## ROBERT E. LEE, SOLDIER, MAN, HONORED HERE

### Wichitans Hold Service In His Memory at Home Of P. P. Langford

### TRIBUTES ARE PAID

### Weeks, Hoffman and Others Speak Warmly of His Character And Worth

Recounting the deeds of southern heroes during the war between the states, with special reference paid to the two great leaders, General Rebort E. Lee and General Andrew Thomas Jonathan (Stonewall) Jackson, whose birthdays are on January 19 and January 21, the United Daughters of the Confederacy and the Sons of the Confedercy met in a group at the home of Mr. and Mrs. P. P. Langford Tuesday evening for appropriate addresses commemorating the memory of the two great southerners.

A demonstration of the love for the south and for its soldiers was given by the one hundred and fifty persons present, and shouts for the southland were given at the sound of "Dixie" but none forgot the famous saying of General Lee following the close of the war, "We are now all Americans."

**Weeks Is Speaker.**

The program was opened with the introduction of Fred Weeks by the president of the U. D. C.'s, Mrs. W. P. Smith. Mr. Weeks briefly told of the life of General Jackson, not as to the deeds he did or the battles he fought, but outlined his character as a man and a soldier.

"I do not believe that at the beginning he was a man of great mental capacity, but he developed his brain. Discipline he applied to himself in every sense of the word," Weeks said.

"Up to the time Jackson went to Mexico to take part in the Mexican war, he had spent little time on religion. It was in Mexico that someone talked to him and he professed faith in Christ. From the study I made of Jackson, I believe he is the most sincere Christian character I have ever read about. For every successful act he gave the credit to God.

"He abhorred a breach of duty. Promotion after promotion and success after success crowned his efforts in the two years he served."

**An Outstanding Man.**

"Robert E. Lee is the outstanding man of our country during its entire history from the standpoint of history," Luther Hoffman declared in giving a summary of the southern leader's life. "Lee was the greatest military man of all time. Roosevelt said he was the greatest captain of all the earth."

The origin of Arlington cemetery, formerly the yard of the Lee household, and belonging to Mrs. Lee, was told by Mr. Hoffman. The Lees had left their home and the northern soldiers turned it into a hospital. The dead were taken to the yard and buried, and from that grew the national cemetery of America.

Captain W. S. Langford, chairman of the Stone Mountain memorial drive made a short talk asking cooperation in putting the city over the top."

Music was furnished by the ensemble players composed of Mesdames Jorette Bonner, T. B. Greenwood, C. A. Eyssen, Harwood Stacy, who gave two numbers; Floyd Ard Jr., who gave a piano number and several plantation melodies by the Presbyterian quartet, composed of Miss Dorothy Burks, Paul Van Allman, Mrs. T. C. Brownell and Alva Willgus with Mrs. Willgus at the piano.

The guests were greeted by Mesdames W. P. Bolding, C. C. Hagmann, M. G. Cotter, W. P. Smith, P. P. Langford, Fred Barron.

## Winter Resort Of Boll Weevils Has Record Patronage

WASHINGTON, Jan. 19.—(AP)—More cotton boll weevils are hibernating now than during any winter since 1915, the department of agriculture announced today warning producers that unless unfavorable weather conditions for the weevils develop during the winter, a more severe infestation than usual may be expected next spring.

The department studies of weevil hibernation this year were made in Louisiana, Georgia and North and South Carolina, at Tallulah, La., where records have been kept since 1915, the number of live weevils found per ton of Spanish moss, a favorable hibernating place for the past, was 280. This compared with 16 in 1924; 229 in 1923, 137 in 1917, 133 in 1916, and 737 in 1915.

In Southern Louisiana the average was 1,581, which was described as "enormously high," while it was 430 in North Carolina, 52 in South Carolina and 39 in Georgia.

## SNOW TO GO ON STAND, BUT AS EXHIBIT ONLY

### Wood Cutter Blamed For Slaying Three Persons Will Not Testify

### 8 PICKED FOR JURY

### Bunyan, Tex., Methodist Preacher Among MenWho Will Decide Fate

STEPHENVILLE, Texas, Jan. 19. (AP)—Two additional tentative jurors were obtained at the afternoon session of the F. M. Snow, triple murder trial here, bringing the total of jurors for the day to six and for the tial to eight. This exhausted the first special venire of 150 men and another of 100 was ordered.

Snow is accused of slaying his 19-year-old stepson, Bernie Connally, his wife, Mrs. Maggie Snow, and her mother, Mrs. S. A. Old, decapitating he body of the boy and burning those of the women. He will take the stand in his own behalf, but will not be allowed to speak, his attorneys said today. He will merely pose for the jury so they may see how he looks and acts.

**Many Are Excused.**

Selection of the two additional jurors this afternoon renewed hopes that the panel can be completed in Erath county, which had begun to look doubtful on account of the widespread publicity the case has had. Many veniremen were excused on stating that they had read of the case in the newspapers, viewed the severed head of the boy or had scruples against capital punishment. No one who had viewed the head or read Snow's purported confession was allowed on the jury by a ruling of the court.

**Minister on Jury.**

Jurors obtained this afternoon were J. W. Glenn, 55, Bunyan Methodist minister and L. L. Hammond, 53, farmer living near Bunyan. Those obtained previously were H. D. Kay, 53, of near Seldon; C. J. Blair, 37, cattleman, Duffau; E. O. Norton, 32, Highland; W. G. Cannon, 32, Greens Creek; selected today, and Robret Purdom, 30, Duffau, and R. L. Pair, 55, of near Highland, all farmers.

There was a marked falling off in attendance at the trial today; but an increasing number of women spectators.

Snow gave evidence of increasing weariness at the tedium of jury selection, remarking that he "would be willing to be tried by a jury of negroes, if he hurried matters any."

The afternoon session lasted less than two hours before the venire was exhausted.

## Robs Deputies Of Guns; Puts One In His Cell

### One Other Prisoner In County Jail Here Flees With Hi-Jacker After Sensational Break Tuesday

**BULLETIN**

**Blackie Evans was captured in the railroad yards just south of the Union station at 12:30 Wednesday morning. A net of city policemen had been thrown about the yards and Evans ran into Patrolman Ogle who caught him. No trace has been found of Russell.**

R. J. (Jack) Russell, under 12-year prison sentence on two counts of highway robbery, walked to freedom from the Wichita county jail early Tuesday night after holding up two armed officers, locking one in a cell, robbing both of their guns and one of his money and liberating two other prisoners in cells adjoining his own.

He is now at liberty with three loaded weapons, while with him is Blackie Evans, held here on a diamond theft charge, who escaped at the same time. A man named Cole, who was making a break for freedom with Russell and Evans, was captured by Deputy Sheriffs McCormick and Gay and returned to his cell.

Russell used a gun evidently smuggled to him Tuesday afternoon following his plea of guilty to a charge of hi-jacking. Charles Wheat, night jailer, had gone into Russell's cell on the second floor of the jail to give him his supper and was confronted by a Colt's automatic. The officer was ordered to throw up his hands, and after he had complied he was locked up in the cell.

**Takes Jailer's Keys.**

The liberated prisoner then took Wheat's keys, freed Evans and Cole, and the three started for the lower floor. At the bottom of the steps they found Deputy Constable Wade Taylor who was on duty there while Wheat was upstairs distributing the evening meal. Taylor was busy with the jail docket and did not look up until an order to throw up his hands was given.

Taylor hesitated a moment and was met by a volley of oaths and a threat of quick death if he did not comply. He obeyed, then, and was relieved of his revolver and about $10 in cash he had in his pockets. Meanwhile, Evans and Cole had unlocked the door leading to the driveway on the west side of the jail building. All three men dashed out, with Russel and Evans in the lead. They disappeared around the northwest corner of the jail building and evidently ran east on Sixth street just as Deputy Sheriff's McCormick and Gay appeared. Cole, who was coming out in the wake of Russell and Evans, found himself confronted with drawn guns by the officers. He dropped the keys he was carrying, lifted his hands and backed into the building again.

**Given Five-Year Sentence**

The sensational escape of Russell followed the assessment Tuesday afternoon of a five-year sentence for hijacking. He had entered a plea of guilty to the charge, one of three against him, and was given the minimum sentence by a jury despite the fact that District Attorney Ben Allred and Assistant District Attorney Harry Bishop plead long and earnestly for a maximum sentence. Monday afternoon Russell entered a plea of guilty to a similar hi-jacking charge and was given a seven-year sentence. He was to have faced the court on the third case Wednesday.

"I hate to treat you this way, Charlie," Russell told Jailer Wheat as he locked him in the cell. "You've been pretty good to me," Wheat quoted Russell as saying, "but this means my liberty."

Downstairs when Russell confronted Taylor he asked the officer, "Wade have you got any money?"

Taylor said he had a little and Russell ordered him to hand it over. Taylor gave him his pocketbook and Russell also took his watch.

"You don't need my watch and pocketbook, Jack," Taylor said he told him. "There's some receipts there I need. Take the money but let me have the rest."

Russell agreed to this, extracted the bills from the purse and dropped it on the floor at Taylor's feet. He stuck the watch back in Taylor's pocket and joined the other two in a rush for the door.

How Russell came in possession of his gun was a question officers were not prepared to answer last night. In his cell after the escape, it was said, some putty knifes and a hack saw were found. Once more the cell had been searched an an ax head, wrapped in cloth, and some saw blades were found. For that reason all visitors at his cell were carefully searched.

**Wife By His Side.**

Russell, throughout his two trials, plainly attempted a play upon the sympathies of the jurors. His plea of guilty was orderly and apparently deeply sincere. He listened to the argument with a resigned air and held a year-old baby in his arms throughout the trial, and heard words and earnest pleadings from the district attorney that a "sentence appropriate to the crime" be imposed were met with a smile from infant lips. His wife set by his side. The jury filed out, and then returned shortly with their verdict. Russell lighted a cigaret and watched expectantly as Judge Wilson read it to him. "Guilty—five years in the penitentiary."

Russell stood up then, rested his hands on the table in front of him,

## *Privation And Bankruptcy Stalk Through Mining Towns, Paralyzed By 5 Month's Idleness In Mines*

### Lack of Revenue From Anthracite Fields, Deals Hard Blow to Hotels, Clothing Stores, Drug Stores, Utilities and all Lines of Trade

SCRANTON, Pa., aJn. 19.—(AP)—The twin spectres, privation and bankruptcy, are stalking through the hard coal fields as the miners tighten their belts and the merchants re-inventory their wares for an indefinite prolongation of the anthracite strike.

Although keenly feeling the pinch of need, the miners at three mass meetings in the last three days voted to continue the strike now in its fifth month rather than accept arbitration of what shall go into a new wage contract. Stores and hotels report traveling men have almost ceased to come to the coal fields, thus eliminating a considerable transient trade.

**Cessation of Buying**

Clothing merchants report a virtual cessation of buying. Drug stores are making fewer sales, even of those preparations and medicines considered as necessities in the home.

Cigar dealers say the higher priced cigars have ben practically eliminated. Cigarets are holding their own, while many former cigar smokers have turned to pipes and cheap tobacco.

Each added day of idleness at the mines increases unemployment in other industries and subtracts from the region's buying power. Hundreds of street car employes, railroad worker, store clerks, waiters and others who depend upon the mines for prosperity and their jobs, have joined the miners in enforced idleness.

## Oil Gossip

Gwinnup of Tulsa, is reported to have struck a pay oil sand at 1,880 feet, with a heavy gas pressure. The well is about 15 miles southwest of Cross Plains. The well showed wet gas, estimated at seven million cubic feet and a heavy spray of oil. This is purely wildcat territory and has added to the play which already existed there. At present there are 51 locations and drilling wells in Coleman county, Ely says. Ely is drilling two wells, one on the J. P. Morris lands six miles north of Coleman, and the second south of Santa Anna junction.

George Anderson, former Tulsa operator but now living in Dallas, was in Wichita Falls Tuesday looking after business. He says that this year will be one of the greatest in the oil business. Kentucky Oil corporation and Empire Gas and Fuel company have an oil sand and have set casing to test at a depth of 1,446 feet in their No. 1, Wilson, in the William Walker survey, north of Archer City, and south of the Kentucky's Jackson land hole of a few weeks ago, a short distance. The sand was encountered at 1,448 feet and was drilled a foot or so. It was said to show very good.

W. J. Grisham and the Continental Oil company, on the west line of the Wm. Walker survey, L. F. Wilson land, Archer county, is rigging up for a wildcat test to the 1500 foot depth. This well is a mile and a half south of the Barkley-Meadow pool and two miles west of Chalfhill.

# SINCLAIR AND DOHENY NAMED ON OIL BOARD

Pew, President of Institute, Urges Naming of Public Spirited Men

LOS ANGELES, Calif., Jan. 19.—(AP)—Before the board of councillors of the American Petroleum institute issued its list of nominations for positions on the directorate at the institute's sixth annual session here today, President J. Edgar Pew, of Dallas, went before them with the advice that only men who have the fullest confidence of the public and the government be named.

Following the president's statement the councillors then selected the nominees naming only a total equal to the aggregate of the vacancies. The formal balloting will take place later in the day but as there are no contests all are expected to be elected.

The councillors list includes the names of E. L. Doheny, of Los Angeles, president of the Pan-American Petroleum and Transport company, and Harry F. Sinclair of the Sinclair oil interests, both of whom are engaged in litigation with the government over naval oil reserves.

President Pew addressing the councillors said in part:

"If the oil industry is to be stabilized it must have the confidence of the public. It must be represented before the public only by men who have the fullest confidence of the public and of the government both as to reputation and integrity."

### *WE'RE STILL LUCKY*

A DISPENSATION of providence is defined in legal terms, usually, as something of a damaging nature which comes to cause trouble and over which mere man has no control. For example, if you get hit by a bolt of lighning you are a victim of such dispensation and accordingly have no redress and no recourse.

The dispensation, however, works both ways; and more frequently than not we owe our narrow escapes to that same providence which guides us through a danger zone by a hairs-breadth. A fool's good luck is another term and one that perhaps is more easily understood.

Without attempting to attach blame to anybody, some drivers on the Iowa Park road a night or so ago unwittingly gave a demonstration of how close disaster some times comes, only to be averted by a margin that can be classed as nothing less than providential. The papers reported only seriously damaged metal and wood, fabricated into automobiles, instead of broken heads and splintered bones; but they were able to report this only because something—good fortune, luck, providence, enabled a driver to swerve at the last possible moment, run on a course which avoided a direct crash by a fraction of an inch and thereby saved loss of life.

If providence didn't have a hand in this, there's no such thing as good luck. And it all goes to show how amazingly foolish it is to trust in providence when conditions exist that make a providential watchfulness necessary. We all take a chance too often—and sometimes we get caught.

### *TEXAS NOT OVERLOOKED*

PRESIDENT COOLIDGE has appointed Edwin B. Parker of Houston as American member of the Mexican-American claims commission. Judge Parker is a widely known member of the Texas bar and has been serving as the umpire of the German-American Claims commission.

He has a tough job before him. Mexican claims against Americans and American claims against Mexico and Mexicans have been piling up since the year 1868, and now there is to be a show down.

Judge Parker is familiar with conditions in Mexico, he is familiar with the history of Mexico, he is well versed in the laws and the customs of our Latin-Indian neighbors.

Now when Woodrow Wilson was president, he went all the way to Minnesota and selected John Lind, a Swedish-American to give him pointers on Mexican laws, Mexican customs, Mexican traditions and the needs of Mexico and the Mexicans.

History makes mention of the fact that John Lind made a sorry mess of it.

### *THIS FOR BOND BUYERS*

ATTORNEY GENERAL MOODY has ruled that contracts for school bonds in advance of authorization by elections are void. It appears that ambitious school directors have been selling their bonds away down here in Texas before they ordered the elections for the issuance of bonds. There are many progressive people in Texas. They step on the gas and let 'er go.

### *MORE COTTON MILLS*

IT IS said that the C. R. Miller Manufacturing company, operators of a number of textile mills over Texas, will expand their holdings with the acquisition of three new mills. And, the money is ready.

### *NOT ALL THE GOLD IS IN MINES*

WHEN gold was discovered in the Klondike many thousand people who were getting along fairly well where they were, sold their possessions, said goodbye to their families, and set out hopefully to that distant region.

I saw many of them on their way, as I stood on the wharf at Seattle and watched them carrying their "outfits" to the steamers.

They were all eager and excited then. Few of them doubted that they would come back laden with gold, and ever afterwards live a life of ease and happiness.

A few years later I saw some of them come back. They were not so eager or so confident.

They hated to go back and start over in the same old way, but there was nothing else to do.

In the Klondike there was not enough gold to go around. There never is anywhere.

Some of these men, who were then in their early youth, are now old.

But were gold to be discovered in some other part of the earth, I know they would repeat the same adventure.

It is greed, not enterprise, which tempts people to rush madly from one place to another in search of easy fortunes.

And it is the same greed that causes them to invest in all manner of get-rich-quick schemes, only to lose all they have to the blackguards who have more knowledge of human nature than they have honesty.

A few years after the last of the gold seekers had filtered back from the Klondike a quiet little Pole came to New York on an immigrant ship.

He looked at the great city around him, and saw that it was full of opportunity.

But he knew that this opportunity was not to be picked up in the street without effort.

Capital was necessary, and the only way he knew how to get capital was to work and save.

He did both for ten years, always looking for a chance to put his earnings where they would be safe, and moderatively productiive.

A few weeks ago the newspapers announced that he had bought five millions worth of business property on New York's greatest thoroughfare—Fifth Avenue.

This man was determined to be wealthy but he had the common sense to know that gambling is not a good or safe way to gain wealth.

He looked at the city about him, and saw that it was bound to grow. At that time immigrants were coming to America at the rate of a million a year. They would have to rent homes, and buy food and clothing.

And that would mean that they would have to buy or rent property, and that those who fed and clothed them would have to buy or rent property for their establishments.

So he bought a little land there, and sold it, and put the profit in more land, and continued.

Perhaps he was lucky in his investments, but he had the luck that is born of care and foresight.

And the sad part of the story is that while he was building his fortune thousands and thousands of heedless natives of the country to which he had come were going along in the same old way, and becoming poorer all the time.

### *ANOTHER DAM FOR TEXAS*

TEXAS senators and congressmen are behind a plan for the construction of a $3,000,000 flood control irrigation dam on the Pecos river at Red Bluff on the Texas-New Mexico line.

This project is said to be necessary to enable an adequate supply of water for irrigation work in the Pecos valley of Texas, and many of the prominent men of West Texas are backing the movement which calls for a federal appropriation.

All the signs of the time are heartening. Texas is coming into its own some day in the near future.

## "Love Bound In Wichita Falls"

### *By the Author of 'The Flapper Wife'*

READ THIS FIRST:

FLOSSIE and MARY ROSE MIDDLETON are two pretty sisters, the daughters of a widowed mother. They work for the Dexter Automobile Company.

Mary Rose is secretary to JOHN MANNERS, the sales manager, and is in love with him. But he's engaged to DORIS HINIG, an heiress. Because of her feeling for him, Mary Rose repeatedly refuses to marry DR. TOM FITZROY.

Flossie, a born vamp, does a very poor job of keeping the office flies. Mary Rose discovers that she is carrying on a flirtation with the president of the company, HILARY DEXTER, although she's going to marry his secretary, young SAM JESSUP. She accepts gifts of jewerly from Dexter, a married man, and goes joy-riding with him at all hours of the day and night. The girl's mother, MRS. MIDDLETON, can do nothing with her.

John Manners falls in love with Mary Rose, as he never has been in love with Doris Hinig, and tells her so. That night the two sisters quarrel, and to get even with Mary Rose, Flossie tells John that she is "just stringing him along" and really adores Tom and intends to marry him. Manners believes her convincing lie, and Mary Rose is hurt and puzzled at his sudden coldness. She finally tells him she is going to leave the Dexter Company.

MRS. DEXTER finds out about her husband's affair with Flossie. She comes to his office to tell him she's going to divorce him, and mistakes Mary Rose for Flossie. She loudly accuses her of trying to steal her husband from her. Mary Rose doesn't give Flossie away, but takes her blame and the snubbing from all the girls in the office who have no use for a girl who would try to "vamp" the boss. Dexter manages to soothe his angry wife, but goes right on seeing Flossie. One night he goes too far in his love making and Flossie learns how little respect a married man has for a girl who "plays around" with him. The next day she elopes with Sam Jessup and Dexter, who still is infatuated by her, wires Sam to take two weeks for his honeymoon and a $10 raise.

(Now go on with the story)

CHAPTER LI

He could only remember the soft, little hands that he had held over restaurant tables so many times, the blue eyes that had been so merry and mischievous, and the soft voice with its high bird-like notes. "No fool like an old fool!" he told himself angrily, but he went on thinking of Flossie.

At last he called Miss Minnick and dictated a wire to Flossie's husband: "Take two weeks and a $10 raise. Congratulations. Hilary Dexter."

As Flossie said an hour after when she read the message to Sam: "Your boss may be a crab necessarily tell who committed the crime of making."

No word came from the honeymooners for more than a week.

Mary Rose's heart ached for her mother, who waited with pathetic eagerness for a letter from Flossie. A letter that never came.

Every morning she would stand out on the front steps, watching the slow progress of the postman making his way up the street. And her feet would drag listlessly as she came back into the house.

"Well, I guess the baby's just forgotten us, Mary Rose," she would say. "She has Sam now, and she doesn't need us any more. But that's the way of the world—the young things grow up and run away and forget. I suppose you'll be leavig me, too, one of these days."

Mary Rose would shake her head. "No, I'll never marry anybody," she would say with firm decision. "You know what Aunt Henny Blair says—that I look like an old maid already."

And her mother would sigh and go upstairs to her own room, where she was making a new dress for Flossie—a soft, gold-colored thing in which Flossie would look like a blonde dryad.

She had dragged an old trunk out of the attic and in it she was packing all of Flossie's clothes—running fresh pink bridey looking ribbons through the "Teddy bears" and night gowns, mending the thin chiffon stockings and putting new bands on the tiny felt hats that were the only kind that Flossie wore.

"I may as well fix up the few clothes she has," she would say grimly to Mary Rose, "because she's not likely to have many new ones if she waits for Sam Jessup to buy them for her!"

Then one morning when Mary Rose got to the office she found a letter lying on her desk. Across it her name was scratched in pencil. The handwriting was Flossie's—round and unformed as a six-year-old child's writing.

"Darling aMry Rose," it read. "You still have $20 of mine. Remember that I asked you to get it for me last week? Please send it to me right away, as I am in terrible need of money and cannot get Sam to give me any. He sure is the world's worst tightwad, and the way he freezes on to money makes me sick. If I had known he was like this, he would have had to chloroform me to get me to marry him, believe me, baby! With love, Flossie.

"P. S. Send the money special delivery. It is for a hat that I need terribly, and I have paid down my last dollar to hold it. F. M. J."

The letter had been mailed from Ridalmont, and Mary Rose groaned aloud as she laid it down.

She knew that Flossie couldn't possibly be in "terrible need" of a hat. For her cute little felts were made to weather sun and rain, and, moreover, she had taken at least three of them along on her nuptial flight with Sam.

But hats were a passion with Flossie, and she would cheerfully have begged, borrowed, lied or stolen to get one that she fancied. And this time, from the tone of her letter, she had evidently had a rousing row with Sam to get one—but to no avail.

"I suppose he just didn't have the money, after he'd paid his hotel bill," Mary Rose thought, as she folded Flossie's $20 bill into an envelope. "If he'd had it, he would have given it to her!"

For she knew something about Sam's blind worship of Flossie, and the extravagances it had led him into in the past. He had even bought his ramshackle second-hand car because Flossie hated street cars and loudly advertised the fact.

"I simply will not go out with a man unless he has a car," she had told Lim long ago. "There are too many men with machines who are dying to go around with me!" And so Sam had bought the disgraceful Wheezer.

Mary Rose slipped a sheet of paper into her typewriter and began to tap off a letter to her self-willed young sister:

"Dearest Flossie," she wrote, "I'm sending the money for the hat, but don't you think you are making a mistake by quarreling about it with Sam? I do. The way to make a man give you things is not by razzing him, surely—"

She got that far, and stopped, her hands poised in the air above the machine for a minute or two. Then suddenly they dropped, pulled the letter from the typewriter and deliberately tore it into little bits.

"Who am I to advise Flossie what to do?" she asked herself bitterly. "She knows more about men in a minute than I'll ever know, if I live to be a hundred years old. Why, I don't even know how to forget a man's who's forgotten me as completely as if he'd never laid eyes on me—"

And it did almost seem as if John Manners had forgotten that Mary Rose was alive.

Miss Minnick took his dictation now. Miss Minnick opened his mail and carried it to him. Miss Minnick got his numbers for him on the extension telephone. She reminded him that he had an appointment with the tailor or with some tire and rubber company at a certain hour.

In short, Miss Minnick did all of the things that Mary Rose had always loved to do for John Manners. And Mary Rose yearned to slap her because of it. She began to wonder if she could live through the last three days of her last week at the Dexter Company.

"I'd rather be here than any place in the world," she thought this morning, looking around the big, airy office with its automobile road maps on the walls and its green shaded lights and fine mahogany desks. "I'm going to miss it all."

What she meant was that she was going to miss John Manners. Even though he ignored her, there was a certain sad satisfaction in seeing his tall, straight figure in its dark suits, going across the office. It was thrilling, still, to hear his voice, although it spoke to Miss Minnick these days, and never to her.

"Many waters cannot quench love, neither can the floods drown it—" Mary Rose quoted from that loveliest love song in the world—the Song of Solomon. "For love is stronger than death—"

Stronger than death.

She wondered how she was going to go on living if she didn't see John Manners now and then. She began to feel numb and dead, already.

At noon he stopped at her desk on his way out to lunch.

"I hear that Flossie's married Sam Jessup," he said, looking at her with gray, unsmiling eyes.

Mary Rose only nodded. There was a tight drawn feeling in her throat and she knew that if she tried to speak, she would start to cry.

"I suppose you'll be the next one to get married," he went on. "You and your friend, the pill maker."

Mary Rose silently sbook her head. Her lips trembled, and her eyes slowly filled with tears.

But John Manners was on his way to the door by that time, and he didn't see them.

One of the most cruel things about life is that it usually shows up the things we don't want to see and hides from us the things that we ought to see.

* * *

The little brown house was not a happy place these days,either.

Mrs. Middleton cried most of the time and her eyes were always red and swollen. She spent whole days up in her attic, looking up linens and canned fruit to give Flossie for her new home.

Goodness knows she'll never have anything if I don't give it to her!" she said to Aunt Henny Blair who was helping her. Aunt Henny was glad of this chance to have a peak at the Middleton attic. She loved to see what people had, so that she could go out and tell the neighbors about it afterward.

"Maybe the young people will come back here and settle down with you," Aunt Henny suggested wickedly one night, when the three women were sitting together in the Middleton kitchen. She knew that the last thing in the world that Mrs. Middleton would do would be to receive Sam Jessup into the house with open arms.

"And maybe they won't too!" she answered now, with more spirit than Mary Rose had seen her show for days. "I've always said that there's no house in the world big enough to hold two families! And, besides that I couldn't bear that cigaret smoking Sam around, smelling up the place with his Camels! No, Mary Rose and I will live here alone till we die, I guess!"

"I don't think!" exploded a cheerful tenor voice from the doorway.

Tom Fitzroy stood there with his arms full of bumpy looking bundles.

"More gifts for the newlyweds," he explained to Mary Rose, as he began to untie them. "An electric grill and a bread mixer. Imagine Flossie Middle-

## Lyrics of Life

By Douglas Malloch

LYRICS OF LIFE.
By Douglas Malloch.
A Joke on Dad.

I've got the funniest joke on Dad;
I use the hammer quite a lot;
What always makes my father mad,
I never put it in the spot.
Where it belongs. My father said
The next time that I lost it, too,
And didn't hang it in the shed,
He'd wallop me, that's what he'd do.

And then today he couldn't find
The hammer, somehow, anywhere.
Each barrel and box he looked behind,
And still the hammer wasn't there.

And so he took me on his knee
And did just what he said he would;
He said that he would wallop me,
And so he did, and did it good.

And then, inside an hour or so,
It wasn't anymore than that.
He found it in the kitchen, though,
Right in the place he'd left it at.
Yes, he had gone and walloped me
When he himself the hammer had.
Had lost the thing himself, you see—
It surely was some joke on Dad!

## POEMS THAT LIVE

WAGES.

Glory of warrior, glory of orator, glory of song,
Paid with a voice flying by to be lost on an endless sea—
Glory of Virtue, to fight, to struggle, to right the wrong—
Nay, but she aimed not at glory, no lover of glory she;
Give her the glory of going on, and still to be.

The wages of sin is death: if the wages of Virtue be dust,
Would she have heart to endure for the life of the worm and the fly
She desires no isles of the blest, no quiet seats of the just,
To rest in a golden grove, or to bask in the summer sky:
Give her the wages of going on, and not to die. —Tennyson.

## Woman Admits Babe Was Bought for $20

NEW YORK, Jan. 19—(AP)—Mrs. Wesley Blauvelt gave $20 for a baby and when she feared exposure announced that the child had been kidnaped, police asserted today. The reasons were mother love and a desire to hold her husband's affections.

Mrs. Blauvelt has confessed, officers say, that she paid the money to the baby's real parents. When the child's mother represented Mrs. Blauvelt told of a kidnaping to hide the deceit from her husband.

The baby, called "Helen Blauvelt," has been sought for two days and was discovered with her real parents, Mr. and Mrs. John Murphy, at their Brooklyn home last night.

## Cody Diamond Of 6 1-2 Carats Lost

GREELEY, Colo., Jan. 19.—(AP)—The famous Cody diamond, said to have been given to Colonel William Cody, "Buffalo Bill," by an European monarch, has disappeared.

The setting which held a six and one-half carat diamond was discovered to hold nothing but a piece of glass yesterday by C. J. Loney, collector for the county treasurer's office. The substitution was discovered during an appraisal of the assets of the defunct Northern State bank here.

The gems were supposed to have laid the bank since Cody Boal, nephew of untouched in a safety deposit box in the Indian fighter, put it up as security on a loan several years ago.

A New York business man tells of a trip he made on a coastwise steamer to Baltimore when the vessel was wallowing in waves that threatened to engulf her at any moment.

Hastily the captain ordered a box of rockets and flares brought to the rail, and with his own hands ignited a number of them in the hope that they would be seen and help sent.

Amid the glare of the rockets, a tall, thin, austere woman found her way with difficulty to the rail and addressed the captain thus:

"Captain, I must protest against this dare-devilishness. We are now facing death. This is no time for a celebration."

William's uncle was a very tall, fine-looking man, while his father was very small. William admired his uncle, and wished to grow up like him. One day he said to his mother:

"Mamma, how did uncle grow so big and tall?"

His mother said: "Well, when uncle was a small boy he was always a very good boy, and tried to do what was right at all times; so God let him grow up big and tall."

William thought this over seriously for a few minutes, then said: "Mamma, what kind of a boy was papa?"

### REALTORS' HEAD SEES BIGGEST YEAR IN HISTORY

NEW ORLEANS, Jan. 19.—(AP)—Although construction in 1925 totaled more than six billion dollars, 1926 will be the "biggest year in the history of our business," Charles G. Edwards, New York, retiring president of the National Association of Real Estate Boards, told delegates attending the midwinter conference here today.

THE LAST CORD.
By G. F. Butterly, Jr.

Seated one day in a restaurant
I was weary and ill at ease
As I dined on a strange concoction
Called Chicken Croquets with Peas.

I knew not just what I was eating,
So my courage began to sag,
When I struck a cord that tasted
Like the string on my laundry bag!

It clung to my left bicuspid:
With passionate force it clung.
It hampered articulation;
It twisted about my tongue!

I tried to cry for assistance,
In vain, since my tongue was tied!
The cord settled down in my windpipe
And, gasping for breath, I died!

Snake Might Be Nervous.

Guide: "Don't be afraid of that snake. It's a rattlesnake, and they always rattle a warning before they strike."

Camper: "Yes, I know, but he might be too rattled to rattle."
—Emil Kornhawser.

Sometimes the man who is willing to risk everything for love makes a mighty kick because the penny he puts in a slot machine brings no returns.

More Practical.

Mrs. Smith (surveying disprovingly their neighbor's offspring): "That Barnes boy is terribly dirty. I wonder why they do not ever give him a good scrubbing."

Smith: "Probably scrubbing would not do. He needs sandblasting."

IF HUSBANDS WERE LIKE WIVES
(Imagined By Clarence A. Blondin)

"Tell me the truth, Jane. Am I as fat as that man overe there?"

"Why, no, Horace, I don't think you are."

"Oh, Jane, do you see that perfectly lovely pair of trousers in that window A narrow light blue stripe on a background of blue serge! It's just too lovely for anything! Don't you think they are sweet, dear?"

"I think they are very nice, Horace."

"That's what you always say! You know very well they are adorable! Jim Stephenson has a pair just like them. Honest, don't you think they're sweet? Tell me now, aren't they just too gorgeous for words? I just think I'll buy a pair—they'll go so well with the lavender sock supporters Uncle Henry gave me. You don't care if I buy a pair, do you, Jane dear? I really do need them! I'm invited to a little poker party at Fred's tonight and I haven't a thing to wear."

"Very well, Horace. Whatever you say, and you might get yourself a box of those cigars too."

"Oh, you're a dear! I'm going to get those coronas. Those stogies don't go well with my type of face—would it be too extravagant if I bought two boxes, Jane dear?"

## Circle Four of Baptist Church Entertains As Aid To Buckner Home

Quite one of the loveliest social affairs of the season was given at the First Baptist church when members of Circle Four of the Woman's Auxiliary entertained Monday afternoon with a Colonial Benefit tea for the benefit of the Buckner Orphan's home well-fund.

The church parlors were prettily decorated for the occasion in patriotic colors and hostesses and those in the receiving line all wore dainty Colonial costumes. Mrs. R. S. Dean, leader of the circle, was assisted by Mesdames A. F. Kimmel and E. V. Leslie, and others in the house party were Mesdames Lloyd Young, Lee Joiner, R. H. Hall, Ray Black, W. M. Scott, C. W. Rountree, J. F. Detliefs, W. K. Guinn, Ralph Hines, C. C. Peters, Fred Barron and Miss Morgan.

Tea was poured at an elaborately appointed table by Mesdames T. M. Smyre and W. C. Myers, assisted by Mesdames Bonahon, Craig, A. I. Taylor, Bridges and George Dunn.

A splendid program was given including a reading by Miss Annam Jo Pendleton; an Indian duet sung by Misses Juel and Adele Ray accompanied at the piano by Mrs. F. R. Collard and pantomimed by Mrs. C. E. Everetts in native costume; a reading by Billy Evelyn Smith, and a song, "Silver Threads Among the Gold," sung by Mrs. Ray Wilhite and pantomimed by Mrs. Wilhite and Mrs. M. C. Vanston in the make-up of an elderly couple, with Jack Speegle, Jr., and Billy Evelyn Smith, representing the family.

A playlet which proved especially entertaining was staged by Mrs. Lloyd Young, Mrs. C. E. Everetts, Mrs. O. D. McCoy and Mrs. Jack Speegle, Jr. Miss Lucile Ballard gave a reading and musical numbers were played throughout the afternoon by an orchestra composed of Miss Jessie Mae Lawler, Mrs. Wesley Waller and Clyde Brewer.

Misses Lucile Ballard and Jean Fisk acted as pages, and an attractive feature of the decorations was the Bible well presided over by Mrs. Jack Speegle, gowned as Rebekah where the guests deposited their silver offering.

More than 150 called during the afternoon.

### Cooking School To Lift Worries From Shoulders of Women

Kitchen worries and cooking troubles those bugaboos of so many women will be nil in numbers of homes now. They are going to be entirely banished by Mrs. Chitwood, noted cooking instructor, who comes to Wichita Falls January 25 to conduct a week's cooking school for the women of this city and surrounding territory under the auspices of the Record News.

Classes will begin Monday afternoon on that date at the Kemp hotel ballroom and will be held each afternoon of the week through Friday at the same hour.

A feature of the school will be the model kitchen, for which all equipment, utensils and kitchen supplies will be furnished by local merchants, who are cooperating with the paper in bringing Mrs. Chitwood here.

The classes will be free of any charge, and from present indications, there will be a great number of local women as well as many from surrounding territory, attending them. All women interested in the various phases of home-making are invited by the Record News to attend the classes and are requested to bring note books and pencils to write down the various directions and recipes that will be given by Mrs. Chitwood.

The house was beautifully decorated carrying out a color scheme of red and white using the Valentine suggestion in hearts and cupids throughout the suite of rooms.

The table in the dining room was centered with a double birthday cake, daintly trimmed, from which ran streamers to the candy cups, and on drawing, each guest found an original verse. ### Brides Must Have Dowery to Wed Italy's Officers

ROME, Jan. 19.—(AP)—Girls who aspire to become the wives of Italian army officers of the rank of major or lower must be provided with doweries to insure their future husbands against poverty. If an officer of these ranks marries a girl without a dowery he will be dismissed from the army under an order issued by Premier Mussolini in his capacity as minister of war.

The dowery system was abolished in the army about 12 years ago when the salaries of the officers reached a level at which they could conveniently support wives.

As reinstituted it sets the doweries at higher amounts for each grade than previous, although they are lower in proportion to the cost of living.

### Cal Favors Ban On US Inheritance Tax

WASHINGTON, Jan. 19.—(AP)—While President Coolidge believes the federal government should retire from the inheritance tax field, leaving it to the states, he has not determined in his own mind when it would be advisable for congress to abolish the levy.

At the White House today when comment was sought on the senate finance committee amendment to the tax bill to abolish the inheritance tax, it was made clear that the president favored the principle of estate taxes, but was of the opinion that they should be resorted to by the national government only in emergencies such as that brought about by the world war.

### 2 MISSING MINERS ARE SOUGHT AT WILBURTON

WILBURTON, Okla., Jan. 19.—(AP)—Search for two missing miners continues in the Degnan-McConnell mine No. 21 near here from which the bodies of 92 victims of an explosion last Wednesday have been recovered.

### SKEPTICAL EYES ARE ON TAX BILL

#### Coolidge Not Sure Time Has Come for Ban on Inheritance Tax Clause

WASHINGTON, Jan. 19—The senate compromise tax reduction bill was looked upon with hopeful but skeptical eyes today at the White House and at the treasury.

It was stated at the White House that, while President Coolidge was in favor of retirement of the federal govvernmentfrom the field of inheritance taxation in favor of the states, he has not prepared to state whether the time had come for repeal of the federal levy as proposed by the bill.

Compliation of estimates on the total reduction provided for in the bill meanwhile, brought a quick alarm from the treasury when it was disclosed that the measure would make a slash of almost $400,000,000 in the nation's revenues this year. The senate finance committee was immediately called into session and dividing on party lines, the republicans voted to increase the corporation tax to 13 1-2 percent effective upon enactment of the bill into law.

### Dodge Loses Suit For Part of Estate

DETROIT, Jan. 19.—(AP)—The suit of John Duval Dodge, son of the late John F. Dodge, motor car manufacturer, for a share in the estate of his half sister, Anna Margaret Dodge, was decided against him by Probate Judge Henry S. Hulbert today.

The decision granted Dodge a one-fifth interest in the estate of Anna Margaret, who died at the age of four years, but denied him any share in her personal property, which the inventory declared to be worth $7,552,129.52

Dodge's share in the real estate, valued at only $8,384.87, amounts to $1,276.97.

All the personal estate under Judge Hulbert's decision goes to Mrs. Matilda R. Wilson, mother of Anna Margaret and foster mother of John Duval Dodge. Under the will of his father John Duval Dodge was cut off with $150 a month. Later a settlement was made with the other heirs by which Dodge received $1,600,000.

Counsel for Dodge announced an appeal would be taken.

### Hughes and Davis Urge Living Wage For Federal Judges

WASHINGTON, Jan. 19.—(AP)—Decedence and possible corruption face the federal courts because of the low salaries paid to judges, both Charles Evans Hughes and John W. Davis, today told the house judiciary committee.

Testifying on a bill proposing material increase to federal jurists in all courts, the former presidential candidates indorsed the measure as necessary to keep in office the high type of man essential to maintain the dignity of the law.

"I don't care that—" said Mr. Hughes, snapping his fingers at the committee, "for all your Fourth of July orators about the love of America—the way to show that love is to pay a living wage to American judges."

### BOB HAIRED BANDIT ROBS TAXI MEN OF $31

NEW YORK, Jan. 19.—(AP)—An armed bob haired girl robber today held up two taxicab drivers in Brooklyn and waxed sarcastic when she obtained only $31. She was accompanied by two men.

Ever have ECZEMA?

Hope you never did—hope you never will. Of all the awful itching, burning, agonizing breakings out of the skin, eczema is the worst. It's terrible. You know it, too, if you have it. Makes you miserable all over—just tears your nerves to pieces—embarrasses you and lowers your efficiency.

But listen! You can stop eczema! S. S. S. does it. The blood is where the real trouble is. Poor blood and eczema go together. Lack of healthy, rich, red blood allows impurities to get into the system and break out through the skin. That's eczema.

S. S. S. puts the blood back in fighting trim—puts the "pep" back in the blood. Red-blood-cells destory the impurities—purify the system. Eczema, boils, pimples, blotches, blackheads, rashes and other skin eruptions vanish—leaving the skin clear, cool and healthy.

Thousands have dried up eczema with S. S. S. Just try it. Get S. S. S. at your druggist. Ask him for the larger bottle. It's more economical.

# BOTH GORMAN AND GOTCH GO AFTER MATTY

### Winner of Thursday Bout Meets Jap—Rogacki Boasts

If Young Gotch defeats Jack Gorman Thursday night in the Wichita Falls wrestling association feature bout he will be given a match with Matty Matsuda, the clever Jap welterweight, in Dallas some time soon, it was announced yesterday. Home fans want to see Gotch in action with Matsuda, Dallas promoters say, but his drawing power with the Jap would be greatly enhanced if he beat Gorman first.

**Each Confident.**

Any way you go Matty seems in for a battle. Gorman has been demanding a match with the wily Nipponese athlete for several weeks. Finally, it was agreed that if Jack can pour it on Gotch, Matchmaker Alec Ross will bring Matty to Wichita Falls for the Plainview grappler.

Gotch and Gorman fought a furious draw match in the old open air arena at Eleventh and Indiana last summer. Then here a couple of weeks back Ross told Gorman if he erased that score Matsuda would be his next opponent. Gorman tore into Gotch with a vengeance last week, but again was held to a draw and at the close of hostilities was getting a little the worse of the fracas. Now the two are hooking up again Thursday in a finish battle. Each is determined to win. Both have been training hard. Gorman went through a fast workout yesterday with Harlan Ross up at the 812 1-2 Scott gym.

**Joe Sends Wire.**

Joe Rogacki wires in that John Emohizer, the invading German giant, will not throw him once in an hour, but will be taken to a good licking instead. Emohizer, a sensation since his advent in the United States several months ago, has agreed to pin Rogacki twice within 60 minutes. Joe is the husky Pole who scrapped Santel at the Majestic theatre about two months back.

# REESE WORKS NEW DEFENSE

ELECTRA, Jan. 19.—Jim Reese sent his Tiger cage charges through a brisk workout here this afternoon in an efforts to cover over a number of the rought spots that were brought to the surface in their Friday night go with the Harrold Hornets.

Reese spent a part of the afternoon showing them a form of defense that is new to this year's squad. The cagers looked good using it against the second stringers.

In the daily scrimmage session that followed, Louis Kent, Harry Preston and Willis Carnahan again showed good form in basket throwing while Lonnie Grisham and Sylvan Cloninger flashed at guards. Cloningre came through with a number of neat baskets from the floor as well as waging a good game on the defense.

For the second stringers, Dennis Head and Joe Miller were the outstanding performers, both getting a number of field goals, several from long shots, as well as turning in nice defensive games.

The locals probably will journey to Archer City Friday night for a return engagement with the Wildcats.

## Tourney May Be Held for Bantams And Lightweights

NEW YORK, Jan. 19.—(AP)—Challenges for the lightweight fistic crown held by Rocky Kansas of Buffalo and the bantamweight title possessed by Charley (Phil) Rosenberg of New York have become so numerous that elimination tournaments are being considered to determine the logical contender in each division.

Each of these champions have five rivals in hot pursuit of title honors, a situation which has prompted Jess McMahon, matchmaker at Madison Square Garden to take up the elimination tournament idea. Public opinion, he feels, would compel Rosenberg and Kansas to meet the winners of such tests.

The challengers of Kansas are Sid Terris of New York, Sammy Mandell, of Rock Island, Ill., Solly Seaman of New York, Stanislaus Loayza of Chile, and Jack Bernstein of Yonkers, N. Y. In the bantam division Bushey Graham of Utica, N. Y., Chick Suggs, of New Bedford, Mass., Bud Taylor, of Terre Haute, Ind., California Joe Lynch, and Carl Tremaine of Cleveland, are ambitious for a shot at Rosenberg's crown.

## Peck and Ruel To Be Benched

TAMPA, Fla., Jan. 19.—(AP)—Roger Peckinpaugh and "Muddy" Ruel, veterans of the Washington American league champions, are to be benched this coming season to make room for youth and speed, Clark Griffith, president of the club announced here today.

Charles "Buddy" Myer, who substituted for Bluege last year after the third sacker sustained injuries will succeed Peckinpaugh, and Tate will be Griffith's first string catcher, supplanting Ruel, Griffith said.

Myer was purchased by Washington from New Orleans, Southern association during the season last year.

**FORMER PURPLE STARS WITH LONGHORN FROSH**

AUSTIN, Jan. 18.—(AP)—Two members of the state championship Beaumont high school quintet of 1925, Captain Holly Brook and Charles Hunter, are now mainstays of the Texas university freshman basketball squad here, and give promise of developing into star varsity tossers.

Brock is a forward and Hunter a guard. Brock was the outstanding member of Coach Lil Dimmitt's five of last year and the outstanding player of the state title-deciding tournament here. He was unanimous choice for all-state forward. He is very speedy, has a wonderful eye for the basket and in scrimmages against "Doc" Steward's Longhorn quintet he keeps the varsity guards busy.

# Athletics Here And There In Day's News

**RAWLS TO QUIT?**

Riley Rawls, stellar forward and leading point-getter with the Junior college Indians, intends to quit school today or some time this week, they say. Tribe cagers certainly will miss him at his old forward position. It's said Rawls will join the Landon-Hill team of the Commercial league. There is no verification of either rumor at present, or rather, was not Tuesday prior to the Junior college-Meridian contest.

The Pat Carrigan post of the American Legion, Wichita Falls organization, elects new officers Friday. The legion and its present officers can look back over 1925 with a feeling of satisfatcion. The legion has been enabled to give $1500 to charity the past year, also $500 to the endowment fund for crippled soldiers and still has about $3000 in the bank. How did all this occur? The money was taken in at the legion's weekly boxing shows. Don Wofford as promoter, R. J. Claypool as adjutant, and the rest of the officials have proved themselves mighty good business men for a charity cause, it would appear.

**MONSIEUR CURLEY CARP'S OFFICIAL MOUTHPIECE**

NEW YORK, Jan. 19.—A more accurate version of George Carpentier's interveiw with newspaper men, given after his arrival from France, came to light the other day—all because one of the interviewers understood French. This interviewer's translation of the French fighter's remarks and the same remarks as interpreted for newspaper men by Jack Curley, the boxer's American manager, follows:

Curley to Carpentier: "What do you want to give the boys, Georges?"

Carpentier to Curley: "Tell these fellows anything you want."

Curley to newspaper men: "Georges says he is very happy to be back in this contry again and enjoys above all his association with the writers."

Carentier to Curley: "Get rid of this gang as soon as possible. I've got a date at 7:30."

Curley to newspaper men: "He says he would like to fight Paul Berlenbach for the light-heavyweight title and wishes you boys a happy new year."

**THAT GIANT TRADE.**

New York fans are still discussing McGraw's move in trading Jack Bentley and Wayland Dean to the Phils for Jimmy Ring. But McGraw has the satisfaction of knowing that if the deal proves a bloomer previous ones didn't. Dave Bancroft, Casey Stengel, Irish Meusel and Johnny Rawlings, obtained from Philadelphia, helped McGraw win four league pennants, and two world's series from 1921 to 1924.

**Crawford Stars at Seymour.**

Roy Crawford led the Seymour basketball team to a 25 to 11 victory over Benjamin at Seymour yesterday. Charley Morris chunked three field goals for Seymour. Crawford scored the rest.

**THEY MISS REESE.**

**This year the Longhorns will miss more than any other member of the 1925 team Jim Reese, the 1925 captain and greatest half-miler and miler the conference has produced. Reese won the national collegiate championship in the mile last June at Chicago.**

**Reese is coaching at Electra high school now.**

J. Alvin Gardner, Spudder president, is not expected back from Los Angeles before the week end or perhaps the first of next week, said J. Will Gray, Spudder secretary. Gardner is attending petroleum convention in the coast city.

**GO TO FREDERICK.**

Chubby Neal will lead his Landon-Hill basketball five into Frederick Saturday for a game with the Oklahoma team, it has been announced.

**LOOK OUT, CHAMPS!**

Harry Greb, middleweight champion; Charley Rosenberg, bantam king; Rocky Kansas, lightweight "champ," and Kid Kaplan, tournament "champ" of the feathers, are slated to risk their titles within the next couple of months. Greb and Kansas may lose because of their age. It is still a question of whether Kaplan is of real championship caliber and whether Rosenberg is the best in his class. Both men have trouble making legitimate weight.

## Zach Wheat Holds Out for 18 Grand

NEW YORK, Jan. 19.—(AP)—Zach Wheat has put a price tag of $18,000 on his services for 1926, his eighteenth season with the Brooklyn Nationals, and accompanied his demands with an ultimatum that he won't play for less.

The Dodger captain's hold-out figures is $7,000 more than his 1925 contract called for and $3,000 beyond the tip end of Brooklyn's highest salaried performer, Dazzy Vance, smoke ball king.

Other letter men are: Earl Conner, Eastland, half-miler and miler; Burnell Bud, Waelder, quarter-miler; Aubrey Cockrell, Alvin, sprinter; Harry Miller, Austin, half-miler and miler; Robert Neblett, Jackson, Tenn. quarter-miler; Aubrey Gooch, Ennis, discus thrower; Sammy Glass, Sweetwater, half-miler; Rufus Haggard, Gustine, star hight jumper; John Patterson, Thornton, pole vaulter; Brown, pole vaulter; Maurice Stalter, Eastland, hurdler; and "Dub" Lindsley, Dallas, broad jumper.

# INDIANS SLAM IT ON MERIDIAN FOR 58-16 WIN

### Rawls Plays Part of Tilt And Tabulates 24 Points

Riley Rawls, playing a little more than half the game, led Wichita Falls Junior college to a lopsided victory over Meridian college last night in the second coutest of a two-game series on the Indian court.

The invading basketeers were toppled by a 58 to 16 tabulation. Rawls heaved 11 field goals and a pair of free throws for a total of 24 points.

Jack Thurman of the Wichita Falls club made nine points. Timmons tabulated eight points, tossing four field goals.

The entire Tribe waged an airtight defensive game and general all-around speedy floor play. Deems and Stephenson were the outstanding guard performers.

Meridian was a bit off-color on its basket shots at the start of the game, missing a number of crib tosses. The Indian defense tightened after that.

## Miller Rebuilds Yankee Machine Around Bambino

### Lavarre Goes to Shortstop Position, Koenig May Play Second

NEW YORK, Jan. 19.—(AP)—A renovated Yankee team will seek the American League pennant this year.

The powerful hitting machine which triumphed three years ago has been rebuilt. Babe Ruth, prepared by indoor training to win back his home run laurels, will still be the main spring of the attack. Joe Dugan at third and Bob Meusel in the outfield are the only other veterans, exclusive of the pitching corps.

Roger Peckinpaugh and Everett Scott, shortstops, have passed from the fold. At short Huggins will display his new Salt Lake City star, Tony Lazarre, another home run hitter extraordinary.

Wally Pipp, first baseman, has been sold to the Reds—the niche he filled will be occupied by Lou Gehrig, one of the finds last year.

Aaron Ward, second baseman, is on the market. The Yankees have been negotiating for Mirty McManus of the Browns.

If they fail to get him or some other outstanding player Mark Koenig will play second.

The outfield of 1925 will be kept intact. In addition to Ruth and Meusel, Huggins will have Earl Combs and Ben Paschal.

Schang was supplanted as regular catcher last year by Benny Bengough, but Huggins is still dissatisfied with his receivers.

The Yankees wil ltake many recruits south and Huggins is hopeful of finding pitchers among them. Hoyt and Shawkey are on the market. Jones, Shocker and Pennock will be retained.

**REGENTS REVIEW PROTEST.**

**Beaumont Ailment up—Bids Open for New Dormitory—Discuss Gettys.**

AUSTIN, Jan. 19.—(AP)—Protest of Beaumont high school against ruling ineligible by the Texas university interscholastic league of Captain Sam Balliew star football player, is expected to be reviewed today by the Texas university regents. Lutcher Stark, chairman of the regents, has shown considerable interest in the case.

Opening of the bids on the $300,000 Alice Littlefield dormitory for freshman girls and consideration of appointment of Dr. W. E. Gettys as head of the department of sociology and other items of business. Dr. Gettys, instructor in McGill university at Montreal, Canada, formerly was an instructor at T. C. U., Fort Worth, and is author of a text on sociology.

**M'TIGUE VS. BERLENBACH**

**Arrangements for Return Title Go Virtually Completed.**

NEW YORK, Jan. 19.—(AP)—Negotiations for a light heavyweight title bout between Paul Berlenbach, present champion, and Mike McTigue, former title holder, at Madison Square Garden February 12 are vitually complete, Jess McMahon, Garden matchmaker, told the state athletic commission today.

After taking the title from McTigue last May, Berlenbach promised to give the Irishman an early return bout and the commission has been instrumental in forcing him to fulfill this promise.

Arrangements for the title match revealed abandonment of an elimination test between McTigue and Georges Carpentier.

**PIRATE GRID SLATE TOUGH**

GEORGETOWN, Texas, Jan. 19.—(AP)—The completion of the football schedule for Southwestern for next fall gives the Pirate T. I. A. A. champions of last year a much harder schedule. Out of eight games they will play three teams of the Southwestern conference and five teams of the Texas conference. The schedule is: October 2, A. & M. at College Station; October 8, Simmons at Georgetown; October 15, Howard Payne at Brownwood; October 22, St. Edwards at Georgetown; October 30, Rice at Houston; November 11, Texas university at Austin; Nvember 18, Trinity at Waxahachie; November 25, Austin at Sherman.

**BASKET BALL.**

At New Orleans: Ole Miss 51; Tulane 20.

**A. C. C. Beats Howard Payne.**

BROWNWOOD, Texas, Jan. 19.—(AP)—Abilene Christian college Wildcats won Tuesday night from Howard Payne Yellow Jackets in basket ball, 27 to 21. The game was hard fought throughout.

# SPORTS DONE BROWN

By NORMAN E. BROWN

NICK ALTROCK

American League baseball fans can rest easy from now on, assured that the season of 1926 will be a satisfactory one.

The question as to whether or not the resin ball will be permitted is still unsettled.

Failure of the big league magnates to take action against the installation of "circus seats" at future world's series has left the true lovers of real baseball a bit discontented perhaps.

There are still rumors floating about that Commissioner Landis will be permitted to return to judiciary duties at the expiration of his present contract as high mogul of the game, due to his high-handed methods.

The umpires are still wondering just how much farther the judge wil encroach on their duties.

But these are all trivial things.

The one act necessary to guarantee an enjoyable season of baseball has been performed—without any great furore, fanfiare of trumpets or press agenting.

Clark Griffith, owner of the Washington club, simply called in Nick Altrock and signed him for another year.

This means that baseball's greatest comedian (intentional one at least) will be at his old post again next season, chasing the blues away for several hundred thousand fans.

Altrock is without a doubt the funniest personage that ever tried to inject humor into baseball.

Harry Frazee was one of the biggest jokes in baseball, but his act wasn't intentional. And in the final analysis it wasn't even funny. It was tragic. He wrecked the Red Sox.

Rabbit Maranville staged a funny act when he tried to inject fight into the Chicago Cubs last fall by licking a Boston taxi driver. But that was outside the ball park.

Every season half a dozen managers put on funny monologues by announcing just where their teams will land.

But for real comedy Altrock is in a class by himself.

The passing of Nick, when he finally does step out, will be as great a loss to baseball as the departure of Cobb, Hornsby, Johnson and other great playing stars.

But he'll be on deck another year, so why worry.

**FORT MEAD FOUR WINS**

**South Dakota Team Wins Opener In Polo Tourney.**

SAN ANTONIO, Jan. 19.—(AP)—With Lieutenant J. T. Ward starring, the Fort Mead (S. D.) quartet rode to a hard fought 6 to 5 victory over the Airmen at Kelly Field this afternoon in the opening game of the Southwestern mid-winter polo tournament.

Throughout the game the teams showed fairly evenly matched although the Kelly Field team was carrying a three goal handicap. Ward, for the Mead team, showed some spectacular riding, while Lieutenant R. E. Stanley and Major F. M. Andrews starred for the birdmen.

**HELEN BEATS BRITISHER**

CANNES, France, Jan. 19.—(AP) Miss eHlen Wills, the American woman champion, playing her first tennis match of the Riviera season today defeated Miss E. M. Green of England, 6-0, 6-0. They were playing in the Metropole tourney.

# MARTIN MEETS JACK MATLOCK IN RETURN GO

### If Coast Heavy Doesn't Put It on Buster, Gorman Wants Him

Jack Matlock, the veteran coast light heavy, comes back with Buster Martin of Wichita Falls and Tulsa in the ten-round main event of the American Legion weekly sock show Monday night in the 812 1-2 Scott gym, announced Matchmaker Dan Wofford yesterday.

This pair of big boys put on a heavy-hitting contest in the legion ring several weeks back. It was a terrifically fought and exceedingly gory mill. At the finish the three judges apportioned to render a verdict disagreed. One man gave it to Matlock. Another awarded Martin the decision, and the third called it a draw.

Matlock declared last night he is in good shape and expects to beat Martin. He called on the Record News sports editor in company with Jack Gorman, his manager. Manager Gorman declared that Matlock will beat Martin and added that if he didn't, he (Gorman) would like to take Buster on in a mixed match. Gorman is a lightweight wrestler.

Wichita Falls fight fans probably will be interested very much in another announcement which emanated from fight headquarters Tuesday. Buckshot Peoples will be put on with the champion loud-speaker, Mickey Shay, in an eight-round semi-windup, said Wofford. Shay will be shut up pronto, it is general opinion, unless he runs out of the match. It is understood there is quite a possibility Shay will not have sufficient courage to step into the ring with Buckshot who, incidently, is not a finished boxer or anything close to it, but who can hit pretty hard when the target isn't moving too fast.

## Commercial Loop Cage Five Stage Twin Bill Tonight

Commercial league basketball fives are scheduled to hook up in a double header this evening on the Junior college court. First game starts at 7:30 o'clock.

Chubby Neal's Landon - Hill quint clashes with Don Faichney's Texhoma five in the curtain raiser. Metzger sends his Draughon business college club against Sharpe's Dixie Stephens outfit in the aftermath.

Tonight's twin bill is the third of the season. The clubs stand in a four-way tie right now. Somebody's going to take a tumble this evening.

# KIRKWOOD TO GIVE LECTURE AFTER MATCH

### Australian Golf Wizard To Play at Country Club Thursday

Joe Kirkwood, the Australian golf king and topkick of the trick shot artists, will perform on the Wichita Falls Golf and Country club links Thursday afternoon at 2 o'clock in 18-hole foursome play with Bill Strachan as partner against Tom Cochran and Dudley Golding. The announcement of yesterday morning was thus amended by Strachan last night.

It had originally been planned for Kirkwood to give a 30-minute instructive lecture and trick shot exhibition before the match with the Wichita Falls golfers. However, it was decided yesterday in order to give the late gallery a chance to benefit by the great golfer's lesson and show, the stunt shooting and talk will be held immediately after the match. Exhibition of the trick stuff and the lecture are to be staged at the club house, said Strachan.

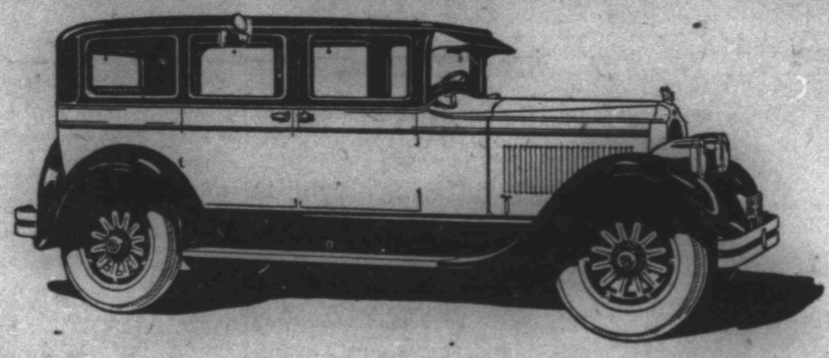

Promptly at 2 o'clock, the foursome is to tee off in the 18-hole match. A large gallery is expected to be present.

Kirkwood is in Dallas now for the Dallas open golf tourney.

**FRENCH MILLINER COPIES HELEN WILLS' TOQUE**

PARIS, Jan. 19.—(AP)—Paris merely got a glimpse of Helen Wills as she passed through on her way to the Riviera. An enterprising milliner in the Rue de Rivoli, however, proved a fast worker. She copied the American tennis player's hat and is already displaying the "Helen Wills toque."

The New CHRYSLER IMPERIAL

AS FINE AS MONEY CAN BUILD—UTMOST LUXURY FOR 2 TO 7 PASSENGERS—92 HORSE-POWER—80 MILES PER HOUR

At long and rare intervals, men are able to produce objects of art or utility which they instinctively know to be superior to any that have preceded them.

They know instinctively, too, that the conquest of public opinion will be complete and instantaneous.

Such periods of high achievement are moments of public elation—but they are moments which move the creators to remain silent rather than to pile words of praise upon their own accomplishments.

Walter P. Chrysler and his associates are experiencing an hour of profound satisfaction in presenting to you the new Chrysler Imperial.

They are reluctant to stress their own satisfaction in this announcement by endeavoring to arouse your expectations in advance.

They have striven to create in the Chrysler Imperial such prodigies of performance and such a strikingly new and unusual expression of motor car beauty that the car would literally proclaim itself at first glance.

They are confident that you will see in the Chrysler Imperial—now shown here for the first time simultaneously with its appearance at the New York Automobile Show—one more mile-stone in the revolutionary progress of the motor car toward a higher sphere of efficiency and saving.

*The new Chrysler Imperial "80" joins with the Chrysler "70" and "58" to carry Chrysler still farther along the high road of prestige and dominance*

Chrysler Imperial "80"—Phaeton, $2645; Roadster (wire or disc wheels optional), $2885; Coupe four-passenger, $3195; Sedan five-passenger, $3395; Sedan seven-passenger, $3595; Sedan-limousine, $3695. All prices f.o.b. Detroit, subject to current Federal excise tax.

## More Truth Than Poetry

VOICES OF THE NIGHT

Some few odd miles above the sky
There seems to be a haunted attic,
Where spectres walk or float or fly
And speak a curious tongue called static.
And when of nights I vainly seek
To pick up some far distant station—
I only hear the rasping squeak
That constitutes their conversation.

You'd think these ghosts, who once were men
Before they from the earth went straying,
Would want to listen, now and then
To what we mortal folk are saying.
You'd think that they would still their din—
That memory sometimes would remind them
To take a little interest in
The planet that they left behind them.

But no! What we may want to do,
To these bold creatures is no matter.
Though we must harken all night through
To their unmitigated chatter.
All vainly do we press our ear
To the most delicate detectors
With hopeful hearts—we only hear
The chit-chat of a bunch of spectres.

Wellke to gabble, we concede—
To drown the voices of our brothers,
But very seldom do we heed
Or listen to the speech of others.
To beat them at the talking game
Is our chief joy—and how we love it!
When we succeed—but just the same,
You'd think that ghosts would be above it!

### MARKETS AT A GLANCE

NEW YORK.—Stocks, heavy; high priced shares react 3 to 5 points.
Bonds, firm; several foreign issues at new highs.
Foreign exchanges, steady; sterling approaches par.
Cotton, lower; bearish private ginning report.
Sugar, higher; firmer spot market.
Coffee, firm; European buying.
CHICAGO.—Wheat, firm; poor quality Argentina.
Corn, steady; sympathy with wheat.
Cattle, steady.
Hogs, dull and lower.

## Cotton

During the afternoon session the market has shown an easier undertone confirming that spot merchants have undoubtedly completed the fulfillment of their January commitments.

New Orleans interests have been steady sellers during the afternoon with some spot orders being uncovered on the decline. The only demand has been on a scale-down from trade interests and there has been a noticeable falling off in demand for the near months which, for some weeks, have been the sustaining feature.

We look for lower prices for the time being.

### NEW ORLEANS COTTON.

NEW ORLEANS, Jan. 19.—(AP)—The cotton market was fairly active today and the general trend of prices was downward, due mainly to the impaired technical condition of the market owing to the elimination of much of the weak short interest and also to larger ginning and crop ideas. After a morning advance of seven to nine points, the market weakened and declined during the afternoon 24 to 35 points from the highs. The close was but slightly above the lowest showing net losses for the day of 15 to 22 points.

The start was fairly steady, notwithstanding rather easier cables than due and after losing three to seven points in the early trading the market rallied on a resumption of covering by near month shorts until near noon January traded up to 20.60, March to 19.97 and May to 19.42, or seven to nine points above yesterday's close. These were the highs of the day.

The market turned easier during the afternoon on realizing and increased crop views based on a private estimate of ginnings to January 16 of 15,536,000 bales and an estimate of the crop of 16,200,000 bales by another private authority. Prices reached the low points of the day in the late trading with January at 20.25, March at 19.65, and May at 19.11 or 31 to 35 points down from the highs of the morning. The close was but little above the lowest of the day.

Exports of late have been disappointing and although earlier in the season they exceeded last year by 450,000 bales the excess is now only 60,000 bales. Exports today totaled only 17,314 bales.

### NEW YORK COTTON.

NEW YORK, Jan. 19.—(AP)—An easier tone developed in the cotton market today May contracts selling off from 20.00 to 19.70, and closing 19.75. The general market closed steady at net declines of 12 to 21 points.

The market opened barely steady at a decline of two to eight points in response to easier Liverpool cables and reports of full ginning returns up to January 16. Early offerings were readily absorbed by a renewal of covering in near months, March selling up to 20.58 and October to 18.31 in early trading or about three to eight points net higher. Demand from near month shorts, however, seemed to taper off later in the day. This evidently disappointed early buyers, realizing or liquidation accompanying some southern selling during the afternoon.

Weakness in the New Orleans market, particularly in the January position had a sentimental effect, and the decline was accompanied by rumors of a less active spot demand with a slightly easier basis. A feeling prevailed that January commitments in the spot markets might have been fairly well supplied by recent buying and that the advance from the low level of last month had probably lift the futures market in an easier technical position. New Orleans was a seller on the decline, which extended to 20.27 for March contracts and 18.07 for October, or about 16 to 26 points net lower. The close was a little up from the lowest on most months on covering and notwithstanding the rumors of an easier basis, March closed 56 points over May, having fully maintained its closing premium of yesterday.

A private report estimated ginnings to January 16 ot 15,536,000 bales and interpreted the figures on pointing to a crop of 15,800,000 running bales. There were unconfirmed rumors of another report indicating a crop of something over 16,000,000 bales. While these figures had little effect on the early market they may have contributed to the late decline.

Exports today 17,314, making 5,100,045 so far this season. Port receipts 44,882. U. S. port stocks 1,585,000 bales.

NEW YORK, Jan. 19.—(AP)—Bear traders kicked the props from under today's stock market and prices collapsed one to five points throughout the list. The reaction, which came with startling suddenness in the early afternoon followed a period of irregularly higher prices which was featured by the strength of the public utilities and a few industrial specialties. The volume of trading was on an increased scale, the day's sales aggregating 1,736,300 shares.

There was a tendency in commission houses to attrribute the selling movement to the action of the federal reserve board in asking New York banks for more detailed information on brokers' loans which was interpreted as another warning gesture against over-speculation. Other contrubuting causes were the apparent inability of operators of the long side to attract a public following. The announcement that the investigation of recent baking mergers would begin here next month and repetition of commission house advices to take profits on the rallies.

Despite persistent rumors that directors of the United States Steel corporation would increase the amount of the extra dividend at the quarterly meeting next Tuesday, that stock reclined nearly two points to 132⅝, closing just above that figure.

Sears Roebuck broke nine points to 218. Ward Baking "B" was one of the first to crack, dropping nearly four points to 76⅛ when bear traders succeeded in touching off a number of stop-loss orders below 80. Total sales in that issue exceeded 125,000 shares. Cushman dropped nearly five points to 90⅛, but National Biscuit showed independent strength by climbing nearly three points to 78⅝ and closing within a point of the top.

Public Service of New Jersey was heavily bought in the early trading on persistent rumors of a merger of that company with the United Gas and Improvement and Philadelphia Electric companies, crossing 92 to the highest price ever recorded for the present no-par stock, and then falling back to 90, up one point on the day.

Call money renewed at 4½ per cent and then dropped to 4, the first change in the official rate in a week with funds available in the "outside market" as low as 3½. Time money and commercial paper rates were unchanged.

The further advance in sterling exchange, cables selling at $4.86⅝ or ¼c below parity, was the feature of the foreign exchange market. French francs were slightly reactionary, ruling 2½ points lower around 3.73½ cents. Other European rates showed only nominal changes.

## Grain

Booth and Burmeister, brokers, Waggoner Bldg., today received the following from their New York, and Chicago correspondents:

### GRAINS.

CHICAGO, Jan. 19.—Wheat operations by local traders continue the main influence in the market and with a light trade an advance was easily attained. An oversold condition was disclosed when shorts started to cover and May advanced around four cents from the early low. There was nothing in the general run of news to cause any material change in prices but local sentiment taken as a whole was more favorable to the buying side. See nothing in the situation at the moment to cause any anxiety on the part of bears and feel that the selling side on sharp bulges is by far the safest. Export demand remains distinctly slow, even though Italy and France did a little grain at the seaboard.

Corn and Oats: Coarse grains were easier early on scattered selling but firmed up later in sympathy with wheat. Trade is mainly of a local character. It is understood that elevator room is getting a little scarce and it would not be surprising if further charters for winter storage in boats were reported in order to make storage space for corn. Consignment notices of shipments from the country continue to hold up. Washington messages indicate that there is little prospect of any legislation this session except on the co-operative marketing bill.

Rye continues neglected but if there is any merit in wheat rye is the safest purchase of all grain. Oats are unattractive in a speculative sense. We continue very friendly to lard.

### CHICAGO CASH GRAIN.

CHICAGO, Jan. 19.—(AP)—Wheat: No. 1 hard, $1.82½; No. 2 hard, $1.81½@1.82½.

Oats: No. 2 white 42½@43c; No. 3 white 42½@42¾c.

### CHICAGO GRAIN REVIEW.

CHICAGO, Jan. 19.—(AP)—Extensive speculative buying, largely on the part of previous sellers, brought about a sharp advance in wheat values today. Uneasiness over possible crop damage from a cold wave and simulaneous lack of a snaw blanket counted as something of a factor. Closing prices on wheat were unsettled, 1Z to 3c net higher, May (new), $1.77½ to $1.77¾ and July $1.53½ to $1.53⅝ with corn unchanged to ½c up, oats showing ⅛c to ¾c gain, and provisions unchanged to 7c down.

Corn was rallied by wheat strength. Besides, country offerings of corn to arrive were small. Oats were responsive to improved export demand.

## DRUGS EXCITE THE KIDNEYS, DRINK WATER

### If Back Hurts or Bladder Is Troubling You, Take a Little Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

## RUSSELL

(Continued from Page 1.)

and quietly said to the jury, "I thank you, gentlemen." A deputy took him from the room, his wife walking by his side. It was thus they left the courtroom Tuesday.

The state was vigorous in its demands for a heavier sentence than had been imposed in the trial on the first count Monday. Then but seven years had been imposed.

Harry D. Bishop in pleading for a long term for Russell said that if the jury gave him a light sentence it would encourage other hi-jackers to ply their trade in Wichita Falls. He said also that if the jury gave him a light sentence and some juror was hi-jacked on his way home tonight, it would not be the fault of the officers; that the jury would blame only themselves.

Gene Mathis, defendant's counsel, stated that there was one thing certain: "This defendant has plead guilty and he won't hi-jack anyone tonight.

**No Hi-jacking Tonight.**

Ben P. Allred, district attorney, pleading for the limit stated: "Perhaps the defendant himself will not be out of jail and able to assist in a hi-jacking tonight, but, bear in mind, gentlemen, there are two accomplices to this crime that have not been apprehended and brought to jutsice, and whom we do not even know. They are slinking around somewhere in the underworld of Wichita Falls today; perhaps so bold they are here in the court house at this very moment; wherever they are, you may be sure they are watching the outcome of this trial. If you give this defendant the lowest penalty, you will serve notice on those companions that juries in Wichita county will not give above the minimum in hi-jacking cases; and they will here remain to give all the aid they can to this defendant, that he may escape the penalty for his crime. But, if you will only do your duty, as we have done ours, and send him to the penitentiary for life, these accomplices of his whom he here shields by his silence, while asking you for leniency for himself, will not let the sun go down on them in Wichita county.

"The defendant has dragged in here his wife and little baby to save him from the punishment he so richly deserves. I know how prone men are to extend sympathy and leniency to underserving defendants merely because they produce a woman and a baby from some source and let them sit beside them during the trial. But I beg of you to think of your duty to yourselves and your own loved ones; and do not be moved by maudlin sentiment to let this dangerous criminal down with the lowest penalty possible for you to give him."

**Arrested in November.**

Russell was arrested late last November after a series of hi-jackings that cost pedestrians and small business houses several hundred dollars. After considerable questioning by the city police, he admitted robbing, in company with two other men, the Lamar street pharmacy, a Grant street pig stand, a filling station at Sixth and Burnett, and two pedestrians near the library park.

His accomplices have never been captured.

## Addition Needed At Cashion School

Crowded conditions at Cashion school between Wichita Falls and Iowa Park may force an addition to that school building and to the faculty there before the present school year is finished, declared County Superintendent Burl Bryant Tuesday afternoon. There are 140 pupils enrolled, and only four teachers. The two teachers handling the lower grades have 49 and 38 pupils in their rooms, he says, and there are not seats enough to go round.

Cashion school is under the supervision of E. R. Stroud, principal. Nine grades are taught there.

### LEAGUE TO MEET

# Two Telephone Exchanges To Operate Here After February 1

## 5 UNITS TO BE DIALED THEN

### City's Growth Demands Expansion, Says C. C. Kirby

Wichita Falls has grown into the two-exchange telephone class at last, according to C. C. Kirby, manager of the Southwestern Bell Telephone company here, in announcing a new dial system to take effect in the city on February 1 with the issuance of the new spring directories.

All new phones that are being connected and new numbers being assigned will have in front of the usual group of four numbers the numeral "2" to designate the second exchange, this to be followed by a dash and the usual group of four figures. It will be dialed as if it were a consecutive grooup of five figures.

**Changed Its Numbers.**

It will be noted in this connection that several months ago the telephone compnay effected a change in the numbers of patrons, eliminating the "2" group and substituting "0" wherever there was a "2" as the first figure in the group of four. When in time the addition of a third automatic exchange becomes necessary in the city, the numbers beginning with "3" will be eliminated and placed somewhere in the second exchange group to make possible five-figure series to begin with "3." The usual plan in cities when the necessity of additional exchanges arises is to give the various exchanges names, as "Main" and "Hadley" at Houston, "Crockett" and "Main" at San Antonio, and the like. This has not been done here, Mr. Kirby explains, because it would involve the installation of considerable new dial equipment.

The principle is exactly the same though.

**Extension Under Way.**

The company's annual extension program in Wichita Falls is well under way for the current year. Approximately four and a half miles of new conduit underground cable are being laid to serve outlying districts and new additions to the city.

The extension program involves the use of more than 48,000 miles or 240,000,000 feet of copper wire of all sizes, and entails the planting of 1,120 more posts in the "feeder" districts at the end of the conduit cables. Some 60 to 100 men will be kept employed in making the extensions throughout most of 1926. It is expected to finish the work about October 15. Approximate cost is estimated anywhere from $150,000 to $200,000.

The program includes laying of new conduit cables up Tenth street from the Floral Heights Methodist church to the alleyway between Kemp and Buchanan and on that alleyway to Avenue M, and the laying of a new conduit underground cable out Brook avenue to a point one block past the Wichita Valley tracks. With the laying of the Brook avenue conduit all posts on that street will be taken down.

## C-C Budget Goes Over 70,000 Mark Tuesday With More To Follow

The chamber of commerce budget for 1926, cast in a $100,000 mold, expanded Tuesday to within less than $30,000 of the goal.

Cash and pledges in the general offices crept above the $70,000 mark, it was reported last night, and final reports of the follow-up committee today are expected to swell the total by another $5,000 and possibly more. There still remains, also, a number of out-of-town concerns to be heard from and these are expected to add very materially to the total amount. These companies maintain branch offices in Wichita Falls and annual investments must be given an official o. k. from the home office before they become authentic.

The follow-up committee that has been at work Monday and Tuesday will make a report at noon Wednesday, and after that such other action will be planned as is deemed necessary to raise the full amount of $100,000. Officials of the chamber are insistent that the full amount will eventually be secured and they state efforts will continue until it is all in the bank.

## DAY NURSERY IS QUARANTINED

### Scarlet Fever Outbreak Closes Door For Time Being

The Wichita Falls Day Nursery is quarantined because of an epidemic of scarlet fever, it became known Tuesday. Two children were taken ill there late last week, and all children who had been cared for during the day time were sent to their homes and the homes quarantined by order of the city health officer, Dr. J. M. Whitworth.

None of the children is reported seriously ill.

## Health Department Files 16 Charges

Complaints were filed Tuesday in the corporation court by Sanitary Commissioner J. H. Patton against some sixteen defendants charging failure to connect up with the city sewers and the maintenance of open toilets. Parties named in the complaints will be required to appear in court this morning.

In filing the complaints it was announced by commisioner Patton that those named had been served with warning time and time again, and that the city would prosecute them to the full extent of its ordinance.

The city ordinance requires connection with a sewer whenever a sewer line is no further than 200 feet away from the residence.

**AUTO DEALERS MEET**

Local automobile dealers met Tuesday at the Nash-King agency, President King being the presiding officer, Jack Harvey, field man for the Texas Automobile Dealers' association, of San Antonio, talked on organization and cooperation.

Dallas and San Antonio have each subscribed $100 to the Texas Automobile Dealers association and Wichita Falls has been asked to subscribe a similar amount.

## AD CLUB HEARS TALK BY ABBOTT

### He Says Wage Levels Of Country at Highest Point In History

The wage level of American labor, a survey made by the department of labor using 700,000 union workmen as model, so to speak, is at the highest point in history, W. S. Abbott, Wichita Falls banker, told members of the Wichita Falls Ad club at Tuesday's luncheon meeting.

Wages have increased 140 per cent since 1913, said the banker, but the living costs have gone up 150 per cent in the case of this particular 700,000, according to the labor department survey. The work day has been shortened seven per cent.

Abbott explained that a general economic survey of the entire nation, including union and non-union workers alike, shows a wage increase of 138 per cent since 1913 with an average living cost increase of 74 per cent.

**Texas Saving Is Low.**

The per capita saving over the nation is $142 for each person, said the banker, but Texas' average is but $39. Texas, however, has the largest number of farms of any state in the union, a total of 460,000. North Carolina is second with 283,000, he said. The small state of Connecticut has 23,000 farms.

The banker's economic talg prefaced an address on Benjamin Franklin, the printer, patriot, publisher and advertising man. And in accordance with reference to Franklin as a printer and advertising man, Abbott declared banks of the United States used 98 milloin lines of advertising in newspapers and magazines in 1924 and 100 million in 1925.

## H. G. Smith Put On Executive Committee

H. G. Smith, formerly division freight and passenger agent for the Missouri, Kansas and Texas lines here and now holding that position on the Dallas division of the road has been made a member of the executive committee of the Texas Passenger Ticket and Freight Agent's association, according to information received here by friends.

The action was taken at the convention of that association at Dallas last Saturday, it is understood. Mr Smith was in Wichita Falls for several years, and made a large number of friends in the city.

## Collections Gain

Wichita county is approximately $75,000 ahead of last year in total tax collections to date, it was announced Tuesday by Guy C. Raley, county tax collector. Approximately $250,000 has been collected during the first 19 days of January he says, whereas the same period last year showed only $175,000. A portion of the increased collections to date, Mr. Raley ascribes to better collection facilities at Electra and Burkburnett.

## MEMORIAL COINS ON SALE TODAY

### Stone Mountain Drive To Be Launched; 5,000 To Be Sold Here

Wichita Falls will today launch her campaign for the sale of the Stone Mountain Memorial coins, the quota of which for this city is 5,000. Captain W. S. Langford is chairman of the local campaign force, and Judge Edgar Scurry and Major Luther Hoffman are his assistants.

The coins will be found in the four banks of the city and in a number of prominent business houses.

**Huff Makes Statement.**

Judge R. E. Huff, in speaking of the Stone Mountain memorial honoring the valor of the Confederate soldiers said it was a great memorial to the gallant leaders of the southern confederacy and the soldiers who defended it.

Of the five Texas whose statues are to be carved on the monument, Judge Huff says:

The congress of the United States, realizing that both in the Spanish-American war and the great World war, the soldiers from the south have shown their devotion to the United nation and shed their blood as freely as their comrades from other states and desiring to recognize that all alike are true Americans, has authorized the coinage of silver half dollar Stone Mountain memorial coins, and that these be sold at $1.00 apiece in order to assist in financing this great memorial. Not only are the statues of General Lee, Stonewall Jackson and President Jefferson Davis and other outstanding representatives of the whole south being carved in the solid rock, but each state of the Southern Confederacy has authority to select five of its own citizens to be commemorated as its direct representatives. Those selected for Texas are John H. Reagan, a member of the Confederate cabinet, and in later years a United States congressman and one of the first members of the railway commission of Texas. Judge Reagan was known and loved by every true Texan.

**Hood a Hero.**

John B. Hood, a graduate of West Point who saw his first service on the forntier of Texas and later was commander of Hood's brigade in the earlier days of the Civil war which, command consisted mainly of Texans and made the name of Hood famous by their bravery and devotion on many a bloody battlefield. In the last days of the Confederacy he served in the terrible battles around Franklin and Nashville, Tenn., and his bravery was never questioned.

General Albert Sidney Johnston, an official of the Republic of Texas, colonel of a Texas regiment in war with Mexico, and a gallant Confederate general who gave his life for the south at the battle of Shiloh.

Honorable S. L. Ross, a great Indian fight, brigadier general of the Confederate army and governor of Texas from 1887 to 1891.

Tom Green, who served as brigadier general and made the supreme sacrifice by losing his life fighting for the south in the great war between states.

I hope our people will show their appreciation of these southern leaders by promptly purchasing these $50 coins, and aiding in this great work. Not only those of southern birth, but every true American residing in this city should feel proud to have a part in this great tribute to the leaders and soldiers of the south.

## Judge Martin Assesses a Fine Of $10 For Contempt Of Court When Attorney Seeks To Argue a Point

### Tilt Peps up Oil Suit Hearing in 89th District Court Tuesday Afternoon; Defendant Wins Suit

A $10 fine for contempt of court enlivened things considerably in the 39th district court Tuesday when Attorney Ed Napier, representing one of the litigants in the case of the Earning Oil company vs G. W. Whitman et al, incurred the displeasure of the court.

Judge Martin had over-ruled a motion of the attorney, who wished to argue the point after Judge Martin had acted.

"You must sit down, Mr. Napier," the court informed him. "Otherwise I will fine you for contempt of court."

"Fine," the attorney said, whereupon he was assessed a $10 penalty. He paid it and the case proceeded.

The suit was a trespass to try title hearing in which the Earning Oil company disputed the validity of a sheriff's decree awarding Whitman a certain oil property in south Wichita county. It was their allegation that the decree had been obtained by fraud. The suit was denied by the jury, which upheld the claims of the defendant to the property.

## NO OIL FAMIN, SAYS HOLLAND

### Speaker Tells Tech Club This City Always To Be Refining Center

Wichita Falls position as an inland refining center is not in the least endangered by the diminishing crude oil resources of North Texas and the mid-continent as a whole, declared C. J. Holland, engineer of the American Refining company in an address before the Technical club at the Wichita club rooms Tuesday night.

Even the argument often advanced that large purchases of production over the district the chance of the small independent refiner to buy oil will become so small that the refining business will be discouraged, is fallacious, according to Mr. Holland. He pointed out two sources whence a plentiful supply of crude will always be obtainable for Wichita Falls plants.

**Panhandle a Source.**

The first of these mentioned was the Texas Panhandle, where, Mr. Holland said an almost infinite amount of oil will eventually be recovered. A pipeline from that area to Wichita Falls when the need for Panhandle oil actually arrives is almost a certainty, he said.

Then, local refineries would be able to draw upon the crude resources of the entire world by reason of the position of the pipelines as a common carrier subject to the restrictions and regulations of the Interstate commerce commission. For instance a Wichita Falls refiner might buy 100,000 or 200,000 barrels of California, Mexican or South American crude for his plant, have it shipped to Port Arthur and selling it to one of the big company plants there in return for an equivalent in oil at Wichita Falls, less transportation costs from that company's pipelines.

Music for the evening's entertainment was furnished by Miss Vivian Railey, violin, and Mrs. Lucille Brooks Huff, piano.

## Realty Romance Is Woven for Board By Mrs. M. M. Adickes

A little more than 40 years ago, the land on which the city of Wichita Falls now stands was little more than a vast prairie. Slowly settlers drifted in, and here and there in the city of progress of the "City That Faith Built" are blocks of land on which a well known commercial building stands, lots around which are woven romances of various kinds. Of these "Romances of Real Estate," a series of features which the Wichita Falls Real Estate board is having brought before the organization, Mrs. M. M. Arickes had the privilege of outlining the first romance in the meeting held Tuesday at noon at the Kemp hotel.

The speaker traced the history of a number of important business blocks in the city and showed how each had a romantic and colorful background.

J. M. Bland spoke on "Business Property," and a committee composed of P. S. Richardson, John Marrs and A. L. Huey was appointed to draw resolutions on the death of the father of M. T. Junker, member of the Real Estate board.
