Senate Okays Tax Bill; House Action Doubtful

By ED OVERHOLSER

AUSTIN (AP)—Senators overwhelmingly passed a 180-million-dollar tax bill today and put the pressure once again on the House to pass the bill or pass the buck to a third special session.

The Senate wasted little motion in adopting the joint conference committee report 24-6. The bill will raise $180,292,000 if it applies to the full 2-year fiscal period beginning Sept. 1.

House members will have to pass the bill by a two-thirds vote to have it effective by that date. There is no remote chance of this. The vote in the House later today is expected to be close but most feel the House will again turn it down.

"This is the fifth time we have asked you to vote on a tax bill," explained Sen. Wardlow Lane. "I think it will do this job. It meets the requirements of the appropriation bill and will get us out of here."

Voting against passage were Sens. Henry Gonzalez, Charles Herring, Abraham Kazen Jr., Culp Krueger, Frank Owen III and Doyle Willis.

If the bill wins a bare majority in the House it will become effective in 90 days. This will shrink the period to which the bill applies and reduce revenues by about eight million dollars.

All five House conferees said yesterday they will oppose the bill. Three of the five signed the report to give the entire Legislature one more round.

The five senators will vote for the bill which remains basically a Senate answer to the tax problem: 75 per cent selective sales tax, 25 per cent tax on natural gas and business.

The only major change made in the report accepted by the Senate and turned down 81-64 by the House last Saturday chops out a 5 per cent tax on the income of private clubs collected from meals and mixed drinks.

This was counterbalanced slightly by raising the new sales tax on radio and television component parts and hi-fi sets from 2.2 per cent to 3 per cent.

Rep. Mauro Rosas, El Paso, chairman of the House group, estimated the bill still will bring in about 180 million dollars. The original report was slightly higher at $182,367,000.

The Senate stood pat against a severance beneficiary tax which Gov. Price Daniel wanted assessed on interstate pipeline companies. The bill includes, however, a one per cent boost in the gas production tax.

Many House members cited the three cent a pack boost in the state tax on cigarettes as the prime reason they voted against the bill.

The tax boost on cigarettes would collect $64,458,000. In 1962 the rate would drop automatically to 6 cents.

Major features of the bill include a 12½ to 25 per cent tax on cigars and other tobacco, except snuff, $13,500,000; air conditioners, 3 per cent tax, $7,575,000; boats and motors, 1.6 per cent tax, $3,000,000; cameras, lenses and film, 5 per cent, $3,000,000.

Union's Officers Tour Mill Towns

By WILLIAM A. SWARTWORTH

PITTSBURGH (AP) — Top officers of the United Steelworkers of America set off today for a tour of mill towns to fill in rank-and-file members on the two-day-old steel strike.

There was no indication of an early break in the walkout of 500,000 steelworkers. As union and management marked time, the walkout spawned growing unemployment in other areas of the nation's economy.

President David J. McDonald of the USW planned to tour Bethlehem, Pa.; Trenton, N.J.; Philadelphia and other steel areas during the weekend.

Vice President Howard R. Hague was scheduled to visit Chicago and Calumet, Ill., and Gary, Ind. Secretary-Treasurer I. W. Abel concentrated on the Pittsburgh area.

R. Conrad Cooper, industry's chief negotiator, planned a short rest before a meeting in New York with Joseph Finnegan, director of the Federal Mediation and Conciliation Service.

Industry's top negotiators will meet with Finnegan Monday morning with the union scheduled to meet with him in the afternoon.

Patches of unemployment have sprung up and will grow daily in such allied industries as rail, coal, truck, inland water shipping, iron ore mining and processing.

Roughly 20,000 or more workers in these industries have been idled.

Joseph Finnegan, director of the Federal Mediation and Conciliation Service, summed up the deadlocked situation when he stated: "I don't think it's susceptible to easy or early solution."

At the direction of President Eisenhower, Finnegan had met separately with both sides to explore their positions. He said afterward he plans no formal peace moves until Monday.

Earlier, the union proposed — and the industry rejected—a plan to submit disputed issues to a three-man fact-finding board. The industry said the facts already are well known.

Basically, the union seeks increased wages and improved fringe benefits, contending the steel industry can afford it. The industry says that to grant the demands would be inflationary; it must hold the line on production costs, also have more leeway in effecting operation economies.

Steelworkers had been averaging $3.10 an hour. Their old three-year contract expired June 30, was extended two weeks until Tuesday midnight at the request of President Eisenhower.

The President said at his news conference that there is no present emergency which would warrant government intervention under the Taft-Hartley Act.

Once again he urged both sides to exercise statesmanship and responsibility to get the strike settled quickly.

The strike has brought to a standstill nearly 90 per cent of the country's steelmaking capacity.

Most major steel users report they have sufficient steel stockpiled to permit uninterrupted production for at least several weeks.

Systemwide furloughs went into effect today for 6,200 Pennsylvania Railroad employes. This is the biggest single layoff so far as a result of the strike.

Tax Evasion Case Appealed

HOUSTON (AP)— The income tax evasion conviction of H. A. Lott, former official of the Farnsworth and Chambers Construction firm, was appealed to the Fifth Circuit Court of Appeals in New Orleans yesterday.

Attorneys for Lott filed motions seeking a bond pending determination of the appeal, a stay of a two-year prison sentence following payment of a $20,000 fine and a reduction of sentence or probation.

Lott, Lorn D. Frazier and Lee Blocker were sentenced June 19 following conviction for evading $491,000 in corporate income taxes. Blocker received a three-year prison term and Lott and Frazier two-year terms. All three were fined $20,000 each.

Juno Rocket Explodes

CAPE CANAVERAL, Fla. (AP) —A Juno II rocket exploded on its launching here today. It was intended to put aloft a 91½-pound satellite designed to probe mysteries of space and weather.

Long Leads Newsmen On Merry Chase

Gov. Earl Long of Louisiana led public officials and newsmen on a merry chase late Wednesday before he finally turned up at Webb Air Force Base at Big Spring.

He left Big Spring early today by automobile for El Paso to continue his vacation tour.

The Louisiana governor had departed Fort Worth early Wednesday afternoon on an uncertain itinerary. He managed to "shake" newsmen who were following his limousine at Mineral Wells. Thereafter, his whereabouts were a matter of speculation until he turned up in Big Spring at about 9:15 p.m.

Several newsmen came to Snyder searching for Long, while a large group gathered to receive the Louisiana governor in Lamesa. At the same time, eyes were peeled for Long's Louisiana Air National Guard plane here and in Big Spring.

Long had mentioned that he might stop in Lamesa. At the same time he said he might attend the rodeo here last night.

The first tipoff came early Wednesday night when his plane landed at Webb AFB. However, the group on the plane denied any knowledge of the governor's whereabouts.

Meanwhile, Long was cruising along U. S. Highway 80, stopping in Cisco to visit acquaintances, and making a gasoline stop in Sweetwater.

Long had been invited to ride in the rodeo parade here yesterday afternoon, but left the appearance indefinite.

He remained overnight in the bachelor officers quarters at Webb AFB, and stayed awake until 2:30 a.m. today telephoning and telling stories. He was up again at 5:30 a.m. and ready to depart for El Paso.

McCaulley Man Hurt In Mishap Near Ira

A McCaulley man was injured early this morning in a one-car accident near Ira.

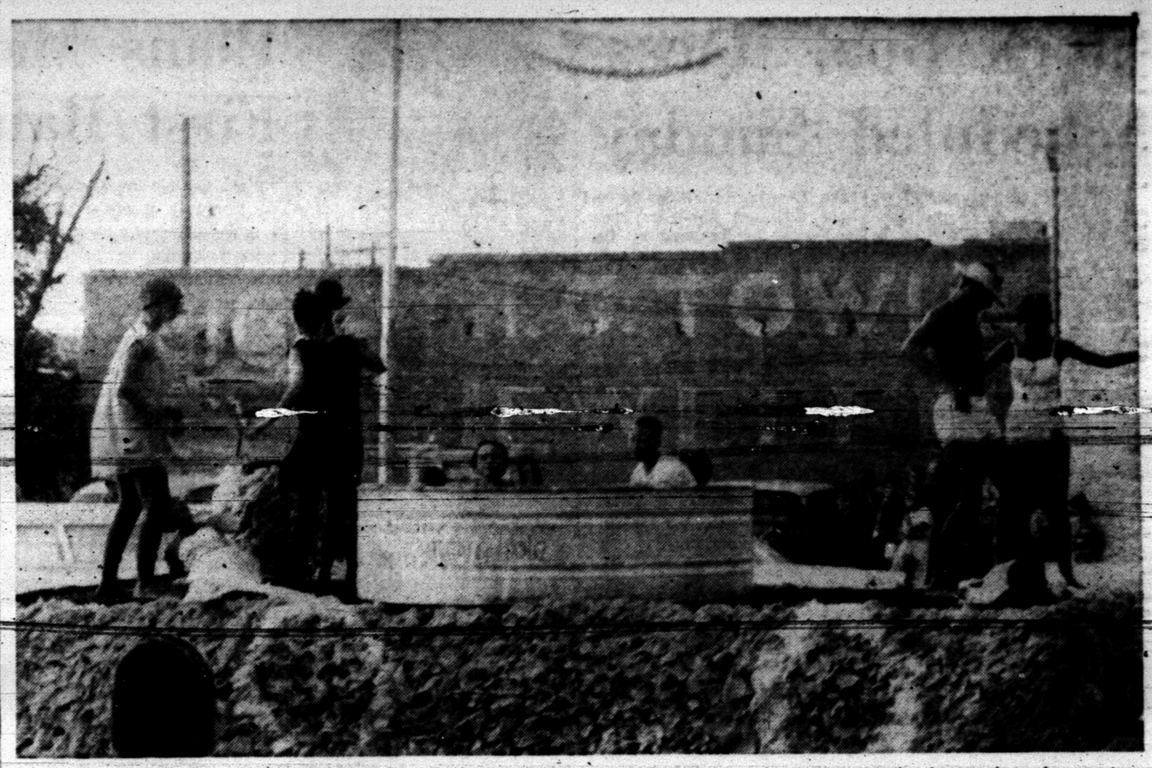

He is Raymond Thompson, who suffered back and side injuries and lacerations when his car turned over on its side and threw him out. Thompson told witnesses he went to sleep. Another man in his car was not injured.

Thompson had been headed north on State Highway 350 when the 1952 Packard skidded and turned over about half a mile south of Ira.

He was taken by Bell ambulance to Cogdell Memorial Hospital.

RODEO BEGINS WITH BOUNCE—The bronc rider above was one of the opening night contestants in the Scurry County Rodeo. Rain late yesterday afternoon cooled the arena for a near-capacity crowd of spectators. Jim Brock of Lubbock is the cowboy above. (Lee Watson photograph)

AFLOAT—Floats really floated around the Snyder square in the annual Scurry County Rodeo parade yesterday afternoon as heavy rain fell. The weatherman, making his usual appearance for the parade, didn't daunt the group above, however, on the float entered by Towle Memorial Park swimming pool. It had a stock tank swimming pool surrounded by teenagers in early day and modern swim wear who danced and pranced around the pool as the rain fell. Several hundred spectators lined door-ways and store windows to watch the parade in the rain. (Lee Watson photograph)

Heavy Rains Fall In East Scurry Area

The shower which wet down the rodeo parade here yesterday amounted to only .47 in Snyder, but at the same time big rains were falling in some parts of the Snyder area.

Up to 3.4 fell in an area about five miles east of here in the neighborhood of the John Zalman farm.

While eastern Scurry was getting good rains, most of the western side of the county was getting little or no rainfall. The rain, for all practical purposes, stopped near the west Snyder city limits.

Lake J. B. Thomas had 1.7 at the Big Spring pump station but practically none at the Snyder pump station near the dam. There was no reported rain in Borden County other than in the immediate lake area.

Fluvanna had only a light shower, while there was about an inch three miles north of there near the Caprock. North of Snyder, at the Pasotex Pipe Line Camp, there was .01. There was only a small shower at Ira.

But just east of Snyder the heavier rains fell. Reports included 1.3 at Lloyd Mountain, .9 near Hermleigh, 2.4 10 miles east of here on the Camp Springs road at the W. E. McMillan farm and .7 at the Paul Moore farm seven miles southeast of Snyder.

Solar Flare Rocket Fails

WASHINGTON (AP)—A 21-foot solar flare rocket hurled aloft from Point Arguello, Calif., to record radiation failed to attain its expected altitude of 150 miles.

The Naval Research Laboratory reported today that the Asp second stage of the two-stage Nike-Asp combination apparently did not fire.

It said that after the Nike booster rocket dropped off a mile in the air the rocket coasted on only about 100,000 feet.

The cause of the failure of the second stage which would have sped the recording payload on to 150 miles was not determined.

Despite the rocket's failure to attain the anticipated altitude, the laboratory said much information about cosmic rays was obtained by the rocket's 50 pounds of instruments.

The rocket, launched Tuesday, was the first of 12 solar flare probes designed to gather information about the flares—explosions on the sun—which sometimes blackout radio and wire communications.

Bill Ousting Newsmen Is Dead For Session

AUSTIN (AP) — A resolution asking the State Board of Control to oust Capitol news reporters from their present quarters appears dead for the session.

"I doubt if your resolution gets out of the committee this session," Rep. B. H. Dewey Jr. of Bryan told Rep. Bill Stroman, San Angelo, author of the ouster resolution. Stroman had asked what the rules committee has done about his resolution.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 94 degrees; low, 66 degrees; reading at 7:30 a.m. today, 69 degrees; precipitation, .47.

East and South Central Texas: Partly cloudy and warm through Friday. Widely scattered mostly afternoon and evening thundershowers.

North Central, Southwest and Northwest Texas: Partly cloudy this afternoon, tonight and Friday with scattered thunderstorms. No important temperature changes.

West Gulf: Variable winds 5 to 15 m.p.h. and a few showers through Friday.

Competition Tough During Rodeo Opener

Several cowboys were already well in contention for double wins as the 23rd annual Scurry County Rodeo got off to a start last night.

The rodeo will last through Saturday night. Tonight's show, which will be at 8 o'clock, will feature an entirely different group of contestants, the last half of the first go-round. Go-round winners will be known after tonight's show. The last two nights will be the second go-round, and averages from the two go - rounds will determine the championships in the show.

Sidney Johnson of Snyder was among top riders, so far running first in bull riding and third in bareback bronc riding. Another is Ed Workman of Lubbock, who so far is leading saddle bronc riders and has the second highest number of points in bareback riding.

In roping, a possible double winner is Sonny Phillips of Lubbock, who so far has a tie for the best time in the yearling tie - down and is running third in calf roping.

Rain drenched the first day parade yesterday, but it proceeded before a crowd which dwindled rapidly when the rains came.

Gov. Earl Long of Louisiana, who is moving about Texas, was invited to participate in the parade and said he might, but he didn't show up.

The Levelland Sheriff's Posse was presented the first place trophy for riding groups in the parade by Fickas Bell, president of the Scurry County Rodeo, while the Lynn County and Fisher County groups took the runner - up awards. Other riding groups included those from Big Spring, Sweetwater, Post and Scurry.

To be announced at tonight's show are winners of the rodeo queen contest and winners of the float contest in the parade.

About 3,000 persons attended the opening show last night. Around 2,000 had attended a barbecue earlier, staged by the Scurry County sheriff's posse.

Despite the rain downtown, the rodeo grounds west of here remained dry, and more than 100 contestants were in the first night's competition.

Results included:

Bareback bronc riding — Jim Brock, Lubbock, 169 points; Ed Workman, Lubbock, 164; Sidney Johnson, Snyder, 163; Jim Whitfield, Big Spring, 159; Donald Hurt, Guthrie, 153; Sam Rush, Levelland, 151; Polly Hollar, Guthrie, 149.

Soviets Ease Demands On Berlin Issue

By JOHN HIGHTOWER

GENEVA (AP) — The Soviet Union has eased up on its demands that East and West Germany sit in on secret talks at the Big Four foreign ministers conference, informed sources said today. The Soviet maneuver had threatened serious delays in the talks.

Informants said the Soviets indicated a readiness to take part in social functions from which the Germans would be barred.

Much of the real negotiations in the early phases of the conference took place at secret sessions. Public sessions, at which the Germans sat as advisers, produced little more than speechmaking.

Soviet Foreign Minister Andrei Gromyko threw the conference into confusion Monday after it returned from a recess by announcing opposition to secret sessions unless East and West Germany took part.

The outlines of the compromise emerged after a dinner conference Wednesday night at which Jakob Malik, Soviet ambassador to London, was guest of Sir Patrick Reilly, British ambassador to Moscow.

The conference still remained snarled, however, over a solution for the Berlin crisis — the basic issue that drew the four powers to Geneva.

The West stood fast against any Soviet truce formula for Berlin granting new power and prestige to the East German Communist government.

No Questions On Religion

NEW YORK (AP)—A State Supreme Court justice has forbidden the Arabian-American Oil Co. (Aramco) to ask the religion of job applicants in New York State.

The decision upset a ruling by the State Commission Against Discrimination which had exempted Aramco from state laws prohibiting such questions in employment.

Many Aramco employes are sent to Saudi Arabia, which is stringent in Arab barriers against Jews.

The court decision was made Wednesday by Justice Henry Epstein. He sent the case back to the State Commission Against Discrimination for action "not inconsistent with this opinion."

Krush Pledges Soviet Will Never Start War

By STANLEY JOHNSON

SOSNOWIEC, Poland (AP) — Soviet Premier Nikita Khrushchev today pledged that the Soviet Union would never start a war against anyone, anywhere at any time.

He told a cheering throng of delegates at a meeting of miners unions in this Silesian industrial town: "I give you our solemn pledge that never, never, never shall we launch any war against any country anywhere at any time."

He said he did not believe capitalist countries would start war either but claimed that was because the "balance of forces" is now overwhelmingly in favor of the Communists.

Khrushchev appeared dynamic and reinvigorated. All signs of weariness that marked his appearance during the first two days of his tour of Poland had disappeared after a night's sleep. He is 66.

Khrushchev spoke without either text or notes in an impromptu address after he canceled a scheduled visit to the Nazi extermination camp at Oswiecim.

Khrushchev began in conversational tone, discussing his own days as a miner. He could scarcely be heard, but when he said: "Now comrades we come to international affairs," it was as though a charge of electricity ran through him.

He predicted inevitable victory for communism with "struggles" but without war.

"I believe that, as I believe the sun will rise tomorrow.

"We want coexistence; we don't want war. We don't need war. Neither do the capitalist countries. When they thought they would win they wanted war, but I believe they have become wiser."

Khrushchev said people accused him of having said that communism would be the gravedigger of capitalism.

"All right, I did say it. But I didn't mean we would take shovels and dig their graves, only that history will inevitably give the victory to socialism — not voluntarily, we must struggle. The more organized working classes of the world there are the sooner that victory will come about."

Khrushchev said he had told recent American visitors: "We are stronger than you are."

Stock Boat Races Scheduled Sunday

Plans have been completed for stock boat races to be held Sunday afternoon at Lake J. B. Thomas under sponsorship of the Knights of Columbus.

The races will begin at 3 p.m. at a site immediately west of the Lake Thomas Lodge near the south end of the dam.

The races are for stock boats exclusively, and entry blanks have been made available at all stores at the lake. Boats of four cylinders will be accepted at a drivers meeting scheduled for 1:30 p.m. Sunday at the site of the races.

Tickets to the event are selling for $1 per person, and they may be obtained from members of the Knights of Columbus, or at the lake Sunday afternoon. Each ticket entitles the purchaser to a chance on a complete boat rig, including a 14-foot Lone Star boat, Mercury motor and Lone Star trailer. The rig will be given away at the races.

Several local firms are assisting the Kights of Columbus in staging the races. M&M Radio and Electronics will furnish a loudspeaker; pickup boats will be furnished by Denson Gulf Station Lake Thomas Marine Supply and Phils Auto and Appliance Store; buoys will be furnished by Central Tire Service, and a standby ambulance will be furnished by Bolger ambulance services.

He is James Phillip Tate, 20, son of Mr. and Mrs. Jay Tate of Wichita Falls, formerly of Snyder.

Tate is a 1957 graduate of Snyder High School and had been attending Texas Christian University for the past one and one-half years.

He began his work at the academy in June.

Tate's appointment came through Sen. Lyndon B. Johnson.

His grandparents, all living in Snyder, are Mr. and Mrs. O. P. Tate, Sr., 2507 Avenue X, and Mr. and Mrs. Pete Hart, 3706 Avenue T.

Wanted Man Slays Self

HOLLYWOOD, Calif. (AP) — A man wanted in the slaying of a childhood sweetheart shot and killed himself Wednesday night as police closed in on the apartment of a woman who had sheltered him.

Robert Lee Kilmer, 28, Fresno, Calif., had been sought since July 9 when the nearly nude body of Mrs. Mary Jean Prestridge, 26, a pretty Fresno housewife, was found in her car truck in nearby Inglewood.

Police went to the West Hollywood apartment after getting an anonymous telephone tip.

They ordered Kilmer to come out with his hands up. When he refused, they lobbed tear gas bombs into the apartment. Then they heard a shot.

After a short wait, they stormed the apartment and found Kilmer crumpled on the floor.

Mrs. Carole Decker, 50, occupant of the apartment, said Kilmer was a neighbor of hers in Fresno several years ago. She said she didn't know police wanted him and that Kilmer had been staying in the apartment with her and her son Don, 28, about a week.

Plans Made For First Bale Award

Plans for the annual award for the first bale of cotton produced in Scurry County for the year were made yesterday by the agriculture committee of the Chamber of Commerce.

The panel also began plans for the annual farm and ranch field day sponsored by the chamber.

For the past few years the Chamber has made a cash award annually to the farmer making the first bale of cotton of the season to the gin.

The award will be changed slightly this year. In addition to giving the award, the committee will conduct an auction of the bale.

The auction will be held during a farmer-businessman banquet held in Snyder. The agriculture committee, during the past few years, has been holding suppers throughout the Snyder area in various communities, with businessmen hosting farmers, and this will be one of that series. The first bale producer will also be presented his check from the chamber during that banquet.

The annual agricultural field day was set for Aug. 18. The special day will include a tour of points of special agricultural interest in the county and a noon barbecue, with an agricultural speaker.

Max von Roeder, chairman of the committee, appointed Oscar Fowler, Moore, Billy Bob McMullan and Burchett as a committee to plan the tour. Bentley Baize and D. T. Pierce are a sub-committee to secure a speaker for the event. McMullan will arrange for buses and water for the tour.

TV Used To Focus Camera

MINNEAPOLIS (AP)—An astronomer who focused his sun-shooting camera by television more than 15 miles away proudly proclaimed Wednesday night he got the best picture ever taken of a sunspot.

Dr. Martin Schwarzschild of Princeton University displayed a well-defined photograph of a sunspot 25,000 miles in diameter.

The picture was one of 8,000 taken by an automatic camera carried more than 80,000 feet into the air by a plastic balloon last Saturday. The telescopic camera was focused by remote control, using an air-to-ground television system to let ground crews see what the camera's eye saw.

Dr. Schwarzschild said the pictures gave scientists a new idea of the effects of the great magnetic fields surrounding sunspots, of solar explosions.

He said temperature variations within the strong magnetic field were not as great as previously thought. The variations are between the hot gasses pouring away from the sun and the cooler gases falling back into it.

Case Ready For Argument

A criminal case which was moved in 132nd District Court from Borden to Scurry County was almost ready for arguments at noon today.

The charge was to be read to the jury just after lunch by Judge Sterling Williams, followed by arguments by Wayland G. Holt, district attorney, and Charles Dean of Plainview, who is representing the defendant.

On trial is W. B. Richardson on an indictment of theft by false pretext and swindling. The case involved 48 cattle from the Clyde Miller ranch in Borden County.

Jurors are Willard Gladson, J. P. Ward, Thelma Leslie, W.M. Starnes, Robert Nimmo, Bob D. Bell, Dale Clemmer, Joe Thompson, Ralph Neal, Sam Spikes, Bud England and Bill McCormick.

Girl Flees As Kidnaper Falls Asleep

DETROIT (AP) — Blonde Ann Piri, 17, was back safe at home today while her onetime boy friend was in jail for a 10-hour armed abduction which ended when he fell asleep.

The girl was kidnaped at rifle point from her suburban Highland Park home Wednesday by John Thompson, 22, prison parolee who said later he "blacked out" and could not recall what happened. Miss Piri said she was raped.

Family members said Thompson, who used to keep company with Miss Piri, invaded the home at 4:30 a.m., seized the girl in her night clothing and drove off with her after firing a shot into a wall. No one was hurt.

In midafternoon both were found 15 miles north, near Pontiac.

Miss Piri appeared at a home reporting "a man is chasing me with a gun." Police then found Thompson, wearing the leather jacket of a motorcycle club, asleep on a blanket beside the car, in a lover's lane.

He still had the rifle but surrendered without resistance. He was held for investigation of kidnaping. Discharged from the Army in 1956 as "undesirable," he is on parole from a burglary sentence.

Miss Piri, who lives with a grandmother and an aunt, quit high school a year and a half ago after a record for truancy.

Police said girl friends of Ann stated she had quit seeing Thompson because she was afraid of him.

BOISE, Idaho (AP)—Mrs. Emma Gatewood, 71-year-old great-grandmother of six, stopped here overnight on her trip from Independence, Mo., to Portland, Ore. —on foot.

She bought a new pair of shoes.

"People have been trying to scare me out of this for a long time," said Mrs. Gatewood, who lives in Gallipolis, Ohio. "But I haven't had any trouble. I just take things as they come."

She says she is enjoying the trip, making about 25 or 26 miles a day, turning down all offers of rides and staying overnight usually in a motel.

She carries some spare clothing, food, water and a blanket in a 14-pound pack. She also carries an umbrella.

Mrs. Gatewood is a widow. She has 11 children, 27 grandchildren and 6 great-grandchildren.

She started the 2,000-mile trek May 4.

Research Reactor Proposed At A&M

WASHINGTON (AP) — The Atomic Energy Commission announced today it proposes to issue a permit to Texas Agricultural and Mechanical College for construction of a research reactor at College Station.

The reactor will have an initial capacity of 100 kilowatts. Texas A&M plans ultimately to modify the plant so it will be capable of operation at 5,000 kilowatts.

The reactor will cost about $1,016,000, to be financed by a $350,000 grant by National Science Foundation and $675,000 by Texas A&M. It is to be completed early in 1961. Convair Division of General Dynamics, Fort Worth, will design the reactor.

The permit will be issued unless the commission within 15 days is asked to conduct a hearing.

Retired Army Officer Is Quizzed In Deaths

FORT WORTH (AP) — A 51-year-old retired Army officer faced further questioning today in the June 10 bludgeoning deaths of Mr. and Mrs. Vernon Stanley.

The man last night was booked for prowling and investigation of drunkenness after he was seen hiding in the yard of a residence.

Police said he was a former resident of the neighborhood where the brutally beaten bodies of the elderly couple were found.

When arrested, police said, the man was wearing socks over his dress shoes and carried a long hook fashioned from a coat hanger.

THE SNYDER DAILY NEWS

Veal alla Marsala

INGREDIENTS: 1 pound thinly sliced veal (from the leg), 3 to 4 tablespoons flour, ½ teaspoon salt, ⅛ teaspoon pepper, ¼ cup butter, 1-3 cup Marsala.

METHOD: Coat veal with flour mixed with salt and pepper. Melt butter in heavy hot 10-inch skillet; add as many pieces of veal as will fit in pan in one layer. Brown meat rapidly on both sides; by this time it should be cooked through. Remove and keep hot while you brown remaining meat if necessary; remove these pieces. Pour the Marsala into the skillet and stir well. Pour this sauce over the veal. Makes 3 servings.

Whittenburg Family Reunion Held Sunday

A Whittenburg family reunion was held last weekend at Towle Memorial Park.

An all day outing was held with fried chicken and all the trimmings served.

Those present included: Mr. and Mrs. R. E. Whittenburg Sr. of Terrell; James Whittenburg, Dallas; Mrs. and Mrs. Bob Whittenburg and family, Athens; Mr. and Mrs. Jerald Whittenburg and family, Odessa; Mr. and Mrs. Dink Whittenburg and family, and Mr. and Mrs. [illegible] and family of Snyder.

Two-Meat Loaf

INGREDIENTS: 1 egg, ½ cup milk, 2 cups soft bread crumbs (4 thin slices with crusts), ½ teaspoon salt, ¼ teaspoon pepper, 2 tablespoons instant minced onion 2 tablespoons chili sauce, 1 pound ground lean beef, 1 pound sausage meat.

METHOD: In a medium-sized bowl beat egg and milk enough to combine. Add bread crumbs and allow to stand for 10 minutes or longer; work together with a fork. Stir in salt, pepper, onion and chili sauce. Add beef and sausage; work in well. Rinse a loaf pan (about 8 by 4 by 3 inches) with cold water; pack meat into it; run a spatula around sides, turn loaf out [illegible] (11 by 7 by 1 ½ inches). Bake in moderate (350 degrees) oven 1 hour. Pour off fat; allow loaf to stand about 10 minutes; remove from pan. Add a little water to drippings in pan and stirring, bring to a boil, to make a small amount of natural gravy. Maxes 6 servings.

Fall Styles Reviewed By Cassini

By DOROTHY ROE
Associated Press Women's Editor

NEW YORK (AP) — Sometimes a girl can look more enticing in a high-necked dress than in one slashed for maximum exposure, says Oleg Cassini, reviewing his fall collection for members of the national fashion press.

Just to make sure, however, he shows necklines in two extremes —either high turtlenecks or plunging as low as the law allows.

The high-necked versions usually are fitted to reveal every curve of the figure, an effect of which Cassini is highly in favor. A new interpretation of the white tie—without tails — is his dramatic black velvet evening sheath, long tight and devastating, with white satin bow tie worn in a new position—at the bosom.

A highlight of his collection is a snugly fitted gray wool sheath with black turtleneck dickey and an asymetric neckline below. This one he calls "Scotch and Soda."

Ben Zuckerman, known for upper-bracket suits and coats, shows severely man-tailored suits with easy fit, and sparks them with fur "gimmicks" — his word for small ascots, of mink, leopard or ermine. The suits are shown with mannish derbies or fedoras, usually in colors to match the suits.

Zuckerman also brings back the fitted Chesterfield coat in popcorn tweed, complete with black mink "gimmick."

John Moore, young designer for the house of Talmack, shows a youthful and wearable collection of day and evening fashions, with particular attention to glamor for the cocktail hour, in the form of brilliant metallic brocades, austerely cut.

Church Class Holds Party

The Fellowship Sunday school class of the First Baptist Church held its monthly meeting Tuesday evening in the home of Mrs. Roy Stokes, 3604 Avenue U.

The meeting was called to order by the president, Mrs. Joe Henry. Mrs. W. E. McDowell gave the devotional.

Watermelon was served by the hostesses, Mrs. Stokes and Mrs. Ola Leath, to 10 members.

Add Variety

Turn summer breakfasts into something special by designing and serving new menu patterns. This can be done by building this first meal of the day aroung lamb. What lamb cuts are suitable for breakfast service? You might think of lamb chops or broiled lamb patties served with eggs prepared as you like them.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THIS WAS A "repeat performance" year in the local kid baseball leagues.

Three of the four league champions this year also were last year's champions. Winning their second straight title this year were the Optimist Cats in the Graduate Pony League, the Scurry Butane Dodgers in the Pony League and the Trinity Methodist White Sox in the American Little League.

Only in the National Little League did the 1958 champion fail to repeat this year. The Lions Cubs uneated the Quarterback Giants as the National League champs.

Good Balance

With exception of the National League, all of the league races this year were the tightest they have been in several years.

Two of the league races weren't decided until the final week of play. The Cats didn't clinch the GPL race until Tuesday night, the final regular scheduled game. And the White Sox didn't put on the clincher until the final week—last Monday.

For the most part all of the league races were close throughout the season as the leagues appeared to be better balanced than anytime in the past.

Yanks Have Long Way To Go

What a diffrence a year makes. The New York Yankees are now faced with the task of winning their next 32 games to catch up with the pace set by the 1958 Yankees.

The Yanks have now lost 43 games. Last year they didn't suffer their 43rd defeat until Aug 16.

And when the Yanks dropped their 43rd decision last year, they had 74 victories or 32 more than they now show.

It now begins to look that the Yankee slump is for real as the Bronx Bombers haven't shown and signs of snapping out of it.

Those poor Detroit Tigers. They were going strong until we "went out on the limb" to pick them to win the American League pennant in the stretch.

This forecast was enough to stop the Tiger surge as the Bengals haven't won a game since our prediction.

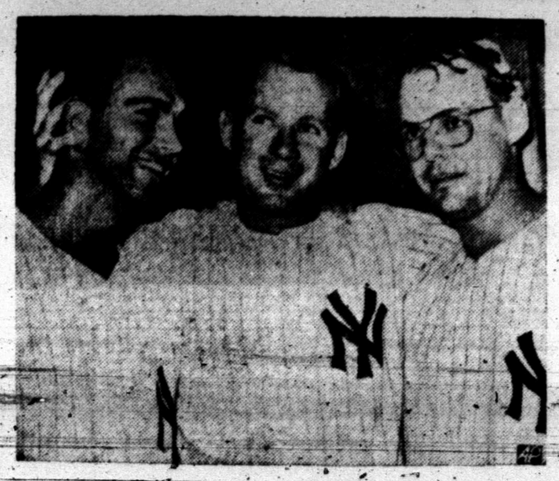

Donald Robbins, the new Tiger line coach, has arrived in town after attending summer school at Lamar Tech in Beaumont.

Robbins is looking for a house to rent, preferably in the vicinity of the high school.

Ex-Braves Manager Is Seriously Ill

BOSTON (AP) — Bob Coleman, wartime manager of the Boston Braves who has spent half a century in professional baseball, was seriously ill today at Peter Bent Brigham Hospital.

The 68 - year-old Milwaukee Braves scout was listed in "poor condition" by the hospital where he was brought after being stricken at his Evansville, Ind., home. Hospital spokesmen refused to discuss the nature of his illness.

SNAP YANKEE LOSING STREAK — The New York Yankee losing streak ended at five games as infielder Bobby Richardson, left, and pitchers Whitey Ford, center and Ryne Duren combined to beat Cleveland 1-0 in a game at New York. Richardson knocked in the run and Duren relieved Ford in the eighth to protect the shutout. (AP Wirephoto)

Killebrew Leading Ruth's Pace By 9

By ED WILKS

On a rainy afternoon in Mid-March Harmon Killebrew shrugged and said, "I think I may be able to hit better if I can hang on long enough to get a good look at the pitchers."

Four months later, on a rainy night in mid-July, Harmon swung and put himself nine games ahead of Babe Ruth's record 60 home run pace.

That shot Wednesday night was Killebrew's 31st, tops in the majors. It touched off a 3-0 victory over Detroit that pulled the Washington Senators past the Tigers into fifth place in the American League.

The game, held to five innings by rain, was the Nats' 85th. Ruth didn't hit No. 31 until this New York Yankees were in ther 94th game when he set the record in 1927.

Rookie Bob Allison drove in the other Senator runs with a pair of doubles while Camilo Pascual, winning 10 for the first time in the majors, put the Tigers away on one hit. Jim Bunning was the loser.

It was the only AL game played. The others were rained out.

Pascaul, a curve-balling right-hander who never had won more than eight in five previous major league seasons, now is 10-8 and has won six straight. He walked none, struck out four and retired the first 14 men he faced before Gus Zernial singled in the fifth.

Killebrew now is even with the pace kept by Yankee Mickey Mantle when he hit 52 home runs in 1956.

Girls Start Second Round

The second round of play in the Girls Softball League will start tonight with the league leading American Legion Black Sox meeting the Mixon Tire and Supply Queens.

Game time will be 7:30.

In the first round of play, the Black Sox swept both games from the other two teams in the league, beating the Queens by 16-1 and the H. C. Denson Fireballs by 11-5.

The Queens won over the Fireballs, 9-5, in the other first round game.

SKI CLUB IS PROPOSED HERE

A water ski club is being proposed here by the recreation committee of the Chamber of Commerce.

Purpose of the club will be to promote safety in water skiing, according to Dr. John Hamblen, chairman of the CC Recreation Committee.

The club will be open to everyone and entire families are invited to sign up.

Anyone interested in the club may sign up at the Chamber of Commerce office starting now and continuing through next week.

If enough interest is shown, a club will be officially organized and officers will be elected.

Firing Opens In Odessa

ODESSA (AP) — A field comparing with those along the golf tour went out today in the opening round of the $10,000 Odessa Pro-Amateur without a stand - out favorite.

More than a dozen of the touring crack shots were trying for $2,000 first money. Among them were Mike Souchak, Billy Maxwell, Bo Wininger, Al Balding, Pete Cooper, Ernie Vossler, Tommy Jacobs, Don January, Jim Ferree, Jimmy Demaret, Bill Collins, Doug Sanders and Hillman Robbins.

The best 72-hole score was 251 in 1952 when Maxwell was an amateur and paired with Wininger.

Only 2 Nights Left In Kid Baseball Play

The local kid baseball races head into the final two nights of play tonight before the All-Star teams of each league takes over.

One of the leagues, the Pony League, has already finished its season. The Graduate Pony League will wind up its season tonight and the two Little Leaghes will ring down the curtain on the '59 season tomorrow night.

There will be no bearing on the title race in the six windups since the four league champions have already been crowned.

The league champions are the Optimist Cats in the Graduate Pony League, the Scurry Butane Dodgers in the Pony League, the Trinity Methodist White Sox in the American Little League and the Lions Cubs in the National Little League.

In tonight's Graduate Pony windup, the Walter Hales Buffs and Snyder Savings Braves will clash in a doubleheader, one of which will be a completion of a tie game.

The regular game will start at 6:30 with the playoff of the tie game to follow immediately. The GPL managers were to have met at 5 p.m. today to select the league's all-star team.

The Pony League All-Stars will play the Tri-County All-Stars in a return game tonight at Rotan. In a game here Monday between the two clubs, Snyder won 7-4.

In Little League play tonight, the Yankees and White Sox will clash at 7 p.m. to be followed by the Cardinals and Giants.

Drysdale Keeps LA Moving

By ED WILKS
Associated Press Sports Writer

A suddenly settled pitching staff has made a National League contender out of the Los Angeles Dodgers.

The mainstay of the crew is Don Drysdale—the guy who got 'em started, the guy who's done the job as a starter or in relief, and the guy who's been their stopper.

The Dodgers began their run a month ago, when they were in fifth place. They've won 19 of 29 since and it all began with Drysdale's four-hit shutout over then first-place Milwaukee.

The cross-firing right hander has lost only one since—that controversial one-hitter by San Francisco's Sam Jones.

Drysdale won his sixth in the Dodger surge Wednesday night, stopping their skid at three games with a three-hitter that beat Pittsburgh 3-0 and jumped Los Angeles back into second place.

The Dodgers again are within one game of the first-place Giants, idled by rain, and have a .002 percentage point edge over the Braves, who slipped to third with a 3-2 defeat by the Chicago Cubs.

Cincinnati rapped St. Louis 11-5 in the other NL game.

Drysdale, no better than 12-13 in a disappointing 1958 season, now is 11-6. He retired the first nine in order Wednesday night, not giving up a hit until Danny Kravitz singled in the fifth. Dick Groat doubled in the sixth and Dick Stuart singled in the seventh, but Drysdale then went through the last two innings 1-2-3 for his third shutout of the season.

Drysdale also slapped a two-run double in the seventh against loser Bob Friend.

Sophomore Glen Bobbie (10-7) pushed his career record to 5-0 over the Braves with a five-hitter.

OUR VIEW

Safety Pays Everywhere

Did you know that males are killed more often than females in accidents involving motor vehicles, fires, drownings, firearms, railroads, poison gases and poisons?

Or, that home accidents kill more children from one to four years of age than any disease?

Or, that home accidents kill 27,000 persons a year and injure more than four million?

These notations were compiled by the National Safety Council, which acts as a sort of watchdog on safety hazards and issues timely warnings to keep the public abreast of the trends.

In case male readers are displeased with the first question above, there is a logical reason for it, which does nothing to settle any arguments between the sexes.

Women usually are more careful while working and playing than men, says the Safety Council, but if there's a hazardous job to be done around the house, the man does it. Moreover, men's jobs involve more hazardous tools.

However, the Safety Council does suggest that men are more likely to be "showoffs," which could account for part of their accident statistics.

Wives can help keep their men alive, the Safety Council believes, simply by encouraging them to play it safe while doing odd jobs around the house.

Safety precautions pay everywhere and every minute of every day.

Loyalties Needed To Abolish Wars

By HAL BOYLE

NEW YORK (AP) — Curbstone comments of a Pavement Plato:

It is sometimes said that the world will never have true peace until a way is found to make peace as exciting as war.

But war, at least as seen by the men who fight it, is only rarely exciting.

For every moment of bright danger the ordinary soldier faces, he undergoes 10,000 moments of boredom. For every hour of action he can remember, he can recall at least one hundred hours of waiting.

Excitement comes to the soldier but spasmodically. War to him is more often endless monotony. War is dust and rain and mud and noise. War is thirst and hunger and heat and cold and dirt and flea bites and loneliness. And always the soldier is bored more often than he is either brave or afraid.

No, war isn't terribly exciting. If wars were fueled only by excitement, they would all burn out in a month.

Perhaps the most awful fact of war is that it makes everybody feel more important than he does in peacetime—important not only to himself but to others. Therein lies war's terrible glamor.

Suddenly everyone is wanted. Suddenly everyone has a job to do. Suddenly everyone is needed and has a place in the national effort.

The bugle blows not for a few but for all. It summons them out of themselves and aims them toward a common goal.

Retired men are called back to their old jobs. Girls and wives go into the factories and earn more money than they have ever seen before. The kids go around town picking up scrap metal. Even dancing is patriotic—if you dance with a boy going away.

There is something for everyone to do. And even if you can't do anything you can help — by doing without something. You can eat less meat, use less gasoline, give up chocolate bars for the duration.

No wonder illness falls off in wartime and the population's general health improves. People have no time to pick their mental sores and worry themselves sick.

Everyone feels a foot taller. Actually, everyone is drunk—in a sense. For no wine or liquor ever bottled is as intoxicating to the human spirit as its embarkation on a crusade, the losing of oneself in the immensity of a common purpose.

War not only affords people a way to find themselves by losing themselves. It brings home to them, as nothing else seems to do, how really dependent men are on each other's help.

This is best seen, of course, on the battlefield itself. In combat the members of a platoon must fight together or they will all surely die or be captured. They forge a loyalty to one another they have never known before, and will never quite know again.

But all the rest of their lives they will miss that unit loyalty.

That is the true problem of peace — to find a way to make people feel they are just as important to each other, just as needed by each other, when the guns are silent as when they roar.

When mankind realizes it is eternally mutual, the loyalties of peace will make the loyalties of war unnecessary.

Jet Trainer Crashes

Strike No Longer A Private Affair

By JAMES MARLOW

WASHINGTON (AP) — Each time a strike occurs in an essential industry affecting the whole economy—as now in steel — this question comes up:

Are we reaching a point where the government—meaning a majority of the people—can no longer permit and must forbid a strike in such an industry?

A strike in any industry was pretty much a private affair years ago when the government's revenue needs were smaller and the various people, plants and industries were far less interdependent than now.

But the American society is now highly complex and interdependent. A strike in one big industry can send out waves that splash thousands of workers, hundreds of businesses and maybe drown many of them.

For example: This steel strike comes at a time when the nation is recovering from last year's slump. If it's short, it won't do much damage. It will do a lot if it lasts long.

If the strike continues long enough, other industries will use up their steel supplies and have to close, throwing many thousands out of work.

As their income—and the profits of their shut-down plants—are cut off, the national Treasury will suffer from loss of income tax revenue just when it is badly needed.

Thus a steel strike — unlike a strike in any industry in years past—is no longer truly private. It already affects and, if it lasts long enough, could paralyze a broad part of the national economy.

But individual rights—the right of employes to quit a job and of an employer to shut down his plant—and the right of both sides to work out their wages and profits must be balanced against the general welfare.

Thus the question: Is the President in the near future likely to propose or Congress to approve a law forbidding a strike in an essential industry? Very likely now.

It would be political dynamite. Both unions and employers want a minimum of government interference. If the government through law could forbid a strike, it would almost certainly then impose compulsory arbitration.

This means that arbitrators appointed by the government would listen to both sides and give an opinion both sides would have to accept. If the government did that, out of justice it probably would have to do more.

In the end it would probably have to step in and regulate both wages and prices, which would mean regulating profits too. That would be true governmental control. Eventually it might have to take over the industry.

In 1947 Congress foresaw the national danger of a big strike some day when it passed the Taft-Hartley Act. But still, while providing machinery for stalling off a strike, Congress stopped short of forbidding it altogether.

That law lets the President prevent a strike for 80 days while efforts are made to get both sides to reach agreement.

Foreign Firms To Gain From Strike

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP—Many will be hurt and many more may be hurt by the steel strike. But among the few who hope to profit by it are the steel makers in Europe and Japan.

Already, they have cashed in on it in anticipation.

If predictions are born out that the strike — because of its struggle over fundamental principles — will be a long one, the foreign mills expect to boost still higher the levels of their economies.

The American steel strike telegraphed its punch long ago. And this helped cure Europe's mild attack of recession.

In Europe the shutdowns were mainly in the steel, coal and textile industries. Orders skidded sharply.

Then in the spring the steel industry there began to get orders from American steel users wishing to build up inventories because a strike here was considered more than likely.

Exports of steel began to rival exports of autos as Europe's chief dollar getter. And in West Germany, France, Belgium and England the industrial index turned upward again.

Americans who asked were told both by European government officials and by industrial leaders that an American strike was considered inevitable and that despite the efforts to build up inventories ahead of time American steel users would be in the market for more European steel.

Until recently European steel sales here were helped by the generally lower prices asked for the foreign steel. France particularly had an edge after the devaluation of the franc. A few weeks ago, England cut the price of its steel by about $2 a ton.

But with steel output here largely cut off, prices of foreign steel are rising. The steel committee of the National Assn. of Purchasing Agents reports that already Japanese and European sellers are now asking more than the domestic price.

Their chances of making a killing depend on two things: The length of the strike, and imbalances in inventories here.

Major users of steel are reported to have built up stocks high enough to last out a strike of several weeks. But some small companies haven't been able to — either for lack of funds to finance big inventories or for inability to get deliveries.

Some types of steel products are in plentiful supply while others are fairly tight. The estimated over-all buildup in inventories of 6½ million tons since the first of the year isn't necessarily evenly divided.

It's in this field of mal-distribution that the foreign mills hope to find their first customers. If the strike is prolonged, more users will get nervous and buy foreign steel as a precaution. If the strike goes to any great length — as everyone here hopes it won't — foreign sellers could name their own price.

Radiation Pioneer Has 64-Year Pain

CHICAGO (AP)—He lies there, a wreck of a man after 64 years of pain and 91 operations, one of the first victims of radiation.

He speaks from only half a mouth, and his words were sometimes bitter. The operations also have claimed his left hand, most of his nose, his upper lips and parts of his cheek and jaw.

He asks, "Why should I, an innocent individual, have to suffer like this? For 64 years I have known pain."

The white-haired man is Dr. Emil H. Grubbe, 84, credited by medical science with being the first to apply radiation in an attempt to cure cancer.

Saturday, he is scheduled to undergo his 92nd operation for radiation burns and cancer resulting from some of his experiments. Doctors say they probably will have to remove two fingers from his right hand.

Dr. Grubbe gave a rare news conference Wednesday in Swedish Covenant Hospital.

"I was the first one burned by radiation," he said. He told of how in 1895, as a physicist, he worked on the manufacture of plutonium vacuum tubes called Crookes tubes, used to rarify gases.

Many times he touched the tubes or brought them near his face, not knowing of the danger. An irritation appeared on his hand, but he didn't know what it was.

Then on Nov. 8, 1895, the discovery of X-rays was announced by Wilhelm Roentgen.

"I knew then I had been burned by Xrays," Dr. Grubbe said. They were produced in the Crookes tubes. From that day on I protected myself from the rays. But it was too late."

Six months later he had his first operation for radiation burns.

In the meantime, Dr. Grubbe, on Jan. 26, 1896, began treating a woman afflicted with breast cancer by exposing her to Xrays. The pain left her shortly. Since then he has instructed more than 7,000 doctors in radiology techniques.

Dr. Grubbe declines the role of a martyr, but admits he would not have conducted his experiments if he could have seen the results.

"No, not with all the misery I've had," he said.

Not All Will Integrate

HOUSTON (AP)—Some Houston schools should remain segregated in the event the South's largest school system is integrated, Dr. John W. McFarland, superintendent of schools, said yesterday.

"Many believe every effort should be made to insure there would remain some schools where white students attend school solely with other white students and other schools where Negro students can attend school solely with Negro students," McFarland said.

"It is extremely important that if and when desegregation occurs, it should occur gradually," he said.

The superintendent urged citizens to consider the problem rationally rather than emotionally. He said there are indications the great majority of Negro students will prefer to remain in their present schools.

Kiwanis Education Featured At Session

Kiwanis education was featured on the program at the Snyder Kiwanis Club's luncheon meeting Wednesday in Sally's Dining Room.

Ford Kenner spoke on the Kiwanis program in boys and girls work, while the Rev. Walter Lentz discussed the activities of the committee on the support of churches and their spiritual aims.

A. J. White, scoutmaster for the Kiwanis-sponsored Troop No. 35, and James Nidifer and Mike Graves, patrol leaders reported on their attendance at the summer camp at the Buffalo Trail Scout Ranch in the Davis Mountains.

Frank Wilson, superintendent of Colorado City Schools and a former member of the local club, was a visitor at the luncheon.

Fat Overweight

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package to your druggist and get your full money back. ODRINEX costs $3.00, and is sold with this strict money back guarantee by:

Shortage Reported In Raymondville Bank

RAYMONDVILLE (AP) — A $9,000 shortage in the San Benito Bank and Trust Co. was reported yesterday by the FBI.

An employe of the bank admitted taking the money, according to Louis Blaylock, FBI agent in charge in San Antonio. Blaylock said no charges were filed immediately.

6 DAYS 15 WORDS $1.98

Offer good on all 15-Word Ads ordered for 6 consecutive days between July 8 - 22, inclusive.

FOLLOW THESE SIMPLE INSTRUCTIONS

Place a Want Ad in The Snyder Daily News for 6 consecutive days starting on any day between July 8 and July 22, inclusive.

If your Want Ad has not produced satisfactory results at the end of 6 days, The Snyder Daily News will publish it for you an additional 6 days without charge.

You alone are the judge of results and The Snyder Daily News will accept your decision. If the advertisement is cancelled because of results before the 5-day order has expired, you will be billed for only the number of days the ad appeared at the regular Want Ad rate.

We suggest that you place a Want Ad on any day between July 8 and 22, for 6 days—cancel when you have obtained results and you will be billed for only the days the ad appeared, but in no case will you be charged for more than 6 days.

Size of ad limited to 15 words but you may place as many 15-word ads as you like.

Anyone is eligible for this special offer, whether individual or business concern.

It is not necessary to have an account with The Snyder Daily News—any account will be accepted. Just call your ad in and say, "charge it." THE CONVENIENT CHARGE ACCOUNTS are payable on receipt of bill.

QUICK...

LIKE MAGIC

Quicker than a wink, – Furr's Super Markets plan to "wave it's wand" over the completely-destroyed Furr's Super Market of Snyder, burned last Friday around midnight.

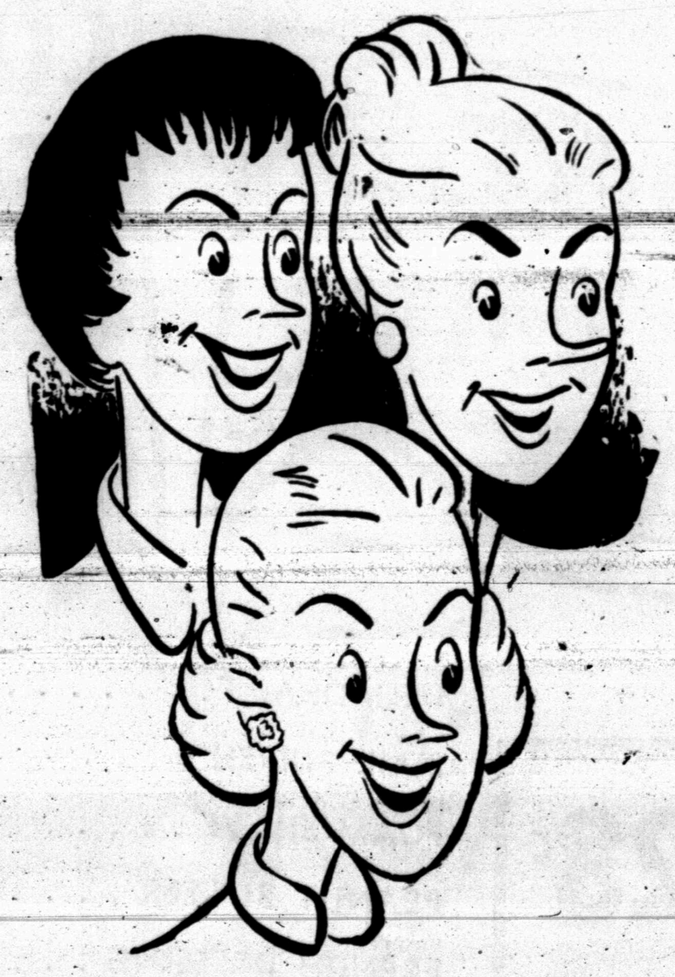

Already the wheels are moving toward the construction of a new Furr's Super Market on the exact site,–and come a few months, Furr's will be open for business in Snyder.

Furr's takes it's hat off to the many persons who so gallantly fought the fire throughout the night. Had it not been for many volunteers, the result of the fire could have been much more disastrous. As it was, only Furr's suffered, a loss of some $200,000 to $250.000.

Thanks too, go to Furr's many customers for their past patronage. We truly appreciate your patience while in the period of rebuilding. We then hope to merit your confidence by the return to Furr's as our customers.

THANK YOU!

WE WELCOME YOUR SUGGESTIONS!

MANAGEMENT OF FURR'S, INC., IS EAGER FOR YOUR SUGGESTIONS IN THE REBUILDING PROGRAM. OF COURSE, THE NEW SUPER MARKET WILL BE OF THE LATEST TYPE, MODERN IN EVERY WAY. IN OTHER WAYS, HOWEVER, OUR CUSTOMERS CAN HELP. YOUR SUGGESTIONS ARE WELCOME. PLEASE ADDRESS YOURS TO: MR. ROY FURR, FURR'S, INC., BOX 1650, LUBBOCK, TEXAS. THANKS!
