WICHITA FALLS, TEXAS, WEDNESDAY APRIL 14, 1909

NUMBER 289

BEST GASSER YET IN AT PETROLIA

NAVARRO REFINING CO. BRINGS
IN ANOTHER "JUMBO"
GAS WELL.

STRIKE ON SANDY TOP

Roar of Escaping Gas Can Be Heard
Five Miles Distant—Well Best
Producer in Field.

A telephone message from Petrolia this afternoon says that the Navarro Refining Company last night brought in another monster gas producer, which has not yet been brought under control. The gas is escaping from the well with a roar that can be heard a distance of five miles. It is believed that this well is the biggest producer that has yet been brought in in the Petrolia field, or for that matter in Texas.

The new gusher is located on what is known as Sandy Top.

As to the City's Bonded Debt.

Editor Times:
Dear Sir—I notice your editorial of yesterday in reference to publication of the financial condition of the city.

So far as the details of the city's receipts and expenditures are concerned I doubt if they would prove very interesting to the bulk of your readers. But the secretary keeps on file copies of his report of the bonded indebtedness and has several times given me the figures (as I think he would do for any citizen.)

This official report shows the total bonded indebtedness of the city to be only \$89,000, of which \$24,500 are refunding 4 per cent bonds issued in lieu of old indebtedness created before 1900.

The city has issued \$36,000 bonds for sewer purposes, and \$18,500 for city hall. The city itself holds \$12,500 of its bonds purchased for the sinking fund, so that the net indebtedness is only \$76,500.

If the \$17,500 bonds are issued for paying the total actual indebtedness of the city will be only \$94,000 and its interest account not quite \$4,300 per year.

The city can issue the paving bonds if authorized by the people without raising either the tax rate or assessment values.

The present tax rate of 65c per \$100 cannot be increased, as that is the limit authorized by law, and the paving bonds can be legally issued on basis of last year's valuations, even without the increase we all know has occurred from improvements made during 1908.

The school tax will not be increased one cent, as we have never paid less than 50 cents in the city and that will be the new rate and our school trustees figure that they can issue \$60,000 on basis of present values. Also both the school board and the city council invited all citizens in conference Monday night to discuss these propositions and ordered no election until after explaining their plans, and it is hoped that the voters will heartily ratify both propositions on May 18th.

In the meantime, the city will doubtless continue to put in street crossings wherever the citizens will lay down their sidewalks solid to them as before, and with three new school buildings, paved business streets and sidewalks nearly everywhere, Wichita Falls, for her size, will be the foremost city of Texas.

R. E. HUFF.

GASOLINE EXPLODED WOMAN FATALLY BURNED.

Texas News Service Special.
Dallas, Tex., April 14.—While trying to start a fire with gasoline at her home here today, Mrs. B. E. Gaines, aged 58 years, was fatally burned in an explosion which followed. Her daughter, Effie, aged 24 years, rushed to her rescue, also receiving burns.

The house caught fire and was entirely consumed. Both women were forced to jump from the second story. The death of Mrs. Gaines ensued this afternoon.

FREDERICK WILL PLAY HERE SUNDAY.

Arrangements are being made for a ball game here Sunday between the local team and the Frederick, Oklahoma, team. An excursion will be run from Frederick to this city over the Northwestern to accommodate the fans.

BURKBURNETT TO HAVE A LIVE COMMERCIAL CLUB.

Burkburnett has entered the ranks of commercial club work and organized its business into what promises to be a successful organization. At a meeting last Friday afternoon Secretary Gohlke outlined a policy for a new club to work under and at their request will again visit Burkburnett tomorrow evening, when a large attendance is promised.

President R. E. Huff and Mr. Frank Kell were invited to lend their influence to the meeting tomorrow night and they expect to attend and help start the Burkburnett organization off in a hearty manner. The new club will get behind extensive watermelon culture in that district.

OUSLEY REPORTS GOOD PROGRESS IN TEXAS.

By Associated Press.
Atlanta, Ga., April 14.—A general improvement in the State schools of the South was reported today at a meeting preliminary to the opening of the twelfth Conference for Education in the South, which begins tonight. Clarence Ousley of Fort Worth, president of the Texas superintendents' association, said that Texas had made rapid progress toward a more efficient school system. The afternoon sessions will be devoted to business and the election of officers. The conference will open tonight with an address by Governor Smith.

Death of an Old-Time Citizen.

Louis Feriman, for years a citizen of Wichita Falls, during which time he was engaged in the bakery business, died yesterday in the Old Confederate Soldiers' Home at Austin, at the age of 68 years. The remains arrived here at 2:30 this afternoon, and were met at the Denver station by the lodge of the Sons of Herman, of which deceased was a member, and from which place they were escorted to Riverside cemetery and there interred with the honors of that order.

Deceased leaves a wife and three children. His wife and youngest son, who were residing at Austin at the time of his death, accompanied his remains to this city.

Mrs. Mary Forbes Dead.

Texas News Service Special.
Cuero, Tex., April 14.—Mrs. Mary Forbes, a pioneer of Port Lavaca, died here today, aged 80 years. She was the mother of Mrs. W. G. Sterrett of Dallas, also of Lasker Forbes, president of the Drovers' National bank of Chicago.

SULTAN GRANTS RIOTER'S DEMANDS

By Associated Press.
Constantinople, April 14.—The sultan has granted practically all the demands of the riotous troops, namely, adopting the Sherie laws as the basis for the new laws, the dismissal of the grand vizier, the ministers of war and marine and the president of the chamber. The latter will be replaced by Isma'il Krema, provisional leader of the liberal union.

The casualties resulting from the rioting include the killing of Nazim Pasha, minister of justice in the cabinet, who was mistaken for Risa Pasha, minister of marine. Risa Pasha was wounded and Sadik Pasha killed. There were also several casualties among the troops.

Public Anxiety Renewed.

By Associated Press.
Constantinople, April 14.—No definite announcement concerning the formation of a new cabinet has yet been made and as a result there is a renewal of public anxiety. The attitude of the small detachment of Turkish marines, who are circulating through the European quarter is causing apprehension. The men appear in an ugly mood and fire rifles every few yards. Several casualties have already occurred from the stray shots.

KETCHEL WILL FIGHT JOHNSON

By Associated Press.
New York, April 14.—Jack Johnson and Stanley Ketchel were matched today to box twenty rounds for the heavyweight championship of the world at the Colma Athletic Club on October 12th. Both have signed the articles.

Have you bought a Special Edition?

SHIPMENTS AT OWNERS RISK

RAILROADS WILL RECEIVE CAT-
TLE SHIPMENTS FOR OSAGE
NATION.

TEMPORARY INJUNCTION

Is Secured in Osage County, Oklahoma,
Preventing Unloading of Texas
Cattle.

Texas News Service Special.
Waxahachie, Tex., April 14.—All North Texas agents of the M. K. and T. today were instructed to accept no cattle shipments for Osage county, Oklahoma, except on the responsibility of the shipper.

Cattle Raisers' Association Will Take No Action.

Texas News Service Special.
Fort Worth, Tex., April 14.—The Texas Cattle Raisers' Association today announced that it will take no action to prevent the Oklahoma courts granting the injunction stopping the unloading of Texas cattle in the Osage nation for pasturage. It is believed that the Oklahoma members may fight the injunction, but the Texas association will keep their hands off.

Injunction Hearing Friday.

Texas News Service Special.
Oklahoma City, April 13.—A conference of general attorneys of all roads interested will be held tomorrow at Guthrie in the matter of injunction proceedings by the county attorney of Osage county to prevent the unloading of Texas cattle in that county for grazing.

It is understood tonight that the Frisco, one of the heaviest transportation lines in this instance, has given orders for its agents not to accept any more cattle for shipment to the Osage nation. The Katy and Santa Fe will probably do likewise.

More than 30,000 cattle have gone to the Osage Nation from Texas already this season and four times that many more would probably have been taken in during the remainder of the season which will last until the middle of May.

The most important point that will be brought out in the hearing on the injunction Friday at Pawhuska will be whether or not the interior department has any control over the grazing lands in the Osage nation, which is almost all Indian lands, and leased directly by them to the cattlemen.

By a recent opinion of Attorney General West, the officials of Osage county have become impressed with the idea that the State now controls these lands and can say whether or not these cattle may come in.

There are probably 10,000 cattle in transit now from the South to the Osage nation and unless they can be unloaded may cause a loss to cattlemen that would, to a great extent, cripple the livestock industry.

Resolutions of Respect.

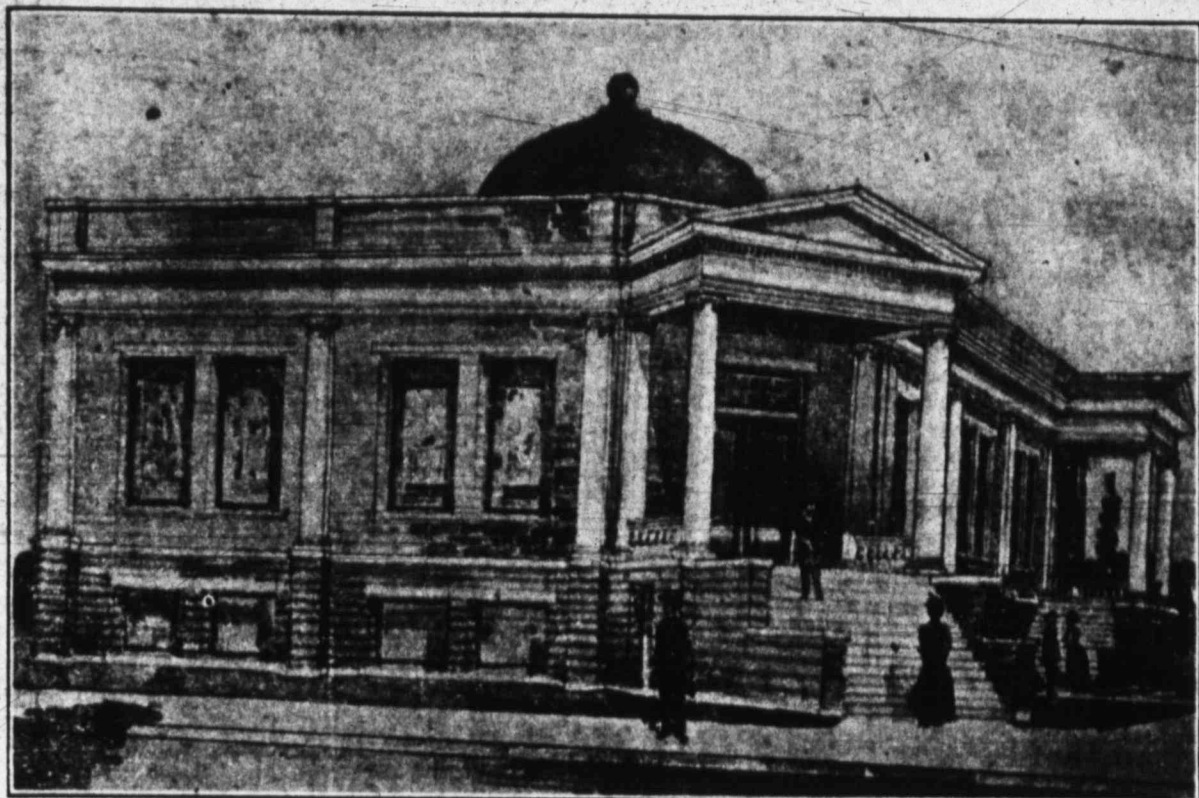

The following resolutions in respect were adopted by the City Council yesterday upon the death of J. G. Fain, a former member of that body:

Whereas: The City Council has learned with deep regret of the death of Mr. J. G. Fain which occurred at his residence in this city at 2:40 o'clock this morning and,

Whereas: Mr. Fain was a former member of this Council, and we know him to have been an efficient, faithful and honest public servant, with the best interest of the citizenship and the city always foremost with him, and as a citizen he was broadminded and unselfish, and as a man, kind, courteous and true; Therefore be it resolved by this Council in special session assembled that we deeply deplore the death of Mr. Fain, who at the time of his death was but in his prime, and as a tribute to his memory and to his genuine worth as a public servant, citizen and man, we order these resolutions to be spread upon the minutes of this Council and request the local paper to publish the same.

In the Federal Court.

By Associated Press.
Nashville, Tenn., April 14.—The Cumberland Presbyterian church property controversy got into the federal court today when Judge Sanford granted a temporary restraining order, preventing the Cumberland from molesting the members and others in possession of Grace church in this city pending a prayer for injunction on April 24th.

The corner stone of the First Methodist Episcopal church, at the corner of Seventh street and Lamar avenue was laid with appropriate ceremonies this morning and a large crowd was in attendance, despite the dust and wind. The program as published yesterday was carried out in full and the sermon by Rev. Boeye of Fort Worth, and the short addresses by Messrs. Kell and Gohlke were highly appropriate.

ATTORNEY BRADY'S FEES REDUCED

SUPREME COURT REVERSED AND
REMANDED CASE OF THE
STATE VS. BRADY.

OIL PROSECUTION CASE

Under Ruling Prosecution's Fees Will
Be Reduced From Half Million
to Ninety Thousand.

Texas News Service Special.
Austin, Tex., April 14.—The State supreme court today reversed and remanded the case of the State vs. County Attorney Brady of Travis county, involving the large fee of the prosecuting attorney under the anti-trust act of 1899. The court holds that Brady can receive only the fees provided by the law of 1903. This important decision involves the amount of money which will be distributed among the attorneys and the State as the result of the federal supreme court's ruling against the Waters-Pierce Oil Company and which will be required to pay the State nearly two million dollars. Today's decision here reduces the amount of the fees for the attorney to ninety thousand dollars, while half a million was sought.

Other supreme court proceedings today were as follows:

Application for writ of error granted the M. K. and T. vs. Reynolds from Grayson county.

Applications refused—Caviness vs. Pullman from Bexar; Carville vs. Cameron from McLennan; Santa Fe vs. Mills from El Paso; G. H. and S. A. vs. Pigott from Bexar.

Applications dismissed—San Antonio Gas and Electric Co. vs. G. H. and S. A. from Bexar.

Motion for rehearing overruled—Gutierrez vs. the El Paso and North-western from El Paso.

The court of civil appeals reversed and remanded: Morris vs. Mason and Arthur vs. Porter from Tom Green county; Texas Life vs. Roberts of McLennan; and affirmed Lawler vs. Lindley of Tom Green.

A motion to certify to the supreme court was overruled in the case of Green vs. Hewitt from Tom Green county.

COLONEL MOSES GIBSON HAS COMMITTED SUICIDE.

By Associated Press.
Louisville, Ky., April 14.—Colonel Moses Gibson, who served in the Confederate Army during the campaign in Virginia, committed suicide here today by drowning in a bath tub after slashing his wrist with a razor.

He was 72 years of age.

Aged Woman Fatally Burned.

Texas News Service Special.
Honey Grove, Tex., April 14.—Mrs. Alex Peterson, aged 70 years, was fatally burned early this morning at her home five miles north of here. She was sitting near a fire place asleep in a chair, when her gown caught fire from the sparks. Her little grandchild was the only person present and the aged woman was burned so badly that she will die.

DECLARES HASKELL PROSECU- TION IS NOT DROPPED.

Texas News Service Special.
Washington, D. C., April 14.—Attorney General Wickersham, when interviewed by a Texas News Service correspondent today declared that the prosecution of Governor Haskell on charges of conspiracy in the townsfolk frauds is not dropped as reported, and will likely be taken up in the near future. He declared that no positive decision had been reached yet and that he would make a definite announcement after investigating thoroughly Judge Marshall's opinion.

Real Estate Transfers.

J. S. Bridwell to C. W. Hendricks and A. H. Britain, part of lots 1 and 2, block 252; \$1,350.

C. W. Murphy to J. D. Durham, 300 acres in Wichita county; \$7,500.

J. S. Bridwell to John Ryan, lots 12 and 13, block 250; \$1,200.

Haskell Made an Odd Fellow.

Texas News Service Special.
Muskogee, Ok., April 14.—Governor Haskell today was initiated into the order of Odd Fellows here at the grand lodge meeting. Three thousand members, including the governor and his staff, paraded the streets.

BIG LEAGUE TEAMS OPEN THE SEASON

By Associated Press.
Chicago, Ill., April 14.—The major league baseball season will be formally opened this afternoon, when games will be played in eight cities of the two big circuits.

Four teams of the American league played opening games Monday, but the other twelve teams will open this afternoon.

The games scheduled in the National League today are:

St. Louis at Chicago; Pittsburg at Cincinnati, Brooklyn at New York; Boston at Philadelphia.

American league games scheduled are:

Chicago at Detroit; Cleveland at St. Louis.

FREDONIA, KY., CHURCH BURNS NIGHT RIDERS SUSPECTED.

By Associated Press.
Nashville, Tenn., April 14.—The Presbyterian church at Fredonia, in Caldwell county, Kentucky, was burned last night and night riders are suspected. Bloodhounds have been put on the track of the incendiaries.

The Women's Christian Temperance Union will meet at the Baptist church Thursday afternoon at 4 o'clock. All ladies are requested to be present. Itc

BODY CONTAINED SCORE OF WOUNDS

Texas News Service Special.
Cuero, Tex., April 14.—The examination of the body of Leo Swift, who was shot and killed last midnight, showed that his body contained over a score of bullet wounds. Officer Will York and Col. Goodson, who surrendered following the shooting, are still in jail and today were refused bail.

SITE PURCHASED FOR HIGH SCHOOL

SCHOOL TRUSTEES BUY A HALF
BLOCK ON BROAD AVENUE
BETWEEN 11th and 12th.

CONSIDERATION \$9,000

Date Set For School Bond and School
Tax Elections—Sale of Bonds
Is Assured.

The school board has also ordered two elections for May 18th—one to vote \$60,000 worth of bonds for building purposes, the other to vote a fifty-cent school tax to run the schools. Parties have already notified the board that they want to buy the bonds, and there is no question but what they will sell at a good price. In voting these bonds, no man's taxes in the district will be raised one single cent, and there should be no opposition to it.

The board of school trustees on yesterday closed a deal by which the Wichita Falls independent school district becomes the owner of one-half of a block of land on Broad avenue between Eleventh and Twelfth streets. The lots are 350x250 feet, and front east on Broad. The property was purchased from Messrs. Joe Seitzer, R. E. Huff and Dr. R. L. Miller and H. C. Young, for a total consideration of \$9,000. Mr. Seitzer, who has the only residence and improvements on the half block, retained the improvements and will move them at such time as the school board may direct.

This half block of land was purchased for the purpose of constructing thereon a modern high school building, where all pupils from the eighth grade up will be taught.

It is contemplated to sell the Tenth street property, which is 150x150 feet, located on the northeast corner of Tenth street and Scott avenue, and it is understood an offer of \$9,000 has already been made for the lots, the district to reserve the building and move it to another part of the city.

While the price paid for this block of land was much higher than it could have possibly brought if placed on the market for any other purpose, it was about the best that was offered and the school board figured that it needed more ground upon which to locate a high school building than was afforded in its Tenth street property and by selling this property for as much as \$9,000 (reserving the buildings), it secures 8,750 square feet of ground upon which to locate the new building, whereas there are but 2,250 square feet of ground in the Tenth street property, which is nearly three times as much room.

The car line will pass directly in front of the new high school building.

KENILWORTH INN AT ASHEVILLE, N. C., BURNS.

By Associated Press.
Asheville, N. C., April 14.—The fashionable Kenilworth Inn, near this city, was completely destroyed by fire at 2 o'clock this morning.

Seventy-five guests barely had time to don scanty clothing and make their escape from the building. The loss is estimated at a quarter of a million.

INDIANS JOIN IN FIGHT FOR PROHIBITION.

Special to the Times. Spokane, Wash., April 14.—One thousand copper-colored followers of Chief Joseph, a once powerful leader of the Nez Perce tribe in the Panhandle of Idaho, will join the prohibition forces in the fight against the rum shops in Nez Perce county, when the campaign begins to make the district part of the arid zone. The Indian Voters' League has organized its forces under the direction of James Stuart, district forester, and is instructing the reds in the duties of citizenship. The Nez Perce treaty contains a clause for absolute prohibition, inserted by the United States government at the urgent request of the chiefs, who declared they would not otherwise ratify the compact, as they had watched the effect of rum on the reds. Many of the Indians in the county are educated and wealthy. They own considerable farming land on the reservation, and will soon receive more than \$150,000 from the government; most of which will be deposited in the First Americans' bank at Fort Lapwai, Idaho, where Corbett Laywers, a full-blooded Nez Perce Indian, has full charge.

Intangible Value of Railroads. Austin, Tex., April 13.—A total intangible valuation of all roads in Texas of \$188,226,036 was found by the Texas tax board, which met yesterday morning, this being the preliminary assessment of the intangible values of railroads, bridge and ferry companies for 1909.

The tax board, consisting of Secretary of State Townsend, Comptroller Stephens and Tax Commissioner Dashiell, in session this morning arrived at this decision. Notice has been served on all interested parties to appear on May 3 and show cause why valuations should not be made permanent.

Last year's total was \$173,698,318, this being the permanent valuation. If the preliminary valuations for 1909 stand, there will be an increase of about \$15,000,000.

While all figures are not available, the Galveston, Harrisburg and San Antonio is said to be the highest, the Texas and Pacific second and the Katy third.

Press Opinions.

Solomon declared that there was no new thing under the sun, but the wise old man never saw one of our waistless, hipless, curved women wearing a 1909 hat.—Bonham News.

Men willing to sacrifice themselves 'on the altar of their country' by accepting appointment from Governor Campbell to succeed Judge Storey are bobbing up from all sections—as usual, mostly lawyers. Advice to Governor Tom: Please, Governor, vary the monotony of the thing by not appointing a lawyer. Give it to some first class business man who is a thorough accountant, posted on freight rates. If the right sort of a railroad man could be found, it would not be out of place to give it to him. There are several first class freight experts also that should have consideration.—Texas Farmer.

Scientists who have been faking photographic views of Mars, which indicate a high state of civilization may be inclined to agree with the theosophist who regards that planet as a way station on the route to everlasting perfection.—San Antonio Express.

A foreign firm of medical and scientific instrument makers is supplying small tubes of radium bromide for internal therapeutic work. As a portion of the emanations is absorbed by glass the radium bromide is enclosed in a very small dome about a quarter of an inch in height by three-sixteenths of an inch in diameter, made of quartz. The tube is hermetically sealed to a rod and can be introduced into an incision or into the interior of the body. The quartz holds only about the sixth of a grain of radium bromide, but it costs \$500.

WEATHER FORECAST.

For Wichita Falls and Vicinity
 —Tonight and Thursday, increasing cloudiness. Warmer tonight, colder Thursday.

REVISION UP.

The charge that the Payne bill is a "revision up" instead of a "revision down" of the tariff is affirmed by the house committee on ways and means itself.

An official comparison of the Payne bill and the Dingley law has been made by William W. Evans, assistant clerk of the committee, and made public. In that comparison, the average ad valorem rate of the Dingley law is placed at 44.16 per cent. That in the Payne bill is 45.17 per cent. The advance is, therefore, 1.01 per cent. The average ad valorem rates of nine schedules have been advanced and those of five decreased.

Expressed in terms of equivalent ad valorem taxes the increases and decreases by schedules are as follows:

Advanced.
 Earthenware and glassware, present per cent, 51.81; proposed per cent, 52.13.

Sugar, molasses and manufactures of, present per cent, 61.13; proposed per cent, 61.39.

Agricultural products and provisions, present per cent, 33.81; proposed per cent, 33.98.

Spirits, wines and other beverages, present per cent, 71.18; proposed per cent, 74.92.

Cotton manufactures, present per cent, 46.29; proposed per cent, 50.27.

Flax, hem, jute and manufactures of, present per cent, 45.38; proposed per cent, 45.98.

Silk and silk goods, present per cent, 53.24; proposed per cent, 54.17.

Pulp, paper and books, present per cent, 21.34; proposed per cent, 25.75.

Sundries, present per cent, 22.27; proposed per cent, 26.96.

Decreased.
 Chemicals, oils and paints, present per cent, 28.82; proposed per cent, 28.48.

Metals and manufactures of, present per cent, 39.96; proposed per cent, 36.15.

Wood and manufactures of, present per cent, 16.03; proposed per cent, 10.42.

Tobacco and manufactures of, present per cent, 104.41; proposed per cent, 104.31.

Wool and manufactures of, present per cent, 60.02; proposed per cent, 59.40.

To the gentle reader who is desirous of obtaining a fairly accurate conception of what "revising the tariff by its friends," which is to say, republican "tariff reform," really means, we commend a few minutes study of the foregoing.—Omaha World-Herald.

The wheat and oat crops are looking remarkably well, considering the small amount of rain that has fallen during the past three months, and farmers believe that with one or two good seasonsable rains between now and harvest time will make an average good small grain crop. The acreage planted to small grain in this section is smaller this year than for any year during the past eighteen, but this is attributed to the fact that farmers have learned by experience that it is not best to devote all their time, energy and lands to one crop, and are diversifying by planting cotton, corn and the various feed crops. This manner of farming has placed the farmer in a better condition, financially, and it naturally follows that when the farmer is prosperous the country in which he resides is also prosperous. In years past, when a dry spell struck this country and remained in that condition until it was too late to make wheat or oat crops, the farmer made no attempt to use his lands for other purposes, and as a result he suffered, and the country did likewise. But those days are no more. It has been most thoroughly demonstrated that the soil of this country will produce other money-making crops than small grain as well as any soil in Texas, and that is one of the main reasons for the great advance in farm lands in this section, which have more than doubled in value during the past four or five years.

PROHIBITION IN THE SPRING ELECTIONS.

Opponents of sumptuary laws will find scant consolation in the tales told by the spring elections in various parts of the country. Victories for the liberals were few enough to be notable. Two counties in Indiana refused to ally themselves with the "drys" and made the first break in a long chain of dry victories in that State. Twenty out of 27 Michigan counties where the saloon question was voted upon went dry. In Wisconsin 20 towns decided to stay wet and 14 added themselves to the dry ranks. In Nebraska it was 25 towns wet and 20 dry. Colorado increased its dry area materially and on Long Island the decision was in favor of the saloon by a close vote.

Other news is cheering to the prohibitionists. In Florida they won in a fight for the organization of the legislature, the first step toward making complete the 92 per cent dryness of the State. In Alabama the supreme court upheld the prohibition law. In Nebraska, Governor Skallenberger signed the "daylight" saloon law, which forbids open doors from 8 p. m. to 7 a. m. Coming nearer home, we learn that between July 4, 1907 and July 4, 1908—the fiscal year for liquor revenues—the number of saloons in Missouri decreased by 608, and that the number has been falling steadily ever since. More than half the dramshops in the State are in St. Louis, which has about one-fifth of the population. As if to make the whole record imposing, all three precincts of Jersey township, Jersey county, Illinois, went dry by an overwhelming vote.—St. Louis Post-Dispatch.

Notaries Public.

The following is a list of notaries public appointed in Wichita county:

Electra—Emil Flusche, W. W. Brown, Burk Burnett—R. W. Ramming, H. D. Creath, John Finney.

Wichita Falls—H. B. Patterson, S. M. Foster, Geo. A. I. Moot, J. T. Young, T. C. Thatcher, J. R. Hyatt, T. J. Taylor, J. G. Fain, Miss S. A. Leech, Miss Kate LaVelle, Miss Maude Stonecipher, D. P. Woodward, Ira L. Willis, C. L. Campbell, Chas. Pridgen, J. R. Jordan, T. B. Greenwood, J. V. Patterson, H. J. Bachmann, W. W. Jackson, C. B. Woods, W. L. Robertson, T. T. Reese, J. T. Montgomery, A. H. Britain, Wendell Johnson, Hy O. Young, J. W. Sheldon, H. C. McGlasson, T. T. Felder, F. P. Avis, W. R. Ferguson, F. D. Woodruff, T. R. Boone, F. W. Hauschalden, M. D. Walker, Geo. E. Knight, W. S. Curlee, Thos. A. Huff, B. P. Hatcher, Robt. S. Rodgers, C. V. Durand, A. L. Huey, Chas. W. Bean, J. W. Stone, W. M. McGregor, J. W. Walkup, W. E. Frieze, Orville Bullington, W. M. Bonner.

Iowa Park—R. J. Clark, Geo. Knight, J. B. Winfrey, C. C. Davis. Several of those whose postoffice is given as Wichita Falls may be intended for Iowa Park, but this is the list as taken from the senate journal of persons appointed by the governor and confirmed by the senate.

The following is a list of notaries public appointed in Archer county: Archer City—W. E. Forry, H. K. Dycus, W. R. Humphries, W. S. Hudson, C. H. Henley, F. Mulfinger, M. Hart, John Purcell, W. C. Young, W. I. Singleton, H. R. McDavid, R. S. Morrison, J. D. Powell.

Dundee—Wm. H. Rice, and M. J. Barnes. J. H. Meurer, Windthorst; John C. Thomas, Holliday; R. A. Logan, Atwood; G. T. Netherton, Geraldine; S. P. Otto, Scotland; Oscar Stamps, Scotland.

Partial list of Young county: Olney—A. H. M. Anderson, J. H. Woods, W. F. Hutchinson, W. D. Bolding, R. L. Edwards, W. P. Reynolds. True—J. H. B. Jones. Orth—J. W. Gibbs. Newcastle—Fred Nance and T. C. Coffield.

Many others at Graham and other parts of Young county.

Partial list of Clay county: Byers—E. P. Haney, C. E. Hardin, H. B. Householder, T. C. Childress. Jolly—J. B. Jenkins, R. G. Walton. Petrolia—E. M. Perkins, P. F. Webb, Halsell—R. L. Edwards.

Miss Jessie C. Chesnut is one of those appointed for Henrietta. We do not give the list for Graham and other places in Young county on the Southern, nor do we give the list for Henrietta, Bellevue and the small towns in the south part of Clay county.

At the Majestic Tonight.

Reno, the great magician is here at the Majestic this week, also Mr. Homeston, the funniest man on earth in black face comedy. He is also a musician, playing fifteen different instruments, changing their program every day. The large crowds these gentlemen are showing to is evidence enough that they are pleasing the people. A dollar show for a dime. Come early and avoid the rush. Yours to please, THE MAJESTIC.

Fresh snap beans, 50c per gallon. Phones 232 and 432. 288-21 NUTT, STEVENS & HARDEMAN.

Dressmaking done by Mrs. E. E. Worthington, at residence of Mrs. C. E. Felder, 504 Fifth St. 287-612

Comments on the Times Special Edition

The best special edition that has come to our table in a long time is that of the Wichita Daily Times. It consists of forty pages of six columns to the page. It is filled with excellent descriptive and historical matter concerning the Wichita country's past and present. It is excellently printed and profusely illustrated. Fifteen thousand copies were issued. It will be worth many thousands of dollars to Wichita Falls as an advertisement.—Bonham News.

The Wichita Falls Times has issued a forty-page special edition, illustrated and comprehensive. It is a handsome piece of work and will be a great factor to boom that section of the State for fifteen thousand copies were issued.—Sherman Democrat.

The special illustrated edition of the Wichita Falls Times is an interesting epitome in itself of the push and hustle and growth of the town in which it is published. The edition, consisting of forty-eight pages, is complete in its write-ups, historical and otherwise, of the Wichita Falls country and as good a town as Wichita undoubtedly is, the edition is commensurate with it. A feature of that city's history is the fact that it has had its ups and downs, many of them downs, but the spirit of its leading citizens has never been cast down, and with each fall they have gone upward to something better than it was ever before. During the drouths and panics of the early 90's the town was apparently dead, but men like Kemp and Huff and Kell never gave up for a moment. Reading the history of the town will make many towns—and Denton may be included—wish they had such men as Kemp and Kell and Huff for citizens, for Wichita Falls is distinctly a man-made town and these three were there at the making. The Times is to be congratulated on the excellence of its issue and the town is to be congratulated on the excellence of the paper.—Denton Record and Chronicle.

Do you want a nice four-room house in the Bellevue addition, close to the street car line?—If so, see me at once. Price \$1,250, one-half cash. Otis L. Duncan, 606 7th st. -284-6t

VICTIMS OF NEGLECT.

If You Ignore the Warnings Sent up by Ailing Kidneys You are on the Straight Road to Bright's Disease.

When anything is wrong in the kidneys the symptoms are manifest from the top of your head to the sole of your feet.

The following are some of them: Headache, dizzy spells, sluggish brain, drowsiness, dark rings and floating specks before the eyes, sallow skin, bad breath, heartburn, palpitation of the heart, sour stomach, disorder in the urine, backache, weak pulse, constipated or irregular bowels, aching at the knees, nervousness in the feet.

Prickly Ash Bitters is the right medicine for such symptoms; pre-eminently a kidney tonic, system cleanser and regulator. It contains all the necessary properties of a successful kidney medicine in addition to its admirable influence in strengthening and regulating the stomach, liver and bowels.

Prickly Ash Bitters begins right by cleansing the bladder and bowels—thereby driving out the impurities which started all the trouble. After this has been accomplished the healing and restorative element in the medicine will continue the good work, building up anew the weakened kidneys, stimulating the liver to greater activity, purifying the blood, and extending its restorative influence to every part of the body. As a result the appetite and digestion improve, the eyes are brighter, the strength returns, the hollow cheeks fill out, the complexion loses that sallow muddy cast, giving place to a clear skin and the ruddy glow of health.

Much depends on the promptness with which the treatment is commenced. Prickly Ash Bitters has cured many advanced cases that would not yield to other remedies; but it must be remembered that there is a stage in kidney disease beyond which no power on earth can save the patient. Take Warning! If you suspect anything wrong with your kidneys, begin treatment at once. It is your best hope of a cure.

L. G. Zachery, Lodi, Tex., says: "I never tried anything like Prickly Ash Bitters before in my life. It does its work almost in a night. I am now telling all my friends about your great remedy and all who try it speak of the splendid results. It has done me so much good that I will never again be without it in my house."

Here's Style News Most Important

Good news for you, madame, who wish the best and most fashionable effect in your gowns. We are placing on show the advance models of the famous Gossard Corsets—The corset peculiarly adapted to the prevailing modes.

The Gossard Corset is an adaptation of the first front-lacing corset L' Irresistible. It is the one corset that has made it possible to attain the new shapely, habit back—fixing in it permanent lines of beauty.

Lacing in front, it is adjusted without effort—revealing the Hogarth beauty line—the arch of a woman's spine—and bringing front and side lines into perfect symmetry and harmony.

THE Gossard CORSETS
"They Lace In Front"

offer a model for every figure. For the woman who is stout, there is a model which molds her form into perfect symmetry, while it discloses the long, lithe, graceful lines so fashionable today.

For the slender figure, there are corrective models with softened lines, which by inducing proper standing position impart poise, compels deep breathing—straight shoulders.

The Gossard Corsets are recommended by leading physicians, because they support the spine and abdomen, give free action to the vital organs—permit deep, beautiful breathing.

We ask you to visit our store during this exposition of Gossard models.

We have with us MISS MCGARTH an expert corsetiere, trained by the manufacturers, who will insure your getting the corset best adapted to your figure and a perfect fit.

Come and see for yourself the special style advantage offered by the Gossard Corsets. You owe it to yourself to, at least, investigate the advance Gossard models.

We'll be expecting you.

Do You Use

"BELLE OF WICHITA"**Wichita Mill & Elevator Co.**

IT'S THE BEST FLOUR ON THE MARKET

Peaches and Cream

That appeals to your appetite doesn't it?

California Lemon Cling Peaches are the best variety for this purpose, because of their exceptional size and flavor, so in preparing

White Horse Lemon Cling Peaches

packers search the California orchards carefully, taking only the very best crops grown, and then only the most perfect individual peaches,

These peaches are, most of them, about three inches in diameter; are solid, but ripe and are not mushed up in cooking.

The flavor is delightful.

2 1-2 lb. Cans 35c

Enough for six or seven people in one can.

The New Laces

Not only has dress goods and suitings been affected by marked changes in style and design this year, but laces are also in the schedule of important and radical changes.

The new designs are more simple but are exceedingly rich in the general effect.

In Valenciennes we have the new Persian Bands and All Overs. The tucked and plain nets in ecru and white also the heavy linen bands with edges to match.

It will be hard to accurately describe the beauty of these matchless laces so we're not even going to try but urge you to be sure and call at our store soon to see them with your own eyes.

You will find in our lace department the most complete assortment of all kinds of laces ever brought to Wichita Falls.

TEAS

THAT CAN BE DEPENDED UPON

There is more fake in tea than in any other commodity handled in a grocery store. Because each variety of the leaf has so many shades of quality that only an expert can discriminate between them. For this reason, the grocer usually selects one line that he has found satisfactory and sticks to it. We sell Chase & Sanborn's teas, the finest grown. These teas are everywhere recognized as the best. They are uniform in quality and economical in price. You cannot help being pleased with them. We have black, green, and mixed teas in bulk at 50 cents and 75 cents per pound, in 1/2-lb canisters at 40c and in 1/4-lb canisters at 20c. Give us a trial. The tea will do the rest.

OF INTEREST TO WOMEN

Alms Bag New Fad.

The little alms bag has taken the
feminine world by storm and every
dressmaker expects now to be asked
to furnish a money bag to match each
frock sent home. In medieval times
the alms bag hung at the side from
jeweled chains—or in the case of the
monks—from stout cords passed
around the waist. An exquisite re-
ception gown for April wear is of
cream serge embroidered in golden
brown silks and at the side hangs a
delicious little money bag of cream
chamois worked in gold threads and
hung from a chain of topaz-colored
stones. Of course in the money bag
will be carried only a few coins, for
the loosely-fastened pocket is scarcely
a safe receptacle for money.

Yards of Ruching.

Many decades ago women wore
yards of silk ruching raveled at the
edges. These were put upon the edge
of a skirt and served as collar and
cuffs on a coat or bodice.

Those were the days of surplice
necks and long, tight sleeves, and as a
finish there were always be this dou-
ble box-pleated ruching raveled at its
edge.

Odd as this trimming seems it looks
as though it would return to favor. It
is seen on long coats, on evening
wraps and sometimes on frocks.

The ruching is about five inches wide
for coats and three inches for bodices.
It is made of soft silk or messaline
to match the frock. Opalescent silk
is also used, for the rainbow effect is
as old a fashion as the raveled ruche.

Quite the Fashion.

A new trimming that should become
popular is best described as a treliss
made from ribbon, and used as an in-
sertion on skirts as suspenders, belts,
sashes, berthas and even slippers.

It is exceedingly pretty and can be
easily made at home.

Two standards are taken and laid as
far apart as the desired width of the
finished article. Then a third very
long strand running zigzag is used to
connect these two.

At every point where this strand
turns the ribbon of chiffon, etc., is
gathered into a little button rosette
and then caught to the foundation
strands.

Ribbon and chiffon combine very
pretty. The ends, as in a sash or
where necessary, are drawn together
and weighted with a pretty tassel.

A very dainty way of arranging the
front of an evening gown in empire or
crossover surplice short waist is to fill
in with a piece of deep lace, the edge
or border reaching just above the bust,
where it is gathered with a baby rib-
bon in tucker fashion.

Newest in Parasols.

The latest wrinkles in parasols are
charming affairs covered with raffia
woven into stunning texture after a
fashion known only to the West In-
dians, the material somewhat resem-
bling the Japanese grass cloth. Raffia
in the fibrous strands in which it is
used in this country for Indian basket
weaving and sewing is taken from the
inner part of the huge palm leaves of
the tropics and is wonderfully strong
and enduring in quality as well as
most attractive when worked up either
in its natural shade or converted in-
to lovely colors by means of vegetable
dyes.

The parasols are of the natural col-
or, which will smartly harmonize with
linen gowns. They are deeply fringed
in a way that is a triumph of skillful
hand work, for the fringe is formed
from the strands of the texture cut
long to be used for a finish when the
weaving part is done. The fringe is
intricately and artistically knotted and
the raffia split fine to make it beau-
tifully full and fluffy.

monds.

287-21 E. S. MORRIS & CO.

At Bayonne, N. J., there is what is
said to be the greatest pile of steel
shapes which has ever been gotten to-
gether in this country. The pile
weighs about 60,000,000 pounds, and is
estimated to be worth \$2,500,000. The
stack of metal is 500 feet long, 35 feet
high and 85 feet wide. It was manu-
factured at Phoenixville, Pa., and is
designed for the construction of the
Manhattan bridge across the East river
at New York. It required 16,000
flat cars to transport it to Bayonne,
where it was run over a spur of the
New Jersey Central railroad to the
yards. The steel has all been painted
red and treated with a thick coating
of lead and oil to prevent its being in-
jured by the elements. Some of it has
been exposed to the weather for a year
and shows no bad effects. Already
the tower pieces, weighing sixty-four
tons, each, have been taken away for
erection, and it said that the pile will
have entirely disappeared in the course
of two months.

To Water Patrons.

Owing to the insufficient pumping
machinery now in use at our plant
it is impossible to supply the demand
and until we can have time to install
our new machinery will kindly ask
our patrons to bear with us and use
just as little water as possible for
sprinkling purposes, and then only
from 6 to 9 p. m. This will enable
us by a constant running of the pumps
to supply all reasonable demands both
for domestic, manufacturing and
sprinkling purposes until our new
machinery can have time to arrive
and be installed. Respectfully,
WATER AND LIGHT CO.

**WAR ON MOSQUITO AND
THE FLY IN THE SOUTH.**

The entire South has notified the festive mosquito and ubiquitous house fly that they are undesirable citizens and that under no circumstances will they be permitted to reside in or frequent the inhabited communities. But the authorities have not been satisfied with demands. They have not forgotten the lesson taught them in 1905, when the yellow fever came.

So, all over the South, in the smaller villages, as well as in the bigger cities, the health authorities are opening an earnest campaign against the disseminators of all the deadly diseases—the mosquito and the house fly. It has been demonstrated that the mosquito is not the only disease-spreader. He—or she does, rather—spread yellow fever. But the house fly has been tried and convicted of the crime of disseminating malaria, typhoid and several other diseases no less deadly.

Under the direction of Dr. J. S. White, famous marine hospital surgeon, who fought and whipped the yellow fever in 1905, a regular set of laws and precautions have been devised. These are practically the same in all the Southern cities and States.

To begin with, all tanks of water, cisterns or vessels which hold water or which might be filled with water after a rain, must be covered and screened with a screen of at least eighteen meshes of wire to the inch. Standing water on lots or commons is not permitted. All shallows must be drained or kept perfectly dry, or the owner is subject to a severe penalty. All stables must have receptacles for refuse and this refuse must be moved every week. Where there are large natural bodies of water, which it is impossible to drain, the surface must be disinfected and oiled at frequent and regular intervals.

Even the water used in sprinkling carts is heavily charged with the strongest disinfectants. But the authorities do not stop even there. They go into the restaurants, cafes, butcher shops, dairy depots and bakeries. They force the proprietors to screen their premises with copper screens and to screen the receptacles in which food is kept and prepared. In the public and parochial schools, the teachers regularly and insistently impress upon the children the danger of contamination and the necessity of obeying the rules laid down by the health authorities. This not only insures care by the next generation, but the children are gradually instructed and parents are also enlightened as to the great doctrine of sanitation.

Of course, in the cities a regularly organized force of sanitary policemen enforce the laws. In the smaller cities the health preserving rules are looked after by the State officers.

In connection with this campaign it is interesting to note those years in which a vigorous campaign was waged against these winged pests showed a greatly decreased death rate and a most comforting and encouraging decrease in the number of deadly diseases.

Several of the larger cities have stringent anti-weed ordinances, which make it a crime to permit the growth of weeds under penalty of fine, and it is permanent. In such places the weeds must be cut when five inches tall; in others greater latitude is permitted.

The board of health in one city exchanges ideas with others and thus a uniform system against the disease is being gradually worked out.

Notice to the Public.

I, J. B. McCurry, who formerly owned a half interest in the Shoe Hospital at 722½ Indiana avenue, and originally did all the good work there, have not left town, reports to the contrary notwithstanding, but have opened a new shop at 712 Ohio avenue, west side, and am prepared to do your work right. Sixteen years experience counts.

Personal Mention.

J. V. C. T. Christensen is at Chidress on business.

M. L. Hooker of Charlie was transacting business here today.

S. A. Pfister of Abilene is here today renewing old acquaintances.

Mrs. A. D. Wagner of Fort Worth is in the city visiting relatives.

W. T. Huff of Devo, Oklahoma, was transacting business here today.

P. C. Maricle, who is confined to his home with throat trouble, is reported some better today.

Miss Maggie Tipton of Sunset, who has been visiting Mrs. Joe Kelley of this city, returned home today.

Mrs. A. D. Hancock of Cordell, Oklahoma, is in the city visiting her parents, Mr. and Mrs. W. A. McClellan.

Rev. S. J. Thomas of Elk City, Oklahoma, passed through the city today en route to Olney to visit his parents.

Andrew Weeth, a highly respected citizen from Iowa Park, was in the city today and made this office a very pleasant call.

Liff Harland and family of Plainview are in the city, the guests of Mr. and Mrs. H. C. Young and Mr. and Mrs. W. I. Robertson.

Miss Franny McCrary of Denver, Colorado, arrived in the city today and is the guest of Mr. and Mrs. J. A. McSpadden, who live near this city.

Mrs. Mack Campbell and children, who have been visiting friends and relatives in this city for the past week, left this morning for their home at Ardmore, Oklahoma.

J. K. Faunt Le Roy has let the contract for a two-story building to J. J. Riddell at 1108 Burnett avenue, which, when completed, will be one of the neatest frame structures in the city.

Elder J. M. Morton left this afternoon for Bellevue, Texas, near which place he will tonight officiate at the marriage of Miss Mary Ida Cray to Charles Lafet McCraw. Miss Ida is the daughter of Mr. and Mrs. C. A. Cray, who have lived near Bellevue for many years and have been long and favorably known. Many invitations have been sent out and a large crowd is expected as the young lady has many friends among whom she is deservedly popular. A great many of the young people who will be present have known the young lady and have been her friends and associates from childhood.

AMUSEMENTS

Big Bittner Company Present New Bill. The Big Bittner Company will play "The Heart of the Rockies" at the Wichita Theatre tonight. This will be the first time this play has been presented in Wichita Falls, and Mr. Bittner gives his word that the play is a good one and that those who come out tonight will be pleased.

Last night the company presented for the second time "Her Wedding Day." An excellent bill of specialties more than pleased the audience.

Dick La Reno in his famous balancing acts, is hard to beat and his performance last night was the best of that routine that has been seen in Wichita Falls in many days.

Casady and Pearl made a hit in their Scotch acts, "Mither and Robin," "the Highland Fling," and "Victoria."

The Phoenix Sanitary Duster

This duster is made from rope manilla. It will outwear any duster of any other material costing five times the price. Being of glazed rope manilla dust will not adhere to it as to other dusters, as it can be gathered upon it and readily shaken off. It will do the work other dusters fail to do, as it can be shoved into corners, shelves and crevices without being injured. It will not scratch fine surfaces as other dusters will. Moths or other insects will not destroy it as other dusters. It does not contain or will it convey any germs of disease, and is absolutely the only sanitary duster offered the public. The lasting qualities of the Phoenix are greater than any other duster, and it is sold under a guarantee to last ONE YEAR. The price is ridiculously cheap--15c with wire handle and 25c with wood handle, and are far superior to any feather duster made.
