TORNADO IN ALABAMA KILLS 52

BIRMINGHAM, Ala., April 21.—Fifty-two are known to be dead and several hundred injured, as the result of a tornado which swept Northern Alabama yesterday afternoon. The property loss is above a half million dollars.

The greatest loss from the storm is in Hamilton, where twenty-two people were killed. Madison county reported eighteen killed and Colbert county four. Franklin county three, and five others are reported dead in scattered sections of the path of the storm.

Reports from the series of tornadoes that swept Alabama, Mississippi and Tennessee today show many casualties and heavy property loss. The casualty list from Mississippi was dispatched as follows:

BAILEY SPEAKER HERE THURSDAY

Whether there is much merit to the proposition or not, we do not like to see anything drag, and the speaker who will visit this city tomorrow should be given a good hearing by a large crowd.

The Ledger reporter failed to get any "dope" that would justify a news story covering the firing of the first political gun of the present campaign in this city. We called on some of the Bailey men, but they all seemed to be without authority for furnishing names, and we are not able to give the names of the reception committee, if there be such a committee, nor have we been able to learn who would introduce the speaker.

Hon. Oscar Calloway will arrive here on the noon train, coming from Coleman, where he speaks tonight, will address the people either in the court house or on the court house lawn at two-thirty tomorrow afternoon.

E. V. Bateman, a school mate and boyhood friend of Bailey, received a telegram from Bailey headquarters simultaneous with the message received by The Ledger, announcing the Bailey speaking. Mr. Bateman says headquarters wired him because they knew that he and Joe were pals in days gone by. When called on this morning for a program of the political rally tomorrow, Mr. Bateman stated that he would furnish the names of the committee later.

Mr. Calloway is an able speaker. He is our neighbor, having resided for many years in Comanche, his present home. He served his country in congress, fought the administration and lost out. He has personal friends here who will be glad to hear him tell the Bailey side of the story, and others should turn out and help swell the crowd.

Revolution Sweeping Mexico; Carranza Loses Many Cities

W. A. Miller was here from the Leaday country Wednesday. He says a little rain would not prove detrimental to the Leaday country, altho he has been here too long to worry about a late spring. Mr. Miller says farming was very successful on the Leaday ranch last year, and a pretty good store house of the 1919 crop is being held for emergency, together with a drove of about 150 hogs.

Chamberlain's Tablets Are Just What You Need.

When you have no appetite
When your digestion is impaired

The fight on Hoover is becoming bitter. A Western Republican suggest, him for Vice-President.—Columbus Citizen.

British Shut Up in Constantinople—Headline. But the Turks haven't shut up.—Arkansas Gazette.

HERMOSILLO, Mex., April 21.—President Carranza has issued a statement blaming the Communist Party for the Sonora revolt, and ordering the arrest of Communist leaders throughout Mexico, according to a dispatch published in El Heraldo today.

The dispatch asserts further that President Carranza declared that the Communists plan is to set up a Soviet government in Mexico on May 5, a national holiday.

MEXICO CITY, April 21.—Troops have been sent to arrest Gen. Alvaro Obregon, candidate for the presidency of Mexico, who has been located on the border of the states of Guerrero and Michoacan, it is announced by General Barragan, chief of staff to President Carranza.

WOMEN TAKE OVER CITY GOVERNMENT

Down at Jewett, Texas, the mayor and the board of aldermen kicked out of the municipal harness and refused to serve because the women folks of the town criticized the men for the way the city government was being handled. The wife of the mayor and the wives of the aldermen were prevailed on to make the race for the places formerly occupied by their husbands. They were elected and now the women will run things.

WASHINGTON, April 21.—Mexican rebels are threatening the Tampico oil region, according to a communique issued by General Alvarado, representing the revolutionists, and transmitted to the state department today.

The report says that General Gomez, with three thousand troops, has joined the rebels and seized the town of Tuxpan, the second largest Mexican oil city, and that the rebels are now menacing the Tampico section, where extensive areas are owned by American and European interests.

WASHINGTON, April 21.—The revolution in Mexico is now apparently sweeping that country, the revolt being carried on under the personal leadership of General Alvaro Obregon, the anti-government candidate for president.

General Alvarado, representing the revolutionists, told United Press correspondents here today that the revolution would be carried on until the Carranza government was overthrown.

General Obregon's supporters had previously denied that Obregon was connected with the revolution. Gen. Alvarado stated this afternoon that the revolutionists were also depending upon the support of the Villa revolutionists, who are expected to join them.

CONTRACT LET FOR SAFETY FIRST DERRICK

A. L. Jones, rig builder of Coleman, is due here Thursday with his crew, according to a contract made with the Safety First Oil & Gas Co., and will begin at once the reconstruction of the Safety First derrick, which was wrecked

last Saturday night while the drillers were pulling a heavy string of casing.

Manager Hunter reported that the material was on the ground, and without some unforeseen delay the derrick would be up by the end of the week and drilling would be resumed at once.

The well is two thousand feet deep and casing was being lifted to underream, preparatory to setting more casing and cutting off a strong flow of water which the drill brought in at the two thousand foot mark. The drilling will be carried on as fast as possible and the outcome is being watched with much interest as this test is being made right at Ballinger's door.

They Speak Well of It

"I frequently hear Chamberlain's Cough Remedy praised by friends and acquaintances which only tends to strengthen my good opinion of it," writes Mrs. Fred Arter, Zanesville, Ohio. Try it when you have a cough or cold and see for yourself what an excellent medicine it is.

Mrs. E. A. Burnett of Comanche came in at noon Wednesday to visit her son, P. C. Straley, and family.

Take a Real Ride in the Cleveland, and You'll Know What a Car It Is

The Cleveland Six, the sensation of the year among light sixes, is selling itself to thousands who use discrimination in picking out the car they want.

To attempt to describe the qualities of the Cleveland Six is no easy task. You must ride in it to know it. Take a real ride and you begin to understand that here is a better light six, very much better. It has an enclosed over-head valve motor, of exclusive Cleveland design and manufacture and tested in road work for three years before being offered the public, that gives performance unsurpassed.

A real ride will show you, better than can be told you, that the Cleveland has power and pick-up and flexibility and ease of driving that do not come with many other cars. Low-hung spring suspension and splendidly upholstered cushions wise out the road-bumps. Beautiful body lines place the Cleveland above the usual plane in appearance. Upholstery is of genuine hand-buffed leather.

Come let us show you what a car the Cleveland is

NO POLITICS HERE.

Both the Bailey and anti-Bailey factions in Ballinger, if there be such factions, seem to be sleeping on the job. Those who are in favor of the Democratic administration do not seem to have much interest in the matter, and by neglect and indifference are willing to let things go their way and the administration be overthrown if the enemies see fit to do the throwing. Neighboring counties are experiencing some aggressive campaigning. If anything is being done here by either side, it is on the gum shoe method as The Ledger has not been able to locate either a Bailey or anti-Bailey committee.

Relieves Rheumatic Pains

"I am subject to rheumatism and when I have a spell of it one or two applications of Chamberlain's Liniment relieves the pain and makes rest and sleep possible. I would not think of doing without it," writes Mrs. C. Owsley, Moberly, Mo.

THE OVERALLS CRAZE

The Abilene Reporter is out with a statement which fits in to a piece with the thoughts of The Ledger, and which we have attempted to express. The Reporter says it does not wish to "butt in" where it should not tread, and then refers to the striking cartoon of the Dallas News cartoonist who recently pictured the two extremes and the happy medium.

Mr. Knott pictured the luxury club, extravagance and waste on the left hand, the barefoot club, the barehead club and the overall club on the right, with the economy and thrift club in the center, which he advertised in plain English as SIMPLE LIVING AND HORSE SENSE.

Mr. Knott told the whole story. Extremes hurt more than they benefit. It is our candid opinion that the overall movement will result that way. The vast majority of people who will wear denim have plenty of other clothing. But fads will come and go, and we would not prevent it if we could. The thing we are saying is that the great need of the people is a return to reason.

A good merchant supplies the demand of his customers. If the people demand silks and costly attire he must meet the demand. Everybody is spending now-a-days and about all that will come out of the overall movement is an extra expense to the people who buy them, wishing to do some good by so acting. Again we would shout that it is not denim brigades that we need—it is a return to common sense and thrift by which we mean that all of us should get on a basis of saving and away from the silk shirt and silk sock idea. Denim is as much an extreme as the one on which we find our nation now standing.

You can keep your stomach strong, bowels regular and kidneys active by using Prickly Ash Bitters. It is a necessary condition to maintain the health of the body. Price \$1.25 per bottle. Jno. A. Weeks, special agent.

FIRE BOYS TO ENJOY SPREAD

The menu has been fixed and the fire boys will gather around the festal board at the City Cafe tomorrow night. The event will be the culmination of a contest entered into by the fire boys when they divided forces recently and put on a practice contest. It will also be one of the fire boys' occasional social get-together meetings, when they can forget the dangers of fire fighting for a time and enjoy themselves in a social way.

A TEXAS WONDER

for kidney and bladder troubles, gravel, weak and lame back, rheumatism, and irregularities of the kidneys and bladder. If not sold by your druggist, by mail \$1.25 small bottle, often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo. Sold by druggists.

OVERALLS CRAZE HITS LOCAL HIGH SCHOOL

The students of the local high school started a move for an overalls club Wednesday morning, and were scheduled to sign up and pledge themselves to wear the denim until the end of summer. According to prearranged plans the boys are due to come out in new overalls Thursday morning, and the garb will be the uniform. One advantage advanced by a last term in the school, is that the boys will not have to change clothes when they get home and go about their work.

Nervous fluttering or palpitation of the heart does not indicate heart disease, generally it means disorder in the stomach and digestion. Prickly Ash Bitters is a man's remedy for such ailments. It cleanses, strengthens and regulates the stomach, liver and bowels, removes the cause of the heart symptoms and builds up a strong and vigorous body. Price \$1.25 per bottle. Jno. A. Weeks, special agent.

CARELESS POISONING KILLS CANINES.

A dose of poison put out to kill cats, or perhaps stray dogs, caused the death of Mrs. M. McGregor's dog, and a dog at the home of J. McGregor was also recently killed by being poisoned. Mrs. McGregor says that she knows her dog was not poisoned purposely, but the dog got hold of poison put out for other purposes. Scattering poison in town is dangerous, unless it is placed where only that for which it was intended can get the benefit.

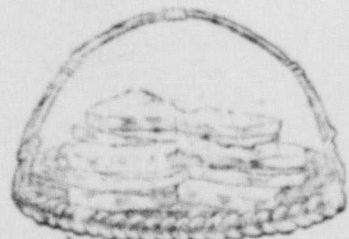

Surgeons agree that in cases of cuts, burns, bruises and wounds, the First Treatment is most important. When an Efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal Antiseptic and Healing Agent. Buy it now and be ready for an emergency. Sold by John A. Weeks.

Mr. and Mrs. J. McGregor and Mrs. E. C. Saunders are at home from a three week stay at Marlin. They returned home after a recuperation trip and report that Marlin is pretty well crowded for the early season.

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. Herbine is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Sold by John A. Weeks.

**LOCAL PATRIOTISM
RUNNING IN LOW**

Only the banks in Ballinger observed San Jacinto Day Wednesday. The banks closed and the employees no doubt enjoyed a day of leisure or diversion from daily routine work.

Schools and all business was carried on as usual and not a flag waved over the city to remind Texans that eighty-four years ago on this day General Sam Houston cleaned up with a bunch of "spiks" and paved the way for the establishing of the republic on the map.

The lack of interest can not be charged to the lack of time. It was not a busy day in commercial circles, not so busy but what a pause could not have been made for some observance of one of the greatest days in the history of the Lone Star state.

Some of the neighboring towns suspended business, schools closed and public gatherings, speaking and music making was the order of the program. By this the coming generation is taught a lesson of patriotism for the cause for which our forefathers met death.

It was on this day in 1836 that Gen. Sam Houston met and defeated an army of Mexicans which outnumbered the Texans by large odds. The scrap took place on the banks of San Jacinto Bayou, not very far from the city of what is now Houston. Gen. Houston's forces numbered only about six or seven hundred, but they routed Santa Anna and his big army of outthroats and captured Santa Anna.

The Texans in that battle made it possible for the brightest star on the flag to shine today. The Mexicans had butchered Fannin and his force at Goliad and had stormed the Alamo, wiping out the garrison at that place, but the San Jacinto band proved too much for the Mexicans and they were made to retreat across the Rio Grande, and the day is one which should be kept fresh in the minds of all Texans.

It was later when Houston was made first president of the Republic of Texas.

To have a fine healthy complexion the liver must be active, the bowels regular and the blood pure. All this is brought about by using Herbine. It thoroughly scours the liver, stomach and bowels, puts the body in fine condition and restores that clear, pink and white complexion so much desired by ladies. Sold by John A. Weeks.

Can A Million Motorists Be Wrong?

Endorsement of a tire by one hundred motorists would prove nothing.

Endorsement by a thousand would prove little, but when a million motorists, scores of great corporations and three thousand dealers like ourselves say that Horse-Shoe tires actually cost less per mile of service, their collective endorsement carries tremendous weight.

If this is the kind of a tire you would like to drive we should like to tell you more about it.
