

Gun Fire Shatters Train's Windshield

Gun fire shattered windshield and windows of a T&P train traveling through Colorado City Friday night.

Security personnel of the railroad and local police continued to investigate the shooting Saturday.

However, clues to the outburst were meager, according to Police Chief Jesse Browning.

A bullet, either from pistol or rifle, was believed to have shot out the front windshield of the engine.

"They believe a shotgun burst knocked out windows and lights in the train's caboose," Chief Browning said.

Luckily, train personnel were not injured.

Police were notified of the shooting at 11:12 p.m. Friday by Don Nichols, T&P Railroad in Big Spring.

He reported that the gun fire came at a crossing inside the city limits.

Additional information was phoned to

police at 11:36 o'clock Friday night by Leroy Carmichael, with T&P in Arlington.

Carmichael was in contact again Saturday morning with Chief Browning.

Location of shooting was identified as the Austin Street crossing.

Initial report Friday night from T&P described the shooting as shotgun fire by a "carload of colored males." Subsequent reports described the shots coming from a "bunch standing around a car."

Later, after closer check it was reported that either a single rifle or pistol bullet hit the windshield and shotgun discharge hit the caboose.

A quartet of police -- Assistant Chief Bill Henderson, Jim Latham, Dan Pfeuffer and Andrew Rivera -- hurried to the scene after being notified by T&P.

They located no suspects and could not find any empty shells or casings.

Browning said T&P spokesman had informed him the railroad would offer a reward in an effort to solve the mystery.

3-Year Library Terms

2 Renamed To Board

Two members of Mitchell County Library board have been re-named for three-year terms.

They are Mrs. George Witten and Mrs. H. H. Bodine.

Mrs. Witten was one of the prime leaders in the project to build the new county facility and obtain permanent county financing.

Mrs. Bodine was appointed to the board to fill the unexpired term resulting when Mrs. Austin McCloud resigned and has been named to her first full term.

Both appointments were unanimous by Commissioners Court this week.

Construction has started on the chain link fence which Commissioners Court is installing on two sides of Mitchell County Cemetery, facing 17th Street.

Approximately 1,750 feet of fence will be placed at cost of \$1 per foot.

The fence will line the full front side of the cemetery along the north side of 17th Street and a portion of the east side.

Commissioners are planning

for evergreen shrubbery to be planted in the winter along the fence.

The library has set up a \$17,437 total budget for 1970 with final approval of Commissioners Court.

This is about \$1,500 higher than the current year's outlay.

Salaries, custodial services and Social Security payments will take \$11,812 of the full amount.

The library plans to spend \$150 for periodicals and newspapers, \$200 for bindings, \$450

for maintenance, \$75 for travel and convention, \$2,000 for utilities, \$100 for insurance.

Two new county paving projects have been completed in eastern and western areas of the county.

In Precinct 4 the new paving extends paving on a county road between Interstate 20 and FM Highway 1899 in the Lone Star and Longfellow communities.

Last unpaved stretch of the road between Cuthbert and Westbrook was completed in Precinct 2.

Both of the use projects were finished before recent rains.

Two other projects -- on east side of Lake Colorado City in Precinct 3 and an extension of the Old Seven Wells Rd. paving moving south out of Colorado City -- will be completed when weather and road conditions allow.

County road crews are doing all the work except for shooting of asphalt. Commissioners have contracted with Price Construction Company Inc. of Snyder for asphalt application at rate of \$1,711 per mile.

Washington Execs Hear Cotton View

Representatives of the major cotton producer groups of the United States, including the Rolling Plains Cotton Growers, Inc., have been invited back to Washington this week for a second session with representatives of the U. S. Department of Agriculture.

J. B. Cooper Jr., Roscoe

cotton farmer and president of RPCG, and Charles G. Bragg executive vice president of the organization, represented the Rolling Plains growers at a meeting in Washington last week to discuss the cotton provisions of the next farm act to be fashioned by Congress following expiration of the present program in 1970.

At last week's session in the national capital, Secretary of Agriculture Clifford M. Hardin was not specific about what the department's policy will be toward new farm legislation, according to Bragg.

The secretary is scheduled to go before the House Agricultural Committee Sept. 24 to present the USDA's position on a program to replace the Food and Farm Act of 1965, which expires in 1970.

"At last week's session with the department officials," Bragg said, "representatives of producer groups let USDA officials know that they are generally satisfied with cotton provisions of the 1965 Act."

"Also, that they oppose placing a limit on the amount of direct payments a grower may earn for participating in the program on grounds that it would destroy the effectiveness of any provisions to control cotton production."

Spokesmen for cotton producer groups attending last week's conference further advised USDA officials that the organizations are in agreement that the Food and Agriculture Act of 1965 has succeeded in See COTTON Page 2

Tombstone On Thieves' List

Thieves with a peculiar liking for loot were busy in Colorado City last weekend.

They were seen by two citizens hauling a tombstone from the display of monuments in the yard of Mrs. Ben Elliot, 1135 Hickory.

That was at 2:25 a.m. and when police arrived on the scene, the boys -- that's the identification furnished by witnesses -- and the heavy rock monument were gone.

Burglars Tuesday night broke into the Cosden Pipe Line Office

west of the refinery and took approximately \$800 in loot.

Ray Mize, Cosden employee who interrupted an earlier burglary attempt a few weeks before the burglars could get away with valuables, reported an \$800 calculator and \$200 typewriter were taken.

He discovered the burglary early Wednesday morning when he opened the office. Entrance was gained by breaking a window out of the office's north door.

Midland Pair Charged

Accused Of Check Forgeries Here

Two Midland men are charged in felony forgery complaints filed in Justice of Peace Leonard Henderson's Court after a series of check passings here Wednesday and Tuesday.

Accused are Robert Earl Johnson, 23, and Major Lewis III, both in Mitchell County Jail Friday in lieu of bond.

Johnson was arrested Wednesday morning by Police Chief Jesse Browning and Patrolman Nick Martinez as he was driving from Safeway parking lot.

Midland officers took Lewis

into custody Wednesday night on a warrant from Mitchell County.

Chief Browning and Deputy Sheriff George Ramage brought Lewis here to face charges.

Johnson is charged with fraudulently and knowingly passing a \$75.80 forged check with the signature of John B. Harvey at Safeway Wednesday.

Lewis is accused of "acting with Robert Earl Johnson" fraudulently and knowingly passing a \$48.50 forged check with

signature of John B. Harvey at Day & Nite Grocery.

Arrest of the pair followed the cashing of forged checks Wednesday and Tuesday. Two were cashed at Safeway -- the \$75.80 check Wednesday immediately prior to Johnson's arrest and a \$52.80 check Tuesday. In addition to the Day and Nite check of \$48.50 Tuesday, checks of varying amounts were passed at Sam L. Majors Jeweler, C. R. Anthony Store and Ben Franklin Store.

All were on personalized

checks of John B. Harvey, Route 2.

Harvey reported to police that he had left a check book in his car when he abandoned the vehicle temporarily Tuesday at Coahoma because of mechanical trouble.

Browning and Ramage recovered in Midland Friday several articles of merchandise which were identified as coming from Colorado City stores.

In each of the check passing being investigated, the person obtained cash after purchasing merchandise.

Marker For '81 Sermon

History At First Presbyterian Church

Mitchell County's 23rd official Texas Historical Marker will be erected Oct. 11 for First Presbyterian Church.

The marker, commemorating the first Sunday sermon ever preached in Colorado City and the establishment of the community's first church, will be placed at the church, Chestnut and E. Fifth.

Mrs. A. L. Geer, chairman

of Mitchell County Historical Survey Committee, said dedication plans will be announced later.

Inscription on the marker will state:

"On the second Sunday of January, 1881, the Rev. O. F. Rogers, a Presbyterian minister and school teacher from Mississippi, preached the first sermon ever heard in Colorado City. The congregation met in a saloon, only large place in the tent town. The bar was covered with wagon sheets and after the sermon, a collection was taken for the minister.

building, located at Locust and Second streets, was dedicated May 3, 1891. The first trustees were Dr. P. C. Coleman, W. J. Miller, William Kennedy, C. A. Arbutnot and John Carlisle. The present church building was completed August 30, 1925, when the Rev. W. M. Elliott was pastor. An educational unit was added, 1957, under the Rev. Earl Clary, Pastor."

The cast aluminum marker with Swedish steel effect will measure the usual 27 by 42 inches and is sponsored by the county survey committee.

This marker and its location at First Presbyterian will appear in the next addition of the "Guide to Official Texas Historical Markers," in tourist guides and maps to stimulate interest in this particular area, to provide interest for historical tours, and to acquaint the people of Mitchell County with their own unique historical past, said Mrs. Geer.

Marking of the site is part of Texas State Historical Survey Committee's five-year RAMPs Program to record, appreciate, mark, preserve and survey Texas history. More than 3,000 official Texas historical markers have been awarded throughout Texas since RAMPs was begun in 1964.

27-26 Opener

Stunner Slips From Wolves

There's a communication gap between the current generation of Colorado High football and the rest of District 3-AAA football.

Either that or these 1969 Wolves are upstarts with no manners.

It was like they were supposed to lose bad.

That was the word, man, passed around before Friday night's opener with Sweetwater's well-shod Mustangs.

Most of those guys who trade typewritten words for sports page cash had 'em on the zero side of the score. One was gracious enough to allot them one touchdown against a half dozen by the romping Ponies.

After all, they said, Sweetwater is one of the major contenders in 3-AAA this fall after losing in district play last year to state champ Estacado.

But the Wolves didn't read the script. And they proved they don't bruise easily, either.

With only three seniors in their entire starting offensive line-up, Coach Nix's gang left

6,000 spectators gasping when a devastating aerial display came within a fingertip of victory.

The score was 26-27 for the Mustangs, but twice the Wolves came from behind and on their third try they missed by only an extra point try from a startling victory.

Junior Quarterback, Steve Vest, a pistol-like passer in his first varsity try, whipped his arm for 14 completions in 22 attempts and 385 yards.

Four of these were touchdowns with one of the most effective passing efforts for Colorado High in a long line of seasons.

Three times Vest hit Stanley Bracy, the lean flanker back with a burst of speed and another season of play coming up, for touchdown combinations.

Another time, just to get the offensive show really on the road, he tossed to David Garcia, the only senior back in the lineup, for the fourth touchdown.

The Wolves added 92 yards. See WOLVES Page 2

Pre-Harvest Change Likely

New life in dry-weather stunted cotton may alter planned use of cotton defoliants or desiccants, according to County Agent Bobby Lemons.

In fact, the county agent emphasized, a change in pre-harvest chemical use may be necessary.

Lemons outlines what he calls a "two-shot" treatment recommended by Texas A&M Extension cotton specialists for stripper harvesting when conditions are not favorable at harvest time. A defoliant, either a chlorate or phosphate material, is applied when 60 per cent of the bolls are open. This should cause about 80 per cent of the leaves to drop and green bolls to mature and open more rapidly.

If defoliation is not complete in 7 to 10 days, he said, specialists suggest the use of arsenic acid to get the remaining leaves. He says the practice can speed up harvest and also improve the grade of the cotton.

If a desiccant, arsenic acid,

is used for the initial application and unfavorable weather follows, a second application of arsenic acid is not recommended.

"Could get into residue trouble," warns Lemons.

"If a second application is necessary, he says, use a chemical with different active ingredient. The use of 2, 4-D formulations is not recommended."

The county agent cautions against the use of any defoliant not labeled as to exact chemical content. Unknown defoliants may injure exposed fibers, unopened bolls or cause fire hazards at the gin.

He suggests defoliating only enough acreage to stay ahead of harvesting and adds that unusual delays in harvesting may result in regrowth or barked cotton. Stripping too soon after applying a desiccant, on the other hand, may also cause barked cotton, he said.

WOLVES
From Page 1
more net with their running game for 477 total offensive yards.

And all that against a beefy club touted to be superior on defense to the general A.A.A. crowd.

If a team can be impressive in defeat, then the young Wolves were. Their thrust and scoring were signposts, possibly, that District 3-A.A.A. is in for a surprise if they think C-City is a patsy this '69 season.

Something more, with 3-A.A.A. divided into Zones this time around, the Wolves will be meeting 3-A.A.A. teams all season long, but champions' slip play won't actually start until Oct. 16 when Lamesa comes to town.

Scott Hudson, a sophomore sophomore, put his shoulder up front with Junior Tommy Boyd for a big Wolf's share of the front line duty that led the attack into Pony land.

There was more to the backfield fireworks, too, than Vest, Bracy and Garcia. A 155-pound sophomore full back running with the name of Mike Maines, carried 13 times, lost yardage only once and was short-changed from a touchdown when tripped at the heels from behind after a 60-yard romp.

Count Hudson again with the defensive stalwarts who included Garcia, who does just about everything with a crisp fierceness, and Junior Center Joe Kirschaum.

If you are keeping count, then register five sophomores all together in the starting line-up and all provide a yeoman service — Ricky Perkins, Charlie Williams and Larry Kinard right along with Maines and Hudson.

The game was only 54 seconds old when the Mustangs with Junior Fullback Jack Brown rambled through a geying hole from the one for a 6-0 Sweetwater lead after Split End Art Davis caught a pass a step from the goal.

C-City bounce back with 36 seconds left in the first quarter on a 64-yard pass and run combination. Garcia gained a step on two Sweetwater defenders and grabbed a perfect 37-yard throw over the shoulder and raced the final 27 yards.

Junior Cary May kicked the extra point for a 7-6 Wolf lead.

Sweetwater led 13 to 7 at the half when Mike Tucker, senior Pony quarterback, connected with Larry Smith, 220-pound junior end, racing wide open toward the end zone from the 17.

When Ronemus, a stand-out player all night for Sweetwater, kicked the extra point.

The Wolves took the kickoff after halftime and returned to their own 20, then immediately took a penalty back to the 15. Two plays later, though, they were on the scoreboard again.

Bracy fielded a Vest pass on his 35, juggled it once, then hurried the remaining 65 yards untouched. That tied it 13-13 when the extra point kick missed.

Less than six minutes later, Bracy grabbed Vest's aerial.

In Westbrook community a break-in and burglary was reported by Ed Morren, owner of the house.

on the C-City 35, then cut up the sideline, evaded two tacklers and ran away for the Wolves' third touchdown. May made it 20-13 with his kick.

Brown, a big reason for the Ponies counting 235 yards on the ground, scored in the middle from the nine late in the third. And when Ronemus kicked successfully, the score was 20-11.

It looked like the end in the fourth — 9:15 to go — when Brown struck again for 6 points over his right tackle from the 11 and Ronemus added one point more for a 27-20 Sweetwater lead.

However, fortune smiled on the Wolves minutes later when Tucker was tackled on his own 12 after a fourth-down punt attempt was sabotaged by a wild snap from center.

Vest to Bracy made it to the 6 after one passing failure. Maines added one more to the

5. Then, on fourth down, Vest threw a perfect strike to Bracy on a slant pattern at the goal line.

Bracy leaped up between Ponies Larry Smith and Larry Williams and took the ball away for a 27-26 count.

The Wolves went for two points and victory — not a tie — but Vest's pass to Larry Holder, another blue chipper for the night, slipped away from

the split end's fingertips in a gang of Sweetwater defenders.

An onside kick didn't click and Sweetwater ran the final seconds out.

its goal to increase producer income; that it generally has stabilized cotton production and income and that it has, except for a brief panic in 1967, adequately provided domestic

markets with the kind of cotton needed.

While in Washington, Bragg Cooper and other cotton producer representatives conferred with Ken Frick, administrator of the Agricultural Stabilization and Conservation Service, with Clarence Palmy, assistant secretary, and with Joseph Moss, long

time employee of USDA who has been placed in charge of the department's cotton program.

Moss served as chief of the department's cotton policy staff under Orville Freeman, former USDA secretary, before being named director of the newly created cotton division.

While in the capital, the Texas

group met with the congressional delegation from the state, who pledged their support of a strong cotton program in the new farm act.

Besides the RPCG representatives appearing before USDA officials, others included

the Plains Cotton Growers, Inc., Western Cotton Growers of California, Delta Cotton Council of Mississippi, Missouri Cotton Producers Ass'n, Agriculture Council of Arkansas, Georgia Cotton Producers Ass'n, Arizona Cotton Growers Ass'n, and New Mexico Cotton Ass'n.

Charles Ezell President Of Colorado City Band Boosters

Charles Ezell heads a new list of officers for Band Boosters Club for the 1969-70 school year.

He succeeds Bill Cooper, who served as president of the organization during last school term.

Others on the officer slate taking office during the initial meeting Tuesday night in Colorado High band department were Bob Merket, vice president; Mrs. J. D. Gibson, secretary; and Bobby J. Johnson treasurer.

Board of directors for the current year are George Hudson, Earnest Biggers, Paul Hunter, Bill Cooper and Larry Kinard Sr.

Prior to the business session a half hour concert was presented by CHS Black Knights of Precision, directed by Dwight Tomb.

Tomb welcomed boosters and discussed new music and changes being made in the band this year.

In explaining the purpose of the booster organization, the

new president said, "Our bands have the largest number of school children than any other school organization."

"They perform more, work more and spend more time performing for the public -- this within itself is an industry."

Ezell reported that theme for Band Boosters this year is involvement.

"At one time or another everyone in our town is entertained by our bands," the group was told. "This makes progress for business and enthusiasm for our town."

"So become involved," he urged, "and be a band booster."

Membership drive for the club is chairmaned by Mrs. Harold Hamer. Family memberships can be purchased for \$5.

Band sponsors for the Sweetwater game Friday evening were Mr. and Mrs. Bill Harris and Mrs. O. C. Bagwell.

Sponsoring band students for the Brownfield game Sept. 26 will be Mrs. Gibson, Bob Johnson and Mrs. Calvin Parker.

Approximately 40 boosters were present for the first meeting and refreshments were served following the business session.
