City-wide garage sale coming soon

June 1 is the deadline to sign up for this year's City-Wide Garage Sale, so if you're planning to take part, notify the Chamber of Commerce before then and start pulling those bargains out of the basement, attic or closet.

The event will be held all day Saturday, June 10.

The first City-Wide Garage Sale last year put $30,000 into the coffers of local families and businesses during the day as people from throughout the Panhandle and eastern New Mexico came here for the widely advertised event.

"Our goal is again 100 family garage sales as well as a flea market and sidewalk sales all on one day," said Delores Heller, executive director of the Chamber of Commerce.

The participation fee is $10, payable at the Chamber of Commerce office. For that fee, your garage sale will be listed on maps for visitors, you'll get a yard sign, your sale will be advertised in all area cities and towns, and you'll be eligible to win $50 worth of Dimmitt Dollars.

Businesses, individuals and organizations also may rent rent spaces on the courthouse square for the downtown flea market. Fees are $15 for individuals and $50 for out-of-town businesses.

Two place at state contests

Two Castro County students won placings at the state level of competition in the University Interscholastic League academic contests held this weekend in Austin.

Cindy Albracht, a sophomore at Nazareth High School, placed second in A schools in newswriting. She had also won second at regional and first in district to advance to the state finals.

Wayne Schacher, a senior at Dimmitt High School, won fourth in accounting for AAA schools. He had placed first at regional and also at district.

School boards get new faces

Challengers outpolled two incumbents on the Dimmitt School Board in heavy balloting Saturday, while the Nazareth School Board picked up two new faces and the Hart School Board one.

A 10-person field of school board candidates prompted a big 825-ballot turnout in the DISD election, and the heavy vote carried over to the city and hospital board elections, which were held at the same polling site.

DISD voters favored two of the younger candidates in the field as newcomers Max Newman and Rick Wright outpolled incumbents Stanley Nelson and Sara Hill. Dr. James Sims was the only incumbent re-elected.

Newman led the ticket with 337 votes, while Sims received 326 and Wright 307. Stanley Nelson got 281 votes and Mrs. Hill 226, followed by Donny Nelson with 222, Mike Baca with 217, Charlie Summers with 148, Jerry Matthews with 145 and Kenneth Heard with 76.

In the Hart School Board race, where three men were running for two available seats, newcomer Albert Key led the ticket with 120 votes and incumbent Weldon Davis was re-elected with 109. Joe Torres trailed with 62.

In the five-man race for the Nazareth School Board, voters heavily favored Kent Birkenfeld and Joel Gerber for the two available seats vacated by Ed Ramaekers and Ronnie Hoelting. Birkenfeld received 106 votes and Gerber 105, while Jim Schmucker got 40, Chris Book 38 and Dale Brockman 31.

The only other contested race was for the Dimmitt Board of Aldermen, where four men were running for two seats. The only incumbent in the race, Richard Stahl, was re-elected with 454 votes and Robert Jones ran a strong second with 441. Miguel Velasquez received 133 votes and S. M. "Sam" Burke 74. There were 627 ballots cast in the city election.

Dimmitt Mayor Wayne Collins with 489 votes and Hart Mayor Joe Bailey with 84 votes both were re-elected, unopposed. Also elected without opposition were incumbent William Bell to the Hart City Commission with 85 votes and Cecil Hoelting to the Nazareth City Commission with 62 votes.

In the Castro County Hospital District election, incumbents Garland Coleman, James Welch and Etie McDermitt were re-elected without opposition. Coleman led the ticket with 921 votes at Dimmitt, 112 at Nazareth and 91 at Hart for a total of 1,124. Welch received 822 at Dimmitt, 102 at Nazareth and 77 at Hart for a 1,001 total. Mrs. McDermitt got 784 votes at Dimmitt, 98 at Nazareth and 61 at Hart for a total of 943.

City wants better TV cable service

MultiVision, Inc., the parent corporation of Dimmitt TV Cable Co., got bad reviews at Monday night's meeting of the Dimmitt Board of Aldermen.

Many residents have moved into the new Dimmitt Senior Citizen Apartments but they don't have cable service.

"We've had a flood of complaints," City Manager Reeford Burrous told the aldermen. "The phone company, electric company and gas company have all installed in plenty of time. I've called and called (the cable company), and have sent messages through the local office, but haven't had a satisfactory answer."

"Check and see if that's grounds to revoke their franchise," Alderman Don Sheffy said.

City Attorney Jack Edwards suggested that another cable system that serves Tulia and other area towns, and is now extending service to Nazareth, might be interest-

Youth suffers gunshot wound

Justin Gleghorn, 14, of Dimmitt, accidentally shot himself in the leg while target-shooting with a pistol north of Dimmitt Sunday afternoon, then wrecked his car while trying to drive home.

Gleghorn, son of Dwight and Jolene Gleghorn, 603 NW Fifth St., was reported to be in satisfactory condition in Amarillo's Northwest Texas Hospital Wednesday, after undergoing surgery twice to repair damage to his leg and restore circulation to his foot.

"They said they'd have me up and walking by tomorrow," the youth said from his hospital room Wednesday.

Sheriff's officers who investigated said Gleghorn was target-shooting alone, 75 yards northwest of the FFA Project Center barns on Northwest Fifth Street, using a .22 caliber Jana Bison German-made revolver, when he accidentally shot himself in the lower thigh. The slug, a relatively low-powered .22 "short," exited at the bottom of the youth's leg, officers said.

After the shooting accident, Gleghorn got into his parents' car and drove toward town, but started losing consciousness, officers said. His car struck the Tommy Portwoods' car which was parked in front of the Portwood home at 613 NW Fifth St.

Gleghorn drove on to his home nearby after the collision and his parents took him to Plains Memorial Hospital, where he received emergency treatment, then was transferred to Northwest Texas Hospital.

City police listed the damage as moderate to both the Gleghorns' 1979 Oldsmobile sedan and the Portwoods' 1988 Ford sedan.

Edgar Dennis and his friends, Ray Adams from Tulia and Doc Cross from Plainview, had a fun trip last week. They went to Turkey to the Bob Wills celebration, where they had a meal at the Turkey Hotel, which is the oldest standing hotel in Texas. It is being restored.

They joined several others for a wagon train trip after the Bob Wills celebration. They had fun, except for an incident in which one horse pushed another horse, causing the horse, the wagon, and the people in the wagon, to fall off a bridge into the creek. Edgar was there to help get them all out of the water.

One couple had a little bantam rooster, "Brother Joe," that sat on the seat of the wagon with them. They had to tie a string around his leg and tie it to the seat, because when he went to sleep, he would fall off the wagon. Everyone enjoyed watching "Brother Joe."

We Salute

Candidates and Voters

Let's take a little time here to count some of our blessings.

In China, students are rioting for more freedom.

In many regions of the Soviet Union, since the word *glasnost* came into the official state language, people are demonstrating for whatever bit of freedom they hope they can attain, proving that they still long for the independence their republics once had before they were engulfed by Russia more than 70 years ago.

In Panama, a corrupt government apparently is openly stealing a national election, even while being monitored by a US observer team that includes a former President.

Meanwhile, in our towns Saturday, we went to the polls and voted for our choices of candidates for school boards, hospital board and city governing boards.

Other voters just like us—not state officials—counted and tallied the ballots, and announced the results.

With that, the elections were over. As has been customary in our nation since 1776, the defeated candidates accepted the will of the majority, as did those who will serve on the boards with the newly elected members.

Had any of the elections been close enough, any individual candidate had the right to demand a recount. That right is built into the process. The recount would have been done by peers, with monitors if the candidates wanted them. But in the end, the rule would be the same: the majority prevails.

That's where the practice of our freedom starts—at the local ballot box, in the city and school and hospital elections.

Thomas Jefferson was quoted as saying that he felt sorry for any nation that didn't have an occasional revolution. But then he helped frame the immortal documents that gave our nation (call it what you will: a representative democracy, a democratic republic) a built-in way to conduct a revolution if need be—majority rule via the ballot box.

We were fortunate here to have a lot of good people running for local office in Saturday's election. All had volunteered to serve, and we're sure all would have served to the best of their ability.

At the voters' forum a couple of weeks ago, one candidate commented that one of the hazards of having so many good people willing to serve was that those who didn't get elected might be discouraged from ever running again. That was a well-phrased compliment to all the other candidates.

Now, our voters have spoken. The candidates have accepted the will of the majority, as is our custom.

We salute those who won, and those who lost. We're glad that each of you is a part of Castro County!

Letter

To: Editor
From: Jackie Marshall, Director, Northwest Texas OM Region
Subject: WONDERFUL DIMMITT PEOPLE!

Several years ago I met my first friends from Dimmitt when they became involved in Odyssey of the Mind competition in Canyon. From that time on I have always thought that Dimmitt was blessed to have such a fine group of students in their community.

April 8 in Canyon, at the Texas State OM Competition, those students reinforced my positive thoughts about them.

I was in need of help, and they gave of their time and came to my rescue. Their coach, David Keith, did not hesitate to work along side them and help get the job done. I truly didn't know all the people who had helped until it was over; therefore, I want to take this opportunity to say "THANK YOU DIMMITT for raising such a fine group of kids!"

You have a lot to be proud of. They represented themselves, their school district, and their community well. Your adult supervision in the OM program serves as a positive role model for your students. Many of them worked very hard to help make our State OM Competition one of the best yet.

I appreciate DIMMITT and their support. It's nice folks like you that make a program like Odyssey of the Mind work.

LARRY BROWN of Hart will compete at the State Track and Field Meet this weekend in Austin in the Class AA 100- and 200-meter dashes. The HHS senior sprinter was the runner-up in both events at the Region I-AA meet, clocking 11.0 seconds in the 100 and 22.3 seconds in the 200. Brown has broken the 11-second barrier in the 100 and the 22-second mark in the 200 this season.

During his first quarter of study, he was elected vice president of the club, and was named to the TSTI Dean of Instruction's Honor Roll.

Drerup is a 1985 graduate of Nazareth High School, and is the son of Joe and Imogene Drerup of Nazareth.

READY TO PLUG IN—Marvin Bryant and his son, Bruce, of Bryant Sales & Service finish installing electrical outlets in one of the new Dimmitt Senior Citizen Housing apartments on Northeast Fifth Street Saturday. The first residents of the 24-apartment complex moved in over the weekend, and the final units are being completed this week. The developers, S&S Properties, report that all 24 apartments have been rented and that a waiting list is being compiled to determine the feasibility of constructing a second complex the same size nearby.

Police Calls

Thefts, shoplifting and burglary highlighted criminal activity during the week.

Danny Newton, 1516 Ruskin, reported to city police Sunday that someone had taken his sheepskin tool pouch full of electrician's tools from the toolbox in his pickup bed during the night.

Newton estimated the value of the tools, pouch and belt at $500.

The tools included Klein and Matco screwdrivers, needle - nose pliers, wire cutter, lineman's pliers, wire strippers, nut drivers, chamel lock, adjustable wrench, open-end wrenches, refrigeration wrench, A/AM wrench set, conduit reamer and other tools.

Officers arrested a 25-year-old woman after a clerk at IGA Foodliner supermarket notified police that she had taken two cartons of cigarettes without paying for them. The clerk told police the woman put the cigarette cartons in her purse, then bought a carton of milk and walked out of the store. He detained her until police arrived. She was charged with Class B theft and jailed.

A clerk at Town & Country convenience store notified police Saturday afternoon that two males had made off with $12 worth of gas after paying for only $5 worth.

Gregorio Guerra Jr. of Hereford reported to the Sheriff's Dept. that someone had taken the hot water heater and refrigerator from a vacant mobile home that he owns at Coronado Acres. He valued the heater at $130 and the refrigerator at $500.

Joe Reyes Jr., 17, was jailed here Friday on a charge of unauthorized use of a vehicle. Officers said they were searching for a car reported stolen by David Keith of Dimmitt when they received a report that Dept. of Public Safety troopers had stopped Reyes for speeding near Brownfield, and that he was driving the missing car. DPS troopers impounded the car and held Reyes in the Terry County Jail until a Castro County sheriff's deputy could pick him up and transport him here. The Dimmitt Police Dept. filed the charge, since the incident occurred inside the city. Keith picked up his car at Brownfield, officers said.

*

City police found an abandoned, wrecked car at 1:40 a.m. Sunday near a curve at the intersection of East Halsell and Northeast Eighth Streets.

Officers said the vehicle had been westbound toward town on the unpaved "city dump road" and had failed to make the curve where Northeast Eighth meets East Halsell. The car, a 1975 Chevrolet Impala four-door, overturned and came to rest on its top, 126 feet from where it left the roadway, officers said. Damage was listed as heavy.

The accident was not reported to police, and the driver and any passengers in the car left the scene, officers said. Stanford's Body Works was called to tow the car to its lot.

They estimated that the accident occurred between midnight and 1:40 a.m. Sunday, and traced the vehicle to a Hart owner.

Dollar day stimulates town economy

The special Dimmitt Dollars Day last Thursday generated additional business for at least one merchant and put a few dollars back in the pockets of shoppers.

Dimmitt Chamber of Commerce Executive Director Delores Heller said that $1,760 in Dimmitt Dollars were sold that day, and noted that most of them were redeemed at Thriftway and IGA Foodliner grocery stores.

However, Walter Linville, owner of Maria's Mexican Food Restaurant, said he did an additional $200 in business that day, as well.

"I felt like it really paid off for us," he noted.

Heller said that nine businesses have redeemed dollars that were spent that night, and added that some of the dollars had been circulated to several places before being redeemed three or four days later.

"A lot of shoppers said they really liked the Dimmitt Dollars, and especially the extra dollar value offer," Heller said, adding that the extra value offer probably will not be repeated.

City pool will open

The city swimming pool in Dimmitt will be opened this summer, with the Immaculate Conception Catholic Church overseeing its operations through Rev. Norbert Choong, pastor.

First day of swimming is scheduled for June 3, and it will be open through Sept. 4. Swimming hours will be divided into two sessions, 1 to 6 p.m. and 6 to 9 p.m., seven days a week. Admission charge will be $1 per session.

Rev. Choong said that the pool will be available for private parties on Mondays through Fridays, only from 6 to 9 p.m., at a charge of $50 per session. Two weeks advance notice is required, along with a $20 deposit that is non-refundable for no-shows.

Rules for the pool's operation include that not more than 125 will be admitted at any one time, no alcohol will be permitted, no food or drinks in the pool, no radios or musical instruments of any kind, and no disorderly conduct.

One full-time lifeguard, and possibly two, will be on duty for the early session, and a team of adult volunteer lifeguards will man the late sessions. Rev. Choong said that at present, eight men are preparing to become certified lifeguards.

In case of rain, tornado watch or severe thunderstorm, the pool will be closed immediately. Patrons who have been admitted for less than an hour before such closure will be given a refund of $1, or $50 in the case of a private party.

A concession stand and a drink machine will be available, and the operator may provide some background music if feasible and acceptable to the patrons.

Brad Buchanan and Tawna Burrus

May wedding set

Tawna Elane Burrus, daughter of Mr. and Mrs. Robert Burrus of Vernon, is engaged to Bradley Dee Buchanan of Dimmitt, son of Lynn Buchanan and the late Brenda Buchanan. He is also the grandson of Laverne Bernethy of Dimmitt.

The couple have set their wedding for May 20 at 2 p.m. at the First United Methodist Church of Canyon. They plan to reside in Canyon after the wedding.

The bride-elect is a 1987 graduate of Vernon High School and attended Vernon Junior College and West Texas State University. She is an employee of Palo Duro Canyon State Park.

The prospective groom is a 1988 graduate of Dimmitt High School, and is majoring in accounting at WTSU. He is a full-time student, and is completing his freshman year.

Stewart gets musical and academic honors

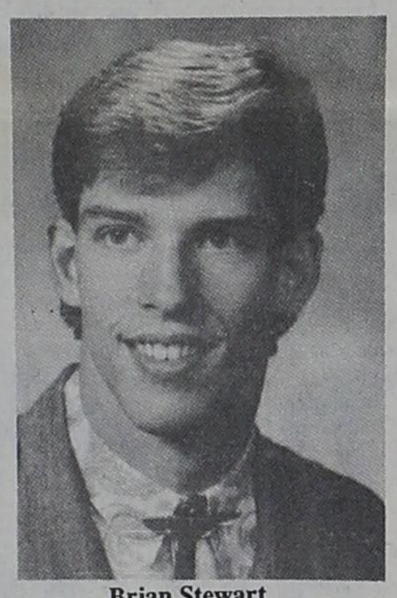

Brian Stewart, a senior at Dimmitt High School, won several honors recently.

The United States Achievement Academy honored Stewart as a United States National Award winner for honor roll and leadership achievement, and as an All-American Scholar for academic accomplishments.

To qualify for the scholar award, a student must earn a 3.3 or better grade point average, and must be recommended by a teacher, counselor or sponsor.

Stewart was recommended by high school counselor John Thomas, and will appear in the official academy yearbook, published nationally.

DHS Band earns superior rating at SA festival

The Dimmitt High School Band and Show Choir both traveled to San Antonio this weekend to participate in the Yellow Rose Classic, but came away with entirely different results.

The band received a superior rating and a plaque naming them a first place concert band.

However, the choir was unable to perform because of a mix-up.

Choir director Dwight Joiner said that the choir portion of the festival was "very disorganized and lacking in communication."

He related that the choir did perform at their hotel, the Aloha Inn.

"We rehearsed at poolside, and received some very nice comments," Joiner said. He also reported that the choir was complimented on their behavior at many of the places they visited.

Real Joy!

Unbounded joy! The joy of discovering new things. Each day bringing new wonders. All of life . . . so new . . . and exciting. God has been so wonderful. We have so much to appreciate. Living each day being thankful to God for all the wonderful things that he has given us. Attend church each week and know the "REAL JOY" of worshiping God.

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Curtis history book not authorized locally

A proposed county history book being promoted by a nationwide publishing firm is not a locally authorized project, the chairman of the Castro County Historical Commission said this week.

Curtis Media Corp. of Dallas and Sioux City has announced plans to publish a Castro County history book and has been advertising for local representatives to apply.

But that book would compete with Volume II of *Castro County, Texas*, an authorized centennial history book that's already in progress by the Historical Commission, Chairman Teeny Bowden said. The locally produced history book is scheduled to be issued in 1991, the county's centennial year.

"More than 20 assignments already have been made for the history book that the Historical Commission will publish," Mrs. Bowden said. "Work has been underway on it about three months."

She added, "Volume II will concentrate more on our ranching heritage and the livestock industry than Volume I did, will update many family histories and will add new family histories."

Mrs. Bowden said the proposed Curtis history book is not authorized and would not be locally produced.

"As I understand it, they do virtually all of their work over the phone, and their company collects and controls the money involved in the project, and also controls the conditions under which the book would be published," Mrs. Bowden said.

By contrast, she said, all money involved in the production of Volume II of *Castro County, Texas* stays under the control of the Historical Commission and is meted out to the publishing company at different stages of production.

A representative of Taylor Publishing Co., which produced *Castro County, Texas*, will be here June 1 to consult with Historical Commission members about the new volume's production schedule, Mrs. Bowden said.

"As to this other proposed history book, I would not vouch for its accuracy, cost or the reputation of the company producing it," she said.

I would like to thank everyone for their support and for the great election turnout!

Sunnyside

By Teeny Bowden, 647-5703

Johnnie Wayne Holbrooks, son of Toots Holbrooks and a former resident of the community, is being honored by the Caprock Peace Officers Association at their 41st annual meeting by dedicating their Rattle Snake Rodeo and Barbecue May 11 to him. Johnnie Wayne has served for 15 years in the association as a Lake Ranger for White River Municipal Water District and secretary-treasurer of the association. The J.C. Holbrooks (Slick and Toots) moved to the community from near Weatherford to work for Buford Haydon when the children were small. Toots joined the Sunnyside Church Aug. 15, 1948, and Slick joined Feb. 4, 1951. The children all joined also: Freda in 1950, Johnnie Wayne in 1951, Jeanette in 1952, and Betty Sue in 1958, all by baptism. Slick was still a member at the time of his death, and Toots is still a member.

The Llano Altos Baptist Men's Association Rally was held at the Sunnyside Baptist Church Tuesday night. Supper was a little short, since we had planned to feed 50, and 92 attended. We didn't know it was supposed to be family night until too late to take care of the extra, but the ladies managed, using food from the emergency pantry. Jerry Smith, director of the High Plains Baptist Assembly in Floydada brought the message, and everyone enjoyed the program.

Debra Fletcher went with members of the Lee Street Baptist Church to attend WMU Day at the Floydada Camp Monday morning.

Deputy Joe Hoard completed the "Crimes of the Occult" program Thursday night at the Neighborhood Crime Watch Program. The weather warnings kept a lot at home, but several attended—Rev. David Fletcher, James and Joan Norrell, Verba Sadler, Tenny Bowden, Jo Eddy Riley, Don Fry, Mike Fry and Tyson Cowley.

Don Fry, Mike Fry and Tyson Cowley finished the roofing of the church house this week by enlisting Ed and Dione Steffens Saturday to take Tyson's place.

Rev. David and Debra Fletcher and Ezell and Verba Sadler received letters this week from Toots. She is still having a good time, and is feeling better.

Ronnie Blanton is about the same at the latest report.

Becky Ott's father, Eldon Gulley, had an angiogram that showed he needed surgery, but since he is not able to undergo open - heart surgery, they will treat him with medicine.

Lacy Loudder was taken on her first fishing trip by her grandparents, Dwayne and Roxie Loudder, to Stamford Lake Friday and through the weekend, since there was no school on Friday. Last Sunday, she had a dance recital (ballet and tap) and won an award for the most improved student in class.

Rev. David Fletcher, Debra and the kids spent Thursday night and Friday in Lubbock just vacationing to take advantage of no school on Friday.

Gary and Linda Marr, Brady and Coby of Lockney had supper and visited with Rev. David Fletcher and his family Saturday night. Debra's sister and family visited with them Friday night.

Emma Jean king visited with her mother, Ruby Orr, in Happy Thursday to help her get her business taken care of.

Larry Sadler and his family, except for Carrie, and Teeny Bowden had supper Monday night and their guests included a cousin, Vallie Taylor of Glendale, Ariz., and a friend of all, Martha Edwards of Plano. Vallie and Martha, Ezell and Verba visited briefly Monday morninng with Teeny. Verba and Martha and Vallie visited with Alton and Betty Monday afternoon. Teeny, Verba, Vallie and Martha ate out at K-Bob's Tuesday, and Ezell and Verba put them on the plane to Phoenix Wednesday morning. Vallie spent Tuesday afternoon with Teeny.

Teeny Bowden visited with Pati Guffee and two helpers Wednesday morning, and watched as bus after bus of 50 or so students came to see the mammoth. There was not time to go out for dinner, so Pati sent out for dinner for four. Eddie was working at the POW Chapel. It took me two hours to copy the different out-of-state towns from the register, but I was impressed with the intelligent questions the students were asking, their conduct, and the patience of the one principal or superintendent who came over again and again with different teachers, and how interested he was in teaching the kids.

Jessica Wilson won first place in fourth grade oral reading in recent UIL academic competition. Samantha Wilson won first for seventh grade impromptu speaking. She and Robin Bridges were also contestants in oral history.

Eighth grade sets banquet

The Dimmitt Middle School Eighth Grade Banquet and Dance will be held Saturday from 7:30 to 11:30 p.m. at the Expo Building. Anderson Studios will be taking pictures from 6:30 to 7:15 p.m.

The school board has requested that no formal attire be worn, "i.e., tuxedos and/or formal prom dresses." Appropriate attire would include "nice dress clothes," such as suits or slacks and sports coats for boys, and dressy dresses (such as might be worn to church) for girls, according to a class sponsor.

Anyone who leaves the banquet will not be allowed back into the building, and will no longer be the responsibility of the school.

The class sponsors invite all parents and class members to come and help with decorations Friday from 4 p.m. until finished.

Nazareth plans athletic banquet

The Nazareth Boosters met Monday night and elected officers and completed plans for this year's athletic banquet.

Suzanne Farris was elected president, and a vice president was named for each sports activity.

The athletic banquet will be May 22 at 7 p.m. in the Community Hall.

School board taps Schaeffer

At the Monday night meeting of the Dimmitt school board, newly elected members Max Newman, Rick Wright, and re-elected incumbent Dr. James Sims were sworn in, and officers were elected.

David Schaeffer was elected president over the other nominee, Sims. Cheryle Pybus was elected vice president and Arlie Petty was named secretary, both by acclamation.

Schaeffer said he wanted the board's theme for the coming year to be "team work," with the emphasis on individuals working together, but not trying to be "clones." He requested that building principals try to be present at each board meeting, and that the professional staff present reports on the progress in their various departments.

He also asked that the board renew the custom of having coffee with staff members on selected mornings, in order to give the staff and the board an opportunity to get better acquainted and to open the lines of communication between them.

Sims suggested that board members try to attend as many special activities as possible, because, "It really means a lot to these kids when we care enough to show up."

Board members viewed the specifications prepared for the bidding on the boiler replacement and asbestos removal. Business administrator Gene King reported that six potential bidders attended the pre-bid conference and walk-through.

Guidelines were adopted for teaching algebra in eighth grade next year.

Seventh graders will be ranked on the basis of their score on the Arleans-Hanna Algebra Prognosis test, their score on the Comprehensive Test of Basic Skills, their TEAMS scale score, their current grade average through the fifth six weeks, and a recommendation by their seventh grade math teacher.

If enough students qualify, two sections of Algebra I may be made available. Otherwise, only the top 20 to 25 will be accepted.

Parents and students must sign a letter of agreement, and maintenance criteria must be met.

The student must maintain an 80 average per six weeks, and any falling into the 70 to 80 range will have mandatory tutorials and a parent conference. If improvement is not made by the next reporting period, the student will be placed in eighth grade math.

A student who falls below a 70 average will be placed in eighth grade math. However, in the event of unusual or unforeseen circumstances, exceptions may be made by the building principal with the approval of the superintendent.

Students taking Algebra I in eighth grade will still be required to earn three math credits in high school.

Guidelines were also adopted governing college courses offered for both college and high school credit.

Students may enroll in approved college courses and receive credit toward high school graduation. In order to take the courses, the student must have an overall 80 average or above in completed high school courses, must have at least 19 high school credits, and must have the approval of the high school principal and the college director of admissions.

Courses that may be offered for dual credit must be in one of these fields of study: English, math, science, US Governement, foreign languages, computer, economics/free enterprise, and history.

College courses will count on the advanced level grade point scale, and will be counted toward overall class rankings. No more than four credits may be obtained in this manner. One college course will count as one-half credit toward high school graduation.

In an executive session, the board accepted the resignations of Tina Burrell, sixth grade science teacher, and John Thomas, high school counselor. Thomas has been offered the position of assistant middle school principal at Lamesa.

Also, Sue Summers, part-time special education teacher and part-time homebound teacher, was reassigned to the position of high school counselor.

In other business, the board approved a tax abatement agreement with American Fructose Corp. The agreement is designed to protect the participating taxing entities in the event that American Fructose fails to complete its proposed expansion.

Board members approved two projects — a concrete monument encrusted with the letter "D" in honor of the Class of 1989, and the burying of a time capsule for the Class of 2000.

The annual contract with the Education Service Center, Region XVI in Amarillo was renewed at a cost of $3,190. Services from the center will include use of its film and video library.

Commissioners have lengthy exec session

Castro County's commissioners spent most of their meeting Monday behind closed doors.

They went into executive session to discuss a personnel matter at 11 a.m., skipped lunch, and didn't resume their open meeting until 2 p.m. The commissioners took no formal action after the executive session.

The commissioners called in electrician Danny Newton to help them decide whether a used 60KW generator which Dale Winders of Precinct 2 and Vincent Guggemos of Precinct 4 had bought and overhauled to provide emergency power to the jail would be big enough to power the entire courthouse.

Newton said he would study the power, location and safety options and make a recommendation at the court's next meeting.

The commissioners transferred funds within the Sheriff's Dept. to pay prisoner costs, which County Judge Polly Simpson said have "tripled." They also made other line-item transfers of funds within different departments and offices upon the recommendations of County Auditor Shirley Brockman.

The commissioners granted a request by Orbin "Dugan" Nowell of Dodd that the county deed back to him 4.1 acres which he had deeded to the county years ago for road right-of-way. When the road was rebuilt and paved, it was found that the right - of - way acreage wasn't needed, Nowell explained.

CofC to award $4,250 in cash plus plane trip

The Dimmitt Chamber of Commerce will award cash prizes of $2,500, $1,000, $500 and $250 and two round-trip tickets to any city in the continental US served by American Airlines in a fund-raising raffle.

Tickets are to go on sale this week at $100 each. Only 100 will be sold.

Winners' names will be drawn June 15, during a concert on the courthouse square by the Country Caravan from South Plains College.

Purpose of the raffle is to raise money to pay on the mortgage of the Chamber of Commerce office building, President Garland Coleman said.

The cash prizes will be paid in Dimmitt Dollars, which will be good at virtually all stores in town, Coleman said.

(Editor's Note: Newspapers may now publicize raffles by non-profit organizations. The promotion of any "lottery"— even church-sponsored bingo — through the US mail was prohibited by postal regulations for many years, but Congress repealed the law, effective May 1.)

More about City aldermen . . .

(Continued from Page 1)

ed in serving Dimmitt.

MultiVision, Inc., headquartered in Kansas and Missouri, has owned Dimmitt TV Cable Co. less than a year. The corporation's only other Texas holdings are at Hart and Happy.

While the aldermen were canvassing results of Saturday's city election, Mayor Wayne Collins discovered that Robert Jones's total vote had not been reported properly on the return sheet. Tally sheets indicated that Jones had received 441 total votes instead of the 191 originally reported. The reporting error didn't affect the outcome of the election; Jones was elected with the second highest number of votes in a four-man field.

Jones, Alderman Richard Stahl and Collins all were sworn into office by County Judge Polly Simpson after the canvass.

Burrous and Zoning Commission Chairman Calvin Marsh urged the updating of the city fire code to authorize construction with the more fire-retardant building materials that are available now.

Also, Burrous said he'd like to see more areas of the city zoned to allow mobile homes.

"Many new people working here have complained that they can't find lots to put their mobile homes on," Burrous said. He added that the residential area from Sixth to 10th Streets between Bedford and Halsell has lots of locations that would be good for mobile homes.

"We've had requests from lots of people who would move here if they could find a lot," he said.

Marsh said the zoning commission has been discussing the mobile-home issue, and that it would come up with a set of recommendations at its next meeting.
