

Sue's Views

By Sue Cannon

Wow, wasn't Monday a blast?

Did you ever see one day bring so many different kinds of weather?

First the dirt and wind, then storm warnings, rain, hail and terribly high winds in places and then sunshine and of course, blowing dust had the last say.

But then came Thursday and glorious moisture.

I'm not a farmer, but I doubt if there were many farmers that were unhappy about the rains. It was great!

Wonder how our English doctor and wife liked that weather. I'm sure they'd been told "if you don't like the weather, stay a little while, it'll change".....but THAT MUCH???

Do you realize that Dr. and Mrs. Kirkpatrick and Andrew have been with us for one full year? As of April 8. I hope they have learned to love us as much as we have learned to love them.

And we hope they'll be with us many, many, many more years to come.

A reminder in this issue to farmers about the weather modification program..... seems it either sink or swim, come Monday night...only it would be better phrased "pay up or take a chance of getting hailed out".

Say, have you been keeping up with the kids at school that are participating in track? They are really making a name for themselves this year. Remember, they go to regional next weekend, so if you can get away, go and support them.

Have you noticed Street gutters clean out? Highway 70 lake burned off? Main Street windows cleaned off (Go Mustangs! All The Way To State) finally?

Just keep watching! This town is fixing to get really cleaned up! I just feel it in my bones!

And the new buildings... two new homes over close to the post office and the bank is expanding its facilities. The merchants are planning dollar days for the next few months and several special promotions during the next few months also, such as Moonlight Sales, fishing contest and maybe some Saturday afternoon movies for the kids while Mom goes shopping for some of the bargains the downtown merchants are offering.

Isn't Olton a wonderful place to live?

Did you know that one of the 21 old houses condemned by city fathers Tuesday night is the old landmark two story stone house on main street that once housed a dentist office?

This old house has a lot of history behind it and we know that in its present condition that it can't stand, but how about an effort being made by the entire community to restore it and create a museum. I think there are enough people interested in seeing it restored that we could get the funds to do it with, regardless of what the cost is.....How about it, any suggestions?

Two Councilmen Face New Election

A large write-in vote for Tom Sluder in the recent city election resulted in a tie vote between Sluder and Larry Garvin, announced candidate.

Due to the tie, a special election has been called for Saturday, May 3 to determine which of the men will fill the vacant spot on the council.

Raymond Powers, incumbent,

was re-elected with a total of 155 votes for one of the two vacancies. Garvin and Sluder each garnered 136 votes.

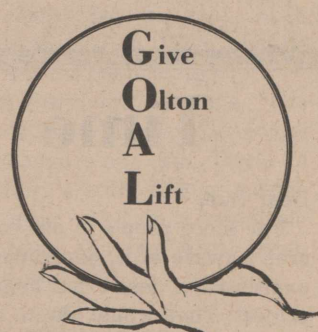

K.Y. Givens was voted into the mayor's office without opposition with a total of 316 votes. Outgoing mayor, Parley Myers received write-in votes and Russell Strain had one.

In the councilmen's race, other in the race were Johnny Jennings with 41; Daniel Rey, 88; and Stephen Smith, 67.

Because of some voters marking their ballots for three councilmen rather than two, 11 ballots were declared illegal. Fifteen other ballots were also declared illegal by election

officials on the advice of an attorney. The 15 ballots, showing a write-in for Raymond Powers as mayor, also were marked a vote for Powers as councilman, thereby disqualifying the ballot.

A total of 347 ballots were marked, including absentee and the illegal ballots. Write-in votes totaled 140.

Bake Sale Set Saturday

A Bake Sale, Saturday Apr. 12, has been planned to benefit the newly formed Rodeo Club.

Tables of home made treats for sale will be set in each of the grocery stores and in the Mini Mall.

3 School Board Officials Named

Voters went to the polls last Saturday to name three new members to the board of trustees of local schools. Terms of Uil Gunter, Royce Collins and Elmo Bryant expired this year.

Named to the vacant posts were Doug Goen with 230 votes; Jim Brown, 204; and Leslie Kennedy, 191. Other candidates and votes received were Johnny Hodges, 159; Don Franks, 148; Dewey Hukill, 140; and Mrs. Glenda Daughtrey, 139.

Royce Collins received 41 write-in votes.

The new board members will take oath of office at the Monday night scheduled board meeting.

Hey! Dudes

A meeting to solidify plans for the proposed rodeo club will be held Thursday night the 17th of April at 8:00 p.m. at the New Agriculture building in Olton.

All interested persons young and old are urged to attend.

Seal Coating Approved; New Officials Take Office

Old business was taken care of at the regularly scheduled city council meeting before a new mayor and a re-elected city councilman were administered oath of office and new business taken up.

Old business consisted of opening bids on seal coat for approximately 32,000 square yards of paving or about 27 blocks.

The bid submitted by High Plains Pavers of Plainview was the low bid and was accepted by the council. They agreed to complete the job within 60 days at a cost of \$10,048.

Questioned about the cost of curb and gutter on new paving in the city, the city engineer told councilmen that the city of Vega had recently completed 13 blocks of paving, curbing and gutter at a cost of \$3.60 per foot for curb and gutter. He stated that a price break might be possible if as many as 25 blocks were considered for paving in Olton. Bids would have to be taken, however, to determine the price.

Following the canvassing of the votes, which were accepted by the council, Mayor Parley Myers was authorized to call a special election for May 3, due to a tie vote between two of the candidates, one a write-in.

Tom Sluder and Larry Garvin each received 136 votes. The election will be held to determine which of the men will be seated on the council. No write-ins or other candidates will be on the ballots.

Mayor Myers then acted

as official in the swearing in ceremonies of incumbent councilman, Raymond Powers and newly elected mayor, K.Y. Givens.

It was brought to the attention of councilmen that condemnation of 21 old houses inside city limits had been recommended by city appointed inspectors.

Councilmen were shown photos and given legal description of the units under consideration, along with estimated value of such units.

Upon examination of all information and photos, council voted unanimously to give authority to begin proceedings to condemn the houses. Owners of such houses will be given notice of condemnation and if repairs aren't begun within 120 days, they will be destroyed.

City secretary, Berniece Smith, reported the receiving of a revenue sharing check this week in the amount of \$8,740.

Mayor Givens asked the council to make a decision determining regulations on moving in homes into the city limits.

Council agreed that the National Building Code, which was adopted by the council as their building code a number of years ago, should be complied with before any buildings could be moved into the city.

In other action, discussion of a dump truck for use in city clean up was held. Mayor Givens told the councilmen that he had located a truck which could be purchased if they council

so desired. The old dump truck would be used partially in preparing the newly acquired truck to suit the needs of the city. Council agreed a truck was needed and asked the new mayor to look into the possibility of leasing or purchasing the truck.

Givens commented to the council that the old lake on Highway 70 had been burned off and trash on the site was being buried.

In final action, the council agreed to hire David Dalton for another 30 day period as night policeman.

NEW MAYOR takes oath of office from old mayor. K.Y. Givens was sworn in as mayor in ceremonies held Tuesday night during city council meeting.

Blood Drive Tuesday To Aid Ricky Lee

A blood drive on behalf of Ricky Lee, local young man who is seriously ill in a Houston hospital, has been scheduled for Tuesday, April 15 at the new agriculture building in Olton.

Sponsored by Olton Lions Club, the drive will be held from 8 to 11 a.m. Anyone 17 years of age or older may give blood, providing they meet specified requirements. Seventeen year olds must have parental permission, however.

Those donating blood during this drive will be eligible to receive transfusions either for themselves

or members of their immediate family in the event that blood is needed within the next six months.

A total of four donors every 15 minutes is the maximum rate for taking blood. Those persons wishing to donate blood Tuesday are asked to sign up at one of the grocery stores, Olton Grain CoOp, Olton State Bank or Hamill's Restaurant. They will then be contacted to set up an appointment for the donation.

Lee will receive credit for all blood donated on a one to one basis, a spokesman said.

Weather Modification Fate To Be Determined

Monies are needed by Monday, April 14 if the weather modification program protection is to be available for area farmers. "The decision will be made Monday night," a spokesman said this week, "if we are to be covered by the program this year."

Cost of the program for 1975, with protection to

begin May 1, is \$1 per cultivated acre. That is a slight increase over last year's cost but, as one farmer stated this week, "What's one more dollar when you've got a couple of hundred already invested? It's mighty cheap insurance, it seems to me."

Funds may be left at Olton State Bank.

Letters From Our Readers

Time To Get Involved

Dear Sue,

For those people in our community that aren't aware of it, our young people have expressed a desire for help on a special project. They would like to have an arena.

For years, parents in Olton have wanted something beneficial for their children to be involved in. Here's your chance, Olton! Our leaders of tomorrow need your help today.

The prospective plans are for a facility that would be a benefit to our community, not only this year but in years to come.

Their tentative goal is a Fourth of July performance that the whole community could be involved in.

They are in need of land, money, materials, time, labor and ideas. Anyone interested in donating to this worthy cause can contact Fred Long, T.C. Kennedy, Jim Walters or David Leathers. There will also be a bank account set up at the Olton State Bank.

144,000 - Who?

By Rex Boyles

A gal at O.H.S. asked about the 144,000 in Revelation. Who are the 144,000? What are the 144,000? Let's let the Bible answer that question. In Revelation 1:1 John says that an angel of God "signified" these things which he will write unto him. The word "signified" means "to show by signs". The book of Revelation then is one of signs, visions, and symbols. Therefore we as read the book, we are to understand that John uses figurative language. The book has a literal message, but the visions by themselves are not to be understood as literal. To arrive at the literal and intended lessons we must interpret the signs. The interpretation of the visions depends upon John's explanation and the rest of God's word, not upon our own "hocus pocus", for the signs were from God.

The first thing then that we learn about "144,000" is that it is not a literal

number. (The number does have a literal meaning, and its message was clear to the Jewish reader for number symbols were often used. We don't have space in this article to cover that study, but you might want to read Psalms 50 and take note of how the author uses the number "1000"). Seeing then that the vision of the 144,000 is a symbol, let's allow God through His word to interpret the sign in order to see the literal message. Look with me to Revelation 14:3-5. John sees the vision of the 144,000 and describes these in five ways: (1) they have been "purchased out of the earth"; (2) they are "virgins", "not defiled with women"; (3) they "follow the Lamb" wherever he goes; (4) they are the "first fruits unto God"; (5) they are "without blemish".

Now with an open Bible let's see what the Lord says about these 144,000. (1) Who has been "purchased out of the earth"? In Acts

20:28, Paul says, "...feed the church of the Lord which he purchased with his own blood." The Bible says that the "purchased" are the Church. (2) Who are those "virgins"? In 2 Corinthians 11:2, Paul writes to the church at Corinth, "...for I espoused you to one husband, that I might present you as a pure virgin to Christ." The Bible says that the "virgins" are the Church. (3) Who "follows the Lamb"? In 1 Peter 2:21, Peter is writing (1:1) to the "elect", which is the Church (Ephesians 1:1-4), and he says, "...Christ also suffered for your leaving you an example, that you should follow in his steps." The Bible says that those who follow the Lamb are the Church. (4) Who are the first fruits? James 1:18 says that those who are "brought forth by the word of truth," (Peter 1:22-23), "should be a kind of first fruits of his creatures." The Bible says that those first fruits are the church. (5) Who are they that are without blemish? Read what Paul says concerning the Church at Colossae, "...to present you holy and without blemish and unrepentable before him..." (Colossians 1:22-23). The Bible says that they who are "without blemish" are the Church.

Based upon the Lord's interpretation of the vision, we must conclude that "the 144,000" comprise the Church. Stay tuned. Next week we will study "the 144,000" in Revelation 7, those who have the "seal of the living God"....Rex

Everything But The Kitchen Sink

By Mozelle Trotter

It was a typographical error that evaded our proofing eye, that little comment in my last column which described how Indians were alleged to have once tortured their captives by "staking them out for the aunts." It was supposed to have been "ants" - sorry about that, aunts everywhere.

Ah, hah! I've had a letter from one of the TV networks. I had a gracious reply from CBS for my "praise of The Waltons". No letter yet, nor comment in that one, about my complaints, so maybe compliments register more quickly than gripes.

Hm-m-m, whatdida think of Monday's little weather effects? Was that what the Good Ole Days of the Dust Bowl were like? (I'm far too young to know!) Here we go again, too, with THAT season here - tornado time, you know. But, then, there're tornadoes any time now it seems. Anyway, it's the prevalent time.

It wasn't at all calming Monday to listen in on the Wireless and here them tell our neighbors to the east to take cover!

And what about those old hail storms. Next thing we know, the crops will be looking so pretty and promising (and so needed) and every cloud will bring on a few more ulcers and worries. And when Mr. Farmer gets hailed out, we all get hailed out. You'd better believe it!

Seems like we're kinda dragging our feet around here getting our part of the hail suppression funds together - I've been readin' the

papers where other folks have beat us to it.

And say, if you really want to know how it operates, the Plains Weather folks over at Plainview will let you "look over our shoulder". That's what one of their representatives told the Lions Club at Hart. (Gathering news at Hart entitles us to "Onery Lions" there and we were a part of a group extended that invitation. If you want to go - even though it's not OUR weather group, call me, I want to go too.)

Guest Speakers In LDS

Charles Carey of Hereford, missionary co-ordinator, Western Texas District, Reorganized Church of Jesus Christ of Latter Day Saints, directed a series of studies here Saturday. Theme of the meeting was "Building The Team for Out-Reach."

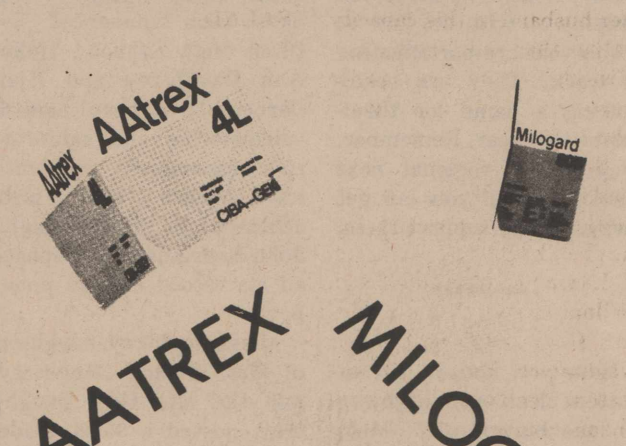

Conducting Sunday morning worship services were Douglas Church of Stanton, Kenney White, Clovis, N.M., Bill Steerman and Gary Hilly, both of Edmond, Okla.

TO BORGER

Mr. and Mrs. R.J. Turner went to Borger Wednesday to be with their daughter and family, Mr. and Mrs. Bob Boyd, Becky and Larry.

FROM LUBBOCK

Mr. and Mrs. Robert Ausbrooks of Lubbock visited Wednesday and Thursday with her parents, Mr. and Mrs. D.E. Eby. Mr. and Mrs. Ausbrook's daughter and family, Mrs. Vivian Forest, Karla, Charlotte and Kim of Lubbock were guests in the Eby home at that time.

MRS. ELTON WYATT

Cook Of The Week

Recipes shared this week by Mrs. Elton Wyatt include one for All Bran Bread, a tasty treat that's good any way you eat it, hot with butter, a slice after it's cold or toasted. The pie is also good cold or served warm with ice cream.

Wilma says the original recipe for the salad she shares calls for the six ounce size Jello but she has tried, and prefers, the larger nine ounce size.

The Wyatts came to Olton from Hale Center last June when Elton was appointed pastor of the First United Church. They have three daughters, two sons and 11 grandchildren.

Accompanying Elton on pastoral visits is something Wilma treasures. She prefers serving along side her husband in this capacity rather than teaching a class. Visiting in the hospitals is rewarding and not a "duty," she feels.

Sewing is another favored pastime and Wilma's pretty clothes reflect her expertise at that hobby.

Learning from a friend, Wilma enjoys making flowers from seeds of flowers, vegetables and seeds and has a pretty arrangement made up of some 90 different flowers.

Cooking is a housewife's task that Wilma loves but one in which she is now limited. Elton, one of the many persons who has hypoglycemia, can no longer eat many of the tasty treats which Wilma enjoyed preparing. She is learning new ways to prepare desserts that do not use the forbidden sugar.
