Banks Close In Kansas Scandal; Two Being Held

SPURIOUS BONDS ARE DISCOVERED; PROBE OF CASE STARTED

TOPEKA, Kas., Aug. 10—Two arrests have been made in the Kansas municipal bond scandal, at least $658,000 in spurious bonds have been discovered and three state banks have been closed.

Leland Caldwell, an employe in the office of Ronald Finney, broker, was taken into custody last night on charges of having uttered $3,000 in forged bonds to the National Bank of Topeka. Finney, previously arraigned on a similar charge, is alleged specifically to have uttered $20,000 in spurious securities to the same bank.

Probes Continue

Meanwhile, investigations into the many angles of the case continued. D. A. N. Chase, budget director, and A. R. Jones, state auditor and their assistants were engaged in checking bonds and records in the office of the state treasurer, Tom Boyd. State officials have revealed eight issues of municipal bonds totaling $329,000 are known to have been forged in duplicate, one set going to the state treasury as security for state deposits and the other set being in the hands of Chicago brokers.

While these officials were working, the vault was guarded by armed national guard officers, who were posted to see that no bonds or records were removed without authority.

Records Checked

Officials of the state banking department were checking the records of three state banks which were closed following Finney's arrest. All three institutions—the Fidelity State bank of Emporia, the Eureka Bank and the Farmers' State bank of Neosho Falls are controlled by Finney's relatives.

The Emporia office of the broker was searched last night by Clarence V. Beck, Lyon county attorney and Leslie Goodell, Shawnee county attorney. Both said they were acting at the request of Gov. Alf Landon who has insisted upon a thorough investigation, even to the point of laying the matter before the legislative council which meets next Tuesday.

FIVE DIE AFTER CRASH OF PLANE

HONOLULU, Aug. 10 (AP)—Navy salvage equipment grappled in 50 feet of water today for wreckage of the twin-motored navy seaplane which carried five navy men to their deaths in an offshore crash and which still held the bodies of three in its splintered cabin.

While naval officials planned an investigation, N. A. Tuft, aviation machinist's mate, second class, the only survivor, was recovering from slight injuries and the shock of plunging into the ocean yesterday with the doomed plane.

Those killed were Lieutenants Charles P. Hill, pilot, and Ted C. Marshall, pilot under instruction; and C. C. Stewart, V. C. Lovey and L. B. Pitt, enlisted men.

Texas Oil Hearing Set On August 21

AUSTIN, Aug. 10 (AP)—The railroad commission today had placed itself in position to accord speedy cooperation with the federal government under the oil industry code now being prepared by the national recovery administration.

A hearing of operators in all fields in Texas was called for August 21. The commission said it expected the oil industry code would be promulgated by that time. The commission evidenced a desire to make its orders conform to the national oil code without delay.

American Ambition Feared By Killers

TOKYO, Aug. 10 (AP)—Lieutenant Horishi Yamagishi, leader of ten naval officers undergoing court martial charged with the assassination of Premier Suyoshi Inukai and other terroristic acts, testified today that fears of "America's ambition" motivated the terrorists.

Testimony was produced to show that Yamagishi commanded the naval officers who invaded the premier's residence, and that he gave the command "fire" which loosed the fatal shots.

ECONOMY PLAN IS IN EFFECT

HUNDREDS OF FEDERAL EMPLOYES SEEKING NEW JOBS TODAY

(By The Associated Press)

WASHINGTON, Aug. 10.—The president's modified reorganization plan went into effect today, involving around 10,000 employes of whom about 900 have to look for other jobs.

There was, first, the prohibition bureau with 1,800 workers. This was transferred into the justice department's new division of investigation. Six hundred employes, 200 in Washington, 400 in the field, were stricken from the payrolls, the rest reemployed in the new agency.

Bureaus Merged

Next was the merger of the bureaus of investigation and naturalization in the labor department. All the 3,907 employes in these, save 275, were reappointed temporarily for four months. The 275 were allowed 10 days notice of retirement or discharge.

The third big transfer found the heretofore independent United States shipping board and the merchant fleet corporation put under the commerce department. Secretary Roper, pending a survey, reappointed all the 924 in these two agencies. He said, however, that he contemplates a reduction later.

Held Temporarily

Until September 30, all the 2,800 employes of the abolished office of public buildings and public parks of the national capital will be retained temporarily.

Numerous other smaller agencies also were merged, or abolished.

Official estimate the changes will eventually cut expenditures about $5,000,000. Additional reorganization is scheduled for December 31.

NEW BLUE EAGLE EMBLEMS ARRIVE

Lubbock merchants whose display of the NRA "Blue Eagle" emblems has been delayed by a shortage of the placards were today receiving them from the postoffice. One hundred and fifty additional sets of the emblems arrived today and were being distributed to scores of employers this afternoon.

Approximately one hundred merchants had made applications for the emblems after the supply had been exhausted last week.

Postal officials said today they believed the 150 sets would be sufficient to supply the needs for the city.

PEACE SOUGHT OVER STRIKE TORN AREAS

MORE INDUSTRIES ARE BEING BROUGHT IN LINE WITH CODES

(By The Associated Press)

WASHINGTON, Aug. 10.—Harmony in industry through the settlement of labor disputes was sought earnestly today by the national recovery administration.

From apparent success in settling a coal strike discord at Grindstone, Pennsylvania, President Roosevelt's national labor board turned to two more Pennsylvania arguments between employer and workers.

The arbitration officials called before them today employers and employes in the Reading, Pennsylvania, hosiery strike. Dr. Leo Wolman, acting chairman of the labor board, also intended to bring his organization into action on another front, the Pottsville, Pennsylvania, shirt mill controversy.

Dispute Hearing Set

The hosiery disput was fixed for its hearing here today, and the shirt trouble set for Friday.

The conciliation machinery of the labor board, said Dr. Wolman, had been sought for a number of disputes, but for the time would be put into action in only a few.

The rest of the industrial rehabilitation army under Hugh S. Johnson toiled on, meanwhile, to bring still more industries within the score of the "fair competition" code of the administration.

Industries Come In

Within the last twenty-four hours approximately a half-dozen more industries have come in under the Blue Eagle through the approval of proposals by Johnson. The latest additions include such industries as evaporated milk, batting and padding goods, retail jewelry and oil.

On still another front today the recovery directors dealt with the employer-employe angle—the hearing on the bituminous coal industry code. Here the second day of argument revolving around the use of the

EL PASOAN WILL BE A CANDIDATE

EL PASO, Aug. 10. (AP)—V. I. Cargile, 42, El Paso insurance man, today announced he will be a candidate for governor in the Texas Democratic primary election next year.

Cargile, in his announcement, said he has been ambitious to run for governor for several years. Last year, as candidate for congressman-at-large from Harris county, he polled 18,000 votes. At that time he advocated prohibition repeal, elimination of the federal farm board and full payment of the bonus.

He served in the state fire insurance department under Governor Pat M. Neff for four years.

Roman Triumph Is Set For Saturday

ROME, Aug. 10 (AP)—A Roman triumph, a custom not followed for many centuries, will be revived Saturday to give Gen. Italo Balbo and members of his trans-Atlantic seaplane squadron a rousing welcome home.

It will have another purpose, too—to pay tribute to Premier Mussolini as the inspiration for Italy's renaissance in aviation.

General Balbo advised the air ministry that he plans to bring his armada to Ostia, Rome's new port, from Lisbon, Portugal, 1,300 miles away, without stopping. Their arrival in Italy is set for Saturday evening.

PIONEER IS DEAD

MERKEL, Aug. 10. (AP)—J. N. Shelton, 82, pioneer resident here, survived his wife by only five days, succumbing last night in the home of his daughter, Mrs. W. M. Elliott. Mrs. Shelton, 74, died last Friday, and immediately after the funeral her husband went to bed, unconscious.

ANNUAL SHOWERS OF SHOOTING STARS DUE TONIGHT; MIDNIGHT FRIDAY AND DAWN SATURDAY BEST TIME TO LOOK

Picture on Page 5

(By The Associated Press)

PHILADELPHIA, Aug. 10—The annual showers of shooting stars, the Perseid meteors, are due tonight and the three succeeding nights.

Their numbers should be greatest between midnight Friday and dawn Saturday. An hour or so before the milkman begins his rounds is a good time to watch, for few are visible before midnight. Watchers should look toward the northeast sky, low down about midnight. By dawn they are almost overhead.

Their poetic name, "The Tears of St. Lawrence," given by the Irish, best describes what to look for. They do not appear much larger than tears. Now to Dr. Olivier, at Flower observatory, Upper Derby, Penna. These counts need not be for all night, and then one of these fiery "tears" crosses the sky, but mostly their paths are much shorter.

"As the moon is in the last quarter," said Dr. Charles P. Olivier, director of the astronomical observator of the University of Pennsylvania, "observers should in general keep the moon behind them while counting the Perseids. Its presence will of course cut down the number visible, perhaps to a maximum of 30 per hour even with a clear sky."

The public is invited for the third successive year to count the Perseids and mail the figures

Sorrowing Widows Today Face Each Other Second Time Over Body Of Mate

TWO WOMEN CLAIM TO BE WIDOW OF FLIER KILLED IN CHINA

(By The Associated Press)

KANSAS CITY, Aug. 10—Two women, one 34, the other 23, meet here today for the second time, each asserting she is the widow of Capt. E. F. M. Deeds, killed in an airplane crash in China.

Mrs. Marie Hennessy Shirley Deeds, the younger of the two and a former film actress, said in Denver the other, Mrs. Betty Deeds of San Francisco, was "seeking a fortune she believes Eddie left me." The actress is accompanying the body from San Francisco to the home here of Deeds' mother, Mrs. Millie Potvin.

Has Been Too Much

Mrs. Betty Deeds, who arrived yesterday by plane, said: "His death was bad enough but when all this came up it almost has been too much."

Informed the second Mrs. Deeds charged the first Mrs. Deeds was "seeking a fortune" Mrs. Potvin said:

"There is no fortune in this case. There's nothing but misfortune.

"If my son had any insurance, I want it to go to Betty to whom he was married seven years, the woman who worked with him and aided him."

Met In California

The two first met in San Francisco when the actress brought the

French Troops Are On German Border

MULHOUSE, France, Aug. 10 (AP)—Armed French troops were again stationed today on the German frontier near here as a precaution against alleged aggressions of German nazis such as occurred early this year at Huningue.

Small detachments from the Mulhouse garrison were sent to Huningue, Kembs and Chalampe, where only isolated customs posts were previously maintained.

STROKE FATAL FOR FARMER

C. O. HEFNER DIES IN SANITARIUM TODAY; FUNERAL FRIDAY

C. O. Hefner, 52, a farmer of Levelland, who suffered a paralytic stroke Wednesday after coming here to visit a daughter, ill in a sanitarium, died in the sanitarium about 9:30 o'clock this morning.

Funeral services will be conducted at 2 o'clock Friday afternoon at Asbury Methodist Episcopal church by Rev. C. A. Bickley, presiding elder of the denomination, assisted by Rev. O. W. Carter, pastor of Asbury church, and Rev. W. K. Johnston, a Presbyterian minister. Burial, supervised by Sanders Funeral home, will be at Post.

Suffers Head Injury

While on a sidewalk in front of Lubbock sanitarium Wednesday afternoon, Mr. Hefner fell forward, victim of a stroke. He suffered a head injury in the fall.

His daughter, Miss Erma Deane Hefner, 24, has been in the sanitarium two weeks, having undergone an appendicitis operation. Mr. Hefner was admitted for treatment at 5:15 o'clock.

Survivors are a widow; five sons, Lewis, Orval, John Wesley, Leon, and Audell Hefner, all of Levelland; three daughters, Mrs. Ray

VISIT OLD HOME

ABILENE, Aug. 10. (AP)—Rear Admiral Sinclair Gannon, U. S. Navy and Mrs. Gannon were here today, visitors in the home in which they were married more than 30 years ago. They are en route to San Diego, Cal., Gannon to return to active sea duty after an illness.

OSCAR (OSCARINA) HITS TOWN TODAY AND JOURNAL NEARLY MISSES STREET

The Journal very nearly missed going to press today all on account of Oscar—or is it Oscarina?

And Miss Margaret Turner and Charlie Guy, staff members, scratched their heads and pored over encyclopedias—all on account of Oscar, or Oscarina.

For Oscar (Oscarina) is an alligator that arrived this morning, right side up, from Jacksonville, Florida, in a nice screened box plainly addressed to Miss Turner and Mr. Guy. Just who donated Oscar (Oscarina) to the cause of journalism in Lubbock remains a deep, dark secret but anyway he (she) is here and throughout the day apparently enjoyed himself (herself) on delectable repasts of flies; slain and donated by the office force.

Oscar (Oscarina) is evidently just an infant, measuring about a foot from stem to stern.

But since alligators grow to a length of 18 feet the owners are still wondering what to do about Oscar (Oscarina).

They are considering turning him (her) over to J. A. Dean, local zoo man, to be added to his collection of birds, beasts and so forth. For after all, an alligator is a problem, especially when there are children in the neighborhood!

REPORTS MADE ON ACTIVITY OF AGENTS

LEADERS SAY CITIZENS WILL NOT BE LEFT TO GANGSTERS' MERCY

(By The Associated Press)

WASHINGTON, Aug. 10.—Government officials today looked over the records and concluded that the month-old federal war against the kidnaper, the gangster and the racketeer is making satisfactory progress.

They promised anew, in the words of Joseph B. Keenan, assistant attorney general, that "the inhabitants of this country are not to be left to the mercy of attacks of organized criminals."

Just a little more than a month ago, Keenan was designated by his chief, Attorney General Cummings, to lead the justice department's anti-crime drive.

Report On Kidnapings

President Roosevelt approved. In fact, the chief executive was so much interested that he next chose Raymond Moley, assistant secretary of state, to survey broader aspects of the problem while Keenan concentrated on catching the criminals and forestalling crimes.

In a report on kidnapings, Keenan made this summation of cases in the last month.

Charles F. Urschel, kidnaped at Oklahoma City on July 23. One man identified and a fugitive, another held.

"J. J. O'Connell, jr., was kidnaped on the seventh of last month at Albany. He is now released and the federal government, despite certain handicaps, is attempting to do its full part in apprehending and bringing to justice his kidnapers."

Luer Gets Freedom

On the kidnaping of August Luer, who was taken from his Alton, Illinois, home at the point of a gun on July 10 and held for ransom, Keenan said.

"Through the efforts of the department of justice, through the agents of the bureau of investigation, Mr. Luer was released from captivity and returned unharmed

WESTEX C OF C PLANNING STAND

STAMFORD, Aug. 10 (AP)—Two hundred town directors of the West Texas Chamber of Commerce are balloting this week, to fix the regional organization's policy as to the proposed $20,000,000 state bond issue for relief. After the ballots are in, a statement of policy will be issued. The majority will control.

At its May convention in Big Spring the Westex chamber memorialized the Texas legislature to submit the issue to the electorate, but refrained from taking a stand for or against the bonds.

Revised Draft Of Code Is Outlined

WASHINGTON, Aug. 10 (AP)—A revised draft of a trade practice plan for the oil industry, now being prepared by the recovery administration, was understood today in informed quarters to be nearing completion, although NRA officials maintained silence.

The code, successor to the tentative plan proposed by Hugh S. Johnson, the recovery administrator, was reported similar in many respects to the first tariff.

Pending acceptance of the plan oil companies, Johnson said yesterday, could get Blue Eagles signifying adherence to the recovery campaign by subscribing to the blanket code, with the labor provisions of their own code applicable to them.

BAD CURRENCY ON INCREASE

PEOPLE BEGIN MAKING THEIR OWN AS GOOD MONEY IS SCARCE

(By The Associated Press)

WASHINGTON, Aug. 10.—The secret service finds that as legal money got scarcer from 1931 to 1932 more people began making their own. Latest reports, officials say, show a similar increase in counterfeiting in 1933.

In 1931, for instance, 11 new counterfeit notes were circulated. The secret service seized $36,572 in bogus currency and $44,078 in spurious coins.

Seizures Increase

But the next year, there were 17 new counterfeit notes. Currency seizures reached $540,538 and coin $49,773.

The 1933 fiscal year figures will not be made public until W. H. Morgan, secret service chief, sends his report to congress next January. But a proportional increase has been noted.

Particularly in the west, where most of the nation's silver is mined, have secret operatives found a rapid recent rise in the number of counterfeit coins. Some, of course, have been found in the east.

Encouragement Given

Secret service chiefs get encouragement from a number of things. The 1931 arrests totaled 1,524 those for 1932 were 2,139.

But the fact that seizures jumped from $80,650 in 1931 to $590,311 in 1932, the officials say, gives them more cheer.

That jump, they hold, shows that more alert secret service agents were trapping counterfeiters before they could spend their no-good money.

PAROLED CONVICT IS KILLED TODAY

TEMPLE, Aug. 10. (AP)—Hiram (Hy) Thompson, paroled from the state penitentiary where he was serving a sentence in connection with a slaying at a skating rink in Belton four years ago, was shot and killed in front of a city park across from the municipal building here today.

Three charges from a shotgun fired from a brown sedan occupied by two men and a woman struck Thompson in the chest, killing him instantly. The car was headed in the direction of Belton after the shooting.

Thompson was tried three times and was sentenced several months ago in Cameron to 20 years imprisonment. He was granted a parole to attend the funeral of a sister who was killed in an automobile accident at Waco.

TENSION OVER ENTIRE AREA IS GROWING

GRAVE CONCERN FELT UNLESS STRIKE CAN BE QUICKLY ENDED

(By The Associated Press)

HAVANA, Aug. 10.—A state of war gripped Cuba today, its purpose being peace. Military forces controlled the island under decree of President Machado who said the general strike, paralyzing industry and trade, had given "enemies of the public peace" a chance to "create a revolutionary state in the country."

Conflicting and unyielding attitudes of numerous elements involved in the growing crisis increased the public tension. Machado has been deaf to suggestions tht he resign and that his secretary of state, Orestes Ferrara, resign.

Welles Moves Swiftly

The United States ambassador, Sumner Welles, moved swiftly in his efforts to bring quick fruition to efforts to restore normalcy. Governmental and political leaders sought in conferences to bring the several factions into agreement on some program of solution.

The declaration of a state of war came as the administration's answer to the suggestion of mediators that Machado and Ferrara resign and permit a new secretary of state, acceptable to all groups, to accede to the presidency.

Concern Expressed

Grave concern was expressed for the welfare of citizens unless the strike could be brought to a quick termination. There is little bread, and the distribution of milk is being made under armed guard. Stocks of foodstuffs are being exhausted rapidly.

Since the state of war became effective at 6 o'clock yesterday evening, the military has been in full control. Unrest has increased, and the attitude of the United States is being watched closely by Cubans wondering what action President Roosevelt may take. Mr. Roosevelt's desire, as expressed yesterday at Hyde Park, New York, is that the political difficulties be solved "at the earliest possible moment" so that economic welfare may be preserved.

Precautions Taken

Widespread police precautions have been taken to halt violence. Explosion of a bomb early today,

CHICAGO SPECIAL TO CARRY MANY PLAINS TRIPPERS

If you're planning to see A Century of Progress exposition by going on the Avalanche-Journal, Globe-News special train leaving here August 20, you'd better make your reservation early as indications were today that the train is going to have several hundred aboard when it pulls out for the Windy City.

Many persons are taking advantage of the opportunity to see the fair when hundreds of other Texans will be there. The train arrives in Chicago two days before "Texas Day" when the Lone Star state exhibit will be dedicated with much pomp and ceremony and with Texans from all parts of the state present. Special trains are to be run from El Paso and Fort Worth besides the Amarillo train.

If you plan to make the trip, just send $10 to Mrs. Lucile Smith, care of the Avalanche-Journal, or call by and make your reservation in person. The $10 deposit holds your reservation until August 15 when the balance must be paid. The cost of the trip is $70 from Lubbock which includes everything except meals while in Chicago. A host of entertainment features are offered.

Visiting Girls Are To Have Courtesies

Formal affairs are scarce in the city but much is happening. Visitors are receiving courtesies. People are having company or going places. Some are ill. In spite of a seeming lethargy of hot weather, much continues to happen.

Mr. and Mrs. Joe Telford have as their guests Mrs. Telford's aunt, Mrs. Z. T. Howser; her cousin, Mrs. J. A. Armstead, and her niece, Miss Geraldine Frensley, all of Ardmore, Okla. The Telfords reside at 1717 Twenty-Third street.

Mrs. B. O. Sanford and daughter, Mignon, of Plainview are spending the day with friends here.

Miss Billie Bob Jones, daughter of Mr. and Mrs. Hub Jones, who has been visiting her aunt, Mrs. E. W. Hardin, in Amarillo, is returning to the city today. She and Miss Cornelia Thompson of Dallas have been receiving a number of courtesies during their visit with the Hardins.

Mr. and Mrs. W. T. Bell and daughter, Miss Ruth Bell, accompanied by Miss Lucille Ebensberger of San Antonio, have returned from a visit to Ruidoso, N. M. The Bells and their friends have extended a number of informal social courtesies to Miss Ebensberger during her visit here.

To Entertain Saturday

Miss Loyette Lindsey, daughter of Mr. and Mrs. Clifton C. Lindsey, is planning to entertain Saturday with a mid-night picture show party to compliment Miss Margaret Cosby of Gilmer and Miss Julia Carroll of Fort Worth, who are visiting here.

Misses Lois Adair and Ellen K. Clapp are to entertain Saturday afternoon at 4 o'clock in the F. R. Friend residence, 2005 Broadway, to compliment their guest, Miss Lyda Fountain, of Dalhart. Miss Fountain has been entertaining with a house party and the Lubbock girls were among her guests. The trio returned here Wednesday.

Mr. and Mrs. J. A. McCelvey and family, 2608 Twentieth street, are planning to move to Dallas within a few days. A small bridge club, of which Mrs. McCelvey is a member, is meeting today with Mrs. Byron C. Dickinson, 1918 Seventeenth street, and Mrs. McCelvey will be the honor guest on this occasion.

The McCelveys have as their guests now Mrs. McCelvey's sister, Mrs. M. E. Center, and daughters, Burnice and Frances, and Mr. McCelvey's brother, Vinson McCelvey, all of Temple.

Wednesday afternoon Bobbie Lee McCelvey, small son of the McCelveys, fell from his horse breaking both bones in his left arm.

Mr. and Mrs. R. Q. Pierce and two of their sons are to return today from Fort Worth where they have been visiting for a week.

Miss Ruth Pirtle, who has recently returned from Chicago, has gone to Fort Davis for a visit.

There was a picnic at Shannon park Wednesday evening honoring Miss Frances Jones of Amarillo who is visiting Mr. and Mrs. W. S. Taylor, 2505 Twenty-First street. Miss Pauline Williams was the hostess and girls in the party returned to her home, 2514 Twenty-First street, for the night.

Those who were at the picnic were Miss Mary Frances Keeter, Miss Madelle Hitt, Miss Virginia Roberts, Miss Fayrene Booker, George Bernard Taylor, Miss Rosemary Horton, Mrs. Taylor, Mrs. H. F. Williams, the honoree and hostess.

Others Have Picnic

Another picnic at Shannon park was attended by Misses Gwendolyn Thompson, Freddis Adkins, Girdy Pearl Beard, Sammie Marie Hitt, Messrs. Merlin Hastings, Jimmy Gaines and Woodrow Montgomery.

Mrs. T. R. Prideaux has returned from Lott where she has been visiting her mother, Mrs. Val H. Moore. She was accompanied home by her mother and by her daughter, Miss Vondelle Prideaux, who has been visiting in Dallas for a month.

Mrs. Roy Watts and daughter, Shirley Ann, who have been visiting in Clearwater, Fla., for two months have returned to the city. Mr. Watts met them in Nashville, Tenn., and accompanied them home.

Mr. and Mrs. J. D. Carnett, 1913 Twenty-Fifth street, and children, Lucille and Richard, returned Wednesday from a vacation in New Mexico and Colorado.

Mrs. J. J. Chambless, 1902 Tenth street, returned Wednesday night from Waco where she was called because of the death of her mother.

Mr. and Mrs. C. B. Powell, 2306 Sixteenth street, have as their guests Mrs. John S. Wightman of Rusk and Mrs. Wightman's grandson, Carl Everett, jr., of Gladewater. Mrs. Powell and Mrs. Wightman are sisters.

Mr. and Mrs. Raymond Oldham, of Del Rio are visiting here as the guests of Mrs. J. W. Baze, 2308 Sixteenth street. Mrs. Oldham is the former Miss Vadabel Baze of this city.

Dr. and Mrs. Allen T. Stewart, 2318 Broadway, with their children, Sara Sue, Rachel and Allen, are to leave Friday morning for Austin to spend a few days.

Slouch Hats, Tailored Lines Give Mannish Accent

By RITA FERRIS
(Associated Press Fashion Editor)

PARIS (AP) — A mannish mode marks certain feminine fashions these days, especially in sports and street frocks.

The mannish slouch hat of soft felt, with its soft brim pulled over the eyes and its crown creased close to the head, gives a rakish air to many a costume.

Sports and street suits themselves are often cut on the most tailored lines. Broad padded shoulders, straight cut jackets, and skirts as trimly tailored as a pair of trousers are the outstanding effects in the silhouette. Sometimes the coat matches the skirt, but as often it is of contrasting color.

One of the smart mannish wool suits this season combines a dark brown broad-shouldered jacket with a greige skirt.

Mannish coats, although fewer in number, are shown by the smartest designers, many of whom have cut their cloth along military lines. Blue wool coats designed with small turnover collars like those of a soldier's overcoat and finished with brown leather buttons and belts are shown as smart models for early fall wear, while tailored tweed coats are shown for sports.

Wide flannel slacks in tones of cream or green are shown for beach wear.

A slouch hat of soft gray felt and severely tailored lines give a mannish air to this navy blue linen costume designed by Creed. But the scarf and blouse of navy and gray shantung add a feminine touch.

Lockney Launches Drive On Paving

LOCKNEY, Aug. 10 (Special)—A drive has been launched here by city officials for paving the streets, to be financed by funds from the National Industrial Recovery act.

It is reported here that an average of $100 per 50 foot lot will be the cost of paving, with 11 years in which to repay. The first year will not have any paving payment.

Mayor J. H. Hohlaus, who presided at a meeting of officials and residents, named the following committee to look after the plans: Sam Miller, George Meriwether and J. Lance Suits. They will confer with property owners on the plans.

Mrs. Lee Ragland, 814 Avenue Q, and Mrs. Luther Williams are to return to their homes here today after visiting relatives in Abilene for several days.

Baptist Class Is To Enjoy Outing

A class of intermediate girls from the Calvary Baptist church is leaving this afternoon for Buffalo Springs for an overnight camping trip. The party will return here late Friday.

Mrs. I. R. Clements will accompany Evelyn McCrummen, Fannie B. Bratcher, Ada Belle Pruett, Grace Alley, Janet Howard, Ruby Ralls, Viola Weed and Jo Gene Ramey.

Mr. and Mrs. Earnest Conley and family returned Wednesday night from a vacation near Springfield, Mo.

—lagging appetite

There is a reasonable way to correct this condition. Pause and reason. You know that body weakness is frequently the result of a weak blood "picture"—lowering of the red-blood-cells and their hemoglobin—that are so very necessary to strength and vitality.

Then why not try S.S.S.—the proven tonic for decades? Its value has been proved by extensive scientific research and by millions of happy users.

Take S.S.S. and note the way your strength and appetite are restored. Two convenient sizes at all drug stores—the larger size is more economical. Don't permit any one to "switch" you in your determination to restore your red-blood-cells and their hemoglobin content for regaining strength. © The S.S.S. Co.

MINERS AGAIN ARE WORKING

PENNSYLVANIA STRIKE IS OVER; SOLDIERS TO BE RECALLED

UNIONTOWN, Pa., Aug. 10 (AP)—Lingering trouble spots in the Pennsylvania mine strike cleared up today, bringing peace to the embattled soft coal fields and sending thousands of men back to the pits.

The last of the Fayette county miners to remain on strike—200 workers in the H. C. Frick company's Colonial No. 4 mine at Grindstone—resumed work after federal and state agencies interceded to smooth over fresh rievances in a dispute concerning checkweighmen.

At the same time, striking miners of the Pittsburgh terminal coal corporation, also at odds with the operators over the question of selecting checkweighmen, voted to return to the mines today.

Another group, employed by the Pittsburgh Coal company, largest producer in the world, met to determine the date for their resumption of work.

As workers filed back into 15 of the Frick mines Wednesday morning, the Colonial No. 4 men balked, claiming company officials refused to recognize the checkweighman and the mine committee they had selected.

While they dispatched a strong protest to Edward F. McGrady, NRA labor advisor whose appeal in behalf of President Roosevelt brought about the men's decision to resume work, Duncan McCallum, secretary to Governor Gifford Pinchot, went into conference with their leader, Martin Ryan.

Shortly after Ryan agreed that his men would return pending action of the NRA arbitration board on their grievances, the board at Washington—Gerard Swope, Louis E. Kirstein and George L. Berry—handed down a set of rules for the election of checkweighmen.

A number of workers at Colonial No. 3 mine, at Rowe's Run, scene of violence in which one striker was killed and more than a score wounded during the two-week walkout quit work in sympathy with No. 4 men, but they returned later.

No disorder marked the Colonial miners' refusal to work pending adjustment of their grievance.

Elsewhere throughout the coal fields peace reigned and picket lines had vanished.

Mayor Kenneth W. Momeyer, in charge of national guardsmen on patrol duty, said that tentative plans provide for recall of the troops by Saturday.

Rotarians Meet At Home Of President

An outdoor meeting last night on the lawn at the home of Dr. Bradford Knapp, Rotary club president, and Mrs. Knapp on the Texas Technological college campus was attended by more than 100 Rotarians and wives.

Dinner was served on the front lawn at 7 o'clock and was followed by an informal program in the patio at the rear of the residence.

Speakers were Walter Posey, George W. Dupree and Jack Randal.

HUSBAND PLEASED AFTER WIFE LOST BULKY FAT

Reduced 21 Pounds—Skin Clearer and Feels Much Better

"I've lost exactly 21 lbs. with 3 jars of Kruschen and am so happy to get rid of that bulky fat. My husband is very pleased with me. My skin is clearer and I feel so much better since I'm not so heavy on my feet. Friends say I look much better." Mrs. Norma Spickler, Maugansville, Md.

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar lasts 4 weeks and costs but a trifle at Mark Halsey Drug or any drugstore the world over. Make sure you get Kruschen because it's SAFE. Money back if not satisfied. adv.

Crop Of Chickens Is Light In Panhandle

CANADIAN, Aug. 10. (AP)—The crop of young prairie chickens in the upper Panhandle counties is light this year because of the drouth.

Buck Harris, deputy game warden who was transferred to this district a few weeks ago, said: "I have covered many miles in the best chicken territory, and I haven't seen a young chicken."

Old-timers in the area, who also have commented on the scarcity of the young birds, expressed the theory that a dry June usually meant fewer chickens.

The hunting season for prairie chickens will be open the first four days of September. Governor Murray of Oklahoma recently announced that several counties of northwestern Oklahoma, across the line from Hemphill and Lipscomb counties, would be open this fall.

Day's Short Course Planned At Lockney

LOCKNEY, Aug. 10. (Special)—A one-day Farmers Short Course is scheduled for Thursday, August 17, it was announced by a group of women, following their return from College Station where they attended the annual short course.

Mrs. Hannah will be in charge of a course of instruction in "Rug Making and Mats"; Mrs. W. E. Miller, a course in "Pantry and Gardens;" Mrs. Olin Miller a course in "Poultry;" Mrs. A. H. Kreis, a course in "Clothing," and Mrs. Joe McCollum a course in "Farm Crops and Orchards."

These women all specialized in the A. and M. course on the subjects they will have at the oneday course here. Floyd county is without a home demonstration agent or a county agent.

HUMPHRIES AIDS WORK OF RELIEF

Appointed to the state rehabilitation work staff, after serving in the state department of education, J. A. (Ab) Humphries of Lubbock has returned to establish headquarters here. He is supervisor of rehabilitation and relief work in nine counties.

"My work will be to supervise the relief work in conjunction with the county administrators and the county committees," he said last night in discussing his work. "I will handle reconstruction and relief programs.

"When President Roosevelt's big program of relief gets underway in the highway department, I will have charge of working out the plans for the federal highway funds in relief work."

Mr. Humphries' territory includes: Hale, Lubbock, Lynn, Dawson, Terry, Hockley, Yoakum, Cochran and Gaines counties.

Mr. Humphries said he was offered a similar post at El Paso and also in the eastern part of the state. "I preferred Lubbock, although the other jobs meant more money," he added.

Early in the new year Mr. Humphries was named to a post in the state department of education. He inspected numerous rural schools in this section as supervisor in the late winter and early spring, before being named to his post with the relief work of the state.

LONDON (AP)—Great Britain's woodland area was increased by 16,927 acres as a result of operations by the forestry commissioners in 1932.

Five States To Send Singers To Session

DALLAS, Aug. 10. (AP)—Five states will send their prize sacred harp singers to the tenth annual singing convention of the Texas Interstate Sacred Harp Singers' association at Mineral Wells, Aug. 10 to 12, W. T. Coston of Dallas, president, announced. The meeting will be the fifth annual gathering at the resort city.

Letters from singers in Georgia, Mississippi, Oklahoma and Alabama and Texas, have been received by Mr. Coston indicating a large attendance at the 1933 session. Training classes have been held in various Texas cities during the past few months in preparation for the convention. A sizeable delegation from Dallas will attend, this city being one of the most active in the state.

TEXAS DRILLING IS ON INCREASE

AUSTIN, Aug. 10 (AP)—Drilling for oil in Texas is on the increase, in spite of the large production recorded in the many fields, scattered to every section of the state.

A report of the oil and gas division of the Texas railroad commission for July, released revealed that 985 permits to drill for oil had been issued during the month. That was the largest number for any month. That was the largest number for any month of this year. There was less activity in March when only 387 drilling permits were taken out.

The report showed that permits were issued for drilling in 99 of the 254 counties of Texas. Producers were brought in during the month in 44 counties.

A total of 289 producing wells came in and 152 dry holes were recorded. One hundred and twenty three permits were issued to drillers in Gregg county, of the East Texas field, where 59 producers and five dry holes were noted. Rusk county, in the same area, received 115 permits to drill. Twenty six producers were brought in and 16 dusters reported during the month in that county. Only 24 permits to drill were issued for Montgomery county, where 35 producers and one dry hole were reported for the month.

SPYING ON SPORTS

BY COLLIER PARRIS

Andy Kerr, who keeps his students at the Tech coaching school between a guffaw and a giggle, at the same time pouring over their notes and paying close attention to what the wee mentor from Colgate is saying about the double wingback system, was offering his hearers some good advice regarding their actions and tactices off the field. We can't repeat the story here just like he told it. You'd have to hear it verbally to get full benefit of it, and his fast-traveling tongue adds spontaneity to everything he says.

• • •

Anyway, Kerr was talking about "fight talks" that coaches like to give their teams before each game. Some coaches, he pointed out, like to make a big show of this pre-game dressing room exhibition. It isn't always the thing to do, he says, and you can't fool the kids. Once before a big game, after he had talked to his starting team in the dressing room, he noticed a group of second stringers and "shock troops" huddled around a central figure at the far side of the dressing room. The coach sauntered over and listened to the "fight talk" being propounded to the scrubs by one of the squad's cut-ups.

"Now we have a very tough game today, and when that door opens," the man in the center of the huddle was saying, "I want you to charge, CHARGE! CHARGE! — charge out on the field and help the varsity warm up. And as the game starts I want you to run, RUN, RUN!—run over to the bench and get a good seat. Then I want you to pull, PULL, PULL!—pull those blankets over you so you won't catch cold. And at the half I want you to charge, CHARGE, CHARGE!—charge into that dressing room and help rub down the varsity — and don't forget to be back out here for practice Monday afternoon."

Our good friend Jack Meagher, coach at Rice Institute, lightly takes us to task for alleged statements and rumors regarding the ego or "cockiness" of Notre Dame football exes. Now Jack happens to be a graduate of Rockne's great football school, and he is a rare specimen indeed when it comes to modesty, self-control and quietness. We've heard the statement often, and maybe we've repeated it, that you'd never know Meagher came from Notre Dame if you judged him by his outward appearance and attitude. First impressions usually are lasting ones, you know, and our first contact with big shots who got that way at Notre Dame was that there was somewhat of a superfluous amount of "the great I" stuff. Not that it makes any difference to an unbiased sports writer, but it did have its effect on members of the coaching fraternity. Maybe it was a wrong impression. Certainly they didn't learn egotism from that master of all coaches, Knute Kenneth Rockne, the personification of friendliness and modesty. Nor is Noble Kizer, one of Knute's best known athletes, now coach at Purdue, possessed with one whit of "I love me" attitude. And Meagher well they says he's pretty tough on the football field; that he gets all that's necessary out of his athletes, but to associate with him at coaching schools, where there is every opportunity to "show off," you'd think Meagher had graduated from a co-education institution where playground baseball was the major outdoor sport. And he was mentioned for all-American honors at Notre Dame!

• • •

You've been wondering concerning the whereabouts and whyfore of Gus Axcelwush? So have we. But the mystery is solved. The mail brings a picture post card with the simple address: "Mr. Collar Perish, Avalunch-Yournel, Lubbock, Texas." That's all there is on the "message" side. Not a greeting, a message of any sort—not even a signature. But the address is enough. It's Gus, all right. On the other side is the picture captioned "Avenue of Flags, Chicago 1933 World's Fair." A microscopic study might reveal Gus' presence under the Scandinavian flag, which surely is there. So Gus' is taking in the Century of Progress. Maybe he'll have some large stories to tell when he gets back. Will someone please save this for him, and pass along the word that we're expecting great things of him upon his return?

• • •

A man who should be at the Texas Tech coaching school, but who distinctly is not, is Al Baggett, head coach-elect at West Texas State Teachers college, Canyon. Baggett may know enough about football and basketball to turn out a great team at the Buffalo school this year, but, if for no other reason, he should have attended the school for the purpose of making connections and renewing relations with rival coaches.

• • •

The successor to the late S. D. "Sad Sam" Burton of Buffalo fame has a man-sized job ahead of him, and he could have done a lot worse toward preparing for that job than coming to the Tech coaching school. Not that Tech needs the 25 bucks—they probably would have complimented the former Amarillo college mentor—but it would have done a lot of good, maybe, toward healing the old sore that gets irritated when Texas Tech and West Texas bump into each other. Baggett's stay-away attitude isn't going to help a bit, because there was increased and unnecessary heated rivalry between the Matadors and the Badgers of Amarillo college following a football game here last year.

COACH SCHOOL IS STILL A HOT SPOT

ENTHUSIASM AND PEP IS RUNNING HIGH; BANQUET IS SET

Football coaches who cling to the Warner or "double wingback" system, basketball coaches and physical education instructors continued to find the Texas Tech coaching school a hot spot of information this morning, although there was a number of "check outs" last night and early today.

Andy Kerr, coach at Colgate; E. C. Gallagher, athletic director and wrestling coach at Oklahoma A. & M., and Craig Ruby, basketball mentor at University of Illinois, comprise the staff for the last two days of the school. All of them continued to find favor with the visiting coaches this morning, their enthusiasm and pep never letting up for a minute.

Visitors Are Guests

Visiting coaches and their wives were guests of the Tech athletic department late yesterday afternoon at a chicken barbecue, served on the football field. The big feast served to break whatever monotony there might be in connection with the "dawn to dark" sessions at the school, and the unanimous vote of approval was loud-spoken. A banquet, "for men only," is scheduled for tonight at Hotel Lubbock. The Lubbock Chamber of Commerce is host.

Following the barbecue festivities, the coaches gathered at the Engineering building auditorium and saw motion pictures of several football games in which Colgate and Purdue teams appeared last fall. Andy Kerr, Colgate mentor, was on hand to point out and explain various phases of the games, particularly the parts he is teaching regarding the "double wingback" system at the school.

Purdue Pictures Shown

Although Noble Kizer, head coach at Purdue university, took his departure earlier in the day, motion picture reels he left here were shown and explained last night. Kizer and Jesse Harper, director of athletics at Notre Dame university, left here by automobile for Harper's ranch in Kansas. From there Kizer was to take a plane for Indianapolis, where he opens another coaching school next week. The Purdue mentor ended his series of lectures on Notre Dame play at yesterday morning's session. His work was acclaimed by visiting coaches as very helpful and interesting, not only to exponents of the Notre Dame sysem but to all coaches striving to install better line play.

Andy Kerr again was in the spotlight at the school. He lectured at the morning session, following Kizer's final talk, and took the field with uniformed players in the afternoon. He demonstrated stance and position, and followed by giving several plays run from the wingback formations.

TEXAS LEAGUE GOES 3.2 WEDNESDAY BY MAJORITY OF 3 TO 1; OKLAHOMA CITY AND BEAUMONT STAND OPPOSED

BY BILL PARKER
Associated Press Sports Writer

The Texas League went 3.2 Wednesday by a majority of 3 to 1.

Galveston beat Fort Worth, San Antonio whipped Dallas, and Tulsa licked Houston. All the final scores were 3 to 2.

The two clubs voting against 3.2 were Oklahoma City and Beaumont. Oklahoma City won, 4 to 3.

Moore Is Winner

Chief Moore and Dick Whitworth staged a hurling duel at Galveston with Moore the winner. He stopped the Cats with seven hits. His mates got nine off Whitworth. Galveston's victory was gained in the last of the sixth when the Buccaneers scored all their runs. Hufft, Galveston outfielder knocked in two of the runs. Triples by Governor and Goldberg were factors in the Cats defeat.

Reliable George Payne, dean of Texas League pitchers, was sent to the mound to reap victory for Houston. He pitched a steady eight hit game but it wasn't good enough to beat Tulsa. The Oilers got timely hits while Moncrief held the league leaders to seven well scattered blows. Tulsa's three runs were accumulated in the third inning.

Santone Opens Up

The San Antonio Missions opened their series against Dallas with a snappy victory thanks to a four-hit game by Fabian Kowalik. Leslie Tietje, youthful right-hander, was no mystery to the Missions who got to him for eight hits. San Antonio made three errors. The Steers got away to a 2 to 0 lead in the first five innings. The Missions tied the score in the last of the sixth and won in the last of the ninth.

Beaumont could not hit when hits meant runners. The Exporters left fifteen runners stranded while losing to Oklahoma City. Oklahoma City bunched hits in the early innings to salt the game away. "Flea" Clifton was the fielding star. He handled fourteen chances at second without a bobble.

LUBBOCK IS HOST AT TENNIS MEET

Lubbock will be host to tennis players of Texas and New Mexico August 21-24 at the Northwest Texas Invitation tennis tournament. All amateurs from these states are invited to participate in the joust, winners in which will be awarded suitable awards.

Efforts are being made to obtain free lodging for out of town players during the three-day tournament, which is expected to draw some of the leading netters of the section.

Special invitation is extended Lubbock and South Plains netters. Participants in the annual City Open are to be encouraged.

Entries should be addressed to Byron Terrell, 2401-14th Street, Lubbock, Texas, or to the sports department of the Avalanche-Journal before Thursday, August 17. A nominal entry fee may be enclosed with the entry or may be paid upon arrival for the tournament.

Championships in both singles and doubles will be awarded.

Purpose of the tournament is to promote the game of tennis in this section and to restore a once popular net tournament in this territory.

SENATORS ARE TOUGHER AND YANKS LOSE

SOLONS STAGE GREAT COMEBACK TO GAIN A WIDER MARGIN

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

A great comeback by the Washington Senators ended their "crucial" series with the New York Yankees all square and today fans turned their attention to the National League, where the Pittsburgh Pirates and Chicago Cubs faced a duel for second place.

The Senators and the mathematical Monte Weaver turned back the Yanks 4 to 1 in their final clash yesterday to regain the rest of the ground they lost in Monday's doubleheader and give them a three game lead.

The Babe Connects

Weaver let the Yanks down with seven safeties and pitched no hit from the fourth until Babe Ruth connected in the ninth.

The Cubs set the stage for their struggle with the second place Pittsburgh club by pasting their old teammate, Burleigh Grimes, in the first inning and defeating the St. Louis Cardinals, 10 to 7. The victory left them only a half game behind the Pirates and 3 1-2 behind New York as both clubs were idle.

The Boston Braves took advantage of the Cards' defeat to move into fourth place with a 3-2 victory over the Phillies. Ben Cantwell kept the Phils blows scattered and won his own game in the fifth by laying down a neat bunt on a squeeze play in the fifth to drive in the deciding run. A homer by Pinky Whitney, an ex-Philly, accounted for the other two.

The Boston Red Sox, who have made a habit of beating the Philadelphia Athletics lately, did it again by an 8-4 count as Lefty Lloyd Brown played a whole ball game by himself. He not only pitched the full distance but smacked a homer and two singles.

Only two games were scheduled in each league.

LARRUPING LOU LAYS CLAIM TO CROWN OF JEBY

NEW YORK, Aug. 10 (AP)—Larruping Lou Brouillard, the French-Canadian fighter from Worcester, Mass., has laid claim to a share of the widely distributed middleweight title recognition in a most decisive fashion and at the same time put in a bid for a place on the list of famous left handed battlers.

Brouillard stripped Ben Jeby of his recognition by the New York state athletic commission as middleweight champion, by knocking him out in the seventh round of a scheduled 15-round bout at the Polo grounds last night. And in doing it he not only confounded the New Yorker by his unorthodox southpaw style, but he out-boxed, out-fought and out-thought him.

The chunky New Englander fought a cool, heady battle, ripping in only when he could make his blows hurt, and finally laid his opponent low with one terrific left hand wallop in the seventh.

Brouillard weighed 158 1-2, a half pound less than his opponent, last night, but he has been growing so fast in the last couple of years that he is expected to move up into the light heavyweight division after a few more fights.

ENROLLMENT FOR GOLF INCREASES

Enrollment at the Avalanche-Journal and Meadowbrook free golf school increased this morning when the second of a series of eight complete lessons was given at the Meadowbrook layout by Walter Byrne, veteran professional at Lubbock Country club and Meadowbrook.

Probability that enrollment would reach the 200 mark by next Tuesday was expressed by W. G. McMillan, club manager and director of the school.

Contrary to the opinions and queries of several self-admitted skeptics, there is no "catch" to this free golf school. There's no "joker" in the deck. Beginners in golf, or veterans either, men and women, are invited to take advantage of the series of lessons held each Tuesday and Thursday. The second class will be continued this evening at 6:15 o'clock. Classes are held each Tuesday and Thursday morning at 8:45 o'clock, and on the same afternoons from 6:15 to 7:15. tudents may attend either class.

Clubs will be provided by the school management in the event students do not possess them. There are no financial strings connected with the school, and students are under no obligations whatever.

One hundred and 20 students enrolled last Tuesday, the first day.

Dutra Is Facing Hard Task Today

JOHNNY FARRELL WILL FACE CHAMP IN HIS SECOND ROUND

BY PAUL MICKELSON
Associated Press Sports Writer

MILWAUKEE, Wis., Aug. 10 (AP)—Hemmed in by a noted pair shelling field and confronted by Johnny Farrell in his second round battle, Olin Dutra needed all his tremendous strength, stamina and shot making wizardry today to keep his national professional golf championship.

Lined up against the big senor from the Pacific coast was the fastest field that ever stuck in the championship drive through the first round. Still in the fight were such celebrated campaigners as Gene Sarazen, Tom Creavy, Paul Runyan, Farrell, Johnny Revolta, Ed Dudley, Johnny Golden, Harry Cooper, Al Espinosa, Bobby Cruickshank, and Willie Goggin of Selada Beach, Calif., a newcomer, who eliminated Leo Diegel yesterday.

Others Along

Right with them were players with noteworthy reputations in golf—Jimmy Hines of New York, comedalist; Henry Picard, Charleston, S. C., who was three under par for 35 holes yesterday; Frank Walsh, of Chicago, runner-up to Dutra at St. Paul last year, and Clarence Clark of Bloomfield, N. J., heralded by many pros as one of the real coming stars of the game.

Stirring matches with plenty of action were in prospect today as play opened for quarter-final berths in the 36-hole struggles.

Sarazen, who dazzled galleries yesterday by salting away his match against Vincent Eldred of Pittsburgh, by burning up the front nine in the afternoon with a course record tying 31, four under par, faced Cooper, one of the most dangerous foemen in golf. Runyan, three under par in the first round over 31 holes, tackled Johnny Revolta of Menominee, Mich.; Golden battled Cruickshank; Creavy met Walsh, and Dutra matched shots against Farrell, 1928 national open champion, in the outstanding battles of the round.

Dutra In Lower

Dutra was in the lower bracket, which rated as the hardest of the two by far. Bracketed with him were Sarazen, Cooper, Cruickshank, Dudley, Farrell, Clark and Golden.

Farrell won the crowd yesterday with a comeback in the only match that reached the thirty-sixth green. Five down at one time, Johnny marched back with great golf, negotiated a near dead stymie on the thirty-fifth to take the lead and halved the last hole to win as a light rain fell. Diegel lost the heart breaker. Although he was one under par, he fell four down at noon and lost as Goggin, a powerful hitter, ended the match with two birdies. Willie Klein, another par shooter, also lost to Picard, who was three under par.

Revolta turned in the widest margin, crushing Alex Gerlak of Catskill, N. Y., 12 and 11.

Nelson Otis, 17-year-old Cleveland swimmer, finished sixth in the finals of the 440-yard free style dash in the National A. A. U. Championships in his first appearance in a national meet.

Man O' War's Son Is Entered Today

CHICAGO, Aug. 10. (AP)—Clyde Van Dusen, the stubby little son of Man O'War, which galloped through the rain and mud at Churchill Downs to triumph in the 1929 Kentucky Derby, was entered today in a $1,500 claiming race at Hawthorne.

Little Clyde, strong of heart but weak of leg, never accomplished anything of note after his sensational victory over Naishapur, Panchio, Windy City and Blue Larkspur which was worth $53,690. He was beaten in the 1929 American derby and broke down soon afterward. He was thrown out of training, but tried a comeback as a four-year-old, only to fail because of the weakness of his legs.

Today, a seven-year-old, he was entered by his owner, Trainer Clyde Van Dusen of Charles T. Fisher's Dixiana stable, for whom he was named, with such ordinary platers as Jacob's Ladder, Know-Me-Gnome, Rowdy Boy, Modern Maiden and Dunes, in a claiming event, the last on the program.

ARIZONA VOTE GOES HIGHER

MORE THAN A 3 TO 1 MARGIN NOW HELD BY STATE WETS

PHOENIX, Ariz., Aug. 10 (AP)—Arizona's vote in favor of repeal of the 18th amendment mounted above a margin of 3 to 1 today while the state acclaimed Mrs. Isabella Greenway, friend of the Roosevelts, as its probable next representative in congress.

A convention September 5 formally will ratify the 21st amendment to the federal constitution, repealing the 18th amendment. Four-ten delegates, all pledged to repeal, were chosen at yesterday's special election.

The count with 94 isolated precincts, estimated to represent from 500 to 1800 votes, missing from the state's 444:

For repeal 35,123.

Against repeal 10,414.

Mrs. Greenway, school chum of the president, is the first woman in the baby state's 21 years of life to aspire to congress.

Her nomination by the state's Democrats, tantamount to election, was nearly four to one over her nearest opponent, Harlow Akers, Phoenix attorney, to succeed to the congressional seat vacated by Lewis W. Douglas when he became federal director of the budget.

The vote:

Mrs. Greenway 28,580.

Akers 7,512.

William Coxon 4,650.

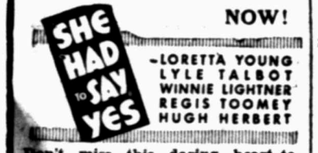

Truck Driver Is Held In Deaths

LONGVIEW, Aug. 10. (AP)—Lee Sanders, 35, independent Kilgore truck driver, was held in the Rusk county jail on a charge of negligent homicide in connection with the death of Texas Ranger Emmett White and a negro, struck by a truck yesterday.

The officer was killed while questioning two negroes on the highway near Pistol Hill. James Hall, Rusk deputy, escaped injury by pulling himself up the road embankment by shrubbery.

Ranger Sgt. Plott, who investigated the case, expressed the opinion it was an unavoidable accident but Sanders' arrest was ordered nevertheless. Sanders failed to make $750 bond.

Legion Leader Will Be Married Friday

DALLAS, Aug. 10 (AP)—Carl Eugene Nesbitt, department commander of the American Legion and superintendent of the Mineola schools, and Miss Sarah Hughes Heron, daughter of Mr. and Mrs. D. J. Heron of Norman, Okla., will be married at 3 p. m. Friday at the First Baptist church in Norman. They will be at home in Mineola after Sept. 1.

Attendants at the wedding will be Miss Nell Guthrie of Oklahoma City and Tom Nesbitt of Valley Mills, brother of the bridegroom. A honeymoon trip through New Mexico and Colorado will include attendance at the Colorado state American legion convention, where Nesbitt will appear on the program. He also will attend the Texas state American legion convention, Aug. 27 to 29, in Wichita Falls.

UNIQUE TOP FOR TABLE DISPLAYED HERE WEDNESDAY

M. L. Taylor, a farmer-carpenter, of the Wells community, in Lynn county, displayed in Lubbock yesterday a unique table top made of 545 pieces of eight different kinds of wood. The top is part of a table he made in spare-time.

"This is a hangover of the Hoover administration, only Mr. Hoover did not know about it," Mr. Taylor said. "He put us farmers out of business, so I have the time to do this."

Mr. Taylor estimated it took him between 250 and 300 hours to make the table top, or about 25 or 30 working days of 10 hours each. Some days he worked longer than that, other days less.

Design of the table is a 5-point double star, or a small star within a large one. Between the points of the large star are five small ones. After finishing the top Mr. Taylor put on a coat of shellac and then took it off and used a clear varnish instead. The top is 36 inches across.

The woods used are, bois-d'arc, red cedar, black walnut, yellow poplar, gum, cottonwood, white elm and white pine. Mr. Taylor said he brought the bois-d'arc and walnut with him from Grayson county where he formerly lived. He came to the South Plains six and a half years ago.

Much of the furniture in the Taylor home was made by the farmer, who years ago was a cabinet maker by trade. After following his trade for many years, he went to farming. It was necesary in dressing down the small pieces of some of the hard wood to use an emery stone to smooth up the edges because they were too small for a saw to be used, he said.

Raymond Hamilton Taken To Prison

DALLAS, Aug. 10.(AP)—Chained securely, Raymond Hamilton was removed from the Dallas county jail for transfer to the state penitentiary at Huntsville. The young Dallas desperado, whose penitentiary sentences aggregate 263 years, was sent to the state prison under commitment papers issued in two automobile theft cases filed in Fort Worth and in which he received sentences of five years each. Robbery and murder cases in which he received the rest of his sentences are on appeal.

Hamilton's removal came less than 24 hours after Governor Murray of Oklahoma revoked a requisition issued by Acting Governor Robert Burns asking that Hamilton be extradited to the Sooner state for trial on a murder charge in Atoka county.

LOAN AUTHORIZED TO OBTAIN COTTON

WASHINGTON, Aug. 10 (AP)—The board of directors of the Reconstruction Corporation today authorized a loan of $3,500,000 at 2 1-2 per cent to the secretary of agriculture to be used for the purchase of cotton held by government agencies.

The funds will be used, if they are needed, to pay the farm credit administration for approximately 2,100,000 bales of cotton it agreed to deliver to the farm adjustment administration at 6 cents a pound.

The cotton, owned or controlled by the government, will be used to fulfill options to southern cotton growers who joined in the cotton reduction campaign.

Thought For Today

So when they continued asking him, he lifted up himself and said unto them, He that is without sin among you, let him first cast a stone at her.—St. John 8-7.

* * *

God's mercy is a holy mercy, which knows how to pardon sin, not to protect it; it is a sanctuary for the penitent, not for the presumptuous.—Bishop Reynolds.

Protecting Users

Consumers who have been somewhat disturbed by the rapid rise in the prices of food and other necessaries will welcome publication by the government of a weekly "fair-price" list for their protection. The list will show what farmers get for raw commodities, what labor gets in increased wages under the industrial program, and what farmers must pay for the things they buy.

It is logical that the government, having stimulated prices, should take measures to keep them within bounds. Wages inevitably lag behind price increases, even when these increases do not have the stimulation of bounties and production control. And while mass purchasing power unquestionably will be greater under the recovery program, there are millions of individuals who have not yet felt its benefits and will not for a long time to come.

A fair price list will provide a measuring stick for the buying public and the operation of public opinion will discourage gouging. In the long run, public opinion will be the most effective means of control, although other measures are available if they are required.

* * *

Chicago Wakes Up

Chicago apparently means business in its war on crime. Gangsters, racketeers and hoodlums, accustomed to lax prosecutions, long delays, and to bargaining for light sentences are discovering to their amazement that quick trials and maximum sentences are now the rule. Half a dozen judges have given up summer vacations to help clean up the crowded criminal dockets.

The country will hope that the present exhibition of activity in Chicago is not just another flash in the pan. Chicago's lawlessness has been a national disgrace, and a challenge to democratic government. The city has been the pivot of crime organized on a national scale.

And while there can be nothing but applause for Chicago's brave acts and promises, it might not be amiss to wonder why the efficacy of such methods was not discovered before a condition of veritable anarchy developed.

Flapper Fanny

People who balance their diet seldom fall off in weight.

The PLAINSMAN Says:

That Girl on Broadway says here's the shortest modern love story on record: "He wrapped his arms around her, and then the car wrapped itself around a tree".

* * *

The only fellow who advertises too much is the one with the aches and pains.

* * *

MAYBE you haven't been put in a position to learn of it, but the business of raising children has turned from a very ordinary procedure of letting nature take its course to one of the most technical things known to man.

Now-days, in order to raise a kid, the parents must be crosses between educators, doctors and psychologists, must be able to give at least 12 hours out of each 24 over to deep study of the various problems connected with parenthood, and have no less than four million dollars in a special fund to pay the freight.

* * *

It used to be that when kids got past the toddling age they were well on the way to getting grown, providing they didn't fall in the well.

Now they've got to be expert-ed on from the cradle until they are well past the dangerous age of 35.

* * *

MILLIONS of boys and girls have been raised into good men and women with a couple of years in the little red schoolhouse as an educational background.

Now the youngsters have to go to pre-kindergarten, kindergarten and post-kindergarten, pass on through grammar school to junior high, then to senior high, college and then take a post-graduate course.

And on the side, between the ages of three and 20 they must have dancing lessons, tumbling lessons, elocution and music if they're to be "well rounded."

* * *

Back when mother was raising kids and one of them got what is inelgantly known as 'the bellyache', she pulled down the old castor oil bottle from the bathroom shelf and, after a brief struggle, Little Willie was well on the way to health and happiness again.

Now Willie has to be escorted through nine clinics, be X-rayed, Y-rayed and Z-rayed and then packed off to a camp in the mountains where earnest young men zealously guard him from going swimming sooner than an hour after lunch, and equally as earnest young women, products of finishing schools, tell him stories with a psychological twist that are supposed to do something or other with his inhibitions.

* * *

THIS kid raising business is getting to be as exact and demanding as a course in qualitative chemistry.

Maybe that's the reason there are fewer and fewer of the youngsters every year.

* * *

Sam Lewis swears this is true.

A Tech student recently was brought before Corporation Judge J. T. Inmon to answer to a charge of speeding. Asked if he wished to present a defense the young fellow began:

"Your honor, I am a college student—",

"Guilty! Five dollars fine", broke in Hizzoner. "Ignorance is no defense in this court!"

* * *

That Man on Avenue Q says if a modern girl had to occasionally sit on a horse hair sofa she'd understand why her grandmother wore six petticoats.

* * *

AMONG the more knotty problems facing the legislature if and when it goes into special session in September is the selection of a poet-laureate for Texas.

This selection should by all means be given the very careful thought and consideration of the entire legislature, as well as by members of the joint committee, headed by our own Plains senator, Arthur Duggan, of Littlefield.

It is a crying problem.

* * *

Judd Mortimer Lewis, of the Houston Post, is the present official poet and he is standing up well under the arduous duties of his office.

But one cannot expect too much of a sacrifice in time and effort from the same poet, year in and year out.

There is a limit, even to patriotism.

And with that idea in mind The Plainsman suggests that the heavy burden be lifted from the shoulders of Mr. Lewis and placed upon those of another if even only for a year.

There is no use riding a good hoss to death!

* * *

EVER sectionally conscious, this column is prepared to go to bat for West Texas in connection with the naming of the new poet laureate.

We can't get anything else out here, so why not this signal honor?

Imagine getting Texas official poet for this broad expanse of western territory!

Hurrah for West Texas!

* * *

The little propositions of balancing the state budget, of keeping the schools running, of securing a better method of taxation and collection of taxes and all the other various and routine problems of state pale before the grim necessity of securing a poet laureate.

The Plainsman earnestly hopes that Senator Duggan's committee will function with accuracy and dispatch at the very first hour the special session opens.

Everybody will breathe easier when the momentous task is completed!

No. 13—Changing Foreign Policies

Text by John M. Gleissner — — — — — — Sketches by Don Lavin

Though his domestic program was of overwhelming importance, President Roosevelt gave full attention to world affairs. He invited nations of the world to send spokesmen to Washington to confer on the forthcoming London Economic Conference and other problems.

When the Economic Conference met in London, the American delegation, led by Secretary of State Cordell Hull, refused demands to discuss war debts and rejected temporary stabilization of currencies in relation to gold. The president feared stabilization would retard price recovery at home, but was willing to co-operate on permanent measures to stimulate economic action and raise prices internationally.

War talk in Europe had caused the president on May 16 to address 54 nations, warning that world chaos awaited unless they signed non-aggression pacts. Norman Davis, ambassador-at-large, was pressing for disarmament at Geneva. Sumner Welles, sent as ambassador to Cuba, successfully mediated between the Machado government and revolutionists. Friendly gestures toward Russia indicated recognition of the Soviet government was under consideration. Loans were made to China for purchase of wheat.

President Roosevelt approved allocation of $238,000,000 from the public works appropriations of the National Recovery Administration to build 32 new vessels for the navy in three years. Secretary of the Navy Swanson announced a policy of building a navy "second to none in conformity with treaty provisions," and planned to spend $9,362,000 additional for new naval planes and $77,000,000 for modernizing battleships.

Power Trust Has Fallen On Evil Days And Is Hard Hit By New Deal; Present Situation Is In Very Marked Contrast

BY RODNEY DUTCHER
(The Evening Journal's Washington Correspondent)

WASHINGTON, Aug. 10.—The "power trust" has fallen on evil days.

Its leaders apparently knew what they were doing when they fought bitterly against Roosevelt's nomination and election.

Dutcher

Here are some of the New Deal developments under which power companies are suffering—in marked contrast with their previous experience:

The government is going to produce power at Muscle Shoals and, as insisted on by Senator George Norris, will build its own transmission lines.

The Federal Power Commission is now dominated by Chairman Frank R. McNinch and Member Basil Manly, who are there because of their demonstrated primary concern in the public interest.

Administrator Hugh Johnson of NRA is publicly displeased with the power companies because of their delay in signing the blanket recovery code.

The Public Works Board has voted the power commission $400,000 to investigate and submit a federal program. (Power men find that ominous, considering the commission's makeup.)

* * *

Columbia Project Approved

The board has approved $63,000,000 to the state of Washington for the Grand Coulee state power project on the Columbia River.

The government will give 30 per cent and lend 70 per cent of public works sums to cities and towns which want their own municipal power plants.

In September the power companies will begin to pay the three per cent federal tax on electricity. Congress removed that burden from the consumer after a terrific struggle by the power lobby.

The Federal Trade Commission continues its long and often sensational public utilities investigation and is now revealing enormous write-ups of capitalization.

A. A. A. Turns to Banks

The R. F. C. insists it isn't as absurd as it seems, even if it did refuse to lend the Agricultural Adjustment Administration $30,000,000 for its cotton operations at less than 4 per cent interest.

The A. A. A. borrowed half the money from New York banks at 2 per cent and the rest at 2 1-2 per cent. But insists the R. F. C., the A. A. A. couldn't have had that cheap money if the banks hadn't regarded the offer of the R. F. C. to lend as adequate security.

* * *

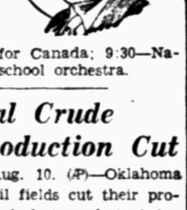

R. F. C. Makes Profit

The Treasury has been borrowing money lately at 1 1-2 per cent. The R. F. C. pays 3 per cent on everything it gets from the Treasury—its sole sources of funds. Congress directed the R. F. C. to advance nearly a billion dollars to government agencies at no interest at all—half to the Emergency Unemployment Relief organization.

The R. F. C. wants to show a profit, so it lends its 3 per cent money to closed banks at 3 per cent, to open banks, mortgage and insurance companies at 4 1-2 per cent and railroads at 5 per cent. A 4 per cent loan to the A. A. A. would have netted a profit.

National Crude Production Cut

TULSA, Aug. 10. (AP)—Oklahoma and Texas oil fields cut their production enough last week to bring the national daily average down 24,411 barrels, from 2,746,366 to 2,721,955 barrels, the Oil and Gas Journal reports.

Oklahoma production was 568,445 barrels as compared with the previous week's average of 601,140 barrels daily.

Texas reported a reduction from 1,242,176 barrels to 1,234,607 barrels a day, principally caused by a reduction in East Texas from 634,940 to 624,495 barrels.

Bee keepers of California produced 19,525,000 pounds of honey last year.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

With 'Whiz' BARRY Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Aug. 10 (AP)—Many persons come to the capitol looking for the lieutenant governor. They are under the impression that rather important personage—at times—in state government, has a permanent office in the state house.

While that is true in many states, Texas does not provide anything of the kind for her lieutenant governor. He draws the same per diem as other members of the state senate. True, he does not have many duties to perform outside of presiding over the senate and "sitting in" in the executive office when the governor is out of the state, but he does receive considerable mail and occupies a place that commands some attention.

Lieutenant Governor Edgar Witt of Waco maintains his office here a few weeks after the legislature ends to close up his official duties but outside of that period the lieutenant governor is not in Austin.

Texas has had little for lieutenant governors to do in recent years. William P. Hobby succeeded to the governorship when James E. Ferguson was removed from office in 1917 and subsequently was elected chief executive. The late Barry Miller, who served three terms—one during Governor Miriam A. Ferguson's first tenure and two in the Moody administration—had a few hours as chief executive, when Moody stepped across the state line once or twice. Witt didn't have a chance under Governor R. S. Sterling and it is doubtful if he will have an opportunity during Mrs. Ferguson's present term.

It is recalled that Moody slipped into Mexico for a few days' bear hunting without letting Miller or anyone know his intentions. Miller was governor at that time for a few days, but he didn't know it until after Moody had returned and started relating some of his hunting experiences.

This is a reminder that there likely will be a lively race for lieutenant governor next year in event Witt declines to run for governor.

Senator Walter Woodull of Houston already has announced his candidacy, as has R. M. Johnson of Palestine. Others said to be thinking of asking the voters to that place include Senators Gracy Woodruff of Decatur and George Purl of Dallas.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Aug. 10. (AP)—Cotton opened easier today in sympathy with much lower cables than due. First trades showed losses of 8 to 12 points with October down to 9.80, December to 10.01 and January to 10.12.

There appeared to be quite a number of overnight buying orders, however, and prices rallied, recovering all the opening loss as October advanced to 9.92, December to 10.13 and January to 10.21, or 9 to 12 points up from the lows to levels unchanged to one point up compared with yesterday's close.

Trading in cotton was rather moderate all morning. Prices following the early recovery continued to improve on fair trade buying and in sympathy with firmness in wheat. October finally trading up to 9.97 and December to 10.18, or 17 points above the early lows and 5 points above yesterday's close.

Towards mid-session prices eased on numerous favorable reports on the progress of the crop and on some easiness in stocks. October declined to 9.86 and December to 10.09, down 9 to 11 points from the morning highs and 4 to 6 points under the close of yesterday.

NEW YORK REPORT

NEW YORK, Aug. 10 (AP)—Cotton opened easy, 8 to 14 points decline in response to lower cables and under liquidation. Oct. 9.80; Dec. 10.04; Jan. 10.13; March 10.25; May 10.41; July 10.60.

Trading was moderately active with the south selling a little here, but after the initial offerings had been absorbed on the decline to 10.04 for December, prices turned steadier.

Spot house interests were again buyers of October and December, while there was a scattering commission house and local demand encouraged by the opening firmness of the stock market. December rose to 10.16 during the early trading, or within a point of yesterday's closing quotations. Trading was comparatively quiet toward the end of the first half hour.

The market was quiet but generally steady later in the morning on continued trade. New Orleans and scattered local or commission house buying. Offerings continued light, but after working up to 10.22 for December, or about 5 points above yesterday's closing quotations, the market encountered a little more cotton and reacted several points from the best under liquidation and southern selling. At midday December was ruling around 10.15 with active months showing net losses of 1 to 3 points.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 10 (AP)—Stocks hesitated somewhat today, after an early display of buoyancy, and forenoon gains of 1 to 3 or more points were either shaded substantially or replaced with small losses.

Profit taking was fairly well absorbed. The slow-down followed publication of the U. S. Steel corporation's backlog which disclosed a July recession a trifle larger than expected. Grains again advanced both in Chicago and Winnipeg and cotton was fairly steady. The dollar eased a bit in foreign exchange dealings. Bonds were moderately irregular.

The alcohol and farm shares were given a run-up at one time, but they later receded with other groups. Gains of fractions to around a point, however, were held by Western Union, Deere, American Commercial Alcohol, Case, Baltimore & Ohio, Du Pont, Westinghouse, Santa Fe and N. Y. Central. Losers of similar amounts included American Telephone, National Distillers, United Aircraft, Public Service of New Jersey, North American, General Motors, U. S. Industrial Alcohol, U. S. Steel, U. S. Smelting, Goodyear and Allied Chemical.

Program To Slash Hogs Is Planned

WASHINGTON, Aug. 10. (AP)—A program to cut down the nation's hog population by as much as 5,000,000 took form at a conference of corn and hog producers yesterday.

It was held preliminary to a formal meeting of producers and packers called here by farm administrators.

The program contemplates the payment of bonuses to farmers marketing about 4,000,000 pigs weighing up to 100 pounds and as many as 1,000,000 sows during the next six weeks. It is designed to meet what was described as an emergency facing hog producers because of this year's feed shortage.

The drought in the corn belt and grain growing areas indicated the smallest aggregate harvest of grains in years. The hog population remains high, and the crop of pigs last spring was greater than normal.

Tax Relief Study Slated At Dallas

DALLAS, Aug. 10 (AP)—An emergency tax relief conference has been called to meet in Dallas Saturday, August 19, to launch a statewide movement for a general retail sales tax. Call for the conference was authorized at a meeting in Austin last week attended by representative taxpayers, legislators and state officials.

Mayor G. H. Zimmerman of Waco, Judge W. C. Baker of Kerrville, I. B. McFarland and Vance Muse of Houston, secretary, were named as a committee to select permanent officers for the emergency tax relief committee and to arrange for the Dallas meeting.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 10. (AP)—Decided upturns in grain values took place early today. Leading traders said the national code tentatively agreed to for governing future dealings on grain exchanges was exceedingly broad and liberal and would encourage belief in a free, open, competitive market.

Starting 3-8 to 1 1-8 cents higher, wheat afterward made additional gains. Corn opened 1-4 to 5-8 cents up, and subsequently rose further.

FARM BUREAU TO MEET ON FRIDAY

As Lubbock County Farm Bureau federation will have a monthly meeting Friday night in the community house at Shallowater, R. L. Hooten, superintendent of schools there, has announced a program.

"The community has devoted considerable time and effort to its local program," Mr. Hooten said. "We are inviting our friends in Lubbock and other places to attend."

Bell Is Chairman

Community Chairman Bell is to preside over the local program, as follows:

Opening music by the Shallowater orchestra; song by the audience; invocation; report on some phase of community work, by a member of the community; reading, Mrs. Billy Walker; play "Dad Comes Across."

Members of the cast of the play are: Berlin Haugh, Grace Lee Mahoney, Chloe Calley, Welty Wright, Christine Stegal and Thelma Fisher.

Dr. I. E. Barr, president of the Lubbock BCD, will discuss a county-wide community program of feeding and Don L. Jones will also discuss feeding problems.

open-shop policy, with John L. Lewis, president of the United Mine Workers, to present labor's side of the debate.

Word of Warning

The government, through Joseph B. Eastman, federal transportation coordinator, also had spoken a word of warning in labor's behalf.

He cautioned the railroads yesterday against plans for "economy at the expense of labor."

The carriers were told their general economy programs should be conducted through the three regional committees provided by law and not through organizations of their own. Such organizations, Eastman said, possessed the "earmarks of a device to avoid" the labor restriction provisions of the law.

Meanwhile, the postal system was pressed into service for publicity in the NRA campaign. The bureau of printing and engraving was on the first run of an eventual four hundred million issue of three-cent stamps, with the motif the recovery program. The stamps, purple in color bearing the pictures of a farmer, business man, industrial worker and a woman and the letters "NRA."

Mrs. Riva C. Burnett of Miami, worthy grand matron of the grand chapter of the Order of the Eastern Star in Texas, and two other prominent members spoke before about 100 Lubbock and other South Plains Eastern Star members and Masons here last night.

Mrs. Ernest Nelson, worthy matron of the local chapter, presided. Besides Mrs. Burnett, principal speakers were Mrs. Florence Read, district deputy grand matron, of Coahoma, and Mrs. Lillian Bernard, grand Electa, of Lubbock. Mrs. Burnett was honored with a floral tribute. Each of the grand officers received a hand-painted copy of the Eastern Star emblem in a presentation ceremony directed by Mrs. J. C. Reynolds.

Refreshments were served after the program.

THREE ARE SOUGHT

ST. PAUL, Aug. 10 (AP)—Three more men, including a one time Minneapolis racketeer, were hunted today by federal operatives seeking a solution here of the kidnaping of Charles Urschel, millionaire Oklahoma oil man.

Still Held Here—A man arrested by the sheriff's department Wednesday this morning still was in county jail awaiting arrival of Hereford authorities, who had not informed officers here of the nature of the case in which he was wanted.

• • •

Charges Are Filed—Charges of speeding and operating an automobile on the left side of a street were filed against a Lubbock man in Justice of the Peace J. S. Connell's court Wednesday as an outgrowth of a collision.

• • •

Youth Is Released—A youth arrested as a suspect in theft of socks from a department store here subsequently was released without charge, mistaken identity evidently having caused his arrest, police said.

• • •

Seven Are Charged—Seven youths and men were charged with tampering with a refrigerator car in complaints filed Wednesday in Justice of the Peace J. S. Connell's court. The seven were accused of breaking open a Santa Fe railway refrigerator car and throwing out some of the ice.

• • •

Services Continue—The revival meeting being conducted at the Central Baptist church is continuing at the tabernacle just south of the church and facing Avenue M between Eighteenth and Nineteenth streets. Rev. Albert Luper of Dallas is doing the preaching. His subject tonight will be: "A Pig Pen or Palace". Services are held nightly at 8 p. m.

• • •

Possibilities Of Work Told—A potential home industry, that of hand weaving, was explained to members of the Lubbock Kiwanis club at Hotel Lubbock today noon by Prof. Carl Brandt, head of the department of textile engineering at Texas Technological college. Mr. Brandt exhibited several samples of woolen cloth made on hand looms at the college and announced a plan whereby worthy students would have a chance to earn their expenses through weaving of the cloth next year. He said any farmer in this section would earn money in his spare time in hand weaving, and explained how the work could be carried on as a community project. Looms can be built for about $35 each, he said. R. Q. Silverthorne and Bo Sexton of Plainview and A. O. Buckner of Canadian were out-of-town guests at the luncheon besides a number of the visiting coaches attending the Tech coaching school.

• • •

Trailer Is Found—A trailer which W. W. Smith, the owner, of 2006 Twenty-sixth street late Tuesday reported to police as stolen was found on Thirty-fourth street south of the college campus late Wednesday, police reported. It had been stripped and was upside down.

• • •

Man Is Arrested—A man suspected in theft of an automobile, and disposal of some of its parts separately after dismantling it, was arrested by the sheriff's department here Wednesday and later in the day released to Sheriff W. F. Cato of Post.

• • •

Plan Elections—Arrangements for elections which will be conducted here August 26 were begun Wednesday by the county clerk's office. Ballot boxes were checked to determine the additional number needed. Returns of last November's general election must remain 12 months in the boxes, according to law. Filing of applications for absentee ballots continues at the clerk's office.

• • •

Two Are Charged—Two men were charged with speeding in complaints filed today by state highway patrolmen, in justice court today.

NEW THEATER TO OPEN ON FRIDAY

The new Texan theater, third member of the Griffith Amusement company's group here, will open Friday afternoon, C. B. "Brownie" Akers, the company's manager here, announced today. The new film house is located at 813 Broadway.

Housed in a remodeled fireproof building, the new theater although small is modern in every respect and equipped with the latest in sound devices. It is to be air-cooled, a small part of the cooling equipment being expected in today.

The new theater will feature low admission prices and the pick of second run films, Mr. Akers said today. It contains approximately 500 seats. Shows will run from 1 p. m. to 11 p. m. daily.

Edward G. Robinson in "The Silver Dollar" will be the picture shown in tomorrow's opening program.

The Griffith company also operates the Lindsey and Palace theaters here.

Armed Posses Seek Man After Slaying

BROOKSHIRE, Tex., Aug. 10 (AP)—Heavily-armed posses, with bloodhounds combed Waller county woods today in search of a man suspected of beating Miss Elsie Jones to death and dumping her body in a shallow creek.

A hunt for the 22-year-old woman was started Tuesday night when a mule, upon which she had ridden out to round up some milk cows, returned riderless to the farm home of her parents, Mr. and Mrs. A. A. Jones, living seven miles west of Brookshire. Officers believed she was slain about sundown Tuesday.

At dawn yesterday her father found her battered body in a creek about a mile and a half from the Jones farm. Four head wounds, apparently inflicted with some heavy instrument, had fractured her skull.

Lubbock Woman Is Being Held Today

Arrested by police late Wednesday afternoon after they confiscated two and a half gallons of whisky and 24 bottles of beer in an automobile they said she was driving, a 26-year-old Lubbock woman early this afternoon still was held in city jail.

The raid was made at 4:20 p. m. at the north side of a hotel in the 900-block of Texas avenue, diagonally across the street from city hall. A model T Ford coupe was confiscated by Patrolmen H. B Brown and Eugene Smith. Police said charges would be filed against the woman in U. S. district court.

$5 and costs of $24.20 by Judge E. L. Pitts in county court this morning. A motion of continuance in the case of Willie B. Johnson, charged with aggravated assault, was granted.

• • •

Fights Extradition—Arrested by the sheriff's department Wednesday near Hurlwood for San Francisco authorities, Clynt S. Martin, 44, informed officers he would fight extradition. Martin for whom California officers said they had a felony warrant charging abandonment and neglect of a wife, was held in county jail.

American Is Held In Cuban Disorder

HAVANA, Aug. 9. (AP)—Bertha Skirving, an employe of a cable company (commercial) who claimed to be an American citizen, was arrested last night as she left her work in the hotel plaza, and was taken to police headquarters.

The American embassy immediately took up the case.

Miss Skirving was arrested, Chief of Secret Police Juan Ramon said, for speaking unfavorably of the Cuban government and people and for commenting on the political situation in a "sense unfavorable to Cuba."

Ramon said he admonished her not to do so again and released her.

MACHADO BOASTS FUNNY MONIKER

NEW YORK, Aug. 10 — President Machado of Cuba has a name interesting in its English translation, his full name, Gerardo Machado y Morales, literally, Gerald Hatchet and Morals. It is pronounced "Herr-ar'-dough Ma-chah'-dough e More-ahl' ace." The "y Morales" comes from the Spanish practice of adding the surname of his mother.

GRAVE DISORDERS LOOM IN IRELAND

DUBLIN, Irish Free State, Aug. 10. (AP)—The danger of possible grave disorders on Sunday increased last night with reports that President Eamon De Valera will issue a proclamation today banning the proposed demonstration by "blue shirts."

General Owen O'Duffy, director of the blue-shirted national guard, reaffirmed his intention of leading his force in a parade to the cenotaph to commemorate Arthur Griffith, first president of the free state, and leaders of the Irish movement.

While no official proclamation banning the march has been issued, the president has declared he will not allow any parade in uniform.

At the last session of the dail eireann before the summer recess, De Valera introduced three bills which would virtually abolish the office of governor general and otherwise restrict the functions of the British crown.

De Valera's move was interpreted in many quarters as another step toward declaration of a republic.

CONFESSES TO SLAYING MAN

YOUTH BREAKS UNDER QUESTIONING; SAYS HE USED FISTS

MERIDIAN, Miss., Aug. 10 (AP)—After hours of questioning, District Attorney Aubert Dunn announced last night that a Cincinnati youth who gave the name of John J. Henkle and his age as 20 had confessed the slaying last Sunday night of Oliver S. Baily, a socially prominent Cincinnatian in the Ohio city.

A few hours after the arrest an indictment was returned in Cincinnati against John J. Henkel, 16. The youth arrested here already had gone north in custody of officers before the discrepancy in names and ages was discovered. Meridian officers said all they had was the record of the arrest, which showed the "Henkle" spelling and the age of 20.

The youth was arrested here at a gasoline service station after the station attendant had become suspicious over his driving an expensive automobile while shabbily dressed.

Dunn said the youth told him he beat Baily to death with his fists. However, the Cincinnati officer said the victims' face was disfigured in a fashion indicated a brick or heavy instrument had been used.

Control Plans For 1934 Being Sought

MEMPHIS, Tenn., Aug. 10. (AP)—Secretary Henry A. Wallace of the department of agriculture says the government wants to work out a cotton control program for 1934 by September that signed agreements of participation can be obtained from farmers before November 15.

Speaking before a meeting of farmers, business men and bankers from Tennessee, Mississippi, and Arkansas here last night, Wallace called attention to the government's forecast of a 12,314,000 bale cotton crop this year and said, "it's time to start thinking of next year's crop."

D. 1933, the same being the 4th day of September A. D. 1933, then and there to answer a petition filed in said Court on the 3rd day of July A. D. 1933, in a suit numbered on the docket of said Court No. 5632, wherein The Peoples Building and Loan Association of El Paso, Texas, a corporation, is plaintiff, and T. S. Heath, T. J. Marchbanks and wife, Mrs. T. J. Marchbanks, and T. R. Prideaux, are defendants, and said petition alleging ... Marchbanks and wife gave $3500.00 ... dated May 17, 1929 to plaintiff ... cured it by a deed of trust on Lot ... 130, Overton Addition to Lubbock, Lubbock County, Texas. This property ... conveyed to T. S. Heath who assumed ... payment of said note. The defendants ... refused to pay this note which is ... due. T. R. Prideaux has a second lien ... this property to secure a $400.00 note.
Plaintiff prays for judgment for $3,700 ... principal, interest and attorney's fees ... said note against defendants T. J. Marchbanks and T. S. Heath and for foreclosure of its lien on said property against all of said defendants, and that the property be sold according to law to satisfy said judgment.
Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said Court, at office in Lubbock, Texas, this the 19th day of July A. D. 1933.

A Princely Pose

Five pounds lighter, but as smart sartorially as ever, Harry T. Gerguson, pretender to the title of His Imperial Highness Prince Michael Romanoff, is pictured leaving Federal prison in New York after serving a 90-day term for unlawful entry into the United States. He's on probation for three years.

If our immigration laws were amended to admit Japanese to this country on the same basis as Europeans, the Japanese quota would be slightly above 100.

PRESS AIDING IN RECOVERY

PAPERS OF NATION TO ACCEPT CODE; MANY ALREADY JOIN UP

NEW YORK, Aug. 10. (AP)—Acceptance of the newspaper code filed at Washington by the American Newspaper Publishers association was announced yesterday by publishers in various parts of the country.

Many of the newspapers declared their reporters, re-write men and copy-desk men would be included under the terms of the code.

In this category fell, among others, the Hearst chain of 24 papers, the Scripps-Howard group of 25, and the Paul Block string of 7.

Frank E. Gannett, publisher of the Gannett group of 16 newspapers, announced his organization would accept the code for the industry, but that details of carrying out its provision would be left to individual editors and publishers.

In New York, in addition to the Hearst and Scripps-Howard chains, those announcing adherence to the NRA provisions for newspaper workers included the Evening Post and the Brooklyn Daily Eagle. The Hearst policy will become effective Aug. 14, the Eagle not later than Aug. 31 and the Post and Scripps-Howard "immediately."

The Macy chain of eight papers in Westchester county, N. Y., also accepted the code.

The Washington Evening Star announced that effective next Monday the paper will adhere to the code by placing "reporters and editorial employes subject to assignment" on the 40-hour week "as well as all other employes outside of the mechanical department."

Among the newspapers making known their acceptance of the NRA policy were the Memphis Commercial Appeal and the Memphis Press Scimitar, the Newark, N. J., Evening News, the Buffalo, N. Y., Evening News, the Atlanta Constitution, the Atlanta Journal, the Atlanta Georgian, and the Birmingham News.

The Birmingham Post and the Birmingham Age-Herald announced they expected to accept the code.

The Oakland (Calif.) Tribune said it was accepting the code "in line with the policy the Tribune has consistently followed in supporting President Roosevelt and the recovery program."

The Denver Post announced acceptance effective Aug. 14. Others, which declared themselves under the NRA provisions included the Seattle Times, the Spokane Chronicle, the St. Joseph Gazette, the Albuquerque Journal and the Albuquerque Tribune and the Portland (Ore.) Journal.

All Baltimore daily papers have accepted the code, including the Sun, the Evening Sun, the Sunday Sun, the News and the Post. All said the policy would go into effect Aug. 14.

The Chicago Daily Press, the Omaha World-Herald, the Akron Beacon-Journal, also announced their acceptance of the code.

Two Players At High School Tonight

Gene Bergman, above left, and Anita Tulley Bergman, right, are the leading players in the presentation of the three-act comedy, "Tommy" which will be given at the Lubbock High school auditorium tonight as the final number of the Tech summer entertainment course. The curtain will rise at 8:30. Other players in the production are: John J. Williams, Neil Smith, Betty Mack and Whitney Miller. Although the college entertainment numbers are given mainly for summer school students, two or three hundred seats at fifty cents each will be available to the public, Prof. W. R. Waghorne, entertainment director, announced last night.

FRIENDS AIDING FARMER'S CROPS

W. E. Sprowls' 35 acres of cotton was worked by his friends Wednesday afternoon while relatives attended funeral rites for Sprowls, a 36-year-old Hurlwood farmer, at Haskell.

Mr. Sprowls died in a sanitarium here Monday night after having almost recovered from an operation and his neighbors planned his homecoming, set for Wednesday, as the day they would work his crop.

Since none of them could attend the funeral they felt they could help his widowed mother, Mrs. R. H. Sprowls who had made her home with her son, and his sister, Miss Alma Sprowls. So under the leadership of E. L. Ashmore, the neighbors hoed and plowed the cotton which needed the attention. The land will probably net half a bale to the acre and is located 3 miles southwest of Hurlwood.

Approximately 25 to 30 neighbors worked on the cotton during the day and several Lubbock merchants sent ice, lemons and other things out to refresh the samaritans.

Human Skeleton Is Found Near Morto

MORTON, Aug. 10. (Special) While working in the sand h southwest of Morton, Jack Caldw discovered a part of a human ske ton. Belief was expressed that dead man was a white man.

Unearthed with the skeleton a thick, heavy pearl button, of type used very much half a ce tury or more ago. The button to the belief that the body was th of a white man.

It is presumed that the man crossing the then arid plains a that he probably died of thirst hunger. No evidence was found any other cause of death, such shooting.

Three Persons Are Dead From Malady

ST. LOUIS, Aug. 10. (AP)—Three persons are dead and nineteen others seriously ill in hospitals from encephalitis, commonly known as "sleeping sickness," which has made a sudden appearance in suburban St. Louis.

Mrs. Carrie Doerr, 69, of University City, died today. Other victims who succumbed to the strang malady in the last few days are Mrs. Addie Meachum, 71, of Overland, and Fred Green, a negro, of Meacham Park.

FURTHER QUESTIONS ON NRA GIVEN BY OFFICIALS; SHORTER HOURS OPPOSED

WASHINGTON, Aug. 10. (AP)—What does the NRA mean?

The following questions were developed and answered today by officials of the national recovery administration.

Is the employer who shortens business hours violating provisions of the national recovery act?

Yes. Any effort to shorten business hours is a violation of section 8 of the president's reemployment agreement.

Can a manufacturer add a surcharge to prices quoted after the adoption of a code?

Yes. Section 12 of the president's reemployment agreement was written in to prevent a loss to a producer who might have contracted for a fixed price, but was faced with an increased production cost subsequent to the signing of his contract with a purchaser.

PLAINVIEW, (Special)—Miss Nannie Peace, 78, died at the home of a brother here Monday. She had resided here for 24 years. Two brothers, R. M., with whom she made her home and T. C., both of Plainview, survive.

ENLARGES STORE

O'DONNELL, Aug. 10. (Special)—Mack Wilson, owner of the Wilson Cash Grocery, has enlarged his space by adding the room formerly occupied by the Wimberly shoe shop. A second entrance was made available, giving the store an "L" shaped room.

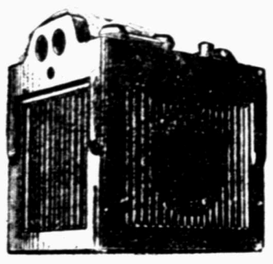

It was once a common belief that the moon affected the minds of human beings.

Relieve Headache And Quiet Nerves In 3 Minutes

When you have one of those violent, nerve-racking headaches, from inorganic causes, you can get soothing relief in three minutes with "B. C." a reliable, pleasant-to-take remedy. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold. (adv.)

A woman's reason
for liking a man's cigarette

Maybe you'll think I'm a bit inconsistent. Most things I'm fond of are really quite feminine . . . dainty, frilly frocks—delicate desserts—yes, and delicate compliments, too. To me my cigarette is a personal thing—it touches my lips—so give me one with real *character*. For some reason or other, I find that whenever I reach for a Lucky, always "Luckies Please". They're as mild and *pure* as can be—I wonder if "Toasting" isn't the reason after all!
