Lions Club Gives Good Recognition To County Youth

Youth was signally honored by the Goldthwaite Lions Club at its meeting at the Hangar last Tuesday night when Mills County boys and girls were presented awards for their achievements in raising livestock.

The guest speaker was George Logan, agricultural director of the Waco Chamber of Commerce. He was introduced by R. G. Burwell, District 4-H Agent of Stephenville. Appropriately, in view of the tribute paid by the Lions to youth, Mr. Logan spoke on "What Makes Goldthwaite Go?" It adds up, he said, to "good ideas and good people."

Trophies were awarded by County Agent Reese to Bobby Zane Egger, Allen Poe, Floy Woodard and Merion Reynolds. Warren Duren, retiring President of the Lions Club, also made presentations to Mr. Reese, Y. B. Johnson of the vocational agriculture department of the Goldthwaite Schools, and to J. C. Yearly, who holds the same post at Star.

Also recognized by the Lions for their outstanding achievements were Wayne Horton, Eddy Carter, Leo Reynolds, J. W. Woodard, Wilbur Horton, Billy Mac Newton, Wayne Poe, John Owens, Harold Carter, W. V. Horton, Jr., Davis Owens, Sammy Owens, Dana Saylor, Merline Woodard and Modine Reynolds.

In addition to the 4-H Club boys and girls who were honored by the Lions Club, Kenneth Wesson of the Future Farmers of America was a guest of the Club.

In all, with guests, there were 62 persons present.

Youth also was part of the Lions Club program last Tuesday night when Dr. T. C. Graves reported on the selection of Goldthwaite Boy Scouts who (Continued on Back Page.)

YOU'LL SEE THIS AT THE RODEO—JUNE 8, 9, 10

The Mills County Rodeo Association met last night, Thursday, to put the finishing touches on preparations for the fifth annual Mills County Rodeo that will be staged on the nights of June 8, 9 and 10 at the Jernigan Arena, east of Goldthwaite.

(To those who receive this week's Eagle on Thursday, Secretary Howard Campbell issued a reminder that the meeting has been called for six o'clock Thursday night at the Hangar.)

Malcolm Jernigan, President of the Mills County Rodeo Association, said that every possible effort is being made to make next month's Rodeo a success. Adequate and comfortable seating has been arranged for the audience. The Association has arranged for 3,000 seats with foot rests; they have been used this season at other Rodeos and have been found completely satisfactory, Mr. Jernigan said.

The Rodeo will be produced by Buck and Tommy Steiner, who have assured the Association that the best in equipment and stock will be provided for the thrilling shows on the nights of June 8, 9 and 10. The Steiners have given assurance that "every event will be a contest" and the local Association has taken precautions to see to it that the opening event each night—bull riding—will be limited to amateurs. It is hoped that every community in the County will enter contestants in the event.

In addition to the tussles with the bulls, the Rodeo will present bare-back bronc riding, calf roping, saddle bronc riding, steer wrestling, a barrel race for ladies and other features.

The Steiner organization is approved by the Rodeo Cowboys Association and the best of talent will be brought here by the Producers. Plans are in the making for a kick-off parade

through the streets of Goldthwaite on the afternoon of Thursday, June 8. There has been evidence of considerable enthusiasm in the western manner, with even some preparatory beard-growing in Goldthwaite.

As in previous years, the Rodeo is being staged as a memorial to Mills County war veterans, and a number of the veterans at the Mills County Vocational School have been letting their whiskers go uncut. Conspicuous among the sprouting beards around town is the cheery red hirsute adornment on the chin and cheeks of Instructor R. H. Williams of the GI School.

In discussing the Rodeo this week, President Jernigan placed special emphasis on public support of the spectacle. He said that by that, he meant big crowds every night.

"After all, what makes a Rodeo?" Mr. Jernigan asked. "The (Continued on Back Page.)"

Mullin Enterprise Consolidates With The Goldthwaite Eagle To Create Strong County Newspaper

The consolidation of the Mullin Enterprise and the Goldthwaite Eagle was announced this week by H. R. Ekins, the owner of both newspapers. The consolidation becomes effective immediately, meaning that with the issue of May 18, the Mullin Enterprise will cease to exist as a separate newspaper. It will continue, however, as an integral part of the Goldthwaite Eagle, Mr. Ekins said.

Fuller Removed For Observation By Austin Medics

On the advice of his Counsel and with the consent of District Attorney Jim Evetts, Tom Fuller was taken to Austin last Tuesday for a period of mental observation by Mills County Deputy Sheriff Clyde Cockrum.

Fuller, whose home is some three miles south of Goldthwaite, is under indictment on charges of assault with intent to murder on two counts. The indictments, handed up by the recalled Mills County Grand Jury on May 9, arose from shotgun injuries inflicted by Fuller on May 3 on R. L. Bob Cockrum of Rt. 1 and Luther Booker of Goldthwaite in the course of a shooting spree that began with complaints by the accused to School Board Chairman C. C. Collier over a delinquent school tax notice.

Following Fuller's indictment, bond of \$2,500.00 was set by Judge Wesley Dice on each count but the bond was not posted. Before his removal to Austin this week, Fuller had been lodged in the Mills County jail.

One of Fuller's brothers accompanied the prisoner and Deputy Cockrum to Austin. Fuller's removal to Austin was voluntary on his part.

In announcing the consolidation of the Mullin Enterprise with the Goldthwaite Eagle, Mr. Ekins said that effective May 26, all of the paid subscribers to the Mullin Enterprise automatically would become subscribers to the Goldthwaite Eagle for the duration of their subscriptions. In the cases of subscribers to the Mullin Enterprise who also are subscribers to the Goldthwaite Eagle, their subscriptions to the Enterprise will be refunded on a pro-rata basis.

"The decision to consolidate the Goldthwaite Eagle and the Mullin Enterprise has been taken in the interest of both readers and advertisers," Mr. Ekins said. "The consolidated newspapers will result in a stronger and more effective publication for Mills County as a whole. As much, if not more, Mullin news as was reported in the Enterprise will be published each week in the Eagle-Enterprise."

"Mills County is an entity and as such it is entitled to the strongest possible County newspaper that can be provided. The consolidated Eagle-Enterprise will be such a newspaper. It will be bigger and newer each week, it will provide greater service to the readers, and it will be a more effective medium for advertisers."

As of the time of its consolidation with the Goldthwaite Eagle, the Mullin Enterprise is nearing the end of its 49th year of publication. For many years, it has been edited by R. H. Patterson, or Mrs. Patterson, who have been devoted to their interest in Mullin and in subscribers to the Enterprise.

"Such managerial and editorial interest will be maintained by the Goldthwaite Eagle-Mullin Enterprise," Mr. Ekins said this week, "to the end that all persons who are striving for the greatest possible welfare of Mills County may be assured of a Mills County newspaper that will truly serve the County as a whole, and not merely sections of it."

"The Goldthwaite Eagle-Mullin Enterprise, which will make its first appearance next week, will consider news of Mullin, Star, Priddy and the various other Mills County communities as of equal importance with news of Goldthwaite. We believe that present readers of the Mullin Enterprise will be happy with the consolidated publication; it is obvious that advertisers will benefit through concentrated, maximum coverage of Mills County. With a greater circulation, advertising will attain its greatest effectiveness and the advertisers in the consolidated newspaper will be able to reach all segments of the buying public through a strong publication that will give them blanket coverage of the market."

As soon as possible, adjustments of subscription lists will be made," Mr. Ekins said. He asked that subscribers to the present Mullin Enterprise who do not receive their Goldthwaite Eagle-Mullin Enterprise after the issue of May 26 notify the Goldthwaite Eagle at their earliest convenience so that (Continued on Back Page.)

Address Your Mail Correctly Or It Will Come Back To You

If the mail you send is not addressed correctly it will come back to you sooner or later, unless it is of obvious value or is perishable. That is the warning to all Post Office patrons as issued this week by Goldthwaite Acting Postmaster Lucile Fairman, who has just returned from two conventions of Postmasters at which new regulations, arising from the Post Office economy program, were emphasized.

As stressed by Mrs. Fairman, here is what will happen to the mail you send if it does not carry correct and explicit addresses to start with:

If incorrectly addressed mail carries a return address, it will be sent back to you by the Post Office from which it was sent. If it does not bear a return address, it will go to the dead letter office where it will be opened, and then returned to you.

The reason for the new regulation is obvious—under Post Office economy measures, there is not enough postal personnel to check city directories, telephone directories, and so on, in search of the right address for the letter, newspaper or parcel that you did not address correctly. Mailed matter from here on out must have the proper street address, Post Office Box number or Rural Route number. Mrs. Fairman emphasized the special importance of having firms that send out monthly statements check their mailing lists to be certain they are up to date with correct addresses.

"The Post Office," Mrs. Fairman added, "is not permitted to give out the addresses of patrons, but firms or individuals may submit a written list of their customers or correspondents, and this list will be corrected for one cent per name or a minimum of 25 cents if the list has fewer than 25 names."

From May 7 through May 10, Mrs. Fairman attended the Convention of the Texas Chapter of Postmasters in Fort Worth. Then she went to Wichita Falls, where she attended the District Convention of the League of Postmasters.

Mr. and Mrs. Wayne Massey of Grand Prairie and Mr. and Mrs. Curley Howard and children and Mr. and Mrs. Oda Daniel and family of Brownwood visited their parents, Mr. and Mrs. Obenhaus Sunday.

Mr. and Mrs. S. E. Pass of Abilene spent the week end with his parents, Mr. and Mrs. E. L. Pass.

Mrs. Minnie Ashley spent Mother's Day in Fort Worth with her daughter, Mr. and Mrs. Hunn.

Mr. and Mrs. Floyd Sansom visited in Brownwood and Bangs Monday.

Scouts Gilliam Hudson, Barnett Going Jamboree

Three Goldthwaite Boy Scouts—Ray Campbell Hudson, Penn Barnett and James Gilliam—have been selected to attend the National Jamboree of the organization at Valley Forge, Pennsylvania, during the coming summer.

The Jamboree trip will involve an absence of some two weeks for, in addition to the great Scout encampment at Valley Forge, the boys will visit Washington, New York City and Niagara Falls.

Originally, the highest hope had been to send only one Boy Scout from local Troop 45, but the generosity of individuals, the Lions Club and the success of its recent Talent Show, and the resourcefulness of parents, combined to make it possible to send three Scouts from Goldthwaite.

Dr. T. C. Graves, Chairman of the Troop Committee, said this week that Ray Campbell Hudson, Penn Barnett and James Gilliam are as fine a representation as Goldthwaite could possibly send to the Jamboree. Other members of the Committee are Bob Steen, Joe Bailey Karnes, O. O. Smith, John Hester and W. C. Barnett. Mr. Barnett, however, disqualified himself from aiding in the selection of the delegation to the Jamboree since his own son was under consideration and, (Continued on Back Page.)

First Unofficial Census Count Disappoints City And The County

The District Office of the Bureau of the Census has authorized the publication of unofficial estimates, based on the 1950 Census, which show Goldthwaite's population as between 1,500 and 1,600, and the population of Mills County as a whole as a little less than 6,000.

John B. Davis of Lampasas, who was the 1950 Census Crew Leader for this area, emphasized that the estimates, although officially authorized, are unofficial and perhaps not complete, and are subject to revision later.

In addition to authorizing publication of unofficial population estimates for Goldthwaite and Mills County, Mr. Davis said that for the areas of Mills and Lampasas Counties it is estimated that 2.8 persons inhabit each dwelling unit.

The reaction of numerous Goldthwaite citizens to the first report of the unofficial census estimates was mixed. Most of them said they believed the figures were too low, and would prove to be higher when the count became official and complete. One citizen said he believed that young persons who are away at school or college had not been counted. One prominent citizen who is in close, daily touch with business activities in Mills County, said he believed there had been a population gain during the past ten years but another citizen, equally prominent, said he believed there had been a popu-

lation loss due to the departure of young people from Goldthwaite and Mills County as a whole.

As a point of interest in a neighboring city, the preliminary, 1950 unofficial estimates for Lampasas gave a population of "a little less" than 5,000 while the 1940 Census gave Lampasas 5,000 population.

As an editorial in this week's Eagle also requests, if you were not enumerated in the 1950 Census, which was taken during the month of April, notification of such omission should be made to this newspaper so that the officials of the Bureau of the Census may be notified accordingly.

Judge L. B. Porter, who is County Superintendent of Schools, ex-officio, urged that all parents, whose school-age children may not have been counted by the census enumerator for the schools, report the enumeration to his office at the Mills County Court House as soon as possible. All persons born between September 1, 1932, and September 1, 1944, should have been enumerated for the school census, Judge Porter said.

Halley Jernigan Rescues Father In River Mishap

Boy Scout first aid training was credited with helping Halley Curtis Jernigan, Jr., 15, of Goldthwaite, to save his father's life from the flooded waters of the Colorado river near Rattler Dam last Saturday. After he had aided his father, Halley was rescued by his brother-in-law, Carroll Wright, 22, of Austin.

The episode occurred when Mr. Jernigan became entangled in a fishing net that he had borrowed. His son, who plays the bass drum in the Goldthwaite School Band, went to his father's assistance. The pair had been swept a considerable distance downstream when Carroll Wright, a veteran of naval service, brought Halley to shore after the boy had helped his father to safety.

Halley, who will enter Goldthwaite High School next autumn, has had first aid training in the Boy Scouts, the Red Cross and at the Baptist Encampment. Mr. Jernigan, his son and Carroll Wright suffered no ill effects from the river-side scare.

Jake Harper Comes To Buy Pontiac And To Visit With Tate

Jake Harper, who left Mills County 47 years ago, came back "home" this week to buy a Pontiac automobile from V. C. Bradford.

Mr. Harper, who lives at Water Valley, 23 miles north of San Angelo, was tracked down by the Eagle on Wednesday in the office of Sheriff Wiley L. Mahan. After the important business of the Pontiac had been discussed, with "Brad" present, but not under arrest, it developed that Mr. Harper was a Commissioner for Precinct 3 in Tom Green County. He has held his post for 28 years. During that time, he has faced only two opposing candidates for his office. Jake won over both of them.

When encountered by the Eagle, Jake, who was graduated from the Goldthwaite High School when he was 17, was being conveyed by D. D. Tate. The Eagle does not know why, unless it was friendship—or protection against the sale of another Pontiac by Bradford.

Mr. Jackson was a section foreman on the Santa Fe Railroad. H. R. Jackson is railroad foreman here in Goldthwaite.

For many years, Mr. Jackson had been a Deacon in the Baptist Church. He also had been Superintendent of the Baptist Church Sunday School in Lometa.

Tuesday Study Club Has Great
Success In Cancer Fund Drive

The Tuesday Study Club, with Mrs. Talbot Ledbetter as Chairman of the campaign, has nearly reached its quota for the 1950 drive in behalf of the American Cancer Society.

Mrs. Ledbetter said this week that of a quota of \$396.00, her co-workers already have raised \$377.33, and she expressed hope that the quota would be attained, if not exceeded.

In Goldthwaite, contributions totaled \$295.28. In the County, funds raised were reported by the following Chairmen:

Mrs. D. Hartman, Big Valley, \$7.25; Edgar Leonhard, Center City, \$11.50; Mrs. George Fletcher, Mullin \$22.85; Leroy Stacy, Priddy, \$6.30; Mrs. W. C.

Whittenburg, Ebony, \$7.90; Mrs. W. A. Triplitt, Pompey, \$13.50; and A. A. Downey, Duren, \$2.75.

Mrs. Ledbetter urged that all of those who have not yet contributed to the American Cancer Society's 1950 fund send their contributions to her or to local Chairman in the County areas. She expressed appreciation to those who worked to make the campaign so conspicuous a success.

When the final reports have been tabulated, Mrs. Ledbetter said, she believed it would be found that under the sponsorship of the Tuesday Study Club, Mills County will have met its quota for the American Cancer Society.

By Clementine Wilmet Briley
A good rain fell here Wednesday night making everything green and growing, including the ragweeds in my back yard.
Mr. and Mrs. Eugene Egger, Mr. and Mrs. Cecil Egger and Yneil, and Mr. and Mrs. Charles Griffin and Henry and Johnny attended the play at Mullin Friday night.

Sheep shearers were in here last week. They got to R. D. Egger's and John Briley's Wednesday. They were to get Cecil Egger's next day, but rain interfered.

Blue Thompson has gone out of the sheep business. So have the Modgling brothers. Trucks came for the Thompson sheep Friday.

Mr. and Mrs. Edward Egger and Jerry went to San Angelo Saturday afternoon to attend the funeral of General Estes. Mr. Estes, a prominent retired business man of San Angelo, was Edward's mother's brother, and his wife, the late Mrs. Estes, was the former Miss Rachel Egger, Edward's father's aunt.

On their way home from the funeral the Eggers were overtaken by a terrific wind, rain, and hail. Large hailstones beat against the windshield of the car as though it might smash it, but when daylight came, they could detect no damage done to the car. Only a slight rain fell here.

Johnny Griffin fell off of his horse Tuesday and broke his arm.

Mother's Day was reunion day at the Thompson home. All the children were there. Besides Ezelle, Mr. and Mrs. George Russell came from Big Spring, Mr. and Mrs. Don Lewis from Dallas, Mr. and Mrs. Paul Lockett from Comanche, and Mr. and Mrs. J. R. Reeves and their two children from Owen.

At the Stanley Reeves home Mother's Day, Stanley's mother, Mrs. Sarah Ann Reeves, 92, was guest of honor. Other guests for dinner were Mr. and Mrs. J. R. Briley and Mrs. Edna Dwyer. Mr. and Mrs. Hubert Reeves and Joe and Nancy and John called in the afternoon. Later in the day Mrs. Reeves was happily surprised when her sister, Mrs. Hawkins White, of Brownsville and her little granddaughter, Becky, and her traveling companion, Pancha, drove up. Mrs. White was on her way to Ardmore, Okla. to visit another sister. She came by to spend the night at the Reeves home.

Before we went home we went over to the Hubert Reeves place to see Joe's 4-H calf, Chief. He looks grand.

This community had a big rain Wednesday night, and late Saturday afternoon we had a down pour. There was some wind, and a few big hail stones fell at the B. J. Crawford home. David Ivy reported a big rain, hail and wind storm at his farm near Priddy. We hope

the damage is not so bad as first thought to be.

We have muddy roads, weedy fields and gardens, fat cows and frisky lambs. Take it all in all—we just all smile.

A host of friends and relatives have called to brighten the Evans home during Uncle Jim Evan's illness.

We are sorry to report Mrs. Evans being very weak and feeble at this writing.

Charlie Partin of Priddy is on the sick list with flu. His son, Bill, has visited quite often. At last report Mr. Partin was some better.

Edwin Stevens spent Friday night with William G. Crawford.

Joe Corona Dies, Sent Four Sons Into Army Of US

Joe Corona, who was an old and respected resident of Mills County, died of a heart ailment in Memorial Hospital in Brownwood last Thursday night. He was 69. Burial services were conducted in the Big Valley Cemetery last Saturday morning, with Father Edward P. Harrison of Brownwood officiating. Arrangements were by the Fairman-Wilkins Funeral Home.

Four of Mr. Corona's sons served all of the rest of us in the Army of the United States during World War II. They were Cruz, Joe M., Paz and Nicholas T., all of whom survive. Two other sons, Nick and Victor, also survive.

Other survivors include Mr. Corona's widow, Gila, to whom he was married 39 years ago, and four daughters—Mrs. Emilio Calderon of San Saba, and Mona, Mary and Lupe of Goldthwaite. There are five surviving grandchildren.

A native of San Luis Potosi, Mexico, Mr. Corona had lived in Mills County for 45 years. He was a stalwart supporter of the land of his adoption, and while four of his sons were in military service, he met his obligations at home by subscribing generously to war bond drives.

A farmer, Mr. Corona was stricken by a heart attack about a year ago. He recovered, but about a week before his death, the heart ailment recurred and he was hospitalized at Brownwood.

A son of Mr. and Mrs. Serafio Corona, Mr. Corona left Mexico when he was 19. He worked as a railroad foreman in Lampasas before coming to farm in Mills County.

Pall bearers at the funeral were Rudy Martinez, John J. Martinez, Alfonso Martinez, Albert Martinez, Manuel Campos and Luis Martinez.

Mr. Corona was a communicant of St. Mary's Catholic Chapel in Goldthwaite. His widow is the former Gila Corrales.

John T. Mitchell Visits Goldthwaite

John T. Mitchell of Coleman, whose father, Miron Mitchell, settled on the Pecan Bayou, at the fork of Brown's creek, 61 years ago, was a visitor in Goldthwaite this week.

Mr. Mitchell, who moved away from Mills County 48 years ago, said during a visit to the Eagle office, that the land on which his father settled was known at the time as the School Land.

Miron Mitchell died in 1904. At the time of his death, he was living east of Goldthwaite. When Mr. John T. Mitchell was asked what he was doing in Goldthwaite, he replied: "Oh, I've been to Lampasas!"

HOW MANY NOSES IN MILLS COUNTY?

The first specific, although unofficial, returns from the 1950 Census in Mills County are in. They are reported in a first page news story. John B. Davis, who was the Census Crew Leader for this area, emphasizes that although officially authorized, the first figures are unofficial and subject to revision. The 1940 Census gave Goldthwaite a population of 1,414, and Mills County a population of 7,951. Accordingly, the unofficial, 1950 estimates of between 1,500 and 1,600 for Goldthwaite, and a little less than 6,000 for all of Mills County, will be disappointing. It may be that the Census returns for Goldthwaite and Mills County will be more encouraging when they are official and complete. Meanwhile, it is possible that in Mills County there are persons who were not enumerated when the Census was taken during the month of April, because of absence from home or for some other reason. If you were not counted during the April Census, please notify the Eagle and we shall, in turn notify the Bureau of the Census, or provide you with blanks so that you and those who live in the same house with you may be counted. Most estimates of our population, as made entirely independently of the Bureau of the Census, give both Goldthwaite and Mills County considerably higher population figures than those resulting from the just-completed 1950 Census. Growth is a requirement for any community; we have all of the factors necessary for growth here, and it would seem to be wise at this time not to be overwhelmed by disappointment until later data on the 1950 Census becomes available.

POLITICKING IS HOW WE GOVERN

A visitor to our office this week spoke in derogatory terms about the hopefuls who have announced themselves as candidates for public office, subject to the action of the July 22 Democratic Primary. We took issue with him, and we still do. Men who are frankly "politicking" are regular visitors to the Eagle office, and we are always glad to see them, and to talk with them. We like to see good men wanting to serve their fellow citizens. Politics need not be a "dirty business," as, unhappily, it is sometimes. We suggest that when you hear sneers at those who are "politicking," it might be helpful to offer the reminder that free men govern themselves by selecting their own public servants, and that good men who run for public office ought to be encouraged in their "politicking," especially during the next two months. The surest way, we think, to have politics become a "dirty business" is to make derogatory remarks about those who are worthy of holding public office—whether they hold office or are seeking to be elected to positions of public trust and confidence. We think, also, that it is to be remembered, especially in smaller places, that men who become candidates are not ashamed of their records.

FOLLOW-UP THE CHEST X-RAYS

As a news story this week reports, the free chest X-ray examinations that were made in Goldthwaite late last month by technicians of the Texas State Department of Health disclose some cases of chest ailments, including tuberculosis, that require immediate medical treatment. The purpose of the "check your chest" campaign was to detect and then eradicate tuberculosis in Mills County. The purpose will be defeated if those who were notified that they need medical treatment neglect to see their physicians at once. In the case of tuberculosis, even in its early stages, the afflicted person runs grave risk by not receiving medical attention at once. Of even more importance, he or she takes the certain risk of spreading infection among the family and those who frequent the household. The chest X-rays in Mills County were made possible by a united community effort; their sole purpose was to safeguard the health of everybody. Public health is so important that any person who fails to act on advice to see a doctor as result of the chest examinations must have a guilty conscience until he or she does so. Infection is not an individual matter, because it cannot be confined to an individual except under medical direction. Any argument in support of passing up the findings of the chest X-ray campaign on the grounds that they make patients for physicians is not only specious, but takes on the nature of a deliberate willingness to spread tuberculosis. If you were advised to see your doctor, following the "check your chest" campaign, you have a solemn obligation to your family and your fellow-citizens to do so immediately.

An economy-minded House clipped a billion dollars from the \$29 billion omnibus appropriation bill before passing it last week. The big money bill has been under debate for more than a month and ended with a series of record votes on proposed retrenchments. The appropriation committee had already cut the President's budget requests by \$1.3 billion.

The economy forces were in control as final action was taken, with Republicans and Southern Democrats joining in the reduction move. I voted for each of the five economy amendments, as did the majority of Texans in the House.

But even with this saving—if the Senate should concur in it—we will still go in the red during the next fiscal year by four or five billion dollars, according to Budget estimates. The cut-back, which will involve a reduction of some 200,000 federal employees, is a step in the right direction and actually should not effect the essential operation of the various departments and agencies.

Because of pressure of business I was unable to attend the celebration of the completion of two farm-to-market road links connecting London and Harper last Saturday. I had accepted an invitation but was forced to ask my friends there to excuse me from appearing. Having been reared in that community, I was hopeful I could attend.

Beginning in 1946, the Congress has each year provided federal funds to be used in the various states, on a matching basis, for farm-to-market and other highway construction purposes. A bill to continue this program is now pending in the House and is likely to pass within the near future. It will authorize \$150 million for the rural roads, of which Texas will benefit to the extent of about \$10 million.

While such road projects are essentially local in character, it must be remembered that Uncle Sam, through gasoline and road user taxes, takes around a billion dollars a year from the people who use the highways. The new bill provides for a total of \$500,000,000 for assistance in all phases of interstate highway construction projects. In recommending this allowance, the committee pointed out that, according to the best evidence now available, the total number of motor vehicles registered during the year 1949, will approximate the all-time record of 44,350,000. This exceeds by some 10 million the number registered before the war.

I also regretted my inability to attend the meeting of the West Texas Historical Association which met in Brady on May 6. Being unable to be there in person, at the request of my friend M. F. Kitchen of Brady and Mrs. Joseph Grba of Abilene, Secretary of the Association, I sent a paper on a famous Kimble County pioneer, Creed Taylor, to be read at the meeting. The collection of historical data relating to pioneer characters and early events in our area has long been a hobby of mine.

Taylor, you will recall, was a famous pioneer figure who built himself a rock mansion on the James River in eastern Kimble County shortly after the Civil War, and lived there for 35 eventful years before his death in 1906. He had seen service in the Texas revolution and served under two or three Ranger captains. He fought the Indians at the famous Battle of Plum Creek and at Baldera Pass. Taylor loved his horses and his friends. He and his exploits will be talked about for generations.

The Eagle's Aer

By The Editor

Oh, Oh, OH! If ever you have had a dog look at you with mournful reproach, you will understand what the editor has been enduring for the past week. In much more sorrow than anger, a dog named Ted (not to be confused with the editor's wife), has been gazing despairingly at the editor because, in this column last week, Ted was called a hound dawg. The editor has deep affection for all hound dogs, but since Ted never will understand that, the stigma of insult is hereby removed. Ted is a BIRD DOG and, according to his dotting owner, Ira O. Harvey, he is the BEST BIRD DOG ever to lift a paw and stiffen a tail in point.

When last week's Eagle came out, the editor's son, Harvey, hot-footed it in with a wail of "Oh, Dad, you have made a TERRIBLE mistake—you have called Ted a hound dawg in print!" Harvey was all for destroying an entire issue of the Eagle in order to remove the stain from Ted's good reputation. It was not long afterward that the telephone rang and brought the voice of next-door neighbor Ira O. Harvey, who obviously felt keenly the disgrace that had been heaped on Ted. Mr. Harvey, Harvey Ekins and Ted, the editor says all over again that TED IS A BIRD DOG. The editor hopes for just one friendly little wag of Ted's tail and an end to the looks of mournful reproach.

The editor knows of one of Ted's experiences with a bird and he knows, having seen for himself, that Ted is adept at finding Ira O. Harvey's hat, no matter where hidden. From this point on, any arguments about Ted are between Mr. Harvey and rival owners of BIRD DOGS. The editor, in disgrace, retires to a neutral corner.

Before leaving the subject of dogs, here is a "thank you" to Mrs. Owen H. Yarbrough for having brought to an end another crisis in the editor's household. Last Saturday Harvey's cocker spaniel Rusty followed Mr. Vines and his lawnmower all the way from Fisher Street to the O. H. Yarbrough home. With the usual tears flowing from wife and son in the editor's home, Mrs. Yarbrough telephoned to say that Rusty was safe in the Yarbrough garage. At about that point the sun came out, tears stopped flowing and Rusty made another of his solemn but hollow promises to stay at home. Thanks also goes to Mr. Vines for having incarcerated Rusty in the Yarbrough garage instead of allowing him to wander into goodness knows what other commotion he might have caused.

And before leaving the subject of the Ira O. Harveys, the editor has for grateful acknowledgement a splendid letter of welcome from Chicago—from Lilla Harvey Broadbush. Mrs. Broadbush, who is the daughter of Mr. and Mrs. Ira O. Harvey, is wholeheartedly on the editor's side on the issue of personal freedom and the dignity of the human individual, and her encouragement will be remembered for a long, long time to come.

Writing from her present home, Mrs. Broadbush said, among other good words: "In this vast cauldron of humanity, Chicago, we see daily examples of man's inhumanity to man. Power-mad men are leading whole races and creeds of men to their social and economic

doom. People in rural areas have no idea of real liberty-freedom left. And so I say Carry the torch of high...

Eagle To Close At One O'clock Every Saturday

On the theory that people who work on newspapers and in printshops also are human and need rest and relaxation too, the Eagle Office will be closed on Saturday afternoons after one o'clock until further notice. There will be no further notice, incidentally, unless enough persons holler about our closing at one o'clock on Saturdays. If there are squawks there will be further notice, of course.

Mrs. Benningfield Is Feature Story In Dallas Newspaper

A Mother's Day feature article in last Sunday's Daily Times Herald of Dallas was devoted to Mrs. A. D. Benningfield of Grand Prairie—the former Patsy Murphy, daughter of Mr. and Mrs. J. B. Murphy of Caradan Route (Priddy). Her husband, Deloyd, formerly of Goldthwaite, is the son of Mrs. J. E. Benningfield, now of Kermit. Both Mr. and Mrs. A. D. Benningfield were graduated from the Goldthwaite High School.

The Mother's Day story in the Dallas Daily Times Herald was woven about Mrs. Benningfield's devotion to her infant foster daughter, Kathy, who now is nine months old. An illness, that was not apparent at the time of Kathy's adoption, has not diminished the love of her foster parents for her, and the devoted care of Mrs. Benningfield caused the Dallas newspaper to headline its story: "Special Kind of Love Comfort to Kathy."

County 4-H Boys Win Duroc Pigs In Essay Contest

Winners in a Mills County essay contest have been awarded six registered Duroc pigs, it was announced this week by County Agent George Reese.

Mr. Reese said that a boar pig was awarded to Merion Reynolds of Rt. 3, while sow pigs were won by John H. Owens and Ira Adams, both of Star; and by Wayne Horton of Caradan Route, W. Lee Watson of Rt. 3, Star; and Herschel McNeil of Rt. 3.

The 4-H Club boys won their registered Durocs with essays on "The Value of Producing Hogs as a Source of Cash Income on our Farm." The winners have undertaken to feed, care for and breed the sow pigs. County Agent Reese will select the top gilt from the first litter, or he may choose to take \$15.00 in lieu of a sow pig. The selections to be made by Mr. Reese will be distributed to other 4-H boys.

Of the winners, Merion Reynolds, Wayne Horton and Herschel McNeil attend school in Goldthwaite, while John H. Owens, W. Lee Watson and Ira Adams are pupils of the Star school.

Mr. and Mrs. Wilson Fox and Robert Dwan of Lampasas spent the week end in the W. W. Fox home.

Aged Weems House Moves South

—Eagle Photo by Wicker Studio.

The old Weems house, which a week ago stood just north of Jack Long's Service Station on Fisher Street, has been moved to a new location just south of Goldthwaite near the Mills County Commission Company.

The house, once an octagonal structure but long since reduced to six sides, now is the property of Arthur Cline, who had it moved this week by B. F. Renfro. Mr. Renfro is pictured above, as he stood beside the house just as it was being jacked-up for the move. The picture shows, right to left, Monroe Locke, Mr. Renfro, and Roy Tyson, Jr.

Immediately after the old Weems house was moved, Historian Brian Smith inspected the premises and noted that live oak stumps that had been under the structure appeared as though the trees had been cut.

The house, now the property of Mr. Cline, is at least 59 years old and perhaps older. Records show that it was deeded in 1891 to M. T. Porter by the G. C. and Santa Fe Railroad Company. The same year Mr. Porter deeded it to W. E. Pardue who, in 1893, transferred ownership to Wiley Beasley. In 1906, Mr. Beasley deeded it to M. H. Hines, who in turn passed it on to J. R. Johnson.

After 1908, the house belonged jointly to J. T. Weems and D. A. Weems until 1910, when J. T. sold his interest in it to D. A.

Now the house has moved and an old landmark has gone from Fisher Street. But in its new location it is likely to gather a lot more history for many years to come.

Advice To Gene Turbiville, Run Your Daughters!

Two lovely, brown-eyed little girls came to call on the Eagle this week. They were Frances, 7, and Laura Lea, 5, both of them daughters of E. B. "Gene" Turbiville, who is a candidate for the office of Sheriff, Tax Assessor - Collector in Mills County.

During their visits, with their mother, Frances and Laura Lea showed not only that they knew what their Dad is up to, but they said that if they were old enough to vote, they would vote for him.

Mr. Turbiville's "politicking" has been interrupted during the past three or four weeks by illness. Now that he is recovering, he said he would like to thank his neighbors and many friends for their help and kindness while he was indisposed.

Dr. Jackson Kilgore, professor of philosophy of Baylor University accompanied by his family filled the pulpit at the Sunday morning service at the Baptist Church. Dr. Markham of the music department of Baylor University played the organ. Sunday evening the pulpit was filled by Rev. Cunningham, ministerial student of Baylor. He was accompanied by Miss Frances White and James Jeffries.

Attorney-at-Law Williams G. Yarborough is conducting a 'taint so campaign—he claims that lawyers do have hearts, all evidence to the contrary notwithstanding.

In large letters, on the reverse side of the card, are naturally, the words: "William G. Yarborough, Attorney-at-Law." Even the telephone number is there. Address: Goldthwaite, Texas. The telephone is just too too.

Cox Brothers Of Star Make It Fish, Fish, Fish For Barbecue

There will be plenty of everything else, too, but they surely will have more than enough fish for the big 4-H and F. F. A. barbecue at Star tomorrow, Saturday, thanks to J. C. Cox and his brother, O. Z.

In preparation for Saturday's barbecue, J. C. and O. Z. Cox have had just about everybody in Star cleaning fish—744 pounds of it. The fish, according to the Cox brothers, is Buffalo. According to Roy Lee Hill, who likes to make changes whenever and wherever he can, especially while setting type, the fish for the big Star barbecue, will be Scallies. You pay your money and you take your choice, unless you are willing to have your fish just fish.

This week, C. J. and O. Z. Cox went down to the San Saba river and there they caught the fish. Several weighed 25 pounds. Others were 17 and 18 pounds. A few, C. J. Cox said modestly, were only four or five pounds. He was asked how many fish there were and then there Mr. Cox ran out of modesty. He said there were just too many to count. During a call at the Eagle office, Mr. Cox was asked about the menu for the Star barbecue and he said, firmly, that there would be fish. "People like to eat fish," Mr. Cox said, still firmly. Just where the Cox brothers caught their fish in the San Saba river is a secret, as it should be. But it is not a secret that everybody is invited to the barbecue at Star tomorrow, Saturday.

From C. J. Cox, Roy Lee Hill and Dora Goode, the Eagle has been trying to learn when the Star barbecue starts on Saturday. The best information we can offer is to quote the ubiquitous Mr. Hill, who says: "They'll start cutting beef (veal) Friday night. By morning the barbecue should be well started . . .". At that point Mr. Hill was pinned down by the question: "When do they eat?" "Noon Saturday," he replied succinctly.

Arch M. Kelly Weds Bernice Inez Petty

Arch M. Kelly and Bernice Inez Petty, both of the Pleasant Grove Community, were united in marriage last Wednesday at the Mills County Court House by Justice of the Peace E. A. Obenhaus.

The announcement of the wedding came from Justice Obenhaus, who said the newlyweds have the best wishes of entire County.

Mr. and Mrs. Ray Shipp and son, Ken, and his mother, Mrs. B. J. Shipp of Alice spent the weekend with the latter's sister, Mrs. Walter Simpson and family. Mrs. Simpson accompanied them to Cross Plains Sunday to spend a few days with relatives.

Mrs. Dixie Sewell of Brownwood spent several days last week with her sister, Mrs. Edgar McNutt.

So Now Red Sox Try Gatesville For Good Weather

After having tried three times this season to play Gatesville in Goldthwaite, the Goldthwaite Red Sox baseball team will travel to Gatesville in hope of having a game there tomorrow night, Saturday.

Play against Gatesville was to have opened the 1950 season for the Red Sox. There was rain that night. There has been rain twice since, including last Saturday night, so Manager Howard Hoover decided the thing to do is to take the Red Sox to Gatesville to see what sort of weather conditions prevail there.

So far this season, the Red Sox have won all of their games. Manager Hoover will start Y. B. Johnson on the mound tomorrow night, with Charles Conrad behind the plate. Maybe the rain jinx will be licked.

Jack Davis Poses Mystery As Becomes Eagle Subscriber

Jack Davis, who guards central Goldthwaite in the still watches of the night and rarely encounters anybody except, our Franklin D. Weathers, another night owl, visited the Eagle office this week—in daylight—and subscribed to the Old Bird.

Mr. Davis said he never had subscribed to the Eagle before. The staff was shy about asking him why. There was speculation, however, that maybe doors of mercantile establishments now are locked tighter of nights—or maybe Eagles are taken home, instead of being left lying on corners. Other speculation that Mr. Davis had taken to reading by the gleam of the northern lights, the aurora borealis, was discarded.

Chest X-Ray Survey Shows Need For Prompt Medical Follow-Ups

Of 1,830 Mills County citizens who took advantage of free chest X-rays last month, 59 were disclosed as having tuberculosis infections or other chest ailments, according to a report to J. N. Faith by Dr. George W. Cox, State Health Officer at Austin. Of the affected persons, 44 showed symptoms of tuberculosis, while 15 others showed evidence of non-tuberculosis conditions involving the chest.

Mr. Faith was the Chairman of the local committee which organized to make possible the free chest X-ray examinations that were made available to Mills County residents at the Smith Equipment Company late last April. A letter from Dr. Cox to Mr. Faith says:

"The films from Mills County have been processed and read, and the reports have been placed into the mail. The following results were found: a total of 1,830 X-rays were made in Mills County; there were 44 films suggestive of tuberculosis which will require further evaluation to determine the significance of the disease; and 15 films showing evidence of non-tuberculosis conditions involving the chest."

Speaking for the Mills County Committee, Miss Maxine Geeslin said that those who receive reports from the Texas State Department of Health advising them to consult their physicians should do so immediately in the interest of making the "check your chest" campaign as effective as possible. Miss Geeslin, who is the Goldthwaite school nurse, said that only by medical attention can affected persons prevent the communication of chest ailments. (An editorial on this important subject will be found on the editorial page of this week's Eagle.)

In his letter to Mr. Faith, Dr. Cox also wrote as follows:

"On behalf of the State Health Department, I wish to personally express my appreciation to you for acting as Chairman of the recent X-ray survey in your County. I likewise wish to express my sincere appreciation to the various civic groups, volunteer workers, the physi-

cians of your County, and to the public service employees who contributed their time and service in a pooled effort to make the X-ray survey in Mills County a successful one. "I cannot individually thank each participant in the survey for their effort, and I am writing you as Chairman our thanks for the splendid cooperation and interest which has been shown."

100 Men Attend Bible Class Last Sunday Morning

Attendance at the Downtown Men's Bible Class at the Melba Theater in Goldthwaite reached an even 100 last Sunday morning. President Delton Barnett and Teacher W. B. Wooster said they believed that in view of the recent steady increase in attendance at the Class, a turnout of 100 or more every Sunday is to be expected.

A special feature of last Sunday morning's session of the Downtown Men's Bible Class was the Jernigan "Mother's Day" quartet, consisting of Luther Jernigan and his sons, Malcolm, Hawley and Signor. Most fishermen have had good luck on the river lately. Stanley and Hubert Reeves and Mr. Roberts tried it during the week end and caught plenty of fish for all three families.

Mr. and Mrs. Blue Thompson went to Ridge Friday night to attend a film show on soil conservation.

We met Mrs. Paul Mashburn in town last Friday, and her happy enthusiasm lifted us up. She has her own little home. She says she has a good garden and just lots of roses. It made us think of her mother, the late Mrs. Sawyers, who used to raise roses profusely even out here.

Our garden is just up. So we don't have anything to brag about there, but we do feel kind of Ritzy with sweet peas and tallman roses on the breakfast table.

Mr. and Mrs. J. R. Briley and Mrs. Edna Dwyer got to ride in that good looking car belonging to Mr. and Mrs. Stanley Reeves and went with them to Greenwood Sunday afternoon. They went out to the lake. Then came back by Friendship Home and brought Grandmother Reeves out to stay till after Mother's Day at the Reeves home.

Ira V. Egger, 65, known to us affectionately as Our Good Sport, passed away Sunday at his apartment in Brownwood, after a long, suffering illness. For several years Ira had not been able to work. Many times he would seem at Death's door only to rally and radiate cheerfulness and optimism. Several months ago his wife had to give up her job at Memorial Hospital to devote all her time to waiting on him. His sons, Cecil and Orvel, and their wives went back and forth from their homes day after day to see about him. And the last few weeks of his illness Cecil and Orvel took it night about sitting up with him. Edward Egger and Charm Whittenburg also went from here often to sit up with him. He had many kin and many friends. They passed by his tiny apartment in an al-

most constant stream. They came to cheer and to help and to contribute whatever was necessary. He was always very appreciative of everything done for him and was very patient throughout his suffering. He kept a motto, "Keep Smiling," above the head of his bed, and this he did till the last.

He was laid to rest in the Regency cemetery Monday afternoon amid a large gathering of neighbors, friends, and kindred. He is survived by his wife, Mrs. Callie Egger; two sons, Cecil of Ebony and Orvel of Indian Creek; one stepdaughter, Mrs. Inez Williams, of Junction; two grandchildren, Ynell Egger of Ebony and Lay-

ton Egger of Indian Creek, also four step grandchildren of Junction; three brothers, Noah of Nolan and Henry and Ben of Regency; and one sister, Mrs. Belle Hayes, of Brooksmith.

After the funeral, Mrs. Egger went home with her daughter, Mrs. Inez Williams, to try to recuperate after her long vigil. We extend to the bereaved family our deepest sympathy.

Stubblefield C. F. "Stub" Stubblefield drove to Sonora to return his daughter Polly Womack, to the start of this week. Stub was back again County continuing campaign for election as Tax Assessor - Collector. Womack had been the Stubblefield.

Chest X-Ray Survey Shows Need For Prompt Medical Follow-Ups

Of 1,830 Mills County citizens who took advantage of free chest X-rays last month, 59 were disclosed as having tuberculosis infections or other chest ailments, according to a report to J. N. Faith by Dr. George W. Cox, State Health Officer at Austin. Of the affected persons, 44 showed symptoms of tuberculosis, while 15 others showed evidence of non-tuberculosis conditions involving the chest.

Mr. Faith was the Chairman of the local committee which organized to make possible the free chest X-ray examinations that were made available to Mills County residents at the Smith Equipment Company late last April. A letter from Dr. Cox to Mr. Faith says:

"The films from Mills County have been processed and read, and the reports have been placed into the mail. The following results were found: a total of 1,830 X-rays were made in Mills County; there were 44 films suggestive of tuberculosis which will require further evaluation to determine the significance of the disease; and 15 films showing evidence of non-tuberculosis conditions involving the chest."

Speaking for the Mills County Committee, Miss Maxine Geeslin said that those who receive reports from the Texas State Department of Health advising them to consult their physicians should do so immediately in the interest of making the "check your chest" campaign as effective as possible. Miss Geeslin, who is the Goldthwaite school nurse, said that only by medical attention can affected persons prevent the communication of chest ailments. (An editorial on this important subject will be found on the editorial page of this week's Eagle.)

In his letter to Mr. Faith, Dr. Cox also wrote as follows:

"On behalf of the State Health Department, I wish to personally express my appreciation to you for acting as Chairman of the recent X-ray survey in your County. I likewise wish to express my sincere appreciation to the various civic groups, volunteer workers, the physi-

Postmasters Launch Campaign To Stress Civil Service Status

With the full support of the United States Civil Service Commission, the National Association of Postmasters has launched a campaign to impress upon the public mind the fact that Postmasters are civil service officials. Goldthwaite Acting Postmaster Lucile Fairman reported this week following her return from the Fort Worth Convention of the Association.

At Fort Worth, and later at the Wichita Falls Convention of the League of Postmasters, great emphasis was given to a statement that was issued recently by Harry B. Mitchell, Chairman of the United States Civil Service Commission. The statement follows:

"A large part of the American public fails to realize that post-

masters are civil service officials, appointed under the civil service system, and entitled to all the rights and privileges of the law.

"Postmasters were brought under the Federal civil service system in 1938. Every postmaster not only has to qualify for appointment through an examination given by the United States Civil Service Commission, but in the examination, he must be among the top three eligibles. After appointment, like other Federal workers, the postmaster serves without limitation on his term, subject to the same competent handling of his office, as is required of all other civil service personnel.

"The country benefited when

postmasters were placed under the competitive civil service. We should remember that not only post office clerks, carriers, and supervisors, but postmasters themselves are civil service workers appointed through competitive examinations. Postmasters are also under the Retirement Act.

"Today, a postmaster is a full-time representative of the Federal Government rendering particularly important service to his community. The postmaster and his employees are the most important daily contact a citizen has with his Government. They bring the American system of Government close to the homes of the American people.

"I am glad to know that the National Association of Postmasters is launching a campaign to inform the American public of the true position of postmasters in the civil service system. The Civil Service Commission hopes that this campaign will be eminently successful."

News Of The Brown-Mills Soil Conservation District

Sherwood and Cary Owens have a cooperative agreement with the Brown-Mills Soil Conservation District on 3,885 acres of land. Cary Owens is carrying out the conservation plan on the range land and Sherwood Owens is applying conservation practices on the cultivated land.

Sherwood Owens, Center City, who works 330 acres of the cultivated land on the Owens Brothers Ranch, knows what a soil building crop of vetch, peas, or clover will do to "dead" land.

"I would not plant a crop of corn, now, without turning under a crop of peas ahead of corn planting," Mr. Owens said. "Even though corn planting has to be delayed, the corn holds up during a drought and produces a good crop," Mr. Owens pointed out.

Mr. Owens has been sowing soil improving legumes with phosphate fertilizer since 1944 and has covered all his land with either vetch, peas or clover. In 1946, Mr. Owens sowed vetch with oats but the "bugs" killed the vetch in the spring of 1947. In the fall, he seeded the same field to oats but the late spring freeze in 1948 killed most of the oats. Mr. Owens plowed up the oats and seeded 18 acres to millet. When he baled the millet he had 1946 bales of hay from the 18 acres or 108 bales per acre. Previous yields of millet hay from this field was 64 bales per acre.

Mr. Owens has had good luck with Hubam clover. At the present he has 40 acres of Hubam

clover growing in a good crop of volunteer vetch. In the same field Mr. Owens has 70 acres of volunteer vetch in barley. He is expecting a seed crop of vetch, but if the vetch fails, he knows that the land will produce more next year. On a block of land that had not had treatment, Mr. Owens had to put rocks on his plow to make it take the ground. When he moved to the adjoining field that had one vetch crop on it, his plow "went out of sight". He removed all the rocks and the land plowed easily.

Along the edge of the field, Mr. Owens had several hives of bees. He was wishing that he had more bees that would pollinate the vetch and clover that was growing nearby. "I read where I should have one hive of bees to the acre," Mr. Owens said. "But that would be a full time job in itself."

Mr. Owens has the system. He inoculates the legume seeds so that the legume plant can take the nitrogen from the air and leave it in the soil. He drills phosphate fertilizer with his legumes to stimulate the growth of the vetch, peas, or clover. He uses bees to pollinate the legume flowers to increase seed production. He has girls, the teachers and adult changed "dead" land to a soil guests had a ball game which that is easy to plow and one was finally called on account of that will produce abundantly darkness.

by using the adapted soil-improving legumes for this area—vetch winter peas, and sweet clover.

High Blood Pressure

Hardening of Arteries,
Pains In Left Arm
And Side—
Elmer G. Johnson, President
of Harlingen State Bank, Har-
lingen, Texas, writes on Feb. 20,
1948:
"Please send another bottle of
Liquid Garlic, also send a bottle
to my sister-in-law, Mrs. Hulda
C. Dutton, 45 Atwater Terrace,
Springfield, Mo.
"I have some good reports to
make on the effectiveness of
garlic used. Mr. Turner, Texaco
dealer here has taken two bot-
tles and is much better, his
blood pressure down about 60
points. Mrs. W. F. Nelson, San
Benito, who was in bad shape, is
also very much better and her
blood pressure down consider-
able. This garlic works, and you
are doing a fine job of produc-
ing it for the benefit of those
suffering from high blood pres-
sure or heart trouble."

Hot Contests In Softball League On Tuesday Night

The Softball team sponsored by the First Baptist Church retained its lead in the Goldthwaite Softball League last Tuesday night with a win over the American Legion at the Ball Park. The Baptist team won in four innings because of application of the 10 run rule.

On the same bill, the Lions Club defeated the team sponsored by the Methodist Church in a full seven innings game. The contest was hard fought and the teams appeared evenly matched until the late innings, when Lions pitcher J. C. Weston began to bear down to retire the Methodists in rapid order. Then the Methodists made a change in pitchers and the Lions won handily.

Park Board Secretary W. C. Barnett said this week that all of the teams in the League have taken on added strength, resulting in increased interest in the games every Tuesday night. He urged a full attendance every Tuesday night at 7:30 o'clock. The double bill next week will pit the American Legion against the Methodists and the Baptists against the Lions Club in the second game.

The standings of the teams follow:

	Won	Lost	Pct.
Baptist	4	0	100%
Methodist	2	2	50%
Legion	1	3	25%
Lions	1	3	25%

Auditor Praises County Officers In Annual Report

In a called session last Monday afternoon, the Mills County Commissioners Court considered the annual audit of the County's finances as just completed by the W. F. Turner, company of Stephenville.

The report of Mr. Turner, who made the audit, said:

"All business transactions as recorded, all reports filed, and the progress made by Mills County, make it appear that the County Judge (L. B. Porter), the Commissioners and the other officers of Mills County have been diligent in the discharge of their duties and have kept the interest of the County in mind at all times."

Mr. Turner said he believed that the citizens of the County would be appreciative of the conduct of their public officers.

Consolidates

(Continued From First Page.) prompt, remedial steps may be taken.

In the field of national advertising, new arrangements have been completed for the Goldthwaite Eagle-Mullin Enterprise to be represented by the Newspaper Advertising Service, Inc., an affiliate of the National Editorial Association with offices in New York, Chicago and Detroit.

In announcing the consolidation of the Mullin Enterprise with the Goldthwaite Eagle, Mr. Ekins emphasized that the Enterprise has not been "killed." On the contrary, it will continue as part of the strongest possible publication that our experience, resources and energies can give to Mills County, he said.

Eagle's Eye

(Continued From First Page.)

I have only touched on some of the high spots of the year. In this week's Eagle, you will find a number of interesting articles. I would send up loud cheers to the individual members of the Senior Classes in Mills County. The names of many other young persons are in the news and you can read it, this and every week. The important point of all of it is that we have many, many youngsters who are going places - and there are adults who are helping them.

I wish I had more space, because I would like to underline, also, the importance of Thursday and Friday night's recitals by the pupils of Mrs. Mary Ellen Schulze, Mrs. Lettuce Sullivan and Mrs. Norine Glass. Then there is Monday night's presentation of "Stars of Tomorrow." Such news is very, very good news too. It will mean a lot in the future.

So will the H. D. Council's book review program at the Baptist Educational Building at three o'clock on Saturday afternoon, May 27. Its purpose is to provide more incentive for 4-H girls deserves support, entirely aside from the certainty that Mrs. Delton Barnett will present an interesting review.

You see, the justification for this column this week boils down to the simple matter of urging that as you read the news, you bear in mind the significant fact that so much of it is about our youngsters. It is not just routine news. As George Logan said to the Lions Club when he asked, "What Makes Goldthwaite Go?" - the answer is good ideas and good people.

Mrs. Jack Long, who underwent a surgical operation at the Scott and White Hospital in Temple a week ago, is on the road to recovery.

Mrs. Betty Renfro and Carlton of Brownwood visited Wednesday afternoon of last week with her daughter, Mrs. Alfred Harris and family.

Mrs. Marsh Johnson and Miss Abbie Ervin came home Saturday from Temple where they were with Mrs. Johnson's sister, Mrs. O. R. Ervin who underwent minor surgery at Scott and White Hospital.

Their only attendants were two other couples, who were married at the same time. Johnny Max Head of Goldthwaite, and Miss Peggy Joyce Warren of Mullin; and Hamill Lynch of Goldthwaite, and Miss

will represent Troop 45 at the great Valley Forge Jamboree this summer. The Lions Club not only sponsors Troop 45 but it has been primarily responsible for the financial arrangements that will make it possible for Goldthwaite to be so well represented at the Scout Jamboree at Valley Forge.

The Club, at Tuesday's meeting, elected officers who will be installed at the June 2 meeting. The officers to be installed on June 2 will be Charles Conrad, President; Dr. C. C. Boy Scouts

(Continued from Page One) as it turned out, was one of those selected.

The Committee met last Friday with Scoutmaster Charles Conrad and Scout Field Executive Brantley Hudson. In rating candidates for the Jamboree, consideration was given to Scout Spirit, Scout Skills, Scout Participation, Health, and so on. The boys who were selected had no more than one point separating any of them on the rating scale.

Many thousands of Boy Scouts from the United States and other countries will attend the Jamboree. Two Troops of Jamboree Scouts, or nearly 70 boys, will go from the Comanche Trail Council, of which Goldthwaite Troop 45 is a part. They will go as Comanche Indians. They will make their own costumes and will have two days in a training camp at Brownwood in preparation for the Jamboree, prior to entraining for Valley Forge.

The Goldthwaite delegation will be accompanied to Valley Forge by Dr. Graves, who will be a Jamboree sectional leader. Last Monday night the local Jamboree Scouts, with their parents attended a special Jamboree Pow-wow that was attended by other Jamboree Scouts and parents from the South District of the Comanche Trail Council.

Beryl Roberts and his sister, Jeanette and brother, John Earl, of San Antonio and their mother, Mrs. Brookshire and husband of Abilene and Mr. and Mrs. Claude Holly of Graham spent Mother's Day here with their mother and grandmother, Mrs. Eula Nickols. Mr. Tom Perkins of Brownwood, spent Tuesday night with his sister, Mrs. Maud Newbury.
