MARYE and MOM Their Letters

BY RUTH DEWEY GROVES

Dear Marye: It's a good thing you found out that some men do misjudge the conduct of you girls who claim the freedom of doing whatever you like. Because you could have made the discovery under less innocent circumstances.

To me of course, there would be nothing surprising in anything a man might say to a girl he had "picked up," as the expression goes. Introductions are necessary—not because they break the ice between strangers but as a safeguard against selves, but you can't eliminate the less discriminating man. He is certain to find out for himself.

Any person or animal who kicks over the traces of restraint, whether of convention or harness, is wild. Yes, I admit that conventions are restraining, but they help to restrain anyone from jumping to wrong conclusions about you just as much as they restrain you from pleasure. You may cast your aside if you wish but you can see what happens. Florence didn't enjoy her afternoon in spite of having turned her back on conventions. The next "freedom went sour, didn't it?"

I don't see why you didn't leave when things turned out unpleasant. Sometimes I'm afraid you are letting down your standards a little.

Marye, I know it takes a lot to disturb the self-sure miss of today but you must remember that one gets into bad habits by easy stages. Illusions and ideals are not preserved by constant association with their enemies.

Some day I know you will see that

Trees Christened At Dupre School

The christening of two evergreen trees honoring fifth grade teachers, contributed to a grounds beautification program at the Dupre ward school yesterday afternoon. Patrons of the school spent the afternoon planting trees, shrubs, grass and newly seeded after 3:30 o'clock by children in the school. A program on the east campus followed immediately after the dismissal of classes.

This program was opened with the singing of "America" by the entire school, after which fifth grade pupils sang "Birds in the Branches High" and Miss Mae Murfee, Red Cross representative, talked. Mrs. P. O. Bennett, president of the P. T. A., which sponsored this program, made a short talk dedicating the trees, naming them Alice Brown and Lou Morgan. Trees planted during the afternoon were donated by the school board.

HUBBERS OPEN SEASON IN CLASH WITH MIDLAND COLTS TODAY

WILL START IN MOUND FOR HUBBER SQUAD

W BALL PARK TO BE OFFICIALLY OPENED IN INITIAL GAME

By JAMES R. DOW
 Lubbock-Journal Sport Editor
 LUBBOCK, April 25.—The stage has been set here for the opening of the West Texas league baseball in this territory. It is anticipated on the part of the Association loops, clashing Jimmy Maloney's Colts, new ball park, recently made by Doc Cowden, pioneer of this section, will be the of the league's curtain raiser.

Red Hill To Start

BACK TO TRACK

After having been out of the racing game for more than 10 years, K. G. Billings returns to thoroughbred racing this season. Doc Tanner who trained the Billings light harness stable in the days of Lou Dillon, Uhan and the Harvester, will have charge of the new stable, which probably will make its first appearance at Saratoga.

Twenty years ago Billings was the most prominent figure on the light harness track and was said to be the finest amateur driver in the world. He also was identified with thoroughbred racing for a time and won the Kentucky derby with Omar Khayyam in 1917.

BUFFS DEFEAT EXPORTERS AS PANTHERS WIN

BEARS BEAT CUBS WITH STEERS NOSING OUT WIN FROM SPORTS

(By Associated Press)
 The Houston Buffs were on top of the Texas League heap of baseballers today as a result of their 4 to 2 victory over the Beaumont Exporters and Fort Worth's decisive 3 to 4 win over the Wichita Falls Spudders.

Buffers Are Extended
 While they won yesterday by a safe margin, the Buffs had to play real baseball to turn the trick. After getting a three-run lead in the second inning, the Buffs saw the Exporters start rallies in the fourth and sixth and called for all the skill of Jim Lindsey in the box and the fast Houston infield to check Lindsey had things breaking nicely, however, and allowed but four hits.

At Wichita Falls, the Panthers were outbatted by the Spudders, ten to seven, but they had the veteran left-hander, Joe Pate, and his work proved the winning margin. While hit hard and given flimsy support in early innings, Pate tightened up later and had the Spudders eating from his hand. Wichita Falls led, four to three, until the seventh when Fort Worth got three runs, to which they added two more in the ninth.

San Antonio Beats Waco
 The tight hurting of Tink Riviere evidenced in other games this year and the good defensive work of the entire Bear team, enabled San Antonio to defeat the Waco Cubs, 7 to 3, in the final game of their series.

After dropping four straight games, the Dallas Steers copped a contest from the Shreveport Sports by a 10 to 5 score. By committing five miscues, some at critical points, the Sports contributed much toward the Steer victory.

NATIONS JOIN IN TRIBUTE TO VET'S MEMORY

HEART OF ADMIRAL, U. S. REVOLUTION AIDE, IS REBURIED

(By Associated Press)

The heart of the New York Yankee's dread attack has found the range.

The long distance artilleryman, Babe Ruth, propelled two balls into the Yankee stadium bleachers yesterday as champions subdued the Senators of Washington, 4 to 0.

Those two drives—both into Ruth's favorite target, the right field stands—gave him his second and third home runs of the season and put him three games ahead of the schedule he followed last year when he hit 60 circuit drives to establish a new record for himself and others to shoot at.

Yesterday's game was his ninth of the season, and he hit his third homer last year until the 12th engagement although the dates were identical—April 24.

Herb Pennock, enjoying one of his best left-handed days, shut out the Senators with three hits. Two of these were infield scratches and the other—a double by Lisben—got into the hit column chiefly because Ruth, playing in close, slipped in the wet grass as he ran out to make the catch.

Indians and Yanks Tied
 The Cleveland Indians dropped into a tie with the Yankees for first place in the American League when they bowed to the Browns at St. Louis, 6 to 2. Jack Ogden, former Baltimore star, held the Indians safe, while his teammates kicked in with hits when they meant runs. Lou Blue hit a homer with one on; Home again, the Philadelphia Athletics romped away with a 11 to 6 victory over the Boston Red Sox. Joe Hauser hit two more home runs each time with Speaker on base, and Mickey Cochrane got one.

The Chicago White Sox went to 10 innings to score over the Tigers at Detroit 5 to 4. Falk's sacrifice scored Metzler with the winning run.

Pats Win First Game
 Jess Petty, the Brooklyn Dodgers' crack left-hander, registered his first triumph of the season when the Robins buried the Philadelphia Nationals under a 12 to 7 count at Ebbets Field. Leach hit a homer with two on in the first.

The Chicago Cubs vanquished Sheriff Blake recording his third victory of the year. The Corsairs stopped Blake's scoreless inning record at 17 straight frames in which the opposition failed to tally. Homers by Hartnett and Stephenson helped the Cubs.

Beats British Fleet
 The British, alarmed at the bottling up of Cornwall's army, rushed a huge fleet to the Virginia Capes and De Grasse, although holding an adverse position—because of the wind, stood off to meet it. In two hours he had dispersed the English fleet and sent its ships, lamed and unworthy, scurrying back to New York. Then he sent more men ashore for the final stages of the siege.

Later he fought another battle with the English, but had the misfortune of being captured aboard his

Auto Registrations Continue To Mount

Eleven new automobiles were registered in Lubbock yesterday, continuing the unprecedented activity of automobile sales in the county.

The day's registration brought the total of new cars for April to 160, making a daily average of more than seven cars. Four hundred and eighty new cars have been registered since the first of the year, bringing the total automobile registration in the county to 7,253.

New cars were registered yesterday by Sam C. Arnett, Mrs. D. C. Debee, West Texas Gas Company, 2 cars; J. W. Ivey, H. R. Humphry, Percy Powers, C. H. Largent, of Lubbock, and M. P. Nelson, Arthur H. Voight and O. R. Edwards, of Slaton.

Four Moros Die For Robbery In Manila

MANILA, April 25 (AP)—Four Moros, followers of the Mohammedan faith, were executed here today in the only electric chair in the Orient, for the robbing of the home of a fellow Moro and killing him.

Governor General Stimson refused the request of newspaper men to witness the executions, saying he did not believe the publication of the details would serve any useful purpose. He expressed the hope that the press would "join me in an effort to protect the Philippines from morbid excesses which have become too prevalent in the United States."

DALLAS MAN IS HIGH IN PRAISE OF PLAINS HUB

OLMSTED CLAIMS AGE ONLY DETERRENT TO MOVE HERE NOW

"If I were 20 years younger, I would move to Lubbock." This was from Dallas probably most prominent citizen, Harry A. Olmsted, who was on his first visit to Lubbock for a few hours last evening.

Harry Olmsted is a man about whom Dallasites quote titles by the yard. He is past president of almost every civic organization in that city, his fifth term as president of the State Fair association, is president of the Santa Fe terminal corporation, a director of the American Exchange National bank, president of the Olmsted-Kirk paper house and associated with a number of other such enterprises.

He Praises Lubbock

After a somewhat superficial tour of Lubbock last evening, Mr. Olmsted was ardent in his praise of the city, declaring that his visit to the Technological college, alone, had been an "eye-opener." Although he has been to Amarillo upon several occasions, Mr. Olmsted had never visited the South Plains region until yesterday and his visit to West Texas was curtailed when he was called back to Dallas, leaving here on the night train.

He attended sessions of the Panhandle Press association in Childress last week visited in Amarillo and came on to Lubbock with W. H. Parker, traveling representative of the Olmsted-Kirk house in West Texas.

Mr. Olmsted has just returned from New York where he attended a bankers convention where it was predicted that the greatest development in the United States during the next ten years will be in West Texas, he said last night in discussing the possibilities of this section.

Is Genial and Wholesome

In spite of his success, or probably because he has truly the characteristics of a big man one of Mr. Olmsted's outstanding qualities is his approachability. His genial manner and genuine interest command one's admiration for such a personality. It was characteristic of this man that upon a visit to the Avalanche-Journal office when he had been generally introduced, he should notice a man seated in an obscure corner and address to him something he was trying to say. "Did I meet this man?" in a tone that implied his feeling of losing an opportunity of meeting someone worth while.

"Don't come to the city," Mr. Olmsted administered a report on the papers here, "you have a greater opportunity in this developing section in the little city that is growing up on the Plains."

RIGHT-OF-WAY

(Continued from Page 1)

found that if it followed as planned 11 streets and five alleys in the southeastern part of the city will have to be cleared. The route was compared with an ordinance drawn up by City Attorney Emil Klett; but no contract will be signed today, Mayor Woods announced.

The conference struck a partial snag when it became known that the Denver officials did not look with favor toward the construction of a subway on South H which is also State Highways 9 and 7 where the tracks are to cross that thoroughfare. Railroad men were of the opinion that the chamber of commerce railway committee, had obeyed crossing the avenue without the necessity of constructing the subway while at least one member of the committee was certain that no such permission had been given. The matter will be gone into fully before any right-of-way is granted.

Depot Is Located

As the plans are now the tracks will enter the city by way of Ualemann and Morning Side additions, which join the city on the South-east, and the depot will be constructed on the block bounded by 18th and 19th streets and Avenues F and G. Avenue H will be crossed near its intersection with 27th street.

City officials will announce the right-of-way as soon as an agreement is reached, listing the streets and alleys which will have to be closed. Mayor Woods was reported to have repeated that no decision would be made today.

In the meantime the Denver construction crews continue to ad-

northerners in Shantung province Tsingtau, which is about 15 miles from Yenchowfu, being in the center of the disturbed area.

City Believed Captured

Whether the soldier was a northerner or a nationalist was not known. It is believed to have been captured by nationalists on either April 16 or 17.

The message telling of the slaying came by courier to Tientsin, about 50 miles southeast of Tsingtau, and was sent from there by the Chinese telegraph.

Mrs. Seymour and other missionaries at Tientsin are believed to be safe. It is thought that they are unable to leave the region because it is overrun by nationalist soldiers moving northward.

Went to China in 1885

Dr. Seymour, a graduate of Wisconsin University and Northwestern medical school, Evanston, Ill., came to China in 1885. His daughter, who is a nurse, is in the United States at present.

The Presbyterian headquarters here was advised by other dispatches from Tientsin by way of Tsingtau that Presbyterians throughout Shantung, except those at Tsingtau have all either evacuated or their evacuation is under way. This includes Presbyterians at Tsaochowfu, Tengshien, Ichowfu and Tsinan.

Board Officially Advised of Action

NEW YORK, April 25 (AP)—The Presbyterian board of foreign missions received an official announcement of the shooting of Dr. Walter S. Seymour in Tientsin by cable from the Presbyterian China council at Shanghai today.

Soldier shot Dr. Seymour through the heart, the cable said. All others in Tientsin saved. Will leave as soon as possible.

The board believed the only other missionary in that section in addition to the Seymour party to be Rev. Charles M. Eames of Jacksonville, Ill.

Gordon Invited To Plainview Meeting

Dean James M. Gordon of the Tech. has been requested by the Plainview Pastors' association, the Rotary club and the Rotary club boys committee to make the address at the union service for boys which will be held next Sunday night, April 28, at the First Baptist church in Plainview.

The invitation was extended by Rev. L. B. Shell, pastor of the First Presbyterian church there and unanimously endorsed by the above organizations.

Dean Gordon's address will be given at the opening of the operation of National Boys' week in Plainview.

NEW TREMORS SHAKE GREECE

ISTHMUS OF CORINTH SCENE OF RENEWED QUAKE SHOCKS

(By Associated Press)

ATHENS, April 25.—Recurring earthquakes in Greece this morning wrought fresh damage on the devastated isthmus of Corinth.

A shock at 4:04 a. m. practically destroyed the watering tower of Kalamaki at the eastern entrance to the Corinth canal.

A strange phenomenon was observed at Piraeus, the port of Athens, where the sea rose to a great height and then suddenly receded. Slight damage was caused to shipping.

A slight shock felt at Athens at 2:30 a. m. caused a panic among the inhabitants.

Hall, Rainstorms

Other shocks were felt at Corinth last night. These were accompanied by a violent hail and rainstorm. Twenty houses collapsed at the small town of Amuri Lamia, but no casualties were reported.

Shocks were also felt this morning at Lamia, at the head of the gulf of that name, and on the island of Poros.

A British squadron arrived at Corinth and commenced to distribute food and blankets. The wife of the British minister intends to go to Corinth to aid in the relief work.

Denis Loverdos, Athenian banker who owns a villa at the stricken watering place of Loutraki, gave 200,000 drachmas (\$2,000) for the sufferers in that district.

The Bulgarian government telegraphed its sympathy.

Mexico To Aid In Pink Worm Battle

CHICAGO MAN IS SLAIN BY HOTEL GUEST IN LOBBY

Gordon To Address Association Meet

(By Associated Press)

CHICAGO, April 25.—David Sher, 52, proprietor of the Paradise Arms hotel on Washington boulevard, was shot dead in the hotel lobby early today by a guest who then fled with two men and a woman companion.

A youth who registered last night as T. J. Loftis was sought as the actual slayer of Sher. E. O'Donnell and a Mr. and Mrs. McFarland who were with Loftis as he rushed from the hotel after the shooting, also were wanted for questioning.

Loftis, apparently intoxicated, was heard to tell Sher that the latter was "no gentleman." He drew a revolver and attempted to strike the hotel man with it. Sher struggled and a shot was fired, the hotel proprietor falling dead on the lobby floor.

Police Captain McGurn said he believed Loftis' real name was Thomas, a gambler, a guest recently acquitted of a murder charge.

Longest Star Mail Route Is Claimed

The longest star mail route in existence in the U. S. postal department runs into Lubbock.

That is the information given Postmaster John L. Vaughan concerning the special mail pouch operated from Fort Worth to Lubbock by daily bus line.

The pouch has been in operation for a short time and leaves Fort Worth at 6:30 a. m., arriving here at 9 p. m. and cutting several hours from the time on special mail into the local office from that section of the state.

New Rural Route Here Is Approved

A new rural mail route, serving approximately sixty additional families, will be established out of the Lubbock postoffice on June 1, John L. Vaughan, postmaster announced today.

The route is to be known as No. 5 and is being created from a re-arrangement of Route A. It being taken from the west loop of the route, Route 6, taken from the south loop of Route A. It also to be created at this time, doing away with the original Route A. Mr. Vaughan said.

The new route is the sixth to be run out of the city and will serve approximately 45 miles of territory.

WIDE INTEREST IS DISPLAYED IN SHORT COURSE

Between 1000 and 1500 Lubbock County farm people will have a chance to hear various agricultural experts in the short course programs which are being held this week. D. F. Eaton county agent reported today as he started to the McGinnis community to conduct the second program of the week. The program at the Hardy community yesterday was attended by more than 300 people. Mr. Eaton said a very enthusiastic meeting resulted.

Included in the speakers at the program today when starts at 10:30 will be J. D. Cowan of Dallas, assistant field director of the Texas Farm Bureau, W. M. Probst, county school superintendent, Miss Elizabeth H. West, Tech librarian.

Miss Louise Baird, county home demonstration agent, N. H. Fagan, field representative of the Lubbock county farm bureau, Frank McClelland, organization chairman of the Lubbock County Poultry Growers association and Mr. Eaton. "Better Homes Week" is this week and Miss Baird and Miss West are to stress this feature in their part of the program.

Williams Auto Is Located In Slaton

The Nash coach belonging to Rufe D. Williams, of this city, was found abandoned in Slaton yesterday, officers reported today. The car was stolen here Sunday night. It was not damaged in any way and officers are of the opinion that joy-riders are responsible for its disappearance.

ROTARY HOLDS 'POSTMORTEM' IN RECENT SESSION

Holding a "post-mortem" examination over the recent district conference held here, members of the Lubbock Rotary club, in regular weekly luncheon meeting at noon today, were unanimous in their praise of each other's work, which all agreed, made the conference of the District Rotary clubs the biggest and best meeting of its kind in Texas history.

Letters from other Rotary clubs, congratulating the local organization for its accomplishment, were read by President Walter W. Jennings, who after expressing his thanks to the members, called on each man present to speak a few words on the conference.

Deficit Is Raised
Jed A. Rix, chairman of the executive committee, reported that the cost of entertaining the conference had exceeded by \$500 the money set aside for it—but that deficit has already been made up partially from the club's treasury and the balance with the fund set aside for the conference, by the Board of City Development.

Resolutions were passed instructing club officials to write letters of thanks to nearby Rotary clubs, to the Lubbock Kiwanis club, to the ladies of the First Christian church of the Tech college and to those individuals outside the club who aided particularly in putting the conference "over the top!"

Rev. John Chisholm, of the Methodist church at Brownfield, Rev. Ben G. Holloway, of the Baptist church at Slaton, Nathan Reazey of Abilene and Harry Burrus, of Slaton, were visiting Rotarians.

Mail Carrier Garb To Be Seasonable

Straw caps and light palm beach uniforms will be worn by the city mail carriers during the coming summer, it was learned in the office of Postmaster John L. Vaughan today. The uniforms will be in keeping with the departmental regulations but will allow comfort for the summer, Mr. Vaughan said.

Al Reed of Dallas was in Lubbock last night enroute from Plainview where he attended the coal hearing. He visited here for several hours.

"PRESIDENTIAL CAMPAIGN PORTRAITS"

CHARLES G. DAWES

DAWES AND HIS FAMOUS "HELL AN' MARIA"

EDITOR'S NOTE: This, the 14th in a series of Presidential Campaign Portraits written for the Journal and NEA Service by Robert Talley, is the third of four articles discussing the career of Vice President Charles G. Dawes.

By ROBERT TALLEY, NEA Service Writer. WASHINGTON, Apr. 25.—"Hell an' Maria! Hell an' Maria! We weren't trying to keep a set of books. We were trying to win the war! Damn it all, the business of an army is to win the war, not to quibble around with a lot of cheap technicalities!"

Damn it all! The business of an army is to win the war! Dawes and Republican leaders were quiet for long. He soon jarr'd it again when, on inauguration day, he took the "show" away from Coolidge and told the senate of the United States what he thought of it and why.

TOMORROW: The man who hawled out the senate of the United States. Nervous Folks Praise Capudine. Those who have used Capudine for overworked nerves, headache, periodic pains and other nerve pains are high in their praise of it because it gives quick and safe relief by soothing the nerves, not by deadening or doping them.

SCHEDULE FOR BOYS' WEEK IS OUTLINED HERE

APRIL 30 TO MAY 6 IS DESIGNATED AS MOVE OF NATIONAL SCOPE

Monday, April 30 is "Industries Day"; Tuesday is "Health Day"; Wednesday is "School Day"; Thursday is "Stay-at-Home Day"; Friday is "Parade Day"; Saturday is "Field Day" and Sunday is "Church Day".

Such is the schedule of observance of National Boys' Week in Lubbock as mapped out by a group of business men in a meeting with Warren P. Knox, Scout Executive, yesterday afternoon. The week opens here Monday, April 30 and closes Sunday, May 6.

Visit Industrial Plants—R. J. Murray, president of the South Plains Scout council, will be in charge of "Industries Day" and is to arrange for visits to the major plants in the city on that day.

The school teacher of the boys is to have charge of him on Tuesday or "Health Day".

Wednesday the boys will be turned over to M. H. Duncan, superintendent of the city schools, who is planning for a big meeting in the afternoon in which all the boys of the city will be present.

K. N. Clapp, scoutmaster of Troop Four of the Boy Scouts, has been assigned chairman of activities for Thursday, which are to consist solely of the boys spending their spare moments out of school at home.

Friday will find more than 2,000 of the youngsters in parade through the streets with Captain H. H. Griffith and Rev. L. G. H. Williams in charge of the arrangements.

Track and Field Meet—Saturday the coaches and scoutmasters will be in charge of the activities which will center around a track and field meet at the Tech field.

Sunday the churches of the city will be turned over to the boys and special services will be prepared for them. A number of them are to appear in the pulpits during the morning services.

Mr. Knox was appointed general chairman of the week and is to announce further observance plans in the near future, he said today.

Children Cry for Fletcher's Castoria

Don't have the worries that almost every baby's mother can avoid altogether! Castoria, an old-fashioned but time-honored preparation, soon ends those cross or fretful spells. Simple, safe, but works like magic. The helpful influence of Castoria makes itself felt throughout baby's tiny system. It helps make pure, better, rosy-cheeked and seems to give strength and life to frail, sickly babies. It regulates baby's little bowels—relieves colic, constipation, diarrhea—gives him good appetite, and digestion. Then, too, it helps to relieve that congestion due to colds.

Never give Baby paregoric or any opiate. A few drops of Castoria are just as soothing and no harm is done. Even castor oil can't compete with Castoria and Castoria is so much better for his system. Castoria is purely vegetable, harmless, pleasant-tasting. You can use it as often as baby is upset, or fretful. Doctors approve it, it is the genuine preparation, look for Fletcher's signature and the valuable book, "Care and Feeding of Babies."

Flashes Of Life
 (By The Associated Press)
Quite A Traveler
NEW YORK—Dr. Philip G. Peabody, 72, retired lawyer, tonight is beginning his 113th crossing of the Atlantic. In 36 years he has visited 43 countries. He plans his 114th crossing in July, his 115th in August and his 116th in November.

Catching Habits
MEXICO CITY—Ambassador Morrow has the siesta habit. He takes a little nap after lunch. But often he works before breakfast and at night.

Makes Money Fast
NEW YORK—Mrs. Graham Fair Vanderbilt has sold a de luxe Park avenue apartment which she bought two years ago for \$175,000 and which cost \$500,000 in fittings. She never occupied it. A month before her Paris divorce last June she bought a Long Island country estate.

Make Death Waves
PRINCETON, N. J.—University scientists have been producing death waves with a miniature radio broadcasting set, and a quartz crystal. The super-sonic wave penetrates the walls of a living cell and destroys all matter within without harming the walls. It was tried on a frog's blood corpuscles.

Fitting Jubilee
PARIS—Vladimir De Pachmann, dean of the great pianists, is to celebrate his 80th birthday by playing at a concert for poor children.

Growing Rapidly
OYSTER BAY, N. Y.—Roosevelt's home town is growing so fast that it has found it necessary to employ counsel at \$2,500 a year.

Bad On Children
RIO JANEIRO—Children under 16, by a decision of the supreme court, are forbidden to go to the movies or any theater without parents.

Tips Are Banned
CHICAGO—Hail for the tipless barber shop! The state master barbers association has decided to prohibit tips. It considers the barber a professional place.

NATURE TURNS POLICE
PALM BEACH—Spanish bayonet plants are helping safeguard winter residences here. Grown around walls and under windows and rain spouts, their spines help discourage second-story men.

HIGHWAY BODY GIVES AWARDS ON ROAD WORK

CONSTRUCTION IN SIX COUNTIES ORDERED; OTHERS AIDED

AUSTIN April 25.—Road contractors left the highway commission hearing late Tuesday with awards for construction projects, costing \$48,918, in six counties and the commission granted other counties unestimated state aid.

A minor bribe or two between county and state authority occurred. A Hutchinson county delegation asking the commission to have the state "take over" and maintain highway number 117, was turned back with the statement that the commission will not consider the matter until it has a written apology from the county commissioners court. This the commission deemed unjustified because the county, it was said, heretofore declined to give the state a hand in its road matters and proceeded in its own way.

Contracts Awarded
 Hutchinson county grading and drainage structures on eight miles of No. 5 from Quanah to Goodlet, Tibbetts Construction company, Fort Worth, \$42,085.

Counties Given Aid
 Counties aided: Nacogdoches, around \$70,000 for graveling 15 miles of highway.
 Madison and Houston, \$150,000 state aid, \$75,000 county money, for bridge over Trinity river on No. 21.

Hutchinson Situation
 Hutchinson contingent on written apology from county officers to commission, survey of 117 from Panhandle to Spearman by way of Borger and Slatnet ordered and location of 13 miles of road north of Slatnet incident for proposed maintenance.

Archer, Wichita and Clay route from Wichita Falls to Byers bridge, designated as state highway and Archer county request for designation from Jack county line to Archer City by Withnail granted.
 Gray Gilchrist authorized to survey for relocation No. 33 from Pampa to Roberts county line.
 Willacy investigation of application for designation from No. 96 at Raymondville to No. 12 at Hidalgo ordered.

SHIP SEEKS TO REACH WILKINS IN POLAR ZONE

GENERAL MOTORS WELL OUT IN FRONT FOR QUARTER EARNINGS

LONDON April 25.—The steamship *Minna* was headed for the ice-bound waters off Green Harbor, Spitzbergen, today to bring Captain George H. Wilkins to Europe. The ship was ordered to approach as near Green Harbor as possible and take on Captain Wilkins and Carl B. Eielson and the airplane in which they flew across unexplored polar regions.

The ship, owned by the Northern Exploration company, was at Honningsvaag, Finmark, Norway, when sailing orders were received. It was expected to reach the mouth of Isfjord (Ice Fjord) Spitzbergen, on which Green Harbor is located, about Saturday. It was hoped that the fliers would be brought to Tromsø, Norway, early next week.

Indications were that as soon as possible Wilkins would begin active preparations for a flight to the south polar regions. He has already drawn up a tentative program for exploration in the unknown regions of the Antarctic and hopes to start for there about the beginning of September.

AUTO CONCERN CONTINUES ITS FINANCE LEAD

GENERAL MOTORS WELL OUT IN FRONT FOR QUARTER EARNINGS

NEW YORK April 25.—The General Motors corporation today maintained its position as the world's premier industrial concern, with its reported net income for the first quarter of \$69,468,576, as compared with \$25,907,139 for its nearest competitor, the United States Steel corporation.

Substantial Gain
 The automobile corporation showed a substantial gain from its net income of \$52,551,408, while its steel-making contemporary fell well behind its last year's figure of \$20,924,338. General Motors' income was equivalent to \$3.86 a share on the common stock, compared with \$2.90 a share last year while U. S. Steel's earnings per share amounted to \$2.21, compared with \$3.93 in the first quarter of 1927. Last year's steel earnings, however, were computed before the distribution of the 40 per cent stock dividend, while the motor corporation's 1927 earnings per share were calculated on a comparable basis, despite the 100 per cent stock splitup last autumn.

Total earnings of the steel corporation for the quarter amounted to \$40,834,032 against the \$45,584,725 in the same period of last year, and \$31,247,529 in the preceding quarter. After the regular quarterly dividends of \$1.75 each on common and preferred stocks, a surplus of \$2,673,541 remained, which compared with a deficit in the preceding quarter of \$4,963,499.

Auto Sales Increase
 Alfred P. Sloan, Jr., president of General Motors, reported that sales to users totaled 423,013 cars in the first three months of this year, compared with 329,310 cars on the related period of 1927. Cash, U. S. government and other marketable securities held at the end of the quarter totaled \$160,068,830.

Regular quarterly dividends of \$1.75 each were declared by steel corporation directors on the common and preferred stocks. Distribution on the common will be made June 29 to holders of record May 31, and payment on the preferred will be made May 29 to stock of record April 30.

Dividend action on General Motors stocks is not due at this time.
