SIX ARE BURNED IN OIL FIELD FIRES

Hoodlum Slain; Fear Gang War

"JOE THE BOSS" SHOT DOWN BY FOES IN ITALIAN CAFE

(By The Associated Press)

NEW YORK, April 16.—Guiseppe Masseria, otherwise "Joe the Boss," described by newspapers as an associate of Al Capone and by the police as "the biggest racketeer of them all," is dead from foe's bullets and the police feared there would be a gang war.

Five bullets were fired into the back of his head and shoulders while he sat thumbing a deck of cards in an obscure little Italian restaurant in Coney Island last evening.

Joe lived in Harlem and he was a long way from home when he arrived at Nuova Ville Tammaro in his steel-armored car with its inch-thick plate glass windows. It was uncertain whether he arrived alone or whether there were other customers in the place. The proprietor was out for a walk, the cook was in the kitchen, and neither knew a thing about it.

An hour after he arrived there was a volley of shots in the restaurant and an automobile pulled away from the curb.

Police found Joe in a pool of blood, a card table overturned, and the cards strewn over the floor. His car was still outside where he had parked it, and not a great distance away was a second automobile in which were found several sawed-off shot guns.

The fueds which "Joe the Boss" waged in New York have been so many, police said, that any one of a dozen enemies might have killed him. They said he was "bigger than Al Capone," and that he had a hand in "every racket known."

Twitty En Route To Prison "Death Row"

PAMPA, April 16 (AP)—Moncus Twitty, whose death sentence Governor Sterling yesterday refused to commute to life imprisonment, was en route to a cell in "death row" at Huntsville today, in custody of Sheriff Lon Blanscet.

Twitty, who was convicted last June 4 of criminally attacking a three-year-old girl, has been sentenced to die April 24 a week from tomorrow. When taken from the county jail last night he had not been informed of Governor Sterling's action in denying the plea of court officials and prominent local men that Twitty's sentence be commuted to life in prison because they believed his mentality was not above that of a child of ten or twelve years old.

TAX MEASURE IS PASSED

INHERITANCE BILL IS APPROVED TODAY BY TEXAS SENATE

(By The Associated Press)

AUSTIN, April 16. — The senate passed today a bill by Representative Petsch of Fredericksburg which proposed that unrelated persons sharing in the estate of others should pay an inheritance tax. Legacies to persons living outside the state also would be taxed.

As on other house bill days, the senate found its calendar crowded with bills of a local nature.

A resolution by Representative Johnson of Carrizo Springs, which proposed an amendment to the constitution to permit inauguration of new and lower rates in the redemption of lands or property sold at delinquent tax sales was passed. Persons seeking to redeem their lands or property might do so by adding 25 per cent to the delinquent tax sale price if repossessing the property within one year and 40 per cent if within two years under the Johnson plan. The present statutes require double the amount of the delinquent tax sale price in repossessing such property members of the senate explained.

LEAVES FOR PARIS

BRUSSELS, April 16, (AP)—Queen Elizabeth of Belgium left this morning for Paris to be with Queen Victoria of Spain, who arrived in the French capital today from Madrid.

When Words Fail Use Tear Gas

CHICAGO, April 16 (AP)—When words fail, Miss Peggy Costello, 20, believes in using tear gas.

She tried it yesterday when she attempted to get back from Timothy Cummings, a former suitor, a diamond ring she said he borrowed from her several months ago.

Appearing at the apartment Cummings shares with Jack Falk, Peggy released a cloud of tear gas from a trick fountain pen when Cummings declined to return the ring. Cummings cried. So did Falk. Peggy, also in tears, fled, but was seized by police.

Judge Leon Edelman, before whom she was arraigned, fined her $30, but she won her point when he ordered Cummings to return the ring.

CONVICTED

* * *

EVANSVILLE, Ind., April 16 (AP)—Convicted of accepting bribes for procuring postoffice appointments, Harry E. Rowbottom, below, former Indiana first district congressman, must serve a year and a day in Leavenworth federal penitentiary and pay a fine of $2,000.

INSANITY BILL MADE LAW BY STERLING

MEASURE WOULD BAN FREQUENT TRIALS OF CONDEMNED

AUSTIN, April 16. (AP)—Governor Sterling today signed several bills, one of which was designed to eliminate the frequent insanity trials of convicts condemned to death.

The bill would permit insanity affidavits to be made only by two physicians, a county health officer, the prison warden or physician, or the superintendent of a state hospital. It was offered by Senator Woodward of Coleman.

Would Fix Wage

Another bill would permit the fixing of a minimum wage of 30 cents an hour on all state jobs under contract. The bill was offered by Representative Howsley of Albany and Burns of Huntsville.

The governor affixed his signature to the bill permitting a greater latitude in the investment of the permanent oil royalty fund of the University of Texas and A. and M. The bill will permit the two institutions to speed up their building programs and obtain greater interest returns on their investments.

Another measure signed by the governor will allow county road machinery to be used in farm terracing work. Still another directs the highway commission to clear up rights of way of grass and cockle burrs.

Kent Faces Trial In Slaying Today

BAIRD, April 16 (AP)—First testimony was awaited today at the trial of Jerry Kent, 19, for the ambush slaying of Bob Ensor, Cross Plains farmer and the great-uncle of the defendant. A jury was completed yesterday after the first venire of 80 men had been exhausted and another of 35 had to be called.

Ensor was struck down with a load of buckshot as he was opening the gate to a field on his farm near Cross Plains, March 27.

Oklahoma City Man Crushed By Train

AMARILLO, April 16 (AP)—Bill Haggwood, 20, of Oklahoma City, died in an Amarillo hospital today from injuries sustained shortly before midnight when he fell between moving freight cars on the Rock Island sixteen miles east of Amarillo. His right leg was amputated just above the knee and attendants said he died from loss of blood.

The youth was en route to his home in Oklahoma City, according to Victor Anders, a brother-in-law, who also was on the train. The train stopped and members of the crew rendered first aid.

Condemned Indian Turns On His Brother

HEMBREE WILL DIE TONIGHT IN CHAIR

GIVES STATEMENT TO MOTHER ON EVE OF ELECTROCUTION

(By The Associated Press)

McALESTER, Okla. April 16.—A few hours before he is scheduled to die in the electric chair, E. S. (Choc) Hembree, 34 year old Choctaw Indian, turned bitterly on his younger brother, with whom he was convicted of the shooting and criminal attack of a Loco, Okla., school teacher.

"You'll get worse than I got," read a statement left by the doomed man with his mother. A. Y. Hembree, 24, the brother, is sentenced to serve 25 years in prison.

Free on Bond

Free on $25,000 appeal bond, the younger Hembree was in McAlester today with other relatives of the man condemned to death at state's prison shortly after midnight.

The mother said she "maybe" would reveal the entire contents of the statement "afterward." She refused to take sides in the rift between the brothers.

"A. Y. had lots of illness," she said.

Hembree's father told newspapermen that "A. Y. let Choc take the raps."

"The lawyers kept saying it was best," he added.

Remains Calm

"Choc" meanwhile ate heavily in his cell almost within sight of the death chair. He maintained calm, at times whistling as he paced the floor.

The last year is not the first time he has seen the inside of a prison. He was convicted of murder at Antlers some years ago, only to be freed by a pardon from J. C. (Jack) Walton, then governor.

A. Y., too, has been in prison before. He served a five year term at the Granite, Okla., reformatory for automobile theft in 1923.

Both men were sentenced last July at Duncan, after a jury found

EXTRA SESSION IS DEMANDED

WALSH AND NYE URGE CONSIDERATION OF TWO PROBLEMS

(By The Associated Press)

WASHINGTON, April 16.—Renewed insistence upon an extra session of congress to deal with unemployment and agricultural distress came today from Senators Walsh, Democrat, Montana, and Nye, Republican, North Dakota. Administration leaders maintained their opposition.

"Congress should be here," Nye said, "to provide means for the federal farm board to function during the coming crop year or we will face the gravest emergency in the history of our country next fall.

"And congress should be here devoting itself to the unemployment problem, which continues as serious as it was last winter."

Walsh said he believed a special session was urgently needed because of "grave problems confronting our nation which should be dealt with now."

Republican Leader Watson of the senate said he was opposed to a special assembly. Adjournment of congress, he said, brought a "favorable psychological reaction" which would be lost if congress returned.

CHILD IMPROVES

The condition of Elwin Ellison, five-year-old son of Mr. and Mrs. Robert L. Ellison, 2115 Twenty-first street, who was knocked down by an ice truck Tuesday morning, was reported as improved by his mother this morning. The little boy is suffering of bruises and nervous shock and X-ray pictures revealed that no bones were broken.

ALFONSO WANTS RECALL

STERLING HEAD OF OIL, GAS COMMITTEE

FIRST MEETING HELD TODAY BY NEWLY FORMED GROUP

(By The Associated Press)

AUSTIN, April 16.—Holding their first meeting this morning, members of the newly created Texas oil, gas and natural resources conservation committee elected Governor Ross S. Sterling chairman.

C. V. Terrell, chairman of the railroad commission, was named vice chairman, and Representative Howsley of Albany was selected secretary. While the meeting was for the purpose of organization, members drew two resolutions and adopted them before recessing subject to call of the chairman.

Advised of Work

In the first, the governors, the chairmen of the railroad commissions and the legislative committees of Oklahoma, Kansas, Louisiana, Arkansas, California, New Mexico and Wyoming were advised of Texas' proposed work and were asked to send representatives to a meeting of the committees here May 4.

The second stated it would require the presence of nine of the 12 members of the committee to constitute a quorum.

The meeting also had its tiff. Representative Lassiter of Henderson proposed to invite Cicero I. Murray of Oklahoma to the meeting, whereupon Senator Pollard of Tyler protested. Lassiter withdrew his motion. Pollard said he was opposed to inviting any individual beyond the membership of the committee.

JONES FREED ON BOND IN FORGERY

Having appealed a five-year penitentiary sentenced imposed upon him by a Seventy-second district court jury for forgery, R. L. Jones, of Lubbock this morning was freed on appeal bond of $2,000.

Jones was charged with signing his name to American Express company traveler's checks identified as among those stolen in the holdup of a bank at Cyril, Okla., January 7. The defendant contended that he had obtained the checks in a gambling house.

Glen Marshall and Charles Allen, who were identified as participants in the daylight bank robbery, and Jones were arrested at midnight February 12 at a Lubbock county farm house.

Curtis Ivey, subsequently arrested at Amherst, was taken to Van Horn, Culberson county, for trial on charges of forging traveler's checks also identified as from the Cyril bank loot. He later was reported to be in an El Paso jail awaiting disposition of his case.

Eight Thousand Are Isolated By Fever

CATTERICK, Yorkshire, Eng., April 16 (AP)—The eight thousand soldiers at Catterick camp have been isolated as a consequence of an outbreak of spotted fever. Two soldiers have died.

Great precautions have been taken to prevent spread of the dread malady and authorities today were confident they have it under control.

Divorce Looms For Estelle And Jack

HOLLYWOOD, Calif., April 16 (AP)—Divorce proceeding seemingly inevitable and the seconds named, all that remained today for the staging of the court battle between Estelle Taylor of the movies and Jack Dempsey, former world's heavyweight fistic champion, was the fixing of the time and place.

Miss Taylor accepted Dempsey's recent challenge from Reno when her attorney, Joseph Scott, last night telegraphed her husband's lawyer, Robert E. Burns, that she was prepared to file suit in Los Angeles. The former titleholder had announced he was establishing residence in Nevada with a similar idea.

PANTAGES AND FOUR OTHERS TO FACE TRIAL CHARGED WITH SUBJECTING OF YOUNG GIRLS TO IMMORALITY ACTS

* * *

(By Associated Press)

SAN DIEGO, Calif., April 16—Alexander Pantages and four codefendants were held today for trial in superior court on charges that they had subjected girls of high school age to acts of immorality.

A justice court yesterday ordered the wealthy theater owner and his alleged associates tried after hearing the testimony of Miss Lydia Nitto and Miss Helen Livingston.

The decision marked the second time within 18 months Pantages has been held for trial because of alleged crimes against young women. In October, 1928, he was convicted in Los Angeles of assaulting Eunice Pringle, 19-year-old dancer. He has been granted a new trial and is at liberty under bond of $100,000.

A year after his trial in Los Angeles, he was alleged in complaints filed here to have participated in a party at a fashionable San Diego hotel in which Miss Nitto and Miss Livingston allegedly were procured through a "vice bazaar."

John P. Mills and Jesse Shreve, former business associates of Pantages, were alleged to have attended the party with him and will be tried at the same time. William Jobelmann, Pantages' former press agent, and Mrs. Olive Clark Day, accused of supplying the girls, complete the list of defendants. The defense offered no witnesses.

Girl Prisoners Stage Jail Riot

FIVE OFFICERS AND FIREMEN HURT IN MUTINY TODAY

(By The Associated Press)

LUMBERTON, N. C., April 16.—Five officers and firemen were injured in quieting six girl prisoners, who early today spread terror in the Robeson county jail for an hour. The girls tore down electric light fixtures and broke out window panes after setting their bunks afire.

They attacked the jailer, cutting one of his fingers almost off and slashing his face with glass. Firemen and other officers were attacked similarly.

Finally the insurgents were overcome and locked in new cells, containing no furniture.

The girls had been brought to the jail and charged with arson three weeks ago after a dormitory at Samarcand, state school for delinquent girls was burned. They had been inmates of the school.

Who Said That A Woman Couldn't Keep A Secret

HOLLYWOOD, Calif., April 16 (AP)—Those who contend a woman can't keep a secret found support for the theory today in a revelation by Helen Twelvetrees, film actress, that she had been married three weeks without telling anyone about it.

Helen Twelvetrees

The actress wore her wedding ring to the studio yesterday and the secret that she was married in Reno, Nev., to Frank Woody, Hollywood real estate broker, was out. They had just returned from a honeymoon in northern California.

This is Miss Twelvetrees' second marriage. Her divorce from Clark Twelvetrees on charges of cruelty was granted March 26, 1930, becoming final March 31 last.

King Of Siam Ill On Board Of Ship

VICTORIA, B. C., April 16 (AP)—The King of Siam, an absolute monarch, but also a sick man trying to get well, will arrive here tomorrow with his consort, Queen Rambhai, aboard the liner Empress of Japan.

Scout Director To Be Visitor Here

Gunnar H. Berg, director of volunteer training for the national Boy Scout council of New York City, will be in Lubbock next Wednesday, according to D. T. Jennings South Plains Area council executive.

While here, Berg and area scout representatives probably will confer with authorities at Texas Technological college relative to establishment at the school of a scout leaders training course for which college-credit would be received.

Columbia university and some other educational institutions already offer such courses. A standard 12-session training school is underway here under direction of Executive Jennings, and a similar school was opened this week at Lamesa.

LUBBOCK FIREMEN WILL NOT ATTEND COURSE UNLESS MOVE IS AUTHORIZED

The Lubbock fire department will not be represented at a fireman's training school to be conducted at Texas A. & M. college, April 27 to 29, unless the move is authorized by the City commission.

Fire Chief W. E. Twitty indicated that much this morning, and added that the Lubbock department was delinquent in membership in both national and regional fire-fighting organizations. The fire chief said he had mentioned the approaching school to city officials, but that no action had been taken in that connection, so far as he knew.

J. W. DeWeese, state fire insurance commissioner, estimated firemen from 150 cities and towns would attend the school, basing his prediction on the number of letters received from officials.

Discussing the training school, DeWeese said fire fighting had developed into a profession, due to the innumerable hazardous

MAURICE DUMESNIL IN LAST ARTIST COURSE NUMBER IS AT TECH TONIGHT

Final concert of the Technological college Artists course will be presented by Maurice Dumesnil, French pianist, at 8:15 o'clock tonight in the college gymnasium.

Dumesnil made his orchestra debut in Paris in 1908, after receiving the major part of his musical education from the Paris conservatoire and the Hungarian composer, Emmanuel Moor.

Following his orchestra debut, Dumesnil made appearances in Switzerland, Holland, Germany, Belgium, Italy and Spain.

The French pianist has spent three seasons in South America. He gave 158 recitals in Argentina, Brazil, Uruguay, Chile and Mexico, in addition to appearing as an orchestra conductor.

A teacher as well as player and conductor, Dumesnil has established a reputation for his classes in Paris and in the Horner conservatory of music at Kansas City.

ONE DEAD AND TWO INJURED AT KILGORE

THREE ARE CRITICALLY BURNED IN BLASTS NEAR WICHITA

(By The Associated Press)

KILGORE, April 16.—One man was burned to death and two others may die of burns received when a battery of oil tanks at the Humble company camp near here were destroyed early today.

Joe Lamb, 25, is dead, and M. J. Pendleton, 35, and a man named Pettaway, were seriously burned.

Lamb's father, who stood helpless and watched the flames burn his son, was taken to a hospital, prostrated from the experience.

The oil tanks were ignited by backfire from an automobile, which set off a gas pocket.

The Lambs were believed to have come here recently from Smackover, Ark. It was not known whether any of the men were married.

Joe Lamb's body was burned beyond recognition. Pendleton and Pettaway were treated at a funeral home here, then were taken to a hospital at Henderson.

Mrs. R. L. Lamb, of Houston, the youth's mother, arrived here at 10:30 a. m. without having been advised of her son's death. He also is survived by two brothers, James E., and John S. Lamb.

Humble Oil company employes said the fire was confined to a gas pocket near a group of three tanks at the Humble-Crim No. 3 well. The tanks were not ignited.

THREE BURNED

WICHITA FALLS, April 16. (AP)—Clarence R. Walker, Robert K. Krull, and Jim A. Horne, employes of the Panhandle Refining company here, were critically burned Thursday morning in a series of explosions at the Dubbs cracking plant at the refinery, and a fourth man, Lawrence Woerthely was slightly injured.

Firemen were making only slight headway with the flames that leaped 50 to 60 feet into the air from the cracking plant. Little hope was held for the three more seriously injured men, who were in a local hospital.

SPANISH KING WILL REJOIN HIS FAMILY

ABANDONED THRONE TO AVERT CIVIL WAR, DUKE STATES

(By The Associated Press)

MARSEILLES, France, April 16.—Still hopeful of a recall by his people, Alfonso XIII was speeding to Paris today to rejoin his family and to await the "decision" of the forth-coming June elections.

The Duke of Miranda, speaking for the exiled monarch, declared Alfonso had not abdicated the Spanish throne but had merely abandoned power to avoid civil war.

To Remain Aloof

"King Alfonso awaits the forthcoming elections in June to settle the fate of the country. He will remain aloof until the people have decided the form of government they wish and then will abide by their decision," he said.

"Believe me, it takes more courage to act as I have than to charge at the head of a squadron," said Alfonso just before leaving Marseilles for the French capital.

At the station it was necessary to avoid the main entrance because of the crowds and the royal party entered through a freight yard. Police had to open up a narrow avenue through the crowd so the king could reach his coach.

He smiled in response to loud cheering and seemed about to make a speech in reply when the train started away.

SPAIN BACK TO WORK AFTER CELEBRATING

MADRID, April 16. (AP)—Spain settled down today and went back to work after a prolonged and little

(Turn to Page 9, Column 3, Please)

Floydada, Slaton To Be In Pageant

Floyadda and Slaton announced Wednesday the identity of the young women who will represent them in a pageant which will be presented here as a part of the convention program of the West Texas Chamber of Commerce.

Miss Marie Strange will represent Floydada and Miss Bettie Pack will represent Slaton. Both will be costumed for the French period in Texas history, which will be portrayed by the pageant, "The Spirit of Progress." The pageant was written and will be directed by Miss D'Laural Beville of Texas Technological college.

"The Spirit of Progress" will be presented at the college athletic field the night of May 15, the second night of the three-day convention.

Abandon Effort To Override Pro Veto

SPRINGFIELD, Ill., April 16 (AP)—Abandoning efforts to override the veto of Gov. L. L. Emmerson on the state prohibition repeal bill, 100 self-styled "liberals" of the lower house of the general assembly today confined themselves to plans for investigating the veto.

Representative Harry McCaskin, republican of Rock Island, was empowered to prepare a resolution calling for the appointment of a house committee of five to carry on the inquiry — especially into a charge made in the senate by Senator Monroe, Democrat of Collinville, who said the governor was spending $4,000 to send out 168,000 copies of his veto message to citizens.

Crew Escapes When Fishing Boat Burns

SAN PEDRO, Calif., April 16 (AP)—Radio messages received last night described the burning of the Lisboa, 74-foot fishing boat off Magdalena Point, 600 miles south of here, and the escape of her crew of 14.

The messages were sent by the master of the Atlantic, another fishing boat, which was nearby. The fire aboard the Lisboa was started by the backfiring of her engines, the message said.

BANDITS FLEE FROM TOWN

MARINE CORPS FLIERS DROP BOMBS OVER LOOTED VILLAGE

(By The Associated Press)

PUERTO CABEZAS, Nicaragua, April 16.—Nicaraguan insurgents, after attacking and capturing Cabo Gracias a Dios in the extreme northeastern corner of their country, were believed today to have fled from the village, looting it of a large quantity of stores.

Marine corps aviators, made suspicious by silence of the radio station there, flew over Cabo Gracias a Dios yesterday and were fired upon. They dropped fourteen bombs but could not determine the number of casualties. They said the insurgents appeared to be shoving off in a number of small boats loaded with loot.

The insurgents attacked the little town at 2 a. m. yesterday and at least one of the Americans there, the tropical radio manager, Albert C. Lester, a native of Texas escaped to Puerto Cabezas. Some other American residents include Albert and Edwin Pagot of New Orleans, and William J. Green of Allegheny, Pa., of whom no information has been received here.

MEXICAN CHARGED

A charge of aggravated assault was filed in county court Wednesday against Paul Riviera, a Mexican, whom county officers said was accused of mistreating a Mexican girl.

Big Hearted Was Jail Turn Key

HILLSBORO, Ill., April 16 (AP)—A big hearted fellow is James Ward, 65, who is or rather was the turn key of the county jail.

"We would like," said one of two prisoners in the jail, "to get out to go on an errand in our car."

After complying with their request for freedom, Ward noticed they were having trouble getting their automobile started so he helped them by giving it a push. That was the last he or other county officials saw of them.

A sheriff's posse is looking for the men, E. V. Poole and Maurice Dacons. They had been jailed on a charge of receiving stolen property.

Ward resigned.

Lubbock Will Be Meeting Place For El Paso Presbyterial In 1932

Mrs. J. A. Pressley Is Reelected Head Of District Society Of Presbyterians

Lubbock was chosen as the meeting place for the El Paso Presbyterial during April in 1932 in the final session of the current year which was at the First Presbyterian church in Big Spring this week.

The twenty-sixth annual meeting convened Monday and closed Wednesday at noon. Mrs. J. A. Pressley of this city, was re-elected president of the Presbyterial and Mrs. J. B. McCall, of El Paso, is recording secretary. Mrs. Joe Wilson will continue in her position as treasurer, since that office is of two year's duration. She is of Lubbock also.

Local Man Talks

Mrs. Pressley presided for the executive session which preceded the opening assembly Monday evening. High points in the sessions included an address on "The Importance of Auxiliary Work in the Presbyterian Church" made by Mrs. George Sprague, of Dallas. Dr. Jack M. Lewis, pastor of the First Presbyterian church, talked Tuesday evening on "Home Missions."

Men-of-the-Church in Big Spring were hosts with a banquet Tuesday at noon and in the afternoon Mrs. T. S. Currie entertained with a tea in her home. A luncheon was served the delegates at a Big Spring hotel Wednesday.

There was an attendance of slightly over 100 delegates at the Presbyterial.

In addition to Mrs. Pressley, Mrs. Wilson, and Dr. Lewis, who went from here, Mrs. R. D. Moxley, president of the Lubbock Presbyterian Woman's auxiliary, and Mrs. O. K. Peters, who was a delegate, were in attendance at the meeting.

Doctor Myers' Daily Column On Child Welfare

DR. MYERS

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

PARTIALITY

A LITTLE while ago I spoke before the teachers of the public schools of Barberton, O., on "Building Personality in Pupils." At the close of the talk the school superintendent, my old friend U. L. Light, handed me a reprint of his research entitled, "High School Pupils Rate Teacher," which appeared in the School Review, January, 1930.

The rating sheet, or blanks, which the pupils filled out, read as follows:

"Below are some questions about your teachers which you are asked to answer frankly and honestly. These questions apply only to those teachers in whose classes you have taken work.

"1. Rank the teachers whose classes you have attended, putting the one you consider best first; the poorest last.

"2. What qualities, in your judgment, should a good teacher possess?

"3. What qualities, in your judgment, make a teacher poor?"

The pupil did not sign his name.

* * *

Good disposition, kindness, patience, cheerfulness, controls temper, were given highest rating by the pupils. Next in order were: Impartiality, ability to explain clearly, discipline, knowledge of subject, fair in marking, sense of humor, helps pupil out of class, understands high school boys and girls, knows how to interest pupils, honest in all her dealings.

The first six traits were named about three times as often as "knowledge of subject."

These data show, as I pointed out in an earlier column, that pupils are most concerned about the human qualities of the teacher, those qualities least emphasized by schools of education, text-books, and school officials.

Of qualities of teachers which make them poor, the pupils named foremost in order the following: Partiality, unpleasant disposition, quick temper, lack of discipline, poor explanation, lack of knowledge, lack of humor, indefinite assignments, talks too much, nags pupils. Notice that partiality is named first, whereas impartiality also ranked near the top of the other list. Adolescents are exceedingly sensitive in regard to fairness and justice. Emotional control and those human qualities which relate to personal attractiveness also excel.

* * *

Here are some sample statements by pupils:

"Poor teacher—A swell head, bulldog bark, bum pronunciation of words, overbearing manner, marks low out of mere spite, marks on conduct and agreement with his views on debatable subjects.

"A good teacher should possess personality; he should be a good example for the pupils; he should know what he is talking about and be able to explain the necessary points satisfactorily. He should endure some whispering or talking, for we are human, not machines."

Similar published studies extended to elementary school children have revealed the same general facts. They ought to do some good.

The author notes: "The teachers were told that if they were interested in looking over the results of the pupils' rating, they could do so. Several with the lowest ratings accepted the verdict and began to look for positions elsewhere."

Bob Crumps At Home To Friends

Mr. and Mrs. Bob Crump entertained several of their friends with a buffet supper in their Shallowater home Wednesday evening.

Those who were present were Misses Margaret Mallard, Bernice O'Neal, Mabel Eubank, Mattie Randolph, Ruth McCormick, Mamie and Katie Bell Crump, Mesdames J. W. Baze, J. J. Sheiser, Lena McElroy, C. E. Moreman, S. D. Buchanan, F. T. Dysart, Leroy T. Patton, R. A. Barclay, W. D. Crump and John P. Crump.

LOCALS

Mrs. G. E. McCelvey, Jr., 2002 17th street, is in Temple for a month's visit.

Dr. and Mrs. D. T. Mitchell, of Ralls, are visiting friends in Lubbock today.

Allene and Georgia Bassent, 1626 7th street, are recuperating from tonsilectomies.

Ernest McEachern, of Flagstaff, Ariz., and his sister, Mrs. H. N. Turner, of Mesa, Ariz., who have been visiting their parents, Mr. and Mrs. A. W. McEachern, 1920 Avenue M, returned to their homes Wednesday afternoon. Mr. McEachern is with the J. C. Penney company in Flagstaff, having been transferred there when the Ellis building burned last August.

Miss Dorothy Oxsheer, Tech student from Big Spring, has withdrawn from college.

Mr. and Mrs. W. E. McClendon, 1712 Avenue N, are visiting in El Reno, Okla., as the guest of their son, O. E. McClendon and family and other relatives.

Word has been received from Mr. and Mrs. N. L. Peters, who are in El Paso, that they will return to Lubbock Friday. They have also visited in New Mexico this week.

Akipsia Girls Are To Attend Theatre

Meeting in the home of Nathalie Fulton, 1712 Avenue O, members of the Akipsia Camp Fire group are to attend a theater party Saturday evening at 6:30 o'clock.

Plans for the party and for a work meeting on Saturday were made Wednesday afternoon when the group met with the guardian, Miss Elizabeth Conner. Talks were made by Maxine Burrus, Kathryn Davies and Lucile Carmack.

Others at the meeting were Maxine Hensley, Lorena Odom, Beth Holland, Voncile Shelby, Christine Smith, Luella Benson, Marguerite Powers and Elva Laura Hall.

The meeting date has been changed from Tuesday afternoons to Wednesdays.

Cunninghams Are Hosts With Party

Dr. and Mrs. A. B. Cunningham, 2601 21st street, were hosts at a seven o'clock dinner in their home Wednesday evening honoring Mrs. John C. Bishop, of Gainesville, Fla. Mrs. Bishop arrived last Saturday for a visit here as the guest of her daughter, Mrs. R. C. Goodwin, and Dr. Goodwin.

After the dinner, the guests played a series of hands of bridge. E. L. Dohoney made high score for men guests and Mrs. Bishop made high score for women.

Other guests were Mrs. Dohoney, Dr. and Mrs. Goodwin, Mr. and Mrs. R. A. Mills, Mr. and Mrs. W. H. Bledsoe, Dr. and Mrs. A. L. Strout.

Shepherds Are Hosts With Party

Boys in the First Baptist Sunday school class taught by M. L. Shepherd and several of their friends attended a party in Mr. and Mrs. Shepherd's home at 1605 15th street Tuesday evening. Games of hearts were played.

Those who attended were Misses Etolle McKee, Mayme Arnold, Margaret Bruckner, Mary Alexander, Grace LaRue Emerson, Mary Elizabeth Cammack, Elaine Henry, Ruth Carmichael and Truman Green, Noble James, Austin Davis, Worth Gamel, Russell Wilkinson, Jimmie Knight, Hollis Payne, Cherrie Foster, Sam Henry, Rex Boozer, A. C. Sanders, Jr., Ray Jackson, Carroll McCasland, Ovid Brock and Roger Eaton.

Mrs. Albert Fryar Is Club Hostess

Mrs. Albert Fryar entertained Lucky 13 club members in her home at 2401 21st street Wednesday afternoon. The time was spent in needlework and a refreshment plate was passed to Mesdames E. F. Alford, R. O. Short, A. K. O'Kelley, Allan Hill, Burton S. Burks, L. L. Kelso, Roy Furr, R. E. Dick, Sidney Oglesbee and S. M. Reed. Mrs. Joe Telford was a guest.

INDICTMENT DISMISSED

BIG SPRING, April 16 (AP)—An indictment against D. E. Forehand, former Garden City school superintendent, charging embezzlement of school funds, was dismissed in Glasscock county district court.

Dr. and Mrs. M. H. Snow, of Abilen, are visitors in Lubbock today.

New Face Powder Is All the Rage

That lovely, natural bloom of youth! Find it in MELLO-GLO. Purest, smoothest face powder known. New French process makes it stay on longer. Coloring approved by United States government, blends perfectly with any complexion. No flaky or pasty look. No ugly shine. MELLO-GLO prevents large pores, never irritates skin. John Halsey Drug.—Adv.

Delegates Return From Annual Spring Meeting Of District Federated Clubs

Delegates who returned last night from Memphis where they attended the spring meeting of the seventh district, Texas Federation of Women's clubs, were enthusiastically discussing the conference this morning.

Those who have attended other conventions designated the Memphis meeting as an outstanding one for the district and praised women of that city for their hospitality. There were about three hundred women at the meeting.

Canadian was selected yesterday as the convention city for 1932 and Mrs. C. T. Hunkapiller, Pampa, was elected president to succeed Mrs. J. T. Whitmore, of Snyder. Mrs. J. A. Hill, Canyon, was elected first vice-president with Mrs. Q. S. Barrett of Childress as second vice-president and Dr. E. Tiedmann Hicks of Pampa as secretary-treasurer.

Miss Dysart Speaks

Among the speakers at the Wednesday session were Mrs. J. E. Griggs of Amarillo and formerly of Lubbock and Miss Bonnie K. Dysart of the education faculty at Texas Technological college.

Lubbock women who attended the convention were Mesdames O. R. Copeland, W. W. Royalty, George Smallwood, S. B. Haynes, C. B. Powell, J. V. Comer, and G. H. Ater. Mrs. W. R. Lovett of Slaton went with the Lubbock women.

Many women who were at the spring convention said they were coming to Lubbock to the state meeting this fall, according to the local delegates.

Mrs. H. L. Cain, 2424 20th street, underwent an operation for the removal of her tonsils at the Lubbock sanitarium Wednesday.

J. B. McCauley and Erle Thompson left yesterday for San Angelo on a business trip. They expect to return to Lubbock Saturday.

New Beauty for Your Hair

You can add new lustre and beauty to your hair by using a few drops of Martha Lee Brilliantine daily. It gives the hair a soft, natural gloss. Helps keep waves in place. Try a bottle.

Carlisle Club Women Entertain Others

Various fun-provoking games and contests were entered into and readings and musical numbers were heard when women in the Wolffarth Home Demonstration club were guests of the Carlisle club Tuesday afternoon in the home of Mrs. F. F. Revier.

Members of the Carlisle 4-H girls club appeared in several of the numbers. A feature of the entertainment was a group of selections by an orchestra using kitchen utensils for instruments.

Twelve members and one visitor were in attendance from Wolffarth; 22 members of the Carlisle club were present, and nine members and eight visitors of the 4-H club were in attendance. Three new members were enrolled in the Carlisle club in a short business session that followed the program.

Mrs. T. L. Biggs Has Club Party

Mrs. T. L. Biggs, 1804 Avenue N, entertained for members and guests of L'Aiquillee club in her home Wednesday afternoon. Mrs. Dee Puckett, Mrs. S. Hayworth and Mrs. J. F. Leach were special guests.

Members present included Mesdames H. A. Weimaker, H. T. Wilkins, V. O. Jennings and Imogene Pace.

At the close of the afternoon, guests were invited into the dining room where they were served light refreshments.

Colds Checked

By modern vaporizing ointment—Just rub on

VICKS VAPORUB

OVER 17 MILLION JARS USED YEARLY

TRUE TO THE COLORS

CAREFUL housewives say it's a shame the way gingham and cotton prints are often washed in scalding water. No wonder colors and freshness fade! . . . But perhaps you think you can't get things clean any other way.

Then change to White King! Made from fine vegetable and nut oils, White King Granulated Soap will form quick, creamy suds, will cleanse thoroughly, and will swiftly rinse away in the *lukewarm* water that preserves the life and color of delicate fabrics. White King is *pure*. That's the reason. And the same purity makes it effective for dishes and heavy washing too.

White King is economical. You'll only need a teaspoonful in the wash basin, a cupful in the washing machine, even in hard water. Try it—*today*. Recommended by your dealer.

College Club Women Entertain Friends

About 25 couples were present for a dance given by members of Les Cigales club at the Country club Tuesday evening. The young women and their escorts went to the club grounds early in the evening and enjoyed a picnic supper and the others came for several hours of dancing. A negro orchestra played.

Mr. and Mrs. Walter Myrick, jr., and Mrs. Hub Jones were special guests. Les Cigales is a club composed of Texas Technological college girls.

Miss Edna Ellis, of Hereford, is visiting here as the guest of her sister, Mrs. Fletcher Eubanks.

Kongenial Klan Is At Fete Wednesday

Members of the Kongenial Klan were entertained by Mesdames W. K. Ames and W. D. Lawson in the home of Mrs. L. D. Rankin, 1507 Avenue N, Wednesday. Needlework was the diversion of the afternoon.

Those who attended were Mesdames R. B. Smith, W. W. Campbell, Della Chase, G. B. Walden, W. O. Lockwood, T. G. Bates, A. B. Ellis, George R. Bean, W. C. Rylander, Horace Scott, M. H. Sneed, P. B. Penney, Rankin and R. C. Odom.

Rev. Hamilton Wright, of Sparenburg, is visiting in Lubbock today.

Watch For Your Name; Free Lubrication Job!

Mr. F. B. Caylor, bring your car to Beacon Master Service, 12th St. and Ave. L, or phone 2000 and we will come and get your car. You have a FREE Firestone specialized lubrication job coming any time you want it. It is the best and most complete you can get any where. We don't have to prove it—the job itself will prove it.

1st. We use 7 different lubricants. 2nd. We follow car manufacture's recommendation to the letter, using charts to check all points. 3rd. We do not get grease on steering wheel, door handles or upholstery 4th. We always check wheels, universal, transmission and differential. 5th. We lubricate all parts requiring it—generator, distributor, horn, clutch throwout bearing, etc. We use spray gun and special penetrating oil for springs, 7th. We flush gear case in replacing grease. 8th. We lubricate hinges, lacings and fastenings. 9th. We will free frozen shackles or fittings 10th. We do not use high pressure gun on parts where damage can be done—universal, wheel bearings, etc 11th. Your job is free if we miss a single cup.—Adv.

No time *to take chances*

Read this before you take a substitute for Kotex

STOP and think before accepting a so-called substitute for Kotex! Who made it? Where? Under what conditions? How do you know it's fit for this intimate hygienic purpose?

Surface resemblance to Kotex is not enough. Demand the purity of Kotex. Accept nothing less. Your health is involved. You can't afford to risk health for the few pennies you may save by accepting a questionable substitute of whose makers you know nothing.

Kotex is a hospital product. Hospitals used more than 10 million pads last year. Kotex is scientifically made of Cellucotton (not cotton) absorbent wadding.

In addition, Kotex offers every comfort. It is skilfully shaped. Treated to deodorize. Amazingly soft—and the softness *lasts*.

LOCAL MEN ARE BEING HIRED

SEVENTY PER CENT OF ROAD WORKERS ARE LUBBOCK MEN

Lubbock men comprise 70 per cent of the employes of the Interstate Construction company engaged in paving state highway No. 9 north of Lubbock, according to H. L. Schwalbe, president of the company.

"We have 84 men on the job and of these, 21 are skilled men that I have had with me for years," he said. The others, 63 in number, are all local men, living here in Lubbock.

Have Own Drivers

"I own ten trucks and have my own drivers for these trucks. I have hired ten local trucks, with local drivers. These are in addition to the 84 men who are doing the work of pouring cement.

"My books and records are open to inspection by any one qualified to make an inspection to see if I am employing more local men than out of town men."

Some Complaints

Mr. Schwalbe explained that he understood some complaints had been made to the county commissioners court and to the state highway department that he was not employing many local men. "I am in sympathy with the ruling of the state highway department that on all highway contracts as many local men be employed as possible," he added. "I am trying to do that as much as I can and I believe I am working as many, if not more, local men than any other contractor on a state highway in Texas."

Besides the men engaged on the out of door work, there are three office men in the town office, 1218 1-2 Avenue H. One of these is a local man.

Some Are Negroes

Some of the men working behind the machines are negroes. Mr. Schwalbe explained that it was almost impossible to secure white men for some of this cement work. Therefore it is necessary to get men to stand the physical strain of this type of heavy manual labor.

"One of my men has been with me for 12 years," the contractor said. "The others have been with me from three to seven years. I know them and what they can do and they know me and I find I can get much better work by using trained, experienced men for the more technical jobs of paving."

Mr. Schwalbe explained that since he had come to Lubbock he had found the South Plains such a delightful place in which to live that he is contemplating the moving of his family here as soon as he can. "I can hardly wait until I get them here," he said. "I like this country, it is high but not too high, and dry, and just the best place I ever saw."

It is expected that the job of pouring concrete on the highway will not be completed until about October 1.

There May be Poison in YOUR Bowels!

STEP out tomorrow morning with the fresh buoyancy and briskness that comes from a clean intestinal tract. Syrup Pepsin—**a doctor's prescription for the bowels**—will help you do this. The compound laxative herbs, pure pepsin and other pure ingredients will clean you out thoroughly—without griping, sickening or discomfort.

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied bowel troubles for forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstores sell.

Pioneer Of Crosby Claimed By Death

RALLS, April 16. (Special)—Mrs. Mary Jane Taylor, 85, wife of J. O. Taylor, pioneer citizen of Crosby county, died at her home in the Emma community Monday.

Mrs. Taylor had lived in Crosby County for the past twenty-five years and had reared a family of ten children, six boys and four girls.

Funeral services were held at the home Tuesday afternoon with R. L. Travis of Ralls in charge. Interment was in the Ralls cemetery.

PROBLEMS WILL BE TACKLED

FARMERS, RANCHERS TO MEET DURING WTCC CONFAB

Four of six scheduled group conferences will deal with agricultural and ranch problems when the thirteenth annual convention of the West Texas Chamber of Commerce is held in Lubbock, May 14, 15 and 16, according to Maury Hopkins, assistant manager of the regional chamber and manager of the convention.

"As never before, agricultural workers, farm leaders, farmers and ranchmen will be given a lion's share of the program," Mr. Hopkins said. "S. C. Evans, district agent of the Texas Extension Service, whose territory comprises a large portion of West Texas surrounding Lubbock, says that the program is striking a favorable chord throughout the area.

Set Three Sessions

"Three of the six group conferences, which are outstanding features of the convention program this year, will be devoted exclusively to a study of West Texas agricultural and ranching problems," he said. "A fourth conference, of the industrial development group, will consider problems of real and practical concern to West Texas agricultural interests.

"Manager D. A. Bandeen, of the West Texas Chamber of Commerce who conceived the idea of the group conference plan of the convention, is trying to make the program carry out his idea of getting practical results from timely work, on problems of vital concern to West Texas, at the convention. To do this, agriculture must be given a large share of the program."

Leaders Announced

The three conferences dealing directly with agricultural problems and development, as announced by the convention manager, are the breeder-feeder conference, Frank P Holland, Dallas, chairman, and Paul T. Vickers, Midland, secretary; agricultural development, James M. North, Fort Worth, chairman, and C. T. Watson, Big Spring, secretary; production loan conference, O. P. Thrane, Snyder, chairman, and J. W. Debenport, Childress, secretary. Price Campbell, president of the West Texas Utilities company, Abilene, is chairman of the industrial conference, and John Boswell, manager of the Wichita Falls Chamber of Commerce, secretary.

W. F. Schilling, dairy member of the federal farm board, is to address the industrial development conference, stressing the establishment of dairy products manufacturing plants for small towns and communities.

To Bring Groups

Director O. B. Martin, of the Texas Extension Service has been asked to authorize every county agent in West Texas to attend the conferences and bring with them groups of farmers and dairymen for the various unit discussions.

James C. Stone, chairman of the federal farm board, has been invited to address the agricultural development conference, according to the convention manager. Soil utilization and conservation will be stressed at this meeting, he said.

The largest conference hall for any group meeting has been designated as the meeting place for the breeder-feeder conference. The hall, the Hilton hotel ballroom, will seat 300 people. The meeting will be held at 2 p. m., May 14.

The program includes addresses from men who have made outstanding successes in the ranching industry, according to Mr. Hopkins. Among the speakers are W. B. Mitchell, widely known Marfa cattleman; I. B. Cauble, farmer and cattleman of Big Spring; T. A. Kincaid, president of the Sheep and Goat Raisers' association; P. E. Boesen, Sudan banker; W. M. Holland, manager of the Hollandale feeding farms, of Dallas; Dr. A. B. Connor, director of Texas A. & M. college experiment station; D. Burns, of the National Cottonseed Products association; G W. Barnes, of the federal farm board; John N. Simpson, beef cattle specialist of the Texas & Pacific Railway company, and Sterling Evans, district agent.

MEASURE PASSED

AUSTIN, April 16 (AP)—The house today passed a bill by Senator Martin of Hillsboro to give landlords, furnishing a tenant with money and supplies, a prior lien on the tenant's crops. The bill will not affect tenants who farm on a third and fourth crop basis, but only those who farm on the halves.

Chinese are gaining control of Siam's extensive rice industry.

PLAY PRACTICE TO BE HELD

DAILY REHEARSALS TO BE STAGED UNTIL SHOW OFFERED

Rehearsals for the play, "The Intimate Strangers," to be given Monday night at the Palace theater by the Little Theater as a benefit performance for the Salvation Army and United Charities, will be staged daily until the date of the showing, Arthur Brown, director, announced yesterday.

The play is the only production of the Little Theater for the 1930-31 season. All proceeds will go to charity. The use of the Palace theater is being donated by C. C. Lindsey, manager. Mr. Lindsey also is offering the time of his ushers, ticket takers and other employes for the night.

Eight In CaCst

Eight people comprise the cast. They are: Mrs. J. H. Eubanks, Mrs. W. C. Rylander, Mrs. A B. Strehli, Miss Aleen Spears, A. B. Brown, W. O. Daniels, Robert Stephenson and O. W. Ribble.

The play is a three-act comedy by Booth Tarkington and has met with considerable success in New York and other theater centers in the east.

A strenuous campaign will be waged in the city today by workers of the Salvation Army, United Charities and the Little Theater to sell 1000 tickets for the production. The downtown district as well as residential section will be divided into areas and corps of workers will make a canvass in the ticket sales. Wesley Read is chairman of the ticket sales committee. He is being assisted by Chas. Nordyke of the Salvation Army advisory board and Glenn Hess of the United Charities.

Equipment Will Be Bought For Airport

Lighting equipment for municipal airport probably will be purchased within the next several days, Acting City Manager W. H. Rodgers, said Wednesday.

It is hoped to have the airport completely equipped in time for dedication ceremonies to be held during the West Texas Chamber of Commerce convention, May 14, 15 and 16, he said.

The lighting system, consisting of flood and boundary lights, will cost approximately $4,000. Bids for furnishing the equipment were opened by city officials on April 8.

FUNERAL SET TODAY

DALLAS, April 16 (AP)—Funeral services will be held here today for William Madison Reilly, 63, editor and founder of the Dallas Craftsman, official publication of the Dallas labor council. He died Wednesday at his home here. Reilly had held many union offices and was a delegate to the American Federation of Labor.

TRENCH-MOUTH will respond promptly to LETO'S PYORRHEA REMEDY. It is guaranteed.
City Drug Store

TO BEGIN TRAINING

LONGVIEW, April 16. (AP)—Training activities for the local club of the newly formed East Texas baseball league will begin Monday, Manager Abe Bowman said there would be two workouts a day. Longview, Tyler, Henderson, and Kilgore are members of the new league.

Luxurious busses have just been placed in service between Dublin and Cork, Irish Free State.

TRY A PADDLE POP
CROWN DRUG CO.

You, too, can now have whiter washes—easily!

HERE'S a hard-water soap that practically *does the wash* for you. Loosens dirt so that all you need to do is rinse. Clothes soak so white, you don't need to bother about boiling.

This way saves the clothes. Washes them much, much whiter, too. *Safely.*

Cup for cup, Rinso gives twice as much suds as lightweight, puffed-up soaps. Thick, lasting suds—even in hardest water. And no softener needed! Great, either in tub or machine. The makers of 38 famous washers recommend it. Get the BIG package. Try Rinso for dishes—it loosens grease like magic.

A PRODUCT OF LEVER BROTHERS CO., CAMBRIDGE, MASS.

Rinso

The granulated hard-water soap for tub, washer and dishpan

Remove carefully the Humidor Pack from a package of Camels and fill it with water. If you have not injured the seal at the corner you will note that it holds the water perfectly without leaking.

Now make the same test with the ordinary Cellophane or glassine wrapping found on other brands. See how quickly the water seeps through and escapes.

Cigarettes in prime condition have a moisture content of about 10%. It will be seen by the Chart that cigarettes in the ordinary wrapped package lose more than half of their total moisture in thirty days and that only the Camel Humidor Pack delivers cigarettes to you in prime condition.

All is not *moisture-proof* Cellophane that glitters

DO NOT be misled by a mere shiny wrapper. The Camel Humidor Pack should never be confused with either the glassine or the ordinary Cellophane wrapping sometimes found on other cigarettes.

Our Humidor Pack is made of moisture-proof Cellophane, which costs nearly twice as much as ordinary Cellophane and is air-sealed at every point.

It is not put there merely to catch the eye but to perform a real service to the Camel smoker.

Because it is both air-sealed and moisture-proof, it keeps Camels always in mild, factory prime condition. It also guards the cigarettes within from contamination by dust or dangerous germs.

As you light a Camel fresh from the Humidor Pack, note how mild and cool and easy it is to your throat. Compare its fragrant mildness with the bite and burn that comes from the smoke of a stale or dried out cigarette.

Everywhere today people are talking about the new delight they have found in this blend of choicest Turkish and mellowest Domestic tobaccos.

Remember, Camels are the only cigarettes in the true Humidor Pack.

Switch to Camels for just one day, then quit them tomorrow if you can.

Thought For Today

Better is the end of a thing than the beginning thereof; and the patient in spirit is better than the proud in spirit.—Ecclesiastes 7:8.

* * *

Patience is the key of content. —Mahomet.

Unexpected Crises

No matter how prosaic and well-regulated human life can become in an organized society, the possibility of a sudden, life-and-death emergency can never be removed entirely from any man's pathway. The daily newspapers—which contain, week after week, the outline-skeletons for scores of novels, if you know how to look for them—emphasize this fact again and again.

A man goes his way through the routine of his daily life, and never so much as rubs elbows with excitement; then, suddenly, without warning, a situation arises that tests him, usually in a fraction of a minute, and compels him to render an accounting, by his instinctive actions, of what he has made of himself.

For instance; you will occasionally find, in your paper, some little story of let us say, a street car accident—one of those mishaps whereby a loaded car goes careening down a hill out of control. And at the end of it there will be some such sentence as this: "Prompt action by Motorman John Smith got the car under control and prevented a disaster."

Or it will be a story of a fire in some hospital or office building or hotel, and you will learn that some telephone girl stuck to her switchboard as cool as a veteran, and notified everyone in the place of the danger.

Or, perhaps, there is an accident in a neighborhood theater—and some unidentified patron will, by his presence of mind, prevent a panic and save people from trampling one another to death.

There is a fascination about those little news items. They are so common—and so revealing. Over and over, they tell how this or that ordinary mortal, confronted by a sudden emergency, rises to meet it and proves that he has the right stuff in him.

The most interesting thing is the fact that when such things happen one has no time to plan a course of action. One does what one does instinctively. The man who loses his nerve in a crisis of that kind loses it because, through the year, before he had permitted himself to become a coward. The man who comes through with the deed that saves the day, likewise, does it because through all of his life he has been unconsciously preparing himself for such a chance.

Day by day we go through the same old round of duties and diversions, never thinking of danger. Some day, if chance wills it, we shall be dropped into an unexpected crisis; and the way we meet the test will be decided by the thoughts and resolves that we have nourished during the long years of ordinary living.

The Ladies

A shrill and raucous voice on the part of a wife should be grounds for a divorce, according to Dr. Robert Morche, French government expert on deafness, who is visiting the United States to study noise conditions.

"Constant high pitched speech by wives," he says, "really should be considered sufficient grounds for divorce. Many American women have rasping, nasal voices that would wear down any man's nerves. Let women realize there is as much sex appeal in the timbre of a lovely voice as there is in a beautiful face or form."

Of course metropolitan life in the United States abounds in disturbing sounds. There is the clangor of traffic, the screech of riveting machines. At home there is the neighbor's radio or a temperamental display of static by your own. There is the perpetually ringing telephone.

Then there's the business-like corn farmer who refers to his harvest as "stalk-taking."

No, Dorothy, a rum-hound is not a dog used to track down bootleggers.

The Plainsman Says:

That Girl on Broadway says the quickest way to straighten bowlegs is to go riding with three people in a flivver coupe.

* * *

The trouble with wreckless motorists is that the bones they break aren't always in their own heads.

* * *

GET ready, get ready. It won't be long now. Tomorrow morning a squad of ticket-sellers will swarm the streets of Lubbock and when you find out what it's all about you'll want to buy a ticket or two.

* * *

Frankly, this is advertising—free advertising. But it's something that deserves to be advertised without cost and The Plainsman is doing his part. He's talking about "The Intimate Strangers", the Booth Tarkington comedy to be presented by the Little Theatre Monday night—the show from which every nickle taken in will go to the Salvation Army and United Charities. Every nickel goes to these two commendable organizations—not a cent will go anywhere else.

* * *

Cliff Lindsey is furnishing the Palace theatre without cost. He's furnishing lights and ushers and everything, without cost. He's not getting a dime—not even for expenses. He's giving the showhouse and everything that goes with it Scott free.

* * *

MEMBERS of the cast are footing their own bills. Interested people are chipping in to take care of the purchase of necessities. And after the show every penny taken in at the box office or in advance ticket sale will go to the charities that really need the money—and do good with it.

* * *

Now they're only going to sell 1,000 tickets at a buck a throw. That means there will be 1,000 privileged people out of Lubbock's 22,000 souls. All the elite, if any, will be there so buy your tickets from the sellers you meet tomorrow morning.

* * *

As an extra, special, added attraction. The Plainsman, himself, is going to take the place of Harley Sadler and say a few words between acts. He hopes this won't keep you from buying a ticket or from attending the show but Wesley Read, chairman of arrangements, is to blame for it. So if you want to see a good show, help a good cause and see a fine, handsome man talk between acts, buy your ticket tomorrow for Monday night's charity play —Booth Tarkington's, "The Intimate Strangers."

* * *

OUT at the Country club they're still getting ready for the West Texas Golf tournament, coming here the last of next month. Even some of the dubs are going to enter the play and are already practicing.

That reminds The Plainsman of what happened to Neil Wright, a few days ago as he was tramping from gulley to gulley, polishing up his game. He was having a lousy day with his wood shots, taking drive after drive only to top and see the ball bounce off 15 or 20 feet and stop.

After a particularly rotten drive he turned to his caddy.

"Boy," he demanded, "what in the world is the matter with my driving?"

"Well, it's this way, Mr. Wright," the kid returned. "You seem to be standing too close to your ball when it stops!"

* * *

DALLAS is going to invite the 1932 convention of the West Texas Chamber of Commerce. After the Dallas meeting The Plainsman suggests we go to Tyler or, say, Nacogdoches.

* * *

But all kidding to one side, Dallas has been nice to West Texas—during the past several years, say the past six or seven. Dallas folks have gotten friendly and have loaned their powerful support to a good many projects out in the West. The old enmity between this section and the East Texas territory has practically disappeared until West Texas ranks Dallas and Houston right next to Fort Worth in the matter of friendship.

* * *

The Plainsman doesn't mean by this that he's supporting Dallas for the 1932 WTCC convention. It doesn't make any difference to him who gets the next meeting after Lubbock. It's putting over the Lubbock gathering that's our big job out here.

* * *

But it's about time that we're remembering that Dallas really has become friendly toward West Texas and is continually trying to do its share to wipe out the past. Offering its fine facilities for a WTCC convention may be referred to humorously, but at that Dallas is really being hospitable.

* * *

That Man on Avenue Q says time waits for no man but it has no choice in the matter when the average woman approaches 35.

When vacation time comes around again home, as usual, will be considered as a last resort.

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

More Wage Cuts Made In First Two Months Of 1931 Than In Any Similar Period During Depression Year Of 1930

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, April 16—The real story behind the recent excitement about wage-cutting, in which President Hoover first was represented as feeling deeply concerned and then represented himself as not being concerned at all, is that the first couple of months this year were accompanied by a far larger proportion of wage-cutting than in any two months of the depression year of 1930.

The government's best figures on wage cuts, quite incomplete but at the same time obviously indicative of general trends, showed that the number of workers in manufacturing plants affected by wage cuts as reported for January and February was four times as large as the monthly average for 1930.

At the same time, the important thing about the wage situation is that wage-cutting has been practiced only to a minor extent as compared with the much greater ratio of unemployment, part-time employment and the reduction of the American worker's average annual wage caused by those two factors.

Wages Last to Fall

The threat to wage scales, however, will continue to increase along with the pressure of sentiment for wage cuts until there is a definite pickup from the depression. In most past slumps, wages have been the last factor in production costs to fall and the last to increase with the return of prosperity. The fact that wages have not fallen in any wholesale way after 15 or 16 months of depression presumably is in large part due to a strengthened conviction in industry that lower wages mean decreased consuming power and consequently tend to make matters worse. But lately it has begun to appear as if there might be a race in progress between the return of prosperity and the day when a large section of industry would go back to previous practice.

The widely published story emanating from "friends of the president" indicated plainly enough that someone very close to him was worrying a lot about the situation. Just what was indicated by Hoover's subsequent assertion that there was nothing to worry about is still not quite clear.

Cite Lower Living Cost

But the incident at least called general attention to the government's own figures on wage-cutting and to increasing demands by certain bankers and certain others for general reductions which would adjust wages to fallen commodity prices. Those who argue for wage cuts contend that they can be effected fairly because the cost of living is lower. The Department of Labor has figured that the cost of living dropped 6 1-4 per cent between December, 1929, and December, 1930, but the wage cuts reported to it thus far have averaged 10 per cent.

Some 203,000 employes in manufacturing industries had been affected by wage cuts reported to the Bureau of Labor Statistics for the 14 months ended February 15, half of them in the last four months of the period. There were 43,000 persons affected by wage cuts in January and 39,000 in February. High months of 1930 were 25,000 in August and 20,000 in July.

More than 203,000 persons have had wages cut, however. Workers in plants making the monthly report represent less than 10 per cent of American wage and salary earners.

Some May Not Report

Some establishments may cut wages without reporting it and various methods of camouflage have been reported by which wage cuts are affected without being called that. The fact that 200,000 of 3,000,000 manufacturing workers have had their wages cut means one worker out 15. But there is no way to estimate a total of those affected unless one arbitrarily supposes that the same proportion of 45,000,000 gainfully employed persons have suffered, the result of which probably is much too high.

Wages paid in 1930 dropped to $35,750,000 from $44,600,000 in 1929, it has been estimated by the Standard Statistics Company, leaving out government employes and agricultural workers. The average annual wage per worker dropped from $1700 to $1580.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1439 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining." "Feminine Hygiene." "Indigestion and Constipation." "The Care of the Hair and Skin." "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet." "List of Books for Mothers." "Bed Wetting." "Diet of the Expectant Mother." "Ear Troubles" and "Tuberculosis."

ACUTE RHEUMATISM

Acute rheumatism, or rheumatic fever, is the only disease which really deserves to be called rheumatism. The other forms of disease often classed as rheumatism—chronic pain around joints—are better classified as arthritis.

Dr. Clendening

Acute rheumatic fever is one of the most serious of diseases, not for what it does immediately, but for its after effects on account of the damage done the heart. It is a definite infection caused by a definite germ. The lodgment of this germ in the body is certainly conditioned by climatic changes. Cold and wet and exposure unquestionably conduce to attacks of the disease. Hence it is proper to call it a disease of spring, although it also occurs during the winter with equal frequency.

The climatic influence is nowhere better illustrated than by the incidence of the disease in different parts of the country. I had a distinguished Canadian physician visit my hospital wards some years ago, and after going around he said in a bewildered way: "Where do you keep your rheumatism patients?" The fact is we did not have any: our location is towards the south, with a tendency to warm, dry weather. The next spring I visited my Canadian colleague's hospital and found bed after bed, ward after ward, of patients with acute rheumatic fever.

The practical point is that, as in the case of pneumonia, there is no way to prevent rheumatism by inoculation or vaccination. We are even worse off in this case than in pneumonia because we have no idea what the germ which causes rheumatism is, so there is no possibility of even attempting a vaccine. But we can, to a great extent, control the factors of wetting and chilling the body in order to prevent rheumatism.

And prevention is nowhere in medicine more important than here. As we said above, rheumatism is a serious disease because of its consequences on the heart. There is never, or seldom, any permanent damage done the joints by rheumatism. As one physician has said: "Rheumatism licks the joints but bites the heart." It is one of the two most frequent infectious causes of heart disease.

The really serious effects of rheumatism, then, do not show up until many years after the attack. The germ lights in the valves of the heart, causing them to become crippled and to leak, or else to obstruct the flow of blood. The heart can compensate for this mechanical difficulty for many years, but there comes the time when it fails, and shortness of breath and irregular pulse and dropsy supervene. Even these may be overcome by proper care, but eventually all the defenses give way. Many deaths in moderately young people are caused in this way—deaths that are due to attacks of rheumatism ten or twenty years before, attacks that have long since been forgotten, that were supposed at the time to be of minor importance, and which, if proper precautions had been taken, might have been prevented.

One other sound piece of advice about the prevention of future heart damage is, if an attack of acute rheumatic fever has actually occurred, to enjoin a long convalescence in bed. The patient should stay in bed many weeks after he feels perfectly well and all fever has gone. In that way heart complications are reduced to a minimum.

ACCIDENTALLY SHOT

SAN ANTONIO, April 16 (AP)—O. F. Holden suffered wounds which may prove fatal when a shotgun with which he had been trap-shooting was discharged accidentally late yesterday.

DAILY ALMANAC

Cloudy

WEST TEXAS: Cloudy, probably local showers tonight and Friday, cooler in north portion tonight.

EAST TEXAS: Partly cloudy to unsettled tonight and Friday, probably local showers in north portion; cooler in northwest portion tonight. Light to moderate easterly winds on the coast.

OKLAHOMA: Cloudy, probably local showers, cooler in south portion tonight; Friday partly cloudy.

SWAN

In New York With Gilbert Swan

NEW YORK, April 16.—The old New York World was credited with having one of the most carefully kept "future books" in newspaperdom. Only the Times was presumed to be equally meticulous in its attention to coming events.

A "future book," by the way is a record of things that have to happen. The birthdates of famous persons are recorded; there are references to statesmen and actors and holidays and heroes. An editor can consult it and be prepared to give assignments accordingly.

Very well—the World papers, as everyone knows, were merged by the Evening Telegram.

And the Telegram fell heir to this interesting document.

The other day, one of the feature editors was going through the various annotations.

He learned that in 1936 this and that thing would happen; that in 1948 something else fell through.

But as he read item after item, he suddenly encountered a "future" dated in the year 2016—just a matter of almost a century away.

It seems that in 1916 a certain corner stone was laid in a certain important building.

At the ceremonies, it was agreed that 100 years later, the cornerstone would be opened and the contents brought forth. At the time, it occurred to the keeper of the future book there would be a good story in what went into the stone and how it would appeal to the living persons of 100 years hence.

And there it was—a newspaper assignment for the year 2016—which, by the by, you may ask one of your great grandchildren to look into.

Another unusual tale concerns the father of S. A. Rothapfel, otherwise known as "Roxy," who is destined to be mayor of the $30,000,000 radio city to be built in New York.

When Roxy came into the big money, he bought a fine home for his father in Brooklyn.

Now it so happened that Roxy, Sr., had lived in a small town for years, and there he had a group of cronies who met of afternoons and played pinochle.

And in spite of the fortune and comforts that had suddenly come to him, the old man felt slightly lonesome for his old card playing pals.

So Roxy has three men on his payroll who have unique jobs.

They are paid to play pinochle whenever he is in the mood. And they are all sharks.

And having recently identified Ted Lewis' silk hat as having come from the old Rector cafe, I now learn that there are four different yarns connected with this particular kelly and he swears to all of them.

One is that he got it from a minstrel man in his old home town in Ohio; another is that he got it, even as reported by this department in the days when Rectors was a cafe and not a lunch counter; the third is that it was worn by a darky shoeblack he met in Harlem, and the fourth is that it was left in a taxicab by some slightly convivial man-about-town.

Which almost convinces me that he probably went to a hat store, bought it and sat on it until it got the way it is today.

CARL REDIN of New Mexico Art Colony will offer four weeks course in painting, beginning April 20th (Lubbock.)

He is now exhibiting at National Academy of Design, N. Y. City. For information see Mrs. W. T. Milam or Mrs. James H. Goodman.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

Behind the trees an archway stood and Scouty said, "That looks real good. What does the archway lead to? It must be some wondrous spot. I wonder, could we look around? There is no guard upon the ground. 'Twill be all right for us to step inside, as like as not."

"Of course it will. Just follow me," the Travel Man replied. "We'll see the Royal Temple grounds, because that's what's behind the gate. The Temple is a pretty scene. To see it I am really keen. Now, don't you boys touch anything while we investigate."

And so they walked inside and saw some scenes that filled them all with awe. The temple was a wondrous sight, trimmed in a fancy way. Around the grounds an hour was spent and then outside the whole bunch went. Said Scouty, "We have surely had a dandy time today."

The Travel Man replied, "You bet, but still more thrills you're going to get. I" take you for a sampan ride and that will be real fun." "What is a sampan?" Clowny cried. "A boat," the Travel Man replied. "And in one there'll be room for all, if we sit side by side."

They shortly found the queerest boat that they had ever seen afloat. A native sat up at the stern to paddle them along. A big umbrella, opened wide, was propped up, tipping to one side. Said Coppy, "'Twill protect us from the sun that's shining strong."

Then, as they drifted down the stream, wee Scouty said, "It's like a dream, 'cause everything's so pretty. It just fills my heart with joy." Another boat then came up near and Clowny shouted, "Look who's here!" 'Twas Carpy in another boat. He shouted, "Ship ahoy!"

(The Tinymites arrive in Hongkong in the next story.)

A dish-washing contest held in a western city recently was won by men. They cleaned up, as it were.

Selling a suit of clothes, observes the office sage, is a fitting climax for any salesman.

"Guess I'll try my hand at operating," as the fellow said at the dial telephone.

HIGHWAY WORK PROGRESSES

AVERAGE OF NEARLY 1200 FEET BEING POURED DAILY

An average of nearly 1,200 feet of concrete slab per day has been made by the Interstate Construction company in the laying of concrete on State Highway No. 9 north of Lubbock, H. L. Schwalbe, president of the company, said today.

"I believe we will average over 1,000 feet of slab each working day for the entire job," Mr. Schwalbe said. "We will be able to lay about four and a half miles of slab a month.

"With no long, unexpected delays caused by the weather, we should be able to have the paving between Lubbock and Abernathy completed by not later than the first of October."

Paving of the road was begun at the municipal airport, five miles north of town. Slab work started late last week and about 350 feet was put down the first day.

"I believe we will have the slab completed and ready for traffic for the first four miles south of the airport, by the time the West Texas Chamber of Commerce convention is held here in May," Mr. Schwalbe said. "I would like to have all of it ready, but something may arise that will delay us."

"We poured 1,348 feet of concrete on Monday and 1,119 feet on Tuesday. Thursday and Friday of last week we averaged over 1,200 feet."

To Arrange Detour

Guy R. Johnston, division construction engineer, explained that in the event the slab is completed and opened for traffic by the middle of May for the four miles south of the airport, a temporary detour can be arranged for the first mile north of town.

"We will do everything we can to arrange to have the entire highway completed up to the airport, but I do not think it can be done unless we do get some unusually good breaks from the weather," the engineer added.

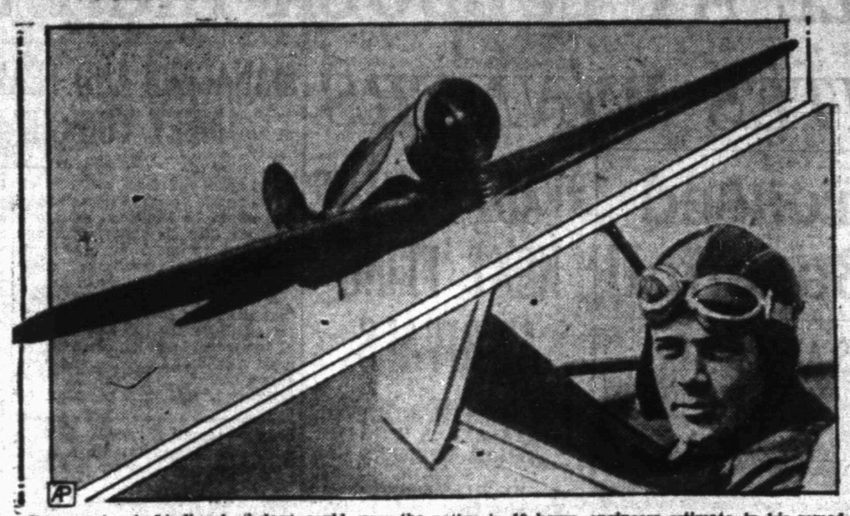

The Santa Fe has completed the pouring of all abutments of its underpass two miles south of Monroe, on the highway. Nearly all the concrete work has been completed.

"I have been advised by the Santa Fe that the fabricated steel for the underpass has been ordered for some time but that the steel mills say they cannot get it here until about the first of June," Mr. Johnston added. "That will mean that the paving work will be up to the underpass before the pass is completed. Steel is being fabricated now for this underpass."

RAIN AT FLOYDADA

FLOYDADA, April 16 (AP)—Rain and some hail were reported over a considerable area about Floydada Wednesday. The precipitation here amounting to .8 of an inch.

LINDBERGH'S PLANE REMODELED AND SPEEDED UP; HE COULD FLY ACROSS UNITED STATES IN ONLY 10 HOURS

Col. Charles A. Lindbergh (below) could cross the nation in 10 hours, engineers estimate, in his remodeled sport plane, shown here in flight. The plane's new wing has sockets into which the landing gear disappears when in flight, eliminating wind resistance and adding 20 miles an hour to its speed.

BURBANK, Cal. (AP)—Col. Charles A. Lindbergh soon will need a new air speed indicator in his swift roadster of the sky, the Lockheed-Sirius monoplane in which he flew from Los Angeles to New York in 14 hours and 25 minutes a year ago.

In the factory here a new wing awaits the colonel's arrival. With it, engineers estimate, he will be able to fly at a speed of 240 miles an hour.

The wing embodies a retractable landing gear, one of the interesting aviation developments of the year. The idea for it sprang from a casual remark made by the blond aviator when he was on the Pacific coast last spring.

A few days after he had taken delivery of the low-wing monoplane he sat in the engineer's office talking about it and the conversation drifted to landing gear, which is not retractable on his two-place ship.

"Why don't you build a retractable landing gear?" Lindbergh asked.

Capt. Carl Squier, engineer of the firm, considered it an order and promised to comply.

A wing with the retractable gear was produced. By folding the wheels in the wing the greatest single point of resistance in flight was eliminated. More than 400 tests of the new wing have shown that it increases air speed about 20 miles an hour.

During these tests tColonel Lindbergh installed a 650-horsepower motor in his ship to replace one of 425 horsepower. The combination of increased power and streamlined wing is expected to give the Lindbergh ship a speed of four miles a minute.

Col. Lindbergh has not said what flights he plans for the ship, which would be the fastest long-distance plane in the United States.

If it proved up to estimates and weather conditions were favorable, he could fly from Los Angeles to New York in 10 hours as compared to the trans-continenal record made by Capt. Frank Hawks when he spanned the continent in 12 hours, 25 minutes.

Through a rearrangement of gasoline tanks the fuel capacity of Lindbergh's plane, 440 gallons, will not be lessened by the space lost in the wing to retract the landing gear.

Colonel Lindbergh once said New York and Los Angeles might not be more than 10 hours apart. He may prove it this summer.

STARS OF GAMES ON YESTERDAY

(By Associated Press)

Chuck Klein, Phillies—Made four hits in four times at bat against Giants, including third homer in two days.

Burleigh Grimes, Cardinals—Scored first shutout of major league season, giving Reds seven hits to win 4-0.

Benny Tate, White Sox—Doubles in tenth inning to drive in winning run against Cleveland.

Henry Johnson, Yankees—fanned 12 Red Sox batters as Yanks won 8-7.

Bump Hadley, Senators—Held Athletics to four hits and struck out five for a 7-1 victory.

Rogers Hornsby, Cubs—His home run gave Cubs 6-5 victory over Pirates.

Socks Seibold, Braves—Stopped Brooklyn with 8 hits to win 9-3.

Lou Gehrig, Yankees—Hit homer with two aboard in first inning to start Yankee rally against Red Sox.

FIGHTS LAST NIGHT

(By Associated Press)

CHICAGO—Edgar Norman, Norway, knocked out Harry Dillon, Winnipeg (3).

PARIS — Al Brown, Panama, knocked out Simende, Paris, (3).

FORT WAYNE, Ind.—Frankie Jarr, Ft. Wayne, outpointed Franklin Young, Detroit (10).

Wheat shipments into Wichita, Kas., during February exceeded those of the same month of 1930 by nearly 1,000,000 bushels.

SUIT FILED BY J. W. ROLLO

LUBBOCK DOCTOR ASKS DAMAGES AS ECHO TO CAR CRASH

A damage suit was filed by Dr. J. W. Rollo of Lubbock against C. A. Coleman of Lynn county Wednesday in ninety-ninth district court, Doctor Rollo alleging that his automobile had depreciated $600 when it was struck by a car driven by Grover Coleman, son of the defendant.

Clarence J. Rollo, 23-year-old son of Doctor Rollo, was driving his father's automobile at the time of the collison, nad was injured seriously.

The collison occurred on Avenue Q at Thirteenth street last Nov. 20, the plaintiff said. Rollo alleged the driver of the other car failed to check the speed of the car at a boulevard stop sign and was traveling at a speed in excess of 40 miles per hour when the machines collided. Rollo's son was driving the plaintiff's automobile in an orderly manner, the petition recited.

Rollo said his automobile was worth $650 before the accident. Now it will not bring more than $50 as junk, he said.

TO BEGIN DRILLING

BUFFALO, April 16 (AP)—Oil prospecting activity was taking on new life in Leon county today as large acreage was secured by one concern for a test a mile west of Buffalo. Drilling was planned to begin as soon as necessary machinery and a derrick could be installed. Northern capitalists and Palestine business men were reported as financing the test.

"HIGHEST TEST" at the price of ordinary gasoline

GRAVITY from 60.6° to 71.4° TO MATCH WEATHER

PHILLIPS 66 *is made by* the world's largest producers *of natural high gravity gasoline*

Frankly, our hardest job is to get motorists to buy their first trial tankful of Phillips 66 . . . the *greater gasoline.* After that our task is simple—they always come back for more.

They quickly prove for themselves that this gasoline is an amazing performer. That it delivers extra power, smoother running, and longer mileage. That it brings out the best in the motor. And they appreciate that this premium performance costs not a penny extra.

Give credit for these results to the famous Phillips principle of CONTROLLED VOLATILITY, which matches this gasoline to the monthly changes in your weather. Its year 'round gravity, from 60.6° to 71.4°, is always higher test than others.

Convince yourself of the money-saving and performance-advantages of using Phillips 66. Try it just once and you will always come back to the Orange and Black 66 shield.

Also Phillips 66 Ethyl at the regular price of Ethyl gasoline

ROUTE SURVEY IS SLATED

WORK ON SEAGRAVES TO SEMINOLE ROAD EXPECTED SOON

A preliminary survey for proposed state highway No. 137 probably will be started within 10 to 14 days between Seminole and Seagraves, as a resident engineer will be named for Gaines county by the state highway commission within that period, according to Guy R. Johnston, divisional construction engineer.

"As soon as the survey is completed we will begin plans for the work and I hope that we can get the road paved by late in the summer," he said.

"The plans for Andrews county, between Andrews and the county line at Ector county, are being drawn. We hope to get the contract let on this work as soon as possible."

Following this, the completion of the gap between the two county seats will be begun. There is a six mile stretch of heavy sand between Seminole and Andrews that will be the hardest job of the entire mileage in the two counties, he added.

Both counties have voted bonds for the paving of the 65 miles of highway. This will leave only a short, undesignated stretch between Seagraves and Brownfield, on No. 137, between Lubbock and McCamey, a distance of over 200 miles. Should Lubbock county get its program for No. 137 between Lubbock and the Hockley county line completed next year, it will leave the Terry and Hockley county mileages the only unpaved sections of the highway.

PAVING PLANS BEING MADE

COLLEGE AVENUE JOB BEING CONSIDERED BY ENGINEERS

Plans for the paving of College avenue from the north edge of the campus of Texas Technological college to 19th street, are being drafted by the engineering force of the local division office of the state highway department, Guy R. Johnston, state construction engineer, said today.

"Just as soon as we can complete these plans they will be forwarded to Austin," he said. "I do not know when the contract will be let but it will be included in the same job as the paving of No. 9 south of Lubbock."

The paving on College avenue will be 40 feet wide, with a 20 foot parking space between the two slabs, each 20 feet wide. There will be crossovers at each of the city streets between the north end of the campus and Nineteenth street, as well as Broadway and near the Tech Gym, into the campus from the highway.

County commissioners are paving the east part of the street and the state highway department the west half.

NAMED CHAIRMAN

AUSTIN, April 16 (AP)—Representative Holder of Lancaster yesterday was appointed chairman of a committee of the house to investigate feasibility of a tax on luxuries and insurance companies. Sessions of the committee will start Friday.

Because of the heavy cost of operating automobiles in South Africa, many travelers are buying motorcycles.

ETHEL BARRYMORE WILL APPEAR AT AMARILLO FRIDAY

AMARILLO, April 16. (Special)—Tickets for the appearance of Ethel Barrymore, foremost actress on the English-speaking stage, in "The Love Duel" here Friday are selling rapidly, according to Wilbur C. Hawk, president of the Tri-State Fair association which is sponsoring the play. The production is to be given at the Amarillo municipal auditorium.

Seats are selling for $1, $1.50, $2, $2.50 and $3.

Through the fact that Ethel Barrymore is the sister of John and Lionel Barrymore, famous movie stars, and sister-in-law to Dolores Costello, considered one of the greatest emotional actress of the screen, she needs no introduction to the movie-going public today. Playgoers will be interested in the debut of Ethel Barrymore and John Drew Colt, daughter and son of the noted actress. They represent the ninth generation of the noted actress. They represent the ninth generation of the Barrymore-Drew family in the theater.

Miss Barrymore's leading man is Walter Gilbert. Others in the cast are: Jane Bramley, Georgie Drew Mendum, Anita Rothe, Carol March, Harry Plimmer, William Kershaw, Marcel Dill, Malcolm Soltan and Charles Quigley.

GIRL IS INJURED

BROWNWOOD, April 16 (AP)—Mary Evelyn Pearson, eight year old schoolgirl, was injured possibly fatally when a taxicab struck her as she was crossing a street near her school. Her chest was crushed and both legs were broken.

STABBED IN AFFRAY

GAINESVILLE, April 16 (AP)—Tom Reynolds, 55, suffered serious knife wounds Wednesday and Ira Haney, 30, was charged with aggravated assault after an affray at Reynold's home.

Scout Observance Planned Wednesday

Eastern district committee of the South Plains Area Boy Scout council Wednesday night planned to observe Boy's week to be celebrated throughout the United States from April 25 to May 2.

Fourteen members of Ralls Boy Scout troops were given awards for work done in scouting at a meeting of district court of honor.

TO OPEN BIDS

SWEETWATER, April 16 (AP)—Bids on construction of a new $130,000 postoffice in Sweetwater will be opened May 12 at Washington, Postmaster Dan Shields was informed today. Work was expected to be started immediately after the contract had been let.

Many large concerns in England are reducing salaries of officials and clerks.

NEW REGIME BEGINS IN FOOTBALL AT LUBBOCK HIGH SCHOOL

Collier Parris

SPYING ON SPORTS

To those who had heard that Weldon Chapman was making application for the position of head coach of athletics at Lubbock High school, the news that he had accepted the post yesterday was no surprise. Out of a field of more than 25 applicants, Chapman's name was unanimous on the ballots of the school board members. It is no secret that he is one of the best coaches in the profession, and Superintendent M. H. Duncan lived up to his word when he said the school would not be satisfied without one of the best.

* * *

Chapman brings an enviable record to Lubbock. For nine years he has coached the Big Dam Loboes of Cisco High, and his friends and the school at Cisco hate to see him leave just as the people and the schools of Lubbock hated to see Henry Frnka depart. Chapman has a personality that gets next to you when you first meet him. He has countless friends over the state and his enemies are not found in the coaching ranks, opposing coaches holding deep regard and friendship toward him. Likable, intelligent, energetic and willing to work to win Chapman is due to be drawn close to the sports loving denizens of Lubbock and to the social life of the city.

* * *

"Sportsmanship—Then Victory" was the watchward during Chapman's career at Cisco. It is coincidental that Lubbock High observes the same phrase as its athletic motto.

* * *

Chapman is no stranger to this district. Five years ago Blair Cherry, now of Amarillo High school, was head coach at Ranger, a district enemy of Cisco, and the coaches matched their teams against each other for three years. They know each other's style and it will be interesting to note their resumption of gridiron rivalry here.

* * *

This department extends a most hearty welcome to Chapman, and sincerely hopes that the new mentor meets with a successful season no later than the fall of 1931. It is not expedient to expect Chapman to set the woods afire with a sensationally winning team this fall. He does not expect to and no coach could, what with a shortage of veteran material facing him as it does. Nine lettermen are gone and that makes quite a hole in one football team.

* * *

If you are a member, particularly if you are a manager or some other official of a Lubbock baseball organization that proposes to be a member of the city league it is important that you adorn a chair or desk top tonight in the chamber of commerce rooms at the city hall. If you are an official and are not present you will have only yourself to blame if the schedule, constitution and by-laws of the league, as outlined tonight, do not go to suit you. If you do go you will have an opportunity to say what you think about any controversial matter that might come up for discussion.

* * *

If your team has not been organized and a manager appointed, it is your duty between now and 8 o'clock this evening, as a member of the team or as an interested party, to see that someone represents the team at the meeting of moguls tonight. Some important matters will be discussed, such as means of financing teams, a playing and practice park, price of admission to games, the arranging of a schedule for the six, eight or ten teams that may constitute the league and the number and type of players permitted on each team.

* * *

This department is for the city league. It wants to see it grow and prosper and it will do all it can to see a successful league furnish local baseball entertainment this season. We're behind President "Dutch" Leuenberger, former active sports promoter and baseball player-manager, now retired from actual participation because of a major operation, and we wish him the best of luck with the league. This town needs some baseball enthusiasm. No town is complete without it, and if there's a spark of sportsmanship in Lubbock it will make itself known in the city league.

* * *

Two teams that we know of have been organized, managers appointed and uniforms ordered. There are possibly others. They all should be represented at the parley tonight. The Avalanche-Journal is sponsoring a team, organized this week with Hollis Payne, Lubbock High school athletic star, as manager. The newspaper, through Paul Carter, circulation manager, is financing the team and pushing it to win. The Lubbock American Business Club selected as manager Winfield "Windy" Watkins, popular sportsman, and ordered that a team be lined up for city league participation.

* * *

We were about to make a crack in this paragraph about the golfers who got caught in the rain yesterday, but happened to remember that all that prevented us from playing yesterday was the inability to find a playing partner or opponent. We've given our friends so much practice that it is not interesting for them to play with us any more.

TEXAS LEAGUE FAVORITES WINNERS

W. B. CHAPMAN IS ELECTED NEW COACH

CISCO MENTOR IS TO LEAD WESTERNERS NEXT YEAR

The Lubbock High school Westerners may not be the leading contenders for the District 1 football crown next fall; they may not win more than half their games, but that they will be tutored by one of the most popular high school coaches in the state was assured yesterday.

The Westerners saw the beginning of a new regime yesterday when it was announced that W. B. (Weldon) Chapman of Cisco had been elected head coach and director of athletics. Chapman, for nine years head coach of successful teams at Cisco High, succeeds Henry Frnka, head coach at Lubbock High for the last five years.

Reports In June

Chapman will report for duty in June, although his contract does not call for actual work until next fall. Through the summer he will lay plans for summer and fall training, acquaint himself with the local situation and outline plans for the season.

The meeting yesterday of the high school board and athletic council climaxed a series of conferences since the announcement that Frnka would not be here next year was made. Chapman's name was a unanimous choice out of a list of more than 25 coaches who had applied for the position.

A record that few high school coaches are able to attain is attached to Chapman's career. At Cisco High where he coached the Big Dam Loboes, popular football contenders for state championships, he is considered one of the best coaches anywhere, and his countless friends over the state and out of the state have nothing but the highest praise for him.

Austin College Grad

A former athletic and scholastic star at Austin College, Sherman, graduate of 1926, Chapman entered the coaching field with almost every requisite of a coach, and during his coaching experience he has added to an abundant knowledge of athletics by actual practice and by constant attendance at coaching schools conducted by the nation's leading authorities.

Since he has been at Cisco, Chapman has sent the Loboes to the state finals once, to the semi-finals twice, and has been a leading contender for the Oil Belt title five years, tying for first place twice and gaining second place twice, finishing third one year. He resigned his position at Cisco at the end of the 1930 season, after his team had tied for first place in the district race and lost the playoff.

Chapman has attended five football coaching schools conducted by Knute Rockne, three by "Pop" Warner, two by Jack Meagher, one by Bob Zuppke, one of Dobie of Cornell, one by Hanley of Northwestern, one by Charley Bachman, and one by Howard Jones of Southern California. He has attended basketball coaching schools by Dr. Meanwell of Wisconsin, "Phog" Allen of Kansas and Lambert of Purdue. An authority and a qualified track coach, Chapman has had instructions in track in schools conducted by Gill of Illinois, Schulte of Nebraska and Hurt of Oklahoma Baptist University.

Friend of Rockne

A personal friend of Knute Rockne and Glen S. Warner, Chapman presented a long letter of recommendation from the pen of the latter, along with nearly half a hundred other letters of high commendation from popular coaches and sportsmen.

Good Pitching Increased By Use Of New Baseball

EIGHT MAJOR LEAGUE PITCHERS GO FULL ROUTE YESTERDAY

BY HUGH S. FULLERTON, JR.
(Associated Press Sports Writer)

Fans who haven't already forgotten the pre-season hullabaloo over the new baseball used in the major leagues this year may well wonder after two days of big time play what effect the altered sphere is having.

It seems evident that the ball still is lively as the home runs are made at their usual rate, but good pitching performances appear on the increase as well. Eight pitchers went the full route in the two major leagues yesterday, an unusual number for the second day of the season.

Share Hurling Honors

"Bump" Hadley of Washington and Burleigh Grimes, veteran spitballer of the St. Louis Cardinals, shared the topmost hurling honors. Hadley limited the world's champion Philadelphia Athletics to four hits while the Senators fell on big George Earnshaw for five runs in the fourth inning and a 7 to 1 victory. Grimes pitched the year's first shutout, setting the Cincinnati Reds down with seven blows as the Cards won 4-0. Red Lucas went the route for Cincinnati.

Bob Smith of the Chicago Cubs and Claude "Weeping" Willoughby of Pittsburgh staged a full length duel, the Cubs winning their second straight 6 to 5. Manager Rogers Hornsby provided the winning run with a homer.

Continuing the surprises of the opening day, the Boston Braves and St. Louis Browns each won a second successive game and joined the Cubs, Cardinals and New York Yankees in the top positions of the two leagues.

Although both were hit rather freely, Sammie Gray of St. Louis bested Waite Hoyt of Detroit to gain a 6 to 4 triumph. Both hurled the full game. Selbold held the Brooklyn Robins to eight hits to give the Braves a 9 to 3 triumph. The Braves hit safely 17 times and the Robins contributed seven errors. Their infield work, with Thompson and Wright both on the sick list, was especially weak.

The two New York teams figured in the leading slugging contests. With Lou Gehrig's first home run as the big blow, the Yanks scored five runs in the first inning then barely outlasted the Boston Red Sox, putting over a run in the ninth to win 8-7. Henry Johnson failed to last after fanning 12 Boston batters. The Phillies slammed five Giant pitchers and scored eight runs in the second inning to triumph 10-7. Chuck Klein's third homer in two days was the feature.

In the remaining game, the Chicago White Sox squared their series with Cleveland by a 7 to 6 tenninning victory. The Sox were out-hit 16-10.

MAX WILL REST UP FOR BATTLE

SOUTH BEND, Ind., April 16. (AP)—Having received formal notification that his first effort in defense of the heavyweight championship will be made July 3 at Cleveland against Young Stribling, Max Schmeling today went to French Lick Springs, Ind., for a two weeks rest.

The German titleholder and his manager, Joe Jacobs, yesterday were told by Dick Dunn, who will handle the fight for the Madison Square Garden corporations of New York and Ohio, that the new municipal stadium at Cleveland had been selected as the place of the battle.

GAR WOOD PILOTS MISS AMERICA IX AT SPEED OF 102 MILES PER HOUR

MIAMI BEACH, Fla., April 16. (AP)—Gar Wood piloted his Miss America IX at a speed of 102.534 miles an hour on way over the measured mile course in Indian Creek here today in the first of a series of runs in which he hopes to break the world's speedboat record.

After several runs to warm up the motors, Wood sent his craft roaring southward over the course, covering the measured mile in 40.43 seconds. Odis Porter, timer for the American Automobile Association, placed his speed at 102.534 miles an hour.

On this second run, made northward over the nautical mile course, Wood was clocked at 40.51 seconds for a speed of 102.331 miles an hour.

Immediately after completing his second run, Wood piloted his boat into his dock and ordered his mechanics to change spark plugs and ball out awter that splashed into the craft during the runs.

The record is 103.49 miles an hour set recently by Kaye Don of England.

SMALLPOX TREATED

HOUSTON, April 16 (AP)—Twelve cases of smallpox were under treatment today at Pelly, a town near here, health authorities said. Seven residences were under quarantine. General vaccination will be sought.

DERBY RACE IS MONTH AWAY

SEVEN OF ELIGIBLES IN KENTUCKY RACE ARE WITHDRAWN

LOUISVILLE, Ky., April 16. (AP)—With the Kentucky derby exactly a month away, seven of the 130 eligibles have been declared out of the race for various reasons.

Back Log and Oswego, prominent nominees owned by Gallaher and Combs, and Aerial Prince, A. L. Ferguson's eligible, contracted ailments at Lexington and were withdrawn from training. Lord Swift, an imported non-starter, has not developed fast enough and C. B. Shaffer has decided to save him from the Arlington classic and American derby late in the year. Others withdrawn are Herbert M. Wolf's Porternesia, E. B. McLean's Skiffy and James E. Ellis' Leros.

Honors for the fastest mile workout to date and held jointly by Sweep All, owned by Charles T. Fisher, and Joey Bibb, C. C. Van Meter's candidate. Both have breezed the distance in 1:42 3-5 at Lexington. They clipped a fifth of a second off the best mark of Pittsburger, T. E. Mueller's big colt, which was set at Churchill Downs, a faster track than the Lexington oval.

Kentucky racing will begin at Lexington Saturday with prospects that no derby eligibles will start in the opening day feature, the Ben Ali handicap, though several have been nominated. The race is over the futurity course, and owners of derby eligibles prefer not to start their hopefuls against older horses except in races near the the derby distance.

Ens Has Troubles With His Pitchers

CHICAGO, April 16. (AP)—Manager Jewel Ens is having trouble in getting his Pittsburgh Pirates started due to the weakened condition of his pitching staff.

Remy Kremer and Ery Brame, two of his starting hurlers, are ill and Heinie Meine was nominated for today's battle with the Cubs with Glenn Spencer due for tomorrow.

Emerald mines are being offered for rent by the Government of Colombia.

READY TO TAKE NEXT FLING AT RIVALS

FORT WORTH, HOUSTON AND DALLAS WIN IN THEIR OPENERS

BY BILL PARKER,
Associated Press Sports Writer.

The Texas league's three pennant favorites, Houston, Fort Worth and Dallas, opened the 1931 championship race Wednesday with victories, and Thursday were ready to take another fling at their respective pennant enemies.

Of the seven outstanding pitchers who were assigned to opening battles only three, Herb Thormahlen of Galveston, George Washington Payne of Houston and Dick McCabe of Fort Worth, finished. Harold Carson, San Antonio's starting hurler, was not a winner last year, and was not expected to finish. He lived up to expectations.

About 25,000 Attend

An estimated combined attendance of 25,200 fans saw the four opening battles. Galveston's estimated crowd of 8,600 paced the opening day trophy seekers, but Dallas, Fort Worth, Houston and San Antonio have yet to stage their opening days. Estimated attendances were: Shreveport, 4,600; Galveston, 8,600; Beaumont, 7,000, and Wichita Falls, 5,000.

As for the games, they were both good and bad. Happ Morse's Dallas Steers stopped the the Shreveport Sports 10 to 7 with five earned and five unearned tallies. Lee Meadows lasted only four innings for the Steers, giving up eight hits and six runs. Oscar Thero pitched six beautiful innings for Shreveport, but erratic support sent him to the showers in the sixth. Leo Cotter for Dallas, and Pete Lapan for Shreveport, clouted home runs.

Catch Saves Bucs

A sensational catch by Harvey Ballew in the ninth inning of Nash's line drive which started a double killing, saved the Buccaneers and gave them a 5 to 4 decision over the San Antonio Indians. But for Ballew's fine catch, the Indians would have tied the score.

Herb Thormahlen not only started but finished for Galveston although he weakened perceptibly in the fading innings.

Puccinelli, Houston's robust pasture guardian, was the big shot for the Buffaloes in their 7 to 4 win over Beaumont. He drove in four runs, and chipped in with a home run. Payne was touched for nine hits, but Beaumont could not bunch them for a worth while rally. Manager Del Baker sent Goldstein to the Exporters mound, but Isadore found the strain too great and went out after giving up six hits and five runs in one inning.

The Fort Worth Cats, 1930 Texas league and Dixie series champions, banged Milt Steengrafe, Wichita Falls starting pitcher, from the mound and treated Hillin and Vincent just as rough to take a 11 to 0 game from the Spudders. The Cats accumulated 16 hits, the longest being a home run by Yam Yaryan in the fifth frame with one on. Dick McCabe, who won 20 games for the Cats last year, let the Spudders down with 8 hits.

MANAGERS AND TEAM MEMBERS WILL MEET TONIGHT TO DISCUSS PLANS

Managers and team members of all baseball organizations which propose to be identified with the Lubbock City Baseball league are requested to meet tonight at 8 o'clock in the chamber of commerce rooms at the City hall.

A schedule will be discussed at that time, as well as a playing and practice park for the league, price of admission, team limit and player limit, means of financing and procuring uniforms.

Dutch Leuenberger, president of the league, states that it is important that each team be represented tonight. The playing season probably will begin within the next two weeks.

Women Are To Seek Swimming Records

NEW YORK, April 16 (AP)—Three championships are to be decided in the pool of the Women's Swimming association tonight as girls from all over the nation start pursuit of National A. A. U. women's indoor swimming titles.

Helene Madison, 17-year-old speedster from the Washington A. C., Seattle, whose first eastern appearance is the feature of the championships, is to try for her first new title and record in the 100-yard free style, a strong favorite to win. The 300-yard medley swim and the low board fancy dive are the other events on tonight's program. The championships will be continued at the Women's Swimming association Saturday and Sunday after moving to the Brooklyn Central Y. M. C. A. tomorrow.

In a kite-flying contest among students at Austin college, Sherman, Texas, one "entry" remained aloft 12 hours.

MAN IS FINED

SAN ANTONIO, April 16 (AP) — Will Stanush of Leming was fined and costs, a total of $15.50 here today on a charge of driving cattle from a tick infested county into Bexar county, which has been freed from quarantine. Stanush was alleged to have driven the cattle here from Atascosa county.

REPORT UNFAVORABLY

AUSTIN, April 16 (AP)—The house committee on highways and motor traffic reported unfavorable last night a bill by Representative Kayser of San Antonio which proposed to repeal the statutes authorizing the state highway patrol.

American gloves are being worn in South Africa.

Backache bother you?

If miserable with backache, bladder irritations and getting up at night, don't take chances! Help your kidneys at the first sign of disorder. Use *Doan's Pills*. Successful for more than 50 years. Endorsed by hundreds of thousands of grateful users. Get Doan's today. Sold by dealers everywhere.

DOAN'S PILLS
A DIURETIC FOR THE KIDNEYS

Itchy Toes
and Ringworm, Athlete's Foot
Why suffer from the queer skin disease causing severe itching of toes and feet, cracking, peeling skin, blisters, Ringworm, Trench Foot or Athlete Itch, when you can avoid intense itch and quickly heal your skin with Dr. Nixon's Nixoderm? Based on the famous English Hospital formula, discovered by a leading London skin specialist, Dr. Nixon's Nixoderm acts with amazing speed, because designed for this particular skin disease. Nixoderm is guaranteed. It must stop itch and quickly clear your skin or the small cost will be refunded.

Rates, Rules and Requirements of Classified Advertising Of The
Lubbock Daily Journal (Afternoon)
Lubbock Morning Avalanche (Morning)
Sunday Avalanche-Journal (Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating in the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL Combined Rates:
Minimum words, per insertion, 10.
One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Six insertions, per word 12c
Thirty insertions, per word 45c
These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1½c per word each.

All out of town ads, received by mail must be Cash with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only. No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisements under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 5:30 P. M. on week days, and 5:30 P. M. on Saturdays, and all advertising received after 5:30 P. M. will be placed under "Too Late To Classify."

For classified display advertising information,

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue an Ad must be given after 8 A. M. and before 5 P. M. to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these hours, and to a member of some other Department.

DAILY MARKETS

Stock Market

WALL STREET REPORT

NEW YORK, April 16. (AP)—Liquidation in the stock market showed signs of drying up after the initial transactions today and by the end of the first half hour, the list was inclined to rally.

There was a considerable carry-over of selling from the previous session as the market opened and there were numerous declines of 1 to 5 points, but these were soon modified and a few shares showed gains.

U. S. Steel sold off 5-8 to 132 3-4, within 3-8 of its 1928 low, before recovering. Initial losses of 1 point in American Can and 1 3-4 in Allidie Chemical were erased, and Fox gained a point, reflecting the statement of the president at the annual meeting that no reduction in the dividend was contemplated. Case and New York Central made similar gains and General Motors moved up fractionally. Libbey Owens rose 2 to a new high.

During the early selling, Safeway Stores lost 5, and issues off 2 or more included Eastman, Columbian Carbon, Western Union and Houston Oil. American Telephone, North American and Southern Pacific were among shares losing a point or so.

Sterling cables opened steady at $4.85 7-8, but the Argentine peso broke badly.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Dairy Products—Sell Ice Cream company and Mistletoe Creamaries; Grain—S. E. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton — Blocker Cotton company. All prices subject to change during day.

Lower grades 6c-7c

Grain Market

CHICAGO REPORT

CHICAGO, April 16 (AP)—Influenced by unlooked for setbacks in Liverpool wheat quotations and by lessened export demand for North American wheat, grains tended downward early today. Fresh low price records for securities counted also as a bearish factor. Opening 1-4 to 3-8c off to 1-8c up, wheat afterward receded all around. Corn started at 1-8 to 3-8c decline and subsequently sagged further.

Livestock Market

LUBBOCK LIVESTOCK

The following report furnished by McDonald Packing Co.

Calves: Choice white face $6.00 to 6.50; good medium 5.00 to 6.50; common and dogies 2.50 to 3.50; yearlings and heavy heifers: Choice 3.50 to 4.50. Cows: Choice 2.50 to 3.50; good medium 2.00 to 2.50; common and cutters 1.50 to 2.00. Bulls: Heavy butchers 2.50 to 3.00; heavy bolognas 2.00 to 2.50.

Hogs: Choice butchers 7.00 to 7.25; choice light weights 6.50 to 7.00; choice heavies 4.50 to 5.00; packing sows 4.00 to 4.50; stocker pigs 5.50 to 6.00.

FORT WORTH REPORT

FORT WORTH, April 16 (AP)—(U. S. Dept. Agr.)—Hogs: 1,200; steady to 10 higher; rail and truck top 7.40; rail butchers 7.35 to 7.40; bulk 170 to 250 lb truck hogs 7.35; packing sows 6.00 to 6.50, or steady.

Cattle: 1,200; slaughter steers about steady; plain grades 4.60 to 5.50; butcher cows 3.00 to 3.50; fat yearlings and sausage bulls lacking; butcher heifers under 5.50; slaughter calves steady, heavies up to 6.00, other weighty averages around and under 5.25.

Sheep: 500; spring lambs 25 higher; other classes steady to strong; spring lambs 8.25 to 8.75; shorn fat lambs 6.00 to 6.50; fat yearlings 5.00 to 5.25; fat wethers mostly 4.50; aged fat wethers 3.00 to 3.25; fleshy feeder lambs 5.75.

A new airplane for carrying freight in Europe has a wing span of 95 feet, and its capacity is three tons.

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, April 16 (AP) — Cotton here had a steady opening today in sympathy with better Liverpool cables, first trades showing no change to two points up. Prices soon lost this opening gain on a recurrence of weakness in the stock market, but promptly rallied again, July trading up to 10.45 and October to 10.76, or 3 to 4 points above yesterday's close.

At the end of the first hour the market was steady and at the highs.

The market, after gaining in the first half of the morning on fair trade buying, July advancing to 10.46 and October to 10.78, or five points above yesterday's close, gradually eased off. The easier tone was due to some early reaction in stocks and July declined to 10.37 and October to 10.70, or eight to nine points down from the highs.

Near noon however, the tone was steadier and prices rallied two to four points from the lows.

Trading was decidedly quiet.

NEW YORK REPORT

NEW YORK, April 16 (AP) —Cotton opened steady today 1 to 4 points higher in response to relatively steady cables. There was some further May liquidation and some selling of later months by local traders or commission houses but it was readily absorbed by trade buying and covering, with prices working up another few points during the early trading.

May advanced to 10.19 and October 10.77 with the market ruling about 4 to 6 points net higher at the end of the first half hour. Liverpool cables reported continental buying and trade calling supplied by realizing at the advance. Egyptian futures in Alexandria were 3 to 8 points higher and the quotation for Indian spot cotton in Liverpool was unchanged.

Demand tapered off after the early advance of 4 to 7 points, and the market became slightly easier under some further liquidation There may have been some selling on the favorable weather map and reports of weakness in the stock market. May eased off from 10.20 to 10.12, and October to 10.72. The midday market was within a point or two either way of yesterday's close.

NEW ORLEANS OPEN

NEW ORLEANS, April 16. (AP)—Cotton opened steady today: May 10.17; July 10.41; October 10.74; December 10.97; January 11.09; March 11.31-bid.

NEW YORK OPEN

NEW YORK, April 16. (AP)—Cotton opened steady today: May 10.45; July 10.41; October 10.74; December 10.97; January 11.07; March 11.29.

SPAIN

Continued From Page One

less than delirious holiday of celebrating the new republic.

The new cabinet was tackling the formidable mass of details and general problems which were demanding the attention of the government.

Trouble Subsides

Communist disturbances which had flared at Seville, Barcelona and Bilbao seemed to have subsided.

Order continued in Madrid. The police wore the red arm bands of the republic and republican or red flags floated everywhere.

It seemed strange to see no civil guards on the streets. They were still on duty, but they were being made as inconspicuous as possible on the streets because heretofore the civil guards always represented the force which was aimed at suppressing the republican movement. They are crack nation-wide military police, whose tradition is to obey the government and preserve order, whatever the government may be.

Theoretically they will now fight for the republic as they fought for the monarchy. The republicans, nevertheless, have created their own volunteer civilian republican guards which are not yet in uniform and are distinguishable only by red arm bands.

Emblems of royalty of all kinds were everywhere either disappearing or being covered with red or republican colors. A big problem still remained, however, to get rid of all monarchical stamps, coins and currency.

CHARGED WITH MURDER

EASTLAND, April 16. (AP)—Harry and Paul Sheehan and Ralph Pancake of Pioneer were held here today on charges of murder resulting from the sudden death of Jack King at Rising Star March 25. King's body was exhumed and the viscera sent to Austin for examination.

BROWNFIELD IS SEEKING AID

FEDERAL DESIGNATION SOUGHT ON STATE HIGHWAY NO. 84

BROWNFIELD, April 16—(Special)—Aid in obtaining federal designation of state highway No. 84 between Plains and Brownfield, and Tahoka, Post, Clairemont and other eastward towns, is sought by the Brownfield Chamber of Commerce, according to J. E. Shelton, secretary.

Recently Mr. Shelton, Roy Burrus and Clifford Pray, went to Abilene and there Mr. Shelton made an appeal to W. R. Ely, chairman of the state highway commission. Last summer, he said, the commission voted to recommend to the federal bureau of roads a federal designation.

Only a few weeks ago the New Mexico highway commission took similar action. It was this that prompted Mr. Shelton to seek action by the Texas group.

No. 84 west of Brownfield to the New Mexico line is a part of U. S. 62, the Carlsbad Caverns highway from Lubbock and points east, through to Carlsbad and El Paso.

Designation sought now would be straight east across the South Plains to form connections with Fort Worth and Dallas through Jayton, in Kent county, south of Spur.

HEMBREE

(Continued From Page 1)

them guilty of attacking, robbing and shooting Leota Bosley Gainesville, Texas, young woman, while the latter was driving from Walters, Okla., to Loco the night of March 9, with a companion, Chad Thurman, Necona, Okla. Miss Bosley was in a critical condition several months after the attack and shooting. Thurman also was shot.

Murray Attacked

In McAlester today Hembree's mother and wife lifted their voices against Governor W. H. Murray, who has refused to interfere with execution plans.

"If he's going through with it, I dare him to come down and see my boy killed," said the mother, referring to the governor.

"Gov. Murray hasn't the nerve to come down and go through this with us," the wife said.

Warden Sam Brown, newly appointed, is scheduled to give the fatal order for the execution.

McALESTER, Okla., April 16.—E. S. (Choc) Hembree, Choctaw Indian, maintained stoical calm today as the hour for electrocution approached.

Hembree, 38 years old, is to die shortly after midnight for shooting and attacking Leota Bosley, young Gainesville, Texas, woman near Loco, Okla., where she was teaching, 13 months ago.

Last night in his cell in the "death row," just a few steps from the execution chamber, Hembree whistled gaily. He smiled, said he wasn't worried and showed little interest in the fact that a sanity hearing—his last chance to escape the "chair"—had not been held.

"Let 'em look at my brain if they want to," he said, adding that he didn't think such a hearing necessary. Hembree took no part in pleas for mercy made for him by members of his family.

His wife and children, his parents and a sister have said their goodbyes.

His brother, A. Y. Hembree, also convicted on the same charges, is free on an appeal bond from a prison sentence.

The young school teacher was in a critical condition for months from the gunshot wound inflicted by her attackers.

FIREMEN

(Continued From Page 1)

materials and processes which have come into use since the World war and since the advent of modern motor fire fighting equipment.

"The fireman of yesterday does not fit into the scheme of things today any more than the old fire station, which was a stable, the steam fire engine or other horsedrawn equipment," he said.

The main benefit derived from the firemen's training school is that it teaches firemen the most efficient method of performing his duties with the least danger to himself and to conserve property while combatting blazes, according to DeWeese.

He urged all cities and towns to send firemen to the school, saying it was an investment that would pay every city a substantial return through increasing the efficiency of its fire fighting units.

American Flier To Make Pacific Hop

TOKYO, April 16 (AP)—Thomas Ash, American flier, announced today he expected to start a trans-Pacific solo flight from Japan late in May, planning to land either in Seattle or Tacoma within 40 hours.

Ash said he would follow the Great Circle steamship route, and, since the flight would involve two nights in the air, he would select a moonlight period.

TO NAME SUCCESSOR

COLUMBUS, O., April 16 (AP)—A primary will be held in August and an election in November in the first congressional district of Ohio to select a successor to the late Nicholas Longworth, Cincinnati, it was officially announced today at Governor White's office.

Bulgaria has started an extensive road-building program.

Looks Easy But We'd Advise You Not To Try It

In Detroit the fair sex is invading the bootlegging field to such an extent that more women are said to be supplying downtown office buildings with Canadian liquor than men. The ladies merely conceal the wet goods on their person, then either board a ferry boat or cross through the vehicular tunnel, or over the Ambassador bridge in an automobile. Customs officers drop the hint, however, that the business isn't as profitable as might be supposed, for sooner or later, mostly sooner, the feminine 'leggers are apprehended. Above models (who AREN'T bootleggers) pose in some of the devices confiscated by customs men from feminine dry law violators. Among the favorite contrivances are suspenders and old-fashioned corsets with steel stays, as shown above.

Brookhart Scores Soldiers' Drinking

NEW YORK, April 16 (AP) —Senator Smith W. Brookhart, Republican of Iowa, returning from the Canal on the army transport Chateau Thierry yesterday, renewed his charge that American soldiers in uniform frequent liquor resorts in Colon and Panama. He characterized the conditions as "outrageous" and a "disgrace to the United States uniform," and announced he would introduce a bill to prevent it at the next session of congress. Conditions generally in the canal zone pleased him.

Find Money Lost Since Ship Crash

COTTONWOOD FALLS, Kas., April 16 (AP)—Recovery of the $58,000 which H. J. Christen of Chicago was at first believed to have carried in the plane crash near Bazaar, Kas., fatal to him, Knute Rockne and six others, was reported today to Dr. Jacob Hinden, coroner, in a letter from Murray Miller, Christen's attorney.

"I am happy to state that we have located over $58,000 in cash in a safety deposit box," Mr. Miller wrote.

Tech Convocation Held This Morning

Principal speaker at first convocation of the spring term this morning at Texas Technological college was Dean R. L. Sackett of the engineering faculty of Pennsylvania State college at State College.

Dean Sackett is chairman of the national committee on education and training for the industries of the American Society of Mechanical Engineers, and is regarded as an outstanding teacher of engineering.

Convocation began at 11 o'clock in the college gymnasium. Eleven o'clock classes were dismissed.

PERMIT ISSUED

Erection of a one-story warehouse at 1717 Avenue H. at a cost of $350 was authorized by issuance of a permit today at the city building inspector's office to J. W. Pinkston. The permit was the sixth of the week, fifteenth of the month and fifty-fifth of the year. Respective total valuations of building authorizations during those periods were $8,900, and $14,430 and $219,105.

Mayor Of Pinewood, S. C. Is Murdered

PINEWOOD, S. C., April 16 (AP)—Mayor E. Clyde Geddings, of Pinewood, was killed last night as he sat in his home. An unidentified assailant fired a shotgun through a window.

H. C. Scott, chief of police, expressed belief the mayor's crusades against prohibition law violators was the motive.

Marathon Dancer Is On Way To New York

A local marathon dancer, Lewis Walker, who recently danced from Lubbock to Slaton and back, expected to leave by airplane today for Dallas en route to New York City.

Walker said he would travel by air to Dallas with Mr. and Mrs. Ben Branson, Lubbock pilot and his wife. Upon arriving in New York, Walker said he would confer with several promoters in connection with a proposed transcontinental dance, to begin May 8, at New York City and end August 15 at Los Angeles.

Report 180 Killed By Chinese Bandits

TSINAN, Shantung, April 16 (AP)—Reports that 180 out of the 200 persons in a village near Tenghsien, Shantung, had been massacred by bandits as a revenge measure were received here today.

Advices said the bandits wiped out the village because its populace had opposed them on a previous occasion when they attempted to loot the settlement. The villagers were said to have fallen in resisting the second attack.

Mrs. Metcalf Dies At Wichita Falls

Mrs. L. S. Metcalf, 61, wife of L. S. Metcalf of Lubbock, died unexpectedly at Wichita Falls Wednesday, according to word received here. She had only been in Wichita Falls a few days.

The body is being brought overland from that point by Bynum-Morgan funeral home and is expected here late today.

Besides Mr. Metcalf, she leaves two sons, Wiley L. Metcalf, city fire marshal of 2105 14th and Rayburn Metcalf of Slaton.

Mr. and Mrs. Metcalf have lived on the South Plains for the past ten or twelve years and only a few months ago moved here from Wilson. Funeral arrangements have not been completed.

PIONEER DOCTOR DIES

BAIRD, April 16 (AP)—Dr. R. G. Powell, 74, who began practicing medicine here in 1882, died here last night. Several years ago he served as a member of the state legislature.

Leather coats are just becoming popular in New Zealand.

CITY'S PARKS IMPROVED

TWO CARS OF TREES AND SHRUBBERY ARRIVE HERE

With two cars of shrubbery and trees for city parks received and additional material expected, a rapid change is being made in the appearance of the playgrounds of Lubbock, C. H. Mahoney, chairman of the park board, said.

The new shrubs are to be used on the South Side park and the negro park. The South Side park is in block 16 of the South Side addition and is located between 23rd and 24th streets and between Avenues K and L.

The negro park is in block 14 of the Wheelock second addition and is east of the old baseball park and south of the cotton mill.

Playground equipment has been ordered for Pioneer park, located between Avenues T and U and Seventh streets. Also some has been ordered for the negro park and the South Side park.

So far no work has been done on Highland Heights park, located between 26th and 27th streets and Avenues W and X.

THREE ARE DROWNED

ROBKERVAL, Que., April 16 (AP)—Mrs. Elzar Tremblay, 52, her son, Paul, 18, and her six-year-old nephew were drowned here yesterday when the ice broke under them while they were crossing the Mistassiki river.

Queen Mary was one of the most frequent and enthusiastic visitors to the recent exhibit of Persian art in London.

Selling Standard Nationally Known Men's Wear

(See Our Windows)

It's been ten years since you've had clothing values like these.

Here are a few of the achievements of 1931

Phalanx Worsted Suits

Hart Schaffner & Marx created these suits to give you all the value you formerly got at $50. Phalanx Worsted Suits answer West Texas' demand for a suit that will wear, priced less than $50. They present a new value standard at

$42.50

Two Trouser Suits

Two trouser worsted suits that have always sold before at $42.50 and $45.00—remarkable fabrics for wear and style in University and young men's suits. There is more value in these Hart Schaffner & Marx suits than you've ever met before at

$35.00

The prices are lower, the quality in most cases is better. You get more for your money at $28.50—or at $75 in every Hart Schaffner & Marx suit.

Satisfaction or Money Back

Hemphill-Wells Co.

ROTARIANS TO BE HEARD

OUTSTANDING MEN ON PROGRAM FOR MEET AT PLAINVIEW

(Special To The Journal)

PLAINVIEW, April 16.—Among the outstanding Rotarians who will address the 41st District Rotary conference at Plainview April 20 and 21 are Walter D. Cline of Wichita Falls, past district governor 41st district and past first vice-president Rotary International, and Allent Street of Oklahoma City, past district governor 12th district and past vice-president Rotary International.

Mr. Street will speak at 11:25 Tuesday morning before the general sessions of the conference. His subject will be "A Rotarian's Obligation to his Club, to his Craft and to his Community."

Known For Work

Mr. Cline's address will be the main feature of the program for Tuesday afternoon sessions. At 1:40 p. m. he will speak on "In Our Lifetime." He is known not only for Rotary work, but in every kind of community betterment work. He is active in Shrine and other Masonic work.

The opening day's program will be featured by an address by Almon E. Roth, president of Rotary International, who will be in attendance throughout the conference.

Raymond H. Nichols of Vernon, governor of the 41st District, will make his annual report of the activities of the district for the year which will be featured in his address on Sunday morning.

Other outstanding speakers at the general conference sessions include Lewis D. Fox, secretary of the Fort Worth Rotary club who will talk on the Vienna International convention; R. E. Jackson of Denton, and N. S. Holland of Breckenridge.

Luncheon group meetings Monday will be held for the discussion on club service, vocational service, community service, and international service.

More than $700,000,000 is to be spent on public projects in Great Britain.

JUDGING AT TECH SLATED SATURDAY

The fifth annual freshman livestock judging contest will be held at Texas Technological college Saturday morning, beginning at 7:30 o'clock.

Forty per cent of the first-year class in animal husbandry is expected to compete. Dairy cattle, beef cattle, hogs, horses and sheep will be judged.

A gold medal will be awarded by the College Book store to the freshman placing first in the judging.

F. G. Blackman, Technological college graduate and a graduate student at Colorado Agricultural college, and R. B. Davis, graduate of Texas A. & M. college and county agent of Hale county, will be the judges.

Seniors in the agricultural school will conduct the contests and juniors will tabulate results. To be eligible, freshmen must have completed one course in animal husbandry.

Posey Pupils Are Guests At Barbecue

Posey school pupils Wednesday were guests of P. G. Meading, a farmer of the community, and Ernest Henderson, principal of the school, at a barbecue at the county park here. Parents and patrons also were guests. Posey is about five miles from Slaton and ten miles southeast of Lubbock.

Between 125 and 150 children and their parents and friends came up in automobiles to the park and were guests of the two men. More than 200 pounds of barbecue and an abundance of bread, coffee, pickles, lemonade, cake and pie were also provided.

J. M. Morrison, of the Posey community returned thanks. Many of those here visited downtown during the morning. Serving was at noon.

Teachers in the school are: Ruth Stevens, Margaret Calley and Mrs. P. G. Meading. They assisted Mr. Meading and Principal Henderson in the serving. An informal program was given. There were no set speeches.

Nearly $24,000,000, worth of American sound-film apparatus was imported into the United Kingdom last year.

Wood from America is being used in mine structures in South Africa.

TO NAME HEADS OF CLEANUP

INSPECTION CORPS TO BE SELECTED AT END OF WEEK

Personnel of inspection corps of the city's cleanup and paintup organization will be selected at the end of the week, inspection committee chairmen decided at a meeting Wednesday in chamber of commerce offices. The cleanup campaign will be conducted here from Monday through April 30.

Representatives from eight women's clubs of the city and the local Boy Scouts organization attended the initial committee conference.

Plans Initiated

Preparations for the first inspection, to be made Monday, were initiated. It was agreed that the women would inspect the front yard and the Boy Scouts the backyard and alley. A second inspection will be made April 28, and the final review, April 30, the closing day of the drive, the inspection chairmen were told.

Personnel of the municipal and speakers committees for the campaign were announced yesterday by the general steering committee.

Personnel Announced

J. J. Clements, mayor, was appointed chairman of the municipal committee, and Clark M. Mullican, ninety-ninth district court judge, chairman of the speakers committee.

The municipal committee, which will obtain and supervise operations of trucks for the cleanup, is comprised of Chairman Clements, Homer D. Grant and George E. Benson.

Members of the speakers committee will appear before service clubs, in schools and churches, and at other assemblies.

The campaign speakers and respective clubs follow:

Rotary — George Dupree, Roscoe Wilson, C. C. Crenshaw, W. A. Jackson, R. J. Murray and J. I. Kilpatrick.

Kiwanis—E. L. Klett, W. C. Rylander, George P. Kuykendall, Owen McWhorter, H. D. Woods and Dr. Fred Standefer.

Lions — Dr. S. S. McKay, Dan Blair, Robert Bean, Jess Levens, Benjamin Kucera and E. L. Pitts.

American Business club — R. H. Hester, Ben Powell, Wyatt Hester, Victor Bennett, W. S. Ruffner and C. A. Sheffield.

Granbery To Make Graduation Address

RALLS, April 16. (Special)—Rev. W. R. McCartet, pastor of the First Methodist church, will preach the Baccalaureate sermon for the thirty-six members of the graduating class of the Ralls High school in the City auditorium, May 10.

Dr. J. C. Granberry, head of the history department of Texas Technological college will deliver the graduating address Friday, May 15.

Dr. Granbery is a well known speaker and an authority on sociology and economics.

CHEMICAL GROUP HOLDS BANQUET

First annual banquet of the Chemical society of Texas Technological college was held Wednesday night at the Hilton hotel. Faculty members and about 30 students attended the affair.

A laboratory motif was carried throughout in the arrangements and decorations. Even the tables in the Matador ballroom were stationed in work table style. Food was served in mortars and crusibles and refreshments came in test tubes. M. R. White and Vernon Jones were in charge of the banquet arrangements.

Dr. E. F. George was the principal speaker of the evening. His subject was "The Philosophical Trend in Science."

Other speakers were O'Brain Thompson, president of the society; L. D. Barrick, Nina Marie Wolfe and Alfred Emanuel. Dr. R. C. Goodwin acted as toastmaster.

Dean J. M. Gordon and Dean Mary Doak, of the school of liberal arts, were introduced as guests.

During the course of the banquet, telegrams were received from Dr. and Mrs. W. T. Read, Loy Cross, Jerome Sanders and Paul LeForge. Dr. Read, now dean of the school of chemistry Rutgers university, formerly was head of the Technological college chemistry department. Cross, Sanders and LeForge were former students at Tech.
