City Council Grants Increase On Gas Rate

Lone Star Gas' request for a rate increase and the county-wide civil defense update were acted on by City Council Monday night, April 20.

The council approved an alternate rate proposal which will result in lower minimum rates, subject to the gas cost adjustment with higher rates per MCF for all consumption.

The new minimum is \$3.00 per month for residential customers and \$5.00 per month for commercial customers. The MCF rate is the same for both, \$2.9354 for winter and \$2.6854 in summer. Billy Jackson represented Lone Star at the meeting.

This raise will give Lone Star the increased income it says it needs, \$34,000, but with less pressure on those with fixed incomes, it was pointed out.

This motion was by Willie Gragson and a second by Gary Brewer.

County Judge Bob Watson reviewed the updated Civil Defense Plan and the council approved the city's entering an agreement with the County on it with the motion by John Rainey and second by Lyndon Crelia.

It places in the hands of the Sheriff's Department the responsibility for tornado watches and other

Bidders gather around as wheat truck, upper right, is auctioned off Friday, April 17, during the three-day farm equipment sale held at the Farmers Coop Gin yard outside of Wellington. Sale organizer E.S. Hale, Jr. said sales totaled about \$500,000 not counting equipment that was bought back by its owner. Hale said buyers from 10 states and Mexico bid on approximately 50 tractors, 500 pieces of farm equipment and trucks and combines at the auction.

General Rains Measure Up to 3" Over County

The general rains Collingsworth has been waiting for fell during the last week, with almost all parts of the county receiving at least two inches, and many areas up to three inches. And every bit of it has soaked in the ground.

Wellington's unofficial reports range from three inches to a little more than that amount.

With this moisture, wheat farmers optimism soared. Those who are watching this crop in the field say that

with good weather conditions and if high winds and hail are at a minimum, there is a good chance for excellent yields.

Glenn Warrick of Warrick's Inc., said the wheat he has seen looks real good, although he has not examined many fields the last few days.

"If the hot weather will hold off, I'd say we are in for an above average crop," he reported.

Wheat is beginning to head throughout the county. Warrick says this is early

compared to the last two years, but it is not out of the ordinary. "We used to get started harvesting the first of June and the last couple of years it has been a little later.

"We probably lost some yield to hot winds in the last week but I think we'll make some wheat now," said Extension Agent Don Reeves.

"It's hard to say. The next month will be critical. Some greenbugs have appeared in the wheat and

there has been some damage."

Spring planting moisture for warm season crops, especially for cotton, is good, Reeves said.

In so far as he knows, no cotton has been planted, but early cotton planting should begin in the next 10 days, especially early irrigated cotton. Most of the cotton will be planted after May 20.

The soil temperature has risen as high as 72 degrees, then dropped back to 64, the current reading, according to Tommy Powell of Soil Conservation Service.

Marvin Knoll of the County ASCS staff, who farms east of Lutie, said the three-inch rains were general over much of the county north of Salt Fork.

"Wheat is looking real, real good. Some of the fields are fully headed out. It looks as good as we have ever had. Prospects look great to me," he declared. Heading is coming earlier in this area also.

Little League Baseball Draft Slated on April 25

The Little League Association summer baseball program gets under way with the players draft on Saturday, April 25, according to Bob Odle, president.

This will take place at the ball diamond at Marian Airport and all children who will be 6 through 15 years of age before August 1, 1981, will be eligible to play. "If you are 16 before August 1, you can't play," Odle pointed out.

Odle also announced a new playing field for Little League and senior league

teams.

A portion of the land belonging to the Wellington Cemetery Association, located adjacent to the VFW arena, in northeast Wellington will be used for Little

League and Senior League teams.

"We hope to have these fields completed by the beginning of the season,"

Sick Plant Clinic Set April 28

Gotta black thumb?

A sick plant clinic will be held Tuesday, April 28, from 2 to 4 p.m. in the Farm Bureau Building. The sponsors are County Agent Don Reeves and the Wellington Garden Club.

Specialists will be there to help you with flower, shrub, vegetable and tree problems, said Reeves. These will include

-Dr. Carl Patrick, area extension entomologist, Amarillo.

-Dr. Robert Berry, area Extension Plant Pathologist, Lubbock.

-Dr. Roland Roberts, Area Extension Vegetable Spe-

cialist, Lubbock.

Bring specimens of your plant to the clinic. If it is a vegetable planted this spring, bring the entire plant, those with problems were told.

"This is not a meeting. You will visit with the specialist or maybe all three men and they should be able to assist you with your problems, whether they be diseases, insects or varieties that are suitable to this area," Reeves said.

It is come and go affair. The specialists will work with those having plant problems on a one to one basis. Because this is a format, Reeves pointed out

that those coming may have to wait a few minutes to see the specialist they need.

"11 of these men are real specialists in their fields," he declared.

"Roberts can help you with all vegetable problems, Berry with plant diseases and Patrick with insects."

Some leaf diseases, a little blight and the always-present insects have already appeared this spring.

This is the first sick plant clinic to be held in Wellington. Assisting Reeves and co-ordinating the works for the Garden Club is its president, Mrs. H.L. Jenkins.

Jail Overcrowded, Commissioners Told

Within weeks after the last stainless steel combination toilet-lavatory was installed in the newly remodeled Collingsworth County Jail, the Commissioners Court has been told the facility is overcrowded.

This is the subject of the first of 8 areas of noncompliance which an inspector for the Texas Commission on Jail Standards found in his inspection of the jail on April 1.

The report of his findings was sent to the Commissioners Court, to County Judge Bob Watson and to Sheriff Kenneth Maxwell by Robert O. Viterna, executive director of the Texas Commission on Jail Standards.

The 8 items of noncompliance were less than the county has received on some past occasions and most of these have been corrected or variances will be requested.

Item 1 in the report states that adequate facilities are not provided to separate different classifications of inmates (by seriousness of crime for which the inmate is held).

The 15 bunk jail should hold no more than 13 persons for over 72 hour occupancy. The average population for 1980 was 14 inmates, according to the report.

"In other words, we are

overcrowded," said Judge Watson.

One possible solution which the Commissioners have is to build an office area onto the south of the jail, to connect with it by the present south door. There would be no plumbing in the new section, with those working in it continuing to use the present restroom and drinking facilities.

This approach to the problem was voiced by

Judge Watson.

The commissioners have not had time to give this much discussion.

As many commissioners as could get together came in to meet with Joe Slater, supervising inspector. He told them they had a good jail, but at the same time he pointed to present problem of overcrowding.

John R. Henard, Jr., Commissioner of Precinct 1,

Softball Teams to Hold Work Night

Softball players will meet Monday night, April 27, to clean the softball grounds, Randall Sims, president of the association, has announced.

Work will start at 7:30 p.m. and each team is asked to have three or more people there. Everyone coming should bring a hoe, rake or shovel.

"When the work is finished, the grounds will be in the best condition in several years," Sims said.

Four teams will be playing in the Wellington Softball League this year, My-T-Burger, Martin Seed, Wellington Industries and Shamrock.

Games will be played Monday and Thursday nights at 8 and 9:15 p.m.

The season will open with an interleague tournament Friday through Sunday, May 1-3, and the first of the scheduled double headers will be played on May 7.

Standard league rules are in effect each league game, Sims said. Anyone wanting additional information should contact him by calling 447-2709, or Lanny Ford, vice president, 447-5002.

Sims also announced the playing schedule:

Friday-Sunday, May 1-3: Interleague Tournament.

Thursday, May 7: My-T-Burger and Martin Seed; Wellington Industries and Shamrock.

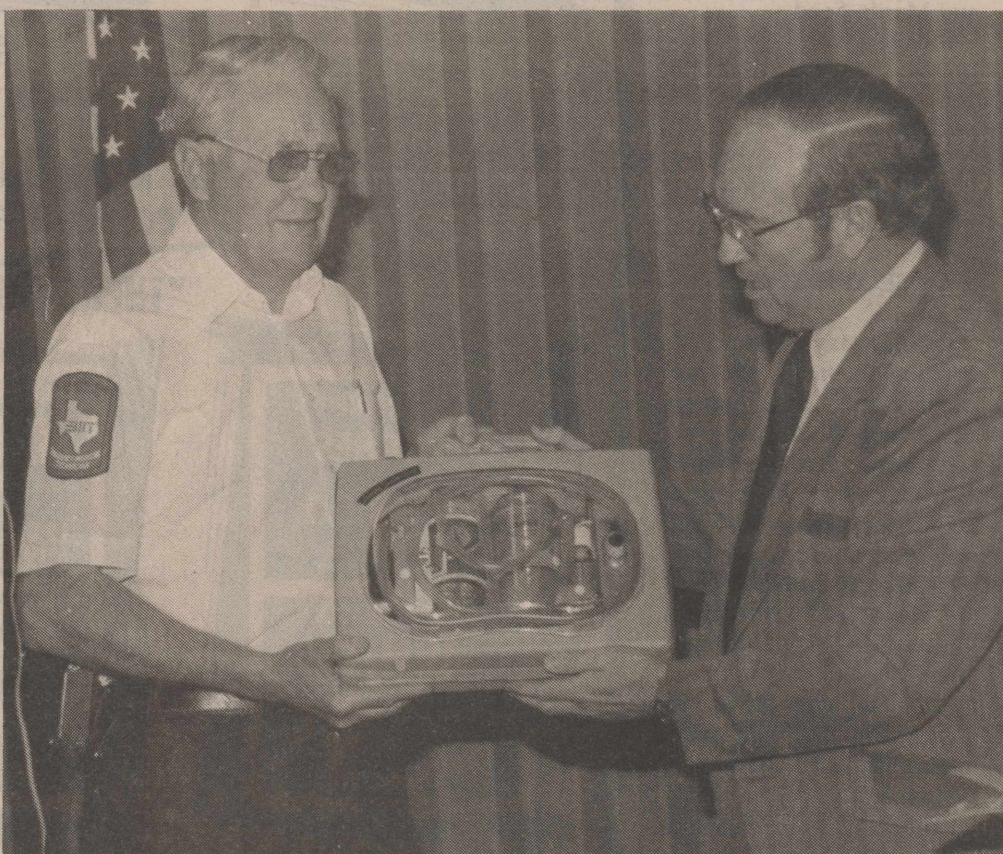

Monday, May 11: Martin Seed and Shamrock; My-T-Burger and Wellington Industries.

Thursday, May 14: My-T-Burger and Shamrock; Martin Seed and Wellington Industries.

ON THE AMBULANCE

Wellington Kiwanis Club president Bill Beall, right, presents Collingsworth Volunteer Ambulance Service president Marshall Peters with an aspirator for one of the service's ambulances. The club donated the new power unit which will replace an old hand-operated pump. An aspirator is used to clear the mouth of an unconscious patient. The new power unit can operate from its own battery pack, from power from a vehicle or from a household wall socket. Said Peters: "We want to thank the Kiwanis Club and all of the people of the community that support their fund-raising efforts that provided the money to buy this equipment. The old manual pump was difficult to operate in some situations and this is a welcome improvement to our equipment."

Congressman Jack Hightower will visit Wellington Friday, April 24 and will be the speaker when members and guests of Greenbelt Electric Co-operative hold the system's annual membership meeting.

Registration will begin at 1 p.m. in Bura Handley Community Center and the meeting will start at 2 p.m.

Congressman Hightower, whose 13th district covers the Panhandle and the North Texas area to below Wichita Falls, is expected to discuss with Greenbelt members what might happen to the rural electric cooperatives in President Ronald Reagan's general budget process.

He should explain the differences between the Reagan budget proposal and the Democratic house leadership budget proposal, and the response of the conservative Democrats to both of these, a spokesman in his Washington office said.

He will probably touch on

what the Conservative Democratic Forum, of which he is a member, is doing.

The Congressman will then take any questions that anybody has to ask.

"We are pleased that he accepted our invitation," said David Pruitt, manager. "Greenbelt Electric, along with many other electrical cooperatives, is in a critical financing situation right now if President Reagan's proposed budget is adopted.

"We are by no means opposed to getting a handle on the economy. We feel it is imperative, but with an off budget item such as REA financing, it is impossible for me to see how this would reduce our federal budget or slow inflation either.

"The only thing that will really come out of it is that the rural residents of America would incur one more hardship by having the electric rates increased due entirely to President Reagan's changes in the REA loan program," Pruitt concluded.

JACK HIGHTOWER

Jim Morriss, manager of the statewide Association of Texas Electric Co-operatives will be present at the meeting and will introduce Mr. Hightower.

Greenbelt will move its territory beyond barbed wire and the traditional electric fence when it presents two of its door prizes-solar powered fence chargers. These are as-

--See HIGHTOWER, page 2

A series of public meetings will be held to inform the public about the plan, with the dates to be announced.

The council agreed to consider extended liability insurance.

Sam McGill was elected by pro tem to act in the absence of Mayor Ralph Owens.

The council also granted City Manager Glen Taylor authority to borrow \$10,000 on a short term to begin work on Marian Airport. This will be repaid as soon as the full \$75,000 is received from the Texas Aeronautics Commission.

Taylor reviewed the city's budget in order that the new council members, Rainey and McGill, may understand more fully the city's financial operations.

Present for the meeting were Mayor Owens, councilmen: Crelia, McGill, Rainey, Gary Brewer and Gragson; city secretary Nell McKinney, Jackson and Watson.

Mrs. Worley, 96 Years old, Dies Saturday

One of the county's oldest residents, Mrs. Annie Worley, died in Collingsworth General Hospital at 8:50 a.m. Saturday, April 18, at the age of 96. She was a resident of Thomas Nursing Center, and was the mother of Mrs. Melvin (Oleta) Seale.

Mrs. Worley was an early member of the Home Demonstration Clubs in Collingsworth County and was influential in their development, just as she worked with 4-H Clubs of more than 50 years ago.

She was a member of First Baptist Church and had belonged to the Rebekah Lodge.

The former Annie Weir, she was born January 20, 1885, at Cleburne, the daughter of Greenberry and Jennette Beasley Weir. She came to Collingsworth County in 1907 to make her home with an uncle, Joe Beasley. That same year she was married to Dave L.

Worley. Her family has recalled that members of the wedding party met at Salt Fork River and the ceremony took place as they stood in the dry bed of the river.

They built their home two miles west of Lutie and lived there all of their married life. She remained several years after Mr. Worley died January 27, 1932. Mrs. Worley then lived in Wellington many years and later in Shamrock. She returned here last year.

Funeral services were conducted at 2 p.m. Monday in First Baptist Church with the Rev. Stanley Hughes officiating. Burial was in the family plot in Plymouth Cemetery, southwest of Samnorwood, under the direction of Kelso Funeral Home.

Pall bearers were Doug Seale, Joel Rainey, J.L. Alexander, also Don Mearnes, Ed Schoffner and Ricky Gragg of Shamrock.

In addition to her daughter, Mrs. Worley is survived by one sister, Mrs. Juliet Boyd of Gruver; 3 grandsons, Jack Deger of Shamrock, Joe Deger of Grand Prairie, and David Worley of College Station, 6 great-grandchildren and one great grandson.

Her son, Buster Worley, died about 12 years ago.

JAIL—

continued from page 1 also believes that more construction is somewhere down the road. He points out that the new office section would be a much less expensive type of construction than regular jail construction. The present office area in the jail could be used for cells.

Commissioner Bill Lowe of Precinct 3, on the other hand, believes that with the opening of the new Hall County jail at Memphis, and of a new jail for Donley County, the problem of overcrowding will take care of itself. "If we don't room and board everybody around."

The other commissioners were not present for the meeting with Slater.

Reports such as the commissioners court received, carry a cover letter which urges that the areas of noncompliance be given their serious and immediate consideration and to promptly initiate and complete appropriate corrective measures.

Item 2 of the report stated: "Weapon locker is not provided for cell areas on the east side." This has been corrected, Judge Watson said.

A variance has been requested on Item 3 which points out that the vestibule area at the jail entrance is being used as a dayroom for the trusty cell (two bunk) and another two bunk cell, that the area contains considerable conduits and the door into the kitchen has a non-detention lock and there are glass light fixtures.

These have been changed Watson said.

A variance will also be asked on Item 4, which states that showers in the two east side cells are not detention controlled. Glass coverings on light fixtures are accessible to inmates, according to Item 5.

Item 6 points out that the kitchen door to the west is B labeled, and the kitchen door to the cell corridor is of heavy metal which would resist fire for two hours, but it has had holes drilled into it at the bottom which is necessary to have return air circulation, thereby killing its fire rating. A variance will be asked.

Another variance will be asked on the No. 7 item which states that a standpipe and hose system is not provided in the jail. This is a new ruling, Watson said.

Finally, Item 8 calls for updating operating plans, but this has already been done, the judge reported.

Cub Scouts Ready for Circus Thurs.

The big top will go up in the National Guard Armory Thursday, April 23, and by nightfall several dozen Cub Scouts will be ready to present their acts in the annual Cub Scout Circus. Starting time is 6:30 p.m.

This is our one fund raising event which the Cubs hold each year, pointed out Cubmaster Tommy Thomas, who will be the ringmaster.

"All of the money we make will stay in Wellington to pay for local expenses of the things we do, like the Blue and Gold Banquet, during the year."

"This is why we need as many people as can come and support the Cub Scout Circus."

There will be games between 6:30 and 8 p.m. and refreshments will be for sale.

At 8, the performance begins under the big top and each den will have an act.

Odle said.

T-ball teams will probably play at Marian Airport and will practice at the elementary school, he added.

"All children in senior league and little league will need to bring copies of their birth certificates—not the hospital certificate, but the birth certificate with a seal and signature of the county clerk," Odle told parents.

"The hospital certificate is not a legal document for Little League."

"All members of Little League who played last year and are still within the age requirements need to show up on Saturday, April 25, to insure their coaches know who is going to play this season. The teams that

Reeves to Play AC Basketball

Kathleen Reeves has signed an intent to play basketball with the Amarillo College Lady Badgers during the 1981-82 school year, according to Rockette Coach Dale Morris.

She will receive an athletic scholarship which like other athletic scholarships should cover room, board and tuition.

"I definitely believe Kathleen can play college basketball," said Morris.

"Amarillo College has been interested in her all year. AC Coach Kelly Chadwick has been here several times to watch her play. There were some other

schools that have shown an interest in her, but I felt she wanted to go to Amarillo all along."

Miss Reeves is the daughter of Mr. and Mrs. Don Reeves. In addition to her basketball, she maintains an excellent scholastic record and participates in both extra-curricular school and community activities.

Alexander Home From Hospital

Clyde Alexander of Dodson, returned home recently after spending four weeks in the Veteran's Hospital in Amarillo.

She was with him throughout the time. She said his doctors tell them Alexander's heart condition is such that will require a long rest period and recovery will take many weeks.

Quail Ex-Students Come from Across Country for Reunion

Former students of Quail School came from across the country—just outside Washington D.C. to the state of Washington—to attend the 32nd annual Ex-Students reunion and banquet on Saturday, April 18.

Just under 160 ex-students and their guests were present as the celebration got under way in the Quail Community Center, the site where these men and women knew part or all of their school days. It was the largest group to be present in several years.

Donald Langley, president, spearheaded plans and was master of ceremonies for the short program.

The honored speaker was Mrs. L.C. Merchant, a sponsor for the Class of 1941, which that day held its 40th anniversary reunion.

A poet, as well as a teacher, Mrs. Merchant read her latest poems. She recalled that while she was teaching at Quail she received her master's degree from West Texas State University, using as her thesis a survey of Rural Schools of the area.

Mazine Coleman Davidson of Rockville, Md., just out of Washington D.C., and Bernice Oatman Hanks of Seattle, Washington, were recognized as traveling farthest to attend the reunion.

After the business meeting, Langley adjourned the meeting in order that the group might have additional time for visiting.

Earl Lynn Feemster was elected president for the 1982 Quail Ex-Students reunion, while Duane Campbell was named vice-president, Sharon Childers Bowen, secretary, and

Sherry Canada Barton, reporter.

Man Charged in Hit-Run Incident

One felony and three misdemeanor charges have been filed against a Wellington man as a result of a hit and run accident Saturday, April 18, at 10:30 a.m., according to Chief Deputy Ray Akemon.

Akemon identified the man as Pable Saucedo, and gave his address as Smith Trailer Court, Wellington.

According to Akemon, Saucedo, driving a Chevrolet Monza, crashed into the back of a carryall, stopped at a traffic sign at the intersection of 15th Street and East Avenue., and operated by Doug Seale of Indian Creek community.

Akemon reported that Saucedo then backed up and "took off-left the scene." He was arrested on foot two miles south of town on Highway US 83, and the car was located on a county road which connects US 83 and FM 1035 two miles south of town.

Saucedo was arraigned

before Justice of the Peace Beatrice McKinney Monday on a felony charge of failure to stop and render aid; and misdemeanor charges of having no drivers license, operating an unregistered vehicle, and failure to control speed.

His bond was set at \$5,000 and Saucedo remained in jail Tuesday afternoon, according to Akemon, who with Sheriff Kenneth Maxwell investigated the accident.

Four Girls Qualify For Regional Track

Four members of the Wellington varsity girls track team have qualified to compete in the Region I UIL Meet at Odessa Friday and Saturday, April 24 and 25. They will compete in three events.

They are Vernita Shrubs, Ann Outley Jackie Lewis, and Mary Sue Thompson.

In the District 2-AA girls track meet in Canadian, Wednesday, April 8, Thompson placed first in the 100 meter hurdles with time of 15.7 seconds.

Both relay teams, the 400 meter and the 800 meter, placed second and will advance to the regional event. Members of both teams are Shrubs, Outley, Lewis and Thompson.

The 400 relay team finished with a time of 50.9 seconds, while the 800 meter team had a time of 1:49.8.

First and second place winners advance to regional competition, Coach Dale Morris pointed out.

Others in the district meet

were:

Two mile run: 4th Mary Torrez with 14.49 time; 200 run: 4th Outley, 27.2, 5th Lewis 27.3.

1600 meter relay: 6th, with Maria Sanchez, Allison Neeley, Debbie Bergvall and Cathy Cantu; high jump: 6th, Dee Ann Williams 4'8"; and long jump, Jackie Lewis 5th.

It is considered a mark of excellence for a team, either boys or girls, to qualify two relays, for regional competition.

Winged Rockets Qualify For Region I Track Meet

The Winged Rockets, Wellington's varsity track team, has qualified seven men for the Region I University Interscholastic League track meet which will be held in Odessa Friday and Saturday April 30 and May 1.

Wellington finished second with 152 points, missing the championship by only 8 points to Clarendon Bronchos, whose total was 160. The district 2AA meet was held at Canadian.

First and second place winners advance to regional. Qualifiers were Darrell Thomas, Chris Lynch, Jody Coleman, Tim Anderson, Calvin Culppepper, Kenneth Warren, and Lennie Archie.

Both relay teams came in first and will advance. The 440 relay, composed of Darrell Thomas, Chris Lynch, Jody Coleman and Tim Anderson, had a time of 44.4, its best time all season.

The mile relay team had a time of 3:40.0 and members are Calvin Culppepper, Kenneth Warren, Lennie Archie and Thomas.

"Anytime you have a team that wins both relays, you have something," declared Coach Mark Reasor. "The reason they do this is that they're good competitors."

Anderson won the 100 meter dash in 10.8, and this tied his fastest time of the year. Kenneth Warren was 3rd and Otis Lewis 4th.

Anderson brought in another first, the 200 meter dash in 22.3, also his fastest time of the year. Chris Lynch was 3rd and Willie Pennon 4th.

Another first place was by Darrell Thomas, as he ran

the 400 meter dash in 53.8.

Jody Coleman's time of 14.4 in the 110 high hurdles also brought a first. This is one of the fastest times in the area, said Reasor. Culppepper was second with 14.9, then he came back to place 1st in the 330 intermediate hurdles in 40.9; Coleman third with 41.3.

Only one Rocket qualified to advance in field events. Lennie Archie was second in the long jump. His 21'3" was his best distance this year. Otis Lewis was 4th with 19'10".

In the 800 meter run, Maynard Thomas placed 5th in 2:14.0 and in the mile run, Ricky Martinez was 4th with 4:24.

The seven who will go to Odessa will compete in a regional qualifiers meet Saturday, April 25. The place had not been announced during the week-end.

"For us to place second was pretty remarkable, because Clarendon has a much larger team," said Reasor. "I don't have many, but the ones I have are dandys!"

state budget and the Senate Finance Committee was expected to complete its version this week. House Speaker Bill Clayton and others have indicated they want the State budget bill approved before the Legislature tackles redistricting in earnest.

The Finance and Appropriations versions are different in many aspects and the kinks will have to be worked out in conference committee. Whether or not the conference committee finishes

its work early remains to be seen. Traditionally, the budget bill has remained in conference until the waning hours of the session.

A proposal by Rep. Susan McBee, D-Del Rio, granting property tax exemptions for livestock and poultry, was the first measure this session to win unanimously on a record vote. McBee told members it was inconsistent to allow exemptions for farm products like grain, and not give them for livestock.

The House is expected to consider this week a bill granting initiative and referendum powers to voters on tax and spending issues only. The measure by Rep. John Sharp, D-Victoria, is a compromise bill on the issue which many legislators wish to avoid. Both conservative and liberal lobbying groups oppose the I&R process.

a thought

FROM HIS WORD . . .

In Webster's New Twentieth Century Dictionary Unabridged the word understanding is defined as follows: "The mental act, quality, or state of one who understands; comprehension; knowledge; discernment. 'There is a spirit in man, and the inspiration of the Almighty giveth him understanding.' (Job 32:8)"

The one quality that mankind has always desired is at his fingertips. (Gen. 3:5-6) Solomon directs the wise man to seek after it as if it were "hidden treasure...incline your heart to understanding, for if you cry for discernment; lift your voice for understanding...then you will discern the fear of the Lord, and discover the knowledge of God. For the Lord gives wisdom; from His mouth comes knowledge and understanding...Discretion will guard you, understanding will watch over you." (Proverbs 2:1-12)

Why do we need to seek understanding from God? For it is He who gives understanding and knowledge, "that your faith should not rest on the wisdom of men, but on the power of God." (1 Cor. 2:5) REO

Dodson Ex-Students Raise \$600 for Building Expansion

More than 140 former students of the Dodson School and their guests attended the annual Ex-Students Banquet Saturday night, April 18.

During the business session, Mary Ellis Hightower was elected president and Jeanette Swift Moore vice-president. Jo McKinney Hunt was re-elected secretary.

The graduation class of 1941 was honored on its 40th anniversary. J.M. (Med) Crowder of Ft. Worth contacted all the class members he could locate, and of the 16, he reached 14. Eight were present for the reunion. These were Joann Bowling Farris of Leonard, Zella Welch Hatch of Wellington, Phil Wynn of Coahoma, Frank Reynolds, of Amarillo, John Lowrie of Crosbyton, Bob Copeland of Hollis, and Crowder.

Frank Garrett, husband of ex-student Juanita Branum Garrett, of Midland, urged everyone present to start a fund to enlarge the meeting room in the American Legion Building, which "just isn't large enough," it was pointed out.

A little more than \$600 was donated during the evening and all ex-students or any other interested person is invited to send a donation.

Gifts may be addressed to the American Legion Post No. 535, or to the Dodson Ex-Students, c/o Jo Hunt, Dodson, Texas 79230.

Garland Hightower, president, was master of ceremonies with the banquet being held at Dodson Cafe and the program and visiting following at the American Legion Hall.

Mrs. Lottie Williams Matheson of Hollis reminisced of earlier days in Dodson and as a student in the Dodson School. These included amusing stories of happenings in the 1920s and 1930s. She was presented a gift for her part on the program.

Other gifts were presented to Mrs. Josie Scott of Turlock, Ca., for traveling

farthest to attend; to Mrs. Jewel Branum of Amarillo and Mrs. Eula Branum of Midland, who attended the Dodson School in 1911, a year after the town was founded. Their husbands, Ben Branum and Floyd Branum were brothers.

The Hightower twins (Wanda Cardwell and Wilma Beanland) gave a Johnny Carson skit and presented a gift to Mrs. Loren Lennon.

Ex-Students were introduced by Rayburn Hightower and each gave the year of graduation.

Each year Gene Swift writes a poem about some of those present. This year it was read by Jo McKinney.

David Fillpot, Presbyterian minister from Joliet, Ill., gave the benediction.

Those who registered included Josie Scott of Turlock, Ca., David Fillpot of Joliet, Ill., Jimmy Howell of Clovis, N.M.

Josie Martinez, who raised over \$100 will receive a windbreaker.

Others participating who will receive T-shirts, were: Veronica Foster, Eva Martinez, Tammy Thomas, Tony Jett, Christie Whitten, Norma J. Garcia, Becky Sanchez, Lola Akemon, Debra Hernandez, Tonya Cannon, Leah Tunstall and Linda Lacy.

"You can go a long way toward avoiding disability from cardiovascular diseases by not smoking, controlling high blood pressure, eating foods low in saturated fats and cholesterol, controlling weight and

getting daily regular exercise, with your doctors approval," said Geney Gulley, coordinator.

Jumping rope, indicated by research, is a simple yet gainful approach to improving physical capacity. A 10 minute daily program of jumping rope is as efficient as a 30 minute daily program of jogging for improving cardiovascular
