THE SANDERSON TIMES, FRIDAY, NOVEMBER 4, 1938

NUMEBR 35

REGION RODEO PLANS ARE COMPLETED

**Amateur Show To Be Best Ever Offered
Enthusiasts; Old-Timers To Take Part In
Many Events; DeVolin To Furnish Music**

It won't be the biggest that you have ever seen, but it won't be the best you have ever attended. It is bound to be the fun-dest and best amateur rodeo you have ever had the privilege of seeing, according to the plans by the rodeo committee.

The show is sponsored by the

**High Grade Is
Maintained With
Women's Party**

G. D. Vincent and Mrs. Wood, room mothers of the high grade, entertained with a women's party Monday night. All met at the high school and were picked up in a car for a hay ride. After the ride returned to the home of G. D. Vincent where a big fire was made. Around this time took part in a ghost story and noise makers, which were followed by the story of a black cat told by Dwayne Smith. Fortunes were told and each one

of the high grade, consisting of a with cookies, orange and coffee were served. Following: Marjorie, Morilla Peoples, Willie Adeline McConaughy, Billings, Jack Turner, Hill, Lois Bea Osgood, J. cent, Billie Jo Corder, Cherry Holbeck, Cherry Terry Miller, Charlotte Rogers, Charles Rogers, Sam O'Neill, Earl McJames McDonald, Ross Mr. and Mrs. Smith, Dwayne Noble, Mr. and Mrs. Turner, Lois Mae G. D. Vincent, J. L. and the hostesses.

Mrs. E. L. Pearce and visitors in Pecos

E. Corder, Chairman. Carl Cochran, Tip Frazier, Montie Wallace, Clyde Higgins, Ben Gilbert.

American Legion post of Sanderson and the members have left nothing undone to assure those in attendance of a full measure of fun before the day is ended. Plans are completed for a full program beginning at about 9 in the morning with a livestock exhibit by the Sanderson 4-H Club members and ranchers of the locality. Following this there will be an Armistice Day program put on at the high school auditorium at which time old songs will be sung and other numbers will be rendered to bring back memories of the World War days at the time the Armistice was signed.

After the program at the auditorium the big parade will start at the school building and will end at the American Legion Park where the big free barbecue will be served. The dinner lasts until 1:30 when the rodeo events are scheduled to start.

Many old-timers of this section will take part in the rodeo events and there will be sport aplenty with the number of tenderfoot cowpunchers who are scheduled to do their stuff in the arena. The show is to be strictly amateur and with a thirty minute limit on the ropers there isn't much danger of any one rodeo performer grabbing off the entire show.

There has been a lot of talk around town by the contestants about what they are going to do and how they are going to do it—there might be a lot of things that will have to be taken back after the show is over however. Most of this palaver is concerning the matched roping and should furnish spectators a real treat.

Eddie DeVolin and his 8-piece orchestra will furnish music for the big dance that is scheduled to finish the day's program. The dance starts at 9 o'clock.

If you want to have the time of your life don't forget to see the American Legion rodeo on Armistice Day.

IT'S DIFFERENT NOW

One of the usual sights that has been seen on the streets of Sanderson for the past six years has not been seen this week, and will not be seen again since the death of "Rascal". To people who live in Sanderson, to trainmen who had occasion to stop at the Kerr Hotel, and to many tourists who have stopped at the hotel, it is not necessary to explain as to who "Rascal" was. We say who, for he was truly a remarkable dog, seeming at times to understand each word spoken to him. Nor is it necessary to explain that his owners were Mr. and Mrs. J. W. Downum, managers of the Kerr Hotel. Many times a day J. W. as he is known to his many friends, could be seen walking up and down the sidewalks, and a ways could be seen with him "Rascal". Mr. and Mrs. Downum brought him to Sanderson from Fort Stockton some six years ago when they came here to take charge of the hotel since that time he has been a town pet. People whom he knew he visited. Never staying long at one place, he covered the whole business district and many homes.

Tourists who have stopped at the hotel in the past and have returned since the death of the pet always inquire as to where he is. Railroad men all missed him—others would look for him as they came in to the hotel or coffee shop, or when they saw J. W. walking down the sidewalk. It has been said that man's dog is his best friend. "Rascal" was everyone's friend, and it will be a long time before people who knew him forget the pet that died last Friday morning.

"Calling All Americans..."

American Red Cross Roll Call Poster for 1938.

RED CROSS MEMBERSHIP DRIVE TO BEGIN ARMISTICE DAY; ENDS THANKSGIVING

**Mrs. Ben Anderson
Is Chairman Of
Terrell Co. Chapter**

"A larger Red Cross membership more in proportion to the population of Texas is necessary for expansion of services within the state this coming year," Mrs. Ben F. Anderson, chairman of the Terrell County Texas chapter, said today. She pointed out that Red Cross membership in Texas now represents 2.9 percent of the population while nationally the enrollment has risen to 4.38 percent.

Mrs. Anderson expressed confidence that an increase of more than 50,000 members will result when the 239 Texas chapters offer residents in every community to join the Red Cross this coming Roll Call, from Armistice Day to Thanksgiving. Last year, 172,067 Texans answered the Roll Call of their local chapters, and increase of 36,000 over the preceding year. "Local chapters are dependent upon their membership enrolled each year for volunteers as well as funds to carry on disaster relief and other Red Cross safety, health, educational and welfare services in their respective communities," Mrs. Anderson said. "The greater portion of membership funds are retained by the chapter for use locally in its community and only fifty cents, not fifty percent of each membership, is paid to the National Organization for administration of Red Cross work throughout the nation."

"This national allotment also reverts back to Red Cross work in individual communities," Mrs. Anderson explained. "In the last three and one-half years to date, for example, the National Organization made \$172,146 available to supplement the \$172,146 raised within Texas for emergency relief and rehabilitation of Texas families stricken by disasters occurring in this state."

"During the first nine months of this year the Red Cross assisted 3,029 Texas families, which included more than 13,000 persons, who suffered losses following six tornadoes and three floods. The \$65,125 contributed by Texans was supplemented by \$6,017 from National Organization funds to provide the nec-

essary medical care, food, clothing, shelter, replacement of household goods, livestock, implements and other equipment to enable stricken families to again establish themselves on a normal living basis.

"Equal assistance made possible by division of membership funds is forthcoming to local chapters in all other Red Cross services. The National Organization provides experts to extend first aid and life saving programs; trained personnel to administer welfare work among U. S. Army and Navy service men, veterans and their families; and service directors to assist chapters in developing needed Red Cross services within their territories."

"It is this national aspect of the Red Cross that makes it possible to render immediate and effective aid to communities stricken by major disasters, such as the recent New England hurricane and the Ohio and Mississippi river flood of last year."

"Texans have demonstrated their willingness to assume responsibility through the Red Cross whenever disasters have reached proportions of a major calamity," Mrs. Anderson said. "Assistance given after the San Saba river and its tributaries inundated bordering counties last July was a case in point. Opportunity will be given more Texans than ever before to actively share in this work through the coming year during this approaching Roll Call."

Jr. Lemons Chosen Honorary Member Of Band Fraternity

Word was received this week that William H. (Junior) Lemons had been chosen as one of six members of the 200 piece Tech Band to become a member of the Kappa Kappa Psi, National Honorary Band Fraternity of which the Alpha Omicron in Texas Tech is the only one in Texas.

Mr. Lemons is the son of Mrs. Luella Lemons of Sanderson, and is in his third year at Tech.

Mrs. Lemah Gates of Bonham is here visiting in the home of Mr. and Mrs. T. R. Arrington. Mrs. Gates is the mother of Mrs. Arrington.

HE GETS HIS MAN

It seems that when dead-beats run up against Sanderson's local hotel man, J. W. Downum, they are scheduled to come out at the little end of the horn.

Sunday a couple who gave their names as Paul Morris and Jane Curry, decided that they did not have enough to pay their hotel bill and got in their car and drove away. Mr. Downum, not taking time to ask aid of the sheriff's department, took after them. It was quite a merry chase until they reached the open country between Sanderson and Dryden when Mr. Downum passed the car, blocked the road and stopped them. Upon informing them that he had a warrant for their arrest they returned to town with him and he called Sheriff Jim Nance to come take charge.

It is understood that they paid off after a few short hours spent in the local jail. But what is hard to understand is what Mr. Downum would have done had they demanded that they see the warrant for their arrest.

ON HUNTING TRIP

A number of Sanderson residents left Tuesday for a week's outing and hunting trip into the interior of Old Mexico. Those who were in the party were Jim Nance, Willis Harrell, Carl Cochran, Capt. W. L. Barler, Hugh Cox, R. H. Haley, John Clark, Charlie Gregory, and C. M. Breeding. Andy Anderson accompanied them as far as the Rio Grande and helped them to get across and on their way.

Mrs. C. L. Sims returned the first of the week from a month's visit in Mobile and Oneida, Ten.

Sanderson 4-H Club Members To Have Calves And Lambs On Exhibit In Morning; Malone Mitchell To Have Exhibit From Ranch

Visitors to the American Legion Rodeo next week will have a chance to see what the Sanderson 4-H Club is doing in its second year.

Six Hereford steer calves, two Hereford bull calves and about ten lambs, all of which are being fed by the boys in preparation for the livestock show next

spring will be on exhibit downtown. On exhibit with the club entries will be a heifer and three bull calves from the Malone Mitchell ranch. Two of the club calves this year and two last year come from this herd. Mr. Mitchell, has shown great interest in the work of the Sanderson club and last year donated a heifer calf as one of the prizes at the First Annual 4-H Club Show.

Ernest Williams, club sponsor, stated that visitors should not expect to see any fat animals as they have been on feed only a short time.

The six calves will be exhibited by Wilburn Short, Wilton Dishman, Edward Kerr, Campbell Kerr, David and Bob Allen. W. T. Frazier will show the two bull calves and the lambs will be shown by Don Allen, John Hardgrave, and Wilton Dishman.

Mrs. Joe F. Brown Hostess To Auxiliary Monday

Mrs. Joe F. Brown was hostess to the Woman's Auxiliary of the Presbyterian Church in the home of Mrs. John V. McCall on Monday. Snapdragons and mums decorated the home.

Mrs. McDuffy Kessler was in charge of a most instructive program on the work of Home Missions as carried on for Mountaineers, Negroes, Indians, and various foreign speaking peoples by the Presbyterian Church.

The following took part in the prayers and the program: Mesdames W. H. Savage, N. E. Charlton, R. D. Holt, Joe D. Nichols, John F. Nichols, W. E. Grigsby, Earl Pierson, J. V. McCall, M. J. Shurley, Joe F. Brown, Lee M. Cue, Mrs. Kessler, Mrs. Panny Steib, and a guest.

Mrs. Brown served delicious refreshments.

GAS SYSTEMS INSTALLED

Terrell County homes preparing for winter by gas installations are the Willis Carter home, Albert Appel ranch, Mitt Holmes ranch, W. M. Druce home and also Frank's Super Service Installation was made by Joe Oberkamp of Ozona.

Dryden News

Dryden Mother's Club met Friday at the school. Mrs. J. E. Hill led the discussion, "Understanding Your Children". The mother's voted to have a box supper at the school on November 19, at 8 o'clock. Everyone is invited to come and bring a box.

The Missionary Society entertained with a Halloween Party Friday night. "42" and various games were played. During refreshments a Free Will Offering was taken for the benefit of the Society.

Mrs. Jno. Breg, and daughter, Mrs. Wm. Meador and Mona Breg visited in Marfa Monday with Mrs. Logan.

Mr. and Mrs. O. D. Jones left Monday for Dallas where they will make their home. Mr. Jones will be stationed at Hensley Field.

Mr. and Mrs. A. F. Buchanan and son Jack were week-end visitors in Del Rio and also in El Dorado with Mr. and Mrs. McWhorter. They were accompanied to Del Rio by Mrs. Robert Gatlin and son Kip.

Miss Eva Billings returned home Saturday night after a two weeks visit in Van Horn with Mr. and Mrs. Elmer Schwaibe.

Mrs. Gus Kercheville and children of Del Rio are visiting her parents Mr. and Mrs. C. Smith. Mr. Kercheville spent the week end here but returned home.

A dance was held Saturday evening at the ranch of Mr. and Mrs. J. W. Williams twelve miles from here. A barbecue was served at mid-night. Those attending from here were Buster Babb and family, Dillard Babb and family, Mr. and Mrs. V. Mason, Mr. and Mrs. Roy Mason, Mr. and Mrs. Ernest Miller, Mr. and Mrs. J. E. Hill, Mr. and Mrs. Elvin Chandler, Mr. and Mrs. Rufus Ross, Mr. and Mrs. Tuffley, Mr. and Mrs. Roger Rose, Mr. and Mrs. R. Kessler, Mr. and Mrs. L. A. Wright, P. Radich, Robert Chandler, T. Billings, Martha and Lois Bassett, Mrs. Breg and daughter Mona, Jno. Lewis Breg, and Coon Chandler.

Mrs. W. D. Chandler left Thursday for San Antonio where she will visit her daughters Mrs. A. T. Ferguson, and Mrs. Rob. Doak, Jr.

Lonzo Darr, George Dave, and Frank Turner spent the week-end on the Rio Grande on a fishing trip and report a good catch. George says that the largest one hauled in weighed fourteen and one-half pounds.

Mrs. C. H. White, and Mr. and Mrs. Dick Hill, and Mrs. B. M. Weatherby spent Monday in Fort Stockton.

HE'S MAKING POPPIES

Pictured above is a disabled war veteran who is making poppies to be sold by American Legion Auxiliaries all over the United States. The local organization, with Mrs. B. F. Dawson as president and Mrs. Tip Frazier as chairman of the committee appointed to take care of this work, will put forth every effort to sell more poppies this year than ever before. Proceeds of the sales go to local rehabilitation work and for the support of disabled war veterans and their dependants. The drive will be made November 11. Don't forget to buy a poppy.

NEW MAN AT BARBER SHOP

Bill H. Williams, formerly of San Angelo, this week took charge of the Royal Barber Shop. Mr. Williams was also formerly with the Yeates Barber Shop for a short while a few months ago and invites his friends to visit him.

Mr. and Mrs. Elmo Low announce the arrival of a son the latter part of last week. They reside in Laredo but were formerly teachers in the Sanderson Public Schools and Mr. Low is bandmaster in the Laredo schools at present. The young man weighed seven pounds.

Mr. and Mrs. W. D. O'Bryant Jr., spent Saturday night and Sunday in Alpine and Fort Davis.

Louis Bradfield and Russell Walker were Fort Stockton visitors over the week-end.

Mr. and Mrs. Frank Weigand and Miss Marjorie Canon were visitor to Fort Worth over the week-end with the son of Mr. and Mrs. Weigand, Albert. While there they attended the football game between T. C. U. and Baylor.

Mrs. Sims Wilkinson and son, Jimmy, and Miss Margaret Arrington were Fort Stockton visitors Sunday.

Mr. and Mrs. Jno. Long and Miss Willie Long of Del Rio guests Sunday with Mrs. Jno. Harrison. Mr. and Mrs. Long are parents of Mrs. Harrison and Miss Long is an Aunt.

Mr. and Mrs. R. E. Fred and Mrs. Alice Cain were Alpine visitors Saturday.

Mr. and Mrs. Ernest Williams and daughter Dawn, and Mrs. Odie Wickliffe were Fort Stockton visitors Wednesday.

TEN YEARS AGO
This Week—Remember?

(Nov. 2, 1928)

Mr. and Mrs. O. H. McAdams were visitors in Marathon Wednesday.

Mr. and Mrs. Doc Turk were in town several days this week from their ranch near Dryden.

Mr. and Mrs. R. E. Fred. from their ranch in Pecos, visited their daughter, Mrs. C. F. James, this week.

Mr. and Mrs. McKnight spent last Friday in Del Rio.

RAIN AND COLD

A slow drizzly rain began falling here Tuesday night and continued throughout most of Wednesday. This rain will do lots of good and ranchmen are rejoicing over it. A drop of several degrees in temperature accompanied the rain.

Clyde Griffith spent Sunday in San Antonio. He was accompanied home Monday by Mrs. Griffith and young son.

Ray Caldwell returned Wednesday from El Paso, where he spent several days this week. He was accompanied home by Mrs. Caldwell who has been in El Paso the past few months under medical treatment. Her many friends will be glad to know that she is very much improved in health.

WITH OUR
NEIGHBORS

Ward County News—Bonds for the \$55,000 issue voted here for a new school plant, were being printed this week and will be checked and certified by members of the Barstow Independent School District soon.

Fort Stockton Pioneer—The assessing and collecting of taxes is by far the biggest single operation of business in Pecos county, and is one of the biggest jobs in the state of its kind. Statements mailed this week

from the office of F. S. Wilson, tax assessor-collector, totaled nearly \$700,000.

Grandfalls Gazette—Several new Neon signs have been installed in Grandfalls this last week. Elmcote Courts raised one above the entrance gates. Chesters' Cafe has a bright red one. In front of the irrigation Office, Grandfalls business men have erected a large sign advertising the community. The sign was erected by enterprising business men and features the irrigation project just opening up. The new slogan "Grand Opportunities in Grandfalls" is part of the sign.

Alpine Avalanche—Approximately 100 delegates are expected here next Friday when the 11th annual meeting of U. S. Highway 67 Association will be held according to advice from the Hon. J. Wiley Taylor, county judge of Reagan county, and president of the group.

Devil's River News—Possibility of an association of ranchmen of Sutton county and the trade territory centering around the county for the marketing of livestock was discussed Monday afternoon at the annual meeting of members of the Sutton County Ranchmen's Protective Association.

PUPILS STUDY HAZARDS

All the pupils in the elementary grades and the First Aid Club in high school in the Sanderson Schools have recently participated in the annual Red Cross campaign to reduce hazards in the nation. Pupils were given blanks to take home and, with the assistance of the parents, check the hazards usually found in homes. Among the hazards listed on the form are stairways, loose rugs, porch railings, sharp tools, toys on floor, electric wiring, flues, matches, trash and rubbish, firearms and numerous others.

The safety study is made for the purpose of teaching the pupils to be safety conscious.

—sHs—

CHRISTMAS CARDS—Folks if you are hard to please in Greeting Cards let us show you our line of samples. We can really fix you up at The Times office.

Home Economics Lab.
Made Attractive
With Pot Plants

Some day, when time lays heavy on your hands, go up to the Home Ec. Lab. and note what a few flowers can do to brighten up a room. Mexican colors of red and green are being carried out all through the H. E. rooms. Potted plants in red and green vases are growing beautifully on the red and green shelves constructed by some of the S. H. S. boys.

The rooms are much more attractive and brighter, one would hardly recognize them as the same ones.

—sHs—

STAFF WORKS ON
PRINTED PAPER

The newspaper staff is working on a printed newspaper. This paper is to be printed downtown by the Sanderson Times. It is to be a four page, four column paper, and will be printed twice a month. The yearly subscription is to cost the same as the mimeographed paper. Seventy-five cents a year. The editor will still be Johnny Glenn with Margaret Bowman, assistant editor.

The business men of the community are being asked for advertising to assist in paying the cost of the paper.

—sHs—

THREE FOOTBALL
GAMES REMAIN

Three games remain to be played in the 1938 football season for the Sanderson Eagles. These are with Marfa on Friday night, November 4, in Marfa; with Alpine on November 12 in

Alpine; and with Stockton on the night of November 18, in Stockton.

Stockton was originally scheduled to play in Sanderson on October 18 but this date was changed and now all the remainder of the games are to be played away from home. Two of the remaining games are league games. Marfa and Stockton. Thus far the Eagles have played only one league game, and that with Fort Davis.

—sHs—

Basketball Games Scheduled

Preparation has started for the coming basketball season by beginning the arrangement of a schedule, according to the coach, A. B. Caraway. Games with Rankin are already arranged to be played in Sanderson on December 2 and 3. Some of the S. H. S. boys are working out in the gym, although regular practice will not begin until the end of the football season. Plans are not made for a round robin schedule, as was played last year.

—sHs—

FIRST GRADE NEWS

The first grade pupils decorated their room with funny faces for Halloween. Wilson Banner's mother and Frank and Jack Harrell's mother entertained the first grade with a party Friday afternoon. The pupils enjoyed this very much. Grasshopper cages were made last week also. The pupils caught the grasshoppers and used them in their nature study.

The first grade now has a bulletin board.

Mrs. Greene Cook and Betty Cook, Nancy Peavy, and Mrs. J. L. Newton were visitors last week.

Beverly Jean Thorn, Margaret Newton and Sammie Jo Burleson brought library books to school last week.

Juniors To Play
Alpine Here Nov. 5th

The Alpine junior team is coming to Sanderson Nov. 5th for a return game with the Sanderson junior team. The result of the last game played by these two teams was Alpine 21, Sanderson 14. The junior team has been practicing every day to get in the best of shape for this game which they hope to win.

The game will be played at the Legion Park, Nov. 5th, at three o'clock so everyone be there to see if the juniors are going to keep their promise.

The Fords Tell Their Plans
for 1939

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1903.

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements... a new tool and die plant that will help us cut the cost of dies... and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs. We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is pushed unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln Zephyr. It is larger than the Ford, with 116-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

Students In Junior Business Training Select Vocations

Vivian Earwood

When a person reaches the eight grade he should have a very good idea about what he is going to select for his vocation. Well, that is precisely what the Junior Business Training Class is doing now. Each student selects some vocation and is required to make a study of it. It is all very interesting and worth while, don't you think? Some of the boys are contemplating aviation, engineering, professional service, agriculture, clerical service, and the like. The girls are interested in teaching, nursing, business courses, beauty operating, and learning to be a good housewife.

The class has subscribed for a bulletin entitled "Your Future". It is a guidance weekly, and helps one to decide his future. It is an eight page weekly paper bringing to the students articles in all fields of guidance—occupational, social, and general. It provides up-to-date information about occupations, current trends, and opportunities. It serves students in finding and in developing a vocation and the proper use of leisure time. Many youngsters never really get interested in an education because they have no idea what they are going to do in later life. "Your Future" will help them bring their education toward objectives arising out of their own capabilities.

SLINGIN' TH' SLANG

"Hi"
S. H. S. isn't going collegiate. We've always slung the slang especially Coach. Coach is just a natural slang slinger. He said to his History Class the other day, "If I were president of the United States, and lived in the White House, I'd do away with all those l'il old starched maids and servants bowing and wrangling around a feller'd haf to be dern dignified in the White House I'd rather be like old Teddy Roosevelt. Now there was a feller who had a bay-window and could make it vibrate when he laughed. And he played with his kids and raised old billy right there in the White House." See how much slang Coach used in one paragraph?

All the gals have gone plop goggy over Mary Beth's shirt. Squeals of delight—"How Simply Ducky!" have echoed up and down the hall. Its a white shirt, with all her friends autographed on it you know—embroidered on it like.

The Slang Slingers

EAGLES DEFEAT McCAMEY B, 20-0

By Pat Harris

The Sanderson Eagles defeated the McCamey Badgers B team by a score of 20 to 0 last Saturday night under the lights of McCamey. The Badgers never did threaten to score on the Eagles in any quarter. The Eagles in the first quarter scored twice. Fierro scored from about the twenty yard line on an end run. Bassett taking the ball on a double-shuffle play went over standing up, but the ball was called back and Sanderson was assessed an off-side penalty. Then quarterback Glenn called a pass play and on the play Fierro, who was receiving the pass, was shoved by a McCamey player and the pass was intercepted by another McCamey man but the pass was ruled complete because of interfering with the pass receiver. After the pass play, a couple of running plays were called and Glenn took the ball over on a line plunge. The kick was good and the score at the end of the first quarter was Sanderson 13 McCamey 0.

The second quarter saw Sanderson fumble a few times, costing them quite a few yards. McCamey, seeing that it was useless to try to go through the Sanderson line, took to the air and on two occasions would have scored had the end not dropped the pass. On one pass Glenn, thinking that a McCamey man had caught the pass tackled the man and McCamey completed the pass for interfering with the receiver McCamey tried everything they had in the bag but the Eagle line would not permit them to go through it. They tried end runs, off tackle plays, spinner plays, line plunges, and passes, but the Eagle line wouldn't budge on any of the plays, and the Eagle line-backers, secondary, and safety would not permit the pass and end run to be effectively executed.

In the third quarter the Eagles fumbled a few times, but McCamey still couldn't score. In this quarter the Sanderson substitutes saw service. Morris replaced Fierro in the backfield. Turner replaced Theo McDonald at tackle. Creigh took Canon's place at right guard and Earleson took Haynes at left end. By the way this boy Morris is quite a speed demon on a football field. Morris caught a quick-kick as he ran toward the McCamey goal. He turned around and headed back up the field for his own goal, side-stepping, twisting and turning, and ran the ball back up the field to the line of scrimmage. Then on an end run play Charlie saw the McCamey end tearing toward him and he immediately cut off tackle and with the aid of Bassett, who was blocking for him, he ran for a five yard gain. It was in this quarter that quarterback Glenn pulled a trick play out of the bag, the fake punt. It all happened on the third down, McCamey seeing that Lochhausen was standing back for what they thought was a punt pulled back to receive the punt. It was deceptive, even to the ones on the sidelines, until they saw Fierro racing out in the open. Behind some nice blocking by Bassett and Glenn, Fierro went about forty-five yards before being tackled. The Third quarter ended with the score still remaining, Sanderson 13 and McCamey 0.

Score in Fourth Quarter
The beginning of the fourth quarter showed the Eagles in there fighting for more score. Glenn threw a couple of passes, completing one to that pass catching end, Kenneth Litton.

SNOOPER

HEARS
NOTHING
SEES
NOTHING
TELLS ALL

What is this that's going on between Lois B. Osgood and Roger Bassett? He is ever-present down at Lois's locker between classes and before school!

What eight grade girl is it that is simply ca-ra-zy about Reginald Monroe? Speak up, or else the Snooper will!

Some high school girls beg us to keep their names out of the Snooper but we just bet that they are thrilled to death if they see their name in it. Aren't they? Girls, be good, and your name won't be put in.

Martha Bassett is doing good, getting a boy friend who turns out to be a Sunday School teacher! Maybe it would reform some of these high school girls if they were to go with a S. S. teacher!

Did you notice all the woozy-eyed boys and girls in school last Tuesday morning? Just hangovers from Hallowe'en, we guess.

Robert Lochhausen maybe was supposed to have been at the mid night show, but we just wonder?

There is murder in "that there" look that Bobby Allen gives anyone who flirts with his gal Reba. Better watch out boys.

Girls, you had all better go to Marfa with your football boy

On the completed pass to Litton, who was wide open, the pass was a little snort and was almost intercepted by McCamey. The McCamey man jumped high in the air, but the pass was just a little too high and he barely touched the ball. Litton, who always plays heads up though, took the ball on the ground. The pass was good for twenty-five yards. Then Glenn reached in the bag of plays and pulled out one called the Statue-of-Liberty play. This play that is one of the oldest in the game of football will catch a defensive team off-guard if they are not careful. Well, it caught McCamey off-guard and Haynes the fleet Eagle end, took the ball and skirted the end for a nice gain of about thirty-five yards. Glenn then took the ball and hit the line for a gain of five yards. Say that boy Glenn can hit a line too! Every time he went through the line you could see him dragging two or three would be tacklers in to the secondary. The hard driving back, Robert Lochhausen went off tackle and crossed over pay-dirt standing up Glenn's kick was good, raising the score seven points. Canon then kicked off to McCamey, another one of his beautiful kicks. The ball going 45 yards in the air. McCamey in the closing minutes of the game looked like they were going to score but Glenn spoiled their chances by intercepting what would have been a touchdown pass and returning it twenty yards.

The game ended 20 to 0. Not one time while the boys were in the showers did the boys say anything about the game being easy. Most of the time the boys were telling Coach about their faults on certain plays. Both sides played good clean football and neither side questioned the referee's decision.

The Eagles are to meet the Marfa Shorthorns next Friday night at Marfa. This is a conference game and the Eagles will be scrapping to win this game as they have every game.

Assembly Program

The assembly program on November 1st was presented by the Home Economic girls. This program was in the form of a radio program. The announcer, Doris Cochran, opened the program by introducing Doctor Quiz Doctor Quiz was played by Bernice Harris. She was dressed in a graduation cap and gown.

The contestants in the quiz were: for the junior class, David Allen, Mary Bess Hardgrave, Malcolm Davis, Reba Burleson; for

the senior class, John Glenn, Elizabeth Brown, Bobby Allen, and Margaret Gegory.

Questions such as "How many teaspoons are there in a table-spoon?" "How many quarter-backs are there on the field at one time in a football game?" and "If you had a Welsh Rabbit, would you put it in a pen, or would you eat it?" If the contestant missed the question, Doctor Quiz would ask some member in the audience.

The judges decision was that Mary Bess Hardgrave won the first prize and Reba Burleson the body prize. Even though the juniors had the high point person, the seniors won the contest.

PLANS FOR NOV. 11TH

The plans for November 11th consist of a program at the high school at 10 o'clock that morning. There will be several war poems read by students in the speech class and songs will be sung by the choral club. The title of the program is "Memories of 1918."

Following the program at the school there will be a barbecue and an amateur rodeo given by the American Legion at the Legion Park.

Sight Saving Special

This Beautiful
I.E.S. Better Sight LAMP
Complete with all-cloth shade
and three-light bulb
Only \$7.95

95c Down - \$1.00 per Month

This new I. E. S. lamp combines modern beauty with high lighting efficiency. Finished in antique white with gold ornamental trim, it has a graceful fluted standard, heavy non-tip base and hand-sewn cloth shade. Meets 54 rigid specifications of Illuminating Engineering Society.

SIGHT SAVING FEATURES
White glass diffusing bowl (see cut-away illustration) prevents glare and provides both direct and indirect light. Wide shade with white lining intensifies downward light and spreads it over broad area. Bulb gives three lighting levels.

OTHER MODELS—SAME LOW PRICE
This lamp is also available in three other styles—either natural bronze or antique white finish—with a wide variety of shades to match any decorative scheme.

Fresh Air and
Plenty Exercise
For Good Health

Austin—"One would consider that the average human being has sufficient real worries without borrowing imaginary ones. Yet there appears to be a fair proportion of persons who are not satisfied with the ordinary trails and tribulations that life presents but must reach out for the non-existent ones. Among them are the people who enjoy poor health states Dr. Geo. W. Cox, state health officer.

"For no reason at all such persons insist on super-heated

indoor air in winter time. They pick and peck at fancy foods and to some extent give the plain, reliable and needed provender the go-by. They overload themselves with clothing in temperate and sometimes in warm weather. And to top it all they are on friendly terms with all sorts of pills and other concoctions on the misguided theory that doses of this and that are for superior to fresh air, good food, exercise and healthy living in general.

"Since we only live once, it is a sad commentary on human nature that any person is so foolish as to make a psychological invalid of himself in this fashion. Obviously such unjustified

fancies deny them of the delight of a vigorous, vital existence to which they are justly entitled." Dr. Cox does not realize that the ment of poor health is a substitute for that abundance of vitality which can be usually through the application of some common sense and discipline.

"Rest and restraint are indicated in the presence of actual disease, and when advised by the physician in the treatment of illness. Moreover, lessence emphatically some physical restraint
