# Congress Heading Into Final Round

WASHINGTON (AP)—Congress turned its attention today to relatively minor matters after its first veto-victory over President Eisenhower in his 6½ years in office.

It goes back into high gear Saturday in a final spurt for hoped-for adjournment next Monday just before the Washington arrival of Soviet Premier Nikita Khrushchev.

Two major matters and many lesser ones were disposed of Thursday.

Both houses overrode Eisenhower's objections and passed finally a $1,185,309,093 money bill to finance flood control, harbor and other public works projects. In doing so, Congress upset the first Eisenhower veto of the 146 he has issued since 1953.

The House completed congressional action on a third-try billion dollar housing bill which the White House has indicated Eisenhower will sign. He had vetoed two earlier measures.

The Senate passed a bill which would make it easier for this country to extend aid to Poland and other Iron Curtain countries seeking a measure of independence from Moscow. But Sen. Styles Bridges (R-NH), whose opposition helped defeat a similar bill by a single vote last year, called or reconsideration before sending it to the House.

The House may act today on a compromise version of a farm surplus disposal bill. Worked out last night by a conference committee, the measure would extend for two years the present program of selling surplus crops overseas in return for foreign currencies.

The conferees agreed on a two-year extension, with authority to sell 1½ billion dollars worth of products a year and to give away up to 300 millions more a year for emergency relief. The bill also would permit, but not compel, the Agriculture Department to set up a food stamp plan to supply commodities to needy persons in this country.

Another conference group, though apparently deadlocked, tries again today to reach agreement on a bill to permit raising the interest rates on series E and H savings bonds.

The development watched with most interest Thursday was Congress' quick action in passing the public works bill over Eisenhower's veto.

It took the House just 30 minutes and the Senate less than 40 minutes to shatter the President's record of making all of his vetoes stick.

The House vote was 280-121, a margin of 12 votes more than the two-thirds required. Twenty Republicans joined 260 Democrats to upset the President, while 5 Democrats teamed up with 116 Republicans to support him. Just a week ago the House fell one vote short of overriding an almost identical measure.

The Senate bowled over the President by a vote of 72-23, an edge of 8 votes over the needed two thirds. Twelve Republicans and 60 Democrats were on the winning side, with 21 Republicans and 2 Democrats on the short end.

Eisenhower vetoed the bill, as he did the earlier one, because it included financing for 67 projects not provided for in his budget.

Thursday's action left one major hurdle between Congress and adjournment. The Senate Saturday takes up a House-passed foreign aid aprpopriation bill providing about $3,290,000,000 in new aid funds and about 400 million more for miscellaneous other purposes.

Scheduled to be added to it on the Senate floor is an amendment to extend for two years the life of the Civil Rights Commission, which otherwise would expire next November. Southern senators plan a token filibuster against the amendment and might delay a final vote until Monday.

The skids are greased in the House to accept the civil rights amendment and compromise the money matters.

That would pave the way for final adjournment of the session sometime Monday.

**CHARGED IN BOMBING** — E. A. Lauderdale, right, charged in connection with three bombings at Little Rock, Ark., emerges smiling after a conference with his attorney, Amis Guthridge, left, Guthridge, attorney for the segregationist Capital Citizens Council, waited more than four hours to see Lauderdale, J. D. Sims, 35, not shown, was charged in connection with the bombings earlier, but did not talk with Guthridge, who said he also represents Sims. The blasts were directed at school and city officials' property. (AP Wirephoto).

# Proposal Requested On Courthouse, Jail

A movement began here this morning to bring "to a head" action concerning the much-discussed county courthouse and jail.

The civic affairs committee of the Chamber of Commerce, in a meeting this morning, launched circulation of petitions calling for the county commissioners court to consider a new courthouse and jail.

Slightly different from the usual bond election pettion, this one does not call for a definite amount but will ask that the commissioners court consider the new courthouse and jail, publicize their recommendations as to type and cost and call a bond election for the needed amount of funds.

The petition will also ask the commissioners to consider the remitted state tax levy, which, if it were adopted by taxpayers here, could result in the county's having a new courthouse and jail without necessitating a tax increase.

Through a remitted tax levy plan, the county could rearrange its fund in such a way that this could be brought about.

The commissioners court will be asked in the petition to take the remitted tax levy under consideration to see if the court feels it will be beneficial to Scurry County.

D. R. Scott, chairman of the chamber committee, said the petitions began circulation this morning and that the committee hopes to secure as many as 600 signers before calling them in for presentation to the commissioners court.

Another meeting of the committee will be held next Friday.

Need for more courthouse facilities has been discussed here for many months, principally because the county is running out of space for offices and for records storage, because of lack of jury dormitories and various other reasons.

Jailhouse needs have also been discussed for years. The half-century-old county jail has been called unsafe by the city fire marshal, who made a recent inspection.

## Fall Weather Descends On Snyder Area

Fall weather finally came to the Snyder area Thursday night as a cool front pushed on to the Gulf of Mexico.

Snyder had a low of 48 degrees this morning, the lowest reading of the season. However, bright sunshine was expected to send the mercury on a rising trend during the day.

The cool front which passed through the Snyder area Wednesday evening had advanced to a line from Corpus Christi to Laredo this morning. Showers were reported along and ahead of the front.

San Antonio caught two thunderstorms Thursday. A mid-afternoon storm brought heavy rain and wind up to 47 m.p.h. The second disturbance moved into San Antonio during the late afternoon, pouring an estimated inch of rain on the downtown and southside areas within half an hour.

Water ran curb deep in some streets and trees and television antennas were blown down by winds as high as 50 m.p.h.

A thunderstorm at Kenedy produced winds up to 67 m.p.h. and bent trees to the ground as almost an inch of rain and some hail fell in less than a half hour.

Alpine had the low maximum of 74 degrees Thursday, while readings in the northern half of the state generally were in the 80's.

## Six Children Die As Train Rams Auto

WASECA, Minn. (AP) — Six children, brothers and sisters, were killed today when a freight train rammed the car carrying them to school.

Their mother, the only other occupant of the car, was injured critically. A school patrol boy, struck by flying debris, also was injured.

Mrs. James Zimmerman, 39, was driving her older children to school with the younger ones accompanying them. The crash claimed all the children in the family.

Dead at the scene were Michael, 10; Constance, 8; Barbara, 7, Jimmy Jr., 5, and Janice, 2.

Kathryn, 13, died shortly after reaching a hospital.

Robert Szyszka, about 12, the school patrol boy, was standing near the crossing and was struck by fragments of the Zimmerman car. Hospital attendants said the child suffered a broken leg and back injuries.

Mrs. Zimmerman was driving to Sacred Heart Catholic School, less than a block from the accident scene.

The crossing is at the Minneapolis & St. Louis Railway depot, in the heart of this southern Minnesota city 70 miles south of the Twin Cities.

The freight struck the station wagon and hurled it 100 feet.

## Icelandic Envoy Lodges Protest

WASHINTON (AP) — The Icelandic ambassador protested today that American guards at Keflavik Airport forced two Iceland officials to lie in puddles of water for 10 minutes and threatened to shoot them if they opened their mouths.

Ambassador Thor Thors delivered the protest to Foy Kohler, the acting assistant secretary of state for European affairs.

In a dispatch from Reykjavik, the New York Times said the incident had caused an upsurge of anti-American feeling in Iceland.

Thors met with Kohler for an hour. Afterward, he told reporters that the meeting went off "in the most amiable way with the greatest understanding, and the State Department is most interested in taking urgent and immediate measures to avoid such accidents from happening again."

Thors did not specify what measures were being taken.

Thors said he had not asked for a U.S. apology.

He did not state specifically what Icelandic officials were involved, but indicated they were airport officials.

Thors, who returned here Thursday from a visit to Iceland, said the incident occurred last Saturday.

Thors told newsmen at the State Department that the account of the incident given by the Times was correct.

The Times story said the Icelanders, one in the uniform of the Icelandic Airport Service, were escorting two German pilots to a hangar where their aircraft was under repair.

The story quoted the American command as saying the area is restricted at night though open in the daytime. It said the Icelanders said there was no indication it was a closed area.

U.S. forces have been stationed in Iceland under the North Atlantic Treaty Alliance ever since the spring of 1951. Relations between U.S. troops and the local population have never been the best. Some other incidents have caused serious anti-American feeling.

The newest incident was reported to have caused more friction than any so far.

The Times story said the officials were ordered to lie on the ground until a sergeant of the guard was called to take them away.

The Icelanders tried to explain but were unable to because the U.S. guards ordered them to keep their mouths shut on pain of being shot, he said.

Thors declined to tell newsmen just what measures he was demanding but made plain these did not include withdrawal of U.S. troops and bases from Iceland.

The Times said that after being held a short time, the two pilots obtained the required permits for being in the area and the Icelanders departed.

It is generally standard operating procedure for sentries to require suspicious persons to lean against a wall while being searched or while the sentries await reinforcements to take them off. When no walls are available, such persons are usually required to lie down.

## Sheffield Wins New Trial Date

AUSTIN (AP)—Brady land promoter B. R. Sheffield won today another trial date postponement on charges of forgery in a 1954 veterans' land program deal in South Texas.

Judge Mace Thurman passed the case at the request of both parties.

Dist. Atty. Les Procter said the case will be set again after the perjury trial of former State Board of Insurance Chairman Byron Saunders of Tyler. He is scheduled for trial Sept. 21.

Sheffield was convicted in 1956 but the Court of Criminal Appeals ordered a new trial.

**DEATH RIDES SCHOOL BUS**—Seven children were killed at Mountain Lake Park, Md., when this Garrett County school bus was struck by the B&O Railroads 'Diplomat' at a crossing. At least 15 others were injured, eight seriously. The bus had stalled on the tracks. (AP Wirephoto).

## Nehru Doubts Dispute Will Lead To War

By WATSON S. SIMS

NEW DELHI, India (AP)—Prime Minister Nehru said today he did not believe India's dispute with Red China would lead to war, not even a "small one."

He said India would accept mediation or arbitration of some small territorial disputes along her northern frontiers.

"But I am not speaking of bigger questions—of large areas being claimed on Chinese maps," the prime minister told a news conference.

"The seriousness of the situation is not that of the border," Nehru maintained, "but of the growth of feeling of estrangement, irritation and anger on both sides."

But Nehru told Parliament Thursday that the latest letter from Premier Chou En-lai of Communist China added to the gravity of the border crisis because Red China's policy has step by step "become more rigid."

India and Red China have accused each other of aggression. Each has demanded that the other withdraw its military forces from border areas whose ownership is being questioned.

Nehru earlier declared that a few miles of jungle territory were not worth a war, but that a treaty was a different thing. He said the MacMahon line defining the border between Tibet and Indian should be accepted by China.

Chou, in his latest communication, however, attacked the line as a fruit of British imperialism. Chinese claims, according to their maps, would push the line from the crest of the Himalayas down to the foothills near the Brahmaputra River, taking in thousands of square miles.

## Paul Douglas Dead At 51

HOLLYWOOD (AP) — Actor Paul Douglas, 51, long-time star of stage and screen, died today at his home apparently of a heart attack.

A fire department rescue squad called to the home arrived too late. With the actor at the time were his wife, actress Jan Sterling, and his physician, Dr. Lee E. Siegel.

Douglas was known for light comedy roles as well as his more serious portrayals.

He had just finished a television show, "The Mighty Casey," in which he portrayed a baseball team manager. The show has not yet been released.

Another recent television show in which he appeared was "The Incorrigibles."

Among some of his movies were "Solid old Cadillac," "Executive Suite," "Never Wave at a WAC," "It Happens Every Spring," and "Letter to Three Wives."

He appeared in Broadway plays "Born Yesterday" and "Hole in the Head."

## Fact-Finders Are Rejected

NEW YORK (AP)— The steel industry rejected today a suggestion that a fact-finding committee take part in settling the 59-day-old nationwide steel strike.

R. Conrad Cooper, chief industry negotiator, was asked about the possibility of creating such a board. He repeated the industry's stand against any government intervention.

Republican Sens. Jacob K. Javits of New York and George D. Aiken of Vermont suggested Thursday that the President set up a fact-finding committee if the United Steelworkers Union and the 12 major steel companies involved fail to settle the strike in a week.

Such a fact-finding committee, they suggested, could make recommendations for new contracts.

The industry consistently has favored open collective bargaining rather than government intervention.

For the second consecutive day, negotiations were scattered in different rooms of the Hotel Roosevelt.

David J. McDonald, union president; Cooper and the other members of the four-man top-level negotiating teams conferred in one room. Subcommittes met simultaneously in other rooms, working on local issues in the union's dealings with the 12 companies.

## Eddie And Liz Back In United States

NEW YORK (AP) — Eddie Fisher and his actress wife Elizabeth Taylor arrived here today from a combination honeymoon and business trip. They brought with them Miss Taylor's three children, two dogs and 59 pieces of luggage.

The singer and his dark-eyed bride arrived shortly before 8 a.m. on a flight from Paris.

The two were married May 12 in Las Vegas. Miss Taylor has two sons, Michael, 6, and Christopher, 4, by a previous marriage to Michael Wilding, and a daughter, Liza, 2, by the late Mike Todd.

## Three More Face Bombing Charges

LITTLE ROCK, Ark. (AP)—Little Rock police and FBI agents have charged three more men in Little Rock's Labor Day bombings. Municipal court hearing for the men was set for today.

Five men have now been charged in connection with the late-evening blasts which shattered part of the Little Rock school board office, the business office of Mayor Werner Knoop and a station wagon owned by Fire Chief Gann Nalley.

No one was hurt in the bombings.

John Taylor Coggsin, 39, car salesman, Samuel Graydon Beavers, 49, a carpenter at the state hospital here, and Jesse Raymond Perry, 24, truck driver, were charged Thursday night. Coggins and Beavers were arrested Thursday, Perry on Wednesday.

Police Chief Eugene Smith and FBI Special Agent J. J. Casper announced the charges jointly and would not elaborate. Coggins, Beavers and Perry were held in jail in lieu of $50,000 bond, charged with destroying property with explosives. This felony charge carries a penalty of up to five years in prison and or $500 fine.

E. A. Lauderdale Sr., 48, a lumber dealer, and segregationist, and J. D. Sims, 35, truck driver, were charged Thursday on the same count. Lauderdale made his $50,000 bond after friends pledged property and was released. Sims, a lanky, dark-haired man, remains in jail. He sullenly refused the services of segregationist lawyer Amis Guthridge, Lauderdale's counsel.

Sims' and Lauderdale's municipal court hearing was postponed Thursday until Monday.

Guthridge, attorney for the Capital Citizens Council, said he had been contacted about two of the newly-arrested men before police announced the arrests. But he wouldn't say which two they were, nor whether he would represent them.

Sims, Prosecutor J. Frank Holt said, has admitted his part in the violence which shattered the night time calm of Little Rock Monday night. Police quoted Sims as saying after his arrest that he didn't want his 11-year-old daughter "to go to school with niggers."

## Worker Drowns On Day Of Retirement

BROKEN ARROW, Okla. (AP) — Frank R. Duggan drowned Thursday, 15 minutes short of retirement.

The Tulsa cement finisher was 65 Wednesday. Just before the end of his last day of work at a sewer plant project here, he toppled from a scaffold into a five-foot deep pit half filled with water.

Duggan was found by foreman L. D. Smith who was bringing him his last pay check.

## Big Gamblers Face Prison Sentences

INDIANAPOLIS, Ind. (AP) — Six big-money gamblers convicted of evading $326,315 in excise taxes face prison sentences of five years and fines of $25,000 each.

They have 10 days in which to decide whether to go to prison or appeal their conviction.

Two others, shown leniency because of their age, will not go to prison but must pay $25,000 fines.

Judge Cale J. Holder sentenced and fined the eight men in U. S. Dist. Court Thursday, suspending the five-year terms for Charles L. (Buck) Sumner, 71, and Joey Jacobs, 64, both of Indianapolis.

The judge gave the others until Sept. 21 to decide whether to appeal or to report for imprisonment. They are Leo (Bookie) Shaffer, 58, Chicago; Jules Horwick, 54, Chicago; Philip (Flippy) Share, 54, Minneapolis and Las Vegas; Irwin Gordon, 41, Las Vegas; James Tamer, 46, Detroit and Miami, and Eddie M. Wyatt, 60, Terre Haute.

Besides the fines, the eight must pay the costs of their six-week trial at Terre Haute, which may amount to $20,000. They also will face an undetermined civil liability that could run to a million dollars.

The eight gamblers were convicted July 30 of evading the 10 per cent excise tax on $3,263,150 worth of bets in 10 weeks of operation at Terre Haute in the fall of 1957. The government estimates that the syndicate handled 10 million dollars in bets during that period.

## Adult Classes Planned Here

Plans are underway for adult education courses to be offered two nights weekly at Snyder High School.

A meeting has been called for 7 p.m. Monday in Room 122, the choir room, at the high school for adults interested in taking any course offered by the high school.

T. D. Wiman, high school principal, said any course in the high school curriculum can be offered if there are as many as 15 persons enrolled for the course.

Usually, Wiman said, there are typing and shop classes, and sometimes there are classes in crafts, bookkeeping and shorthand.

Those taking the courses will attend two-hour sessions on two nights of each week for 15 weeks, probably on Monday and Thursday nights.

Tuition for the 15-week courses is $16.

# Ike Holds Out Hopes Visit By Krush To Be Constructive

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Eisenhower held open today the possibility that his man-to-man talks with Soviet Premier Nikita Khrushchev, beginning Tuesday, may lead to a summit conference.

That could mean negotiations on disarmament, the future of Germany and other world issues.

In a radio-TV report to the nation Thursday night Eisenhower called on Khrushchev to come to Washington with "constructive ideas and suggestions that could provide the basis for responsible negotiation on the issues that divide us." And he expressed carefully guarded optimism about the possibility of moving toward better understanding between the Soviet Union and the West.

"It is my profound hope," he declared, "that some real progress will be forthcoming, even though no one would be so bold as to predict such an outcome."

Throughout his speech Eisenhower emphasized that he does not intend to abandon any principle of basic American policy in his search for new approaches to solution of East-West problems.

Any agreement for a later summit meeting, he said, "must be based upon the certainty" of Soviet respect for the position of the Western powers in Berlin. In addition, he said, "there must be some clear Soviet indication, no matter how given, that serious negotiation will bring about real promise of reducing the causes of world tensions."

Firmness in support of fundamentals," Eisenhower said, "with flexibility in tactics and methods, is the key to any hope of progress in negotiation."

The President's report covered both his recent European trip and his forthcoming talks with Khrushchev, who will arrive here next Tuesday on a 12-day visit to the United States. At the ouset of the visit, Khrushchev will spend two days in Washington. He will wind up his coast-to-coast tour with three more days of discussions here.

The President's speech created the impression that it had been written, at least in part, for Khrushchev himself to read. It blended the themes of politeness to the visitor and toughness in support of basic principles.

Reading it, Khrushchev would be able to find no support for any hope he might have that the President was ready to make major concessions to him on such issues as Berlin, German unification and the need for enforcement machinery to safeguard any disarmament agreement.

# Coast-To-Coast Whirl Is Mapped For Soviet Chief

By JOE F. KANE

WASHINGTON (AP)—A coast-to-coast whirl of white tie, black tie and business suit dinners has been lined up for Soviet Premier Nikita Khrushchev's American tour.

Also on the docket is a lunch in the employes' cafeteria of an industrial plant.

Details for the first nine days of the visit were announced Thursday by the White House. They cover his tour through Washington, New York, Los Angeles, San Francisco and Des Moines.

Schedules for his visit to Pittsburgh and a second stay in Washington will be announced later.

Despite hopes of some U.S. leaders to impress Khrushchev with this country's military and industrial might, only one visit to a factory and none to military bases are included before he reaches Pittsburgh.

President Eisenhower and Vice President Richard M. Nixon and Mrs. Nixon will greet the Soviet leader and his party when his big jet airliner arrives at 11:30 a.m. next Tuesday at nearby Andrews Air Force Base.

Khrushchev will have a private luncheon at the President's guest house before going to the White House for a mid-afternoon conference with Eisenhower.

The Eisenhowers will entertain at a white tie dinner that night at the White House for the Khrushchevs.

Wednesday's schedule calls for a visit to the agricultural experiment station at Beltsville, Md.; an address to the Washington press corps at a National Press Club luncheon and a motor tour through the capital.

The Khrushchevs will give a dinner that night at the Soviet embassy in honor of the Eisenhowers.

Other highlights of the tour include:

Sept. 17—Train trip to New York, a luncheon given by Mayor Robert F. Wagner, a reception by former Ambassador W. Averell Harriman, a black tie dinner given by the Economic Club of New York.

Sept. 18—A trip by car to Hyde Park to visit Mrs. Franklin D. Roosevelt, an address to the U.N. General Assembly, a tour of New York, a dinner given by Dag Hammarskjold, secretary general of the United Nations.

Sept. 19—Plane trip to Los Angeles, a lunch with motion picture industry leaders, a tour of the Los Angeles area, a dinner given by Mayor Norris Poulson. Dress as at later dinners by mayors is business suit.

Sept. 20—Train trip to San Francisco, meeting and dinner with a group of union leaders.

Sept. 21—Motor tour of San Francisco, tour of harbor by ship, visit to the International Business Machine computer plant at San Jose with luncheon in the employes' cafeteria, visit to Stanford Research Institute at Menlo Park, dinner given by Mayor George Christopher.

Sept. 22—Plane trip to Des Moines, tour of city, dinner given by Mayor Charles F. Iles.

Sept. 23—Visit to Pioneer Hybrid Corn Co. at Johnston, visit to Roswell Garst farm near Coon Rapids, visit to Iowa university of Agriculture and Science and the experimental station at Ames, plane trip to Pittsburgh.

## Concert Assn. Opens Drive

Membership in the Scurry Concert Association is now being sold with former members having first chance at renewing their memberships.

The association's headquarters will be set up in the Fuller Building on the northwest corner of the square tomorrow, and sale memberships to the public will begin at that time.

Former members may reserve their seats by mailing checks for the amount at $7 per adult and $3 for students to Mrs. Theo Lamb secretary, at post office box 1318 however.

Last year the Civic Music Association, was sold out.

This year the board of directors of the Civic Music Association voted to discontinue that association, and have the same local organization under the new name of Scurry Concert Association.

The change was made to enable the local association to continue the high standard of programs, and improve on the programs through selection from the entire entertainment field instead of from a single talent agency.

The membership drive will continue through next Friday unless sold out earlier.

## 8 Federal Reserve Banks Up Interest

WASHINGTON (AP) — Member banks borrowing from eight branches of the Federal Reserve system today start paying 4 per cent interest, the highest rate in 29 years.

The expected ½ per cent increase in the discount rate was announced late Thursday by the Reserve banks in New York, Cleveland, Richmond, Chicago, St. Louis, Dallas, San Francisco and Kansas City.

The system's other four banks are expected to start charging the increased rate before long.

Other short term interest charges have climbed sharply in the last month. The rate on three-month treasury bills for example has increased since early August from just over 1 per cent to nearly 4 per cent.

The Federal Reserve Board generally keeps the discount rate as high as the bill rate to discourage banks from borrowing from the Reserve in order to invest in the bills.

Wall Street financial circles had expected the move for several weeks. A spokesman for one of New York's big bond trading houses said, "We're glad to get the rate hike out of the way. It may be we will have a little stronger market after this."

Today's discount rate increase is the fifth since the board adopted a policy of tightening credit after the 1958 recession. Rates went as low as 1¾ per cent during the recession.

## Mrs. LeMarquand Dies In Brooklyn

Mrs. Anna LeMarquand, 59, mother of a former Snyder resident died at 3 p.m. Thursday in a Brooklyn, N. Y. hospital.

Mrs. LeMarquand had suffered a heart ailment.

She was the mother of W. P. Ed LeMarquand, formerly of Snyder who now lives in Midland and is employed as sale representative of the C. E. Knight Co. One other son, Phillip LeMarquand of New York City, and three grandchildren also survive.

Funeral rites will be conducted Monday morning in Brooklyn. The body is at the Bentriegna Funeral Home, 832 Bushwick Ave., Brooklyn.

## Science Workshop Concluded Here

A science workshop for elementary school teachers was concluded here today at the Stanfield Elementary School.

The workshop was for all elementary teachers and included some science experiments and demonstration which will be used in the classroom.

Teachers from Ira joined those of Snyder in the workshop. First and second grade teachers attended Wednesday, third and fourth grade Thursday and fifth and sixth grade today.

Conducting the workshop were Robert Summers, representative, and Mrs. Christobel Christopher, chief consultant, both from the D. C. Heath Co.

## Banker Shot By Robber

LAS VEGAS, Nev. (AP) — Wounded in his fourth encounter with holdupmen, Ray Collins, 57, assistant manager of the Bank of Nevada, was in critical condition today.

He was shot in the stomach Thursday as he chased a robber who then killed himself as police closed in.

The gunman robbed a teller of $1,677 and ran out of the bank. As Collins made a tackle, the robber shot him. Then he fired four shots into his own chest and fell dead.

Police identified the holdupman as John P. Karn of the Morning Glory Mine, Troy, Mont.

Collins, then an employe of the Bank of America in Los Angeles, wounded a holdupman in 1932, prevented a robbery by firing a shot in 1933 and killed a robber in 1936.

## Migrant Farm Worker Laws Are Debated

WASHINGTON (AP) — Proposed amendments to federal migrant farm regulations are under fire from two sides. Some say they are unnecessary. Others claim they don't go far enough.

A Labor Department hearing on the proposals was attended Thursday by more than 70 representatives of various organizations.

The legislative director of the American Farm Bureau, Matt Triggs, called the proposed changes "ill conceived and arbitrary," saying they would vest excessive authority in the department.

He said any proposed regulations should be put before Congress where a Senate subcommittee is studying the migrant labor problem.

Frank L. Noakes, representing the U.S. section of the U.S.-Mexico Trade Union Committee, said the proposals don't go far enough.

He said subsequent changes in the original proposals represent a surrender "to pressures from the powerful farm employer lobby and its errand boys in Congress."

Federal recruiting facilities would be barred under the amendments until state agencies give assurances that certain minimum wage, housing and transportation standards are in effect in the area.

Some 400,000 to 500,000 American farm migrant workers would be affected, the department said.

The proposal would not affect the U.S.-Mexican program controlling the importation of Mexican workers. It is regulated by Congress and by treaty.

A. M. Moldrow, Brownfield, Tex., said further regulations would "just create more problems."

Farmers, he added, are falling victim to "militant minority groups" and metropolitan newspaper publicity about the plight of migrant workers.

Frank Schuster, Mercedes, Tex., representing the Valley Farm Bureau, said the proposed changes could "just add confusion and costs" to farm programs and entail much harmful red tape.

## Kennedy Is Writing Book

WASHINGTON (AP) — Robert F. Kennedy, resigning as the Senate Rackets Committee's chief counsel, is writing a book about its tempestuous investigations.

He announced Thursday his resignation from the post which made him nationally known.

His closest friends say he later will join the political staff of his brother, Sen. John F. Kennedy (D-Mass.), viewed generally as a contender for the 1960 Democratic presidential nomination. Neither of the brothers would discuss this.

The retiring chief counsel said his book would deal both with the work of the rackets committee and the problems faced by congressional committees generally.

Chairman John L. McClellan (D-Ark.) accepted Kennedy's resignation effective Sunday, with a letter praising "the vigor, courage and dedication with which you pursued your duties."

## Oil Industry Not Affected By Bills

By CHARLES HASLET

WASHINGTON (AP) — Other than voting a one-cent hike in the gasoline tax, the session of Congress now drawing to a close did little directly affecting the oil industry.

At least one proposal to which the industry objected was rejected. Another was vetoed by President Eisenhower. Others were shelved or put off for action later.

Sent to the White House, was a bill to increase the gas tax one cent a gallon for 21 months to help finance the interstate highway program. The administration wanted a 1½-cent increase.

Congress rejected, as it has repeatedly in recent years, a proposal to reduce the 27½ per cent rate of depletion allowed oil and gas producers in figuring their income tax. The vote was 54-21.

Vetoed by Eisenhower was a bill which would have increased the maximum acreage in Alaska on which oil and gas leases could be held by any one company or individual.

The president signed a bill extending for four more years congressional consent to the Interstate Oil Compact.

Shelved for the session was a bill to exempt natural gas producers from utility type regulation. But it will be pending in the House Commerce Committee when Congress returns in January.

Legislation was passed which would protect the innocent purchaser of oil and gas leases on public lands in cases where a previous owner of the lease had violated the maximum leasing provisions that any one person or company could hold oil and gas leases on a combined total of 246,080 acres of public land in any one state. Present law limits acreage held under lease to 46,080 acres and that which can be under option to 200,000 acres.

Indications are that proponents of a cut in the 27½ per cent oil depletion allowance rate again will make a fight next session to get favorable action on their bills.

## Brown Orders End To Discrimination

DAVIS, Calif. (AP)—Gov. Edmund G. Brown of California has ordered an end to racial discrimination in state jobs.

The governor, a Democrat, said Thursday in a statement to department directors meeting here to discuss government reorganization:

"It would be tragic if we failed to carry out the same spirit of equality in the treatment of our state employes that we have established for private enterprise."

He referred to California's first fair employment practices act, which goes into effect Sept. 18. It prohibits job discrimination because of race, religion or ancestry.

Brown said it often appears that members of minority groups hold only poorly-paid state jobs.

## Ex-Convict Shot Down

GLENDALE, Calif. (AP) — An ex-convict was shot to death Thursday night after wounding three persons in a wild battle during an attempt to hold up a market.

One of the victims is a housewife, eight months pregnant. She was shot in the abdomen.

An assistant market manager, Kenneth Benson, 26, stabbed in the stomach, seized the holdupman's gun and killed him with shots in the heart and groin.

Police identified the robber as William Coleroff, 46, an ex-convict from Philadelphia. They said they found among his papers the address, "2551 N. 33rd St., Pittsburgh, Pa."

Benson, his pregnant wife, Sally, 20, and Richard E. Lifsey, 17, were working in the market when the robber entered. Police said the gunman started shooting after Lifsey hit him with a bag of quarters wounding Mrs. Benson and the youth, before Benson seized the gun.

## Twentieth Century Club Views 'Illuminations' In Lubbock

For its first meeting of the season the Twentieth Century Club drove to Lubbock and viewed the exhibit, "Illuminations," in the Texas Technological College coliseum.

The exhibit was prepared by Life Magazine and was sponsored in Lubbock by the Junior League of Lubbock.

Immediately following the Lubbock showing, the exhibit will go to Dallas for the State Fair of Texas as a feature attraction there.

"Illuminations," is an exhibit composed of life-size illuminated transparancies of 50 great masterpieces as well as a 17-by-42 foot reproduction of the ceiling of Sistine Chapel.

Following the guided tour of the exhibit, club members and their guests had lunch together in a Lubbock restaurant.

Guests attending were Mrs. A. C. Preuitt, Mrs. A. J. Myrick, Mrs. Roy J. McClosky and Ronald Williams.

Members making the trip were Mrs. B. J. Bartels, Mrs. Fred Beaty, Mrs. Dale Clemmer, Mrs. J. Nelson Dunn, Mrs. Graden Hicks Mrs. C. O. Holder, Mrs. I. T. Huckabee, Mrs. Ola Leath, Mrs. T. J. McKinnon, Mrs. John Reaves and Mrs. Harry Vanderpool.

## WHAT'S GOING ON

MRS. ETHEL DANIEL of Stephenville visited her brother and family, the J. J. HENRYs, 3711 Noble Drive, and the C. E. HALLS, 2706 Avenue W, Tuesday and Wednesday. The Henrys also had as their guest their grandson, TOMMY JOE HENRY of Hermleigh.

### Get-Acquainted Event Held By Ira P-TA

IRA — The Ira Parent-Teachers Assn. held its annual get-acquainted supper recently in the school lunchroom.

P-TA members prepared the food and the men served about 250 guests who attended.

The supper is held each year to introduce new teachers and new first-grade parents, and to promote cooperation between the school, community and the P-TA.

The menu for the supper included ham, candied sweet potatoes, onions, tomatoes, pickles, doughnuts, tea and coffee.

## Plaids For Campus Are Even Bigger

By DOROTHY ROE
AP Women's Editor

THE BIGGER THE BETTER is the rule for campus-bound plaids this fall.

Giant blanket plaids show up in everything from skirts and shorts to kilts, shorts and slacks. If they're vivid as a neon sign, so much the better. This year's college girls do not intend to be dull.

There's a hemline holiday around the campus, too. Above-the-knee kilts and shorts pinch-hit for the perennial Bermuda shorts on many campuses, most effective when worn with solid-color stretch tights. The new shorties may vary in length from one inch above knee level to the vicinity of the hips, depending on the taste and figure of the wearer.

Kilts continue to be top favorites with the school crowd. In traditional tartans, they appear with fringed hems and rows of buttons. These also are preferred with colored tights, finished off with walking boots in leather or matching fabric.

For off-campus wear at coed schools, or on-campus at women's colleges, skinny pants in wool plaids are popular, sometimes with a matching new sleeved shawl called a "kaboodle."

Along with the plaids and the wandering hemlines, the rain dress and the rain shirt are making news this fall. The rain-dress is a water-repellant version of the popular shirt dress, keeping the wearer dry in any weather.

**BUFFET CRABMEAT SALAD**

INGREDIENTS: 3 cans 6½ ounces each) king crabmeat, ½ cup mayonnaise, 2 tablespoons catsup, ¼ of a large lemon, 1 tablespoon drained capers, romaine, 1 cucumber, 1 small green pepper, 1 small onion (preferably red), 1 tablespoon red wine vinegar, 1 teaspoon sugar.

METHOD: Drain crabmeat; remove cartilage; reserve some of the large pink pieces of crab for a garnish. Mix together the mayonnaise, catchup, juice from the lemon and capers; mix lightly with crab. Arrange romaine leaves on a large shallow salad bowl; mound crab mixture in center. Top with reserved crabmeat pieces. Arrange sliced cucumber and green pepper rings on romaine around it. Peel, slice and separate onion into thin rings; marinate in vinegar and sugar. Cover salad bowl and refrigerate until serving time; add onion rings to garnish and dribble small amount of marinade over romaine. Makes 6 to 8 servings.

GAY 20 INSTALLATION—New officers of the Gay 20 Girls Club were formally installed in candlelight ceremonies held on the patio of the home of Mr. and Mrs. Joe Hampton, 2806 Thirty-third Street last night. ## Floor Lamps Have Gone High Hat

By VIVIAN BROWN
AP Newsfeatures Writer

FLOOR LAMPS have gone high hat to keep pace with modern trends in decorating. There are room divider lamps that take their design cue from the popular pole lamps, overhead domes that resemble chandeliers, and tall cylinders of plastic in wood frames that permit complete lighting from ceiling to floor.

The room divider lamps are supported by two or more poles that clamp to the floor and ceiling. A variety of gimmicks accompany this basic idea. There are open shelves, desk tops, drawers and filigreed or lattice style connections between poles. Two or three lights are likely to decorate the support poles.

Portable overhead lighting offered by the chandelier type fixtures requires no electrical installation, even though the lights hang from the upper part of the shaft close to the ceiling.

## Women Want Luxury In Dining Out

By DOROTHY ROE
Associated Press Women's Editor

When a woman takes a holiday from her own kitchen to eat out, she wants the works in luxury and service, says William Pahlmann, a man who has made a thorough study of feminine psychology in his work as an interior designer.

"She wants exotic food perfectly served in an atmosphere of elegance," he says. 'What's more, she deserves it. Few women have domestic servants any more, so they make up for it by seeking out the ultimate in service when they go out."

That's why Pahlmann has concentrated on creating a lush, rich and luxurious atmosphere in two of Manhattan's newest and most expensive restaurants—the Forum, with the decor of the 12 Caesars, and the Four Seasons, latest and most lavish addition to the cafe circuit. The latter, recently opened, features a marble swimming pool with bubbling chartreuse colored water in the middle of the main dining room. Diners don't swim in it, but they may reserve poolside tables and imagine they are luxuriating at some gilded salon on the French Riviera as they nibble on truffles and pate de foie gras while attractive waiters hover near.

The decor, menus and waiters' uniforms are changed four times a year, with the change of the seasons. In summer the room riots with red geraniums. In fall there will be chrysanthemums, in winter poinsettias and holly, in spring tulips and daffodils. Pahlmann at present is brooding on how to change the 20-foot tubbed trees around the pool in order to have flaming maples in fall, evergreens in winter and blossoming dogwood in spring.

## A Good Case For Work

Work is not exactly a popular topic in all circles these days, but Dr. Willis Tate, president of Southern Methodist University, makes a pretty good case for it.

Dr. Tate, who spoke at the businessman-teacher banquet here Thursday night, suggested that people who never experienced the glow that comes with successful completion of a difficult task are missing one of life's greatest rewards.

Although he made no direct reference to it, Dr. Tate may have touched upon something that more and more observers regard as a current failure in American family life. That is teaching and directing children to work.

"I don't want my children to go through what I did," and "I want to make certain that my children have an easier time than I did when I was growing," are expressions often used by modern parents. Such ambition on the part of parents cannot be condemned, but their methods used in efforts to achieve the goal may be open to question.

If, as Dr. Tate suggested, parents deprive their children of rewarding experiences, they may be creating more difficult lives for their offspring than they experienced themselves.

Productivity in goods and services has brought Americans the "full life" and has offered virtually unlimited opportunities for citizens of the country for a long time. Productivity itself is a product of work, pure and simple.

# Ike, Fulbright In Long-Term Tussle

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — This is the kind of story you can paste in a dresser drawer and look at 10 years from now to see who was right: President Eisenhower or Sen. William Fulbright, Arkansas Democrat?

The TV talk Eisenhower made to the nation Thursday night on his discussions next week with Premier Nikita Khrushchev came one day after Fulbright made a stinging attack on him. Fulbright is chairman of the Senate Foreign Relations Committee.

There wasn't any real news in the President's talk. He's going to confer with Khrushchev on world problems. He talked mostly in generalities, and what he said had been reported before.

He could not be expected, of course, to show his hand if he is holding any cards to use on Khrushchev. He knows the whole Western world, now more than ever, is looking to him for leadership.

But it was the quality of that leadership which Fulbright questioned, even though Eisenhower in 1959 has shown an increasingly active leadership at home and abroad.

Fulbright, in a speech Wednesday, accused Eisenhower of timidity. Fulbright's statements can be summed up this way:

1. He thinks this country is doing far less than it should—in the way of work and greater sacrifices—to achieve its maximum strength in dealing with the Soviet Union and the cold war.

2. He said Eisenhower has been feeding the nation tranquilizing pills instead of using the full power of his office and prestige to get the maximum effort from Congress and the people.

The senator complained "it is nonsense to say we cannot afford" to do anything this country wants to do or should do. Here are some of the things Fulbright thinks need doing:

Spend a great deal on public school education; arm ourselves better; put foreign development loans on a long-term basis. He cited the steel strike as an example of wasted American resources and manpower.

He said that if this country undertook to do all the things he thinks are necessary the "Kremlin would be a great deal more impressed than it is likely to be by evidence of our determination to balance the budget."

Eisenhower himself, in private talks, has mentioned the need for greater American work to compete with the Soviets whose long Hours and national dedication have impressed him. But he hasn't called publicly for it.

Fulbright's complaint is that Eisenhower doesn't have enough confidence in the American people's willingness to work and sacrifice.

There is no doubt that Eisenhower, in his desire to keep down spending, has deliberately refrained from calling on Congress or the people for anything approaching all-out effort in work, spending, taxes, or production.

Fulbright particularly complained that Eisenhower has failed to use his prestige to get from Congress "the full arsenal of means he needs if America's purposes are to be successfully advanced around the world."

But Fulbright in turn failed to complain about his own Democrats in Congress where they overwhelmingly outnumber the Republicans and could have asserted leadership if they didn't think Eisenhower was providing it.

Instead, they followed the President meekly, despite occasional bleating that he wasn't thinking in big enough or broad enough terms.

# Sturdy Health Of Business Shown

NEW YORK (AP)—The sturdy health of the economy is shown today in official figures on employment and unemployment.

Despite the inroads of the steel strike, the total of workers stays high. And despite those laid off in allied industries because of the strike the total of the jobless stays under four million.

With the return of auto workers to the plants as model change slowdowns end, the economy should get even sturdier. And when the steel strike is settled, the economy should take a big step forward.

But the stock market has been having qualms about the record duration of the strike. And the London Financial Times tells us that Europeans are worried about it, too.

Its effects are expected to spread fast if the strike goes over into next month. And beyond that there will be a time lag after settlements until the mills can make normal deliveries again.

But the reason the strike in a basic industry, which in former years would have been crippling long before this, hasn't toppled the general business boom yet is this:

The industry has built capacity to a point where it was able to turn out a nine-month supply of steel in the first six months of the year. And since steel users expected a long strike, most had built up stocks with their nine-month needs in mind.

But Wall Street has had other things on its mind beside the steel strike.

One is the tight money policy of officials who fear easy credit might encourage the kind of speculative boom that historically leads but to a future bust.

Not that Wall Street wants a bust. But it fears that many growth industries — whose stocks have been dear to traders — may not get the funds for the expansion of plant and production that make their stocks so attractive. And tight money might pinch off the top of the boom in home building and in instalment buying.

Another worry in the stock market is over the chance — however faint — that the cold war might simmer down to a point that United States spending on defense would slacken.

Too, President Eisenhower's success in the main in holding down new government spending is a factor. If he succeeds in balancing his budget and ending the deficit spending that has sent the federal debt to a record high, that will halt a chief factor in monetary inflation.

And if the steel strike should end without a wage-price hike, that might signal the end of the spiral affecting the cost of living.

Both would remove one of the chief talking points of the bulls — that buying stocks is a good hedge against further inflation.

# All Streets Can Develop Dreams

NEW YORK (AP) — Every street you live or work on becomes in time a street of dreams.

An old way of life dies out, a new one is born. In most places the change may take a generation. Here in Manhattan progress gobbles up the past at a swifter pace.

This is the obituary of one side of one city block in Manhattan—the north side of W. 51st street between 5th and 6th avenues.

It now is a big business block, studded with banks and office buildings. A huge power shovel's hungry maw is eating through the ruins of older buildings to make way for the foundations of the new 48-story Zeckendorf Hotel.

It symbolizes the great changes now under way in mid-Manhattan.

Twenty years ago this block was a charming oasis in the city's uproar with a colorful atmosphere all its own.

The vast mausoleum-like home of Mrs. Cornelius Vanderbilt, last of the big league society dowagers, anchored the block elegantly to 5th avenue. From there it ran raffishly downhill, socially to the scream of the strident 6th avenue elevated trains.

The block was inhabited by a colorful crew of newsmen, actors, admen, songwriters, grifters, drifters and hipsters. On an average evening you could run into everyone from a jockey to a harpoon salesman or a lady wrestler down on her luck.

There were expensive restaurants and cheap restaurants and a few sidewalk cafes where you could sit and watch the soot from brownstone chimneys drift mellowly down on and pepper your salad.

These eateries in this melting pot of the appetite saw the handwriting on the wall and moved away.

It was also a block of small craftsmen. There were the old book dealer, the shoe repair man, the violin maker, the seamstress who specialized in costumes for strip tease artists, and a hair dresser who did the best blonde bleaches in town.

They are gone now. So are the characters who made the block memorable. There was Jonathan Winters, gayest of the "sick" comedians.

And there was little Scotty who carried a rope in his hand bet you 50 cents you couldn't tie him up so he couldn't get away. He was known as "the poor man's Houdini."

There was a famous death in this block. Collier's magazine died here — and had a magnificent wake.

Commerce has taken over the block. But as the big shovel digs the reluctant earth, one who remembers thinks less on the glory this block will know than on the lonesome glory of the good times it has already known, when the world was younger, now gone by forever.

## San Antonio Approves Annexation Proposal

SAN ANTONIO (AP) — An annexation proposal that would boost the city's land area from 170 to 500 square miles was approved on first reading by the City Council Thursday.

A spokesman said the action was taken to prevent additional suburbs from incorporating. The plan must be approved at a third reading.

# Tigers Launch 1959 Campaign At Borger

By JERRY JACKSON

A fairly lean but consequently hungry delegation of Snyder Tigers will invade Borger tonight in the season's curtain-raiser for both teams. Bulldog Stadium will be the scene of the clash, with a kickoff time of 8 o'clock.

Although weight-wise the Tigers tend to be a bit shy on beef, the Bulldogs will, if anything, be even slightly leaner. Overall starting offensive weight averages for Snyder show to be 169 pounds, whereas the Borgerites will tip the scales at approximately 167.

In practice sessions and two inter-city scrimmages with Phillips and Kermit, the locals have shown speed, a certain amount of deception, and flashes of brilliance but also weaknesses in several areas. Pass defense and, at times pass receiving seem to be two of the major bugaboos which have thus far plagued the team. Offensively, the team possesses power-packed potential which should eventually develop into a high-scoring outfit.

Reports from Borger point to the fact that the Bulldogs are having their own defensive difficulties, particularly in the pass defense department. However, in a recent scrimmage they managed to scuttle Littlefield somewhere in the neighborhood of four touchdowns, which is some indication of the scoring punch which the Tigers will encounter.

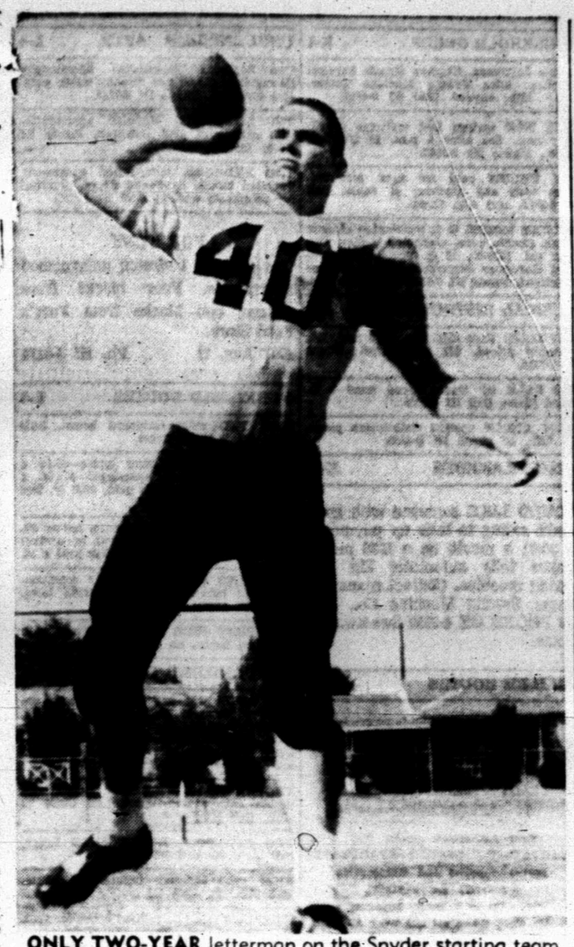

The Bulldog offensive machine will be hampered by the loss of senior letterman Bobby Landis, who will definitely have to sit out the Snyder fray and will possibly be out of action for the greater part of the season. Running from the right half slot he was Borger's leading ground gainer last year, but is presently out with a knee injury.

Leading the Tigers into tonight's tussle will be senior quarterback Dick Hayes, the only two-year letterman which the Snyderites can boast. He will be responsible for the lion's share of the chunking chores, which is not an unfamiliar task, in that he threw a few this past season while running halfback.

Probable defensive starting lineup for Snyder will find Jim Huffman (167) and Reg Scarborough (170) at tackles, Stanley Woolever (182) and Charles Galdson (170) holding down the ends, Mike Moffett (150), Dick Hayes (173), Eddie Watson (168), and Jim Robinson (174) backing the line, Wayne Berry (157) and James Fitzgerald (140) at halfback, and either Marcus Strickland (146) or Jesse Crawford (140) tending to safety chores.

Coach John Conley and his assistants, Donald Robbins and Horrace Bostick, will take the Tigers into Borger early this evening from Amarillo, where they spent the night. Also traveling with the team are managers Gay Hickman, Lyndon Baize, and Sam Casey.

| SNYDER NAME | WEIGHT | POS | BORGER NAME | WEIGHT |
|---|---|---|---|---|
| Jim Robinson | 174 | RE | Jerry Anderson | 179 |
| Tommy Minton | 187 | RT | Jimmy Blair | 166 |
| David Wiman | 157 | RG | Steve Hood | 158 |
| Devane Jones | 188 | C | Rocky Lister | 177 |
| Ronnie McGrew | 168 | LG | John McDaniel | 200 |
| Charles Gladson | 170 | LT | Harold Alexander | 172 |
| Barry Walker | 169 | LE | Buzzy Baker | 164 |
| Dick Hayes | 173 | QB | David Boyer | 159 |
| Jesse Crawford | 140 | RH | Darrell Phillips | 154 |
| John Weaver | 164 | LH | Larry Reed | 130 |
| Eddie Watson | 168 | FB | Gordon Beamguard | 175 |

**ONLY TWO-YEAR** letterman on the Snyder starting team tonight is Quarterback Dick Hayes. Last year, as a halfback, the all-district gridder was the Tigers' leading ball-carrier, second passer, led in punts, punt returns, kickoff returns, and scoring, and was a pass receiver and top defensive player.

# Wilkinson Just Has Material To Burn

By JACK CLARY
Associated Press Sports Writer

Down in Oklahoma the saying "no man is an island" means that no football player is a permanent first stringer on Oklahoma's football team.

That is the way Sooner Coach Bud Wilkinson operates and the ensuing diversity of talent is one of the big reasons for his unmatched (114-10-3) record among current football coaches.

Thursday was pretty typical. During a pair of scrimmage sessions Wilkinson made these changes:

No. 1 quarterback Bobby Boyd to third team signal-caller and No. 2 quarterback Bob Cornell to the first team.

No. 1 fullback Prentice Gautt and No. 2 fullback Ron Hartline changed places.

The chess-like moves were given sufficient reason when Wilkinson, looking ahead to the season, said, "our team, particularly in the line, lacks the experience of our opponents."

He is giving everyone ample experience, many at different positions.

Notre Dame Coach Joe Kuharich ran into trouble Thursday when first string quarterback George Izo and No. 1 halfback Red Mack were lost for 10 days to two weeks with knee injuries.

## Baylor Quarterback May Be Out Again

WACO (AP) — Shades of Doyle Traylor — Baylor has lost its quarterback two seasons in a row.

Traylor was the fellow who got his leg hurt each year and took five years to finish up his football at Baylor.

Now comes Bill McMillen who lost half of the 1958 season with a broken arm and now appears destined to lose all of 1959 because of torn ligaments in his leg. He is a junior and lives at Danville, Calif.

*BIG SCORES IN OPENERS*

# All Junior High Elevens Victors

The Snyder Junior Highers opened their respective seasons in a most impressive manner in games played yesterday evening at Tiger Stadium. All three teams won handily by top-heavy scores.

In the eighth grade encounter against Goliad of Big Spring, long runs were the feature of the day as Coach Ace Amos' aggregation came out on the long end of a 34-8 score. Featured in this game were touchdown runs of 40 and 5 yards by Gail Potter, a 40-yard scoring maneuver by Ygnacio Benitez, and a 25-yard 6-pointer with Edward Schultz carrying. The final touchdown came as a result of a 10-yard pass from Quarterback Jimmy Brooks to Jackie Stewart.

Coach Bill Hartsfield's Travis Seventh Graders also showed a heap of offense in their 30-14 victory over Big Spring's Goliad. Halfback Leslie Brown was responsible for two of his team's touchdowns — one on a 40-yard run and the other as a result of a 60-yard reverse play. Robert foree contributed another 6-pointer on a jaunt good for 60 yards, with the other coming as a result of a 1-yard run by J. V. Clayton following a blocked kick at Goliad's expense. Other team members who looked particularly good in their first outing were Quarterback Jimmy Featherston and jack-of-all-trades Tommy LaFountain, who played a little bit of center, end, and fullback during the course of the evening.

Drew Bullard accounted for all three TD's in the Lamar Seventh Graders 22-8 win over Sweetwater. Lamar drew first blood by the grace of Bullard's 5-yard meander but was held to an 8-8 tie at halftime. However, Coach Roy Carter's charges were not to be denied as they went ahead on another 5 yard run by Bullard, who later added on a 60-yard reverse scoring play for insurance. Coach Carter stated that his line performed extra well, and that also backs Jay Williamson and J. N. Wall made several good gains.

**B TEAM GRIDDERS** at Snyder High School are, left to right, front row, Eddie Phy, Charles Newman, Mike Morris, John Best, Butch Browning, Weldon Ware, Ray Grimmett, Mokey Hale; second row, Bax Callaway, Lewis Hicks, Steve Free, Bill Hazel, George Wylie, Tommy Boothe, Darrell Rains; third row, Jimmy McFarland, Joe Burns, Billy Andrews, Larry Lindsey, Ray Fentor, Roger Anderson, John Carroll; fourth row, V. V. Shearburn, coach; Jerry Mitchell, Ronnie Merritt, Freddie Miller, Joe Robinson, Jerry Minor and Jim Stehley, coach. (Lee Watson photograph)

# B Squad To Midland

Coaches Jim Stehley and V. V. Shearburn will lead the Snyder "B" Teamers to Midland Saturday night and turn them loose in the initial outing of this season's oval-ball wars for that team. The Midland "B" Team will furnish the opposition for the encounter, the kickoff being slated for 7:30.

The team—which sported a commendable 7-3 won-lost record last year—will be bolstered mainly by sophomores who have moved up from the freshman team which won six and dropped three this past season.

The team is of average size and is composed of hard hitters as witnessed in practice and scrimmage sessions and a couple of scrimmages with the Coahoma varsity crew, a top-rated outfit in its own Class A district. In the first scrimmage Coahoma held a wide edge, but in a more recent one, Snyder showed up to better advantage and eked them out.

A 28-man squad will make the jaunt to Midland for the Bullpup tussle, including the following probable starters: ends, Roger Anderson and Freddie Miller; tackles, Larry Lindsey and Jerry Mitchell; guards, Butch Browning and Mokey Hale; center, Joe Robinson; quarterback, Mike Morris; halfbacks, Jimmy McFarland and Ronnie Merritt, and fullback, Bob Pena.

Composing the remainder of the squad are ends John Carroll, Bill Hazel, George Wylie, and Darrell Rains, tackles Joe Burns and Tommy Boothe, guards Weldon Ware and Ray Grimmett, center Ray Fentor, quarterbacks Eddy Phy and Steve Free, halfbacks John Best and Bax Callaway, fullbacks Billy Andrews and Lewis Hicks, with Charles Newman and Jerry Minor listed among the other backs.

Physically, the squad is in good shape with the exception of Callaway, who is having to favor a shoulder injury and will see limited or no action in this first game. However, he should be back in full harness the following week when the "B" Team will try on Lamesa for size.

# Frisco Lead Is Trimmed To Two Games By Braves, Bums

By ED WILKS
Associated Press Sports Editor

Things don't look good for San Francisco's Giants in that National League pennant race. Not with the Milwaukee Braves riding a five-game streak after two perk-up, come-from-behind victories and Los Angeles pitchers back in business.

The Braves and Dodgers, tied for second, trimmed San Francisco's lead to two games Thursday as the Giants and 19-game winner Johnny Antonelli blew a 3-1 lead and lost 5-3 to Pittsburgh.

Milwaukee moved in with a four-run seventh inning that beat St. Louis 7-4. And Los Angeles kept the pace with a 5-0 job on Philadelphia as Roger Craig gave the Dodger staff two consecutive three-hit shutouts and a string of 23 scoreless innings.

Cincinnati split a pair at Chicago, winning 10-4 before the Cubs took a 7-3 decision.

In the American League, Chicago's White Sox lost 8-2 at Washington but retained a 4½-game edge when Baltimore defeated second place Cleveland 6-1 on Hoyt Wilhelm's three-hitter. New York took third place, by a half-game over Detroit, with a 12-1 romp over the Kansas City A's, who now have lost 13 in a row. Boston beat the Tigers, 7-3.

Craig (8-5), a right-hander who hadn't put away a complete game against the Phillies in 10 tries since 1956, faced the minimum 18 men over the last six innings while matching Don Drysdale's three-hit job of Wednesday night.

The Dodgers beat Don Cardwell (9-8) with a pair of unearned runs in the first inning on an error, walk and Norm Larker's single. Their other three came in the fifth when Maury Wills, who had four of their seven hits, and Charley Neal each tripled.

Milwaukee built a 3-0 lead against Larry Jackson, who had shut out the Dodgers and Giants in his last two starts, but the Cards took a 4-3 lead with three runs in the seventh against Juan Pizarro and Bob Rush. Then the Braves bounced back for their four, scoring three on Hank Aaron's double after losing reliever Lindy McDaniel (14-12) had loaded the bases with three consecutive walks.

Don McMahon (5-2) won it with a one-hit two-inning mopup that officially eliminated the seventh place Cards from the race.

The Pirates, who had lost four in a row, caught the Giants with four runs in the seventh. An error by Danny O'Connell let in the tying run and Bob Clemente then put it away with a two-run single. Vern Law (16-9) went all the way for the victory.

# Opponents Of Tigers Open Slate

The Snyder Tigers' future opponents will be tied up with a full slate of games Friday night in what is shaping up as Texas' first big football weekend.

Of foremost interest to area fans will be the Sweetwater-Breckenridge fracas, which matches two of the more formidable foes on Snyder's upcoming schedule. This battle will take place in Sweetwater and a sell-out crowd is on tap for this non-district season opening eye-opener.

Other games involving future Tiger foes include Lake View at Kerrville, Lamesa at Midland, San Antonio Edison at Big Spring, Odessa Permian at Pasadena, Andrews at Seminole, and Brownfield at Levelland. Colorado City, which fell before Brownfield by a 21-14 count this past weekend, has an open date in which to prepare for Ballinger the following Friday.

# Defending Champions Begin Year

By THE ASSOCIATED PRESS

Wichita Falls and Breckenridge, rulers of the top divisions of Texas schoolboy football, launch their campaigns for a repeat Friday night.

Wichita Falls, defending champion of Class AAAA, shoves off against Pampa.

Breckenridge, defending titlist in Class AAA, meets Sweetwater.

These games and the clash of San Antonio Jefferson and Abilene at Abilene feature a tremendous schedule of some 450 games that bring the entire state into competition.

Two games were played Thursday night. San Antonio Sam Houston beat San Antonio MacArthur 26-6 in a AAA game. Seguin of AAA beat Floresville of AA 22-0.

# Dean Finally Qualifies For His Own Club

By ALAN CLINE

SAN FRANCISCO (AP)—Dean David Snodgrass today joined the exclusive club he founded after World War II at Hastings Law School. This is his 65th birthday.

After the war, he started hiring retired law deans and professors for Hastings, a fast growing branch of the University of California. Now he hasn't a man on his 14-man staff who can't qualify for social security.

The oldest is Merton L. Ferson, 83, for 20 years dean of the University of Cincinnati Law School. He teaches contracts and agencies.

Everett Fraser, 80, former dean of the University of Minnesota Law Schoo, teaches real property. He was born a year after Hastings was founded.

Snodgrass has been Dean since 1940 and expects to keep right on running the show. He also teaches a class in contracts.

"There's no rule that says I have to quit," he said.

As for his colleagues, he'll give you a dozen reasons why he considers it a good deal to give the old hands a new deal.

"You don't hire on the basis of age, so why make anyone quit on that basis?" Snodgrass asks.

"The reason for retirement ought to be unwillingness or unfitness to work, not an arbitrary age limit.

"Why, I've seen more 55-year-olds who weren't worth a damn than I have 75-year-olds."

Snodgrass also reports he has less absenteeism from his elderly colleagues.

"They're finished with diseases, and their wives aren't having babies.

"I wouldn't hire anyone under 65 if he'd work for nothing," he declared.

# Robertson Is Re-Elected Board Head

SAN ANTONIO (AP) — Chairman French M. Robertson of Abilene was re-elected chairman of the board of State Hospitals and Special Schools Thursday. Howard T. Tellepsen of Houston was renamed vice chairman.

The board discussed plans for improving service to patients in mental and tubercular divisions through the use of an 80 million dollar legislative appropriation for 1960-61.

Robertson told the board the appropriation didn't provide as much money as had been asked for capital improvements.

But, he said, "we have enough to improve our care and treatment program."

"We must go to the Legislature to do something about housing, especially for geriatric (aged) persons," he continued. "We must make an all-out effort to take geriatrics out of the beds needed for curable patients."

Dr. C. J. Ruilmann, state director of mental health and hospitals, said about half of the old folks in state hospitals "have a degree of mental impairment sufficient to justify care in a mental institution."

"Texas is way late in planning how to meet the problem of the aged citizen who has no place to go," he said.

Dr. Ruilmann said state mental hospitals have 16,000 patients but that of those treated—not counting patients with irreparable brain damage—90 per cent can be discharged within six months.

SNYDER AREA CHURCH NOTES

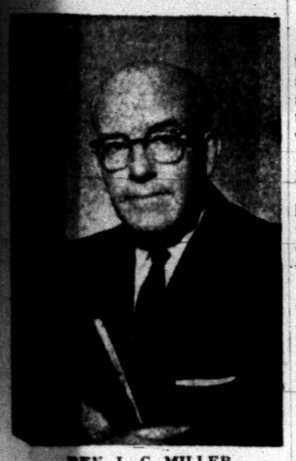

# Revival Opens Tonight At Church Of Nazarene

A revival meeting will open tonight at the Snyder Church of the Nazarene.

Services will be held nightly at 7:45 at the church through Sept. 20 and at regular times on Sundays.

The Rev. L. C. Miller, fulltime evangelist from Montrose, Col., who is the son and grandson of ministers, will be evangelist for the meeting. Prior to entering evangelism he did pastoral work 20 years in Mississippi, West Virginia and California. He was instrumental in organizing two churches during that time.

Music will be led by the Rev. Fred Ferraez, pastor.

REV. L. C. MILLER

• • •

### Grace Lutheran

"Divine Dimensions" will be the subject of the Rev. Walter L. Lentz pastor of the Grace Lutheran Church, at the Sunday 10:45 a.m. service.

New members will be received by confirmation and transfer that day, and immediately after the worship service, at 11:30 a.m., a special congregational meeting will be held. Sunday school is at 9:45 a.m. At 11:45 a.m. Saturdays Rev. Lentz presents "Religion in the News" on KSNY.

On Sunday night, Rev. Lentz will conduct services at the Trinity Lutheran Church at Miles.

• • •

### Avenue D Baptist

The Rev. A. J. Martin, pastor of the Avenue D Baptist Church, will speak on "The Cost of Revival" at the Sunday 11 a.m. service.

His subject for the 8 p.m. service will be "God Provides a Sacrifice."

Rev. Martin will speak on the Good News broadcast at 7:45 a.m. Sunday. The Wednesday evening service will be at 7. The church is entering preparation week for its fall revival meeting.

• • •

### Trinity Methodist

At the Trinity Methodist Church the Rev. Elton Wyatt, pastor, will speak on "Jesus' Way, Our Way" at the Sunday 10:45 a.m. service.

The choir anthem will be "If Ye Love Me, Keep My Commandments."

Senior and intermediate MYF will meet at 5:30 p.m., as will the vesper choir. There will be Bible study for adults at 6:30 p.m. The evening worship service will be at 7:30. Choir practice will be at 7:30 p.m. Wednesday.

• • •

### Bethel Baptist

Youth week will be observed Sunday by the Bethel Baptist Church, which meets at the Northeast Elementary School.

At the Sunday 11 a.m. service, young people will be in charge of places of leadership throughout the Sunday school and church. The Rev. Nelson Howard, music director for the church and a student at Hardin-Simmons University, will speak at the morning service.

At the 8 p.m. service the Rev. W. L. Cass, pastor, will speak on "Seeking the Lost for Christ."

### First Christian

"How Great Thou Art" will be the subject of the Rev. John Reaves, pastor of the First Christian Church, at the Sunday 10:55 a.m. service.

The choir anthem will be "His Mercy Endureth Forever."

On Monday at 7:30 p.m. the church will organize its Christian Men's Fellowship for the fall, meeting in the fellowship hall.

At 7 p.m. Wednesday there will be a fellowship supper, where deacons will be installed and Sunday school teachers will be honored and dedicated.

• • •

### First Baptist

The Rev. G. M. Cole, pastor of the First Baptist Church, will speak at 11 a.m. and 7:30 p.m. service Sunday. Special music at the morning service by the choir will be "Sweet Hour of Prayer."

Rev. Cole has finished his fifth year as pastor of the church.

The Sunday school of the church has launched a roundup program with goals for higher attendance during the next three Sundays. Goal this Sunday is 658.

The church will observe choir enrollment week Sept. 13-20, and a parent's tea will be held at 5 p.m. Sunday in the fellowship hall. The church will sponsor choirs for beginners, primaries, juniors, junior high students, high school students and the all-church choir.

"Do You Really Follow Jesus?"

• • •

### Calvary Baptist

"Do You Realy Follow Jesus?" will be the subject of the Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, at the Sunday 11 a.m. service.

### Four-County Singing

A four-county singing convention has been scheduled for Sunday at the junior high school auditorium here.

The four counties represented will be Scurry, Mitchell, Nolan and Fisher.

Events will begin at 10 a.m. Sunday, according to Eddie Williams, chairman.

Among singers expected are the Stamps-Baxter Mixed Quarter of Dallas and a group from New Mexico.

### Brooks To Speak On Daily Devotions

C. Dale Brooks, minister of the Thirty-seventh Street Church of Christ, will be speaker on the "Daily Devotions" program next week.

The program, scheduled by the radio committee of the Snyder Ministerial Alliance, is at 9:15 a.m. weekdays on KSNY.

### Curriculum Preview

A curriculum preview conference of the Abilene Presbytery will be held Sunday at 3 p.m. at the First Presbyterian Church here.

Teachers have been urged to attend.

### Promotion Day Set At First Presbyterian

Promotion day for the Sunday School at the First Presbyterian Church is scheduled Sunday.

Sunday school opens at 9:45. All members of the Sunday school have been urged to attend and meet new teachers.

### The Christian's Corner—

Glen Pace
Minister

**RESTORING THE FALLEN**

(Question) "Was Simon of Acts 8 a Christian when he sinned?"

(Answer) Yes, he was a Christian, though an erring one. The bible describes his conversion after this order. "Then Simon himself believed also; and when he was baptized, he continued with Philip . . ." When the writer says, "He believed also," he is saying that he believed like the other Samaritans did who obeyed Jesus. When it says he was "Baptized," its inspiration's way of saying this man became a Christian. We reason thus because Jesus said "He that believeth and is baptized shall be saved." (Mk. 16:16) Simon had done these things. I believe him to be a Christian because of the way he responded to preaching when he learned of his sins. "Pray ye to the Lord for me that none of these things which ye have spoken come upon me." (Acts 8:24) I do not believe he was an alien sinner who had never been born again because when his sin was pointed out it was mentioned as the ONE SIN he had just committed. 'Repent therefore of this thy wickedness." (Acts 8:22) I believe him to be a Christian that had sinned and needed to repent and pray because the plan he was told to follow in receiving forgiveness was that which erring Christians are taught to do. "My little children . . . if any man sin, we have an advocate with the Father, Jesus Christ the righteous." (1Jno.2:1) After becoming a Christian, Simon had a difficult job living in his new love. He wanted to be true to his Lord but he was tempted, he lusted, and sinned. He was restored, however, unto the grace of God.

—GLEN PACE, 25th St. church of Christ.

He will speak on "Will Khrushchev's Visit Bring Blessings and Peace?" at the 7:30 p.m. service and on "Christian Testimony Maintained" on the 8:30 a.m. Calvary Baptist Hour.

• • •

### 25th Street CC

Glen Pace, minister of the Twenty-fifth Street Church of Christ, will speak on "What Doest Thou Here?" at the Sunday 8:45 and 10:55 a.m. services.

"A Truth to Remember" will be his subject for the 7 p.m. service.

• • •

### Colonial Hill Baptist

Dr. L. B. Reavis, endowment secretary of Southwestern Baptist Theological Seminary, will speak at the Sunday 8:30 and 11 a.m. and 8 p.m. services at the Colonial Hill Baptist Church. Dr. Reavis is former pastor of the First Baptist Church at Denton.

The Rev. Jimmie Nelson, pastor is in a revival meeting at Louise.

On Monday night at 7:30 the Rev. Mike Lopez, pastor of the Baptist Spanish Mission in Santa Fe, N.M., will speak at the church. He is serving with the home mission board.

• • •

### Union Baptist

The Rev. R. N. Tucker pastor of the Union Baptist Church, will speak at Sunday 10:50 and 8 p.m. services.

Sunday school is at 9:45 a.m., training union at 7 p.m.

### Wilson Heads Deacons

Deacons at the Colonial Hill Baptist Church have elected Kenneth Wilson chairman for the new year.

Other officers of the deacon body are E. H. (Ab) Williamson, vice chairman, and Ralph Wesson, clerk.

# Union Has Court Date

GALVESTON (AP) — The striking Oil, Chemical and Atomic Workers union had a date in district court today to answer a petition filed by the American Oil Co.

The company seeks to prevent union members from contacting those still working in the Texas City refinery and from committing any acts of violence.

A similar order is sought by the company for its El Dorado, Ark., plane which was struck with the Texas City plant July 1 over job classifications.

The Texas City plant has been operated at about 75 per cent of capacity by about 500 supervisory workers. Striking employes total 1,250.

# Methodists Alter Temperance Move

Methodist temperance work has taken on a new look.

"The accent has shifted from the negative to the positive," says Dr. Caradine R. Hooton, general secretary of the Methodist Board of Temperance. "The emphasis has gone from legislation to education."

"We recognize that there is a right to drink," he says. "But there also is a right not to drink. We try to set up protections for that right and encourage people to use it."

"We're not waving the prohibition flag anymore. We're just calling attention to the facts and letting them speak for themselves to intelligent people."

The new look is readily apparent in the Methodist Board's plan to conduct a massive, year-long study of the facts of alcoholism to determine the church's attitude and responsibility toward it.

It shows also in the fact that the old "hellfire and brimstone" preaching against alcohol has been replaced by more modern and, it may be said, more pragmatic methods of communication.

One of the Board's most widely shown motion pictures deals with the apparently simple problem: How to refuse a drink gracefully. But the problem is not really simple, says Dr. Hooton.

"Tremendous pressures are being put on people to drink," he says.

Currently, the Board is supporting congressional legislation that would ban the sale of liquor on airplanes and forbid liquor advertising in interstate commerce.

But, if someone proposed a bill to bring back prohibition as it was known during the 1920s, Dr. Hooton doubts whether the Board would support it.

"We would rather see the liquor industry under strict government control," he says. "We'd like to see the profit taken out of it. A business which preys on human weakness is not to be exploited."

However, Dr. Hooton feels quite sure prohibition eventually will return.

"The trend definitely is away from the use of alcohol," he says. "This represents a rapidly changing mood of society.

"As more and more people are educated to the evils of alcohol, the climate of public opinion will be favorable to prohibition.

"Education must always come before legislation. That's why the 18th Amendment failed. We legislated before we educated."

# Revival Is Set Here

A revival meeting has been planned for the week of Sept. 20-27 at the Bethel Baptist Church, which meets at the Northeast Elementary School.

The Rev. W. C. Copeland, pastor of the LaBell Baptist Church at Beaumont, will be evangelist. The Rev. Thomas Lynn, pastor of the Knapp Baptist Church, will lead music. Mrs. Lynn will be pianist.

Services will be at 7:30 each evening, with prayer meetings at 7.

# Two Beauties Await Finals

ATLANTIC CITY, N. J. (AP)—Miss Illinois and Miss New York State have learned that singing and looking good in a bathing suit can be most profitable.

Miss Illinois, 21-year-old Suzanne Ingeborg Johnson of Chicago Thursday night sang "Hello Young Lovers" to win the preliminary talent competition in the 1960 Miss America contest here.

Miss New York State, Bonnie Jo Marquis, 19, an Ithaca College sophomore of Huntington, N. Y., took the swimsuit award.

Both get $1,000 scholarships.

They now await Saturday night's finals, when a new Miss America will be selected. She'll receive $10,000 in scholarships and about $75,000 for personal appearances during her reign.

Miss Johnson said she was "perfectly thrilled" with her prize and added she selected the Rodgers-Hammerstein tune because "I felt it would fit my type of voice." She is a mezzo soprano.

She plans to use the $1,000 to study voice in New York.

Like other preliminary winners in other Miss America pageants, Miss Marquis said she was "stunned," that she didn't epxect to win, and that she felt there were at least a half dozen better than she.

# Water Needs Are Cited At Conference

COLLEGE STATION (AP) — Texas will need 500 to 600 billion gallons of water for homes, farms and industries within 20 years.

Planning must be done now to assure this water supply, says Dr. Clarence Cottam, former assistant director of the U.S. Fish and Wildlife Service. He spoke at the Texas Water Conference at Texas A&M College.

He said the growth of Texas will require new water sources, more taxes to finance water controls and a realistic approach to water fees.

Dr. M. T. Harrington, chancellor of the A&M system, told the 100 delegates that 1959 has been a good rainfall year. He warned that droughts will come again and "when they come they will hurt us more, unless we plan now to protect this great national resource (water)."

Dr. Conrad P. Straub of the U.S. Public Health Service said Texas river water, milk and rainfall show well below the national average count in radioactive fallout.

"Just why this is so, we aren't sure," he said.

Three other speakers agreed Texas will have to lean heavily on reclaimed water or on finding new water sources if the economy is to continue to expand.

The three were J. Frank Gray, Lubbock farmer and member of the State Soil Conservation Board; Douglas E. Noll, staff engineer of Hagan Chemicals and Controls Co. of Pittsburgh, Pa., and C. H. Connell, professor of sanitation at the University of Texas Medical Branch, Galveston.

### Early Mathematics Courses Suggested

AUSTIN (AP)—The University of Texas engineering dean advises youngsters to begin their mathematics courses in the eighth grade for maximum advantages from a college engineering program.

Dean W. W. Hagerty spoke Thursday to engineers and scientists attending the midwestern conference on fluid and solid mechanics. He said by 1962 many engineering colleges will start teaching freshmen calculus.

# Fatal Crash Under Probe

MOUNTAIN LAKE PARK, Md. (AP)—Stunned residents of this western Maryland hill country groped today for an explanation of the train-school bus smashup in which seven of their children perished.

In the wake of the tragedy, federal and state authorities moved in for the grim job of finding that explanation.

What was it that caused the bus to stall on a grade crossing in the path of a Baltimore and Ohio Railroad passenger train?

One moment the vehicle was alive with the chirping of 28 youngsters bound for schools in nearby Oakland.

Seconds later it was a grotesquely twisted monster, a big gash in its side where the St. Louis-Baltimore Diplomat had met it with the hissing of brakes and the scream of spark-splitting wheels.

Elroy Campbell, 49-year-old driver of the bus, told first arrivals at the scene he had stopped at the crossing as required by law but saw nothing to indicate a train was coming. As he started across, the bus engine conked out, he said.

A railroad spokesman said signals at the crossing—a red flashing light and a bell—were operating.

# Onassis Off With Callas

VENICE, Italy (AP) — Opera star Maria Callas arrived here today from Milan with Aristotle Onassis.

They immediately boarded Onassis' yacht Christina.

There was no indication when, where, or whether they planned to sail.

Onassis showed up unexpectedly in Milan this morning just before taking off with Miss Callas in his twin-engine jet plane. He had come from Paris, where he told a French newspaper he loves Miss Callas "like a sister."

The 55-year-old millionaire denied he was responsible for the breakup of the fiery soprano's 10-year-old marriage to Giovan Battista Meneghini, 62.

Whereabouts of Onassis' pretty 2-year-old wife Christina — is a mystery, but she is believed to be in Paris.

# Whosoever Will may come to Church may come to God...

HAVE FAITH IN GOD

## The Basic Side

IT'S that time again... the time that challenges anew an army of vigorous American youth to the task of preparation in basic education that will equip them with know-how for their tomorrows. Here young minds fresh from their bowl of wheaties, assemble for classroom and playground training. *Dear Teacher, responsibility lies heavy on your shoulders.* Don't forget that along with reading and writing and airthmetic — lessons in how to live God's way are needed. Teachers and students alike have God to honor and your country to save right there in your classrooms. Always remember, *"A word fitly spoken is like apples of gold in pictures of silver."* Proverbs 25:11. Blending of the academic with the spiritual lessons of Jesus, the greatest teacher, offers a moral and spiritual constitution possessing all the qualities basic in life.
