

Reds Due To Accept Four-Power Parley

By JOHN M. HIGHTOWER
WASHINGTON (AP)—U.S. officials anticipate an early Soviet acceptance of the Western invitation for a top-level Big Four meeting this summer.

President Eisenhower joined with British Prime Minister Sir Anthony Eden and Premier Edgar Faure of France in dispatching the invitation late yesterday. Made public last night, it proposes an early meeting with Russian Premier Nikolai Bulganin.

The time and place may be settled when Secretary of State Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay meet Soviet Foreign Minister V. M. Molotov in Vienna at week's end to conclude an Austrian state treaty. Eisenhower is described as willing to journey to some neutral country.

Soviet Offers A Plan For Peace

MOSCOW (AP)—The Soviet Union unveiled a world peace plan today calling for the immediate withdrawal of most foreign troops from both East and West Germany, big power arms cuts and a controlled ban on atomic weapons.

On the key question of international control and inspection, the Soviet proposal said: "In the existing situation, when many states display legitimate concern for their security, it is difficult to expect that these states will trustfully give other states access to their industrial and other resources which are of vital importance to their security."

The plan was made public a few hours before top Soviet officials gathered in Warsaw with leaders of their seven East European allied nations to establish a unified NATO-type alliance under a Russian commander.

The West has been pushing in all postwar disarmament talks for a system of international inspectors free access to all areas to insure observance of bans on atomic weapons production.

The bid for the evacuation of foreign troops from Germany was contained in the first declaration, an eight-point general peace plan.

The Russians said these remaining contingents should be allowed to stay "pending the conclusion of an agreement on their full withdrawal."

The second declaration, containing specific disarmament proposals, listed the following three points as necessary to "free humanity from the threat of a new destructive war":

1. Full prohibition of the use and production of nuclear and other weapons of mass destruction and the diversion of this potential energy to peaceful uses.

2. Substantial reduction of all armed forces and conventional arms.

3. Setting up of a control organ with right and authority guaranteeing effective observation by all countries of this prohibition and reduction.

3. Setting up of a control organ with right and authority guaranteeing effective observation by all countries of this prohibition and reduction.

WASHINGTON (AP)—President Eisenhower said today he agreed to a top-level Big Four conference in the hope of clarifying the "international atmosphere" and to test Russia's sincerity.

The President emphasized at a news conference there still is nothing definite as to whether there will be a meeting at the summit—that is, of Eisenhower, Prime Minister Eden of Britain, Premier Faure of France, and Marshal Bulganin of Russia.

The Western Big Three yesterday formally invited the Soviets to a top-level conference.

Eisenhower repeated what he has said before—that he is willing to go anywhere, anytime, if any good would come from the journey so far as world peace is concerned.

Union Leaders To Set Demands On Steel Wage

PITTSBURGH (AP)—Top policy makers of the CIO United Steelworkers convene today to set the exact amount of a raise they'll seek for 600,000 workers in the basic steel industry.

Steelworkers now average \$2.33 an hour.

The meetings of the union's 29-member Executive Board and 170-member Wage Policy Committee were scheduled.

The meetings came as the steel industry was booming along at near-capacity production. More steel was made last week than in any previous week in history.

The guaranteed annual wage, prime issue in current contract talks between the CIO United Auto Workers and Ford and General Motors, will not be discussed in steel negotiations.

Past practice of the policy committee has been to keep the amount of raise being sought a closely guarded secret, at least until negotiations were well under way.

The wage talks are expected to start late this month with U.S. Steel Corp., the world's largest producer. A settlement with Big Steel usually sets the pace for the rest of the industry.

Industry officials say any wage hike would be offset by an increase in the price of steel.

Observers feel there is little likelihood of a steel strike.

WASHINGTON (AP)—Premier Bulganin put in a plug for peaceful coexistence at the opening meeting today of the Communist conference called to organize a unified military command for Eastern Europe's armed forces.

This was reported by Moscow radio. It quoted Bulganin as telling the Communist delegates:

"The invariable principle of Soviet foreign policy is the Leninist principle of the coexistence of the different social systems. The Soviet government upholds this principle so that humanity may be delivered from the horrors and calamities of war and tranquility guaranteed to the peoples of the world."

"The Soviet Union is waging an active struggle for the strengthening of peace and the relaxation of international tension and welcomes any steps taken by governments of other states in this direction," Bulganin said.

Bulganin's appearance was the first at an international conference outside the Soviet Union by a Soviet Premier since the days of Joseph Stalin.

Bulganin's appearance was the first at an international conference outside the Soviet Union by a Soviet Premier since the days of Joseph Stalin.

Planting Moisture Cheers West Texas

Area agriculture took a new lease on life Wednesday in the wake of varying but on the whole beneficial showers.

Except for the southwest part of Howard County, moisture from spectacular storm clouds along a squall line amounted to an inch or more. A belt from Vealmoor, in south Scurry County received from three to five inches.

In Big Spring, where the fall varied from three-quarters of an inch to 2 1/4 inches, there was some damage to streets and mild flooding in one instance.

Inside Big Spring the rain fluctuated sharply. Webb AFB showed only .56 of an inch, the Herald gauge .73 (another .25 was added shortly before noon Wednesday).

Howard County Junior College 1.67, south of town 1.6, Texas Electric Switching Station east of town 2.16, some spots in east Big Spring 2.30, the U. S. Experiment Farm 1.29.

While there were still spots which have been missed largely, most of the north half of Howard County now has received sufficient moisture for planting. The north and

north central part seemed assured of ample seasoning to bring cotton and feed to a good stand.

Although first of the rain came in violent bursts, most of the Tuesday night fall leveled off slowly for the remainder of the night. Thus ranches were aided and in many instances stock water supplies were replenished.

The rain did not qualify as a drought breaker, but it did make dents in certain sectors. Prospects of more rain brightened hopes of farmers and ranchers.

Lamesa, which had been getting good rains earlier in the week, added only .10 of an inch but it was sprinkling there Wednesday morning.

Garden City got 1.2 inches, Snyder 2.33, Gail 3.0, Ackerly 7, Colorado City 7.8, Coahoma 1.4.

Inside Big Spring there was severe washing along slopes of recent cuts for opening of Fourth Street. Silt and caliche washed onto the pavement badly, said city officials.

An electric wire came down on the north Lamesa Road at NW 12th during the Tuesday evening storm, and firemen were called at 8:45 p.m. to the Wagon Yard Trailer Courts where an attempt fell on an electric line. There was no damage.

Water backed from the T&P tracks over Third Street at the San Jacinto and Galveston intersection. A house was reported flooded at 1107 Mulberry in Stanford Park. From the T&P terminal east, First Street was running curb to curb but water emptied out rapidly. Northwest Third was made nearly impassable by debris, mud and silt which washed in from the northwest slopes. At Gregg and Ninth in the south side, mud and water stacked up and almost stalled traffic. Water on Wildhorse and Morgan Creeks stopped traffic on the Snyder Highway temporarily around 10 p.m., the Highway Patrol

LONE BANDIT LOCKS UP BANK EMPLOYEES, ESCAPES WITH CASH

DODGE CITY, Kan. (AP)—A 30-year-old man was arrested in a churchyard five miles south of here today for questioning in connection with the \$17,000 robbery earlier in the day of the First National Bank of Hooker, Okla.

HOOKER, Okla. (AP)—The First National Bank of Hooker was robbed today of \$16,000 by a lone gunman who escaped after locking employees in the vault.

Bank President C. E. Wilson, who estimated the loot, said the slight, khaki-clad bandit held his free hand in front of his face and threatened to shoot anyone who took a good look at him. He was armed with a .45 automatic pistol.

County and Highway Patrol officers immediately threw up road blocks around this small Panhandle community which is less than 10 miles from the Kansas border. But it appeared the robber had already made good his escape.

The sheriff's office said a green, 1948 sedan with Oklahoma license plates, resembling the getaway car, was seen in Texoma, Okla., heading for Dalhart, Tex., to the south.

Wilson said the blond, blue-eyed bandit, who appeared to be about 28 or 30, entered a side door through which employees were reporting for work at 7:55 a.m.

Harold Witke, assistant cashier, said the man started fumbling at the front of his shirt, pulled a gun and ordered: "I want you to open up your till."

"We haven't got our money out," Witke replied, and the gunman snapped, "Well, get it out."

Witke said he handed packages of currency to him from the vault, then was locked inside with the rest of the personnel.

All were released shortly afterward by workers in a nearby plumbing shop to which the bank's burglar alarm is connected. The alarm was set off in the vault.

WASHINGTON (AP)—A bill to provide a whopping \$31,488,206,000 for the nation's defense came before the House today. The administration's military manpower cuts loomed as the main point of controversy.

Indications were the final voting, scheduled for tomorrow, would find the House almost solidly behind the President's position—that of greater reliance on air and atomic power and less on manpower.

Rep. Flood (D-Pa.), an Appropriations Committee member, told newsmen he would ask the House to increase the bill enough to maintain military manpower strength at levels as of this June 30, and to block the planned retirement of

100 naval transports and amphibious vessels.

Recent atomic tests, Flood said, emphasize a necessity for maintaining large, mobile ground forces.

Flood failed in an effort to persuade the Appropriations Committee to block plans for a reduction of about 87,000 Army men and 12,000 in Marine Corps strength during the fiscal year starting July 1.

As approved by the committee, the bill provides for an Army of 1,037,000 men, a Navy of 657,000, plus 123,000 Marines and 975,000 Air Force personnel by June 30, 1955. This would be an overall reduction of 202,000 from estimated strength as of this June 30.

The bill would appropriate \$744,609,000 less than the President requested, but the cuts are largely technical.

The bill would allot the Army \$7,329,815,000, the Navy \$9,071,534,000, the Air Force \$14,401,984,000 and miscellaneous Defense Department activities \$684,550,000.

\$31 Billion Defense Outlay Up For House Consideration

Ike Wants The 'Air Cleared'

WASHINGTON (AP)—President Eisenhower said today he agreed to a top-level Big Four conference in the hope of clarifying the "international atmosphere" and to test Russia's sincerity.

The President emphasized at a news conference there still is nothing definite as to whether there will be a meeting at the summit—that is, of Eisenhower, Prime Minister Eden of Britain, Premier Faure of France, and Marshal Bulganin of Russia.

The Western Big Three yesterday formally invited the Soviets to a top-level conference.

Eisenhower repeated what he has said before—that he is willing to go anywhere, anytime, if any good would come from the journey so far as world peace is concerned.

Last Atomic Test Again Postponed

LAS VEGAS, Nev. (AP)—The final atomic blast of the 1955 nuclear test series in Nevada, scheduled for today, was postponed shortly before the scheduled detonation time of 5:05 a.m.

The Atomic Energy Commission said "unacceptable wind patterns" had developed.

Another weather briefing will be held to decide whether to try the final blast of the series at 5 a.m. tomorrow.

The final shot of the series is scheduled to be a big 30- to 35-kiloton shot atop a 500-foot tower.

Texas House Hears Talk By Prize Winner

AUSTIN (U-P) — Pulitzer Prize winner Roland Kenneth Towery yesterday told the Texas House he doesn't look "for any more startling revelations" in investigations of the state's veterans land program.

But numerous grand juries and legislative committees are still probing hundreds of sales under the state's substitute for a cash bonus for veterans of World War II and Korea.

And former Land Commissioner Bascom Giles is scheduled to come to trial May 23 in San Antonio on charges of accepting a \$30,000 bribe in connection with one sale.

Towery, 32, managing editor of the Cuero, Tex., Daily Record, was the first to publicly print irregularities about the 100 million dollar land program. That was last November.

"I'd heard rumors about some sales," Towery said. "I started doing a little checking around. Then I found out Dewitt County Attorney Wiley Cheatham was working on the same thing. We teamed up."

The story Towery printed was of several Negro veterans who became owners of land they never knew they bought. Some veterans said they thought they were signing up for a bonus when they signed papers that later turned out to be applications for purchase of state land. That and later land stories won him the prize.

Vets Asked To Limit Calls To VA Office

Veterans here are being asked by VA officials at the regional office in Lubbock to limit phone calls and visits to Friday.

This will enable the Veterans Administration to devote the greatest possible amount of working time to processing of GI loans, it was announced. More working time is needed because of the boom in the sale of homes bought with GI loans.

Lubbock officials say the Loan Guaranty Division of the VA is busier than it has been in some time, but that everything possible is being done to keep from delaying any GI loan applications.

They also point out that most GI loan questions can be answered at the office of the lending institution handling the GI loan.

Biggest "Rush" since the Klondike!

New Dodge Custom Royal Lancer in dramatic three-tone styling.

So head for your Dodge Dealer . . . and take your pick!

The moment the new Dodge hit dealers' showrooms, the "rush" was on. New car buyers had struck gold . . . and they knew it! Actual sales figures throughout the country show that sales have doubled over last year as America goes for "The Big One!" And why not? In the new Dodge you'll find "solid gold" luxury and value—for only a few dollars a month

more than you'd pay for one of the "low price three." In its class, it actually costs less than cars up to 9 inches shorter. And its *flair-fashioned* styling is stealing the "Oh's" from cars costing a thousand dollars more. The rush is on! . . . with 17 magnificent new Dodge models to choose from. So head for your Dodge dealer's . . . and take your pick!

Dr. Salk Receives Pennsylvania Award

Governor George M. Leader, right, admires the Pennsylvania Meritorious Medal worn by Dr. Jonas E. Salk after he presented the medal to Dr. Salk before a joint session of the State Legislature in Harrisburg, Pa. Dr. Salk was honored for his development of the anti-polio vaccine. (AP Wirephoto).

Some Polio Vaccine Due Release Soon

By CHARLES F. BARRETT

WASHINGTON (U-P) — On-the-spot checks of production of the Salk polio vaccine were expected to begin today amid indications some supplies may be released soon.

A team of Public Health Service scientists was due in Detroit to inspect vaccine manufacturing methods at the Parke-Davis laboratories.

A reliable source here said it would be reasonable to expect action late today or tomorrow to release some Parke-Davis vaccine for public use. Supplies from other manufacturers should be released by early next week, he added.

Pending rechecks at all vaccine manufacturing plants, U.S. Surgeon General Leonard A. Scheele has called for a halt in the nationwide mass inoculation of school children.

Dr. Scheele has said he would give an immediate signal to resume vaccinations as soon as he receives expected favorable reports from plant inspections.

Such favorable reports presumably would release not only supplies already distributed and held up at Scheele's request; they could also lead to release of newly manufactured supplies under freshly prescribed safety standards.

Interviewed last night on a CBS television program, Scheele said he "hopefully" expects to get the vaccination program rolling again by the end of this week. He said he thinks enough of the vaccine will be released soon to inject all children in the susceptible 1-9 age group before the peak of the summer polio season.

He reiterated that he "absolutely" has confidence in the vaccine itself.

A House Banking Committee hearing on vaccine control, scheduled for today with Scheele and Secretary of Welfare Hobby testifying was canceled.

Mrs. Hobby and Scheele said they could not attend, apparently because they wanted to be ready to act quickly if a report should come through from Detroit.

Still another congressional investigation of the vaccine situation was announced yesterday by Sen. Hill (D-Ala.). He summoned his Senate Labor and Public Welfare Committee to meet Monday to discuss distribution of the serum. Sen. Magnuson (D-Wash.) has also called a meeting of his Senate Commerce Committee Monday to consider the polio vaccine problem.

The health service has reported 52 confirmed cases of children stricken with polio after being vaccinated. Forty-four followed use of vaccine made by Cutter Laboratories, Berkeley, Calif. Seven had been inoculated with the product of Eli Lilly Co., Indianapolis. The other one had received vaccine manufactured by Wyeth Laboratories, Inc., Marietta, Pa.

Five new postvaccination cases were reported yesterday—two in suburban Philadelphia and one each in Erie, Pa., Cincinnati and Casper, Wyo. The death of an Idaho Falls, Idaho, boy who received the vaccine was reported yesterday to the State Health Department at Boise.

Stump Says 7th Not Vulnerable

TAIPEI, Formosa (U-P) — Adm. Felix B. Stump left for his headquarters at Pearl Harbor today after telling newsmen he thought the U.S. 7th Fleet "can take care of itself."

The U.S. commander in chief of the Pacific had been asked whether he considered the 7th Fleet more vulnerable as a result of the buildup of Communist air strength on the mainland opposite Formosa.

Stump had three talks with Chinese Nationalist President Chiang Kai-shek with whom he had stayed as a house guest.

"We talked," he said, "about the same things as before—mutual problems connected with military aid—and what we might do to make the job out here more effective."

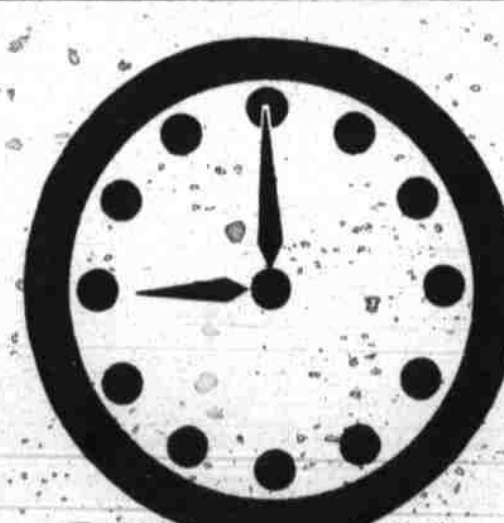

Stump said he did not visualize any change in the military situation affecting the offshore islands, Quemoy and Matsu.

He was asked about a press report that the Chinese Communist military buildup on the mainland might lead to Red control of the air over the Formosa Strait within a few weeks.

"I don't think they'll have air control in a few weeks—I wouldn't expect," he replied.

The offshore islands, he said, are much stronger than they were, "and getting stronger all the time."

As for military aid to Formosa, "It is continuing as the need arises, and will continue."

Governor Signs More New Bills

AUSTIN (U.S.)—Gov. Shivers has signed a bill amending the Upper Neches River Authority Act to provide for new board members.

By Reps. Jerry Sadler, Hickory Grove, and W. W. Glass, Jacksonville, the new law entitles each city or town which in the future may become a part of the district to have three members on the board. Directors are to be appointed by the governor.

The new law requires a two-thirds vote of the board for location of any new dam site.

The governor also signed a bill reducing from 25 to 10 per cent of qualified voters the number required to sign a petition seeking abolition of an independent school district.

Other bills to become law with the governor's signature are concerned with patients of state mental hospitals and leases of university lands.

One allows superintendents of state mental hospitals to discharge patients when they are cured. It provides the county which committed the patients must pay their transportation back to that county.

The lease law permits extension of oil and gas leases on university lands if the lease operators are acting in "good faith" or a "business-like manner."

It permits renewal of a lease to land where a shut-in gas well is located. The well would have to be capable of production, and the lessee would have to pay \$1,200 to renew the lease for a year.

Big Spring (Texas) Herald, Wed., May 11, 1955

Meeting In Moscow

The tower of Moscow University forms the background for this Moscow reunion, as U. S. veterans of the World War II link up on the Elbe River with Russian soldiers who met with one of the Soviet veterans. From left are Robert Haag, Indianapolis; William Weisel, Cincinnati; Fred Johnson, background, of Bradford, Pa.; Gregory Goloborodko, a Russian vet of the Elbe meeting; Joseph Polowsky, Chicago; and Charles Forrester, Greer, South Carolina. The U. S. veterans flew to Paris, where they were picked up by their Russian hosts and flown to Moscow. (AP Wirephoto via radio from Moscow).

Alaska-Hawaii Statehood Proposals Beaten Again

WASHINGTON (U.S.)—Alaska and Hawaii—their statehood dream blasted, ironically, by 48 votes—grasped for the bottom rung of the ladder again today.

In the wake of the 218-170 vote tally by which the House yesterday sent the joint Alaska-Hawaii bill back to committee, supporters were uncertain of their future course.

Chairman Engel (D-Calif.) of the House Interior Committee said the margin of defeat made problematical consideration of separate legislation for either or both territories.

"I'm not going to fight a windmill," he said.

Both Engel and Rep. Saylor (R-Pa.), another leading statehood backer, attributed defeat to opposition by the leadership in both parties.

Saylor said he would recommend the committee come back with separate bills for each territory, but he conceded there might be difficulty determining priority.

On this score, Delegate Bartlett (D-Alaska) said Hawaii should be considered first to "put the administration to the test."

Bartlett was referring to President Eisenhower's repeated recommendations that statehood be conferred on Hawaii. Eisenhower has made no such recommendation for Alaska.

Delegate Farrington (R-Hawaii) said she was "encouraged" by the outcome, adding that Hawaii's best chance for statehood rests in eventual passage of a separate bill.

The effect of the House action on prospects of statehood legislation in the Senate was hard to assess immediately.

Chairman Jackson (D-Wash.) of the Senate Territories subcommittee has said often it would be "a waste of time" for the Senate to act in the face of House rejection. He said he is convinced the Senate would insist upon a joint bill. Such an Alaska-Hawaii bill passed the Senate last year. It died in the House.

Particularly discouraging to statehood supporters was the fact that yesterday was the first time the House ever rejected Alaska or Hawaii statehood legislation. The House previously had voted on three occasions to admit Hawaii as a state. It also voted once to make Alaska a state.

In yesterday's vote, Democrats split almost evenly with 165 voting to return the bill to committee and 107 opposing. Republicans divided 113-63 in favor of recommending the bill.

Applications Taken For Notaries Public

Persons who wish to become notary publics or be reappointed must file an oath and bond with the county clerk's office before May 23, according to Pauline Petty, county clerk.

Secretary of State A. M. Muldrow has announced that he will make appointments between June 1-10, 1955. However, all appointments will be made only after the county clerk's office has acted on each case. Individuals should not send the bond or requests for commissions to the State Secretary.

Mrs. Petty said each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the

Howard County; exact names and addresses must be given as the location of the notary may be required long after he has notarized an instrument.

UNCLE RAY'S CORNER

A piano made by Cristofori, and a bit of piano music written by him.

Three instruments were combined to make the piano—the harp, the harpsichord and the clavichord. The clavichord had keys which were pressed to make pins or wedges strike the strings. The harpsichord had a different action, but the music came from the strings of a harp-like instrument.

The tinkling music of the harpsichord and clavichord pleased some persons, but others complained that it was too weak. This led several men in southern Germany and northern Italy to work on plans for a stronger instrument. The main idea was to strike the strings of a harpsichord with little hammers or mallets, somewhat like the wedges of a clavichord but making louder sounds.

In southern Germany and northern Italy, several men worked on plans to produce stronger music. The main idea was to turn a harpsichord into an instrument which would produce stronger notes. The first successful instrument of this kind was made by Cristofori, an Italian inventor of the city of Padua. He produced a "piano-forte," and the name meant "soft-loud." His product was placed before the public 246 years ago, and its fame spread to other countries. Cristofori's pianoforte (later called piano, for short) had little hammers, or mallets, which would strike the strings when the keys were pressed.

Many persons took up the making of pianos, but the work was slow because all of it was done by hand. Skilled craftsmen took several months to build a single instrument. One old German record says:

"When the pianoforte was finished, the maker was the hero of the hour. With his craftsmen, he accompanied the wagon which conveyed the precious burden to the purchaser's home. A band marched in front of the wagon, and musicians, schoolmasters and others followed. The mayor made a speech about the importance of the event. A banquet and a dance closed the happy occasion."

Tomorrow: Violins.

Alcatraz Prison Revolt Revealed

SAN FRANCISCO (U.S.)—An outbreak of violence in Alcatraz Prison on April 25 was disclosed yesterday by Warden Paul J. Magigan, who said "seven or eight men" had been placed in solitary confinement.

He described the outbreak as "a little disorder" involving only a few men.

He said the rioters already had been in a disciplinary section of the island prison in San Francisco Bay. He said the disturbance was based on demands for better food, newspapers and commissary privileges while being disciplined.

Sorority Honors Mrs. Paul Darrow At Meet

Mrs. Paul Darrow was honored by the Exemplar Chapter of the Beta Sigma Phi when they met Tuesday evening at the Kent Morgan home for the ritual for incoming exemplars. Installation of officers and dinner.

Mrs. Darrow has been active in the sorority for 18 years and in a special ritual she was presented with a jeweled pin from the chapter.

Four members from the Beta Omicron chapter were made exemplars in a ceremony by candle-light. Each member who took part in the installation held a candle to match her dress. The new members are Mrs. Ray Thomas,

Mrs. Gerald Harris, Mrs. Bill Merriam, Mrs. Arch Ratliff and Mrs. Randall Carpenter.

New officers installed were Mrs. Charles Tompkins, president; Mrs. L. D. Chrane, vice president; Mrs. Travis Carleton, secretary; and Mrs. Roxie Dobbins, treasurer.

Hostesses for dinner in addition to Mrs. Morgan were Mrs. Thompson, Mrs. Darrow, Mrs. Carleton and Mrs. Melyn Coleman.

The members were served buffet style from a table laid with a natural colored linen cloth and centered with a bouquet of yellow roses. They were seated at four round tables upon each of which was a vase of yellow roses.

Forsan People Visit And Have Visitors

FORSAN — Mrs. Betty Anderson has returned from Evening Shade, Ark., where she visited with relatives.

Mr. and Mrs. Frank Philey and

Jenny have been visiting with his father, George Philey, and other relatives in Abilene.

Mr. and Mrs. Vernon Jenkins and children have recently visited with friends in San Angelo.

Mr. and Mrs. Bobby Baker and Debbie, of Seminole have been the guests of her parents, Mr. and Mrs. Jim Craig.

Mr. and Mrs. W. K. Scudday and Korney Sue of Rahkin have been visiting with his mother, Mrs. Pearl Scudday.

Delbert Bardwell and Clifton Ferguson have returned from a trip to Austin.

Mr. and Mrs. Dean Bailey and children of Jal, N. M. were weekend visitors with her parents here.

Mrs. L. B. McElrath has recently visited with relatives in Austin.

Mr. and Mrs. W. M. Roman spent the weekend in Carlsbad, N. M. and toured the Caverns.

Mr. and Mrs. T. D. Breithaupt, Beverly and Karen, of Odessa spent the weekend with her parents, Mr. and Mrs. John Cardwell.

Mr. and Mrs. Gressett who are moving from Lubbock to Snyder, spent the weekend with his parents, Mr. and Mrs. Walter Gressett.

Mr. and Mrs. Eddie Everett and children, visited with her parents, Mr. and Mrs. M. E. Appling of Midland, over the weekend.

Mr. and Mrs. G. T. Baum have visited with friends recently in Rising Star.

Wanda Paschal of Big Spring was a weekend visitor with Mr. and Mrs. Elbert Strickland.

Mrs. Harshel Lewis of Snyder visited recently with Mrs. J. D. Martin.

Mr. and Mrs. Ted Henry have visited in Lubbock and Brownfield with relatives.

Mr. and Mrs. Rayford Lile have returned from a short visit in Fort Worth. Their daughter, Christi, visited in Abilene during their Fort Worth visit.

Mr. and Mrs. C. B. Long were the guests of his parents, Mr. and Mrs. C. C. Long, in Blackwell recently.

Mr. and Mrs. J. B. Hicks Sr. and Mr. and Mrs. R. A. Chambers visited in Snyder recently.

Three To Judge Paintings Of Las Artistas

Three judges have been named for the Las Artistas membership Friday, Saturday and Sunday.

Art show that is scheduled for Mrs. Tinele Heddins' art instructor, at the San Angelo Junior College and Mrs. George Hart of Lamesa will judge the paintings that will be at the St. Paul's Presbyterian Church. Members are urged to have their work there before 10 a.m. Friday. The art show will be concealed until after the judging.

The paintings will be taken to the small auditorium at the Howard County Junior College where the public is invited to view them Saturday and Sunday from 2 until 6 o'clock.

Past Matrons Have Dinner At Ulrey's

The Past Matrons' Club of the Order of Eastern Star met in the home of Mrs. R. D. Gray Tuesday evening for dinner and a social hour.

Co-hostesses were Mrs. Jessie Graves and Mrs. Russell Stringfellow.

The dinner was served buffet style and double pink larkspur were used as floral decorations throughout the house.

Due to the weather conditions, the business meeting was dispensed with and after the exchange of secret pin gifts the meeting was adjourned.

Hostesses for the June meeting will be Mrs. Joe Hayden, Mrs. B. Fisher and Mrs. Henry Williams.

Be An Attractive Gardener At Work

By DOROTHY ROE
AP Fashion Editor

This is the time of year when all America moves outdoors — when the garden tools come out of the garage and the porch furniture out of the basement.

It's also the time when Mr. and Mrs. America and all the little Americans go shopping for sturdy, colorful clothes to suit this new casual way of life. The trend to country living has opened up a whole new category of leisure clothes for all ages. For this is the era when work-and-play clothes

are more important than party fashions.

Alert designers have taken advantage of the trend, and have supplied shops throughout the country with the kind of comfortable, casual, colorful fashions that outdoor life demands.

When Mom does her gardening or lawn-mowing this summer she'll be dressed for the job, probably in well-fitting, washable Bermuda shorts and colorful shirt, with gay gloves planned for the purpose. Or she may choose a light-colored sun outfit of brief shorts and halter top, to allow her to catch up on her sunbath as she works.

Pop also has his own special do-it-yourself outfit, in sturdy denim or cotton twill, with shirts to match, or Bermuda shorts with bright sports shirts.

The small fry demand their blue jeans, but they also blossom out in gay sun-and-play suits these days, as the family moves into the season of backyard living.

Members of the Vealmoor 4-H Club met Monday to hear Elizabeth Pace, county Home Demonstration agent, talk about the Clothing Workshop which will be held in June and July. Date of the first one is June 12-17, and the second workshop will begin June 27-18 and run for two weeks.

Announcement was made of the Girls' District Camp, which will be held in Lubbock on June 21, 22 and 23. Fifteen attended, including the leader, Mrs. W. O. Cox, and a guest, Mrs. Neva Springfield.

Mrs. Mailey Haynes who has instructed the nurses in their training will present stripes and pins to Mrs. W. A. Wood, Mrs. Earl Kelley, Mrs. W. R. Patterson, Mrs. Roy Geary, Mrs. Mack Roberts, Mrs. B. A. Long, Mrs. Marvin L. Gentry and Donna Waggoner.

She will call Melba Burnett, Mrs. Marea Parrish, Mrs. E. L. Holder, Mrs. B. R. Derryberry, Mrs. Della McCullough and Mrs. Guy Burrows.

In addition to the floor duties these women have completed 250 classroom hours of study.

Capping Exercises Slated At Medical Arts On May 12

Capping exercises for vocational nurses will be held at the Medical Arts Hospital on Hospital Day, May 12, at 7:30 p.m. The program will be held in the lobby.

The Rev. William Boyd of St. Mary's Episcopal Church, will give the invocation, and Rupert Bickler will be the principal speaker.

The Rev. C. W. Parmenter of the Wesley Methodist Church will give the benediction.

Mrs. Mailey Haynes who has instructed the nurses in their training will present stripes and pins to Mrs. W. A. Wood, Mrs. Earl Kelley, Mrs. W. R. Patterson, Mrs. Roy Geary, Mrs. Mack Roberts, Mrs. B. A. Long, Mrs. Marvin L. Gentry and Donna Waggoner.

Dorothy Crittenden, Lt. Lanier Are Wed

Informal, single-ring rites Saturday evening united Dorothy Crittenden and Lt. J. B. Lanier at the Westside Baptist Church. The Rev. Cecil Rhodes officiated at the ceremony, which took place before an arch of candelabra, trimmed with fern, white stock and gladioli.

The bride is the daughter of Mrs. Mollie Crittenden, 1205 Lancaster and E. C. Crittenden of San Antonio. The bridegroom is the son of Mr. and Mrs. J. B. Lanier, Albany, Ga.

Mrs. Jack Hollowell played the nuptial music and accompanied Jodie Miller as she sang "Because" and "The Lord's Prayer." Donald Crittenden gave his sister in marriage.

The bride's dress was of white dotted Swiss over satin, street-length, and fashioned with a rhinestone-trimmed neckline. A circular skirt was attached to a fitted bodice, which had tiny sleeves. Her hat was long white gloves. Her hair was trimmed with rhinestones and a shoulder-length veil. Her flowers were carnations and gardenias.

Something new in her attire was the pair of gloves; something borrowed was a white Bible, belonging to Mrs. LaRoy Shaffer, sister of the bride. Something blue was a ribbon in the Bible, and she wore a penny in her shoe.

Jill Stein, the bridesmaid, wore a pink dress identical to that of the bride. Her hat was pink and she wore pink gloves. She had blue frills as her flowers. Don Lanier of Albany, was his brother's best man. Lt. R. E. Westbrook of Houston, Colo., seated the guests and acted as candlelighter.

At a reception in the home of Mr. and Mrs. J. J. Winn the bridal couple received guests with their mothers and their attendants. The bride's table was laid with a lace cloth over blue. The three-tiered cake was served by Mrs. George Crittenden, and Mrs. Herbert Shipp served punch. Celia Grant was at the register.

For a wedding trip to Georgia and Florida, the bride wore a dress of tan polished cotton. Her accessories were of tan and aqua. Upon their return to Big Spring, they will

be at home at 1405 Stanford.

She is a graduate of Big Spring High School and has been employed by Southwestern Bell Telephone Co. as a service representative. The bridegroom is a graduate of Georgia Southwestern College and has attended Walter F. George Law School. He is at present at Webb Air Force Base, where he is a flight instructor.

Out-of-town guests were Mr. and Mrs. James Crittenden of Seminole, Mr. and Mrs. Herbert Shipp of Stanton, Mr. and Mrs. LaRoy Shaffer of Vincent, Mrs. Lanier, mother of the bridegroom and his cousins, Misses Sallie, Edwin and Ada Davis, all of Albany, Ga., and Mr. and Mrs. Myrl Stein of Kermit.

Members made a donation to be applied on the fund to be used at the IOOF Home for the Aged at Ennis. Plans are under way to purchase a dishwasher at the home.

Announcement was made of the joint IOOF and Rebekah Memorial services to be held on June 14.

In the attendance contest the Greens are still leading the "Pinks" 105 to 89 points. The contest will continue until the middle of June.

Hostesses for the evening were Mrs. Ollie McDaniel, Mrs. L. L. Lynch and Mrs. C. C. Bowles who served refreshments to 42 Rebekahs.

Weekend guests have returned to their homes after spending Mother's Day with Mrs. G. E. Fleeman, their mother, and Mr. Fleeman. They were Mr. and Mrs. Henry Martin of Ballinger, Mr. and Mrs. Wayne Parrish of Amarillo and Mr. and Mrs. C. W. Schafer of Lamesa.

The Kiwanis Queens have scheduled their luncheon for Thursday at 12 noon in the Penthouse of the Permian Building. Mrs. R. M. Heine and Mrs. Wendal Parks will be hostesses.

Mr. and Mrs. J. T. Cook and Mrs. Junior Rhea have gone Camp Chaffee in Arkansas where they will spend their honeymoon. They expect to return to Ackerly soon.

Mr. and Mrs. W. M. Dozier and Helen have been visiting Mrs. Annie Dozier in San Angelo.

Mrs. Bruce Crain and daughter, Zenobia, were recent visitors in Stanton.

Mr. and Mrs. James Womack are visiting with relatives in Nashville, Ark.

Mrs. Tom Gregg visited recently with her daughter, Mrs. George Cathey in Lenoir.

Mr. and Mrs. J. V. Bristow and children visited in Lubbock recently.

Deb Gregg has returned from Austin where he took part in the state track meet.

Mrs. Tom Gregg and Dorothy Nell have visited Mrs. W. L. Taylor in Big Spring.

Hostess groups at the Servicemen's Center recently have included the Rebekah Lodge No. 284, and the Green Thumb Garden Club. The Eastern Star, No. 67, sent refreshments for one of the night meetings. Afternoon hostesses were members of the Catholic Church.

Members of the Vealmoor 4-H Club met Monday to hear Elizabeth Pace, county Home Demonstration agent, talk about the Clothing Workshop which will be held in June and July. Date of the first one is June 12-17, and the second workshop will begin June 27-18 and run for two weeks.

In addition to the floor duties these women have completed 250 classroom hours of study.

Members of the Vealmoor 4-H Club met Monday to hear Elizabeth Pace, county Home Demonstration agent, talk about the Clothing Workshop which will be held in June and July. Date of the first one is June 12-17, and the second workshop will begin June 27-18 and run for two weeks.

Announcement was made of the Girls' District Camp, which will be held in Lubbock on June 21, 22 and 23. Fifteen attended, including the leader, Mrs. W. O. Cox, and a guest, Mrs. Neva Springfield.

Mrs. Mailey Haynes who has instructed the nurses in their training will present stripes and pins to Mrs. W. A. Wood, Mrs. Earl Kelley, Mrs. W. R. Patterson, Mrs. Roy Geary, Mrs. Mack Roberts, Mrs. B. A. Long, Mrs. Marvin L. Gentry and Donna Waggoner.

She will call Melba Burnett, Mrs. Marea Parrish, Mrs. E. L. Holder, Mrs. B. R. Derryberry, Mrs. Della McCullough and Mrs. Guy Burrows.

In addition to the floor duties these women have completed 250 classroom hours of study.

Four Are Initiated Into Rebekah Lodge

In a candlelight ceremony at Carpenter's Hall Tuesday evening, Mrs. W. E. Parker, Mrs. H. L. Dodd, Mrs. J. W. Trantham and Mrs. Gene Long were initiated into the John A. Kee Rebekah Lodge No. 153.

Members made a donation to be applied on the fund to be used at the IOOF Home for the Aged at Ennis. Plans are under way to purchase a dishwasher at the home.

Announcement was made of the joint IOOF and Rebekah Memorial services to be held on June 14.

In the attendance contest the Greens are still leading the "Pinks" 105 to 89 points. The

'Friendly Divorce' Over, Couple Takes Honeymoon

OKLAHOMA CITY (AP) — A 26-year-old Oklahoma City couple was on a second honeymoon today because of mutual love for the U.S. Marine Corps.

The complicated domestic affairs of Mr. and Mrs. Jesse V. Brashears were smoothed out last night in a second marriage at the Free Will Baptist Church.

They were first married Dec. 9. The following day Brashears, an aircraft mechanic, received notice to report to his draft board.

He had already decided he wanted to join the Marines and

his wife was heartily in favor and, in fact, said she'd have him in no other service. The Marines were agreeable—except for one thing. They couldn't accept a married man.

The Brashears decided on a "friendly divorce." It was obtained Dec. 21 and the next day Brashears was off to San Diego for Marine training.

For 37 weeks, the Leathernecks had a model trainee but some 1,500 miles away in Seminole, Okla., wife Jeannie was having a hard time keeping the separation a secret from the home folks.

The Brashears divulged their legal maneuver when they began to make plans for their marriage ceremony last night.

And will a new Marine assignment cause another separation? Not on a bet, says Jeannie. She's going right along with her husband to El Toro, Calif., after the one-week honeymoon.

Scott's SPREADERS

Enables you to tend your lawn like an expert, save enough on maintenance to pay for machine. Spreading width 17 inches—hopper holds enough to treat 5000 sq ft in one filling. Rubber tires.

\$12.85

Worthless Checking Charges Are Filed

Two men were charged in Justice Court with passing worthless checks Tuesday. One of the checks was passed to the Reed Service Station on Highway 80. The amount of the check is \$1.75 and is dated April 26.

The other instrument was passed to the Douglass Hotel on April 29 in the amount of \$5.

Three fines were paid in the Justice Court this morning. Each of them totaled \$15.50 and two of them were on speeding charges and the other for drunkenness. Guilty pleas were entered in each case.

Contract is Completed For 18 New School Classrooms

Authorization for execution of contract for 18 new classrooms was voted by the Big Spring Independent School Board of trustees Tuesday evening.

This simply confirmed previous action on a bid by A. P. Kasch & Sons on a proposal of approximately \$189,000. The contract also contained an option clause for an additional six rooms at Park Hill for \$65,000 for 30 days from April 28. There appeared little likelihood, however, that the district would exercise this option. Reason: Insufficient surplus funds to take advantage of the offer. Under contract six rooms will be added at

Washington Place, East Ward and Airport.

The board also addressed itself to length to an old problem, that of repairs to or renovation of the senior high school. A counter proposal from R. J. Anderson, the roofer, was read but declined. Determination to press for a suit on the roof was reaffirmed, and it may be that the district will rework the roof on its own and then seek to recover.

An offer of the Kiwanis and Elks Clubs to erect lights for the north-west part of the Kate Morrison School grounds was accepted with thanks from the board. The lights

will be used in the summer recreation program, said Grover Good, YMCA general secretary and director of the summer recreational program. Leroy Olask, W. D. Berry and Bob Honey appeared before the board on the matter.

Resignations of Mrs. Martha Lowe, Keith C. Odom and Mrs. Mildred Rose, effective at the end of the school year, were accepted.

Tom McAdams, who has a son graduating, and R. W. Thompson were selected to distribute the senior high diplomas on May 30. Supt. W. C. Blankenship said that Dr. D. W. Reed of Eastern New Mexico State University would be the speaker. In the junior high exercises on May 29, Robert Stripling, who has a son in the class, will distribute the certificates, assisted by R. E. McKinney and John Dibrail.

State Appropriation Measure Advanced

By MAC ROY RASOR

AUSTIN (AP)—A bill for \$1,524,000 state spending budget for the next two years has won House-Senate Conference Committee agreement, bringing the Legislature one step nearer adjournment.

Decisions on spending and taxing are the major unfinished jobs forcing the lawmakers to continue work without pay from today until they quit. The pay cutoff, set by

the Constitution, fell at midnight, the end of the 120th day of the session.

Senate action included conferring in House amendments and sending to the governor a bill to increase capitalization requirements for new life insurance companies. New minimums would be \$100,000 capital and \$100,000 surplus, compared with the present \$25,000 required of limited stock companies and \$100,000 required of full capital stock companies.

Sen. Crawford Martin, Hillsboro and Rep. Max Smith, San Marcos, appropriation conferee chairmen, announced the spending agreement.

They said the call on the state's general revenue fund would total 210 million dollars for the biennium, 2 million less than proposed by the House and 5 million more than the Senate proposed.

The record breaking appropriation would require a boost in taxes estimated at 30 million dollars a year, slightly more than the 26 million earmarked for budget purposes by the House-passed omnibus law.

RAIN

(Continued from Page 1)

reported. There was a washout on the eastbound lane of U. S. 80 about half a mile west of Webb AFB at 10:10 p.m.

There were rumors of twisters being sighted, but actual witnesses were about impossible to locate. The Highway Patrol reported having sighted one north of town but it did not come to the ground. A printer at Snyder reported two twisters aloft southwest of there, but they dissolved in the air.

Moss Creek Lake, in southeast Howard County reported 1.5 inches of rain but received no run-off. There apparently was an increase at Powell Lake three miles to the southeast.

Foran reported 1.20 of an inch, which W. B. Dunn said started about 12:30 a.m. and came slowly during the night. Otischoff, to the southeast, had .84 of an inch.

Glasscock County came in for various amounts, although an inch and a quarter to two inches or more appeared general for the area. Garden City reported 1.2 inches between 1 a.m. and 8 a.m. The Hill Country ranch to the southeast had 1.5 inches. In the southwest part of the County Big Horn reported 2.50 inches, while northwest of Garden City at the Sam F. Cox ranch the fall was measured at 1.2 inches. The John Cox ranch south of town reported two inches.

Stanton reported only a sprinkle, and except for the Cottonwood community, which reported two inches, the fall was pretty light in Martin County.

Lomax, in southwestern Howard County, got .25 of an inch. The C. V. Hewett farm at Elbow had .5 of an inch and the Caudle Ranch, also in southwest Howard's Elbow community, had .6 of an inch. Arthur Stallings reported .4 of an inch at his Lomax farm. These showers came Wednesday morning.

Lo Acurf reported he had 1.2 inches on his place six miles north, west of Big Spring but that the amount dwindled to .8 of an inch at his place west of Big Spring and south of the railroad. Melvin Choate, who farms 11 miles west of town, had more than an inch.

Other random reports included: Snyder 2.39 with about three inches two miles to the southwest and up to five inches in the Ira vicinity of southwest Scurry. The north half of Scurry was much lighter but generally amounted to an inch. Knappe had 2 inches.

Gulf half an inch with the north east part showing half to an inch, and none in the northwest part. Near Vealmoor the amount increased to three inches.

Ackerly had 7 of an inch with 2-3 inches northeast and 2-3 inches toward Vealmoor. There were good rains toward Knott, mostly an inch, but no reports from the northwest.

Vealmoor had 3 inches at the Seaboard camp, three miles south and 1.5 inches at the Ralph Proctor place five miles south. Mrs. Dean Self, east-southeast of Vealmoor, reported 4.8 inches, and S. L. Lockhart, who has a place on the Howard-Borden line, had four to five inches.

Knott had about an inch with 7 reported to the southwest. Halfway to Flower Grove on the northwest water was standing in the middle. However, Flower Grove received only a shower.

Coahoma had 1.4 with lighter rains to the south. Rains toward Vincent ranged up to three inches. Luther had all the way from 1.5 at the Gin to 4.3 inches on the Zant farm north of there. Reef Fields Gasoline plant reported heavy rains with estimates of 3 1/2 to 4.25 inches from Gay Hill almost to Vincent. The south part of the Wilson ranch was reported to have had in excess of 1 1/2 inches.

One light spot in northeast Howard was around Center Point and R-347 where Earl Hull reported .75 of an inch.

The Collins ranch on the north Howard County line had five inches.

Colorado City, 78 brought its total to 2.61 for the spell. Lake Colorado City rose .3 of a foot early Wednesday and more was coming in. Southwest had .36, Laton 1.41

and the Collins ranch on the north Howard County line had five inches.

Stolen Tools Are Recovered

Some tools which were taken from the Montgomery Ward warehouse in a burglary Monday night have been found, it was reported by Police Chief E. W. York.

Wrenches identified as those missing were located beside Continental Oil Company's warehouse at 301 E. 1st by employees of the firm, York said. In addition to the wrenches, about 38 worth of change was taken from the cash register.

RAIN CANCELS GAME TONIGHT

This morning's downpour of rain caused cancellation of tonight's Big Spring-Carlsbad baseball game at Steer Park.

The Cooden Cops leave today for New Mexico, where they remain for five days.

The postponement was the second in a row for the Cops. Their contest with Carlsbad last night was stopped by rain in the first inning.

Program Planned For Gay Hill Graduates

GAY HILL (SC)—The end-of-school program for Gay Hill graduates has been scheduled for Friday evening in the school auditorium.

Music will make up the program, which will be under the direction of Mrs. Elaine. The program will start at 8 p.m.

Gay Hill has six eighth graders graduating into high school this year. They are Lupe Rodriguez, Bobby Murphy, Annette Pickett, Betty Montgomery, Joe Bob Clendenin and Esco Hamlin.

Desertion Charged

The district attorney's office filed charges against Willie Stover Tuesday for desertion and child desertion.

The complaint, signed by Mr. Stover, alleges that Stover deserted his family. The Justice Court has issued warrants for his arrest.

Jets Escaped Without A Scratch, U. S. Announces

TOKYO (AP)—In a rare response to a Peiping radio claim, the U. S. Air Force declared today that a single bullet hit eight American Sabre Jets in their dog fight with eight 12 Red Chinese MIGs yesterday over the Yellow Sea.

Peiping radio last night said the MIGs shot down one Sabre and damaged two. Earlier the U. S. Air Force said two MIGs were shot down and a third probably destroyed, with all Sabres returning safely to their South Korean base.

Man Found Guilty On Assault Charge

Jerry Brown was fined \$25, Tuesday in county court after pleading not guilty to aggravated assault charges. He was found guilty by the jury and was found guilty by the court. He paid the fine and was released.

John Gus Grantland was charged with driving while intoxicated in county court. He was arrested by Highway Patrol officers and was being held in the county jail this morning.

Mrs. Shoulders Of O'Donnell Dies

LAMESA — Mrs. Lizzie Shoulders, 61, who died at her home in O'Donnell on Monday, was to be buried in the O'Donnell cemetery Wednesday afternoon following rites at the Church of the Nazarene.

Services were to be conducted at 2 o'clock by the Rev. Jack Pischell, pastor. Mrs. Shoulders was a native of Oklahoma and had been a member of the Baptist Church since childhood. Arrangements were in charge of Higginbotham Funeral Home.

Man Injured In Mishap Near Lamesa

LAMESA — Johnny Bryson, Denver City, was injured seriously in a collision eight miles east of here on the Snyder Highway at 5 p.m. Tuesday.

Bryson, who is employed in the oil fields at Denver City, suffered a severe arm injury. His condition was described as "fair" Wednesday morning. He was taken to the hospital by ambulance. Buddy Sparkman, and Ray Pope of Marceline, Mo., had gone to Missouri to return his friends to Denver City to find employment.

City Commission To Resume Session Today

Regular meeting of the City Commission, which was adjourned yesterday in the absence of City Manager H. W. Whitely, is slated to resume at 5:15 p.m. this evening.

Manager Whitely was in Lubbock yesterday to attend the annual meeting of the Texas City Managers Association, where problems of city administration were discussed.

Over 100 Attend Lamesa Scout Affair

LAMESA — Approximately 105 persons attended the family night affair for Boy Scout Troop No. 25 in the high school cafeteria Tuesday evening.

In an investiture ceremony, John Shaw, Mickey Potek, Homer Pritchett and Mike Jenkins were presented their tenderfoot badges. Scoutmaster T. L. Price projected movies of recent hikes and activities by the troop. It was announced that on May 15 there would be an alert for the troop to ascertain how quickly it could be mobilized in event of emergency.

Parley Continued On Austria Treaty

By LYNN HEINZELING

VIENNA, Austria (AP)—The Big Four ambassadors planned a final session on the Austrian independence treaty today. If they still cannot agree on the reparations clause, officials reported, the deadlock will be left for the four powers' foreign ministers to break.

Despite the continuing East-West disagreement, many Austrian officials were still confident that the four ministers—Russia's V. M. Molotov, U.S. Secretary of State Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay—would come here this weekend to conclude the long-delayed treaty.

MARKETS

WALL STREET — Prices in the stock market today were mostly unchanged to lower.

Grains were mostly unchanged. With few exceptions were fractional. Continental Motors lost ground a point on expiration, following the news of a dividend declaration of 10 cents as against 20 cents previously paid. The stock had been a favorite of a relative boom in that business, and some small gains appeared in the group. Other major groups were mixed or lower.

THE WEATHER

NORTH CENTRAL AND WEST TEXAS: showers and thunderstorms Wednesday afternoon and Thursday, considerable cloudiness and locally warmer with wide-spread clearing Friday.

EAST AND SOUTH CENTRAL TEXAS: Mostly cloudy and warm Wednesday afternoon and night with scattered showers and local thunderstorms Thursday. Locally fresh southeasterly winds on coast.

Two Men Hurt In Job Accidents

Two men were taken to local hospitals Tuesday as a result of industrial accidents.

Jack Threats, 1222 Compress, received first aid treatment at Malone and Hogan hospitals following an accident on his job. A concrete block fell off a conveyor belt and hit him on the head. He was released after emergency treatment. Threats is employed by Otis M. Lassiter.

123 Descendants

WILMINGTON, Del. (AP)—Mrs. Lavina A. Griffin, 87, died yesterday leaving 123 direct descendants. Mrs. Griffin, mother of 12 children, is survived by three daughters, 39 grandchildren, 71 great-grandchildren and 10 great-great-grandchildren.

King

Shell No. 2 Burnett Estate, an abandoned wildcat, will be re-entered and deepened to 5,800 feet. Location is 1,700 from north and 1,980 from west lines, 18-T-M. Thompson survey, about 11 miles north.

Howard, Borden, Mitchell All Get Oil Well Completions Today

Completions were logged today in the Snyder field of Howard County, the Fluvanna field of Borden County and the Westbrook field of Mitchell County. Union Oil and Ray Smith finished their No. 1-W. I. Marshall as a 424-barrel discovery in Tom Green County.

Three area locations were spotted. Thex Oil Nos. 2 and 3 Barnett are new ventures in the Moore field, and Moncrief No. 2 W. L. Miller is a new 10-Mill field project. Wildcats have been located in Andrews, Klam, Lubbock, Stone-wall and Reagan counties.

Adolph Woolner No. 1 Edwards made potential of 54 barrels in the Snyder field. A. K. Turner's No. 1 O'Daniel pumped 69 barrels. The Borden completion was Superior and Inter-11-535 Jones, which made 177 barrels. In the Westbrook field Anderson-Prichard No. 10-A Morrison finished for 75.2 barrels.

Continental spotted its No. 1 E. A. Martius some 11 miles southwest of Lubbock as a wildcat slated for 10,750-foot depth. It is 660 from north and 1,980 from east lines, 20-36-ACHD survey.

Lubbock

Continental spotted its No. 1 E. A. Martius some 11 miles southwest of Lubbock as a wildcat slated for 10,750-foot depth. It is 660 from north and 1,980 from east lines, 20-36-ACHD survey.

Lynn

Houston No. 1 Henderson cored from 6,215 to 6,241 feet and recovered 25 feet of shale and sandy lime. Top of the Spraberry is 6,216 feet. Operator is drilling ahead.

Mitchell

Anderson-Prichard No. 10-A Morrison pumped 75.2 barrels of oil on 24-hour potential test. Gravity is 24.8 degrees, and gas-oil ratio is 30.8 small by measure. Treatment was with 21,000 gallons. Total depth is 3,087 feet, and pay top is 2,978. Elevation is 3,087. Location of this Westbrook field well is 996 from west and 2,315 from south lines, 32-28-in. T&P survey.

Andrews

Lawton Oil and Magnolia No. 1 B. F. A. Bird, 660 from north and east lines, 9-A19-P survey, has been staked as a prospect for about 17 miles northeast of Andrews. It will be drilled to 5,200 feet.

Magnolia No. 1 C. A. Faskin will be deepened to 13,500 feet. This wildcat was plugged at 8,510 feet. It is 660 from north and east lines, northwest quarter, 16-40-in. T&P survey, about 18 miles southeast of Andrews.

Crane

Evans No. 1 TXL, 660 from north and west lines southwest quarter, 29-42-48, T&P survey, is to be a prospect for 15 miles south of Odessa. It will be drilled by rotary to 5,300 feet.

Scurry

Sun No. 1-D Shannon is bottomed at 7,254 feet in shale. Operator attempted a drillstem test between 7,137-7,254 feet with a half inch by quarter inch choke but tool would not open. A second test at the same depth with a 3/4-inch by quarter inch choke was open for two hours. Operator is now pulling tool on test.

Borden

Moncrief No. 2 W. L. Miller has been located in the Jo-Mill field some 12 miles west southwest of Gail. It is to be drilled to 7,500 feet. Location is 680 from south and 4,390 from west lines, north half, 2-33-4n, T&P survey.

Superior and Inter-11-535 W. H. Jones has been completed in the Fluvanna field for a 24-hour flowing potential of 177 barrels of oil. Production was through a 2 1/2-inch choke, and there was no water. Gravity measured 24.7 degrees, and gas-oil ratio was 3570-1. Tubing pressure was 100 pounds, and there was a packer on casing. Operator used 25 gallons of acid. Total depth is 8,200 feet, and pay top is 8,173, where the 5 1/2-inch is bottomed. Location is 1,980 from south and west lines, 33-37-H&TC survey.

Dawson

Seaboard No. 1 T. L. Reed, wildcat 4 1/2 miles north of Ackerly, is rigging up rotary tools for operations to commence. Location is 467 from north and west lines, southwest quarter, 35-34-T&P survey. Scheduled depth is 10,000 feet.

Sterling

Alvon Oil and Gas Company and Midwest Oil Corporation's No. 1 Claude Collins Jr. has a total depth of 7,841 feet, where operator attempted another drillstem test. It was unsuccessful and operator is preparing to core deeper. Location is about six miles east of Sterling City. It is 660 from south and west lines, 31-W-T&P survey.

Glasscock

Continental No. 1 W. P. Edwards, prospect 16 miles southwest of Big Spring, bored to 3,186 feet in lime and anhydrite.

Howard

A. M. Turner Jr. No. 1 O'Daniel, 330 from north and west lines, 39-20-15, T&P survey, has been completed in the Snyder field for a 24-hour pumping potential of 69 barrels of oil plus five per cent water. Gravity is 30 degrees, and gas-oil ratio is too small to measure. Operator fractured with 20,000 gallons. The 5 1/2-inch goes to 2,806 feet, top of pay is 2,530, and the total depth is 2,745.

Many Lives Lost As Jap Ferries Collide

The search found no bodies, Dobson said.

Japanese planes and a swarm of small boats also searched. The ferries collided between Takamatsu on Shikoku Island and Ueno, the port of Okayama on the main island, Honshu. The Shun Maru was 20 minutes out of Takamatsu and the Uda Maru was coming from Ueno across an 11-mile arm of the island-studded land sea.

Man Found Guilty On Assault Charge

Jerry Brown was fined \$25, Tuesday in county court after pleading not guilty to aggravated assault charges. He was found guilty by the jury and was found guilty by the court. He paid the fine and was released.

John Gus Grantland was charged with driving while intoxicated in county court. He was arrested by Highway Patrol officers and was being held in the county jail this morning.

L&N Railroad Workers Back On Jobs As Rail Strike Ends

LOUISVILLE, Ky. (U. P.) — The Louisville and Nashville Railroad strike, one of the longest in recent history, ended today when workers reported for duty in 14 states.

The order in which workers will return was settled at a meeting here last night.

N. E. Lane, general chairman of the Brotherhood of Railroad Trainmen, declined to discuss settlement terms. He admitted, however, that some operating brotherhoods had reached their members for picket line duty over this issue.

The L&N had taken the position it was "not feasible" to call all men back since its passenger trains will not resume operations until next Monday.

In Nashville, L. G. Clay, secretary of the local Brotherhood of Engineers, contended the plan to recall workers according to seniority as jobs came up "will make an extra board out of the entire roster of operators."

Clay said last night the unions want all members on the regular jobs they held before the nonoperators' walkout began March 14. The operating unions joined shortly thereafter.

In Washington tomorrow, Fran-

Prices Of Scrap Iron Drop, But Mills Booming

By SAM DAWSON
NEW YORK (U. P.) — Scrap steel prices have slipped from their lofty perch. A few years back such a drop would have been looked upon as foretelling a decline in steel production.

Copper prices in London have taken an even sharper tumble, and that could foreshadow an easing of the tight supply here.

But, in the face of all these factors that once would have been considered a harbinger of easing production, metalmen here seem as optimistic as ever over the bright prospects for 1955.

Steel mill schedules are holding at record levels. Steelmen say scrap prices aren't a barometer this time. They have been easing because supplies of scrap have increased. Also, many steel mills are using more iron in their mix and less scrap.

Makers of steel, conning their order books, see no letup in demand and production for some time ahead—barring labor trouble.

Copper producers admit that the sharp drop in the price of London—where Rhodesian metal can now be bought for 1 cent a pound less than here—will tend to limit the use of the shortage in the United States, and thus may forestall lower prices later.

Copper now sells at 38 cents a pound, 6 cents higher than at the start of the year. Chile is expected to be less interested in selling its copper in Europe from now on. With more of the metal flowing toward the United States, users of copper will be less inclined to try to build up stocks. Scrap prices have already eased here by about 4 cents a pound.

But there is no sign yet of a lessening in the big demand for the metal here.

Aluminum production is continuing at a record pace. The demand is helped by military aircraft output and also by the high price of copper, a rival metal in some fields. Aluminum demand is still so high that there has been a tight supply situation. Producers say that a drop in imports is partly to blame, while the government's stockpile continues to take sizable amounts.

Stockpiling has bolstered the prices of lead and zinc too. The government has just pledged to continue buying the metals, which all but guarantees a price floor for them.

Food Parcels Sent To Yank Prisoners

TOKYO (U. P.) — The American Red Cross said today food parcels for 44 American held in Red China will be turned over to the Chinese Red Cross near Hong Kong May 30.

Under terms of a recently concluded agreement, the Red Cross said, additional parcels will be delivered regularly twice a month.

Harry L. Lambly, of Tokyo, formerly of Webster Groves, Mo., and Richard E. Tamm, of Manila, formerly of Ardmore, Okla., and Chesapeake, Wyo., will deliver the first food parcels at the transfer point.

Parcels of those held in Red China can also send parcels via the new delivery routing, the Red Cross said.

The 44 to receive packages are 25 civilians and 15 airmen.

Divorce Cases Get 13 Minutes Apiece

LONG BEACH, Calif. (U. P.) — A divorce marathon is being conducted in Long Beach Superior Court this week.

Judge George Francis started hearing divorce trials Monday and his goal is to complete 120 cases by Friday night. He is attempting to hear 24 cases a day, allowing about 13 minutes per case. The assembly line method is being used for divorce cases which are not contested and thus can be handled speedily.

Judge Fred Miller, acting presiding judge, explained yesterday the court is trying to clear up a heavy backlog of divorces which has led to a waiting period of two months.

Theft Proves Easy For Brothers At Top-Secret Plant

DENVER (U. P.) — Two brothers were charged with theft of government property yesterday after one admitted taking six magnesium ingots from the top-secret Rocky Mountain Arsenal.

U. S. Commissioner Joseph Neff quoted Clarence Taylor, 35, as saying he gained easy entrance to the heavily guarded installation.

"We just drove along a dusty road until we saw these big mounds and parked the car," Neff said Taylor related. Then, he said, Taylor told of picking up six ingots valued at \$25.50 "which were just lying around." The commissioner said Taylor sold the ingots for scrap.

The government is manufac-

Just Wanted Sleep

MANILA (U. P.) — It wasn't attempted suicide, Julio Villareal Jr. told police on recovering consciousness at a hospital yesterday after an overdose of sleeping pills. He just wanted to sleep, he explained, for four straight days.

Cops And Potashers Try Again Tonight

Weather permitting, the Big Spring Cops and the Carlsbad Potashers will try it in a single game at Steer Park this evening. Starting time is 8 o'clock.

The "Strike It Rich" promotion stunt, which was to have been staged preceding last night's contest, will be postponed until after the Cops return from their next road trip.

There was doubt tonight's game could be played. It will take bright sunshine to dry out the field following last night's downpour, which seemed to be concentrated over Steer Park.

The rains there started about 8:10, just after Carlsbad's first batter had gone to bat.

Olympic Flame Lighted

A nation-wide children's drive to raise \$2,000,000 for sending a full United States team to the 1956 Olympic Games opened in Philadelphia as Public School Superintendent Dr. Louis P. Hoyer, left, and the Rev. Frederick J. Stevenson, assistant superintendent of the Philadelphia Parochial schools light an Olympic flame. (AP Wirephoto).

LOOKING 'EM OVER

With Tommy Hart

Melvin Robertson, who quit as head football coach at Stanton after last season, could wind up in Snyder.

His last year's assistant, Larry Wartes, may go to Stamford.

Both are still 'looking,' however.

Hobbs, of the Longhorn League, has a new outfielder.

He's Charley Cruz of San Diego, Calif., who has been playing service ball on the Coast.

Jim Bell, who tried it here before moving on to Odessa, has become an umpire. He lost his first base job with the Eagles to Barney Batson. He was to work here last night.

Eddie Arcaro, who rode Nashua to a second place finish in last Saturday's Kentucky Derby, once rode for a hard-to-please owner at Monmouth Park.

The main incident on showing-Banana Nose how to ride a certain race from start to finish, Arcaro's mount wound up a laughing seventh.

The owner blew his stack. "I told you," said he, "to hang back at the start. You should have been last at the three-quarters pole, moving up at the half pole and out-front at the three-eighths."

"What?" Arcaro exploded, "and leave the horse?"

Manny Junco, the former Big Spring fly chaser, has donned the togs of ignorance at Hobbs. He's being converted into a catcher.

Of Pleasant High School's eight returning football lettermen this fall, only two are linemen.

John Coffee, the local barrister and a champion rooster for Baylor, says his alma mater has come up with one of the state's most promising footballers in Charley Melancon, a 196-pound fullback.

Melancon hails from Port Arthur and is being boomed as a better boy than Hal O'Brien, who went on to stardom at SMU.

A casual listener to big league broadcasts might think that the Chicago White Sox have a brother infield combination in George Kell and Charley Kell.

Galveston of the Big State League is having attendance problems.

On the other hand, Corpus Christi of the same circuit, is drawing so well, it may be in line for the next Texas League berth.

Pat McLaughlin, manager of the San Angelo Colts, reasons the Longhorn League "ought to go A" in order to protect its players from the draft.

The newly organized Mexican League is an AA circuit, but its name only. Its baseball is about on a par with a C circuit, possibly not so good.

How far has football come along at Florida University since Bob Woodruff, the ex-Baylor mentor, went there.

Bob's first Florida team (1960) won five and lost five. His 1954 team ended up with the same kind of record but Bob says his last year's outfit could have beaten his 1950 club by 40 points.

Ponies And Owls In Scrap For Golf Honors In SWC

HOUSTON (AP)—Two Southwest Conference spring meets open here tomorrow. Texas is expected to dominate in tennis, but it is a toss-up between Southern Methodist and Rice in golf.

Sammy Giammalva, Texas sophomore, is undefeated in his first year of varsity competition and is a strong favorite to de throne teammate Johnny Hernandez as the tennis singles champion.

John Garrett of Rice and Floyd Addington of Southern Methodist are expected to wage a hot battle for the conference golf title. Both are very familiar with the Brae Burn Country Club course. In their March 31 dual meet in Dallas they broke even on 18 holes.

Giammalva and Hernandez are favorites in tennis doubles, the title Hernandez shared last year with teammate Tommy Springer. When the pairings are drawn tomorrow morning, Springer and teammate David Snyder probably will be ranked No. 2 behind the Giammalva and Hernandez team.

Only the individual titles will be determined. Texas won the tennis team championship without losing a match on its dual meet schedule. Southern Methodist edged out Texas A&M for the golf championship.

Other top contenders in the 72 holes of golf include Davis Love of Texas, Bobby Briggs of Texas

Hawk Awards To 11 Boys

Varsity baseball letters have been awarded to 11 members of the 1953 HCJC Jayhawk team, eight of whom are sophomores.

The second-year men gaining numerals are Phil Gore, captain; Charles Rose, co-captain; Doyle Scott, Oakley Hazood; Paschall Wickard, Jim Knotts, Arlen White and Ronald Anderson.

The freshmen who won letters include Jack Williams, Melvin Murphy and Gerry Hoover.

Gore played his first season here. He attended New Mexico A&M in 1952-53, however.

The Hawks won two games in nine starts.

Bradley Wins Over Thumb

Cowboy Bradley rallied to decision Major Tom Thumb in the battle of the midgets at the local wrestling arena Tuesday night.

Bradley lost the first fall to the Englishman in ten minutes. Thumb used knee lifts and a body block to vanquish the half-pint from Amarillo.

Cowboy fought back to even matters in 9:02 with a series of body slams, then put Thumb to rout with a body scissors in eight minutes.

In the co-feature, Chris Belkas was disqualified by Referee Ray Urbano for throwing Zuma over the ropes after the two had broken even in the first two falls.

Belkas had won the first fall from Zuma with a back body drop in 20 minutes while Zuma had returned to contention with a series of drop kicks and a body block in 15 minutes. The end came after 14 minutes in what would have been the third fall.

In the 15-minute opener, Karl Gray and Chet Wallick wrestled to a draw.

Rains which fell just before the curtain-raiser held the crowd down.

Texans Play First Home Tilt Saturday

TEXAS CITY (AP)—The orphaned Texas City Texans of the Big State League at last get a home Saturday night.

SAN ANTONIO MISSIONS ADD TO LEAD IN LOOP

A couple of streaks were snapped in the Texas League Tuesday night and they affected first and last places.

San Antonio, idled because of rain, gained a half-game on the field and now is two ahead of second-place Dallas and Houston.

Beaumont ended an alarming string of losses by edging Oklahoma City 4-3, and it pulled the Exporters out of the cellar and back into seventh place, Oklahoma City fell to last.

Dallas stopped Houston's victory skid at eight as the Eagles noted the Bufts 6-5 to go into a tie for second in the league standings.

In the other game, Shreveport entrenched itself in fourth place by beating Tulsa 4-1.

Dallas scored in clusters to beat Houston, ramming three runs across in the fourth and three more in the eighth, with Ray Murray heading a 12-hit attack. The gangling Dallas catcher slammed two doubles and a single.

Taft Wright clouted a single to score Clem Koshorek from second base and give Beaumont its victory over Oklahoma City. Two were out in the ninth when Wright broke up a tie game. It was the first Beaumont victory in 12 games.

Les Fleming, Shreveport's first baseman who tops the league in batting, went hitless in three trips but retained his lead, although dropping to .359.

Fort Worth and San Antonio couldn't play because of rain but will try to get in a double-header Wednesday night.

Riley Faces Youth In Southern Play

SHREVEPORT, La. (AP)—Polly Riley of Fort Worth, Tex., seeking her sixth title in the Women's Southern Amateur Golf Tournament, met 15-year-old Joanne Brun of Laredo, Tex., in the second round today.

Miss Riley beat another Texan, Mrs. H. C. Riedel of Dallas, 5 and 3 in the first round play yesterday. Miss Brun eliminated Mrs. Claude Vaughn of Edinburg, Tex., 8 and 7.

Sixteen-year-old Clifford Ann Creed of Opelousas, La., medalist for the 40th annual tournament, met Marge Burns of Greensboro, N. C., runner-up to Miss Riley in the 1954 tourney. Miss Creed turned back Mrs. Gordon Perrin of El Dorado, Ark., 5 and 4 and Miss Burns beat Mrs. J. W. Kizevich of Memphis, Tenn., 3 and 2.

Mrs. Harry Webb of Huntsville, Ala., beat Bee McWane of Birmingham, Ala., 1 up in the only first round upset.

Lennon Drives In Five Runs In Go

By The Associated Press

A one-man batting show featured the only game played in the Sooner State League Tuesday night.

Rain caused postponement of three games but the Muskogee Giants relied on the hitting prowess of rightfielder John Lennon for an 8-0 decision over the Paris Orioles.

Lennon drove in five runs with a homer, double, single and a sacrifice fly. His roundtripper came with the bases empty but his double sent three runs across the plate.

Postponed were the Gainesville-McAlester, Seminole-Lawton and Ardmore-Shawnee games. They

got started but the rain came in the third inning.

Tonight McAlester is at Lawton, Paris at Seminole, Shawnee at Ardmore and Muskogee at Gainesville.

Williams Will Report Friday

BOSTON (AP)—Ted Williams, Red Sox slugger, will report to the Boston team Friday, general manager Joe Cronin said today.

Cronin gave no detailed information immediately.

The famous batting star has been delayed in reporting to the Sox by marital troubles.

His wife obtained a divorce in Miami Monday and his decision to play depended upon the financial settlement to be made. Presumably this has been settled satisfactorily although no definite word was available here at the time of the Cronin announcement.

The Sox, without Williams, started off the American League season in fine style.

Lately they have been slogging, losing 16 of their last 20 games as batting fell off sharply.

Infection of Williams into the lineup could be the spark that would ignite the Boston bats.

In Miami, Circuit Judge George E. Holt said he would enter an order today fixing the amount of final divorce settlement.

Newcomers To Varsity Squad

Promoted to the Big Spring High School A football squad in spring training, the above boys are now scrapping for regular jobs with the Steers. They are, standing, left to right, Ronnie King, a back; Don (Shane) Shore, tackle; and Dick Jackson, tackle. Kneeling, Herschel Stocks, back, and Ronnie Phillips, back. The five can be seen in action when the Steers meet the Exes here Friday afternoon.

Bob Lemon Evening Score With Yanks

By ED WILKS
The Associated Press

Bob Lemon finally is catching up with the New York Yankees. They're the only outfit that has an edge on the big Cleveland right-hander.

Lemon, 34, has had six seasons of 20 or more victories since switching from third base in 1946. But he's only 22-24 lifetime against the Bombers.

He has split even in two tries against New York this season. He beat the Yanks 9-5 last night with the help of Don Mossi. They're still giving him trouble, but he's at last edging up and is 9-6 against them the past two seasons.

His victory last night was his sixth of the season, against that lone defeat by the Yanks last week, and it tumbled New York into third, three games behind pacesetter Cleveland. Chicago took over second by defeating Boston.

Washington moved into fifth, knocking off Detroit 7-4, while Baltimore was living it up 11-1 over Kansas City.

It was the same old story with a new twist in the National. Brooklyn won another, but Don Newcombe tossed himself a one-hitter in beating the Chicago Cubs 3-0 and faced the minimum of 27 men.

Pittsburgh surprised Milwaukee 9-6 while St. Louis nudged Philadelphia 5-3 in 10 innings and New York beat Cincinnati 8-4.

Lemon had the Yanks grabbing at straws for six innings last night, giving up four of their six hits over that period in the fourth inning. The four singles scored two runs, but Lemon was still ahead 4-3.

His lead was 8-4 by the seventh, when two singles sandwiched around Andy Carey's triple brought in two Yank runs. That's when Mossi rolled in and fanned Elston Howard and Bob Cerv in pinch-hit assignments to end the threat.

The Tribe got 14 hits off five New York pitchers. Don Larsen was the loser.

At Chicago, Brooklyn's Newcombe showed his stuff after getting off the suspended list last week. The big guy, who refused to pitch batting practice, now has faced only 33 men in 11 innings, the absolute minimum. Gene Baker's single to the fourth yesterday was the only hit off him in that string. And Baker was erased trying to steal.

Duke Snider homered for the Dodgers' first run off loser Warren Hacker to start the Brooks to their 11th straight success and 22nd in the last 24 games. It left New-

combe at 4-0 for the year and gave him his first shutout since Sept. 29, 1951.

An eight-run eighth inning—all after two were out—sent the Pirates into their fourth straight over the Braves. It was the Fresno brothers—Gene and George—who left Milwaukee out in the cold. George knocked a two-run single in the eighth and Gene smacked a grand slam.

The White Sox made the jump past the Yankees on George Kell's two-run homer in the eighth, giving Harry Dorish his first victory of the year.

Johnny Antonelli and Willie Mays, a pretty potent combination as the Giants won the pennant last season, got together again to knock off the Redlegs. Two of Cincinnati's seven hits were homers by

Bovines Sharpen Weapons For Friday Go With Exes

The Big Spring Steers sharpened their offensive and defensive weapons for their Friday afternoon clash with the Exes in spring football drill at Steer Stadium Tuesday.

The weather was conducive to good spirits and good football and the Longhorns went after their assignments vigorously. The sky was overcast and a cool wind was blowing out of the southeast.

Meanwhile, most of the Exes who will play against the Steers were going through their paces in another section of the field. Most had on shorts and they contented themselves with games of pass and touch. They will not be issued gear until Friday.

Original plans called for the game to be played Friday night but that had to be cancelled due to the fact that many of the stadium's lights have been moved to the baseball field.

Marvin Wooten, who suffered a broken nose in last Friday's scrimmage, was back in the middle of the heavy work. He contributed several nice gains through the line.

T. L. Kennedy, a quarterback, was still taking it easy. He had leg miseries.

Odds favor the Exes anywhere

Carter Moving

DALHART (U-P) — Roy Carter has become head football coach of Dalhart High School, replacing George Kline, who resigned to coach at Throckmorton High School. Carter has been coaching at Snyder Junior High School.

High Altitude Baseball Is Different: Steve Lanning

ARTESIA, N.M. (U-P) — The president of the Artesia Baseball Club says if you're playing in the coastal regions you'll have trouble with the ball up here in the high altitude.

Steve Lanning, head of the local Longhorn League club, calls it "ozong trouble."

"There's less atmospheric pressure up here in Artesia than there is, says, in Tyler, Tex.," he contends. "Consequently, a pitcher has to put more on the ball to get it to break—or do whatever else he wants it to do."

Lanning says batters used to coastal playing can have a field day on the thin air. "That's why you can't judge a man's hitting record when he's been playing in the low altitudes. A player batting

250 in Galveston might come up here and get .350 because the ball goes farther and faster in our thin air."

So Lanning contends it works both ways—in favor of the batter and against the pitcher. He said Artesia's Nap Daniel, who used to play for Greenville in the Big State League, "had trouble with his first game. He just couldn't get the ball to do what he wanted it to do."

When a high altitude pitcher goes to the low-lands he has the opposite trouble, Lanning adds. "He finds that his pitches are dropping too much. He has to cut down on the spin in order to keep the ball in the strike zone. His curves are too curvy and his slow balls are too slow."

Aggies Defeat Owls In 2 Tilts

Southern Methodist seeks to climb back into a tie with Texas A&M for first place in the Southwest Conference baseball race today.

The Methodists play Texas Christian in a double-header. Their game Tuesday was postponed by rain.

Texas A&M was going into first place with a double triumph over Rice. The Aggies have an 11-2 record while SMU has 9-2.

If SMU beats TCU twice the Mustangs could take over the lead Saturday when they play Rice in Houston. Next Monday Southern Methodist and Texas A&M play a makeup game in Dallas.

Les Byrd clouted a homer in each game to lead the Aggies to 11-4 and 5-2 victories over Rice. In the second game his homer came with two on and the score tied to give A&M the decision.

In the first game the Aggies looked an 11-hit attack while Joe Hardgrove and Dick Munday were giving the Owls only eight.

McBride Opposes Bob Satterfield

CHICAGO (U-P) — Do-or-don't Bob Satterfield, of Chicago, and Archie McBride, of Trenton, N.J., tangle in a heavyweight bout tonight that doesn't figure to go the full 10 rounds.

The odds are about 6-5, take your choice. The big question seems to be how long it will last.

CBS will telecast at 9 p.m. EST. Satterfield, 31, is a brute of a puncher but has a Dresden chin. The unpredictable Negro, substituting for Floyd Patterson, who was stricken with pneumonia poisoning last week, has scored 23 knockouts in winning 35 of 54 fights. He himself has been flattened a dozen times.

Rookie Bill Virdon's two-run homer into the screenless right field pavilion tripped Philadelphia to its 10th straight defeat at St. Louis.

Bob Porterfield, with some help from Camilo Pascual, beat the Tigers, who now have lost three in a row.

Baltimore shoved across eight runs in the sixth inning against the Athletics. Gus Triandos started the wild frame with a homer and capped it with a double.

Arizona Teams Are Favorites In Meet

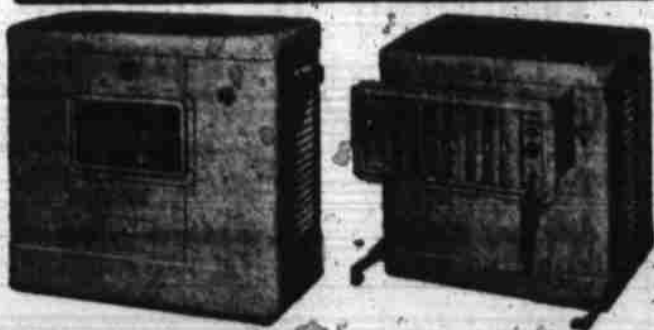

TEMPE, Ariz. (U-P) — The Texas entries Saturday in the 31st annual Border Conference Track and Field Meet aren't given much chance for the title, but may have a lot of effect on who does win.

The University of Arizona and Arizona State at Tempe carry the favorites' roles. However, the University Wildcats edged the Tempe Sun Devils in a dual meet at Tucson last week.

Ray Burrus of West Texas, Leon Chester of Texas Tech, John Whitley of Hardin-Simmons and other Texans may steal enough points from one or the other to decide the championship.

Burrus is defending champion in shot put and discus. Chester is a strong contender in the hurdles. Whitley is a threat in the high jump.

Big State Boys Turn Tigers

Pitchers in the Big State League operate on the theory that they ought to hit as well as throw the ball and a couple of them were quite handy with the maces Tuesday night. One of them helped Corpus Christi add to its leading margin.

The biggest splash was made by Coy Taylor of Austin, who drove in as many runs as the opposition made in leading the Pioneers to a smashing 17-5 triumph over Tyler.

The Pioneer hurler was rocked for 10 hits by the Tigers but he kept them scattered well enough. Meanwhile, he was clouting a 3-run homer and two singles to account for five runs crossing the plate. Austin let loose with a 15-hit attack in a game halted in the eighth because of rain.

Mal Tappe scattered eight hits in twirling Hartington to a 5-1 victory over second-place Port Arthur and at the same time got two hits and drove in a run. The Hartington triumph widened Corpus Christi's lead to two games as the Clippers were whipping Galveston 6-2.

Port Arthur consiled itself with making a triple play in the seventh inning. Ford Garrison grounded to

short with runners on first and second. Corpus Christi cashed in on the fine pitching of Rene Vega for its victory over Galveston. Vega was posing his seventh decision of the season. He scattered seven hits and fanned nine. He threw one gopher ball and Dub Alford whammed it for a homer in the sixth. Park Maine pitched good ball for Galveston, too, allowing only six hits. But he got erratic support and the Clippers added insult to injury when Connie Ryan stole home in the fourth. Corpus Christi scored four runs in that inning.

Gardeners Plan Midland Conference

An area conference for garden clubs is being planned by the Council of Midland Garden Clubs for all gardeners of this area. The meetings, which will be held at the Midland Woman's Club, will start at 10 a.m. May 16.

Luncheon will be served at noon at the club for one dollar. Reservations should be made by Thursday to Mrs. D. S. Riley, but everyone is urged to attend, with or without a reservation. There is no other charge.

Former Residents Visit In Forsan

FORSAN — Mr. and Mrs. G. G. Green, Mary Ann and Barbara of Seminole were recent visitors with friends and relatives.

Mr. and Mrs. Jim Sealing left Monday for Jordan to attend the funeral of a brother-in-law.

Mrs. Vera Harris has been a guest of her daughter, Mrs. James Craig, and Mr. Craig in Sterling City.

Mr. and Mrs. Frank Swiger recently visited in Andrews.

Mr. and Mrs. A. D. Barton and Mrs. B. R. Wilson have returned from a visit to Mr. and Mrs. Dennis Hughes in Midland.

Mr. and Mrs. R. D. Garrett have been visiting Mr. and Mrs. Johnny Morris in Midland.

Spoudazio For Hears Gil Jones In Texas Program

Members of the Spoudazio-Fora, meeting in the home of Mrs. Glen Brown Tuesday evening, heard Gil Jones in "Talk About Texas."

He told the group that the fall Texans tell stem from a natural pride in their state. In giving statistics, he told that the average age of the population is 29 years. One-sixth of the state is composed of school children, while one-fourth of the women work outside the home.

The club decided on a course of study for next year, "Texas Look at State." The project selected is the State Hospital. Mrs. J. T. Wilkinson was announced as a new member.

Mrs. C. Spears Leads Baptist Bible Study

Mrs. C. Spears was leader for the Bible study of the Phillips Memorial Baptist W.M.U. meeting Monday when the group met at the church.

The topic was "Up and Down the City Streets."

Miss Reed Is Officer

STEPHENVILLE — Freda Reed, freshman business administration major from Big Spring, has been elected vice president of the Eta Sigma Phi chapter at Tarleton State College. She is a member of the Agettes, girls' service organization.

Guests in the home of Mrs. C. L. Nummy, 503 Johnson, are her daughter, Mrs. S. V. Blankenship, Eleanor and Vickie of Dallas.

STROMAN LEADS ATTACK County Re-Districting Bill Fails Of Passage In House

AUSTIN — Rep. Louis Anderson's proposed amendment to allow counties to force county commissioners to re-district their precincts failed on the floor of the House Tuesday.

Rep. W. A. Stroman, whose home county of Tom Green is one of those with lopsided representation which the measure would have remedied, was the leader in the fight on the proposal.

He offered three amendments which would have crippled the plan as Anderson had it worked out. Rep. Truett Latimer of Abilene, who presented the proposal for its third and final vote, and Anderson knocked down the amendments, but

then failed to muster the needed 100 "ayes."

Anderson was extremely disappointed by the final vote. He and Latimer had secured enough pledges, they believed, to get it past the House.

Observers gave much of the credit for defeat of the measure to the Texas county judges and commissioners' association, a powerful group which was opposed to the reform.

Stroman, in his fight on the bill, lashed out at his home town newspaper, the San Angelo Standard-Times, growing so heated at one point that Speaker Jim Lindsey gavelled him back in order.

"It's a dam lie what the Angelo

paper said that I'm voting against 80 per cent of my people," he shouted. "I'm damn tired of it. I'll let them vote on it and if 80 per cent are for it, I'll resign tomorrow."

Stroman made repeated veiled charges people in the city (San Angelo) who "want to run the whole show" and particularly against one man "who wants to run the whole county." In an interview after the debate he refused to identify the person or persons to whom he referred.

Declaring he was attempting to represent his people, Stroman said, "If those old boys in Angelo who have millions are being oppressed, I'll be down here trying to help them, too."

Rep. Jerry Sadler of Hickory Grove joined Stroman in his fight, making the final speech against passage of the measure. He declared the proposal would "destroy county government and put it in cities."

Sadler read a telegram from three Midland County commissioners and one from Monahan commissioners opposing the measure.

"Did they (the Midland commissioners) tell you how many people they represent?" Anderson asked. "The whole county," Sadler replied, "since they are a majority of the commissioners' court."

That is just the situation he is attempting to correct, Anderson said. He cited the lineup in Midland County where three commissioners (the ones opposing the measure) represent between them only four per cent of the people. The fourth commissioner, from the city of Midland, represents 96 per cent.

NATO Calls For End To Formosa Firing

PARIS (U)—The North Atlantic Alliance today formally called for a cease-fire in the Formosa Strait and mutual pledge to abstain from the use of force.

In a communique ending and summing up their current session the NATO council of foreign ministers declared:

"The council expressed the hope that there would be a cessation of hostilities in the Far East and no further resort to force."

They added that a continuation of hostilities "would clearly endanger the peace of the world."

Canadian Foreign Secretary Lester Pearson hinted to a news conference later that most NATO members felt the best solution for the Chinese dispute is the surrender of Quemoy and Matsu, offshore islands held by the Nationalists, in return for a collective security pledge to Chiang Kai-shek's Formosa regime.

"We have responsibilities to Formosa as a member of the United Nations," said Pearson. He declined to say whether Britain shared this view.

The NATO council formally endorsed the Western Big Three pro-

posals for a top-level meeting with Soviet Premier Nikolai Bulganin.

In a sidewise glance at developments in the United Nations subcommittee for disarmament, the council also said it hoped Big Four talks among chiefs of government would "promote progress toward reduction, under effective safeguards, of armaments and armed forces."

The council, according to several members, had no opportunity to discuss the latest Soviet plan to the disarmament commission in London, proposing large scale reduction of conventional arms, as well as restrictions on atomic weapons, under international supervision.

"The council expressed the hope that there would be a cessation of hostilities in the Far East and no further resort to force."

They added that a continuation of hostilities "would clearly endanger the peace of the world."

Canadian Foreign Secretary Lester Pearson hinted to a news conference later that most NATO members felt the best solution for the Chinese dispute is the surrender of Quemoy and Matsu, offshore islands held by the Nationalists, in return for a collective security pledge to Chiang Kai-shek's Formosa regime.

Ike Voices His Confidence In Salk Vaccine

WASHINGTON (U)—President Eisenhower said today he absolutely believes that within a reasonable time the Salk vaccine can eliminate polio in this country.

The President made his statement of confidence at a news conference amid indications that some supplies of the vaccine may be released soon for resumption of the inoculation program.

He said it was a doctor's decision to double-check the manufacture of the vaccine which caused a postponement in inoculations.

As for the efficacy of the vaccine itself, Eisenhower said he believes absolutely it can do the job for which it was intended.

He said there have been 52 cases of polio in five million injections and scientists want to learn whether there is any relationship of these cases to the vaccinations. The Public Health Service announced shortly after Eisenhower's news conference that the number of confirmed cases among those vaccinated had risen to 62 today.

Eisenhower said the scientists and doctors are trying to be doubly safe.

Dulles, Faure Near Accord On Viet Nam

By CARL HARTMAN

PARIS (U)—U. S. Secretary of State Dulles and French Premier Edgar Faure today were reported approaching agreement on a joint policy toward South Vietnamese Premier Ngo Dinh Diem.

Reliable sources indicated the two Western allies would work out an understanding that both their governments would support Diem, but that the United States would pressure the tough little Nationalist to modify what Faure has called his "anti-French" attitude.

Diem grabbed the initiative yesterday from the Paris conferees, who have been meeting simultaneously with the NATO Council of Ministers. He named a new 14-member government of strongly Nationalist complexion.

In a public message, Diem warned the leaders in Paris to "guard against all solutions which do not take into account nationalism, our desire for democracy and our wish for social progress."

Dulles and Faure conferred for 2 1/2 hours last night without reaching final agreement. They scheduled another session tonight. Informants described their talk as extraordinarily frank and said some progress was made.

President Eisenhower's government so far has maintained its support of Diem, contending he is the likeliest prospect to unite South Viet Nam against the threat of a Communist takeover. The French in recent months have grown increasingly hostile to Diem. They contend he is inefficient and dictatorial, and is dividing his country rather than uniting it.

Engagements Are Announced For Two Lamesans

LAMESA (SC)—Mrs. Johnnie Reed Mason of Sweetwater and Cecil W. Mason of Grand Prairie, announce the engagement and approaching marriage of their daughter, Ann, to Ray Mae Tidwell.

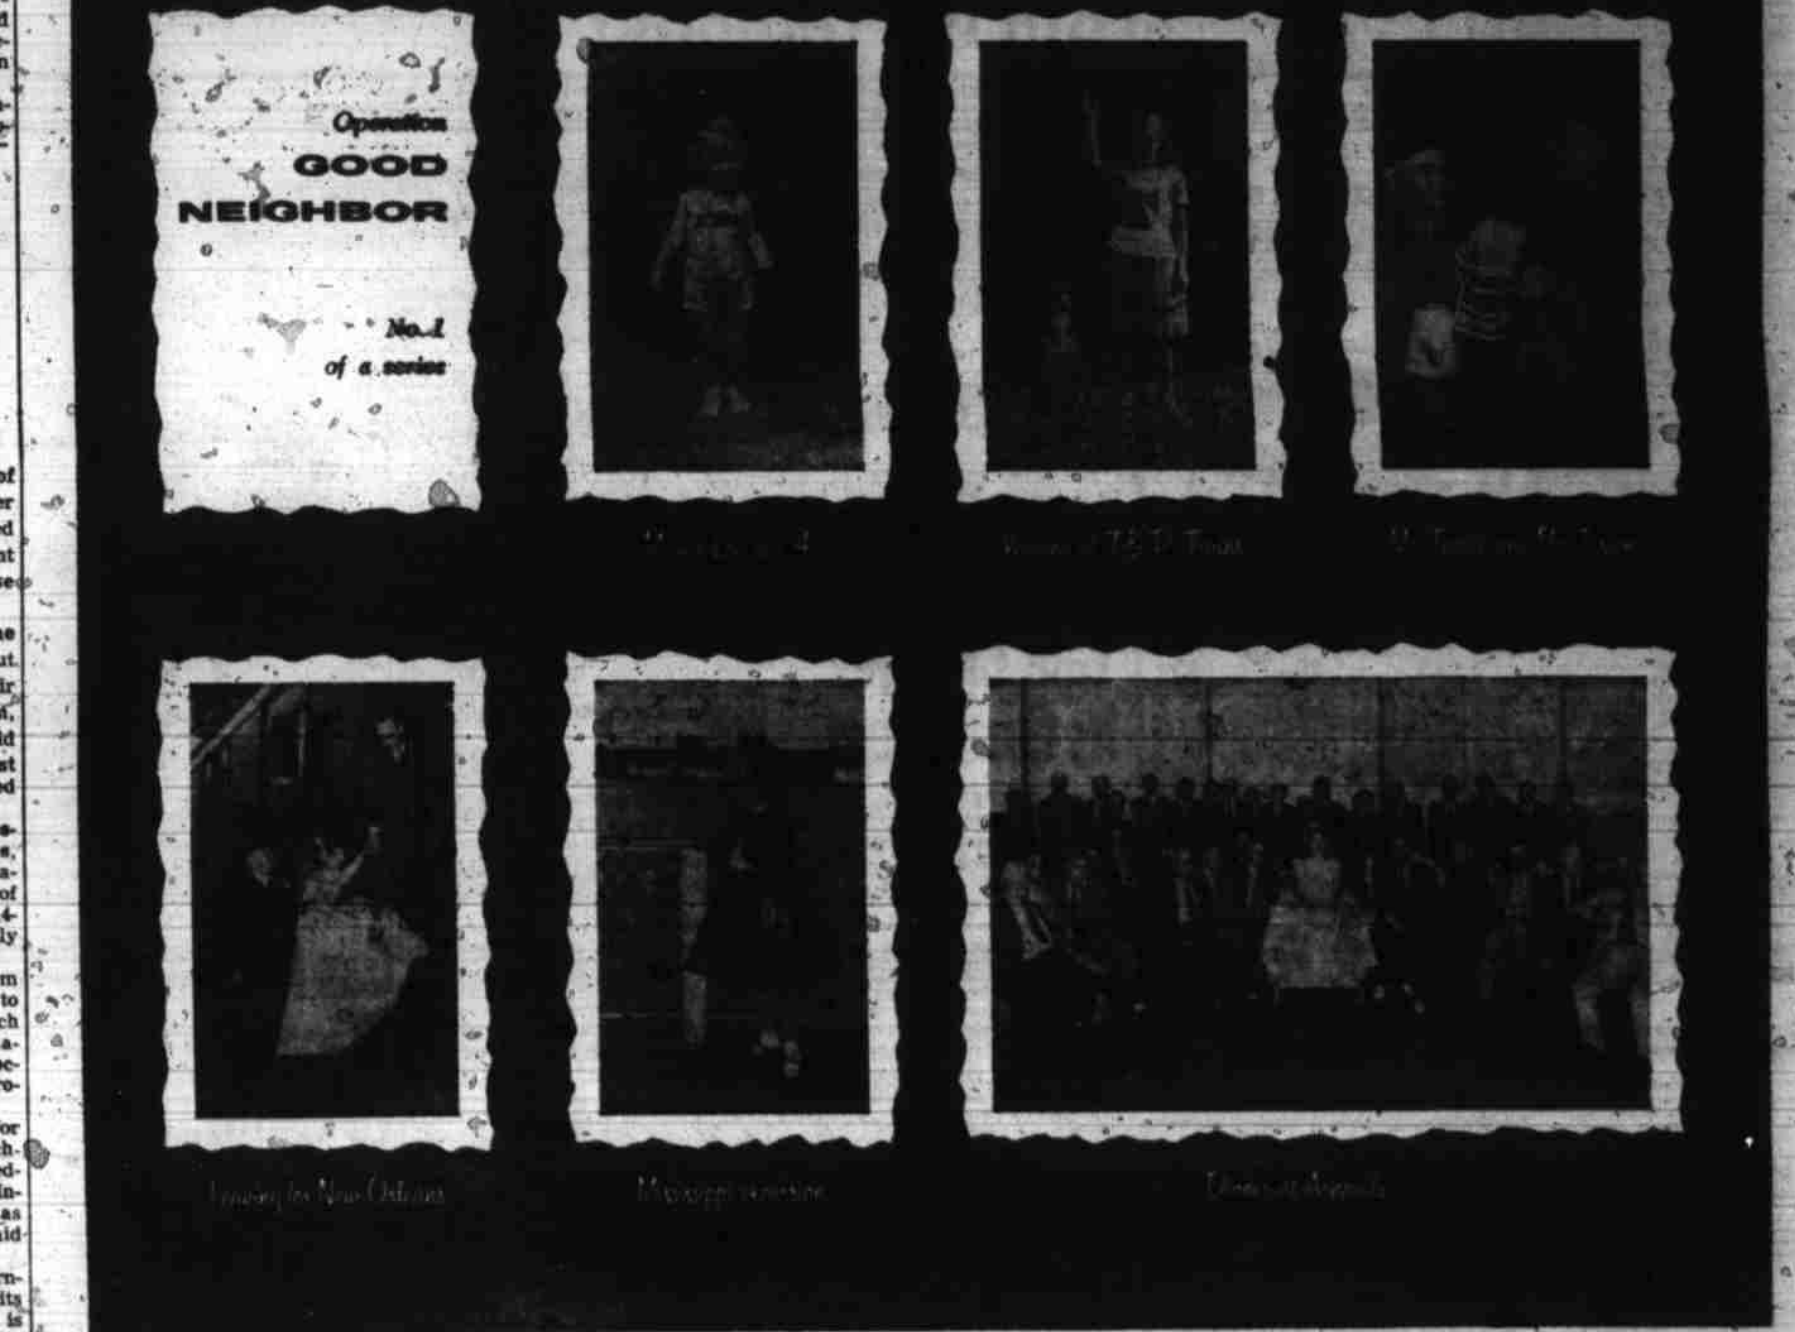

The prospective bridegroom is the son of Mr. and Mrs. Lee Roy Tidwell, 608 North Avenue N, Lamesa.

Wedding vows will be exchanged at the First Methodist Church in Sweetwater, June 6 at 4 o'clock.

Mr. and Mrs. R. F. Coffey, Route 1, Bangs, announce the engagement and approaching marriage of their daughter, Margie, to Jerry Vaughn Millaps.

The prospective bridegroom is the son of Mr. and Mrs. Rufus Vaughn Millaps, 1009 South Third Street, Lamesa.

The couple will exchange wedding vows in a double ring ceremony to be held in the First Baptist Church of Bangs, May 28, at 7:30 o'clock, by the Rev. W. D. Broadway.

A PAGE FROM THE

T&P ALBUM

This is one of those little stories that makes us glad we're railroaders. It's the story of Myrtle Lou Martin... and of 60 big-hearted trainmen of the T & P.

Myrtle Lou lives beside our mainline near Cheneyville, Louisiana. Since she was four, hardly a train has passed her house without a wave and a smile from Myrtle Lou. Even at night she used a flashlight to say "hello."

Casualty it became a habit with men on the T & P to toss candy, comic books and other small gifts to her as their trains roared past. For, you see, it was perfectly obvious that Myrtle Lou didn't get many such things from anywhere else. But there was something else Myrtle Lou wanted more than anything. She wanted to ride on a train.

One day, Freight Conductor R. R. Tesson told her wistful, heart-warming story to T & P President W. G. Vollmer. Then the big heart of the T & P went out to Myrtle Lou.

A special railway car was sent to pick up Myrtle Lou and her Mother for her thrill-of-a-lifetime... a tour of exciting New Orleans with 60 fatherly trainmen as her escorts. At the famous Arnaud's Restaurant, Myrtle Lou was guest of honor at a testimonial banquet where

she became the official "Louisiana Pin-Up Girl" of the T & P.

Who gained most by making this little girl's dream come true? We think we did. For though Myrtle Lou may remember it always... there is no measure for the heart-warming satisfaction of the T & P folks who participated in her big adventure. It will forever remain a cherished page in the T & P Family Album.

Ike Prefers To Retire, Says Sen. Smith

WASHINGTON (U-P) — Sen. Margaret Chase Smith (R-Maine) said today she has the impression President Eisenhower "prefers to retire after 1956."

Cautioning Republicans against basing party strength solely upon the President's personal popularity, she said in remarks prepared for some 1,500 GOP workers attending the Republican Women's National Conference:

"I'm not so sure that Dwight Eisenhower will seek re-election. My present impression is that he prefers to retire after 1956. I certainly would not blame him if he does. But I hope with all my heart that he doesn't."

Mrs. Smith is the first prominent Republican to voice public doubt that Eisenhower will seek a second term. The President has given no sign of his intentions.

Earlier in the conference, GOP National Chairman E. W. Hall repeated his assumption that Eisenhower would be nominated and re-elected.

Mrs. Smith continued:

"We have been lucky to have Dwight D. Eisenhower leading our party. But we don't want to push that luck too far."

"We don't want to put all our eggs in one basket—we don't want to lean too heavily upon the Eisenhower popularity."

"Instead, we must build up the popularity of our party as well. No one has said this more eloquently than President Eisenhower himself."

Passage Of Roads Bill Is Predicted

WASHINGTON (U-P) — Sen. Gore (D-Tenn.) predicted today the Senate will pass his revised bill calling for a \$17,874,000,000 roadbuilding program over a five-year period.

The Senate Public Works Committee late yesterday virtually completed work on Gore's measure as a substitute for President Eisenhower's disputed highway construction program. Sen. Bridges (R-NH) quoted Eisenhower as saying yesterday he "feels very strongly" his program is sound.

The committee plans to take final action tomorrow afternoon. Floor debate may begin next week.

Sen. Case (R-SD) said he would join with committee Democrats to report the Gore bill to the Senate floor, but would reserve the right to offer new financing amendments.

The Senate group last week rejected 8-4 Eisenhower's plan and stuck by this decision yesterday in the face of Republican moves to insert portions of it into the Gore bill.

The President's plan envisages about 38 billion of spending on federal-state programs over 10 years.

The bulk of this, 26 billion, would be on a 40,000-mile nationwide system of interstate highways. Uncle Sam would put up 25 billion of it through bond issues.

Eisenhower also called for state and local roads spending to boost the total to 101 billions, but the federal government would have no part in this.

The Gore program of \$17,874,000,000 in federal-state outlays over five years would be handled by increasing greatly the present programs out of annual appropriations.

The committee majority also will urge that Congress boost the 2-cent federal gasoline tax by 1 cent to raise an extra 600 million annually.

These are the new financing provisions of the Gore bill, which would take effect July 1, 1956.

Interstate system—Federal government to put up 1 billion first year, 1 1/2 billion second, 1 1/2 billion third, and 2 billion fourth and fifth years. States required to spend one-ninth as much to match. Under present law, federal grants total 175 million a year, on 60-40 matching basis.

Primary—Federal government to put up 400 million annually, matched 50-50. Under present law it is 210 million a year.

Urban—Federal government to put up 200 million annually, matched 50-50. Under present law it is 175 million.

Yale Changes Its Curriculum

NEW HAVEN, Conn. (U-P) — Yale has a new plan by which it hopes to direct its students' minds more toward the books and less toward extracurricular activities.

The university calls it a major change in its study program for undergraduates. Drawn up by a faculty committee headed by President A. Whitney Griswold, it is the first change since 1946.

The announcement said, the change was "aimed at reviving the interest of students in academic work and modifying their attention to extra curricular activities."

Any Yale undergraduate knows what that means.

Fewer parties. Fewer visits to Vassar. Less emphasis on sports. The program consists of two plans, both to go into effect in September 1956.

Plan A: All sophomores must continue the work they started in their freshman year (no switching to so-called snap courses). Organize the curriculum into the three basic areas of natural sciences and mathematics, history and social sciences, and the arts, instead of along the traditional departmental lines.

Plan B: Eliminate standard courses. Substitute them with seminars organized on the basis of extensive reading lists.

Police Operating New Motorcycles

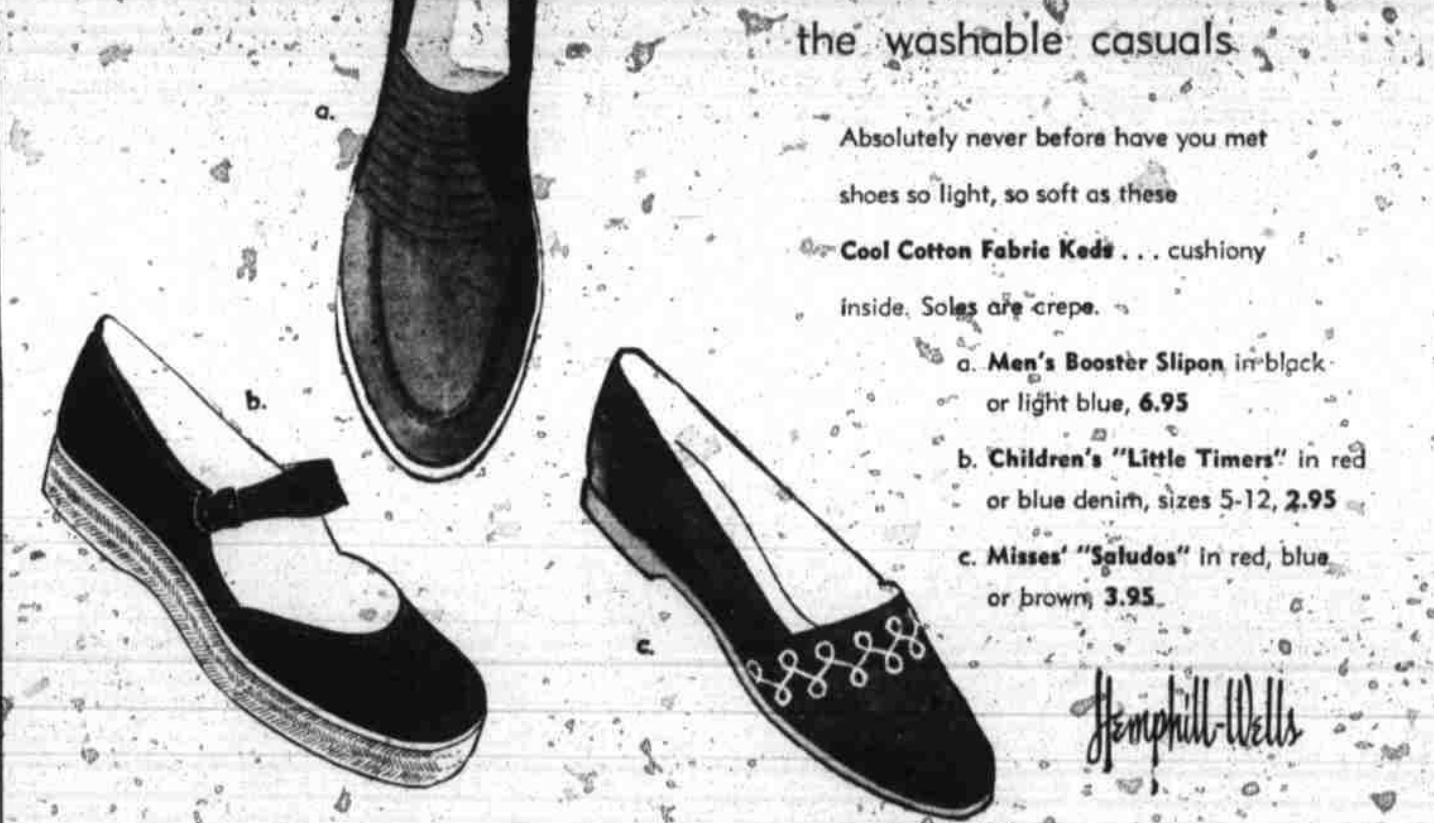

Two new two-wheel motorcycles are now being operated by the Big Spring Police Department.

The motorcycles were received here last week. One replaced a 1954 model and the other represents an addition to the department. Chief E. W. York explained that they will be used in enforcing traffic laws.

Two new automobiles will be substituted for older models in the next two or three weeks, York said. The new vehicles have already been ordered by the City Commission.

Bomb Hits House

SAN DIEGO, Calif. (U-P) — The Navy is trying to determine how a plane happened to drop a smoke signal bomb through the roof of Mr. and Mrs. Leverett Bristol's home. It landed in a bedroom. The Bristols were in the kitchen and were unhurt.

Gas Producers 'Reconciled' To Controls

WASHINGTON (U-P) — Natural gas producers are "reconciled" to some federal control over so-called "escalator" type clauses, attorney David T. Searls, Houston, said yesterday.

Searls told a Senate Commerce subcommittee various types of price escalation clauses have been written into pipeline companies' gas purchase contracts with producers. Searls made the statements while backing legislation to exempt producers from regulation by the Power Commission.

Some witnesses for gas consumers and distributors attacked the escalation clauses in recent House hearings.

Such a clause would allow a pipeline company to increase its price to a producer to meet any higher price paid in the same area.

Searls said the clauses were needed to give price protection to producers who supply the demand for an assured supply of gas over a long contract period.

But he said the producers are "reconciled to some control over these clauses in new and renegotiated producer contracts."

He added, however, that it would be "downright unfair" to apply the same type of controls to existing contracts.
