PREMIUM SCURRY BALE—Leo Schattel, center, is shown above accepting a check for $300 as his premium for raising and ginning the first bale of cotton in Scurry County for the 1956 season. Bentley Baize, left, vice chairman of the Snyder Chamber of Commerce agriculture committee, presents the check, while D. T. Pierce, manager of the Paymaster Gin on the Lamesa highway looks on. The bale weighs 540 pounds and was ginned from 1850 pounds of cotton raised on 10 acres of dry land Schattel estimates that the field will yield about one bale for each seven acres of cotton. Adlai Gaining Strength In Bid For Nomination

Civil Rights Fight Looms

CHICAGO, Aug. 15 (AP)—The Adlai Stevenson bandwagon rolled to within 34 votes of a first ballot nomination today on the basis of Associated Press tabulations of delegate caucuses and unofficial preferences.

CHICAGO (AP)—Adlai Stevenson, picking up important support from New Jersey and Michigan, today all but clinched the Democratic presidential nomination. A remaining hazard was a possible battle over a suggested civil rights platform plank saying the Supreme Court's segregation decisions against racial segregation had "brought consequences of vast importance" to the nation.

Stevenson scored his gains despite a bitter 11th hour battle that former President Harry S. Truman was waging for Averell Harriman. Truman called a news conference and characterized Stevenson as a candidate who "lacks the kind of fighting spirit we need to win." He said he would stick with Harriman "until the last dog dies."

But even as Truman was punching away, the New Jersey delegation caucused and voted to give all its 36 votes to Stevenson on the first ballot tomorrow night.

Earlier, Gov. G. Mennen Williams of Michigan had thrown his support to the 1952 nominee, and a poll of the 44-vote Michigan delegation produced 31½ votes for Stevenson.

The net effect of the Jersey and Michigan actions was to add 60½ votes for Stevenson in the Associated Press tabulation of public expressed preferences by delegates. Earlier tabulations, had taken account of some Stevenson support in the delegations.

With these gains, Stevenson's indicated strength, based on the poll, shot to 633½ votes. This is just 53 short of the 686½ needed to nominate.

Tentative Michigan plans were to give all of its 44 votes to Williams on the first ballot with a shift to other candidates on the second. But Williams said a shift might be made on the first.

With Stevenson's campaign again rolling, it appeared probable there would be only one roll call when the convention gets down to picking its nominee tomorrow night.

Tonight, the delegates will look over and pass on the platform proposed by a committee which has been sweating over it for two weeks.

The big battle in the committee has been over the question of what to say about civil rights and race segregation; more particularly, whether to say anything specific about the Supreme Court's decision that race segregation in public schools is unconstitutional.

Racial Dispute Studied

CHICAGO (AP)—The proposed education plank of the Democratic platform made public today skipped any mention of the Supreme Court desegregation decision but said:

"Every American child, irrespective of race or national origin, economic status or place of residence, has full right under the law and the Constitution, without discrimination, to every educational opportunity to develop his potentialities.

By leaving out any reference to the 1954 Supreme Court decision outlawing racial segregation in the nation's public schools, the Democratic National Convention platform drafters were making a bid for Southern support at the risk of a floor fight by Northern elements which wanted a specific mention of the decree.

Both front-running Adlai E. Stevenson and his most serious contender, Averell Harriman, have said they felt the platform should express—in so many words—outright approval of the high tribunal's action.

The draft made public today was that of the "Human Welfare" section of the platform.

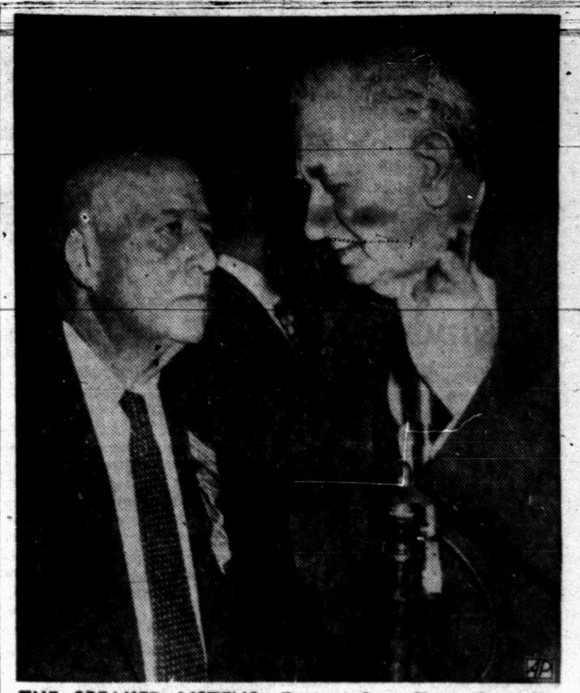

It included references to such things as social security, jobless insurance, public assistance and education.

Another section dealing specifically with civil rights was due to be handed out shortly.

It was in this plank that friends and foes of the Supreme Court decision carried out their battle before the platform hearings.

But it was in the education section of the platform that many looked for the first cue as to whether the court ruling would be mentioned.

Early today the platform drafters voted 12-5 for the specific Civil Rights plank they have hammered out in hearings. It was described by most of them as moderate enough to avoid a serious party fight.

THE SPEAKER LISTENS—Former Sen. Tom Connolly (right), of Texas, is the speaker, and the Speaker of the House, Sam Rayburn, also of Texas, listens, at the Democratic National Convention at Chicago, Illinois.

Stevenson Lacks Necessary 'Fighting Spirit' Says Truman

CHICAGO (AP)— Former President Truman said today Adlai Stevenson "lacks the kind of fighting spirit" needed by the Democrats to preserve New Deal and Fair Deal principles.

Truman appeared before a crowded news conference in the Sheraton-Blackstone Hotel to plug anew Averell Harriman for the Democratic presidental nomination.

Truman said he was shocked that "any liberal Democrat would encourage the abandonment" of the New Deal and the Fair Deal as out of date.

He said the destruction of the social and economic philosophies underlying these programs is the aim of the conservatives in both the Republican and Democratic parties.

Stevenson, the party's 1952 standard bearer and the front running candidate for the nomination this year, "is not the kind of candidate" that the Democrats need, Truman said, adding:

"He lacks the kind of fighting spirit we need."

At the outset of the news conference, Truman said "I'm going to read a statement and then this time I will let you ask me questions."

Last Saturday, when he announced that he regarded Harriman as the best qualified man to be the next president, he had declined to answer any questions.

Truman said he was "deeply touched by the anxiety" he said members of the press and news columnists had expressed about "my political judgment" in endorsing Harriman.

He said that seldom had he seen such concern about the future political life of an expresident, adding that writers had suggested he had ruined his "possible place in history" and his skill as a politician.

But Truman added with a chuckle that "they need not be alarmed" and that he was sure he had done the right thing.

Headon Collision

SHERMAN (AP) — Carson Wyndall, 21, of Ashdown, Ark., was killed yesterday in a headon collision. The driver of the other car, A. E. Southern of Howe, Tex., was in critical condition.

Wing Of New School To Open By Sept. 4

A number of final arrangements for the beginning of the coming school year were made last night in the regular meeting of the Snyder school board.

The board made plans for the beginning of school in the new Northeast Elementary School building, which is still under construction.

Kelly Construction Co. of San Angelo, general contractor on the new Building, is working on a close schedule. John Askew, foreman for Kelly, and D. V. Prichard local representative for Buford & Feinberg of Dallas, the school's architects and engineers, met with the board last night and told the board that one classroom wing of the building will be ready for use when school opens Sept. 4.

Other parts of the building will be ready at various times a few days afterward, including the cafeteria, which will probably be finished about two weeks after school starts.

The one wing which will be complete has eight classrooms.

The board made plans to begin school at that building with half-day classes for the few days required to complete other parts of the building.

Elementary students, except those now attending pre-school, register Aug. 20-21. They are to enroll at the schools in their attendance areas. Requests for transfer will be considered later.

At last night's board meeting, Dr. Wilton Jones was installed as a new member, succeeding J. B. Turner, who resigned. Jones will fill out the term, which ends next spring. The board sent Turner a letter of appreciation for his contribution to the welfare of the Snyder schools.

Prices of cafeteria lunches for this school year were set at 35 cents in the elementary schools and 40 cents in the junior high and high school. These prices are up from 30 and 35 cents last year because of increased cafeteria costs.

Meeting with the board last night were Wilson Hunt, Truett Pritchard, and Charlie Awalt, all representatives of Pritchard & Abbott of Fort Worth, the schools' tax valuation engineers. The three discussed at length with the board methods of arriving at values and of helping to equalize them. The school district's total tax valuation now stands at $136 million.

The tax valuation men said their firm makes a survey of the district the first of each year, making any changes necessary. Few schools in the state have a lower assessment ratio of the percentage of actual value than this school, the men said.

After having an investigation made of various types of lawn sprinkler systems, the board voted to install one small system on a corner of the high school campus for a trial period before proceeding further with installing sprinklers.

The board approved a schedule of activities for teachers just prior to the opening of school, including an orientation program for the week begining Aug. 27.

Dr. Cecil Yarbrough, superintendent, announced that Miss Waurine Walker of the Texas Education Agency will be speaker for the annual businessman-teacher appreciation banquet sponsored by the Chamber of Commerce. The banquet will be held Sept. 10.

Hearing On County Budget Set Aug. 27

A public hearing on the county budget will be held Aug. 27 at the Scurry County courthouse in the county commissioners' courtroom, it was announced today.

The meeting is scheduled to begin at 10 a.m.

All taxpayers are invited by the commissioners to be present and to participate in the hearing.

Proposed Plank Rejects Use Of Force In Racial Issues

CHICAGO (AP)—The Democratic party's proposed civil rights platform plank said today the Supreme Court's desegregation decisions "have brought consequences of vast importance." But the draft said "we reject all proposals for the use of force to interfere with the orderly determination of these matters by the courts."

Although the suggested education plank had omitted any reference to the Supreme Court, the civil rights section had this to say on the subject:

"Recent decisions of the Supreme Court of the United States relating to segregation in publicly supported schools and elsewhere have brought consequences of vast importance to our nation as a whole and especially to communities directly affected. We reject all proposals for the use of force to interfere with the orderly determination of these matters by the courts.

The Democratic party emphatically reaffirms its support of the historic principle that ours is a government of laws and not of men; it recognizes the Supreme Court of the United States as one of the three constitutional and coordinated branches of the federal government, superior to and seperate from any political party, the decisions of which are part of the law of the land. We condemn the efforts of the Republican party to make it appear that this tribunal is a part of the Republican party."

The suggested plank had been approved at a session of the drafting committee early today. The vote was 12-5.

While the five Dixie members cast their votes against the wording, most members of the drafting group said they regarded the section as moderate enough to avoid a serious party fight.

Each section of the platform is subject to approval by the full 108-member platform committee and —tonight— by the convention itself.

The platform committee was in session in the Conrad Hilton Hotel —convention headquarters downtown.

Whether a fight would develop there or on the convention floor tonight remained to be determined.

Southerners have done their best to have the platform avoid any mention of the Supreme Court. Some Northerners on the other hand have talked of seeking what they would regard as the strongest possible plank.

Expenses Of Candidates Listed Here

Most of the candidates for political offices here, but not all, turned in expense statements by the deadline several days ago for the period up to the first primary.

Statements for candidates for district offices were filed with the secretary of state, while those for county offices were filed here with the county clerk.

According to information from the office of the secretary of state, total expense statements submitted by candidates for district judge for the first primary were $973.15 for Sterling Williams and $913.23 for James Rosser.

For the office of district attorney, statements of total figures were $4,885.92 for J. Ray Martin, $930.56 for Wayland Holt, and $531.95 for Pat Beene. There was no report for Frank Sentell.

The expense statements of Robert R. Patterson, unopposed for state representative, totaled $22.

In local statements, these figures were filed:

Sheriff — Earl Abercrombie $628.58, Homer Whisnand $347.14, E. W. Green $556.93.

Tax assessor-collector — Geral Greene $68.50.

County attorney — George Killam $507.32.

Commissioner, precinct 1 — T. B. Knight $282.88.

Commissioner, precince 3 — Pat Moore $431.60, Whit Farmer $217.35.

Filing Of Expense Lists Opened Here

Filing of first expense lists for all county, district and state candidates in the coming Democratic second primary opened today, Dan Cotton, county clerk, has announced.

Filing of expenses lasts through Aug. 18. The law states that first expense lists must be filed not more than 10 days and not less than 7 days before the election.

All candidates for county offices must file their expense lists with the county clerk's office. District and state candidates must file theirs with the secretary of state.

Kermit Man Is Injured

Howard Moutrey, 63, of Kermit was hospitalized this morning for chest injuries he received in a two-car accident this morning on the Roby highway.

The accident occurred about 7:45 a.m. at the overpass one and one-half miles from Snyder on the Roby highway.

According to Bill Zimmerman, highway patrolman, the 1950 model Mercury driven by Moutrey apparently hit the rear end of a 1954 Dodge sedan driven by Esther Lorance, 45, of Joiner, Ark. Mrs. Lorance had apparently slowed her car to read a highway sign when Moutrey's car struck her automobile. Both cars were going west.

Damage to Mrs. Lorance's car was estimated at $400 and damage to Moutrey's car estimated at $100 by Zimmerman.

Moutrey was taken to Battenfield-Jones Hospital by Bolger ambulance.

Texas Delegation Holds Onto Votes

CHICAGO (AP)—Sen. Lyndon B. Johnson kept the important 56-vote Texas delegation in his own favorite son deep freeze today as the critical hour of balloting on the presidential nomination neared.

Last night Johnson called in reporters to say that rumors of his imminent withdrawal were "baseless" and "panicky."

The reports were that backers of Adlai Stevenson were stepping up their pressure on Johnson, and also that some Southerners were urging him to say soon what his plans are beyond being a favorite son.

Of the Stevenson pressure report, Johnson first said:

"You will always find a lot of paniky folks trying to Blitz things in the hours just before balloting begins on the nomination."

Later he added: "The Stevenson people naturally are going to do everything possible to blitz their campaign through to a first ballot victory."

Also in regard to reported Stevenson pressure, the Senate majority leader said:

"If he has brought any pressure, it hasn't reached me. I'm used to pressure and I know how to handle it."

Johnson said again—as he has several times lately—that the most important thing now before the convention is to write a platform that the party can use to win. Next, he said, comes the selection of the ticket.

Another Texan touched off a noisy demonstration at Convention Hall last night for Speaker Sam Rayburn, who got an ovation as he was inducted as permanent chairman.

A parade led by John Connally, delegation vice chairman carrying the Texas standard, was joined by many other states as the band played "Dixie" and "The Eyes of Texas Are Upon You."

WEATHER

SNYDER TEMPERATURES: Yesterday's high 102; Low 70; Today's 7:30 a.m. reading 75.

Nnrth Central and West Texas. Clear to partly cloudy with only a few isolated afternoon and evening thundershowers this afternoon and Thursday. Little change in temperature.

Compromise May Be Accepted By Egypt In Suez Controversy

LONDON (AP)—Pakistan's foreign minister said today President Nasser of Egypt told him he would accept international supervision over the Suez Canal but insisted "it is the sovereign right of Egypt to run the canal."

Foreign Minister Hamidul Haq Chowdry, arriving for the Suez Canal crisis conference from private talks with Nasser, told reporters at the airport:

"The Egyptian president wants a peaceful and happy solution to the problem.

"He is not adverse to the setting up of a body representing the users of the canal to advise the organization which he has set up to manage and administrate it. He still believes it is the sovereign right of Egypt to run the canal."

A few hours earlier, Secretary of State Dulles arrived for the conference opening tomorrow. He expressed hope for a solution "so vital to the preservation and well-being of the entire world."

Britain, France and the United States are insisting on internationalizing the vital 103 mile waterway under guarantees more binding than the system envisaged by Nasser.

On the eve of the conference, tempers obviously were cooling. Differences, although still great were not so threatening as a week ago.

A British crowd of about 200 cheered Dulles as he entered Eden's residence, smiling and relaxed.

Arkansas May Give Vote To Stevenson

CHICAGO (AP) — Arkansas' delegation to the Democratic National Convention voted today to throw its 26 votes to Adlai Stevenson on the first ballot—provided the civil rights plank is satisfactory.

The motion to support Stevenson was made by Gov. Orval Faubus who stipulated that it carry a reservation that the delegation could reconsider in event the final civil rights plank is not to the benefit of Arkansas.

The Associated Press tabulation of indicated first ballot strength heretofore has credited 8 Arkansas votes as in the Stevenson column with 14½ votes uncommitted, ½ vote for Averell Harriman and 3 for others.

Wilson Confident Of Military Power

DALLAS, Tex. (AP)—Secretary of Defense Charles E. Wilson said today he was confident the United States has "the weapons and the military power to inflict a disastrous defeat on any enemy."

Wilson said, however, in a speech prepared for delivery that military men have differences of opinion on how to keep U. S. defenses secure.

He spoke before the 57th Encampment of the Veterans of Foreign Wars. Last night he stood in the reviewing stand as the VFW parade glittered and blared its way through Dallas. Police estimated that 100,000 persons watched the spectacle.

Some 10,000 persons took part. Bands, drill teams and high stepping majorettes strutted down the streets while a four-plane flight of F80 Shooting Star jets streaked overhead. Close behind came a flight of giant B47 and B36 bombers.

Wilson said he felt that a sound defense required a proper balance.

"You can't depend on any one weapon or any one service alone," he told the veterans.

"Our planning must be designed to meet our requirements. New weapons, new equipment, new situations have required a complete review of our military posture. This in essence has been called the 'new look' in military affairs," he said.

Wilson said in an interview last night he favored Vice President Nixon for president in the event President Eisenhower should not run for re-election.

"I have always thought very well of Vice President Nixon and in recent years I have found him a very capable man," Wilson said.

Wilson denied saying the Suez Canal situation was minor.

"I never really said it was minor," he said. "I said it had a minor effect on our defense budget and planning. It is a difficult problem."

Earlier, Marine Corps Commandant Gen. Randolph McC. Pate asserted American boys can "whip the pants off anything the Kremlin can put on the field of battle."

AREA OIL ROUNDUP

Offset Is Slated In Garza County

The Superior Oil Co. No. 1-38 J. P. Crump is to be drilled as a north offset to Neville G. Penrose and R. S. Anderson No. 1-X Miller, prospective Strawn and Ellenburger discovery in South Garza County.

The Superior project is 660 feet from south and west lines of section 38, block 6, H&GN, survey, three miles southwest of Justiceburg, and 8,500-foot test.

Five and one-half-inch casing was to be set at approximately 10,800 feet for completion attempt in a prospective Strawn discovery area of Northeast Andrews County.

The project, Humble Oil & Refining Co. No. 209-A-C-1 J. S. Means, which started out under a permit to drill to 9,800 feet to test the field's regular pay zone, drilled to 10,910 feet in dry Bend lime.

Drillstem test of the Bend from 10,656 to 10,714 feet, open five hours and 52 minutes, surfaced gas in 10 minutes, and oil in two hours and 52 minutes. Operator gauged 30 barrels of oil into tanks in three hours, gravity 44. Gas-oil ratio was 2,830-1.

After the test tool was closed, the project reversed out an additional 16 barrels of oil. Flowing pressure was from 180 to 1,005 pounds, and shut-in pressure in one hour, 3,380 pounds.

No further shows were developed in drilling to 10,910 feet.

Location is 660 feet from north and east lines of section 1, block A-19, psl survey, nine miles north and slightly east of Odessa.

Second Spraberry sand oil well has been completed in the Bond field of Northwest Howard County.

It was Stanolind Oil & Gas Co. No. 1 C. W. Burton, re-entered depleted Canyon reef producer. On 24-hour potential test, the confirmation well flowed 223 barrels of oil, through 12-64-inch choke and perforations from 6,652 to 6,678 feet.

Location is 660 feet from north and west lines of the southeast quarter of section 27, block 33, T-2-N, T&P survey, 11½ miles northwest of Big Spring.

Shell Oil Co. No. 1 Schumacher, and others, Southeast Gaines County wildcat, was bottomed Tuesday at 12,775 feet for a drillstem test.

Core from the section at 12,740 to 12,775 feet had five feet of dolomite with very good porosity, fractures, and bleeding oil. The bottom 11 feet of the core was dolomite with good porosity and fractures in the top four feet, with the remaining seven feet having poor shows of oil, and highly fractured.

Location is 660 feet from south and 2,120 feet from east lines of labor 11, league 298, Reagan County School Land survey, 23 miles southeast of Seminole.

McCormick, Pierce & Davis of Midland drilled to 4,400 feet at No. 1 University, Southwest Andrews County wildcat, and found no shows of commercial production.

It was 980 feet from south and 660 feet from east lines of section 15, block 11, University Lands survey, and 18 miles southwest of Andrews.

In Southeast Coke County, Jake L. Hamon of Abilene has plugged No. 1 Robert Harwell, wildcat seven miles southwest of Bronte, at 6,249 feet.

Drillsite was 660 feet from north and east lines of section 20½, BBB&C survey, abstract 38, and 13¾ miles southeast of the Wendland (multipay) field.

Bell Named In Land Deal

AUSTIN (AP)—Congressman John Bell has been named along with an Austin attorney as partners of former land promoter T.J. McLarty in a veterans land deal.

Attorneys for McLarty filed a cross-action in district court demanding that if the state collects in a suit against McLarty that Bell and Alvis Vandygriff be forced to pay part of the bill.

The suit involves recovery of money the Veterans Land Board paid for McLarty's ranch in Guadalupe County. He was to go on trial Aug. 20 but the legal maneuver may delay it several weeks.

McLarty was convicted April 27 on falsely interpreting a document to a Negro veteran in getting him to sign an application to buy land under the GI aid program. He is out on bond pending a decision in his appeal.

Bell was defeated in his re-election bid by Judge John Young of Corpus Christi.

Cross Burned At Denison

DENISON, Tex. (AP)—A burning cross, traditionally the symbol of the Ku Klux Klan, was found on the edge of the lawn of the President Eisenhower birthplace here last night.

Police Chief Paul Borum dismissed the incident as the work of a crank.

The cross members were held together by automobile tire inner tubes and the cross was supported by stones at its base.

A nearby resident, Mrs. Monte Jones, reported the incident to police.

The Eisenhower birthplace recently was rebuilt and restored at a cost of about $15,000. The President lived here only a short time before his parents moved to Kansas.

Isolated cross burnings have occured in Texas since the Supreme Court ruling on school integration. Police generally have called them the work of pranksters or cranks.

Mrs. Duhig Adopts Husband's Children

CHICAGO (AP)—Mrs. Elizabeth J. Duhig, 32, who last February married policeman Martin Duhig, father of 11 children, has become the mother of the children by adoption.

The children are of Duhig's first marriage to Mrs. June Duhig, who died 14 months ago. Mrs. Elizabeth Duhig's first husband George Caley, died in 1953. They had no children.

The whole family was present in Cook County Court when Judge Otto Kerner approved Mrs. Duhig's petition to be declared the legal mother.

"I love them all," Mrs. Duhig said. "For the last couple of months I've been thinking I might as well be their legal mother. The younger ones occasionally asked if I were the real mother."

Former Snyderite Dies In Abilene

Delbert S. Kennedy, 47, of 1609 Burrow Street, Abilene, died today at 6 a.m. in Abilene. He was the brother of Mark Kennedy, 102 Birch Street.

Mr. Kennedy was a former resident of Snyder, having lived here for about ten years before moving to Abilene. He was born April 12, 1909 in Rochester.

No information on the funeral arrangements were available at this time, but will be announced later.

Other survivors besides his brother is a daughter, who lives in California.

Storms Hit State Areas

By The Associated Press

Severe thunderstorms hit parts of Texas Tuesday while most of the state baked under record high temperatures.

Forecasts for Wednesday also called for hot weather with isolated thundershowers. Pre-dawn temperatures ranged from 83 at Abilene to 67 at Dalhart.

Rain was reported early Wednesday at El Paso.

A thunderstorm with high winds hit two miles southwest of Arlington Tuesday. The storm, between Dallas and Fort Worth, brought up to 2.1 inches of rain, caved in a roof, blew down power lines and uprooted trees.

Winds lifted a hay barn at the John Grafa farm in southwest Tarrant County, hurled it 100 yards and demolished it. No injuries were reported.

A thunderstorm dropped 1.55 inches of rain on Santa Rosa in the Rio Grande Valley near Weslaco.

High winds hit Rusk in East Texas, snapping trees and knocking down telephone poles

Dallas ad Mineral Wells shared the official high temperature of 106 degrees. It was the hottest Aug. 14 on record at Dallas.

Hodge Gets Ten Years

CHICAGO (AP) — Orville Hodge, ousted Illinois state auditor, was sentenced today to 10 years in a federal prison for misapplying more than $800,000 in federal insured bank funds.

Judge John P. Barnes of U. S. District Court passed sentence a few minutes after Hodge, mopping tears from his eyes, heard his lawyer, Arthur Fitzgerald, enter a plea of guilty.

The plea embraced 51 counts of the 54 originally contained in the federal indictment. Hodge also has been indicted by the state of Illinois. The governor dropped three of the counts for technical reasons.

Iron Curtain Visit Related

DALLAS (AP)—Returning to Dallas yesterday from a visit behind the Iron Curtain, Methodist Bishop William C. Martin said, "millions of protestants are maintaining life with vigor and hope despite Communist restrictions."

Bishop Martin attended a meeting of the 90-member Central Committee of the World Council of Churches in Galyateto, Hungary.

Representing 162 donominations in 47 nations, the committee met in the Communist controlled country at the invitation of Hungary's three million protestants.

"The fact that we were allowed to meet behind the Iron Curtain is evidence of a greater degree of religious freedom than before," the bishop for the Dallas-Fort Worth area said.

More religious freedom, he said, should mean more liberty in teaching children the principles of christianity.

Spilled Purse Causes Anger

PETERSBURG, Va. (AP)—There's almost nothing that infuriates Miss Patricia Nelson like a spilled purse.

Miss Nelson, 21, told a police court hearing she was walking home Monday night when a man caught up with her, grabbed her around the waist and threw her to the ground.

Her screams brought help from nearby houses. But witnesses said by the time they arrived Miss Nelson had freed herself and was ordering the man to pick up everything that had fallen from her purse.

A Ft. Lee soldier, Cecil M. Watson, 28, who the witnesses said apologized for his actions, was fined $250 and sentenced to 12 months on an assault charge.

"I was angry," was Miss Nelson's explanation.

Suggs Favored

The Phi Alpha Delta is an national honorary legal fraternity.

Long Session Ends

OTTAWA (AP) — Canada's 22nd Parliament adjourned last night after putting its okay on the government's $4,700,000,000 spending program for the 1956-57 year. It was one of Parliament's longest sessions. The House of Commons put in 152 working days, three short of the 155-day record in 1903.

In British Togoland, on the west coast of Africa, polygamy is legal and some tribes have women chiefs.

Republicans Pick Their Candidates

A handful of Republicans Wednesday faced the job of trying to beat Democrats in traditionally Democratic Texas in the November general elections.

The GOP held scattered district conventions Tuesday to nominate candidates.

Bruce Alger of Dallas, the state's only GOP congressman, was renominated in 10 minutes.

Five GOP delegates met at Tyler and nominated Kilgore oilman R. E. Kennedy to oppose Democratic congressional incumbent J. T. Rutherford of Odessa.

Harris County Republicans asked Thad Hutcheson Jr., Houston attorney, to run for the U.S. Senate "if that office should become vacant." They also approved a resolution urging that Hutcheson be nominated as the GOP candidate for governor if he should choose to run for that office.

Travis County Republicans also approved Hutcheson as a candidate for the Senate if Price Daniel is elected governor.

Hutcheson said he will have to see what the next two weeks bring and what the party's Aug. 28 convention in Corpus Christi does before he decides about running for office.

Robert O. Fagg was nominated by the Travis County group for state representative, Place 1, Austin. He will oppose either Mrs. Omar Barker or Wilson Foreman, Democrats in the Aug. 25 runoff primary.

Former Mayor C. W. Davis of McAllen was nominated to oppose Democrat Hubert Hudson of Brownsville in the 27th State Senatorial District.

BIRTHS

Mr. and Mrs. Henry Nixson, Jr., 204 Thirty-first Street, are the parents of a four pound, three and one-half ounce son, born Tuesday at 10:45 p.m. in the Cogdell Memorial Hospital.

Mr. and Mrs. William R. Youngblood, 1906 Coleman, are the parents of a son, born Wednesday at 4:24 a.m. in the Cogdell Memorial Hospital. He weighed eight pounds and two ounces.

Mr. and Mrs. William Wyatt, 1607 Twenty-eighth Street, are the parents of a seven pound, seven ounce daughter, born Wednesday at 5:36 a.m. in the Cogdell Memorial Hospital.

Mr. and Mrs. Tommy Blalock, 1405 Oak Street, Colorado City, are the parents of a daughter, born Wednesday at 7:52 a.m. in the Cogdell Memorial Hospital. She weighed six pounds, eight and one-half ounces.

Crude Oil Purchasers To Take More Barrels

AUSTIN (AP) — Texas crude oil purchasers have reported they will take 83,223 more barrels daily in September than in August.

Purchasers said yesterday they would buy 2,950,993 barrels in September compared to 2,867,770 this month.

Nominations also were given for purchases during the next six months' period: October, 2,951,348 barrels; November, 2,950,993; December 2,951,348; January, 2,951,290; and February 2,951,016.

The Railroad Commission will hold its regular monthly proration hearing Friday to set the September allowable.

Train Is Derailed South Of Denison

DENISON, Tex., (AP)—About 30 cars of a Missouri-Kansas-Texas freight train were derailed 14 miles southwest of Denison last night.

Cause of the derailment, involving 22 loaded cars, had not yet been determined. Damage to the tracks has been repaired and trains were using the section again today.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospit-

BATTENFIELD-JONES

Man Clears Himself Ends 4 Years In Jail

MEXICO CITY (AP)—A man who turned to the courts to clear him after eight years as a fugitive from a murder charge has finally won his freedom. He spent four years in jail.

Circumstantial evidence pointed to J. Guadalupe Agredano Garcia in a 1944 fatal stabbing in Jalisco. He fled. But he gave himself up in 1952 armed with what he hoped was adequate proof of his innocence. The Jalisco courts sentenced him to 12 years in prison.

The Supreme Court now has cleared him after hearing evidence Agredano Garcia was in another town at the time of the slaying.

Recovery Of More Texas Iron Probable

WASHINGTON (AP)—The Interior Department has described preliminary laboratory tests by the Bureau of Mines which may lead to increased recovery of iron from ores in East Texas.

The tests, part of an intensified research campaign to find methods of utilizing the limonitic brown ores of the Lone Star State more efficiently, were made on five samples taken from mines in Morris, Cass and Rusk counties. These are considered by the bureau to be typical of ores now being mined.

Metallurgists at the bureau's Rolla, Mo., laboratories found that roasting, griding and magnetic separation recovered more than 80 per cent of the iron on concentrates of usable grade. Commercial treatment, by crushing, washing and screening, reportedly averages about 50 per cent recovery.

The area has estimated reserves of about 140 million tons of commercial grade ore.

The reports were prepared by M. M. Fine, D. W. Frommer and W. M. Dressel, all metallurtists at the Rolla station, who explained that these preliminary results should not be considered a basis for revising ore-treatment methods at commercial plants. However, they pointed out that the tests showed there is a substantial quantity of recoverable iron in wastes from these plants.

The bureau plans to conduct further studies on the brown ores and on other iron-bearing material in East Texas now considered too low-grade or too complex to be utilized commercially.

Pageant To Be Seen

NEW YORK (AP)—ABC-TV again this year will televise the finals of the Miss America Pageant from Atlantic City Sept. 8 from 8:30 p. m. to 10 p.m. (CST).

64 Absentee Ballots Cast

Sixty-four absentee ballots have been cast for the coming Democratic second primary Aug. 25, Dan Cotton, county clerk, announced today. Seventeen ballots are still in the mail.

Balloting began Aug. 6 and will continue through Aug. 21.

Persons who will be out of town during the election or who are ill and will not be able to go to the polls can vote absentee. Those who wish to vote absentee in the election must make written application in the county clerk's office.

Ballots can either be sent out to voters by mail or the voters can cast their ballots in Cotton's office. Any voting not done in the county clerk's office must be sent in by mail.

Those who vote absentee must leave their poll tax receipts in the county clerk's office until after the election.

Snyder Soldier Is In 7th Division

Pvt. Mat E. Melchor, son of Mr. and Mrs. Ray Melchor of Snyder, is now a member of the 7th Infantry Division in Korea.

A mechanic in the Service Company of the division's 32nd Regiment, Melcor entered the Army in October of 1955. He completed basic training at Fort Ord, Cal., and arrived in the Far East last April.

Melchor's wife lives in McCamey, Tex.

S-317 .. fashionable crossover sheath

by Worth of France

The crossover from summer to fall is fashionably accomplished thanks to Worth who designed this transition dress for women who feel the need of dark, city looking clothes after a heavy dose of pastels. The trick is to make it in a cool fabric such as novelty cotton, lightweight crepe, linen or shantung, although you will undoubtedly want to repeat this model in wool for later on. One side of the long bodice is draped into a diagonal band that is hidden under the decorative buttonholes and buttons. It is finished off on a slant with a hip band and tie that tops a deep lap-over made with a pleat. In spite of the detail which is so undeniably French, you will encounter no difficulty, thanks to the custom cut pattern which is accurately measured and perforated for precise matching and marking.

Size 12 requires 3¾ yards of 39 inch material for dress. To order Pattern No. S-317, state size, enclose $1.00. Airmail handling requires 25c extra. Address INTERNATIONAL DESIGNER PATTERNS, P. O. Box 993, G. P. O. Dept. SX-13, New York 1, N. Y. 96 page Pattern Book "B" - 50c If paid by check add 4c.

Gift Coffee Is Held Here

A gift coffee honoring Mrs. Richard Roubaud, nee Jessica Lee, was given Tuesday in the home of Mrs. Dick Randals, Lamesa Highway. Mrs. Roubaud is here visiting relatives from Lousiana.

Hostesses for the fete were Mrs. Randals, Mrs. Weldon Johnson, Mrs. Austin Erwin, Mrs. Garrett Harrell, Mrs. Wilson Connell and Mrs. G. B. Clark, Jr. They were assisted by Connie Connell and Sue Clark.

The table was covered with a green cloth and centered with yellow summer flowers. Coffee, Cokes and sweets were served to about 50 guests.

Those in the receiving line with Mrs. Roubaud were her grandmothers, Mrs. Goldie West and Mrs. W. B. Lee, Sr. Mrs. Raubaud will return to Clearwater, La. next week.

Shower Honors Donna Houston

Donna Houston, bride elect of R. R. Barman, was honored Monday night with a bridal shower given in the home of Mrs. Norma Barnett, 3729 Avenue U.

Hostesses for the event were Mrs. Barnett, Mrs. Betty Justice, Mrs. Peggy Harris and Miss Jackie Hughes.

The table was centered with a miniature bride and groom and the cake was pale pink with white bells and net on top. Pink lemonade, nuts and mints were also served to about 35 guests.

Mrs. Justice presided at the punch bowl and Mrs. Harris at the cake.

Gourmet Cooking And Low Calories

Can gourmet cooking and low calories ever meet in the same recipe? They not only meet but marry in this Special Fish Bake.

During the day, put out a package of haddock, cod or sole filet to defrost. At your convenience make a sauce of 1 chopped onion, sauted in butter until tender, to which is added 1 can concentrated tomato soup, 1 teaspoon A-1 sauce, 3 tablespoons chile sauce, ½ teaspoon prepared mustard pinches of thyme, basil, sugar, pepper (to taste). Simmer sauce 5 minutes. Pour over filets in a flat casserole. Bake at 400 degrees F. for 20 minutes.

WHAT'S GOING ON

Mr. and Mrs. Abe Ennis of Mertzon spent several days in the home of Mr. and Mrs. Edward Ennis, northeast of city.

LuAnne McNeill of Lubbock was the weekend house guests of Mary Jimm Stinson, 3011 Avenue U. LuAnne and Mary Jimm were roommates at Texas Tech last year.

Mrs. I. T. Ivison, and Junny, 1111 Twenty-fourth Street, were accompanied by her son, Allie Ivison, to Oklahoma City recently. They visited in the home of Mrs. Ivison's son and his family, Mr. and Mrs. Dell Ivison. They also went to Fort Worth and Arlington.

Mr. and Mrs. Lee Stinson, 3011 Avenue U, and Mr. and Mrs. Vicary of Hermleigh recently returned from a week's vacation to Tres Ritos, N. M.

Capt. and Mrs. T. R. Mitchell of Albany, Ga. visited his mother, Mrs. D. L. Winburne, 2605 Avenue J, over the weekend. Capt. Mitchell is in the Marine Corps.

Mr. and Mrs. George Lowe, Lamesa Highway, and their grandson George Goodman of Big Spring, Mr. and Mrs. W. O. Tipping, southwest of city, Mr. and Mrs. Mickey Sterling, John Robbie, and Melisa Anne of Knapp spent a ten day vacation together at Cedar Courts at Rock Port Beach. They went deep sea fishing and also toured Padre Island.

Tim Patrick, son of Mr. and Mrs. W. E. Patrick, 2903 Avenue T, has returned home from a five days stay at the Rocky Ledge Boys Camp near Kerrville.

Mr. and Mrs. Roland Davis and Dennis of Odessa spent Sunday in the home of Mr. and Mrs. C. E. Pierce, 1006 Twenty-fourth Street.

Mrs. C. C. Crumpley and Mrs. J. E. Knott and Alva of Dallas have returned home after spending a week in the home of their sister and her family, Mr. and Mrs. L. R. Putman, 2410 Thirty-second Street. The Putman's granddaughter, Linda Putman, of Houston, is spending three weeks in the home of her grandparents.

EASY-TO-BUILD—A planter box and attractive shelves make a modern piano an attractive room divider. This set-up was given a blond finish to harmonize with the limes-oak consolette. Bright colors also can be used.

No Place For Your Piano? Use It As A Room Divider

By VIVIAN BROWN
AP Newsfeatures Writer

IF THE YOUNGSTERS are tearful because there's no room for a piano in your house, here's a solution: Use it as a room divider.

One home I visited recently had made a carport into a music room to suit the needs of talented youngsters. In that room two pianos are placed back-to-back.

Everyone doesn't have room for development or money for that project. But a single piano might be used as a dividing line between two rooms, perhaps a dinette and a living room.

• • •

Here's an arrangement designed by W. W. Kimball: The piano has a planter unit that matches the piano, placed at its back. Make it this way . . .

Use 1-inch lumber. Uprights, shelves and planter bottom should be 1 x 6's. End uprights might be cut 2 inches shorter than the piano. Center upright is about 11⅝ in. shorter than end pieces so top edge of the 1 x 12 in. planter front board is even with the endpiece tops.

Six shelves may be cut to fit between end pieces and center upright. Check their length by laying out end pieces and planter front on your floor to see they are square, then measure shelf lengths.

Make the planter back 1 x 12 in. long and cut it to match the front panel. The planter bottom should be 1 x 6 in. lumber sawed 4⅛ in. wide to fit snugly between front and back panels.

Assemble planter - shelf unit by building the planter box first. Nail end pieces to front and back pieces and to the bottom piece. Then add center upright and shelves by toenailing where shelves join center upright or by fastening them in place with metal corners.

• • •

USE FINISHING nails and glue in the final assembly, setting the heads of the nails below the wood surface and filling in the depressions with wood putty.

Attractive front and back panels of the planter may also be made of tempered hardboard in place of 1 x 12 lumber. When using hardboard, cut the planter bottom ½ in. narrower that the end pieces and nail wooden cleats to the inside of the end pieces. Then nail the hardboard panels to the edges of the cleats and botom piece.

• • •

THE PLANTER itself may be made of galvanized sheet metal. A local tinsmith should be able to meet your specifications. Or as an alternative line the planter with asphaltum paint (roofing asphalt) and line it with heavy aluminum foil.

Fasten the planter shelf to the piano with screw hooks and screw eyes, or small screen hooks. Drive the hooks into the piano back and screw the eyes into the inside faces of the endpiece just below where they will be noticeable.

Finish the assembled planter-self to match (or contrast) with the piano color. If the piano is a blond or of the limed-oak variety, use a shellac over a thin coat of buff-colored flat paint to match it.

These days there is a trend to painting the piano to harmonize with room decor. Bright red, shocking pink, Bermuda blue, apple green, as well as other decorator shades, lifted perhaps from a hue in the rug, drapery or upholstery pattern may really set a room off like nothing else.

4-H Club Makes Plans

The Plainview 4-H Club girls met Monday afternoon in the home of Mrs. D. L. Hammit, Route 2.

During the meeting Patsy Hammit, Barbara Thornburg and Linda Stotion planned a radio program that is to be presented Saturday over KSNY.

Miss Ruby Butts, County Home Demonstration Agent, gave a demonstration to the girls on how their dresses will be scored during the dress review, a judging of 4-H Club girls' clothes that they have made.

Other members present were Patty and Ava May Owens.

Mrs. D. L. Hammit, Carol Sue Hammit and Gail Thornburg were visitors at the meeting.

Knit Terrycloth

Knit terrycloth is ideal for baby's sleeptime or playtime apparel. It comes clean in soap or detergent suds in a second, dries ready for wear without ironing, and never loses its shape.

Ladies Auxiliary of the Fire Department meet at 7:30 p.m. at the Fire Station.

O. E. S. stated meeting will be held at 8 p.m. at the Masonic Hall.

FRIDAY

Ladies Golf Association meets at the Country Club. Tee-off time at 8:30 o'clock.

Esther Circle of the North Side Baptist Church meets at 2:30 p.m. at the church.

Finger Sandwiches Good Party Fare

"Finger" sandwiches are fun. Serve them with salads or as party fare.

Trim crusts from slices of sandwich bread. Make a conventional sandwich using a favorite spread. Cut into three or four strips, depending of the width you like. If you favor fancier shapes, such as stars, hearts, diamonds, etc., cut the bread before spreading on the filling.

Home soda bar: top a chocolate ice-cream soda with a puff of whipped cream and a little grated orange rind.

Other low-price cars can't possibly give you these 7 big Plymouth extras!

Do you own a '53, '54 or '55 model of one of the low-price 3? Then here's what you're missing—look how much more the all-new Plymouth offers you:

Tomorrow's styling today: You can easily see Plymouth is all new, while other low-price cars haven't changed very much in the last two years.

Biggest, both inside and outside: Plymouth's the biggest, longest, roomiest car of the low-price three. A smoother ride and more room to enjoy it.

Exclusive Push-Button Driving: With a mere finger touch, you select your driving range—as you'd ring a doorbell. Positive, mechanical linkage.

Choice of two superb engines: Pick either Plymouth's sensational new Hy-Fire V-8 (with up to 200 blazing hp—up to 240 hp in the Fury) or the PowerFlow 6.

Top take-off and passing power: Plymouth's 90-90 Turbo-Torque provides the greatest breakaway and passing power in all models of any low-price car.

Greatest attention to safety: Plymouth gives you more standard equipment safety features—new SafeGuard door latches and dozens more.

Features that add up to bigger value: You'll find Plymouth's low price includes many *exclusive* luxury features at no extra cost. More car for your money!

There's never been a greater Plymouth—and there's never been a Plymouth that's easier to own. See your Plymouth dealer today!

POP

From the day you buy it . . . through all the years you own it . . . you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

PLYMOUTH costs less

Bible Thought

The angel of the Lord encampeth round about them that fear him, and delivereth them. Psalm 34:7.

EDITORIALS

A Hope For Moisture

It is ironic that the misfortune of some people proves to be a great benefit to others, but that is the way the universe functions in may instances.

So it is with the weather.

Atlantic and Gulf Coast areas are bracing themselves for the "hurricane season" which normally is enough to keep them on edge from August through October. The first tropical storms of the season already have made their appearance in their customary habitat and at this writing a full-fledged hurricane is bearingn down on the Florida Coast.

"Betsy", as this one was tagged by the Weather Bureau in its customary plan of attaching feminine lables to tropical storms, is the first really big storm of the season.

Yet, while Florida residents set themselves for a devastating blow from the elements, there are other areas of the country looking hopefully toward the hurricane season as a possible source of much-needed moisture.

In fact, West Texas annually pins its hopes for autumn moisture on tropical disturbances which often touch of widespread turbulence and send showers ranging far inland.

Thee turbulence, of course, must truly be widespread to penetrate the mainland to distant West Texas points such as Scurry County. But it has occasionally in the past and there always is hope that it will again.

As the Weather Bureau draws its names for the hurricanes, we can hope that somewhere down the alphabet a few stray showers will wander out our way.

The Election Of 1956

Most observers seem to think that the 84th Congress, insofar as its effects on next November's general election are concerned, was pretty much a standoff.

President Eisenhower did not get all he asked for, and he did get some things he didn't want, but the Democratic Congress could hardly be denounced as a "do-nothing" Congress by the Republicans or touted as having done an outstanding job by the Democrats. Inter-party relations in the Senate were on the whole very good, thanks to the respetive leaders, Lyndon B. Johnson of Texas and William Knowland of California. The other House, where Speaker Sam Rayburn and ex-speaker Joe Martin functioned with their customary efficiency, was also deviod of any interparty brawling.

There were no outstanding conflicts between the Democratic majority in Congress and the Republican White House. Nor did the bipartisan foreign policy suffer any very pronounced schisms.

The campaign of 1956 therefore will be fought out largely on traditional party lines and on the personalities of the rival presidential tickets. Barring unexpected developments, there will be no great difference between the respective party platforms on civil rights, including thte racial integration issue. Neither side will want to go all-out in either direction.

The determining issue, insofar as the presidency is concerned, may be the state of the President's health, granting that he permits his name to go before th convention and Nixon is his runningmate.

An Eisenhower in robust health, without any past record of illness, would be unbeatable. Even with this handicap he still might win on the stregth of his personality and his personal popularity, and lose on the strict party issue. Democrats outnumber Republicans by several millions, and a large percentage of Democrats of 1952 will return to the house of their fathers this year.

This is going to be a hard fight all the way.

That Could Cut Two Ways

Inflation By Any Other Name Still Has Same Effect On The Nation's Economy

By SAM DAWSON

NEW YORK (AP) — The purists say that inflation is the wrong word for what's happening today to the cost of living.

The rise in the price of materials and finished goods and the hike in the cost of labor and of services should, they say, be called by some other name.

But most men, noting that the month's bills are higher than they were a year ago, probably will go right on calling it inflation.

What the economists mean by inflation is the blowing up of the supply of money. As the supply multiplies the value of money goes down—as in the case of any other commodity. When you call today's dollar a 50-cent dollar you don't mean that it doesn't have 100 cents as always, but that it will buy now only as much as 50 cents would buy in the depressed '30s.

Economists lay most of the blame for this to the puffing up of bank credits and the money supply during World War II and the Korean War. This is a favorite device of governments for financing wars.

The same economists point out that what's happening to the cost of goods today is different. The government isn't inflating the money suply.

Actually the U.S. Treasury has made a token cut in the federal debt. The Federal Reserve Board is keeing credit tight and the money supply adequate but no more, and holding a firm thumb on any inflation of commercial bank funds. As a result yields on government bonds have risen and investors demand higher interest before parting with their funds, as some corporations and localities have learned to their sorrow.

This is the opposite of monetary inflation. And some interests, notably home builders, have protested against the policy.

Still the average man notes that he will be asked more when he buys a car this fall or a home appliance or a farm tractor or wants to put up a building or buy machinery. Men's suits will cost more and so will carpets and shoes and beer. Freight rates may go up again.

Faced with a stiffer demand on his pocketbook, his natural instinct is to try to get more money into that pocketbook to meet higher prices.

It does little good to tell him that if he demands a higher wage he will just add to the forces that are pushing prices up. What matters to him is that somehow he must have more money to provide the goods and services his family's appetites demand.

The wage-price spiral isn't monetary inflation, the purists say, and in time it may be self curing through competition and greater productivity and excess industrial capacity.

But to the average man monetary inflation and wage-price hikes add up to the same thing: the dollar buys less than it used to, whether of labor or of goods.

LITERARY GUIDEPOST

BEYOND THE BLACKSTUMP. By Nevil Shute. Morrow.

Stan Lairy, a young he-man, hair on his chest, browned, a Bible reader, a rare smoker, no drinker at all, a paragon from Oregon, comes back to report to his New York bosses on two years of oil prospecting in Arabia. A conscientious fellow, he is now to be sent to sheep country in Australia for two years more of the same work. But first he has 10 weeks of vacation with his folks in prosperous Hazel.

This northwestern town is pictured as the American, slick-magazine ideal: two cars a block long in every garage, electric gadgets, TV sets everywhere, and never a line to read unless it's the Bible or the Satevepost.

Now Stan had a past: a drinker in his teens and a madcap behond a wheel, he and a friend, Chuck, out with two girls, killed one of them, and Chuck wed the other — who evidently was carrying Stan's child. Nobody went to jail, but the whole un-American episode is hushed up in the American way — I'm telling what the novel says. In Australia nobody hushes anything up; people drink rum instead of milk, actually read books, give birth to bastards and don't mind who knows. All this is brought home to Stan when he falls in love with rich, red-headed, illegitimate Mollie Regan.

I occasionally praise books critical of America, and books by Shute, too, but not this one, which is obvious and superficial. The real trouble is that Shute, author of best sellers, wanted too many pages making out a case against us, and slipped up on the novelist's one and only job: Writing a good novel.

W. G. Rogers

Movie Producers Vie For 'Greatest Picture' Honors

By HAL BOYLE

NEW YORK (AP)—It is a poor year when Hollywood doesn't come up with "the greatest picture ever made."

But these are boom times, and this year the film industry has spent in the neighborhood of 25 million dollars on three pictures vying for the title of "the greatest ever."

Each is based on a literary classic the ordinary man has heard of all his life, but spent precious little time studying. They are Herman Melville's "Moby Dick," Leo Tolstoy's "War and Peace," and—the shortest of the three — the 10 Commandments Moses brought down from Mount Sinai.

Anyone who claims he has been too busy to read these masterpieces no longer can use that as an excuse. They'll all be available on the screen by the end of the year.

And if this 25-million-dollar gamble doesn't lure the American public away from its television sets and back to the box office, the homes of the movie moguls won't be decked with holly come Christmas. They'll be hung with black crepe.

Veteran Director King Vidor, who spent a year and a half filming "War and Peace," believes Hollywood's return to the colossal epic is its best bet for survival.

"The day of the cheap grind film is over," he said. "To get people out of their homes and into the movie houses you have to give them productions too big to fit a TV screen.

"And they have to be pictures big in theme, too, something they'll remember a long time."

Vidor spent $40 on his first film, a two-reeler on auto racing called, "The Tow," made when he was 18. He played six roles himself and married his leading lady, Florence Vidor, who later became a famous actress.

It cost six million dollars to make "War and Peace," a saga of Napoleon's fatal invasion of Russia and regarded by many as the greatest novel ever written.

"That's why I like this business," mused Vidor. "You can go from $40 to six million dollars in a single lifetime. It's the most expensive picture ever made up until now."

But this record, if it is one, has already fallen. Cecil B. DeMille is reported to have spent from 12 million to 15 million dollars on The 10 Commandments, the figure depending on which Paramount Pictures spokesman you talk to.

BUCKLEY

"I WONDERED WHO WAS GOING TO CLAIM IT."

Prestige, Political Pressure Are Two Major Factors In Suez Canal Seizure

By WALTER LIPPMANN

The Suez dispute is on two planes which, though they are related, need to be carefully distinguished in our minds. On one plane, the circumstances of the seizure of the Suez Canal Company are a spectacular test of prestige, precipitated by President Nasser in order to demonstrate that his power in the Middle East is greater than that of the Western nations. On the other plane, by taking over the administration of the canal, he is in a position to discriminate among the users of the canal, and to exert upon them political pressure.

On the first plane, that of prestige, the dispute is a showdown which, carried to its conclusion, would mean either the fall of Nasser or the collapse of the British, French, and American position from Morocco to the Persian Gulf. On the second plane, the issue is the modernization and the implementation of the treaty of 1888, guaranteeing free and equal use of the canal. The question, which has been posed in London, Paris and Washington, is whether to move on the first plane or on the second — towards a showdown with Nasser or towards measures to protect the international character of the canal. The decision agreed to by the Western powers has been to move on the second plane — that, as the London "Economist" puts it, "the immediate Western interest is not to teach Col. Nasser a lesson (he must learn his own lessons) but to keep the ships passing through the canal."

This is a wise decision, even from the point of view of the showdown on prestige. For if by patient, resourceful and disinterested diplomacy the treaty of 1888 can be modernized the reaffirmed, with general international support, there will be in the old Wilsonian phrase "peace without victory" in the canal zone.

* * *

There is, in fact, no other course open to us. For, except in the case of the Israeli ships which the Western powers have condoned, Nasser has not violated the treaty of 1888. To use force against him, say to blockade his ports or to reoccupy the canal zone, would, as of now, be aggression within the meaning of the United Nations would bring virtually the whole of Asia to Nasser's side and against the West. In all probability it would set off a chain reaction in the Arab countries, involving reprisals on the pipe lines and the oil fields.

There is every reason to suppose that the seizure of the canal company was carefully planned and prepared well in advance, and we must suppose that Nasser and the leaders in the Arab states have other moves prepared as their answer to Western intervention. It is not to our interest to provoke these moves since, as is self-evident, Nasser would have the moral and political support of such a large part of the world.

* * *

The British decision to evacuate its armed forces from Egyptian territory — a decision for which we have some responsibility — marked the end of an epoch in the Middle East. It means that national interests in the Middle East will have to be based not on vested rights but on contracts and agreements arrived at by the calculation of mutual advantages. It is too late to consider seriously as practical policy the restoration of the old relationship.

The Western powers can intervene if they are attacked. They can intervene to repel overt aggression. But they cannot intervine in order to impose the kind of regime they would like to see in the canal zone. They must use diplomacy to induce Egypt and its friends.

* * *

The dependence of Western Europe on the canal is undesirably big, and the dependence of Great Britain is even worse. Nearly half of the oil consumed in Western Europe last year came though Suez; for Great Britain it was 75 per cent. Whatever the guaranties that can be worked out by diplomacy, it will remian the stark fact that Nasser has physical control of the canal, that Western Europe can be critically hurt if the canal is closed.

For that reason, it is imperative that the Western powers concert measures to reduce their dependence on Suez, to break the monopoly which Egypt possesses over their vital communications. The less they are dependent, the more it will be to Egypt's advantage to keep open the canal on fair terms.

That is why we should encourage and help the British and the French who are thinking of such measures as: The building of more and bigger tankers to go around the Cape, and of a pipe line, conceivably even a second canal, from the Red Sea to the Mediterranean through Israel in order to by-pass Suez.

Demos Defy Superstition; Everything Ginger-Peachy

By INEZ ROBB

CHICAGO — Democrats, a doughty group addicted to living dangerously, have not feared to open their national convention on the 13th, in defiance of superstition — and perhaps in the belief that nothing worse could happen to 'em than happened four years ago.

On the other hand, there is no denying that there has been a run on rabbits' feet in Chicago in the past 48 hours. Novelty shops and souvenir counters are sold out, and a delegate in real need of a rabbit's foot in this metropolis today probably would be forced to go to the zoo and shoot it on the hoof.

Otherwise, everything is ginger-peachy at the International Amphitheatre where, during the next four or five days, speakers and delegates will concentrate on "the man who," "point with pride," "view with alarm" and pray that the teevee cameras point in their direction long enough to electrify the folks back home.

Delegates to a Democratic National Convention have never had it so good as the current crop who throughout the week will sit in the seats of Paradise. Seats of Chicago's defunct Paradise Theatre, plush and springy, have been especially installed for bona fide delegates. It will make sleeping much more comfortable during the oratorical seizures than ever before.

But alternates — and under the new party rules there are more of them than tea in China — will sit on the old bone-crushing, paralysis-inducing wooden folding chairs. In the old days, these chairs were not only credited with shortening the lives of delegates but the duration of conventions. If, after five days, delegates could still get up, they usually hobbled home.

However, now that delegates are in the seats of Paradise, this convention could go on indefinitely.

Hypertension, the curse of politicians, is being eased this year by the manufacturer of one of these new tranquilizer or happiness pills. He is providing delegates with free samples, and it could be that Pollyanna will win the nomination.

Nothing is too good for the delegates and the air, even hot, is changed 72 times daily in the huge auditorium, as well as washed and cooled. Furthermore, the telephone company has installed banks of the purtiest telephones you ever saw. They are brilliant red, white and blue, and some of them are even hung in round telephone booths of sky blue with seats of scarlet leather.

In addition, there is one booth that requires no hands, Ma. A loud speaker in the wall and a little mouthpiece near it and set in the wall, too, does the trick. There is only one other such booth in the country and that's at the Cow Palace in San Francisco where the Republicans will meet next week. Impartiality, that's what.

Fifteen hot-dog stands in the auditorium not only dispense coffee (15 cents), frankfurters (25 cents) and hamburgers (35 cents) but some concoction called "Affy Taples" (15 cents). Durned if they don't turn out to be taffy apples!

Taffy, that's the ticket, friends. You can't beat it at a political convention when it's served with a side order of guff.

WASHINGTON LETTER

Charms Make Music For Her Wherever She Goes

By JANE EADS

WASHINGTON — If an aura of faint music surrounds busy Bertha Adkins, assistant to the chairman of the Republican National Committee, don't be surprised. She carries the nostalgic melody "Stardust" in a miniature music box bangle from her wrist.

The charm, which hangs from a bracelet, has "Ike" inscribed on one side in rhinestones. If you tire of "Stardust" you can turn to "Let Me Call You Sweetheart," the tune which emanates from a similar charm dangling from the wrist of Ann Wheaton, the GOP Committee's director of women's publicity and its public relations member since 1940. The bracelets were gifts.

* * *

Anne Mansfield, daughter of Sen. Mike Mansfield (D-Mont), who will be a sophomore at Smith College next year, has a summer job in the Senate Periodical Press Gallery on Capitol Hill. She's tickled to get a job. She's been trying to get herself hired since age five when she answered an ad in her hometown Missoula newspaper to work in a drugstore and got turned down. Anne says she's thinking of going into journalism after she graduates from college.

* * *

Dr. Clifford Furnas, assistant Secretary of Defense, is raising watermelons and tomatoes — in a small way. His agricultural adventure is being tried out on the terrace of the Furnas penthouse apartment in nearby Arlington, Va. — one watermelon plant, one tomato plant!

* * *

Housewives are in the lead among the record number of American travelers abroad this year, according to the State Department's passport division. Some 43,785 housewives got passports during the first three months of 1956. This is 30,742 more than all groups of men seeking passports. Bachelor girl secretaries and clerks are next in number.

Ike Makes It Clear He Has Two Reasons To Run

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower has made it clear — but only lately — that he has a double reason for seeking re-election: the good of the country and the good of the Republican party.

Otherwise, he has said very little specifically about why he's running again.

Search the records of his news conferences and public statements since his heart attack and you find he never has said — in one-wo-three order — "here are my reasons for wanting a second term."

On Feb. 29, when he first said he'd try again, he was reported to have been overheard telling a friend: "I had to say yes because they told me they didn't have any time to build up another candidate."

He has never denied saying it. Asked directly at his May 4 news conference if it was true, he said:

"I have heard so many stories about my candidacy I couldn't possibly remember whether I ever said any such thing. And if I did, I could have said it facetiously."

Not long afterward Robert J. Donovan's book — "Eisenhower: The Inside Story"—was published. For that book, men around Eisenhower gave Donovan, a Washington reporter, inside information never published before.

Donovan said these three "considerations" were in Eisenhower's mind before deciding on a second term: urgings by top Republicans that he alone in the party could win the election; his own desire for more time to rebuild the party; and the part he could play in preserving peace.

RADIO-TV REPORT

By CHARLES MERCER

NEW YORK (AP) — The CBS-TV network will launch a scheme of "thematic" programming three evenings a week when the fall season gets under way, a run-down of its night-time plans reveal.

Thursday evenings viewers will see two and one-half continuous hours of drama. (All times listed are eastern.) "Climax!" remains in its current spot at 8:30 p.m. At 9:30 p.m., beginning Oct. 4, "Playhouse 90" will present a weekly 90-minute drama.

Friday evenings, long a dead spot on television, is opening up on CBS-TV as a "childrens' night," commencing at 7:30 p.m. when "My Friend Flicka" returns in a filmed series. At 8 p.m., beginning Oct. 5, will come "West Point Story," a filmed series based on life at the military Academy "Zane Grey Theatre," a series of filmed westerns, will bow in the same evening at 8:30 p.m.

On Saturday evenings, beginning Sept. 22, a new filmed childrens' adventure series entitled "Buccaneer" will make its appearance. The following Saturday Jackie Gleason returns to his formerly successful format of a live hour show at 8 p.m. The same evening of Gleason's return a new situation comedy, "Oh Susanna," starring Gale Storm, makes its debut. Beginning Sept. 8 at 9:30 p.m. will come a new musical situation comedy series called "Hey, Jeannie," starring Gale Storm.

There are no proposed changes in the current Monday evening CBS-TV schedule.

But Tuesdays might be called "comedy night," beginning Oct. 2. Following Phil Silvers in his present spot at 8 p.m. will come two new comedy programs. They are "The Brothers," a situation comedy at 8:30 p.m., and the Herb Shriner Show at 9 p.m. At 9:30 p.m. will come Red Skelton in a half-hour show. "The $64,000 Question" remains in its current 10 p.m. spot.

Only one change is planned in the Wednesday evening schedule. Beginning Nov. 7 a new quiz show called "Giant Step" will be seen at 7:30 p.m. The new show will have members of the younger generation competing for college scholarships.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THERE WILL BE TWO state champions in high school baseball next season, according to Dr. Rhea Williams of Austin, athletic director of the Texas Interscholastic League.

Dr. Williams revealed at the coaching school last week that a state champion would be named in Classes 4A and 3A.

Heretofore, 4A and 3A had been combined into one classification with only one state champion being declared.

Just how the districts in baseball will be lined up next season Dr. Williams isn't quite sure.

"We'll try to line the districts up the same as in football and basketball as much as we can," Dr. Williams said.

"Just what we're going to do with the districts who have only one school fielding baseball teams we don't know," Dr. Williams continued.

Snyder High School is in the latter category. It's still possible that Sweetwater will return to baseball next year but if she doesn't, then it looks like the Snyder will be the only school sponsoring a baseball program in District 3-AAA next spring.

Colorado City, Lake View or Lamesa, the other three schools in 3-AAA, have made no indications of fielding baseball teams next spring.

2 Districts May Be Combined Into 1 In Baseball

Dr. Williams didn't say it but it would be our guess that the number of districts in baseball will be cut to one-half of what it is in football and basketball.

To do this, two districts probably would be combined in this manner, Districts 1 and 2, 3 and 4 etc. through Districts 15-16.

If this should be the case, then Snyder would go into a district with Breckenridge, Brownwood, Graham, Mineral Wells, Vernon and Weatherford, all members of 4-AAA.

At least two of these schools, haven't been playing baseball in the past.

Eight teams will still make up the field at the state tournament next spring, Dr. Williams said.

Four teams in Class 4A and four in Class 3A will make up the state tournament field.

Next year's state tournament will be a two-day affair, the winners of the two games in each division the first day playing for their respective championships the second day.

---

with the districts in 4A and 3A classifications being doubled this coming year over last year, there will also be a change in the playoff schedule in football and basketball.

Classes 4A and 3A will have 16 districts next year as compared to egiht in each class last year.

There isn't much change in the football setup. A team will have to win four playoff games instead of three as it has been the past five years.

Change More Drastic in Basketball

The change is a little more drastic, however, in the basketball setup.

Next year, Classes 4A and 3A will engage in two playoff divisions, bi-district and regional, before qualifying for the state tournament.

The bi - district and regional games will have to be played off the same week, according to Dr. Williams.

So, instead of playing a best two-out-of-three series for the bi-district title as it has been in the past, a one-game "sudden death" playoff will be held. The same will hold true for the regional finals.

Dr. Williams said each region could choose between two things in setting up the basketball playoffs:

(1)—Hold a single tournament with the four district winners in each region competing; or (2)—set up bi-district games on one or the other's home court and let the two winners meet on a court to be aggreed upon by the competing schools.

Each regional winner will gain a berth in the state tournament. The state tourney field will consist of the same number of teams from each classification as in the past, four each from 4A, 3A, 2A and 1A and eight from Class B—total 24.

There'll be a slight change in the track program next year, too.

Each of the 16 districts in Classes 4A and 3A will have its own district meet. Then the four districts forming the region in each classification will convene in an overall regional meet, meaning Districts 1-4 in both 4A and 3A will gather for one regional meet, 5-8 in another etc.

Arnett To Stay At USC; Knox To Pro

LOS ANGELES (AP) — Southern California's fleet halfback Jon Arnett has bypassed Canadian League pro football offers ranging from $16,000 to $20,000 to stick with his alma matter. But UCLA's passing star Ronnie Knox has decided to turn professional at once.

Back of Knox's decision is the uncertainty about his eligibility and the failure of UCLA to support his claim that he hasn't been receiving financial aid under cover.

Arnett held a brief press conference yesterday with his coach Jess Hill and told newsmen he had decided to finish his education.

"After all, that's why I came to the University of Southern California," he said. "Someone might question my turning down such flattering offers from Canada, but after careful thought I decided to finish school first, then consider any future I might have in professional football. If I had made any other decision, I'd find it very hard to live with myself."

With Arnett in the backfield for five games, the Trojans figure to make it interesting for anybody in the Pacific Coast Conference this fall.

But over at the UCLA campus the Bruins learned that Knox had decided to capitalize on his talented right arm. The Hamilton Tiger-Cats of the Canadian League announced they had reached an agreement with Knox and his father Harvey, and that they will fly to Ontario today to sign a 1956 contract.

Eagles Win 7th Straight

By The Associated Press

Dallas, leading the Texas League by a 5½-game margin, won its seventh straight Tuesday night in beating San Antonio 2-0.

Murray Wall allowed San Antonio seven hits and only one was an extra-base blow. Dallas let Don Taussig and Bob Schmidt do the work. They drove in a run apiece in the second inning.

Runner-up Houston faltered, losing to last place Oklahoma City 7-5.

Oklahoma City battered 15 hits, including a three-run homer by Bill Antonello and a two-run circuiter by Keith Little, and came from behind to whip Houston.

Third place Fort Worth snapped a three-game losing streak by licking Austin 6-5, using the home run to accomplish the victory. Pete Gray, Jim Frey and Don Demeter parked the ball for the Cats.

Tulsa clouted Shreveport 4-3 with Bob Will rapping a 2-run double in the seventh to provide the margin. Ernie Groth pitched no-hit ball for four innings in relief to help hand Tulsa its triumph. Jim Fanning homered for the Oilers.

Peacock Wins

LOS ANGELES (AP) — Mexico City's Jose (Toluco) Lopez gave it everything he had, but Billy (Sweetpea) Peacock of Los Angeles gained the unanimous decision in their 10-round fight at Olympic Auditorium Tuesday night.

Two Upsets Recorded In Newport Play

NEWPORT, R.I. (AP) — Events in the Newport Tennis tourney suggest that the center of U.S. tennis may be shifting from California to Florida.

So far, the oldest of U.S. court carnivals had had two upsets and both by Floridians. Monday Mike Green of Miami Beach wrecked Roy Emerson, sixth-seeded Australian, yesterday, and Al Harum, of Coral Gables, crushed seventh-seeded Sid Schwartz, of Brooklyn, 6-2, 6-4. To enter into the quarter-finals, Harum must now knock out Mal Anderson, of Australia.

Green gives Florida a dual delegation in the round of 16. After yesterday's triumph over Pancho Llamas, of Mexico, Green will oppose Bill Quillian, of Seattle.

First-seeded Ken Rosewall, of Australia, will duel Barry McKay, of Dayton, Ohio and Ham Richardson of Westfield, N.J., second seed and defending champ, takes on Mike Davies, of England.

The best match today looks like third-seeded Ashley Cooper of Australia vs. Sam Giammalva, of Houston, Tex., who entered too late to be seeded. Other singles pairings; Neale Fraser, Australia vs. Alec Olmedo, Los Angeles, Calif. Perry Moss, Modesto, Calif., vs. Grant Golden, Willmette, Ill., Al Morris, Atlanta, Ga., vs. Whitney Reed, Alameda, Calif.

The Cooper-Giammalva clash is a test between two of the second-line Davis Cuppers and a couple of youngsters who possibly could be fighting each other in top cup battles in years to come.

Hobbs Ups Lead To 11

By The Associated Press

Hobbs, leading the Southwestern League since May, increased its margin to 11 games by beating Plainview 18-10 Tuesday night.

With only 24 more days left in the season, the Sports lacked one game to clinch the championship.

El Paso dropped behind a game in second place with a 5-4 loss to Pampa. Carlsbad beat Ballinger 4-0, Midland whipped San Angelo 3-1, and Roswell stopped Clovis 11-8 in 10 innings.

The teams remain stationary tonight with Ballinger at Carlsbad, San Angelo at Midland, El Paso at Pampa, Hobbs at Plainview and Roswell at Clovis.

Hobbs pounded out 20 hits, including eight home runs. The Ponies had two round-trippers.

Carlsbad's Harry Young tossed a five-hit game against Ballinger, struck out five and walked only one.

Pampa's victory over El Paso broke a five-game losing streak for the Oilers.

A double by Glen Selbo in the eighth inning was the big blow for Midland against San Angelo. The game was tied at 1-1 when he got the hit.

Roswell exploded for four runs in the top of the extra inning at Clovis. The Pioneers had come from behind and tied the game in the bottom of the ninth.

Abilene Hurler Out Temporarily

ABILENE (AP)—Ben Swaringen, ace Abilene pitcher, flew to Kansas City today to have a check of a cist just below the elbow of his pitching arm.

The Big State League hurler will rejoin the club at Corpus Christi if an operation isn't necessary, Manager Al Evans said.

Wichita To Honor Alpine's Kokernot

ALPINE (AP)—H. L. Kokernot Jr., sponsor of the Alpine Cowboys, will be honored at Wichita, Kan. Friday night as the man doing more for semi-pro baseball during the past 10 years than any other.

It is quite appropriate because right afterward his team will play March Air Force Base in the national semi-pro tournament.

The Cowboys were runners-up in Texas, losing to Sinton in the playoff series. Sinton also will have a club at Wichita.

Johnny Podres, former Brooklyn Dodgers pitcher, will start for Alpine. Among the 20 players on the Alpine team are Rick Herrscher, SMU shortstop; Don Pressley, SMU pitcher, and Tommy Show, former Texas first baseman now at Fort Bliss. Tom Chandler, baseball coach of Adamson High School in Dallas manages the Cowboys.

SWIMS LAKE ONTARIO—Brenda Fisher of Grimsby, England, completed the 32 mile Lake Ontario swim in the record time of 18 hours, 51 minutes. She beat the Marilyn Bell's time by 2 hours, 5 minutes. Miss Fisher is about to be assisted out of the water by a policeman at the east Toronto, Can., beach.

FROM LEADING HERMLEIGH

Sun Oil Captures 11-Inning Thriller

Sun Oil outlasted Hermleigh, 10-4, in an 11-inning marathon in City League action last night at Towle Memorial Park.

It was the first defaet for Hermleigh in second half play. Hermleigh, however, retained its league leadership with a 5-1 record. Snyder Furniture is second with 4-2 with Sun in third with 3-3.

Last night's Sun-Hermleigh game was 4-4 going into the 11th inning Sun broke loose for six runs to break the deadlock. All of Sun's 11th inning runs came after two were away.

Sun tied the game up in the seventh when Jimmy Smith blasted a two-run double to knot the count at 4-4. That's the way it stood until Sun's explosion in the 11th.

Hermleigh threatened seriously to win the game in bottom of the ninth when she loaded the bases with one away. But Don McNew lined into a double play to kill the threat.

Don Ballard went the distance for the Oilers, striking out four and walking four and surrendering eight hits.

Grady Gafford, who started and lasted until two were away in the 11th, was charged with the loss. He was relieved by Ted Masters who finally put out the fire in the top of the 11th.

Gafford whiffed six and passed five.

Hermleigh executed two double plays to cut short potential Sun rallies.

Dick Sparks, Sun right fielder, with four hits in six trips, led both teams at the plate.

In next league action, Sun meets Snyder Furniture tomorrow night.

Last night's box:

Hogan Seeks Tax Refund

FORT WORTH (AP)—Ben Hogan, the famous golfer, and his wife are seeking recovery of $20,294.83 he says he overpaid the government in taxes in 1950.

Of the amount sought, $16,043.34 is what the Internal Revenue Service said Hogan owed as additional tax due on $45,000 he was paid for motion picture rights on the story of his life, "Follow the Sun."

The picture was made after his golfing comeback from injuries suffered in an automobile-bus crash in 1949.

The remainder of the amount sought by Hogan and wife, Valerie, represents interest on the purported tax overpayment since Aug. 15, 1955.

The Hogans' petition says that in their joint income tax return filed for 1950 income they reported receipt of the $45,000 as a long term capital gain item, interpreting the sale of film rights for the Hogan story as exchange of a capital asset.

The deficiency notice sent the Hogans by the commissioner of internal revenue held that the $45,000 paid the Hogans was ordinary income and not gain from sale or exchange of a capital asset.

Albert 2-Under

CAMP PENDLETON, Calif. (AP)—Second Lt. Don E. Albert of Camp Lejeune, N.C., shot a two-under-par 70 today to take a two-stroke lead in the open division of the All-Marine golf meet.

Philadelphia Phils Hottest Team In National Loop Race

By ED WILKS
The Associated Press

Harvey Haddix, the guy St. Louis "couldn't use," and Curt Simmons, a springtime bust, are having themselves a ball these days even though the Philadelphia Phillies can't seem to make the unexpected boost pay off.

The two southpaws each gained their seventh straight victories with a pair of six-hitters last night as the fifth-place Phils swept a twi-night double-header with the still plunging Pittsburgh Pirates 3-0 and 11-2.

The sweep gave the Phillies a solid .636 winning percentage since the All-Star Game, yet they've been able to move up just one spot in that fast-stepping National League pennant race and still trail the leaders by 12 games.

Philadelphia managed to pick up just half a game on fourth-place St.Louis as the Cardinals rocked Milwaukee 6-2 and prevented the first-place Braves from padding their two-game lead over Brooklyn, beaten 3-1 by New York's reluctant Giants. Third-place Cincinnati moved back to within three games of the lead by defeating the Chicago Cubs 2-0.

In the American League, Mickey Mantle socked away his 42nd home run, staying 13 games ahead of Babe Ruth's record-60 pace in 1927, as the New York Yankees whacked Boston 12-2 and ballooned their lead to 9½ games after Detroit knocked off Cleveland 6-4 in 15 innings. The Chicago White Sox hammered Kansas City 12-1. Baltimore defeated Washington 3-0.

Haddix, 30, whom the Cardinals wrapped up with Stu Miller and Ben Flowers in a May swap for Murry Dickson and Herm Wehmeier, shut out the Pirates in the opener on five singles and a double by loser Bob Friend.

In the nightcap, Simmons hung up his seventh straight complete game in his "comeback" from springtime sore-arm miseries, and breezed in as the Phils jumped Red Munger in an eight-run second inning.

Rocky Nelson, who returned to the Cardinals when the Dodgers gave up on him, socked a two-run pinch homer to beat the Braves and Bob Buhl. The homer gave St. Louis a 3-2 edge in the sixth and Dickson took it from there, scattering nine hits for a 9-9 record.

Willie Mays' 20th home run beat the Dodgers, coming with a man on to cap a three-run eighth. Jim Hearn won it, with Marv Grissom mopping up, after the Dodgers had broken up his shutout duel with Sal Maglie in the seventh.

Wally Post's 22nd homer gave the Redlegs a 1-0 lead against bonus boy Don Kaiser and the Cubs then chipped in an unearned marker toward Joe Nuxhall's five-hit shutout.

Mantle's homer came with a man on off Mel Parnell in a three-run third that iced it for Johnny Kucks' 16th victory. Billy Martin, with a home run, double and infield grounder, drove in four runs. Billy Klaus and Jackie Jensen homered for the Red Sox.

Wayne Belardi and Ray Boone homered in the 15th for the Tigers off reliefer Don Mossi, who with starter Early Wynn had retired 28 in a row over one stretch. Al Smith's homer with two on tied it at 3-all for the Tribe in the eighth. Gene Woodling socked a solo shot in the 15th off winning reliefer Jim Bunning.

Larry Doby, with four RBI, and winner Jack Harshman each slugged two-run homers for the White Sox. Harshman gave the A's just four hits.

Connie Johnson set down the Senators on six singles and struck out 11. Two of the Oriole runs were unearned.

'Taking 'Em One At A Time'--Haney

ST.LOUIS (AP) — Fred Haney, manager of the league-leading Milwaukee Braves, is going to "play them as they come" instead of fretting about the grueling six-week home stretch.

The Braves had a chance last night to widen their margin over second-place Brooklyn but took a 6-2 defeat from the St.Louis Cardinals. It left Milwaukee two games up on the Bums and only three ahead of third-place Cincinnati.

"We're going to play every game as it comes along," Haney said. "The team we have to beat right now is the Cardinals."

St.Louis, with a 7-6 margin, and Philadelphia, 9-6, are the only two clubs in the league with an edge over the front-running Braves. Brooklyn is 8-10 and Cincinnati 4-9 against the leaders.

Haney managed to find a bright spot out of the loss to St.Louis as his big fast-balling right-hander Bob Buhl made his first start in 11 days after suffering a chipped bone in the index finger of his pitching hand.

Buhl gave up three runs and five hits in the six innings he worked. He walked four, two of whom came on to score, but didn't strike out a batter. It was his fifth defeat against 14 wins.

One of the hits was a decisive two-run pinch homer by Rocky Nelson.

"Buhl's ready to go," Haney said, "and that's heartening."

Lefty Warren Spahn will work for the Braves tonight against Tom Poholsky for the Cards in the second game of a three-game series.

Texettes In 15th Victory

The Snyder Texettes won their 15th game in 22 starts last night with a 7-6 victory over Johnson-Connelly of Lubbock at Towle Memorial Park.

Juanita Farren was the winning pitcher for the Texettes while Bea Sears absorbed the loss.

The Texettes will play Bronte here Friday night in their next outing.

Ted, Mickey Packs 'Em In

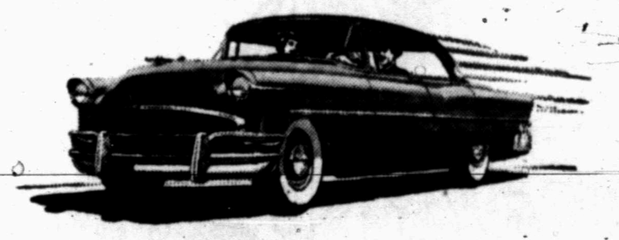

NEW YORK (AP)—The combined attraction of Mickey Mantle's bat and the unpredictable Ted Williams lured 52,409 fans into Yankee Stadium last night, the largest single-game crowd in the majors this season and enough to put New York's American League leaders over the million mark for the 11th straight year.

Mantle obliged with his 42nd home run (keeping him 13 games ahead of Babe Ruth's record pace) and singled twice for a perfect night at bat as the Yanks thumped the Boston Red Sox 12-2.

Williams, making his first appearance here since his $5,000 spitting fracas, played it straight and singled once.

The Yankees, with 1,047,353 through the gates this season, now have topped the million mark in 20 seasons.

Test Drive Today's New Flite-Fuel

Discover why we say:
IT'S PERFORMANCE THAT COUNTS!

Check off these Performance Advantages of Flite-Fuel

HIGHER ANTI-KNOCK—Flite-Fuel is fortified with high octane components to provide utmost smoothness and power in today's high compression engines.

EASE OF STARTING—Even a cold engine starts easily, warms up quickly with Flite-Fuel . . . summer or winter.

FAST ACCELERATION—Feel the instant response you get with Flite-Fuel. Controlled volatility is the reason.

CLEAN-BURNING—Flite-Fuel contains extra amounts of high purity, clean burning natural gasoline.

MORE MILEAGE—The more you drive with Flite-Fuel the more you'll appreciate the added miles in each tankful.

● Claims of gasoline performance are one thing—actual performance something entirely different. That's why we make this suggestion: you have nothing to lose and a lot to gain by test driving Phillips 66 FLITE-FUEL. Let your car's performance be the judge.

You'll discover ease of starting and responsiveness that you may never have suspected your motor could deliver. You'll benefit from the smoothness of advanced high octane. You'll get the advantages of controlled volatility and positive anti-stalling, and more miles per gallon, too. No other gasoline gives you the combination of high performance components you get in FLITE-FUEL.

Why not give FLITE-FUEL a try? Fill up today at any station where you see the familiar orange and black Phillips 66 Shield.

FOR 16½ FEET

Clan Is Planning Toll Road

WOLF CREEK, Ore. (AP)—Southern Oregon's Stumbo clan, not in a bargaining mood, made plans today to operate a toll road 16½ feet long on the busy Pacific Highway.

Robert G. Stumbo, Wolf Creek logger and spokesman for his two brothers and a cousin, was surprised to learn that the Oregon Highway Commission — after two days of file searching — had admitted its mistake. The commission said the contested strip of U.S. Highway 99 had been overlooked in the past and, by golly, Robert, Harry and Allan Stumbo — the brothers — and cousin Clair W. Stumbo do have a lawful claim on the property.

The Highway Commission, not impressed with the toll road idea, is ready to negotiate with the Stumbos and buy the strip.

Stumbo announced at once that his attorney would handle any negotiations.

"I can imagine they are quite embarrassed," he said.

But as for the toll road . . . "Well, we'd like to sort of follow that along."

The family began making news and ribbing the state last Sunday when they stretched a rope across their strip and put up a big "private property" sign on a long straightaway, 10 miles north of this small logging community. Traffic was *delayed* . . . half an hour and the Stumbos had a start.

The day after the traffic-stopping they applied to the county clerk in nearby Roseburg for permission to operate the disputed strip as a toll road. The application even included a proposed rate schedule for livestock and wheeled vehicles.

Robert Stumbo told a reporter, "The Highway Commission has always pushed the little guy around down here in southern Oregon . . . and it occurred to us that if we're paying taxes on the property we just might as well take it over."

Rayburn Hits Out At Foreign Policy

CHICAGO (AP) — The top Democrat in the House of Representatives says the Eisenhower administration hasn't produced "a single new effective contribution toward world peace."

Taking over as permanent chairman of the Democratic National Convention, Speaker of the House Sam Rayburn of Texas last night hit at the Republicans for "mishandling" foreign policy and taking "the most serious risks" with the lives, fortunes and honor of the American People.

At home, he said, the Republicans have practiced a backward labor policy, taken income "out of the pockets" of farm families, and allowed many small businesses to go "to the wall."

Rayburn's induction as permanent chairman was the signal for a boisterous demonstration by the Speaker's fellow Texans in the big hall.

Rapping the gavel, Rayburn halted the demonstration with the smiling observation that "I'm not a candidate for anything."

He is a candidate for re-election to the House, where he already has served for more than 43 years. But he obviously was referring to the fact that most floor demonstrations are staged for candidates for the party's presidential nomination.

In the speech that followed, Rayburn said, "The end result of four years of Republican mishandling of our foreign affairs is such that we have fewer friends than ever before, and we have made enemies of many that were our friends . . ."

Rayburn aimed several of his thrusts right at President Eisenhower.

At one point, he said, "The man primarily responsible . . . for the conduct of foreign policy simply is not handling the job."

And at another point he charged that under Eisenhower "we have an administration that has developed the classic Army buck-passing game ot new heights."

3 Missing Islands Are Still Taxed

RICHMOND, Va. (AP) — City tax officials confessed they've been sending out tax bills for years on three small islands in the James River whose location is unknown.

The bills have been returned for years because the owners can't be found, either. But tenacious tax officials keep the islands — there of more than 50 in the Richmond section of the river—on the tax rolls.

G. S. Crenshaw, deputy city assessor, said yesterday maps and records showing the location of the islands were destroyed or misplaced years ago. He doesn't know when the last city appraiser visited the islands, so every year he assesses the unseen property at the same value as the previous year—$550, $380 and $200.

Crenshaw said he'd really like to take the islands off the tax rolls, but first he'd have to prove conclusively they don't exist.

To do this, he'd have to go where the islands are supposed to be to see if they are. If he could get there, however, the islands wouldn't be lost in the first place.

Sweetwater Fatality

SWEETWATER (AP)—The 2-year-old daughter of Mr. and Mrs. Raymond Smith, Bonnie Sue, was accidentally shot and killed yesterday.

Reservoirs Are Down

AUSTIN (AP) — Texas reservoirs are continuing to supply most of the surface water in the state but were down 20 per cent as compared to the same month in 1955, the State Water Board said yesterday.

In its monthly report, the board said the major reservoirs held only 51 per cent of their potential. In July, 1955, it was 71 per cent.

"The 5,100,000 acre feet of water at the month's end represents protection from disaster for a major part of the state," the report said. "Texas reservoirs are proving their worth and exemplify sound planning."

But increasing deficiencies in stream flow and decreasing storage in reservoirs has resulted in rationing in many cities.

Water levels in wells continued to drop, establishing all-time record lows in five areas and new July lows in two others.

The statewide rainfall average was 45 per cent of normal for July, the report pointed out.

No Water, Just Oil

GLASGOW, Ky. (AP) — Farmer Gilliam Wade decided to have something done about a well that was drying up. Workmen began digging and, by the time they reached 200 feet, struck oil. Another well was started near the first one last week, and, by yesterday, the number of gallons being pumped still hadn't been determined.

NOT ALONE WITH HIS THOUGHTS—Sen. Lyndon Johnson of Texas was in a contemplative mood at a meeting of the Texas Democrats in Chicago who are boosting his status as a prospect for the party's presidential nomination.

Doris Stayles State Witness

LUBBOCK (AP) — Miss Doris Sayles, notary public of Big Spring, formerly of Brady, became the fourth state witness to be presented in the B. R. Sheffield veterans land case trial as she testified yesterday.

Miss Sayles testified that she notarized numerous veterans' applications for land at the request of Sheffield when the veterans themselves were not present.

When asked by defense atty. Everett Looney if she knew that she was subject to prosecution herself, Miss Sayles answered, "Yes sir." She said she had made "false acknowledgment" in papers in as many as 100 veterans land cases.

Testimony by Miss Sayles followed that of Brady real estate man L. V. Ruffin, who continued his testimony yesterday morning.

Former State Land Commissioner Bascom Giles is serving a 6-year term for his part in the veterans land scandals.

Agreement Signed

TAIPEI (AP) — Nationalist China signed today an agreement to buy $9,800,000 worth of U.S. surplus farm products. More than half of the money involved is for cotton.

Fiery Democratic Oratory Dies Down

CHICAGO (AP)—If by some trick of electronics the Democratic National Convention appeared exciting to you on television last night, you'd better trade in your set.

Considered strictly as a show, the party's performance in Chicago's cavernous livestock ampitheater had all the drama of a mail order catalogue. There was little of the fire-eating whoop and holler exploded on opening night by Gov. Frank Clement of Tennessee, the keynoter.

A warm ovation greeted bald, dour Sam Rayburn, speaker of the House, when he took over the gavel as permanent chairman.

"Mr. Sam" accused the Republicans of mishandling foreign affairs and said President Eisenhower must bear that responsibility. In passing, Rayburn noted, "We're not going to make the health of the President an issue." This, apparently, is becoming one of the most frequently mentioned non-issues of the convention.

The next featured speaker might have been expected to provide some dramatic irony. Just four years ago, in the same hall, he was working furiously for the nomination of Dwight D. Eisenhower.

Sen. Wayne Morse of Oregon returned as a Democrat and excoriated the Eisenhower administration as "government by big business regency."

But neither Rayburn nor Morse could ever be accused of inciting a mob to riot. While their appearances drew a noisy hand and waving of state banners, their rhetoric was interrupted only spasmodically by scattered applause.

Many of the blue delegate seats stared back emptily at the speakers. Most of those who remained on the premises were busy not listening. They read newspapers, milled in the aisles or clotted around ubiquitous TV interviewers, the fellows with the fantastic mobile equipment that looks like it came from outer space.

Before the convention, there was considerable talk about the need for streamlining and dramatizing the big political clambakes for the sake of the television audience. Thus far, the Democrats have revealed no new techniques except movies and quiz shows on the podium.

Last night's film was a clip from "The Best Years of Our Lives," used to introduce Harold Russell, the armless war veteran who was featured in the movie.

The convention's real excitement, of course, was still back in the downtown hotel rooms, in the crowded corridors and lobbies where Adlai Stevenson and Gov. Averell Harriman of New York continued their tug-of-war over delegate votes.

While speakers in the hall were unanimously lambasting Republicans, the Democrats downtown were doing considerable intramural mauling. Probably the best description of the situation came from a Kansas delegate. Asked how his delegation would go, he said, "I don't know but we're sure working on each other."

After the night session, former President Truman, Stevenson and other party bigwigs gathered at a hotel shindig thrown by Perle Mesta, the Democrats' Elsa Maxwell. They drank champagne from glasses trimmed with pink rosebuds. The party of the common man also ate uncommonly well — lobster, ham, turkey, three salads, strawberries in brandy and petits fours.

Mesta's Party Is Called 'The Besta'

CHICAGO (AP) — Perle Mesta's party may not have been the mosta but it came close to being the besta.

Where else can you find H. V. Kaltenborn imitating Harry S. Truman imitating H. V. Kaltenborn?

Where else do they serve you champagne in glasses with pink rosebuds around the stems?

And where else does a master of ceremonies wearing An Averell Harriman button suddenly remember he was supposed to introduce a man named Adlai E. Stevenson, only to discover Stevenson had already left? The M. C., Irish tenor Phil Reagan, never will live that one down.

Mrs. Mesta, a formidable party-giver who used to be minister to Luxenbourg, planned originally to have only a modest 350 or so guests at last night's champagne supper.

All sorts of people, including reporters, kept pestering her for invitations, however. So she wound up with a good 500 guests in a hotel ballroom that can accommodate half that many. In the confusion some guests never did get a drink. But they saw a whale of an off-the-cuff floor show.

Martha Roundtree, who moderates television panel shows, lined up the politicians on her right, the celebrated commentators and reporters on her left, and they exchanged barbs in a free-wheeling fashion you don't often see on your TV screen.

Somebody reminded Kaltenborn of the celebrated imitation Truman did of him after the 1948 election. Kaltenborn rose to the occasion. He did an imitation of Truman imitating Kaltenborn. It brought down the house.

One roaring spectator: H. S. Truman.

Sen. Estes Kefauver was there. So were — oh, just name about anybody at the convention. They mostly were there except Harriman, who missed the big plug the man Reagan gave him.

(Reagan swears he forgot he was wearing that Harriman button when he stepped up to the microphone to introduce such performers as Vaughan Monroe and Johnnie Desmond.)

Slave Labor Estimate

WASHINGTON (AP)—The U.S. Information Agency published an estimate that about 15 million Chinese have been forced into slave labor during the six years of Communist rule in China.

Negotiations Told

NEW YORK (AP)—CBS-TV is reported negotiating with Metro-Goldwyn-Mayer pictures for lease of 750 feature films.

Decorated Airmen Dies In Auto Crash

MILDENHALL, England (AP)—An auto crash last night killed Col. David C. Schilling, 37, one of America's most decorated fliers.

Schilling became a top U.S. Air Force ace in World War II by shooting down 23 German planes in combat and destroying 10 others on the ground. He won the Harmon International Air Trophy in 1951 as the year's outstanding flier.

23 Are Sentenced

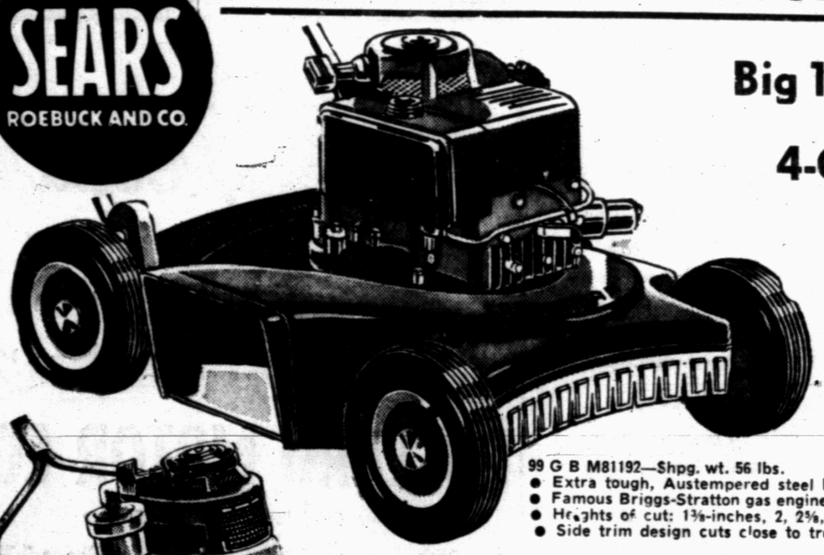

CARACAS, Venezuela (AP) — A court has sentenced 22 men and a woman to prison terms ranging from 12½ to 20 years for complicity in the assassination of Acting President Carlos Delgado Chalbaud on Nov. 13, 1950.

LIVE MODERN THIS WINTER ...enjoy healthful, conditioned-air gas heating!

Give your family all the healthful comforts of modern, fully automatic "whole-house" heating!

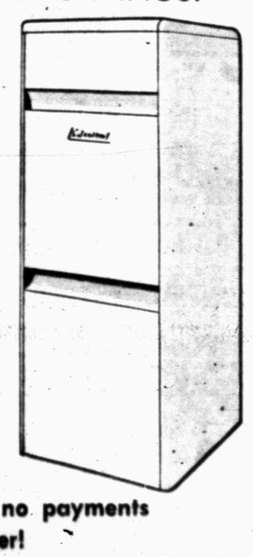

Enjoy better living this winter. Enjoy the wonderful warmth of "whole-house" central heating.

It's as automatic as automatic can be. Set it, forget it . . . automatically, all winter long a houseful of healthfully fresh, filtered heat. These modern central systems help keep every room — from wall to wall, ceiling to floor — at even temperatures. Floors in every room stay draft-free, toast-warm, "baby-safe" . . . even in the coldest weather!

Economical, too! Automatic temperature controls give just the heat needed . . . not wasteful, "too hot," "too cold" heating. And now, before winter sets in, priced at *special summer savings*. Built to fit your needs, priced to fit your budget!

NOW! SPECIAL SUMMER SAVINGS!

UP TO $75.00 TRADE-IN ALLOWANCE on your old space heaters toward purchase of a NEW JANITROL CENTRAL FURNACE for modern "whole-house" gas heat
