ONE FATAL WRECK occurred in the city limits in 1960 with 5 others on highways in the county. A Snyder man was killed instantly in July when the wreck pictured above occurred on the East Highway. County fatalities included

### County Logs 358 Traffic Accidents

A total of 358 motor vehicle accidents, 6 of them fatal, occurred in Scurry County in 1960, 252 in the city limits of Snyder and 106 on the highways leading from Snyder. There was one fatal wreck in the city limits, the first one in four years. Police Chief T. L. Steele reported, adding that before that fatal accidents within the city had averaged about 6 per year. Texas Highway Patrolman Will Cleveland broke down the highway accidents into highways leading from Snyder, classifying them as to property damage, injury or fatal accidents. Of the 106 accidents, 100 were investigated by the highway patrolmen stationed in Snyder, Cleveland and Ivy Daniel. The other six were investigated by the sheriff's department. Highway accidents were as follows: U. S. Highway 84 North had 10 property damage, 3 injury and two fatal accidents. U. S. Highway 84 south had 10 property, 3 injury and one fatal; U. S. Highway 480 East had one property and four injury; U. S. Highway 180 West had four property and four injury; State 208 South (Colorado City) had five property and three injury; State 208 North (Claremont) had four property, one injury and one fatal; State 350 South had 9 property, 6 injury and one fatal; All Farm to Market Roads combined had 11 property and 4 injury, while all unpaved roads in the county had 14 property and 4 injury. There were 74 people injured in county accidents and five killed, making an average year for the county in accident reports. Additional numbers will be added to the highway department list, Cleveland said, when the state office sends their report to the local office, as many people merely pick up accident reports and mail them to Austin when no injuries or heavy damage result.

### Presidents Respected By Mr. Sam

BONHAM, Tex. (AP) — Eisenhower should never have exchanged medals for a white house. Hoover should have stayed in the line — not quarterback. And LaCrosse Coolidge did, after all, have a sense of humor. These are the opinions of a 78-year-old man who served with all of them and the way he is going will serve with other presidents. The man is Sam Rayburn, speaker of the U. S. House and a resident of Bonham, Tex. Rayburn has served in the House for 47 years — during the administrations of presidents dating back to Woodrow Wilson. Here are some of his views on our last seven presidents, as told recently to Station KRLL of Dallas: Woodrow Wilson: "One of the biggest brain men ever in the presidency. A scholar, a historian and he had a good working knowledge of the government. A mighty good president." Warren G. Harding: "I didn't know Mr. Harding. He didn't have many meetings with young congressmen." Calvin Coolidge: "I rather liked Coolidge, a quaint New Englander. He had a lot of fun about him. I remember when he was asked to explain why he didn't say much, he made about as smart an answer as I ever heard." Herbert Hoover: "He was a mistake, as a president. Hoover was an efficient man and a good man and I think a good man for the team — but not for captain." Franklin Roosevelt: "Roosevelt became president in as serious times (except the war) as the country has had since the reconstruction. He came in with a program and the courage to carry it out. His first 100 days are a real American saga. We had 75 of our 135 million people without any buying power. Later we had prosperous times." Harry S. Truman: "Truman will

go down as one of our greatest presidents. He made many decisions of far reaching importance. And he was sworn in at an unusual time as anybody who ever took office."

### A Happy, Prosperous 1961

In this New Year, may there come to you all the most precious things in life... love, health, happiness and enduring friendships.

### Polite Robber Is Nabbed In Houston

HOUSTON (AP) — A polite gunman who robbed two restaurants and held six unwanted, giggling hostages meekly surrendered after one of the hostages pointed him out to police Friday. The room was said to have been Marini, 38, an insurance salesman from nearby Pasadena, was charged with two counts of armed robbery. He said he robbed the L-C Cafeteria and the Blue Grass Inn of about \$2,500 because he needed money to pay debts. The six hostages were released unharmed after police arrived. Marini said he took three hostages and about \$2,000 from the L-C and \$499 and three hostages from the Blue Grass Inn. He said he was looking for John L. Lewis Sr., owner of the restaurant, because Marini picked him out of a telephone directory as a rich man he could rob. Marini also said he took \$800 from a Midland, Tex., motel last month. The hostages were J. J. Kristynik, manager of the L-C; Mrs. Edna Feeny, a payroll clerk at the L-C; Mrs. Bonnie Green, an L-C bookkeeper; Dub Summers, the Blue Grass Inn manager; Mrs. Ella Davis and Mrs. Pycen Slasser, bookkeepers at the Blue Grass. Marini said he forced the three from the O-C to ride a taxi to the Blue Grass with him. They chatted and giggled about a New Year's Eve party so the driver wouldn't be suspicious. Lewis found he had been robbed about 15 minutes after the group left the L-C, and he called police. The group took another taxi, still laughing and giggling, to the Lewis home. Police traced the taxi to a house, where Marini said he went looking for more money and a place to drop the hostages. Marini said he had a gun in his belt the entire time, but never pulled it. "I simply don't know what I would have done if anyone had challenged me," he said. Marini tried to borrow a car from Mrs. Lewis, but she refused. He told her it was a holiday, but she still refused. Marini said he decided to tie everyone up so he could escape. By now there were nine persons, because Mrs. Lewis had two grandchildren with her. When police arrived at the home, Marini was trying them in an upstairs bedroom. Later, Lewis took fried chicken to the police station for Marini and the officers. All but \$125 — taxi fare — of the money was recovered.

### Indian Freighter Is Swept By Fire

HELSTON, England (AP) — The 7,600-ton freighter Indian Navigator, out of Calcutta, was swept by fire in the Bay of Biscay today and abandoned by her 68-man crew. Radio messages received by the British Coast Guard said the seamen took to the lifeboats in rough seas when efforts to control the fire failed. Nineteen were quickly picked up by other vessels. Two British ships and a Dutch craft set about rescuing all.

### Firm Plans To Buy Property In Texas

SALT LAKE CITY (AP) — Petroleum Recovery Corp. said Friday it plans to buy oil and real estate interests in Texas and other states with the money it raises through issuing 3,105,105 shares of stock. Stockholders have approved the issue. Real estate the firm plans to buy in Austin, Tex., includes the Cook Building, the Capitol City Country Club and two undeveloped residential subdivisions.

### White Coed Weds Negro

CASSOPOLIS, Mich. (AP) — The first Negro president of the Indiana University student body and a white 1960 graduate of the University were married here Friday. Thomas Atkins, Elkhart, Ind., senior IU honor student, and the former Miss Sharon Soash, formerly of South Bend, were married at the courthouse by Justice of the Peace Frank McCormick. The couple had been issued a license here Dec. 22. Miss Soash was listed by the university as a Roman Catholic. Atkins' religion was not known. The couple was reported planning to return to Bloomington next week and live in the university housing unit for married students. Atkins was elected student body president last spring by 45 votes out of 8,000 cast. He had been president of the sophomore and junior classes. An honor student, Atkins is one of the 12 members of the Board of Aegon, a group of outstanding students appointed by University President Herman B. Wells to advise him.

### Savings Bond Program Up

Savings Bond sales in Scurry County amounted to \$19,489 during the first 11 months of 1960 totaling \$290,002, or 78.4 per cent of the yearly goal, according to H. W. Cargile, chairman of the Scurry County Savings Bonds committee. Sales of E and H bonds in Texas amounted to \$139,283,903. This represents 84.2 per cent of the Texas 1960 goal of \$165.5 million. According to William H. Neal, national director of the Treasury Bond program, November, marked the 11th consecutive month in which the Savings Bond program has shown growth. "We are especially encouraged by the continued downward growth in redemptions, a major factor contributing to this sustained growth," Neal said.

### Youth Plunges 55 Feet Into Snowbank

NIAGARA FALLS, N.Y. (AP) — Wayne C. Ganesworth, 18, tripped and fell through a guard rail along the Niagara River gorge below Niagara Falls early today and plunged 55 feet straight down into a snowbank. Police, using ropes and a basket, got him back to the top in 1 1/2 hours. At a hospital, doctors examined him and reported these injuries: leg fractures.

# Blakley Says U. S. Neglects Itself

DALLAS (AP) — William Blakley said Saturday that business is in a recession because "The United States has neglected its first duty — that is, to protect itself and its citizens."

Blakley, who will become interim senator when Vice President-elect Lyndon Johnson resigns from the Senate, said he will work toward three goals:

1. That the country regain and maintain its economic security.
2. That America remain strong in defense of its security.
3. That the United States be constantly vigilant in fighting communism whenever and wherever it threatens this nation's security.

Blakley made a statewide radio broadcast. Johnson has not said when he will resign from the Senate, but Blakley hinted this may be early in the new session which opens Tuesday. He said in opening his speech that "Within the next few days I expect to return to Washington to serve as your United States senator."

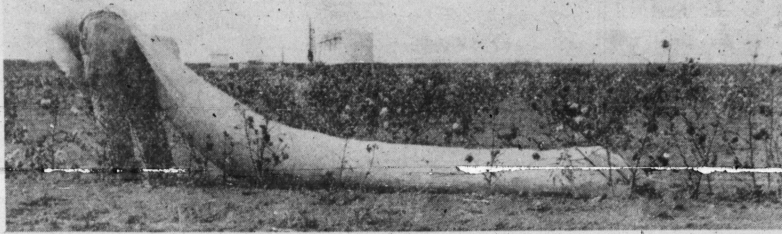

He added that the problems facing the nation are serious and complex and that he felt an obligation to tell Texans of his views. Blakley said the business recession "has been self-induced" and added "We are suffering from the hangover of a spending spree—the like of which man has never before witnessed."

As examples of this spending he cited aid to nations committed to anti-freedom philosophies and aid which has created competitive markets for our own products. He attacked as false the theory that scarcity creates prosperity and that the government is sound and balanced economy.

Of his charge the government failed to protect itself and its citizens, Blakley said "Imports of crude oil have struck a body blow at our oil fields and refineries, and the welfare of the people who work in them. In similar fashion we have mistreated our cotton, wool, steel and other industries."

"I ask only that our government think about the people of the United States ahead of the people of any other country," he said.

"All the resources needed to re-trieve our economic health are within our reach. It is our opportunity — rather, I should say our obligation — to put these resources back into harness and to increase their productivity."

**THE LONG WHITE TRAILER** of the hand cotton picker and the 'mechanical' cotton pickers brought an outstanding cotton crop in Curry County this year, 31,095 bales already ginned and all county gins still running. Most farmers look upon the bountiful harvest as a bonus crop since dry weather at planting time hindered most parts of the county and floods at near harvest time seemed to cause water damage and wash away parts of some crops. Gin reports included: 5,900 bales from Inadole, 3,827 from Hermleigh, 3,296 from China Grove, 1,644 from Dunn, 1,800 from Fluvanna, 5,978 from Paymaster in Snyder, 6,100 from the Snyder Co-op, and 2,550 from the Planters gin in Snyder.

## Insect Stings On Increase As Serious Medical Problem

By LAURA REESBY  
Galveston Tribune Staff Writer  
(Writer for the Associated Press)  
GALVESTON, Tex., (AP)—When you slap that insect on your arm and then stroke it with your fingernails a moment, was it just that—a minor irritation? Perhaps it was considerably more important.

Dr. Don W. Mick's, professor of medical entomology at the University of Texas Medical Branch here, has conducted a survey to find out just how much an insect bite affects health.

His findings have appeared in an official journal of the medical branch and have attracted national attention. He also gave the report before a recent convention of the American Society of Tropical Medicine and Hygiene.

Dr. Mick found that in Texas 124 practitioners he questioned treated 1,905 illnesses arising from stings and bites of insects from 1955 to '59.

Highlights of the survey showed:

1. A high number of allergic reactions to stings of wasps. This is contrary to statements found in certain textbooks.

2. Wasp stings posed the most important sting problem in the state, both because of reactions and deaths.

3. Venom of the fire ant did not resemble that of any stinging insect previously studied. Mick's added that "with the continuous westward extension of the range of the fire ant in Texas, it can be anticipated this species will become a much greater medical problem."

4. All instances of caterpillar stings were reported in the eastern half of Texas.

5. Brown spider bite appears to be a largely unrecognized but an emerging danger in Texas.

Medical entomology textbooks have given limited attention to the problem.

Considering the comparatively large number of cases seen by 124 physicians, which comprise only

1.5 per cent of those practicing in Texas, "it would appear obvious this is a greater medical problem than previously realized," Mick's said.

More often than not, lack of liaison between the medical entomologist and the practicing physician has retarded progress toward a better understanding of the relative importance of insect bites and stings in human disease," Mick's declared.

The survey shows that wasp stings do the most damage in Texas.

During the period covered, 80 physicians reported 299 cases of wasp sting required treatment.

Forty-three per cent exhibited severe general reactions, including shock.

A total of 78 patients underwent treatment aimed at desensitization of wasp venom.

Three fatalities were reported. One death occurred in an individual who had been advised by his physician to undertake a desensitization program. The patient died several months later about 10 minutes after being stung by a wasp.

A total of 59 cases due to stings of the honey bee were reported. About 20 stings caused shock, hypotension or fainting.

Thirty-five physicians treated 75 cases of ant stings. Fainting and/or vomiting and abdominal cramping were present in most cases.

Caterpillar stings were reported in 54 patients. The majority of the stings were characterized by severe local pain and skin inflammation.

Eight cases of centipede bite were reported. All had severe local pain and swelling.

Medical attention was required by 27 individuals who were bitten by scorpions. They experienced severe pain and occasionally paralysis of an arm or leg.

Thirty-five cases due to the bite of the black widow spider were reported. The outstanding symptom was abdominal pain. Nausea and vomiting were frequent. A single fatality occurred in an 81-year-old man.

## Bridgeman Rites Today

James Turner Bridgeman, resident of Snyder for 25 years who had been living in Lubbock, died Friday evening in Methodist Memorial Hospital in Lubbock. A retired terminal agent for Motor Freight in Dallas, he was 84.

Born March 8, 1876, in Louisiana, he is survived by his wife, three sons, L. T. of Midland, Dawson and Jimmie, both of Dallas, one daughter, Mrs. Dina Lawrence of Lubbock, three sisters, Mrs. Swan Williams of Dallas, Mrs. Frances Woods of Kress, and Mrs. Emma Woods of Huntington Park, Calif., and 5 grand children.

Funeral services will be held at 2 p.m. today in the First Methodist Church with Rev. Harry Vandervoort officiating.

Burial will be in the Snyder Cemetery under the direction of Bolger Funeral Home.

Pallbearers will be John Noble, Carl Herold, Doc Myers, Charlie Nott, Ross Bire and East Abercrombie.

## Mishap Injuries A Year Ago Fatal

GALVESTON (AP) — Alfred Lee Morse, 19, who had been in a coma more than a year since a traffic accident in Midland, died Saturday.

Morse, formerly of San Angelo, was living with his grandparents, Mr. and Mrs. Bernie Morse, in Midland at the time of the accident in November of 1959. His mother, Mrs. Elizabeth Glosan, lives in Austin.

## Injuries Are Fatal

FORT WORTH (AP) — Don Garrett, 49, died Saturday of injuries sustained Thursday in a traffic accident at nearby Bedford. His father, E. B. Garrett, died in the wreck.

The principal food of deer comes from woody plants, not from grass.

# Offensive Show In Sight For Arkansas And Duke

By HAROLD V. RATLIFF  
DALLAS, Tex. (AP) — Angry Duke, stung by the taunts that followed a crushing defeat in the last game of the season, tries to make up for it in its first appearance in the Cotton Bowl.

Arkansas, riding high with 21 victories in its last 25 games, including a triumph in the Gator Bowl, but aiming to get its first victory in the Cotton Bowl, is determined to make Duke's humiliation deeper.

The stage is set for an all-out offensive battle with both coaches predicting that the ball will be in the air most of the time.

Duke unfolds its lonesome end maneuver and Arkansas has expressed great fear that it will guess wrong in trying to handle it.

That appears to be the vital issue of this struggle of conference champions—Duke of the Atlantic Coast and Arkansas of the South-West. The combination of Don Altman to lead the Duke team and Coach Frank Breyles has produced one of the greatest passing attacks in college football, has Coach Frank Breyles

of Arkansas adding gray hairs. Breyles says he should put two men on Moorman in order to stop him, but if he does that then Duke may run the Razorbacks into the ground. Coach Bill Murray counts on the offensive line.

Arkansas is one of the three top teams of the nation, and he isn't sure he can halt the Razorback passing attack either.

This one features George McKinney to Jimmy Collier and it has brought more yards and more touchdowns with fewer attempts. Arkansas has passed for 12 touchdowns—the most in a season since the Razorback wild days of 1936-37.

Arkansas has allowed only two touchdowns in the last five games, one on an intercepted pass.

Key man of Arkansas is Lance Alworth, the swift-running halfback who has romped for 375 yards on the ground, caught 12 passes for 243 yards, led the nation in punt returns with 307 yards, highest in the past five years of college football, tanked kickoffs back 328 yards and punting unerringly for an average of 33.4

# Quartet Admitted To Hallowed Hall

By HAROLD V. RATLIFF  
DALLAS (AP) — The Texas Sports Hall of Fame began to bulge Saturday as four more immortals were named to its hallowed row of accolades.

Bobby Layne and Kl Aldrich, greats of football; Matty Bell, a great of coaching; and Bobby Morrow, the world's fastest human who knew the glory of the Olympic games, were inducted to bring the number now occupying niches to 27.

Twelve hundred persons jammed the Sheraton-Dallas Hotel grand ball room to hear Aldrich, all-American center of Texas Christian in 1936, tell of the vow made by a group of football players that led to a national championship.

"They heard also a quiet talk from a serious Bobby Morrow, the Abilene Christian College star who was sprint champion of the Olympics in 1936. Morrow said 'I have experienced victory at the summit—at the Olympics—and I have known the feeling of finishing a loser but I know that from each I gained an appreciation of what sports can do for you.'

Bell, one of the Praying Colts of Centre who gained fame as a coach at Texas Christian, Texas A&M and Southern Methodist, said to be a successful coach one must credit his family, his school and faculty, athletic staff and the alumni who support the team 'and I was blessed with the finest of all those.'

From coaching, said Bell, 'the reward comes from boys who make fine men.'

Layne, the great quarterback of the University of Texas and professional football, was described by D.K. Bible, his old coach, as 'never being licked—time just ran out on him.'

"I have played football a long

# Man Is Held In Kidnaping

ANCHORAGE, Alaska (AP)—A stocky 29-year-old man, nabbed by FBI agents while working at a restaurant near here, was held under \$200,000 bond today in the kidnaping of wealthy Los Angeles sportsman Anthony Alessio.

Richard Amado Herrera Clavesillo was the seventh person to be arrested in the case. The FBI said Clavesillo was a brother-in-law of one of the other six and used to work for another. He offered no resistance.

Officers here did not say whether Clavesillo had any of the \$200,000 ransom which was paid before Alessio was released. In Los Angeles, however, FBI agents said all but about \$18,000 has been recovered.

Others arrested in connection with the case were Robert James Gorman and his wife, Ruby Elaine Gorman of Monterey Park, Calif.; Frank Marrore and Selma Clark Marrore of Los Angeles; Richard Lee Hoffman of San Diego and Le Roy Thomas Gavigan of South Gate, Calif.

Clavesillo was identified as Gavigan's brother-in-law. Officers said he formerly worked for Marrore, who once owned a nightclub here.

Alessio was kidnaped Nov. 22 and released unharmed Nov. 23. He and his brothers operate the Caliente, Mex. racetrack and the Hotel Del Coronado in San Diego.

# Junior Editors Quiz on CULTIVATION

QUESTION: Is it bad for a farmer to 'graft'?

ANSWER: When a farmer 'grafts', he joins parts of two plants to make a single plant, and this is a good thing. There are a number of reasons why this is done. In some cases, plants which do not grow well on a soil are grafted on stock that thrives on that particular soil. Grafting can also be used to change the time of bearing of a fruit tree, for example, both in years and season. Several varieties of any plant may be grafted on one stock. The stock is the part which supplies food and water for the growing plant. The part which is grafted to the stock is called the scion. The graft is accomplished by taking the scion, or cutting of one plant, and placing it in contact with the inner bark of another plant, or the stock. The insects in this drawing show how this is done. Grafting occurs naturally as well as artificially.

FOR YOU TO DO: If there is a nursery in your area, you can see some of these grafts put to work. You may also see natural grafting in a woods or preserve area where you may find two trees which have joined together.

(Regina Travis of Bendort, E. C., was \$10 for this question. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.) 12-31

# Holub Casts Lot With Texans

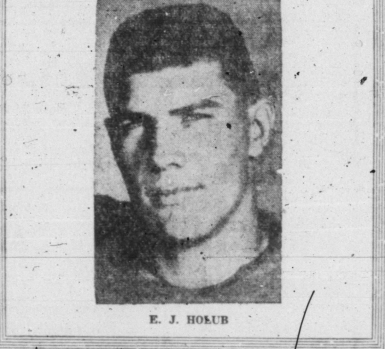

DALLAS (AP) — E.J. Holub, Holub, Texas Tech's great center, has signed with the Dallas Texans of the American Football League, Texas owner Lamar Hunt said Saturday.

Hunt said Holub, training for the East-West game at San Francisco, telephoned him that he would play with the Texans.

Hunt thus was winning part of his battle of the checkbook with the Dallas Cowboys of the National Football League, who also had drafted Holub.

Bob Lilly, TCU tackle, signed with the Cowboys after being drafted by the Texans.

Holub will receive \$15,000 a year, it was learned.

# Gators Nudge Baylor, 13-12

By VERNON BUTLER  
Associated Press Sports Writer JACKSONVILLE, Fla. (AP) — Baylor missed a go-for-broke two-point conversion attempt in the closing seconds Saturday, and Florida won a 13-12 thriller in the 16th Gator Bowl football game.

Baylor, led by quarterbacks Bobby Ply and Ronnie Stanley, almost pulled out the victory after Florida built a 13-0 lead, but a conversion try by Larry Corley failed after the first touchdown, and Ply's pass conversion attempt barely grazed halfback Ronnie Goodwin's fingertips after the second touchdown as time was running out.

Florida guard Chet Collins recovered a Baylor fumble and induced another with a jolting tackle, each recovery led to a Gator touchdown in the second quarter.

But Baylor wouldn't concede, and the Bears from the Southwest Conference struck by air on the passes of Ply and Stanley for two touchdowns in the fourth quarter.

Ply hurled 11 yards to Goodwin for the first, and halfback Ronnie Bull scored the second from the pass over a Stanley-to-Goodwin pass covered 49 yards in the final minute.

Fullback Don Goodman scored Florida's first touchdown on a three-yard plunge five plays after Collins recovered Bull's fumble at the Baylor 20.

Most of the yardage in the scoring drive went to way Larry Libortore. Florida's 133-pound quarterback, End Bill Cash kicked the conversion that proved to be the margin of victory.

The second Florida touchdown came easily after the Gators had an apparent score nullified by an illegal motion penalty. That drive was checked at the Baylor 2 when tackle Pete Nicklas blocked Cash's field goal attempt.

Collins, separated Stanley from the ball at the Baylor goal line and Larry Travis recovered in the end zone for a 13-0 Florida lead.

A record crowd of 50,112 fans saw Baylor come back magnificently in the second half. Ply did most of the Baylor passing with Goodwin his favorite target.

Florida made a serious stand on the goal line in the first quarter after Ply's pitches guided the Bears 74 yards. Leading the Florida defensive heroes were center Bill Hood, guard Vic Miranda and tackle Jim Beaver.

# Storm Hits New Orleans

NEW ORLEANS (AP) — High winds and heavy rains ripped New Orleans and surrounding areas Saturday during a sudden, violent storm that caused widespread property damage.

No injuries were reported in the hurricane-force winds.

Roofs and carports were torn away, trees were uprooted, windows smashed and small planes overturned. Rains briefly flooded streets and low areas.

At Jefferson Downs, racetrack, winds destroyed nine barns and part of the grand stand. About 30 horses housed in the barns ran loose about the grounds after the barns blew down.

The windstorm which extended westward to New Iberia, was brief, but accompanied by and followed by heavy rainfall.

Similar reports came from Golden Meadow, Harahan, Kenner and the Pontchartrain lakefront.

The New Iberia Naval Auxiliary Air Station reported minor damage to planes on the ground. A station said the 'peak of a funnel system' passed over the base at 6:40 a.m. with gusts up to 50 miles an hour.

At New Orleans airport it was estimated unofficially that during one gust the wind reached a velocity of 80 miles an hour—5 miles above hurricane force.

# Three Areas Are Annexed By Waco

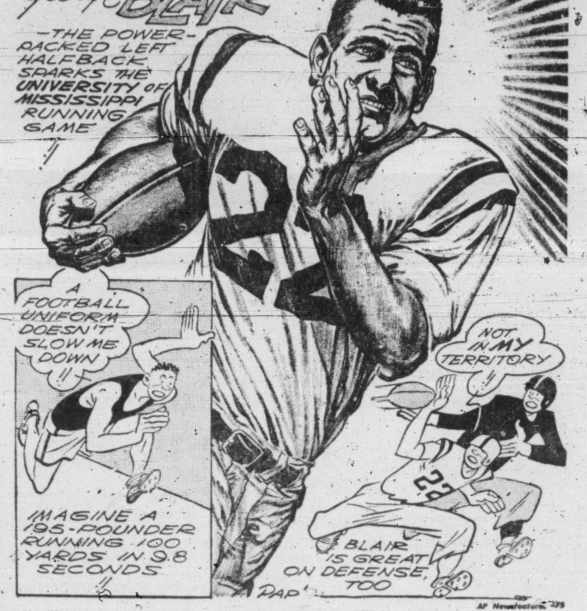

WACO (AP) — Waco annexed three areas totaling 1,700 acres Saturday, pushing its population above 100,000.

One was a one-foot strip around the James Connally Air Force Base, which gives Waco's right to claim the 3,000 to 4,000 residents of the base to the city population. The other two tracts are industrial areas on the west side.

The 1960 census gave Waco 97,868.

# FOR AFL TITLE Houston, LA Clash Today

By MAX B. SKELTON  
HOUSTON (AP) — The Los Angeles Chargers, riding a four-game winning streak, meet the Houston Oilers Sunday in the first championship game of the American Football League.

Despite equal records for the two division champions, Houston is a six-point favorite for the nationally televised game (ABC-TV, 3:30 p.m. EST).

A sudden death overtime will be used to settle the championship should the regulation 60 minutes end in a tie.

Four days of rain since Tuesday slowed pro-game ticket sales for the \$5.50-seat Jeppesen High School Stadium but all proceeds will go to the players—50 per cent to the winners and 40 per cent to the losers.

Both teams wrapped up division crowns with 10-4 records. Houston was never headed after jumping to a 5-1 early start. Los Angeles had its early troubles but won eight of its last nine games.

Los Angeles holds a 2-1 edge over the Oilers after two league games and an early exhibition, but the charger point edge is only 7-2.

Sunday's battle has been billed as a rematch between two fine passers, Jack Kemp of Los Angeles and George Blanda of Houston, but both coaches have indicated they have placed increased emphasis on their ground attacks while preparing for the title showdown.

Sid Gillman of Los Angeles sought to improve the blocking for Paul Lowe, swift halfback who started the game with a 6.3-yard rushing average, the best in the league.

Houston's Lou Rymkus has untrapped strategy he hopes will shake loose two fine Oiler runners, Billy Cannon and Dave Smith.

Kemp is a youngster compared to Blanda but finished the regular 14-game season as the league's finest passer. The former Occidental star, who four years, threw 20 touchdowns passes while completing 211 of 387 attempts for a .518 average.

Blanda, the former Chicago Bear scoring leader, came out of retirement to lead the Oilers to the Eastern Division title. He ranked No. 7 among passers in final league standings but threw more touchdown passes and had fewer interceptions than Kemp.

In his 11th year as a pro, Blanda completed 168 of 362 passes for 2,390 yards and 24 touchdowns

# Wichita Nabs Tourney Win

OKLAHOMA CITY (AP) — The Wichita Wheatshockers reigned as the new kings of the all-college basketball tournament Saturday on the strength of solid scoring power throughout their lineup.

The Kansas had to use all of their resourcefulness to subdue a determined Baylor team in Friday night's final, 76-74. For awhile it looked like Wichita would have things all its way in the winnable but the Bears mustered a final rally which kept the game on razor's edge during the final frantic minutes.

Five players counted in double figures for the new champions in the title contest. Four players scored 10 or more points in a 73-63 opening round decision over Utah state and five players did the same in a 71-66 verdict over Houston.

Baylor's surprising showing kept the tournament, oldest holiday event in the nation, loaded with excitement. The Bears came here without a victory in seven starts and then beat Oklahoma City University and New York University to get a shot at the championship.

The final effort against Wichita came as a thriller before a crowd of 8,000. Down by 19 points early in the second half, the Bears rallied and went ahead at 70-68 with only four minutes to play.

Wichita recouped in the final two minutes.

# Daniel Inaugural To Cut Corners

By GARTH JONES  
AUSTIN (AP) — Price Daniel's third inauguration as governor will have an austerity tinge this year.

Nearly complete plans for inaugural Jan. 17 call for a sharp slash on activities.

The cost will be about the same as 1950.

Arrangers say there are at least three reasons for a cutback in the

usually lavish celebrations.

First, this is Daniel's third term and he has been elected two times previously. Second, Austin citizens and businessmen who put up the money have been hit repeatedly this year in hot state political races and the presidential campaign and still have a special Senate election upcoming. Third, the state inauguration comes only three days before Texas' second vice president, Lyndon Johnson, is honored at the Jan. 20 national inauguration.

Facilities of the State Democratic Executive Committee are handling state angles of the Washington inaugural while a local committee, works on the Austin inaugural.

In past years, thousands traveled for days to reach Austin for an inaugural and often the ceremonies lasted two and three days. There were torchlight parades, band contests, athletic exhibitions, horse races, speeches by practically every high state official and night after night of dancing.

This year there will be a simple high noon swearing-in ceremony Jan. 17 on the steps of the Capitol where Daniel and Lt. Gov. Ben Ramsey will make brief speeches.

From 7 to 8 p.m., Daniel, Ramsey and their wives, with a number of other state officials and their wives, will stand in a reception line at the municipal auditorium here.

Afterwards there will be a program of music by the University of Texas' Longhorn Concert Band while everyone gets ready for the official inauguration ball. A choir from Midwestern University at Wichita Falls will have a part in the program.

At 9:30 p.m., Daniel and his wife will lead the grand march. Dancing continues until 1 a.m.

There will be no downtown parade.

There will be no second-inaugural ball, a square dance affair, as there was in 1959. Some years there have been as many as four inaugural balls going at the same time with the new governor and his wife visiting all of them briefly.

A few more invitations will be sent out this year. Shortly after Jan. 1, about 45,000 black and gold combination invitations and programs will be mailed throughout Texas. Also on the invitation list are the governors of the four Mexican states that border Texas.

The overall cost, about \$10,000, is contributed within the city of Austin.

## Close Watch Planned By Oil Industry

By CHARLES HASLET  
WASHINGTON (AP) — The coming year, with a new Congress and administration, will bring a close watch on Washington by the oil and gas industry.

For one thing, there may be a broad study of over-all resource and development policy.

This could encompass such related matters as oil import policy, depletion allowances, the issue of a national fuels policy and a bill to exempt independent producers of natural gas from federal utility-type regulation.

Minor Jameson Jr., executive vice president of the Independent Petroleum Association of America, says such a study might be conducted by a congressional committee, a commission, by government departments or by two or more of these groups.

Congress, convening Tuesday, probably will get bills early in the session, to provide the exemption for gas producers, to set up a national fuels policy study committee, and to reduce the 27 1/2 per cent tax depletion allowance for oil and gas operators.

Jameson sees the new oil import allocations for the first half of 1961, announced this week by the Interior Department, as a "firm holding of the line" to enable the domestic industry to feel any increase in demand and thus have an opportunity for stepping up operations.

"In view of the fact that there are so many worldwide, economic and political pressures to increase imports, the holding of the line is a most constructive move," he said. "It is in line with the goal of the government's oil import program of maintaining a healthy domestic industry."

MRS. ALAN LOUIS CHAVIS

# Miss Cloud Becomes Bride Of Alan Louis Chavis Wednesday

Double ring nuptials were read in the Trinity Methodist Church Wednesday evening at 7:30 o'clock uniting in marriage Camille Cloud and Alan Louis Chavis. Rev. Harry Vanderpool, pastor of the First Methodist Church, officiated at the candlelight ceremony.

The bride is the daughter of Mr. and Mrs. P. W. Cloud of Route 3. The bridegroom is the son of Mrs. Stephen Klein of San Antonio and A. L. Chavis of Houston.

The altar of the church was decorated with white candles and evergreens banded by candelabra and large baskets of white mums and stock.

Rev. and Mrs. Thomas Lynn, and daughter Susan were Christmas holiday guests of her mother, Mrs. Beulah Bond and family and Mr. and Mrs. T. J. Lynn of Big Spring.

Mr. and Mrs. Roy Barrier and family visited during the holidays with their daughter, Mr. and Mrs. Bernard Bishop and daughters Jackie and Janice.

Rev. and Mrs. Less McQuary and children of Big Spring, and Jerry D. Robinson of Colorado City have been recent visitors of Mr. and Mrs. W. O. Davis and family.

Mr. and Mrs. Chancy Barrier and three daughters of Trinidad, Colo., have been visiting relatives and friends in the community, and were dinner guests Monday in the H. H. Cary home.

Mr. and Mrs. Jerry Taylor and daughter of New Mexico visited until Thursday in the H. H. Cary home.

Mr. and Mrs. Ben Weathers visited Monday afternoon in the J. L. Webb home near Ira.

## Reduction Seen In Traffic Toll

Public Safety statisticians predicted today a 7 per cent reduction in traffic deaths for 1961.

## HOUSEKEEPING

Don't overdo serving the family leftovers from the Christmas dinner if you have a new refrigerator.

## The Gardeners Corner

By EARL ARONSON  
AP Newsfeatures

AFTER YOU HAVE your Christmas tree up, you can provide Christmas for the birds with the help of your discarded tree.

Prop the tree in your yard, near the kitchen window so you can watch the show. Pour melted fat on the branches and before the suet has hardened, sprinkle with wild bird seed available in pet and garden shops. For a more luxurious bird menu, add bits of apple, nuts, cranberries, raisins and bread crumbs. When the food is gone, start over again.

If your birds have regular feeding boxes and don't need your tree, trim the branches and fashion winter window box decorations that will last a month or more. Dried flowers or branches of berry-bearing bushes may be added for touches of color. The more the branches are moistened the longer they will keep.

Christmas tree branches also are good mulch and protection around bases of plants or over plots of spring bulbs. They provide protection that will prevent alternate thawing and freezing that hurts bulbs. Cold will not harm the bulbs.

A talented flower arranger says "anything you can do with crepe paper, you can do with milkweed pods."

Mrs. Charles S. Cunningham of Johnson City, N. Y., prefers to work with dried materials in making Christmas decorations. Why? Because fresh flowers will so quickly dry arrangements last so long.

Weary of making poinsettias every Christmas, she switched one year to dried materials in making milkweed pods. On a fine tree she set two milkweed pods in the shape of love birds.

"One thing you learn when you make dried arrangements is to collect all kinds of things and never throw out anything," she said. For example, she used her old embroidery hoops to form a kissing ring for a doorway. "because I don't have time to embroider anymore." Coat hangers also are suitable.

The top of her broken sewing basket made a fine wall plaque base. She has hunted rummage sales for the season of materials. And when her sister canned a bushel of peaches one fall, she saved the pits for Mrs. Cunningham.

Tired of conventional dala robbi wreaths, she made wall plaques for her home and for friends, using dried materials mounted on

straw place mats or baskets.

She uses with ingenuity such simple items as funnels and flower pots. "I'm always concerned with keeping costs down," she says.

For one arrangement, she used two pairs of funnels, large ones inverted as bases and smaller ones on top. They were painted black with gold trim. Peach and prune pits, and nuts arranged to resemble grapes, were used with other dried materials to adorn the funnels. Other funnels were utilized to fashion matching candle holders.

To make a small centerpiece, she used two flower pots and saucers, the larger atop the smaller. To make tiny trees, based in sand-filled cheese boxes, she used Siberian iris, artemisia and gourds.

### Lucky 13 Club Has Busy Holiday

The Lucky 13 Sports Club had a busy holiday and a happy ending to the year of 1960. On Dec. 22, the annual semi-formal Christmas dance, held at the Katharine Ryan Cafeteria, set the holiday activities into full swing. Decorations for the evening were white, tulle, and greens entwined with Christmas lights that hung from the ceiling. At eleven everyone went to the cafe for a midnight supper. Chaperones for the evening were Mr. and Mrs. John Boren, Mr. and Mrs. George Stewart, and Mr. and Mrs. Frank Weaver.

After the dance the members had their traditional family Christmas tree and slumber party at the home of Leatha Brice. Big and Little Sisters exchanged gifts and club pins were given to the sponsors Mrs. Mark McLaughlin and Mrs. Frank Weaver. Those at the tree were Judy Huddleston and Kaye Robinson, Linda Gayle Miller and Paulette Jones, Lynda Mize and Nan Hill, Leatha Brice and Jean Young, Brenda Pitts and Judy Buchanan, Jan Vestal and Nonnie Rodgers, Bettie Boren and Charlotte Stewart, Chere Phillips and Sandie Brunner, Donna Shearer and Lynelle Burns, Judy Richardson and Becky Beatty, Dana Falls and Terry Alexander, Susan Richardson and Lynda Bradley, and Mary Clare Peebles.

On Dec. 27, an Ex's Tea was given at the Snyder Country Club. It was a hope all ex-members since the beginning of the club in 1929. Around seventy members and ex-members were present. Tea, coffee and white cakes were served.

### Southern Turkey Chowder

1 quart turkey broth  
1 can (10 to 11 ounces) condensed tomato soup  
1 can (about 8 ounces) cream-style yellow corn  
salt and pepper  
Heat broth, undiluted soup and corn slowly, stirring often. Add salt and pepper to taste. Makes 4 to 6 servings.

### CLOTHES DRYERS

Some of the new clothes dryers prevent shrinkage and over-drying of clothes. As the moisture evaporates from the clothes, the temperature inside the dryer increases until it reaches the temperature at which the thermostat turns the dryer off. The dryer functions most accurately when the load is carefully sorted to contain items that dry in the same time.

### School Menu

MRS. DONALD ROBERT COLE

## Heinen-Cole Vows Exchanged Friday

Miss Ann Marie Heinen and Donald Robert Cole, both of Snyder, exchanged marriage vows Friday evening at 7:30 in the First Baptist Church in Center Point.

Rev. N. A. Mills, pastor of the church, officiated at the double ring ceremony before an altar of candelabra, palms and white stock and carnations.

Parents of the couple are Mr. and Mrs. Chester P. Heinen of Comfort and Mr. and Mrs. Ed B. Cole of San Angelo.

Given in marriage by her father, the bride wore a floorlength gown of silk organza designed with a scooped neckline accented by lace appliques and pearls. Her fingertip veil fell from a handbeaded tiara encrusted with pearls made by Mrs. Edward Brown. She carried a white orchid studded by Stephanotis.

Her only jewelry was a necklace of pearls, a gift of the bridegroom. Miss Ann White of Center Point was maid of honor, wearing an ice blue dress of taffeta and silk organza styled with rounded neck lines. Her hairpiece bonnet was of velvet and organza. She wore crystal beads and earrings and carried a cascade of white carnations.

Luella Brown of Austin was bridesmaid and was dressed similar to the maid of honor.

Mr. Cole served his son-as best man with Charles E. Odde of Midland as groomsman. Wayne Kennedy and Bob Hammack of Snyder and Charles Heinen, brother of the bride, were ushers.

Mrs. Jeanette Thorpe of Snyder sang "Because" and "Whither Thou Goest," and the "Lord's Prayer" accompanied at the organ by Mrs. Elmer Lee Jennings of Center Point.

A reception followed at the Bluebonnet Hotel in Kerrville. The bride's table was laid with a cloth of white tulle over taffeta and was centered by an arrangement of white stock and carnations. The wedding cake was shaped in a double heart design.

Mary Jo Harrell presided at the guest register.

For a brief wedding trip, the bride wore a dress of light blue wool with white-while accessories. The bride attended Southwest Texas State where she was a member of Phi Delta Gamma, the Press Club, and editor of the College Star.

The bridegroom attended San Angelo Junior College and Sul Ross and was a member of the Press Club and Science Club. He teaches biology in the Snyder High School and sponsors the high school paper and annual.

The couple will reside at 1916 Coleman in Snyder.

Mrs. James Daugherty and children of Midland were guests of Mr. and Mrs. Raymond Daugherty, Mr. and Mrs. Bill Willard of Fort-ham and Mr. and Mrs. Bert Willard and David of Berger spent Christmas with Mr. and Mrs. Mert Jones.

Mrs. Howard Franklin of Snyder spent Wednesday with her sister, Mrs. L. J. Spragun.

Mr. and Mrs. Tommy Farquhar of Big Spring, Mrs. Mary Nell Courville and sons visited Mrs. Eunice Nesbitt and Mrs. Mary Belew during Christmas.

Recent guests in the Victor Fulford home were Mr. and Mrs. Carl Keller, Mr. and Mrs. Don Keller and children, Miss Rita Myers and Mr. and Mrs. J. H. Huey, all of Snyder, and Miss Faye Huey of Abilene and Mr. and Mrs. Ray Fulford.

Mr. and Mrs. J. R. Jones, Rodney and Royce Summers visited Mr. and Mrs. W. J. Strickland of Bangs and Mr. and Mrs. Bobby Warren and children of Tye during the holidays.

Miss Dorothy Boren of Greenville visited Mr. and Mrs. V. A. Willis and Rose Mary recently.

Mr. and Mrs. Bill Herring and children and Mr. and Mrs. Don Jones and children visited Monday in Colorado City with Mr. and Mrs. G. B. Watson and family.

### Psychology Helps In Dieting

By ALTON BLAKESLEE

Associated Press Science Writer  
NEW YORK (AP)—Psychology can be a helpful buddy in dieting to lose weight, researchers said today.

The psychological aids could be such steps as:

Preparing the next meal right after you've eaten — then you won't nibble.

Eating specific foods in specific places of the house or going to the trouble of putting on some certain type of clothing before eating.

Lifting a forkful of food only when your mouth is empty.

Holding forkfuls of food for a while before plate and eager teeth-or eating food longer.

Psychologically, they said, eating involves a whole chain of events — or stimuli, usually performed in a pretty fixed routine.

While the chain of events varies with individuals, a typical chain is going to the store, selecting and paying for food; eating it home, preparing it, setting the table, sitting down to the table, and so forth.

The idea is to lengthen the chain of events.

The longer the chain is, the weaker are its effects, said Charles B. Ferster, Ph.D., John T. Nurnberger, M.D., and Eugene E. Levitt of the psychiatry department, Indiana University School of Medicine.

Eating too much is largely a habit, they told the American Association for the Advancement of Science.

Psychological principles can help develop self-control, which is different from will power, they said.

They took a dim view of hopes that simply telling people about

### Career Of Envoy Costly

SAN FRANCISCO (AP)—J. D. Zellerbach, just returned to his home in San Francisco, says it cost him \$200,000 to serve as ambassador to Italy for four years.

Zellerbach, chairman of the board of Crown-Zellerbach Corp., said he could afford it but "many of our most able career people simply can't afford the job."

He told a reporter Thursday that when he and his wife went to Rome in 1957 to succeed Clarence B. Case they found their official residence in near-crumbing condition.

He said he spent a sizable chunk of his own money to refurbish the villa and added that the steady procession of official parties he was required to host cost him some \$50,000 a year over his salary and entertainment allowances.

In regard to President-elect John F. Kennedy's intentions to increase entertainment allowances for ambassadors, Zellerbach commented: "I'll believe it when Congress appropriates the money."

He said he spent a sizable chunk of his own money to refurbish the villa and added that the steady procession of official parties he was required to host cost him some \$50,000 a year over his salary and entertainment allowances.

### Galbraith Predicts Vigorous Action

ST. LOUIS, Mo. (AP)—One of President-elect John F. Kennedy's economic advisers says the new administration will "take vigorous action" to improve the nation's economy.

Dr. J. Kenneth Galbraith, professor of economics at Harvard University, spoke at a meeting of the American Farm Economic Association Thursday night.

He recommended this program for improving the economy: Reduce the mortgage rate on housing; ease interest rates; strengthen unemployment compensation and pass area redevelopment legislation; expand the road-building program; and pass a school construction bill.

Mr. and Mrs. Jerry Reeder and Trucilla of Denver City visited his parents during the holidays.

Mr. and Mrs. Sandy Holder had as their guests during Christmas all of their children, Mr. and Mrs. Fred Williams and baby of Artesia, N. M. Mr. and Mrs. Jackie Holder and son of Andrews, Mr. and Mrs. Royce Holder and son of Snyder, and Boyce Holder of Fluvanna.

Mr. and Mrs. J. R. Jones, Rodney and Royce Summers visited Mr. and Mrs. W. J. Strickland of Bangs and Mr. and Mrs. Bobby Warren and children of Tye during the holidays.

Miss Dorothy Boren of Greenville visited Mr. and Mrs. V. A. Willis and Rose Mary recently.

Mr. and Mrs. Bill Herring and children and Mr. and Mrs. Don Jones and children visited Monday in Colorado City with Mr. and Mrs. G. B. Watson and family.

The following were guests in the home of Mr. and Mrs. Lee Laverdure during the Christmas holidays: Mr. and Mrs. Ross Lee Jones and Brenda of Midland, Buynan Brown of Snyder, Mr. and Mrs. Floyd Womans of Eagle Pass and Mr. and Mrs. F. E. Chapman of Snyder.

Mr. and Mrs. Bill Cade and Lou of Jayton spent Christmas Eve night with Mr. and Mrs. J. R. Jones and Rodney and Royce Summers.

Mr. and Mrs. Joe Langrum and children spent Christmas with Mr. and Mrs. Cyrus Landrum of Harlingen.

Bro. and Mrs. Bernie Finch and children spent the Christmas holidays in Fort Worth with his parents, Mr. and Mrs. C. C. Finch, Christmas Day guests in the home of Mr. and Mrs. Fowler Mathis were Mr. and Mrs. E. Boren of Lamesa, Mr. and Mrs. C. J. Boren and family of Snyder, Mr. and Mrs. A. C. Mr. and Mrs. Bill Herring and children and Mr. and Mrs. Don Jones and children visited Monday in Colorado City with Mr. and Mrs. G. B. Watson and family.

The following were guests in the home of Mr. and Mrs. Lee Laverdure during the Christmas holidays: Mr. and Mrs. Ross Lee Jones and Brenda of Midland, Buynan Brown of Snyder, Mr. and Mrs. Floyd Womans of Eagle Pass and Mr. and Mrs. F. E. Chapman of Snyder.

Mr. and Mrs. Bill Cade and Lou of Jayton spent Christmas Eve night with Mr. and Mrs. J. R. Jones and Rodney and Royce Summers.

Mr. and Mrs. Joe Langrum and children spent Christmas with Mr. and Mrs. Cyrus Landrum of Harlingen.

Bro. and Mrs. Bernie Finch and children spent the Christmas holidays in Fort Worth with his parents, Mr. and Mrs. C. C. Finch, Christmas Day guests in the home of Mr. and Mrs. Fowler Mathis were Mr. and Mrs. E. Boren of Lamesa, Mr. and Mrs. C. J. Boren and family of Snyder, Mr. and Mrs. A. C. Boren and family of Paducah, Mrs. Majorie Price, Debbie and Marsha of Snyder, Mr. and Mrs. William T. Hurley and son, Mr. and Mrs. Wayland Mathis and children, all of Snyder, Orval Mathis and Mr. and Mrs. V. A. Willis and Rose Mary, all of Fluvanna.

Rodney and Royce Summers visited Mr. and Mrs. George Reed and sons of Sidney, and Mr. and Mrs. Dean J. Summers and children of Comanche on Christmas Day.

James Sharp of Bonham visited Mr. and Mrs. Fowler Mathis recently.

Mr. and Mrs. T. M. Greenshaw and children of Dallas spent Christmas with her mother, Mrs. Ola Stavelly.

Mr. and Mrs. V. L. Rex, Mr. and Mrs. Harmon Rex and baby, all of Abilene, and Mr. and Mrs. Bill Evans and children of Snyder visited Mrs. Millie Gieghorn on Christmas.

Mrs. James Daugherty and children of Midland were guests of Mr. and Mrs. Raymond Daugherty, Mr. and Mrs. Bill Willard of Fort-ham and Mr. and Mrs. Bert Willard and David of Berger spent Christmas with Mr. and Mrs. Mert Jones.

Mrs. Howard Franklin of Snyder spent Wednesday with her sister, Mrs. L. J. Spragun.

Mr. and Mrs. Tommy Farquhar of Big Spring, Mrs. Mary Nell Courville and sons visited Mrs. Eunice Nesbitt and Mrs. Mary Belew during Christmas.

Recent guests in the Victor Fulford home were Mr. and Mrs. Carl Keller, Mr. and Mrs. Don Keller and children, Miss Rita Myers and Mr. and Mrs. J. H. Huey, all of Snyder, and Miss Faye Huey of Abilene and Mr. and Mrs. Ray Fulford.

Mr. and Mrs. J. R. Jones, Rodney and Royce Summers visited Mr. and Mrs. W. J. Strickland of Bangs and Mr. and Mrs. Bobby Warren and children of Tye during the holidays.

Miss Dorothy Boren of Greenville visited Mr. and Mrs. V. A. Willis and Rose Mary recently.

Mr. and Mrs. Bill Herring and children and Mr. and Mrs. Don Jones and children visited Monday in Colorado City with Mr. and Mrs. G. B. Watson and family.

The following were guests in the home of Mr. and Mrs. Lee Laverdure during the Christmas holidays: Mr. and Mrs. Ross Lee Jones and Brenda of Midland, Buynan Brown of Snyder, Mr. and Mrs. Floyd Womans of Eagle Pass and Mr. and Mrs. F. E. Chapman of Snyder.

### WOMEN'S CALENDAR

THURSDAY  
The Gamma Upsilon Chapter of ESA will meet with Carmen Iverson, 3109 Fortyfirst Street at 7:30 p.m.

Crowds Attracted To Railroad Yards  
MIAMI, Fla. (AP)—A tank car packed in the Florida East Coast Railroad yards had a certain air of holiday cheer about it which prevailed through the week.

A constant stream of visitors to the car finally brought railroad detectives to the scene. They found a leak had drained off a considerable quantity of 2.57 gallons of wine in a compartment of the tank car.

WATER HEATING  
Modern water heaters are fully automatic. The burner is on only long enough to keep the water hot in the insulated tank. If the water is not used the burner cuts back. It recovers speedily when water is replaced. The action is automatic and fast. It saves on fuel bills, too.

ON SALE NOW!  
DRY SKIN CLEANSER—lubricates as it cleanses, leaves your skin clean, soft, refreshed. 12 oz. \$2.00 (Reg. \$4.00).  
SALON COLD CREAM—purifies skin thoroughly, gently... drawing out deep-down grime. 12 oz. \$2.00 (Reg. \$4.00).  
New formula CELLOGEN HORMONE CREAM—ultra-rich night cream now has a new, improved formula that includes such vital elements as Vitamin A, Polyunsaturates, Estrogenic Hormones—plus new, exclusive Protein Hydrolysate... fabulous beauty ingredient that makes this moisturizing cream more effective than ever... leaves your skin younger-looking, smoother-to-the-touch. 4 oz. \$2.50 (Reg. \$5.00).

MRS. POWELL BERRY

### Wilkerson-Berry Nuptials Are Read

The chapel of the Baptist Temple Church in Houston was the setting for the marriage of Gwendolyn Wilkerson of Houston to Murray Powell Berry of Snyder at 8 o'clock Thursday evening. Rev. Roy E. Ladd, pastor of the church, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Ray R. Wilkerson of Houston and Mr. and Mrs. L. A. Berry of Snyder.

Given in marriage by her father, the bride wore a chapel length gown of Chantilly lace and tulle. Pearls and sequins accented the bodice. Her veil of illusion was held by a crown of pearls. She carried a white Bible covered with satin and lace under her bouquet of a white orchid and feathered carnations.

Recent guests in the Victor Fulford home were Mr. and Mrs. Carl Keller, Mr. and Mrs. Don Keller and children, Miss Rita Myers and Mr. and Mrs. J. H. Huey, all of Snyder, and Miss Faye Huey of Abilene and Mr. and Mrs. Ray Fulford.

Miss Shirley Terry sang "Because," "I Love You Truly" and "Lord's Prayer," accompanied at the organ by Mrs. A. I. Keese of Houston.

A reception followed in the Fellowship Hall of the church with decorations of white and turquoise and a rice tree. Gay and tender of Yorktown and Delys Scott and Jena Lee Butler of Houston presided at the tiered wedding cake and punch bowl.

Nina Sealy of Groesbeck registered guests.

For her wedding trip the bride wore a green wool suit with brown accessories and a cameo brooch that is a family heirloom.

The bride attended Sam Houston State College where she was a Campus Beauty, Cheerleader and a member of the Alpha Delta Pi society.

The bridegroom is a senior at Texas A&M where he is a member of the varsity football team and the "T" Association. He was captain of the 1956 football squad. The couple will reside at 803 Welch in College Station.

Out of town guests included Jim Anderson of Midland, Mr. and Mrs. J. O. Vance of Midland and Mr. and Mrs. Paul Dewoody and family of Tyler and Mr. and Mrs. D. V. Prichard of Beaumont.

Ringbearer Donald Ray Anderson, nephew of the bride, wore a black tuxedo and carried a white satin pillow trimmed with lace.

Flower girl Lilia Kay Stroud of Houston wore a dress of turquoise velvet with a lace collar and white gloves. She carried a basket of yellow mums.

# Outstanding Young Texans Are Named By State Jaycees

GRAND PRAIRIE (AP)—The Texas Junior Chamber of Commerce named James N. Allison Jr., executive vice president of the Midland Reporter-Telegram, and Blair Justice, science writer of the Fort Worth Star Telegram, Saturday among its five outstanding young Texans for 1960.

Also chosen were James Hardy, general secretary of the Big Spring YMCA; Robert Stewart III, president of the First National Bank in Dallas; and Lawrence Warburton Jr., Alice lawyer and a former assistant attorney general.

Richard Wadsworth, president of the Junior Chamber, said "We are indeed pleased to be privileged to honor five young Texans such as these men who have, through their initiative, demonstrated that success in our free enterprise system is still available to those individuals who strive to achieve."

The five men will be honored at a banquet in Tyler Jan. 21. Allison, 29, has been executive vice president of the Midland Reporter-Telegram for 5 years, a period in which the newspaper has increased its circulation 40 per cent—built a \$750,000 building

which Allison largely designed, and won numerous national and state awards.

He was named outstanding young man of the year in Midland and received the Distinguished Service Award. He was also awarded the Outstanding Local President's Award by the Texas Junior Chamber of Commerce for his work as president of the Midland Jaycees in 1956-1959.

Although a newspaper administrator primarily, Allison writes editorials frequently and developed a new baseball box, now generally used by newspapers.

Active in many Midland civic organizations he is also president of the West Texas Press Association, a director of the Texas Press Association, a director of the First National Bank of Midland, and a director of the Midland Chamber of Commerce.

He is married and has one child.

Justice, 33, has won numerous awards and citations for enlightening, clearly-written articles on science and medicine.

One series of 17 stories on mentally retarded children focused the attention of the public and legislature on these children and was credited with helping obtain appropriations for their proper training.

Another series on the lack of hospital facilities for the mentally ill helped one Fort Worth hospital gain funds to add a complete floor for the care of such patients and another Fort Worth hospital to build a wing for its mental patients.

The Tarrant County Commissioners Court appointed Justice to the board of governors of the Tarrant County Hospital District in recognition of his work.

Justice's writing assignments have carried him to all parts of Texas and even to the South Pole. His writings have appeared in the Fort Worth Star Telegram and in national and medical magazines and in pamphlet form.

He is married and has two children.

Hardy, 31, general secretary of the Big Spring YMCA since Jan. 1, 1956, had increased the adult membership 50 per cent, the membership income 180 per cent, and supervised the building of a \$350,000 plant.

He has been president of the West Texas Chapter of the Association of YMCA Secretaries, president of the Southwest Area General Secretaries and is now a member of the recruiting and training committees. He also was instrumental in creating the Howard County juvenile board to deal with probation and rehabilitation of juvenile delinquents.

He is married and has three children.

Stewart, 35, a year ago was elected president of the First National Bank in Dallas, the 29th largest in the nation. He is a director of the Southwestern Life Insurance Co., Republic Insurance Co., Allied Finance Co., Dallas Hotel Co., and Gifford-Hill and Co. He is now president of the Cotton Bowl Council.

He is married and has two children.

Warburton, 34, is president of

the Coastal Bend Bar Association and a past president of the Alice Junior Chamber of Commerce.

In 1952 he became one of the leaders of the Freedom Party in Duval County and was active in gathering evidence in a fraudulent write-in campaign, theft of money from the Benavides School District and was attorney for taxpayers in obtaining injunctions against many practices in Duval County. He was an assistant attorney general in 1954-1955.

**PRICE OF PROGRESS**—A Snyder landmark for nearly half a century, the old First Methodist Church building completed in 1913 will yield to the march of progress soon as work on the new \$270,300 structure proceeds. Other church buildings listed in the 1960 \$2,512,568 in building permits issued by the city of Snyder include the Bethel Baptist Church, the East Side Church of Christ, and the Grace Lutheran Church now under construction in the Cogdell Memorial Hospital area. Only 3 other years have surpassed 1960's construction plans in the city.

## Village Sad, Angry About Fatal Blaze

NOYAN, Que. (AP)—This tiny Quebec village was both sad and angry today about the fire that killed Mrs. Abel Vosburgh and 11 of her 15 children.

A brother of the dead woman said the family lived in the wood shack built by her father "because no one would rent him a house with all those children."

"Everyone has lost someone," said the Rev. William Sellwood as he went around this village of 800 near the Vermont border spreading the news of Thursday's early morning tragedy.

"In a closely knit community like this, there are very few folk who are not related," he explained.

Pushing out of the ashes of the one-story shack were the frames of the four beds in which the victims were trapped. Six bodies were found in one bed.

Vosburgh was the only survivor of the fire that killed his 43-year-old wife and 11 children 6 months to 19 years old. Two of their other children are married and the other two were away.

## High Salary Not Enough

LOS ANGELES (AP)—John M. Frankenhimer, motion picture and TV director, says a man can earn \$3,750 a week and still be broke.

He told a Superior Court all-mother-child support hearing Thursday that the salary figure is deceptive. He pays \$7,000 monthly on current and past federal, New York and California income taxes, for instance, he said.

His estranged wife Carolyn wants \$3,372 monthly. Frankenhimer, 30, cited these among his expenses:

For moving 10,000 pounds of effects when Mrs. Frankenhimer insisted on joining him here, \$2,000; for rent of his New York apartment, \$700 a month; for rent of a Beverly Hills house she chose, \$1,000 a month; for rent of separate quarters for himself after they separated last October, \$550 a month.

The court ordered the director to give his wife \$500 to meet current bills.

ed to feed and clothe the growing population was cited as one example. Extension workers last year received about 10 million calls for assistance in insect control. Some 56,000 boys and girls enrolled in 4-H entomology projects receiving training the safe handling of pesticides.

On the home side, Extension workers continued to get more requests for help on family economics. They gave assistance on such problems as family budgeting, how to provide for financial security and when and how to use credit.

From 1953-58, there was a 125 per cent increase in the number of families adopting Extension recommended practices in family economics.

## Extension Service Agents Kept Busy During Past Year

County agents in Scurry County maintained a busy schedule which help set a record in the number of farm and urban families receiving assistance from the Cooperative Extension Service of the U.S. Department of Agriculture and land-grant colleges and universities.

As 1960 came to a close, the Extension Service reported that nationally more than 13 million people took advantage of the agency's "out-of-school" educational program to help solve farm, home and community problems. This was an increase of seven per cent, or about a million people, over the previous year.

In Scurry County, the county farm agent, Ruby Roach, and county home demonstration agent, Miss Ruby Butts, had an exceptionally active year.

The Scurry County Extension office logged 533 home visits, 1,121 office calls, 2,996 telephone calls, distributed 2,350 bulletins, released 89 news articles, put on 40 radio programs and supervised 206 4-H Club members who completed 672 projects.

In addition the Extension agents participated in 137 adult meetings, with an aggregate attendance of 9,765, and 89 4-H Club meetings, with an overall attendance of 3,475. Over the nation county agents estimated that they answered over eight million requests for assistance on problems related to agricultural production and marketing. Home economics workers helped almost 8.5 million families solve home and family living problems involving home management, foods, nutrition, housing, clothing and financial planning. Enrollment in 4-H Clubs reached 2,361,722. All figures are records, the service reported.

Demands from non-farm families for assistance in gardening, landscaping, consumer buying and related subjects continue to grow. Extension workers also assisted large numbers of farm cooperatives, agricultural supply and marketing, county and community groups.

Rural development—an inter-agency program for assisting low-income counties—received increased emphasis. The work centers on making fullest use of local resources and community and area improvement projects. The Extension Services helps bring together farmers, business and civic leaders and representatives of farm organiza-

tions and government agencies to work as a team and provides technical knowledge and educational skill for developing effective programs.

More families asked for Extension's help in acquiring managerial skills and knowledge to cope with today's agricultural problems. Farm and Home Development—an intensive educational effort which considers the farm and home as a unit—is being used in many states as an aid for solving the adjustment problems.

Consumers continued to benefit from Extension work. Their educational work on the proper use of agricultural chemicals to insure supplies of food and fiber required

## Census Pegs Farm Size

WASHINGTON (AP)—The size of the average Texas farm is 629.5 acres and the value of its land and buildings is \$48,349.

These facts were developed in the 1959 census of agriculture conducted in Texas last fall and published today by the Bureau of Census.

The bureau said total Texas land in farms is 142,923.05 acres. This land was divided into 227,054 farms, 137,499 of which were classed as commercial.

The average age of farm operators is 52.4 years and 45,025 farm operators were 65 years old or more.

Of Texas farm operators 116,733 owned their own farms, 59,212 owned part of the land and rented additional acreage and 49,164 were tenant farmers.

## Husband's Throat Cut To Save Life

CASPER, Wyo. (AP)—Mrs. Paul English of Calgary, Alberta, cut her husband's throat with a razor blade to save his life.

The incident occurred at the Linder Dam, 50 miles southwest of here, on Christmas Eve. It didn't become known until a Casper physician told it on Friday.

English was unable to breathe because of a flareup in an old throat injury. Before a physician could reach him, English instructed his wife how to open his throat with a razor blade so he could get air.

# Speakership Race May Delay Action

By ED OVERHOLSER  
AUSTIN (AP)—The tight race for the House speakership has cast an ominous shadow over the work of the Legislature this month. Most representatives particularly those in office one or more sessions, say the contest will slow organization of the House.

The race between Rep. James Turman and Spilman frequently has reached victory predictions. Both long ago mailed out committee preference cards to all members but say they have not yet promised anything to any one.

This race for speaker has reached ridiculous proportions and pressure has mounted to an unbelievable pitch," said Spilman, a McAllen lawyer.

The speaker has the same absolute authority in the house as the presiding officer in the Senate, the lieutenant governor. He names members of such key committees as appropriations, revenue and taxation and state affairs which control the flow of the most important bills to the floor for debate.

The speaker also will name the members to joint committees which will work out the details on such items as the new \$200 million plus tax bill and the \$2.5 billion spending bill.

The sharp, smoldering division between the pro-Carr forces and the pro-Burkert segment was a factor in the last Legislature's long months of indecision on spending and taxing.

As late as mid-July 1959, Carr, in a dramatic and unusual speech, challenged House members to kick him out if they wanted to. He then walked out of the chamber. Burkert ended the crisis by moving that a committee report Carr back to the stand.

The current speaker's race is unsettled, but reports say at least five candidates already are planning strategy for campaigns for speaker of the 58th Legislature in 1963.

Realizing the problems the Turman-Spilman race is causing, one house member, Rep. James Co-

ten of Weatherford, even suggested to Gov. Price Daniel that he call the House together in December to elect a speaker then so that committees could be set up before the 57th Legislature got down to business. Daniel said he did not think such a session would be legal.

A bogdown in the House obviously will hamper the Senate. The Senate also has no authority to consider a tax bill until the House sends one over.

Rep. Bill Dungan, replying to The Associated Press poll, indicated he is fed up with the present method of electing the speaker.

Dungan, of McKinney, said most members agree a change is needed. He proposed a constitutional amendment to permit House members to assemble 30 days after the general election to elect a speaker.

A special House committee made a similar recommendation two years ago.

Dungan would eliminate the unreliable pledge card system by which members agree in writing to support a particular candidate. On occasion some members have been known to give pledges to two candidates, confusing even the candidates.

The air of uncertainty will require an additional two weeks for organization of committees, Rep. Ronald Bridges of Corpus Christi estimates.

Some have called the race a conservative-liberal battle. Others deny it. Generally Turman and Spilman are considered middle of the roaders with Turman leaning to the liberal viewpoint and Spilman to the conservative philosophy.

Spilman, 35, headed the House's first General Investigating Committee which investigated the collapse of U. S. Trust and Guaranty Co. collapse. He headed another investigation committee which uncovered the naturopaths' illegal activities and was vice chairman of the group which probed the veterans land "frauds about five years ago, and Spilman were elected to fourth terms. Turman holds a doctor of philosophy degree in education and resigned last year as assistant to the president of Texas Woman's University at Denton.

**CONSTRUCTION CONTINUES** on U. S. Highway 84 through Scurry County the cost of which will be over \$5 million with county taxpayers paying only about \$200,000 of the 4-lane project. Above, maintainers prepare the road bed for the R5&P tracks 5 miles southeast of Snyder which will be moved over to make room for the extra two lanes under construction alongside the existing pavement. Among other paving projects in the county are the widening and paving of Thirty-seventh Street and the "rodeo road."

## Five Things Stand Out In Oil Industry's '60 History

By MAX B. SKELTON  
**HOUSTON (AP)**—Five things stand out in the 1960 history of the United States oil industry. Important oil dates of 1960:  
 Feb. 13—U.S. Dist. Judge Royce Savage dismissed at Tulsa, Okla., an anti-trust criminal charge alleging 29 oil companies conspired to raise, fix, and stabilize crude oil and gasoline prices.  
 May 31—The Supreme Court left a number of questions unanswered but wrote a major chapter in the 13-year-old tidelands dispute by specifying how the submerged lands belonging to Texas, Florida, Louisiana, Alabama, and Mississippi should be measured.  
 June 20—The Senate rejected 56-30 another proposal for a graduated reduction of the oil and gas industry's 27½ per cent depletion tax allowance.  
 June 29 and July 1—Cuban Premier Fidel Castro confiscated three refineries because the par-

ent companies—Standard Oil Co. (New Jersey), Royal Dutch-Shell, and Texaco—refused to process Russian crude.  
 Sept. 28—The Federal Power Commission, adopting an area approach for regulating wellhead gas prices, ruled that natural gas producers "cannot by any stretch of the imagination" be classified as traditional public utilities.  
 Oil executives considered Savage's ruling a significant victory. The motions for acquittal were approved without the oil companies being required to conduct a formal defense against the charges. Oil men hoped the ruling would end what they called an era of "legal harassment" and prompt federal authorities in the future to proceed more cautiously on anti-trust matters.  
 The tidelands ruling held that Gulf of Mexico submerged lands belonging to Texas and Florida should extend 10½ miles from the coast and areas belonging to Lou-

isiana, Alabama and Mississippi should extend three miles.  
 The ruling did not define a coastline. The court retained jurisdiction in the case until exact boundaries can be determined. Louisiana in late December was pressing for a new ruling that would give the state a tidelands belt much broader than three miles.  
 Senate efforts to reduce the depletion allowance have been defeated the past three years, another effort is expected in 1961, although some oilmen believe their strongest test under the new administration will not come until 1962.  
 The three refineries seized by Castro had a combined daily capacity for processing 83,500 barrels. Reports from Cuba indicated the plants were operating well below capacity.  
 The 12-year-old controversy over wellhead prices still is far from settled.
