TORNADIC WINDS STRIKE TEXAS

Axis Sally Gets 10-30 Years

Fine And Loss Of Citizenship Also Assessed

Motions For New Trial Are Denied; Appeal Is Slated

(By The Associated Press)

WASHINGTON, March 25.—Mildred E. (Axis Sally) Gillars today was sentenced to 10 to 30 years in prison for treason.

Federal Judge Edward M. Curran also fined her $10,000. Loss of citizenship is automatic on conviction of treason.

Miss Gillars, 48-year-old Maine-born woman, was convicted March 10. Sentence was delayed until her attorneys could argue motions for a new trial.

Motions Are Denied

Just before passing sentence, Judge Curran denied these motions.

James J. Laughlin, attorney for Miss Gillars, served notice of an appeal. He told reporters the case would be fought up to the Supreme court.

Miss Gillars broadcast the "Axis Sally" programs for the Nazi radio during the war. Her treason conviction was based on the broadcast of one propaganda drama called "Vision of Invasion."

She took her sentencing dry-eyed and, at the end of the proceedings, threw her head back and walked with swift, short steps from the court room to be returned for the time being to the District of Columbia jail.

Judge Curran did not specify where she will serve her sentence. He left this to the Federal Bureau of Prisons.

The 10 to 30 year sentence means that, under ordinary circumstances, Miss Gillars will be eligible for parole after serving 10 years, or one-third of the maximum.

Woman Starts Argument

If, when eligible for parole, she should be unable to pay the $10,000 fine she could take an oath that she is without funds and would serve an additional 30 days in lieu of paying the fine.

Before passing sentence, Judge Curran remarked that the trial evidence showed that Miss Gillars did not take part in high level Nazi propaganda policy conferences as was the case of Douglas Chandler and Robert Henry Best.

Chandler and Best were other Americans who gave propaganda aid to the Germans. They were tried for treason at Boston and sentenced to life.

First, Curran, after denying the motion for a new trial, directed

New Pension Bill Is Offered

MILDRED GILLARS
Given 10 To 30 Years

$72 Month To World War 1 Vets Planned

Rep. Rankin Says That Early Action Likely In House

(By The Associated Press)

WASHINGTON, March 25 — Rep. Rankin (D-Miss) today introduced a new veterans pension bill limited to ex-servicemen of World War one. He told the House he hopes to bring it to the floor "in a short time."

The measure calls for $72 a month pensions to veterans of the 1917-18 war when they reach age 65 provided their income does not exceed $2,000 a year if unmarried or $3,000 if married, or with dependents.

First Bill Killed

Rankin offered this bill less than 24 hours after the House knocked in the head his previous measure to pension veterans of both World Wars I and II.

That measure proposed $90 a month pensions. By a one-vote margin, 206 to 207, the House yesterday shelved it by sending it back to committee.

Rankin told the House he was introducing the new bill "at the request of one of the great veterans organizations, and also at the suggestion of many members of the (veterans) committee."

The new bill embodies some of the amendments tacked onto the measure that was killed yesterday, including the lower $72 figure and the financial needs proviso. The $72 was approved at one time during the House backing and filling over the bill, although it later was superseded by a payment plan based on length of service.

Quick Action Expected

The bill was sent to the veterans committee of which Rankin is chairman. Rankin told the House he anticipated that it would be reported back to the House "in a short time."

Before Rankin came up with his new bill, many lawmakers had declined to pronounce yesterday's House action as meaning the end of pensions legislation in this session of Congress.

When the showdown came, 151 Democrats and 57 Republicans teamed up against the bill. For it were 100 Democrats, 106 Republicans, and one American-Laborite Total: 208 against, 207 for.

Administration leaders, who

See PENSION BILL Page 8

Living Costs Show Decline

WASHINGTON, March 25. (AP)—Living costs have slipped back almost to where they were at the start of 1948.

The Bureau of Labor Statistics reported last night that a 1.1 per cent drop in its consumers price index between January 15 and February 15 brought the cost of living to within 0.9 per cent of the figure for a year ago.

It marked the fifth month in a row during which there was a drop in the price of things people buy. And it was one of the sharpest drops for one month since the war.

The index is based on a comparison between present prices and those of the 1935-1939 period in 56 cities.

Food Drops Most

The latest index was 169 per cent of the average for those prewar years—27 per cent higher than June 1946, when price controls were lifted, and 71 per cent higher than the figure for August 1939.

The big drop came in food prices, whose index went down 2.5 per cent during the month. That was still 199.7 per cent of the 1935-1939 average, but it was eight points below the peak hit in July, 1948—or just where it was a year ago.

Eggs, fats, oils and dairy products hit their lowest point in at least a year and a half. Wearing apparel dropped 0.7 per cent and house furnishings 0.5 per cent during the month.

But automobile prices went up a little, and the bureau reported a 0.2 per cent increase from mid-January to mid-February in residential rents—a rent increase of 0.9 per cent for the three months ending February 15.

Leftwich Awarded Oak Ridge Contract

OAK RIDGE, Tenn., March 25 (AP)—J. D. Leftwich Contractors, Inc., of Lubbock, Tex., was announced today as low bidder for the construction of 343 single and duplex family dwelling units here.

The company's bid of $2,811,532 is subject to review by the Atomic Energy Commission before the contract is awarded.

The project is part of a $20,500,000 long-range permanent housing program under way in this atomic city.

Proposals To Change College Name Aired

AUSTIN, March 25 (U.P.)—Proposals to change the name of the Texas College of Mines and Metallurgy at El Paso were aired today before the board of regents of the University of Texas, but action on a plea that the board recommend the change was temporarily postponed.

However, Dudley K. Woodward of Dallas, chairman of the board of regents, said the members realized that the college had "outgrown" its name, and indicated that early action could be anticipated, possibly before the board adjourns its present meeting.

Arkansas U. Co-Ed Abduction Victim

Girl Is Held By Men For Two Hours; Officials Plan Protective Measures

(By The United Press)

FAYETTEVILLE, Ark., March 25—University of Arkansas coeds, one of them apparently marked for abduction, sought safety in numbers today and school authorities planned to take protective measures.

Girls walked the campus last night only in groups of three or more in consequence of the "mistake" kidnaping of pretty Jo Clare Thomas, 23, a senior from Clarendon, Ark.

The girl, suffering head injuries and shock, reported that she was snatched from the campus Wednesday night by two men who kept her prisoner for two hours.

University authorities said Miss Thomas told them she was walking past a parking lot on the campus Wednesday night when two men in a car spoke to her. When she answered, the men got out and threw a coat over her head. One took a partially-empty soft-drink bottle she was carrying in her hand, hit her three times across the head and threw the girl into the rear seat of their sedan.

One of the pair flashed a light in her face and said, "my God, we've got the wrong girl."

Threat Is Reported

Threatening to shoot their captive if she cried out, the men drove around in the car for a short time and then returned to the parking lot. They forced Miss Thomas out of the car, made her lie down at the base of a building foundation, and then apparently changed their minds and made her get back in the car.

Miss Jeannette Scudder, dean of women, said they drove around again and finally let the co-ed out of the car in front of the university's administration building. Miss Thomas fled to her sorority house and called police.

MEETING LABELED RED FRONT

Picketing Started At "Peace Parley"

(By The Associated Press)

NEW YORK, March 25—Foes of the "world peace" conference began a mass picketing demonstration outside the Waldorf-Astoria hotel today at the hour foreign delegates started a new conference inside.

Nearly 2,000 persons, gathered in Park avenue, looked on as 150 men and women began their march of protest against the controversial Cultural and Scientific Conference for World Peace, which the State department has labeled "a sounding board for Communist propaganda."

Carry Draped Flags

The marchers carried draped flags of countries now behind the iron curtain and signs protesting the imprisonment of Cardinal Mindszenty in Hungary. Some wore colorful costumes of their native European lands.

One hundred policemen were on hand, but there was no disorder.

Delegates to the conference looked neither to the right or left as they entered the Park avenue entrance to the hotel. The sponsors of the conference had asked police to protect delegates from possible interference in attending the three-day sessions beginning tonight at the Waldorf-Astoria.

A vowed purpose of the three-day conclave, described by the State department as an outlet for

Group Tackles Rent Problems

WASHINGTON, March 25 (AP)—Senate and House conferees tackle the job today of ironing out "home rule" and other differences between the separate rent bills passed by the two branches of Congress.

Hanging over the conference group is the expiration of the present rent control law next Thursday, March 31.

The House bill would continue controls 15 months. The Senate measure calls for a 12-to 15-month extension.

Sharper Differences

But there are other sharper differences.

For example, the Senate bill lets states, cities and towns junk federal rent curbs at any time, provided the governor approves. However, a state legislature culd pass a decontrol measure over the governor's veto.

The House bill, on the other hand, allows states, counties, cities and towns to remove controls, and it makes no provision for approval by the governor.

Here is another main difference: The House bill requires the federal housing expediter to fix rent ceilings at a level to guarantee landlords a "reasonable return on the reasonable value" of their property.

In lieu of that, the Senate measure allows some rent increases up to 10 per cent in two steps. One

Five Dead, 20 Hurt In Southern Tornado

GREENVILLE, Miss., March 25. (AP)—Five persons were killed and 20 injured in a tornado which struck south Washington county last night, Deputy Sheriff Murray Ethredge reported today.

Four of the dead were killed in the storm. The fifth, nine year old Spencer Davis, died in King's Daughters colored hospital about 9:30 a. m. All of the dead and injured were negroes, Ethredge said.

The deputy reported that between eight and ten houses were demolished.

Hospital authorities reported that two of the 20 injured were in critical condition. The others were suffering from shock, broken limbs and cuts and bruises.

Ethredge said the storm struck betwen 10 and 11 o'clock last night. First reports did not reach Greenville, 30 miles north, until much later, he said. The area is remote.

Three Sought After Slaying

KANSAS CITY, March 25 (AP)—Gunmen in a specially equipped automobile murdered a country club manager on a downtown street yesterday and escaped, leaving virtually no clues.

Officers said the slaying of Wolf C. Rimann, 43, Hillcrest Country club manager and also head of a pinball machine and juke business, was carefully planned.

Two men shot Rimann as he stood beside his car and fled in an automobile driven by a third person. Police later found the getaway car abandoned. It was specially equipped with a hidden gun compartment and a siren.

Fingerprints Avoided

Chief of Police Henry W. Johnson said the car was free of fingerprints, indicating professional gunmen had cleaned it before using and had worn gloves.

He said he believed the machine had been kept in hiding while the

Hail And Rain Also Hit Wide Section Today

Dallas, Seymour, Benjamin Hardest Hit; .50 In City

(By The Associated Press)

Tornadic winds struck Dallas, Seymour and Benjamin today causing heavy damage. One man was injured at Dallas.

Hail and rainstorms swept many Texas areas.

Greenville reported a windstorm.

A whirlwind, swirling in a funnel-shaped cloud, ripped the flat roofs off six Dallas buildings in the Cedar Crest area. The roofs were hurled across a street.

Hangar Demolished

An aluminum hangar was demolished at a former Dallas airport and a second hangar was partially wrecked. Adjacent to the former airport, a crop-dusting plane was swept into the air and

DESDEMONA HARD HIT

RANGER, March 25 (AP) — A tornado struck Desdemona, town of 350 population, 20 miles southeast of Ranger about 1:30 p. m. and first reports were that half the town was destroyed.

News of the storm was received over private radio here by the Premier Oil company. Its reports said several persons were injured, among them, Ernest Ott, an employe of the company.

No telephone connection could be established with Desdemona.

blown into telephone lines. A trailer belonging to Mr. and Mrs. Jack McKee was blown apart. Mrs. McKee said she saw a "funnel-shaped cloud" bearing down, moments before the twister struck. Last year the couple lost a home by fire.

A twister dipped over Benjamin, in Northwest Texas, demolishing the Knox Lumber company. The postoffice and a theater were unroofed. The Salem service station was moved off its foundation. Numerous small buildings across the town were wrecked and many homes were slightly damaged. No injuries were reported.

Buildings Are Damaged

Southwest of Wichita Falls, a small twister unroofed a construction company lumber shed and a cotton compress warehouse at Seymour. The buildings were half a mile apart. Total damage was estimated at $5,000. The shed roof flew through trunk power facilities of the Texas Electric Service company, cutting off power. Three miles southwest of Seymour, the twister tore off the porch of Jack Morgan's rural home.

Torrential rains filled the streets and blocked traffic at Fort Worth.

Some Dallas homes were unroofed. A steel stairway was torn from the unfinished 18-story Rio Grande building in downtown Dallas. It tore through the brick

Three Perish In Home Fire

LOGAN, W. Va., March 25 (AP)—Three small girls burned to death yesterday when their home at nearby Long Fork caught fire after an explosion.

Their mother and sister escaped death when the blast catapulted them into the yard. They were seriously injured, however.

The dead, according to state police, were: Jenny Lee, 7, Penny Mae, 5, and Alice Sue, 3, all daughters of Mr. and Mrs. James Whitt.

Father Heard Blast

In the hospital with second and third degree burns are Mrs. Witt and five-year-old Wanda Lou. Their condition is described as "fair."

The father, a coal company employe, heard the explosion and saw his house burst into flames as he was returning home from a neighbor's house.

He said his wife and Wanda Lou were blown out the front door of the one-story frame building by the blast. He heard the other children screaming, he added, but could not enter the house.

Firemen said the explosion apparently was caused by leaking gas.

Smith Resigns Post As U. S. Ambassador

WASHINGTON, March 25 (AP)—President Truman today accepted the resignation of Walter Bedell Smith as ambassador to Moscow.

The White House announced the President's action shortly after Smith called on the President to renew this long-pending request to return to Army duty.

Presidential Press Secretary Charles G. Ross said Mr. Truman accepted Smith's request "with great reluctance" and that he did so to permit him to return to a field command.

Smith, a lieutenant general, is expected to take command of the First Army on Governor's island in New York harbor.

The command has been held open for him since the retirement of Gen. Courtney Hodges.

Margaret Truman May Tour Britain

LONDON, March 25 (U.P.)—Margaret Truman, daughter of the President, may make a concert tour of Great Britain next year, Harold Fielding, one of the foremost impresarios of this country, said today.

Fielding said a contract for the tour was in the making, but denied a report in the British press that it already had been signed.

Suspects In Holdup Cornered In House

FORT WORTH, March 25. (AP)—Sheriff's deputies radioed to police headquarters at 10:15 a. m. today that they had cornered in a house one and one-half miles from Smithfield two armed men who 30 minutes earlier had robbed a drug store of $100.

The men took the money from the cash register of Weaver's pharmacy and escaped on foot as a rain storm drove pedestrians from darkened streets.

King's Jewelry has a new shipment of modern mountings. adv.

Lawsuit In Marriage Breakup Believed Separate Matter

Congresswoman's Home Under Police Guard Following Series Of Threatening Letters

(By The Associated Press)

WASHINGTON, March 25. Police are guarding the home of Congresswoman Edith Nourse Rogers, who reported she had been threatened with death in a series of grim letters.

Mrs. Rogers said yesterday the first threat was received around Valentine's day, and that there was no connection between the letters and the three-day old lawsuit naming her as the third figure in a marriage breakup.

The 67-year-old Massachusetts legislator, dean of Republican women in Congress, told of that first threat in a Valentine's day speech in the House Feb. 14.

"The letters have been continuing since then," she said. She did not reveal the nature of the threats, or their source. She said, however, that authorities are working on the case.

Meanwhile, the widely-publicized marriage breakup case progressed another notch.

Process servers through the Navy captain's lawyer served Capt. Harold A. Latta-Lawrance, 47, with papers ordering him into court to answer his wife's suit for $300 a month separate maintenance.

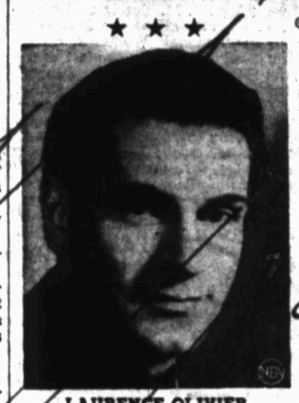

The wife, Mrs. Milene Diana Latta-Lawrence, in her 30s, filed suit Tuesday saying her husband of less than a year had "close and intimate" association with the New England congresswoman.

Mrs. Lata-Lawrence said her husband visited Mrs. Rogers' hotel suite "late into the night" on several occasions. She said he once was located in Saco, Maine, with Mrs. Rogers when he claimed to be

Jane Wyman, Laurence Olivier Winners Of Academy Awards

LAURENCE OLIVIER
Best Actor

JANE WYMAN
Best Actress

CLAIRE TREVOR
Best Supporting Actress

(By The Associated Press)

HOLLYWOOD, March 25.—Silence and Shakespeare won Academy awards for Jane Wyman and Sir Laurence Oliver last night.

Miss Wyman, 35-year-old graduate of B pictures, was named best actress of 1948 for playing the raped deaf-mute in "Johnny Belinda." Olivier was given Hollywood'shighest honor for his performance as "Hamlet." His British production was also named the best picture of the year, marking the first time the award has been handed across the sea.

It was also a great night for the Hustons. Son John walked off with two gold statuteetes for his writing and direction of "the treasure of the Sierra Madre." Father Walter sprinted down the aisle to claim his best supporting actor award as the wily prospector in the same film.

Trevor Gets Award

Claire Trevor was selected the best supporting actress as the drunken gun-moll in "Key Largo," also directed by John Huston.

Miss Wyman, formerly Sarah Jane Folks, of St. Joseph, Mo., accepted her award the same way she won it—"by keeping my mouth shut." Her co-star and beau, Lew Ayres then escorted her to J. L. Warner's celebration party at the Mocambo. The British "Hamlet" bettered U. S. films by copping five awards. Olivier's statuettes were received by friend Douglas Fairbanks, jr. Author Shakespeare was declared ineligible for writing honors because, said emcee Robert Montgomery, "he wrote for another medium."

The Motion Picture Academy's voters selected "Buttons and Bows" from "The Paleface" as the best film song. Jane Russell, in a strapless gown, rocked the room with her singing of the Jay Livingston-Ray Evans tune.

Attendance Is Sparse

Special awards went to Ivan Jandl of "The Search" for the best juvenile performance; Walter Wanger for "Joan of Arc"; Jerry Wald for consistently high quality production; the French "Monsieur Vincent" was named the best foreign language film.

The event was the fastest and smallest in the Academy's 21-year history. The awards were handed out in cafeteria style at the Academy's own theater, before an audience of 950, mostly press and nominees. A crowd of 1,000, puny

HUNDREDS MAY BE EVACUATED

Louisiana Flood Imperils Villages

(By The United Press)

PORT ALLEN, La., March 25 Flood waters swirling through a wide break in a Mississippi river levee today threatened to force complete evacuation of 1,000 to 1500 residents of a bayou fishing settlement west of here.

At the same time, the Red Cross ordered 600 refugees spending the night in shelters here moved across the river to Baton Rouge when water crept into the outskirts of town.

Brig. Gen. Raymond Huff, Louisiana's adjutant general and coordinator of disaster relief, ordered a helicopter reconnaissance of the 40-square-mile bayou area to begin at dawn.

Within Nine Miles

He said the flood waters are now within nine miles of the thick cluster of fishing villages on the shores of Grosse Tete bayou and it may be necessary for the residents to flee their homes before they are completely cut off.

His decision will depend on the results of the air reconnaissance, Huff said.

Meanwhile, some 1,000 volunteers and national guardsmen fought a night long battle to throw up an emergency levee around the break that is allowing the rampaging Mississippi to cover this area with chocolate-brown waters.

Among the little bayou fishing towns threatened by the flood are Rosedale, Roe Mound, Grosse Tete, West Oak, Shady and New Life. They are built in low

40 Persons Killed As Steamer Sinks

HONG KONG, March 25 (U.P.)—At least 40 persons were killed and scores were injured today when the Chinese river steamer "Missoupient" hit a mine and capsized in Elliott passage near Canton.

An estimated 300 persons survived.

One report said that gangsters who have been extorting protection fees from shipping companies might have planted the mine to intercept a ship carrying former Chinese Premier T. V. Soong from Hong Kong to Canton. But Navy sources said warshowed Japanese mines occasionally were found in the area.

PRICES ARE CUT

NEW YORK, March 25 (AP) — Admission price reductions ranging from 10 to 35 cents have been made by six first-run Broadway movie houses to help bolster sagging morning and matinee attendance.

Ross Sterling Death Victim

FORT WORTH, March 25 (AP)—Ross S. Sterling, who rose from a farm boy in patched overalls to governor of Texas, died in a hospital here today after a long illness.

He was 74.

He entered a Fort Worth hospital last September suffering from a heart ailment. He died at 1:52 p. m.

He knew poverty, great wealth, public honors and defeat—but not despair.

Was Central Figure

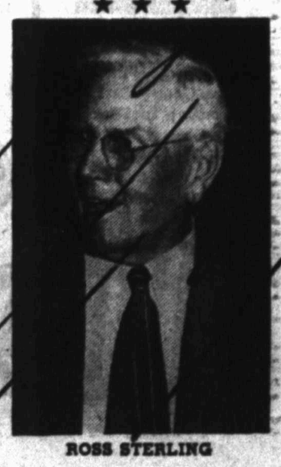

He was governor of Texas during the turbulent years of 1931-32 when the world-wide economic depression was being felt in the state in full force. Tall and massive, he stood as the central figure in a whirlwind of state legislation.

He had four counties of East Texas placed under martial law after he decided that an area was ignoring state proration laws. Troops went in and for a time all production was shut down. The courts finally held he had exceeded his authority on the matter.

He has been called the father of legislation giving the railroad commission oil proration authority because he called a special state legislature session on the regulation and pushed it. The current proration law is an outgrowth of his efforts.

Last July Sterling said: "I ad-

Federation At Election, And Program Thursday

Mrs. Clyde Tatum was elected secretary of the Lubbock City Federation of Women's clubs Thursday during a business session preceding a program and tea in the Hilton hotel.

Other officers elected for two-year terms at that time were Mrs. C. N. Hallmark, auditor; Mrs. A. A. Holmquest, press reporter, and Mrs. William McKelvy, historian. City Federation elects officers in alternate years. Holdover officers are Mrs. L. D. Marshall, president; Mrs. Russell Denison, first vice-president; Mrs. Jimmie Cunningham, treasurer; and Mrs. Garland Newsom, parliamentarian.

Lubbock Junior Woman's club was accepted as a new member of the federation.

Program for the afternoon was under direction of a Lubbock Little Theater committee composed of Mrs. J. R. Moxley, Mrs. Charles Cobb and G. V. Pardue, jr.,

Mrs. Cobb presented two readings, "An Impression of an English Society Lady Who Dabbles in Gardening," (A. P. Herbert) and "The Fairy Scene" from Shakespeare's "Midsummer Night's Dream." Bill Thurmond and Mrs. William L. Byrd, jr., presented a skit, "The Impertinence of the Creature."

Mrs. Groves Denman was in charge of arrangements for the afternoon tea. The table was laid with a yellow cloth and decorated with spring flowers.

Mrs. James Winder and Mrs. Marshall poured.

Other members of the house party and the clubs they represented were: Miss Maude Dee Skeen, Mrs. J. M. Young and Mrs. W. P. Garvin, all of the Business and Professional Women's club; Mrs. Ruel Martin, Lubbock Study club; Mrs. W. A. Black, Junior Twentieth Century club; Mrs. A. E. Sullivan, Welcome Luncheon club; Mrs. R. S. Williams, Sorosis; Mrs. Leroy Patton, AAUW; and Mrs. E. M. Cook, District Nurses association. Approximately 100 persons attended.

Mary Haworth's Mail...

When Couple Wed, Parents Of Both Agreed To Furnish Home; Storm Is Threatening

DEAR MARY HAWORTH: Two years ago our son Tom married Ruth, a very charming and beautiful girl whom my husband and I love dearly. At the time they married it was agreed that Ruth's parents and my husband and I would furnish a home for them.

My husband and I have met our part of the agreement and even more, while Ruth's parents have only partly kept their promise. Yet they are people of means, with a home in the country and a home in the city; they entertain lavishly and have a son and daughter away in college.

Tom refuses to ask them for further furnishings, so has bought and paid for several expensive pieces himself. Last year the Browns (I'll call them) promised to repay him the money he had spent on furniture, but to date they haven't done so, nor do they speak of the money owed. And Tom and Ruth refuse absolutely to broach the subject to them.

MAN'S PARENTS AT LOGGERHEADS

HOWEVER, my husband is furious to think the Browns would welsh on their promise and vows to speak to them about it, which I positively forbid him to do, because I am sure it would cause a break in our good relations with them.

We and the Browns have got along beautifully; we visit each other often; are extremely fond of each other as individuals; and Ruth loves us and Tom respects her parents. Thus I beg my husband to forget about the promise that wasn't kept, and never to think of it again; but he is adamant in his resolve to beard them about it soon. After 30 years' happy marriage, we are quarreling over this bone of contention—and I would welcome your impartial viewpoint. (Signed) E. S.

BRIDEGROOM'S DAD IS TOO MERCENARY

DEAR E. S.: In my opinion, your husband's attitude is vulgarly mercenary and destructively busybody. It seems he doesn't know when to keep his nose out of Tom's affairs. He is more interested in getting "something for nothing" for his son, than in promiting the general welfare of the newlyweds.

He may argue that he is a stickler for keeping promises; but basically he is sore as a boil about the Browns' failure to meet his outlay, dollar for dollar, simply because he has spent more on Tom's home furnishings than Ruth's parents have, so far.

It would be interesting to know who engineered the agreement that both sets of parents were to furnish a home for the bride and groom; and it's a pretty safe bet that the idea was conceived and promoted on your side of the fence. Maybe you hatched it first, then sold it to Dad, next confided it to Ruth and Tom, and proceeded from them to delicately extract a corresponding "pledge" from the Browns.

SITUATION'S BAD FOR THE NEWLYWEDS

ALSO possibly you were first to grumble, sotto voce, when the Browns fell behind Dad in generosity; and only began to take a hush-hush tack after you'd got Dad's dander fully up, and Ruth and Tom were sweating profusely in embarrassment.

In any case, the undercover hullabullo must be viciously bad for Tom's morale, thus insidiously damaging to the marriage, too,—if he has some healthy attributes of adult-age character and wants to behave like a man in relation to Ruth.

As for his buying a few furnishings out of his own pocket, why shouldn't he? Sensible parents would tacitly encourage that breath of self reliance. And if the expenditure was more than he could rightly afford, perhaps humiliation drove him to the flourish, in order to assert—as salve to his pride—an ambition to do something on his own for his wife. I'd like to think he had that much quality—and wasn't angling for repayment from Ruth's parents eventually.

In conclusion, if Ruth and Tom want nothing more said, that should be the end of it. Dad would be fouling his contribution if he made an issue of the Browns' lesser showing.—M. H.

Juanita Moses Will Marry Mr. Parrish

Wedding plans for Miss Juanita Moses, of Lubbock, daughter of Mr. and Mrs. R. J. Moses of Sudan, who will be married to Arnold Parrish, son of Mr. and Mrs. W. O. Parrish of Sudan, May 8, are being announced.

Her engagement was disclosed at a recent party given by Miss Elnora Boyles, Mrs. Marion Young, Mrs. Gerry McCathern and Mrs. Charles Lawrence.

Vows will be exchanged in St. John's Methodist church. Miss Elnora Boyles will be maid of honor, and bridesmaids will be Mrs. Lawrence and Mrs. McCathern. Alvice Parrish of Moran will be the best man. Ushers will be Charles Lawrence. Randall Moses, brother of the bride-elect, and Lowe Dale Parrish, brother of the prospective bridegroom, will light the candles.

Miss Moses is employed by Dial and Tapp, local cotton merchants, and Parrish is with the Byron, Jackson Pump company.

Receiving the 19 guests at the announcement party were the hostess, honoree and the honoree's mother. Mrs. Lawrence presented the honoree with a hand-painted bride's book.

The table was laid with miniature wedding bells, candles. Spring peach blossoms completed the decor.

Several parties are being planned for Miss Moses.

The cog railway used on Mount Washington, N. H., was the world's first; it was completed in 1869.

Church Meet Is Scheduled

Mrs. Bessie rtart, of Fort Worth, executive secretary of Texas Society of Missions and Education, will address business women of West Texas who meet for a program Sunday at First Christian church in Lubbock. The Business and Professional Women's group of the local church is sponsoring the event which will open with registration at 9:30 o'clock Sunday morning at Fellowship hall.

All business women's groups of West Texas have been extended invitations. Local members of the Business Women's circle of First Christian Women's council are especially urged to be present.

The women are to sit in a group at the morning church service. Following a luncheon to be served at the church, the afternoon session will open at 1 o'clock. Another Fort Worth guest will be Miss Dorothy Tomlinson, office assistant to Mrs. Hart. Miss Jo-ardis Park is chairman of the Business Women's circle.

Lubbock Dance Club Names Party Hosts For Saturday Night

Saturday night from 9:30 until 12:30 o'clock, Lubbock Dancing club will entertain at Hotel Lubbock.

Hosts are to be Messrs. and Mesdames Graham Holmes, C. C. Caldwell, John Daly, Lorenz Ellis, Oliver Thomas, Kenneth Pharr, M. T. Taylor, Johnny Shelton and Dr. and Mrs. E. M. Blake. Music will be provided by Bailey Ireland's orchestra.

Pre-Bridal Shower Honors Nan Crowder

Miss Nan Crowder, who wil' marry Francis Runion Saturday was honored at a shower given Wednesday night by Miss Ruth Hudgens at 1212 Tenth.

Guests were Mrs. Marian Barc ley, Mrs. Ed McCollum, Mrs. O. C Ellison, Mrs. W. G. Adkisson, Miss Audrey Decker, Mrs. W. E. McCollum, Mrs. Lula Taylor, Mrs. M H. Adkisson, Mrs. Tom Everheart, Mrs. Mary Michaels, Mrs. Calvin Walker and Mrs. Edna Crowder.

From Lou To Louella...

DEAR LOUELLA: Glenda Wright and Ray Drennan are going steady . . . Malcolm Duncan and Leta Dobbs are dating . . . Dot Forsythe and Joe Thomas are a long time twosome . . . Richard Rector and Grace Garrison are a current couple . . . Pat Slagle is a talented vocalist . . . Erleen Nail and Paul Farris are steady daters . . . Two other college groups which will sponsor booths at the '49 Gold Rush, Tech senior carnival, are the Junior class and Delta Sigma Pi, international professional business administration and commerce fraternity.

• • •

SUB-DEB SWEETHEART

Pretty little Billie Cathey, daughter of Mr. and Mrs. B. M. Cathey, 2408 Twenty-second, will be presented as Sub-Deb Sweetheart at the club's annual presentation dance tonight in the Hilton hotel.

A petite blue-eyed blonde, of five feet two inches and 105 pounds, Billie is seldom seen without a big smile on her lips and a mischievous sparkle in her eyes. Tonight she will be wearing a pale blue organdy formal of strapless design with two deep headed ruffles circling the full skirt. The orchid she will carry is from her escort and fiance, Tommy Bumpass.

Thoughts of college for Billie have been replaced by plans for her summer wedding. She will graduate from Lubbock High school in June. Of her many friends Billie is seen most often with Jeannine Mullins, Pat Branson and Mrs. Bill Ross.

• • •

HOME FROM COLLEGE

MAXINE BOYD, daughter of Mr. and Mrs. Curtis Boyd, 2910 Twenty-first, and Courtney Sigler, daughter of Mr. and Mrs. R. L. Sigler, 1717 Twenty-eighth, have been having a busy week at home during their spring holidays from Christian college in Columbia, Mo., where they are freshman students.

Bob Booker came home from the University of Texas last weekend to see Courtney. He will be initiated as a member of Phi Delta Theta next week.

Maxine has dated Dick Jackson this week. She says she likes Columbia and college life there, but it's back to Lubbock and Texas Tech for her next fall.

Lucy Womack came home from TCU over the weekend to see Courtney and Maxine and to show them her new red convertible, which was a birthday gift from her famly. So much was going on in Lubbock that Lucy cut her Monday classes at college and went back a day later than she had planned.

The Christian college coeds will leave for Missouri on a Saturday afternoon train from Amarillo.

NEW OFFICERS

New officers of Silver Key are: Bobby Salem, president; Rush Robnett, vice-president; Ralph Lacy, secretary; Campbell Gillespie, treasurer; Roy Grimes, reporter; Pete Cook, Seargent at arms; and Jack Shelton, historian and corresponding secretary.

LOVE,
LOU.

Ester Forbes Book Reviewed For Club

Mrs. J. H. Hankins was hostess to a 1 o'clock luncheon for members of the Thursday Book Review viewers club in Lubbock hotel Thursday. The members and two guests attended.

Mrs. Russell Ray reviewed "The Running of the Tide" by Esther Forbes.

Parties Initiated

A tea given in the J. M. Elliott home, 3218 Twenty-first, Thursday afternoon was the first party in a series of pre-bridal entertainments to be given for Miss Whitacre who will marry John Hampton April 14.

Mrs. Elliott, Miss Louise Elliott and Mrs. J. A. Raley were hostesses. In the houseparty were Mesdames Charles Whitacre, W. L. Hampton, G. A. Meiser, A. C. Jackson, J. H. Brock, Bob Fuller, Don Raines, Keeton Hughes, Bedford Raley and Miss Bobbie Hampton.

Arrangements of snapdragons and sweetpeas in crystal containers centered the tea table and buffet. White tapers in crystal candelabra lighted the room.

Dr. Westmoreland Speaks For Class

Winsome class of the First Baptist church held a luncheon in the church annex Thursday.

Special guests were Dr. E. H. Westmoreland and T. D. Carroll, who are conducting a series of services at the church; Dr. J. Ralph Grant, pastor; Mr. and Mrs. Lattimore Ewing, Mesdames D. Lewis, Bruce Craig and Iola Breen.

Dr. Westmoreland offered the devotional, Carroll sang a religious song and Dr. Grant asked the blessing. Mrs. Grace McCracken dismissed the meeting with a prayer.

"My Ironrite helps me keep a young look"

says Mrs. J. J. Morse
30440 Franklin Road
Franklin Village, Michigan

1. "I have a youthful appearance, and I feel that a lot of the credit for my *young look* goes to my Ironrite Automatic Ironer. I've had this wonderful machine for several years, and it's the greatest health-, labor- and time-saver I own.

"My Ironrite eliminated long, painful standing at an ironing board. It's simply a joy to sit down, just guide the clothes across the forming board and relax while I iron.

"I've told lots of friends how Ironrite has saved me time and energy and helped me keep looking younger. My advice is—look at Ironrite today!

Model 85 (shown above) closed-top Ironrite for laundry, kitchen or utility room. Also *Model 88* Ironrite Cabinette with warp-proof hardwood top in brown mahogany or honey blond finish—harmonizes with finest furniture.

Low down payment—
easy credit terms

2. "My Ironrite does everything so quickly and beautifully. I save hours each week on shirts alone. Why, I can do one in 5 minutes where it took 15 by hand.

3. "With its *two completely usable open ends*, Ironrite will iron *everything* I can wash, from plain towels and handkerchiefs to frilly wash dresses, curtains and linens."

IMPORTANT . .
Mrs. Marie Sowers, Ironrite Home Service Advisor, will be in our store all day Tuesday, March 29th. Come in and let Mrs. Sowers explain the marvels of ironing the "IRONRITE" Way!!

P-T Officers Are Elected

Senior High school Parent-Teacher association elected Mrs. A. A. Holmquest president for the 1949-50 school year at a Thursday night meeting held at the school. Other new officers are: Mrs. Cye Tankersley, senior vice president; Mrs. S. W. Brunson, junior vice president; Mrs. M. M. Page, sophomore vice president; Mrs. Clarence Whiteside, secretary; and Mrs. Tom Duggan, treasurer.

Members of the nominating committee were Mrs. C. C. Chambers, chairman, and Mesdames Jack West, Harvey Austin, C. C. Worrell and Miss Grace Padley. Mrs. J. B. Morrisset, retiring president, presided.

Preceding the business session Supt. R. W. Matthews spoke on the building program of the Lubbock Public School system. Piano and accordion numbers were played by Ned Hardin, son of Mr. and Mrs. Russell Hardin. Another guest was Mrs. T. F Wiesen, president of the City Parent-Teacher council.

The unit's next meeting is scheduled for April 21, and on the program will be a one-act play to be given by speech students of D. M. Howell.

Sorority At Election

Miss Dorothy Van Pelt was elected president of Zeta Delta chapter, Beta Sigma Phi, at a meeting Thursday night in Lubbock hotel.

The first spring rush party was scheduled March 30 in the home of Miss Robbie Clemmons.

Other officers named were Miss Bernice Bay, vice-president; Miss Floyde McDonald, recording secretary; Miss Phyllis Atnip, corresponding secretary; Miss Mary McNeely, treasurer; Miss Robbie Clemmons, representative to city council; and Miss Beth Bailey, alternate representative.

Birthdays Observed At Meeting Of Club

Colonial Needle club members were guests of Mrs. C. C. Taylor, 2507 Twenty-first, at luncheon Thursday. Mrs. Anna Harris and Mrs. Ruby Davis were honored on their birthdays.

Mrs. C. L. Goble, jr., was a club guest. Others attending were Mesdames A. L. Curtis, E. N. Evans, B. F. Foster, Jeff Graham, R. D. Harris, M. H. Hutto, Bryan Landers, W. V. Lewis, Ellis Marlin, James Mullis, C. H. Stognar, C. C. Taylor, F. G. Treet and Anna Harris.

Next meeting will be April 14 in Mrs. Foster's home at 2321 Main.

MRS. STEVE MATTHEWS AND STEPHEN

★ ★ ★

Newcomers From Pampa Find Lubbock Hospitable

The chief occupation of Mrs. Steve Matthews at the moment is getting her new home and yard at 3115 Thirty-first in order. Mrs. Matthews, her husband who is Lubbock's new city manager, and their two-year old son, Stephen Taylor, are among the town's newest residents.

Lubbock suits the young woman just fine even though it was quite a hardship for her to move here; she and her family had been living in a new home in Pampa only 10 days when they decided to move southward.

When the Matthews took the house on Thirty-first, it wasn't entirely finished so they got to choose the wallpaper and color schemes; therefore their new furniture, drapes, etc., are well suited to the new Lubbock house and the extra move was not as bad as it might have been.

Before moving here, the Pampa family knew the Garnet Reeves family, former Pampa residents, very well, and they knew several other Lubbockites casually. They are finding their neighbors and other new acquaintances quite hospitable; they have already had several dinner engagements.

In Pampa where Mrs. Matthews, a native Texan, had lived for 10 years, she was a member of Parent Education and Twentieth Century clubs. Her main interests are her family and her house.

Sherrods Hosts At Thursday Fish Fry

Mr. and Mrs. Paul Sherrod, 3323 Nineteenth, entertained employes of Sherrod Hardware company at a fish fry and covered dish dinner in their home Thursday night. Fish served was furnished by Bill Sherrod, who has recently returned from a fishing trip in Mexico.

Those attended played 42 after dinner.

Present were Mssrs. and Mesdames Bill Sherrod, Val Wylie, R. D. McConnell, Johnnie Loyd, C. J. Condray, C. C. Galbraith, Homer Manning; Mesdames Marie Mismuke, Besse Richardson and Pat Spencer; Miss Ann Owen, Grady Knight and T. O. Wilkins.

Scouts Are On Program

Fourth grade pupils of Mrs. Lattie Rankin and Girl Scout Troop 44 presented a program Thursday afternoon for George M. Hunt Parent-Teacher association.

The pupils sang songs under direction of Mrs. Lloyd Jenkins.

Mrs. Galen Carr explained the two-fold purpose of Scouting which is wholesome pleasure and training community leaders. Troop members gave a demonstration of work done for merit badges. Mrs. L. R. Lambert is troop leader.

Mesdames Ross Tillinghast, Hugh Newton and D. C. Pollard were named delegates to the district P-TA conference to be held here in April.

Attendance count was won by Mrs. Rankin's room.

Description Given Of Homes To Be Seen On Tour

Styles of homes to be visited on the three-day Home Beautiful tour to be sponsored next week by the Lubbock Women's club range from early American to ultra-modern.

On Tuesday, the first day of the tour, the following houses will be visited beginning at 2 o'clock: Mrs. R. A. Mills' home, 2627 Twenty-second, where bisque and glass collections and antiques will be featured; Mrs. Marion Leftwich's home, 1716 Twenty-seventh, where the playroom will be visited; the James Atcheson home at 3203 Twenty-sixth, which is designed and decorated in extreme functional modern style; the Don Furr home at 2620 Twenty-sixth which is in doll house design and which features a balcony bedroom; the Carl Maxey home at 3009 Twenty-third which is in California modern style; and the R. O. Bennett home at 1901 Thirty-first which is in conservative contemporary style. Twelve other homes are to be toured on Wednesday and Thursday. Tea will be served at the last home on each day's list.

Tickets which are $1.20 for each day are to be on sale Saturday at booths at Furr Food store in Green Acres, Lattimore's gift shop, 1706 Broadway, and Wylie's Drug store. Proceeds will be added to Lubbock Women's club building fund.

Eels live in fresh-water rivers, but go to the Sargasso sea to spawn.

Knights Of Columbus Ceremonies Planned

One of the largest gatherings of Knights of Columbus in West Texas is planned here Sunday for initiation of 50 candidates into the Lubbock council No. 3008. Ceremonies will be conducted in Blakeslee parish hall, adjoining St. Elizabeth's Catholic church.

Paul G. Scheafer, grand knight of the Lubbock council, will preside over degree work to be conducted by J. J. Moore, district deputy. The knights and candidates will assemble for 8 o'clock Mass to be celebrated by Bishop Laurence J. FitzSimon of Amarillo and will receive Communion in a group.

Climaxing the day's program, a banquet will be served in the Hilton hotel Sunday night with P. Conroy Scoggins of Houston, state deputy, as principal speaker.

Grass, Legume Seed Output On Increase

Texas and the southwest are fast becoming independent of the rest of the nation in the matter of grass and legume seeds, a report from the Ft. Worth office of the Soil Conservation Service reveals.

During the 1948 season more than 11,560,000 pounds of such seeds were harvested which helped to relieve a serious shortage. Even so, the report points out, that is only a fraction of the amount of seed needed to cover the land and control erosion, lessen flood damage and make the land more profitable and permanently productive.

Hairy vetch led the list with 6,372,000 pounds while Hubam sweet clover followed with 4,042,000 pounds. Other seeds produced in quantity included, Madrid sweet clover, Singletary peas, blue grama, sideoats grama and rescue grass. The smallest yield came from big bluestem of which only 40 pounds was harvested.

Sub-Debs To Present Pledges At Dance

The spring presentation dance of Sub-Deb club will be held tonight from 9 until 1 o'clock at Hilton hotel ballroom. Alumnae and members of Las Cresas club will be guests.

C. A. Rodgers and his orchestra are to play for dancing.

FIRING IS INCREASED

BERLIN, March 25 (AP)—In the face of almost daily protests from the three western powers, the Russians today increased their firing and bombing practice in corridors used by the Berlin airlift.

Tuesday, Wednesday, Thursday, and Friday—inhabited islands between Australia and New Guinea—were named by Captain James Cook in 1770, according to the days of their discovery.

HUMBLE DENIES OIL IS FOUND

Nacogdoches "Boom Town" As Oil Discovery Rumors Mount

BY PAUL ROSENFIELD
United Press Staff Writer

NACOGDOCHES, March 25 — Nacogdoches county wrestled in the throes of "black gold" fever again today, almost 80 years after Texas' first oil field made its splash in the same area, only to fade away.

First hint of any interest in the possibility that oil still existed came a year ago, when the Humble Oil and Refining Co., announced drilling plans at a site 12 miles northwest of here, near the Trawick community.

Today, and for the past two weeks, this city of 13,000—primarily an agricultural region — has been transformed into a typical oilfield "boom town."

Town's Population Swelled

Crowds move hurriedly through the streets, multiplying with the arrival of every train and bus. The one large hotel and several tourist courts are filled, lines form constantly at every eating establishment, and the rental problem is acute. Private homes have opened their doors to many of the speculators, at the request of the over-worked chamber of commerce.

The four real estate offices doing business B. B. (before the boom) were quickly augmented by dozens of "sidewalk realtors," concluding their business on the hoods of cars, on curbstones, in the middle of the street—anywhere a conversation could be held.

Farmers and businessmen, long on opposite sides of the fence in Nacogdoches county, held heart-to-heart talks. Oil, or the possibility of oil, was the great equalizer, as it had been decades ago.

First Well In Area

The first oil discovered in Texas was in Nacogdoches county. Shallow wells drilled after the civil war hit oil sands, and finally oil. Interest was never intense, and the holes played out quickly.

The general quietude, backed by an over-all tenseness, exploded Tuesday night when a report filtered out that the Humble wildcat well, the No. 1 Crawford, had shown 84 feet of pay sand at 7200 feet. Humble, saying nothing, set its crews heading for the rich Smackover lime at 13,000 feet, the rush for leases started, and the boom was on.

Humble officials cautiously admitted a showing of gas on drill stem tests, but flatly announced there had been no showing of oil.

"So far," said a spokesman, "we have found nothing to get excited about."

Crews Are Silent

Drilling crews "clammed up" to all questions, leaving the county in a flurry of land selling that saw tracts valued at $1 per acre a year ago going for as high as $25 per acre.

Lee Rogers, chamber of commerce president, estimated approximately 200,000 acres — or about one-third of Nacogdoches county—had been leased since the actual drilling started.

The usual "boom town" trend of skyrocketing prices, however, still had not hit. The cost of food, haircuts, cleaning and pressing, etc., remained stable.

But the renting situation, according to the chamber of commerce, had "tightened up, mostly in anticipation." For the first time since the war, real estate men took a fling at the rental business.

Rites For Pioneer Jayton Woman Set

JAYTON, March 25 (Special)—Funeral rites for Mrs. J. O. Lee, 68, pioneer resident of Jayton, were to be held at 3:30 p. m. today in the First Methodist church.

Rev. Taylor, pastor, was to officiate.

Burial was scheduled for Jayton cemetery, under direction of Plains Funeral home of Lubbock.

Mrs. Lee, who had lived here about 40 years, died Thursday evening in Lubbock Memorial hospital after a brief illness. She was visiting two daughters in Lubbock when she became ill Wednesday.

Survivors include the husband, her mother, Mrs. J. M. Rose of Monahans, five daughters, Mrs. George Hall of 2208 Thirteenth, Mrs. Doyle Clark of 1923 Fifteenth, Mrs. Weldon Marks of Jayton, Mrs. Lon Goodall of Bisbee, Ariz., and Mrs. Mary Stanley of El Centro, Calif., two sons, Oscar Lee of Spur and I. O. Lee of Odessa; 21 grandchildren; and nine great grandchildren.

Also four brothers, Bert Rose of Wichita Falls, Arthur Rose of Jayton, Walter Rose of Arkansas, and Will Rose of New Mexico; W. N. Lansdown of Jayton and Mrs J. E. Lee of Monahans.

CELEBRATES BIRTHDAY

Derby Entries Climb To 164

Lubbock youngsters continued to register for the second annual Lubbock Soap Box Derby to be conducted on Monday, July 4, and today the list of entries had climbed to 164 boys.

Registration headquarters are in the showroom of Kuykendall Chevrolet company, who wtih the Avalanche-Journal and the Lubbock exchange club, are sponsors of the Derby.

Out-Of-Towners Expected

Derby Director Bill Bartlett said Saturday was expected to see a large number of out-of-town registrants for the Derby as it will be the first opportunity for many of the boys to come to Lubbock since registration started last Tuesday.

Each boy who registers must be accompanied by one of his parents or a guardian Boys between the ages of 11 and 15 years on Aug. 14, 1949, are eligible to compete in this year's race.

Deadline for entries in the race has been tentatively set for April 9 and race officials hope to have all the boys who want to run in this year's race signed by that time.

Car Theft Suspect Will Be Returned

The sheriff's department announced this morning that Chief Dep. Sheriff George Eubank was preparing to leave for El Centro, Calif., to accept custody of K. E. Middleton, about 35, wanted here on a car theft charge.

The charge accuses Middleton of taking a car March 10 from E. E. Mosley.

A warrant of arrest and a copy of the charge had been mailed Tuesday by the sheriff's department to El Centro authorities. The arrest was announced by the El Centro police soon afterward.

Elsie Bigham, 18, of Lubbock, charged in justice court of C. E. Lynn with child desertion on complaint of her husband, J. L. Bigham, was arrested last night by Dep. Sheriff John Barnett. Bond of $500 was set in the case.

J. W. Reel, 50, of Littlefield, was returned here Thursday from San Angelo by Chief Deputy George Eubanks and Dep. Sheriff Earl Horton to face a charge of forgery.

Police said that two bikes had been reported stolen, one valued at $39 from Edwin Holland of 1628 Seventeenth, and the other valued at $40 from Bill Wilson of 1905 Fifteenth.

Business Club Calls On Toastmasters To Fill Program Gap

The American Business Club was caught without a formal program today but President George Dale cleverly improvised by calling on men who are members of the Toastmasters Club to fill the gap.

Hugh Anderson, local attorney, took over the M. C. duties and called on others present who might have something to say before the club. C. E. (Dutch) Wiginton was asked to tell members the remarks he had been making at the club meetings but which had never been audible in the past. Bob Rose told of the success attained by the 'barbershop' singers at their public presentation last Saturday.

Careful Driving Urged

Ed Lambright, recently named chairman of the Lubbock county cancer society drive, told of the educational work his committee hoped to accomplish at the same time they were striving to make the quota set for them. This quota, he said, was $5,244.

Anderson closed the impromptu speaking with a plea for more care in driving and urged all drivers to be more considerate of the other fellow.

"There is no such thing as a 'right-of-way' when it involves human lives or offers the chance for injuring someone," Anderson asserted.

One new member was introduced to the club. He was, R. C. Tempe. The visitors included, Dr. Art Young, Texas Tech, and Mayor William H. Rodgers.

AGED WOMAN DIES

BIG SPRING, March 25. (AP)—Mrs. Delfina Solis, 82, survived by 173 descendants, died last night. Survivors besides her husband include 12 children, 75 grandchildren, 84 great-grandchildren and two great-great grandchildren.

Long-Time Lubbock Resident Claimed

Mrs. Charles A. Busch, sr., 68, of 1302 Twenty-eighth, died at about 2:30 a. m. today in St. Mary's hospital.

She had resided in Lubbock 24 years.

Mass is to be held at 9 a. m. Saturday in St. Elizabeth's Catholic church. Father Harold J. Powers will officiate.

Rix Funeral home will direct burial in Lubbock cemetery.

Survivors include the husband; four daughters, Mrs. Henry W. Churchman of Wichita, Kans., Mrs. Charles A. Duff of Des Moines, Iowa, Mrs. William J. Holden of Oklahoma City, and Miss Dorothy Ann Busch of Huntington Park, Calif.; three sons, Dr. R. E. Busch, Charles A., jr., and W. E., all of Lubbock; two brothers, Mike and James Quinn, both of Guymon, Okla.; nine grandchildren, and one great-grandchild.

The finest wool is produced by the Merino sheep, a native of Spain.

Service For Former Lubbock Woman Set

Last rites for Mrs. J. M. Tyson, 78, former Lubbock resident who died Wednesday in Hot Springs, Ark., were to be conducted at 4 o'clock this afternoon in Rix Funeral home chapel, with Rev. Jack A. Welch, pastor of First Central Baptist church, officiating, assisted by Rev. Chas. E. Lacey.

Burial was to be in Lubbock cemetery with Rix in charge.

Pallbearers will be H. A. Bozeman, C. I. Waller, E. A. Rampy, Guy H. Kenndy, Roy Burrows, and Rev. Mark H. Duncan.

UNBORN CALF IS TRANSPLANTED

Cattle Breeding Experiment May Revolutionize Industry

By CAL BRUMLEY
Associated Press Staff Writer

SAN ANTONIO, March 25.—A breeding experiment in which scrub cows would produce high quality calves was reported today to be approaching the practical stage.

The process consists of transplanting the unborn calf of a high grade cow to the womb of a scrub. The purpose is to produce more meat and more milk per animal on the same amount of feed at a saving of time.

The method is termed ova (egg) transplantation by its originators. Ray Umbaugh, a bustling 28-year-old scientist, is developing the process at the foundation of applied research here. The project has been in the reasearch stage seven years.

Egg Is Transferred

In the process, Umbaugh explained, an egg from a fine quality cow is fertilized by artificial insemination. After fertilization the egg is taken from the fine animal and placed in the uterus of the common cow. Artificial insemination, which the last few years has become widely used in animal breeding, consists of mechanical transfer of the sperm of thoroughbred sires to the wombs of the mothers.

Umbaugh said an expected advantage of his process would be the freeing of the quality mother from the dullness of a nine-month pregnancy, making her available to produce more eggs. The host cow would serve as an incubator and the calf would have the qualities of its fine parents, Umbaugh stated.

Unmaugh transplants the fertilized egg by either of two methods. One is surgical and the other largely is mechanical.

The surgical method so far has been the most satisfactory. He cuts through the fallopian tubes of the donor cow. He removes the fertilized egg and places it in the tubes of the scrub cow by a similar operation. The fallopian tubes are ducts which lead from the ovaries to the uterus.

Cattle Improvement Slow

The fine cow is free to produce more eggs.

Umbaugh said the average cow can produce 23 eggs a month.

He has been successful in transplanting the egg and starting its growth in the host cow. As yet he has been unable to get the host mother to carry the transplanted calf long enough for a normal birth.

Cattle improvement has always been a slow process of mating individual cows with better bulls. In this way the resulting offspring carried good traits from the father, but also possessed poor traits of the mother. Another generation was required to make another improvement.

Umbaugh's method of ova transplantation means the scrub cow can be used to produce an offspring from a proven mother and from a proven father. No longer would the scrub transmit her characteristics.

Many range authorities believe the United States has reached the limit of its pasturage for meat production, that there is not enough feed for more cattle.

Foundation Backs Tests

The alternate solution is a rapid improvement of the breed.

Umbaugh believes that within two years his experiments will be a practical process on farms and ranches.

The scientist became interested in ova transplantation while attending Purdue university. He was studying dairy manufacturing. Impatient to develop the idea, he quit college and went to the Worchester foundation at Worchester, Mass., to learn all he could about the female ovum and the male sperm.

He joined the Air Force during the war but continued his experiments at various stations.

Tom Slick, who established the foundation of applied research, heard about Umbaugh's experiments and together they mapped out a program with the foundation footing the bills.

The experimental equipment was moved here about a month ago from Worchester.

The horned toad of the American southwest can scamper over the ground about as fast as a mouse.

If picked up, horned toads may puff themselves out, or deflate themselves.

All In A Lifetime — Husbands

Sheriff's Campaign Produces Airplane

HOUSTON, March 25 (AP)—Sheriff T. W. (Buckshot) Lane's dollar bill campaign has resulted in one $8,500 cabin airplane.

Lane, Wharton county's scientifically minded officer, decided he needed a plane for law enforcement work. He started his dollar bill campaign.

Cash poured in from Wharton county residents. The idea caught on in adjoining counties. Money also came from California, Arizonia, and other states. A buck came from Canada.

Result: The commissioners' court this week suddenly realized the county owns an airplane. It really belongs to the county, not the sheriff.

TROOPS ADVANCING

RANGOON, Burma, March 25. (AP)—The government reported today that troops advancing in an attempt to re-take Mandalay from the Karen rebels were within four miles of the temple-studded city.

Five Candidates For School Posts Listed

The deadline for announcing candidacy for election to one of three positions on the board of trustees of Lubbock Independent School district passed Wednesday, with only five candidates having announced they would seek election to the board on April 2, A. C. Jackson, business manager, said last night.

Terms of three trustees, E. J. Parsons, C. H. Brownie Hamilton and President Clyde G. Tatum, expire on April 2.

Tatum announced March 5 that he would seek re-election, and two other candidates, Ruel C. Martin, vice president and treasurer of Dunlap company, and Don L. Jones, superintendent of the U.S. Department of Agriculture experiment station here, announced their candidaey for first terms on the board at the same time.

James C. Sharp, member of local union 850 of the International Brotherhood of Electrical Workers, and Byron Terrell, of the local carpenters union, announced March 17 that they would seek election to the school board with the backing of the central labor unions here.

Horace Isaac Carr, 80, London business man recently jailed for three days for horsewhipping his daughter's boy friend, complains to police that he is getting many abusive anonymous leters and phone calls.

The Government of Central Provinces, India, will produce aluminum at Katni, as a State enterprise, Nagpur announced, after finding adequate private capital unwilling to invest on the Government's terms.

The world's first aluminum alloy bridge, opened at Sunderland, England, weighs but 54 tons yet spans a 90-foot-wide junction between two docks and will carry both road traffic and a railway.

Inexpensive, prefabricated "Naseva" garages, easy to erect or dismantle, are among Finland's latest developments, made of planed boards and lined with tarred paper, Helsinki reports.

TCU Whips Tech Netters And Golfers

Broyles Has Lone Victory

FORT WORTH, March 25 (Spl.)—Tennis and golf teams from Texas Tech were on their way back to Lubbock today with a record of one victory in four matches against Southern Methodist and Texas Christian teams.

Red Raider netmen yesterday dropped a 5-1 match to TCU to return with a .500 record for the trip, while the Raider golfers went down at the hands of the Horned Frog linksters, 5½ to ½.

Yesterday's lone tennis victory was chalked up by Jake Broyles of Lamesa, who upset the seventh ranking junior singles player of the nation, Dick Osborne. After that it was all TCU, although the Frogs were pressed in one of the doubles matches.

Osborne won the first set from Broyles six-four, but Tech's Number one netman won the final two sets by six-two. In the Number one doubles' match, Broyles and Glenn Ivy won the first set seven-five, only to lose the remaining two in eight-six and six-four to John Baker and Jack Levinson of TCU.

The Frogs won all of the other four matches in two sets each.

Closest of the four TCU-dominated matches was the number two doubles, which went to a total of 32 games in the two sets. Tech's Carl Schmidt and Eddie Scudday lost to the Frogs' Osborne and Harold Manning, two of the top Texas amateurs, nine to eleven and five to seven.

TCU's Manning won the clearest decision of the day, defeating Tech's Ivy in two straight sets, six-one and six-one.

Baker defeated Tech's Schmidt six-four and six-one in the Number three singles match and Levinson took Scudday six-two and six-one.

Texas Tech was the Frogs' first opponent of the season and their only non-conference foe. They meet the other six Southwest Conference teams during the rest of the season. The Raiders return to Lubbock to prepare for matches against other SWC teams in the near future.

HORNED FROG GOLFERS DROP RAIDER LINKSMEN

FORT WORTH, March 25 (Special) — John Trout's 74, which tied Bobby Malone of TCU, gave the Red Raider golfers from Texas Tech their only fraction of a point today, as the Horned Frogs racked up a five and a half to one-half point victory.

The Frogs' Doyle Malone, brother of Bobby, defeated ex-football star Zac Henderson eight and six in the Number two singles match; while Leon Joslin, punting specialist on the Frogs' football squad last year, defeated Tech's Randall Carpenter five and four in the Number three singles.

The rout was made more complete when Bill Craig of TCU turned in a four and three victory over Richard Rozar.

In the doubles, the two Malones paired up to defeat Trout and Henderson three and two in the Number one match, while Joslin and Craig defeated Carpenter and Rozar four and two.

The Malones and Trout each shot 74s in their singles play to tie for low scores for the day.

For the Raiders, it was their second defeat in two days, SMU turning in a 6-0 licking at their expense Wednesday in Dallas.

Middleweights Meet In Garden Tonight

NEW YORK, March 25 (AP) — Jake Lamotta and Robert Villemain, a couple of short, squat middleweights, will clash tonight in a Madison Square Garden 12-rounder that should bring representatives of the Red Cross on the run.

Both battlers bled enough in their last outings to keep a plasma bank going for a week.

Villemain, the former French welterweight champion, required 16 stitches in losing his American deput to socking Steve Belloise in the Garden Jan. 7.

Lamotta, the one-time iron man of the Bronx, needed 11 stitches after bowing to another gallic gladiator, Laurent Dauthville, in Montreal, Feb. 21.

This is a "must" fight for both boxers if they hope to stay in the middleweight contention.

Ex-Texas Leaguers Do Fancy Fielding

BRADENTON, Fla., March 25 (AP)—A pair of Texas league graduates, Second Baseman Johnny Lane and First Sacker Charley Kress, may hold down the right side of Cincinnati's infield on opening day, Manager Bucky Walters said today.

Both fancy fielders, Lane and Kress, late of Tulsa, have been belting the ball at such a clip they figure to beat out Second Basemen Bobby Adams and Benny Zinentara and First Baseman Ted Kluszewski for starting jobs.

MEN OF DISTINCTION—Hall of Famers Rex Barney, left and Ed Head get together at Brooklyn's Vero Beach, Fla., camp. Head, now manager of Asheville of the Tri-State league, hurled no-hitter as a Dodger against the Braves in '46. The Brooks big righthander stilled the Giants' bats last season.

Annual Women's Bowling Meet Scheduled Here Over Week-End

The women bowlers in Lubbock will be kings of the alleys this week-end at the annual Women's City Association Bowling tournament. Team games will be played Saturday at Playmor Lanes, and singles and doubles will be unreeled Sunday afternoon at Lubbock Bowling club.

Thirteen teams are entered in the team matches, and it should be a close tournament among the better teams. A total of 45 bowlers are registered for doubles and singles on Sunday.

New officers for the City association will be elected Friday, April 1, at a meeting at Southwestern Public Service Company. They will serve for the 1949-50 season. It will be the last meeting of the year.

Dinner-Dance Set

On April 20 at Hotel Lubbock, the annual dinner-dance will be held, and trophies will be presented to winners of the City tournament and winners in all ladies sanctioned leagues. Reservations should be made with Norma Crossland or Kathryn Tate.

Team play Saturday afternoon is at Playmor Lanes, beginning at 4:30 and includes Benton Oil Company and O'Neal Drilling Company.

At 7:30 Southwestern Public Service, Penrod's, Bluebonnet Sunbeamers, Russell-Hardin Cleaners, and Lubbock Tailoring will bowl.

The final matches begin at 9:30 with Bell Ice Cream, Mission Orange Bottling, Lubbock Packing, Hub Laundry, Lubbock National Bank, and Hemphill-Wells rolling their strikes and spares.

Begins At Noon

Doubles and singles play begins at 12 o'clock Sunday at Lubbock Bowling club. Doubles teams are Nelle Goodgion and Flo Christensen; Francis McDowell and Reda Gary; Lea Williams and Faola Patton; Gail Tyson and Helen Henkel; Margaret Cowan and Jo Nita Jenkins; Peggy Gamble and Nell Gamble; Betty Jay and Judy Reed; and Louise Oliver and Barbara Brown.

At 2:30 are Hazel Alexander and Lila Heath; Brittie Bledsoe and Bertha Thomas; Maxine Buckner and Norma Crossland; Polly Buckner and Marie Buckner; Anne Thorne and Bennie Pressley; Lovie Beavers and Ruth Vautilburg; Pat Hoetger and Helen Priebe; and Ines Green and Grace Hall.

In the final matches beginning at 5 are Artie Reed and Aleene Hilton; Kathryn Tate and Herbie Ranton; Lenora Roberts and Nora Lee McCasland; Marcelle Curlee and Zelma Zimmerman; Billy Slovar and Irene Daniel; Billy Lou Abel and Ann Owen; and Betty Hlavaty.

Jaycee-Sponsored Boxing Tournament To Open At Lamesa

LAMESA, March 25. (Special) The first boxing tournament ever sponsored by the Junior Chamber of Commerce will be held here tonight and tomorrow night, with over 32 boxers signed up. First bout of the night will open at 7:30 p. m.

Fighters were due to weigh-in this afternoon and tickets for the fights still can be obtained at downtown stores. LaVern Roach of Lubbock, middleweight fighter, will be the referee.

Champions crowned in this tourney probably will be organized into a team to meet boxing teams from other towns in this area.

Wounded Longhorns Facing Sooner Nine

(By The United Press)

Noticeably nursing wounds inflicted by a Class AAA team, the Texas Longhorns today turned an argus-eye at the Oklahoma Sooners.

The Longhorns were hoping they could regain their batting form long enough to take the opener of a three-game series from the Oklahomans, who took an 9-3 pasting from Texas Christian Thursday at Fort Worth.

Texas didn't get off so easily The Milwaukee Brewers nicked Longhorn pitchers for 14 hits, including three home runs, four doubles and a triple, to score a 11-0 victory.

At Fort Worth, TCU's Frogs played errorless ball behind Lefty Wallace Franks' five-hit pitching. Franks walked seven Sooners and hit four, but he settled down in the pinches and the outcome of the game never was in doubt.

In the only other college game Thursday, Ohio State romped over the Texas Aggies, 12 to 4, at College station, with Buckeye Pitcher Pete Perini starring at the plate as well as one the mound. The two teams will play again today.

Fishing Continues At Lakes In Mexico

MEXICO CITY, March 25 (AP)—Texans still can fish at Don Martin and Salinillas lakes, the Mexican department of fisheries announced yesterday.

The lakes are favorite spots for many Texas anglers. Recently the Sabinas National Fishing Sports club's concession was cancelled at the lakes.

However, the department of fisheries said that the club had obtained an injunction against cancellation of the concession. This, in effect, means fishing can continue.

LUBBOCK EVENING JOURNAL
SPORTS
PAGE SIX LUBBOCK, TEX. FRIDAY, MARCH 25, 1949

Odessa, Lamesa To Open Baseball Race

LAMESA, March 25 (Special)—District 3-AA will open its baseball season officially today when the Odessa Bronchos invade this city for a game against the Lamesa Golden Tornadoes at 3:30 p. m.

Coach Jack Wetzel said that the game would be played on the practice field opposite the new high school, even though the playing surface is in poor shape. Efforts have been made to make it playable by watering and levelling, but it's still rough. Lobo Field, home of the pro nine, also is unsuitable at present and Odessa refused the game, because they also do not have a good diamond.

Will Be Weakened

Lamesa's diamond team will be weakened by the temporary loss of regular catcher Walter Massengale, clean-up batter, who has the measles. Coach Wetzel said that the squad, trimmed to 20 men, otherwise is in good shape.

Jerry Phillips, starting Tornado hurler, saw service in every one of Lamesa's 12 games last year. The tall righthander is slated to go the full seven innings, provided he doesn't run into trouble.

Both Teams Are Strong

Ready for relief duty will be Royce King, southpaw, and Bill Hart, both veterans. Jerry Millsapps may see some service at shortstop or second base.

The Bronchos, second in the district last year, are expected to field a strong team, while the Loboes, third last year, also have strength.

Probable Lobo batting order will be: Larry Lattimore, third base; Ronald Chapman, second base; Frank Rose, leftfield; Edwin Thomas, rightfield; Delbert Dickenson, centerfield; Warren Massengale, first base; Lewis Duncan, shortstop; Jim Bob Boothe, catcher; and Phillips, pitcher.

New Border Sport To Be Inaugurated

EL PASO, March 25 (AP)—Tumbleweed polo, a new border sport, will be inaugurated here tomorrow by six sunsuit-clad coeds of Texas College of the Mines.

The girls, using brooms to roll the weeds over the 25-yard distance will fight for the honor of being the first to push a tumbleweed across the finish line. The winner will be initiated into the Association of Master Tumbleweed Tumblers, an El Paso border organization.

The event is part of the ceremonies for the world premiere of the movie "El Paso." It will be reviewed by Movie Stars Gabby Hayes, Mary Beth Hughes and John Payne.

Double Play Work Aids Cub Pitchers

LOS ANGELES, March 25 (AP)—A bit of encouragement to the Chicago Cub pitching staff has appeared in the form of slick double play work in exhibition appearances.

Including yesterday's game with Cleveland, the Cubs infielders have sped through 23 twin killings in 12 games. Three Cleveland homers featured their 7 to 4 win over the cubs yesterday.

Cardinal And Giant Deal Latest Rumor

HOLLYWOOD, March 25 (AP)—The "latest" trade rumor in the camp of the New York Giants has Howie Pollet, stylish St. Louis Cardinal lefthander on the way to the polo grounders.

Pollet would be a welcome addition to Leo Durocher's crew. Outfielder Bobby Thomson is the Giant player involved in the supposed deal.

SPORTS ROUNDUP

by Hugh S. Fullerton, jr

NEW YORK, March 25 (AP)—Prediction: Hank Iba's Oklahoma Aggies will knock off Adolph Rupp's Kentucky Wildcats in the NCAA basketball final at Seattle tomorrow . . . Reason is that Hank is the best one-game coach in the business. Given reasonably good material, which is just what he has, Iba usually can come up with something to stop any rival—St. Louis, for instance . . . Loyola showed that Kentucky can be stopped and the Wildcats showed some unaccountable "flat" spots against Villanova before bouncing back to play a great game against Illinois . . . Could be that Groza, Jones & Co., who have been practicing or playing almost continuously since September, 1947, have had too much basketball.

Coach Didn't Know

When Charlie Speidel, Penn State wrestling coach, decided to take his eastern heavyweight champ, Hober Barr, to the NCAA championships at Fort Collins, Colo., this week-end, he figured it would be good to travel by air. But Charlie wasn't sure Homer would like it, so he tried the indirect approach . . . "Do you like flying?" Speidel asked. Barr indicated it was okay . . . "Then you wouldn't mind flying to Fort Collins for the nationals?" . . . "No," Barr responded quietly. "You see, Mr. Speidel, I already have my pilot's license."

In Line For Job

Report upstate says Terry Brennan, Notre Dame backfield ace, is in line for the juicy coaching job at Rochester's Aquinas institute. . . . Harry Wright, who made it a big-time proposition, moved west to the University of Portland and the story is that a lot of boys who had been tabbed for N.D. are following him . . . Ray Dumont's 1949 national baseball congress annual, which just hit this desk, is a 300-page job — roughly, one page for each league in the association . . . Gary "Frenchy" Ferland, French-Canadian welterweight who fights Vinnie Rossano at Ridgewood Grove, used to be on the Montreal Canadians reserve list. He quit hockey because Manager Tony Brown thought it was too rough. Gaby played with the Sudbury Wolves and worked out with the Montreal Royals Seniors . . . One of the guards working out with the Columbia football team is Donald Atkocious. And if the team is as weak as Lou Little claims, the fans likely will be calling him "atrocious."

Georgia Lands Hargrove

Georgia has landed Lauren Hargrove, star prep halfback from Fitzgerald, Ga., and the coaches will tell you privately they expect him to be the South's greatest right half since George McAfee . . . Calumet is worried about Coaltown's lack of appetite. He's 50-100 pounds lighter than last year . . . Gus Lesnevich and Bernie Reynolds have gone to Hot Springs, Ark., for a little pre-season training . . . Brownie Leach's book "The Kentucky Derby Diamond Jubilee, 1875-1949" will be off the presses in a few days and ready for sale as well as free distribution to derby boxholders . . . From all reports, it's something the fans will preserve even longer than their derby day headaches.

Head Coach At Olton Resigns

OLTON, March 25 (Special) — Coach Melvin Simmons, popular head coach here at Olton High school, has resigned to accept an offer of business partnership in Lubbock.

J. T. Jones, superintendent of schools, and the school board has accepted the resignation. No successor has been named.

It was in Olton two years ago that Simmons first began his coaching experience. That year his Mustang gridders won three and lost six, but the groundwork was laid for a more powerful team in 1948. Last fall the Mustangs won five and lost four, ending the District 3-B campaign in fourth place. His team won five conference games while losing three.

Coaches Cagers

Simmons also coached a pair of successful basketball seasons and his boxing team won respect under his guidance. The boxers won the high school division team title in the Lubbock regional Golden Gloves this year.

In leaving, Coach Simmons said: "My greatest regret is having such abundance of material and walking off from it when I have spent so much time and effort in building it up to where I could win against strong competition."

Lockney Fight Team Wins Over Paducah

LOCKNEY, March 25 (Special) —Boxers of Lockney High school, with their second team victory of the year under their belts, looked forward today to matches here next Friday against Lakeview and April 15 against Pampa.

The Longhorn leather pushers slammed their way past Paducah High school boxers here last night, losing only two of the 17 fights of the card. Coach Curtis Kelley's men won the first two fights, dropped the third, then rolled to seven straight victories to virtually clinch the inter-city match.

Nine of the fights ended in knockouts tonight, all scored by Longhorn boxers, and Paducah failed to show any signs of threatening Lockney superiority.

LaVern Roach of Lubbock, who got his start here, was the referee.

Results follow:

Paul Williams, Lockney, decisioned Don Smith.
Jerry Ford, Lockney, decisioned Yale Black.
Billy Kirk, Paducah, decisioned Johnny Clark.
Tom Ferguson, Lockney, knocked out Gene Sandlin, second round.
C. L. Turner, Lockney, knocked out Don Clark, second round.
Lindell Johnson, Lockney, decisioned Snooky Long.
Glen McCleod, Lockney, decisioned John Campbell.
Harold Griffith, Lockney, knocked out Don Brothers, second round.
Ronald Reecer, Lockney, knocked out Babe Burton, second round.
Red Ferguson, Lockney, decisioned Norman Armstrong.
Billy Biddy, Paducah, decisioned Bill Kirkpatrick.
Buster Mooney, Lockney, knocked out John Brownlow, first round.
Stanley Conner, Lockney, knocked out John Tobias, second round.
John Booth, Lockney, knocked out Bobby Geiger, second round.
Ray Ferguson, Lockney, knocked out Walter Liepke, first round.
Red Horston, Lockney, decisioned Tommy Scott.
L. V. Hilaid, Lockney, knocked out Peanuts Robertson, first round.

BAYLOR BESTS ETSTC

COMMERCE, March 25 (AP) — Baylor university tennis team defeated East Texas State Teachers college, 6-1, in a dual meet here yesterday.

Westerners Getting Prepared For Meet

Time trials were run by the Westerner track men Tuesday afternoon in preparation for the West Texas Relays Saturday at Odessa.

A warm sun and near windless day was made to order for track coaches who had been tearing their hair and bemoaning the cool, windy weather the past week.

The team will leave Saturday morning at approximately 6:30 and return after the relays. Coaches Fred Brown and Pat Ferris will accompany the high school team, along with Manager Davis Hopper.

Names of the boys making the trip will be known today. A chartered bus will take the cindermen to Odessa Saturday morning and return after the meet Saturday night.

Juniors Entered

In addition to the high school team a seven-man junior high school squad will compete in five events at the relays—the 50 and 100-yard dashes, 440-yard relay, high jump, and broad jump.

Showing up well yesterday in several events was Donald Decker, whose specialty heretofore had been in the low hurdles and 440-yard relay. He won the 100-yard dash and 220-yard dash ahead of Danny Boone. Both boys were running hard and seemed to have improved a lot in the past few days. The times of the two events were :10.4 and :21.6, but the clocking may not have been as accurate as it would be in a meet.

The 880-yard run was won by Eddie Goetze in 2:09.5, and Malcolm Young took the 440-yard dash with :55.8.

The time in mile run was 5:34.2, with Ray Thornton placing first in that event. A mile relay team, composed of Kent North, Cecil Cadell, Ozell Westbrook, and Henry McDougal, ran the distance in 3:55. The 440-yard relay team registered a :48.3, with Alfred Adair, Richard Allen, Douglas Weinke, and Danny Boone on this team. The gold team dropped the stick on the first handoff.

In the field events Morris Moyer threw the shot 43 feet, 8 inches. Douglas Ross won the discus with a throw of 132 feet, and Alfred Adair took the high jump.

BLUEBONNET RELAYS SET

BROWNWOOD, March 25 (AP)—Forty-three high schools will compete in the Bluebonnet relays here tomorrow. More than 500 athletes are expected to vie for honors.

Hub Laundry Beats State Drug Keglers

Hub Laundry scored a triple-killing over State Drug last night in the Ladies City Bowling league, winning all three games.

Leading the way for the Hub were Norma Crossland with a sizzling 201-526 series, and Maxine Buckner turned in a 171-475 performance. High for the druggists was Gene Lumpkin with 150-440.

Another goose egg was racked up by Mission Orange over KCBD. Billie Slover rolled the highest game and series of the night, getting 210-548 for the winning Mission Orange team. High for the losers was Bennie Pressley with 187-496.

Two games were won by Lubbock National Bank from Bell Ice Cream, but Lovie Beavers had a high 197-501 series for the losers. Top kegler for Lubbock National was Faola Patton, upsetting the pins to score a 161-461 series.

SW offo.losesrpr

Lubbock Packing evened its games won and lost at 39-39 by defeating Hemphill-Wells two of three games with the aid of a 15 pin handicap. A 169-482 series was rolled by Betty Hlavaty for the losers, and Grace Hall had 156-440 for Lubbock Packing.

THE STANDINGS

Team:	Won	Lost
Hub Laundry	46	22
Hemphill-Wells	47	31
Lubbock National	40	38
Mission Orange	40	38
Lubbock Packing	39	39
State Drug	32	46
Bell Ice Cream	31	47
KCBD	27	51

Between . . . The Lines

— By JOE KELLY —

Baseball really is underway and from all indications, some of the West Texas-New Mexico League clubs aren't planning to repeat their performances of last year. No longer does it appear that there will be definite cellar clubs and middle ground teams, teams that aren't strong enough to win from anyone except each other. The weak clubs of 1948 appear to have been strengthened a good deal, while the strong clubs have not grown much weaker.

• • •

Emphasis on the fact that teams generally are strengthening came over the Associated Press wires last night, when it was announced that Ken Sears, former New York Yankee catcher, had signed to play with the Borger Gassers. Ken's a son of Ziggy, the former umpire and Texas League star, who makes his headquarters in these parts. The younger Sears isn't a half-bad backstop and he's a good man with the willow. In fact, that .318 average with Little Rock of the Southern Association in 1947 is a pretty good indication of his ability.

• • •

Gorger's Gassers had no business finishing as low as seventh last year. They had power in the lineup and, when they wanted, they could be the toughest team in the loop to beat. Their pitching was above average much of the time. Ray McNally told us on several occasions that the only reason they didn't click better than they did was because discipline was almost nil. Eddie Carnett, the former major leaguer, resolved that this year there would be none of that. The likeable Gasser manager intends to keep the players under pretty close rein and that means they'll be tough.

• • •

Eddie has cut off a lot of the dead timber and has brought in what appears to be top replacements. They're going to be as tough a team in the league to beat as any. At the same time, word comes from Amarillo that the Gold Sox have signed Lefty Bob Glass, who hung up a dour six-six record for the Gassers last year. A quick check of the records here showed that Glass appeared only once against the Hubbers at Rosenthal field. He came on in relief, hurled four innings and gave up a game-winning two-run homer to Jackie Sullivan in the ninth. Still, he might develop at Amarillo, especially with that power behind him.

• • •

Amarillo, with a close working agreement with Little Rock, appears to be getting more close to being in the driver's seat. Buck Fausett and Bob Seeds aren't sparing the pennies, nickles or dimes in picking up players. They have many of the same players back from last year's power-packed club and they apparently have not lost out on the winter deals. Right now, before a pitch has been thrown, we'd tab them as the team to beat, not Albuquerque. They have been getting pitching catching (Ted Clawitter, .414, is back) and fielding. They'll be rough.

• • •

Never sell Grover Seitz and Pampa short, either. As long as old graybeard Seitz is around, he'll have a hustling club and a tough one. Albuquerque lost a lot, as all champions do, but they still have Herschel Martin, a most handy man in the field and at the plate. He's also demonstrated that he's a good manager. Clovis has Paul Dean and if the Daffy and Dizzy ones can't assemble a team, something's wrong. And this is no maiden managerial effort for Paul. He turned in a fine record for Ottawa (Canada) of the Border League. What Jay Haney can make out of Lamesa remains to be seen. You can, in all probability, disregard the working agreement with Dallas. Ask the Hubbers about that.

• • •

Stubby Greer is back at Abilene, which is bad news for the loop pitchers and hitters. And the dead timber the Dodgers unloaded is gone. The Blue Sox could have the makings of a good club. So what about the Hubbers? That's one thing in which we are interested vitally. We can't say a thing at this point. We don't know and we know that Jackie doesn't. So far they do not appear to have much more than they had last year, when they finished third. Mike Dooley will help behind the plate, but Virgil Richardson is gone from first and Jim Prince is going to have to be pretty nifty to be a better hitter and capable replacement. The outfield is entirely gone.

• • •

The ever-optimistic George Schepps isn't worried. He's certain that the Hubbers will be strong enough to be in the thick of the pennant fight. We hope he's right, but we're going to be from Missouri until he proves it. So far the pitching staff doesn't appear strong. Tommy Taylor isn't living up to advance billing. Chris Haskins and Roland Miller are gone. Bob Clodfelter is gone. Royce Mills and Cotton Rusell are back and while the Rooster can win, as he proved, Russell is going to have to show a lot more than he did last year. Herby Pitts apparently is going to make it this year, thanks to a year with Odessa. The rest of the players are a bunch of guys named Joe. Maybe it's going to be a pennant-contender, but we'll wait for solid proof.

Officials Getting Road Ready For Race

MEICO CITY, March 25 (AP) — Road officials are racing to get a road ready for a race.

The automobile race is planned to commemorate the finishing of the last gap of the Pan American highway in Mexico. It would be a 1,400-mile affair from Juarez, on the U. S. border, to the Guatemalan border at Suchiate.

Road officials say the final 50 miles will be completed before the race is due to start Oct. 12.

Two Highest Scoring Teams Meet Tonight

Tyler Junior College Cagers Seek Tourney Finalist Berth

HUTCHINSON, Kas., March 25 (AP)—Two of the nation's highest scoring junior college basketball teams will write the 1949 chapter of their rivalry tonight.

Tyler, Tex., junior college and Compton, Calif., will be playing for a finalist berth in the National Junior College Athletic association basketball tournament.

Tyler will be shooting to avenge two one-point defeats by Compton, but the records for both schools are outsanding.

Compton defeated Tyler 20-19 in the Texas Rose Bowl football game in 1947 and came back last year to win 66-65 in the first annual junior college basketball tournament at Springfield, Mo. That victory gave Compton third place in the tournament.

Had 33 Victories

The Tyler basketball team came into the 1949 tournament with a mark of 33 victories in 34 games —30 of the victories coming after an early season loss to the Southern Methodist university freshmen. Tyler scored 2445 points in the regular season for a 71.9 average and breezed through four games in the Texas A. & M. college state invitation tournament with an 89.2 average.

Compton came up to the tournament with only three losses in 38 games.

The tournament records leave little to choose between the two. Tyler advanced to the semifinals with a 64-42 victory over Bayonne, N. J., and a 78-63 decision over Brainerd, Minn. That maintained the season's scoring average of better than 70 points per game.

Whips Benton Harbor

Compton blasted Benton Harber, Mich., 81-49 in the first round and went through a five-minute overtime to win from Bremerton, Wash., 62-61 in the second round. The loss was the first this season for Bremerton.

The Tyler-Compton game is scheduled for 6:30 p. m. (CST).

Grant Tech of Del Paso Heights, Calif., and Hutchinson, Kas., are the other semifinalists, meeting at 8 p. m.

Hutchinson upset Dodge City, Kas., 55-48, last night and Grant Tech beat Weber college of Ogden, Utah, 65-58.

Uniform License For Lake Texoma Sought

OKLAHOMA CITY, March 25 (AP)—Fishermen would need only one license to fish in huge Lake Texoma under terms of a resolution introduced yesterday in the Oklahoma Senate by Sen. Raymond Gary of Madill.

Revenue from the uniform fishing license would be divided between the two states.

Sportsmen are in doubt which state they are fishing in, Gary said yesterday, since an estimated 70 per cent of the lake lies in Oklahoma and the remainder in Texas.

He said that the uniform license is needed to head off a request by Texans for the federal government to take over fishing rights there.

STEVE'S SATISFIELD—Philadelphia Eaglec' Steve Van Buren, left, interrupts curtain hanging in his Penfield, Pa., home to read contract offered by the club's assistant general manager, Vince McNally. The National Football league's leading ground-gainer signed for four more years.

Nashville Quintets In AAU Final Play

ST. JOSEPH, Mo., March 25 (AP) It's a cinch a Nashville team will win the women's national A. A. U. basketball tournament championship tonight.

The finalists are Nashville Business college and the Nashville Goldblumes.

The Tennessee teams won their semi-final games last night, beating the Elkin, N. C., Chathams and the Winston-Salem, N. C., Hanes Hosiery quintets.

The Goldblumes, defending champions, trounced Elkin, 36-27. Nashville Business college defeated Winston-Salem, 29-21.

Dixie Walker Going Strong

HOLLYWOOD, Calif., March 25 (AP)—The old man with the scythe apparently hasn't done any harm to Dixie Walker as a hitter.

Even though Walker, now nearing 39, got to training camp 10 days late, he is top man among the three Pittsburgh Pirates who are slapping the apple at a .400 clip or better.

Dixie was going strong when the 1948 season finished — he was leading the club with a mark of .316. He didn't let up over winter. With 10 of the 34 exhibition games out of the way, he has banged out eight base hits in 19 trips for an average of .421.

Only player threatening Walker's No. 1 spot at the moment is Eddie Fitzgerald, who is giving Clyde McCullough a tough rassle for the first-string catcher's job. Eddie has clicked five times in 12 for a .417 average. Manager Bill Meyer says he thinks Eddie the most improved player on the club.

Wally Westlake has got eight in 20 for an even .400. He has one home run and is especially proud of it. It was the blow that clipped the World Champion Cleveland Indians, 2-1.

And if you're casting a handicapper's eye over the Buc Blasters, you'd better take note of Les Fleming, who has been the club's big siege gun to date.

Fleming's average is only .286 but his hits includes four doubles, a triple and a homer.

Phillies' Last Win Might Prove Costly

CLEARWATER, Fla., March 25 (AP)—The Philadelphia Phillies latest exhibition game victory — a 5-4 eleven inning decision over the St. Louis Cardinals — may have proved costly.

Eddie Miller, veteran second baseman, was spiked on the left ankle when he collided with Catcher Joe Garagiola in the second inning yesterday.

Curt Simmons, southpaw hurler, was hit on the left shin by a drive from Eddie Sauer's bat in the ninth.

Madison Square Garden boasts a new running track this season. The boards run lengthwise, instead of crosswise, as before.

Boxing Set Tonight At Boys Club Gym

The last of three Friday night boxing shows will be held at Boys club gym tonight, beginning at 7:30.

Highlighting the 10 bout card will be a battle royal with four blinded boys in the ring. This match should provide real entertainment for the crowd. The boys are Jimmy Washington, Claude Weir, Eugene Ward, and Jack Richardson.

Special guests at the final fight night will be members of the 20-30 club, and judges are T. L. Fanning, Garland Hoover, and Joe Gaylor. Timekeeper is L. C. Walker, and the announcer is Gene Blackburn. Referee is O. J. "Bo" Sexton.

Ten good fights are on the card, and Coach Glen White promises lots of action.

Pairings Announced

Matched in the bouts are Wayne Noland, 140, Vs. Carl Noland, 132; Henry Hern, 70 Vs. Melvin Lester, 80; A. C. Tapp, 94, Vs. Larry Warren, 87; Tinker Carlen, 88, Vs. James Pritchard, 78; James Williams, 99, Vs. Buddy Neal, 110; Mikie Brady, 128, Vs. Doyle Weir, 120; Bobby Burgess, 73, Vs. Cricket Sherley, 73; Jimmy Tips, 78, Vs. Gene Calvert, 67; Bobby Fowler 67, Vs. Buddy Sherley, 58; and Joe Williams, 112, Vs. Maxwell Noland, 122.

At 4:30 this afternoon at Boys Club diamond, the local baseball team will play Slaton High school in a practice game.

Against the Boys club team will be a group of inexperienced boys, but Coach Clarence Tillery should produce a good team before the season ends, having been delayed because the baseball field is not completed.

Coaches Jerry Starkey and Vernon Jackson have about whipped the Boys club nine into a fast-moving aggregation. Wednesday afternoon they were defeated by the Westerners, 4-3, but the boys are not downhearted over the loss and may bounce back to hand the Slaton crew a hearty shellacking.

Showing up well for Boys club in previous games were Dudley Stanley, Mikie Brady, and Jack Whitehead in the infield. On the mound are Jackie Martyn and Joe Hall.

REDS PICK HORSE

LONDON, March 25 (U.P) — The London Daily Worker, organ of the British Communist party, today announced its selection for the grand national race at Liverpool tomorrow:

"Russian Hero," a 50-to-1 shot.

Demos Tighten Senate Ranks To Halt ECA Fund Reduction

(By The Associated Press)

WASHINGTON, March 25 — Democratic leaders tightened ranks in the Senate today to block any move to cut the $5,580,000,000 European recovery program.

They faced a powerful group of lawmakers, headed by Senator Taft (R-Ohio), who think western Europe can get along with from one to three billions less than the administration has asked for the Marshall plan's second year.

Majority Leader Lucas (D-Ill) was confident the leadership would be able to defeat any reduction move in a final vote today.

Expects No Changes

"I don't think there will be any amendments adopted," Lucas told reporters. "I think the Senate will pass the bill as it came from the foreign relations committee."

The committee approved a bill to let the Economic Cooperation administration spend $1,150,000,000 during the three months starting April 3, $4,280,000,000 for the 12 months following, and $150,000,000 in contracts beyond June 1950.

This authorizes the amount to be spent, but the cash must be provided by appropriation.

Unlike the case a year ago, the issue before the Senate now is not whether the recovery program will be carried on. The question is how much should be spent for it in the next 15 months.

Need Is Questioned

Taft argued yesterday that shipments to Europe will keep going even if Congress doesn't give ECA any money until July 1.

He said ECA actually has spent only $2,916,000,000 out of the $5,055,000,000 provided last year. Because of this he questioned the need for the $1,150,000,000 asked for the next three months.

But Senator Connally (D-Tex), chairman of the foreign relations committee, and Senator Vandenberg (Mich), top foreign relations Republican, argued that the flow of supplies to Europe would stop if a cut were made.

Vandenberg hinted he might favor a cut later if it is justified by new facts—but he said he would oppose any "across the board" cut such as Taft suggested.

Bitter criticism of ECA came from Senator Capehart (R-Ind) in a speech he made last night in Chicago.

Capehart advocated slashing $3,000,000,000 from the ECA program. He argued American taxpayers are supporting monarchies in Denmark, Holland, Greece and Norway, and added:

"You are supporting with your dollars a republic of minorities in France and although you hate state socialism you have poured billions into the operations of state socialism in England."

In New York, Senator Wherry (R-Neb) told the national industrial conference board: "Those who sponsored the Marshall plan apparently believe it has not served its major purpose of insulating western Europe against Communism for we have before us the North Atlantic pact."

But Vandenberg told the Senate: "It seems to me that the facts of life so plainly recommend this second year's authorization that argument is scarcely necessary to defend this action on the part of the Senate."

He said ECA has "all but stopped Communism in its tracks," and added:

"Current Soviet hysteria against the so-called Marshall plan is the most eloquent possible testimony to its success."

Sally Sentenced

(Continued From Page One)

that Miss Gillars stand up. He asked her if she cared to say anything, explaining that she did not have to do so.

She immediately launched into a long statement which the judge called an argument.

Broadcast For Nazis

He said he did not want her to make an argument, commenting that her attorney, James J. Laughlin, already had done that.

Miss Gillars was convicted of one of the eight alleged treasonable acts on which the government offered evidence. No evidence was presented on two others set forth in the indictment.

The "Vision of Invasion" was broadcast by the Nazis a month before the Allies landed in Normandy.

Miss Gillars portrayed Evelyn, an Ohio mother who dreamed her son was killed in the invasion.

The government charged the broadcast was beamed to Americans at home and abroad as part of Nazi propaganda and as an instrument of psychological warfare.

Academy Awards

(Continued From Page One)

by Hollywood standards, cheered the film famous as they entered the neighborhood playhouse in gowns and tuxedos dampened by a a mild drizzle.

BarryMore Gets Applause

Sideslights: Winner Wyman said she would put her Oscar on her television set. Miss Trevor remarked she would build a house around hers . . . She also said, with unusual candor, that she "had a good idea" she would win . . Bright twosomes: Ava Gardner and Howard Duff; Elizabeth Taylor and Glenn Davis.

Montgomery's running commentary was light. Best line: When Ava Gardner was created, "Motner Nature lingered over the job" . . . Minor awards were presented by youngsters like Glenn Ford, Arlene Dahl, Louis Jourdan, Kathryn Grayson, Deborah Kerr. None missed a line.

Classiest gown was Ann Blyth's brocaded turquois satin, strapless and well filled . . . Biggest applause went to Ethel Barrymore, who presented the best picture award.

Daily Markets

Stock Market

HALF GAINS WIPED OUT

NEW YORK, March 25 (AP) — The stock list settled back into a rut today as a small amount of profit-taking wiped out about half the gains of the preceding two sessions.

Wall Street quarters interpreted the price dip as "natural" in the wake of a fairly good advance over the past two days which prompted quick realization of profits. There was nother in the news to account for selling apart from such technical factors.

With stock prices unsettled, the commodity markets turned firm, rising almost two cents a bushel in wheat. The rise in grains, which sent corn up more than a cent a bushel, reflected higher government buying prices for both wheat and corn. Hogs also advanced, rising as much as 25 cents to a top price of $21.75.

Cotton Market

NEW YORK REPORT

NEW YORK, March 25 (AP) — Cotton futures were irregular in dull trading today reflecting uncertainty of ECA export program, the poor demand for cotton goods and quiet conditions at the primary cotton markets.

Private advices said that mill buying of spot cotton was light. A small amount of high grade cotton sold out of the loan, in the southeast at $5 a bale above the loan plus carrying charges was reported. Cotton acreage increases of 12 per cent were forecast in the southeast and 8 to 10 per cent in Memphis territory.

Cotton closed steady.

	Open	High	Low	Close
May	32.18	32.30	32.14	32.16-17
July	31.13	31.14	31.08	31.11-12
Dec.	28.00	28.04	27.98	28.04
March	27.84	27.89	27.85	27.89

Spots closed nominal at 33.48, off 4.

NEW ORLEANS REPORT

NEW ORLEANS, March 25 (U.P.) — Cotton closed steady.

	Open	High	Low	Close
May	32.07	32.09	32.06	32.06
July	31.08	31.09	31.04	31.05-06

March	27.83	27.80	27.80	27.84B-86A

Livestock

FORT WORTH REPORT

FORT WORTH, March 25 (AP) — Cattle 200; calves 100; steady; few common and medium slaughter yearlings 18.00-23.00; choice fed heifers, averaging 604 lbs. topped at 26.00; butcher cows 16.50-18.00; canners and cutters 11.00-16.50; bulls 16.00-20.00; few good fat calves around 24.00; common and medium calves 18.00-23.00.

Hogs 450; butchers and sows steady to 25c lower; pigs steady; top 20.75; good and choice 190-260 lb. 20.50-75; good and choice 150-185 lb. 19.00-20.25; good 400 lb. hogs downward to 18.00; cows 15.50-16.50, with few to 17.00; feeder pigs 19.00 down.

Sheep 325; spring lambs and shorn slaughter lambs strong, quality considered; other sheep scarce; medium and good spring lambs 27.00; good and a few choice shorn slaughter lambs with No. 3 pelts 27.00; medium and good slaughter lambs with No. 2 pelts 26.50.

KANSAS CITY REPORT

KANSAS CITY, March 25 (AP)—(USDA)—Cattle salable 300; calves salable 100; virtually no fed steers or heifers offered; trade on limited supply of other classes rather slow and indifferent at steady to weak prices.

Hogs salable 1,000; slow, steady to 25 lower, mostly steady with Thursday's average; top 21.50 to all; good and choice 180-250 lb. 21.00-50; 260-360 lb. 19.50-21.00; sows steady at 16.50-18.00; stags 15.50 down.

Sheep salable 100; not enough on sale to test values; killing classes nominally steady.

Grain Market

CHICAGO REPORT

CHICAGO, March 25 (AP) — With the May contracts in the lead, grains moved higher on the board of trade today. Buying followed trade advices that the Commodity Credit corporation had raised its bids for both cash wheat and cash corn.

However, lard continued to lag behind the rest of the market.

Wheat closed 1¼-1¾ higher, May $2.15⅞-¾, corn was ½-1¼ higher, May $1.33-1.33⅛, oats were ⅝-¾ higher, May 69-69¾, rye was ½ to 1 cent higher, May $1.38¾, soybeans were ½-¾ higher, May $2.14½-2.14, and lard was 3 to 8 cents a hundred pounds lower, May $11.37.

FORT WORTH REPORT

FORT WORTH, March 25 (AP) — Wheat No. 1 hard, 3m41¼-47½.
Oats No. 2 white 91½-92.
Corn No. 2 white 1.72-75.
Sorghums No. 2 yellow milo, per 100 lbs. 2.58-63.

Produce

CHICAGO REPORT

CHICAGO, March 25 (U.P.) — Produce: Live poultry: 11 trucks. Market on hens unsettled, chickens steady. Hens colored 41, hybrid 36, leghorns 33 cents a pound.

Butter: 703,314 pounds. Market steady. 93 score 59½ cents a pound, 92 score 59½, 90 score 59½, 89 score 59. Carlots 90 score 59½, 89 score 59.

Eggs (browns and whites mixed) 10,749 cases. Market firm. Extras 70 to 80 per cent A 45 cents a dozen; extras 60 to 70 per cent A 44; standards 41 to 43½; current receipts 41; dirties 38½; checks 38.

Markets At A Glance

NEW YORK, March 25. (AP)—
STOCKS: Lower; trading slows.
BONDS: Lower; selling expands.
COTTON: Quiet; light mill buying, liquidation.
CHICAGO:
WHEAT: Firm; government raises bid for cash wheat.
CORN: Firm; government raises bid for cash corn.
OATS: Steady; helped by advances in other grains.
HOGS: Steady to 25 cents up; top $21.65.
CATTLE: Steady to weak; no choice steers on sale.

PRAIRIE FIRE RAGES

DUMAS, March 24. (AP)—A prarie fire on the Coon ranch three miles south of Dumas last night cut a swatch 300 yards wide and three miles long. The Dumas fire department and volunteers summoned by radio station KDDD, Dumas, brought the blaze under control an hour after it started. No estimate of damage was available.

NEW TAX ON GAS

HARRISBURG, Pa., March 25 Pennsylvania motorists will pay a state tax of five cents a gallon on gasoline June 1.

Gov. James H. Duff signed into law the one cent boost.

GREECE CELEBATES

ATHENS, March 25 (AP) — Greece celebrated the 128th anniversary of her independence from Turkey today. Huge crowds assembled, despite bitter cold, to watch a military parade through Athens.

PITCHERS CUT LOOSE

BURBANK, Calif., March 25 (AP) —The St. Louis Browns have cut loose three young pitchers. Don Larsen was sent to the Brown's training base at Pine Bluff, Ark. John Crocco goes back to San Antonio and Bud Swartz was optioned to Portland of the Pacific Coast league by Baltimore, which has a working agreement with the Browns.

IN CAPSULE FORM
News Briefs

Mr. and Mrs. Terry Easter, former Lubbock residents who have lived in Ruidoso, N. M., since last July, have returned to this city. They have purchased the Two-way laundry, 2018 Fourth, from D. R. Davis and Dave Cummings, and will operate the establishment, Mrs. Easter announced Thursday.

The regular fourth Sunday singing of the Foursquare church, Eighth and Ave. Q, will be held Sunday. P. O. Brock, singing chairman, said a large crowd is expected for the event.

Elder M. L. Welch of Wichita Falls will preach at Sunday services at the Primitive Baptist church, Ave. K and Twentieth, it was announced Thursday. Services will begin at 11 a.m., and 7:30 p.m. The public is invited to attend.

The South Plains Amateur Radio club will meet at 7:30 o'clock tonight at the Naval Armory on the Texas Tech campus, it was announced Thursday. The meeting date recently was changed from Wednesday to Friday nights. U. V. Blake, club president, has invited all area amateur radio operators to attend.

Unit one of the Blue Birds, junior Camp Fire Girls group, met Thursday afternoon in the home of their sponsor, Mrs. W. V. Maddox, 3201 Twenty-seventh, to discuss plans for organization. Susan Ford was elected president and Sally Sue Denton was named secretary and treasurer. Refreshments were served to eight members and two assistant leaders.

Midshipman, First Class, William J. Norris, USN, a son of Mrs. Willie G. Norris of 215 North Austin st., Lamesa, has been selected as an officer in the Brigade Organization of the Naval Academy, Annapolis, Md., for the Third Term of the academic year. In selecting the midshipmen officers for the Brigade Organization, conduct, academics, aptitude and leadership are taken into consideration.

Mrs. M. K. Simpson of 2124 Twenty-third currently is in Dallas visiting an aunt, Mrs. Emma Rogers, who is ill.

A Lubbock voiture of the Forty and Eight organization of the American Legion will be formed at a meeting in the Legion home at 8 o'clock tonight, it was announced by Jack Hall, Legion executive secretary. All former and present Forty and Eight members are urged to attend. Jack Armstrong will have charge of the meeting, at which officers will be elected.

Graveside services for Linda Kay Duckett, infant daughter of Mr. and Mrs. Murl Duckett of South Lubbock, were to be held at 3 p. m. today in Lubbock cemetery. Rix Funeral home was to direct burial.

John Smith, 54, of Van Horn, died at about 5 a. m. today in Lubbock Memorial hospital. Smith had been working in this area as an auto mechanic. Funeral arrangements have not been completed, Rix Funeral home reported.

Bond of $500 was set this mornning for Marvin Clifton Arnold, 32, of Ralls and for Martin Frank Hoge, 54, of Lubbock, each of whom had pleaded innocent of a county court charge of drunk driving.

The police this afternoon held for questioning four negro boys—all juveniles—after a report had been telephoned from Lubbock Cotton Oil company, at Seventeenth and Ave. A, that several dollars worth of tools had been stolen there. W. O. Sanders of 1707 Fifth informed police of the theft of a canvas bag of cement finishing tools left in his pickup truck.

One person—Mrs. Bettie Berry Pierson, 68, of Ropesville — was injured in a collision of two automobiles early this afternoon at Nineteenth and Madison Ave., the police said. She, an aunt of Dr. O. W. English, was making a left turn off Nineteenth onto Madison near the English residence at 2809 Nineteenth when her car was struck by a car driven by William Folts Mills, 29, of Lubbock route 3, Patrolman L. W. Fristoe said. Mrs. Pierson was given emergency treatment of a broken nose, cuts of the forehead and bruises at the English residence, then taken to West Texas hospital for further examination, officials said. A negligent collision ticket was issued to Mills, Fristoe said.

A 1948 Pontiac convertible coupe stolen here recently from John Little of Amarillo was reported recovered at Westville, Okla., the state highway patrol informed the police here this afternoon. The recovery means that with one exception—a 1939 Plymouth—every automobile stolen here this year has been marked recovered, police said.

"The Civil Service Commission announces examinations for filling vacancies in the position of Legal Examiner at entrance salaries ranging from $3727.20 to $5232.00 per annum. Employment will be with various Federal agencies in the state of Texas. Application forms may be obtained from the post office or from the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas."

Slight improvement has been reported in the condition of Walter Williams, 50, of Childress, who is in Lockney hospital for treatment of injuries suffered in a train-truck collision near Sterley early Wednesday. Williams, engineer of the train, suffered a leg fracture . . severe facial and internal injuries.

Mrs. W. M. Pool has returned to her residence at 2115 Seventeenth after a fivesmonth visit in Harlingen with her daughter, Mrs. Grady E. Dav

Anti-Lynching Bill Proposed

WASHINGTON, March 25 (U.P.)—Sen. Hubert Humphrey, D., Minn., today introduced an anti-lynching bill.

He immediately challenged Republican leaders to test their contention the new anti-filibuster rule pushed through the Senate last week by a GOP-Southern Democratic coalition did not kill chances of civil rights legislation.

Truman Is Backed

Humphrey in filing the bill contended the "overwhelming majority" of the American people support President Truman in his fight for a civil rights program. The anti-lynching bill represents "the heart and core" of the program, he said, adding:

"Unless a man is free from the fear and threat of unlawful bodily harm, and even death, at the hands of some cowardly mob, all of his other civil rights are academic, meaningless, and will not be used."

He told the Senate that he was challenging the Republican leadership to "stand up and be counted on this most crucial issue facing the American people."

Peace Meeting

(Continued From Page One)

Communist propaganda, is to seek means for furthering international cooperation.

Protection Demanded

Noting unofficial reports that "unrestricted picketing" would be permitted, the sponsoring group —the National Council of Arts, Sciences and Professions — wired police Commissioner William P. O'Brien:

"We fully respect the right of free assembly but we also insist that you use the power of your office to insure that the thousands of distinguished citizens as well as the renowned artists and scientists who are the guests of our country will be able to attend the sessions of the conference without interference."

The message was signed by O. John Rogge, former assistant U. S. attorney general and now head of the council's executive committee.

A heavy police guard has been ordered for the opening dinner tonight (7 p. m., EST) at which artists, writers and scientists from a dozen or more nations will be honor guests.

Opponents plan to start protest demonstrations several hours earlier.

First Aid Planned

One Catholic group said it is arranging for a mobile first aid station in the area because "the number of persons protesting this meeting will be extremely large."

Police set no specific limit on the number of pickets. Organizers have predicted 10,000 to 20,000. However, police said sidewalks would be kept sufficiently clear to allow pedestrians to pass.

As the controversy over the meeting swirled to new heights, conflicting reports were given out concerning resignations of several conference sponsors.

The Americans for Intellectual Freedom, set up to protest the meeting, reported yesterday eight sponsors had withdrawn, but five of them later denied it.

A spokesman for the A. I. F. explained:

"We cannot in any way operate with exactitude. We gave information to the best of our knowledge. We got the information from friends of theirs (the sponsors)."

Will Show Spirit

Those denying the A. I. F. report that they had withdrawn were Rexford Guy Tugwell, of the University of Chicago; Ernest Hocking, philosophy professor at Dartmouth college; Rabbi Herbert S Goldstein, of the West Side Institutional synagogue; Karl M. Chworosky, Brooklyn Unitarian minister, and playwright Lynn Riggs.

At Hanover, N. H., Hocking said: "I have neither withdrawn nor have I any intention of withdrawing."

Goldstein, saying he would remain as a sponsor but that he was not sure he would attend the meeting, added:

"This is no time to force upon our country a war-mongering spirit. The cultural and Scientific Conference for World Peace will show its true colors one way or another."

The sponsoring organization said it had been notified of only two withdrawals from its list of 560 sponsors. These were, it said, negro actor Canada Lee and columnist Franklin P. Adams.

Flood Waters

(Continued From Page One)

swampland which would be quickly inundated if the rolling flood waters reach it.

The same flooding backwater which threatened the bayou area had already crept into the outskirts of Port Allen early today, forcing 150 negroes from their homes.

Red Cross field representative Frank McGurk decided to move the 600 refugees sheltered in downtown buildings here because "didn't want to take a chance on the water getting into the center of town."

They were moved by truck across the river to Harding field, an Air Force base near Baton Rouge, where they were sheltered in barracks. The Fourth Army flew in 500 cots from its San Antonio, Tex., headquarters for their use.

Halting Of Sunday Beer Sales Sought

AUSTIN, March 25. (AP) — No more beer on Sundays if a house bill gets passed this session.

Rep. Milton Wilkinson of Patroon had ready for introduction today a bill prohibiting the sale of beer on Sunday and on any day before 7 a. m

Kissing Bandit Is Unable To Sell Startled Women On Deal

HOUSTON, March 25 (U.P.)—"The kissing bandit" slipped through an unlocked door early today, got negative response from two ladies, and slipped right out again.

Mrs. Erna Caldwell, 26, said she was awakened when the man stood at the door of her bedroom and asked meekly, "do you want to kiss me?"

She awakened her roommate, Jeannette Bruner, 33, before answering. Mrs. Caldwell told police.

While the man waited, Mrs. Caldwell shouted a firm, "no!"

Unperturbed, the "kissing bandit" then asked Miss Bruner if she cared to indulge in osculation. But the answer was a chorus of "no!" from both ladies.

Then the prowler left quietly, and police found no trace of him.

Congratulations To

Mr. and Mrs. James R. Cochran of 3208 Twenty-seventh on birth of a daughter weighing 10 pounds 6 ounces at 7:38 p. m. Thursday in St. Mary's hospital. The father is a cotton merchant.

Mr. and Mrs. L. P. Denison of Lubbock general delivery on birth of a son weighing 9 pounds 3 ounces at 2:17 p. m. Thursday in Lubbock Memorial hospital. The father is a city postman.

Mr. and Mrs. Buddy Webb of 2311 Twentieth, on birth of a daughter weighing 7 pounds 11 ounces at 10:45 p. m. Wednesday in West Texas hospital. The father is a truck driver.

Mr. and Mrs. Buck Seymour of Lubbock route 7 on birth of a daughter weighing 8 pounds 12 ounces at 10:05 a. m. Wednesday in West Texas hospital. The father is a roofer.

Mr. and Mrs. A. H. Siedenstrang of Lubbock route 7 on birth of a daughter weighing 6 pounds 10 ounces at 11:18 p. m. Thursday in Lubbock Memorial hospital. The father is employed by the Borden Co.

Austin Jesse James Gets Support From Aged Californian

BROWNWOOD, March 25. (U.P.) —The story of the centenarian in Austin who claims to be Jesse James was backed up today by another oldster who arrived here from North Hollywood, Calif.

James D. Fay, 96, said yesterday that the 101-year-old patient, registered in an Austin hospital as "Jesse James," although he sometimes is known as Frank Dalton, really is the famed robber.

Loan Is Claimed

Fay said he believed the man killed in St. Joseph actually was Charlie Bigelow, not James. The California man descrbed himself as a bank director who lent Jesse James, jr., $2,500 to go into business in Kansas City.

The latest claimant to James' acquaintance said Jesse escaped Missouri under the name of Charlie Ford, posing as the brother of Robert Ford. "But I'm convinced," said Fay, "there never were such me nas Charlie or Robert Ford. History books credit Robert Ford with shooting James to death.

Met In Missouri

Fay said he met the James gang in May 1865, after his family moved to Columbia, Mo.

"The only reason James has been quiet all these years," Fay stated, was because "he had a pact he wouldn't tell anything unless he lived to be 100."

And he reiterated that Ford and Dalton and James were one and the same person.

House Has Trouble Getting A Quorum

AUSTIN, March 25. (AP)—The House spent 15 minutes this morning trying to get a quorum and finally gathered in 100 members —enough to start work.

They first approved a resolution raising the salaries of four House clerks and then started in on a bill setting up a youth development council to handle juvenile delinquency problems.

After about 20 minutes of debate, members decided they needed to study the bill more and postponed further consideration until Tuesday.

Then came the bills. Deadline on filing bills is midnight tonight. About 100 were waiting to be introduced today and more were expected to be filed this afternoon and tonight.

Ross Sterling

(Continued From Page One)

fered for what I did, but I am more than repaid for the great benefit oil proration brought to the people of Texas."

He lost his office as governor and the vast fortune he had built and returned to Houston, the city he had helped build, early in 1933, faced with the necessity of starting again virtually at the bottom of the ladder—at 58.

Sterling's oil career began in 1910 when he bought two flowing oil wells in the Humble field. The wells were the nucleus for the Humble Oil company which later became the Humble Oil and Refining company he organized in 1917. He was Humble's first president with capitalization of $4,000,000. When he resigned as board chairman in 1925 capitalization was $75,000,000 and assets exceeded $100,000,000. Humble is now the nation's largest crude oil purchaser.

Sweetwater's Water Problem Is Solved

SWEETWATER, March 25. (U.P.) —Sweetwater's water problems were solved today.

The city announced it had signed a 30-year agreement for purchase of water from the Gulf Oil corporation's proposed Oak Creek lake, 21 miles south of here.

The lake will impound 51,000 acre feet of water.

Hale Center Rites Set For Ranchman

HALE CENTER, March 25 (Spl.) —Funeral rites for Minatree Flake, 55, foreman of the J. Frank Norfleet ranch, were to be held at 2 p. m. today in the Hale Center Church of Christ.

Flake died Wednesday noon in the Veterans hospital at Amarillo. Survivors include the mother, who lives in Fort Worth; two sisters, and three brothers.

Editor Sentenced For Contempt In Slaying Stories

LONDON, March 25. (AP)—The editor of the London Daily Mirror was sentenced to three months in prison and the paper fined $40,000 today for contempt of court in connection with Mirror stories on a highly publicized murder case.

The editor, Silvester Bolam, was convicted on stories which the court said called John George Haigh, 40-year-old factory executive, "vampire" and said he committed several murders.

Haigh is held on charges of slaying Olivia Durand-Deacon wealthy 69-year old widow, and dissolving her body in acid.

Taken To Prison

While Haigh was detained on these charges several weeks ago, Scotland Yard pressed an investigation into the disappearance of a half a dozen other Britons believed dissolved in sulphuric acid by a "vampire" slayer who was believed to have drunk the blood of at least one of his victims.

But neither Scotland Yard nor other other police officials ever linked Haigh with the other killings.

Bolam, taken into custody in court, was taken immediately to the same prison where Haigh is held.

The Mirror claims to have the largest circulation of any morning newspaper in the world.

English law prohibits the publication of any information which might prejudice the trial of a defendant.

Hoover Commission Scores Tax System

WASHINGTON, March 25. (AP) —The Hoover commission pictured America's tax system today as a hodgepodge of overlaps and urged a general revision.

The recommendation was made in a skeleton report on federal-state relations. Include also was sharp criticism of the handling of grants in aid by which federal aid is given in financing of projects by smaller governmental units.

There were no detailed blueprints for solution of the problems. Instead the commission, which has been making extensive studies of governmental reorganization under former President Herbert Hoover, urged deeper exploration by existing agencies.

The commission urged that national, state and local tax systems be "generally revised" in a manner that would leave to the smaller government units enough revenue sources to meet their responsibilities.

The outline on fascal problems was attached to another report in which the commission asked Congress to consider setting up a new "administration of overseas affairs" to manage territories, occupied areas and the marshall plan.

Rent Problems

(Continued From Page One)

five per cent increase could be put into effect October 1, 1949. A second for the same amount could be charged April 1, 1950.

But in no case could the cumulative increase boost rents more than 15 per cent above the level of June 30, 1947, the base for figuring both hikes.

The House bill extends rent controls a flat 15 months — through June 30, 1950, with no strings except the local option decontrol provision.

The Senate bill provides for a straight 12-month continuance, and for an additional three months of protection for tenants who want it.

Gunman Sought

Solon Urges Union Of Nations Organized Like United States

GALVESTON, March 25. (AP)—Sen. Estes Kefauver (D-Tenn) today urged formation of a union of nations similar to the union of the United States.

He spoke at the 38th annual convention of the Texas Cotton association.

Not Far Enough

The Tennessee senator said that the North Atlantic alliance for mutual defense, now being formed does not go far enough. It is weak he declared, because it is based on treaties, and, he said, "in the past we have had some unhappy experiences with treaties."

He also said the United Nations is weak because of the veto power given some nations, because each nation is free to carry on its own foreign policy and because of changing ideas of member governments.

In the place of U. N. and the North Atlantic pact, he urged formation of "a union of the free democracies based on law . . ." He likened such a union to the United States formed by the 13 colonies.

Progres Made

Senator Kefauver pointed out that some progress toward such a union has been made. It is the Atlantic union committee for a Federal Convention of Democracies formed by individuals of many nations. He pointed out that Will L Clayton of Houston, a former assistant secretary of state, is a vice president of the committee.

The cotton men's convention will last through Saturday morning, when officers are to be elected.

Texas Weather

(Continued From Page One)

wall of a building across the street.

Jimmy Jones of radio station KGKL, Greenville, said a windstorm there blowout plate glass windows and blew a small pickup truck half a block down the street.

Oil Tanks Set Afire

Two oil tanks were set afire at Kilgore.

Hail fell at Dallas, north of Denton, Plainview, Kilgore, and Lamesa. A report at Lamesa said hail fell over the South Plains from Lamesa to Lubbock.

Nine miles west of Seymour, heavy hail reported damaged wheat in the Red Springs community.

Water backed up into homes as Fort Worth streets overflowed.

Water stood 10 inches deep inside a cafe. A lake of water rose to the Trinity State bank doorway.

CROP PROSPECTS IN AREA GIVEN BOOST

Rainfall which will add to the valuable store of moisture and further brighten 1949 crop prospects began falling on the South Plains this morning following passage of a cold front.

At the U. S. Weather bureau station north of Lubbock, .50 inch of precipitation had been recorded up to 2 o'clock this afternoon.

The forecast called for mostly cloudy skies and scattered showers until late this afternoon, after which partly cloudy skies are forecast.

Welcome To Farmers

Rain was especially welcome to farmers, many of whom have been listing in preparing land for planting. Moisture has evaporated quickly in the upturned soil. The rain will lessen amount of irrigation water needed on farms under irrigation and will benefit dry land farmers.

Prospects for the 1949 farm production were described as good today at the experiment station. Although the South Plains experithough the South Plains experienced an exceedingly dry fall, a large amount of rainfall was received in January. The total measured at the experiment station this year had reached 4.71 inches this morning.

At the weather station, the measurement for the year had reached 5.04 inches this morning.

Present Outlook Bright

Since South Plains crops are made largely on moisture received prior to planting time, that amount of rainfall has meant the difference between a dark outlook for agriculture on Jan. 1 and a bright outlook now.

Although some farmers plant in April, the majority of South Plains farmers plant cotton in May.

Minimum temperature this morning at the weather bureau station was 41 degrees. Temperature is not expected to go below freezing Saturday morning, it was stated at the weather station.

Light showers were received in the Panhandle this morning. Showers also were falling in East Texas.

Amarillo had a 33-degree minimum, the lowest reported in the state, this morning. Other readings included: El Paso, 46 degrees. San Antonio, 71; Brownsville, 73; Houston, 68; Texarkana, 69; Dallas, 60; Abilene, 53; Big Spring, 59.

Dawson Man Shows Slight Improvement

LAMESA, March 25 (Special)—Slight improvement was reported today in the condition of R. C Moore, 55, Dawson county farmer who was injured Thursday morning when a tractor overturned on him.

Moore suffered a fracture of the right leg, right arm and pelvis. X-rays were to be taken today to determine the extent of a possible skull injury.

A Lamesa General hospital attendant said today that Moore had recovered from initial shock of the injuries.

Moore was injured as he attempted to turn the tractor at the end of a row, he was knifing. A wheel of the machine slipped into a ditch, causing the tractor to overturn atop him.

Appeal From Liquor Conviction Planned

County court officials said Curtis H. Mince entered into a $300 recognizance this morning with County Judge Walter Davies after Judge Davies had overruled a motion by which Mince had sought to have the court set aside a March 16 conviction of liquor law violation and grant him a new trial.

Mince excepted to the court's action and gave notice of appeal from a fine of $100 and court costs. The assessment was made by a jury of which C. H. Tubbs was foreman.

Attorney John Steele, representing Mince, said his motion was based on "hearsay evidence that the court admitted into the trial record."

Pension Bill

(Continued From Page One)

had opposed the bill as being too expensive, were delighted with their slender victory. President Truman told his news conference the House vote was a constructive, forward looking step, which made him exceedingly happy.

The man who started the measure sliding toward a committee shelf was himself a much-decorated combat veteran of World War II, Rep. Teague (D-Tex). Teague, who holds 11 decorations, was elected in 1946 while he was a patient at the Army's Walter Reed hospital here.

The measure was sent back to the committee on Teague's motion, upheld by the House.

Believed To Be Dead

Although Rankin declared the vote "kills pension legislation for this Congress," others were not so sure.

Rep. Priest (D-Tenn), Democratic House whip, declared: "I don't think this is the last of veterans pension legislation at this session. I think the veterans committee will bring out a well considered bill, particularly one providing pensions for World War I veterans."

Twice during the three days of debate on the Rankin bill, the House refused to exclude World War II servicemen.

Rep. Van Zandt (R-Pa), former commander of the Veterans of Foreign Wars, pronounced yesterday's action "only the first round."

Van Zandt blamed defeat on "the social planners," whom he identified as a "faction" seeking to deny veterans special status by lumping them into a general social security program.

A Deferred Bonus

Strongest objections came over an amendment by Rep. Jacobs (D-Ill) which changed the measure into a form of deferred bonus bill.

As originally written, the measure would have paid $90 a month to all World War I and II veterans at age 65. The Jacobs amendment changed this to a flat $10 a month pension, plus $1 a month for each month of service and another $3 a month for each month spent overseas.

Rep. Patten (D-Ariz), a member of the veterans committee, called the bill "a confused measure" which threatened to do more harm than good.

ROOKIES GET DUTY

OCEANSIDE, Calif., March 25 (AP)—Rookie Pitchers Marv Rotblatt and Bill Briggs were assigned duty for the Chicago White Sox today against the U. S. Marines team.

The Sox-Pittsburgh Pirates game in Hollywood was rained out last night.

HEART ATTACK FATAL

DALLAS, March 25 (AP)—R. L. O'Brien, 47, chief actuary for the United Fidelity Life Insurance company and a native of Greenville died here yesterday of a heart attack.

MUSEUM GETS HEROINE OF "QUEENS DIE PROUDLY"

Gallant B-17 "Swoose" Will Make Last Flight Saturday

LOS ANGELES, March 25 (AP) It's "operations 30" tomorrow for the Swoose, a queen which refused to die.

The gallant Flying Fortress, the only warplane in service from Dec 7, 1941, to V-J day, is making the first leg of her last flight.

The heroine of William L. White's book, "Queens Die Porudly," leaves here for Chicago. There she'll be hangared until the Smithsonian Institution's national air museum is built in Washington, D. C.

And in the museum the lone survivor of the original U. S. Far Eastern Air force will find her final resting place, along with other battle-scarred sky veterans.

Kurtz Is Pilot

At her controls tomorrow will be the man who skippered her through the war, Col. Frank Kurtz, formerly of Los Angeles and now of Washington, D. C.

Four members of her original crew also will be aboard: Maj. Harry Schrieber, Galveston, Tex., her navigator; Capt. Roland Boone, Hemet, Calif., gunner; Maj. Charles T. Reeves, Bakersfield, Calif., bombardier, and Capt. Harold Varner, San Rafael, Calif., crew chief.

"We have a hell of a lot of nostalgia tied up in that old gal," Colonel Kurtz said.

It was his affection for the Swoose which inspired his pretty, blonde wife, Margo, to write the book, "My Rival, The Sky." Their four-year-old daughter, Margo, jr., is nicknamed "Swoosey."

The Swoose's leave-taking will be the occasion of a ceremony at municipal airport. Mayor Fletcher Bowron will turn her over to the Air Force.

Plans Refueling Stop

Colonel Kurtz, three times a member of the U. S. Olympic diving team, will head her north to circle Hamilton field, Calif., and the nearby ranch of Gen. H. H. (Hap) Arnold, retired Army Air Force chief, who was instrumental in establishing the national air museum. The bomber will make one refueling stop, at Omaha.

On her fuselage can still be seen the strange bird, half swan, half goose, from which she got her name. Under the picture are two words and a question mark: "It flies"?

Yes, she flew—through nearly four years of war. She and other queens of the 19th Bombardment Group, stationed at Clark field in the Philippines, flew and fought in those grim days of too little and too late. One by one her group-mates were blasted from the sky or on the ground. But the Swoose refused to die.

"She bombed everything," says Colonel Kurtz, now 37. "She put them where they did the most good."

She flew 100 to 150 combat hours every month for seven months, bombing land installations and shipping and shooting down attacking Zeros.

Fought Throughout Pacific

The colonel doesn't know the tonnage of bombs she dropped or the number of Japanese fighters she downed. He and his crew were too busy for bookwork, he said.

She fought through the Philippines, New Guinea, Dutch East Indies and Celebes campaigns, collecting her full share of flax and bullet scars.

In mid-1942 she became the personal plane of Lt. Gen. George H. Brett, then Southwest Pacific Army Air Force commander. Later she was assigned to transport high Army officials.

The Swoose set several speed records, including a flight from Brisbane, Australia, to San Francisco in 36 hours and 10 minutes. She carries 34 flags from the countries she visited.

After the war the Swoose was all but forgotten. Mayor Bowron learned she was at Kingman, Ariz., slated to be scrapped.

Again the Queen refused to die. Los Angeles purchased her for $350 for a war memorial. Colonel Kurtz and his crew flew her here on Army day in April, 1946.

Recently the Smithsonian institution asked for her. So once more the old Swoose will roar into the sky on a flight officially designated as "operations 30" — the last.

Babich To Be Queried Again

MILWAUKEE, March 25. (AP)—Police planned further questioning today of Milton Babich, 19, as they pressed their search for more clues to the slaying of Patricia Birmingham, his pretty young sister-in-law.

Babich, married to Patricia's sister, Kathleen, 17, last Saturday, was detained in jail overnight while his wife was released to the custody of her parents. The elopers had been returned to Milwaukee yesterday from Minneapolis where they had been seized Wednesday after a four-day search by Midwest police.

The young couple told authorities they were unable to offer any clues as to the possible slayed of suburban West Allis high school girl disappeared from her home last Feb. 10. Her bullet-pierced body, weighted with a concrete block, was recovered from the Milwaukee river near her home last Sunday.

Charged In Elopement

Two days earlier Babich eloped with Kathleen. Babich said he and Kathleen were married by Judge Robert Barber in Kalamazoo, Mich., last Saturday.

He has been charged with contributing to Kathleen's delinquency by persuading her to elope with him, contrary to the wishes of her parents.

Detective Capt. Adolph Kraemer said Babich denied an assertion of a girl witness that she saw Babich in auto near the Birmingham home on the afternoon of Feb. 10 shortly before Patricia disappeared on her way home from school.

Babich termed the report "impossible," Kraemer said. He related he spent the afternoon visiting Kathleen, shopping with his mother and reading in the public library.

Kraemer said police are hunting for "a witness—a man outside the city, who is not an alibi witness." He refused to elaborate.

Patricia was buried yesterday. After the services, three pallbearers were questioned briefly by Kraemer. He emphasized the three were releasd after a few minutes and were not under suspicion.

Girl Gets Dying Wish For Candy

COLUMBUS, Ga., March 25 (AP) — Annie Rose Robinson, who got her dying wish for cotton candy, died last night.

Persons throughout Georgia responded when the seven-year-old victim of Leukemia made the request last week. Doctors had given her only 24 hours to live. None of the candy was available here.

By her bed when she died was a potted plant decorated with $100 in bills and checks. The money was the gift from schoolmates to buy all the fluffy confection she wanted.

Gems Are Returned By Penitent Thief

VALENCIA, Spain, March 25 (U.P.) —Thirteen years after his crime, a thief repented and returned 18 jewels missing from the crown of the image of the patron Virgin of Valencia since the burning of the catholic during the civil war in 1936.

The jewels, valued at 92,000 pesetas were delivered after a secret confession attributed by church officials to a holy mission in which more than 200,000 persons took part here recently.

FATHER OF HIS COUNTRY—With arms upraised in characteristic gesture, this lifelike statue of Mahatma Gandhi, father of Indian independence, is near completion in London. The work of British sculptor Arti Brown, it will be cast in bronze.

Violation Of Hungarian Peace Treaty Revealed By Officers

VIENNA, March 25 (INS)—Two assistant U. S. military attaches ousted from Hungary arrived in Vienna today and charged that the Hungarians are giving military training to thousands of factory workers.

Lt. Col. Peter Kopcsak of Greensburg, Pa., and John P. Merrill of Bethesda, Md., said the factory force, including paratroopers, is expected to total 100,000 by this summer, in violation of the peace treaty limit of 65,000.

The United States recently accused Hungary, Bulgaria and Romania of violating peace treaty clauses and the Russians of "obstructing" western attempts to enforce observance.

Kopcsak, former all-American West Point football star, and Merrill were given 48 hours' notice to quit Hungary after official suggestions that they were spies. They denied the intimations.

The two said their mission was to check on treaty observance, but instead they were shadowed by Hungarian secret police for more than a year.

Merrill commented: "There are two ladies I want to meet now — one is my wife and the other is the statue of liberty."

Kopcsak, a husky man in a gabardine suit, said he was trailed almost constantly by four Hungarian agents. Merrill grinned and said "I was never so important—never more than two or three trailed me."

The two officers displayed photocopies of a Hungarian pass valid until Dec. 1, 1950, allowing them to travel any place in Hungary, where the Communist officials had accused them of "brutal abuse" of diplomatic privileges.

"It is absolutely untrue," said the pipe-smoking Merrill, "that we were taking pictures near the Yugoslav frontier, as charged by the Hungarians. It also is untrue that we were any place where we did not have documents authorizing us to be."

Both men were involved in a brush with Hungarian security police near the Yugoslav frontier Feb. 10. The Hungarians told a story of how the Americans pulled a gun and escaped from the police.

The story by Merrill and Kopcsak was different. They said they were picked up on a routine inspection by border guards who were polite. Later, he said, they were delivered to five security police near Szeged and these men were "most nasty."

Two Men Escape

The two men in their own car were escorted in front of a prison at Szeged but refused to enter the prison. Merrill added:

"They tried to force me out of the driver's seat. We demanded permission to notify the American embassy of our whereabouts and they refused."

Kopcsak continued:

"When we refused to get out of the car four of the police entered the prison apparently to confer with authorities, leaving one guard on us.

"We decided we did not want to stay there any longer and started to drive off. The guard jumped in the car and we sped through town."

Kopcsak paused and added: "At the edge of town we invited the guard to leave. We then made our way 124 miles to Budapest by back roads."

Tenant Spurns Offer Of Helpful Landlord

SPRINGFIELD, O., March 25 (U.P.)—When John Potter heard that a tenant he likes sought a larger house, he offered him a six-room partially furnished home with free heat, gas and electricity.

The tenant would decide what his rent should be, and wouldn't have to pay it during a depression or if he were ill, Potter added.

"I just can't understand it," Potter said when the tenant he refuses to identify turned him down without giving a reason.

Industry Optimistic As Lewis Orders Workers Back To Mines

PITTSBURGH, March 25. (AP)—The tension was off in the coal fields today.

It was off, too, in industries—such as steel—which depend on coal for their operations. It was off among employes of coal-carrying railroads, among river workers who transport coal in barges.

For John L. Lewis had ordered his miners to return to the pits next Monday, ending a two-week work stoppage of 463,000 members of the United Mine workers in pits east of the Mississippi.

A fear had been lurking almost everywhere, despite denials by UMW leaders, that the strike would not end at the close of the two-week period, called as a memorial to men killed and injured in the mines last year.

Fear Is Lifted

The fear had become pronounced after the U. S. Senate confirmed appointment of Dr. James Boyd as director of the U. S. Bureau of Mines, since Lewis had announced the strike also was a protest against Dr. Boyd's nomination to the post.

Now the fear was lifted.

The reaction was almost immediate. The Chesapeake & Ohio, a coal-carrying railroad, announced that 7,000 to 8,000 employes now on fourlough would return to work by April 2 end of the first week of resumed work in the mines. The C & O had furloughed a total of about 10,500 workers. It did not explain the status of men not to be called back by April 2. The Baltimore & Ohio railroad, also an important coal carrier, said all of the 8,500 shop workers it had furloughed during the coal strike, will be back on the pob by April 4.

Men Welcome Order

In the coal fields, the men welcomes the return to work.

At Library, Pa., on an ideal spring day, workers chatted about the news.

"The men all expected to go back," said miner Frank Harper, 43. "John L. Lewis' statement just makes it binding."

His wife, Mrs. Rebecca Harper, who also had two sons in the mines, chuckled as she said she was delighted the strike was over.

"I'm glad they're going back," she said. "They're just a nuisance around the house. Always underfoot—except when you want them for something."

Their son, Frank, jr., 19, grinned happily.

"It feels good to know we're going back," he said, and added: "I'm broke."

Vacation Is Slated

"Well, I guess John L. knows what he's doing, said Charles W. Clark, 45, who has put in 16 years in the mines. "In a way, it's a foolish thing to go back, though, for there's still too much coal above ground."

Mrs. Clark, tending her five white-haired youngsters, 2½ to 12 years old, also wanted to see the men back at work.

"No matter what happens," she declared, "the miner always loses. We always manager to make out all right but we never get ahead."

Two unidentified miners—they said not to use their names—gave an independent response.

"It's not up to Lewis," they said. "It's up to the miners whether they'll go back. But I guess we will go back."

The current contract act of the miners will expire June 30. Miners are scheduled to be idle during their annual 10-day paid vacation, starting June 25.

King Of Mardi Gras Faces Mule Problem

NEW ORLEANS, March 25 (AP)—The next king of mardi gras may shout "my kingdom for a mule!"

But old maud will not be there to draw the royal coach through the streets of New Orleans.

Mayor De Lesseps Morrison announced today that the city's garbage collection facilities will be motorized, effective April 5. Then 141 mules, together with 110 men, will lose their jobs.

Heretofore, the same mules have been used to pull carnival parade floats. The mayor gave the carnival paraders a year's notice to find substitute motive power.

GOOD NEWS FOR BACK-BREAKING HARVESTING — Operated from a tractor seat, this new double-duty field forage harvester does away with the back-breaking chores of haying and corn-chopping. Here, with the hay pick-up, it takes hay from the window, chops and blows it into a trailing wagon for removal at storage point. When a corn attachment (inset) replaces the hay unit, the time and labor-saving machine sweeps along a row, cutting and chopping corn for silage. The new harvester is now in production in New Holland, Pa

Medical Association Declares No Cure For Common Baldness

CHICAGO, March 25 (INS) — The American Medical association jarred the hopes of bald or balding males today by claiming there is no cure for thinning or lost hair.

According to the association's committee on cosmetics, hairless American men annually squander millions of dollars for futile hair-saving and dandruff-curing treatments.

But, said the association, this is all to no avail. It would be just as easy to grow hair on a billiard ball.

Ads Not Trustworthy

The cosmetic committee said neither massage, mechanical devices, "tonics," ultra-violet light, hormones, nor any other treatment will regenerate lost hair in ordinary baldness of older men or in premature baldness of young men.

In a report in the current issue of the Journal of the AMA, the committee said "before and after" pictures used in advertising hair-growing preparations cannot always be trusted.

The group said such photographs might depict persons whose hair fell out after prolonged illness or severe nervous shock and then grew back naturally.

According to the report, persons who promise to regenerate hair sometimes have no other qualifications than "a full head of hair, a business brain and an appetite for easy money."

Blind Slayer Put To Death

MONTGOMERY, Ala., March 25 (AP)—A 42-year-old negro, blind for seven years, was executed at Kilby prison today for hacking a negro woman to death as she lay in bed asleep.

Warden George Garner said Buster Snead was the first blind man ever to be electrocuted in Alabama.

Snead was convicted of slaying Ellen Mason with an axe Jan. 14, 1947. He said in a confession introduced at his trial that he killed the woman because she refused to repay $20 she had owed him for a year.

Appeal Refused

Seated in the electric chair shortly after midnight, the blind negro said, "I'm going to see Jesus and I'm glad." Then he added, "goodnight."

The current was turned on at 12:09 a. m. (CST) and Snead was pronounced dead five minutes later.

Kilby prison officials, saying they dreaded "the job ahead of them," appealed yesterday to Gov. James E. Folsom to spare the blind man's life. The governor, however, declined to interfere.

With the exception of certain tropical honey wasps, all wasps feed on animal food — usually other insects.

New Russian High Command Shakeup Revealed In Moscow

By EDDY GILMORE
Associated Press Staff Writer

MOSCOW, March 25. — The shakeup of Russian leadership gave the Soviet armies a new chief today—Marshal Alexander M. Vasilevsky, brilliant warrior and tactician.

As in other recent shifts, the presidium of the Supreme Soviet announced with explanation that Vasilevsky was taking over from Marshal Nikolai A. Bulganin as minister of armed forces of the Soviet Union, the highest military post in all Russia.

(Six portions of Gilmore's story, telephoned to London from Moscow, are missing, presumably held up by the Soviet Censor.)

To Retain Post

Bulganin, who had held the ministry since he took it over from Prime Minister Josef Stalin March 4, 1947, will retain his post as deputy prime minister in the council of ministers. He apparently also will continue as a member of the powerful, policy-shaping politburo.

Vasilevsky, personally well known to Gen. Eisenhower and British Field Marshal Viscount Montgomery, ran up an impressive record in World War II. From the rank of major general he rose in not much more than a year to general of the army Jan. 18, 1943, and became a marshal and chief of staff not long afterward. His new promotion raises him from the post of deputy minister of armed forces.

His troops smashed the German Veronezh front on Jan. 17, 1943, and he led the successful Soviet campaign in the Crimea in 1944 which liberated Sevastopol. He is one of the most decorated of Russian soldiers, and twice received the award of Hero of the Soviet Union.

He sat among the top half-dozen members of the supreme command which mapped strategy in the critical days of the war and engineered the Russian drive to Berlin.

Served As Cossack

Vasilevsky started his military career in the Czar's army, serving with a Cossack regiment in World War I. He sided with the Bolshevik forces during the revolution and poined the Red Army, becoming a student of large-scale military operations.

Bulganin, a graying man with a goatee, is famed as an organized and for his passion for efficiency. He started a banking career and became chairman of the state bank of the U. S. S. R. In 1941 he was appointed to the military council which planned the defense of Moscow, and began a swift rise in military affairs with his skilled handling of men and rubles countable in the millions.

In March, 1947, he was appointed minister of the armed forces, and was promoted from general to marshal the following November. He has served at various times also as a member of the Communist party central committee, member of the presidum of the Moscow Soviet, Soviet representative on the Polish committee of national liberation, and premier of the Russian Socialist Federated Socialist republic.

Born In 1895

Both Vasilevsky and Bunganin were born in 1895. (Other sources give Bulganin's age as 53, and Vasilevsky's as 49, instead of 54). Both men also are members of the Supreme Soviet (parliament).

Word of the new shift came in two one sentence announcements by the presidum, broadcast early this morning by the Moscow radio and published in the morning newspapers which appeared later.

The new change is interpreted by observers outside Russia as fitting into the same pattern as earlier ones which relieved politburo members of active administrative work, apparently so they can give full time to policy problems.

It follows the release of V. M. Molotov as foreign minister and appointment of Andrei Y. Vinshinsky to succeed him; release of A. I. Mikoyan as minister of foreign trade, and designation of M. A. Menshikov to succeed him; the advancement of Andrei A. Gromyko to become Vishinsky's chief deputy, and several other switches.

The release of top level figures bore no indication that they were being demoted but, on the contrary, that Russia was seeking bigger things of them in their politburo work.

Never, however, has the Soviet Union given a definite statement of its reasons for the shakeup. It has ignored speculation abroad which included suggestions that Stalin himself may be getting things in order so that he may retire.

A LIFT FROM THE NAVY—

Patricia Adelyn Scoggins, Queen of the National Orange show at San Bernardino, Calif., gets a lift from some sailor friends. The Navy will climax the orange fiesta with a gigantic air show in which 470 Navy jet and carrier-based planes will take part.

Mickey Rooney Irate Over References To "Andy Hardy" Roles

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, March 25.—Memo: Don't mention Andy Hardy to Mickey Rooney.

We were seated in Rooney's car on the Ocean Park pier while he waited for a "quicksand" scene. Between listening to the race results on the radio, he talked about his new career away from MGM. The explosion came when I asked if he had trouble escaping from Andy Hardy.

Critics Are Scored

"They make me sore," he said, referring to film reviewers and other critics. "They're always harping on Andy Hardy. You'd think that was all I had ever done. What about 'Boys Town, Young Tom Edison, Babes in Arms, National Velvet'?"

"Why don't they let Andy Hardy die? I haven't done one in three or four years. I'm an actor, not just an Andy Hardy."

The brash Rooney has cast off from his longtime home port, MGM. He is reportedly supposed to return for one film a year, but he hinted that he may not even do that. He said he would freelance and not sign up with any studio. What kind of roles would he seek?

No Deals Set

"Ill do everything—dramas, musicals—any good story that comes along. That's the way I made my name: Doing all kinds of pictures."

He said he has no new film deals set as yet. One he'd like to do is a remake of Jimmy Cagney's "Public Enemy." I asked whether he had any trouble making the transition from kid to adult roles. Again he lashed out.

"That transition stuff is a lot of baloney. I proved in 'Killer McCoy' I can do grown-up roles."

Man In "Mask" Just Frustrated Shaver

TULSA, Okla., March 25 (U.P.)—Officers Homer Still and J. Bivens went into action quickly when they spotted a man with a "white mask" over his face near a grocery store early in the morning.

The frightened suspect explained he was just trying to find a store open so he could buy some razor blades. The "white mask" was lather applied before he realized he was out of blades.

Chinese Reds Begin Offensive Against One Of Last Bastions

NANKING, March 25. (U.P.)—The official Central News agency reported today that 20,000 Communist troops have begun an offensive against Anking, one of the few remaining major Nationalist bastions on the north bank of the Yangtze river.

If true, it is the first big Red attack since the battles of Suchow and Pengpu in January. Anking is the temporary seat of the Anhwei provincial government and is 145 miles southwest of Nanking.

The fall of Anking would expose both Nanking and Shanghai to a dangerous flanking attack.

The Central News agency said government forces were making a stand at Chihsienkuan, eight miles north of Anking, after falling back gradually before the advancing Communists in conformity with the government's peace policy.

Most government offices and headquarters of the provincial anti-Communist commander have moved south of the Yangtze. The Central agency said government warships are being sent to Anking to assist ground forces.

Reds Move Offices

Coincidental with the reported attack, Chinese Communists moved their headquarters from north Shensi province to Peiping. Communist leaders Mao Tze-Tung, Chu Teh and Chou En-Lai arrived in Peiping this afternoon, the Chinese Communist radio said.

The broadcast said the headquarters of both the Communist central committee and the Chinese liberation army had been moved to Peiping, effective today.

In Nanking, Premier Ho Ying-Chin and members of the government's five-man peace delegation, met with top Nationalist military commanders to discuss the knotty problem of reorganizing Nationalist military forces to meet Communist peace conditions.

GETTING AWAY FROM IT ALL!—Sick and tired of his work as a house painter, Christ J. Voelker junked that career in 1913 to join the Cleveland Police Department. So what has Voelker been doing as a policeman for 36 years? For the past 26 he's been assigned to the police paint shop and has turned out 600,000 neatly painted signs at the rate of 2000 a month. Here, he scratches his head and wonders how it all ever happened.

Ex-Convict Is Held In Death

FARMINGTON, Mo., March 25 (U.P.)—Ex-convict William C. Mahurin, 52, faced a first degree murder charge today in connection with the death of his fifth wife whom he met through a "lonely hearts" club.

Mahurin was charged after Dr. John R. Roberts, a pathologist, made a report on microscopic studies of Mrs. Mahurin's body tissues. Prosecuting Attorney B. C. Tomlinson refused to reveal the results of the tests, but said that "new evidence" would be presented to a special grand jury as soon as it can be gathered.

Stove Examined

The victim, a divorcee whom Mahurin married in December after a brief lonely hearts club romance, died last Thursday in what Mahurin called a gas stove blast at their newly-pruchased farm home near here.

Examination of the stove showed no evidence of an explosion or unusual heat, authorities said.

Mahurin previously was charged with perjury when he testified at the inquest that he was not a former convict. Police said he had served a two-year arson term and had a record of many arrests.

Opera Presentation Attended By 1,400

An estimated 1,400 persons Thursday night attended the presentation of Rossini's comic opera, "The Barber of Seville," in Senior High school auditorium, under sponsorship of the Texas Tech Artist course.

The opera was well received by the audience, and at its conclusion, there was long applause, in addition to a number of curtain calls for Marilyn Cotlow, coloratura soprano who sang the leading role, and other members of the cast.

Last night's event concluded the current Artist course series.

Joe Baldridge Is 200,000th Passenger For Pioneer Lines

Joe Baldridge of Lubbock had to make a business trip to Dallas today.

Fortunately for him, he happened to be the 200,000th passenger to fly on Pioneer Air Lines.

As a result, the young assistant manager of Baldridge bakery was greeted at Love field, Dallas, by Gen. Robert J. Smith, president of the airline, Harding Lawrence of Houston, vice president, and other dignitaries including four board members.

Smith presented him with a $100 set of matched luggage. The trip was also given to Baldridge without charge.

Baldridge left Lubbock on flight 62 at 11:25 this morning, which goes to Dallas by way of Abilene and Fort Worth. He was was to arrive at 2 o'clock this afternoon, when the ceremony was scheduled at the airport.

He was to return to Lubbock at 4:30 on Pioneer's flight 63.

Pioneer, which included Lubbock on original 656-mile route when it started operating in August, 1945, has expended to 2,200 miles of lines now. Douglas DC-3's are used entirely.

Officers Have "Interest" In Jeweler Found After 15 Days

HOUSTON, March 25. (U.P.) — Customs officials said today they had "official interest" in the case of a 55-year-old Houston jeweler, found wandering on an El Campo street yesterday after a 15-day absence.

Fred L. Nowsome, a diamond cutter, left his clothing and a suicide note piled in a heap on a Galveston beach March 10. He had failed to keep a downtown appointment with his wife, and the personal effects were found when Galveston police and the U. S. Coast Guard started a search.

Ambling Down Street

Police Chief J. H. Carrigan of Bellaire, Houston sub-division, found Newsome ambling down an El Campo street, carrying an overnight bag containing a box of pancake flour and a sack of potatoes. He said the man was in no condition to answer questions, and was confined to his home here.

Customs Agent Alvin Scharff said he could not discus his interest in the case.

Chief Carrigan said Newsome told him of going from Houston to Galveston March 9, but remembered nothing after that date, until he "came to" in Jacksonville, Fla., March 14.

Concert By Russian Composer Scheduled Despite Protests

PHILADELPHIA, March 25. (A.P.)—The off-again-on-again Philadelphia appearance of Russian composer Dmitri Shostakovich has been set for April 4.

Three days ago, the private owners of a Philadelphia auditorium, Town Hall, rejected a proposed Shostakovich concert. Yesterday, the Broadwood hotel concelled a reservation for a dinner to be given the composer. Both affairs had been set for next Wednesday.

Concert Is Slated

But last night, the Philadelphia council of arts, sciences and professions—sponsors of the Shostakovich appearance here—announced the concert has been arranged for April 4 at the Met, a former opera house recently used as a fight arena.

The Broadwood hotel management said its action came in the face of protests "and after having given particular weight to the threat of possible violence."

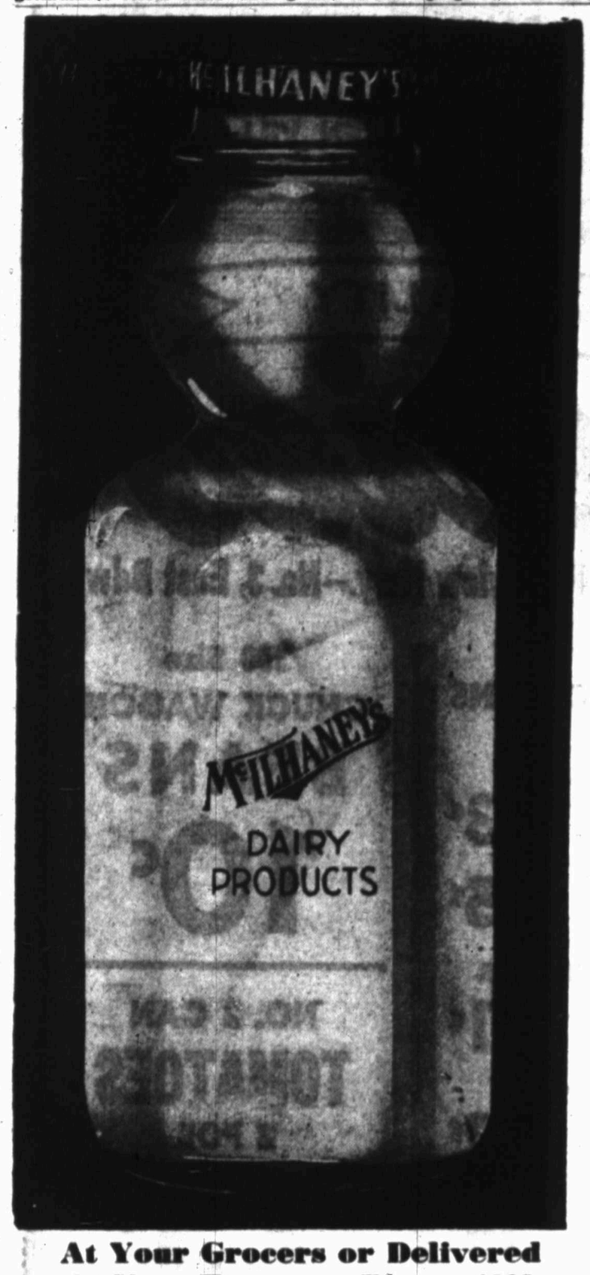

Picket Threat Heard

The American Legion and Veterans of Foreign Wars threatened to picket the dinner and reception for Shostakovich and other Russians now in the U. S. for a "cultural and scientific conference for world peace" opening in New York today.

The hotel management said it requested advice from the State department and was told a decision would have to be made by the hotel "in the light of local conditions."

Meanwhile, the Philadelphia chapter of the American Veterans committee announced passage of a resolution condemning the refusals.

The bark of certain willow shrubs is the source of silicin, used in the treatment of rheumatism.

Get 2 Chicken Dinners for the Price of 1

with Crisco's "Chicken Dinner" Shortcake!

Want something deliciously new to do with leftover bits of Sunday's chicken? Then this is your dish! This creamy chicken mixture topped with flaky, tender Crisco shortcake makes a Monday dinner that's yum-some eating!

RECIPE (8 to 10 servings)

Shortcake's oh-so-tender the Crisco Way!

Creamy, easy-blending Crisco makes it easy as can be to turn out tasty, flaky hot-breads—digestible as they are delicious!

CRISCO BISCUIT

3 cups sifted flour
4½ teaspoons baking powder
1½ teaspoons salt
½ cup Crisco
1¼ cups milk

CREAMED CHICKEN

¼ cup Crisco
6 tablespoons flour
1 tsp. salt
1 tsp. poultry seasoning
1 cup chicken broth
2 cups milk
2 cups diced cooked chicken
1½ cups cooked vegetables

All Measurements Level: Sift dry ingredients. Cut in Crisco with knives until mixture looks like coarse cornmeal. Blend one cup of mix with milk to form a paste (do not try to smooth). Stir paste into dry mix. Transfer dough to floured board. Knead lightly. Divide in half, and roll each into an 8" circle. From one circle cut out a 2" center. Bake each round in a cake pan or separated on a baking sheet in a hot oven (425°F.) 15 to 20 mins.

While shortcake is baking melt Crisco, stir in flour and seasonings. Add liquids. Cook until thickened, stirring constantly. Add chicken and vegetables. Serve between and on top of shortcake rounds.

Use CRISCO —The One and Only— For Flaky, Tender Shortcake

For cakes and pies and tasty fries . . .

use CRISCO

It's Digestible!

Vets' Pension Bill Apparently Dead After Dizzy House Battle

By JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, March 25.—The veterans' pension bill seems dead for this year, buried by the House. It had a dizzy funeral, one of the strangest.

Thinking of the veterans when election comes around, House members approached the bill like a man examining the teeth of a lion. One of them, unabashed, told newsmen ironically:

"This is where I rise above principle and vote political."

But another, less gay about voting for something he didn't believe in, told reporters:

Voting Is Changed

"It isn't a question of whether I'm for or against the bill, but whether I want to get re-elected. So I'll have to vote for it."

In the end, he voted against it. So did a majority of the congressmen but it took them three days to take that step. They finally did it by tormenting and disfiguring the bill till its own father wouldn't know it.

In this case the father was Rep. John Rankin, Mississippi Democrat, a little man with a bright tie and perpendicular white hair. Rankin, a veteran of World War I, is peppery at 67.

His bill would have given veterans of World Wars I and II a pension of $90 a month when they reached 65, whether or not they neede dthe money.

If the bill ever became law, government officials had warned, it would cost the country $125,000,000,000 in 50 years.

And, thinking of the big debt the country has already, President Truman and his leaders in Congress didn't want it.

Right from the first, it seems, the House members didn't want it either but in the beginning they didn't want to say so publicly where their name and their vote against it would be on record.

Tactics Are Scored

Almost immediately when the bill came up Tuesday a majority of the House voted to kill it. But this was in the kind of vote where their vote was listed by number, not by name.

But, almost as fast, when they were called upon to vote by name, they voted against killing the bill. In three days they changed their vote five times.

On the second day they began to beat the bill out of shape by voting changes in it, right on the floor. By the time they were through that second day practically no one knew what had been voted into it.

All the while the House had been roundly lambasted in the press for its tactics. And yesterday, Herb Block, cartoonist for the Washington Post which congressmen read, teed off on them.

His drawing showed a monstrous fat man, labeled "House of Representatives," bending over while a "congressional medal" was pinned on the seat of his pants by a slaphappy character called "pension grab."

Bill Sent To Group

The medal read: "For unusual running, dodging and reversing without regard for the call of the duty."

And yesterday the House came back and by one vote—208 to 207—killed the bill. Not outright. The House voted to "send it back to committee." That's something like sending a body to the graveyard.

When the House votes to send a bill back to committee the measure almost never comes back on the floor for a vote. In this case it was sent back to Rankin's committee, which had prepared the bill in the first place.

Any congressman who's questioned about it, can always honestly say:

"I didn't vote to kill the bill. But so many confusing changes were made in it on the floor, it had to be sent to committee to be straightened out. Otherwise, we wouldn't have known what we were voting for."

After watching the truck roll over his baby, Rankin said: "That kills this legislation for this Congress."

Chicken's Kick Is Worth Six Months

DETROIT, March 25 (AP)—Johnny H. Franklin, 38, told the judge today his wife got that black eye when a chicken she was cooking reared up and kicked her.

"I didn't do it, judge," he said. "She was frying chicken. The heat made the chicken muscles quiver and it kicked her."

Incredulous recorder's Judge John P. Scallen found Franklin guilty of assault and battery anyway. He put Franklin on six months probation.

Irate Fishermen See Eagle Gobble Catch

DOVER, N. H., March 25 (LP)—Supervisor Bernard Smith and two other faculty members of the Davis Vocational school went to Lake Winnipesaukee to fish through the ice.

They pulled out 15 perch and cusk, left the fish on the ice and ducked into a shelter briefly to warm themselves. They returned to find an eagle dining on their catch. The eagle flew away.

Then they discovered that the eagle had eaten only the choice morsels of the perch and left them the less tasty cusks.

LITTLE BIG TOP—Jo Lyn Hansen, 2, finds Ernie Palmquist's miniature big top at a Chicago store as fascinating as the big circus. It has 500 animals, 170 wagons and 300 performers.

Lubbock Soldier Is Promoted In Japan

HEADQUARTERS, YOKOTA AFB, Japan (Special)—Announcement of the promotion of John Walton, son of Mr. and Mrs. John L. Walton of Lubbock, to the grade of staff sergeant, was made recently by the commanding officer of Yokota Air Force base, where S/Sgt. Walton currently is stationed for duty with the Fifth Air Force, the occupational air arm of Japan.

S/Sgt. Walton's present duties are those of a mechanic for the Third Motor Vehicle squadron at Yokota. His job concerns organizational maintenance of automotive equipment.

Prior to entering the service in May, 1943, S/Sgt. Walton was employed by a Lubbock garage. During the war, he served in the European theatre and was awarded the ETO ribbon with two bronze stars. He re-enlisted in August, 1947, and remained in the United States until alerted for overseas movement to the Far East Air Forces in September, 1948.

Upon arrival in Japan in October, 1948, Walton was assigned to the Fifth Air Force, and subsequently to the Third Motor Vehicle squadron at Yokota Air Force base, located approximately 30 miles northeast of Tokyo- Yokohama area.

S/Sgt. Walton's wife, formerly Miss Mary Fulmer, currently is residing with her parents in Birmingham, Ala., pending notification of embarkation for Japan.

LIGHTNING HITS SCHOOL

MARSHALL, March 25 (AP)—A bolt of lightning struck the Stephen F. Austin elementary school yesterday but no one was injured and damage was small. The bolt hit at 4:45 p. m. after the students had left the building.

Honor Plaque Won By "College Club"

The college club was presented with the scholastic honor plaque which they won for the second straight year at the annual smoker of the Texas Tech Men's Inter-Club council which was held in the Hilton hotel Wednesday night.

Dean of Men James G. Allen, director of the men's social club at the college said that awards were also made to the member and pledge of each club who had the highest scholastic average for the past year.

Awards Announced

Those were made to the following: Centaur club, Edward Crawford, Rockwall and Donald Cade, Merkel; College club, James Hargrove, Rotan and Roy Butler, Rising Star; Kemas, Roland Bennett, Lubbock and Homer Gilkeyson, Silverton; Los Camaradas, Hiram Jordan, Monahans and J. Barron Spaulding, Hobbs, New Mex.; Silver Keys, Ralph Lacy, Goldsmith and Carl Schmidt, Mexico City; Socii, John Hill, Smith Valley and Myron G. Harris, Brownfield and the Wranglers club, Bill Gillentine, Sherman and Lamar Jackson, Lubbock.

Dr. D. M. Wiggins, president of Tech, made a short talk at the smoker and Dr. E. N. Jones, Tech's vice-president, made the address at a dinner which was held earlier. The dinner was in honor of the sponsors of the clubs and the academic deans at the college.

Bill Hoffman, president of the MICC, acted as master of ceremonies for the dinner and the smoker. He also presented a trophy for winning the intramural touch football to the Centaurs. Trophies for winning softball and basketball went to the Wranglers.

The weeping willow tree is a native of China and is appreciated for its beauty although it has no practical value.

Carson City, Nev., with less than 2,500 population, is the smallest state capital in the United States.

Company Cakes... Lighter, Richer, Moister because SNOWDRIFT is Emulsorized!

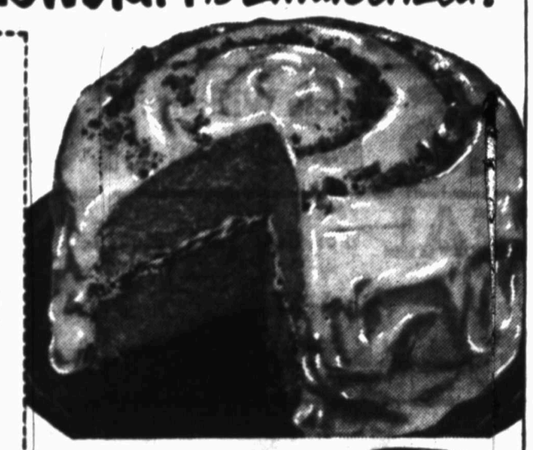

PINK AND WHITE PARTY CAKE
"Quick-method" recipe

Sift together in mixing bowl:
2¼ cups sifted cake flour
3½ teaspoons double action baking powder (4½ teaspoons single action)
1 teaspoon salt
1½ cups sugar
Add: ½ cup Snowdrift (Emulsorized—quick-blending)
⅔ cup milk

Mix till flour is dampened. Beat 2 minutes. If you beat by hand, count beating time only. (With electric mixer, use "low speed"; scrape bowl frequently; scrape beaters after 2 minutes.)
Add: 4 egg whites (unbeaten)
few drops red coloring
½ cup milk
1 teaspoon almond flavoring

Beat 1 minute for Snowdrift-smooth batter! Turn into 2 greased 8" layer pans lined with paper. Bake in moderate oven (375° F.) about 25 minutes. Cool and frost with—

FILLING AND FROSTING: Combine ⅓ cup water, 1 tbsp. light corn syrup, 1 cup sugar, ¼ tsp. cream of tartar, ¼ tsp. salt. Cook and stir until sugar dissolves. Pour syrup gradually over one beaten egg white, beating until icing "peaks." Add 1 tsp. almond flavoring. Remove ⅓ of icing; fold in ½ cup chopped figs, ½ cup chopped raisins, ½ cup chopped nuts; use as filling. Frost cake with plain icing; decorate with 2 tbsp. chopped nuts.

Cakes that do you proud! Easy now with the help of New Snowdrift. Snowdrift is emulsorized to give you the special blending aid you need for success with modern, "quick-method" cakes. Only an emulsorized type shortening can blend in the sugar and liquid so smoothly. Let Emulsorized Snowdrift give you cakes as light as a feather ...luscious and rich-tasting...so tender and moist they stay fresh for days!

Switch In Postwar Communist Party Line Exposed At Trial

NEW YORK, March 25. (AP)—An inside story of how foreign Red pressure forced U. S. Communists to switch suddenly from postwar cooperation with their fellow Americans back to a policy of violent class warfare was told yesterday to a federal court jury.

Details of the shift in the party line in May, 1945, was brought out by the prosecution through testimony by Louis F. Budenz, former member of the U. S. Red "politburo" who renounced the party that year.

That was the shift that dumped Earl Browder out of leadership and into party disgrace, and put William Z. Foster back in the saddle.

Here's the way the plot unfolded at the trial of eleven Communist leaders on charges of conspiracy to advocat violent overthrow of the government.

UN Delegate In Command

In 1944, under Browder's leadership as general secretary, the party changed its name to the Communist Political association and pledged cooperation with all classes in America.

Dmitri Z. Manuilsky, former head of the Communist international, threy a monkey wrench into the peaceful machinery of labor-management cooperation for full production and orderly solution of social and economic problems.

Manuilsky, foreign minister of the Ukraine, a part of the Soviet Union, supervised the American Communists in a post-war revilutionary turn against the U. S. government.

He laid down the law while he was head of the Ukrainian delegation to the United Nations conference at San Francisco in May, 1945.

A letter sent to Communist headquarters here by a reported covering the conference for the party's Daily Worker said, in effect, that "Manuilsky was indignant at the Communist party for not criticizing the American delegates more severely, especially the secretary of state." (Edward R. Stettinius, jr.)

Browder Denounced

Manuilsky told the American Communists to watch their "French comrades" and get wise to the new party line.

Then Jacques Duclos, secretary of the French Communist party, denounced what he called "the dissolution of the party in the United States." Duclos attacked Browder for making himself "the proponent of a false concept."

Budenz, who returned to the Roman Catholic church after serving the Communist party from 1935 to 1945 and being managing editor of the Daily Worker, said the letter from San Francisco came into his hands first.

He never finished reading it, he said, explaining:

Jack Stachel, the party's "education director" and one of the defendants, entered Budenz' office at the Daily Worker while he was reading the letter. "He snatched it out of my hand, took it up to the ninth floor (headquarters of the Red high command), and I never saw it again."

New Plans Made

Stachel and Eugene Dennis, a defendant and now general secretary of the party, ordered Duclos' attack printed in full in the Daily Worker.

Within two months of Manuilsky's intervention, Browder was removed from control, the Communist Political association he had formed in 1944 for peaceful cooperation was dissolved, and a revolutionary Communist party of the United States was reborn.

The association—according to Budenz—had been formed on the basis of Browder's interpretation of the 1943 Theran conference of President Roosevelt, Prime Minister Churchill and Premier Stalin.

Browder said he thought the conference meant that Communist and democratic capitalist countries could live in peace after the war.

During yesterday's session of the ten-week-old trial, U. S. attorney John F. X. McGohey read to the jury parts of writings by Stalin and other Red leaders, and Communist tracts. They spoke of:

"Poison gas . . . to fight the bosses"—a "Soviet socialist republic in the United States"—"our task is to make every party member a professional revolutionist"—"the workers of the U. S. A. will . . . abolish the cruel and bloody system of capitalism"—and many more things in similar vein.

Britain's steel production recently hit a new high, at the rate of 15,455,000 tons a year.

North Carolina Town Is Award Winner

DES MOINES, March 25 (AP)—A North Carolina tobacco village of 367 population was announced today as the sweepstakes winner in a nationwide community beautification contest.

The MacClesifield, N. C. women's club, which has 35 members, will receive $1,000 as a sweepstakes award and an additional $1,000 as winner in the 10,000 and under population class in the 1947-1948 "more beautiful America" contest sponsored by Better Homes & Gardens magazine.

Awards of $1,000 each went to the Norwich, Conn., Rotary club (10,000 to 100,000 class) and the Cleveland, O., rose society (over 100,000 class) for their first place achievements.

The MacClesfield club won the sweepstakes award by carrying out a six-point program which involved debris removal, home improvement, tree planting, removal of shack dwellings and establishment of a community house.

ORPHANS SEEK NICKEL JACKPOTS

Pyramid Clubs Have Seeped Through To Very Small Fry

HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, March 25—The pyramid clubs have pyramided down to the small fry.

Specifically, to the orphanages in the Washington area.

It wouldn't be fair to name names or places. But, on a friendly tip, I went to one of the homes where two clubs have been flourishing. One is a nickel group which operates among the lower grades. The other is a dime deal for the bigger kids.

A blondie, who must have been all of seven, held a couple of fat fistsful of nickels out for proof and told that on "pay off night" she got $1.05.

Chain Link Broken

A bigger girl in pigtails and blue jeans said she had had the same trouble as big folks. A link busted in her dime-a-head chain. She got less than $2.

The woman in charge of the home said she, naturally, took a rather dark view of the pyramids but added, "what can I do about it when that's all you see in the papers?"

That's about all you DO see in the papers here these days.

First it was the story about the Washington bricklayer who was supposed to have organized one of the capital's first clubs. He posted bail and heaven knows what's going to happen to him. His indictment made some of the pyramids collapse. But next day the cops said they were not going to make any mass arrests and the clubs blossomed again. Then today came an official tut-tut. Maybe the police will do some more arresting after all.

Anyway, it's quite an experience to go to what is supposed to be the payoff of one of the $1-down clubs—the kind where you get in two friends who get two more, etc., and finally all of 'em come running to your house and fork over $2,048.

I was invited to one of these payoffs the other night.

The lady who invited me was ready to entertain the payers-off in grand style. She had all kinds of nice-looking stuff in nice-looking bottles. Sandwiches piled high. Pickles and mustard on the side. Hot coffee for those who wanted it. Cokes. A maid hired for the evening and for effect.

Her husband greeted mama and me at the door. He made no bones about the fact that he didn't think much of the idea. He had read about the folks who had called the cops a couple of nights before in the same neighborhood because of the traffic jam.

Fate Is Cruel

Nevertheless, hubby was there, standing guard over a bushel basket to hold all of the money.

He looked a little friendless and a little helpless and awful sheepish.

Mama and I nibbled a couple of sandwiches and thanked the maid. He waited for a couple hours and nibbled a little more.

A few people came in and dumped a few long green things into the basket.

Being a good little reporter, I had to wait until the door was locked and the maid was paid. The man counted out $48.50.

His lady told me that, counting everything, the evening had cost her almost $100, which wouldn't have been too much if the expected $2,048 had come in, which it didn't.

The little seven-year-old at the orphanage, maybe, was a little smarter. She got $1.05 and put in only a nickel. She got in a jam with her supervisors, but she got out of it all right. She gave her $1 profit to a church mission. She said she slept fine that night.

SWEET OUTLOOK FOR BON BON BOMBER—Lt. Gail S. Halvorsen is fed a candy bar by his fiancee, Alta Jolley, at Las Vegas, Nev., where they are perfecting plans for their April wedding. Lieutenant Halvorsen, the Berlin airlift pilot who created "Operation Little Vittles" and dropped candy for the kids of Berlin, is now known as "The Candy Chute Kid" and "Bon Bon Bomber."

Meeting Of Letter Carriers Set Here

Two hundred persons are expected to attend the spring convention of Texas District No. 3 of the National Association of Letter Carriers, to be held Saturday in Lubbock.

George A. Bang of Omaha, Neb., a member of the board of trustees of the Mutual Benefit association, Washington, D.C., is to be principal speaker at the convention.

State officers who will attend include Lyle Graham, of Dallas, president; Jack Bryant, of Abilene, secretary; and Gay Carter, of Amarillo, vice-president.

Auxiliary officers who will be here include Mrs. Ava Bryant, of Abilene, secretary, and Mrs. Lera McCully, of Wichita Falls, treasurer.

The men's business meeting will be held at 5:30 p.m. Saturday in the 72nd District courtroom, on the second floor of the courthouse. The women's business session is scheduled for the same hour in the county courtroom, on the first floor.

A banquet and program will follow the two business meetings.

Lubbock Personnel Group Sees Movie

The film "The Supervisor As A Leader" was shown Thursday as the program feature at the bimonthly luncheon of the Lubbock Personnel association in the Hilton hotel.

One of the outstanding labor-management films, the picture was awarded an Oscar last year as the best produced in its category.

Eight case studies in personnel work were shown and analyzed.

Points stressed by the movie were discussed by W. Hays Bacus, in-service training officer for the Lubbock regional Veterans administration office.

Members at the luncheon were Mrs. Helen Carr, Miss Marion Simmons, Mrs. Dorothy Casstevens, Mrs. Jean Jenkins, J. F. Botik, Argo Peek, A. B. Hunt, Nat Kizer, B. T. O'Connell, W. D. Rogers, jr., E. F. St. Clair, G. C. Stewart, W. H. Bacus, J. P. Watt, J. S. Crumpler, and A. B. Watkins.

Guests attending were Elmer Tarbox and T. B. Burrow.

Show Animal Prices Good

Sales of calves, pigs and lambs exhibited in the 16th annual South Plains Junior Fat Stock show, which closed Wednesday, have been made on regular markets at "highly satisfactory" prices, according to the announcement Thursday of George Bond, show secretary.

Purchasers follow, with the price paid per 100 pounds:

Forty-seven lightweight calves, to Furr Food stores, $27.75; 51 heavy calves, to Swift Packing co., $26.75; 120 light pigs, to Keeton Packing co., $22. 80; heavy pigs, to Furr, $21.90; and 33 lambs, to Swift, $28.50.

Tabulations of totals, an intricate and detailed process, were not complete.

But estimates indicated that the total sales of exhibited and sifted animals brought to Lubbock for the show approximated $50,000—a record figure even though market prices were lower than in some previous years.

The 4-H club and FFA chapter boys who raised the exhibited animals realized substantially more than market figures. They got premiums above market prices which, in no instances, were less than 2 cents a pound at the auction which was the closing event of the show Wednesday afternoon.

Premiums Boost Take

That premium meant that the exhibitor of even a last-placing calf got $15 to $20 more for his animal than if he had sold it on the market. The lowest premium for a pig was $4 to $6 and for a lamb between $2 and $3.

This added money was made possible because of the fund pledged by Lubbock business men to guarantee the premium prices.

Bond did not know Thursday whether all the pledged money will be required to absorb the premium prices. If not, those who made pledges will be billed only in proportion to requirements.

If there should be a deficit, it will be absorbed by the chamber of commerce, the founder and sponsor of the junior stock show.

Wife Of Singer To Get Nevada Divorce

HOLLYWOOD, March 25. (AP)—Mrs. Dick Haymes—actress Joanne Dru—plans to leave Monday for Las Vegas to establish residence and obtain a quick Nevada divorce from the singer.

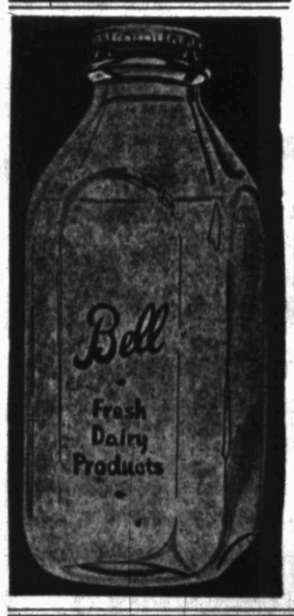

Haymes said last night they have reached a property agreement and that she will withdraw a divorce suit she has started here in favor of the Nevada action.

That will clear the decks for a sooner tie-up between Haymes and Nora Eddington Flynn, who is preparing to divorce actor Errol Flynn. Miss Dru indicated that she and actor John Ireland are romantically inclined.

The Haymes, married 7½ years, have three children — Richard, six; Helen, four; and Barbara, 18 months.

Egyptian business hoped for abolition of the excess profits tax, but the Government shows no sign of making the change, Cairo reports.

American Use Of Rocket Range In Australia May Be Discussed

By ELTON C. FAY
Associated Press Staff Writer

WASHINGTON, March 25 — Possible American use of the 2,000-mile rocket range in Australia may be discussed when the defense chiefs of the two nations get together here next month.

Sir Frederick Shedden, permanent head of the Australian department of defense, is expected to visit Washington about April 7 at the invitation of the United States secretary of defense.

Military officials could not discuss today what subjects might be talked over in the meeting between Sir Frederick and Louis Johnson, who will be sworn in as the new defense secretary next Monday.

An Australian government spokesman at Sydney said last week that the United States undoubtedly would be given use of the guided missile testing range, on request. Up to then, no formall request had been made, it was explained.

Board Surveys Site

However, it is understood here that a United States survey board has returned from Australia where it studied the advantage and disadvantages of using the site. It is presumed the findings of this board will be made available to Johnson before his meeting with Sir Frederick.

Any decision by the United States to share with Britain and Canada the giant range in Australia would not stop plans for a guided missile testing range entirely within, or with at least the launching area within, the United States.

Instead, the Australian range might provide a second place where missiles could be tested under climatic conditions different than those found here. Its base is about 250 miles northwest of Adelaide, in the south central coastal area of Australia. It would extend northwestward across the continent for about 1,200 miles to a point called "Ninety Mile beach." From there the range could be pushed on out across the Timor sea and into the Indian ocean.

Advantages Listed

Guided missile experts point out that certainly at present the full 3,000-mile range would not be needed. Perhaps not even the overland distance of 1,200 miles would be used at once. So far as is known, no rockets of that range are in existence or in immediate prospect. But the full range will be needed some time in the future when scientists can make their blueprint plans into true intercontinental guided missiles.

The Australian range would have several advantages and disadvantages, say those who have considered suggestions for United States use of the site. The advantages include:

1. An even climate over the continent, with clear skies, dustless, dry, thin air. At the northwestern end would be tropical humidity, rain and winds of varying intensity and direction. These two combinations would provide a variety of climatic conditions.

2. Secrecy from any unfriendly foreign nations. Geographically, Australia is far removed from Russia. Moreover, the fact that only a few thousand people, all Aborigines, live in the area would make it easy to spot any curious strangers.

Among the disadvantages, these are seen:

1. The United States probably would have to share at least some of its guided missile secrets with Britain, Canada and Australia.

2. Problems of shipping technicians and material. Australia is 22 days away from San Francisco by even fast freighters.

3. Facilities are lacking for manufacturing and assembling parts of guided missiles near the test site.

NEITHER SNOW, NOR RAIN, NOR HEAT . . .HALTS AIRLIFT—In spite of Berlin's heaviest snowfall of the year, the airlift continues its operations uninterrupted. Here, a "flying boxcar" has just unloaded a cargo of tires at Templehof Airfield for the blockaded city. (Photo by NEA-Acme staff correspondent Joe Schuppe.)

Man Like Atom Circling In Unknown Orbit

Little Knowledge Gained In 38 Years Amazing To Writer

By HAL BOYLE
Associated Press Staff Writer

NEW YORK.—Recently I reached my 38th birthday—and with no sense of victory. After 35 a man celebrates a birthday with the morbid pleasure of a small boy picking at a scab on his knee.

Just for the fun of it I sat down and figured out some of the things I didn't know. It was an amazing list—amazing that a man could live so long and learn so little. The man of the future will probably grow to know more and more about less and less.

Still Can't Do

Here were some of the things I couldn't—and still can't do:

Drive a motor car. (You'd be surprised how many people can't).

Screw in a light bulb in less than ten minutes.

Tune in a television set or operate a record-changer phonograph.

Play any card game except "old maid. I also can't play chess, dominoes or assemble a cut-out picture puzzle.

Identify any bone in the human body with certainty except the femur. (The only reason I know this is that a friend of mine broke his, and told me where it was.)

Build anything, including a doghouse, although I have spent some of the best years of my life in these structures.

Play a musical instrument or speak a foreign language.

No Bubble Blower

Blow bubble gum—although I've tried—or mix any drink except a highball or an aspiring parfait.

Bend over and touch the floor without buckling my knees.

All of these inabilities leave me feeling rather useless and helpless. And yet I think the average man everywhere can compile a similar list of his own. Most men no longer could live in the forest like Daniel Boone. And they are trapped in a wilderness world of gadgets that nobody can understand but a technician.

And the changes come faster and faster. The citizen doesnt understand the atom. But he sure does feel like one—an atom circling in an unknown orbit.

Doctor Using Train To Catch "A Cold"

LOS ANGELES, March 25 (AP)—How far does a man have to go to catch cold?

Dr. E. C. Rosenow, 73-year-old Cincinnati bacteriologist, got on a train last night, prepared to go all the way to Chicago in pursuit of the mysterious virus that causes man's greatest nuisance, the common cold.

He intended to catch the cold by proxy, however. The wily Dr. Rosenow, who has devoted years of research to the problem, strapped a pair of test tubes to the top of the locomotive cabin.

The thin metal tubes are filled with sterilized glass wool and their opening are screened to keep bugs out. The doctor himself climbed a ladder to fasten the tubes firmly with adhesive tape. He even made sure his return address was on the tubes in case high wind blows them off.

Gesundheit, doctor.

Mount Washington, N. H., loftiest summit in New England, was first climber in 1642 by an Irishman and two Indians.

Control Of Spouting Oil Well Is Shaky

HOUSTON, March 25 (AP)—An abandoned oil well, which twice went out of control in two days to threaten nearby oil installations, was back under shaky control today.

Wednesday the abandoned well began spouting gas. The gas caught fire and burned furiously for nine hours. The well was brought under control early yesterday morning when drilling mud, which contains special chemicals and minerals, was forced into it.

Last night, it broke loose again and burned briefly. Crewmen put out the fire and choked off the gas with more mud.

The mud late last night reduced the well's activities to sputtering and bubbling.

Before the second outbreak was curbed, Stanolind Oil and Gas company ordered five of its nearby producing wells shut down until danger of further fire passes.

The well, in the South Houston field, is about 10 miles southeast of the Houston business district. It is just off the Galveston-Houston highway and that thoroughfare was closed last night when the second blowout occurred.

Several years ago, the well was plugged and cemented. It became activated Wednesday during the drilling of a new well about 40 yards away.

An estimated two to three millions Americans are ski enthusiasts.

Jury Misconduct Claimed In Trial Involving Insurance

Jury misconduct caused the Amarillo court of appeals to reverse the trial court's judgment in the case of Clark Wood and Dee H. Bradford, doing business as Wood and Bradford Insurance service, appellants, against C. A. Stokes, appellee, and remand the cause to the 99th district court of Lubbock county for a new trial.

An opinion written by Associate Justice Lumpkin and received here shows that the trial court was upheld in refusing appellants' motion for a peremptory instruction in favor of appellants, but that in its opinion the trial court erred in not granting a new trial on "jury misconduct."

Jury Answers For Stokes

"From the evidence adduced on the motion for new trial, as well as from a careful consideration of the entire record, the misconduct of the jurors . . . probably resulted in injury to the appellants," the opinion said.

The case was brought by Wood and Bradford upon an open account to recover $745.96, allegedly due as premiums on various insurance policies. A jury, to which the case was submitted upon a single special issue, answered for Stokes. Wood and Bradford filed a motion for judgment notwithstanding the verdict and appealed when it was overruled.

Other "Matters" Discussed

The appellants urged in one of their assignments that "certain members of the jury, after the jury retired to consider its verdict but prior to the time it reached a verdict, discussed matters which were not admitted in evidence and that some of the jurors considered the legal effects of the answer to be given the special issue."

Four jurors were summoned to testify in support of the new trial motion. It was disclosed that one of the jurors had looked up an advertisement of Wood and Bradford in the telephone directory—after an attempt of Stokes' counsel to introduce the ad into evidence had been overruled by the court—and had discussed its contents in the jury room and its probable influencing of a "difference of opinion between the litigants" as to "the amount due and owing Wood and Bradford by Stokes."

That was "clearly misconduct," the opinion said. "The rule has long prevailed that jurors may not receive new testimony during their deliberation or discuss testimony expressly excluded by the court."

The first ski club was organized in the United States at Berlin, N. H., in 1882.

Austin Jefferson-Jackson Day Dinner Gives Demos $40,000

(By The United Press)

AUSTIN, March 25 — House Speaker Sam Rayburn will take a $40,000 check back to Washington to swell the Democratic party treasury and prove Jefferson-Jackson day dinners in Texas are no small events.

The check was handed Rayburn after he delivered the principal address to 1,600 Democrats at the annual fund-raising dinner, believed to have been the most successful in the state's history.

Loyal Democrats sat beside insurgents who bolted the party last year to support the states' rights ticket in the presidential election. Each paid $42 for a plate of barbecued chicken, vegetables and rum rolls.

Sit In Barn

Rayburn and about 600 other Democrats sat in a barn adjoining a war-surplus B-29 hangar that was converted into a "mess hall" overnight. The remainder took seats in the hangar.

Rayburn told the Democrats that President Truman and others were working to bring about permanent peace. But he admitted frankly that he did not know what the future of the world situation would be.

"We can't look into the minds of dictators, and we can't pierce the stony heart of those ungodly people," he said. "As long as the wounds of the last war are unhealed, we must keep our powder dry."

Rayburn said he saw nothing to "indicate either a depression or recession."

States' Rights Mentioned

Rayburn mentioned the touchy issue of states' rights twice.

He said he believed the federal and state governments would reach a compromise on ownership of tidelands.

"I've always believed that, and I believe now, that the tidelands of Texas to 10½ miles offshore belong to Texas. Maybe something can be worked out about it."

He said he did not favor repeal of the poll tax law, "but I do not believe in Texas that a poll tax should be a prerequisite to voting."

The House speaker sat at a table with Gov. Beauford Jester, Wright Morrow, national Democratic committeeman of Texas; Byron Skelton, claimant to Morrow's position; Roy Baker, national president of the Young Democratic clubs; Mayor Tom Miller of Austin, and about 40 state officials.

Miller Gets Cheer

Miller received a loud cheer after reading a telegram from President Truman urging the Democrats to give "three cheers for Sam Rayburn" and said:

"We don't always agree with the gentleman, but we worship at the shrine of courage he shows."

Miller told the group he had received a contribution from a Corsicana negro.

"We are eternally grateful to our Texas negroes," the mayor said.

Rev. Charles Sumners, rector of St. David's Episcopal church at Austin, gave the invocation, the late President Roosevelt's favorite prayer.

It asked for divine guidance for "justice and peace at home."

MEET THE MANAGER—Ernest Travis Pope, president of Hanna-Pope & Co., was born in Howard county, Ark., in March, 1894. His family moved to Quanah when he was two and was educated there and graduated from Quanah High school. He attended Metropolitan Business school in Dallas and from 1913 to 1920 he was a partner in Dixon Dry Goods company in Vernon. In January, 1920, he opened Hanna-Pope & Co., in Clarendon and Memphis, operating them until 1935, when the store in Lubbock was established. His two brothers, the late D. B. Pope and Lee Pope were members of the firm, and Lee Pope movd to Lubbock from Amarillo in January following the death of D. P. Pope last October. Ernest Pope is a member of Kiwanis club, Khiva Temple in Amarillo, First Presbyterian church, Lubbock Country club, the board of directors of Lubbock Community Chest. When he has time he likes to fish. Mr. and Mrs. Pope live at 2518 Twentieth. (Staff Photo.)

English Detective Held In Burglaries

HORSHAM, Eng., March 25 (AP)—The detective assigned to investigate a burglary at a doctor's home here was Sgt. William K. Wykes, 41. He didn't solve the case.

Today other officers told a court they had succeeded where Wykes failed.

They formally accused Wykes of committing that burglary and 19 others in the last year.

There are hundreds of species of "solitary" wasps which do not live incommunities

Wasp eggs, laid by the queen, hatch in about eight days.

Cancer Cause Is Revealed

LONDON, March 25 (AP)—The British Medical journal says "the biggest advance in cancer research for many years" may result from new experiments indicating definitely that a virus causes cancer.

The journal, official organ of the British Medical association, reported the experiments. They were carried out by Dr. W. E. Gye, director of the imperial cancer research fund, and three colleagues.

Dr. Gye described how he and his fellow researchers transmitted tumors in mice by means of dried tissues.

The tissues of a chemically fostered tumor from a mouse was subjected to a temperature of 110.2 degrees below zero fahrenheit for five to eight weeks before drying.

Virus Still Alive

The only thing that could have lived through that treatment would have been an ultra-microscopic microbe known technically as a virus, they said. The material left over was used to transmit the disease to other mice.

Dr. Gye concluded:

"The experimental evidence points to the conclusion that cancer has a continuing cause and that this, in mammals as in birds, is a virus."

Many researchers have held that cancer is mainly produced by chemical agens.

The leading article in the journal asked:

If researchers can "safely accept the conclusion that tumors in general can be propagated in the absence of viable tumor cells (cells capable of growing or developing), where does this lead?"

"It leads certainly to the biggest advance in cancer research for many years."

Theories Useless

"It means that, of current theories of the nature of cancer, some 90 per cent can be quietly relegated to the wastepaper basket, leaving investigators free to concentrate on a much more limited field through which certain obvious paths are clearly indicated."

It has been known for a number of years that a virus can produce a certain type of cancer in birds. More recently, it has been found that an agent, believed to be a virus, found in the milk of mice of a cancer-susceptible strain can produce breast cancer in mice. This milk factor has not yet been isolated. These findings have given impetus to the theory, long a subject of controversy among cancer investigators, that animal cancers are caused by a virus.

The prevailing view today is that, while some cancers may be caused by a virus, there also are other causes that may bring it about. It is known, for example, that certain chemicals, as well as overdoses of radiations, can produce cancer in both animals and human beings.

Man Is Successful In Wooing Own Wife

SEATTLE, Wash., March 25 (INS)—Weeks of wooing his amnesia-stricken wife were crowned with success today for Will Subden, Seattle bus driver.

Sugden announced that his wife, who had lost all memory of their marriage, has "accepted me as her husband."

Mrs. Sugden was hit on the head by a theater cushion thrown by a prankster. She still cannot recall anything between 1944 and her discharge from the hospital several weeks ago. Brand new to her were the atom bomb, the end of the last war, late model automobiles — and her husband.

The couple was married in November.

The NEW 54 COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season — ready for farmers who want *more* profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is *tested* and *proved* for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce *more* money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- EARLY MATURITY — Of 25 varieties tested recently . . . "54" was *first* in percentage of crop harvested in a four-month period.
- HIGH YIELD — In this same test, "54" was *third* among all varieties in yield per acre.
- BETTER STAPLE — "54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- TESTED FOR DRY LAND — "54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"
Sold through your ginner, your seed dealer, all branches of the Western Cottonoil Co., and at Lockview Farm, Plainview, Texas.

Boy's Life Restored Through Rare Use Of "Heart Massage"

CHICAGO, March 25 (INS)—A New York surgeon told today how he held in his hands the heart of a 16-year-old boy and massaged it back to life after the heart action was arrested 40 minutes.

The surgeon, Dr. S. W. Touroff of New York's Mount Sinai hospital, said the youth's breathing and heart action stopped while he was undergoing a lung operation.

He said the boy was given artificial respiration with 100 per cent oxygen and his heart massaged.

The youth was given blood and adrenalin, and 40 minutes after the heart action stopped the organ was grasped with an apparatus to prevent hemorrhage in preparation for opening the membranous sac which surrounds the heart.

Described In Journal

Dr. Touroff said the heart suddenly gave a strong beat, and regular heart action and breathing returned promptly. The operation was continued successfully and 74 days later the youth was discharged from the hospital apparently in good health.

The incident was described in the current issue of the journal of the American Medical association by Dr. Touroff and Dr. Milton H. Adelman, also of Mount Sinai hospital.

The queen wasps, sole members of communities who survive the winter, lay eggs in the spring which found new nests and form new generations.

Health Certificate Law Is Revised In City

IN TECH CARNIVAL—Mary Alice Mitchell, Junior business major from Tahoka, has been selected to be the "Varga" girl for May in the "'49 Gold Rush Carnival," which will be presented by the senior class at Texas Tech at 7 p. m. Saturday in the Administration building. The carnival is presented each year to raise funds to buy the traditional gift the graduating students leave the college. The show will be on the order of a regular carnival with various types of booths and exhibits. The "Varga Girl" booth is sponsored by the Las Chaparritas club and will feature twelve girls representing the months of the year.

Food Handlers Here Affected

Drastic revisions in city regulations governing the issuance of health certificates are provided in an ordinance adopted on first reading at the semi-monthly meeting of the city commission Thursday afternoon.

Under the new ordinance, a health certificate good for not longer than six months would cost $2. No charge is made now.

All persons who handle foods or beverages as an occupation, including family cooks and domestic servants, would be required to obtain certificates. Estimates as to how many persons would be affected were vague, except that they would number "several thousand."

Some Workers Exempted

Several types of workers who now are required to obtain certificates would not have to get them under the new ordinance. These include laundry and tailor shop employes, beauticians and barbers.

City Commissioner Clarence Whiteside, a laundry operator, pointed out that such cities as Amarillo, Austin, Dallas, El Paso, Houston, Fort Worth, San Antonio and Waco do not require health certificates of laundry employes. He termed present Lubbock requirements discriminatory.

Gerald E. Jarvis, director of the city-county public health and welfare program, who submitted the proposed new ordinance, said state laws provide ample safeguards as to the health of beauty operators and barbers.

Hearing To Be Held

He said the examinations for the health certificate, under the new regulations, would be much more thorough than in the past. They will include, he continued, a chest X-ray and checkups for venereal and other contagious or infectious diseases. X-rays have not been given in the past.

The proposed ordinance will be considered by the commission on second and final reading at the regular meeting April 14, Mayor W. H. Rodgers announced.

Anyone wishing to appear for or against the proposition will be heard, he assured.

If approved at that time, Jarvis said, the regulations will be put into operating effect within the next month or six weeks.

To Install X-Ray Machine

The city recently bought an X-ray machine which has not been set up. Plans are to install it in the near future in buildings recently purchased as war surplus from South Plains Army Air field and assigned to the health and welfare department, which now operates in the city hall. The site for the new center has not been decided.

The ordinance was given unanimous approval by the commission

Section 3

City Commission Sets Population Here At 63,059

Lubbock's population within the city limits officially is 63,059, by act of the city commission.

This is the figure which soon will go on the city name signs on state highways at the city limits.

It has been quite a struggle for the chamber of commerce to get the figures there. But success apparently crowned persistence Thursday.

The story goes back a good many months. The chamber of commerce got permission to paint population estimates, as of that time, on the signs. The figure approximated 55,000. They remained awhile. Then someone painted them out.

Lubbock Process Explained

"Why?" asked chamber officials who called the State Highway department.

A. B. Davis, the chamber manager, explained how the Lubbock estimates were obtained. The process is exceedingly complicated. It considers telephones, gas, electric and water meters, scholastic enrollment and other factors, and adjusts all these to make allowance for the fact that more families out of any given number have these conveniences than a few years ago.

This formula has been exceedingly accurate as to Lubbock. The chamber's estimates in 1930 and 1940 were within less than 1 per cent of the population shown by the federal census in each of those years. Furthermore, the chamber's estimates were under, not over, the census figures.

Highway department officials gave Lubbock a big "A" for accuracy in estimating its population. But, they said, some cities aren't so careful. They pull the biggest number they can think of out of a hat, and proclaim it as their population. (Amarillo's alleged 95,000 and Laredo's 60,000, for example.)

The Highway Department spokesmen were on the spot.

"If we let you use your estimate, how can we refuse to let other cities do the same thing?" they asked Davis. "You tell us."

Davis had to admit he

Dedication Of Four New Schools Staged

Patrons and friends of the Lubbock public school system last night turned out in large numbers to attend dedication services at four of Lubbock's newest and finest school buildings, each named for and dedicated to an outstanding Lubbock citizen.

Services were held at J. T. Hutchinson and O. L. Slaton Junior High schools, and M. C. Overton and P. F. Brown elementary schools. At each, a member of the school board was present to give pertinent facts and figures on the school building and to explain the building and expansion program of the school system. Members of the family of each of the prominent men honored were special guests.

Dr. William H. Gordon, Lubbock physician, made the principal address at dedication ceremonies at J. T. Hutchinson Junior High school, reviewing briefly Dr. J. T. Hutchinson's life, in which he pointed out that Dr. Hutchinson first came to Lubbock in 1909. He also made mention of Dr. Hutchinson's long years of civic service, particularly in local public school education.

A. C. Jackson, business manager of the Lubbock Independent School district, pointed out that Dr. Hutchinson served on the school board 35 years, most of which time he was president of the board.

Clyde Tatum, current school board president, explained why naming of the junior high school was delayed for some time. He said that naming of the structure was withheld until after Dr. Hutchinson retired from the school board so that it could be named for him. Following, Tatum gave facts and figures regarding the building itself.

Dr. and Mrs. Hutchinson were out-of-town and hence were unable to attend the dedication. Dr. Ben B. Hutchinson, a son, gave the response. Other members of the family attending were another son, Tom Hutchinson; a daughter, Mrs. Frank W. Hudgins; and their families.

The dedicatory prayer was offered by Rev. David L. Zacharias, pastor of Westminster Presbyterian church. Jay Gordon, principal of the school, presided.

Music for the occasion was furnished by the Hutchinson school choir and band.

Slaton's Life Reviewed

At O. L. Slaton Junior High school, W. S. Posey, president of First National bank, reviewed the life of the late O. L. Slaton, who for many years was president of that bank, pointing out his long period of public service to the community.

A short response was given by Oscar L. Slaton, jr., his son. Other members of the family attending the ceremony were Mrs. Oscar L. Slaton, jr., and their two sons, Oscar Slaton, III, and Bill Slaton.

The prayer of dedication at the O. L. Slaton school ceremony was made by Rev. E. H. Crandall, associate pastor of First Presbyterian church.

G. E. Dawson, principal of the school, presided. William H. Evans, member of the school board, reviewed the expansion and building program of the Lubbock school system. Dawson introduced officers of the school's P-TA and members of the faculty. Following, an open-house was conducted and visitors made inspection tours throughout the building.

Dr. Overton Honored

George W. Dupree, Lubbock attorney, made the dedicatory address at M. C. Overton elementary school, named for Dr. M. C. Overton, Lubbock physician who came here in 1901.

Lennon Hill introduced Dr. and

Lubbock Men Donate Two Steers To Tech

Two Lubbock men, Spencer Wells and J. D. Hassell, have presented two yearling steers to the agricultural department at Texas Tech according to Dean W. L. Stangel, head of the department

The animals were purchased by the men at the South Plains Junior Fat Stock show. They were acting as representatives for Hemphill-Wells Co. The steers will be used for purposes of instruction.

Stangel said since it was the eleventh steer that Wells had given the college, the animal would be named Sir Spencer XI in his honor. The other will be named Sir J. D., I.

The Curious Reporter

OPAL DIXON

THE QUESTION

What do you think the effects would be if rent control were abolished in Lubbock?

THE ANSWERS

DR. H. H. BIDWELL, 2623 Twenty - first, dentist and farmer: "Temporarily, I think rent in some cases would go up, perhaps to the extreme, but sooner or later supply and demand of houses would bring it back to normal conditions. There is always a group of people piggish, wanting more for less, but supply and demand would regulate that. Personally, I think rent control is going to have to be abolished."

DUDLEY BRUMMETT, 1915 Seventeenth, partner in Brummett and Brummett and assistant county attorney: "Rental units that have heretofore been affected by the rent law probably would be increased slightly in price and justifiably. Rent units that are not affected, I think, would suffer a decrease in price and, again, justifiably so."

MRS. O. P. HARLAN, 1723 Thirty-first, assistant to her husband in insurance business: "I personally, being a property owner, would like to see it abolished. I really believe that we are going to have to abolish rent control to get things straightened out, like we did the OPA. Now that the war is over, we should leave it to people to handle their own affairs. Some people might put their rents up exorbitantly, but all I ask is a fair return. I do believe it's going to stabilize in the course of time and don't believe it would do it under controls."

G. H. CRAIG, 2201 Twenty-sixth, owner of G. H. Craig Co.: "I think if they would abolish the rent control altogether, it would settle down into a lot better shape than it now is. If you tell the American people what they can or can't do, they are going to rear up and protest. If controls are abolished, some of them might advance rent a little, but it would settle back to normal times."

CLIFTON HAYNIE, 2608 Twenty-third, agent for Southwestern Life Insurance Co.: "I think that many people would be put out of a place to live where they could afford it. However, I think fair play of most of the rental property owners would cause them to ask just a fair rate of return."

A. B. OHLENBUSCH, 1902 Twenty - fifth, owner of Ohlenbusch Oil Co.: "I think it needs to be. The quicker they take it off, the quicker it will equalize itself. Some of them probably will go up and some will come down, I think, before too long."

COLLECTOR STUMPED

ST. LOUIS, March 25 (U.P.)—Internal Revenue Collector James P. Finnegan admitted today that he was stumped when a citizen reported he had amnesia during the past year and couldn't remember his name, where he worked, or how much he earned. Finnegan was trying to find a law to cover such cases.

Early English cook books referred to pie crust as the "coffin," apparently because mince pies in those days were baked in an oblong shape.

TWO COMPANIES EVALUATING SITE

Poultry Firm Leads Way For New Industries At Air Field

Prospects that the former South Plains Army Air field soon will become one of the most important industrial and payroll assets of Lubbock were strengthened by several developments disclosed Thursday by chamber of commerce and city officials.

Among them were these:

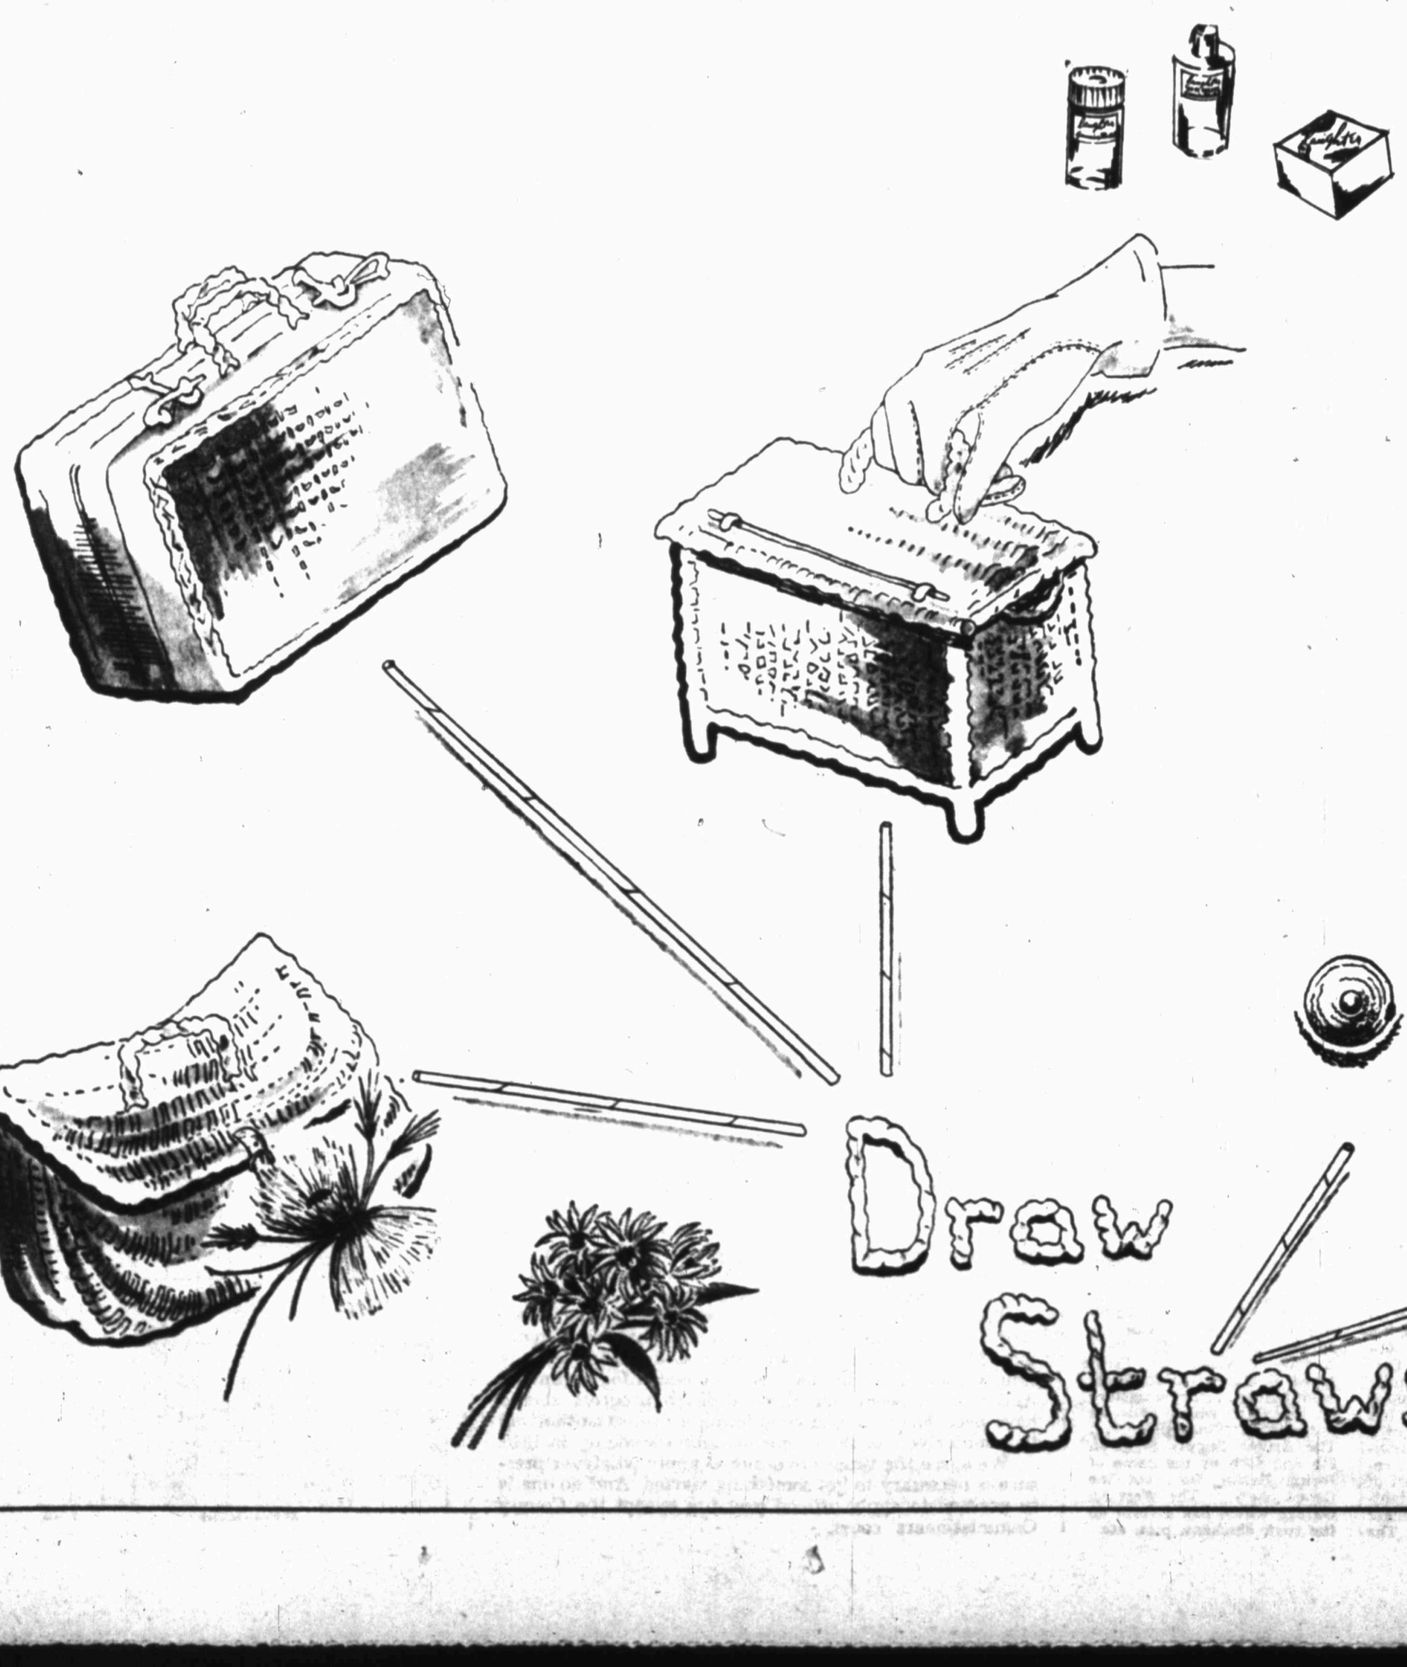

1. Arthur Clary, head of a poultry and egg company here, closed a deal for 10 acres where, he announced, he expects to produce 100,000 broiler-size chickens for the market every 70 days. He will buy day-old chicks, providing a large new market for eggs and hatcheries. The city will get about $4,500 a year rental for the tract on a two-year lease, with a two-year renewal option.

Plane Firm "Interested"

2. The chamber of commerce disclosed that Oscar Palmer, of Phoenix, Ariz., one of the nation's leading manufacturers of air conditioners, is due here late today for further investigations of the possibility of establishing a plant in one of the larger SPAAF buildings. If this project materializes—and the mutual interest is evidenced by the fact that discussions have been in progress several months — it would mean a plant with an initial payroll of 50 skilled personnel.

3. Ed Colby, Lubbock Municipal airport manager, and chamber of commerce officials disclosed that a large airplane manufacturing plant, old-established and capitalized for $10,000,000, is interested in SPAAF as a site for

DECISION of the Liquor Control board's GHQ in Austin to send a new staff into Lubbock can't do any harm and may do some good, if only on the theory that "new brooms sweep clean," etc.

The change in personnel will show, to some extent, at least, whether or not it is possible to have some modicum of control over wholesale bootlegging activities in this theoretically "dry" area.

The change in Liquor Control personnel here ought to be a happy arrangement for all concerned —including the men affected by the switch. They must have known for some time that some other officers and an appreciable portion of the general public harbored the opinion that there is more liquor than control in these parts.

If the new Liquor Control officers can't bring about an improvement of conditions, it will be fairly well indicative of a more or less general belief that Texas is simply pouring money down a rathole in maintaining a special policing branch for liquor alone.

A great many people long have wondered why there should be a Liquor Control policing setup, since there is no Murder Control police force, no Burglary Control police force, or no set of special policemen set up to work only on any other form of law violation.

If local officers are presumed to be able to look after all other forms of law violations within the confines of the state, we've never been able to understand why they can't also be presumed to enforce liquor laws, along with the rest of their duties.

And we still have the Texas Rangers in this state, although just what they do with 99.44 per cent of their time—when there's no need for "one man, one riot" activity—is pretty much of a mystery.

★ ★ ★

★ ★ ★

No man ever wants to divorce a wife who scrupulously refrains from interrupting or correcting his stories.

★ ★ ★

WE are indebted to Ed Napier, a local barrister, for calling to our attention serious efforts on the part of the Washington (D. C.) Times-Herald to interest the government in solving the nation's mounting water problem.

Mr. Napier sent us a tear-sheet of the Times-Herald's editorial page of recent date. On the page, the newspaper sets forth in words and drawing its suggestion that waters from the upper Mississippi-Missouri river system be diverted westward.

Such diversion, the Times-Herald points out, not only would solve the Mississippi flood problem—a costly, annual affair—but also would "squirt fresh water across our parched prairies and so make them bloom into life and profit for the Republic."

★ ★ ★

The editorial and map Mr. Napier sent us was the second crack at the subject taken by the Times-Herald.

The editor admits that the first blast brought forth a lot of horse-laughs from other newspapers. But he shows, too, that a great many practical engineers were impressed with the idea.

Assistant William E. Warne, of the Department of the Interior, also was impressed. He has told the Times-Herald that the river re-routing plan some day will be seriously accepted, then attempted.

★ ★ ★

BRIEFLY, the Times-Herald map shows the re-routing of the Upper Mississippi, beginning at Minneapolis and extending, by way of new canals and old river beds in a Southwesterly direction to a point below Omaha, where more water will be picked up at the junction of the Platte and the Missouri.

Then the diversion continues across Northwestern Kansas, into Southwestern Colorado running near Walsenburg. Then it blows down into New Mexico where, near Santa Fe, it joins the Rio Grande.

According to the Times-Herald's figures, this diversion of water otherwise headed for the sea would turn the Western half of Kansas; the entire Texas and Oklahoma Panhandles; the South Plains and West Texas below the T&P; all of New Mexico, four-fifths of Colorado; the Eastern third of Arizona and the Southeastern fifth of Utah into Garden spots—along with a smaller strip of Nebraska.

Of particular interest to us is what the Times-Herald thinks the diversion would do for the South Plains.

According to the map, the diversion would "waterize" all our counties from the New Mexico line eastward to the East lines of Cottle, King, Stonewall, Fisher and Nolan counties; also Union, Quay, Curry, Roosevelt and Lea counties in New Mexico.

★ ★ ★

Not being a water engineer —or any other kind of engineer, for that matter — we have no idea of knowing whether or not the Washington newspaper has a sound, or unsound, idea.

But we do know that if diversion of the Upper Mississippi and Missouri rivers will water as much land as the Times-Herald says it will—and cut down our flood costs to boot—then the plan should not be turned down without complete study.

Any nation that can run a Marshall plan in Europe and a dozen other international uplift projects, all at the same time, eventually can pay for a practical project—no matter how big—that will pay off within the nation's own confines.

★ ★ ★

TWENTY-FIVE, or 40 years ago, a project of the dimensions of water diversion plan immediately could be written off as "too expensive," "too visionary," or "too big" to even think about.

But it's no more expensive than the Marshall Plan, no more visionary than atomic power was in 1943, and not so big as our adopted policy of arming half the world.

Certainly, the suggestion is worth the investigation of our best engineering brains.

★ ★ ★

A. E. JAMES, who travels out of Lubbock for Brooks-McKenzie Wholesale Dry Goods Co., came in the other day to tell us that in his opinion something ought to be done to break the practice of Lubbock drivers who roll around the city at night with their bright lights on.

Mr. James says that on two successive week-end nights, when coming back into Lubbock from his travels, he has narrowly missed having serious accidents because his eyes were blinded by bright-lights drivers.

He says he finds that situation worse here than in any other city where he drives his car.

Lubbock drivers know that Mr. James has a point.

There is too much bright-lighting in Lubbock and there's no reason why it can't be stopped.

City Attorney Vaughn Wilson tells us that while the City of Lubbock has no specific ordinance covering bright lights on cars, the state law covers municipal thoroughfares. Therefore a city ordinance isn't necessary. The bright-lights driver inside a city's corporate limits is violating a state law, hence can be prosecuted for the violation.

A little prosecution here and there would do a lot of good. Some people just have to be hit over the head before their attention can be attracted.

BY DREW PEARSON: WEST POINT, ANNAPOLIS MAY BE CONSOLIDATED UNDER JOHNSON

HST Will Revive Civil Rights Program In Summer

WASHINGTON.—The Army and Navy are going to have some real surprises when Louis Johnson takes over as secretary of national defense. He really means business when it comes to scaling off the century-old crust of Army-Navy rivalry and making all three services act as if they were serving under the same flag.

PEARSON

No definite decision has been made as yet, but one thing in the back of Johnson's mind is to ask Congress to abolish Annapolis and West Point as traditional training schools for the Army and Navy.

Johnson has already been talking the matter over with some of his intimate advisers and here are some of the points they have placed before him:

1. Real rivalry between the Army and Navy comes from the Annapolis-West Pointers at the top. It doesn't come from the younger officers below, and particularly isn't carried on by the reserve officers who haven't been exposed to four years of intensive Annapolis-West Point tradition.

2. Other professional men, such as doctors and lawyers, take four years at any accredited college, then specialize at a professional school.

3. Therefore, it's proposed to use Annapolis and West Point as normal training schools for all officers, mixing up the future commanders of the Army, Navy and Air Force. Not until they have rubbed shoulders and got acquainted for two to three years at West Point or Annapolis would they decide their ultimate branch of the service. After this preliminary, nonspecialized training they would specialize at a separate school to become either Air Force or Navy or Army officers.

Johnson advisers point out that the old-school-tie tradition is strong among all Annapolis and West Point grads. Classmates stick together and their prejurices stick with them years afterward. But if Army, Navy, Air Force officers have all trained together in the same class, they will work together much more cooperatively, even though they later join rival branches of the service.

Note—A committee of noted educators under some distinguished scholastic figure, such a President James Conant of Harvard, would study the matter first and recommend the best solution to the secretary of national defense.

• • •

Civil Rights Again

Highlight of President Truman's private meeting with congressional leaders immediately following his return from Key West was a decision to make another try for enactment of the civil-rights program.

Senate majority leader Scott Lucas intends to press for a roll call vote not only on anti-lynching and poll-tax repeal, but on the hotly controversial fair-employment-practices program, chief target of Dixie filibusterers.

However, the Senate decks will be cleared first of other major bills, including a new labor law, social-security extension, public-housing and minimum-wage legislation—all road-blocked by the recent talkathon.

"Of course, I still think that's the way it should have been handled in the first place," remarked Lucas, who has never been enthusiastic about the White House strategy of an early showdown on civil rights.

Truman, tanned and healthy, grinned happily and said that he, also, had no intention of abandoning civil-rights legislation.

Lucas observed that Republican senators who joined with Southern Democrats in the recent filibuster already are beginning to feel the backlash of public opinion from their states.

• • •

SENATOR CLYDE HOEY of North Carolina—apologies for getting the wrong Mrs. Howard with whom you were photographed the other day; and glad to know that the lady in the photograph was not the Mrs. Ernest Howard, wife of the RFC official, whom your committee is investigating. . . Walter Winchell, New York—The Hooper survey people are laying off some of their operators. What is this going to do to your rating? . . . Grover Whalen, Delray, Fla.—Gov. Fuller Warren of Florida once joined the Ku Klux Klan, but he was wise enough to recognize his error and get out almost immediately, and big enough to admit recently that he made a mistake. . . . E. A. Stephens, New Orleans—It was a definite fact that the Key West pictures made of the President from a Navy blimp were ok'd in advance both by the Navy and one of the President's top secretaries, William Hassett. Later, another presidential secretary, Charlie Ross, reversed Hassett and the Navy. . . Arthur Goldberg, counsel for the CIO, Washington, D. C.—Senator Taft has agreed to more than 20 changes in the Taft-Hartley act. They have been worked out privately by Republican members of the Senate labor committee.

• • •

Merry-Go-Round

The French are dead set against letting Field Marshal Montgomery continue as military commander under the North Atlantic pact. He is too dictatorial, too temperamental and too much a prima donna. Only Eisenhower could get along with him during the war. So the French urge that an American general take over, and they would not be averse to Gen. Al Wedemeyer, chief of American war plans. . . The National Association of Real Estate boards raised $37,853 for its lobby against the rent-control bill. The lobby likes to claim that the big landlords aren't their main supporters, but one-fourth of this kitty came from only 50 big realtor groups. . . Maj. Gen. Alden Waitt, a good Chemical corps commander, is a passionate devotee of cleanliness. He has been hounding the Army to install a new bathroom, shower and kitchenette in his headquarters, and has now finally got them—with air conditioning and soundproofing to boot. . . If the U.S.A. could collect all the money the Dutch rubber cartel squeezed out of us in exhorbitant prices charged before Pearl Harbor, this would finance our ECA aid to Holland (which the State department insists on) ten times over.

There must always be capitalism. There is always a need to borrow a few dollars from the fellow who can spare it until pay day.

BY WALTER WINCHELL

Three Songwriters Get Fame Except For One Sour Switch

BROADWAY Heartbeat—Faces About Town: Mrs. Babe Ruth and polo-player Nelson Waterbury (a hansome coupe) in a horse-drawn kerridge along Central Park South . . . FDR, jr., exiting from the new Sherbrooke (on Park Ave.) at a quarter past lunch . . . Playwright Arthur Biller (B'way's next millionaire) taking the dime subway home to B'klyn . . . Italian cinema director Roberto Rossellini, who is hep to a dozen lingos, trying to unravel the horse talk in front of Lindy's . . . The Maharajah of Kutch (who hasn't yet savvied our small change) handing out paper money tips at the Bagatelle . . . Lili Pons and Andre Kostelanetz at Le Miriliton, where their courtship started at Table 30 during a dinner part . . . Gene Austin, reported lost at sea on his yacht 20 years ago, at the Warwick Raleigh Rm. His "My Blue Heaven" platter held the record in the pre-Bing era.

WINCHELL

• • •

Sallies In Our Alley: Ted Lewis tells of the burglar who reported to his chief that he just robbed the office of a Broadway booking agent . . . "Okay, stupid," was the retort. "How much didja lose?" . . . When Louis Johnson became the new Secy. of Defense, Harvey Stone wired him: "Don't Drop That Gun, Louie!"

• • •

BROADWAY Nightmare: Three songwriters named Guy Wood, Eddie Seiler and S. Marcus gave four years trying to get their song recorded by any of the firms. The title of it is: "Don't Lie to Me. I May Believe You" . . . But none of the disc outfits would listen to it . . . The other day they hit the juke-pot! . . . Vaughan Monroe, the hottest name in platters, agreed to do it for Victor . . . It was released last week . . . Fame at last! . . . Except for one small sour switch . . . The printer who made the labels—omitted their names!

• • •

Bigtown Vignette: It was at the Federal Detention pen the day they arrested that Russian and the girl charged with pilfering papers from the Dept. of Justice, where she is employed . . . Soviet attaches from the Russian Embassy demanded admission to confer with the chap . . . The jailers gave them their best blank look and shrugged: "No speak Russian" . . . The visitors finally gave up and left . . . The fact is one jailer can speak it. He told G-Man Hoover: "I was just paying them back for Vishinsky, who kept saying 'No speak English' at the U. N. when he was asked questions."

• • •

MEMOS of a Midnighter: Met thrush Ljuba Welitsch (the new rage at the opera) and the long-hair disc jockey for the N. Y. Times radio station are On Fire . . . That duo of hand-holders at Tavern-on-the-Green are Rudy Vallee and the ex-Mrs. J. Wylie, jr. . . . Bob Sterling (of the films) and Mary Malone of "Goodbye, My Francy" are simmering . . . Robert Mouvet (the Belgian socialite) and ranking tennistar Barbara Scofield are love-setting . . . Anne Jeffreys and John Springer are closer than Spring . . . The ushers at the Garden report that tips have dropped 50% . . . Ben Brauer and Ruth Ford are using the same stopwatch . . . His intimates assure you that Clark Gable's many reported romances are froth—that his last love was Carole Lombard . . . Martin & Lewis start or NBC on the 6:30 Sunday spot in April . . . The London romance between Katherine Dunham and David Astor is done.

New Yorkers You Never Have Heard About: The red cap at Track 13 at the Grand Central Station, who is a preacher on Sabbaths . . . The Lavendar Lady (between 5th and Madison) who vends sweet-scented lavendar day and night. Her orbs are always tear-drenched . . . "The Bet 'em Brothers" — two guys who've memorized the World Almanac and the Encyclopedias. They haunt the bars and win wagers they can answer "anything" . . . The latest on the all-night kerricter-beat. A mooney-eyed minstrel in polo shirt and slacks, no matter the weather . . . Betty Grabel," a stock boy for a music publisher. Has more photos of Betty and her studio.

• • •

TIMES SQ. SMALLTALK: Music circles hear that the San Francisco Opera is negotiating with Flagstad . . . The new People's Industrial Bank at 6th and 30th is a handsome addition to the Big-town scenery . . . Benny Rubin discovered how Eddie Cantor keeps his hair so black and has copied the trick . . . "Death of a Salesman" tickets go into November . . . Josephine Baker fans report that she is again the toast of Paree, where a new type of lighting makes her decades younger . . . Show Biz Is Like This: The "Day Dreamers" (a quartet) went to Canada for a two-week date, where they were signed for a 26-week run by the top Canadian network . . . Several Pyramid Clubs around the nation sent the loot to the Runyon Fund!

• • •

Manhattan Murals: The swishy panhandler at 50th and Broadway, who waves a tattered silk scarf and coos "Ta-ta, now!" to all who bestow alms . . . The new look in the Penny Arcades—free television . . . "Pattie Longpants," the Greenwich Village night club singer, who claims she never wore a dress in her life . . . The Bowerey hockshop which rents out medals for parades, etc. . . . The Park Avenue dowager who still sports a MacArthur-for-President button . . . The drugstore on W. 48th, which calls its nut sundae "Snakepit" . . . The Artists' Supply Shop on 8th and 45th by the name of Irving Berlin, Inc., not the famed one . . . The West St. Garage which has a farm on the roof: chickens, pigs, etc.

"What's Up, Doc?"

BY ROBERT C. RUARK

Musk-Juice Industry Strikes New, Wondrous Coup--It Says

NEW YORK, March 25—For a couple of years now I had abandoned the perfume business as a dry hole. open to more comment, susceptible to no extra octane, sterile to added braggadocio on the devilish potency of the special whiff. I was real wrong.

RUARK

A new and wondrous coup has been struck, it says here in this advertisement, by the musk-juice industry. Perfume has done what Mr. Truman couldn't do, what the United Nations hasn't accomplished, what all the economists and global planners and soul-probers and international voodoo doctors have failed to effect. Perfume will let you dream again.

Under a beautiful three-color cut of a sheik, sweeping a bosomy houri to the saddle of a plunging Arab charger—oh, shoot the Valentino to me, Achmet, boy—is one of the most impelling headlines of the year. It says:

"Because of this completely new perfume, you dare to dream again!"

• • •

All That Was Needed

That was all I needed. Dropping the Hoover report and the hottest dope on the Atlantic pact, I read:

"Sometime ago, the declining beauty of perfumes became the topic of concern in circles where loveliness was made. They said it was the fault of the times; that this disenchanted world had stolen the stardust even from dreams.

"Would there never agin be a perfume like the fabled masterpieces of old? A scent that could carry the elusive spirit that dreams are made of . . . renew belief in the never-never land that lies half-forgotten in the hearts of women?

"Dana (the manufacturer) knew a secret. Only one place on earth could produce such a fragrance . . . so he traveled to the fabulous courts of the Persian Emirs.

"Dana knew that here, amid untold luxury, the most coveted gift of all was a vial of fragrance so precious it bore the prince's name . . . Emir. There were those who vowed this perfume did magic things . . ."

• • •

WELL, sir, it did magic things to me. I just had to pause and gasp for breath. Heavens only knows what devious intrigues Dana has been up to, how many eunuchs bribed, how many oil contracts awarded, how many stabbings and screams in the night—but the point is he's got it.

"You can almost believe," it says, "as you wear the Emir's perfume, that night, anything can happen . . . would you like a two-evening vial with our compliments?"

Buster, send me a quart. The kind of dreams I been having lately, I am going to steep myself in the stuff, and I don't care what the other fellows say. The fact that I ain't a lady is beside the point. I am sick of them nightmares, and women got no corner on dreams.

• • •

Like Barbershop

Smelling like a bombed barbershop, I aim to sink into the sack and close my eyes. I want no visions of atom bombs and surtaxes in my pretty head. I want to dream that I am a sultan—nuts to this Emir stuff—surrounded by a squad of Betty Grables and a case of date juice. Rich princes from afar have brought me presents of money, for which I give them nothing but drilling rights for lousy old oil I wouldn't mix in my slaves' shaving lotion.

We will not harass this subconscious with any tax bills, housing bills, cold wars, hot wars, airlifts, Russian spies, sales taxes, oleomargarine wars, ulcered stomachs, labor relations, radio battles, politics, armed force squabbles or filibusters. Step forth, oh gazelle of Sahara. You may, if you are a good girl, kiss the master's foot.

Just offknock the Chinese situation, mission. Command the grand vizar to smash the television set, and tell Aladdin to crawl back in his box. Stir a stump, woman, and fetch the lord of the universe another gill of Emir from what ails him. It tastes awful, but it sure does fire up the imagination.

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

BACHERLORHOOD is becoming increasingly popular with American men. According to figures of the National Institute for Human Relations of New York there are 10 to 12 per cent more bachelors in the United States than there were five years ago.

Dr. James F. Bender, founder of the Institute suggests the reason for this that the timid type of man is frightened by the dominant type of career woman, determined to make her own way in a man's world.

MILLETT

Well, maybe—but what about the dominant type of little woman in the home?

It should be enough to frighten any unattached man to catch such candid glimpses of the domesticated male as these.

Young men in the backyards of small cottages dutifully hanging flapping diapers in neat rows on clothes lines.

Young husband in the five-to-six o'clock grocery line, checking their lists to make sure they are not only bringing home the bacon for breakfast, but the meat for the evening meal as well.

GRANDPA WOULD BE AMAZED

YOUNG men toting laundry bags stuffed with dirty clothes into wash-it-yourself stations, shoving the clothes into automatic washers and, while they wait, reading the comic strip versions of the hen-pecked husband.

Young men pushing baby carriages. And young men hard at work in their front yards, because the competition between housewives now includes the yard as well as the house. When wives compete with their peonies as well as their pies, husbands get their outdoor exercise gardening instead of playing golf.

And what happens when the eligible bachelor is invited to dinner at the home of a married friend? Well, it's not unusual for the husband to don a big apron and proceed to cook the meal on an out-of-doors grill, while his charming wife relaxes in a lawn chair.

No wonder the bachelors are becoming cagey. Those aren't very enticing pictures of marriage to a man who is still his own boss.

Today's Thought

And he spake many things unto them in parables, saying, Behold, a sower went forth to sow.—Matthew 13:3.

• • •

The law of harvest is to reap more than you sow. Sow an act, and you reap a habit; sow a habit, and you reap a character; sow a character and you reap a destiny —G. D. Boardman.

By Bennett Cerf

"Try And Stop Me"

A YOUNG graduate of Cornell married a lovely Vassar girl, and confided to his older brother, "There's only one tiny thing marring my happiness. I simply don't know how to address Margaret's mother. You don't go around saying 'Good morning, mother-in-law' or 'pass the gravy, mother-in-law' do you?

"And I can't call her mother," because I feel that somehow wouldn't be fair to the memory of our own mother. How did you get around this when you married Ethel?"

"Simplest thing in the world," his older brother confided. "The first year I addressed Ethel's mother as 'hey.' After that we called her 'grandma'."

• • •

HAVE you heard about the gullible collector who paid a fortune for an ancient Egyptian coin? In fact, it was so ancient, he boasted that the date, clearly decipherable, read "169 B. C."

(Copyright, 1949, Bennett Cerf.)

Journal Jabs

There is some pleasure, in just being the average man. He doesn't hesitate to say something for fear his grammar isn't correct.

• • •

The only thing about dropping a habit is that the darn thing usually rebounds.

• • •

A man has reached middle age when he hopes that it will not take long for him to get adjusted to his bifocals.

Today's Journal Editorial

START THE NEW COURTHOUSE

Many residents of Lubbock county long have shared the impatience voiced by members of the County Commissioners' court the other day because of delays in getting something done about the new courthouse for which bonds were voted nearly four years ago.

The need for facilities far more adequate than those provided in the present antiquated structure—built more than 30 years ago when Lubbock was a village and the county sparsely populated—is too obvious for argument. And it does seem like some definite progress should have been made toward completing a project authorized by popular vote of the people of Lubbock county in 1946.

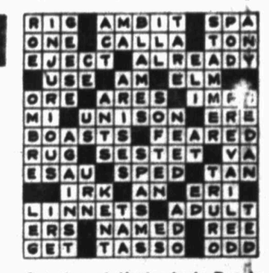

We agree the time is overdue to apply whatever pressure is necessary to get something started. And no one is in position to apply official pressure except the County Commissioners' court.

Laff-A-Day

"Don't get excited! You're going to get all that's coming to you."

TO THE BUILDERS OR INVESTORS
We have a tract of land adjoining College Heights on the west, and facing 300 ft. on paved 34th St. running back over 700 ft. south to 36th St. with streets on three sides of it. This tract of land will cut 18 resident lots 50x131 ft. Also 6 business lots facing 34th St. This is a very desirable tract of land and suitable for most any kind of business. We will give someone that is able to buy this property a chance to make some money. Investigate.

Central-West Andrews County Wildcat Operations To Start

Operations are to start in a few days at a 12,000-foot wildcat to explore into the Ellenburger in Central-West Andrews county, in the region between the Dollarhide and the Nelson fields.

The prospector will be George P. Livermore, Inc., and Deeprock Oil Corporation No. 1 A. Mayhew, et al. It will be drilled with Livermore rotary tools, and that concern will have the operation. Livermore and Deeprock each own one-half of the working interest in the development.

The drillsite is to be at the center of the northwest quarter of the southwest quarter of section 20, block A-51, psl survey. That makes it six miles north of the nearest completed Ellenburger producers in the Dollarhide field, and approximately five miles south and slightly east of the Nelson field.

The prospector is on a block of 1,280 acres which was assembled by Wright & McMillen of Midland. That concern shot the block with seismograph and did the geological work on the spread.

Wright & McMillen turned the deal to Livermore and Deeprock to drill and retained an interest in all the acreage involved.

The project has been rumored for several weeks. The area in which it is located is "hot" from the standpoint of indicated possibilities of production being developed from the Ellenburger. Those prospects are of course based on the assumption that there is a structure in the region.

The area adjacent to the Mayhew block is fairly well cut up among a large number of companies and independent operators.

Dry hole contributions toward the drilling of the wildcat have been made by Humble Oil & Refining company, Sinclair Prairie Oil company, Skelly Oil company and Bankline Oil company.

Acreage contributions have been made by Union Oil company of California, Argo Oil corporation, R. A. Bristol and F. A. Andrews. Southland Royalty company owns extensive mineral interests in the region.

Attempts to develop commercial Ellenburger production were still being made at Humble No. 1-B Moore, possible discovery from that formation in northwest Scurry county, 10 miles northwest of Snyder and 1,880 feet from north, 1,980 feet from east lines of section 492, block 97, H&TC survey.

Perforations at 8,200-40 feet, opposite the prospective Ellenburger pay, were washed with 500 gallons of mud acid. During the eight hours following, the well made two heads of oil. The first was for three barrels and the second for seven barrels.

There was no water. Operator was to inject a regular acid treatment on the perforated section late Thursday.

Logs Broken Lime

J. C. Barnes No. 1 Lawlies, central-west Andrews county wildcat to 12,000 feet to explore into the Ellenburger, 14 miles west of the town of Andrews, and at the center of the northwest quarter of the northeast quarter of section 22, block A-47, psl survey logged some broken lime section with indications of porosity and oil stains between 7,355-99 feet.

Operator is now taking a drillstem test to check the value of the shows.

This venture entered the Tubb zone of the Permian high to a nearby dry hole which had indications of oil in both the Clear Fork and in the Ellenburger.

Sulphur Water Develops

Sulphur water developed from the Devonian in the north Russell area of northwest Gaines county for Argo Oil corporation No. 1-C Jones, one and three-quarter miles northwest outpost to the same company's No. 1-N Jones, discovery from the Devonian to open the pool.

A two-hour drillstem test in the Devonian at 11,396-420 feet recovered water blanket and 25 stands of sulphur water. The venture has been temporarily abandoned.

It is 660 feet from south and west lines of the north three-quarters of section 32, block AX, psl survey.

Approximately one miles west and one-half miles south of the pay opener, Argo No. 1-B Jones, 465 feet from south and west lines of the north half of the south half of section 31, block AX, psl survey, was drilling ahead from 10,986 feet in Mississippian lime and chert. It is to continue to the Devonian.

Swabbing To Clean

Kewanee Oil & Gas company was swabbing to clean out and test after acid at its No. 1-C University, extension to the Shafter Lake-Devonian pool of north-central Andrews county.

Following injection of 9,500 gallons of acid in four stages, operator was swabbing 115 to 20 barrels of oil per hour, with no water, from Devonian perforations at 9,821-27 feet, 9,832-44 feet, 9,845-57 feet, 9,873-9,903 feet and 9,913-37 feet. Preparations were being made to re-acidize at 9,821-57 feet in an attempt to increase gas volume and make the well kick off and flow.

Location is 660 feet from south and west lines of the southeast quarter of section 12, block 13, University survey.

Making More Hole

Magnolia Petroleum Company No. 1 Flanagan, outpost to the discovery well for Ellenburger production at Shell Oil company, Inc., No. 1 Hawkins, in south-central Gaines county, had reached 7,082 fet in lower Permian lime, and was making more hole.

It is 1,980 feet from north and 660 feet from west lines of section 9, block A-23, psl survey. Some signs of porosity and oil stain have been logged in the current formation.

George P. Livermore, Inc., No. 1 Head, another stepout from the Shell discovery, and 631 feet from north and 610 feet from west lines of section 12, block A-23, psl survey, had progressed below 7,000 fet in lower Permian lime and dolomite, and was continuing to bore.

Health Law

(Continued From Page One)

on first reading, including Mayor Rodgers and Commissioners W. B. Price, John Spikes, E. K. Hufstedler, jr., and Whiteside.

"But I would like to know how Lubbock people generally feel about the proposition before casting a final vote," Hufstedler commented.

Quarantine Ordinance Okayed

Other members of the commission and City Manager Steve Matthews concurred in Hufstedler's attitude. They pointed out that ample opportunity will be given for such expressions because the ordinance won't be considered for final action for three weeks.

The commission also approved unanimously on first reading another ordinance recommended by Jarvis. It givs the health department authority to enforce the quarantine for observation of dogs and other animals suspected of having rabies, or being exposed to rabies.

Contract for the construction of a major sewer main in south and southwest Lubbock was awarded to R. H. Fulton, of Lubbock, whose bid of $216,253.40 was the lowest of seven submitted. Bidding was exceedingly close. The second lowest proposal was $217,185 by Joe Bland Construction Co. of Dallas.

Pumper Is Ordered

The project will involve the laying of water mains ranging from 30 inches to 16 inches in diameter from Twenty-third to Thirty-fourth streets on Avenue P and to Tyler avenue on Thirty-fourth.

A Mack pumper costing $15,625 was ordered for the fire department on the recommendation of Fire Chief W. E. Twitty. Bids were opened several weeks ago. It will throw 750-gallons of water per minute.

The commission authorized a new call for bids, to be opened April 14, to supply the city with electric light bulbs during the next year. Members of the commission shared the opinion that proposals received Thursday were not sufficiently representative of those who might want this business, which amounts to about $5,000 a year.

The commission likewise approved in written detail a policy outlined two weeks ago by Manager Matthews under which city limits can be extended to include developing areas, with the provision for them of water and sewage services.

The details of the agreement which would be required between the city and developers of projects are obtainable from City Engineer R. L. Oldham.

Briefly, it requires developers to pay for their own water and sewage line installations, with the city reimbursing them for their expense over a period of years without interest after the project is brought inside the city limits.

Bonds To Be Sold

Utilities will not be provided for developed areas which remain outside the city. It is part of the commission's declared policy that it won't help provide city conveniences for those who deliberately try to avoid paying a fair share of city taxes.

Bids for the sale of $2,474,000 in outstanding bonds were set for opening April 28. They include $2,300,000 of an electric revenue bond issue voted in 1947 and those approved for various other purposes in 1945. The money will be used almost in entirety to pay for improvements now in various stages of planning or construction, including water, sewage, electric and other expansions and extensions.

Parking meters were ordered installed on the west side of Avenue H between Ninth and Tenth street. Business men there requested them.

Population

(Continued From Page One)

couldn't tell them. So the subject was dropped until he drove through Laredo recently and saw a sign, "Laredo, pop. 60,000."

"What the heck?" he wanted to know as quick as he could get to a telephone to call Austin. "You've done us wrong."

"Didn't you know; you're responsible for the whole thing," came the reply. It seems that someone wrote a letter—or planned to write a letter—to Davis.

It contained, or was supposed to contain, the explanation that rules had been changed. Population estimates can be placed on city name signs, provided the official governing body of the city approves the figure.

That's why name signs here soon will be made to read, "Lubbock, pop. 63,059."

This, of course, is the population estimate inside the city limits.

Including suburbs, it is more than 75,000.

Horned toads eat ants and other insects, catching them with a darting tongue.

New Industries

(Continued From Page One)

an assembly plant employing 300 persons initially. If the deal jells, one of the conditions will be the immediate availability of 20,000 square feet of assembly space, with room for expansion to 100,000 feet in five years.

A plant to produce 10 planes daily at the start retailing at $2,950 was mentioned. The planes would be in the four-place classification.

4. Colby's announcement that the Civil Aeronautics administration has most of the equipment on the ground for the installation of a $160,000 instrument landing station at Municipal airport. The facility apparently has been assured, he said, by the city commission's approval of sites for the installations. At present, Colby continued, a ceiling of 600 feet and visibility of one mile are considered necessary to a safe landing here. With the new equipment, he said, a 200-foot ceiling with half-mile visibility will be adequate.

5. The announcement of joint efforts by the city and chamber of commerce to attract the main offices of Pioneer Air Lines to Lubbock, if they are forced to move from Houston by the sudden termination of leases there. Probabilities appeared to be that Houston won't let the offices get away from that city, and Pioneer officials said they would prefer to remain there. But, if they are moved, Lubbock has a good chance of getting them, plus 300 families of employes and a pay roll of about $1,250,000 a year. The chamber of commerce gave assurance that arrangements will be made for the housing of the families if the headquarters should be located here. However, Dallas and Abilene are hot after the offices too, if they are moved.

6. The recent share-crop contract signed with Ernest Exum who is to farm the land between runways at Municipal airport. Some of the possibilities of this arrangement as a source of revenue became apparent from an analysis Thursday.

Surveys show, Colby said, that 663 acres are available for cultivation. It has been fallow for many years, and is exceedingly rich soil. It will be irrigated. All of it is to be planted in cotton this year. The average production of cotton from irrigated land on the South Plains area over a 10-year period has approximated 1.1 bales per acre. Allowing a bale to the acre at $200 a bale—both conservative figures on the basis of present prospects—and a pick up for the city of $30,000 to $40,000 from this year becomes a reasonable possibility. In such case Exum wouldn't do so bad for himself either.

The important point deduced by city and chamber officials from these various facts and possibilities is just this:

If all materialize, they will barely scratch the surface of the asset that the SPAAF site promises to become for Lubbock.

The site includes about 1,500 acres of land—rich land, susceptible to irrigation.

The Municipal airport occupies 640 acres—and most of the land to be farmed by Exum is between the runways on the airport.

There's more than a square mile of area in addition available for industrial or other development. There are scores of buildings of many kinds, acquired by the city as war surplus from SPAAF, which are adaptable to many uses. Railroad trackage goes into the field. Paved highways surround it. The area adjoins one of the most modern airports in the South west.

And the chamber of commerce has been getting many inquiries from a wide variety of interests—a compress, a large fresh vegetable packing concern, assembly plant and factory operators of several kinds, which are interested in sites.

There's plenty of land surrounding the entire field—if not on the field—for residence developments, where employes of enterprises on the field would be convenient to their work. The elevation is high, where homes would catch the breezes of summer. The soil is rich for gardens and landscaping. The areas are close to water.

The consensus of city and chamber officials is not one of doubt as to whether the whole SPAAF tract will be put to profitable and beneficial use.

They already are wondering whether they have enough land for a highly select demand. They know they haven't enough buildings for probable needs, but this doesn't worry them because they can be built.

Latin America Seeks Contacts With Spain

RIO DE JANEIRO, Brazil, Mar. 25. (AP)—Latin American nations will propose at the forthcoming United Nations general assembly meeting that full diplomatic relation with Spain be restored, an authoritative foreign ministry source said today.

The source said that Brazil would not take the initiative but would join the movement for repail of the 1946 UN resolution which called for the withdrawal of the heads of diplomatic missions.

Dedication

(Continued From Page One)

Mrs. Overton to the assembled group. Other members of the Overton family present were two daughters, Mrs. Watson Carlock and Mrs. M. T. West, and a grandson, Bill Overton, pre-medical student at Texas Tech.

Glenn Woody, representative of the school board, dedicated the building to Dr. Overton, after which he spoke briefly regarding the building program of the local school system. The prayer of dedication was offered by Dr. J. M. Lewis, pastor of First Presbyterian church.

A musical program, directed by Miss Margaret Byrd, member of the school faculty, was given by fifth and sixth grade students of the school. Hill introduced faculty members and P-TA officers.

Dr. Young Is Speaker

At the ceremony at P. F. Brown school, at which Mrs. Ruth Carter, principal, was in charge, Dr. M. Norvel Young, minister of Broadway Church of Christ, gave the dedicatory address.

Dr. Young pointed out that the late Pettus Franklin Brown, who died last October 16, was the first public school teacher in Lubbock county, and the first county school superintendent. He was in addition, one of the first judges of the county.

Mrs. J. T. Steele of Lubbock, daughter of Mr. Brown, gave a response to Dr. Young's talk and G. C. Dowell, member of the board of trustees of the Lubbock Independent School district, also spoke briefly.

Ishmael Hill, assistant superintendent of schools here, and E. J. Parsons, a board member, were guests at the ceremony. Members of the Brown family attending the ceremony were Mrs. P. F. Brown; a son, J. H. Brown of Clovis; four daughters in addition to Mrs. Steele, including Mrs. C. H. Robbins of Lubbock, Mrs. Marvin Ward of Idalou, Mrs. Ray Maberry and Mrs. Reggie Petty, both of Clovis, N. M.; and three grandchildren, James Steele and Marie and George Ward.

Following the dedicatory service at each of the four schools, patrons made inspection tours of the buildings. Crowds estimated at between 400 and 500 attended the programs at P. F. Brown and Hutchinson schools, while approximately 600 were present both at Overton and Slaton school ceremonies.
