And the fans shouldn't be disoppointed — the two friendly rivals will be toeing the line, hoping to strengthen their respective records. The Mavericks are undefeated after two outings and the Loboes have been beaten only by Ranger.

Coach Millard Glass and his Mavericks downed Comanche 7-6 and Rising Star, 14-6. Ranger downed Cisco 15-13 and Cisco last week unseated Albany 34-0. The Loboes were victorious in Maverick Stadium last year.

The Eastland squad is in top shape Coaches Harold Price and Shirley Frazier report, with the exception of Bill Bass, who'll be out of the lineup again, as the result of a broken arm. He missed the Rising Star tilt.

Probable starters for Eastland are Quarterback Jerry McCullough, End Ted Martin, Fullback John Moylan, Halfback Layne Gregory, Halfback James Fullen, End Larry Wilson, Tackle Rodney McCoy, Tackle Tony Lowrance, Guard Bill Boles, Guard David Hazard and Center Rodger Terrell.

The 1965 Eastland United Fund campaign is underway and enthusiastic volunteers expect a speedy drive to raise the $7,350 budget that benefits so many here.

Some half - a - hundred workers reported for a Kick-Off Breakfast early Wednesday morning at the White Elephant, and were challenged with true missionary zeal by Drive Chairman Jack Arrington who predicted that the UF thermometer will be erected soon on the Courthouse square and that it should go up with the goal attained.

"You're working with the best people in the world, so there's no reason why we can not wrap up this campaign soon," Arrington said, urging workers to contact, tell the UF story and turn in completed reports early.

Calling those present the leaders, he impressed on them the importance of everybody helping "the little people" and the "little people in need." Local participating agencies and their budget include: Eastland Teenage League, $90, Boy Scouts, $1400; Texas Rehabilitation $250; United Fund, $50; Salvation Army $1,000; Red Cross, $1,300; YMCA, $1,200; Little League, $900; Cerebral Palsy, $150; and campaign expenses, $200.

Indian Progress Cited for Club By SCS Visitor

Presently in Eastland observing Soil Conservation Service practices implemented by the SCS office, Mr. Dutta was introduced by E. E. McAlister, local SCS manager, who pointed out that the American housewife averages spending only 20 per cent of her family's income for food, while in Japan, the per centage is about 42, and in Russia today about 60 per cent, indicating that food costs are less here because of cheaper production costs.

2 Accused of Taxi Theft Are Now In County Jail

The two men charged with the Friday night robbery of Eastland Taximan Fritz Jones were to be brought back to this county Tuesday night by Deputy Sheriff Loy Williams and former County Sheriff Lee Horn, from Arcadia, La., Sunday.

County Sheriff L. E. Sublett siad the two have been charged with armed robbery and car theft. The two, Chester Breeden, 29, of Canton, Ga., and Tommy Smith, 20, of Rt. 5 Atlanta, Ga., were in a group of four persons who came to Eastland last Thursday night. Two of the four were captured at the scene of a burglary at the Old Rip Cafe on U. S. 80 in the east edge of Eastland, the sheriff said. The two are Donald Shoemaker, 21, and Frankie Cross, 24, and are now in county jali. Shodmaker is the Cross woman's nephew and Tommy Smith is her brother, he said.

Sheriff Sublett and Deputies Williams and J. L. Shook, went to Weatherford Friday night and assisted in a gigantic search Friday night and Saturday for Breeden and Smith.

The two men abandoned the auto taken at gunpoint from Taxi man Jones near Weatherford and later a pickup truck was reported stolen in Weatherford. They were in the pickup when caught, Sublett said, indicating a violation of the interstate transportation of a stolen vehicle act.

Jones had taken the two men as passengers to Olden Friday night where he was robbed, bound, and placed on the back seat of his car as the robbers drove east on U. S. 80. He escaped from them at the restaurant at the west edge of the Brazos River bridge.

Jones told police that while he attempted to escape from the pair at the River Bridge Cafe, a man in a house nearby watched the proceedings without responding to Jones' calls for help.

Control of doe killing in Eastland County will be in the hands of land owners in the future if Parks and Wildlife Commission proclamation is adopted, as it is expected to be.

A public hearing was held in Eastland County Monday evening and 35 persons attended, hearing a report on the proposed proclamation and expressing their opinions regarding the provisions.

The Parks and Wildlife Commission was given authority to control the means and methods of taking game, the bag limits and the open seasons, by an act of the last state legislature.

INDIAN PROGRESS -

(Continued from Page 1.)

ples worship of nature, and the British rule from 1833 to 1947. Of the present Pakastan border dispute, he said, "These people are jealous of the Indian people's progress since we got our independence".

Concerning the dams, he said that the country's agricultural attempts were largely unsuccessful during the first Five-Year Plan and that it was decided that dams for water control was needed during the second Five-Year Plans. Some 8 million have been built, and then the country finds that it needs better conservation practices to protect the dams and the country's natural resources. Many millions of acres are being irrigated now, he said, and explained that food production is approaching the national need from year to year, but that if the country's population increase is not curtailed, and during years of natural disaster, the supply falls far short. Present population of India is some 438 million he said, and the country's area is roughly one-third that of the United States. Average farm holding is about five acres he said.

Mr. Dutta's home, where his wife and children are now, is only some 150 miles from the troubled Pakastan-Indian border, and he is understandably worried about them.

In discussing languages, he said that the Indian children are being taught the international language of English, the natoinal language of Hindu, and their own local language (any one of 14 predominent in the country.)

Guests also included Bill Garner of the local SCS office and Royce Taylor of Cisco. New Lion, Tom Staggs was introduced. The club voted to purchase eye glasses for a Desdemona youth.

UF CAMPAIGN . . .

(Continued from Page 1.)

Buck Wheat, James Smith and Charles Freyschlag.

The Eastland UF campaign have never failed to go over the top, it was reported, and the same is hoped and expected early this year by officials. Purpose of a unified drive to support the many worthwhile campaigns is to eliminate many indivinal drives, and it has worked wonders in Eastland, it was said.

Each participating agency is screened and their requests to the UF for operating funds evaluated by the number of persons benefitted. Serving on the budget committee this year were J. H. Parks, Willard Griffin, Luce Pittman, Bill Hart and M. H. Perry.

Boy Scouts of Troops 103 were official "alarm clacks" for the UF volunteers Wednesday morning, making telephone calls early in order to allow the workers to be in place for the 7 a.m. meet.

Hammered home repeatedly throughout the meet, and sure to be echoed throughout the drive, was the slogan. "A DAY'S PAY — THE UNITED WAY."

DOE-KILLING . . .

(Continued from Page 1.)

doe survey is presently being made in the county, the results of which will be published soon. The Commission will determine, based on this census, if a surplus of doe exists in various sections of the county. Then permits will be issued to the concerned landowners in the area where there are surpluses. in turn, the landowner, may elect to pass the tags along to hunters for kill, or keep tags and let the doe surplus remain.

Heretofore, doe tags have been distributed by the County Clerk's office (as many as 1,000 a year), and the kill unrecorded.

Both land owners, sportsmen and others from all parts of the county were present at the Commissioner's Courtroom meeting. Method of deer surveying was explained as a walking and observation system, being used throughout the state, and copied by others atates.

CHARLES CRAWFORD CHAPTER PROMOTES CONSTITUTION WEEK

The Charles Crawford Captter, Daughters of the American Revolution, has joined with the national organization in urging the observance by all citizens of Constitution Week Sept. 17-23 announced Mrs. Joe Clements, Regent.

Mrs. Clements reminded citizens of the following words of the late President John F. Kennedy in 1962: "At a time of stress, unrest and revolution in the world around us, it is wise and helpful to reflect upon our heritage of courage and imagination, and our solid base of liberty. Our nation was born of crisis and change, and our institutions were forced in the fires of oppressions. Our experience with freedom and democracy can offer assurance to the world that this system is better able to survive political and economic assaults than any other. . .we are better able to act with patience instead of anger, calm instead of confusion, because we are confident of the atmosphere of freedom and opportunity in which we live."

This year marks the 176th anniversary of the signing of the Constitution of the United States of America, Mrs. Clements said, and "the week of Sept. 17-23 affords us all an opportunity to study again this the greatest of all documents, the Constitution of the Unted States, and to review the circumstances under which it was born.

"This American ideal is embodied in our nation's intergrity and honor. It is in our homes where respect for the rights of others is taught by precept and example," Mrs. Clements continued. "It is a part and parcel of our Bill of Rights and the Constitutional concepts which recognize that all men are free and equil, endowd by their creator with inalienable right of life, liberty and pursuit of happiness," she added.

Insurance is a Life-time Affair —
. . . . and is so considered by those who figure safety as a business and protection as an investment. The fact that a person has carried insurance all his life and never had a claim does not mean that he has lost his money premiums. Rather has he gained them because he invested in safety, got protection and lost none of his property. If we buy insurance for what it really is the most of our financial problems will solve themselves.

Gift Book Reflects Quality Demand

"The American housewife is a far more knowledgeable and selective person than she was 10 years ago, and any company that caters to women recognizes that fact."

That's according to Curtis Carlson, president of Gold Bond Stamp Co., who attributed much of the design and content of his company's just-released gift book to increased cosumer demand for quality as proven in recent surveys by Bussiness Week magazine.

"The trend is reflected in many areas. Stamp savers who once wanted transistor radios now want FM sets. Families have more leisure time, and they want games, sports equipment and all manner of entertainment and hobby gear."

"Families are far more mobile. They travel more. They have more discretionary income — dollars over and above the money needed just for necessities."

"Like most other companies in consumer-oriented business, Gold Bond lives with these facts constantly. Our new gift book — from the gold roses on the cover through the minks and cashmeres and Hawaiian travel — reflects this growing recognition by the American consumer of good quality," Carlson said.

The Gift Shop at 510 E. side Corner St., Eastland, is local Gold Bond Redemption center. Mr. and Mrs. Wayne Bailey are propritors.

"Shopping in the new book has been simplified with the gifts grouped into categories and indexed on the back cover," Carlson said. He said that the book was designed to show the gift merchandise accurately and as an attractive addition to home magazine racks.

An import section, new this year, includes decorative and functional items from England, Canada, and Trinidad — areas in which Gold Bond operates — besides gifts from France, Holland, Germany, Greece, Africa and other countries, again recognizing consumer awareness of international styles and modes of living.

Pages on men's and women's fashions, baby needs, toys, equipment for sports, hobbies, and the outdoors, household and kitchen items, furniture, linens, and bathroom accessories round out the gift book.

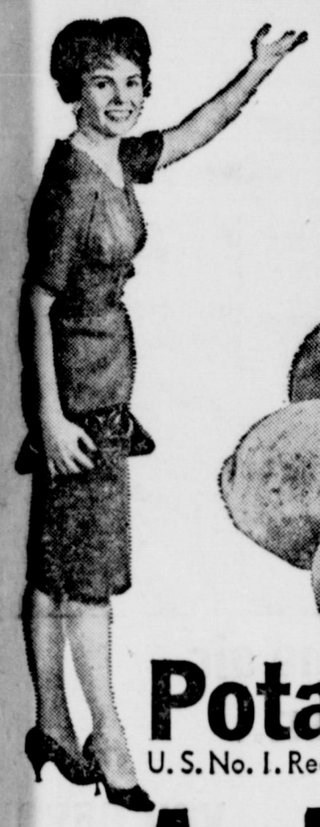

The book's 'Showcase' theme will be repeated in display materals for Gold Bond gift centers and stores distributing the stamps and special coupons entitling shoppers to extra stamps will be printed in newspapers and store circulars as a gift book introduction special.

Gold Bond's group project plan caters to the groups of clubwomen whose memberships are keeping pace with the population increase and who are saving toward large items like cars or trips to Europe for their clergymen or for student travel programs. Most groups begin saving for another goal as soon as they have completed one project.

The catalog is available beginning this week at Safeway, Mac Moy Super Save and White's Food Store in Eastland and at Stovall's Grocery in Morton Valley.

BOY SCOUTS 12th WORLD JAMBOREE SET IN IDAHO

Farragut State Park, Idaho has been named as the sit for the 12th World Jamboree in August 1967 with the Boy Scouts of America as host. The 5,000 acre park is located in northern Idaho on the shores of Lake Pend Areille, About 50 miles northeast of Spokane, Washnigton.

It is expected that 17,000 Scouts from nearly 100 counries will take part in what will be one of the largest representativet gatherings of youth ever held in the free world. About 5,000 members of the Boy Scouts of America will be accepted for the world encampment compared with the 53,000 who attended last year's National Jamboree at Valley Forge, Pennsylvania.

Cheif Scout Executive Joseph A. Brunton of the Boy Scouts of America stressed the importance of the 12th World Jamboree as a demonstration of world brotherhood and said, "We should use the power of Scouting as an international force of peace. We should strive to make the spirit of Scouting prevail in all nations."

The invitation to the Boy Scouts World Conference from the Boy Scouts of America was unanimously accepted in August 1963 in connection with the 11th World Jamboree held on the plains of Marathon near Athens, Greece. The 12 World Jamboree will be the first ever held in the United States. The only other World Jamboree ever held in the Western Hemisphere was in Canada in 1955.

Numerous sites in the United States were considered and inspected before the final decision for the Farragut Park location was made. In addition to weather, scenery, av-Ailability of supplies and transportation, and opportunities for swimming activities, the Idaho site will give an opportunity for Scouts from other countries to view a greater expanse of this country as they travel to the State Park.

The dates of August 1-9 in 1967 have been chosen, as they have special significance because they coincide with the 60th anniversary of the first experimental Boy Scout camp conducted on Brownsea Island off the English coast by the founder of Scouting, Robert S. S. Baden-Powell.

The first World Jamboree was held in England in 1920, and, in a spontaneous tribute, Baden-Powell was named as Chief Scout of the World. The first Jamboree was attended by representatives of 34 countries.

Other World Jamborees have been held in Denmark, Holland, Hungary, England, France, Austria, Canada, The Phillippines, and Greece.

As a part of the 1967 World Jamboree. Scouts from many of the 523 local councils of the Boy Scouts of America will have the opportunity to serve as hosts to Scouts from other countries. Although the Scouts will speak 26 different languages, experience at previous world Jamborees has shown that language barriers fall quickly as boys get together as brother Scouts.
