

We, along with scores of other Knox Citizens, made the safari to Rule Saturday and witnessed the best game we've witnessed in a long time. It's possible it wasn't THE best, but it was the most interesting and one we certainly enjoyed.

It is too late for us to make any published predictions, for there are times even newspaper men don't like to be quoted, but we are in a good position to come out district winners this year.

We would like to be the first to point out that over-confidence killed the cat, and will act accordingly.

A reader wrote a letter to the editor recently concerning the band and another one was in Tuesday saying she was aggravated at the fans for not showing much enthusiasm Monday night when the juniors played at the Junior High and Crowell football game.

We were aware Saturday how much a band, twirlers, and cheerleaders mean when we attended the Rule game and Rule didn't have a band to back up the other squads.

Admittedly it takes just as much skill in band as it does in football, public interest is the governing factor. It may not be fair but that is the way the ball bounces.

If the band was the only attraction at football games, we doubt seriously if any would attend other than the parents, and we know a few of them who wouldn't show up.

Our junior high band turned in a very good performance Monday and those who take an active interest in the band students can feel proud of them.

Their performance was considerably better than a lot of high school bands we know.

A LITTLE MORE — If you can bear with us a while longer we will continue this column with more sports — namely Freddie Smith. It is few and far between when a lineman in a football game ever attracts a writer's eye, for he like the band is taken for granted. As far as we are concerned last Friday night was Freddie Smith's night, for he not only intercepted two passes, he was also in on the largest number of tackles we noted.

The boys definitely showed the spectators what team spirit and competency can accomplish.

We can hardly wait to see the Greyhounds in action again — and we hope it is history repeating itself all over again.

Women drivers — My daughter and I had another driving lesson over the week end and she reaffirmed my suspicions and opinions of women drivers.

Although she is a registered driver, I have been reluctant to turn her loose, as she hadn't passed my test, as yet.

She told her mother I made her nervous yelling at her, and I voiced the same opinion after she scared me out of ten years growth.

I had the mistaken idea that in order to drive a stick shift the driver must be able to swap gears without noise, inch the car along without bucking and killing the engine, and above all be able to stop on a hill and keep the car still without using a brake and accelerate smoothly without killing or stalling the engine.

After a survey, I find none of the girls know how to do this. . . . And care less! The girls in my house tell me I am the worst driver in town, and I think I'm one of the best, naturally. I never fail to mention that statistic-wise I have been over a million miles without a serious accident and that according to some other statistics, I never will. It is a proven fact that the dumber you are the safer you drive. Statistics say a moron is the safest driver on the road. One reason is that he can't think of but one thing at a time and if he's driving he's naturally thinking about that.

If that statistic is ever broken, my family will break it.

GREYPUPS DEFEAT CROWELL KITTENS 14-8, HERE MONDAY

The Knox City Greypups defeated the Crowell Kittens 14-8 Monday night on their home field.

First score of the game came in the second quarter when Crowell's Looney carried the ball to the one yard line on a long run and the next play went over the tackle for the tally. The conversion was successful and the score was 8-0, Crowell.

With ten seconds left in the first half Glen Smith carried the ball 13 yards around left end to score for the Greypups. The conversion attempt was successful with a pass from Jerry Myers to Smith.

Gary Posey and Anthony Logsdon were outstanding defensively during the first half.

The last Greypup score came early in the fourth quarter when

Mike Glenn ran 68 yards for a touchdown. The conversion attempt failed.

Frank Perez, Carl Brock, Jerry Howell and Posey were outstanding on defense and offense. The Greypups are coached by Curtis Hines and Jim Bateman.

Contest Plans Are Announced

Knox City Study Club is sponsoring a Merry Christmas Contest this year, and Knox City merchants will select a nominee for the contest.

Containers will be placed around the business district and votes will be one cent each.

A talent show is also planned for the contest.

As plans were incomplete at press time, full details and a list of the contestants and their sponsors will be published in next week's Herald.

Lion Dist Governor Speaks To Club

Pete Shotwell, Lions Dist Governor from Abilene spoke to the Knox City Lions Club Wednesday noon.

Shotwell began his speech by saying thanks to the local club for supporting him and helping to elect him district governor. He said he would make a short talk on his recent trip to Europe and the Lions International meet in Europe.

Shotwell said he was amazed at the way Europeans can speak English and to give an example he said there were men from Sweden, Honolulu, Alaska, Germany, Chili, Italy and France among several other nations who spoke to the group in English.

"I wonder how many of us would be able to converse to any one of these nations in their native tongue," Shotwell asked.

Shotwell said Lionism was one of the best ways to promote good will for there were 118 countries represented and 17,000 Lions clubs throughout the world. Theme of the meeting was to "Serve" and to "leave the trail a little better."

Shotwell said when the flags of the various nations were presented the U. S. received a big ovation. "Everyone had a lot of respect for Old Glory," he said.

"I think we should have just as much respect for another country and their flag as they show for ours," he told the club.

He was also convinced, he said, that we should learn a foreign language. He said he didn't believe in the saying "If they can't speak my language I don't care to hear what they have to say."

He said that in Italy, France and Switzerland, the people are making a desperate effort to learn English.

Shotwell concluded by telling the members about the Crippled Childrens Home in Kerrville.

"This is a very fine project and one in which I can't find any way to improve on it or a better project for our club."

Last year 730 crippled children attended the camp and during the winter it is open to blind adults, as a rehabilitation center.

Small Turn-Out But Democrats Still Lead

Knox County voters voted almost three to one for the Democratic candidates in the gubernatorial race to over six to one in some of the other offices, as for example, railroad commissioner and land commissioner.

Total votes for governor were Connally 996 to Cox's 375 and Carswell's 7.

Congressman Purcell received 1140 votes to his opponents, Joe Meissner's 312.

Lt. Governor — Smith, 1175; Hayes, 282.

Attorney General — Carr, 1225 and Kennerly, 227.

Congressman at Large—Pool, 1177 and Barry, 271.

Railroad Commissioner—Ramsey 1243, and Hanson, 200.

Land Commissioner — Sadler 1247, and Fay, 199.

Agriculture Commissioner — White, 1225 and Hubbard, 216.

Heavy Rains Almost Stop Cotton Classing

Heavy general rains last week end almost stopped receipts after Monday and only 4,239 samples were classed at the U. S. D. A. Cotton Classing office in Monday, according to A. D. Peebles.

Grades ran about the same as last week with 19 per cent Middling Light Spot, 47 per cent Strict Low Middling Light Spot, 9 percent Middling Spot, and 18 percent Strict Low Middling Spot.

Staple percentages ran 29-32, 10; 15-16, 46; 31-32, 29; 1 inch and longer, 12.

Market activity was still slow with Middling Light Spot 15-16, averaging 30.52; Middling Light Spot 31-32, 30.93; Strict Low Middling Light Spot 15-16, 29.45; Strict Low Middling Light Spot 31-32, 29.88; Strict Low Middling Spot 15-16, 28.07.

Voting Not Very Brisk For Hotly Contested State Offices In Knox Co.

Voting for the county was not too brisk as approximately only two-thirds of the registered voters turned out to vote in the general election Tuesday. Two of the hottest contested offices were for governor and congressman for the 13th district. The way Knox County voted in each box is shown below.

Mr. Barnard's father was the former superintendent of schools at O'Brien.

'Hounds Swamp Hornets, 40-8

The Knox City Greyhounds defeated Aspermont Hornets, 40-8 Friday night on the Greyhound Field for their second District 7-B victory.

Knox City scored all its points before the lone Hornet score was tallied. The Greyhounds racked up 16 first downs for a total of 227 yards rushing. They added another 169 yards passing, completing 4 of 8 attempts. The Hornets gained 73 yards rushing and 93 passing, completing 5 of 9 attempts.

Eddie Williams and Johnny Montandon led the Greyhound offensive effort. Williams scored early in the first quarter after a 35-yard run. Brack Shaver passed to right end Ray Penman for the extra points.

Williams scored again in the first quarter on a twelve yard run and the conversion attempt failed.

In the second quarter Williams passed to Montandon successfully for a 35-yard gain and a TD. The next tally came on a pass from Williams to Montandon for a 77-yard run. Both conversions failed and the halftime score was 26-0.

Early in the third quarter Charlie Bateman racked up another six points and the conversion was made off the toe of Freddie Smith.

In the fourth quarter on a play set up by a successful pass from Williams to Montandon, Jimmy Reyes scored and Smith again kicked the extra point.

Aspermont's lone score came in the fourth period when Joe Douglas passed to Billy Lackey for 60 yards and Joe Galloway passed to Sonny King for the two extra points. The scoring ended at 40-8.

According to film grades outstanding linemen were Ronnie Ward, Jackie Acosta, Rob Glenn, Doug Logsdon and Freddie Smith. Tackle Smith gave the fans a thrill twice by intercepting Aspermont passes.

Shaver, Bateman and Williams received the high backfield scores.

Coaches Ted Darland and Curtis Hines reported the statistics

FHA Policies Are Discussed In Abilene Meeting

The entire personnel of the Seymour office of the Farmers Home Administration attended an area meeting held in Abilene October 25 and 26.

Wilburn A. Satterwhite, Baylor County supervisor, stated that five areas were represented at the meeting, these having headquarters at Weatherford, Seymour, Eastland, San Angelo, and Colorado City. Abilene was a central meeting point. The purpose of the meeting was to explain the new policies of the FHA program.

The meeting was attended by the entire personnel of the state office, with headquarters in Temple. These represented various phases of the FHA program, and most of them spoke at the meeting. About 100 representatives attended.

On the program were also representatives of A&M College Extension Service. They discussed such subjects as Farm Management, Dairy Management and Soil Practices.

Some of the speakers emphasized the FHA program and stated that the administration program seeks to serve the major needs of the farmers who are in the FHA program. And under the expansion of the program many of the needs will be served of residents in towns of 2500 or less.

L. J. Cappleman, state director, stated that not a cent of FHA loans had been lost in the Rural Housing loan department. The director said this department is making a thorough survey of the borrower's assets before making the loans. A new feature soon to be available is the handling of senior citizens rural housing.

From reports made at the meeting it was noted that the Seymour unit consisting of Baylor, Knox, and Throckmorton counties led the state in Rural Housing Loans made this year.

This area also led the state in Farm Ownership loans made this year. The area includes Baylor and surrounding area, Oris R. Bruner is Area Supervisor with headquarters in Seymour.

'63 Feed Program Is Outlined

Feed grain producers in Knox County and Texas will be notified this fall about general provisions of the 1963 feed grain program, according to T. W. Russell, chairman, Agricultural Stabilization and Conservation committee.

Unlike the 1962 program, only one sign-up will be held for the 1963 feed grain program and that will be early next year. Additional information including the base acreages, yields, and payment rates established for farms, will be mailed to growers prior to the sign-up period. Farmers who have already planted their 1963 barley will be able to participate in the program provided they reduce their 1963 feed grain acreage by at least the minimum.

The Chairman explained that the 1963 program will be a voluntary program, under which a farmer may divert an acreage of barley, corn, or grain sorghums to a conservation use and receive a diversion payment and a price support payment; he will also qualify for a price support loan on his crop. Base acreages for each of the three grains will be combined into a total feed grain base for the farm, and the farmer may divert from one or more of the feed grains represented in his total base. The minimum diversion will be 20 per cent of the farm's total feed grain base, and the maximum will be 50 per cent or up to a total of 25 acres, whichever is higher, but not in excess of the total base for the farm.

As under the 1963 wheat stabilization program, a farmer will have to comply with the intent See '63 Program, Back Page

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

I see where one of them column writers says it's going to cost about \$600,000 to repair some leaks in the Capitol dome. That's a heap of money to fix up a few leaks, but what surprises me is that they still got what I been reading about them grain storage, fertilizer and stockpiling boys, I thought they'd stole the dome off the Capitol and was taking the door nobs off the privies, at least the ones that was brass.

I ain't got no patience, Mis-

ter Editor, with folks that is stealing from the Government. They is too many ways these days to turn a honest dollar with them Government agencies in Washington. Fer instant, take this feller, Dr. Howell, a dentist from Alliance, Ohio.

I see by the papers where he has wrote to the Agriculture Committee of the Congress and made 'em a fair proposition. He says his only income is from the manufacture of false teeth and he reports he has now got a big excess of false teeth.

He admits it ain't in the best interests of the taxpayers fer the Government to buy his excess and store it with the surplus crops on account of the added storage costs. Farthermore, he writes, it would complicate our foreign policy to ship his excess overseas. The people over there would git to eating more corn on the cob, and while this might help the corn surplus problem, he figgers them foreign dentists and corn growers would git mad and they would turn to Communism if we didn't anchor 'em down heavy with more foreign aid.

Streams in Desert Places

Ozelle Stephens

Last week we talked about the expectancy of immediate answer to our prayers. Have we forgotten the possibilities of opportunity? Opportunity pleads for immediateness. When prayer is made with little urgency the petition amounts to no more than a pious wish. It will help us to take a look into the New Testament at some of the "immediates." "Immediately the fever left her." (Mk. 1:31.)

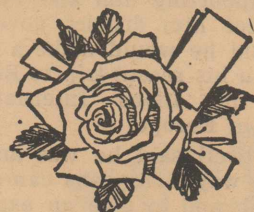

"Immediately the leprosy departed." (Mk. 1:42.) "Immediately he (the sick of palsy) arose." (Mk. 2:12.) "Straightway the fountain of her blood was dried up." (Mk. 5:29.) "Immediately he received his sight." (Mk. 10:52.) We are promised an answer in Isa. 65:24, "and it shall come to pass, that before they call I will answer; and while they are yet speaking, I will hear."

He told the Agriculture folks he has got several false teeth customers that is getting paid fer not producing corn and wheat and other things, so it would be a heap more simple if they would just send him the money and he would go into the non-producing false teeth business.

Now that's a good, honest proposition, Mister Editor, one that not only fits in perfect with our foreign aid policy but also with our farm policy and I predict they'll take him up on the deal.

Well, the candidates around the country fer the U. S. Senate and House is coming down the home stretch and about all of them has took to the newspapers, radio and television. Most of 'em looks and sounds pritty good, and I'm sure, no matter who wins, wonderful things is in store fer all of us in Washington come the next session of the Congress. The trick to politics, Mister Editor, is to git contributions from the rich, votes from the pore, and promise perfection to both agin each other. Personal, I'm going to drive to the polls November 6 mighty slow, sorter like I was going to see the tax collector.

Yours truly
Uncle Ben

'63 Chevrolet Trucks

THEY'VE ALWAYS BEEN TOUGH BUT NEVER STRONGER THAN NOW!

You can be sure that new engines, frames, suspensions that licked Mexico's Baja* Run will work for you long, faithfully and at traditionally low Chevrolet cost.

A Chevrolet truck has always been a sound investment because of its quality construction. This is what makes it give you an honest day's work every day at very low cost and—when you are finished with it—return more resale money to your happy pocket.

This year stronger frames, engines that can pull more, and practically tailor-made suspension systems make Chevrolet trucks a better buy than ever. If you're in the market now, we'd welcome the chance to tell you about, and let you drive, the new trucks. Just give us a call.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

A statewide drive is underway to raise \$950,000 for a "Carama Star" shrine at Washington-on-the-Brazos, where the Republic of Texas was born.

Campaign was announced by Gov. Price Daniel after meeting with Mrs. Mary Moody Northern of Galveston, Robert L. Thornton of Dallas and Gus S. Worthington of Houston, who co-chair-

man the project.

"Carama Star," as visualized by designer Clyde E. Gray of Woodville, will be a star-shaped concrete building covering five acres of ground at the historical site near Brenham.

It will contain more than 6,000 square feet of ceramics, tracing Texas history.

Shrine is to perpetuate the

memory of the 59 courageous early Texans who met at Old Washington on March 2, 1836 and declared their independence from a tyrannical Mexican government. They set in motion a course of events which saw, within 50 days the fall of the Alamo, the massacre at Goliad, and the decisive victory at San Jacinto which secured the freedom of Texas.

Back in 1956 the Texas Press Association joined with the Texas Independence Day Organization to encourage construction of such a memorial.

Building is to be shaped like the Lone Star, with a tower rising from the center, topped by a powerful searchlight known as the "Light of Texas Freedom."

An elevator will take passengers to the top.

TOURS FOR THE TAKING—Scouts for the Texas Highway Department's Travel Division, always on the lookout for interesting things for tourists to see, have uncovered 324 tours that Texas industries offer in 70 cities.

Information came from queries as to what plants would spread the welcome mat for visitors.

Replies were compiled into an easy-to-read booklet entitled, "Visitor Tours of Texas Industry."

Copies can be obtained thru the Travel Division's Austin office, or at any of the eight state tourist bureaus.

SUBTERRANEAN CENTER—Texas Department of Public Safety plans to go underground to handle disaster relief operations.

Col. Homer Garrison Jr., reports that ground has been broken for a \$630,000 underground state emergency operating center.

Garrison said the present disaster communications center, located in the basement of the department's headquarters, lacked facilities to handle major disasters—such as Hurricane Carla—at peak efficiency. The new 12,000-foot center will facilitate

Garden Club Has Show Nov. 6 In Munday Homes

The Knox City Garden Club presented a placement show in the homes of Mrs. J. S. Shannon and Mrs. W. E. Braly in Munday, Tuesday, Nov. 6.

Special awards were given to the following: Mrs. J. M. Averitt, tri color award in division II artistic arrangement (in Mrs. Braly's home).

Mrs. B. F. Cornett, tri color award in division II artistic arrangement in Mrs. Shannon's home.

Mrs. H. W. Finley was sweep-

uninterrupted operation for 30 days.

Designed to withstand the effects of air blast, thermal radiation, residual radiation (including fallout and chemical and biological agents of warfare, the safety center will be manned around the clock from the time its completed. It will accommodate about 120 persons, and be equipped with an independent water supply, fuel supply and auxiliary utility power.

AUTO TAX BACKED—Assessing automobiles for city and school taxes, without assessing "all other personal property on an equal and uniform basis," has been upheld by the Austin Court of Civil Appeals.

Court reversed a judgment of the Hays County District Court which had denied the City of San Marcos and San Marcos Independent School District judgment against F. W. Zimmerman for delinquent taxes on 3 motor vehicles.

Suit was for back taxes for 1956 through 1959.

'63 Feed Program—

(Continued From Front Page) tions shown on his agreement; if he does not comply fully with provisions of the program, he will not be eligible for any payments or price support on any of the three feed grains. Also, to be eligible for a diversion payment and price support on one farm, a grower taking part in the 1963 feed grain program must not exceed the total feed grain base acreage on any other farm in which he has an interest.

Advance payments will again be available at the time of sign-up. Final payments will be made after compliance has been determined.

Native **LAMBS** are now being processed in the Center of the Southwest

Here, in the very heart of the Nation's largest sheep-producing area, a famous packer has established a lamb processing plant.

Any new industry contributes to the economy. But a new industry which processes a product of the area is doubly important.

We are convinced that this is a growing trend. It has become an important part of our continuing efforts to inform America's business leaders about our industrial advantages.

It is another reason why we say that we face **GROWTH UNLIMITED** here in the Center of the Southwest.

4-H members, their parents and honored guests held their annual 4-H Achievement Awards banquet Monday night at Rhineland. Serving as master of ceremonies and Mistress of ceremonies were Marion Keuhler and Dorothy Edrington, Rhineland; Co-chairmen of the 4-H Council, Mr. Curly Hayes, West Texas Utilities, Abilene, was the main speaker. Mr. Bud Carver, Mr. Walter Trainham, Mr. J. B. Eubanks and Mr. George Nix, county commissioners presented the awards to members in their precincts.

Receiving the top awards, the Gold Star, were Charles Murray, Gilliland, and Jeanette Brazell, Munday.

Jeanette Brazell, who is 14, is the daughter of Mrs. Mayme Brazell of Munday. Jeanette has completed five years of 4-H club work and has carried demonstrations in Food Preparation and Preservation, Clothing, Gardening and Junior Leadership.

This year, Jeanette has done outstanding work in Clothing, Dairy Foods and Leadership.

She and her partner won a trip to State 4-H Roundup with their Dairy Food Demonstration and she placed second in the county 4-H dress revue. In Junior Leadership, she was selected to attend the District 4-H Camp.

She then served the county rally day as chairman. She rendered a great deal of valuable service in the planning and preparation for the 4-H rally, then served as one of the instructors in a work group.

In previous years, Jeanette has won awards in food preparation, and preservation, clothing and home economics. Jeanette has also proved herself a good citizen in the community. All through Junior High School, she was a majorette and she has taken an

Charles Murray, 15, son of Mr. and Mrs. R. G. Murray, of Gilliland, has been a 4-H member for five years. He has carried a total of 20 projects in these five years including poultry, dairy cattle, swine and gardening. He has attended 4-H round up at College Station the past two years, giving demonstrations in dairy and soil and water conservation. He has served as his local club reporter two years and president one year.

Charles has won five medals and 17 ribbons in his 4-H work. We are happy to recognize Charles for his outstanding effort in 4-H and we are glad to present him with the highest award he can win on the county level, the Gold Star Award.

Charles and Jeanette, their parents and County Agents, will attend the District Gold Star Luncheon at Abilene, Tuesday, November 13, courtesy of West Texas Utilities. This will be televised over KRBC-TV at 12 noon.

CARD OF THANKS

I want to thank the doctors and nurses for their kind attention while I was in the hospital. Also all of my friends and loved ones for their visits and words of encouragement and for all the cards and flowers. This all made my stay in the hospital more enjoyable.

Fellowship Banquet Held Monday Nov. 5

The Methodist Youth Fellowship banquet was held Monday Nov. 5, at the Fellowship Hall. Dr. Bergan Watkins of St. John Methodist Church in Stamford was principal speaker.

Lanny Logan gave the invocation, Samantha Graham the welcome, Brack Shaver introduced the guests and Judy Smith gave the benediction.

IN LUBBOCK

Mr. and Mrs. Bill Sams spent Tuesday in Lubbock.

Special guests for the service. Mrs. Rike, an honorary member and a long-time resident of Haskell County, passed away last summer.

The program for the November meeting of the Chapter was on "New Frontiers for Women." Director was Mrs. Vera Beil. Mrs. Opal Nanny spoke on art, Mrs. Margie Lott on music and Mrs. Jean Schwadlenak on politics.

A short business meeting followed the program. Names were drawn for the Christmas party present. Mrs. Louise Greene reported for the finance committee. The meeting ended after group singing of some of the more unfamiliar Delta Kappa Gamma songs. Haskell members, acting as hostesses, served pumpkin pie and coffee.

Rev. Bailey Honored On 22nd Anniversary With Church Here

Rev. Floyd Bailey was honored with special evening services at the Foursquare Church celebrating his 22 anniversary with the church.

His first church was at Norwalk, Calif., after which he served the Knox City church for three years, then was in Amarillo for three years before returning to Knox City where he has been since that time.

He and the church here have pioneered eight other Foursquare Churches in the area. They are in Haskell, Stamford, Hamlin, Rotan, Sweetwater, Munday and two churches in Abilene.
