Full Revision Of Anti-Red Law Proposed

By JACK BELL

WASHINGTON (AP) — Sen. Jackson (D-Wash) proposed today that the 84th Congress take time to do "a thorough and resolute" job in revising the laws curbing Communists, including a bill signed yesterday by President Eisenhower.

Eisenhower said in signing a measure which would strip the Communist party of its legal rights that further study will be required to determine its full impact on the enforcement of laws already on the books.

As one of the Democrats who helped put across the measure in the face of Republican opposition to attaching it to another bill, Jackson said he regards the legislation as being open to possibly extensive revisions when the next Congress meets.

"I hope that when we return in January we can do a thorough and resolute job in dealing with the Communist problem," he said. "The action Congress took on this particular bill was hasty and done without prior committee hearings.

"By January we should have some positive comment by the Justice Department on the workability of the new law and how it affects other statutes."

Jackson said he and other Democrats who suddenly came up with a proposal to outlaw the Communist party had no intention of hampering the operations of the Internal Security Act, under which the Justice Department is attempting to force the registration of all Communists.

Eisenhower said in signing the bill that he was satisfied that its terms "were not intended to impair or abrogate any portion of the Internal Security Act or the criminal statutes under which the leaders of the Communist party are now being prosecuted and that they may prove helpful in several respects."

Congress finally passed the bill in somewhat amended form after administration protests that the original Democrat-sponsored version would hamper its efforts against the Reds.

A Communist party spokesman said the measure will be attacked in the courts as unconstitutional and that meanwhile the organization will "continue to function as a legal party."

The bill the President signed represented a consolidation of the Communist party provision with a measure which originally dealt with Communist-infiltrated labor unions.

That section of the measure would deprive Communist-infiltrated unions of their legal standing before the National Labor Relations Board for collective bargaining purposes, The Subversive Activities Control Board would decide which unions were infiltrated, with its findings subject to court review.

Organized labor leaders withheld public comment on the bill but indicated they may have plenty to say later.

Fisher Gets Sites For 2 Prospectors

Fisher County has drawn locations for two new wildcats and has reported a dry failure at a wildcat location.

Four miles northeast of Rotan, A. B. Jones & Son of Albany are to drill the No. 1 S. E. Rains as a 7,000-foot rotary wildcat. Location has been made 387 feet from south and 467 feet from west lines of the northwest quarter of section 280, H&TC survey. That location, on a 160-acre lease, is one-half mile south and east of National Gypsum Co. No. 1 Moncrief, a wildcat quit on Dec. 7, 1951, at 6,710 feet in the Ellenburger. Top of the Ellenburger was at 6,565 feet.

Trans-Tex Drilling Co. of Longview will drill the No. 1 Ubben as a 6,000-foot test three miles northeast of Roby. Location is 660 feet from north and east lines of section 3, Bastrop County school land survey, Rector subdivision. That is one and one-quarter miles east of the Trans-Tex No. 1 Bomar, a wildcat plugged at 6,454 feet in 1951. Top of the Ellenburger there was at 6,420 feet.

J. A. Connally, West-Tex Drilling Co. and Jake L. Hamon No. 1 R. J. Robertson, three miles northwest of Hamlin, has been plugged and abandoned on total depth of 5,421 feet.

A one-hour drillstem test from 5,367-395 feet in the Strawn recovered 50 feet of gas and 40 feet of gas-cut mud. Pressures were zero.

The No. 1 Robertson was 1,300 feet from north and east lines of section 185-1-BBB&C.

HOWARD EXTENDER

Callahan Rotary Co. of Abilene has completed its No. 1 C. W. Credighton, Southwest Howard County wildcat, as a major extender to the Moore-San Andres field.

The new producer is more than two miles northeast of the nearest producer in the field and about three miles west of downtown Big Spring.

The well was finaled for 164 barrels of 38-gravity oil with no water, the completion gauge covering a 24-hour period on the pump. Production is from open hole between the five and one-half-inch casing cemented at 3,040 feet and total depth of 3,065 feet. The pay had been fractured with 5,000 gallons.

The No. 1 Creighton is 330 feet from south and west lines of the southeast quarter of section 29-33-tln-T&P.

BORDEN PRODUCERS

Two new producing oil wells, one in the Fluvanna and one in the Jo-Mill Spraberry field, have been completed in Borden County.

Renwar Oil Corp. No. 1 Shipman is the Fluvanna field producer. It was finaled for a 24-hour

Flood Relief Report Made

A report has been made to Snyder by the Lardeo Junior Chamber of Commerce concerning the distribution of funds, clothing, and food sent there from Snyder residents following the Rio Grande flood this summer.

The Laredo Jaycees acted as the central agent for collection and redistribution of donations to flood victims, taking donations gathered by Jaycee organizations or other groups through the state and from Arkansas.

Collected from Snyder, according to the report, were 18 cartons of clothing and food from the Snyder Jaycees, who accepted donations from local residents; two cartons from Mrs. M. O. Clark of Snyder, and $196 from a special food relief fund in Snyder.

The distribution of the collected goods and money, the Lardeo group said, was facilitated through agents at work on relief in the stricken areas. Those agencies included the Comite Central de Piedras Negras, Coah., Mexico; the Salvation Army at Lardeo, Tex., working in cooperation with El Ejercito de Salvacion de Nuevo Lardeo, Tamp., Mexico; and the Rev. Enrique Tomas Lozano of Santo Nino Church, Nuevo Laredo.

ROAD HAZARD

An unidentified highway department worker stands in a pavement crack near Fallon, Nev., opened by a northern Nevada earthquake. Similar cracks made driving hazardous in the area.

HEAVY PRIMARY VOTE FORECAST

By CLAYTON HICKERSON
Associated Press Staff Writer

Gov. Allan Shivers and Ralph Yarborough pushed their campaigns for governor Wednesday after a heavy absentee ballot turnout indicated a record vote in Saturday's Democratic runoff primary.

Absentee voting ended officially Tuesday at midnight.

Shivers, striving for reelection, campaigned Wednesday in Georgetown, Killeen, Belton and Temple with a night rally scheduled at Waco. Yarborough had appearances set at Bryan, Tyler and Wichita Falls. Three days were left for campaigning.

Robert L. Johnson, director of the Texas Election Bureau, said the large absentee vote indicated runoff total greater than the approximately 1,350,000 votes cast in the July 24 primary battle. The largest runoff vote ever recorded was in 1946 with 1,056,672 ballots.

Supporters of both Shivers and Yarborough, making his second effort to unseat the governor, have appealed for a heavy vote. The election will be the eighth runoff necessary since the double primary was adopted in 1920 by Texas Democrats. In the others, more ballots were cast in two than in the first primary. In the other five, the largest drop in voting totals amounted to less than 10 per cent.

Dallas County, Harris County, Lubbock County and Smith County all reported record absentee voting. El Paso, Midland and Freeport reported heavier turnouts than for the first primary. Only in heavily-industrialized Jefferson County was absentee voting lighter than last month.

Both candidates for governor attacked supporters of the other in Tuesday night speeches.

Shivers said his opponent's campaign was "folding up," but Yarborough predicted victory for himself.

At Houston, Yarborough said a Galveston gambling ring "is out beating the drum for Allan Shivers." He said the governor's name heads the slate on a sample ballot being distributed by what he called "the big gambling ring."

Earlier, Yarborough displayed a copy of the sample ballot at a Texas City rally and said:

"Shivers heads the ticket, but of course it doesn't say it is the ticket of international racketeers."

Yarborough repeated at Houston a pledge made a night earlier in Dallas that he would end the Port Arthur strike in 30 days if he is elected governor. He said Shivers "has failed to lift a finger to restore peace in Port Arthur.

The Austin attorney said Shivers is armed with all the legal power needed to settle the 10-month-old strike. He said the governor had failed "because this is election year."

"He has used Port Arthur as a political football he can kick from border to border," Yarborough added.

At Brownwood, Shivers told a court house crowd it was "a plain unmitigated lie" that Mario Sapet was beaten into saying Political Boss George Parr would get him a pardon if Yarborough was elected governor.

Parr is the controversial political figure in South Texas' Duval County.

Sapet was sentenced to 99 years in prison for conspiracy to murder in the slaying in 1952 of Jacob S. (Buddy) Floyd Jr., son of a political foe of Parr.

"Sapet is in the state penitentiary now," Shivers said, "he made the statement a few days ago to a guard there that if my opponent was elected George Parr would get Mario Sapet out on a pardon."

Shivers, who never called Yarborough by name, said his opponent said theat "we fired the regular guard and sent some bully down there to beat that fellow up and make him admit that."

The governor said, "That's just a plain unmitigated lie." He added that his opponent twisted facts and is "trying to hide the fact he's made some commitment to George Parr."

Beaming confidence, Shivers told campaign workers at Brownwood: "Let's keep working. I never saw a candidate get too many votes."

Kent County's Court Awaits New Ruling

CLAIREMONT — Kent County commissioners held a friendly meeting on schedule here yesterday morning; but they met without the county records which are in Jayton and without taking any official action.

Jayton was named the county seat in July after a lengthy court battle over a disputed election on whether or not the county seat should be moved from Clairemont. The records were moved to Jayton on July 29, and the courthouse in Clairemont later boarded up to prevent vandals entering the building. Three of the commissioners, A. C. Cargile of Polar, Mark Cave of Clairemont and Jim Wyatt of Girard, refused to meet in Jayton, however, maintaining that until the commissioners court gave official sanction to the move it could not be considered legal.

On the other side of the fence have been John Mongtomery, the county judge, and W. R. Rodgers of Jayton, the fourth commissioner. Judge Montgomery yesterday presented a telegram from the Houston Company which holds bonds on the county officials. The company said it would not be responsible for surety if the records were moved. Judge Montgomery also told the court that he had talked with the Attorney General's office in Austin Monday, and was told there that it would be illegal to move the county records from Jayton in view of the decision of the appeals court designating it the county seat.

"All members of the court stated that they would be willing to act on a ruling," the statement concluded, "and regardless of the outcome would then continue the county's business as it had been condusted before these misunderstandings."

Rioting Flares Up Again Today In Brazil Capital

Mitchell Has Invitation To Present Case

By A. P. Bryan

WASHINGTON (AP) — Democratic National Chairman Stephen A. Mitchell, who calls the plan "a raw deal," will have the chance Sept. 2 to tell Congress what he finds wrong with the administration's controversial contract for private power in the Tennessee Valley area.

Rep. W. Sterling Cole (R-NY), chairman of the Senate-House Atomic Energy Committee, wired Mitchell yesterday an invitation to testify on "any evidence of malfeasance or impropriety."

Mitchell was being asked to appear, Cole told the Democratic chairman, "in view of your repeated intemperate charges against President Eisenhower in this matter."

Mitchell promptly replied he was "glad" to accept the invitation and added:

"I am troubled however by your telegram which characterizes my questions as 'intemperate charges.' This would seem to indicate that in advance of a hearing you have prejudged this case in such a way as to raise doubts over your ability to conduct an impartial hearing."

Mitchell's appearance before the committee seemed certain to mark a fresh round in the swirling dispute over President Eisenhower's order directing the AEC to contract with a private utility combine for power to be delivered over Tennessee Valley authority lines to the Memphis, Tenn., area. TVA is to deliver power in turn to the AEC plant at Paducah, Ky.

The 107-million-dollar contract, which must still get the committee's okay, was a major issue during the Senate's marathon debate over new atomic energy legislation. Congress wound up okaying a provision which would specifically allow the contract.

Mitchell took up the issue in Chicago last week, intimating among other things that Eisenhower's friendship with golfer Bobby Jones influenced the award to the power combine, known as the Dixon-Yates group after its top officers.

Eisenhower said he rejected innuendoes that friendship was a factor, and Mitchell said he accepted Jones' statement that he did not discuss the matter with the President.

However, the Democratic chairman repeated his questions about the contract, saying it was going to "cost the public millions of dollars."

Yarborough Challenged By Alice Lawyer

Sam Burris of Alice, district attorney-elect in the area long controlled by George Parr and an anti-Parr attorney, yesterday openly accused Ralph Yarborough of lying in his campaign talks for governor.

Burris, who pleaded with Scurry Countians in a radio address on station KSNY here to vote for Allan Shivers in the second primary Saturday, said Ralph Yarborough is claiming he does not have Parr's support but that he does have that support.

"Yarborough did not mention. . . The rally in Falfurrias, in Brooks County, Tex., next to Duval. On the platform with him were all of Parr's henchmen, Dan Tobin, county judge of Duval County, sole distributor of all beer sold in the county; J. P. Stockwell, sheriff of Duval, both Parr controlled; Raeburn Norris, Parr's district attorney, whom I just defeated, and other Parr men," Burris said. "All urged the people to vote against Allan Shivers."

Burris said that Parr-backed candidates received 40 to 1 vote majorities not many years ago, which was accomplished by the buying of votes, intimidating voters, physical and economic violence, and stuffing ballot boxes. Opposition groups, he said, made application for supervisors at elections but were refused. They then appealed to Shivers and he sent Texas Rangers.

"This year we again made application for supervisors and they were seated. We made the application for impoundment of the ballots in Duval," he said, adding that Parr candidates did not get the old majority when ballots were impounded.

In the July primary, Burris said, Yarborough got 3,016 votes in Duval, Shivers 1,378. Shivers carried only one box in the county, he said, that one a box traditionally against Parr.

"Yarborough supporters have also claimed that Shivers got Parr's vote in 1952," Burris said. "Look at the figures. In Duval County in 1952 Shivers received 883, Ralph Yarborough 2,061."

EDC OUTLOOK GROWING DIM

PARIS (AP) — The European army treaty's chances looked slimmer than ever today following Premier Pierre Mendes-France's decision to submit the pact to the National Assembly Saturday without government support.

He told reporters last night he would not stake the life of his government by calling for a vote of confidence on the treaty's ratification. The crucial decision not to recommend it as government policy was made at a Cabinet meeting which lasted into the late hours.

Even as the ministers met, U. S. Secretary of State Dulles and other backers of the proposed European Defense Community expressed hope the French still might squeeze through ratification. The French Cabinet's decision left little basis for such hopes.

West Germany, the Netherlands, Belgium and Luxembourg already have formally approved the agreement to pool their military resources with those of France and Italy. Italian ratification was expected to hinge on the French action.

France's five partners in the scheme, meeting with her at a foreign minister's conference last weekend in Brussels, unanimously rejected Mendes-France's proposals to drastically change the project. The alterations would have stripped EDC of much of its central authority.

After Brussels it was left to France, the originator of EDC, to approve the plan in its original form or kill it off.

French reluctance to give up its national army in favor of a unified force stems chiefly from fear of a rearmed German and reluctance to relinquish any national sovereignty.

Mendes-France said last night his government would oppose any further delay in getting a final French vote on the treaty.

He reportedly told the other foreign ministers in Brusseis last week that unless they accept his modifications, the Assembly would defeat the treaty by some 30 votes.

ARMY HOSPITAL READY FOR TOP SOCIAL EVENT

PHOENIXVILLE, Pa. (AP)—Ward 20 C-D at Valley Forge Army Hospital was "up in the air" today over its social event of the year—the wedding of M. Sgt. William Hardin and Miss Isako Shirayama.

It's a wedding that had to clear medical, language and legal hurdles separating the 32-year-old Louisville, Ky., Soldier from the slim, attractive, 23-year-old Japanese sweetheart.

They will marry Saturday in the post chapel.

Miss Shirayama must appear before immigration authorities in Washington shortly to determine how long she will be allowed to remain in the United States.

She's here under $500 bond pending an appeal on a decision by authorities in Hawaii that she had no right to enter the United States on a six-months visitor's visa because she had specific intent to marry.

"If she can stay in this country," says the philosophical Hardin, "I'll send her to my home in Louisville and if not, then she'll have to return to Japan. But she'll soon be able to re-enter the country because now she'll be married to an American citizen," he explained.

And there won't even be a honeymoon—at least not for the present. Hardin is being treated for tuberculosis he contacted while serving in Korea and is not allowed to stay away from the hospital ward.

Osaka, who speaks little English, has been living at the hospital guest house since her arrival last weekend.

The couple is well aware of all the problems, Lt. Col. John Plum, chief of the hospital tuberculosis service, said yesterday.

"Otherwise, I wouldn't have approved of the marriage," he said. The medical officer had a long chat with the two yesterday before official permission was given.

Hardin was stationed in Japan when he met Isako. They planned to marry then but the World War II veteran was transferred to Korea and then was hospitalized on his return.

Col. Plum said it will be about 10 months before Hardin can leave the hospital. There may be some passes, though, by Christmastime and maybe even a convalescent leave in January.

Cpl. Moses Life of Brooklyn, a patient in Hardin's ward, said, "Everybody plans to attend the wedding. We're really up in the air about it."

Norwegians See Saucer

OSLO (AP)—Two Norwegian women claim they not only had a close look at a flying saucer but they talked to its "dark-skinned, long-haired" pilot. Skeptical police have launched an investigation.

The two women, Mrs. Aasta Solvang and her sister Edit Jacobsen, said the saucerman popped out at them from behind some bushes last Friday near Mofjell, in northern Norway.

Their story was published yesterday by the local paper Nordlands Folkeblad.

This was the sisters account:

"We were picking berries when suddenly a dark man with long hair — but otherwise looking very much like an ordinary human being — came out from behind some bushes.

"We were frightened at first, but the man appeared very friendly, and stepped toward us."

One of them addressed him in English, French, German, and Norwegian. "He didn't seem to understand a word."

The stranger then attempted to communicate by drawing "circles and what looked like pictures of heavenly bodies" on a piece of paper. The stranger finally led them to his craft, which looked like "two deep saucers sandwiched together," about 15 feet across.

Smallest Parents In City Take Child Home

LOS ANGELES (AP) — Mr. and Mrs. Floyd Dixon, this city's smallest parents, have taken their first child home from the hospital.

The baby, Debra Jo, weighed 5 pounds 14 ounces when born by Caesarean section Aug. 10 at French Hospital. The parents are each 3 feet 11. Dixon is 35, his wife 37. The hospital sent the mother and child home yesterday.

U. S. Business Installations Are Targets

By JIMMIE PAYNE

RIO DE JANEIRO, Brazil (AP)—Widespread rioting—some of it directed at American business installations—flared in the Brazilian capital today immediately after the body of Getulio Vargas was taken by plane to burial in southern Brazil.

Two persons were killed and more than 30 persons were injured in an outbreak of violence after a half million Brazilians had gathered at Rio's downtown airport to pay a last farewell to Vargas—the strong man leader who chose yesterday to take his own life rather than yield the presidency by force.

Three persons were killed and 30 injured in clashes yesterday in Brazil.

This morning troops patrolled the streets in heavy numbers while Vargas' body was taken from the presidential palace to the airport.

There was no outburst until after the plane left the airport for Vargas' home in southern Brazil where he was to be buried in an unblessed grave.

A crowd gathered in front of the Air Ministry, apparently to express their hostility at the 58 air force and army generals who forced Vargas, 71, to resign.

Troops rushed to the scene and opened fire, injuring two persons.

Violence spread to other areas.

In the central area of the city a riot car tried to disperse a mob. The angry Brazilians mobbed the car and set it afire. At least 20 persons were reported injured in that incident.

Hospitals in another section reported treating at least 10 persons for injuries.

Windows of the Standard Oil Co. building were smashed and crowds gathered at the U. S. Embassy, which was placed under heavy guard.

Troops finally cleared the streets. Loudspeakers mounted on trucks rolled through the downtown area, calling on the population in the name of the chief of police to maintain order.

U.S. diplomatic buildings and firms, as well as newspapers which opposed Vargas, were major targets.

Rioters burned the office of the Diarios Associados publishing and radio chain in Porto Alegre, on the Atlantic Coast, heavily damaged the U.S. consulates in Belo Horizonte and Porto Alevre, and hurled rocks through the windows of the heavily guarded U.S. Embassy in Rio.

Many rioters, apparently sparked by the Communists as well as traditional anti-U.S. feelings, blamed the United States for fomenting the crisis which brought Vargas' downfall.

Obviously, too, the rioters were incited by the 600-word suicide letter Vargas wrote just before his death yesterday, in which he spoke of "a subterranean campaign of international groups joined with national groups revolting against the regime of workers' guarantees."

After writing the letter, the 71-year-old strong man put a bullet through his heart. Only a short time before, a group of 58 air force and army generals had forced him to quit his post.

Since the beginning of World War II, Vargas had been a staunch ally of the United States, first against Germany and later against communism.

162 Absentee Ballots Cast

One hundred, sixty-two absentee ballots have been boxed for casting Saturday in the second Democratic primary election here, and 20 ballots issued for absentee voting had not yet been returned for casting by noon today.

The deadline for obtaining ballots for absentee voting was midnight last night. Ballots returned to the county clerk's office by 1 o'clock Saturday afternoon are to be cast.

Although the number of absentee ballots in this election is higher than the usual number for a second primary, compared with the number cast in the first primary, the county's total is far less than that of most counties.

Many of the counties, especially those having large cities, have already boxed more absentee ballots for the second primary than they did for the first.

This county's absentee vote in the first primary was 224.

Only seven persons had voted by absentee ballot by noon today in the county library election set for Sept. 4, a week from next Saturday. Deadline for obtaining ballots for this election is midnight Aug. 31, next Tuesday.

High Reading Here 96

Summer's heat continued in its mild retirement yesterday, running the temperature to a high of 96 degrees. At 7:30 this morning the temperature was 76 degrees after an overnight low of 72 degrees, Mrs. D. P. Strayhorn, weather obsever, said.

WEATHER

NORTH CENTRAL and WEST TEXAS: Partly cloudy this afternoon, tonight and Thursday with widely scattered, mostly afternoon and evening thundershowers. Not much change in temperatures.

EAST and SOUTH CENTRAL TEXAS: Partly cloudy this afternoon, tonight and Thursday with widely scattered, mostly daytime, thundershowers. Not much change in temperatures. Moderate easterly winds on the coast.

Defense Strategy To Decide Course In McCarthy Hearing

By JOHN CHADWICK

WASHINGTON (AP)—Sen. McCarthy's defense strategy appeared likely today to determine how many witnesses will be called by a special Senate committee assigned to weigh censure charges against the Wisconsin Republican.

The committee's public hearings, now scheduled to start Aug. 31, will be based at the outset on five classes of charges. Indications are the six-member group plans to take testimony from relatively few witnesses.

However, Chairman Watkins (R-Utah) made clear that the committee was keeping a free hand to expand the number of charges it will inquire into and the witnesses it will call.

"We're not going to close the door," he said.

So far McCarthy has not indicated publicly what track his defense will take.

In announcing yesterday that the committee had decided to conduct hearings initially on five categories of charges, Watkins said they seemed to be "the most important" of 46—some of them overlapping—which were submitted by Senators Flanders (R-Vt), Fulbright (D-Ark) and Morse (Ind-Ore).

He also observed that the evidence relating to them is already a matter of public record.

Reached at La Jolla, Calif., where he is vacationing, McCarthy said he had no comment on the roster of charges.

However, he called the special group a "good committee" and added:

"It's not their fault when Senators Flanders, Fulbright and Morse made their charges. It was incumbent on the Senate to order an investigation. These charges have all been fully aired. They are pretty old hat by now."

Watkins said that if the committee can use existing records the hearings will not take as long as if it had to call witnesses to gather its evidence.

Among questions still unanswered, however, are how many witnesses McCarthy will ask to have called, what subjects he will open up in presenting his defense and how rigorous he and his counsel will be in cross-examination.

The resolution of censure was introduced by Flanders, who asked the Senate to condemn McCarthy's conduct on the ground that it was unbecoming a senator and tended to bring the Senate into disrepute.

Flanders subsequently filed 33 separate specifications. Seven others were submitted by Fulbright and six by Morse.

The special bipartisan investigating committee said yesterday that out of these 46 charges, it has grouped 13 under five different headings:

1. That McCarthy showed contempt for the Senate by his failure to appear to answer accusations before a Senate Rules subcommittee that investigated his financial affairs in 1951-52.

2. "Incidents of encouragement of United States employes to violate the law and their oaths of office or executive orders."

3. "Incidents involving receipt or use of confidential or classified documents or other confidential information from executive files."

4. "Incidents involving abuses of colleagues in the Senate."

5. That McCarthy allegedly abused Brig. Gen. Ralph Zwicker, then commanding general at Camp Kilmer, N.J., during an investigation of the promotion and discharge of Maj. Irving Peress, characterized by McCarthy as a "Fifth Amendment Communist."

America Is Poised To Back Up Fleet

TOKYO (AP)—The United States would back up the 7th Fleet with all available military strength if Communist China attacked Formosa, an authoritative military source said here today.

"The Communists would be very unwise to launch an operation against Formosa," he said. "I am sure they would fail and I am sure they know they would fail. If they tried it, they would be in for a terrible beating."

"All forces in position to do so would assist the 7th Fleet in carrying out its mission," said this highly qualified source, who asked not to be identified.

The 7th Fleet has guarded the Chinese Nationalist stronghold since 1950 and President Eisenhower said only a few days ago that any Red invasion force would have to run over the fleet.

The military source said that in his opinion the recent barrage of Red threats to "liberate" Formosa represents either propaganda war or a bluff to sound out U.S. intentions on defending the island.

In Taipeh, Nationalist officials voiced satisfaction over the statement yesterday by U.S. Secretary of State John Foster Dulles that the 7th Fleet would be justified in defending some Nationalist island strong points off the China coast.

There was mounting speculation that the United States will not keep hands off if the Communists attack such islands as Quemoy off Amoy, Matsu and the Tachens, about 200 miles northwest of Formosa. All lie only a few miles off the mainland coast.

The authoritative military source here said he thought a "military rampart" should be raised in Southeast Asia to beat back Communist aggression.

OPTIMISTS' DIMES CHECK

John Noble, left, of the Optimist Club, is shown presenting a check for $50 to Bill Wise, who accepted the check for the Junior Chamber of Commerce. The check was to aid the Jaycees in the emergency march of dimes drive they are conducting here. Letters requesting contributions have been sent to all postal patrons here. The letters have self-adressed return envelopes to facilitate individual contributions by mail. (Lee Watson photograph)

Strategic Points Picked For Infiltration Of Reds In Texas

(last of three articles on Texas' repulse in 1953 of Communist infiltration through three Red-dominated outlaw organizations that had been repudiated by legitimate organized labor).

By RAYMOND BROOKS

If Moscow today is picking key targets for atomic bomb destruction of Texas, it is pointing to the identical spots on the map chosen by Communist leaders of three discredited, illegitimate racketeer organizations in the field of labor for conquest in infiltration, in 1953.

They're the gateway at the extreme west; the oil refinery port gateway at the southeast corner of Texas, and the inland city of San Antonio, gateway to Central Mexico, chief military and air installation center of the Southwest.

And Port Arthur, one of these, is the anchor of a line of coastal oil and chemical industries, defense production plants, all along the Gulf Coast from Mexico to Florida.

The choice of Texas stragetic points was no accident. Techniques used and timing were part of a familiar pattern.

Had responsible state government not acted, swiftly and decisively, in 1953, to check that infiltration, the picture of Texas would have been vastly different, right now.

An imported New York picket, in front of a Texas hamburger stand, representing not some legitimate union of Texas citizens, but rather some Red-inspired goon racketeer outfit from a foreign state, would seem to have little to do with government. He would not strike you as symbol of control of Congress, nor bidder for the power to pick out the next President of the United States.

But the terrorists invasion of Port Arthur was exactly that. It was a part of a calculated plan, Communist-inspired, to take over econonic life of communities, the government of the country.

That is what the Communist Party itself told its agents in the illegitimate organizations it openly ran and the agents it had tried to infilter into legitmate trade unions.

These instructions were given in a publication of the Communist party, distributed in May when this year's political campaigns opened. Copies quickly flaoted into Texas.

The instructions said that Communist agitators were to try to use the framework of the Democratic Party to get control of Congress this year, of the Presidency at the 1956 election. It was to take over government by uniting: "our forces in organized labor, the working farmers, small business, women, the Negro people, other racial groups, the professionals and intelletuals", the Left, and Communists themselves.

The technique at Port Arthur was identical with that in subjugated Iron Curtain countries. A tiny hard core of Communist professionals would work through a small spearhead group of sympathizers. These in turn would reach to some substatntial organization, few of whose members probably had the slightest sympathy with communism. Such organization would be put into some ostensible "cause" designed to align large numbers, and to bring discord and division among the rest of a community. Blitz tactics, terrorism and violence would be used with calculated effect to group control. A handful of expert Communists would dominate a whole city, and use honorable, patriotic people as its expendable tools of conquest.

The government of Texas found three of these infiltrating, Moscow-inspired organizations, all discredited and repudiated by the established national labor groups, moving in to establish beachheads across Texas.

The international Fur and Leather Workers moved into San Antonio, and without any attempt to comply with Texas registration laws, set its organizer to work, without a state, license, organizing shops and tanneries.

The International Mine, Mill and Smelter Workers, with an unsavory record in the mineral regions of the West, and while it was filming notoriously subversive propaganda pictures in the United States and infiltrating new mining regions of Canada, sought a toe-hold in the smelting industries of Texas.

The DPOWA had for its target the vast oil industry and the refining and oil-shipping centers of the Coast; but it came through the back door, not of the petroleum industry, but of trying to organize waitresses, laundry workers, hotel porters, store and shop clerks, to dominate the business life of a city party dependent on the payrolls of the oil industry.

It was a triple threat, spread out and timed by master planning of the master minds of the Red conquest.

This is what Texas broke up, by Dec. 29 of last year, so far as to bar the Communist leaders themselves, to drive out the imported organizers and agitators, and assist Texas labor groups to free themselves from the tentacles that were drawing tight. How fully Texas can protect itself from "clear and present danger" of the same forces operating at long range from across state lines, is dependent on the future vigilance of Texas. It is dependent on keeping up the same stern, aggressive action by state government that exposed and uprooted the meance as it mushroomed aboveground last fall.

The Texas Industrial Commission, appointed by Governor Allan Shivers, investigated the Communist infiltration. In received evidence presented by Attorney General John Ben Shepperd, and took much sworn testimony. It handed in its verdict, an official action of state government, a verdict of guilty. It found all three organizations to be Communist-led and Communist-dominated, and that their existance in Texas constituted "a clear and present danger" to the state and to Texas citizen labor bodies.

Attorney General John Ben Shepperd went to court and stopped those operating in defiance of state law. Secretary of State Howard A. Carney by official decree stripped the condemned organizations of all permit and license privileges. He cancelled their organizers' permits.

The Industrial Commission asked adequate state laws to deal with the menace. A committee appointed by it drafted recommended legislation. Governor Shivers convened a special session of the Legislature last March and submitted and recommended the subject of this remedial legislation.

Texas lawmakers, with unanimous vote in the Senate and only seven dissents out of the 150 House members, enacted a drastic anti-Communist law. This statute made Texas the first State in America to put the stamp of felon on membership in the Communist Party or its subversive fronts. It imposed stringent penalties on subversive activity, in or out of the Communist Party. It created an enforcement agency in the Department of Public Safety.

The legislation was approved by the Governor, and went on the Statute books. Congress has just got around to passing a law of the same import, of national scope.

The government and Legislature of Texas last year faced the sudden and overt challenge that outside forces of the same stripe that had enslaved a dozen countries, using the same power tactics of surprise, coercion and violence, were moving in to take over the State. Texas didn't wait to find out that the infiltration was aimed at control not only of the economic life of the State but of the government as well of the nation.

Texas threw the enemy back beyond its borders. And Texas will be alert and ready to deal with symptons of underground tunneling to seep in further infection of the Red virus.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD HOSPITAL

Admissions — Mrs. Thomas O. Dixon, Snyder.

Dismissals — Frank Perales, Snyder; Mrs. May Hodges, 1411 Twenty-second Street; Mrs. Elmer Little, Route 1.

COGDELL HOSPITAL

Admissions — Jane Mosley, 500 Twenty-eighth Street; C. F. Sentell, 2903 Avenue W; Mrs. Frances Benitez, 1109 Avenue R; Hubert D. McMillan, Humble Camp, Thirty-seventh Street; Mrs. Pauline Scott, Clairemont Road.

Dismissals — Mrs. Dan Cotton, 211 Thirty-sixth Street; Clifton Robbings, Snyder; Carl Kellner, Fluvanna; Hubert D. McMillan, Humble Camp, Thirty-seventh Street.

Fine Assessed Driver In County Court Here

Doy Eldean Everage, 18, of Abilene, paid a fine of $25 plus court cost of $23.50 yesterday afternoon when he pleaded guilty to a county court charge of failing to pass to the left of another vehicle before overtaking it.

Everage was the driver of a 1952 Ford panel truck which struck the rear of another car near Hermleigh yesterday morning, forcing the other car into another one and the latter into still another.

The three vehicles hit were parked on the highway and headed in the same direction. They had been stopped by flagmen because of road repairs.

Fire In Home Causes Little Damage Today

A fire in the home of Mr. and Mrs. Bill Emerson, 411 Twenty-ninth Street, at 10 o'clock this morning caused little damage and resulted in no injuries.

Firemen answered a general alarm after a kitchen stove ignited cleaning fluid being used in the sink. Mrs. Emerson said she was cleaning a blanket in the sink.

Ivan Gatlin, fire marshall, said several fires in Snyder this year were caused by use of inflammable cleaning fluid indoors. Mrs. Emerson said she could have had the blanket cleaned for 50 cents. It and a venetian blind were destroyed.

Shower Helps Save Man From Acid Spray

LOS ANGELES (AP) — A shower bath probably saved the life of Robert Siminoff, a chemist in the coroner's office.

Dr. Harry Deutsch, assistant autopsy surgeon, acted quickly when Siminoff was burned by nitric acid. Deutsch saw the acid eating Siminoff's shirt and shoved the chemist under the shower.

Siminoff was preparing a chemical test on a body when the nitric acid exploded yesterday, spattering his head and body. He was taken to a hospital.

Man Being Held Here On Charge Of DWI

Ernest Lee Shelly, about 34, Stamford, remained in the county jail this morning in lieu of bond set at $1,000 Saturday when he waived preliminary hearing on a felony charge of driving while intoxicated.

The charge alleged he drove while intoxicated Saturday and that such offense was subsequent to a conviction in Tarrant County court on Aug. 23, 1948.

It takes about 800 pounds of steel for a refrigerator, stove, dishwasher and cabinet sink in a modern kitchen.

Conley Is Speaker At Lions Club Meet

John Conley, head football coach at the high school, spoke to the Lions Club yesterday at its weekly luncheon, reviewing football prospects for this year.

Conley told the club the average of eligible players is younger this year. Of 34 eligible boys, he said, five are 19, eight are 17, 14 are 16 years old, and seven are 15. Conley said he would make no predictions as to the outcome of this team this season.

Leslie Hefner, a young Snyder resident the club recently sponsored at the Texas Lions Crippled Children's Camp at Kerrville, was introduced to the club.

Tickets were passed out to members of the club for sales for the coming boat races under the club's sponsorship at Lake Thomas Labor Day.

Frank O. Hale To Get Degree At ACC Friday

ABILENE — Frank O. Hale of Snyder will receive a Bachelor of Science degree from Abilene Christian College at commencement exercises Friday.

Hale is the son of Mr. and Mrs. J. L. Hale of Snyder and is a 1946 graduate of Overton High School. He majored in agriculture with a mathematics minor.

Frank Van Dyke, head of the Bible Department at Freed-Hardeman College, Henderson, Tenn., will deliver the commencement address at 8 p.m. Friday in ACC's Morris Stadium. Eleven students will receive master's degrees, and 64 students will receive bachelor's degrees.

Local Officers To Attend Institute

Bill Ballard, county probation officer for the juvenile court, and Prentis Smith, city policeman, are to leave Sunday to attend the ninth annual Institute on Youth Conservation.

The convention is to be held at Camp Waldemar near Hunt and Kerrville from Sunday through the following Sunday, Sept. 5.

Ballard said he would attend sessions on probation while Smith would attend sessions on crime prevention and delinquency control.

The Snyder Junior Chamber of Commerce is to pay the expenses of Smith, and the city government is to allow the leave. Ballard's expenses are to be paid by the county government.

Drive-In Booths Under Construction

Construction of drive-in banking facilities at the West Texas State Bank was started today, Charlie Duran, cashier, said.

Contract for construction of the two drive-in teller booths was awarded to J. L. Wadleigh Construction Co. of Snyder, Duran said.

Robber Likes Way The Rabbi Responds

BEVERLY HILLS, Calif. (AP)—A man armed with a pistol, voicing threats against a rabbi's family, forced him to drive to a bank, cash a $420 check and turn over the money. Then the robber fled on foot after saying:

"I greeted you with a gun and you rewarded me with kindness. I hope I can repay you someday.

Rabbi Jacob Pressman, who told that story to police yesterday, asked protection for his wife and children.

He told officers the man, dressed in an Army uniform, said he was desperate and needed $5,000. "He told me I had better help him or harm would come to my wife and children," the rabbi said.

The Pressmans have a daughter, Judy, 3, and two sons, Daniel, 7, and Joe, 4.

OIL

Continued from Page 1

flowing potential of 31.65 barrels of oil plus 75 per cent water. The flow was through a 16-64th-inch choke with gas-oil ratio too small to measure. Tubing pressure was 30 pounds. The oil is coming through perforations at 8,074-076 feet and at 8,086-090 feet. Top of the pay was at 8,074 feet.

Location is 574 feet from east and 758 feet from north lines of section 519-97-H&TC.

In the Jo-Mill field, J. E. Jones Drilling Co. No. 1-11 Miller was finaled for a 24-hour flowing potential of 229 barrels of 39-gravity oil with no water. Production is through perforations at 7,125-185 feet and the flow was natural. Gas-oil ratio on the test was 785-1, with tubing pressure 170 pounds and casing pressure 300 pounds.

The new well is 585 feet from west and 746 feet from north lines of section 11-33-t4n-T&P.

KENT COUNTY

Stanolind Oil & Gas Co. No. 2-B S. Neustadt, SMS-Canyon sand field test, has reported a flowing potential of 148.70 barrels of 37.6-gravity oil.

The flow was through a 12-64th-inch choke with no water present. Production is through perforations at 6,130-150 feet with tubing pressure 200 pounds and a packer on casing. The flow was natural. Top of the pay was at 6,128 feet.

The No. 2-B Neustadt is 660 feet from south and east lines of section 3-2-H&GN.

Sunray Oil Corp. No. 1 Charles Cave, six miles west of Girard, is drilling in shale and sand below 6,102 feet. Sunray No. 1 Reed, a recently staked wildcat, is moving in rotary equipment.

DRILLING REPORT

Superior Oil No. 1-537 Mathis, Fluvanna multipay field test in Northwest Scurry, is drilling in lime below 2,340 feet. Lone Star No. 2 H. H. Eiland, Kelley-Snyder test, is drilling in lime and shale below 4,547 feet.

Sid Katz and R. H. Venable No. 1 R. B. Masterson, 15 miles northeast of Guthrie in Northeast King County, is drilling in lime and shale below 5,866 feet.

Phillips Petroleum No. 1 Quartz, West Borden prospector, has swabbed dry on perforations at 7,200-250 feet and 7,268-346 feet. The perforations were acidized with 1,000 gallons and swabbed six and one-half hours. Recovery was 30 barrels of oil and six barrels of acid water.

Driver Is Assessed Two Fines On Guilty Pleas

The mystery of a hit-run accident on East Highway Saturday night was solved three days later when John Frank Aaron, about 60, who lives near Rotan, was arrested as the driver of the vehicle which left the scene without stopping.

Aaron paid two fines in justice court of $5 each plus court cost of $9 each. Judge W. C. Davidson assessed the $28 total when Aaron pleaded guilty both charges.

Aaron was charged with leaving an accident scene without stopping and giving information to the other party involved and was also charged with making a left turn from a public highway in an unsafe manner.

Watching television shows has been a treat for Mr. and Mrs. Ray Neithercutt of Venezuela who are visiting here with her parents, Mr. and Mrs. R. A. Hardee. Mrs. Neithercutt is wearing a dress of blue hand-woven cotton with a white design that was made in Guatemala. Her blue and silver earrings were made in Siam. (Lee Watson photograph)

SOCIETY SCRIBBLING'

Visiting Couple Will Soon Return To South America

By ANITA HALL

Visiting here from Venezuela are Mr. and Mrs. RAY NEITHERCUTT. They are staying at the home of Mrs. Neithercutt's parents, Mr. and Mrs. R. A. HARDEE, on the Colorado City highway.

Mr. Neithercutt is employed by the Loffland Bros. Drilling Company of Tulsa, Okla. who have a branch office in Anaco, Venezuela. The Neithercutts have been living in Maturin, a town in the Eastern part of the country. There are only eight American families there, so social activities are limited.

Neither of them spoke Spanish when they left here a year ago but, of necessity, they have acquired a small vocabulary. The American men are required by law to give their orders in Spanish to the men working on the wells for them. Mr. Neighercutt said; "The natives are very friendly and are willing to do anything they are told to do." He spoke well of the Venezuelan government and said there need be no fear of infiltration of communism through that country. In Caracas, the capital of the country, there is filed a record of every person, in the country, both native and foreign. The oil companies must report a transfer of personnel to the proper authorities within three days so that the personal history record can be kept up to date at all times.

Mrs. Neithercutt buys all of their groceries at the company's commissary except fresh vegetables. She goes to the Public Market for these where she has to buy in kilos instead of pounds. No English is spoken there so she has learned to ask for her needs in Spanish.

There are no beauty shops in the town in which they live so the American women have to fix their own hair.

"I left this country with a poodle haircut and came back with a pony-tail," she said.

The town does have a motion picture theater that shows American movies and they recently saw "Little Boy Lost." The dialogue is printed in Spanish at the bottom of the screen.

Mrs. Neithercutt's sister, Mrs. C. O. Galven, her husband and son, Mike, live in the western part of Venezuela about 900 miles from Maturin. She has visited with them twice during the last year and hopes that they will be transferred to the same camp soon.

There were three things she was hungry for when she returned to the states — "hamburgers, Cokes and potato chips." One morning, while traveling here from New Orleans after their arrival in this country, she had a bag of potatoe chips and a Coke for breakfast.

They will return by plane to their South American home about the tenth of September.

DOUBLE DUTY!

Nothing could be smarter or simpler than this princess jumper cut in one pattern piece in the back and front and its push-up sleeved blouse. Yarn stitching is smart accent.

No. 2703 is cut in sies 12, 14, 16, 18, 20, 36, 38, 40. Size 16: Jumper, 2 yds. 54-in. Blouse, 2 yds. 39-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.

Rodeo Setting To Feature Decoration

Stage decorations will form a rodeo setting for the 4-H Club dress revue in Gail Thursday night.

Carrying out the rodeo theme will be Western music played by Ann Miller and Boyce and Royce Holder from Fluvanna, Mrs. Edith Hughes, Borden County home demonstration agent, said. Mrs. Oscar Telchik, a 4-H Club leader, will serve as narrator for the revue. About 40 girls will model garments they have made during the summer in the show.

A 4-H Club rally starting at 5 o'clock and a picnic supper will precede the revue.

Mr. and Mrs. R. T. Busby, 3728 Avenue U, have returned from a vacation trip to Austin and Corpus Christi. In Corpus Christi they visited Mr. and Mrs. R. E. Brownell. Mr. Brownell and Mr. Busby served in the naval air corps together during World War II.

Lost 73 Pounds With Barcentrate

"A year ago, I made up my mind to rid myself of ugly fat. I weighed 243 pounds," writes Mrs. Ruth McCreary, 604 E. New Mexico St., Sweetwater, Texas. "I started using Barcentrate and before the first bottle was gone, I felt better and was losing weight. I didn't go hungry — just didn't eat so much rich food. I now weigh 170 pounds — am seven inches less in waist line and feel years younger."

And Mrs. R. O. Young, 1906 W. Second Ave., Corsicana, Texas, writes that she lost 10 pounds taking Barcentrate and is now free of bloating and indigestion.

You can get Barcentrate from any Texas druggist. Money back guarantee by the makers.

WOMEN'S CALENDAR

THURSDAY

OES Study Club, 7:30 p.m., with Mrs. C. T. Couch, 2912 Avenue F.

Borden County 4-H Club dress revue, 8:30 p.m., Gail high school auditorium.

FRIDAY

Acacia Study Club luncheon, 1:00 p.m., at the Hilander.

Ladies' Day, 9:45 a.m., Country Club.

SATURDAY

4-H Club Dress Review, 2:00 p. m., Junior High School Auditorium.

Mary Martha Circle Bake Sale, 9:30 a.m., at Everybodys' Grocery Store.

PERSONALS

Mrs. E. G. Smith of Hamlin has returned home after spending a week visiting in the home of Mr. and Mrs. Oliver T. Butler, 308 Thirty-fifth Street.

Mrs. Rupert Phillips and children, Sarah and Larry, and Mrs. Phillip Houseton and son, Lynn, Magnolia Camp, traveled to Lubbock to shop Tuesday.

Mr. and Mrs. Bill Bridges and children, Charles, Johnny, and Jimmy, Sunray Gasoline Plant, returned last week from Lake Texoma where they spent ten days fishing at the Pat Finley Camp.

Mr. and Mrs. Earl G. Brown, 3773 Dalton Drive, recently visited in Abilene with Mr. and Mrs. Earl Brown, Jr.

Janice and Banca Brown, daughters of Mr. and Mrs. Earl Brown, Jr., of Abilene are visiting in the home of Mr. and Mrs. Earl G. Brown, 3773 Dalton Drive.

Mr. and Mrs. T. H. Cox, 3109 Avenue V, have recently returned from a vacation in Rule where they visited Mr. and Mrs. L. B. Cox, Sr., and Mrs. Henry Donalson.

Mrs. Sam P. Beeson of Houston returned home today after visiting here with her daughter and son-in-law, Mr. and Mrs. O. M. Fowler, 1912 Thirtieth Street.

Morning Party Is Given

Mrs. W. D. McNair, 3717 Avondale, and Miss Dorothy Forrest of Fort Worth were honored with a Coke party given for them Monday morning by Mrs. Herbert Feather, 3750 Dalton Drive.

Mrs. McNair moved here recently from Big Spring and Miss Forrest is visiting here with her sister, Mrs. J. T. Hughes, 3700 Austin.

There were thirty guests present.

J. Fred Muggs Proves That He's No Gentleman

BY BOB THOMAS

HOLLYWOOD (AP) — J. Fred Muggs is no gentleman.

I hate to disillusion his television fans. But in the interests of honest journalism, I must report the facts:

That he smooched with his leading lady, then kicked her in the face; that he stole food from a reporter; that he scampered away during an interview. He even wears diapers.

He may even be subversive. When asked if he liked congressmen, he shook his head violently.

All these things were uncovered in the line of duty at the Biltmore Hotel. Muggs, the animal news editor of NBC's Today show, had arrived via air on the last leg of his around-the-world tour. He had a press conference, then retired to his room. He was still in his traveling clothes and wanted to change into something more comfortable.

I was ushered into a large private room where a table was set for Muggs and me. He was late arriving, so I talked to his travelmate Mary Kelly, the pretty feature editor of Today.

"Yes, it was quite a trip," she said rather wearily. "Who would ever have thought that I'd go around the world in 30 days with J. Fred Muggs. That chimp made a chump out of me."

She said the trip was strenuous because Muggs attracted crowds everywhere.

"He's really very nice," she said. "Lots of personality. I'm told that chimps that are trained to do circus tricks end up with no personality at all. Fred doesn't do tricks. Everything he does is natural. He's really very affectionate just like a child."

The doors opened and in came J. Fred Muggs, walking between his trainers. Muggs had already eaten lunch, but he sat down at the table and started stealing bites from my melon. Didn't even ask.

In between bites, he hugged and kissed Miss Kelly, who appeared to be a dear friend. Then with a swoop, he jumped off his chair and skittered under a lot of tables to the other end of the room. His trainers dashed off in pursuit and brought him back.

"He's fine until you get a lot of people around," one of them explained. "Then he wants to show off."

Holding onto their arms, he jumped up and down and managed to land a kick on the chin of Miss Kelly. She laughed it off, saying he was an excitable dear.

After posing for more photos at the table, Muggs appeared bored by it all. It appeared that I wasn't going to get any quotes from him, beyond his disdain for congressmen. So I bade him goodby.

Mr. and Mrs. Zenon Fontenot and sons, Pat and Jon, of Basile, La. spent the week end with Mr. and Mrs. W. E. Patrick and family, 2903 Avenue T.

Neal Brinson Honored With Birthday Party

Mrs. A. N. Brinson, Clairemont Road, honored her son, Neal, with a birthday party Saturday afternoon. He is eleven years old.

The guests were John and Claire Sheridan, Joe and Henrietta Fowler, Robert Jones, Billy Sanders and Vickie Brinson.

Lone Star Gas Co. Employees Have Party

Employees of the distribution office of the Lone Star Gas Company and their families had a barbecue Saturday night.

Previous plans to have the party at the park were changed due to the weather; the food was served at the company's office. About thirty-three people attended.

Mrs. Lela Evans of El Dorado, Ark. is visiting her brother, Robert L. Duggar, and Mrs. Duggar, 3709 Rose Circle.

Be sure you get the best of these big 4

1·economy

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over all the miles you drive.

2·price

Take a look at what you pay and what you get. You'll see that Chevrolet has more *for* you and asks less *from* you. It's priced below all other lines of cars. That's possible because Chevrolet builds the most cars—and can build them better to sell for less!

3·performance

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern *high-compression* power. That's just what Chevrolet gives you—the *highest-compression* power of any leading low-priced car. Come in for a demonstration ride!

The Bel Air Sport Coupe

4·appearance

You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher. It's the look America likes best!

Other low-priced cars don't offer these advantages. *Chevrolet does!*

Biggest Brakes

Smoother, safer stops with less pedal pressure! That's what Chevrolet gives you with the largest brakes in the low-price field.

Highest-Compression Power

You get finer performance—and important gasoline savings, too—with the highest-compression power of any leading low-priced car!

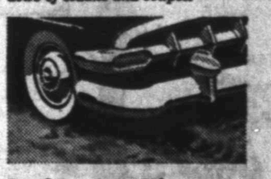

Fisher Body Quality

You get smarter, smoother styling—greater comfort, safety and quality—with this only low-priced car with world-famous Body by Fisher.

Safety Plate Glass

No other low-priced car gives you the finer visibility of safety plate glass in windshield and all windows of sedans and coupes!

Famed Knee-Action Ride

Chevrolet gives you the only Unitized Knee-Action on any low-priced car—one important reason for Chevrolet's finer big-car ride!

Year After Year More People Buy CHEVROLETS than any other car.

Now's the time to buy! Get our big deal! Enjoy a new... Chevrolet

Orioles No Better Than Browns; Lose 13 Straight

By BEN PHLEGAR
Associated Press Sports Writer

Despite the magic of travel and fans in the stands the Baltimore Orioles are in just as sad shape when it comes to winning games as were the old St. Louis Browns.

The glamor of the change paid off at the box office, but on the ball field almost nothing is different except the uniforms and a few of the faces.

It will take a 50-50 break in their remaining 30 games for the Orioles to finish with as good a record as the Browns compiled in finishing dead last year ago. And so far the Orioles haven't looked at any time like a .500 ball club.

They lost their 13th straight game last night, 9-2 to the New York Yankees, who gained a full game on first-place Cleveland. The Indians were scalped 4-1 in a surprise raid by the lowly Philadelphia Athletics and now hold a 4½-game edge over the Yankees.

Jimmy Dykes, who became manager of the Orioles because Marty Marion told the new owners he didn't think the club was better than a seventh-place outfit at best, still talks enthusiastically.

"We may be in last place," he said, "but we're nobody's pushover. If we had just one decent long ball hitter, we'd be in the first division now. Just one more hit per game and we're in fifth place."

The Orioles have lost 22 games by one run.

"It seems like twice that many," said Dykes.

Last night, however, it wasn't close after the Yankees took a 3-1 lead in the fourth. Yogi Berra homered for two runs in the fifth and New York coasted as the score mounted steadily.

Johnny Gray, a rookie who had won only one game, checked Cleveland on four hits and the Indians committed two errors that contributed heavily to the Philadelphia victory. Both misplays came in the third when the Athletics also collected four hits for three runs.

Chicago, the only other team with a mathematical chance of winning the American League pennant, defeated Washington 4-0. Detroit turned back Boston 8-7, breaking a six - game winning streak for the Red Sox.

The National League pennant race remained unchanged. First-place New York beat Chicago 5-1 and stayed four games in front of the Brooklyn Dodgers, who trounced Cincinnati 12-4, and 7½ ahead of Milwaukee's Braves, who defeated Philadelphia 5-1. Pittsburgh edged St. Louis 8-7.

Ruben Gomez pitched a strong six-hitter for his 12th victory and Willie Mays went on an extra-base spree with two triples and a double for the Giants. The New Yorkers combed Paul Minner for 11 hits good for 20 bases in winning their seventh in a row.

Brooklyn grabbed a 4-1 lead after two innings, checked a Cincinnati threat that cut it to 5-4 after five, then piled it on the Redlegs at Crosley Field with a home-run barrage. Sandy Amoros hit two out of the park. Duke Snider and Carl Furillo hit one each.

Warren Spahn, who lost 8 of his first 18 games, won his seventh in a row at the expense of the Phillies. Bobby Thomson started a game for the first time this season and drove home two runs with a single and a double off Robin Roberts, who suffered his 12th loss. Thomson broke his ankle during spring training after being traded by the New York Giants.

A home-run attack by the Pirates ruined Harvey Haddix' fifth bid for his 16th victory. Frank Thomas, Jack Shepard and Sid Gordon all hit into the seats at Busch Stadium in St. Louis.

Jack Harshman shut out Washington for the White Sox for the third time this season, giving up just four hits. He also hit a home run and struck out 10.

Boston's drive for the first division was halted, at least temporarily, by the Tigers when Harvey Kuenn singled home Frank Bolling with the winning run off Ellis Kinder in the eighth.

Dodgers Down Red Sox To Win Snyder Pony League Crown

The Scurry Butane Dodgers became champions of the local Pony League for this year last night when they downed the Von Roeder Red Sox, 5-3.

That was the Dodgers' second win in a two-out-of three series between the two teams, who were champs of half the schedule each.

Johnny Griggs, who pitched five innings, was credited with the win. He gave up only one hit, walked five, and struck out eight. Ronnie Baker, who relieved Griggs for the last two innings, allowed no hits and one walk while fanning two. Loser was Dick Hayes, who went five innings for two hits, two walks, and seven strikeouts. Bud Morgan, who finished the game, was on the mound one inning for one hit, two strikeouts, and no walks.

The Red Sox got all three of their runs before the Dodgers even scored, then the Dodgers overtook them in the fifth inning. Two of the Sox runs came in the first inning when A. L. Minica doubled to bring in Bud Morgan, then Minica got home on an error. In the third, Kenneth Keyser got a "home run" on an error for the third Sox run.

The Dodgers changed the picture in the fifth with four runs. Harley Merritt got a hit, Dwayne Overman walked, Bo Brown made base on an error while Merritt went home, Griggs got on on a error while Overman and Brown got home, and Neil Boyd knocked in Griggs. In the sixth, Mickey McGrew got a hit and was later brought in by Overman.

The Red Sox pulled one double play in the game. Kenneth Drake, who was in right field, caught Overman's fly ball for one out and threw to Bud Hale at second to get Merritt out.

New Munday Coach

MUNDAY, Tex. (AP)—Trop Stewart former Midwestern University football player, has been named head football coach of Munday High School. He comes here from Muenster.

Tech Set To Start Football Workouts

LUBBOCK, Aug. 25 — Texas Tech's Red Raiders report for football workouts Sept. 1 with 22 lettermen from the team that vaulted into the national sports picture last season.

Coach DeWitt Weaver also expects two lettermen from previous seasons, seven junior college transfers, 15 freshman letter winners, and three squadmen. Separate freshman workouts will be conducted but some first year men—eligible under Border Conference rules — will also work with the varsity.

Only four starters — tackle Jerry Walker of Pampa, center Dwayne West of Fort Worth, quarterback Jack Kirkpatrick of Post, and fullback Jim Sides of Lubbock — return from the 1953 national scoring champions who won the Border Conference and took a 35-13 win over Auburn in the Gator Bowl. Tech compiled a 10-1 regular season mark, losing only to Texas A&M. The Raiders open against the Aggies at College Station Sept. 18.

Most work may be needed at halfback, where the Raiders have lost their top five. At the vital split-T quarterback slot and from tackle to tackle, the Raiders are strong in depth. Moving 190-pound Rick Spinks of Kermit, for three seasons No. 2 fullback, to left half may be a big step in solving Weaver's principal problem. In Spinks' former slot, behind Jim Sides, will probably be Lonnie Graham of Broken Arrow, Okla., a junior college All-American for Northeastern Oklahoma A&M last fall.

Tech's returning lettermen include ends Dean White of Lubbock, Claude Harland of Texarkana, R. D. Bradshaw of Childress, Ronnie Cordell of Oklahoma City ('51 lettermen), Bill Bryan of Pecos ('52), tackles Walker, Minor Nelson of Winters, Bob Kilcullen of St. Louis, Mo., guards Ken Kummer of Detroit (end '53), Bobby Hunt of Altus, Okla., Tommy Elliott of Lubbock, Co-Captain Howard Hurt of Borger, Arlen Wesley of Littlefield (tackle '53), centers West, Billy Ricketts of Thomasville, Ala., Ralph Martin of Fort Worth;

Quarterbacks Kirkpatrick, Co-Captain Jerry Johnson of Hale Center, Buddy Hill of Lubbock, halfbacks Walter Bryan of Olney, Elmer Wilson of Pampa, Spinks, fullbacks Pat Green of Paducah (halfback '53), Sides.

Among the 16 lettermen lost were three All-Border Conference players — halfback Bobby Cavazos of Kingsville, tackle Jimmy Williams of Phillips, and guard Don Gray of Breckenridge. Returning all-conference players are Walker, Kirkpatrick, and Sides.

After Texas A&M, the Raiders meet West Texas State, Oklahoma A&M, Texas Western, Louisiana State, College of the Pacific, Arizona, Tulsa, Houston, and Hardin-Simmons.

Big Coon Hunt Is Set Here For Sept. 25

Field trials have been scheduled for all coon hunters at Lake Thomas for Sept. 29.

The West Texas Coon Hunters Association, which has set the meet for 9:30 o'clock in the morning to 5:30 o'clock that afternoon, now has a new name. It is now the Huhters Club for Coon. This change was made because the group learned a club at Canyon has the same name as the one formerly used here.

Seven events will be included in the field day program. They will be two drag races, a treeing event, coon-on-log event, coon-on-barrel, sacking contest, and wild coon hunt. Winners will get 80 per cent of the entry fees, while the club will retain 20 per cent. Additional prizes will include a $5 cash award to the contestant who drives are farthest to the hunt.

All dogs must be full hounds, but they need not be registered. A concession stand will be on the grounds, as well as dog supplies furnished by E. J. Rice of Nacogdoches. Rice is state chairman of field trails and plans to attend.

The club has invited the public to the meet, which is expected to be the largest ever held in West Texas.

Dallas Man Leading Negro Open Amateurs

DALLAS (AP)—Match play opened today in four divisions of the National Negro Golf Tournament at Cedar Crest course with Willard Nash of Dallas leading the way in the men's amateur class.

Nash shot a par 71 yesterday to top the 126 who posted qualifying scores. He was a stroke better than Eural Clark of Los Angeles and five to the good over Joe Roach of St. Louis, the defending champion.

Joe Louis, the former world's heavyweight boxing champion who was the amateur champion in 1951, qualified with an 83.

Rain Aids Top Loop Teams

By The Associated Press

Oklahoma City and San Antonio got an assist from the rain in improving their positions in the first division of the Texas League Tuesday night.

While leading Shrevenport was idled along with third - place Houston, Oklahoma City beat Fort Worth 4-3 to inch within four games of Shreveport.

San Antonio didn't play but still was helped in fourth place. Fort Worth lost a half game and is tied with Tulsa for fifth, five games back of San Antonio.

Galveston Is Out Of Little Loop Series

WILLIAMSPORT, Pa. (AP) — The mighty mites of pint-sized baseball moved into the semi-finals in the Little League World Series here today.

Melrose Park, Ill., will meet Colton, Calif., in the first semi-windup game starting at 3 p.m. (EDT).

Masontown, Pa., will face Schenectady, N. Y., in the second fray.

Melrose downed Galveston, Tex., 6-5; Colton annexed a 4-2 win over Hampton-Wythe, Va.; Schenectady ran up an impressive 16-0 score over Lakeland, Fla., and Masontown downed Needham, Mass., 10-2.

The winners of today's games will advance to the finals Friday and a crack at the coveted world championship pennant of baseball for youngsters between the ages of 8 and 12.

Melrose Park took an early 4-0 lead over Galveston and held it until the fifth frame when the Texans collected four hits, two errors and a passed ball to knot the count at 4-4. Melrose snapped back in its half of the fifth to ice the game.

QUARTERBACK CLUB IS GETTING READY FOR ITS 1954 ACTIVITIES

The Snyder Quarterback Club will hold its first meeting of the season at 7:30 o'clock next Tuesday night, Charlie Duran, club president, announced today. The meeting will be held in the high school cafeteria.

Duran urged all members of the club to attend the meeting, as well as any persons interested in boosting football and other athletics here. This meeting, Duran said, is primarily for organizing for this year.

At the meeting, the group will elect 1954-55 officers. Present officers are Duran, Bill Morgan, vice-president; Dr. B. J. Weaver, secretary; and Charles Blakey, treasurer. Other presidents of the club, which is beginning its fourth year of existence here, have been Carl Herod and Clyde Godwin.

Members of the club last year reached 231, the largest membership the club ever had. Each year the group sets a larger membership goal in its efforts to gain the city's support for its high school athletic teams, as well as to build interest in other athletic events.

One of the club's largest undertakings this year will be its work with the Canyon Reef College Basketball Tournament, which it sponsors jointly with the school system. The tourney this year, in its second year, will have Texas Tech, North Texas State, Centenary, and Howard Payne in competition. Tech is defending champion of the tourney, while North Texas was runner-up last year. The tournament, which lasts two days, will be held this year on Dec. 10-11.

Other projects which have been included in the Quarterback Club program have been sponsorship of a local basketball tourney, professional basketball game, amateur boxing meet, and various activities connected with high school athletics.

At the meetings during the football season, when the club is most active, films of the games played the preceding week end are usually shown, with coaches showing what players did right and wrong. All coaches usually give scouting reports on future opponents and previews of the condition of their teams before games come up. Other films, sometimes on college and professional games, are also shown at the meetings.

Hamner Is Defending His Team

MILWAUKEE (AP) — Captain Granny Hamner today came to the defense of his Philadelphia Phillie teammates against insinuations that they were not going all out this season.

"One of these days the Philadelphia front office will grow up and stop treating us like high school kids," said the sterling second baseman. "I just can't understand it. I never saw so many silly and unfounded statements stem from one club as has been issued by the Philadelphia club. When are they going to start treating us like major leaguers?"

Hamner did not point his finger at anyone, but it is no secret that the players are doing a slight burn over Manager Terry Moore's explanation last Monday why he didn't want the players to know he had been retained for next year.

"I wanted them to think I was a fill-in for half a season," Moore was quoted as saying. "That's the way I figured to find out who would hustle and who would try to take advantage of the fact they didn't have to impress me."

General Manager Roy Hamey, who flew in from the West Coast just in time to catch the repercussions of Moore's statement, appeared nonplussed.

"If the statement was meant the way it reads," he said, "it's unfortunate. I feel certain, however, that Terry was misquoted. If he did say it, then you've simply got to charge it up to inexperience.

"As far as the club is concerned, it is better than it has looked. The fellows can play better than they've shown."

Big State Is Now No Race

By The Associated Press

No question about it, the Big State League race just isn't a race — for any position.

Nobody is endangering anybody else.

Waco, in first place, is 12½ games ahead of second - place Tyler, which is 6 games ahead of third - place Corpus Christi, which is 6½ games ahead of Fourth - place Austin, and so on.

Waco won its [illegible] game Tuesday night as the Pirates clipped Harlingen 11-4. With 11 games to play, the Pirates appear certain to reach the 100 mark.

Tyler walloped Corpus Christi 12-8 with Jodie Phipps staggering in with the victory. He was battered for 10 hits, walked nine batters and hit one, and had to have relief but still got credit for his 15 victory of the season. Tyler sewed up the game with eight runs in the fifth inning.

Steven Karas hit a home run with two out in the 10th to carry Del Rio to a 5-4 victory over Temple. Del Rio was ending a 10-game losing streak and Vallie Eaves was winning his first pitching victory in three weeks.

Engine Wear Reduced Over 40% with Trop-Artic

WORLD'S FIRST! The toughest standard ever established for automobile motor oil is the Mil-0-2104 Supplement 1 test. The first all-weather motor oil to meet this standard is new Phillips 66 TROP-ARTIC.

Compared to ordinary motor oils, new TROP-ARTIC can reduce wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and rings cleaner. It saves you money by increasing gasoline mileage.

Phillips 66 TROP-ARTIC is a superior *all-weather* oil . . . S.A.E. 10W—30. It flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under *high* temperature driving conditions. Phillips 66 TROP-ARTIC is so good, it can *double* the life of your motor!

BETTER, CLEANER GASOLINE—PHILLIPS 66 FLITE-FUEL

Phillips 66 FLITE-FUEL is the new gasoline—the *only* gasoline to which is added the super aviation fuel component Di-isopropyl.

FLITE-FUEL gives you increased power, higher anti-knock quality and greater fuel economy. You get all the special benefits of famous *controlled volatility* plus the *clean burning* qualities resulting from the use of natural and aviation components. FLITE-FUEL and TROP-ARTIC are perfect companion products. They *go together* for better performance.

Red Party Faces Rocky Road, But Actual Fate Is Uncertain

By JAMES MARLOW

WASHINGTON (AP) — The Communist party in this country is on a rocky road now, but its fate is still uncertain even though President Eisenhower yesterday signed the act outlawing it.

That's because of the court fights which are now taking place and still lie ahead. Two questions may stick in people's minds because of the confusing way Congress passed this legislation in its closing days this month.

Does this new law mean the Communist party must now cease to exist? And does it make it a crime now to be a Communist or a member of the Communist party? The answer to both questions is no.

The law doesn't say the party must pass out of existence, although in time that may be the effect. It says the party is now deprived of rights, privileges and immunities which other organizations enjoy.

For example, it cannot under this law have candidates on a ballot in federal elections for Congress or the presidency. But it's up to the states whether they keep the party off their ballots in state elections.

Fuzziness begins at this point on what else the party loses. The law itself doesn't say specifically. Government lawyers are still studying the possibilities the law provides for action against the party.

The first government move, when its lawyers have made up their minds, may be sudden. The party no doubt will fight in court then to have the new law thrown out as unconstitutional.

The party is already in court trying to get the McCarran Internal Security Act of 1950 declared unconstitutional. Under that act the government found the party to be a Moscow agent or "Communist action" group.

When such a finding is made, according to the McCarran Act, the party's officers and members must register with the government. They were ordered to. Instead, as expected, the party began its court fight on the McCarran Act.

The Supreme Court by next spring may give its verdict on whether the party members must register or the McCarran Act is unconstitutional. Party leaders have indicated they would never register, no matter what the verdict is.

If the court rules against them, they can be jailed and fined for not registering. Their refusal in that event would actually kill the party. Therefore by their refusal they themselves, not a law, would end the party.

If that fate overtook the party while it was fighting the law which Eisenhower signed yesterday, the second fight would end in mid-air. But there is something else the Communists may try:

They may inject the new law into their present fight on the McCarran Act, arguing that certain language in the new law fortifies their contention that the McCarran Act is unconstitutional.

As for the individual Communist, the new law doesn't say his membership in the party is a crime but that he must — if the government can prove his knowledge of the party's conspiratorial nature — register as a member of a "Communist action" organization.

Right there the new law overlaps with the McCarran Act's registration requirements and may confuse the court struggle. But this doesn't mean the government in the meantime is helpless to act against individual Communists.

It can and is going to. There is another law, called the Smith Act of 1940, under which the government can prosecute anyone who is a member of an organization having the purpose of overthrowing the government by force. The Smith Act does not mention the Communist party by name.

In such a prosecution the government would have to prove a defendant had knowledge of the organization's purpose. It will start its first trial under this section of the act this fall. The defendant will be Claude Lightfoot, a Communist leader of Chicago.

The party can be expected to fight this case—if Lightfoot is convicted—all the way up to the Supreme Court too, on constitutional grounds. The court has never ruled since it never had a test, on this section of the act.

But it has upheld the constitutionality of another section of the act which the government used to convict 81 Communists on different grounds: conspiracy to teach forcible overthrow of the government. Under that section the government tried Communists in groups, not singly.

Yugoslavia To Accept Offer

DENVER (AP) — Communist Yugoslavia has accepted President Eisenhower's offer of a share in a four-million-dollar American relief program for European flood victims, the Summer White House announced today.

Eisenhower's offer of surplus food went several weeks ago to Danube River and tributary area countries, west and east of the Iron Curtain.

It was accepted earlier by Soviet-dominated East Germany, Hungary and Czechoslovakia. West Germany and Austria have also accepted.

Eisenhower's press secretary, James C. Hagerty, said the United States has requested the League of Red Cross Societies to get in touch with the Red Cross in Yugoslavia to work out details for providing food relief there.

The vacationing President has been putting in more work than play since he and Mrs. Eisenhower arrived from Washington Saturday. But he planned a comparatively light day at his Lowry Air Force Base office today.

Capital City Misses Out On Recognition

VICTORIA, B.C. (AP) — It's happened again.

The latest edition of a popular dictionary lists Vancouver, not Victoria, as capital of British Columbia.

Howls of anguish from this city, which calls itself "a little bit of old England," have greeted at least seven similar mistakes recently, most of them in travel folders.

Korean Youth Drifts At Sea During Storm

SEOUL (AP) — A 9-year-old Korean lad drifted for two nights and a day in storm-tossed seas on a wrecked boat and a floating board before floating back to shore, police reported today.

Ahn Yong's fragile craft was swept to sea by a strong wind. Heavy seas overturned the boat. Ahn grabbed a piece of wreckage and held on until he drifted back to shore.

Hamlin Man To Face Charges In Shooting

HAMLIN — A 20-year-old Hamlin man, James Brown, has been charged with the fatal shooting of Clifford Green, 32, also of Hamlin.

The incident occurred early Sunday morning in front of a cafe here. Green, who was shot in the left side, died shortly after being taken to the Hamlin hospital. Brown was arrested later at his home. He was recently discharged from the army.

Protection Against Thieves Backfires

VISALIA, Calif. (AP)—To protect them from thieves, this city's theater cashiers are locked—from the outside—in their booths. But the precaution backfired for Robbie Whitfield, 17.

While she sat helpless in her cage a man climbed into her car parked across the street and drove away, ignoring her shouts. Police still are looking for the thief.

Guerillas In Action

TAIPEH, Formosa (AP) — The Chinese Nationalist Tatao news agency said today anti-Communist guerrilla forces are operating in Manchuria. The agency quoted underground contacts as saying the Communists have admitted 95 clashes with guerrillas in the past year.

Banishment Asked

SEOUL (AP) — Sixty Buddhist monks attending a three-day convention here called today for banishment of 30 senior priests who forgot their vows of celibacy and married.

The bachelor monks declared themselves ready to replace their married brothers to "clean up the temples and freshen up the faith."

THIS ONE'S FREE

Mrs. Arthur Wallace of Brooklyn holds son William, the newest and cheapest of the Wallace family. William was the thirteenth baby of the family to be delivered at Brooklyn"s Midwood Hospital in 16 years. The hospital announced this one was on the house. While Mrs. Wallace, 35, and William stay at the hospital, Fire Capt. Arthur Wallace, 50, cares for the other 12 children.

All Kinds Of Speed Attract Wide Interest

By HAL BOYLE

SAN FRANCISCO (AP)—In an age when airplanes go twice the speed of sound, millions of Americans are still more thrilled by seeing how fast horses and automobiles can race around a track.

Why?

"People are interested in all kinds of speed today," said big Bill France, a kingpin of the thriving stock car racing industry. "But to get really excited over it they have to be close enough to see and feel it."

France, who stands 6-feet-4 and weighs 230 pounds, built his own racing car as a rawboned kid of 20 back in 1929. He drove in 75 races in the days when the rewards came in the form of thrills and peanut prizes.

But the sport, first popular in the South, started mushrooming across the country in 1938, and its starvation times seem over. It's big business now.

Big Bill is president of the largest organized segment of the industry — the Nation Assn. For Stock Car Auto Racing.

"This year there will be some 2,000 events on 100 tracks in all parts of America," he said. "Close to 8 million people will pay from 7 to 10 million dollars to see them.

"The big wheels in the auto business are getting interested now. Some people are even building stock car racing stables, just as they do stables of racehorses. Paul Whiteman, for example, has a two-car stable."

Some 4,000 drivers now compete regularly in stock car races on a national point rating system. Leading drivers fly by plane from one track to another.

"At least four drivers should earn $25,000 in prize money this year," France said. "And probably 20 more will do better than $15,000.

"The national winner, in addition to his prize and bonus money, can also count on about $20,000 more for personal appearances."

This possibility of earning up to $50,000 in a year has attracted many drivers.

The Kentucky Derby of the stock car speed field is the Labor Day race at Darlington, S.C., which pays $30,000 in prizes this year and is expected to draw a gate of $150,000.

Demand For Sailor's Return Is Rejected

LONDON (AP)—Britain today rejected Poland's demand for the return of a Polish sailor who stowed away on a freighter to escape his Communist homeland and was granted asylum here.

Eighty British police rescued the seaman, 24-year-old Antoni Klimowicz, from the Polish freighter Jaroslaw Dabrowski July 31. He hid on the ship when it left Poland. Crewmen caught him before he could escape in London and were hauling him back to his homeland.

The British note turned down Poland's demands for compensation for alleged damage resulting from detention of the ship and the police action. The British also denied Polish charges of police brutality.

Businessmen Still Look For Upturn

By SAM DAWSON

NEW YORK (AP)—Hope for good fall business burns bright. But many businessmen will be privately a little nervous about it until the next few weeks are past.

Signs of an upturn aren't too convincing yet. The year-long recession appears to have been halted. But some of the usual August signals—bank loans and steel output—aren't flashing an advance as they should.

If an upswing comes after Labor Day, industry's adjustment to peacetime could safely be placed in the past-history files. But if trade and output don't make the usual show of strength as the days shorten, businessmen will take another look at their plans and expectations.

They're mostly playing it cautiously now. Bank loans to business should be increasing in August as retailers stock up for fall trade and wholesalers order for Christmas. This August, businessmen are staying away from the banks.

Factories report merchants slow in ordering. Retailers explain that they can get deliveries of most things very quickly now and see no reason to take a chance.

Merchants usually do 40 per cent of the year's business in the last four months. So far in 1954 trade has been running slightly behind a year ago. Basing their hopes on a pickup next month, many merchants have been predicting that the final score this year will approximate last year's.

Consumer income stays high. What was lost by factory layoffs and the drop in overtime pay was pretty much regained through tax cuts, social security payments and increased dividend and interest payments. (This holds true for the nation as a whole; it is not the case in many specific communities where layoffs have been concentrated.) With total personal income high, merchants feel their customers can buy, if they like.

Industrial output didn't change from May through July. But the Federal Reserve Board notes that in two important fields, autos and steels, output "fell by more than the seasonal amount in July."

And one steel executive isn't overoptimistic. E. T. Weir, chairman of National Steel, sees no signs at this time that steel output will pick up in September. He thinks the last three months of the year, however, should see some improvement.

The general economy looks sound enough for the long haul. As for the short pull, the next few weeks should give the tipoff on which way we'll be heading.

Coffee Change Curbed

NEW YORK (AP) — Coffee prices on the Coffee and Sugar Exchange will be allowed to change only 1 cent a pound per day until conditions in Brazil settle down following the suicide of President Getulio Vargas. The limit was previously 2 cents.

Typhoon Near Guam

TOKYO (AP) — A typhoon with winds up to 90 miles an hour is moving on Guam and may strike Okinawa and southern Japan, the Central Meteorological Observatory reported today.

SHIVERS HAS...

1. Sponsored Gilmer-Aikin program
2. Raised teachers pay $402 a year.
3. Increased state aid $100 million a year.
4. Saved Tidelands, worth billions, for Permanent School Fund.

SCHOOLS

SHIVERS WILL...

1. Provide funds to meet expanding needs.
2. Keep segregated school system.
3. Support improvements for teachers.
4. Preserve local control of schools.

SCHOOLS

SHIVERS HAS...

1. Sponsored farm-to-market road program.
2. Broken all records for road building.
3. Insisted on safety factors in construction.
4. Promoted major bridge, tunnel and freeway projects.

ROADS

SHIVERS WILL...

1. Add at least 4,000 miles of F-M roads each year.
2. Stress hardtop school bus and rural mail box routes.
3. Work for repeal of federal gasoline tax.
4. See that our 51,000 miles of highways are adequately maintained.

ROADS

SHIVERS HAS...

1. Promoted and practiced water conservation.
2. Sponsored basic water laws.
3. Created Water Resources Committee.
4. Protected Texas' rights to Texas waters.

WATER

SHIVERS WILL...

1. Lead the fight to conserve Texas water.
2. Provide for state aid in water projects.
3. Coordinate local, state and federal efforts.
4. Keep water control in hands of local people.

WATER

SHIVERS HAS...

1. Pushed drouth relief for Texas farmers and ranchers.
2. Secured cotton acreage increases for Texas.
3. Promoted and practiced soil conservation.
4. Supported REA power projects and rural telephones.

FARMS

SHIVERS WILL...

1. Stress better roads and schools for rural areas.
2. Support soil and wind erosion control programs.
3. Advocate full fixed parity price supports.
4. Continue to provide emergency aid for drouth areas.

FARMS

2. Secured disaster relief for flood and tornado victims.
3. Provided retirement system for state employees
4. Kept state budget balanced without new personal taxes.

AS GOVERNOR

SHIVERS WILL...

1. Provide funds for higher old age pension.
2. Encourage industrial development in Texas.
3. Work for peaceful labor-management relations.
4. Veto general sales tax or state income tax.

AS GOVERNOR

Among Those Who Know His Opponent Best IT'S SHIVERS 3 to 1

★ The runoff opponent of Allan Shivers lives in Precinct 229, Austin, Texas. In the First Democratic Primary on July 24, this was the vote in that box:

	Votes	Pct.
Shivers	893	71%
Opponent	367	29%

(Allan Shivers carried Travis County, in which both he and his runoff opponent now live; his farm home box in Tyler County; his legal voting box in Port Arthur, and his wife's former voting box in Mission.)
