***** Additions, Changes In Business Scene *****

City's Growth Continues

A number of new businesses have opened in the city since the first of the year and some businesses have changed ownership or are under new management and there are new faces in the city because of changes in personnel.

In construction now underway, a 24-unit apartment complex is being built at

10th and Eastover and is now owned by Theron Bonham of Fort Worth. The finishing touches are being added to the apartments and they will open soon under the management of Frank Hood of Colorado City.

Root Memorial Hospital will soon see the completion of the long hoped for surgical suite at a cost of

\$169,500. Completion is projected in from four to six months.

Also now being built are the new offices for Sweetwater Production Credit Association at 5th and Walnut and a new convenience store at 12th and Hickory by Colonial Food Stores.

The city's street paving project is perhaps the biggest news in the city as Price Construction Co. of Big Spring and Snyder is currently in the process of seal coating many of the streets after completing all new paving in the downtown area. Cost of the project will total \$335,181.80 as the council granted an initial \$254,803 contract to the construction company then approved an additional \$80,378.80 for other paving.

The Colorado City Cemetery has also undergone a cleanup campaign and will soon get some paving and new water lines, also part of the city's recent bond issue of \$825,000 approved by voters to update water, sewer and streets.

Mitchell County Cemetery is also undergoing a beautification project since the city extended water lines to the cemetery.

A \$108,000 grant has been approved to remodel the older units operated by Colorado City Housing Authority.

Construction completed within the past few months includes the completion of the new Colorado High School complex and renovation of the Middle School, finishing a new post office building in Loraine to serve the city and two rural routes, construction of new tee boxes at Colorado Country Club to make it an 18-hole course and, dedication of the new building program at Oak Street Baptist Church which saw the addition of a new Fellowship Hall and classroom facility.

Last year's agriculture income in the county was estimated at \$16 million and with the good start for this year's crops, that figure may be topped this year, with the added benefit that cotton prices have continued to be high. The county's cotton producers turned down a proposal to participate one hundred per cent in a countywide boll weevil control program through the Texas Department of Agriculture but some farmers are spraying on an individual basis.

Farmers planted 60,918 acres to cotton this year, certified through the Agricultural Stabilization and Conservation Service office.

Changes in gin operations include Roy Petty's move from Buford to Westbrook, in Lightfoot to China Grove Coop and Bud Hill at Buford Coop.

New businesses which have opened since the first of the year include the following:

-Barbara Ann's Miss, Ms. and Mrs. Shop.

-J. C. Britton's Furniture Store.

-Western Auto Store, owned by Larry and Jeanna Blasingame.

-Free's Friendly Shop, owned by Mildred Free.

50 Dogs Corralled

City patrolmen Jerry Register and Kenneth Abbott last week in a five-day period rounded up 50 dogs running loose within the city limits and impounded them.

Colorado City Police Chief Jesse Browning said that most of the dogs are strays but gave the following information to dog owners whose dogs may be running loose and are rounded up:

-A dog owner may be issued a citation and by paying pound fees, buying a dog tag and paying for vaccination of the dog against rabies, the dog will be released.

Fees are as follows: \$3 per day for each day the dog is impounded; \$1.50 for purchase of dog tags; \$7 fee for the rabies vaccination.

In addition, the citation requires that the person appear before the city judge within ten days and the fine for the first violation is \$12.50.

Total amount to redeem the dog, if it stays in the pound just one day, would be \$24.

VICTOR JACKSON was the winning pitcher for Colorado City All-Stars in Friday night's game here against Colorado River All-Stars. Jackson, pictured at top as he pitches, had 14 strikeouts and two homeruns. In bottom picture, Colorado City All-Stars are pictured in action during the big third inning when they scored five runs. Colorado City won 11-4.

All-Stars Take Second Victory

The sleeping bats of the Colorado City All-Stars came alive Friday night to batter Colorado River All-Stars 11-4 in a play-off game at Little League Field here.

Now Colorado City advances in the play-offs to play Stonewall-Kent All-Stars at 7 p.m. Tuesday in Rotan. The winner of that game will play one of the Abilene All-Star teams in Colorado City next Thursday.

The game against Stonewall-Kent was originally scheduled to be played in Colorado City but was changed to Rotan because of a protest by Stonewall-Kent about Colorado City playing on their home field.

Stonewall-Kent advanced by winning over Hamlin 7-1 Friday.

Colorado City fans knew that the Colorado City All-Stars had great hitting potential but the bats got only six hits against Snyder Monday and only one extra base hit as the batters seemed nervous and unable to make solid contact.

However, that wasn't true Friday night as every Colorado City All-Star made solid contact as out of the total of 11 hits, there were two home runs and two doubles.

Colorado River All-Stars (Bronte, Robert Lee and Sterling City) got only five hits and committed four errors.

Six errors by Colorado City's All-Stars allowed the only runs scored by Colorado River.

The pitching of Victor Jackson for Colorado City's All-Stars as well as Jackson's hustling on the field and his hitting was one of the keys to the success of the hometown team.

Jackson struck out 14 Colorado River batters, walked only three and hit one batter. In addition, he had a two-run homer in the fourth inning and a solo shot in the fifth. Also Jackson made two crucial fielding plays, one taking a throw from center field to tag a runner going into third and on another play grabbed a good throw from Center Fielder Mark Lewis to tag a runner out at the plate that

would have tied up the game in the third inning. That was the third out of the inning and got Colorado City out of a jam.

A flip of the coin made Colorado River the home team and the Colorado River pitcher got the first batter Lewis, out on a ground ball. Shortstop Mitch Williams then drew a walk. Pitcher Jackson hit into a fielder's choice and Right Fielder Kim McElligott hit a line drive caught at the shoe top by Colorado River's shortstop to retire the side.

Colorado City got the first three batters out for Colorado River.

In the top of the second, Second Baseman Michael Scott grounded out, Third Baseman Tim Nobles struck out, Catcher Todd Neff walked and First Baseman Ricky Alvarez struck out, to end the inning.

In the bottom of the second, Jackson hit the first batter and the second batter hit a single that was bobbled in center field.

As the runner that was hit by a ball tried to advance to third on the bobbie, he was tagged out on a good throw from Lewis to Jackson, getting Colorado City out of a bad situation as there weren't any outs and there would have been runners at the corners. The next two batters were put out.

The big third inning started with Left Fielder Lonnie Wyrosdick hitting a single, followed by a double by Lewis and a double by Williams, knocking in two runs. Jackson then hit a single and he and Williams scored on a succession of errors by Colorado River. McElligott then hit another line drive that was caught, Scott singled, Nobles grounded out, Neff walked and Alvarez singled, scoring Scott. Wyrosdick walked and Lewis flied out ending the inning with the bases loaded.

Then in the bottom of the fourth, a series of errors shook Colorado City's All-Stars and Colorado River came up with four runs on three hits and five errors by Colorado City.

In the fourth, it was Colorado River's turn to be

error prone and Colorado City scored five more runs on three hits and three errors.

Williams led off with a single and then Jackson hit the first of his two home runs. McElligott then singled, Scott struck out, Nobles reached base on an error, Neff flied out, Alvarez singled, Wyrosdick flied out, to end the inning. In the bottom of the fourth, Colorado River batters were out without mounting a threat.

In the fifth, Lewis and Williams both flied out, Jackson hit another home run over the right field fence, Right Fielder Gary Rowe singled and then Second Baseman John Johnson struck out. An error on a fly ball in the bottom of the inning allowed one runner for Colorado River but no runs.

In the top of the sixth, Nobles, then catching, singled, Third Baseman Bobby Arispe flied out, First Baseman Jesse Bodine hit into a fielder's choice and Left Fielder Robert Gomez hit into a fielder's choice.

Jackson struck out the first two batters he faced in the bottom of the sixth and final inning, walked the third and then struck out the fourth batter to give Colorado City the 11-4 win.

Manager J. B. Bodine and Coach Bobby Nobles had praise for all the Colorado City All-Stars.

Other expenses will account for 4.44 per cent, up \$8,294 over last year's \$66,210.50 at \$74,504.50.

The total expenditures are estimated at \$1,675,465.93, an increase of \$132,850.01 over last year's \$1,542,615.92.

The cost per pupil is estimated to be higher by \$79.29 at \$1,159.39 over last year's \$1,080.10.

This year's expenditures of \$2,000,099.75 will be \$268,457.85 less than the previous budget.

Jackson, a retired farmer, was plowing on his son-in-law James Herm's farm north of Buford when the accident occurred. He was discovered by R. Y. Hammond who called the Sheriff's Office for help and Sheriff Bill McGuire and Chief Deputy Mike Stutts answered the call. McGuire and Hammond got Jackson from beneath the tractor which had overturned while he was trying to turn on a terrace and ditch. The Mitchell County Ambulance Service was called and off-duty patrolmen Pat Fuller and Jerry Register answered the call.

Jackson was taken to Root Memorial Hospital where the extent of his injuries was determined to include broken ribs and a punctured lung, as well as a broken collar bone.

Jackson was transferred to a Lubbock hospital Friday afternoon when infection developed in the uninjured lung and he was having difficulty breathing. He was in the Surgical Intensive Care Unit of Methodist Hospital and reported to be improving Saturday.

CRIME SERIES

By Sidney Lyle

A recent F.B.I. report on rape confirmed that the American female has fallen victim to a most hideous crime at the rate of 26 per 100,000. With the crime of rape increasing year after year, and because the criminal is more sophisticated in his mode of transportation, it becomes necessary for women to practice personal safety techniques that would help them become less vulnerable to attack. Far too many offenders get "off the hook" merely because the victim does not want to go through the degradation of a court hearing, or the fear that her husband or elder son would take vengeance and become the subject of prosecution themselves. Therefore, the best approach is one of prevention. Understandably, rapes cannot be totally prevented. We can, however, eliminate to a considerable degree the opportunity for crime to occur. Although the old cliché, "Remove the opportunity and you remove the crime," holds true, the opportunity cannot be completely eliminated. There

are obviously two extremes: dangerously careless conduct (which is totally unacceptable), and 100% safe (which is totally unattainable). What must be achieved is a proper balancing out of the two extremes so that normal routines and activities are altered only slightly, while reducing the opportunity for the crime to occur. The end result of this balance must become cautious awareness.

There are several good rules to follow which will aid in developing awareness. First of all, we must recognize a potential crime hazard when it develops. Example, you are driving in downtown traffic and stop for a traffic signal. Does a hazard exist? Yes, if your doors are unlocked, a stranger may decide to enter your vehicle, or your windows may be down so low a thief can reach inside and remove your purse. Solution, keep doors locked and windows up.

At home, keep your doors locked and don't accept strangers into your home without proper identification, and then only if necessary. If the person at the door says he is with a utility company, make him prove it. If he says his car is broke down and he needs to use the phone, make the call for him. In any event, don't let the caller inside your home. Everyone is aware of the

danger associated with curtains or drapes that do not completely shut out the night, yet many women carelessly overlook drapes or shades that are open just enough to allow a window peeper to peer in. Solution, make your premises secure from outside view, and keep all shrubbery and hedges around windows trimmed so as not to develop a hiding place for the potential peeper or attacker.

Whether you are driving to work, walking to the neighborhood market or remaining at home, the 52,000 reported rapes each year in this country is a clear indication that it can happen to you, if you become careless enough. One thing is for sure, this year there will be 52,001.

Scurry County Joins List Of Screwworm Cases

Scurry County's first 1976 screwworm case was identified July 19, bringing the Texas count to 5,549 in 126 counties for the year, reports a U.S. Department of Agriculture (USDA) spokesman.

Dr. M. E. (Cotton) Meadows, Jr., director of the

Screwworm Eradication Program, says 56 cases have been tallied in the immediate ten county area.

The Program, operated for USDA by the Animal and Plant Health Inspection Service (APHIS), uses the sterile male release concept in combatting this parasite of warm blooded animals.

Female screwworm flies mate only once in their lifetimes. Wild populations are located by lab identification of samples collected by livestock owners.

Sterile flies produced in the APHIS insedary are released to mate with the wild flies. Eggs produced as a result of a sterile to fertile mating will not hatch ending the life cycle.

Mitchell County's first case was identified May 28 and the tally now stands at 8 for the year; Nolan County joined the infested list June 1 and has 5 cases on record.

Fisher County's initial case was identified June 9 and the total is now 14;

"THE QUALITY OF HEARING"

Roy N. Byrd

Pastor

First Presbyterian Church

"He who has ears to hear, let him hear...Take heed how you hear...My mother and my brothers are those who hear the word of God and do it" Luke 8:8-21 (RSV)

With such words as these, Jesus emphasized the importance of hearing. Now think of all there is to be heard. There are the words the radio brings to our ears. There are the words television brings to our ears. Words from newscasters, advertisers, politicians, commentators, entertainers, and many others. We are bombarded with words and there is no natural way for us to close our ears. We can close our eyes naturally, but not so with our ears. The words keep coming and our ears go on picking them up and passing them to our minds. We are hearing more today than any generation before us ever heard.

It is more important now than ever to take heed how we hear-to hear with discernment, separating the truth from the false, the honest from the dishonest, fact from propaganda, the treasure from the trash. Above all, we should hear and heed the word of God, identifying ourselves thereafter in word and deed as being Jesus' brothers and sisters.

Crusade Plans Underway

The steering committee for the Mitchell County Crusade has announced that the 1976 crusade will be held August 4 through August 8 with Dr. George G. Hunter, III as evangelist and Howard Correll, musician.

Theme for the week will be "A Faith To Transform People." Both morning and evening services will be held at Wolf Stadium and morning services will be at the First Baptist Church.

The speaker for the crusade, Dr. George G. Hunter III of Dallas is the professor of Evangelism at the Perkins School of Theology of Southern Methodist University.

He has participated in evangelistic endeavors in England and has served on the Board of Discipleship of the United Methodist Church with offices in Nashville, Tennessee.

Howard Correll has toured the United States and Canada singing on radio's "The Singing Stars of Canada" and as a concert artist as well as Christian minister. He trained at the Royal Conservatory of Music in Toronto, Canada.

The expense contribution of churches participating in the Mitchell County Crusade was set at 75c per resident member by the Steering Committee in a recent meeting.

The expense contribution is being used to defray publicity, equipment, entertainment and other expenses incurred in preparations for the crusade services. Honorariums will be included in expense items this year and offerings will be taken at each service to help meet expenses.

Rehearsals for the Crusade choir begin today (Sunday) at 2:30 p.m. at the First Baptist Church. Everyone is welcome to join the choir of which Mrs. Johnny Shackelford is chairman.

Cottage prayer meetings begin tomorrow for all participating churches and times and places of the meetings are available at most of the churches.

A prayer vigil is planned to begin on Tuesday, August 3 at noon and will continue until noon the following day. Each church is prepared to provide transportation for those who need a ride to the services and golf carts will be available to take physically handicapped persons from their car into the crusade area.

The Attendance Committee, headed by Kenneth Rogers, has planned for lay persons to make Crusade announcements in a church other than their own today and next Sunday.

Dear Editor:

The family of Jan Smaltz Brown wishes to express their sincere thank you to the people of Colorado City who made our stay in your town so very pleasant and warm.

Class Has Luncheon

The Dorcas Sunday School Class met Thursday, July 15 in the parlor of the First Baptist Church for their monthly luncheon and business meeting.

Mrs. Bessie Todd and Mrs. Sam Bullock were hostesses for the luncheon. Table decorations were vases of Crepe Myrtle. The centerpiece was an arrangement of pastel carnations. Luncheon guests were Rev. and Mrs. Roenfeldt and their daughter, Jereen Davis of Corsicana, and Mrs. Ira Edwards, Rev. Roenfeldt offered thanks for the meal.

The business meeting was opened with prayer by Mrs. Bullock. Mrs. Cooper, chairman, presided over the business session.

Class officers were installed by Mrs. Ira Edwards, using as her theme "A Garden Of Flowers." As she gave the charge to the officers, she presented each with a pastel carnation as she quoted a scripture reminding them that the shade of the bloom and the scripture symbolized a virtue for this particular office.

After the installation, Mrs. Dunn brought a short devotion.

There were fourteen members and five visitors present. The meeting was closed by the group's repeating Genesis 31:49.

Film To Be Shown

He Restored My Soul will be presented during the evening worship services at the Calvary Baptist Church tonight at 7 p.m.

A story of pain, an ordeal of testing which few men could survive, this film is an account of Merrill Womach's plane crash, his severely burned body and the more than 50 operations over a period of 13 years that strengthened his faith in Jesus Christ.

Class To Meet At Cattleman's

The new couples class at the First Baptist Church, Adult 3 Department, will have breakfast this morning (Sunday) at 8 a.m. at the Cattleman's Restaurant.

Anyone interested in learning more about this class is invited to join the group Sunday morning.

Pounding To Be Held

Sunday, August 1, will be the first Sunday for the intern, John Thornton at the First United Methodist Church. A church-wide luncheon is planned following the morning worship services in the fellowship hall of the church.

During this time, an old-fashioned pounding will be given for him.

Thornton will serve in the First Methodist Church as a minister-in-training until Christmas.

Miss Helen Haggerton And Michael McLeod Wed In Saturday Evening Candlelight Ceremony

The First Baptist Church was the setting for the marriage of Miss Helen Ann Haggerton, daughter of Mr. and Mrs. Everett Haggerton of Rt. 3, Colorado City, to Michael Glenn McLeod of Abilene.

The bridegroom is the son of Mr. and Mrs. Glenn McLeod of 1221 Beechwood, Abilene.

Rev. Glenn Roenfeldt officiated at the double ring vows July 24 at 8 p.m. The church was centered with an arch, decorated with a garland of daisies flanked by a fifteen-branch candelabrum, enhanced with arrangements of yellow flowers.

Fifteen branch candelabra, also stood before the piano and organ.

The bride, given in marriage by her father wore a formal length gown of organza and chantilly lace. The high collar was accented by a sheer lace bodice and full, graceful sleeves with tiny ruffles of Chantilly lace at the cuffs. The waistline was accented by a satin ribbon which formed a bow in the back.

Forming a V-shaped bodice, the back was covered with Chantilly lace and seed pearls. Covered buttons

complimented the features of the bodice.

A double ruffle at the base of the A-line skirt flowed to a chapel length train. The fingertip veil of sheer organza and chantilly lace was attached to a headpiece of lace and pearls.

The bride's outfit was completed with the traditional something old, which were the wedding rings of the bride's grandmothers (the late Mrs. O. C. Lucas and the late Mrs. Sam Haggerton) which she tied on her bouquet; her wedding attire for something new; Becky Hardegree's diamond necklace for something borrowed and her blue garter for something blue.

She carried a cascading bouquet of yellow roses, stephanotis and baby's breath.

Wedding music was provided by Lana Self, pianist, who accompanied Bill Carroll and Tracy Barfield on the song "Twelfth of Never." Carroll accompanied her and Tracey on the guitar for "If" and "The Wedding Song." Betty Sawyer provided organ music.

Debbra Wood of Colorado City served as maid of honor. She wore a gown of

yellow organza lined with silk. Her A-line dress was enhanced with puffed sleeves and a round neckline. A ruffle accented the hem of the dress.

Becky Hardegree of Colorado City, Carolyn Kaufus of Granbury, Terre Pawkett of Colorado City, Lorna Haggerton, sister-in-law of the bride of Colorado City, and Jerry Dell Haggerton, sister-in-law of the bride of Stanton were bridesmaids. They wore gowns identical to that of the maid of honor and carried long-stemmed yellow roses.

Patty Beatty of Abilene, cousin of the bride was flower girl and Curtis Beatty, also a cousin of the bride was ringbearer.

James McLeod of Abilene, brother of the groom served as best man and groomsmen were Gary McLeod, David McLeod, both of Abilene and brothers of the groom, Randall Johnson of Abilene, Terry Haggerton of Colorado City, brother of the bride, and Jimmy Haggerton, also a brother of the bride of Stanton.

Groomsmen also served as ushers for the wedding.

A reception followed the ceremony in the fellowship hall of the church. The bride's table was adorned with a candelabra holding yellow candles and surrounded with yellow daisies.

The three-tiered wedding cake was accented with yellow daisies on each tier. A crystal punch bowl set completed the setting. Serving at the bride's table were Mandy Weaver and Susan Blasingame of Colorado City and Mrs. Reggie Clifton of Abilene.

The groom's table was centered with an arrangement of dried flowers and fruit complimenting an orange candle. Coffee was served from a coffee service and a german chocolate cake completed the refreshments. Sharon Doughty and Tracey Mullins of Abilene served at the groom's table.

The bride wore a going away outfit of a yellow pantsuit with white accessories accented with a corsage from her bouquet.

The couple will live at 1717 N. 6th St. in Abilene.

The bride graduated from Colorado High in 1974 and from Stenograph Institute of Texas in Abilene. She is employed by Rodgers & Rodgers Court Reporters in Abilene. The groom is a 1972 graduate of Abilene High and attended Texas Tech University. He is employed by Laskey's Western Wear in Abilene.

Out of town guests were from Abilene, Snyder, Granbury, Stanton, Big Spring, Fort Stockton, Floydada, Lorraine and Amarillo.

Our Original Rig Toyota Half Ton

This rugged well-built little half-ton is a cousin to the very first truck we brought to this country. It's still rugged. It's still well-built. And it's still our least expensive.

Even so, the engine is a big 2.2 liter. And that makes it one of the most powerful in any little pickup.

Yet for all that power, it's economical. And this year its good gas mileage is even better because we've made a lot of improvements.

Which is reason enough to own one.

But we didn't stop there.

We gave it a 4-speed synchromesh transmission (a durable 3-speed automatic is also available), power front disc brakes and a bigger brake booster to ensure smooth, quick stops. We gave it lots of leg, head and hip room, so you'll be comfortable no matter how far you go. And we gave it power boosted flo-thru ventilation, so it won't get stuffy in the cab.

Then, after we're satisfied it'll perform good and look good, we want to be certain it'll stay looking good, too.

So we make sure all the seams match. And all the trim is in line. We make sure doors and windows are fitted tight.

We test each engine in 10 different ways before it even goes into the truck. Then upon final assembly, we drench every single vehicle with over three 'oons of water. From the top, the sides, and from underneath.

To make sure it doesn't leak.

In other words, we built our sturdy little truck to withstand the ravages of a lot of hard work. And a lot of hard play and a lot of years.
