## Good Start Is Reported Here For Seal Sale

### President, Governor Join Fight Against Tuberculosis In County Funds Campaign

Pres. Harry S. Truman and Gov. Coke R. Stevenson of Texas have joined the fight against tuberculosis, termed by the two leaders a disease which "exact the tragic and needless toll of lives." The two have issued statements to the Dawson County Tuberculosis Association in support of the local seal sale and those all over the nation.

Good results have been tabulated so far from the sale of TB Christmas Seals. Mrs. Henry McQuinn, executive secretary, reported Tuesday, "Not," she added, "that we have already raised our \$2,000 quota." The seal sale which opened Monday will continue through Christmas.

Checks and cash are being brought and mailed to the AAA office at a rapid pace for this early in the sale period. Seal Chairman C. E. Tarter added. Early payment for the seals mailed out last weekend has been urged by the Dawson County Tuberculosis Association leaders.

New residents have been asked to drop by the AAA office, 520 North First, to purchase their shares in tuberculosis control.

It is particularly inexcusable today to permit disease to undermine the strength of our people when all their energy is needed in building of a better world," said President Truman in supporting the 39th annual Christmas Seal sale of the National Tuberculosis Association and its 2,500 affiliated organizations.

"The American people cannot be complacent about a disease which exacts such a tragic and needless toll of lives. The historic trend of an increase in tuberculosis after war can be reversed today if the American people cooperate with the medical profession and official and private health agencies in the nationwide campaign against the disease."

"Tuberculosis can be controlled, and the fight against it must be continued until it is controlled. Every American can join the fight against tuberculosis by buying and using TB Christmas Seals," the nation's leader pointed out.

In the governor's proclamation, attention of Texans was called to the fact that tuberculosis is communicable. Governor Stevenson called on all residents of Texas to support the seal sale to finance a health program.

"Last year," he said, "tuberculosis took 3,006 lives in Texas. The health program designed to protect citizens of our state from the spread of this insidious disease is financed by the annual seal sale, and I urge Texans to give this campaign their generous support."

## Christmas Donations For Home to Be Made

Attention has been called to roll call night for Knights of Pythias Monday by Rufus Pruitt, chancellor commander. Annual roll call is for benefit of Christmas donations to the Pythian Home at Weatherford. Every member of the local lodge is expected to be present or answer by card, Pruitt said. The meeting will be held at the hall at 7:30 p. m. Monday.

Dr. R. A. Springer of Dallas, pictured above, will be guest preacher at the First Baptist Church in Lamesa Sunday Morning. Dr. Clarence A. Morton, pastor has announced. Dr. Springer was for years connected with Lubbock and Amarillo churches and he served for seven years as secretary of the Baptist Brotherhood of Texas. Described by Dr. Morton as an excellent speaker, the public is invited to hear Dr. Springer.

MR. and MRS. J. H. STANDEFER

## J. H. Standefers Plan Golden Wedding Celebration Sunday in Recreation Hall With Over 350 West Texas Friends Invited

By ALLENE CURRY

Despite a few minor handicaps, Mr. and Mrs. J. H. Standefer, residents of Dawson County for 31 years, are about the most pleasant couple in town. Thirty minutes of chatting with the jolly couple and a visitor leaves with a grin on his face and joy in his heart.

The Standefers—she is 69 and he's 79—are to celebrate their 50th wedding anniversary at open house Sunday. Approximately 350 guests have been invited to the city park recreation hall for the Golden Wedding observance.

Blind for 12 years, Mr. Standefer manages to get more kick out of life than the average person who can see. He likes very much to walk, but he stays inside most of the time these days. "It's too dark out there," was his simple explanation.

A canker took one eye to go out and a cornstalk put out the other. "Why didn't I duck? I didn't see that doggone stalk!" he said that with a grin.

While Mrs. Standefer is out in the yard—she loves to work with her flowers garden and chickens—her husband exercises by walking the length of a 100-foot rope that is staked out on the side of the lot.

They don't go downtown often, but Mr. Standefer laughed heartily when he told of their last trips to town. Ordinarily a fast walker, he was being urged by his wife to walk faster across a street, and he was gripping good-naturedly about the rush. "You dragged me for 35 years, now you come on!" she said. Mrs. Standefer likes to do most everything and she keeps busy all the time. Her eyes twinkled as she told one of her husband's remarks about her crocheting—"I'll bet you she's made enough lace to stretch around Dawson County."

The 79-year-old man, who says he is entirely too close to 80 to suit him, likes to whistle and sing. "My wife used to enjoy hearing me sing, but now she's ready to pay me to quit," he said dryly.

Both of them like the radio, but Mrs. Standefer is much too busy to listen much. "I got pretty tired at the radio sometimes," Mr. Standefer admitted. "There's much too much foolishness." And by that he meant that the commercials are too plentiful. He doesn't particularly like the so-called "soap operas" either. "They never get around to ending," he pointed out.

But he follows politics via radio and he gets much enjoyment out of getting to know the big shots on the airways.

Native Texans, Mrs. Standefer was born in Caddo, Hunt County, and his birthplace was Meridian, Bosque County. "You know I don't remember much that happened before I was born," Mr. Standefer remarked in a discussion about good and bad memories of present-day folks.

The Lamesans are long-time members of the First Methodist Church. They don't go to church now, because it's a little hard for them to get up and down the steps. Inspiration for sermons is probably gained by Rev. Cal C. Wright, local pastor, during his frequent visits with the pair, however.

Actually the retired farmer and his wife were married on November 24 but Saturday afternoon is no time for a party. So they are celebrating with their family and friends on Sunday between 3 and 6 p. m.

Perhaps it's meant to be a come-and-go affair but the Standefers are so pleasant that it will probably turn out to be a come-and-stay party.

Hosts will be the couple's five children and their families—Mr. and Mrs. A. L. Standefer and Mr. and Mrs. M. L. Standefer of Lamesa, Mr. and Mrs. T. A. Isbell

of Seminole, Mr. and Mrs. Walter Standefer of Brownfield and Mr. and Mrs. Elliott Standefer of Portales, N. M.

For the party Mrs. Standefer will be wearing a white crepe ensemble that "the girls had made for me."

Only two of the service grandsons, oldest among the 11 grandchildren of the Lamesans, will not be able to attend the celebration. They are Cpl. M. L. Standefer Jr. who is with the army air force as a ground crewman, in Shanghai, China, and Cpl. A. M. Standefer, son of the A. L. Standefers who is also an air force ground man now based at Madison, Wis.

Third service grandson is Cpl. Lee O. Standefer of Brownfield, who is with an infantry outfit at Camp Wolters Mineral Wells and has made plans to be here. Mr. and Mrs. Standefer have four great grandchildren.

Congratulatory cards and gifts were already coming into the Standefers' modest white bungalow, 1211 South Fourth Street, Monday.

"There is only one living person who was among guests for that wedding 50 years ago at Rochester, Haskell County. She is Mrs. Guy Speck of Carlsbad, N.M. Mrs. Speck will not be here for the Sunday party but she dropped by last weekend while in Lamesa to visit with the Standefers."

The wedding wasn't a formal one and neither will the open house be formal. Several members of the family and a few friends heard the couple repeat their vows 50 years ago at the home of Mrs. Standefer's parents, the late Mr. and Mrs. T. G. Jack, Rochester.

If everybody had a good time at that wedding it's no wonder because nowadays visitors have fun at the J. H. Standefers' home.

## Chairman Urges Roosevelt Bond Purchase Today

"Buy a Roosevelt Bond for Each Returned Serviceman and Woman!" That is the slogan of the week for Dawson County's Victory Loan Drive. The \$200 denomination bonds are included in series E. Chairman J. P. White reminded.

If Dawson County would follow that plan of bond purchase with their extra dollars, then the county's \$250,000 series E quota would be well on its way to completion, he pointed out.

"The idea is not limited to families of the returned veterans," White said. "All of us could keep it in mind and buy a Roosevelt bond because somebody else's son or daughter has returned home after serving our country."

"Buying Victory bonds is your own individual, personal way of expressing your gratitude to the men and women who won a war and saved a world—including everything nearest and dearest to you."

"Besides, it is also the best way to be good to yourself! For the bonds of your own government are the world's safest investments. Money invested in bonds cannot cause ruinous inflation and depression... and Victory bonds can provide a secure and prosperous future for you and your family."

## Tornadoes Play Bulldogs In Midland Turkey Day

By BILL WARREN

Lamesa high school's Golden Tornadoes, pounded by Abilene and Odessa on successive weed-ends, close out their ten-game 1945 gridiron campaign in Midland Thursday afternoon at 2:30 when they clash with the equally lowly Bulldogs in a Turkey Day battle.

Both clubs have taken repeated defeats on their respective chins this season. The local lads, with most of the starting line-up in pretty good shape, appear to be about evenly matched with the oft-beaten Bulldogs of Coach Gene McCollum. The two teams are both seeking their second conference victory. Lamesa defeated cellar-dwelling Big Spring 6 to 0, and Midland handed the same club a 9 to 6 loss. The Bulldogs will rate a slight edge in some quarters due to their stout fight recently against San Angelo. The Bobcats beat the Midlanders by a 13 to 7 count two weeks after facing Lamesa 28 to 7.

Bill Matlock, regular Tornado tackle who was side-lined for the Odessa game with a knocked down shoulder, has been scrimmaging this week while wearing a shoulder support and will probably start against Midland. The rest of the regulars are ready too as Coach Sanders sends his lads after their third win of the year. Lamesa has won two games, beating Kermit and Big Spring, tied Levelland and has lost to Brownfield, Lubbock, San Angelo, Sweetwater, Abilene and Odessa. This is the last chance for Orvil Nieman, Tornado halfback, to add to his 31 point scoring total for the season.

The Bulldogs, idle week before last, sank into the doldrums again last week as they lost to a lighter Cisco eleven 19 to 0 to discount somewhat their fine showing against San Angelo. Midland winds up the season next week by playing the almost certain champion Bronchos in Odessa, this being the last hurdle for J. W. Thompson and his mates toward an unmarred claim to the district 3-AA throne.

Two other Turkey Day district tilts are on tap. Big Spring's Stars, destined to rest all alone in the conference cellar, play the stout Sweetwater Mustangs in Big Spring. San Angelo's Bobcats and the Abilene Eagles collide at Abilene in a contest without a definite favorite that should turn out to be a rousing offensive battle.

Sweetwater and San Angelo tangle in the Bobcat lair next week to round out the district's schedule.

The Tornadoes, their preparation period for the finale shortened because they played Odessa on Saturday, have worked after hours this week and hope to make up for their resounding losses in the last fortnight. Jim Rowbotham or Arthur Bizzell, both young backs who look to have a promising future toting the mail, will likely be the fourth man in the starting Lamesa backfield.

Probable starting line-up for the Tornadoes: Ends, Clark and Hoover or Hawkins; tackles, Fortenberry and Matlock; guards Eudy and Bizzell; center, Hurley; quarterback, Bizzell or Patterson; halfbacks, Nieman and Rowbotham or Patterson; fullback, Rippy.

## Church of Christ Schedules Bible Lectureship Week

A Bible lecture series will begin Sunday at the Church of Christ in Lamesa, with 17 outstanding speakers from the South Plains scheduled to be presented.

The Bible lectureship will continue from November 25 through December 2. O. H. Tabor, minister at the Lamesa Church of Christ, said Tuesday.

The speakers will discuss 17 topics on the general theme "The New Good congregational singing" is assured, he pointed out and rooms and meals will be furnished out-of-town visitors.

"Come and enjoy the good fellowship and fine sermons considering this a personal invitation to attend," the local minister added.

Program for the week will be as follows: Sunday, November 25—11 a. m. "The New Testament Church in Prophecy" O. H. Tabor, Lamesa; 7 p. m. "The Establishment of the Church," Garnie Atkinson, O'Donnell.

Monday, November 26—10 a. m. "Mission of the New Testament Church," Clinton L. Storm, Seminole; 11 a. m. "Worship of the Testament Church," Mike Young, Andrews; 7 p. m. "All-Sufficiency of the N. T. Church," Weslie Mickley, Odessa.

Tuesday, November 27—10 a. m. "Organization of the N. T. Church," Arthur Golden, Denver City; 11 a. m. "Discipline of the N. T. Church," Dean Brookshire, Slaton; 7 p. m. "Relationship of the Church to World," Roy Foutz, Levelland.

Wednesday, November 28—10 a. m. "Teaching Program of the N. T. Church," J. Woodie Holden, Midland; 11 a. m. "How to Plant the N. T. Church," Clifton Rogers, Snyder; 7 p. m. "Is the N. T. Church a Denomination?" Grover C. Ross, Monahans.

Thursday, November 29—10 a. m. "The N. T. Church as the Body of Christ," Elmo Burkett, Tahoka; 11 a. m. "The Identity of the N. T. Church," Cline R. Paden, Brownfield; 7 p. m. "The Value of the N. T. Church," Paul Foutz, Morton.

Friday, November 30—7 p. m. "Can a Person Be Saved Outside the N. T. Church?" Raymond C. Kelsey, Lubbock.

Sunday, December 2—11 a. m. "A Glorious Church," W. H. Rowland, Lamesa; 7 p. m. "Why the Church of Christ Will Live," J. C. Busto, Coahoma.

## School Head Goes to TSTA Convention

Supt. V. Z. Rogers of Lamesa Schools will leave by train tonight for Dallas, where he will attend sessions Friday and Saturday of the Texas State Teachers Association. Rogers is a member of the executive committee and of the house of delegates.

The local man's membership in the house of delegates, a three-year maximum term, will expire December 31.

Results of the recent TSTA officer election will be announced at the Dallas meeting.

## CARS NEEDED TO CARRY BAND TO MIDLAND GAME

Band director Richard Young asks that anyone who is going to the Midland-Lamesa game Thursday afternoon in an automobile and has room for one or more members of the Lamesa High School band get in touch with him by phone or in person at the high school.

Young said that all busses in this area have been chartered to carry football teams Thursday, and none is available for the band. He said that the band members need to leave here not later than Thursday noon in order to get to the playing field by 2 p. m.

## Lamesa Quartet At Water Meet In Brownfield

Four Lamesa men, headed by Water Superintendent Walter O. Bird, were in Brownfield Tuesday night to attend a meeting of the Permian Basin Water Association.

Highlight of the program was a talk by S. C. Cooper of Lubbock, consulting engineer, on "Sanitation of Ground Water Supplies."

Other local water department men attending were W. E. Sealy, R. O. Wilkerson and D. D. Lattimore. Sixty men from the district were present for dinner and the program.

The November meeting was held in the district courtroom at Brownfield, with District Engineer Joe Stanley of Lubbock as program chairman.

December session of the district water association will be held in Colorado City, and Lamesa will host the January meeting. The association takes in Odessa, Kermit, as far north as Spur, west to Denver City and east to Colorado City.

## Parking Regulations Also Apply at Night, Police Chief Says

Those double parking suggestions made last week not only apply to daytime parking, but also to the night parking situation in Lamesa, Police Chief William Chilton said Wednesday.

Night double parking, he pointed out, is even more dangerous than in daylight hours. "It is much harder for drivers to see double parked cars after dark," he said.

Parking in downtown Lamesa has shown noticeable improvement, Chilton reported. The department appreciates the cooperation shown by citizens, but there are a few still violating the rules.

Double parking without leaving a driver in the car and blocking parking spaces by double parking are the traffic violations that the police chief was discussing.

Citizens were good natured about their parking tickets last week—when the city councilman who paid one of the dollar-a-shot fines—city officials said.

## Couple of Fires Cause Minor Damage

Two fire calls this week have resulted in only minor losses with Lamesa Volunteer Fire Department on the job.

A Keith grocery truck out of Lubbock caught fire just south of 31st's Cafe Monday afternoon. Reported damage was a "few roasted onions." The blaze was extinguished by Fireman M. L. Standefer before the fireboys arrived.

Tuesday night's alarm was sounded shortly past 9 o'clock and the firemen were called to Weaver Florist Company. A stack of pots in the alley caught fire, but small damage here was also reported.

## Lamesa High Grad Makes High Average

Miss Marjorie Greene 1945 graduate of Lamesa High School has had her name placed on the honor roll for the first nine weeks at Abilene Christian College. She is the daughter of Mr. and Mrs. Joe V. Greene 810 South First Street, Lamesa.

Miss Greene is a freshman student at ACC, majoring in dramatic arts.

## Rental of 75 More Lockers Is Requirement

### Additional Signers Must Be Secured Or Plans for Co-op Plant will be Dropped

Unless 75 more Dawson County signers for lockers in the proposed co-operative frozen food locker plant before December 10, plans for construction will be abandoned. The ultimatum came from the Lamesa Co-Op Gin directors, through R. L. Jones, Manager.

Only 175 persons have signed for lockers in the new plant, and 75 more must be rented before construction will be started, Jones said. The plans also include complete meat curing equipment.

With plans in hand and many Dawson County people clamoring for frozen food lockers, it seems a shame to lose the plant, Jones remarked Wednesday.

Two months has been set as the required building time, and Lamesa Co-Op Gin Company is anxious to start the plant by mid-December.

Proposed plans for the locker plant show that the setup would be operated under the same plan as the gin—with profits returned at the end of each year as dividends to locker renters.

Only catch in the entire deal, the directory board reported, is that the locker rental of \$15 per year must be paid four years in advance to take care of building costs. "We are not going into debt for the plant, but we are anxious to build the plant to take care of the overflow at the other Lamesa locker plant," Jones stated.

Residents who pay rent on the lockers and move away before the four-year period is up will be given every assistance in sub-renting their boxes, the gin manager added. He will be glad to talk over the plans with interested citizens at the gin office or by telephone.

## Lamesa Businessmen Sponsor Broadcast

Radio broadcast of the Lamesa-Midland football game Thanksgiving Day will be sponsored by Jobe and Earnest Furniture Company and Mack Seogin Tire & Supply Company, Lamesa.

The November 22 game at Midland will start at 2:30 p. m. and the broadcast will be made over the Midland radio station. Dawson County football fans who are unable to go to Midland for the game will have the opportunity of hearing it broadcast.

## Polo Game Slated In Lamesa Sunday

A polo game has been announced for Sunday afternoon 2 o'clock on the Lamesa Polo Field, south of the country club on Highway 81. The Lamesa team will play a team from the New Mexico Military Institute, Maxwell, N. M.

Players on the local team will include S. R. Barron, E. E. Barron, Dr. Bennett of Big Spring, Rip Smith of Big Spring and Elmo Smith.

Mrs. Charlie Byrd spent the past week in Fort Worth with her father who is ill.

## Army Major, Ex-Marine at ABC

Members of the American Business Club heard talks by a discharged veteran of the Marines and a medical corps major in the army, both Lamesans, at their regular meeting in the Plaza hotel Tuesday evening.

R. C. Lott, Marine Corps veteran of South Pacific fighting, answered questions asked him about the service after saying that he thought most servicemen would heartily approve and endorse all civic organizations.

Major Wells Loveless, recently returned from many months duty on New Guinea in a hospital, described his work and the natives on that island and answered several queries.

James Sumpter presented the speakers and was in charge of the program. Bill Warren outlined the progress made by the civic affairs committee and the board of governors in meetings held last week concerning a resolution asking the city for more stop signs and plans for a Christmas party for underprivileged children.

Johnny Lyons, club president, presided. The club's bell and gavel, presented to the local chapter by the Lubbock American Business Club, were used for the first time.

Twenty-four members, First Lady Mrs. Richard Young, the speakers and Tom Deiback, Lamesa, a guest of W. D. Mitchell, and the club, were present.

Mrs. Charlie Byrd spent the past week in Fort Worth with her father who is ill.

## Home Is Cure for Air Force Sergeant, Released Prisoner

Three and a half years in Japanese prison camps are vivid in the memory of Sgt. Hill Edmond Dean. "But heck," he said, "there's nothing wrong with me that home won't cure!"

He made that remark despite the fact that his weight dropped from his normal 157 to 86 pounds on the "Death March" to Cabanatuan prison. Dean's present frame of mind his perfect health and his lack of bitterness are terms by his relatives and friends as "remarkable."

His weight went up some to 117 pounds by the time he was released from the prison camp at Fukuyama, on the island of Kure. There he did long hours of work each day in the steel mills.

Sergeant Dean, 26, is the son of Mr. and Mrs. Claude Dean of Robert Lee. However, he was born and reared in Dawson County, was graduated from Lamesa High School and later attended Texas Wesleyan College, Fort Worth.

The veteran armyman was in Lamesa visiting his uncle, L. I. Dean, and family and his aunt, Mrs. W. V. Love, and family. He is scheduled to return here for a second visit later this week.

While in Lamesa, Dean spent hours chatting with Lt. Col. John B. Bennett. The two were taken prisoners on Bataan, made the death

march and both were later transferred to the same prison camp in Japan.

Released September 15, Dean was flown part of the way back to the states, reaching the west coast in early November.

Sergeant Dean enlisted in the army air force and was en route to the Philippines as a radioman, when the Japs struck Pearl Harbor. Following destruction of the air force planes, he and other air men went into infantry units for fighting on Bataan.

The native Lamesan holds the Bronze Star for meritorious service, together with two clusters. He was also awarded the Combat Infantryman's Badge.

The airman was cruelly beaten several times during the three and a half years he was in prison. He also survived one of the Japs favored water treatments—that of standing chest high in icy water and forced to hold his head under water unbelievable lengths of time.

Cruelty is not only bred into the Japanese people, in Dean's opinion, but they are also educated to it.

Now on convalescence leave, the liberated man will return to Brooke General Hospital, San Antonio, at the end of 70 days. He will be given furlough after that.

## Appeal Is Made For Workers in Polio Campaign

More than 100 counties and schools in 50 counties have been organized in the campaign to raise \$250,000 for the Sister Elizabeth Kenny Infantile Paralysis Foundation Fund, but workers are still needed throughout the state. The announcement was made by George C. Francisco Jr. of Houston, state chairman of the fund.

The funds raising campaign, now underway, will end December 8. Chairman Francisco has announced the state executive committee members as follows: J. S. Swearingen of Austin, vice chairman; J. A. Elkins Jr. of Houston, treasurer; Rt. Rev. C. E. Byrne, Galveston; Rt. Rev. C. S. Quinn, Houston; Louis J. Hexter, Dallas; Gene Howe, Amarillo; William M. Masse, Fort Worth; Glenn H. McCarthy, Houston; and Mrs. Sam E. Wilson, Corpus Christi.

Following the 1945 campaign, the state committee will form a permanent organization to administer funds raised in the campaign, the chairman announced.

Bing Crosby of movie fame is national chairman of the campaign. The state chairman has issued a last minute appeal for workers and urged anyone interested in the intensified fight against the dread disease to write state headquarters at the Driskill Hotel, Austin, to volunteer. Contributions may also be mailed to the state headquarters.

## Church for Colored Methodists Is Now Under Construction

Construction of a Methodist Church for the colored residents of Lamesa is in progress. Foundation for the \$2,000 structure is being laid. Rev. Cal C. Wright, pastor of the First Methodist Church here, said Monday.

Only \$100 has been contributed to the building fund, Rev. Wright said, but other donations will be welcomed. The church will be built of concrete blocks.

The Lamesa chamber of commerce has indicated that it will assist with the building, and the local First Methodist Church will help. Rev. Wright has written to Bishop Carter suggesting that the board of

## Give Thanks for Health, Preserve It, State Health Officer Advises

The first Thanksgiving in this country was proclaimed for the purpose of expressing thanks not only for the bountiful harvest which the colonists had reaped out for the sturdy health and endurance that had permitted them to survive the hardships and exposure, that first rigorous year in America.

On the occasion of this Thanksgiving Day the state health officer, Dr. Geo. W. Cox, is appealing to every citizen of Texas to give serious thought to the preservation of his own health and that of his community.

"We have much to be thankful for in that our national health level has remained high despite the nervous tension, the sacrifices, the deprivations of war," Dr. Cox stated. "Our people have maintained a remarkably high health level and even under existing war conditions, Texas has shown a continued decline in maternal and infant deaths."

"The people of Texas have reason to be thankful for the steadily increasing interest and cooperation being shown in matters pertaining to general sanitation and the control of communicable diseases," Dr. Cox asserted.

"Responsibility for the success and advancement of the public health program lies not with the State Health Department primarily but with the people who support and encourage the local community efforts exerted and who apply in their own individual lives the health rules with which they have be-

## In The News Again: Railroad's No. 1 Fan

CHICAGO (AP) — Back in 1937 Mabel Dickson, 11, was very ill. Propped on a cot on her front porch, she used to smile and wave when Chicago & Eastern Illinois trains passed. Crewmen returned the greetings.

One day an engineer stopped a train, trotted to the porch and handed the child a big bouquet. Stories of the incident were published widely. Then everybody forgot about it.

Recently the railroad hired a new stenographer. A fellow employee thought there was something vaguely familiar about her, and he was right. It was Miss Dickson, 20 now and restored to health.

## Makes Young Mothers Smile!

Modern Way Relieves Miseries of Colds Pleasantly—During Night

Today, the modern way most mothers use to relieve miseries of colds is to rub Vicks VapoRub on the throat, chest and back at bedtime. Results are so good because VapoRub...

Penetrates to cold-irritated upper bronchial tubes with special, soothing medicinal vapors. Stimulates chest and back surfaces like a warming poultice.

Then For Hours VapoRub's special action keeps on working. Invites restful sleep. Often by morning most of the misery of the cold is gone!

Only VapoRub gives you this special penetrating-stimulating action. So be sure you get the one and only VICKS VAPORUB.

## You Pays Your Nickel, You Parks Your Horse

MOUNT VERNON, Ill. (AP) — A mounted rider in his horse, equipped with a parking meter and a parking ticket, was arrested by a policeman. The rider, a crowd gathered, policeman Charles Simmons, taking over, restrained anyone from carrying out a suggestion that the horse be removed.

Said Simmons: "This man paid his nickel to hitch an others pay."

# a good man to know

Probably you know your nearby U. S. Royal Dealer. He's a good friend and a good man to know... especially these days when we're all faced with the job of making our tires last until we can get new U. S. Royals.

He may operate a super-service station and employ dozens of helpers. He may own a small one- or two-man shop in a rural area. But regardless of size, his neighbors and customers look to him as the best tire man in town. That is why he was selected as a U. S. Royal Dealer.

## The best tire man in town!

He is a good man to know because he has made tires and tire care his life work.

When you go to him with a troublesome tire problem, he finds the answer with the skill of a highly trained tire service engineer. He knows the latest and best in repair and maintenance methods... He's not a Jack-of-all trades... but a master of one.

When it comes to having the right tools and the latest information on how to do the job right, he proves his right to the title... "The best tire man in town."

And to back him up with scientific and technical help, a corps of United States Rubber Company engineers brings him up-to-the-minute knowledge of factory service methods direct from the factory.

**A good man to do business with!**

Like every good neighbor, your U. S. Royal Dealer has community pride and personal ambition. His success or failure as a local, independent merchant

ence the outstanding service that U. S. Royals have given in your community during the war.

When he tells you about the growing preference U. S. Royals have earned with service records often equalling and even exceeding the performance of prewar tires, you see the sparkle of personal satisfaction in his eye.

If you know your U. S. Royal Dealer, you'll agree he's a good man to know. If you don't know him, get acquainted soon. He is the most important man in United States Rubber Company's post-war plan to give you the finest tire service ever offered to American motorists.

## He has a good plan, too!

He recognizes his responsibility to help you keep your tires rolling until you can get new U. S. Royals. He offers you this specific plan to do that job:

1. He invites you to drive in today for a thorough inspection of your present tires. If you are in urgent need of new tires, he will show you how to get them at the earliest possible moment.

2. If your needs are not immediate, he will use his expert knowledge of tire care to help you keep your car on active duty until new U. S. Royals are available.

**HOLD OUT FOR U. S. ROYALS**

Register your tire needs with your U. S. Tire Dealer now. He's a good man to know. He can help you better than any other man in town to hold out for U. S. Royals.

## Campaign On For Memorial To Texas 36th

With early responses already coming in the campaign to raise \$50,000 for erection of a memorial to Texas fighting 36th Division of World War II this week was progressing satisfactorily, Col. Miller Ainsworth of Lubbock announced.

The campaign, directed by a committee headed by Colonel Ainsworth and included Col. Marvin Steen of San Antonio, Lt. Col. A. B. Crowther of San Antonio and Lt. Col. Carl Phinney of Dallas, was launched two weeks ago at the request of Maj. Gen. Fred L. Walker.

General Walker led the 36th into North Africa and then into Italy when in the bloody battle of Salerno it became the first American outfit to crack Hitler's fortress Europe and stick.

The courageous 36th, made up principally of Texans, wrote one of the outstanding records of World War II, fighting all the way from Salerno to north of Rome, then through Southern France, into Germany and on into Austria, where many of the Nazi blowups were among its captives. These included Hermann Goering, von Kesselring and others.

The campaign is to finance a memorial to the courageous men of the Division at Red Beach at Salerno, where the Texans went in to meet Germans lying in wait for them and fought one of the most vital and bloodiest battles of the war. The memorial will overlook the cemetery nearby, where those who gave their lives in the battle now lie.

"Texans," Colonel Ainsworth said, "are showing by their response to this campaign that they will never forget these men and their buddies and by marking the Salerno beach that the world always shall know where Texas men became the first to really break into the defenses behind which Hitler hoped to conquer the world."

The members of the committee are all veterans of the Salerno battle.

"We are not asking for any specific amount from any specific person," Colonel Ainsworth said, "but we know that proud and appreciative Texans will be liberal. Every penny counts and we are happy to receive all contributions however large or small."

Contributions may be sent to the committee in care of Colonel Ainsworth at the First National Bank in Lubbock, Texas.

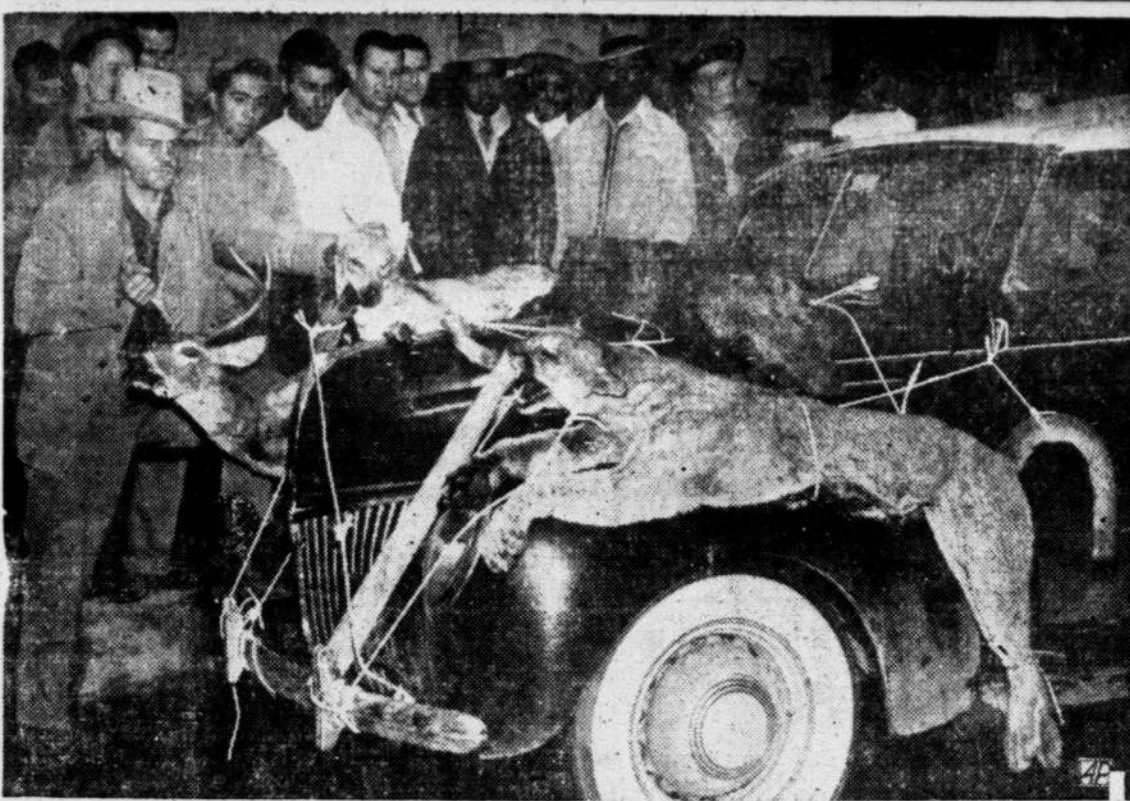

Mrs. Agnes Moore of Crosbyton, spent the holidays here visiting in the home of Mr. and Mrs. Homer Beal.

Lee Burdine and Ed Black of Philadelphia are visiting Mr. and Mrs. Guy Weeks in the Frank Jones home this week.

C. C. Koger was brought home from a Lubbock hospital Saturday and is reported to be much improved.

Mr. and Mrs. John Heck of Wilson spent the week end here visiting in the home of Mr. and Mrs. Dee Freeman.

Shoes should be cleaned and polished regularly. Polishing keeps leather soft, makes shoes more resistant to water, dirt, weather and wear.

**TEXAS GAME BAG** — A. B. McConnell of Dallas, a jeweler, came back home Nov. 20 with these specimens of a Texas hunt. McConnell, shown with his kill, shot the panther near Eagle Pass (weight, dressed, 98 pounds). He killed an 87-pound buck near Kerrville, and knocked off the Javelina and a wolf near Crystal City. Number of shots it took to do it: four. (AP Photo).

## School Heads Charge Agreement Would Disrupt Oil Industries

Charging that ratification of the Anglo-American Petroleum Agreement by the United States Senate will "bring about a complete disruption of the petroleum industry in Texas, thereby seriously impairing school finances" the Texas Association of School Administrators at its annual meeting in Austin has gone strongly on record in opposition to the treaty.

Adoption of the strong resolution followed issuance of a series of statements opposing the treaty by high officials of the state government, including state superintendent of public instruction, Dr. L. A. Woods; Railroad Commission Chairman Olin Culbertson and Land Commissioner Bascom H. Giles.

Irby B. Carruth, superintendent of school at Waco is president of the Texas Association of School Administrators; C. O. Pollard, superintendent of schools at Henderson was chairman of the committee which drew up the resolution opposing the treaty.

Other members of the committee were H. L. Foster, superintendent of schools at Longview; R. L. Williams, superintendent of schools at Sweetwater; Nat Williams, superintendent of schools at Gladewater; and Joe B. McNeil, school district manager, Wichita Falls.

Text of the resolution follows: "Be it resolved by the Texas Association of School Administrators: That as Administrators and Executives of Public Schools in Texas we are deeply concerned about the financing of such institutions.

"That under the regulation by our Texas Railroad Commission of petroleum and its products, it (petroleum) has a substantial and increasing source of revenue for our schools.

"That since the petroleum industry has progressed under the leadership of private industry and our Texas conservation regulations, we hereby urge and recommend that the Senate of the United States do not give its advice and

consent to the ratification of the Anglo-American Petroleum Agreement submitted by the President on November 2, 1945, for the reason that:

"Treaty making device is being wrongfully used to test in the Congress or the Executive Department of the United States Government, or an International Petroleum Commission, powers in time of peace not now vested in the Federal Government under our constitution.

The regulation of the oil industry by Federal or International authorities will bring about a complete disruption of the petroleum industry in Texas thereby seriously impairing not only the school finances, but our entire economic structure.

A copy of this resolution is sent to each of our United States Senators."

Machinist Mate Cecil Medlin and Mrs. Medlin of Memphis, Tenn., are visiting here with his mother Mrs. Dora Medlin and other relatives.

Mrs. N. K. Cotten of Van Alstyne spent the past week here visiting with her sons and families, Mr. and Mrs. Jimmie Cotten and Mr. and Mrs. Lloyd Cotten.

Mr. and Mrs. R. H. Strickland and daughters Jo and Billie are spending the Thanksgiving Holidays in Marlin visiting with his sister and family, Mr. and Mrs. Roscoe Kelley.

## Texas Schools Offer Wide Vet Course of Study

Educational opportunities for the young men recently out of military service into civilian life again are numerous at Texas colleges and universities.

Into the office of the University of Texas registrar daily come letters from veterans, and personal visits from many. All are anxious to know what degree plans they may follow at the University; whether they can enter under the GI Bill of Rights; what opportunities are open for vocational rehabilitation, and whether refresher courses are offered.

The Veterans Advisory Service at the University with two experienced men at its head—Walter T. Rolfe, coordinator, and Hubert Jones, associate coordinator—has prepared a compact leaflet giving answers to almost every question about his educational opportunities at the university. These leaflets, and additional questionnaires which indicate the veteran's particular interest, may be obtained directly from the coordinators.

The winter semester is now in progress, and the spring semester will begin March 1.

Ex-servicemen on the campus have banded together into an association and are already taking an active part in campus life. More than 1,000 members belong to the association.

In addition to the Veterans Advisory Service, there are two representatives of the Veterans Administration on the campus. They are Dr. Roger A. Burgess, chief of the advancement center, and Dr. Wayland P. Moody, training officer.

Bill Guerrant of Galveston is visiting here this week with his father, Mr. J. R. Guerrant.

## PERSONALS

## Grass Greens to Be Actuality in Early Summer

Grades for the 10 new bent grass greens on the Lamesa Country Club golf course have been completed. Included in that number is a nine-hole course and a putting green, all of which are expected to be ready for local golfers about the middle of May.

Bill White and L. B. Vaughn are in general charge of the improvement campaign.

One additional water well has been completed and another will be drilled soon, White said. Pumps already been bought and the committee is looking for pipe to take water within reach of each of the 10 greens.

Sixty new members have been added to the list of 50 active members of the country club, and the grass greens will be ready for play by early summer.

Plans are also made by the club to add trees to the grounds as a beautification measure, White added.

Miss Imo Gene Crow of Lubbock spent the weekend here visiting with Miss Helen Bracey.

Mr. and Mrs. Harlin Thomas left last Wednesday for Ballinger where they will visit with his mother Mrs. Gracie Thomas.

Mr. and Mrs. Dick Holden of Spearman spent the weekend here visiting with her parents, Dr. and Mrs. A. H. Smith.

## \$3,000 Stamps Send No Letters

By GEORGE A. SCOTT  
(Substituting for Jack Stinnett)

WASHINGTON — Postage stamp sales are booming these days—but the stamps aren't being used to mail letters.

They are collectors' items, such as a block of four U. S. airmail stamps that changed hands for \$27,000 and a pair of 1851 Canadian "twelve-penny blacks" that brought \$7,500 in auctions this year.

Less spectacular but equally significant are dealers' reports of increased sales over the counter to stamp collectors. Typical is a dealer who reports a \$10,000 increase in his business in the past year.

Even the Post Office Department is sharing in the boom. Receipts for the fiscal year ending last June 30 at its Philatelic Agency broke all records with a total of \$2,489,466.50. Few of the stamps sold by

## Typhus Control Courses Offered At University

An intensive 13-week typhus control program will be offered at the University of Texas beginning early in December, for war veterans who are interested in immediate employment as rodent exterminators. Phil M. Ferguson, supervisor, has announced.

The course is to be given at the request of the U. S. Public Health Service and the State Department of Health, with specialists from the university and the state department teaching the course.

Veterans with high school training are eligible to take the course. Enrollment will be limited to 40. Ferguson said, so those interested should apply early at the United States Employment Service.

her official visit to the Pampa than 250 carriers, battleships, cruisers and attack transports in the Navy's famed "Magic Carpet" fleet left Pearl Harbor, Tuesday, November 6, and was scheduled to arrive in San Diego, California, about Monday, November 12.

Passengers went directly to the Separation Centers nearest their homes to complete the formalities of obtaining their discharges before returning to civilian life.

## Waugh's Satisfied Customers Numerous in Two-State Area

There are numbers of those this Thanksgiving Day that A. G. Waugh Company is thankful for. This 1945 marks the 27th year for the auto parts store in Lamesa. Satisfied Waugh customers are scattered all over West Texas and Eastern New Mexico.

A few changes have been made of course, such as addition of automobile parts to the original stock of electric parts. Then Mr. and Mrs. Waugh branched out into a repair shop, but now that has been discontinued. They employ six persons.

Included in the six is Guy Cope, who has been back from army service only a month. He's city salesman, having worked for Waugh two years before his three-year stretch of duty in the army.

That number also includes L. E. Matthews, who travels for Waugh into New Mexico, down to Big Spring and up to Tahoka.

Located at 212-214 South Dallas, A. G. Waugh Company is housed behind an attractive glass front. The showroom with a 100-foot front extends back 150 feet with storage space at the rear.

The Waughs have maintained a good stock of auto parts all through the war, because they were established with the factories before Pearl Harbor. Automobile seat covers, which have been scarce, are now being received a few at a time.

ing companies in the country are kept in stock by A. G. Waugh Company. Among them:

Toledo products, chassis parts, motor parts, Federal Mogul bearings, large stock of Timken bearings, Gates products, fan belts, radiator hose, etc., Duco car paints, Fram filters and elements.

Hastings custom rings, Crawford seat covers, Maremont automotive products, Puretan and Lockhead brake fluid, Castrol for motor tuneups, good stock of work clothes, coveralls and shop coats, AC and Champion spark plugs, Hein-Warner jacks.

And those are just samples, said Mrs. Waugh. Items far too numerous to mention are included in the auto parts stock.

## Muri F. Kidd To Get Discharge

Pfc. Muri F. Kidd, son of Robert Kidd of this city was transferred from this First Air Force base to a Separation Center to receive an honorable discharge from the Army Air Forces.

Pfc. Kidd a farmer in civilian life, entered the service on October 25, 1942.

His wife is Mrs. Wanda Kidd of Abernathy, Texas.

the Philatelic Agency ever are used on letters—they go right into collectors' albums.

Dealers and other stamp experts attribute the heavy demand and sales to several factors. They include:

1. Increased purchasing power. Even the most modest collector has had a few extra dollars to spend on his hobby.
2. Importation to this country by European refugees of many outstanding collections of stamp rarities which have been sold at auction by their owners to recoup lost fortunes.
3. The shutting off during the war of normal foreign sources of stamps, so that the demand exceeded the supply. This factor is becoming less significant as trade channels open.

Also stimulating the market has been the disposal of auction of numerous well-known American collections. The most famous of these is the collection of the late Col. E. H. R. Green, son of the fabulous Hetty Green. It already has returned over \$1,000,000 in auction sales, with a considerable portion still to be sold.

A three-day auction sale of part of the Green stamp collection in September realized \$92,771, with one stamp—again a U. S. airmail—bringing \$3,000.

The airmail stamps are among the rarities of postage issues. All five are from a sheet of the 24-cent denomination of the 1918 issue that through an error was printed with the airplane upside down. The \$27,000 paid for the block of four, incidentally, set a record for the price paid for U. S. stamps.

## Pensions Increase

BERNE, Switzerland (AP) — The Swiss government plans to triple its output for old age pensions next year to a total of 100,000 francs. Some 260,000 persons over 65 years of age are to receive from 50 to 83 francs (about \$11 to \$19) per month.

## —Right In The Old Fire Horse Tradition

CAIRO, Ill. (AP) — City Fireman Leonard Tanner was right on the job when the fire broke out—even though it was his day off.

He heard an alarm sound at the fire station less than a half block away and jumped up. Then, remembering he was off duty, re-

sumed his comfortable position. Snatching smoke he checked quickly and found a fire at his own back door step.

Tanner had the blaze under control as fellow firemen arrived.

### Mary Louise Burnam And John Milton Mansfield Wedded In Formal Ceremony At Friendship Baptist Church, Nov. 16

Miss Mary Louise Burnam, daughter of Rev. and Mrs. H. L. Burnam, of Union, and John Milton Mansfield, son of Mr. and Mrs. George Mansfield of Bogalusa, Louisiana, were married Friday, November 16, at seven o'clock, in the Friendship Baptist Church, Rev. Burnam, father of the bride, read the double ring ceremony.

Woodward fern and gleaming white tapers in floor candelabra formed the background for the bridal setting and baskets of white chrysanthemums graced the altar space.

Miss Gloria Moore sang, "O Promise Me" and Miss Wynell Robinson sang, "Because," accompanied by Mrs. J. B. Neill, who presented a program of wedding music which included "Indian Love Call" and the traditional wedding marches.

The bride, given in marriage by her brother, Hoyt Burnam of Matador, wore a bridal gown of exquisite ivory Duchess satin, designed with a high round neckline and long fitted sleeves. A neat design of satin was applied to the sheer net yoke. The full skirt fell from the low waistline to sweep into a regal train. A halo arrangement of seed pearls held in place the chapel length veil of bridal illusion. Her bouquet was composed of pink roses and greenery with long satin streamers. For something borrowed she wore a single strand of pearls belonging to the bridegroom's mother and for something old and blue she wore a pin in her hair belonging to her mother.

Mrs. Cecil Burnam of Long Beach, California, served as matron of honor. Bridesmaids were Misses Geneva Ann Young, Frances and Junita Carr, Maryola and Melvora Dunsforth and La Jauna Robinson. They wore pastel frocks and carried identical bouquets of chrysanthemums tied with shadow pink ribbon. The flower girls were Patsy Burnam and La Royce Mitchell, nieces of the bride.

Cecil Burnam, brother of the bride, of Long Beach, California, was best man. Ushers were Everett Coon and Wilbur Ray.

Mrs. Burnam, mother of the bride, wore a black crepe afternoon dress trimmed with dusty pink. Her corsage was of carnations.

The mother of the bridegroom chose a printed silk with a corsage of carnations.

A reception followed at the home of the bride's parents. The bride's table, laid with a lace cloth, featured the tiered wedding cake and crystal service.

Mrs. H. L. Craddock greeted guests at the door and assisting at the reception were Misses Clyde Ray, Amos Painter, Ora Dunsforth, Dalton Meyers, Sylvia O'Brien, Ernest Carr and the bride's sister, Mrs. R. L. Mitchell of Matador.

After a wedding trip in New Mexico, the couple will make their home in Bogalusa, Louisiana. For traveling the bride chose a suit of black and misty blue.

The bride is a graduate of Union Senior High School, where she was a member of the Girl's Chorus, and one of the yell leaders for the pep squad. She was also a member of the basketball team.

The bridegroom is a graduate of the Bogalusa High School. He recently received an honorable discharge from the U. S. Navy after 35 months service, much of this time being spent on Guadalcanal.

### Pythian Sisters Attend Pampa Temple Meet and Social

Edna Merle Smith, District Deputy of the Pythian Sisters, made her official visit to the Pampa Temple No. 41 Monday November 12. She was accompanied there by M. E. C. Katie Lou Ashley, E. S. Clara Mae Wilson and E. J. Berna Pruitt, along with Sisters Sally Turnbow.

The program started in the afternoon with a tea given at the home of Sister Ray Barnard.

The evening program with a chicken dinner and was followed by the business meeting which proved to be very interesting and profitable. A quiz and a school of instruction was held by Sister Ater, of Lubbock and Sister Cherub of Amarillo.

The Pampa Temple entertained the visitors the following morning with a waffle breakfast.

The Sisters reported a most enjoyable time and are hoping that the Pampa Temple will visit them and can be partly repaid for their efforts.

### Miss Frances Compton Becomes Bride Of Ike Coats In Twilight Ceremony At Home Of Bride's Aunt In Lubbock

Miss Frances Compton, daughter of Mr. and Mrs. W. S. Compton, became the bride of Ike Coats, son of Mr. and Mrs. J. M. Coats, at seven o'clock p. m., Monday, November 19, in the home of the bride's aunt and uncle, Mr. and Mrs. George Bolin, 2422 twenty-first Street, Lubbock.

The twilight single ring ceremony was read by the Rev. C. E. Herford, pastor of the First Baptist Church of Lubbock, before a fireplace banked with gladioli, fern, and baby red chrysanthemums, flanked on either side by tall tapers.

The bride, given in marriage by her father, was attired in a pale rose two-piece afternoon dress with a sweetheart neckline. Her corsage was of gardenias. For something old she wore a blue enamel lapel watch and for something borrowed she carried a white lace handkerchief.

Mrs. Compton, mother of the bride, wore a blue crepe afternoon dress with black accessories and a corsage of pink carnations.

Following the ceremony, a reception was held in the dining room of the Bolin home. The lace laid table was appointed with a two-tiered wedding cake topped by a miniature bride couple, and a silver coffee service. Mrs. P. K. Codington and Mrs. A. M. Eubank presided.

Immediately after the reception the young couple left for a wedding trip in Old Mexico. The bride chose a three piece brown gabardine suit with brown accessories and a gardenia corsage for travel. Upon their return the couple will be at home in Lubbock where the bridegroom has accepted a position at the Bennett Motor Company.

Mrs. Coats has been employed at Baldwin's Dry Goods Store for the past seven years.

Mr. Coats was recently discharged from the army after serving four years in the Timber Wolf division. He spent eleven months overseas.

Those attending the wedding and reception were Mr. and Mrs. W. S. Compton, parents of the bride, Mr. and Mrs. W. E. Stogner of Lamesa, Mr. and Mrs. A. M. Eubanks, Mr. and Mrs. P. K. Codington, Mr. and Mrs. Bob Elam and Mr. and Mrs. George Bolin of Lubbock.

### Union Four-H Club Met November 13th

The Union senior girls' 4-H Club met November 13. The purpose of this meeting was to learn how to make useful gifts for Christmas.

Mrs. Nery, County Home Demonstration Agent, showed several different things which were easily made that would make suitable gifts for both children and grown-ups.

A sewing box made of a cigar box, table linens and powder capes were demonstrated, along with shoe bags, potholders, pin cushions and service aprons. She also explained how to make a stick horse for little children. Samples of satin for making feather comforts were displayed.

At the next meeting the Club will make powder capes and Foy Hogs will give a demonstration on making service aprons.

Approximately forty members were present at this meeting.

## Recent Bride Is Feted With Gift-Tea November 16

Mrs. Duward Schmidt, formerly Miss Alma Ruth Thompson, was honored Tuesday, November 20, with a gift-tea in the home of Mrs. Elmer Barron, 1004 North First Street.

Guests were greeted by Mrs. Sylvia Burger and presented to the receiving line in which were Mrs. Duward Schmidt, her mother, Mrs. J. M. Thompson of Silverton, and the groom's mother, Mrs. Gus Schmidt. Each wore a corsage of carnation, a gift of the groom.

Upon arrival, guests registered at the bride's book which was presided over by Miss Blanche Thompson. They were then shown to the dining table where they were served hot spiced tea, cookies and pastel colored mints. The table was laid with a pale blue cloth and centered with a cut crystal bowl containing pink rose buds. Mrs. E. J. Yates and Mrs. Kirk McKinnon presided at the silver tea service.

An arrangement reflected by the mantel mirror of Herbert Hoover,

roses in a crystal bowl, complemented with crystal candelabra holding blue tapers completed the mantel decoration.

The many lovely gifts were displayed on a group of tables.

Hostesses were Mrs. Elmer Barron and Mrs. Sylvia Burger.

Mr. and Mrs. W. T. Webb were in Hamlin Sunday, guests of Mrs. Webb's mother, Mrs. C. J. Whitaker.

## Demonstration Council Holds Meeting Nov. 17

Plans to make contributions of canned foods to starving people in war-torn Europe were made by the Home Demonstration Council at its annual meeting, Saturday, November 17. All Home Demonstration Clubs, Four-H Clubs, Church Societies, Professional Clubs and individuals who care to, may make contributions. Only commercially canned foods, of a medium or better grade will be accepted. Commercial labels should be left on the cans and should carry a small shield with the statement "Packed under continuous inspection of the United States Department of Agriculture." Foods which will be accepted are corn, English peas, snap beans, sauerkraut, tomatoes, apples and grapefruit juice. It is hoped that all foods will be brought to the Home Demonstration Agent's office before December 15. The food will be sent to the United Nations and Rehabilitation Administration. From there it will be sent to foreign countries where food is most needed. Mrs. Virginia Reed, Chairman of Council, stated that if each club buys one or more cases of food that it will probably come cheaper and that it will be more easily packed for shipping.

Another carload of paper will be collected by the Council under the sponsorship of the marketing committee. Mrs. C. F. Gowen, Chairman of the Committee, called a meeting of the presidents of home demonstration clubs for Saturday, November 24, to complete plans for the collection of this paper. In the meantime, everyone is asked to start saving paper again. Newspapers, magazines, catalogues and books are especially wanted.

Mrs. C. F. Shafer, chairman of a special Exhibits Committee, announced plans for a display of work done by club women. This exhibit will be in local windows on Saturday, December 1. Mrs. Shafer states that women who have articles they wish to show should see Mrs. P. V. Ryan, Mrs. J. H. Adkins, Mrs. C. F. Gowen or her. More complete plans for the displays will be announced at an early date.

Club presidents made yearly reports of their club activities and council officers reported the work done in council meetings and through committees.

Those present were Miss Mary Pearl Bearden, Grandview; Mrs. B. B. Bolch, Spangenberg; Mrs. Nolan Jayroe, Welch; Mrs. Lance Furlow, Bartlett; Mrs. Klode Ray, Central; Mrs. P. V. Ryan, Central; Mrs. C. W. Shafer, Midway; Mrs. E. J. Bartlett, Midway; Mrs. W. H. Zeek, Key; Mrs. R. D. Spruill, Key; Mrs. T. L. Higginbotham, Central; Mrs. J. H. Adkins, Central; Mrs. C. F. Gowen, Central; Mrs. M. G. Ruggan, Key; and Mrs. Buster Reed, Acckerly.

## SIDELIGHTS FROM WASHINGTON

By GEORGE MAHON  
Shall the army, navy, marine corps, coast guard—all our fighting forces—be merged under one single unified command by an act of Congress? That question has not reached the show-down stage, but hearings on the subject are now being held by a congressional committee.

Last week, following the testimony of Gen. J. M. Doolittle before the committee in which he accused opponents of the idea of being hypocritical, Secretary of Navy Forrestal wrote a letter of protest to Secretary of War Patterson, bringing out into the open the intense jealousy which exists between certain members of the army and navy high command. The army favors the merger; the navy high command, generally speaking, opposes it. The prevailing thought in Washington is that the majority of the people favor the merger.

It is admitted that good arguments can be offered on both sides of the question. Advocates of the idea, however, contend that we will gain more by unification of the services than we stand to lose. There is no doubt but that closer cooperation among the services in the future would be in the public interest. The merger should not obliterate the identity of the various branches, and we should not lose the wholesome traditions of the fighting forces.

The prime minister of Great Britain, Clement Attlee, successor to Winston Churchill, addressed a joint session of Congress on November 13. In doing so, he was following in the footsteps of Winston Churchill who just three weeks after Pearl Harbor addressed the senate, and who in May, 1943, addressed a joint session of the house and senate.

The procedure was typical of the procedure usually followed at joint sessions of Congress. Perhaps the details would be of interest.

The meeting was held in the House of Representatives because of the greater availability of seats. Members of the house took their seats in the rear and central sections, leaving all the front seats for the senators and official guests.

## US Aids Colombia In Peacetime War On Crime

BOGOTA, Colombia (AP)—Improved crime prevention and detection methods are being furnished by Colombian national police authorities as a safeguard against increased criminal activity which the postwar era might produce.

Colombia's mountain terrain in the past has been a handicap for fast-moving criminals from abroad but the new air age promises to eliminate such natural barriers.

Because of the international aspect of the crime problem, Colombian officials have enlisted the collaboration of the U. S. Federal Bureau of Investigation, which is assisting with police schools.

The United States has had a keen military interest in Colombia's control of criminals because of this country's proximity to the vital Panama Canal. So far as is known, no Axis saboteur sent to Colombia to hamper the Allied war effort ever got within striking distance of the canal.

## Navyman Reaches California Port

Charles Veasey, navy commandant, is back in the states after more than three years in the Pacific. He telephone his parents, Mr. and Mrs. W. P. Veasey, at their farm home near Lamesa Monday night.

Veasey's ship, the transport, Meriwether, docked in San Diego, Calif., November 8. The navyman, 25, is the younger of two service sons of the farm couple.

Harold Veasey, mess sergeant with the Eighth Air Force in England, was discharged September 9. The 28-year-old air force veteran is at the Veaseys' farm home.

About 28,000 tons of raw sugar and 13,000,000 pounds of lard are to be sent to Europe this year.

## RECRUITS MARINES

Marine recruiters will be in Lamesa Friday to interview men about joining the U. S. marines. Any qualifications are between 17 and 32, physical condition must be good and an eighth grade education is required. The recruits will be at the post office between 2 and 4:30 p. m. Friday.

Rev. and Mrs. Allen C. Forbis and children, Lloyd, Curtis and Elizabeth, left Lamesa last week after visiting here with Mrs. Forbis' parents, Mr. and Mrs. W. L. Marr. Rev. Forbis was transferred by the recent Methodist conference from Plains to O'Brien, Haskell County. The family went to O'Brien from here.

## What's Back of My Gas Burners?

A thousand years ago, the Chinese used natural gas fuel for evaporating salt brine. They transported the gas in bamboo tubes. Thus, in those days, the gas business was simple. Now, however, it has become complicated and technical, utilizing many scientific devices and processes.

Since natural gas service so vitally affects your daily life, we believe you would enjoy knowing more about it. Therefore, we plan to publish a series of four advertisements which will attempt to explain how natural gas is brought from its deep-underground reservoir to the burners of your gas appliances. Due to space limitation, the story must be brief and over-simplified. The drawing at the left will help you follow the gas on its travels.

Most of our gas comes from Hutchinson, Moore, Carson and Potter Counties in the Panhandle Gas Field, one of the largest in the world. We purchase some gas in Ector County for use in the southern portion of our system. In the Panhandle Field gas wells are generally drilled by the "rotary" method, so named because of the rotating motion of the drill bit. A modern rotary drilling outfit costs from \$100,000 to \$200,000.

The hard steel drill bit is the cutting tool which drills down through successive strata of shale and rock. Screwed to the top of the bit is a string of hollow, round drill pipe which in turn is screwed into the bottom of a hollow, square pipe known as a "Kelly." The Kelly works through a square hole in the rotary turntable. Thus, when the engines spin the turntable, the Kelly, the drill pipe and the bit also spin, and the bit cuts its way downward. Heavy pumps force drilling mud down through the hollow Kelly and drill pipe, through perforations in the bit, then outside the pipe and back to the surface, carrying with it the cuttings from the bit.

As the bit moves downward, additional joints of drill pipe are added below the Kelly.

When the gas producing horizon is reached, a string of steel pipe, known as casing, is inserted in the hole from the surface of the ground to the top of the producing horizon. After running the casing, cement is run through the casing and forced out around the bottom in order to prevent the gas from escaping around the outside of the pipe. Then the well is drilled into the gas-producing horizon.

A steel derrick, capable of supporting weights of 200 tons or more, is used to support the drill pipe during drilling and the casing when casing is being installed. When the well is completed, the derrick is removed. In its place is installed a "Christmas Tree," an odd-looking assembly of valves and fittings necessary in producing, testing and maintaining the well.

EXPLANATION: 1—Drilling derrick. 2—Christmas tree. 3—Meter House. 4—Field gathering line. 5—Field compressor station. 6—Absorption tower at gasoline plant. 7—High-pressure transmission line. 8—Town border station. 9—Intermediate pressure line. 10—District regulator station. 11—Low-pressure line. 12—Gas meter. 13—Yard and house piping.

### Bronze Star Is Awarded Lamesan. Now Discharged

Already holding an edge on World War II decorations John W. Hildreth Jr. has been awarded the Bronze Star for heroic achievement during his service as an infantry medical corpsman in the 43rd division. Hildreth has also been recommended for the Congressional Medal of Honor for action in the Pacific.

Son of Fire Chief and Mrs. J. W. Hildreth, the discharged medical corpsman already has the Silver Star and the Purple Heart with three clusters.

The citation for his newest decoration—the Bronze Star—reads as follows:

"For heroic achievement in connection with military operations against the enemy on January 14, 1945, Hildreth (then Pfc.), member of a medical detachment with an infantry battalion that was subjected to heavy enemy artillery fire without hesitation drove his vehicle to forward companies along a heavily shelled road to evacuate casualties to the aid station.

"Proceeding through the shelled area to the front lines where small arms fire hit his vehicle, Hildreth with complete disregard for his own safety, continued evacuating casualties until the battalion was forced to withdraw. His outstanding courage and deep devotion to duty undoubtedly saved the lives of many of his comrades."

### Dinner and Theatre Party Honor 16th Birthday Nov. 12th

Mrs. S. E. Fisher honored her daughter, Jean with a birthday dinner on her sixteenth birthday at the Fisher home Monday November 12.

The lace laid dining table was centered with a beautifully decorated birthday cake. Place favors for the boys were miniature tools and for the girls, G. I. cap powder boxes.

Orchid chrysanthemums were used as decoration throughout the house.

Following dinner and before going in a group to a movie, the honoree opened the many lovely gifts which were presented her.

Guests were Misses Mildred Hawkins, Bobbye Sealy, Mrs. Edmond Sanders, Boyce Mahoney, Phillips Truitt, Troy Brown and the members of her family.

### BRASWELL CIRCLE MET TUESDAY IN REGULAR MEETING

Members of the Braswell Circle of the First Baptist Church met Tuesday evening at the church in regular meeting.

A Royal Service program on Foreign Missions was directed by Mrs. Billie Boswell.

Members attending were Mesdames Helen Costin, Fairy Mae Myers, Francis Stuart, Almeta Griffin, Loreta, Inez Roberts, Lois Burnette and the sponsor Mrs. R. J. Townsend.

Mrs. W. M. Edwards had as her guests this weekend her grandson Aaron B. Casey, Machinist Mate First Class who has recently returned from overseas. Mr. and Mrs. Alvin B. Bruner and Mr. and Mrs. Donald M. Bruner all of San Diego, California.

Mrs. Prudence Taylor, librarian and mathematics instructor in the local school, left Wednesday afternoon for a Thanksgiving holiday visit in Benjamin, Knox County.

**SURVIVORS OF NAVY PLANE COLLISION** — Rear Admiral J. J. (Jocko) Clark, commander of the Naval Air Training Base at Corpus Christi, Texas, congratulates Lawrence R. Blankenship, Aviation radio-man, third class, for his bravery and presence of mind immediately after a collision of two Navy PBM's in Corpus Christi Bay, Nov. 8, which took lives of 22 men. Looking on are Lt. (jg) Joseph V. Gregoratti, medical corps, USNR, center, and Lt. Dwayne S. Brock, Baldwin, Ga., also injured.

(jg) Joe Trizza, who credits Blankenship with saving his life. Trizza was co-pilot, and Gregoratti a passenger on one of the planes. Blankenship, of Longwood, Fla., and Frederick Simonsen, Jr., Aviation Ordnance 3-c of New Orleans (not pictured) are being recommended for saving lives of Trizza and Gregoratti. Trizza is from Dallas; Gregoratti from Gretnaville, La. A fifth survivor was aviation radioman 3-c Dwayne S. Brock, Baldwin, Ga., also injured.

**SMILES AFTER HUNT** — G. C. Perry of San Angelo, Texas, (above) was one of the first hunters to get his limit of two deer down in the Hill Country as the season opened Nov. 19. Perry got a six and a four point buck. He was back in San Angelo only 12 hours after he had gone to his hunting lease down near the McCulloch-Saba Saba County line. (AP Photo).

**WEDNESDAY 42 CLUB ENTERTAINED WITH LUNCHEON WEDNESDAY** — Members of the Wednesday 42 Club were entertained with a One Week Luncheon Wednesday at the Green Hut Cafe.

After the luncheon the group went to the home of Mrs. Barney McKinney where games of 42 were played during the afternoon. Those attending were Mesdames

Hugh Gaines, Blaine Wiggins, Durva Echols, Joe English, Frank Truitt, Joe Whitlow, Doyle Shilbuck, Nelson Williams, Barney McKinney, Olin York and Carl Peterson.

Miss Mary Ruth Jordan of T. S. C. W. Denton spent the weekend here visiting with her parents, Mr. and Mrs. S. J. Jordan.

### Marine Veteran Is Equitable Salesman

Clayton Barkhurst has been made a representative for Equitable Life in Lamesa and the trade area. Formal announcement of appointment of the discharged marine was made by A. Constant of San Angelo, district manager for Equitable, early this week.

The company, Constant said has matched the government ante with a plan to waive interest for a year on \$2,000 of principal on home or farm real estate. It will do as much for its present home and farm borrowers who serve 90 days or more in armed forces during the war. Thus with the present grant under the GI Bill of Rights the veteran who intends to take up farming can have an interest-free loan of \$4,000 for one year, he said.

### Former Resident in Seabees on Okinawa

James Madison Slover, electrician's mate third class in the seabees and a former Lamesan, played an important role in the final drive that helped bring Japan to her knees, Pacific news correspondents reported.

Slover, now with the 125th Naval Construction Battalion on Okinawa, is the son of Mr. and Mrs. H. L. Slover, now of Levelland. The family lived in Dawson County from 1923 to 1944, and names of three service sons of the Slovers are on the honor roll board here.

The 125th was one of the seabee units responsible for the rapid development of the formidable base at Okinawa. The seabee group previously had spent 14 months on Oahu in the Hawaiian group.

The petty officer, graduate of Lamesa High School, formerly worked at Ashley Electric Shop here. In addition to his daytime work as an electrician on Okinawa, Slover operates the motion picture projector each night. He witnessed both of the recent destructive typhoons in the Pacific area.

### Chuck Jacobs Gets Discharge From Naval Air Corps

Charles (Chuck) Jacobs, son of Mr. and Mrs. Earl Jacobs, arrived here this week after receiving his discharge from the Naval Air Corps at Camp Wallace, Houston, Thursday, November 15.

Holding the rank of Ensign at the time of his discharge, Chuck received his commission March 21, at Corpus Christi and from there was sent to New Orleans, Louisiana, to an instructors school.

He is a graduate of Lamesa High School and the University of Texas, receiving his degree in Business Administration.

He and his wife, the former Miss Marylyn Howsley of Albany, are visiting his parents at the present.

Miss Faye Littlefield, Texas Tech student, spent the week end with her parents, Mr. and Mrs. Jim Littlefield.

Mrs. J. D. Willosos, Mrs. Robert Wade and Mr. and Mrs. Forest Mitchell spent Sunday in Lubbock visiting with friends.

### Kate Adele Hill, District Agent, In City This Week

Miss Kate Adele Hill, District Agent of district 2 of Extension Service, spent Tuesday afternoon and Wednesday here for conferences with Mrs. Myrtle Dickie Nacey, County Home Demonstration Agent.

Wednesday afternoon she visited the Midway Home Demonstration Club and gave a report on Home Demonstration work during the recent war.

Mr. and Mrs. E. P. White, teachers in the Lamesa schools, are spending the Thanksgiving holidays with relatives at Mount Vernon, Franklin County.

Mr. and Mrs. Carl Wiggins and son left this week for El Paso where Mr. Wiggins has accepted employment with Furr Food Stores. Mr. Wiggins has recently received his discharge from the Marines.

Mr. and Mrs. W. H. Zeek has as their guest this past week their son Jarvis Zeek of the Canal Zone. Zeek left Tuesday for Washington, D. C. where he will visit with his sisters Miss Lunelle Zeek and Lt. Ulane Zeek. They also had as their guest their daughter and husband Dr. and Mrs. R. F. McCasland of Tulsa who spent the weekend here.

Every home one enters now is apt to smell spicy like fruit cakes and plum puddings. Several people call each day about how to candy fruits or peels. Here are recipes for a few.

### Candied Pineapple

1. Peel and cut pineapples in rather thick slices, remove the cores and cut the slices in halves, giving them a crescent shape. (Drain canned pineapple.)
2. Make syrup of one cupful of water to each pound pineapple, cook pineapple in it until clear.
3. Remove fruit from syrup.
4. Boil the syrup down one-third.
5. Put in the fruit and cook until it is transparent.
6. Again carefully remove the slices, spread on platters and set in the sun.
7. Cook the syrup down to a candy stage and pour over the fruit slices.
8. Let dry and pack in wide glass jars with dry sugar or brandied papers between each layer.
9. Seal and store in a cool place if not to be used immediately.

### Candied Cherries and Plums

1. Stone ripe cherries or plums, saving any juice.

2. Dissolve two cups of sugar in 2 cups of water.

3. Add 1-4 teaspoon cream of tartar, and boil until it forms a thick syrup.

4. Skim, add the fruit and cook slowly until tender.

5. Drain well, place on platters or in baking tins lined with white paper. Dry in slow oven, changing the paper quite often.

6. When free from moisture, sprinkle well with sugar and pack in boxes or jars which have been lined with waxed paper. Place waxed paper between each layer of fruit.

7. Seal and store in a cool place.

### Crystallized Orange, Lemon and Grapefruit Peel

1. Select bright fruit with a thick peel.
2. Wash carefully.
3. Grate lightly on an ordinary grater to break the oil cells.
4. Cut this peel into strips that are 1-4 to 1-2 inch in width.
5. Place in a saucepan and for

## Three Lamesa Men Enlist for Service

Army recruiters who spend each  
Tuesday in Lamesa have announce-  
ed enlistment of three local men  
for 18 months regular army service.  
All three have been accepted.

They are Lahoma L. Williams,  
William C. Wimberly and Docie  
E. Olds.

The recruiting team comes to La-  
mesa weekly from its Big Spring  
headquarters. Tuesday headquar-  
ters from 8 a. m. to 4 p. m. is in the  
office of the Dawson County draft  
board.

each quart of peel, add 3 pints of  
cold water.

6. Boil 10 minutes and pour off  
the water.

7. Repeat three times or until the  
bitter flavor is removed.

8. Dry the fruit between fold of  
cloth, pressing gently.

9. For each pound of prepared  
peel, add 1 1-2 pounds of sugar to  
6 ounces of water.

10. Stir until sugar is dissolved  
and is boiling. If desired, vegetable  
coloring may be added to the syrup  
at this time. Mint, ginger or other  
flavoring may be used for special  
flavor.

11. Add the peel and boil until  
transparent.

12. At this point take a piece and  
roll in granulated sugar. If after a  
few minutes the fruit stiffens  
enough to retain its shape, it is  
sufficiently cooked.

13. If cooking is continued for  
too long a period of time and  
evaporation carried too far, the pro-  
duct will be hard and unattrac-  
tive.

14. Pack into clean containers if  
not to be used immediately. Seal  
and store.

Recipes for candied citron,  
pumpkin, pears, apples, peaches and  
apricots may be had from this of-  
fice.

### Persimmon Pudding

One of the most unusual and  
tasty puddings we have ever eaten  
was a steamed persimmon pudding  
made by a house wife in Lamesa.

Hats monetary unit is the  
gourde, which has a fixed value  
of five to \$1.00 in U. S. money.

## Dispose of Wild Taste in Cooking Fowl, Rabbit, Etc

Now that the season is open for  
most game, the problem of cook-  
ing it is a great one. Here is a  
general recipe for smothered game  
that disposes of most of the wild  
flavor.

3 lbs. meat

1-2 c. water

1-2 c. vinegar—strong

1 onion—sliced

1 bay leaf

4 cloves

4 pepper corns

salt

1 green pepper—diced

1 to 2 c. celery—diced

2 tb. flour

1 c. thick sour cream

Cut bird into serving pieces as

for chicken fricassee. Lay meat in  
jar, add marinade of the water,  
vinegar, onion, spices, and salt in  
proportion of 1 SCANT t. to each  
pound of meat. Marinate two or  
three days. Drain thoroughly, brown  
meat in hot fat, turning it often.  
Add strained liquid in which meat  
was pickled. Cover and let simmer  
until almost tender. About 15 min-  
utes before meat is tender, add  
green pepper and celery, finely dic-  
ed. Cover and cook until celery is  
tender. Add water to make about  
1 c. stock. Blend flour and sour  
cream and add slowly to pan, stir-  
ring constantly until thickened.  
Cover and cook about 8 minutes  
longer. Taste and season more if  
necessary. Serve hot. Time: 1 to  
1 1-2 hours.

Note: Meat may be braised on

top of stove or in oven.  
Serve with wild rice, dumplings,  
baked white or sweet potatoes.  
Wild fowl, rabbit, or squirrel may  
be used.

Beef, venison or mutton may be  
prepared by this method. Leave  
Meat in one piece and add 1-4 c.  
brown sugar to the marinade. Mar-  
inate 5 to 7 days before cooking.

### College Courses Arranged at T U For Game Wardens

First game warden school in Texas associated with an institution of higher learning is to be placed in operation February 4, 1946, at the Agricultural and Mechanical College of Texas under the joint auspices of the Texas Game, Fish and Oyster Commission and the Department of Fish and Game at the College, it was announced by Dr. W. B. Davis, acting head of the department.

As planned, the school will operate for one semester of four months. Candidates will be selected by the commission from applications filed with it. The course of study will include wildlife conservation and management, fish conservation and management, natural history of the vertebrates including fish, frogs, reptiles, birds, and mammals, game and fish laws and law enforcement, public speaking, public relations, and report writing.

Most of these courses will carry credit that will count toward a college degree if individuals decide to further their education. This necessitates that candidates be high school graduates and meet college entrance requirements, or, in some instances, they may enter under college provisions as special students, in which case no college credits will be allowed.

Members of the staffs of the department of English, agricultural education, and fish and game of the college, and a representative of the game commission will collaborate in the instructional phases of the program.

Enrollment in the first school will be limited to 30. Those who satisfactorily complete the program of training will be placed on the eligible list from which vacancies in the Texas game warden force will be selected.

## Brother Trio Of Pacific Vets Sunday Visitors

Three brothers, all World War II veterans of the Pacific wars, met in Lamesa last week end to visit with their father, R. C. Hill, and their sister, Betty Jo Hill. The three have all been honorably discharged.

Visiting with the Lamesans were Mr. and Mrs. Cecil Hill, Lubbock; Mr. and Mrs. Douglas Hill and Robert Truman Hill, who are living here.

Cecil, ship's cook first class, and Chief Carpenter's Mate Douglas, have been released from the navy seabees. Cecil served most recently on Salpan, and Douglas was on Guam.

T-5 Truman Hill reached San Francisco, Calif., November 13 and arrived in Lamesa Sunday. He was discharged at Fort Bliss Saturday.

After his graduation from Lamesa High School, Truman attended John Tarleton Agricultural College, Stephenville. Later he was a welder with the Phelps-Dodge Corporation, copper mining firm, at Morenci, Ariz.

He went into the army engineers as a welder with a heavy shop company on May 7, 1942. A year later he was shipped to the Southwest Pacific and spent two and a half years on New Caledonia.

## Dairymen's Course Scheduled at A&M For December 3

The eighth annual Dairymen's Short Course will be held at Texas A. and M. College December 3 and 4, according to A. L. Darnell, chairman. The short course for dairymen was abandoned with the beginning of the war, and this year's meeting will mark a resumption of the popular meetings.

In the field of dairy farming the three major problems are: efficiency of operation, higher quality of product, and maintenance of market. Darnell pointed out.

Those attending the short course will be housed in college dormitories, and meals will be available on the campus.

The dairy course faculty will be composed of staff members of the College, the extension service, and the agricultural experiment station.

The faculty and their specialties are: C. N. Shephardson, dean of agriculture; I. W. Ruppel, head of dairy husbandry department; W. S. Arbuckle, dairy manufactures; P. M. Chestnut, herdsmen; O. C. Cope, land, chief dairy division, extension station; A. L. Darnell, professor dairy department; G. G. Gibson, extension service dairy husbandman.

H. K. Hampton, agronomy department; R. B. Hickerson, farm labor; L. R. Hickman, chairman short course committee; R. W. Hunt, agricultural economics; P. P. Jagt, veterinary hygiene; R. E. Lancaster, extension pasture specialist; D. C. March, dairy department; P. T. Montfort, agricultural engineering department; N. M. McGinnis, landscape art department; L. R. Noyes, Bureau of animal industry, USDA; P. D. Pearson, nutritionist; and R. D. Turk, parasitologist.

**TIP: HOW TO DINE OUT LIKE A KING DINING IN**  
NEW YORK (AP)—Patrons of a Broadway cafeteria eating from plain, sturdy restaurant plates are puzzled to find one diner eating, night after night, from dazzling gold and silver plate.

He's a New York physician who takes his equipment with him. An attractive wooden case he carries contains a silver cup, gold-plated cup, silver trays and dishes.

When these utensils are filled from the cafeteria's steam tables, the physician sits down to dine like royalty, using two dairy napkins from his case.

The meal finished, the cafeteria permits him to do his own K. P. on the spot.

## Last Rites For Amanda E. Buttrill Held November 19

Funeral rites for Mrs. Amanda Endora Buttrill of 407 North Lincoln Street, who died November 18, were held at the Hancock School House at three o'clock Monday, November 19. Rev. Cal C. Wright, pastor of the First Methodist Church of Lamesa, assisted by Rev. J. W. Morrison officiated.

Mrs. Buttrill, who has been a resident of this County for the past 20 years, was born to Mr. and Mrs. Winford Harris in Harris County, Texas, July 28, 1872, and has been a member of the Methodist Church for the past 58 years.

Palbearers were A. E. Hale, H. L. Buchanan, J. L. Wilcher, W. W. Weaver and L. P. Davis.

At the service a pianist rendered "What A Friend We Have In Jesus" and "Precious Memories." Mrs. Buttrill is survived by her husband, T. E. Buttrill, one sister, Mrs. Lena Bradshaw of Eastland and five children, Mrs. Edna Ansley of Lamesa, J. W. Buttrill of Cline, Mrs. Lenora Hancock of Lamesa, Mrs. Thelma Thomas of Watsonville, California and Mrs. Florence Aldridge of Andrews. 15 grand children and two great grand children also survive.

Funeral arrangements were under the direction of the Higginbotham Funeral Home and interment in the Hancock cemetery.

## Seven Lamesa Men Take Shriner Work At El Paso Class

Returning Sunday from El Paso were Messrs. Carl Rountree, Sam Richardson, W. D. Arnett, Aubrey Cox, Charnell Jobe, M. E. Boren and Homer St. Clair, who had been in that city for the past week receiving Shriner work.

This class, the largest ever held in the El Paso district, gave Scottish Rite work to 350, with 200 taking the Shrine. The class was appropriately named the "Victory Class."

At the banquet closing the week's activities, Carl Rountree was the principle speaker, giving the closing address.

M. C. Lindsey and son, Weldon, accompanied the group to El Paso but were unable to attend the classes due to a heart attack of M. C. Lindsey.

Mmes Carl Rountree, Aubrey Cox and W. D. Arnett, accompanying their husbands, were "royally entertained," said Mrs. Rountree, by the Masonic wives of El Paso.

Mr. and Mrs. Babe Cox returned to this city this week after an extended visit with her parents in Snyder.

## COTTON REPORT SHORT

Census reports for Dawson County cotton ginning up to November 1 showed the ginned bales had reached only about 12 1-2 per cent of the 1944 crop. Up to November 1 last year 20,886 bales of cotton had been ginned in Dawson County. This year's tabulation made by R. S. Stanfield, special agent with the census bureau, shows only 2,595 bales ginned up to first of the month.
