SMALL'S BILL PASSES OVER VETO

American Commerce With Mexico Disrupted By Rebel Forces

TEXAS CITIES AND SEAPORTS ARE ISOLATED

Trains Are Held Idle While Scant Wire Service Is Restricted

MONTERREY STORMED

General Movement of Federal Troops Noted Along Border

MEXICO CITY, March 5. (AP)—Official announcement of the surrender of the entire rebel garrison at Orizaba to federal forces, was made here late this afternoon. The regiment which gave up its arms numbered about 500 men.

BROWNSVILLE, Texas, March 5.—Matias Ramos, assistant secretary of war of Mexico, landed in an airplane here today with a party of American citizens including Mr. and Mrs. J. L. Maddox. Mr. Maddox is a Tampico oil man and owner of the plane.

Ramos was whisked away from the airport in an automobile and has not been located

Others in the ship included Mr. and Mrs. M. E. Bacon, Miss Vivian Sullivan, R. C. Miller, and Ignacio Flores Farias and Louis Olaguideal, Mexican officials.

SAN ANTONIO, March 5. (US)—Texas was isolated from Mexico tonight. Not a train moved across the border. Telegrams and cables were refused by Mexican border telegraph stations.

Monterrey, largest city in northern Mexico and 160 miles south of the Rio Grande, was in the hands of the revolters today.

Commerce between Galveston and Tampico and Vera Cruz was suspended today. Exporters were notified of the suspension by Mexican Consul General Enrique Santibanes.

Army Uses Phones

Telephone service with certain points in north Mexico went on as usual this afternoon but the lines were held for the exclusive use of the military.

Wires south of Saltillo have been torn down, according to telephone officials.

Tranquility again was the theme of messages received from border commanders at Fort Sam Houston. Several commanders have forbidden members of their command to cross the border.

Border patrolmen and the small force of Texas Rangers on the border were urged by their headquarters here to take extra precautions against the running of arms and ammunition into Mexico.

10-Hour Battle

Announcement of the capture of Monterrey was contained in a radio message signed by Gen. Gonzales Escobar, commander in chief of the rebel army.

The city was stormed by the rebels after a 10-hour battle had reduced the defenders to a mere handful.

Three generals, about 50 junior officers and 500 infantrymen were taken prisoners. Casualties were heavy on both sides.

Simultaneous with the receipt of the radiogram, word reached here that Col. Zeno Avila was marching upon Nuevo Laredo, across the Rio Grand river from Laredo, Texas, with 2,000 men from Villa Aldama.

Federal officials and residents in Nuevo Ladero expected their city to be in the hands of the revolters soon.

Garrison Is Weak

The invaders will meet with little opposition. The Nuevo Laredo garrison was reduced to 90 men yesterday when Gen. Benigno Serratos moved southward with 450 men.

A report persisted that Serratos and his command were encamped

Hambone's Meditations

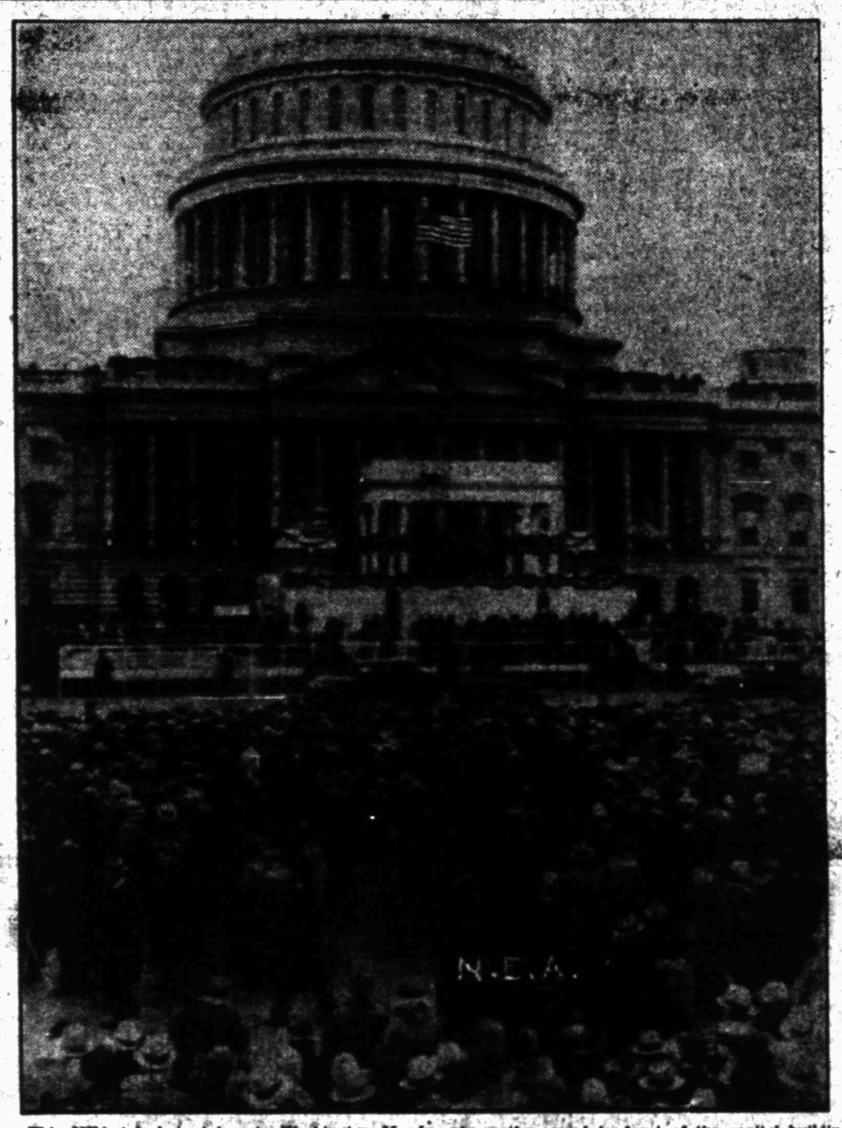

First Pictures of Herbert Hoover's Inauguration as President

President Coolidge and President-elect Hoover are shown leaving the White House for the capitol in the NEA telephotograph above. Below Hoover is shown taking the oath of office. Chief Justice William Howard Taft is administering the oath.

This NEA telephoto taken in Washington Monday shows the crowd in front of the capitol building during the inauguration ceremonies. The pictures were rushed to The Record News by telegraph and airmail.

HOOVER HEARS COWBOY BAND

President Happy First Day In Office

WASHINGTON, March 5. (AP)—This first day in the presidency was a busy one for Herbert Hoover, and, from all appearances, a happy one.

His day's activities extended all the way from a decision of major policy, that of non-interference with present regulations regarding the shipments of arms into Mexico, to reminiscences of his boyhood days in West Branch, Iowa, with his one time school teacher, Mrs Mollie Carran, who was his luncheon guest at the White House.

Many Visitors

Between times he touched shoulders with the plain folks who called upon him by the hundreds; received members of the Republican national committee in a group; chatted with the governors of several states who were here for the inauguration, and transacted a large amount of public business.

Reaching his office at 8:55 a. m. ahead of most of his staff, and after a simple breakfast with his family, Mr. Hoover had an early conference with Secretary Kellogg on the new revolutionary movement in Mexico. After a second conference later it was announced that there would be no change in the policy on arms shipments.

Cowboys Serenade

Soon after that the army of visitors began to march through the executive offices, a delegation from his own state of California came first, bearing a large state flag and standard.

After a delegation of Floridians had filed through the president's office, about 300 Texans, including several of the presidential electors, called. After shaking hands with each, the chief executive walked to the door of the executive offices to pose with this group.

The cowboy band from Simmons university, Abilene, gave a short serenade, playing the Texas state song and then playing "Dixie." Mr. Hoover smiled broadly, and turning to a White House attache, directed that he ask Mrs. Hoover to go to the front portico of the White House so that the band might serenade her.

CABINET APPROVED

WASHINGTON, March 5. (AP)—President Hoover's new cabinet members were quietly confirmed today by the senate but after approving them it ordered a surprise inquiry into the right of Andrew Mellon to carry on as secretary of the treasury. Charles Francis Adams took the oath of office as secretary of the navy.

TEXANS PRAISE G. O. P. LEADER

Lone Star Delegation Heard By Brookhart

Special to The Record News

WASHINGTON, March 5.—A parade of Texas Republicans and Hoover Democrats from the state was marched past the reviewing stand of the Brookhart patronage investigating committee today occupied by Senator Brookhart himself, under command of Col. R. B. Creager, Republican national committeeman, and all testified to the honor, integrity and rectitude of the Republican organization in Texas.

Bitter Clashes

The meeting, however was not held without its usual acrimonious interchange between Colonel Creager and the chairman. These arose when Senator Brookhart demanded if Creager has had a hand in the recent indictment of Representative Harry M. Wurzbach and while the Republican leader denied having had any communication with officials in Texas regarding it he expressed the opinion that was "no affair of the committee" had he done so.

At another time during the testimony of H. L. McCune, assistant district attorney at El Paso, questions asked by Brookhart prompted Creager to demand if he was "trying to cast reflection on the federal judges of my state."

Just before the adjournment of the hearing Representative Wurzbach took the stand and began a statement of some length. Senator Brookhart was called to the senate chamber and the hearing accordingly was adjourned until 8:45 o'clock tomorrow morning. This is to permit Wurzbach to complete his statement.

Orville Bullington demanded whether the Creager faction would be permitted to question the witness but the best Senator Brookhart would promise was that such questions might be submitted to him and he would then pass on whether or not they should be to the witness.

One after another the witnesses

(Continued on Page Two)

Postoffice Funds Not Available Until July, 1930

Special to The Record News

WASHINGTON, March 5.—Orville Bullington, president of the Wichita Falls Chamber of Commerce, called today on Assistant Secretary Carl T. Schuneman of the treasury department to discuss plans for the new federal building at Wichita Falls.

Mr. Schuneman explained that while an allocation of half a million dollars has been made by the federal commission for a new building at Wichita Falls that it will not be until next December that congress will make the appropriation and that the money will not become available until July 1, 1930.

Although Mr. Bullington expressed some disappointment that the building could not be started until next year he was gratified that Wichita Falls has been included, a thing for which he has been working for several years. At the same time such cities as San Antonio and Waco have not been included in the program.

Jeff McLemore Services Are Held at Austin

AUSTIN, March 5. (AP)—The funeral of Jeff McLemore, former congressman-at-large from Texas and pioneer newspaper man, who died at Laredo yesterday was held here today.

The Texas flag on the state capitol waved at half-mast during the day in his memory, and the Texas senate eulogized him on resolutions. He was a former member of the legislature.

Two Student Fliers Killed in Crash

LAWRENCE, Kan., March 5. (AP)—William Walker, Minneapolis, Minn., and Glenn Southern, Topeka, Kan., student fliers, were killed late today when their airplane crashed into a field south of here.

Student Expelled After Michigan 'Celebration'

ANN ARBOR, Mich., March 5. (US)—One student was expelled and four others were placed on probation today by University of Michigan authorities as a result of a "celebration" marking a basket ball victory over Wisconsin last night.

Road Bond Issue Bill Still in Committee

AUSTIN, March 5. (AP)—The proposed $175,000,0000 state highway bond issue remained in the house committee on constitutional amendments after another unsuccessful attempt to bring it out today. Representative B. E. Quinn of Beaumont attempted to bring out a minority report from the sub-committee of three appointed to consider the resolution and proposed amendments, but he was finally ruled out of order.

150 Men Battle to Keep Gale From Carrying Off Three Huge Blimps

WASHINGTON, March 5. (AP)—A heavy rain storm, accompanied by a 45-mile an hour wind, threatened tonight to wreck two navy and one army blimps at Bolling field here and the airships were kept anchored to the ground only through the efforts of 150 soldiers and sailors.

Officers of the field, however, said that unless the storm grew worse, they had the situation under control.

The blimps, which had participated in yesterday's inaugural aerial review, were buffeted about by the driving wind and rain which for a time turned to sleet. Flying crews were placed aboard the airships and the motors were kept running in case the blimps were swept away from the ground.

The night flying flood lights at the field were turned on at full force and an emergency crew of men was called out. The groups of 50 men were assigned to handle a score of lines attached to each blimp.

Robbery Charge Filed After Bark Man Names One of Bank Bandits

Officers Expect Arrest of Suspect in Attempted Holdup Within Short Time, Says Bralley

One complaint charging robbery with firearms had been filed and investigations expected to lead to at least one arrest were still underway late Tuesday when Sheriff W. G. Bralley and Warren W. Belcher, deputy, completed a hurried special inquiry into the circumstances of the attempt to rob the First National bank in Burkburnett last Friday.

The charge was filed after a resident of Burkburnett, questioned by Mr. Belcher, had identified one of the three men who entered the bank and attempted a holdup. Investigations which have been continued since the alarm was first given last week led Mr. Bralley and his deputy out of the city early Tuesday on a mission expected to bring immediate results.

Mr. Bralley said Tuesday night that he was not yet ready to disclose the results of the inquiries completed during the day.

The holdup was prevented through the efforts of Mrs. Joe Morris who refused to obey the command of the bandits but rushed to the street and gave the alarm. Four men, three of whom had entered the bank, escaped in a stolen car.

FOUR HELD FOR BOOZE DEATHS

Toll of Poison Liquor Goes To 17; May Climb

PEORIA, Ill., March 5. (US)—Death toasts of poison alcohol today claimed the lives of four more disciples of Bacchus, raising to 17 the toll in Peoria's liquor poisonings.

While a coroner's jury returned verdicts of murder against two men and two women, alleged to have distributed the poison alcohol, four more deaths were reported in Peoria and in neighboring communities.

Two Women Held

The verdict of the inquest, held over the body of Clarence Hoppe, resulted in the detention of murder charges on Mr. and Mrs. Maurice Mansfield, who are said to have confessed they brought the liquor here from Chicago, and Mr. and Mrs. C. O. Guffin, alleged to have assisted the Mansfields in selling the liquor.

County authorities promised speedy prosecution of the four and it was indicated the poisonings would be investigated by federal officers, dispatched here from Chicago and St. Louis.

Big Freighter Freed From Bar in Harbor

NEW YORK, March 5. (UP)—After 172 days effort, the 5,100 ton American steel freighter Edith was floated today in the outer harbor of San Juan, Porto Rico, where she was driven aground during a hurricane last Sept. 14, word received here today said. The vessel lay in two feet of water on a bed of solid rock. The salvage crew blasted with dynamite a path through the rock 80 feet wide.

Indiana Lowlands Inundated by Floods

INDIANAPOLIS, Ind., March 5. (UP)—Hundreds of acres of Indiana low lands were inundated today when the Ohio and White rivers overflowed their banks. The Chicago and Eastern Illinois tracks were under water in several places and minor cave-ins were reported in the railroad embankments. Ferry service on the Wabash river has been discontinued at some points.

Son Follows Father In Rafter Suicide

GREENSBURG, Ind., March 5. (US)—Roy Toynes, 45, today hung himself from the same rafter in the hay-barn his father, Henry Toynes, used exactly two years ago. No cause for the act was known. Toynes is survived by his widow and two children.

Child, 3, Burned Fatally In Pot of Boiling Water

MERKEL, Texas, March 5. (AP)—Falling into a pot of boiling water, the 3-year-old son of Mr. and Mrs. Waldo Cox was burned fatally at the Cox home near here today. The boy died two hours later.

300 FINE CARS LOST IN FIRE

Los Angeles Auto Show Tents Set Ablaze

LOS ANGELES, March 5. (US)—Fire late today swept through the Los Angeles Auto show and destroyed 300 new automobiles and trucks, airplanes and motorboats.

The loss will reach at least $2,000,000 and may run higher, declared Burt Roberts, general manager, as he surveyed the smoldering ruins.

Defective wiring in an airplane exhibit, according to police, set fire to flimsy decorations and quickly spread to one of the four giant tents sheltering the exhibition. Ten minutes later all four tents were a roaring mass of flames.

When the fire broke out several hundred spectators and show personnel were in the tents.

Two persons were injured.

Included in the loss was an experimental airplane on which Edgar Johns had worked four years. He said that it represented $20 000 worth of materials and $80,000 in labor.

Two $10,000 special racing autos owned by Lew White, which were to have been entered in the next Indianapolis speedway classic, were destroyed.

Solution of Massacre In Sight, Police Say

CHICAGO, March 5. (UP)—Convinced they have found a solution of the Moran gang massacre, police tonight sought three men named as actual participants in the assassination of seven "Bugs" Moran henchmen here St. Valentine's day.

The three gangsters named as executioners by police were Joseph Lolordo, brother of Pasqualino Lolordo, slain Mafia chieftain and one time follower of Tony Lombardo, murdered head of the Unione Siciliniz; Frederick R. Burke, fugitive and bank bandit, and James Ray, of St. Louis.

Man Who Drove Hack For U. S. Grant Dies

LE MARS, Iowa, March 5. (US)—James Kirk, 84, who drove a hack for General U. S. Grant at Galena, Ill., and was an orderly with General Sherman's troops on the march to the sea, died here today. Mr. Kirk had made his home here since 1861.

SENATE VOTES 24 TO 6 FOR LAND MEASURE

Long Drawn and Bitter Battle Precedes Passage By Solons

HOUSE VOTES TODAY

Tom Love Almost Encounters Physical Combat From Proponent

Special to The Record News.

AUSTIN, March 5.—Concluding a day of heated argument the senate this afternoon cast a 24 to six vote to override the veto of Governor Moody on the Small land validation act, and declared itself wholly in favor of the statement of Pink Parrish of Lubbock that the "state must keep faith in its people."

House Acts Today

A few minutes after the bill was sent across the hall to the house for its consideration, Representative Cecil Storey of Vernon obtained permission to set it for special order of business tomorrow morning at 10 o'clock.

A motion of Representative Olan R. Van Zandt of Tioga to bring the bill up immediately was lost 88 to 35, after proponents of passage over Governor Moody's veto urged postponement until tomorrow. If this vote is taken to indicate the strength for the bill, it will pass with six votes to spare.

Love Has Skirmish

As an aftermath of the day of high nervous tension during the bitter floor fight, a near fist fight on the floor of the senate when one of anxious advocates of the measure accosted Tom Love, who had waged a bitter fight on the floor against the measure, and accused Love of using unfair tactics in his opposition.

As the crowd quickly gathered around, Love and his assailant edged toward the door, and out into the ante chamber. Love was red with rage and trembling with anger aroused from the man's remarks.

When the man attempted to step into a telephone booth and close the door, Love held it open and demanded his name. The man replied that it was Smith.

When the sergeant at arms removed Love's assailant, Love shouted at him, as he disappeared in the crowd, "That he had the right to vote as he pleased," and yelled at the man, "You with booting liquor smelling on your breath."

Promise to Land Owners

Parrish opened the afternoon's argument with a stirring speech utterly disregarding the legal side of the question and urging the senators to vote for Texas to keep their promise to the land owners.

Pollard of Tyler reiterated the sentiment of Parrish. The measure "merely carries out the commandment that 'thou shalt not steal and thou shalt not covet'," Pollard said.

Joe Moore of Greenville stated briefly his position, that he would vote against the measure for principle, but that he was not fighting West Texas.

Clint Small, of Wellington, author of the measure, closing for the proponents, made a stirring plea for its passage and attacked the attorney general's opinion on the ground that it was based on a false premise.

Many Lobbyists

With well over a hundred West Texas land owners, led by Joe Snead of Amarillo and heads of the various chambers of commerce, lobbying strongly for the passage of the bill over the veto of Governor Moody, the senate Tuesday morning settled down in earnest to the consideration of the measure.

Senator Walter Woodward of Coleman, one of the strongest floor leaders from the plains of West Texas, opened the fight for the passage over the veto, with a brilliant and logical refutation of the grounds upon which Assistant Attorney General C. W. Truehart based the opinion. Tom Love of Dallas spoke after Woodward, for the opposition.

"The attorney general's opinion is a foolish opinion, written by a

REVOLT HALTS U. S. COMMERCE

Trains Held Up as Wire Service Stops

(Continued From Page One)

about 16 miles south of Nuevo Laredo awaiting the arrival of Col. Avila, with empty rifles.

A check of the ammunition magazine at the Nuevo Laredo military garrison revealed that each member of General Serratos' command is carrying less than five rounds of rifle ammunition.

Flight of two nigh Mexican government officials in military airplanes was described in another radiogram intercepted here.

Troops Sent Inland

Despatches received from border cities indicate a general withdrawal of federal troops from the Rio Grande to the interior.

A message from Eagle Pass said that Colonel Gogochea left Piedras Negras today with a regiment of infantry. Their destination was said to be Sabinas, a small town 80 miles south of Eagle Pass. Troops stationed at Villa Acuna, opposite Del Ric, Texas, also were withdrawn to Sabinas. The detachment was commanded by Capt. Casimiro Ybarra. He reiterated his loyalty to President Portes Gil before leaving.

A large detachment of troops also was withdrawn from Juarez, across the border from El Paso. The mayor of the resort city was attempting to raise a force of 500 home guards but his appeal apparently was falling on deaf ears, according to a messge from El Paso.

Bridge Closed

The entire garrison stationed at Matamores, across the Rio Grande from Brownsville, was withdrawn toward Victoria today. A portion of the garrison engaged in the battle at Monterrey.

The international bridge between Brownsville and Matamores was closed to all traffic.

Traffic and business went on as usual, however, at other border bridges and cities.

Considerable excitement was caused at Laredo this afternoon when Gen. Pablo Gonzales, cousin of Gen. Antonio I. Villarral, presidential candidate who planned the Monterrey battle, crossed the border and entered Nuevo Laredo.

Texans Praise Renne B. Creager

(Continued From Page One)

declared the people of Texas look upon the charges which have been levelled against the Republican organization of Texas as ridiculous and prompted by spite and spleen. Among the witnesses were James F. Lucey of Dallas, an original Hoover man; former Governor O. B. Colquitt also of Dallas who characterized himself as "an independence Democrat;" Alvin S. Moody of Houston, leader of the Hoover-Democrats; John W. Philp, postmaster at Dallas; Allen Morriman, managing editor of the Dallas Times-Herald; Henry W. Zwiefel, former district attorney at Fort Worth; Rev. J. Frank Norris, Fort Worth Baptist leader; B. D. Sartain of Wichita Falls, another leader among the Hoover Democrats; W. H. Holmes, Amarillo oil man and N. H. Martin, leading Methodist churchman of Wichita Falls.

Colonel Creager acted as defense counsel and called the witnesses but contented himself, in most cases with asking them to tell what they knew, if anything, regarding the Republican organization in Texas. But for the presence of Chairman Brookhart and for Congressman Wurzbach it would have been a veritble love-feast. Brookhart through out the hearings has manifested unfriendliness for Creager and his organization, declaring it autocratic in the extreme.

When the Rev. J. Frank Norris was called to the stand he testified that Creager was a man of "highest integrity and honor" explaining that the Republican organization had no standing in Texas until Creager took charge of it. When he expressed gratification that the state had gone for Hoover, through the desertion of thousands of Democrats, Brookhart asked if there was any chance "to hold them."

"I hope they won't come back," said the preacher.

Continuing, he declared the charges against Creager are outrageous and prompted by the spite of those he had supplanted in control of the party.

"I'll name them," he said. "They are backed by Wurzbach and are such men as Gooseneck Bill McDonald, C. C. Littleton and others." "And speaking of autocracy," continued Norris, "there never was anything worse than the Democratic machine in Texas. They have passed a law that puts all of us who voted for Hoover out of the Democratic party."

"I'll not argue with you about that," replied Brookhart.

Loosen Up That Cold With Musterole

Just Rub It in

Have Musterole handy when a cold starts. It has all of the advantages of grandmother's mustard plaster without the burn. You feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients. Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frosted feet, colds of the chest. It may prevent pneumonia and "flu."

Jars & Tubes

MUSTEROLE

WILL NOT BLISTER

Better than a mustard plaster

Visitor in April

Paul V. McNutt, national commander of the American Legion, will be the guest of the Pat Carrigan post No. 120 on April 12. The post will complete plans for his entertainment in a meeting Wednesday night.

LEGION HEAD COMING HERE

Pat Carrigan Post to Plan Entertainment Tonight

Plans for the entertainment of Paul V. McNutt, national commander of the American Legion, who will visit Wichita Falls on April 12, will be outlined at a meeting of Pat Carrigan post No. 120, to be held in the legion room at the Memorial auditorium at 8 o'clock Wednesday evening.

Commander McNutt will stop at Wichita Falls in the course of an extended tour of the southweat, according to J. F. Friberg, adjutant of the local post. He was elected to head the legion at its annual convention at San Antonio in October.

Participation of local members in the 13th district convention to be held at Bowie on Sunday, March 10, also will be planned at the meeting Wednesday, the adjutant announced. A large Wichita Falls delegation will attend the convention and the dance planned for the evening. State officers and Read Johnson of Dallas, manager of the U. S. Veteran's bureau for Texas, will be among the distinguished guests at the Bowie assembly.

Tax Collectors Back Slice in Auto Fees

Guy C. Raley, county tax collector, was back in his office Tuesday, after a visit in Mineral Wells where he, with a group of other members of the County Tax Collectors association, outlined a campaign in support of the proposed new automobile registration law.

Mr. Raley explained Tuesday that the new law would lower the cost of all licenses by 20 per cent, would keep a larger percentage of the tax funds in the county, and would assess a small gasoline tax to be used in road maintenance.

Wichita Scoutmasters Hold Annual Banquet

The third annual banquet of the Wichita Falls scoutmasters was held Tuesday night at 7 o'clock at the Highland Heights Christian church with more than 50 persons present.

Members of the troop committees of the various local churches, and of the scout council of the Wichita Falls area, together with their ladies, were present with the scoutmasters of all local troops. Talks were made by Dr. S. S. McKenney, Mr. Creighton, John Tevis, Bill McClure, Miss Theresa Kauffman and Mrs. Paul Barnett.

Climbing

First, Ziegfeld picked her for his "Follies." Next, she was chosen for "Rio Rita" and now Warner Brothers will present her in the movies. Dainty Agnes Franey is climbing; helped by her clever dancing and seldom equaled in beauty.

Miss Franey says: "I don't believe in overlooking anything which helps add to your attractiveness. I am most particular about my hair and so many friends compliment me on its softness and lustre that I am sure my method of caring for it is right. Nearly all the girls I know here in New York are using it, now. It is so easy. All we do is put a little Danderine on our brushes each time we dress our hair. It makes my hair easy to dress and holds it in place wonderfully. It has gotten rid of my dandruff. It keeps my hair and scalp so comfortable, that I don't shampoo half as often as I did before. And best of all, it gives my hair a softer, more silky and lustrous appearance than anything I've ever found."

Danderine quickly removes that oily film from your hair; brings out its natural color, makes it fairly sparkle! Dandruff usually disappears when you use Danderine. Waves, "set" with it, stay in longer. It's delicately fragranced; isn't oily; doesn't show. It's economical. The 35c bottles will last several weeks. All drug stores recommend and guarantee it.—Adv.

SENATE VOTES SMALL'S BILL

Moody's Veto Overridden By Upper House

(Continued From Page One)

biased member of the department," Woodward opened his speech, and followed up this statement with proof in that Truehart, through the urgent request of three Austin capitalists who have filed on many acres of the land that will be affected by the measure, had filed a case in the court seeking to recover title to some of the land whose titles are similarly affected.

Woodward declared the premise upon which Truehart based the opinion is that the state is "giving away some of the public school lands," and defied the opponents with the statement that the state is not giving away any land, but is merely validating the title to land for which they have sold and received money.

Opinion Misleading

"The opinion is misleading and prejudicial, and some people may fall far it," Woodward said. "There is no constitutional provision which denies the state the right to sell part of the public dominion," Woodward followed, completing the thought that the state is not giving away any of its land.

"I don't care if it will make the public school fund the richest in the world," Woodward answered a query of Tom Love, "it isn't right to steal from individuals to do it."

Right of the supreme court to pass finally on the constitutionality of the measure, was sought by the proponents of the measure, who declared that the people should not be forced to accept the opinion of the attorney general's department.

Respects to "Buzzards"

In reference to the "land grabbers" who have filed on the vacancies to be if the bill is passed. Woodward characterized them as "like buzzards sitting high in the tree tops and waiting for the carcass to come and say gimme." He also brought out the fact that the passage of the legislature over the veto "is a constitutional right as to the governor's right to veto."

Tom Love, the only speaker of the morning for the opposition, based his attack on the measure, on the ground of its unconstitutionality and that a constitutional measure could have been written to accomplish the same purpose. He defended the stand of the attorney general with the statement that it is the "duty of the attorney general to assert the legal right of the state."

Love's Soul Tired

Love was firm in his stand that the measure should not become a law over the veto and in the face of the unconstitutionality of it, in that it would later be of no aid to those who desire it.

"They say there are times that try the soul of men, and this is that time with me," Love declared in defending his stand of being in favor of the validation of the titles, but opposed to the passage of the measure over the veto.

Love explained that the same purpose could be accomplished by setting up a tribunal to consider each case separately and pass upon its merits, which would give an equitable settlement to all.

He however, looked with a gleaming eye to the riches that would be poured into the coffers of the public school fund, which would possibly allow him to lead the state in the development of public schools, one of his professed hopes.

WICHITA FALLS C.-C. SENDS SUPPORT

At the instruction of the board of directors, officials of the chamber of commerce Tuesday wired the 41st legislature now in session at Austin a message of support and endorsement for the committee of Wichita Falls men which is now in that city in the interest of the Small measure, which is designed to validate titles to river bed lands in the state.

This committee was sent to Austin by a group of local oil men and land owners who met Saturday for the purpose of aiding in the passage of the proposed bill. The committee was instructed to attempt the framing and passage of a bill which would gain the approval of Governor Moody and Attorney General Claude Pollard.

The number of persons receiving unemployment benefit in France last September was only seven in every 800.

Photographs printed on metal by a new process are said to be practically everlasting; the image is burnt in on an alloy.

Divorces in England and Wales work out roughly at one in every 100 marriages. In the United States one marriage in every 10 ends in divorce court.

If "Skinny," Gain Weight Quick Way

New YEAST and IRON adds pounds in few weeks. Your own druggist guarantees results—or pay nothing

You don't want to be underweight, nervous and always tired—an object of pity to your friends. Start Ironized Yeast now and put pounds of good flesh on those bony arms, hollow cheeks and scraggy limbs. See ugly lines give way to graceful curves. Feel a vitality and strength you haven't had for years.

Only when Yeast is Ironized is it more effective—for Iron is needed to bring out the weight-building values of Yeast.

Ironized Yeast brings pounds of weight in astonishingly quick time. Letters say: "10 pounds gained in 3 weeks," "one full treatment added 7 pounds," "11 pounds and better health." The blood is toned up too, clearing up the complexion and increasing your vitality. Ironized Yeast comes only in pleasant-tasting tablets. Safe for everybody.

Ask the druggist today for a full course treatment. It will prove that you can gain many pounds or your money will be refunded.—Adv.

SERVICES FOR LIGGETT TODAY

Pioneer Dies Here at Age Of 70

Funeral service for James E. Liggett, 70, who died Monday afternoon at his home, 2111 Eighth street, will be conducted at 2 o'clock Wednesday afternoon from the First Christian church by Rev. Floyd Allan Bash, pastor. Burial will be in Riverside cemetery.

Active pallbearers were announced as C. J. Bryans, Joseph C. Park, Dr. G. P. Raborn, Joe Hatchitt, J. H. Stanbrough and Joe Keevil.

Honorary pallbearers will be as follows: W. R. Couch, W. L. Robertson, F. G. Swanson, J. W. Pond, M. A. Bundy, W. P. Killingsworth, Frank Hoover, E. R. Loofbourrow, John C. Lane and C. F. Green.

Mr. Liggett had been a resident of Wichita Falls since 1919, when he moved here from Muskogee, Okla., where he had practiced medicine for a number of years.

Survivors include his wife and two daughters, Mrs. Levia Throckmorton of Muskogee, and Miss Luena Liggett of Wichita Falls; five grandchildren; one sister, Mrs. Florence Switzer of Kusa, Okla., four brothers, P. V. and Rufus Liggett of Cheney, Kan.; Joe Liggett of Henryetta, Okla., and David Liggett of California.

Ad Club to Inform Public on Advertising

A program to be given by radio for the purpose of educating the general public to appraise the effectiveness of various kinds of advertising was discussed by members of the Ad club at the weekly meeting held at the Kemp hotel Tuesday noon.

It was stated in the discussion that advertising plans which are unpractical or ineffective are often presented to advertising managers of different firms with urgent appeals that they be adopted. Although such advertisements would have no value for the advertiser, it was said, refusal to use them sometimes results in prejudice which hurts trade. The object of the proposed educational program would be to assist the average citizen in evaluating advertising media.

A committee composed of T. A. Bradley, T. C. Scott and J. B. Price was appointed to work out details of the plan. Don Ross presided at the Tuesday meeting.

FISKE SERVICES

NEW YORK, March 5. (UP)—Funeral services for Haley Fiske, president of the Metropolitan Life Insurance company, who died unexpectedly Sunday, will be held tomorrow morning.

A STEP IN THE RIGHT DIRECTION

This Is Shoe Week at THE HUB

SEE OUR WINDOWS

featuring an extensive showing of the season's smartest footwear for men and young men.

They're as good to walk in as to look at. They keep style and shape in the face of rough weather and rough wear. They're hand-tailored; double stitched; the cream of the world's leather. Let us fit you to one of the new Smith Smart styles we have ready for you. It will add to your happiness.

$9.85

S and Q Special Shoes

—The cream of the season's finest footwear at moderate prices. Solid leather throughout. Style built in to stay.

Blacks, browns, tans and sport and golf oxfords. Sizes 6 to 13.

$4 $5 $6 $7.50

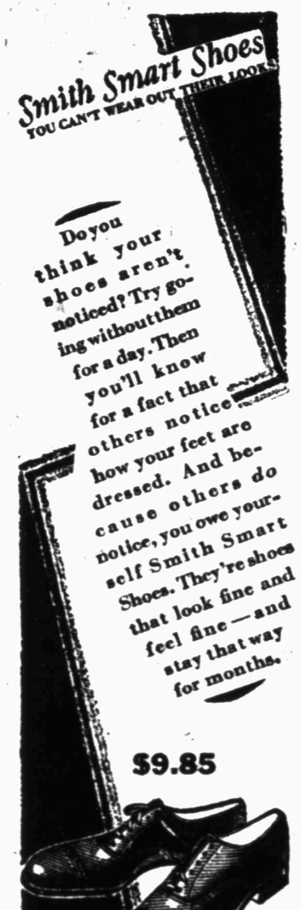

Dr. Reed
Cushion soles—like walking on velvet—made by J. P. Smith.
$12

Golf Oxfords
A beautiful black and white combination steel pegged sole, J. P. Smith.
$12

6-POINT
A fine heavy sole shoe, semi-dress, black or brown finished calf upper, wear-proof lining.
$6

Riding and Field Boots of All Kinds Men's - Women's

VENTILATOR
By J. P. Smith—a fine light weight dress oxford, entire upper perforated in a pleasing design.
$9.85

Do you think your shoes aren't noticed? Try going without them for a day. Then you'll know for a fact that others notice how your feet are dressed. And because others do notice, you owe yourself Smith Smart Shoes. They're shoes that look fine and feel fine—and stay that way for months.

C.-C. OFFICIALS GO TO SNYDER

First of W. T. C. C. District Is Called

STAMFORD, Texas, March 5.—President A. M. Bourland of the West Texas Chamber of Commerce, and Grady Shipp, secretary of the chamber of commerce of Vernon, were joined by Homer D. Wade, manager of the regional organization, Col. R. L. Penick, and W. S. Cooper, secretary of the local chamber of commerce here today, and went in a group to Snyder to attend the Central West Texas District convention of the West Texas Chamber of Commerce.

The central district is composed of the territory in and around Best, Big Spring, Big Lake, Coahoma, Colorado, Fluvana, Gail, Hermleigh, Midland, Odessa, Snyder, Seminole, Seagraves, Stanton, Westbrook, Sterling City, Carlsbad and Lorraine. Nearly all of these towns, and some not included in the territory, notified Manager Wade Monday afternoon that they would be represented at the convention with a large number of delegates.

The personnel of the speaking program is one of the drawing cards of the convention. Col. Penick, President Bourland, Dr. A. H. Ledigh, dean of agriculture at Texas Tech, and Col. S. C. French, extension agent of the Fort Worth stockyards being headliners. Other such notables as C. H. Amacker, secretary of the McCamey Chamber of Commerce, Judge C. C. Thompson, Rev. Hugo B. Heterius, Avoca, and others will give addresses on topics upon which they are authorities.

H. W. Stanley and Judge R. W. Pittman of Seminole will address the delegates who dine at the city tabernacle, and two minute speeches will be heard from representatives of the different towns at this time.

This is the first of 11 district conventions to be held by the regional chamber of commerce. Another will be held in Ranger by the regional organization, and the next at Tahoka on April 24.

A Message To Underweight Men and Women

The one supremely good health building tonic that is also the one great weight producer known to modern science the country over is McCoy's Tablets.

They build flesh where flesh is needed—sunken cheeks, neck and chest—and many a man and woman, skinny and scrawny, have thanked McCoy's after a few weeks treatment for the decided improvement in looks and figure.

Many times the increase in weight is astonishing—one exceedingly thin woman gained 10 pounds in 22 days.

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your money will be refunded.

Just ask for McCoy's Tablets at Renfro Drug Company—or any drug store. Distributed by McCoy's Laboratories, Inc., also distributors of McCoy's Cod Liver Oil—there is none better.—Adv.

'Solid as Gibraltar,' Is Observer's Tribute to Growing Lubbock Area

Spectacular Advance Well Founded and Future of District Is Assured, Correspondent Learns

By C. W. ROGERS
Record News Staff Correspondent

LUBBOCK, Texas, March 2.—"What are the facts about the situation in the Lubbock country?"

"What are the facts about Lubbock; can it continue to build at the present rate?"

These are questions that are often asked by people in Central Texas who have been reading and listening to all sorts of reports about the Lubbock country the last six years, but have never had the opportunity to visit the region.

The fact is that a trip to this country by one whose only information has been through newspapers or heresay is an experience that unfolds one surprise after another.

Great Future

Rather than advance his own opinion this writer will quote Ed Overholser, president of the Oklahoma City Chamber of Commerce, whose position, research and travel should qualify him to speak with authority. Mr. Overholser declares the Lubbock country is as sound as the rock of Gibraltar and is destined to become one of the greatest farming regions of the Southwest—provided its people make use of the resources at their command and engage in a more intensive and diversified agriculture, combining dairying, live stock growing and poultry raising to a larger extent with their growing of staple crops.

The fact that two short cotton crops have followed the bumper crop of 1926 in the Lubbock country has given rise to many rumors that the country in the vernacular of the Plains was "blowed up."

The short cotton crops of 1927 and 1928 may prove a benefit to the Lubbock country, instead of a detriment, if for no other reason than that it has to some extent taught the farmer who has grown cotton to the exclusion of all other crops the folly of one-crop farming.

Figures Talk

Here are statistics that show what gave the one-crop farmer the jolt, that made him realize that he was flirting with financial destruction and turned his attention to the possibilities of the sorghum grains, feed crops, cows and chickens. The figures show the bumper crop of 1926 and the one that followed.

	1926	1927
Lubbock	72,191	46,418
Crosby	74,057	34,178
Hale	67,505	11,797
Floyd	42,801	9,851
Lynn	50,238	41,870
Lamb	39,312	14,843
Hockley	28,500	14,749
Terry	22,478	13,308
Garza	19,583	23,837
Totals	396,674	206,843

A decrease in the production of cotton in Lubobck and the eight counties surrounding and cornering on it of 188,026 bales would seem calamitous, but such was not the case. The late feed crops of 1927 saved the day and the high price of the sorghum grains, combined with other factors, showed the farmer a way out.

Every banker, every business man, every scientific farmer in the Lubbock country last year was preaching diversified farming, and this year they are preaching it harder than ever.

What was seen in a swing around the country from Floydada by Ralls and Lubbock and Plainview is a fairly good index, we are told, to the rest of the area hereinbefore named.

Floydada at this time has a building program under way that might be termed a building boom were it not for the fact that it represents substantial growth, justified by conditions, business men of Floydada declare. Notwithstanding a decrease in cotton production two years in succession, deposits in Floydada banks last year increased more than $300,000, new money from the cow, sow and hen, mostly.

Farms Diversify

The indications are that there will be nearly as much cotton planted in Floyd county this year as last but on the other hand there will be a more diversified farm program, particularly in reference to dairying and poultry. Winter wheat is looking fine in this county.

In preparation for crops of the coming season farmers are plowing ground as rapidly as possible in order to keep moisture in the soil. Dry winds have been blowing the last few days, particularly heavy last Saturday.

There has been enough moisture to allay any uneasiness, according to C. F. Drexel, vice president of the Citizens National bank of Lubbock, with whom this writer traversed some of the territory out of Floydada, but not as much as desired. However, a late rainy season has its advantages in this country.

It is difficult to tell about how the crops will turn out in this Lubbock country until late in the year. Last year the prospect at first was for a big cotton crop; later it looked like a 20,000-bale crop; when the last bale is in the total will be close to 40,000. The feed crop turned out big. That's the Lubbock country, full of surprises.

Going north out of Lubbock to Plainview, as seen from the highway farmers are well advanced with plowing. After getting into Hale county it looks like not much but grain and feed crops this year. Cattle are in splendid condition and Hale county farms have plenty of cattle, to say nothing of hogs and poultry.

Cities Improve

Monroe, Abernathy, Hale Center and Ferguson are all showing improvement. Hale Center's business section is now nearly all of brick construction and a nice brick hotel is nearing completion. Plainview is hopping along with a big building program, including a Hilton hotel and many substantial brick homes.

The visitor in the Lubbock country is impressed with the tremendous amount of labor saving farm implements and machinery in use, particularly tractors. At almost every town vacant lots are filled with displays of implements and machinery. This does not seem to indicate that the Lubbock country is "blowed up." It's exactly the other way 'round.

From all that has been seen on a two days' drive in the Lubbock country the only conclusion that can be reached is that the Lubbock country, agriculturally, is advancing as rapidly as any other section of Texas seen north of San Antonio in the last two years, and that there is no more promising country in the United States for stock growing, dairy and poultry raising; this aside from its heavy cotton production even in poor years.

This Lubbock country is not only keeping step with the rest of the state but in some respects is stepping out ahead. Here at Lubbock are five big feed mills, running to capacity and constantly expanding, that offer the farmer a market right at his door for all the products he brings in required by the mills. They manufacture every variety of stock and poultry feed on a big scale. They are the Economy Mills, the Standard Milling company, the Ideal Milling company, the Lubbock Cotton Oil company, and the Yellowhouse Mills.

Feed Industry Grows

The Economy Mills manufacture from 50,000 to 80,000 pounds of poultry feed each week. The Ideal mills specialize in feed for beef cattle and have a capacity of 20 tons weekly. Plans are being made to double the capacity of the plant. The Lubbock Cotton Oil company has capacity for crushing 27,000 pounds of cotton seed daily. The Yellowhouse mills can produce 80 tons of stock and poultry feed daily. It is planned to expand this plant in the near future, it is said. The Standard Milling company, established in 1926, has increased its capacity three times since beginning operation and now is planning doubling its capacity to 200,000 pounds per 10-hour run. Additional ground has been purchased. This mill does custom grinding of mixed feeds to the extent of 20,000 to 25,000 pounds daily. E. R. Swain, hatchery owner, is planning construction of a mill to manufacture poultry feed of his own formula.

Mills with capacity of more than 500,000 pounds of stock and poultry feed weekly prove more conclusively than any surveys that have been made that Lubbock country farmers are on the money end of farming and that they are making headway, instead of slipping. Furthermore, another evidence of the solidity of the Lubbock country is that there are more fine farm homes in the Lubbock country, better looking homes as a rule everywhere than can be found in some rich districts in Texas that have been settled for 75 years.

Land is growing higher in price in the Lubbock country. Those who came before the big rush have made money. The lands that were bought for $25 and $30 an acre are now held at $50 to $75 and more exclusive of cost of improvements. Lower priced lands are to be had further west, some as low as $30. More railroads are in prospect. Then there will be further advances in price.

Tomorrow will be told how rapidly Lubbock is growing and reasons advanced why it should grow continuously.

Northampton Friends of Coolidges Doubt That Notables Will Remain

NORTHAMPTON, Mass., March 5. (INS)—The home folks are all wondering today whether 21 Massasoit street is going to be "good enough" for Grace and Calvin Coolidge after five years and seven months in such a spacious mansion as the White House with so many servants at their beck and call.

Listen to James Lucey, the "philosopher cobbler" who has become a part of the Coolidge legend.

"Calvin Coolidge won't believe me when I say it, but Northampton isn't big enough for them now. I got to be truthful about it. I hope, though, they'll stay here till they get rested up and then take their place along with the noble intellects of the world where they belong."

And to Mrs. Alice Reckahn, the housekeeper, as she surveyed her efforts to get the little duplex dwelling in readiness.

"Not a new thing in it. Everything just the same as it was when they went away."

She shook her head dubiously.

Guarantors of Concert by Royal Belgian Guards Plan Ticket Sales

At a meeting of the guarantors of the Royal Belgian Guards' band concerts here on April 20, held Tuesday morning with chamber of commerce officials, prices for tickets to the matinee and night performances at the Memorial auditorium were determined.

The afternoon performance is being given primarily for students of the public schools, it was said. Children of school age will be admitted for 50 cents, the entire house being unreserved.

Tickets for the lower floor for the night performance will be $3; first six rows of the balcony, $2; next four rows of the balcony, $1.50, and all remaining balcony seats, $1.00.

Mail order reservations received at the chamber of commerce offices in this city, with certified check or money order, will be honored in order of receipt, it was stated. Tickets will be placed on sale at different offices in the city about 10 days in advance of the band's appearance here.

According to information given when the contract with local guarantors was signed about two weeks ago, the Belgian band will tour the United States this spring in a special train, and will carry mounts for its members.

Old Time Spelling Matches at Hollis

HOLLIS, Okla., March 5.—The old time spelling match has lost none of its thrills for the Hollis fifth graders. This is the third and last month that keen competition will be conducted among two divisions, and a big picnic lunch surprise awaits the winners. Losers furnish the feast.

So much freight has been air borne between London and Berlin recently that special "air lorries" are under construction. These plane will not carry passengers.

NEW LEAGUE HEADS ELECTED

Hardeman County Group Reorganized

QUANAH, Texas, March 5.—Hardeman County Interscholastic league has reorganized, with the following officers elected for the ensuing year:

Charles E. Davis, Quanah, director general; C. P. Wall, Big Valley, director of debates; R. R. Davenport, Acme, director of declamation; Lola Winningham, director of spelling; Miss Allison, director of essays; Joe A. Forrester, Goodlett, director of athletics; Frances Musick, Quanah, director of music; Mary Kelley, Quanah, director of art appreciation; W. A. Smart Medicine Mounds, director of arithmetic; C. E. Willis, Bailey Hl, choral singing, and Miss Allene Alverson, director of the "Three R" contest.

Since the organization of this league several years ago interest in the various county-wide activities of school work has been greatly increased. Contests are held, with winners competing in district league meets.

Stop Rheumatic Pain With Prescription A-2851

Local druggists who are dispensing Prescription A-2851 are all loud in their praise of what it will do. It doesn't seem to matter whether the condition is of long standing and the pain constant, or whether only occasional twinges are felt—Prescription A-2851 seems to go right to the seat of the trouble and knock out the pain.

While this particular prescription was compounded especially for rheumatic conditions—it has also proves successful in many forms of gout, neuritis and sciatic nerve pain.

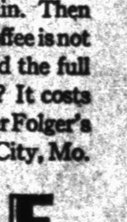

Tear out this announcement and hand it to your druggist, or be sure to remember the name—Prescription A-2851. In liquid or pill form. There is nothing else as good to drive out rheumatism.

HEED the WARNING of Slackened Power

When you begin to feel draggy peplees, weak, and easily tired get busy right away. Slackened power leads to many ills. Proper treatment will often ward off further dangers.

The Vitamines A and D of Cod Liver Oil contained in Waterbury's Compound assist in overcoming debility and increase appetite. They help build up the body and increase its resisting powers. Waterbury's Compound is used in this children actually like it. And Physicians all over the world have prescribed it for years. If you feel the need of something to help build you up and old to giving you strength get a bottle of this famous old tonic from your nearest druggist and learn for yourself the benefits it is to you. It has helped thousands. It will help you too.

Waterbury's Compound

From the West Coast of Central America

A New Rare Flavor in Coffee

that comes from the West Coast of Central America

Its spicy tang and full-bodied mellowness, experts say, are different from any other coffee in the world.

There is really no mystery about coffee. Nature herself puts the flavor in it. Expert blending and roasting (in spite of advertising talk) *merely bring out the flavor that is already there.*

That is why Folger's Coffee has a flavor different from all others. It comes from coffees grown on the high western mountain slopes of Central America. A region that experts agree, produces probably the mellowest, fullest-bodied flavor of any coffee in the world. Utterly different from any other coffee used in the United States.

Coffees from the West Coast of Central America first sprang to fame in the noted Bohemian restaurants of San Francisco, where they were brought by Folger. Travellers captivated by the rare flavor, wrote back for shipments. For years it could be obtained nowhere else. Now, however, your grocer has it, packed by Folger in vacuum tins that seal in the flavor.

How To Make The Folger Test

Because Folger flavor is unlike any other coffee you have ever tried, we invite you to make this comparison. Buy a pound of Folger's from your grocer today. Drink Folger's Coffee tomorrow morning. The next morning drink the coffee you have been using. The third morning drink Folger's again. Then choose between them. If Folger's coffee is not your choice, your grocer will refund the full purchase price. That's fair, isn't it? It costs you nothing to try—so why not order Folger's today? Folger Coffee Co., Kansas City, Mo.

FOLGER'S COFFEE
VACUUM PACKED

Savory, flavory soups made with Borden's rich milk

Cream-of-onion with cheese—tomato—Down East Clam Chowder—smack your lips at their double-cream richness and wholesomeness. Make them all with Borden's Evaporated Milk—made by the oldest and largest milk company in America.

(Paste this recipe in your cook-book)

Down East Clam Chowder 50 clams, ¼ pound fat salt pork, cut in small cubes, 3 medium-sized onions, sliced, 1 quart pimiento cut in one-half inch cubes, 3 cups boiling water, 2 cups Borden's Evaporated Milk, 1 tablespoon salt, ¼ teaspoon pepper, 2 tablespoons minced parsley, 2 tablespoons flour, 2 tablespoons butter.

Scrub clams thoroughly, using a small brush. Open, reserving liquor. Chop the hard parts of clams. Fry out pork slowly in a soup kettle. Add onion and fry five minutes in fat. Add potatoes, water and hard part of clams. Simmer very slowly until potatoes are tender. Ten minutes before serving add soft part of clams, milk and seasonings. Bring to scalding point and thicken with flour blended with butter. Heat the clam liquor and add to the chowder. Pour over crackers.

The Social Side—Wichita Falls' Woman's Interests—Clubs and Churches

Altrusa Club to Sponsor Girl's Club and Aid Local Newcomers

Members of the Altrusa club met at the Wichita club Tuesday at 12:15 o'clock for their regular luncheon and business meeting when Mrs. Jimmie Lomax, president of the organization, presided. Plans were made to start a "little sister" movement in which the club will foster one girl's club in Wichita Falls, to be selected at a later meeting. The adopted organization will be sponsored and encouraged and its development aided through the efforts of the "big sisters."

Another interesting movement discussed at the meeting was the possibilities of an "information bureau" which members of the Altrusa club will institute. The purpose of the bureau will be to get in touch will all the new men, women, boys or girls that are interested in making new and worthwhile friends. It is planned to reach those who would otherwise be neglected and see that they meet interesting people.

Covers were laid for Misses Kathleen Coffield, Katherine Henricle, Myrle Neeley, Eva Wallace, Maud Thomas, Maurine Williams, Anabel Farquhar, Maud Lindsey, Woolsey, Olive Oleen and Mesdames Jimmie Lomax, Anne Owen, H. F. Weldon, Wayne Holmes, Lillian E. Harbison and Miss Mary Covington of Arlington.

CALENDAR

WEDNESDAY

Unity Junior club with Mrs. Skeen Staley, 1809 McGregor, afternoon.

Wednesday Study club at the Woman's Forum clubhouse, afternoon.

Mrs. Overton Abernathy hostess to New Century club, afternoon.

Pieria club with Mrs. J. E. H. Railey, afternoon.

Junior Travel club at the Woman's Forum clubhouse, afternoon.

Mrs. I. W. Karrenbrock hostess to Sorosis club, afternoon.

Mrs. Gus Pelz, hostess to Cher-Up Bridge club, 2:15 o'clock.

Mayflower Embroidery club guests of Mrs. Joe Cross of Fort Worth and will attend an art school.

Wee-Chee-Tah Bridge club with Mrs. J. E. Caraway, 2216 Holliday street, afternoon.

Bowie P.-T. A. at the school at 2:30 o'clock.

◆ ◆ ◆

Junior Travel Club To Have Regular Meet

Mrs. G. C. McCaleb will lead the program for members of the Junior Travel club at their regular meeting Wednesday afternoon at the Woman's Forum clubhouse and Mrs. F. T. Datson will discuss "Schnitzler and His Plays." Miss Iva Willis will read a paper prepared by Mrs. R. O. Kenley Jr. on Herman Bahr and "The Concert." Roll call will be answered with "Music of Austria and Hungary."

◆ ◆ ◆

Mrs. Staley to Be Hostess to Club

Mrs. Skeen Staley will entertain members of the Unity Junior club at her home, 1809 McGregor, Wednesday afternoon when, following roll call, a short business meeting will be held. Mrs. J. H. S. Bonner will discuss "America Comes of Age," by Andre Siegfried, and Mrs. Leslie Stringer will review Fanny Hurst's "A President Is Born."

◆ ◆ ◆

Mrs. Abernathy to Entertain Club

Mrs. Overton Abernathy will be hostess to members of the New Century club at her home Wednesday afternoon when Mrs. Gordon West will lead the program on "Resorts." Miss Crystelle Waggoner will discuss "Horse Races" and Mrs. West will give a paper on Monte Carlo, Aix Les Bains and Chamonix. Miss Margaret Duncan will discuss Deauville, Biarritz, Cannes and Nice.

◆ ◆ ◆

Wednesday Study Club to Meet

Members of the Wednesday Study club will meet at the Woman's Forum Wednesday for their regular meeting when act two, scenes four, five and six of Shakespeare's "Romeo and Juliet" will be discussed.

◆ ◆ ◆

Mrs. Cobb Hostess To No Trump Club

Members of the No Trump bridge club met with Mrs. John Cobb Tuesday afternoon when Mrs. E. F. Elam won high score and Mrs. Hal Ewing was presented with prize for low score.

Dainty refreshments were served to Mesdames L. D. Powell, Howard Dodson, Joe Leake, Charles Middleton, E. F. Elam, Hal Ewing and John Cobb.

◆ ◆ ◆

Mrs. Railey to Be Hostess to Club

Mrs. J. E. H. Railey will entertain members of the Pieria club Wednesday afternoon when roll call will be answerd with "Customs of India." Following the business meeting, Mrs. J. C. Berney will review "Mother India," by Margaret Mayo, after which Miss Clara Schulz will give Mukerji's answer to "Mother India."

Oh, These Women

By LEOLA ALLARD

NEW YORK, March 5. (US)—A mother came to school the other day and asked the teacher why it was she couldn't leave her little boy in kindergarten all afternoon.

"He behaves so badly we have decided to make him stay at home for a time," said the teacher. "If he decides to behave he can come back."

"But," said the mother, "what on earth will I do with him all afternoon?"

When two women are pals for any length of time, you may know that they don't like the same type of man. Meow

Babies are swallowing tin automobiles, tacks, pins and buttons in profusion. What a crop they will make for promoters!

The news stories don't tell what the mothers are doing while the babies are gulping down their playthings.

It is considered good business to pension people who have been 25 years or more in one job, but wives get pensioned after a few weeks of married life, and those who ask the most are, as a rule, those married the shortest time.

Some of the things that "nice women" do to get fortunes, make the women who are not nice seem so superior, when you stop to think it over.

A San Francisco girl sued a man for $20,000 because he "negligently struck her with a golf club."

Can you think of anything they haven't thought to sue for? If you can, please keep it to yourself."

A Pittsburgh man waited for years for his wife to use her return ticket to San Antonio. Then he got a divorce.

If he had known San Antonio, he would have waited six weeks and then gone after her. It's a fascinating place. The wife says she won't ever leave it.

To be strictly up to date the husband should sue San Antonio for alienation.

The time to wait for a wife in the city, when she has you standing on a street corner is 15 minutes. Then leave. Next time she will be there. Especially if you intend to go shopping.

For a wife out of town, wait six weeks and then issue an ultimatum.

◆ ◆ ◆

Bowie P.-T. A. to Give Program

Members of the Bowie P.-T. A. will meet at the school at 2:30 o'clock Wednesday afternoon when Mrs. J. A. Smith will give the devotionals and Mrs. Harry ten Brink will give a talk on "Know What Your School Is Doing."

Other features of the program will include a duet by Misses Theda Moore and Fern Cheyney and a chorus from members of the fourth grade.

Wichitan Gets Graham Contract

H. J. Naylor Low Bidder On $60,000 Auditorium

Special to The Record News

GRAHAM, Texas, March 5.—Bids were opened Tuesday afternoon for general contract on the Graham Memorial auditoruim in Graham and contract awarded to H. J. Naylor of Wichita Falls for $61,610.

Construction will start immediately.

Thirteen contracting firms from Fort Worth, Wichita Falls, Amarillo, Henrietta and Abilene bid for the contract.

More than 60 out of town material men were in the city when the contract was let.

Mrs. Hoover Plans No House Changes

WASHINGTON, March 5. (INS)—Mrs. Herbert Hoover plans no immediate changes in the conduct of the domestic affairs of the White House, it was learned today.

Upon the recommendation of her predecessor, Mrs. Calvin Coolidge, the present staff will be retained virtually intact.

Supervision of the multitudinous tasks of the big mansion will be left to the housekeeper, Mrs. Helen Riley, who was employed by Mrs. Coolidge. The chief cook, Kate Buckley, and the second cook, Maud Mulry, will be retained.

President Hoover has chosen to retain the same bedroom occupied by Presidents Wilson and Harding, on the southwest corner of the mansion.

Old Time Fiddlers To Compete in Amarillo

AMARILLO, Texas, March 5. (AP)—Champion old time fiddlers of 23 counties in Northwest Texas and Eastern New Mexico were scheduled to compete here Thursday night for the championship of the district.

Eck Robertson, who claims the world championship, is entered. He represents Lubbock.

Electra Society

Special to The Record News

ELECTRA, March 5.—Mr. and Mrs. W. C. Martin and daughter, Mary June, of East Roosevelt avenue were Wichita Falls visitors Saturday of last week.

Mrs. Bessie Walker of Dawson is the guest of her former school chum and room mate, Mrs. L. D. Crafton of North Waggoner street this week.

J. H. Harris of North Wichita street is reported to be much improved from his recent illness.

Misses Lois Reeves and Mary McGann of this city spent the week-end in Dallas and Denton, where they were the guests of relatives.

Miss Adelle Bunch was the guest of her parents in Amarillo over the week-end.

Miss Olena Hannah, of Electra, was a Wichita Falls visitor Monday of this week.

Mr. and Mrs. J. W. Malone of East Glisson avenue were the guests of Mrs. Malone's mother, Mrs. Haynes of Vernon.

Mr. Ralph Gault of Dennison spent Saturday and Sunday with his parents, Mr. and Mrs. G. F. Gault.

Mr. and Mrs. Lee Stiles of Electra are leaving Saturday for Missouri, where they will make their future home.

Mr. and Mrs. Paul Keese and Mr. and Mrs. H. M. Keese of East Glisson avenue were Vernon visitors Sunday.

Mrs. Ival Burnham and daughter Laura of Wichita Falls were Electra visitors Sunday the guests of Miss Doris Horton of East Glisson avenue. Miss Horton returned to Wichita Falls with them where she will spend the first part of the week.

Mr. and Mrs. M. Amos and children of Wilson, Okla., were Electra visitors Saturday and Sunday the guests of Mr. and Mrs. Joe Harvey.

COTTON ACREAGE SLUMPS

BROWNSVILLE, Texas, March 5. (AP)—Total cotton acreage in the Rio Grande valley this year will be considerably under 300,000, according to H. P. Boyd, vice president of the Valley Gin company, who has completed a cotton survey.

Citrus fruit, Boyd said, makes the inroads on cotton in irrigated districts.

SCREEN STAR DIVORCED

LOS ANGELES, March 5. (AP)—Lowell Sherman, screen and stage actor, obtained a divorce today from Pauline Garon, on the ground of desertion.

Young Artist on Program Today

Miss Eva Marie (Mickey) Ferguson, young artist from the Conservatory of Music, who will appear in several vocal numbers at the weekly hostess day at the Woman's Forum clubhouse at 12:30 o'clock Wednesday.

Miss Eva Marie Ferguson Featured In Hostess Day Program at Forum

Miss Eva Marie (Mickey) Ferguson, one of Wichita Falls' youngest artists, will be presented in a number of musical selections at the weekly hostess day at the Woman's Forum Wednesday at 12:30 o'clock. She will appear in a Spanish costume and will give two groups of songs, the first of which will include "Carmencita," and "Mercedes." The second group will be a number of children's selections, "My Rag Doll" and "Have You Seen My Kitty?" She is a student in the Wichita Falls Conservatory of Music and is the daughter of Mr. and Mrs. N. A. Ferguson.

Other interesting and attractive numbers on the program will be the style show presented by Mangel's shop under the direction of Mrs. Gertruda Green. Models will display all the latest fashions in dresses, coats, slippers and hats and accessories to harmonize. Added to the entertainment will be several selections by Jerry Hurt, artist announcer of KGKO.

Special hostesses for the occasion will be Mesdames C. P. Burton and Ben G. Oneal.

Sorosis Club to Have Texas Program

Members of the Sorosis club will meet with Mrs. I. W. Karrenbrock at her home Wednesday afternoon when Mrs. W. P. Lowry will lead an interesting "Texas Day" program. Roll call will be answered with "Beauty Spots of Texas," after which Mrs. Karrenbrock will the life of Stephen F. Austin, by Borker. Mrs. Lowry will give "A Few Texas Poets and Selections From Them," which will be followed by "Music of Texas Composers" by Mrs. H. D. Prichard.

EAT MORE SPINACH

CRYSTAL CITY, Texas, March 5. (AP)—Crystal City, the center of the world's largest spinach producing area, has inaugurated a campaign to raise $50,000 for a national "eat more spinch" advertising campaign.

Last Rites Today For J. A. Brannon

Funeral services for J. A. Brannon, 66, who died Tuesday at his home, 501 Calhoun street, will be conducted from the residence Wednesday afternoon at 3:30 o'clock. Burial will be in Rosemont cemetery.

Mr. Brannon has been a member of the Southern Methodist church and the Woodmen of the World for many years.

He is survived by his wife, two daughters, Mrs. O. T. Clark and Mrs. J. D. Lingo, both of Wichita Falls; one brother, John Brannon of Canute, Okla.; two sisters, Mrs. Byron and Mrs. Clark of Marlow, Okla.; and two half sisters, Mrs. Tom Jennings and Mrs. Walker of Marlow, Okla.

A million pounds in bar gold weighs 7 tons 8 3-4 cwt. and occupies a space of 17 cubic feet. It consists of 600 bars.

PLOWING WORK WELL IN HAND

West Texas Ground Preparations Made

DALLAS, March 5. (AP)—Rain kept farmers in the eastern portion of the 11th federal reserve district from planting but a small portion of their land during the last six weeks, the federal reserve monthly business review, issued today, said.

The delay in preparation, however, is partly compensated for by an excellent surface and subsoil season in the ground, a sustaining factor for crops in the summer months, the review added.

In the western half of the district, however, plowing operations advanced normality; small grains are in good condition and give prospects of the best crop in several years.

Despite low temperatures over most o fthe territory in early February, with a consequent shrinkage, livestock did not suffer severely. The physical condition of ranges have shown the usual seasonal decline, but livestock generally are going through the winter in good condition.

Cattle Receipts Slump

Although receipts at the Fort Worth cattle market during January and the first half of February were small, the market price has refused to feaet, continuing its downward trend, particularly on beef steers. The best wooled lambs reached $16 late in the month, the highest market since June, 1928.

January receipts and exports of cotton through Houston and Galveston showed a seasonal decline but exceeded those during the same month last year, the total receipts and exports this year being 157,410 and 83,719 bales respectively.

Continuing its upward trend, having broken all previous records four times in 1928, crude oil production showed a further increase in January. The total output of 24,240,900 barrels exceeded that of the previous month by 910,200 barrels. Sporadic increases in drilling operations were reported despite the decline in prices, but a letup was reflected in wildcat operations. Of 782 completions during the month, 445 were producers, yielding 450,006 barrels of oil.

"Deaths" Increase

The daily average production for Texas rose from 715,561 barrels in December to 746,618 in January because of substantial increases in Central West Texas, the Texas coastal and Southwest Texas fields.

The business mortality rate in the 11th district reflected a seasonal increase in January because of the credit strain incident to annual settlements, yet the increase was smaller than usual for the season, and both the number of failures and indebtedness involved were smaleir than in any January since 1920.

Construction work showed a sharp decline in January, the value of building permits in principal cities dropping 26 per cent as compared with December and 23 per cent as compared with the same month of 1928.

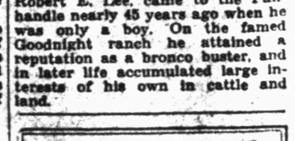

TRIO RENOMINATED

CAMERON, Texas, March 5. (AP)—Aldermen E. L. Brod, Logan Green and S. H. McDermott, whose terms expire next month, were re-nominated in a Democratic primary here recently.

Distant Cousin Of Davy Crockett Dies

CLAUDE, Texas, March 5. (AP)—With the death of Walter Ransom, 60, Texas saw the passing of another of the Panhandle pioneers.

Ransom, a third cousin of David Crockett and a descendant of Robert E. Lee, came to the Panhandle nearly 45 years ago when he was only a boy. On the famed Goodnight ranch he attained a reputation as a bronco buster, and in later life accumulated large interests of his own in cattle and land.

ASPIRIN

To break a cold harmlessly *and in a hurry* try a Bayer Aspirin tablet. And for headache. The action of Aspirin is very efficient, too, in cases of neuralgia, neuritis, even rheumatism and lumbago! And there's no after effect; doctors give Aspirin to children—often infants. Whenever there's pain, think of Aspirin. The genuine Bayer Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

Record News Daily Pattern Service

EXQUISITE FOR SPRING WEAR

Pattern 1671

The charm of printed and plain fabrics is delightfully shown in this model of separate blouse and skirt. The diagonal closing makes for slender and youthful lines. The skirt may be worn with other blouses, tucked inside or out. It is gracefully flared, with more fullness toward the front.

Many charming fabric combinations suggest themselves for the development of this design, 1671. Printed and plain silk; brocade and satin; tweed and jersey; jersey and silk. It is one of the most versatile styles presented for spring wear, and the smart woman will adore it.

May be obtained only in sizes 16, 18, 20, 34, 36, 38 and 40.

Size 16 requires 2⅛ yards printed and 1¼ plain fabric, 40 inches wide.

This model is easy to make. No dressmaking experience is necessary. Each pattern comes to you with simple and exact instructions, including yardage for every size. A perfect fit is guaranteed.

Patterns will be delivered upon receipt of fifteen cents (15c) in coins carefully wrapped or stamps. Be sure to write plainly your name, address, style, number and size wanted.

Our latest fashion book will be sent upon receipt of 10c in coin. Address all mail and orders to Record News Pattern department, 243 W. Seventeenth street, New York City.

ALBERT VESTAL NEW GOP WHIP

Indiana Solon Leads House Republicans

WASHINGTON, March 5. (AP)—Representative Albert H. Vestal of Anderson, Indiana, was unanimously elected by the Republican committee on committees today to serve another term as whip in the next house. He has served six terms in the house.

The committee on committees also re-elected the membership of the Republican steering committee, and prepared the way for the special session by appointing new members to the agriculture and ways and means committees, which will formulate farm relief and tariff revision measures for the special session.

Representative Elbert S. Brigham of St. Albans, Vermont, was appointed to the agriculture committee to take a new place created by action of the committee on committees in increasing the Republican majority on all committees composed of 21 members because of the increased Republican majority in the new congress.

Representative James A. Frear of Hudson, Wis., a former member of the ways and means committee, was appointed to the committee to fill a vacancy created by the death of Representative Faust of Missouri.

Representative Lloyd Thurston of Osceola, Iowa, was chosen a member of the rules committee, to succeed Representative C. William Ramseyer, of Bloomfield, Iowa, who left that committee during the last session to sit with the ways and means.

Lions Club Play To Aid Zoo Fund

Attempts to raise funds for the construction of a housing place for animals of the municipal zoo will be made by the Wichita Falls Lions club when they stage "The Drama of Life," March 23 at the Memorial auditorium.

The zoo building is to be erected in Scotland park and will cost around $12,000, it was estimated by Dr. R. H. Graham, president of the club. About $4,000 has already been raised toward the construction of the building, Dr. Graham said.

The play is composed of a cast of 300 people, all of which are to be home talent. A rehearsal of the cast will be held Tuesday night at 7:30 o'clock in the ballroom of the Kemp hotel.

The show was adopted from "The Invisible Fulcrum" by J. J. Gilbert by Miss Genevieve Gilbert of Los Angeles.

Convict Labor for Cement Plant Urged

OKLAHOMA CITY, March 5. (UP)—An appropriation of $1,000,000 for a state owned cement plant is sought in a bill introduced in the legislature today by Representative Walter E. Jacobs of Coalgate.

The bill provides for a board of three members to operate the plant. One would be named by the house, one by the senate and the third by the governor, the senate to confirm the governor's appointees.

Convicts would be worked in the plant and would be paid 50 cents a day, half of which would go to their dependents and the other half to the convicts' accounts at the penitentiary.

Cement would be sold to the state at cost for construction of highways and public buildings.

Radium Poisoning Treatment Studied

COLUMBIA, Mo., March 5. (UP)—Within a year a definite conclusion will have been reached relative to the possession of a treatment for radium poisoning, Dr. Herman Schlumdt, professor of physical chemistry at the University of Missouri, said today.

"Knowledge of radium poisoning is fragmentary as yet," he said today, "but there is hope of much development in the near future."

WORTH $10 A BOTTLE DECLARES TURNER

Feels 100% Better Since Taking Orgatone—Suffered 10 Years, Says Shannon, Texas, Man

"I suffered for about ten years, from stomach trouble and indigestion, and got to where I could hardly eat a thing, but since taking Orgatone I feel 100 per cent better," said E. Turner, of rural route two, Shannon, Texas.

"I had typhoid fever and it left me in bed for two years and I could never get anything to build me up or give me the needed strength or energy. This fever settled in my back and sides, which caused severe pains. Food soured on my stomach, causing gas and bloating spells, and the gas pressed around my heart until at times I could hardly get my breath. I was in a very run down condition and kept getting worse. My kidneys were bothered too, for I had to get up three and four times every night and was never able to get a good night's sleep and always heard the chickens crowing every morning. I was very bilious and dizzy and got so weak at times I could not stay up, and had terrible headaches.

"My son recommended Orgatone to me and insisted that I try it and it has certainly been a wonderful medicine in my case. Orgatone is simply worth $10 a bottle and if I couldn't get more I would not sell my bottle for that. Those terrible pains in my sides and back are gone, and I'm not bothered with gas or bloating spells at all now. I don't have those dizzy, bilious spells and my kidneys are regulated and I have more strength and energy than I did. I feel like a different man. Orgatone sure brought me out of bed, and I have recommended it to all of my friends and some of them have gotten good results, too. I am glad to say a good word for it."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Wichita Falls exclusively by the Allison's Drug store, under the personal direction of a special Orgatone representative. Out-of-town customers are being supplied by mail, one bottle $1.25 or six bottles for $6.25.—Adv.

FARRELL POSTS DAIRY RULES

Rules for Grade A and B Producers Issued

The requirements to be fulfilled by grade A and B dairies were posted in local dairy firms Tuesday by Dr. J. H. Farrell, city food inspector.

The requirements are from the standard milk ordinance and must be fulfilled in order for dairies to maintain high ratings, Dr. Farrell said.

In the requirements for dairy barns the poster read that all cows must be given tuberculin tests, that the floors must be of concrete and cleaned after every milking and that the walls and ceilings of the barn must be painted.

Fly control, cleanliness and necessity of concrete or wood floors covered with linoleum were stressed in the requirements for the milk room while the necessity of disinfecting all utensils and cleanliness were stressed in the article on "utensils."

Articles on milking and bottling and capping of the milk stressed the necessity of disinfecting bottles and caps, keeping milk at 50 degrees until it reaches the consumer and the cleanliness of the cows and milkers.

Mother Freed After Poisoning Her Children

LITTLE ROCK, Ark., March 5. (UP)—A young mother who gave her two daughters poison and then swallowed some of it herself in a double murder and suicide plan was free today to mourn the death of one of the little girls and to nurse the other back to health.

The Pulaski county grand jury late yesterday dismissed the charge of first degree murder against Mrs. A. C. Calhoun, 27, for poisoning Pauline Eugenia, 7, and Betty, 5. Pauline succumbed to the poison.

JUNIOR C.-C. MEET TODAY

Membership Committee to Be Called Friday at 10

A meeting of the membership campaign committee of the recently inaugurated junior division of the chamber of commerce will be held Friday morning at 10 o'clock, according to Hubert M. Harrison, general manager.

It has been decided, Mr. Harrison stated, that the membership fee in the new organization will be $12 annually. Membership will be open to men under 35 who are not engaged in business for themselves. They will hold full membership in the chamber of commerce, it was stated, but will work in a junior division which will elect its own corps of officers.

Since the announcement of the formation of this new division was made last week, it was said, numerous inquiries and expressions of active interest have come to the chamber of commerce offices. Those in charge of the movement anticipate the enrollment of a large membership during the next few months.

Harrison Tells Purpose

Referring to the junior division of the chamber of commerce, Hubert M. Harrison, general manager, issued the following statement Tuesday afternoon:

"In organizing the junior division of the Wichita Falls Chamber of Commerce, we desire to have the benefit of a closer contact with a large group of younger business and professional men, who desire to have a part in the contructive progress of the community. Men under 35 and who are not in business for themselves will be invited to join the present organization at $12 per year. Many younger men who already belong to the chamber of commerce and are paying the present minimum membership rate of $25 plus larger budget subscriptions, may prefer to work in the junior division. They will be invited to do so if they are under 35 years of age.

Seek Younger Men

"We are not putting membership in junior division on a strictly financial basis. We want this additional man-power and constructive effort and believe it will extend to a large group of men a valuable opportunity for service to the community and pleasant association.

"The members of the junior division will be members of the chamber of commerce just as the present members. The junior division will be granted the privilege of electing their own officers and directors. They will have the counsel and advice of the senior directors and the services of the staff."

Rule Girl Wins Place On College Honor Roll

Special to The Record News

RULE, Texas, March 5.—Miss Mattie Lee Leon of this city, who is a freshman in the Southern Methodist university at Dallas, has been put on the honor roll at the close of the first semester for the session of 1928-29.

Only students who have no grade below B are listed on this roll. This is a distinction, for carefully compiled records show that students who do well in college achieve success in after life.

Woman's Disregard for Caution Leads to Blighting Accidents

"It Is Because Women Will Not Look Where They Are Going or Use And Ordinary Caution to Prevent Accidents That There Are So Many Feminine Broken Bones," Observes Dorothy Dix.

Preparedness should be the motto of every woman. Especially should it be the watchword of every wife and mother.

But it isn't. The average woman apparently never even has an apprehension that Old Man Trouble may be lurking somewhere behind the bushes on her road of life, and that he will get her if she doesn't watch out. She sees where thousands of her sisters have skidded over into the ditch and made wrecks of their happiness, but it doesn't cause her to put on the brakes and drive carefully when she comes to negotiate the hairpin turns.

It is because women will not look where they are going or use any ordinary caution to prevent accidents that there are so many feminine broken bones. They literally bring down upon their own heads misfortune that never could have befallen them and then, when it is too late, they set about trying to repair the damage they have done.

That is why the world is full of women who are shedding tears over the milk they have spilt, and futilely locking the door of the garage after husband has gone off joyriding with another lady.

To most women the two things of most vital importance are keeping their husband's love and having their children turn out a blessing to them instead of a curse, and that many of them do not solve the problem of how to do these things is proven by the number of philandering husbands and divorces and the hoodlum youngsters that we see all about us.

The failure of these women is due solely to their lack of preparedness. They tackle their job too late, after the opportunity to make a success of it has passed by. They utterly disillusion a man, and then try in vain to cast a spell over him. They kill love and then attempt to breathe back life into its corpse. They drive their husbands away from them and then demand to know how then can win them back again. Too late! Too late! Forever too late!

There are thousands upon thousands of wives who never make one effort to hold their husband's affections until they suddenly realize that they have lost them. Then they beat it to the beauty shops, and begin counting their calories, and buy flapper clothes, and try to be chummy, but they are 10 or, 25 or 30 years too late. No woman can conjure a man a second time. No woman can patch together the ideal she has shattered and make it whole and beautiful and desirable to a man once more.

There is just one sure way by which a woman can guarantee her husband's faithfulness and be sure that when they are middle-aged he won't be running off after flappers and paying her to divorce him, and that is by preparedness. By beginning on her wedding day to vamp him and keep him vamped. Every man is head over heels in love with the woman he marries, or else he wouldn't undertake to support her the balance of her life, and it is up to his wife to keep him from ever falling out of love with her. She can do it if she will.

Therefore, if a wife wants her husband to be a fireside companion, she must make her home the pleasantest place he knows to spend his time in. If she wants him to think her still young and beautiful, she must keep herself clean and neat and attractively dressed, and never let him see her dirty and sloppy and slovenly. If she wants him to be chummy with her, she must be companionable, interested in all he does and says. If she wants to make him immune to gold-diggers, she must be a more adroit salve-spreader than they are. If she wants him to be still in love with her on their silver wedding day, she must have shown him every day of every year how much she loved him and how much she appreciated all he did for her, and bound him to her with cords of made of sweetness and tenderness and understanding.

No man who has this kind of a wife ever tires of her, but the woman who wants to keep her husband must start on her program of preparedness at the altar. She can't nag and fret and whine, and bawl a man out for everything he does and doesn't do, and henpeck him, and put the children over him, and yawn in his face when he tries to tell her about his business for 30 years and then suddenly turn around and turn him into a bridegroom once more.

To keep always in fighting trim and armed to the teeth with the newest and most lethal weapons is as arduous a task for a woman as it is for a country, but it insures the safety of both. The prepared are not likely to be attacked, and if they are they have their defense all ready.

It is not the happily married men who want to swap old wives for new. It is the disgruntled husbands whose wives bore them or nag them to death or starve them for affection. The only way to keep a husband faithful is to keep yourself so attractive he will never know there is another woman.

Obviously preparedness is the only weapon you can use in dealing with children. Children's characters are formed in the cradle. When their little minds are soft and pliable their mother can mold them into any form she chooses, but after they have hardened into form it is too late.

You can teach a baby to be courageous and bite back its cry when it gets hurt. You can teach it self-control. You can teach it obedience and reverence and respect. You can teach it habits of industry and thrift. You can teach it to be honorable and honest and clean-minded. In so doing you can assure to yourself that your children will be an honor to you and a crown of glory to your gray hairs.

You cannot spoil and indulge them, and let them grow up lazy and indolent and self-indulgent, and without any moral stamina or backbone, without their becoming weaklings who will be failures in life and a disgrace to the parents who bore them.

So that is why I say that preparedness should be the slogan of women.

—DOROTHY DIX.

Panhandle Cattlemen Urge Higher Tariff

AMARILLO, Texas March 5. (AP)—A higher federal tariff on beef was demanded of the United States government in a resolution adopted here today by the Panhandle Livestock association convention.

Quanah Acquires Last Strip in New Road

Special to The Record News.

QUANAH, Texas, March 5.—The last strip of right of way on highway No. 51 north to Red river has been acquired from C. T. Watkins, through whose lands this road runs for three and one-half miles. The route has been surveyed, checked and re-checked, and the county engineer is now in Austin completing details with the highway commission preliminary to advertising for bids for grading and drainage structures.

Contractors are now working on the south end of this highway No. 51 to Pease river, several miles already graded and bridges built.

When completed this will give Hardeman county a paved highway across the county east and west and north and south, both roads through Quanah.

Salary Increase for Solons Reconsidered

OKLAHOMA CITY, March 5. (UP)—The house today voted to reconsider the state salary increase bill voted down yesterday.

The bill was re-referred to the committee on fees and salaries, but retained its place on the calendar under the motion.

It provides salaries starting at $10,000 per year for the governor and ranging downward. Sponsors of the bill said it would be amended to reduce increases to some of the minor offices but the governor's salary would remain unchanged.

DAWES GOES TO EVANSTON

General Later to Go to Santo Domingo

WASHINGTON, March 5. (INS)—Former Vice President and Mrs. Charles G. Dawes took official leave of Washington today at 3:15 p. m., when they boarded the second section of the Baltimore and Ohio capitol limited for Evanston, Ill., their home.

The entire staff of senate employes was at union station to bid them farewell informally, and, acting for his fellow employes, the smallest page in the senate presented Mrs. Dawes an enormous corsage of orchids.

After spending a few days at home, Dawes will leave for Santo Domingo March 25, to study the financial affairs of that country.

Sore throats need this Double-Treatment

RUBBED on the throat, Vicks relieves in two direct ways:

(1) Its vapors, released by the body heat, are inhaled direct to the air passages; and

(2) At the same time Vicks "draws out" the soreness like an old-fashioned poultice.

Five Styles Sketched from Stock

EVERY GARMENT is GUARANTEED fast color—every garment is guaranteed to wash and wear satisfactorily

You'll need a supply of smart wash frocks for Spring and Summer. Choose them now from this wonderful new assortment of individual styles.

SEE THEM IN OUR WINDOWS

Wichita Falls women know what Georgiana Frocks are—they bought hundreds of them last year from Saul's. These are smarter styles, more beautiful materials than ever. They are finely made to the last details, and are exceptional at this price.

MILLER PAROLE GETS APPROVAL

Convicted Custodian to Get Freedom

WASHINGTON, March 5. (INS)—Attorney General Sargent today approved the parole of Thomas W. Miller, former alien property custodian, sentenced to Atlanta prison, charged with conspiracy to defraud the government in connection with manipulation of property seized from Germany at the outbreak of the war.

Under the order, Sargent's last official act as attorney general, Miller will be paroled May 7.

He was convicted in the federal court in New York and former Attorney General Daugherty, a co-defendant, was acquitted.

Druggists Plan To Observe 'Remedy Week'

CHICAGO, March 5.—The good samaritan figures in the 1929 "First Aid-Home Remedy Week." This annual merchandising festival arrives with St. Patrick's day, continues March 17-23 and marks the eighth anniversary of the plan dedicated to drugdom by Sterling Products, Inc., in 1922 and immediately sponsored by the National Association of Retail Druggists.

Secretary S. C. Henry of the N. A. R. D., out of long experience, says: "No one knows better than the average retail druggist how much needless suffering there is because of making provision for the hour of need which is sure to come when sudden illness or unforseen accident calls for immediate attention."

"Quick Relief Insurance" is the new definition of first aid-home remedy week's objective, and is thus bringing the nation's "health service stations" into closer every day life.

Boy Scout Troop at Rule Is Reorganized

Special to The Record News

RULE, Texas, March 5.—The Boy Scout organization of this city has been reorganized, with Rev. C. R. Thompson, pastor of the Rule Methodist church, as scoutmaster. There is a complete troop, and it is expected within a few weeks to have two full troops. In the near future a "father and son banquet" is planned. The scouts have suitable quarters, and each patrol has furnished a room for their own use. An auxiliary, or cub Boy Scout organization is planned for the boys who are not old enough to join the regular Boy Scout organization.

Today's Radio Program

WEDNESDAY, MARCH 6
(By The Associated Press)

Programs in central standard time. All time is p. m. unless otherwise indicated. Wavelengths in left of call letters; kilocycles on right. Clear channel station programs in detail, with an appended list of some of the more important regional stations.

Reward Offered For Kansas City Bombers

KANSAS CITY, March 5. (AP)—Alarmed by repeated bombings, believed carried out by "racketeers," the Kansas City Chamber of Commerce and the employers' association today joined in offering a reward of $5,000 for information leading to the conviction of anyone for such destruction of property.

The action by the organizations followed the bombing last night of an apartment building under construction in a fashionable neighborhood.

U. S. TO ASSIST GIL IN FIGHT

Arms Will Be Sold to Mexican Government

WASHINGTON, March 5. (US)—The United States will assist the Mexican government in suppressing the revolution in that country, it was learned at the White House today.

This will be done through the simple, but heretofore effective expedient of permitting the government of President Portes Gil to obtain arms in this country. While denying that privilege to the rebel factions.

The Mexican problem was the first matter to be brought to the attention of President Hoover when he went to his office this morning. He called Secretary of State Kellogg into a conference and read carefully the reports from the American diplomatic and consular officers in Mexico. Later Secretary Kellogg returned with additional information.

After the conference it was announced that the president would continue the policy of the previous administration. This was established when the government of the late president Obregon was threatened with overthrow. The United States permitted Mexico to purchase a large number of rifles, ammunition and airplanes from army stores. This material enabled General Obregon to administer a severe defeat to the revolutionists.

Shortly after that and to prevent arms from falling into the hands of revolutionists the United States in January, 1924, placed a general embargo on all shipments of munitions. That embargo still is in effect.

However, the state department has the authority to issue a license for the sale and shipment of arms to the constituted Mexican authorities should it be requested and President Hoover has decided to issue such a license should it be applied for. He may even decide to make sales from army stores.

So far as could be learned the Mexican government has not yet made a formal request for assistance from the United States, although one is expected should the situation warrant.

Fort Worth Pastor To Aid in Rule Revival

Special to The Record News

RULE, Texas, March 5.—Rev. L. L. Cooper, a noted evangelist of Fort Worth, will assist the pastor of the First Baptist church of Rule, Rev. C. E. Ball, in a two weeks' revival meeting, commencing on Wednesday, March 20.

'WELL DONE!'

Raw or Soft Boiled Eggs May Cause Tuberculosis

VIENNA, March 5. (INS)—Man can acquire an intestinal tuberculosis by partaking of raw or soft boiled eggs from hens infected with tuberculosis, according to Prof. E. Loewenstein, well known Viennese lung specialist.

Professor Loewenstein, in a recent publication, advises people to eat only hard boiled eggs, which, just like cooked or roasted chickens, are perfectly harmless.

Marietta Abstractor Given Pen Sentence

OKLAHOMA CITY, March 5. (AP)—James R. Loden, former Marietta abstractor, today was under sentence of three years in the federal penitentiary at Leavenworth, following a plea of guilty to a charge of using the mails to defraud.

Loden was alleged to have forged a deed on a farm near Gainesville, Texas, belonging to his brother, in order to borrow $8,000 from the Godfrey Investment company. In the second case he was charged with using the mails to defraud in the operation of a fraudulent cotton brokerage business.

Electra Club Gives Annual Charter Ball

Special to The Record News

ELECTRA, Texas, March 5.—The T. G. F. club entertained with a second annual charter ball on Thursday evening. The dance was given at the country club. Mrs. L. K. Williams was chaperon.

Those present were Misses Madeline Williams, Blanche Chowning, Ruth Dietz, Wilma Donnell, Vera Prince, Helen Robison, Christine McDonnald, Neva Herd, Virginia McDonnald, Lilli Mae George, Ocelle Terry, Lucia Magee, Babe Helen Jennings, Laura LeBus, Eloese Wofford, Lois Gibson, Juanita Grisham and Mildred Pilkerton; Messrs. Buddy Wilcoxen, Cleves McDonnald, Hugh White, Ivan Davis, Alton Miller, Ralph Prince, Earl Moses, Jack Wilson, Thurman George, Morris Williams, Everett Delashaw, Haskel Henson, Dennis Head, Lefty Osborn, Othal Loftis, Paul Head, Clinton Waters, Lonnie Grisham, Pete Weaver, J. M. Ashley Jr., Robert Kingman, Willis Jennings, Worth Shannafelt, Tom McDonnald, Fred Terrel, Ben Ripy, Herman Grubbs, Bob Stone, Cloyd Smith and Langford Asbill.

WACO RECTOR SPEAKS HERE

Special Lenten Services At Episcopal Church

The fourth mid-week service in a series arranged in connection with the observance of Lent will be held at the Church of the Good Shepherd Wednesday night at 7:30 with Rev. C. W. Sheerin, rector of St. Paul's church, Waco, as the speaker.

Out of town leaders have been secured for all but the first and last of the special Lenten services. The Rev. G. R. Feemer of Dallas and the Rev. Peter Sears of Houston will be here for the meetings on the two coming Wednesdays, March 6 and 13, according to Rev. William D. Bratton, local rector.

The Rev. Sheerin, who gives the sermon Wednesday night, was formerly the curate of St. Thomas church in New York, and later the rector of the Trinity church at Fredericksburg, Va.

Three Magazines Will Carry Coolidge Articles

NEW YORK, March 5. (UP)—Calvin Coolidge has chosen magazine writing as his occupation for the immediate future.

Three magazines—Cosmopolitan, Ladies' Home Journal and the American—have arranged with Mr. Coolidge for articles on the presidency. The first of them will appear Friday in the April issue of the Cosmopolitan.

Terracing School to Be Held in Haskell Soon

Special to The Record News

RULE, Texas, March 5.—A terracing school will be held in Haskell at the fair grounds on Thursday, March 7. A. K. Short of the conservation and terracing department of the Federal Land bank of Houston and M. R. Bentley, farm engineer of the A. & M. college, will be present. The morning session of the school will be held at the Haskell county fair race tracks at 9:30 where the fundamentals of setting up and adjusting the farm level in running terrace lines will be taught. In the afternoon M. R. Bentley will speak on soil conservation. A. R. Short will speak on soil erosion. A large attendance is expected, as the farmers of Haskell county are interested in terracing, as they have had several years experience under the guidance of the efficient county agent, W. P. Trice. It is estimated that one-fourth of the county has terraced farms at the present time.

Knickerbocker Pupils To Give Optimist Program

Pupils of the Knickerbocker studios will furnish the program of entertainment to be given before the Optimist club members at the weekly meeting Wednesday noon at the Kemp hotel, according to L. E. Stone and Herbert Hausler, members of the program committee.

Misses Mary Belle Roberts and June Louise Young are announced as solo dancers, the latter appearing in a class dance, with the chorus composed of Misses Peggy Marie Glass, Betty Sue Tennyson, Joyce Janice Hall, Emma Louise Norris, and Mary Ann Renfro.

Readings will be given by Jack Frank and Billy Murph.

200 Attend Dairy Short Course at Littlefield

Special to The Record News

LITTLEFIELD, Texas, March 5.—More than 200 people attended the short course for dairymen held here on March 1 in the Palace theater. Mr. D. D. Eaton, county agent of Lubbock county; Mr. R. W. Thomas, manager of the Anderson-Clayton farms at Plainview, and formerly county agent of Hale county, made interesting and instructive talks to the meeting along dairying lines.

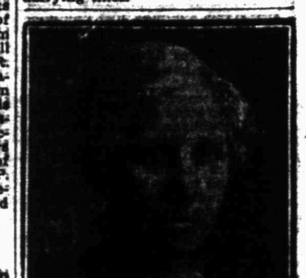

Health of Skin and Hair follows daily use of

Cuticura

Soap and Ointment. Teach your boy that the care he gives to his skin and hair in youth, is the basis of a clear complexion and healthy hair in later life.

Soap 25c. Ointment 25c. and 50c. Talcum 25c. Sold everywhere. Sample each free

Address: "Cuticura," Dept. 6P, Malden, Mass.

Helped at Change of Life

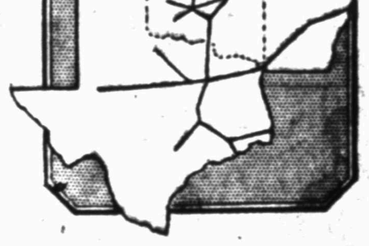

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine at the Change of Life. I would get blue spells and just walk the floor. I was nervous, could not sleep at night, and was not able to do my work. I know if it had not been for your medicine I would have been in bed most of this time and had a big doctor's bill. If women would only take your medicine they would be better."—Mrs. Anna Weaver, R. F. D. No. 2, Rose Hill, Iowa.

Lydia E. Pinkham's Vegetable Compound

Expert telephone workers begin task of constructing 2,300 mile network of storm-proof, dependable, underground cable.

Map of the new underground cable system.

a 45 million dollar

Subway~for your voice

UNDERGROUND—beneath fields and valleys, across mountains, under rivers—will go the wires of a new long distance telephone system, built to serve the Southwest.

Twenty-five hundred miles in length, costing 45 million dollars, the new system will consist of underground telephone cable—a "subway" for your voice—safe, fast, modern.

Its purpose: To provide enough circuits to care for growing long distance traffic—to insure that these circuits will rarely be interrupted by storms, fires, floods.

Heretofore, most long distance lines have been constructed *overhead* and interruptions of service from such causes have been emergencies to be feared.

Completed, the system will mean long distance service more dependable than ever before.

It will be fast. Some cables contain more than 300 circuits—as many wires as ten heavy pole lines carry.

How underground cable looks.

It will be safe—from wind storms, from sleet, from fire.

It will be dependable. At 50-mile intervals "repeater" stations as large as the ordinary exchange building will be erected. Here the voice current will pass through powerful vacuum tubes, going on its way with renewed strength.

Further, by acting as a trunk line for long-haul traffic, the cable will release hundreds of miles of long distance pole lines. These will be free to handle traffic over shorter distances, between smaller towns.

Here, indeed, is a project that provides a modern rapid-transit system for your voice!

SOUTHWESTERN BELL TELEPHONE COMPANY

Tires for the new Ford are specially made to give long wear

WHEN the new Ford was designed, it was immediately apparent that a new tire would have to be made to match the car's performance. It was distinctly a new problem, for here was a car with quicker acceleration, greater speed and more braking efficiency than any car of similar size or weight.

So that every Ford owner might be assured of maximum tire mileage at the lowest cost, the Ford Motor Company devoted many months to research and experiment in conjunction with the leading tire manufacturers.

As a result, certain definite specifications were developed for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and side-wall rubber, sturdy non-skid design, and reinforced plies for protection against bruise breaks—all the strong features of construction formerly considered for only the largest tires.

Great care also was taken to secure the best riding qualities in connection with the transverse springs and Houdaille shock absorbers used on the new Ford.

Though the Ford tires are 30 x 4.50 in size, they have the resiliency and air space of much larger tires because of the drop center rim of the steel spoke wheels.

Another unusual feature of the new Ford tires is the provision for balancing the tire assembly. Every tire is marked on the side-wall with a red spot to show where the valve stem should be when the tube is inserted. This is just a little thing, but it assures a uniformly high standard of tire performance at all speeds.

For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low inflation breaks down the side-walls of a tire. By causing overheating, it also destroys the rubber that acts as an insulation, with consequent separation of the cord.

At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent the possibility of premature wear of the tires.

When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

FORD MOTOR COMPANY

POLICE CHIEF REVIEWS CASE

'Investigation' Arrests Common, Says Burns

The arrest and holding of A. P. Baker in the city jail for a night on Feb. 24 was in accordance with the city laws, and the practice of police departments all over the nation, Chief of Police Frank Burns said Tuesday.

Mr. Baker appealed his case to the city council Monday night in its regular weekly session, asserting that he had been arrested without cause and held without being allowed to communicate with his family.

Chief Burns said Tuesday night that it was not the policy of the police department to encroach upon personal rights or to make unwarranted arrests, but that it was his hope to take all steps possible toward the enforcement of the law.

It is customary to arrest persons for investigation, and to make inquiries before they are released, Mr. Burns said.

Chief Burns said that "investigation" cases were not booked on the corporation court docket.

Western Union Makes New Cut in Cable Rates

The Western Union Telegraph company announced two drastic reductions in its over night cable rates to Great Britain and Ireland Tuesday. The company's rate for short cable night letters is reduced from nine cents to seven per word, or 22 per cent, and the rate for short week-end cable letters is reduced from eight cents to six cents per word, or 25 per cent. Both of these reduced rates had been in effect by Western Union for a short time previously but in conjunction with lengthy messages of not less than 50 and 100 words respectively. These minimums are now reduced to 25 words under the new tariffs, a 25-word cable night letter may be sent from Wichita Falls to London for $1.75. The previous rate was $1.85 for a 25-word night letter. The new week-end cable letter rates permit the sending of a 50 word week-end cable letter between Wichita Falls and London for $1.50 as against a previous charge of $1.85 for a 25-word cable letter. The new rates mark the third reduction in rate for over-night services made by Western Union since the first of the year.

Government Insurance Open to War Veterans

Veterans of the world war may obtain government life insurance up to $10,000 whether they obtained insurance when they were in service, or if they allowed it to lapse after being released from the army, according to a notice received from the war veterans bureau at Washington by W. B. McBroom, city clerk.

Any amount up to $10,000 in multiples of $500 may be obtained under the new amendment to the government insurance law.

Dr. Leach on Program For First Aid Course

Demonstration of artificial respiration by Dr. A. F. Leach will feature a first aid course which will be presented in the scout headquarters at the Memorial auditorium Wednesday night, Frank E. Creighton, scout executive said Tuesday.

All junior assistant scouts, junior patrol leaders and patrol leaders were invited to attend the lesson Wednesday, Mr. Creighton said.

Manager of Kraft Plant Tells Story of Cheese Making

And Tech Club Finds There's "Real Romance" in Its History

Romance fluttered in the air at the monthly meeting of the Technical club Tuesday night. But this time it was the romance of cheese, with all its pungent and mysterious delicious food, were digested by C. L. Teisler, manager of the Kraft Cheese company here, as he showed a film depicting the processes of its manufacture here, and recited its "romantic" past.

Contrary to its odor and general belief, cheese has a real romance behind it, Mr. Teisler pointed out. By its entry into the world. A man nearly died of thirst. When it came into being it was in the middle of a scorching desert, with an Arab and his camel the only visible forms of life.

Mr. Teisler's story ran this way: The Arab, starting a long trek across the desert, had filled his "canteen" with milk. The "canteen," however, was not called that in those days; and was made of the dried stomach of a sheep.

The particular stomach that this Arab selected for his canteen, however, had not dried sufficiently. A considerable quantity of "rennin," a gland secretion, remained. This rennin curdled the milk the Arab had intended to drink, converting it into cheese just a short time before the traveler reached a particularly sweltering part of the desert.

Moping his brow, the Arab reached for the precious milk, lifting the container to his lips.

To his surprise, nothing came out. In the face of death from thirst, he put in his mouth the creamy and moist solid he found had taken the place of the liquid. It tasted pretty good, and it saved his life, so he had favorable reports of it to make to his companions when he finally reached his destination. Experiments followed until, years later, the manufacture of cheese reached what it is today, a tremendous industry.

The lowly Arab, Mr. Teisler further said, was not the only one to relish this dish. Members of the aristocracy of those days ate it, and moreover, Napoleon, in later years, was quite gourmandish over a particular brand that he caused to be named Camembert cheese, in honor of the town in France in which it was made.

Walton League Seeks Brooding Pond To Supply Fish for Lakes of Area

Steps toward the construction of a brooding pond at Lake Kemp to raise fish for stocking the lakes in this section of the state were taken by the Wichita Falls chapter of the Izaak Walton league in its regular monthly meeting Tuesday night.

The pond will be sponsored by the Izaak Walton league and fish raised in it will be used to stock lakes and ponds in this vicinity. A committee to investigate the possibilities of establishing the pond was appointed by Ben G. Oneal, president of the league.

Mr. Oneal and members of the league asserted that the establishment of the brood pond would insure an ample supply of fish being put in the lakes in this section and hailed the movement as the most constructive measure ever taken by the local league.

A special meeting will be called March 19 to discuss the action taken by the committee.

The Ikes also voted in favor of asking the state game commission to allow them to secure 20,000 bass for stocking Lake Kemp, 15,000 for Diverson lake and 10,000 for Lake Wichita from the state fish hatchery at Diverson lake. The league will also ask the commission to let them take 150 brood fish from Caddo lake for use in this section.

Mr. Oneal told members of the league that further steps would be taken in the organization of Izaak Walton chapters at Vernon, Electra and Graham and appointed a committee to aid him in the work of establishing the chapters.

The Ikes voted a resolution of sympathy to the members of the family of the late R. E. Miller.

Society Formed Here to Make Muny Zoo One of Best in Southwest

A movement designed by its leaders to effect a vast extension and interest in the Wichita Falls Municipal zoo was inaugurated Tuesday noon at a luncheon in the Wichita club with the organization of the Wichita Falls Zoological society.

According to Dr. R. H. Graham, Lions club president, who was named temporary chairman, the new organization purposes to enlist the active support of the entire citizenship of this city in developing a zoo here with a collection of wild animals and wild fowls unsurpassed in the Southwest. The zoo here was started more than two years ago under the leadership of the Lions club, and that organization has continued to sponsor the continued growth of the display now known as the municipal zoo and superintended by the park department of the city. The Zoological society, it was stated, will cooperate with the city officials in planning for spacious and permanent quarters in which to house the present collection, and to accommodate numerous additions in the future.

It was pointed out by Dr. Graham that large zoos in other cities contribute materially to their own support and to the development of zoological displays at other points through the sale of young animals.

B. D. Donnell, R. O. Kenley Sr., Lester Jones, J. T. Harrell, J. H. Allison, H. P. Hodge, R. E. Shepherd, Dr. R. H. Graham, Walter Nelson Sr., J. M. Spoonts, C. H. Clark, James King, J. L. McMahon, Bert Bradley, J. F. O'Donohoe, and R. R. Magee were elected Tuesday. Additional directors will be named, officers elected, and plans for a permanent organization made at a meeting to be held Friday noon in the Wichita club, it was announced.

A formal opening of the zoo is being planned for Easter Sunday, it was stated, with a program and entertainment, including an Easter egg hunt.

No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Blaumann's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That gnipey, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after meals will be replaced by a desire for entertainment. Sleeping will cease. Your tongue, arms and fingers will no longer feel cold and "go to sleep" because Blaumann's Gas Tablets prevent gas from interfering with the circulation. Get the genuine, in the yellow package, at any good drug store. Price 35c.

Always on hand at
RENFRO DRUG CO.

W. J. Holder Dies At His Home in Electra

Special to The Record News

ELECTRA, March 5.—W. J. Holder, 49, died at his home on North Main street at 9:30 o'clock Tuesday night after an illness of two days. Death was caused by heart trouble.

Mr. Holder, a native of Texas, moved to Electra from Farmersville 13 years ago. He is survived by his wife, one daughter, Miss Maurine Holder; a son, W. D. Holder, who is a student at the University of Texas; his mother, Mrs. Mary Holder, of Princeton; a brother and three sisters. Funeral arrangements had not been completed Tuesday night.

SPEAKER OF HOUSE ILL

AUSTIN, March 5. (AP)—W. S. Barron, speaker of the house of representatives tonight was being prepared for an operation for appendicitis. He was stricken today. It was said at the hospital tonight that it might be necessary for Mr. Barron to go under the knife before morning.

DAIRY SOCIETY NAMES HEADS

Five Counties Represented At Meeting Here

M. K. Emmert of Wichita Falls was elected president of an organization of dairymen of Northwest Texas and Southern Oklahoma which resulted from a meeting of dairymen from five or more counties in this district which was held Tuesday morning in the courtroom of R. V. Gwinn, justice of the peace.

The meeting was called by the agricultural committee of the chamber of commerce, of which Luke McCrory is chairman, in response to many expressions said to have been made by milk producers in this community urging the need of such an organization here.

Following the discussion of problems facing the milk industry here, and partial completion of organization, the body voted to hold another meeting next Saturday morning in the same room at the courthouse for the purpose of completing detailed plans of operation.

Other officers named Tuesday morning are M. McCulloch, vice president; Mrs. Emmett Johnson, secretary and reporter; T. T. T. Reed, treasurer; J. M. McFall, T. E. Ruddy, W. F. Palmer, Arch McKinley and G. C. McGown, directors.

Mr. McGown presided at the meeting pending election of Mr. Emmert as president. Wichita, Archer, Clay and Montague counties, Texas, and Cotton county of Oklahoma were represented.

Griffin Named Head Of Texas Electric Railway

DALLAS, March 5. (AP)—James P. Griffin was elected president of the Texas Electric railway at a directors meeting here today, succeeding Jack Beall, who died recently.

1,000 Greet Tige And Buster Brown Here

More than 1,000 Wichita Falls boys and girls assembled Tuesday afternoon at the Memorial auditorium to witness the free show staged by Buster Brown and his dog Tige.

The tricks and antics of Buster and Tige, as well as souvenirs advertising the Buster Brown shoes, received a warm reception from the youthful audience.

The Williams department store, agents here for Buster Brown shoes, sponsored the program.

Court Hears Divorce Cases on Opening Day

The March term of the 78th district court opened officially Tuesday morning with the calling of the docket and the setting of civil non-jury cases for the week.

Judge W. W. Cook heard and granted several of the 66 divorce suits set for the term during the day Tuesday. He announced that he will be at liberty to handle most of these cases during the present week, while no jury is waiting on the court. Judge Cook will enter judgment in a dozen uncontested civil suits Wednesday.

Our EZEFIT Trusses will hold the most difficult of ruptures. The KANTSLIP pad does just what its name implies. Fitted by us, your rupture troubles are over.

Mr. H. J. Gallagher

Expert Truss Fitter

From G. & M. Truss Company
Cincinnati, Ohio

Will Be at This Store Thursday, Friday, Saturday, March 7, 8, 9

For the opening of our new TRUSS DEPARTMENT, we will have with us Mr. H. J. Gallagher, an expert truss fitter from the G. & M. Truss Company, of Cincinnati, Ohio.

Mr. Gallagher has had years of experience in the fitting of trusses. We will carry a complete line of trusses for all forms of rupture for men, women and children. Also Abdominal Supports for obesity, Maternity Supports for the expectant mother, Appendicitis Supports to be worn after the operation, a safeguard against possible rupture(worn only until nature has healed up the incision.

This is your opportunity to meet a man who has had experience in fitting all the above appliances. Come in and let Mr. Gallagher explain the merits of the Kantslip Truss. In many cases it closes the intestinal ring and you can discard your truss in time. Remember, Mr. Gallagher will be with us

Thursday, Friday, Saturday, March 7, 8, 9

"Nothing stirs the heart like soft, smooth skin,"

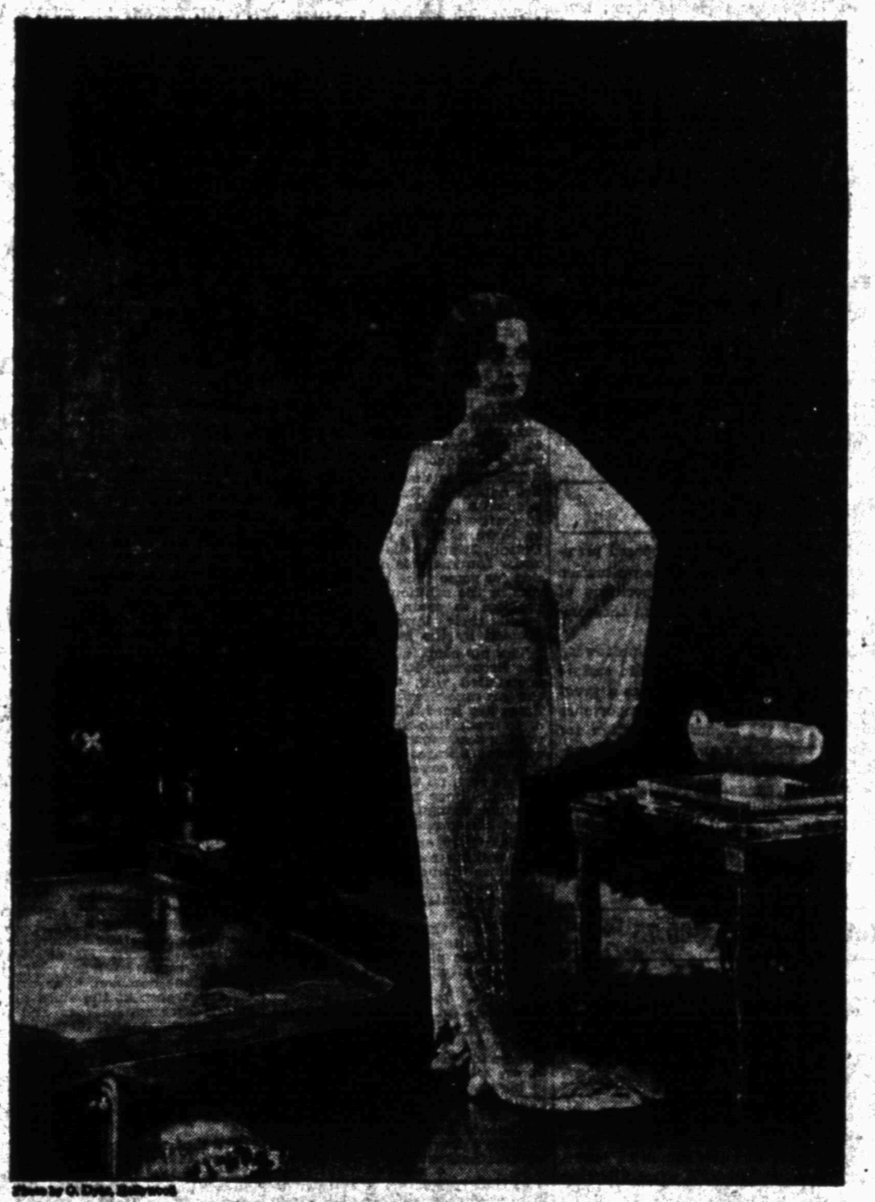

Photo by G. Eyde, Hollywood

say 39 leading motion picture directors

A GIRL with lovely skin, petal-smooth, has a delightful sense of *confidence*. She knows that she wins hearts wherever she goes.

Hollywood has found that it is only the girl with exquisite skin whose charm really wins and holds the great public.

As Lewis Milestone, Paramount director, puts it: "Smooth, exquisite skin is more captivating than anything else about a girl. A screen star *especially* must have perfect skin—for the cleverest make-up can't fake it under the fierce lights of the close-up.

"The girls who have achieved stardom," he goes on to say, "though they differ widely in type, all have this essential beauty of marvelous skin."

9 out of 10 screen stars keep their skin smooth with Lux Toilet Soap

When the popular close-up is being taken, the glare from the new incandescent "sun-spot" lights streams down on the screen star, and any defect in her skin would inevitably be registered on the highly sensitized film.

This is why, of the 451 important Hollywood actresses, including all stars, 442 are devoted to Lux Toilet Soap. They have found that this delicately fragrant white soap gives their skin the satin-smoothness necessary for the close-up.

In fact, so delighted are they with this soap that it has been made the official soap in the dressing rooms of all the great film studios.

You will be charmed with Lux Toilet Soap, too. Try it—today. *Remember: nine out of ten screen stars use it for smooth skin.*

BETTY BRONSON, Warner Brothers' star, says: "A star *must* have smooth skin—'studio skin'. I find Lux Toilet Soap wonderful for my skin."

MARY BRIAN, exquisite little Paramount star, in the bathroom of dark marble and gray-green tile which is one of the most luxurious built in Hollywood.

She is one of the 442 important screen actresses who use Lux Toilet Soap to keep their skin lovely and smooth. She says: "The charm of a perfect skin is a social asset to any woman, but for a star it is a business necessity, too! That's why so many stars guard the smoothness of their skin with Lux Toilet Soap—it certainly keeps 'studio skin' in perfect condition."

Mary Brian

Lux Toilet Soap

Luxury such as you have found only in French soaps at 50¢ and $1.00 the cake... now 10¢

MARIE PREVOST says: "A soap as delightful as the fine soaps of Paris is a joy. Lux Toilet Soap gives my skin a delightful satiny-smoothness."

Herbert Kaufman's

BY WIT AND WILL

Daily Editorial

AMERICA daily nails the lie that poverty and obscurity no longer have a fair chance. And the latest answer to that slander just rang from Washington, when the inaugural speech of Herbert Hoover, the blacksmith's son, was broadcast from coast to coast, over a radio net-work which mainly owes its existence to the genius of Sarnoff, the ex-messenger boy.

Our greatest department store chain was built by a former emigrant lad. And the newest combination of retail establishments was engineered by a recent trades-paper editor.

Lee Otwell and George Buckley, vice presidents of the National City bank, were soliciting advertising a little while back.

Rogers, head of the Addressograph corporation, got his start as a cash-register salesman. And Field, general manager of the Chrysler interests, sprang from the same ranks.

Not one of them climbed to present position without some slipbacks. Or with a helping hand.

Also, please note that they didn't long serve jobs inferior to their talents.

They believed themselves capable of bigger responsibilities than the cramping holes in which they were pegged, and kept changing until they found fitting openings.

Domination of the country's influence and capital is never the same two generations running.

◆ ◆ ◆

THE VANDERBILTS, Astors and Goelets can't match riches or prestige with any of a dozen families whose names hadn't crept into the news 20 years ago.

Five thousand millionaires have bobbed into notice since the great war—General Motors alone lists hundreds who were paying low-bracket taxes in 1920.

President Knudson of Chevrolet has hardly lost the callouses of a mechanic. And the 19th century was well over the line while Fisher, the body-builder, was still drawing the wages of a journeyman carriage-maker.

Everybody can't win at identical games. But each of us stands a show to succeed at something.

Almost every important career is scarred with occasional failure. Few men get their range when they first begin to fire away at life objectives.

Folks who have missed all targets didn't stick to any.

Visionaries are forever expecting political and social systems to equalize community shares and comforts.

But no form of government will ever be devised to cheat merit of its deservings, or lastingly confer unearned incomes and distinctions upon hang-backs and quitters.

Democracy, at best, can only generalize opportunity, and preserve open thoroughfares to wealth and power.

Individual wit and will must do the rest.

Today in Texas History

MARCH 6

1836—Guarded to the death by Travis, Bonham, Crockett, Bowie and others the Alamo fell into the hands of the Mexicans, an episode unparalleled for bravery in all history.

1859—The Austin Rambler had been sold to Carleton and Dohme.

1875—Texas in the throes of a terrific blizzard.

Two Bandits Procure $4,000 in Bank Raid

EVANSVILLE, Ill., March 5. (AP)—Two men today held up the Bank of Evansville and escaped with more than $4,000 after kidnaping Albert Schuette, cashier, and George Theobald, assistant cashier.

The postmaster at the Welsh village of Llanfairpwllgwyngyllgoferychwyrndroidwillandysilogogoch has resigned. You can't blame him for that.

Warden Lawes of Sing Sing finds that the average robbery nets $30.75. He ought to get some figures from a couple of the senate investigating committees.

Senator Heflin called the reporters squirrels the other day. You can't reproach a man for being a little squirrely with so many ripe nuts around.

New Glamor for Old

THE builders of this country had a number of highly picturesque ways of getting their work done. As we continue to modernize what they left us we tend, more and more, to pick up again the methods they used—but we leave out the picturesque parts.

Nowhere is this more true than in the field of transportation.

Until the railway network became established, there were three main forces of commercial transport in America; by river, by canal and by road. All were colorful, romantic and slow.

The railroads took business away from all three, being cheaper and faster. Now we are reverting to these three systems; but, going back to them, we are dropping the gay trappings that make the old woodcuts and the musty diaries of travelers seem so other-worldly and attractive.

The motor truck has revived highway transportation. Where the old, springless, creaking wagons, drawn by multiple teams of oxen or horses, lumbered over wilderness trails and mountain passes at a pace painfully slow, the modern 10-ton truck goes speeding along over concrete highways. The truck travels in a day farther than the old wagon traveled in a week, and carries five times as much to boot; but somehow it is not so nice to look at. Nobody will treasure old pictures of it in years to come.

It is the same with traffic on the rivers. The Mississippi and its tributaries were almost lifeless for years. Now great fleets of barges are coming into being, and plans are being laid for a comprehensive service extending from Kansas City and St. Paul to New Orleans. The beflagged old packet steamers, brilliant in white and gilt paint, are gone—too inefficient. The modern barges are replacing them; more useful, and far uglier.

The story is repeated on the canals. The horse-drawn barges that once plodded up and down the Erie canal, breeding a life and culture of their own, setting a leisurely pace and bringing into being a group that lived apart from the main currents of the day, are gone forever. In retrospect they make a fine picture. Their slow pace seems attractive to our modern feverish haste.

The same canal is coming into its own again—with steel barges that do not need horses and that, like the motor trucks, can outdistance and out-carry their old predecessors. But the new barges, like their river prototypes, are sadly unromantic. No one will ever write novels about them.

And there we are. We have grown so big and busy that we need every form of transportation we can get, and we are going back to the ways of our ancestors and moving goods by river, by canal and by highway as well as by rail. But we have not gone back far enough to pick up the lazy color that they had.

Or—are we mistaken? Over the heads of the modern bargemen and truck drivers soar silver airplanes—our newest method of transportation. We have discarded the old glamour; perhaps we are in the process of making a new one. It may be that the airmail and its allied commercial carriers will yet give us the color and romance that are missing on our canals, our rivers and our roads.

A Prohibition Suggestion

THE thing which occurs to us in connection with the proposed presidential commission which will investigate the prohibition situation is that Mr. Hoover cannot possibly overestimate the importance of selecting Americans of the very highest prestige to serve on the commission and that there is no American too big for the job.

One hopes that the recommendation will be of great value toward solving a tremendous national problem. And one can be quite certain that whatever attitude the commission takes will be subject to a great deal of criticism. Obviously, then, it becomes of paramount importance to have on this commission only men of the highest reputation for integrity, of proved and unquestioned competence and of motives concerned only with the future welfare of their country. This commission will be no place for anyone actively engaged in politics, for any second-rater or for any man blinded by prejudice.

With these facts in mind, we suggest the following commission: Chief Justice William Howard Taft, Justice Louis D. Brandeis, Justice Harlan Fiske Stone, Charles Evans Hughes, Elihu Root, John W. Davis and Owen D. Young.

An Average Robbery Nets $30.75

DESPITE the large-scale holdups and robberies that are reported daily, Warden Lewis E. Lawes of Sing Sing prison doesn't believe that crime pays.

The warden studied some figures in his penitentiary the other day, and discovered that the average robbery, during the year 1927, netted precisely $30.75. Sentences for these robberies, in turn, averaged better than 13 years apiece.

To be sure, these figures were taken from records of convicts—the men who got caught. If the figures of those who escaped were added in, the profits might average higher and the sentences lower. But it's a good indication, just the same. Crime isn't, after all, very profitable.

Texas-Oklahoma Press

THE ATTORNEY GENERAL'S OPINION

The reference by the governor of the bill to the attorney general's department for the opinion of that official on the constitutionality of the bill is a gesture which fools nobody. Attorney General Pollard and his department have consistently fought the bill since its introduction by the senator from this district. Pollard is the state official who filed the suits by which the state would take that to which it gave title, and by which the state seeks to recover many millions of dollars besides from those who have believed for years that they owned the land in question.

Pollard is the state official who discovered that the dry creeks of the Panhandle were navigable streams. A discovery which added no stars to his crown of office. —Briscoe County (Texas) News.

BETTER THAN BURGLARY INSURANCE

A lady customer who ran into the street and screamed is responsible for thwarting an attempt of four armed men to rob a bank at Burkburnett yesterday, according to reports received by this newspaper. It might be a good idea for all banks to have that kind of customers around. —Vernon (Texas) Daily Record.

TOONERVILLE FOLKS — Fontaine Fox

The Day Book of a New Yorker

Broadway Chatter by Grant Dixon

NEW YORK, March 5.—It is not uncommon for our popular magazines to regale their subscribers with thrilling stories of the adventure of princes and other members of the nobility in the prosaic world of American business. They are not without their tint of reality, in spite of their fine coating of romance.

In New York today there are a number of examples of men who enjoy titles, perhaps nothing more, working strenuously and seriously at varied tasks with the one objective of making successes of themselves. There is a Russian prince, living in Greenwich Village (a haven, by the way for many with titles and pseudo titles) who has earned his living as a longshoreman. Prince Murtski, once of the Czar's court, has been a chauffeur—not as a fad, but because of the serious necessity of earning a living. The Earl of Amherst, Lord Jeffrey, Hohlmsedale, is a Broadway reporter on a New York morning newspaper.

And there always will be with us, of course, the titled gentlemen who are hard at work trying to capture an heiress.

◆ ◆ ◆

New Yorkers have a way, sometimes irritating, of considering all the ideas they adopt as innovations. At present there is quite a bit of discussion about the new traffic plan enforced in the vicinity of Times Square by the recently appointed police commissioner, Grover Whalen—one of the first commissioners to wear spats, a cane and a silk muffler, all at once, to his office in the Center Street police headquarters.

The fact is that many communities outside of New York long ago adopted a similar plan for congested traffic hubs, notably such cities as Newark, N. J., Cleveland, Ohio, Detroit, Minneapolis and San Francisco. Innumerable other communities for some time have found success in the solution of the parking problem in main thoroughfares—and their formulas are being adopted by the metropolis.

The newsboy, more than any of the Broadway Racketeers, is well acquainted with the gullibility of the average New Yorker. When times are hard, all he needs to do is to rush into the street, wildly waving a newspaper, about some incoherent phrases with all the passion at his command and—presto! People rush up to him, throw nickles and dimes into his hand, disdaining change, and eagerly demand his wares.

When they open the paper they find nothing more startling in the headlines than something to the effect that "President Coolidge Shoots Two Pheasants," or "Hoover Lands Large Pike."

And even that dose of medicine fails to cure the credulity of the man of the street, whose ears always are attuned to the latest "sensation."

◆ ◆ ◆

Nearly everybody seems to agree that the Broadway theater is in a depressing condition this year. George M. Cohan, the veteran producer, who when everything else in his show failed, saved it for applause by waving a large American flag and bantering about patriotic sentiments, has this to say:

"Even a flag won't save the theater this season!"

◆ ◆ ◆

In that connection it is interesting to note the success of a group of artistic and imaginative gentlemen, headed by Christopher Morley, the novelist and humorist, whose theater in Hoboken, just across the Hudson from New York, is enjoying tremendous success.

Perhaps it was Morley's way of expressing his quaint humor to establish a theater catering to the sophisticates in such a remote place as Hoboken, anyway. But he had an idea. He and his associates resurrected an old play, which appeared upon the Broadway boards more than a score of years ago called "After Dark"; or "Neither Maid, Wife or Widow." It reeks with the aged aroma of the American theater's old idea of "thrilling" drama. But when a visitor goes to the Morley Theater he or she does not face the risk of being run out of the place by police just because of hissing cat-calls, stamping of feet or vociferous cheering of the hero and heroine.

So the weary first nighters have taken to this form of entertainment joifully. And eminent articles are even beginning to label "After Dark" as a "work of art."

◆ ◆ ◆

The passing of Chauncey Depew as the premier after-dinner speaker of New York—if, indeed, not of the entire country, has given rise to the question as to his logical successor. There are a good many about, including His Honor, Mayor James J. Walker. Mayor Walker has addressed so many banquets that on one occasion, upon making his appearance at the sixth dinner in one evening, he rose and said wearily (not to add, hungrily):

"Mr. Toastmaster, Ladies and Gentlemen: This is my sixth banquet tonight. If you will pardon me, I shall forego any lengthy address, since I wish to hurry home and get a bite to eat."

◆ ◆ ◆

For that matter, Otto Kahn, the banker (I was going to call him a banquer) also is regarded as a reliable and invaluable after-dinner speaker. So is Irvin S. Cobb. President Nicholas Murray Butler of Columbia university, Will Rogers and Charles S. Whitman, former governor of New York state.

None of them, however, seems to have the prodigious after-dinner qualities of Mr. Depew who once, after having listened to a long and tedious introduction, spattered with many redundancies, rose, bowed profusely and said: "I thank you." Then he sat down amidst a great deal of confusion.

FAVORITE JOKES OF FAMOUS FOLKS

As Told by Them to FRANK E. NICHOLSON

By F. EUGENE POWELL

Frederick Eugene Powell is the last of the old magicians. For a half century he toured the world with a magical show that as yet is unrivaled. He is known as "The Dean of American Magicians," and is an honorary member of every important magical society in the world.

FREDERICK EUGENE POWELL

"It must be all of 45 years since it happened," Powell told me. "But I don't believe anything has ever struck me as being so funny.

"I was performing one night in a theater in Puerta Cebelo, Venezuela. A little fellow on the front row attracted my attention. He followed my every move with utmost interest—seemed to be literally amazed at my exhibitions.

"After the performance that night—perhaps an hour later, when I had packed all my paraphernalia—I found the little fellow waiting for me at the stage door.

"'Mr. Powell,' he pleaded, 'will you please change me into a horse?'

"'Into a horse?' I repeated. 'Why do you want to be changed into a horse?'

"'So I can run away from home!' he replied.

Frederick Eugene Powell

Tomorrow—Margaret Livingston.

Water Rate Increased By Quanah Council

Special to The Record News

QUANAH, Texas, March 5.—An increase from 35 cents to 50 cents for each additional 1,000 gallons of water over the minimum of 1,500 gallons has been voted by the city council effective April 1. The commercial rate has been increased from 17½ cents to 20 cents.

The increased revenue is to be used for extensions of mains to rapidly growing outskirts of Quanah.

Mirrors resilvered at Malscord & Son, 815 Eleventh street.—Adv.

Rule Football Players Are Awarded Sweaters

Special to The Record News

RULE, Texas, March 5.—The following boys, football players in the Rule High school, received sweaters Wednesday: Buster Averitt, Hugh Curtis, Allan Davis, Bert Davis, Wilmont Eaton, J. D. Fleming and Wayne Teague. A program is being arranged for these boys in honor of their service on the football field.

Scribes to Meet At Sweetwater

Chicago Tribune to Have Two Representatives

SWEETWATER, Texas, March 5.—National speakers and representatives will be on the program of the fourth annual convention of the West Texas Press association that meets in Sweetwater on July 11 and 12, and plans are being made to entertain between 250 and 300 publishers.

The program committee consisting of Luther M. Watson, chairman, Sweetwater; Herschal M. Colbert, Sweetwater; George F. (Jimmy) Smith, Snyder; George Hill, Winters, and Eddie Warren, Post, are formulating plans for one of the most elaborate—both constructive and entertaining—programs in the history of the association.

Out-of-state newspapermen, as well as those from extra northern and eastern points of the state, will be present for this West Texas event. The Chicago Tribune is the first large paper to signify that they will have two representatives present, states Jimmy Smith, Snyder, and that the committee hopes to have many more present at that time.

President Bowen Pope, Hamlin, wants every publisher in the southwest to know that he is especially invited, and that the association membership is open to all West Texas newspapermen.

Entertainment will not be forgotten either, according to Monte E. Owen, secretary of the Sweetwater Board of City Development, which is cooperating in making plans for the convention. Blue Bonnet hotel has been chosen headquarters by the presemen officials.

1,500 Attend Opening Of Plainview Creamery

Special to The Record News

PLAINVIEW, Texas, March 5.—Fifteen hundred people visited the Hale County Dairy association's new co-operative creamery owned by a number of the dairy-farmers of Hale county Friday, when it was formally opened for business.

The creamery is one of the largest in the South Plains, having a capacity for making approximately a million pounds of butter annually. C. M. Anderson is the manager. Anderson has been in Plainview for the past several months familiarizing himself with conditions in this territory and helping to get the creamery completed, financed and built. He comes from Iowa and is an experienced creamery man.

NEGRO SOUGHT FOR STABBING

Black Slayer - Slasher Cuts Seven on Bus

CLINTON, Mich., March 5. (INS)—Police and civilian posses scoured the hills and sparsely settled countryside here today, searching for a negro, haunt-ridden by memories of a woman he slew in St. Louis, who suddenly ran amuck on a de luxe motor stage bus, en route from St. Louis to Detroit, as the bus passed on the highway near here this morning, stabbing and slashing seven passengers, two of them seriously.

All of the injured were given first aid here and continued on to Detroit. None was critically injured, although one passenger sustained a throat wound, dangerously close to the jugular vein.

Abe Martin

(Copyright, John F. Dille Co.)

"Oh, she's rather purty when she gits through with herself, but I wouldn't want her when she's off the job," said Artie Lark, speakin' o' Miss Tawney Apple. I kin allus tell a feller who has married a good manager by the way he brightens up when I speak kindly to him.

ANOTHER CHAPTER IN FINE CAR HISTORY OPENED BY PIERCE-ARROW.

A distinguishing feature of America's finest motor car—the fender lamps of Pierce-Arrow

THE first fruit of Pierce-Arrow's recent expansion is an automobile which draws upon everything that is finest in Pierce-Arrow tradition. It arrives at the psychological moment.

There is 125 horsepower in the new Pierce-Arrow Straight Eight. And this great wealth of power resides under the hood of the loveliest, freshest creation among fine cars. A low-swung automobile, with generous head-room, longer wheel-base, and devices for safety and comfort never before known to the finest motor car—*not even to a Pierce-Arrow!*

Pierce-Arrow mechanical detail embraces every device of proved character known to the engineering of fine motor cars.

THE NEW STRAIGHT EIGHT BY

PIERCE ARROW

Bodies and Engine by Pierce-Arrow—and Pierce-Arrow in Every Part

FROM $2775 TO $8200 AT BUFFALO

The purchase of a car from income has been made an altogether attractive procedure by the Pierce-Arrow Finance Corporation. The average allowance on a good used car usually more than covers the initial Pierce-Arrow payment.

J. F. REEVES COMPANY

Tenth and Burnett Sts. Phone 2-1173

HUGE AVIATION FIRM FORMED

$200,000,000 Holding Corporation Organized

NEW YORK, March 5. (AP)—Formation of a new $200,000,000 company to be known as the Aviation Corporation was announced today by Graham B. Grosvenor, president of the Fairchield Aviation company, who will head the new concern.

The new corporation, which includes representatives of several large railroad, steamship and banking companies, will be a holding company and will acquire an interest in at least six established manufacturing and transportation companies.

William B. Harriman, head of the banking firm bearing his name, will be chairman of the board of directors of the new concern. Other directors include Harry S. New, former postmaster general, and L. W. Baldwin, president of the Missouri Pacific railroad.

New Farm Experiment Station Up to Moody

AUSTIN, March 5. (AP)—Only the governor's signature was needed today to insure establishment of a horticultural and agricultural experiment station somewhere in the section of Texas embraced in Atascosa, Bexar, Medina, Uvalde, Webb and Zavalle counties. By a 91-15 vote the house passed the measure authorizing the board of directors of A. & M. college to create the station.

Haskell Man Buys Rule Dry Goods Store

Special to The Record News

RULE, Texas, March 5.—Courtney Hunt of Haskell has bought the Halls Dry Goods store at Rule, and moved the stock of goods to Rochester where he has another store at that place. Mr. Hall will enter other business in Rule.

Heiress to Rejoin Cowboy Hubby

KATHERINE GILLESPIE

HOLLYWOOD, Calif., March 5. (INS)—Katherine Thorne Gillespie, daughter of Edward J. Thorne, multi-millionaire Chicago mail order magnate, will come to Hollywood next Monday to rejoin her cowboy husband, George Gillespie, the latter said today.

Then 10 days separation, agreed upon between the heiress and the handsome cowboy-entertainer, will be at an end next Monday and the couple will set up house keeping permanently.

Gillespie and his bride eloped from Castle Hot Springs, Ariz. to Phoenix, where they were married, and where the girl's parents came in an effort to balk the wedding.

SERVICES FOR BOYS HELD

Special to The Record News

RULE, Texas, March 5.—James Cox, aged 16, son of Mr. and Mrs. William Cox, died Friday in the Stamford sanitarium from appendicitis. His body was sent to Graham for burial. Funeral services were held at that city Sunday.

FAMED BEAUTY SEEKS DIVORCE

Fay Lanphier Claims She Was Whipped

RENO, Nev., March 5. (INS)—Fay Lanphier, famous bathing beauty, and once "Miss America," has filed suit for divorce here against Sidney Spiegel Jr., of Chicago, she admitted today. In her complaint Miss Lanphier declared that her husband at one time whipped her with a wet bath towel.

That was in Paris on July 8 of last year, she charged, while they were still on their honeymoon.

Cruelty, with incidents and dates of alleged "brutal and inhuman" treatment, form the grounds of the suit, which will be heard tomorrow by Judge George Bartlett.

Young Spiegel is the son of the vice president of the Spiegel Furniture company of Chicago and is 24 years of age, his wife is 23. The couple were married June 7, 1928.

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mr. James F. Campbell, of 1012 W. Fifth St., Little Rock, Ark., says: "I had bloating after eating. My rheumatism was so bad I could hardly raise my arms. Now I can eat anything and do a good day's work."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you.

52 MILLION BOTTLES USED

Rule Family Overcome By Gas Fumes in Auto

Special to The Record News

RULE, Texas, March 5.—The latter part of last week Mr. and Mrs. Earnest Lett and children of this city, on route to the Jud community, were overcome by gas fumes. They complained of having a headache when they reached Jud. The children were apparently asleep. They soon discovered they had been overcome by the fumes from the exhaust pipe, which had turned over and was sending the fumes up through the car. A physician was called and treated the children and they soon recovered. They are doing as well as could be expected.

Window and automobile glass replaced. Malecord & Son, 815 Eleventh.—Adv.

You Knew it was COLD

—but did you know just how many days were colder than the same period last year?

THE WEATHER is the most universal topic of conversation. But few people really know anything about it. Feelings are so deceiving! If it's hot, most people say, "P-h-e-w! this is the *hottest* weather I ever saw!"—if it's cold, they jump just as far the other way and say, "B-r-r-r! This is the *coldest* weather I ever saw!" They're probably wrong both times. It's so hard to remember what the temperature actually was at any given time. But those of you who said right along, "this is the coldest February we've had for years," were correct! The mean temperature for the 31 day period from January 21 to February 20 was the lowest in fifteen years! There were more cold, disagreeable days in this climate than during any similar period for all that time. Here are the comparative figures for this year and last year, based on mean temperatures at Dallas, a more or less central point in Lone Star territory:

Month	Day	1929	1928	Higher	Lower
January	21	46	33	13	
	22	60	44	16	
	23	44	31		7
	24	36	48		12
	25	26	48		22
	26	34	50		16
	27	42	45		3
	28	44	52		8
	29	44	56		12
	30	52	56		4
	31	36	48		12
February	1	28	49		21
	2	35	52		17
	3	37	60		23
	4	40	64		24
	5	38	62		24
	6	36	62		26
	7	32	56		24
	8	22	54		32
	9	18	47		21
	10	26	47		21
	11	32	53		21
	12	38	49		11
	13	36	49		13
	14	38	44		6
	15	39	44		5
	16	42	42	0	0
	17	56	40	16	
	18	46	39	7	
	19	28	48		20
	20	28	56		28
Mean:		*37.4*	*49.9*	*13.00*	*16.96*

You will note that 26 days in the 31 day period had a lower mean temperature this year than last year; the average being 16.96 degrees lower. In one stretch, from February 1 to 14 inclusive, the mean temperature was an average of 21 degrees lower this year than last. Eight days this year show freezing, 32 degrees, or below freezing, as a mean average temperature, against *no* freezing mean temperatures for a like period last year. Such a long period of cold, disagreeable weather, with much sleet, ice and cold rain means that gas heaters were worked considerably over time! All who could stay inside did, day and night. This meant larger gas consumption. Naturally gas bills for this period will be somewhat higher than for the same period last year—and compared with the preceding 31 day period this season. Twenty-five days in the 31 day period from January 21 to February 20 showed lower mean temperatures than the period from December 21 to January 20; an average of 13.64 degrees lower! When you compare gas bills, compare these temperature figures. And, be thankful with us that Lone Star Gas Service was able to come through this unprecedented weather as efficiently as it did!

...PIPED FROM THE WELLS TO YOUR CITY

SPUD REGULARS BEAT YANNIGANS, 8 TO 4, IN SEVEN INNINGS

LAPAN, GARMS NEW ARRIVALS

Crouch and Taber Jndulge In First Workouts

By LARRY DAILEY
Record News Sports Editor

California and Florida climate boosters would have seen some real spring weather here yesterday. Thanks to the benign sun and a balmy day, Skipper Jim Galloway sent the Spudders through two workouts in the best sessions of this training season.

A three-hour drill in the afternoon was marked by a seven-inning game, in which the regulars defeated the yannigans. It was an inning and a half more than was played in the first practice game the previous day, and showed the athletes satisfactorily along in training for this early. Indeed, the boss is highly pleased with the manner in which the vets are rounding into condition and with the promise of numerous new men.

The regulars' lineup yesterday comprised several Spudder vets or new men who are regarded as foremost contenders for places, and they defeated the yannigans, 8 to 4, without batting in their half of the seventh. Except in the last inning, when the rookies scored all their runs with several kids having supplanted the regulars, the vets had the yans shut out.

Ellis Looks Good

Ellis, the bespectacled southpaw; Roland Roberts from Abilene and Gibson, a novice, hurled for the Yannigans. Schroeder, a slender righthander and Muerer, who pitched last season in local amateur league, chucked for the regulars.

Ellis showed a change of pace and a delivery that indicates he is a pitcher of possibilities. Roberts had quite a bit of stuff but was wild. Schroeder looked promising. Gibson was only on the hill an inning. Muerer, a big, green youngster, who had to be instructed on how to toe the slab to deliver the ball, may surprise some of the wise ones who were laughing at his uncouthness on the mound. Walter Johnson didn't know what a toeplate was when he joined the Washington Senators but he became a pretty fair pitcher. Muerer probably won't be another Johnson, but he did show an easy delivery and indicates he is a fellow of promise. You never can tell about those green kids.

Same Old Fits

Howard Fitzgerald roamed the garden yesterday to pull down potential hits in mid-season form. The greyhound of the outfield also smacked a two-base hit. Dallas Clements, who played first base for the regs and diminutive John Norek, second baseman for the yans, also each poled a double. Red Anderson, outfielder for the regs, smacked a brace of singles. As always in early days of spring training, the pitchers are farther advanced than the others and it will be several days before the boys attain their batting eyes.

The batting orders yesterday were:

Yannigans—Norek, 2b; Gordon, 3b; Hooten, cf; Best, lf; Long, cf; Cox, 1b; McMahan, ss; Bradbury, c; Ellis, p; Roberts, p; Gibson, p. Regulars—Spiers, ss; Turgeon, 2b; Allday, 2b; Fitzgerald, cf; Bennett, lf; Swenson, 3b; Thompson, 2b; Clements, 1b; Schrimsher, 1b; Lawrence, c; Schroeder, p; Muerer, p.

Pete's About Ready

They're still coming into camp and there must have been 70 or more Spudders and Abilene Aces in uniform yesterday. Among the arrivals yesterday was none other than good ol' Pete Lapan, the catcher who hits the ball and occasionally an opposing player, on the nose. Peter has been a traffic cop in Dallas in the winter and is about in playing condition now. Like Mr. Tennyson's noted brook, Lapan seems to go on forever, and to continue paraphrasing, like old wine, he grows better with age. Pete had about the best season of his career last year.

Also to report yesterday was Debs Garms, the shortstop from Abilene, who made such a plendid impression last fall in a brief trial with the Spudders. Lapan and Garms arrived too late to don monkey suits, but will be out in the morning.

Crouch Can Hit

The many fans out yesterday at Athletic park glimpsed Jack Crouch, the catcher from Joplin who looms as the second string catcher of the Spuds. Jack is a small but husky chap and swung his bat like he can hit. Indeed, he led the Western association in batting last summer, and so there seems to be little doubt that he can clout the Spalding.

Leslie Schrimsher, a Wichita Falls sandlotter and a likely-looking young first baseman; Arthur Howard, a kid shortstop from Shreveport and Nason Baxter, a semi-pro catcher from Philadelphia, were other arrivals yesterday.

Edwin Taber, another lefthander who wears specs, was in uniform yesterday for the first time, after having recovered from a brief illness.

F-H-V Basket Ball Players Banqueted

Members of the Featherston-Hawkins-Vague Insurance company, which finished second in the last half of the Commercial Basket Ball league, were dined last night. Officials of the company were hosts at the dinner to players and their ladies at the Ye Olde French inn.

TIGERS DRILL LONG

PHOENIX, Ariz., March 5. (UP)—The Detroit Tigers continued to sharpen their claws for the American league pennant race in their camp here today with a stiff workout for the batterymen.

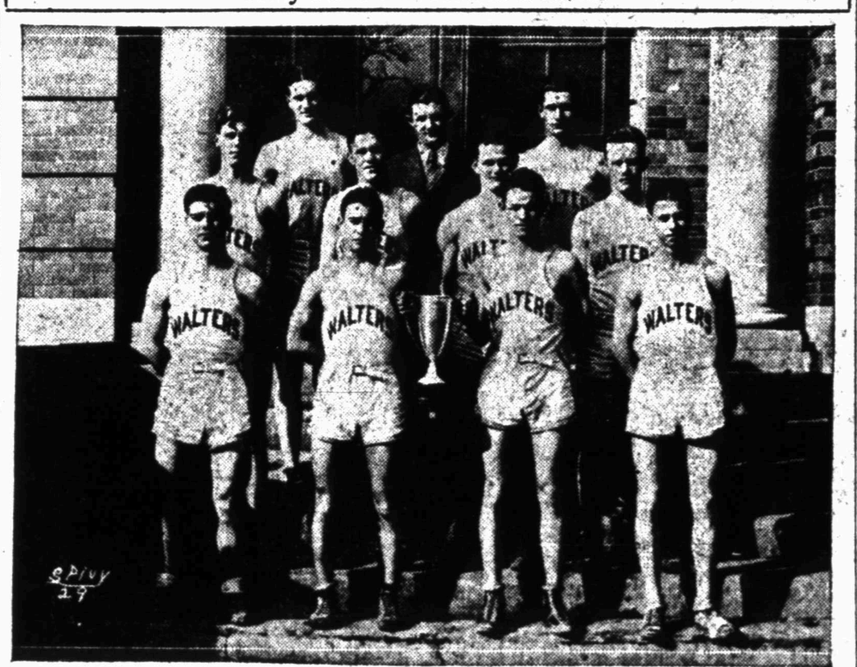

Members of the second squad, arriving Sunday, were given light exercises for loosening up muscles following the first workouts yesterday.

The team put in three hours of intermittent work in a hot sun.

CAMERON, Texas, March 5. (UP)—Because of a good fire record for the last three years, Cameron has been awarded a 15 per cent reduction in the fire insurance key rate, beginning March 1.

The rate was increased when, in 1926, an oil mill here burned with a loss estimated at $500,000.

They Had Successful Season

Despite defeat in the district tournament last week at Waurika, the Walters Purple Devils enjoyed a successful season on the basket ball court. One of their feats was winning 12 straight games. The Walters squad:

Front row, left to right: H. Varner, LeBarre, Captain Patton, Anderson. Middle row: C. Varner, Allman, Krisher, Williams. Back row: Berendzen, Coach Kratz, Kolar.

Training Camp Chatter

SAN ANTONIO, March 5. (UP)—With Jimmy Welsh leading the assault, the Giant regulars defeated the scrubs, 10 to 0, in the daily practice game today. Welsh singled, doubled and tripled in three trips. Tiny Chaplin was found for five hits and five runs in the sixth and last inning of the contest.

"Potsy" Allen, last year's Texas university captain, worked out in today's game. He hit safely in his only try and caught the last two innings.

HOYT, MEUSEL IN

ST. PETERSBURG, Fla., March 5. (UP)—With the arrival of Waite Hoyt and Bob Meusel, the training camp personnel of the New York Yankees was completed today.

The Yankees were kept idle in the morning by wet grounds, but in the afternoon they started their first game of the season, which went six innings and was won by the regulars, 3 to 2. Babe Ruth and Lou Gehrig each made a double in the opening inning.

Fred Heimach and Fay Thomas pitched for the regulars, and Roy Sherid and Gordon Rhodes for the yannigans.

CUBS READY FOR ANGELS

AVALON, CATALINA ISLAND, Calif., March 5. (UP)—The Chicago Cubs today went through their last fielding and batting drills before departure Thursday for a series of games in Los Angeles.

The mainland contests will be played with the Los Angeles club of the Pacific Coast league Friday, Saturday and Sunday.

A'S HAVE LONG DRILL

FORT MYERS, Fla., March 5. (UP)—The Philadelphia Athletics went through a long drill today, the only activity on the program. Tomorrow the rookie games will be resumed, and on Thursday the A's will open the spring exhibition season at Avon park by meeting the St. Louis Cards.

TWO CARDS ARRIVE

AVON PARK, Fla., March 5. (UP)—Outfielder Wally Roettger and Shortstop Charley Gelbert, latest arrivals in the St. Louis Cardinals' camp, went through their first workout today.

Roettger's right ankle, broken last summer, is practically healed. Gelbert, the Rochester recruit, went to shortstop and fielded beautifully, although he had trouble getting his eye at the plate. Carey Selph, Houston rookie, continued to show fine form around second base.

6 REDS MISSING

ORLANDO, Fla., March 5. (UP)—Six members of the Cincinnati Reds are still missing, a check up revealed today. They are pitchers Adolfo Luque and William McCoy, Catchers Val Picinich and Hugh McMullen, both unsigned, and Infielders Charley Dressen and Luke Johnson. Luque and Dressen are expected to join the Reds at Miami Friday night to start the exhibition series against the Athletics. Rain and high winds prevented a practice game today.

INJURED BUCS TREATED

PASO ROBLES, Calif., March 5. (UP)—Only one workout, featuring batting and pitching occupied the Pittsburgh Pirates today. Capt. "Pie" Traynor and Pitcher Lee Meadows were the only absentees today. Both visited the mud baths, Traynor to seek relief from a hip ailment and Meadows to rid himself of a knee injury. Two workouts are scheduled for tomorrow.

BANCROFT IN CAMP

CLEARWATER, Fla., March 5. (UP)—Johnny Gooch, catcher, and Dave Bancroft, veteran shortstop, joined the Brooklyn Robins today, leaving only four players absent from the squad. The missing players are Dazzy Vance and Doug McWeeny, holdout pitchers; Jake Flowers, infielder who is ill at his home, and Outfielder Nick Cullop, who was due 10 days ago and has not been heard from.

BRAVE COLTS WIN

ST. PETERSBURG, Fla., March 5. (UP)—Although Richbourg, Maguire, Maranville and virtually every one of the Braves' first string players was in the lineup today, the colts beat the veterans in a six-inning game, 5 to 0. James knocked a home run with the bases full.

No fewer than one million street accidents, 40,000 of them being fatal occurred in England in the ten years from 1918 to 1928.

A. A. U. HEAD WANTS PEACE

Amateur Body to Meet With College Directors

NEW YORK, March 5. (UP)—Avery Brundage, president of the Amateur Athletic union, in the first official statement he has issued since his election, today announced that a committee had been appointed by the A. A. U. to meet with a similar committee from the National Collegiate Athletic association to discuss means of eliminating dissension between the two organizations.

In announcing the decision to meet with the N. C. A. A., Brundage cited the need of a national body covering amateur sports, citing unsatisfactory conditions that existed in amateur realms before the organization of the A. A. U. in 1888, as examples of the inability of local organizations to handle the situation.

Famous Golf Shots Of 1928

By FRANK H. KING

LONDON, March 5. (UP)—Glenna Collett, an American orphan in an English storm, stood on the wind and rain swept sixteenth tee of the Hunstanton golf course one bleak morning in mid-May, helpless before the elements that snatched the British women's open championship from her.

She had beaten the holder, Mlle. Simone Thion de la Chaume, and several others. And then a northwestern gale swept in from the sea, destroyed her game and saved England. The old country always seems able to stir up a good storm when threatened by an Armada.

Of course Glenna's opponent, Mabel Wragg, was out in the wild weather, too. She was used to it and she adjusted her tactics admirably. She bundled up, donned woolen half mittens, sweaters, weather-proof clothing and rubbers, and tapped her ball along close to the ground.

The storm dismayed the American girl. Her hands and face were blue with cold. She couldn't control the ball in the gale; she couldn't keep the face of the club shut so that her shots would fly low, somewhat out of the wind. Instead, they boomeranged high in great half circles. In frozen hands, Glenna's putter was useless.

She hung on until the sixteenth, where she was two down. There she stood on the exposed tee, facing the sea and the storm. Nothing but a full-blooded wooden clout was of any use, although the waterlogged cup was only 155 yards away.

A sudden gust at the top of her swing unbalanced her; she barely caught the ball on the bend of the driver and it plunged deep into the rough. The English girl punched her shot straight through the wind to within five yards of the cup.

Defeated by three and two, Miss Collett cheered up her American girl friends who cried like schoolgirls when their heroine was beaten, and then went back home to await another opportunity for the conquest of the only British golfing title that still defies American challengers.

Next year, if it doesn't rain, hail, snow, sleet and blow too fiercely, the British critics say she'll make it.

SPEAKING of competition in the Spudder camp, which I was the other day, with reference at that time to the infielders and of which there will be more anon, it seems that a keen fight looms for the three or four pitching berths that are to be available. Assuming that George Payne and Milt Steengrafe, the Spud vets, and Harold Wiltse, the southpaw from the St. Louis Browns, are retained, several places are open to the chuckers who show Skipper Jim the most stuff.

Six or seven hurlers will be carried throughout the season, thus assuring the newcomers plenty of opportunity to make the grade.

For the past two seasons only one left-hander was on the Wichita Falls corps. It is probable that two and possibly three portsiders will be retained this campaign. Wiltse isn't the only southpaw in camp who has an impressive record. One of the most promising is Ed Taber, from the New Haven champions of the Eastern league. The Eastern loop, like the Texas, is a class A circuit and Taber compiled a fine record with the Profs.

◆ ◆ ◆

FRED STIELY, the stocky fellow from the New York-Pennsylvania league, has in his brief trial to date indicated that he is a pitcher who has his share of effectiveness and that he has pitching knowledge. Ed Ellis from the Southeastern league and Chick Galeria, the slender youth who had trials here last year and spent most of the summer at Abilene, are a couple more left-handers who will make bids for places.

It seems that most of the pitching strength, that is so far as concerns experienced chuckers, is confined to the portsiders. Save for Payne and Steengrafe, the five remaining right-handers have confined their previous work to class C or D leagues and the sandlots.

◆ ◆ ◆

THE YOUTHFUL right-handers, however, comprise a promising crop of chuckers. Roland Roberts and Lester White, back for another whirl at making the Texas league grade, showed sufficient ability in previous trials to cause their retentions on the roster. Cy Smith, from the Piedmont league, has indicated in the few days of this spring's training to date that he has an easy pitching delivery and about all the requisites essential to such success.

Russell Cromer, another Abilene graduate, and Bull Moore, the Oklahoma Indian, are other right-handers on the Spudder list. Both have possibilities.

◆ ◆ ◆

SIZE IS a feature of the rookie pitchers. Smith, Roberts, White and Ellis all are huge fellows. In fact, none of the chuckers is a midget and if some of them aren't six-footers they are husky chaps.

Another interesting angle in this discussion of the throwers is that three of them wear spectacles, on as well as off the ball field. And all, singularly enough, are lefthanders. They are Galeria, Ellis and Taber.

ESTELLINE IN OPENING ROUND

Parrish's Team Plays Friday In State Meet

AUSTIN, March 5. (AP)—Pairings and two byes for the state basket ball championship tournament to be held at A. & M. college March 8 and 9, under direction of the interscholastic league were announced today by Roy B. Henderson, director.

Knippa, Uvalde county, and San Jacinto high of Houston, drew byes and will go to the second round uncontested.

Friday morning schedule: Athens vs. May, Brown county; El Paso vs. Denison; Main Avenue, (San Antonio) vs. Cisco.

Friday afternoon: Corsicana vs. Perryton, Denton vs. McAllen, Estelline vs. Bryan.

Friday night: Knippa vs. winner Athens-May game, winner El Paso-Denison vs. winner Maine Avenue-Cisco, winner Corsicana-Perryton game vs. winner Denton-McAllen, winner Estelline-Bryan game vs. San Jacinto of Houston.

Semi-finals will be held Saturday morning and the winners will play Saturday night for the championship.

Baer Facts

By ARTHUR "BUGS" BAER

WASHINGTON, March 5.—Mr. Dawes left Washington convinced that vice presidents are the smartest people in the world.

Maybe he is right. There is a first time for everything.

We do know that Mr. Hoover was inaugurated out in the rain.

While Mr. Curtis displayed great sagacity by getting his diploma indoors where it was dry.

Dawes wore a small, but determined, high silk hat. Every time he saw a senator he glared at the unfortunate bozo as if he would like to tear off his leg and use it for a pipe-cleaner.

It was the renaissance of high hats. The most popular type was the old colonial skimmer with crown fenders.

There were low high hats, high hats and medium tall toppers. Some had mansard roofs, some had wide, spreading eaves and some looked like tomato cans in mourning.

Mr. Dawes took advantage of the vice president's prerogative to make a speech every four years.

And when Dawes is talking, an oyster ain't a bivalve with him. He calls it by its right name.

After he finished his trumpeting he yelled, "and I won't take a thing back."

When talking to the senate, Mr. Dawes has always acted as if he was the valedictorian of a Chinese intellectual famine.

Mr. Dawes has great compressed dignity. He can walk out on a two-inch pair of heels and look like a man on stilts.

Mr. Hoover was there, too.

However, Mr. Dawes has the military habit of getting straight to the point with the least possible logic.

Mr. Dawes glared scornfully at Mr. Curtis. The look intimated that Curtis was only a freshman.

There was quite a social traffic jam when some single-breasted, short-coated politicians got mixed up with the double-breasted swallow-tailed diplomats.

Mr. Dawes used a couple of big words that had no bearing on the subject but must have sounded good over the radio.

Coolidge left for Massachusetts. Dawes left for San Domingo. We are glad to see that the boys finally agree.

There was great cheering for the young administration as Mr. Hoover dashed up Pennsylvania avenue to reach the White House before his cabinet grabbed the best rooms.

We recommend Mrs. Coolidge's example to every wife in the nation. When she left the White House, she did not take the electric bulbs with her.

Nobody in town was arrested under the Jones law which deals 45 years for a drink and an extra six months for a chaser.

A pale, attenuated citizen was seen dashing up the avenue spreading the bad news that the Republicans were coming.

He proved to be a Democrat, without portfolio.

Mr. Dawes' job in San Domingo is to straighten out that nation's monetary troubles. The San Domingans will have to listen to Dawes' speeches. But they will get even by paying Charley off in their kind of money.

The entire parade was held in the rain. At Fourteenth street and Pennsylvania avenue, a musician was drowned in his own trombone.

Mr. Hoover spoke on progress, civilization, education, prosperity, justice, business and cooperation without mentioning the farmers once.

He also chatted about peace, health, congress and prohibition without dragging the farmers into it.

Well, the farmers still have a friend who remembers them.

He's the bird who sends out those mail order catalogs.

Pin League Lead At Stake Tonight

Leading Panhandle Meets Runnerup Hubs

Temporary leadership, if not the ultimate championship of the City Bowling league will be at stake tonight when the Hub clothiers meet the Panhandle Refinery rollers. Hub leads the circuit with 21 victories and six defeats, while Panhandle is tied for second with Cinderella Boot shop, each with 19 wins and eight losses.

Hub bowlers have been promised a turkey dinner if they defeat the Panhandle five and Jewel Constantine, southpaw star and manager of the clothiers, says his team is set to win.

Cinderella meets Wichita Falls Window Glass company and Spudder alleys play Montgomery company in other games tonight. Play starts at 7:30 o'clock on the Spudder alleys.

Three matches also will be bowled in the league tomorrow night, including Parfet and Martlew vs. Texas Electric, First National bank vs. Texas company and Continental oil vs. Elks club.

New Spudder

Franklin "Bear" Allday is one of the several promising candidates for an infield berth with the Spudders. He is a second baseman and football star at Centenary college, Shreveport.

Courtney Knocks Out Tassi in Third Round

BROOKLYN, March 5. (UP)—George Courtney, Oklahoma cowboy, knocked out Nando Tassi, Italian heavyweight, eight seconds before the bell ended the third round in their scheduled 10-round bout here tonight. Courtney weighed 169, Tassi 173½.

ILLINOIS FIVE WINS

CHAMPAIGN, Ill., March 5. (UP)—Illinois' basket ball team won from Minnesota, 32-27, here tonight. The Illini assumed the lead at the start and were ahead 13-11 at the half, although the lead had alternated several times.

INDIANA BEATS IOWA

BLOOMINGTON, Ind., March 5. (UP)—Indiana completed her Big Ten basket ball schedule here tonight by defeating Iowa, 36 to 30, in a closely played game. The contest was also the last of the season for the Hawkeyes.

November, 1928, was the warmest eleventh month recorded in London for 15 years, although in some parts of southern England it nearly won another record for wetness.

TWO 10-ROUND BOUTS TONIGHT

Riley Meets Hodge; Scott Faces Garvinay

Two 10-round bouts, both of which loom as interesting duels, feature tonight's boxing show at the Palace theater. Mickey Riley, the singing actor-boxer now appearing at the Olympic theater, faces Rudy Hodge, a Houston junior lightweight, and Howard Scott, the popular Electra featherweight meets Mexican Johnny Garvinay in the double wind-up.

It will be the first appearance here of all principals except Scott. Riley is a veteran of the ring, who has met some of the best boys at his weight. Hodge is said to be a tough fellow, capable of giving the clever Mickey a hard go. Alex Ross offers information that Garvinay is one of the toughest boys Scott has boxed.

Virgil Oden and Tommy Scott, welterweights who always have pleasing showing in previous bouts here, will go six rounds. Other prelims will complete the card.

Frankie Fink, the Texan who has boxed successfully in the East in recent years, has indicated he will be a ringsider and will challenge the winner of the Riley-Hodge go.

Purdue Basketeers Set Conference Scoring Mark

CHICAGO, March 5. (UP)—"Stretch" Murphy, Purdue center, tonight broke the Western conference season's scoring record when he ran his 1929 total to 143, which is 12 points better than the old record held by Johnny Miner of Ohio State.

Murphy went into the game against Ohio needing 43 points to break the record. It was apparent from the start that it was his night, and the rangy center hit the basket from all angles.

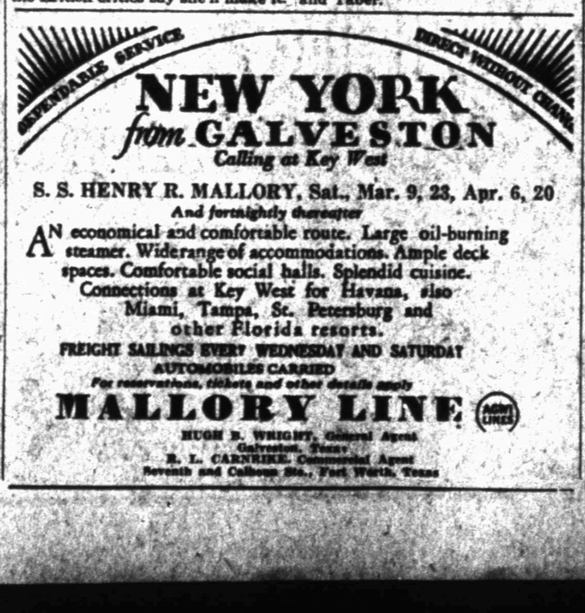

Slattery Wins Easily In Six-Round Tuneup Go

BUFFALO, N. Y., March 5. (UP)—Jimmy Slattery, who will meet James J. Braddock next Monday night, scored an easy victory in a six-round bout here tonight over Len Darcy of Michigan.

Slattery tipped the scales at 169. Darcy weighed 162½.

Health And Diet Advice

By DR. FRANK McCOY

Author of "The Fast Way to Health"

Questions in regard to health and diet will be answered by Dr. McCoy who can be addressed in care of this paper

(Copyright 1929 by The Bell Syndicate Inc.)

High Blood Pressure and Meats

High blood pressure is found in an alarmingly large percentage of people over middle age. It is considered such a dangerous symptom that insurance companies will turn down an applicant without further examination if the blood pressure is too high.

Every doctor takes the blood pressure as a matter of routine because it is important in diagnosis. A person may have a high blood pressure for years without being aware of the fact since there is no method of determining this without an examination with a sphygmomanometer by a competent diagnostician. Many people come to untimely deaths or paralysis from apoplexy. This could easily have been avoided by the proper fasting and dieting regime had these individuals been aware that they were affected by high blood pressure.

The instrument used to determine the blood pressure is attached to the upper arm and the blood pressure is determined by measuring how many millimeters of mercury are required to force a sufficient air pressure to stop the circulation through the brachial artery.

The blood pressure should be between 120 to 130 in adults. If it registers above 160 at any age it must be considered as a positive evidence of high blood pressure.

High blood pressure would be very easily controlled if every doctor understood how readily it can be reduced with a fruit juice fast. I have never seen a single case under my observation and control where the pressure could not be readily reduced to normal by this method.

The usual dieting prescribed depends upon eliminating meats, alcohol and tobacco, but I seldom find a patient afflicted with this trouble who has used any of these so-called agents in excess. These patients are usually heavy starch and sugar eaters.

After the fasting regime when the blood pressure has been reduced to normal, a permanent cure depends entirely upon the regulation of the use of carbohydrates, sometimes for a long period of time. I have tested this fact carefully in hundreds of cases. If the patient uses carbohydrates on one day and not on the next, it is very easy to determine the day when the carbohydrates are used, by the blood pressure examination alone. High blood pressure is not actually a disease. It is usually a symptom of some other condition of the body, and is frequently found in gout or rheumatism, excessive mental strain, or worry and hardening of the arteries.

Exercises should be used cautiously at first, and all movements taken slowly. A good policy is to take a walk each day, starting with one mile and gradually increasing the distance as the endurance increases and strength permits.

A small amount of protein is needed in the daily diet. This can be meat protein or the protein of cheese and nuts. If too large a quantity of either meat, starch or sugar is used, the poison from this excess nourishment may create toxins which are irritating to the tissues.

The one with a tendency to high blood pressure should live mostly on the non-starchy green vegetables and use a liberal amount of the blood purifying and acid fruits. One meal a day of nothing but the acid fruits should be used whenever the blood pressure shows a tendency to increase.

QUESTIONS AND ANSWERS

Spots Before Eyes

Question—Mary J. asks: "What causes black spots and chains and webs to float in front of the eyes all the time? Have had them for about four or five years.

Answer—This trouble is usually caused because the blood is in a highly toxic state and some of these impurities affect the eyes in such a manner as to cause microscopical particles to float about in the watery fluid inside of the eyeball. This trouble can often be cured through a complete detoxication of the system by fasting, dieting, exercising and other hygienic measures.

Pimples on Tongue

Question—Mrs. K. H. G. asks: "Could you please tell me why I get pimples on my tongue after eating walnuts?"

Answer—There is an acid contained in the skin of the walnut which proves irritating to some people. This is why you notice pimples on the tongue after eating them. You should either blanch the walnuts or substitute blanched almonds or pecans.

Freckles

Question—Rosy writes: "I have freckles which fade in the winter, but I look terrible in the summer. Is it the sun that causes this? How can I keep them from becoming so plain in the summer?

Answer—If I were you I wouldn't worry much about freckles. In fact, with these March winds blowing, my own freckles are coming out in full bloom and I am not worrying a bit. Your face may be more interesting because of the freckles but certainly cannot look "terrible." There are many freckle removers on the market, but any of them are liable to injure the skin. You cannot remove freckles without injury any more than a leopard can change his spots.

Two Black Crows

MORAN AND MACK

MORAN: I don't understand all this politikal bizness.

MACK: Yo' must be a Demmikrat.

MORAN: What's that?

MACK: That's what th' Demmikrats want to know.

MORAN: Who is they?

MACK: Don't yo' know that one child outta every ten is a Chinaman?

MORAN: What's that got to do with it?

MACK: Th' other nine is Republicklins.

MORAN: What's a Republicklin?

MACK: That's fresh news.

MORAN: What's a Demmikrat?

MACK: That's history.

MORAN: Well, th' country is prosperous, ain't it?

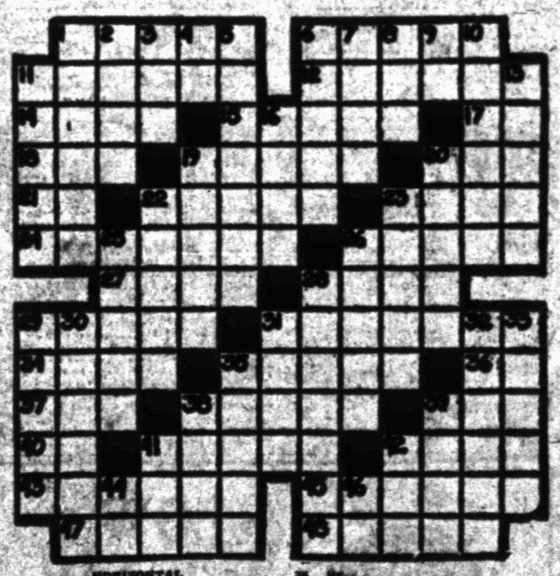

MACK: Yo' is askin' the wrong man.

Big Boy gives Egghead a lesson in political economy. It didn't cost Big Boy a cent. As two independent citizens they claim that any country in which you have to work is a monarchy.

SQUATTER'S RIGHTS?

MOUNT PLEASANT, Wis.—The circuit court at Racine has been asked to define the rights of a squatter in a cemetery. Evergreen cemetery here was abandoned many years ago because Lake Michigan was undermining the burial mounds. In recent years squatters have built homes on the property. Now the village seeks to evict them on the claim that after cemetery property has been abandoned five years it reverts to the political division within which it is situated.

CROSSWORD PUZZLE

HORIZONTAL

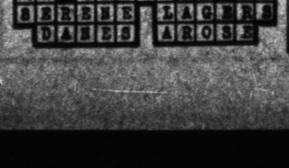

1. Fabulous being.

OKLAHOMA CITY WELL GAINING

Gas Pressure Helps Yield Of Discovery

Special to The Record News

TULSA, Okla., March 5.—The Indian Territory Illuminating Oil company's discovery well in the Oklahoma City field on gas for six hours made 1,056 barrels and flowed 2,508 barrels in 18 hours Monday. Sunday's output was 3,981 barrels. It is No. 1 Fee, in the center of the southeast of the southeast of 24-11-3w.

Its No. 1 Trosper, in the center of the northeast of the southwest of 13-24-3w, cored a sandy shale from 4779 to 4795 feet, and was drilling ahead. Its No. 1 Foster, in the center of the northeast of the southwest of 24-11-3w, cored from 4841 to 4859 feet in sandy shale, and had no oil or gas; cored again from 4864 to 4879 feet, and was starting to core again at 4891 feet in a sand.

It's No. 1 Alice Bodine, in the center of the northwest of the southeast of 24-11-3w, cored from 3995 to 4001 feet, in a sandy lime and shot a gas show.

Cromwell-Franklin and I. T. I. O. No. 1 Foster-Trosper, in the center of the southeast of the northwest of 13-11-3w, cored from 4074 to 4095 feet in sand and shale for a show of gas from 4103 to 4118 feet, and was drilling at 4175 feet in shale.

Coline Oil company No. 1 Olds, in the center of the southeast of the northwest of 24-11-3w, was drilling at 4700 feet in shale.

Mid-Kansas Oil and Gas company at No. 1 Fortson, in the center of the southwest of the northeast of 24-11-3w, cored from 4861 to 4863 feet in lime and from 4863 to 4872 feet in a sand, the last horizon showing gas. It's No. 2, in the center of the northwest of the northeast, was drilling at 4000 feet in sand.

Hall and Briscoe at No. 1 Holmes, in the northwest of the southwest of the southeast of 10-11-3w, were drilling at 4214 feet. Their No. 1 Childs, in the southeast corner of 14-11-3w, was drilling at 3970 feet.

Tom Slick, Inc., at No. 1 Hiddleston, in the southwest corner of the southeast of 19-11-2w, cored from 4310 to 4325 feet and showed little oil. It was drilling at 4400 feet in lime.

Tom Slick No. 1 Wilkins, in the center of the northeast of the southeast of 18-13n-3w, about three miles northwest of Britton, was underreaming at 4780 feet.

Tom Slick, Inc., and Phillips Petroleum company No. 1 Sudik, in the center of the northeast of the northeast of 8-10-2w, in northern Cleveland county, were drilling at 5470 feet in shale.

Lure of U. S. for Woman Lands Her in Pen

HOUSTON, March 5. (AP)—The United States has an irresistible lure for Marie Guitteriz. And because of her perseverance she is going to spend two years in "the land of the free."

Several years ago the woman, a Mexican citizen, was deported. A year and a half later she was deported again. Eight days later she returned to the United States.

When Federal Judge J. C. Hutcheson learned of the third illegal entry he sentenced her to two years in the federal industrial institute for women at Alderson, W. Va.

London Army Captain Discovered to Be Woman

LONDON, March 5. (AP)—One of the most unusual cases of its kind that the London police have ever encountered has come to light through the arrest of a supposed army captain who proved to be a woman.

She is "Captain Leslie Barker," who not only long posed as a man, but was one time leader of the national Fascisti in London and ran a west end restaurant. She acted as "male" restaurant reception clerk in a west end hotel when arrested for contempt of court in connection with bankruptcy proceedings. Then her sex was discovered.

Third Man Dies In Quitaque Explosion

PLAINVIEW, Texas, March 5. (AP)—Three are dead here as the result of a dynamite explosion near Quitaque on the Panhandle Sand and Gravel company property near Quitaque yesterday. They are: E. P. Hodgkins, 50, who died in a hospital here today; Sam Apperson, 31, and Chan Kitchner, 32.

The cause of the explosion has not been determined, but it was said by company officials to have happened when the men were fitting caps for blasting.

Beaumont Casts 91 Votes in City Election

BEAUMONT, March 5. (AP)—Only 91 votes were cast in the election for the nomination of six city councilmen here. None of the councilmen were opposed, and only two votes were cast for persons other than those on the ballots.

The re-elected councilmen: Frank Renaud, J. B. Roberts, R. B. Ferguson, George A. Wells, Leron King, Dr. C. M. White.

Body of Oil Field Man Found Hanging by Rope

EASTLAND, Texas, March 5. (AP)—The body of Charles Cazod, 60, oil field worker, was found hanging by a rope from a tree near Eastland today. Justice Jim Steele, who held an inquest, said Cazod left a note, giving instruction as to the execution of a will. Cazod had been in ill health for some time.

NEWS of the FIELD

BRYSON PRODUCER

Late Tuesday evening the Bridwell Oil and Petroleum Producers placed their No. 1 J. Sampley well located in the Sanders survey north of Bryson in Jack county on the swab for a few hours and it is showing considerable oil and gassing heavily. The well which is a south offset to the Liedecker Brothers No. 1 Oliver Loving, topped the sand at 3015 feet and this was drilled to 3046 feet. The well is being cleaned out and will drill a few feet more sand Wednesday.

WILBARGER COUNTY.

The Texas company has abandoned as a dry hole its No. N-1, W. T. Waggoner located in section 21, block 4, H. & T. C. R. R. survey in Wilbarger county.

HELMS IN ARCHER.

Harry Hines and associates have abandoned their No. 1 H. G. Helms test located in section 2, block 3, H. & T. C. R. R. survey, in north Archer county, as a dry hole at a total depth of 1862 feet.

MADDEN & HUNT.

Madden and Hunt have brought in another nice producer on their lease in block 1, South Anderson Ranch, southwest Archer county. No. 16, J. T. Richardson is making 70 barrels from the sand at 1282189 feet.

PETROLEUM PRODUCERS.

The Petroleum Producers and Texas company No. 2 G. L. Jones estate in the I. Hughson survey, Bryson pool Jack county, is preparing to drill out the plug from the sand at 3067 feet to complete.

DIXIE-SUN WILDCAT.

The Dixie and Sun Oil company's No. 1 J. W. Smith, a joint deep test located in section 64, D. & W. survey in Knox county, missed all sands and was abandoned as dry at a depth of 3254 feet.

MOTLEY COUNTY.

Exploration of Texas No. 2 located in survey 37, John Gibson on the Matador Land and Cattle company ranch in Motley county, is completed as a dry hole at a ttal depth of 4750 feet.

BEAVER CREEK AREA.

Hammon and Heyser completed their No. 12, S. L. McCarty in the Beaver Creek district Eaves survey southwest Wichita county, making 55 barrels from the sand at 1452-91 feet.

KELLEHER & ROGERS.

Kelleher and Rogers, putting down a deep test on the O. Loving pool in the Bryson area of Jack county, are drilling at 700 feet.

NORTH YOUNG COUNTY.

L. G. Bradstreet finished a nice little producer, his No. 3 L. A. Snyder in the R. Wilson survey, abstract 1278, north Young county. The well, which is making 35 barrels, drilled six feet of sand topped at 563 feet.

NORTH OF PEASE.

The Texas company No. 1 Harris a wildcat test located northwest of Vernon in section 36, block 16, H. & T. C. R. R. survey, Wilbarger county, is drilling at a depth of 2058 feet.

NORTHWEST OF GRAHAM.

The Pandem Oil company is rapidly nearing the deep pay horizon at 4000 feet in its No. 1 Burch test, located in section 477, T. E. L. survey, northwest of Graham in south Young county. The test which is south of the Panhandle producer is drilling at 3800 feet.

SOUTH YOUNG COUNTY.

The Paull Oil company completed its No. 6 J. A. Allen in the Nickolas Linch survey, abstract 171, northeast of Graham in Young county, making 65 barrels from the sand at 2090 to 2100 feet.

NORTH YOUNG COUNTY.

R. R. Rhodes and associates No. 2 E. M. Eichelberger, located in section 1449, T. E. L. survey, Young county, missed the pay and is abandoning as dry at 948 feet.

SOUTHWEST COOKE COUNTY.

Superior Oil Producing company No. 1 Rudd, located in the Rudd survey, southwest Cooke county, a deep test, is drilling at approximately 1300 feet.

SHALLOW POOL, YOUNG.

Pennell and others completed their No. 1 R. J. Calvin test in A. Rohus survey, abstract 240, northeast Young county making 55 barrels from the sand at 562-67 feet.

Town Without Bank For 4 Months Now Has One

FRISCO, Texas, March 5. (AP)—Frisco, which had been without a bank for four months, now has a place to keep its savings deposits.

On March 4 the First State bank of Frisco was opened. In November, 1927, the Frisco State bank closed and in 1928 a reorganized institution, the Planters State bank, functioned for a few months, closing in November. The next month the First National, Frisco's remaining banking institution, closed its doors.

SPOT COTTON

NEW ORLEANS, March 5. (AP)—Spot cotton closed steady, 42 points up; sales 768; low middling 18.60; middling 20.10; good middling 20.50; receipts 5,024; stock 338,002.

DALLAS, March 5. (AP)—Spot cotton 19.80; Houston 20.40; Galveston 20.30.

SCURRY COUNTY BLOCK FORMED

11,000 Acres Included In Drilling Tract

Special to The Record News

SNYDER, Texas, March 5.—S. D. Ford and Will P. Edwards of Big Spring have completed the task of blocking up 11,000 acres for oil development northwest of Snyder in Scurry county. They expect to secure drilling contract for a portion of this block.

Oil leases have been secured on more than 200,000 acres in the northern part of Scurry county since the first of December.

Among the big lease holders are the Magnolia Petroleum company with 75,000 acres; the Southern Crude, 5,000 acres; Taylor-Link Oil company, 6,500 acres; Edwards and Ford, 11,000 acres; the Texas company, 8,960 acres; Independent Oil and Gas company, 2,500 acres; Camp Springs Oil corporation of Chicago, 4,000 acres; Harmon Oil company, 3,000 acres, the latter to start a deep test in the near future.

Oil men are expecting the oil field to extend diagonally across Scurry county from the northeast, through the southern portion of Borden county and on through Howard county.

Oil Production Goes Up Again

NEW YORK, March 5. (AP)—Daily average gross crude oil production in the United States increased 8,750 barrels for the week ended March 2, totaling 2,702,900 barrels, says the weekly summary of the American Petroleum institute today. The daily average production east of California was 1,901,100 barrels, an increase of 15,150 barrels.

Daily Average

	Production Barrels		Difference Barrels
Oklahoma	713,000	Inc.	9,600
Kansas	95,700	Inc.	200
Panhandle Texas	56,100	Inc.	850
North Texas	82,050	Dec.	950
West Central Texas	53,450	Dec.	50
West Texas	386,250	Inc.	1,750
East Central Texas	20,650	Dec.	750
Southwest Texas	61,250	Inc.	2,650
North Louisiana	35,700		.....
Arkansas	74,400	Dec.	1,700
Coastal Texas	122,550	Inc.	1,350
Coastal Louisiana	20,650	Dec.	250
Eastern	107,100	Dec.	750
Wyoming	52,250	Inc.	650
Montana	9,400	Inc.	900
Colorado	7,450	Inc.	1,150
New Mexico	2,850	Inc.	200
California	801,800	Dec.	6,400
Totals	2,702,900	Inc.	8,750

Daily average imports of petroleum at principal ports for the week ended March 2 were 217,000 barrels compared with 215,248 for the previous week and 239,643 for the four weeks ended March 2.

STOCK-A-DAY

OVINGTON BROTHERS CO.

Five-Year Record

The original business of Ovington Brothers company was started in 1846. The concern sells at retail china, silverware, lamps, shades, furniture, mirrors, paintings and objects of art in various materials. It also does an extensive mail order business. About 55 per cent of the goods carried comes from Europe and the Orient. It occupies an 11-story building on Fifth avenue and also has a warehouse nearby. In 1926 the company opened a six-story store in Chicago, but this property was sold to Burley & Co. April 30, 1928. It also controls a shop at Magnolia, Mass.

The best year of the company reported was 1926, when net income was $234,542, or $1.95 a common share. In 1927 net was $80,649, or 1 cent a common share.

There is no funded debt. Capital stock outstanding consists of 98,000 shares of 80-cent participating preferred of no par value and 76,505 shares of no par common. The preferred stock is preferred as to assets up to $15 a share. It participates pro rata to the extent of 20 per cent of net profits for each fiscal year in which net exceeds $225,000. It is not-voting except in default, of dividends. Dividends have been paid on the preferred at the 80-cent rate since 1926. Semi-annual dividends of 30 cents a share were paid on the common from July 1, 1926, to Jan. 2, 1927. None has been paid since.

As of Jan. 31, 1927, total current assets were $1,901,984, current liabilities $713,351 and net working capital $1,188,633. Book value of the common amounted to $4.31 a share.

Bootblacks in Texas Capitol Hold Fast to Rule on Serving Lawmakers

AUSTIN, March 5. (AP)—A Texas senator cannot get his shoes shined in the house of representatives. He is accorded privileges of the floor and all other courtesies are extended to him, but if he happens to want a shine he is obliged to go back to his own end of the capitol.

The house has its shine boys, the senate has its quota—and one of the "time honored" rules is that neither will encroach on the other's territory.

Senator Pink Parrish of Lubbock sauntered into the house the other day and decided that he could save time by having his shoes shined while he sat in conference with one of the members.

"Come over here, boy, and give me a shine," he called to one of the negro bootblacks.

"Sorry, sir; but it is against the rules for us to shine senators' shoes," the official shoe-shiner replied.

"That's a pretty pass; placing any such restrictions on shine boys," the senator said in a tone loud enough to be heard by a third of the membership.

NEW YORK COTTON

NEW YORK, March 5. (AP)—Cotton showed increased activity and strength today. Buying was more general on reports of steady business in cotton goods and complaints that farm work was being delayed by unfavorable weather in the south. May contracts sold up to 21.12, or 46 points net higher and into new high ground for the movement, and closed at 21.08. The general market closed strong at net advances of 40 to 46 points.

The market opened firm at advances of 14 to 17 points in response to relatively steady Liverpool cables, favorable trade reports from Manchester and reports of further rains in the eastern belt. The advance attracted considerable southern selling and realizing but offerings were absorbed on comparatively moderate reactions. Prices worked higher, except for occasional setbacks.

Apprehensions that floods might develop in the Mississippi valley seemed to stimulate the demand in the late trading when there was covering or rebuying by early sellers and further broadening of commission house demand. March sold up to 21.08 and the new October contract to 20.33, making net advances of 43 to 51 points on the active positions. The close was within a few points of the best.

Business was more active than at any time for some weeks. Trade interests were reported buyers of old crop positions. There was evidently broader speculative demand for both old and new crop positions. Brokers with Wall street and western connections were among buyers on the advance while some buying was attributed to Liverpool and the continent.

A private report estimating the world's consumption of American lint cotton for the first half of this season at 7,616,000 bales was one of the factors on the earlier buying. The advance was attributed chiefly to bullish features in the old crop situation and fear of further delays in coming crop preparations.

Private cables reported London and foreign buying of near months in Liverpool and said there was fair cloth demand in Manchester, with improved trade reports from India.

Port receipts today, 19,568. U. S. port stocks, 1,954,451. Exports today, 13,946, making 6,360,202 this season.

NEW ORLEANS COTTON

NEW ORLEANS, March 5. (AP)—Predictions that flood stages on the Mississippi river would be reached by the end of the week, were primarily responsible for a gain of over $2 a bale in the cotton market today. An unfavorable weather map, and encouraging textile news helped the improvement which carried May contracts up to 20.38, or 45 points net up. The option closed at 20.35, compared with 19.93, yesterday's closing figure. The general market closed firm at a net advance of 38 to 42 points.

Liverpool cables were 2 to 7 points better than due and were reflected in an opening gain of 10 to 13 points here. Prices continued to advance after the start on buying promoted by a good spot demand, favorable textile news and large consumption estimates. Although some realizing developed on the bulge it was absorbed at a decline of 1 to 4 points and at noon May traded up to 20.17, July 20.23, and October 19.91, or 21 to 24 points net up.

The market turned firm again in the afternoon when reports from Memphis predicted that flood stages on the Mississippi river there would be reached by Sunday. Active buying followed the prediction and prices advanced sharply to 20.38 for May, 20.41 for July and 20.06 for October, or 36 to 45 points above the previous close. Some realizing developed in final trading and the market closed about 3 points under the top.

Receipts, 19,568; for week, 47,014; for year, 8,434,603; last year, 7,314,328. Exports, 13,945; for week, 58,620; for year, 6,149,090; last year, 5,202,455. Stocks, 2,006,516; last year, 2,002,214. Stock on shipboard, 131,182; spot sales, 22,935; last year, 14,426.

MONEY QUOTATIONS

NEW YORK, March 5. (AP)—Foreign exchange easy.

Great Britain, demand 484 13-16; cables 485 7-32; 60-day bills on banks 480⅝; France, demand 3.90 5-16; Italy 5.23 7-16; Belgium 13.87; Germany 23.69⅛; Tokyo 44.38; Montreal 99.50.

NEW YORK, March 5. (AP)—Call money strong; high 10; low 8; ruling rate 8; closing bid 10; time loans firm; mixed collateral 60-90 days 7¾, 4-6 months 7¾, prime mercantile paper 5½.

Bankers acceptances unchanged.

MARKETS AT A GLANCE

(By The Associated Press)

NEW YORK

Stocks irregular; ten rails touch 1929 peak.

Bonds dull; Anaconda Copper 7's again reach 237.

Curb irregular; Tubize breaks more than 25 points to new 1929 low.

Foreign exchanges easy; Japanese yen rallies 10 points.

Cotton higher; unfavorable weather.

Sugar easy; increased spot offerings.

Coffee steady; trade buying.

CHICAGO

Wheat weak; bearish Kansas reports.

Corn easy; increased contract stocks.

Cattle steady to strong.

Hogs higher.

Stocks Close Lower When Call Money Rates Go Up Unexpectedly

By BROADAN WALL

NEW YORK, March 5. (US)—Unexpected advance in the call money rate to 10 per cent caused a further heavy liquidation and short selling that closed the stock market lower, today. The list held fairly firm in the opening hours, with Railroads featured in rather stirring advance, as traders hoped for easing money during the day. After renewel of eight per cent was announced banks started calling loans, and as the rate climbed after noon offerings of recently favored stocks increased steadily. Early gains in the rails were lost as they succumbed with the rest.

Anaconda was one of the few issues to move against the main trend, gaining 6⅝ to a new high as it became known that refunding plan would be announced after the close. Wright Aero lost 8⅜, Radio 6, Johns Manville 5⅜, Steel over 2 and other active stocks from 1 to 4 points. Erie and Missouri Pacific led in the rail list but lost early gains before the close. Oils were quiet and somewhat soft. Turnover was above the 4,060,000 share level.

Whatever good feeling was aroused by report of decline of $56,618,000 in loans during February was dissipated when the banks started calling more loans and the money rate climbed. There is no reason for an advancing money rate just at this time except the federal reserve board's campaign to correct the credit structure of the market. With March 1 interest and dividends returning to the banks money should be easy and should continue so until just before the middle of the month. However, the reserve board is reported to be checking up the status of loans of individual banks. This report has not been denied and according to bankers here it is of itself sufficient influence to make offending banks call in accommodations they have "camouflaged" in their rediscounting. When the call rate goes to 10 per cent now as a result of such activity it would be no surprise if it were 15 per cent or higher around the middle of the month.

The rails recovered from the disappointment caused by the failure of the president to refer to consolidations in his inaugural address. Buying was largely professional, however, and under its cover there was quite heavy profit taking in other parts of the list. Missouri Pacific and Erie were both helped by report that buying recently was for the account of the Alleghany corporation. The accumulation by that Van Sweringen investment trust, it was pointed out, was due to knowledge of favorable outlook for dividends this year. Baltimore & Ohio's further advance to a new high record not alone reflected increasing revenues but merger prospects as well.

Durant was responsible for the further churning of Chrysler and his operation was aimed entirely at the short interest therein. Those who know Mr. Chrysler and his organization scoff at report that Raskob is to be taken in the directorate. Simmons was quietly taken due to expectation that stock dividend policy of the management will be outlined to stockholders at annual meeting next week. Lambert showed strength for a while due to expectation of favorable development at tomorrow's directors' meeting. Expectation was voiced that the steel directors would name the price at which new stock will be offered when they get together in special meeting next Tuesday.

Anaconda is completing another step in the recapitalization that is the main influence behind the manipulation of the copper metal market in the offering of new stock to retire its bonds. This was forecast here several months ago as was splitting up of the stock. One of the leading stock exchange firms which acts for the Anaconda interests sent out a lengthy analysis of the stock and as a result everyone in Wall Street from bank president to office boy is tipping it for 200. If the corner of copper can be maintained it may get there but in the meantime there is good cashing in of huge profits. It is known also that at least two different groups have conducted operations for insiders.

Livestock

TEXAS LIVESTOCK

FORT WORTH, March 5. (AP)—All classes of cattle and calves sold about steady on the livestock market here today. The supply was a seasonable one. Hogs showed an advance of 20 to 30 cents with a new high point of $11.00 for rail hogs. Only a few sheep on hand and they sold steady.

About half a dozen loads of slaughter steers entered in the day's trading and they sold at about steady values at $9.25 for some common light weight steers up to $11.50 for good heavy steers.

The supply of bulls limited to a few packages, and they sold steady. Common light ones sold around $6.50 and better bulls around $8.00, individuals up to $8.75.

A fair supply of slaughter yearlings and heifers arrived and sold at unchanged prices. Two carlots sold up to $12.25, other loads in the $9.00 notch.

Cows scarce, trading about steady. The bulk of the canners and cutters sold at $5.00 to $6.00, with a few butchers around $7.00 and practically no beef cows on hand for the day's trading.

The supply of calves about in line with the usual light offering and sold in line with yesterday's figures. Bulk of the better calves sold around $11.00 and common calves around $7.00, a few head of desirable veals at $12.00.

A few stocker cattle sold to a fair demand, yearlings selling around $10.25 to $11.25.

Sheep steady; wooled feeder lambs $14.50.

Hogs sold up to $11.00 in the rail section and $10.35 in the truck section. Bulk of 170 to 210-pound butchers at $10.00 to $11.00.

CHICAGO, March 5. (AP)—Hogs—Receipts 19,000; 30@45c higher; top $11.75 for 200-270 pounds; packing sows $10.25@10.65.

Cattle—Receipts 6,500; calves 2,000; steady to strong; slaughter steers, good and choice 950-1,500 pounds $12.25@14.75; fed yearlings, good and choice 750-950 pounds $12.75@15.00; vealers (milk fed) good and choice $14.50@17.00.

Sheep—Receipts 8,000; steady to strong; lambs, good and choice, 92 pounds down, $16.00@17.40; ewes, medium to choice, 150 pounds down, $8.00@9.75.

KANSAS CITY, March 5. (AP)—Hogs—Receipts 7,000; 25@35c higher; top $11.25 on choice 190-240 pounds; packing sows $9.90@10.00.

Cattle—Receipts 5,500; calves 800; steady to 25c higher; slaughter steers, good and choice 950-1,500 pounds $11.85@14.25; fed yearlings good-choice 750-950 pounds $12.00@14.50; cows, good and choice, $8.50@10.25; vealers (milk fed) medium to choice $10.00@11.50.

Sheep—Receipts 5,00; lambs steady to strong; sheep steady; lambs, good and choice, (92 pounds down) $15.65@16.65; ewes, medium to choice (150 pounds down) $7.25@9.25.

FORT WORTH, March 5. (AP)—Hogs—Receipts 2,300, 20 to 30c higher; top $11.00 for good to choice 170 to 210-pound weights; packing sows $8.75 to $9.25; weighty pigs $7.50 to $8.00.

Cattle and Calves — Receipts 1,900; steady; steers $9.25 to $11.75; better grades fat cows $7.00; bulls $7.50 to $8.00; heavy individuals up to $8.75; good heavy calves $11.00 to $11.25.

Sheep — Receipts 800, steady; fleshy wooled feeder lambs $14.50.

MID-WESTERN REVIEW

KANSAS CITY, March 5. (AP)—(U.S.D.A.)—Comparatively light hog receipts around the 11-market loop prompted a general price upturn of 25@40c with spots 50c higher. Trade was active with all interest buying freely. The day's extreme top of $11.75 which is also a new high for the season was paid both at St. Louis and Chicago. Total offerings were around 75,900, a decrease of 26,600 from last Tuesday and 37,500 short of a year ago.

Fat lambs ruled unevenly steady to 25c higher with markets that did not show the full advance yesterday getting in line today. Some points reported strength on fat ewes but generally values on aged stock were little changed. Chicago had a top of $17.35 on fat lambs, and $16.75 was realized at Omaha. The supply approximated 37,200 against 46,349 a week ago and 47,889 the corresponding day last year.

Aggregate receipts of cattle were estimated at 28,200, a slight decrease from a week ago and 7,500 less than a year ago. Although the run was moderate weighty steers continued to find a slow outlet with further weakness developing at some markets. Boston the key market on heavy steer beef, reported a sharp decline and a very poor demand. Other killing classes were unevenly steady to 25c higher, trade fairly active on light yearlings and she stock, lower grades of fat steers and selling at relatively high prices, medium grades generally showing a $1.00@1.50 upturn from the low spot last month. A strong undertone prevailed on stocker and feeder steers, choice white faced stockers selling upward to $13.00.

Grain

TEXAS CASH PRICES

FORT WORTH, March 5. (AP)—Wheat—Two to 2½c lower under slow demand; No. 1 ordinary hard winter, $1.37@1.38; 12 per cent protein, $1.38@1.39; 14 per cent, $1.38@1.39; 15 per cent, $1.38@1.37; 16 per cent, $1.40@1.41; No. 1 red mixed delivered gulf ports at $1.35@1.38 in nominal market.

Corn—One cent off to fair demand; No. 2 mixed, $1.03@1.04; No. 2 white, $1.05@1.06; No. 2 yellow, $1.07@1.08.

Oats—One cent lower, demand slow; No. 2 white, 59@60c; basis delivered T. C. P., No. 3 red, 62@63c.

Sorghums fairly steady, No. 2 milo, $1.62@1.65; No. 2 kaffir, $1.64@1.66. Sorghum heads, per ton, delivered T. C. P., milo, $24.50@26.50; kaffir, $23@24.00; cane seed strong, active, per hundred pounds bulk country red red top according to type and germination, $1.70@1.75.

CHICAGO GRAIN REVIEW

CHICAGO, March 5. (AP)—Wheat prices tumbled down nearly 3c a bushel today compared with yesterday's top figures. The fall went hand in hand with evidence that storage-room here for grain has become filled almost to the limit, and that offerings of wheat to be transferred to Chicago from terminal markets southwest are as futile as carrying coal to Newcastle.

Closing quotations on wheat were heavy, 2⅛c to 2½c net lower. Corn finished ¾c to 1c down, oats ⅛c to 1c off, and provisions unchanged to a rise of 25c.

On top of news today that offerings of wheat to come here from the southwest had met with no acceptance, word was received that the world's wheat available supply has increased 1,500,000 bushels in the last week, and is now 390,501,000 bushels, against 308,309,000 bushels a year ago.

Reports of generally favorable crop conditions for domestic wheat added impetus to the downward swing of the wheat market. Some advices said explicitly that the status of growing wheat is as good as one could expect at this stage of the season. An official report from Kansas, though, mentioned that throughout the eastern part of the state some damage has resulted from ice covering and from soil heaving.

Corn was relatively strong, but prices for this grain as well as for oats and rye were unable to withstand altogether the bearish influence of wheat weakness.

Provisions reflected new record-breaking upturns in the value of hogs.

WICHITA FARM ACREAGE GAINS

New Land Being Planted To Crops This Year

Wichita county will have more acreage in cultivation during the year 1929 than at any other time in its history, according to G. C. McGown, county farm agent and demonstrator, who stated Tuesday that unusual activity has been observed in all parts of the county in breaking up new land for row crops which will be planted during the coming 60 days.

The material increase in the amount of cotton acreage represented by the use of this new land will more than be offset, Mr. McGown stated, by the application of other tracts to an increased planting of wheat and oats, so that the proportion of crop production will probably remain about the same as in former years.

Much planting of oats has taken place in the last few days, it was stated, increasing the already large acreage which had been given to winter oats. Both crops will be harvested at about the same season, with the grain produced from the oats planted in the fall having a surprising advantage in weight over that threshed from the spring planted crop.

Cotton advanced 40 points Tuesday, to list with local buyers at 19.00 cents per pound, middling basis. Eggs dropped from $8.00 to $7.50, and poultry deliveries here were negligible.

POULTRY AND EGGS

All prices below are paid to farmers and producers:

Hens, 4 pounds up	23c
Hens, 4 pounds and under	19c
Broilers	35c
Fryers	30c
Cocks	10c
Turkeys, No. 1	23c

Price paid to farmers, poultrymen, etc.: Selected fresh eggs, per case $7.50

Dealers reporting receipts of poultry and eggs: F. B. Massey company, 307 Fourth street; McKinney Produce company, 1406 Fifth street; Peoples Produce company, 102 Pecan street; Valley Poultry Market, 909 Van Buren; Wichita Poultry and Egg company, 504 Tenth street.

Deliveries of poultry were made to the above produce houses Tuesday by the following: E. G. Harrison, 173 lbs. turkeys; H. Buerger, 73 lbs. hens.

Seven times	2.10
One month (31 days) (10 words)	6.10

THESE RATES ARE BASED ON CONSECUTIVE INSERTIONS. IRREGULAR INSERTIONS TAKE ONE TIME RATE. ABBREVIATIONS, WORDS, INITIALS COUNTED AS FULL WORDS.

WE DO NOT ASSUME RESPONSIBILITY FOR MORE THAN ONE INCORRECT INSERTION OF ADVERTISEMENT. ALL CORRECTIONS IN CLASSIFIED ADVERTISING SHOULD BE MADE IMMEDIATELY.

Outside Texas and Oklahoma
Rates for advertisers outside of Texas and Oklahoma 3c a word per insertion flat; no discounts for subsequent insertions other than usual rules applying.

Orders from out of town advertisers are cash with the order.

Ads start in either afternoon or morning paper.

Combination rates for The Daily Times and Record News.

All classified ads taken to run in both papers, with exception of classified display, which is optional.

Phone Your Classified Ads to
4391

Our courteous ad taker will receive your Classified Ad and help you to word it, then our collector will call the next day. These accounts are "accommodation accounts" for the convenience of our patrons in transacting business over the telephone.

Classified Ad patrons desiring to have ads charged must have a telephone listed in their own name. No book record is made by the publishers on account of the great number of transactions, hence the necessity of collecting promptly.

Correction of errors in Classified Ads must be made before the second insertion. No allowance will be made for more than one incorrect insertion.

Cancellations and adjustments regarding errors should be telephoned to the Classified Ad Department between 8 a. m. and 6 p. m.

Ads accepted for afternoon papers up until 11 a. m. same day.

Morning paper up to 6 p. m. for the following morning.

Sunday paper up to 1 p. m. Saturday night.

Same copy in both papers.

THE CLASSIFIED DEPARTMENT IS OPEN ON SUNDAYS from 4 to 6 p. m. And telephone orders for classified ads to be inserted or to be discontinued will be accepted.

Exceptions: Want ads will be accepted over the telephone for all excepting the following classifications; Situations Wanted and Wanted to Rent. Ads for these classifications are cash with the order and will not be accepted over the telephone.

The Times reserves the right to classify all Classified Ads under the appropriate headlines and to revise or to withhold from publication any ads deemed objectionable.

HOW TO ANSWER WANT ADS
In answering "blind ads" in these columns write plainly and be careful to use exact address given. Letters brought to the office do not require stamps. In replying to advertisements where references are asked for, do not send the original references—send copies of them only.

If you are an out-of-town resident and wish to correspond with some Wichita Falls advertiser in whose ad the box number appears, just address your answer to the box number in care of The Daily Times-Record News and mail it after you place your two-cent stamp on same, and we will deliver it to the advertiser.

Vanderbilt's Daughter Is Granted Divorce

NEWPORT, R. I., March 5. (AP)—Mrs. Muriel Vanderbilt Church, daughter of William K. Vanderbilt and Mrs. Graham Fair Vanderbilt, was granted a divorce here today from Frederick Cameron Church Jr., of Boston. All testimony was by deposition, neither of the principals being present.

Hugo, Okla., Blaze Does $50,000 Damage

HUGO, Okla., March 5. (UP)—Fire today destroyed a half block of business property with an estimated loss of $50,000.

Firemen from Paris, Texas, were called. The Rev. Womack Mercantile company and Patterson Hardware company buildings were destroyed.

Fox Theaters Purchase 15 New Jersey Shows

NEW YORK, March 5. (AP)—The Fox Theaters corporation announced today it had acquirred the 15 theaters owned by Walter Reade, operating principally in New Jersey, and the chain of 98 theaters in the Schine group in New York and Ohio.

Grounded Vessel Is Pulled From Sandbar

JACKSONVILLE, Fla., March 5. (AP)—The Clyde liner Mohawk was pulled late today from a sand bar where it ran aground in the St. Johns river this morning. Listing badly to starboard, the vessel proceeded to port under its own power.

WATER SUIT GOES TO JURY

Verdict May Be Reached Today in Claim

After four hours deliberation Tuesday afternoon the jury trying the $68,000 damage suit of Mrs. J. M. McGrath against the Wichita county water improvement district No. 1 and the city wa.. excused by Judge Martin until 9 o'clock Wednesday morning.

The jury must answer 71 separate issues before its vedict can be reached. It has listened to eight days of testimony and argument, which has called for 38,000 pages of short hand notes from Mrs. Mary Newsom, court reporter. A total of 125 exhibits, including maps, photographs, charts, and letters is included in the evidence.

Mrs. McGrath is seeking recovery for alleged injuries to her land from seepage from an irrigation canal.

New Trial Refused In $10,000 Verdict Here

Judge P. A. Martin Tuesday afternoon overruled a motion for a new trial sought by the defendant in the suit of F. M. Horton et al., against S. L. Giles. In the trial a few weeks ago Mr. Horton and his son were awarded $10,000 damages in connection with the death of Mrs. Horton in an automobile accident last year. The boy was given $7,500 and the husband $2,500, according to the jury's award.

Attorneys for the defendant gave notice of appeal after the motion was denied.

International Traveler To Address Lions Club

A. M. Skeffington, reported in advance notices as an international traveler and speaker, will address the members of the Lions club in their regular weekly meeting Wednesday noon at the Y. W. C. A.

Musical selections will be given by Miss Genevieve Gilbert, soprano, who is in the city in connection with the presentation of "The Drama of Life," which is being sponsored by the Lions club.

Building Permit For Grocery Store Issued

A building permit for the construction of a grocery store at 2201 Taylor street was granted to J. C. Glass Tuesday by the city engineering department.

The structure is to cost $350. The establishment of the store was approved by the city council in its regular meeting Monday night in a public hearing of the matter.

A permit for repair work amounting to $150 was granted to J. G. Lowden while a permit for a $150 addition to a residence at 707 North Lamar was granted to Mrs. R. E. Montgomery.

$1 TO $1,000

Sheriff's Sale of Land Brings Wide Range In Price

Prices ranging all the way from $1 to $1,000 were paid Tuesday afternoon for property sold for delinquent state and county taxes. Between 25 and 30 pieces were offered at auction, H. M. Hawkins, chief deputy in the sheriff's office, acting as auctioneer. The sale drew a large crowd to the courthouse steps between the hours of 2 and 4 in the afternoon.

Wayne Somerville, county attorney, said that prices were unusually low and that the returns from the sale had been disappointing. The $1 price was paid for a lot out of Iowa Park and the highest price was brought by city property in Wichita Falls.

70 Per Cent of City Taxes Paid, Report Shows

City tax assessments totaling $214,644.64 remain to be collected before they are declared delinquent on April 1, W. R. Hyer, city and school tax assessor and collector, said Tuesday.

Seventy per cent of the city taxes for this year, totaling $512,147.16 had been collected up to Tuesday afternoon, Mr. Hyer said. The total assessment for the year is $726,791.80.

A considerable number of people who had not paid their taxes cleared up their assessments Tuesday, and if the steady payment lasts through the month a large part of the 30 per cent of the total assessment which is still unpaid will be cleared off before the close of the time extension on March 31, Mr. Hyer asserted.

AUTO LICENSE THIEVES BUSY

80 New Plates Stolen Here Since Jan. 1

Thieves have escaped with a total of 80 new automobile license plates in Wichita county since the 1929 numbers were issued, according to figures compiled by S. O. Hamm, state highway officer.

Several heavy fines for "driving a car with a fictitious license number" have been assessed in the county court at law since the epidemic started. Mr. Hamm explained Tuesday that unless he or another officer catches the thief in the very act of taking the plate he is unable to prove a charge of theft but is forced to depend on the other charge which calls for a maximum $200 fine.

Chest Members Given Funds at Meeting

Funds for operation of local charitable organizations during March were distributed to the heads of the local relief associations Tuesday at a meeting of the Community Chest finance board, according to Miss Myrle Neely, executive secretary.

The books for the past month were audited at the meeting.

Members of the board who were present were as follows: C. E. Basham, W. E. McBroom, E. B. Lehrack and Miss Neely.

Note Found in Pocket Of Texarkana Suicide

TEXARKANA, Texas, March 5. (AP)—A note saying "burn my body. My God but this is terrible," was found in the vest pocket of Walter Schicker, 25, today at the coroner's inquest. A verdict of suicide was given.

Schicker was found by relatives in his brother's house with a bullet wound in his heart and a rifle by his bed. He has been in ill health for two years.

BOYS WORKER HERE FRIDAY

National Leader to Make Wichita Survey

The need of organizations and work for underprivileged boys will be surveyed here during the latter part of this week and first part of next week by Alexander Campbell of New York, national field director of boys work.

Mr. Campbell will arrive in Wichita Falls Friday to begin work, according to a telegram received Tuesday from him by Miss Myrle Neely, executive secretary of the Community chest.

Meetings for discussion of the need of organizations here for boys will be arranged by Mrs. C. Joline, chairman of the Community chest committee on boys work.

Mr. Campbell is to recommend methods and solutions of problems prevailing here among underprivileged boys in his survey, Miss Neely said.

February Cold Wave Raises Charity Demand

Expenditures for food, clothing, and various articles of family relief distributed during February totaled $1,361, according to the regular monthly report of Mrs. Effie McHam, executive secretary of the Family Relief association.

Families cared for by the association totaled 303 involving 1406 persons in the families assisted, the report shows. Fifteen cases which were closed during the month while 288 were carried over into the March account.

The cold, disagreeable weather in the early part of the month which caused many employes of construction companies to be without jobs and many "hobos" to tramp into town increased the amount distributed for relief work here, it was said.

Kelly Leaves Today For Social Welfare Meet

A. E. Kelly, campaign director for the Community chest fund last fall, will leave Wichita Falls Wednesday to attend the mid-west and southwest regional conference of Community chests which will be held March 8 and 9 in Omaha, Neb.

Mr. Kelly was selected to represent the Wichita Community chest at a meeting of the directors several days ago in view of his efficient work in the chest drive last fall. He is the first man ever to represent the local chest in the conference.

According to letters received last week by Miss Myrle Neely executive secretary of the Community chest, the relation of corporations to the Community chest will feature the discussion at the conference.

Roman senators were appointed for life.

School and College News

Charles Weeks of California, who is now fostering the intensive farming system in Texas, addressed the students of the high school and Junior college Monday morning at the regular general assembly period.

The theme of the speech was happiness and how it can be acquired. A healthy body was judged the first requirement by the speaker. He also mentioned the five senses and advised proper care of each. In regard to the sense of smell, Mr. Weeks gave a comparison between the nostrils of a smoker and the smoke stack of a locomotive. In regard to the sense of hearing and its proper care and development, the speaker advised that every student present learn to play some instrument well.

Mr. Weeks then spoke briefly on the "Little Farm" idea.

◆ ◆ ◆

Henry Anderson, captain of the 1929 basket ball team of the high school, presented Dean Rider with a silver loving cup that the squad had won in the recent A. A. U. tournament in which the Coyotes won second place. The cup is to be placed in the trophy case on the second floor, according to Dean Rider.

A list of all outstanding magazine articles that appear in the March issues of magazines that are in the Snider library has been prepared by Miss Mae Miller, head librarian of the school library. The list included: "Can You Say No?" by Bruce Barton, in American; "An American Wedding Journey in 1825," by H. J. Coolidge, in Atlantic Monthly; "Emilio Portes Gil, Mexico's New President," by Manuel Gamio, in Current History; "Issues Between U. S. and Mexico," by Guy Stevens and Ernest Gruening, in Current History; "Boys, Gangs and Crime," by Howard McLellan, in World's Work; and "Youth at the Top—Eva LaGalliene," by John H. Preston, in World's Work.

Report cards will be issued to all high school students through the day on Tuesday, it was announced Monday. Reports are issued each six-weeks period during the day.

Cashion School P.-T. A. To Hold Special Meeting

Special to The Record News

CASHION, Texas, March 5.—The P.-T. A. of Cashion urges that all its members be present at a special meeting to be held in Cashion auditorium Thursday, March 7, at 3:15 o'clock.

The second and sixth grades will present a program on "Safety First."

THIS SPACE is being contributed to the columns of this valuable newspaper by "The Oldest Automotive Firm" in Wichita Falls.

Fifteen years—selling "One" complete line of passenger cars and trucks, exclusively and continuously.

Every member of this organization has "one outstanding desire" and ambition which is: "Deserve to Sell" by "Desiring to Serve."

TO END SKIN TORTURE USE INVISIBLE ZEMO

Surprising, and gratifying, is the way soothing, cooling Zemo, the remarkable antiseptic liquid, relieves itching rash, blemishes and other skin affections. It clears the skin. Generally it removes every trace of Eczema. And because it is such an effective antiseptic it prevents dandruff. Keep invisible, odorless Zemo always on hand. Get a bottle today. All druggists, 35c, 60c, $1.00. —Adv.

Coughs...
quick action plus safety

The Special Taeschner Process, by which PERTUSSIN is made, has created a quicker and safer cough remedy. It loosens the phlegm, soothes the irritation and quiets the cough by removing the *immediate cause*. Because it is free from Dope, it is harmless, even for little children. That is why Doctors have prescribed it for 25 years.

Ask any doctor or druggist

Our First Anniversary
"And How"
We opened our Shop for Service Twelve months ago today,
And there are many reasons Why we're here—and mean to Stay.
First, our Service has appealed To the Highest Class of trade,
And with patrons like this We have easily made the grade.
Next, that we have served each one
Whether they're young or old
With the Highest Standard Products
Has helped us reach our goal.
Now this too is a good reason Why we have made a GO:
We've brought along with this Service
Low Prices to MONROE.
Then here is our Best reason Why business grows with a bound:
We try to keep our Shop The very Cleanest Place in town.
We use Clean Towels on each patron,
Fresh Steam Towels with each Shave.
And with sanitary modern equipment
Much time we save.
"Cleanliness" is our Motto: One of our strictest rules,
So our barbers wear white smocks
And use sterilized tools.
We always give the children A gift when we cut their hair,
So now we're quoting a Price-List
That gives the Grown-Ups a share.
We know that it's Unusual, That it is something New
To find Clean, Courteous Service
With such Low Price, too:
All Hair Cuts ARE NOW ..... 25¢
Shave ..... 25¢
Massage ..... 25¢
Fitch Shampoo ..... 25¢
Standard Tonics ..... 25¢
Singe ..... 25¢
Hair Oil ..... 10¢
OR ALL FOR $1.00

YOU CAN MOVE ALONG WITH ANY GASOLINE
BUT YOU RIDE—
"HIGH, WIDE and HANDSOME"

WITH CONOCO-ETHYL

There's a real thrill to motoring when you have Conoco Ethyl in the tank.

This snappy power fuel literally pulls at the leash—eager to go—just "rarin" to release the full power which your motor was designed to develop.

And remember, Conoco Ethyl operates efficiently at all temperatures—and at all seasons.

It "Knocks out that Knock"—turns carbon into power. Betters the performance of any type of car—whether of low or high compression—and more than saves its slight extra cost by insuring a smooth running engine—thereby reducing repair bills.

Once you've tried Conoco Ethyl you will appreciate what a pleasing difference it makes in the operation of your car.

Get it at the Conoco Ethyl pump—at service stations and garages.
