Quanah Prepares For Battle With Eastland Eleven

QUANAH, Texas, Nov. 6 (Special).—With a chilly north wind whipping across Athletic Field, the Quanah High School Indians Monday afternoon went through the first of a series of workouts that are designed by Coaches Dan Stallworth and Dan Salkeld to prepare them for their invasion of Eastland Friday night for a tussle with the Oil Belt Mavericks.

This game originally was scheduled for Quanah, but an agreement was reached recently between the two schools whereby it will be played at Eastland. This is a return game, the last of a two-game series started last fall. The Mavericks came to Quanah on a wintry day in 1934 and defeated the Tribe by a score of 25 to 7, fast Eastland backs running wild against Quanah.

Although the current Maverick edition is reported to be less potent than the 1934 team, Coaches Stallworth and Salkeld are taking the game seriously, with the possibility of an all-successful season for the Warriors growing stronger with every game. Every precaution will be taken, however, to protect several ailing Indians from further injury in this contest, as Quanah must meet a conference foe—Childress—in an important District 5-A tussle the following week. Coach Stallworth wants full strength for this game, despite the Bobcats' erratic showing to date—for Coach Joe Gibson has a habit of annually spiking the ambition of some title-bent loop member.

The Eastland game will bring to a close the Indians' non-conference engagements. Quanah has defeated five teams in as many inter-district battles this fall. The victims are Hollis, Okla., Chillicothe, Crowell, Plainview and Borger.

$8,501,471 Granted Texas WPA Projects

WASHINGTON, Nov. 5—Comptroller General McCarty today distributed $6,391,688 to 21 state Works Progress Administrators to start new work relief projects from a $77,085,000 list.

Included in the states allocations was Texas, $9,501,471.

Oil Belt Lumber Men Talk 'Shop' at Eastland Meet

Methods of promotion of further financing of homes were discussed by the members of the Oil Belt Lumberman's Association which met at the Connellee Hotel in Eastland Monday night.

The lumberman's problems were discussed by G. E. Melliff of Houston, representative of the Retail Lumberman's Association of Texas.

J. W. McGaha of Mineral Wells presided as chairman in the absence of F. E. Harrell of Cisco, president and chairman of the Oil Belt association.

The association is composed of retail lumber dealers of Erath, Hood, Eastland, Stephens, Shackelford and Palo Pinto counties.

Attendance at the Monday meeting: Frank E. Crowell, Eastland; Joe B. Frey, Stephenville; Floyd P. Mundy, Eastland; J. T. Ellis, Breckenridge; Calvin Brown, Ranger; R. S. Balch, Ranger; R. L. Perkins, Eastland; W. W. Wilson, Breckenridge; L. M. E. Shaw, Strawn; E. Mayer, Cisco; J. W. McGaha, Mineral Wells; J. T. Berry, Cisco; Charles Sandler, Cisco; Pete Cooles, Cisco.

Meeting for next month will be held in Strawn Tuesday, Dec. 10, at the Bankhead Hotel at 7 p. m.

Rules For Shoot Are Announced

Announcement was made Tuesday of regulations for the Oil Belt Gun Club 1935 annual club championship and invitation shoot which will be staged on the club grounds Saturday.

The regulations follow:

A single ground fee of $1 will be collected from each shooter entering one or more of the events. Ground fee admits shooter and lady to evening meal and special entertainment.

Shells must be purchased from club. Shells, 75 cents per box; targets, 2 cents each.

Professionals shoot for targets only except in Events No. 2 and No. 4.

The management reserves the right to refuse any entry.

The 1935 club skeet championship and trophy will be awarded to member of club making highest over-all score in Events Nos. 1 and 2.

Ties for title must be shot off in strings of 25 targets per man.

1935 official skeet and trap-shooting rules will govern all events.

Traps will be open for practice at 8 a. m. Regular aschedule will start promptly at 10 a. m.

Club rooms, bridge tables and equipment will be available for ladies.

Lunches and drinks will be provided throughout the day at nominal cost.

All shooters (having paid a ground fee) with one lady each will be guests of the club for supper following shoot. Special entertainment will be given after supper at clubhouse for supper guests.

Advance notice of reservations will be appreciated by club secretary.

New Bootleggers Appear In Ireland

MONAGHAN, Ire.—The Irish have kept bootlegging in its primitive state. Country bootmakers in the Irish Free State have been kept busy lately making "boots" to deaden the noise made by cattle as they are smuggled over the border at night to Northern Ireland.

One one occasion a posse of police captured a herd of 250 cattle, with their hoofs stylishly encased in flannel boots, being smuggled across a mountain pass in Caledon. Inasmuch as this herd alone would have evaded $10,000 duty, it is believed that large financial interests are behind the smuggling.

That Peanuts Important Is Shown In Estimate of 21,000 Acres Are Devoted to Crop in Eastland Co.

That peanuts are one of Eastland county's most important crops is revealed in estimate by agriculturists that approximately 21,000 acres are in cultivation this year by 1,100 producers.

This year 942 producers signed peanut reduction contracts on 18,500 acres. Checks which total $45,000 are expected to arrive for participants soon at the county agent's office.

Average yield of peanuts per acre is estimated at 20 bushels.

Market price of peanuts has been quoted at 95 cents per bushel and $9 for 100 pounds.

Peanuts are usually planted in May and harvested between Oct. 15 and Nov. 15.

Farms tenants are said to favor planting of peanuts to cotton in Eastland county. When the landowner pays one-fourth of baling and threshing the tenant usually retains 75 per cent of the crop.

Gun Club Plans 1935 Shoot For Next Saturday

The Oil Belt Gun Club will stage its 1935 club championship and invitation shoot Saturday, officials announced Monday.

The events will open at 10 a. m. Traps will open for practice at 8 a. m.

Four skeet events are scheduled. The 1935 championship and skeet trophy will be awarded to the member of the club making the highest over-all score in two events.

The club is located on the Ed Castleberry ranch eight miles north of Eastland, 20 miles south of Breckenridge on Highway 67.

Fire Chief Elected A Safety Director

M'ALLEN, Texas.—Fire Chief C. H. Britton, originator of the Lower Rio Grande Valley highway safety drive now being pushed by the Rio Grande Valley Safety Council, was elected McAllen safety director by McAllen Chamber of Commerce directors.

As local director, Britton will serve as a member of the Valley-wide council to be composed of one representative from each Valley city.

Spanish-American War Veterans Meet

A good attendance of United Spanish War Veterans met at their regular session at the American Legion hall Sunday, Nov. 3. Regular routine business was transacted, several good talks were made by several of the veterans. After the meeting a feed was enjoyed by all.

Eastland County Enters Work In District Contest

Two representatives of a similar number of home demonstration clubs and Miss Ruth Ramey, county home demonstration agent, will enter 20 tufted bed spreads in a district contest and demonstration in San Angelo Friday.

The demonstrators are Mrs. Louis Pitcock, Ranger, and Mrs. Elbert Ezell, Reich.

The contest is for clubs in district 7 and 8 of the Texas extension service. Mrs. Bernice Claytor, state home improvement specialist, of College Station will be in charge.

Jury Acquits In Swindling Charge

R. W. Worthy was acquitted of a charge of swindling Wednesday afternoon when a jury found him not guilty. The trial was the second, the first resulting in a hung jury.

Jurors were R. K. Justice, B. Shirley, W. S. Maxwell, A. S. Ainsworth, E. P. Mills, J. M. Tennison, J. B. Reid, J. W. Ryon, D. N. Waggoner, A. N. McBeth, E. R. McCracken, A. H. Love.

Fruit and Flower Show Is Planned

COLLEGE STATION.—The second annual fruit and flower show sponsored by the Landscape club and the Horticultural Society, student organizations, at A. & M. College will be held in the agricultural building at the college Nov. 25-26. A formal garden setting in the lobby of the exhibit building will be featured display of the show which is expected to draw unusually large assortment of Texas fruits, flowers, shrubs, and ornamentals.

Last year the Landscape Club which previous ly had staged an annual flower show, and the Horticultural Society, which had held an annual fruit show, joined in sponsoring a combination exhibition. More than fifty nurserymen and fruitgrowers of the state sent exhibits, the citrus fruit display being the largest ever held in this section. The citrus exhibit this year is expected to be particularly representative of the state.

Officers of the coming show are O. H. Eichblatt, Jr., Houston, president; George H. Pletcher, Jr., Harlingen, secretary-treasurer, who is president of the Landscape Club; M. B. Hesdorffer, Canton, Miss., designer; and B. J. Lednicky, West, publicity manager.

Would-be exhibitors have been invited to get in touch with Lednicky, the publicity chairman, at the college. Among those who have advised they will be exhibitors is an Arkansas apple grower.

Dean Says Ted Key Is Clois Francis

AMARILLO, Nov. 6.— Dean Earl Miller of the University of California at Los Angeles, said today after a conference with R. B. Norman, Amarillo high school principal, there seems little doubt Ted Key, UCLA football star is Clois Francis (Shorty) Key and not the real Ted.

Miller said he was waiting a further check of evidence.

Russell (Ted) Key, brother of Clois Francis, remained in seclution and his family refused information as to his whereabouts.

Mrs. Catherine Chapman, former Vernon, Texas, teacher, now employed in the high school here, identified a photograph of the UCLA player as that of Clois Francis Key. She said both Shorty and Ted were in her classes.

Twins Enjoy Reunion In Odd Circumstances

STONEHAM, Mass.—Mrs. William J. Russell, of Fort Hope, Ont. and her sister, Mrs. Mildred Wendell, of South Lancaster, were the first twins born in New England Sanitarium here.

They had a reunion in the sanitarium the other day. Mrs. Russell gave birth to her first child and Mrs. Wendell was the attending nurse.

NEGRO IS SLAIN

FORT WORTH, Nov. 4.—Tom Morgan, 46, negro, was shot and killed today when he fled from officers who sought to question him about ownership of two turkeys.

QUANAH, MAVS TO PLAY 3:30 FRIDAY P. M.

School officials Thursday announced that the game of Eastland Mavericks vs. Quanah Indians will be called Friday afternoon at 3:30 on Walch Field.

Quanah was defeated last pear by the score of 25 to 4 and hopes to reverse the outcome this year.

The Indians are rated strong in their district, recently tieing Wichita Falls, which later defeated Breckenridge.

A semi-muddy field was in prospect Thursday.

Rev. McCluskey, 72, Former Resident of County, Is Buried

BRADY, Nov. 7.—Funeral services were held at Placid Tuesday for Rev. G. W. McCluskey, 72, former McCulloch and Eastland county citizen, who died Friday at Shreveport, La., where he had been making his home with his daughter for the past few years.

Rev. McCluskey came to San Saba county from Eastland county in 1889 and then located in Placid in 1910, where he engaged in farming for a number of years. In 1912 he took up preaching as a minister of the Nazarene faith, holding services in various places in Texas, Oklahoma and Louisiana.

Two daughters, two sisters and two brothers survive.

Passion Play's 'Mary' in U. S.

"Virgin Mary" of the famed Oberammergau Passion Plays, Anny Rutz is pictured above as she arrived in New York, en route to Florida where she will study dramatic art. Miss Rutz enacted the role of Jesus' mother in the passion plays of 1930 and 1934.

Wheat Sign-Up to Begin on Friday

The wheat program will get under way in Eastland county Friday, Nov. 8.

Eastland county has been allotted 9,333 acres and 111,000 bushels of wheat. Under the terms of a wheat contract, a producer is guaranteed a parity price for 50 percent of his allotment, and his sales are not limited, his compliance with the contract being based entirely on the number of acres seeded and the use of the acreage retired from wheat production. The Secretary of Agriculture has set 5 percent as the reduction in acreage for the 1936 crop year.

If you are interested in going into this adjustment program you can meet with the local committeemen as follows, and discuss the matter with them, County Agent C. Metz Heald announced.

Cisco—Chamber of Commerce, Friday, Nov. 8, Roy Pippen, O. C. Holcomb.

Eastland—County Agent's office, Saturday, Nov. 9. A. M. Hearn, O. C. Bennett, I. S. Echols and J. G. Medford.

Ranger—Chamber of Commerce Monday, Nov. 11. Walter Duncan and Leslie Hagaman.

You may call any time from 8 until 5 o'clock at these places on dates shown, the county agent said.

Twelve Contest In Centennial Event

Entrants in the Texas Centennial farm and home beautification contest, sponsored by a publishing company and conducted by Texas A. & M. college, totaled 12 Thursday, Miss Ruth Ramey, county home demonstration agent, announced.

Residents of homes on state and federal highways and those living in towns whose population is less than 2,500 are eligible, Miss Ramey explained.

WAR IS HALTED OVER ETHIOPIA BY HEAVY RAIN

With the Italian armies in Ethiopia temporarily halted by rain, interest in the war crisis centered in Europe where Great Britain showed signs of preparing for trouble in the Mediterranean.

Britain's diplomatic approach to Mussolini about the Mediterranean might be interpreted in one or two ways. Either Britain is anxious to avoid a clash by persuading Mussolini to take his army out of Libya or is paving the way to justifying her position before the world if war comes. There was no sign of yielding on either side. Mussolini has withdrawn one contingent from the Egyptian border and said it was up to Britain to withdraw some ships.

The situation was grave enough to cause the British cabinet to take time off from the general election campaign to hold a hasty meeting on the subject.

Patrolmen Ordered To Enforce State Laws On Speeding

State patrolmen Morgan Myers and Ernest Daniel stated today that they were in receipt of orders from headquarters that they concentrate on enforcing the speed law, which gives passenger cars a speed on highways of 45 miles an hour, and through towns and villages of 20 miles an hour.

The truck limits are 25 miles an hour on highways and 18 miles an hour through towns and villages.

The reason these orders were given is that 90 percent of cases where patrolmen investigated a car accident they find that the high rate of speed was the principal cause of the wreck.

The cooperation of every automobile driver is requested by the patrolmen in observing the law as every effort is being made to eliminate deaths in wrecks.

Cases Assigned In 88th Court

Assignment of nine cases for trial this month and in December has been announced by 88th district court.

Seven Indicted Make $750 Bond

Seven indicted last week by the grand jury had executed bail bond of $750 Thursday, according to district court records.

Executing bond and charges on which they have been indicted, were the following: Jimmie Garner, burglary; Floyd Austin, theft of cattle; W. C. Kimbrough, transporting intoxicating liquor; Carl Nix, theft over $50; Orval Owen, forgery and burglary; Edward Thomas, burglary; Leroy Thomas, driving while intoxicated and theft of cattle.

Square Lighting For Christmas Is Plan Of Committee

Plans for decoration and lighting of Eastland business section are being considered by a committee appointed by Chamber of Commerce President Hamilton McRae.

First meeting of the committee, composed of John Harrison, chairman, F. M. Kenny, G. C. Kimbrell and T. E. Richardson, was held Wednesday in the Chamber of Commerce office.

Plans call for placing of lighted Christmas trees at every corner of the courthouse lawn. Stringing of lights across the square will also be considered, it was said.

CENTENNIAL MARKER SELECTION IS HARD JOB

By GORDON K. SHEARER
United Press Staff Correspondent

AUSTIN.—Many hard jobs have fallen to the lot of the State Board of Control. Among them was supervision of relief. Now, the board face a task still more difficult. Its members must select sculptors and designs for Centennial memorials.

Gutzon Borglum, Pompeo Coppini, Lorado Taft and Chas. Keck are among the internationally known artists who are in contact with the board about the proposed statues and memorials. Miss Waldine Tausch, Brady, a protege of Mr. and Mrs. Coppini; Miss Alice Tennant, Dallas; Miss Dorothy Austin, Dallas and Miss Bonnie McLeary, San Antonio, are other noted artists whose services are being considered.

Some of the work will be let in competition. For other projects the artists will be selected, work out the design and submit it for approval. Cost of models for competition on all would be prohibitive. The competitions will be on statues for which twelve inch plaster models can be submitted.

Delay in selection of artists and designs is due to efforts of the board to make an agreement with administrators of the Federal Centennial fund on a division of the memorials. Scattered use of $200,000 of the federal fund is required. A list of memorials amounting to that has been prepared for submission to Federal Administrator Cullen F. Thomas.

When the division is made and selections determined, the board will then have the job of seeing that the memorials are finished in time for the Centennial. Artists are notorious for inability to work under stress. They must have the "feel" to do their best. One can imagine the difficulty John Singleton, centennial worker supervisor for the Board of Control, would have in telling Taft, Borglum or Coppini to "hurry up with David G. Burnet's nose" or to "get Sidney Sherman's sword finished or leave it out."

No Centennial artist will have to catch the spirit of Ewen Cameron and preserve it in stone or metal. The leader of early expeditions, for whom Cameron county was named, will have no recognition in a centennial monument. It was felt indelicate to so honor the leader of expeditions against a neighboring country which is being invited to participate in the State's centennial celebration.

ON TEXAS FARMS

By mixing small portions of glue and crude carbolic acid with ordinary whitewash, A. E. Crutcher, San Patricio county orchardist, has found that as a result the whitewash clings to the tree much longer and the presence of carbolic acid acts as a repellant to many insects.

A profit of $68.15 has been made by Mrs. Levi Vaughn, co-operator for the Oak Flat Home Demonstration Club in Rusk county, from the sale of strawberries and wild dewberries. In April, 1934, Mrs. Vaughn and her family put out 1,000 strawberry plants at a cost of $2.85.

Mrs. Dan Becker of the Stone community in Washington county had seven acres of feed that it was impossible for her to cure. She decided to dig a trench silo and this she did at a cost of $7, putting 54 tons of hegari in it.

W. L. Brown of Hardin in Liberty county grows selected varieties of sweet potatoes and grades them carefully. He then puts them in a large storage house, and keeps them until spring. He never receives less than 75 cents a bushel for his potatoes.

Hans Hanson, Jr., 15-year-old member of the Falfurrias Boys 4-H club in Brooks county, dug and filled a five ton trench silo, from which he will feed two Hereford calves and the family milch cow.

CARLSVILLE—An uneven, bare yard has been transformed into a sodded lawn and foundation plantings consisting of waxleaf ligustrum, crepe myrtle, abelia, arbor vitae and other shrubs have been added to the S. C. Stiles home in Red River county during the past year, according to Miss Maegene Bay, home demonstration agent. Mrs. Stiles' improvement plan was drawn up in 1934 and the work was planned for two years.

All work planned for the past year has been completed. The front fence has been removed, the side fences set back 10 feet on the west side and 24 feet on the east side, and the back fence removed. A stepping stone walk has been made in front and the front steps repaired. Front and east side foundation plantings have been made, a rose garden started and the house painted.

GEORGE WEST—A profit of $171.39 was made over a period of 10 months by Mrs. John Dunn, Live Oak county poultry demonstrator, from her flock of 200 white leghorn hens, according to her report to Miss Linda Sears, home demonstration agent.

Mrs. Dunn has added to her poultry equipment this year a new concrete brooder house and a cellar for her incubator. She has also added sanitary drinking fountains and feeding troughs and a concrete floor to her poultry house.

SAN ANTONIO.—A 4-H pantry containing 1,919 containers and valued at $316.94 has been prepared by Mrs. Gene Tupin of the Somerset Home Demonstration club in Bexar county, according to Miss Marie Strange, home demonstration agent. There are only four in Mrs. Tupin's family, but she enjoys dividing with the married children.

Her pantry contains leafy vegetables, other vegetables, starchy vegetables, tomatoes, fruits, sweet and sour pickles, meats, preserves, jelly and honey.

JEFFERSON—A crop yield of 247 bushels on seven acres of corn, three and one-half bales on six acres of cotton, 3,950 pounds of black-eyed peas from four acres, and 43 bushels of field peas grown in with the corn has convinced Volley Page of Marion county of the value of a five-year soil building program.

Eight years ago Page entered an agreement with the county agricultural agent to terrace all the rolling land on his farm and to follow a strict system of crop rotation, planting his corn in wide rows with cow-peas between the rows. Much of the tillable land on the farm has been in cultivation from 60 to 75 years and in the outset was greatly depleted in soil fertility.

WOODVILLE—Ten tons of hay were harvested from six acres of soybeans this year by W. F. Hatton of Tyler county, according to M. S. Hyde, county agricultural agent. One acre was left for hogs and for seed. Hatton says the best acre he raised was planted the first week in July after an early tomato crop. He intends to plant 25 acres to soy beans in 1935.

Starred in Maverick Offense

Passing of Cleo Key, left, and ground gains by Bob Sikes, right, accounted for many of the Mavericks' first downs when they played Cisco last week.

WELLINGTON—The construction of concrete subirrigation tile has proved a pleasant and profitable hobby for A. J. Fires and Elbert Blackwood of Collingsworth county who have constructed more than 10,000 feet of tile during recent months. The two boys have their shop in the back yard of the Fires' home and spend the hours after school molding the tile.

The boys were instructed in making the tile by the county agricultural agent, John Stovall, and

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that *before the discovery* of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, *safe* relief.

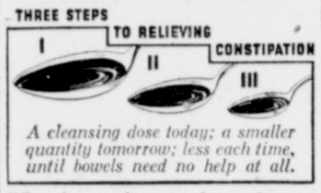

Scientists rate Bayer Aspirin among the *fastest methods yet discovered* for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it *safe* for the average person to use regularly. *In your own interest remember this.*

You can get Genuine Bayer Aspirin at any drug store — simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this — and see that you *get* what you want.

DOCTORS KNOW

Mothers read this:

A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

Why do people come home from a hospital with bowels working like a well-regulated watch?

The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use *liquid* laxatives.

If you knew what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. *Reduced dosage is the secret of any real relief from constipation.*

Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both *natural* laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till Nature restores regularity.

CUTS WASHING HOURS . . SAVES CLOTHES

The NORGE will wash from six to nine pounds in as many minutes. Its gentle (yet speedy) agitator motion maintains a constant flow of water. There is no bunching or tangling in a NORGE WASHER; no danger of injury to the finest fabrics. Clothes washed in a NORGE wear much longer. The attractive white tub of refrigerator porcelain is easily kept clean and glistening white throughout the years with no more than ordinary care.

A MODERN LABOR SAVER

Think of the precious hours you will save in doing all your ironing in half the time while seated at your own NORGE IRONER. It has automatic heat control with finger-tip regulation. It has two speeds —a slow one for beginners and for heavy, damp particles—a faster speed for ordinary and flat pieces—and with limited practice you can iron everything; even press baby's coat or dad's trousers. Its really fun to iron with a NORGE.

Beauty Contest Is Barred at Vancouver

VANCOUVER, B. C.—A scheme to attract settlers to British Columbia by advertising the province with feminine pulchritude has been banned by the Vancouver City Council.

A representative of a city investment company recently appeared before the council to request permission to stage a beauty contest in Vancouver. The company, he explained, planned to send the winners to Britain "to attract settlers."

The council refused to issue the permit.

Agency For Exide Battery Acquired, Horton Announces

After 14 years' operation of a service and tire station, Jim Horton announced Thursday of his acquisition of the Exide battery agency.

"During the past 14 years that we have been in the service station business in Eastland," said Horton, "many people have asked us why we didn't sell batteries."

"There have been several reasons. One was that we could never get the right battery to sell. Of course many cheap lines were offered but it was only a few weeks ago that the Exide agency was available.

"Then, too," continued Horton, "in the old Green Filling Station building we didn't have room. "Every inch of space was filled with Seiberling tires.

"The new station was planned to accommodate a 'drive-in' battery department where all changes may be made comfortably out of the weather.

"After selling tires for many years, we feel that we know what the car owner wants and we are ready to give it to him.

"Wishing further to improve our service, we have purchased and installed the most modern battery equipment."

Glen Lee Will Play At Dance at Cisco

CISCO, Nov. 7.—One of radioland's outstanding bandmen is being brought to Lake Cisco Amusement Company's big lake-side pavilion for the Armistice Day dance, Manager P. G. Berry announced this week.

He is Glen Lee, late from a seven-months engagement at Terrace Gardens, Morrison Hotel, Chicago, and now playing at the Adolphus Hotel, Dallas, and broadcasting over KRLD and the Southwest Broadcasting System.

Lee and his orchestra are under the management of the Music Corporation of America.

An absolute limit of 450 couples has been placed on this dance by Mr. Berry, who expects a demand for tickets that cannot be satisfied. A price of $2 plus tax will be charged.

Berry comes to the management of the Cisco resort after five years spent away. He was the manager who opened the resort in 1927 and the excellence of the dances and other entertainment that he provided patrons at that time is still remembered.

CIMEMA FIRST OF CONNELLEE WEEKLY HITS

Miriam Hopkins, Edward G. Robinson Enacts Story in Picture Opening At the Connellee Today.

An outstanding list of bookings has been arranged for presentation at the Connellee during the current week which includes the Armistice holiday period. Opening today and continuing its run through Saturday the attraction, "Barbary Coast," starring Miriam Hopkins will be presented. From an original screen play by Ben Hecht and Charles Macarthur, Samuel Goldwyn has brought to the screen a colorful drama of early American history in California. Edward G. Robinson and Joel McCrea play the leading male roles and both do excellent work in this production.

On Sunday for one day only the attraction "The Red Salute" will be presented. Starring Barbara Stanwyck this lively comedy furnishes Miss Stanwyck with the best role of her career. A strong supporting cast headed by Robert Young, includes Cliff Edwards, Ruth Donnelly, Hardie Albright, and others.

On Sunday night at 11:30 a special midnight show will be presented. Karston, the Master of Magic, will be presented in a special stage attraction and will perform feats of magic that will be unbelievable, and mystifying although you will see them performed right before your eyes. In conjunction with his magic performance, Karston will also present his Midnight Hypnotic Frolic. Under his hypnotic influence, Karston will make people perform most unusual and funny things to prove to you that they are absolutely under his hypnotic spell. You will laugh, and marvel at this stupendous display of magic mysteries. In conjunction with this stage presentation the screen attraction "The Crime of Dr. Crespi," starring Eric Van Stroheim, will be presented.

On Monday, Tuesday and Wednesday an exceptional attraction has been booked to open on this holiday. "Hands Across the Table," starring Carole Lombard and Fred McMurray will be the attraction. A laugh riot from start to finish the merry proceeding of this romantic comedy centers around the attempts of a poor but ambitious manicurist and a penniless young socialite to live up to an agreement to marry money.

Many hilarious complications result as each set out to keep their bargain, until both fall in love, and of all things with each other. From the "Rave" reports this attraction has been accorded wherever it has been shown, and the many hold-over engagements it has had in the key city spots, this attraction will no doubt be acclaimed the outstanding romantic comedy of the year. With made to order roles, both Carole Lombard and Fred MeMurray turn in performances that will many new admirers on the screen.

The Thursday attraction will be "Charlie Chan in Egypt," starring Warner Oland in his most famous character, that of Charlie Chan the international detective. With Egypt as the locale this Charlie Chan adventure has a natural background to furnish the thrills and mystery necessary to a story of this type. "Pat" Patterson plays the leading feminine role on this story.

HE'S A FIGHTING TERROR!

Thrills, adventure, romance abound in "Thunder Mountain," which presents George O'Brien as the two-fisted fighting hero of the Idaho gold strike. Adapted from the new and exciting Zane Grey novel, the picture features Barbara Fritchie and Frances Grant as O'Brien's leading ladies. Now playing at the Lyric.

Karston to Be at Connellee Sunday

A real treat is in store for all who like to be thrilled by feats of magic as on next Sunday night at 11:30 on the Connellee Theatre stage, theatre patrons of Eastland and surrounding territory will be able to see one of the greatest productions of magic art performed by "Karston," known as the master of magic.

The Karston production of wonders is composed of magic art from India, China, Japan, and 21 other countries. This gigantic production required over four years in preparation and makes use of a carload of scenery and special effects.

Karston's famous toy soldier illusion is considered the most amazing feat ever to be performed and his radium cabinet mystery is another most outstanding illusion of magic. Many other tricks of magic are performed right before your very eyes and will appear unbelievable, uncanny and mystifying.

In connection with this magic show, Karston will present a typnotic fun frolic that will keep you laughing from the start until the finish. Under his hypnotic influence, Karston will have his subjects perform many comical antics that will thoroughly convince you that they are under his hypnotic spell.

In connection with this elaborate stage presentation the feature film, "The Crime of Dr. Crespi," starring Eric Von Stroheim and Harriet Russell. Regular admission prices will prevail for this stage and screen offering.

TOO CURLY

Due to a short rainy spell during the filming of Paramount's romantic comedy, "Hands Across the Table," coming Monday to the Connellee Theatre, Carole Lombard had to have her hair "uncurled" during the filming of several sequences.

The star has naturally wavy hair and moisture in the air caused it to become so wavy that it didn't match up with the way her hair looked in the scene taken the day before. A hairdresser had to "uncurl" Miss Lombard's golden locks.

New Team in Bright Comedy

What brand he is smoking doesn't seem to bother Fred MacMurray when the beautiful Carole Lombard lights up for him. Miss Lombard and MacMurray are teamed in Paramount's gay comedy, "Hands Across the Table," at the Connellee Theatre, starting Monday, a story of a manicurist and her romance with a penniless playboy.

The poppies are being counted and arranged in readiness for distribution to the Poppy day workers who will offer them, to be worn as a tribute to the World War dead. All work in connection with the observance is being carried cut by volunteers so that every penny received as Poppy day contributions can go into the welfare funds of the Legion.

The poppies are paper replicas of the wild European poppies which bloomed along the battle front and in the war cemeteries during the World War. It was this flower, growing between the rows of wooden crosses above fresh battle graves, which inspired Col. John McCrea to write his famous poem, "In Flanders Fields." The flower is now recognized throughout the English-speaking world as the symbol of World war sacrifice.

Each of the red flowers has been made by hand by some disabled veteran in need of employment. For each poppy has been paid one cent, enabling hundreds of veterans to support themselves and families through the winter and spring. Approximately ten million of the poppies have been made this year, meaning earnings of $100,000 placed in the empty pockets of these disabled veterans.

In addition to the earnings of the veterans making the poppies, the poppy funds bring aid to thousands of needy families of veterans throughout the year.

While nattily uniformed and equipped buglers sound the call to arms for the regular soldiers of the Ethiopian army, in the camps of the volunteers, turbaned drummers squatting before the booming kettle drums of their ancestors, beat out a martial rhythm that moves their primitive comrades to fighting frenzy as they mass on the southern front.

SET 'SKELETON' CASE FOR DEC. 16 AT EASTLAND

Defendants in the Rising Star "hanging skeleton case"—Mr. and Mrs. Raymond Henry—will answer murder charges in district court at Eastland Monday, Dec. 16 in connection with the death of H. L. McBee.

Mr. and Mrs. Henry, the latter a former wife of McBee, were charged with murder in connection with the death of the former highway worker when his body was found hanging from a tree near Rising Star last December.

McBee's identity was established by a tag issued to State Highway Department workers which was found in his clothing and recognition of dental work performed by an Eastland dentist.

pendence a century ago.

Chilly winds which bit down from the Panhandle failed to freeze the spirit of the thousands who gathered for the biggest carnival in the 110 years of Gonzales' history.

The event was the first celebration of the Texas Centennial. It was here that 100 years ago a six-pound cannon boomed defiance to the Mexican general, Santa Ana. The small weapon rests on the Gonzales public square and was the object of patriotic reverence today.

Eastland Pastor, Rev. Stanford, to Annual Conference

Rev. Rosemond Stanford, pastor of the Eastland Methodist church, left Wednesday for the annual Central Texas Conference which is being held in Brownwood.

Rev. Mr. Stanford will report that the Eastland budget has been paid up in full.

Rev. Stanford was joined by Dr. Eugene Hawk, dean of the school of theology at Southern Methodist University, from Dallas, at Eastland.

B. E. McGlamery, lay delegate, was expected to attend the conference which will continue thru Sunday.

The Eastland church has raised $8,400 and received 115 memberships this year. Sixty memberships were by letter and 55 by profession of faith.

Miss Agnes Bearman of Cisco was an Eastland visitor Wednesday.

F. D. Wright of Cisco was an Eastland visitor Wednesday.

Mmes. Joe Black, Ted Huestis and Jack Pippen of Cisco spent Monday in Eastland.

Banking Firm Is Winner In Civil Suit At Eastland

Judgment of $1,165.62 for the Cisco Banking Company from Mrs. M. M. Dabney has been rendered in 91st District Court, an order on file in the district clerk's office showed Saturday.

Aid of Clubs Is Asked by Lions In Buying Suits

The Lions club will contact officials of other organizations to determine what united action may be taken to pay for the recently arrived Eastland High school band uniforms.

This was decided Monday when the band committee reports were made at the meeting held on Connellee hotel roof. Report was given that jars placed in stores had yielded $16 in three weeks.

A petition which had been signed by 58 Eastland residents pledging a sum not exceeding $5 on the band uniform purchases.

The city commission will announce its decision on amount, if any, it will appropriate Nov. 18, a committeeman reported.

It was indicated that an entertainment might be presented to aid in raising of the band sum.

WHAT THE MILDNESS OF CAMELS MEANS TO FAMOUS AVIATORS

Lieutenant Commander Frank Hawks, U.S.N.R., famous holder of 214 speed records and the Harmon Trophy, says: "I've been flying for 19 years and smoking Camels almost as long. Making speed records tests the pilot as well as his plane. Camels never make me jumpy or bother my physical 'condition' in any way. As the athletes say, Camels are so mild they don't get the wind. And I've found they never upset my nerves. Camel must use choicer tobaccos."

"Camels don't get your Wind" Athletes say

"I smoke Camels all I want," says Col. Roscoe Turner (below), 'cross-continent speed ace. "Because of their mildness, Camels never tire my taste. A speed flyer uses up energy just as his motor uses 'gas.' After smoking a Camel, I get a 'refill' in energy."

"Get a Lift with a Camel"

"Speaking of cigarettes, I make it a rule to smoke Camels," says Mrs. T. W. Kenyon, sportswoman pilot. "They are the mildest cigarette I know. Morning, noon, and night, I can smoke Camels steadily. They never upset my nerves. And each Camel renews the zest and enjoyment of the last one!"

"They Never Get on Your Nerves"

"I appreciate the mellow flavor of Camels," says Sir Charles Kingsford-Smith, the transpacific flyer, in a recent interview. "Camels refresh me so when I'm fatigued," he continues, "and they are so mild that I can smoke any number without throwing my nerves off key."

"They Never Tire Your Taste"

YOU'LL FIND THAT CAMELS ARE MILD, TOO—BETTER FOR STEADY SMOKING

Majority Eastland Stores Decide to Close On Nov. 11

Agreement of stores to close Armistice Day, Nov. 11, was announced Wednesday by H. C. Davis, secretary of the Retail Merchants Association.

Sunday School But No Church Sunday For Methodist

Although Sunday School will be held next Sunday at the Methodist Church, no preaching services will be held because the pastor, Rev. Rosemond Stanford, will be at the annual conference in Brownwood. The announcement was made Wednesday, previous to Rev. Stanford's departure for Brownwood.

Eastland Men to Nebraska Where Relative Is Ill

Informed by their sister, Mrs. Herman Richter, that her daughter, Dorothy, 12, was in a serious condition following an arpendix operation, Fred and C. W. Hoffmann left Tuesday for Nebraska City, Neb.

A wire Tuesday morning gave no encouragement in the girl's condition.

Mrs. Elizabeth Brantley was a visitor in Breckenridge over the week-end.

Forrest D. Wright of Cisco was a visitor in Eastland Monday.

Mr. and Mrs. Albert Cogburn were guests in the home of his mother, Mrs. A. L. Cogburn, at Cisco, Sunday.

"Later," Dads Tell Club Members When Band Aid Requested

Promise that the Lion-Rotary Clubs' request for aid in payment on uniforms for the Eastland band will be considered at its next meeting was made by city commissioners Monday night.

Appearing at the city commaision meeting with W. H. McDonald of the Lions Club as spokesman were T. E. Richardson, John Harrison and John A. Burke.

60 Attend Meet of 9:49 Bible Class

Sixty attended the 9:49 Bible Class meeting in the Methodist Church Sunday. V. T. Seaberry delivered the lesson. Music was played by Miss Jane Ferguson, pianist; Leslie Cook and Clara June Kimble, violinists; Virgie Sue Wyatt, xylophonist, and Edmond Herring, accordionist.

John Knox and B. M. Collie were presented in a vocal number, with accompaniment by Mrs. T. J. Haley.

According to an English lecturer, American do not know how to enjoy leisure. For instance, they go to English lecturers.

Girl of 1855 Was Lucky as Moderns

ALAMEDA, Calif.—The girl of 1855 had a lot more fun and a lot better chance of happiness than her granddaughter has, believes Mrs. Sophie Davis.

And Mrs. Davis didn't get her theory by reading. She got it by experience, for she was a girl in 1855.

Recently she celebrated her 101st birthday.

She is a little disgusted with the modern girl, who "swills gin and sucks on cigarets."

"It's not her duty to gallivant around," Mrs. Davis says. "A girl's duty is to make an advantageous marriage and raise children."

Automobiles? They're the bunk, she believes.

"It's on their account that everyone's in a lethal hurry," Mrs. Davis declares. "In my day we saw a little country, but really saw it. Today you try to see a lot, and fail."

MAVS MAINTAIN SECOND YEAR OF NON-DEFEAT BY CISCO IN 0-TO-0 GAME PLAYED FRIDAY

Scoreless football which kept fans on edge for four quarters, was played at Cisco Friday when Eastland Mavericsk met Cisco Loboes on Chesley Field in Cisco.

Matched with a team which displayed equal ability in perhaps every department at the offset, Mavericks amassed more first downs than they have in any game this season.

Ground gainage brought the Eastland team 15 first downs, compared to nine for Cisco.

Nearest Mavs were able to penetrate into the visitors pay territory was the 15 yard line. Cisco pushed to Mavs' 10 yard line.

The game was marked by the accurate passing of Key and from scrimmage ground offensive playing of B. Sikes, Garrett and Key.

First Quarter

Cisco's kickoff was received by Sikes who carried to Eastland's 21 yard line. After gains by Taylor Key and Sikes which carried the ball to their own 30 yard line, the latter punted and Cisco took the ball on the 50 yard line.

Opening their attack, Rylee passed to Beasley. Rylee surprised the visitors with an around end run for 15 yards. Sikes intercepted Rylee's pass and was stopped on Eastland's 30 yard line.

Key and Sikes netted seven yards with an off right tackle and around end run. Sikes punted and Stansbury carried the ball to Loboes' 40 yard line.

Rylee made three yards through center and Key covered a Cisco fumble on the enemies' 43-yard line.

The ball seesawed with the playing in Cisco's territory.

Stansbury punted and Key was stopped on the Eastland 15-yard stripe. In a hole, Sikes punted where Cisco began play on Eastland's 48-yard stripe.

Beasley and Rylee lost five yards with the former on around end run carrying the ball to Eastland's 36-yard line.

A lateral, Rylee to Burnam then to Beasley was good for 20 yards. Beasley carried the ball twice and on the third play fumbled, with R. Taylor covering for Eastland.

Sikes and T. Taylor carried the ball to Eastland's 30 yard line.

Second Quarter

Starting play on their own 33-yard line, Eastland was unable to gain yardage on three plays and Sikes punted and Stansbury carried the ball to Eastland's 35.

Burnam gained one yard and passed to Wende who lateraled to Beasley for a gain which took Loboes to Eastland's 20 yard line. Burnam majored with the ball carrying and went to Eastland's 10 yard line.

Eastland got out of the hole with Sikes, J. Taylor, Garrett carrying the ball to their 38-yard line. After an exchange of kicks which were followed by ground gains which netted small yardage by both teams, Key received a Cisco punt on Eastland's 30-yard line. Sikes and Key carried the ball to their 46-yard line where the latter was thrown for a five yard loss.

Eastland kicked and Rainbolt carried the ball to the Mavericks' 44 yard line. Cisco opened up a volley of passing with Burnam as the passer. Three were incomplete and R. Taylor intercepted the fourth.

Showing their own ability in the aerials, Key passed to Sikes for 25 yards. McCanlies intercepted one of Key's passes on the Cisco 28-yard stripe.

Burnam passed to Stansbury for seven yards. McCanlies made a first down and Burnam's next pass was incomplete. McCanlies made five yards through right tackle, carrying the ball to Eastland's 33-yard line.

Third Quarter

Sikes intercepted Burnam's opening pass. Sikes carried the ball twice and advanced to Cisco's 49 yard line. Key completed a 14-yard pass to Sikes. Eastland tried several passes, Garrett receiving one and going to Cisco's 33 yard line. Eastland punted and Cisco took the ball on their 20 yard line. McCanlies made three yards through cented. Unable to gain and in a hole, Stansbury punted, with Eastland receiving on their 35 yard line. Garrett made four yards through right tackle. Key carried the ball to Eastland's 43. Key, Garrett and Sikes advanced to their 44 yard line, where Eastland punted.

An advance to Cisco's 30 yard stripe was made by Stansbury after the Eastland punt. Stansbury and McCanlies carried the ball eight yards where the former punted.

Key received for Eastland and on three passes advanced to the Maverick's 35 yard line. Sikes punted and Cisco received on their 36. Stansbury and Wood carried the ball to Eastland's 43 yard line. Sikes intercepted Stansbury's pass on the Maverick's 15 yard line. Garrett and Sikes carried the ball 11 yards for a first down in two plays.

Fourth Quarter

Key opened the fourth period with a pass to T. Taylor and in the following plays advanced to their 47 yard line. Several passes incomplete, Eastland punted and Stansbury received for Cisco, carrying to the Loboes' 20 yard line. McCanlies gained five yards on an end and left tackle play. Stansbury punted.

A 15-yard pass from Key to T. Taylor and gains by the former and Sikes placed the ball on the Maverick's own 36-yard line. Garrett made six yards in two plays and fumbled on the next.

Cisco covered the ball on their 30 yard line. Stansbury attempted a center run. McCanlies went around right end and advanced to Cisco's 35 yard line. Stansbury to Burnam, who lateraled to Beasley preceded the play when Stansbury's next pass was intercepted by R. Taylor.

Key's passes to Sikes brought the ball to Cisco's 29 yard line. Key passed to Garrett for eight yards. McCanlies intercepted Key's last pass of the game and was downed on his 19 yard line. Beasley and McCanlies gailed to gain in two tries and the game ended with Cisco in possession of the ball on their 19 yard line.

Wende and Wagley of Cisco were outstanding for Loboes in defensive playing.

The following were included in the number that saw action for Eastland: T. Brown, T. Cook, J. Taylor, Garrison, Sikes, Key, Van Geem, H. Taylor, Garrett, Hill, R. Taylor, T. Taylor, A. Taylor.

Rev. Pierce of Cisco to Make Armistice Talk

A special program is to be given at the First Presbyterian Church Friday evening at 8 o'clock, under the direction of the Women's Auxiliary of the church in special honor and recognition of Armistice Day. The Rev. J. S. Pierce, pastor of the Presbyterian Church, Cisco, will deliver the message suited to the occasion. Rev. Pierce is a popular speaker and the message suited to the occasion. Rev. Pierce is a popular speaker and the message he will bring has been heard by a number in this community and much appreciated by all.

A large number of the American Legion Post will be present.

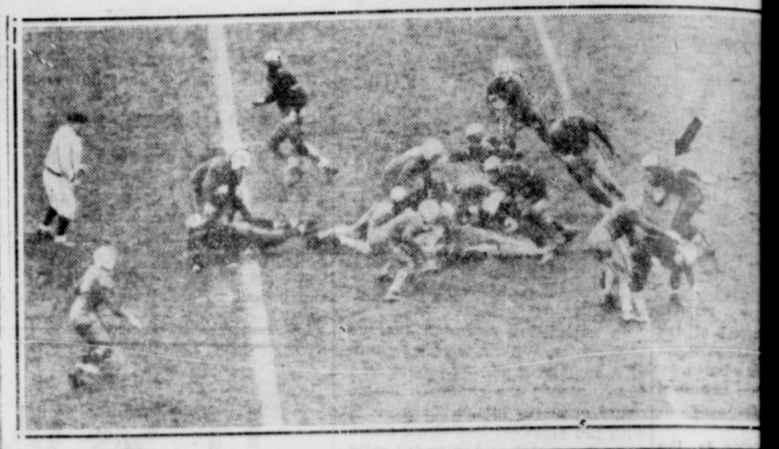

All Boy Scouts kindly invited to attend. The public kindly invited and help make this a great occasion with a full house. A free-will offering will be received.

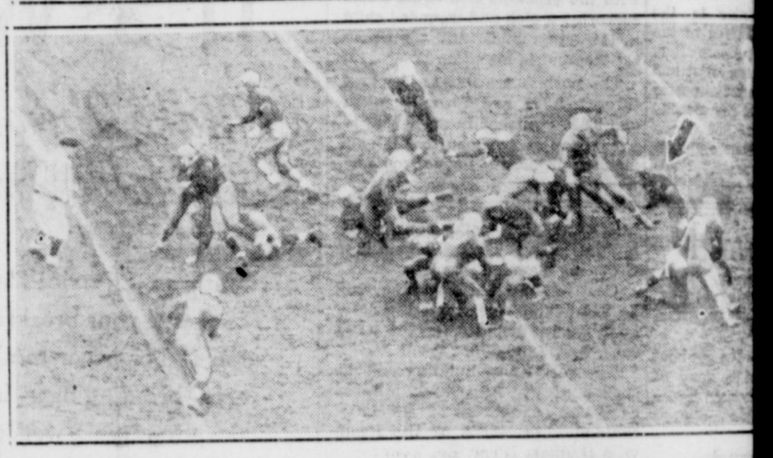

REPORTER.

Ranks Are Given At K. P. Meeting

Candidates Williams and Lucas were conferred ranks at the Knights of Pythias meeting Tuesday night. Williams was given the second rank while Lucas was given the first and second ranks. Several Gorman members of the lodge attended the meeting.

DOUBLE PLAY REVEALS PRECISIO

Taken at different times, these action pictures of the Yale-Dartmouth game at New vide a startlingly effective lesson in the precision with which two well-coached teams both cases, Frank Nairne (designed by arrow), star of Dartmouth's 14 to 6 victor Note that, in both pictures, every player on both teams is within inches of the same out identical assignments. Success of plays depends on split-second timing of comple by every player.
