Summer Has Unique Experience With Roadside Passenger

Last Friday, E. A. McDowd, traveling for the Knorr Dry Goods Company of Wichita, Kan., was in town and related an experience with a passenger whom he picked up on the road near Kenna and Roswell.

An old man was walking along the highway, and Mr. McDowd stopped and gave him a lift, stopping at Kenna to wait on the car.

Reaching Elida, the passenger with him, helping unload his trunk. They spent the night at Elida, and came on to Portales the next morning.

Reaching Portales after traveling some business he met the man on the streets in a friendly condition. On asking what the matter with him, he told his former passenger was sold a pocket comb, and that he better luck posing as a cripple.

Needless to say that he left Portales without his passenger as he thought he was afraid the public might think they were partners.

Mrs. R. D. Wright, Effie Darty, P. H. Herndon and Jack were shopping in Clovis Tuesday.

P. O. MAKE PROPER DELIVERY OF YOUR MAIL

Every day we receive mail, addressed at this office of whom we know nothing. It is impossible for us to remember the names of members of your family and names of people getting mail from your box. To avoid returning that should be promptly delivered we are trying to complete a directory. Several days ago placed in each box a blank card to be filled in by each member. It is necessary that we have these forms returned to complete our register. To date there are some two hundred out. Those you who have overlooked returning your blank kindly do so once. If you have lost or misplaced the blank placed in your box we will be glad to hand you another if you will call at the General Delivery window.

Your co-operation in this matter is greatly appreciated.—Helen Armstrong, P. M.

The News editor enjoyed very much witnessing the various demonstrations.

He was a member of the baptist church, and was a young man of promising future.

C. Of C. Hold Interesting Session

At the weekly luncheon of the Chamber of Commerce on Tuesday, the session was one of the most interesting of this body held in some time.

J. B. Sledge, Dr. E. T. Hensley and C. V. Harris were appointed as a committee to assist county commissioners in securing the right of way for the gap on the Elida highway.

It was brought out that unless this contract for hard surfacing this stretch of road was ready to let in June, that it would probably be delayed a year or more.

This highway is one of the most important in the state and the state requires the broadening of the right of way to conform with the Federal requirements.

It was also discussed as to the widening of the pavement around the court house square. The county commissioners have signified their willingness to pay half of the cost, and the town to pay the other half. The Chamber voted favoring this work.

Floyd D. Golden, superintendent of the Portales High School expressed his appreciation for the aid and patronage given the district track meet which was held on last Friday.

The Chamber also decided to carry an ad in the Industrial issue of the Portales Valley News.

APPRECIATION

The Portales Women's Club desires to express its deep appreciation to Mr. Golden, Mr. Bailey and Mr. Steiner for their assistance in preparing the auditorium for the sessions of the district federation; to Miss Hankins for the use of the committee room; to Miss Davis for the musical numbers given by the students in her department; and to the School Board for the use of the high school auditorium.

The Club also feels deeply grateful to the ladies who are not club members, but who so graciously and hospitably assisted in caring for our federation guests; to Mr. Greaves for his generous donation of copies of the Portales Valley News to the visitors and delegates to the convention; to Mr. John McDonald for his assistance in the refreshment Committee in preparing for the Art Tea; and to all who donated and loaned flowers for decoration.

The Club is grateful to the Commercial Club for the use of its rooms; and to the citizens who so kindly offered the use of their automobiles for taking the visiting ladies to the dinner given by the federated clubs of Clovis.

To everybody who contributed in any way to the success of the federation, the Club is deeply grateful.

Dr. and Mrs. E. T. Hensley were Hereford Texas visitors Monday.

MOTHER'S DAY Sunday, May 12

The most beautiful word in the English language is "Mother." Mother through thick and thin is the one who stays by your side, who soothes the aching head, or kisses the bruised finger.

The observing of this day in honor of Mother has become a national custom, and it is due to her that you wear a flower in her remembrance on that day.

Write her a letter, send her a bouquet of flowers, or a box of candy. Do not let this occasion pass without paying honor to your very best friend.

Mrs. Joanna Harriet Williamson

Joanna Harriet Perkins was born at LaPorte, Indiana, March 11, 1836 and was called home May 3, 1929, being ninety three years and fifty two days of age.

Grandma Williamson as she was lovingly called by her many friends was the first white child born at LaPorte, it being an Indian settlement. She was converted at a very tender age while attending a Methodist revival and throughout all the years that followed, lived a consecrated Christian life. Left an orphan at an early age she was cared for by a family who were not Christians and their worldliness was not conducive to spiritual growth but the faith of the child never wavered but grew stronger as the years went by.

She lived in Indiana until 1855 when she was united in marriage with Mr. Peter Williamson and eleven days later they started overland for Minnesota and the first night on the road she and her husband who was also a Christian established the family altar beside the wagon tongue and the altar fires have continued to burn all down through the years.

After ten years in Minnesota the little family moved to Bell Co. Tex., and made their home in one place for forty nine years, and where in entered into rest. In 1915 the family moved to N. M., and for the past six years Portales has been the home of Grandma and her son Frank.

Mrs. Williamson was the mother of ten children, eight of whom survive here, six of them being present at her burial. She also has thirty five grand children, thirty one great grand children and two great-great grand children. Hers was a long and useful life, she was a loving mother, a kind friend, and a good neighbor, always considerate of others and never more so than in her last illness.

Dr. Camp received word Sunday of the death of his mother Mrs. Bertie Camp on Saturday, May 4, at Nashville, Tenn. Mrs. Camp would have been 81 years old on May 10. Dr. Camp has been a resident of Portales 25 years and has numbers of friends who sympathize with him during his sorrow.

AN INTERESTING HISTORY

Few who know the quiet unassuming Mrs. Joanna Williamson realized she had such a wealth of experiences during her 93 years of life.

Among the interesting facts of her life were, first she was the first white child born in the now thriving city of LaPorte. Her parents moved there when the whole country was inhabited by the Red Men. They lived in a log house which had been built by the Catholics for a church, and many a Crucifix and other emblems of their religion she found while playing in her yard.

She was converted at the age of 4, her mother and father both

Portales Wins Over Tucumcari 4 to 2

On last Friday Emmett White and Duncan Simmons representing the Portales High School debated representatives from the Tucumcari High School, Tucumcari having the affirmative and Portales the negative, the question was the English Cabinet System is Preferable to the American Committee System.

Portales got the decision, 3 points. On Tuesday J. P. Steiner accompanied the Portales team to Tucumcari, where they took the affirmative side of the same question, resulting in one point for Portales and two for Tucumcari, Portales winning in the two debates by a majority of 4 points to 2 points for Tucumcari.

NEW CITY WELL 120 FEET

The new city well is now 120 feet. The pump has come and is now being installed temporarily to test the wells capacity. Water users will now be assured of plenty of water this summer for lawns and trees with a surplus in case of fire or other unexpected calls for water.

Dr. Camp received word Sunday of the death of his mother Mrs. Bertie Camp on Saturday, May 4, at Nashville, Tenn. Mrs. Camp would have been 81 years old on May 10. Dr. Camp has been a resident of Portales 25 years and has numbers of friends who sympathize with him during his sorrow.

Dr. E. T. Hensley was called to Hereford Texas Sunday to consult with Dr. Lagrande on a case.

died when she was quite a small child, and she was reared in a family who had ideas foreign to religion, but her faith during all these trying years never wavered, even during the tender years when the atmosphere of this home was not conducive to religion. She was kidnapped several times by the Indians who took a fancy to her. The Indians all loved her as a child and when the soldiers gathered up the Indians in the vicinity of LaPorte to take them to a reservation, she was with them, her father taking her back home. She and her husband lived 46 years at one place in Bell Co., Texas.

Portales Lets Gas Franchise To Pecos Valley Company

On last Thursday night Representatives of the Pecos Valley Gas Company met with the town Board to discuss the proposition of the gas franchise.

After much discussion pro and con, the franchise of gas was granted to the Pecos Valley Gas Company, who agree to begin the construction of the gas lines in Portales by July 1st, 1929, and shall be prepared to serve the gas consumer on or before January 1st, 1930, further provided that the grantee shall in good faith begin the construction of the main lines and its distributing system by July 1st, 1929, and shall complete such main lines by January 1st, 1930 and be prepared to serve gas to the consumer on or before February 1, 1930, provided however that should grants fall in any event to have such main lines and distributing systems completed and ready to serve gas to consumer in the town of Portales, N. M., by July 1st, 1930, this franchise shall be null and void.

The council also called an election for the 24th day of May, 1929, for the purpose of voting on this franchise.

Petition For Paving Presented Council

On Tuesday night at a meeting of the town council a petition signed by a number of property owners on State street petitioned for the widening of the paving from the lower end of the street to Roosevelt avenue.

A petition was also presented for the paving of several blocks on Nevada street.

Engineer Garst will be asked to make an estimate and the matter of this paving will take its usual course.

State street was paved several years ago, with a slab in the middle of the street, it has been found that the traffic on this street is so heavy that it needs to be broadened.

The paving program will also include the widening of the paving on the court house square, to the sidewalk, and on the side next to the Joyce-Fruit block, the sidewalk will be narrowed next to the court house, to give more room for parking on this street.

The matter was also discussed as to prohibiting parking next to the court house lawn, as on Saturdays traffic is so congested that it is almost impossible to pass on the street.

The parking situation in Portales is becoming more of a problem each day, and especially on Saturdays, when the rural cars are in town, parking space is hard to secure.

The matter was also brought to the attention of the council that a parking limit was needed on streets from the First National Bank to the alley, so that patrons of the postoffice would be able to park while securing their mail.

Jack Williamson and sister Joanna came from Canyon where they are attending school to attend the funeral of their grand mother Mrs. Joanna Williamson.

The Eagle Henderson family moved to Clovis this week.

One day last week a sign appeared in the window of the Model Grocery which read, "Bull pups for sale here." Now Ham has made a record for fresh groceries that has built him a wonderful business, with the addition of the above line his business should become a "howling" success.

Some of Portales picnickers recently went on a fishing trip, and it is reported that one car of prominent Portales parties could not find the Pecos river. As a joke, some of the other members of the party doubtless moved it.

"Welcome Wichita Boosters" signs are still in some of the windows of the Portales business houses. The trade trip is not history and all signs should be removed.

Window signs remaining in the windows after the event for which they are placed there, make new event signs worthless.

The Industrial issue of the Portales Valley News, will look like a picture gallery, showing the many scenes of Roosevelt county and Portales. These pictures will carry a message over the nation, that will prove that Portales is the city beautiful.

Last week the editor bought a mixture of laying feed from Leon Jones. He guaranteed it to make hens lay. The young son of the Jones family has eight hens, three of which were setting. The feed was taken home and placed on a shelf in the garage. The following morning eight eggs were found in the nest.

EDITOR GETS PLAIN TALK

The following communication was received unsigned, but as it gives light as to how the editor is looked upon by others, it is published here. This article was drawn by the Notice of accident of R. O. Dent, (Rodent or in plain English, Rat), which appeared in last issue as follows.

We certainly would not write like that about a dog, as the dog is the truest friend of mankind. He will stay with him through thick and thin, through poverty and wealth, but Mr. RODENT is the enemy of mankind, a carrier of vermin and disease. The government has spent millions of dollars in the attempt to exterminate the family of Mr. Rodent, but they multiply with such rapidity that the task is almost impossible.

Editor of the Portales Valley News—After reading of your write upon the death of R. O. Dent I just can't keep still any longer. Of course I know you won't publish this but I want you to know what some people think. Do you think the write up you published do any one any good. And after all he was some mother's boy, personally I never heard of the man and if as you said there was never anything proven on him he might have been just as innocent as yourself. You say he attended all of the churches, but did you as a Christian gentleman go to him and ask him to lead a better life, and point him to God as you should—"Oh" ye hypocrite, don't you think his soul was just as good in the light of God as your own. Even your own model son may someday sink as low as you pictured the said Mr. R. O. Dent.

We can never tell what children might come to, even your lovely daughter may sink even lower than the wife of this poor man. You know nothing of the early life of this poor man or what caused his downfall, and just stop and think one moment, there are scores of people in this very town that would not mourn so very long if the editor should some day share

the same fate of the said R. O. Dent. I would not publish such vile thoughts even about a dog.

John Fewson
Died Friday Night

John L. Fewson, aged sixty three years, died last night at eleven o'clock at his home on the ranch at Cap Rock.

In the passing of John Fewson another of the old timers of this section has gone. He came to this part of the country forty-three years ago, coming here from New York. Mr. Fewson was born in Europe, on May 1st 1866 and came to this country when about twenty years of age. He remained in New York only a short time and then came to Carlsbad where he resided for a while than came to Chaves county.

He was well and favorably known to all the eastern slope of the state. Mr. Fewson was a member of the Masonic fraternity in all of its branches. Mr. Fewson has been in ill health for the past two years and only recently had been at Corpus Christi, Tex., thinking that climate might be beneficial to him but he did not seem to improve and was brought home from there three weeks ago.

Mr. Fewson was married here on June 26, 1912 to Miss Elsie Clueck of that city. Aside from his wife he is survived by one sister, Mrs. E. L. McBride of Elida, N. M., and three sisters and two brothers who live in Europe.

Funeral services will be held next Tuesday afternoon at two o'clock at the Talmage Chapel and burial will be made at South Park. Further announcement will be made Monday. Talmage Mortuary have charge of the arrangements.—Roswell Record.

The only doctor in Scrapville decided that he would like to be mayor, so he came out in the Scrapville Times with the following notice: "Fellow citizens, I am running for mayor, I have no particular platform no reforms to make nothing to say against my opponent; I merely desire to be mayor of this town before I die. I know every man, woman and child in this town. I have been present at every birth, marriage or death in Scrapville for the past forty years. If I am not elected I am going to leave town. But before I go I will tell all I know about each of you."

For the first time in the history of the town everyone of legal age turned out. When the ballots were counted the old doctor had received but one vote, and that was cast by a man who had just moved into town.

Piper: "How gracefully Jacobs seems to eat corn on the cob!"
Heldick: "He ought to. He's a piccolo player."

Amarillo Lawyer
Kills Young Man
With Three Shots

Amarillo, Texas, May 4.—Thomas J. Walton, 20, was shot three times and fatally wounded today in the office of R. H. Hamilton, attorney.

According to police, Walton walked into Hamilton's outer office and asked to see the attorney, saying to the stenographer, "If you hear some shooting you'll know I've been shot." Shortly after he had entered the inner office three shots were fired. There were no eye witnesses to the shooting and young Walton died without having made a statement.

Officers said the attorney declared he shot to defend his home. "I had rather be dead than kill a man," he was quoted as having said, "but I had to protect my family." He would make no further statement.

RESTORATION RALLY

The State Restoration Rally held last week on Thursday and Friday at the Christian Church was a great success.

Something over one hundred people greeted one another at the banquet with which the local congregation welcomed its guests. While later in the evening a larger number assembled at the church for the first address of the rally.

Representatives from the churches of Marfa, and Canadian, Texas, Tucuman, Clovis, Elida, Portales N. M., registered to the number of one hundred thirty.

Addresses throughout the entire assembly were inspirational and the open forums instructive.

Each delegate returned to his home congregation filled with a new zeal and the local church derived much benefit.

It was a wonderful time of fellowship and the Portales congregation is happy to have had this rally in her midst.

EASE OF BUYING

FOR INSTANCE, in this city your first

may be as low as ———— and your monthly
payments \$53.90

Your present car will probably cover the entire
first payment. The H. M. C. Purchase Plan offers
the lowest terms available on the balance.

EASE OF OWNING

On our own streets Essex the Challenger, under
competent observation, averaged 22 miles per
gallon. The average owner in this city can expect
18 to 20 miles and upward. Commercial users oper-
ating large fleets of Essex cars say that service
and maintenance costs, covering millions of miles
of operation, are lowest of any car ever tested.

ESSEX challenges the per-
formance, the style, the
luxurious roomy comfort of
any car at any price, on the
basis that no other gives you
back so much for every dollar
you put in.

That is why the big buying
swing is to Essex. That is why
motorists by thousands are
switching from past favorites,

and trading in their old cars
for the big values Essex the
Challenger gives. Essex chal-
lenges:

IN SPEED—challenging
anything the road offers up to
70 miles an hour. IN FAST
GETAWAY—any car regard-
less of size or price. IN RE-
LIABILITY—60 miles an
hour for hour after hour.

Essex offers a completeness of
fine car equipment formerly
identified only with costly
cars, and available, when at
all, only as "extras," at extra
cost on cars of Essex price.

New Six Cylinder CHEVROLETS

since Jan. 1st

Sweeping constantly ahead to greater and greater heights of popularity... making and breaking new records of success with impressive regularity... the new Chevrolet Six has established one of the most remarkable records in automotive history—more than 500,000 on the road since January 1st!

Not only does this brilliant accomplishment surpass the greatest record that Chevrolet has ever achieved in the past—but it brings to Chevrolet the significant honor of having built in only four months a greater number of six-cylinder cars than any other manufacturer has ever produced in an entire year!

Even with such a record to focus attention upon the outstanding value of the Chevrolet Six—many people still do not appreciate what "a Six in the price range of the four" actually means!

To such persons, consideration of the features responsible for this tremendous popularity will prove a revelation. So read the adjoining column carefully—and then come in and ask for a ride in this sensational six-cylinder car.

Outstanding Features of the New Chevrolet Six that have created this Tremendous Popularity —

6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder motor—the new Chevrolet Six provides that smooth, quiet, flexible performance which is characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibration.

6-Cylinder Getaway

In sheer brilliance of performance, as well as in smoothness and quietness of operation, the new Chevrolet Six is a revelation. Acceleration is remarkably fast. And a new non-detonating cylinder head eliminates every trace of "lugging."

6-Cylinder Speed

The new Chevrolet Six has speed in abundance—but even more important than its speed is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide with a feeling of complete security.

Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six would be exceptional in any car. But in the new Chevrolet Six it is actually sensational—for here it is combined with an economy of better than 20 miles to the gallon of gasoline!

Exceptional Riding Comfort

Another vital factor that has influenced over a half-million people in their selection of the new Chevrolet Six is its marvelous riding comfort. It travels smoothly over rough roads—and its balance on turns and corners is exceptional.

Beautiful Fisher Bodies

Longer, lower and roomier—finished in attractive, long-lasting colors—and upholstered in rich, deep-tufted fabrics—the new Fisher bodies on the Chevrolet Six introduce into the low-price field an entirely new measure of style and distinction.

Proved Dependability

Tested for more than a million miles on the roads of the General Motors Proving Ground—the new Chevrolet Six went into the hands of its owners thoroughly proved in every detail. And now reports of its performance on the highways of the nation pay glowing tribute to its endurance and dependability.

Amazing Low Prices

An achievement that surpasses even the brilliant performance qualities of this sensational six-cylinder car are the prices at which it is offered. Study these prices, and compare them with any other car and you will recognize the remarkable value represented in this Six in the price range of the four!

Odd Foods in Many Lands

Crocodile meat is considered a good food by natives of Africa, and southern negroes relish the tails of alligators, according to Popular Mechanics Magazine. In the West Indies fish eyes are regarded as a delicacy. Jellyfish are eaten in Japan and, in many places of the world, squid and octopus are valued for food. In Polynesia a sea worm, the "palolo," which averages about 10 inches when fully grown, is caught and prepared into an appetizing stew. Sentiment is against snakes, but they are eaten in some places, and travelers testify that they are often very tasty. Hawks, herons and parrots are commonly killed for food in parts of the tropics.
