Atomic Bomb Will Be Used If Necessary Truman States; No Withdrawal From Korea

Veto Seen As Block To UN Korea Action

(By The Associated Press)

LAKE SUCCESS, Nov. 30. — A Russian veto today was expected to block Security Council action on Korea—and the western powers planned to indict the Chinese Communists within 24 hours in the UN General Assembly.

The assembly has scheduled a plenary session at Flushing Meadow tomorrow to consider several social items. It thus will be available to take up at once United States charges that the Chinese Communist aggression in Korea gravely threatens the world's peace.

WIDE POWESR

While the assembly can only recommend its powers in that direction are limitless. It could urge the 60-member governments to apply economic and diplomatic sanctions against Mao Tze-Tung's Peiping regime. It also could call on the members to rush more men and arms for Gen. Douglas MacArthur's hard-pressed United Nations forces in Korea.

Even if it avoided taking such firm steps at this stage of the crisis, the assembly still could record the majority's condemnation of the Chinese Communists. Chief American Delegate Warren R. Austin appeared to foreshadow such a condemnation yesterday when he told the Security Council the Chinese Reds have defied two-thirds of the world. He warned the Communists to take heed lest "all men's hands" be turned against them.

Austin issued this warning yesterday: "The United Nations will not submit to threats. The United Nations stands against aggression."

QUICK ACTION

Asking whether there will be peace or war in the Far East, he said: "The world waits anxiously for the answer." He called for prompt council action on the six-power resolution.

Yesterday's council meeting echoed with charges and countercharges. South Korea's Foreign Minister Ben. C. Limb said the conduct of the Chinese Reds was "insane, immoral and monstrous" and threatens mankind with a cataclysmic disaster.

Floats, Santa And Candy In Friday Parade

One of the biggest crowds ever to jam the downtown section is expected tomorrow afternoon to witness the Santa Claus parade which will officially open the Christmas season here.

A hundred tinsel wreaths will have been hung along principal business thoroughfares and four Christmas scenes will have been installed on the courthouse square before the parade begins at 4:30 tomorrow afternoon.

ON FIRE TRUCK

Due to the winter resort climate we're enjoying, Santa's traditional reindeer and sleigh will be replaced in the parade by a shining red fire engine. But he will circle above chimneys and house tops in his plane before the parade begins.

Thousands of children and their parents expected to throng the square tomorrow will be given candy by Snyder service club members and by St. Nick, too.

The high school band will lead off the long parade followed by Santa Claus and Christmas floats entered by service clubs and businesses of Snyder.

Some of the Christmas street decorations have already been placed and others will be put up by members of the Junior Chamber of Commerce, Rotary, Lions, and Kiwanis clubs.

ARRIVES BY AIR

At 3:45 o'clock tomorrow, before the parade begins, Santa will circle the town in his plane. Then he will land at Winston field and come to town aboard a fire truck to lead the parade.

The parade will form at 4 o'clock on the vacant lot across the street from the Methodist Church. It will proceed to the square at 4:30, circle the courthouse once, and return to the starting point where it will disband.

Area's Traffic Fatalities May Double 1949

An increase of 100 per cent in traffic fatalities in 1950 over 1949 in the 19-county area was predicted today by Capt. Harry Hutchinson, district highway patrol officer with headquarters at Abilene.

Hutchinson issued a grim warning to motorists during the approaching Yuletide season to drive carefully if they want to enjoy the days ahead.

So far there have been 129 persons killed in the 19-county district since Jan. 1, as compared to only about 70 for the year of 1949, said Hutchinson. This figure only includes rural areas.

About 35 per cent of those killed this year met death driving while intoxicated, he said.

Hutchinson pointed out that the peak for traffic fatalities is between the hours of 11 o'clock at night and 4 o'clock in the morning when motorists forget that others are on the road, too.

"The principal cause of traffic fatalities in my district can be laid to speeding and reckless driving," he said.

Car manufacturers are making better vehicles with faster speed and often drivers are prone to pass an approaching car at terrific speed, which results in an accident, Hutchinson said.

Train Nearly Derailed Here Was Troop Carrier

It was revealed today that the Santa Fe train that was nearly derailed at the east siding switch Sunday night was a troop train carrying members of the armed forces destined for Korea.

Some person or persons had placed pieces of scrap metal on the rails, which nearly caused a derailment, according to Homer Whisnand, deputy sheriff, who with E. A. Nelson of Slaton, Tex., special agent of the Santa Fe, are investigating the incident.

Spring Weather Greets City's Yule Decoration

Christmas decorations went up in Snyder yesterday, but the weather belied the season with a maximum of 69 degrees recorded. The minimum temperature, 31 degrees was above that recorded during the past several days, although the maximum was not quite as warm.

M. E. Stanfield Gains

The condition of M. E. Stanfield, superintendent of schools, was reported to be considerably improved today at the Hendrick Memorial Hospital, Abilene. An operation, at first believed necessary, has been postponed because of his improvement.

Scurry Well To Explore Strawn Zone

Operator is to start drilling immediately at V. A. Brill and others No. 1 Josephine Woodward 7,500-foot northeast outpost to the Early-Strawn field of North Central Scurry County.

The prospector is scheduled to drill to the B zone of the Strawn. Location is 467 feet from north and west lines of section 443, block 97, H&TC survey.

PLUGS BACK

Fred Manning was plugging back to test sections above the Ellenburger at his No. 1 Chester Jones, Northeast Howard County wildcat after developing salt water on a drillstem test of the Ellenburger at total depth of 8,453 feet.

Signs of commercial production were logged in the Spraberry, Canyon and Mississippian when those formations were drilled through.

Location of the No. 1 Jones is at the center of the southwest quarter of the northwest quarter of section 5, block 25, H&TC survey.

DAWSON WILDCAT

Standard Oil Co. of Texas No. 1 M. V. A. Smith, Central North Dawson County wildcat, flowed 87 barrels of oil with a trace of basic sediment but with no formation water in 17 hours, and is still flowing to test and complete as a discovery from the Spraberry sand.

The production is coming from open hole at 7,935-76 feet. That zone had been shot with 160 quarts of nitroglycerin.

This wildcat drilled to the Pennsylvanian and found only water in the zone. It then plugged back to 7,983 feet for the completion try in the Spraberry.

Location is 660 feet from north and 1,980 feet from east lines of section 34, block 41, psl survey. It is four miles southwest of O'Donnell.

MIDLAND WILDCAT

Ted Weiner of Fort Worth is to start operations at once at his No. 1-16 Driver, which is to be an 8,000-foot wildcat in Southeast Midland County.

New Church Group Is Formed

The public auditorium in Cleveland, above, was the scene of stirring pageantry and trumpet fanfare as the national Council of the Churches of Christ came into being. This is a general view of a portion of the ceremony that united the work of more than 31,000,000 communicant of 29 protestant and eastern orthodox churches.

Boy Found Chained to Box

Seven-year-old Eugene DeLeon shows Deputy Sheriff J. G. Watson how police found him sitting in a small box chained to a post of a lean-to at the rear of his home in Norwalk, Calif. Police said the chain was wrapped twice around his waist and padlocked to the post. Dep. D. L. Brinklely said the boy told him his mother, Mrs. Marjorie DeLeon, whom police cannot locate, chained him up. The boy was dirty and disheveled, but not hungry, police reported.

Acheson Speech Heralds Drive To Speed Greater Arms Plan

By JOHN M. HIGHTOWER
AP Staff

WASHINGTON, Nov. 30. — Secretary of State Acheson's declaration that the free world must "prepare for the worst" heralds an administration drive to speed an even greater arms program in both the U. S. and western Europe.

Officials said today that will be the government's initial response to the new global crisis created by Communist China's intervention in the Korean conflict.

The gravity of that crisis was pointed up by Acheson's warning to the nation and the world last night that "no one can guarantee that war will not come."

Linked to this immediate danger, Acheson pictured the free world as being under dark threat of Soviet military power with great capabilities for conquest and destruction."

WILL FIGHT

The intention of free men, he said, is to preserve their institutions by peaceful means but history has proved that "if we must, we will fight for them."

"We must hope and strive for the best while we prepare for the worst," he declared in a speech delivered from his office to the National Council of Churches of Christ meeting at Cleveland, and broadcast by radio and television. He had canceled plans to go to Cleveland because of the crisis.

ARMS SPEED UP

Acheson himself called for the arms speedup which appeared to be in the making. Declaring that the only test of defense preparations is whether they are adequate to meet the danger the free world faces, he said:

"So measured, the defense efforts of the United States and other free nations are inadequate.

"A greatly increased scale and tempo of effort is required on the part of all free nations to enable them to overcome this inadequacy at the earliest possible moment."

More Than 50 Bales Burn In Hermleigh Gin

Fire caused between $12,000 and $15,000 damage at the Planters Gin yard in Hermleigh early this morning according to Cass Shackelford, gin manager, who said the fire was discovered about 2 o'clock and brought under control shortly before daylight.

More than 50 bales of cotton were destroyed, Shackelford said, by the fire of undetermined origin, and several cotton trucks on the yard were endangered, as well as Shackelford's home, about 75 feet away from the fire.

The fire was brought under control about 5 o'clock this morning by Hermleigh volunteers and firemen from Roscoe and Snyder, both of which sent a truck to aid in the fight.

The night crew at the gin kept Shackelford's house and other property near the fire wet to avoid spread of the blazes.

It is expected the gin will be operating normally again by late this afternoon, Shackelford said.

Bench Will Decide Payments Due Mariner In Property Law Suit

A district court jury late yesterday returned a verdict in favor of J. H. Mariner against Mrs. Ruby Lee Graham of San Angelo.

The jury left the judgment to be determined by Judge A. S. Mauzey, who presided at the trial.

Mrs. Graham will not have to pay the $12,000 stipulated for the property she bought on Avenue O near Twenty-third Street, but approximately $7,500 in the opinion of her attorneys. She already has paid $5,000 as a down payment.

Value of the property at the time of the transaction, Dec. 30, 1949, will determine the court's judgment, it was pointed out.

Lull Falls Over Battlefields In Northwest Area

(By The Associated Press)

SEOUL, Nov. 30. — Eighty thousand Chinese Reds on a new offensive were reported attacking United Nations forces in Northeast Korea today. A curious lull fell on the frozen bloody battlefronts in the northwest.

Maj. Gen. Edward M. Arnold told war reporters six to 10 Chinese divisions "suddenly confronted" his 10th Corps forces in the northeast.

Lt. Gen. Walton H. Walker's Eighth Army in the northwest was similarly faced with 200,000 Red Chinese at the outset of the Communist offensive last week end.

SURROUNDED

American Marines and infantrymen around the Changjin Reservoir were surrounded in Almond's area. They were battling fiercely but the Marine supply route was cut. Intelligence officers said probably six of the divisions mentioned by Almond were in the forward attacking force. Some Red tanks were in use there.

In the northwest, AP Correspondent Hal Boyle reported after aerial observation that the last American troops protecting the bitter retreat of the U. S. Eighth Army across the icy Chongchon River pulled back safely through flaming Kunu.

American vehicles crunched over the frozen brown road westward toward Anju, coastal communications hub, to join other United Nations forces retreating to a new and sharply constricted line.

An Eighth Army spokesman said wintry quiet prevailed over most of the northwest front throughout Thursday. This was confirmed by Correspondent Boyle who — flying low over the front—could spot no Chinese movements.

The lull came after Americans, British and Turks checked Communist efforts to unhinge the right flank and pin the allies against the yellow seashore of West Korea.

MORE MEN

The spokesman said the Chinese continued to pour men and equipment toward UN forces but that little ground contact was reported.

Marine and carrier-based U. S. Navy fighters gave the doughboys and leathernecks close support. One flight of Marine Corsairs strafed Chinese dug in only 30 yards from the GIs.

Contrasting with this sharp fighting was the puzzling quiet in the northwest.

The Chinese may have paused because of over-extended supply lines from Red Manchuria, or to regroup their attacking hordes. Or perhaps some undercover diplomatic decision prompted the halt.

Labor Majority Cut To Four in Irish Election

BELFAST, Northern Ireland Nov. 30. (AP) — The British Labor Government's working majority in the House of Commons was cut to four last night in a by-election for the West Belfast seat.

A 23-year-old school teacher, T. V. Teevan, won for his Ulster Union Party—allied with the Conservatives, over Laborite Candidate John Beattie by a 31,796 to 30,883 vote. The election was made necessary by the disqualification of the Rev. J. G. McManaway under an old law against the seating of churchmen in commons.

Big Spring Boy's Steer May Cost Chicagoans $1 a Bite

CHICAGO, Nov. 30. (AP) — Meat that may cost a dollar a bite goes on sale today.

Big Spring Special, the choicest chunk of beef in North America, will be put up for auction at the International Livestock Exposition.

The 1,075-pound Texas Hereford was crowned grand champion steer Tuesday.

576 EDIBLE POUNDS

If the whitefaced animal brings the same price as last year's winner, his 19-year-old owner, Lloyd Robinson of Big Spring, will pocket a tidy $12,362.

A record price of $11.50 a pound was paid for the 1949 grand champion steer, another Texas raised Hereford.

Big Spring Special represents about 576 pounds in edible meat and fat. Nearly half the weight of a steer on the hoof is lost in dressing and boning.

Thus the choice filets and roasts that come from Big Spring Special could cost, at last year's sale figure, $1.35 an ounce—a man-sized bite.

New record prices were set the last two years of the exposition. The 1948 champ, an Aberdeen Angus, sold for $10.75 a pound.

SHORTHORNS SELL HIGH

The lowest price ever paid for a grand champion steer in the 50 years the exposition has run was the 18 cents a pound paid for the winner in 1909.

The reserve grand champion steer and carloads of cattle, sheep and swine also will be auctioned off today.

Cattlemen at the exposition say Big Spring Special is an exceptionally fine animal and may bring a new record high price in the bidding.

Record high prices were paid yesterday for 79 Shorthorn breeding cattle. They brought $97,145, an average of $1,230 a head, compared with $935 last year.

President Is Hopeful Weapon Will Not Be Needed to Win

White House Statement Scores Intervention Of Red Chinese. Blames Soviet Imperialism

WASHINGTON, Nov. 30. (AP) — President Truman declared today the United Nations forces will not back down in Korea, and that the atom bomb will be used if necessary to meet the military situation.

Mr. Truman's firm stand and mention of the most fearful weapon in the world's history came at a news conference filled to overflowing by 200 reporters.

The President said that whether the bomb was used was up to American military leaders in the field, but that personally he hoped it would not have to be employed.

This appeared on its face to mean the decision on dropping the bomb was one for Gen. Douglas MacArthur, but some two hours after the news conference the White House took pains to make it clear the final answer had not been left up to MacArthur.

CLARIFIED

A White House spokesman, who declined to be named, said Mr. Truman's remarks did not mean MacArthur himself can order use of the bomb. He noted that under the law all A-bombs are in custody of the atomic energy commission, and that only the President himself can order their use.

Mr. Truman was drawn into discussion of the A-bomb by questions from reporters after he had read a statement denouncing the Chinese Communist attacks on UN forces in Korea, attributed them to Soviet imperialism and announced that his country will speed up its mobilization of troops and armaments.

There were indications later that some of Mr. Truman's foreign policy advisers were unhappy that the President had chosen to comment on the subject of the A-bomb at this time.

In the course of its efforts to straighten out the impression, gained by many reporters, that MacArthur had A-bomb authority, the White House made available a stenographic transcript of the news conference exchanges.

TRANSCRIPT

Mr. Truman's remarks were put in indirect quotation, but these were the questions and the substance of his replies:

A reporter asked:

"Mr. President, will attacks in Manchuria depend on action in the United Nations?"

The President replied: Yes, entirely.

"In other words, if the United Nations resolution should authorize Gen. MacArthur to go further than he has, he will.

Mr. Truman said, we will take whatever steps are necessary to meet the military situation just as we always have.

"Will that include the atomic bomb?"

Mr. Truman said that includes every weapon that we have.

"Mr. Truman, you said 'every weapon that we have.' Does that mean there is active consideration of the use of the atomic bomb?"

The President replied: There has always been active consideration of its use. He said he didn't want to see it used, that it is a terrible weapon and it should not be used on innocent men, women and children who have nothing to do with this military aggression—that happens when it's used.

ASKED AGAIN

Mr. Truman was asked again if he had been understood correctly to say that the use of the atomic bomb is under active consideration.

He said it always has been, and added it's one of our weapons.

"Does that mean, Mr. President, use against military objectives or civilian. . .?"

The President interrupted to say that it is a matter that military people will have to decide. He said he was not a military authority that passes on those things.

"Mr. President, you said this depends on the United Nations action," another reporter followed up. "Does that mean that we would not use the atomic bomb except on United Nations authority?"

Mr. Truman said, no, it does not mean that at all. He went on to say the action against Communist China depends on the United Nations. He added that the military commander in the field will have charge of the use of the weapons as he always has.

The White House spokesman said later this meant the military commander in the field would decide on the target in the event an A-bomb was to be used, but that the decision on using the bomb was reserved to Mr. Truman.

DENOUNCES RED

As for sending United States and allied forces beyond the Manchurian border, the President said that would be decided by the UN.

Mr. Truman made these informal remarks after reading a formal statement denouncing in strong language the Chinese Communist aggression in Korea. He said the United States will meet the situation in three ways:

1. The U. S. will continue to work in the United Nations for "concerted action to halt this aggression in Korea."

2. It will intensify its efforts to help other free nations strengthen their defenses "to meet the threat of aggression elsewhere."

3. It will rapidly increase its own military strength.

The President said he will send to Congress in a few days a request for more money to increase the size and effectiveness of our armed forces.

BIG BOOSTS

He would not say what total would be asked but said it would include a substantial amount for the atomic energy program, in addition to large amounts for the Army, Navy, and Air Force.

He will confer with congressional leaders tomorrow and urge them to give prompt consideration to the new funds.

The President in his formal statement reiterated American policy to stand by its commitment to work for a peaceful world through the UN.

He said the battlefield situation now is uncertain and that American forces may suffer reverses as they have before.

"But," he emphasized, "the forces of the United Nations have no intention of abandoning their mission in Korea."

JUMPS GOP

The President, during the question and answer period, jumped on Republican Sens. Wherry, Bricker and McCarthy for accusing Secretary of State Acheson of trying to oust Gen. MacArthur as UN commander in Korea.

He said there is not one word of truth in the charge and added MacArthur has done a good job.

Showing considerable anger, Mr. Truman said he is going to bust loose one of these days on what he called all this foolishness involved in attacking government officials.

Asked about criticism of Gen. MacArthur in the European press, the President said this has been true also in the American press. Half smiling, he said these critics are always with MacArthur when things are going well, but against him when the situation reverses. Again, Mr. Truman said MacArthur has done a good job.

Korean War In Brief

(By The Associated Press)

FIGHTING front — Tens of thousands of additional Chinese Reds threaten U. S. First Marine and Seventh Infantry divisions on northeast front. Allied supply line cut in Changjin Reservoir sector. Strange lull settles on critical northwest front. Chinese probably regrouping for another punch. Eighth Army completes withdrawal across Chongchon River and builds new defense line along south bank.

DIPLOMATIC front — Russia expected to veto Security Council action on Korea. Western powers plan to indict Communist Chinese in veto-free assembly. Winston Churchill speaks in British house of commons in grimmest parliament debate since World War II.

Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Friday. No important temperature changes.

EAST TEXAS: Partly cloudy this afternoon, tonight and Friday. No important temperature changes. Moderate southerly winds on the coast.

Reclassification to Equalize Competition Among State Teams

AUSTIN, Nov. 30. (AP) — Two new divisions—Class AAAA and AAA—were created by the Texas Interscholastic League as it aimed at equalizing competition among high school football and basketball teams with a drastic reclassification of its membership.

Starting next football season, Class AAAA, AAA, AA and A will play to state championships. Class B and six-man football teams will play to regional titles. Class 4-A and 3-A may vote for a championship playoff between their respective state titlists.

Five basketball championships will be determined in a tournament at Austin. These will be for all the "A" divisions, plus Class B. Six-man football schools will compete in Class B in other sports.

CITY CONFERENCE OUT

The new set-up abolishes the City Conference — composed of schools in Texas' four big cities, Houston, Dallas, San Antonio and Fort Worth.

Under the new program, schools with 850 or more enrollment will be in Class 4-A. Class 3-A will be for schools with an enrollment of between 450 and 849. Class AA includes schools of 200 through 449 enrollment and Class B is for schools with enrollment of 114 and under which wish to play eleven-man football. Six-man grid schools will retain a top limit of 100 enrollment.

Schools with an enrollment of 750 to 849 can be voted into the 4-A division by unanimous vote of the qualified member schools. The same provision on proportionate scale is made for the other classes.

Under the reorganization announced yesterday after three hours of study by the Executive Committee of the Interscholastic League, many schools long known as high school football powers will not compete in the top division.

Included in this group are Temple, Lufkin, Kerrville and Breckenridge. All will be in 3-A.

In many, many instances, teams now in Class A will be in Class AA next year.

Various attempts have been made to reclassify Texas' expanding scholoboy football conferences since 1945, but no effective step was taken until yesterday, League Director Rodney Kidd said.

The City Conference, created in 1948 when Class AA became too crowded, has generally proven unpopular, Kidd declared.

An attempt to have the 4-A Division known as the "Metropolitan" was squashed.

The new 4-A Conference puts some of Texas' perennial play-off teams in the same district. For example, District One has Abilene Amarillo, Borger, Pampa, Lubbock, Odessa and San Angelo. District Six has Highland Park (Dallas), which has won its district every year since 1941. Sherman, Tyler, Waco, Denison and Wichita Falls.

All Houston, Fort Worth and Dallas High Schools will be in districts of their own in the new 4-A Conference. But five of San Antonio's high schools will be in 3-A. The big three in San Antonio—Thomas Jefferson, Brackenridge and San Antonio Tech—will be in the top conference.

Class A next year, in effect, will be schools now in Class B.

One school now in Class A, Irving, will jump into 3-A.

However, numerous schools now in Class AA will next year be in this same classification. Some Class A schools this year, too, will again be in this group.

Class B Teams Nearing Finals

(By The Associated Press)

Two games tonight and 19 tomorrow afternoon and night will bring the Class B schoolboy football campaign to regional finals.

This division, taking in 48 districts, plays to 12 regional championships.

Three bi-district games already have been played. Rochester of District 7 defeated Clyde of District 8, 20-13 and will play the winner of the Meadow-Stanton game for region 2 honors. Valley Mills of District 21 beat State Home (Corsicana) of District 22, 26-13 and will meet the winner of the Malakoff-Elkhart game for the Region 3 title. Leverett's Chapel of District 28 skunked Hawkins of District 27, 35-0 and will meet the winner of the Daingerfield-Pine Tree game for the Region 7 championship.

In Region 5 both bi-district games are tonight with Cooper and Seagoville clashing at Commerce and Lake Worth and Grandview playing at Cleburne.

All other games are Friday as follows:

Region 2—Meadow vs Stanton at Pampa (day), Dimmitt vs New Deal at Littlefield (day).

Region —Meadow vs SSStaSnton a Brownfield (night).

Region 3—Marfa vs Eldorado at Eldorado (night), Eden vs Cross Plains at Brownwood (night).

Region 4—Valley View vs Lewisville at Wichita Falls (night), Van Alstyne vs Farmersville at Farmersville (day).

Region 6—Malakoff vs Elkhart at Palestine (night).

Region 7—Daingerfield vs Pine Tree at Longview (night).

Region 8—Shelbyville vs Groveton at Nacogdoches (night), Anahuac vs Tomball at Liberty (night).

Region 11—Palacios vs Pleasanton at Conroe (night), Columbus vs Bastrop at Columbus (night).

Region 10—Granger vs Cherokee at San Saba (night), Fort Hood vs Academy at Temple (night).

Region 11—Palacios vs Pleasanton at Cuero (day), Bandera vs Dilley at Dilley (night).

Region 12—Taft vs Bishop at Robstown (day), Benavides vs Lyford at Harlingen (night).

Beech Aircraft Founder Dies At Age of 59

WICHITA, Kan., Nov. 30. (AP) — Walter Beech, 59, founder and president of the Beech Aircraft Corp., died last night.

He had been active in aviation for more than 30 years.

New Jersey's Seton Hall Is Powerful Club

By FRANK ECK
(Associated Press Staff)

NEW YORK—Look for Seton Hall University to be one of the nation's basketball powerhouses during the next three years. Coach John (Honey) Russell, an old pro, is back at the helm with a fine quad that includes seven sophomores.

Brightest of these are Richie Regan of Newark, N. J., Mickey Hannon of Howard Beach, N. Y. and Walter Dukes, a six - ten Negro from Rochester, N. Y.

Other sophs include Frank Pel[illegible] and Joe O'Hare of Newark, Dick Brawley of Schenectady, N. Y., Bill Hammersley of Brooklyn, [illegible]ck Buckner of Astoria, N. Y. [illegible]e 15 players on the squad [illegible] Orange, N. J., only [illegible]nder six feet. He is five [illegible]even [illegible]n are 6-2 or better. [illegible]s [illegible] members of [illegible]P's [illegible]9-5 "fresh" [illegible]h [illegible]9 out of 40 [illegible] Villanova's [illegible]67. Among the Pirate's [illegible]s were yearling [illegible]ads from LIU, Manhattan, City College and Fordham.

Russell coached Seton Hall to unbeaten seasons in 1939-40 and again in 1940-41. During the summer he scouts ball players for the Boston Braves. He apparently has done a good job scouting basketball players, too.

Dukes tallest cager in Seton Hall's history, tallied 193 points in 14 games for the freshmen last season. The only time he ever complained, says Russel, was when his shoes were too small. He never complained about a broken knee playing three games with it last season.

Hannon, a sharpshooter from John Adams High, led the frosh in scoring with 666 points in 39 games for a new Blue and White frosh record. Regan made 488 tallies while Brickner and Brownley made 316 and 300, respectively.

Don't get the idea that Seton Hall's new team will be an unbeatable sophomore unit. The Pirates won only 11 out of 26 last season but Russell has his four leading scorers back.

Sam Lackaya, senior from East Orange, led the point getters with 328 tallies. Senior Dave Latimer of New Rochelle, N. Y., made 299. Junior Bob Hurt of Orange tallied 294 and Senior Dave Putnam of Rochester accounted for 242.

"We're a tossup against most clubs," says Russell, "but we're liable to beat anybody."

Russell, who once piloted the Bucaneers to a streak of 42 straight, will be happy if his club wins 20 of its 27 games. A look at the schedule, however, reveals that he might be a bit conservative.

The important tests, like games with Texas Wesleyan and Syracuse, are not until late January while in February the major opponents are Boston College, John Carroll of Cleveland, LIU, Oklahoma City, Villanova and St. Francis of Brooklyn.

Oldest Rivals In Conference To Meet Today

By HAROLD V. RATLIFF
(Associated Press Staff)

AUSTIN, Nov. 30. — Hoary tradition is on the line today as Texas battles Texas A&M in the Southwest's most enduring and bitterest football rivalry.

No championship is involved—no bowl bid. But this fifty-seventh game in a series that started in 1894 is filled with dramatic possibilities of all sorts.

Coach Blair Cherry, graying leader of Texas gridiron forces, will be in a hospital while his boys seek to win for him and to finish the first season in history with a perfect Southwest Conference record.

Cherry, who retires as coach Jan. 1 when his team plays Tennessee in the Cotton Bowl, illustrated yesterday just why he was quiting. He went to a hospital suffering with stomach ulcers.

Perfect weather is in prospect and there will be 65,498 persons in the paid seats of Memorial Stadium, where no Texas team ever has lost to A&M.

Both teams already are in bowl games. Texas A&M goes to Washington Dec. 9 to meet Georgia in the Presidential Cup classic.

Texas is rated a seven-point favorite which are the shortest odds in years.

Texas A&M will be fighting for second place in the Conference, the highest finish for an Aggie team in seven years.

(Radio Station KGKL will broadcast the Texas-A&M game starting at 1:50 o'clock this afternoon).

Five Lots Involved In Case Being Heard In District Court Today

The law suit of Mrs. Velma Page and others against John Cole for possession of certain property in the Wilmeth Addition to the city, got under way this morning before a jury in district court.

The property involved includes lots 7, 8, 9, 10 and 11 in Block 32 of the addition, which the plaintiffs contend they own by right of deed.

John Cole and his wife, who some years ago bought lots 1, 2, and 3 from W. O. Webb, have title to the additional lots and now [illegible] possession on account of the [illegible] of limitations.

The suit was filed by Mrs. Page on Sept. 28, 1950, in which she alleged the plaintiffs were dispossessed of the right to the property by Cole.

Mrs. Page, who now resides at Post, identified a deed, conveying her title to the land in question.

Mrs. Cole testified that she thought the land were theirs, as they had used it for the past 17 years for pasture and chicken raising.

The case is slated for the jury late this afternoon.

13 Scurry Hunters Back From South Texas Trip

A successful deer hunt just ended for a party of Scurry County residents, according to Nolan von Roeder, one of 13 people from this area who were on the hunt.

A bag of 19 fat bucks were taken by the hunters who made their camp headquarters on a ranch about 10 miles northwest of Harper in South Texas.

The party left here Nov. 16, opening day of the deer season in South Texas, and broke camp last Sunday night. Members of the party returned this week.

On the hung were Mr. and Mrs. Roland Hamilton, Mr. and Mrs. von Roeder, Mr. and Mrs. Ben Weathers, Mr. and Mrs. Sam Armstrong, Mr. and Mrs. Marvin Key, Mr. an dMrs. Howard Franklin, Mr. and Mrs. Claude Thomas, Pellum Ware, Phil Burns, W. L. Gardenhire, Max von Roeder, and Elwood Hamilton.

Every buck in the 19 killed by the party were unusually fat, Von Roeder said.

Two Pay County Court Fines on Driving Count

Two men were assessed fines this morning after pleading guilty to county court charges of driving while intoxicated.

Bailey Hicks, 21, of 101 Twenty-sixth Street, was fined $150 plus court costs of $23.50. He was arrested after his car, a late model Ford, collided Monday with a tree in the 1700 block of Avenue T.

Frank Slade Norfleet, 32, of Eldorado, Ark., paid a fine of $123.50, including court costs.

A felony charge was filed this morning before W. C. Davidson, justice of the peace, accusing a man of stealing a pick-up truck here. The man has not yet been arrested.

Sweetwater Matches Tomorrow Will Open Basketball Season

Snyder high school's basketball season will open tomorrow night when the local five journey to Sweetwater to meet high school teams there.

Opening game for the season for hte Tigers will start at 6:30 Friday night btween the Sweetwater and Snyder "B" teams.

"A" Tiger play will get under way at 8 o'clock when they meet the Sweetwater "A" five.

COACHES

Ernest Kinney, head basketball coach at Snyder high school, will be in charge of coaching the "A" team. He is assisted by Hal Battles who is "B" team coach.

A line up for the Tigers has not been decided yet, but practice and eliminations have been going on for about three weeks. A number of good ball handlers, not elibible for the "A" team because they have not been in school here the required one-year, will bolster the ranks of the "B" team.

Friday night's game with Sweetwater will see plenty of substitution on both teams in an attempt to get the teams that most successfully handle the ball together.

The Sweetwater team is reported to include several tall boys, a point in favor of any team.

The Tiger's have some tall boys too, but they are the exception instead of the rule with the local team. However, height disadvantages can often be overcome by speed and accurate ball handeling.

"A" UNDERDOG

Kinney says that his "A" team will probably enter Friday night's bout as the underdog, but that the "B" team clash should be on just about even grounds.

Here is Snyder's probable starting line up, but Coach Kinney says it is tenative and subject to change before game time

LINE UP
FORWARDS
Ned Underwood and Bill Hanks.
POST POSITIONS
Grant Teaff, or W. T. Birt.
GUARDS
John Gary, and either N. J. Harrison, or Max Coffee.
SUBSTITUTES
Ray Shipley, Hugh Smith, Jay Fish, Jimmy Holmes, and David Harlin.

Billy Martin Joins National Guard Unit

Billy Don Martin, son of Mr. and Mrs. Albert Martin, Snyder building contractor, has joined Company D, 112th Armored Cavalry, the national guard unit here. Welton Kincaid, company commander, said today.

Strength of the company is far below that permitted by the Army, Kincaid said, and more members of all enlisted ratings are needed to bring the unit up to its needed strength. About 75 men are needed to bring the company to full strength.

A new regimental insignia has just been received by Kincaid for the company. It is a regimental crest which pictures a black horse rearing on a yellow background with the words "rearing to go," motto of the regiment, under the horse.

Dallas Described As Good A-Bomb Target

DALLAS, Nov. 30. (AP) — Dallas is a better atomic bomb target than Houston, says Horatio Bond, chief engineer for the National Fire Prevention Assn. and a consultant to the Atomic Energy Commission.

Bond said buildings in Dallas are more concentrated.

Louis Fails To Hit Timing In Brion Contest—

By CHARLES DUNKLEY
(Associated Press Staff)

CHICAGO, Nov. 30. — Joe Louis still is wearing boxing gloves, but whether he'll ever use them again in a title bout was as big a question today as ever.

A slim Chicago Stadium crowd of 8,866 which saw former Heavyweight Champion Louis score a methodical 10-round "comeback" win over Cesar Brion last night, could agree with Joe's admission that "my timing was off."

Louis, as a matter of fact, isn't even talking about a return match with tile-holder Ezzard Charles, who gave him a 15-round trimming at New York last Sept. 27.

"I want two or three more fights, and I want them right away," Louis said after his unanimous, but plodding decision over Brion, 13 years younger than the no-longer dreaded Brown Bomber. "I want to be in tip-top condition before I even think about Charles."

Joe, 36 and weighing 216 pounds was a shadow of his former stalking, slashing self in the 10th round. He had Brion in trouble with a furious barrage of lefts and rights. The South American weighed 190.

But as Joe mumbled in the dressing room: "I just couldn't get the combination going." And Brion is the type of fighter Joe used to get the "combination" going against with murderous precision in his hey-day.

Brion, 23-year-old South American who showed no fear of Louis from start to finish, conceded that Louis was his toughest opponent in 35 fights. Through an interpreter Brion also said Joe's timing was off, but that he might be able to get it back in two or three more fights.

Snyder Future Farmers Prepare For Contest

An F.F.A. Leadership contest for this district at Colorado City Dec. 9 will be attended by about 30 boys in the Snyder high school Future Farmers of America chapter, Broadway Browning agriculture teacher here, said.

Both junior and senior contests in chapter conducting, F.F.A. Quiz contests, and one-act demonstrations on some farm skill will be participated in by members of the local chapter.

Snyder's teams have not been named, but Browning says preparation for the contests are being made in his chapter now.

F.F.A. chapters from 14 schools will enter the contests. Participating schools are Snyder, Hermleigh Hobbs, Rotan, Roby, Sweetwater, Divide, Blackwell, Highland, Roscoe, Loraine, Colorado City, Westbrook, and Ira.

Pioneer Succumbs

LIBERTY, Nov. 30. (AP) — Last rites will be held here tomorrow for Mrs. W. S. Partlow, 93, Liberty County's oldest native citizen and grandmother of State Atty. Gen. Price. She died at her home yesterday.

Sheriff Here Holding Man Under Indictment

A man under grand jury indictment in Suffolk County, New York, was arrested by members of the sheriff's department here yesterday afternoon, Homer Whisnand, sheriff's deputy, said.

The man Eugene McKibben, is wanted on a charge of wife and child desertion in New York. It was not known whether he would waive extradition or not, early today.

The arrest was made by highway patrolman E. W. Green, and Whisnand. McKibben is being held in the county jail here.

Sprinkler System Puts Out Fire at Gin Here

A fire reported at the Paymaster gin yesterday afternoon was extinguished when fire trucks and volunteer firemen arrived.

It had been extinguished by a safety sprinkler system at the gin. No injuries and no damage were reported.

Newcomers Ask Used Clothing For the Needy

Used clothing is needed now for inclusion in Christmas baskets for needy families, Mrs. V. V. McGrew, Newcomers' Club president, said today.

The baskets are to be packed and distributed by the club, and will contain toys for the children, clothing and food. No clothing has been contributed so far, Mrs. McGrew said, and any donations of practical, wearable clothes will be appreciated.

Any material for the baskets may be donated by contacting Mrs. McGrew by telephone at 1458-W or at her home, Thirty-seventh Street and Avenue V. Donations may also be taken to the Fagan Electric Co., 2505 Avenue N, or to the Matthews Furniture Co., on the East highway. The furniture company will provide workshop facilities for the repair of toys, and will furnish the necessary tools.

Mrs. V. V. Thomasson, 2405 Avenue L, has also offered her basement for use as a workshop to repair the toys.

Public school students have cooperated in the basket project by contributing canned foods to be packed with the clothes and toys. More canned foods are also needed Mrs. McGrew said.

Donations for the baskets should be made as quickly as possible, Mrs. McGrew stated, to give club members time to assemble them and work out distribution plans.

Book Review At Cosmorama Club

Mrs Renal Rosson gave a review of the book "Comes the Comrade" at the Cosmorama Club meeting in the home of Mrs. J. L. Browning, Browning-Scott addition yesterday.

The hostess used fall flowers in house decorations.

During the business meeting which followed the program it was announced that the club had made $90 from a baked food sale, which will be given to the Youth Center fund. Plans were also made for a Christmas party at the next meeting Dec. 13 in the home of Mrs. Sam Joyce. Boxes for needy families will be prepared at that time, and club members will exchange gifts.

Mrs. James Rosser, club president, directed the business meeting.

Refreshments of strawberry ice box pie, coffee and salad crackers were served by the hostess to Mrs. Rosser, Mrs. Richard Brice, Mrs. W. J. Bryant, Mrs. Fred Bullard, Mrs. Scott Casey, Mrs. Bob Dupree, Mrs. Jesse Everett, Mrs. J. W. Headstream, Mrs. Weldon Kincaid, Mrs. John Lynch, Jr., Mrs. J. R. Meadows, Mrs. Holman Odom, Mrs. Rosson, Mrs. Lee Smith, Mrs J. H. Boren, and Mrs. Lyman Yoder.

Children Discussed At Fluvanna P.-T.A. Meet

Mrs. Lacy Turner was hostess for a meeting of the Fluvanna P.-T.A. Study Club Tuesday afternoon.

Mrs. Clay Reeder led a discussion pertaining to pre-school children. Mrs Robert Warren led the elementary group discussion and Mrs. Henry Flournoy directed the adolescent discussion. Others participating in the disucssions were Mrs. J. I. Miller, Mrs. Jack Martin, Mrs. Charlie Bley, Mrs. Welch Scrivner, and Mrs. Buford Browning.

Mrs. Martin announced that a game night will be held tomorrow evening in the school to raise money for P.-T.A. projects. Refreshments are to be served and an invitation has been extended to the public to participate.

Dance Held at Humble Camp Recreation Hall

About 118 persons attended the Humble Recreation Club dance held at the Humble camp recreation hall last night.

This was a regular dance of the club, held each month.

Seasonal flowers were used in decorations for the hall. Music for the evening was furnished by Burl Hubbard's orchestra from Lubbock.

Treasure Hunt Prize List Is Growing Daily

Eleven new prizes have been added to the Christmas Treasure Hunt by Snyder merchants, Harold Bennett, Chamber of Commerce manager, said today.

"Merchants who have not indicated their desire to participate in the Treasure Hunt should do so through the Chamber of Commerce before noon tomorrow," Bennett said.

New prizes added to the hunt today to bring the hunt's total to 42 prizes were:

Fenton & Thompson Shoe Store, child's shopmade cowboy boots;

Bob Dupree Nash Co., passing eye mirror;

Martin Jewelry, Ronson Table Lighter;

Crowder-Hall Drug, $10.95 electric Monarch iron;

Lee Home & Auto, tricycle;

Roe Home & Auto, electric percolator;

Ben Franklin store, bride doll;

Cook Electric, Knapp-Monarch 1,000 watt iron;

Roberts Jewelers, Lady's costume jewelry set;

Dyer's Jewelry, table lighter; and

Texas Electric Service Co., electric percolator.

Considerable interest is being shown by both prospectvie hunters and business firms in the treasure hunt, Bennett said.

Tickets will be given free from Dec. 1 through Dec. 24 by participating merchants. The prizes they offer will be displayed in their windows, and the numbers that win the prizes will be displayed prominently in the stores.

The Chamber of Commerce had 50,000 tickets printed for the hunt. Participating merchants will distribute the tickets from their stores, and at the parade tomorrow afternoon at 4:30.

No purchase is necessary to be a winner in the hunt.

Gas Fills Dwelling, Causing Sickness To 3 Members of Family

Gas from an unlighted heater in the home of Mrs. Frances Biow 1010½ Twenty-eighth Street, early today caused sickness to three members of the family.

By noon today Mrs. Biow and her two sons, Bruce Biow, 4, and Burke Biow, 3, were in satisfactory condition, recuperating at the home.

It is believed that one of the children, moving through the house during the night, accidentally turned on the heater.

One of the boys could not be aroused from his sleep and was given oxygen in emergency treatment at the Snyder Hospital.

Hobbs High School Is Soliciting for Annual

Snyder business houses were being called on today by members of the Hobbs high school annual staff who were soliciting advertisements for the publication.

Ten members of the staff, all seniors, accompanied Hobbs teacher Leonard Gray here for the solicitations that will take all day today, and another day between now and Dec. 6, not yet decided upon.

Members of the staff with Gray are: Glenn Noles, Wilton Hayes, Wanda Moffett, Mary Mae Gantt, Peggy Phillips, Kenneth Hardin Nancy Adams, Joyce South, Elmer Mijres, and La Nelle Ware.

Staff members said the annual's name had been changed for this year from "The Cactus" to "The Panther."

Meeting Tomorrow Of War Brides in Area

Foreign war brides and families from this area will meet again at 7 o'clock tomorrow night in Colorado City for a party.

The meetings are held in the REA building, and all war brides from the area will be welcome. Mrs. Dewey Turner, an English bride, is in charge of the meetings.

Former Postmaster In Abilene Dies at Home

Funeral services were held this morning in Abilene for L. C. Payton, 78, former Abilene postmaster, who died Wednesday at his home.

Mr. Payton had lived in Abilene since 1874. He had retired from business in 1948 due to ill health.

Survivors in addition to the widow include two daughters, Mrs. Ruth Kirk and Mrs. Otha Hillyard, both of Abilene, a brother, two sisters and a granddaughter.

PERSONALS

Mr. and Mrs. Dee Singletary, 1901 Twenty-ninth Street, were in Abilene on business several days this week.

Morris Selinger went to Midland yesterday on business for his firm the Drill Collar Service Co., Lubbock Highway. Mrs. Selinger has just returned to their home, 3002 Avenue U, from a trip to Colorado upon the death of her mother there.

Bishop Appoints Pastor For Union Methodist

Bishop William C. Martin of the Northwest Texas Conference of Methodist Churches, has announced the appointment of the Rev. Rufus Kitchen, formerly of Nolan County, as pastor of the Union Methodist Church.

Mr. Kitchen, who has been pastor at Dunn several years, came here from Nolan, Tex., where he has been pastor since the annual meeting of the conference in June.

Early Sales of Benefit Game Tickets Net Kiwanis $1,468

Ticket sales for the Kiwanis Club's underprivileged children's benefit football game Saturday night was reported yesterday at the club's luncheon to be going well.

Total sales computed yesterday had brought in $1,468. Bruce Greer led sales by having turned in $262 $220 total sales.
to the fund, followed closely for second place by Frank Fisher with

FULL STADIUM

With this kind of a start, the club hopes to have a complete sell out. Tickets are available from members of the club, all Snyder drug stores, and many other solicitors. Tickets have bene distributed to Colorado City and Sweetwater Kiwanis Clubs for sale in those towns.

Coach W. D. Harris of Woodson High School, Abilene, said that the 50 members of his school's pep squad would be at the game, and that probably about 50 other fans from Abilene will accompany the team here.

Members of the club said that probably about 200 tickets would be sold in Colorado City, and about half that many at Sweetwater.

The $1,468 does not include sales at Snyder drug stores where the tickets have been on sale all week.

The Woodson High School Black Eagles of Abilene are matched against the Douglass High School Lions of Lawton, Okla., in Saturday's game.

CONFIDENT OF WIN

Douglass has an Oklahoma All-State Fullback, but Harris is confident that his line will seriously crimp the yardage-gaining style of that Oklahoma star.

Tickets for the game will be available from Kiwanis members until the opening kickoff, and at the gate Saturday night.

No reserve seats are being sold. Adult tickets are $1 and children tickets 50 cents.

Concession stands for the sale of hot-dogs, cold drinks, and coffee will be operated at the game by members of the club and their wives.

Benefit Game Players Here

Coach W. D. Harris, and five of his star football players were guests at the Kiwanis Club luncheon yesterday at the Country Club here.

Harris is coach of the Woodson High School Black Eagles of Abilene, that will play the Douglass Lions, of Lawton, Okla., here Saturday in the Kiwanis' underprivileged childrens benefit game.

"We'll stop him," was Harris' comment when asked what his team was going to do about the big Oklahoma All-State fullback on the Lawton team.

"Whether we win or lose, I'll guarantee that it will be a good game with plenty of good football playing that will be plenty well worth seeing," Harris said.

George Forkerway, left half back who has made more touchdowns and gained more yardage in rushing this season than any other player in his district said, "We'll do our best to put on a good show and we know that we can play good football."

Other members of the Woodson team at the luncheon were Elijah Childress, 240-pound tackle and guard; Maurice Gindratt, quarterback; Jack Cumby, fulback, and right half back, Ira Johnson, left guard.

FARMS-RANCHES M6

For Sale: 160 acre farm 7 miles Southwest Colorado, 120 in cultivation. 10 acres more good land. On mail route, school bus line. Old 5 room house, well, mill, half mile lake. Only $80.00 acre possession. Plenty Johnson grass. Good tight farm land. We also have lots—buyers for producing minerals. Wood and Bassham, Colorado City, Texas.

ONE HALF SECTION FARM FOR SALE

Fourteen miles of Snyder. 235 acres in cultivation, large chicken house, Grade A Dairy Barn. All land is terraced. One-half mineral rights. Has 6 room modern house on the place. This is a real farm.

ADVERTISEMENT

Mrs. Kabrie Aucoin, 915 North First St., Eunice, Louisiana, is all smiles these days because she feels so good. She says she feels so good because she is taking HADACOL. Mrs. Aucoin was suffering from a deficiency of Vitamins B1, B2, Niacin and Iron which HADACOL contains.

Here is what Mrs. Kabrie Aucoin says about HADACOL.

"I have been taking HADACOL for over a year. Before I started taking HADACOL I had been sick for a long time. My neck, my arms, my legs ached most of the time; in fact, I was miserable all over. Night time I dreaded because I knew it was time for another restless night. Even when I did sleep I would twist and turn all night.

"It was my 54th birthday the exact year I heard about the wonders of HADACOL that I started taking it. After the third bottle of HADACOL I felt better than I had ever felt in my life. The most wonderful thing about HADACOL is that I actually rest when I sleep — and I do mean sleep. No more lying awake nights. I could rave about the wonders of HADACOL for days on end, but this is enough to let other folks know how really marvelous HADACOL is. The only regret I have about HADACOL is that I did not have it when I was 25 years old."

You, Too, Can Be Helped

. . . as it has helped thousands of other fine folks if you have a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body.

Give HADACOL a chance today to help you if you suffer such deficiencies. Refuse substitutes. Don't let anyone tell you something else is "just as good." Insist on the genuine HADACOL. No risk is involved. . . because HADACOL is sold only on a strict money-back guarantee. You'll feel better with the first few bottles you take or your money will be refunded. Trial size, only $1.25; Large Family or Hospital size, $3.50.

Permian Basin Oil News

Discovery Completed From Connell Sand In North Crane County

Atlantic Refining Co. has completed its No. 1-LL University as a discovery from the Connell sand in North-Central Crane County.

The new producer was finaled for a 24-hour natural flowing potential of 262.17 barrels of 46.3-gravity oil and no water through a one-half-inch choke. Gas-oil ratio on the completion test was 977-1.

Pressure on casing was zero and on tubing 55 pounds.

The discovery is at plugged back total depth of 11,560 feet. It was completed through perforations opposite the Connell sand at 11,470-11,510 feet.

The nearest Connell sand production to the No. 1-LL University is in the C-Bar field, six miles to the northwest.

The opener was drilled to the Ellenburger where it found oil in the upper section, but not in sufficient quantities to make a commercial producer.

Location of the producer is 1,980 feet from south and east lines of section 6, block 31, University survey.

Permian Prospector Is Located in Sterling

Humble Oil & Refining Co. No 1-C R. T. Foster is to be a 4,500-foot Permian lime prospector in South-Central Sterling County.

It is located six miles southwest of Sterling City and 1,730 feet from north and 1,980 feet from east lines of section 16, block T, T&P survey.

That makes it one location northeast of the same concern's No. 1-B Foster, recently abandoned dry hole which went to a total depth of 8,680 feet in the Ellenburger.

That formation made salt water. The project had logged some good shows in the Wolfcamp section of the Permian. After the Ellenburger had tested barren the project was plugged back and tested in the Wolfcamp.

It showed some oil but not enough to make a well and was abanboned a short time ago.

South Outpost To Terry Field Extension Staked

One location south of Amerada Petroleum Co. No. 2 W. O. Miller, recently completed south extension to the Adair-Wolfcamp field of Central-South Terry County, the same company has spotted location for its No. 1 R. W. Carter.

Exact location of the prospector is 660 feet from west and north lines of the southeast quarter of section 6, block C-37-psl survey. That makes it 20 miles northeast of Seagraves.

Amerada's No. 2 W. O. Miller was completed this week for a calculated 1,031.52 barrels of 43.7 gravity oil. The potential was based on an actual seventeen-hour flow of 730.67 barrels of oil. Three-tenths per cent basic sediment and water was made with the oil.

Flow was measured through a three-eighths-inch choke.

Pressure on casing was zero and on tubing 500 pounds. Gas volume was measured at 478,000 cubic feet per day. The gas-oil ratio was 463-1. Total depth of the new well is at 8,560 feet in the Wolfcamp.

Location of the No. 2 Miller is 660 feet from west and south lines of the northeast quarter of section 6, block C-37, psl survey.

Hockley Completion And New Location Made

Honolulu Oil Corp. and Signal Oil & Gas Co. has completed one prospector and staked location for another in the Ropes-Pennsylvanian area of Southeast Hockley County.

Their No. 1 A. O. Monroe is to be drilled as a one-location west offset to the No. 2 Hopper, which reported the completion.

Location of the new exploration is 694 feet from south and east lines of labor 7, league 5, Wilbarger County school land survey. That makes it five miles south of Smyer.

The No. 1 Monroe is sto be drilled to around 9,500 feet to test the regular pay of the field.

Honolulu and Signal potentialed their No. 2 Hopper for a 24-hour flow of 1-816 barrels of oil. Choke size was unreported.

Gas-oil ratio on the test was 224-1. Hole is bottomed at 9,380 feet. No other details are available on the completion test.

The No. 2 Hopper is 694 feet from south and west lines of labor 8, league 5, Wilbarger County school land.

Tom Green Wildcat Set

Aurora Gasoline Co. of Tulsa filed application with the Railroad Commission of Texas asking permission to drill a 5,000-foot rotary wildcat in Southeast Tom Green County one and three-quarter miles east of the Susan Peak multipay field.

The test will be No. 1 Mrs. Mona Green Kent and will be located 660 out of the southwest corner of section 197, block 11, SPARR survey, on a 240-acre lease.

It will be a farmout from Seaboard to Dan Auld that was secured by Charles W. Shelton of San Angelo and turned to Aurora.

Empire Drilling Co. is contractor.

Abandon Crockett Well

Murphy H. Baxter No. 1 E. H. Hunt, Central Crockett County wildcat, was preparing to plug and abandon at total depth of 3,537 feet.

Operator recovered 30 feet of drilling mud with no shows of oil or gas on a one-hour drillstem test from 3,512-37 feet in the Clear Fork.

Location of the No. 1 Hunt is 660 feet from west and 1,980 feet from south lines of section 2, block 1, GC&SF survey and nine miles southwest of Ozona.

Operator Gets Show Of Oil at 8,460 Feet In Lower Permian Sand

Houston Oil Co. of Texas No. 1 T. A. Golladay, North-Central Midland County wildcat, eight miles southeast of the city of Midland recovered 452 feet of heavily oil and gas cut drilling mud during a four-hour drillstem test at 8,460-8,865 feet in the lower Permian sand and shale.

Gas was at the surface in one hour and seven minutes. No fluid came to the top while the tool was open.

Operator is now drilling ahead below 8,915 feet in sand and shale.

The prospector is 660 feet from south and east lines of section 3 A. P. Veazey survey. The section which developed the oil and gas cut mud in the Dean horizon of the Permian.

Glasscock Outpost Will Explore the Spraberry

Trinity Production Co. of Dallas No. 1 Wrage, one-half mile southwest outpost to Hubbard S. Russell of Maricopa, Calif., 1-20 Wrage-Hendrickson, discovery in Central-West Glasscock County from the Spraberry sand, will be drilled to 7,300 feet to explore the Spraberry.

Location is 660 feet from north and west lines of the southwest quarter of section 20, block 36, T-3-S, T&P ssurvey. That puts it about 25 miles southeast of the city of Midland.

Drillsite is one mile west of Olsan Brothers, Inc. of Dallas No. 1 Louis A. Wrage, 4,000-foot southeast outpost to the discovery.

Well on Edge of Tex-Harvey Field Staked

Glendale Oil Corp has staked location for an edge well at the northeast side of the Tex-Harvey field in Central-East Midland County.

It will be drilled as that concern's No. 1-11 L. B. Floyd, 660 feet from east and south lines of section 11, block 37, T-3-S, T&P survey.

It is projected to go to 8,500 feet with rotary.

Drillsite is 18 miles southeast of the city of Midland.

Flowing Producer From Ellenburger in Pegasus

The Sharples Oil Corp. has completed its No. 2-E-43 TXL, as a flowing prouducer from the Ellenburger on the southeast side of the Pegasus field in Northwest Upton County.

The project, located 660 feet from north and east lines of section 43, block 40, T&P survey, T-5-S, made a natural daily potential of 773 barrels of 53.7 gravity oil flowing through a one-half inch tubing choke.

Gas-oil ratio was 1,290-1. Top of the pay is at 12,495 feet. The 5 ½-inch casing is cemented at that point. Total depth is at 12,136 feet.

Well Eight Miles From Lamesa Is Abandoned

Norwood Drilling Co. and others have plugged and abandoned their No. 1 Fritz C. Volger, wildcat in South-Central Dawson County eight miles south of Lamesa, as a failure in Pennsylvanian shale.

The abandoned hole is bottomed at 10,203 feet. The last drillstem test reported was taken at 10,100-203 feet. Recovery was 30 feet of drilling mud with no shows of oil gas or water.

Exact location of the failure is at the center of the southwest quarter of the southwest quarter of section 2, block 36, T-4-N, T&P survey.

Lynn County Failure

Placid Oil Co. No. 1 Holland, Northeast Lynn County wildcat, was plugged and abandoned as a failure at total depth of 9,012 feet in Pennsylvanian lime.

The prospector drilled through the Strawn where sait water was developed on a drillstem test at 8,812-45 feet.

The well was originally drilled to 4,107 feet by W. E. Dunigan of Midland and abandoned there as a failure. Placid took the project and deepened it to its present bottom.

UrgesTeachingOf'Know Why' In Public Schools

MIAMI, Fla., Nov. 30. (AP)—Teaching of "know why" is as important as teaching of "know how" in the educational job that faces American schools because of the international crisis, the American Vocational Assn. (AVA) was told last night.

Schleicher Wildcat

Hiawatha Oil & Gas Co. will drill a wildcat in North-Central Schleicher County, two and three-quarters miles northwest of the recently opened Hulldale-Strawn field.

The prospector will be drilled as the No. 1 Forest Runge, 660 feet from south and west lines of section 66, block M, GH&SA survey.

Projected destination of the prospector is 6,500 feet.

Drillsite is on a 960-acre spread farmed out by George W. Strake of Houston.

More Shows of Oil And Gas From Devonian In Crane County Venture

Humble Oil & Refining Co. No. 1 Hallie C. Day, et al, Central-East Crane County wildcat continues to find shows of oil and gas in the Devonian.

The latest indication of possible production was in a drillstem test at 7,680-7,710 feet. The tool was open three hours and 30 minutes.

Gas surfaced in one hour and 15 minutes. There was no gauge or estimate on the gas volume.

Recovery was 330 feet of heavily oil and gas cut drilling mud. There were no signs of formation water.

Operator is to drill deeper. If and when more oil and gas signs show in the samples another drillstem test will be run.

The first shows of oil and gas in this prospector came in a drillstem test at 7,650-80 feet. The tester was run two hours and 35 munites. Gas surfaced in one hour and 30 minutes. Recovery was 330 feet of heavily oil and gas cut mud.

This prospector is five miles southwest of the town of Crane and 1 980 feet from north and west lines of section 15, block X, CCSD-&RGNG survey.

It is a stepout from a dry hole Humble drilled on Cowden land about two years ago which had some interesting shows of oil in the Devonian. Those shows could not be developed for commercial production and the wildcat was abandoned.

Unofficial sources say that the No. 1 Day is high, structurally, to the Cowden dry hole.

U. N. May Use 'Voice' Broadcasting Power

WASHINGTON, Nov. 30. (AP)—The "Voice of America" has made facilities available to the United Nations for broadcasts to China and other parts of Asia.

The State Department announcement yesterday said West Coast transmitters are being used to give China and Asia full coverage on United Nations developments.

Churchill On Birthday Plans Christmas Trip

LONDON, Nov. 30. (AP) — Winston Churchill turned 76 today — and made plans for a sunny Mediterranean vacation during the Christmas holidays.

Despite increasingly threatening war clouds in the Far East, secretary for Britain's last wartime prime minister said he would observe the Yuletide in some place sunny and warm—where he can do some painting.

Neither the vacation spot nor the time of departure has been decided, the secretary said.

Churchill opened a sheaf of congratulatory cable and telegrams this morning and spent the day as usual—writing in the forenoon and attending the House of Commons in the afternoon.

Mrs. Churchill planned a dinner party at their London home tonight for 15 persons.

The first of many gifts received by the stogie-puffing Tory leader was a large, ornate cigar cabinet from a suburban conservative association.

Outpost to Discovery Well in Germania Pool

James H. Snowden of Fort Worth and associates have staked two offsets to their No. 1 Andrew Fasken, discovery well of the Germania field of Northeast Midland County.

No. 2-7 Andrew Fasken in a northeast offset to the discovery and is located 668.5 feet from north and 662.5 feet from east lines of section 7, block 36, T-2-S, T&P survey.

A southwest offset to Snowden et al No. 1 Fasken is No. 3-7 Fasken.

Drillsite is 1,987.5 feet from west and 2,005.5 feet from south lines of section 7, block 36, T-2-S, T&P survey and 13 ½ miles east of Midland.

Projected depth of both of these tests is 8,500 feet. Rotary tools will be moved in and drilling will begin immediately.

Wreck Victim Remains In Critical Condition

Mrs. Juanita Verlene Williams, 25, of Abilene, is still in critical condition but is reported improved this morning at the Snyder Hospital, where she is being treated for injuries suffered in an automobile accident near Inadale Tuesday.

With her in the accident were Marie Vaughn, 15, also of Abilene and R. L. Van Zandt, of Snyder. The girl was dismissed from the hospital yesterday after treatment for minor injuries. Van Zandt was not hurt.

THE SNYDER DAILY NEWS

VOL. ONE—NO. 175 SNYDER, TEXAS, THURSDAY, NOVEMBER 30, 1950 SECTION TWO

Scurry County Gains Eight of West Texas's 78 Oil Locations

Twenty-eight West Texas counties shared locations during the week Nov. 12 to Nov. 18 for 78 tests for oil, including 24 wildcats. The preceding week listed 72 tests for oil, including 12 wildcats in 23 counties.

Totals for the first 46 weeks in 1950 became 3,886 in proven areas and 710 for wildcats, a grand total of 4,596. This is a weekly average of 99.9, down from 100.4 through the 45th week.

Dawson, Glasscock, Runnels, Scurry, and Upton Counties added two wildcats each, and Andrews Coke, Crockett, Culberson, Garza, Hockley, Howard, Kent, Lubbock, McCulloch, Midland Reeves, Tom Green, and Yoakum Counties one each.

Scurry County led in field starters with eight, Ector added seven Kent five, Borden and Pecos four each, Midland and Upton three each, Gaines, Garza, Hockley, Howard, Runnels, Tom Green, and Yoakum two each. Cochran Crockett, Hale, Sterling, Terry and Winkler Counties one each.

ANDREWS COUNTY

Anderson-Prichard No. 1-A Fasken, 1,980 from the north, 660 feet from the east line of section 43-41-1n-G&MMB&A survey; 3,000 feet, rotary, Midland Farms field.

BORDEN COUNTY

George P. Livermore, Inc. No. 2 Jim Hodnet, 1,002 from the south, 467 feet from the east lines of the northeast quarter of section 45-25-H&T 7,000 feet, rotary, Reinecke field.

George P. Livermore, Inc. No. 3 J. C. Shepherd, 660 feet from the south and east lines of section 53-25-H&TC; 7,000 feet, rotary, Reinecke field.

P. R. Rutherford No. 1 A. O. Murphy, 467 from the south, 660 feet from the west lines of the southeast quarter of section 66-25-H&TC; 7,500 feet, rotary, Reinecke field.

P. R. Rutherford and Heep No. 4-A T. L. Griffin, 467 from the south, 2,413 feet from the east lines of section 58-25-H&TC; 7,500 feet, rotary, Reinecke field.

COCHRAN COUNTY

DeKalb No. 9 Reed-Wright estate, 440 feet from the north and west lines of labor 2½, league 96, Mills CSL survey; 5,000 feet, rotary, Levelland field.

NEWS FROM MURPHY

BY MRS. BEN WEATHERS

Mr. and Mrs. Clint Barrett were guests Sunday in the M. L. Taylor home at Slaton.

Mr. and Mrs. Gordon Conkle and family of Lamesa were Sunday visitors of Mr. and Mrs. J. Conkle and family.

Mr. and Mrs. Howard Franklin and family visited Sunday in the Edd Franklin home.

Mr. and Mrs. Herbert von Roeder of Uvalde were week-end guests in the J. E. Sorrells home.

Mr. and Mrs. Loyd Murphy, Marvin Key and Ben Weathers returned over the week end from a ten-day deer hunt near Harper, Tex.

Mrs. Charles Marr left Sunday for California to be with her daughter who has a son reported missing in action in Korea.

Miss Rosa Lee Franklin spent Monday night with Jaunda Franklin near Snyder.

Members of the Knapp Church wish publicly to thank Mrs. Ella Richter, Rudie Richter, F. M. Miller, Scurry County Butane and Mrs. Andy Trevey, for their gifts to the church in helping complete the parsonage, buying furniture, the drilling of a water well and the installation of an electric pump.

Mr. and Mrs. Harley Smith visited Sunday with Mr. and Mrs. Hawley Weathers of Clovis, N. M.

Mr. and Mrs. Doc Franklin and family have moved from California recently to make their home here.

Mr. and Mrs. Clint Sellars and family were visitors Sunday in the Ed Murphy home and attended Sunday School and church in the community.

Mr. and Mrs. Andy Trevey accompanied Mr. and Mrs. Hoyle Cary to Fort Worth the early part of the week.

Mr. and Mrs. C. N. von Roeder of Snyder visited Saturday in the J. E. Sorrells home.

A pie supper sponsored by 4-H club members will be held at the Union school house on Dec. 1. The supper is to start at 7 o'clock that evening, with proceeds to be used by both boys and girls clubs.

Twentieth Century To Mrs. West's Home For Thanksgiving Program

Mrs. Goldie West of the Ennis Creek community entertained the Twentieth Century Study Club yesterday in her country home, the members driving out for a special Thanksgiving program.

Mrs. I. W. Boren led the study session. Mrs. W. D. Harral spoke on the first Thanksgiving, with Mrs. Fritz R. Smith, Jr., telling a Thanksgiving story. Mrs. J. Nelson Dunn discussed social life in the early American home.

Mrs. West served her guests a salad plate with cake and cream, hot tea.

A guest present was Mrs. J. P. Purcell. Other members there were Mrs. H. J. Brice, Mrs. Waldo Montgomery, Mrs. Ola B. Leath, Mrs. J. E. LeMond, Mrs. Ernest Sneed, and Mrs. Joe Strayhorn.

The group will next meet with Mrs. W. H. Cauble, 1211 Twenty-eighth Street.

Former Fluvanna Man Holds Family Reunion

A reunion of members of the R. L. Lightfoot family convened in Sweetwater last week end. Mr. Lightfoot is a former resident of Fluvanna.

Present at the family gathering were his two sons, J. J. Lightfoot and Bill Lightfoot and their families. Four daughters were present, Mrs. Jim Canton and Mrs. Elmer Bradshaw of Sweetwater; Miss Myrtle Lightfoot of Midland, and Mrs. Bell Jackson of Leonard, Tex.

T. A. Lightfoot, Mr. Lightfoot's oldest son, was unable to be present.

E. Richardson, owner of the Hub Cafe, Lamesa Highway, is out of town this week visiting relatives in Mississippi. Mrs. Richardson, who is managing the cafe in his absence, expects to undergo surgery upon his return.

PERSONALS

R. L. Lightfoot of Sweetwater and his daughters, Miss Myrtle Lightfoot of Midland, and Mrs. Bell Jackson of Leonard, Tex., visited last week end with Mrs. Ethridge Strickland and Mrs. J. E. Smith.

Jerome Sneed of Austin stopped in Snyder to visit with Herschel Derby, Bolger-Barnes Funeral home, one day last week. Mr. Sneed is an active figure in Texas politics, once having held the post of chairman of the state Democratic party.

Howard Bolger is recuperating at her home following minor surgery over the week end.

Mrs. H. W. Sanders, 2412 Thirty-eighth street, went to Lubbock where she was accompanied by her daughter, Mrs. Richard Bank.

Mrs. K. Mitchell, 3010 Avenue W, is in Lubbock where she is recuperating from a heart attack in a hospital.

A. J. Lemon, 2911 Avenue Y, is in Hendrick Memorial Hospital in Abilene, where his condition is reported to be improved after a recent heart attack.

Mr. and Mrs. Lee Smyth and Mrs. John Spears went to Lubbock Monday.

Mrs. E. E. Wallace, 2911 Avenue Y, is in Lubbock where she is visiting with her son and family, Dr. and Mrs. Grady Wallace. She was accompanied by her daughter, Mrs. Weldon Johnson, who has returned to her ranch home here.

Mr. and Mrs. Elmo Crowder over the holidays entertained Mr. and Mrs. Willie Gibson and family of Las Cruces, N. M., Mr. and Mrs. Northam Crow of Anson, and Marshall Gibson of Post. The Gibsons also spent some time with Mr. and Mrs. George Gibson.

There's only ONE graded margarine

Durkee's Own grade AA

WHAT GRADE AA MEANS TO YOU

Durkee Guarantees

- Mild, delicate flavor
- Purity of ingredients
- Country-freshness
- Nourishment (15,000 units of Vitamin A)
- Smooth texture for spreading
- Triple wrapped for sealed-in flavor

The exclusive Grade AA rating for Durkee's Margarine has been established for your protection by Durkee's own Research and Control Laboratories. Every pound must measure up to its exacting standards before it can be stamped Grade AA!

5 Reef Tests Ready to Drill In Scurry

New Locations for five reef lime tests have been staked for immediate drilling in Scurry County.

The Kelley-Snyder field claimed two of these new explorers. Rotary tools will be used to drill both of them to 7,000 feet.

P. L. FULLE R

The Texas Co. No. 103 Fuller is located 475 feet from west and 909 feet from north lines of section 497, block 97, H&TC survey and ten and one-half miles north of Snyder.

MRS. BROWN

The other new test in the Kelley-Snyder ield is Standard Oil Co. o Texas No. 4-13 Mrs. Jessie W. Brown. Drillsite is nine miles north o Snyder and 2,253 feet from west and 467 feet from south lines of section 495, block 97, H&TC survey.

Lion Oil Co. is scheduled to drill a 6,900-foot project in the Diamond M-Canyon field of Southwest Scurry County.

NO. 4 BYNUM

It will be No. 4 Bynum and is located 662 feet from west and 663.78 feet from south lines of section 178, block 97, H&TC survey.

H. H. EILAN

About seven miles west of Snyder and in the Diamond M-Canyon pool, Newman Brothers Drilling Co., Alaska Steamship Co., & Calvert Corp. spotted No. 8 H. H. Eiland.

Location is 340 feet from south and 1,530 feet from east lines of section 202, block 97, H&TC survey.

C. V. THOMPSON

Sunray Oil Corp. No. 5 C. V. Thompson is a new location in the Sharon Ridge-Canyon field of South west Scurry County.

Drillsite is 2,173 feet from west and 467 feet from south lines of section 101, block 25, H&TC survey and 12 miles southwest of Snyder.

Projected depth is 7,500 feet and rotary tools will be used to drill this test.

8,500-Foot Wildcat In Midland to Test Sand

James H. Snowden of Fort Worth and associates No. 1 C. A. McClintic is to be an 8,500-foot wildcat in Northeast Midland County to try to develop production from the Spraberry sand.

It is located 990 feet from north and 2,310 feet from west lines of section 58, block 37, T&P survey, T-2-S. It is on a farmout from Gulf Oil Corp.

The drillsite is four and one-half miles southwest of the Germania field.

The prospector will be 11 miles east and slightly south of the City of Midland. Operations are to begin at once.

Wilshire Terry County Well Below 8,942 Feet In the Dean Sand

Wilshire Oil Co. No. 1 Brownfield, East-Central Terry County wildcat, four miles east of the town of Brownfield, and four miles northeast of the Brownfield, South-Canyon field, called the base of the Spraberry section 8,570 feet.

That is on a datum of minus 5,300 feet and makes the Wilshire prospector 58 feet higher in the base of the Spraberry than the same marker in Union Oil Co. of California No. 1 Cotton, the discovery well of the Brownfield, South-Canyon field.

Wilshire No. 1 Brownfield is now drilling below 8,942 feet in the Dean sand. That zone is, not showing any signs of petroleum.

The exploration is slated to dig to 11,000 feet, if necessary, to explore the reef lime in the Pennsylvanian.

Location is 660 feet from south and east lines of the northeast quarter of section 61, block T, D&W survey.

Nelson Bunker Hunt No. 1 Brownfield, three miles southeast of the town of Brownfield and two miles northeast of the Brownfield, South-Canyon field, has reached 9,036 feet in a lower Permian lime and was making more hole. No recent geological information has been released on this project which is also slated to test the Pennsylvanian reef lime.

Location is 1,980 feet from north and west lines of the north half of section 74, block T, D&W survey.

Ellenburger Wildcat Scheduled in Sutton

E. B. Fletcher of Dallas staked location for a 4,200-foot Ellenburger wildcat in East Sutton County.

The prospector will be drilled as the No. 1 C. W. Adams.

Drillsite is 660 feet from south and east lines of section 66, block A, GWT&P survey.

Atlantic Refining Co. will support the operation which is on a 957-acre lease.

It will be two and one-half miles southwest of J. K. Davis No. 1 Mrs. W. Faulkner, Pennsylvanian lime discovery in West Kimble County almost on the Sutton County line and 22 miles west of Junction and 30 miles east of Sonora.

Athletic Argentine

MONTREAL. (AP) — Argentine consul Augustine Nores Martinez regularly gives boxing lessons to the younger members of the consulate here. Recently he rowed a boat 130 miles from Montreal to Ottawa, taking five days for the trip.

Football Letters, Sweaters To 44 Tigers, 22 in Junior High

Football lettermen for the Snyder high school Tigers, "B" Tigers and for the Kittens in Snyder Junior High School totaling 64 boys were announced today by Coach Speedy Moffett.

On the "A" squad, 16 seniors won letters, and 10 juniors. On the "B" team 16 men were lettered and 22 boys at Junior High School.

Jackets and letters of a value totaling $15 will be awarded seniors on the "A" squad, similar jackets and letters valued at $10 each will be given to Juniors on the "A" team, and sweaters will be awarded to members of the "B" team and Kitten lettermen.

Measurements for the "A" squad jackets were being taken in the high school gymnasium today.

LETTERMEN

Senior "A" squad lettermen who have finished their Tiger football careers by winning their letters this year are:

Ends Don Head, two-year lettermen; Lowell Bearden, three years; Wendell Autry, one year; Manuel Hedges, two years;

Tackles Jerry Allen, one year; Arlen Stokes, two years;

Guards Lowell Bynum, two years; Billy McCormick, three years; and Ed Frank Bayouth two years;

Center Grant Teaff, three years

Backs Max Coffee, three years; Franklin Wood, three years, Benny Simms, three years; and Billy Hicks, one year. Managers Jay Fish, one year; and Ray Weber, one year.

Under-classmen lettering this year on the Tiger "A" team are:

Ends Bill Voss, two years; Tackle Don Keller, three years; W. G. Birt, one year; and R. W. Thornton, two years.

Guards: Curtis Tate, two years; and Armin Hegenheiser, one year.

Backs N. J. Harrison, three years; Clifford Green, one year; Jackie Grimmett; one year, and Ronnie Weber, one year.

All are juniors except Sophomore Curtis Tate, and Freshman Jackie Grimmett.

"B" squad lettermen to get sweaters are Royce Pearce, Jimmy Simmons, Keith Pitner, H. M. Walker, A. C. Floyd, Buster Moss, Robert Glass, Ray Parks, Arthur Bradford, Bill Cain, Melvin Harrington, Jimmie Rogers, Vernon Hartwell, Harold Warnicke, Bob Bernice, and LaNord Bayouth.

The 22 junior high school Kitten lettermen for this season are: Gene Proctor, Frankie Minton, Dale Nolan, Morris Hataway, Claude McCormick, Jr., Robert Hagens, Stephen Blair, Bernie Hagens, Gerald Crawford, Hoyle Dean Strickland, Norman Grimmett, Kenneth Shrum, Jesse Scott, Jackie DeShazo, Hilton Horton, Billy Thomas, Donley Cook, D. C. Carper, Robert James, Douglas James, Marshall Neatherlin, and Johnny Roberts.

Pumper Completed In Salt Creek in Kent

Humble Oil & Refining Co. has completed its No. 1 Lela Knight, et al, as a small pumping producer from the Pennsylvanian reef lime on the south side of the Salt Creek field in Northwest-Central Kent County, seven miles west of Clairemont.

The well reported a pumping potential of 57.25 barrels of 39 gravity oil, plus six per cent water. The production came from perforated section at 6,477-94 feet. That interval had been treated with 2,000 gallons of acid.

This project drilled to a total depth of 7,532 feet in the Ellenburger. Casing was cemented at 7,518 feet. The Ellenburger open hole section was tested and failed to show any oil — despite the fact that it had previously been reported through error that it had made 75.6 barrels of fluid, which was 63 per cent oil and 37 per cent water.

That fluid was made from the reef lime on a preliminary test, after the project had failed in the Ellenburger and been plugged back to the higher section.

Reports from the operation were garbled and the oil and water on that test was credited to the Ellenburger when it should have been shown as coming from the reef.

The well is 365 feet from north and 467 feet from east lines of section 115, block 5, W&NW survey.

Tallest Rookie

MONTREAL. (AP) — Bud MacPherson, rookie defenseman of the Montreal Canadians, is the tallest player in the National Hockey League. MacPherson, a 23-year-old rear-guarder who was brought up from the Cincinnati farm team of the Canadians, stands six feet, three inches.

Named for Video Star

MIAMI. (AP) — J. J. Colando's promising juvenile race horse was named for television's Uncle Miltie —as comic Milton Berle describes himself. Uncle Miltie—the horse, that is—will be raced in Hialeah's Flamingo Stakes this winter in preparation for the Kentucky Dereby.

Field Extension To Tex-Harvey Completed; Four Locations Set

El Tee Oil Co. has completed its No. 1-11 as a northeast extension to the Tex-Harvey field of Central-East Midland County, and Olsan Brothers, Inc., has staked location for four explorations in that area.

The El Tee extender was completed for 219.86 barrels of 36.7-inch gravity oil on 24-hour flowing potential through an 8-16-inch choke.

Production is coming from open hole at 7,707-7,280 feet in the Spraberry sand.

That section was shot with 60 quarts of nitroglycerin.

Gas-oil ratio on the potential test was 660-1. Casing pressure was zero and tubing pressure 60 pounds.

No formation water was found in the hole.

Olsan Brothers, Inc. will drill the No. 1 through No. 4 Boone-Perkins in the northeast side of the Tex-Harvey field.

No. 1 Boone-Perkins will be drilled 663 feet from south and 667.5 feet from west lines of section 12, block 37, T-3-S, T&P survey.

No. 2 Boone-Perkins is set for spudding 663 feet from south and 2,002.1 feet from west lines of the same section, block and survey.

Olsan Brothers scheduled the No. 3 Boone-Perkins to be drilled 663 feet from south and 2,001.9 feet from east lines of section 12, block 37, T-3-S, T&P survey.

No. 4 Boone-Perkins will be dug 663 feet from north and 2,005.5 feet from east lines of section 12, block 37, T-3-S, T&P survey.

All four are contracted to go to 7,300 feet and are within one mile of the El Tee No. 1-11 L. B. Floyd.

Wildcat Location Made In Tom Green County

John K. Dorrance, trustee of Houston has staked location for No. 2 C. D. and C. L. Atkins, which is to be drilled as a wildcat in Southwest Tom Green County.

The explorer, projected to 7,300 will be drilled 3,300 feet from south and 760 feet from west lines of P. H. Johnson survey 949½.

That makes it one and one-quarter miles northwest of the same operators No. 1 Atkins, which was plugged and abandoned at 3,256 feet.

The No. 2 Atkins will be seven miles northwest of Christoval.

No. 1 Atkins was 466.6 feet from north and west line of Robert Smith survey 98.

Southpaw Horse

MIAMI (AP) — Left-handed pitchers, football passers, tennis players and now a southpaw horse. He is Piet, winner of four major stakes in 1950 and now being pointed for Hialeah's big races. Piet runs his best only when whipped on the left flank, and actually pulls up when the bat is applied to the right side.

"As a result," his trainer explains, "I must use left-handed jockeys."

Hunts at Her Home

SAULT STE. MARIE, Ontario. (AP) — While her son was away on a hunting trip, Mrs. W. T. Scott bagged a partridge in her apartment building. Attracted by her dog, she found the bird on the stairs and it flew up and stunned itself on a window transom. There was no clue as to how it got in.

LEGAL NOTICE

NOTICE
BY THE BOARD OF WATER ENGINEERS OF THE STATE OF TEXAS

Re: Annexation of City of Snyder to Colorado River Municipal Water District; TO THE CITIZENS AND OWNERS OF PROPERTY IN THE TERRITORY COMPRISING THE CITY OF SNYDER, TEXAS:

Notice is hereby given that on the 22nd day of November, 1950, the Board of Water Engineers of the State of Texas adopted a resolution providing for a hearing to determine whether the territory comprising the City of Snyder, Texas, will be benefited by the improvements, works and facilities now owned or operated or contemplated to be owned or operated by Colorado River Municipal Water District. In the event that said territory is annexed to said District, the Board of Water Engineers has fixed the time and place for said hearing, to-wit: at Austin, Texas in the office of the Board of Water Engineers of the State of Texas, at 10:00 o'clock A. M. on Monday, December 11, A. D., 1950.

All persons interested may appear at such hearing and offer evidence for or against the intended annexation. The hearing will proceed in such order and under such rules as may be prescribed by the Board of Water Engineers of the State of Texas. If at the conclusion of the hearing the Board of Water Engineers finds that all of the land in such territory would be benefited by the present or contemplated improvements, works or facilities of the District, the Board will adopt a resolution calling an election in the territory to be annexed, stating therein the date of the election, the place or places of holding the same, and providing for the necessary election officials.

Given under my hand and the seal of the Board of Water Engineers of the State of Texas, this the 22nd day of November, A. D. 1950.

A. W. McDONALD, Secretary.
Board of Water Engineers of the State of Texas.
