New Location Is Staked In Fluvanna Field

A new location and a completion have been reported in the Fluvanna field of Northwest Scurry County.

James H. Snowden and others will drill the new test as the No. 1 Florence Lanham. Location has been made 662.5 feet from south and 672.3 feet from east lines of section 536-97-H&TC, about two miles northwest of Fluvanna. Rotary tools are to be used to drill to 8,300 feet, starting immediately.

The new location is about a half mile west of the latest producer, Superior No. 1-537 W. F. Mathis.

The No. 1-537 Mathis was completed for a flowing potential of 164.76 barrels of 42.5-gravity oil. Production is through perforations in the Strawn. The potential test covered a 24-hour period with the well flowing through a 16-64th-inch choke. Gas-oil ratio was 258-1. Tubing pressure was 190 pounds.

The No. 1-537 Mathis is 1,980 feet from south and west lines of section 537-97-H&TC.

Tachen Islands Hit By Reds

TAIPEH, Formosa (AP)—The Chinese Nationalist Defense Ministry said Communist planes today bombed the Nationalist-held Tachen Islands, about 200 miles north of here, for the first time.

The ministry said one raiding plane was shot down.

The announcement didn't say how many Red planes took part, nor did it mention damage or possible casualties. The Tachens are off the Chekiang Province coast about 160 miles southeast of Hangshow.

The ministry also reported Communist Chinese on Toumen Island were bombarding Nationalist-held Yikiang (Orion River Mountain) Island. Both Islands are northwest of the Tachens a few miles off the Chekiang coast.

The Tachens, two main Islands—the upper and lower—are believed garrisoned by over 20,000 Nationalist troops and guerrillas. The civilian population is about 30,000, mostly fishermen.

The Nationalists have said they expected a Communist attack on the Tachens. They recently reported Communist war vessels had arrived at the nearby Chusan Islands from North China.

Today's Red shelling of Yikiang Island was the heaviest yet reported there, raising the possibility that the Reds might want to use Yikiang as a stepping stone to the Tachens.

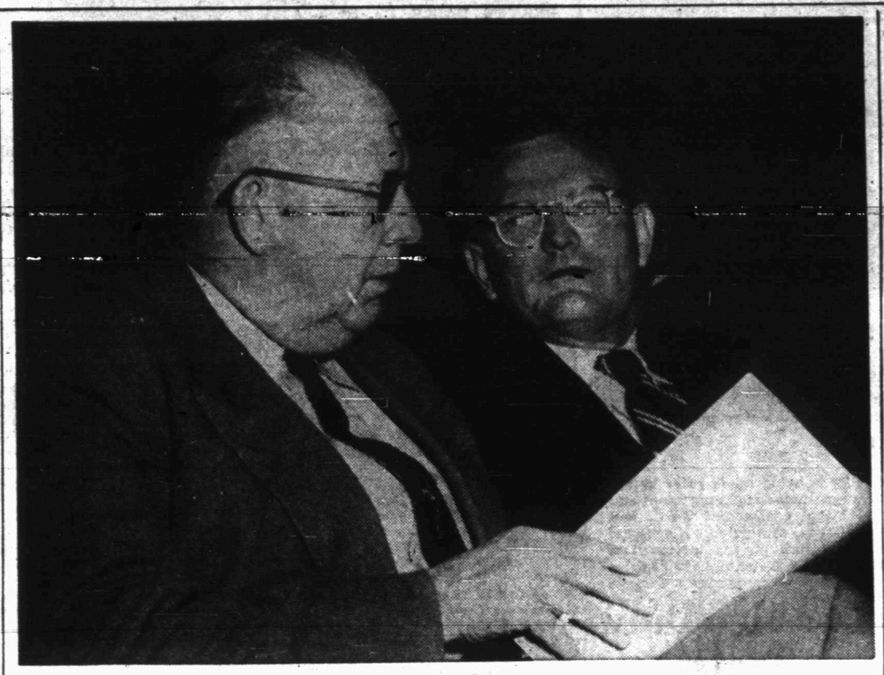

City Tax Payments Show Hike Over '53

City tax collections for the first full month of the current pay period showed a sizable increase over collections for the same period last year, J. D. Scott, assessor-collector, said.

The total of collections, including current taxes, delinquent taxes, and penalties and interest on delinquent taxes, during October this year was $50,227.16. The collections during October 1953 totaled $45,451.67.

Delinquent tax collections during October 1953 were $702.36, and penalties and interest were $116.61.

City taxes may be paid anytime through January 31, 1955, without penalty and interest.

Lyle Deffebach, left, president of the Scurry County United Fund, briefs Dr. Cecil Yarbrough, superintendent of schools here and newly-appointed campaign chairman for the fund's first drive, on work done so far in preparation for the campaign. The United Fund is now working toward possible kickoff of the first drive by Nov. 15. Its headquarters will be opened early this week at 2508 Avenue R. (Lee Watson photograph)

Yarbrough To Head UF Drive

Dr. Cecil Yarbrough, superintendent of the Snyder Independent School District, has been appointed general campaign chairman for the coming first annual drive of the Scurry County United Fund.

Yarbrough has been active here in several drives of various fund-raising agencies. The United Fund was organized with the goal of establishing all of those agencies in one united effort each year in their drives.

Lyle Deffebach, president of the United Fund here, said the organization hopes to have its headquarters open here by tomorrow. The office is being set up at 2508 Avenue R, the former location of Rogers Men's Wear on the east side of the courthouse square.

Various committees of the United Fund have been holding meetings lately to get ready for the first campaign, and more meetings are on schedule. At 7:30 o'clock tonight, Deffebach will meet with the board of directors at Ballard's Cafe to make definite plans on the campaign. The campaign committee, headed by Bob Wilson, met Friday, when Yarbrough was chosen to head this year's drive. Dan Eddy of Dallas, representative of the Salvation Army and one who gave aid in organization of the United Fund here, will be at tonight's board meeting.

Scheduled to meet at 4 o'clock this afternoon in the Chamber of Commerce office was a subcommittee of the budget and admissions committee. Included on the sub-panel are Malven Stevenson, committee chairman, Ralph Geisenhoner, Haskell Beard, Herman Doak, and Russell Yorgesen. This group was to study the over-all program of admissions and budgets of agencies which have indicated they wish to participate in the United Fund. Stevenson said a meeting of the entire committee is planned in the near future, when representatives of some of the agencies may be called in to discuss their particular budgets or programs.

Deffebach said that all workers in the fund have been cooperative in giving their time to planning. He expressed the hope that this year's drive can actually get underway by Nov. 15. Much work must be done before it can be started, he said.

Bowles Denies Negro Attack

WASHINGTON (AP)—Bryant W. Bowles, president of the Association for the Advancement of White People, entered a plea of innocence today to a charge that he beat up a Negro letter carrier.

Bowles, 35, entered his plea before Judge George D. Neilson in Municipal Court.

After entering his plea, Bowles asked for a conference with Asst. U.S. Atty. Kenneth D. Wood.

Wood agreed to the conference to hear Bowles's side of the case and determine whether to go ahead with the prosecution. Wood said that such conferences usually were granted when requested by a defendant.

Bowles is accused of beating up Roscoe V. Cooper, 39, in the lobby of the building where Bowles's pro-segregation organization has its headquarters.

Bowles and his wife, Lois, have filed a charge of disorderly conduct against Cooper. They alleged Cooper used profane and abusive language to Mrs. Bowles. Cooper is scheduled to be tried Thursday.

Sentences Of 4 Suspended

NEW YORK (AP)—Four Puerto Rican nationalist leaders who previously pleaded guilty to seditious conspiracy charges got off with six-year suspended sentences today.

Last Tuesday 13 other Nationalists convicted after a trial got similar six-year sentences, but were ordered to serve them.

Today's sentences were set by Federal Judge Lawrence E. Walsh, who also placed the quartet on probation for five years.

Three of the four testified in the trial. U.S. Atty. J. Edward Lumbard said he felt all were "entitled to consideration in view of the full cooperation they gave the government" and the judge said "they have set themselves on a course of rehabilitation."

The four are Angel Luis Medina, 26, Chicago; Carlos Aulet, 28, Chicago; Francisco Cortes Ruiz, 32, of Ponce, Puerto Rico, and Gonalo LeBron Sotomayor, 33, Chicago.

Jury Dispute Is Ignored In Sheppard Trial

By WILLIAM NEWKIRK

CLEVELAND (AP)—The Sheppard murder trial temporarily bypassed a legal dilemma over a juror with a purported police record today, and went ahead with the business of finding two alternate jurors.

The disputed juror, James R. Manning, a real estate agent and father of three, showed up in his regular seat this morning, hunching forward in his chair and nervously staring straight ahead.

The prosecution says Manning failed to disclose he was convicted on a morals charge 11 years ago and this could mean having to start the trial of Dr. Samuel H. Sheppard all over again.

Manning's pastor, Rev. G. R. Naumann, appeared in the court this morning, too, and talked with Judge Edward Blythin briefly before proceedings began.

The Rev. Naumann, pastor of St. Luke's Evangelical Lutheran Church, told reporters Manning wants to be excused "with as little legal difficulty as possible."

Before today's proceedings started, Assistant County Prosecutor John J. Mahon said he would ask Blythin to unseat Manning on grounds he testified at his morals trial.

This, if true, he said, would show Manning lied before he was seated, since he swore he had never been a witness in a court case.

In fairly short order—and amid considerable courtroom laughter the first of the two alternate jurors was seated this morning.

The new alternate, a husky tractor plant foreman named Jack H. Hansen, was being asked by defense attorney Fred W. Garmone whether he had been influenced by other people's opinions on the case.

"I won't ask you what your mother-in-law's opinion was," said Garmone.

Hansen chuckled and replied: "I wouldn't believe her opinion, anyhow."

Then Garmone wanted to know whether Hansen could be influenced by his wife's opinion.

In a meek voice, his expression entirely serious, Hansen answered: "No, sir."

Search Is Widened For Missing Plane

NEW YORK (AP)—The Navy threw 200 planes and 25 surface craft into a wide-ranging search today for a big Navy transport aircraft missing over the Atlantic with 42 persons. It had not been heard from since late Saturday on a flight from Maryland to Africa via the Azores.

Planes from England, the European continent, North Africa and the United States joined in a needle-in-the-ocean hunt. They swept back and forth across a 120-mile band, on the great circle route from the Jersey coast to the Azores.

The Weather Bureau in New York said water temperatures in the search area ranged from the mid-50s up. To the south the sky was clear, but in the northern, cooler parts of the ribbon of ocean there were thunderstorms today.

The missing plane carried 21 passengers, including two women, wives of U.S. officers, and five children. There were 21 crewmen aboard because the big ship was carrying an extra complete crew to the Azores to pick up another plane.

The four-engine Lockheed Super-Constellation was last heard from at 11 p.m. Saturday, two hours after it had taken off from Patuxent River Naval Air Station, Md. At the time it was 300 miles at sea.

The flight was the second attempt made by those aboard to get to the Azores and Port Lyautey in Africa. The Navy said they had taken off earlier Saturday in another plane but had to turn back 2½ hours later when the plane developed trouble. They transferred to the now missing plane and started out again.

A vast Navy and Coast Guard search for the plane started early yesterday after shore bases failed to receive the regular hourly flight report.

Navy officials said the plane had only enough fuel to stay in the air until 10 a.m. yesterday. By evening they announced that it was "presumed lost."

The Navy said the plane was equipped with five life rafts, each designed to hold 20 men. There were also 102 life preservers aboard.

The missing aircraft was hunted along a 120-mile band stretching from the U. S. Eastern Seaboard across the Atlantic to the Azores. Taking part in the effort were two aircraft carriers, nine destroyers, four transports, two Coast Guard cutters and hundreds of planes.

The missing transport plane carried a 21-man crew and 21 passengers, including eight civilians and two Air Force officers. The other passengers were Navy men being shipped to new stations.

One entire family was missing with the plane. Lt. j. g. Gilbert Jacobsen, 25, of Brooklyn, was flying to his station in North Africa with his wife Ida, 24, and their 2-year-old twin boy and girl.

Congress Control Riding On Tomorrow's Balloting

GOP Apparently In Uphill Fight

By JACK BELL

WASHINGTON (AP) — Control of Congress appeared to be hanging in a narrow balance today as President Eisenhower and Adlai E. Stevenson prepared to wind up a blistering campaign with appeals for the voters to turn out in force tomorrow.

Republicans were regarded nationally as fighting an uphill battle to retain their present slender control of the Senate and House, won two years ago. Democrats jubilantly were claiming they would sweep both into their camp and take over up to half a dozen GOP governorships.

But there remained an air of uncertainty, generated by disputes over the effectiveness of strenuous last-minute campaigning by Eisenhower and the depth of penetration of what the Democrats called "Red smear" charges against some of their candidates.

From the White House tonight Eisenhower will beam a television (CBS) and radio (Mutual-ABC) appeal to the voters to march to the polls. He will be joined by Vice President Nixon, cast by the Democrats in the role of chief campaign author of the Communist-in-government issue. Nixon speaks from Denver. The program is scheduled for 9 p.m. EST. For the West Coast, the program will be rebroadcast three hours later.

Stevenson, the 1952 Democratic presidential nominee, who has said Eisenhower has joined in a GOP chorus on the issue of domestic communism, speaks by radio (CBS) from Chicago.

His talk is scheduled for 10:15 p.m., EST.

Democrats busied themselves with what National Chairman Stephen A. Mitchell called a "walkathon" in an effort to counter the "10 times 10" telephone drive initiated by Eisenhower Saturday.

Democrats were urged to walk to the homes of 10 neighbors and ask them to vote. Republicans were asked to telephone 10 friends and urge them to go to the polls. There was no accurate indication of the effectiveness of either campaign, despite claims of widespread success. Telephone companies generally reported normal traffic, with increases in some areas.

Democrats conceded privately that they had been hurt in some critical races by the charge that many of their candidates were "left wing." Atty. Gen. Brownell said Saturday night that if Democrats win control of Congress, the new chairmen of committees which deal with corruption and communism would be a "new kind of 5 per center — they supported the President's program only 5 per cent of the time. He did not name them. Brownell said the "big reason" for having a GOP Congress is that "in this field of communism there is much to be done by our federal government."

Democrats remained confident they can count on the "pocketbook" vote in tomorrow's balloting — support from men and women who are unemployed, have reduced income or fear that a depression may be in the making.

Eisenhower and campaigners generally have contended the country is enjoying its best nonwar year but no GOP leader professed to know how effective this reply was.

Democrats counted heavily too on what they labeled as dissatisfaction among farmers at low agricultural prices while the cost of living remained generally high.

And their hopes were buoyed by the tradition that the party in power nationally usually loses congressional strength in off-years.

As the campaign ended, the opposing camps hit a high note of bitterness.

Stevenson said in a New York telecast Eisenhower had adopted material which "has been standard Communist propaganda for years. . . . The President himself has affirmed the proposition that our prosperity has been achieved in the past only at the price of war and bloodshed."

Stevenson also derided Eisenhower's statement that election of a Democratic-controlled Congress could result in a "cold war" in Washington. "There can be no war colder, or hotter, than the internal conflict within the Republican party," Stevenson said.

Nixon, accusing Stevenson of making a "hysterical, scurrilous and vicious" attack on Eisenhower, said he planned a large-scale revision of his speech tonight.

"Mr. Stevenson . . . made one of the most vicious attacks through innuendo on President Eisenhower last night that I have ever heard," Nixon told newsmen in Denver. "They can make attacks against me, but when they talk about the President that's a different thing."

Nixon also dispatched a telegram to Stevenson accusing him of "following your usual tactics of covering up the record and failing

Rural Home Is Burglarized

One burglary of a rural residence sometime last night and theft of a butane tank from the premises of a Snyder firm were reported to the sheriff's office this morning.

The home of Dick Randals, eight miles west of here on the Lamesa highway, was broken into and ransacked sometime during the night.

The butane tank was stolen from the yard of the Trentman Co. on the Clairemont road at the north edge of the city. The the theft was discovered when attempt was made to light a stove in the office this morning. The tank had been in use.

Turks Holding U. S. Airmen

IZMIR, Turkey (AP)—Four American Air Force men were held in a Turkish prison today—charged with insulting the Turkish flag in an after-midnight escapade.

The servicemen, attached to the North Atlantic Treaty Organization's Southeast Europe Headquarters here are to be tried Nov. 8. Under Turkish law they can be jailed one to three years if found guilty.

The airmen denied any intent to insult the flag and testified it was pulled down accidentally in a friendly scuffle between them.

Batista Has Clear Field In Cuba As Opponent Withdraws

By SAM SUMMERLIN

HAVANA, Cuba (AP) —Cubans voted under partly cloudy skies today in a presidential election that, through the last minute withdrawal of Ramon Grau San Martin, is returning Fulgencio Batista unopposed to the Island's White House.

A 72-year-old former president, Grau quit the race last night after the five-man Superior Electoral Tribunal unanimously rejected his request for postponement of the election 8 or 10 days. He denounced the election as a farce and called for a voters' boycot.

Batista, the one-time army sergeant revolutionary who forced his way back to the top in a 1952 coup, countered this attack in a television speech. He said Grau pulled out "because he knows he cannot win" and urged a full turnout.

How many would vote was still to be determined, but there were good-sized crowds standing in line outside many Havana polls as they opened at 8 a.m.

There was a flurry of minor violence in the night. Two unidentified persons drove by navy headquarters in Havana and fired several shots. The guards fired back. No one was reported hit. A bomb exploded in the Cuban Telephone Co. office, wrecking a window and nicking a thumb of a woman passing in a car outside.

Cuban air force planes roared over the island and along the coast today to spot any potential trouble. Motorcycle policemen patroled the streets. About 20,000 armed men—police, soldiers and sailors, stood guard at Cuba's 8,319 polling places and at other strategic spots to maintain order.

In addition to a president, the island republic is choosing a vice president, a new Congress, six governors and many mayors and lesser officials.

Approximately 2½ million Cubans were eligible to vote in the elections, Cuba's first major balloting in six years.

Grau's name and those of his followers will appear on the secret ballots. Grau has said, however, that under the rules of his Cuban Revolutionary party (PRC) none can accept offices or seats in the Congress even if they get the most votes.

An estimated 20,000 police, soldiers and sailors stood guard at the 8,319 polling places and other strategic points throughout the island to keep order following a campaign filled with terrorist activities and severe government crackdowns.

No casualties were reported up to the eve of the election although bombs exploded in scattered places the last few days.

Security forces, making surprise raids and searching automobiles, said they uncovered hidden bombs, arms and ammunition and arrested more than 100 suspected "subversives." Universities were closed to prevent demonstrations. Firearm permits were withdrawn.

Police blamed the campaign disturbances on Communists and followers of ex-President Carlos Prio Socarras, whom Batista overthrew. Prio, in exile in Florida, already had called for Cubans to boycott the election.

Charging that the cards were being stacked against him, Grau asked for several changes in the election procedures and repeatedly threatened to quit the race. The electoral tribunal rejected his demands that his party be given equal representation on election boards with Batista's four-party coalition and that crowds be allowed to assemble at the counting places.

New York's Race Roars To Finish

ALBANY, N.Y., (AP)—The New York state gubernatorial race, which started at a poky pace, roared today toward a feverish finish amid rival victory claims that appeared hedged with some qualms.

Instead of tapering off on the day before election, Averell Harriman, the Democratic-Liberal party candidate, and U.S. Sen. Irving M. Ives, the Republican choice to succeed retiring Gov. Thomas E. Dewey, continued campaigning as though they needed every last vote.

Harriman chartered a plane for a whirlwind speechmaking visit to six cities in Republican upstate. His main purpose was to deny again GOP charges that the Democrats intended to give Democratic New York City more state aid for education at the expense of upstate schools.

From New York, Ives spearheaded today a final GOP television-radio drive over an 18-hour period—as Dewey did in 1950.

Richard H. Balch, Democratic state chairman, stood on his prediction that Harriman would be elected governor by a margin of 500,000 to end 12 years of Republican rule of the Empire State.

L. Judson Morhouse, Republican state chairman, pegged Ives as the winner by "a minimum of 315,000" votes.

Impartial observers looked for the closest finish since 1938, when Herbert H. Lehman, Democratic-Liberal now a U.S. Senator, won a fourth straight term as governor by defeating Dewey by 64,394 votes.

In addition to a governor, New Yorkers will elect a lieutenant governor, state comptroller, attorney general, several judges, congressmen, state senators and assemblymen, and many local officers.

The race for attorney general is between two Manhattan congressmen—Franklin D. Roosevelt Jr., Democratic-Liberal party nominee, and Jacob K. Javits, Republican.

A dangerous and difficult intersection to drive through in north Snyder is being made safer by the installation of traffic channelization islands being installed by the highway maintenance department and the city of Snyder. A picture of the intersection, where the Lubbock highway, Clairemont Road, and Thirteenth Street meet, is shown above with three of the proposed four islands completed. The signal lights at top will be removed, and six lights be placed to direct traffic safely through the intersection. Installation of the lights is awaiting arrival of a control unit for the lights. to answer the facts by screaming 'smear, slur and slander.'"

Nixon said in Spokane, Wash., Saturday that the Democrats were never able to produce prosperity in peacetime, adding that "it can truly be stated that Truman-type policies meant either war or hard times for America."

Preliminary tests indicated that food served to Nixon in a Seattle hotel, but not eaten by him, was not poisoned as an anonymous telephone caller had said. The vice president attributed it to a "crank and a prank."

Republican National Chairman Leonard Hall and his Democratic counterpart, National Chairman Stephen A. Mitchell, had a final televised debate yesterday. Hall contended that the GOP has brought the nation to a peacetime peak of prosperity with more than 62 million persons employed, and he added: "And we don't need a war to keep them at work." Mitchell said the administration is "so-one-sided" in favor of business and industry that a Democratic Congress is essential to "represent all of the people."

Meanwhile, the spotlight swung on 11 Senate races where Senate control appeared likely to be decided. Six of these seats now are held by Republicans and five by Democrats in a Senate that is divided 49 Republicans, 46 Democrats and 1 independent, Sen. Wayne Morse of Oregon. Since Morse has said he will vote with the Democrats, the latter need a net gain of only two to take over.

The 11 contests — most of them extremely close—are being waged to a finish in California, Colorado, Delaware, Illinois, Kentucky, Michigan, Montana, New Jersey, Ohio, Oregon and Wyoming.

Fresh reports gathered by Associated Press reporters in the field and by telephone indicate Democrats are leading in four races where they could gain a seat from the Republicans and in four others where Democratic senators are involved.

Republicans were reported given the edge in one contest where they could pick up a Democratic seat now leading in two others where GOP seats are involved.

Although any of several other races could provide upsets, the forecasts in these critical races pointed toward a possible hairline division of party strength in the Senate.

The House, where the Democrats need three votes to gain control from the Republicans, might swing by a bigger margin of 10 to 25 votes difference in party strength. But party officials said privately they do not believe there will be any change of landslide proportions.

And it was possible that the Senate might remain in the hands of the Republicans while the House might go Democratic. The House division now is 219 Republicans, 215 Democrats and 1 independent, crediting vacancies to the party which last held them.

Two Men Draw Jail Terms

Two men were fined and given jail sentences this morning when they pleaded guilty to county court charges of driving the same automobile yesterday afternoon while under influence of intoxicating liquor.

Oscar Arthur Michael, 55, Prichard, Colo., white man, was fined $50 plus court cost of $23.50 and assessed a mandatory three-day jail sentence.

James Lee Moore, 37, Negro who gave three different addresses when questioned on three occasions after his arrest, was fined $75 plus cost of $23.50 and sentenced to 10 days in jail. He said he lived at Houston, Abernathy, and Timpson.

Both related stories to the court this morning in agreement with those of E. W. Green and Bill Zimmerman, highway patrolmen who arrested them. The officers said the two stopped at the home of Lloyd Merritt, northeast of here, seeking information on a route to Rotan.

Merritt, his wife, and three neighbors said the Negro was driving Michael's car at that time yesterday afternoon. They reported to officers that the men were intoxicated. Green said he arrested them near the east county line and that Michael was then driving.

A straight razor was taken from Moore. Michael said Moore was a hitch-hiker he had given a ride.

Halloween Vandalism Reported Light Here

He said that extra patrol units were put into use for several hours Saturday night.

Hearing Set For Suspect In Slaying

BEAVER FALLS, Pa. (AP) — A jobless laborer faces a hearing today on a murder charge in the slaying of 16 - year - old Helen Jean Bryant, whose partially disrobed body was found covered with leaves and dirt on a hillside near her home.

Elijah Thompson Jr., 23, a neighbor of the slain Aliquippa (Pa.) High School sophomore, was arrested Saturday night about 12 hours after the girl's body was discovered. Her head had been crushed.

The information charging Thompson, a Negro, with murder was filed by Police Chief Matt Zvonar of Hopewell Township, where the slaying occurred.

Dep. Coroner Margaret Sanders said there were indications that an attempt had been made to rape the girl, but she said there is no conclusive evidence.

Dist. Atty. Richard P. Steward of Beaver County has declined to go into details about Thompson's arrest.

Chief Zvonar said he believes Helen Jean was killed Monday when she was reported missing after leaving home for school. The girl had to walk along a narrow path thraugh a wooded area to reach her bus.

Meanwhile, 100 miles southeast of here at Conemaugh, Pa., state police and Cambria County authorities continued an around-the-clock investigation of the pre-Halloween "trick-or-treat" slaying of 6-year-old Karen Mauk.

The youngster's nude body was found in a cemetery early Friday. An autopsy showed she had been suffocated by clothing or some other bulky object, Coroner Joseph Govekar said. He added the girl had not been criminally assaulted.

Texans Are Urged To Vote Tuesday

By The Associated Press

Both Democrats and Republicans Monday tried to stir up Texans with the urge to go vote in Tuesday's general election.

They had varying reasons.

The general election usually has rubber - stamped the nominations made in the Democratic primaries in the state, and most of the Democrats don't take the trouble to vote.

However, the vote in Tuesday's election is the first step in the chain toward representation of Texas Democrats in the 1956 national presidential convention.

The vote for the Democratic candidate for governor — Allan Shivers — will decide the number of delegates each precinct may send to the county convention in 1956. From the county conventions, delegates are named to the state convention and from there to the national convention.

That's one of the reasons Gov. Shivers and George Sandlin, state Democratic executive committee chairman, issued weekend appeals to Texans to go vote.

The Republicans also want as big a delegate strength as they can muster. Their vote Tuesday also will determine their strength at the 1956 national Republican presidential convention.

The Republicans also wish to stir up their numbers to vote while the Democrats stay home, hoping that apathy among the Democrats will help elect some GOP candidates.

Robert L. Johnson, head of the Texas Election Bureau, has estimated that 500,000 Texans—less than one-third of the state's eligible votes—will vote Tuesday.

The state not only will choose its officers from among Democrat, Republican and Constitution party candidates, but also will vote on 11 proposed amendments to the state constitution.

These amendments include jury service for women—a proposal that was defeated in 1949. Women's clubs throughout the state have been working hard this year and hope to get it passed.

Another proposed amendment would permit use of surplus money in the Confederate Pension Fund for a new state office building in Austin. The fund has well over 3 million dollars. Texas has only one living Confederate veteran and a handful of widows of Confederate veterans drawing money from the fund, which comes from a small state property tax.

Jordan Ruler Asks For Fighting Air Force

AMMAN, Jordan (AP)—King Hussein called today for the establishment of a fighting air force and pledged "no peace, no negotiation with the Jews."

In a speech read for him by Premier Tewfik Abdul Huda at the opening of Parliament, Hussein said: "The time has come to establish a fighting air force to go side by side with our other forces.

"My government's policy on Palestine remains the same as that of other Arab countries—no peace, no negotiation with the Jews."

Huddein said Jordan has tried to oppose "repeated teacherous Jewish atrocities" along its borders and, with brother Arab governments, will follow a practical policy to defend its frontier.

Helping Husband Operate Cotton Gin Makes Busy Fall

By ANITA HALL

Mrs. D. V. MERRITT, 2202 Avenue O, is one of the few women in this part of the country who work in cotton gins. She is assistant to her husband D. V. Merritt, who is manager of Planters Gin No. 1 on the East highway.

The detail work connected with keeping the gin's records during the busy season is voluminous, she said. She works 12 to 14 hours a day during the three or four month ginning season.

She has worked at the gin for three years but has been around them all her life. She is well versed in the book work and also the actual ginning process that goes on. She knows the entire course of travel that a load of cotton makes from the time she weighs it in, when it is brought in on a truck, until it comes out wrapped and tied into a bale. Each bale weighs 500 pounds, she said, and a sample of each one is sent to a government office in Abilene to be graded. The cotton owner is paid on the basis of the grade given to his cotton by the government office.

On an average day during the busy season, the gin where she works puts out a total of 60 bales, wrapped and tied, in 12 hours, she said. This has been a better cotton year generally over the county than last year but their area has less cotton than last year.

Her hobby is reading and Mr. Merritt said that he had not been able to interest her in his hobby of fishing. She goes along with him and reads while he does the fishing. Both of them are active in church work at the Green Hill Baptist Church. They have two sons who are both employed by Santa Fe Railway. D. V. MERRITT, Jr. and his family live here and JIMMY MERRITT and his family live in Lubbock.

Chance In Movies To End Hirsch's Gridiron Career

By BOB THOMAS

HOLLYWOOD (AP) — Elroy Hirsch says his decision to quit football will open the way for a full-time career before movie and television cameras.

The star pass catcher for the Los Angeles Rams announced last week that he was quitting pro football "because the thrill has gone out of the game." But there are other reasons too — personal reasons, and his urge for a chance at a show business career.

When he explained that he was hanging up his uniform at the end of this season he told how he felt about football:

"Pro ball has changed in the last season or two. There used to be fun in the game. You looked forward to each game with a considerable thrill. You had friends on the other teams in the league—even though the friendship ended temporarily the minute the game started. You didn't see the other team using rough stuff to 'get' certain star players.

"That's changed now. There is a tremendous pressure to win—or else. It used to be that you played like the dickens only in the 12 league games. But now the pressure is on to win the exhibition games too. In a city with good climate like Los Angeles, a team has to make a good preseason showing in order to get good season ticket sales.

"I still get that uneasy feeling in my stomach before a game. But now I don't get that thrill of anticipation that I used to. I get up in the morning before a game and have a scrambled egg, some toast and tea, then I can't eat anything more. I go out to the stadium without any great expectation.

"If there's no more fun in the game, that's the time to quit. I love football. Directly or indirectly, it has brought me everything I own in life. I want to leave it with a good feeling."

The famed "Crazylegs" denied that a physical slowdown prompted his decision. "I'm having a much better season this year than I did last, when I had a lot of injuries," he remarked. "I still feel that I could keep up with the other boys."

About that show biz career. He has worked for the local ABC radio and TV stations and plans have been ready for a network show. But nothing could be done as long as he was committed to the Rams. Now he can proceed with his ambitions as a sportscaster.

And his career as a movie actor is coming along nicely. He started by portraying himself in the successful "Crazylegs." He'll soon be seen in a dramatic role as one of the prisoners in "Unchained."

Truck Driver Abandons His Cargo Of Laborers

PALESTINE (AP)—A skittish truck driver from Arkansas telephoned Sheriff Roy Herrington here Saturday night that he had abandoned a truckload of Mexican nationals.

He left the truck, he explained, when he saw several masked faces leering at him from the back of the truck. Herrington said the driver identified himself as Ernest Phillips, 26, Ladelle, Ark.

When Herrington questioned the 85 laborers, being returned to Mexico after fulfilling work contracts in Arkansas, only one could speak English.

He explained Phillips must have become frightened when he saw that most of the Mexicans had tied handkerchiefs around the lower half of their faces to protect themselves from the chill wind.

Dinner Guests Are Welcomed

OSSIAN, Iowa, (AP)—The Erwin Dotsenrods hadn't planned to have company, but they had the Robert Carey family over for chicken dinner yesterday.

Under the circumstances it was about the only thing the Dotsenrods could do after what happened Saturday night. That's when the Dotsenrod dog brought home a sack containing three live chickens.

Mrs. Dotsenrod thought the sack had fallen from a passing truck. She could see no way to return the chickens to the owner so she killed them for Sunday dinner.

She was chatting with Mrs. Carey yesterday morning, and Mrs. Carey mentioned that someone had carried off the sack of chickens she had left outside her door until she got ready to clean them.

Mrs. Dotsenrod invited the Carey's for Sunday dinner.

The dog is in the doghouse with Mrs. Dotsenrod.

Breckenridge, Big Spring Tie To Be Broken This Week

District 3A-1 is in a mess now, and nothing will be definitely settled even by the time the loop's teams have played this week's games.

What will be settled is whether Big Spring or Breckenridge will hold onto the lead this week in the district, provided the two do not tie when they meet at Breckenridge. Each team has played a tie game in the district so far this year.

Right now Big Spring has the edge on percentage, since it has played one more game than has Breckenridge. Big Spring has won three and tied one, while Breck has won two and tied one. In other district games, Lamesa will go to Vernon and Plainview will be at Sweetwater. Snyder and Levelland will both be idle.

Here's what could happen this week: If Vernon downs Lamesa and Sweetwater beats Plainview, both of which are likely, the loser of the Big Spring-Breckenridge game will be knotted up just below first place with Sweetwater, Levelland, and Vernon. It will not be an actual tie, but it will be close enough. Snyder, which has won two and lost two, is also still in position to hope.

Although it is not probable, it is entirely possible that Lamesa will beat Vernon. Lamesa is already out as far as the race for district championship is concerned, but a Lamesa win over Vernon would cut the Vernon team below Snyder in standings.

The Tigers must still play Breckenridge, Big Spring, and Lamesa. Other games remaining on the card after this week's play are Levelland vs. Sweetwater, Breckenridge vs. Sweetwater, Lamesa vs. Plainview, Vernon vs. Levelland, Sweetwater vs. Big Spring, Vernon vs. Breckenridge, and Levelland vs. Plainview.

With those games left, anything can happen.

Five Teams Still In Lone Star Race

By The Associated Press

The Lone Star Conference football race has moved past the halfway point with five of the seven teams still in the race.

Southwest Texas State and East Texas State, the unbeaten leaders, have games with the lower strata this week.

Southwest Texas plays Lamar Tech at San Marcos and East Texas meets Texas A&I at Kingsville.

Southwest Texas was idle last week. East Texas State beat Sam Houston State 20-14 to remain undefeated.

Stephen F. Austin stayed in strong contention by whipping Texas A&I 14-7. It knocked A&I out of the race to join Sul Ross, which previously had absorbed its third conference defeat.

Lamar Tech went out of the conference to take a 33-14 licking from Abilene Christian. Sul Ross downed independent Texas Lutheran 18-12.

Stephen F. Austin will be seeking its third conference victory Saturday against Sul Ross at Nacogdoches.

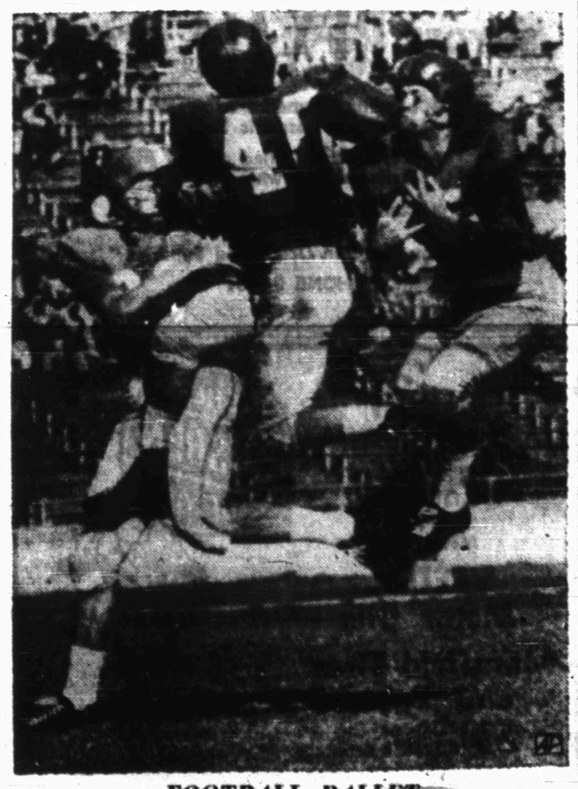

Sam Houston State plays Eastern New Mexico at Huntsville in a non-conference game.

More Valuables Stolen From Hotel In Dallas

DALLAS (AP)—A fur cape and lapel watch, valued at $2,200, were reported by two Oklahoma City women to have been stolen from a hotel suite here between Friday and Sunday.

The Oklahoma City women were Mrs. A. L. Hackett, who said she lost a $700 Swiss lapel watch, and Mrs. L. M. Voss, who said she lost a silver grey mink cape she valued at $1,500.

The women were staying just three floors above the 13th-floor suite in which $24,000 worth of personal jewelry was stolen a week ago from Lilly Dache, a world figure in fashion.

FOOTBALL BALLET

This first period pass in the Texas-SMU game at Austin had everyone up in the air—and demonstrated SMU's tight defense. The pass from Charles Brewer was meant for Texas end Allen Ernst (88), left, but SMU's Frank Eidom (40) and quarterback Duane Nutt (15) broke it up. The game ended in a 13-13 tie.

FIVE YARDS FOR RICE

Morris Stone (31), Rice back, swings around left end and picked up five yards before being brought down by Earl Jalufka (86), Vanderbilt end, and Charlie Rolf (33), Vanderbilt back, during the Rice-Vandy game at Houston. Rice won 34-13.

Speculation Starts On What Teams Will Be In Cotton Bowl

DALLAS (AP)—All the tickets have been sold and the Cotton Bowl is just waiting for the ball to bounce so it can have at least one of the teams for the New Year's Day football game.

That's how is has been in the Southwest Conference this season—the games are so close they're driving the boys who deal in point spread a trifle nuts. For instance, with 28 fewer points Arkansas would be out of the race instead of leading the league. And Texas Christian would be in first place instead of out of the race if it had made only 14 points more.

Host team in the Cotton Bowl is the conference champion but just who that team is going to be is as uncertain as what team will be picked to play it.

It's possible but not probable that the conference representative will be known this week. That would depend on some very startling things happening. Arkansas leads the league with a 4-0 record. Southern Methodist is second with a victory and a tie. Baylor is third with a 2-1 record and Rice is fourth with 1-1. Rice plays Arkansas at Little Rock Saturday while Southern Methodist meets Texas A&M at Dallas and Baylor engages Texas at Waco. Texas A&M and Texas are out of the race but can have a lot to say about who wins the title.

If Arkansas beats Rice and Southern Methodist loses to Texas A&M, Arkansas will be in the Cotton Bowl although not necessarily conference champion. Baylor, should it lose no more games, could tie Arkansas for the title in the event Southern Methodist beat Arkansas in the latter's final conference game Nov. 13. But under conference rules, if two teams tie for the title the one that beat the other in regular season play goes to the Cotton Bowl.

In the campaign now almost at its halfway point, there have been one tie, two games decided by a single point, one by five points, one by six points, two by seven points, two by 13 and one by 14. So, the way the ball bounces has had the most to do with deciding who's best.

The tie game might well decide the championship. That tie was the 13-13 affair SMU played with Texas last Saturday. Now, if Southern Methodist wins the remainder of its games it will take the championship because it would have at least a half-game lead on any other team.

Unless the Cotton Bowl team is decided within the next two weeks, preferential lists of the teams still in the running will be obtained so that contacts may start toward obtaining the visiting team.

Howard Grubbs, secretary of the Cotton Bowl, says they never before have been quite so confused over prospects for the visiting spot. Few eligible teams have records to warrant selection. However, Cotton Bowl officials indicate Penn State, West Virginia, Mississippi, Georgia Tech, Alabama, Georgia and Pittsburgh are being tyed. Pittsburgh might become the hottest prospect in the group if it beats Ohio State this week. Pitt whipped West Virginia last week.

"A strong finish by a team that had taken some early season defeats, especially in beating some top teams, might be good enough to get a team into the Cotton Bowl," Grubbs pointed out.

ACC Leading Independents

By The Associated Press

Abilene Christian College took the lead among the Texas colleges playing independent football last week when the Christians beat Lamar Tech 33-14.

Austin College tumbled out of first place by absorbing a 52-20 licking from Louisiana College.

Corpus Christi and Texas Lutheran remained in a tie for last place as both lost. Corpus Christi was hammered by Howard Payne, 53-7, and Lutheran lost to Sul Ross 18-12.

Abilene Christian and Corpus Christi are idle this week but Austin College plays Arkansas State at Jonesboro, Ark., and Texas Lutheran meets McNeese State at Lake Charles.

Standings of the independent teams:

Team	W	L	T	Pct.
Abilene Christian	4	2	1	.643
Austin College	4	3	0	.571
Corpus Christi	1	5	0	.167
Texas Lutheran	1	5	0	.167

Trinity Can Have Perfect Season Mark

By The Associated Press

Trinity University is just three games away from an undefeated, untied season and a certain spot in somebody's bowl game Jan. 1.

The Tigers have West Texas State, North Texas State and Texas A&I on the schedule before they call it a season Nov. 26.

Trinity was superb last week in crushing McNeese State of Louisiana 68-0 for its sixth straight triumph this season. It, incidentally, was Trintiy's 13th consecutive victory, one of the best records in the nation.

The Tiger showdown comes Nov. 20 when they meet North Texas State with the Gulf Coast Conference title on the line. But this week Trinity entertains West Texas State, for whom the Tigers once broke a winning streak.

North Texas State, which lost to San Jose State 27-20 last week, plays Mississippi State at State College, Miss., Saturday.

Midwestern, third member of the conference, tied Central State of Oklahoma 20-20 last week but is idle this week.

Tech In Big One Saturday

PHOENIX, Ariz. (AP)—The Red Raiders of Texas Tech, their Border Conference football crown clutched in shaky hands, travel to Tucson this week to see if they can wear it for another year.

The University of Arizona Wildcats have been giving every indication of the desire to take it away from them.

This stems from a monstrous line led by Paul Hatcher and Buddy Lewis and a stellar backfield built around tailback Art Luppino, the nation's leading rusher and scorer.

The Wildcats have won five of their six games, two in conference play. Luppino has scored 123 points, 23 of them in Saturday's 48-12 victory over West Texas, and has rushed for 892 yards, 179 of them in the Saturday game. Tech, idle Saturday, has won three, lost two and tied one and has two conference victories.

Hardin-Simmons, defeated for the first time in the conference Saturday by the surprising Arizona State at Tempe, 14-13, visit Texas Western, 12-7 victors over New Mexico A&M in Saturday's third game, in next Saturday's other conference contest.

Campy's Team Wins

HOUSTON (AP)—Roy Campanella's All-Stars defeated the Negro American Baseball League All-Stars 6-2 here yesterday at Buff Stadium.

Dave Hoskins, former Dallas Eagle mound star now of the Cleveland Indians, gave up eight hits but was the winning pitcher.

Don Newcombe is scheduled to pitch for Campanella's team tonight.

Arkansas To Face Big Test In Meeting With Rice Saturday

By HAROLD V. RATLIFF
Associated Press Sports Writer

Time is running out on those who have thought Arkansas' young Razorbacks would crack under the mounting pressure of an unbeaten Southwest Conference football march, and if their dire predictions are to come true it will have to be in just two weeks.

The tight-fisted Razorbacks, riding through six straight victories on a combination of smart football, alertness and an element of luck, meet the first of their two remaining foes Saturday at Little Rock when they battle the famed "November team" of the conference—Jess Neely's Rice Owls.

Always in November the Owls reach their height and the Razorbacks appear in for an afternoon as tough or tougher than those gone on before.

Rice still is in the championship race and could throw things into a huge mess by knocking over the wonder boys of the Ozarks even though Arkansas is unbeaten and untied and leading the conference with a brilliant 4-0 record. Southern Methodist and Baylor also are still in the race and the Methodists could take over first place by a combination of happenings this week. Should Rice beat Arkansas and Southern Methodist triumph over Texas A&M at Dallas, then SMU would be on top by a half-game.

The half-game thing came into the picture last week when Southern Methodist was fought to a 13-13 tie by Texas.

Baylor could fall out of the race or it could enhance its chances immeasurably. The Bears, who eliminated Texas Christian 12-7 Saturday, play Texas at Waco in the nationally-televised "Game-of-the-Week." Texas presented a fearful challenge with its resurgence in the second half to almost blow Southern Methodist into defeat.

Best chances are that this week's work will project the grand showdown—meaning Arkansas will be favored to beat Rice and Southern Methodist to lick Texas A&M. Such a situation could put the championship on the line Nov. 13 when Arkansas plays Southern Methodist at Fayetteville in its final conference game.

Last week's results brought to three the number of teams knocked out of the race except for a mathematical situation the league never has had to face—of a team winning the title after losing two games. TCU joined Texas and Texas A&M in the limbo of the also rans.

Arkansas didn't find things easy in beating Texas A&M 14-7 to complete its first sweep of Texas in the history of its membership in the conference. But the Razorbacks haven't found the going easy many times, anyway. That's why their triumphs have been so tantalizing.

Rice had a pretty good workout—just the kind to tune up for the grand effort against Arkansas—in beating Vanderbilt 34-13. Dicky Moegle was his usual magnificent self—he scored three touchdowns, with a minimum of effort. He presents probably the biggest obstacle the Razorbacks will meet this season.

Texas Christian rests this week and will concentrate on ways and means of beating arch enemy Texas Nov. 13. Coach Abe Martin will scout Texas personally in its battle with Baylor.

Rice's victory over Vanderbilt gave the league an intersectional record of 15 triumphs against seven defeats. The conference can't possibly finish behind in intersectional play. There are only two games left—Arkansas vs Louisiana State Nov. 20 and Southern Methodist vs Notre Dame Dec. 4.

Texas Loop Title On Line This Week

By The Associated Press

The championship of the Texas Conference goes on the line this week and unless they tie, either Howard Payne or McMurry will own the title after Saturday. Each is undefeated in the 3-member circuit.

They clash at Brownwood to decide the championship.

Eastern New Mexico, third member of the league, was eliminated last week when it fell before McMurry, 55-13. It was Eastern New Mexico's second loss.

Howard Payne was playing independent University of Corpus Christi and, winning 53-7.

Eastern New Mexico clashes with Sam Houston State of the Lone Star Conference at Huntsville Saturday night.

Rawls Takes Fem Tourney

FORT WORTH (AP)—Betsy Rawls sank a 6-foot putt for a birdie here yesterday to become the third champion in history to win the Women's Texas Open Golf Tournament two successive years.

The Spartanburg, N.C., veteran defeated Betty Hicks of Manhattan, Calif., 1 up for her victory after trailing most of the match.

Her comeback brought her an advantage on the 34th hole when she shot a birdie fourm But Miss Hicks evened it on the 35th with a birdie and sent the match deadlocked to the final hole.

Both were one over par for the 36 holes.

In other flights, Mrs. H.C. Riedel, Dallas, won the championship consolation; Mrs. Gene Harding, El Paso, took the first flight title; and Jan Tarble, Los Angeles, won the first flight consolation.

Moegle, Moore, And Nutt Top Statistics

DALLAS (AP)—The battle for statistical leaderships in Southwest Conference football has tightened up like a wet hatband and Rice's Dicky Moegle, Baylor's Billy Hooper and Texas A&M's Elwood Kettler have reason to worry about the closing rush of Henry Moore of Arkansas and Duane Nutt of Southern Methodist.

Moegle leads the ball-carriers with 508 yards on 72 runs but another game for Moore like that against Texas A&M could topple the Rice Rambler from his perch. Moore carved out 134 yards on 25 carries against the Aggies and moved from a distant fourth into second just 59 yards behind.

Nutt threw for a tremendous 173 yards against Texas to advance within 21 yards of Hooper in the fight for the lead in passing. Hooper got only 59 yards against Texas Christian and now has 578 yards on 36 completions in 65 throws. Nutt has connected on 42 out of 65 for 557 yards and his completion average is startling—.646.

Nutt also is breathing on the neck of Kettler in total offense. The Aggie quarterback leads with 656 yards on 154 plays. Nutt is only 55 yards back and has compiled his 601 yards on 52 fewer plays.

Other individual races also are close. For instance, Ray Taylor of Texas Christian leads the punters with an average of 41.7 yards on 39 kicks but George Walker of Arkansas has 41.0 on 30. And in pass receiving, Del Shofner of Baylor is only four yards behind leading Henry Gremminger, also of Baylor. Gremminger has caught 11 for 236 yards and Shofner eight for 232.

Moegle tops the punt returners with an average of 14.7 yards on eight runs and Don Watson of Texas A&M leads the kickoff returners with an average of 25.3 on six returns.

Southern Methodist still is the team leader. The Methodists are No. 1 in offense with an average of 340.6 yards per game and lead in defense by giving up only 228.2 yards per contest.

SMU leads in passing with 135 yards per game and Rice in rushing with 206.2. SMU is barely behind Rice in rushing. The Methodists have averaged 205.6.

Lightweights Have Battle

NEW YORK (AP)—Frankie Ryff, unbeaten New York lightweight with 14 straight victories, boxes the veteran Henry Davis of Los Angeles tonight at Brooklyn's Eastern Parkway, where another young hopeful, featherweight Carmelo Costa, suffered his first defeat a week ago.

Ryff was to have boxed a return bout with Ralph Dupas, the New Orleans schoolboy, at New Orleans but the match ran into TV and managerial complications. Instead, Dupas meets Carlos Chave in New Orleans while Ryff fights in Brooklyn. Ryff outpointed Dupas for his important victory, Sept. 13.

The Ryff-Davis bout will be on ABC-TV.

Moses Ward of Detroit faces Bobby Jones of Oakland, Calif. in the 10-round feature at New York's St. Nicholas Arena (Du Mont). Ward, stopped by George Johnson in April, has responded to the schooling of trainer Freddy Fierro to whip Yolande Pompey, Tuzo Protugues and Bill Kilgore in his last three starts.

Jones' record is spotty, 38-21. He did upset Gil Turner in March and lost a questionable decision to Joey Giardello June 11.

The only champion to work this week is Bobo Olson who unlimbers Wednesday at Richmond, Calif., against Garth Panter of Salt Lake City without placing his middleweight title on the line.

BELL'S NEW TRANSPLANTING METHOD

Four Snyder high school boys are shown above completing the job of putting 1,500 rose bushes in paper buckets of dirt at Bell Flower Shop & Nursery, 804 Twenty-fifth Street. The new rose bushes arrived last week and can be transplanted anytime. The paper buckets of dirt, enriched by plant food, make is possible for the roses, and practically all other shrubs and flowers sold by Bell's to be planted at anytime of the year. The boys are from left: Jerry Amason, 127 Milburn; Butch Martin, 2802 Avenue C; Robbie Glasscock, 126 Milburn; and Claude Stroud, route 3. (Lee Watson photograph)

New Transplanting Method Being Used

A new method of preparing shrubs, trees and flowers is being introduced here by Bell's Flower Shop & Nursery, 804 Twenty-fifth Street, which permits the plants to be transplanted in new locations at any season of the year.

Roland Bell, Jr., owner, said the secret of the new method for preparing the plants saves the customer much time and trouble, and at the same time insures that the plants will live in their new environment.

"Previously it was necessary to wait until after a frost had come to transplant smooth-rooted plants such as roses, but the new method lets the plants be transplanted at any time of the year," Bell said.

"We have sold many rose bushes this year with roses blooming on them so that the customer was able to add color to his or her landscape immediately," Bell said.

The new method used by Bell is that all plants are set out in paper buckets of rich soil, which has been made even richer by the addition of fertilizers.

When a customer selects the plants he wants, all there is to do is lift the bucket of dirt with the plant growing in it, dig a hole in his yard the right size for the bucket to fit into, then drop the bucket, dirt and plant into the hole. The plant's growth is never disturbed as it would be by the old transplanting method.

After the bucket is placed in its new location, the paper bucket deteriorates in a few weeks to let the plant make a normal growth.

"Now is the usual time for transplanting of most smooth rooted shrubs and flowers, but the job can be done at any time with the new method," Bell said.

Bell's nursery stock includes a complete assortment of tulips and other bulb plants ready for their customers now.

Girl Bullfighter To Autograph Her Book

Patricia McCormick, on the second lap of a tour of six Texas cities to promote sales of her new book "Lady Bullfighter," will be in Big Spring Saturday.

Miss McCormick wrote the book in collaboration with Herbert Childs. It is illustrated with photographs of her and sketches which she did. She is to be at Marie McDonald's Book Stall from 10:30 a.m. to 12:30 noon to autograph copies there. Miss McDonald said 200 copies of the book have been ordered, and that many out-of-town buyers have already placed orders for copies.

Election Eve Is Politician's Worst Night

By HAL BOYLE

NEW YORK (AP)—Election eve is zero hour for political candidates, the very worst night of the year.

The weeks of strenuous campaigning end for the aspiring office seeker in a final rally. He then has a supper with his advisers, a dinner that rings with an atmosphere of false cheer and encouraging noises such as:

"You ain't got a thing to worry about, Ed. Like I told you at the start, you're in. Now go home and get some sleep."

"We want to get a picture of you voting bright and early. A little last-minute publicity in the afternoon papers won't hurt. Might pull in a few more votes—not that we really need them, of course, but the bigger the margin the better it'll look."

Ed goes home, but not to sleep. He rubs linament on his arms to ease the soreness that comes from shaking 10,000 strange hands. He gargles with hot salt water to ease a throat hoarse from making 10,000 promises.

He smiles at himself in the mirror, the glazed, Halloween pumpkin-like smile that he has worn in public for weeks. He is consoled by the thought that even the dumbest voter must be able to see that his weary face shows more character than the crafty, double-dealings features of his opponent.

"Quit fidgeting, dear, and go to bed," says his wife. "You don't have a thing to worry about."

"You don't have a thing to worry about....you don't have a thing to worry about." His campaign supporters have been saying that to Ed for weeks. He broods. If he doesn't have anything to worry about, then why do they keep saying that?"

Haggerty Says Adlai's Charge Is 'Ridiculous'

WASHINGTON (AP) — The White House today labeled "ridiculous" Adlai Stevenson's assertion that President Eisenhower has affirmed Republican campaign material which Stevenson said was "standard Communist propaganda."

With the congressional campaign in its final hours, James C. Hagerty, presidential press secretary, was asked for comment on the remark Stevenson made in a New York speech Saturday night.

"I have no other comment except to say it's just ridiculous," Hagerty replied.

Stevenson, the 1952 Democratic presidential nominee, told a party rally in his New York speech:

"Not just the vice president and the Republican campaigners, but now the President himself has affirmed the proposition that our prosperity has been achieved in the past only at the price of war and bloodshed.

"This of course has been standard Communist propaganda for years and is believed by many to prove that the United States is ready to precipitate war in order to save capitalism."

Stevenson added he was sure that Eisenhower "must have spoken thoughtlessly and carelessly."

Vice President Nixon has denounced what he termed Stevenson's smear attack on Eisenhower, and plans to reply to the former Illinois governor in a nationwide address tonight.

Nixon will speak for 20 minutes from Denver, starting at 9 p.m., and Eisenhower will speak during the final 10 minutes of the election eve "get out the vote" telecast and broadcast.

Hagerty announced that Eisenhower will speak here from a TV-radio studio (WTOP-CBS) rather than the White House because of the political nature of the address.

SNYDER DRUG'S NINTH ANNIVERSARY

The ninth anniversary of Snyder Drug is being celebrated this week by the owners and employes—and their customers through savings during the store's anniversary sale during which prices have been reduced on items in every department in the store. R. E. Patterson, owner and druggist, said the special offers of reduced prices are being made in appreciation of the patronage of their many customers which has made the growth of the drug store possible. (Lee Watson photograph)

Snyder Drug Observes 9th Anniversary

Snyder Drug, which has filled more than 110,000 perscriptions here, is celebrating its ninth anniversary this week, R. E. Patterson, owner and head druggiest, said.

Patterson said that his prescription department passed the 100,000 filled prescription mark during December of 1953, and that the drug store has averaged filling more than 12,000 prescriptions per year.

During the anniversary celebration, which is an anniversary for several of the store's employes as well as the store, special reduced prices are being offered in all departments.

Patterson has operated the drug store as its sole owner for the past four years. Prior to that time he and another man were partners in the store, but he purchased the interests of his parnter in 1950.

Some of the employes who are celebrating anniversaries with the store are Miss Romona Nicks, head of the cosmetics department, who has been an employe of the store for eight of the store's nine years. W. K. Patterson, the owner's brother, and Miss Edna Mae Sells have been employed by the firm for the past four years, and Kirby Tatum has been a druggist at the store for three years, the owner said.

Government To Begin Mailing Income Tax Forms Next Month

By ED CREAGH
(For James Marlow)

WASHINGTON (AP) — A letter you get late next month may provide a tipoff to your neighbors as to what salary bracket you were in last year.

Right after Christmas, the government will start mailing income tax forms and instructions to taxpayers. And these packets will tell anybody who looks at them what your income bracket was last year — whether you were in the under-$5,000, the $5,000-to-$10,000, or the over-$10,000 class.

This is how it works:

If you reported on the simplest form an income of less than $5,000 last year, the government will mail you a new type of return. It will be about the size of an ordinary bank check. The return, which you must file by April 15, 1955, is designed for easy handling by calculating machines.

If you reported a $5,000-to-$10,000 income last year, your new form will come — along with an instruction booklet — unwrapped. The package will bear a red stripe a quarter of an inch wide.

Finally, if you told the government your income last year was over $10,000, you also will receive a no-envelope packet. But in this case it will carry a quarter-inch-wide yellow stripe.

There are some exceptions to this system. For instance:

Farmers, as well as business firm proprietors and partners, will get special forms. Businessmen's will have a blue stripe on the outside. Farmers' will have a green stripe.

In addition, the under-$5,000-type cards will be mailed only to people:

1. Whose whole 1953 income came from wages and salaries, plus up to $100 in such things as dividends and interest; and the usual withholding deductions. These installment plan tax payments are taken out of most people's checks every pay day.

If some of your under-$5,000 income last year came from other sources, however, you won't get by with the short return in the sealed envelope. Even if your income included some such trifle as $3 for the rental of an abandoned shed, you'll graduate to the red stripe class, and have to make out a longer form.

Why all this red and yellow stripe business?

Internal Revenue Service officials say it was adopted to speed up office routine — make it easier to send the right forms to the right people.

Some complaints have been received from people who don't like the possibility of others knowing, in a general way, about their income. The internal revenue people don't see much danger of this happening.

They point out that mailmen, who would see all the envelopes or striped returns, are federal employes forbidden by law to tell what they know about such things as taxpayers' income.

And as for others who might spot the red or yellow stripe, or who might pick up an envelope and tell from the feel it contained an under-$5,000 form, a spokesman said:

"I suppose that a prying person in an apartment house might learn something, but it would be pretty hard for anyone else to do so."

Indian Flag Rises In French Settlements

NEW DELHI, India (AP) — India's tricolor replaced France's today over the five Indian settlements which the French had ruled for nearly three centuries.

The flag raising followed the signing in Pondichery this morning of documents between the two nations transferring the settlements to the Indians. Pondichery had been the capital of the 196 square miles and 325,000 people of the territorial pockets, which also include Karikal, Chandenagor, Mahe and Yanaon. Indian police began entering Pondichery after midnight.

India and France agreed on the transfer Oct. 21 after seven years of squabbling and negotiations over the territory. Prior to the agreement legislators from the scattered areas voted 170-8 for merger with India.

Harvest Influenced Election Schedule

By D. HAROLD OLIVER

WASHINGTON (AP) — Why does election day fall in November?

The National Geographic Society quotes Alexander Duncan, Whig representative from Ohio, who wrote the presidential election day law in 1845: "Harvesting is over then, and winter has not yet made the roads impassable."

However, until 1872, each state fixed its own day for voting for Congress and often it was not the same as presidential election day. Between 1845 and 1872 Pennsylvania, Ohio and Indiana voted in October for representatives. Even today Maine, by special exception and because of an early winter, votes in September for all offices except presidential electors.

While Franklin D. Roosevelt Jr. is giving up a seat in the U. S. House to run for attorney general of New York, his older brother James is seeking election to the House from California. John, the late New Deal President's youngest son, has been campaigning for a Republican Congress as a vice chairman of the Citizens for Eisenhower.

President Roosevelt's personal physician, retired Vice Adm. Ross T. McIntire, is Democratic candidate seeking to unseat Republican Rep. Bob Wilson in California's 30th District.

A pair of law partners — one a Republican, the other a Democrat —oppose each other for district attorney in Wisconsin's Walworth County. They are Erwin Zastrow, Republican district attorney since 1946, and Philip B. Morrissy, Democrat. They are members of the same law firm.

Bill Bangert, former national amateur shotput and discus champ, is trying to break the Democratic hold on Missouri's 1st District. He's the GOP candidate against Democratic Rep. Frank M. Karsten.

The geographic society offers these other historical items:

Voting as a citizen's privilege goes back to the ancient Greek city-states. Some public officials were elected viva voce—by voice vote—though more were chosen by lot.

Romans voted on waxed wooden slabs, and later by white and black balls. The word "ballot" itself derives from the Italian "ballotta," meaning "little ball."

Following English custom, the American colonists voted aloud, although as early as 1634 Massachusetts was using a paper ballot. The voter had to bring his own piece of paper.

Arkansas still voted viva voce 1846, Missouri and Virginia until the Civil War. Secret voting for Congress became federal law in 1875.

GOP Campaign Fund Still Holding Surplus

WASHINGTON (AP) — Official reports on campaign finances show that the Republican National Committee went into the final lap of the congressional campaign with a surplus of funds while its Democratic counterpart operated in the red.

In a report to the House, the GOP organization said Saturday that up to Oct. 15 it had collected $1,356,216 and spent $1,214,763.

A separate report from the Democratic committee showed collections of $960,134 and spending of $1,031,669.

The reports are required by the corrupt practices law of 1925.

Red China Claims 601-Million People

TOKYO, Nov. 1 (AP)—Red China today claimed the staggering population of 601,930,000 people.

The Peiping radio broadcast the new figure, saying it was based on a direct census taken in June 1953. It gave no explanation as to why the figure only now is being released.

The new figure is 100 million more than the most recent estimates used by the Reds themselves, and from 125 to 150 million more than most non-Communist estimates.

In terms of population, the new figure makes the newest member of the Communist group of nations tower nearly twice as large as her nearest competitor, India, where the 1951 census reported 356,829,485 people.

Compared with China, Soviet Russia's population numbered 193 million according to a 1947 figure released by the Kremlin. Recent Soviet estimates have used the round figure of 200 million. Even so, Red China now boasts more than three times as many people as her "big" Communist brother, to whom she has been exporting much-needed food in return for military and industrial aid.

The 1950 census in the United States showed 150,697,361 people, but recent estimates have pushed this above the 160 million mark.

The Peiping radio said the 1953 census was taken by the State Bureau of Statistics. It said the census did not reach Formosa, where the Chinese Nationalist government of Chiang Kai-shek holds sway, nor "a few border areas and in regions where local elections had not yet taken place."

Nevertheless, Peiping apparently included not only the estimated 9,000,000 Chinese now on Formosa, but also the estimated 12 million overseas Chinese who live outside China. Many of these hold dual citizenship under Chinese law — that of the country in which they live and Chinese citizenship too.

The Chinese population now makes up almost one fourth of the human race.

The Chinese Nationalists, using estimates not unlike those of 150 years ago, arrived at the figure used for many years of 450 million people. After World War II this figure was increased by some sources to 475 million.

When the Communists took over in 1949 they adopted this estimate. Only recently have they begun speaking of a larger number in their broadcasts.

Basin Rotary Activity Has New Increase

Another increase in Permian Basin rotary drilling activity was recorded on October 25, when a gain of 19 rigs over the count made October 10.

Scurry County, with eight rotaries still active on October 25, was among the counties where activity decreased, however. Scurry and Crockett were tied for eighteenth place among the West Texas and eastern New Mexico counties covered by the survey, made by Reed Roller Bit Co.

Andrews County was on top again with 84 rigs, a new record for the county. Lea County, New Mexico, which had held first place on October 10, lost 12 rotary units and kept 69 to hold second place.

Over the entire Permian Basin, 460 rotary rigs were active on October 25, compared to 441 on October 10. On Oct. 25, 1953, the total was 503. Activity in the Spraberry Trend Area of Upton, Midland, Glasscock, and Reagan Counties was among those showing an increase. Eighteen tests were active there on October 25, compared to 15 on the previous count.

A partial list of counties covered by the survey follows:

County	Oct. 25	Oct. 10
Borden	2	2
Coke	21	18
Dawson	4	2
Garza	11	10
Howard	12	16
Kent	7	8
Mitchell	6	2

Forecast On Men's Styles

PALM SPRINGS, Calif. (AP) — Styles ahead for men: more bright-colored dress shirts, a "shorter look" in suits and trousers, and shorts for wear at work.

This is the prediction of experts at the National Conference on Fashion Merchandising, featuring a two-day fashion presentation of the Men's Apparel Guild in California.

Pink shirts were just the beginning, the experts told 2,000 buyers and retailers yesterday. The growing popularity of the dark-toned suits — charcoals and dark browns —means men will want new, bright colors to wear with them.

Shirts in helio (a purple shade) and lime colors will be gaining in popularity, the authorities said. Suits and sport clothes with a "shorter look" — shorter cuffs, jacket sleeves and coat lengths — were displayed in a fashion show. And stylists even predicted men will be wearing Bermuda shorts to work next summer.

Mrs. Appleton Dies Sunday

Mrs. J. M. Appleton, 84, a resident of Hermleigh for 52 years, died at 8:30 p.m. yesterday in a Colorado City hospital after a long period of ill health.

Funeral services are to be held at 2 p.m. tomorrow in the First Baptist Church in Hermleigh with the Rev. Bob Creswell officiating. He will be assisted by the Rev. S. A. Sifford. Burial in the Pyron cemetery will be directed by Bell Funeral Home.

Mrs. Appleton was born June 15, 1870 in Johnson County. Her husband died about 10 years ago. Mrs. Appleton was active in the Hermleigh First Baptist Church.

Mrs. Appleton's survivors include five daughters, Mrs. Pat Bullock of Colorado City, Mrs. Frank Wilson of Hermleigh, Mrs. G. L. Stevenson of San Antonio, Mrs. F. A. Werner of Kermit and Mrs. Ben J. Scott of Miles; a son, H. S. Appleton of Dallas; a brother, A. J. Kemp of Clovis, N.M., and 11 grandchildren.

Nixon Threat Believed To Be Crank's Work

SEATTLE (AP) — An anonymous telephone call, which said poisoned food had been delivered to Vice President Nixon's hotel room here Saturday night, appeared today to have been the work of a crank.

Burt C. Cline, Secret Service agent in charge of the Seattle office, said "nothing has turned up so far" in laboratory tests of the food made by a Seattle firm.

"But there will be several hours more of testing before we can be certain," he added.

Meantime, the vice president and his party had flown to Denver and Nixon said there he planned to revise his nationally telecast address tonight to strike back again at Adlai Stevenson. He listened to Stevenson's New York broadcast address a few minutes after the "poison scare" incident here Saturday night and took notes on it.

At Denver, he told newsmen yesterday the Democratic presidential candidate of two years ago had made "one of the most vicious attacks through innuendo on President Eisenhower that I have ever heard."

In his New York speech, Stevenson said President Eisenhower had adopted material which "has been standard Communist propaganda for years . . . the proposition that our prosperity has been achieved in the past only at the price of war and bloodshed."

The "poison scare" occurred here when a light evening meal, tomato soup, sandwiches, strawberry ice cream and tea, was taken to Nixon's room Saturday evening, before his half-hour statewide televised address to a Republican rally.

The anonymous telephone call came through the hotel switchboard from outside the hotel before the food actually reached Nixon.

The food was removed and another menu prepared by hotel cooks under Secret Service supervision. Nixon, advised of the phone call, dismissed it as the "act of a crank," his secretary, William Kloepfer Jr., said.

Starling War Is Resumed

CINCINNATI (AP) — Abandoning psychological warfare, the city of Cincinnati was ready to resume its shooting war against starlings today.

Shotgun blasts yesterday dislodged the enemy—temporarily, at least.

The psychologists had tried—unsuccessfully — strands of tinsel stretched between trees, stuffed owls which only fooled other stuffed owls, Roman candles and phonograph records.

Oris E. Hamilton, the city's director of safety, estimated today that his eight marksmen bagged 200 to 300 birds. They shot from atop two downtown buildings about two blocks apart.

"We're not striving for numbers, however," Hamilton said. "We are breaking up the flocks and discouraging them from coming back."

Three Killed By Coal Gas

SHENANDOAH, Pa. (AP) — Three men suffocated yesterday in a gas-filled apartment. Police said the gas came from a clogged chimney badly damaged by Hurricane Hazel.

Deputy Coroner Martin Murphy identified the three as Steve Kolisnick, 67, and Jacob Shistle, 58, two bachelors, and John Kotes, 45, father of six children, who was visiting them. Murphy said there was a strong odor of coal gas in the apartment.

Police said the chimney became blocked with soot where a portion of it had been blown off by storm winds. They said the coal stove used to heat the place apparently hadn't been turned on since the hurricane until Saturday night.

Reports Reds Seeking Peace

By JOHN RODERICK

SAIGON, Indochina (AP) — Indian Prime Minister Nehru says China's Communist rulers want peace to carry out 15 or 20 years of intensive industrial development.

Stopping off here en route home from his 10-day visit to Peiping, India's Premier told newsmen yesterday the Red government chief, Mao Tze-tung, had estimated three or four five-year plans would be needed to put China on her feet economically and that he wants to avoid anything which would block achievement of this goal.

"My visit to China has led me to believe the people of China are anxious to have peace and avoid war," Nehru declared.

After an overnight visit here with South Viet Nam officials, Nehru flew on yesterday to Pinnom Penh, the capital of Cambodia. He is due back in New Delhi Tuesday, with an hour fueling stop planned for Rangoon en route.

The Indian leader said Mao thought the Geneva agreements ending the Indochina war "had eased the world situation greatly, but of course it continues to be difficult and full of problems."

He listed the Korean question, Formosa and the general situation in Indochina as the three most critical problems menacing peace.

Baby Switch Finally Made

STRATFORD, England (AP) —Two young mothers who refused to exchange their babies after doctors said they had been switched at the hospital have finally given in. They tearfully traded the 5-week-old boys yesterday — on a trial basis.

Doctors at the Forest Gate Hospital discovered last week they had made an error in identification the day after the infants were born. Subsequent blood tests proved there had been a mixup.

Mrs. Vera Bowers, 22, and Mrs. Sheila Read, 24, said they still are not convinced they had the wrong babies.

"We have been over every aspect of the problem," Mrs. Bowers' husband said, "and our wives have finally realized that if there is to be a switchover it has to be done as soon as possible."

Mrs. Bowers added: "Before we come to a final decision, we want to see how the babies react."

Officer Awaiting Probe Of Charges

AUGUSTA, Ga. (AP) — A slim, young officer was under house arrest at Camp Gordon today awaiting outcome of a pretrial investigation into charges he ordered recruits to hang a fellow trainee by the feet from a tree limb.

Third Army headquarters also charged in a statement that 2nd Lt. Charles C. Anderson, 24, formerly of St. Louis, Mo., forced recruits to take sand baths, do exhausting physical exercises and shout an obscene phrase from a tree top.

The 5-foot-10 officer, described as soft-spoken and "on the handsome side," served as a master sergeant in the Far East and won two battle stars in Korea.

He was on his first assignment as an officer, in command of Company A, 1st Infantry Training Regiment, when, the Army charges, he forced recruits to undergo "harassing and humiliating" treatment.

Anderson declined comment.

Third Army headquarters said that after the pretrial investigation was completed the commanding general at Camp Gordon would determine the appropriate action to be taken, "to include trial by court-martial if warranted."

Details of the case were released Saturday by Lt. Gen. A. R. Bolling, commanding general of the 3rd Army who stressed that no injuries were suffered.

Charges against Anderson include:

1. After a scuffle between two trainees and a permanent member of the company, he allegedly ordered a trainee, who carried a stick, to be bound by his ankles by a rope, "thus suspending the trainee upside down." The officer then instructed the recruit to "beat the trunk of the tree if he wanted to beat anything."

2. Anderson forced two other trainees to take "sand baths" to "emphasize the necessity of frequent bathing." The recruits were forced to strip down to their shorts and socks and then were ordered to scrub themselves with a wash cloth dipped in sand and water. They were later ordered to climb a tree and repeatedly shout an obscene phrase.

3. Anderson ordered a trainee to do "pushups and squatjumps until he lay apparently exhausted on the ground." While the recruit lay prostrate, other trainees were forced to throw dirt over him.

Minister Says Politics In Need Of Religion

WASHINGTON (AP) — President and Mrs. Eisenhower attended services at St. John's Episcopal Church yesterday and heard a visiting minister pray for God's guidance in tomorrow's election.

The minister, Dr. Charles W. Lowry, said in his sermon there is need for religion in politics, education and science. Without religion, he said, politics "will turn into false ethics and its countenance will be altered until we behold not noble men leading their people but new fantastic idols with hideous human features before which men prostrate themselves and sell their souls."

Four Vessels In Collision

NORFOLK, Va. (AP) — A destroyer rammed a submarine and two other destroyers banged into each other yesterday during antisubmarine warfare exercises in the predawn darkness off Norfolk. The Navy said nobody was hurt seriously but the four vessels limped toward port today with extensive damage.

The two collisions occurred in heavy seas less than an hour and a half apart some 270 miles out in the Atlantic. The destroyer Norris rammed the superstructure of the submarine Bergall at 3:32 a.m. At 5 a.m., the destroyers English and W. L. Lind collided while running down a submarine contact.

The ships were engaged in operation Landflex, largest postwar maneuvers of the Atlantic Fleet. More than 200 ships are taking part in the operation.

Tobacco-Eating Craze Grips Tokyo Collegians

TOKYO (AP) — University students here add this it to the growing folklore of omnivorous collegians: They eat lighted cigarettes.

One student thrives on 30 burning butts a day, says the Japanese press. The real taste of tobacco can be appreciated only by the stomach, he asserts.

"Only to smoke is to waste," he says.

Tourism Lone Crop In Haiti Not Damaged

PORT AU PRINCE, Haiti (AP)—The only crop of this small Caribbean republic that escaped destruction by Hurricane Hazel is tourism. The happy folk whose slogan is "Bon Dieu Bon" (God Is Good) expect a record harvest in 1954-55.

Most of the towns in the southwestern area devastated by Hazel were off the tourist track. The two main towns, Port Au Prince and Cap-Haitien, escaped unscarred.

The little village of Berly, in the mountains south of Port Au Prince, never will be pointed out as a curiosity to visitors. The inaccessible hillside settlement, wiped out by a landslide, will be forgotten, except in local folklore. Its only markers will be an extensive scar across the face of a 4,000-foot mountain —and maybe, one day, a white cross.

Mapou, near the south coast, exists as a deep natural lake in a basin between mountains. But this will eventually dry up, and the town will be rebuilt by whatever survivors there may be.

Though the cost of living rose to some extent because of the floods which cut off communications with the countryside and devastated a large part of the current harvests, prices are now settling back to normal with the opening of roads. Almost overnight, the fertile earth will once again be producing root crops and vegetables.

New hotels are opening this season with the accent increasingly on luxury and entertainment. The first skyscraper —six stories — is rising on the heights of St. Gerard, overlooking Port Au Prince. It will be ready for guests by Christmas, according to Dr. Jules Thebaud, its owner.

Winter Weather Is Due To Accompany Election

WASHINGTON (AP) — Voters, keep your topcoats handy. The forecaster says Tuesday's weather will be "like early winter" almost everywhere.

A U. S. Weather Bureau spokesman said a cold air mass from Canada is sending thermometers down, but leaving sunny skies in most parts of the country. Maybe there will be some snow flurries in northern spots.

Newsman Urges His Own Defeat At Polls

FARMINGTON, Mo. (AP)—Editor Jess Stewart of the Farmington Press called on St. Francois County voters to defeat all Courthouse officials in tomorrow's general election—including Editor Jess Stewart.

Stewart, who is circuit clerk, said of officeholder Stewart in an editorial published in the Press: "We decided the voters should decide to make a full-time editor out of him."

Stewart, in his editorial "Throw the Rascals Out," said after "much soul-searching and self-evaluation" he decided to urge voters to support Gene Weible, his Republican opponent.

A Democrat, Stewart was appointed to the clerk's job and since has served two full terms. Most of the Courthouse incumbents he said should be beaten are Republicans.

Speedway Is Left In Doubt

INDIANAPOLIS, Nov. 1 (AP)—The plane crash death Saturday of automobile racing immortal Wilbur Shaw, left the future of the Indianapolis Motor Speedway in doubt today.

"I've been so broken up about it, I don't know what we'll do," said Anton J. (Tony) Hulman, speedway owner.

Shaw, three-time winner of the 500-mile Memorial Day race in his 20 years of professional racing and president and manager of the speedway since World War II, was killed with two associates when their plane crashed in a cornfield near Decatur, Ind., during a light snowfall.

The other victims were Ernest R. Roose, 41, official artist for the speedway, and Ray Grimes, 40, of Greenfield, Ind., pilot of the plane.

They were returning from Detroit where Shaw, who would have been 52 years old Sunday, had test-driven a 1955 model Chrysler.

Surviving are the widow and a 9-year-old son Warren Wilbur, Jr.
