a chapel and an additional classroom building. The remaining $770,000 will be used as an endowment.

Perkins, 70-year-old oilman, and his wife, have presented many gifts to SMU and the cause of Methodism. The gifts now total about $1,700,000.

"This gift tonight should open the way for the development of one of the truly great schools of theology in this country," said Dr. Umphrey Lee, president of SMU, in expressing the school's appreciation.

The school of theology will now be known as the Perkins school of theology.

Nazi Chiefs Mass Last-Ditch Supplies In Munich Retreats

By THOMAS F. HAWKINS
Associated Press Staff Writer

BERN, Feb. 6—New arrivals from Germany reported today that tremendous new stocks of supplies were being poured into mountain strongholds in the Munich area, where Adolf Hitler is preparing a last-ditch defense when Berlin and northern Germany are conquered.

Gestapo Chief Henrich Himmler, these sources said, will join Hitler in the mountain-top stronghold at Berchtesgarden after he conducts the defense of Berlin. He will aid in the command of thousands of fanatical Nazis expected to fight to the last to defend the fuehrer.

These travelers from Berlin and other parts of the Reich, who bring a fantastic array of rumors, reports, facts and half-truths, said that some leading Nazis were expected to flee or bargain for their freedom, but that preparation for the last stand was going forward at top speed. Civilian transport around Munich has practically ceased and the normal food supply is disrupted, these sources said.

One story is that last week women formed a line across a highway at Munich, stopped an Army truck and seized the food it contained.

The mountain defense ring is being prepared both for a final stand against Allied troops and for the eventuality that food riots, already reported in Berlin, should flare into revolt or chaos, it was said.

Much of last year's harvest in

Texas U. Regents Confirmed, But Latham And A&M Man Is Cut Back

AUSTIN, Feb. 6. (AP)—Gov. Coke R. Stevenson's six appointees to the board of regents of the University of Texas were confirmed today by the Senate, which also rejected the nomination of Sidney Latham as secretary of state and sent the name of one proposed director of Texas A. and M. college back to committee.

The hour and one-half executive session also produced confirmation of the board of public welfare's nomination of John H. Winters of Amarillo as executive director, and confirmation of two Stevenson appointees to the state liquor control board and to other offices.

Woodward Statement

The Senate's confirmation of the regents came a little more than a week after the new chairman, Dudley K. Woodward, jr., of Dallas declared at a board meeting that he felt that new members should express their position on reappointment of Dr. Homer P. Rainey as president of the university, prior to Senate action.

It came a day after the legislative sub-committee of the state Democratic executive committee passed a resolution condemning what it characterized as Stevenson's policy of appointing members of the Texas Regular party to the boards of state schools, and to other state offices. The resolution asked the Senate to reject such nominees but did not specify which were considered Texas Regulars.

Latham Not Surprised

Latham's rejection did not come as a surprise. It was known that Senate opposition to him as Stevenson's appointee grew out of Stevenson's appointment of Grover Sellers as attorney general following the resignation of Gerald Mann. Latham's reaction was expressed in a formal statement in which he declared:

"I do not find myself disturbed at the Senate' failure to confirm my appointment as secretary of state for a second term. My personal character has remained unassailed. Not the slightest criticism has been directed toward my official conduct of the affairs of the office."

Here is the box score on the Senate's action:

Confirmed as members of the board of regents: Woodward, David M. Warren of Panhandle, Dr. C. O. Terrell of Fort Worth, Ernest H. Kirkpatrick of Brownwood, Ed B. Tucker of Nacogdoches, Dr. Walter H. Scherer of Houston.

Confirmed For A. And M.

Confirmed as members of the board of directors of Texas A. and M. college: Rufus Peeples of Texarkana and E. W. Harrison of South Bend. Nomination returned to committee: Neth Leachman of Dallas. The appointments of R. W. Briggs of San Antonio and John W. Newton of Beaumont are still in committee.

Confirmed as chairman of the game, fish and oyster commission: Murrell L. Buckner of Dallas.

Confirmed as members of the board of directors of Texas College of Arts and Industries: Mrs. Frank Lewis of San Antonio and A. L. Cramer of Edinburg.

Confiremd as members of the state liquor control board: Fred H. Minor of Denton and Mills P. Walker of Bryan.

Confirmed as a member of the state civil judicial council: H. F. Montgomery of Houston.

Full Membership

The Senate's action gave the university board of regents its first fully-constituted membership of nine since Nov. 1, when Dr. Rainey was discharged as president after a series of clashes with the board. Of the full membership, six have expressed themselves as opposing reinstatement of Dr. Rainey.

The House passed finally and sent to the Senate a bill permitting the board of regents of state teachers colleges to contract with the War department for manufacture of munitions by Sam Houston State Teachers college, Huntsville. The college is equipped to manufacture munitions.

VALLEY RAINFALL HIGH

WESLACO, Feb. 6. (AP)—Oren Edrington, manager of the Brownsville weather bureau said today the Rio Grande valley's 5.11 inches of rainfall last month was the highest for January since 1884.

Weekly Is Rebuked For Printing Cartoon

ROME, Feb. 6. (AP)—The Army newspaper Stars and Stripes editorially rebuked today a Rome weekly which published a cartoon showing an American negro soldier wearing shiny combat boots surrounded by Italians barefoot or with battered sandals.

The negro was represented as saying "and to think that I, who am not used to them, am forced to wear them."

Stars and Stripes said the cartoon, published in "Pettirosso," a subsidiary of the Socialist Daily Avanti, was "offensive and shocking to Americans" the editorial added:

"The thousands of negro soldiers in Italy are citizens of the United States. Many of them are living in the cold and discomfort of the Italian front and some are being wounded and killed.

"The negro solder is fighting, like all other Americans, against Fascism and Nazism and for a peaceful democratic world. He is fighting and dying to help liberate the rest of Italy.

"The American negro is not a stranger to shoes, literacy or ideas of democracy. If Italians don't have shoes it is certainly not because any Allied soldier has them."

Advancement Of Poll Tax Payment Deadline Suggested In Austin

AUSTIN, Feb. 6. (UP)—Advancement of the final poll tax payment date to May 30 was suggested here today as a compromise of the anti-poll tax movement. Gov. Coke R. Stevenson was considering advisability of recommending it to the legislators.

"I know of no bitter way of registering voters and paying the cost of it," Stevenson said of the poll tax. By advancing the date for payment to permit voting, he thought much of the complaint against a poll tax would be ended. May 30 would coincide with the final date for payment of split property taxes.

Rep. O. H. Moore, Deleon, introduced a constitutional amendment in the house to extend the payment time to July 1. Some thought that would be too late to permit preparation of voting rolls for the primary elections.

Wheat growing in Canada can be traced back approximately 340 years.

Superfort Production Climbs In January

WASHINGTON, Feb. 6. (AP)—Production of B-29 Superfortresses climbed 13 per cent in January over December.

The increased production of the sky giant was disclosed today by Chairman J. A. Krug of the War production board in his monthly report on aircraft production.

While the January output of 6,535 planes fell four per cent behind the month's schedule and was two per cent below the December output, total weight of planes increased one per cent.

The weight increase, despite the numerically fewer planes produced, emphasized the trend toward bigger and heavier planes.

Krug did not announce how many B-29s were turned out by the four factories building them in January. The most recent figures of B-29 production were for December and these covered only two plants. The Boeing at Wichita, Kas., built 100 that month and the Boeing plant at Renton, Wash., turned out 35.

For the first time Krug announced a breakdown on the month's output on a category basis. For January it was: bombers 2,397; fighters and navy reconnaissance, 2,907; transports 635; trainers, 252; communication and special purpose, 326.

INTERVIEWS TEXANS

AUSTIN, Feb. 6. (UP)—The Austin American said today that Dr. Lynn Townsend White, jr., president of Mills college, Oakland, Calif., had gone East to interview other prospects for places at Mills college after interviewing several University of Texas faculty members. The paper quoted Dr. White as saying the man he was most interested in is at Texas university.

Japs Still Hold Many Captives

By RAY CRONIN
Associated Press Staff Writer

More than 1,200 American and other civilian prisoners of the Japanese on Luzon island and an undetermined number of Yank military prisoners remain to be liberated by U. S. forces which have already entered the city of Manila.

It is possible that several hundred other Allied civilians, most of them children, still remain in Japanese hands in that part of Manila south of the Pasig river.

Latest available reports indicate that the Japanese still hold some 800 American and British men, plus some women, in the Los Banos camp, about 45 road miles southeast of Manila in Laguna province. They may be liberated shortly by the Yank paratroops that landed on Tagaytay ridge, less than 20 air miles from the camp.

Yanks Near Camp

Far to the north, in the Benguet mountains, between 200 and 400 other American and British-ers have been held in Camp Holmes for more than three years. This camp is near La Trinidad, north of the Baguio summer capital. Yank forces on Ty mountain road leading to Baguio are within 17 air miles of the camp.

In Manila proper two other camps which appear to be outside the district already held by the Americans may house other hundreds of Americans. One is Holy Ghost convent, where upwards of 100 children were being cared for by Catholic sisters and women volunteers from Santo Tomas.

Man Prefers Death Sentence To Prison

WACO, Feb. 6 (UP)—A 30 year old McCamey, Tex., escaped convict told Waco officers and State rangers today he would rather risk the chair on Oklahoma murder charges than spend the rest of his life in prison.

After hours of questioning, square jawed, red haired Harlen Broyles, stoically maintained his innocence in the death Jan. 10 of Deputy Sheriff Eric Nicholson in Seminole, Okla. He was held by Waco officers on charges of assault to murder in the shooting last week of city patrolman A. D. Tennison.

"I know they have all the evidence they need to send me to the chair," Broyles told Police Chief C. C. Maxey and Texas Ranger Joe Thompson. "But I'd rather go to the chair than to confess something I didn't do."

(Broyles has been identified here by at least eight persons who said they saw him when the Seminole deputy sheriff was shot.)

Yanks See Popular Pathos Film; Reactions Reveal Changed Tastes

By REMBERT JAMES
Associated Press Staff Writer

ABOARD CARRIER TASK FLAGSHIP IN SOUTH CHINA SEA—The flattop pilots and air crewmen laughed and laughed at the movie showing tonight, but it was a strange laughter and it would cause an upheaval in Hollywood if the movie makers could have heard it.

The picture was that two-year-old classic, "Mrs. Miniver." You are supposed to laugh at scenes in the first half, and feel sad during the rest of the picture.

But these combat fliers laughed during the second half. They were fresh from war and such men always laugh at the wrong time.

War Changes Tastes

Afterwards they sat around and talked about the movie. They said they were not laughing at Greer Garson, who won an academy award for her performance in the picture. They were laughing because war experiences have changed their tastes—something of interest to movie theater cashiers when the millions of Americans at war get back home and start paying admission again.

Just how these tastes have changed can be shown by their reaction to "Mrs. Miniver."

Every movie-goer knows the plot of the picture.

The strange laughter of the fliers started when the boy, announcing he was joining the RAF, told his family and bride-to-be: "I've always been keen on flying."

A pilot in the audience shouted: "You'll be sorry, brother!"

They Laugh Louder

Everyone laughed louder than ever.

The audience laughed when the boy, having just had his proposal of marriage accepted, was summoned from the girl's arms to answer the phone and found he call was a summons to immediate duty.

"Don't worry, boy—it's just a patrol flight—you're not going to war," somebody shouted. That brought more laughs.

Everyone laughed heartily when the girl told Mrs. Miniver she did no regret the marriage to the Miniver son although she knew he might be killed.

They laughed when the Miniver home was getting blown to bits by German bombers. They laughed during the village clergyman's sermon at the climax of the film, when he referred to the death of the Miniver bride and other civilians in the air attacks, and asked phetorically if people other than servicemen in uniform were going to be killed in this war.

One Tries To Explain

One young flier tried to explain how he felt, and why he laughed at the wrong time.

"We take our amusement seriously, and movies are all we have a lot of the time," he said. "What we really want are movies with a few wisecracks and a lot of girls and maybe music. When they give us the other kind of movies—about war—we make the best of it and laugh.

"Somehow the sentiments and attitudes of the characters just seem funny, by contrast with the way we think now."

Soldiers' Complaint Against Local Option Vote Isn't Considered

WASHINGTON, Feb. 6. (AP) — A soldiers' complaint against a local option election in which their home county voted "dry" failed today to win Supreme court consent to review the proceedings.

The court announced the refusal to hear the case because it considered that it lacks jurisdiction.

The soldiers asserted a militant minority took advantage of the enforced absence of 2,700 Johnson county, Kentucky, voters who were in the armed services to call the election fraudulently.

The drys won, 2,714 to 1,401.

Contending the 2,700 absentees represented more than twice the drys majority, the soldiers appealed to the tribunal. They contended they were denied equal protection of the laws.

Young Farmers Can Be Taken—Hershey

WASHINGTON, Feb. 6. (AP) — Draft Director Lewis B. Hershey told a House committee today the Tydings amendment deferring farm workers does not prohibit local boards from drafting young fathers.

Members of the House Agriculture committee argued the amendment—adopted three years ago to screen the farm draft—means boards should regard agricultural work as essential.

Hershey so construed it, however, to mean that draft boards must consider only if the worker is essential to the needs of the armed forces. He said it is sufficiently broad to make possible the drafting of every farm worker if needed by the Army.

"If I didn't believe the Tydings amendment broad enough to make it possible to take everybody I would ask Congress for a new law," Hershey said.

Mexican Air Squadron Training In Texas

GREENVILLE, Feb. 6. (AP) — Pilots and ground crews of Mexico's 201st air squadron are completing their last phase of training in the United States with a two weeks aerial gunnery course at Brownsville Army Air field.

Mexican fighter pilots flew the P-47 Thunderbolts they have been usnig from Majors field here to Brownsville Thursday. By tonight approximately 30 Mexican pilots, 15 American instructors, and more than 100 Mexican mechanics and armorers will be at the Brownsville, field, the Majors Field public relations office said.

With the transfer of the Mexican gruop to the Brownsville field, a subsidiary to Majors Field, only one small cadre remained here, the announcement said.

The entire group will return here to complete its United States training, which will be concluded with flag seremonies and an air show Feb. 20.

The Civilian Pilot Training Program enabled 120,000 young men to enter the AAF in 1941. The program also trained 9000 instructors in navigation, flight, aerology, etc.

Canadian Draft Plan Rebuffed

OWEN SOUND, Ont., Feb. 6 — Prime Minister W. L. Mackenzie King's compromise conscription policy received a rebuff today when Defense Minister Gen. A. G. L. McNaughton was defeated by 1,305 votes in his bid to represent the Grey North constituency in parliament.

All Canada was studying the balloting today for its bearing on the dominion's immediate political future. The prime minister's policy on conscription had been made the prime issue in the campaign in which McNaughton sought the seat in Commons, necessary if he was to continue to hold his post in the government.

An early dissolution of Parliament with a general election sometime in April or May is expected.

Compromise Effected

The government policy resulted in drafting limited numbers of Canada's conscripted home army for overseas duty. This policy was a compromise between the desires of anti-conscriptionist French-speaking Canada, opposed to any form of conscription, and those of a large section of the rest of the country favoring all-out conscription.

The prime minister issued a 300-word statement at Ottawa saying the outcome of the election "raises immediately the question as to whether or not any useful purpose can be served by having another session of parliament before a general election."

"As everyone is aware, I have sought all along to avoid a general election while our men are fighting at the front," he said.

Fifth Army Moves Up Serchio Valley

ROME, Feb. 6. (AP) — Fifth Army troops advanced steadily up the Serchio river valley today after virtually wiping out gains made by the Germans last December and taking three towns against light opposition.

The Allied troops occupied Albiano and Castel Vecchio Sunday and recaptured Lama di Sotto yesterday in an advance on a 10,000-yard front spanning the valley.

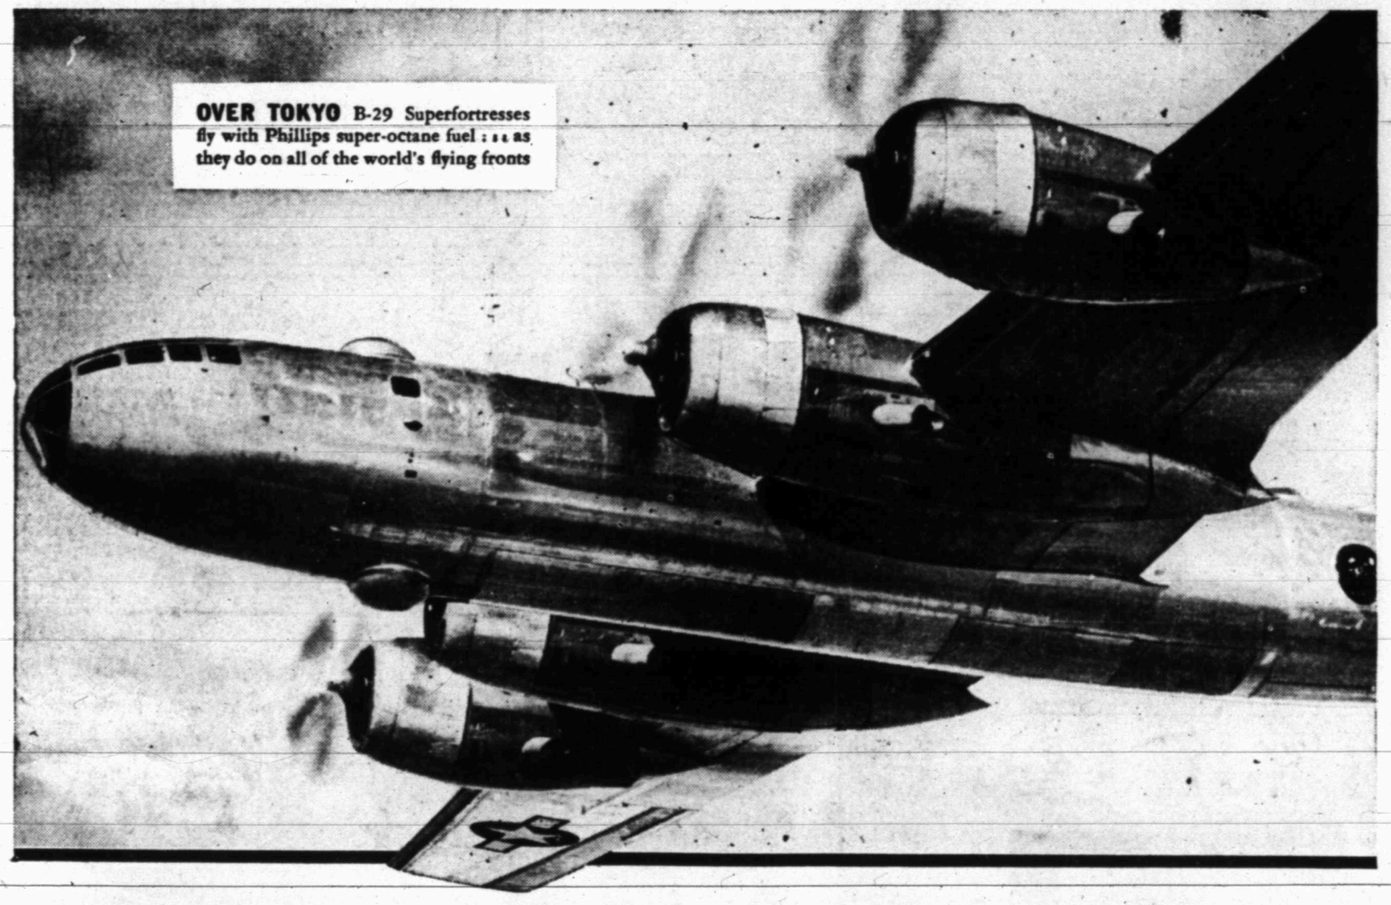

The tempo of activity increased in the Fifth army area southeast of Bologna where an Allied combat patrol pierced enemy territory and engaged German forces.

Patrol brushes which left the lines unchanged were reported on the Eighth Army front.

Allied planes were active, flying over 1,700 sorties yesterday with more than 500 U. S. 15th Air force heavy bombers battering oil storage facilities at Regensburg and railyards in Germany and Austria. Large forces of medium and fighter bombers hammered the Brenner Pass rail line. Seven Allied planes were lost.

Phillips is one of the nation's six largest producers of Combat Aviation Gasoline

When you read or hear postwar promises of fabulous motor car gasolines, or of astounding products of petroleum chemistry, recall the simple words of the headline above.

They record a triumph of chemical research, engineering, and production. Add to them, Phillips grand-scale contribution to the making of butadiene for synthetic rubber, and they suggest how competently and completely Phillips is devoting itself to the war effort.

It has been said that the future is the fruit of the seed of the past. Little wonder, then, that intelligent men and women expect great postwar products from Phillips.

In the meantime, every time you see the Orange and Black Phillips 66 Shield, let it remind you that Phillips refineries ... in addition to producing gasolines, lubricants, and fuel oils ... are also gigantic *chemical plants* pouring out weapons for victory.

The Woman's Angle
By Margaret Turner

YOU'VE read a lot about absenteeism among industrial workers and we grant it's a sorry picture. Absenteeism in Congress, where members earn $10,000 a year and where the average work week is 25 hours, runs as high as 45 per cent. How about that?

* * *

GO AHEAD, CRY!

DR. WILLARD WALLER World War I veteran and author of "The Veteran Comes Back" says a family's tears are part of medicine for disabled veterans. His advice: "If a son comes home disabled or disfigured, cry!"

He believes that if every wife or mother has that one good cry and get the heartache out of her system, it will help rule out all possibility of pampering or encouraging invalidism. "Do not start being hardboiled until you have been sympathetic," he cautions.

It is quite possible that a disabled veteran will refuse to recognize his disability and thereby risk building up an inner tension that will sooner or later put him in a mental hospital. It is possible his emotional life may be lastingly dominated by his disability if he does not mourn the sorrow out of his system.

* * *

DR. WALLER further believes that a wife or mother who deliberately overlooks a disability can easily spoil a relationship by imposing upon herself a mental strain greater than either can bear.

When the disability is admitted, it will be easier to get used to and when everyone has cried themselves out, the pieces of life that are left may be picked up again. This should help a son or husband to build up the best possible life with what he has, Dr. Waller believes.

What is your opinion of this subject? Although we do not know any disabled veterans, we are thinking of a young man who lost his left arm in a car accident several years ago. By the time his wife arrived, having spent two days in getting to his bedside he was over the shock and early horror of the disfigurement and when she entered his room at the hospital, wondering what she was to say and hoping her feelings were not apparent in her face, he greeted her with "Hi there, I've figured I'll be able to do everything except tie my shoe laces. Will you help with that?"

By talking over the loss of his arm, then, and referring to it when necessary since, it has receded from the center of the field of importance.

* * *

MARRIAGE, DIVORCE

AMERICAN women should heed the facts recently disclosed about marriage and divorce in the United States. They come direct from government reports and are authoritative.

Only nine women in a hundred who seek a divorce ask for alimony and only six in a hundred get alimony. Contrary to popular belief, divorce laws have not become more liberal and all states are trying to make divorce and the remarriage of divorced persons more difficult.

Authorities do not agree on the basic cause of disagreements that finally lead to divorce. Poverty, incompatibility, psychological immaturity in one partner or both are three of the numerous causes blamed for the high divorce rate in the U. S. today.

Firemen, farmers and civil engineers are the best marriage bets. Actors, commercial travelers (could they mean traveling salesmen?) and bartenders are the most divorced occupations.

Auxiliary Entertains With Dinner, Party

Auxiliary to Postal Clerks entertained their husbands and other guests Monday night with a dinner at Talley Tea room, 1510-B Ave. M, and a progressive forty-two party in the home of Mr. and Mrs. Grady Davis 2120 Thirty-first.

Present were Messrs. and Mesdames Victor Smith, Bryan Sides, Charles Spenser, Harold Harrison, Dolph Reeves, Arch Harper, Glenn Ridge, Carl Willingham and Mesdames Lester Boles and Adeline Higsby.

The auxiliary will meet March 5 with Mrs. Harper, 1915 Twenty-first.

FOR P.-T. A.

Following a business meeting Thursday afternoon at 3:30 o'clock, Junior High P.-T. A. will have a Founders' day tea in the school auditorium. All parents and past presidents are asked to attend.

Council Observes Founders' Day

A pageant of songs, flowers and flags was given Tuesday afternoon by City Parent-Teacher council in observance of Founders' day. Taking parts on the program which was given in Senior High school auditorium were Mesdames Acle Cope, Clyde Tatum, C. M. Finley, C. A. White, Russell Hardin and R. O. Bennett.

Senior Girls' chorus, under the direction of Mrs. Mary A. Ware, sang several patriotic numbers and Mrs. S. W. Brunson played piano selections.

Announcement was made during a business meeting that John B. Hughes will speak Feb. 28 at Senior High auditorium. Junior Welfare league will sponsor his visit here.

The council voted to donate to the women's club house. Forty attended.

Japan Is Discussed By Woman's Club

Program which was led by Mrs. L. D. Thomas for Lubbock Woman's club Tuesday afternoon at Hilton hotel was on "Japan, Democracy's Foe." Mrs. Thomas spoke on "Challenge of Japan," Mrs. C. H. Thompson took "Future of A Defeated Japan," and Mrs. T. K. Martin discussed "Russia's Relations with Japan."

During a business meeting, the club voted to approve the legislation bill for aid to handicapped children and to support the local club house project. Mrs. William M. Whyburn was accepted as a new member.

Twenty-two women attended the meeting.

Hub-Ette Assembly To Complete Series

Last of a series of Hub-ette assemblies will be held Thursday night at 7:30 o'clock in the north ballroom of Hilton hotel. Mrs. Gladys Holden of Texas Technological college will speak on "Big Changes for Small Change" which concerns the planning and budgeting for a wardrobe.

Those attending are asked to bring pencils and paper and are also asked to return questionnaires which are about other classes that will be available in the future. The Hub-ettes who didn't receive questionaires at an assembly are asked to come by the USO to fill them out so that they may be kept on file.

Mrs. Boyd Crooks Is Teacher For Circle

"Origin of the Church" was discussed by Mrs. Boyd Crooks for Circle 3 of Central Baptist Women's Missionary society in the home of Mrs. W. R. Dean, 1301 Thirty-third, Tuesday afternoon. Prayers were led by Mesdames Earl Horton and Alton Ammonds.

Guests were Mesdames Frank Downing, Horton, H. E. Galloway, Monroe Lanham and Earl Horton, Jr. Members attending were Mesdames Ray Downing, S. H. Elliott, S. R. Erwin and L. T. Erwin.

Asbury Class Makes Quilts For Red Cross

Awakened Wesleyan class of Asbury Methodist church quilted one quilt and pieced another for the Red Cross at an all-day meeting in Fellowship hall Tuesday. Thirty-six were present for a covered dish luncheon.

Mrs. H. L. Griffin presided at a business session and Mrs. J. H. Rhea gave a devotional.

Hostesses for the day were Mesdames W. E. Hamilton, F. J. Doose, Ed Greer and N. S. McBride.

BOX COAT . . . Straight, full coats with a Chinese air are in the news for spring. Here is one in brown woolen with raglan shoulders, by Vincent Coppola.

Sorority Members Elect President

Alpha Gamma chapter, Epsilon Sigma Alpha sorority, elected Miss Merle Scoggin president Monday night to succeed Miss Ina Bacon, who will leave soon to train for overseas Red Cross recreation work. Members gave Miss Bacon a farewell gift.

Miss Betty Alice Gordon reviewed the best seller, "Forever Amber" (Windsor).

Those present were Mesdames Roger Clapp, Christine Keeney, Jim Turner, Henry N. Lawson, E. F. Peschau, jr., Howard Klein, Misses Sue Cocke, Ruby Cowan, Lalla D'Spain, Gordon, Marguerite Harris, Sarabeth Kimmel, Lynette Merrell, Virginia Miller, Scoggin, Beatrice Spivey, Pauline Stafford, Bacon, Lorilla Stephens, Annie Lee Cone, Beulah Raye Markham, Mary McGowan and Virginia McGowan.

CHAIRMEN TO MEET

A meeting of knitting chairmen and room chairmen is being called by Mrs. R. A. Mills, chairman of production of the Lubbock county Red Cross, for Thursday morning at 10:30 o'clock in her home, 2627 Twenty-second. She is asking that all of the women attend.

Mary Lou Pingston Marries Lieutenant

Miss Mary Lou Pinkston, daughter of Mrs. Viola Pinkston of Amarillo, and Lt. Charles W. Traughber, jr., son of Mr. and Mrs. Charles W. Traughber of Baltimore, Md., were married in a single ring ceremony read Friday night by Chaplain J. R. Simmerman in Amarillo Army Air field Chapel No. 3.

The chapel was decorated with white gladioli, double snapdragons and candelabra. Mrs. J. B. McCray sang accompanied by Miss Lilly Larsen who also played traditional wedding marches.

The bride, given in marriage by J. A. Miller of Dallas, her grandfather, wore a gown of white slipper satin fashioned with a sweetheart neckline and long sleeves. Her fingertip veil was made on a coronet of seed pearls. She carried a bouquet of gardenias tied with blue tulle.

Attendants Named

Miss Joan Mayfield, Lubbock, was maid of honor and Mrs. Jack Evans, Amarillo, was matron of honor. Bridesmaids were Misses Dorothy Reese, Jean Oliver, Barbara Baker and Caroline Clark.

Lt. John H. Thomas was best man and Lts. James William, Pearre Chase, Williams Zumach and Sam Routch were ushers.

A reception followed at the Officers' club. The lace covered table was centered with sweetpeas and roses flanked with candles.

The couple left for Baltimore for a wedding trip. The bride wore a black dressmaker suit with black and white accessories and a corsage of gardenias. She is a graduate of Lubbock High school. Lt. Traughber is a graduate of Cleveland Heights High school in Cleveland, Ohio.

Lubbock guests were Mrs. A. B. Conley, Mrs. W. H. Nelson and Miss Frances Conley.

Mrs. Fred Sparks Is Reviewer For Club

"Dream of Philip II" (Edward Maass) was reviewed by Mrs. Fred Sparks for Readers Digest club Tuesday afternoon at Mrs. Lora Tucker's, 1506 Ave. R.

Present were Mesdames A. G. Barsh, Ben Brewer, W. P. Clement, George Dupree, J. S. Johnson, John Lynch, Harold Murdough, M. C. Overton, W. B. Price, T. R. Prideaux and Roy Riddell.

Pimples Disappeared Over Night

Yes, it is true, there is a safe harmless medicated liquid called Kleerex that dries up pimples over night. Many report that they had a red sore pimply face one night and surprised their friends the next day with a clear complexion. There is no risk. The first application must convince you or you get your money back. Only 50c. Join the happy Kleerex users who are no longer embarrassed with unsightly pimples. Sold and recommended by Mark Halsey Drug Stores. Adv

Cine Club To Make Picture Of Lubbock

Members of Hub Cine club began to assemble a picture, "I'll Take Lubbock," which will show various enterprises here, when they met Monday night at Dr. W. A. Pettey's office.

T/Sgt. Julius Chandler was voted an honorary president. Pictures were shown by M. F. Peters, Dr. Pettey and E. C. Pool.

Others present were A. J. Holtkort, Melvin Copp, Bill Hamilton, Bill Davis and R. E. Hamilton.

Mrs. C. V. Bullen To Do Youth Work

At a business meeting of St. John's Methodist Woman's Society of Christian Service at the church Monday afternoon, Mrs. C. V. Bullen was elected secretary of Youth Work. Mrs. Lucile Smith presided.

A devotion was directed by Mrs. J. W. Houston, secretary of Spiritual Life, assisted by Mesdames T. C. Porter, J. W. Taylor, J. Guy Terry and W. R. Hedrick.

Eighteen women were present.

LEAVE HERE

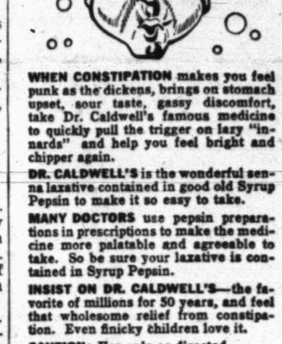

After spending several days here, her former home, Mrs. C. M. Ballenger has returned to Coleman where she is living with her mother, Mrs. T. J. White. Her son, Lt. Comdr. Murray Ballenger, Navy doctor, who met her here has flown to the West Coast for reassignment.

HOUSE HEARS SANDIFER

AUSTIN, Feb. 6. (AP)—Proceedings in the House of Representatives were suspended today to hear an address by Gibb Sandifer, American Red Cross representative and former manager of the Hardin-Simmons college band and athletic department. Sandifer has been on overseas duty for the Red Cross.

In selecting a farm the most important things to consider are climate, soil, topography, markets, condition and adequacy of building and improvements and public services.

Happy Relief When You're Sluggish, Upset

WHEN CONSTIPATION makes you feel punk as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on lazy "innards" and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful senna laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use pepsin preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin.

INSIST ON DR. CALDWELL'S—the favorite of millions for 50 years, and feel that wholesome relief from constipation. Even finicky children love it.

CAUTION: Use only as directed.

Changes Made In Used Car Rules

Used car dealers who fail to live up to the warranty they give in selling a vehicle are going to have a tough time staying in business due to changes effective March 1 in the used car ceiling price regulation, Howard R. Olson, district Office of Price administration, said Tuesday.

The dealer who does not make good on conditions of the warranty Gholson said, will be subject to revocation of his license to sell used cars, as well as facing the danger of criminal prosecution.

Must Sign Warrant

He said the changes are intended to improve enforcement of used car ceilings and afford better protection to consumers. They are the result of recommendations by the industry advisory committee and of the OPA's experience in six months of operation of the regulation.

Under the amendment it will be a violation of OPA regulations for the dealer to sell a car at the warranty price when it is not in good operating condition. In signing a warranty, the dealer will be making a statement the government and will be liable to penalties for false statement.

Warranty Price Higher

The dealer guarantees in a warranty sale, that the vehicle is in good operating condition. In the amended regulation this term is defined as "a condition that will permit the used car to be driven safely and efficiently."

Warranty prices are 25 per cent, or $100, higher than when a vehicle is sold on an "as is" basis.

Dealers who own and operate adequate repair facilities automatically become eligible to sell used cars on a warranty basis. Others who want to become warranty dealers must enter into contract with a service supplier.

Must Guarantee Repairs

Under the amended regulation the supplier must guarantee the repairs which a dealer is required to make under his warranty. The dealer is required to prove to the OPA that the repair facilities on which he relies are adequate to fulfill his warranty obligations.

The purchaser no longer will sign the certificate to transfer in buying a used car. The certificate, which the purchaser surrenders to his rationing board to get gasoline rations, will be signed by the seller and his service supplier.

The buyer will sign a purchaser's statement at the time he presents the certificate of transfer to the rationing board, showing the price he paid for the vehicle and stating whether he received a warranty. The purchaser's statement contains a notice that he is not liable for above-ceiling payments unless the vehicle was bought in the course of trade or business.

If the seller refuses to make the repairs necessary to fulfill his warranty, or does not have facilities available to make them, the purchaser may have the work done at another garage and collect 50 per cent of the repair bill from the seller.

The amended regulation says that if some of the standard equipment of an automobile is missing when it is sold, the seller is required to reduce the price of the vehicle by 50 per cent of the new price of that equipment.

It requires also that all cars on display must carry a ceiling price tag. The present rule is that the tag is required only on vehicles displayed for sale.

Low Moods Are Often Rolled To Constipation

Plans Launched For May Pioneer Rodeo

PLAINVIEW, Feb. 6. (Special)—Plans already are in preparation for the annual Pioneer Roundup scheduled here May 19.

Sponsor is the Plainview Business and Professional Women's club.

Committees were named and plans were discussed at a recent meeting of the organization.

The yearly pioneer event is self-supporting, an official of the club said. Plainview businessmen have never been asked to contribute a cent for its expense, she said.

More than sufficient funds to finance the celebration are provided by receipts from a chuck wagon supper and dance.

Honor Roll Named At Southland School

SOUTHLAND, Feb. 6. (Special)—Honor roll for the first smester for the Southland schools was released today by J. P. Hewlett, superintendent.

High school students named were Montzlee Cooper, Betty Jean Edmunds, Mary Frances Evrage, Joe Gayle Fleming, Wilmeth Hewlett, Joy Scott, Wilma Wheeler, Carolyn Barton, Mary Jane Hampton, De Alva Lightfoot, Harley Martin, Janey Morris, Margie Bell Payton, Robert Becker, Wanda Kelley, Doris Nelson, Valton Wheeler and Dorothy Winterrowd.

Grade school pupils listed were: eighth grade, Doris Jean Sartain, Joyce Steel and E. P. Wicker; seventh grade, Dian Haire, Margie Zecker and Donald Edmunds; sixth gared, Jimmie Lee Hudman and Carolyn Edwards; fifth grade, Glenda Grantham; fourth grade, Polly Spence; and third grade, Ross Dunn, Etta Dee Hagler and Vernon Scott.

Soldier Inducted Here Sentenced In Paris

PARIS, Feb. 6. (AP)—Seven more enlisted men were sentenced to terms of three to ten years today in the series of U. S. Army black market trials.

The seven pleaded guilty to chrages of wrongfully disposing of cigarettes and other army supplies from trains their battalions operated.

The seven included Sgt. J. B. Bennett, inducted at Lubbock, Tex., six years.

Gallup Poll Surveys Public Opinion

Wartime Professional Ball Given "Pale Green Light"

By GEORGE GALLUP, Director American Institute of Public Opinion

PRINCETON, N. J.—There may be something to the often heard assertion that President Roosevelt is highly sensitive to shifts in public opinion. Here is some contributing evidence.

When asked in a press conference if he favored continuance of professional baseball during the war, the President gave baseball only "a pale green light," as one correspondent put it.

GALLUP

Now a nationwide poll of public opinion on the subject finds John Q. Public giving the popular American sport the same kind of pale green light, with less than a majority — although the dominant group — favoring continuance of the game.

This is in marked contrast to early 1942 when the great majority of the American people were in favor of continuing professional sports and President Roosevelt wrote to the late Judge Landis, "I honestly feel that it would be best for the country to keep baseball going."

In the present survey, a cross-section of the nation's civilian population was asked:

"Do you think that professional baseball should be continued during the war, or should it be stopped until after the war?"

The vote:

Think Shoul be Continued	**46%**
Think Should be Stopped	**41**
Undecided	**13**

The President does not, however, seem to be so sensitively attuned to the 33 per cent who say they are followers of professional baseball. Virtually seven out of every 10 among this group want to see the games continued.

A majority of young people (21 to 29 years of age) want baseball continued, while people included in the survey who are 50 or over are predominantly in favor of discontinuing the sport for the duration.

A majority of men favor continuing the game, while women are evenly divided on the question.

Here are tables showing the vote by age groups and by men and women.

AGE GROUPS

	Favor Continuing	Favor Stopping	Undec.
21-29	51%	36%	13%
30-49	49	38	13
50 or over	37	49	14

MEN-WOMEN

Pvt. J. B. Stephenson Missing In Action

Pvt. J. B. Stephenson, jr., 19, former bellhop at Lubbock hotel, is missing in action in Germany, his mother, Mrs. J. B. Stephenson of 1505 Ave. V, was informed Tuesday.

The War department message stated that Pvt. Stephenson, with an infantry outfit, had been missing since Jan. 20.

Pvt. Stephenson had been overseas approximately a year. He underwent training at Camp Fannin, near Tyler.

He'll Probably Get Fired For His Reply

CORPUS CHRISTI, Feb. 6. (AP)—A letter from a Richmond, Va., woman who was interested in moving to Corpus Christi asked Jeff Bell, chamber of commerce manager, about the dampness in Corpus Christi.

Bell looked out of the window at the blanket of early morning fog and commented, "It's so damp the edges of her letter have curled up, the ink has run all over the page, and I can't even read it."

So he answered:

"Dear madam:
It's very misty
In Corpus Christi."

ALANO DASS
World Famous Psycho-Mentalist Listed Below Are Some of The Questions That Have Been asked by local citizens and have been answered by Mr. Dass!

Q.—Will my son enter the service?

A.—It is my opinion your son will pass the physical and will be in the Navy this summer.

Q.—Have I met my future husband?

A.—No. You will meet a young aviator this summer and a marriage to this man is indicated in June 1946.

Q.—Will my new business venture be successful?

A.—In my opinion, this venture will be successful. I think you did the right thing by making the change.

Q.—When B. be home to stay and will we be married?

A.—B. will be home in November and a marriage is shown in December.

Q.—My son is a prisoner of War in Germany. When will he be home?

A.—All prisoners in his camp will be released within 3 months, and your son will be home this fall.

Q.—When will my husband be out of the army?

A.—It is my impression your husband will be discharged either in August or September this year.

Q.—Does the man with whom I am corresponding care for me?

A.—He considers you a good friend, but he is in love with another woman. He will not play an important role in your life.

Q.—How long will I keep my present position?

A.—You will have an offer of a better position in April. You will make the change at that time.

Q.—How long will we live here in Lubbock?

A.—A change of states is indicated. You will move to California this summer.

Q.—Will we buy the place we have in mind?

A.—It appears to me this deal will go through within the next thirty days. I think you will enjoy living in the country.

Reporter Recounts Meeting His Ex-Buddy In Darkness Of Bilibid

EDITOR'S NOTE: The wierd meeting of two United Press war correspondents, one in the role of a prisoner and the other traveling with the army of liberation in blacked out bilibid prison in Manila is described in the following dispatch.)

By H. D. QUIGG
United Press War Writer

BILIBID PRISON, Manila, Feb. 5. (Delayed)—Our names aren't Stanley and Dr. Livingstone, but for a while it seemed as though they should have been.

It happened in Bilibid prison, that ancient jail in which the Japanese had confined 800 Allied war prisoners and 550 civilians for nearly three years.

I was just bedding down for the night on the concrete floor of the prison with an assault battalion of the 37th division when someone said there were some American prisoners who just had been freed on the other side of the wall.

Feels Way In Pitch Dark

The night was pitch black, but I felt my way around the wall and along a corridor toward a hum of excited voices.

Suddenly I sensed rather than felt or saw someone beside me. I stuck out my hand, even as did Stanley in darkest Africa those many years ago.

"I'm Quigg, United Press," I said.

The Dr. Livingstone of Bilibid prison grasped my hand fervently. "Weissblatt, United Press," he replied.

Covered 1942 Drive

And thus I met Franz Weissblatt, 46, who covered the Japanese invasion and American retreat from Lingayen gulf to Bataan for United Press readers three years ago.

He was captured Jan. 7, 1942, the sole survivor of a unit of 15 men from the famed 26th Cavalry division. The other Americans had been killed when the unit was ambushed by the Japanese.

Weissblatt was sitting in a scout car when a Japanese rifle bullet hit him in the leg, breaking the bone. He was knocked to the bottom of the car. Then a mortar burst directly over the car, leaving him unconscious.

When he regained consciousness at daybreak, he saw Japanese troops crawling forward. He raised his head over the side of the car.

Hurt His Injured Leg

The Japanese gave a whoop and pulled him onto the ghound, impacting the leg fracture. They forced him to strip and crawl 50 yards to a Japanese command post.

After 35 days of traveling around to various Japanese headquarters, Weissblatt was taken to a Japanese naval hospital in Manila, where his leg knit at a 30 degree angle without being reset.

He went to various camps on crutches and finally arrived at this former federal prison, where he has been more than two and a half years.

That was "Weissblatt, United Press."

R. J. Williams Funeral To Be Held Today

Funeral services for R. J. (Uncle Bob) Williams, 70, a retired real estate dealer who died Tuesday morning at his home, 1511 Main, will be at 4 o'clock this afternoon at Sanders Funeral home chapel with Dr. C. E. Hereford officiating.

Burial will be in a cemetery at Gould, Okla., probably Thursday.

He had been a Lubbock resident for 17 years.

Survivors are his wife; one son, Clyde Williams of Houston; one sister, Mrs. J. M. Nelson of Gould; three brothers, Woodson Williams of Gould, W. B. Williams of Amherst, George Williams of Pecos; two granddaughters.

When Icy Winter Chaps Hands Quick! Soothing MENTHOLATUM

News Briefs

Pfc. and Mrs. George B. Wimberley of Gallup, N. M., are the parents of a son, William Michael, born Jan. 29 at Gallup, the grandmother, Mrs. Josie Wimberley of 2413 Eighth, has been informed. Pfc. Wimberley is in the European theater of war.

Ray L. Cahppel, professor and head of the department of agricultural education at Texas Tech, who is conducting one-day schools for vocational agriculture teachers, will be in Abilene today. He will discuss educational services that can be used by cooperative groups. Chappel was in Littlefield Monday and met with vocational agriculture teachers of the Brownwood vicinity yesterday.

Frank Svetlik, a 1942 Texas Tech graduate in chemical engineering who is now working in the synthetic rubber laboratory of the Phillips Petroleum Co. at Borger, visited the campus this week enroute to Bay City and Duncanville. He was accompanied by his wife, the former Miss Melton Woodall, also a 1942 chemical engineering graduate, and his 16-months old daughter.

Dr. F. J. Sanders, who was graduated from Texas Tech in 1929 and received his Phd in chemical engineering from Yale in 1933, is now in charge of a Cleveland, Ohio refinery which manufactures lubricationg oils, greases and wax, according to information from the division of engineering at Tech. He was formerly superintendent of the Toledo Refinery of Standard Oil Co., Ohio.

South Plains Army Air field Tuesday released the names of all persons who were killed Jan. 26 when a SPAAF towplane pulling two gliders crashed into the side of a hill on a takeoff from Birmingham, Ala.: First Lt. Fred T. Heise, 24, of Luling, Texas; Second Lt. J. N. Ricker, Sgt. E. M. Bechtold, all stationed at SPAAF, and A/C L. W. Schloss of Harlingen Army Air field.

Funeral services for George W. Ellington, 95, who died at his home, 2009 Fifteenth Monday, will be conducted at 3 o'clock this afternoon at the Broadway Church of Christ with M. Norvel Young and Liff Sanders officiating. Burial will be in the Meadow cemetery at the side of Ellington's wife who died in 1925.

Pvt. Gail Hudson, who is stationed at Camp Roberts, Calif., is spending a ten-day furlough with his parents, Mr. and Mrs. C. H. Hudson, 2328 Eighth. He was inducted last September 28 and is in the infantry.

Funeral services for J. A. Hill, 43, who died at his home in Tahoka Monday, will be at 3:30 o'clock this afternoon at the Tahoka Methodist church. Burial will be in Tahoka cemetery.

Persons with priorities matters can confer today and Thursday with Herbert D. McKechnie, priorities analyst from the district War Manpower office in El Paso. McKechnie will be at the chamber of commerce.

Guest speaker at the luncheon Tuesday of the Optimist club in Lubbock hotel, was Capt. Joe E. Herbst, a former Texas Tech student now serving with the Army engineers, who recently returned from duty in England, North Africa and Italy. He was introduced by Dr. A. G. Oberg, program chairman. Also speaking briefly was W. C. Wood, president of Lubbock Kiwanis club. Deeds to five lots, purchased by the Optimists, were turned over to the club by Byran Walker of the firm of Chapman and Walker. These lots, located in the Arnett-Benson addition in the northwest part of town, will be the site of a proposed Junior Optimist club building.

TO TEACH TEEN-AGERS—Miss Betty Rhea Caldwell, professional dancing teacher, will start weekly classes in ballroom dancing at 6:30 tonight at the Corral, youth center, at Sixteenth and Ave. K. The classes will be without charge to any teen-ager who wants to take advantage of the opportunity of learning to dance. Miss Caldwell, owner of the Betty Rhea School of Dancing, will donate her time to the project. Classes will begin with fox-trot and later, if enough interest is shown, jitter-bug will be added. A large number of teen-agers are expected to attend the classes, which will be held every Wednesday night from 6:30 until 7:30 o'clock.

Hale Center Pioneer To Be Buried Today

HALE CENTER, Feb. 6. (Special)—Funeral services for E. A. Shackelford, 74, a resident of Hale Center for 35 years who died Monday afternoon in a Plainview hospital, will be Wednesday afternoon at 2:30 o'clock at the Hale Center Methodist church with the pastor officiating.

Burial will be in the Hale Center cemetery, Rix Funeral home of Lubbock announced.

Survivors are his wife; seven sons, Floyd, John, Edd and Ben Shackelford of Hale Center, J. E. Shackelford of Essex, Iowa, Eugene Shackelford, who is in the Army and stationed in California, Howard Shackelford, who is overseas; six daughters, Miss Laura Shackelford, Mrs. Loraine Guinn and Mrs. Wilma Pierce, all of Hale Center; Mrs. Virgie Britt of Brunswick, Mo., Mrs. Mary Ford of Albuquerque, N. M., Mrs. Loretta Stavenhagen of Lipan; two brothers, Henry Shackelford of Tecumseh, Okla., John Shackelford of Brunswick, Mo.; one sister, Mrs. Laura Sowers of Brunswick, Mo.; 18 grandchildren.

Pallbearers will be Everett Masters, Richard Dewey, Arlis Guinn, L. B. Young, Earl Allen and Oliver Powell.

Honorary pallbearers are W. R. Moore, E. A. Meadera, J. L. Mann, J. W. Stevens, I. D. DeJarnett, W. O. Ball, John Schoonvelt, I. M. Bailey, W. R. Ferguson and Frank Simington.

Few Planes Said In Service Now

WASHINGTON, Feb. 6. (AP) — Only one in six or seven of all warplanes in two major categories built since Pear Harbor are fighting for the Army Air Forces overseas today.

Air Force officials brought out that point in a discussion of logistics and offered supporting data to show why the aircraft industry must continue to pour new planes into the long pipelines to war theaters.

Figures Are Given

Factories had turned out at a recent date 11,106 fighter planes of a particular make, but only 1,920 were in service in battle zones. Similarly, 26,478 bombers of one type were constructed, but only 3,592 were in operation overseas.

Where did the others go?

Lend-lease got some of both, about 10 per cent of the fighters and 8 per cent of the bombers. The Navy got some of the bombers also. Roughly another 10 per cent is being repaired or in a reserve status, and about five per cent are in the "pipeline" between final assembly and battle zone.

The biggest item of all is around 40 per cent permanently lost through enemy action, or operational or training accidents.

Mrs. Ella Wheeler Of Post Buried Tuesday

POST, Feb. 6. (Special) — Last rites for Mrs. Ella Gertrude Wheeler, 85, were conducted at 2 o'clock this afternoon at the ranch home of her son, J. L. Wheeler, route 1, Post.

Mrs. Wheeler, who had lived with her son the last 20 years, died at the ranch Monday night.

Burial was in Snyder cemetery with Plains Funeral home of Lubbock directing.

Survivors include one other son, Earl Wheeler of Post; and five daughters, Mrs. Ella Mae Freeman and Miss Irene Wheeler, both of Post, Mrs. Clara Johnson of Eldorado, Texas, Mrs. Lottie King of Columbus, Ohio, and Mrs. Gorgie Biffle of Houston.

Brownfield Soldier Clears Strongpoint With Accurate Shots

WITH THE FIFTH ARMY, Italy. — Crawling to within 200 yards of a German-held building behind a friendly mortar barrage, the volunteer bazooka team of **Technical Sergeant Cecil F. Fisher** Brownfield, Texas, and Private Charles Marques of Pawtucket, Rhode Island, cleared the enemy strongpoint and permitted Yank rifle companies to move forward on the Fifth Army front in Italy recently.

Their unit in the 362nd Infantry Regiment of the 91st "Powder River" Division had found its way blocked by the Kraut-held building, dominating the route of advance up Highway 65 toward the Po Valley. Fisher, whose home is on Route 1, Brownfield, approached the battalion executive officer and volunteered to clear the house with a bazooka after attempts to divert the enemy so troops could flank the position were stopped by enemy fire.

"Go to it," said the executive officer to Fisher. "We'll give you a mortar concentration to get you within range. The rest is up to you."

Marques asked to go along as loader. Taking a bazooka and eight rounds of ammunition, Fisher and Marques crawled toward the house behind a screen of friendly mortar fire.

From the closest defiladed position, the range to the house was a good 200 yards, and the Germans were not exposing themselves to any easy fire. The most likely target was a small window on the ground floor. At 200 yards, it made a difficult target for the best of bazooka men.

Firing the eight rounds as rapidly as possible before the Jerries picked up their position, the two Yanks succeeded in punching three of the eight projectiles directly through the window. A German ran from the door, shouting. Marques started to draw a bead on him, but Fisher stopped him. They had to leave before enemy mortar shells arrived. They got out, just in time. Shells started bursting. Fisher and Marques alternately crawled and ran back over a wooded knoll for cover, with shell fragments whizzing over their heads.

Safely out of range, they reported completion of their mission. Rifle companies moved up.

Investigation of the interior of the house revealed several dead Germans and two more wounded.

Oratorical Contest Set Monday Night

The sixth oratorical contest sponsored by the American Legion of Texas opens Monday night at the Lubbock American Legion hall, H. J. McCabe of Senior High school and dean of boys, announced.

Subject of the contest is "An American Citizen's Rights and Responsibilities Under the Constitution." Winner of the local contest will enter a county tourney and the winner of that contest goes to a district, division and then state tourneys. National winner is entitled to a $4,000 scholarship to any university of his choice.

Contestants are Betty Dennison, Jackie Reynolds and James Bowman.

Music will be provided by a Senior High school chorus of 25 voices directed by Mrs. Mary E. Ware. The public is invited.

Jail 'Skipper' Here Back Behind Bars

Lonnie Trussell, 31, who "skipped" after pleading guilty of forgery recently in 99th district court—a day before he was to return for sentencing—was back in jail Tuesday.

Deputies Sheriff Raymond Land and Earl Horton got a tip and went to a local hospital. One stationed himself inside, the other outside the place.

Horton grabbed Trussell and took him to jail.

The radio log of KGZW, Lubbock police shortwave station, described Trussell as having escaped Sayre, Okla., jail, when held on three forgery counts.

Bill Mabray, chief of detectives here, also said the Federal Bureau of Investigation had wanted the man detained.

Does your diet give you enough iron?

KELLOGG'S ALL-BRAN HELPS KEEP PROPER IRON LEVEL IN BLOOD

DONOR OF 7 PINTS OF BLOOD

Thousands of healthy people donate blood

Miss Dorothy D. Ficker of Old Greenwich, Connecticut, has donated 7 pints of blood to date. She is one of many persons who donate blood regularly. These patriotic men and women can tell you that anyone can be a donor without discomfort. The fluid part of the blood is restored in a few hours. Maintaining the body's proper iron level helps to replenish your good red blood.

One-ounce dish of this famous cereal gives over ⅓ of your daily minimum iron needs

AS LONG as you live, your body will be making new blood to replace the blood it is constantly wearing out. If you don't get enough iron, this new blood will not be as good as it should be.

The best place to get iron is in foods. But not many foods are rich in available iron. In fact, it is *not* easy to get an abundance of this important mineral in the ordinary diet. And your iron need is far too important to be left to chance.

Fortunately, there is a rich source of ready, assimilable iron that is easy to get and inexpensive. It's ALL-BRAN, made by the Kellogg folks of Battle Creek. Ounce for ounce, this famous cereal gives you 50% more iron than calves' liver.

In addition to iron-richness, this nut-brown cereal is an important source of calcium, phosphorus and essential vitamins. That's because ALL-BRAN is made from the vital outer layers of finest wheat.

KELLOGG'S All-Bran is made from the VITAL OUTER LAYERS of finest wheat

Nature makes a habit of storing the larger share of protective food elements in the *skin* of the potato and the *peel* of the apple. In the vital outer layers of wheat, too, Nature stores some of the grain's most important nutrients. ALL-BRAN is made of these vital outer layers, and is more abundant in many food elements than whole wheat itself.

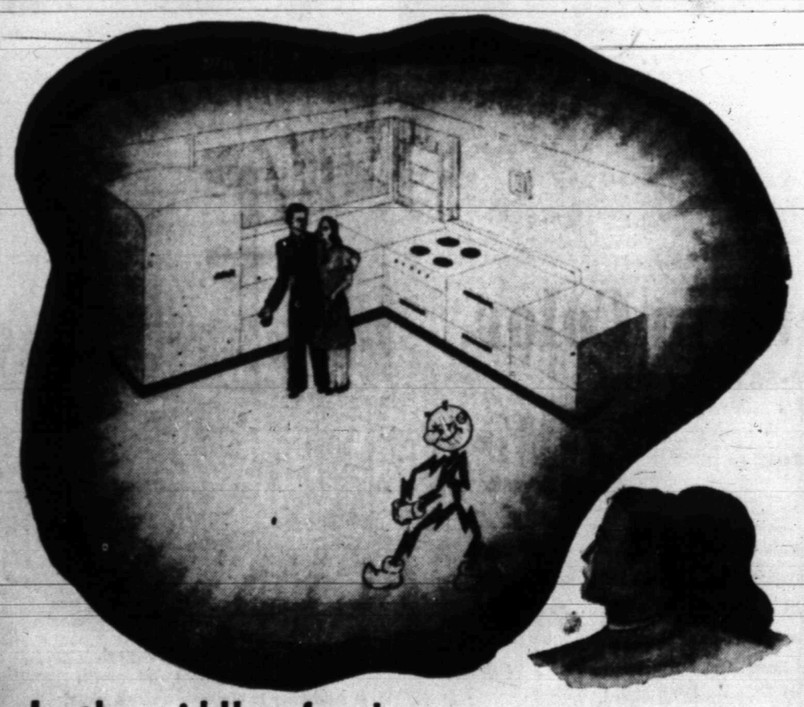

America's Great Regulating Cereal

Besides being a storehouse of iron and other important food elements, delicious KELLOGG'S ALL-BRAN is a great natural regulating cereal. Millions of people eat it regularly. One ounce eaten daily is usually adequate for satisfactory laxation. ALL-BRAN, which is triple-milled for golden softness, does not interfere with normal digestion.

Serve ALL-BRAN regularly—and help your family get adequate amounts of iron and other important food elements.

Eat Kellogg's ALL-BRAN with fruit, in muffins or on other cereals.

In the middle of a dream

"We'll be there . . . some day . . . on the inside looking out . . . but our dream won't disappear. For it will be real—substantial—our dream home. Of course it will be All-Electric!

"Whether it be the magical all-electric kitchen, with brand-new range, refrigerator, home freezer, and dishwasher—or the all-electric laundry—or other rooms with their wonderful new appliances and marvelous lighting—we'll love it all!

"When our hopes and plans become a reality, we'll make sure it's a dream of a home. We'll make sure it's designed so it can use all the electrical things that we can have. We'll make certain our dream will last!"

★ ★ ★

How are your post-war house plans? Ask your contractor to check the wiring to make sure you can take full advantage of tomorrow's electrical developments. Now is the time to plan—before you build.

Liberated Yank Wants "To See One Of Them" As He Fondles Carbine

By RICHARD G. HARRIS
United Press War Writer

MANILA, Feb. 6.—The prisoner from Bataan fondled the carbine and muttered over and over again:

"Just let me see one of them tonight!"

One of the survivors of the dread Death March of Bataan, he was freed by American troops from the Bilibid prison in Manila.

Some GI had given him the carbine to help protect the truck that was taking him and his former prison mates to comfort and safety. He sat behind the cab and peered hopefully at rooftops and along deserted streets.

Stretcher Cases Moved First

All available vehicles were mobilized last night to move out the 1,300 American and Allied prisoners from Bilibid prison. Stretcher case were removed first, then those able to walk, along with women and children.

Big army trucks, jeeps, weapon carriers and hospital trucks quickly loaded up and tore off into the blackout darkness.

The liberated prisoners on one truck, eating rice as they bounced along, looked up and saw an American flag being waved by a Filipino from a balcony.

"Gee, it's good to see that flag again," said Pfc. Arthur F. Roberts of Lexington, Ky., another survivor of the Death March.

Roberts, a former 165 pounder, now weighs only 104 pounds. His buddy, Cpl. Charles Hanson of Uvalde, Tex., dropped from 190 to 125 pounds.

Walked Two Blocks

Pvt. William Bangs of Liberal, Kan., still another survivor of the Death March, walked out of the prison and two blocks along the street, then crawled into a wrecked limousine at the roadside.

"I could walk no more," he told the crew of a truck which picked him up. "I tried, though, because I knew I was going somewhere this time."

Another truck passed and a voice rang out.

"Anybody there from Pennsylvania?"

A nearby soldier walked over and talked with the former prisoner. They discovered they lived within a few blocks of each other in Philadelphia.

The former prisoner was Pvt. Charles G. Gabski, who now weighs only 100 pounds. His former neighbor was T/5 Albert Wagner.

Grabbed Extra Mouthfuls

In another truck were men who, even in the half light of fires, were of heavier build than the other liberated prisoners. They explained they had worked in the kitchen and had found ways of grabbing extra mouthfuls.

They were Pfc. Salvador J. Garcia, El Paso, Pfc. Walter P. Pankratz, Frazer, Mont.; Cpl. Howard Higgins, Albuquerque, N. M.; Pfc. Gilbert O. Abeyta, San Francisco.

Higgins was chief cook and boasted he got the most to eat, but added amid general laughter that he weighed only 135 pounds because he was a "little guy."

Although the President of the United States is commander-in-chief of the Army and Navy he is denied one privilege accorded every soldier and sailor regardless of rank — the right to wear the uniform.

Fortress Drops Tail Turret And Gunner; Plane Lands Safely

LONDON, Feb. 6. (AP) — Sgt. Herbert Guild of the Bronx, N. Y., said today that after what he had been through even going over Niagara Falls in a barrel would not seem like much of a thrill.

It happened when his plane was returning to its British base from Germany. As the pilot dipped the Flying Fortress down through the fog for a landing, Guild, a tail gunner, suddenly discovered that he no longer was among those present.

"The turret—my little feathered nest—had broken off from the rest of the plane," he said. "I was being banged around inside it as is bounded along a couple of hundred feet over a rocky pasture. It wasnt until later that I learned what happened to the plane after it unlinked me like a train does a caboose. That Fort flew on 100 miles with out me and the tail section which had snapped off."

He said the pilot finally landed the plane on one wheel without hurting any of the crew.

Other members of the crew include Lt. Grady Gumbir of Athens, Tex., and Sgt. Billie Clack of Detroit, Tex.

Plainview Trims Lubbock, 38-27

PLAINVIEW, Feb. 6. (Special) —The basketball race in the south half of District 1-AA was thrown wide open here tonight as the hustling Plainview Bulldogs roared to a 38-27 victory over the Lubbock Westerners.

The victory gave all three teams, Plainview, Lubbock and Brownfield a conference record of one win and one loss. In the first round of games, Brownfield defeated Plainview, Lubbock defeated Brownfield, and tonight's game completed the circle.

Bulldogs Finish Fast

It was a blazing finish that brought the Bulldogs their victory over the favored Westerners, and put the Plainview club back in the race. The two teams battled on almost even terms through most of the ball game, and the fans were hanging to their seats as the lead switched back and forth.

In the last five minutes of the ball game, the Bulldogs began to growl, and pulled away with a final burst of speed that found Emmett Meyers and Doyle Malone setting a fast pace.

Meyers poured in 12 points and Malone accounted for ten more, while John Coe chipped in with seven points to aid the Plainview cause. These three accounted for enough points for the victory.

Brewer Leads Lubbock

The Westerners were paced by George Brewer, who found the range on the basket for 11 points but the other Westerners were held pretty well in check by the Plainview defense. Lawrence Balch was second high of the Westerners, getting six points, while Verdell Turner was muffled down to five points for the night.

Plainview built up an 8-4 lead at the end of the first quarter, but the Westerners stormed back in the second period, and the two teams reached the halfway mark with the score knotted 17-17.

Plainview pulled back into the lead at the end of the third period, 26-22 in a torrid session. The Westerners staged another game rally in the final period, and pulled within two points of the Bulldogs at a 27-25 count, but then the Plainview five "got hot" and pulled away to win the contest going away.

The home club made it a clean sweep for the night, winning the B game by the same margin as the Plainview reserves won a 28-17 victory over the Westerner B. Johnson of Plainview poured in half these points with 14, and Galey paced the Westerner B club with nine points.

Cooper Noses By Cowhands Black

The rangy Cooper High school basketeers nosed out Coach George Philbrick's Cowhands Black last night at the Westerner gym to win a 37-34 victory over the Lubbockites.

Henderson, tall sharp shooter of the Cooper five set a blistering pace for the scoring honors of the night, flipping in nine field goals and three free pitches for 21 points. He hit 17 of these in the first half of the game, and was limited to a field goal in each of the last two quarters.

Pierce Is Second

Pierce followed Henderson in the scoring department, and poured in ten points for second high honors of the night. Pierce set the Cooper pace in the last half, getting eight of his points after the intermission.

Three lads set the scoring pace for the Cowhands, with Rampy setting the fastest pace with nine points. He was closely followed by Schmidt with eight, and Cobb with seven.

The Cowhands took an early lead, but fell behind just before the end of the first quarter as Cooper took a 13-11 lead. The Cowhands matched the Cooper pace in the second period, and reached the halfway mark with the Cooper club leading 22-20.

Cooper Hits Stride

In the third period, Cooper hit their stride, and pulled farther into the lead by sinking eight points while the Cowhands were getting four, and moved into the home stretch with a 30-24 lead.

The Cowhands started a last period rally, with Wayne Cobb and little Sam Davis hitting two baskets each and Norman Hicks slipped in another to give the Cowhands ten points, while holding Cooper to seven, but the rally fell short of the tying markers.

The Cowhands gained an even split in the twin bill by winning the B game over Cooper, 17-12. The Cowhands gained a commanding lead, and then froze the ball in the fading minutes to win. Holton paced the Cowhands with six points, while Pierce of Cooper matched him with six points for the losers.

Brownfield Cubs Nose Out Tahoka

TAHOKA, Feb. 6. (Special) — A free pitch in an overtime session brought Brownfield Cubs a 27-26 victory over the Tahoka Bulldogs here tonight in the feature game of a cage triple header, and the sugar game of the season's series.

The game was close all the way, with the lead changing hands many times during the night. Brownfield pulled into the lead during the first half, and held a 13-10 advantage at the half.

But Tahoka came back in the last half, and the two teams reached the end of the regular time with the score knotted, 26-26. In the overtime session, Garley stepped to the foul line and sank the winning point for Brownfield.

Nolan Jones of Tahoka nosed out Franks of Brownfield for the scoring honors of the night, getting nine points, one more than Franks.

Tahoka gained some consolation by winning both the B game and junior game. The Tahoka B won the second game of the night, 17-11, with Hanes dropping in 12 points for Tahoka and scoring honors. Gorby paced the Brownfield club with six points.

In the junior game, Tahoka won a 17-4 decision with Botkins looping in 12 of the Tahoka points. Franks and Nicholson scored two points each for Brownfield, both in the first half.

Idalou Cagers Sweep Three At Southland

SOUTHLAND, Feb. 6. (Special) The high scoring Idalou High school Wildcats swept three game here tonight, winning the feature boys game in a high scoring duel, 47-40.

The Idalou girls won the second game of the night, 38-5, and the Idalou B team won a 31-6 decision.

Bruce Isom of the Idalou five set the pace in the feature game, swishing 25 points through the basket, finding the range for ten field goals and five donation pitches. Eugene Becknell followed him with 14 points.

Lancaster of Southland looped in 14 points, closely followed by Sims with 12 to lead the Southland attack.

Wanda Sawyer looped in 15 points to pace the Idalou girls, while Otheta Capshaw followed her with 11. Minning was high for Southland with 4 points.

Spring Lake Cagers Upset Shallowater

SHALLOWATER, Feb. 6. (Special) — The Spring Lake High school boys reaped revenge for a defeat suffered at the Amherst tournament earlier in the season, and upset the Shallowater High school boys here tonight, 26-17, in the feature game of a twin bill.

The Shallowater girls evened the count for the night by winning a 23-10 victory over the Spring Lake girls.

Barton set the pace for the Spring Lake boys in the feature game, swishing 14 points through the net, while Murphy accounted for nine points to lead the losers.

Giles of Shallowater looped in 14 points to lead her mates to the win in the opener, while Hudson paced Spring Lake with six.

Blues Defeat Reds In Junior High Tilt

The Cowboys Blue basketball five scored a 10-6 win over the Reds Tuesday afternoon at the Lubbock junior high school gym.

Jackie Davis paced the Blues to the win with six points, while Royce Ellison paced the Reds with four points. The Blues led 6-1 at the half.

Lorenzo Takes Lead In District 8B Race

LORENZO, Feb. 6. (Special) — The Lorenzo High school boys took over the undisputed leadership in District 8-B here tonight by roaring to a 40-19 victory over Robertson in the battle for the leadership between the two clubs tied for the top.

The victory leaves Lorenzo with only two more games to play in the conference, games with McAdoo and Dickens.

Three boys set the pace for the Lorenzo five in a merry battle for scoring honors. Smith hit the basket for 13 points, Williams was close behind with 12 and Kemp added 11 more as the trio accounted for 36 points. Woodard paced the Robertson boys with six points.

Lorenzo made it a clean sweep for the night by winning the girls game, 27-16. Bolles paced the winners with 12 points, closely followed by Woodard with ten for Robertson.

Tech's Red Raiders Battle Lubbock Army Five Tonight

Lubbock Army Air field will be out for its 15th triumph of the season tonight in its meeting at 8 o'clock with Texas Tech.

The game will be played in the Fliers' ballwick.

Since defeating the Red Raiders early in the campaign, the fliers have gone through a gradual process of changes. Not all of the changes have been designed to strengthen the team. The club has fashioned two victories, however, since their defeat by SPAAF.

On the other hand, Texas Tech has been given a boost by the return of Ernest Hawkins, regular starter from Lamesa. Hawkins has been released temporarily from Navy air crew training and has re-entered school, which he left immediately after the Christmas holidays.

The Raiders have another addition to their squad, Malcolm Mitchell of San Angelo.

Bruce Prior and Gerald McCarty, both of whom have scored more than 200 points this season, will be paired at forwards for the Fliers. Wallace D. Long will start at the pivot slot and Don Newell and Harry Kreasner will team at the guard positions.

Lt. Maurice John, coach of the team who played regularly prior to entrance two weeks ago in a physicial training school at San Antonio, has returned to the field but does not intend to start with his team tonight.

LAAF journeys to Midland Thursday night for a return engagement with Midland AAF. The Fliers rapped Midland, 40 to 34, here last month. They also defeated Texas Tech, 75 to 46, in December.

Cue Expert To Play For Soldiers Friday

A former world's champion pocket billiards champion, Irving Crane of Livonia, N. Y., will present a number of exhibitions at Lubbock Army Air field Friday.

Crane, who took the title from Edwin Rudolph in 1942, holds the exhibition run of 309 successive pocketed billiard balls. During 10 years of championship competition he has never finished below fourth place. In 1941 he tied Rudolph for the title, but lost in a playoff.

The expert cueman will put on his exhibitions in enlisted men's day rooms and the Officers club.

Waco Air Field Wins Over Baylor 63-22

WACO, Feb. 6 (AP)—The Waco Army Air field Wolves won their 21st basketball victory tonight, defeating the Baylor university Bears 63 to 22.

The Wolves led at the half 32 to 9.

The air field team concentrated on a new defense formation but scored often on fast breaks.

Slaton Five Romps Over Post, 47 To 17

SLATON, Feb. 6. (Special) — The Slaton High school boys five put on the final touch of polish before the district tournament Friday and Saturday at Denver City, and trounced the Post club, 47-17, here tonight in the feature game of a three-way cage card. Both clubs will be entered in the double elimination tournament at Denver City.

The two schools divided the other two games on the card, Slaton winning the boys B game, 18-15, and Post copping the girls game, 20-12.

The victory gave the Slaton lads a season's record of nine wins and four defeats. Grady Burnett set the pace for Slaton by pouring 14 points through the hoops for scoring honors of the feature game. Cash paced the Post club with five points.

In spite of some fine defensive play by Bounds and Voight for the Slaton girls, Cowdry, Post star, slipped in 16 points to lead Post to a 20-12 win in the girls game. Woodford paced Slaton with four points.

The Slaton boys squeezed by Post in the B game opener, 18-15, with Roberts copping scoring honors with nine points. R. Dougherty was close behind him for Post with eight points.

North Texas Aggies Defeat NTSTC 67-44

DENTON, Feb. 6 (AP)—The North Texas Aggies from Arlington outscored the North Texas State Teachers here tonight, 67 to 44, in a rough basketball game.

Keiling scored 25 and Young added 16 for the victors, who were ahead at the half, 29 to 13. Forbes was high for the Eagles with 11.

GOLFER TAKES POST

CHICAGO, Feb. 6. (AP)—Officials of the Medinah Country club have announced that Ralph Guldahl, National Open golf champion in 1937 and 1938, will become professional at Medinah April 15. Guldahl, a native of Texas, has been director of recreation for an aviation firm at the San Diego, Calif., Country club recently.

Longhorns Defeat Aggie Cagers 87-59

COLLEGE STATION, Tex., Feb. 6. (AP)—The University of Texas defeated Texas A. and M. 87 to 59 in a Southwest Conference basketball game here tonight.

Don Wooten paced the Longhorns with 25 points. The Texas ace scored 13 in the first period, helping overcome an Aggie opening lead of 8-0.

Texas tied the score at 11-all at the end of nine minutes, and 15-all two minutes later. Score at halftime was Texas 39, A. and M. 23.

In the second half the Aggies shot three quick baskets but Wooten again found the range and when the Texas regulars were taken out with eight minutes to play the score was 63 to 42. Max Weinbaum was high for the Aggies with 19 points and Bob Cleary sank 14 for Texas.

Dick Goad, editor of the Aggie newspaper, played the entire game, making 10 points in his S. W. conference debut. He was an intramural player last week until drafted for the varsity by coach Manning Smith.

Byrd May Be Out Of New Orleans Open

NEW ORLEANS, Feb. 6 (AP) — Sammy Byrd of Detroit, Mich., winner of the Texas Open golf tournament two weeks ago, said here tonight that a lame arm might keep him out of the $5,000 New Orleans Open starting here Friday.

The ex-New York Yankee outfielder said he suffered a pulled tendon of his left arm in the early rounds of the Corpus Christi Open the past weekend, which, he said, was at least partly responsible for his weaker showing in that meet. Byrd set a new Texas Open tournament record at 268 and finished in a sixth place tie with a 271 at Corpus Christi.

Bob Hamilton, Evansville, Ind., the PGA champion, said tonight that he had been ordered to report to his local draft board Monday and that he would leave New Orleans tomorrow. He will be unable to compete here.

Slammin' Sammy Snead was the only member of the band of touring pros who shot a practice round today.

Byron Nelson, winner of the Corpus Christi Open and head money earner among the pros, and Harold (Jug) McSpaden, will play an exhibition match at Alexandria, La., tomorrow and are scheduled to arrive here Thursday morning.

Pampa Harvesters Beat Borger, 31-23

BORGER, Feb. 6. (Special) — Playing before the biggest basketball crowd in five years, the Pampa Harvesters evened their record in the north half of the District 1-AA cage playoff by winning a 31-23 victory over the Borger Bulldogs here tonight.

The Harvesters pulled away early in the ball game, and rolled up a lead that the Bulldogs were never able to overcome. But the Bulldogs came back fighting in the second half, and turned the game into a ball game by holding the Harvesters to six points while running up twice that many of their own.

Earl Davis and Johnny Campbell of the Harvesters poured in 11 points each to set the pace for the visitors, while Dally paced Borger with seven points.

Pampa held a 12-2 lead at the end of the first period, and boosted this to 25-11 at the half.

The victory left Pampa with one win and one loss, and was the second defeat in a row for Borger. Amarillo leads the race with two wins in two starts, having defeated both Pampa and Borger in openers.

Former Baylor Grid Star Is Coming Home

DALLAS, Feb. 6 (AP) — Former Baylor university football star Jack Wilson, is coming home on leave after 21 months in the Pacific, he telephoned his wife Sunday night.

Relatives yesterday said he called from Pittsburgh, Calif., and said he hoped to be home in a few days.

Now a sergeant in the Army, Wilson played for Baylor several years ago.

Twilight Of Nazi-dom

The Allied Pincers Clamp Down

THERE are rumors at Berne, Switzerland, in which no particular confidence need be placed, that the German high command has served notice on the Nazi regime that it cannot hold out six weeks more against the two-sided Allied advances. The high command, according to rumors in Swiss diplomatic circles, is said to be demanding a showdown on responsibility for future German sacrifices.

All that gives cause for pause about these rumors is the suggestion about the state of mind of the German high command. In World War I it was the high command, not the home front, which collapsed first. The high command demanded an armistice of the civil government long before there were serious signs of revolution within the Reich. What is the state of mind of the high command now? Is it prepared to confess that the war is lost?

As to that, nothing definite can be immediately known. But the German position in recent weeks has been deteriorating from hour-to-hour. All German efforts to stage successful counter-attacks against the Russians, in the East, have been futile. In the West, American, British and French forces have been slowly but surely forging ahead into German territory.

The best evidence of what is happening is not to be found in German reports—authentic, or unauthentic—but on the map of Europe. The Russians have gobbled up masses of territory essential to a lengthy German resistance; and the other Allies are putting the pressure on the Reich from the opposite direction. This much we know—the world knows.

The Allies have learned from bitter experience not to underestimate German resourcefulness and powers of recuperation from defeat. But when Moscow broadcasts that the "decisive hour is at hand," this sense of urgent crisis finds a hundred echoes at Berlin and throughout Germany. It cannot now be long before the world will know whether and where the German high command is going to make a stand in a last-ditch defense of Nazi-dom.

That "Double-E" Blight!

A PIECE of radio publicity we came upon the other day mentioned something about a "combat returnee," and revived our concern over just how far this double-e business is going to go.

The war has brought us the draftee (or that nice-Nelly substitute, selectee) and the trainee. Now we have the returnee, and very likely the dischargee will be coming along when he has reduced the German and the Jap to the status of vanquishee. In a recent dispatch from Stockholm, a French "escapee" described his experiences in a Berlin prison.

The possiblities are limited only by the number of English nouns identifying the performer of an action. And that's what frightens us. For, by wholesale application of a stiff and tiresome practice of the law and business world, every performer can have his performee, every lover his lovee, etc.

Where it all will end is beyond us. Perhaps there will have to be some organized crusade to rescue the language of Shakespeare and Bernard Shaw and H. L. Mencken from the ad writers, press agents and other professional word-coiners, and give it back to those who still prefer to call a spade a spade, or a combat returnee just a plain soldier come home.

Maintain The Perspective

THE stories from Paris that several hundred American soldiers are in jail in France, accused of participating in black market operations, deserve to be taken in perspective without leaping to rash conclusions. There are more than 12,000,000 men and women in the uniforms of the Americans services. It is safe to say that the rate of misdemeanors, or even criminality, is far less than the civilian rate at home.

What has happened in the soldier-organized black markets is regrettable. But the American soldier is known all over the world for his courage, his cheerfulness, his loyalty and integrity. The few who stray only blacken themselves, not the services of the United States.

Let's not overlook the true state of affairs.

The diagnostic agility of the physician of 50 years ago was very limited. About all he could determine from a physical examination was whether the patient was well, bilious, or dead.

"Many Japs are now subsisting on food made of decayed wood."—Press report. No doubt before long a common Jap complaint will be termites in the tummy.

The One Minute Sermon

Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men!—Psalm 107; 8.

A DAY IN A VIRGINIA PLANTER'S LIFE (1713)

V

AS the Swain party went on to Belmore in the late afternoon Swain and Randall made their horses cut out capers in the road, just for the fun of it, and now and then they would burst into drinking songs and old English ballads. After awhile they became weary of this horseplay and rode along sedately, in a manner that befitted men of standing in the colony.

"We are getting near to Belmore," Randall said, pointing to a long, low structure by the side of a creek. "There's your sawmill, Ned."

"Sure enough," Swain said, "and in another half mile we'll come to the brickyard."

He took more pride in these industries than he did in the long-reaching acres of the tobacco plantation. "I've never failed, even in the worst of years," he told Randall, "to make good money out of the distillery, and the brickyard, and the sawmill, and the carpenter shop. Even when everybody was losing money on tobacco I was making a profit on these workshops."

In the distillery he made peach brandy, and the carpenter shop was devoted to cabinetmaking in a rough way; it made kitchen furniture.

Groups of workers, white and black, appeared now and then at the roadside. They were Swain's laborers, going home, their day's work over. The male servants wore leather breeches, gray shirts, cloth caps and leather coats. Most of them were barefoot, but three or four wore heavy, square-toed shoes, without stockings. The Negro women had gowns of linsey-woolsey that were raised up to their knees and fastened by a rope which ran around the waist.

• • •

IT was not quite half-past six when they trotted through the gates of Belmore and up the circular graveled road to the mounting block before the front door. There they leaped off their horses and turned them over to Dave and Mat.

The manor house at Belmore was new; it had been built in 1710. In plan and architectural features it belonged to the latest type of Virginia plantation houses as they were in the early decades of the 18th century. It was built of dark red brick. The front steps led up to a terrace that ran across the front of the house. A striking feature of the facade was the imposing door frame of white marble.

The ground floor had only three rooms—a long and wide living room, a smaller reception room, and a dining room. A hallway that was 15 feet wide ran through the house, from front to back. In the hallway rose a curving flight of stairs which ran gracefully to the second floor. There were six bedrooms on second floor of the main house, but no bathrooms. The people of that era bathed only on rare occasion, and when they did bathe it was in a wash tub brought into a bedroom for that purpose.

The main building had two ells, or wings — one on each side. In one of the wings there was a huge kitchen on the lower floor. Up stairs there were rooms for some of the house servants.

The walls of the chief rooms were paneled in the dark oak; the bedrooms had wall paneling of white pine or poplar. The hall was so wide, the rooms so spacious and the ceilings so high that the house gave a visitor an impression of airiness.

All over the house sconces for candles were set in the walls. The job of keeping the place lighted took the whole time of one slave. The black man molded the candels, kept the sconces and candlesticks polished, and went around every day to replace the burnt candles with fresh ones.

In the kitchen the cooking was done at a huge fireplace, as in New England. Stoves were unknown. Outside, in the yard near the kitchen, was a brick baking oven. It was used chiefly to bake bread and cakes.

• • •

AFTER having been greeted pleasantly by Mrs. Swain, whom he had known several years, Henry Randall was shown to his room by a young Negro girl, who brought him immediately a pitcher of water and some towels. He knew that dinner was ready, and he hurried through his ablutions.

Then, with his face washed, his wig set straight and the dust of travel brushed off his coat, Henry Randall descended leisurely the wide curving stairs. The family and guests were assembled in the wide curving stairs. The family and guests were assembled in the large living room. Randall paid his respects to all in turn, bowing and taking their hands. First was old Mrs. Lightfoot, the mother of Sarah Swain; then in order came Mrs. Swain; Mr. and Mrs. Kirkland, who were house guests—their home was in Maryland; and the Swain grown-up children, Edward, Jr., who was 21, and Frances (known as 'Fanny") who was a few years younger. The smaller children were having their dinner in a room off the kitchen.

The dresses of the ladies were all voluminous, spreading around them in so many fold and frills that the shape of the wearer had to be a matter of inference rather than of observation. These garments of silk were highly colored, and the fabrics had figured designs on them. The effect was precisely the opposite of nunlike simplicity.

When dinner was announced the party went into the dining room with the pleasant gravity of attendants at a cheerful ceremony.

(To Be Continued)

Americans Capture Hitler's Prize Camp

ORDENSBURGH, Germany, Feb. 6. (AP)—American capture of the Vogel-camp in the Siegfried line at the headwaters of the Erft and Roer rivers today constituted a blow to Hitler's hopes of perpetuating the Nazi order after his death.

It was here that the Nazis trained their future leaders and, lately fledging officers. It fell 60 per cent intact to the U. S. First army. A "tower of wisdom" had been erected in the center of the camp where Hitler had prepared to deposit his most highly confidential memoirs. He often visited the camp.

Woman Bus Driver Routs Would-Be Thug

PORTLAND, Ore., Feb. 6. (AP)—A lone passenger who rode to the end of the bus line in the wee hours strode up to driver Virginia Hodges and demanded her money. She calmly started the bus for town.

The irritated thug pulled a revolver. Virginia slammed on the brakes and barked, "now get out." He did.

Compulsory Levy For Students Considered

AUSTIN, Feb. 6. (UP)—Revival of a compulsory levy on Univeristy of Texas students for support of the "Student Union," recreation center, was proposed in a bill offered in the Texas legislature today.

It would authorize regents to levy the fee on all which now is paid voluntarily by about half the student-body. It is $1 a semester and 50 cents for the summer term.

Looking At Life ..... By Erich Brandeis

SOMETIMES I feel thoroughly ashamed of myself when I read the stuff about which I write.

Here there's an earth-shaking war going on and the world is standing on its head and I write about birds and bees and flowers and marriage and juvenile delinquency—and pigs knuckles.

But when I see the hundreds of letters I get which tell me to keep on writing my piffle because it is to much like what happens in everybody's daily life, I put all my great ideas back on the shelf and keep right on talking the way I would if you were sitting in own own living room.

BRANDEIS

For instance, just this morning I was all set to write about the postwar world and economics, when I get a letter from an Ohio woman who writes:

"No matter what comes up or annoys me, just that certain are you to come out with a column that hits the particular mood or occasion right on the head.

"For instance, there was the episode of my husband and the pigs knuckles. He paid 70 cents for four of them smaller than my fist. They always see him coming!

"I have been trying to educate him for 30 years—but the case is hopeless. Perhaps I wounldn't have got so mad if it weren't for the fact that I just canned 40 pounds of beef and there was sausage and steak and cubed beef in the refrigerator as well as bacon that had to be used up.

"We are snow and ice-bound out here now, and I asked him to bring some bread on his way home from work — so he brings four scrawny pigs knuckles which would have made a slim meal for Frank Sinatra, let alone a 190-pounder.

"So I got mad and he got mad and I saw myself packing and leaving and getting myself a war job.

"So what happens? I don't want to leave before reading the evening paper, and there is your column on 'What a happy marriage this must have been.'

'I read it and I am all over my mad. I reimburse the poor sucker out of the tattered coin purse marked 'FOOD' by sneaking it on his chifforobe while he isn't looking. Then I bury the offending pigs knuckles down in the heart of a kettle of my home-made sauerkraut and bake them in the oven. I serve it with hot biscuits, mashed potatoes, real butter, jam, apple pie and good hot coffee. We make up and everything is swell, thanks to you."

• • •

SO now you see why I am going to keep on writing piffle. If you don't like it you can always skip my stuff and read the much more important features written by my colleagues.

But I tell you right now you'll never get quite the warm glow out of the most erudite essay or editorial or colum that you'll get out of a steaming dish of pigs knuckles and sauerkraut—if you like pigs knuckles and sauerkraut—and a good slice of apple pie and some hot biscuits and a hot cup of coffee and the company of a good wife (or husband, as the case may be).

Somehow the world always seems much brighter to me and the post-war problems seem much easier to solve after I have had a good breakfast. And if a good lunch and a swell dinner follow, that just makes it a perfect day.

Don't tell me, please, like I know some of you will, that I am selfish and forgetting all about the sacrifices the war requires.

I know that as well as you—but a man still has to eat, doesn't he?

The National Whirligig

A View Of Postwar Agriculture

WASHINGTON
By Ray Tucker

THE American farmer must stand on his own financial feet in both the domestic and export markets after the war. All forms of subsidies and other artificial aids will be withdrawn, although the federal government will finance those in need through the difficult readjustment period.

Through mechanization of production methods, better organized marketing facilities and elimination of submarginal land, it is expected that farmers can cut costs so that they can compete with cheap substitute products at home and with the agricultural output of low-paid workers abroad. They must emulate the manufacturers by embracing the same sort of industrial efficiency that enables Henry Ford to sell his tractors and trucks all over the world.

TUCKER

Although it may come as a shock to agrarian interests which have received billions in benefits payments under the Roosevelt-Wallace-Wickard regime, these are the underlying economic policies that the State department will adopt during the administration of Steelman Edward R. Stettinius, jr., Conservative Joseph C. Grew and Cotton Broker Will L. Clayton of Houston.

The farm bloc on Capitol Hill may mobilize—again—sufficient strength to stave off this return to hard-boiled international competition and the principle of survival of the fittest farmers. But this course represents the considered plans of FDR's new set of economic advisers, and it apparently has his blessing.

• • •

COTTON: Blunt-spoken Clayton let this politico-economic cat out of the bag when he was quizzed on Capitol Hill about his qualifications for the post of Assistant Secretary of State in charge of these problems. But the far-reaching implications of his doctrine were generally missed because of the pressure of war news and the hullabloo raised by New Deal opponents of the "Stettinius team."

Clayton confined his remarks to the South's major crop of cotton—his specialty—but they apply as well to such things as tobacco, wheat, corn, meat etc. These products, in his opinion, must be marketed at such low prices that they will not need government stimulus. He hinted at 12 cents a pound for cotton, as against the present domestic figure of 21, and 17 for export purposes.

The only alternatives, he insists, are (1) loss of world trade by reason of our swollen, noncompetitive price levels and (2) diminution of domestic outlets through competition with less expensive synthetics.

In view of cotton's importance in our scheme of living, this program will affect millions besides the producers and handlers of that product. Downward revision of cost will mean lower prices for automobile tires and cars generally, clothing, all finished textiles, household furniture and especially workers' garments. Thus the scheme ties in with the administration's determination to keep down the cost of living while it maintains the wartime peak of industrial wages.

• • •

PLANTATIONS: The realistic State department spokesman concedes that intensive mechanization on the plantations would bring about radical changes below Mason and Dixon's line.

It would advantage growers in the Delta area and on the western plains to the detriment of producers in Alabama, Tennessee, Georgia and the Carolinas. Widespread use of machinery would work against owners of smaller tracts, where huge mechanical pickers would not be feasible. The unemployment problem would also be aggravated, especially in the early stages of transition. During this period, Clayton believes, Washington must carry the "little fellows."

He advances a novel solution for Southern states which may suffer from this shift: They might produce for the domestic market, while the Delta and the western plains shipped their goods into world channels. He also preaches diversification of crops.

• • •

WINNING THE WAR
By Albert Leman

"THE coward who turns his back on the nation," threatened Hitler in his latest address, "shall inexorably die an ignominious death."

Thus, as the Reich totters on the brink of disaster, the Nazis are using the whip of fear to keep the populace in line. Besides driving through intimidation, they are employing all their skill as efficient organizers and ruthless disciplinarians to revive morale and make a collapsing economic system function.

The outside world, knowing of the bombs raining on the terrified refugees in Berlin and the slaughter of the Wehrmacht on three fronts, asks, "Why don't the people rebel now?"

LEMAN

The expected uprising may come eventually. But the shrewd Nazis, foreseeing the present explosive situation, long ago arranged matters to discourage revolution.

The waking hours of the Germans are spent in groups. Workers are herded in factories from dawn to dusk. The elderly do piecework in community machine shops. Civilians waste many hours in the course of a month huddled together in air raid shelters. Coal is so scarce that several families congregate at night in one heated room.

There is no privacy for the average person. He is always surrounded by others. In some cases this fellowship engenders mass courage and endurance. But it also places everyone under the eyes of his neighbors—any of whom may be informers or Gestapo agents in disguise.

Grousing, expressions of despair or the slightest hint of revolt is immediately noticed by Himmler's watchdogs and the culprit is pounced on. This continuous regimentation was deliberately planned by the Nazis to make observation of weaklings and traitors easy for the snoopers.

• • •

PRISONERS: The league of German officers in Russia accuses Hitler personally of ordering the seizure of prisoners' mail to prevent relatives from learning that the men are properly treated by the Slavs.

Der Fuehrer is afraid that the knowledge might prompt other soldiers to surrender. The government declares that everyone taken by the Muscovites is either "missing or killed," in order to spur fighters and terrified residents of the eastern provinces to last-ditch resistance.

The Danish underground headquarters in New York says that the Brownshirts have embarked on a campaign to stir pity by quartering 6,000 recruits in their early teens among the Danes. The crafty Nazis hope that the warmhearted natives will have so much sympathy for the homesick kids that they will cease their sabotage of military works and transportation units manned by the boys.

But efforts at this late date to court favor with other races and to hold the home front in an iron grip may come to naught. Cracks are commencing to appear in the facade of unity.

The Westdeutscher Beobachter—from which a clipping has just arrived—warns against 'insuoordinate' elements returning from the rear who have obviously lost their heads and are spreading irresponsible rumors" of German troubles. For a newspaper openly to admit such derelictions is evidence that morale is sagging.

Here And There In Texas

Good Neighbor Policy Gains

By WILBUR MARTIN
Associated Press Staff Writer

A FRIENDLY two-day meeting of garrison commanders of the army of Mexico and American officers of the Southern Land Frontier, at Ft. McIntosh, Laredo, under command of Col. Marion Carson, has marked a further step in the development of "Good Neighbor policy" along the Rio Grande.

"It has been a happy privilege to have you as our guests," Colonel Carson told the visiting generals," and I hope the people of our countries will get to know each other as well as the heads of the armies are beginning to."

Manifestations of friendship and understanding have been increasing along the border, especially between the armed forces, ever since Mexico joined in the common fight against Hitler. Important problems remain to be solved before it can be said that the good neighbor policy is effective, but the visit to Laredo by Mexican garrison commanders on Jan. 24-25 perhaps was as significant of military cooperation as was the civilian effect of Gov. Coke Stevenson's good will tour of northern Mexico.

• • •

More Interest In Mexico

Another recent development in relations with Mexico was revealed at the annual meeting of editors of Associated Press member newspapers in Texas, held recently in Dallas.

Editor W. J. Hooten of the editors' conference commented:

"Texas newspapers are paying more attention to news from Mexico than they have at any time since our neighgor to the south recovered from its epidemic of armed revolution.

"Today, news from Mexico is of a constructive nature. It tells what our neighbors are doing. And readers of Texas newspapers are very interested because they know Mexico is an up and coming country.

"Texas newspaper readers want to know what is going on south of the Rio Grande."

Facilities for the transmission of news to and from Mexico have been increased by The Associated Press during the past year. More news of Mexico is received in Texas than ever before.

• • •

THE forthcoming international conference of 20 nations at Mexico City, starting on Feb. 21, and heralded as perhaps the most important meeting of its kind ever to be held on the continent of North America, will attract worldwide attention. Problems for consideration at Mexico City range far beyond Mexico and the U.S.A. They will be concerned with hemispheric and global affairs and the future peace of the worlds.

But the progress that has been made toward friendship along the Rio Grande by military authorities, may indicate what can be done in the larger field of international problems.

As Editor Hooten of El Paso notes, times have changed.

For instance, after the demonstration by the 57th cavalry reconnaissance mechanized troop, the visiting Mexican generals fired the guns used in the demonstration. The Mexicans inspected the class rooms, radio rooms, and storerooms at Ft. McIntosh, witnessed demonstrations at the Fort and at the flexible gunnery school at the Laredo Army Air field, were guests at a mounted review and participated in civic and social affairs with the citizens of Laredo and Nuevo Laredo.

• • •

Personal Touches Help

Little touches of personal friendship included the exhibition by Gen. Jesus Jaimie Quinones, garrison commander at Matamoras, of a Japanese five peso bill which had been mailed to him from the Philippines by his old friend, Maj. Gen. Innis P. Swift, former commander at Ft. Bliss and well known throughout the Southwest.

"Such meetings as this are so personal that they are bound to prove of great benefit for better cooperation not only between the armies of our countries but between the people of our countries," said General Quinones, in summing up the Laredo visit.

Other visiting commanders expressed similar views.

• • •

GENERAL Adolfo Soto Quinones, commander of the Piedras Niegras garrison, saw in the Laredo meeting "a magnificant opportunity to demonstrate our good friendship. Mexico and the United States are fighting the same battle against the same enemies."

The commander of the garrison at Ojinaga, Gen. Emiliano Cepeda Con Cavillo, said that knowledge and friendship between the armies is a strong base to assure better cooperation between the United States and Mexico.

Gen. Silvestre Pinal Villanueva, commander at Nueva Laredo, said it had been his pleasure to see the friendship between the armies of the two countries grow year by year.

• • •

Money For Texas

Texas' share of major defense-and-war contracts and projects from June 1, 1940, to October 1, 1944, amounted to $7,560,140,000, the War Production Board reports.

The national total was $205,000,000,000.

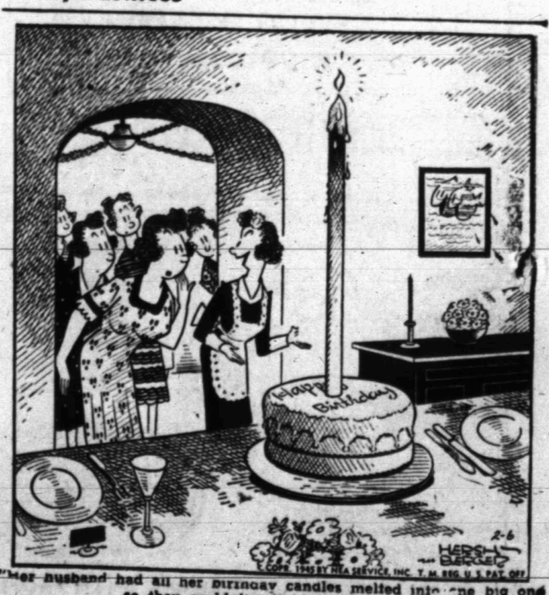

The board explains that the figures are net, reflecting all decreases due to contract cancellations and other reductions. They do NOT include contracts of less than $50,000 or contracts for foodstuffs and food processing.

Of the Texas total, $5,653,858,000 was for supply contracts and $1,906,282,000 for facilities.

Of the supply contracts, $2,308,133,000 was for aircraft, $1,418,965,000 for ships, $377,885,000 for ordnance and $1,548,875,000 for all other.

The facility projects were divided between, $1,090,234,000 for industrial and $816,048,000 for military.

Woman Explains Her Vote In Rainey Case

AUSTIN, Feb. 6. (AP)—Mrs. I. D. Fairchild of Lufkin, member of the board of regents of the University of Texas until the Senate confirmed her successor, today issued a statement giving her reasons for voting at the board meeting Jan. 26 to reinstate Dr. Homer P. Rainey as president of the university.

Mrs. Fairchild was one of two regents who voted Nov. 1 not to discharge Dr. Rainey. Her statement, written before the Senate action, said in part:

"When the chairman stated that we would set aside the regular business of the day and dispose of another matter of importance, a petition was read asking for the reinstatement of Dr. Rainey as president of the university.

"The chairman stated that his purpose in requesting a vote at this time, was in order that the people, represented by the members of the Senate, could express their views and the Senate could then act. A motion was made to deny all petitions and the reinstatement of the president. I voted against the motion because I do not feel that a state board should deny any petition of the taxpayers; neither should a board representing the people of Texas assume to bind an incoming board by any action, especially an action taken under such circumstances as this was taken—even though the chairman stated that summary action by this board, composed as it is of three members who voted to oust the president, three members whose confirmations are now before the Senate, and one lame duck, would not bind another board. Such action taken now, in view of the facts, to my mind would have an influence on those who are to take their places on this board and who are to carry on the affairs of the university."

RAILS ARE STRONG

NEW YORK, Feb. 6 (AP)—Renewed strength of rails helped pull the stock market average back to its 7-year peak today in the sixth consecutive rising session although numerous recent leaders were depressed by profit cashing.

The carriers got going before midday as dividend hopes revived and a later cheering earnings statement by Union Pacific dropped sentiment.

The Associated Press 60-stock composite was up .2 of a point at 59.9, equalling the highest figure since Sept. 16, 1937, established early in January. It was a broad market, 968 issues registering. Of these, 422 were up against 546 down or unchanged. Tarnsfers totaled 1,598,120 shares compared with 1,800,140 Monday.

Advancers included Santa Fe, Southern Railway, Northern Pacific, Union Pacific, N. Y. Central, American Telephone, Woolworth, United Aircraft and Owens-Illinois. Among casualties were U. S. Steel, General Motors, Chrysler, Radio Corp., Graham Paige, International Telephone, Goodrich, Westinghouse and Du Pont.

Railway bonds tilted higher.

Cotton..

NEW YORK FUTURES

NEW YORK, Feb. 6 (AP)—Cotton declined 20 to 35 cents a bale today on light commission house liquidation and hedging which encountered indifferent mill support. Activity was limited pending clarification of the foreign situation and the outcome of renewed efforts to raise farm prices.

There was some March liquidation and switching into later months, anticipating first notice day Feb. 23.

Spot cotton markets were quiet.

	High	Low	Last
March	21.93	21.86	21.86
May	21.79	21.72	21.72
July	21.43	21.36	21.36-37
Oct.	20.77	20.71	20.73
Dec.	20.68	20.64	20.65N

Middling spot 22.18N.
N—Nominal.

NEW ORLEANS REPORT

NEW ORLEANS, Feb. 6 (AP) — Cotton futures were easier here today under profit taking from the long side and selling on favorable war news. The market closed steady, 15 to 30 cents a bale lower.

	High	Low	Close
March	21.91	21.83	21.85
May	21.80	21.75	21.76
July	21.46	21.41	21.41
Oct.	20.80	20.74	20.75
Dec.	20.71	20.66	20.66

AVERAGE PRICE

NEW ORLEANS, Feb. 6 (AP)—The average price of middling 15/16ths-inch cotton today at ten designated southern spot markets was 35 cents a bale higher at 21.47 cents a pound; average for the past 30 market days 21.64; middling ⅞ths-inch average 20.19.

At A Glance..

NEW YORK, Feb. 6. (AP)—
STOCKS: Mixed; rails advance.
BONDS: Higher; modest advance in rails.
COTTON: Quiet; mill buying; liquidation.
CHICAGO—
WHEAT: Strong, light offerings.
CORN: Easy, light demand.
RYE: Firm, commission house buying.
HOGS: Active, fully steady; top 14.75.
CATTLE: Steady to weak; top 17.00.

Livestock..

Martin Sota and wife to Lorenzo Mata, north 48 feet lot 11, block 3, J. J. Cutler sub of W. M. Tubbs addition, $500.

W. C. Holden and wife to Mrs. Grace Holden, lot 22, west ½ lot 23, block 7, University Place addition, $1,000.

Nazi Preparations

(Continued From Page One)

Poland, large stocks of coal and great stocks of food and armaments are being stored in caves around Munich, it was reported.

There is a rumor current in Berlin diplomatic circles that several high Nazis, including Reichsmarshal Hermann Goering, hope to use King Leopold of Belgium and possibly Marshal Petain as hostages in a deal for their own liberty.

Himmler and Hitler are not mentioned among those reported maneuvering for their safety. Even anti-Nazi Germans expect them to fight to the end. Hitler is believed to be in Berchtesgaden already.

With artillery fire from the front already faintly audible under favorable conditions, with Polish and Russian prisoners digging trenches in the city and thousands of other foreign workers bein directed in the building of fortifications toward the Oder in plain vew of refugees pourng in from the east, an insense personal and poltical crisis has developed which can take any turn any day, travelers say.

On the anti-Nazi side, Germans are forming together in groups irrespective of party to try to create a nucleus for a government when the Nazis fall. There are separate Communist cells, especially in the industrial sections, but a group likely to have much influence is the coalition of Socialist, Communist, Catholic and monarchist elements.

Travel Ban Rumors Are Spiked By ODT

WASHINGTON, Feb. 6 (AP)—Rumors of an impending embargo on civilian travel or plans to ration travel were described as "untrue" today by the Office of Defense transportation.

The agency said such rumors had bobbed up with increased frequency in various parts of the country within the last two weeks.

A spokesman asserted that ODT regards travel rationing as "practically impossible" to administer.

Surplus Property

(Continued From Page One)

sonally had received no authorization from Baruch for such use.

During today's session, Rep. Miller (R-Neb) appared to demand that the government freeze all its surplus property pending adoption of asystem of sales under "the merciless spotlight of publicity."

He said the treasury is offering for sale as "surplus 31,000,000 surgical dressings, 531,000 test tubes and many other items while factories are working 24 hours a day turning out similar items for the military.

Clearance Agency

Meantime, Chairman Guy M. Gillette of the surplus property board announced clearance machinery soon would be set up to prevent one government agency from selling as surplus any goods needed by other agencies.

Returning soldiers will get priority in buying surplus goods or land, but no price advantage, Gillette ruled. SPB, the chairman revealed, now is trying to get the veterans' bureau to cooperate in a plan under which the bureau would issue priority certificates to eligible veterans.

Gillette said he did not expect surplus disposal to depress the economy by glutting markets.

WRECK INJURIES FATAL

SAN ANTONIO, Feb. 6. (AP) — Wayne Pooley, 17, of Corpus Christi, died at a local hospital today as a result of a fractured skull suffered Saturday night in an accident on the Austin highway. Two of Pooley's companions escaped injury when a car struck their parked motorcycle late Saturday, officers reported.

Crosbyton Man Alive After Hazardous Fall

A U. S. EIGHTH AIR FORCE Bomber Station In England, Feb. 6 (AP)—A Flying Fortress coming in over England exploded and burst into flames today.

Nine paractutes puffed through the smoke, barely escaping the wild zigzagging of the wounded plane. Bullets from 50-caliber gun belts, set off by the heat, whizzed by.

Then an entire bomb load of more than 5,000 pounds fell among the 'chutes.

As the men neared the ground they found they were falling into the path of a speeding train. But a gust of wind blew them to safety.

All landed unhurt.

Members of the crew included Sgt. Jim Underwood, Crosbyton, Tex.

Russian Advances

(Continued From Page One)

to establish a bridgehead in the city had been repulsed.

A military spokesman for the German DNB agency stated, "on a front stretching from Kustrin to Frankfurt, the enemy's main forces already are in action," indicating Zhukov's armored columns were backed by infantry, artillery and tactical aircraft.

There also were enemy announcements of sharp encounters around Stargard, far to the north, where Zhukov's right wing was reported within 20 miles of the Baltic port of Stettin.

In Hungary, the Red Army's growing offensive southwest of Budapest was beginning to take on steamroller proportions and Moscow indicated the Russians might once more be surging toward the Austrian border.

Reds Detail Victory

In an unprecedented official broadcast detailing how a great Red Army victory was accomplished, the Moscow radio early today told how the Soviet forces crossed the Oder in Silesia.

It said the Germans had placed great hopes on their powerful fortifications west of the river which incdules three lines of trenches, a network of communications, blockhouses, pillboxes and machinegun and mortar emplacements.

The Oder was not frozen in this sector and the enemy had destroyed all bridges.

"The Germans considered the Oder an impassable obstacle, but the heroes of the Dnieper, the Bug and the Vistula have overcome the Oder, too," the broadcast declared.

Japs Fire Manila

(Continued From Page One)

and he has no hope of escape or reinforcement, but there is still fighting ahead — possibly hard fighting—for American forces of liberation before their task in the Philippines is completed.

In Manila alone there remained the dirty and dangerous job of digging the blasted Japanese out of their positions. Small groups of the nemy were holding out behind barricaded doors and from rooftops.

American forces who have sealed off all roads leading into the Bataan peninsula are probing southward along the coast, the communique reported.

Softening up Manila bay defenses, Army Liberators dumped a record load of 180 tons on Corregidor fortress, where Japanese are reported to have fled from the Manila area.

Airdromes still in Japanese hands also were pounded in widespread air activity which reached again across the China sea to hit Formosa.

Inferno At Manila

(Continued From Page One)

1,300 civilian internees and war prisoners had been freed earlier by our 37th division.

Prison Almost Empty

"Bilibid stood almost empty, as it turned out, the dark towers atop the walls deserted. There were a few hundred people in civilian clothes outside the main gate and a few soldiers.

"One little boy sat in his father's lap in the firelight holding a teddy bear. As I lifted him on to the truck he said, 'Oh boy, I'm going to get a ride on a nice big truck.'

"I'll never forget the tragic faces of these Americans on this night of the 5th of February as they sat in the trucks outside Bilibid prison with fire all around them. The trucks with the internees headed north to a hospital."

Japs Plant Gasoline

George Thomas Folster, NBC correspondent, said the Japanese planted drums of gasoline under many buildings and the fires there got off to an immediate, roaring start.

Folster, watching the scene from a jeep, reported seeing thousands of Filipinos fleeing from the fiery scene, some carrying bird cages, others leading dogs, many pushing two-wheeled hand carts.

"It is a pitiful and mournful sight," Folster related, "but at least they are alive.

"There were many who were trapped in their homes and burned alive.

"The Chinese and Filipinos fell for the Jap official announcements that if the war came to the city of Manila civilians would be respected. But now the city in many places is dying, being consumed in flames. It is a terrible sight to see."

Bounty On Captured Krauts Called Off

PHILADELPHIA, Feb. 6 (AP)—A. T. Malmed, cement manufacturer, had to renege on an offer to pay his nephew, Capt. Lawrence Malmed, $5 for every German soldier he captured.

Capt. Malmed has captured 250.

Wounded and home on leave, the captain said he used to infiltrate behind enemy lines, find a "jerry" detachment's commander, announce that it was "surrounded," and accept its surrender.

"I got $250 last October," he said, "and then my uncle thought he'd better call it off."

The rank of page was conferred on five men at the regular Tuesday night meeting of the Knights of Pythias, according to J. D. Lawson, commander. Receiving the awards were William C. Strawbridge, Tom Squires, Ed F. Bryant, E. B. Cordell and E. B. Varner.

Two tires and tubes with wheels were taken Friday night from L. P. Williams of 3401 Twenty-first, he reported to the sheriff's office. Police received a report of another stolen tire from C. C. Caldwell of 3201 Twentieth.

The Lubbock office of the Federal Bureau of Investigation received a report Tuesday afternoon of the arrest in Sudan by the city marshal there of a man suspected of being a "spy." Agents were investigating.

Levelland Soldier Killed In France

LEVELLAND, Feb. 6 (Special)—Word was received here yesterday by Mrs. Eula Weatherford that her son, Pfc. Weldon Weatherford, 23, an infantryman, was killed n France on January 17.

The War department announcement stated that Pfc. Weatherford was on a train at the time of his death, but did not make clear whether enemy action or an accident was responsible.

Weatherford, a former resident of Levelland, enlisted on May 17, 1944, and was only recently sent overseas.

Other survivors include his widow, Mrs. Maxine Weatherford of Altus, Okla.; two small daughters, Dolores Kay and Dona Rae; four sisters, Mrs. Chris D. Gueterslob of Levelland, Mrs. Bryan Reasoner of Seagraves, Mrs. Lee L. Rucker of Lubbock, and Mrs. Maxie Brady of Ridge Crest, Calif.; and five brothers E. R. Weatherford of Breckenridge, M. B. Weatherford of Mineral Wells, M. C. Weatherford of Lubbock, T/Sgt. J. Frank Weatherford, somewhere in the Philippines, and Pfc. Grady W. Weatherford of Elgin Field, Fla.

Memorial services are pending the arrival of relatives.

Central Air Line

(Continued From Page One)

lionaire.

Late in today's session Wrenn started and got necessary preliminaries out of the way in the Oklahoma Airways, Inc., application. Oklahoma Airways is the first of the five systems sponsored in organization by Braniff Airways to be presented in the hearing of the Texas-Oklahoma docket.

Braniff Network

Oklahoma Airways and the other four trade area airlines which Braniff started form a network of connecting air carriers over the two-state region.

The eight routes of Oklahoma Airways would operate out of and back into Oklahoma City, covering Oklahoma and connecting in the Panhandle and along the Red river with the routes of the Great Plains Airways Inc., another of the Braniff quintuplets.

Well, He Probably Couldn't Use Any Coal Now, Anyhow.

DENVER, Feb. 6. (AP)—J. Donald Meyer knows how it feels to be frustrated!

He telephoned a coal dealer and asked when he could get a delivery to his home.

The dealer said he had coal and trucks, but no drivers, explaining that every time he hires a driver the War Manpower commission transfers him to a war plant.

"If you've got a driver's license you can haul it yourself," the dealer said.

Meyer gently hung up the telephone and smiled and, possibly blushed, too. He is secretary of the WMC's priority committee which has the "yes or no" say on employment of males.

But it didn't matter much. The telephone rang. It was his draft board informing him that he had just been reclassified 1-A.

"Buy A War Bond TODAY."

Five Are Jailed In Behavior Inquiry

Three adults and two juveniles were jailed Tuesday night after an investigation by police, juvenile and vice authorities disclosed unsavory behaviour at a garage apartment here.

A man and two women probably will be charged with contributing to the delinquency of a minor, officers indicated. The man also will face investigation to determine if gasoline rationing stamps found in his possession provide basis for on OPA charge.

Two girls, one 12 and the other 16, were placed in the juvenile ward at the county jail. Two other juvenile girls were questioned and released.

The women occupy the apartment, it was said.

The canditions came to light after the owner of the apartment, whose house is on the same property, complained to police that young girls visiting at the apartment had broken out most of the window glasses in his house. It was alleged that this was in retaliation for purported theft by the landlord of several cases of whisky from the apartment.

The landlord told police that he took the whisky because he objected to the "goings-on" at the place.

Latham Happy Over Senate's Rejection

AUSTIN, Feb. 6 (AP)—Sidney Latham of Longview whose reappointment as secretary of state was rejected today by the Senate made the following formal statement:

"I do not find myself disturbed at the Senate's failure to confirm my appointment as secretary of state for a second term. My personal character has remained unassailed. Not the slightest criticism has been directed toward by offcial conduct of the affairs of the office. The maintenance of both, so as to stand the closest scrutiny, has been my sole interest as a pubilc official.

"These purposes having been accomplished to the entire satisfaction of my own conscience, and apparently to the satisfaction of the Senate; and never having sought the appointment or confirmation, I am happy to accept the judgment of the representatives of the people of Texts, to whom the office belongs, and return to my previous employment in private business where honest effort and hard work are appraised at higher value than personal political considerations."

Wife Of President To Receive $12,000 From Philadelphia Estate

PHILADELPHIA, Feb. 6. (AP)—The wife of the President of the United States will receive $12,000 annually when the time for payment arrives.

A court accounting today revealed there are ample funds from the estate of Henry G. Freeman, jr., a Philadelphia attorney who died in 1917, to make the payments.

Freeman provided the annuity in a 1912 will "because I feel the President of the United States receives such a miserable pittance for a man holding the greatest position on earth."

Income from the $1,700,000 estate has been used to distribute $12,300 yearly to 12 persons and the remainder has gone to Mrs. Mary C. Freeman, Paris, France, widow of Freeman's son.

Payments to the President's wife will not start until after the death of all present beneficiaries, the will provided.

Burr Walker Freed In Death Of Wife

FORT WORTH, Feb. 6. (AP) — Burr Walker, jr., 17-year-old former Long Island youth, was cleared today of a charge of murdering his 18-year-old bride when the Tarrant county grand jury nobilled him.

Walker's wife was found unconsicous in their apartment here Jan. 25. She died the same day in a Fort Worth hospital.

The murder charge was filed against Walker in justice of the peace court and he has been free on bond. He had protested his innocence throughout the investigation.

New Jet-Propelled Plane In Production

WASHINGTON, Feb. 6. (AP) — A new jet-propelled fighter plane is in production for the Navy and will soon be ready to join the fleet.

This disclosure was made by Artemus L. Gates, assistant secretary of the Navy for air, in a speech made at Detroit last night and distributed here today. He said the plane's flight characteristics are still secret, "but be assured that it will play a spectacular part in forthcoming operations."

LEASE AUCTION SET

AUSTIN, Feb. 6. (AP)—Oil and gas leases on 35,790.4 acres of University of Texas lands will be auctioned here Feb. 16, Dr. Hal P. Bybee, geologist in charge of the lands, announced today. Acreage in Andrews, Crane, Reagan, Upton, Crockett, Pecos and Cooke will be auctioned. Cash bids only will be considered by the board.

Congratulations To:

Mr. and Mrs. J. H. Haire of Southland on birth of a son weighing 6 pounds 10 ounces at 3:09 o'clock Tuesday afternoon in Lubbock General hospital.

Sgt. and Mrs. C. L. Phenix, 1612 Eighteenth, on the birth of a son, weighing 6 pounds 3¾ ounces, at 8:22 p. m. Monday in West Texas hospital. The father is at South Plains Army Air field.

S/Sgt. and Mrs. Angelo Ralph Di Pace, 908 Ave. N, on the birth of a daughter, weighing 6 pounds 8 ounces, at 5:03 p. m. Monday in Lubbock Army Air field station hospital. The father is stationed at LAAF.

Mr. and Mrs. Tom W. Drinkard, route 3, Levelland, on the birth of a daughter, weighing 6 pounds 7 ounces, at 10:58 a.m. Tuesday in West Texas hospital. The father is a farmer.

Plane-In-Reverse Undergoing Tests

NEW YORK, Feb. 6 (AP)—A fast, highly maneuverable fighter plane that appears to fly backward is being tested by Curtiss Wright Corp., C. W. Vaughan, president, announced today.

First flown in July, 1943, at Scott Field, Ill., the odd-looking XP-55 airplane-in-reverse developed at Curtiss-Wright's St. Louis plant early in the war has been cloaked in military secrecy until today.

Its disclosure should lend the puzzlement of many middlewest spectators.

The whole thing does look backward compared with conventional design: The 1,275-horsepower Allison engine and the pusher propellor are behind the pilot; the wings also are near the rear; the elevator control surfaces found in the tail assembly of a present-day plane are forward; the rudders are mounted near the tips of wings which angle sharply from beneath the single-place cockpit.

Centenarian Cites Long-Lived Family

FARMINGTON, Me., Feb. 6. (AP)—Her father lived to be 114, her mother 112 and, says Mrs. Viola T. Holt who will be 100 tomorrow, she expects to live 10 years or more.

The century mark finds Mrs. Holt well and contented. Her eyesight is good, so is her hearing and she can walk without a cane.

She still enjoys reading, knitting and sewing—and that's how she spends her days, seated in a rocker beside a window in her home.

She seldom goes out—and that's her chief concession to old age. For years, when she was younger, she did a man's work.

In her time, she says, she's cut more wood than any man alive. At her best, she could cut and pile a cord of wood a day.

Liquor Revenue In Texas Rises Sharply

AUSTIN, Feb. 6 (AP)—The State Liquor Control board in its annual report to Gov. Coke R. Stevenson today shows a total of $12,709,296 in revenue collected for the past year, representing an increase of $2,068,235.66 over the previous year.

Taxes collected at seven border points on imported liquor, beer and wines totaled $392,101.89. Of this amount the port of entry at Brownsville collected $49,555.48; El Paso $127,500.45; Hidalgo $62,933.47 and Laredo $112,671.21.

The ferry port at Thayer south of Mercedes which did a flourishing business for several weeks when all border bridges were closed on week ends contributed $8,194.27.

Sufficient Cause Related To Court

DALLAS, Feb. 6 (AP) — Seven men, arraigned before Judge Frank O'Brian, were fined for being drunk and disorderly following a free-for-all fight the night before in a night club.

"And now may I ask what you were fighting about?" asked the judge.

"A cigaret," came the answer.

TEXAN GIVEN NEW POST

LONDON, Feb. 6 (AP)—Col. Wallace H. Williams of San Antonio, who has been on active duty with the Army for 27 years, has been appointed as chief of staff of the U. S. Eighth Air force service command. His appointment was announced today by Col. James Early of Worcester, Mass., commander.

MEET IN WEST

SALT LAKE CITY, Feb. 6 (AP)—For the first time in history of the event the National Clay Courts tennis championship tournament will be staged in the West as part of the 1945 Utah Centennial sport program.

ARMY CALLS COACH

BATON ROUGE, La., Feb. 6. (AP) Jess Fatherree, Louisiana State's backfield coach and head mentor of the Tiger basketball team, said tonight he had been notified by his local draft board to report for induction on Feb. 16.

With the new British gyro gunsight, pilots can engage enemy planes at over 400 m. p. h. They make only two adjustments, range and type of plane; sight does the rest.

Wallace Cabinet Chances Mount As George Bill Goes Into House

By FRANCIS M. LE MAY

WASHINGTON, Feb. 6. (AP) — Henry Wallace's prospect of becoming secretary of commerce was brightened today by the House Banking committee's unanimous approval of the Senate-passed George bill..

The measure, which divorces the Reconstruction Finance corporation and subsidiary lending agencies from the Commerce department, received favorable action after Democrats beat down a Republican attempt to repeal part of the President's war powers.

The banking committee's action transferred to the House floor the battle on the Republican proposal to fence in the former vice president further by repealing President Roosevelt's wartime authority to reshuffle federal agencies. This probably will begin next week.

Demos Hold Solid

Committee Democrats held their lines solid to defeat the proposal, 15 to 11. Rep. Wolcott (R-Mich.), ranking minority member, announced immediately he would carry the fight to the floor.

House Republican Leader Martin, of Massachusetts, contended that without the amendment the President could "give Wallace 25 or 30 federal agencies other than the RFC.

The Senate has delayed action on Mr. Roosevelt's nomination of Wallace as secretary of commerce, pending final disposition of the bill by Senator George (D-Ga.), which lifts control of the RFC and other federal loan agencies from the Commerce department.

Some leaders of the anti-Wallace forces hoped a coalition of Republicans and southern Democrats could force amendments into the bill that would prompt a presidential veto and thus bring about outright Senate rejection of Wallace.

Shy From Coalition

But the southerners apparently were shying away from such a coalition. Following the admonition of Senator George, chairman of the Senate Finance committee, that "my bill goes far enough."

Before reporting the George bill to the House, Democrats in the banking committee defeated two other Republican amendments:

1. To pull from under the secretary of commerce the seat on the export-import bank. The vote was 14 to 12 with one Democrat joining the Republicans.

2. To provide rigid audits of all corporations controlled by the government. The bill now provides the amendment by Senator Byrd (D-Va.) calling for an audit of RFC. This vote was 15 to 10.

NEWSPAPERS TO SKIP

NEW YORK, Feb. 6. (AP)—The New York afternoon newspapers—Journal-American, Post, Sun, World-Telegram and Brooklyn Eagle—will not publish on Lincoln's birthday, Feb. 12, or on Washington's birthday, Feb. 22, unless there are extraordinary war developments. This will be the second time the newspapers have not published on those days, 1944 being the first.

Two Army Deserters Confess Kidnaping

KANSAS CITY, Mo., Feb. 6 (U.P.)—Two army deserters, arrested after a tavern fight in rural Jackson county early today, admitted that they kidnaped Dr. Andrew Carney, Tulsa physician, last Saturday morning as he left a Tulsa Hospital, Jack Brice, deputy sheriff, said.

Brice said that Grover Stockton, 23, one of the men held, talked freely about the kidnaping. He quoted Stockton as saying that he and William Crews, 19, the other man arrested, had planned to drive to Kansas City in the doctor's car.

"We tied him up and took his car," Brice quoted Stockton as saying, "and left him. Then we got to thinking that he'd freeze to death and went back for him.

"He was gone when we returned."

FDR May Meet Pope Pius After Conference

LONDON, Feb. 6. (AP) — The Swiss radio quoted Rome reports today that President Roosevelt was making plans to meet Pope Pius.

The broadcast said Myron C. Taylor, the President's personal envoy to Vatican City, was making the preparations and that Roosevelt may meet the Pope upon his return from the Big Three conference.

COKE GETS SOUVENIR

AUSTIN, Feb. 6. (U.P.)—A battle-stained Japanese flag was among Gov. Coke R. Stevenson's souvenirs today. It was sent to him by Maj. Edwin S. Weldon, U. S. Marine corps, whom the governor made an honorary Texas Ranger some time ago.

Missions Board Awaits News On Missionaries

BOSTON, Feb. 6. (U.P.) — The American Board of Foreign Missions (Congregational) today was awaiting news of 13 of its missionaries and their families interned in the Philippines—six of them in Santo Tomas from which 3,700 Allied prisoners were liberated Sunday.

Those interned at Santo Tomas included Rev. and Mrs. Edward L. Nolting of Lexington, Mo.

Others held in the Los Banos internment camp include Rev. and Mrs. Alvin H. Scaff and their son, of Dallas, Tex.

Texas Flier Sets 4th Distance Flight Mark

SYDNEY, Feb. 6. (AP) — Capt. Don Teel of Texas broke his fourth record within two weeks when he flew his RAF transport command Liberator from Sydney to Auckland in five hours, 35 minutes, clipping 17 minutes off the previous record.

Last week Teel piloted his Liberator in a nonstop flight from Gaum to Sydney, a distance of 3,300 miles, in 15 hours, creating both distance and time record. A week earlier he made a record breaking nonstop flight from Sydney to a distant Pacific base. His record for the flight from San Francisco to Sydney on Jan. 30 was 42 hours, with actual flying time of 35 hours, 50 minutes.

Sardines were named after the island of Sardinia.

Allen Says Germans Will Move Prisoners

SPOKANE, Wash., Feb. 6. (AP)—Larry Allen, who as an Associated Press war correspondent was held in German prison camps for two years, predicted today that the Germans would take their prisoners with them as they retreat into southern Germany.

He said the Nazi forces would fight from the hills and mountains of southern Germany.

The veteran of Mediterranean sea battles said he could see little possibility that Allied prisoners of war and internees might be released in the path of Allied advances in Germany.

"The Germans are always a step ahead on prisoners," he said.

Heartburn—Gas?

At the first sign of acute distress put a teaspoonful of Neutracid in half a glass of hot water and drink slowly. There is positively nothing faster or better than Neutracid to bring fast relief to the sufferer of stomach distress, acid indigestion, gas pains, sour stomach or other stomach upset when caused by excess stomach acid. Ask for Neutracid.

Service Representative, Telephone Business Office.

She knows about wartime telephones

She's the service representative in the telephone office. She knows the wartime telephone situation—knows the government order covering telephone service—and knows it is fair.

Most important, she knows she is the personal representative of everyone who has a question about telephone service. In these days of equipment shortages, her biggest job is to give service where it can be given, and to explain to others why their service will have to wait its turn. Right now 200,000 people in the Southwest are waiting for service.

That girl has no easy job. But she's well qualified to do it. You can rely on what she says.
