Announcement that Chere Reneau has been selected to go to Germany as an AFS student this summer called our attention to the fact that the American Field Service program here is rounding out a decade.

Edna Venegas Francas of Sao Paulo, Brazil, whose selection was announced several weeks ago, will be the 10th foreign student to attend Snyder High School under AFS sponsorship.

The first was Stiga Fernstrom of Finland, who came here in 1959.

The local AFS organization has participated regularly in two of the American Field Service programs for several years. In 1960, Dick Martin went to the Philippines for a summer session in the "Americans Abroad" program.

There has been a skip or two in the summer program, but a foreign exchange student has been in Snyder High School every year since 1959.

The AFS program here began as a project of the Snyder High School Student Council. After a couple of years, a community AFS chapter was organized, bringing many organizations, business firms and individuals into participation.

There have been students here from Chile, Finland Germany, Sweden, Italy, South Africa and Miss Francas will be the third from Brazil.

In addition Snyder has been selected twice as an AFS summer bus stop. In 1965 and 1967, buses transporting some 40 or more AFS students from western states to New York, made two - day stops here.

Followng the shooting of Sen. Robert F. Kennedy in Los Angeles, Calif., Wednesday, someone inquired about dates of assassinations of U. S. Presidents. The first was Abraham Lincoln on April 14, 1865, and the second was James A. Garfield on July 2, 1881. The third was President John F. Kennedy on Nov. 22, 1963.

Incidentally, early - day presidents may have felt some anxiety each year as Independence Day approached. Three of the first five presidents died on July 4. John Adams, the second president, and Thomas Jefferson, the third president, both died on July 4, 1826, while James Monroe, the fifth president died on July 4, 1831.

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, June 6, the 158th day of 1968. There are 208 days left in the year.

Today's highlight in history:

On this date in 1944, Allied forces landed on the Normandy beaches of France. It was D-Day of World War II.

On this date —

In 1765, the American soldier and patriot, Nathan Hale, was born.

In 1799, the Russian poet, Alexander Pushkin, was born.

In 1871 Alsace was annexed to Germany after France was defeated in the Franco-Prussian War.

In 1918, during World War I, U. S. Marines went into action at Belleau Wood in France.

In 1942, the aircraft carrier Yorktown was sunk in the Pacific war Battle of Midway.

In 1945, Brazil declared war on Japan. The action left Colombia as the only nation in the Western Hemisphere not at war with Japan.

Ten years ago, Gen. Charles de Gaulle was visiting war - torn Algeria after taking office as France's premier.

Five years ago, scandal rocked Britain as John Profumo resigned as secretary of state for war after admitting an affair with the model, Christine Keeler.

One year ago Israeli military forces carved a 30-mile front along Egypt's Mediterranean coast and posed a threat to the Suez Canal.

To Be Buried In Arlington Cemetery

By WALTER R. MEARS

LOS ANGELES (AP) — Sen. Robert F. Kennedy, felled like his President brother by an assassin's bullet, died early today.

His mourning family prepared to take his body home to New York across the nation Kennedy had hoped to lead as president.

And on Saturday, the senator is to be buried in Arlington National Cemetery, at the hillside plot which is the resting place of his brother, the late John F. Kennedy.

Robert Kennedy, 42, never regained consciousness, never showed signs of recovery after a savage burst of revolver fire sent a bullet plunging into his brain—at the pinnacle of his own campaign for the White House.

Kennedy, his pregnant wife, Ethel at his bedside, died at 1:44 a.m. PDT, little more than 24 hours after the assault at the Ambassador Hotel.

Kennedy's body was to be flown from Los Angeles to New York later today on a jet airplane provided by the White House.

Pierre Salinger, former presidential press secretary, said the body would lie in state Friday at St. Patrick's Cathedral in New York City.

A Requiem Mass will be held there Saturday morning. Salinger said Kennedy would be buried late Saturday in Arlington, across the Potomac River from Washington, where an eternal flame flickers in memory of John Kennedy, slain four years and seven months ago.

In preparation for Kennedy's last journey, a post mortem was under way at Good Samaritan Hospital in downtown Los Angeles.

President Johnson, the man who succeeded President Kennedy, issued a proclamation calling for a national day of mourning for the senator next Sunday.

Gov. Ronald Reagan declared a state of mourning in California, for the period through the senator's funeral.

As Kennedy died, the man accused of shooting him was under heavy guard at a downtown prison hospital, held in $250,000 bail for a court appearance which had been scheduled Monday.

Sirhan Bishara Sirhan was accused of wielding the 22-caliber revolver which cut down Kennedy and wounded five other people early Wednesday as the senator and his supporters celebrated victory in the California presidential primary.

The Los Angeles sheriff's office refused to say whether Sirhan had been advised that Kennedy was dead.

Sirhan, a Jordanian who had been living in Pasadena, was described by those who knew him as a man inflamed over the hostilities between his native state and Israel. A former employer said he might have been enraged by Kennedy's past words of support for Israel.

Kennedy's mother, Mrs. Rose Kennedy, was told of the death of her son by a niece, Ann Gargan. She was at Hyannis Port, Mass. Mrs. Kennedy—who had campaigned for Robert in the presidential primaries—went to mass at St. Francis Xayier Church.

Mrs. Kennedy had talked by telephone with Sen. Edward M. Kennedy, D-Mass., the family's lone surviving son, who was at Robert's bedside at the end.

Kennedy was surrounded by members of his family when he died.

Salinger said Ethel, the widow, "is bearing up very well."

Sirhan's Note Told Of Plan

By RICHARD E. MEYER
Associated Press Writer

LOS ANGELES (AP) — His name is Sirhan Bishara Sirhan.

Police say he is a cool, close-mouthed Jordanian who fired a bullet from close range into the brain of Sen. Robert Kennedy.

Mayor Samuel W. Yorty says Sirhan apparently wrote in a 9-by-12 inch notebook about "the necessity to assassinate Sen. Kennedy before June 5, 1968."

Many — neighbors, former employers and the authorities — say he hates Jews.

He hurt his head in a fall last year, says his mother.

"All I know is he is a nice kid," says one of his four brothers.

He was under maximum security guard in a hospital ward at the Los Angeles County Central jail, charged with six counts of assault with intent to commit murder.

He is to appear at 8:30 a.m. Monday for a preliminary hearing before Municipal Judge Joan Klein.

Sirhan's index finger was broken and his left ankle sprained in a tussle that ended in his capture, seconds after Kennedy was shot early Wednesday.

Father Of Sirhan 'So Sorry'

TAIYEBA, Israeli-Occupied Jordan (AP) — The father of the young man accused of shooting Sen. Robert F. Kennedy locked up his house today and cried from a window: "I am sorry. I brought up my children to be good."

Scores of journalists converged on this sleepy mountain village 2,500 feet high overlooking the city of Jericho.

Bishara Sirhan, 53, a short, swarthy man who lives alone in his stone cottage in a field, then retreated behind the shutters and would only say:

"I am very, very sorry. I brought up my children as best I could and to fear God. I am sorry for what happened."

Firearms Bill Is Restudied

WASHINGTON (AP — The House, heeding appeals to approve legislation the late Sen. Robert F. Kennedy had fought for in the Senate, appeared ready today to pass a bill that would ban interstate mail-order sales of pistols.

"If there is one man who would want this bill passed it is Sen. Kennedy," Rep. Willam T. Cahill, R-N.J., told the House Wednesday.

Kennedy and his brother, Sen. Edward M. Kennedy, D-Mass., sought during Senate consideration of the bill to include a ban on interstate mail-order sales of rifles and shotguns, but the Senate declined to do it. A mail-order rifle killed their brother, President John F. Kennedy.

"If we act now," Robert Kennedy told the New York City Council last August, "we can save hundreds of lives in this country and spare thousands of families all across this land the grief and heartbreak that may come from the loss of a husband, a son, a brother or a friend."

Acting within hours of the Los Angeles shooting, the House voted Wednesday against sending the bill to a Senate-House conference committee where there was any possibility it could be altered.

Pickets gathered outside the National Rifle Association headquarters in Washington. One placard read: "Congress must act on gun bill."

The Kennedy shooting was denounced as "a terrible tragedy . . . a senseless act" by Franklin Orth, executive vice president of the NRA, by far the strongest group opposing the legislation being debated by Congress.

But even if the proposed restrictions were already on the statute books, Orth said, it is doubtful they would have prevented the shooting.

'Trade Day' Plans Made For Saturday

Plans are shaping up for a "Trade Day" event here Saturday, Chamber of Commerce spokesmen said this morning.

The Trade Day proposal was made several weeks ago by the Chamber's Merchants' Committee.

Residents throughout the area who have items they wish to trade, or swap, are invited to bring them to town Saturday. Space will be provided for displaying the items.

The city granted permission for roping off the streets on the east and south sides of the square for the Trade Day event. Also, arrangements were to be made for a Trade Day area in the Highland Shopping Center. Meanwhile, local merchants, who planned the event, are planning to step up their own merchandising plans for the day.

HAPPY STUDENT—Chere Reneau, Snyder High School student, has been selected for study abroad in Germany this summer under auspices of the American Field Service.

Snyder Student Is Going To Germany

Chere Reneau, an enthusiastic, talented 16-year-old, who will be a senior at Snyder High School next fall, is on "Cloud 9."

The reason for her excitement is her selection for study in Germany for six weeks this summer as an exchange student by the American Field Service. She probably will receive word soon where she will be studying and identity of the German family she will be living with.

Chere applied for study last November. In March she was notified that she was one of the finalists.

Early this week, she received notice that she has been chosen for study in Germany. Notification also was sent to George Killam, local coordinator for the program.

The daughter of Mr. and Mrs. R. R. Reneau, 2807 Thirty-third Street, Chere was a cheer leader for the Tigers last year. An accomplished young musician, she plays the piano and the vibes. Her hobbies include horseback riding and her main interest of study is in political science and law.

"I'm really thrilled to be going to Germany," said Chere.

President Names Commission To Seek Cause Of Violence

By FRANK CORMEIR
Associated Press Writer

WASHINGTON (AP) — A somber President Johnson has named a blue-ribbon commission to seek the causes of violence in the land—violence that has now stricken Sen. Robert F. Kennedy.

The chief executive expressed his shock and dismay over the shooting of Kennedy in Los Angeles and told a national television-radio audience Wednesday night that violence, murder and assassnation must stop.

"My fellow citizens, we cannot, we just must not, tolerate the sway of violent men among us," he said.

"We must not permit men who are filled with hatred, and cowards at unusual times, to dominate our streets and fill our homes with fear."

Declaring that "I hope and pray that we can learn how to stop it," Johnson announced creation of a 10-member commission to immediately examine what he termed "this tragic phenomenom" of violence and assassination.

He enjoined the commission to seek the help of medical and social scientists in searching for root causes of violence. The panel also will study further steps to prevent assassination and how better to protect public figures.

Commission members include Dr. Milton S. Eisenhower, former president of Johns Hopkins University and brother of former President Dwight D. Eisenhower; Roman Catholic Archbishop Terence J. Cooke of New York, and veteran Congress members.

No chairman was named immediately.

During his 11-minute address, the President spoke with considerable force and intensity. He deplored the Kennedy shooting and praised the senator's "brilliant career of public service," his "uncommon energy and dedication."

Johnson said there was a connection between hatred and lawlessness and the individual act of violence against Kennedy. But he said it would be wrong to conclude "that our country is sick, that it has lost its sense of balance, its sense of direction and common decency."

Mopup In Cholon Almost Completed

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — New fighting broke out inside Saigon today after South Vietnamese rangers had reported crushing the last pocket of Viet Cong resistance in Cholon, the city's Chinese section. Mopup operations also continued on the northeast fringe of the capital, in the suburbs of Gia Dinh.

Bands of Viet Cong guerrillas and North Vietnamese soldiers slipped to the west of a four-block area in Cholon and outmaneuvered the government rangers who had seized the third floor of a large building near a Roman Catholic church. The Viet Cong maneuvered into the second floor of the building, cutting the rangers off.

Government tanks were blasting the building, 2½ miles west of the presidential palace, with 90MM cannon. AP photographer Horst Faas, at the scene, estimated there were only a handful of Viet Cong still holding out and said, "They must be dead or wounded by now because the tanks are blasting every room in the building."

Earlier, in reporting Cholon cleared of Viet Cong after seven days of street fighting, the rangers said they killed 30 guerrillas in the "final" assault, including a battalion commander.

The U.S. Command announced meanwhile that 438 Americans were killed in action last week and 3,870 wounded, the highest total casualties for any week of the war. The number of killed was only 12 more than the week before, while the numbr of wounded were 1,183 more.

No Progress In Lengthy Session

By JOHN M. HIGHTOWER
AP Special Correspondent

PARIS (AP) — The Vietnam ceasefire talks were bogged down today in their longest session so far, but both the United States and North Vietnam have given the impression that they want to keep the talks going indefinitely.

U.S. Ambassador W. Averell Harriman and Ambassador Xuan Thuy of North Vietnam talked for almost four hours Wednesday in their seventh session in four weeks, made no apparent progress toward de-escalating the war, and adjourned until next Wednesday, largely at North Vietnam's suggestion.

Thuy maintained his demand that all attacks on his country must stop before other issues are discussed. Harriman continued to call for North Vietnamese de-escalation to justify any further limit on American military operations.

Hanoi made a probe to find out whether North Vietnam is in process of softening its position on ending the bombing. Thuy's first reaction was negative; he again asked when the United States would stop all bombing.

The probe was based on a statement made by the North Vietnamese Communist party newspaper Nhan Dan last week. It said the United States must "acknowledge its responsibility" for stopping all attacks on the North. Later, according to U.S. diplomats, Hanoi changed the wording to say the United States must "determine" its responsibility.

Randolph Churchill Dies In London

LONDON (AP) — Randolph Churchill, only son of the late Sir Winston Churchill, died early today. He was 57.

Randolph Churchill, who was engaged in writing a series of volumes about his father's life —a task he had not completed, had been reported not well for some time.

He was twice married but both marriages ended in divorce. He leaves one daughter, Arabella, and a son, Winston.

His mother, Lady Spencer Churchill, is serving as a member of the House of Lords, having been created a baroness after the death of Sir Winston.

Favor Limit On Campaign Spending

PRINCETON, N.J. (AP) — A majority of adults surveyed favor a law that would limit campaign spending, the Gallup Poll reported Wednesday.

A national survey completed last week asked, "Would you favor or oppose a law which would put a limit on the amount of money which can be spent for or by a candidate in his campaign for public office."

The poll said 68 per cent favored such a law, 24 per cent were opposed and 8 per cent had no opinion.

Three Get Scholarships To WTSU

CANYON — Three Snyder High School graduates have been awarded applied music scholarships by the music department at West Texas State University for the 1968-69 session.

The awards cover cost of private instruction, according to Dr. John E. Green, chairman of the WTSU music department.

Winners are Doris Everts, Jim Davis, and John Thomas. They auditioned for the awards by performances on the saxophone, flute, and trumpet, respectively.

Daughter of Mr. and Mrs. J. W. Everts, 3112 Avenue C, Miss Everts was a member of the All - District and All - Region bands for two years. She earned superior ratings in the University Interscholastic League contests for four years, and she was named the outstanding stage band member at the West Texas Music Camp in 1967.

Drum major at Snyder in 1964, Davis was named this year to the All - Region Band. Son of Mr. and Mrs. Jimmy A. Davis, 1101 Twenty - ninth Street, he earned superior ratings in UIL solo contests for the past five years.

Son of Mr. and Mrs. Lewis L. Thomas, 202 Thirty - sixth Street, Thomas holds two superior ratings in UIL ensembles contests and a superior rating in UIL solo contests.

Demand For Water Lags During May

Slightly lower oil production schedules coupled with continued cool, wet weather to lessen production demands on the Colorado River Municipal Water District during May.

Figures compiled by Paschal Odom, assistant to the general manager, showed 1,116,674,238 gallons delivered during the month, or 17.06 per cent under May of 1967.

Member cities required only 73,151,000 gallons as compared with 972,996,000 gallons in May of 1967, or down 24.24 per cent.

Oil companies used 379,523,238 gallons or 1.66 per cent over a year ago. The companies had been taking up part of the slack created by sharp municipal declines during the wet spring, but a decline in production allowables also cut water use by the oil concerns. Four of the six million gallons gain was by a new customer of the district.

During May Odessa required 433,140,000 gallons, down 21.23 per cent; Bg Spring 247,139,000, down 26.12 per cent; Snyder 56-872,000, down 35.81 per cent.

Through the first five months of the year the district has delivered 4,462,321,680 gallons, or 13.56 per cent less than for the same period a year ago.

Thefts Reported

Thieves took the billfold of Jerry January, 3733 Avondale, from his car while it was parked on the west side of the Towle Park swimming pool between 3 p.m. and 4 p.m. Wednesday. The wallet contained $70.

Someone also removed a watch from a night stand in the bedroom of Kye Nitsch, 304 Twenty - eighth Street, between noon and 2 p.m. Tuesday.

11-Year-Old Boy Dies

Funeral for Pedro Antu, Jr., 11-year-old son of Mr. and Mrs. Pedro Antu, Sr., Route 3, Snyder, is pending at Bolger Funeral Home.

Justice of the Peace J. P. Billingsley ruled that death resulted from natural causes. The boy died at home about 8:30 a.m. today. His mother called Snyder Ambulance Service and they notified authorities. He had been in ill health for some time.

Also surviving are three sisters, Lupe, Beatrice and Carmen, all of the home.

Plea Is Entered

Malcolm White, Snyder, pleaded innocent Wednesday in County Court to a charge of driving while intoxicated. Bond was set at $500.

The offense allegedly occurred Tuesday. The suspect was arrested by City Police.

Paris Wheels Moving Again

By STEPHENS BROENING

PARIS (AP) — Public transport began moving today throughout most of France after 20 days of strikes and social turmoil. Paris subway and bus lines quickly reached a virtually normal level of operation.

Railroad services, both long distance and suburban, started up at the North, St. Lazare, Montparnasse, Invalides and Lyon stations.

Only the taxis were still absent from the streets of Paris. The drivers are to decide Friday whether to return to work.

In view of the uncertainty of the transport situation early this morning, many suburban Parisians drove to work. Huge traffic jams built up and drivers appeared to lose the unaccustomed patience and good humor they had shown earlier this week. Gollic cruses frequently erupted. Paris was returning to normal.

Abby Hits Jacksonville

JACKSONVILLE, Fla. (AP) —Tropical storm Abby, blamed for seven deaths in Florida, hurled a 65-mile-an-hour winds at Jacksonville beach today, toppling trees and power lines and flooding streets.

Described by weather men as a poorly organized storm, Abby spun north in the Atlantic near latitude 29.3 north, longitude 81.0, a short distance north of Daytona Beach.

Storm warnings and a hurricane watch were in effect from Melbourne to Charleston, S.C.

"Heavy rains will spread into the extreme eastern portion of Georgia this morning and into most of South Carolina this afternoon and tonight," the National Hurricane Center at Miami said. "Some local flooding is likely."

Abby's arrival in Jacksonville prompted Duval County officials to close schools.

Forecasters warned of rough seas and tides three to five feet above normal along the northeast Florida coast during the morning, reaching similar levels later in the day along the Georgia coast to Charleston.

VFW Auxiliary Juniors Get Thanks From Vietnam

The Scurry County Junior Girls Unit of Ladies Auxiliary to the Veterans of Foreign Wars has received word concerning a recent shipment of clothes the Unit sent to Vietnam.

The gifts were sent last December in response to a request for aid in helping to organize an orphanage.

The letter, which was received from Bill Thompson, who is helping with the refugee — orphan program in Vietnam, follows:

"Dear Fellow Americans:

"It is with deep gratitude and appreciation that I make this humble attempt to thank you for your gifts to the thousands of underprivileged and needy children of South Vietnam. Truly, this was a worthy cause! Your individual contribution, together with many thousands from citizens representing nearly every state in the union, totally exemplified the 'Spirit of America' and brought tribute to our country.

"Your gifts were distributed to the Vietnamese children throughout the country. Words alone cannot express the emotions displayed by these children, yet the tear drop on a cheek, that winkle of certain delight and the smile of true happiness go a long way in saying what the children felt.

"My only regret is that I could not be as timely in my reply as you were in sending your many contributions. In behalf of the Vietnamese children, let me again say thank you from the bottom of my heart and may God bless you.

"Sincerely,

"Bill Thompson."

The Unit recently elected officers for the coming year. They were installed at a business meeting by District 8 President Mrs. G. T. (Ethel) Sowell. Officers installed were Janice Holcomb, president; Sue Biddle, senior vice president; Janice Collum, junior vice president; Barbara Biddle, treasurer; Linda Sowell, chaplain and secretary; Debra Collum, conductress, Jannie Ervin, guard; Jennyfer Ervin, patriotic instructor; Kellye Ervin, musician; and, Janie Biddle, historian.

Mrs. Sowell, counselor of the unit, reported that she has received word that the church project started last year has been completed and that the church is in operation. Details on the church were to be announced later.

Futuristic Fantasy

If all the people in the world were represented in a town of 1,000 population, only 160 of these inhabitants would be Americans. The remaining 840 would be from other lands.

When you narrow the world's population down to that perspective, it becomes even more amazing that the population of the United States, with only one - sixth of the world's land area, produces and consumes from 25 to 30 percent of the world's supply of beef, veal, pork and lamb.

In this country, each consumer spends a little less than 18 percent of each after-tax dollar for food. In Russia,the food percent of each after-tax dollar for food. In Russia, the food tab comes to 53 cents out of each dollar.

Job Hunting?

American agriculture, source of America's food supply provides nearly 12 million jobs and thousands of businesses related to food and farming, from manufacturers of farm equipment to distributors of the final product. Farmers and their families also contribute to the health of the national economy through their annual expenditure of about 40 billion dollars a year for goods and services.

Methodist To Study Resolution

HOUSTON (AP) —A resolution upholding the right of dissent in American life while upholding the rule of law has been approved by delegates to the Texas Conference of the United Methodist Church.

An amendment tacked on to the resolution Wednesday asked that Bishop Paul E. Martin appoint a committee to study the resolution. The committee will be composed of an equal number of laymen and clergy.

The resolution states that the church does not believe in lawlessness, riots or civil disorders. It said the church upholds the rule of law while affirming the right of an individual to obey what he considers to be the will of God.

Another resolution approved prohibits barring any person from church services because of color. The resolution said such exclusion is—"an offense to the Gospel of Jesus Christ."

The Texas Conference is expected to approve the merger of the Negro and white Texas annual conferences effective June 1970. The Negro Texas Conference approved the merger two weeks ago.

Bishop Martin, who has served as the bishop of the 11-district conference since 1960, was honored by delegates during a special worship service. He will retire next month after having completed 46 years in the ministry 24 of which as a bishop.

The appointment of clergymen and district superintendents will be announced Friday.

An Hour Of Labor

The cost of individual food items in terms of labor required to purchase them shows a substantial reduction since 1947. For example, an hour of labor today purchases about 70 percent more beef and about 75 percent more pork than it did then.

Jaycee Track Meet Set Here Saturday

Today is the final day for filing applications to enter the Jaycee Track Meet to be held in Tiger Stadium Saturday, according to an announcement by Les Francis, chairman of the project for the Jaycees.

He said entries will be accepted at the field house. Application forms also ar available at Bullard's Athletic Center and at the high school gym. Entry fee is 50 cents per event. Winners will compete in a State Jaycee meet this month.

Thre will be divisions for both boys and girls with competition in three different age groups — 13 and 14, 15 and 16 and 17 and 18.

A special mile run for men also has been added to the events, according to Coach Bill Hartsfield, Meet director. He said each entrant will "guess how long it will take him to run the mile." The man who completes the event in the time closest to his guess will be declard the winner.

The Meet probably will get underway with field events about 7 p.m. Saturday, although definite schedules will be worked out today.

"We've got 15 entries and more are expected today," said Francis.

Winners at the state meet will compete in a national meet at Eugene, Oregon.

Big Mat Card Slated In Coliseum Friday

Wrestling returns to Snyder at the Scurry County Coliseum at 8:30 p.m. Friday with another giant wrestling card.

The main event will be Terry Funk Vs. the Hangman. The last time wrestling was in Snyder the Hangman got his hangman's noose over Terry's head, hanging him and giving him a sound beating.

The Hangman is one of the toughest wrestlers to come to Texas in a long time. He claims he was the executioner for the state of Utah. He is unbeaten in this part of Texas.

Terry Funk, the youngest of the Funk family, has asked for this match, and he says he will prove to the people of Snyder that he can beat the aggressive Hangman. This will be one of the best matches ever seen in Snyder.

The special event will be one of the biggest attractions in wrestling today and will be a first for Snyder — the Midget girls. Little Darling Dagmar Vs Dionand Lil. The Little Darling Dagmar weights 85 pounds and stands 42 inches high. Her opponent, Diamond Lil, weighs 87 pounds and stands 43 inches high. These little girls amaze the fans with their speedy, fast style of wrestling. They never fail to keep the fans standing with excitement.

The semifinal will be a tag team match — Ricky Romero and Nick Bockwinkle Vs. Kurt Von Brauner and the Sniper. Ricky Romero and Nick Bockwinkle — two of the most popular wrestlers in Texas today — will be making their debut in Snyder Friday night, to the delight of their many fans. They will be taking on one of the biggest tag teams in wrestling today.

Kurt Von Brauner, who weighs 250 pounds, is the biggest and toughest of the Von Brauner team. His partner, a newcomer to these parts, is the masked sniper from Tennessee. He stands 6-5 and weighs 290 pounds.

The opening match will be The Lawman going against Billy The Kid Garrett.

For reservations, call or go by the Scurry County Coliseum (573-9811). Ringside tickets cost $1.50, general admission $1.25, and kids under 12 $1.

Yankees Flail Minnesota 7-2

By HAL BOCK
Associated Press Sports Writer

It was a simply grand evening for Joe Pepitone and Dave Johnson but not so good for Buddy Bradford.

Pepitone drove in six runs—four of them with a grand slam home run—leading the New York Yankees to a 7-2 romp over Minnesota Wednesday night.

Johnson also tagged a grand slam and Baltimore belted California 7-1.

But Bradford was $5 lighter in the wallet as the first victim of Eddie Stanky's campaign to wake up his Chicago White Sox. The Sox bowed 1-0 to Cleveland and Bradford was the only player to violate Stanky's new Golden Rules.

In other American League action Wednesday, Detroit nipped Boston 5-4 and Washington clipped Oakland 3-1.

Pepitone unloaded his fourth career grand slam and second against Dean Chance in the first inning and the Yankees coasted after that. Horace Clarke led off with a single and Roy White and Mickey Mantle walked before Pepitone connected.

In the fifth inning, after the Twins had cut the lead in half on consecutive homers by Harmon Killebrew and Tony Oliva, White and Mantle walked, setting up Pepitone again. This time Joe hit a sinking liner that got past Ted Uhlaender's diving try and rolled totte wall for a triple.

Mel Stottlenyre, 7-4, coasted with a five-hitter, disturbed only by the consecutive homers by Killebrew and Oliva.

A single by Brooks Robinson and two walks loaded the bases for Baltimore against California's Clyde Wright in the fifth inning and Johnson sliced a 315-foot homer just inside the right field foul line.

Curt Motton had homered earlier for the Orioles and Jim Hardin coasted with a five-hitter for his seventh victory.

Bradford failed to score a runner from third base with less than two out—one of three sins Stanky has decided will cost the White Sox $5 for every violation. The others are failure to advance a runner who reached second with less than two out and failure to advance a runner in a bunt situation.

The ground rules were installed after Chicago had dropped 3-2 and 2-1 decisions at the hands of the Indians. The improvement was not immedately noticable.

Stan Williams was in almost absolute control until the eighth so Stanky didn't have much chance to put his system to work. Duane Josephson opened with a pinch double and Russ Snyder advanced him on a fly ball. But Bradford bounced out, invoking the fine, and Sandy Alomar, off the hook with two out, struck out, ending the inning.

Mike Paul and Hal Kurtz bailed Williams out of a ninth inning jam—no fines incurred, though—to complete the shutout.

Jose Cardenal drove in Cleveland's only run with a second inning single after Duke Sims had doubled.

Frank Howard boomed his 21st homer of the year, carrying Washington to its victory over Oakland. Howard's two-run shot in the sixth inning landed some eight rows up in the left field stands at D.C. Stadium and snapped a 1-1 tie.

Two Boston errors and a wild pitch helped Detroit to four runs on only two hits in the seventh inning and a comeback victory over the Red Sox.

Denny McLain won his ninth game with Joe Foy's error helping the Tigers get started in the seventh and Rico Petrocelli's wild throw allowing the tying and winning runs to score.

No Middle Road For Pro Cowboys?

By DENNE H. FREMAN
Associated Press Sports Writer

DALLAS (AP) — Tom Landry is the kind of guy who doesn't even look nervous driving in the Central Expressway traffic.

But the calm and cool Mr. Ice, coach of the Dallas Cowboys, does have a few things haunting him these day. They all stem back that frozen January day in Green Bay when the Packers closed the vault on the 'Pokes in the last seconds.

Landry is wondering whether he will have a bunch of mental cripples on his hands because of two successive NFL title losses to the Packers in the collar-tightening last moments.

"We can build up an artificial outside crust, but you wonder just how we'll react if and when we get down to those last crucial seconds again," said Landry. "Who knows?

"I do know one thing. We're either going to be a better team or we are really going to slip. We must gear ourself for a greater effort and a better attitude."

Landry assembles his tons of expensive football beef at the Thousand Oaks, Calif., July 10. There will be some changes made.

"We're going to strive to improve our pass protection," said Landry. "We want to reduce the number of quarterback traps. We were in the lower half of the league—No. 12—in that department last season."

Landry said the Eastern Division champs "will reduce the types of pass protection in our multiple offense system."

Landry said veteran quarterback Don Meredith was throwing the ball extremely well during a two-week school in May in which quarterbacks Craig Morton and Jerry Rhome also participated.

Landry said he wanted the Cowboys to "build up their confidence" during training camp and the exhibition season.

"But I just don't believe you have to win every exhibition game," Landry said. "If you get too high in the exhibition season, the team will flatten out."

Then he smiled and said: "I certainly would like for us to have some momentum built up on Oct. 28. That could be a key game."

The schedule shows that Dallas plays Green Bay in the Cotton Bowl on that date.

Pancho In Semifials

PARIS (AP) — It took him 19 years but Pancho Gonzales has again reached the semifinals of the French tennis championships. He didn't make the finals then and he's not expected to do it now.

"I never thought I would be back here again with a chance to make the final," said Gonzales. "Thank heavens for open tennis."

The 40-year-old Californian faces Red Laver of Australia, king of the professionals, in one of today's all-pro semifinals. The other pairs Australia's Ken Rosewall against Andres Gimeno of Spain.

Cotton is second only to steel in military uses.

Three Reach Fourth Round

TROON, Scotland (AP) — Warren Vanderbush, 23-year-old American airman, went out for the fourth round of the British Amateur golf championship today saying, "If I win this one I'll feel like Arnold Palmer."

Vanderbush, airman first class from Closter, N.J., was one of three Americans to reach the fourth round out of the original American contingent of 39 in a total field of 236.

The other two survivors were Robert Millen, 28, of Piping Rock, N.Y., and Ed Meister, 49-year-old publisher from Cleveland.

Vanderbush meets Pierre Toussaint of Belgium today over the 7,130-yard Troon course with its 36-37—73 par. Meister goes against Alister Wilson of Scotland and Millen meets Gordon Cosh, British Walker Cup player and one of the four surviving seeds.

Ladies Golf Assn. Has Low Net Event

The Ladies Golf Association held its low net competition Tuesday at the Country Club, with Fran Warren winning the first flight and Dolores Jones turning in the best card in the second flight.

The lady golfers meet every Tuesday at the Country Club.

The Houston Astros pulled a sneaky trick on the red-faced St. Louis Cardinals and wound up with as much to show for it as the Pittsburgh Pirates, who caused their own embarrassment.

The Astros and Cardinals were locked in a 1-1 deadlock in the seventh inning Wednesday night when Julian Javier of St. Louis was tagged out at second base on the old hidden ball trick.

But the Cardinals wiped the egg off their faces and unloaded consecutive hits by Curt Flood, Roger Maris and Orlando Cepeda in the eighth for a run that sent them to a 3-1 victory, their eighth straight.

Pittsburgh never had that chance to make amends as Los Angeles scored in the last of the 10th inning for a 2-1 victory when Maury Wills and Jerry May let in the winning run with errors on the same play.

Gary Nolan, troubled by a sore arm most of the season, left hard-hitting Atlanta a bit chagrined by stopping the Braves on three hits in pitching Cincinnati to a 10-0 rout.

In afternoon games in the National League, Tom Seaver and the New York Mets halted the Chicago Cubs 4-2, and Woody Fryman hurled Philadelphia by San Francisco 2-1 with a six-hitter.

In the American League, Detroit edged Boston 5-4, Cleveland blanked the Chicago White Sox 1-0, Baltimore bounced California 7-1, the New York Yankeers hammered Minnesota 7-2 and Washington tripped Oakland 3-1.

Houston's moment for joy came after Javier singled and reached second base with two out as St. Louis pitcher Larry Jaster bunted and was thrown out by losing hurler Larry Dierker with second baseman Julio Gotay covering first base.

Gotay, a former Cardinals who failed to win the second base job from Javier in the early 1960s, kept the ball and walked back to second base and first baseman Rusty Staub went in to chat with Dierker. Javier stepped off the bag and, surprise, Gotay finally got him off second.

But the first-place Cardinals wasted little time erasing the glee of the Astros and saddled them with a fifth consecutive loss on Cepeda's hit and a run-scoring double by Lou Brock in the ninth.

Jaster, 4-2, allowed only six hits and the run off him was only the second earned marker he has given in 33 1-3 innings this season. He left after walking the first hitter in the ninth and rookie Wayne Granger retired the next three batters.

Bill Singer, 5-5, of the Dodgers and Al McBean, also 5-5, of Pittsburgh were locked in a 1-1 duel when embarrassment set in on the Pirates. Paul Popovich opened the 10th with a single and Versalles forced him at second. After Ron Fairly batted for Singer and popped out, the fun began when Wes Parker singled to center.

The throw from the outfield to third base got by Wills, extra embarrassing for a former Dodger who had his greatest days in Dodger Stadium. Versalles tried to score on the error and did when catcher May dropped the throw home.

Nolan, a rookie sensation in 1967, was making his second start this season and had the Braves hanging their heads as he didn't allow a runner past second base. He had plenty of support as Lee May and Tony Perez each slammed two-run homers and Perez drove in two more with a single.

Seaver, given only 19 runs in his first 11 starts, raised his record to 3-5 although he left in the eighth inning with a pulled muscle in his left side. He also ignited a three-run fifth inning with a single.

Fryman won his eighth game in 12 decisions and his fifth in a row by outpitching Gaylord Perry. A sacrifice fly by Tony Gonzalez and an error by Nate Oliver gave the Phillies their two runs in the first inning. Fryman gave up his first earned run in 38 1-3 innings when Willie Mays slammed his 10th homer in the second.

Some Economists Admit To Case Of Snapshot Syndrome

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — A few well regarded economists who sometimes have been accused of looking at the most dismal side of society reached agreement among themselves the other day that perhaps things weren't as bad as they looked.

One of the real maladies, they felt, was the snapshot syndrome. This is an illness, they said, that affects a range of students, workers, businessmen, sociologists, economists, educators. Its symptoms are intellectual nearsightedness, an ignorance of history, an inability to view society as anything but static.

The snapshot syndrome causes the viewer to see everything in black and white, like a photograph, and to focus on the immediate problems without attempting to place these problems in perspective. This viewer never asks if things are better or worse; he observes only that they are very bad.

Said one economist: "They can relate only to what has happened in the past four or five years. Beyond that they're liable to think of President Eisenhower and Washington as contemporaries. And they can't see any farther into the future."

Perhaps fitting into their contempt of things was the Commerce Department report this week showing that the number of poverty families dropped sharply from 1959 to 1966.

More than six million families lived in poverty in 1966, or 12.4 per cent of all families. The breakdown by color was much worse: 34.9 per cent of all Negro families were in poverty, compared with 9.9 per cent of white families.

These are the figures that now cause so much concern in America and which, in the view of some authorities, endanger the future of American life. But they are not static figures. They are changing.

Despite a smaller population in 1959, conditions then were worse. About 8.3 million families lived in poverty, or 18 per cent of all families. Nearly 50 per cent of Negro families and 15 per cent of whites were poverty stricken.

Bad as the later figures are then, the proportion of Americans living in poverty conditions fell from 18 per cent in 1959 to 12.4 per cent in 1966.

The big danger is that improvement will continue along color lines. Not only is the percentage of Negro poverty much larger than that for whites, but improvement among Negroes actually has been slower.

Junior Editors Quiz on UTENSILS

QUESTION: *When were forks, knives and spoons first used?*

• • • •

ANSWER: Prehistoric cave men had knives chipped out of flint. However, it is probable they used them for preparing food rather than for eating. For the latter, the cave men must have used their fingers. Later on, as knives came to be made of sharpened metal, they functioned as all-purpose tools. By the Middle Ages, almost everyone carried a knife in his belt, using this in combination with his fingers when eating. Spoons had appeared as rough stone ladles in prehistoric days. By the time of Greece and Rome, many were made of gold and bronze. Our picture shows the shape of an old spoon of the 1600's. Notice the odd shape of the bowl. In 1100, a noble lady of Venice first had the idea of using a two-pronged fork rather than staining her aristocratic fingers. This custom spread among high-born people. But the combination of knife, fork and spoon did not become popular until the 1600's. Our picture shows a quite modern-looking table-set from old Jamestown, Va., when the colony was young. The general use of such table-sets did not come until later.

Merits Of A Family Business

By HAL BOYLE

NEW YORK (AP) — Can a relatively small, family owned business thrive in a U.S. oil industry dominated by multibillion dollar giants?

"Why not? asks Jack Vickers Jr. "It has a lot of things in its favor, and it doesn't have to keep 18 million stockholders happy."

Vickers at 42 is board chairman of the Vickers Petroleum Co., Inc., headquartering in Wichita, Kan., which is celebrating its golden anniversary this year.

The firm, now in the $30-million-a year class, refines petrochemicals and operates 800 services stations in six Midwest and southwest states.

In 1918, Jack Vickers Sr., a chance-taking young man as much at home aboard a polo pony as an oil rig, borrowed $5,000 and gambled it all on a single oil lease. He hit black gold.

Parlaying his winnings, young Jack soon has his production up to 500 barrels a day, then started marketing his own products, also steadily investing in new leases.

He had a family empire consisting of a wife and eight children. He wanted to build a business empire, too, and keep it in the family. At his death at the early age of 49 in 1940, his firm was grossing more than $11 million a year. He left control of it to members of the family in a series of trusts.

Jack Jr., let the University of Oklahoma at 20 to become an oil scout, and soon proved he had his father's luck and skill. By 1950 he had become a vice president, by 1952 chief executive of the firm.

Today, Jack, his mother, and two brothers are among the seven directors of the family corporation. A total of 26 Vickers, including Jack's seven children, cheer its continuing success.

Jack gives most credit to his mother, Helen Vickers Springer, now in her early seventies.

"She puts an iron hand on any of us if we get out of hand," said the dark-haired, athletically built executive.

"Family owned corporation has a number of advantages, one being that others can't steal it out from under you.

"We have had our arguments behind closed doors, but we were always holding hands when we came out."

Three Die In Crash

DALLAS (AP) — Three men died and a fourth suffered critical injuries Wednesay night as their Cadillac convertible, with a police car in pursuit, crashed into Turtle Creek.

Patrolman Richard Pugh, 22, said the automobiles were traveling 70 miles per hour when the accident happened in Highland Park.

He turned on a siren and gave chase, the officer said, after someone in the convertible "shot out a couple of street lights."

Officers listed the dead as Thomas J. Giampetro, 29, of Irving, Tex.; J. B. Blocker Jr., 28, Rt. 8, Fort Worth, and Jimmy Don Leopard, 22, of Dallas.

The injured man was identified as Bobby Wayne Blocker, 26, of Euless, Tex.

Police said the Cadillac was registered as belonging to the Blocker Motor Co. in Irving.

Fort Worth Names Year's Senior Citizen

FORT WORTH (AP) — A man who has practiced medicine at his North Main office for nearly half a century is Fort Worth's Senior Citizen of the year.

He is Dr. Abe Greines, 71, a former school board member, longtime civic worker and practicing physician since 1919.

"Dr. Greines has developed the formula for getting the most out of life by giving the most to life," said one admirer at ceremonies in Dr. Greines' honor recently.

Saqqara, site of Egypt's first pyramid, attracted the afflicted from as far away as Greece and Rome. The sick visited a shrine in the ancient city seeking miraculous cures much as they do today at Lourdes, France, National Geographic says.

Must Candidates Change Free, Open Campaign Style?

By WALTER R. MEARS
Associated Press Writer

LOS ANGELES (AP) — In America, the men who would be president have walked freely among the people whose votes they sought.

But can they now, after Robert F. Kennedy was fatally shot by a gunman who lurked among cheering supporters?

The bullet which crashed into Kennedy's brain already has changed, and could doom, the free and open campaign style which has marked the politics of presidential year 1968.

Kennedy based his campaign for the White House on the argument that the people, not politicians, should choose the Democratic nominee. He walked through surging crowds, a friend and former FBI agent named Bill Barry often his only shield.

Sen. Eugene J. McCarthy, Kennedy's rival in the primaries, was not a security conscious man. There was never any evidence of bodyguards around him.

Los Angeles Police Chief Thomas Reddin said after the Kennedy shooting that the New Yorker's campaign forces had twice turned down offers of police protection for their candidate. Reddin said candidates do not normally want policemen around them, for they want no barrier against the voter.

But now?

Even as Kennedy lay on the operating table in a Los Angeles hospital, President Johnson made a major change in the campaign security system.

He ordered the Secret Service to assign a protective detail to each major candidate, borrowing from other federal law enforcement agencies as necessary.

And agents were swiftly deployed, to Good Samaritan Hospital where Kennedy was under care, and to join the other candidates.

The White House said the directive meant protection would be provided for McCarthy; Republicans Richard M. Nixon, New York Gov. Nelson A. Rockefeller and Harold E. Stassen; and for third-party contender George C. Wallace as well.

Vice President Hubert H. Humphrey, because of his office, already had Secret Service bodyguards.

The managers of those candidates may be reluctant to dispatch their men into crowds where danger might hide. Their newly assigned Secret Service agents may feel the same way.

Television, heretofore a valued campaign tool for its reach to the voters, may come to be valued more, for it provides a candidate with safety and an audience at once.

DEAR ABBY: I was born in Vermont, where I lived for over 50 years. Now, owing to ill health, I am living with a younger brother in Nevada.

I have had little formal education, and my brother and his wife are both college graduates. To them, my way of speaking is hilariously funny. Even their children will repeat something I have said, and the whole family will laugh uproariously.

My brother will say, "We're having company tonight. Stick around. They'll get a kick out of hearing you talk." Should I be flattered? Or should I suggest they charge admission?

I respect my brother and his family for their kindness to me, but how does one keep from feeling resentment? I sometimes wonder if others are also going thru the same thing, and if so, how do they handle it?

HURT

DEAR HURT: In all probability, your brother and his family are not aware of how you feel. So tell them. People with accents, (southern, Yankee, eastern, midwestern, and foreign) are frequently the objects of "curiosity," away from home. Of course it is rude and unkind to laugh at such a person, even tho the laughter may be more from amusement than ridicule.

* * *

DEAR ABBY: Unlike the 14-year - old girl whose problem was a mustache, our 13 - year - old daughter, Cynthia, has thick, black sideburns which are very conspicuous.

I think they look terrible, and when she goes anywhere with me, I make her comb her hair to hide them, but Cynthia thinks they look so "neat" she loops her hair over her ears to show them off!

Abby, she tries to tell me they are "in" now. In fact, she picked up a newspaper at a barbershop showing an ad of "HIS AND HER" sideburns, sold by some wig - maker in New York. (Do they actually make such items, or is it a joke?)

Cynthia boasts that she's the only 7th grader (male or female) with genuine sideburns — like Dino Martin.

I never thought I would produce a freak like her. Maybe she'll outgrow it, but in the meantime, will you pray for us?

PASS CHRISTIAN, MISS.

DEAR PASS: The only problem I see here is a mother who is making a problem where none exists. Let the child alone. When Cynthia's sideburns become a liability to HER, together you can find a solution. In the meantime, I'll pray for a better understanding between you two.

* * *

DEAR ABBY: Last year we put in a swimming pool. Please don't get the idea that we are millionaires. We aren't. We're just average folks in moderate circumstances. We like to share our pool with our neighbors, but some people don't know when enough is enough.

We started serving soft drinks to the kids, and beer to the adults, but that didn't last long. We did a bigger business than the country club.

How can we let our neighbors know that there are days when we've invited guests, and the whole neighborhood gang is not invited? I know we should not have been so big - hearted last year, but now that we realize our mistake, what should we do?

PORTOLA VALLEY

DEAR PORTOLA VALLEY: Fly a little "flag" on a pole to let your neighbors know that the pool is open for "all." If you plan a private party, no flag. Then educate your neighbors. It's as simple as that.

* * *

DEAR ABBY: You were much too gentle in your answer to the teen-ager who looked her mother in the eye with hate and said "I DON'T OWE YOU ANYTHING. I DIDN'T ASK TO BE BORN."

If she were my daughter, I would have said, "That's right, and I didn't HAVE to raise you either. I could have sent you to an orphanage."

Dr. Criswell Elected By Baptists

HOUSTON (AP) — Southern Baptists have elected a longtime Dallas minister their president and approved a statement welcoming every person into the church regardless of race or class.

The some 15,000 messengers to the 111th annual session of the Southern Baptist Convention named Dr. W. A. Criswell, pastor of the First Baptist Church of Dallas, Wednesday to head the nation's largest Protestant denomination.

The messengers also approved a statement which said, "We will personally accept every Christian as a brother beloved in the Lord and welcome to the fellowship of faith and worship every person irrespective of race or class."

Reports of theological seminaries, boards and commissions highlight today's activities of the conference which runs through Friday night.

Dr. Criswell, 60, defeated Owen Cooper, a layman from Yazoo City, Miss., for the presidency. Thy were the only two men on the ballot.

Cooper, president of the Mississippi Chemical Co., defeated three other candidates to be elected first vice president.

In other action, the messengers approved a record $27.6 million budget voted to retain the organization's present name. The vote on the name changing was unofficial and would not have been binding on the conventon.

The racial statement was presented to the convention by the 58-member executive committe. The original statement, signed by some 70 top Baptist executives and editors from 29 states, was revised and weakened somewhat by the executive committee before it was presented to the full convention.

Convention delegates approved the staement by secret ballot. The vote was not revealed but a spoksman said it was approved by "considerable majority."

Dr. Criswell, the new president, declared that his 15,000-member church is open to anyone "who came sincerely."

The silver-haired minister, who has been pastor of the Dallas church since 1944, said he was a "Bible preacher."

"I am a pastor, first, last and always," he said at a news conference following his election. "All my life I have been a pastor or preparing to be a pastor, even in grammar school."

New York is still the nation's melting pot. Almost half the city's residents were born abroad or are first-generation immigrants.

Detective Describes Shooting

SAN ANTONIO (AP) — Detective James Ellis, 33, said he shot and killed a man picked up for questioning Wednesday after they struggled over the policeman's gun.

He said the slain man, also 33, carried identification as Joe Saucedo but at first gave another name.

Ellis is a son-in-law of police chief George Bichsel and has been a member of the force nearly a dozen years. Bichsel said he had asked an inquiry in the case by the district attorney's office.

The shooting occurred after Ellis checked on a burglary and started back to headquarters. He was alone in the car because it was his partner's day off.

Ellis gave these details:

He spotted Saucedo and a companion, asked their names and told them to go with him for a check on their identity. The officer searched both and took a pocket knife from Saucedo.

They had driven about a block when Saucedo grabbed Ellis from behind in the moving car and shouted to his companion, "Get the officer's gun!"

The other man replied, "No—leave him alone! I don't want any part of this!"

As Saucedo was pulling a pistol from Ellis' holster the officer braked the car and opened the door. Both fell into the street.

"We rolled around on the pavement and I came up with the gun," Ellis related. "I backed away and fired once."

Saucedo dropped, shot in the chest.

Ellis turned his gun toward the other man, who quickly said, "No man, I got no part in this!"

Scorpion Declared Lost At Sea

NORFOLK, Va. (AP)—"It is my sad duty to declare that the submarine Scorpion and her 99 men are presumed lost, though our search efforts will continue," Adm. Thomas H. Moorer, chief of naval operations, said Wednesday.

A naval court of inquiry continued its hearing today into the sub's disappearance.

Moorer said the 10-day search westward from Norfolk to the Azores had failed to turn up any trace of the nuclear-powered vessel.

"With these harsh, unbending facts," Moorer concluded, "I can only ask that you join me in paying tribute to the men of the Scorpion, to their families and to their service."

Vice Adm. C.K. Duncan sent telegrams to dependents of Scorpion crew members, but Navy officials refused to release details, saying the messages were "too personal."

The court of inquiry, which opened Wednesday, heard a report from a witness that the Scorpion was 27 miles south of her prescribed route when she radioed her last position May 21.

At that time, said Cmdr. George R. Paris, the sub was 365 miles south-southwest of the Azores, approaching the pinnacles and gulfs of an underwater mountain range.

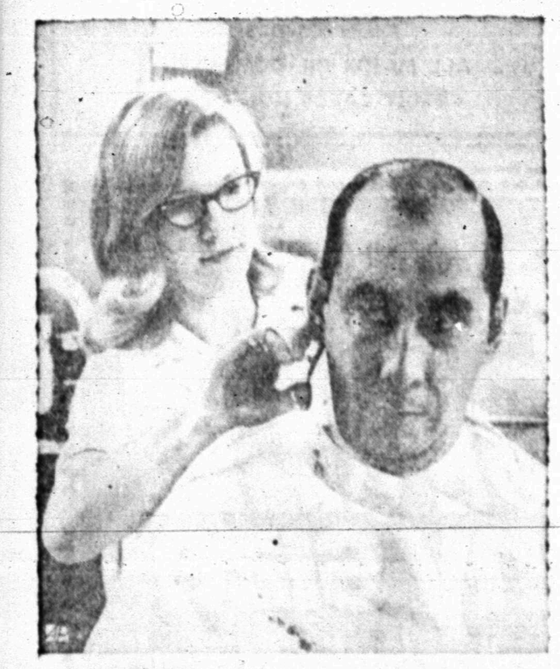
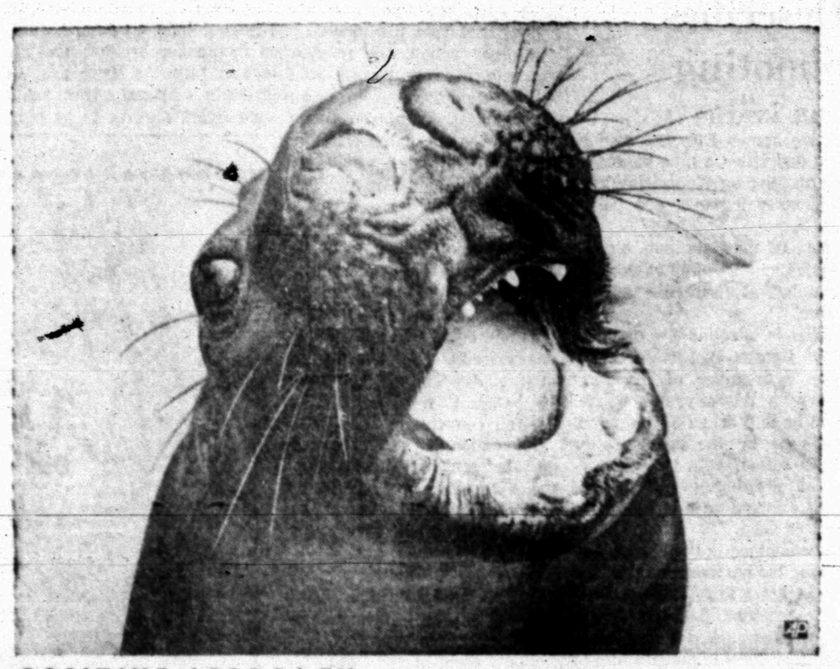
WHEELS OF PROGRESS — Mechanics work on the body and V8 engine of 200 mile per hour Healey two litre sports racing car at the Donald Healey works at Warwick, England. Car is due to be entered in Le Mans, France 24-hour endurance race.



LIGHT TOUCH — Frances Karpinsky, a 20-year-old woman barber, displays her prowess on a customer in a shop at Manheim, Pa. She says she "loves to cut hair."

BUDDING CAREER — England's Fiona Lewis, 21, gets big film chance in Columbia thriller "Otley." She is under contract to American producer Bruce Cohn Curtis.



POSITIVE APPROACH — It's not a prehistoric monster, but "Gog," an 11-foot long sea-elephant, at the zoo in Kirby Misperton, England, anticipating his fish dinner. The wide-mouthed creature is one of the star entertainers on the premises.

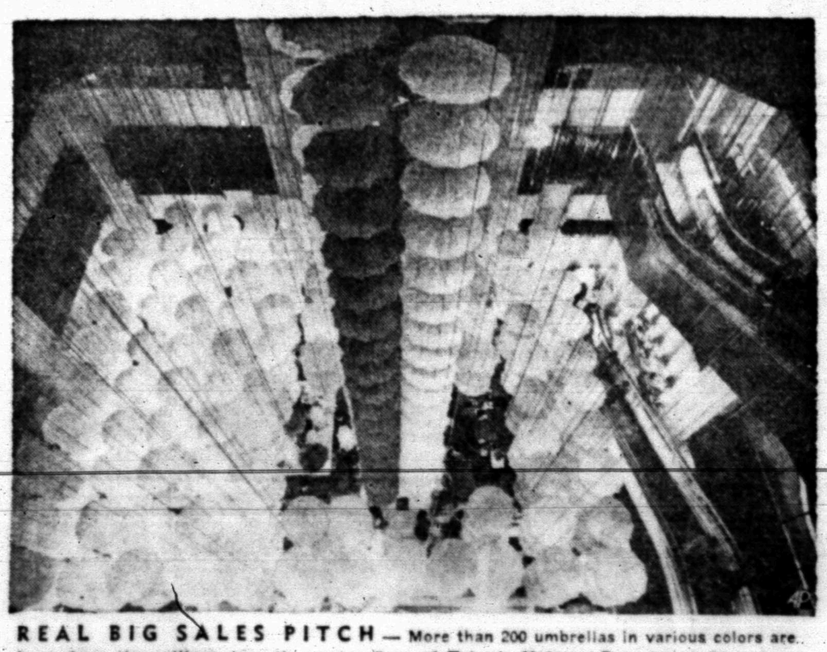
HARVEST HEIGHT — The ladders are crude, but they suit purpose for Vietnamese peasant farmers pouring rice into brisk breeze to separate grain from the chaff.

COOL REWARD — This little gibbon knows where his bread is buttered — or ice is iced. He got the cool pop for a trick performance at the Saigon animal market.

SMART COVERUP — PFC Arthur Hauser of Lake Villa, Ill., with a sandbag visor under his helmet, keeps cool from the hot sun in Vietnam's central highlands. He's a radio operator with the U.S. 4th Infantry Division and was on duty near Kontum.

NAMED TO POST — Mrs. Ruby Martin, 35, a lawyer and a native of Arkansas, is the new Civil Rights Director of the Department of Health, Education and Welfare.

STYLE SETTING — Actress Rada Rassimov shows Mexican style wedding gown by "La Follia" fashion house on film set of "Realta Romanzesca" near Rome.



REAL BIG SALES PITCH — More than 200 umbrellas in various colors are hung from the ceilings over the center floor of Tokyo's Matsuya Department Store in a display called "Psychedelic." It's sales promotion as Japan's rainy season approaches.

DESIGNING MAN — Artist Norman Todhunter, 51, has seen his work reproduced in the millions. He has designed 14 U.S. stamps and supervised on 50 others.

SHOULDERS TALL TASK — Henry Colley, 40, is engineer in charge of dismantling stone by stone the London Bridge. All the stones are numbered so that bridge can be rebuilt at Lake Havasu City, Arizona. A U.S. oil corporation bought bridge.

Ladies Find Some Peculiar Reasons

WICHITA FALLS (AP) — A survey for the Wichita Falls Times and Record News showed that most women do plenty of studying of their newspapers and other sources before deciding on which political candidate to select. But not all.

Some of the other reasons given in the survey:

He remembered my name, I use matches with his name on them, I liked his name best, I liked the shape of his eyebrows.

Also, a friend of mine said her husband met him once several years ago, he seemed so pleasant, his was the **only name** I recognized, he looked rugged and a tough-looking man is better for the job.

GREAT RECORD — Snyder men who served in Company G, 142nd Infantry, 36th Division, had a great combat record during World War II. The Company saw action in Italy, France and Germany. The unit participated in the bloody landing at Salerno nine months prior to the Normandy Invasion. A couple of days prior to D-Day, 24 years ago, they helped capture Rome. Some of them were on the Normandy beach. Many of them died and others were wounded. A couple of the men won battlefield commissions and several of them were decorated for valor under fire.

IT PUT HITLER ON SKIDS

Scurry Men Recall D-Day

Today is the 6th of June — one of the most famous dates in history.

Twenty - four years ago today the greatest Naval armada ever assembled landed allied troops on the Normandy coast of France. It was the beginning of the biggest invasion in history. Every type of ship and boat conceivable was employed transporting fighting men and supplies across the English channel to France. The invasion ultimately resulted in the downfall of Hitler and the end to the mad Nazi dream of world conquest.

The Supreme Commander of the Allied Powers during the invasion was Gen. Dwight D. Eisenhower. The attack in France, combined with earlier drives against the Nazis from Africa and Italy, turned the tide during World War II. The Allies had gained the offensive and never were to lose it again until the ultimate triumph.

H. D. Moreland, Snyder Postmaster, was a flier assigned to the Troop Carrier Command during the historic invasion.

He was at the controls of a C-47 that took paratroopers over the beach early that morning.

"I'll never forget it," he said. "It was a wee bit scary."

Moreland's airplane was struck twice by anti-aircraft fire from the ground. One of the slugs went harmlessly through the fuselage and another one knocked out the dome light on top of the airplane.

"We went in low — about 600 feet," recalled Moreland, "and the paratroopers jumped."

Moreland's airplane was on the left of the flight leader. The plane on the right was shot down.

"I saw him flying low over the water, and then I didn't see him any more," the former wartime aviator recalled. Later, Moreland heard there was an explosion with no survivors.

The next day, Moreland returned to the Normandy beach to drop supplies to the men that landed the previous day.

"We went in low again — I remember I had to pull up to keep from hitting a blue horse," he said.

Most of Snyder's servicemen were in an infantry company that served with the famous 36th Division. About 183 of them had been in the local National Guard Unit when it was mobilized. They saw action in Italy, France and Germany and were in the thick of the fighting throughout the war. Many paid the supreme sacrifice, and others carry wounds from the war.

Most of the Snyder soldiers participated in another historic invasion — at Salerno. Although it was on a smaller scale, many who went ashore during the invasion of Italy that day in September of 1943 — nine months prior to D Day — lost their lives. Accounts of the landing by war correspondents described the Salerno landing as one of the bloodiest of the war.

The Snyder men were part of an attacking force that captured Rome a couple of days before D Day.

Don Adams, Scurry County tax assessor - collector, was one of the local men at Salerno, and he was also present when Rome fell.

Adams like many soldiers in Company G, 142nd Infantry, was in the thick of the fighting throughout the war. And, like many of the others, he won decorations for valor in combat, including the Silver Star and Bronze Star.

He was hit in the leg once with a piece of shrapnel from a land mine during a campaign in Italy.

"It didn't hurt much. It felt like I was hit by a rock," Adams recalled. He said a soldier he carried back to the aid station with him "was much more seriously wounded."

CAREER CORNER

By F. J. LAIN

Life on the High Seas for You?

The Santa Rosa (Calif.) Press - Democrat and Miss Lain award a new Mercury portable to Scott J. Leonard, Santa Rosa, for his suggestion:

"I love the sea and sailing, and one day want to be captain of my own ship. The practical aspect of this is probably as an officer in the Merchant Marine."

A. — Exotic ports of call, romance, prestige, adventure — what way to go! The appeal of a deck officer's life at sea on cargo — and passenger-carrying vessels is obvious to many young men.

Uncertain outlook. What isn't so apparent is the fact that career opportunities in the merchant marine won't expand, and may actually shrink, unless a more favorable national maritime policy is adopted and shipping operators find enough cost-cutting methods to compete with cheaper foreign-flag fleets.

Surprising facts. Our merchant marine carries a smaller percentage of the nation's foreign waterborn trade today than it did when World War I started 9 per cent in 1917, about 8 per cent now). The U. S. built the world's first nuclear-powered merchant vessel in 1959 — but none since. Some 85 per cent of our ships are more than 20 years old. And we are not building ships at the rate critics say are necessary to close the growing 'seapower gap.'"

Eyes wide - open. I'm not saying forget a career in the merchant marine — it can be a great life. I'm suggesting you research carefully and be realistic in your planning if you want to attend a school for merchant marine officers, and that's the best way to enter the field.

The brighter side. The present erosion of our merchant fleet could be turned around at any time. And, as Cmdr. Charles Renick, director of placement for the federal merchant marine academy, points out, attrition of existing officers creates openings for some 1,600 new men each year. The merchant marine schools graduate about 800 yearly, and this results in an actual annual shortage of 800 officers at this time. Further, this education, resulting in a bachelor of science degree, is of such high quality and sufficiently generalized that graduates can easily enter shipping and other industries after the requisite three years of sea duty is served.

Ship duties of deck officers. Briefly, the Master (captain) is the boss. He is responsible for navigation, discipline, safety of the ship, passengers, crew and cargo. The Chief Mate (first mate or chief oficer) is the master's first assistant with important responsibility or the crew and maintenance of the ship. The second mate can be characterized as the navigator and the third mate as the safety officer.

Deck officers start as third mates, and ship engineers have comparable authority levels.

Earnings. Cmdr. Renick also reports new graduates starting as third mates are earning between $13-14,000 annually (with overtime) plus an average three - months paid vacation! Captains of Class A vessels make over $20,000 a year, and some have six-month paid vacations. Additional fringe benefits include room and board on ship and a 20-year retirement plan. Almost all deck officers belong to a union.

Schools. Write to the dean of admissions at the federal or state academies: U. S. Merant Marine Academy, Kings Point, N.Y.; California Maritime Academy, Vallejo, Calif.; Maine Maritime Academy, Castine, Maine, Massachusetts Maritime Academy, Buzzards Bay, Mass.; New York State University Maritime College, (Fort Schuyler, Bronx) New York City, N.Y.; and Texas Maritime Academy of Texas A & M University, Galveston, Tex.

Soloists Of SHS Band Ranked High

Two Snyder band students returned with high awards from the state solo and ensemble contest at the University of Texas.

Bruce Kenner, tuba player, received the coveted Division I rating, and Judy Vollkel, clarinet player, earned the Division II, or excellent, rating. They were accompanied by Wayla Walton.

Kenner and Miss Voeklel are students of Melvin Montgomery and Charles Shaw at Snyder High School.

Some 1,500 of the top instrumental soloists in the state were entered in the competition. A Division I rating in regional competition was required in order for contestants to qualify for entry at the state level.

The clarinet judge was Gene Smith of Midland Lee High School and the tuba judge was William Bell of the University of Indiana.

The first fan probably was a leafy branch waved by some prehistoric man to fan his fire or whisk flies from food.

Police Clear 116 Cases This Year

City Police have cleared 116 of 1546 serious crimes since Jan. 1, according to a monthly police report issued this week by Chief of Police Stephen Clark. Thirty-eight cases still are pending.

The serious offense category includes burglary, aggravated assault, theft and rape. The largest number of violations were for theft under $50. There were 85 offenses of this type, and 67 were solved. The remaining 18 still are under investigation Eight of 10 cases involving theft over $50 also were cleared. Forty-six cases involved burglary, and 28 of these were solved.

Total number of offenses, including less serious offenses, such as disorderly conduct, was 328. Two-hundred and sixty-eight of these have been cleared, and the remainder still are under investigation.

Officers also investigated 452 miscellaneous calls — for such things as prowlers and disturbances. Police vehicles traveled 14,839 miles during the past month.

Money paid into Corporation Court during the month of May for criminal and traffic violations amounted to $3,130. An additional $8 was received in pound fees.

There were 26 collisions during the month. Speeding and driving without a license were the most common type of offense with 26 tickets issued for violations in each category.

An analysis of traffic violations indicates that most offenses are committed by male drivers of ages 18 and 19.
